Les Titres et toute garantie de ceux-ci n'ont pas fait et ne feront pas l'objet d'un enregistrement en vertu de l'*U.S. Securities Act of 1933*, tel que modifié (le **U.S. Securities Act**) ou de toutes lois relatives à des instruments financiers d'un Etat américain, et ni l'Emetteur ni le Garant n'est ni ne sera enregistré en qualité de société d'investissement en vertu de l'*U.S. Investment Company Act of 1940*, tel que modifié (le **U.S. Investment Company Act**). En conséquence, les Titres ne peuvent pas être offerts ni vendus aux Etats-Unis, ni au profit ou pour le compte de ressortissants des Etats-Unis, excepté en vertu d'une dispense de l'obligation d'enregistrement de l'*U.S. Securities Act*, dans le cadre d'une transaction n'imposant pas à l'Emetteur ou au Garant, selon le cas, l'obligation de se faire enregistrer en vertu de l'*U.S. Investment Company Act*. Les Titres avec Restriction Permanente (tels que définis ci-dessous) ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou pour le compte ou au bénéfice de toute *U.S. person*, et ne peuvent à aucun moment être la propriété légale ou effective d'une *U.S. person* (telle que définie dans la *Regulation S*, ci-après dénommée **U.S. person**) et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des ressortissants des Etats-Unis, conformément à la *Regulation S*. En acquérant un Titre (autre qu'un Titre avec Restriction Permanente), chaque acheteur sera réputé s'être obligé à ne pas revendre ni transférer autrement le Titre détenu par lui, excepté (a) à l'Emetteur ou à l'une de ses sociétés liées, (b) dans le territoire des Etats-Unis, à une personne qui est un acheteur qualifié (*qualified purchaser* et, par abréviation un **QP**) au sens de la Section 2(a)(51) de l'*U.S. Investment Company Act* et des règles prises pour son application, dont le Vendeur peut raisonnablement estimer qu'il est un acheteur institutionnel qualifié (*qualified institutional buyer* et, par abréviation un **QIB**) au sens défini dans la *Rule 144A* de l'*U.S. Securities Act*, achetant pour son propre compte ou pour le compte d'un QIB qui est également un QP, dans le cadre d'une transaction remplissant les exigences posées par la *Rule 144A*, (c) hors du territoire des Etats-Unis en conformité avec la Règle 903 ou la Règle 904 de l'*U.S. Securities Act*, ou (d) en vertu d'une déclaration d'enregistrement effective en vertu de l'*U.S. Securities Act*, dans chaque cas conformément à toutes les lois relatives à des instruments financiers étatiques des Etats-Unis. En acquérant un Titre avec Restriction Permanente, chaque acquéreur sera réputé s'être obligé à ne pas revendre ni transférer autrement tout Titre avec Restriction Permanente détenu par lui, excepté hors du territoire des Etats-Unis dans le cadre d'une transaction offshore, à une personne qui n'est pas une *U.S. Person*. **Titres Nominatifs Non U.S.** désigne des Titres vendus exclusivement hors des Etats-Unis sur le fondement de la *Regulation S*, et frappés d'une restriction permanente de vente, de transfert ou de livraison aux Etats-Unis ou à une *U.S. Person*. **Titres avec Restriction Permanente** désigne les Titres Nominatifs Non-U.S., les Titres NRC dont les Conditions Définitives concernées spécifient qu'ils sont des Titres avec Restriction Permanente et les Titres Dématérialisés dont les Conditions Définitives concernées spécifient qu'ils sont des Titres avec Restriction Permanente.

Les Titres revêtant la forme au porteur sont soumis aux exigences de la législation fiscale des Etats-Unis et ne peuvent pas être offerts, vendus ni livrés aux Etats-Unis ou dans leurs possessions, ni à des *U.S. persons*, excepté dans le cadre de certaines transactions autorisées par les réglementations du Trésor Américain. Les termes employés dans le présent paragraphe ont la signification qui leur est donnée dans l'*U.S. Internal Revenue Code of 1986* (le **Code**), et ses textes d'application.

Le présent Prospectus de Base a été préparé en partant de l'hypothèse, excepté dans la mesure où les dispositions du sous-paragraphe (ii) ci-dessous pourraient s'appliquer, que toute offre de Titres faite dans tout Etat Membre de l'EEE ayant mis en œuvre la Directive Prospectus (chacun, un **Etat Membre Concerné**) le sera

en vertu d'une exception à l'obligation de publier un prospectus pour les offres de Titres, conformément à la Directive Prospectus, telle qu'elle a été mise en œuvre dans cet Etat Membre Concerné. En conséquence, toute personne offrant ou ayant l'intention d'offrir, dans cet Etat Membre Concerné, des Titres faisant l'objet d'une offre prévue par le présent Prospectus de Base, tel que ce dernier pourra être complété par des conditions définitives en relation avec l'offre de ces Titres, ne pourra le faire que (i) dans des circonstances ne faisant naître aucune obligation pour l'Emetteur concerné ou tout Agent Placeur de publier un prospectus en vertu de l'article 3 de la Directive Prospectus ou un supplément au prospectus conformément à l'article 16 de la Directive Prospectus, dans chaque cas en relation avec cette offre, ou (ii) si un prospectus a été approuvé pour cette offre par l'autorité compétente de cet Etat Membre Concerné, ou, s'il y a lieu, approuvé dans un autre Etat Membre Concerné et notifié à l'autorité compétente de cet Etat Membre Concerné et (dans l'un et l'autre cas) publié, le tout en conformité avec la Directive Prospectus, sous la double réserve que tout prospectus de cette nature ait été ultérieurement complété par des conditions définitives qui spécifient que des offres peuvent être faites autrement qu'en vertu de l'article 3(2) de la Directive Prospectus dans cet Etat Membre Concerné, que cette offre soit faite pendant la période commençant et finissant aux dates spécifiées à cet effet dans ce prospectus ou ces conditions définitives, selon le cas, et que l'Emetteur ait consenti par écrit à son utilisation pour les besoins de cette offre. Excepté dans la mesure où les dispositions du sous-paragraphe (ii) ci-dessus pourront s'appliquer, ni l'Emetteur ni aucun Agent Placeur n'a autorisé ni n'autorisent la réalisation de toute offre de Titres dans des circonstances faisant naître, à la charge de l'Emetteur ou de tout Agent Placeur, l'obligation de publier un prospectus ou un supplément au prospectus pour cette offre.

### INFORMATIONS RELATIVES AUX ETATS-UNIS

Le présent Prospectus de Base est soumis sur une base confidentielle aux Etats-Unis, à un nombre limité de QIB qui sont également des QP, à titre purement informatif, exclusivement en vue de leur permettre d'examiner l'achat éventuel des Titres offerts en vertu des présentes. Son utilisation à tout autre effet aux Etats-Unis est interdite. Il ne peut pas être copié ni reproduit en totalité ou par extraits, il ne peut pas être diffusé et aucune des informations qu'il contient ne peut être divulguée à quiconque, autre que les investisseurs potentiels auxquels il est originellement soumis.

Les Titres Nominatifs (autres que les Titres Nominatifs Non-U.S.) ne peuvent être offerts ou vendus dans le territoire des Etats-Unis qu'à des QIB qui sont également des QP, dans le cadre de transactions dispensées des exigences d'enregistrement de l'*U.S. Securities Act* et qui n'imposeront à l'Emetteur ou au Garant aucune obligation de se faire enregistrer en vertu de l'*U.S. Investment Company Act*. Chaque acheteur américain de Titres Nominatifs (autres que des Titres Nominatifs Non-U.S.) est avisé par les présentes que l'offre et la vente à son profit de tous Titres Nominatifs (autres que des Titres Nominatifs Non-U.S.) peuvent être faites sur la foi de la dispense des obligations d'enregistrement en vertu de l'*U.S. Securities Act*, prévue par la *Rule 144A* ; étant précisé que les Titres Nominatifs Non-U.S. ne peuvent pas être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ni livrés, directement ou indirectement, aux Etats-Unis ou au profit ou pour le compte d'une *U.S. Person*, et que toute offre, vente, revente ou négociation, ou tout nantissement, remboursement, transfert ou livraison intervenus directement ou indirectement aux Etats-Unis ou au profit ou pour le compte d'une *U.S. Person*, ne sera pas reconnu.

Chaque acheteur ou titulaire de Titres représentés par un Titre Global *Rule 144A* ou un Titre Global Combiné (telle que chacune de ces expressions est définie ci-dessous), ou tous Titres émis sous forme nominative en échange ou en remplacement de ceux-ci (collectivement dénommés : **Titres Marqués d'une Légende**), et chaque acheteur ou titulaire de Titres Nominatifs Non-U.S. sera réputé, par son acceptation ou son achat de ces Titres Marqués d'une Légende ou de ces Titres Nominatifs Non-U.S., avoir fait certaines déclarations et pris certaines dispositions destinés à restreindre la revente ou tout autre transfert de ces Titres, dans les conditions définies à la section intitulée "*Restrictions de Souscription, Vente et Transfert*". Sauf disposition contraire, les termes employés dans le présent paragraphe ont la signification qui leur est donnée à la section intitulée "*Forme des Titres*".

Les Titres et la Garantie n'ont été ni approuvés ni désapprouvés par l'*U.S. Securities and Exchange Commission* (la **SEC**), toute commission de supervision de transactions relatives à des instruments financiers des Etats-Unis

ou toute autre autorité réglementaire américaine, et aucune des autorités précitées n'a approuvé ni cautionné l'offre des Titres, ni l'exactitude ou le caractère adéquat du présent Prospectus de Base. Toute déclaration contraire constitue une infraction pénale aux Etats-Unis.

#### **AVIS A L'INTENTION DES RESIDENTS DU NEW HAMPSHIRE**

NI LE FAIT QU'UNE DECLARATION D'ENREGISTREMENT OU UNE DEMANDE DE LICENCE AIT ETE DEPOSEE DANS L'ETAT DU NEW HAMPSHIRE EN VERTU DU CHAPITRE 421-B DU CODE REVISE DES LOIS DU NEW HAMPSHIRE, NI LE FAIT QU'UN TITRE SOIT EFFECTIVEMENT ENREGISTRE OU QU'UNE PERSONNE DETIENNE UNE LICENCE DANS L'ETAT DU NEW HAMPSHIRE, NE VALENT RECONNAISSANCE PAR LE SECRETAIRE D'ETAT DU NEW HAMPSHIRE QUE TOUT DOCUMENT DEPOSE EN VERTU DU CHAPITRE 421-B EST EXACT, COMPLET ET NON TROMPEUR. NI CE FAIT NI LE FAIT QU'UNE EXEMPTION OU EXCEPTION SOIT DISPONIBLE POUR UN TITRE OU UNE TRANSACTION NE SIGNIFIENT QUE LE SECRETAIRE D'ETAT A APPROUVE LES MERITES OU QUALIFICATIONS DE TOUTE PERSONNE, DE TOUT TITRE OU DE TOUTE TRANSACTION, OU A RECOMMANDE OU AGREE TOUTE PERSONNE, TOUT TITRE OU TOUTE TRANSACTION. IL EST ILLEGAL DE FAIRE OU FAIRE FAIRE A TOUT ACHETEUR, INVESTISSEUR OU CLIENT POTENTIEL, UNE DECLARATION QUELCONQUE QUI SOIT CONTRAIRE AUX DISPOSITIONS DU PRESENT PARAGRAPHE OU ENFREIGNE CES DISPOSITIONS.

#### **INFORMATIONS DISPONIBLES**

Afin de permettre le respect de la *Rule 144A* en relation avec toutes reventes ou tous autres transferts de Titres qui sont des "*restricted securities*" au sens de l'*U.S. Securities Act*, l'Emetteur a conclu un acte d'engagement (*deed poll*) (le **Deed Poll**) par lequel ils s'engagent à fournir, à la demande d'un titulaire de ces Titres ou de tout droit économique sur ceux-ci, à ce titulaire ou à tout acquéreur potentiel désigné par lui, les informations devant être fournies en vertu de la *Rule 144A(d)(4)* prise en application de l'*U.S. Securities Act* si, à la date de la demande, l'Emetteur concerné n'est ni une société soumise aux obligations de publication imposées par la Section 13 ou 15(d) de l'*U.S. Securities Exchange Act of 1934*, telle que modifiée (l'**U.S. Exchange Act**) ni une société dispensée de ces obligations de publication en vertu de la Règle 12g3-2(b) de l'*U.S. Exchange Act*.

#### **SIGNIFICATION DES ACTES DE PROCEDURE ET EXECUTION DES JUGEMENTS DE CONDAMNATION POUR RESPONSABILITE CIVILE**

L'Emetteur est une société de droit luxembourgeois (la **Juridiction Concernée**). Tous les dirigeants et administrateurs dont les noms sont indiqués dans les présentes résident hors des Etats-Unis, et la totalité ou une partie substantielle des actifs de l'Emetteur et de ces dirigeants et administrateurs est située hors des Etats-Unis. En conséquence, il pourra ne pas être possible pour les investisseurs de signifier des actes de procédure en relation avec tout motif d'action en vertu des lois d'une juridiction autre que l'Angleterre et le Pays de Galles hors de la Juridiction Concernée à l'égard de l'Emetteur ou de ces personnes, ou d'obtenir l'exécution forcée de jugements prononcés à leur encontre devant des tribunaux situés hors de la Juridiction Concernée, sur le fondement de responsabilités civiles de l'Emetteur ou de ces administrateurs et dirigeants, en vertu de lois autres que celles de la Juridiction Concernée, y compris tout jugement prononcé sur le fondement des lois relatives à des instruments financiers fédérales des Etats-Unis.

#### **PRESENTATION D'INFORMATIONS FINANCIERES ET AUTRES**

L'Emetteur tient sa comptabilité financière et dresse ses états financiers conformément à des normes de publication financière qui diffèrent sur certains aspects importants des principes comptables généralement admis aux Etats-Unis (**U.S. GAAP**).

## RESUME DU PROGRAMME

*Ce Résumé doit être lu comme une introduction au présent Prospectus de Base, et toute décision d'investir dans les Titres doit être fondée sur un examen exhaustif du Prospectus de Base et de tous les documents qui y sont incorporés par référence. Une fois les dispositions de la Directive Prospectus transposées dans chaque Etat Membre de l'EEE, aucune responsabilité civile ne sera attribuée à l'Emetteur (la **Personne Responsable**) qui a présenté le présent résumé, y compris sa traduction, à moins que le contenu du résumé ne soit jugé trompeur, inexact ou contradictoire par rapport aux autres parties du présent Prospectus de Base. Lorsqu'une action concernant l'information contenue dans le présent Prospectus de Base est intentée devant un tribunal d'un Etat Membre de l'EEE, le plaignant peut, selon la législation nationale de l'Etat Membre concerné, avoir à supporter les frais de traduction du Prospectus de Base avant le début de la procédure judiciaire.*

Les termes et expressions définis dans les sections intitulées "Forme des Titres", "Modalités des Titres de Droit Anglais et des Titres NRC" et/ou "Modalités des Titres de Droit Français" ci-après auront la même signification dans le présent Résumé.

### Emetteur :

#### SG Issuer

L'Emetteur est une société anonyme de droit luxembourgeois fondée le 16 Novembre 2006 pour une durée illimitée sous la dénomination de Société Générale d'Arbitrages et de Participations Luxembourg.

La dénomination sociale de l'Emetteur est devenue "SG Issuer" suite à une décision de l'associé unique en date du 16 avril 2012.

Le siège social de SG Issuer est établi au 15 boulevard du Prince Henri, L-1724 Luxembourg. SG Issuer est immatriculée au registre de commerce et des sociétés de Luxembourg sous le numéro B 121.363.

SG Issuer a pour objet :

- d'émettre des titres de créance, des obligations, des certificats, des warrants (bons de souscription) et d'autres instruments de dettes, prêts, ou titres financiers, garantis ou non garantis, pouvant avoir tout type de sous-jacent, y compris et notamment, des actions d'une société, tout autre type de titre de capital ou de titre financier, un indice, une devise, un taux de change, un taux d'intérêt, un dividende, un risque de crédit, une action d'une société d'investissement, un dépôt à terme fixe, une police d'assurance-vie, un prêt, des biens, un contrat à terme, un warrant ou bon de souscription, des métaux précieux ou autres, une unité de compte, un panier de marchandises ou tout autre facteur ou un autre type d'instrument sous-jacent ou toute combinaison de sous-jacents ;
- d'acquérir, de détenir, de disposer de, de prêter, d'emprunter ou revendre, par tout moyen, y compris notamment par fiducie ou pension livrée, tous types d'actifs quelle que soit leur dénomination ou leur forme, qu'ils soient garantis ou non garantis ; en particulier des instruments financiers (titres financiers : actions, participations en capital, titres de créance, certificats, warrants ou bons d'option – ou contrats financiers: swaps, options ou autres), ou tous autres titres et instruments de dette ou titres de capital ;

- d'octroyer ou d'obtenir des prêts d'argent (y compris des prêts convertibles en actions de l'Emetteur – au sein du Groupe de sociétés auquel l'Emetteur appartient) et de fournir des garanties sous quelque forme que ce soit (sûretés réelles - remises de titres financiers à titre de garantie, nantissements, hypothèques - sûretés personnelles ou toute autre forme de garantie), pour son propre compte, pour le compte du Groupe de sociétés auquel l'Emetteur appartient ou pour des tiers.

SG Issuer n'a aucune filiale.

SG Issuer est une filiale détenue à 100% par la Société Générale Bank & Trust S.A. et est une société intégralement consolidée.

**Garant:**

**Société Générale**

Société Générale est une société anonyme de droit français fondée suivant acte approuvé par décret du 4 mai 1864 et agréée en qualité de banque.

La durée de Société Générale, antérieurement fixée à cinquante années à compter du 1er janvier 1899, a été ensuite prorogée de quatre-vingt-dix-neuf années à compter du 1er janvier 1949.

Sous réserve des dispositions législatives et réglementaires relatives aux établissements de crédit, notamment les articles du Code monétaire et financier qui leur sont applicables, Société Générale est régie par la législation commerciale, notamment par les articles L. 210-1 et suivants du Code de commerce, ainsi que par ses statuts.

Le siège social de Société Générale est établi au 29, boulevard Haussmann, 75009 Paris.

Il peut être transféré en tout autre lieu, conformément aux dispositions législatives et réglementaires en vigueur.

Société Générale a pour objet, dans les conditions déterminées par la législation et la réglementation applicables aux établissements de crédit, d'effectuer avec toutes personnes physiques et morales, tant en France qu'à l'étranger:

- toutes opérations de banque ;
- toutes opérations connexes aux opérations bancaires, notamment toutes prestations des services d'investissement ou services connexes visés aux articles L.321-1 et L.321-2 du Code monétaire et financier ;
- toutes prises de participations.

Société Générale peut également à titre habituel, dans les conditions définies par le Comité de la réglementation bancaire et financière, effectuer toutes opérations autres que celles visées ci-dessus,

notamment le courtage d'assurances.

D'une façon générale, Société Générale peut effectuer, pour elle-même et pour le compte de tiers ou en participation, toutes opérations financières, commerciales, industrielles ou agricoles, mobilières ou immobilières, pouvant se rapporter directement ou indirectement aux activités ci-dessus ou susceptibles d'en faciliter l'accomplissement.

Société Générale est immatriculée au Registre du commerce et des sociétés de Paris sous le numéro 552 120 222 RCS PARIS.

La notion de Groupe Société Générale ou Groupe désigne ci-après Société Générale et ses filiales consolidées pris dans leur ensemble.

#### **Facteurs de Risque:**

Certains facteurs de risque peuvent affecter la capacité de l'Emetteur et du Garant à honorer ses obligations en relation avec les Titres émis dans le cadre du Programme. Ils sont décrits à la Section intitulée "*Facteurs de Risque*" et incluent le risque de solvabilité de chaque Emetteur et du Garant (y compris leurs notations de crédit respectives, s'il y a lieu), les risques opérationnels généraux, le risque de conflits d'intérêts, le risque que les activités de couverture et de négociation de l'Emetteur, du Garant ou de l'un quelconque de leurs sociétés liées affectent la valeur des Titres, et les risques liés au manque d'indépendance du Garant et de l'Emetteur, risque de crédit et de contrepartie (y compris le risque pays), risque de marché, risques opérationnels (y compris les risques comptables et environnementaux), risque sur le portefeuille d'investissement, risques de non-conformité (y compris les risques juridiques, fiscaux et de réputation), risque structurel de taux d'intérêt et de change, risque de liquidité, risque stratégique, risque lié à l'activité, risque lié aux activités d'assurances, risque lié aux activités de financements spécialisés, informations financières spécifiques, ratios réglementaires et autres risques. Les Titres Assortis de Sûretés font l'objet de risques additionnels ou d'autres risques qui sont davantage décrits dans la section intitulée "*Facteurs de Risque – Risques additionnels associés aux Titres Assortis de Sûretés*" ci-dessous.

En outre, certains facteurs sont importants pour évaluer les risques de marché liés aux Titres émis en vertu du Programme (voir la section intitulée "*Facteurs de Risque*").

Les risques liés aux Titres dépendent de leurs caractéristiques et peuvent inclure les risques suivants, qui sont tous plus amplement décrits dans la section intitulée "*Facteurs de Risque*" : (i) limitation sur le recours et les droits au titre des sous-jacents, (ii) tout remboursement optionnel des Titres au gré de l'Emetteur, si cette caractéristique est applicable; (iii) la valeur de marché limitée et/ou volatile des Titres ; (iv) le remboursement des Titres si les circonstances de réinvestissement ne sont pas avantageuses pour un Titulaire de Titres ; (v) un paiement réduit d'intérêts ou l'absence de paiement d'intérêts ; (vi) le paiement du principal ou des intérêts à une période différente ou dans une devise différente de celle prévue et/ou (vii) la perte de tout ou partie de l'investissement initial d'un Titulaire de Titres ou du rendement attendu de cet investissement, au

motif que les Titres (ou le paiement du principal ou des intérêts des Titres) sont (a) soumis à un remboursement optionnel au gré de l'Emetteur, (b) déterminés par référence à un indice, une formule, un actif, tout autre facteur de référence (tels des titres, marchandises, parts de fonds, taux de change, une action de préférence spécifique de l'Emetteur des Actions de Préférence (tel que défini ci-après), un warrant spécifique de l'Emetteur des Warrants (tel que défini ci-après), etc.) ou un portefeuille d'actifs (paniers de fonds, fond unique ou instruments financiers adossés à un indice), (c) payables dans des devises diverses, (d) payables de manière échelonnée en ce qui concerne leur prix d'émission, (e) soumis à une valeur plafond ou plancher, à un effet de levier ou à une combinaison de ces facteurs, (f) soumis à un taux flottant inversé, (g) soumis à un taux d'intérêt fixe à flottant (ou à un taux flottant à fixe), (h) liés à la survenance ou au défaut de survenance de certains événements échappant au contrôle de l'Emetteur et du Garant tels que des événements de crédit, événements climatiques ou sportifs, (i) émis avec une décote ou une prime par rapport à leur valeur nominale, (j) sujets à des baisses des montants payables en principal ou intérêts, en fonction des changements de la solvabilité d'une entité de référence ou d'une obligation de référence, (k) liés à des devises et/ou (l) Titres libellés en CNY. Les Titres peuvent entraîner d'autres risques, et notamment (i) l'adoption de décisions par les assemblées de Titulaires de Titres, ayant force obligatoire, (ii) le non-paiement de montants supplémentaires (dans certaines circonstances) au titre des impôts et taxes retenus à la source sur des paiements effectués sur les Titres, (iii) des changements de la loi, (iv) une réglementation accrue, (v) légalité de l'acquisition ou des considérations juridiques sur l'investissement, (vi) des considérations fiscales, (vii) l'absence d'un marché secondaire liquide pour les Titres, (viii) le fait que des Titulaires de Titres reçoivent des paiements dans une devise autre que celle de leurs activités financières, (ix) des fluctuations des taux d'intérêt, (x) en relation avec toute émission de Titres qui ont une valeur nominale minimum et sont négociables dans les systèmes de compensation pour des montants supérieurs à cette valeur nominale minimum, le risque que l'investisseur ne reçoive pas l'intégralité des Titres auxquels il a droit lors de l'émission de Titres définitifs, (xi) le fait que les notations de crédit ne reflètent pas tous les risques liés aux Titres, (xii) le fait que certains investisseurs soient soumis à certaines lois et réglementations, ou au contrôle ou à la réglementation de certaines autorités, (xiii) le fait que les Titres puissent ne pas être un investissement convenant à tous les investisseurs, (xiv) le fait que les Titres puissent être soumis à certaines restrictions de transfert et/ou (xv) des risques liés aux Titres Assortis de Sûretés.

**Volume du Programme :**

5.000.000.000 € (ou sa contre-valeur dans d'autres devises, calculée à la Date du Contrat telle que définie dans le Contrat d'Agent Placeur) en circulation à tout moment. L'Emetteur et le Garant pourront augmenter le volume du Programme conformément aux dispositions du Contrat d'Agent Placeur.

**Placement :**

Les Titres pourront être distribués par voie de placement privé ou

public, et, dans chaque cas, sur une base syndiquée ou non-syndiquée.

#### Forme des Titres :

#### Titres de Droit Anglais

Chaque Série de Titres (telle que définie sous la section "*Modalités des Titres de Droit Anglais et des Titres NRC*") spécifiée dans les Conditions Définitives applicables sera régie par le droit anglais (ces Titres étant dénommés: **Titres de Droit Anglais**) et ces Titres seront soit (i) des Titres au Porteur, y compris des Titres SIS au Porteur (avec ou sans Reçus et Coupons attachés) émis hors des Etats-Unis sur le fondement de la *Regulation S prise pour l'application de l'U.S. Securities Act*, (ii) des Titres Nominatifs (sans Reçus ou Coupons attachés), émis hors des Etats-Unis sur le fondement de la dispense d'enregistrement prévue par la *Regulation S*, et/ou aux Etats-Unis sur le fondement de la *Rule 144A* prise pour l'application de l'U.S. *Securities Act*, (iii) des Titres EUI ou (iv) des Titres SIS NRC. Les Titres Nominatifs Non-U.S. seront exclusivement émis sous forme nominative.

Les Titres revêtant la forme au porteur sont soumis aux exigences de la législation fiscale des Etats-Unis et ne peuvent pas être offerts, vendus ni livrés aux Etats-Unis ou dans leurs possessions, ni à des ressortissants des Etats-Unis, excepté dans le cadre de certaines transactions autorisées par les réglementations du Trésor Américain. Les termes employés dans le présent paragraphe ont la signification qui leur est donnée dans le Code des Impôts américain de 1986 (*U.S. Internal Revenue Code of 1986*), (le **Code**), et ses textes d'application.

Les Titres au Porteur seront représentés lors de leur émission par un **Titre Global Provisoire**, un **Titre Global Permanent** ou un **Titre SIS Global Permanent**, comme spécifié dans les Conditions Définitives applicables. Les Titres Globaux Provisaires et les Titres Globaux Permanents seront, dans tous les cas, déposés auprès d'un Dépositaire Commun, ou pour les Titres Globaux Nouveaux (*New Global Notes* et par abréviation les NGNs), auprès d'un Conservateur Commun pour le compte d'Euroclear et Clearstream, Luxembourg au préalable ou à la Date d'Emission concernée. Les Titres SIS Globaux Permanents seront déposés auprès de la Swiss securities services corporation (**SIS**) ou tout autre intermédiaire reconnu par la SIX Swiss Exchange SA. Les Titres Globaux Provisaires seront échangeables contre (a) des droits dans un Titre Global Permanent, ou (b) des Titres Définitifs au Porteur, comme indiqué dans les Conditions Définitives applicables. Les Titres Globaux Permanents ne seront échangeables contre des Titres Définitifs au Porteur que dans certaines circonstances restreintes, y compris en cas de survenance d'un Cas d'Echange, tel que décrit à la section "*Forme des Titres*". Les Titres SIS Globaux Permanents ne seront échangeables contre des Titres SIS Définitifs au Porteur qu'en cas de survenance d'un Cas d'Echange de Titres SIS au Porteur.

Les Titres Nominatifs seront représentés lors de leur émission par un

Titre Global Nominatif, déposé, et inscrit au nom d'un titulaire, auprès du Dépositaire Commun pour Euroclear et Clearstream, Luxembourg ou, en cas de Titres Nominatifs, qui seront échangeables contre des Titres Définitifs Nominatifs dans certaines circonstances indiquées dans ce Titre Global Nominatif, émis dans le cadre de la nouvelle structure de dépôt (*new safekeeping structure* et par abréviation ci-après NSS) et inscrit au nom du titulaire auprès d'un des ICSDs agissant en qualité de Conservateur Commun. Les personnes détenant des intérêts bénéficiaires dans Titres Globaux auront le droit, ou seront amenés, le cas échéant, à recevoir une livraison physique de Titres Définitifs Nominatifs.

Les Titres Nominatifs ne seront pas échangeables contre des Titres au Porteur et vice versa.

Aussi longtemps que les Titres sont émis sous la forme de Titre Global au Porteur ou de Titre Global Nominatif détenu par un Dépositaire Commun ou, en cas de Titres Nouveaux Globaux ou de Titres Globaux Nominatifs émis dans le cadre du NSS, par un Conservateur Commun pour le compte d'Euroclear et/ou Clearstream, Luxembourg, chaque personne qui est inscrit dans les registres d'Euroclear et/ou Clearstream, Luxembourg comme ayant droit à un certain montant nominal de Titres sera réputé être le Porteur de ce même montant nominal de Titres pour tous besoins sauf en cas de paiement du principal, des primes (le cas échéant), des intérêts ou de tous autres montants au titre desdits Titres, au titre desquels le Dépositaire Commun ou, en cas de Titres Globaux Nouveaux ou de Titres Globaux Nominatifs émis dans le cadre du NSS, le Conservateur Commun, est réputé être le Porteur de ce montant nominal de Titres conformément et sous réserve des termes du Titre Global concerné.

Les Titres Globaux Nouveaux et les Titres Globaux Nominatifs émis dans le cadre du NSS pourront être émis afin d'être reconnus comme étant des actifs éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème, soit au moment de leur émission ou à tout autre moment de leur existence. Cette reconnaissance dépend de leur capacité à satisfaire les critères d'éligibilité à l'Eurosystème tel que spécifié par la Banque Centrale Européenne. Cependant, il n'existe aucune garantie que ces Titres soient reconnus comme des actifs éligibles. Il n'est pas prévu que les autres Titres soient éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème.

Des procédures spéciales s'appliquent aux Titres SIS au Porteur (voir la section "*Forme des Titres*").

### **Titres NRC**

Chaque Série de Titres pour laquelle il est indiqué dans les Conditions Définitives applicables qu'il s'agit de Titres Non Représentés par un Certificat (**Titres NRC**) ne sont pas représentés par un certificat ou un titre matériel et seront compensés par un

dépositaire commun de titres et établissement de compensation. Les Titres NRC incluent les Titres SIS NRC et les Titres EUI et des procédures spéciales s'appliquent à chacune de ces catégories de Titres (telles que plus amplement décrites dans la section "*Forme des Titres*").

Les Titulaires de Titres peuvent détenir des Titres EUI via Euroclear UK & Ireland Limited (anciennement CRESTCo Limited) (**EUI**), soit directement (**Titres CREST**) ou par l'intermédiaire de *CREST Depository Interests* (par abréviation **CDIs**) représentant des Titres sous-jacent (**Titres CREST**).

Les CDIs seront émis et réglés par CREST.

Ni les Titres ni aucun droit y afférent ne seront émis, détenus, transférés ou réglés dans le système CREST autrement que par l'émission, la détention, le transfert et le règlement de CDIs.

Les Titulaires de CDI ne seront pas habilités à négocier directement les Titres et par conséquent toutes les négociations sur les Titres se feront par CREST dans le cadre de la détention des CDI.

#### **Titres de Droit Français**

Pour chaque Série de Titres pour laquelle les Conditions Définitives applicables indiquent qu'il s'agit de Titres régis par le droit français (**Titres de Droit Français**), ces derniers pourront être émis sous forme de Titres Dématérialisés ou de Titres Matérialisés.

Les Titres Dématérialisés peuvent, à l'option de l'Emetteur, être émis sous forme dématérialisée au porteur ou sous forme dématérialisée au nominatif, et, dans ce dernier cas, à l'option du Titulaire de Titres concerné, au nominatif pur ou au nominatif administré. Aucun titre physique de propriété ne sera émis en représentation des Titres Dématérialisés. Voir la section intitulée "*Modalités des Titres de Droit Français – Forme, Valeur Nominale, Redénomination et Propriété*".

Les Titres Matérialisés seront émis sous la seule forme matérialisée au porteur. Un Certificat Global Provisoire sera initialement émis au titre de chaque Tranche de Titres Matérialisés. Les Titres Matérialisés pourront uniquement être émis hors de France.

#### **Systèmes de Compensation :**

Clearstream, Luxembourg, Euroclear, DTC, EUI ou SIS et, au titre de toute autre Série ou Tranche, tout autre système de compensation qui peut être convenu entre l'Emetteur, l'Agent Fiscal, l'Agent de Tenue des Registres et les Agents Placeurs concernés.

#### **Livraison Initiale des Titres :**

A la Date d'Emission de chaque Série ou Tranche (ou antérieurement à celle-ci), les Titres Globaux émis sous forme de Titres au Porteur ou les certificats émis sous forme de Titres Nominatifs pourront (ou, en cas de Titres à inscrire à la Cote Officielle de la Bourse de Luxembourg ou à admettre à la négociation sur le Marché Réglementé de la Bourse de Luxembourg, ces derniers devront) être déposés auprès du Dépositaire commun ou du Conservateur

Commun, le cas échéant, pour Euroclear et Clearstream, Luxembourg. Les Titres Globaux ou les certificats liés à des Titres Nominatifs qui ne sont pas inscrits à la Cote Officielle de la Bourse de Luxembourg pourront également être déposés auprès de tout autre système de compensation ou pourront être livrés en dehors de tout système de compensation sous réserve que la méthode de livraison soit convenue au préalable entre l'Emetteur, l'Agent Fiscal, l'Agent de Tenue des Registres et les Agents Placeurs concernés. Les Titres Nominatifs qui sont crédités à un ou plusieurs systèmes de compensation lors de leur émission seront inscrits au nom des titulaires ou d'un titulaire commun pour le système de compensation concerné.

Des procédures spéciales s'appliquent aux Titres SIS.

**Modalités des Titres :**

Les Titres pourront être émis sur une base intégralement ou partiellement libérée, et à un Prix d'Emission égal au pair, ou avec une décote ou une prime par rapport au pair, tel que défini dans les Conditions Définitives applicables.

Les Titres pourront être libellés dans toute devise convenue et assortis de toute maturité convenue, sous réserve des restrictions légales ou réglementaires applicables et des exigences de la banque centrale concernée (ou de tout organisme équivalent).

Les modalités des Titres seront spécifiées dans les Conditions Définitives applicables.

Outre toute autre forme de Titres convenue entre l'Emetteur et le ou les Acheteurs concernés, les types de Titres suivants pourront être émis: (i) Titres à Taux Fixe; (ii) Titres Partiellement Libérés; (iii) Titres à Taux Flottant; (iv) Titres Indexés (y compris, sans caractère limitatif, des Titres Indexés sur des Titres de Capital, des Titres Indexés sur des Fonds, des Titres Indexés sur un Evénement de Crédit, des Titres Indexés sur un Portefeuille d'Actifs Gérés ou des Titres Indexés sur Marchandises, Titres Indexés sur Action de Préférence ou Titres Indexés sur Warrant); (v) Titres Libellés en Deux Devises; (vi) Titres à Règlement Physique; et (vii) Titres Zéro Coupon.

Les périodes d'intérêts, les taux d'intérêt et les conditions de remboursement et/ou les montants payables lors du remboursement pourront différer selon les Titres émis, et ces conditions seront spécifiées dans les Conditions Définitives applicables.

Les Conditions Définitives applicables indiqueront soit que les Titres ne peuvent pas être remboursés avant leur échéance convenue (autrement que selon l'échelonnement indiqué, s'il y a lieu, ou pour des raisons fiscales ou à la suite d'un Cas de Défaut), soit que ces Titres (s'il s'agit de Titres à Règlement Physique) peuvent être réglés à l'échéance ou autrement par le paiement d'un montant en numéraire au(x) porteur(s) ou par la livraison des Actifs Sous-Jacents soit que ces Titres seront remboursables au gré de l'Emetteur et/ou des Titulaires de Titres. Les conditions de ce remboursement, y compris les délais de préavis, les conditions à satisfaire et les dates et

prix de remboursement concernés, seront indiquées dans les Conditions Définitives applicables.

Les Conditions Définitives applicables pourront stipuler que les Titres peuvent être remboursables en deux ou plusieurs montants de versement échelonnés et aux dates qui seront indiquées dans les Conditions Définitives applicables.

Les Titres ayant une échéance inférieure à un an à compter de la date d'émission sont soumis à certaines restrictions en ce qui concerne leur valeur nominale et leur placement.

Les Titres seront émis dans les valeurs nominales convenues entre l'Emetteur et le ou les Acheteurs concernés, telles que précisées dans les Conditions Définitives applicables sauf que la valeur nominale minimale de chaque Titre sera égale au montant qui pourra être autorisé ou exigé de temps à autre par la banque centrale concernée (ou toute organisme équivalent), ou par les lois et règlements applicables à la Devise Prévue concernée.

L'Emetteur pourra de temps à autre émettre de nouveaux Titres pour une Série selon les mêmes modalités que les Titres existants et ces nouveaux Titres devront faire l'objet d'une consolidation et former avec les Titres existants une Série unique. Chaque Série peut être émise sous forme de tranches (chacune une **Tranche**) aux mêmes dates d'émission ou à des dates différentes.

**Garantie :**

Le paiement dû et à bonne date de toutes sommes dues par l'Emetteur relatifs à des Titres sera inconditionnellement et irrévocablement garanti par le Garant en vertu de l'acte de garantie daté du 26 juin 2012 (la **Garantie**) revêtant en substance la forme figurant à la section intitulée "*Modèle d'Acte de Garantie*" (étant entendu que la Garantie ne s'appliquera à aucune Série de Titres émise à la date de la Garantie ou après cette date, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série de Titres et (B) des Montants Nominaux Totaux de chaque Série de Titres émise par l'Emetteur et en circulation à cette Date d'Emission, convertie dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, est égale à un montant excédant 5.000.000.000 €), le tout dans les conditions plus spécifiquement définies à la Modalité 3(b) figurant dans la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*", et à la Modalité 2(b) figurant dans la section intitulée "*Modalités des Titres de Droit Français*".

**Rang de Créance des Titres :**

Les Titres émis dans le cadre du Programme peuvent être soit non assortis de sûretés (**Titres non Assortis de Sûretés**) soit assortis de sûretés (**Titres Assortis de Sûretés**), tel que cela est précisé dans les Conditions Définitives applicables.

Les Titres non Assortis de Sûretés constitueront des engagements directs, inconditionnels, non assortis de sûretés et non subordonnés de l'Emetteur, et viendront au même rang (*pari passu*) entre eux et (sous réserve de certains engagements privilégiés en vertu de la loi)

au même rang que tous les autres engagements directs, inconditionnels, non assortis de sûretés et non subordonnés de l'Emetteur,.

Les Titres Assortis de Sûretés constitueront des engagements directs, inconditionnels, assortis de sûretés, limités en recours et non subordonnés de l'Emetteur, et viendront au même rang (*pari passu*) entre eux et (sous réserve de certains engagements privilégiés en vertu de la loi) au même rang que tous les autres engagements directs, inconditionnels, assortis de sûretés, limités en recours et non subordonnés de l'Emetteur.

Afin d'éviter toute ambiguïté, tout paiement dû par l'Emetteur au titre des Titres non Assortis de Sûretés et des Titres Assortis de Sûretés sera garanti par le Garant eu titre de la Garantie.

**Sûreté :**

Pour chaque Série de Titres Assortis de Sûretés, et afin de garantir ses engagements au titre de ces Titres, l'Emetteur soit (i) conclura un Contrat de Gage ou (ii) si les Conditions Définitives applicables relatives à une Série de Titres Assortis de Sûretés précisent que "Pool de Garanties Séries Multiples" est applicable et qu'un Contrat de Gage a déjà été conclu par l'Emetteur relativement à ce Pool de Garanties Séries Multiples, étendra les obligations qui sont garanties (*Secured Liabilities*) par ce Contrat de Gage pour y inclure la Série de Titres Assortis de Sûretés qui est émise. Chaque Contrat de Gage sera régi par la loi luxembourgeoise du 5 août 2005 sur les contrats de garantie financière, telle que modifiée.

En vertu de chaque Contrat de Gage, l'Emetteur consentira une sûreté de premier rang sur les Actifs Gagés contenus dans un ou plusieurs comptes, détenus par l'Emetteur auprès de The Bank of New York Mellon Luxembourg S.A. ou auprès de tel autre dépositaire ou de telle autre banque spécifié(e) dans les Conditions Définitives applicables

Afin d'assurer qu'une Série de Titres Assortis de Sûretés est garantie conformément à ses termes, la valeur des actifs servant de garantie à ces Titres peut être testée et les actifs garantissant ces Titres peuvent être par conséquent ajustés de manière périodique, tel que cela est décrit de manière plus précise dans la section "Descriptions des accords de constitution de garanties relatifs aux Titres Assortis de Sûretés".

A la suite de la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tous les Titulaires de Titres dont les Titres sont devenus immédiatement dus et remboursables seront en premier lieu habilités à réclamer tous montants impayés qui leur sont dus, en vertu des termes de la Garantie. Si ni l'Emetteur ni le Garant (en vertu des termes de la Garantie) n'ont payé tous les montants dus aux Titulaires de Titres dans un délai de 20 Jours Ouvrés Garanties suivant la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, les Titulaires de Titres pourront adresser une notification écrite au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit

Français), demandant que le Contrat de Gage concerné soit exécuté conformément à ses termes.

**Recours Limité contre l'Emetteur et Engagement de ne pas agir en faillite :**

Les obligations de l'Emetteur envers les titulaires de Titres Assortis de Sûretés sont limitées au recours de ceux-ci à l'encontre des Actifs Gagés contenus dans le Pool de Garanties particulier garantissant cette Série de Titres Assortis de Sûretés. En particulier, aucun Titulaire de Titres ne disposera d'un recours sur les Actifs Gagés contenus dans un Pool de Garanties, autre que le Pool de Garanties qui garantit les Titres détenus par ce Titulaire de Titres.

Les Titulaires de Titres ne sont pas habilités à prendre des mesures ou à diligenter des procédures quelconques afin d'obtenir la dissolution, la mise en redressement judiciaire ou la liquidation de l'Emetteur (ou toute autre mesure analogue à son encontre).

**Cas de Défaut :**

Les modalités des Titres stipuleront des Cas de Défaut selon les principes suivants:

(i) l'Emetteur est en défaut de paiement des intérêts ou du principal à leur échéance ou à la livraison d'Actifs Sous-Jacents livrables en vertu des Titres (exception faite de tout retard de livraison intervenant dans les circonstances visées à la Modalité 5(j) figurant dans la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*" et à la Modalité 5(f) figurant dans la section intitulée "*Modalités des Titres de Droit Français*"), et il ne serait pas remédié à ce manquement, dans le cas de tout paiement d'intérêts, dans le délai spécifié pour y remédier; ou

(ii) l'Emetteur est en défaut dans l'exécution de toute autre obligation en vertu des Modalités, et ne remédierait pas à ce défaut dans le délai spécifié; ou

(iii) l'Emetteur prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure; ou encore la situation dans laquelle l'Emetteur ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle l'Emetteur ne consentirait pas un Cas de Défaut ; ou

(iv) la Garantie cesserait d'être pleinement en vigueur et en effet en ce qui concerne les Titres, les Reçus ou les Coupons, ou le Garant donnerait une notification en vertu de laquelle la Garantie cesserait d'être pleinement en vigueur et en effet en ce qui concerne les Titres,

les Reçus ou les Coupons, ou la Garantie serait rendue nulle pour tout motif ou par tout moyen, ou une législation serait introduite ayant pour conséquence de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière ayant un effet défavorable significatif sur les intérêts des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, ou le Garant serait dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque; ou

(v) uniquement dans le cas de Titres Assortis de Sûretés, si l'Agent de Contrôle des Garanties envoie une Notification de Défaut des Garanties Requises relativement à un Pool de Garanties garantissant ces Titres Assortis de Sûretés.

le tout dans les conditions plus amplement décrites à la Modalité 10 de la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*", ou, selon le cas, à la Modalité 9 de la section intitulée "*Modalités des Titres de Droit Français*".

**Fiscalité :**

Tous les paiements relatifs aux Titres seront effectués libres de toute retenue à la source ou de tout prélèvement au titre de tous impôts et taxes imposés par une quelconque juridiction, sauf si une retenue à la source ou un prélèvement est requis par une Juridiction Fiscale. Si une telle retenue à la source ou un tel prélèvement libératoire est effectué, l'Emetteur ou, selon le cas, le Garant, devra majorer ses paiements afin de couvrir les montants ainsi prélevés, sous réserve de certaines exceptions décrites à la Modalité 7 de la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*" et à la Modalité 6 de la section intitulée "*Modalités des Titres de Droit Français*".

**Utilisation des Produits :**

Les produits nets de chaque émission de Titres seront affectés aux besoins généraux de financement du Groupe Société Générale, y compris pour réaliser un bénéfice. Si les produits d'une émission particulière de Titres doivent faire l'objet d'une utilisation spécifique s'ajoutant à l'utilisation précitée ou différente de celle-ci, ce fait devra être mentionné dans les Conditions Définitives applicables.

**Notation :**

La notation éventuelle de certaines Séries de Titres émises en vertu du Programme pourra être indiquée dans les Conditions Définitives applicables.

Les Conditions Définitives applicables indiqueront si ces notations sont émises par des agences de notation de crédit établies dans l'Union Européenne et si ces agences de notation sont enregistrées (ou ont présenté une demande d'enregistrement) conformément au Règlement (CE) n°1060/2009 du Parlement Européen et du Conseil du 16 septembre 2009, tel que modifié par le Règlement (UE) n°513/2011 du Parlement Européen et du Conseil du 11 mai 2011 (le **Règlement CRA**) et si ces dernières sont inscrites à la liste des

agences de notation agréées publiée sur le site internet de l'Autorité européenne des marchés financiers ([www.esma.europa.eu](http://www.esma.europa.eu)).

Une notation n'est pas une recommandation d'achat, de vente ou de détention de Titres et peut, à tout moment, être suspendue, modifiée, ou retirée par l'agence de notation concernée sans préavis.

**Admission à la Cote Officielle et à la négociation :**

Une demande a été présentée auprès de la Commission de surveillance du secteur financier (CSSF) en sa qualité d'autorité compétente en vue de faire approuver ce document en tant que prospectus de base aux fins de l'Article 5.4 de la Directive Prospectus.

Une demande a également été présentée auprès de la Bourse de Luxembourg pour les Titres émis en vertu du Programme durant la période de douze mois à partir de la date de publication de ce Prospectus de Base à faire admettre à la négociation sur le Marché Réglementé de la Bourse de Luxembourg, et à inscrire à la Cote Officielle de la Bourse de Luxembourg. En approuvant ce Prospectus de Base, la CSSF ne s'engage pas sur l'opportunité économique ou financière de l'opération ou la qualité et la solvabilité de l'Emetteur.

Une demande a également été présentée auprès de la SIX Swiss Exchange en vue de faire approuver ce Programme en tant que "programme d'émission" pour l'admission à la cote de produits dérivés et que "programme d'émission" pour l'admission à la cote de titres de créance, dans les deux cas conformément aux règles de cotation de la SIX Swiss Exchange. En ce qui concerne les Titres devant être cotés sur la SIX Swiss Exchange, le Prospectus de Base, ensemble avec les Conditions Définitives applicables concernées, constituera le prospectus détaillé conformément aux règles de cotation de la SIX Swiss Exchange. Comme il n'y a pas eu de demande de présentée auprès de la SIX Swiss Exchange en vue de faire approuver ce Programme en tant que "programme d'émission" pour l'admission à la cote de produits négociés en bourse (*exchange traded products*, **ETPs**), les produits qui sont considérés comme des ETPs conformément aux règlements de la SIX Swiss Exchange ne seront pas admis à la cote comme des ETPs mais comme des produits dérivés.

Les Titres pourront être admis à la cote officielle ou à la négociation, selon le cas, sur une ou plusieurs autres bourses ou un ou plusieurs autres marchés, comme l'Emetteur et l'Agent Placeur concerné pourront en convenir en relation avec la Série concernée. Des Titres non cotés ni admis à la négociation sur un marché quelconque pourront également être émis.

En particulier, les Titres émis (y compris les Titres EUI) pourront être admis à la Cote Officielle de l'Autorité de Cotation Britannique (*UK Listing Authority*) et aux négociations sur la Bourse de Londres.

Les Conditions Définitives applicables indiqueront si les Titres concernés doivent être admis à la cote officielle ou non, et, dans l'affirmative, sur quelle(s) bourse(s) et/ou quel(s) marché(s).

**Droit Applicable :**

Les Titres et tous engagements non contractuels découlant des Titres ou naissant en relation avec eux seront régis par, et interprétés selon, le droit anglais ou français, comme précisé dans les Conditions Définitives applicables. La Garantie et tous engagements non contractuels découlant de la Garantie ou naissant en relation avec celle-ci, seront régis par, et interprétés selon, la loi anglaise.

**Restrictions de Vente :** Les restrictions pesant sur l'offre, la vente et le transfert des Titres sont formulées dans la section intitulée "*Restrictions de Souscription, de Vente et de Transfert*".

**Restrictions de Vente aux Etats-Unis :** *Regulation S*, Catégorie 2, *Rule 144A* et Règles TEFRA C, TEFRA D ou TEFRA non applicable comme spécifié dans les Conditions Définitives applicables. Section 3(c)(7) de l'*U.S. Investment Company Act*. Des restrictions de vente additionnelles peuvent s'appliquer, comme spécifié dans les Conditions Définitives applicables.

Les Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou pour le compte ou au profit d'une *U.S. Person*.

## DESCRIPTION GENERALE DU PROGRAMME

*La Description Générale suivante ne prétend pas être complète; elle est extraite du reste du texte du présent Prospectus de Base, et, en ce qui concerne les Modalités de toute Tranche de Titres particulière, des Conditions Définitives applicables, et doit être lue dans son intégralité sous réserve des documents dont elle est ainsi extraite. L'Emetteur et tout Acquéreur concerné peuvent convenir que des Titres seront émis sous une autre forme que celle prévue dans les Modalités, auquel cas, mais uniquement s'il s'agit de Titres admis à la cote officielle, il sera publié un Supplément au présent Prospectus de Base.*

La présente Description Générale constitue une description générale du Programme d'Emission pour les besoins de l'article 22.5(3) du Règlement de la Commission (CE) No 809/2004 transposant la Directive Prospectus.

Les termes et expressions définis dans les sections intitulées "*Forme des Titres*", "*Modalités des Titres de Droit Anglais et des Titres NRC*" et "*Modalités des Titres de Droit Français*" ci-après auront la même signification dans la présente Description Générale.

| <b>Certaines Restrictions :</b> | Chaque émission de Titres libellés dans une devise au titre de laquelle des lois, directives, réglementations, restrictions ou obligations de publication particulières s'appliquent, ne devra être effectuée qu'en parfaite conformité avec ces lois, directives, réglementations, restrictions ou obligations de publication en vigueur (voir la section intitulée " <i>Restrictions de Souscription, de Vente et de Transfert</i> "), y compris les restrictions suivantes qui sont applicables à la date du présent Prospectus de Base. |

### Titres ayant une échéance inférieure à un an

Les Titres émis ayant une maturité inférieure à un an constitueront, si les produits de l'émission sont acceptés au Royaume-Uni, des dépôts au sens des dispositions de l'article 19 de la loi britannique sur les Services et Marchés Financiers de 2000 (*Financial Services and Markets Act 2000*) interdisant l'acceptation de dépôts, à moins qu'ils ne soient émis au profit d'une catégorie limitée d'investisseurs professionnels et aient une valeur nominale d'au moins 100.000 £ ou leur contre-valeur, (voir la section intitulée "*Restrictions de Souscription, de Vente et de Transfert*").

En vertu du Titre II de la loi luxembourgeoise du 10 juillet 2005 sur les prospectus d'émission de valeurs mobilières transposant la Directive Prospectus, les prospectus relatifs à des instruments du marché monétaire dont la maturité est inférieure à douze mois lors de leur émission, et qui répondent également à la définition de "valeurs mobilières", ne sont pas soumis aux obligations d'approbation prévues par le Titre II de cette loi.

**Agent Fiscal :** Société Générale Bank & Trust

**Agent de Tenue des Registres, Agent de Transfer et Agent d'Echange :** Société Générale Bank & Trust

**Agents Payeurs :** Société Générale (Paris), Société Générale, Succursale de New York, et/ou tout agent payeur additionnel ou successeur nommé conformément à la Modalité 11 de la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*" et à la Modalité 10 de la section intitulée "*Modalités des Titres de Droit Français*".

L'Emetteur peut nommer ou (selon le cas) maintenir un agent payeur additionnel dans chaque juridiction où des Titres NRC (tels que définis dans la section intitulée "*Forme des Titres*") sont enregistrés et, s'il y a lieu, aussi longtemps que des Titres NRC seront admis à la cote officielle de la Bourse de Luxembourg, l'Emetteur maintiendra un agent payeur ayant un établissement désigné à Luxembourg, tel que le tout est spécifié dans les Conditions Définitives applicables.

Pour les Titres EUI, plus particulièrement les Titres EUI admis à la cote officielle de la Bourse de Londres, l'Emetteur pourra nommer ou (selon le cas) maintenir un agent payeur additionnel au Royaume Uni.

Pour les Titres SIS, Société Générale, Succursale de Zürich, agira en qualité d'Agent Payeur Principal Suisse, ensemble avec les Agents Payeurs Suisses supplémentaires qui pourront être spécifiés dans les Conditions Définitives applicables.

**Volume du Programme :** 5.000.000.000 € (ou sa contre-valeur dans d'autres devises, calculée à la Date du Contrat telle que définie dans le Contrat d'Agent Placeur) en circulation à tout moment. L'Emetteur et le Garant pourront augmenter le volume du Programme conformément aux dispositions du Contrat d'Agent Placeur.

**Placement :** Les Titres pourront être distribués par voie de placement privé ou public, et dans chaque cas, sur une base syndiquée ou non-syndiquée.

**Devises :** Les Titres peuvent être libellés en euro, Sterling, dollars U.S., Yen japonais, Francs suisses et, sous réserve du respect de toutes lois et réglementations applicables, en Renminbi ou toute autre devise qui pourra être convenue entre l'Emetteur concerné et l'Acquéreur ou les Acquéreurs concernés, telle qu'indiquée dans les

Conditions Définitives applicables.

**Redénomination et/ou Consolidation :** Les Conditions Définitives applicables pourront stipuler que certains Titres pourront être relibellés en euros. Les dispositions concernées applicables à toute redénomination figurent dans la Modalité 1. de la section intitulée "*Modalités des Titres de Droit Anglais et des Titres NRC*" et dans la Modalité de 1 de la section intitulée "*Modalités des Titres de Droit Français*". Les Titres libellés dans une devise pouvant être convertie en euro pourront faire l'objet d'une consolidation avec d'autres Titres libellés en euro.

**Echéances :** Toute échéance qui pourra être indiquée dans les Conditions Définitives applicables, sous réserve des échéances minimum ou maximum qui pourront être autorisées ou exigées de temps à autre par la banque centrale concernée (ou tout organe équivalent), ou par toutes lois ou réglementations applicables à l'Emetteur ou à la Devise Prévue concernée.

Les Titres venant à échéance à moins d'un an après leur date d'émission sont soumis à certaines restrictions en ce qui concerne leur valeur nominale et leur placement (voir le paragraphe intitulé "*Certaines Restrictions – Titres ayant une échéance inférieure à un an*" ci-dessus).

**Prix d'Emission :** Les Titres pourront être intégralement ou partiellement libérés lors de leur émission, et pourront être émis à un prix d'émission (exprimé soit (i) en pourcentage de la Valeur Nominale Totale, soit (ii) pour un montant par Titre de la Valeur Nominale concernée) au pair, en dessous du pair ou assortis d'une prime d'émission (comme spécifié dans les Conditions Définitives applicables).

**Titres à Taux Fixe :** Des intérêts à taux fixe seront payables à la (aux) date(s) convenue(s) entre l'Emetteur et l'Acquéreur ou les Acquéreurs concernés (indiquée(s) dans les Conditions Définitives applicables) et à la date de remboursement, et seront calculés sur la base de la Fraction de Décompte des Jours qui pourra être convenue entre l'Emetteur et l'Acquéreur ou les Acquéreurs concernés et indiquée dans les Conditions Définitives applicables.

**Titres Partiellement Libérés :** Le Prix d'Emission des Titres Partiellement Libérés sera payable en plusieurs versements.

Aussi longtemps que des paiements demeureront impayés par le titulaire de Titres Partiellement Libérés, aucun droit sur un Titre Global Provisoire ou Permanent représentant ces Titres ne pourra être échangé contre des Titres Définitifs au Porteur.

Si un Titulaire de Titres manque de payer un montant dû sur des Titres Partiellement Libérés dans le délai indiqué, l'Emetteur pourra avoir le droit de rembourser ces Titres, si les Conditions Définitives applicables le stipulent et dans les termes indiqués dans ces Conditions Définitives.

**Titres à Taux Flottant:**

Les Titres à Taux flottant porteront intérêt à un taux déterminé (i) sur la même base que le taux flottant applicable à une opération d'échange de taux d'intérêt notionnelle dans la Devise Prévue concernée, régie par une convention attestée par une confirmation incorporant les Définitions ISDA 2006 (telles que publiées par *l'International Swaps and Derivatives Association, Inc.*, et telles que modifiées et actualisées à la Date d'Emission de la première Tranche des Titres de la Série concernée); ou (ii) sur la base d'un taux de référence apparaissant sur la page d'écran convenue d'un service commercial de cotation; ou (iii) sur toute autre base dont l'Emetteur et l'Acquéreur ou les Acquéreurs concernés pourront convenir (telle qu'indiquée dans les Conditions Définitives applicables).

La marge (éventuelle) se rapportant à ce taux flottant sera convenue entre l'Emetteur et l'Acquéreur ou les Acquéreurs concernés pour chaque émission de Titres à Taux Flottant et spécifiée dans les Conditions Définitives applicables.

**Titres Indexés:**

Les paiements en principal et/ou d'intérêts des Titres Indexés seront calculés par référence à un indice et/ou à une formule, ou aux fluctuations du cours de titres (y compris, sans caractère limitatif, des actions (ces Titres Indexés étant dénommés **Titres Indexés sur des Titres de Capital**) ou des fonds (ces Titres Indexés étant dénommés **Titres Indexés sur des Fonds**) ou de marchandises (ces Titres Indexés étant dénommés **Titres Indexés sur des Marchandises**) ou de la solvabilité d'une entité de référence ou d'une obligation de référence (ces Titres Indexés étant dénommés **Titres Indexés sur un Evénement de Crédit**), ou par référence à la performance de certains actifs (ces Titres Indexés étant dénommés **Actifs Indexés sur un Portefeuille d'Actifs Gérés**) ou une action de préférence spécifique de l'Emetteur des Actions de Préférence (tel que défini ci-après) (ces Titres Indexés étant dénommés **Titres Indexés sur Action de Préférence**), un warrant spécifique de l'Emetteur des Warrants (tel que défini ci-après) (ces Titres Indexés étant dénommés **Titres Indexés sur Warrant**) ou par référence à des contrats à terme sur ceux-ci ou à tels autres facteurs dont l'Emetteur et l'Acquéreur ou les Acquéreurs concernés pourront convenir (tels que précisés dans les Conditions Définitives applicables) tel que amplement décrit ci-dessous.

**Titres Indexés sur des Titres de Capital :**

Les paiements relatifs aux Titres Indexés sur des Titres de Capital seront calculés par référence à un ou plusieurs titres de capital, certificats américains d'actions étrangères (*american depositary receipts* et par abréviation ci-après **ADR**), indices, indices SGI, dividendes et fonds indiciels cotés (*exchange traded funds* et par abréviation ci-après **ETF**) tel que convenu entre l'Emetteur et l'(les) Agent(s) Placeur(s) concerné(s) et tel qu'indiqué dans les Conditions Définitives applicables. Les Titres Indexés sur Titres de Capital peuvent également prévoir le remboursement par la livraison physique du ou des Actifs Sous-Jacents tel que spécifié

dans l'Annexe Technique Actions et autres actifs liés. Les Titres Indexés sur Titres de Capital peuvent également faire l'objet d'un remboursement anticipé ou d'un ajustement en cas de survenance d'un évènement affectant la vie de la société, de radiation, de décote, de fusion ou de scission, de nationalisation ou de faillite en lien avec une Action ou un ADR, tel que plus amplement décrit dans l'Annexe Technique Actions et autres actifs liés.

**Titres Indexés sur des Fonds :**

Les paiements relatifs aux Titres Indexés sur des Fonds seront calculés par référence à des parts ou intérêts d'un fonds ou d'un panier de fonds selon les modalités convenues entre l'Emetteur et l'(s) Agent(s) Placeur(s) concerné(s) et tel que spécifié dans les Conditions Définitives applicables. Les Titres Indexés sur des Fonds peuvent prévoir le remboursement par la livraison physique du des Actifs Sous-Jacents tel que spécifié dans l'Annexe Technique sur les Fonds. Les Titres Indexés sur des Fonds peuvent également faire l'objet d'un remboursement anticipé ou d'un ajustement en cas de survenance d'un évènement affectant la vie de la société (tel que faillite, modifications réglementaires, changement de liquidité, fusion dans le cadre d'un Fonds), tel que plus amplement décrit dans l'Annexe Technique Fonds.

**Titres Indexés sur des Marchandises :**

Les paiements des Titres Indexés sur des Marchandises seront calculés par référence à une ou plusieurs marchandises et/ou indices de marchandises selon les modalités convenues entre l'Emetteur et l'(s) Agent(s) Placeur(s) concerné(s) et tel que spécifié dans les Conditions Définitives applicables. Les Titres Indexés sur des Marchandises peuvent également faire l'objet d'un ajustement (y compris une évaluation) en cas de survenance d'un évènement affectant une Marchandise ou un Indice de Marchandise (tel que suspension des négociations, défaut ou perturbation de la publication d'un prix de référence, et dans certaines circonstances, une modification de la formule de calcul du prix de référence ou une modification dans le contenu de la Marchandise ou de l'Indice de Marchandise) ou en Cas de Perturbation de l'Indice, tel que plus amplement décrit dans l'Annexe Technique Marchandises.

**Titres Indexés sur un Evénement de Crédit :**

Les paiements relatifs aux Titres Indexés sur un Evénement de Crédit seront calculés par référence à la capacité de crédit d'une entité spécifique ou de plusieurs entités spécifiques selon les modalités convenues entre l'Emetteur et l'(s) Agent(s) Placeur(s) concerné(s) et tel que spécifié dans les Conditions Définitives applicables. En cas de survenance de certaines circonstances (y compris notamment: Faillite, Défaut de Paiement, Déchéance du Terme, Défaut de l'Obligation, Contestation/Moratoire ou Restructuration) relatives à une Entité de Référence, ou en cas de Titres sur Panier et de Titres sur Tranches, plusieurs Entités de Référence, dans chaque cas comme spécifié dans les Conditions Définitives applicables, l'obligation de l'Emetteur de payer le principal à l'échéance pourra être remplacée par (i) une obligation de payer d'autres montants égaux soit au(x) montant(s) fixe(s) spécifié(s) dans les Conditions Définitives applicables, soit à des

montants calculés par référence à la valeur de l'actif ou des actifs sous-jacents (qui pourront, dans chaque cas, être inférieurs à la valeur au pair des Titres à la date concernée), et/ou (ii) une obligation de livrer l'actif ou les actifs sous-jacents, tel que plus amplement décrit dans l'Annexe Technique Événement de Crédit.

**Actifs Indexés sur un Portefeuille d'Actifs Gérés :**

Les paiements relatifs Titres Indexés sur un Portefeuille d'Actifs Gérés seront calculés par référence un portefeuille d'actifs (panier de fonds, fonds ou instruments financiers adossés à un indice) selon les modalités convenues entre l'Emetteur et l'(s) Agent(s) Placeur(s) concerné(s) et tel que spécifié dans les Conditions Définitives applicables. Les Titres Indexés sur un Portefeuille d'Actifs Gérés peuvent également faire l'objet d'un ajustement ou d'un remboursement anticipé en cas de survenance de certains événements affectant le portefeuille d'actifs concerné, tel que plus amplement décrit dans l'Annexe Technique Portefeuilles d'Actifs Gérés.

**Autres dispositions relatives aux Titres à Taux Flottant et aux Titres Indexés :**

Les Titres à Taux Flottant et les Titres Indexés peuvent également être assortis d'un taux d'intérêt maximum, d'un taux d'intérêt minimum, ou des deux, ou être soumis à un coefficient multiplicateur, dans chaque cas comme indiqué dans les Conditions Définitives applicables.

**Titres Libellés en Deux Devises:**

Les paiements relatifs aux Titres Libellés en Deux Devises (que ce soit en principal et/ou intérêts, et que ce soit à échéance ou autrement) seront effectués selon les taux de conversion et dans les devises convenus entre l'Emetteur et l'Acquéreur ou les Acquéreurs concernés (comme indiqué dans les Conditions Définitives applicables).

**Titres à Règlement Physique:**

Les paiements relatifs aux Titres à Règlement Physique (que ce soit en principal et/ou intérêts, et que ce soit à échéance ou autrement), et toute livraison d'Actif(s) Sous-Jacent(s) relative aux Titres à Règlement Physique seront effectués conformément aux dispositions des Conditions Définitives applicables, sous réserve toujours des lois boursières applicables.

**Titres Zéro Coupon:**

Les Titres Zéro Coupon ne porteront pas intérêt (excepté en cas de retard de paiement).

**Titres assortis de Sûretés :**

Voir la Section "Description des Accords de Constitution de Garanties relatifs aux Titres Assortis de Sûretés" ci-dessous.

**Titres Indexés sur Actions de Préférence :**

Les paiements relatifs aux Titres Indexés sur Actions de Préférence sera calculé par rapport à la performance d'une seule action de préférence de Solentis Investment Solutions PCC (l'Emetteur des Actions de Préférence).

**Titres Indexés sur Warrant :**

Le montant de remboursement payable au titre des Titres Indexés sur Warrant sera effectué par rapport à la performance de warrants émis par l'Emetteur des Warrants.

**Remboursement :**

Les Conditions Définitives applicables indiqueront si les Titres ne

pourront pas être remboursés avant leur échéance convenue (autrement que selon les tranches d'amortissement spécifiées, s'il y a lieu, ou pour des raisons fiscales ou à la suite de la survenance d'un Cas de Défaut, ou d'une Option de Remboursement à Déclenchement ou, uniquement dans le cas de Titres assortis de Sûretés, à la suite de la survenance d'un Cas de Perturbation Garanties), ou si ces Titres (s'il s'agit de Titres à Règlement Physique) pourront être remboursés à leur échéance ou autrement par le paiement au(x) titulaire(s) d'un montant en numéraire et/ou par la livraison au(x) titulaire(s) des Actifs Sous-Jacents, ou si ces Titres pourront être remboursés au gré de l'Emetteur et/ou des Titulaires de Titres, moyennant un préavis irrévocable de trente jours au moins et de quarante-cinq jours au plus (ou tel autre préavis (éventuel) indiqué dans les Conditions Définitives applicables donné aux Titulaires de Titres ou à l'Emetteur, selon le cas, à une ou plusieurs dates spécifiées avant cette échéance convenue, et au(x) prix et conditions qui pourront être convenus entre l'Emetteur et l'Acquéreur ou les Acquéreurs concernés, comme indiqué dans les Conditions Définitives applicables.

Les Conditions Définitives applicables pourront stipuler que les Titres pourront être amortis en deux tranches d'amortissement ou davantage, pour les montants et aux dates indiqués dans les Conditions Définitives applicables.

## DESCRIPTION DES ACCORDS DE CONSTITUTION DE GARANTIES RELATIFS AUX TITRES ASSORTIS DE SURETES

Le texte suivant résume les accords de constitution de sûretés et de garanties dont bénéficient les Titres, si les Conditions Définitives applicables stipulent qu'ils sont soumis aux Modalités Supplémentaires détaillées dans l'Annexe Technique Garanties (les **Modalités relatives aux Garanties**) (ces Titres étant ci-après dénommés : les **Titres Assortis de Sûretés**). Les termes qui sont employés mais ne sont pas définis autrement dans ce résumé ont la signification qui leur est donnée dans les Modalités relatives aux Garanties.

### Généralités

Pour chaque Série de Titres Assortis de Sûretés, et afin de garantir ses engagements au titre de ces Titres, l'Emetteur conclura un contrat de gage (chacun étant un **Contrat de Gage**) qui sera régi par la loi luxembourgeoise du 5 août 2005 sur les contrats de garantie financière, telle que modifiée (la **Loi de 2005 sur les Contrats de Garantie**). En vertu de chaque Contrat de Gage, l'Emetteur consentira une sûreté de premier rang sur les Actifs Gagés contenus dans un ou plusieurs comptes (ces comptes étant collectivement dénommés : le **Compte Gagé**), détenus par l'Emetteur auprès de The Bank of New York Mellon (Luxembourg) S.A. ou auprès de tel autre dépositaire ou de telle autre banque spécifié(e) dans les Conditions Définitives applicables (le **Dépositaire des Garanties**), conformément aux dispositions d'un contrat de dépositaire conclu, entre autres, entre l'Emetteur et le Dépositaire des Garanties (le **Contrat de Dépositaire des Garanties**).

La sûreté consentie en vertu de chaque Contrat de Gage le sera en faveur (i) dans le cas des Titres de Droit Anglais, de BNY Mellon Corporate Trustee Services Limited ou de tel autre trustee des sûretés spécifié comme tel dans les Conditions Définitives applicables, (le **Trustee des Sûretés**) pour son propre compte et pour le compte des Titulaires de Titres concernés et des autres Parties Bénéficiaires des Garanties concernées (telles que définies dans les Modalités relatives aux Garanties, ou (ii) dans le cas des Titres de Droit Français, directement en faveur des Titulaires de Titres concernés et des autres Parties Bénéficiaires des Garanties concernées, représentés par BNY Mellon Corporate Trustee Services Limited ou par tel autre agent des sûretés spécifié comme tel dans les Conditions Définitives applicables (l'**Agent des Sûretés**).

Pour chaque Série de Titres de Droit Anglais garantis en vertu d'un Contrat de Gage, le Trustee des Sûretés nommé en qualité de créancier gagiste en vertu de ce Contrat de Gage conclura un contrat de fiducie-sûreté (*security trust deed*) régi par le droit anglais (un **Security Trust Deed**). Aux termes de chaque Security Trust Deed, le Trustee des Sûretés s'engagera à exercer ses droits en vertu du Contrat de Gage concerné pour le compte des Titulaires de Titres et en qualité de trustee de ceux-ci, et déclarera une fiducie (« trust ») en faveur des Titulaires de Titres sur les droits et des autres Parties Bénéficiaires des Garanties concernées qui lui sont consentis en vertu du Contrat de Gage concerné.

Pour chaque Série de Titres de Droit Français garantis en vertu d'un Contrat de Gage, les Modalités de cette Série stipuleront que l'Agent des Sûretés sera nommé en qualité d'agent des sûretés pour les Titulaires de Titres concernés, afin de créer, gérer et exécuter le Contrat de Gage concerné et la sûreté créée en vertu de celui-ci, en leur nom et pour leur compte, conformément à l'article 2328-1 du Code civil français. La souscription ou l'achat de Titres de Droit Français garantis par un Contrat de Gage, effectué par les Titulaires de Titres de la Série concernée, aura pour effet de nommer l'Agent des Sûretés au titre des Titres ainsi souscrits ou achetés. Les Titulaires de Titres concernés seront réputés avoir connaissance des stipulations du Contrat de Gage concerné et du Contrat d'Agent des Sûretés (tel que défini ci-après). En outre, l'Agent des Sûretés en vertu de ce Contrat de Gage conclura un contrat d'agent des sûretés régi par le droit français (le **Contrat d'Agent des Sûretés**) régissant le rôle de l'Agent des Sûretés pour chaque Série de Titres Assortis de Sûretés régis par le droit français.

## **Nature des Actifs Gagés**

Les actifs détenus sur un Compte Gagé sont ci-après dénommés : les Actifs Gagés. Les Actifs Gagés détenus sur un Compte Gagé et affectés à titre de sûreté conformément à un Contrat de Gage sont ci-après dénommés collectivement : le **Pool de Garanties**. Les Actifs Gagés contenus dans un Pool de Garanties peuvent comprendre :

- des espèces ;
- des titres de créance (y compris, mais sans caractère limitatif, des obligations d'Etat, des obligations d'entreprises, des obligations couvertes et des titres adossés à des actifs) ;
- des titres de capital ;
- des actions, parts ou droits dans des organismes de placement collectif ; et/ou
- tout autre actif.

Afin d'être inclus dans le calcul de la Valeur des Garanties (telle que définie ci-dessous), les Actifs Gagés doivent satisfaire aux critères d'éligibilité (les **Critères d'Éligibilité**) spécifiés dans les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés. Les Actifs Gagés satisfaisant aux Critères d'Éligibilité applicables sont ci-après dénommés : les **Actifs Éligibles Gagés**.

Les Critères d'Éligibilité spécifiés dans les Conditions Définitives applicables fixeront les critères auxquels doivent satisfaire les Actifs Gagés afin de constituer des Actifs Éligibles Gagés, et pourront inclure, entre autres, des limitations et exigences en ce qui concerne le type d'Actifs Gagés pouvant être détenus, la maturité des Actifs Gagés, la liquidité des Actifs Gagés, la juridiction du débiteur des Actifs Gagés ou de son garant, la notation de crédit du débiteur des Actifs Gagés ou de son garant, et/ou toutes autres limitations, restrictions et/ou exigences concernant les Actifs Gagés qui pourront être spécifiées dans les Conditions Définitives applicables.

En outre, les règles relatives aux garanties (les **Règles relatives aux Garanties**) spécifiées dans les Conditions Définitives applicables définiront les règles devant être respectées pour satisfaire au Test d'Admission des Garanties (tel que défini ci-dessous). Les Règles relatives aux Garanties pourront inclure, entre autres, des exigences relatives à la diversification des types d'Actifs Éligibles Gagés, à la localisation géographique des Actifs Éligibles Gagés ou à la devise des Actifs Éligibles Gagés qui peuvent être détenus dans un Pool de Garanties, et/ou toutes autres limitations, restrictions et/ou exigences concernant les Actifs Éligibles Gagés contenus dans le Pool de Garanties concerné qui pourront être spécifiées dans les Conditions Définitives applicables. Afin de lever toute ambiguïté, les Règles relatives aux Garanties applicables à un Pool de Garanties particulier seront satisfaites dans la mesure où les Actifs Éligibles Gagés qui ont une Valeur des Garanties (telle que définie ci-dessous) au moins égale à la Valeur Requise des Garanties (telle que définie ci-dessous), satisfont les Règles relatives aux Garanties.

## **Pool de Garanties Série Unique et Pool de Garanties Séries Multiples**

Un Pool de Garanties peut être soit un Pool de Garanties Série Unique, soit un Pool de Garanties Séries Multiples, tel que chacun est défini ci-dessous.

Si les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés spécifient que la clause "Pool de Garanties Série Unique" s'applique à cette Série, cette Série de Titres Assortis de Sûretés sera la seule Série de Titres Assortis de Sûretés garantie par le Pool de Garanties concerné.

Si les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés spécifient que la clause "Pool de Garanties Séries Multiples" s'applique à cette Série, cette Série de Titres Assortis de Sûretés

pourra être garantie par un Pool de Garanties garantissant une ou plusieurs Séries de Titres Assortis de Sûretés. Dans ce scénario, à la suite de l'exécution du Contrat de Gage concerné, toutes les Séries de Titres Assortis de Sûretés garantis par ce Pool de Garanties se partageront les produits de la réalisation des Actifs Gagés constituant ce Pool de Garanties, ou, si les Conditions Définitives applicables spécifient que la clause "Livraison Physique des Actifs Gagés" s'applique, la livraison des Actifs Gagés contenus dans ce Pool de Garanties, dans chaque cas à égalité de rang (*pari passu*) entre elles.

Chaque Série de Titres Assortis de Sûretés garantis en vertu d'un Pool de Garanties Séries Multiples doit (i) être soumise à la même loi applicable (c'est-à-dire se composer exclusivement de Titres de Droit Anglais ou de Titres de Droit Français), (ii) être exclusivement soumise à la clause "Livraison Physique d'Actifs Gagés" ou ne pas être soumise à la clause "Livraison Physique d'Actifs Gagés", telle que décrite ci-dessous), (iii) être soumise aux mêmes Critères d'Eligibilité et aux mêmes Règles relatives aux Garanties, (iv) être soumise à la même/aux mêmes valeurs de Décote pour chaque type ou catégorie d'Actifs Eligibles Gagés, et (v) avoir les mêmes Dates de Test d'Admission de Garanties.

Les Titulaires de Titres acquérant et détenant des Titres Assortis de Sûretés auxquelles s'applique la clause "Pool de Garanties Séries Multiples" seront réputés reconnaître, accepter et approuver les droits des Titulaires de Titres de Séries différentes de Titres Assortis de Sûretés, existants et futurs, de partager au même rang avec eux les sûretés créées sur les Actifs Gagés du Pool de Garanties Séries Multiples, au même rang.

#### **Recours Limité et Engagement de ne pas agir en Faillite**

En acquérant et détenant des Titres Assortis de Sûretés, les Titulaires de Titres seront réputés reconnaître et convenir que les obligations de l'Emetteur envers les Titulaires de Titres sont limitées au recours de ceux-ci à l'encontre des Actifs Gagés contenus dans le Pool de Garanties particulier garantissant cette Série de Titres Assortis de Sûretés, dans le cas d'un Pool de Garanties Série Unique et d'un Pool de Garanties Séries Multiples. En particulier, les Actifs Gagés contenus dans tout autre Pool de Garanties ne seront pas disponibles pour payer des montants dus au titre de toutes Titres Assortis de Sûretés qui ne sont pas garantis par ce Pool de Garanties. Afin de lever toute ambiguïté, dans ce scénario, les Titulaires de Titres continueront de pouvoir exercer leurs recours contre le Garant, conformément aux termes de la Garantie, au titre de tous montants restant impayés.

En outre, en acquérant et détenant des Titres Assortis de Sûretés, les Titulaires de Titres seront réputés reconnaître et convenir qu'ils ne sont pas habilités à prendre des mesures ou à diligenter des procédures quelconques afin d'obtenir la dissolution, la mise en redressement judiciaire ou la liquidation de l'Emetteur (ou toute autre mesure analogue à son encontre).

#### **Couverture des obligations de l'Emetteur**

L'Emetteur peut couvrir ses obligations au titre d'une Série de Titres Assortis de Sûretés de différentes manières, y compris en concluant des contrats de mise en pension (**Contrats de Mise en Pension**) ou des contrats de swap (**Contrats de Swap**), ou tous autres contrats (tout Contrat de Mise en Pension, Contrat de Swap ou autre contrat précité étant un **Contrat de Couverture**) avec un contrepartie qui peut être la Société Générale ou un affilié de la Société Générale, ou telles autres entités que l'Emetteur pourra juger appropriées de temps à autre (chacune de ces entités étant une **Contrepartie**). Ces opérations peuvent également inclure des clauses prévoyant le transfert à l'Emetteur d'actifs qu'il pourra utiliser en tant qu'Actifs Gagés par l'Emetteur afin de garantir ses obligations au titre des Titres Assortis de Sûretés. Si ces Contrats de Couverture prévoient le transfert d'actifs à l'Emetteur, ce transfert sera effectué en pleine propriété.

Un Contrat de Swap pourra être constaté par une Convention Cadre et Annexe ISDA 1992 ou une Convention Cadre et Annexe ISDA 2002, avec une confirmation conclue par l'Emetteur et la Contrepartie au titre de la Série de Titres Assortis de Sûretés concernée telle qu'amendée, complétée ou modifiée autrement de temps à autre. Si les obligations de la Contrepartie en vertu du Contrat de Swap doivent être collatéralisées, le

Contrat de Swap pourra être complété par une Annexe Soutien du Crédit ISDA 1995 (Version Bilatérale – Transfert).

Un Contrat de Mise en Pension peut revêtir en substance la forme d'une convention "2000 TBMA/ISMA Global Master Repurchase Agreement", d'une "Convention Cadre FBF relative aux opérations de pensions livrées", tel(le) qu'amendé(e), complété(e) ou modifié(e) autrement de temps à autre, ou de toute autre convention ayant un effet similaire.

### **Evaluation des Garanties et des Titres Assortis de Sûretés**

Afin d'assurer qu'une Série de Titres Assortis de Sûretés est garantie conformément à ses termes, la valeur totale des Actifs Gagés constituant des Actifs Eligibles Gagés (après avoir tenu compte de toute Décote appliquée sur ces actifs, telle que plus amplement décrite ci-dessous) (la **Valeur des Garanties**), et la valeur totale des Titres Sans Renonciation (telles que définies ci-dessous) de chaque Série de Titres Assortis de Sûretés garantis par ce Pool de Garanties seront chacune testées à la Date d'Emission de cette Série de Titres Assortis de Sûretés, puis sur une base périodique, comme spécifié dans les Conditions Définitives (chacune de ces dates de test étant une **Date de Test des Garanties**). La Valeur des Garanties et la valeur totale des Titres Sans Renonciation serviront à calculer la valeur totale requise des Actifs Eligibles Gagés qui doivent être détenus sur un Compte Gagé afin de garantir une ou plusieurs Séries de Titres Assortis de Sûretés (la **Valeur Requise des Garanties**).

Pour chaque Série de Titres Assortis de Sûretés, à la Date d'Emission de cette Série de Titres Assortis de Sûretés, puis à chaque Date de Test des Garanties suivante, la Société Générale ou tel autre gérant des garanties spécifié dans les Conditions Définitives applicables (le **Gérant des Garanties**) calculera la Valeur des Garanties conformément aux dispositions d'un contrat de gestion des garanties conclu, entre autres, entre l'Emetteur et le Gérant des Garanties (le **Contrat de Gestion des Garanties**).

Le Gérant des Garanties calculera la Valeur des Garanties dans la devise d'évaluation des garanties spécifiée dans les Conditions Définitives applicables (la **Devise d'Evaluation des Garanties**) à la Date d'Evaluation concernée (telle que décrite ci-dessous), en utilisant telle(s) méthode(s) d'évaluation que le Gérant des Garanties pourra déterminer à sa discrétion, en agissant de bonne foi et d'une manière commercialement raisonnable. Si la devise de dénomination d'un Actif Gagé est différente de la Devise d'Evaluation des Garanties, le Gérant des Garanties convertira la valeur de cet Actif Gagé au taux de change au comptant applicable. Le taux de change au comptant applicable sera le taux affiché sur la Page Ecran de la Devise des Garanties à l'Heure Spécifiée pour la Devise des Garanties, telles qu'elles sont chacune spécifiées dans les Conditions Définitives applicables ou, si cette Page Ecran de la Devise des Garanties n'est pas spécifiée dans les Conditions Définitives applicables ou n'est pas disponible, le taux de change au comptant applicable sera le taux déterminé par le Gérant des Garanties, agissant de bonne foi et d'une manière commercialement raisonnable.

Lorsqu'il calculera la Valeur des Garanties au titre d'Actifs Eligibles Gagés, et si les Conditions Définitives stipulent qu'il en soit ainsi, le Gérant des Garanties tiendra compte de la Décote (à savoir le pourcentage dont la valeur de chaque type ou catégorie d'Actifs Gagés composant un Pool de Garanties doit être réduite) (telle que définie dans les Modalités relatives aux Garanties) spécifiée dans les Conditions Définitives applicables. Lorsqu'il effectuera ses calculs décrits sous la section "*Vérification par l'Agent de Contrôle des Garanties*" ci-dessous, l'Agent de Contrôle des Garanties appliquera également la ou les valeurs de Décote appropriées spécifiées dans les Conditions Définitives applicables.

En outre, à chaque Date de Test des Garanties pour chaque Série de Titres Assortis de Sûretés (autre qu'une Série pour laquelle les Conditions Définitives stipulent que la clause Collatéralisation VN (*NV Collateralisation*) est applicable), Société Générale ou tout autre agent d'évaluation des titres spécifié dans les Conditions Définitives applicables (l'**Agent d'Evaluation des Titres**) calculera, conformément aux dispositions d'un contrat d'agent d'évaluation des titres conclu, entre autres, entre l'Emetteur et l'Agent d'Evaluation des Titres (le **Contrat d'Agent d'Evaluation des Titres**), une valeur de marché applicable à chaque Titre Assorti de Sûretés de cette Série (la **Valeur de Marché du Titre Assorti de Sûretés**), et communiquera cette valeur au

Gérant des Garanties et à l'Agent de Contrôle des Garanties. La Valeur de Marché du Titre Assorti de Sûretés sera la valeur de marché du Titre Assorti de Sûretés concerné, déterminée par l'Agent d'Evaluation des Titres à la Date d'Evaluation, sur la base de telle méthode d'évaluation que l'Agent d'Evaluation des Titres pourra déterminer à sa discrétion, en agissant de bonne foi, d'une manière commercialement raisonnable et conformément aux stipulations du Contrat d'Agent d'Evaluation des Titres.

Afin de lever toute ambiguïté, la Valeur de Marché du Titre Assorti de Sûretés, déterminée par l'Agent d'Evaluation des Titres, peut différer de la Valeur de Marché déterminée par l'Agent de Calcul conformément à la Modalité 6(h)(v) des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou à la Modalité 5(h)(v) des Modalités des Titres de Droit Français, et du prix proposé, selon le cas, par la Société Générale ou tout affilié de la Société Générale ou toutes autres entités agissant en qualité de teneur de marché sur le marché secondaire d'un Titre.

Sauf stipulation contraire des Conditions Définitives applicables, la Date d'Evaluation sera le Jour Ouvré Garanties (tel que défini dans les Modalités relatives aux Garanties) précédant immédiatement la Date d'Emission ou la Date de Test des Garanties concernée, selon le cas, ou, si une évaluation de l'Actif Gagé concerné ou du Titre Assorti de Sûretés concerné, selon le cas, n'est pas disponible à cette date, la date de la dernière évaluation disponible de cet Actif Gagé ou de ce Titre Assorti de Sûretés.

### **Renonciation aux droits sur des Actifs Gagés**

Si les Conditions Définitives applicables stipulent que la clause "Renonciation aux Droits" s'applique, certains Titulaires de Titres ayant l'intention de détenir des Titres Assortis de Sûretés (y compris, mais sans caractère limitatif, en leur qualité de teneur de marché) pourront renoncer à leurs droits de recevoir les produits de la réalisation des Actifs Gagés garantissant ces Titres Assortis de Sûretés (ou, si les Conditions Définitives applicables stipulent que la clause Livraison Physique d'Actifs Gagés s'applique, la livraison des Actifs Gagés) à la suite de l'exécution du Contrat de Gage concerné (ces Titres Assortis de Sûretés étant dénommés : les **Titres Avec Renonciation**). En conséquence, lorsqu'ils calculeront dans ces circonstances la Valeur Requise des Garanties conformément aux dispositions décrites ci-dessous, le Gérant des Garanties et l'Agent de Contrôle des Garanties ne prendront en compte que la valeur des Titres Assortis de Sûretés qui n'ont pas fait l'objet de cette renonciation (ces Titres étant dénommés : les **Titres Sans Renonciation**).

Chaque porteur de Titres Avec Renonciation sera tenu (i) d'informer le Gérant des Garanties et, à sa demande, de lui justifier du nombre de Titres Avec Renonciation qu'il détient à la Date d'Emission et à chaque Date de Test des Garanties, et (ii) de notifier au Gérant des Garanties tout transfert de Titres Avec Renonciation dès après ce transfert. Le Jour Ouvré Garanties suivant cette notification sera réputé être une Date de Test des Garanties et le Gérant des Garanties informera l'Agent de Contrôle des Garanties de cette date.

A chaque Date de Test des Garanties, le Gérant des Garanties devra notifier le nombre de Titres Avec Renonciation à l'Emetteur et à l'Agent de Contrôle des Garanties. A la demande de l'Emetteur ou de l'Agent de Contrôle des Garanties, le Gérant des Garanties demandera à un porteur de Titres Avec Renonciation de justifier le nombre de Titres Avec Renonciation qu'il détient, et fournira une copie du justificatif ainsi fourni à l'Emetteur ou à l'Agent de Contrôle des Garanties, selon le cas.

Ni l'Emetteur, ni le Garant, ni le Gérant des Garanties ni l'Agent de Contrôle des Garanties ni le Trustee des Sûretés ni l'Agent des Sûretés ne seront responsables de toutes informations incorrectes, inexactes ou incomplètes concernant le nombre de Titres Avec Renonciation appartenant à une ou plusieurs Séries de Titres Assortis de Sûretés qui pourront avoir été fournies au Gérant des Garanties par ou pour le compte de tout porteur de Titres Avec Renonciation, et aucun de l'Emetteur, du Garant, du Gérant des Garanties, de l'Agent de Contrôle des Garanties, du Trustee des Sûretés ou de l'Agent des Sûretés n'aura l'obligation de vérifier ou de confirmer autrement le nombre de Titres Avec Renonciation ainsi détenus.

Les porteurs de Titres Avec Renonciation seront également réputés avoir renoncé à leurs droits d'adresser à l'Emetteur et au Garant une notification écrite les informant que les Titres Avec Renonciation sont

immédiatement exigibles et remboursables pour leur Montant de Remboursement Anticipé en cas de survenance d'un Cas de Défaut suivant la signification d'une Notification de Défaut de Garanties Requises (telle que décrite ci-dessous).

### **Valeur Requise des Garanties**

En relation avec un Pool de Garanties Série Unique, la Valeur Requise des Garanties sera calculée par le Gérant des Garanties à la Date d'Emission et à chaque Date de Test des Garanties concernée, de la manière suivante :

- (i) si les Conditions Définitives stipulent que la clause "Collatéralisation VM" (*MV Collateralisation*) est applicable à une Série de Titres Assortis de Sûretés, la Valeur Requise des Garanties sera égale à la Valeur de Marché du Titre Assorti de Sûretés multipliée par le nombre de Titres Sans Renonciation ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la Valeur de Marché du Titre Assorti de Sûreté multipliée par le nombre de Titres Sans Renonciation ;
- (ii) si les Conditions Définitives stipulent que la clause "Collatéralisation VN" (*NV Collateralisation*) est applicable à une Série de Titres Assortis de Sûretés, la Valeur Requise des Garanties sera égale à la valeur nominale totale des Titres Sans Renonciation de cette Série ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la valeur nominale totale des Titres Sans Renonciation de cette Série ;
- (iii) si les Conditions Définitives stipulent que la clause "Collatéralisation Min (VM, VN)" (*Min (MV, NV) Collateralisation*) est applicable à une Série de Titres Assortis de Sûretés, la Valeur Requise des Garanties sera égale à la plus faible de (a) la Valeur de Marché du Titre Assorti de Sûretés multipliée par le nombre de Titres Sans Renonciation ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la Valeur de Marché du Titre Assorti de Sûreté multipliée par le nombre de Titres Sans Renonciation ; ou (b) la valeur nominale totale des Titres Sans Renonciation de cette Série ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la valeur nominale totale des Titres Sans Renonciation de cette Série ; ou
- (iv) si les Conditions Définitives stipulent que la clause "Collatéralisation Max (VM, VN)" (*Max (MV, NV) Collateralisation*) est applicable à une Série de Titres Assortis de Sûretés, la Valeur Requise des Garanties sera égale à la plus élevée de (a) la Valeur de Marché du Titre Assorti de Sûretés multipliée par le nombre de Titres Sans Renonciation ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la Valeur de Marché du Titre Assorti de Sûreté multipliée par le nombre de Titres Sans Renonciation ; ou (b) la valeur nominale totale des Titres Sans Renonciation de cette Série ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, la proportion spécifiée de la valeur nominale totale des Titres Sans Renonciation de cette Série.

Afin de lever toute ambiguïté, excepté dans le cas visé au (ii) ci-dessus, le Gérant des Garanties sera tenu d'utiliser la Valeur de Marché du Titre Assorti de Sûretés déterminée par l'Agent d'Evaluation des Titres pour déterminer la Valeur Requise des Garanties.

Pour un Pool de Garanties Séries Multiples, la Valeur Requise des Garanties sera déterminée par le Gérant des Garanties, à la Date d'Emission puis à chaque Date de Test des Garanties concernée, comme la somme des montants calculés conformément aux sous-paragraphes (i), (ii), (iii) ou (iv) ci-dessus au titre de chaque Série de Titres Assortis de Sûretés garantis par le Pool de Garanties concerné.

Pour déterminer la Valeur Requise des Garanties, si la Devise Spécifiée de tout Titre Assorti de Sûretés est différente de la Devise d'Evaluation des Garanties, le Gérant des Garanties convertira la Valeur de Marché

du Titre Assorti de Sûretés et/ou la valeur nominale, selon le cas, de ce Titre Assorti de Sûretés, au taux de change au comptant applicable. Le taux de change au comptant applicable sera le taux affiché sur la Page Ecran de la Devise des Garanties à l'Heure Spécifiée pour la Devise des Garanties, telles qu'elles sont chacune spécifiées dans les Conditions Définitives applicables ou, si cette Page Ecran de la Devise des Garanties n'est pas spécifiée dans les Conditions Définitives applicables ou n'est pas disponible, le taux de change au comptant applicable sera le taux déterminé par le Gérant des Garanties, agissant de bonne foi et d'une manière commercialement raisonnable.

#### **Ajustements du Pool de Garanties et Notification de Test des Garanties**

A chaque Date de Test des Garanties se rapportant à une Série de Titres Assortis de Sûretés donnée, le Gérant des Garanties déterminera si (i) les Règles relatives aux Garanties applicables à ce Pool de Garanties sont respectées et (ii) la Valeur des Garanties est égale ou supérieure à la Valeur Requise des Garanties pour ce Pool de Garanties (en tenant compte de toute(s) valeur(s) de Décote à appliquer aux Actifs Gagés et de la valeur totale de tous Titres Avec Renonciation) (les deux vérifications visées aux (i) et (ii) ci-dessus étant ci-après dénommées : le **Test des Garanties**). Pour déterminer si le Test des Garanties est satisfait, il sera tenu compte des Actifs Gagés pour lesquels des instructions de transfert au Compte Gagé concerné ont été fournies à cette Date de Test des Garanties ou avant cette date, et il ne sera pas tenu compte des Actifs Gagés pour lesquels des instructions de retrait du Compte Gagé concerné ont été fournies à cette Date de Test des Garanties ou avant cette date.

Si le Gérant des Garanties détermine, à une Date de Test des Garanties, que le Test des Garanties n'est pas satisfaisant pour un Pool de Garanties spécifique, le Gérant des Garanties, agissant pour le compte de l'Emetteur, sélectionnera le type et la quantité d'Actifs Gagés devant être déposés sur le Compte Gagé (ou sélectionnera les Actifs Gagés devant être remplacés par d'autres Actifs Gagés), afin que le Test des Garanties soit satisfaisant après cet ajustement.

Si le Gérant des Garanties détermine, à une Date de Test des Garanties, que le Test des Garanties est satisfaisant pour un Pool de Garanties spécifique et si, à cette date, la Valeur des Garanties est supérieure à la Valeur Requise des Garanties, le Gérant des Garanties, agissant pour le compte de l'Emetteur, sera en droit de sélectionner les Actifs Gagés à retirer du Compte Gagé (ou sera en droit de sélectionner les Actifs Gagés existants devant être remplacés par d'autres Actifs Gagés), sous réserve qu'après cet ajustement, le Test des Garanties continue d'être satisfaisant.

Chaque Jour Ouvré Garanties, si le Gérant des Garanties, agissant pour le compte de l'Emetteur, a l'intention de procéder à des ajustements des Actifs Gagés détenus dans un Pool de Garanties (y compris, mais sans caractère limitatif, des ajustements afin de garantir que le Test des Garanties soit satisfaisant), le Gérant des Garanties enverra ou fera envoyer une notification (une **Notification de Test des Garanties**) à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), spécifiant les ajustements qu'il entend apporter au Pool de Garanties (y compris, entre autres, au type et à la quantité de tous Actifs Gagés devant être déposés et/ou retirés).

#### **Vérification par l'Agent de Contrôle des Garanties – Résolution des différends**

A chaque Date de Test des Garanties, The Bank of New York Mellon, Succursale de Londres, ou tel autre agent de contrôle des garanties spécifié dans les Conditions Définitives applicables (l'**Agent de Contrôle des Garanties**) calculera, conformément aux dispositions d'un contrat d'agent de contrôle des garanties conclu, entre autres, entre l'Emetteur et l'Agent de Contrôle des Garanties (le **Contrat d'Agent de Contrôle des Garanties**), la Valeur des Garanties et la Valeur Requise des Garanties, et vérifiera si le Test des Garanties est satisfait. Afin de lever toute ambiguïté, la Valeur de Marché du Titre Assorti de Sûretés, déterminée par l'Agent d'Evaluation des Titres ainsi qu'il est dit ci-dessus et le nombre total de Titres Avec Renonciation notifié à l'Agent de Contrôle des Garanties lieront l'Agent de Contrôle des Garanties dans sa détermination de la Valeur Requise des Garanties.

Si, à la Date de Test des Garanties concernée :

- (i) une Notification de Test des Garanties a été signifiée par le Gérant des Garanties et si l'Agent de Contrôle des Garanties détermine que le Test des Garanties ne sera pas satisfait (y compris après avoir tenu compte de tous ajustements spécifiés dans cette Notification de Test des Garanties) ; ou
- (ii) aucune Notification de Test des Garanties n'a été signifiée par le Gérant des Garanties, mais l'Agent de Contrôle des Garanties a déterminé que des ajustements doivent être apportés aux Actifs Gagés pour que le Test des Garanties soit satisfait,

l'Agent de Contrôle des Garanties devra, le Jour Ouvré Garanties suivant immédiatement la Date de Test des Garanties, adresser une notification écrite au Gérant des Garanties détaillant le(s) motif(s) pour le(s)quel(s) il estime que le Test des Garanties est ou ne sera pas satisfait (cette notification étant ci-après dénommée : la **Notification de l'Agent de Contrôle des Garanties**).

Après la réception de la Notification de l'Agent de Contrôle des Garanties, le Gérant des Garanties déterminera s'il est d'accord avec le contenu de la Notification de l'Agent de Contrôle des Garanties. Si le Gérant des Garanties accepte le contenu de la Notification de l'Agent de Contrôle des Garanties, le Gérant des Garanties devra, le Jour Ouvré Garanties suivant immédiatement la réception d'une Notification de l'Agent de Contrôle des Garanties, envoyer ou faire envoyer une Notification de Test des Garanties révisée (une **Notification de Test des Garanties Révisée Premier Niveau**) à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), spécifiant les ajustements qu'il est convenu d'apporter au Pool de Garanties (y compris, entre autres, au type et à la quantité de tous Actifs Gagés devant être déposés et/ou retirés), de telle sorte que le Test des Garanties soit satisfait.

Si le Gérant des Garanties conteste le contenu d'une Notification de l'Agent de Contrôle des Garanties il devra, le Jour Ouvré Garanties suivant immédiatement la réception d'une Notification de l'Agent de Contrôle des Garanties, notifier ce différend par écrit à l'Agent de Contrôle des Garanties (une **Notification de Différend**), et l'Agent de Contrôle des Garanties et le Gérant des Garanties devront se concerter de bonne foi afin de tenter de résoudre le différend.

Si le Gérant des Garanties et l'Agent de Contrôle des Garanties parviennent à régler le différend, à la suite de cette concertation, d'ici le deuxième Jour Ouvré Garanties suivant la signification de la Notification de Différend, le Gérant des Garanties devra envoyer ou faire envoyer une Notification de Test des Garanties révisée (une **Notification de Test des Garanties Révisée Second Niveau**) à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), spécifiant les ajustements qu'il est convenu d'apporter au Pool de Garanties (y compris, entre autres, au type et à la quantité de tous Actifs Gagés devant être déposés et/ou retirés), de telle sorte que le Test des Garanties soit satisfaisant.

Si le Gérant des Garanties et l'Agent de Contrôle des Garanties ne parviennent pas à régler le différend, d'ici le deuxième Jour Ouvré Garanties suivant la signification de la Notification de Différend, le Gérant des Garanties (agissant pour le compte de l'Emetteur) devra notifier par écrit à l'Agent de Contrôle des Garanties (cette notification étant une **Notification de Procédure de Règlement de Différend**) qu'il engagera la procédure suivante de règlement du différend (la **Procédure de Règlement d'un Différend relatif au Test des Garanties**), afin de déterminer les ajustements à apporter au Pool de Garanties : cette procédure consistera à :

- (i) utiliser tous calculs règles ou critères dont le Gérant des Garanties et l'Agent de Contrôle des Garanties seront convenus qu'ils ne sont pas contestés ;
- (ii) si ce différend a trait à la satisfaction des Critères d'Eligibilité ou au respect des Règles relatives aux Garanties, nommer un tiers indépendant (agissant en qualité d'expert et non d'arbitre) choisi par le Gérant des Garanties et approuvé par l'Agent de Contrôle des Garanties (cette approbation ne devant pas être refusée sans motif légitime), afin de déterminer si ces Critères d'Eligibilité et ces Règles

relatives aux Garanties sont respectés, la détermination de cette personne étant finale et obligatoire pour le Gérant des Garanties et l'Agent de Contrôle des Garanties ; et

- (iii) calculer la valeur des Actifs Gagés dont la valeur est contestée, en déployant des efforts raisonnables pour rechercher quatre cotations moyennes effectives, fermes et exécutable pour ces Actifs Gagés, pour des volumes de contrats approximativement égaux à la valeur de ces Actifs Gagés, auprès d'opérateurs de premier plan spécialisés dans la négociation d'actifs du type des Actifs Gagés qui se sont engagés à traiter avec l'Emetteur ou la Contrepartie, pouvant inclure Société Générale, qui seront choisis par le Gérant des Garanties agissant à sa seule discrétion et d'une manière commercialement raisonnable, et retenir la moyenne pondérée des cotations ainsi obtenues ; étant entendu que si quatre cotations ne sont pas disponibles pour un Actif Gagé particulier, moins de quatre cotations pourront être utilisées pour cet Actif Gagé, et si aucune cotation n'est disponible pour un Actif Gagé particulier, les calculs originels du Gérant des Garanties serviront pour déterminer la valeur de cet Actif Gagé.

A la suite d'un nouveau calcul effectué en vertu de la Procédure de Règlement d'un Différend relatif au Test des Garanties, le Gérant des Garanties devra signifier une **Notification de Test des Garanties Post-Différend** à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), contenant la Valeur des Garanties, la Valeur Requise des Garanties et tous les ajustements devant être apportés au Pool de Garanties, de telle sorte que le Test des Garanties soit satisfait, dans chaque cas déterminés selon la Procédure de Règlement d'un Différend relatif au Test des Garanties, dès que possible mais en toute hypothèse au plus tard le 30<sup>ème</sup> Jour Ouvré Garanties suivant la signification de la Notification de l'Agent de Contrôle des Garanties. Une Notification de Test des Garanties Post-Différend signifiée après l'issue d'une Procédure de Règlement d'un Différend relatif au Test des Garanties liera le Gérant des Garanties et l'Agent de Contrôle des Garanties et ne sera soumise à aucune vérification supplémentaire de la part de l'Agent de Contrôle des Garanties. Afin de lever toute ambiguïté, la détermination de la Valeur des Garanties, de la Valeur Requise des Garanties et des ajustements devant être apportés à un Pool de Garanties, conformément à la Procédure de Règlement d'un Différend relatif à un Test des Garanties, ne constituera pas un Cas de Défaut.

### **Période de Règlement Requise**

La livraison des Actifs Gagés nécessaires pour apporter les ajustements requis au Pool de Garanties, conformément à une Notification de Test des Garanties, une Notification de Test des Garanties Révisée Premier Niveau, une Notification de Test des Garanties Révisée Second Niveau ou une Notification de Test des Garanties Post-Différend, selon le cas, devra être réglée au plus tard le dixième Jour Ouvré Garanties suivant la signification de cette Notification de Test des Garanties ou, si cette Notification de Test des Garanties est suivie par une Notification de l'Agent de Contrôle des Garanties, suivant la signification de la Notification de Test des Garanties Révisée Premier Niveau, de la Notification de Test des Garanties Révisée Second Niveau ou de la Notification de Test des Garanties Post-Différend, selon le cas (cette période étant dénommée : la **Période de Règlement Requise**) ; étant cependant entendu que cette période de 10 Jours Ouvrés Garanties pourra être prolongée d'une période supplémentaire maximum de 60 Jours Ouvrés Garanties (i) si les ajustements devant être apportés au Pool de Garanties n'ont pas été réglés en conséquence d'un événement échappant au contrôle du Gérant des Garanties, de l'Agent de Contrôle des Garanties et de l'Emetteur (y compris, mais sans caractère limitatif, en conséquence du défaut ou de l'incapacité du système de compensation compétent à compenser les Actifs Gagés concernés), ou (ii) en relation avec des Actifs Gagés pour lesquels la période de règlement habituelle est supérieure à 10 Jours Ouvrés Garanties dans les conditions normales du marché.

### **Substitutions**

Si les Conditions Définitives applicables stipulent que la clause "Substitution d'Actifs Gagés" s'applique, l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) pourra retirer et/ou remplacer des Actifs Gagés de tout Compte Gagé, sous réserve que le Test des Garanties continue d'être satisfait après cet ajustement. L'Emetteur (ou le Gérant des Garanties, agissant pour son compte) enverra ou fera envoyer une Notification de Test des Garanties à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec

copie à l'Emetteur et au Garant, selon le cas), spécifiant les ajustements devant être apportés au Pool de Garanties (y compris, entre autres, au type et à la quantité d'Actifs Gagés devant être déposés et/ou retirés). Le Jour Ouvré Garanties suivant immédiatement un jour où l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) signifiera cette Notification de Test des Garanties, en vue de remplacer des Actifs Gagés, sera réputé être une Date de Test des Garanties.

#### **Notification de défaut de règlement**

Le Dépositaire des Garanties devra adresser une notification à l'Emetteur, au Gérant des Garanties et à l'Agent de Contrôle des Garanties si le règlement de tout transfert d'Actifs Gagés n'a pas été achevé dans le délai correspondant à la pratique habituelle du marché pour le règlement du type d'Actif Gagé ainsi transféré. Afin de lever toute ambiguïté, cette notification devra être prise en compte pour évaluer si le règlement a eu lieu pendant la Période de Règlement Requise décrite ci-dessus.

#### **Remboursement Anticipé après la survenance d'un Cas de Perturbation Garanties**

Si l'Emetteur ou le Gérant des Garanties détermine qu'un Cas de Perturbation Garanties s'est produit, l'Emetteur pourra, à sa seule et en son absolue discrétion, rembourser ou annuler, selon le cas, tous les Titres Assortis de Sûretés concernés. Afin d'exercer son option de remboursement des Titres après la survenance d'un Cas de Perturbation Garanties, l'Emetteur devra immédiatement adresser une notification, 30 jours au plus et 15 jours au moins à l'avance (sauf stipulation contraire des Conditions Définitives applicables) au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français) et aux Titulaires de Titres, et, à l'expiration de ce préavis, l'Emetteur devra rembourser chaque Titre au Montant de Remboursement Anticipé spécifié dans les Conditions Définitives applicables.

Les Cas de Perturbation Garanties sont définis dans les Modalités et incluent, mais sans caractère limitatif, le cas dans lequel l'Emetteur se trouverait dans l'incapacité, en dépit d'efforts commercialement raisonnables, d'acquérir les Actifs Gagés nécessaires, ou devrait encourir des coûts substantiellement accrus pour les acquérir, ou encore le cas dans lequel l'Emetteur se trouverait dans l'incapacité, en dépit d'efforts commercialement raisonnables, de trouver une Partie à un Contrat de Garantie (telle que définie ci-dessous) de substitution ou de remplacement, à la suite de la résiliation des contrats concernés ou de la démission ou de la révocation, pour un motif quelconque, de toute Partie à un Contrat de Garantie.

Afin de lever toute ambiguïté, la survenance d'un Cas de Perturbation Garanties ne constituera pas un Cas de Défaut.

#### **Défaut de fourniture d'Actifs Gagés**

L'Emetteur sera réputé avoir manqué à son obligation de fournir le niveau requis de garanties en relation avec un Pool de Garanties particulier, si :

- (i) après la réception d'une Notification de l'Agent de Contrôle des Garanties, qui indique que le Test des Garanties n'est pas satisfaisant (ou ne sera pas satisfaisant après avoir tenu compte de tous ajustements spécifiés dans la Notification de Test des Garanties) :
  - (A) aucune Notification de Test des Garanties Révisée Premier Niveau ni aucune Notification de Différend n'a été envoyée ; ou
  - (B) aucune Notification de Test des Garanties Révisée Second Niveau ni aucune Notification de Procédure de Règlement d'un Différend n'a été envoyée ; ou
  - (C) aucune Notification de Test des Garanties Post-Différend n'a été envoyée,

dans chaque cas au plus tard le cinquième Jour Ouvré Garanties suivant la date à laquelle le Gérant des Garanties avait l'obligation d'envoyer cette notification à l'Agent de Contrôle des Garanties ; ou

- (ii) l'Emetteur ou le Gérant des Garanties (agissant pour le compte de l'Emetteur) manque de livrer les Actifs Gagés supplémentaires nécessaires dans la Période de Règlement Requisite, et, en conséquence de ce manquement, le Test des Garanties ne serait pas satisfaisant pendant 5 Jours Ouvrés Garanties consécutifs suivant la fin de cette Période de Règlement Requisite (pour déterminer si le Test des Garanties a été satisfait, seuls seront pris en compte les Actifs Gagés qui ont été effectivement transférés au Compte Gagé concerné).

La survenance d'un événement de la nature spécifiée aux paragraphes (i) ou (ii) ci-dessus est ci-après dénommée : un **Défaut des Garanties Requises**.

Après la survenance d'un Défaut des Garanties Requises, l'Agent de Contrôle des Garanties enverra une notification (une **Notification de Défaut des Garanties Requises**) à l'Emetteur, au Garant, au Gérant des Garanties, au Dépositaire des Garanties, au Trustee des Sûretés (dans le cas de Titres de Droit Anglais) et à l'Agent des Sûretés (dans le cas de Titres de Droit Français), spécifiant qu'il s'est produit un cas de Défaut des Garanties Requises dès que cela est raisonnablement possible et dans tous les cas dans une période de deux Jours Ouvrés Garanties. L'Emetteur ou, à défaut le Trustee des Sûretés (dans le cas de Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas de Titres de Droit Français), devra adresser un avis à tous les Titulaires de Titres concernés, dès que cela sera raisonnablement possible après la réception d'une Notification de Défaut des Garanties Requises.

#### **Cas de Défaut, Garantie et Exécution des Garanties**

Les Titres Assortis de Sûretés seront soumises aux mêmes Cas de Défaut que ceux qui s'appliquent aux Titres Non Assortis de Sûretés. En outre, les Titres Assortis de Sûretés seront soumis à un Cas de Défaut supplémentaire, si l'Agent de Contrôle des Garanties signifie une Notification de Défaut des Garanties Requises en relation avec un Pool de Garanties garantissant ces Titres Assortis de Sûretés.

A la suite de la survenance d'un Cas de Défaut relatif à une Série de Titres Assortis de Sûretés, tout Titulaire de Titres (ou le Représentant de la Masse, dans le cas des Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) pourra adresser une notification écrite à l'Emetteur, au Garant, au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français) déclarant que les Titres qu'il détient (ou détenus par les Titulaires de Titres que représente le Représentant de la Masse pour les Titres de Droit Français) sont immédiatement dus et remboursables à leur Montant de Remboursement Anticipé (tel que défini dans les Modalités des Titres) (la signification de cette notification sera ci-après dénommée : un **Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés**). S'il survient un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, pour un ou plusieurs Titres Assortis de Sûretés (ces Titres étant des **Titres Assortis de Sûretés à Echéance Anticipée**), tous les Titres Assortis de Sûretés qui sont garantis par le même Pool de Garanties que celui qui garantit ce ou ces Titres Assortis de Sûretés à Echéance Anticipée, deviendront également immédiatement dus et remboursables à leur Montant de Remboursement Anticipé. Ceci s'applique tant pour un Pool de Garanties Série Unique que pour un Pool de Garanties Séries Multiples. L'Emetteur ou, à défaut, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), devra adresser un avis à tous les Titulaires de Titres concernés, dès que cela sera raisonnablement possible, si un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés est survenu en relation avec un ou plusieurs Titres Assortis de Sûretés qui sont garantis par le même Pool de Garanties que celui qui garantit les Titres Assortis de Sûretés à Echéance Anticipée concernée.

A la suite de la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tous les Titulaires de Titres dont les Titres sont devenus immédiatement dus et remboursables seront en premier lieu habilités à réclamer tous montants impayés qui leur sont dus, en vertu des termes de la Garantie. Si ni l'Emetteur ni le Garant (en vertu des termes de la Garantie) n'ont payé tous les montants dus aux Titulaires de Titres dans

un délai de 20 Jours Ouvrés Garanties suivant la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, les Titulaires de Titres (ou le Représentant de la Masse, dans le cas des Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) pourront adresser une notification écrite (une **Notification d'Exécution des Garanties**) au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français), demandant que le Contrat de Gage concerné soit exécuté conformément à ses termes.

Après la réception d'une Notification d'Exécution des Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) exécutera le Contrat de Gage se rapportant au Pool de Garanties concerné, conformément à ses termes et aux Modalités relatives aux Garanties (telles que complétées par les Conditions Définitives applicables), et (i) liquidera ou réalisera, ou donnera des instructions à The Bank of New York Mellon, Succursale de Londres, ou tel autre agent de cession spécifié dans les Conditions Définitives applicables (l'**Agent de Cession**), conformément aux termes d'un contrat d'agent de cession conclu, entre autres, entre l'Emetteur de l'Agent de Cession (le **Contrat d'Agent de Cession**) afin qu'il liquide ou réalise les Actifs Gagés du Pool de Garanties au titre desquels une Notification d'Exécution des Garanties a été signifiée, et distribue ensuite la Quote-Part des Produits de l'Exécution des Garanties (telle que définie dans les Modalités relatives aux Garanties) aux Titulaires de Titres concernés, ou (ii) si les Conditions Définitives applicables stipulent que la clause Livraison Physique d'Actifs Gagés s'applique, pourvoira à la livraison de la Part des Actifs Gagés concernée (telle que définie dans les Modalités relatives aux Garanties) aux Titulaires de Titres concernés, dans chaque cas selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables ; le paiement de toute Quote-Part des Produits de l'Exécution des Garanties ou la livraison de toute Part des Actifs Gagés pourra, à la demande du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à la demande de l'Agent des Sûretés (dans le cas des Titres de Droit Français), être effectué par l'Agent Payeur de Remplacement (tel que défini ci-dessous) ou toute entité de remplacement de celui-ci.

Afin de lever toute ambiguïté, après le paiement de toute Quote-Part des Produits de l'Exécution des Garanties ou la livraison de toute Part des Actifs Gagés, les Titulaires de Titres continueront de pouvoir réclamer au Garant le paiement de tous montants dus et impayés, conformément aux termes de la Garantie.

Bien que le Contrat de Gage se rapportant à un Pool de Garanties particulier ne puisse être exécuté qu'après le défaut de paiement par l'Emetteur ou le Garant, dans le délai précité de 20 Jours Ouvrés Garanties, des montants devenus exigibles par anticipation après la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, la sûreté conférée par le Contrat de Gage demeure une sûreté consentie par l'Emetteur en garantie des obligations de paiement de l'Emetteur en vertu des Titres Assortis de Sûretés, et ne garantit pas les obligations de paiement du Garant en vertu de la Garantie.

#### **Cas de Perturbation de la Livraison Physique d'Actifs Gagés**

Si les Conditions Définitives applicables stipulent que la clause "Livraison Physique d'Actifs Gagés" s'applique, et si, dans certaines circonstances, l'Agent Payeur de Remplacement, le Trustee des Sûretés, (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) estiment que la livraison de tous les Actifs Gagés constituant la Part des Actifs Gagés, ou de certains d'entre eux, n'est pas possible pendant une période de temps spécifiée, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou l'Agent de Cession agissant pour leur compte, vendra ou réalisera ces Actifs Gagés non livrables, au lieu d'un règlement physique, et en versera les produits aux Titulaires de Titres.

#### **Remplacement des parties au programme**

Chacun du Contrat de Gestion des Garanties, du Contrat d'Agent de Contrôle des Garanties, du Contrat de Dépositaire des Garanties, du Contrat d'Agent d'Evaluation des Titres, du Contrat d'Agent Payeur de Remplacement, du Contrat d'Agent de Cession et du Contrat d'Agent des Sûretés contient, et chaque Contrat de Gage et Security Trust Deed contiendra, des clauses de résiliation de ce contrat et, selon le cas, de révocation

et/ou de remplacement de toute partie nommée aux fonctions faisant respectivement l'objet de ce contrat (chacune étant une **Partie à un Contrat de Garantie**). Cette résiliation, cette révocation et/ou ce remplacement seront effectués conformément aux stipulations de ces contrats et des Modalités relatives aux Garanties, et pourront être effectués sans le consentement des Titulaires de Titres. Conformément aux termes de ces contrats et/ou des Modalités relatives aux Garanties, l'Emetteur sera tenu d'aviser les Titulaires de Titres de toute résiliation et de tout remplacement précité.

En particulier, le remplacement du Dépositaire des Garanties ne pourra être effectué que si certaines conditions relatives au Dépositaire des Garanties de remplacement sont remplies. Ces conditions incluent, sans caractère limitatif, l'exigence que : (i) le Dépositaire des Garanties de remplacement soit immatriculé dans un Pays membre de l'Organisation de Coopération et de Développement Economiques (OCDE), (ii) le Dépositaire des Garanties de remplacement soit un établissement de crédit pleinement agréé au Luxembourg, (iii) de l'avis raisonnable de l'Emetteur et de l'Arrangeur, le Dépositaire des Garanties de remplacement soit capable d'agir en qualité de Dépositaire des Garanties et d'exécuter les obligations et fonctions lui incombant en vertu du Contrat de Dépositaire des Garanties, et (iv) le Dépositaire des Garanties de remplacement soit choisi sur une liste préétablie d'entités (y compris BBH, Citi, HSBC, JP Morgan, Northern Trust, RBC Dexia Investor Services, BP2S, State Street ou Wells Fargo & Company Inc) ou soit autrement un dépositaire de réputation et d'honorabilité similaire.

#### **Agent Payeur de Remplacement**

L'Emetteur a nommé The Bank of New York Mellon, Succursale de Londres, ou tel autre agent payeur de remplacement spécifié dans les Conditions Définitives applicables en relation à la fois avec les Titres de Droit Anglais et les Titres de Droit Français (**l'Agent Payeur de Remplacement**), conformément aux termes d'un contrat d'agent payeur de remplacement (le **Contrat d'Agent Payeur de Remplacement**) conclu, entre autres, entre l'Emetteur et l'Agent Payeur de Remplacement. A la suite de la signification d'une Notification d'Exécution des Garanties, l'Agent Payeur de Remplacement devra agir en qualité d'agent en vertu des dispositions du Contrat d'Agent Payeur de Remplacement exclusivement à l'effet de concourir au paiement de toute Quote-Part des Produits de l'Exécution des Garanties ou à la livraison de toute Part des Actifs Gagés aux Titulaires de Titres, si le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) le demande.

## FACTEURS DE RISQUE

***Les investisseurs potentiels dans les Titres doivent examiner attentivement les informations suivantes, conjointement avec les autres informations contenues dans ce Prospectus de Base, tout Supplément y afférent, le Document de référence 2012 de Société Générale et toutes Conditions Définitives, avant d'acquérir des Titres.***

*L'Emetteur et le Garant estiment que les facteurs suivants peuvent affecter la capacité de l'Emetteur à remplir ses engagements découlant des Titres émis dans le cadre du Programme et/ou la capacité du Garant à remplir ses engagements au titre de la Garantie relative à ces Titres, respectivement. Nombre de ces facteurs sont des éventualités qui peuvent ou non survenir et ni l'Emetteur ni le Garant ne sont à même de s'exprimer sur les probabilités que de tels risques surviennent.*

*De plus, certains facteurs qui peuvent selon l'avis de l'Emetteur et du Garant, jouer un rôle important dans l'évaluation des risques de marché associés aux Titres émis dans le cadre du Programme sont exposés ci-après.*

*L'Emetteur et le Garant estiment que les facteurs décrits ci-après représentent les principaux risques relatifs à l'investissement dans les Titres émis dans le cadre du Programme; mais toute difficulté de l'Emetteur ou du Garant à payer les intérêts (le cas échéant), le principal ou tout autre montant en lien avec les Titres, peut être liée à d'autres raisons qui peuvent ne pas être considérées comme des risques significatifs par l'Emetteur et le Garant au regard des informations dont ils disposent à ce jour, ou qu'ils ne sont pour le moment pas à même d'anticiper. En conséquence, les risques liés à un investissement dans les Titres d'une quelconque série ne doivent pas être considérées comme exhaustives. Les Conditions Définitives applicables à des Titres donnés peuvent mentionner des informations plus détaillées sur les facteurs de risque relatifs à une émission spécifique, qui ont déjà été décrits de façon générale dans ce Prospectus de Base et qui doivent être pris en considération avant de prendre une décision d'investissement.*

*L'ordre de présentation des facteurs de risques ci-dessous n'est pas une indication de leur probabilité de survenance.*

### **Généralités**

#### *Analyse indépendante et conseils*

Chaque investisseur potentiel doit pouvoir déterminer, sur la base d'un examen indépendant et avec l'intervention de tout conseiller qu'il pourra juger utile selon les circonstances, que l'acquisition des Titres correspond parfaitement à ses besoins et ses objectifs financiers, que son acquisition des Titres est en conformité avec toutes les politiques, directives ou restrictions d'investissement qui lui sont applicables et constitue un investissement adapté, proportionné et approprié pour lui, quels que soient les risques manifestes et substantiels inhérents à l'acquisition et la détention des Titres.

Un investisseur potentiel ne peut s'en remettre à l'Emetteur, le Garant, l'(les) Agent(s) Placeur(s) ou leurs filiales respectives pour déterminer le caractère légal de l'acquisition de Titres, ni pour toute autre raison précitée.

#### *Evaluation du Caractère Approprié de l'Investissement*

Chaque investisseur potentiel de Titres doit s'assurer du caractère approprié de l'investissement au regard de sa propre situation. En particulier, chaque investisseur potentiel devra :

- avoir la connaissance et l'expérience suffisantes pour faire un examen approfondi des Titres, des risques et des avantages associés à l'investissement dans les Titres et des informations contenues ou incorporées par référence dans le Prospectus de Base ou dans tout autre supplément ;

- avoir accès à et connaître les outils analytiques permettant d'évaluer, à la lumière de sa situation financière personnelle, un investissement dans les Titres et l'impact qu'ils auront sur l'ensemble de son portefeuille d'investissement ;
- disposer de ressources financières et de liquidités suffisantes pour supporter tous les risques d'un investissement dans les Titres, notamment les Titres dont les intérêts ou le principal sont payables dans une ou plusieurs devises, ou lorsque la devise de paiement des intérêts ou du principal est différente de la devise de l'investisseur potentiel ;
- comprendre les modalités des Titres et être au fait du comportement des indices et des marchés financiers ; et
- être à même d'évaluer (seul ou avec l'aide d'un conseiller financier), les possibles évolutions économiques, de taux d'intérêt ou autres qui pourraient affecter son investissement ou sa capacité à supporter les risques éventuels.

Certains Titres sont des instruments financiers complexes. Les investisseurs institutionnels n'acquièrent généralement pas d'instruments financiers complexes en dehors d'un programme d'émission. Ils acquièrent des instruments financiers complexes afin de réduire le risque ou d'accroître le rendement en ajoutant un risque connu, mesuré et approprié à leurs portefeuilles globaux. Un investisseur potentiel ne doit pas investir dans des Titres considérés comme des instruments financiers complexes à moins d'avoir l'expérience nécessaire pour évaluer (seul ou avec l'aide d'un conseiller financier) les changements de circonstances qui pourraient influencer sur la performance des Titres et l'impact que les Titres auront sur l'ensemble de son portefeuille d'investissements. Certains Titres qui sont des instruments financiers complexes peuvent être remboursables à un montant inférieur au pair auquel cas les investisseurs peuvent perdre la valeur d'une partie ou de tout leur investissement.

*Pas de conseil juridique ou fiscal*

Chaque investisseur potentiel devra consulter ses propres conseillers pour les aspects juridiques, fiscaux et autres, liés à l'investissement dans les Titres. Le rendement effectif sur les Titres obtenu par le Titulaire de Titres peut être diminué par l'impôt dû par le Titulaire de Titres sur l'investissement dans ces Titres.

**A. RISQUES RELATIFS A L'EMETTEUR, AU GROUPE ET AU GARANT**

*Le Groupe est exposé à des risques inhérents à ses activités.*

La gestion des risques du Groupe se concentre sur les catégories principales de risques suivantes, chacun d'entre eux pouvant avoir un effet défavorable significatif sur l'activité du Groupe, ses résultats et sa situation financière :

- risque de crédit et de contrepartie (y compris le risque pays) ;
- risque de marché ;
- risques opérationnels (y compris les risques comptables et environnementaux) ;
- risque sur le portefeuille d'investissement ;
- risques de non-conformité (y compris les risques juridiques, fiscaux et de réputation) ;
- risque structurel de taux d'intérêt et de change ;
- risque de liquidité ;
- risque stratégique ;
- risque lié à l'activité ;
- risque lié aux activités d'assurances ;
- risque lié aux activités de financements spécialisés ;
- informations financières spécifiques ;
- ratios réglementaires ; et
- autres risques.

Pour toute information supplémentaire sur les risques relatifs à l'Emetteur, au Groupe et au Garant, les investisseurs peuvent se référer à la section « *Risk Management* » de la traduction en anglais du Document de référence 2012 de Société Générale qui est incorporé par référence dans le présent Prospectus de Base.

**Facteurs pouvant affecter la capacité de l'Emetteur à remplir ses obligations en vertu des Titres émis dans le cadre du Programme et la capacité du Garant à remplir ses obligations en vertu de la Garantie en relation avec ces Titres**

*Solvabilité de l'Emetteur et du Garant*

Les Titres Non Assortis de Sûretés constituent des engagements contractuels généraux et non assortis de sûretés de l'Emetteur et d'aucune autre personne, qui viendront au même rang avec tous les autres engagements contractuels non assortis de sûretés de l'Emetteur et prendront rang après les engagements privilégiés, y compris ceux privilégiés en vertu de la loi. La Garantie constitue des engagements contractuels généraux et non assortis de sûretés du Garant et d'aucune autre personne, qui viendront au même rang avec tous les autres engagements contractuels non assortis de sûretés du Garant et viendront après les engagements privilégiés, y compris ceux privilégiés en vertu de la loi. L'Emetteur émet et garantit un grand nombre d'instruments financiers, y compris les Titres, sur une base mondiale et l'encours des instruments financiers peut être substantiel à un moment donné. Si vous achetez les Titres, vous vous fiez à la solvabilité du Garant et de l'Emetteur et, dans le cas de Titres non Assortis de Sûretés, d'aucune autre personne. Si les Titres sont liés à des valeurs mobilières, vous n'avez aucun droit à l'encontre de la société ayant émis ces valeurs mobilières, si les Titres sont liés à un indice, vous n'avez aucun droit à l'encontre du sponsor de cet indice et, si les Titres sont liés à un fonds, vous n'avez aucun droit à l'encontre du gérant de ce fonds. En outre, un investissement dans les Titres n'est pas un investissement dans les Actifs Sous-Jacents et vous n'aurez aucun droit, qu'il s'agisse de droits de vote ou autres (y compris des droits à dividendes ou autres distributions). Les Titres ne sont en aucune façon sponsorisés, approuvés ou promus par un émetteur, sponsor, gérant ou autre entité en rapport avec tout Actif Sous-Jacent et ces entités n'ont aucune obligation de tenir compte des conséquences de leurs actions sur les Titulaires de Titres.

Les investisseurs potentiels dans les Titres doivent prendre en compte le fait que les droits des Titulaires seront limités aux sommes obtenues à la suite d'une réclamation à l'encontre de l'Emetteur ou à l'encontre du Garant au titre de la Garantie, conformément aux termes décrits dans la Garantie, ainsi que, dans le cas de Titres Assortis de Sûretés uniquement, aux sommes obtenues à la suite de l'exécution du Contrat de Nantissement concerné (voir Facteurs de risque – Risques Supplémentaires Liés aux Obligations Assorties de Sûretés - Déficit en cas de Réalisation d'Actifs Donnés en Garantie et Recours Limité des Porteurs d'Obligations" ci-dessous). Les Titulaires de Titres non Assortis de Sûretés doivent noter que les Actifs Gagés contenus dans un Pool de Garanties ne seront pas disponibles pour satisfaire les montants qui leur sont dus relativement à tout Titre non Assorti de Sûretés.

La Garantie couvre uniquement les obligations de paiement de l'Emetteur et ne constitue en aucun cas une garantie de l'exécution des autres obligations de l'Emetteur en vertu des Titres bénéficiant de la Garantie. Dans le cas de Titres à Règlement Physique au titre desquels l'obligation de l'Emetteur est une obligation de livrer le(s) Actif(s) Sous-Jacent(s) au titre du Montant de Règlement Physique, le Garant sera tenu en cas d'exercice de la Garantie de payer en lieu et place de la livraison du Sous-Jacent, un montant en espèce libellé dans la Devise Prévvue égal à la valeur de marché (telle que calculée par l'Agent de Calcul de manière discrétionnaire, mais dans les règles commerciales d'usage, à la date d'exigibilité dudit transfert de(s) Actif(s) Sous-Jacent(s) concernés au titre du Montant de Règlement Physique) de(s) Actif(s) Sous-Jacent(s) concernés au titre du Montant de Règlement Physique et (ii) dans l'hypothèse où un paiement décrit ci-dessus est affecté par l'Indisponibilité d'une Devise (telle que définie à la Modalité 5(l) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 4(h) des Modalités des Titres de Droit Français), le Garant sera tenu de satisfaire ses obligations au bénéfice du Titulaire de Titre concerné en effectuant un paiement en euros ou en dollars U.S. conformément aux Modalités ci-dessus mentionnée.

*Risques liés au manque d'indépendance de l'Emetteur et, selon le cas, du Garant*

Société Générale agira en qualité de Garant des Titres et également en qualité de fournisseur d'instruments de couverture à l'Emetteur. En conséquence, les investisseurs seront exposés non seulement au risque de crédit du Garant, mais également à des risques opérationnels découlant du manque d'indépendance du Garant, dans l'exécution de ses fonctions et obligations en qualité de Garant et de fournisseur d'instruments de couverture. Les conflits d'intérêts potentiels et les risques opérationnels découlant de ce défaut d'indépendance doivent être partiellement atténués par le fait que différentes divisions de la société du Garant seront responsables de l'exécution des obligations découlant de la Garantie, d'une part, et de la fourniture d'instruments de couverture, d'autre part, et que chaque division est gérée comme une unité opérationnelle séparée, séparée par des murailles de Chine (barrières à l'information) et dirigée par des équipes de direction différentes. Bien que les procédures de conformité exigent une ségrégation effective des fonctions et responsabilités entre les divisions concernées du Garant, la possibilité de naissance de conflits d'intérêts ne peut pas être totalement éliminée. Voir aussi "Risques Supplémentaires Liés aux Obligations Assorties de Sûretés - Conflits d'Intérêts Potentiels entre des Porteurs d'Obligations et le Gérant des Garanties et l'Agent d'Evaluation des Obligations" et "Risques Supplémentaires Liés aux Obligations Assorties de Sûretés - Conflits d'Intérêts Potentiels entre des Porteurs d'Obligations et une Contrepartie" ci-dessous.

*Conflits d'intérêts*

L'Emetteur et le Garant fournissent une gamme complète de produits des marchés de capitaux et de services de conseil dans le monde entier, y compris l'émission de Titres "structurés" dont les intérêts et/ou le principal sont liés à la performance d'actifs sous-jacents. L'Emetteur, le Garant et l'une quelconque de leurs filiales ou sociétés liées peuvent, en relation avec leurs autres activités commerciales, posséder ou acquérir des informations importantes sur les actifs sous-jacents. Ces activités et informations peuvent entraîner des conséquences préjudiciables pour les Titulaires de Titres. Ces activités et sources de conflits peuvent inclure, sans caractère limitatif, l'exercice de droits de vote, l'achat et la vente de valeurs mobilières, les relations créées par la prestation de conseils financiers et l'exercice de droits de créancier. L'Emetteur, le Garant et leurs sociétés filiales et liées n'ont aucune obligation de divulguer ces informations sur les actifs sous-jacents ou les sociétés auxquelles ils se rapportent. L'Emetteur, le Garant, leurs filiales et sociétés liées et leurs dirigeants et administrateurs peuvent se livrer à toutes ces activités sans tenir compte des Titres ou de l'effet que ces activités peuvent directement ou indirectement avoir sur tout Titre.

En particulier, les conflits d'intérêts suivants pourraient exister en relation avec toute émission de Titres dans le cadre du Programme :

- L'Emetteur est une filiale de Société Générale, entrant dans le périmètre d'application du régime de gouvernance d'entreprise suivi par le Groupe Société Générale. Il n'est pas exclu que des conflits d'intérêt potentiels entre l'Emetteur et le Garant puissent affecter les Titulaires de Titres ;
- l'Agent de Calcul, l'Arrangeur, les Agents Placeurs, les Agents Payeurs, l'Agent de Tenue des Registres, l'Agent de Transfert et l'Agent d'Echange qui font tous partie du Groupe Société Générale. Une détérioration du risque de crédit de Société Générale pourrait aussi affecter ses sociétés affiliées et ainsi avoir un effet négatif sur les obligations incombant à chacune des entités listées ci-dessus en lien avec les Titres. Si une de ces entités ne respecte pas ses obligations envers l'Emetteur et/ou le Garant pourront en être négativement impactés ;
- dans le cours normal de leur activité, Société Générale et ses sociétés affiliées (a) pourront être amenées à effectuer des transactions pour leur propre compte ou pour le compte de leurs clients et détenir des positions longues ou courtes sur des Actifs Sous-Jacents et/ou des produits dérivés sur ces actifs et (b) pourront être en relation d'affaires et notamment agir en tant que conseiller financier auprès de sociétés dont les actions ou autres titres servent d'Actif Sous-Jacent, ce qui pourra être réputée contraire aux intérêts des Titulaires de Titres ;

- dans le cours normal de leur activité, Société Générale et ses sociétés affiliées peuvent posséder ou acquérir des informations non publiques sur des Actifs Sous-Jacents qui sont ou peuvent être d'importance au regard des Titres. Ni l'Agent de Calcul, ni l'Arrangeur, ni les Agents Placeurs, ni les Agents Payeurs, ni l'Agent de Tenue des Registres, ni l'Agent de Transfert, ni l'Agent d'Echange n'ont l'intention de mettre ces informations à la disposition des Titulaires de Titres ;
- la composition de certains indices et les méthodes utilisées en lien avec ces indices sur lesquels les Titres sont indexés peuvent être déterminées et choisies par Société Générale ou l'un de ses sociétés affiliées (voir "*Conflits d'intérêts en relation avec des indices*" ci-dessous) ;
- la probabilité pour un gérant de fonds de recevoir une rémunération basée sur la performance (y compris un gérant qui est affilié à Société Générale) peut encourager ce dernier à prendre des positions plus spéculatives qu'il ne le ferait en temps normal (voir "*Les gérants de fonds peuvent être éligibles pour recevoir une rémunération incitative*") ; et
- L'Emetteur et le Garant, ou l'une ou plusieurs de ses sociétés affiliées, peuvent s'engager dans la négociation ou d'autres activités relatives au(x) fonds sous-jacent(s) ou leur actifs sous-jacents qui ne sont pas destinés aux comptes des Titulaires de Titres ou pour leur compte (voir "*Certaines activités peuvent créer des conflits d'intérêts avec les Titulaires de Titres*").

Voir aussi "Risques Supplémentaires Liés aux Obligations Assorties de Sûretés - Conflits d'Intérêts Potentiels entre des Porteurs d'Obligations et le Gérant des Garanties et l'Agent d'Evaluation des Obligations" et "Risques Supplémentaires Liés aux Obligations Assorties de Sûretés - Conflits d'Intérêts Potentiels entre des Porteurs d'Obligations et une Contrepartie" ci-dessous.

*Les activités de couverture et de négociation de l'Emetteur, du Garant et de leurs sociétés liées sont susceptibles d'affecter la valeur des Titres.*

Dans le cadre de la marche ordinaire de leurs affaires, et qu'ils se livrent ou non à des activités de teneur de marché secondaire, l'Emetteur, le Garant et/ou leurs sociétés liées peuvent effectuer des transactions pour leur compte propre ou pour le compte de leurs clients, et détenir des positions acheteuses ou vendeuses sur le ou les actifs de référence ou des dérivés connexes. En outre, l'Emetteur, le Garant et/ou leurs sociétés affiliées peuvent, en relation avec l'offre des Titres, conclure une ou plusieurs opérations de couverture portant sur le ou les actifs de référence ou des dérivés connexes. En relation avec ces activités de couverture ou de tenue du marché, ou en relation avec des opérations de négociation pour compte propre ou pour compte d'autrui réalisées par l'Emetteur, le Garant et/ou le Groupe, l'Emetteur, le Garant et/ou leurs sociétés liées peuvent réaliser des transactions sur le ou les actifs de référence ou des dérivés connexes, qui peuvent affecter le cours de marché, la liquidité ou la valeur des actifs de référence et, par voie de conséquence, des Titres, et qui pourraient être jugées préjudiciables aux intérêts des Titulaires de Titres concernés.

Les situations ci-dessus peuvent entraîner des conséquences susceptibles d'être défavorables pour les Titulaires de Titres. L'Emetteur et le Garant n'assument aucune responsabilité d'aucune sorte au titre de ces conséquences et de leur impact sur les Titulaires de Titres.

## **B. RISQUES LIES A LA STRUCTURE DE CERTAINES EMISSIONS DE TITRES**

Différents types de Titres peuvent être émis dans le cadre du Programme. Certains d'entre eux peuvent comporter des caractéristiques impliquant des risques spécifiques pour les investisseurs potentiels. Les caractéristiques les plus courantes, qui peuvent accroître le risque d'investissement dans ces Titres, sont exposées ci-après:

*Limitation du recours et droits sur les actifs sous-jacents*

Plusieurs facteurs peuvent être importants dans l'évaluation des risques associés à un investissement dans les Titres émis dans le cadre du Programme. Ces facteurs varieront en fonction des caractéristiques des Titres émis, en particulier pour des Titres dont les intérêts et/ou le montant de remboursement est lié à la valeur d'un ou plusieurs indices, actions, indices inflation, parts de fonds, ou la combinaison de ces derniers ou tout autre actif sous-jacent ou base de référence .

*Titres pouvant donner lieu à un remboursement au gré de l'Emetteur*

La possibilité d'un remboursement optionnel des Titres est susceptible de limiter leur valeur de marché. Pendant chaque période durant laquelle l'Emetteur concerné peut choisir de rembourser les Titres, la valeur de marché de ces Titres ne dépassera pas substantiellement leur prix de remboursement. Cela peut également être le cas avant toute période de remboursement.

*Remboursement anticipé*

L'Emetteur peut souhaiter rembourser les Titres lorsque son coût d'emprunt est inférieur au taux d'intérêt des Titres. Le cas échéant, un investisseur ne pourra généralement pas réinvestir les produits du remboursement à un taux d'intérêt aussi élevé que celui des Titres remboursés et ne pourra réinvestir qu'à un taux sensiblement inférieur. Les investisseurs potentiels doivent examiner le risque de réinvestissement par comparaison avec d'autres investissements disponibles à ce moment.

*Option de Remboursement à Déclenchement*

Pour certaines émissions, ainsi qu'il l'est indiqué dans les Conditions Définitives concernées, les Titres peuvent être remboursés par anticipation si le montant nominal total en circulation de ces Titres tombe en-deçà de 10% du montant nominal total initial de ces Titres ou tout autre niveau stipulé dans les Conditions Définitives applicables. Dans ce cas, l'Emetteur aura la possibilité de rembourser tous les Titres en circulation en donnant un préavis aux titulaires de ces Titres. Cela pourrait avoir pour conséquence que les investisseurs reçoivent un montant au remboursement plus tôt que ce qu'ils avaient anticipé dans des circonstances sur lesquelles les investisseurs n'ont aucun contrôle, et qui pourraient affecter la valeur de leur investissement.

*Titres Partiellement Libérés*

L'Emetteur peut émettre des Titres dont le prix d'émission est payable en plusieurs versements. Le défaut de paiement d'un versement peut faire perdre à l'investisseur la totalité de son investissement.

*Risques liés aux taux d'intérêt*

Les investissements dans des Titres à Taux Fixe ou dans tout Titre avec une composante taux fixe comportent des risques de variation des taux de marché qui pourraient avoir des conséquences négatives sur la valeur de ces Titres.

*Titres à taux variable avec multiplicateur ou à autre effet de levier*

Les Titres à taux variable peuvent être des investissements volatils. Si leur structure inclut un multiplicateur ou autre effet de levier, une valeur plafond ou plancher, ou une combinaison des ces caractéristiques, leur valeur de marché peut être plus volatile que celle des Titres ne revêtant aucune de ces caractéristiques.

*Titres à Taux Flottant inversé*

Les Titres à Taux Flottant inversé ont un taux d'intérêt égal à un taux fixe moins un taux calculé par référence à un taux tel que le LIBOR. La valeur de marché de ces Titres est plus volatile que celle des autres Titres à Taux

Flottant ayant le même taux de référence et les mêmes caractéristiques générales. Les Titres à Taux Flottant inversé sont plus volatils car une augmentation de leur taux de référence diminue non seulement le taux d'intérêt des Titres, mais également les taux d'intérêt principaux, ce qui affecte de façon négative la valeur de marché de ces Titres.

#### *Titres à Taux Fixe/Flottant*

Les Titres à Taux Fixe/Flottant peuvent porter intérêt à un taux fixe pouvant être converti en taux flottant, ou à un taux flottant pouvant être converti en taux fixe. La possibilité de conversion offerte à l'Emetteur peut affecter le marché secondaire et la valeur de marché des Titres dans la mesure où l'Emetteur peut choisir de convertir le taux lorsque cela lui permet de réduire son coût global d'emprunt. Si l'Emetteur convertit un taux fixe en taux flottant, l'écart (*spread*) des Titres à Taux Fixe/Flottant peut être moins favorable que les *spreads* sur des Titres à Taux Flottant ayant le même taux de référence. En outre, le nouveau taux flottant peut être à tout moment inférieur aux taux d'intérêt des autres Titres. Si l'Emetteur convertit un taux flottant en taux fixe, le taux fixe peut être inférieur aux taux applicables à ses autres Titres.

#### *Titres émis liés à certains événements*

Le taux d'intérêt ou le montant de remboursement de certains Titres peut être lié à la survenance ou à la non-survenance de certains événements qui n'ont aucun lien avec l'Emetteur ou le Garant, notamment des événements de crédit, climatiques ou sportifs. La survenance de ces événements échappe au contrôle de l'Emetteur et du Garant, et les Titulaires de Titres sont exposés au risque que cet événement survienne ou non, selon le cas.

#### *Titres émis avec une décote ou une prime importante*

La valeur de marché des Titres émis avec une décote ou une prime importante sur leur principal ont tendance à faire davantage l'objet de fluctuations dues aux changements généraux de taux d'intérêt que la valeur des titres classiques productifs d'intérêts. En général, plus ces titres sont à long terme, plus importante est la volatilité de leur valeur comparée aux titres classiques ayant des échéances comparables.

#### *Titres Zéro Coupon*

Les prix auxquels les Titres Zéro Coupon, comme les Titres émis avec une décote importante sur leur montant principal payable à échéance, se négocient sur le marché secondaire ont tendance à faire davantage l'objet de fluctuations dues aux changements généraux de taux d'intérêt que la valeur des titres classiques productifs d'intérêts ayant des échéances comparables.

#### *Titres ayant comme sous-jacents des CREST Depository Interests*

Les CDI seront livrés, détenus et réglés en CREST par le biais du *CREST International Settlement Links Service*.

Le règlement des CDI par le biais du *CREST International Settlement Links Service* peut engendrer les risques suivants:

Les investisseurs ne seront pas les propriétaires légaux des Titres sous-jacents des CDI (les **Titres Sous-Jacents**). Les CDI sont des instruments ayant une forme juridique distincte des Titres Sous-Jacents auxquels ils se rapportent et représentent un intérêt indirect dans de tels Titres Sous-Jacents.

Les Titres Sous-Jacents eux-mêmes (distincts des CDI représentant des intérêts indirects sur de tels Titres Sous-Jacents) seront détenus dans un compte ouvert auprès d'un dépositaire. Le Dépositaire détiendra les Titres Sous-Jacents par le biais d'un système de compensation. Les droits relatifs aux Titres Sous-Jacents seront détenus par le biais du service conservateur dépositaire du système de compensation concerné. La

propriété juridique des Titres Sous-Jacents ou des droits dans les Titres Sous-Jacents dépendra des règles du système de compensation dans lequel ou par lequel les Titres Sous-Jacents sont détenus.

Les CDI seront émis par *CREST Depository Limited* aux investisseurs et seront régis par le droit anglais. Les CDI représenteront des intérêts indirects dans les intérêts de *CREST International Nominees Limited* dans les Sous-Jacents.

Les droits en vertu des Titres Sous-Jacents ne peuvent pas être exercés par les investisseurs sauf indirectement par le biais d'intermédiaires dépositaires et conservateurs décrits ci-dessus. L'exercice des droits sous les Titres Sous-Jacents seront par conséquent soumis au droit local de l'intermédiaire concerné. Cela inclura le droit anglais. Les droits des investisseurs sur les Titres Sous-Jacents sont représentés par des droits à l'égard du *CREST Depository* qui (au travers du *CREST Nominee*) détient les droits dans les Titres Sous-Jacents.

Cela peut résulter en une suppression ou une réduction des paiements qui avaient été faits dans d'autres circonstances sur les Titres Sous-Jacents en cas d'insolvabilité ou de liquidation de l'intermédiaire concerné, et en particulier, si les Titres Sous-Jacents détenus par le biais de systèmes de compensation ne sont pas détenus dans un compte spécial et sont assimilés avec d'autres titres détenus dans les mêmes comptes au nom d'autres clients des intermédiaires concernés.

Les CDI émis auprès des investisseurs seront constitués et émis en vertu de l'Acte d'Engagement CREST. Les personnes investissant dans les CDI seront tenues par toutes les dispositions de l'Acte d'Engagement CREST et par toutes les dispositions contenues ou imposées en application du *Crest Reference Manual* en date du 22 novembre 2010, tel qu'amendé, modifié, adapté ou complété de temps à autre (le ***CREST Reference Manual***) et des Règles CREST (contenues dans le *CREST Reference Manual*) applicables à l'*International Settlement Links Service*, et les investisseurs doivent se conformer à toutes les obligations qui leur sont imposées par le biais de ces dispositions.

Les investisseurs noteront que les dispositions de l'Acte d'Engagement CREST, du *CREST Reference Manual* et des Règles CREST contiennent une clause d'indemnisation, des garanties, des déclarations et des engagements devant être donnés par les titulaires de CDI et des restrictions concernant la responsabilité de l'Émetteur des CDI, *CREST Depository Limited*.

Les investisseurs peuvent encourir une responsabilité en raison du non-respect de la clause d'indemnisation, des garanties, des déclarations et des engagements en plus de l'argent investi par eux. L'attention des investisseurs est attirée sur les termes de l'Acte d'Engagement CREST, du *CREST Reference Manual* et des Règles CREST, dont des copies peuvent être obtenues auprès d'Euroclear UK & Ireland, 33 Cannon Street, London EC4M 5SB ou en appelant le +44 207 849 0000 ou sous la section CREST du site internet Euroclear UK & Ireland ([www.euroclear.co.uk](http://www.euroclear.co.uk)).

Les investisseurs noteront que les titulaires de CDI pourront se voir soumis au paiement de commissions, honoraires, coûts et dépenses à *CREST Depository Limited* dans le cadre de l'utilisation de l'*International Settlement Links Service*. Cela inclura les honoraires et dépenses facturés par *CREST Depository Limited* relatif à la fourniture de services au titre de l'Acte d'Engagement CREST et toutes taxes, charge, coûts, dépenses et frais qui peuvent être ou devenir exigibles du fait de la détention des Titres par l'intermédiaire de l'*International Settlement Links Service*.

Les Investisseurs noteront que ni l'Émetteur, ni l'Agent Payeur n'auront une quelconque responsabilité pour l'exécution par l'un des intermédiaires ou leurs participants ou leurs teneurs de compte respectifs, au titre de leurs obligations respectives d'après les règles et procédures gouvernant leurs opérations.

#### *Procédures DTC, Euroclear et Clearstream, Luxembourg*

Les Titres émis dans le cadre du Programme peuvent être émis sous la forme d'un ou plusieurs Titres Globaux qui peuvent être déposés auprès d'un dépositaire commun pour Euroclear et Clearstream, Luxembourg ou

déposés au nom d'un titulaire pour DTC (voir la section intitulée "*Systèmes de Compensation par Inscription en Compte*"). A l'exception des circonstances précisées pour chaque Titre Global, les investisseurs n'auront pas le droit de recevoir les Titres sous forme de Titres Définitifs. DTC, Euroclear et Clearstream, Luxembourg et leurs participants directs et indirects respectifs tiendront un registre des intérêts pour chaque Titre Global qu'ils détiennent. Lorsque les Titres sont émis sous forme de Titres Globaux, les investisseurs peuvent uniquement faire usage de leurs intérêts par l'intermédiaire des systèmes de compensation concernés et avec leurs participants respectifs.

Lorsque les Titres sont émis sous forme de Titres Globaux, l'Emetteur se libérera de son obligation de paiement en vertu des Titres en effectuant ses paiements par le biais du système de compensation concerné. Un bénéficiaire d'intérêts dans un Titre Global doit s'en remettre aux procédures du système de compensation concerné et de ses participants pour la réception des paiements en vertu des Titres. L'Emetteur n'est pas en charge ni n'est tenu responsable des registres sur lesquels sont inscrits les paiements relatifs aux intérêts en lien avec un Titre Global.

Les bénéficiaires d'intérêts dans un Titre Global n'auront aucun droit de vote direct en lien avec les Titres ainsi émis. En revanche, ces titulaires seront autorisés à agir uniquement dans la mesure où le système de compensation concerné et ses participants leur donnent le droit de désigner des mandataires appropriés.

Des règles spéciales s'appliquent aux Titres SIS.

#### *Titres constituant des obligations en droit français*

Les Conditions Définitives peuvent prévoir que les Titres constitueront des obligations en droit français (au sens de l'Article L.213-5 du Code monétaire et financier). L'attention des investisseurs est attirée sur le fait que cette qualification est une qualification juridique et non prudentielle. Les investisseurs potentiels devront consulter leur conseil juridique et, le cas échéant, leur autorité de tutelle, leurs comptables, commissaires aux comptes ou conseils fiscaux, afin de déterminer si et dans quelle mesure (i) la loi les autorise à investir dans les Titres, (ii) les Titres peuvent être utilisés en garantie d'autres types d'emprunts, (iii) les Titres sont éligibles en tant qu'actif réglementé (si applicable), (iv) les Titres constituent pour eux un investissement approprié d'un point de vue prudentiel et (v) d'autres restrictions relatives à l'achat ou au nantissement des Titres leur sont applicables. Les institutions financières doivent consulter leur conseil juridique ou les autorités de réglementation concernées pour déterminer le traitement devant être appliqué aux Titres en regard des ratios de fonds propres pondérés en fonction des risques et autres règles similaires.

### **Facteurs de Risque liés aux Titres Indexés**

#### **Généralités**

L'Emetteur peut émettre des Titres dont le principal ou les intérêts sont déterminés par référence à un indice ou une formule, aux variations du prix de titres ou de marchandises, aux fluctuations d'une devise ou à d'autres facteurs (chacun, un **Facteur Concerné**). En outre, l'Emetteur peut émettre des Titres dont le paiement en principal peut être effectué dans une ou plusieurs devises qui peuvent être différentes de la devise dans laquelle les Titres sont libellés. Les investisseurs potentiels doivent être informés que:

- le prix de marché de ces Titres peut être volatil ;
- ils peuvent ne recevoir aucun intérêt ou un montant d'intérêts limité ;
- le paiement du principal ou des intérêts peut intervenir à un moment différent ou dans une autre devise que celle prévue ;
- ils peuvent perdre l'intégralité ou une partie importante de leur principal ;
- le Facteur concerné peut faire l'objet de variations importantes qui peuvent ne pas correspondre aux fluctuations des taux d'intérêt, des taux de change ou d'autres indices ;

- si un Facteur s'applique aux Titres avec un coefficient multiplicateur supérieur à un, ou comporte un facteur susceptible d'entraîner un effet de levier, l'impact des variations du Facteur sur le principal ou les intérêts à payer risque d'être amplifié ;
- le moment auquel les variations d'un Facteur interviennent peut affecter le rendement réel pour l'investisseur, même si le rendement moyen correspond à ses attentes. En règle générale, plus une variation intervient précocement, plus son impact sur le rendement est important ; et
- le prix de marché de ces Titres peut être volatil et peut dépendre du temps restant à courir jusqu'à la date de remboursement et de la volatilité du niveau de l'indice ou des indices.

Les données historiques sur un indice ne peuvent être considérées comme représentatives des performances futures de cet indice pendant la durée de vie des Titres Indexés. En conséquence, chaque investisseur potentiel doit consulter ses propres conseils juridiques et financiers pour s'informer des risques inhérents à un investissement dans des Titres Indexés ou dans des Titres Libellés en Deux Devises et sur la pertinence de ces Titres compte tenu de sa situation propre.

*Le rendement pour les investisseurs peut être inférieur au rendement d'un titre de dette standard d'échéance comparable*

A la différence des titres de créance classiques à taux fixe ou flottant, les Titres Indexés, dont les paiements (que ce soit en principal et/ou intérêts, et que ce soit à l'échéance ou autrement) sont calculés par référence à un indice, peuvent ne pas fournir aux investisseurs des paiements d'intérêts périodiques. En outre, en ce qui concerne le Montant de Remboursement Final ou Anticipé, le rendement effectif à échéance des Titres peut être inférieur à celui qui serait payable sur un titre de dette classique à taux fixe ou flottant. Le rendement du seul Montant de Remboursement Final ou Anticipé de chaque Titre à l'échéance peut ne pas compenser le titulaire du coût d'opportunité impliqué par l'inflation et d'autres facteurs liés à l'évolution de la valeur de l'argent au fil du temps.

*Ajustement ou substitution – Remboursement anticipé des Titres*

L'Agent de Calcul pourra, dans certaines circonstances, procéder à des ajustements ou substitutions, et même décider du remboursement par anticipation des Titres, notamment en cas d'événements affectant le(s) sous-jacent(s). En l'absence d'erreur manifeste ou erreur établie, ces ajustements, substitutions ou décisions de remboursement anticipé lieront l'Emetteur, le Garant, l'Agent et les Titulaires de Titres. L'Emetteur pourra également avoir le droit de procéder au remboursement anticipé des Titres de façon discrétionnaire. Dans tous les cas, le remboursement anticipé des Titres peut entraîner une perte totale ou partielle du montant investi.

*Le rendement ne reflète pas les dividendes*

En fonction de la méthodologie de calcul d'un indice, si la performance d'un indice est prise en compte pour calculer les paiements dus en vertu des Titres Indexés, le paiement des revenus (tels des dividendes pour un indice dont les actifs sous-jacents sont des actions) peut ne pas être reflété, car l'indice peut être calculé par référence aux prix des actifs sous-jacents composant l'indice, sans prendre en considération la valeur de tout revenu payé sur ces actifs sous-jacents. En conséquence, le rendement à l'échéance de Titres Indexés liés à un indice peut ne pas être le même que celui qui serait produit si ces actifs sous-jacents étaient achetés et détenus pendant une période similaire.

*Risques liés à un indice*

Les Titres Indexés sont exposés à des risques largement similaires à ceux de tout investissement dans un portefeuille diversifié d'actifs, y compris, sans caractère limitatif, le risque de baisse du niveau général des prix de ces actifs. La liste qui suit énumère certains des risques les plus significatifs liés à un indice:

- la performance historique de l'indice n'est pas indicative de la performance future de cet indice. Il est impossible de prévoir si la valeur de l'indice augmentera ou baissera pendant la durée des Titres;

- le niveau de l'indice ou des indices peut être affecté par des événements économiques, financiers et politiques dans un ou plusieurs pays, y compris la(les) bourse(s) de valeurs ou système(s) de cotation sur lesquels les titres composant l'indice ou les indices sont négociés. L'indice peut se référer à des actions, des obligations ou d'autres titres ou il peut être un indice immobilier se référant à certaines données de prix immobiliers, qui seront sujets à des fluctuations de prix de marché. Un indice immobilier peut inclure, en tout ou partie, des évaluations de transactions réelles et les sources des données immobilières, utilisées pour calculer l'indice, peuvent être soumises à des changements, ce qui peut affecter de manière négative la performance des Titres.

Les politiques du sponsor d'un indice (y compris un sponsor qui est affilié à Société Générale) concernant les ajouts, suppressions et substitutions des actifs sous-jacents à l'indice, et la manière dont le sponsor de l'indice tient compte de certains changements affectant ces actifs sous-jacents, peuvent affecter la valeur de l'indice. Les politiques d'un sponsor de l'indice en ce qui concerne le calcul d'un indice peuvent également affecter la valeur de l'indice. Le sponsor de l'indice peut arrêter ou suspendre le calcul ou la publication d'informations relatives à son indice. Chacune de ces mesures pourrait affecter la valeur des Titres. Voir la section intitulée "*Annexe Technique*" pour des informations plus détaillées.

En outre, les indices peuvent donner lieu au paiement de commissions de gestion et autres, et de frais qui sont payables au(x) sponsor(s) et peuvent réduire le Montant de Remboursement Final ou Anticipé payable aux Titulaires de Titres. Ces frais et commissions peuvent être payés à des sponsors d'indices qui sont liés à Société Générale.

#### *Conflits d'intérêts en relation avec des indices*

La composition de certains indices auxquels les Titres sont liés, et les méthodologies employées en relation avec ces indices, peuvent être déterminées et sélectionnées par Société Générale ou l'une de ses sociétés liées. Dans le choix de ces méthodologies, on peut s'attendre à ce que Société Générale ou la société liée concernée de Société Générale tienne compte de ses propres objectifs et intérêts et/ou de ceux du Groupe, et aucune garantie ne peut être donnée que les méthodologies choisies ne seront pas moins favorables pour les intérêts des investisseurs que les méthodologies employées par d'autres sponsors d'indices dans des circonstances comparables.

Si les activités de couverture de Société Générale ou de l'une de ses sociétés liées sont perturbées en relation avec un indice particulier, Société Générale ou la société liée concernée pourra décider de mettre fin aux calculs de cet indice, plus tôt que ne le ferait un autre sponsor d'indice dans des circonstances comparables. Cet arrêt pourrait provoquer le remboursement anticipé des Titres.

#### *Risques liés aux Titres Libellés en Deux Devises*

L'Emetteur peut émettre des Titres Libellés en Deux Devises (autre que des Titres Indexés sur Devises), dont le montant en principal et/ou les intérêts payables dépendent de variations sur les taux de change ou sont payables en une ou plusieurs devises qui peuvent être différentes de la devise dans laquelle les Titres sont libellés. En conséquence, un investissement dans des Titres Libellés en Deux Devises peut comporter des risques de marché similaires à ceux d'un investissement direct en taux de change et il est conseillé aux investisseurs potentiels de se faire conseiller en fonction de ces données.

Les investisseurs potentiels dans ces Titres doivent avoir conscience que, selon les termes des Titres Libellés en Deux Devises (i) ils peuvent ne recevoir aucun montant des intérêts ou un montant d'intérêts limité, (ii) le paiement du principal ou des intérêts peut intervenir à un moment différent ou dans une autre devise que celle prévue, (iii) ils peuvent perdre l'intégralité ou une partie substantielle de leur investissement. En outre, les variations sur le niveau des taux de change peuvent être sujettes à d'importantes fluctuations qui peuvent être ou non corrélées aux fluctuations des taux d'intérêt ou d'autres indices et le moment auquel les variations sur le taux de change interviennent peut affecter le rendement réel des investisseurs, même si le rendement moyen est conforme à leurs attentes.

Les taux de change entre devises sont déterminés en fonction de facteurs d'offre et de demande sur les marchés internationaux de devises qui sont influencés par des facteurs macro économiques, la spéculation et l'intervention de la banque centrale de la devise concernée et des gouvernements (y compris l'imposition de contrôles des changes et de restrictions de change, qui pourraient donner lieu à la réception d'un paiement réduit et/ou pourraient rendre impossible ou impraticable pour l'Émetteur le fait de satisfaire ses obligations de remboursement dans la devise initiale des Titres). Dans un passé récent, les taux de change entre certaines devises ont été volatiles. Cette volatilité peut se reproduire dans le futur. Les fluctuations qui se sont produites sur un taux de change spécifique dans le passé ne sont cependant pas nécessairement une indication sur les fluctuations qui peuvent se produire sur le taux de change concerné pendant la durée d'un Titre Libellés en Deux Devises. Les fluctuations sur les taux de change affecteront la valeur des Titres Libellés en Deux Devises.

Si le montant du principal et/ou les intérêts payables dépend des variations de taux de change et est déterminé par application d'un coefficient multiplicateur supérieur à un, ou par référence à d'autres effets de levier, les conséquences des variations du niveau de taux de change sur le principal et/ou les intérêts payables seront amplifiées.

Le prix de marché de ces Titres peut être volatil et, si le montant du principal et/ou les intérêts payables dépend des variations de taux de change, peut dépendre du temps restant à courir jusqu'à la date de remboursement et de la volatilité du niveau des taux de change. Le niveau des taux de change peut être affecté par des événements économiques, financiers et politiques dans un ou plusieurs pays.

### **Facteurs de Risque spécifiques aux Titres Indexés sur des Titres de Capital basés sur des actions**

#### *Aucun droit de propriété sur les actions sous-jacentes*

Un Titulaire de Titres ne sera pas le propriétaire des actions sous-jacentes et ne sera donc pas en droit de recevoir des dividendes ni autres montants similaires payés sur les actions sous-jacentes, et un Titulaire de Titres ne pourra pas acheter les actions sous-jacentes du fait de sa propriété des Titres. En outre, les titulaires des Titres ne pourront exercer aucun droit de vote ni aucun autre droit de contrôle que les titulaires des actions sous-jacentes pourraient détenir à l'égard de l'émetteur de ces actions sous-jacentes. Le Montant de Remboursement Final ou Anticipé ne reflètera pas le paiement de tous dividendes sur les actions sous-jacentes. En conséquence, le rendement généré par les Titres ne reflètera pas le rendement que vous réaliseriez si vous étiez effectivement propriétaire des actions sous-jacentes et receviez les dividendes éventuels payés sur ces actions. Dès lors, le rendement à l'échéance, basé sur la méthodologie de calcul du Montant de Remboursement Final ou Anticipé, ne sera pas le même que le rendement produit si les actions sous-jacentes étaient achetées directement et détenues pendant une période similaire.

#### *Protection anti-dilution limitée*

L'Agent de Calcul peut procéder à des ajustements d'éléments des Titres, dans les modalités décrites dans l'Annexe Technique. L'Agent de Calcul n'est pas tenu de procéder à un ajustement pour chaque événement de restructuration de l'entreprise ou du capital pouvant affecter les actions sous-jacentes. Ces événements ou autres décisions de l'émetteur des actions sous-jacentes ou d'un tiers peuvent néanmoins affecter défavorablement le cours de marché des actions sous-jacentes et, par voie de conséquence, avoir un effet défavorable sur la valeur des Titres. L'émetteur des actions sous-jacentes ou un tiers peut lancer une offre d'achat ou d'échange, ou l'émetteur des actions sous-jacentes peut prendre toute autre mesure affectant défavorablement la valeur des actions sous-jacentes et des Titres mais qui n'entraîne pas un ajustement.

#### *Risques découlant de la conduite d'émetteurs d'actions*

Les émetteurs d'actions sous-jacentes ne participent aucunement à l'offre des Titres et n'ont aucune obligation de prendre en considération vos intérêts en tant que titulaire des Titres, lorsqu'ils prennent des décisions susceptibles d'affecter la valeur des Titres. Les émetteurs des actions sous-jacentes peuvent prendre des décisions qui affecteront défavorablement la valeur des Titres.

### **Facteurs de Risque liés aux Titres Indexés sur des Fonds<sup>1</sup>**

Les parts de fonds peuvent être émises par des fonds alternatifs (*hedge funds*) ou des organismes de placement collectif (ci-après, les fonds sous-jacents).

*Les investisseurs doivent se renseigner sur le(s) fond sous-jacent(s) comme s'ils investissaient directement dans ces fonds*

Lorsque le(s) sous-jacent(s) d'une série de Titres inclue(nt) un fonds ou un portefeuille de fonds, les investisseurs doivent mener leurs propres contrôles et investigations de(s) fonds sous-jacent(s) comme ils le feraient s'ils investissaient directement dans ce(s) fonds sous-jacent(s). L'offre de Titres ne constitue pas une recommandation, par Société Générale ou l'une quelconque de ses filiales, relative à un investissement lié à un fonds sous-jacent (y compris concernant les fonds qui sont gérés par des gestionnaires affiliés à Société Générale). Les investisseurs ne doivent pas considérer la vente des Titres par l'Emetteur comme une recommandation par l'Emetteur ou une quelconque de ses filiales d'investir dans le(s) fonds sous-jacent(s).

*Risques se rapportant à des fonds sous-jacents qui sont des fonds alternatifs*

Les parts de fonds, et les investissements dans des fonds alternatifs en général, sont spéculatifs et impliquent un degré de risque élevé. Ni l'Emetteur ni le Garant ne donnent une assurance quelconque à propos de la performance de parts de fonds.

Lorsque le(s) sous-jacent(s) d'une série de Titres inclue(nt) un fond alternatif ou un portefeuille de fonds alternatifs pour une série de Titres, les Titres de cette série seront sujets à certains des risques liés à un investissement dans un fonds alternatif ou un portefeuille de fonds alternatifs. L'absence de supervision et de réglementation des fonds qui sont des fonds alternatifs peut augmenter la probabilité de fraude et de négligence de la part des gestionnaires du fonds et/ou des conseillers d'investissement, leur entreprise de courtage ou les banques.

Les fonds alternatifs peuvent comprendre des structures fiscales complexes et des reports dans la distribution d'informations fiscales importantes et peuvent engendrer des frais et dépenses élevés qui peuvent réduire le résultat du fonds.

Des remboursements importants sur un fonds alternatif à un jour donné peuvent provoquer une liquidation des positions du fonds plus rapide que ce qu'il serait autrement préférable.

Les fonds alternatifs, y compris les fonds sur lesquels des Titres Indexés peuvent être indexés, ne publient généralement pas d'informations sur leurs opérations et portefeuilles. A supposer même que l'Emetteur, le Garant ou toute société liée à Société Générale puisse avoir des arrangements avec les gérants d'un fonds pour obtenir les informations requises afin de calculer la valeur du fonds, il pourra ne pas avoir accès aux activités du fonds sur une base continue, voire n'y avoir aucun accès. Il n'existe actuellement aucune exigence réglementaire imposant aux fonds de publier des informations d'une nature qui permette à l'Emetteur, au Garant ou à toute société liée à Société Générale d'évaluer un fonds ou de déterminer précisément la valeur des parts d'un fonds et, par voie de conséquence, le Montant de Remboursement Final ou Anticipé des Titres concernés.

Société Générale et certaines de ses sociétés liées de temps à autre obtiennent des informations sur des fonds alternatifs spécifiques qui peuvent ne pas être disponibles pour le grand public. Ces informations sont obtenues par Société Générale et certaines de ses sociétés liées dans le cadre de la marche ordinaire de leurs affaires, et non pas en relation avec l'offre des Titres (y compris au titre de fonds qui sont gérés par des gérants liés à Société Générale). Dans le cadre de la marche ordinaire de leurs affaires, Société Générale et certaines de ses sociétés liées peuvent recommander, ou décider de ne pas recommander, certains fonds alternatifs spécifiques à leurs clients. Les fonds alternatifs à propos desquels Société Générale et certaines de ses sociétés liées ont

formulé des recommandations d'investissement peuvent figurer, actuellement ou dans le futur, parmi les fonds sous-jacents utilisés dans la formule de remboursement des Titres. Toutes les positions qui peuvent être prises par Société Générale et certaines de ses sociétés liées au titre de la performance future prévue d'un ou plusieurs fonds (y compris au titre de fonds qui sont gérés par des gérants liés à Société Générale) ne constituent pas une indication de la performance future prévue de ce ou ces fonds, et ni Société Générale ni aucune de ses sociétés liées n'ont formulé un jugement quelconque au titre de la performance future prévue d'un fonds.

*La volatilité des marchés peut avoir un effet défavorable sur la valeur des parts des fonds*

Volatilité est le terme utilisé pour décrire la taille et la fréquence des fluctuations du marché. Si la volatilité du(des) fonds sous-jacent(s) augmente ou diminue, la valeur de marché des Titres peut être affectée.

Les performances des fonds (en particulier des fonds alternatifs) peuvent être extrêmement volatiles. La valeur liquidative du fonds reflétée par les parts du fonds peut connaître des fluctuations importantes d'un mois à l'autre. Les transactions négociées par les gérants des fonds peuvent se fonder sur leurs prévisions des fluctuations de cours, sachant que les investissements concernés approchent et atteignent leur échéance plusieurs mois après le début des négociations. Entre-temps, la valeur de marché des positions peut ne pas augmenter, et peut même diminuer, ce qui se reflétera dans la valeur liquidative par part ou action.

Les investissements réalisés par les fonds sous-jacents peuvent impliquer des risques substantiels. En raison de la nature même de ces investissements, la valeur des parts du fonds peut fluctuer dans une mesure significative en cours de journée ou sur des périodes plus longues. En conséquence, la performance des parts d'un fonds sur une période donnée ne sera pas nécessairement indicative de la performance future.

La volatilité du marché peut entraîner des pertes significatives sur les parts de fonds.

*Le recours à l'effet de levier peut accroître le risque de perte de valeur des parts de fonds*

Les fonds sous-jacents peuvent avoir recours à l'effet de levier, c'est-à-dire emprunter des montants qui représentent plus de 100 pour cent de la valeur de leurs actifs, afin de réinvestir dans des actifs impliquant des risques supplémentaires. En conséquence, un léger mouvement à la baisse de la valeur des actifs d'un fonds peut entraîner une perte significativement plus importante pour le fonds.

*Les gérants de fonds peuvent être éligibles pour recevoir une rémunération incitative*

La possibilité pour un gérant de fonds de gagner une rémunération liée à la performance (y compris un gérant lié à Société Générale) peut encourager ce gérant de fonds à négocier des opérations plus spéculatives qu'il ne le ferait autrement. Ainsi, du fait que l'intéressement des gestionnaires du fonds et/ou des conseillers en investissement des fonds alternatifs est souvent influencé directement par la performance de ces fonds, chacun peut avoir un intérêt à faire des investissements plus risqués dont il peut résulter des plus grands profits. De tels investissements sont aussi l'occasion de pertes significatives. De plus, les gestionnaires et/ou les conseillers en investissement du fonds peuvent percevoir des rémunérations de gestion, de conseil ou de performance, alors même que le fonds n'a réalisé aucun gain.

*Les investissements des gérants de fonds ne sont pas vérifiés*

Ni l'Emetteur, ni Société Générale en qualité de Garant ou d'Agent de Calcul en vertu des Titres, ni les sociétés liées de Société Générale ne sont ni ne seront chargés de vérifier ou de s'assurer que les gérants de fonds se conforment à leur stratégie de négociation indiquée (y compris un gérant lié à Société Générale).

Les gérants de fonds (y compris un gérant lié à Société Générale) n'ont aucune obligation envers les Titulaires de Titres, ni aucun autre rôle en relation avec les Titres, y compris toute obligation de prendre en considération les besoins des Titulaires de Titres pour un motif quelconque. Les gérants de fonds (y compris un gérant lié à Société Générale) ne sont pas responsables de l'offre, du placement, de la vente, de l'achat ou du transfert des

Titres et n'ont ni cautionné cette offre, ce placement, cette vente, cet achat ou ce transfert, ni participé à ces opérations. Les gérants de fonds (y compris une société liée à Société Générale) ne sont pas responsables de la détermination ou du calcul des montants à recevoir par les Titulaires de Titres et ne participeront pas à cette détermination ou à ce calcul.

Les fonds sous-jacents qui sont des fonds alternatifs ne sont pas soumis au même régime réglementaire, ni réglementés dans la même mesure que les fonds communs de placement ou les offres de titres nominatifs ou de valeurs mobilières. Les modifications de l'environnement réglementaire actuel pourraient affecter l'investissement, les opérations et la structure des fonds sous-jacents et affecter défavorablement la performance des fonds sous-jacents.

Les fonds sous-jacents peuvent investir en actifs qui impliquent des risques supplémentaires et ces risques peuvent ne pas être intégralement divulgués à la date d'investissement par l'Emetteur. Les gestionnaires du fonds et/ou les conseillers en investissements du fonds alternatif peuvent investir et traiter une variété d'instruments financiers faisant appel à des techniques d'investissement sophistiquées à des fins de couverture ou non. Ces instruments financiers et ces techniques d'investissement comprennent, sans limitation, l'utilisation de l'effet de levier (c'est-à-dire l'emprunt d'argent à des fins d'investissement), la vente à découvert de titres, les opérations qui utilisent les dérivés tels que des contrats d'échange (*swaps*), les options sur actions, les options sur indice, les contrats à terme et les options sur contrat à terme, les opérations qui impliquent le prêt de titres à certaines institutions financières, la conclusion d'accords de rachat et prise en pension des titres et l'investissement dans des titres étrangers et des monnaies étrangères. De plus, les fonds alternatifs peuvent emprunter un montant supérieur à 100% de leurs actifs afin d'augmenter leur effet de levier. Alors que ces stratégies d'investissement et ces instruments financiers donnent aux gestionnaires et aux conseillers en investissement du fonds la flexibilité nécessaire pour exécuter un panel de stratégies dans le but de générer des retours positifs pour le fonds, ils créent aussi le risque de pertes significatives qui peuvent affecter de manière négative le fonds.

Les fonds alternatifs peuvent investir dans des titres cotés ou commercialisés sur des bourses étrangères. L'exécution des opérations sur les bourses étrangères peuvent comporter des risques particuliers comme, sans limitation: une plus grande volatilité, l'intervention du gouvernement, l'absence de transparence, le risque de devise, les risques de politique et d'instabilité sociale.

#### *Gestionnaires et/ou conseillers en investissement du (des) fonds sous-jacent(s)*

L'investissement dans les Titres est spéculatif et crée des risques substantiels. Le Montant de Remboursement Anticipé ou le Montant de Remboursement Final est fondé sur les changements de la valeur des(du) fonds sous-jacent(s), qui fluctue et ne peut être prédite. De plus, tout personne se fondant sur la performance des(du) fonds sous-jacent(s) devra être conscient que cette performance dépend de manière significative de la performance des gestionnaires et/ou des conseillers en investissement des(du) fonds. Ni l'Emetteur, ni Société Générale en tant que Garant ou Agent du Calcul pour les Titres, ni les filiales de Société Générale ne sont en position de protéger les Titulaires de Titres de la fraude et des affirmations inexactes des gestionnaires et des conseillers en investissement affiliés du fonds. Les investisseurs doivent comprendre qu'ils peuvent être affectés de manière négative par ces actes. Les Titulaires de Titres n'ont pas et ne sont pas autorisés à avoir un droit quelconque dans le(s) fonds sous-jacent(s), et n'ont donc aucun recours, contractuel ou légal, contre le(s) fonds sous-jacent(s), tout conseiller en investissement ou gestionnaire. De plus, d'un point de vue pratique, il peut être difficile d'intenter une action, ou de demander l'exécution d'un jugement obtenu par action, contre une quelconque des entités mentionnées ci-dessus. De plus, les gestionnaires et/ou les conseillers en investissement des(du) fonds peuvent être renvoyés ou remplacés, la dotation des actifs peut varier de temps à autre et les positions diverses d'investissement des(du) fonds sous-jacent(s) peuvent être économiquement diminuées, et tout ceci peut affecter de manière négative la performance des(du) fonds sous-jacent(s).

Les gestionnaires et/ou les conseillers en investissement du fonds peuvent gérer ou conseiller d'autres fonds et/ou comptes et peuvent avoir des intérêts financiers ou autres à favoriser ces autres fonds et/ou comptes sur le(s) fonds sous-jacent(s). De plus, les gestionnaires et/ou conseillers en investissements du fond peuvent gérer

ou conseiller pour leur propre compte et pour le compte de leurs clients et peuvent faire des recommandations ou prendre des positions similaires ou différentes de celles des(du) fonds sous-jacent(s) qui peuvent entrer en compétition.

*Les commissions, déductions et charges diverses réduiront le Montant de Remboursement Final ou Anticipé*

Les frais et commissions des fonds seront déduits de la valeur liquidative du fonds, réduisant la valeur des parts ou actions de ce fonds. En conséquence, dans la mesure où le Montant de Remboursement Final ou Anticipé est indexé sur la valeur liquidative d'un fonds, le Montant de Remboursement Final ou Anticipé payable aux Titulaires de Titres sera inférieur à celui qu'il aurait été en l'absence de ces commissions, déductions et charges, mais Société Générale ou l'une de ses sociétés liées peut être bénéficiaire de ces frais et commissions, ou obtenir une réduction sur ces frais et commissions de la part de tiers.

*Valeur Liquidative*

L'Emetteur pense que la valeur de marché des Titres sera susceptible de dépendre substantiellement de la valeur liquidative du(des) fonds sous-jacent(s) au moment considéré. Si un investisseur décide de vendre ses Titres, cet investisseur recevra un montant substantiellement inférieur à celui qui serait dû à la date de paiement concernée et basé sur cette valeur liquidative, à cause, par exemple, des attentes possibles du marché que la valeur liquidative du(des) fonds sous-jacent(s) continuera à fluctuer entre ce moment-là et le moment où la valeur liquidative finale du(des) fonds sous-jacent(s) est déterminée. Les développements politiques, économiques et autres qui affectent les investissements fondés sur le(s) fonds sous-jacent(s) peuvent aussi affecter la valeur liquidative du(des) fonds sous-jacent(s) et, en conséquence la valeur des Titres.

*L'absence de liquidité des investissements du fonds sous-jacent peut provoquer la réduction ou le report du paiement du Montant de Remboursement Anticipé ou le Montant du Remboursement Final*

Les montants intermédiaires ou les montants de remboursement final dus aux investisseurs dans les Titres ayant des fonds comme sous-jacents peuvent être fondés sur les produits du remboursement qui seront payés en espèces par le fonds sous-jacent à un investisseur hypothétique, en conséquence d'une notification valide et faite dans les délais de remboursement, donnée par cet investisseur hypothétique, prenant effet à la date d'évaluation pertinente. Afin de répondre à la demande de remboursement, le fonds sous-jacent devra probablement vendre ses propres actifs, mais ces investissements peuvent ne pas être facilement vendus à la date d'évaluation ou juste après pour différentes raisons, y compris, mais sans limitation:

- les occasions de remboursement permises par le fonds sous-jacent ne sont pas fréquentes (par exemple, beaucoup de fonds alternatifs n'offrent qu'une liquidité mensuelle ou trimestrielle);
- tous barrière (*gating*), périodes de blocage, *side pockets* ou délais ou suspensions discrétionnaires de remboursement imposés par le fonds sous-jacent (par exemple, beaucoup de fonds alternatifs ont des dispositions par lesquelles les demandes de remboursement sont réduites si le montant total de ces demandes atteint une limite prédéterminée);
- les propres investissements du fonds sous-jacent peuvent ne pas être liquides;

Dans ces situations, (i) le paiement du montant intermédiaire peut être reporté par l'Agent du Calcul peu de temps après la date à laquelle le fonds sous-jacent paie tous les produits de remboursement suite à une notification, valide et faite dans les délais, faite après la survenance d'un événement décrit ci-dessus ou à la date d'échéance des Titres et/ou (ii) le paiement du montant de remboursement final se fera sur la base des produits de remboursement payés par le fonds sous-jacent au titre d'une notification, valide et faite dans les délais, faite après la survenance d'un événement décrit ci-dessus. Si les produits du remboursement n'ont pas été payés par le fonds sous-jacent à la date d'échéance des Titres, le paiement des montants intermédiaires ou des montants de remboursement final peuvent être reportés après la date d'échéance pour une période de deux ans au maximum. Si à l'expiration de cette période de deux ans, le fonds sous-jacent n'a pas intégralement payé les produits du remboursement, les montants intermédiaires et finaux de remboursement devront être déterminés

par l'Agent de Calcul sur la base de ce qui a été effectivement payé par le fonds sous-jacent. Le montant reçu par les investisseurs peut être aussi bas que zéro.

Dans l'hypothèse de la survenance de certains événements extraordinaires affectant un fonds sous-jacent, comme par exemple, sans limitation, une faillite, une nationalisation ou une fusion du fonds sous-jacent, une démission, une fin de mandat ou un remplacement de l'administrateur, du conservateur, du conseiller en investissement ou du gestionnaire du fonds, un manquement par le fonds sous-jacent à sa stratégie d'investissement, l'Agent de Calcul peut décider de terminer, après la survenance de cet événement extraordinaire l'exposition des Titres à ce fonds sous-jacent et les montants intermédiaires et/ou les montants de remboursement final et (i) de payer tout montant intermédiaire du à l'investisseur dans les Titres soit immédiatement soit à la date d'échéance sur le fondement des produits de remboursement payé par le fonds sous-jacent dans la liquidation de l'exposition à ce fonds sous-jacent, et/ou (ii) de payer le montant de remboursement final à la date d'échéance sur la base des produits de remboursement payés par le fonds sous-jacent dans la liquidation de l'exposition à ce fond sous-jacent. Si le fonds sous-jacent est aussi sujet à des problèmes de liquidité tel que décrit ci-dessus, le report du paiement des montants intermédiaires et/ou du montant de remboursement final pour une période de deux ans maximum peut aussi s'appliquer.

Au regard des expériences récentes dans l'industrie des fonds alternatifs, il est probable qu'un tel délai ait un impact négatif significatif sur le montant qui sera payable sur les Titres concernés.

*Si le(s) fonds sous-jacent(s) investit au travers d'une structure maître-nourricier, celle-ci peut avoir un effet négatif sur le(s) fonds sous-jacent(s), et par conséquent les Titres.*

Le(s) fonds sous-jacent(s) peut investir au travers d'une structure maître-nourricier. Le(s) fonds sous-jacent(s) donnera une part substantielle ou tous ses actifs au fonds maître et peut le faire aux côtés d'autres investisseurs, y compris d'autres fonds nourriciers. Le fonds maître concerné peut aussi établir ou permettre des investissements par d'additionnels investisseurs ou fonds nourriciers dans le futur.

La structure de fonds maître-nourricier, en particulier l'existence de multiples véhicules d'investissement investissant dans le même portefeuille, présente certain risques uniques pour l'investisseur. Le(s) fonds sous-jacent(s) peut être substantiellement affecté par les actions des autres investisseurs, véhicules d'investissement et fonds nourriciers investissant dans le fonds maître, en particulier si ces investisseurs ont des investissements importants dans le fonds maître. Par exemple, si un véhicule avec des investissements plus grands ou une entité avec une investissement important dans le fonds maître demande le remboursement du fonds maître, l'absence de liquidité de certains titres ou marchés peut rendre difficile pour le fonds maître la liquidation des positions à des conditions favorables pour effectuer ce remboursement, ce dont il peut résulter des pertes ou la diminution de la valeur liquidative du fonds maître. De plus, afin de satisfaire à ces remboursements, le sous-gestionnaire peut avoir besoin de liquider les investissements les plus liquides du fonds maître; laissant les investisseurs restants (y compris le(s) fonds sous-jacent(s)) investir dans des instruments encore moins liquides. Ces retraits peuvent aussi laisser le fonds maître avec un pool moins diversifié d'investissements. Cela peut augmenter le risque total de portefeuille du fonds maître, et, au final, les Titres. A l'inverse, le sous-gérant peut refuser une demande de remboursement s'il pense qu'une telle demande, si elle était satisfaite, aurait un impact défavorable significatif sur les investisseurs restants dans le fonds maître. Cela pourrait affecter de manière négative la liquidité du fonds maître et, par conséquent, le(s) fonds sous-jacent(s) et les Titres.

*Certaines activités peuvent créer des conflits d'intérêts avec les Titulaires de Titres*

L'Emetteur et le Garant, ou une ou plus de ses filiales, peut s'engager dans la négociation ou d'autres activités relatives au(x) fonds sous-jacent(s) ou leur actifs sous-jacents qui ne sont pas destinés aux comptes des Titulaires de Titres ou pour leur compte. Ces activités peuvent être source de conflit entre les intérêts dans les Titres du Titulaire de Titres et les intérêts que l'Emetteur et le Garant, ou un ou plus de leurs filiales, peuvent avoir dans leurs activités pour compte propre. Ces activités comprennent, entre autres, l'exercice des droits de vote, les relations de conseil financier, les opérations de financement, les opérations dérivées et l'exercice des droits de créancier, chacune pouvant être contraire aux intérêts des Titulaires de Titres. Chacune des ces

activités de négociation peut affecter la valeur du(des) fonds sous-jacent(s) et peut être négative pour la rentabilité des Titres du Titulaire de Titres. L'Emetteur, le Garant et leurs filiales peuvent s'engager dans ces activités sans considération pour les Titres ou l'effet que ces activités peuvent avoir, directement ou indirectement sur les Titres de toute série.

De plus, dans le cadre de ces activités, l'Emetteur, le Garant et/ou leurs filiales peuvent recevoir des informations sur le(s) fonds sous-jacent(s) ou leurs actifs sous-jacents qui ne seront pas divulguées aux Titulaires de Titres. L'Emetteur, le Garant et leurs filiales n'ont pas d'obligation de divulguer ces informations sur le(s) fonds sous-jacent(s) ou les entreprises liées.

*Des investissements supplémentaires dans le fonds, ou des retraits de montants antérieurement investis dans le fonds, peuvent avoir un effet défavorable sur la valeur des parts ou actions du fonds*

Dans l'exercice normal de leurs activités, qu'ils s'engagent ou non sur des activités dans le marché secondaire, l'Emetteur, le Garant et une ou plusieurs de leurs filiales peuvent effectuer des opérations pour leur propre compte ou pour le compte de leurs clients et tenir des positions longues ou courtes sur le(s) fonds sous-jacent(s), les actifs sous-jacents du(des) fonds sous-jacent(s) et/ou des dérivés liés. De plus, dans le cadre d'une offre de toute série de Titres et pendant la vie de ces séries de Titres, chacun de l'Emetteur, le Garant et une ou plusieurs de leurs filiales, afin de couvrir ses obligations en vertu des Titres, peut conclure une ou plusieurs opérations de couverture au titre du(des) fonds sous-jacent(s), actifs sous-jacents et/ou dérivés liés.

Dans le cadre de ces couvertures ou des activités de tenue de marché, ou au titre des activités pour compte propre ou d'autres activités de négociation, l'Emetteur, le Garant et/ou leurs filiales peuvent conclure des opérations dans le(s) fonds sous-jacent(s), actifs sous-jacents du(des) fonds sous-jacent(s) et/ou dérivés liés qui peuvent affecter le prix de marché, la liquidité ou la valeur du(des) fonds sous-jacent(s) ou des actifs sous-jacents, et en conséquence des Titres. L'Emetteur, le Garant et/ou leurs filiales peuvent aussi émettre ou souscrire d'autres titres ou d'instruments financiers ou dérivés ayant une rentabilité adossée ou liée aux changements de performance du(des) fonds sous-jacent(s) ou leurs actifs sous-jacents. Toutes situations décrites ci-dessus peuvent avoir des conséquences qui affectent négativement l'investissement d'un Titulaire de Titres. L'Emetteur et le Garant n'ont aucune responsabilité, quelle qu'elle soit, dans ses conséquences et leur impact sur l'investissement d'un Titulaire de Titres.

Les investisseurs doivent savoir qu'en conséquence des décisions de couverture de la contrepartie à l'opération de couverture, les investissements ou désinvestissements effectués par cette contrepartie dans le fonds peuvent affecter la valeur des parts ou actions du fonds, et, par voie de conséquence, le Montant de Remboursement Final ou Anticipé des Titres.

En outre, l'Emetteur peut émettre des Tranches de Titres supplémentaires qui sont fongibles avec les Titres, ou d'autres obligations, titres ou instruments qui, bien qu'ils ne soient pas fongibles avec les Titres, peuvent être liés à un indice dont l'un des composants intègre les fonds sous-jacents comme actif de référence. Si ces Titres sont émis, Société Générale est susceptible de faire des investissements supplémentaires dans les fonds sous-jacents, afin de couvrir l'exposition encourue en relation avec ces transactions liées à ces Titres. Tout investissement de cette nature dans les fonds sous-jacents pourrait affecter défavorablement la performance des parts ou actions du fonds, et, par voie de conséquence, la valeur de négociation des Titres et le Montant de Remboursement Final ou Anticipé.

#### *Changements juridiques, fiscaux et réglementaires*

Des changements juridiques, fiscaux et réglementaires peuvent survenir pendant la durée des Titres et peuvent affecter de manière négative le(s) fonds sous-jacent(s). L'environnement réglementaire des fonds alternatifs évolue et des changements dans la régulation des fonds alternatifs peuvent affecter de manière négative la valeur des investissements détenus par le(s) fonds sous-jacent(s). De plus, les marchés de titres et de contrats à terme sont soumis à des législations, des réglementations, et exigences de marge d'application large. Les régulateurs et les bourses et organisations autorégulées sont autorisés à prendre des actions extraordinaires

dans le cas d'urgence sur le marché. La réglementation des opérations de dérivés et des fonds qui concluent de telles opérations, est un domaine de la loi qui évolue et qui est sujet à modifications par le gouvernement ou une action judiciaire. L'effet d'un quelconque changement futur de règlement sur les fonds sous-jacents peut être substantiel et négatif et peut avoir un effet négatif sur la valeur de Titres.

*Pas de droit de propriété dans tout fonds sous-jacent*

Un investissement dans les Titres ne donne pas aux Titulaires de Titres un intérêt ou un droit dans un quelconque fonds sous-jacent, tel que les droits de vote ou les droits aux paiements faits aux propriétaires du(des) fonds sous-jacent(s). Au contraire, un Titre représente un investissement notionnel dans le(s) fonds sous-jacent(s). Le terme "notionnel" est utilisé car, bien que la valeur du(des) fonds sous-jacent(s) sera utilisée pour calculer un paiement en vertu des Titres, l'investissement dans les Titres ne sera pas utilisé pour acheter des intérêts dans le(s) fonds sous-jacent(s) pour le compte du Titulaire des Titres concernés.

L'Emetteur, ou une filiale, peut acheter des intérêts dans le(s) fonds sous-jacent(s) afin de couvrir ses obligations en vertu des Titres, mais il n'a aucune obligation de le faire. Ces intérêts, s'il en existe, sont la propriété séparée de l'Emetteur ou d'une filiale et ne garantissent pas ou, en tout état de cause, ne sous-tendent pas les Titres. En conséquence, dans l'hypothèse d'une défaillance de paiement du Montant de Remboursement Final ou Anticipé par l'Emetteur en vertu des Titres, sauf clause spécialement stipulée à cette fin, un Titulaire de Titres n'aura pas de droit de propriété ou de revendication de ces intérêts dans le(s) fonds sous-jacent(s).

**Facteurs de Risque liés aux Titres Indexés sur des Marchandises**

Les Titres Indexés sur Marchandises peuvent être remboursés par l'Emetteur à leur valeur au pair et/ou par la livraison physique du ou des actifs sous-jacents, et/ou par le paiement d'un montant déterminé par référence à la valeur de l'actif ou des actifs sous-jacents. En conséquence, un investissement dans des Titres Indexés sur Marchandises peut entraîner des risques de marché similaires à ceux d'un investissement direct dans les marchandises concernées, et les investisseurs sont donc invités à prendre l'avis d'un conseil professionnel à ce propos. Les intérêts payables sur des Titres Indexés sur Marchandises peuvent être calculés par référence à la valeur d'un ou plusieurs actifs sous-jacents. La valeur de l'actif ou des actifs sous-jacents peut varier dans le temps, et peut augmenter ou diminuer par référence à une variété de facteurs, notamment l'offre et la demande mondiales des marchandises auxquelles l'actif ou les actifs sous-jacents se réfèrent, les activités de production et de vente des marchandises concernées par les producteurs, les banques centrales et organisations internationales, la demande de produits finis basés sur la marchandise concernée, la demande nette d'investissement et la demande industrielle.

**Facteurs de Risque liés aux Titres Indexés sur un Événement de Crédit**

*Les termes commençant par des majuscules employés dans cette section auront, s'ils ne sont pas définis autrement dans le présent Prospectus de Base, la signification qui leur est donnée dans l'Annexe Technique Événement de Crédit.*

En cas de survenance de certaines circonstances (y compris notamment: Faillite, Défaut de Paiement, Déchéance du Terme, Défaut de l'Obligation, Contestation/Moratoire ou Restructuration) relatives à une ou plusieurs Entités de Référence, dans chaque cas comme spécifié dans les Conditions Définitives applicables, l'obligation de l'Emetteur de payer le principal pourra être remplacée par (i) une obligation de payer d'autres montants égaux soit au(x) montant(s) fixe(s) spécifié(s) dans les Conditions Définitives applicables, soit à des montants calculés par référence à la valeur de l'actif ou des actifs sous-jacents (qui pourront, dans chaque cas, être inférieurs à la valeur au pair des Titres à la date concernée), et/ou une obligation de livrer l'actif ou les actifs sous-jacents. En outre, les Titres Indexés sur un Événement de Crédit porteurs d'intérêts pourront cesser de produire des intérêts à la date de survenance de ces circonstances ou avant cette date.

En conséquence, les Titulaires de Titres peuvent être exposés à compter de la Première Date de Survenance d'un Événement de Crédit mentionnée dans les Conditions Définitives (qui peut être antérieure à la date de leur

décision d'investir dans les Titres ou à la Date d'Émission), à hauteur de l'intégralité de leur investissement dans les Titres Indexés sur un Événement de Crédit, aux fluctuations de la qualité du crédit des Entités de Référence. Leur investissement dans les Titres peut créer un effet de levier sur leur exposition aux Entités de Référence en comparaison à un investissement direct dans les obligations de ces Entités de Référence.

*Risque accru concernant les Titres sur Premier Défaut et les Titres sur Tranche*

Les Titres sur Premier Défaut ou les Titres sur Tranche créent un effet de levier sur l'exposition au risque de crédit des Entités de Référence.

*Risque de Concentration*

La concentration des Entités de Référence sur une industrie ou une région géographique pourrait soumettre les Titres à un degré plus élevé de risque par rapport à la récession économique de cette industrie ou cette région géographique.

Concernant les Titres sur Panier, indépendamment de la qualité du crédit de chaque Entité de Référence, moins il y a d'Entités de Référence dans un Portefeuille de Référence, plus le degré de risque est grand par rapport à la survenance d'un Événement de Crédit. Concernant les Titres sur Premier Défaut, plus il y a d'Entités de Référence dans un Portefeuille de Référence, plus le degré de risque est élevé.

*Discrétion pour déterminer qu'un Événement de Crédit a eu lieu et pour décider d'envoyer une notice ou non*

L'Agent de Calcul déterminera, à sa seule et entière discrétion, la survenance ou non d'un Événement de Crédit au titre d'une Entité de Référence, sous réserve que certaines modalités décrites dans l'Annexe Technique Événement de Crédit soient respectées. Cette détermination par l'Agent de Calcul, lequel n'est pas dans l'obligation d'agir dans l'intérêt des Titulaires de Titres, sera définitive et fera foi à l'égard des Titulaires de Titres (en l'absence d'erreur manifeste). De plus, l'Agent de Calcul décide à sa seule et entière discrétion de notifier ou non la survenance d'un Événement de Crédit au titre d'une Entité de Référence. Un Titulaire de Titres peut être en désaccord avec une Information Publiquement Disponible contenue dans une Notification d'Événement de Crédit délivrée par ou pour le compte de l'Émetteur au Système de Compensation Concerné pour l'information des Titulaires de Titres, mais sera néanmoins tenu par cette détermination selon les termes des Titres.

*Valorisation et règlement en cas d'Événement de Crédit*

En vertu des modalités des Titres, si Société Générale agit en qualité d'Agent de Calcul elle pourra, afin de déterminer le Montant de Remboursement en Espèces selon la Méthode des Intervenants de Marché ou le Montant de Règlement Physique, choisir des obligations ayant le prix le plus bas parmi toutes les obligations répondant aux critères requis. En exerçant ce choix, l'Agent de Calcul ne sera pas tenu de rendre compte aux Titulaires de Titres ni à quiconque de tout profit ou autre bénéfice qu'elle-même, ou l'une quelconque de ses sociétés liées, a réalisé en conséquence directe ou indirecte de ce choix.

Concernant les Titres, la Valeur Finale est l'un des facteurs déterminant le montant de remboursement des Titres à leur Date d'Échéance. Les modalités des Titres Indexés sur un Événement de Crédit prévoient que l'Agent de Calcul, en fonction de la sélection faite dans les Conditions Définitives, déterminera la Valeur Finale soit en obtenant des cotations de la part d'Intervenants de Marché pour une(des) Obligation(s) Sélectionnée(s), soit par référence aux Modalités de Règlement aux Enchères (à moins qu'aucun Prix Final aux Enchères ne soit disponible à la suite des Modalités de Règlement aux Enchères de la Transaction concernées auquel cas l'Agent de Calcul déterminera la Valeur Finale pour des Obligations Sélectionnées(s) en obtenant des cotations d'Intervenants de Marchés). A cet égard, les investisseurs doivent noter que: (i) la Valeur Finale, telle que déterminée par référence aux Modalités de Règlement aux Enchères, peut différer de la Valeur Finale déterminée autrement et une Valeur Finale plus faible aura habituellement pour effet de réduire le montant payable aux Titulaires de Titres lors du remboursement des Titres; et (ii) l'Agent de Calcul peut avoir un conflit d'intérêts, dans la mesure où il participe à l'établissement des Modalités de Règlement aux Enchères et influence potentiellement le mécanisme de fixation du prix.

Si les Modalités de Règlement aux Enchères ne sont pas publiées dans un certain délai et s'il n'est pas possible d'obtenir des cotations de la part des Intervenants de Marché pour les Obligations Sélectionnées au cours d'une période supplémentaire, la Valeur Finale des Obligations Sélectionnées sera réputée être nulle et, en conséquence, le Montant de Remboursement en Espèce sera nul. En outre, les périodes auxquelles il est fait référence ci-dessus qui se trouvent entre l'Évènement de Crédit et l'évaluation pourront durer jusqu'à 180 Jours Ouvrés après la date à laquelle l'existence de l'Évènement de Crédit a été établie et, par conséquence, le règlement ou selon le cas, la signification qu'aucun montant n'est dû en vertu des Titres Indexés sur Évènement de Crédit, peut intervenir plusieurs mois après l'Évènement de Crédit concerné, à une date qui peut se trouver bien après la Date d'Échéance Prévue des Titres.

Quand la Méthode des Intervenants de marché est applicable, des facteurs affectant les Intervenants de Marché peuvent avoir un effet négatif sur les cotations obtenues par les Intervenants de Marché (lesquelles peuvent être inférieures à la valeur des obligations concernées) et peuvent en conséquence avoir un effet négatif sur le Montant de Remboursement en Espèces. Le Montant de Remboursement en Espèces peut être égal à zéro, s'il n'est pas possible d'obtenir des cotations de la part des Intervenants de Marché pour les obligations choisies.

#### *Report de valorisation et/ou de paiements*

Dans certaines circonstances qui incluent mais ne sont pas limitées à l'Évènement de Crédit Non Régulé, ou en cas de Règlement Physique si l'Agent de Calcul détermine que la(les) Obligation(s) Livrable(s) Spécifiée(s) est(sont) une(des) Obligation(s) Non Livrable(s), (i) le moment de la valorisation des Titres peut être retardé et par voie de conséquence peut avoir un effet négatif sur le montant du principal et/ou des intérêts payable(s) aux Titulaires de Titres et (ii) le paiement du montant du principal et/ou des intérêts dû(dus) aux Titulaires de Titres peut être retardé sans compensation pour les Titulaires de Titres.

#### *Ajustement – Remboursement anticipé*

Les investisseurs doivent être conscients que (sauf mention contraire spécifiée dans les Conditions Définitives), une émission de Titres indexés sur un Évènement de Crédit inclut des clauses qui ont pour effet que :

- (i) À la suite de la survenance de certains événements affectant une Entité de Référence ou les Opérations de Couverture conclues ou à conclure par l'Émetteur ou l'une de ses sociétés liées (décrits de manière plus précise dans l'Annexe Technique Évènement de Crédit), l'Agent de Calcul, peut déterminer à sa seule et entière discrétion, de bonne foi, le(s) ajustement(s) nécessaire(s) éventuel(s) à apporter sur les termes des Termes et conditions et/ou des Conditions Définitives applicables à prendre en compte pour cet événement et déterminer à la date effective de cet ajustement. Cet ajustement peut avoir un effet négatif sur le Montant de Remboursement Final, la valeur et la liquidité des Titres Indexés sur un Évènement de Crédit affectés ; ou
- (ii) à la suite de la survenance de certains événements affectant les Opérations de Couverture conclues ou à conclure par l'Émetteur ou l'une de ses sociétés liées (décrits de manière plus précise dans l'Annexe Technique Évènement de Crédit), l'Émetteur peut rembourser les Titres à leur Valeur de Marché. Suite à ce remboursement, un investisseur peut ne pas être en mesure de réinvestir les produits de rachat de ce remboursement sur des termes équivalents.

#### *Conflits d'intérêts*

Les Titulaires de Titres sont informés que l'Émetteur ou le Dealer peut à tout moment détenir des Obligations des Entités de Référence. Les droits et obligations de l'Émetteur liés aux Titres ou une perte liée aux Titres supportée par les Titulaires de Titres sont indépendants d'une exposition ou non de l'Émetteur au risque de Crédit d'une Entité de Référence ou du fait que l'Émetteur a supporté une perte au titre de l'Entité de Référence.

Société Générale et ses sociétés liées peuvent, à tout moment être en possession d'information en relation avec une Entité de Référence ou une Obligation de Référence qui est ou peut être matérielle dans le contexte de

l'émission des Notes et qui peut ne pas être publiquement disponible ou connue des autres. Il n'y a pas d'obligation pour Société Générale et ses sociétés liées de divulguer aux Titulaires de Titres ou à toute autre partie une telle relation ou information que ce soit avant ou après la Date d'Émission.

*Notation attribuée par les Agences de notation de crédit*

Les Titulaires des Titres doivent être conscients que les notations attribuées par les agences de notation de crédit ne constituent pas une garantie de la qualité des Titres ou de l'Entité de Référence. Les notations attribuées à l'Entité de Référence par les agences de notation de crédit sont fondées sur la situation financière respective de l'Entité de Référence sous-jacente (ou le cas échéant, sur la notation de la dette à long terme non subordonnée de ladite Entité de Référence). Une telle notation reflète uniquement les opinions des agences de notation de crédit. En ce qui concerne l'Entité de Référence, les agences de notation n'évaluent pas les risques de fluctuation de la valeur de marché mais tentent plutôt d'évaluer la probabilité de paiement du principal et/ou des intérêts. Une notation ne constitue en aucun cas une recommandation d'acheter, de vendre ou de détenir des instruments financiers et peut être modifiée, suspendue ou supprimée à tout moment par l'agence de notation de crédit concernée. Dans tous les cas, les agences de notation de crédit peuvent omettre de réévaluer leur notation de crédit suite à la survenance d'événements postérieurs à la notation attribuée. Par conséquent, la situation financière d'une Entité de Référence peut être meilleure ou moins bonne que celle indiquée par la notation de crédit actuelle et la dite notation de crédit peut donc ne pas refléter l'intégralité des risques auxquels sont effectivement exposés les Titulaires des Titres.

*Considérations liées aux Titres Indexés sur un Portefeuille d'Actifs Gérés*

Les Titres Indexés sur un Portefeuille d'Actifs Gérés seront exposés à un portefeuille comportant souvent des actifs ayant un potentiel de rendement plus élevé et en conséquence un risque plus grand (tels que, mais non limitativement, des fonds spéculatifs ou des fonds de fonds spéculatifs) et des actifs ayant un potentiel de profit plus faible et en conséquence un risque moindre (tels que, mais non limitativement, des fonds exposés sur le marché monétaire ou des obligations émises par des émetteurs ayant une notation de crédit élevée). Le portefeuille d'actifs peut aussi inclure un effet de levier ou la prise de positions courtes à des conditions spécifiques. Le portefeuille d'actifs est géré de manière dynamique et peut être alloué entre les actifs concernés sur la base d'une méthodologie d'allocation déterminée. La valeur des Titres Indexés sur un Portefeuille d'Actifs Gérés est déterminée par référence à la valeur du portefeuille sous-jacent à différents moments. La composition de ce portefeuille peut changer durant la vie des Titres; ces changements ou le moment auquel ils se produisent peuvent affecter la valeur et le rendement des Titres.

En considérant les éléments ci-dessus, les Titres Indexés sur un Portefeuille d'Actifs Gérés sont par leur nature intrinsèquement complexes, ce qui rend leur évaluation difficile en termes de risque et de profit au moment de l'achat de même qu'ultérieurement. Les investisseurs ne doivent par conséquent acheter des Titres Indexés sur un Portefeuille d'Actifs Gérés qu'après avoir intégralement compris et évalué soit par eux-mêmes soit avec l'aide d'un conseiller financier la nature et les risques inhérents aux Titres Indexés sur un Portefeuille d'Actifs Gérés.

*Titres à Règlement Physique*

Dans le cas de Titres qui sont remboursables par livraison d'actifs, si un Cas de Perturbation du Règlement (tel que défini dans les Conditions Définitives applicables) survient ou existe à la date prévue de livraison, le règlement sera reporté jusqu'au prochain jour au cours duquel la livraison du Montant de Règlement Physique peut avoir lieu par le biais du Système de Compensation concerné à moins qu'un Cas de Perturbation du Règlement ne vienne empêcher ladite livraison sur une période de 20 Jours Ouvrés Système de Compensation suivant la date initiale de livraison. Dans ce cas, l'Émetteur devra payer, au lieu du Montant de Règlement Physique, pour chaque Titre, la valeur de marché du nombre de Sous-jacents à livrer (la **Juste Valeur de Marché**), une fois convertie dans la Devise Prévue au taux de change applicable, le cas échéant. La Valeur de Marché sera déterminée par l'Agent de Calcul sur la base des conditions de marché au Premier Jour Ouvrable suivant la Période de Livraison.

### Risques liés aux Titres Indexés sur Action de Préférence

L'Emetteur peut émettre des Titres Indexés sur Action de Préférence, dont le remboursement donnera lieu au paiement d'un montant déterminé par référence aux variations de la valeur des Actions de Préférence (Actions de Préférence) émises par Solentis Investment Solutions PCC (l'**Emetteur des Actions de Préférence**). La valeur des Actions de Préférence peut fluctuer à la hausse ou à la baisse en fonction de la performance du ou des actifs sous-jacents concernés ou de la base de référence à laquelle les Actions de Préférence sont liées (le **Sous-Jacent des Actions de Préférence**), tels que décrits dans les modalités des Actions de Préférence (les **Modalités des Actions de Préférence**). Si la performance des Actions de Préférence est négative, en conséquence de la performance du Sous-Jacent des Actions de Préférence, la valeur des Titres Indexés sur Action de Préférence s'en trouvera défavorablement affectée. Les acquéreurs de Titres Indexés sur Action de Préférence risquent de perdre tout ou partie de leur investissement, si la valeur des Actions de Préférence chute.

Les investisseurs potentiels en Titres Indexés sur Action de Préférence doivent savoir qu'un investissement en Titres Indexés sur Action de Préférence entraînera des risques significatifs que n'entraînerait pas un titre de créance ou de capital conventionnel. Les investisseurs potentiels en Titres Indexés sur Action de Préférence doivent donc juger par eux-mêmes des avantages d'un investissement dans ces titres, et prendre la décision d'acquérir ou non des Titres Indexés sur Action de Préférence sur la base de ce jugement, et non en se fondant sur des informations données dans ce document.

Les Titres Indexés sur Action de Préférence feront l'objet d'un remboursement anticipé s'il survient un Evènement Extraordinaire ou, si applicable, un Cas de Perturbation Additionnel, ou s'il survient un Cas de Remboursement Anticipé. Dans ces circonstances, l'Emetteur pourra rembourser les Titres pour le Montant de Remboursement Anticipé ou le Montant Garanti en cas de Rachat Anticipé des Actions De Préférence, selon le cas. Le Montant de Remboursement Anticipé ou le Montant Garanti en cas de Rachat Anticipé des Actions de Préférence pourra être inférieur (et, dans certaines circonstances, significativement inférieur) à l'investissement initial de l'investisseur.

#### *Exposition au Sous-Jacent des Actions de Préférence*

Le Sous-Jacent des Actions de Préférence peut être un indice ou un panier d'indices spécifié, un titre de capital ou panier de titres de capital spécifié, une marchandise ou un panier de marchandises spécifié, une action ou part de fonds ou un panier d'actions ou parts de fonds spécifié, ou tels autres instruments sous-jacents, bases de référence ou facteurs qui peuvent être déterminés par l'Emetteur des Actions de Préférence et sont spécifiés dans les modalités de la série concernée d'Actions de Préférence. En conséquence, les investisseurs potentiels doivent également considérer les facteurs de risque particuliers liés à un investissement dans des Titres (en l'occurrence les Actions de Préférence) indexés sur certain(s) Actif(s) de Référence.

Les Modalités des Actions de Préférence stipulent que les Actions de Préférence seront remboursables à leur date de rachat final (ou autrement conformément aux Modalités des Actions de Préférence). Lors du rachat, les Actions de Préférence conféreront des droits préférentiels à recevoir un montant calculé par référence au Sous-Jacent des Actions de Préférence.

Les investisseurs doivent lire attentivement les Modalités des Actions de Préférence et consulter leurs propres conseillers professionnels, s'ils le jugent nécessaire.

#### *Risque de Crédit de l'Emetteur des Actions de Préférence*

Les Titres Indexés sur Action de Préférence sont indexés sur la performance des Actions de Préférence concernées. Les investisseurs supportent le risque d'un investissement dans l'Emetteur des Actions de Préférence. La valeur des Titres Indexés sur Action de Préférence dépend de la valeur des Actions de Préférence, laquelle dépendra en partie de la solvabilité de l'Emetteur des Actions de Préférence, qui pourra varier pendant la durée des Titres Indexés sur Action de Préférence.

### *Conflits d'intérêts potentiels*

SG Issuer est l'Emetteur et, sauf stipulation contraire des Conditions Définitives, Société Générale est l'Agent de Calcul pour les Titres Indexés sur Action de Préférence et agit également en qualité d'agent de calcul au titre des Actions de Préférence (l'**Agent de Calcul des Actions de Préférence**). L'Emetteur et Société Générale sont des sociétés affiliées. Cette relation peut donner lieu à des conflits d'intérêts potentiels dans l'accomplissement par l'Emetteur et Société Générale de leurs fonctions respectives en ces qualités. Sous réserve du respect de toutes obligations réglementaires applicables, l'Emetteur et l'Agent de Calcul des Actions de Préférence n'ont aucune obligation ni responsabilité envers tout Titulaire de Titres, qui leur impose d'éviter tout conflit ou d'agir dans l'intérêt de tout Titulaire de Titres. L'Emetteur des Actions de Préférence peut également faire appel à d'autres entités du groupe Société Générale (y compris l'Agent de Calcul des Actions de Préférence) ou d'autres prestataires de services pour s'acquitter de ses obligations en matière opérationnelle. Si l'une de ces entités du groupe Société Générale ou l'un de ces autres prestataires de services manque à l'exécution d'obligations quelconques, cette situation pourra affecter défavorablement la valeur des Actions de Préférence et, potentiellement, les montants payables en vertu des Titres.

Outre la fourniture de services d'agent de calcul à l'Emetteur des Actions de Préférence, Société Générale ou l'un quelconque de ses affiliés peut jouer des rôles supplémentaires ou alternatifs liés à l'Emetteur des Actions de Préférence et à toute série d'Actions de Préférence, y compris, sans caractère limitatif, en participant à des accords se rapportant à tout Sous-Jacent des Actions de Préférence (par exemple, en qualité d'agent de calcul). En outre, Société Générale ou l'un quelconque de ses affiliés (y compris l'Emetteur) peut conclure des contrats avec l'Emetteur des Actions de Préférence et/ou des opérations, y compris des opérations de couverture, se rapportant à l'Emetteur des Actions de Préférence, aux Actions de Préférence ou à tout Sous-Jacent des Actions de Préférence ; en conséquence, Société Générale peut se trouver confronté à un conflit entre ses obligations en qualité d'Agent de Calcul des Actions de Préférence et ses intérêts et/ou les intérêts de ses affiliés agissant en d'autres qualités.

### *Détermination des Evénements Extraordinaires et des Cas de Perturbation Additionnels*

L'Agent de Calcul peut déterminer la survenance d'un Cas de Fusion, d'une Offre Publique d'Achat, d'une Faillite ou d'un Cas de Perturbation Additionnel en relation avec les Titres Indexés sur Action de Préférence. Lors de cette détermination, l'Emetteur pourra, à son gré, rembourser les Titres Indexés sur Action de Préférence en totalité, pour le Montant de Remboursement Anticipé qui pourra être inférieur au montant investi dans les Titres Indexés sur Action de Préférence. Les Titulaires de Titres ne bénéficieront pas de toute appréciation des Actions de Préférence qui pourrait survenir après ce remboursement.

### *Aucun droit de propriété*

Un investissement dans des Titres Indexés sur Action de Préférence n'est pas identique à un investissement dans les Actions de Préférence, ne confère aucun droit de propriété sur les Actions de Préférence ou tout Sous-Jacent des Actions de Préférence, et ne confère aucun droit de vote, aucun droit à recevoir des dividendes ni aucun autre droit qu'un titulaire des Actions de Préférence ou de tout Sous-Jacent des Actions de Préférence pourrait avoir.

### *Activités de couverture de l'Emetteur et de ses affiliés*

L'Emetteur ou ses affiliés peuvent se livrer à des opérations de couverture liées aux Titres Indexés sur Action de Préférence, y compris en achetant des Actions de Préférence et/ou en achetant ou concluant des contrats liés au Sous-Jacent des Actions de Préférence, mais ils ne sont pas tenus d'y procéder. Certains des affiliés de l'Emetteur peuvent également acheter et vendre les Actions de Préférence et/ou acheter et vendre le Sous-Jacent des Actions de Préférence ou conclure des contrats s'y rapportant sur une base régulière, dans le cadre de leur activité habituelle. L'une ou l'autre de ces activités pourrait affecter défavorablement la valeur du Sous-Jacent des Actions de Préférence et, par voie de conséquence, la valeur des Actions de Préférence et des Titres Indexés sur Action de Préférence.

## Risques liés aux Titres Indexés sur Warrant

L'Emetteur peut émettre des Titres Indexés sur Warrant, dont le remboursement donnera lieu au paiement d'un montant déterminé par référence aux variations de la valeur des warrants (**Warrants**) émis par l'Emetteur des Warrants. La valeur des Warrants peut fluctuer à la hausse ou à la baisse en fonction de la performance du ou des actifs sous-jacents concernés ou de la base de référence à laquelle les Warrants sont liés (le **Sous-Jacent des Warrants**), tels que décrits dans les modalités des Warrants (les **Modalités des Warrants**). Si la performance des Warrants est négative, en conséquence de la performance du Sous-Jacent des Warrants, la valeur des Titres Indexés sur Warrant s'en trouvera défavorablement affectée. Les acquéreurs de Titres Indexés sur Warrant risquent de perdre tout ou partie de leur investissement, si la valeur des Warrants chute.

Les investisseurs potentiels en Titres Indexés sur Warrant doivent savoir qu'un investissement dans des Titres Indexés sur Warrant entraînera des risques significatifs que n'entraînerait pas un titre de créance ou de capital conventionnel. Les investisseurs potentiels dans des Titres Indexés sur Warrant doivent donc juger par eux-mêmes des avantages d'un investissement dans ces titres, et prendre la décision d'acquérir ou non des Titres Indexés sur Warrant sur la base de ce jugement, et non en se fondant sur des informations données dans ce document.

Les Titres Indexés sur Warrant feront l'objet d'un remboursement anticipé s'il survient un Cas de Résiliation des Warrants ou, si applicable, un Cas de Perturbation Additionnel. Dans ces circonstances, l'Emetteur pourra rembourser le Montant de Remboursement Anticipé. Le Montant de Remboursement Anticipé pourra être inférieur (et, dans certaines circonstances, significativement inférieur) à l'investissement initial de l'investisseur.

### *Exposition au Sous-Jacent des Warrants*

Le Sous-Jacent des Warrants peut inclure un indice ou un panier d'indices, comprenant dans chaque cas des titres de capital ou marchandises cotés en bourse, un titre de capital coté en bourse ou un panier de titres de capital cotés en bourse spécifié, ou encore une marchandise ou un panier de marchandises spécifié. En conséquence, les investisseurs potentiels doivent également considérer les facteurs de risque particuliers liés à un investissement dans des Titres (en l'occurrence les Warrants) indexés sur certain(s) Actif(s) de Référence.

Les investisseurs doivent lire attentivement les Modalités des Warrants et consulter leurs propres conseillers professionnels, s'ils le jugent nécessaire.

### *Risque de Crédit de l'Emetteur des Warrants*

Les Titres Indexés sur Warrant sont indexés sur la performance des Warrants concernés. Les investisseurs supportent le risque d'un investissement dans l'Emetteur des Warrants. La valeur des Titres Indexés sur Warrant dépend de la valeur des Warrants, laquelle dépendra en partie de la solvabilité de l'Emetteur des Warrants, qui pourra varier pendant la durée des Titres Indexés sur Warrant.

### *Conflits d'intérêts potentiels*

SG Issuer est l'Emetteur des Titres Indexés sur Warrant et peut également être l'émetteur et/ou l'agent de calcul au titre des Warrants sous-jacents aux Titres. L'Emetteur peut être confronté à des conflits d'intérêts potentiels dans l'accomplissement de ses fonctions lorsqu'il agit en ces qualités. Outre leurs qualités d'émetteur ou d'agent de calcul au titre des warrants sous-jacents aux Titres, l'Emetteur ou l'un quelconque de ses affiliés peut jouer des rôles supplémentaires ou alternatifs, y compris, sans caractère limitatif, en participant à des accords se rapportant à l'un quelconque des actifs de référence sous-jacents (par exemple, en qualité d'agent de calcul).

### *Détermination des Evénements Extraordinaires et des Cas de Perturbation Additionnels*

L'Agent de Calcul peut déterminer la survenance d'un Cas de Résiliation des Warrants ou d'un Cas de Perturbation Additionnel en relation avec les Titres Indexés sur Warrant. Lors de cette détermination, l'Emetteur

pourra, à son gré, rembourser les Titres Indexés sur Warrant en totalité, pour le Montant de Remboursement Anticipé qui pourra être inférieur au montant investi dans les Titres Indexés sur Warrant. Les Titulaires de Titres ne bénéficieront pas de toute appréciation des Warrants qui pourrait survenir après ce remboursement.

#### *Aucun droit de propriété*

Un investissement dans des Titres Indexés sur Warrant n'est pas identique à un investissement dans les Warrants, il ne confère aucun droit de propriété sur les Warrants ou tout Sous-Jacent des Warrants, ni aucun des droits qu'un titulaire des Warrants ou de tout Sous-Jacent des Warrants pourrait avoir.

#### *Activités de couverture de l'Emetteur et de ses affiliés*

L'Emetteur ou ses affiliés peuvent se livrer à des opérations de couverture liées aux Titres Indexés sur Warrant, y compris en achetant des Warrants et/ou en achetant ou concluant des contrats liés au Sous-Jacent des Warrants, mais ils ne sont pas tenus d'y procéder. Certains des affiliés de l'Emetteur peuvent également acheter et vendre les Warrants et/ou acheter et vendre le Sous-Jacent des Warrants ou conclure des contrats s'y rapportant sur une base régulière, dans le cadre de leur activité habituelle. L'une ou l'autre de ces activités pourrait affecter défavorablement la valeur du Sous-Jacent des Warrants et, par voie de conséquence, la valeur des Warrants et des Titres Indexés sur Warrant.

#### **Facteurs de Risque liés aux Titres libellés en CNY**

*Le CNY n'est pas librement convertible et la liquidité des Titres libellés en Renminbi peut être défavorablement affectée.*

Le CNY n'est pas librement convertible à l'heure actuelle. Le gouvernement de la RPC continue de réglementer la conversion entre le CNY et les monnaies étrangères, y compris avec le Dollar de Hong Kong, en dépit d'une réduction significative, ces dernières années, du contrôle exercé par le gouvernement de la RPC sur les opérations de change de routine effectuées sur des comptes courants. La Banque Populaire de Chine (**BPC**) a mis en place un système de compensation et de règlement des transactions en CNY, ouvert aux banques participantes de Hong Kong, qui résulte d'une convention de règlement et de compensation des opérations en CNY conclue entre la BPC et la Bank of China (Hong Kong) Limited. Toutefois, le volume actuel de CNY et des actifs financiers libellés en CNY détenus à Hong Kong est limité, et sa croissance est soumise à de nombreuses contraintes, directement liées à la législation et à la réglementation des changes de la RPC, et qui peuvent avoir un effet défavorable sur la liquidité des Titres.

#### *Risque de devise lié au CNY*

Tous les paiements en CNY effectués aux Titulaires de Titres en vertu des Titres le seront exclusivement par virement à un compte bancaire en CNY tenu à Hong Kong, conformément aux règles et réglementations en vigueur et aux modalités des Titres. L'Emetteur ne peut pas être tenu d'effectuer un paiement par tout autre moyen (y compris en billets de banque ou par virement à un compte bancaire tenu dans la RPC ou ailleurs hors de Hong Kong). Le CNY n'est pas librement convertible à l'heure actuelle, et la conversion du CNY dans d'autres devises par des banques à Hong Kong est soumise à certaines restrictions. En particulier, pour les investisseurs personnes physiques, les conversions de CNY effectuées par le biais de comptes de dépôts tenus en CNY sont actuellement soumises à un plafond journalier (à ce jour, ce plafond est fixé à 20.000 CNY par personne et par jour), et les investisseurs peuvent devoir attendre un certain délai pour toute conversion de CNY en une autre devise (ou réciproquement) si le montant à convertir excède ce plafond journalier.

En outre, rien ne peut garantir qu'il restera possible d'effectuer des paiements en CNY pour les besoins des paiements en vertu des Titres ou, plus généralement, que cette possibilité ne sera pas assujettie à des restrictions. S'il devient impossible de convertir des montants en CNY dans une autre devise librement convertible (ou réciproquement), ou de transférer des montants en CNY entre des comptes tenus à Hong Kong, ou si le marché général des changes en CNY de Hong Kong devient illiquide, tout paiement de CNY en vertu des

Titres pourra être retardé, ou l'Emetteur pourra effectuer ces paiements dans une autre devise choisie par l'Emetteur, en appliquant un taux de change déterminé par l'Agent de Calcul, ou l'Emetteur pourra rembourser les Titres en effectuant un paiement dans une autre devise.

*Risque de change lié au CNY*

La valeur du CNY par rapport au dollar de Hong Kong ou à d'autres devises fluctue et est affectée par les changements pouvant modifier la situation politique et économique internationale ou au sein de la RPC. L'Emetteur effectuera tous les paiements CNY en vertu des Titres en CNY (sous réserve du second paragraphe du titre "Risque de devise lié au CNY" ci-dessus). En conséquence, la valeur de ces paiements en CNY (convertis en dollar de Hong Kong ou dans toute autre devise applicable) peut varier en fonction des taux de change en vigueur sur le marché. Si la valeur du CNY se déprécie par rapport au dollar de Hong Kong ou à d'autres devises, les investisseurs doivent noter que la valeur de leur investissement, exprimée en dollar de Hong Kong ou dans toute autre devise applicable, enregistrera une baisse.

*Risque de taux d'intérêt lié au CNY*

La valeur des paiements en CNY effectués en vertu des Titres peut être affectée par des fluctuations des taux d'intérêt, y compris les Taux Chinois des Prises en Pension de CNY et/ou le taux interbancaire offert à Shanghai (SHIBOR).

**C. RISQUES GENERAUX, RISQUES DE MARCHE ET AUTRES RISQUES**

***Risques liés aux Titres en général***

Certains risques associés aux Titres en général sont brièvement exposés ci-après:

*Modification*

Les modalités des Titres comportent des dispositions permettant de convoquer les Titulaires en assemblée générale afin d'examiner les questions ayant un impact sur leurs intérêts en général. Les décisions prises dans le cadre de ces dispositions s'imposent, selon des majorités prédéterminées, à tous les Titulaires, y compris ceux qui n'ont pas assisté à l'assemblée et qui n'ont pas voté, et ceux qui voté à l'encontre de la majorité.

*Changement de loi*

Les Modalités des Titres (y compris toute obligation non-contractuelle en résultant) sont régies par les lois applicables à la date du présent Prospectus de Base. Aucune assurance ne peut être donnée quant aux conséquences d'une décision judiciaire ou d'une modification de la législation ou des pratiques administratives postérieures à la date du présent Prospectus de Base.

*Légalité de l'Achat*

Ni l'Emetteur, ni le Garant, ni l'Arrangeur, ni le ou les Agent(s) Placeur(s), ni aucune de leurs filiales respectives n'encourt ou n'assume une quelconque responsabilité liée à la légalité de l'acquisition des Titres par un investisseur potentiel de Titres, que ce soit en vertu des lois de la juridiction dans laquelle il est immatriculé ou de la juridiction dans laquelle il est établi et exerce son activité (si elle est différente), ou en vertu du respect, par cet investisseur potentiel, de toute loi, règlement ou politique réglementaire qui lui est applicable.

*Les restrictions légales peuvent limiter certains investissements*

Certains investisseurs potentiels sont soumis à des lois et réglementations en matière d'investissement, ou à un examen ou une réglementation par certaines autorités de contrôle. Ces investisseurs potentiels devront consulter leur conseil juridique afin de déterminer si et dans quelle mesure (i) la loi les autorise à investir dans les Titres,

(ii) les Titres peuvent être utilisés en garantie d'autres types d'emprunts, et (iii) si d'autres restrictions d'achat ou de nantissement des Titres leur sont applicables. Les institutions financières doivent consulter leur conseil juridique ou les autorités de réglementation concernées pour déterminer le traitement devant être appliqué aux Titres en regard des ratios de fonds propres pondérés en fonction des risques et autres règles similaires.

#### *Régime fiscal*

Les acquéreurs et vendeurs potentiels de Titres doivent savoir qu'ils peuvent être tenus de payer des impôts ou autres droits ou charges documentaires en vertu du droit et des pratiques du pays de transfert des Titres ou de toute autre juridiction. Dans certaines juridictions, il se peut qu'il n'y ait aucune position officielle des autorités fiscales ou aucune décision de justice relative au traitement fiscal des instruments financiers tels que les Titres. Les investisseurs potentiels sont invités à ne pas se contenter du résumé du régime fiscal contenu dans ce Programme d'Emission de Titres de Créance et/ou dans les Conditions Définitives et à obtenir un avis de leur propre conseiller fiscal sur leur situation fiscale personnelle s'agissant de l'acquisition, de la détention, de la vente ou du remboursement des Titres. Seul ce conseiller est en mesure d'apprécier la situation spécifique de chaque investisseur potentiel. Ce paramètre d'investissement doit être lu avec les parties fiscales de ce Programme d'Emission de Titres de Créance et les éléments fiscaux additionnels figurant éventuellement dans les Conditions Définitives applicables.

#### *Directive européenne sur la fiscalité des revenus de l'épargne*

En vertu de la Directive du Conseil 2003/48/CE sur la fiscalité des revenus de l'épargne (la **Directive Epargne**), les Etats membres sont tenus de fournir aux autorités fiscales d'un autre Etat membre des informations détaillées sur les paiements d'intérêts (ou revenus similaires) payés par une personne dans leur juridiction à une personne physique résidente dans cet autre Etat membre, ou à certains types limités d'entités établies dans cet autre Etat membre. Toutefois, pendant une période transitoire, le Luxembourg et l'Autriche sont tenus d'appliquer en remplacement un système de prélèvement à la source au titre de ces paiements (la fin de cette période transitoire dépendant de la conclusion de certains autres accords relatifs à l'échange d'informations avec certains autres pays). Plusieurs pays et territoires non membres de l'UE, dont la Suisse, ont adopté des mesures similaires (un système de prélèvement à la source dans le cas de la Suisse).

La Commission Européenne a proposé certaines modifications à la Directive Epargne qui peuvent, s'ils sont transposés, modifier ou élargir le champ d'application de certaines exigences décrites ci-dessus.

Si un paiement doit être effectué ou collecté par l'intermédiaire d'un Etat membre ayant opté pour un système de prélèvement fiscal à la source, et si un montant d'impôt doit en conséquence être retenu sur ce paiement, ni l'Emetteur concerné, ni aucun Agent Payeur ni aucune autre personne ne seront obligés de payer des montants additionnels au regard de tout Titre en conséquence de l'imposition de ce prélèvement fiscal à la source. L'Emetteur concerné devra avoir un Agent Payeur situé dans un Etat membre qui n'a pas opté pour un régime de prélèvement fiscal à la source conformément à la Directive Epargne.

Il est conseillé aux investisseurs qui ne sont pas sûrs de leur position de consulter leurs conseils professionnels.

#### *Le risque de retenue à la source de la loi américaine US Foreign Account Tax Compliance Act (**FATCA**)*

La FATCA impose en général une retenue à la source de 30% sur certains paiements au bénéfice de certains établissements financiers étrangers qui ne se conforment pas à l'accord américain *US Internal Revenue Service (IRS)* de fournir certaines informations sur leurs titulaires de comptes américains (y compris les titulaires de créances ou d'actions). L'IRS est encore en train de préparer et de publier des recommandations sur la mise en place de la FATCA et le cadre et les implications de cette législation ne sont pas clairs à ce jour dans le marché. Par conséquent, il n'est pas certain que la FATCA imposera au final des obligations à certains Titulaires de Titres ou à l'Emetteur (voir la section "*Régime Fiscal – Etats-Unis*").

LA FATCA EST PARTICULIEREMENT COMPLEXE ET SON APPLICATION A L'EMETTEUR N'EST PAS CERTAINE A CE JOUR. IL EST CONSEILLE A CHAQUE TITULAIRE DE TITRE DE CONSULTER SON PROPRE CONSEILLER FISCAL EN VUE D'OBTENIR UNE EXPLICATION PLUS DETAILLEE DE LA FATCA ET DE DETERMINER SI CETTE LEGISLATION PEUT AFFECTER CHAQUE TITULAIRE DANS DES CIRCONSTANCES PARTICULIERES.

*La loi de réforme de Wall Street et de protection des consommateurs Dodd-Frank*

La loi de réforme de Wall Street et de protection des consommateurs Dodd-Frank (**Dodd-Frank**), qui prévoit des changements substantiels dans la réglementation des marchés de contrats à terme et de dérivés de gré à gré, a été promulguée en juillet 2010.

Dodd-Frank exige des régulateurs, notamment la CFTC, la *Securities and Exchange Commission* (la **SEC**), le Département du Trésor, le *Financial Stability Oversight Council* (le **FSOC**), l'*Office of the Comptroller of the Currency*, et la *Federal Deposit Insurance Corporation*, qu'ils adoptent la réglementation de mise en œuvre de nombreuses dispositions de cette loi. Alors que certaines réglementations de Dodd-Frank ont été adoptées, une grande partie du travail de rédaction des règles reste à accomplir, et tant la nature que la portée de la réglementation définitive ne peuvent pas encore être déterminées. A titre d'exemple, la réglementation définitive définissant les termes "swap" et "valeurs mobilières fondées sur des swaps" n'a pas encore été adoptée et il n'est pas possible de conclure que les Titres ne seront pas considérés comme des swaps ou des titres basés sur des swaps en vertu de Dodd-Frank et réglementés en tant que tel. Les options, swaps et autres instruments auxquels l'émetteur est partie pourront aussi être considérés comme des "swaps" ou des "titres basés sur des swaps" en vertu de Dodd-Frank et être soumis à ladite réglementation.

Sous Dodd-Frank, la CFTC a approuvé une règle définitive qui impose des limites à la taille des positions qui peuvent être détenues par les intervenants des marchés des contrats à terme et des dérivés de gré à gré. Bien que la portée précise et les effets de cette règle définitive ne soient pas encore connus, ces limites vont probablement réduire la possibilité pour les participants de marché d'intervenir sur les marchés des matières premières, des contrats à terme, des swaps et aux autres marchés de dérivés de gré à gré avec la même ampleur et les mêmes volumes que par le passé. Ces facteurs pourront avoir pour effet de réduire la liquidité et d'augmenter les coûts sur ces marchés de même qu'ils affecteront la structure des marchés d'autres façons. De plus, ces changements législatifs et réglementaires vont probablement augmenter le niveau de réglementation applicable aux marchés et à ses participants, et de ce fait les coûts de participation aux marchés des matières premières, des contrats à terme et des dérivés de gré à gré. Ces changements imposeront notamment que de nombreuses transactions de dérivés de gré à gré devront être exécutées sur des marchés réglementés ou des plateformes de négociation et compensées par des chambres de compensations. Les négociateurs de swaps (*swap dealers*) devront également être enregistrés et seront soumis à diverses exigences réglementaires, notamment en termes de capital minimum et de marge. A la suite de ces différents changements législatifs et réglementaires, l'augmentation des coûts et du contrôle réglementaire et les exigences de veille réglementaire, pourraient contraindre les participants de ces marchés à limiter leurs activités de négociation, ce qui pourra causer une réduction de la liquidité du marché et une hausse de sa volatilité. Ces conséquences pourraient affecter de manière négative le rendement et la valeur des Titres.

Par ailleurs le Dodd-Frank exige de la SEC la promulgation des règles interdisant de manière générale aux entreprises de garantir ou d'agir en tant sponsor des titres adossés à des actifs (*asset backed securities*), y compris les produits de titrisation synthétique, qui se traduirait dans un conflit d'intérêts significatifs avec les investisseurs détenant ces titres; met en place le FSOC pour superviser le risque systémique, et donne aux régulateurs le pouvoir d'exiger des entreprises considérées comme "d'importance systémique" de vendre ou de transférer des actifs et de mettre fin à des activités si les régulateurs estiment que la taille ou la portée des activités de l'entreprise constituent une menace pour la sécurité et la solidité de l'entreprise ou la stabilité financière des États-Unis; exige que les entités visées fournissent un plan crédible pour sa restructuration dans le cadre du code des faillites, et prévoit des sanctions qui comprennent la cession d'actifs ou des restructurations dans le cas où le plan est jugé insuffisant; et requiert de plusieurs régulateurs la promulgation conjointe des règles de mise en œuvre des interdictions et des restrictions sur les opérations pour compte propre et sur

certaines intérêts dans, et en relation avec, des hedge funds et des fonds de private equity (la **Règle Volcker**). Il est prévu que la Règle Volcker entre en vigueur le 21 juillet 2012, et une fois entrée en vigueur, elle pourrait interdire à la Société Générale de détenir l'Emetteur ou de garantir les paiements dus en vertu des Titres (y compris pour les Titres déjà émis et les Titres en circulation).

Etant donné que l'intégralité de l'étendue et des conséquences de l'adoption de Dodd-Frank et des règles qui restent à promulguer ne sont pas encore connues, les investisseurs sont invités à consulter leurs propres conseils pour s'assurer du caractère adapté d'un investissement dans les Titres émis sous ce Programme.

De plus, l'Emetteur pourrait être tenu de s'enregistrer en tant que "*commodity pool operator*" et d'enregistrer une ou plusieurs Souches de Titres comme des "*commodity pool*" auprès de la CFTC via la *National Futures Association*. De tels enregistrements supplémentaires pourraient avoir pour conséquences une augmentation de la charge des obligations de reporting et aussi entraîner des dépenses extraordinaires non récurrentes pour les Emetteurs qui pourront impacter de manière significativement négative la valeur des Titres.

Enfin, d'autres organes réglementaires ont proposé ou pourraient proposer dans le futur des législations similaires à celle proposée par Dodd-Frank ou d'autres législations contenant d'autres restrictions qui pourraient impacter négativement la liquidité et augmenter les coûts inhérents à la conclusion de contrats dérivés. Par exemple, la Commission Européenne a récemment publié une proposition de mise à jour des directives marchés d'instruments financiers (MIF II) et sur la réglementation des marchés d'instruments financiers (MiFIR), qui propose d'établir des limites aux positions (ou une alternative équivalente) prises lors de la négociation de dérivés, bien que le périmètre de toute réglementation définitive et le degré dans lequel les Etats membres vont être tenus ou autorisés à adopter ces réglementations ou réglementations additionnelles demeurent incertain. Si ces réglementations ou d'autres sont adoptées à l'avenir, elles pourraient avoir un impact négatif sur le rendement et la valeur des Titres.

#### *Caractère d'éligibilité à l'Eurosystème des Titres Globaux Nouveaux et des Titres Globaux Nominatifs*

Les Titres Globaux Nouveaux et les Titres Globaux Nominatifs émis dans le cadre de la nouvelle structure de dépôt (*new safekeeping structure* et par abréviation NSS) pourront être émis afin d'être reconnus comme étant des actifs éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème, soit au moment de leur émission ou à tout autre moment de leur existence. Cette reconnaissance dépend de leur capacité à satisfaire les critères d'éligibilité à l'Eurosystème tel que spécifié par la Banque Centrale Européenne. Cependant, il n'existe aucune garantie que ces Titres soient reconnus comme des actifs éligibles. Il n'est pas prévu que les autres Titres soient éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème.

#### *Titres dont les valeurs nominales impliquent des multiples entiers: Titres Définitifs au Porteur*

En relation avec toute émission de Titres au Porteur dont les valeurs nominales se composent d'une Valeur Nominale plus un ou plusieurs multiples entiers supérieurs d'un montant inférieur à cette Valeur Nominale, il est possible que ces Titres au Porteur soient négociés pour des montants qui ne sont pas des multiples entiers de cette Valeur Nominale. Dans ce cas, un titulaire qui, du fait de la négociation de ces montants, viendrait à détenir à un moment donné un montant inférieur à la Valeur Nominale minimum sur son compte auprès du système de compensation concerné, pourra ne pas recevoir un Titre Définitif au Porteur au titre du montant qu'il détient ainsi (si les Titres Définitifs au Porteur sont imprimés), et devra acheter le montant en principal de Titres au Porteur nécessaire pour atteindre la Valeur Nominale minimum.

Si des Titres Définitifs au Porteur sont émis, les titulaires doivent savoir que ces Titres Définitifs au Porteur dont la valeur nominale n'est pas un multiple entier de la Valeur Nominale minimum peuvent être non liquides et difficiles à négocier.

### *Restrictions de Transfert*

Les Titres peuvent être assujettis à certaines restrictions de transfert. En particulier, tous Titres offerts et vendus ou destinés à être transférés aux Etats-Unis ou à des U.S. Persons ou pour leur compte ou à leur profit, ne peuvent être vendus ou transférés autrement à certains acquéreurs ou cessionnaires qu'en conformité avec les modalités définies à la section "Restrictions de Souscription, de Vente et de Transfert". Ces restrictions en matière de transfert peuvent limiter la liquidité de ces Titres. En conséquence, un acquéreur doit être disposé à conserver ces Titres pendant une période de temps indéterminée et potentiellement jusqu'à leur échéance.

Toute vente ou tout transfert de Titres aux Etats-Unis ou à des U.S. Persons ou pour leur compte ou à leur profit, intervenant en violation des restrictions de transfert et qui imposerait à tout Emetteur l'obligation de se faire enregistrer comme une société d'investissement en vertu de l'*U.S. Investment Company Act*, sera nul et de nul effet ab initio, et ne sera pas honoré par l'Emetteur concerné, sauf disposition impérative contraire de la loi. En outre, l'Emetteur concerné pourra, à sa discrétion, rembourser les Titres détenus par cet acquéreur ou autre bénéficiaire du transfert, ou contraindre celui-ci à transférer ces Titres. Tout remboursement ou transfert forcé de cette nature peut entraîner une perte significative de l'investissement d'un Titulaire de Titres.

### *Loi Américaine sur les Sociétés d'Investissement (U.S. Investment Company Act)*

L'Emetteur n'est pas enregistré auprès de l'*United States Securities and Exchange Commission* (la **SEC**) en qualité de société d'investissement en vertu de l'*U.S. Investment Company Act*. Les investisseurs dans les Titres ne bénéficieront pas des protections instituées par l'*U.S. Investment Company Act*.

Si la SEC ou un tribunal compétent devait juger que l'Emetteur est tenu de se faire enregistrer, mais ne s'est pas fait enregistrer en tant que société d'investissement, en violation de l'*U.S. Investment Company Act*, il pourrait en découler notamment les conséquences suivantes: (i) la SEC pourrait saisir un *district court* afin d'enjoindre la cessation de cette violation; (ii) les investisseurs dans des Titres de l'Emetteur pourraient poursuivre l'Emetteur et obtenir réparation de tout préjudice causé par la violation; et (iii) tout contrat auquel l'Emetteur est partie qui est conclu en violation de l'*U.S. Investment Company Act*, ou dont l'exécution implique une telle violation, ne pourrait pas faire l'objet d'une exécution forcée par toute partie au contrat, à moins qu'un tribunal ne juge que, dans les circonstances, cette exécution forcée produirait un résultat plus équitable que l'absence d'exécution et ne serait pas contraire aux objets de l'*U.S. Investment Company Act*. Si l'Emetteur est exposé aux conséquences précitées ou à l'une quelconque d'entre elles, il s'en trouverait défavorablement affecté dans une mesure significative.

### *Le rendement effectif pour le Titulaire de Titre peut être réduit par rapport au rendement annoncé à cause des coûts de transaction*

Lors de l'acquisition ou de la vente des Titres, plusieurs types de coûts additionnels (y compris les frais relatifs à la transaction et les commissions) sont encourus en sus du prix effectif du titre. Ces coûts additionnels peuvent réduire de manière importante ou même annuler un profit potentiel en lien avec les Titres. Par exemple, les établissements de crédit exigent en règle générale de leurs clients le paiement de leurs propres commissions qui sont soit des commissions à taux fixe plafonnée ou calculées au pro rata de la valeur de l'ordre donné. Dans la mesure où des parties tierces locales ou étrangères sont comprises dans l'exécution de l'ordre, tels que, entre autres, des agents locaux ou des courtiers sur les marchés étrangers, les Titulaires de Titres doivent prendre en compte le fait qu'ils peuvent être redevables de frais de courtage, de commissions et autres frais ou dépenses envers ces tiers (débours).

En sus de ces coûts directement liés à l'acquisition des titres (coûts directs), les Titulaires de Titres doivent également prendre en considération tous les frais de suivi (tels que les coûts de conservation). Il est conseillé aux investisseurs potentiels de s'informer des coûts additionnels encourus en lien avec l'acquisition, la conservation ou la vente des Titres avant tout investissement.

### **Risques généraux relatifs aux marchés**

Les principaux risques de marché, notamment le risque de liquidité, le risque de change, le risque de taux d'intérêt et le risque de crédit sont brièvement exposés ci-après.

#### *Marché secondaire*

Les Titres peuvent n'avoir aucun marché existant lors de leur émission et il n'existe aucune garantie que se développera un tel marché. Si un tel marché se développe, il peut ne pas être très liquide. Les Titulaires peuvent ne pas être en mesure de céder facilement leurs Titres ou à des prix leur permettant d'obtenir un rendement comparable à d'autres investissements similaires négociés sur un marché secondaire développé. Ceci s'applique particulièrement aux Titres qui présentent une plus grande sensibilité aux risques de taux d'intérêt, de change ou de marché, qui sont conçus pour répondre à des objectifs ou des stratégies d'investissement spécifiques, ou qui ont été structurés pour satisfaire aux besoins d'une catégorie d'investisseurs limitée. Le marché secondaire de ces types de Titres est généralement plus limité et ils souffrent d'une plus grande volatilité que les titres de créance classiques. Le manque de liquidité peut avoir un effet significativement négatif sur la valeur de marché des Titres.

En outre, malgré la Modalité 6(k) des Modalités des Titres de Droit Anglais et des Titres NRC et 5(k) des Modalités des Titres de Droit Français, l'Emetteur peut acquérir les Titres à tout moment, mais cela ne représente pas une obligation pour l'Emetteur. Les Acquisitions effectuées par l'Emetteur peuvent affecter la liquidité du marché secondaire des Titres concernés et par conséquent le prix et les termes selon lesquels les investisseurs peuvent négocier ces Titres sur le marché secondaire.

**En outre, les Titulaires de Titres doivent être conscients de la situation actuelle du marché mondial du crédit, dont la presse s'est fait largement l'écho (et qui perdure à la date du présent Prospectus de Base), marquée par un manque général de liquidité sur le marché secondaire d'instruments similaires à certains des Titres pouvant être émis en vertu des présentes. Ce manque de liquidité peut avoir pour conséquence de faire subir aux investisseurs des pertes sur les Titres lors de reventes sur le marché secondaire, quand bien même n'y aurait-il aucune baisse de performance des Titres, de tout actif sous-jacent ou de référence, ou des actifs de l'Emetteur et/ou du Garant. L'Emetteur ne peut pas prédire si ces circonstances changeront et, pour le cas où elles changeraient, s'il existera alors un marché plus liquide pour les Titres et des instruments similaires aux Titres.**

Lorsqu'une demande de cotation et d'admission à la négociation sur la Bourse de Luxembourg et/ou sur le SIX Swiss Exchange a été effectuée s'agissant de Titres émis sous le Programme, il n'y a pas d'assurance que cette demande soit acceptée et que cette Tranche de Titres particulière sera admise à la cotation et à la négociation ou qu'un marché actif se développera.

#### *Risque de change et contrôle des changes*

L'Emetteur paiera le principal et les intérêts sur les Titres dans la Devise Prévue. Ceci peut présenter des risques si les activités financières d'un investisseur sont essentiellement traitées dans une devise (la "**Devise de l'Investisseur**") autre que la Devise Prévue. Il existe un risque que les taux de change varient significativement (notamment en cas de dévaluation de la Devise Prévue ou de réévaluation de la Devise de l'Investisseur) et que les autorités du pays régissant la Devise de l'Investisseur modifient leur contrôle des changes. Une appréciation de la valeur de la Devise de l'Investisseur par rapport à la Devise Prévue peut diminuer (1) le rendement des Titres une fois converti dans la Devise de l'Investisseur, (2) la valeur du principal dû une fois convertie dans la Devise de l'Investisseur et (3) la valeur de marché des Titres une fois convertie dans la Devise de l'Investisseur.

Les gouvernements et les autorités monétaires peuvent imposer, comme cela a déjà été le cas, des contrôles des changes qui peuvent avoir un effet négatif sur les taux d'intérêt. L'investisseur concerné pourrait alors recevoir un montant d'intérêts ou de remboursement inférieur à ce qu'il avait prévu.

### *Risque de taux*

Les investisseurs dans des Titres à Taux Fixe doivent être conscients que des variations substantielles des taux de marché pourraient avoir des conséquences négatives sur la valeur des Titres à Taux Fixe.

S'agissant des Titres à Taux Variable, une différence essentielle entre les Titres à Taux Fixe et les Titres à Taux Variable réside dans le fait que les produits des intérêts des Titres à Taux Variables ne peuvent pas être anticipés. En raison de la variation du produit des intérêts, les investisseurs ne sont pas en mesure lorsqu'ils achètent des Titres à Taux Variable de déterminer leur rendement précis et, par conséquent, leur retour sur investissement ne peut être comparé avec ceux résultant d'investissements relatifs à des périodes d'intérêts à taux fixe plus longues. Si les modalités des titres prévoient des dates de paiement d'intérêts rapprochées, les investisseurs sont exposés à un risque de réinvestissement si le marché des taux d'intérêts se détériore. Cela signifie que les investisseurs ne pourront réinvestir le produit des intérêts qu'ils percevront qu'au taux d'intérêts plus faible qui prévaudra à ce moment là. En outre, la faculté pour l'Emetteur d'émettre des Titres à Taux Fixe peut affecter la valeur de marché et le marché secondaire (s'il y en a un) des Titres à Taux Variables (et vice versa).

### *Les notations de crédit peuvent ne pas refléter tous les risques*

Les Titres peuvent être notés par une ou plusieurs agences de notation de crédit indépendantes. La notation des Titres ne reflète pas nécessairement tous les risques liés à la structure, au marché, et aux facteurs supplémentaires précités, ainsi que d'autres facteurs qui peuvent affecter la valeur des Titres. Une notation de crédit n'est pas une recommandation d'achat, de vente ou de détention de titres et peut, à tout moment, être modifiée ou faire l'objet d'un retrait par l'une quelconque des agences de notation concernées.

De façon générale, l'utilisation de notations de crédit par des investisseurs réglementés européens pour des besoins réglementaires a été limitée par le Règlement (CE) n°1060/2009 du Parlement Européen et du Conseil du 16 septembre 2009, tel que modifié par le Règlement (UE) n°513/2011 du Parlement Européen et du Conseil du 11 mai 2011 (le **Règlement CRA**), à moins que ces notations ne soient émises par une agence de notation de crédit établie dans l'Union Européenne et enregistrée en vertu du Règlement CRA (et que cet enregistrement n'a pas été retiré ou suspendu), sous réserve des dispositions transitoires qui s'appliquent dans certaines circonstances lorsque la demande d'enregistrement est en cours. Cette limitation générale s'appliquera également s'agissant d'agences de notation établies hors de l'Union Européenne, à moins que les notations de crédit concernées ne soient avalisées par une agence de notation de crédit enregistrée au sein de l'Union Européenne ou que l'agence de notation de crédit établie hors de l'Union Européenne concernée ne soit certifiée conformément au Règlement CRA (et que cet aval ou cette certification, selon le cas, n'a pas été retiré ou suspendu).

Les Conditions Définitives applicables indiqueront si ces notations sont émises par des agences de notation établie dans l'Union Européenne, et si l'agence de notation de crédit concernée est enregistrée ou pas (ou a présenté une demande d'enregistrement) conformément au Règlement CRA et si ces dernières sont inscrites à la liste des agences de notation de crédit enregistrées publiée sur le site internet de l'Autorité européenne des marchés financiers ([www.esma.europa.eu](http://www.esma.europa.eu)).

### *Valeur de marché des Titres*

La valeur de marché des Titres sera affectée par, entre autres, la qualité de crédit de l'Emetteur et/ou celle du Garant. Les notations de crédit de l'Emetteur et du Garant sont une évaluation de leur capacité à honorer leurs engagements, y compris ceux découlant des Titres offerts. En conséquence, tout abaissement réel ou anticipé des notations de crédit de l'Emetteur et/ou du Garant peut affecter la valeur de marché des Titres concernés. La valeur de marché des Titres Assortis de Sûretés dépendra aussi de différents autres facteurs relatifs au type de garantie fournie pour ces Titres, en relation avec "Facteurs de risque – Risques Supplémentaires liés aux Obligations Assorties de Sûretés" ci-dessous.

En outre, la valeur de marché des Titres peut être affectée par un certain nombre de facteurs additionnels, parmi lesquels le marché des intérêts, les taux de rendement et le temps restant jusqu'à la date d'échéance.

La valeur des Titres dépend d'un certain nombre de facteurs interdépendants, notamment économiques, liés à des événements financiers ou politiques en France ou hors de France, de facteurs affectant les marchés de capitaux en général et les bourses sur lesquelles les Titres sont négociés. Le prix auquel les Titulaires des Titres pourront vendre les Titres avant leur date d'échéance pourrait faire l'objet d'une décote, qui pourrait être substantielle, par rapport au prix d'émission ou au prix d'achat payé par l'acquéreur.

### ***Risques Supplémentaires liés aux Titres Assortis de Sûretés***

#### **Nature de la sûreté**

La sûreté conférée par l'Emetteur en vertu du Contrat de Gage est une sûreté grevant les comptes sur lesquels sont détenus les Actifs Gagés, et ne s'étend pas aux intérêts ou distributions payés sur ces Actifs Gagés (dans la mesure où ces montants ne sont pas détenus sur le Compte Gagé concerné).

Sauf stipulation contraire des Conditions Définitives applicables, aucune sûreté ne sera consentie par l'Emetteur sur l'un quelconque de ses droits découlant de tout contrat (y compris, sans caractère limitatif, tout Contrat de Couverture) en vertu duquel il acquiert des Actifs Gagés ou sur ses droits à l'encontre du Dépositaire des Garanties ou de toute autre Partie à un Contrat de Garantie. Cela signifie que ni le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ni l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne seront habilités à contraindre l'Emetteur à exercer ses droits par voie d'exécution forcée (ou à faire exécuter ces droits pour le compte de l'Emetteur) en vertu de tout contrat à l'encontre d'une contrepartie à ce contrat.

#### **Structure des Comptes Gagés**

Le Dépositaire des Garanties pourra, dans la mesure où le Contrat de Dépositaire des Garanties le permet, détenir certains sous-comptes d'espèces et/ou sous-comptes de titres auprès d'autres entités dépositaires, en vertu de ses conditions commerciales standard et conformément aux réglementations et pratiques locales du marché applicables aux entités dépositaires ou sous-dépositaires, ou en vertu des exigences de tous accords contractuels entre le Dépositaire des Garanties et ses sous-dépositaires. Les Actifs Gagés qui doivent être détenus par le Dépositaire des Garanties sur un Compte Gagé, conformément aux termes des Modalités relatives aux Garanties et du Contrat de Dépositaire des Garanties, peuvent donc être détenus en pratique par le Dépositaire des Garanties sur des sous-comptes tenus par d'autres entités dépositaires. Dans ces circonstances, bien que le Dépositaire des Garanties conserve la responsabilité principale des Actifs Gagés, les Titulaires de Titres seront néanmoins exposés au risque d'une perturbation potentielle de l'exploitation des entités dépositaires ou de tout autre impact défavorable lié à ces entités (y compris une perturbation causée par une procédure de faillite ouverte au titre de ces entités dépositaires) auprès desquelles le Dépositaire des Garanties détient des sous-comptes contenant des Actifs Gagés.

#### **Méthode de Collatéralisation**

La sûreté fournie pour une Série de Titres Assortis de Sûretés est limitée aux Actifs Gagés constituant le Pool de Garanties applicable à cette Série. Le montant des Actifs Gagés constituant ce Pool de Garanties dépendra, entre autres, de la méthode de collatéralisation (Collatéralisation VM, ou Collatéralisation VN, ou Collatéralisation Max (VM, VN) ou Collatéralisation Min (VM, VN) spécifiée dans les Conditions Définitives applicables, et du point de savoir si un Pourcentage de Collatéralisation Partielle et/ou une Décote sont ou non spécifiés dans les Conditions Définitives applicables. Rien ne garantit que la méthode de collatéralisation applicable sera suffisante pour garantir qu'à la suite de l'exécution d'un Contrat de Gage, les montants disponibles pour distribution ou la valeur des Actifs Gagés disponibles pour être livrés par le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou que l'Agent des Sûretés fera livrer (dans le cas des Titres de Droit

Français) seront suffisants pour payer tous les montants dus aux Titulaires de Titres au titre de la Série de Titres Assortis de Sûretés concernée (voir la section "*Déficit lors de la Réalisation d'Actifs Gagés et Recours Limité des Titulaires de Titres*").

### **Changement de la Loi – Transposition de la Directive concernant les Contrats de Garantie Financière dans le droit luxembourgeois**

Les dispositions relatives aux Titres Assortis de Sûretés figurant dans les Modalités des Titres (y compris les Modalités relatives aux Garanties), chaque Contrat de Gage concerné et les autres documents du programme se fondent sur la loi en vigueur à la date du présent Prospectus de Base. Aucune garantie ne peut être donnée à propos de l'impact sur les Titulaires de Titres de toute décision judiciaire possible ou de tout changement de ces lois, de l'application ou l'interprétation officielle de ces lois, ou des pratiques administratives, qui interviendrait après la date du présent Prospectus de Base. En particulier, des changements significatifs de la Loi luxembourgeoise de 2005 portant transposition de la Directive 2002/47/CE concernant les contrats de garantie financière (la **Directive Garanties**) pourraient avoir un impact défavorable sur les droits des Titulaires de Titres. Ni l'Emetteur, ni le Garant ni aucune autre partie ne font une déclaration quelconque à propos de l'interprétation ou de toute modification de l'une quelconque des dispositions de la Directive Garanties ou de son application au Luxembourg.

### **Manque potentiel de diversification des Actifs Gagés**

Les investisseurs doivent noter qu'en fonction des Critères d'Eligibilité et des Règles relatives aux Garanties applicables, les Actifs Gagés composant un Pool de Garanties garantissant une Série de Titres Assortis de Sûretés peuvent, sauf stipulation contraire des Critères d'Eligibilité et des Règles relatives aux Garanties applicables, être limités à un seul actif ou type d'actifs ou à un petit nombre d'actifs ou de types d'actifs.

La faible diversification des Actifs Gagés composant un Pool de Garanties peut accroître le risque que les produits de la réalisation des Actifs Gagés soient inférieurs aux sommes dues aux Titulaires de Titres concernés en vertu des Titres Assortis de Sûretés concernés. Si le Pool de Garanties se compose d'un nombre limité de types d'actifs différents, toute dépréciation de la valeur de ces actifs, survenant pendant la période comprise entre la plus récente Date de Test des Garanties et la réalisation des Actifs Gagés composant le Pool de Garanties correspondant, aura un impact proportionnellement plus important sur tout déficit, puisque le montant recouvré au titre de la vente des Actifs Gagés dépendra de la valeur de marché actuelle d'un plus petit éventail d'Actifs Gagés.

Aucun de l'Emetteur, du Garant, du Trustee des Sûretés, du Gérant des Garanties, de l'Agent de Contrôle des Garanties ou du Dépositaire des Garanties n'a l'obligation de veiller à ce que les Critères d'Eligibilité ou les Règles relatives aux Garanties prévoient la diversification des Actifs Gagés composant un Pool de Garanties.

### **Absence de Liquidité des Actifs Gagés**

En fonction des Critères d'Eligibilité et des Règles relatives aux Garanties applicables, certains des Actifs Gagés peuvent ne pas être admis à la négociation sur un marché public, ou peuvent être non liquides et non aisément réalisables dans certaines conditions de marché. En cas de liquidité limitée sur le marché secondaire des Actifs Gagés, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, pourra ne pas pouvoir vendre aisément ces Actifs Gagés à un tiers, ou pourra ne vendre ces Actifs Gagés qu'à un prix décoté. Si le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, se trouve dans l'incapacité de vendre ces Actifs Gagés, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) sera tenu, à la place, de

livrer ces Actifs Gagés de la même manière que si la clause Livraison Physique d'Actifs Gagés était applicable à ces actifs.

### **Corrélation entre la valeur des Actifs Gagés de la Solvabilité de l'Emetteur et du Garant**

En fonction des Critères d'Eligibilité et des Règles relatives aux Garanties applicables à une Série de Titres Assortis de Sûretés, les Actifs Gagés relatifs à cette Série peuvent être composés d'actifs dont la valeur peut être positivement ou négativement corrélée à la solvabilité de l'Emetteur et du Garant. S'il existe une corrélation positive entre la valeur des Actifs Gagés et la solvabilité de l'Emetteur et du Garant, la valeur des Actifs Gagés variera de la même manière que la solvabilité de l'Emetteur et du Garant.

Si la valeur des Actifs Gagés est positivement corrélée à la solvabilité de l'Emetteur et du Garant, par exemple si les Actifs Gagés consistent en valeurs mobilières (titres de créance ou titres de capital) émises par d'autres établissements financiers, un défaut de l'Emetteur ou du Garant à l'exécution de leurs obligations en vertu des Titres Assortis de Sûretés pourra entraîner une chute de la valeur des Actifs Gagés garantissant ces Titres Assortis de Sûretés.

### **Détermination de la Valeur de Marché des Titres Assortis de Sûretés**

Les investisseurs doivent noter que la Valeur de Marché du Titre Assorti de Sûretés, déterminée par l'Agent d'Evaluation des Titres, peut différer de la Valeur de Marché déterminée par l'Agent de Calcul conformément à la Modalité 6(h)(v) des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou à la Modalité 5(h)(v) des Modalités des Titres de Droit Français, et du prix proposé, selon le cas, par Société Générale, tout affilié de Société Générale ou toute autre entité agissant en qualité de teneur de marché sur le marché secondaire d'un Titre. En conséquence, si le Niveau Requis de Garanties se fonde sur la Valeur de Marché du Titre Assorti de Sûretés concerné, rien ne garantit qu'après l'exécution du Contrat de Gage, les montants disponibles pour distribution ou la valeur des Actifs Gagés disponibles pour livraison aux Titulaires de Titres, seront suffisants pour payer le montant dû aux Titulaires de Titres au titre de la Série de Titres Assortis de Sûretés concernée, si les Conditions Définitives applicables stipulent que ce montant est basé sur la Valeur de Marché de ces Titres Assortis de Sûretés, telle que déterminée par l'Agent de Calcul conformément à la Modalité 6(h)(v) des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou à la Modalité 5(h)(v) des Modalités des Titres de Droit Français.

### **Pools de Garantie Séries Multiples**

Si les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés spécifient que la clause "Pool de Garanties Séries Multiples" s'applique, la sûreté sur le Pool de Garanties peut être partagée par plusieurs Séries de Titres Assortis de Sûretés et les Titulaires de Titres seront réputés, en acquérant et détenant des Titres, avoir reconnu et accepté de partager au même rang les droits sur cette sûreté avec Titulaires de Titres de différentes Séries de Titres Assortis de Sûretés, existants et futurs.

### **Ajustements du Pool de Garanties**

A la suite d'une Date de Test des Garanties, l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) pourra être tenu de livrer, ou de faire livrer, des Actifs Gagés additionnels ou de remplacement sur le Compte Gagé, de telle sorte que le Test des Garanties soit satisfait après cet ajustement des Actifs Gagés. Les investisseurs seront néanmoins exposés à la différence entre la Valeur Requise des Garanties et la Valeur des Garanties avant cet ajustement. Avant cet ajustement, il existe également un risque que les Actifs Gagés puissent ne pas satisfaire aux Critères d'Eligibilité et/ou que les Règles relatives aux Garanties ne soient pas respectées.

L'acquisition d'Actifs Gagés nécessaires afin d'apporter les ajustements requis aux Actifs Gagés contenus dans un Pool de Garanties peut être effectuée en vertu des termes de tout Contrat de Couverture ou

autrement. Pour une description des risques liés à l'exécution d'un Contrat de Couverture, voir la section "Risque d'inexécution des obligations d'une Contrepartie" ci-dessous.

### **"Décote" appliquée aux Actifs Gagés**

Lorsqu'il déterminera la Valeur des Garanties au titre des Actifs Gagés contenus dans un Pool de Garanties, le Gérant des Garanties appliquera, si les Conditions Définitives applicables spécifient qu'il en soit ainsi, la Décote (à savoir le montant en pourcentage dont la valeur de chaque type ou catégorie d'Actifs Gagés contenus dans un Pool de Garanties doit être réduite) spécifiée dans les Conditions Définitives applicables. Bien que le ou les niveaux de Décote spécifiés dans les Conditions Définitives applicables soient destinés à refléter le risque d'une dépréciation de la valeur des Actifs Gagés pendant la période comprise entre la toute dernière Date de Test des Garanties et la date à laquelle ces Actifs Gagés peuvent être réalisés, les investisseurs doivent noter que la valeur d'un Actif Gagé peut changer dans le temps, et que la Décote appliquée aux Actifs Gagés peut ne plus être d'actualité et ne pas fournir une protection convenable contre une dépréciation potentielle de la valeur de l'Actif Gagé concerné. L'Emetteur, le Garant, le Gérant des Garanties ou l'Agent de Contrôle des Garanties n'assument ni n'acceptent aucune obligation de diligence en relation avec le ou les niveaux de Décote à appliquer aux Actifs Gagés contenus dans un Pool de Garanties particulier.

### **Titres Avec Renonciation**

Si les Conditions Définitives applicables stipulent que la clause "Renonciation aux Droits" s'applique, certains Titulaires de Titres ayant l'intention de détenir des Titres Assortis de Sûretés (y compris, mais sans caractère limitatif, en leur qualité de teneur de marché) pourront renoncer à leurs droits de recevoir les produits de la réalisation des Actifs Gagés garantissant ces Titres Assortis de Sûretés (ou, si les Conditions Définitives applicables stipulent que la clause Livraison Physique des Actifs Gagés s'applique, la livraison des Actifs Gagés) après l'exécution du Contrat de Gage concerné. En conséquence, lors du calcul de la Valeur Requise des Garanties, le Gérant des Garanties et l'Agent de Contrôle des Garanties ne tiendra compte que de la valeur des Titres Assortis de Sûretés qui n'ont pas fait l'objet de cette renonciation.

Lors de tout transfert de Titres Avec Renonciation, les porteurs de ceux-ci seront tenus d'en aviser le Gérant des Garanties. Le Jour Ouvré Garanties suivant cette notification sera réputé être une Date de Test des Garanties et le Gérant des Garanties déterminera, à cette date, la Valeur Requise des Garanties révisée et tous ajustements devant être apportés au Pool de Garanties afin que le Test des Garanties soit satisfaisant. Jusqu'à ce que ces ajustements aient été apportés aux Actifs Gagés, la valeur des Actifs Gagés détenus dans un Pool de Garanties garantissant une Série de Titres Assortis de Sûretés pourra être inférieure à la Valeur Requise des Garanties révisée.

Si le nombre de Titres avec Renonciation effectivement détenus lors d'une Date de Test des Garanties se rapportant à un Pool de Garanties particulier est inférieur au nombre de Titres avec Renonciation notifié au Gérant des Garanties (cet événement étant une **Erreur de Notification des Titres Avec Renonciation**), la Valeur Requise des Garanties, calculée à cette Date de Test des Garanties, sera inférieure à ce qu'elle aurait été s'il n'y avait pas eu cette Erreur de Notification des Titres avec Renonciation. Si le Contrat de Gage concerné devait être exécuté avant la correction de l'Erreur de Notification des Titres avec Renonciation, les produits de la réalisation des Actifs Gagés disponibles pour distribution, ou, si la clause Livraison Physique d'Actifs Gagés est applicable, la valeur des Actifs Gagés disponibles pour livraison, en faveur des Titulaires de Titres dont les Titres sont garantis par ce Pool de Garanties, sera inférieure à ce qu'elle aurait été en l'absence de cette Erreur de Notification des Titres avec Renonciation.

Ni l'Emetteur, ni le Garant, ni le Gérant des Garanties ni l'Agent de Contrôle des Garanties ne seront responsables de toute information incorrecte, inexacte ou incomplète relative au nombre de Titres Avec Renonciation détenues dans une ou plusieurs Séries de Titres Assortis de Sûretés, qui pourra avoir été fournie au Gérant des Garanties par ou pour le compte de tout porteur de Titres Avec Renonciation, et aucun de l'Emetteur, du Garant, du Gérant des Garanties ou de l'Agent de Contrôle des Garanties n'aura l'obligation de vérifier ou de confirmer autrement le nombre de Titres Avec Renonciation ainsi détenues.

### **Fréquence des Dates de Test des Garanties**

Afin d'assurer qu'une Série de Titres Assortis de Sûretés est garantie conformément à ses termes, la Valeur des Garanties et la Valeur Requise des Garanties seront déterminées à la Date d'Emission de cette Série de Titres Assortis de Sûretés, à chaque Date de Test des Garanties périodique suivante spécifiée dans les Conditions Définitives applicables, et à chaque date supplémentaire réputée être une Date de Test des Garanties en vertu des Modalités relatives aux Garanties. Plus la fréquence des Dates de Test des Garanties périodiques spécifiée dans les Conditions Définitives applicables sera faible, et, dès lors, plus l'intervalle de temps entre deux Dates de Test des Garanties sera long, et plus il sera probable qu'en cas d'exécution du Contrat de Gage concerné, les produits de l'exécution qu'un Titulaire de Titres recevra ou, si la clause Livraison Physique des Actifs Gagés est applicable, la valeur des Actifs Gagés livrés, seront inférieurs aux montants dus aux Titulaires de Titres au titre de la Série de Titres Assortis de Sûretés concernée.

En ce qui concerne certaines Séries de Titres Assortis de Sûretés, les Conditions Définitives pourront spécifier qu'il n'y aura pas de Dates de Test des Garanties périodiques, auquel cas il n'y aura pas d'ajustements périodiques des Actifs Gagés du Pool de Garanties pendant la vie des Titres Assortis de Sûretés concernés, autrement qu'à toute date réputée être une Date de Test des Garanties en vertu des termes des Modalités relatives aux Garanties. Dans ce cas, si la sûreté en vertu du Contrat de Gage concerné est exécutée, les produits de l'exécution qu'un Titulaire de Titres recevra ou, si la clause Livraison Physique des Actifs Gagés est applicable, la valeur des Actifs Gagés livrés, pourront être inférieurs aux montants dus aux Titulaires de Titres au titre de la Série de Titres Assortis de Sûretés concernée.

### **Substitution d'Actifs Gagés**

Si les Conditions Définitives applicables stipulent que la clause "Substitution d'Actifs Gagés" s'applique, l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) pourra retirer et/ou remplacer des Actifs Gagés de tout Compte Gagé, sous réserve que le Test des Garanties continue d'être satisfait après cet ajustement. L'Emetteur (ou le Gérant des Garanties agissant pour son compte) pourra instruire la substitution des Actifs Gagés autant de fois qu'il le décidera pendant la durée des Titres Assortis de Sûretés, et ne sera pas tenu d'obtenir le consentement de l'Agent de Contrôle des Garanties ou de toute autre partie avant d'opérer la substitution proposée d'Actifs Gagés. Jusqu'à ce que des ajustements supplémentaires soient apportés aux Actifs Gagés, la valeur des Actifs Gagés détenus sur un Compte Gagé garantissant une Série de Titres Assortis de Sûretés pourra être inférieure à ce qu'elle aurait été si la substitution d'Actifs Gagés n'avait pas eu lieu.

### **Remboursement anticipé ou annulation à l'option de l'Emetteur s'il survient un Cas de Perturbation Garanties**

Les Titres Assortis de Sûretés seront exposés à des Cas de Perturbation Garanties (tels que définis dans les Modalités relatives aux Garanties), qui pourront accroître la possibilité (par comparaison avec des Titres Non Assortis de Sûretés) que les Titres Assortis de Sûretés soient remboursés ou annulés par anticipation. En cas de survenance d'un Cas de Perturbation Garanties, l'Emetteur pourra, à sa seule et en son absolue discrétion, rembourser ou annuler, selon le cas, tous les Titres Assortis de Sûretés concernés. A la suite du remboursement anticipé des Titres Assortis de Sûretés, un Titulaire de Titres peut ne pas pouvoir réinvestir les produits du remboursement à un taux d'intérêt effectif aussi élevé que le taux d'intérêt des Titres Assortis de Sûretés ainsi remboursés, et peut ne pouvoir les réinvestir qu'à un taux significativement inférieur ou à des conditions d'investissement moins favorables. Les investisseurs potentiels doivent donc prendre en considération ce risque de réinvestissement à la lumière d'autres investissements disponibles au moment considéré.

### **Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés et Exécution des Sûretés**

S'il survient un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tous les Titres Assortis de Sûretés qui sont garantis par le même Pool de Garanties que celui garantissant le Titre Assorti de Sûretés à Echéance Anticipée deviendront également immédiatement dues et remboursables. A la suite de la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tous les Titulaires de Titres dont les Titres sont

devenus immédiatement dus et remboursables seront en premier lieu habilités à réclamer tous montants impayés qui leur sont dus, en vertu des termes de la Garantie.

Le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) et l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne seront obligés d'exécuter le Contrat de Gage qu'après avoir reçu une Notification d'Exécution des Garanties de la part d'un Titulaire de Titres (ou du Représentant de la Masse dans le cas de Titres de Droit Français, agissant à la demande d'un Titulaire de Titres). Un Titulaire de Titres (ou le Représentant de la Masse dans le cas de Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) ne pourra envoyer une Notification d'Exécution des Garanties au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français) qu'à condition que ni l'Émetteur ni le Garant (en vertu des termes de la Garantie) n'aient payé tous les montants dus à ce Titulaire de Titres dans un délai de 20 Jours Ouvrés Garanties suivant la survenance de ce Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés.

L'existence de cette période de 20 Jours Ouvrés Garanties signifie qu'il s'écoulera un délai entre la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés et l'exécution du Contrat de Gage correspondant, pendant lequel il pourra se produire une dépréciation de la valeur des Actifs Gagés concernés, réduisant ainsi le montant disponible pour honorer les créances des Titulaires de Titres lors de la réalisation des Actifs Gagés.

Si les Actifs Gagés consistent en titres de créance, actions ou autres valeurs mobilières, la liquidation de tous les Actifs Gagés opérée simultanément pourra accroître le risque que les produits de la réalisation des Actifs Gagés soient inférieurs aux sommes dues aux Titulaires de Titres concernés en vertu des Titres Assortis de Sûretés en question, au motif que la liquidation simultanée de tous les Actifs Gagés contenus dans les Pools de Garanties pourrait, dans certaines conditions particulières de marché, provoquer une réduction de la valeur de marché de tous les Actifs Gagés ou de certains d'entre eux.

En outre, à la suite de la réalisation des Actifs Gagés, un investisseur peut ne pas pouvoir réinvestir toute Quote-Part des Produits de l'Exécution de Garanties qu'il recevra à un taux d'intérêt effectif aussi élevé que le taux d'intérêt des Titres Assortis de Sûretés ainsi devenus immédiatement dus et remboursables à la suite de la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, et peut ne pouvoir la réinvestir qu'à un taux significativement inférieur ou à des conditions d'investissement moins favorables. Les investisseurs potentiels doivent donc prendre en considération ce risque de réinvestissement à la lumière d'autres investissements disponibles au moment considéré.

#### **Déficit en cas de Réalisation d'Actifs Gagés et Recours Limité des Titulaires de Titres**

La sûreté fournie pour une Série de Titres Assortis de Sûretés est limitée aux Actifs Gagés constituant le Pool de Garanties applicable à cette Série. La valeur réalisée pour les Actifs Gagés du Pool de Garanties concerné ou, si la clause Livraison Physique des Actifs Gagés est applicable, la valeur des Actifs Gagés livrés lors de l'exécution du Contrat de Gage concerné, peut être inférieure aux montants dus aux Titulaires de Titres au titre de la Série de Titres Assortis de Sûretés concernée, et, par voie de conséquence, les investisseurs peuvent perdre une partie substantielle de leur investissement. Ce niveau de risque dépendra notamment de la valeur/des valeurs de la Décote, des Règles relatives aux Garanties, des Critères d'Éligibilité et de la méthode de collatéralisation (Collatéralisation VM, ou Collatéralisation VN, ou Collatéralisation Max (VM, VN) ou Collatéralisation Min (VM, VN), telles que spécifiées dans les Conditions Définitives applicables.

Les investisseurs doivent également noter que les Actifs Gagés peuvent subir une baisse de valeur entre la date à laquelle le Contrat de Gage concerné devient exécutoire et la date à laquelle les Actifs Gagés sont réalisés intégralement ou, si la clause Livraison Physique d'Actifs Gagés est applicable, livrés. Dans des circonstances exceptionnelles, les Actifs Gagés formant partie du Pool de Garanties disponible à la date à laquelle un Contrat de Gage devient exécutoire pourraient perdre la totalité ou une partie substantielle de leur valeur d'ici la date de réalisation et de distribution ou de livraison, selon le cas.

Si des montants restent dus et impayés à un Titulaire de Titres à la suite de l'exécution du Contrat de Gage concerné (y compris, afin de lever toute ambiguïté, en principal, prime (éventuelle) et/ou intérêts au titre des Titres), ce Titulaire de Titres n'aura plus aucun recours contre l'Emetteur, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) au titre de ces montants. En outre, aucun Titulaire de Titres ne pourra prendre des mesures ni engager des procédures quelconques pour obtenir la dissolution, le redressement judiciaire ou la liquidation de l'Emetteur (ou toute autre mesure analogue).

Afin de lever toute ambiguïté, les Titulaires de Titres continueront, dans ce scénario, de pouvoir réclamer tous montants impayés au Garant en vertu des termes de la Garantie, et tout déficit de cette nature constituera donc une créance non garantie de ce Titulaire de Titres à l'encontre du Garant. Les investisseurs doivent donc savoir que si la valeur réalisée pour les Actifs Gagés ou la valeur de tous Actifs Gagés livrés est inférieure au montant qui leur est dû en vertu de leurs Titres, ils seront exposés au risque de solvabilité du Garant pour les montants leur restant dus.

#### **Subordination des Titulaires de Titres au paiement de frais et à d'autres paiements**

A la suite de l'exécution d'un Contrat de Gage, les droits des Titulaires de Titres d'être payés sur les produits de cette exécution et de la réalisation des Actifs Gagés correspondants, ou, si la clause Livraison Physique des Actifs Gagés est applicable, d'obtenir la livraison des Actifs Gagés, seront subordonnés à, et prendront donc rang après, les créances se rapportant à des montants payables en priorité par rapport aux Titulaires de Titres, conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables et après tout droit de préférence existant par l'effet d'une loi.

#### **Livraison Physique d'Actifs Gagés**

Si la clause Livraison Physique des Actifs Gagés est applicable au titre d'une Série de Titres Assortis de Sûretés, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne devra pas, lors de l'exécution d'un Contrat de Gage, vendre ou faire vendre les Actifs Gagés (à moins qu'il ne se soit produit un Cas de Perturbation de la Livraison Physique d'Actifs Gagés, et autrement que pour payer des montants payables en priorité par rapport aux Titulaires de Titres, conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables), mais livrera la Part d'Actifs Gagés à chaque Titulaire de Titres, de la manière indiquée dans les Modalités relatives aux Garanties.

Si la clause Livraison Physique des Actifs Gagés est applicable, et si un Cas de Perturbation de la Livraison Physique d'Actifs Gagés survient ou existe à la Date de Livraison des Garanties concernée, le règlement sera différé jusqu'au Jour Ouvré Garanties suivant où aucun Cas de Perturbation de la Livraison Physique d'Actifs Gagés n'existera ou ne perdurera. Si ce Cas de Perturbation de la Livraison Physique d'Actifs Gagés perdure pendant une période continue de huit Jours Ouvrés Garanties après la Date de Livraison des Garanties originelle, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou l'Agent de Cession agissant pour leur compte, pourvoira à la vente de ces Actifs Gagés au lieu de livrer la Part d'Actifs Gagés concernée. Le montant reçu par un Titulaire de Titres à la suite de cette vente d'Actifs Gagés pourra être inférieur au montant qu'un Titulaire de Titres aurait reçu si les Actifs Gagés concernés lui avaient été livrés, et si le Titulaire de Titres avait détenu les Actifs Gagés jusqu'à la date d'échéance de ces actifs ou avait vendu ces actifs à une date différente.

#### **Risque de retard dans la réalisation des Actifs Gagés en cas d'insolvabilité de l'Emetteur, du Trustee des Sûretés, de l'Agent des Sûretés et/ou du Dépositaire des Garanties**

Chaque Contrat de Gage sera régi par la loi luxembourgeoise du 5 août 2005 sur les contrats de garantie financière, telle que modifiée. L'Article 20 de la Loi sur les Garanties de 2005 dispose que les contrats de gage sont valables et opposables aux tiers, y compris les commissaires, curateurs ou liquidateurs, nonobstant l'existence d'une mesure d'assainissement, d'une procédure de liquidation ou la survenance de toutes autres situation de concours, nationale ou étrangère. Dans la perspective du droit luxembourgeois, aucune procédure

de faillite, d'assainissement ou de liquidation, au Luxembourg ou à l'étranger, ne devrait pas empêcher l'exécution d'un Contrat de Gage. En conséquence, aucun Contrat de Gage ne devrait être impacté dans une mesure significative par une procédure de faillite engagée à l'encontre de l'Emetteur au Luxembourg.

En dépit des dispositions de la Loi sur les Garanties de 2005 décrites ci-dessus, en cas d'insolvabilité de l'Emetteur, du Trustee des Sûretés, de l'Agent des Sûretés ou du Dépositaire des Sûretés, la réalisation des Actifs Gagés pourra être retardée soit par la nomination d'un administrateur judiciaire, curateur ou autre mandataire de justice en relation avec l'Emetteur, le Trustee des Sûretés, l'Agent des Sûretés ou le Dépositaire des Garanties, soit par des mesures ordonnées par un tribunal compétent. Ce retard pourrait affecter défavorablement la position des Titulaires de Titres en cas de dépréciation de la valeur des Actifs Gagés pendant cette période.

En outre, en cas d'insolvabilité de l'Emetteur, étant donné que le Gérant des Garanties (Société Générale sauf stipulation contraire dans les Conditions Définitives) et l'Emetteur font partie du même groupe, il est possible que le Gérant des Garanties puisse également être insolvable. Ces circonstances pourraient conduire à un retard dans les procédures administratives nécessaires à la réalisation des Actifs Gagés. Cependant, étant donné que les entités responsables de l'exécution du Contrat de Gage et de la réalisation des Actifs Gagés, à savoir le Dépositaire des Garanties, l'Agent de Cession, l'Agent Payeur de Remplacement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) et l'Agent des Sûretés (dans le cas des Titres de Droit français) ne forment pas partie du Groupe, l'impact de toute insolvabilité de l'Emetteur sur cette exécution et cette réalisation devrait être moins important qu'il ne l'aurait été si le Dépositaire des Garanties, l'Agent de Cession, l'Agent Payeur de Remplacement, le Trustee des Sûretés et/ou l'Agent des Sûretés faisaient partie du Groupe.

Le Dépositaire des Garanties, l'Agent de Cession, l'Agent Payeur de Remplacement, le Trustee des Sûretés et l'Agent des Sûretés (sauf stipulation contraire dans les Conditions Définitives) font partie du même groupe et, en cas d'insolvabilité d'une entité, il est possible qu'une autre entité puisse également être insolvable. Ces circonstances pourraient conduire à un retard dans la réalisation des Actifs Gagés. Le Contrat de Dépositaire des Garanties, le Contrat d'Agent de Contrôle des Garanties, le Contrat d'Agent de Cession, le Contrat d'Agent Payeur de Remplacement, le Contrat d'Agent des Sûretés et chaque Security Trust Deed contiendront des dispositions permettant le remplacement du Dépositaire des Sûretés, de l'Agent de Contrôle des Garanties, de l'Agent de Cession, de l'Agent Payeur de Remplacement, du Trustee des Sûretés et de l'Agent des Sûretés, selon le cas, dans certaines circonstances, y compris à la suite d'une insolvabilité, comme le stipulent ces contrats et les Modalités relatives aux Garanties.

#### **Conflits d'Intérêts Potentiels entre des Titulaires de Titres et le Gérant des Garanties et l'Agent d'Evaluation des Titres**

Etant donné que le Gérant des Garanties et l'Agent d'Evaluation des Titres (sauf stipulation contraire dans les Conditions Définitives) sont des affiliés de l'Emetteur, des conflits d'intérêts potentiels peuvent s'élever entre le Gérant des Garanties, l'Agent d'Evaluation des Titres et les porteurs de Titres Assortis de Sûretés, y compris à propos de la réalisation de certaines déterminations et de l'exercice de certains pouvoirs discrétionnaires (y compris en ce qui concerne le calcul de la Valeur de Marché d'un Titre Assorti de Sûretés, de la Valeur des Garanties et de la Valeur Requise des Garanties). En outre, bien que le Gérant des Garanties et l'Agent d'Evaluation des Titres soient obligés d'exécuter leurs obligations et d'exercer leurs fonctions de bonne foi et en faisant preuve d'un jugement raisonnable, ni le Gérant des Garanties ni l'Agent d'Evaluation des Titres n'agissent ni n'agissent en qualité de fiduciaires ou de conseillers des Titulaires de Titres dans l'exercice de leurs fonctions respectives de Gérant des Garanties et d'Agent d'Evaluation des Titres.

Le risque pour les Titulaires de Titres d'un conflit d'intérêts entre eux et le Gérant des Garanties est atténué par le fait que toute Notification de Test des Garanties sera soit revu, soit vérifié dans son contenu ou autrement approuvé par un Agent de Contrôle des Garanties n'appartenant pas au Groupe, ou fera autrement l'objet d'une Procédure de Règlement d'un Différend relatif à un Test des Garanties prédéterminée.

### Trustee des Sûretés et Agent des Sûretés

Le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) et l'Agent des Sûretés (dans le cas des Titres de Droit Français) exécuteront la sûreté constituée en vertu du Contrat de Gage concerné lors de la signification d'une Notification d'Exécution des Garanties et (i) liquideront ou réaliseront, ou donneront des instructions à l'Agent de Cession afin qu'il liquide ou réalise les Actifs Gagés du Pool de Garanties qui garantit une Série de Titres Assortis de Sûretés, et distribue ensuite la Quote-Part des Produits de l'Exécution des Garanties (telle que définie dans les Modalités relatives aux Garanties) aux Titulaires de Titres concernés, ou (ii) si les Conditions Définitives applicables stipulent que la clause Livraison Physique d'Actifs Gagés s'applique, pourvoie à la livraison de la Part des Actifs Gagés concernée (telle que définie dans les Modalités relatives aux Garanties) aux Titulaires de Titres concernés, dans chaque cas selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables

Le défaut d'exécution par le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) de leurs obligations au titre des Actifs Gagés, ou le fait de ne pas exécuter leurs obligations d'une manière efficiente, pourrait affecter défavorablement la réalisation des Actifs Gagés et le montant distribuable ou livrable aux Titulaires de Titres.

Le risque pour les Titulaires de Titres d'un défaut d'exécution par le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) de ses obligations en vertu d'un Contrat de Gage d'Actifs Gagés est atténué par le fait que le Trustee des Sûretés s'engagera, dans le Security Trust Deed, à exercer ses droits en vertu du Contrat de Gage concerné pour le compte et en qualité de trustee des Titulaires de Titres, et déclarera une fiducie (« trust ») en faveur des Titulaires de Titres et des autres Parties Bénéficiaires des Garanties concernées sur les droits qui lui sont consentis en vertu du Contrat de Gage concerné. En conséquence, si le Trustee des Sûretés, après être devenu tenu de ce faire, ne respecte pas ses obligations d'exécution au titre des Actifs Gagés, les Titulaires de Titres seront en droit d'exécuter les termes du Contrat de Gage concerné. En outre, si le Trustee des Sûretés a manqué de respecter ses obligations d'exécution au titre des Actifs Gagés, les Titulaires de Titres seront en droit de nommer un Trustee des Sûretés de remplacement pour exécuter les termes du Contrat de Gage concerné. Le Dépositaire des Garanties, en vertu du fait qu'il est partie au Contrat de Gage concerné, sera réputé avoir accepté que les Titulaires de Titres puissent nommer un Trustee des Sûretés dans ces circonstances.

Le risque pour les Titulaires de Titres d'un défaut d'exécution par l'Agent des Sûretés (dans le cas des Titres de Droit Français) de ses obligations en vertu d'un Contrat de Gage d'Actifs Gagés est atténué par le fait que l'Agent des Sûretés sera nommé en qualité d'agent des sûretés en vertu de l'article 2328-1 du Code civil français, dans les termes des Modalités des Titres de Droit Français. Si l'Agent des Sûretés manque d'exécuter ses obligations en vertu d'un Contrat de Gage, le Représentant de la Masse des Titulaires de Titres exécutera directement les termes de ce Contrat de Gage pour le compte des Titulaires de Titres. Le Dépositaire des Garanties, en vertu du fait qu'il est partie au Contrat de Gage concerné, sera réputé avoir accepté que le Représentant de la Masse des Titulaires de Titres puisse exécuter directement les termes de ce Contrat de Gage pour le compte des Titulaires de Titres dans ces circonstances.

Le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent des Sûretés (dans le cas des Titres de Droit Français) pourra nommer un agent (**l'Agent de Cession**) qui, après avoir reçu des instructions du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent des Sûretés (dans le cas des Titres de Droit Français), liquidera ou réalisera les Actifs Gagés de chaque Pool de Garanties. Il est prévu que l'Agent de Cession initial soit The Bank of New York Mellon, Succursale de Londres. Le défaut d'exécution par l'Agent de Cession de ses obligations au titre des Actifs Gagés affectera défavorablement la réalisation des Actifs Gagés et le montant distribuable aux Titulaires de Titres.

### Absence d'Obligation Fiduciaire

Dans l'exercice de leurs attributions en vertu du Programme, ni le Gérant des Garanties, ni l'Agent de Contrôle des Garanties, ni l'Agent d'Evaluation des Titres, ni le Dépositaire des Garanties, ni l'Agent de Cession

ni l'Agent Payeur de Remplacement n'agiront en qualité de fiduciaire ou de conseiller des Titulaires de Titres au titre de leurs attributions respectives, et ils n'agiront pas en qualité de trustee pour le compte des Titulaires de Titres.

#### **Conflits d'Intérêts Potentiels entre des Titulaires de Titres et une Contrepartie**

Différents conflits d'intérêts potentiels et réels peuvent s'élever entre les intérêts des Titulaires de Titres et ceux d'une Contrepartie, qui peut être un affilié de l'Emetteur. Sous réserve du respect des lois et réglementations applicables, ni la Contrepartie ni ses affiliés ne sont tenus de résoudre ces conflits d'intérêts en faveur des Titulaires de Titres, et la Contrepartie et ses affiliés peuvent poursuivre les actions et prendre les mesures qu'ils jugeront nécessaires ou appropriées afin de protéger leurs intérêts.

#### **Risque d'inexécution de ses obligations par une Contrepartie**

Il est prévu que Société Générale sera la Contrepartie pour la plupart des Séries de Titres Assortis de Sûretés. Le défaut d'exécution par une Contrepartie de ses obligations et attributions au titre d'un Contrat de Couverture pourra affecter défavorablement la disponibilité des Actifs Gagés et, par voie de conséquence, affecter défavorablement la réalisation des Actifs Gagés et le montant distribuable aux Titulaires de Titres.

#### **Risques liés à l'insolvabilité d'une Contrepartie**

En cas de nomination d'un liquidateur ou administrateur judiciaire au titre de l'entreprise et des biens d'une Contrepartie, l'Emetteur estime qu'en vertu des termes du Contrat de Couverture concerné, les Actifs Gagés ne feront pas partie des biens de la Contrepartie concernée dont ce liquidateur ou cet administrateur judiciaire pourra disposer en vue de leur distribution aux créanciers de la Contrepartie. Cependant, rien ne garantit qu'un tribunal parviendrait à la même conclusion.

Il est possible qu'un liquidateur ou administrateur judiciaire nommé au titre de l'entreprise et des biens d'une Contrepartie puisse engager une procédure pour contester la validité et l'opposabilité d'un Contrat de Couverture, afin d'inclure les Actifs Gagés dans les biens et la masse de la Contrepartie concernée. Si une procédure d'insolvabilité était engagée au titre d'une Contrepartie, et en particulier à l'encontre de l'Emetteur en relation avec un Contrat de Couverture, il pourrait en résulter des retards dans la réalisation des Actifs Gagés, des réductions possibles du montant de réalisation des Actifs Gagés et des limitations à l'exercice de recours pour l'exécution d'un Contrat de Gage.

Toute référence faite à la Première Mise à Jour du Document de Référence 2012, au Document de Référence 2012 et au Document de Référence 2011 dans les documents incorporés aux présentes par la référence qui leur est faite, sera réputée exclure les sections et pages exclues ci-dessus.

La Première Mise à Jour du Document de Référence 2012 (page 50), le Document de Référence 2012 (pages 3 et 61) et le Document de Référence 2011 (pages 2 et 58) contiennent des références à la notation de crédit assignée par Moody's France S.A.S., Fitch France S.A.S. et Standard & Poor's Credit Market Services S.A.S. à Société Générale.

A la date de ce Prospectus de Base, Moody's France S.A.S., Fitch France S.A.S. and Standard & Poor's Credit Market Services S.A.S. sont établies dans l'Union Européenne et enregistrées conformément au Règlement (CE) n°1060/2009 du Parlement Européen et du Conseil du 16 septembre 2009, tel que modifié par le Règlement (UE) n°513/2011 du Parlement Européen et du Conseil du 11 mai 2011 et figurent dans la liste des agences de notation de crédit publiée sur le site internet de l'Autorité européenne des marchés financiers ([www.esma.europa.eu](http://www.esma.europa.eu)).

Postérieurement à la publication de ce Prospectus de Base, l'Émetteur et le Garant pourront, en cas de survenance d'un nouveau facteur important, d'une erreur significative ou d'une inexactitude concernant les informations contenues dans ce Prospectus de Base qui pourraient altérer l'évaluation des Titres, préparer un supplément à ce Prospectus de Base (un **Supplément**) conformément à l'article 16 de la Directive Prospectus ou pourront publier un nouveau prospectus qui sera utilisé pour les émissions ultérieures de Titres. Ce Supplément tel que préparé devra être approuvé par la CSSF et la SIX Swiss Exchange conformément au règlement de cotation de la SIX Swiss Exchange. Les déclarations contenues dans ces suppléments (ou dans tout autre document incorporé dans ces suppléments par référence) seront, dans la mesure du possible (de façon explicite, implicite ou autre), réputées modifier ou remplacer les déclarations contenues dans ce Prospectus de Base, ou dans un document incorporé par référence dans ce Prospectus de Base. Toute déclaration ainsi modifiée ou remplacée ne sera pas réputée faire partie intégrante de ce Prospectus de Base, sauf si elle a été remplacée ou modifiée conformément aux dispositions précitées.

Conformément à l'article 16.2 de la Directive Prospectus, les investisseurs qui ont déjà accepté d'acheter des Titres ou d'y souscrire avant qu'un Supplément ne soit publié ont le droit de retirer leur acceptation, pendant au moins deux jours ouvrables après la publication du Supplément. Les investisseurs doivent cependant être avertis que la loi de la juridiction dans laquelle ils ont accepté une offre de Titres peut prévoir un délai plus long.

Les documents incorporés par référence aux paragraphes (a), (b), (c) et (e) ci-dessus sont la traduction anglaise, directe, et précise de la version originale française de ces documents. L'Émetteur accepte la responsabilité de telles traductions.

Des copies des documents incorporés par référence dans le présent Prospectus de Base peuvent être demandées au siège de Société Générale et dans l'établissement désigné de chacun des Agents Payeurs (tels que définis ci-dessous) au moment considéré, dans chaque cas à l'adresse figurant à la fin du présent Prospectus de Base. Le présent Prospectus de Base et les documents incorporés par référence sont également publiés sur le site internet de la Bourse du Luxembourg ([www.bourse.lu](http://www.bourse.lu)).

### TITRES DE DROIT ANGLAIS (AUTRES QUE LES TITRES SIS ET LES TITRES EUI)

Chaque Tranche de Titres de Droit Anglais sera composée soit de Titres au Porteur (avec ou sans Reçus ou Coupons attachés) émis hors des Etats-Unis sur le fondement de la dispense d'enregistrement instituée par la *Regulation S*, soit de Titres Nominatifs (sans Reçus ou Coupons attachés), émis hors des Etats-Unis sur le fondement de la dispense d'enregistrement instituée par la *Regulation S*, et/ou aux Etats-Unis sur le fondement de la *Rule 144A* en vertu de l'*U.S. Securities Act*.

#### *Titres au Porteur*

Chaque Tranche de Titres au Porteur (à l'exception des Titres SIS, tels que définis ci-dessous) sera initialement émise sous la forme d'un Titre Global Provisoire ou, si les Conditions Définitives le spécifient, d'un Titre Global Permanent, qui, dans chaque cas:

- si les Titres Globaux sont destinés à être émis sous la forme d'un nouveau titre global (*new global note* et, par abréviation ci-après un **NGN**), comme indiqué dans les Conditions Définitives applicables, sera livré au plus tard à la date initiale d'émission de la Tranche à un conservateur commun (le **Conservateur Commun**) pour Euroclear Bank S.A./N.V. (**Euroclear**) et Clearstream Banking, société anonyme (**Clearstream, Luxembourg**); et

- si les Titres Globaux ne sont pas destinés à être émis sous la forme d'un NGN, sera livré au plus tard à la date initiale d'émission de la Tranche à un dépositaire commun (le **Dépositaire Commun**) pour Euroclear et Clearstream, Luxembourg.

Les Titres Globaux au Porteur tels que définis dans les les Modalités des Titres de Droit Anglais et des Titres NRC (à l'exception des Titres SIS) ne seront transférables qu'en conformité avec les règles et procédures en vigueur d'Euroclear ou de Clearstream, Luxembourg, selon le cas.

Les Titres au Porteur de chaque Tranche offerte et vendue sur le fondement de la *Regulation S* ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à une *U.S. person*, ou pour son compte ou à son profit, et ces Titres au Porteur porteront une légende rappelant ces restrictions de transfert. Toute opération future de transfert, revente, nantissement ou livraison de ces Titres au Porteur ou de tout droit sur ceux-ci, ne pourra être faite qu'en conformité avec les conditions de revente définies dans la *Regulation S* en vertu de l'*U.S. Securities Act*.

Dans l'hypothèse où un Titre Global au Porteur, autre qu'un Titre SIS, détenu pour le compte d'Euroclear et/ou de Clearstream, Luxembourg (ou toute partie de celui-ci) est devenu exigible et remboursable conformément aux Modalités, ou si la Date d'Echéance est survenue, et si, dans l'un ou l'autre cas, le paiement intégral du montant dû n'est pas effectué au porteur conformément aux Modalités, le Titre Global deviendra caduc. Simultanément, les teneurs de comptes chez Euroclear et/ou Clearstream, Luxembourg, sur les comptes desquels ces Titres (autres que des Titres Définitifs au Porteur, tels que définis dans les Modalités des Titres de Droit Anglais et des Titres NRC) sont crédités, sauf stipulation contraire des Conditions, seront en droit d'agir directement contre l'Emetteur, sur la base des relevés de comptes fournis par Euroclear et/ou Clearstream, Luxembourg, conformément aux dispositions d'un acte d'engagement (l'**Acte d'Engagement**) signé par l'Emetteur.

#### *Titres Nominatifs*

Les Titres Nominatifs de chaque Tranche offerte et vendue sur le fondement de la *Regulation S*, qui seront vendus à des non-ressortissants des Etats-Unis hors des Etats-Unis, seront initialement représentés par un Titre Global *Regulation S* ou par un Titre Global Nominatif Non-U.S. (chacun tel que défini à la Modalité 2(h) des Modalités des Titres de Droit Anglais et des Titres NRC. Les droits de propriété effective sur un Titre Global *Regulation S* ne pourront pas être offerts ni vendus à une *U.S. Person*, ou pour son compte ou à son profit, sauf disposition contraire de la Modalité 2 des Modalités des Titres de Droit Anglais et des Titres NRC, et ne pourront pas, avant l'expiration de la Période de Placement Réglementé (telle que définie dans le Contrat de Service Financier) être détenus autrement que par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg et ce Titre Global *Regulation S* portera une légende rappelant ces restrictions de transfert.

Les Titres Nominatifs Non-U.S., ou tout droit sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou à une *U.S. Person*, ou pour son compte ou à son profit, et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à une *U.S. Person*, ou pour son compte ou à son profit, ne sera pas reconnu. Les Titres Globaux Nominatifs Non-U.S. ne peuvent à aucun moment être la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des *U.S. persons*, au sens de la *Regulation S*, étant précisé que les droits sur ceux-ci ne peuvent pas être détenus autrement que par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg, et ces Titres Nominatifs Non-U.S. porteront une légende rappelant ces restrictions de transfert.

Les Titres Nominatifs de chaque Tranche offerte et vendue aux Etats-Unis ou à des *U.S. Persons* dans le cadre de transactions privées à des acheteurs institutionnels qualifiés (*qualified institutional buyers* et par abréviation, ci-après des **QIB**) qui sont également des acheteurs qualifiés (*qualified purchasers*, et par abréviation, ci-après des **QP**), seront initialement représentés par un Titre Global *Rule 144A* (chacun tel que défini à la Modalité 2(h) des Modalités des Titres de Droit Anglais et des Titres NRC). Tout Titre Global *Rule 144A* sera soumis à certaines restrictions de transfert indiquées dans ce titre et portera une légende rappelant ces restrictions.

Les Titres Nominatifs de chaque Tranche éligible à la vente aux Etats-Unis à des QIB en vertu de la *Rule 144A* et à des *non-U.S. persons* hors des Etats-Unis, sur le fondement de la *Regulation S*, pourront initialement être représentés par un Titre Global Combiné (tel que défini à la Modalité 2(h) des Modalités des Titres de Droit Anglais et des Titres NRC). Tout Titre Global Combiné sera soumis à certaines restrictions de transfert indiquées dans ce titre et portera une légende rappelant ces restrictions.

Les Titres Globaux Nominatifs (à savoir des Titres Globaux *Rule 144A*, des Titres Globaux *Regulation S*, des Titres Globaux Combinés ou des Titres Globaux Nominatifs Non-U.S.) seront soit (i) déposés auprès d'un dépositaire pour, et enregistrés au nom d'un établissement mandataire de, *Depository Trust Company* (ci après **DTC**) (dans le cas des Titres Globaux *Rule 144A* et des Titres Globaux *Regulation S* uniquement), soit (ii) déposés auprès d'un Dépositaire Commun pour Euroclear et Clearstream, Luxembourg, et enregistré au nom d'un établissement mandataire commun d'Euroclear et Clearstream, Luxembourg ou, en cas de Titres Globaux Nominatifs émis dans le cadre de la nouvelle structure de dépôt (*new safekeeping structure* et par abréviation, ci-après le **NSS**), enregistré au nom d'un établissement mandataire de l'un des dépositaires centraux internationaux de titres (*International Central Securities Depository*, et par abréviation ICSD) agissant en qualité de Conservateur Commun comme indiqué dans les Conditions Définitives applicables. Les personnes détenant des droits de propriété effective sur des Titres Globaux Nominatifs seront en droit de recevoir ou tenus de recevoir, selon le cas, dans les circonstances décrites ci-dessous, la livraison physique de Titres Définitifs Nominatifs (tels que définis dans les Modalités des Titres de Droit Anglais et des Titres NRC).

Tant que les Titres sont émis sous la forme d'un Titre Global Nominatif émis dans le cadre du NSS, et détenus par un Conservateur Commun pour le compte d'Euroclear et/ou Clearstream, Luxembourg, chaque personne qui est inscrite dans les registres d'Euroclear et/ou Clearstream, Luxembourg comme ayant droit à un certain montant nominal de Titres sera réputé être le Titulaire de ce même montant nominal de Titres pour tous besoins sauf en cas de paiement du principal, des primes (le cas échéant), des intérêts ou de tous autres montants au titre desdits Titres, au titre desquels le Conservateur Commun, est réputé être le Titulaire de ce montant nominal de Titres conformément et sous réserve des termes du Titre Global concerné.

Les paiements en principal, intérêts et autres montants dus sur les Titres Globaux Nominatifs seront effectués, sauf disposition contraire, à la personne dont le nom figure dans le Registre (tel que défini à la Modalité 5(d) des Modalités des Titres de Droit Anglais et des Titres NRC) en tant que titulaire enregistré des Titres Globaux Nominatifs. Ni l'Emetteur, ni le Garant ni tout Agent n'assumeront une responsabilité quelconque au titre des inscriptions figurant dans le Registre ou des paiements ou livraisons effectués au titre de droits de propriété effective sur les Titres Globaux Nominatifs, et ne seront responsables de la tenue, de la supervision ou du contrôle de toutes inscriptions portées dans le Registre au titre de ces droits de propriété effective.

Les paiements en principal, intérêts et autres montants dus sur les Titres Définitifs Nominatifs seront effectués, sauf disposition contraire, aux personnes dont les noms figurent dans le Registre à la Date d'Enregistrement concernée (telle que définie à la Modalité 5(d) des Modalités des Titres de Droit Anglais et des Titres NRC) précédant immédiatement la date d'échéance du paiement, de la manière décrite dans cette Modalité.

Les droits sur un Titre Global Nominatif peuvent, sous réserve de respecter toutes les restrictions applicables, être transférés à une personne qui souhaite détenir ces droits sur un autre Titre Global Nominatif. Aucun propriétaire effectif d'un droit sur un Titre Global Nominatif ne pourra transférer ce droit, excepté en conformité avec les procédures applicables de DTC, d'Euroclear et Clearstream, Luxembourg, dans chaque cas dans la mesure applicable.

#### *Eligibilité à l'Eurosystème*

Les NGNs et les Titres Globaux Nominatifs émis dans le cadre du NSS pourront être émis afin d'être reconnus comme étant des actifs éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème, soit au moment de leur émission ou à tout autre moment de leur existence. Cette reconnaissance dépend de leur capacité à satisfaire les critères d'éligibilité à l'Eurosystème tel que spécifié par la Banque Centrale Européenne. Cependant, il n'existe aucune garantie que ces Titres soient

reconnus comme des actifs éligibles. Il n'est pas prévu que les autres Titres soient éligibles à la réglementation monétaire de l'Eurosystème et aux opérations de crédit intrajournalières effectuées par l'Eurosystème.

## TITRES EUI

Les Titres EUI seront détenus en forme nominative non représentée par un certificat conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférente applicable à un moment donné (les **Réglementations**) et ils ne sont pas matérialisés ni représentés par un titre physique. Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. La propriété des Titres EUI est enregistrée sur le registre Opérateur des titres concerné. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI** ou **CREST**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicables de temps à autre. Sous réserve de cette exigence, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera traitée par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées seront interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise d'être faite par lui ou pour son compte en partant de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI. En tant que de besoin et en cas de différence entre l'information contenue dans le Registre et le registre des Titres EUI en forme nominative tenue au siège social de l'Emetteur, le registre tenu au siège social de l'Emetteur prévaudra au regard du droit luxembourgeois.

Aucune disposition des Modalités des Titres EUI ne pourra s'appliquer ni n'aura d'effet dès lors que celle-ci présentera une quelconque incohérence avec (i) le fait de détenir des Titres EUI, (ii) le fait de transférer des Titres EUI par le biais d'un système concerné ou (iii) les Réglementations. Sans préjudice de ce la phrase qui précède, et nonobstant toute disposition des Modalités de tous Titres EUI, aussi longtemps que les Titres EUI seront des titres de participation, (a) tous Titres EUI qui ne sont pas au moment considéré parfaitement identiques à, ou n'ont pas au moment considéré des droits y afférents complètement identiques à ceux attachés à d'autres Titres EUI de la même Série, seront réputés constituer une Série distincte de Titres EUI, (b) le registre Opérateur des titres relatifs aux Titres EUI sera maintenu à tout moment au Royaume-Uni, (c) les Titres EUI pourront être émis dans une forme non représentée par un certificat conformément aux Réglementations et sous réserve de leurs dispositions; et (d) en tant que de besoin, il est précisé que les Modalités de tous Titres EUI resteront applicables nonobstant le fait qu'elles ne soient pas inscrites sur un certificat quelconque pour ces Titres EUI.

Telle qu'utilisée ici, chacune des expressions "registre Opérateur des titres", "titres de participation", "enregistrement de titres non représentés par un certificat" et "système concerné" ont la signification qui leur est donnée dans les Réglementations et l'"Opérateur" concerné (tel que ce terme est utilisé dans les Réglementations) est EUI (anciennement CRESTCo. Limited) ou tout opérateur additionnel ou alternatif tel qu'approuvé de temps à autre par l'Emetteur, le Garant, et l'Agent EUI en relation avec les Titres EUI et conformément aux Réglementations. Toute référence à l'Opérateur devra, quand le contexte le permet, être réputée inclure une référence à tout Opérateur additionnel ou alternatif de temps à autre et notifié aux Titulaires de Titres EUI.

Toute indication ici que l'Opérateur "fera", ou toute expression similaire ou phrase indiquant qu'ils sont obligés à, ou exécuteront, toute mission ou obligation décrite dans ces Modalités et/ou les Conditions Définitives applicables, le cas échéant, est donnée sans que l'Emetteur, le Garant, l'Agent EUI ou l'Agent de Calcul n'assume une quelconque responsabilité pour cette action de l'Opérateur.

En ce qui concerne les Titres *CREST depository interests* (**CDI**) dématérialisés, les investisseurs détiendront des CDI constitués et émis par *CREST Depository Limited* et représentant des intérêts indirects dans les Titres. Les CDI seront émis et réglés par l'intermédiaire de CREST.

Ni les Titres ni aucun droit attaché ne seront émis, détenus, transférés ou réglés au sein du système CREST autrement que par le biais de l'émission, la détention, le transfert et le règlement des CDI.

Les Titulaires de CDI ne seront pas admis à négocier directement les Titres et par conséquent, toutes négociations de Titres se fera par l'intermédiaire de CREST dans le cadre de la détention des CDI.

Tous référence dans ce Prospectus de Base à "Titres EUI", si le contexte le permet, inclura les CDI.

Les Titres EUI y compris toute obligation non-contractuelle en résultant ou en lien avec les Titres seront gouvernés par le droit anglais.

## TITRES SIS

Chaque Tranche de Titres SIS (**Titres SIS**) sera émise soit (i) sous forme au porteur (**Titres SIS au Porteur**) soit (ii) sous forme non représentée par un certificat (**Titres SIS NRC**), qui, dans les deux cas, sont ou doivent être déposés ou enregistrés auprès de, et compensés par, *Swiss securities services corporation*, SIS SIX Ltd (**SIS**) ou tout autre organisme de compensation agréé à cette fin par la SIX Swiss Exchange SA (**SIX Swiss Exchange**). Les Conditions Définitives applicables indiqueront si les Titres SIS seront des Titres SIS CHF ou d'Autres Titres SIS (chacun de ces termes tel que défini ci-dessous) ou des Titres SIS NRC.

### *Titres SIS au Porteur*

Chaque Tranche de Titres SIS au Porteur sera représentée par un titre global permanent (**Titre SIS Global Permanent**), qui sera déposé par l'Agent Payeur Suisse Principal auprès de SIS ou de tout autre intermédiaire en Suisse agréé à cette fin par SIX Swiss Exchange (SIS ou tout autre intermédiaire agréé, l'**Intermédiaire**) au plus tard à la date d'émission initiale de la Tranche. Une fois que le Titre SIS Global Permanent a été déposé auprès de l'Intermédiaire et crédité aux comptes d'un ou plusieurs participants de l'Intermédiaire, les Titres SIS au Porteur ainsi représentés constitueront des titres intermédiés (*Bucheffekten*) au sens de la Loi Fédérale Suisse sur les Titres Intermédiés (*Bucheffektengesetz*) (**Titres Intermédiés**).

Chaque titulaire de Titres SIS au Porteur détient un droit dans une copropriété (*Miteigentumsanteil*) sur le Titre SIS Global Permanent représentant ces Titres SIS au Porteur à due proportion de la quote-part de sa créance sur l'Emetteur, étant précisé qu'aussi longtemps que le Titre SIS Global Permanent reste déposé auprès de l'Intermédiaire, le droit dans la copropriété sera suspendu et les Titres SIS au Porteur ne pourront être transférés que par l'inscription des Titres SIS au Porteur transférés sur un compte-titres (*Effektenkonto*) du bénéficiaire.

Les registres de l'Intermédiaire détermineront le nombre de Titres SIS au Porteur détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS au Porteur détenus sous la forme de Titres Intermédiés, les titulaires de ces Titres SIS au Porteur seront les personnes détenant ces Titres SIS au Porteur dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires détenant ces Titres SIS au Porteur pour leur propre compte dans un compte-titres à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les expressions y afférentes devront être interprétés en conséquence).

Les Titres SIS au Porteur libellés en Francs suisses bénéficient d'une dérogation limitée à l'exigence de certification des Règles TEFRA D, si ces Titres SIS au Porteur remplissent les exigences indiquées ci-dessous. Les Titres SIS au Porteur libellés en Francs suisses qui satisfont à ces exigences sont ci-après dénommés **Titres SIS CHF**. Les Titres SIS au Porteur libellés en Francs suisses qui ne satisfont pas à ces exigences et les Titres SIS au Porteur libellés dans une devise approuvée par SIS autre que les Francs suisses sont ci-après dénommés **Autres Titres SIS**. Les Autres Titres SIS peuvent faire l'objet de restrictions de vente additionnelles

et à des déclarations fiscales additionnelles aux Etats-Unis tel que cela est indiqué dans les Conditions Définitives applicables.

Des procédures spéciales doivent être suivies pour les Titres SIS CHF, afin que ces Titres soient exemptés de Certification (telle que définie ci-dessous). Chacun des Agents Placeurs concernés doit avoir déclaré et pris l'engagement dans le Contrat d'Agent Placeur: (a) de se conformer aux restrictions de vente U.S. dans la mesure où elles s'appliquent aux Titres SIS CHF et (b) que l'offre et la vente des Titres SIS CHF ont été et seront effectuées conformément aux lois et réglementations suisses. Les critères suivants doivent être respectés pour que cette dérogation limitée à l'obligation de certification des Règles TEFRA D s'applique:

- les intérêts et le principal des Titres SIS CHF sont libellés exclusivement en Francs suisses;
- les intérêts et le principal des Titres SIS CHF sont payables exclusivement en Suisse;
- les Titres SIS CHF sont offerts et vendus conformément aux pratiques et à la documentation usuelles en Suisse;
- les Agents Placeurs concernés s'obligent à déployer des efforts raisonnables pour vendre les Titres SIS CHF en Suisse;
- les Titres SIS CHF ne sont pas admis à la cote officielle, et ne font pas l'objet d'une demande d'admission à la cote officielle, d'une bourse située hors de Suisse;
- l'émission des Titres SIS CHF est soumise aux directives ou restrictions imposées par les autorités gouvernementales, bancaires ou boursières suisses; et
- plus de 80 pour cent. en valeur des Titres SIS CHF inclus dans l'offre dont ils font partie sont offerts et vendus à des tiers qui ne sont pas des Agents Placeurs, par des Agents Placeurs ayant un établissement situé en Suisse.

Aucun titulaire de Titres SIS au Porteur n'aura à aucun moment le droit d'effectuer ou de demander la conversion du Titre SIS Global Permanent représentant ces Titres SIS au Porteur en Titres SIS au Porteur sous forme définitive (**Titres SIS Définitifs au Porteur**) ou en Titres SIS au Porteur non représentés par un certificat ou le droit d'en effectuer ou d'en demander la délivrance.

Aucune livraison physique de Titres SIS au Porteur ne pourra avoir lieu, à moins que et jusqu'à ce que des Titres SIS Définitifs au Porteur aient été imprimés. Le Titre SIS Global Permanent concerné sera uniquement échangeable en totalité, mais non en partie, contre des Titres SIS Définitifs au Porteur et les Titres SIS Définitifs au Porteur pourront uniquement être imprimés lorsqu'un Cas d'Echange de Titres SIS au Porteur (tel que défini ci-dessous dans la section "*Echange en cas de survenance d'un Cas d'Echange*" ci-dessous) se produit. Lorsqu'un Cas d'Echange de Titres SIS au Porteur se produit, l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement concerné, selon le cas, effectuera l'impression des Titres SIS Définitifs au Porteur sans frais pour les titulaires des Titres SIS au Porteur concernés. En cas de délivrance de Titres SIS Définitifs au Porteur, le Titre SIS Global Permanent concerné sera immédiatement annulé par l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement concerné, selon le cas, et les Titres SIS Définitifs au Porteur seront délivrés aux titulaires concernés contre annulation des Titres SIS au Porteur concernés dans les comptes-titres de ces titulaires.

Les Titres SIS au Porteur y compris toute obligation non-contractuelle en résultant ou en lien avec les Titres seront régis par le droit anglais.

#### *Titres SIS NRC*

Chaque Tranche de Titres SIS NRC sera enregistrée dans le registre principal (*Hauptregister*) de l'Intermédiaire au plus tard à leur date d'émission. Une fois que les Titres SIS NRC seront enregistrés dans le registre principal de l'Intermédiaire, les Titres SIS NRC constitueront des Titres Intermédiés.

Aussi longtemps que les Titres SIS NRC constitueront des Titres Intermédiés, ils ne pourront être transférés que par l'inscription des Titres SIS NRC transférés sur un compte-titres de l'acquéreur.

Les registres de l'Intermédiaire détermineront le nombre de Titres SIS NRC détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS NRC détenus sous forme de Titres Intermédiés, les titulaires de ces Titres SIS NRC seront les personnes détenant ces Titres SIS NRC dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires, les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS NRC dans un compte-titres pour leur propre compte dans un compte-titres à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les expressions y afférentes devront être interprétés en conséquence).

Aucun titulaire de Titres SIS NRC n'aura à aucun moment le droit d'effectuer ou de demander la conversion de ces Titres SIS NRC en un Titre SIS Global Permanent ou en Titres définitifs ou le droit d'en effectuer ou d'en demander la délivrance.

Les Titres SIS NRC y compris toute obligation non-contractuelle en résultant ou en lien avec les Titres seront régis par le droit anglais.

## TITRES DE DROIT FRANÇAIS

Chaque Tranche de Titres de Droit Français sera émise soit sous forme de Titres Matérialisés soit sous forme de Titres Dématérialisés, comme indiqué dans les Conditions Définitives applicables.

Les Titres de Droit Français qui sont désignés dans les Conditions Définitives applicables comme étant des Titres avec Restriction Permanente ou tout droit sur ceux-ci ne peuvent pas être offerts ni vendus aux Etats-Unis ou à une *U.S. Person*, ni pour son compte ni à son profit. Toute opération future de transfert, de revente, de nantissement ou de livraison de ces Titres de Droit Français ou de tout droit sur ceux-ci, ne pourra intervenir qu'en conformité avec les conditions de revente définies dans la *Regulation S* en vertu de l'*U.S. Securities Act*.

Les Titres de Droit Français qui ne sont pas désignés dans les Conditions Définitives applicables comme étant des Titres avec Restriction Permanente ou tout droit sur ceux-ci ne peuvent pas être offerts ni vendus aux Etats-Unis ou à une *U.S. Person*, ni pour son compte ni à son profit, sauf en application d'une exception aux obligations d'enregistrement de l'*U.S. Securities Act* dans le cadre d'une transaction qui n'obligera pas l'Emetteur ou le Garant, selon le cas, à devoir s'enregistrer au titre de l'*U.S. Investment Company Act*.

### Titres Dématérialisés

Le droit de propriété sur les Titres Dématérialisés prendra la forme d'inscriptions en compte conformément aux articles L. 211-3 et suivants et R.211-1 du Code monétaire et financier. Aucun titre de propriété physique (y compris les certificats représentatifs visés à l'article R.211-7 du Code monétaire et financier) ne sera émis en représentation de Titres Dématérialisés.

Les Titres Dématérialisés sont émis, au gré de l'Emetteur, soit sous forme dématérialisée au porteur, auquel cas ils seront inscrits à la Date d'Emission de la Tranche de Titres Dématérialisés concernée dans les livres d'Euroclear France (**Euroclear France**) qui créditera les comptes des Teneurs de Compte Euroclear France (tels que définis dans les Modalités des Titres de Droit Français), y compris Euroclear et la banque dépositaire pour Clearstream, Luxembourg, ou revêtir la forme au nominatif, et, dans ce dernier cas, ils seront inscrits, au gré du Titulaire de Titres concerné (tel que défini dans la Modalité 1 des Modalités des Titres de Droit Français), soit au nominatif pur, sur un compte tenu par l'Emetteur ou par un agent des registres (désigné dans les Conditions Définitives applicables) pour l'Emetteur, soit au nominatif administré, sur les comptes des Teneurs de Compte Euroclear France désignés par les Titulaires de Titres concernés.

Un jour ouvré à Paris avant la Date d'Emission de chaque Tranche de Titres Dématérialisés, la Lettre Comptable relative à cette Tranche devra être déposée auprès d'Euroclear France en sa qualité de dépositaire central.

### *Titres Matérialisés*

Les Titres Matérialisés revêtiront exclusivement la forme au porteur et ne pourront être émis qu'hors de France. Un certificat global provisoire au porteur, sans Coupons attachés (un **Certificat Global Provisoire**) sera initialement émis en relation avec les Titres Matérialisés.

Lors du dépôt initial de ce Certificat Global Provisoire auprès du Dépositaire Commun, Euroclear ou Clearstream, Luxembourg (ou, si un souscripteur détient un compte auprès d'un système de compensation autre qu'Euroclear ou Clearstream, Luxembourg, lequel détient un compte directement ou indirectement chez Euroclear ou Clearstream, Luxembourg, cet autre système de compensation) créditera le compte de chaque souscripteur de ces Titres d'un montant nominal de Titres égal au montant nominal des Titres qu'il a souscrits et payés.

### **CERTIFICATION ATTESTANT QUE LES PROPRIETAIRES EFFECTIFS NE SONT PAS DES U.S. PERSONS**

#### *Titres au Porteur de Droit Anglais*

Aussi longtemps qu'un Titre au Porteur (à l'exception de tous Titres SIS au Porteur, qui sont représentés par des Titres SIS Globaux Permanents, tels que décrits ci-dessus) sera représenté par un Titre Global Provisoire, les paiements en principal, intérêts (éventuels) et autres montants payables sur les Titres, dus avant la Date d'Echange (telle que définie ci-dessous) seront effectués (sur présentation du Titre Global Provisoire si le Titre Global Provisoire n'est pas destiné à être émis sous la forme d'un NGN) à la seule condition que la certification (sur un formulaire à fournir) attestant que les propriétaires effectifs de droits sur ce Titre ne sont pas des *U.S. Persons*, ou des personnes ayant acheté en vue de le revendre à une *U.S. person* (ci-après la **Certification**), telle qu'exigée par les réglementations du Trésor Américain, (i) ait été reçue par Euroclear et/ou Clearstream, Luxembourg et qu'Euroclear et/ou Clearstream, Luxembourg, selon le cas, ait donné une certification identique (sur la base des Certifications qu'il aura reçues) à l'Agent Fiscal, ou (ii) dans le cas d'un Titre Global Provisoire ou d'un Certificat Global Provisoire détenu autrement que pour le compte d'Euroclear et/ou de Clearstream, Luxembourg, du titulaire de celui-ci.

A compter de la Date d'Echange (telle que définie ci-dessous) incluse, les droits sur le Titre Global Provisoire seront échangeables (gratuitement), sur demande formulée dans les modalités indiquées dans ce Titre, contre (i) des droits sur un Titre Global Permanent, ou, selon le cas, (ii) des Titres Définitifs au Porteur de la même Série, avec, s'il y a lieu, des Reçus, Coupons et/ou Talons attachés (comme indiqué dans les Conditions Définitives applicables et sous réserve, dans le cas des Titres Définitifs au Porteur, de la période de préavis telle que spécifiée dans le Titre Global Permanent), conformément aux modalités du Titre Global Provisoire, contre production de la Certification relative à la propriété effective décrite ci-dessus et exigée par les réglementations du Trésor Américain, à moins que cette Certification n'ait déjà été donnée en vertu des dispositions ci-dessus; étant cependant entendu que si le Titre Global concerné est émis au titre d'une Tranche de Titres au Porteur relatives à des Titres Partiellement Libérés dans les Conditions Définitives applicables, ce Titre Global ne pourra être échangé contre des Titres Définitifs au Porteur et (s'il y a lieu) des Coupons, Reçus et Talons tels que décrits ci-dessus, qu'à condition que le dernier paiement devant être effectué pour la libération intégrale de ces Titres Partiellement Libérés alors en circulation ait été effectué. L'échange d'un Titre Global Provisoire contre des droits sur un Titre Global Permanent ne sera effectué qu'à condition que des Titres Définitifs au Porteur n'aient pas déjà été émis. Si des Titres Définitifs au Porteur ont déjà été émis, le Titre Global Provisoire ne pourra ensuite être échangé contre des Titres Définitifs au Porteur qu'en vertu des modalités de ces derniers. Le titulaire d'un Titre Global Provisoire ne sera pas en droit de percevoir tout paiement en principal, intérêts ou autre montant dû à compter de la Date d'Echange incluse à moins que l'échange du Titre Global Provisoire contre un droit sur un Titre Global Permanent ou, en cas de Titres au Porteur, contre des Titres Définitifs au Porteur, n'ait été indûment retenu ou refusé, en dépit de la production d'une Certification en bonne et due forme.

Les paiements en principal, intérêts (éventuels) ou autres montants sur un Titre Global Permanent seront effectués par l'intermédiaire d'Euroclear et/ou de Clearstream, Luxembourg, selon le cas, au titulaire de ce Titre Global Permanent ou à son ordre (contre présentation ou restitution (selon le cas) du Titre Global Permanent, si ce dernier n'est pas destiné à être émis sous la forme d'un NGN), sans aucune exigence de Certification.

### *Titres Matérialisés de Droit Français*

Les Titres de Droit Français représentés par un Certificat Global Provisoire seront échangeables, en totalité mais non en partie, gratuitement pour le titulaire, à compter de la Date d'Echange incluse (telle que définie ci-dessous) contre des Titres au porteur matérialisés sous forme définitive (ces Titres ci-après dénommés **Titres Définitifs Matérialisés au Porteur**), avec, s'il y a lieu, des Reçus, Coupons et/ou Talons attachés:

- si les Conditions Définitives applicables indiquent que ce Certificat Global Provisoire est émis en conformité avec les Règles TEFRA C ou dans le cadre d'une transaction à laquelle les Règles TEFRA ne sont pas applicables; et
- autrement, sur production d'une certification attestant que ces Titres ne sont pas la propriété effective d'*U.S. Persons*, dans la forme définie dans le Contrat de Service Financier de Droit Français (tel que défini dans les Modalités des Titres de Droit Français) contre des Titres Définitifs Matérialisés au Porteur.

A compter de la Date d'Echange incluse, le titulaire d'un Certificat Global Provisoire pourra restituer ce Certificat Global Provisoire à l'Agent Fiscal (tel que défini dans le Contrat de Service Financier de Droit Français) ou à son ordre. En échange de tout Certificat Global Provisoire, l'Emetteur livrera ou fera livrer des Titres Définitifs Matérialisés au Porteur dûment signés et authentifiés. Les Titres Définitifs Matérialisés au Porteur seront imprimés aux frais de l'Emetteur selon un procédé garantissant leur protection contre la falsification conformément aux exigences légales et boursières applicables, dans la forme ou dans une forme substantiellement identique indiquée dans le Contrat de Service Financier de Droit Français.

Pour les besoins de la présente section "*Certification attestant que les propriétaires effectifs ne sont pas des U.S. Persons*", la **Date d'Echange** sera le lendemain de la plus tardive des deux dates suivantes: (i) 40 jours après l'émission du Titre Global Provisoire ou, selon le cas, du Certificat Global Provisoire, ou (ii) 40 jours après la date d'achèvement du placement de la Tranche concernée, telle que certifiée par l'Agent Placeur concerné (en cas d'émission non-syndiquée) ou le chef de file principal concerné (en cas d'émission syndiquée).

### **ACTE D'ENGAGEMENT**

Si un Titre Global au Porteur (autre qu'un Titre SIS Global Permanent) est devenu exigible et remboursable conformément à ses modalités, ou si la Date d'Echéance de ce Titre est survenue et si le paiement intégral du montant dû n'a pas été effectué conformément aux modalités du Titre Global au Porteur, ce Titre Global au Porteur deviendra caduc à 20 heures (heure de Londres) à cette date. Simultanément, les teneurs de comptes chez Euroclear et/ou Clearstream, Luxembourg, selon le cas, sur les comptes desquels les droits sur ce Titre Global au Porteur sont crédités seront, sauf stipulation contraire des présentes, en droit d'agir directement contre l'Emetteur, sur la base des relevés de comptes fournis par Euroclear et/ou Clearstream, Luxembourg, conformément aux dispositions de l'Acte d'Engagement et sous réserve de ces dispositions.

### **ECHANGE EN CAS DE SURVENANCE D'UN CAS D'ECHANGE**

Les Conditions Définitives applicables aux Titres de Droit Anglais émis sous forme globale, autres que des Titres SIS spécifieront que le Titre Global Permanent ou le Titre Global Nominatif concerné (selon le cas) sera échangeable (gratuitement), en totalité mais non en partie, contre des Titres Définitifs au Porteur, avec Reçus, Coupons et/ou Talons attachés (s'il y a lieu), ou, selon le cas, des Titres Définitifs Nominatifs, moyennant un préavis écrit de 60 jours au moins donné à l'Agent Fiscal par ou pour le compte d'Euroclear et/ou de Clearstream, Luxembourg, selon le cas, agissant sur instructions de tout titulaire d'un droit sur le Titre Global Permanent ou le Titre Global Nominatif, dans les modalités décrites dans ce Titre (sauf disposition contraire des Conditions Définitives applicables) ou, dans le cas d'un Titre Global Permanent, si ce Titre est détenu autrement que pour le compte d'Euroclear ou de Clearstream, Luxembourg, donné par le porteur de ce Titre, en cas de survenance de l'une quelconque des circonstances décrites aux (i), (ii), (iii), (iv) ou (v) ci-dessous (chacune, un **Cas d'Echange**), ou par l'Emetteur en cas de survenance des circonstances décrites au (iv) ci-dessous; (i) s'il y

a lieu, un Cas de Défaut (tel que défini à la Modalité 9 des Modalités des Titres de Droit Anglais et des Titres NRC) s'est produit et perdure; (ii) dans le cas de Titres Nominatifs enregistrés au nom d'un établissement mandataire de DTC, DTC a notifié à l'Emetteur qu'il n'est pas disposé à continuer à agir comme dépositaire des Titres ou est incapable de ce faire, et qu'il n'existe aucun système de compensation alternatif disponible, ou DTC a cessé de constituer une agence de compensation enregistrée en vertu de l'*U.S. Exchange Act*; (iii) dans le cas d'un Titre Global Permanent ou d'un Titre Global Nominatif enregistré au nom d'un dépositaire commun pour Euroclear et/ou Clearstream, Luxembourg, l'Emetteur a été avisé qu'Euroclear et Clearstream, Luxembourg, ont tous deux été fermés pendant une période ininterrompue de 14 jours (autrement qu'en raison de jours fériés légaux ou autre) ou annoncent leur intention de cesser définitivement leur activité ou l'ont effectivement cessée, et aucun système de compensation successeur n'est disponible; (iv) à l'occasion du prochain paiement sur des Titres au Porteur, l'Emetteur serait tenu de payer des montants supplémentaires visés à la Modalité 7 des Modalités des Titres de Droit Anglais et des Titres NRC, et ce paiement ne serait pas exigé si les Titres étaient sous forme définitive; étant cependant entendu que si le Titre Global concerné est émis au titre d'une Tranche de Titres au Porteur décrite comme des Titres Partiellement Libérés dans les Conditions Définitives applicables, ce Titre Global ne pourra être échangé contre des Titres Définitifs et (s'il y a lieu) des Coupons, Reçus et/ou Talons comme décrits ci-dessus qu'à condition que le dernier paiement exigé pour la libération intégrale de tous ces Titres Partiellement Libérés alors en circulation ait été payé; ou (v) dans le cas de Titres Nominatifs, l'Emetteur est ou sera exposé à des conséquences fiscales défavorables qu'il ne subirait pas si ces Titres Nominatifs étaient représentés par un Titre Définitif Nominatif. L'Emetteur notifiera sans délai la survenance d'un Cas d'Echange aux Titulaires de Titres, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC. En cas de survenance d'un Cas d'Echange, DTC, Euroclear et/ou Clearstream, Luxembourg (agissant sur instructions de tout titulaire d'un droit sur ce Titre Global Nominatif) pourront adresser une notification à l'Agent Fiscal ou, selon le cas, à l'Agent de Tenue des Registres, demandant l'échange et, en cas de survenance d'un Cas d'Echange décrit au (v) ci-dessus, l'Emetteur pourra également adresser une notification à l'Agent de Tenue des Registres demandant l'échange. Un tel échange devra être effectué au plus tard 10 jours après la date de réception de la première notification de demande d'échange par l'Agent de tenue des Registres.

En ce qui concerne les Titres SIS au Porteur, le Titre SIS Global Permanent ne sera pas échangeable au gré des titulaires de ces Titres SIS au Porteur, mais pourra être échangé contre des Titres SIS Définitifs au Porteur, en totalité mais non en partie, si l'Agent Payeur Suisse Principal estime que (i) l'impression de Titres définitifs, Reçus ou Coupons est nécessaire ou utile, ou (ii) la présentation de Titres définitifs, Reçus ou Coupons est exigée par le droit suisse ou étranger en relation avec l'exercice par voie d'exécution forcée de droits (y compris en cas de faillite, consolidation ou réorganisation de l'Emetteur) (pour des Titres SIS au Porteur, chacune de ces éventualités constituant un **Cas d'Echange de Titres SIS au Porteur**). En cas de délivrance de Titres SIS Définitifs au Porteur, le Titre SIS Global permanent concerné sera immédiatement annulé par l'Agent Payeur Suisse Principal, ou le chef de file du syndicat de placement concerné, selon le cas, et les Titres SIS Définitifs au Porteur seront livrés aux titulaires concernés contre annulation des Titres SIS au Porteur concernés dans les comptes-titres de ces titulaires.

#### LEGENDES U.S.

La légende suivante apparaîtra sur tous les Titres au Porteur et les Titres Matérialisés d'une échéance initiale de plus d'un an, ainsi que sur tous les reçus, coupons d'intérêts et talons liés à ces Titres:

**"TOUTE U.S. PERSON (TELLE QUE DEFINIE DANS LE CODE GENERAL DES IMPOTS DES ETATS-UNIS) QUI DETIENT LA PRESENTE OBLIGATION SERA ASSUJETTEE AUX LIMITATIONS IMPOSEES EN VERTU DE LA LEGISLATION FEDERALE AMERICAINE EN MATIERE D'IMPOSITION DES REVENUS ET DES BENEFICES, Y COMPRIS LES LIMITATIONS PREVUES AUX ARTICLES 165(j) ET 1287(a) DU CODE GENERAL DES IMPOTS DES ETATS-UNIS ."**

Les articles visés ci-dessus disposent que les *U.S. Persons* (tels que définis dans le Code), sous réserve de certaines exceptions, ne pourront pas prétendre à la déductibilité fiscale des pertes sur des Titres au Porteur et

des Titres Matérialisés (et, s'il y a lieu, sur les reçus, coupons d'intérêts ou talons), et ne bénéficieront pas du régime fiscal des plus-values au titre de toute plus-value réalisée sur la vente, la mutation, le remboursement ou le paiement du principal de ces Titres, reçus, coupons d'intérêts ou talons.

Les Titres Nominatifs sont également assujettis aux restrictions de transfert définies dans les présentes et porteront une légende rappelant ces restrictions, comme indiqué à la Section "*Restrictions de Souscription, de Vente et de Transfert*".

#### **SYSTEMES DE COMPENSATION**

Toute référence faite dans le présent document à "Euroclear" et/ou "Clearstream, Luxembourg" sera réputée inclure, si le contexte le permet, une référence à tout système de compensation additionnel ou alternatif spécifié dans les Conditions Définitives applicables (y compris, sans caractère limitatif, Euroclear France et les Intermédiaires financiers habilités autorisés à y maintenir des comptes, en relation avec les Titres SIS, SIS ou tout autre établissement de compensation accepté par la SIX Swiss Exchange SA, et, en relation avec des Titres NRC (autres que des Titres SIS NRC), le dépositaire de titres et organisme de compensation concernés et, en relation avec des Titres Nominatifs représentés par un Titre Global *Rule 144A* ou des Titres Nominatifs représentés par un Titre Global *Regulation S*, DTC et, en relation avec les Titres EUI, EUI ou CREST, approuvé par l'Emetteur, le Garant, l'Agent Fiscal, l'Agent de Tenue des Registres (dans le cas des Titres Nominatifs uniquement), et, dans le cas de Titres cotés sur la Bourse de Luxembourg, la Bourse de Luxembourg.

## MODELE DE CONDITIONS DEFINITIVES

Les Conditions Définitives, selon le modèle ci-dessous, seront complétées pour chaque Tranche de Titres émise en vertu du Programme où :

**"\*"*s'applique si la valeur nominale minimum est inférieure à 100.000 €***

**"\*\*"*s'applique si la valeur nominale minimum est supérieure ou égale à 100.000 €***

[Nota Bene (NB): Les Titres émis après la transposition de la Directive de 2010 Modifiant la DP dans un Etat Membre devront avoir une valeur nominale minimum de 100.000 € (ou son équivalent) afin de bénéficier de l'exemption prévue à l'article 3.2(d) de la Directive Prospectus dans cet Etat Membre.]

## CONDITIONS DEFINITIVES APPLICABLES

Les investisseurs doivent avoir une connaissance et une expérience suffisantes des questions financières et commerciales pour faire un examen approfondi des Titres et des risques et avantages associés à l'investissement dans une émission particulière de ces Titres, et ils doivent avoir accès à et connaître les outils analytiques permettant d'évaluer, à la lumière de leur situation financière individuelle, un investissement dans ces Titres. Certaines émissions de Titres ne constituent pas un investissement approprié pour des investisseurs qui ne sont pas avertis et ne possèdent pas les connaissances nécessaires dans le domaine des indexations de taux d'intérêt, devises ou autres indexations ou formules, ou en ce qui concerne les conditions de remboursement ou les autres droits ou options. Les investisseurs doivent également disposer de ressources financières suffisantes pour supporter les risques d'un investissement dans des Titres. Pour une description plus détaillée des risques liés à tout investissement dans les Titres, les investisseurs sont invités à lire la section du Prospectus de Base intitulée "*Facteurs de Risque*".

Les acquéreurs de Titres seront réputés avoir déclaré et attesté (i) qu'ils disposent des connaissances et de la technicité nécessaires pour évaluer et comprendre de manière indépendante les termes financiers et juridiques des modalités des Titres, et assumer les conséquences économiques et les risques y afférents ; (ii) dans la mesure où cela serait nécessaire, qu'ils ont consulté leurs propres conseils financiers, légaux ou autre de façon indépendante et ont pris leurs décisions d'investissement, de couverture et de négociation relatives aux Titres sur la base de leur propre jugement et des avis de leurs conseils et ne pas s'en être remis à un avis quelconque émis par l'Emetteur, le Garant (le cas échéant), l'Arrangeur ou l'Agent Placeur ; (iii) qu'ils ne s'en sont pas remis aux déclarations (orales ou écrites) de toute autre partie et ne sont pas dans un rapport de conseil avec l'Emetteur, le Garant (le cas échéant), l'Arrangeur ou l'Agent Placeur ; (iv) qu'ils n'ont pas reçu de l'Emetteur, le Garant (le cas échéant), l'Arrangeur ou l'Agent Placeur (directement ou indirectement par personne(s) interposée(s)) une quelconque recommandation, indication ou assurance quant à la réussite, rentabilité, performance, aux résultats ou aux bénéfices projetés ou envisagés des Titres, et reconnaissent que l'Emetteur, le Garant (le cas échéant), l'Arrangeur et l'Agent Placeur ne supportent aucune responsabilité à ce titre ; (v) qu'ils ne s'en sont pas remis aux déclarations (orales ou écrites), ni avoir reçu un quelconque conseil, de l'Emetteur, le Garant (le cas échéant), l'Arrangeur ou de l'Agent Placeur quant à la qualification possible, en vertu des lois et règlements d'une quelconque juridiction, des Titres décrits dans ces Conditions Définitives et qu'ils comprennent que rien dans leur contenu ne peut être interprété comme une telle déclaration ou conseil en vertu des lois et règlements d'une quelconque juridiction.

Les Titres et la Garantie n'ont été ni approuvés ni désapprouvés par l'*U.S. Securities and Exchange Commission* (la **SEC**), toute commission des opérations relatives à des instruments financiers d'un Etat des Etats-Unis ou toute autre autorité réglementaire américaine, et aucune des Autorités précitées n'a approuvé ni cautionné l'offre des Titres, ni l'exactitude ou le caractère adéquat du présent Prospectus de Base. Toute déclaration contraire constitue une infraction pénale aux Etats-Unis.

### PARTIE A – CONDITIONS CONTRACTUELLES

[Les présents Titres constituent des obligations au sens de l'Article L.213-5 du Code monétaire et financier.]<sup>1</sup>

[La formulation suivante s'applique si les Titres sont des Titres avec Restriction Permanente :

Les Titres décrits aux présentes qui sont des Titres avec Restriction Permanente ne peuvent à aucun moment être la propriété légale ou effective d'une *U.S. person* (au sens défini dans la Regulation S) et, par voie de conséquence, sont offerts et vendus hors des Etats-Unis à des personnes qui ne sont pas des ressortissants des Etats-Unis, sur le fondement de la *Regulation S*.

En achetant un Titre, chaque acquéreur sera réputé s'être obligé ou, selon le cas, sera tenu de s'obliger à ne pas revendre ni transférer autrement tout Titre détenu par lui, excepté hors des Etats-Unis dans le cadre d'une transaction offshore à une personne qui n'est pas une *U.S. person*.]

[La formulation suivante s'applique si les Titres ne sont pas des Titres avec Restriction Permanente :

Les Titres n'ont pas fait l'objet, et ne feront pas l'objet, d'un enregistrement en vertu du *U.S. Securities Act of 1933*, tel que modifié (le *U.S. Securities Act*), ou auprès de tout régulateur d'un Etat ou d'une autre juridiction des Etats-Unis et ne peuvent à aucun moment être offerts ou vendus aux Etats-Unis, ou pour le compte ou au profit de *U.S. persons* (tel que défini dans la *Regulation S* prise pour l'application du *U.S. Securities Act*), excepté s'agissant de certaines transactions dispensées des exigences d'enregistrement du *U.S. Securities Act*. Pour une description de certaines restrictions d'offres ou de ventes des Titres, voir "*Restrictions de Souscription, de Vente et de Transfert*" du Prospectus de Base.]

Les termes utilisés dans les présentes Conditions Définitives ont la signification qui leur est donnée dans la section intitulée ["*Modalités des Titres de Droit Anglais et des Titres NRC*" / "*Modalités des Titres de Droit Français*"] du Prospectus de Base en date du 26 juin 2012, [qui constitue un prospectus de base au sens de la Directive 2003/71/CE (la "*Directive Prospectus*") telle que modifiée (ce qui inclut les modifications apportées par la Directive 2010/73/UE (la "*Directive de 2010 Modifiant la DP*") dans la mesure où ces modifications ont été transposées dans un Etat Membre)]<sup>2</sup>. Le présent document constitue les Conditions Définitives des Titres qui y sont décrits [au sens de l'article 5.4 de la Directive Prospectus et l'article 8.4 de la Loi Luxembourgeoise] et doit être lu conjointement avec le Prospectus de Base [et tout(s) supplément(s) à ce Prospectus de Base en date du [●] et du [●] publié(s) avant la Date d'Emission (telle que définie ci-dessous) ("*Supplément(s)*")]; étant toutefois précisé que dans la mesure où ce Supplément (i) est publié après que les présentes Conditions Définitives aient été signées ou émises et (ii) stipule un changement de certaines Modalités des ["*Modalités des Titres de Droit Anglais et des Titres NRC*" / "*Modalités des Titres de Droit Français*"], ce ou ces changements n'auront aucun effet sur les Modalités des Titres auxquels les présentes Conditions Définitives se rapportent. L'intégralité des informations relatives à l'Emetteur, au Garant, le cas échéant, et à l'offre des Titres sont celles figurant dans les présentes Conditions Définitives lues conjointement avec le Prospectus de Base et tout(s) Supplément(s) éventuel(s). Avant d'acquérir un droit sur les Titres décrits aux présentes, les investisseurs potentiels doivent lire et comprendre les informations fournies dans le Prospectus de Base et avoir conscience des restrictions applicables à l'offre et à la vente de ces Titres aux Etats-Unis, ou à, ou pour le compte ou bénéfice de U.S.

<sup>1</sup> Uniquement si les Titres ont une Valeur Nominale unique d'au moins 0,01 euro, que la Souche concernée comprend au moins cinq Titres, [que les dispositions relatives aux Assemblées Générales des Titulaires de Titres s'appliquent conformément à la Modalité 16 des Modalités des Titres de Droit Anglais et des Titres NRC / que les titulaires des Titres concernés sont groupés en une masse conformément à la Modalité 13 des Modalités des Titres de Droit Français] et tous les Titres confèrent les mêmes droits à l'égard de l'Emetteur concerné et, le cas échéant, du Garant, à tout moment.

<sup>2</sup> Supprimer en cas d'émission de Titres à Placement Privé ou de Titres devant être émis en vertu d'un prospectus unitaire

Persons. [Le Montant de Calcul applicable (qui est utilisé pour le calcul des montants d'intérêts et de remboursement) sera (i) S'il n'existe qu'une seule Valeur Nominale, la Valeur Nominale des Titres Concernés ou (ii) s'il existe plusieurs Valeurs Nominales, ou si les circonstances énoncées au paragraphe 6 s'appliquent (e.g. Valeurs Nominales de 100.000 € et les multiples entiers de 1.000€) le facteur commun le plus élevé. NB : Il doit y avoir un facteur commun dans le cas de deux ou plusieurs Valeurs Nominales. Si "Montant de Calcul" doit être utilisé dans les Conditions Définitives, les références correspondantes au Montant de Calcul pour les besoins du calcul des intérêts, des options d'achat et de vente et de calcul du montant de remboursement doivent être incluses dans le Prospectus de Base. NB : Le Montant de Calcul inférieur à 1.000 unités de la devise concernée peut provoquer des difficultés pratiques pour les agents payeurs et/ou les ICSDs qui devront être consultés si ce montant est proposé.]

[Applicable uniquement aux Titres Définitifs au Porteur ou aux Titres Définitifs Nominatifs. n.b. il conviendra d'utiliser le modèle de Conditions Définitives pour les Titres émis dans le cadre du Programme, ayant une valeur nominale de 100.000 EUR au moins (ou la contre-valeur de cette somme dans une autre devise) pour les Titres Nominatifs émis sur le fondement de la Rule 144A]

[N.B Pour les Titres Indexés sur Action de Préférence et les Titres Indexés sur Warrant, le Montant de Calcul doit être égal au Prix d'Emission]

## MODALITES DES TITRES DE DROIT ANGLAIS ET DES TITRES NRC

*Les dispositions suivantes, avec l'Annexe Technique (le cas échéant), constituent les Modalités des Titres régis par le droit anglais, y compris les Titres SIS (tels que définis à la Modalité 1); elles seront incorporées par référence dans chaque Titre Global et chaque Titre Définitif, mais uniquement, dans ce dernier cas, si cela est autorisé par la bourse ou par une autre autorité compétente (le cas échéant) et accepté par l'Emetteur et l'Acquéreur ou les Acquéreurs concernés au moment de l'émission, étant entendu que si cette incorporation par référence n'est pas ainsi autorisée et acceptée, ces Modalités seront reproduites sur ce Titre Définitif ou lui seront annexées. Les Modalités suivantes, avec l'Annexe Technique (le cas échéant), s'appliqueront aux Titres NRC, si le contexte le permet. Les Conditions Définitives applicables à toute Tranche de Titres peuvent spécifier d'autres modalités qui, dans la mesure où elles sont ainsi spécifiées ou contraires aux Modalités suivantes, remplacent ou modifient les Modalités suivantes pour les besoins de ces Titres (y compris, afin d'éviter toute ambiguïté, les Titres NRC). Les Conditions Définitives applicables (ou leurs dispositions pertinentes) seront reproduites sur, ou annexées ou incorporées par référence à chaque Titre Global Provisoire, chaque Titre Global Permanent et chaque Titre Définitif, et seront réputées s'appliquer aux Titres NRC. Il convient de se reporter à la section "Forme des Titres" ci-dessus, pour une description du contenu des Conditions Définitives, qui préciseront parmi ces modalités celles qui s'appliqueront aux Titres concernés.*

Ce Titre est l'un d'une Série (telle que définie ci-dessous) de Titres émis avec le bénéfice du Contrat de Service Financier en date du 26 juin 2012 (défini ci-dessous). Les références faites dans les présentes à l'**Emetteur** visent SG Issuer [et, en cas de substitution de l'Emetteur conformément à la Modalité 13, le **Débiteur Substitué** tel que défini à la Modalité 13. Les références faites dans les présentes aux **Titres** visent les Titres de cette Série et désignent:

- (a) s'agissant de tout(s) Titre(s) représenté(s) par un Titre au Porteur (**Titres au Porteur**, chaque Tranche de Titres au Porteur sera soit un Titre Global Provisoire, soit un Titre Global Permanent, ou en cas de Titres SIS au Porteur (tels que définis ci-dessous)) un Titre SIS Global Permanent, tel que défini ci-dessous ;
- (b) s'agissant de tous Titres (autre que des Titres NRC) sous forme nominative (**Titres Nominatifs**) ;
- (c) s'agissant de tous Titres non Représentés par un certificat et sous forme dématérialisée par inscription en compte (**Titres NRC**). Les Titres NRC incluent les Titres SIS NRC et les Titres EUI (tels que définis ci-dessous ;
- (d) s'agissant de tout(s) Titre(s) représenté(s) par un Titre Global (tel que défini ci-dessous), des unités représentant chacune la valeur nominale (la **Valeur Nominale**) et libellées dans la devise prévue d'émission (la **Devise Prévue**) ;
- (e) tout Titre global au porteur ou au nominatif (**Titre Global au Porteur et Titre Global Nominatif**, respectivement, et chacun un **Titre Global**). Un Titre Global Nominatif sera, le cas échéant, un Titre Global Regulation S ou un Titre Global Nominatif Non-U.S., un Titre Global Rule 144A ou un Titre Global Combiné, tels que définis dans la Modalité 2;
- (f) tout Titre au Porteur émis sous la forme d'un nouveau Titre Global (**Nouveau Titre Global (new global note)** et par abréviation **NGN**) ;
- (g) tout Titre Global Nominatif émis dans le cadre de la nouvelle structure de dépôt (**new safekeeping structure**) et par abréviation **NSS**) ;
- (h) les Titres Globaux Provisaires ou les Titres Globaux Permanents définitifs (**Titres Définitifs au Porteur**) émis en échange d'un Titre Global ;

- (i) les Titres SIS au Porteur définitifs (les **Titres SIS Définitifs au Porteur**) émis en échange d'un Titre SIS Global Permanent; et
- (j) les Titres définitifs nominatifs (**Titres Définitifs Nominatifs**) (qu'ils soient ou non des Titres Définitifs Nominatifs émis en échange d'un Titre Global Nominatif) et, ensemble avec les Titres Définitifs au Porteur et les Titres SIS Définitifs au Porteur, les **Titres Définitifs**,

et toute référence aux Titres désignera, lorsque le contexte le requiert, tous les Titres Globaux représentant lesdits Titres.

Dans les présentes Modalités, les termes suivants auront la définition qui suit :

**Titre Global Permanent** désigne un Titre Global représentant des Titres au Porteur d'une ou plusieurs Tranches soit au moment de leur émission ou en échange d'un Titre Global Provisoire, ou une partie de ce dernier, et qui sera substantiellement dans la forme décrite à l'Annexe 2 (Modèle de Titres Globaux et des Titres Définitifs au Porteur, Reçus, Coupons et Talons), Partie 2 (Modèle des Titres Globaux Permanents au Porteur) du Contrat de Service Financier ;

**Titre Global Provisoire** désigne un Titre Global représentant des Titres au Porteur d'une ou plusieurs Tranches au moment de leur émission et qui sera substantiellement dans la forme décrite à l'Annexe 2 (Modèle de Titres Globaux et des Titres Définitifs au Porteur, Reçus, Coupons et Talons), Partie 1 (Modèle des Titres Globaux Provisaires au Porteur) du Contrat de Service Financier ;

Les Titres, les Reçus (tels que définis ci-dessous) et les Coupons (tels que définis ci-dessous) bénéficient d'un contrat de service financier (le **Contrat de Service Financier**, cette expression désignant ce contrat tel qu'il pourra être modifié et/ou complété et/ou mis à jour de temps à autre), conclu notamment entre l'Emetteur, le Garant (tel que défini ci-dessous), Société Générale Bank & Trust en qualité d'agent fiscal et, si les Conditions Définitives applicables le prévoient, en qualité d'agent de calcul (l'**Agent Fiscal** et l'**Agent de Calcul** respectivement, ces expressions désignant également, dans chaque cas, tout agent successeur ou supplémentaire ou tout autre agent de calcul nommé de temps à autre et désigné comme tel dans les Conditions Définitives applicables), Société Générale Bank & Trust en qualité d'agent de tenue des registres, d'agent de transfert et d'agent d'échange (l'**Agent de Tenue des Registres**, l'**Agent de Transfert** et l'**Agent d'Echange** respectivement, ces expressions désignant également, dans chaque cas, tout agent de tenue des registres successeur ou supplémentaire, ou tout autre agent de transfert ou d'échange nommé de temps à autre), et les autres agents payeurs nommément indiqués dans ce contrat (ces agents payeurs étant dénommés, ensemble avec l'Agent Fiscal et l'Agent de tenue des Registres, les **Agents Payeurs**, cette expression désignant également tous agents payeurs successeurs ou supplémentaires nommés de temps à autre). Les Agents Payeurs, l'Agent de Transfert, l'Agent d'Echange, et sauf mention contraire, l'Agent de Règlement (tel que défini à la Modalité 11) et l'Agent de Calcul sont désignés collectivement: les **Agents**.

En ce qui concerne les Titres NRC, à moins que le contexte n'exige qu'il en soit autrement, et excepté dans le cas où les termes définis dans le Contrat de Service Financier sont incorporés par référence dans les présentes, toute référence faite dans les présentes au Contrat de Service Financier sera interprétée, *mutatis mutandis*, comme une référence au(x) contrat(s) de service financier conclu(s) pour ces Titres NRC (et les références faites dans les présentes à l'Agent Fiscal, à l'Agent Payeur/aux Agents Payeurs ou à l'Agent de Calcul seront interprétées en conséquence).

Toute émission de Titres EUI (tels que définis ci-dessous) bénéficiera d'un contrat de service financier EUI (le **Contrat de Service Financier EUI**, cette expression devant être interprétée comme une référence à ce contrat tel qu'il pourra être modifié, complété et/ou mis à jour de temps à autre) conclu entre les Emetteurs, le Garant, l'Agent et l'agent, qui sera nommé dans les Conditions Définitives relatives aux Titres EUI (l'**Agent EUI**).

Toute émission de Titres SIS (tels que définis ci-dessous) bénéficiera d'un contrat de service financier suisse (le **Contrat de Service Financier Suisse**, cette expression devant être interprétée comme une référence à ce

contrat tel qu'il pourra être modifié, complété et/ou mis à jour de temps à autre) conclu entre l'Emetteur, le Garant, les Agents Payeurs (excepté l'Agent de Tenue des Registres), l'agent payeur principal suisse et les autres agents payeurs suisses (**l'Agent Payeur Principal Suisse** et les **Agents Payeurs Suisses**, respectivement). Le modèle de Contrat de Service Financier Suisse est joint en annexe au Contrat de Service Financier.

Les Titres Définitifs au Porteur portant intérêts comporteront (sauf indication contraire des Conditions Définitives applicables) des coupons d'intérêts (**Coupons**), et, si les Conditions Définitives applicables le prévoient, des talons pour des Coupons supplémentaires (**Talons**) joints lors de l'émission. Toute référence faite dans les présentes à des "Coupons" ou "coupons" sera réputée désigner également, à moins que le contexte n'exige qu'il en soit autrement, les "Talons" ou "talons". Les Titres Définitifs au Porteur remboursables de manière échelonnée seront émis avec des reçus (**Reçus**) pour le paiement des échéances en principal (autre que l'échéance finale) joints lors de l'émission. Les Titres Globaux n'ont pas de Reçus, Coupons ou Talons joints lors de l'émission.

Toute référence faite dans les présentes aux **Titulaires de Titres** ou aux "**titulaires**" désigne plusieurs personnes qui sont actuellement les titulaires des Titres au Porteur et les titulaires nominatifs des Titres Nominatifs à l'exception de, s'agissant des Titres de toute Série, (a) aussi longtemps que les Titres (ou toute partie de ces derniers) sont représentés par un Titre Global, détenu pour le compte d'Euroclear et Clearstream, Luxembourg, chaque personne (autre que Euroclear ou Clearstream, Luxembourg), qui sera inscrite au moment considéré dans les livres de Euroclear et/ou Clearstream, Luxembourg, en tant que détenteur d'un montant nominal particulier de ces Titres (à cet égard, tout certificat ou autre document délivré par Euroclear ou Clearstream, Luxembourg, à propos du montant nominal de Titres inscrits sur le compte d'une personne, fera foi et sera obligatoire à tous égards, sauf erreur manifeste), sera traitée par l'Emetteur, le Garant et tout Agent Payeur comme le détenteur de ce montant nominal de Titres à tous effets, excepté pour le paiement du principal ou des intérêts relatifs au montant nominal de ces Titres, pour les besoins duquel le porteur du Titre Global concerné ou, selon le cas, le titulaire inscrit du Titre Global Nominatif concerné sera traité par l'Emetteur, le Garant, et tout Agent comme le titulaire des Titres conformément aux modalités dudit Titre et (b) aussi longtemps que la *Depository Trust Company (DTC)* ou son établissement mandataire est le propriétaire ou titulaire inscrit d'un Titre Global Nominatif, DTC ou cet établissement mandataire, selon le cas, sera considéré comme le seul propriétaire ou titulaire des Titres représentés par ce Titre Global Nominatif, à tous effets au titre du Contrat de Service Financier et des Titres, excepté dans la mesure où, conformément aux règles et procédures publiées de DTC, tous droits de propriété quelconques peuvent être exercés par ses participants ou des propriétaires effectifs de titres par l'intermédiaire de participants et dans chaque cas les expressions "**Titulaire de Titres**" et "**détenteur de Titres**" ainsi que toutes expressions apparentées seront interprétées en conséquence.

Toute référence faite dans les présentes à des **Titulaires de Reçus** désigne les titulaires des Reçus et toute référence faite dans les présentes à des **Titulaires de Coupons** désigne les titulaires des Coupons et désigne également, à moins que le contexte n'exige qu'il en soit autrement, les titulaires des Talons.

L'Emetteur peut émettre des Titres Non Représentés par un Certificat (les **Titres NRC**). Les titulaires de Titres NRC (autres que les Titres SIS NRC) seront les personnes apparaissant dans les registres concernés conformément à la législation en vigueur et aux règles et réglementations applicables au dépositaire des titres et à l'établissement de compensation concernés, ou édictées par ceux-ci, et le terme "Titulaire de Titres" sera interprété en conséquence. Les Titres NRC seront uniquement transférables conformément à cette législation, ces règles et ces réglementations.

Toutes les références faites dans les présentes Modalités à des "Coupons", "Talons" ou "Reçus" ne s'appliquent pas aux Titres NRC ou aux Titres Nominatifs.

Toute référence faite dans les présentes à "Euroclear" et/ou "Clearstream, Luxembourg" (tel que chacun de ces termes est défini ci-dessous), sera réputée désigner également, si le contexte le permet, tout système de compensation supplémentaire ou de remplacement désigné comme tel dans les Conditions Définitives applicables (y compris, sans caractère limitatif, Euroclear France et les Intermédiaires financiers habilités

autorisés à tenir des comptes en Euroclear France (ensemble **Euroclear France**)); s'agissant des Titres SIS, SIX SIS Ltd, the Swiss securities services corporation (**SIS**) ou tout autre établissement de compensation jugé acceptable par la SIX Swiss Exchange SA (**SIX Swiss Exchange**), et, s'agissant des Titres NRC (autres que des Titres SIS NRC), le dépositaire de titres et l'établissement de compensation concernés et, s'agissant des Titres Nominatifs représentés par un Titre Global *Rule 144A* ou des Titres Nominatifs représentés par un Titre Global *Regulation S*, DTC, tels qu'approuvés par l'Emetteur, le Garant, l'Agent Fiscal, l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs uniquement), Euroclear UK and Ireland (**EUI**) et, dans le cas de Titres cotés sur la Bourse de Luxembourg, la Bourse de Luxembourg.

Les conditions définitives applicables à ce Titre (ou toutes autres dispositions pertinentes de celles-ci) sont précisées dans la Partie A des Conditions Définitives qui sont reproduites sur celui-ci, ou lui sont annexées ou incorporées par référence, ou, dans le cas des Titres NRC, ont été préparées en relation avec le présent Titre et complètent les présentes modalités (les **Modalités**). Si le présent Titre est un Titre NRC, les Conditions Définitives applicables sont réputées être applicables à ce Titre. Les Conditions Définitives applicables (ou toutes autres dispositions pertinentes de celles-ci) complètent les présentes Modalités et peuvent préciser d'autres modalités qui, dans la mesure où elles spécifieraient modifier ou contrediraient les présentes Modalités, remplaceraient ou modifieraient ces Modalités pour les besoins du présent Titre (y compris, afin d'éviter toute ambiguïté, tout Titre NRC). Les références faites dans les présentes aux **Conditions Définitives applicables** désignent la Partie A des Conditions Définitives (ou toutes autres dispositions pertinentes de celles-ci) et, s'il y a lieu, toutes annexes aux Conditions Définitives qui sont reproduites sur, annexées ou incorporées par référence aux présentes ou, s'agissant de Titres NRC, préparées en relation avec le présent Titre et réputées applicables à celui-ci.

Aux fins des présentes, **Tranche** désigne des Titres qui sont identiques à tous égards et **Série** désigne une Tranche de Titres et toute(s) Tranche(s) de Titres ultérieure(s) qui sont (a) stipulées consolidées et formant une seule série avec l'émission d'origine, et (b) identiques à tous égards, excepté en ce qui concerne leur Date d'Emission, leur Date de Début de Période d'Intérêts et/ou leur Prix d'Emission respectifs.

Des copies du Contrat de Service Financier, du Contrat de Service Financier Suisse (s'il y a lieu), le Contrat de Service Financier EUI (s'il y a lieu), de la Garantie, *du deed poll* conclu entre l'Emetteur et le Garant (le **Deed Poll**) et de l'Acte d'Engagement (défini ci-dessous) sont disponibles pour consultation pendant les heures ouvrables normales au siège de l'Emetteur et du Garant, et dans l'établissement désigné de chacun des Agents Payeurs. Des copies des Conditions Définitives applicables sont disponibles sur le site internet [www.bourse.lu](http://www.bourse.lu) et peuvent être obtenues au siège de l'Emetteur et du Garant, et dans l'établissement désigné de chacun des Agents Payeurs, étant précisé que dans le cas où le présent Titre serait un Titre à Placement Privé (tel que défini ci-dessous), les Conditions Définitives applicables ne pourront être obtenues que par un Titulaire de Titres détenant un ou plusieurs de ces Titres, qui devra produire à l'Emetteur et, s'il y a lieu, au Garant ou, selon le cas, à l'Agent Payeur concerné, une preuve jugée satisfaisante de sa détention de ces Titres et de son identité. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons sont réputés avoir été avisés et bénéficier de, toutes les dispositions du Contrat de Service Financier, du Contrat de Service Financier Suisse (s'il y a lieu), le Contrat de Service Financier EUI (s'il y a lieu), de l'Acte de Gestion de Portefeuille (*Portfolio Management Deed*) (s'il y a lieu), de la Garantie (s'il y a lieu), du *Deed Poll* (s'il y a lieu), du *Deed of Covenant* et des Conditions Définitives applicables. Les dispositions des présentes Modalités contiennent des résumés, et s'entendent sous réserve, des dispositions détaillées du Contrat de Service Financier et, s'il y a lieu, du Contrat de Service Financier Suisse et le Contrat de Service Financier EUI. Dans le présent paragraphe, **Titre à Placement Privé** désigne tout Titre qui n'est pas (i) offert au public dans l'EEE au titre de l'article 3.1 de la Directive 2003/71/CE (telle que modifiée par la Directive 2010/73/UE (la **Directive de 2010 Modifiant la DP**)) (la **Directive Prospectus**) (exception faite de ce qui est stipulé à l'article 3.2 de la Directive Prospectus), ou (ii) admis à la négociation dans l'EEE au titre de l'article 3.3 de la Directive Prospectus.

Les termes et expressions définis dans le Contrat de Service Financier ou employés dans les Conditions Définitives applicables auront la même signification lorsqu'ils sont employés dans les présentes Modalités, à moins que le contexte n'exige qu'il en soit autrement ou sauf disposition contraire, étant entendu qu'en cas de

divergence entre le Contrat de Service Financier et les Conditions Définitives applicables, les Conditions Définitives applicables prévaudront.

En ce qui concerne les Titres détenus pour le compte d'Euroclear et/ou Clearstream, Luxembourg, les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons bénéficient de l'acte d'engagement de l'Emetteur (**l'Acte d'Engagement**). L'original de l'Acte d'Engagement est détenu par le dépositaire commun pour Euroclear et Clearstream, Luxembourg.

Dans les présentes Modalités, le **Garant** désigne Société Générale en sa qualité de garant en vertu de la Garantie (telle que définie dans la Modalité 3(b)).

## 1. FORME, VALEUR NOMINALE, REDENOMINATION ET PROPRIETE

Les Titres, exception faite des Titres NRC et des Titres Nominatif, sont émis des Titres au Porteur et, dans le cas de Titres Définitifs au Porteur, numérotés en série, dans la Devise Prévvue et la ou les Valeur(s) Nominale(s) Indiquée(s) précisée(s) dans les Conditions Définitives applicables. Les Titres ayant une Valeur Nominale ne peuvent pas être échangés contre des Titres ayant une autre Valeur Nominale.

Les Titres NRC ne sont pas représentés par un certificat mais prennent la forme d'une inscription en compte. Aucun Titre global ou définitif ne sera émis s'agissant des Titres NRC, et les présentes Conditions Définitives doivent être interprétées en conséquence. Les Titres NRC seront uniquement transférables conformément à la législation en vigueur, et aux règles et aux réglementations applicables au dépositaire central de titres et à l'établissement de compensation concernés et édictées par ceux-ci, étant entendu que les Titres NRC, ou tout intérêt leur étant lié, ne pourront à aucun moment être transférés à un cessionnaire se trouvant aux Etats-Unis ou ayant la qualité de *U.S. Person*. La propriété des Titres NRC (autres que les Titres SIS NRC) sera transférée par voie d'inscription dans le registre que l'Emetteur fera tenir par un dépositaire central de titres et un établissement de compensation pour son compte. Dans tous les cas où un établissement mandataire sera ainsi missionné, il sera traité comme le titulaire des Titres NRC concernés.

Un **Titre SIS** est soit un Titre au Porteur (un **Titre SIS au Porteur**) ou un Titre NRC (un **Titre SIS NRC**) qui est, ou doit être, déposé ou enregistré auprès de, et compensé par, SIS. Les Titres SIS peuvent être libellés en Francs suisses ou dans d'autres devises approuvées par SIS. Les Conditions Définitives applicables indiqueront si les Titres SIS seront des Titres SIS CHF, d'Autres Titres SIS (tels que définis ci-dessous) ou des Titres SIS NRC.

Les Titres SIS au Porteur sont représentés par un Titre Global Permanent sans Coupon, qui sera déposé par l'Agent Payeur Suisse Principal auprès de SIS ou de tout autre intermédiaire en Suisse agréé à cette fin par SIX Swiss Exchange (SIS ou tout intermédiaire agréé, **l'Intermédiaire**) à la date ou avant la date d'émission initiale de la Tranche. Une fois que le Titre SIS Global Permanent représentant les Titres SIS au Porteur a été déposé auprès de l'Intermédiaire et crédité aux comptes d'un ou plusieurs participants de l'Intermédiaire, ces Titres SIS au Porteur constitueront des titres intermédiés (*Bucheffekten*), au sens de la loi fédérale suisse sur les titres intermédiés (*Bucheffektengesetz*) (**Titres Intermédiés**). Les Titres SIS au Porteur libellés en Francs suisses bénéficient d'une dérogation limitée à l'exigence de certification en forme au porteur des Règles TEFRA D, si ces Titres SIS au Porteur remplissent les exigences indiquées ci-dessous. Les Titres SIS au Porteur libellés en Francs Suisses qui satisfont à ces exigences sont ci-après dénommés **Titres SIS CHF**. Les Titres SIS au Porteur libellés en Francs Suisses qui ne satisfont pas à ces exigences et les Titres SIS au Porteur libellés dans une devise approuvée par SIS autre que les Francs Suisses sont ci-après dénommés **Autres Titres SIS**.

Les critères suivants doivent être respectés pour que cette dérogation limitée à l'obligation de certification des Règles TEFRA D s'applique:

- (a) les intérêts et le principal des Titres SIS CHF sont libellés exclusivement en Francs suisses;
- (b) les intérêts et le principal des Titres SIS CHF sont payables exclusivement en Suisse;

- (c) les Titres SIS CHF sont offerts et vendus conformément aux pratiques et à la documentation usuelles en Suisse;
- (d) les Agents Placeurs concernés s'obligent à déployer des efforts raisonnables pour vendre les Titres SIS CHF à l'intérieur de la Suisse;
- (e) les Titres SIS CHF ne sont pas admis à la cote officielle, et ne font pas l'objet d'une demande d'admission à la cote officielle, d'une bourse située hors de Suisse;
- (f) l'émission des Titres SIS CHF est soumise aux directives ou restrictions imposées par les autorités gouvernementales, bancaires ou boursières suisses; et
- (g) plus de 80 pour cent en valeur des Titres SIS CHF inclus dans l'offre dont ils font partie sont offerts et vendus à des personnes qui ne sont pas des Agents Placeurs, par des Agents Placeurs ayant un établissement situé en Suisse.

Les Titres SIS NRC seront enregistrés dans le registre principal (*Hauptregister*) de l'Intermédiaire à la date ou avant la date de leur émission. Une fois que les Titres SIS NRC sont enregistrés dans le registre principal (*Hauptregister*) de l'Intermédiaire, ces Titres SIS NRC constitueront des Titres Intermédiés.

Dans le cas de Titres SIS, aucune impression de Titres définitifs, Reçus ou Coupons n'aura lieu (excepté, dans les conditions stipulées aux présentes, pour les Titres SIS au Porteur uniquement). Aucun titulaire de Titres SIS au Porteur n'aura à aucun moment le droit d'effectuer ou de demander la conversion du Titre SIS Global Permanent représentant ces Titres SIS au Porteur en Titres SIS au Porteur sous forme définitive (**Titres SIS Définitifs au Porteur**) ou en Titres SIS au Porteur non représentés par un certificat, ou le droit d'en effectuer ou d'en demander la délivrance. Si (i) le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle de la SIX Swiss Exchange) ou l'Agent Payeur Suisse Principal (dans le cas de tous Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) estime que l'impression de Titres définitifs, Reçus ou Coupons est nécessaire ou utile, ou (ii) si la présentation de Titres définitifs, Reçus ou Coupons est exigée par le droit suisse ou étranger en relation avec l'exercice par voie d'exécution forcée de droits (y compris en cas de faillite, consolidation ou réorganisation de l'Emetteur) (chacune de ces éventualités, pour les Titres SIS au Porteur, constituant un **Cas d'Echange de Titres SIS au Porteur**), le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle de SIX Swiss Exchange) ou l'Agent Payeur Principal Suisse (dans le cas de Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) aura la charge de l'impression de ces Titres définitifs, Reçus et Coupons aux frais de l'Emetteur et sans frais pour les Titulaires de Titres concernés. L'Emetteur autorise irrévocablement le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle de SIX Swiss Exchange) ou l'Agent Payeur Principal Suisse (dans le cas de Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) à pourvoir à cette impression pour son compte. En cas de délivrance de Titres SIS Définitifs au Porteur, les Titres SIS au Porteur concernés seront immédiatement annulés par l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement, selon le cas, et les Titres SIS Définitifs au Porteur seront délivrés aux titulaires concernés contre annulation des Titre Global Permanent concernés dans les comptes-titres de ces titulaires.

Le présent Titre est un Titre à Taux Fixe, un Titre à Taux Flottant, un Titre Zéro Coupon, un Titre Indexé, un Titre à Taux Fixe/Flottant, un Titre à Règlement Physique, un Titre Libellé en Deux Devises ou un Titre Partiellement Libéré ou une combinaison de plusieurs des titres précités, en fonction de ce qui est indiqué dans les Conditions Définitives applicables sous les rubriques "Intérêts/Paiement/Base de Remboursement", ou tout autre type de Titre indiqué dans les Conditions Définitives applicables. Toute référence faite dans les présentes à des **Titres à Règlement Physique** désigne toute Série de Titres spécifiée comme telle dans les Conditions Définitives applicables, étant précisé que ces Titres sont liés à un ou plusieurs Actifs Sous-Jacents décrits dans les Conditions Définitives applicables.

Les Titres Définitifs au Porteur sont émis avec des Coupons attachés, à moins qu'il ne s'agisse de Titres Zéro Coupon, auquel cas les références à des Coupons et Titulaires de Coupons faites dans les présentes Modalités ne seront pas applicables.

Sous réserve de ce qui est stipulé ci-dessous, la propriété de Titres au Porteur, Reçus et Coupons sera transférée par tradition. Sous réserve de ce qui est stipulé ci-dessous, l'Emetteur, le Garant et tout Agent Payeur considérera et traitera (sauf si la loi en dispose autrement) le porteur de tout Titre au Porteur, Reçu ou Coupon comme l'unique propriétaire de celui-ci (que celui-ci soit ou non arriéré et nonobstant toute notice de propriété ou autre légende apposée sur celui-ci, ou toute notice de perte ou vol antérieur de celui-ci) à tous effets et pour tous besoins, mais, dans le cas d'un Titre Global, sans préjudice des dispositions figurant dans le paragraphe immédiatement suivant.

Aussi longtemps que l'un des Titres au Porteur (autre que des Titres SIS) ou des Titres Nominatifs sera représenté par un Titre Global détenu pour le compte de, ou, dans le cas de Titres Nominatifs, par un Dépositaire Commun ou, dans le cas de Titres Tires Globaux Nouveaux ou de Titres Globaux Nominatifs détenus dans le cadre du NSS, par un Conservateur Commun, pour le compte de, Euroclear Bank S.A./N.V. (**Euroclear**) et/ou Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), chaque personne (autre que Euroclear ou Clearstream, Luxembourg), qui sera inscrite au moment considéré dans les livres de Euroclear et/ou Clearstream, Luxembourg, en tant que détenteur d'un montant nominal particulier de ces Titres (à cet égard, tout certificat ou autre document délivré par Euroclear ou Clearstream, Luxembourg, à propos du montant nominal de Titres inscrits sur le compte d'une personne, fera foi et sera obligatoire à tous égards, sauf erreur manifeste), sera traitée par l'Emetteur, le Garant et tout Agent Payeur comme le détenteur de ce montant nominal de Titres à tous effets, excepté pour le paiement du principal ou des intérêts relatifs au montant nominal de ces Titres, pour les besoins duquel le porteur du Titre global concerné ou, selon le cas, le titulaire inscrit du Titre Global Nominatif concerné de ces Titres, conformément à, et sous réserve des modalités du Titre Global concerné (et les expressions "Titulaire de Titres" et "détenteur de Titres" ainsi que toutes expressions apparentées seront interprétées en conséquence). Dans le cas de Titres SIS au Porteur, chaque titulaire de Titres SIS au Porteur détiendra un droit dans une copropriété (*Miteigentumsanteil*) sur le Titre SIS Global Permanent représentant ces Titres SIS au Porteur à due proportion de la quote-part de sa créance sur l'Emetteur, étant précisé qu'aussi longtemps que le Titre global permanent reste déposé auprès de l'Intermédiaire, le droit dans la copropriété sera suspendu et les Titres SIS au Porteur ne pourront être transférés que par l'inscription des Titres SIS au Porteur transférés sur un compte-titres de l'acquéreur. Les Titres SIS NRC ne pourront également être transférés que par l'inscription des Titres SIS NRC transférés sur un compte-titres de l'acquéreur. Les registres de l'Intermédiaire détermineront le nombre de Titres SIS au Porteur détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS détenus sous la forme de Titres Intermédiés, les titulaires de ces Titres SIS au Porteur seront les personnes détenant ces Titres SIS dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS pour leur propre compte dans un compte-titres (*Effektenkonto*) à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les expressions y afférentes devront être interprétés en conséquence).

Aussi longtemps que la *Depository Trust Company* (**DTC**) ou son établissement mandataire est le propriétaire ou titulaire inscrit d'un Titre Global *Rule 144A* ou d'un Titre Global *Regulation S*, DTC ou cet établissement mandataire, selon le cas, sera considéré comme le seul propriétaire ou titulaire des Titres représentés par ce Titre Global *Rule 144A* ou ce Titre Global *Regulation S* à tous effets au titre du Contrat de Service Financier et des Titres, excepté dans la mesure où, conformément aux règles et procédures publiées de DTC, des droits de propriété quelconques peuvent être exercés par ses participants ou des propriétaires effectifs de titres par l'intermédiaire de participants (et les expressions "Titulaire de Titres" et "détenteur de Titres" ainsi que toutes expressions apparentées seront interprétées en conséquence).

Les Titres qui sont représentés par un Titre Global détenu pour le compte d'Euroclear, Clearstream, Luxembourg ou DTC seront uniquement transférables conformément aux règles et procédures d'Euroclear, Clearstream, Luxembourg ou DTC (selon le cas) en vigueur au moment considéré. Les références à DTC, Euroclear et/ou Clearstream, Luxembourg, et/ou à SIX SIS Ltd. sont réputées inclure, si le contexte le permet, une référence à tout système de compensation supplémentaire ou de remplacement spécifié dans les Conditions Définitives applicables.

Les Titres EUI pourront aussi être détenus en forme nominative non représentée par un certificat (ces titres sont des **Titres EUI**) conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférent applicable à un moment donné (les **Réglementations**). Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. La propriété des Titres EUI est enregistrée sur le registre Opérateur des titres. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicables de temps à autre. Sous réserve de cette exigence, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera traité par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées devront être interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise par lui ou pour son compte sur la base de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI. En tant que de besoin, il est précisé qu'en cas de différence dans l'information contenue dans le Registre et le registre des Titres EUI en forme nominative tenue au siège social de l'Emetteur, le registre tenu au siège social de l'Emetteur prévaudra au regard du droit luxembourgeois.

Aucune disposition des présentes Modalités ne pourra s'appliquer ni n'aura d'effet dès lors que celle-ci présentera une quelconque incohérence avec (i) le fait de détenir des Titres EUI, (ii) le transfert des Titres EUI par le biais d'un système déterminé ou (iii) les Réglementations. Sans préjudice de ce qui précède, et nonobstant toute disposition des présentes Modalités ou des Conditions Définitives applicables, aussi longtemps que les Titres EUI seront des titres de participation, (a) tous Titres EUI qui ne sont pas au moment considéré parfaitement identiques à, ou n'ont pas au moment considéré des droits y afférents complètement identiques à ceux attachés à d'autres Titres EUI de la même Série, seront réputés constituer une Série distincte de Titres EUI, (b) le registre Opérateur des titres relatifs aux Titres EUI sera maintenu à tout moment au Royaume-Uni, (c) les Titres EUI pourront être émis dans une forme non représentée par un certificat conformément aux Réglementations et sous réserve de leurs dispositions; et (d) en tant que de besoin, il est précisé que les présentes Modalités et les Conditions Définitives applicables concernant des Titres EUI resteront applicables et ce nonobstant le fait qu'elles ne soient pas inscrites sur un certificat quelconque pour ces Titres EUI.

Tels qu'utilisés ici, chacun des termes "registre Opérateur des titres", "titres de participation", "enregistrement de titres non représentés par un certificat" et "système déterminé" ont la signification qui leur est donnée dans les Réglementations et l'"Opérateur" Concerné (tel que ce terme est utilisé dans les Réglementations) est EUI (anciennement CRESTCo. Limited) ou tout opérateur additionnel ou alternatif tel qu'approuvé de temps à autre par l'Emetteur, le Garant, et l'Agent EUI en relation avec les Titres EUI et conformément aux Réglementations. Toute référence à l'Opérateur devra, quand le contexte le permet, être réputée inclure une référence à tout Opérateur additionnel ou alternatif de temps à autre et notifié aux Titulaires de Titres EUI.

Toute indication ici que l'Opérateur "devra" faire, ou toute expression similaire ou phrase indiquant qu'ils sont obligés à ou exécuteront toute mission ou obligation décrite dans ces Modalités et/ou les Conditions Définitives applicables, le cas échéant, est donnée sans que l'Emetteur, le Garant, l'Agent EUI ou l'Agent de Calcul n'assume une quelconque responsabilité pour cette action de l'Opérateur.

Les références dans ces Modalités à "Titres EUI", devront inclure, si le contexte le permet, les *Depository Interests* (tel que défini dans l'Acte d'Engagement CREST) représentant les Titres, émis par *CREST Depository Limited* sous réserve de, et en conformité avec, l'Acte d'Engagement Global.

Les références à l'Acte d'Engagement Global CREST renvoient à l'acte d'engagement global (*Global Deed Poll*) en date du 25 juin 2001, tel que postérieurement modifié, complété et/ou réécrit.

L'Emetteur pourra (si les Conditions Définitives applicables le prévoient), lors de toute Date de Paiement des Intérêts indiquée dans les Conditions Définitives applicables, sans devoir obtenir le consentement des Titulaires

de Titres, en le notifiant au moins 30 jours à l'avance conformément à la Modalité14, et à partir de ou après la date à laquelle l'Etat Membre de l'UE dans la monnaie nationale duquel les Titres sont libellés sera devenu un Etat Membre participant à la troisième étape de l'Union Economique et Monétaire Européenne (conformément au Traité sur le Fonctionnement de l'Union Européenne (l'**UE**), telle que modifié de temps à autre (le **Traité**)), ou à partir de la date de survenance d'événements produisant substantiellement les mêmes effets (dans l'un et l'autre cas: **UEM**), choisir de relibeller tous, et non pas une partie seulement, des Titres d'une Souche quelconque en euros, et ajuster en conséquence le montant en principal total et la ou les Valeur(s) Nominale(s) indiquées dans les Conditions Définitives applicables, dans les conditions décrites ci-dessous. La date à laquelle cette redénomination prendra effet sera dénommée **Date de Redénomination** dans les présentes Modalités.

La redénomination des Titres conformément au paragraphe ci-dessus sera effectuée en convertissant le montant principal de chaque Titre libellé dans la monnaie nationale concernée en Euro, en appliquant le taux de conversion fixe entre cette monnaie nationale et l'euro tel qu'établi par le Conseil de l'Union Européenne conformément à l'article 140 du Traité et en arrondissant le chiffre en résultant au centième d'euro le plus proche (0,005 euro étant arrondi au centième d'euro supérieur), et si l'Emetteur estime, avec l'accord de l'Agent Fiscal, que la pratique de marché relative à la redénomination en euro de titres financiers offerts internationalement diffère des dispositions ci-dessus, ces dispositions seront réputées avoir été modifiées pour être conformes avec cette pratique de marché et l'Emetteur notifiera immédiatement aux Titulaires de Titres la bourse (s'il y en a une) sur laquelle les Titres peuvent être cotés et les Agents Payeurs pour les besoins de ces modifications.

Si l'Emetteur en décide ainsi, le chiffre résultant de la conversion du montant principal de chaque Titre après application du taux de conversion fixe entre la monnaie nationale concernée et l'euro sera arrondi à l'euro inférieur le plus proche. Les valeurs nominales des Titres en euro ainsi déterminées devront être notifiées aux Titulaires de Titres conformément à la Modalité14. Tout solde résultant de la redénomination d'une valeur supérieure à 0,01 euro devra être payé au moyen d'une soulte arrondie au centième d'euro le plus proche (0,005 euro étant arrondi au centième d'euro supérieur). Cette soulte sera payable en euros à la Date de Redénomination selon la méthode qui sera notifiée par l'Emetteur aux Titulaires de Titres.

A la suite d'une redénomination de Titres, toute référence faite à la devise nationale concernée devra être interprétée comme une référence à l'euro.

A moins qu'il en soit disposé autrement, l'Emetteur pourra, avec l'accord préalable de l'Agent Fiscal, dans le cadre d'une redénomination effectuée conformément à la présente Modalité ou d'une consolidation effectuée conformément à la Modalité16, sans devoir obtenir le consentement des Titulaires de Titre, apporter tout changement ou ajout qu'il estime raisonnablement nécessaire ou souhaitable aux dispositions des présentes Modalités ou à la Modalité 16 (y compris, notamment, tout changement de toute définition applicable de jour ouvré, convention de jour ouvré, de principal centre financier du pays de la Devise Prévue, de la base de calcul des intérêts et du taux de référence), en tenant compte de la pratique de marché en ce qui concerne les titres de créance émis sur l'eumarché relibellés en euro, dès lors qu'il estimera que ces changements et ajouts ne sont pas préjudiciables aux intérêts des Titulaires de Titres. Tous ces changements ou ajouts auront, sauf erreur manifeste, force obligatoire à l'encontre des Titulaires de Titres, Reçus, Coupons et Talons et seront notifiés dès que possible aux Titulaires de Titres conformément à la Modalité 15.

Ni l'Emetteur ni aucun des Agents Payeurs ne répondra envers un Titulaire de Titre quel qu'il soit ou toute autre personne de toutes commissions, ou de tous coûts, pertes ou dépenses qui résulteraient directement ou indirectement d'une opération de crédit ou de virement en euros, de la conversion d'une devise quelconque ou de l'arrondissement opéré dans ce contexte.

## 2. TRANSFERTS DE TITRES NOMINATIFS

### (a) *Transferts des droits dans les Titres Globaux Nominatifs*

Les transferts des droits dans les Titres Globaux Nominatifs seront effectués par DTC, Euroclear ou Clearstream, Luxembourg, selon le cas, et, à leur tour, par d'autres participants et, s'il y a lieu, des

participants indirects à ces systèmes de compensation agissant pour le compte des cédants et cessionnaires effectifs de ces droits. Sous réserve du respect de toutes les restrictions légales et réglementaires applicables, les droits dans un Titre Global Nominatif seront échangeables contre des Titres Définitifs Nominatifs ou des droits dans un autre Titre Global Nominatif, uniquement dans les Valeurs Nominales Indiquées spécifiées dans les Conditions Définitives applicables, et uniquement en conformité avec les règles et procédures opérationnelles de DTC, Euroclear ou Clearstream, Luxembourg, selon le cas, en vigueur au moment considéré, et conformément aux modalités du Contrat de Service Financier. Les transferts d'un Titre Global Nominatif enregistré au nom d'un établissement mandataire de DTC seront limités à des transferts de ce Titre Global Nominatif, en totalité et non en partie seulement, à un autre établissement mandataire de DTC ou à un successeur de DTC ou à l'établissement mandataire de ce successeur.

(b) *Transferts des Titres Définitifs Nominatifs*

Sous réserve des dispositions des paragraphes (e), (f) et (g) ci-dessous, et dans les termes et sous réserve des conditions stipulées dans le Contrat de Service Financier, un Titre Définitif Nominatif pourra être transféré en totalité ou en partie (dans les Valeurs Nominales Indiquées spécifiées dans les Conditions Définitives applicables). Afin d'effectuer un tel transfert, quel qu'il soit, (i) le ou les titulaires devront (A) restituer le Titre Définitif Nominatif pour enregistrement du transfert du Titre Définitif Nominatif (ou de la partie concernée du Titre Définitif Nominatif) à l'établissement désigné de l'Agent de Tenue des Registres ou de tout Agent de Transfert, avec le formulaire de transfert dûment signé par son ou ses titulaires ou son ou leur mandataire dûment autorisé par écrit, et (B) compléter et déposer telle autre attestation qui pourra être requise par l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné, et (ii) l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné, devra, après avoir procédé à des vérifications soigneuses, être satisfait des documents attestant de la propriété et de l'identité de la personne faisant la demande de transfert. Tout transfert de cette nature sera soumis aux règles raisonnables que l'Emetteur et l'Agent de Tenue des Registres pourront prescrire de temps à autre (les règles initiales étant reproduites en Annexe 11 au Contrat de Service Financier). Sous réserve de ce qui est stipulé ci-dessus, l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné authentifiera et, en cas de Titre Global Nominatif, effectuera et délivrera, ou fera authentifier et délivrer au bénéficiaire du transfert, dans son établissement désigné ou lui enverra (aux risques du récipiendaire du transfert) par courrier non recommandé, à l'adresse demandée par le bénéficiaire du transfert, un nouveau Titre Définitif Nominatif de même valeur nominale totale que le Titre Définitif Nominatif (ou la partie concernée du Titre Définitif Nominatif) transféré, et ce dans les trois jours ouvrés (un jour ouvré étant, à cet effet, un jour où les banques sont ouvertes pour l'exercice de leur activité dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné) suivant la demande (ou dans tel délai plus long qui pourra être exigé pour se conformer aux lois ou réglementations fiscales ou autres applicables). En cas de transfert d'une partie seulement d'un Titre Définitif Nominatif, un nouveau Titre Définitif Nominatif ou un Titre Global Nominatif portant sur le solde du Titre Définitif Nominatif non transféré sera ainsi authentifié et, en cas de Titre Global Nominatif émis dans le cadre du NSS, et délivré ou (aux risques du cédant) envoyé au cédant.

(c) *Enregistrement du transfert en cas de remboursement partiel*

En cas de remboursement partiel de Titres en vertu de la Modalité 6, l'Emetteur ne sera pas tenu d'enregistrer le transfert de tout Titre Nominatif, ou de la partie d'un Titre Nominatif, appelé au remboursement partiel.

(d) *Frais d'enregistrement*

Les Titulaires de Titres ne seront pas tenus de supporter les frais et charges d'un quelconque enregistrement de transfert tel que cela est précisé ci-dessus, exception faite des frais et coûts de livraison autre que par courrier simple non assuré et du paiement, si l'Emetteur l'exige, d'une somme

suffisante pour couvrir tout droit de timbre ou toute autre taxe gouvernementale pouvant être imposée au titre de l'enregistrement.

(e) *Transferts des droits dans les Titres Globaux Regulation S et des Titres Globaux Nominatifs Non-U.S.*

Les transferts par le titulaire d'un Titre Global *Regulation S*, ou des droits dans un Titre Global *Regulation S*, à un cessionnaire situé aux Etats-Unis ou qui est une *U.S. Person*, ne seront effectués qu'à réception par l'Agent de Tenue des Registres d'une attestation écrite du cédant du Titre ou des droits de celui-ci, dans la même forme que celle figurant dans le Contrat de Service Financier, modifiée en tant que de besoin (un **Certificat de Transfert**), dont des copies sont disponibles auprès de l'établissement désigné de l'Agent de Tenue des Registres ou de tout Agent de Transfert, attestant que ce transfert est effectué au profit d'une personne qui est un QP dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, et conformément à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis ou de toute autre juridiction.

Ce bénéficiaire du transfert pourra prendre livraison par le biais d'un Titre Marqué d'une Légende sous forme globale ou définitive.

Les transferts d'un Titre Global Nominatif Non-U.S. ou des droits dans celui-ci ne peuvent à aucun moment être effectués au profit d'un cessionnaire se trouvant aux Etats-Unis, ni à une *U.S. Person* ou pour son compte ou à son profit, et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison effectués directement ou indirectement aux Etats-Unis, ou à un ressortissant des Etats-Unis ou pour son compte ou à son profit, ne seront pas reconnus.

(f) *Transferts des droits dans des Titres Marqués d'une Légende*

Les transferts de Titres Marqués d'une Légende ou des droits dans ceux-ci peuvent être effectués:

- (i) à un cessionnaire qui prend livraison de ce droit sous la forme d'un Titre Global *Regulation S*, à réception par l'Agent de Tenue des Registres d'un Certificat de Transfert dûment complété par le cédant, attestant que ce transfert est effectué conformément à la *Regulation S*, et, que dans le cas d'un Titre Global *Regulation S* enregistré au nom d'un établissement mandataire de DTC, que les droits des Titres transférés seront détenus immédiatement après par l'intermédiaire de Euroclear et/ou Clearstream, Luxembourg; ou
- (ii) à un cessionnaire qui prend livraison de ce droit sous la forme d'un Titre Marqué d'une Légende, si le cessionnaire est un QP, dont le cédant croit raisonnablement qu'il est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A* sans certification; ou
- (iii) à un cessionnaire qui prend livraison de ce droit sous la forme de Titres représentés par un Titre Global Combiné, de la part d'un titulaire de Titres représentés par le Titre Global Combiné:
  - (A) avant l'expiration de la Période de Placement Réglementé, uniquement à réception par l'Agent de Tenue des Registres d'un Certificat de Transfert dûment complété émanant du cédant, attestant que ce transfert est effectué soit (x) à une personne qui est un QP, dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, ou (y) à une personne qui n'est pas un

ressortissant des Etats-Unis, dans le cadre d'une transaction *offshore* conformément à la *Regulation S*; et

- (B) après l'expiration de la Période de Placement Réglementé, soit (x) à une personne qui est un QP, dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, soit (y) à une personne qui n'est pas un ressortissant des Etats-Unis, dans le cadre d'une transaction *offshore* conformément à la *Regulation S*, mais, dans l'un et l'autre cas, sans certification;
- (iv) autrement en vertu de l'*U.S. Securities Act* ou d'une exemption d'application de celle-ci, sous réserve de la réception par l'Emetteur de telle preuve satisfaisante que l'Emetteur pourrait raisonnablement exiger, qui pourra inclure un avis d'un conseil juridique américain, établissant que ce transfert est opéré conformément au *U.S. Securities Act*, au *U.S. Investment Company Act* et à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis,

et, dans chaque cas, conformément à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis ou de toute autre juridiction. Des certifications additionnelles pourront être exigées, tel que cela est stipulé dans les Conditions Définitives applicables.

A l'occasion du transfert, de l'échange ou du remplacement de Titres Marqués d'une Légende, ou sur demande spécifique de suppression de la Légende, l'Agent de Tenue des Registres ne devra livrer que des Titres Marqués d'une Légende, ou refuser de supprimer la Légende, selon le cas, à moins qu'il ne soit fourni à l'Emetteur telle preuve satisfaisante qui pourrait être raisonnablement exigée par l'Emetteur, y compris un avis d'un conseil juridique américain, établissant que ni la Légende ni les restrictions de transfert qu'elle rappelle ne sont requises pour garantir le respect des dispositions de l'*U.S. Investment Company Act* et de l'*U.S. Securities Act*.

(g) *Echanges et transferts de Titres Nominatifs en général*

Les Titulaires de Titres Définitifs Nominatifs peuvent échanger ces Titres à tout moment contre les droits dans un Titre Global Nominatif du même type.

(h) *Registre de l'Emetteur*

Afin d'éviter toute ambiguïté, et nonobstant toute stipulation contraire prévue par les présentes Modalités, en cas de divergence entre les informations contenues dans tout registre tenu en relation avec tout Titre régi par les Modalités et les informations contenues dans le registre des Titres nominatifs tenu au siège social de l'Emetteur (ci-après le **Registre de l'Emetteur**), le Registre de l'Emetteur prévaudra pour les besoins du droit luxembourgeois. En vertu du droit luxembourgeois, la propriété des Titres nominatifs est exclusivement établie par l'inscription concernée dans le Registre de l'Emetteur. Des certificats représentatifs de Titres nominatifs pourront être émis mais ils ne constitueront pas une preuve de propriété.

(i) *Définitions*

Dans la présente Modalité, les expressions suivantes auront la signification ci-après:

**Loi Américaine sur les Sociétés d'Investissement** (*U.S. Investment Company Act*) désigne la Loi Américaine sur les Sociétés d'Investissements de 1940, telle que modifiée;

**Loi Américaine sur les Valeurs Mobilières** (*U.S. Securities Act*) désigne la Loi sur les Valeurs Mobilières de 1933, telle que modifiée;

**Période de Placement Réglementé** (*Distribution Compliance Period*) désigne la période qui prend fin 40 jours après l'achèvement du placement des Titres concernés, tel que déterminé par le chef de file du syndicat de placement concerné;

**QIB** désigne un "acheteur institutionnel qualifié" (*qualified institutional buyer*) au sens de la *Rule 144A*;

**QP** désigne un "acheteur qualifié" (*qualified purchaser*) tel que défini par la Section 2(a)(51) de l'*U.S. Investment Company Act* et des règles prises pour son application;

**Rule 144A** désigne la *Rule 144A* en vertu de l'*U.S. Securities Act*;

**Regulation S** désigne la *Regulation S* en vertu de l'*U.S. Securities Act*;

**Titre Global Combiné** (*Combined Global Note*) désigne un Titre Global Nominatif représentant des Titres éligibles à la vente aux Etats-Unis à des QIBs qui sont également des QPs en vertu de la *Rule 144A*, et à des non-ressortissants des Etats-Unis hors des Etats-Unis sur le fondement de la *Regulation S*. Les Titres Globaux Combinés ne peuvent pas être compensés ni faire l'objet d'un règlement via DTC;

**Titre Global Nominatif Non-U.S.** (*Non-U.S. Registered Global Note*) désigne un Titre Global Nominatif représentant des Titres Nominatifs Non-U.S.;

**Titre Global Rule 144A** (*Rule 144A Global Note*) désigne un Titre Global Nominatif représentant des Titres vendus aux Etats-Unis ou à des QIBs qui sont également des QPs;

**Titre Global Regulation S** (*Regulation S Global Note*) désigne un Titre Global Nominatif représentant des Titres vendus hors des Etats-Unis sur le fondement de la *Regulation S*, autre que des Titres Nominatifs Non-U.S.;

**Titre Marqué d'une Légende** (*Legended Note*) désigne des Titres Nominatifs (qu'ils soient sous forme définitive ou représentés par un Titre Global Nominatif) vendus dans le cadre de transactions privées à des personnes qui sont à la fois des QIBs et des QPs, conformément aux exigences de la *Rule 144A*;

**Titres Nominatifs Non U.S.** (*Non U.S. Registered Notes*) désigne des Titres Nominatifs vendus exclusivement hors des Etats-Unis sur le fondement de la *Regulation S*, et frappés d'une restriction permanente de vente, de transfert ou de livraison aux Etats-Unis ou à une *U.S. Person*; et

**U.S. Person** désigne une *U.S. Person* tel que ce terme est défini dans la *Regulation S*.

(j) *Titres EUI*

Toutes les opérations relatives aux Titres EUI (y compris les transferts de ceux-ci) effectuées sur le marché ouvert ou autrement doivent être accomplies via le compte d'un Opérateur, sous réserve de, et conformément aux règles et procédures de l'Opérateur à cet instant. La propriété sera transmise par enregistrement du transfert sur le registre des titres de l'Opérateur.

### 3. RANG DE CREANCE DES TITRES ET DE LA GARANTIE

#### *Rang de créance des Titres*

Les Titres Non Assortis de Sûretés constitueront des obligations directes, inconditionnelles, non assorties de sûretés, limitées en recours et subordonnées de l'Emetteur et viendront au même rang

entre elles sans préférence et (sous réserve des dispositions contraires de la loi en vigueur au moment considéré) au moins au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

Les Titres Assortis de Sûretés constitueront des obligations directes, inconditionnelles, assorties de sûretés et subordonnées de l'Emetteur et viendront au même rang entre elles sans préférence et (sous réserve des dispositions contraires de la loi en vigueur au moment considéré) au moins au même rang que toutes autres obligations directes, inconditionnelles, assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

#### *Garantie*

Le paiement à bonne date de tous montants dus par l'Emetteur au titre de toute Série de Titres est inconditionnellement et irrévocablement garanti par le Garant, conformément aux dispositions de l'acte de garantie en langue française du 26 juin 2012 (la **Garantie**); étant entendu que (i) la Garantie ne s'applique pas à toute Série de Titres à la date ou après la date de la Garantie, dans la mesure où, à la Date d'Emission de cette Série de Titres, comme indiqué dans les Conditions Définitives applicables (le **Montant Nominal Total**) la somme (A) du Montant Nominal Total de cette Série de Titres et (B) la somme des Montants Nominaux Totaux de chaque Série de Titres en circulation à cette Date d'Emission, convertis dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, serait égale à un montant excédant 5.000.000.000 € (la **Limite de la Garantie**), et (ii) dans le cas de Titres à Règlement Physique au titre desquels l'obligation garantie concernée de l'Emetteur est une obligation de transférer le ou les Actifs Sous-Jacents pour un Montant de Règlement Physique (comme indiqué dans les Conditions Définitives concernées, un **Montant de Règlement Physique**), le Garant sera obligé, à la place de ce transfert, de payer un montant en espèces dans la Devise Prévue concernée égal à la juste valeur de marché (telle que déterminée par l'Agent de Calcul à sa seule discrétion, mais d'une manière commercialement raisonnable, autour de la date prévue pour le transfert de l'Actif ou des Actifs Sous-Jacents est dû au titre du Montant de Règlement Physique) de l'Actif ou des Actifs Sous-Jacents correspondant(s) à ce Montant de Règlement Physique. Pour les besoins de la présente Modalité, toutes les références à "la Garantie" et expressions liées doivent s'entendre comme faisant référence à la Garantie et à la version en langue anglaise de la garantie conclue pour les Séries de Titres pour lesquelles la langue anglaise est la langue faisant foi (la **Garantie Anglaise**), et pour lesquelles le montant nominal des Titres couverts par la Garantie Anglaise n'excédera pas, quand ce montant sera ajouté (i) au montant nominal des Titres couverts dans le cadre de la Garantie et (ii) au Montant Nominal Total des Titres de chaque Série de Titres émis et non encore remboursés ou amortis.

La Garantie constitue une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes ou futures, y compris celles résultant de dépôts, mais à l'exclusion de toutes dettes privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

#### **4. INTERETS**

##### *(a) Intérêts sur les Titres à Taux Fixe*

##### *(1) Titres à Taux Fixe Non Ajusté*

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Non Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts au(x) taux annuel(s) égal(ux) au(x) Taux d'Intérêt. Les intérêts seront payables à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année, jusqu'à la Date d'Echéance (inclusive).

Sauf disposition contraire des Conditions Définitives applicables, si les Titres sont des Titres Définitifs au Porteur, le montant des intérêts payables à chaque Date de Paiement des Intérêts pour la Période d'Intérêts finissant à cette date, s'élèvera au Montant du Coupon Fixe (le **Montant du Coupon Fixe**). Les paiements d'intérêts à toute Date de Paiement des Intérêts s'élèveront, si les Conditions Définitives le prévoient, au Montant Brisé ainsi spécifié (le **Montant Brisé**).

Excepté dans le cas de Titres qui sont des Titres Définitifs au Porteur pour lesquels un Montant de Coupon Fixe ou un Montant Brisé est prévu dans les Conditions Définitives applicables, les intérêts seront calculés pour toute période en appliquant le Taux d'Intérêt indiqué dans les Conditions Définitives concernées (le **Taux d'Intérêt**):

- (i) dans le cas de Titres à Taux Fixe qui sont des Titres NRC ou des Titres représentés par un Titre Global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci); ou
- (ii) dans le cas de Titres à Taux Fixe qui sont des Titres Définitifs au Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité (telle que définie ci-dessous) la plus proche de la Devise Prévue concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément aux Conditions Définitives applicables. Si la Valeur Nominale d'un Titre à Taux Fixe qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le montant des intérêts payables s'agissant de ce Titre à Taux Fixe sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

(2) *Titres à Taux Fixe Ajusté*

- (i) Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année spécifiée dans les Conditions Définitives applicables, étant précisé que (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si toute Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:
  - (A) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche; ou
  - (B) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche, à moins qu'il ne tombe, ce faisant, dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche; ou

- (C) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche,

et l'expression **Date de Paiement des Intérêts** devra être interprétée en conséquence.

- (ii) L'Agent Fiscal calculera le montant des intérêts (le **Montant des Intérêts à Taux Fixe Ajusté**) payable pour les Titres à Taux Fixe Ajusté pour la Période d'Intérêts concernée, en appliquant le Taux d'Intérêt:

- (A) dans le cas de Titres à Taux Fixe Ajusté qui sont des Titres NRC ou des Titres représentés par un Titre Global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci);  
ou
- (B) Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche de la Devise Prévues concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable. Si la Valeur Nominale d'un Titre à Taux Fixe Ajusté qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le montant des intérêts payables sur ce Titre à Taux Fixe Ajusté sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

L'Agent Fiscal fera en sorte que le Montant des Intérêts à Taux Fixe Ajusté pour chaque Période d'Intérêts et la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse sur laquelle les Titres à Taux Fixe Ajusté concernés sont alors admis à la cote officielle, et qu'un avis correspondant soit publié conformément à la Modalité 14, dès que possible après le calcul ou la détermination de ce montant et cette date (étant entendu qu'en cas de notification à toute bourse, cet avis sera donné au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date convenue pour cette détermination ou ce calcul, dès que possible à cette date ou après cette date). Chaque Montant d'Intérêts à Taux Fixe Ajusté et chaque Date de Paiement des Intérêts ainsi notifiés pourront ensuite être modifiés (ou des accords de remplacement appropriés pourront être pris par voie d'ajustement) sans notification préalable, en cas d'extension ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Fixe Ajusté concernés sont admis à la cote officielle au moment considéré, et aux Titulaires de Titres, conformément à la Modalité 14. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

(3) *Définitions*

- (A) Un **Titre à Taux Fixe** désigne un Titre portant intérêt à un taux fixe;
- (B) Un **Titre à Taux Fixe Non Ajusté** désigne un Titre à Taux Fixe dont le montant des intérêts et la Date de Paiement des Intérêts demeurent pour les besoins de cette Modalité 4 (et sans préjudice des dispositions de la Modalité

5(f) ci-dessous), inchangés, et sont calculés conformément à la Modalité 4(a)(1) ci-dessus;

- (C) Un **Titre à Taux Fixe Ajusté** désigne un Titre à Taux Fixe pour lequel le montant des intérêts et la Date de Paiement des Intérêts sont sujets à modification conformément à la Modalité 4(a)(2) ci-dessus.

Les Titres à Taux Fixe peuvent prévoir une méthode de calcul des intérêts qui n'impose aucune Fraction de Décompte des Jours car les intérêts payables à chaque Date de Paiement des Intérêts spécifiée sont déterminés en appliquant le Taux d'Intérêt à la Valeur Nominale, dans les termes détaillés dans les Conditions Définitives applicables et/ou dans l'Annexe à celle-ci.

(b) *Intérêts sur les Titres à Taux Variable*

(i) *Dates de Paiement des Intérêts*

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Flottant, chaque Titre à Coupon Indexé et tout autre Titre dont les intérêts concernés ne sont pas déterminés en vertu d'un Taux d'Intérêt fixe (collectivement dénommés: les **Titres à Taux Variable**) portent intérêt à compter de la Date de Début de Période d'Intérêts spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, et à terme échu soit:

- (A) lors de la Date ou des Dates de Paiement des Intérêts chaque année, telle qu'elle est (sont) indiquée(s) dans les Conditions Définitives applicables; soit
- (B) si les Conditions Définitives applicables ne prévoient aucune Date de Paiement des Intérêts, à chaque date (chacune de ses dates, avec chaque Date de Paiement des Intérêts indiquée dans les Conditions Définitives applicables, une **Date de Paiement des Intérêts**) qui tombera à un nombre de mois, ou d'une autre période spécifiée comme étant la Période d'Intérêts Spécifiée dans les Conditions Définitives applicables, après la Date de Paiement des Intérêts précédente ou, dans le cas de la première Date de Paiement des Intérêts, après la Date de Début de Période d'Intérêts.

Si les Conditions Définitives applicables spécifient une Convention de Jour Ouvré, et (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si une Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:

- (A) dans le cas où des Périodes Indiquées sont spécifiées conformément à la Modalité 4(b)(i)(B) ci-dessus, la **Convention de Taux Flottant**, cette Date de Paiement des Intérêts (a) dans le cas visé au (x) ci-dessus, sera le dernier jour qui est un Jour Ouvré du mois concerné et les dispositions du (ii) ci-dessus s'appliqueront, *mutatis mutandis*, ou (b) dans le cas visé au (y) ci-dessus, cette Date de Paiement des Intérêts sera différée au jour suivant qui sera un Jour Ouvré, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas (i) cette Date de Paiement des Intérêts sera avancée au Jour Ouvré immédiatement précédent, et (ii) chaque Date de Paiement des Intérêts suivante sera le dernier Jour Ouvré du mois où

tombera la Période Indiquée après la Date de Paiement des Intérêts applicable précédente; ou

- (B) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant; ou
- (C) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent; ou
- (D) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent.

Nonobstant les dispositions qui précèdent, si les Conditions Définitives applicables prévoient que la Convention de Jour Ouvré concernée doit être appliquée sur une base **non ajustée**, le Montant des Intérêts payable à toute date ne sera pas affecté par l'application de cette Convention de Jour Ouvré.

Dans la présente Modalité 4, **Jour Ouvré** désigne (sauf disposition contraire des Conditions Définitives applicables) un jour qui est à la fois

un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans tout(s) **Centre(s) d'Affaires Additionnel(s)** spécifié(s) dans les Conditions Définitives applicables; et

soit (x) s'agissant de toute somme payable dans une Devise Prévue autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans le principal centre financier du pays de la Devise Prévue concernée (qui sera Sydney si la Devise Prévue est le dollar australien, qui sera Montréal si la Devise Prévue est le dollar canadien et qui sera Hong Kong si la Devise Prévue est le Renminbi), ou (y) s'agissant de toute somme payable en euro, un jour où le Système TARGET2 fonctionne (un **Jour Ouvré TARGET2**). Dans les présentes Modalités, le **Système TARGET2** désigne le Système Européen de Transfert Automatisé de Règlements Bruts en Temps Réel (TARGET2).

(ii) *Taux d'Intérêt*

Le Taux d'Intérêt payable de temps à autre s'agissant des Titres à Taux Variable sera déterminé de la manière précisée dans les Conditions Définitives applicables, qui pourra être, sans caractère limitatif:

(A) *Détermination ISDA*

Si les Conditions Définitives applicables prévoient que la **Détermination ISDA** est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera le Taux ISDA applicable plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle). Pour les besoins du présent

sous-paragraphe (A) le **Taux ISDA** pour une Période d'Intérêts désigne un taux égal au Taux Flottant qui serait déterminé par l'Agent Fiscal ou une autre personne désignée dans les Conditions Définitives applicables, dans le cadre d'une opération d'échange de taux d'intérêt, si l'Agent Fiscal ou cette autre personne agissaient en tant qu'Agent de Calcul pour cette opération d'échange de taux d'intérêt, selon les termes d'un contrat incorporant les Définitions ISDA (telles que définies ci-dessous), et en vertu de laquelle:

- (1) l'Option de Taux Flottant est celle spécifiée dans les Conditions Définitives applicables;
- (2) l'Echéance Désignée est une période spécifiée dans les Conditions Définitives applicables; et
- (3) la Date de Recalcul concernée est soit (x) si l'Option de Taux Flottant repose sur le taux interbancaire offert à Londres (**LIBOR**) ou sur le taux interbancaire offert dans la Zone-Euro (**EURIBOR**), le premier jour de cette Période d'Intérêts, soit (y) dans tout autre cas, la date spécifiée dans les Conditions Définitives applicables.

Pour les besoins du présent sous-paragraphe, **Taux Flottant**, **Agent de Calcul**, **Option de Taux Flottant**, **Echéance Désignée**, **Date de Recalcul** et **Zone-Euro** ont la signification qui leur est respectivement donnée dans les Définitions ISDA 2006 publiées par l'*International Swaps and Derivatives Association, Inc.* (les **Définitions ISDA 2006**), telles que modifiées et actualisées à la Date d'Emission de la première Tranche des Titres de la Série concernée.

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, et sauf disposition contraire des Conditions Définitives applicables, le Taux d'Intérêt Minimum sera réputé égal à zéro.

(B) Détermination du Taux sur Page Ecran

Si les Conditions Définitives applicables prévoient que la **Détermination du Taux sur Page Ecran** est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera, sous réserve de ce qui est dit ci-dessous, soit:

- (1) la cotation offerte, soit
- (2) la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des cotations offertes,

(exprimées sous la forme d'un taux en pourcentage par an) pour le Taux de Référence qui apparait ou apparaissent, selon le cas, sur la page écran concernée (la **Page Ecran Concernée**) à l'heure spécifiée (l'**Heure Spécifiée**) indiquée dans les Conditions Définitives applicables (qui sera 11 heures du matin, heure de Londres, dans le cas du LIBOR, ou 11 heures du matin, heure de Bruxelles, dans le cas de l'EURIBOR) à la Date de Détermination des Intérêts en question, telle qu'indiquée dans les Conditions Définitives applicables (la **Date de Détermination du Coupon**), plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle), le tout étant déterminé par l'Agent Fiscal. Si cinq de ces cotations offertes ou davantage sont disponibles sur la Page Ecran Concernée, la cotation la plus élevée (ou, en cas de pluralité de cotations les plus élevées, une seule d'entre elles) et la cotation la plus basse (ou, en cas de pluralité de cotations les plus basses,

une seule d'entre elles) seront écartées par l'Agent Fiscal pour déterminer la moyenne arithmétique (arrondie, ainsi qu'il a été dit ci-dessus) de ces cotations offertes.

Si la Page Ecran Concernée n'est pas disponible ou si, dans le cas visé au (1) ci-dessus, aucune cotation offerte n'apparaît ou, dans le cas visé au (2) ci-dessus, moins de trois cotations offertes apparaissent, dans chaque cas à l'Heure Spécifiée, l'Agent Fiscal devra demander au siège à Londres de chacune des Banques de Référence (telles que définies ci-dessous) de lui fournir sa cotation offerte (exprimée sous la forme d'un taux en pourcentage par an) pour le Taux de Référence, approximativement à l'Heure Spécifiée à la Date de Détermination des Intérêts en question. Si deux Banques de Référence ou davantage fournissent ces cotations offertes à l'Agent Fiscal, le Taux d'Intérêt pour la Période d'Intérêts concernée sera la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) de ces cotations offertes, plus ou moins (selon le cas) la Marge (éventuelle), tel que le tout sera déterminé par l'Agent Fiscal.

Si, à une Date de Détermination des Intérêts quelconque, aucune des Banques de Référence ne fournit, ou une seule d'entre elles fournit à l'Agent Fiscal une cotation offerte telle que visée au paragraphe précédent, le Taux d'Intérêt pour la Période d'Intérêts concernée sera le taux annuel dont l'Agent Fiscal déterminera qu'il est égal à la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des taux, communiqués à l'Agent Fiscal (et à sa demande) par les Banques de Référence ou deux quelconque d'entre elles ou davantage, auxquels ces banques se sont vu offrir, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence par des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR), plus ou moins (selon le cas) la Marge (éventuelle), ou, si moins de deux des Banques de Référence fournissent à l'Agent Fiscal ces taux offerts, le taux offert pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, ou la moyenne arithmétique (arrondie, ainsi qu'il est dit ci-dessus) des taux offerts pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, dont une ou plusieurs banques (jugée(s) acceptable(s) à cet effet par l'Emetteur) informeront l'Agent Fiscal, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, qu'elles le proposent à des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR) (ou, selon le cas, les cotations de cette ou ces banques à l'Agent Fiscal) plus ou moins (selon le cas) la Marge (éventuelle); étant entendu que si le Taux d'Intérêt ne peut pas être déterminé conformément aux dispositions précédentes du présent paragraphe, le Taux d'Intérêt sera déterminé à la dernière Date de Détermination des Intérêts précédente (en remplaçant, si la Marge devant être appliquée à la Période d'Intérêts concernée est différente de celle qui s'appliquait à la dernière Période d'Intérêts précédente, la Marge qui s'appliquait à cette dernière Période d'Intérêts précédente par la Marge relative à la Période d'Intérêts concernée).

**Banques de Référence** désigne, dans le cas d'une détermination du LIBOR, le siège à Londres de quatre banques de premier rang sur le marché interbancaire de Londres et, dans le cas d'une détermination de l'EURIBOR, le siège dans la Zone

Euro de quatre banques de premier rang sur le marché interbancaire de la Zone Euro, choisies, dans chaque cas, par l'Agent Fiscal ou spécifiées dans les Conditions Définitives applicables.

Si les Conditions Définitives applicables prévoient de temps à autre pour des Titres à Taux Flottant un autre Taux de Référence que le LIBOR ou l'EURIBOR, selon le cas, le Taux d'Intérêt de ces Titres sera déterminé conformément aux Conditions Définitives applicables.

(C) Autre Détermination

Si les Conditions Définitives applicables prévoient un autre mode de détermination du Taux d'Intérêt que la Détermination ISDA ou Détermination du Taux sur Page Ecran comme le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera déterminé de la manière ainsi spécifiée (y compris par référence à l'Annexe Technique des Modalités, si les Conditions Définitives applicables le spécifient).

(iii) *Taux d'Intérêt Minimum et/ou Maximum et/ou Coefficient Multiplicateur*

Sous réserve des dispositions de la Modalité 4(b)(ii)(A), si les Conditions Définitives applicables prévoient un Taux d'Intérêt Minimum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est inférieur à ce Taux d'Intérêt Minimum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Minimum.

Si les Conditions Définitives applicables prévoient un Taux d'Intérêt Maximum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est supérieur à ce Taux d'Intérêt Maximum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Maximum.

Si les Conditions Définitives applicables prévoient un Coefficient Multiplicateur pour toute Période d'Intérêts, alors, le Taux d'Intérêt applicable pour une Période d'Intérêts quelconque sera multiplié par le Coefficient Multiplicateur, sous réserve, en toute hypothèse, du Taux d'Intérêt Minimum et/ou du Taux d'Intérêt Maximum décrits ci-dessus.

Si les Conditions Définitives applicables spécifient  $n/N$  ou  $n_b/N_b$  comme Coefficient Multiplicateur, les définitions suivantes s'appliqueront, sauf disposition contraire des Conditions Définitives applicables:

**n** désigne le nombre de jours calendaires de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, dans chaque cas tel que déterminé par l'Agent de Calcul.

**N** désigne le nombre total de jours calendaires de la Période d'Intérêts concernée.

**$n_b$**  désigne le nombre de Jours Ouvrés de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, déterminé dans les deux cas par l'Agent de Calcul.

**$N_b$**  désigne le nombre total de Jours Ouvrés de la Période d'Intérêts concernée.

**Taux Plancher** désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

**Taux Benchmark** désigne, au titre de n'importe quel jour calendaire (pour la définition de  $n$ ) ou, au titre de n'importe quel Jour Ouvré (pour la définition de  $n_b$ ) de la Période d'Intérêts concernée, sauf disposition contraire des Conditions Définitives applicables:

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, l'USD-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est le **GBP-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant "GBP-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, le GBP-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "GBP-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EURIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-EURIBOR-Reuters" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters EURIBOR01, l'EURIBOR sera déterminé par l'Agent de Calcul dans

les conditions précitées, conformément à l'Option de Taux Flottant "EUR-EURIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EUR-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-ISDA-EURIBOR Swap Rate 11:00" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX2 à 11h00 du matin (heure de Francfort) sous le titre "EURIBOR BASIS-EUR" et au-dessus de la rubrique "11:00 AM FRANKFURT". Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX2, l'EUR-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "*EUR-Annual Swap Rate-Reference Banks*" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, dans les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-ISDA-Swap Rate" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX1 à 11h00 du matin (heure de New York). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX1, l'USD-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-CMS-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

Pour les besoins des présentes, (i) la valeur du Taux Benchmark lors de tout jour calendaire de la Période d'Intérêts concernée, s'il n'est pas un Jour Taux Benchmark, sera réputée être la valeur attribuée au Taux Benchmark le premier Jour Taux Benchmark précédent, et (ii) la valeur du Taux Benchmark lors de chacun des quatre derniers Jours Ouvrés TARGET2 de toute Période d'Intérêts sera réputée être la valeur attribuée au Taux Benchmark le cinquième Jour Ouvré TARGET2 (ou le Jour Taux Benchmark précédant immédiatement ce cinquième Jour Ouvré TARGET2, si ce cinquième Jour Ouvré TARGET2 n'est pas un Jour Taux Benchmark) précédant la Date de Paiement des Intérêts afférente à cette Période d'Intérêts.

**Jour Taux Benchmark** désigne, si le Taux Benchmark est:

USD-LIBOR ou GBP-LIBOR, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions (notamment pour la réalisation de transactions sur devises et dépôts en USD) à Londres;

EURIBOR ou EUR-CMS, un jour (autre qu'un samedi ou un dimanche) où le Système TARGET 2 fonctionne; et

USD-CMS, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions à New York.

**Taux Plafond** désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

(iv) *Détermination du Taux d'Intérêt et calcul des Montants d'Intérêts s'agissant des Titres à Taux Variable*

L'Agent Fiscal, dans le cas des Titres à Taux Flottant, et l'Agent de Calcul, dans le cas de tous autres Titres à Taux Variable, détermineront le Taux d'Intérêt applicable à la Période d'Intérêts concernée, dès qu'ils le pourront après le moment auquel le Taux d'Intérêt doit être déterminé. Dans le cas de Titres à Taux Variable, à l'exception des Titres à Taux Flottant, l'Agent de Calcul notifiera à l'Agent Fiscal le Taux d'Intérêt pour la Période d'Intérêts concernée, dès qu'il le pourra après l'avoir calculé (mais en aucun cas après le premier Jour Ouvré après ce calcul).

L'Agent Fiscal calculera le montant des intérêts (le **Montant d'Intérêts**) payable s'agissant des Titres à Taux Variable au titre de la Période d'Intérêts concernée, en appliquant le Taux d'Intérêt:

- (A) dans le cas de Titres à Taux Variable qui sont des Titres NRC ou des Titres représentés par un Titre Global, au montant nominal total des Titres de la Série concernée alors en circulation (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré); ou
- (B) dans le cas de Titres à Taux Variable qui sont des Titres Définitifs au Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul;

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours applicable, puis en arrondissant le chiffre obtenu à la sous-unité de la Devise Prévue concernée la plus proche, une moitié de sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable. Si la Valeur Nominale d'un Titre à Taux Variable qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le Montant d'Intérêts payable s'agissant de ce Titre sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans autre arrondi.

Les Titres à Taux Variable peuvent prévoir une méthode de calcul des intérêts qui n'impose aucune Fraction de Décompte des Jours car les intérêts payables à chaque Date de Paiement des Intérêts spécifiée sont déterminés en appliquant le Taux d'Intérêt à la Valeur Nominale, dans les termes détaillés dans les Conditions Définitives applicables et/ou dans l'Annexe à celle-ci.

(v) *Notification du Taux d'Intérêt et du Montant d'Intérêts*

L'Agent Fiscal fera en sorte que le Taux d'Intérêt et le Montant d'Intérêts pour chaque Période d'Intérêts ainsi que la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute sur laquelle les Titres à Taux Variable sont cotés à la date considérée, et qu'un avis en soit publié conformément aux dispositions de la Modalité 14, dès que possible après leur calcul ou détermination (étant précisé qu'en cas de notification à une bourse, cette notification sera donnée au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date fixée pour cette détermination ou ce calcul, dès que cela sera possible à cette date ou après celle-ci). Chaque Montant d'Intérêts et Date de Paiement des Intérêts ainsi notifiés pourront ultérieurement être modifiés (ou faire l'objet de tous autres ajustements appropriés) sans préavis, en cas d'allongement ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Variable sont cotés à la date considérée, ainsi qu'aux Titulaires de Titres, conformément aux dispositions de la Modalité 14. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et les marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

(c) *Titres Zéro Coupon*

Si un Titre Zéro Coupon devient dû et remboursable et n'est pas payé à son échéance, le montant dû et remboursable sera le montant déterminé conformément à la Modalité 6(h) et notifié conformément à la Modalité 4(b)(v), *mutatis mutandis*.

(d) *Titres à Règlement Physique et Titres Libellés en Deux Devises*

Le taux ou le montant des intérêts payables s'agissant des Titres à Règlement Physique ou des Titres Libellés en Deux Devises, sera déterminé de la manière et par la partie spécifiées dans les Conditions Définitives applicables et notifié conformément à la Modalité 4(b)(v), *mutatis mutandis*.

(e) *Titres Partiellement Libérés*

Dans le cas de Titres Partiellement Libérés (autres que des Titres Partiellement Libérés qui sont des Titres Zéro Coupon), les intérêts courront dans les conditions précitées sur le montant nominal libéré de ces Titres et, pour le surplus, dans les conditions spécifiées dans les Conditions Définitives applicables.

(f) *Calcul et Constitution des Intérêts*

Chaque Titre (ou, en cas de remboursement d'une partie seulement d'un Titre, cette partie seulement du Titre) cessera de porter intérêt (s'il y a lieu) à compter de la date de son remboursement, à moins que le paiement du principal (ou, dans le cas d'un Titre à Règlement Physique, le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique) ne soit indûment retenu ou refusé (étant entendu que dans le cas d'un Montant de Règlement Physique quel qu'il soit, le transfert ne sera pas réputé avoir été indûment retenu ou refusé si ce transfert est retardé par des circonstances échappant au contrôle de l'Emetteur ou de l'un quelconque de ses Agents). Dans ce cas, les intérêts continueront d'être calculés et de courir jusqu'à la survenance de la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur ce Titre auront été payés; et

- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables concernant ce Titre aura été reçu par l'Agent Fiscal, et où un avis aura été donné à cet effet aux Titulaires de Titres conformément à la Modalité 14.

(g) *Certaines définitions relatives au calcul des intérêts*

Pour le calcul d'un montant d'intérêts afférent à toute Période d'Intérêts, **Fraction de Décompte des Jours** a la signification suivante (étant entendu que, sauf disposition contraire des Conditions Définitives applicables, la Fraction de Décompte des Jours applicable aux Titres à Taux Flottant libellés en euro sera Exact/360):

- (i) si les termes **Exact/Exact–(ICMA)** sont indiqués dans les Conditions Définitives concernées:
  - (a) dans le cas de Titres pour lesquels le nombre de jours inclus dans la période concernée comprise entre la toute dernière Date de Paiement des Intérêts (ou, s'il n'en existe aucune, la Date de Début de Période d'Intérêts) et la date de paiement concernée (la **Période de Calcul**) est égal ou inférieur à la Période de Détermination au cours de laquelle la Période de Calcul prend fin, le nombre de jours dans cette Période de Calcul divisé par le produit (1) du nombre de jours de cette Période de Détermination et (2) du nombre de Dates de Détermination (telles que spécifiées dans les Conditions Définitives applicables, les **Dates de Détermination** et chacune une **Date de Détermination**) qui surviendraient dans une année calendaire; et
  - (b) dans le cas de Titres pour lesquels la Période de Calcul est d'une durée supérieure à la Période de Détermination au cours de laquelle elle prend fin, la somme:
    - (I) du nombre de jours de cette Période de Calcul se situant dans la Période de Détermination au cours de laquelle elle commence, divisé par le produit (x) du nombre de jours de cette Période de Détermination et (y) du nombre de Dates de Détermination qui surviendraient dans une année calendaire; et
    - (II) du nombre de jours de cette Période de Calcul se situant dans la Période de Détermination suivante, divisé par le produit (x) du nombre de jours de cette Période de Détermination et (y) du nombre de Dates de Détermination qui surviendraient dans une année calendaire,
- (ii) si les termes **30/360** sont indiqués dans les Conditions Définitives applicables et si les Titres sont des Titres à Taux Fixe, le nombre de jours inclus dans la période comprise entre la toute dernière Date de Paiement des Intérêts (incluse) (ou, s'il n'en existe aucune, la Date de Début de Période d'Intérêts) et la date de paiement concernée (ce nombre de jours étant calculé sur la base d'une année de 360 jours comportant 12 mois de 30 jours), divisé par 360;
- (iii) si les termes **Exact/Exact (ISDA)** ou **Exact/Exact** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365 (ou si une quelconque partie de cette Période d'Intérêts se situe au cours d'une année bissextile, la somme (I) du nombre exact de jours dans cette Période d'Intérêts se situant dans une année bissextile divisée par 366 et (II) du

nombre exact de jours dans la Période d'Intérêts ne se situant par dans une année bissextile divisé par 365);

- (iv) si les termes **Exact/365 (Fixe)** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365;
- (v) si les termes **Exact/365 (Sterling)** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365, ou, dans le cas d'une Date de Paiement d'Intérêt se situant dans une année bissextile, divisé par 366;
- (vi) si les termes **Exact/360** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 360;
- (vii) si les termes **30/360, 360/360** ou **Base Obligataire** sont indiqués dans les Conditions Définitives applicables et que les Titres sont des Titres à Taux Variable, le nombre de jours écoulés dans la Période d'Intérêts divisé par 360, calculé selon la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où :

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts;

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que ce nombre ne soit 31 et que D<sub>1</sub> ne soit supérieur à 29, auquel cas D<sub>2</sub> sera égal à 30.

- (viii) si les termes **30E/360** ou **Base Euro Obligataire** sont indiqués dans les Conditions Définitives concernées, le nombre de jours de la Période d'Intérêts divisé par 360, calculé sur la base de la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où :

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts;

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que ce nombre ne soit 31, auquel cas D<sub>2</sub> sera égal à 30.

- (ix) si les termes **30E/360 (ISDA)** sont indiqués dans les Conditions Définitives applicables, le nombre de jours de la Période d'Intérêts divisé par 360, calculé sur la base de la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où:

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts;

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que (i) ce jour soit le dernier jour du mois de février ou (ii) que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que (i) ce jour ne soit le dernier jour du mois de février mais non pas la

Date d'Echéance, ou (ii) ce nombre ne soit 31, auquel cas  $D_2$  sera égal à 30.

**Période de Détermination** désigne chaque période comprise entre une Date de Détermination et la prochaine Date de Détermination (y compris, si la Date de Début de Période d'Intérêts ou la Date de Paiement des Intérêts finale n'est pas une Date de Détermination, la période commençant à la première Date de Détermination précédant cette date et finissant lors de la première Date de Détermination suivant cette date);

**Date de Début de Période d'Intérêts** désigne la date à partir de laquelle un Titre commence à produire des intérêts (comme indiqué dans les Conditions Définitives). Si aucune Date de Début de Période d'Intérêts n'est spécifiée dans les Conditions Définitives applicables, la Date d'Emission sera réputée être la Date de Début de Période d'Intérêts

**Période d'Intérêts** désigne, sauf disposition contraire des Conditions Définitives applicables, la période commençant à la Date de Début de Période d'Intérêts et finissant à la première Date de Paiement des Intérêts, et chaque période suivante commençant à une Date de Paiement des Intérêts et finissant à la Date de Paiement des Intérêts suivante, ou toute autre période spécifiée dans les Conditions Définitives applicables;

**Taux d'Intérêt<sub>(i-1)</sub>** désigne, pour une Période d'Intérêts, le Taux d'Intérêt déterminé par l'Agent de Calcul pour la Période d'Intérêts immédiatement précédente. Afin d'éviter toute ambiguïté, le Taux d'Intérêt<sub>(i-1)</sub> est exprimé sous la forme d'un taux annuel, sauf disposition contraire des Conditions Définitives;

**Date d'Emission** désigne la date spécifiée comme telle dans les Conditions Définitives applicables. A la Date d'Emission, les systèmes de compensation concernés débitent et créditent des comptes conformément aux instructions qu'ils auront reçues;

**sous-unité** désigne, pour toute devise autre que l'euro, le plus faible montant de cette devise qui a cours légal dans le pays de cette devise, et désigne, lorsqu'il s'agit de l'euro, un cent.

(h) *Règles générales d'arrondi*

S'agissant du calcul de tout montant payable concernant les Titres (y compris, sans caractère limitatif, les intérêts), et sauf disposition contraire des présentes Modalités ou des Conditions Définitives applicables, ces montants seront arrondis, si besoin est, à la sous-unité la plus proche (telle que définie ci-dessus) de la Devise Prévue concernée, la moitié de cette sous-unité étant arrondie à la hausse ou autrement, comme spécifié dans les Conditions Définitives applicables.

(i) *Caractère final des déterminations*

Tous les certificats, communications, avis, déterminations, calculs, cotations et décisions respectivement établis, exprimés, effectués ou obtenus pour les besoins des dispositions de la présente Modalité 4, par l'Agent Fiscal ou, selon le cas, l'Agent de Calcul, lieront (en l'absence de manquement intentionnel, faute dolosive, mauvaise foi, erreur manifeste ou erreur établie) l'Emetteur, le Garant, l'Agent Fiscal, l'Agent de Calcul (s'il y a lieu), les autres Agents et tous les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons et (en l'absence de manquement intentionnel, faute dolosive, mauvaise foi, erreur manifeste ou erreur établie) ni l'Agent Fiscal ni l'Agent de Calcul (s'il y a lieu) n'assumeront une responsabilité quelconque envers l'Emetteur, le Garant, les Titulaires de Titres, les Titulaires de Reçus ou les Titulaires de Coupons, en relation avec l'exercice ou le non-exercice par eux de leurs pouvoirs, fonctions et facultés discrétionnaires d'appréciation en vertu de ces dispositions.

## 5. PAIEMENTS

Pour les besoins de la présente Modalité 5, les références au paiement ou au remboursement (selon le cas) du principal et/ou des intérêts et autres expressions similaires seront réputées, si le contexte le permet, viser également la Livraison de l'Actif Sous-Jacent ou des Actifs Sous-Jacents s'agissant de tout Montant(s) de Livraison Physique.

### (a) *Méthode de Paiement*

Sous réserve des dispositions ci-dessous et, dans le cas de Titres à Règlement Physique, de Titres Nominatifs ou de Titres NRC, sous réserve également des Conditions Définitives applicables :

- (i) les paiements dans une Devise Prévue autre que l'euro seront effectués par crédit ou transfert sur un compte dans la Devise Prévue concernée, détenu par le bénéficiaire du paiement auprès d'une banque du principal centre financier du pays de cette Devise Prévue (qui, si la Devise Prévue est le dollar australien, sera à Sydney et, si la Devise Prévue est le dollar canadien, sera à Montréal), ou, à l'option du bénéficiaire du paiement, et excepté dans le cas de Titres Nominatifs, par chèque dans cette Devise Prévue tiré sur une telle banque ;
- (ii) les paiements en euro seront effectués par crédit ou transfert à un compte en euro (ou tout autre compte auquel des euros peuvent être crédités ou transférés) spécifié par le bénéficiaire du paiement ou, à l'option du bénéficiaire du paiement et excepté dans le cas de Titres Nominatifs, par chèque en euro ;
- (iii) les paiements en Renminbi seront uniquement effectués par crédit sur un compte bancaire en Renminbi détenu par une banque à Hong Kong conformément aux lois, règles, règlements et recommandations qui pourront être en vigueur de temps à autre ;
- (iv) dans le cas de tout Titre qui est un Titre à Règlement Physique devant être remboursé par le transfert d'un ou plusieurs Actifs Sous-Jacents, le transfert de l'Actif ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique sera effectué, comme indiqué dans les Conditions Définitives applicables, (a) par la Livraison au Titulaire de Titres ou à son ordre des Actifs Sous-Jacents concernés, ou (b) au Titulaire de Titres ou à son ordre, aux risques du Titulaire de Titres concerné, selon les modalités qui peuvent être spécifiées dans la notification de transfert (la **Notification de Transfert**, dont le modèle est annexé au Contrat de Service Financier), dans chaque cas, sauf disposition contraire des Conditions Définitives applicables et sous réserve du respect des lois boursières applicables ; et
- (v) dans le cas de Titres à Règlement Physique, les Conditions Définitives applicables pourront également contenir des dispositions relatives à la modification du mode de règlement dans le cadre d'une option prévue à cet effet ou lorsque l'Emetteur concerné ou le titulaire d'un Titre à Règlement Physique (selon le cas) n'est pas en mesure de livrer, ou de recevoir (selon le cas) les Actifs Sous-Jacents ou lorsqu'un Cas de Perturbation des Opérations de Règlement (tel que décrit dans les Conditions Définitives applicables) s'est produit, dans chaque cas tel que cela est indiqué dans les Dispositions Définitives applicables.

Les paiements seront soumis dans tous les cas à toutes les lois et réglementations fiscales et autres qui leur sont applicables dans le lieu de paiement, mais sans préjudice des dispositions de la Modalité 7.

Dans les présentes Modalités:

**Livrer** signifie, au titre de tout Actif Sous-Jacent, livrer, remplacer par voie de novation, transférer (y compris, si l'Actif Sous-Jacent est une garantie, transférer le bénéfice de cette garantie), céder ou vendre, selon le cas, de la manière usuelle pour le règlement de l'Actif Sous-Jacent applicable (y compris la signature de tous documents nécessaires et la prise de toutes autres mesures nécessaires), afin de transférer tous les droits, titres et intérêts sur l'Actif Sous-Jacent, libre et exempt de tous privilèges, charges, revendications et charges (et notamment, sans caractère limitatif, toute demande reconventionnelle, toute défense (autre qu'une Demande Reconventionnelle ou Défense) ou droit de compensation du ou dont le débiteur peut se prévaloir au titre de l'Actif Sous-Jacent); étant entendu que si l'Actif Sous-Jacent est une Participation à un Prêt, "Livrer" signifie consentir (ou faire consentir) une participation en faveur du Titulaire de Titres, et, si l'Actif Sous-Jacent est une garantie, "Livrer" signifie Livrer à la fois la garantie et l'obligation sous-jacente à laquelle cette garantie se rapporte. "Livraison" et "Livré" seront interprétés en conséquence. Dans le cas d'un prêt (à savoir toute obligation matérialisée par un contrat de prêt à terme, un contrat de prêt renouvelable ou autre contrat de crédit similaire), la Livraison sera effectuée en utilisant une documentation substantiellement similaire à celle habituellement utilisée sur le marché concerné pour la Livraison de ce prêt au moment considéré.

**Demande Reconventionnelle** ou **Défense** signifie, au titre de tout Actif Sous-Jacent, toute défense fondée sur (a) l'absence ou la prétendue absence d'autorisation ou de capacité du débiteur concerné pour contracter au titre de l'Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, pour contracter cette garantie et/ou l'obligation à laquelle cette garantie se rapporte, (b) toute absence d'effet exécutoire, toute illégalité, toute impossibilité ou toute invalidité, réelle ou alléguée, entachant tout Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, la garantie et/ou l'obligation sous-jacente à laquelle cette garantie se rapporte, quelle que soit sa description, (c) toute loi, tout décret, toute réglementation, tout arrêté ou toute notification applicable, quelle que soit sa description, ou la promulgation de toute loi, tout décret, toute réglementation, tout arrêté ou toute notification, quelle que soit sa description, ou tout revirement, de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou de compétence apparente, ou (d) l'imposition ou la modification de tous contrôles des changes, de toutes restrictions à la circulation des capitaux ou de toutes autres restrictions similaires imposées par toute autorité monétaire ou autre, quelle que soit sa description; et

**Participation à un Prêt** désigne un prêt au titre duquel, en vertu d'un contrat de participation, l'Emetteur concerné est capable de consentir ou faire consentir un droit contractuel en faveur du Titulaire de Titres concerné, qui confère à ce Titulaire de Titres un recours contre le vendeur de la participation pour une part spécifiée de tous paiements dus en vertu du prêt en question, qui sont reçus par ce vendeur de participation, tout contrat de cette nature étant conclu entre le Titulaire de Titres et l'Emetteur (dans la mesure où l'Emetteur est alors un prêteur ou un membre du syndicat de prêteurs concerné).

(b) *Présentation de Titres Définitifs au Porteur, Reçus et Coupons*

Les paiements en principal sur les Titres Définitifs au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée à la Modalité 5(a) ci-dessus, que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de ces Titres Définitifs au Porteur, et les paiements d'intérêts relatifs aux Titres Définitifs au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de Coupons, dans chaque cas dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis (expression qui désigne, telle qu'elle est employée dans les présentes, les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia et leurs possessions)). Les paiements en vertu de la Modalité 5(a) ci-dessus seront effectués, à l'option du porteur de ce Titre ou Coupon, par chèque posté ou remis à une adresse hors des Etats-Unis fournie par ce porteur. Sous réserve de toutes lois et réglementations applicables, les paiements par transfert seront effectués en fonds immédiatement disponibles, sur un compte maintenu par le bénéficiaire du paiement auprès d'une banque située hors des Etats-Unis. Sous réserve des dispositions ci-dessous, aucun paiement

relatif à tout Titre Définitif au Porteur ou à tout Coupon ne sera effectué sur présentation de ce Titre Définitif au Porteur ou de ce Coupon dans tout établissement ou agence de l'Emetteur, du Garant ou de tout Agent Payeur aux Etats-Unis, et aucun de ces paiements ne sera effectué par transfert sur un compte aux Etats-Unis ou par courrier à une adresse située aux Etats-Unis.

Les paiements correspondants à des remboursements échelonnés du principal (le cas échéant) des Titres Définitifs au Porteur, autres que le paiement du remboursement final, ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée à la Modalité 5(a) ci-dessus, que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Reçu correspondant, conformément au paragraphe précédent. Le paiement du remboursement final ne sera effectué de la manière stipulée à la Modalité 5(a) ci-dessus que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre au Porteur concerné, conformément aux dispositions du paragraphe précédent. Chaque Reçu doit être présenté pour paiement du remboursement concerné avec le Titre Définitif au Porteur auquel il appartient. Les Reçus présentés sans le Titre Définitif au Porteur auquel ils appartiennent ne constituent pas des obligations valables de l'Emetteur, ou, selon le cas, du Garant. A la date à laquelle tout Titre Définitif au Porteur deviendra dû et remboursable, les Reçus non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ne sera fait à ce titre.

Les Titres à Taux Fixe qui sont des Titres Définitifs au Porteur (autres que des Titres Libellés en Deux Devises, les Titres Indexés ou les Titres à Règlement Physique) doivent être présentés pour paiement accompagnés de tous Coupons non échus leur étant rattachés (expression qui désigne, à cet effet, les Coupons devant être émis en échange de Talons échus), à défaut de quoi le montant de tout Coupon non échu manquant (ou, si le paiement n'est pas effectué pour son montant intégral, la même proportion du montant de ce Coupon non échu manquant que celle que la somme ainsi payée représente par rapport à la somme due) sera déduit de la somme due pour paiement. Chaque montant en principal ainsi déduit sera payé de la manière mentionnée ci-dessus, contre restitution du Coupon manquant correspondant, à tout moment avant l'expiration d'une période de dix ans suivant la Date de Référence (telle que définie à la Modalité 7) pour ce montant en principal (indépendamment du point de savoir si ce Coupon serait autrement devenu caduc en vertu de la Modalité 8) ou, si cette date tombe plus tard, avant l'expiration d'une période de cinq ans suivant la date à laquelle ce Coupon serait autrement devenu dû, mais en aucun cas après.

Si un Titre à Taux Fixe qui est un Titre Définitif au Porteur devient dû et remboursable avant sa Date d'Echéance, tous les Talons non échus (éventuels) lui étant rattachés deviendront caducs et aucun Coupon supplémentaire ne sera émis s'agissant de ce titre.

A la date à laquelle tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est un Titre Définitif au Porteur deviendra dû et remboursable, les Coupons et Talons non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ni, selon le cas, échange contre des Coupons supplémentaires ne sera effectué à ce titre. Si tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est réglé en espèces est présenté au remboursement sans tous les Coupons non échus lui étant rattachés, le paiement de tous les montants dus s'agissant de ce Titre ne sera effectué que contre fourniture de l'indemnisation que l'Emetteur et le Garant pourront fixer.

Si la date d'exigibilité du remboursement d'un Titre Définitif au Porteur n'est pas une Date de Paiement des Intérêts, les intérêts (éventuels) courus sur ce Titre à compter de la Date de Paiement des Intérêts précédente (incluse) ou, selon le cas, la Date de Début de Période d'Intérêts, ne seront payables que contre restitution du Titre Définitif au Porteur concerné.

(c) *Paiements relatifs aux Titres Globaux au Porteur*

Les paiements en principal et intérêts (éventuels) sur des Titres représentés par un Titre Global au Porteur seront effectués (sous réserve des dispositions ci-dessous) de la manière spécifiée ci-dessus à propos des Titres Définitifs au Porteur ou, autrement, de la manière spécifiée dans le Titre Global au Porteur concerné, contre présentation ou restitution, selon le cas, de ce Titre Global au Porteur dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis. Une mention de ce paiement effectué, distinguant entre tout paiement de principal et tout paiement d'intérêts, sera soit inscrite sur ce Titre Global au Porteur par l'Agent Payeur concerné ou dans les registres d'Euroclear et de Clearstream, Luxembourg (selon le cas).

(d) *Paiements relatifs aux Titres Nominatifs*

Les paiements en principal (autres que les remboursements échelonnés du principal avant le remboursement final) relatif à chaque Titre Nominatif (qu'il soit ou non sous forme globale) seront effectués contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre Nominatif dans l'établissement désigné de l'Agent de Tenue des Registres ou de l'un quelconque des Agents Payeurs. Ces paiements seront effectués par transfert au Compte Désigné (tel que défini ci-dessous) du titulaire (ou de celui des co-titulaires dont le nom apparaît en premier) du Titre Nominatif apparaissant dans le registre des titulaires de Titres Nominatifs, tenu par l'Agent de Tenue des Registres (le **Registre**), (i) lorsqu'il s'agit de Titres Nominatifs sous forme globale, à la fermeture des bureaux le jour ouvré (qui sera un jour pendant lequel le système de compensation concerné, par le biais duquel les Titres sont conservés, est ouvert) précédant la date de paiement concernée et (ii) lorsqu'il s'agit de Titres Nominatifs sous forme définitive à la fermeture des bureaux le troisième jour ouvré (qui est, à cet effet, un jour où les banques sont ouvertes pour la réalisation de transactions dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres) avant la date d'exigibilité concernée. Nonobstant les dispositions de la phrase précédente, si (i) un titulaire n'a pas de Compte Désigné, ou (ii) le montant en principal des Titres détenus par un titulaire est inférieur à 250.000 US\$ (ou sa contre-valeur approximative dans toute autre Devise Prévue), le paiement sera à la place effectué par chèque dans la Devise Prévue, tiré sur une Banque Désignée (telle que définie ci-dessous). A cet effet, **Compte Désigné** signifie le compte maintenu par un titulaire auprès d'une Banque Désignée et identifié comme tel dans le Registre, et **Banque Désignée** signifie (en cas de paiement dans une Devise Prévue autre que l'euro ou Renminbi) une banque dans le principal centre financier du pays de cette Devise Prévue (qui, si la Devise Prévue est le dollar australien, sera à Sydney, si la Devise Prévue est le dollar canadien, sera à Montréal et, si la Devise Prévue est le Renminbi sera Hong Kong), ou (dans le cas d'un paiement en euro) toute banque qui traite des paiements en euro.

Les paiements d'intérêts et les paiements correspondants à des remboursements échelonnés du principal (autres que le paiement du remboursement final) de chaque Titre Nominatif (qu'il soit ou non sous forme globale) seront effectués par chèque dans la Devise Prévue, tiré sur une Banque Désignée et posté par courrier ordinaire le jour ouvré, dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres, précédant immédiatement la date d'exigibilité concernée, au titulaire (ou à celui des co-titulaires dont le nom apparaît en premier) du Titre Nominatif apparaissant dans le Registre, (i) lorsqu'il s'agit de Titres Nominatifs sous forme globale, à la fermeture des bureaux le jour ouvré (qui sera un jour pendant lequel le système de compensation concerné, par le biais duquel les titres sont conservés, est ouvert) précédant la date de paiement concernée et (ii) lorsqu'il s'agit de Titres Nominatifs sous forme définitive à la fermeture des bureaux le 15<sup>ème</sup> jour (que ce 15<sup>ème</sup> jour soit ou non un jour ouvré) précédant la date d'exigibilité concernée (la **Date d'Enregistrement**), à l'adresse de ce titulaire indiquée dans le Registre à la Date d'Enregistrement, et à ses risques. Sur demande du titulaire à l'établissement désigné de l'Agent de Tenue des Registres, pas moins de trois jours ouvrés, dans la ville où l'établissement désigné de l'Agent de tenue des Registres est situé, avant la date d'exigibilité de tout paiement d'intérêts relatif à un Titre Nominatif, le paiement pourra être effectué par transfert à la date d'exigibilité, de la manière indiquée au paragraphe précédent. Toute demande de transfert de cette nature sera réputée se rapporter à tous paiements futurs d'intérêts (autres que les intérêts dus lors du remboursement) et aux remboursements échelonnés du principal (autre que le remboursement final)

relatifs aux Titres Nominatifs, qui deviendront payables au titulaire ayant fait cette demande initiale, jusqu'à ce que l'Agent de Tenue des Registres ait reçu une notification écrite contraire de la part de ce titulaire. Le paiement des intérêts dus relatif à chaque Titre Nominatif lors du remboursement et du remboursement final de principal sera effectué de la même manière que le paiement du montant en principal de ce Titre Nominatif.

Les Titulaires de Titres Nominatifs ne pourront prétendre à aucun paiement d'intérêts ni à aucun autre paiement en cas de retard dans la réception de tout montant dû relatif à un Titre Nominatif, au motif que le chèque posté conformément à la présente Modalité leur parviendrait après la date d'exigibilité du paiement ou serait perdu par la poste. L'Agent de Tenue des Registres ne facturera aucune commission ni aucun frais à ces titulaires pour tous paiements en principal ou intérêts effectués relatif à ces Titres Nominatifs.

S'il y a lieu, en vertu d'une option exercée par le titulaire concerné, tous les montants payables à DTC ou à son établissement mandataire en tant que titulaire enregistré d'un Titre Global Nominatif, relatif à des Titres libellés dans une Devise Prévue autre que le dollar U.S., seront payés par transfert opéré par l'Agent de Tenue des Registres sur un compte tenu dans la Devise Prévue concernée de l'Agent d'Echange, pour le compte de DTC ou de son établissement mandataire, pour la conversion et de paiement en dollar U.S. conformément aux dispositions du Contrat de Service Financier.

Aucun de l'Emetteur, du Garant ou des Agents n'assumera une responsabilité quelconque du fait de tout aspect des écritures enregistrées afférentes aux droits des Titres Globaux Nominatifs, ou des paiements effectués à ce titre, ni du fait du maintien, de la supervision ou du contrôle de toutes écritures se rapportant à ces droits.

(e) *Dispositions générales applicables aux paiements*

Le titulaire d'un Titre Global (autre qu'un Titre SIS) sera la seule personne habilitée à recevoir des paiements sur les Titres représentés par ce Titre Global, et l'Emetteur ou, selon le cas, le Garant, sera déchargé de son obligation de paiement envers le titulaire de ce Titre Global, ou à son ordre, à hauteur de chaque montant ainsi payé. Chacune des personnes inscrites dans les registres d'Euroclear, Clearstream, Luxembourg ou DTC en tant que propriétaire effectif d'un montant nominal particulier de Titres représentés par un Titre Global, doit s'adresser uniquement à Euroclear, Clearstream, Luxembourg ou DTC, selon le cas, pour obtenir sa part de chaque paiement ainsi effectué par l'Emetteur ou, selon le cas, le Garant, au titulaire de ce Titre Global ou à son ordre. Aucune personne autre que le titulaire de ce Titre Global n'aura une créance sur l'Emetteur ou, selon le cas, le Garant, au titre de tous paiements dus sur ce Titre Global.

Nonobstant ce qui précède, les paiements en principal et/ou intérêts relatifs aux Titres au Porteur (éventuels) en dollars U.S. seront effectués auprès de l'établissement désigné d'un Agent Payeur aux Etats-Unis (cette expression, telle qu'utilisée dans les présentes, désigne les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia et leurs possessions)), si:

- (i) l'Emetteur et le Garant ont désigné des Agents Payeurs ayant des établissements désignés hors des Etats-Unis dans la perspective raisonnable qu'ils seraient en mesure d'effectuer le paiement en dollars U.S. dans ces établissements désignés de l'intégralité des montants en principal et intérêts dus sur les Titres au Porteur de la manière décrite ci-dessus, lorsqu'ils sont exigibles;
- (ii) le paiement intégral de ces montants en principal et intérêts auprès de tous ces établissements désignés hors des Etats-Unis est illégal ou effectivement interdit par la réglementation du contrôle des changes ou par d'autres restrictions similaires relatives au paiement ou à la réception de l'intégralité de ces montants en principal et intérêts en dollars U.S.; et

- (iii) ce paiement est toutefois autorisé par la législation américaine, sans qu'il en résulte, de l'avis de l'Emetteur et du Garant, aucune conséquence fiscale défavorable pour l'Emetteur ou le Garant.

(f) *Jour Ouvré de Paiement*

Si la date de paiement d'un montant quelconque, se rapportant à un Titre, un Reçu ou un Coupon quelconque, n'est pas un Jour Ouvré de Paiement, le titulaire de ce Titre, Reçu ou Coupon ne sera pas en droit de recevoir ce paiement (i) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant", ou (ii) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, à moins que la date de paiement ne tombe ce faisant au cours du mois calendaire suivant, auquel cas cette date de paiement sera avancée au Jour Ouvré de Paiement immédiatement précédent sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant Modifié"; étant entendu que dans le cas où les Conditions Définitives applicables ne stipuleraient ni la clause de "Jour Ouvré de Paiement Suivant", ni la clause de "Jour Ouvré de Paiement Suivant Modifié", la clause de "Jour Ouvré de Paiement Suivant" sera réputée s'appliquer. Dans le cas où un ajustement quelconque serait apporté à la date de paiement conformément à la présente Modalité 5(g), le montant dû concerné relatif à tout Titre, Reçu ou Coupon ne sera pas affecté par cet ajustement quel qu'il soit, sauf disposition contraire des Conditions Définitives applicables. A ces effets, sauf disposition contraire des Conditions Définitives applicables et excepté tel que prévu par la Modalité 5(d), **Jour Ouvré de Paiement** désigne tout jour qui:

- (i) sous réserve des dispositions du Contrat de Service Financier, est un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations sur devises et dépôts en devises) dans:
  - (A) dans le cas de Titres sous forme définitive uniquement, la place de présentation concernée ou, en ce qui concerne les Titres NRC, dans le lieu d'enregistrement; et
  - (B) chaque Centre d'Affaires Additionnel spécifié dans les Conditions Définitives applicables;
- (ii) soit (A) en relation avec toute somme payable dans une Devise Prévue, autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation d'opérations en général (y compris des opérations sur devises et dépôts en devises) dans le principal centre financier du pays de la Devise Prévue (qui sera, si la Devise Prévue est le dollar australien, le dollar canadien ou le Renminbi, respectivement Sydney, Montréal ou Hong Kong), soit (B) en relation avec toute somme payable en euro, un jour où le Système TARGET2 fonctionne; et
- (iii) dans le cas de tout paiement afférent à un Titre Global Nominatif libellé dans une Devise Prévue autre que le dollar U.S. et enregistré au nom de DTC ou de son établissement mandataire, pour lequel un titulaire de compte chez DTC (détenant un droit sur ce Titre Global Nominatif) a choisi de recevoir toute partie de ce paiement en dollar U.S., un jour où les banques commerciales ne sont pas autorisées à fermer ni obligées de fermer dans la Ville de New York en vertu des dispositions législatives ou réglementaires en vigueur.

(g) *Paiements relatifs aux Titres SIS*

Dans le cas de Titres SIS, et sauf disposition contraire des Conditions Définitives applicables, le Contrat de Service Financier Suisse applicable complètera et modifiera le Contrat de Service Financier pour les besoins des Titres SIS concernés, y compris en stipulant la nomination d'un Agent Payeur Principal Suisse (qui, dans le cas de Titres admis à la cote officielle de la SIX Swiss Exchange, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), qui s'acquittera de certaines fonctions, entre autres celles se rapportant aux instructions de paiement et taxes sur les marchés de capitaux suisses, et en stipulant la nomination des Agents Payeurs Suisses afin d'agir en qualité d'agents payeurs en Suisse pour les Titres.

L'Emetteur devra effectuer tous les paiements en principal et intérêts dus sur les Titres SIS à l'Agent Payeur Principal Suisse, conformément au Contrat de Service Financier Suisse et aux Modalités. Le paiement relatif à tout Titre SIS sera effectué indépendamment de toutes restrictions de transfert présentes ou futures, et de tout accord de paiement ou de compensation bilatéral ou multilatéral pouvant s'appliquer à ce paiement à un moment quelconque. Les paiements en principal et intérêts relatifs à tous Titres SIS libellés en Francs suisses seront effectués en Francs suisses librement disponibles, et, dans le cas de Titres SIS libellés dans une devise autre que le Franc suisse, dans cette autre devise, qui devra également être librement disponible, sans frais d'encaissement et quelles que soient les circonstances, indépendamment de la nationalité, du domicile ou de résidence du titulaire de Titres SIS, et sans exiger aucune certification, aucune attestation ni aucune autre formalité. La réception par l'Agent Payeur Principal Suisse du paiement intégral à bonne date de ces fonds en Suisse déliera l'Emetteur de ses obligations en vertu (i) du Titre SIS Global Permanent ou (ii) des Titres Définitifs au Porteur, Reçus et Coupons, s'ils sont imprimés, ou (iii) des Titres NRC SIS, en ce qui concerne le paiement, selon le cas, du principal, des intérêts, des frais et des majorations dus relatifs aux Titres, et des commissions d'agent payeur, dans chaque cas à hauteur des fonds reçus.

(h) *Paielements sur les Titres EUI*

L'Emetteur devra payer ou faire payer tout montant dû à un Titulaire EUI au titre d'un Titre EUI sur le compte espèces de ce Titulaire EUI tenu dans les livres de l'Opérateur, à la date de paiement concernée, ce paiement devant être effectué conformément aux règles de l'Opérateur. L'Emetteur sera libéré de ses obligations découlant de ces montants dus en vertu des Titres EUI par le paiement fait à l'Opérateur ou à son ordre. Chaque personne figurant dans le registre de titres Opérateur comme étant titulaire d'un montant déterminé de Titres EUI ne pourra obtenir sa part de chaque paiement fait par l'Emetteur à l'Opérateur ou à son ordre, qu'après de ce dernier.

(i) *Banque*

Pour les besoins de la présente Modalité 5, **Banque** désigne une banque située dans le principal centre financier pour cette devise ou, dans le cas de l'euro, dans une ville dans laquelle les banques ont accès au Système TARGET2.

(j) *Livraison Physique de Titres*

Les Conditions Définitives applicables contiendront des dispositions relatives à la procédure de livraison de tout Montant de Règlement Physique relatif à des Titres à Règlement Physique (y compris, sans caractère limitatif, la responsabilité des coûts de transfert des Actifs Sous-Jacents).

Les Actifs Sous-Jacents seront livrés aux risques du Titulaire de Titres concerné, de la manière qui pourra être spécifiée dans la notification de transfert (**Notification de Transfert**), dont le modèle est annexé au Contrat de Service Financier et, nonobstant les dispositions de la Modalité 3(b) ci-dessus, aucun paiement ni livraison supplémentaire ne sera dû au Titulaire de Titres si des Actifs Sous-Jacents sont livrés après leur date d'exigibilité, dans des circonstances échappant au contrôle de l'Emetteur concerné ou de l'Agent de Règlement.

Toute livraison d'Actifs Sous-Jacents sera exclusivement opérée en conformité avec les lois boursières applicables.

(k) *Interprétation des termes Principal et Intérêts*

Toute référence faite dans les présentes Modalités au "principal" des Titres sera réputée inclure, en tant que de besoin:

- (i) toutes majorations pouvant être payables au titre du principal en vertu de la Modalité 7, le cas échéant;
- (ii) le **Montant de Remboursement Final** des Titres (comme indiqué dans les Conditions Définitives applicables);
- (iii) le **Montant de Remboursement Anticipé** des Titres (comme indiqué dans les Conditions Définitives applicables);
- (iv) le(s) **Montant(s) de Remboursement Optionnel** (éventuel(s)) des Titres (comme indiqué dans les Conditions Définitives applicables);
- (v) s'agissant des Titres remboursables de façon échelonnée, les **Montants de Remboursement Echelonné** (comme indiqué dans les Conditions Définitives applicables);
- (vi) s'agissant des Titres Zéro Coupon, le Montant Nominal Amorti (tel que défini à la Modalité 6(h)); et
- (vii) toute prime et tous autres montants pouvant être payables par l'Emetteur au titre ou en vertu des Titres.

Toute référence faite dans les présentes Modalités aux "intérêts" des Titres sera réputée inclure, en tant que de besoin, toutes majorations pouvant être payables au titre des intérêts en vertu de la Modalité 8.

Dans le cas de Titres à Règlement Physique, toute référence faite dans les présentes Modalités au principal et/ou aux intérêts et au(x) Montant(s) de Règlement Physique désigne ce montant sous déduction de tous frais, commissions, droits d'enregistrement, droits de timbre ou autres montants payables sur ce(s) Montant(s) de Règlement Physique ou à ce titre.

(l) *Indisponibilité d'une Devise*

Le présent paragraphe s'applique si un paiement doit être effectué concernant un Titre, Reçu ou Coupon quelconque dans la Devise Prévue et si la Devise Prévue n'est pas disponible pour l'Emetteur ou le Garant (selon le cas), en raison de l'imposition de contrôles des changes, le remplacement ou la disparition de la Devise Prévue ou d'autres circonstances échappant au contrôle de l'Emetteur ou du Garant (selon le cas) (**Indisponibilité d'une Devise**). En cas d'Indisponibilité d'une Devise, l'Emetteur ou le Garant (selon le cas) sera en droit d'honorer ses obligations envers le titulaire de ce Titre, Reçu ou Coupon en effectuant le paiement en euro ou dollar U.S., sur la base du taux de change au comptant auquel la Devise Prévue est offerte en échange de l'euro ou de dollar U.S. (selon le cas) sur un marché interbancaire approprié à midi, heure de Paris, quatre Jours Ouvrés avant la date à laquelle le paiement est dû, ou, si ce taux de change au comptant n'est pas disponible à cette date, à la toute dernière date possible antérieure. Tout paiement effectué en euro ou en dollar U.S. (selon le cas) conformément au présent paragraphe ne constituera pas un Cas de Défaut.

Cette Modalité 5(l) n'est pas applicable aux Titres Indexés sur Actions de Préférence ou aux Titres Indexés sur Warrant.

## 6. REMBOURSEMENT ET RACHAT

### (a) *Remboursement à échéance*

Sauf remboursement ou rachat anticipés et annulation intervenant conformément aux dispositions ci-dessous, chaque Titre sera remboursé par l'Emetteur pour son Montant de Remboursement Final (le **Montant de Remboursement Final**) spécifié dans les Conditions Définitives applicables ou déterminé de la manière précisée dans celles-ci, et, si elles le spécifient, par référence à l'Annexe Technique jointe aux présentes Modalités (ou, uniquement dans le cas des Titres à Règlement Physique, si les Conditions Définitives applicables spécifient que ces Titres seront remboursés par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant à un Montant de Règlement Physique, par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents spécifiés dans les Conditions Définitives applicables ou déterminés de la manière précisée dans celles-ci), dans la Devise Prévvue concernée à la Date d'Echéance.

### (b) *Remboursement pour raisons fiscales*

Les Titres pourront être remboursés à l'option de l'Emetteur ou, selon le cas, du Garant, en totalité, et non en partie seulement, à tout moment (dans le cas des Titres autres que les Titres à Taux Flottant ou tous autres Titres productifs d'intérêts pour lesquels le Taux d'Intérêt n'est pas calculé sur la base d'un taux fixe (**Titres à Coupon Variable**)), ou à toute Date de Paiement des Intérêts (dans le cas des Titres à Taux Flottant ou des Titres à Coupon Variable), à charge d'adresser un préavis de 30 jours au moins et de 45 jours au plus à l'Agent Fiscal, et d'en aviser les Titulaires de Titres conformément aux dispositions de la Modalité 14 (ce préavis étant irrévocable), si:

- (i) immédiatement avant l'envoi de ce préavis, l'Emetteur ou le Garant se trouve ou se trouverait ultérieurement contraint d'effectuer des paiements supplémentaires conformément à la Modalité 7 en raison de changements dans la législation ou la réglementation d'une Juridiction Fiscale (telle que définie à la Modalité 7), ou pour des raisons tenant à des changements dans l'application ou l'interprétation officielles de ces textes entrés en vigueur après la Date d'Emission de la première Tranche des Titres; et
- (ii) l'Emetteur ou, selon le cas, le Garant ne peut pas éviter d'exécuter cette obligation en prenant toutes les mesures raisonnables dont il dispose,

étant précisé que cet avis de remboursement ne devra pas être donné moins de 90 jours avant la toute première date à laquelle l'Emetteur ou, selon le cas, le Garant serait obligé d'effectuer ces paiements supplémentaires si un paiement devenait alors dû en vertu des Titres.

Les Titres remboursés en vertu de la présente Modalité 6(b) le seront pour leur Montant de Remboursement Anticipé visé dans la Modalité 6(h) ci-dessous, augmenté, s'il y a lieu, des intérêts ayant couru jusqu'à la date de ce remboursement (non incluse).

### (c) *Remboursement pour raisons fiscales spéciales*

Si, lors du prochain remboursement du principal ou lors du prochain paiement des intérêts relatif aux Titres, le paiement par l'Emetteur ou, selon le cas, le Garant, de la somme totale alors exigible par les Titulaires était prohibé par la législation d'une Juridiction Fiscale, malgré l'engagement de payer tous montants supplémentaires en vertu de la Modalité (a), l'Emetteur ou le Garant, selon le cas, devrait alors immédiatement en aviser l'Agent Fiscal par notification. L'Emetteur ou le Garant, selon le cas, devra

alors, à charge d'adresser un préavis de sept jours au moins et de quarante-cinq jours au plus aux Titulaires, conformément aux dispositions de la Modalité 14, rembourser immédiatement en totalité, et non une partie seulement, les Titres alors en circulation pour leur Montant de Remboursement Anticipé majoré, s'il y a lieu, des intérêts courus, à la Date de Paiement des Intérêts la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, pourrait en pratique effectuer le paiement du montant intégral alors exigible relatifs aux Titres; étant précisé que si le préavis indiqué ci-dessus expire après cette Date de Paiement des Intérêts, la date de remboursement en vertu de ce préavis adressé aux Titulaires de Titres sera la plus tardive des deux dates suivantes:

- (i) la date la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, est en pratique en mesure d'effectuer le paiement de la totalité des montants dus sur les Titres; ou
- (ii) 14 jours après en avoir avisé l'Agent Fiscal par notification, ainsi qu'il est dit ci-dessus.

(d) *Conditions Définitives*

Les Conditions Définitives applicables aux Titres indiquent soit:

- (i) que les Titres ne peuvent pas être remboursés avant leur Date d'échéance (sauf disposition contraire des paragraphes (b) et (c) ci-dessus et de la Modalité 9); soit
- (ii) que ces Titres seront remboursables au gré de l'Emetteur et/ou des titulaires des Titres avant cette Date d'Echéance, conformément aux dispositions des paragraphes (e) et/ou (g) ci-dessous, à la date ou aux dates et pour le ou les montants indiqués dans les Conditions Définitives applicables.

(e) *Option de remboursement au gré de l'Emetteur*

Si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 14 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Optionnel spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses). Chacun de ces remboursements doit concerner un montant nominal au moins égal au **Montant Nominal Minimum Remboursable** et ne peut dépasser le **Montant Nominal Maximum Remboursable**, tels qu'ils sont tous deux indiqués dans les Conditions Définitives applicables.

Dans le cas des Titres Indexés sur Action de Préférence et Titres Indexés sur Warrant, si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 14 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Anticipé spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses).

En cas de remboursement partiel des Titres, les Titres à rembourser (**Titres Remboursés**) seront sélectionnés individuellement par tirage au sort (dans le cas de Titres Remboursés représentés par des Titres sous forme définitive) et conformément aux règles d'Euroclear et/ou de Clearstream, Luxembourg et/ou DTC, dans le cas de Titres Remboursés représentés par un Titre Global détenu pour le compte

d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC (opération qui sera reflétée dans les livres d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC soit (i) par réduction du montant nominal de ces Titres d'une Série en proportion du montant nominal total remboursé par application d'un facteur de mise en commun ou (ii) par remboursement intégrale de certains Titres seulement (pour sélection soit comme une réduction du montant nominal), comme spécifié dans les Conditions Définitives concernées) et conformément aux règles du dépositaire de titres concerné (dans le cas de Titres Nominatifs) et/ou tout système de règlement compensation supplémentaire ou additionnel (dans chaque cas, comme spécifié dans les Conditions Définitives applicables (dans le cas de Titres Nominatifs), dans chaque cas 30 jours au plus avant la date convenue pour le remboursement (cette date de sélection étant ci-après dénommée: la **Date de Sélection**). Si les Titres Remboursés sont représentés par des Titres sous forme définitive, une liste des numéros de série de ces Titres Remboursés sera publiée conformément aux dispositions de la Modalité 15, 15 jours au moins avant la date convenue pour le remboursement. Aucun échange du Titre Global concerné ne sera permis pendant la période comprise entre la Date de Sélection (incluse) et la date (incluse) convenue pour le remboursement en vertu du présent paragraphe (e), et un avis à cet effet sera notifié par l'Emetteur aux Titulaires de Titres conformément aux dispositions de la Modalité 14, dix jours au moins avant la Date de Sélection.

Tout préavis donné par l'Emetteur en vertu de la présente Modalité 6(e) à propos d'un Titre sera nul et de nul effet s'agissant de ce Titre si, avant l'envoi de ce préavis par l'Emetteur, le titulaire de ce Titre a déjà envoyé une Notification d'Exercice s'agissant de ce Titre, conformément aux dispositions de la Modalité 6(g).

- (f) *Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint:*

Si "Option de Remboursement à Déclenchement" est spécifiée applicable dans les Conditions Définitives, alors, dans l'hypothèse où à tout moment au cours de la vie des Titres et pour une raison quelconque, le **Montant Nominal Total des Titres en Circulation** est égal au **Niveau de Déclenchement du Montant en Circulation**, ou descend en-dessous de celui-ci, l'Emetteur aura le droit, à sa seule et absolue discrétion exercée raisonnablement, et sous réserve des lois et règlements applicables, de rembourser les Titres en totalité (mais pas en partie) restant en circulation, à leur **Montant de Remboursement du Niveau de Déclenchement Anticipé** en donnant un préavis de 15 Jours Ouvrés au moins conformément à la Modalité 15 précisant la base sur laquelle un tel remboursement anticipé a été effectué.

A cet effet:

**Montant Nominal Total des Titres en Circulation** désigne, à tout moment, le produit de (a) la Valeur Nominale et (b) le nombre des Titres en circulation détenus à ce moment par les Titulaires de Titres autres que Société Générale ou ses sociétés liées pour leur compte propre tel que déterminé de bonne foi par l'Agent Fiscal en consultation avec le/les établissement(s) de compensation dans lequel, ou par l'intermédiaire duquel, les Titres sont détenus et les opérations sur ces Titres sont compensées.

**Montant de Remboursement du Niveau de Déclenchement Anticipé** désigne le Montant de Remboursement Anticipé pour ces Titres tel que déterminé en application du paragraphe (h) ci-dessous ou dans le cas des Titres Indexés sur Action de Préférence et Titres Indexés sur Warrant déterminé conformément aux Conditions Définitives applicables.

**Niveau de Déclenchement du Montant en Circulation** désigne le niveau spécifié comme tel dans les Conditions Définitives applicables ou, si un tel niveau n'est pas précisé, 10% du Montant Nominal Total des Titres initialement émis.

- (g) *Option de remboursement au gré des Titulaires*

Si les Conditions Définitives applicables stipulent une option de remboursement au gré des Titulaires, et si le titulaire d'un Titre donne à l'Emetteur, conformément à la Modalité 14, un préavis de 15 jours au moins et de 30 jours au plus, ou tout autre préavis spécifié dans les Conditions Définitives applicables, l'Emetteur devra, sous réserve des dispositions des Conditions Définitives applicables et conformément à celles-ci, rembourser ce Titre en totalité (mais pas en partie), à l'expiration de ce préavis, à la Date de Remboursement Optionnel (Option de Vente) et pour le Montant de Remboursement Optionnel indiqué dans les Conditions Définitives applicables ou déterminé de la manière indiquée dans celles-ci, majoré, s'il y a lieu, des intérêts courus jusqu'à la Date de Remboursement Optionnel concernée (non incluse). Il est possible que certaines conditions et/ou circonstances doivent être satisfaites, avant qu'une option exigeant de l'Emetteur qu'il rembourse un Titre ne puisse être exercée. Si tel était le cas, les modalités en seraient détaillées dans les Conditions Définitives applicables.

Pour pouvoir exercer son option de remboursement concernant un Titre, le Titulaire de Titre devra, si le Titre est sous forme définitive et détenu en dehors d'Euroclear et de Clearstream, Luxembourg, remettre l'établissement désigné de tout Agent Payeur (dans le cas de Titres au Porteur) ou de l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs), pendant la période de notification, à tout moment pendant les heures ouvrables normales de cet Agent Payeur, ou, selon le cas, de l'Agent de Tenue des Registres, une notification d'exercice dûment complétée et signée sur le formulaire qu'il pourra obtenir (au moment considéré) auprès de l'établissement désigné de tout Agent Payeur ou, selon le cas, de l'Agent de Tenue des Registres (**Notification d'Exercice**). Le titulaire devra indiquer dans cette Notification d'Exercice un compte bancaire (ou, si le paiement est demandé par chèque, une adresse) sur lequel ou à laquelle le paiement doit être effectué en vertu de la présente Modalité et, dans le cas de Titres Nominatifs, le montant nominal des titres devant être remboursé, et, si le remboursement porte sur un montant inférieur au montant nominal des Titres Nominatifs ainsi restitués, une adresse à laquelle un nouveau Titre Nominatif portant sur le solde de ces Titres Nominatifs doit être envoyé, sous réserve des dispositions de la Modalité 2 et conformément à celles-ci. Si ce Titre est sous forme définitive, la Notification d'Exercice devra être accompagnée de ce Titre ou d'une preuve satisfaisante pour l'Agent Payeur concerné que ce Titre sera détenu, après la remise de la Notification d'Exercice, à son ordre ou sous son contrôle. Si le Titre est représenté par un Titre Global ou est sous forme définitive et détenu par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg, le Titulaire devra, pour exiger son remboursement, notifier cet exercice à l'Agent Fiscal, pendant la période de notification, conformément aux procédures standard d'Euroclear ou de Clearstream, Luxembourg (ces procédures pouvant inclure la notification de son instruction pour son compte à l'Agent Fiscal, sous forme électronique, par Euroclear ou Clearstream, Luxembourg, ou par tout dépositaire commun ou tout conservateur commun (*common safekeeper*), selon le cas), sous une forme jugée acceptable par Euroclear et Clearstream, Luxembourg au moment considéré.

Dans le cas de Titres NRC, une Notification d'Exercice ne sera pas effective à l'égard de l'Emetteur avant la date à laquelle les Titres concernés auront été transférés sur le compte désigné par l'Agent Payeur Additionnel spécifié dans les Conditions Définitives applicables (qui, pour les besoins des Titres NRC, sera un opérateur de compte spécifiquement autorisé par le dépositaire central de titres et l'établissement de compensation concernés à traiter et enregistrer des émissions dans le système de ces derniers), et bloqué par cet Agent Payeur Additionnel afin d'empêcher tout transfert supplémentaire à la Date de Remboursement Optionnel.

Nonobstant les dispositions qui précèdent, le droit d'exiger le remboursement de Titres NRC conformément à la présente Modalité 6(g) doit être exercé conformément aux règles et procédures du dépositaire central de titres et de l'établissement de compensation concerné, et, en cas de divergence entre les dispositions qui précèdent et les règles et procédures du dépositaire central de titres et établissement de compensation concerné, les règles et procédures du dépositaire central de titres et établissement de compensation concerné prévaudront.

Toute Notification d'Exercice donnée par le titulaire d'un Titre conformément au présent paragraphe (g) sera:

- (i) irrévocable à moins qu'un Cas de Défaut ne se soit produit avant la date de remboursement convenue et ne perdure, auquel cas ce titulaire pourra choisir, par le biais d'une notification donnée à l'Emetteur, de revenir sur sa notification donnée en vertu du présent paragraphe (g) et de déclarer que ce Titre est immédiatement exigible et payable en vertu de la Modalité 9; et
- (ii) nulle et de nul effet s'agissant d'un Titre, si, avant l'envoi de cette Notification d'Exercice par le titulaire concerné, (A) ce Titre constituait un Titre Remboursé, ou (B) l'Emetteur avait notifié aux Titulaires de Titres son intention de rembourser tous les Titres d'une Série alors en circulation, dans chaque cas conformément aux dispositions de la Modalité 6(e).

Cette Modalité 6(g) n'est pas applicable aux Titres Indexés sur Actions de Préférence ou aux Titres Indexés sur Warrant.

(h) *Montants de Remboursement Anticipé*

Pour les besoins du paragraphe (b) ci-dessus et de la Modalité 9, et sauf disposition contraire des Conditions Définitives applicables, les Titres seront remboursés pour un Montant de Remboursement Anticipé calculé comme suit:

- (i) dans le cas de Titres dont le Montant de Remboursement Final est égal au Prix d'Emission, au Montant de Remboursement Final de ces Titres; ou
- (ii) dans le cas de Titres (autres que des Titres Zéro Coupon) dont le Montant de Remboursement Final est ou peut être inférieur ou supérieur au Prix d'Emission, ou qui est payable dans une Devise Prévue autre que celle dans laquelle les Titres sont libellés, au montant spécifié dans les Conditions Définitives applicables ou déterminé de la manière spécifiée dans celles-ci, ou, si ce montant ou cette manière n'est pas ainsi spécifié dans les Conditions Définitives, à leur montant nominal; ou
- (iii) dans le cas de Titres à Règlement Physique, au montant déterminé de la manière spécifiée dans les Conditions Définitives applicables; ou
- (iv) dans le cas de Titres Zéro Coupon, à un montant (le **Montant Nominal Amorti**) égal à la somme obtenue en additionnant:
  - (A) le Prix de Référence spécifié dans les Conditions Définitives applicables; et
  - (B) le produit du Taux de Rendement spécifié dans les Conditions Définitives applicables (capitalisé annuellement) appliqué au Prix de Référence à compter de la Date d'Emission (incluse) jusqu'à la date (exclue) convenue pour le remboursement ou (selon le cas) à laquelle ce Titre devient dû et remboursable.
- (v) si les Conditions Définitives applicables spécifient que le Montant de Remboursement Anticipé sera égal à la Valeur de Marché, à un montant dont l'Agent de Calcul déterminera qu'il représente la juste valeur de marché des Titres à la date d'exigibilité du remboursement des Titres, et qu'il a pour effet (après avoir tenu compte des coûts de dénouement de toutes conventions de couverture sous-jacentes, conclues à propos de ces Titres) de préserver pour les Titulaires de Titres l'équivalent

économique des obligations de paiement que l'Emetteur aurait dû exécuter pour les Titres qui, sans ce remboursement anticipé, seraient devenus exigibles après la date de remboursement anticipée concernée. En ce qui concerne les Titres productifs d'intérêts, nonobstant les dispositions de la dernière phrase de la Modalité 6(b), de la neuvième ligne de la Modalité 6(c) et du premier paragraphe de la Modalité 8, le Montant de Remboursement Anticipé, tel que déterminé par l'Agent de Calcul conformément au présent paragraphe, inclura tous intérêts courus jusqu'à la date de remboursement anticipé concernée, et, en dehors des intérêts inclus dans le Montant de Remboursement Anticipé, l'Emetteur ou, selon le cas, le Garant, ne paieront aucun intérêt, couru ou autre, ni aucun autre quelconque montant, au titre de ce remboursement. Si ce calcul doit être effectué pour une période inférieure à une année complète, il sera effectué sur la base de la Fraction de Décompte des Jours spécifiée (le cas échéant) dans les Conditions Définitives applicables; ou

- (vi) dans le cas de Titres Indexés sur Actions de Préférence ou de Titres Indexés sur Warrant, tel que déterminés de la manière précisée dans les Conditions Définitives applicables.

(i) *Titres à remboursement échelonné*

Si les Titres sont des Titres à remboursement échelonné, ils seront remboursés pour les Montants de Remboursement Echelonné et aux Dates de Remboursement Echelonné spécifiés dans les Conditions Définitives applicables. En cas de remboursement anticipé, le Montant de Remboursement Anticipé sera déterminé conformément au paragraphe (h) ci-dessus.

(j) *Titres partiellement libérés*

Si les Titres sont des Titres Partiellement Libérés:

- (i) ils seront souscrits pour les **Montants de Libération Partielle** et aux **Dates de Libération Partielle** spécifiés dans les Conditions Définitives applicables. Sauf disposition contraire des Conditions Définitives applicables, l'obligation de payer un Montant de Libération Partielle à la Date de Libération Partielle concernée ne sera encourue par les titulaires des Titres qu'à cette Date de Libération Partielle;
- (ii) sauf disposition contraire des Conditions Définitives applicables, ils seront remboursés à la Date d'Echéance pour leur montant nominal et à toute Date de Remboursement Optionnel (Option d'Achat) ou Date de Remboursement Optionnel pour leur montant nominal libéré, à la date fixée pour le remboursement; et
- (iii) sauf disposition contraire des Conditions Définitives applicables, dans le cas où un Titulaire de Titres ne paierait pas un Montant de Libération Partielle à la Date de Libération Partielle concernée (cette date étant dénommée: une **Date de Défaut de Libération Partielle**), les Titres détenus par ce Titulaire de Titres seraient automatiquement remboursés à la Date de Remboursement Anticipé concernée, pour le Montant de Règlement.

Pour les besoins de la présente Modalité 6(j), et sauf disposition contraire des Conditions Définitives applicables:

**Date de Remboursement Anticipé** désigne, à propos de tout Titre, le septième Jour Ouvré de Paiement suivant une Date de Défaut de Libération Partielle;

**Montant de Règlement** désigne, pour tout Titre, un montant déterminé par l'Agent de Calcul conformément à la formule suivante:

Max [0;[Montant Nominal Libéré – Coûts de Dénouement]]

où:

**Montant Nominal Libéré** désigne, pour toute Date de Libération Partielle, le montant nominal libéré du Titre concerné, jusqu'à la Date de Libération Partielle applicable (incluse). Les intérêts ne courront pas et ne seront pas payables pendant la période comprise entre la Date de Défaut de Libération Partielle applicable (incluse) et la Date de Remboursement Anticipé applicable (incluse); et

**Coûts de Dénouement** désigne la quote-part, pour chaque Titre, des pertes (exprimées sous la forme d'un nombre positif) ou des gains (exprimés sous la forme d'un nombre négatif) du dénouement de tous les contrats de couverture (en tenant compte de la valeur actuelle de tout(s) Montant(s) de Libération Partielle restant à payer sur ces Titres) conclus ou achetés par l'Emetteur et/ou le Garant pour de ces Titres.

(k) *Rachats*

L'Emetteur ou le Garant aura le droit à tout moment de procéder à des rachats de Titres (sous réserve, dans le cas de Titres Définitifs au Porteur, que tous les Reçus, Coupons et Talons non échus y afférents soient simultanément rachetés (dans le cas de Titres Indexés sur Actions de Préférence ou de Titres Indexés sur Warrant par l'Emetteur), en bourse ou de gré à gré quel qu'en soit le prix, sous réserve des lois et réglementations applicables.

(l) *Annulation*

Tous les Titres rachetés pour être annulés par ou pour le compte de l'Emetteur seront annulés immédiatement (ainsi que, dans le cas de Titres Définitifs au Porteur, tous les Reçus, Coupons et Talons non échus y afférents ou restitués avec ces Titres). Tous les Titres rachetés et annulés en vertu du paragraphe (k) ci-dessus (et, dans le cas de Titres Définitifs au Porteur, tous les Reçus, Coupons et Talons non échus annulés avec ces Titres) devront être envoyés à l'Agent Fiscal (ou, dans le cas de Titres Nominatifs, à l'Agent de Tenue des Registres) et ne pourront pas être réémis ni revendus et l'Emetteur sera déchargé de ses obligations relatives à l'un quelconque de ces Titres.

(m) *Retard de Paiement relatifs aux Titres Zéro Coupon*

Sauf disposition contraire des Conditions Définitives applicables, si le montant payable relatif à un Titre Zéro Coupon à la date de remboursement de ce Titre Zéro Coupon, exception faite des Titres Nominatifs, en vertu du paragraphe (a), (b), (c), (e) ou (g) ci-dessus, ou à la date à laquelle il deviendra exigible et payable conformément à la Modalité 9, est indûment retenu ou rejeté, le montant dû et remboursable sur ce Titre Zéro Coupon, sera le montant calculé conformément au paragraphe (h)(iv) ci-dessus, de la même manière que si les références faites dans ce paragraphe à la date convenue pour le remboursement étaient remplacées par des références à la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur le Titre Zéro Coupon auront été payés; ou
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables pour ces Titres Zéro Coupon aura été reçu par l'Agent Fiscal et où un avis à cet effet aura été donné aux Titulaires de Titres conformément à la Modalité 14.

(n) *Remboursement de Titres NRC*

Nonobstant les dispositions précédentes de la présente Modalité, le remboursement des Titres NRC peut être soumis à certaines restrictions et procédures spécifiques, selon les dispositions des Conditions Définitives applicables.

(o) *Remboursement ou transfert forcé de Titres Nominatifs*

Si l'Emetteur détermine à tout moment qu'un titulaire de Titres Nominatifs aux Etats-Unis ou un Titulaire de Titres qui est une *U.S. Person* n'était pas un QIB et un QP à la date à laquelle il a acheté ou acquis ces Titres, en violation des déclarations tacites ou explicites données par ce titulaire lors de l'achat de ces Titres, l'Emetteur pourra (a) rembourser ces Titres, ou (b) adresser à ce titulaire une notification lui enjoignant de vendre ou de transférer ses Titres à une personne qui est à la fois un QIB et un QP, ou à une *Non-U.S. Person* hors des Etats-Unis, dans les 30 jours suivant la réception de cette notification, et, si ce titulaire ne procède pas à la vente ni au transfert de ses Titres dans ce délai de 30 jours, l'Emetteur pourra transférer ou vendre ces Titres pour le compte de ce titulaire.

Aucun paiement ne sera effectué sur les Titres concernés à compter de la date d'envoi de la notification d'injonction de vente et jusqu'à la date à laquelle les Titres concernés seront vendus.

Aucune assurance ne peut être donnée qu'un titulaire de Titres ou d'un droit sur ceux-ci, dont on exige qu'il vende des Titres ou dont les Titres sont vendus pour son compte (en vertu de la présente Modalité) n'encourra pas une perte significative en raison de la nécessité pour l'Emetteur concerné, ou pour le cédant, de trouver un cessionnaire éligible désireux d'acheter les Titres. Ni l'Emetteur concerné, ni le Garant ni aucune autre partie ne répondront de cette perte envers le titulaire.

## 7. FISCALITE

- (a) Tous les paiements relatifs à des Titres, Reçus ou Coupons ou relatifs à la Garantie seront libres de tout prélèvement ou retenue au titre d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale de quelque nature, présent ou futur, imposé, levé, collecté ou retenu par ou pour le compte de toute juridiction, sauf si le prélèvement ou la retenue d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale est requis par la loi.
- (b) Si en vertu de la législation d'une quelconque Juridiction Fiscale, un prélèvement ou une retenue est imposé par la loi, l'Emetteur ou, selon le cas, le Garant, devra majorer, dans toute la mesure permise par la loi, les paiements, de telle façon qu'après ce prélèvement ou cette retenue chaque Titulaire de Titres, Reçus ou Coupons perçoive l'intégralité des sommes qui lui auraient été versées en l'absence d'un tel prélèvement ou d'une telle retenue, étant précisé que l'Emetteur concerné ou, selon le cas, le Garant, ne sera pas tenu de majorer les paiements relatifs aux Titres, Reçus ou Coupons :
  - (i) le Titulaire de Titres, Reçus ou Coupons qui serait redevable à Luxembourg (dans le cas de paiements par l'Emetteur) ou en France (dans le cas de paiements par le Garant) desdits impôts, taxes, droits, contributions ou charges gouvernementales au motif du lien qu'il entretient avec ces juridictions autrement que du fait de la seule propriété desdits Titres, Reçus ou Coupons; ou
  - (ii) qui sont présentés au paiement plus de 30 jours après la Date de Référence (telle que définie ci-dessous), sauf dans l'hypothèse où le Titulaire des Titres, Reçus ou Coupons aurait eu droit à un montant majoré sur présentation de ceux-ci au paiement le dernier jour de ladite période de 30 jours, en supposant que ce jour ait été un Jour Ouvré de Paiement (tel que défini à la Modalité 5(f)); ou

- (iii) en ce qui concerne toute émission de Titres ayant fait l'objet d'un placement privé, dans l'hypothèse où les Conditions Définitives applicables disposent qu'aucune majoration de cette nature ne sera due; ou
- (iv) si ce prélèvement ou cette retenue à la source (i) porte sur un paiement effectué à une personne physique et est effectué conformément à la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts ou conformément à toute loi (au sein de l'Union Européenne ou hors de celle-ci) mettant en œuvre cette directive, s'y conformant ou adoptée dans le but de s'y conformer; ou (ii) est effectué conformément à un quelconque accord conclu entre l'Union Européenne et un autre Etat ou territoire non membre de l'Union Européenne prévoyant des mesures similaires à celles prévues par la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts, ou par toute loi ou tout autre texte gouvernemental transposant, correspondant à, ou adopté afin de se mettre en conformité avec de tels accords; ou
- (v) si ce prélèvement ou cette retenue à la source porte sur un paiement et est effectué conformément aux lois adoptées par la Suisse prévoyant l'imposition des paiements en vertu de principes similaires à ceux posés par la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts, en particulier le principe selon lequel une personne autre que l'Emetteur ou le Garant procède au prélèvement ou à la retenue à la source, tel que, par exemple, un agent payeur; ou
- (vi) qui sont présentés au paiement par ou pour le compte d'un Titulaire qui aurait pu éviter ce prélèvement ou cette retenue en présentant les Titres, Reçus ou Coupons concernés à un autre Agent Payeur situé dans un Etat membre de l'Union Européenne.

Pour les besoins des présentes modalités:

**Juridiction Fiscale** désigne la France ou toute autre subdivision politique ou autorité de celle-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par le Garant), ou à Luxembourg ou toute autre subdivision politique ou autorité de Luxembourg disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par l'Emetteur); et

**Date de Référence** désigne la date à laquelle le paiement concerné devient exigible pour la première fois, étant entendu, par exception, que si l'intégralité des sommes dues n'a pas été dûment reçue par l'Agent Fiscal (ou, dans le cas de Titres NRC, les titulaires de ces Titres NRC) au plus tard à cette date d'exigibilité, la Date de Référence désigne la date à laquelle l'intégralité de ces sommes ayant été ainsi reçue, un avis à cet effet sera dûment donné aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

## 8. PRESCRIPTION

Les Titres au Porteur (et tous Reçus et Coupons y afférents) et les Titres Nominatifs seront prescrits, à moins que des créances en principal et/ou d'intérêts soient présentées dans un délai de 10 ans (dans le cas du principal) et de 5 ans (dans le cas des intérêts) à compter de la Date de Référence (telle que définie à la Modalité 7), sauf disposition contraire des Conditions Définitives applicables.

La loi luxembourgeoise du 3 septembre 1996 concernant la dépossession involontaire de titres au porteur, telle que modifiée (la **Loi Concernant la Dépossession Involontaire de 1996**), exige que tout montant devant être payé en vertu des Titres, (mais qui n'a pas déjà été payé aux titulaires des Titres), lorsque i) une opposition a été enregistrée en relation avec les Titres et lorsque (ii) les Titres arrivent à échéance avant d'être frappés de

déchéance (tel que disposé par la Loi Concernant la Dépossession Involontaire de 1996), soit versé à la Caisse des consignations du Luxembourg jusqu'à la mainlevée de l'opposition ou la déchéance des Titres.

Aucun Coupon émis en échange d'un Talon ne pourra inclure un Coupon qui serait prescrit en vertu de la présente Modalité 89 ou de la Modalité 5(b) ni un Talon qui serait prescrit en vertu de la Modalité 5(b).

## **9. CAS DE DEFAULT**

Le titulaire de tout Titre pourra notifier par écrit à l'Emetteur et au Garant l'exigibilité anticipée immédiate des Titres à leur Montant de Remboursement Anticipé majoré, s'il y a lieu et sous réserve de toute disposition contraire des présentes, des intérêts courus jusqu'à la date du remboursement, en cas de survenance de l'un quelconque des événements suivants (chacun un **Cas de Défaut**):

- (a) l'Emetteur ne paye pas toute somme devenue exigible en vertu des Titres et ce manquement, dans le cas de toute somme due, perdure plus de 30 jours suivant cette date d'exigibilité (ou toute autre période spécifiée dans les Conditions Définitives applicables) à moins que le Garant n'ait remédié à ce manquement avant l'expiration de cette période; et sous réserve que la livraison tardive de tout Actif Sous-Jacent, dans les circonstances décrites à la Modalité 5(j), ne constituera pas un Cas de Défaut; ou
- (b) l'Emetteur manque d'exécuter l'une quelconque de ses autres obligations au titre des présentes Modalités et, si l'Emetteur ou le Garant peut remédier à ce manquement, il n'y est pas remédié dans les 60 jours suivant la réception d'une mise en demeure écrite à cet effet, notifiée par tout Titulaire de Titres à l'Emetteur, exigeant qu'il soit remédié à ce manquement; ou
- (c) l'Emetteur prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure; ou encore la situation dans laquelle l'Emetteur ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle l'Emetteur ne consentirait pas un Cas de Défaut; ou
- (d) la Garantie cesse d'être pleinement en vigueur et en effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou une notification est donnée par le Garant ayant pour effet de priver la Garantie de tout effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou la Garantie est rendue nulle pour tout motif, par tout moyen ou en vertu de toute législation nouvelle ayant pour effet de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière affectant défavorablement les intérêts des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, ou le Garant est dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque; ou
- (e) dans le cas de Titres Assortis de Sûretés, si l'Agent de Contrôle des Garanties signifie une Notification de Défaut des Garanties Requises relative à un Pool de Garanties garantissant ces Titres Assortis de Sûretés.

## 10. REMPLACEMENT DES TITRES, RECUS, COUPONS ET TALONS

Tout Titre (exception faite d'un Titre NRC) ou (dans le cas d'un Titre au Porteur), tout Reçu, Coupon ou Talon perdu, volé, mutilé, effacé ou détruit pourra être remplacé dans l'établissement désigné de l'Agent Fiscal (dans le cas de Titres au Porteur), ou de l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs), sous réserve des exigences boursières applicables et de toutes lois en vigueur, contre paiement des coûts correspondants et des frais que l'Emetteur ou, le cas échéant, le Garant, pourra raisonnablement imposer en matière de preuve, de sécurité, d'indemnité ou autre. Les Titres, Reçus, Coupons ou Talons mutilés ou effacés devront être restitués avant de pouvoir être remplacés. Le remplacement de Titres au porteur, de reçus, de coupons, de talons relatifs à des Titres au porteur, dans le cas d'une perte ou d'un vol, est soumis la procédure prévue par la Loi Concernant la Dépossession Involontaire de 1996.

## 11. AGENT FISCAL ET AGENTS PAYEURS

Les noms de l'Agent Fiscal initial, de l'Agent de Tenue des Registres initial et des autres Agents Payeurs initiaux et leurs établissements désignés initiaux sont indiqués ci-dessous (excepté en ce qui concerne les Titres NRC et les Titres SIS) et le(s) nom(s) et établissement(s) désigné(s) de l'Agent de Calcul ou des Agents de Calcul sont indiqués dans les Conditions Définitives applicables. En outre, l'Agent Fiscal pourra (et que spécifié dans les Conditions Définitives applicables) déléguer certaines de ses fonctions et attributions en relation avec les Titres à Règlement Physique à un agent de règlement (**l'Agent de Règlement**). S'agissant des Titres SIS, l'Emetteur maintiendra un Agent Payeur Principal Suisse (qui, dans le cas de Titres admis à la cote officielle sur la SIX Swiss Exchange, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), dont les fonctions seront définies dans le Contrat de Service Financier Suisse. S'agissant des Titres SIS, les références faites dans les présentes Modalités à l'**Agent Fiscal** seront réputées viser, si le contexte le permet, l'Agent Payeur Principal Suisse.

S'agissant des Titres EUI, l'Emetteur nommera (et dans le cas des CDIs, maintiendra de manière permanente) un Agent EUI.

L'Emetteur et le Garant peuvent modifier ou révoquer la nomination de tout Agent Payeur ou Agent de Règlement et/ou nommer des Agents Payeurs ou Agents de Règlement supplémentaires ou différents, et/ou approuver tout changement de l'établissement désigné par l'intermédiaire duquel un Agent Payeur ou un Agent de Règlement agit, sous les réserves suivantes (excepté en ce qui concerne les Titres NRC):

- (a) aussi longtemps que les Titres seront cotés sur une bourse quelconque, ou admis à la cote officielle ou à la négociation par toute autre autorité compétente, il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) et un Agent de Transfert (qui pourra être l'Agent de Tenue des Registres) ayant un établissement désigné dans l'endroit requis par les règles et réglementations de la bourse concernée; et
- (b) il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans une ville d'Europe; et
- (c) aussi longtemps que des Titres Globaux Nominatifs seront enregistrés au nom d'un établissement mandataire de DTC, il devra y avoir en permanence un Agent d'Echange et un Agent Payeur ayant un établissement désigné à New York, New York; et
- (d) il devra y avoir en permanence un Agent Payeur dans un Etat membre de l'Union Européenne (un **Etat Membre**), qui ne sera pas tenu de procéder à une retenue à la source ou déduction d'impôts en vertu de la Directive du Conseil Européen 2003/48/CE ou de toute loi adoptée pour mettre en œuvre cette Directive ou s'y conformer, ou de toute loi conforme à cette Directive (cette Directive ou loi étant dénommée: **Législation de l'UE sur la fiscalité des produits de l'épargne**), dans la mesure où tout Etat membre n'a pas l'obligation de procéder à une retenue

à la source ou déduction d'impôts en vertu de la Législation de l'UE sur la fiscalité des produits de l'épargne; et

- (e) il devra y avoir en permanence un Agent Fiscal et un Agent de Tenue des Registres.

En outre, dans les circonstances décrites au second paragraphe de la Modalité 5(f), l'Emetteur et le Garant devront immédiatement nommer un Agent Payeur ayant un établissement désigné dans la Ville de New York. Toute nomination, tout remplacement ou toute révocation ou tout changement ne prendra effet (sauf en cas de faillite, où il prendra effet immédiatement) qu'à l'issue d'un préavis écrit de 30 jours au moins et de 45 jours au plus, donné aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

Nonobstant ce qui précède, l'Emetteur s'engage, pour tout Titres SIS, à nommer et maintenir un Agent Payeur Principal Suisse ayant un établissement désigné en Suisse (qui, dans le cas de Titres admis à la cote officielle sur la SIX Swiss Exchange, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), et à ne maintenir à aucun moment un Agent Payeur en vertu des Titres SIS CHF dont l'établissement désigné soit situé hors de Suisse.

Nonobstant ce qui précède, l'Emetteur pourra, pour les Titres NRC, nommer ou (selon le cas) maintenir un agent payeur dans chaque juridiction où des Titres NRC sont enregistrés, et, s'il y a lieu, aussi longtemps que des Titres NRC seront admis à la cote officielle de la Bourse de Luxembourg, l'Emetteur maintiendra un agent payeur ayant un établissement désigné à Luxembourg, le tout dans les conditions spécifiées dans les Conditions Définitives applicables. En ce qui concerne tout Titre NRC, l'Emetteur est en droit de modifier ou révoquer la nomination du dépositaire central de titres et établissement de compensation concerné, ou de l'Agent Payeur Additionnel, sous réserve que l'Emetteur nomme un autre dépositaire central de titres et établissement de compensation ou un ou plusieurs Agents Payeurs Additionnels, selon le cas, dont chacun d'eux devra être autorisé. Le dépositaire central de titres et établissement de compensation et le ou les Agents Payeurs Additionnels nommés pour les Titres NRC agiront exclusivement en qualité d'agent de l'Emetteur et n'assumeront aucune obligation envers tous Titulaires de Titres, n'entretiendront aucune relation de mandat ou de *trust* avec ceux-ci. L'Emetteur sera en droit d'obtenir des informations extraites des registres tenus par le dépositaire central de titres et établissement de compensation concerné, pour les besoins de l'exécution de ses obligations en vertu de tous Titres NRC. Cet Agent Payeur Additionnel sera indiqué dans les Conditions Définitives applicables et présentera les caractéristiques décrites à la Modalité 6(g). Lorsqu'ils agissent en vertu du Contrat de Service Financier, les Agents Payeurs agissent exclusivement en tant qu'agents de l'Emetteur et, le cas échéant, du Garant, et n'assument aucune obligation envers tous Titulaires de Titres, Titulaires de Reçus ou Titulaires de Coupons et n'entretiennent aucune relation de mandat ou de *trust* avec ceux-ci. Le Contrat de Service Financier contient des dispositions permettant de devenir l'agent payeur successeur de toute entité avec laquelle tout Agent Payeur fusionnerait, dans laquelle il serait transformé, avec laquelle il serait regroupé ou à laquelle il transférerait la totalité ou la quasi-totalité de ses actifs. Si Société Générale est l'Agent de Calcul d'une Série de Titres quelconque, sa nomination sera régie par les termes du contrat d'agent de calcul (**Contrat d'Agent de Calcul**), joint en Annexe 1 au Contrat de Service Financier. Si un Agent de Calcul autre que Société Générale est nommé en relation avec toute Série de Titres, les termes de sa nomination seront résumés dans les Conditions Définitives applicables.

## **12. ECHANGE DE TALONS**

A compter de la Date de Paiement des Intérêts à laquelle le Coupon final formant partie d'une feuille de Coupons viendra à échéance, le Talon (éventuel) formant partie de cette feuille de Coupons pourra être restitué à l'établissement désigné de l'Agent Fiscal ou de tout autre Agent Payeur, en échange d'une autre feuille de Coupons incluant (si cette autre feuille de Coupons n'inclut pas de Coupon courant jusqu'à la date finale de paiement des intérêts dus sur le Titre auquel il se rapporte (incluse)) un Talon supplémentaire, sous réserve des dispositions de la Modalité 8. Chaque Talon sera réputé, pour les besoins des présentes Modalités, venir à échéance à la Date de Paiement des Intérêts à laquelle le Coupon final compris dans la feuille de Coupons viendra à échéance.

### 13. SUBSTITUTION

L'Emetteur pourra être remplacé et le Garant ou toute filiale du Garant pourra être substitué à l'Emetteur en qualité de débiteur principal des Titres, Reçus et Coupons, sans le consentement des Titulaires de Titres ou des Titulaires de Coupons ou de Reçus. Si l'Emetteur décide que le Garant ou l'une de ses filiales doit devenir le débiteur principal (dénommé, en cette qualité: le **Débiteur Substitué**), elle devra le notifier aux Titulaires de Titres conformément aux dispositions de la Modalité 14, 30 jours au moins et 45 jours au plus à l'avance et, immédiatement après l'expiration de ce préavis, le Débiteur Substitué deviendra le débiteur principal des Titres, des Reçus et des Coupons, aux lieu et place de l'Emetteur, et les Titulaires de Titres, Reçus et Coupons cesseront immédiatement de détenir des droits ou créances quelconques sur l'Emetteur. Cependant, aucune substitution de cette nature ne prendra effet:

- (a) si elle devait avoir pour conséquence, à la date de cette substitution, d'assujettir des paiements devant être effectués en vertu des Titres à une retenue à la source ou à une déduction qui n'aurait pas dû être opérée en l'absence de cette substitution;
- (b) si le Débiteur Substitué n'est pas le Garant, avant que le Garant n'ait consenti une garantie inconditionnelle et irrévocable, revêtant en substance la forme de la Garantie, au titre des obligations de ce Débiteur Substitué;
- (c) en toute hypothèse, avant que le Débiteur Substitué n'ait fourni à l'Agent Fiscal les documents qui pourront être nécessaires afin que les Titres et le Contrat de Service Financier constituent des obligations légales, valables et ayant force de loi à l'égard du Débiteur Substitué; et
- (d) avant que ce Débiteur Substitué n'ait été approuvé par écrit par les autorités compétentes comme étant habilité à émettre les Titres concernés.

En cas de substitution intervenant dans ces conditions, les modifications nécessaires seront apportées aux Titres, Reçus, Coupons et Talons, et les Titulaires de Titres seront avisés des modifications ainsi apportées aux Titres, Reçus, Coupons et Talons, conformément aux dispositions de la Modalité 14.

Pour les besoins de cette Modalité 13, il est expressément convenu qu'en souscrivant, acquérant ou achetant de quelque manière les Titres, les titulaires des Titres sont réputés avoir expressément consentis à la substitution de l'Emetteur par le Débiteur Substitué et à la libération de l'Emetteur de toutes ses obligations relatives aux Titres et à tous les contrats afférents, et sont expressément réputés avoir accepté cette substitution et ses conséquences.

### 14. AVIS

- (a) *Avis concernant des Titres autres que des Titres SIS et des Titres EUI*
  - (iii) Tous les avis concernant les Titres seront valablement donnés, s'ils sont publiés dans l'un des principaux quotidiens financiers de langue anglaise de diffusion générale en Europe (en principe le *Financial Times*) sous réserve que, aussi longtemps que les Titres sont admis à la cote officielle sur une ou plusieurs bourses et que les règles applicables à ladite/lesdites bourses l'exigent, les avis seront réputés valides s'ils sont publiés dans un quotidien financier de diffusion générale dans la/les ville(s) de la/les bourse(s) sur laquelle les Titres sont admis, qui, s'il s'agit de la Bourse de Luxembourg, serait le *Luxemburger Wort* ou le *Tageblatt* ou sur le site internet de la Bourse de Luxembourg, [www.bourse.lu](http://www.bourse.lu).
  - (iv) L'Emetteur devra également veiller à ce que les avis soient dûment publiés en conformité avec les règles et réglementations de toute bourse sur laquelle les Titres sont cotés ou de toute autre autorité qui les a admis à la négociation au moment

- considéré. Tout avis sera réputé avoir été donné (i) à la date de la première publication ou, lorsque la publication doit être effectuée dans plusieurs journaux, à la date de la première publication dans tous les journaux requis ou (ii) dans le cas de publication sur un site internet, à la date à laquelle cette notification est publiée pour la première fois sur le site internet concernée.
- (v) Jusqu'à ce que des Titres sous forme définitive soient émis, tant que le ou les Titres globaux représentant les Titres seront détenus intégralement pour le compte d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC, cette publication dans les journaux comme spécifié dans la Modalité 14(a)(i) ci-dessus, pourra être remplacée par la remise de l'avis concerné à Euroclear, Clearstream, Luxembourg et/ou DTC, pour communication par leurs soins aux titulaires des Titres; en outre, tant que des Titres seront admis à la cote officielle d'une bourse ou à la négociation par toute autre autorité compétente, et si les règles de cette bourse ou de cette autre autorité l'exigent, cet avis sera publié conformément à ces règles. Tout avis ainsi remis ou publié sera réputé avoir été donné aux titulaires des Titres le jour où cet avis a été donné à Euroclear, Clearstream, Luxembourg et/ou DTC.
- (vi) En plus de ce qui précède, tous les avis concernant les Titres Nominatifs seront réputés valablement donnés s'ils sont envoyés par courrier affranchi au tarif le plus élevé (par avion, si l'adresse est située à l'étranger) aux titulaires (ou à celui des co-titulaires dont le nom apparaît en premier), à leur adresse respective enregistrée dans le Registre, et seront réputés avoir été donnés le quatrième jour suivant la date de leur envoi postal, et, aussi longtemps que des Titres Nominatifs seront cotés sur une bourse et que les règles de cette bourse (ou de toute autre autorité compétente) l'exigent, cet avis sera en outre publié dans un quotidien de diffusion générale dans la ou les places exigées par ces règles.
- (vii) En plus de ce qui précède, tous les avis destinés aux titulaires de Titres NRC seront réputés avoir été dûment donnés s'ils sont envoyés par courrier à un Titulaire de Titres, à l'adresse enregistrée pour ce Titulaire de Titres dans le système du dépositaire central de titres et établissement de compensation concernés, ou conformément à la législation en vigueur et aux règles et réglementations applicables à ce dépositaire central de titres et établissement de compensation concerné et/ou édictées par celui-ci. Tout avis de cette nature sera réputé avoir été donné, s'il est envoyé par courrier postal au Titulaire de Titres, le quatrième jour suivant le jour où cet avis a été posté.
- (viii) Tous les avis donnés aux Titulaires de Titres (quelle que soit la manière dont ils le sont) devront également être donnés par écrit:
- (A) à Euroclear, Clearstream, Luxembourg et/ou DTC, selon le cas (sauf dans le cas de Titres NRC); et
- (B) dans le cas de Titres admis à la cote officielle d'une bourse ou admis à la négociation par toute autre autorité compétente, à cette bourse ou autorité.
- (ix) Les notifications devant être effectuées par un Titulaire de Titres (sauf dans le cas de Titres NRC) devront se faire par écrit et être déposées, avec (dans le cas de tout Titre sous forme définitive) le ou les Titres correspondants, chez l'Agent Fiscal (dans le cas de Titres au Porteur) ou chez l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs). Aussi longtemps que certains Titres seront représentés par un Titre Global, ces notifications pourront être effectuées par tout titulaire d'un Titre à l'Agent Fiscal ou à l'Agent de Tenue des Registres (selon le cas), via Euroclear et/ou

Clearstream, Luxembourg, et/ou DTC, selon le cas, de la manière qui pourra être approuvée par l'Agent Fiscal ou l'Agent de Tenue des Registres (selon le cas), et Euroclear et/ou Clearstream, Luxembourg, et/ou DTC, selon le cas.

(b) *Avis concernant des Titres SIS*

- (x) Aussi longtemps que des Titres SIS seront cotés sur la SIX Swiss Exchange, et que les règles de la SIX Swiss Exchange l'exigeront, tous les avis concernant ces Titres seront valablement donnés sans frais aux titulaires des Titres par l'intermédiaire de l'Agent Payeur Principal Suisse (i) par voie de publication électronique sur le site internet de la SIX Swiss Exchange ([www.six-swiss-exchange.com](http://www.six-swiss-exchange.com)), où les avis sont actuellement publiés à l'adresse [www.six-swiss-exchange.com/news/official\\_notices/search\\_en.html](http://www.six-swiss-exchange.com/news/official_notices/search_en.html), ou (ii) par tout autre moyen conforme aux réglementations de la SIX Swiss Exchange. Tous les avis ainsi donnés seront réputés avoir été valablement donnés à la date de cette publication ou, si plusieurs publications sont faites, à la première date de publication.
- (xi) Tous les avis concernant des Titres SIS qui ne sont pas cotés sur la SIX Swiss Exchange seront publiés dans un grand quotidien de diffusion générale (qui sera probablement le *Neue Zürcher Zeitung*) en Suisse. Tous les avis ainsi donnés seront réputés avoir été valablement donnés à la date de cette publication (ou, si plusieurs publications sont faites, à la première date de publication). A titre d'alternative, les avis concernant des Titres SIS qui ne sont pas cotés sur SIX Swiss Exchange pourront également être donnés par communication via l'Agent Payeur Suisse Principal à SIS, lequel les enverra aux titulaires de Titres. Tout avis ainsi donné sera réputé avoir été valablement donné par cette communication à SIS.

(c) *Avis concernant des Titres EUI*

Tous les avis aux titulaires de Titres EUI seront valablement donnés s'ils sont (a) délivrés à l'adresse du Titulaire de Titres EUI apparaissant dans le Registre par courrier affranchi au tarif le plus élevé ou remis en main propre ou, si cette adresse n'est pas située au Royaume-Uni, par courrier par avion (tout avis délivré ou envoyé conformément à ce paragraphe (a) étant envoyé aux risques du Titulaire de Titres EUI concerné) ou (b) publiés dans un grand quotidien de diffusion générale au Royaume-Uni (en principe le *Financial Times*) ou, (c) aussi longtemps que les Titres EUI seront cotés sur une bourse quelconque, publiés conformément aux règles de cette bourse. Tous les avis ainsi donnés seront réputés avoir été donnés le deuxième Jour Ouvré suivant, dans le cas mentionné au (a), cette délivrance, dans le cas mentionné au (b), la date de cette publication ou, si plusieurs publications ont été faites, la première date de publication et dans le cas mentionné au (c), cette publication.

## 15. ASSEMBLEES GENERALES DES TITULAIRES DE TITRES, MODIFICATION, RENONCIATION

Le Contrat de Service Financier contient des dispositions réglementant la convocation des assemblées générales des Titulaires de Titres (exception faite des titulaires des Titres NRC) en vue d'examiner toute question affectant leurs intérêts, y compris la modification, par voie de résolution extraordinaire (une **Résolution Extraordinaire**), des Titres (exception faite des titulaires des Titres NRC), des Reçus, des Coupons ou de certaines dispositions du Contrat de Service Financier. Cette assemblée pourra être convoquée par l'Emetteur ou le Garant à tout moment, ou par des Titulaires de Titres détenant 10 pour cent au moins du montant nominal des Titres en circulation au moment considéré. Le quorum requis pour l'adoption d'une Résolution Extraordinaire est fixé à une ou plusieurs personnes présentes, détenant ou représentant au total 50 pour cent au moins du montant nominal des Titres en circulation au moment considéré, et, lors de toute assemblée tenue après ajournement, à une ou plusieurs personnes présentes, Titulaires de Titres ou représentant des Titulaires de Titres, quel que soit le montant nominal des Titres ainsi détenus ou représentés; par exception à ce principe, le quorum requis pour l'adoption d'une Résolution Extraordinaire, lors de toute assemblée générale dont l'ordre du

jour comporte la modification de certaines dispositions des Titres, Reçus ou Coupons (y compris, sans caractère limitatif, la modification de la date d'échéance des Titres, la réduction ou l'annulation du montant en principal ou du taux d'intérêt payable sur les Titres, ou la modification de la devise de paiement des Titres, Reçus ou Coupons), la modification de la majorité exigée afin de passer une Résolution Extraordinaire, la sanction de tout plan ou proposition pour l'échange ou la vente d'actions, de titres, d'obligations et/ou autres obligations et/ou titres de l'Emetteur (tel que plus amplement décrit dans le Contrat de Service Financier) est fixé à une ou plusieurs personnes présentes, détenant ou représentant les deux tiers au moins, ou, lors d'une assemblée tenue sur deuxième convocation, le tiers au moins, du montant nominal des Titres en circulation au moment considéré. Toute Résolution Extraordinaire adoptée lors d'une assemblée générale des Titulaires de Titres liera tous les Titulaires de Titres, qu'ils soient ou non présents lors de cette assemblée, ainsi que tous les Titulaires de Reçus et tous les Titulaires de Coupons. L'Agent Fiscal, l'Emetteur et le Garant pourront, sans devoir obtenir l'accord des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, convenir d'apporter toute modification aux Titres, aux Reçus, aux Coupons ou au Contrat de Service Financier, dès lors qu'elle (i) vise à corriger ou remédier à une ambiguïté ou à une disposition erronée ou incohérente de ceux-ci, ou est de nature formelle, mineure ou technique, ou (ii) n'est pas préjudiciable aux intérêts des Titulaires de Titres, des Titulaires de Reçus et/ou des Titulaires de Coupons (sous réserve que la modification proposée n'ait pas trait à une question qui devrait faire l'objet d'une Résolution Extraordinaire si une assemblée générale des Titulaires de Titres était tenue pour examiner cette modification), ou (iii) vise à corriger une erreur manifeste ou prouvée; ou (iv) vise à se conformer aux dispositions impératives de la loi. Toute modification de cette nature liera les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons, et devra être notifiée dès que possible aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

En ce qui concerne les Titres NRC autres que les Titres EUI, l'Emetteur pourra décider, sans devoir obtenir l'accord des Titulaires de Titres, d'apporter (a) toute modification aux Titres dès lors qu'elle n'est pas préjudiciable aux intérêts des Titulaires de Titres, ou (b) toutes modifications aux Titres qui est de nature formelle, mineure ou technique, ou vise à corriger une erreur manifeste ou prouvée, ou à se conformer aux dispositions impératives de la loi du ressort du lieu d'immatriculation de l'Emetteur. Toute modification de cette nature liera les Titulaires de Titres et devra être notifiée dès que possible aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

Le Contrat de Service Financier EUI contient des dispositions réglementant la convocation des assemblées des Titulaires de Titres EUI, en vue d'examiner toute question affectant leurs intérêts, y compris la modification, par voie de Résolution Extraordinaire (telle que définie dans le Contrat de Service Financier EUI), des Titres EUI ou de certaines dispositions du Contrat de Service Financier EUI. Cette assemblée pourra être convoquée par l'Emetteur ou le Garant. Au moins 21 jours francs avant la tenue de l'assemblée, celle-ci devra être notifiée aux Titulaires de Titres EUI, par un avis indiquant le lieu, la date et l'heure de celle-ci. Le quorum requis pour l'adoption d'une Résolution Extraordinaire est fixé à une ou plusieurs personnes présentes, détenant ou représentant au total 50 pour cent au moins du montant nominal des Titres EUI en circulation au moment considéré, ou, lors de toute assemblée tenue après ajournement, à une ou plusieurs personnes présentes, Titulaires de Titres EUI ou représentant des Titulaires de Titres EUI, quel que soit le montant nominal des Titres EUI ainsi détenus ou représentés; par exception à ce principe, le quorum requis pour l'adoption d'une résolution dont l'ordre du jour comporte la modification de certaines dispositions des Titres EUI (y compris, sans caractère limitatif, la modification de la date d'échéance des Titres EUI, la réduction ou l'annulation du montant en principal ou du taux d'intérêt payable sur les Titres EUI, ou la modification de la devise de paiement des Titres EUI), la modification de la majorité exigée afin de passer une Résolution Extraordinaire, la sanction de tout plan ou proposition pour l'échange ou la vente des Titres, la conversion des Titres, l'annulation des Titres en lien avec les actions, titres, obligations et/ou autres obligations et/ou titres de l'Emetteur (tel que plus amplement décrit dans le Contrat de Service Financier EUI) est fixé à une ou plusieurs personnes présentes, détenant ou représentant les deux tiers au moins, ou, lors d'une assemblée tenue sur deuxième convocation, le tiers au moins, du montant nominal des Titres EUI en circulation au moment considéré. Toute Résolution Extraordinaire adoptée lors d'une assemblée générale des Titulaires de Titres EUI liera tous les Titulaires de Titres EUI, qu'ils soient ou non présents lors de cette assemblée. Les résolutions peuvent être adoptées par écrit si elles sont adoptées à l'unanimité.

L'Agent EUI et l'Emetteur pourront décider, sans devoir obtenir l'accord des Titulaires de Titres, d'apporter

- (a) toute modification (sauf telle que mentionnée ci-dessus) aux Titres EUI ou au Contrat de Service Financier EUI dès lors qu'elle n'est pas préjudiciable aux intérêts des Titulaires de Titres EUI; ou
- (b) toutes modifications aux Titres EUI ou au Contrat de Service Financier EUI qui est de nature formelle, mineure ou technique, ou vise à corriger une erreur manifeste ou prouvée, ou à supprimer toute ambiguïté ou à se conformer aux dispositions impératives de la loi.

Toute modification de cette nature liera les Titulaires de Titres EUI et devra être notifiée dès que possible aux Titulaires de Titres, étant entendu que la défaut de notification, ou l'absence de réception de notification n'affectera pas la validité de l'une quelconque de ces modifications.

Les dispositions des articles 86 à 94-8 de la loi luxembourgeoise du 10 août 1915 concernant les sociétés commerciales, telle que modifiée (la **Loi sur les Sociétés de 1915**), n'est pas applicable aux Titres.

Nonobstant ce qui précède, toute décision des titulaires des Titres de modifier l'objet social de l'Emetteur, la forme de l'Emetteur, de modifier la nationalité de l'Emetteur et/ou d'augmenter les engagements des actionnaires de l'Emetteur sera exclusivement prise, et toute assemblée de titulaires de Titres se prononçant sur ces sujets devra être convoquée et réunie conformément à la Loi sur les Sociétés de 1915, aussi longtemps que des dispositions spécifiques seront prévues par la Loi sur les Sociétés de 1915.

## 16. EMISSIONS SUPPLEMENTAIRES ET CONSOLIDATION

L'Emetteur pourra créer et émettre, de temps à autre et sans le consentement des Titulaires, des Titulaires de Reçus ou des Titulaires de Coupons, des titres supplémentaires qui seront assimilés aux Titres en circulation et formeront une série unique avec eux, sous réserve que ces Titres et les titres supplémentaires confèrent des droits identiques à tous égards, et soient régis par les mêmes Modalités (sauf en ce qui concerne leur Date d'Emission, la Date de Début de Période d'Intérêts, le Prix d'Emission et/ou le montant et la date du premier paiement des intérêts sur ceux-ci).

L'Emetteur aura la faculté, de temps à autre lors de toute Date de Paiement des Intérêts se trouvant à la date ou après la date indiquée pour la redénomination des Titres conformément à la Modalité 1, en le notifiant au moins 30 jours à l'avance aux Titulaires de Titres conformément à la Modalité 14, sans devoir obtenir le consentement des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, de consolider les Titres avec les Titres d'une ou plusieurs autres émissions qu'il aura effectuées, que ces Titres aient ou non été émis à l'origine dans l'une des devises nationales européennes ou en euros, sous réserve que ces autres Titres aient été relibellés en euros (si tel n'était pas le cas à l'origine) et aient, par ailleurs, pour toutes les périodes suivant cette consolidation, les mêmes modalités que les Titres.

Cette Modalité 6(g) n'est pas applicable aux Titres Indexés sur Actions de Préférence ou aux Titres Indexés sur Warrant.

## 17. AJUSTEMENTS ET PERTURBATION

Dans le cas des Titres à Règlement Physique, des Titres Indexés et des Titres Assortis de Sûretés, les Conditions Définitives applicables et (s'il y a lieu) un Supplément au présent Prospectus de Base contiendront (le cas échéant) des dispositions relatives aux ajustements des Actifs Sous-Jacents et de tout(s) indice(s) sous-jacent(s), ainsi qu'aux cas de perturbation du règlement et de perturbation du marché (y compris, sans caractère limitatif et si besoin est, des définitions appropriées des **Cas d'Ajustement Potentiels**, **Cas de Perturbation du Règlement** et **Cas de Perturbation du Marché** et des informations détaillées sur les conséquences de ces événements) par exception à ce principe, pour les Titres à Règlement Physique, les Titres Assortis de Sûretés ou les Titres qui sont des Titres Indexés sur des Titres de Capital, des Titres Indexés sur des Fonds, des Titres

Indexés sur Marchandises, des Titres Indexés sur un Événement de Crédit ou des Titres Indexés sur un Portefeuille d'Actifs Gérés, ces ajustements du sous-jacent et ces cas de perturbation du règlement ou du marché seront soumis aux dispositions de l'Annexe Technique, sauf disposition contraire des Conditions Définitives applicables.

#### 18. LOI BRITANNIQUE SUR LES CONTRATS (DROITS DE TIERS) DE 1999

Les Titres ne confèrent aucun droit de poursuivre l'exécution forcée de tout terme ou condition des Titres en vertu de la Loi britannique sur les Contrats (Droits de Tiers) de 1999 (*Contracts (Rights of Third Parties) Act 1999*), mais cette disposition n'affecte aucun droit ou recours qu'un tiers peut détenir ou exercer sur la base de tout autre fondement que cette Loi.

#### 19. LOI APPLICABLE ET ATTRIBUTION DE COMPETENCE

Le Contrat de Service Financier, le Contrat de Service Financier EUI, le *Deed of Covenant*, le *Deed Poll*, le *Portfolio Management Deed* (Convention de Gestion de Portefeuille) (éventuel), la Garantie, les Titres (excepté les Titres NRC, qui seront régis par les lois de la juridiction spécifiée dans les Conditions Définitives applicables, et interprétés selon ces mêmes lois), les Reçus et les Coupons, et tous engagements non-contractuels du Contrat de Service Financier, du *Deed of Covenant*, du *Deed Poll*, du *Portfolio Management Deed* (éventuel), de la Garantie, des Titres, des Reçus et des Coupons, ou s'y rapportant, seront régis par le droit anglais, qui gouvernera également leur interprétation.

L'Emetteur convient irrévocablement par les présentes, au bénéfice des Titulaires de Titres, des Titulaires de Reçus et des Titulaires de Coupons, que les tribunaux anglais seront exclusivement compétents pour régler tous différends pouvant découler ou être en relation avec des Titres, des Reçus et/ou des Coupons ou s'y rapporter, et il se soumet en conséquence à la compétence exclusive des tribunaux anglais.

L'Emetteur renonce à invoquer toute exception d'incompétence territoriale, personnelle ou matérielle à l'égard des tribunaux anglais. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons pourront engager à l'encontre de l'Emetteur toutes poursuites, actions ou procédures (l'ensemble étant dénommé: **Procédure**) découlant ou en relation avec des Titres, des Reçus et des Coupons et tous engagements non-contractuels découlant ou en relation avec des Titres, des Reçus et des Coupons ou s'y rapportant, devant tout autre tribunal compétent ainsi que des Procédures concurrentes devant plusieurs juridictions.

L'Emetteur nomme Société Générale, London Branch (**SGLB**), actuellement située à SG House, 41 Tower Hill, Londres EC3N 4SG, en qualité de mandataire chargé de recevoir la signification des actes de procédure pour son compte et s'engage, dans le cas où SGLB cesserait d'agir en cette qualité ou d'être immatriculé en Angleterre, à nommer une autre personne en qualité de mandataire chargé de recevoir la signification des actes de procédure en Angleterre pour son compte, au titre de toute Procédure. Aucune disposition des présentes n'affectera le droit de signifier les actes de procédure de toute autre manière autorisée par la loi.

Aux termes du Contrat de Service Financier, du Contrat de Service Financier EUI, du *Deed of Covenant*, du *Deed Poll*, du *Portfolio Management Deed* (éventuel) et de la Garantie, l'Emetteur et, s'il y a lieu, le Garant se sont soumis à la compétence des tribunaux anglais et ont nommé un mandataire chargé de recevoir les actes de procédure dans des termes substantiellement identiques à ceux qui précèdent.

## MODALITES DES TITRES DE DROIT FRANCAIS

*Les dispositions suivantes, avec l'Annexe Technique (le cas échéant), constituent les Modalités des Titres régis par le droit français devant être émis par l'Emetteur. Elles seront applicables aux Titres, sous réserve des dispositions qui pourront venir les modifier, les amender et les compléter conformément aux dispositions des Conditions Définitives applicables. Dans le cas des Titres Dématérialisés, ni l'Annexe Technique ni le texte des Modalités ne seront reproduits sur des titres de propriété physiques, mais ces Titres Dématérialisés seront néanmoins régis par le texte suivant et celui de l'Annexe Technique (le cas échéant), tels que complétés, amendés ou modifiés par les Conditions Définitives applicables. Dans le cas des Titres Matérialisés, (i) le texte intégral des présentes Modalités, de l'Annexe Technique (le cas échéant), et des Conditions Définitives applicables, ou (ii) les présentes Modalités, ainsi que l'Annexe Technique (le cas échéant), tels que complétés, amendés ou modifiés (sous réserve de simplification par la suppression des dispositions inapplicables), seront reproduits sur les Titres Définitifs Matérialisés au Porteur. Tous les termes commençant par des majuscules qui ne sont pas définis dans les présentes Modalités ou l'Annexe Technique (le cas échéant) auront la signification qui leur est donnée dans les Conditions Définitives applicables. Les références faites dans les présentes Modalités aux "Titres" visent les Titres d'une même Série, et non tous les Titres émis dans le cadre du Programme.*

***Les Titres Dématérialisés de Droit Français qui sont désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout droit dans ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou à, ou pour le compte ou au profit de, une U.S. Person et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à, ou pour le compte ou au profit de, une U.S. Person, ne sera pas reconnu. Les Titres de Droit Français ne peuvent être à aucun moment la propriété légale ou effective d'une U.S. Person, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des U.S. Persons, au sens de la Regulation S.***

***Les Titres Dématérialisés de Droit Français qui ne sont pas désignés comme étant des Titres avec Restriction Permanente et les Titres Matérialisés de Droit Français, ou tout droit dans ceux-ci, ne peuvent être offerts ni vendus aux Etats-Unis, ni à des U.S. Persons ou pour leur compte ou à leur profit, excepté en vertu d'une dispense des obligations d'enregistrement instituées par le U.S. Securities Act, dans le cadre d'une transaction qui n'aura pas pour conséquence d'obliger l'Emetteur ou le Garant, selon le cas, à se faire enregistrer en vertu de l'U.S. Investment Company Act.***

Les références faites dans les présentes à l'**Emetteur** visent SG Issuer.

Les Titres sont émis par l'Emetteur avec le bénéfice d'un contrat de service financier en date du 26 juin 2012 (le **Contrat de Service Financier de Droit Français**, expression désignant ce contrat tel qu'il pourra être modifié et/ou complété et/ou mis à jour de temps à autre) conclu notamment entre l'Emetteur, le Garant (tel que défini ci-dessous), Société Générale Bank & Trust en qualité d'agent fiscal et, si les Conditions Définitives applicables le prévoient, en qualité d'agent de calcul (l'**Agent Fiscal** et l'**Agent de Calcul** respectivement, expression désignant également dans chaque cas tout agent successeur ou supplémentaire ou tout autre agent de calcul nommé de temps à autre et spécifié dans les Conditions Définitives applicables), et les autres agents payeurs nommément indiqués dans ce contrat (ces agents payeurs, ensemble avec l'Agent Fiscal, les **Agents Payeurs**, expression désignant également tous agents payeurs successeurs ou supplémentaires nommés de temps à autre).

Les titulaires de Titres Dématérialisés et de Titres Matérialisés (tels que chacun de ces termes est défini ci-dessous), les titulaires de coupons d'intérêts (les **Coupons**) se rapportant à des Titres Matérialisés productifs d'intérêts et, s'il y a lieu dans le cas de ces Titres, de talons (les **Talons**) pour les Coupons supplémentaires (les **Titulaires de Coupons**) et les titulaires des reçus (les **Reçus**) pour le paiement des remboursements

échelonnés du principal (les **Titulaires de Reçus**) afférents aux Titres Matérialisés dont le principal est remboursable de manière échelonnée, sont réputés avoir connaissance de toutes les dispositions du Contrat de Service Financier qui leur sont applicables.

Toute référence faite dans les présentes à Euroclear France, Euroclear et/ou Clearstream, Luxembourg (tel que chacun de ces termes est défini ci-dessous), sera réputée viser également, si le contexte le permet, tout système de compensation supplémentaire ou de remplacement spécifié dans les Conditions Définitives applicables.

Les conditions définitives applicables aux Titres (ou toutes autres dispositions pertinentes de celles-ci) sont précisées dans la Partie A des Conditions Définitives concernées. Les Conditions Définitives applicables (ou toutes autres dispositions pertinentes de celles-ci) complètent les présentes Modalités (les **Modalités**) et peuvent prévoir d'autres modalités qui, dans la mesure où elles spécifieraient remplacer ou contrediraient les présentes Modalités, remplaceraient ou modifieraient ces Modalités pour les besoins des Titres concernés. Les références faites dans les présentes aux **Conditions Définitives applicables** désignent la Partie A des Conditions Définitives (ou toutes autres dispositions pertinentes de celles-ci) et, s'il y a lieu, toutes annexes aux Conditions Définitives, préparées en relation avec les Titres concernés.

Aux fins des présentes, **Tranche** désigne des Titres qui sont identiques à tous égards, et **Série** désigne une Tranche de Titres et toute(s) Tranche(s) de Titres ultérieures qui sont (a) stipulées consolidées et formant une seule série avec l'émission d'origine, et (b) identiques à tous égards, excepté en ce qui concerne leur Date d'Emission, leur Date de Début de Période d'Intérêts et/ou leur Prix d'Emission respectifs.

Des copies du Contrat de Service Financier de Droit Français, du Contrat de Service Financier Suisse (s'il y a lieu), et de la Garantie, sont disponibles pour consultation pendant les heures ouvrables normales au siège de l'Emetteur et du Garant, et dans l'établissement désigné de chacun des Agents Payeurs. Des copies des Conditions Définitives applicables sont disponibles sur le site internet [www.bourse.lu](http://www.bourse.lu) et peuvent être obtenues au siège de l'Emetteur et du Garant, et dans l'établissement désigné de chacun des Agents Payeurs, étant précisé que dans le cas où le présent Titre serait un Titre à Placement Privé (tel que défini ci-dessous), les Conditions Définitives applicables ne pourront être obtenues que par un Titulaire de Titres détenant un ou plusieurs de ces Titres, qui devra produire à l'Emetteur concerné, au Garant ou, selon le cas, à l'Agent Payeur concerné, une preuve jugée satisfaisante de sa détention de ces Titres et de son identité. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons sont réputés avoir été avisés et bénéficier de toutes les dispositions du Contrat de Service Financier de Droit Français, du Contrat de Service Financier Suisse (s'il y a lieu), de la Garantie (s'il y a lieu), de l'Acte de Gestion de Portefeuille de Droit Français (*French Law Portfolio Management Deed*) (s'il y a lieu), et des Conditions Définitives concernées. Les dispositions des présentes Modalités contiennent des résumés des dispositions détaillées du Contrat de Service Financier de Droit Français et, s'il y a lieu, du Contrat de Service Financier Suisse, et les présentes Modalités s'entendent sous réserve de ces dispositions détaillées. Dans le présent paragraphe, **Titre à Placement Privé** désigne tout Titre qui n'est pas (i) offert au public dans l'EEE au titre de l'article 3.1 de la Directive 2003/71/CE (telle que modifiée par la Directive 2010/73/UE (la **Directive de 2010 Modifiant la DP**) (la **Directive Prospectus**) (exception faite de ce qui est stipulé à l'article 3.2 de la Directive Prospectus), ou (ii) admis à la négociation dans l'EEE au titre de l'article 3.3 de la Directive Prospectus.

Les termes et expressions définis dans le Contrat de Service Financier de Droit Français ou employés dans les Conditions Définitives applicables auront la même signification lorsqu'ils sont employés dans les présentes Modalités, à moins que le contexte n'exige qu'il en soit autrement ou sauf disposition contraire, étant entendu qu'en cas de divergence entre le Contrat de Service Financier de Droit Français et les Conditions Définitives applicables, les Conditions Définitives applicables prévaudront.

Dans les présentes Modalités, le **Garant** désigne Société Générale en sa qualité de garant en vertu de la Garantie (telle que définie dans la Modalité 2(b)).

## 1. FORME, VALEUR NOMINALE, REDENOMINATION ET PROPRIETE

### (a) *Forme*

Les Titres peuvent être émis soit sous forme dématérialisée (les **Titres Dématérialisés**) soit sous forme matérialisée (les **Titres Matérialisés**).

- (i) La propriété des Titres Dématérialisés sera établie par inscription en compte, conformément aux articles L. 211-3 et suivants et R.211-1 du Code monétaire et financier. Aucun document physique (y compris les certificats représentatifs visés à l'article R.211-7 du Code monétaire et financier) ne sera émis en représentation des Titres Dématérialisés.

Les Titres Dématérialisés sont émis, au gré de l'Emetteur, soit sous forme dématérialisée au porteur, auquel cas ils seront inscrits dans les livres d'Euroclear France (**Euroclear France**), qui créditera les comptes des Teneurs de Compte Euroclear France, soit sous forme dématérialisée au nominatif, auquel cas ils seront inscrits, au choix du Titulaire de Titres concerné, soit au nominatif administré, dans les livres d'un Teneur de Compte Euroclear France, soit au nominatif pur, dans un compte tenu dans les livres d'Euroclear France détenu par l'Emetteur ou par un agent des registres (désigné dans les Conditions Définitives concernées) agissant pour le compte de l'Emetteur (l'**Agent des Registres**).

Dans les présentes Modalités, **Teneur de Compte Euroclear France** désigne tout intermédiaire financier habilité à détenir des comptes, directement ou indirectement, pour le compte de ses clients auprès d'Euroclear France, et désigne également Euroclear Bank S.A./N.V. (**Euroclear**) et la banque dépositaire pour Clearstream Banking, société anonyme (**Clearstream, Luxembourg**).

- (ii) Les Titres Matérialisés sont émis sous la forme au porteur (**Titres Matérialisés au Porteur**). Les Titres Matérialisés au Porteur sont numérotés en série et émis avec des Coupons (et, le cas échéant, avec un Talon) qui y sont attachés, excepté dans le cas de Titres Zéro Coupon pour lesquels les références aux intérêts (autres que relatives aux intérêts dus après la Date d'Echéance), Coupons et Talons dans les présentes Modalités ne sont pas applicables. Les Titres à Remboursement Echelonné sont émis avec un ou plusieurs Reçus attachés.

*Conformément aux articles L.211-3 et R.211-1 du Code monétaire et financier, les Titres Matérialisés (constituant des valeurs mobilières) et régis par le droit français doivent être émis hors du territoire français.*

Les Titres peuvent être des Titres à Taux Fixe, des Titres à Taux Flottant, des Titres Zéro Coupon, des Titres Indexés, des Titres à Taux Fixe/Flottant, des Titres à Règlement Physique, des Titres Libellés en deux Devises ou des Titres Partiellement Libérés, ou une combinaison de plusieurs des titres précités, en fonction des rubriques Intérêts/Paiement/Base de Remboursement indiquées dans les Conditions Définitives applicables, ou tout autre type de Titre indiqué dans les Conditions Définitives applicables. Toute référence faite dans les présentes à des **Titres à Règlement Physique** désigne toute Série de Titres spécifiée comme telle dans les Conditions Définitives applicables, étant précisé que ces Titres sont liés à un ou plusieurs Actifs Sous-Jacents décrits dans les Conditions Définitives applicables.

(b) *Valeur(s) Nominale(s)*

Les Titres seront émis dans la (les) valeur(s) nominale(s) indiquée(s) dans les Conditions Définitives concernées (la/les **Valeur(s) Nominale(s) Indiquée(s)**). Les Titres Dématérialisés devront uniquement être émis dans une seule et même Valeur Nominale.

(c) *Propriété*

- (i) La propriété des Titres Dématérialisés au porteur et au nominatif administré se transmet, et le transfert de ces Titres ne s'effectue que par inscription du transfert dans les comptes des Teneurs de Compte Euroclear France. La propriété des Titres Dématérialisés au nominatif pur se transmet, et le transfert de ces Titres ne peut être effectué que par inscription du transfert dans les comptes d'Euroclear France tenus par l'Emetteur ou l'Agent des Registres. Afin d'éviter toute ambiguïté, en cas de divergence entre les informations contenues dans tout registre tenu en relation avec tout Titre régi par les Modalités et les informations contenues dans le registre des Titres nominatifs tenu au siège social de l'Emetteur (ci-après le **Registre de l'Emetteur**), le Registre de l'Emetteur prévaudra pour les besoins du droit luxembourgeois.
- (ii) La propriété des Titres Matérialisés au Porteur sous forme définitive ayant, le cas échéant, des Coupons, un ou plusieurs Reçus, et/ou un Talon attachés lors de l'émission (**Titres Définitifs Matérialisés au Porteur**), se transmet par tradition.
- (iii) Sous réserve d'une décision judiciaire rendue par un tribunal compétent ou des dispositions légales applicables, le Titulaire de tout Titre, Reçu, Coupon ou Talon sera réputé en être le seul et unique propriétaire et pourra être traité comme tel, à tous effets et pour tous besoins, que ce Titre, Reçu, Coupon ou Talon soit ou non arriéré et nonobstant toute notice de propriété, tout intérêt y afférent ou autre légende apposée sur celui-ci, ou toute notice de perte ou vol antérieur de celui-ci, et personne n'encourra une responsabilité quelconque pour avoir traité le titulaire de cette manière.
- (iv) Dans les présentes Modalités, titulaire ou Titulaire de Titres désigne (i) dans le cas de Titres Dématérialisés, la personne dont le nom apparaît dans le compte du Teneur de Compte Euroclear France concerné, de l'Emetteur ou de l'Agent des Registres (selon le cas) comme étant le propriétaire de ces Titres, (ii) dans le cas de Titres Matérialisés, le porteur de tout Titre Définitif Matérialisé au Porteur et des Reçus, Coupons ou Talons y afférents, et les termes commençant par des majuscules auront la signification qui leur est donnée dans les Conditions Définitives applicables, l'absence de laquelle indiquant que ce terme n'est pas applicable aux Titres.

(d) *Conversion des Titres Dématérialisés*

- (i) Les Titres Dématérialisés émis au porteur ne peuvent pas être convertis en Titres Dématérialisés au nominatif, que ce soit au nominatif pur ou au nominatif administré;
- (ii) Les Titres Dématérialisés émis au nominatif ne peuvent pas être convertis en Titres Dématérialisés au porteur;
- (iii) Les Titres Dématérialisés émis au nominatif pur peuvent, au gré du Titulaire des Titres, être convertis en Titres au nominatif administré, et inversement. L'exercice d'une telle option par ledit Titulaire devra être effectué conformément à

l'article R.211-4 du Code monétaire et financier. Toute conversion de cette nature sera opérée aux frais du Titulaire de Titres concerné.

(e) *Echange de Titres Matérialisés*

Les Titres Matérialisés au Porteur d'une Valeur Nominale ne peuvent pas être échangés contre des Titres Matérialisés au Porteur ayant une autre Valeur Nominale.

(f) *Redénomination*

L'Emetteur pourra (si les Conditions Définitives applicables le prévoit), lors de toute Date de Paiement des Intérêts indiquée dans les Conditions Définitives applicables, sans devoir obtenir le consentement des Titulaires de Titres, en le notifiant au moins 30 jours à l'avance conformément à la Modalité 13, et à partir de ou après la date à laquelle l'Etat Membre de l'UE dans la monnaie nationale duquel les Titres sont libellés sera devenu un Etat Membre participant à la troisième étape de l'Union Economique et Monétaire Européenne (conformément au Traité sur le Fonctionnement de l'Union Européenne (l'**UE**), telle que modifié de temps à autre (le **Traité**)), ou à partir de la date de survenance d'événements produisant substantiellement les mêmes effets (dans l'un et l'autre cas: **UEM**), choisir de relibeller tous, et non pas une partie seulement, des Titres d'une Souche quelconque en euros, et ajuster en conséquence le montant en principal total et la ou les Valeur(s) Nominale(s) indiquées dans les Conditions Définitives applicables, dans les conditions décrites ci-dessous. La date à laquelle cette redénomination prendra effet sera dénommée **Date de Redénomination** dans les présentes Modalités.

La redénomination des Titres conformément au paragraphe ci-dessus sera effectuée en convertissant le montant principal de chaque Titre libellé dans la monnaie nationale concernée en Euro, en appliquant le taux de conversion fixe entre cette monnaie nationale et l'euro tel qu'établi par le Conseil de l'Union Européenne conformément à l'article 140 du Traité et en arrondissant le chiffre en résultant au centième d'euro le plus proche (0,005 euro étant arrondi au centième d'euro supérieur), et si l'Emetteur estime, avec l'accord de l'Agent Fiscal, que la pratique de marché relative à la redénomination en euro de titres financiers offerts internationalement diffère des dispositions ci-dessus, ces dispositions seront réputées avoir été modifiées pour être conformes avec cette pratique de marché et l'Emetteur notifiera immédiatement aux Titulaires de Titres la bourse (s'il y en a une) sur laquelle les Titres peuvent être cotés et les Agents Payeurs pour les besoins de ces modifications.

Si l'Emetteur en décide ainsi, le chiffre résultant de la conversion du montant principal de chaque Titre après application du taux de conversion fixe entre la monnaie nationale concernée et l'euro sera arrondi à l'euro inférieur le plus proche. Les valeurs nominales des Titres en euro ainsi déterminées devront être notifiées aux Titulaires de Titres conformément à la Modalité 13. Tout solde résultant de la redénomination d'une valeur supérieure à 0,01 euro devra être payé au moyen d'une soulte arrondie au centième d'euro le plus proche (0,005 euro étant arrondi au centième d'euro supérieur). Cette soulte sera payable en euros à la Date de Redénomination selon la méthode qui sera notifiée par l'Emetteur aux Titulaires de Titres.

A la suite d'une redénomination de Titres, toute référence faite à la devise nationale concernée devra être interprétée comme une référence à l'euro.

A moins qu'il en soit disposé autrement, l'Emetteur pourra, avec l'accord préalable de l'Agent Fiscal, dans le cadre d'une redénomination effectué conformément à la présente Modalité ou d'une consolidation effectué conformément à la Modalité 13, sans devoir obtenir le consentement des Titulaires de Titre, apporter tout changement ou ajout qu'il estime raisonnablement nécessaire ou souhaitable aux dispositions des présentes Modalités ou à la Modalité 13 (y compris, notamment, tout changement de toute définition applicable de jour ouvré, convention de jour ouvré, de principal centre financier du pays de la Devise Prévue, de la base de calcul des intérêts et du taux de référence), en tenant compte de la pratique de marché en ce qui concerne les titres de créance émis sur l'euromarché relibellés en euro,

dès lors qu'il estimera que ces changements et ajouts ne sont pas préjudiciables aux intérêts des Titulaires de Titres. Tous ces changements ou ajouts auront, sauf erreur manifeste, force obligatoire à l'encontre des Titulaires de Titres, Reçus, Coupons et Talons et seront notifiés dès que possible aux Titulaires de Titres conformément à la Modalité 13.

Ni l'Emetteur ni aucun des Agents Payeurs ne répondra envers un Titulaire de Titre quel qu'il soit ou toute autre personne de toutes commissions, ou de tous coûts, pertes ou dépenses qui résulteraient directement ou indirectement d'une opération de crédit ou de virement en euros, de la conversion d'une devise quelconque ou de l'arrondissement opéré dans ce contexte.

## 2. RANG DE CREANCE DES TITRES ET DE LA GARANTIE

### *Rang de créance des Titres*

Les Titres Non Assortis de Sûretés constitueront des obligations directes, inconditionnelles et non assorties de sûretés et non subordonnées de l'Emetteur et viendront au même rang entre elles sans préférence et (sous réserve des dispositions impératives de la loi en vigueur au moment considéré) au moins au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

Les Titres Assortis de Sûretés constitueront des obligations directes, inconditionnelles, assorties de sûretés, limitées en recours et non subordonnées de l'Emetteur et viendront au même rang entre elles sans préférence et (sous réserve des dispositions contraires de la loi en vigueur au moment considéré) au moins au même rang que toutes autres obligations directes, inconditionnelles, assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

### *Garantie*

Le paiement à bonne date de tous montants dus par l'Emetteur au titre de toute Série de Titres est inconditionnellement et irrévocablement garanti par le Garant, conformément aux dispositions de l'acte de garantie en langue française en date du 26 juin 2012 (la **Garantie**); étant entendu que (i) la Garantie ne s'applique pas à toute Série de Titres émise à la date ou après la date de la Garantie, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série de Titres, comme indiqué dans les Conditions Définitives applicables (le **Montant Nominal Total**) et (B) la somme des Montants Nominaux Totaux de chaque Série de Titres (telle que définie dans le Contrat de Service Financier) en circulation à cette Date d'Emission, convertis dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, serait égale à un montant excédant 5.000.000.000 € (la **Limite de la Garantie**), et (ii) dans le cas de Titres à Règlement Physique (comme indiqué dans les Conditions Définitives applicables, un **Montant de Règlement Physique**), au titre desquels l'obligation garantie concernée de l'Emetteur est une obligation de transférer le ou les Actifs Sous-Jacents pour un Montant de Règlement Physique, le Garant sera obligé, à la place de ce transfert, de payer un montant en espèces dans la Devise Prévue concernée égal à la juste valeur de marché (telle que déterminée par l'Agent de Calcul à sa seule discrétion, mais d'une manière commercialement raisonnable, à la date ou autour de la date prévue pour le transfert de l'Actif ou des Actifs Sous-Jacents est dû au titre du Montant de Règlement Physique) de l'Actif ou des Actifs Sous-Jacents correspondant(s) à ce Montant de Règlement Physique. Pour les besoins de la présente Modalité, toutes les références à "la Garantie" et expressions liées doivent s'entendre comme faisant référence à la Garantie et à la version en langue anglaise de la garantie conclue pour les Séries de Titres pour lesquelles la langue anglaise est la langue faisant foi (la **Garantie Anglaise**), et pour lesquelles le montant nominal des Titres couverts par la Garantie Anglaise n'excédera pas, quand ce montant sera ajouté (i) au montant nominal des Titres couverts dans le cadre de la Garantie et (ii) au Montant Nominal Total des Titres de chaque Série de Titres émis et non encore remboursés ou amortis, la Limite de la Garantie.

La Garantie constitue une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes ou futures, y compris celles découlant de dépôts, mais à l'exclusion de toutes dettes privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

### 3. INTERETS

#### (a) Intérêts sur les Titres à Taux Fixe

##### (1) Titres à Taux Fixe Non Ajusté

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Non Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse) au(x) taux annuel(s) égal(ux) au(x) Taux d'Intérêt. Les intérêts seront payables à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année, jusqu'à la Date d'Echéance (incluse).

Sauf disposition contraire des Conditions Définitives applicables, si les Titres sont des Titres Définitifs Matérialisés au Porteur, le montant des intérêts payables à chaque Date de Paiement des Intérêts pour la Période d'Intérêts finissant à cette date, s'élèvera au Montant du Coupon Fixe (le **Montant du Coupon Fixe**). Les paiements d'intérêts à toute Date de Paiement des Intérêts s'élèveront, si les Conditions Définitives le prévoient, au Montant Brisé ainsi spécifié (le **Montant Brisé**).

Excepté dans le cas de Titres qui sont des Titres Définitifs Matérialisés au Porteur pour lesquels un Montant de Coupon Fixe ou un Montant Brisé est prévu dans les Conditions Définitives applicables, les intérêts seront calculés pour toute période en appliquant le Taux d'Intérêt indiqué dans les Conditions Définitives applicables (le **Taux d'Intérêt**):

- (i) dans le cas de Titres à Taux Fixe qui sont des Titres Dématérialisés ou des Titres représentés par un Titre Global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci); ou
- (ii) dans le cas de Titres à Taux Fixe qui sont des Titres Définitifs Matérialisés au Porteur, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité (telle que définie ci-dessous) la plus proche de la Devise Prévue concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément aux Conditions Définitives applicables. Si la Valeur Nominale d'un Titre à Taux Fixe qui est un Titre Définitif Matérialisé au Porteur est un multiple du Montant de Calcul, le montant des intérêts payables s'agissant de ce Titre à Taux Fixe sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

##### (2) Titres à Taux Fixe Ajusté

- (i) Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque

année spécifiée(s) dans les Conditions Définitives applicables, étant précisé que (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si toute Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour ouvré spécifiée est:

- (A) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche; ou
- (B) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche, à moins qu'il ne tombe, ce faisant, au cours du mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche; ou
- (C) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche,

et l'expression **Date de Paiement des Intérêts** devra être interprétée en conséquence.

- (ii) L'Agent Fiscal calculera le montant des intérêts (le **Montant des Intérêts à Taux Fixe Ajusté**) payable pour les Titres à Taux Fixe Ajusté pour chaque Valeur Nominale pour la Période d'Intérêts concernée. Chaque Montant d'Intérêts sera calculé en appliquant le Taux d'Intérêt à chaque Valeur Nominale, et en multipliant cette somme par la Fraction de Décompte des Jours, puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche (telle que définie ci-dessous) de la Devise Prévue concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable.

L'Agent Fiscal fera en sorte que le Montant des Intérêts à Taux Fixe Ajusté pour chaque Période d'Intérêts et la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse sur laquelle les Titres à Taux Fixe Ajusté concernés sont alors admis à la cote officielle, et qu'un avis correspondant soit publié conformément à la Modalité 13, dès que possible après le calcul ou la détermination de ce montant et cette date (étant entendu qu'en cas de notification à toute bourse, cet avis sera donné au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date convenue pour cette détermination ou ce calcul, dès que possible à cette date ou après cette date). Chaque Montant d'Intérêts à Taux Fixe Ajusté et chaque Date de Paiement des Intérêts ainsi notifiés pourront ensuite être modifiés (ou des accords de remplacement appropriés pourront être pris par voie d'ajustement) sans préavis, en cas d'extension ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Fixe concernés sont admis à la cote officielle au moment considéré, et aux Titulaires de Titres, conformément à la Modalité 13. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un

dimanche) où les banques et marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

(3) Définitions

- (A) Un **Titre à Taux Fixe** désigne un Titre portant intérêt à un taux fixe;
- (B) Un **Titre à Taux Fixe Non Ajusté** désigne un Titre à Taux Fixe dont le montant des intérêts et la Date de Paiement des Intérêts demeurent inchangés, pour les besoins de cette Modalité 13 (et sans préjudice des dispositions de la Modalité 4(d) ci-dessous), et sont calculés conformément à la Modalité 3(a)(1) ci-dessus;
- (C) Un **Titre à Taux Fixe Ajusté** désigne un Titre à Taux Fixe pour lequel le montant des intérêts et la Date de Paiement des Intérêts sont sujets à modification conformément à la Modalité 3(a)(2) ci-dessus.

Les Titres à Taux Fixe peuvent résulter d'une méthode de calcul qui ne repose pas sur une Fraction de Décompte des Jours mais dont le paiement des intérêts à chaque Date de Paiement des Intérêts indiquée est déterminée en appliquant le Taux d'Intérêt à la Valeur Nominale Spécifiée, tel que cela sera prévu dans les Conditions Définitives et/ou l'Annexe applicables.

(b) *Intérêts sur les Titres à Taux Variable*

(i) *Dates de Paiement des Intérêts*

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Flottant, chaque Titre à Coupon Indexé et tout autre Titre dont les intérêts concernés ne sont pas déterminés en vertu d'un Taux d'Intérêt fixe (collectivement dénommés: les **Titres à Taux Variable**) portent intérêt à compter de la Date de Début de Période d'Intérêts (incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, et à terme échu:

- (A) lors de la Date ou des Dates de Paiement des Intérêts chaque année, telle qu'elle(s) est (sont) indiquée(s) dans les Conditions Définitives applicables; ou
- (B) si les Conditions Définitives applicables ne prévoient aucune Date(s) de Paiement des Intérêts, à chaque date (chacune de ces dates, et chaque Date de Paiement des Intérêts spécifiée dans les Conditions Définitives applicables, une **Date de Paiement des Intérêts**) qui tombera à l'issue du nombre de mois, ou de telle autre période spécifiée comme étant la Période d'Intérêts Spécifiée dans les Conditions Définitives applicables, après la Date de Paiement des Intérêts précédente, ou, dans le cas de la première Date de Paiement des Intérêts, après la Date de Début de Période d'Intérêts.

Si les Conditions Définitives applicables spécifient une Convention de Jour Ouvré, et (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si une Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:

- (C) dans le cas où des Périodes Indiquées sont spécifiées conformément à la Modalité 3(b)(i)(B) ci-dessus, la **Convention de Taux Flottant**, cette Date de Paiement des Intérêts (a) dans le cas visé au (x) ci-dessus, sera le dernier jour qui est un Jour Ouvré du mois concerné et les dispositions du (ii) ci-dessous s'appliqueront, *mutatis mutandis*, ou (b) dans le cas visé au (y) ci-dessus, cette Date de Paiement des Intérêts sera différée au jour suivant qui sera un Jour Ouvré, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas (i) cette Date de Paiement des Intérêts sera avancée au Jour Ouvré immédiatement précédent, et (ii) chaque Date de Paiement des Intérêts suivante sera le dernier Jour Ouvré du mois dans lequel se terminera la Période d'Intérêt; ou
- (D) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant; ou
- (E) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent; ou
- (F) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent.

Nonobstant les dispositions qui précèdent, si les Conditions Définitives applicables prévoient que la Convention de Jour Ouvré concernée doit être appliquée sur une base **non ajustée**, le Montant des Intérêts payable à toute date ne sera pas affecté par l'application de cette Convention de Jour Ouvré.

Dans la présente Modalité 3, **Jour Ouvré** désigne (sauf disposition contraire des Conditions Définitives applicables) un jour qui est à la fois:

- (A) un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans tout(s) Centre(s) d'Affaires Additionnel(s) spécifié(s) dans les Conditions Définitives applicables; et
- (B) soit (x) s'agissant de toute somme payable dans une Devise Prévue autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans le(s) principal(aux) centre(s) financier(s) du pays de la Devise Prévue concernée (qui sera Sydney si la Devise Prévue est le dollar australien, qui sera Montréal si la Devise Prévue est le dollar canadien ou qui sera Hong Kong si la Devise Prévue est le Renminbi), ou (y) s'agissant de toute somme payable en euro, un jour où le Système TARGET2 fonctionne (un **Jour Ouvré TARGET2**). Dans les présentes Modalités, le **Système TARGET2** désigne le Système Européen de Transfert Automatisé de Règlements Bruts en Temps Réel (**TARGET2**).

(ii) *Taux d'Intérêt*

Le Taux d'Intérêt payable de temps à autre s'agissant des Titres à Taux Variable sera déterminé de la manière spécifiée dans les Conditions Définitives applicables, qui pourra être, sans caractère limitatif:

(A) Détermination ISDA

Si les Conditions Définitives applicables prévoient que la **Détermination ISDA** est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera le Taux ISDA applicable plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle). Pour les besoins du présent sous-paragraphe (A), le **Taux ISDA** pour une Période d'Intérêts désigne un taux égal au Taux Flottant qui serait déterminé par l'Agent Fiscal ou une autre personne désignée dans les Conditions Définitives applicables, dans le cadre d'une opération d'échange de taux d'intérêt, si l'Agent Fiscal ou cette autre personne agissaient en tant qu'Agent de Calcul pour cette opération d'échange de taux d'intérêt, selon les termes d'un contrat incorporant les Définitions ISDA (telles que définies ci-dessous), et en vertu de laquelle:

- (1) l'Option de Taux Flottant est celle spécifiée dans les Conditions Définitives applicables;
- (2) l'Echéance Désignée est une période spécifiée dans les Conditions Définitives applicables; et
- (3) la Date de Recalcul concernée est soit (x) si l'Option de Taux Flottant repose sur le taux interbancaire offert à Londres (**LIBOR**) ou sur le taux interbancaire offert dans la Zone-Euro (**EURIBOR**), le premier jour de cette Période d'Intérêts, soit (y) dans tout autre cas, la date spécifiée dans les Conditions Définitives applicables.

Pour les besoins du présent sous-paragraphe, **Taux Flottant**, **Agent de Calcul**, **Option de Taux Flottant**, **Echéance Désignée**, **Date de Recalcul** et **Zone-Euro** ont la signification qui leur est respectivement donnée dans les Définitions ISDA 2006 publiées par l'*International Swaps and Derivatives Association, Inc.* (les **Définitions ISDA 2006**), telles que modifiées et actualisées à la Date d'Emission de la première Tranche de Titres de la Série concernée.

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, et sauf disposition contraire des Conditions Définitives applicables, le Taux d'Intérêt Minimum sera réputé égal à zéro.

(B) Détermination du Taux sur Page Ecran

Si les Conditions Définitives applicables prévoient que la **Détermination du Taux sur Page Ecran** est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera, sous réserve de ce qui est dit ci-dessous, soit:

- (1) la cotation offerte, soit

- (2) la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des cotations offertes,

(exprimées sous la forme d'un taux en pourcentage par an) pour le Taux de Référence qui apparaît ou apparaissent, selon le cas, sur la page écran concernée (la **Page Ecran Concernée**) à l'heure spécifiée (l'**Heure Spécifiée**) indiquée dans les Conditions Définitives applicables (qui sera 11 heures du matin, heure de Londres, dans le cas du LIBOR, ou 11 heures du matin, heure de Bruxelles, dans le cas de l'EURIBOR) à la Date de Détermination des Intérêts en question, telle qu'indiquée dans les Conditions Définitives applicables (la **Date de Détermination du Coupon**) plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle), le tout étant déterminé par l'Agent Fiscal. Si cinq de ces cotations offertes ou davantage sont disponibles sur la Page Ecran Concernée, la cotation la plus élevée (ou, en cas de pluralité de cotations les plus élevées, une seule d'entre elles) et la cotation la plus basse (ou, en cas de pluralité de cotations les plus basses, une seule d'entre elles) seront écartées par l'Agent Fiscal pour déterminer la moyenne arithmétique (arrondie, ainsi qu'il a été dit ci-dessus) de ces cotations offertes.

Si la Page Ecran Concernée n'est pas disponible ou si, dans le cas visé au (1) ci-dessus, aucune cotation offerte n'apparaît ou, dans le cas visé au (2) ci-dessus, moins de trois cotations offertes apparaissent, dans chaque cas à l'Heure Spécifiée, l'Agent Fiscal devra demander au siège à Londres de chacune des Banques de Référence (telles que définies ci-dessous) de lui fournir sa cotation offerte (exprimée sous la forme d'un taux en pourcentage par an) pour le Taux de Référence, approximativement à l'Heure Spécifiée à la Date de Détermination des Intérêts en question. Si deux Banques de Référence ou davantage fournissent ces cotations offertes à l'Agent Fiscal, le Taux d'Intérêt pour la Période d'Intérêts concernée sera la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) de ces cotations offertes, plus ou moins (selon le cas) la Marge (éventuelle), tel que le tout sera déterminé par l'Agent Fiscal.

Si, à une Date de Détermination des Intérêts quelconque, aucune des Banques de Référence ne fournit, ou une seule d'entre elles fournit à l'Agent Fiscal une cotation offerte telle que visée au paragraphe précédent, le Taux d'Intérêt pour la Période d'Intérêts concernée sera le taux annuel dont l'Agent Fiscal déterminera qu'il est égal à la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des taux, communiqués à l'Agent Fiscal (et à sa demande) par les Banques de Référence ou deux quelconque d'entre elles ou davantage, auxquels ces banques se sont vu offrir, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence par des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR), plus ou moins (selon le cas) la Marge (éventuelle), ou, si moins de deux des Banques de Référence fournissent à l'Agent Fiscal ces taux offerts, le taux offert pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, ou la moyenne arithmétique (arrondie, ainsi qu'il est dit ci-dessus) des taux offerts pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, dont une ou plusieurs banques (jugée(s) acceptable(s) à cet effet par l'Emetteur) informeront l'Agent Fiscal, aux environs de l'Heure spécifiée

à la Date de Détermination des Intérêts concernée, qu'elles le proposent à des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR) (ou, selon le cas, les cotations de cette ou ces banques à l'Agent Fiscal) plus ou moins (selon le cas) la Marge (éventuelle); étant entendu que si le Taux d'Intérêt ne peut pas être déterminé conformément aux dispositions précédentes du présent paragraphe, le Taux d'Intérêt sera déterminé à la dernière Date de Détermination des Intérêts précédente (en remplaçant, si la Marge devant être appliquée à la Période d'Intérêts concernée est différente de celle qui s'appliquait à la dernière Période d'Intérêts précédente, la Marge qui s'appliquait à cette dernière Période d'Intérêts précédente par la Marge relative à la Période d'Intérêts concernée).

**Banques de Référence** désigne, dans le cas d'une détermination du LIBOR, le siège à Londres de quatre banques de premier rang sur le marché interbancaire de Londres et, dans le cas d'une détermination de l'EURIBOR, le siège dans la Zone Euro de quatre banques de premier rang sur le marché interbancaire de la Zone Euro, choisies, dans chaque cas, par l'Agent Fiscal ou spécifiées dans les Conditions Définitives applicables.

Si les Conditions Définitives applicables prévoient de temps à autre pour des Titres à Taux Flottant un autre Taux de Référence que le LIBOR ou l'EURIBOR, selon le cas, le Taux d'Intérêt de ces Titres sera déterminé conformément aux Conditions Définitives applicables.

(C) Autre Détermination

Si les Conditions Définitives applicables prévoient un autre mode de détermination du Taux d'Intérêt que la "Détermination ISDA" ou la "Détermination du Taux sur Page Ecran" comme le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera déterminé de la manière ainsi spécifiée (y compris par référence à l'Annexe Technique des Modalités, si les Conditions Définitives applicables le spécifient).

(iii) *Taux d'Intérêt Minimum et/ou Maximum et/ou Coefficient Multiplicateur*

Sous réserve des dispositions de la Modalité 3(b)(ii)(A), si les Conditions Définitives applicables prévoient un Taux d'Intérêt Minimum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est inférieur à ce Taux d'Intérêt Minimum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Minimum.

Si les Conditions Définitives applicables prévoient un Taux d'Intérêt Maximum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est supérieur à ce Taux d'Intérêt Maximum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Maximum.

Si les Conditions Définitives applicables prévoient un Coefficient Multiplicateur pour toute Période d'Intérêts, alors, le Taux d'Intérêt applicable pour une Période d'Intérêts quelconque sera multiplié par le Coefficient Multiplicateur, sous réserve, en toute hypothèse, du Taux d'Intérêt Minimum et/ou du Taux d'Intérêt Maximum décrits ci-dessus.

Si les Conditions Définitives applicables spécifient  $n/N$  ou  $n_b/N_b$  comme Coefficient Multiplicateur, les définitions suivantes s'appliqueront, sauf disposition contraire des Conditions Définitives applicables:

**n** désigne le nombre de jours calendaires de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, dans chaque cas tel que déterminé par l'Agent de Calcul.

**N** désigne le nombre total de jours calendaires de la Période d'Intérêts concernée.

**$n_b$**  désigne le nombre de Jours Ouvrés de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, déterminé dans les deux cas par l'Agent de Calcul.

**$N_b$**  désigne le nombre total de Jours Ouvrés de la Période d'Intérêts concernée.

**Taux Plancher** désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

**Taux Benchmark** désigne, au titre de n'importe quel jour calendaire (pour la définition de **n**) ou, au titre de n'importe quel Jour Ouvré (pour la définition de  **$n_b$** ) de la Période d'Intérêts concernée, sauf disposition contraire des Conditions Définitives applicables:

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, l'USD-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est le **GBP-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "GBP-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, le GBP-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "GBP-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans

les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EURIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-EURIBOR-Reuters" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters EURIBOR01, l'EURIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-EURIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EUR-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-ISDA-EURIBOR Swap Rate 11:00" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX2 à 11:00 h du matin (heure de Francfort/Main) sous le titre "EURIBOR BASIS-EUR" et au-dessus de la rubrique "11:00 AM FRANKFURT". Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX2, l'EUR-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-Annual Swap Rate-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-ISDA-Swap Rate" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX1 à 11:00 h du matin (heure de New York). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX1, l'USD-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux

Flottant "USD-CMS-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

Pour les besoins des présentes, (i) la valeur du Taux Benchmark lors de tout jour calendaire de la Période d'Intérêts concernée, s'il n'est pas un Jour Taux Benchmark, sera réputée être la valeur attribuée au Taux Benchmark le premier Jour Taux Benchmark précédent, et (ii) la valeur du Taux Benchmark lors de chacun des quatre derniers Jours Ouvrés TARGET2 de toute Période d'Intérêts sera réputée être la valeur attribuée au Taux Benchmark le cinquième Jour Ouvré TARGET2 (ou le Jour Taux Benchmark précédant immédiatement ce cinquième Jour Ouvré TARGET2, si ce cinquième Jour Ouvré TARGET2 n'est pas un Jour Taux Benchmark) précédant la Date de Paiement des Intérêts afférente à cette Période d'Intérêts.

**Jour Taux Benchmark** désigne, si le Taux Benchmark concerné est:

USD-LIBOR ou GBP-LIBOR, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions (notamment pour la réalisation de transactions sur devises et dépôts en USD) à Londres;

EURIBOR ou EUR-CMS, un jour (autre qu'un samedi ou un dimanche) où le Système TARGET 2 fonctionne; et

USD-CMS, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions à New York.

**Taux Plafond** désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

(iv) *Détermination du Taux d'Intérêt et calcul des Montants d'Intérêts*

L'Agent Fiscal, dans le cas des Titres à Taux Flottant, et l'Agent de Calcul, dans le cas de tous autres Titres à Taux Variable, détermineront le Taux d'Intérêt applicable à la Période d'Intérêts concernée, dès qu'ils le pourront après le moment auquel le Taux d'Intérêt doit être déterminé. Dans le cas de Titres à Taux Variable, à l'exception des Titres à Taux Flottant, l'Agent de Calcul notifiera à l'Agent Fiscal le Taux d'Intérêt pour la Période d'Intérêts concernée, dès qu'il le pourra après l'avoir calculé (mais en aucun cas après le premier Jour Ouvré après ce calcul).

L'Agent Fiscal calculera le montant des intérêts (le **Montant d'Intérêts**) payable s'agissant des Titres à Taux Variable au titre de chaque Valeur Nominale pour la Période d'Intérêts concernée. Chaque Montant d'Intérêts sera calculé en appliquant le Taux d'Intérêt à chaque Valeur Nominale, et en multipliant cette somme par la Fraction de Décompte des Jours applicable, puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche (telle que définie ci-dessous) de la Devise Prévue concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou sinon, conformément à la convention de marché applicable.

Les Titres à Taux Variable peuvent résulter d'une méthode de calcul qui ne repose pas sur une Fraction de Décompte des Jours mais dont le paiement des intérêts à chaque Date de Paiement des Intérêts indiquée est déterminée en appliquant le Taux d'Intérêt à la Valeur Nominale Spécifiée, tel que cela sera prévu dans les Conditions Définitives et/ou l'Annexe applicables.

(v) *Notification du Taux d'Intérêt et du Montant d'Intérêts*

L'Agent Fiscal fera en sorte que le Taux d'Intérêt et le Montant d'Intérêts pour chaque Période d'Intérêts ainsi que la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse auprès de laquelle les Titres à Taux Variable sont cotés à la date considérée, et qu'un avis en soit publié conformément aux dispositions de la Modalité 13, dès que possible après leur calcul ou détermination (étant précisé qu'en cas de notification à une bourse, cette notification sera donnée au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date fixée pour cette détermination ou ce calcul, dès que cela sera possible à cette date ou après celle-ci). Chaque Montant d'Intérêts et Date de Paiement des Intérêts ainsi notifiés pourront ultérieurement être modifiés (ou faire l'objet de tous autres ajustements appropriés) sans préavis, en cas d'allongement ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Variable sont cotés à la date considérée, ainsi qu'aux Titulaires de Titres, conformément aux dispositions de la Modalité 13. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et les marchés des changes sont ouverts pour la réalisation d'opérations générales à Luxembourg.

(c) *Titres Zéro Coupon*

Si un Titre Zéro Coupon devient dû et remboursable et n'est pas payé à son échéance, le montant dû et remboursable sera le montant déterminé conformément à la Modalité 5(h) et notifié conformément à la Modalité 3(b)(v), *mutatis mutandis*.

(d) *Titres à Règlement Physique et Titres Libellés en Deux Devises*

Le taux ou le montant des intérêts payables s'agissant des Titres à Règlement Physique ou des Titres Libellés en Deux Devises, sera déterminé de la manière et par la partie spécifiées dans les Conditions Définitives applicables et notifié conformément à la Modalité 3(b)(v), *mutatis mutandis*.

(e) *Titres Partiellement Libérés*

Dans le cas de Titres Partiellement Libérés (autres que des Titres Partiellement Libérés qui sont des Titres Zéro Coupon), les intérêts courront dans les conditions précitées sur le montant nominal libéré de ces Titres et, pour le surplus, dans les conditions spécifiées dans les Conditions Définitives applicables.

(f) *Calcul et Constitution des Intérêts*

Chaque Titre (ou, en cas de remboursement d'une partie seulement d'un Titre, cette partie seulement du Titre) cessera de porter intérêt (s'il y a lieu) à compter de la date de son remboursement, à moins que, le paiement du principal (ou, dans le cas d'un Titre à Règlement Physique, le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique) ne soit indûment retenu ou refusé (étant entendu que dans le cas d'un Montant de Règlement Physique quel qu'il soit, le transfert ne sera pas réputé avoir été indûment retenu ou refusé si ce transfert est retardé par des circonstances échappant au contrôle de l'Emetteur ou de l'un quelconque de ses Agents). Dans ce cas, les intérêts continueront d'être calculés et de courir jusqu'à la survenance de la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur ce Titre auront été payés; et
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables concernant ce Titre aura été reçu par l'Agent Fiscal, et où un avis aura été donné à cet effet aux Titulaires de Titres conformément à la Modalité 13.

(g) *Certaines définitions relatives au calcul des intérêts*

Pour le calcul d'un montant d'intérêts afférent à toute Période d'Intérêts, **Fraction de Décompte des Jours** a la signification suivante (étant entendu que, sauf disposition contraire des Conditions Définitives applicables, la Fraction de Décompte des Jours applicable aux Titres à Taux Flottant libellés en euro sera Exact/360):

- (i) si les termes **Exact/Exact–(ICMA)** sont indiqués dans les Conditions Définitives concernées:
  - (A) dans le cas de Titres pour lesquels le nombre de jours inclus dans la période concernée comprise entre la toute dernière Date de Paiement des Intérêts (incluse) (ou, s'il n'en existe aucune, la Date de Début de Période d'Intérêts) et la date de paiement concernée (non incluse) (la **Période de Calcul**) est égal ou inférieur à la Période de Détermination au cours de laquelle la Période de Calcul prend fin, le nombre de jours dans cette Période de Calcul divisé par le produit (1) du nombre de jours de cette Période de Détermination et (2) du nombre de Dates de Détermination (telles que spécifiées dans les Conditions Définitives applicables, les **Dates de Détermination** et chacune une **Date de Détermination**) qui surviendraient dans une année calendaire; ou
  - (B) dans le cas de Titres pour lesquels la Période de Calcul est d'une durée supérieure à la Période de Détermination au cours de laquelle elle prend fin, la somme:
    - (1) du nombre de jours de cette Période de Calcul se situant dans la Période de Détermination au cours de laquelle elle commence, divisé par le produit (x) du nombre de jours de cette Période de Détermination et (y) du nombre de Dates de Détermination qui surviendraient dans une année calendaire; et
    - (2) du nombre de jours de cette Période de Calcul se situant dans la Période de Détermination suivante, divisé par le produit (x) du nombre de jours de cette Période de Détermination et (y) du nombre de Dates de Détermination qui surviendraient dans une année calendaire,
- (ii) si les termes **30/360** sont indiqués dans les Conditions Définitives applicables et si les Titres sont des Titres à Taux Fixe, le nombre de jours inclus dans la période comprise entre la toute dernière Date de Paiement des Intérêts (incluse) (ou, s'il n'en existe aucune, la Date de Début de Période d'Intérêts) et la date de paiement concernée (non incluse) (ce nombre de jours étant calculé sur la base d'une année de 360 jours comportant 12 mois de 30 jours), divisé par 360;
- (iii) si les termes **Exact/Exact (ISDA)** ou **Exact/Exact** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365 (ou si une quelconque partie de cette Période d'Intérêts se situe au cours d'une année bissextile, la somme (I) du nombre exact de jours dans cette Période d'Intérêts se situant dans une année bissextile divisée par 366 et (II) du nombre exact de jours dans la Période d'Intérêts ne se situant par dans une année bissextile divisé par 365);

- (iv) si les termes **Exact/365 (Fixe)** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365;
- (v) si les termes **Exact/365 (Sterling)** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 365, ou, dans le cas d'une Date de Paiement d'Intérêt se situant dans une année bissextile, divisé par 366;
- (vi) si les termes **Exact/360** sont indiqués dans les Conditions Définitives applicables, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 360;
- (vii) si les termes **30/360, 360/360** ou **Base Obligataire** sont indiqués dans les Conditions Définitives applicables et que les Titres sont des Titres à Taux Variable, le nombre exact de jours écoulés dans la Période d'Intérêts divisé par 360, calculé selon la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où :

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts;

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que ce nombre ne soit 31 et que D<sub>1</sub> ne soit supérieur à 29, auquel cas D<sub>2</sub> sera égal à 30.

- (viii) si les termes **30E/360** ou **Base Euro Obligataire** sont indiqués dans les Conditions Définitives concernées, le nombre de jours de la Période d'Intérêts divisé par 360, calculé sur la base de la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où :

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts:

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que ce nombre ne soit 31, auquel cas D<sub>2</sub> sera égal à 30.

- (ix) si les termes **30E/360 (ISDA)** sont indiqués dans les Conditions Définitives applicables, le nombre de jours de la Période d'Intérêts divisé par 360, calculé sur la base de la formule suivante:

$$\text{Fraction de Décompte des Jours} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

où:

**Y<sub>1</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le premier jour de la Période d'Intérêts:

**Y<sub>2</sub>** est l'année, exprimée sous la forme d'un nombre, au cours de laquelle se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**M<sub>1</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le premier jour de la Période d'Intérêts;

**M<sub>2</sub>** est le mois calendaire, exprimé sous la forme d'un nombre, au cours duquel se situe le jour suivant immédiatement le dernier jour de la Période d'Intérêts;

**D<sub>1</sub>** est le premier jour calendaire de la Période d'Intérêts, exprimé sous la forme d'un nombre, à moins que (i) ce jour soit le dernier jour de février ou (ii) que ce nombre ne soit 31, auquel cas D<sub>1</sub> sera égal à 30; et

**D<sub>2</sub>** est le jour calendaire, exprimé sous la forme d'un nombre, suivant immédiatement le dernier jour inclus dans la Période d'Intérêts, à moins que (i) ce jour ne soit le dernier jour du mois de février mais non pas la Date d'Echéance, ou (ii) ce nombre ne soit 31, auquel cas D<sub>2</sub> sera égal à 30.

**Période de Détermination** désigne chaque période comprise entre une Date de Détermination (incluse) et la prochaine Date de Détermination (exclue) (y compris, si la Date de Début de Période d'Intérêts ou

la Date de Paiement des Intérêts finale n'est pas une Date de Détermination, la période commençant à la première Date de Détermination précédant cette date et finissant lors de la première Date de Détermination suivant cette date);

**Date de Début de Période d'Intérêts** désigne la date à partir de laquelle un Titre commence à produire des intérêts (comme indiqué dans les Conditions Définitives). Si aucune Date de Début de Période d'Intérêts n'est spécifiée dans les Conditions Définitives applicables, la Date d'Emission sera réputée être la Date de Début de Période d'Intérêts.

**Période d'Intérêts** désigne, sauf disposition contraire des Conditions Définitives applicables, la période commençant à la Date de Début de Période d'Intérêts (incluse) et finissant à la première Date de Paiement des Intérêts (non incluse), et chaque période suivante commençant à une Date de Paiement des Intérêts (incluse) et finissant à la Date de Paiement des Intérêts suivante (exclue), ou toute autre période spécifiée dans les Conditions Définitives applicables;

**Taux d'Intérêt<sub>(i-1)</sub>** désigne, pour une Période d'Intérêts, le Taux d'Intérêt déterminé par l'Agent de Calcul pour la Période d'Intérêts immédiatement précédente. Afin d'éviter toute ambiguïté, le Taux d'Intérêt <sub>(i-1)</sub> est exprimé sous la forme d'un taux annuel, sauf disposition contraire des Conditions Définitives applicables;

**Date d'Emission** désigne la date spécifiée comme telle dans les Conditions Définitives applicables. A la Date d'Emission, les systèmes de compensation concernés débitent et créditent des comptes conformément aux instructions qu'ils auront reçues;

**sous-unité** désigne, pour toute devise autre que l'euro, le plus faible montant de cette devise qui a cours légal dans le pays de cette devise, et désigne, lorsqu'il s'agit de l'euro, un cent.

(h) *Règles générales d'arrondi*

S'agissant du calcul de tout montant payable concernant les Titres (y compris, sans caractère limitatif, les intérêts), et sauf disposition contraire des présentes Modalités ou des Conditions Définitives applicables, ces montants seront arrondis, si besoin est, à la sous-unité la plus proche (telle que définie ci-dessus) de la Devise Prévue concernée, la moitié de cette sous-unité étant arrondie à la hausse ou autrement, comme spécifié dans les Conditions Définitives applicables.

(i) *Caractère final des déterminations*

Tous les certificats, communications, avis, déterminations, calculs, cotations et décisions respectivement établis, exprimés, effectués ou obtenus pour les besoins des dispositions de la présente Modalité 3, par l'Agent Fiscal ou, selon le cas, l'Agent de Calcul, lieront (en l'absence de manquement intentionnel, faute dolosive, mauvaise foi, erreur manifeste ou erreur établie) l'Emetteur, le Garant, l'Agent Fiscal, l'Agent de Calcul (s'il y a lieu), les autres Agents Payeurs et tous les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons et, (en l'absence de manquement intentionnel, faute dolosive, mauvaise foi, erreur manifeste ou erreur établie) ni l'Agent Fiscal ni l'Agent de Calcul (s'il y a lieu) n'assumeront une responsabilité quelconque envers l'Emetteur, le Garant, les Titulaires de Titres, les Titulaires de Reçus ou les Titulaires de Coupons, en relation avec l'exercice ou le non-exercice par eux de leurs pouvoirs, fonctions et facultés discrétionnaires d'appréciation en vertu de ces dispositions.

#### 4. PAIEMENTS

Pour les besoins de la présente Modalité 4, les références au paiement ou au remboursement (selon le cas) du principal et/ou des intérêts et autres expressions similaires seront réputées, si le contexte le permet, viser également le transfert de tout(s) Montant(s) de Livraison Physique.

(a) *Titres Dématérialisés*

Les paiements en principal et intérêts concernant les Titres Dématérialisés seront effectués (dans le cas de Titres Dématérialisés au porteur ou au nominatif) par virement au compte tenu dans la devise concernée des Teneurs de Compte Euroclear France concernés, au profit des Titulaires de Titres et (dans le cas de Titres Dématérialisés au nominatif pur) à des comptes tenus dans la devise concernée auprès d'une Banque désignée par les Titulaires de Titres. Tous les paiements valablement effectués sur ces comptes des Teneurs de Compte Euroclear France ou de cette Banque libéreront l'Emetteur de ses obligations de paiement.

(b) *Titres Matérialisés au Porteur*

(i) *Méthode de Paiement*

Sous réserve des dispositions ci-dessous et, dans le cas de Titres à Règlement Physique, sous réserve également des Conditions Définitives applicables:

- (A) les paiements dans une Devise Prévüe (autre que l'euro ou le Renminbi) seront effectués par crédit ou transfert sur un compte dans la Devise Prévüe concernée, détenu par le bénéficiaire du paiement auprès d'une banque du principal centre financier du pays de cette Devise Prévüe (qui, si la Devise Prévüe est le dollar australien, sera à Sydney et, si la Devise Prévüe est le dollar canadien, sera à Montréal), ou, à l'option du bénéficiaire du paiement, par chèque dans cette Devise Prévüe tiré sur une telle banque;
- (B) les paiements en Renminbi seront uniquement effectués par crédit sur un compte bancaire en Renminbi détenu par une banque à Hong Kong conformément aux lois, règles, règlements et recommandations qui pourront être en vigueur de temps à autre;
- (C) les paiements en euro seront effectués par crédit ou transfert à un compte en euro (ou tout autre compte auquel des euros peuvent être crédités ou transférés) spécifié par le bénéficiaire du paiement ou, à l'option du bénéficiaire du paiement, par chèque en euro;
- (D) dans le cas de tout Titre qui est un Titre à Règlement Physique devant être remboursé par le transfert d'un ou plusieurs Actifs Sous-Jacents, le transfert de l'Actif ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique sera effectué, comme indiqué dans les Conditions Définitives applicables, (a) par la Livraison au Titulaire de Titres ou à son ordre des Actifs Sous-Jacents concernés, ou (b) au Titulaire de Titres ou à son ordre, aux risques du Titulaire de Titres concerné, selon les modalités qui peuvent être spécifiées dans la notification de transfert (la **Notification de Transfert**) dont le modèle est annexé au Contrat de Service Financier), dans chaque cas, sauf disposition contraire des Conditions Définitives applicables et sous réserve du respect des lois boursières applicables; et
- (E) dans le cas de Titres à Règlement Physique, les Conditions Définitives applicables pourront également contenir des dispositions modifiant les modalités de règlement en vertu d'une option à cet effet ou si l'Emetteur ou le titulaire d'un Titre à Règlement Physique (selon le cas) n'est pas en mesure de livrer ou de prendre livraison (selon le cas) des Actifs Sous-Jacents, ou encore si un Cas de Perturbation du Règlement (tel que décrit dans les

Conditions Définitives applicables) est survenu, le tout comme stipulé dans les Conditions Définitives applicables.

Les paiements seront soumis dans tous les cas à toutes les lois et réglementations fiscales et autres qui leur sont applicables dans le lieu de paiement, mais sans préjudice des dispositions de la Modalité 6.

Dans les présentes Modalités:

**Livrer** signifie, au titre de tout Actif Sous-Jacent, livrer, remplacer par voie de novation, transférer (y compris, si l'Actif Sous-Jacent est une garantie, transférer le bénéfice de cette garantie), céder ou vendre, selon le cas, de la manière usuelle pour le règlement de l'Actif Sous-Jacent applicable (y compris la signature de tous documents nécessaires et la prise de toutes autres mesures nécessaires), afin de transférer tous les droits, titres et intérêts sur l'Actif Sous-Jacent, libre et exempt de tous privilèges, charges, revendications et charges (et notamment, sans caractère limitatif, toute demande reconventionnelle, toute défense (autre qu'une Demande Reconventionnelle ou Défense) ou droit de compensation du ou dont le débiteur peut se prévaloir au titre de l'Actif Sous-Jacent); étant entendu que si l'Actif Sous-Jacent est une Participation à un Prêt, "Livrer" signifie consentir (ou faire consentir) une participation en faveur du Titulaire de Titres, et, si l'Actif Sous-Jacent est une garantie, "Livrer" signifie Livrer à la fois la garantie et l'obligation sous-jacente à laquelle cette garantie se rapporte. "Livraison" et "Livré" seront interprétés en conséquence. Dans le cas d'un prêt (à savoir toute obligation matérialisée par un contrat de prêt à terme, un contrat de prêt renouvelable ou autre contrat de crédit similaire), la Livraison sera effectuée en utilisant une documentation substantiellement similaire à celle habituellement utilisée sur le marché concerné pour la Livraison de ce prêt au moment considéré.

**Demande Reconventionnelle** ou **Défense** signifie, au titre de tout Actif Sous-Jacent, toute défense fondée sur (a) l'absence ou la prétendue absence d'autorisation ou de capacité du débiteur concerné pour contracter au titre de l'Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, pour contracter cette garantie et/ou l'obligation à laquelle cette garantie se rapporte, (b) toute absence d'effet exécutoire, toute illégalité, toute impossibilité ou toute invalidité, réelle ou alléguée, entachant tout Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, la garantie et/ou l'obligation sous-jacente à laquelle cette garantie se rapporte, quelle que soit sa description, (c) toute loi, tout décret, toute réglementation, tout arrêté ou toute notification applicable, quelle que soit sa description, ou la promulgation de toute loi, tout décret, toute réglementation, tout arrêté ou toute notification, quelle que soit sa description, ou tout revirement, de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou de compétence apparente, ou (d) l'imposition ou la modification de tous contrôles des changes, de toutes restrictions à la circulation des capitaux ou de toutes autres restrictions similaires imposées par toute autorité monétaire ou autre, quelle que soit sa description; et

**Participation à un Prêt** désigne un prêt au titre duquel, en vertu d'un contrat de participation, l'Emetteur concerné est capable de consentir ou faire consentir un droit contractuel en faveur du Titulaire de Titres concerné, qui confère à ce Titulaire de Titres un recours contre le vendeur de la participation pour une part spécifiée de tous paiements dus en vertu du prêt en question, qui sont reçus par ce vendeur de participation, tout contrat de cette nature étant conclu entre le Titulaire de Titres et l'Emetteur (dans la mesure où l'Emetteur est alors un prêteur ou un membre du syndicat de prêteurs concerné).

(ii) *Présentation de Titres Définitifs Matérialisés au Porteur, Reçus et Coupons*

Les paiements en principal sur les Titres Définitifs Matérialisés au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée au paragraphe (i) ci-dessus, que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de ces Titres Définitifs Matérialisés au Porteur, et les paiements d'intérêts relatifs aux Titres Définitifs Matérialisés au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de Coupons, dans chaque cas dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis (expression qui désigne, telle qu'elle est employée dans les présentes, les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia, et leurs possessions)). Les paiements en vertu du paragraphe (a) ci-dessus seront effectués, à l'option du porteur de ce Titre ou Coupon, par chèque posté ou remis à une adresse hors des Etats-Unis fournie par ce porteur. Sous réserve de toutes lois et réglementations applicables, les paiements par transfert seront effectués en fonds immédiatement disponibles, sur un compte maintenu par le bénéficiaire du paiement auprès d'une banque située hors des Etats-Unis. Aucun paiement relatif à tout Titre définitif ou à tout Coupon ne sera effectué sur présentation de ce Titre définitif ou de ce Coupon dans tout établissement ou agence de l'Emetteur, du Garant ou de tout Agent Payeur aux Etats-Unis, et aucun de ces paiements ne sera effectué par transfert sur un compte aux Etats-Unis ou par courrier à une adresse située aux Etats-Unis.

Les paiements correspondants à des remboursements échelonnés du principal (le cas échéant) des Titres Définitifs Matérialisés au Porteur, autres que le paiement du remboursement final, ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée au paragraphe (i) ci-dessus, que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Reçu correspondant, conformément au paragraphe précédent. Le paiement du remboursement final ne sera effectué de la manière stipulée au paragraphe (i) ci-dessus que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre au Porteur concerné, conformément aux dispositions du paragraphe précédent. Chaque Reçu doit être présenté pour paiement du remboursement concerné avec le Titre définitif auquel il appartient. Les Reçus présentés sans le Titre Définitif Matérialisé au Porteur auquel ils appartiennent ne constituent pas des obligations valables de l'Emetteur, ou, selon le cas, du Garant.

A la date à laquelle tout Titre Définitif Matérialisé au Porteur deviendra dû et remboursable, les Reçus non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ne sera fait à ce titre.

Les Titres à Taux Fixe sous forme définitive (autres que des Titres Libellés en Deux Devises, les Titres Indexés ou les Titres à Règlement Physique) doivent être présentés pour paiement accompagnés de tous Coupons non échus leur étant rattachés (expression qui désigne, à cet effet, les Coupons devant être émis en échange de Talons échus), à défaut de quoi le montant de tout Coupon non échu manquant (ou, si le paiement n'est pas effectué pour son montant intégral, la même proportion du montant de ce Coupon non échu manquant que celle que la somme ainsi payée représente par rapport à la somme due) sera déduit de la somme due pour paiement. Chaque montant en principal ainsi déduit sera payé de la manière mentionnée ci-dessus, contre restitution du Coupon manquant correspondant, à tout moment avant l'expiration d'une période de dix ans suivant la Date de Référence (telle que définie à la Modalité 6) pour ce montant en principal (indépendamment du point de savoir si ce Coupon serait autrement devenu caduc en vertu des dispositions de la Modalité 7) ou, si cette date tombe plus tard, avant l'expiration d'une période de cinq ans suivant la date à laquelle ce Coupon serait autrement devenu dû, mais en aucun cas après.

Si un Titre à Taux Fixe sous forme définitive devient dû et remboursable avant sa Date d'Echéance, tous les Talons non échus (éventuels) lui étant rattachés deviendront caducs et aucun Coupon supplémentaire ne sera émis s'agissant de ce titre.

A la date à laquelle tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique sous forme définitive deviendra dû et remboursable, les Coupons et Talons non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ni, selon le cas, échange contre des Coupons supplémentaires ne sera effectué à ce titre. Si tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est réglé en espèces est présenté au remboursement sans tous les Coupons non échus lui étant rattachés, le paiement de tous les montants dus s'agissant de ce Titre ne sera effectué que contre fourniture de l'indemnisation que l'Emetteur et le Garant pourront fixer.

Si la date d'exigibilité du remboursement d'un Titre Définitif Matérialisé au Porteur n'est pas une Date de Paiement des Intérêts, les intérêts (éventuels) courus sur ce Titre à compter de la Date de Paiement des Intérêts précédente (incluse) ou, selon le cas, la Date de Début de Période d'Intérêts, ne seront payables que contre restitution du Titre Définitif Matérialisé au Porteur concerné.

(c) *Paiements sous réserve de la législation fiscale*

Tous les paiements sont soumis dans tous les cas à toutes les lois, réglementations et directives fiscales et autres applicables dans le lieu de paiement, sans préjudice des dispositions de la Modalité 6. Ces paiements ne donneront pas lieu à la perception de commissions ou autres frais à la charge des Titulaires de Titres ou de Coupons.

(d) *Jour Ouvré de Paiement*

Si la date de paiement d'un montant quelconque, se rapportant à un Titre, un Reçu ou un Coupon quelconque, n'est pas un Jour Ouvré de Paiement, le titulaire de ce Titre, Reçu ou Coupon ne sera pas en droit de recevoir ce paiement (i) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant", ou (ii) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, à moins que la date de paiement ne tombe ce faisant au cours du mois calendaire suivant, auquel cas cette date de paiement sera avancée au Jour Ouvré de Paiement immédiatement précédent sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant Modifié"; étant entendu que dans le cas où les Conditions Définitives applicables ne stipuleraient ni la clause de "Jour Ouvré de Paiement Suivant", ni la clause de "Jour Ouvré de Paiement Suivant Modifié", la clause de "Jour Ouvré de Paiement Suivant" sera réputée s'appliquer. Dans le cas où un ajustement quelconque serait apporté à la date de paiement conformément de la présente Modalité 4(d), le montant dû concerné relatif à tout Titre, Reçu ou Coupon ne sera pas affecté par cet ajustement. A ces effets, et sauf disposition contraire des Conditions Définitives applicables, **Jour Ouvré de Paiement** désigne un jour (autre qu'un samedi ou un dimanche) (A) (i) dans le cas de Titres Dématérialisés sous forme définitive, où Euroclear France est ouvert pour la réalisation de transactions, ou (ii) dans le cas de Titres Matérialisés, où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions en général dans la place de présentation concernée, (B) dans chaque autre **Centre d'Affaires Additionnel** spécifié dans les Conditions Définitives applicables et (C) (i) dans le cas d'un paiement dans une devise autre que l'euro, si le paiement doit être fait par transfert sur un compte tenu auprès d'une banque dans la devise concernée, où des opérations de change peuvent être réalisées dans la devise concernée, dans le principal centre financier du pays de cette devise (qui, si la devise concernée est le Renminbi, sera Hong Kong), ou (ii) dans le cas d'un paiement en euro, où le Système TARGET2 fonctionne.

(e) *Banque*

Pour les besoins de la présente Modalité 4, **Banque** désigne une banque située dans le principal centre financier pour cette devise ou, dans le cas de l'euro, dans une ville dans laquelle les banques ont accès au Système TARGET2.

(f) *Titres à Règlement Physique*

Les Conditions Définitives applicables contiendront des dispositions relatives à la procédure de livraison de tout Montant de Règlement Physique relatif à des Titres à Règlement Physique (y compris, sans caractère limitatif, la responsabilité des coûts de transfert des Actifs Sous-Jacents).

Les Actifs Sous-Jacents seront livrés aux risques du Titulaire de Titres concerné, de la manière qui pourra être spécifiée dans la **Notification de Transfert** et, nonobstant les dispositions de la Modalité (b) ci-dessus, aucun paiement ni livraison supplémentaire ne sera dû au Titulaire de Titres si des Actifs Sous-Jacents sont livrés après leur date d'exigibilité, dans des circonstances échappant au contrôle de l'Emetteur ou de l'Agent de Règlement.

Toute livraison d'Actifs Sous-Jacents sera exclusivement opérée en conformité avec les lois boursières applicables.

(g) *Interprétation des termes Principal et Intérêts*

Toute référence faite dans les présentes Modalités au principal des Titres sera réputée inclure, en tant que de besoin:

- (i) toutes majorations pouvant être payables au titre du principal en vertu de la Modalité 6, le cas échéant;
- (ii) le **Montant de Remboursement Final** des Titres (comme indiqué dans les Conditions Définitives);
- (iii) le **Montant de Remboursement Anticipé** des Titres (comme indiqué dans les Conditions Définitives);
- (iv) le(s) **Montant(s) de Remboursement Optionnel (éventuel(s))** des Titres (comme indiqué dans les Conditions Définitives);
- (v) s'agissant des Titres remboursables de façon échelonnée, les **Montants de Remboursement Echelonné** (comme indiqué dans les Conditions Définitives);
- (vi) s'agissant des Titres Zéro Coupon, le Montant Nominal Amorti (tel que défini à la Modalité 5(h)); et
- (vii) toute prime et tous autres montants pouvant être payables par l'Emetteur au titre ou en vertu des Titres.

Toute référence faite dans les présentes Modalités aux intérêts des Titres sera réputée inclure, en tant que de besoin, toutes majorations pouvant être payables au titre des intérêts en vertu de la Modalité 6.

Dans le cas de Titres à Règlement Physique, toute référence faite dans les présentes Modalités au principal et/ou aux intérêts et au(x) Montant(s) de Règlement Physique désigne ce montant sous déduction de tous frais, commissions, droits d'enregistrement, droits de timbre ou autres montants payables sur ce(s) Montant(s) de Règlement Physique ou à ce titre.

(h) *Indisponibilité d'une Devise*

Le présent paragraphe s'applique si un paiement doit être effectué concernant un Titre, Reçu ou Coupon quelconque dans la Devise Prévue et si la Devise Prévue n'est pas disponible pour l'Emetteur ou le Garant (selon le cas), en raison de l'imposition de contrôles des changes, le remplacement ou la disparition de la Devise Prévue ou d'autres circonstances échappant au contrôle de l'Emetteur ou du Garant (selon le cas) (**Indisponibilité d'une Devise**). En cas d'Indisponibilité d'une Devise, l'Emetteur ou le Garant (selon le cas) sera en droit d'honorer ses obligations envers le titulaire de ce Titre, Reçu ou Coupon en effectuant le paiement en euro ou en dollar U.S., sur la base du taux de change au comptant auquel la Devise Prévue est offerte en échange de l'euro ou de dollar U.S. (selon le cas) sur un marché interbancaire approprié à midi, heure de Paris, quatre Jours Ouvrés avant la date à laquelle le paiement est dû, ou, si ce taux de change au comptant n'est pas disponible à cette date, à la toute dernière date possible antérieure. Tout paiement effectué en euro ou en dollar U.S. (selon le cas) conformément au présent paragraphe ne constituera pas un Cas de Défaut.

Cette Modalité 4(h) n'est pas applicable aux Titres Indexés sur Action de Préférence et aux Titres Indexés sur Warrant.

5. **REMBOURSEMENT ET RACHAT**

(a) *Remboursement à échéance*

Sauf remboursement ou rachat anticipés et annulation intervenant conformément aux dispositions ci-dessous, chaque Titre sera remboursé par l'Emetteur pour son Montant de Remboursement Final spécifié dans les Conditions Définitives applicables (**Montant de Remboursement Final**) ou déterminé de la manière précisée dans celles-ci, et, si elles le spécifient, par référence à l'Annexe Technique jointe aux présentes Modalités (ou, uniquement dans le cas des Titres à Règlement Physique, si les Conditions Définitives applicables spécifient que ces Titres seront remboursés par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant à un Montant de Règlement Physique, par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents spécifiés dans les Conditions Définitives applicables ou déterminés de la manière précisée dans celles-ci), dans la Devise Prévue concernée à la Date d'Echéance.

(b) *Remboursement pour raisons fiscales*

Les Titres pourront être remboursés à l'option de l'Emetteur ou, selon le cas, du Garant, en totalité, et non en partie seulement, à tout moment (dans le cas des Titres autres que les Titres à Taux Flottant ou tous autres Titres productifs d'intérêts pour lesquels le Taux d'Intérêt n'est pas calculé sur la base d'un taux fixe (**Titres à Coupon Variable**)), ou à toute Date de Paiement des Intérêts (dans le cas des Titres à Taux Flottant ou des Titres à Coupon Variable), à charge d'adresser un préavis de 30 jours au moins et de 45 jours au plus à l'Agent Fiscal, et d'en aviser les Titulaires de Titres conformément aux dispositions de la Modalité 13 (ce préavis étant irrévocable), si:

- (i) immédiatement avant l'envoi de ce préavis, l'Emetteur ou le Garant se trouve ou se trouverait ultérieurement contraint d'effectuer des paiements supplémentaires conformément à la Modalité 6 en raison de changements dans la législation ou la réglementation d'une Juridiction Fiscale (telle que définie à la Modalité 6), ou pour des raisons tenant à des changements dans l'application ou l'interprétation officielles de ces textes entrés en vigueur après la Date d'Emission de la première Tranche des Titres; et
- (ii) l'Emetteur ou, selon le cas, le Garant ne peut pas éviter d'exécuter cette obligation en prenant toutes les mesures raisonnables dont il dispose,

étant précisé que cet avis de remboursement ne devra pas être donné moins de 90 jours avant la toute première date à laquelle l'Emetteur ou, selon le cas, le Garant serait obligé d'effectuer ces paiements supplémentaires si un paiement devenait alors dû en vertu des Titres.

Les Titres remboursés en vertu de la présente Modalité 5(b) le seront pour leur Montant de Remboursement Anticipé visé dans la Modalité 5(h) ci-dessous, augmenté, s'il y a lieu, des intérêts ayant couru jusqu'à la date de ce remboursement (non incluse).

(c) *Remboursement pour raisons fiscales spéciales*

Si, lors du prochain remboursement du principal ou lors du prochain paiement des intérêts relatif aux Titres, le paiement par l'Emetteur ou, selon le cas, le Garant, de la somme totale alors exigible par les Titulaires était prohibé par la législation d'une Juridiction Fiscale, malgré l'engagement de payer tous montants supplémentaires en vertu de la Modalité 6(b), l'Emetteur ou le Garant, selon le cas, devrait alors immédiatement en aviser l'Agent Fiscal par notification. L'Emetteur ou le Garant, selon le cas, devra alors, à charge d'adresser un préavis de sept jours au moins et de quarante-cinq jours au plus aux Titulaires, conformément aux dispositions de la Modalité 13, rembourser immédiatement en totalité, et non une partie seulement, les Titres alors en circulation pour leur Montant de Remboursement Anticipé majoré, s'il y a lieu, des intérêts courus, à la Date de Paiement des Intérêts la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, pourrait en pratique effectuer le paiement du montant intégral alors exigible relatifs aux Titres; étant précisé que si le préavis indiqué ci-dessus expire après cette Date de Paiement des Intérêts, la date de remboursement en vertu de ce préavis adressé aux Titulaires de Titres sera la plus tardive des deux dates suivantes:

- (i) la date la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, est en pratique en mesure d'effectuer le paiement de la totalité des montants dus sur les Titres; ou
- (ii) 14 jours après en avoir avisé l'Agent Fiscal par notification, ainsi qu'il est dit ci-dessus.

(d) *Conditions Définitives*

Les Conditions Définitives applicables aux Titres indiquent soit:

- (i) que les Titres ne peuvent pas être remboursés avant leur Date d'Echéance (sauf disposition contraire des paragraphes (b) et (c) ci-dessus et de la Modalité 8.); soit
- (ii) remboursables au gré de l'Emetteur et/ou des titulaires des Titres avant cette Date d'Echéance, conformément aux dispositions des paragraphes (e) et/ou (g) ci-dessous, à la date ou aux dates et pour le ou les montants indiqués dans les Conditions Définitives applicables.

(e) *Option de remboursement au gré de l'Emetteur*

Si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 13 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Optionnel spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu, des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses). Chacun de ces remboursements doit concerner un montant nominal au moins égal au

**Montant Nominal Minimum Remboursable**, et ne peut dépasser le **Montant Nominal Maximum Remboursable**, tels qu'ils sont tous deux indiqués dans les Conditions Définitives applicables.

Dans le cas de Titres Indexés sur Action de Préférence et Titres Indexés sur Warrant, si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 13 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Anticipé spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses).

Tous les Titres qui feront l'objet d'un tel avis seront remboursés à la date indiquée dans cet avis conformément à la présente Modalité.

En cas de remboursement d'une partie seulement des Titres Matérialisés, l'avis adressé aux titulaires de ces Titres Matérialisés devra également contenir les numéros de série des Titres Définitifs Matérialisés au Porteur devant être remboursés et qui devront avoir été sélectionnés de manière équitable et objective compte tenu des circonstances, en tenant compte des pratiques du marché et conformément aux lois applicables et aux exigences boursières.

En cas de remboursement d'une partie seulement des Titres Dématérialisés, le remboursement pourra être réalisé, au choix de l'Emetteur comme spécifié dans les Conditions Définitives applicables, soit (i) par réduction du montant nominal de tous les Titres Dématérialisés d'une même Série proportionnellement au montant nominal total remboursé par application d'un facteur de mise en commun, soit (ii) par remboursement intégral d'une partie seulement des Titres Dématérialisés (une réduction du montant nominal), auquel cas le choix des Titres Dématérialisés qui seront intégralement remboursés et des Titres Dématérialisés d'une même Série qui ne seront pas remboursés, sera effectué conformément à l'article R.213-16 du Code monétaire et financier, aux dispositions des Conditions Définitives concernées, et sous réserve du respect des lois applicables et des exigences boursières.

Tout préavis donné par l'Emetteur en vertu de la présente Modalité 5(e) à propos d'un Titre sera nul et de nul effet s'agissant de ce Titre si, avant l'envoi de ce préavis par l'Emetteur, le titulaire de ce Titre a déjà envoyé une Notification d'Exercice s'agissant de ce Titre, conformément aux dispositions de la Modalité 5(g).

(f) *Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint*

Si "Option de Remboursement à Déclenchement" est spécifiée applicable dans les Conditions Définitives, alors, dans l'hypothèse où à tout moment au cours de la vie des Titres et pour une raison quelconque, le **Montant Nominal Total des Titres en Circulation** est égal au Niveau de Déclenchement du Montant en Circulation, ou descend en-dessous de celui-ci, l'Emetteur aura le droit, à sa seule et absolue discrétion exercée raisonnablement, et sous réserve des lois et règlements applicables, de rembourser les Titres en totalité (mais pas en partie) restant en circulation, à leur **Montant de Remboursement du Niveau de Déclenchement Anticipé** en donnant un préavis de 15 Jours Ouvrés au moins conformément à la Modalité 13 précisant la base sur laquelle un tel remboursement anticipé a été effectué.

A cet effet:

**Montant Nominal Total des Titres en Circulation** désigne, à tout moment, le produit de (a) la Valeur Nominale et (b) le nombre des Titres en circulation détenus à ce moment par les Titulaires de Titres

autres que Société Générale ou ses sociétés liées pour leur compte propre tel que déterminé de bonne foi par l'Agent Fiscal en consultation avec le/les établissement(s) de compensation dans lequel, ou par l'intermédiaire duquel, les Titres sont détenus et les opérations sur ces Titres sont compensées.

**Montant de Remboursement du Niveau de Déclenchement Anticipé** désigne le Montant de Remboursement Anticipé pour ces Titres tel que déterminé en application du paragraphe (h)(v) ci-dessous ou dans le cas de Titres Indexés sur Action de Préférence et de Titres Indexés sur Warrant, tel que déterminé en application des Conditions Définitives applicables.

**Niveau de Déclenchement du Montant en Circulation** désigne le niveau spécifié comme tel dans les Conditions Définitives applicables ou, si un tel niveau n'est pas précisé, 10% du Montant Nominal Total des Titres initialement émis.

(g) *Option de remboursement au gré des Titulaires*

Si les Conditions Définitives applicables stipulent une option de remboursement au gré des Titulaires, et si le titulaire d'un Titre donne à l'Emetteur, conformément à la Modalité 13, un préavis de 15 jours au moins et de 30 jours au plus, ou tout autre préavis spécifié dans les Conditions Définitives applicables, l'Emetteur devra, sous réserve des dispositions des Conditions Définitives applicables et conformément à celles-ci, rembourser ce Titre en totalité (mais pas en partie), à l'expiration de ce préavis, à la Date de Remboursement Optionnel et pour le Montant de Remboursement Optionnel spécifié dans les Conditions Définitives applicables ou déterminé de la manière indiquée dans celles-ci, majoré, s'il y a lieu des intérêts courus jusqu'à la Date de Remboursement Optionnel concernée (non incluse). Il est possible que certaines conditions et/ou circonstances doivent être satisfaites, avant qu'une option exigeant de l'Emetteur qu'il rembourse un Titre ne puisse être exercée. Si tel était le cas, les modalités en seraient détaillées dans les Conditions Définitives applicables.

Pour pouvoir exercer cette option, le Titulaire de Titres devra, si le Titre est un Titre Matérialisé au Porteur ou un Titre Dématérialisé et est détenu en dehors d'un Système de Compensation, remettre à l'établissement désigné de tout Agent Payeur, une notification d'exercice dûment complétée (**Notification d'Exercice**) conforme au modèle qu'il pourra obtenir auprès de tout Agent Payeur ou de l'Agent d'Enregistrement, selon le cas, pendant la période de notification. Cette Notification d'Exercice devra être accompagnée, dans le cas des Titres Matérialisés au Porteur, du Titre concerné (avec tous les Reçus et Coupons non échus et tous les Talons non échangés). Dans le cas de Titres Dématérialisés, le Titulaire de Titres devra transférer ou faire transférer les Titres Dématérialisés à rembourser sur le compte de l'Agent Payeur indiqué dans la Notification d'Exercice.

Pour pouvoir exercer cette option, le Titulaire de Titres devra, si le Titre est un Titre Matérialisé au Porteur détenu par l'intermédiaire d'un Système de Compensation, notifier cet exercice à l'Agent Fiscal, pendant la période de notification, conformément aux procédures standard du Système de Compensation (ces procédures pouvant inclure la notification de son instruction pour son compte à l'Agent Fiscal, sous forme électronique, par ce Système de Compensation, ou par tout dépositaire commun ou tout établissement de garde en dépôt, selon le cas), sous une forme jugée acceptable par ce Système de Compensation au moment considéré.

Nonobstant les dispositions qui précèdent, le droit d'exiger le remboursement de Titres conformément à la présente Modalité 5(g) doit être exercé conformément aux règles et procédures du Système de Compensation concerné, et, en cas de divergence entre les dispositions qui précèdent et les règles et procédures du Système de Compensation concerné, les règles et procédures du Système de Compensation concerné prévaudront.

Pour les besoins du présent Article, **Système de Compensation** signifie Euroclear France, Euroclear Clearstream, Luxembourg et/ou tout autre système ou établissement de compensation par l'intermédiaire

duquel les Titres sont détenus au moment considéré, y compris (le cas échéant) tout dépositaire central de titres concerné.

Toute Notification d'Exercice donnée par le titulaire d'un Titre conformément au présent paragraphe (g) sera:

- (i) irrévocable à moins qu'un Cas de Défaut ne se soit produit avant la date de remboursement convenue et ne perdure, auquel cas ce titulaire pourra choisir, par le biais d'une notification donnée à l'Emetteur, de revenir sur sa notification donnée en vertu du présent paragraphe (g) et de déclarer que ce Titre est immédiatement exigible et payable en vertu de la Modalité 8; et
- (ii) nulle et de nul effet s'agissant d'un Titre, si, avant l'envoi de cette Notification d'Exercice par le titulaire concerné, (A) l'Emetteur avait notifié aux Titulaires de Titres son intention d'effectuer un remboursement partiel des Titres d'une Série et si ce Titre a été choisi pour remboursement (y compris, sans caractère limitatif, en vertu d'une réduction partielle du montant nominal de tous les Titres d'une Série ou du remboursement intégral de certains Titres seulement d'une Série), ou (B) l'Emetteur avait notifié aux Titulaires de Titres son intention de rembourser tous les Titres d'une Série en circulation au moment considéré, dans chaque cas conformément aux dispositions de la Modalité 5(e).

Cette Modalité 5(g) n'est pas applicable aux Titres Indexés sur Action de Préférence et aux Titres Indexés sur Warrant.

(h) *Montants de Remboursement Anticipé*

Pour les besoins du paragraphe (b) ci-dessus et de la Modalité 8, et sauf disposition contraire des Conditions Définitives applicables, les Titres seront remboursés pour un Montant de Remboursement Anticipé calculé comme suit:

- (i) dans le cas de Titres dont le Montant de Remboursement Final est égal au Prix d'Emission, au Montant de Remboursement Final de ces Titres; ou
- (ii) dans le cas de Titres (autres que des Titres Zéro Coupon) dont le Montant de Remboursement Final est ou peut être inférieur ou supérieur au Prix d'Emission, ou qui est payable dans une Devise Prévue autre que celle dans laquelle les Titres sont libellés, au montant spécifié dans les Conditions Définitives applicables ou déterminé de la manière spécifiée dans celles-ci, ou, si ce montant ou cette manière n'est pas ainsi spécifié dans les Conditions Définitives, à leur montant nominal; ou
- (iii) dans le cas de Titres à Règlement Physique, au montant déterminé de la manière spécifiée dans les Conditions Définitives applicables; ou
- (iv) dans le cas de Titres Zéro Coupon, à un montant (le **Montant Nominal Amorti**) égal à la somme obtenue en additionnant:
  - (A) le Prix de Référence spécifié dans les Conditions Définitives applicables; et
  - (B) le produit du Taux de Rendement spécifié dans les Conditions Définitives applicables (capitalisé annuellement) appliqué au Prix de Référence à compter de la Date d'Emission (incluse) jusqu'à la date (exclue) convenue pour le remboursement ou (selon le cas) à laquelle ce Titre devient dû et remboursable.

- (v) si les Conditions Définitives applicables spécifient que le Montant de Remboursement Anticipé sera égal à la Valeur de Marché, à un montant dont l'Agent de Calcul déterminera qu'il représente la juste valeur de marché des Titres à la date d'exigibilité du remboursement des Titres, et qu'il a pour effet (après avoir tenu compte des coûts de dénouement de toutes conventions de couverture sous-jacentes, conclues à propos de ces Titres) de préserver pour les Titulaires de Titres l'équivalent économique des obligations de paiement que l'Emetteur aurait dû exécuter pour les Titres qui, sans ce remboursement anticipé, seraient devenus exigibles après la date de remboursement anticipée concernée. En ce qui concerne les Titres productifs d'intérêts, nonobstant les dispositions de la dernière phrase de la Modalité 5(b), de la neuvième ligne de la Modalité 5(c) et de la Modalité 7, le Montant de Remboursement Anticipé, tel que déterminé par l'Agent de Calcul conformément au présent paragraphe, inclura tous intérêts courus jusqu'à la date de remboursement anticipé concernée (exclue), et, outre les intérêts inclus dans le Montant de Remboursement Anticipé, l'Emetteur ou, selon le cas, le Garant, ne paieront pas d'intérêts, courus ou autrement, ni aucun autre montant quelconque, au titre de ce remboursement; ou
- (vi) dans le cas de Titres Indexés sur Action de Préférence et de Titres Indexés sur Warrant, tel que déterminé dans les Conditions Définitives applicables

Si ce calcul doit être effectué pour une période inférieure à une année complète, il sera effectué sur la base de la Fraction de Décompte des Jours spécifiée (le cas échéant) dans les Conditions Définitives applicables.

(i) *Titres à remboursement échelonné*

Si les Titres sont des Titres à remboursement échelonné, ils seront remboursés pour les Montants de Remboursement Echelonné et aux Dates de Remboursement Echelonné spécifiés dans les Conditions Définitives applicables. En cas de remboursement anticipé, le Montant de Remboursement Anticipé sera déterminé conformément au paragraphe (h) ci-dessus.

(j) *Titres Partiellement Libérés*

Si les Titres sont des Titres Partiellement Libérés:

- (i) ils seront souscrits pour les **Montants de Libération Partielle** et aux **Dates de Libération Partielle** spécifiés dans les Conditions Définitives applicables. Sauf disposition contraire des Conditions Définitives applicables, l'obligation de payer un Montant de Libération Partielle à la Date de Libération Partielle concernée ne sera encourue par les titulaires des Titres qu'à cette Date de Libération Partielle;
- (ii) sauf disposition contraire des Conditions Définitives applicables, ils seront remboursés à la Date d'Echéance pour leur montant nominal et à toute Date de Remboursement Optionnel pour leur montant nominal libéré, à la date fixée pour le remboursement;
- (iii) sauf disposition contraire des Conditions Définitives applicables, dans le cas où un Titulaire de Titres ne paierait pas un Montant de Libération Partielle à la Date de Libération Partielle concernée (cette date étant dénommée: une **Date de Défaut de Libération Partielle**), les Titres détenus par ce Titulaire de Titres seraient automatiquement remboursés à la Date de Remboursement Anticipé concernée, pour le Montant de Règlement.

Pour les besoins de la présente Modalité 5(j), et sauf disposition contraire des Conditions Définitives applicables:

**Date de Remboursement Anticipé** désigne, à propos de tout Titre, le septième Jour Ouvré de Paiement suivant une Date de Défaut de Libération Partielle;

**Montant de Règlement** désigne, pour tout Titre, un montant déterminé par l'Agent de Calcul conformément à la formule suivante:

$$\text{Max } [0; [\text{Montant Nominal Libéré} - \text{Coûts de Dénouement}]]$$

où:

**Montant Nominal Libéré** désigne, à propos de toute Date de Libération Partielle, le montant nominal libéré du Titre concerné, jusqu'à la Date de Libération Partielle applicable (incluse). Les intérêts ne courent pas et ne seront pas payables pendant la période comprise entre la Date de Défaut de Libération Partielle applicable (incluse) et la Date de Remboursement Anticipé applicable (incluse); et

**Coûts de Dénouement** désigne la quote-part, pour chaque Titre, des pertes (exprimées sous la forme d'un nombre positif) ou des gains (exprimés sous la forme d'un nombre négatif) du dénouement de tous les contrats de couverture (en tenant compte de la valeur actuelle de tout(s) Montant(s) de Libération Partielle restant à payer sur ces Titres) conclus ou achetés par l'Emetteur et/ou le Garant pour ces Titres.

(k) *Rachats*

Sous réserve des dispositions du paragraphe suivant, l'Emetteur ou le Garant) aura le droit à tout moment de procéder à des rachats de Titres (sous réserve, dans le cas de Titres Matérialisés, que tous les Reçus, Coupons et Talons non échus y afférents soient simultanément rachetés (dans le cas de Titres Indexés sur Action de Préférence et de Titres Indexés sur Warrant par l'Emetteur)), en bourse ou de gré à gré quel qu'en soit le prix, sous réserve des lois et réglementations applicables.

(l) *Annulation*

Tous les Titres rachetés pour être annulés par ou pour le compte de l'Emetteur seront annulés, dans le cas de Titres Dématérialisés, par transfert sur un compte conformément aux règles et procédures d'Euroclear France, et dans le cas de Titres Matérialisés au Porteur, par la remise à un Agent Payeur du Certificat Global Provisoire concerné et des Titres Définitifs Matérialisés au Porteur en question auxquels s'ajouteront tous les Reçus et Coupons non échus et tous les Talons non échangés attachés à ces Titres; dans chaque cas, s'ils sont ainsi transférés ou restitués, tous ces Titres seront, comme tous les Titres remboursés par l'Emetteur, immédiatement annulés (ainsi que, dans le cas de Titres Dématérialisés, tous les droits relatifs au paiement des intérêts et aux autres montants relatifs à ces Titres Dématérialisés et, dans le cas de Titres Matérialisés, tous les Reçus et Coupons non échus et tous les Talons non échangés qui y sont attachés ou sont restitués). Tous les Titres ainsi annulés ou, selon le cas, transférés ou restitués pour annulation ne pourront pas être réémis ni revendus et l'Emetteur sera déchargé de ses obligations en vertu de ces Titres.

(m) *Retard de Paiement relatif aux Titres Zéro Coupon*

Sauf disposition contraire des Conditions Définitives applicables, si le montant payable relatif à un Titre Zéro Coupon à la date de remboursement de ce Titre Zéro Coupon, en vertu du paragraphe (a), (b), (c), (e) ou (g) ci-dessus, ou à la date à laquelle il deviendra exigible et payable conformément à la Modalité 8, est indûment retenu ou refusé, le montant dû et remboursable sur ce Titre Zéro Coupon, sera le

montant calculé conformément au paragraphe (h)(iv) ci-dessus, de la même manière que si les références faites dans ce paragraphe à la date convenue pour le remboursement ou à la date à laquelle ce Titre Zéro Coupon devient exigible et payable étaient remplacées par des références à la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur le Titre Zéro Coupon auront été payés; ou
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables relatifs à ces Titres Zéro Coupon aura été reçu par l'Agent Fiscal et où un avis à cet effet aura été donné aux Titulaires de Titres conformément à la Modalité 13.

(n) *Remboursement de Titres Matérialisés*

Nonobstant les dispositions précédentes de la présente Modalité, le remboursement des Titres Matérialisés peut être soumis à certaines restrictions et procédures spécifiques, selon les dispositions des Conditions Définitives applicables.

## 6. FISCALITE

- (a) Tous les paiements relatifs à des Titres, Reçus ou Coupons ou relatifs à la Garantie seront libres de tout prélèvement ou retenue au titre d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale de quelque nature, présent ou futur, imposé, levé, collecté ou retenu par ou pour le compte de toute juridiction, sauf si le prélèvement ou la retenue d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale est requis par la loi.
- (b) Si en vertu de la législation d'une quelconque Juridiction Fiscale, un prélèvement ou une retenue est imposé par la loi, l'Emetteur ou, selon le cas, le Garant, devra majorer dans toute la mesure permise par la loi, les paiements, de telle façon qu'après ce prélèvement ou cette retenue chaque Titulaire de Titres, Reçus ou Coupons perçoive l'intégralité des sommes qui lui auraient été versées en l'absence d'un tel prélèvement ou d'une telle retenue, étant précisé que l'Emetteur ou, selon le cas, le Garant, ne sera pas tenu de majorer les paiements relatifs aux Titres, Reçus ou Coupons qui sont:
  - (i) le Titulaire de Titres, Reçus ou Coupons qui serait redevable à Luxembourg (dans le cas de paiements par l'Emetteur) ou en France (dans le cas de paiements par le Garant) desdits impôts, taxes, droits, contributions ou charges gouvernementales au motif du lien qu'il entretient avec ces juridictions autrement que du fait de la seule propriété desdits Titres, Reçus ou Coupons; ou
  - (ii) présentés au paiement plus de 30 jours après la Date de Référence (telle que définie ci-dessous), sauf dans l'hypothèse où le Titulaire des Titres, Reçus ou Coupons aurait eu droit à un montant majoré sur présentation de ceux-ci au paiement le dernier jour de ladite période de 30 jours, en supposant que ce jour ait été un Jour Ouvré de Paiement (tel que défini à la Modalité 4(d)); ou
  - (iii) en ce qui concerne toute émission de Titres ayant fait l'objet d'un placement privé, dans l'hypothèse où les Conditions Définitives applicables disposent qu'aucune majoration de cette nature ne sera due; ou
  - (iv) si ce prélèvement ou cette retenue à la source porte sur un paiement effectué à une personne physique et est effectué conformément à la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts ou conformément à toute loi (au sein de l'Union Européenne ou

hors de celle-ci) mettant en œuvre cette directive, s'y conformant ou adoptée dans le but de s'y conformer; ou (ii) est effectué conformément à un quelconque accord conclu entre l'Union Européenne et un autre Etat ou territoire non membre de l'Union Européenne prévoyant des mesures similaires à celles prévues par la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts, ou par toute loi ou tout autre texte gouvernemental transposant, correspondant à, ou adopté afin de se mettre en conformité avec de tels accords; ou

- (v) si ce prélèvement ou cette retenue à la source porte sur un paiement et est effectué conformément aux lois adoptées par la Suisse prévoyant l'imposition des paiements en vertu de principes similaires à ceux posés par la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts en particulier le principe selon lequel une personne autre que l'Emetteur ou le Garant procède au prélèvement ou à la retenue à la source, tel que, par exemple, un agent payeur; ou
- (vi) présentés au paiement par ou pour le compte d'un Titulaire qui aurait pu éviter ce prélèvement ou cette retenue en présentant les Titres, Reçus ou Coupons concernés à un autre Agent Payeur situé dans un Etat membre de l'Union Européenne.

Pour les besoins des présentes, l'expression:

**Juridiction Fiscale** désigne la France ou toute autre subdivision politique ou autorité de celle-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par le Garant), ou à Luxembourg ou toute autre subdivision politique ou autorité disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par l'Emetteur); et

**Date de Référence** désigne la date à laquelle le paiement concerné devient exigible pour la première fois, étant entendu, par exception, que si l'intégralité des sommes dues n'a pas été dûment reçue par l'Agent Fiscal (ou, dans le cas de Titres Matérialisés, les titulaires de ces Titres Matérialisés) au plus tard à cette date d'exigibilité, la Date de Référence désigne la date à laquelle l'intégralité de ces sommes ayant été ainsi reçue, un avis à cet effet sera dûment donné aux Titulaires de Titres conformément aux dispositions de la Modalité 13.

## 7. PRESCRIPTION

Les Titres (et tous Reçus et Coupons y afférents) seront prescrits, à moins que des créances en principal et/ou d'intérêts soient présentées dans un délai de 10 ans (dans le cas du principal) et de 5 ans (dans le cas des intérêts) à compter de la Date de Référence (telle que définie à la Modalité 6), sauf disposition contraire des Conditions Définitives applicables.

La loi luxembourgeoise du 3 septembre 1996 concernant la dépossession involontaire de titres au porteur, telle que modifiée (la **Loi Concernant la Dépossession Involontaire de 1996**), exige que tout montant devant être payé en vertu des Titres, (mais qui n'a pas déjà été payé aux titulaires des Titres), lorsque i) une opposition a été enregistrée en relation avec les Titres et lorsque (ii) les Titres arrivent à échéance avant d'être frappés de déchéance (tel que disposé par la Loi Concernant la Dépossession Involontaire de 1996), soit versé à la Caisse des consignations du Luxembourg jusqu'à la mainlevée de l'opposition ou la déchéance des Titres.

## 8. CAS DE DEFAULT

Le titulaire de tout Titre pourra notifier par écrit à l'Emetteur et au Garant l'exigibilité anticipée immédiate des Titres à leur Montant de Remboursement Anticipé majoré, s'il y a lieu et sous réserve de toute disposition contraire des présentes, des intérêts courus jusqu'à la date du remboursement, en cas de survenance de l'un quelconque des événements suivants (chacun un **Cas de Défaut**):

- (a) l'Emetteur ne paye pas toute somme devenue exigible en vertu des Titres et ce manquement, dans le cas de toute somme due, perdure plus de 30 jours suivant cette date d'exigibilité (ou toute autre période spécifiée dans les Conditions Définitives applicables) à moins que le Garant n'ait remédié à ce manquement avant l'expiration de cette période; et sous réserve que la livraison tardive de tout Actif Sous-Jacent, dans les circonstances décrites à la Modalité 4(f) ci-dessus, ne constituera pas un Cas de Défaut; ou
- (b) l'Emetteur manque d'exécuter l'une quelconque de ses autres obligations au titre des présentes Modalités et, si l'Emetteur ou le Garant peut remédier à ce manquement, il n'y est pas remédié dans les 60 jours suivant la réception d'une mise en demeure écrite à cet effet, notifiée par tout Titulaire de Titres à l'Emetteur, exigeant qu'il soit remédié à ce manquement; ou
- (c) l'Emetteur prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure; ou encore la situation dans laquelle l'Emetteur ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle l'Emetteur ne consentirait pas un Cas de Défaut; ou
- (d) la Garantie cesse d'être pleinement en vigueur et en effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou une notification est donnée par le Garant ayant pour effet de priver la Garantie de tout effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou la Garantie est rendue nulle pour tout motif, par tout moyen ou en vertu de toute législation nouvelle ayant pour effet de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière affectant défavorablement les intérêts des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, ou le Garant est dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque; ou
- (e) dans le cas de Titres Assortis de Sûretés, si l'Agent de Contrôle des Garanties signifie une Notification de Défaut des Garanties Requises relative à un Pool de Garanties garantissant ces Titres Assortis de Sûretés.

## **9. REMPLACEMENT DES TITRES, RECUS, COUPONS ET TALONS**

Si, dans le cas de Titres Matérialisés, un Titre Définitif Matérialisé au Porteur, (et/ou tout Reçu, Coupon ou Talon lui appartenant) était perdu, volé, mutilé, effacé ou détruit, il pourra être remplacé, sous réserve des lois, règlements et réglementations boursières, dans l'établissement désigné de l'Agent Fiscal, dans chaque cas contre paiement des coûts correspondants, et selon des modalités concernant la preuve, la sécurité et l'indemnisation (qui pourront prévoir, notamment, que dans le cas où un Titre Définitif Matérialisé au Porteur (et/ou tout Reçu, Coupon ou Talon lui appartenant) prétendument perdu, volé ou détruit serait ultérieurement présenté au paiement ou, selon le cas, pour échange contre des Coupons supplémentaires, il devra être payé à l'Emetteur, sur simple demande, le montant payable par l'Emetteur sur ces Titres Définitifs Matérialisés au Porteur (et/ou, selon le cas, les Reçus, Coupons ou Coupons supplémentaires leur appartenant)) que l'Emetteur et, le cas échéant, le Garant, pourront raisonnablement imposer. Les Titres Définitifs Matérialisés au Porteur mutilés ou effacés (et/ou tous Reçus, Coupons ou Talons leur appartenant) devront être restitués avant de

pouvoir être remplacés. Le remplacement de Titres au porteur, de reçus, de coupons, de talons relatifs à des Titres au porteur, dans le cas d'une perte ou d'un vol, est soumis la procédure prévue par la Loi Concernant la Dépossession Involontaire de 1996.

#### 10. AGENT FISCAL ET AGENTS PAYEURS

Les noms de l'Agent Fiscal initial et des autres Agents Payeurs initiaux et leurs établissements désignés initiaux sont indiqués ci-dessous (excepté en ce qui concerne les Titres Matérialisés). En outre, l'Agent Fiscal pourra (avec l'accord préalable écrit de l'Emetteur et du Garant) déléguer certaines de ses fonctions et attributions en relation avec les Titres à Règlement Physique à un agent de règlement (**l'Agent de Règlement**).

L'Emetteur et le Garant peuvent modifier ou révoquer la nomination de tout Agent Payeur ou Agent de Règlement et/ou nommer des Agents Payeurs ou Agents de Règlement supplémentaires ou différents, et/ou approuver tout changement de l'établissement désigné par l'intermédiaire duquel un Agent Payeur ou un Agent de Règlement agit, sous les réserves suivantes (excepté en ce qui concerne les Titres Matérialisés):

- (a) aussi longtemps que les Titres seront cotés sur une bourse quelconque, ou admis à la cote officielle ou à la négociation par toute autre autorité compétente, il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans l'endroit requis par les règles et réglementations de la bourse concernée; et
- (b) il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans une ville d'Europe; et
- (c) dans le cas de Titres Dématérialisés au nominatif pur, il devra y avoir un Agent d'Enregistrement; et
- (d) il devra y avoir en permanence un Agent Payeur dans un Etat membre de l'Union Européenne (un **Etat Membre**), qui ne sera pas tenu de procéder à une retenue à la source ou déduction d'impôts en vertu de la Directive du Conseil Européen 2003/48/CE ou de toute loi adoptée pour mettre en œuvre cette Directive ou s'y conformer, ou de toute loi conforme à cette Directive (cette Directive ou loi étant dénommée: **Législation de l'UE sur la fiscalité des produits de l'épargne**), dans la mesure où tout Etat membre n'a pas l'obligation de procéder à une retenue à la source ou déduction d'impôts en vertu de la Législation de l'UE sur la fiscalité des produits de l'épargne; et
- (e) il devra y avoir en permanence un Agent Fiscal.

Toute nomination, tout remplacement ou toute révocation ou tout changement d'établissement désigné ne prendra effet (excepté en cas de faillite, auquel cas il prendra effet immédiatement) qu'à l'issue d'un préavis écrit de 30 jours au moins et de 45 jours au plus, donné aux Titulaires de Titres conformément aux dispositions de la Modalité 13.

Les dispositions des articles 86 à 94-8 de la loi luxembourgeoise du 10 août 1915 concernant les sociétés commerciales, telle que modifiée (la **Loi sur les Sociétés de 1915**), n'est pas applicable aux Titres.

Nonobstant ce qui précède, toute décision des titulaires des Titres de modifier l'objet social de l'Emetteur, la forme de l'Emetteur, de modifier la nationalité de l'Emetteur et/ou d'augmenter les engagements des actionnaires de l'Emetteur sera exclusivement prise, et toute assemblée de titulaires de Titres se prononçant sur ces sujets devra être convoquée et réunie conformément à la Loi sur les Sociétés de 1915, aussi longtemps que des dispositions spécifiques seront prévues par la Loi sur les Sociétés de 1915.

## 11. ECHANGE DE TALONS

A compter de la Date de Paiement des Intérêts à laquelle le Coupon final formant partie d'une feuille de Coupons émise pour un Titre Matérialisé au Porteur viendra à échéance, le Talon (éventuel) formant partie de cette feuille de Coupons pourra être restitué à l'établissement désigné de l'Agent Fiscal ou de tout autre Agent Payeur, en échange d'une autre feuille de Coupons incluant (si cette autre feuille de Coupons n'inclut pas de Coupon courant jusqu'à la date finale de paiement des intérêts dus sur le Titre auquel il se rapporte (incluse)) un Talon supplémentaire, sous réserve des dispositions de la Modalité 7. Chaque Talon sera réputé, pour les besoins des présentes Modalités, venir à échéance à la Date de Paiement des Intérêts à laquelle le Coupon final compris dans la feuille de Coupons viendra à échéance.

## 12. REPRESENTATION DES TITULAIRES DE TITRES

Sauf disposition contraire des Conditions Définitives applicables, les Titulaires de Titres seront, au titre de toutes les Tranches d'une même Série, automatiquement groupés pour la défense de leurs intérêts communs en une masse (dans chaque cas, la **Masse**).

La Masse sera régie par les dispositions du Code de commerce, à l'exception des articles L. 228-48, L. 228-59, R. 228-63, R. 228-67 et R. 228-69, sous réserve des dispositions suivantes:

### (a) *Personnalité Morale*

La Masse aura une personnalité juridique distincte et agira en partie par l'intermédiaire d'un représentant (le **Représentant**) et en partie par l'intermédiaire d'une assemblée générale des Titulaires de Titres (l'**Assemblée Générale**).

La Masse seule, à l'exclusion de tous les Titulaires de Titres individuels, pourra exercer et faire valoir les droits, actions et avantages communs qui peuvent ou pourront ultérieurement découler des Titres ou s'y rapporter.

### (b) *Représentant*

Le mandat de Représentant peut être confié à toute personne sans condition de nationalité. Cependant ce mandat ne pourra pas être confié aux personnes suivantes:

- (i) l'Emetteur, les gérants, administrateurs, membres du Directoire, du Conseil de Surveillance, ses directeurs généraux, ses commissaires aux comptes, ses employés ainsi que leurs ascendants, descendants et conjoint respectifs, ou
- (ii) les sociétés garantissant tout ou partie des obligations de l'Emetteur, leurs gérants respectifs, leurs administrateurs, les membres de leur Directoire, de leur Conseil de surveillance, leurs commissaires aux comptes, leurs employés ainsi que leurs ascendants, descendants et conjoint respectifs, ou
- (iii) les sociétés possédant au moins 10% du capital de l'Emetteur ou dont l'Emetteur possède au moins 10% du capital, ou
- (iv) les personnes frappées d'une interdiction d'exercice de la profession de banquier, ou qui ont été déchues du droit de diriger, administrer ou de gérer une entreprise en quelque qualité que ce soit.

Les noms et adresses du Représentant titulaire initial de la Masse et de son suppléant initial seront indiqués dans les Conditions Définitives applicables. Le Représentant désigné pour la

première Tranche d'une Série de Titres sera le Représentant de la Masse unique de toutes les Tranches de cette Série.

Le Représentant aura droit, au titre de ses fonctions et devoirs, à la rémunération stipulée dans les Conditions Définitives applicables.

En cas de décès, de démission ou de révocation du Représentant, celui-ci sera remplacé par un autre Représentant. En cas de décès, de démission ou de révocation du Représentant suppléant, ce dernier sera remplacé par un autre suppléant désigné par l'Assemblée Générale.

Toutes les parties intéressées auront le droit d'obtenir à tout moment communication des noms et adresses du Représentant et de son suppléant, au siège social de l'Emetteur ou auprès des établissements désignés de chacun des Agents Payeurs.

(c) *Pouvoirs du Représentant*

Le Représentant aura le pouvoir d'accomplir tous actes de gestion nécessaires à la défense des intérêts communs des Titulaires de Titres.

Toutes les procédures judiciaires intentées à l'initiative ou à l'encontre des Titulaires de Titres devront l'être à l'initiative ou à l'encontre du Représentant.

Le Représentant ne pourra pas s'immiscer dans la gestion des affaires de l'Emetteur.

(d) *Assemblée Générale*

Une Assemblée Générale pourra être réunie à tout moment, sur convocation soit de l'Emetteur soit du Représentant. Un ou plusieurs Titulaires de Titres, détenant ensemble un 30<sup>ième</sup> au moins du montant en principal des Titres en circulation pourra adresser à l'Emetteur et au Représentant une demande de convocation de l'Assemblée Générale. Si l'Assemblée Générale n'a pas été convoquée dans les deux mois suivant cette demande, les Titulaires pourront charger l'un d'entre eux de déposer une requête auprès du tribunal compétent de Paris afin qu'un mandataire soit nommé pour convoquer l'Assemblée Générale.

Un avis indiquant la date, l'heure, le lieu et l'ordre du jour de l'Assemblée Générale sera publié conformément à la Modalité 13.

Chaque Titulaire de Titres a le droit de prendre part à l'Assemblée Générale en personne ou par mandataire interposé. Chaque Titre donne droit à une voix ou, dans le cas de Titres émis avec plusieurs Valeurs Nominales Indiquées, à une voix au titre de chaque multiple de la plus petite Valeur Nominale la plus petite comprise dans le montant en principal de la Valeur Nominale de ce Titre.

(e) *Pouvoirs de l'Assemblée Générale*

L'Assemblée Générale est habilitée à délibérer sur la révocation et le remplacement du Représentant et de son suppléant. Elle peut également statuer sur toute autre question relative aux droits, actions et avantages communs qui s'attachent ou s'attacheront ultérieurement aux Titres ou qui en découlent ou en découleront ultérieurement, y compris afin d'autoriser le Représentant à agir en justice en qualité de demandeur ou de défendeur.

L'Assemblée Générale peut en outre délibérer sur toute proposition de modification des Modalités, y compris sur toute proposition d'arbitrage ou de règlement, se rapportant à des droits litigieux ou ayant fait l'objet de décisions judiciaires; il est cependant précisé que

l'Assemblée Générale ne peut pas accroître les charges des Titulaires de Titres ni instituer une inégalité de traitement entre les Titulaires de Titres.

Les Assemblées Générales ne pourront valablement délibérer sur première convocation qu'à condition que les Titulaires de Titres présents ou représentés détiennent un cinquième au moins du montant en principal des Titres en circulation au moment considéré. Sur deuxième convocation aucun quorum ne sera exigé. Les Assemblées Générales statueront valablement à la majorité des deux tiers des voix exprimées par les Titulaires présents en personne ou représentés à ces assemblées.

Conformément aux dispositions de l'Article R. 228-71 du Code de commerce, le droit de chaque Titulaire de Titres de participer à l'Assemblée Générale sera attesté par des inscriptions dans les livres du Teneur de Compte Euroclear France concerné au nom de ce Titulaire, à 0h00, heure de Paris, le troisième jour ouvré à Paris précédant la date fixée pour l'assemblée générale concernée.

Les résolutions adoptées par les Assemblées Générales devront être publiées conformément aux dispositions de la Modalité 13.

(f) *Information des Titulaires de Titres*

Pendant la période de quinze jours qui précédera la tenue de chaque Assemblée Générale, chaque Titulaire de Titres ou le Représentant aura le droit de consulter ou de prendre copie du texte des résolutions qui seront proposées et des rapports qui seront présentés à l'Assemblée Générale, dont l'ensemble sera tenu à la disposition des Titulaires de Titres concernés au siège de l'Emetteur, dans les établissements désignés des Agents Payeurs et en tout autre lieu spécifié dans l'avis de convocation de l'Assemblée Générale.

(g) *Frais*

L'Emetteur supportera tous les frais afférents aux opérations de la Masse, y compris les frais de convocation et de tenue des Assemblées Générales et, plus généralement, tous les frais administratifs votés par l'Assemblée Générale, étant expressément stipulé qu'aucun frais ne pourra être imputé sur les intérêts payables sur les Titres.

(h) *Masse unique*

Les titulaires de Titres d'une même Série, ainsi que les titulaires de Titres de toute autre Série qui ont été assimilés avec les Titres d'une autre Série conformément à la Modalité 13, seront groupés pour la défense de leurs intérêts communs en une Masse unique. Le Représentant nommé pour la première Tranche d'une Série de Titres sera le Représentant de la Masse unique de toute la Série concernée.

### 13. AVIS

- (a) Sous réserve des dispositions de la Modalité 13(c) ci-dessous, tous les avis donnés aux Titulaires de Titres Matérialisés au Porteur et de Titres Dématérialisés au porteur seront valablement donnés, s'ils sont publiés dans l'un des principaux quotidiens financiers de langue anglaise de diffusion générale en Europe (en principe le *Financial Times*) sous réserve que, aussi longtemps que les Titres sont admis à la cote officielle sur une ou plusieurs bourses et que les règles applicables à ladite/lesdites bourses l'exigent, les avis seront réputés valides s'ils sont publiés dans un quotidien financier de diffusion générale dans la/les ville(s) de la/les bourse(s) sur laquelle les Titres sont admis, qui s'il s'agit de la Bourse de Luxembourg, serait le

Luxemburger Wort (ou le Tageblatt) ou sur le site internet de la Bourse de Luxembourg, [www.bourse.lu](http://www.bourse.lu).

L'Emetteur devra également veiller à ce que les avis soient dûment publiés en conformité avec les règles et réglementations de toute bourse sur laquelle les Titres sont cotés ou de toute autre autorité qui les a admis à la négociation au moment considéré. Tout avis sera réputé avoir été donné (i) à la date de la première publication ou, lorsque la publication doit être effectuée dans plusieurs journaux, à la date de la première publication dans tous les journaux requis et (ii) dans le cas de publication sur un site internet, à la date à laquelle cette notification sera publiée pour la première fois sur le site internet concerné.

- (b) Sous réserve des dispositions des Modalités 13(c) et 13(d) ci-dessous, tous les avis destinés aux titulaires de Titres Dématérialisés au nominatif seront réputés valablement donnés soit (i) s'ils sont envoyés par courrier postal à leurs adresses respectives, auquel cas ils seront réputés avoir été donnés le quatrième jour ouvré (à savoir un jour autre qu'un samedi ou dimanche) après leur envoi postal, soit (ii) à l'option de l'Emetteur, s'ils sont publiés dans un grand quotidien de diffusion générale en Europe (en principe le *Financial Times*) sous réserve que, aussi longtemps que les Titres sont admis à la cote officielle sur une ou plusieurs bourses et que les règles applicables à ladite/lesdites bourses l'exigent, les avis seront réputés valides s'ils sont publiés dans un quotidien financier de diffusion générale dans la/les ville(s) de la/les bourse(s) sur laquelle les Titres sont admis, qui s'il s'agit de la Bourse de Luxembourg, serait le Luxemburger Wort (ou le Tageblatt) ou sur le site internet de la Bourse de Luxembourg, [www.bourse.lu](http://www.bourse.lu).
- (c) Sous réserve des dispositions de la Modalité 13(d) ci-dessous, tous les avis destinés aux titulaires de Titres Dématérialisés (sous forme nominative ou au porteur) en vertu des présentes Modalités peuvent être donnés par remise de l'avis concerné à Euroclear France, Euroclear, Clearstream, Luxembourg et tout autre système de compensation par l'intermédiaire duquel les Titres sont compensés au moment considéré, au lieu et place de l'envoi postal et de la publication exigés par les Modalités 13(a) à (b) ci-dessus sauf (i) aussi longtemps que les Titres sont admis à la cote officielle sur une ou plusieurs bourses et que les règles applicables à ladite/lesdites bourses l'exigent, les avis seront réputés valides s'ils sont publiés dans un quotidien financier de diffusion générale dans la/les ville(s) de la/les bourse(s) sur laquelle les Titres sont admis, qui s'il s'agit de la Bourse de Luxembourg, serait le Luxemburger Wort (ou le Tageblatt) ou sur le site internet de la Bourse de Luxembourg, [www.bourse.lu](http://www.bourse.lu) et (ii) les avis concernant la convocation et la ou les résolutions des Assemblées Générales en vertu de la Modalité 12 devront également être publiés dans un grand quotidien financier de diffusion générale en Europe (en principe le *Financial Times*).
- (d) Dans les cas visés à l'Article 13(b) ou 13(c) ci-dessus, l'Emetteur devra également veiller à ce que les avis soient dûment publiés d'une manière conforme aux règles et réglementations de toute bourse ou autre autorité compétente sur ou par laquelle les Titres sont admis à la cote officielle ou à la négociation au moment considéré.
- (e) En cas de publication conformément à la présente Modalité qu'il ne serait pas possible d'effectuer, les avis peuvent être donnés et réputés valides s'ils sont publiés dans un grand quotidien financier de diffusion générale en Europe. Cet avis sera réputé avoir été donné à la date de sa publication, ou si ce dernier est publié à plusieurs dates différentes, à la date de sa première publication tel que précisé ci-dessus. Les titulaires de Coupons devront en tous les cas être notifiés du contenu de chaque avis donné aux titulaires de Titres Matérialisés conformément à la présente Modalité.

#### 14. EMISSIONS SUPPLEMENTAIRES ET CONSOLIDATION

L'Emetteur pourra créer et émettre, de temps à autre et sans le consentement des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, des titres supplémentaires qui seront assimilés aux Titres en circulation et formeront une série unique avec eux, sous réserve que ces Titres et les titres supplémentaires confèrent des droits identiques à tous égards, et soient régis par les mêmes Modalités (sauf en ce qui concerne leur Date d'Emission, la Date de Début de Période d'Intérêts, le Prix d'Emission et/ou le montant et la date du premier paiement des intérêts sur ceux-ci).

L'Emetteur aura la faculté, de temps à autre lors de toute Date de Paiement des Intérêts se trouvant à la date ou après la date indiquée pour la redénomination des Titres conformément à la Modalité 1., en le notifiant au moins 30 jours à l'avance aux Titulaires de Titres conformément à la Modalité 13, sans devoir obtenir le consentement des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, de consolider les Titres avec les Titres d'une ou plusieurs autres émissions qu'il aura effectuées, que ces Titres aient ou non été émis à l'origine dans l'une des devises nationales européennes ou en euros, sous réserve que ces autres Titres aient été relibellés en euros (si tel n'était pas le cas à l'origine) et aient, par ailleurs, pour toutes les périodes suivant cette consolidation, les mêmes modalités que les Titres.

Cette Modalité 14 n'est pas applicable aux Titres Indexés sur Action de Préférence et aux Titres Indexés sur Warrant.

#### 15. AJUSTEMENTS ET PERTURBATION

Dans le cas des Titres à Règlement Physique, des Titres Indexés et des Titres Assortis de Sûretés, les Conditions Définitives applicables et (s'il y a lieu) un Supplément au présent Prospectus de Base contiendront (le cas échéant) des dispositions relatives aux ajustements des Actifs Sous-Jacents et de tout(s) indice(s) sous-jacent(s), ainsi qu'aux cas de perturbation du règlement et de perturbation du marché (y compris, sans caractère limitatif et si besoin est, des définitions appropriées des **Cas d'Ajustement Potentiels, Cas de Perturbation du Règlement** et **Cas de Perturbation du Marché** et des informations détaillées sur les conséquences de ces événements) par exception à ce principe, pour les Titres à Règlement Physique, les Titres Assortis de Sûretés ou les Titres qui sont des Titres Indexés sur des Titres de Capital, des Titres Indexés sur des Fonds, des Titres Indexés sur Marchandises, des Titres Indexés sur un Evénement de Crédit ou des Titres Indexés sur un Portefeuille d'Actifs Gérés, ces ajustements du sous-jacent et ces cas de perturbation du règlement ou du marché seront soumis aux dispositions de l'Annexe Technique, sauf disposition contraire des Conditions Définitives applicables.

#### 16. LOI APPLICABLE ET ATTRIBUTION DE COMPETENCE

Le Contrat de Service Financier de Droit Français, l'Acte de Gestion de Portefeuille de Droit Français (*French Law Portfolio Management Deed*), les Titres, les Reçus et les Coupons, et tous engagements non-contractuels résultant du Contrat de Service Financier de Droit Français, de l'Acte de Gestion de Portefeuille de Droit Français, des Titres, des Reçus et des Coupons, ou s'y rapportant, sont régis par le droit français, qui gouvernera également leur interprétation. La Garantie et tous engagements non-contractuels résultant de la Garantie ou s'y rapportant seront régis par le droit anglais qui gouvernera également leur interprétation.

Toute action à l'encontre de l'Emetteur en rapport avec des Titres, Reçus, Coupons ou Talons ou avec l'Acte de Gestion de Portefeuille de Droit Français et le Contrat de Service Financier de Droit Français pourra exclusivement être portée devant le tribunal compétent dans le ressort de la Cour d'Appel de Paris.

## ANNEXE TECHNIQUE

L'Annexe Technique qui suit fait partie intégrante des Modalités des Titres, si les Conditions Définitives concernées stipulent qu'elle est applicable.

Le paiement du principal et/ou des intérêts afférents aux Titres soumis à l'Annexe Technique pourra être déterminé ou calculé par référence à un indice et/ou une formule basée sur un ou plusieurs "Sous-Jacents", ou se référant à ceux-ci.

Pour les besoins de la présente Annexe Technique, **Sous-Jacent** désigne, comme spécifié dans les Conditions Définitives applicables et sans caractère limitatif, une action d'une société, tout autre titre de capital ou titre autre que de capital, un indice, une devise, un taux de change, un taux d'intérêt, un dividende, un risque de crédit, une part de fonds, une action de société d'investissement, un dépôt à terme, un contrat d'assurance-vie, un prêt, une marchandise, un contrat à terme, un facteur lié à une unité (unité de comptabilisation), une action de préférence spécifique des Actions de Préférence de l'Emetteur, un Warrant Spécifique de l'Emetteur des Warrants et aux Titres Indexés sur Warrant, un événement non lié à l'Emetteur ou au Garant ou tout autre facteur, un panier des éléments précités ou toute combinaison de ceux-ci.

La présente Annexe Technique contient des dispositions techniques se rapportant, entre autres, (i) aux ajustements devant être opérés par l'Agent de Calcul, (ii) à la manière dont un cas de perturbation du marché pouvant affecter un Sous-Jacent sera traité dans le contexte des Titres, ou (iii) aux formules mathématiques appliquées pour calculer des montants dus en vertu des Titres.

Les dispositions techniques se rapportant à des Sous-Jacents d'un type autre que ceux mentionnés ci-dessus figureront dans les Conditions Définitives applicables aux Titres concernés. Les dispositions de la présente Annexe Technique peuvent être modifiées dans les Conditions Définitives applicables aux Titres concernés.

La présente Annexe Technique contient également des dispositions se rapportant aux Titres Assortis de Sûretés.

## A) ANNEXE TECHNIQUE ACTIONS ET AUTRES ACTIFS LIES

### PARTIE 1– DEFINITIONS RELATIVES AUX ACTIONS, ADR, INDICES, INDICES SGI, DIVIDENDES ET ETF

#### I. Définitions et dispositions communes aux Actions, ADR, Indices, Indices SGI et Dividendes

##### I.1 Définitions Générales

**Date de Constatation d'une Moyenne** désigne, pour une Date d'Evaluation et d'une Action, un ADR ou un Indice, chaque date spécifiée comme telle dans les Conditions Définitives applicables afin de déterminer une moyenne (ou, si cette date n'est pas un Jour de Négociation Prévu, le Jour de Négociation Prévu immédiatement suivant), à moins que ce jour ne soit un Jour de Perturbation, auquel cas il sera différé conformément aux dispositions de la section Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice.

**Panier** désigne un panier composé d'Actions et/ou d'ADR, et/ou d'Indices et/ou de tous autres actifs (chacun étant un Sous-Jacent) dans les proportions et quantités d'Actions, d'ADR, d'Indices ou d'autres actifs spécifiées dans les Conditions Définitives applicables.

**Jour Ouvré** désigne un "Jour Ouvré" tel que défini à la Modalité 5(b)(i) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 4(b)(i) des Modalités des Titres de Droit Français, déterminé sur la base de la Devise Prévue des Titres concernés.

**Cours de Clôture** désigne:

A. pour une Action:

- (a) si cette Action est négociée sur le Marché de Tokyo ou le Marché d'Osaka, le dernier cours de négociation de cette Action pour la journée, coté par ce Marché, étant cependant entendu que si un cours spécial de clôture pour cette Action est coté par le Marché (*tokubetsu kehaine*), ce cours sera réputé être le Cours de Clôture concerné;
- (b) si cette Action est négociée sur le Marché italien (*Borsa Italiana S.p.A.*), le *Prezzo di Riferimento*, c'est-à-dire le cours publié par *Borsa Italiana S.p.A.* à la clôture des négociations, tel que défini dans les Règles des marchés organisés et gérés par *Borsa Italiana S.p.A.*, telles que ces Règles pourront être modifiées par *Borsa Italiana S.p.A.* de temps à autre;
- (c) dans tout autre cas, le cours de clôture officiel de cette Action sur le Marché concerné.

B. pour un Indice, le niveau de clôture officiel de cet Indice, publié et annoncé par le Sponsor de l'Indice;

C. pour un ADR, le cours de clôture officiel de cet ADR sur le Marché concerné;

Dans chaque cas tel qu'ajusté (le cas échéant) en vertu des dispositions de la Partie 2 ci-dessous.

**Société** désigne, pour une Action, l'émetteur de cette Action et, pour un ADR, l'émetteur des Titres en Dépôt afférents à cet ADR.

**Marché(s)** désigne, pour une Action, un ADR ou un Indice, le marché correspondant ou le système de cotation correspondant spécifié dans les Conditions Définitives applicables, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué, sur lequel la négociation de l'Action, de l'ADR ou des Actions composant cet Indice a été temporairement relocalisée (sous réserve que l'Agent de Calcul ait déterminé qu'il existe, sur ce marché ou ce système de cotation temporaire de substitution, une liquidité comparable à celle du

Marché d'origine, pour cette Action, cet ADR ou ces Actions composant l'Indice). Pour les Titres en Dépôt, **Marché** désigne le principal marché ou le principal système de négociation de ces Titres en Dépôt.

**Taux de Change** désigne, pour une date quelconque, le taux de change d'une devise contre une autre devise, tel que spécifié dans les Conditions Définitives applicables, coté par le fournisseur de taux de change concerné à cette date, tel que certifié par l'Agent de Calcul sur la page Reuters (ou toute autre page applicable d'un fournisseur d'informations). Si ce Taux de Change ne peut pas être déterminé ou cesse de l'être, l'Agent de Calcul choisira une autre page Reuters (ou une autre page applicable d'un fournisseur d'informations), ou déterminera de bonne foi ce taux de change par référence aux sources qu'il pourra choisir de manière discrétionnaire.

**Marché(s) Lié(s)** désigne, pour une Action, un ADR ou un Indice (et, si le Sous-Jacent est un ADR, pour des Titres en Dépôt), chaque marché ou système de cotation sur lequel la négociation a un effet significatif (tel que déterminé par l'Agent de Calcul) sur l'ensemble du marché des contrats à terme et contrats d'option portant sur cette Action, cet ADR, cet Indice ou ces Titres en Dépôt, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué, sur lequel la négociation de contrats à terme ou de contrats d'option portant sur l'Action, l'ADR, l'Indice ou les Titres en Dépôt concernés a été temporairement déplacée (sous réserve que l'Agent de Calcul ait déterminé qu'il existe, sur ce marché ou ce système de cotation temporaire de substitution, une liquidité comparable à celui du Marché Lié d'origine, pour les contrats à terme ou contrats d'option portant sur cette Action, cet ADR, cet Indice ou ces Titres en Dépôt).

**Heure de Clôture Prévue** désigne, pour un Marché ou un Marché Lié, l'heure de clôture prévue en semaine de ce Marché ou ce Marché Lié, sans tenir compte des négociations ayant lieu après l'heure de clôture ou en dehors des horaires de négociations habituelles.

## I.2 Définitions et Dispositions relatives à l'évaluation et aux Cas de Perturbation du Marché

**Date d'Evaluation** désigne, pour une Action, un ADR ou un Indice, chaque date spécifiée comme telle dans les Conditions Définitives applicables (ou, si cette date n'est pas un Jour de Négociation Prévu pour cette Action, cet ADR ou cet Indice, le Jour de Négociation Prévu immédiatement suivant), à moins que cette date ne soit un Jour de Perturbation, auquel cas elle sera différée conformément aux dispositions de la section Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice.

**Heure d'Evaluation** désigne, pour une Action, un ADR ou un Indice, l'Heure de Clôture Normale, étant entendu que dans le cas où le Marché fermerait avant son Heure de Clôture Normale, l'Heure d'Evaluation sera cette heure effective de clôture du Marché.

**Cas de Perturbation du Marché** désigne, pour une Action ou un Indice, la survenance ou l'existence (i) d'une Perturbation des Négociations, (ii) d'une Perturbation du Marché, dont l'Agent de Calcul déterminera, dans chaque cas, qu'elle est substantielle et qui se produira à tout moment pendant la période d'une heure finissant à l'Heure d'Evaluation concernée, ou (iii) d'une Clôture Anticipée. A cet effet:

- A. **Perturbation des Négociations** désigne, pour une Action ou un Indice, toute suspension ou limitation des négociations imposée par le Marché ou le Marché Lié concerné ou autrement, que ce soit en raison de fluctuations de cours excédant les limites permises par le Marché ou le Marché Lié concerné ou autrement, (i) de l'Action sur le Marché ou, dans le cas d'un Indice, des Marchés concernés pour des titres qui constituent 20 pour cent au moins du niveau de cet Indice, ou (ii) sur les contrats à terme ou les contrats d'options relatifs à cet Indice sur tout Marché Lié concerné;
- B. **Perturbation du Marché** désigne, pour une Action ou un Indice, tout événement (autre qu'une Clôture Anticipée) qui perturbe ou réduit (comme l'Agent de Calcul le déterminera) la capacité des participants au marché en général d'effectuer des transactions sur l'Action ou d'obtenir des cours de marché pour (a) l'Action, sur le Marché concerné, ou, dans le cas d'un Indice, pour des titres qui constituent 20 pour

cent au moins du niveau de cet Indice sur tout(tous) Marché(s) concerné(s) ou (b) des contrats à terme ou contrats d'options relatifs à l'Action concernée ou à l'Indice concerné sur tout Marché Lié concerné;

- C. **Clôture Anticipée** désigne la clôture, lors de tout Jour de Bourse (a) (i) dans le cas d'une Action, du Marché concerné, ou (ii) dans le cas d'un Indice, de tout(tous) Marché(s) concerné(s) pour les titres qui constituent 20 pour cent au moins du niveau de l'Indice en question, ou (b) de tout Marché Lié, avant leur Heure de Clôture, à moins que cette clôture anticipée ne soit annoncée par ce Marché ou par ce Marché Lié (selon le cas) une heure au moins avant la première des heures suivantes: (x) l'heure réelle de clôture de la séance normale de négociation sur ce Marché ou ce Marché Lié (selon le cas) lors de ce Jour de Bourse, ou (y) l'heure limite de soumission des ordres devant être entrés dans le système du Marché ou du Marché Lié pour exécution à l'Heure d'Evaluation pour ce Jour de Bourse.

Si le Sous-Jacent revêt la forme d'un ADR émis en vertu d'un Contrat de Dépôt, (a) les références faites à une Action dans les définitions du **Cas de Perturbation du Marché**, de la **Perturbation des Négociations**, de la **Perturbation du Marché** et de la **Clôture Anticipée** ci-dessus visent à l'ADR et les Titres en Dépôt relatifs à cet ADR, et (b) les références à un Marché et à un Marché Lié dans ces définitions visent ces marchés, tels qu'ils se rapportent à la fois aux ADR et aux Titres en Dépôt relatifs à cet ADR. Afin d'éviter toute ambiguïté, un Jour de Perturbation sera réputé s'être produit pour un ADR si un Jour de Perturbation s'est produit pour les Titres en Dépôt y afférents.

### I.3 Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice

Si toute Date d'Evaluation ou Date de Constatation d'une Moyenne spécifiée dans les Conditions Définitives applicables (la **Date d'Evaluation Prévue** et la **Date de Constatation d'une Moyenne Prévue** respectivement), est un Jour de Perturbation pour une Action, un ADR ou un Indice, la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour cette Action, cet ADR ou cet Indice sera le premier Jour de Négociation Prévu suivant qui n'est pas un Jour de Perturbation au titre de cette Action, cet ADR ou cet Indice, à moins que chacun des huit Jours de Négociation Prévus suivant immédiatement la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue ne soit aussi un Jour de Perturbation. Dans ce cas:

- A. ce huitième Jour de Négociation Prévu sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour l'Action, l'ADR ou l'Indice, nonobstant le fait que ce jour est un Jour de Perturbation, et
- B. l'Agent de Calcul déterminera (a) pour une Action ou d'un ADR, son estimation de bonne foi de la valeur de l'Action ou de l'ADR à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu, ou (b) pour un Indice, le niveau de l'Indice à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu, conformément à la dernière formule et méthode de calcul de cet Indice en vigueur avant la survenance du premier Jour de Perturbation, en utilisant le cours négocié ou coté au Marché à l'Heure d'Evaluation, ce huitième Jour de Négociation Prévu, de chacun des titres compris dans l'Indice (ou, si un événement donnant lieu à un Jour de Perturbation s'est produit pour le titre concerné ce huitième Jour de Négociation Prévu, son estimation de bonne foi de la valeur du titre concerné à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu), et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputé être le Cours de Clôture;

Etant entendu que si l'Action, l'ADR ou l'Indice est inclus dans un Panier, les dispositions précédentes s'appliqueront uniquement à l'Action, l'ADR ou l'Indice affecté par la survenance d'un Jour de Perturbation, et la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour chaque Action, ADR ou Indice non affecté par un Jour de Perturbation sera la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue.

*Étant cependant entendu que,*

- (a) si une Date de Constatation d'une Moyenne Prévue est un Jour de Perturbation, la Date de Constatation d'une Moyenne sera différée conformément aux dispositions ci-dessus au premier Jour de

Négociation Prévu suivant qui n'est pas un Jour de Perturbation, sous réserve qu'il ne soit pas également une Date de Constatation d'une Moyenne Prévue; si, au huitième Jour de Négociation Prévu suivant la Date de Constatation d'une Moyenne Prévue, il n'est survenu ni un Jour de Négociation Prévu qui ne soit pas un Jour de Perturbation, ni une autre Date de Constatation d'une Moyenne Prévue, ce huitième Jour de Négociation Prévu sera réputé être la Date de Constatation d'une Moyenne (indépendamment du fait que ce huitième Jour de Négociation Prévu est également une Date de Constatation d'une Moyenne Prévue), et l'Agent de Calcul procédera à cette date aux déterminations décrites au (B) ci-dessus, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture;

(b) nonobstant ce qui précède

une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le quatrième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou à cette Date de Constatation d'une Moyenne; si une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le quatrième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou cette Date de Constatation d'une Moyenne, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, et l'Agent de Calcul devra procéder, à cette date, aux déterminations décrites au (B) ci-dessus, au plus tard à l'Heure d'Evaluation ce quatrième Jour Ouvré, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture.

## II. Définitions spécifiques aux Actions et ADR

**Action(s)** désigne une action de la Société (ou les actions concernées, dans le cas d'un Panier) désignée comme un Sous-Jacent dans les Conditions Définitives applicables, sous réserve d'ajustement conformément aux dispositions de la Partie 2-I "*Ajustements et Evénement Extraordinaires relatifs aux Actions et ADR*" (ci-dessous).

**ADR** (*American Depositary Receipt*) désigne un Certificat Américain d'Actions Etrangères, ou les Certificats Américains d'Actions Etrangères dans le cas d'un Panier, représentant des actions émises par une Société et constituant des Titres en Dépôt, spécifié comme un Sous-Jacent dans les Conditions Définitives applicables, sous réserve d'ajustement conformément aux dispositions de la section "*Ajustement et Evénements Extraordinaires relatifs aux Actions et ADR*" dans la Partie 2-I (ci-dessous).

**Contrat de Dépôt** désigne le contrat de dépôt conclue entre la Société qui a émis les actions qui sont des Titres en Dépôt et le Dépositaire, en vertu duquel un ADR a été émis.

**Cours Intraday de l'Action** désigne, pour une Action, le cours de cette Action sur le Marché concerné, à tout moment pendant une séance de négociation pour un Jour de Bourse donné, y compris le Cours de Clôture.

**Cours Intraday de l'ADR** désigne, pour un ADR, le cours de cet ADR sur le Marché concerné, à tout moment pendant une séance de négociation pour un Jour de Bourse donné, y compris le Cours de Clôture.

**Dépositaire** désigne le dépositaire nommé dans le contrat de Dépôt ou tout successeur de celui-ci, opérant de temps à autre en cette qualité.

**Jour de Bourse** désigne, pour une Action ou un ADR (ou, dans le cas d'un Panier d'Actions ou d'ADR, pour toute Action ou tout ADR composant le Panier et observé séparément), tout Jour de Négociation Prévu où chaque Marché et chaque Marché Lié concernés sont ouverts aux négociations pendant leurs séances de

négociation normales respectives, nonobstant le fait que ce Marché ou ce Marché Lié ferme avant son Heure de Clôture Prévue.

**Jour de Négociation Prévu** désigne, pour une Action ou un ADR (ou, dans le cas d'un Panier d'Actions ou d'ADR, pour toute Action ou tout ADR composant le Panier et observé séparément), tout jour où il est prévu que chaque Marché et chaque Marché Lié, le cas échéant, soient ouvertes aux négociations pendant leurs séances de négociation normales respectives.

**Jour de Perturbation** désigne, pour une Action ou un ADR (ou, dans le cas d'un Panier d'Actions ou d'ADR, pour toute Action ou tout ADR composant le Panier et observé séparément), tout Jour de Négociation Prévu où (a) le Marché ou le Marché Lié concerné n'est pas ouvert aux négociations pendant sa séance de négociation normale, ou (b) au cours duquel un Cas de Perturbation du Marché est survenu.

**Titres en Dépôt** désigne les actions émises par une Société détenues par le Dépositaire en application du Contrat de Dépôt, par lequel un ADR représentant ces Titres en Dépôt a été émis.

### III. Définitions spécifiques aux Indices

**Agent de Calcul de l'Indice** désigne l'entité en charge du calcul et de la publication de l'Indice, si elle est différente du Sponsor de l'Indice.

**Cours Intraday de l'Indice** désigne, pour un Indice, le niveau de cet Indice sur le Marché concerné, à tout moment pendant une séance de négociation pour un Jour de Bourse donné, y compris le Cours de Clôture.

**Indice** désigne l'indice (ou les indices, dans le cas d'un Panier) désigné comme Sous-Jacent dans les Conditions Définitives applicables, sous réserve d'ajustement conformément aux dispositions de la section "Ajustements et Evénements relatifs aux Indices" de la Partie 2-II (ci-dessous).

**Jour de Bourse** désigne, pour un Indice (ou, dans le cas d'un Panier d'Indices, de chaque Indice composant le Panier et observé séparément), tout Jour de Négociation Prévu où le Marché Lié concerné de l'Indice est ouvert aux négociations pendant sa séance de négociation normale, nonobstant le fait que ce Marché Lié ferme avant son Heure de Clôture Prévue, et que le Sponsor de l'Indice publie le Cours de Clôture de cet Indice.

**Jour de Négociation Prévu** désigne, pour un Indice, un jour où (a) il est prévu que le Sponsor de l'Indice publie le Cours de Clôture de l'Indice et (b) il est prévu que le Marché Lié soit ouvert aux négociations pendant sa séance de négociation normale.

**Jour de Perturbation** désigne, pour un Indice, tout Jour de Négociation Prévu où (a) un Marché Lié concerné n'est pas ouvert aux négociations pendant sa séance de négociation normale, ou (b) il s'est produit un Cas de Perturbation du Marché, ou (c) le Sponsor de l'Indice ne publie pas le Cours de Clôture de l'Indice.

**Sponsor de l'Indice** désigne la société ou toute autre entité (telle que spécifiée dans les Conditions Définitives applicables) (a) responsable de la rédaction et des mises à jour des règles et procédures, et des méthodes de calcul et d'ajustements de l'Indice concerné, et/ou (b) publiant (directement ou par l'intermédiaire d'un Agent de Calcul de l'Indice) le niveau de l'Indice concerné sur une base régulière.

### IV. Définitions et dispositions spécifiques aux Indices SGI

#### IV.1 Définitions Générales

**Date de Constatation d'une Moyenne** désigne, pour une Date d'Evaluation et un Indice SGI, chaque date spécifiée comme telle dans les Conditions Définitives applicables afin de déterminer une moyenne (ou, si cette date n'est pas un Jour de Négociation Prévu, le Jour de Négociation Prévu immédiatement suivant), à moins que

ce jour ne soit un Jour de Perturbation, auquel cas il sera différé conformément aux dispositions de la section "Conséquences des Jours de Perturbation pour un Indice SGI" de la Partie 1-IV.2 ci-dessous.

**Panier** désigne un panier composé d'Indices SGI (chacun étant un Sous-Jacent) dans les proportions ou quantités d'Indices SGI spécifiées dans les Conditions Définitives applicables.

**Jour Ouvré** désigne un "Jour Ouvré" tel que défini à la Modalité 5(b)(i) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 4(b)(i) des Modalités des Titres de Droit Français, déterminé sur la base de la Devise Prévue des Titres concernés.

**Cours de Clôture** désigne le niveau de clôture officiel de l'Indice SGI, publié par l'Agent de Calcul de l'Indice à la Date d'Evaluation concernée.

**Cas de Perturbation Marchandise** désigne un Cas de Perturbation du Marché tel que défini dans l'Annexe Technique Marchandises du présent Prospectus.

**Instrument Marchandise** désigne un produit de base, une matière première ou une marchandise, tels l'aluminium, le pétrole brut, le cacao, le maïs, le coton, le cuivre, le lait, les permis d'émission, le bétail, le gazole, l'or, l'argent, le fuel domestique, le café, le blé, les porcs maigres, le gaz naturel, le nickel, le jus d'orange, le plomb, le palladium, le platine, le sucre, les graines de soja et, plus généralement, toute marchandise, tout indice portant sur les marchandises précitées ou tout autre instrument similaire spécifié dans les Règles de l'Indice.

**Instrument Titre de Créance** désigne une obligation (y compris une obligation structurée), un titre de créance (y compris un *Euro Medium Term Note*), un instrument du marché monétaire, tel un certificat de dépôt, un billet à ordre, un effet de commerce, un dépôt et, plus généralement, tout autre titre de créance représentant une dette d'un émetteur, tout indice portant sur les titres précités ou tout autre instrument similaire spécifié dans les Règles de l'Indice.

**Cas de Perturbation Instrument Titre de Créance** ou **Cas de Perturbation Autre Instrument** désigne la survenance de l'un quelconque des événements suivants : (a) la non-publication des niveaux de clôture ou de la valeur de marché de l'Instrument Titre de Créance ou de l'Autre Instrument concerné, (b) la suspension ou limitation des négociations imposée sur le ou les marchés de gré à gré, organisés ou réglementés sur lesquels l'Instrument Titre de Créance ou l'Autre Instrument concerné est négocié, (c) tout événement qui perturbe ou réduit la capacité des intervenants sur le marché en général à effectuer des transactions, ou obtenir des valeurs de marché, relatives à l'Instrument Titre de Créance ou l'Autre Instrument sur le ou les marchés de gré à gré, organisés ou réglementés sur lesquels l'Instrument Titre de Créance ou l'Autre Instrument concerné est négocié, (d) une clôture anticipée imprévue du marché organisé ou réglementé sur lesquels l'Instrument Titre de Créance ou l'Autre Instrument concerné est négocié ou (e) le remboursement, l'annulation ou la disparition définitive de l'Instrument Titre de Créance ou de l'Autre Instrument concerné.

**Jour de Perturbation** désigne tout Jour de Négociation Prévu où un Cas de Perturbation du Marché survient.

**Cas de Perturbation Action** désigne, pour un Instrument Action, la survenance ou l'existence (a) d'une Perturbation des Négociations, (b) d'une Perturbation du Marché que l'Agent de Calcul estime, dans chaque cas, substantielle, à tout moment pendant la période d'une heure qui s'achève à l'Heure d'Evaluation concernée, ou (c) d'une Clôture Anticipée. A cet effet :

- A. **Perturbation des Négociations** désigne toute suspension ou limitation des négociations imposée par le Marché ou le Marché Lié concerné ou autrement, que ce soit en raison de fluctuations de cours excédant les limites permises par le Marché ou le Marché Lié concerné ou autrement, (a) des Actions sur le ou les Marchés concernés, ou (b) des contrats à terme ou des contrats d'options sur tout Marché Lié concerné relatifs à (i) des Actions (qui constituent, dans le cas visé au (a) et (b)(i), 20 pour cent au moins du niveau de l'Indice SGI, directement ou indirectement, par le biais d'un Indice Sous-Jacent ou

d'un indice qui est une Composante Indice d'un Indice Sous-Jacent), ou (ii) un ou plusieurs Indices Sous-Jacents ou un ou plusieurs indices qui sont des Composantes Indice d'un Indice Sous-Jacent ;

B. **Perturbation du Marché** désigne tout événement (autre qu'une Clôture Anticipée) qui perturbe ou réduit (comme l'Agent de Calcul le déterminera) la capacité des intervenants sur le marché en général d'effectuer des transactions sur, d'obtenir des cours de marché pour, (i) des Actions, sur le ou les Marchés concernés, ou (b) des contrats à terme ou des contrats d'options sur tout Marché Lié concerné, relatifs à (i) des Actions (qui constituent, dans le cas visé au (a) et (b)(i), 20 pour cent au moins du niveau de l'Indice SGI, directement ou indirectement, par le biais d'un Indice Sous-Jacent ou d'un indice qui est une Composante Indice d'un Indice Sous-Jacent), ou (ii) un ou plusieurs Indices Sous-Jacents ou un ou plusieurs indices qui sont des Composantes Indice d'un Indice Sous-Jacent ;

C. **Clôture Anticipée** désigne la clôture, lors de tout Jour de Bourse :

- (a) de tout(s) Marché(s) concerné(s) pour des Actions qui constituent 20 pour cent au moins du niveau de l'Indice SGI, (soit directement soit indirectement par le biais d'un Indice Sous-Jacent ou d'un indice qui est une Composante Indice d'un Indice Sous-Jacent) ; ou
- (b) de tout Marché Lié pour des contrats à terme ou des contrats d'options, relatifs à (i) des Actions qui constituent 20 pour cent au moins du niveau de l'Indice SGI, (soit directement soit indirectement par le biais d'un Indice Sous-Jacent ou d'un indice qui est une Composante Indice d'un Indice Sous-Jacent), ou (ii) un ou plusieurs Indices Sous-Jacents ou un ou plusieurs indices qui sont des Composantes Indice d'un Indice Sous-Jacent,

avant leur Heure de Clôture Prévue, à moins que cette clôture anticipée ne soit annoncée par ce Marché ou par ce Marché Lié (selon le cas) une heure au moins avant la première des heures suivantes : (x) l'heure réelle de clôture de la séance normale de négociation sur ce Marché ou ce Marché Lié (selon le cas) lors de ce Jour de Bourse, ou (y) l'heure limite de soumission des ordres devant être entrés dans le système du Marché ou du Marché Lié pour exécution à l'Heure d'Evaluation pour ce Jour de Bourse.

**Instrument Action** désigne une Action, un indice d'Actions ou un ETF.

**Marché** désigne le principal marché ou le principal système de cotation sur lequel, comme l'Agent de Calcul le déterminera de bonne foi, les Composantes Indice concernées sont négociées et qui offre la liquidité la plus élevée pour ces composantes, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué.

**Jour de Bourse** désigne, pour un Indice SGI (ou, dans le cas d'un Panier d'Indices SGI, de chaque Indice SGI composant le Panier et observé séparément), tout Jour de Négociation Prévu où l'Agent de Calcul de l'Indice publie le Cours de Clôture.

**Cas de Perturbation Fonds** désigne un Cas de Perturbation, tel que défini sous la section « *Cas de Perturbation affectant tout Fonds et/ou toute Part de Fonds* » dans la Partie 2-III de l'Annexe Technique Fonds.

**Instrument Fonds** désigne une action ou part d'un fonds, d'une société d'investissement ou de tout autre organisme de placement collectif, tout indice relatif à ceux-ci ou tout autre instrument similaire spécifié dans les Règles de l'Indice.

**Agent de Calcul de l'Indice** désigne l'entité en charge du calcul et de la publication de l'Indice SGI, si elle est différente du Sponsor de l'Indice.

**Composante Indice** désigne un Instrument Action, un Instrument Fonds, un Instrument Titre de Créance, un Instrument Marchandise, un Autre Instrument et/ou une Donnée du Marché, tel que spécifié dans les Règles de l'Indice. Pour les besoins des Titres faisant l'objet de ce Prospectus, la ou les Composante(s) Indice

concernée(s) est/sont un Instrument Action, un Instrument Fonds, un Instrument Titre de Créance, un Instrument Marchandise, un Autre Instrument, une Donnée du Marché ou toute combinaison de ceux-ci, comme spécifié dans les Règles de l'Indice, étant précisé que cette ou ces Composantes Indice pourront être modifiées de temps à autre conformément à ces Règles de l'Indice.

**Événement Composante Indice** désigne la survenance de l'un quelconque des événements suivants :

- A. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs Instruments Action, la survenance d'un Cas de Perturbation Action affectant un ou plusieurs de ces Instruments Action ; et
- B. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs Instruments Fonds, la survenance d'un Cas de Perturbation Fonds affectant un ou plusieurs de ces Instruments Fonds ; et
- C. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs Instruments Marchandise, la survenance d'un Cas de Perturbation Marchandise affectant un ou plusieurs de ces Instruments Marchandise ; et
- D. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs Instruments Titre de Créance, la survenance d'un Cas de Perturbation Instrument Titre de Créance affectant un ou plusieurs de ces Instruments Titre de Créance ; et
- E. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs Autres Instruments, la survenance d'un Cas de Perturbation Autre Instrument affectant un ou plusieurs de ces Autres Instruments ; et
- F. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, une ou plusieurs Données du Marché, la survenance d'un Cas de Perturbation Donnée du Marché affectant une ou plusieurs de ces Données du Marché ; et
- G. pour un Indice SGI dont les Composantes Indice comprennent, sans caractère limitatif, un ou plusieurs indices (chacun étant un **Indice Sous-Jacent**) et :
  - (a) si l'Indice Sous-Jacent comprend, sans caractère limitatif, un ou plusieurs Instruments Action, la survenance d'un Cas de Perturbation Action affectant un ou plusieurs de ces Instruments Action ; et
  - (b) si l'Indice Sous-Jacent comprend, sans caractère limitatif, un ou plusieurs Instruments Fonds, la survenance d'un Cas de Perturbation Fonds affectant un ou plusieurs de ces Instruments Fonds ; et
  - (c) si l'Indice Sous-Jacent comprend, sans caractère limitatif, un ou plusieurs Instruments Marchandise, la survenance d'un Cas de Perturbation Marchandise affectant un ou plusieurs de ces Instruments Marchandise ; et
  - (d) si l'Indice Sous-Jacent comprend, sans caractère limitatif, un ou plusieurs Instruments Titre de Créance, la survenance d'un Cas de Perturbation Instrument Titre de Créance affectant un ou plusieurs de ces Instruments Titre de Créance ; et
  - (e) si l'Indice Sous-Jacent comprend, sans caractère limitatif, un ou plusieurs Autres Instruments, la survenance d'un Cas de Perturbation Autre Instrument affectant un ou plusieurs de ces Autres Instruments ; et

- (f) si l'Indice Sous-Jacent comprend, sans caractère limitatif, une ou plusieurs Données du Marché, la survenance d'un Cas de Perturbation Donnée du Marché affectant une ou plusieurs Données du Marché ;

quand bien même le Cours de Clôture de l'Indice SGI serait-il publié par l'Agent de Calcul de l'Indice le jour de survenance de cet ou ces événements.

**Règles de l'Indice** désigne la Méthodologie Globale de l'Indice (*Global Index Methodology*), complétée par les règles de l'Indice SGI concernées, tels que ces deux documents pourront être modifiés, complétés ou remplacés de temps à autre. Un résumé des Règles de l'Indice applicables à l'Indice SGI concerné est disponible en ligne sur le site web [www.sgindex.com](http://www.sgindex.com), ou, sinon, sur demande écrite au Sponsor de l'Indice.

**Sponsor de l'Indice** désigne la société ou toute autre entité (telle que spécifiée dans les Conditions Définitives applicables) qui (a) est responsable de la rédaction et des mises à jour des règles et procédures, et des méthodes de calcul et d'ajustements (éventuels) de l'Indice SGI concerné, et/ou (b) publie (directement ou par l'intermédiaire d'un Agent de Calcul de l'Indice) le niveau de l'Indice SGI concerné sur une base régulière.

**Donnée du Marché** désigne un taux (y compris un taux d'intérêt, un taux de change ou un taux de swap), une marge (*spread*) ou toute autre donnée spécifiée dans les Règles de l'Indice.

**Cas de Perturbation Donnée du Marché** désigne la non-publication du niveau de la Donnée du Marché concernée.

**Cas de Perturbation du Marché** désigne la survenance de l'un des événements suivants ayant un effet significatif (tel que déterminé par l'Agent de Calcul) sur les Titres : (a) la non-publication du Cours de Clôture, autrement qu'en conséquence d'une Perturbation de l'Indice (telle que définie ci-dessous, sous la section « *Ajustements et Evénements relatifs aux Indices SGI* ») de la Partie 2-III ci-dessous, ou (b) un Evénement Composante de l'Indice.

**Autre Instrument** désigne un warrant, un swap, un contrat à terme ou une option négocié de gré à gré, un contrat à terme, contrat d'option ou autre contrat négocié sur un marché réglementé ou organisé, un indice composé de l'un des éléments précités, quel que soit le sous-jacent de cet Autre Instrument, ou tout autre instrument similaire spécifié dans les Règles de l'Indice.

**Marché Lié** désigne chaque marché ou système de cotation sur lequel la négociation a un effet significatif (tel que déterminé de bonne foi par l'Agent de Calcul) sur l'ensemble du marché des contrats à terme et contrats d'option portant sur les Composantes Indice concernées, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué.

**Heure de Clôture Prévue** désigne, pour un Marché ou un Marché Lié, l'heure de clôture prévue en semaine de ce Marché ou ce Marché Lié, sans tenir compte des négociations ayant lieu après l'heure de clôture ou en dehors des horaires de négociations habituels.

**Jour de Négociation Prévu** désigne, pour un Indice SGI, tout jour où il est prévu que l'Agent de Calcul de l'Indice publie le Cours de Clôture en vertu des Règles de l'Indice.

**Indice SGI** désigne l'indice Société Générale (ou les Indices SGI, dans le cas d'un Panier) désigné comme Sous-Jacent dans les Conditions Définitives applicables, sous réserve d'ajustements conformément aux dispositions de la section "*Ajustements et Evénements relatifs aux Indices SGI*" dans la Partie 2-III ci-dessous.

**Action** désigne une action d'une société.

**Indice Similaire** désigne un indice dont les "caractéristiques principales" sont similaires à celles de l'Indice SGI, telles que déterminées par l'Agent de Calcul. Les "caractéristiques principales" d'un indice comprennent, sans

caractère limitatif, sa stratégie, sa devise, la classe d'actifs et les secteurs géographiques ou économiques reflétés dans cet indice.

**Date d'Evaluation** désigne chaque date spécifiée comme telle dans les Conditions Définitives applicables (ou, si cette date n'est pas un Jour de Négociation Prévu, le Jour de Négociation Prévu immédiatement suivant), à moins que cette date ne soit un Jour de Perturbation, auquel cas elle sera différée conformément aux dispositions de la section « *Conséquences des Jours de Perturbation pour un Indice SGI* » dans la Partie 2-III ci-dessous.

**Heure d'Evaluation** désigne l'heure, à la Date d'Evaluation concernée, à laquelle le Cours de Clôture est publié par l'Agent de Calcul de l'Indice en vertu des Règles de l'Indice.

#### IV.2 Conséquences des Jours de Perturbation pour un Indice SGI

Si toute Date d'Evaluation ou Date de Constatation d'une Moyenne spécifiée dans les Conditions Définitives applicables (la **Date d'Evaluation Prévue** et la **Date de Constatation d'une Moyenne Prévue** respectivement), est un Jour de Perturbation pour un Indice SGI, la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour cet Indice SGI, sera le premier Jour de Négociation Prévu suivant qui n'est pas un Jour de Perturbation au titre de cet Indice SGI, à moins que chacun des huit Jours de Négociation Prévus suivant immédiatement la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue ne soit aussi un Jour de Perturbation. Dans ce cas:

- A. ce huitième Jour de Négociation Prévu sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, nonobstant le fait que ce jour est un Jour de Perturbation, et
- B. l'Agent de Calcul déterminera le niveau de l'Indice SGI ce huitième Jour de Négociation Prévu, conformément à la dernière formule et méthode de calcul de cet Indice SGI en vigueur avant la survenance du premier Jour de Perturbation, nonobstant le fait que l'Agent de Calcul de l'Indice ait publié un Cours de Clôture à cette date.

Etant entendu que si l'Indice SGI est inclus dans un Panier, les dispositions précédentes s'appliqueront uniquement à l'Indice SGI affecté par la survenance d'un Jour de Perturbation, et la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour chaque autre sous-jacent compris dans le Panier et non affecté par un Jour de Perturbation sera la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue.

*Etant cependant entendu que,*

- (a) si une Date de Constatation d'une Moyenne Prévue est un Jour de Perturbation, la Date de Constatation d'une Moyenne sera différée conformément aux dispositions ci-dessus au premier Jour de Négociation Prévu suivant qui n'est pas un Jour de Perturbation, sous réserve qu'il ne soit pas également une Date de Constatation d'une Moyenne Prévue; si, au huitième Jour de Négociation Prévu suivant la Date de Constatation d'une Moyenne Prévue, il n'est survenu ni un Jour de Négociation Prévu qui ne soit pas un Jour de Perturbation, ni une autre Date de Constatation d'une Moyenne Prévue, ce huitième Jour de Négociation Prévu sera réputé être la Date de Constatation d'une Moyenne (indépendamment du fait que ce huitième Jour de Négociation Prévu est également une Date de Constatation d'une Moyenne Prévue), et l'Agent de Calcul procédera à cette date aux déterminations décrites au (B) ci-dessus, et l'estimation de bonne foi du niveau de l'Indice SGI ainsi calculé sera réputée être le Cours de Clôture;

- (b) nonobstant ce qui précède

une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le quatrième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date

d'Evaluation ou à cette Date de Constatation d'une Moyenne; si une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le quatrième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou cette Date de Constatation d'une Moyenne, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, et l'Agent de Calcul devra procéder, à cette date, aux déterminations décrites au (B) ci-dessus, au plus tard à l'Heure d'Evaluation ce quatrième Jour Ouvré, et l'estimation de bonne foi du niveau de l'Indice SGI ainsi calculé sera réputée être le Cours de Clôture.

## V. Définitions spécifiques aux actions ou parts d'ETF

Les dispositions des Parties 1. I "Définitions et dispositions communes aux Actions, ADR, Indices et Dividendes" et II "Définitions spécifiques aux Actions et ADR" ci-dessus de la présente Annexe Technique Actions et autres actifs liés, les dispositions de la section Cas de Radiation de la Cote et toutes dispositions connexes de la Partie 2 ci-dessous de la présente Annexe Technique Actions et autres actifs liés s'appliquent à une action ou part d'un ETF qui, pour tous les besoins de ces dispositions, sera réputée constituer une Action, et s'appliquent à un ETF, qui, à ces effets, sera réputé être une Société.

La Partie 2. I "Ajustements" et la Partie 2. II "Evénements Extraordinaires relatifs à tout Fonds et/ou toute Part de Fonds " de la Partie 2 "Ajustements, Evénements Extraordinaires, Cas de Perturbation et Evénements de Perturbation d'Echéance Spécifique aux Fonds" de l'Annexe Technique Fonds s'appliquera à un ETF qui pour les besoins de ces dispositions sera réputé être un Fonds.

## VI. Définitions spécifiques aux Dividendes

Cette section s'applique aux Dividendes, s'ils sont désignés comme un/des Sous-Jacents dans les Conditions Définitives applicables.

**Dividende** désigne, pour une Action:

- A. un montant de dividende par Action déclaré par la Société, avant le prélèvement ou la retenue à la source d'impôts et taxes par ou pour le compte de toute autorité fiscale compétente ayant le pouvoir de taxer ce dividende (une **Autorité Compétente**), mais sans tenir compte:
  - (a) de toute imputation ou de tous autres crédits, remboursements ou déductions consentis par toute Autorité Compétente (collectivement dénommés les **Crédits**); et
  - (b) de tous impôts, taxes, crédits, remboursements ou avantages imposés, prélevés, déduits ou levés sur les Crédits visés au (a) ci-dessus, et/ou
- B. un montant par Action représentant la valeur en numéraire de tout dividende payé en actions (que ce dividende comprenne ou non des actions qui ne sont pas des actions ordinaires de l'émetteur) déclaré par la Société (ou, si aucune valeur en numéraire n'est déclarée par l'émetteur concerné, la valeur en numéraire de ce dividende, telle que déterminée par l'Agent de Calcul, calculée par référence au cours d'ouverture de cette action ordinaire à la Date Ex-Dividende applicable à ce dividende), étant entendu que si les titulaires enregistrés de l'Action concernée peuvent choisir de recevoir soit un montant tel que défini au (A) ci-dessus, soit un montant tel que défini au présent sous-paragraphe (B), le dividende sera réputé être un montant tel que défini au (A) ci-dessus.

Etant précisé que cette définition exclut (a) tous dividendes s'agissant desquels le Sponsor de l'Indice procède à un ajustement de l'Indice, si l'Action est considérée comme un composant d'un Indice, ou (b) tout dividende pour lequel le Marché Lié procède à un ajustement du Contrat Désigné, si l'Action est considérée individuellement ou comme un composant d'un panier (cependant, si le Sponsor de l'Indice a ajusté l'Indice pour une partie d'un

dividende ou, si le Marché Lié selon le cas a procédé à un ajustement partiel, les dispositions ci-dessus s'appliqueront uniquement à la partie non ajustée).

**Contrat Désigné** désigne un contrat d'options ou un contrat à terme sur l'Action négociée sur le Marché Lié, ayant une date d'expiration (ou la date qui aurait été la date d'expiration, si ce jour n'avait pas été un Jour de Perturbation ni un Jour de Négociation Prévu) qui correspond à la Date d'Evaluation concernée spécifiée dans les Conditions Définitives applicables.

**Période de Dividende** désigne la période spécifiée comme telle dans les Conditions Définitives applicables.

**Date Ex-Dividende** désigne, pour un Dividende, la date à laquelle il est prévu que l'Action concernée commence à être négociée ex-dividende sur le marché principal ou le système de cotation principal pour cette Action, telle que déterminée par l'Agent de Calcul.

**Diviseur Officiel de l'Indice** désigne la valeur, calculée par le Sponsor de l'Indice, nécessaire pour garantir que la valeur numérique de l'Indice demeure inchangée après un changement de composition de l'Indice. La valeur de l'Indice après tout changement de sa composition est divisée par le Diviseur Officiel de l'Indice afin de garantir que la valeur de l'Indice revienne à sa valeur normalisée.

**Nombre Officiel** désigne, à une date donnée et pour un Indice et une Action composant cet Indice, le nombre d'actions librement négociables relatif à cette Action comprises dans cet Indice, tel que calculé et publié par le Sponsor de l'Indice à cette date, sous réserve des dispositions relatives au "Défaut de Publication" sous la section IV. 2. Partie 2 ci-dessous.

## **PARTIE 2 – AJUSTEMENTS, EVENEMENTS EXTRAORDINAIRES, PERTURBATION DES OPERATIONS DE COUVERTURE, COUT ACCRU DES OPERATIONS DE COUVERTURE, OUVERTURE D'UNE PROCEDURE DE FAILLITE ET CHANGEMENT DE LOI RELATIFS AUX ACTIONS, CERTIFICATS AMERICAINS D'ACTIONS ETRANGERES (ADR), INDICES, INDICES SGI ET DIVIDENDES**

### **I. Ajustements et Evénements Extraordinaires relatifs aux Actions et ADR**

#### **I.1 Cas d'Ajustement Potentiel**

**Cas d'Ajustement Potentiel** désigne, pour une Action, l'un quelconque des événements suivants:

- A. une division, un regroupement ou un changement de catégorie de l'Action concernée (à moins que cette opération ne résulte d'un Cas de Fusion), y compris, afin d'éviter toute ambiguïté, une division d'actions ou une réduction du nombre d'actions en circulation, ou une attribution gratuite de l'Action concernée ou une distribution de dividendes sous forme d'attribution de l'Action concernée au profit des porteurs existants réalisée par prélèvement sur les primes, le capital ou tout type d'émission similaire;
- B. une distribution, une émission ou un dividende au profit des porteurs existants de l'Action concernée, portant sur (a) les Actions concernées, ou (b) d'autres actions ou titres conférant un droit au paiement de dividendes et/ou le boni de liquidation de la Société, égal ou proportionnel à celui des porteurs des Actions concernées, ou (c) d'actions ou autres titres d'un autre émetteur, acquis ou détenus (directement ou indirectement) par la Société, à la suite d'une scission ou de toute opération similaire, ou (d) de tout autre type de titres, droits, bons de souscription ou autres actifs, attribués dans tous les cas contre le paiement (en numéraire ou un autre montant) inférieur au prix de marché en vigueur, tel que déterminé par l'Agent de Calcul;
- C. un dividende extraordinaire, tel que déterminé par l'Agent de Calcul;
- D. un appel de fonds lancé par la Société au titre d'Actions qui n'ont pas été intégralement libérées;

- E. un rachat d'Actions par la Société ou l'une quelconque de ses filiales, par prélèvement sur ses réserves ou son capital, que ce paiement donne lieu à un paiement en numéraire, une attribution de titres ou toute autre forme de paiement;
- F. un événement entraînant l'attribution de tous droits d'actionnaires, ou le détachement desdits droits d'actionnaires des actions ordinaires ou d'autres titres de capital de la Société dans le cadre d'un plan de droits de souscription au profit des actionnaires (*shareholder rights plan*) ou d'un accord destiné à empêcher les prises de contrôle hostiles, et donnant droit, lors de la survenance de certains événements, à l'attribution d'actions privilégiées, de bons de souscription, de titres de créance ou de droits d'actionnaires à un prix inférieur à leur valeur de marché, telle que déterminée par l'Agent de Calcul, étant entendu que tout ajustement opéré en conséquence d'un tel événement devra être révisé en cas de renonciation auxdits droits; ou
- G. tout autre événement ayant, de l'avis de l'Agent de Calcul, un effet dilutif ou relutif sur la valeur théorique des Actions concernées.

Après la survenance de tout Cas d'Ajustement Potentiel tel que défini ci-dessus, l'Agent de Calcul déterminera, dès que cela sera raisonnablement possible après avoir eu connaissance de cet événement, si ce Cas d'Ajustement Potentiel a un effet dilutif ou relutif sur la valeur théorique de l'Action; dans l'affirmative, il (a) calculera l'ajustement correspondant, s'il y a lieu, à apporter aux éléments relatifs à l'Action concernée servant à déterminer les modalités de règlement ou de paiement en vertu des Titres et/ou à toute(s) disposition(s) pertinente(s) des modalités des Titres, comme l'Agent de Calcul l'estimera approprié pour préserver l'équivalent économique des obligations de l'Emetteur résultant des Titres, et (b) déterminera la date à laquelle cet ajustement prendra effet. Pour déterminer l'existence et l'étendue de tout effet dilutif ou relutif de tout Cas d'Ajustement Potentiel sur la valeur théorique des Actions et tous ajustements corrélatifs à apporter aux modalités des Titres, l'Agent de Calcul devra tenir compte de tous montants de Taxes Locales qui sont susceptibles, de l'avis de l'Agent de Calcul, d'être prélevés sur, ou payés ou autrement encourus par un Investisseur Etranger en relation avec ce Cas d'Ajustement Potentiel. L'Agent de Calcul pourra, mais sans y être tenu, déterminer l'ajustement approprié par référence à l'ajustement opéré au titre de ce Cas d'Ajustement Potentiel par un Marché Lié sur les options portant sur les Actions négociées sur ce Marché Lié.

Si le Sous-Jacent revêt la forme d'un ADR, les références faites à une **Action** dans la définition du **Cas d'Ajustement Potentiel** ci-dessus visent les Titres en Dépôt sous-jacents à cet ADR. En outre, un événement ayant un effet dilutif ou relutif sur les Titres en Dépôt affectera la valeur théorique de l'ADR, à moins que (et dans la mesure où) la Société ou le Dépositaire, dans l'exercice des pouvoirs (éventuels) qui lui sont conférés par le Contrat de Dépôt, ne choisisse d'ajuster le nombre de Titres en Dépôt qui sont représentés par chaque ADR, de telle sorte que le prix de l'ADR ne soit pas affecté par cet événement (tel que déterminé par l'Agent de Calcul), auquel cas l'Agent de Calcul ne procédera à aucun ajustement. Si la Société ou le Dépositaire choisit de ne pas ajuster le nombre de Titres en Dépôt qui sont représentés par un ADR, ou procède à un ajustement dont l'Agent de Calcul détermine qu'il n'a pas été adéquat, l'Agent de Calcul pourra, à sa discrétion, procéder à l'ajustement nécessaire des éléments relatifs au Sous-Jacent, servant à déterminer les modalités de règlement ou de paiement en vertu des Titres et/ou de toutes autres modalités des Titres qu'il jugera approprié pour préserver l'équivalent économique des obligations de l'Emetteur résultant des Titres, et déterminer la date à laquelle cet ajustement prendra effet. Le Dépositaire pourra également avoir la capacité, en vertu du Contrat de Dépôt, de procéder à des ajustements au titre de l'ADR pour tenir compte des distributions d'actions, distributions de droits, distributions en numéraire et distributions autres qu'en actions, droits et numéraire. En cas d'ajustement ainsi opéré par le Dépositaire, l'Agent de Calcul pourra, à sa discrétion, apporter les ajustements nécessaires que l'Agent de Calcul jugera appropriés afin de tenir compte de cet événement.

Définitions applicables à cette section:

**Taxes Locales** désigne des taxes, droits et charges similaires imposés par l'autorité fiscale du pays d'immatriculation de la Société ou du pays où est situé le Marché sur lequel l'Action est cotée.

**Investisseur Etranger** désigne un porteur d'Actions qui est un investisseur institutionnel non résident dans le pays d'immatriculation de la Société ou de situation du Marché sur lequel l'Action est cotée (la **Juridiction Locale**), pour les besoins des lois et réglementations fiscales de la Juridiction Locale et, afin d'éviter toute ambiguïté, dont la juridiction de résidence (i) sera déterminée par l'Agent de Calcul et (ii) pourra être la juridiction de Société Générale ou de l'une de ses sociétés liées.

## I.2 Evénements Extraordinaires

- A. Si l'Agent de Calcul détermine qu'une Période d'Offre s'est ouverte pour une Action ou un ADR (une **Action Affectée** ou un **ADR Affecté**), avant la dernière Date d'Evaluation ou la dernière Date de Constatation d'une Moyenne ou à cette date, à la suite d'un Cas de Fusion, d'un Cas de Scission, d'un Cas de Radiation de la Cote, d'une Faillite, d'une Nationalisation ou d'un Cas de Prise de Participation, l'Agent de Calcul pourra décider de bonne foi d'appliquer la Méthode de Substitution au titre de l'Action Affectée ou de l'ADR Affecté, pendant cette Période d'Offre.
- B. Si l'Agent de Calcul décide de ne pas appliquer la Méthode de Substitution pendant la Période d'Offre au titre de l'Action Affectée ou de l'ADR Affecté:
- (a) s'il s'agit d'un Cas de Fusion, à compter de la Date de Fusion, et/ou lors de la réalisation du Cas de Fusion, jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, devra appliquer soit:
    - (i) Cas de Fusion Action-contre-Action: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé;
    - (ii) Cas de Fusion Action-contre-Autres Actifs: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé;
    - (iii) Cas de Fusion Action-contre-Actifs Combinés: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé; ou
  - (b) s'il s'agit d'un Cas de Fusion affectant deux Actions ou ADR compris dans un Panier, l'Agent de Calcul:
    - (i) continuera avec l'action ou l'ADR résultant du Cas de Fusion et, afin de maintenir le nombre originel de sociétés du Panier, une Action de Substitution ou un ADR de Substitution (selon le cas) sera choisie et inclus dans le Panier;
    - (ii) substituera aux deux Actions (ou ADR) deux Actions (ou ADR) de Substitution choisies dans les conditions décrites dans la Méthode de Substitution; ou
    - (iii) déclenchera un Remboursement Anticipé;
  - (c) s'il s'agit d'un Cas de Scission, à compter de la Date de Scission, et/ou lors de la réalisation de la Scission, jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, devra soit:
    - (i) remplacer l'Action Affectée ou l'ADR Affecté par des actions ou ADR de sociétés successeurs;
    - (ii) remplacer une ou plusieurs actions résultant de ce Cas de Scission en appliquant la Méthode de Substitution; ou
    - (iii) déclencher un Remboursement Anticipé;

étant entendu que, dans le cas d'un Panier, l'Agent de Calcul maintiendra le nombre initial de sociétés dans le Panier et que, dans le cas où l'Agent de Calcul aurait choisi de substituer à l'Action Affectée ou à l'ADR Affecté plusieurs actions ou ADR résultant de ce Cas de Scission, ces actions ou ADR seront placés dans un sous-panier et considérés comme un seul composant du Panier;

- (d) s'il s'agit d'un Cas de Radiation de la Cote ou d'une Nationalisation, à compter de la date effective de cet événement et jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, pourra, mais sans y être obligé, appliquer la Méthode de Substitution ou déclencher un Remboursement Anticipé;
- (e) s'il s'agit d'une Faillite, l'Agent de Calcul décidera soit que:
  - (i) l'Action Affectée ou l'ADR Affecté sera remplacé selon la Méthode de Substitution; ou
  - (ii) la valeur du composant concerné dans la formule appliquée pour déterminer le montant à payer ou la survenance d'une condition, le cas échéant, telle que décrite dans les Conditions Définitives applicables, représentant l'Action Affectée ou l'ADR Affecté, sera prise en compte par l'Agent de Calcul pour déterminer sa juste valeur de marché, à tout moment à compter de la survenance de cette Faillite et jusqu'à la dernière Date d'Evaluation ou la dernière Date de Constatation d'une Moyenne. La détermination de la juste valeur de marché dépendra de la liquidité du marché et des conditions de négociations relatives à l'Action ou à l'ADR affecté à la date de calcul; ou
  - (iii) il y aura un Remboursement Anticipé; et
- (f) S'il s'agit d'un Cas de Prise de Participation, à compter de la date effective de cet événement et jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul pourra, mais sans y être obligé, choisir une Action de Substitution ou un ADR de Substitution en remplacement de l'Action Affectée ou de l'ADR Affecté, selon la Méthode de Substitution.

- C. Nonobstant toute disposition contraire, l'Agent de Calcul devra déployer tous les efforts raisonnables afin de maintenir le nombre originel de sociétés du Panier en qualité de Sociétés en vertu des présentes.

Définitions applicables à la présente section B – Evénements Extraordinaires:

**Obligation Alternative** désigne:

- A. si l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, pour un Cas de Fusion Action-contre-Action, les Actions Nouvelles et l'émetteur de ces Actions Nouvelles (ou, dans le cas d'Actions Nouvelles qui sont émises sous la forme de l'ADR, l'émetteur des Titres en Dépôt sous-jacents à ces ADR) seront réputés être respectivement les **Actions** (ou les **ADR**, selon le cas) et la Société, à compter de la Date de Fusion concernée (incluse), et, si besoin est, l'Agent de Calcul ajustera les modalités concernées des Titres sur la base du nombre d'Actions Nouvelles (tel qu'il sera ultérieurement modifié conformément aux modalités concernées et comprenant les revenus de tout rachat, le cas échéant) auquel un porteur du nombre concerné d'Actions ou d'ADR, immédiatement avant la survenance du Cas de Fusion, aurait eu droit lors de la réalisation du Cas de Fusion;
- B. si, pour un Cas de Fusion Action-contre-Autres Actifs, l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, l'Agent de Calcul ajustera, à compter de la Date de Fusion (incluse), les modalités concernées des Titres sur la base du montant de l'Autre Contrepartie

(telle qu'elle pourra être ultérieurement modifiée conformément aux modalités concernées et comprenant les revenus de tout rachat, le cas échéant) à laquelle un porteur du nombre concerné d'Actions ou d'ADR aurait droit lors de la réalisation du Cas de Fusion et, si besoin est, de toutes modalités concernées des Titres; et

- C. si, pour un Cas de Fusion Action-contre-Actifs Combinés, l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, les Actions Nouvelles et l'Autre Contrepartie seront réputées être les **Actions** (ou les **ADR**, selon le cas) et l'émetteur des Actions Nouvelles (ou, dans le cas d'Actions Nouvelles qui sont émises sous la forme d'ADR, l'émetteur des Titres en Dépôt sous-jacents à ces ADR) sera réputé être la Société, respectivement, à compter de la Date de Fusion (incluse), et, si besoin est, l'Agent de Calcul ajustera les modalités concernées des Titres sur la base du nombre d'Actions Nouvelles et du montant de l'Autre Contrepartie (tels qu'ils seront ultérieurement modifiés conformément aux modalités concernées et y compris les produits de tout remboursement, le cas échéant) auquel un porteur du nombre concerné d'Actions ou d'ADR aurait droit lors de la réalisation du Cas de Fusion;

**Contrepartie Mixte** désigne une combinaison des Actions Nouvelles et d'une Autre Contrepartie.

**Cas de Radiation de la Cote** désigne, pour une Action ou un ADR, le fait que cette Action ou cet ADR (ou des Titres en Dépôt afférents à cet ADR): (a) cesse d'être admis à la cote officielle, négocié ou publiquement coté sur le Marché concerné ou sur le compartiment de cotation du Marché concerné (pour toute raison autre qu'un Cas de Fusion ou une offre publique d'achat), sans que cette Action ou cet ADR soit immédiatement réadmis à la cote officielle, à la négociation ou à la cotation sur un marché ou un système de cotation situé dans le même pays que le Marché (ou, si le Marché est situé dans l'Union Européenne, dans un Etat membre de l'Union Européenne); ou (b) selon l'avis de l'Agent de Calcul, continue d'être admis à la cote officielle ou à la négociation, ou continue d'être publiquement coté dans des conditions inappropriées (ces conditions incluant, sans caractère limitatif, un manque de liquidité ou la disparition du contrat à terme et/ou d'option pertinent sur l'Action concernée); ou (c) si, pour un Sous-Jacent revêtant la forme d'un ADR, le Contrat de Dépôt est résilié.

**Cas de Scission** désigne, pour une Action ou un ADR, la situation dans laquelle la Société concernée s'agissant de cette Action ou cet ADR est affectée par une scission, y compris, sans caractère limitatif, un démantèlement ou toute opération de nature similaire.

**Date de Scission** désigne la date à laquelle un Cas de Scission prend effet.

**Remboursement Anticipé** désigne la situation dans laquelle un Remboursement Anticipé des Titres intervient sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français.

**Période de Fixation** désigne la période, limitée à un maximum de dix Jours de Bourse, qui expirera 90 Jours Ouvrés au plus après la Date de Fusion, la Date de Scission ou la date effective du Cas de Radiation de la Cote, de la Nationalisation, de la Faillite ou du Cas de Prise de Participation, pendant laquelle:

- A. Société Générale ou l'une de ses sociétés liées vend les Actions Affectées, les ADR Affectés, les Actions Nouvelles et/ou l'Autre Contrepartie (selon le cas), sur la base de la moyenne pondérée des cours de clôture des actifs concernés négociés par Société Générale ou l'une de ses sociétés liées pour les Titres concernés, telle qu'observée pendant cette Période de Fixation; et
- B. les produits de cette vente sont réinvestis dans les Actions de Substitution, les ADR de Substitution et/ou les Actions Nouvelles selon le cas pendant ladite Période de Fixation, sur la

base de la moyenne pondérée des cours de clôture de ces Actions de Substitution, de ces ADR de Substitution et/ou de ces Actions Nouvelles négociés par Société Générale ou l'une de ses sociétés liées pour les Titres concernés, telle qu'observée pendant cette Période de Fixation.

**Faillite** désigne, pour une Société, la liquidation amiable ou judiciaire, la faillite, l'insolvabilité, la dissolution ou toute autre procédure similaire affectant cette Société, telle que déterminée de bonne foi par l'Agent de Calcul.

**Date de Fusion** désigne, pour une Action ou un ADR, la date à laquelle des porteurs du nombre nécessaire d'Actions ou d'ADR concernés (autres, dans le cas d'une offre publique d'achat, que des Actions ou ADR détenus ou contrôlés par l'auteur de l'offre) pour constituer un Cas de Fusion ont accepté ou sont devenus irrévocablement obligés de transférer leurs Actions.

**Cas de Fusion** désigne, pour toute Action:

- A. tout changement de catégorie ou toute transformation de cette Action (y compris le changement de la devise de référence de l'Action) entraînant le transfert ou un engagement irrévocable de transférer toutes ces Actions en circulation au profit d'une autre entité ou personne;
- B. tout regroupement, fusion, absorption ou échange obligatoire d'actions de la Société concernée, avec ou dans toute autre entité (autre qu'un regroupement, une fusion, une absorption ou un échange obligatoire d'actions à l'issue duquel cette Société est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes ces Actions en circulation);
- C. une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre événement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement 100 pour cent des Actions en circulation de la Société, et qui aurait pour effet le transfert ou un engagement irrévocable de transférer toute ou partie de ces Actions (autres que celles de ces Actions déjà détenues ou contrôlées par cette autre entité ou personne);
- D. toute opération de fusion par création d'une société nouvelle, de fusion, d'absorption ou d'échange obligatoire des actions de la Société ou de l'un de ses filiales avec une autre entité, dans le cadre de laquelle la Société est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes lesdites Actions en circulation, mais qui a pour conséquence que les Actions concernées en circulation (à l'exclusion des Actions concernées déjà détenues ou contrôlées par ladite autre entité) immédiatement avant cette opération représentent ensemble moins de 50% des Actions en circulation immédiatement après cette opération; ou
- F. une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre événement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement, ou d'avoir le droit d'obtenir, par conversion ou par tout autre moyen, plus de 10 pour cent et moins de 100 pour cent des actions à droit de vote en circulation de la Société, comme déterminé par l'Agent de Calcul sur la base des enregistrements effectués auprès des agences gouvernementales ou d'autorégulation ou de toute autre information que l'Agent de Calcul jugera pertinente.

Si le Sous-Jacent revêt la forme d'un ADR émis en vertu d'un Contrat de Dépôt, les références faites à une **Action** dans cette définition visent les Titres en Dépôt sous-jacents à cet ADR.

**Méthode de Substitution** désigne la situation dans laquelle, dans le cas d'un Cas de Fusion, d'un Cas de Scission, d'un Cas de Radiation de la Cote, d'une Nationalisation, d'une Faillite ou d'un Cas de Prise de Participation (quelle que soit la contrepartie à recevoir) concernant une Action Affectée ou un ADR Affecté, l'Agent de Calcul peut considérer que l'Action Affectée, le ADR Affecté, les Actions Nouvelles et/ou tout ou partie de l'Autre Contrepartie (selon le cas) est/sont convertis en numéraire, et que les produits seront réinvestis soit (a) en une action nouvelle ou un nouveau ADR du même secteur économique, ou en une action ou un ADR émis par une société de réputation internationale ou de solvabilité similaire à celle de la Société concernée s'agissant de l'Action Affectée ou de l'ADR Affecté, (**l'Action de Substitution** ou **l'ADR de Substitution**, selon le cas), ou (b) dans le cas d'une Contrepartie Mixte, en Actions Nouvelles. Si l'Autre Contrepartie doit être reçue en numéraire à une date future, l'Agent de Calcul pourra considérer que le montant en numéraire à recevoir dans le futur doit être actualisé afin de réinvestir immédiatement les produits alors obtenus conformément aux sous-paragraphes (a) et (b) ci-dessus.

La vente de l'Action Affectée, des ADR Affectés, des Actions Nouvelles et/ou de l'Autre Contrepartie sera réputée avoir lieu pendant la Période de Fixation. L'Action de Substitution (ou le ADR de Substitution, selon le cas) et la société émettrice de cette Action de Substitution (ou, dans le cas d'un ADR, la société émettrice des Titres en Dépôt afférents à cet ADR) seront réputées être une **Action** et la **Société** respectivement, et l'Agent de Calcul ajustera les modalités concernées des Titres.

*A titre d'information*, il est entendu que dans tous les cas décrits aux présentes où une Action ou un ADR est remplacé, à toute date "t", par une Action de Substitution ou un ADR de Substitution, la valeur de la composante correspondante dans la formule appliquée pour déterminer le montant à payer, telle que décrite dans les Conditions Définitives applicables, ne sera pas affectée par la substitution à cette date "t", au titre de l'Action de Substitution ou de l'ADR de Substitution, et le cours de clôture de cette Action de Substitution ou de cet ADR de Substitution sur le Marché concerné à la date "t" sera pondéré par un coefficient d'ajustement afin que ce cours de clôture soit égal au cours de clôture de l'Action Affectée ou de l'ADR Affecté à cette date "t".

**Nationalisation** désigne le cas dans lequel toutes les Actions ou la totalité ou la quasi-totalité des actifs d'une Société seraient nationalisés ou expropriés ou devraient autrement être cédés à toute agence, autorité ou entité gouvernementale ou à toute émanation de celle-ci.

**Actions Nouvelles** désigne des actions ou ADR (qu'ils appartiennent à l'auteur de l'offre ou un tiers) qui sont admis à la cote officielle ou cotés sur un marché reconnu et impliqué dans l'application de la Méthode de Substitution ou de l'Obligation Alternative, tels que déterminés par l'Agent de Calcul.

**Période d'Offre** désigne la période comprise entre la date (incluse) à laquelle le Cas de Fusion, le Cas de Radiation de la Cote, le Cas de Scission, la Faillite, la Nationalisation ou le Cas de Prise de Participation est publiquement et officiellement annoncé et la Date de Fusion ou de Scission ou la date effective du Cas de Radiation de la Cote, de la Faillite, de la Nationalisation ou du Cas de Prise de Participation, ces dates étant non incluses.

**Autre Contrepartie** désigne une somme en numéraire et/ou des titres (autres que des Actions Nouvelles) ou actifs (de l'auteur de l'offre ou d'un tiers).

**Cas de Prise de Participation** désigne la situation dans laquelle une Société (dont les Actions ou ADR sont compris dans un Panier) acquiert une participation excédant 20 pour cent dans une autre Société dont des Actions ou ADR (qui sont l'Action Affectée ou l'ADR Affecté au titre de ce Cas de Prise de Participation) sont également compris dans le même Panier.

**Cas de Fusion Action-contre-Actifs Combinés** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADR sera constituée de Contreparties Mixtes.

**Cas de Fusion Action-contre-Autres Actifs** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADR sera constituée exclusivement d' Autres Contreparties.

**Cas de Fusion Action-contre-Action** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADR sera constituée (ou, à l'option du porteur de ces Actions ou ADR, pourra consister) exclusivement d'Actions Nouvelles.

### I.3 Cas de Baisse Significative du Cours de Clôture relatif à une Action ou un ADR

Si, lors de tout Jour de Bourse pendant la période comprise entre la Date d'Evaluation initiale (exclue) et la dernière Date d'Evaluation (incluse), le Cours de Clôture d'une Action ou d'un ADR subirait une baisse de 80% ou plus par rapport à son niveau à la Date d'Evaluation initiale (l'**Action Affectée** ou l'**ADR Affecté** et l'évènement, le **Cas de Baisse Significative du Cours de Clôture** les dispositions suivantes s'appliqueront:

- A. l'Agent de Calcul pourra décider de remplacer l'Action Affectée ou l'ADR Affecté par une nouvelle action ou un nouvel ADR émis par une société de stature internationale ou de solvabilité similaire à celle de la Société (l'**Action de Substitution** ou l'**ADR de Substitution**, selon le cas) et ajustera les modalités concernées des Titres en conséquence; ou
- B. l'Agent de Calcul pourra décider de conserver l'Action Affectée ou l'ADR Affecté; ou
- C. si l'Agent de Calcul n'a pas retenu une Action de Substitution ou un ADR de Substitution, ni décidé de conserver l'Action Affectée ou l'ADR Affecté, l'Emetteur pourra résilier ses obligations résultant des Titres et payer à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Baisse Significative du Cours de Clôture, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français.

*A titre d'information*, il est entendu que dans tous les cas décrits aux présentes où une Action ou un ADR est remplacé, à toute date "t", par une Action de Substitution ou un ADR de Substitution, la valeur du composant correspondant dans la formule appliquée pour déterminer le montant à payer, telle que décrite dans les Conditions Définitives applicables, ne sera pas affectée par la substitution à cette date "t", au titre de l'Action de Substitution ou de l'ADR de Substitution, et le cours de clôture de cette Action de Substitution ou de cet ADR de Substitution sur le Marché concerné à la date "t", sera pondéré par un coefficient de liaison approprié, de telle sorte qu'il soit égal au cours de clôture de l'Action Affectée ou de l'ADR Affecté à cette date "t".

### I.4 Correction du Cours de Clôture d'une Action

Dans le cas où tout cours ou niveau publié sur le Marché qui est utilisé pour tout calcul ou toute détermination effectué en vertu des Titres serait ultérieurement corrigé, et si la correction est publiée et mise à la disposition du public par le Marché après la publication initiale, mais au plus tard quatre Jour Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables), l'Agent de Calcul déterminera le montant qui est payable en conséquence de cette correction et, dans la mesure du possible, ajustera les modalités des Titres pour tenir compte de cette correction.

## II. Ajustements et Evénements relatifs aux Indices

### II.1 Ajustements

- A. Si un Indice:
  - (a) n'est pas calculé et annoncé par le Sponsor de l'Indice compétent ou l'**Agent de Calcul de l'Indice**, selon le cas, mais est calculé et annoncé par un successeur de ce sponsor compétent

(le **Sponsor Successeur**) ou un successeur de cet agent de calcul (l'**Agent de Calcul Successeur**) jugé(s) satisfaisant par l'Agent de Calcul; ou

- (b) est remplacé par un indice de remplacement (l'**Indice de Remplacement**) utilisant, de l'avis de l'Agent de Calcul, une formule et une méthode de calcul identiques ou substantiellement similaires à celles utilisées pour le calcul de cet Indice;

l'Indice sera alors réputé être l'indice ainsi calculé et annoncé par le Sponsor Successeur ou l'Agent de Calcul Successeur ou cet Indice de Remplacement (selon le cas).

B. Si, de l'avis de l'Agent de Calcul:

- (a) à une Date d'Evaluation ou une Date de Constatation d'une Moyenne ou avant l'une de ces dates, le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) effectue un changement important à la formule ou à la méthode de calcul de cet Indice ou modifie substantiellement cet Indice (autre qu'une modification prescrite dans cette formule ou méthode afin de maintenir cet Indice en cas de modifications des titres composant cet Indice, de capitalisation et d'autres événements courants);
- (b) avant ou à toute Date d'Evaluation ou Date de Constatation d'une Moyenne), le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) ou l'Agent de Calcul de l'Indice (ou l'**Agent de Calcul de l'Indice Successeur**), selon le cas, manque de calculer et de publier le niveau de l'Indice, et si ce manquement est susceptible d'avoir un impact important sur la couverture de Société Générale relative aux Titres; ou
- (c) le Sponsor de l'Indice (ou, le cas échéant, le Sponsor Successeur) annule définitivement l'Indice et qu'il n'existe aucun Indice de Remplacement;

l'Agent de Calcul devra alors soit:

- (x) calculer la formule pertinente à utiliser pour déterminer le montant à payer ou si une condition s'est produite (le cas échéant), telle que décrite dans les Conditions Définitives applicables, en remplaçant le niveau publié pour l'Indice par, le niveau de cet Indice à l'Heure d'Evaluation lors de la Date d'Evaluation ou de la Date de Constatation d'une Moyenne concernée, tel que déterminé par l'Agent de Calcul selon la dernière formule et la dernière méthode de calcul de cet Indice en vigueur avant la modification, le défaut ou l'annulation, mais en se référant uniquement aux titres qui composaient cet Indice immédiatement avant cette modification, ce défaut ou cette annulation (autres que les titres qui ont depuis cessé d'être admis à la cote officielle sur tout Marché concerné); ou
- (y) remplacer l'Indice par un nouvel indice, sous réserve que cet indice soit (a) représentatif du même secteur économique ou géographique (selon le cas), et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (x) et si, dans la situation du paragraphe (y), aucun indice répondant aux critères (a) et (b) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'un quelconque des événements visés au B.(a), B.(b) ou B.(c) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

- C. Si un Indice fusionne avec un autre indice, ou si un Indice qui fait partie du Panier fusionne avec un autre indice qui ne fait pas partie du Panier (**l'Événement**), l'Agent de Calcul:

- (a) continuera d'utiliser l'indice résultant de la fusion; ou
- (b) remplacera l'Indice par un autre indice (le **Nouvel Indice**); pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (a) et si, dans la situation du paragraphe (b), aucun indice répondant aux critères (i) et (ii) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement décrit au (C) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

- D. Dans le cas d'une fusion affectant deux Indices compris dans un Panier (**l'Événement**), l'Agent de Calcul:

- (a) continuera d'utiliser l'indice résultant de la fusion et, afin de maintenir le même nombre d'indices dans le Panier, l'Agent de Calcul choisira un indice supplémentaire (un **Nouvel Indice**) à inclure dans le Panier, pour autant que le Nouvel Indice soit (i) représentatif du même secteur économique ou géographique (selon le cas) et (ii) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE; ou
- (b) remplacera les deux Indices par deux autres indices (chacun étant dénommé un **Nouvel Indice**); pour autant que le Nouvel Indice soit (i) représentatif du même secteur économique ou géographique (selon le cas) et (ii) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (a) et si, dans la situation du paragraphe (b), aucun indice répondant aux critères (i) et (ii) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement décrit au (D) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

- E. Si un Indice est scindé en deux nouveaux indices ou plus (**l'Événement**), l'Agent de Calcul:

- (a) utilisera les indices résultant de la scission pour déterminer un indice équivalent à celui existant avant la scission (étant précisé que les indices résultant de la scission seront réputés former ensemble le **Nouvel Indice**); ou
- (b) remplacera l'Indice scindé par un nouvel indice (un **Nouvel Indice**), pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (a) et si, dans la situation du paragraphe (b), aucun indice répondant aux critères (i) et (ii) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement décrit au (E) ci-dessus, un Montant de Remboursement Anticipé

sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

- F. Dans le cas d'un Panier d'Indices, si des actions composant l'un Indice du Panier représentent au moins 20 pour cent de la capitalisation d'un autre Indice faisant partie du Panier (**l'Indice Affecté**) (un **Evénement**), l'Agent de Calcul pourra, mais sans y être obligé, remplacer cet Indice Affecté par un nouvel indice, pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE. Si aucun indice remplissant les critères (a) et (b) ne peut être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Evénement décrit au (F), un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.
- G. Si un Indice cesse d'être le sous-jacent d'un contrat à terme et/ou d'un contrat d'option (selon le cas) (un **Evénement**), l'Agent de Calcul pourra, mais sans y être obligé, remplacer cet Indice par un nouvel indice, pour autant que le nouvel indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE. Si aucun indice remplissant les critères (a) et (b) ne peut être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Evénement décrit au (G), un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

## II.2 Cas de Baisse Significative du Cours de Clôture relatif à un Indice

Si, lors de tout Jour de Bourse pendant la période comprise entre la Date d'Evaluation initiale (exclue) et la dernière Date d'Evaluation (incluse), le Cours de Clôture d'un Indice subit une baisse de 80% ou plus par rapport à son niveau à la Date d'Evaluation initiale (**l'Indice Affecté** et l'évènement, le **Cas de Baisse Significative du Cours de Clôture**), les dispositions suivantes s'appliqueront:

- A. l'Agent de Calcul pourra décider de remplacer l'Indice Affecté par un nouvel indice représentatif du même secteur économique ou géographique (selon le cas) et, dans la mesure du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE (**l'Indice de Substitution**) et ajustera les modalités concernées en conséquence; ou
- B. l'Agent de Calcul pourra décider de conserver l'Indice Affecté; ou
- C. si l'Agent de Calcul n'a pas retenu un Indice de Substitution, ni décidé de conserver l'Indice Affecté, l'Emetteur pourra résilier ses obligations résultant des Titres et payer à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Baisse Significative du Cours de Clôture, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français.

## II.3 Correction du Cours de Clôture d'un Indice

Dans le cas où tout cours ou niveau publié sur le Marché ou par le Sponsor de l'Indice, qui est utilisé pour tout calcul ou toute détermination effectué en vertu des Titres, serait ultérieurement corrigé, et si la correction est publiée et mise à la disposition du public par le Marché ou le Sponsor de l'Indice après la publication initiale, mais au plus tard quatre Jour Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables), l'Agent de Calcul déterminera le montant qui est payable en

conséquence de cette correction et, dans la mesure du possible, ajustera les modalités concernées des Titres pour tenir compte de cette correction.

### III. Ajustements et Evénements relatifs aux Indices SGI

#### III.1 Ajustements

A. Si, lors d'un Jour de Négociation Prévu quelconque, un Indice SGI :

- (a) n'est pas publié par l'**Agent de Calcul de l'Indice**, mais est publié par un successeur de cet agent de calcul de l'Indice (l'**Agent de Calcul de l'Indice Successeur**) jugé satisfaisant par l'Agent de Calcul; ou
- (b) est remplacé par un Indice Similaire,

l'indice publié par l'Agent de Calcul de l'Indice Successeur ou l'Indice Similaire sera alors réputé être l'Indice SGI ainsi calculé et annoncé.

B. Si, de l'avis de l'Agent de Calcul:

- (a) à une Date d'Evaluation ou une Date de Constatation d'une Moyenne ou avant l'une de ces dates, le Sponsor de l'Indice et/ou l'Agent de Calcul concernés annoncent qu'ils apporteront un changement important à la formule ou à la méthode de calcul de cet Indice SGI ou modifieront substantiellement cet Indice SGI (autre qu'une modification prescrite dans cette formule ou méthode afin de maintenir cet Indice SGI en cas de modifications des Composantes Indice et d'autres événements courants) (une **Modification de l'Indice**) ; ou
- (b) le Sponsor de l'Indice annule définitivement l'Indice, il n'existe aucun Indice Similaire ou l'accord entre l'Agent de Calcul de l'Indice et le Sponsor de l'Indice est résilié (une **Annulation de l'Indice**) ; ou
- (c) à toute Date d'Evaluation ou Date de Constatation d'une Moyenne, l'Agent de Calcul de l'Indice manque de publier le Cours de Clôture de l'Indice SGI, autrement qu'en conséquence de la survenance d'un Cas de Perturbation du Marché (une **Perturbation de l'Indice**, cet événement, ainsi qu'une Modification de l'Indice et une Annulation de l'Indice, étant ci-après dénommé : un **Cas d'Ajustement de l'Indice**) ;

l'Agent de Calcul devra alors soit:

- (w) calculer la formule pertinente à utiliser pour déterminer le montant à payer ou si une condition s'est produite (le cas échéant), telle que décrite dans les Conditions Définitives applicables, en remplaçant le niveau publié pour l'Indice SGI par le niveau de cet Indice SGI lors de la Date d'Evaluation ou de la Date de Constatation d'une Moyenne concernée, tel que déterminé par l'Agent de Calcul selon la dernière formule et la dernière méthode de calcul de cet Indice SGI en vigueur avant ce Cas d'Ajustement de l'Indice, mais en n'utilisant que les Composantes Indice qui composaient l'Indice SGI immédiatement avant ce Cas d'Ajustement de l'Indice (autres que les Composantes Indice qui ont depuis cessé d'être admises à la cote officielle sur tout Marché concerné), et ajuster, selon le cas, les modalités concernées des Titres ; ou
- (x) remplacer l'Indice SGI par un Indice Similaire ; ou
- (y) considérer que ce Cas d'Ajustement de l'Indice est un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé : un **Cas de Remboursement Anticipé**). S'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations

résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'un quelconque des événements visés au (B)(a), (B)(b) ou (B)(c) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français ; ou

- (z) appliquer la Monétisation à la Date d'Echéance (telle que définie ci-dessous).

### III.2 Cas de Baisse Significative du Cours de Clôture relatif à un Indice SGI

Si, lors de tout Jour de Bourse pendant la période comprise entre la Date d'Evaluation initiale (exclue) et la dernière Date d'Evaluation (incluse), le Cours de Clôture d'un Indice SGI subit une baisse de 80% ou plus par rapport à son niveau à la Date d'Evaluation initiale (l'**Indice SGI Affecté** et l'évènement, le **Cas de Baisse Significative du Cours de Clôture**), l'Agent de Calcul pourra alors décider de :

- A. remplacer l'Indice SGI Affecté par un Indice Similaire et d'ajuster toutes modalités concernées en conséquence; ou
- B. conserver l'Indice SGI Affecté; ou
- C. considérer que cet événement est un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé : **Cas de Remboursement Anticipé**). S'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance d'un Cas de Baisse Significative du Cours de Clôture, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- D. maintenir les Titres conformément à leurs modalités.

### III.3 Correction du Cours de Clôture d'un Indice SGI

Dans le cas où tout cours ou niveau publié par l'Agent de Calcul de l'Indice, qui est utilisé pour tout calcul ou toute détermination effectué en vertu des Titres, serait ultérieurement corrigé, et si la correction est publiée et mise à la disposition du public par l'Agent de Calcul de l'Indice après la publication initiale, mais au plus tard quatre Jours Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables), l'Agent de Calcul déterminera le montant qui est payable en conséquence de cette correction et, dans la mesure nécessaire, ajustera les modalités concernées des Titres pour tenir compte de cette correction.

### III.4 Monétisation à la Date d'Echéance

Au titre du Montant de Remboursement Final, l'Emetteur ne sera plus tenu du paiement, lors de la Date d'Echéance, du Montant de Remboursement Final tel que défini dans les Conditions Définitives applicables, mais devra, en lieu et place du paiement de ce Montant de Remboursement Final, en quittance intégrale et définitive de ses obligations:

- A. en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à l'Agent de Calcul à la Date de Liquidation Intégrale, après avoir liquidé les Positions de Couverture (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en

utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par l'Agent de Calcul en tant que Positions de Couverture, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par l'Agent de Calcul en vertu des Positions de Couverture, et le Montant de Calcul mentionné ci-dessus peut être nul ; ou

- B. en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum**), payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la somme (a) du Montant de Remboursement Minimum et (b) un montant égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à l'Agent de Calcul à la Date de Liquidation Intégrale, après avoir liquidé les Positions de Couverture (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) et (ii) un montant égal au Montant de Remboursement Minimum ; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par l'Agent de Calcul en tant que Positions de Couverture, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par l'Agent de Calcul en vertu de ses Positions de Couverture, et le Montant de Calcul mentionné ci-dessus peut être nul.

Définitions applicables à cette section :

**Coûts Associés** désigne un montant déterminé par l'Agent de Calcul, à sa discrétion raisonnable, égal à la somme (sans duplication) de tous les coûts (y compris, sans caractère limitatif, le coût de financement), pertes, frais, taxes et charges encourus par l'Agent de Calcul liés au dénouement, à la liquidation ou au rétablissement des Positions de Couverture, étant précisé que ce montant sera réparti au prorata de la Valeur Nominale de chaque Titre en circulation.

**Méthode de Capitalisation** signifie, si la présente Annexe spécifie que les intérêts courent selon la Méthode de Capitalisation, que le montant des intérêts sera égal à la somme des Montants de Période de Capitalisation pour chaque Période de Capitalisation comprise dans la Période de Calcul concernée,

où

**Montant de Calcul Ajusté** désigne (i) au titre de la première Période de Capitalisation d'une Période de Calcul, le Montant de Calcul pour cette Période de Calcul, et (ii) au titre de toute Période de Capitalisation suivante de cette Période de Calcul, un montant égal à la somme du Montant de Calcul pour cette Période de Calcul et des Montants de Période de Capitalisation pour chacune des Périodes de Capitalisation précédentes comprises dans cette Période de Calcul ;

**Date de Capitalisation** désigne, au titre d'une Période de Calcul, chaque Jour Ouvré (à savoir un Jour Ouvré à Paris) de cette Période de Calcul;

**Période de Capitalisation** désigne, au titre d'une Période de Calcul, chaque période comprise entre une Date de Capitalisation (incluse) et la Date de Capitalisation immédiatement suivante (non incluse) pendant cette Période de Calcul ;

**Montant de Période de Capitalisation** désigne, au titre d'une Période de Capitalisation, le produit des facteurs suivants: (i) le Montant de Calcul Ajusté, (ii) le Taux de Capitalisation et (iii) la Fraction de Décompte des Jours ;

**Taux de Capitalisation** désigne, au titre d'un Montant de Période de Capitalisation, le taux interbancaire au jour le jour dans la Devise Prévüe, tel que déterminé par l'Agent de Calcul le premier jour de la Période de Capitalisation concernée; le Taux de Capitalisation spécifique utilisé pour une Devise Prévüe sera disponible dans les bureaux de l'Agent de Calcul à compter du premier jour d'une Période de Calcul ; et

**Fraction de Décompte des Jours** désigne, pour les besoins de la Méthode de Capitalisation ci-dessus, le nombre exact de jours d'une Période de Capitalisation (le premier étant inclus et le dernier exclu), divisé par 360.

**Date de Liquidation Intégrale** désigne, au titre de la Date d'Echéance, la date à laquelle les produits de la liquidation des Positions de Couverture (y compris, entre autres, en honorant toutes obligations ou charges résultant de ces Positions de Couverture ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture) sont réputés, de l'avis de l'Agent de Calcul, avoir été intégralement reçus par l'Agent de Calcul.

**Positions de Couverture** désigne tout achat, vente, prise, conclusion ou maintien par l'Agent de Calcul d'un ou plusieurs des éléments suivants: (a) des positions ou contrats sur des valeurs mobilières, options, contrats à terme, produits dérivés, opérations sur taux d'intérêt ou devises, (b) des opérations de prêt/emprunt de titres, (c) des dépôts d'espèces ou emprunts d'espèces et/ou (d) d'autres instruments, accords, actifs ou charges, quelle que soit leur description, afin de couvrir individuellement ou sur la base d'un portefeuille, la partie des obligations de l'Emetteur résultant des Titres liés à, ou indexés sur, l'Indice concerné, dues à la Date d'Echéance.

**Taux de Change au Comptant Applicable** désigne, au titre d'une date et d'un montant devant être converti dans la Devise Prévüe, le taux de change de la devise dans laquelle ce montant est libellé dans la Devise Prévüe, tel que déterminé par l'Agent de Calcul, appliqué pour convertir ce montant à cette date dans la Devise Prévüe.

#### **IV. Ajustements et Evénements relatifs aux Dividendes**

##### **IV.1 Ajustements**

*Ajustements relatifs à un Indice dont les composants servent à déterminer les montants dus en vertu de Titres indexés sur Dividendes*

S'il survient un événement affectant l'Indice dont les composants servent à déterminer les montants dus en vertu de Titres indexés sur Dividendes, qui, de l'avis de l'Agent de Calcul, a un effet important sur les montants dus en vertu des Titres, l'Agent de Calcul devra soit:

- A. ajuster toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres; soit
- B. remplacer l'Indice par un nouvel indice, sous réserve que cet indice soit (a) représentatif du même secteur économique ou géographique (selon le cas), et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés de l'un ou plusieurs des pays de l'OCDE; soit
- C. considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres, et dans ce cas l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de

Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français.

*Ajustements en relation avec une Action dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes*

S'il survient un Événement Extraordinaire (tel que défini dans la Partie 2 – I ci-dessus) affectant l'Action (**l'Action Affectée**) dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes, l'Agent de Calcul devra soit:

- A. ajuster toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres; soit
- B. remplacer l'Action Affectée par l'action résultante ou par une nouvelle action émise par une société de réputation internationale ou de solvabilité similaire à celle de la Société émettrice de l'Action Affectée; soit
- C. mettre en œuvre le Remboursement Anticipé, tel que défini dans la Partie 2-I.2 ci-dessus, sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français.

S'il survient un Cas d'Ajustement Potentiel (tel que défini dans la Partie 2 – I ci-dessus) affectant l'Action (**l'Action Affectée**) dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes, l'Agent de Calcul ajustera, sous réserve des dispositions du dernier paragraphe de la définition du "Dividende" dans la Partie 1-VI ci-dessus, toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres.

## IV.2 Événements Extraordinaires

### *Défaut de Publication*

Si, pendant la Période de Dividende, le Sponsor de l'Indice manque (pour une raison quelconque, y compris, sans caractère limitatif, un Cas de Perturbation du Marché, tel que défini dans les définitions et dispositions communes aux Actions, Certificats Américains d'Actions Etrangères, Indices et Dividendes dans la Partie 1 ci-dessus) de calculer et publier le nombre d'actions librement négociables au titre de toute Action ou de tout Diviseur Officiel de l'Indice, l'Agent de Calcul déterminera le nombre d'actions librement négociables au titre de cette Action ou du Diviseur Officiel de l'Indice (selon le cas).

L'Agent de Calcul pourra (mais sans y être obligé), lorsqu'il procédera à cette détermination, faire référence à la dernière formule et à la dernière méthode de calcul du nombre d'actions librement négociables ou du Diviseur Officiel de l'Indice (selon le cas) en vigueur avant que le Sponsor de l'Indice n'ait manqué de procéder au calcul ou à la publication en question.

### *Récupération de Dividende*

Si (a) le montant effectivement payé ou livré par un émetteur à des propriétaires enregistrés de l'Action concernée au titre de tout Dividende payé par cet émetteur (un **Dividende Déclaré**) à des propriétaires enregistrés de cette Action n'est pas égal à ce Dividende Déclaré (un **Cas de Divergence de Dividende**); ou (b) cet émetteur manque d'effectuer tout paiement ou toute livraison au titre de ce Dividende Déclaré d'ici le troisième Jour Ouvré suivant sa date d'échéance, l'Agent de Calcul pourra (mais sans y être obligé) déterminer tout ajustement approprié à opérer pour tenir compte de cette correction ou publication subséquente, majoré des intérêts, sur tout montant ultérieurement dû en vertu des Titres.

### IV.3 Corrections

Si un Diviseur Officiel de l'Indice ou le nombre d'actions faisant partie du flottant calculé ou publié par le Sponsor de l'Indice (ou déterminé par l'Agent de Calcul en vertu des dispositions ci-dessus relatives au "Défaut de Publication"), et utilisé pour tout calcul ou détermination relatif aux Titres, est ultérieurement corrigé (ou est ultérieurement publié par le Sponsor de l'Indice, s'il s'est produit un Défaut de Publication), et si la correction est publiée (ou si la publication est faite, s'il s'est produit un Défaut de Publication) par le Sponsor de l'Indice dans les cinq Jours de Négociation Prévus (tels que définis dans les Définitions spécifiques aux Indices, figurant dans la Partie 1 ci-dessus), après la publication initiale, l'Agent de Calcul ajustera le Dividende dans les conditions requises pour tenir compte de cette correction, *sous réserve que* cette correction ou publication ultérieure ait lieu au plus tard quatre Jours Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables).

## V. Perturbation des Opérations de Couverture, Coût Accru des Opérations de Couverture, Ouverture d'une Procédure de Faillite et conséquences – Changement de Loi et conséquences

### V.1 Perturbation des Opérations de Couverture, Coût Accru des Opérations de Couverture et Ouverture d'une Procédure de Faillite

**Perturbation des Opérations de Couverture** désigne, pour les Titres ayant une ou plusieurs Actions, un ou plusieurs Indices, un ou plusieurs Indice(s) SGI ou un ou plusieurs ADR ou Dividendes comme Sous-Jacent(s), la situation dans laquelle Société Générale ou l'une quelconque de ses sociétés liées se trouvent dans l'incapacité, en dépit de leurs efforts commercialement raisonnables, (a) d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de tout(s) actif(s) qu'ils jugeront nécessaires pour couvrir le risque de cours des valeurs mobilières, (ou tout autre risque de cours concerné, y compris, sans caractère limitatif, le risque de change) de la conclusion et de l'exécution de leurs obligations résultant des Titres ou du contrat conclu avec Société Générale par l'Emetteur des Titres, ou (b) de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement les produits de Positions de Couverture, selon le cas entre des comptes tenus dans la juridiction des Positions de Couverture (la **Juridiction Affectée**) ou depuis des comptes tenus dans la Juridiction Affectée vers des comptes tenus hors de la Juridiction Affectée.

**Coût Accru des Opérations de Couverture** signifie, pour les Titres ayant une ou plusieurs Actions, un ou plusieurs Indices, un ou plusieurs Indice(s) SGI ou un ou plusieurs ADR ou Dividendes comme Sous-Jacent(s), que Société Générale ou de l'une de ses filiales encourrait un montant d'impôts, taxes, frais ou commissions (autres que les commissions de courtage) substantiellement accru (par comparaison avec les circonstances existant à la (aux) date(s) à laquelle (auxquelles) Société Générale passe ses Positions de Couverture en ce qui concerne les Titres) pour (a) acquérir, établir, rétablir, remplacer, maintenir, dénouer ou disposer de toute(s) transaction(s) ou de tout(s) actif(s) qu'ils jugeront nécessaires pour couvrir le risque de cours des valeurs mobilières et exécuter leurs obligations résultant des Titres ou (b) de librement réaliser, recouvrer, verser les produits de Positions de Couverture.

**Ouverture d'une Procédure de Faillite** désigne, pour des Titres ayant une ou plusieurs Actions, un ou plusieurs ADR ou un ou plusieurs Dividendes pour Sous-Jacent(s), la situation dans laquelle la Société prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure; ou encore la situation dans laquelle la Société ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle la Société ne consentirait pas, ne sera pas réputée constituer l'Ouverture d'une Procédure de Faillite.

En cas de survenance d'une Perturbation des Opérations de Couverture ou d'un Coût Accru des Opérations de Couverture relative à une Action, un Indice, un Indice SGI, un ADR ou un ou plusieurs Dividendes, ou en cas d'Ouverture d'une Procédure de Faillite relative à une Action, un ADR ou un ou plusieurs Dividendes (le **Sous-Jacent Affecté**), l'Agent de Calcul pourra:

- A. considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé **Cas de Remboursement Anticipé**). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- B. remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique et qui, dans le cas d'un Indice SGI, sera un Indice Similaire; ou
- C. appliquer la Monétisation à la Date d'Echéance (telle que définie ci-dessus).

Pour les besoins des présentes,

**Positions de Couverture** désigne tout achat, vente, prise, conclusion ou maintien d'une ou plusieurs positions ou d'un ou plusieurs contrats (a) sur des titres, options, contrats à terme, dérivés ou devises, (b) sur une ou plusieurs opérations de prêt de titres, ou (iii) sur d'autres instruments ou accords (quelle que soit leur description) par Société Générale ou l'une de ses sociétés liées, afin de couvrir les Titres, individuellement ou sur la base d'un portefeuille.

## V.2 Changement de Loi

**Changement de Loi** désigne, pour les Titres ayant une ou plusieurs Actions ou un ou plusieurs Indices, Indices SGI, ADR(s) ou Dividendes comme Sous-Jacent(s), à la première des deux dates suivantes: (a) la Date d'Emission et (b) la première Date d'Evaluation des Titres (i) du fait de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi fiscale), ou (ii) du fait de la promulgation de toute loi ou réglementation ou d'un revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), l'Agent de Calcul déterminerait de bonne foi qu'il est devenu illégal pour Société Générale ou l'une de ses sociétés liées de détenir, d'acquérir ou de céder des Positions de Couverture (telles que définies dans la Partie 2-V.1. ci-dessus) ou de maintenir le contrat conclu avec Société Générale ou l'une de ses sociétés liées par l'Emetteur des Titres, relatif au Sous-Jacent des Titres (le **Sous-Jacent Affecté**).

En cas de survenance d'un Changement de Loi, de l'avis de l'Agent de Calcul avant ou à la dernière Date d'Evaluation ou avant ou à la dernière Date de Constatation d'une Moyenne, l'Agent de Calcul décidera, au titre du Sous-Jacent Affecté par ce Changement de Loi, soit:

- A. de considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé; **Cas de Remboursement Anticipé**). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- B. de remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique, et qui dans le cas d'un Indice SGI, sera un Indice Similaire; ou
- C. appliquer la Monétisation à la Date d'Echéance (telle que définie ci-dessus).

## PARTIE 3 – CALCULS – REGLEMENT PHYSIQUE

### I. Calculs – Agent de Calcul

- A. Sauf disposition contraire des Conditions Définitives applicables, et pour les Titres auxquels la présente Annexe Technique Actions et autres actifs liés s'applique, l'Agent de Calcul responsable du calcul du Taux d'Intérêt et/ou du Montant de Remboursement Final, et/ou des intérêts payables, et/ou du Montant de Règlement Physique, et/ou du Montant de Remboursement Anticipé, sera Société Générale, 17 cours Valmy, F-92987 Paris La Défense Cedex, France. Les calculs et déterminations de l'Agent de Calcul seront définitifs et obligatoires pour l'Emetteur, le Garant, l'Agent et les Titulaires de Titres, sauf erreur manifeste ou prouvée.
- B. A la suite de la survenance d'un événement donnant lieu à un Ajustement jugé substantiel de l'avis de l'Agent de Calcul, ou d'un Evénement Extraordinaire affectant un Sous-Jacent, l'Agent de Calcul devra notifier l'ajustement opéré ou la décision prise par l'Agent de Calcul à l'Emetteur, qui le notifiera à son tour à l'Agent et aux Titulaires de Titres conformément aux dispositions de la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 14 des Modalités des Titres de Droit Français. Les Titulaires de Titres pourront obtenir des informations détaillées sur l'ajustement opéré ou la décision prise, sur simple demande à l'adresse spécifiée de l'Agent de Calcul.

### II. Titres à Règlement Physique

- A. Sauf disposition contraire des Conditions Définitives applicables, le Sous-Jacent utilisé pour déterminer le Montant de Règlement Physique sera le(s) Sous-Jacent(s) spécifié(s) dans les Conditions Définitives applicables.
- B. Si le règlement d'un Titre à Règlement Physique a lieu au moyen d'un règlement physique, la livraison sera effectuée par Clearstream, Luxembourg ou Euroclear ou tout autre établissement de compensation concerné (un **Système de Compensation**). La Notification de Transfert sera livrée selon les procédures de transfert actuellement utilisées par le Système de Compensation compétent. Le droit d'un Titulaire de Titres à recevoir tout Montant de Règlement Physique sera représenté par le solde du compte de ce Titulaire de Titres apparaissant dans les livres du Système de Compensation concerné.
- C. Conditions supplémentaires applicables au règlement du Montant de Règlement Physique:
- (a) Le Montant de Règlement Physique sera déterminé sous réserve des dispositions des Parties 1 et 2 (ci-dessus) de la présente Annexe Technique Actions et autres actifs liés, relatives aux Ajustements et au Cas de Perturbation du Marché. Si, en conséquence d'un ajustement ou autrement, le nombre de Sous-Jacents à livrer n'est pas un nombre entier, toute fraction de celui-ci sera payable en espèces, sur la base de la valeur de ce Sous-Jacent, convertie, selon le cas, dans la Devise Prévue au taux de change en vigueur au moment considéré.
  - (b) En outre, si un Cas de Perturbation des Opérations de Règlement empêche la livraison du Montant de Règlement Physique à la Date d'Echéance, cette livraison aura lieu le premier jour suivant où la livraison du Montant de Règlement Physique peut avoir lieu par l'intermédiaire du Système de Compensation concerné (la **Date de Règlement**) à moins qu'un Cas de Perturbation du Règlement n'empêche la livraison pendant une période de 20 Jours de Système de Compensation suivant immédiatement la date initiale qui aurait été la Date de Règlement (la **Période de Livraison**). Dans ce dernier cas, l'Emetteur devra, au lieu de livrer le Montant de Règlement Physique, payer pour chaque Titre la juste valeur de marché du nombre de Sous-Jacent(s) à livrer (la **Juste Valeur de Marché**) convertie dans la Devise Prévue au taux de change applicable à la date considérée, s'il y a lieu. La Juste Valeur de

Marché sera déterminée par l'Agent de Calcul sur la base des conditions de marché existant le premier Jour Ouvré suivant la Période de Livraison.

- (c) Si un dividende est payé au titre du Sous-Jacent pendant la période comprise entre la Date d'Evaluation (incluse) et, selon le cas, (a) la Date de Livraison non incluse, ou (b) s'il survient un Cas de Perturbation du Règlement, la date incluse à laquelle la Juste Valeur de Marché est calculée, le montant du dividende net relatif au nombre de Sous-Jacent(s) à livrer par Titre (à l'exclusion de tout crédit d'impôt y afférent), converti dans la Devise Prévues au taux de change applicable à la date considérée, s'il y a lieu, sera payé en espèces aux Titulaires de Titres dès que possible, sauf disposition contraire des Conditions Définitives applicables.
- (d) Tous les droits de timbre ou autres taxes et/ou droits similaires au titre du règlement physique des Sous-Jacents seront à la charge des Titulaires de Titres.

Pour les besoins du présent paragraphe:

**Jour de Système de Compensation** désigne, pour un Système de Compensation, un jour où ce Système de Compensation est ouvert pour l'acceptation et l'exécution des instructions de règlement.

**Date de Livraison** désigne, selon le cas, (a) la Date d'Echéance, ou (b) s'il se produit un Cas de Perturbation des Opérations de Règlement, la Date de Règlement (telle que définie ci-dessus).

**Cas de Perturbation des Opérations de Règlement** désigne tout événement échappant au contrôle de l'Emetteur, en conséquence duquel le Système de Compensation ne peut pas compenser le transfert du Montant de Règlement Physique.

**NYMEX** désigne *New York Mercantile Exchange* ou son successeur.

**OMLX** désigne *OM London Exchange Limited* ou son successeur.

**SIMEX** désigne *Singapore International Monetary Exchange, Inc.* ou son successeur.

### III. Autres Définitions

**Bourse** désigne la bourse ou le principal marché de négociation spécifié dans les Conditions Définitives applicables, étant précisé que pour un Indice, **Bourse** désigne la bourse ou le système de cotation sur lequel les marchandises composant l'Indice sont négociées, ou toute bourse ou système de cotation de remplacement ou de substitution, acceptable par l'Agent de Calcul, en particulier en raison d'une liquidité comparable des Marchandises concernées.

**Cas de Perturbation de l'Indice** désigne, pour un Indice, l'un des événements suivants:

- A. le défaut de publication du Cours de Clôture de l'Indice par le Sponsor de l'Indice concerné sur son site internet ou, pour une Date de Barrière, le défaut de publication du Cours de Clôture de l'Indice par le Sponsor de l'Indice avant 8h30 du matin (heure de New York) le Jour Ouvré suivant à Londres et/ou à New York, selon le cas;
- B. le défaut de publication du Cours de Clôture de l'Indice Sous-Jacent par le Sponsor de l'Indice Sous-Jacent concerné sur son site internet;
- C. le défaut de détermination ou de publication du prix de règlement pour un Contrat à Terme Concerné par la Bourse concernée, étant cependant précisé que ce Cas de Perturbation de l'Indice ne s'appliquera pas à une Date de Barrière;
- D. une suspension significative des négociations (**Suspension des Négociations**) ou une limitation significative imposée des négociations (**Limitation des Négociations**) (que ce soit au motif de mouvements de prix atteignant les limites établies par la Bourse concernée au sein desquelles le prix du Contrat à Terme Concerné peut fluctuer (**Limite de Prix**) ou autrement) du Contrat à Terme Concerné sur la Bourse concernée; étant cependant précisé que pour les Dates de Barrière uniquement, le fait

que le prix de règlement atteigne le niveau le plus haut ou le plus bas de la Limite de Prix pour un Contrat à Terme Concerné ne sera pas considéré comme un Cas de Perturbation de l'Indice.

**Contrat à Terme** désigne, pour un Prix de Référence et une Date d'Evaluation ou une Date de Barrière, un contrat standardisé, négocié sur la Bourse visée dans ce Prix de Référence, pour la livraison à terme d'une quantité déterminée de la Marchandise visée par ce Prix de Référence, tel que spécifié dans les Conditions Définitives applicables, sous réserve que (a) si les Conditions Définitives applicables spécifient une date ou un mois particulier, le Contrat à Terme concerné sera le Contrat à Terme pour la livraison à cette date ou pendant ce mois, (b) si les Conditions Définitives font référence à la première Echéance Cotée (*First Nearby Month*), à la deuxième Echéance Cotée (*Second Nearby Month*), etc., le Contrat à Terme concerné sera respectivement le premier Contrat à Terme, le deuxième Contrat à Terme, etc. qui expire à la Date d'Evaluation ou à la Date de Barrière concernée.

**Cas de Perturbation du Marché** désigne, pour une Marchandise, tout événement qui, de l'avis raisonnable de l'Agent de Calcul, perturbe ou compromet la détermination du prix de cette Marchandise pour une Date d'Evaluation ou une Date de Barrière, selon le cas, et inclut, sans caractère limitatif:

- A. le défaut de publication du prix concerné par la Source de Prix concernée pour une Date d'Evaluation ou, pour une Date de Barrière, le défaut de publication du prix concerné par cette Source de Prix concernée avant 8h30 du matin (heure de New York) le Jour Ouvré suivant à Londres et/ou New York, selon le cas, ou une discontinuité ou indisponibilité temporaire ou permanente de la Source de Prix;
- B. la Suspension des Négociations ou la Limitation des Négociations (que ce soit au motif que des mouvements de prix atteignent les limites de la Limite de Prix ou autrement) de la Marchandise concernée sur la Bourse concernée; étant cependant précisé que pour les Dates de Barrière uniquement, le fait que le prix de règlement atteigne le niveau le plus haut ou le plus bas de la Limite de Prix ne sera pas considéré comme un Cas de Perturbation du Marché.

Il appartient à l'Agent de Calcul de déterminer de bonne foi la survenance d'un Cas de Perturbation du Marché.

**Contrat à Terme Concerné** désigne chaque contrat à terme compris dans un Indice ou dans un Indice Sous-Jacent.

**Cours de Clôture** désigne, pour une date et un Indice, le niveau de clôture de l'Indice déterminé et publié par le Sponsor de l'Indice pour cette date.

**Date d'Evaluation** désigne une date pour laquelle un Prix de Référence est déterminé et inclut la Date d'Evaluation Initiale et la Date d'Evaluation Finale, selon le cas, et/ou chaque date spécifiée comme telle dans les Conditions Définitives applicables. Pour une Marchandise, la Date d'Evaluation est soumise à la Convention de Jour Ouvré Marchandise. Pour un Indice, la Date d'Evaluation est soumise à la Convention de Jour Ouvré Indice. Sauf disposition contraire dans les Conditions Définitives applicables, le Jour Ouvré Marchandise Commun et le Jour Ouvré Indice Commun, selon le cas, ne sont pas applicables aux Dates d'Evaluation.

**Date d'Evaluation Finale** désigne la date spécifiée comme telle dans les Conditions Définitives applicables.

**Date d'Evaluation Initiale** désigne la date spécifiée comme telle dans les Conditions Définitives applicables.

**Date de Barrière** désigne une date pour laquelle l'Agent de Calcul détermine si un Niveau de Barrière est atteint ou si toute autre condition s'est produite, et qui inclut chaque date spécifiée comme telle dans les Conditions Définitives applicables. Si une date est spécifiée dans les Conditions Définitives applicables à la fois comme une Date de Barrière et une Date d'Evaluation, elle sera considérée comme une Date d'Evaluation. Pour une Marchandise, la Date de Barrière est soumise à la Convention de Jour Ouvré Marchandise. Pour un Indice, la Date de Barrière est soumise à la Convention de Jour Ouvré Indice. Sauf disposition contraire dans les

Conditions Définitives applicables, le Jour Ouvré Marchandise Commun ou le Jour Ouvré Indice Commun, selon le cas, est applicable aux Dates de Barrière.

**Echéance Cotée** a la signification donnée à cette expression dans la définition de « Contrat à Terme » ci-dessus.

**Indice** désigne l'indice sur marchandises spécifié dans les Conditions Définitives applicables.

**Indice Sous-Jacent** désigne chaque indice compris dans un Indice.

**Jour Ouvré** désigne un "Jour Ouvré" tel que défini à la Modalité 4(b)(i) des Modalités des Titres de Droit Français ou à la Modalité 5(b)(i) des Modalités des Titres de Droit Anglais et des Titres NRC, selon le cas, déterminé sur la base de la Devise Prévue des Titres concernés.

**Jour Ouvré d'Observation** désigne un jour (autre qu'un samedi ou un dimanche) où les banques commerciales sont ouvertes pour effectuer des transactions à Londres ou à New York.

**Jour Ouvré Indice** désigne, pour un Indice, un jour (a) où le Sponsor de l'Indice et le Sponsor de l'Indice Sous-Jacent prévoient de déterminer et publier le Cours de Clôture de l'Indice et de l'Indice Sous-Jacent, selon le cas, sur le site internet du Sponsor de l'Indice ou du Sponsor de l'Indice Sous-Jacent concerné, selon le cas, et (b) qui est un jour de négociation sur la Bourse concernée pour tous les Contrats à Terme Concernés.

**Jour Ouvré Indice Commun** désigne, pour une Date de Barrière, un jour qui est un Jour Ouvré Indice pour tous les Indices spécifiés dans les Conditions Définitives applicables.

**Jour Ouvré Marchandise** désigne, (a) lorsque le Prix de Référence concerné est un prix déterminé et publié par une Bourse, un jour qui est (ou, sans la survenance d'un Cas de Perturbation du Marché, aurait été) un jour de négociation prévu sur cette Bourse et, (b) lorsque le Prix de Référence n'est pas déterminé et publié par une Bourse, un jour où la Source de Prix concernée prévoit de publier un prix.

**Jour Ouvré Marchandise Commun** désigne, pour une Date de Barrière, un jour qui est un Jour Ouvré Marchandise pour tous les Prix de Référence spécifiés dans les Conditions Définitives applicables.

**Niveau de Barrière** désigne le niveau spécifié comme tel dans les Conditions Définitives applicables.

**Marchandise** désigne chacune des marchandises visée par le Prix de Référence concerné, les marchandises comprises dans un Indice ou dans tout Indice Sous-Jacent, s'il y a lieu, ou toute marchandise autrement spécifiée dans les Conditions Définitives applicables.

**MMBTU** désigne un million d'unités thermiques britanniques.

**Panier** désigne un panier de Marchandises spécifiées dans les Conditions Définitives applicables.

**Période d'Observation de Barrière** désigne, sauf disposition contraire dans les Conditions Définitives applicables, la période comprise entre la première Date d'Evaluation (incluse) et la dernière Date d'Evaluation (incluse).

**Prix Intraday de l'Argent** désigne le prix *intraday* de l'argent (*Silver intraday price*) de l'once d'argent (*troy ounce of Silver*) pour livraison à Londres par l'intermédiaire d'un membre du LBMA habilité à réaliser ce type de livraison, libellée en dollars U.S., pour cette date (disponible sur la page "XAG=EBS" du Service *Monitor Money Rates* de Reuters ou toute page venant à lui succéder).

**Prix Intraday de l'Or** désigne le prix *intraday* de l'or (*Gold intraday price*) de l'once d'or (*troy ounce of Gold*) pour livraison à Londres par l'intermédiaire d'un membre du LBMA habilité à réaliser ce type de livraison, libellée en

dollars U.S., pour cette date (disponible sur la page "XAU=EBS" du Service *Monitor Money Rates* de Reuters ou toute page venant à lui succéder).

**Prix Intraday de la Marchandise** désigne, pour une Marchandise considérée et un jour, tout prix auquel cette Marchandise a été négociée sur la Bourse concernée à tout moment pendant ce jour, tel que déterminé par l'Agent de Calcul, ce prix incluant le Prix de Référence.

**Prix d'Exercice** désigne le prix spécifié comme tel dans les Conditions Définitives applicables.

**Règle de Roulement** désigne l'une des règles de roulement suivantes :

**Règle de Roulement 1:** Pour une Date d'Evaluation tombant le dernier jour de négociation du Contrat à Terme pour la première Echéance Cotée, le Contrat à Terme concerné sera le Contrat à Terme pour la deuxième Echéance Cotée.

**Règle de Roulement 2:** Pour une Date d'Evaluation tombant après le (dernier) jour d'expiration standard du contrat d'option sur le Contrat à Terme pour la première Echéance Cotée, négocié sur la Bourse visée dans le Prix de Référence concerné, le Contrat à Terme concerné sera le Contrat à Terme pour la deuxième Echéance Cotée.

**Règle de Roulement 3:** Pour une Date d'Evaluation tombant à la première date de notification, ou après cette date, du Contrat à Terme pour la première Echéance Cotée négocié sur la Bourse visée dans le Prix de Référence concerné, le Contrat à Terme concerné sera le Contrat à Terme pour la deuxième Echéance Cotée.

**Sponsor de l'Indice** désigne la société ou autre entité telle que spécifiée dans les Conditions Définitives applicables qui (a) est responsable de l'établissement et de la révision des règles, des procédures et des méthodes de calcul et d'ajustements éventuels relatifs à l'Indice concerné et (b) publie (directement ou par l'intermédiaire d'un agent) le niveau de l'Indice concerné sur une base régulière.

**Sponsor de l'Indice Sous-Jacent** désigne la société ou autre entité telle que spécifiée dans les Conditions Définitives qui (a) est responsable de l'établissement et de la révision des règles, des procédures et des méthodes de calcul et d'ajustements éventuels relatifs à l'Indice Sous-Jacent et (b) publie de façon régulière (directement ou par l'intermédiaire d'un agent) le niveau de l'Indice Sous-Jacent concerné.

## **PARTIE 2 – DISPOSITIONS APPLICABLES AUX MARCHANDISES AUTRES QUE DES INDICES**

### **I. Convention de Jour Ouvré Marchandise**

- A. Si une Date d'Evaluation n'est pas un Jour Ouvré Marchandise pour un Prix de Référence, la Date d'Evaluation pour ce Prix de Référence sera reportée au Jour Ouvré Marchandise suivant pour ce Prix de Référence, sous réserve des dispositions du paragraphe C. ci-dessous relatives à la date limite d'évaluation.
- B. Si une Date de Barrière n'est pas un Jour Ouvré Marchandise Commun, cette Date de Barrière sera reportée au Jour Ouvré Marchandise Commun suivant, sous réserve des dispositions du paragraphe C. ci-dessous relatives à la date limite de détermination.
- C. Nonobstant ce qui précède, une Date d'Evaluation ou une Date de Barrière devra survenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué sur la base de déterminations faites pour cette Date d'Evaluation ou cette Date de Barrière, selon le cas. Ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Barrière, s'il y a lieu, et l'Agent de Calcul déterminera de bonne foi la juste valeur de marché de la Marchandise ou des Marchandises pour lesquelles ce quatrième Jour Ouvré n'est pas un Jour Ouvré Marchandise.

## II. Conséquences d'un Cas de Perturbation du Marché

A. Si un Cas de Perturbation du Marché se produit ou perdure pour un Prix de Référence à une Date d'Evaluation, le prix de la Marchandise pour cette Date d'Evaluation sera:

- (a) le Prix de Référence pour cette Date d'Evaluation publié par la Bourse concernée le Jour Ouvré Marchandise suivant durant lequel il n'existe aucun Cas de Perturbation du Marché (le **Jour de Détermination**), sous réserve que ce Jour de Détermination tombe dans une période de cinq Jours Ouvrés d'Observation à compter de cette Date d'Evaluation (incluse); ou
- (b) si le Prix de Référence n'est pas déterminé conformément au paragraphe (a) ci-dessus ou est une Limite de Prix, le Prix de Référence publié par la Bourse Concernée pour le Jour Ouvré Marchandise suivant durant lequel il n'existe aucune Limitation des Négociations ou Suspension des Négociations, sous réserve que ce Jour de Détermination tombe dans une période de cinq Jours Ouvrés d'Observation à compter de la Date d'Evaluation concernée (incluse).

La détermination du Prix de Référence selon les paragraphes (a) et (b) ci-dessus est soumise aux dispositions du paragraphe B ci-dessous.

- (c) S'il n'existe aucun Jour de Détermination, pendant une période de cinq Jours Ouvrés d'Observation suivant la Date d'Evaluation, les prix pour cette Date d'Evaluation seront déterminés de bonne foi par l'Agent de Calcul ce cinquième Jour Ouvré d'Observation, en utilisant:
  - (i) pour la Marchandise ou les Marchandises qui ne sont pas affectées par un Cas de Perturbation du Marché le cinquième Jour Ouvré d'Observation, le Prix de Référence concerné pour ce cinquième Jour Ouvré d'Observation, et
  - (ii) pour la Marchandise ou les Marchandises qui sont affectées par un Cas de Perturbation de Marché le cinquième Jour Ouvré d'Observation, la juste valeur de marché de cette Marchandise ou de ces Marchandises.

B. Nonobstant ce qui précède, les prix pour une Date d'Evaluation seront déterminés par l'Agent de Calcul au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué sur la base de déterminations faites pour cette Date d'Evaluation. Cette Partie 2-II ne s'appliquera pas à une Date de Barrière.

## III. Conséquences de Cas Extraordinaires affectant les Marchandises ou les Prix de Référence

Si l'Agent de Calcul détermine que:

- A. le Prix de Référence concerné disparaît ou cesse définitivement d'être publié ou devient définitivement indisponible; ou
- B. à tout moment après la première Date d'Evaluation, la formule ou la méthode de calcul du Prix de Référence concerné est modifiée de façon significative; ou
- C. à tout moment après la première Date d'Evaluation, le contenu, la composition ou la constitution de la Marchandise concernée est modifié de façon significative;

l'Agent de Calcul pourra soit:

- Y. déterminer de bonne foi la juste valeur de marché de la Marchandise concernée pour la Date d'Evaluation ou la Date de Barrière concernée; ou
- Z. remplacer, dans la mesure du possible, le Prix de Référence affecté par un prix similaire.

Si l'Agent de Calcul ne procède pas à la détermination conformément au sous-paragraphe Y ci-dessus et si, de l'avis de l'Agent de Calcul, il n'existe aucun prix répondant aux critères pour être utilisé comme prix de remplacement conformément au sous-paragraphe Z ci-dessus, l'Emetteur mettra fin à ses obligations en vertu des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

#### **IV. Conséquences d'ajustements affectant le Prix de Référence**

Si un Prix de Référence publié sur la page de la Source de Prix concernée et utilisé pour tout calcul ou détermination effectué en vertu des Titres est corrigé par la suite et la correction est publiée sur la page de la Source de Prix concernée après la publication initiale et au plus tard le quatrième Jour Ouvré Marchandise ou Jour Ouvré Indice, selon le cas, avant la Date d'Echéance ou toute(s) date(s) de paiement (tel que spécifié dans les Conditions Définitives applicables), l'Agent de Calcul déterminera de façon discrétionnaire si des ajustements aux modalités des Titres sont nécessaires pour justifier cette correction. Tout ajustement résultant de cette correction devra être effectué par l'Agent de Calcul de façon discrétionnaire.

### **PARTIE 3 – DISPOSITIONS APPLICABLES AUX INDICES SUR MARCHANDISES**

#### **I. Convention de Jour Ouvré Indice**

- A. Si une Date d'Evaluation n'est pas un Jour Ouvré Indice pour un Indice, la Date d'Evaluation pour cet Indice sera reportée au jour suivant qui est un Jour Ouvré Indice, sous réserve des dispositions du sous-paragraphe C ci-dessous relatives à la date limite d'évaluation.
- B. Si une Date de Barrière n'est pas un Jour Ouvré Indice Commun, cette Date de Barrière sera reportée au jour suivant qui est un Jour Ouvré Indice Commun, sous réserve des dispositions du sous-paragraphe C ci-dessous relatives à la date limite de détermination.
- C. Nonobstant ce qui précède, une Date d'Evaluation ou une Date de Barrière devra survenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué sur la base de déterminations faites pour cette Date d'Evaluation ou cette Date de Barrière, selon le cas. Ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Barrière, s'il y a lieu, et l'Agent de Calcul déterminera de bonne foi le juste niveau de marché de l'Indice ou des Indices pour lesquels ce quatrième Jour Ouvré n'est pas un Jour Ouvré Indice.

#### **II. Conséquences de Cas de Perturbation d'Indice**

- A. Si une Date d'Evaluation indiquée dans les Conditions Définitives est un jour pendant lequel un Cas de Perturbation de l'Indice s'est produit pour un Indice ou tout Indice Sous-Jacent, selon le cas, le niveau de cet Indice ou de cet Indice Sous-Jacent, selon le cas, sera déterminé de bonne foi par l'Agent de Calcul conformément à la dernière formule et à la dernière méthode de calcul en vigueur pour cet Indice ou cet Indice Sous-Jacent, selon le cas, avant la survenance du premier Cas de Perturbation de l'Indice (sous réserve des dispositions du sous-paragraphe B ci-dessous relatives à la date limite de détermination), en utilisant:
  - (a) pour chaque marchandise comprise dans l'Indice ou tout Indice Sous-Jacent pour laquelle aucun Contrat à Terme Concerné n'est affecté par un Cas de Perturbation de l'Indice, son prix

de règlement, tel que déterminé et publié par la Bourse concernée pour la Date d'Evaluation; et

- (b) pour chaque marchandise comprise dans l'Indice ou tout Indice Sous-Jacent pour laquelle un ou plusieurs Contrats à Terme Concernés sont affectés par un Cas de Perturbation de l'Indice:
  - (i) le prix de règlement de ces Contrats à Terme Concernés relatifs à cette marchandise tel que déterminé et publié par la Bourse concernée à la Date d'Evaluation ou rétrospectivement au cours d'une période de cinq Jours Ouvrés d'Observation à compter de la Date d'Evaluation concernée (incluse);
  - (ii) si le prix de règlement n'est pas déterminé conformément au (i) ci-dessus ou est une Limite de Prix, le prix de règlement de tous les Contrats à Terme Concernés relatifs à cette marchandise publié par la Bourse concernée pour le Jour Ouvré Marchandise suivant pour tous les Contrats à Terme Concernés et durant lequel le Cas de Perturbation de l'Indice a cessé d'exister; ou
  - (iii) si le prix de règlement d'un ou plusieurs Contrats à Terme Concernés n'est pas déterminé conformément au (i) ou (ii) ci-dessus, la juste valeur de marché de tous les Contrats à Terme Concernés ce cinquième Jour Ouvre d'Observation,

- B. Nonobstant ce qui précède, la date à laquelle la valeur d'une marchandise comprise dans l'Indice et le niveau de l'Indice sont déterminés devra survenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué en vertu des Titres sur la base de déterminations faites à cette date.

### III. Conséquences d'Événements Extraordinaires affectant les Indices

- A. Si un Indice:

- (a) n'est pas calculé et publié par le Sponsor de l'Indice concerné mais est calculé et publié par un sponsor successeur (le **Sponsor Successeur**) jugé acceptable par l'Agent de Calcul, ou
- (b) est remplacé par un indice de remplacement qui, de l'avis de l'Agent de Calcul, utilise la même formule et la même méthode de calcul, ou une formule et une méthode substantiellement similaires à celles servant au calcul de cet Indice;

l'Indice sera réputé être l'indice ainsi calculé et publié par le Sponsor Successeur concerné ou cet indice de remplacement (selon le cas).

- B. Si l'Agent de Calcul détermine que:

- (a) le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) modifie de façon significative la formule ou la méthode de calcul d'un Indice ou effectue toute autre modification significative de l'Indice (autre qu'une modification prescrite dans cette formule ou méthode de calcul afin de maintenir cet Indice en cas de changements dans les marchandises comprises dans l'Indice, de capitalisation et d'autres événements courants), ou
- (b) le Sponsor de l'Indice (ou, s'il y a lieu, le Sponsor Successeur) annule définitivement un Indice et qu'il n'existe aucun indice de remplacement;

l'Agent de Calcul pourra soit:

- Y. déterminer le niveau de cet Indice pour la Date d'Evaluation ou la Date de Barrière concernée conformément à la dernière formule et la dernière méthode de calcul en vigueur pour cet Indice avant ce changement, ce défaut ou cette annulation. L'Indice ainsi calculé sera utilisé à la place du Cours de Clôture publié par le Sponsor de l'Indice pour la détermination d'un montant à payer en vertu des Titres ou pour déterminer si une condition s'est produite ou pas, ou
- Z. remplacer l'Indice par un nouvel indice, dans la mesure du possible, représentatif d'un type similaire de marchandises comprises dans l'Indice et négociées sur une ou plusieurs Bourses.

Si l'Agent de Calcul ne procède pas à un calcul conformément au sous-paragraphe Y ci-dessus et si l'Agent de Calcul détermine qu'aucun indice répond aux critères pour être utilisé comme indice de remplacement conformément au paragraphe sous-paragraphe Z ci-dessus, l'Emetteur mettra fin à ses obligations en vertu des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français.

#### **PARTIE 4 – PERTURBATION DES OPERATIONS DE COUVERTURE, CHANGEMENT DE LOI ET CONSEQUENCES**

**Changement de Loi** désigne, pour les Titres ayant une ou plusieurs Marchandises comme Sous-Jacent(s) à la première des deux dates suivantes (a) la Date d'Emission, ou (b) la première Date d'Evaluation des Titres, du fait de:

- A. l'adoption ou de tout changement de toute loi applicable (y compris, sans caractère limitatif, toute mesure prise par la "*Commodities Futures Trading Commission*" ou toute loi fiscale) ou toute réglementation, règle ou procédure de toute bourse ou principal marché de négociation sur lequel une Marchandise ou une de ses composantes est négociée (ensemble, la **Règlementation Applicable**); ou
- B. la promulgation de toute Réglementation Applicable ou de tout revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale),

l'Agent de Calcul déterminerait de bonne foi que

- Y. il est devenu illégal ou contraire à une Réglementation Applicable pour Société Générale ou l'une de ses sociétés liées de (a) détenir, d'acquérir ou de céder des Positions de Couverture (telles que définies ci-dessous) ou (b) de maintenir le contrat conclu avec l'Emetteur, relatif aux Titres ou au(x) Sous-Jacent(s) des Titres ou d'exécuter ses obligations ou d'exercer ses droits en vertu des présentes; ou
- Z. Société Générale ou l'une de ses sociétés liées supporte ou va probablement supporter des coûts, des frais ou des charges du fait de (a) l'acquisition, l'établissement, le rétablissement, la substitution, le maintien, le dénouement ou la disposition de toutes Positions de Couverture des Titres ou (b) de maintenir tout contrat conclu avec l'Emetteur, relatif aux Titres ou au(x) Sous-Jacent(s) des Titres, ou d'exécuter ses obligations en vertu des présentes.

**Perturbation des Opérations de Couverture** désigne, pour les Titres ayant une ou plusieurs Marchandises ou un ou plusieurs Indices comme Sous-Jacent(s), le fait que Société Générale ou l'une de ses sociétés liées se trouve dans l'incapacité, en dépit de ses efforts commerciaux raisonnables, soit :

- A. d'acquérir, d'établir, de rétablir, de substituer, de maintenir, de dénouer ou de disposer de toutes Positions de Couverture, ou

- B. de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement les produits de toutes Positions de Couverture ou de tout contrat conclu avec l'Emetteur, relatifs aux Titres ou au(x) Sous-Jacent(s) des Titres.

Pour les besoins des présentes, **Positions de Couverture** désigne une ou plusieurs positions ou un ou plusieurs contrats sur des marchandises, des transactions sur dérivés de marchandises négociées de gré à gré ou en bourse, des transactions de change ou d'autres instruments ou accords (quelle que soit leur description) nécessaires afin de couvrir, individuellement ou sur la base d'un portefeuille ou autrement, les risques encourus par Société Générale ou l'une de ses sociétés liées, afférents à (a) l'émission des Titres et l'exécution de toutes obligations concernant les Titres ou (b) la conclusion d'un contrat avec l'Emetteur relatif aux Titres ou au(x) Sous-Jacent(s) des Titres et l'exécution des obligations au titre de ce contrat.

En cas de survenance, tel que déterminé de bonne foi par l'Agent de Calcul, d'une Perturbation des Opérations de Couverture ou d'un Changement de Loi, (la(les) Marchandise(s) concernée(s) en tant que Sous-Jacent, le **Sous-Jacent Affecté**), l'Agent de Calcul pourra:

- X. considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après un **Cas de Remboursement Anticipé**). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur mettra fin à ses obligations en vertu des Titres et paiera, ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- Y. remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique.

## **PARTIE 5 - CALCULS EFFECTUES PAR L'AGENT DE CALCUL**

- A. Sauf disposition contraire dans les Conditions Définitives applicables, et pour les Titres auxquels s'applique cette Annexe Technique Marchandises, l'Agent de Calcul responsable de la détermination du Prix de Référence et du calcul du Taux d'Intérêt, du Montant de Remboursement Final, des intérêts payables et du Montant de Remboursement Anticipé sera Société Générale, 17 cours Valmy F 92987 Paris La Défense Cedex, France. Les calculs et déterminations de l'Agent de Calcul seront définitifs et obligatoires envers l'Émetteur, le Garant, l'Agent et les Titulaires de Titres, en l'absence d'erreur manifeste ou prouvée.
- B. A la suite de la survenance d'un événement donnant lieu à un ajustement jugé substantiel de l'avis de l'Agent de Calcul ou d'un événement extraordinaire affectant un Sous-jacent au titre de cette Annexe Technique Marchandises, l'Agent de Calcul notifiera l'Emetteur qui à son tour notifiera l'Agent et les Titulaires de Titres conformément aux dispositions de la Modalité 15 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 14 des Modalités des Titres de Droit Français, l'ajustement effectué ou la décision prise par l'Agent de Calcul. Les détails de l'ajustement effectué ou de la décision prise peuvent être obtenus par les Titulaires de Titres sur simple demande à l'adresse spécifiée de l'Agent de Calcul.

## C) ANNEXE TECHNIQUE FONDS

### PARTIE 1 – DÉFINITIONS SPÉCIFIQUES AUX FONDS

**Date de Paiement Intermédiaire Ajustée** désigne celle des deux dates suivantes qui surviendra la première, entre (x) le 20<sup>ème</sup> Jour Ouvré suivant la survenance de la Date de Liquidation Intégrale Intermédiaire, et (y) la Date d'Echéance.

**Date d'Echéance Ajustée** désigne celle des deux dates suivantes qui surviendra la première, entre (x) le 20<sup>ème</sup> Jour Ouvré suivant la survenance de la Date de Liquidation Intégrale, et (y) la Date d'Echéance Prévue Différée.

**Date de Remboursement Optionnel Ajustée** désigne celle des deux dates suivantes qui surviendra la première, entre (x) le 20<sup>ème</sup> Jour Ouvré suivant la survenance de la Date de Liquidation Intégrale Optionnelle, et (y) la Date d'Echéance.

**Méthode Applicable** désigne, au titre d'une Date d'Evaluation, l'une ou l'autre des méthodes suivantes: Méthode de Calcul, Méthode d'Exécution/Souscription, Méthode d'Exécution/Rachat, Méthode d'Ordre/Souscription ou Méthode d'Ordre/Rachat. Si aucune Méthode Applicable n'est spécifiée dans les Conditions Définitives au titre de la première Date d'Evaluation survenant lors de la Date d'Emission des Titres ou suivant immédiatement celle-ci (la **Première Date d'Evaluation**), la Méthode d'Ordre/Souscription sera réputée être la Méthode Applicable. Si aucune Méthode Applicable n'est spécifiée dans les Conditions Définitives au titre de toute Date d'Evaluation qui n'est pas la Première Date d'Evaluation, la Méthode d'Ordre/Rachat sera réputée être la Méthode Applicable.

**Coûts Associés** désigne un montant déterminé par l'Agent de Calcul, à sa discrétion raisonnable, égal à la somme (sans duplication) de tous les coûts (y compris, sans caractère limitatif, le coût de financement), pertes, frais, taxes et charges encourus par un Investisseur Hypothétique liés au dénouement, à la liquidation ou au rétablissement des Positions de Couverture Hypothétiques, étant précisé que ce montant sera réparti au prorata de la Valeur Nominale de chaque Titre en circulation.

**Panier** signifie un panier composé de Fonds (chacun étant un Sous-Jacent) dans les proportions et quantité de Fonds spécifiées dans les Conditions Définitives.

**Jour Ouvré** désigne un "Jour Ouvré" tel que défini à la Modalité 4(b)(i) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 3(b)(i) des Modalités des Titres de Droit Français, déterminé sur la base de la Devise Prévue des Titres concernés.

**Cours de Clôture** désigne, au titre d'un Fonds (et, dans chaque cas, comme l'Agent de Calcul le déterminera):

- A. Si les Conditions Définitives concernées spécifient que la "**Méthode de Calcul**" est applicable à une Date d'Evaluation, la valeur liquidative officielle par Part déterminée par le Fonds (ou le Prestataire de Services Fonds qui détermine généralement cette valeur) à cette Date d'Evaluation;
- B. Si les Conditions Définitives concernées spécifient que la "**Méthode d'Exécution/Souscription**" est applicable à une Date d'Evaluation, le montant total par Part, y compris tous les frais ou commissions (le cas échéant) qui serait payé (à une date unique ou sur une période de temps) par un Investisseur Hypothétique en Parts du Fonds en vertu d'un Ordre Valable de souscription de Part(s) dont il est prévu qu'il soit exécuté à la valeur liquidative officielle par Part déterminée par le Fonds (ou le Prestataire de Services Fonds qui détermine généralement cette valeur) à cette Date d'Evaluation;
- C. Si les Conditions Définitives concernées spécifient que la "**Méthode d'Exécution/Rachat**" est applicable à une Date d'Evaluation, le montant total par Part, net de tous les frais ou commissions (le cas échéant) qui serait reçu en espèces (à une date unique ou sur une période de temps) par un

Investisseur Hypothétique en Parts du Fonds en vertu d'un Ordre Valable de rachat de Part(s), dont il est prévu qu'il soit exécuté à la valeur liquidative officielle par Part, déterminée par le Fonds (ou le Prestataire de Services Fonds qui détermine généralement cette valeur) à cette Date d'Evaluation;

- D. Si les Conditions Définitives concernées spécifient que la "**Méthode d'Ordre/Souscription**" est applicable à une Date d'Evaluation, le montant total par Part, y compris tous les frais ou commissions (le cas échéant) qui serait payé (à une date unique ou sur une période de temps) par un Investisseur Hypothétique en Parts du Fonds en vertu d'un Ordre Valable de souscription de Part(s) soumis et accepté par le Fonds à cette Date d'Evaluation; ou
- E. Si les Conditions Définitives concernées spécifient que la "**Méthode d'Ordre/Rachat**" est applicable à une Date d'Evaluation, le montant total par Part, net de tous les frais ou commissions (le cas échéant) qui serait reçu en espèces (à une date unique ou sur une période de temps) par un Investisseur Hypothétique en Parts du Fonds en vertu d'un Ordre Valable de rachat de Part(s), soumis et accepté par le Fonds à cette Date d'Evaluation.

**Méthode de Capitalisation** signifie, si la présente Annexe spécifie que les intérêts courent selon la Méthode de Capitalisation, que le montant des intérêts sera égal à la somme des Montants de Période de Capitalisation pour chaque Période de Capitalisation comprise dans la Période de Calcul concernée,

où :

**Montant de Calcul Ajusté** désigne (i) au titre de la première Période de Capitalisation d'une Période de Calcul, le Montant de Calcul pour cette Période de Calcul, et (ii) au titre de toute Période de Capitalisation suivante de cette Période de Calcul, un montant égal à la somme du Montant de Calcul pour cette Période de Calcul et des Montants de Période de Capitalisation pour chacune des Périodes de Capitalisation précédentes comprises dans cette Période de Calcul;

**Date de Capitalisation** désigne, au titre d'une Période de Calcul, chaque Jour Ouvré de cette Période de Calcul;

**Période de Capitalisation** désigne, au titre d'une Période de Calcul, chaque période comprise entre une Date de Capitalisation (incluse) et la Date de Capitalisation immédiatement suivante (non incluse) pendant cette Période de Calcul;

**Montant de Période de Capitalisation** désigne, au titre d'une Période de Capitalisation, le produit des facteurs suivants: (i) le Montant de Calcul Ajusté, (ii) le Taux de Capitalisation et (iii) la Base de Calculs;

**Taux de Capitalisation** désigne, au titre d'un Montant de Période de Capitalisation, le taux interbancaire au jour le jour dans la Devise Prévvue, tel que déterminé par l'Agent de Calcul le premier jour de la Période de Capitalisation concernée; le Taux de Capitalisation spécifique utilisé pour une Devise Prévvue sera disponible dans les bureaux de l'Agent de Calcul à compter du premier jour d'une Période de Calcul; et

**Base de Calcul** désigne, pour les besoins de la Méthode de Capitalisation ci-dessus, le nombre exact de jours d'une Période de Capitalisation (le premier étant inclus et le dernier exclu), divisé par 360.

**Date de Liquidation Intégrale** désigne, au titre de la Date d'Echéance, la date à laquelle les produits de la liquidation des Positions de Couverture Hypothétiques (y compris, entre autres, en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques) sont réputés, de l'avis de l'Agent de Calcul, avoir été intégralement reçus par l'Investisseur Hypothétique.

**Fonds** désigne le fonds ou l'organisme de placement collectif en valeurs mobilières tel que spécifié dans les Conditions Définitives applicables.

**Jour Ouvré du Fonds** désigne, pour un Fonds (ou, dans le cas d'un Panier de Fonds, pour chaque Fonds observé séparément), toute date à laquelle un Ordre Valable peut être passé par un Investisseur Hypothétique sur la base des Documents du Fonds prévalant à la Date d'Emission des Titres.

**Jour d'Evaluation du Fonds** désigne, pour un Fonds (ou, dans le cas d'un Panier de Fonds, pour chaque Fonds observé séparément), toute date telle que définie dans les Documents du Fonds qui prévalent à la Date d'Emission des Titres à laquelle la valeur liquidative de ce Fond est déterminée conformément aux Documents du Fonds.

**Documents du Fonds** désigne, au titre de tout Fonds, les documents et actes constitutifs applicables, contrats de souscription et autres contrats du Fonds spécifiant les termes et conditions applicables à ce Fonds.

**Prestataire de Services Fonds** désigne, au titre de tout Fonds, toute personne qui est nommée pour fournir des services à ce Fonds, directement ou indirectement, qu'elle soit ou non spécifiée dans les Documents du Fonds, y compris tout conseiller en investissements du fonds, tout administrateur du fonds, tout gérant, toute personne investie du rôle de gérant discrétionnaire des investissements ou de conseiller non discrétionnaire en investissements (y compris un conseiller non discrétionnaire en investissements d'un gérant discrétionnaire ou un autre conseiller non discrétionnaire en investissements) pour ce Fonds (le **Conseiller du Fonds**), tout fiduciaire (*trustee*) ou personne similaire investie de responsabilités administratives principales pour ce Fonds, tout opérateur, toute société de gestion, tout dépositaire, tout conservateur, tout sous-conservateur, tout prestataire de services d'investissement (*prime broker*), tout agent chargé des registres et transferts, ou tout agent domiciliaire.

**Part du Fonds ou Part** désigne, au titre d'un Fonds, une part ou action de ce Fonds ou, si les droits dans ce Fonds ne sont pas représentés par des parts ou actions, une unité de compte représentant la propriété de ce droit dans ce Fonds.

**Positions de Couverture Hypothétiques** désigne l'achat, la vente, la conclusion ou le maintien par un Investisseur Hypothétique d'un ou plusieurs des éléments suivants: (i) des positions ou contrats sur des Parts du Fonds, options, contrats à terme, produits dérivés, opérations sur taux d'intérêt ou devises, (ii) des opérations de prêt/d'emprunt de valeurs mobilières, (iii) des dépôts d'espèces ou emprunts d'espèces et/ou (iv) d'autres instruments, accords, actifs ou charges, quelle que soit leur description, afin de couvrir individuellement ou sur la base d'un portefeuille, la partie des obligations de l'Emetteur résultant des Titres liées à, ou indexées sur, la Part du Fonds concernée, dues à la Date d'Echéance et affectées au prorata à chaque Titre en circulation; étant entendu que si la Date de Liquidation Intégrale Intermédiaire et/ou la Date de Liquidation Intégrale Optionnelle ne sont pas survenues au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance, les Positions de Couverture Hypothétiques incluront les Positions de Couverture Hypothétiques Intermédiaires et/ou les Positions de Couverture Hypothétiques Optionnelles.

**Investisseur Hypothétique** désigne, au titre des Positions de Couverture Hypothétiques, un investisseur hypothétique dans ces Positions de Couverture Hypothétiques (y compris les Parts du Fonds) situé en France (qui, afin de lever toute ambiguïté, pourra être Société Générale ou l'une de ses filiales), qui est réputé, au titre des Positions de Couverture Hypothétiques constituées par les Parts du Fonds, (a) avoir les droits et obligations, tels que stipulés résultant des Documents du Fonds, d'un investisseur détenant des Parts du Fonds; (b) dans le cas de tout rachat présumé opéré par ce Fonds, avoir soumis un Ordre Valable demandant le rachat de Parts du Fonds; et (c) dans le cas de tout investissement présumé dans ce Fonds, avoir soumis un Ordre Valable demandant la souscription de Parts du Fonds.

**Montant Intermédiaire** désigne soit un Montant d'Intérêts soit un Montant de Versement Echelonné.

**Date de Liquidation Intégrale Intermédiaire** désigne, au titre de toute Date de Paiement Intermédiaire, la date à laquelle les produits de la liquidation des Positions de Couverture Hypothétiques Intermédiaires (y compris, entre autres, en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de

ces Positions de Couverture Hypothétiques Intermédiaires) sont réputés, de l'avis de l'Agent de Calcul, avoir été intégralement reçus par l'Investisseur Hypothétique.

**Positions de Couverture Hypothétiques Intermédiaires** désigne l'achat, la vente, la conclusion ou le maintien par un Investisseur Hypothétique d'un ou plusieurs des éléments suivants: (i) des positions ou contrats sur des Parts du Fonds, options, contrats à terme, produits dérivés, opérations sur taux d'intérêt ou devises, (ii) des opérations de prêt/d'emprunt de valeurs mobilières, (iii) des dépôts d'espèces ou emprunts d'espèces et/ou (iv) d'autres instruments, accords, actifs ou charges, (quelle que soit leur description), afin de couvrir individuellement ou sur la base d'un portefeuille, la partie des obligations de l'Emetteur résultant des Titres liées à, ou indexées sur, la Part du Fonds concernée, dues à une Date de Paiement Intermédiaire et affectées au prorata à chaque Titre en circulation.

**Date de Paiement Intermédiaire** désigne soit une Date de Paiement des Intérêts soit une Date de Remboursement Echelonné, spécifiée comme telle dans les Conditions Définitives des Titres concernés.

**Date d'Echéance** désigne la date spécifiée comme telle dans les Conditions Définitives des Titres concernés.

**Cas de Perturbation de l'Echéance** signifie qu'une Date de Liquidation Intégrale Intermédiaire et/ou une Date de Liquidation Intégrale Optionnelle et/ou la Date de Liquidation Intégrale ne sont pas intervenues au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance.

**Montant de Remboursement Optionnel** désigne le Montant du Remboursement Optionnel spécifié comme tel dans les Conditions définitives des Titres concernés.

**Date de Remboursement Optionnel** désigne la Date du Remboursement Optionnel spécifiée comme telle dans les Conditions Définitives des Titres concernés.

**Date de Liquidation Intégrale Optionnelle** désigne, au titre d'une Date de Remboursement Optionnel, la date à laquelle les produits de la liquidation des Positions de Couverture Hypothétiques Optionnelles (y compris, entre autres, en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Optionnelles) sont réputés, de l'avis de l'Agent de Calcul, avoir été intégralement reçus par l'Investisseur Hypothétique.

**Positions de Couverture Hypothétiques Optionnelles** désigne l'achat, la vente, la conclusion ou le maintien par un Investisseur Hypothétique d'un ou plusieurs des éléments suivants: (a) des positions ou contrats sur des Parts du Fonds, options, contrats à terme, produits dérivés, opérations sur taux d'intérêt ou devises, (b) des opérations de prêt/d'emprunt de valeurs mobilières, (c) des dépôts d'espèces ou emprunts d'espèces et/ou (d) d'autres instruments, accords, actifs ou charges, quelle que soit leur description, afin de couvrir individuellement ou sur la base d'un portefeuille, la partie des obligations de l'Emetteur résultant des Titres liées à, ou indexées sur, la Part du Fonds concernée, dues à une Date de Remboursement Optionnel et affectées au prorata à chaque Titre en circulation.

**Date Butoir de Remboursement Optionnel** désigne, au titre d'une Date de Remboursement Optionnel, le Jour Ouvré précédant cette Date de Remboursement Optionnel d'un nombre de Jours Ouvrés ou de jours calendaires égal au nombre de Jours Ouvrés ou de jours calendaires de la période de préavis (telle que spécifiée dans les Conditions Définitives).

**Date d'Echéance Prévue Différée** désigne, s'il survient un Cas de Perturbation de l'Echéance, la date tombant lors du second anniversaire de la Date d'Echéance, ou, si cette date n'est pas un Jour Ouvré, le Jour Ouvré immédiatement suivant.

**Taux de Change au Comptant Applicable** désigne, au titre d'une date et d'un montant devant être converti dans la Devise Prévue, le taux de change de la devise dans laquelle ce montant est libellé dans la Devise

Prévue, tel que déterminé par l'Agent de Calcul, appliqué pour convertir ce montant à cette date dans la Devise Prévue.

**Ordre Valable** désigne un ordre valable de souscription ou de rachat envoyé dans les délais voulus au Fonds ou au Prestataire de Services Fonds qui accepte généralement ces ordres, en respectant le préavis de souscription ou de rachat et la date et l'heure butoir fixés dans les Documents du Fonds.

**Date d'Evaluation** désigne, pour un Fonds (ou, dans le cas d'un Panier de Fonds, pour chaque Fonds observé séparément), chaque date spécifiée comme telle dans les Conditions Définitives applicables ou si, pour un Fonds, cette date n'est pas un Jour Ouvré du Fonds ou un Jour d'Evaluation du Fonds (selon le cas), le Jour Ouvré du Fonds suivant ou le Jour d'Evaluation du Fonds suivant (la **Date d'Evaluation Prévue**), à moins que ce jour ne soit un Jour de Perturbation auquel cas la Date d'Evaluation sera déterminée conformément aux dispositions "*Cas de Perturbation affectant tout Fonds et/ou toute part de Fonds*" de la Partie 2-III ci-dessous. Toute Date d'Evaluation Initiale, Date d'Evaluation Finale, Date d'Evaluation annuelle, Date d'Evaluation trimestrielle, Date d'Evaluation mensuelle ou Date d'Evaluation hebdomadaire spécifiée dans les Conditions Définitives sera réputée être la Date d'Evaluation pour les besoins de cette Annexe Technique.

## **PARTIE 2 – AJUSTEMENTS, EVENEMENTS EXTRAORDINAIRES, CAS DE PERTURBATION ET EVENEMENT DE PERTURBATION D'ECHEANCE SPECIFIQUE AUX FONDS**

### **I. Ajustements**

En cas de survenance, à tout moment à la Date d'Emission ou après cette date, d'un événement affectant un Fonds ou la valeur des Parts du Fonds concernées, y compris, sans caractère limitatif:

- A. une opération de subdivision, regroupement ou reclassement du nombre concerné de Parts du Fonds, ou une distribution gratuite ou un dividende sur ces Parts du Fonds au profit des détenteurs existants par voie de prime, de capitalisation ou d'émission similaire;
- B. une distribution, une émission ou un dividende au profit des détenteurs existants des Parts du Fonds concernées, (a) d'une quantité supplémentaire de ces Parts du Fonds, ou (b) d'autres actions ou titres conférant le droit de recevoir le paiement de dividendes et/ou les produits de la liquidation du Fonds, à égalité ou proportionnellement aux paiements ainsi effectués aux détenteurs de ces Parts du Fonds, ou (c) d'actions ou autres titres d'un autre émetteur acquis ou détenu (directement ou indirectement) par le Fonds, à la suite d'une scission ou de toute opération similaire, ou (d) de tout autre type de titres, droits, bons de souscription ou autres actifs, dans chaque cas en contrepartie d'un paiement (en numéraire ou autre) inférieur au cours de marché en vigueur, tel que déterminé par l'Agent de Calcul;
- C. un dividende extraordinaire;
- D. un rachat par le Fonds de Parts du Fonds concernées, que le prix payé pour ce rachat soit constitué par un montant en numéraire, des titres ou autres, à moins qu'il ne s'agisse d'un rachat de Parts du Fonds initié par un investisseur détenant ces Parts du Fonds, qui soit conforme aux Documents du Fonds; ou
- E. tout autre événement pouvant avoir un effet de dilution ou de concentration sur la valeur théorique des Parts du Fonds concernées ou la quantité de Parts du Fonds;

l'Agent de Calcul pourra ajuster toutes modalités pertinentes des Titres, afin de préserver l'équivalent économique des obligations de l'Emetteur résultant des Titres.

## II. Événements Extraordinaires relatifs à tout Fonds et/ou toute Part de Fonds

En cas de survenance ou de survenance probable (tel que déterminé par l'Agent de Calcul) de l'un des événements suivants (chacun étant dénommé: un **Événement Extraordinaire**) à la Date d'Emission ou après cette date:

- A. **Changement de Loi** désigne la situation dans laquelle (a) en raison de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi fiscale), ou (b) en raison de toute revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), l'Agent de Calcul détermine de bonne foi (x) qu'il est devenu illégal pour un Investisseur Hypothétique de détenir, d'acquérir ou de céder des Positions de Couverture Hypothétiques, des Positions de Couverture Hypothétiques Intermédiaires ou des Positions de Couverture Hypothétiques Optionnelles (y compris les Parts du Fonds concernées), ou qu'il est devenu illégal de maintenir le contrat conclu par Société Générale et/ou l'une de ses filiales avec le Fonds ou un Prestataire de Services Fonds, tel que ce contrat est mentionné à la section "Violation ou Résiliation de Contrat" au (B) ci-dessous, ou (y) Société Générale et/ou l'une de ses filiales encourront un coût significativement accru pour exécuter leurs obligations résultant de ces Titres ou du contrat conclu entre Société Générale ou l'Emetteur des Titres avec le Fonds ou le Prestataire de Services Fonds, tel que ce contrat est mentionné à la section "Violation ou Résiliation de Contrat" ci-dessous (y compris, sans caractère limitatif, au motif d'une augmentation de la charge fiscale, d'une réduction des avantages fiscaux ou de tout autre effet défavorable sur leur situation fiscale);
- B. **Violation ou Résiliation de Contrat** désigne tout manquement du Fonds ou d'un Prestataire de Services Fonds, selon le cas, au respect ou à l'exécution d'un contrat conclu par le Fonds ou un Prestataire de Services Fonds avec Société Générale et/ou l'un de ses filiales, définissant les termes et conditions dans lesquels Société Générale et/ou l'un de ses filiales peuvent effectuer des souscriptions et/ou des rachats de Parts du Fonds (selon le cas, différents des termes et conditions de souscription et de rachat en vigueur au moment considéré en vertu des Documents du Fonds), y compris, selon le cas, les rabais sur les commissions de gestion devant être payées à Société Générale et/ou l'un de ses filiales; la résiliation de ce contrat par le Fonds ou un Prestataire de Services Fonds pour des raisons échappant au contrôle de Société Générale ou de ses filiales; le fait que ce contrat ne serait pas ou plus pleinement en vigueur et en effet; ou le fait que le Fonds ou le Prestataire de Services Fonds dénoncerait, annulerait, résilierait ou rejetterait ce contrat en totalité ou en partie, ou en contesterait la validité;
- C. **Fermeture du Fonds** désigne la dissolution ou la liquidation du Fonds pour tout motif autre que ceux mentionnés aux paragraphes (F) ou (K) ci-dessous;
- D. **Événement Conseiller du Fonds** désigne la situation dans laquelle l'Agent de Calcul détermine que, sur une période de douze mois, la valeur totale des actifs gérés par le Conseiller du Fonds (y compris le Fonds) a déchu de 50 pour cent (soit du fait de rachats, soit du fait de la baisse de valeur de ces actifs);
- E. **Perturbation des Opérations de Couverture sur le Fonds** désigne la situation dans laquelle un Investisseur Hypothétique se trouve dans l'incapacité ou l'impossibilité pratique, en dépit de ses efforts commerciaux raisonnables, (a) d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de céder toutes Positions de Couverture Hypothétiques, Positions de Couverture Hypothétiques Intermédiaires ou Positions de Couverture Hypothétiques Optionnelles, ou (b) de réaliser, recouvrer ou verser les produits de ces Positions de Couverture Hypothétiques, y compris, sans caractère limitatif, si cette incapacité ou impossibilité pratique a pour cause (i) le transfert de tous les actifs illiquides du Fonds constituant la totalité ou une partie des Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles à un fonds ou compte dédié ou à une structure dédiée en attendant la liquidation de ces actifs au bénéfice des détenteurs existants des Parts du Fonds (*side pocket*), (ii) la limitation du montant ou du nombre de rachats ou de souscriptions que le Fonds (ou le Prestataire de Services

Fonds généralement chargé d'accepter les ordres de rachat ou de souscription) acceptera en relation avec une date donnée lors de laquelle le Fonds accepte normalement les ordres de rachat (une barrière), (iii) la suspension pour un motif quelconque des ordres de souscription ou de rachat par le Fonds (ou le Prestataire de Services Fonds généralement chargé d'accepter les ordres de rachat ou de souscription), ou (iv) le report du paiement du solde des produits de rachats à une date postérieure à celle à laquelle les états financiers du Fonds ont été audités par les commissaires aux comptes statutaires du Fonds (retenue), ou une augmentation des charges ou frais imposés par le Fonds concerné, ou (v) tout rachat obligatoire, en totalité ou en partie, de ces Parts du Fonds imposé par le Fonds concerné, que ces événements soient dans chaque cas imposés par le Fonds sans être envisagés dans les Documents du Fonds à la Date d'Emission des Titres ou soient déjà envisagés par les Documents du Fonds à la Date d'Emission des Titres et ne soient mis en œuvre par le Fonds qu'après cette date;

- F. **Cas de Faillite du Fonds** désigne, au titre de toute Part du Fonds, la situation dans laquelle le Fonds concerné (a) serait dissous ou adopterait une résolution en vue de sa dissolution, ou de sa liquidation officielle (autrement que dans le cadre d'un regroupement, d'une absorption ou d'une fusion); (b) procéderait à une cession globale ou un accord général avec ou au profit de ses créanciers, (c) (i) prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou le redressement ou la liquidation ou de toute autre loi similaire affectant les droits des créanciers, ou ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire; ou encore (ii) la situation dans laquelle le Fonds concerné ferait l'objet d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou le redressement ou la liquidation, ou de toute autre loi similaire affectant les droits des créanciers, ou ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par une personne ou entité non décrite à la clause (i) ci-dessus, et cette situation (x) aboutirait au prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire, ou au prononcé d'un jugement de dissolution ou de liquidation, ou (y) cette procédure ne ferait pas l'objet d'un désistement, d'une radiation, d'un débouté ou d'un sursis à statuer, dans chaque cas dans les quinze jours suivant l'engagement de cette procédure ou la présentation de cette requête; (d) solliciterait la nomination ou se verrait nommer un administrateur judiciaire, liquidateur provisoire, conservateur, curateur, syndic, fiduciaire (trustee), conservateur ou autre mandataire de justice similaire chargé de le gérer ou de gérer la totalité ou la quasi-totalité de ses actifs, (e) verrait un créancier privilégié prendre possession de la totalité ou de la quasi-totalité de ses actifs, ou solliciter ou pratiquer une mesure de saisie conservatoire, de saisie-attribution, de saisie-exécution, de mise sous séquestre ou toute autre voie d'exécution ou de poursuite sur la totalité ou la quasi-totalité de ses actifs, et ce créancier privilégié conserverait la possession des actifs concernés, ou cette procédure ne ferait pas l'objet d'un désistement, d'une radiation, d'un débouté, d'une mainlevée ou d'un sursis à statuer, dans chaque cas dans les quinze jours suivants; ou (f) causerait ou ferait l'objet de tout événement le concernant qui aurait, en vertu des lois applicables de toute juridiction, un effet analogue à celui de l'un quelconque des événements spécifiés aux clauses (e) à (f) ci-dessus;
- G. **Modification du Fonds** désigne tout changement ou modification des Documents du Fonds en vigueur à la Date d'Emission des Titres, dont il peut être raisonnablement prévu qu'il affecte la valeur des Parts de ce Fonds ou les droits ou recours de tous détenteurs de celles-ci (y compris, sans caractère limitatif, le cas dans lequel un fonds ouvert (*open-end fund*) deviendrait un fonds fermé (*closed-end fund*)), tel que déterminé par l'Agent de Calcul.

- H. **Événement Prestataire de Services Fonds** désigne (a) le changement, la démission, la révocation ou le remplacement de tout Prestataire de Services Fonds, (b) un changement de contrôle ou de contrôle indirect de tout Prestataire de Services Fonds, (c) la situation dans laquelle tout Prestataire de Services Fonds ferait l'objet d'un Cas de Faillite du Prestataire de Services Fonds, étant précisé que "**Cas de Faillite du Prestataire de Services Fonds**" a la même signification que Cas de Faillite du Fonds décrit ci-dessus, à cette exception près que le mot Fonds est remplacé par l'expression Prestataire de Services Fonds, ou (d) de l'avis raisonnable de l'Agent de Calcul, l'un quelconque des Prestataires de Services Fonds serait réputé ne plus être en mesure d'exercer son activité avec le degré de diligence professionnelle qui prévalait à la Date d'Emission, ou encore toute personne dont l'Agent de Calcul estime qu'elle joue un rôle clé dans la gestion du Fonds démissionnerait, serait licenciée ou remplacée ou décéderait;
- I. **Ratio de Détention** désigne la réduction de la valeur liquidative totale du Fonds au-dessous d'un montant qui, de l'avis raisonnable de l'Agent de Calcul, a ou est susceptible d'avoir un effet significatif sur les conditions de gestion du Fonds et/ou ses charges d'exploitation, ou d'accroître la proportion des Parts du Fonds détenues ou susceptibles d'être détenues par un Investisseur Hypothétique, ou de tous fonds gérés par Société Générale et/ou l'une de ses filiales, dans une mesure susceptible de compromettre le rachat intégral, dans le cadre d'un Ordre Valable donné, des Parts du Fonds détenues par un Investisseur Hypothétique ou des fonds gérés par Société Générale et/ou l'une de ses filiales;
- J. **Coût Accru des Opérations de Couverture** désigne la situation dans laquelle un Investisseur Hypothétique encourrait un montant d'impôts, taxes, frais ou commissions (autres que les commissions de courtage) substantiellement accru (par comparaison avec les circonstances existant à la Date d'Emission des Titres), pour (a) acquérir, établir, rétablir, remplacer, maintenir, dénouer ou céder toutes Positions de Couverture Hypothétiques, Position de Couverture Hypothétiques Intermédiaires ou Positions de Couverture Hypothétiques Optionnelles, ou (b) réaliser, recouvrer ou verser les produits de l'une quelconque de ces Positions de Couverture Hypothétiques, Positions de Couverture Hypothétiques Intermédiaires ou Positions de Couverture Hypothétiques Optionnelles, étant entendu qu'en supposant que l'Investisseur Hypothétique soit Société Générale, tout montant substantiellement accru encouru exclusivement en raison de la détérioration de la solvabilité de Société Générale ou de l'une de ses filiales ne sera pas réputé constituer un Coût Accru des Opérations de Couverture;
- K. **Faillite** désigne le cas dans lequel, en raison de la liquidation volontaire ou judiciaire, de la faillite, de l'insolvabilité, de la dissolution ou de toute autre procédure analogue affectant un Fonds, (a) toutes les Parts de ce Fonds doivent être cédées à un syndic, administrateur judiciaire, liquidateur ou autre mandataire de justice similaire, ou (b) les détenteurs des Parts de ce Fonds sont frappés d'une interdiction de cession ou de rachat de ces Parts en vertu de la loi;
- L. **Modification de la Liquidité** désigne la situation dans laquelle le Fonds modifie les modalités selon lesquelles des ordres de souscription et/ou de rachat peuvent être soumis ou sont réglés par le Fonds, telles que ces modalités figurent dans les Documents du Fonds à la Date d'Emission des Titres, ou met en œuvre une modification des conditions dans lesquelles des ordres de souscription et/ou de rachat peuvent être soumis ou sont réglés par le Fonds, indépendamment du point de savoir si le principe de cette modification était déjà envisagé dans les Documents du Fonds à la Date d'Emission des Titres;
- M. **Cas de Fusion** désigne la conversion de Parts du Fonds dans une autre catégorie de parts ou titres du Fonds, ou la scission du Fonds, son regroupement ou sa fusion avec un tiers, ou sa vente ou la cession de la totalité ou de la quasi-totalité de ses actifs à un tiers;
- N. **Nationalisation** désigne la situation dans laquelle toutes les Parts du Fonds ou la totalité ou quasi-totalité des actifs d'un Fonds sont nationalisés, expropriés ou soumis autrement à une obligation de transfert à toute agence, autorité ou entité gouvernementale, ou toute émanation de celle-ci;

- O. **Action Réglementaire** désigne, au titre de toute Part du Fonds, (i) l'annulation, la suspension ou la révocation de l'enregistrement ou de l'agrément de cette Part du Fonds ou du Fonds concerné par toute entité gouvernementale, légale ou réglementaire ayant autorité à l'égard de cette Part du Fonds ou de ce Fonds, (ii) tout changement du régime légal, fiscal, comptable ou réglementaire du Fonds concerné ou de son Prestataire de Services Fonds, qui est raisonnablement susceptible d'avoir un impact défavorable sur la valeur de cette Part du Fonds ou sur tout investisseur dans le Fonds concerné (de l'avis de l'Agent de Calcul), ou (iii) le Fonds concerné ou l'un de ses Prestataires de Services Fonds ferait l'objet d'une enquête, procédure ou action judiciaire de la part de toute autorité gouvernementale, légale ou réglementaire compétente, impliquant la violation alléguée de la loi applicable, pour toutes activités se rapportant au fonctionnement de ce Fonds ou de ce Prestataire de Services Fonds ou en découlant;
- P. **Perturbation des Opérations de Reporting** désigne, au titre de toute Part du Fonds, tout manquement du Fonds concerné à fournir ou faire fournir (A) les informations que ce Fonds s'est obligé à fournir ou faire fournir à un Investisseur Hypothétique, ou (B) les informations qui ont été antérieurement fournies à un Investisseur Hypothétique conformément aux pratiques habituelles de ce Fonds ou de son représentant autorisé, et que l'Agent de Calcul estime nécessaires pour pouvoir contrôler le respect par ce Fonds de toutes directives d'investissement, méthodologies d'allocation d'actifs ou autres politiques similaires relatives à cette Part du Fonds;
- Q. **Violation de la Stratégie** désigne (i) toute infraction ou violation de la stratégie ou des directives d'investissement définies dans les Documents du Fonds concerné, raisonnablement susceptible d'affecter la valeur des Parts de ce Fonds ou les droits ou recours de tous détenteurs de celles-ci, comme l'Agent de Calcul le déterminera dans chaque cas, ou (ii) toute modification importante, de l'avis de l'Agent de Calcul, du profil de risque du Fonds par rapport à son profil de risque prévalant à la Date d'Emission des Titres, en raison, notamment, de la modification des proportions, ou de la réduction de la diversification, des types d'actifs dans lesquels le Fonds investit, ou d'une réduction de la liquidité moyenne des actifs du Fonds;

l'Agent de Calcul pourra alors:

- X. considérer cet Événement Extraordinaire comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé: **Cas de Remboursement Anticipé**). S'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français;
- Y. dans le cas du sous-paragraphe M ci-dessus uniquement, remplacer la Part du Fonds par le type et le nombre de parts ou autres titres et biens pouvant être reçus, lors de cette conversion, cette scission, ce regroupement, cette fusion, cette vente ou cette cession, par un détenteur de Parts du Fonds avant cette conversion, cette scission, ce regroupement, cette fusion, cette vente ou cette cession, afin de déterminer la valeur de la Part du Fonds, et procéder à tout ajustement (si besoin est) de la valeur de cette Part du Fonds; ou
- Z. déterminer que l'Emetteur appliquera l'une des méthodes suivantes:
- (a) **Monétisation à la Date d'Echéance**
- (i) Au titre de(s) Montant(s) Intermédiaire(s), auquel cas l'Emetteur ne sera plus tenu du paiement, lors de toute Date de Paiement Intermédiaire suivant la survenance de cet Événement Extraordinaire, de(s) Montant(s) Intermédiaire(s) dont le paiement était initialement prévu à cette ou ces Dates de Paiement Intermédiaire, mais devra

en lieu et place du paiement de ces Montants Intermédiaires, en quittance intégrale et définitive de ses obligations:

- (1) en ce qui concerne le paiement du Montant Intermédiaire, tel que défini dans les Conditions Définitives, dont le niveau peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Intermédiaire (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul; ou
- (2) en ce qui concerne le paiement du Montant Intermédiaire défini dans les Conditions Définitives qui ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant Intermédiaire Minimum**), payer (a) à la Date de Paiement Intermédiaire un montant par Titre égal au Montant Intermédiaire Minimum et (b) à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de

la présente disposition et de la Méthode de Capitalisation, constitue une "**Période de Calcul**") comprise entre (x) la Date de Liquidation Intégrale Intermédiaire (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) et (ii) un montant égal au Montant Intermédiaire Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul;

et/ou,

- (ii) au titre du Montant de Remboursement Final, auquel cas l'Emetteur ne sera plus tenu du paiement, lors de la Date d'Echéance, du Montant de Remboursement Final tel que défini dans les Conditions Définitives applicables, mais devra, en lieu et place du paiement de ce Montant de Remboursement Final, en quittance intégrale et définitive de ses obligations:
  - (1) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges résultant de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, à l'aide des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) ; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul; ou
  - (2) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum**), payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la somme (a) du Montant de Remboursement Minimum et (b) un montant égal à la différence

positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) et (ii) un montant égal au Montant de Remboursement Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (éventuelle) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul;

ou,

- (b) **"Report de la Date de Paiement Intermédiaire Ajustée"**, auquel cas l'Emetteur ne sera plus tenu du paiement, lors de toute(s) Date(s) de Paiement Intermédiaire suivant la survenance de l'Événement Extraordinaire, du Montant Intermédiaire dont le paiement était initialement prévu à cette/ces Date(s) de Paiement Intermédiaire, mais devra, en lieu et place du paiement de ce/ces Montant(s) Intermédiaire(s), en quittance intégrale et définitive de ses obligations:
- (i) au titre du paiement du Montant Intermédiaire, tel que défini dans les Conditions Définitives, dont le niveau peut être nul, payer à la Date de Paiement Intermédiaire Ajustée un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de

Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul; ou

- (ii) au titre du paiement du Montant Intermédiaire défini dans les Conditions Définitives qui ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant Intermédiaire Minimum**), payer (a) à la Date de Paiement Intermédiaire un montant par Titre égal au Montant Intermédiaire Minimum et (b) à la Date de Paiement Intermédiaire Ajustée, un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Intermédiaires), moins (ii) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition), et (ii) un montant égal au Montant Intermédiaire Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul;

ou,

- (c) **Substitution** et l'Agent de Calcul devra (i) identifier un Fonds (le **Nouveau Fonds**) ayant une stratégie d'investissement similaire à la stratégie d'investissement du Fonds affecté par l'Événement Extraordinaire (le **Fonds Affecté**), et (ii) pourra ajuster toutes modalités pertinentes des Titres afin de préserver l'équivalent économique des obligations de l'Émetteur en vertu des Titres.

### III. Cas de Perturbation affectant tout Fonds et/ou toute Part de Fonds

En cas de survenance ou de survenance probable, de l'avis de l'Agent de Calcul, de l'un quelconque des événements suivants (chacun constituant un **Cas de Perturbation**) au titre d'une Date d'Évaluation (le **Jour de Perturbation**) et d'un Fonds ou d'une Part de Fonds:

- A. **Cas de Perturbation du Calcul et/ou de la Publication** désigne, la survenance d'un événement, échappant au contrôle de l'Investisseur Hypothétique (y compris en cas de barrière, différé, suspension ou d'autres dispositions des Documents du Fonds permettant au Fonds de retarder ou refuser des ordres de souscription et/ou de rachat) qui empêcherait le calcul et/ou la publication de la valeur liquidative officielle par Part du Fonds par le Fonds (ou le Prestataire de Services Fonds généralement chargé de calculer cette valeur liquidative officielle); ou
- B. **Cas de Perturbation des Opérations de Règlement du Fonds** désigne la situation dans laquelle le Fonds manque de payer en espèces le montant intégral des produits de rachat, à la date à laquelle il était prévu que le Fonds paie ce montant et qui, de l'avis de l'Agent de Calcul, place l'Agent de Calcul dans l'incapacité ou l'impossibilité pratique de déterminer le Cours de Clôture, y compris, sans caractère limitatif, si cette incapacité ou impossibilité pratique a pour cause (a) le transfert de tous les actifs illiquides de ce Fonds à un fonds ou compte dédié ou à une structure dédiée en attendant la liquidation

de ces actifs au bénéfice des détenteurs existants des Parts du Fonds (*side pocket*), (b) la limitation du montant ou du nombre d'ordre de rachats que le Fonds (ou le Prestataire de Services Fonds généralement chargé d'accepter les ordres de rachat) acceptera en relation avec une date donnée lors de laquelle le Fonds accepte normalement les ordres de rachat (barrière), (c) la suspension pour un motif quelconque des ordres de souscription ou de rachat par le Fonds (ou le Prestataire de Services Fonds généralement chargé d'accepter les ordres de rachat ou de souscription), ou (d) le report du paiement du solde des produits de rachats à une date postérieure à celle à laquelle les états financiers du Fonds ont été audités par les commissaires aux comptes statutaires du Fonds (retenue), que ces événements soient dans chaque cas imposés par le Fonds sans être envisagés dans les Documents du Fonds à la Date d'Emission des Titres ou soient déjà envisagés par les Documents du Fonds à la Date d'Emission des Titres et ne soient mis en œuvre par le Fonds qu'après cette date;

- C. **Cas de Perturbation de la Détermination de la VL** désigne, au titre de toute Part du Fonds, la survenance de tout événement (échappant au contrôle de tout Investisseur Hypothétique) autre qu'un événement mentionné au (A) "*Cas de Perturbation du Calcul et/ou de la Publication*" ci-dessus ou au (B) "*Cas de Perturbation des Opérations de Règlement du Fonds*" ci-dessus affectant ce Fonds, qui, de l'avis de l'Agent de Calcul, met l'Agent de Calcul dans l'incapacité ou l'impossibilité pratique de déterminer le Cours de Clôture,

la Date d'Evaluation du Fonds Affecté sera différée au Jour Ouvré du Fonds ou Jour d'Evaluation du Fonds (en fonction de ce qui sera spécifiée comme applicable en ce qui concerne cette Date d'Evaluation dans les Conditions Définitives) immédiatement suivant qui n'est plus affecté par un Cas de Perturbation pour ce Fonds Affecté.

Si un Cas de Perturbation s'est produit ou continue pendant les cinq Jours Ouvrés du Fonds ou Jours d'Evaluation du Fonds prévus, selon le cas, suivant la Date d'Evaluation Prévues, ou si aucun Jour Ouvré du Fonds ou Jour d'Evaluation du Fonds, selon le cas, qui n'est pas affecté par un Cas de Perturbation ne s'est produit au plus tard le trente-cinquième jour calendaire suivant la Date d'Evaluation Prévues, alors l'Agent de Calcul pourra soit:

- X. déterminer son estimation de bonne foi de la valeur liquidative par Part de ce Fonds qui sera réputée être le Cours de Clôture au titre de cette Date d'Evaluation, étant entendu que si l'Agent de Calcul décide de faire cette détermination, la Date d'Evaluation ne devra pas intervenir plus tard que le quatrième Jour Ouvré avant la date à laquelle tout paiement doit être effectué en vertu des Titres sur la base de cette détermination; ou
- Y. considérer ce Cas de Perturbation comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé: **Cas de Remboursement Anticipé**). S'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations en vertu des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à l'Article 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- Z. déterminer que l'Emetteur appliquera l'une des méthodes suivantes:
- (i) Au titre des Montants Intermédiaires:
- (1) la **Monétisation à la Date d'Echéance**, auquel cas l'Emetteur ne sera plus tenu du paiement, lors de la Date de Paiement Intermédiaire afférente à la Jour de Perturbation, du Montant Intermédiaire dont le paiement était initialement prévu à cette Date de Paiement Intermédiaire, mais devra, en lieu et place du paiement de ce Montant Intermédiaire, en quittance intégrale et définitive de ses obligations:

- (1.1) au titre du paiement du Montant Intermédiaire, tel que défini dans les Conditions Définitives, dont le niveau peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la **Méthode de Capitalisation**, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Intermédiaire (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul; ou
- (1.2) au titre du paiement du Montant Intermédiaire défini dans les Conditions Définitives qui ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant Intermédiaire Minimum**), payer (a) à la Date de Paiement Intermédiaire un montant par Titre égal au Montant Intermédiaire Minimum et (b) à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (iii) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Intermédiaire (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance

(exclue) et (ii) un montant égal au Montant Intermédiaire Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul;

ou,

- (2) le “**Report de la Date de Paiement Intermédiaire Ajustée**”, auquel cas l’Emetteur ne sera plus tenu du paiement, lors de toute Date de Paiement Intermédiaire suivant la survenance de cet Événement Extraordinaire, du Montant Intermédiaire dont le paiement était initialement prévu à cette Date de Paiement Intermédiaire, mais devra, en lieu et place du paiement de ce Montant Intermédiaire, en quittance intégrale et définitive de ses obligations:

- (2.1) au titre du paiement du Montant Intermédiaire, tel que défini dans les Conditions Définitives, dont le niveau peut être nul, payer à la Date de Paiement Intermédiaire Ajustée un montant par Titre, déterminé par l’Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, en vertu d’un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s’il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture Hypothétiques Intermédiaires), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévvue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul; ou

- (2.2) au titre du paiement du Montant Intermédiaire défini dans les Conditions Définitives qui ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant Intermédiaire Minimum**), payer (a) à la Date de Paiement Intermédiaire un montant par Titre égal au Montant Intermédiaire Minimum et (b) à la Date de Paiement Intermédiaire Ajustée, un montant par Titre, déterminé par l’Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire, après avoir liquidé, en vertu d’un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques Intermédiaires (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires ou de toute partie de celles-ci, s’il y a lieu, à

l'aide des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Intermédiaires), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire, constitue un **Montant de Calcul** pour les besoins de la présente disposition), et (ii) un montant égal au Montant Intermédiaire Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires, et le Montant de Calcul mentionné ci-dessus peut être nul;

et/ou,

(ii) au titre du Montant de Remboursement Final, la **Monétisation à la Date d'Echéance**, auquel cas l'Emetteur ne sera plus tenu du paiement, lors de la Date d'Echéance, du Montant de Remboursement Final tel que défini dans les Conditions Définitives applicables, mais devra, en lieu et place du paiement de ce Montant de Remboursement Final, en quittance intégrale et définitive de ses obligations:

(1) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale, après avoir liquidé, en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul; ou

(2) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum**), payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la somme (a) du Montant de Remboursement Minimum et (b) un montant égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation

Intégrale, après avoir liquidé, en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre du Jour de Perturbation, les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) et (ii) un montant égal au Montant de Remboursement Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul;

ou,

- (iii) **Substitution** et l'Agent de Calcul devra (1) identifier un Fonds (le **Nouveau Fonds**) ayant une stratégie d'investissement similaire à la stratégie d'investissement du Fonds affecté par l'Événement Extraordinaire (le **Fonds Affecté**), et (2) pourra ajuster toutes modalités pertinentes des Titres afin de préserver l'équivalent économique des obligations de l'Emetteur en vertu des Titres.

Nonobstant ce qui suit

- une Date d'Evaluation (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le quatrième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation; si une Date d'Evaluation (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le quatrième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation, et l'Agent de Calcul devra procéder aux déterminations décrites au (X) ci-dessus ce quatrième Jour Ouvré, et l'estimation de bonne foi de la valeur liquidative du Fonds ainsi calculé sera réputée être le Cours de Clôture.

#### IV. **Survenance d'un Événement Extraordinaire ou d'un Cas de Perturbation en relation avec un remboursement optionnel**

Si les Conditions Définitives des Titres concernés stipulent une "Option de Remboursement au gré des Titulaires de Titres" ou une "Option de Remboursement au gré de l'Emetteur":

- A. En cas de survenance ou de survenance probable d'un Événement Extraordinaire ou d'un Cas de Perturbation, les Notifications d'Exercice au gré des Titulaires de Titres ou l'exercice par l'Emetteur de son droit de remboursement optionnel à une Date de Remboursement Optionnel, dès lors que la Date Butoir de Remboursement Optionnel sera postérieure à cette survenance, seront nuls et de nul effet.
- B. En cas de survenance ou de survenance probable d'un Événement Extraordinaire ou d'un Cas de Perturbation, et au titre des Notifications d'Exercice au gré des Titulaires de Titres ou de l'exercice par

l'Emetteur de son droit de remboursement optionnel à une Date de Remboursement Optionnel, si la Date Butoir de Remboursement Optionnel est concomitante ou antérieure à la date de cette survenance, l'Agent de Calcul déterminera celle des méthodes suivantes que l'Emetteur appliquera:

- (a) **Cas de Remboursement Anticipé** auquel cas l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français ; ou
- (b) **Monétisation à la Date d'Echéance** auquel cas l'Emetteur ne sera plus tenu du paiement, lors de la Date de Remboursement Optionnel, du Montant de Remboursement Optionnel, mais devra, en lieu et place du paiement de ce Montant de Remboursement Optionnel, en quittance intégrale et définitive de ses obligations:
  - (i) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Optionnel, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé (soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Evénement Extraordinaire, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Evaluation se rapportant à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation), les Positions de Couverture Hypothétiques Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Optionnelles), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Optionnelle, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **P**) comprise entre (x) la Date de Liquidation Intégrale Optionnelle (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul; ou
  - (ii) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum Optionnel**), payer (a) à la Date de Remboursement Optionnel un montant par Titre égal au Montant de Remboursement Minimum Optionnel et (b) à la Date d'Echéance, un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé, (soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Evénement Extraordinaire, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Evaluation se

rapportant à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation), les Positions de Couverture Hypothétiques Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Optionnelles ou de toute partie de celles-ci, s'il y a lieu, à l'aide des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Optionnelles), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Optionnelle, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Optionnelle (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance (exclue) et (ii) un montant égal au Montant de Remboursement Minimum Optionnel; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul;

ou,

(c) **Report de la Date de Remboursement Optionnel Ajustée** auquel cas l'Emetteur ne sera plus tenu du paiement, lors de la Date de Remboursement Optionnel, du Montant de Remboursement Optionnel, mais devra, en lieu et place du paiement de ce Montant de Remboursement Optionnel, en quittance intégrale et définitive de ses obligations:

(i) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Optionnel, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date de Remboursement Optionnel Ajustée, un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé (soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Évaluation se rapportant à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation), les Positions de Couverture Hypothétiques Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Optionnelles), moins (bi) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Optionnelle, constitue un **Montant de Calcul** pour les besoins de la présente disposition); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul; ou

- (ii) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Optionnel, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum Optionnel**), payer (a) à la Date de Remboursement Optionnel un montant par Titre égal au Montant de Remboursement Minimum Optionnel et (b) à la Date de Remboursement Optionnel Ajustée, un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé, (soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Évaluation se rapportant à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation), les Positions de Couverture Hypothétiques Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Optionnelles), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Optionnelle, constitue un **Montant de Calcul** pour les besoins de la présente disposition), et (ii) un montant égal au Montant de Remboursement Minimum Optionnel; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul.

## V. Cas de Perturbation de l'Echéance en relation avec tout Fonds et/ou toute Part de Fonds

Lors de la survenance ou de la survenance probable, telle que déterminée par l'Agent de Calcul, d'un Cas de Perturbation de l'Echéance:

- A. L'Émetteur devra considérer cet Événement Extraordinaire comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé: **Cas de Remboursement Anticipé**). S'il survient un Cas de Remboursement Anticipé, l'Émetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais, des Titres EUI et des Titres NRC et à la Modalité 5(h) des Modalités des Titres de Droit Français; ou
- B. la Date d'Echéance des Titres sera différée et reportée à la Date d'Echéance Ajustée, et
- C. l'Émetteur ne sera plus tenu du paiement, à la Date d'Echéance, du Montant Intermédiaire et/ou du Montant de Remboursement Optionnel et/ou du Montant de Remboursement Final, tels que définis dans les Conditions Définitives applicables, mais devra, en lieu et place, en quittance intégrale et définitive de ses obligations:
  - (a) au titre du Montant Intermédiaire et/ou du Montant de Remboursement Optionnel
    - (i) en ce qui concerne le remboursement de Titres dont le Montant Intermédiaire et/ou le Montant de Remboursement Optionnel, tels que définis dans les Conditions Définitives, peuvent être nuls, payer à la Date d'Echéance Ajustée un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire et/ou à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé

(soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire donnant naissance au Cas de Perturbation de l'Echéance, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Evaluation se rapportant à la Date de Paiement Intermédiaire et/ou à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation donnant naissance au Cas de Perturbation de l'Echéance), les Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale Intermédiaire et/ou à la Date de Liquidation Intégrale Optionnelle, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation des Intérêts), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période, le cas échéant, (qui, pour les besoins de la présente et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Intermédiaire et/ou la Date de Liquidation Intégrale Optionnelle (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance Ajustée (exclue); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul; ou

- (ii) en ce qui concerne le remboursement de Titres dont le Montant Intermédiaire et/ou le Montant de Remboursement Optionnel, tels que définis dans les Conditions Définitives, ne peuvent en aucun cas être inférieur à un montant strictement positif (le **Montant de Paiement Minimum**), payer (a) à la Date d'Echéance un montant par Titre égal au Montant de Paiement Minimum et (b) à la Date d'Echéance Ajustée, un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale Intermédiaire et/ou à la Date de Liquidation Intégrale Optionnelle, après avoir liquidé (soit dans les 30 Jours Ouvrés suivant la date de survenance ou de survenance probable de l'Événement Extraordinaire donnant naissance au Cas de Perturbation de l'Echéance, soit en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la Date d'Evaluation se rapportant à la Date de Paiement Intermédiaire et/ou à la Date de Remboursement Optionnel, en présence d'un Cas de Perturbation donnant naissance au Cas de Perturbation de l'Echéance), les Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques Intermédiaires et/ou Optionnelles), moins (2) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période, le cas échéant, (qui, pour

les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale Intermédiaire et/ou la Date de Liquidation Intégrale Optionnelle (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance Ajustée (exclue) et (ii) un montant égal au Montant de Remboursement Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques Intermédiaires et/ou Positions de Couverture Hypothétiques Optionnelles, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques Intermédiaires et/ou de ses Positions de Couverture Hypothétiques Optionnelles, et le Montant de Calcul mentionné ci-dessus peut être nul;

et/ou,

(b) Au titre du Montant de Remboursement Final:

- (i) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance Ajustée un montant par Titre, déterminé par l'Agent de Calcul, basé sur (a) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale, après avoir liquidé (en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la dernière Date d'Evaluation), les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période, le cas échéant, (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation des Intérêts, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance Ajustée (exclue) excepté; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul; ou
- (ii) en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum**), payer (a) à la Date d'Echéance un montant par Titre égal au Montant de Remboursement Minimum, et (b) à la Date d'Echéance Ajustée, un montant par Titre, déterminé par l'Agent de Calcul, égal à la différence positive entre (i) (1) le montant net positif en espèces qui resterait à un Investisseur Hypothétique à la Date de Liquidation Intégrale, après avoir liquidé, (en vertu d'un Ordre Valable soumis selon la Méthode Applicable spécifiée au titre de la dernière Date d'Evaluation), les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de

celles-ci, s'il y a lieu, à l'aide des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (2i) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) le quatrième Jour Ouvré précédant la Date d'Echéance Ajustée (exclue) et (ii) un montant égal au Montant de Remboursement Minimum; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en tant que Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul.

- D. Si, de l'avis de l'Agent de Calcul, la Date de Liquidation Intégrale n'est pas intervenue au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance Prévue Différée, le montant payé par l'Emetteur à la Date d'Echéance Prévue Différée en vertu des paragraphes (B) ou (C) ci-dessus, sera déterminé par l'Agent de Calcul sur la base (a) du montant net positif en espèces qui resterait à un Investisseur Hypothétique à la date de ce quatrième Jour Ouvré précédant la Date d'Echéance Prévue Différée, après avoir liquidé, (en vertu des dispositions ci-dessus) les Positions de Couverture Hypothétiques (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture Hypothétiques ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture Hypothétiques), moins (b) les Coûts Associés (le résultat de cette soustraction, converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la date de ce quatrième Jour Ouvré précédant la Date d'Echéance Prévue Différée, constitue un **Montant de Calcul** pour les besoins de la présente disposition); afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par un Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par cet Investisseur Hypothétique en vertu de ses Positions de Couverture Hypothétiques, et le Montant de Calcul mentionné ci-dessus peut être nul.

### PARTIE 3 – CALCULS – REGLEMENT PHYSIQUE

#### I. Calculs – Agent de Calcul

- A. Sauf disposition contraire des Conditions Définitives applicables, et pour les Titres auxquels la présente Annexe Technique Fonds s'applique, l'Agent de Calcul responsable du calcul du Taux d'Intérêt et/ou du Montant de Remboursement Final, et/ou des intérêts payables, et/ou du Montant de Règlement Physique, et/ou du Montant de Remboursement Anticipé, sera Société Générale, 17 cours Valmy, F 92987 Paris La Défense Cedex, France. Les calculs et déterminations de l'Agent de Calcul seront définitifs et obligatoires pour l'Emetteur, le Garant, l'Agent et les Titulaires de Titres, sauf erreur manifeste ou prouvée.
- B. A la suite de la survenance d'un événement donnant lieu à un Ajustement jugé substantiel de l'avis de l'Agent de Calcul, ou d'un Evénement Extraordinaire affectant un Sous-Jacent, l'Agent de Calcul devra notifier l'ajustement opéré ou la décision prise par l'Agent de Calcul à l'Emetteur, qui le notifiera à son tour à l'Agent et aux Titulaires de Titres conformément aux dispositions de la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 13 des Modalités des Titres de Droit

Français. Les Titulaires de Titres pourront obtenir des informations détaillées sur l'ajustement opéré ou la décision prise, sur simple demande à l'adresse spécifiée de l'Agent de Calcul.

## II. Titres à Règlement Physique

- A. Sauf disposition contraire des Conditions Définitives applicables, le Sous-Jacent utilisé pour déterminer le Montant de Règlement Physique sera le(s) Sous-Jacent(s) spécifié(s) dans les Conditions Définitives applicables.
- B. Si le règlement d'un Titre à Règlement Physique a lieu au moyen d'un règlement physique, la livraison sera effectuée par Clearstream, Luxembourg ou Euroclear ou tout autre établissement de compensation concerné (un **Système de Compensation**). La Notification de Transfert sera livrée selon les procédures de transfert actuellement utilisées par le Système de Compensation compétent. Le droit d'un Titulaire de Titres à recevoir tout Montant de Règlement Physique sera représenté par le solde du compte de ce Titulaire de Titres apparaissant dans les livres du Système de Compensation concerné.
- C. Conditions supplémentaires applicables au règlement du Montant de Règlement Physique:
- (a) Le Montant de Règlement Physique sera déterminé sous réserve des dispositions des Parties 1 et 2 (ci-dessus) de la présente Annexe Technique Fonds, relatives aux Ajustements et au Cas de Perturbation du Marché. Si, en conséquence d'un ajustement ou autrement, le nombre de Sous-Jacents à livrer n'est pas un nombre entier, toute fraction de celui-ci sera payable en espèces, sur la base de la valeur de ce Sous-Jacent, convertie, selon le cas, dans la Devise Prévue au taux de change en vigueur au moment considéré.
  - (b) En outre, si un Cas de Perturbation des Opérations de Règlement empêche la livraison du Montant de Règlement Physique à la Date d'Echéance, cette livraison aura lieu le premier jour suivant où la livraison du Montant de Règlement Physique peut avoir lieu par l'intermédiaire du Système de Compensation concerné (la **Date de Règlement**) à moins qu'un Cas de Perturbation du Règlement n'empêche la livraison pendant une période de 20 Jours de Système de Compensation suivant immédiatement la date initiale qui aurait été la Date de Règlement (la **Période de Livraison**). Dans ce dernier cas, l'Emetteur devra, au lieu de livrer le Montant de Règlement Physique, payer pour chaque Titre la juste valeur de marché du nombre de Sous-Jacent(s) à livrer (la **Juste Valeur de Marché**) convertie dans la Devise Prévue au taux de change applicable à la date considérée, s'il y a lieu. La Juste Valeur de Marché sera déterminée par l'Agent de Calcul sur la base des conditions de marché existant le premier Jour Ouvré suivant la Période de Livraison.
  - (c) Si un dividende est payé au titre du Sous-Jacent pendant la période comprise entre la Date d'Evaluation (incluse) et, selon le cas, (a) la Date de Livraison non incluse, ou (b) s'il survient un Cas de Perturbation du Règlement, la date incluse à laquelle la Juste Valeur de Marché est calculée, le montant du dividende net relatif au nombre de Sous-Jacent(s) à livrer par Titre (à l'exclusion de tout crédit d'impôt y afférent), converti dans la Devise Prévue au taux de change applicable à la date considérée, s'il y a lieu, sera payé en espèces aux Titulaires de Titres dès que possible, sauf disposition contraire des Conditions Définitives applicables.
  - (d) Tous les droits de timbre ou autres taxes et/ou droits similaires au titre du règlement physique des Sous-Jacents seront à la charge des Titulaires de Titres.

Pour les besoins du présent paragraphe:

**Jour de Système de Compensation** désigne, pour un Système de Compensation, un jour où ce Système de Compensation est ouvert pour l'acceptation et l'exécution des instructions de règlement.

**Date de Livraison** désigne, selon le cas, (a) la Date d'Echéance, ou (b) s'il se produit un Cas de Perturbation des Opérations de Règlement, la Date de Règlement (telle que définie ci-dessus).

**Cas de Perturbation des Opérations de Règlement** désigne tout événement échappant au contrôle de l'Emetteur, en conséquence duquel le Système de Compensation ne peut pas compenser le transfert du Montant de Règlement Physique.

## D) ANNEXE TECHNIQUE EVENEMENT DE CREDIT

Les termes commençant par une majuscule qui ne sont pas définis dans cette Partie 1 ont la signification qui leur est donnée dans la Partie 2 de cette Annexe Technique Événement de Crédit, telle que celle-ci peut être modifiée ou complétée par les Conditions Définitives concernées.

### PARTIE 1 – DISPOSITIONS RELATIVES A L'ÉVÉNEMENT DE CREDIT

#### I. RÈGLEMENT PHYSIQUE

***Si les Titres sont des Titres sur Entité Unique ou des Titres sur Premier Défaut et si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement Physique***

##### 1. Règlement physique

- 1.1 Si l'Agent de Calcul détermine qu'un Événement de Crédit s'est produit pendant la période comprise entre la Première Date de Survenance d'un Événement de Crédit (incluse) et la Dernière Date de Survenance d'un Événement de Crédit (incluse) et si une Notification d'Événement de Crédit et, le cas échéant, une Notification d'Information Publiquement Disponible, sont signifiées pendant la Période de Signification de Notification par ou pour le compte de l'Émetteur au Système de Compensation Concerné, pour l'information des Titulaires de Titres, (i) l'Émetteur ne sera plus responsable du paiement du Montant de Remboursement Final à la Date d'Échéance Prévue ou à la Date d'Échéance, selon le cas, et Livrera ou fera Livrer le Montant de Règlement Physique aux Titulaires de Titres pendant la Période de Règlement Physique, en exécution intégrale et finale de ses obligations de remboursement de chaque Titre en vertu des présentes, sous réserve des dispositions du paragraphe immédiatement suivant et des dispositions ci-après applicables au règlement en espèces et (ii) la(les) Période(s) d'Intérêts et/ou le Montant de Calcul des Intérêts seront régis par les dispositions de la Section III ci-dessous.

La Livraison des Obligations Livrables Spécifiées (ou le paiement du Montant de Remboursement en Espèces, selon le cas) est soumise à la signification préalable, par ou pour le compte de l'Émetteur au Système de Compensation Concerné, pour l'information des Titulaires de Titres, d'une Notification de Règlement Physique entre la Date de Détermination de l'Événement de Crédit et la Dernière Date de Notification (ces deux dates étant incluses).

- 1.2 Après la survenance d'un Événement de Crédit au titre d'une Entité de Référence, l'Émetteur pourra sélectionner les Obligations Livrables Spécifiées à son entière et absolue discrétion.
- 1.3 L'Émetteur ne livrera pas nécessairement toutes les Obligations Livrables Spécifiées à la même date et pourra Livrer des Obligations Livrables Spécifiées à différents Titulaires de Titres à des dates différentes ou au même Titulaire des Titres à des dates différentes.
- 1.4 L'Émetteur n'est pas obligé de livrer le même type et la même proportion d'Obligations Livrables à chaque Titulaire de Titres et un Titulaire de Titres peut recevoir des types variés d'Obligations Livrables.
- 1.5 Si toutes les Obligations Livrables Spécifiées ou certaines d'entre elles ne sont pas éligibles à la compensation par le Système de Compensation Concerné, l'Émetteur pourra, à sa discrétion mais après notification préalable aux Titulaires de Titres, arranger:
- (a) la Livraison de ces Obligations Livrables Spécifiées (s'il en existe), qui sont éligibles à la compensation par le Système de Compensation Concerné, dans le Système de Compensation Concerné et la Livraison des Obligations Livrables Spécifiées qui ne sont pas éligibles à la

compensation par le Système de Compensation Concerné hors du Système de Compensation Concerné; ou

- (b) la Livraison de toutes les Obligations Livrables Spécifiées (que ces Obligations Livrables Spécifiées soient ou non éligibles à la compensation) hors du Système de Compensation Concerné.

Le Système de Compensation Concerné recevra ensuite instruction de bloquer et, sur confirmation par l'Émetteur que la livraison a eu lieu, d'annuler les positions des Titulaires de Titres dans ses livres et l'Agent Fiscal annulera à son tour les Titres en circulation. Si la Livraison doit se dérouler hors du Système de Compensation Concerné, l'Émetteur devra recevoir des instructions de transfert des Titulaires de Titres concernés, dans des termes jugés satisfaisants par l'Émetteur, suffisamment à l'avance avant la Dernière Date de Règlement Physique Admissible, pour permettre le règlement physique, à défaut de quoi il sera fait application des dispositions ci-dessous relatives au règlement en espèces.

## **2. Règlement en Espèces**

- 2.1** Si, à la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul (agissant pour le compte de l'Émetteur) détermine qu'il est Illégal ou Impossible pour l'Émetteur de Livrer tout ou partie des Obligations Livrables Spécifiées à tous les Titulaires de Titres ou certains d'entre eux, ou si l'Émetteur ne reçoit pas les instructions de transfert décrites à la dernière phrase de la clause 1.5 ci-dessus, l'Agent de Calcul calculera alors un Montant de Remboursement en Espèces, pour cette partie des Obligations Livrables Spécifiées qui sont des Obligations Non Livrables, et l'Émetteur, à la Date de Remboursement en Espèces, paiera ou fera payer un Montant de Remboursement en Espèces aux Titulaires de Titres concernés, en règlement intégral et final de ses obligations au titre des Obligations Non Livrables.
- 2.2** L'Émetteur devra notifier aux Titulaires de Titres concernés, via le Système de Compensation Concerné, qu'il existe des Obligations Non Livrables et les raisons pour lesquelles il est Illégal ou Impossible de Livrer ces Obligations Livrables Spécifiées.
- 2.3** Si, avant la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul détermine que la Livraison de toutes les Obligations Livrables Spécifiées est Illégale ou Impossible, et s'il détermine de bonne foi que cette Livraison restera Illégale ou Impossible, jusqu'à la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul pourra alors notifier ce fait au Système de Compensation Concerné à l'attention des Titulaires de Titres. La Date d'Evaluation de l'Événement de Crédit sera alors la date tombant deux Jours Ouvrés après la date à laquelle l'Agent de Calcul aura fait cette notification au Système de Compensation Concerné, et l'Émetteur paiera aux Titulaires de Titres un Montant de Remboursement en Espèces à la Date de Remboursement en Espèces, en règlement intégral et final de ses obligations au titre des Obligations Non Livrables.
- 2.4** Si la Livraison est partiellement Illégale ou Impossible, l'Émetteur pourra, pour chaque Titulaire de Titres, Livrer les Obligations Livrables Spécifiées et payer un Montant de Remboursement en Espèces. L'Émetteur ne sera pas obligé de s'assurer que chaque Titulaire de Titres reçoit le même type et la même proportion d'Obligations Livrables et la même proportion d'Obligations Livrables et de Montant de Remboursement en Espèces que chaque autre Titulaire de Titres.
- 2.5** Si la clause 2.1 ou 2.3 de cette Partie 1 s'applique, l'Émetteur peut faire en sorte que tous les règlements effectués en vertu des présentes le soient en dehors du Système de Compensation Concerné de la manière décrite à la clause 1.5 ci-dessus, à condition que l'Émetteur reçoive des instructions de transfert dans des termes jugés satisfaisants par l'Émetteur afin de permettre ces règlements.

- 2.6 L'Agent de Calcul informera les Titulaires de Titres par le biais du Système de Compensation Concerné, du Montant de Remboursement en Espèces en envoyant une Notification d'Evaluation Finale.

## II. RÈGLEMENT EN ESPÈCES

***Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement en espèces:***

1. Si l'Agent de Calcul détermine qu'un Événement de Crédit s'est produit pendant la période comprise entre la Première Date de Survenance d'un Événement de Crédit (incluse) et la Dernière Date de Survenance d'un Événement de Crédit (incluse), et si une Notification d'Événement de Crédit et, le cas échéant, une Notification d'Information Publiquement Disponible, sont signifiées pendant la Période de Signification de Notification par ou pour le compte de l'Émetteur aux Titulaires de Titres, (i) l'Émetteur ne sera plus responsable du paiement d'un Montant de Remboursement Final à la Date d'Échéance Prévues ou à la Date d'Échéance, selon le cas, et paiera ou fera payer le Montant de Remboursement en Espèces à la Date de Remboursement en Espèces (sous réserve des dispositions du paragraphe 2 ci-dessous), en paiement intégral et final de ses obligations en vertu des présentes pour le remboursement de chaque Titre, et (ii) les Périodes d'Intérêts et/ou le Montant de Calcul des Intérêts seront régis par les dispositions de la Section III ci-dessous. Les Obligations Sélectionnées, le Montant de Remboursement en Espèces et la Date de Remboursement en Espèces seront notifiés aux Titulaires de Titres dans la Notification d'Evaluation Finale à la Date de Réception de la Notification d'Evaluation Finale.
2. Dans le cas de Titres sur Panier ou de Titres sur Tranche, si un Événement de Crédit Non Régulé s'est produit, un Montant Préliminaire de Remboursement en Espèces sera payable à la Date d'Échéance Prévues et un Montant Résiduel de Remboursement en Espèces sera payable à la Date d'Échéance.
3. Afin d'éviter toute ambiguïté, la Valeur Finale sera déterminée au plus tard le 180<sup>ème</sup> Jour Ouvré suivant la Date de Détermination de l'Événement de Crédit correspondante.

## III. DISPOSITIONS REGISSANT LES INTÉRÊTS

Période d'Intérêts désigne chaque période comprise entre une Date de Paiement des Intérêts (incluse) et la Date de Paiement des Intérêts suivante (exclue), étant cependant entendu que la première Période d'Intérêts commence à la Date de Début de Période d'Intérêts (incluse) et que la dernière Période d'Intérêts demeure soumise aux dispositions de cette Partie 1.

### 1. Titres sur Entité Unique et Titres sur Premier Défaut

- (a) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Courus en Cas d'Événement de Crédit:* La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et la Date de Détermination de l'Événement de Crédit (exclue), et la dernière Date de Paiement des Intérêts sera la première des deux dates suivantes : (i) la Date de Paiement des Intérêts suivant le quatrième Jour Ouvré intervenant après la Date de Détermination de l'Événement de Crédit et (ii) la Date d'Échéance. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Échéance.
- (b) *Si les Conditions Définitives concernées stipulent que (i) que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Courus en Cas d'Événement de Crédit et (ii) Contestation/Moratoire ou Extension de la Période de Grâce est Applicable:* La dernière

Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et la première des deux dates suivantes : (i) la Date de Détermination de l'Événement de Crédit (exclue) et (ii) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la première des deux dates entre la Date de Paiement des Intérêts suivant le quatrième Jour Ouvré intervenant après la Date de Détermination de l'Événement de Crédit et la Date d'Échéance, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues. Il est en outre entendu que si (i) l'Événement de Crédit qui fait l'objet de la Notification d'Événement de Crédit est un Défaut de Paiement qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (ii) le Défaut de Paiement Potentiel relatif à ce Défaut de Paiement se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, la dernière Date de Paiement des Intérêts sera la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Remboursement en Espèces. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

- (c) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Non Courus en Cas d'Événement de Crédit:* La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant à la première des deux dates suivantes : (i) la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit et (ii) la Date d'Échéance Prévues. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse), dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date de Remboursement en Espèces.
- (d) *Si les Conditions Définitives concernées stipulent que (i) l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Non Courus en Cas d'Événement de Crédit et (ii) Contestation/Moratoire ou Extension de la Période de Grâce est Applicable:* La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant à la première des deux dates suivantes : (i) la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit et (ii) la Date d'Échéance Prévues. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date de Remboursement en Espèces. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Etant entendu que, si (i) l'Événement de Crédit qui fait l'objet d'une Notification d'un Événement de Crédit est un cas de Contestation/Moratoire survenant après le quatrième Jour Ouvré

précédant la Date d'Echéance Prévue, (ii) le Cas Potentiel de Contestation/Moratoire relatif à ce cas de Contestation/Moratoire survient avant le quatrième Jour Ouvré précédant la Date d'Echéance Prévue et (iii) la Condition de Prorogation pour Contestation/Moratoire est remplie, la dernière Date de Paiement des Intérêts sera la Date d'Echéance Prévue.

Etant en outre entendu que, si (i) l'Événement de Crédit qui fait l'objet d'une Notification d'un Événement de Crédit est un Défaut de Paiement survenant après le quatrième Jour Ouvré précédant la Date d'Echéance Prévue et (ii) le Défaut de Paiement Potentiel relatif à ce Défaut de Paiement survient avant le quatrième Jour Ouvré précédant la Date d'Echéance Prévue, la dernière Date de Paiement des Intérêts sera la Date d'Echéance Prévue.

- (e) Si (i) les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Courus en Cas d'Événement de Crédit et (ii) il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la Date de Détermination de l'Événement de Crédit (exclue), et la Date de Paiement des Intérêts sera la Date de Remboursement en Espèces. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Remboursement en Espèces.
- (f) *Si les Conditions Définitives concernées stipulent que (i) que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Courus en Cas d'Événement de Crédit, (ii) Contestation/Moratoire ou Extension de la Période de Grâce est Applicable et (iii) il n'existe qu'une seule Période d'Intérêts:* La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la première des deux dates suivantes : (i) la Date de Détermination de l'Événement de Crédit (exclue) et (ii) la Date d'Echéance Prévue (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date de Remboursement en Espèces, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Echéance Prévue, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance Prévue et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la Date de Paiement des Intérêts sera la Date d'Echéance Prévue. Etant entendu que, si (i) l'Événement de Crédit qui fait l'objet d'une Notification d'Événement de Crédit est un Défaut de Paiement qui intervient après le quatrième Jour Ouvré précédant la Date d'Echéance Prévue et (ii) le Défaut de Paiement Potentiel afférant à ce Défaut de Paiement intervient à ou avant le quatrième Jour Ouvré précédant la Date d'Echéance Prévue, la Date de Paiement des Intérêts sera alors la Date d'Echéance Prévue.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Remboursement en Espèces. Si la Date d'Echéance tombe après la Date d'Echéance Prévue, aucun intérêt ne sera payable à partir de la Date d'Echéance Prévue (incluse) jusqu'à la Date d'Echéance.

- (g) *Si (i) les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Événement de Crédit applicable est Intérêts Non Courus en Cas d'Événement de Crédit et (ii) il n'existe qu'une seule Période d'Intérêts:* Aucun intérêt ne courra ni ne sera payable sur les Titres.

Uniquement si le Règlement Européen est spécifié dans les Conditions Définitives concernées:

- (h) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus applicable est Coupon Garanti:* La dernière Période d'Intérêts se terminera à la Date d'Echéance Prévue

(exclue) et les intérêts portant sur chacune des Périodes d'Intérêts courront sur la base du Montant Nominal Total.

## 2. Titres sur Panier et Titres sur Tranche

Pour les Titres sur Panier et les Titres sur Tranche, la dernière (ou s'il n'en existe qu'une seule, l'unique) Période d'Intérêts se terminera à la première des deux dates suivantes (exclue) : la Date d'Echéance et la Date d'Echéance Prévue et le Montant de Calcul des Intérêts sera comme stipulé aux paragraphes suivants:

- (a) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Evènement de Crédit applicable est Intérêts Courus en Cas d'Evènement de Crédit:* Pour chaque Période d'Intérêts, le Montant de Calcul des Intérêts sera déterminé le quatrième Jour Ouvré précédant la Date de Paiement des Intérêts concernée et sera un montant égal à (i) la somme du Montant Journalier de Calcul des Intérêts pour chaque jour de la Période d'Intérêt considérée divisée par (ii) le nombre de jours dans ladite Période d'Intérêts.
- (b) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Evènement de Crédit applicable est Intérêts Non Courus en Cas d'Evènement de Crédit:* Pour chaque Période d'Intérêts, le Montant de Calcul des Intérêts sera un montant égal au Montant Journalier de Calcul des Intérêts au quatrième Jour Ouvré précédant la Date de Paiement des Intérêts concernée.
- (c) *Si (i) les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Evènement de Crédit applicable est Intérêts Courus en Cas d'Evènement de Crédit et (ii) il n'existe qu'une seule Période d'Intérêts:* Pour cette unique Période d'Intérêts, le Montant de Calcul des Intérêts sera déterminé le quatrième Jour Ouvré précédant la Date de Paiement des Intérêts et sera un montant égal à (i) la somme du Montant Journalier de Calcul des Intérêts pour chaque jour de la Période d'Intérêts considérée divisée par (ii) le nombre de jours dans la Période d'Intérêts.
- (d) *Si (i) les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Evènement de Crédit applicable est Intérêts Non Courus en Cas d'Evènement de Crédit et (ii) il n'existe qu'une seule Période d'Intérêts:* Pour cette unique Période d'Intérêts, le Montant de Calcul des Intérêts sera un montant égal au Montant Journalier de Calcul des Intérêts au quatrième Jour Ouvré précédant la Date de Paiement des Intérêts.

Uniquement si le Règlement Européen est spécifié dans les Conditions Définitives concernées:

- (e) *Si les Conditions Définitives concernées stipulent que l'option Intérêts Courus en Cas d'Evènement de Crédit applicable est Coupon Garanti:* Le Montant de Calcul des Intérêts sera égal au Montant Journalier de Calcul des Intérêts à la Date d'Emission.

Afin d'éviter toute ambiguïté, sauf dans le cas d'un Coupon Garanti, si une Notification d'Evènement de Crédit en Suspens est signifiée aux Titulaires, les paiements d'intérêts sur les Titres, ou, si les Titres sont des Titres sur Panier ou des Titres sur Tranche, sur la portion du Montant de Calcul des Intérêts correspondant à l'Entité de Référence concernée seront différés jusqu'à:

- (i) si une Notification d'Evènement de Crédit est signifiée en relation avec l'évènement concerné, la Date d'Echéance, ou dans le cas de Titres sur Panier ou de Titres sur Tranche, la Date d'Echéance Prévue ou la Date d'Echéance, selon le cas; ou
- (ii) la date intervenant 10 Jours Ouvrés suivant la publication d'un Communiqué DC d'Absence d'Evènement de Crédit;

- (iii) si aucun Communiqué DC d'Absence d'Évènement de Crédit n'est publié et qu'aucune Notification d'Évènement de Crédit n'est signifiée en relation avec l'évènement concerné, la date intervenant 110 Jours Ouvrés suivant une Date de Demande de Résolution relative à l'Évènement de Crédit (chacun de ces termes étant défini dans la Partie 2 *Définitions* ci-dessous).

Afin d'éviter toute ambiguïté, (x) si une Date de Détermination de l'Évènement de Crédit devait se produire pendant une Période d'Intérêts, moins de quatre Jours Ouvrés avant la Date de Paiement des Intérêts correspondante et si les instructions de paiement de l'Émetteur ont déjà été données pour les intérêts payables au titre de cette Période d'Intérêts, l'Émetteur pourra déduire du Montant de Remboursement en Espèces ou du Montant de Règlement Physique, selon le cas, le montant du surplus d'intérêts payés; et (y) si le paiement des intérêts est différé suivant la signification d'une Notification d'Évènement de Crédit en Suspens, aucun intérêt supplémentaire ne sera payable sur les Montants en Suspens pour la période de différé.

S'agissant de Titres qui ne sont ni des Titres sur Entité Unique, ni des Titres sur Premier Défaut, ni des Titres sur Panier, ni des Titres sur Tranche (chacun de ces termes étant défini dans la Partie 2 *Définitions* ci-dessous), les dispositions relatives aux intérêts seront stipulées dans les Conditions Définitives concernées.

#### IV. NOTIFICATION D'ÉVÈNEMENT DE CRÉDIT APRÈS RESTRUCTURATION

En cas de survenance d'une Restructuration pendant la période comprise entre la Première Date de Survenance d'un Évènement de Crédit (incluse) et la Dernière Date de Survenance d'un Évènement de Crédit (incluse) si "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)" ou si "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)", selon le cas, est spécifié comme étant applicable dans les Conditions Définitives concernées:

##### 1. Titres sur Entité Unique et Titres sur Premier Défaut

Si le Règlement Américain est spécifié dans les Conditions Définitives concernées:

- (a) l'Agent de Calcul pourra signifier plusieurs Notifications d'Évènement de Crédit en relation avec cette Restructuration, chacune de ces Notifications d'Évènement de Crédit présentant un montant (le **Montant de Remboursement Partiel**) inférieur au Montant Nominal non encore remboursé de chaque Titre en circulation immédiatement avant la signification de cette Notification d'Évènement de Crédit. Dans ce cas, les dispositions de la Section I ou de la Section II de cette Partie 1 seront réputées s'appliquer uniquement au Montant de Remboursement Partiel, et chacun de ces Titres sera remboursé partiellement (cette partie remboursée étant égale au Montant de Remboursement Partiel);
- (b) afin d'éviter toute ambiguïté, il est précisé que (i) le Montant Nominal de chaque Titre non remboursé en partie restera à payer et que des intérêts courront, s'il y a lieu, sur le Montant Nominal non encore remboursé de ce Titre, conformément aux dispositions des Conditions Définitives concernées (ajusté de la manière que l'Agent de Calcul jugera appropriée, à son entière et absolue discrétion), et (ii) les dispositions de la Section I ou de la Section II de cette Partie 1 s'appliqueront au Montant Nominal non encore remboursé de ce Titre, dans le cas où des Notifications d'Évènement de Crédit seraient ultérieurement signifiées au titre d'une Entité de Référence; et
- (c) en cas de remboursement partiel de chaque Titre, le Titre concerné ou, si les Titres sont représentés par un Titre Global, ce Titre Global, sera endossé pour refléter ce remboursement partiel.

Afin d'éviter toute ambiguïté, il est précisé que le Montant Nominal non encore remboursé de chaque Titre pour lequel aucune Notification d'Événement de Crédit n'a été signifiée pendant la Période de Signification de Notification, (et, le cas échéant, aucun Cas Potentiel de Contestation/Moratoire ni aucun Défaut de Paiement Potentiel ne se sont produits au plus tard le quatrième Jour Ouvré, précédent la Date d'Echéance Prévue) sera remboursé à la Date d'Echéance Prévue.

Si le Règlement Européen est spécifié dans les Conditions Définitives concernées:

- (a) l'Agent de Calcul pourra signifier plusieurs Notifications d'Événement de Crédit en relation avec cette Restructuration, chacune de ces Notifications d'Événement de Crédit présentant un montant (le **Montant de Remboursement Partiel**) inférieur au Montant Nominal non encore remboursé de chaque Titre en circulation immédiatement avant la signification de cette Notification d'Événement de Crédit. Dans ce cas, les dispositions de la Section I ou de la Section II de cette Partie 1 s'appliqueront au Montant de Remboursement Partiel; et
- (b) afin d'éviter toute ambiguïté, il est précisé que les dispositions de la Section I et de la Section II de cette Partie 1 s'appliqueront au Montant Nominal de chaque Titre non encore remboursé après déduction de ce Montant de Remboursement Partiel, dans le cas où des Notifications d'Événement de Crédit seraient ultérieurement signifiées au titre d'une Entité de Référence.

## 2. Titres sur Panier et Titres sur Tranche

- (a) l'Agent de Calcul pourra signifier plusieurs Notifications d'Événement de Crédit en relation avec cette Restructuration, chacune de ces Notifications d'Événement de Crédit présentant un montant (le **Montant Notionnel de Restructuration Partielle**) inférieur au Montant Notionnel de l'Entité de Référence de l'Entité de Référence concernée immédiatement avant la signification de cette Notification d'Événement de Crédit. Dans ce cas, les dispositions de la Section II de cette Partie 1 s'appliqueront au Montant Notionnel de Restructuration Partielle au lieu du Montant Notionnel de l'Entité de Référence; et
- (b) afin d'éviter toute ambiguïté, à la suite d'une telle Restructuration, les dispositions de cette Annexe Technique Événement de Crédit s'appliqueront pour chacune des Entités de Référence concernées au Montant Notionnel de l'Entité de Référence de cette Entité de Référence réduit du Montant Notionnel de Restructuration Partielle. Dans le cas où des Restructurations supplémentaires se produiraient pour cette Entité de Référence, le Montant Notionnel de l'Entité de Référence concerné serait réduit du nouveau Montant Notionnel de Restructuration Partielle concerné.

## V. SUCCESEURS MULTIPLES

*Si les Titres sont des Titres sur Entité Unique et si les Conditions Définitives concernées stipulent que Successeur(s) Multiple(s) est Applicable, les dispositions suivantes s'appliqueront:*

Si plusieurs Successeurs ont été identifiés conformément à la définition du terme **Successeur** (voir la Partie 2 de cette Annexe Technique Événement de Crédit), chaque Successeur (**Successeur Multiple**) sera une Entité de Référence pour les besoins des Modalités, mais seulement pour un montant en principal de chaque Titre égal au Montant Nominal divisé par le nombre de Successeurs Multiples de cette Entité de Référence (le **Montant Notionnel Successeur Multiple**), tel que déterminé par l'Agent de Calcul. Si des Successeurs Multiples de cette Entité de Référence (chacun étant dénommé: un **Sous-Successeur Multiple**) ont été identifiés au titre d'une Entité de Référence (un **Successeur Multiple Initial**) qui est elle-même un Successeur Multiple, chaque Sous-Successeur Multiple sera une Entité de Référence pour les besoins des Modalités, mais le Montant Notionnel Successeur Multiple afférent à un Sous-Successeur Multiple sera égal au Montant Notionnel Successeur Multiple afférent à

ce Successeur Multiple Initial, divisé par le nombre de Sous-Successeurs Multiples du Successeur Multiple Initial. Après la signification d'une Notification d'Événement de Crédit et, s'il y a lieu, d'une Notification d'Information Publiquement Disponible, au titre d'un Successeur Multiple, les Titres ne seront pas remboursés pour leur montant intégral, mais un montant sera livrable ou le cas échéant payable sur chaque Titre (un **Montant de Remboursement Echelonné**), qui sera déterminé de la même manière, *mutatis mutandis*, que le Montant de Règlement Physique ou Montant de Remboursement en Espèces qui aurait autrement été déterminé au titre d'un tel Événement de Crédit pour l'Entité de Référence initiale, si ce n'est qu'il portera sur un montant en principal de chaque Titre égal uniquement au Montant Notionnel Successeur Multiple correspondant. La date de livraison ou paiement, selon le cas, de tout Montant de Remboursement Echelonné (une **Date de Remboursement Echelonné**) sera déterminée de la même manière, *mutatis mutandis*, que la Date de Règlement Physique ou Date de Remboursement en Espèces qui aurait autrement été déterminée au titre d'un tel Événement de Crédit pour l'Entité de Référence initiale. Plusieurs Montants de Remboursement Echelonné peuvent être livrés ou payables le même jour au titre de différents Successeurs Multiples, mais une seule Notification d'Événement de Crédit peut être signifiée pour un même Successeur Multiple, à moins qu'une Restructuration ne survienne pour un Successeur Multiple, auquel cas les dispositions de la Section IV de cette Partie 1 s'appliqueront à l'égard de chacun de ces Successeurs Multiples. Au moment où l'Agent de Calcul déterminera l'identité des Successeurs Multiples, il déterminera également les modifications devant être apportées aux Modalités et à tous autres documents connexes, afin de préserver en substance l'effet économique pour un Titulaire de Titres de la détention de ses Titres, et l'Émetteur devra faire des efforts raisonnables pour procéder à ces modifications.

*Si le Règlement Américain est spécifié dans les Conditions Définitives concernées:*

Après la livraison ou le paiement d'un Montant de Remboursement Echelonné au titre d'Événement de Crédit lié à un Successeur Multiple, le Montant Nominal non-remboursé de chaque Titre sera réduit en conséquence, en proportion du montant principal ainsi remboursé et, s'il y a lieu, les intérêts sur chaque Titre courront sur le Montant Nominal réduit de chaque Titre à partir de la date à laquelle ils auraient sinon cessé de courir après la signification d'une Notification d'Événement de Crédit et, le cas échéant, d'une Notification d'Information Publiquement Disponible en relation avec l'Entité de Référence initiale.

*Si les Titres sont des Titres sur Entité Unique et si les Conditions Définitives concernées stipulent que Successeur(s) Multiple(s) est Non Applicable, les dispositions suivantes s'appliqueront:*

Si plusieurs Successeurs succèdent à l'Entité de Référence et s'il se produit un Événement de Crédit au titre de l'un quelconque d'entre eux, les Titres seront intégralement remboursés par anticipation, conformément à la Méthode de Règlement spécifiée dans les Conditions Définitives concernées, de la même manière que si les Conditions Définitives avaient stipulé que "Première Entité de Référence Défaillante" était Applicable.

En tant que de besoin, il est précisé que, la Section V de cette Partie 1 ne s'applique pas aux Titres sur Premier Défaut, aux Titres sur Panier et aux Titres sur Tranche.

## VI. NOTIFICATION D'UN DÉFAUT DE PAIEMENT POTENTIEL

En cas de survenance d'un Défaut de Paiement Potentiel, tel que déterminé par l'Émetteur à son entière discrétion, l'Émetteur, ou toute entité agissant pour son compte, déploiera ses efforts raisonnables pour en donner notification aux Titulaires de Titres dès que cela sera raisonnablement possible, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 13 des Modalités des Titres de Droit Français.

## VII. REMBOURSEMENTS PARTIELS ET EMISSIONS SUPPLEMENTAIRES

A la suite de tout remboursement des Titres (conformément à la Modalité 6 des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5 des Titres de Droit Français) ou de toute émission supplémentaire (conformément à la Modalité 16 des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 14 des Modalités des Titres de Droit Français), chacun des montants suivants sera multiplié par un ratio de (i) le nombre de Titres en circulation après ce remboursement partiel ou des émissions supplémentaires divisé par (ii) le nombre de Titres en circulation juste avant ce remboursement partiel ou émission supplémentaire:

- (a) pour des Titres sur Entité Unique et des Titres sur Premier Défaut, le Montant Nominal Total;
- (b) pour des Titres sur Panier qui ne sont pas des Titres sur Tranche, (i) le Montant Nominal Total, (ii) le Montant Notionnel du Portefeuille de Référence et (iii) le Montant de Perte Totale;
- (c) pour des Titres sur Tranche, (i) le Montant Nominal Total, (ii) le Montant de Référence du Portefeuille de Référence, (iii) le Montant de Perte Totale, (iv) le Montant Notionnel de Tranche et (v) le Montant de Subordination de la Tranche.

## VIII. PERTURBATION DES OPERATIONS DE COUVERTURE, COUT ACCRU DES OPERATIONS DE COUVERTURE – CHANGEMENT DE LOI ET CONSEQUENCES

### 1. Perturbation des Opérations de Couverture, Coût Accru des Opérations de Couverture

**Perturbation des Opérations de Couverture** désigne, pour les Titres ayant une ou plusieurs Entités de Référence, la situation dans laquelle Société Générale ou l'une quelconque de ses sociétés liées se trouvent dans l'incapacité, en dépit de leurs efforts commercialement raisonnables, (a) d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de tout(s) actif(s) qu'ils jugeront nécessaires pour couvrir le prix du risque de crédit, (ou tout autre risque de cours concerné, y compris, sans caractère limitatif, de taux d'intérêt, de valeurs mobilières et de change) de la conclusion et de l'exécution de leurs obligations résultant des Titres ou du contrat conclu avec Société Générale par l'Emetteur des Titres en relation avec les Titres, ou (b) de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement les produits de Positions de Couverture conclues avec l'Emetteur ou l'une quelconque de ses sociétés liées en relation avec les Titres.

**Coût Accru des Opérations de Couverture** désigne, pour les Titres ayant une ou plusieurs Entités de Référence, la situation dans laquelle Société Générale ou l'une quelconque de ses sociétés liées encourrait un montant d'impôts, taxes, frais ou commissions (autres que les commissions de courtage) substantiellement accru (par comparaison avec les circonstances existant à toute date à laquelle Société Générale conclut des Positions de Couverture en relation avec les Titres), pour (a) acquérir, établir, rétablir, remplacer, maintenir, dénouer ou céder toute(s) transaction(s) ou actif(s) qu'elle considère nécessaire pour couvrir le prix risque du crédit pour conclure et remplir ses obligations liées aux Titres, ou (b) réaliser, recouvrer ou verser les produits de l'une quelconque de ces Positions de Couverture ou tout contrat conclu entre l'Emetteur ou l'une quelconque de ses sociétés liées en relation avec les Titres.

### 2. Changement de Loi

**Changement de Loi** désigne, pour les Titres ayant une ou plusieurs Entités de Référence, à la première des deux dates suivantes: (a) la Date d'Emission et (b) la date de conclusion des Opérations de Couverture (i) du fait de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi fiscale), ou (ii) du fait de la promulgation de toute loi ou réglementation ou d'un revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), l'Agent de Calcul déterminerait de bonne foi qu'il est devenu illégal pour Société Générale ou l'une de ses sociétés liées de détenir, d'acquérir ou de céder des Positions de

Couverture (telles que définies dans la Partie 1-VIII.3. ci-dessous) ou de maintenir le contrat conclu avec Société Générale ou l'une de ses sociétés liées par l'Emetteur des Titres.

### 3. Conséquences

En cas de survenance, telle que déterminée par l'Agent de Calcul de bonne foi, cinq Jours Ouvrés avant la Date d'échéance, d'une Perturbation des Opérations de Couverture, d'un Coût Accru des Opérations de Couverture ou d'un Changement de Loi, l'Agent de Calcul pourra :

- A. considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé **Cas de Remboursement Anticipé**). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(g) des Modalités des Titres de Droit Français; ou
- B. remplacer, si la Perturbation des Opérations de Couverture, le Coût Accru des Opérations de Couverture et/ou le Changement de Loi est relatif à une ou plusieurs Entité(s) de Référence affectée(s) (les « **Entités de Référence Affectées** ») par une nouvelle entité de référence (ou plusieurs entités de référence, le cas échéant) qui est une Entité de Référence Similaire ; ou
- C. appliquer la Monétisation à la Date d'Echéance.

A la suite de la survenance d'une Perturbation des Opérations de Couverture, d'un Coût Accru des Opérations de Couverture ou d'un Changement de Loi, l'Agent de Calcul devra notifier l'ajustement opéré ou la décision prise par l'Agent de Calcul à l'Emetteur, qui le notifiera à son tour à l'Agent et aux Titulaires de Titres conformément aux dispositions de la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 13 des Modalités des Titres de Droit Français. Les Titulaires de Titres pourront obtenir des informations détaillées sur l'ajustement opéré ou la décision prise, sur simple demande à l'adresse spécifiée de l'Agent de Calcul.

### 4. Monétisation à la Date d'Echéance

L'Emetteur ne sera plus tenu d'aucun paiement à la Date d'Echéance ou à toute Date de Paiement d'Intérêt, mais devra, en lieu et place, en quittance intégrale et définitive de ses obligations:

- A. en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, peut être nul, payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, avec un minimum de zéro, basé sur (a) le montant net positif en espèces qui resterait à l'Agent de Calcul à la Date de Liquidation Intégrale, après avoir liquidé les Positions de Couverture (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture), moins (b) les Coûts Associés (le résultat de cette soustraction (a) moins (b), chacun converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (c) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) la Date d'Echéance (exclue) ; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par l'Agent de Calcul en tant que Positions de Couverture, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par l'Agent de Calcul en vertu des Positions de Couverture, et le Montant de Calcul mentionné ci-dessus peut être nul ; ou

- B. en ce qui concerne le remboursement de Titres dont le Montant de Remboursement Final, tel que défini dans les Conditions Définitives, ne peut en aucun cas être inférieur à un montant strictement positif (le **Montant de Remboursement Minimum**), payer à la Date d'Echéance un montant par Titre, déterminé par l'Agent de Calcul, égal à la somme (a) du Montant de Remboursement Minimum et (b) un montant égal à la différence positive (éventuelle) entre (i) (1) le montant net positif en espèces qui resterait à l'Agent de Calcul à la Date de Liquidation Intégrale, après avoir liquidé les Positions de Couverture (notamment en honorant toutes obligations ou charges existantes au titre de ces Positions de Couverture, s'il y a lieu, au moyen des produits de la liquidation des actifs des Positions de Couverture), moins (2) les Coûts Associés (le résultat de cette soustraction(a) moins (b), chacun converti si besoin est dans la Devise Prévue en utilisant le Taux de Change au Comptant Applicable à la Date de Liquidation Intégrale, constitue un **Montant de Calcul** pour les besoins de la présente disposition et de la Méthode de Capitalisation), plus (3) les intérêts qui auraient couru sur ce Montant de Calcul en vertu de la Méthode de Capitalisation, pendant la période (qui, pour les besoins de la présente disposition et de la Méthode de Capitalisation, constitue une **Période de Calcul**) comprise entre (x) la Date de Liquidation Intégrale (incluse) et (y) la Date d'Echéance (exclue), et (ii) un montant égal au Montant de Remboursement Minimum ; afin de lever toute ambiguïté, les produits de la liquidation de tous actifs détenus par l'Agent de Calcul en tant que Positions de Couverture, seront réputés être utilisés en priorité pour éteindre toute dette (le cas échéant) encourue par l'Agent de Calcul en vertu de ses Positions de Couverture, et le Montant de Calcul mentionné ci-dessus peut être nul.

Définitions applicables à cette section :

**Coûts Associés** désigne un montant déterminé par l'Agent de Calcul, à sa discrétion raisonnable, égal à la somme (sans duplication) de tous les coûts (y compris, sans caractère limitatif, le coût de financement), pertes, frais, taxes et charges encourus par l'Agent de Calcul liés au dénouement, à la liquidation ou au rétablissement des Positions de Couverture, étant précisé que ce montant sera réparti au prorata de la Valeur Nominale de chaque Titre en circulation.

**Méthode de Capitalisation** signifie, si la présente Annexe spécifie que les intérêts courent selon la Méthode de Capitalisation, que le montant des intérêts sera égal à la somme des Montants de Période de Capitalisation pour chaque Période de Capitalisation comprise dans la Période de Calcul concernée,

**Montant de Calcul Ajusté** désigne (i) au titre de la première Période de Capitalisation d'une Période de Calcul, le Montant de Calcul pour cette Période de Calcul, et (ii) au titre de toute Période de Capitalisation suivante de cette Période de Calcul, un montant égal à la somme du Montant de Calcul pour cette Période de Calcul et des Montants de Période de Capitalisation pour chacune des Périodes de Capitalisation précédentes comprises dans cette Période de Calcul ;

**Date de Capitalisation** désigne, au titre d'une Période de Calcul, chaque Jour Ouvré à Paris de cette Période de Calcul ;

**Période de Capitalisation** désigne, au titre d'une Période de Calcul, chaque période comprise entre une Date de Capitalisation (incluse) et la Date de Capitalisation immédiatement suivante (non incluse) pendant cette Période de Calcul ;

**Montant de Période de Capitalisation** désigne, au titre d'une Période de Capitalisation, le produit des facteurs suivants: (i) le Montant de Calcul Ajusté, (ii) le Taux de Capitalisation et (iii) la Base de Calcul ;

**Taux de Capitalisation** désigne, au titre d'un Montant de Période de Capitalisation, le taux interbancaire au jour le jour dans la Devise Prévue, tel que déterminé par l'Agent de Calcul le premier jour de la Période de Capitalisation concernée; nonobstant ce qui précède, le Taux de Capitalisation relatif aux quatre dernière Périodes de Capitalisation dans la Période de Calcul doit être celui de la cinquième Période de Capitalisation avant la Date d'Echéance ; le Taux de Capitalisation spécifique utilisé pour une Devise Prévue sera disponible dans les bureaux de l'Agent de Calcul à compter du premier jour d'une Période de Calcul ; et

**Base de Calcul** désigne, pour les besoins de la Méthode de Capitalisation ci-dessus, le nombre exact de jours d'une Période de Capitalisation (le premier étant inclus et le dernier exclu), divisé par 360.

**Date de Liquidation Intégrale** désigne, au titre de la Date d'Echéance, la date à laquelle les produits de la liquidation des Positions de Couverture (y compris, entre autres, en honorant toutes obligations ou charges résultant de ces Positions de Couverture ou de toute partie de celles-ci, s'il y a lieu, au moyen des produits de la liquidation des actifs de ces Positions de Couverture) sont réputés, de l'avis de l'Agent de Calcul, avoir été intégralement reçus par l'Agent de Calcul.

**Positions de Couverture** désigne tout achat, vente, prise, conclusion ou maintien par l'Agent de Calcul d'un ou plusieurs des éléments suivants: (a) des positions ou contrats sur des valeurs mobilières, options, contrats à terme, produits dérivés, opérations sur taux d'intérêt ou devises, (b) des opérations de prêt/emprunt de titres, (c) des dépôts d'espèces ou emprunts d'espèces et/ou (d) d'autres instruments, accords, actifs ou charges, quelle que soit leur description, afin de couvrir individuellement ou sur la base d'un portefeuille, les Titres.

**Taux de Change au Comptant Applicable** désigne, au titre d'une date et d'un montant devant être converti dans la Devise Prévvue, le taux de change de la devise dans laquelle ce montant est libellé dans la Devise Prévvue, tel que déterminé par l'Agent de Calcul, appliqué pour convertir ce montant à cette date dans la Devise Prévvue.

**Entité de Référence Similaire** signifie une entité de référence ayant une Notation équivalente (telle que définie ci-dessous) ou un risque de crédit équivalent (si la Notation n'est pas disponible), et dans la mesure du possible comme second critère, une proximité géographique et concernant le Type de Transaction.

Pour les besoins de cette définition, **Notation** désigne la notation de la dette senior non garantie attribuée par les trois agences de notation Moody's Investor Service, Inc., Standard & Poor's, une division de The McGraw-Hill Companies, Inc. et Fitch Ratings ou l'une quelconque de ces agences de notation, étant entendu que si les notations attribuées pour une entité ne sont pas équivalentes, seules la ou les notations les plus élevées seront prises en considération.

## PARTIE 2 – DEFINITIONS

*Légende:*

*\* supprimer si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement Physique*

*\*\* supprimer si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement en Espèces*

**Montant Accumulé** désigne, pour une Obligation Croissante, un montant, déterminé par l'Agent de Calcul, étant égal à (a) la somme formée par (i) le prix original d'émission de cette obligation et (ii) la portion du montant payable à échéance qui a été accumulé selon les modalités de l'obligation (ou comme autrement décrit ci-dessous), moins (b) tous les paiements en espèces effectués par le débiteur au titre des obligations qui selon les modalités de cette obligation, réduisent le montant payable à échéance (à moins que ces paiements en espèces aient été pris en compte dans le paragraphe (a)(ii) ci-dessus), dans chaque cas calculé à la première des dates suivantes : (A) la date de survenance de tout événement ayant pour effet de fixer le montant d'une demande au titre du principal ou (B) la [Date de Règlement Physique ou ]\*\* la Date d'Evaluation de l'Événement de Crédit applicable [, selon le cas] \*. Si une Obligation Croissante doit s'accroître selon une méthode linéaire, ou si le rendement de cette Obligation à échéance n'est pas spécifié dans les modalités de cette Obligation ou ne peut pas en être implicitement déduit, le Montant Accumulé sera calculé, pour les besoins du paragraphe (a)(ii) ci-dessus, en utilisant un taux égal au rendement à échéance de cette Obligation. Ce rendement sera déterminé sur la base d'un titre de créance semi-annuel équivalent, en utilisant le prix initial d'émission de cette Obligation, et sera déterminé à celle des dates qui surviendra la première entre: (A) la date de survenance de tout événement ayant pour effet de fixer le montant d'une demande au titre du principal et (B) la [Date de Règlement

Physique ou]\*\* la Date d'Évaluation de l'Événement de Crédit applicable [, selon le cas] \*. Le Montant Accumulé exclura, dans le cas d'une Obligation Échangeable, tout montant qui est payable en vertu des modalités de cette obligation au titre de la valeur des Titres de Capital contre lesquels cette obligation est échangeable.

**Obligation Croissante** désigne toute obligation (y compris, sans limitation, une Obligation Convertible ou une Obligation Échangeable), dont les modalités prévoient expressément que le montant payable en cas d'exigibilité anticipée ou de remboursement anticipé est égal au prix initial d'émission (qu'il soit égal ou non à la valeur nominale), majoré d'un ou plusieurs montants additionnels (pour tenir compte de toute décote lors de l'émission initiale ou du montant des intérêts courus ou de tout montant en principal non payable sur une base périodique), qui s'accroîtront ou pourront s'accroître, indépendamment du point de savoir si (a) le paiement de ces montants additionnels est soumis à une condition ou déterminé par référence à une formule ou indice, ou (b) des intérêts périodiques en espèces sont également payables. Pour toute Obligation Croissante, le **solde en principal à payer** désigne le Montant Accumulé.

**LPN Supplémentaire** signifie tout titre de créance de la forme d'un *loan participation note* (une **LPN**) émis par une entité (l'**Emetteur LPN**) dans le seul but de fournir des fonds pour l'Emetteur LPN pour (A) financer un prêt à une Entité de Référence (le **Prêt Sous-Jacent**) ; ou (B) fournir un financement à une Entité de Référence par voie de dépôt, prêt ou autre instrument de dette financière (l'**Instrument Financier Sous-Jacent**) ; sous réserve que, (i) soit (a) dans l'éventualité où il y a un Prêt Sous-Jacent au titre de ce LPN ce Prêt Sous-Jacent satisfait aux Caractéristiques d'Obligations spécifiées au titre de cette Entité de Référence ; ou (b) dans l'éventualité où il y a un Instrument Financier Sous-Jacent au titre de ce LPN cet Instrument Financier Sous-Jacent satisfait aux Caractéristiques d'Obligation Non Subordonnée, Droit Non Domestique, Devise Locale Exclue ; (ii) la LPN satisfait aux Caractéristiques d'Obligation Livrable ou aux Caractéristiques d'Obligation Sélectionnée (comme applicable) suivantes : Transférable, Non au Porteur, Devise de Référence-Devise de Référence Standard, Droit Non Domestique, Emission Non Domestique ; et (iii) l'Emetteur LPN a, à compter de la date d'émission de cette obligation, accordé un Premier Rang d'Intérêt sur ou au titre de certains de ses droits en relation avec le Prêt Sous-Jacent concerné ou l'Instrument Financier Sous-Jacent concerné (comme applicable) pour le bénéfice des porteurs des LPNs.

**Obligation Supplémentaire** désigne chacune des obligations listées comme une Obligation Supplémentaire de l'Entité de Référence dans les Conditions Définitives ou établie dans la Liste des Obligations de Référence LPN applicable, telle que publiée par *Markit Group Limited*, ou tout successeur de celui-ci, à compter de la Date d'Emission, cette liste étant actuellement disponible sur <http://www.markit.com/marketing/services.php>.

**Société Liée** désigne, en relation avec toute personne, toute entité contrôlée, directement ou indirectement, par cette personne, toute entité qui contrôle, directement ou indirectement, cette personne ou toute entité directement ou indirectement sous contrôle commun avec cette personne. A cet effet, le contrôle de toute entité ou personne désigne la détention de la majorité des droits de vote de l'entité ou de la personne concernée.

**Montant de Perte Totale** désigne, à tout moment:

- (a) pour un Titre sur Panier qui n'est pas un Titre sur Tranche, le total des Montants de Perte de chacune des Entités de Référence; ou
- (b) pour un Titre sur Tranche, le montant le plus petit entre:
  - (i) le Montant Notionnel de la Tranche; et
  - (ii) le montant le plus grand entre (x) zéro et (y) la différence entre (xx) le total des Montants de Perte de chacune des Entités de Référence et (xy) le Montant de Subordination de la Tranche.

**Crédit Transférable** désigne un Crédit qui est susceptible d'être cédé ou transféré par voie de novation, au minimum, à des banques commerciales ou institutions financières (quel que soit leur lieu d'immatriculation) qui ne sont alors ni un prêteur ni un membre du syndicat prêteur ayant consenti ce Crédit, sans le consentement de

l'Entité de Référence concernée ou du garant (éventuel) de ce Crédit (ou sans le consentement de l'emprunteur concerné si cette Entité de Référence garantit ce Crédit), ou de tout agent. Sauf stipulation contraire des Conditions Définitives concernées, si l'option Crédit Transférable est indiquée comme Applicable sous la rubrique Catégorie d'Obligation [Livrable]\*\*[Sélectionnée]\* des Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* avait été sélectionnée comme une Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* uniquement au titre de Crédits et ne s'appliquera que si les Crédits sont couverts par la Catégorie d'Obligation [Livrable]\*\*[Sélectionnée]\* spécifiée.

**Méthode des Enchères** signifie que, en relation avec une Entité de Référence pour laquelle une Date de Détermination d'un Evènement de Crédit s'est produite, la Valeur Finale sera déterminée conformément aux Modalités de Règlement aux Enchères de Transaction.

**Faillite** désigne la situation dans laquelle l'Entité de Référence:

- (a) est dissoute (autrement que dans le cadre d'un regroupement, d'une absorption ou d'une fusion);
- (b) devient insolvable ou est incapable ou manque de payer ses dettes à leur échéance, ou admet par écrit son incapacité générale à honorer ses dettes à leur échéance, dans le cadre d'une procédure judiciaire, réglementaire ou administrative;
- (c) procède à un transfert d'actifs ou conclut un concordat avec ou au profit de ses créanciers;
- (d) prend l'initiative ou fait l'objet d'une procédure sollicitant le prononcé d'un jugement d'insolvabilité ou de faillite ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou fait l'objet d'une requête en vue de sa dissolution ou liquidation, et cette procédure ou requête (i) aboutit au prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire, ou au prononcé d'un jugement de dissolution ou de liquidation, ou (ii) ne fait pas l'objet d'un désistement, d'une radiation, d'un débouté ou d'un sursis à statuer, dans chaque cas dans les trente jours calendaires suivant l'engagement de cette procédure ou la présentation de cette requête;
- (e) adopte une résolution en vue de sa dissolution, de sa mise sous sauvegarde ou de sa liquidation (autrement que dans le cadre d'un regroupement, d'une absorption ou d'une fusion);
- (f) sollicite la nomination ou se voit nommer un administrateur judiciaire, liquidateur provisoire, conservateur, curateur, syndic ou autre mandataire de justice similaire chargé de la gérer ou de gérer la totalité ou la quasi-totalité de ses actifs;
- (g) voit un créancier privilégié prendre possession de la totalité ou de la quasi-totalité de ses actifs, ou solliciter ou pratiquer une mesure de saisie conservatoire, de saisie-attribution, de saisie-exécution, de mise sous séquestre ou toute autre voie d'exécution sur la totalité ou la quasi-totalité de ses actifs, et ce créancier privilégié conserve la possession des actifs concernés, ou cette procédure ne fait pas l'objet d'un désistement, d'une radiation, d'un débouté, d'une mainlevée ou d'un sursis à statuer, dans chaque cas dans les trente jours calendaires suivants; ou
- (h) cause ou fait l'objet de tout événement la concernant qui aurait, en vertu des lois applicables d'une juridiction quelconque, un effet analogue à celui de l'un quelconque des événements spécifiés aux paragraphes (a) à (g) (inclus) ci-dessus de la présente définition de Faillite.

**Titre sur Panier** désigne un Titre indexé sur plusieurs Entités de Référence.

**Meilleure Information Disponible** désigne:

- (a) dans le cas d'une Entité de Référence qui dépose des informations auprès de son régulateur boursier principal ou de sa bourse principale, comprenant des informations financières pro forma non consolidées qui assument que l'Événement de Succession concerné a eu lieu ou qui fournit ces informations à ses actionnaires, ses créanciers ou à toutes autres personnes devant approuver l'Événement de Succession, ces informations financières pro forma non consolidées et, si elles sont fournies après le dépôt d'informations financières pro forma non consolidées mais avant que l'Agent de Calcul ne détermine le ou les Successeurs concernés, toutes autres informations appropriées contenues dans toute communication écrite fournie par l'Entité de Référence à son régulateur boursier principal, à sa bourse principale, à ses actionnaires, à ses créanciers ou à toutes autres personnes devant approuver l'Événement de Succession; ou
- (b) dans le cas d'une Entité de référence qui ne dépose pas les informations visées au (a) ci-dessus auprès de son principal régulateur boursier ou de sa bourse principale, et ne fournit pas ces informations à ses actionnaires, à ses créanciers ou à d'autres personnes devant approuver l'Événement de Succession, la meilleure information publique à la disposition de l'Agent de Calcul lui permettant de réaliser une détermination du ou des Successeurs concernés.

L'information qui est rendue disponible plus de quatorze jours calendaires après la date à laquelle l'Événement de Succession prend juridiquement effet ne constituera pas la Meilleure Information Disponible.

**Titre de Créance** désigne toute obligation d'un type relevant de la Catégorie d'Obligation Dette Financière, qui revêt la forme de, ou est représentée par, un titre obligataire, titre (autre que des titres livrés en vertu de Crédits), titre de créance représenté par un certificat ou tout autre titre de créance, à l'exclusion de tout autre type de Dette Financière.

**Titre de Créance ou Crédit** désigne toute obligation qui est soit un Titre de Créance soit un Crédit.

**Dette Financière** désigne toute obligation de paiement (à l'exclusion de toute obligation découlant d'un contrat de crédit revolving pour lequel il n'existe aucun encours de tirages impayés en principal) ou de remboursement d'argent emprunté (ce terme incluant, sans limitation, des dépôts et obligations de remboursement résultant de tirages effectués en vertu de lettres de crédit).

**Jour Ouvré** désigne, les jours spécifiés dans les Conditions Définitives concernées [et seulement pour les besoins d'un règlement physique, s'il y a lieu, un jour dans toute autre juridiction où une banque doit être ouverte afin d'effectuer le règlement des Obligations Livrables devant être Livrées]\*\*.

**Agent de Calcul** désigne Société Générale. Les calculs et déterminations de l'Agent de Calcul seront définitifs et irrévocables pour l'Émetteur et les Titulaires de Titres, sauf erreur manifeste.

**Montant de Remboursement en Espèces** désigne:

- (a) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement Physique:*

Pour chaque Titre pour lequel un règlement physique est partiellement ou totalement Illégal ou Impossible, un montant égal à la somme de chaque Montant de Remboursement en Espèces par Obligation Non Livrable.

(b) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement en Espèces:*

- (i) S'agissant des Titres sur Entité Unique et des Titres sur Premier Défaut, un montant égal au produit de la Valeur Finale par le Montant Nominal de chaque Titre; ou
- (ii) S'agissant des Titres sur Panier et des Titres sur Tranche, un montant égal pour chacun des Titres à la Proportion Appropriée de la différence entre le Montant Nominal Total et le Montant de Perte Totale à la Date d'Echéance.

S'agissant des Titres qui ne sont ni des Titres sur Entité Unique, ni des Titres sur Premier Défaut, ni des Titres sur Panier, ni des Titres sur Tranche, le Montant du Remboursement en Espèces sera indiqué dans les Conditions Définitives concernées.

**Montant de Remboursement en Espèces par Obligation Non Livrable** désigne, pour un Titre et une Obligation Non Livrable, le produit de (i) l'encours en principal de cette Obligation Non Livrable par (ii) le prix final de cette Obligation Non Livrable déterminé conformément à la Méthode des Intervenants de Marché (sans préjudice de ce qui suit), divisé par le nombre de Titres pour lesquels il existe cette Obligation Non Livrable.

Pour éviter toute ambiguïté, dans le cas où Illégal ou Impossible désigne l'incapacité à acheter les Obligations Livrables Spécifiées malgré les efforts raisonnables de l'Emetteur, le prix final de l'Obligation Non Livrable sera déterminé selon la Méthode des Enchères. Si des Modalités de Règlement aux Enchères de Transaction ne sont pas publiées à ou avant la Date d'Evaluation du Crédit, ce prix final sera réputé être égal à zéro.

**Date de Remboursement en Espèces** désigne:

(a) *Si Règlement Américain est spécifié dans les Conditions Définitives concernées:*

La date tombant quatre Jours Ouvrés après la Date de Réception de la Notification d'Evaluation Finale, ou s'agissant des Titres sur Panier et des Titres sur Tranche, après la **dernière** Date de Réception de la Notification d'Evaluation Finale.

(b) *Si Règlement Européen est spécifié dans les Conditions Définitives concernées:*

La date la plus tardive entre (a) la Date d'Echéance Prévue et (b) la date tombant quatre Jours Ouvrés après la Date de Réception de la Notification d'Evaluation Finale, ou dans le cas de Titres sur Panier et de Titres sur Tranche, après la dernière Date de Réception de la Notification d'Evaluation Finale.

**Obligation Transférable sous Condition(s)** désigne:

(a) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement Physique:*

Une Obligation Livrable qui est soit Transférable, dans le cas des Titres de Créance, soit capable d'être cédée ou transférée par voie de novation à tous les Cessionnaires Éligibles Modifiés sans qu'il faille obtenir l'accord de quiconque, dans le cas de toute Obligation Livrable autre que des Titres de Créance, étant cependant entendu qu'une Obligation Livrable autre que des Titres de Créance sera une Obligation Transférable sous Condition(s), nonobstant le fait que le consentement de l'Entité de Référence ou du garant (éventuel) d'une Obligation Livrable autre que des Titres de Créance (ou le consentement du débiteur concerné, si une Entité de Référence garantit cette Obligation Livrable), ou de tout agent soit nécessaire pour cette novation, cette transmission ou ce transfert, à condition que les modalités de cette Obligation Livrable stipulent que ce consentement ne doit pas être refusé ni retardé sans motif légitime. Toute clause exigeant qu'une notification de novation, de transmission ou de transfert d'une Obligation Livrable soit fournie à un trustee, agent fiscal, agent administratif, agent de

compensation ou agent payeur pour une Obligation Livrable ne sera pas considérée comme une clause exigeant leur consentement, pour les besoins de la présente définition de l'Obligation Transférable sous Condition(s).

Si Date Limite d'Echéance en cas de Restructuration Modifiée est applicable, et si une Obligation Livrable est une Obligation Transférable sous Condition(s) pour laquelle un consentement est nécessaire pour opérer une novation, une transmission ou un transfert, et si le consentement requis est refusé (que ce refus soit ou non motivé, et, s'il est motivé, quel que soit le motif de refus invoqué), ou si ce consentement n'est pas reçu avant la Date de Règlement Physique (auquel cas il sera considéré comme ayant été refusé), les dispositions relatives au règlement en espèces décrites dans la Partie 1 de cette Annexe Technique Événement de Crédit s'appliqueront.

La question de savoir si une Obligation Livrable satisfait aux exigences de la définition de l'Obligation Transférable sous Condition(s) sera déterminée à la Date de Règlement Physique de l'Obligation Livrable, en tenant uniquement compte des modalités de l'Obligation Livrable et de tous documents de transfert ou de consentement y afférents qui ont été obtenus par l'Agent de Calcul.

- (b) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est le Règlement en Espèces:*

Une Obligation Sélectionnée qui est soit Transférable, dans le cas des Titres de Créance, soit capable d'être cédée ou transférée par voie de novation à chacun des Cessionnaires Éligibles Modifiés sans qu'il faille obtenir l'accord de quiconque, dans le cas de toute Obligation Sélectionnée autre que des Titres de Créance, étant cependant entendu qu'une Obligation Sélectionnée autre que des Titres de Créance sera une Obligation Transférable sous Condition(s), nonobstant le fait que le consentement de l'Entité de Référence ou du garant (éventuel) d'une Obligation Sélectionnée autre que des Titres de Créance (ou le consentement du débiteur concerné, si une Entité de Référence garantit cette Obligation Sélectionnée), ou de tout agent soit nécessaire pour cette novation, cette transmission ou ce transfert, à condition que les termes de cette Obligation Sélectionnée stipulent que ce consentement ne doit pas être refusé ni retardé sans motif légitime. Toute clause exigeant qu'une notification de novation, de transmission ou de transfert d'une Obligation Sélectionnée soit fournie à un *trustee*, agent fiscal, agent administratif, agent de compensation ou agent payeur pour une Obligation Sélectionnée ne sera pas considérée comme une clause exigeant leur consentement, pour les besoins de cette définition de l'Obligation Transférable sous Condition(s).

La question de savoir si une Obligation Sélectionnée satisfait aux exigences de la définition de l'Obligation Transférable sous Condition(s) sera déterminée à la date à laquelle l'Agent de Calcul déterminera la Valeur Finale pour l'Obligation Sélectionnée, en tenant uniquement compte des modalités de l'Obligation Sélectionnée et de tous documents de transfert ou de consentement y afférents qui ont été obtenus par l'Agent de Calcul.

**Crédit Transférable sur Accord** désigne un Crédit pouvant être cédé ou faire l'objet d'une novation avec le consentement de l'Entité de Référence ou du garant (éventuel) de ce Crédit (ou avec le consentement de l'emprunteur concerné, si une Entité de Référence garantit ce Crédit) ou de tout agent. Sauf stipulation contraire des Conditions Définitives concernées, si l'option Crédit Transférable sur Accord est indiquée comme Applicable sous la rubrique Caractéristiques d'Obligation [Livrable]\*\*[Sélectionnée]\* des Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* avait été sélectionnée comme une Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* uniquement au titre de Crédit et ne s'appliquera que si les Crédits sont couverts par la Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* spécifiée.

**Obligation Convertible** désigne toute obligation qui est convertible, en totalité ou en partie, en Titres de Capital uniquement, au choix des titulaires de cette obligation ou d'un *trustee* ou agent similaire agissant pour le seul compte des titulaires de cette obligation (ou l'équivalent en espèces, que l'option de règlement en espèces soit celle de l'émetteur ou celle des titulaires de cette obligation (ou celle exercée au profit de ceux-ci).

**Credit Derivatives Determinations Committee** (Comité de Déterminations des Dérivés de Crédit) (**DC**) désigne le comité créé par l'ISDA dans le but d'adopter certaines DC Resolutions (comme défini dans les Règles) (y compris, sans caractère limitatif, la détermination de la survenance d'un Événement de Crédit et l'établissement des Modalités du Règlement aux Enchères de la Transaction) en relation avec des Transactions sur Dérivés de Crédit (*Credit Derivatives Transactions*), tel que plus amplement décrit dans les Règles.

**Événement de Crédit** désigne, pour une Entité de Référence, la survenance, telle que déterminée par l'Agent de Calcul, d'un ou plusieurs des événements suivants, intervenant pendant la période comprise entre la Première Date de Survenance d'un Événement de Crédit (incluse) et la Dernière Date de Survenance d'un Événement de Crédit (incluse): Faillite, Défaut de Paiement, Déchéance du Terme, Défaut de l'Obligation, Contestation/Moratoire ou Restructuration, comme spécifié dans les Conditions Définitives concernées.

Si un événement devait constituer autrement un Événement de Crédit, cet événement constituera un Événement de Crédit, nonobstant le fait qu'il ait ou non pour cause directe ou indirecte l'un quelconque des éléments suivants, ou qu'il soit ou non possible d'invoquer l'une des exceptions ou l'un des moyens de défense suivant:

- (a) tout défaut ou défaut présumé de pouvoir ou de capacité d'une Entité de Référence pour contracter toute Obligation ou, le cas échéant, tout manque ou manque présumé de pouvoir ou de capacité d'un Débiteur Sous-Jacent à l'effet de contracter toute Obligation Sous-Jacente;
- (b) l'absence de caractère exécutoire, l'illégalité, l'inexigibilité ou l'invalidité, réelle ou présumée, de toute Obligation ou, le cas échéant, de toute Obligation Sous-Jacente, quelle que soit sa description;
- (c) toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté applicable, quelle que soit sa description, la promulgation de toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté, ou tout revirement de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou ayant compétence apparente, quelle que soit sa description; ou
- (d) l'imposition par toute autorité monétaire ou autre, de tout contrôle des changes, de toutes restrictions à la libre circulation des capitaux ou de toutes autres restrictions similaires, ou tout changement de ces contrôles ou restrictions, quelle que soit leur description.

Il n'est pas nécessaire, pour qu'il soit constaté, qu'un Événement de Crédit se poursuive à la Date de Détermination de l'Événement de Crédit.

**Date de Détermination de l'Événement de Crédit** désigne, concernant un Événement de Crédit pour lequel une Notification d'Événement de Crédit a été signifiée, la première des deux dates suivantes : (a) la Date de Demande de Résolution relative à l'Événement de Crédit et (b) le jour où la Notification d'Événement de Crédit et, le cas échéant, la Notification d'Information Publiquement Disponible, sont toutes deux signifiées au Système de Compensation Concerné et/ou aux Titulaires de Titres.

**Notification d'Événement de Crédit** désigne une notification irrévocable qui est effective pendant la Période de Signification de Notification, signifiée par ou pour le compte de l'Émetteur, décrivant un Événement de Crédit qui s'est produit à ou avant la Dernière Date de Survenance d'un Événement de Crédit. Une Notification d'Événement de Crédit doit contenir une description suffisamment détaillée des faits ayant conduit à déterminer la survenance d'un Événement de Crédit. Il n'est pas nécessaire, pour qu'il soit constaté, qu'un Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit se poursuive à la Date de Détermination de l'Événement de Crédit. Si les Conditions Définitives concernées stipulent que la Notification d'Information Publiquement Disponible est Applicable, et si une Notification d'Événement de Crédit contient l'Information Publiquement Disponible, cette Notification d'Événement de Crédit sera aussi considérée comme étant une Notification d'Information Publiquement Disponible.

**Date de Demande de Résolution relative à un Événement de Crédit** désigne, en relation avec une notification à l'ISDA, signifiée conformément aux Règles et requérant la réunion du *Credit Derivatives Determinations Committee* en vue de Déterminer (comme défini dans les Règles):

- (a) si un événement constituant un Événement de Crédit s'est produit pour les Entités de Référence ou les Obligations concernées; et
- (b) si le *Credit Derivatives Determinations Committee* concerné Détermine qu'un tel événement s'est produit, la date de survenance de cet événement,

la date, annoncée publiquement par l'ISDA, que le *Credit Derivatives Determinations Committee* concerné Détermine comme étant la première date à laquelle une telle notification est effective et à laquelle le *Credit Derivatives Determinations Committee* concerné était en possession, conformément aux Règles, de l'Information Publiquement Disponible en relation avec les *DC Resolutions* (tel que défini dans les Règles).

**Date d'Evaluation de l'Événement de Crédit** désigne:

- (a) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement en Espèces et que la Valeur Finale spécifiée est Valeur de Recouvrement Fixe:*

La date à laquelle la Notification d'Événement de Crédit est signifiée au Système de Compensation Concerné pour l'information des Titulaires de Titres.

- (b) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement Physique:*

La date se situant deux Jours Ouvrés après la Dernière Date de Règlement Physique Admissible, sous réserve, selon le cas, des dispositions de la clause 2.3 de la Section I de la Partie 1 de la présente Annexe Technique Événement de Crédit. ETANT ENTENDU QUE si l'Agent de Calcul n'est pas en mesure de déterminer la le prix final de l'Obligation Non Livrable à la Date d'Evaluation de l'Événement de Crédit (la **Date Initiale d'Evaluation de l'Événement de Crédit**), la Date d'Evaluation de l'Événement de Crédit sera la date ultérieure, tombant dans les quinze (15) Jours Ouvrés suivant la Date Initiale d'Evaluation de l'Événement de Crédit, à laquelle l'Agent de Calcul est en mesure de déterminer ce prix final.

- (c) *Si, dans les Conditions Définitives concernées, la Méthode de Règlement spécifiée est Règlement en Espèces et que la Valeur Finale spécifiée est Valeur de Recouvrement Variable:*

- (i) si la Valeur Finale est déterminée selon la Méthode des Enchères, la date des enchères ou toute autre date spécifiée dans les Modalités de Règlement aux Enchères de la Transaction; ou
- (ii) si des Modalités de Règlement aux Enchères de la Transaction ne sont pas publiées avant 140 Jours Ouvrés après la Date de Détermination de l'Événement de Crédit, ou si la Valeur Finale doit être déterminée conformément à la Méthode des Intervenants de Marché, l'Agent de Calcul choisira à sa discrétion une date se situant au plus tard le 160<sup>ème</sup> Jour Ouvré après la Date de Détermination de l'Événement de Crédit (la **Date Initiale d'Evaluation de l'Événement de Crédit**).

ETANT ENTENDU QUE si l'Agent de Calcul n'est pas en mesure de déterminer la Valeur Finale au plus tard à la Date Initiale d'Evaluation de l'Événement de Crédit, la Date d'Evaluation de l'Événement de Crédit sera la date ultérieure, tombant dans les quinze Jours Ouvrés suivant la Date Initiale d'Evaluation de l'Événement de Crédit, à laquelle l'Agent de Calcul est en mesure de déterminer la Valeur Finale.

ETANT EN OUTRE ENTENDU QUE, la Valeur Finale ne sera en aucun cas déterminée après le 180<sup>ème</sup> Jour Ouvré suivant la Date de Détermination de l'Évènement de Crédit correspondant.

**Montant Journalier de Calcul des Intérêts** désigne, quelque soit le jour au cour d'une Période d'Intérêts:

- (a) *Si les Titres sont des Titres sur Panier (qui ne sont pas des Titres sur Tranche) la Valeur de Recouvrement des Intérêts sera Valeur de Recouvrement Fixe des Intérêts sauf stipulation contraire dans les Conditions Définitives concernées :*

La somme (a) du produit (i) des Taux de Valeur de Recouvrement des Intérêts et (ii) de la somme des Montants Notionnels de l'Entité de Référence de chacune des Entités de Référence pour lesquelles une Date de Détermination d'un Evènement de Crédit est survenue à cette date ou avant cette date et (b) la somme des Montants Notionnels de l'Entité de Référence de chacune des Entités de Référence pour lesquelles aucune Date de Détermination d'un Evènement de Crédit n'est survenue à ou avant ce jour.

- (b) *Si les Titres sont des Titres sur Panier (qui ne sont pas des Titres sur Tranche) et si la Valeur de Recouvrement des Intérêts spécifié dans les Conditions Définitives concernées est Valeur de Recouvrement Variable des Intérêts ou si les Titres sont des Titres sur Tranche et Défaut-de-N-à-M est spécifié Non Applicable dans les Conditions Définitives concernées (sauf si Valeur de Recouvrement Fixe des Intérêts est spécifiée dans les Conditions Définitives concernées) ou si Défaut-de-N-à-M est spécifié Applicable et Valeur de Recouvrement Variable des Intérêts est spécifiée dans les Conditions Définitives concernées :*

Un montant égal au Montant Nominal Total moins le Montant de Perte Totale, étant entendu que tout Montant de Perte qui n'a pas été déterminé à ou avant cette date sera considéré comme égal au Montant Notionnel de l'Entité de Référence. La différence entre l'intérêt qui aurait été payable si le Montant de Perte avait été déterminé à cette date et les Intérêts payés en fait sera payable suite à la détermination de ce Montant de Perte et payé soit à la première Date de Paiement des Intérêts tombant après le quatrième Jour Ouvré suivant la Date d'Evaluation de l'Evènement de Crédit, ou, si cette détermination intervient après la dernière Date de Paiement des Intérêts, le quatrième jour suivant la Date de l'Evaluation de l'Evènement de Crédit.

- (c) *Si les Titres sont des Titres sur Tranche et si Valeur de Recouvrement Fixe des Intérêts est spécifiée dans les Conditions Définitives concernées ou si les Titres sont des Titres sur Tranche et que Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées :*

Un montant égal au Montant Nominal Total moins un montant égal au Montant de Perte Totale qui aurait été calculé avec une Valeur Finale égale au Taux de Valeur de Recouvrement des Intérêts pour toutes les Entités de Référence pour lesquelles une Date de Détermination d'un Evènement de Crédit est survenue.

**Communiqué DC d'Absence d'Évènement de Crédit** désigne s'agissant d'une Entité de Référence, un communiqué public de l'ISDA annonçant que le *Credit Derivatives Determinations Committee* concerné a Déterminé, après une Date de Demande de Résolution relative à un Evènement de Crédit, que l'évènement qui est l'objet de la notification à l'ISDA à l'origine de cette Date de Demande de Résolution relative à un Evènement de Crédit ne constitue pas un Evènement de Crédit en ce qui concerne cette Entité de Référence (ou une Obligation de celle-ci).

**Seuil de Défaut** désigne, sauf stipulation contraire dans les Conditions Définitives concernées, 10.000.000 USD ou son équivalent dans la Devise de l'Obligation, à la date de survenance de l'Évènement de Crédit concerné.

**Livrer** signifie livrer, faire une novation, transférer (y compris dans le cas d'une Garantie Eligible, le transfert du bénéfice de cette Garantie Eligible), céder ou vendre, selon le cas, de la manière usuelle pour le règlement des Obligations Livrables Spécifiées applicables (y compris la signature de tous les documents nécessaires et la

prise de toutes autres mesures nécessaires), afin de transférer tout droit, titre et intérêt sur les Obligations Livrables Spécifiées au Titulaire de Titres concerné ou aux Titulaires de Titres, libres de tous privilèges, charges, revendications ou sûretés (y compris, sans caractère limitatif, toute demande reconventionnelle, toute exception ou toute autre objection, (autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs visés aux sous paragraphes (b)(i) à (iv) de la définition de l'Obligation Livrable ci-dessous), ou de droit de compensation de l'Entité de Référence ou, le cas échéant, d'un Débiteur Sous-Jacent); étant entendu que dans la mesure où les Obligations Livrables consistent en des Garanties Eligibles, Livrer signifie Livrer la Garantie Eligible et l'Obligation Sous-Jacente. **Livraison** et **Livré** seront interprétés en conséquence. Dans le cas d'un Crédit, la Livraison sera effectuée utilisant une documentation revêtant en substance la forme de la documentation habituellement utilisée sur le marché approprié pour la Livraison de ce Crédit à ce moment.

**Obligation Livrable** désigne, sous réserve des dispositions contenues dans la définition de la Date Limite d'Echéance en cas de Restructuration et Obligation Totalelement Transférable, ou (des dispositions contenues dans la définition de la Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)), si les Conditions Définitives concernées stipulent qu'elles sont Applicables, chacune de:

- (a) l'(les) Obligation(s) de Référence (le cas échéant);
- (b) toute obligation d'une Entité de Référence (soit directement ou comme fournisseur de la Garantie Affiliée Eligible ou, si Toutes Garanties est spécifié Applicable dans les Conditions Définitives concernées, comme fournisseur de toute Garantie Eligible) décrite par la Catégorie d'Obligation Livrable spécifiée dans les Conditions Définitives concernées et présentant chacune des Caractéristiques d'Obligation Livrable stipulées (le cas échéant) dans les Conditions Définitives concernées, qui (i) est payable pour un montant égal à son solde en principal à payer (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, (ii) dans le cas d'une Garantie Eligible autre qu'une Garantie Affiliée Eligible, peut, à la Date de Règlement Physique, être exécutée immédiatement par ou pour le compte du ou des titulaires à l'encontre de l'Entité de Référence, pour un montant au moins égal au solde en principal à payer (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, et qui est Livrée indépendamment de l'envoi de toute notification de non-paiement ou de toute exigence procédurale similaire, étant entendu que la déchéance du terme d'une Obligation Sous-Jacente ne sera pas considérée comme une exigence procédurale, et (iii) ne fait l'objet d'aucun droit de compensation de la part d'une Entité de Référence ou de tout Débiteur Sous-Jacent, ni d'aucune demande reconventionnelle, exception ou autre objection, autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs suivants:
  - (i) tout manque ou manque présumé de pouvoir ou de capacité d'une Entité de Référence pour contracter toutes Obligations Livrables;
  - (ii) l'absence de caractère exécutoire, l'illégalité, l'inexigibilité ou l'invalidité, réelle ou présumée, de toute Obligation Livrable, quelle que soit sa description;
  - (iii) toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté applicable, quelle que soit sa description, la promulgation de toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté, ou tout revirement de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou ayant compétence apparente, quelle que soit sa description; ou
  - (iv) l'imposition par toute autorité monétaire ou autre, de tout contrôle des changes, de toutes restrictions à la libre circulation des capitaux ou de toutes autres restrictions similaires, ou tout changement de ces contrôles ou restrictions, quelle que soit leur description.
- (c) uniquement en relation avec une Restructuration applicable à une Entité de Référence Souveraine, toute Obligation Livrable Souveraine Restructurée qui (i) est payable pour un montant égal à son solde en principal à payer (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, (ii) ne

fait l'objet d'aucune demande reconventionnelle, exception ou autre objection, (autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs visés au sous paragraphe (b)(i) à (iv) ci-dessus), ni d'aucun droit de compensation de l'Entité de Référence ou, le cas échéant, d'un Débiteur Sous-Jacent), et (iii) dans le cas d'une Garantie Eligible autre qu'une Garantie Affiliée Eligible, peut, à la Date de Règlement Physique, être exécutée immédiatement par ou pour le compte du ou des titulaires à l'encontre de l'Entité de Référence, pour un montant au moins égal au solde en principal à payer (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, et qui est Livrée indépendamment de l'envoi de toute notification de non-paiement ou de toute exigence procédurale similaire, étant entendu que la déchéance du terme d'une Obligation Sous-Jacente ne sera pas considérée comme une exigence procédurale;

- (d) toute autre obligation d'une Entité de Référence spécifiée comme telle dans les Conditions Définitives applicables.

- (i) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en euros:*

Si une Obligation Livable Spécifiée est libellée dans une devise autre que l'euro, l'Agent de Calcul déterminera l'équivalent en euro de ce montant par référence au prix moyen affiché sur la Page Reuters ECB37 à 12:00, heure de Londres, à la date à laquelle la Notification de Règlement Physique est effective (ou, si la Notification de Règlement Physique est modifiée à la Date de Règlement Physique ou avant cette date, la date à laquelle la notification de la dernière de ces modifications est effective) ou, si les définitions de règlement en espèces s'appliquent, à la Date d'Evaluation de l'Événement de Crédit, ou de toute autre manière commercialement raisonnable que l'Agent de Calcul déterminera à son entière discrétion.

- (ii) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en Dollars Américains:*

Si une Obligation Livable Spécifiée est libellée dans une devise autre que le Dollar Américain, l'Agent de Calcul déterminera l'équivalent en Dollars Américains de ce montant par référence au taux moyen de la Banque de la Réserve Fédérale de New York à 10:00 du matin, tel qu'affiché sur la Page Reuters FEDSPOT à la date à laquelle la Notification de Règlement Physique est effective (ou, si la Notification de Règlement Physique est modifiée à la Date de Règlement Physique ou avant cette date, la date à laquelle la notification de la dernière de ces modifications est effective) ou, si les définitions de règlement en espèces s'appliquent, à la Date d'Evaluation de l'Événement de Crédit, ou de toute autre manière commercialement raisonnable que l'Agent de Calcul déterminera à discrétion.

- (iii) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en Dollars de Hong Kong:*

Si une Obligation Spécifiée Livable est libellée dans une devise autre que le Dollar de Hong Kong, l'Agent de Calcul déterminera l'équivalent en Dollars de Hong Kong de ce montant par référence au taux moyen de la Banque de Réserve Fédérale de New York à 10:00 du matin, tel qu'affiché sur la Page Reuters FEDSPOT à la date à laquelle la Notification de Règlement Physique est effective (ou, si la Notification de Règlement Physique est modifiée à la Date de Règlement Physique ou avant cette date, la date à laquelle la notification de la dernière de ces modifications est effective) ou, si les définitions de règlement en espèces s'appliquent, à la Date d'Evaluation de l'Événement de Crédit, ou d'une autre manière commercialement raisonnable que l'Agent de Calcul déterminera à son entière discrétion.

**Catégorie d'Obligation Livable** désigne l'une des catégories suivantes: Paiement, Dette Financière, Obligations de Référence Uniquement, Titre de Créance, Crédit, ou Titre de Créance ou Crédit, comme précisé

dans les Conditions Définitives concernées. Si les Conditions Définitives concernées stipulent Obligations de Référence Uniquement, aucune Caractéristique d'Obligation Livrable ne sera applicable.

**Caractéristiques d'Obligation Livrable** désigne l'une des caractéristiques suivantes: Non Subordonné(e), Devise de Référence, Devise Locale Exclue, Prêteur Non Souverain, Droit Non Domestique, Cotée, Non Conditionnelle, Emission Non Domestique, Crédit Transférable, Crédit Transférable sur Accord, Transférable, Échéance Maximum, et Non au Porteur, comme précisé dans les Conditions Définitives concernées. Si l'une des catégories suivantes: Paiement, Dette Financière, Titre de Créance ou Crédit est précisée comme une Catégorie d'Obligation Livrable et si plusieurs caractéristiques autres que Crédit Transférable et Crédit Transférable sur Accord sont spécifiées comme Caractéristiques d'Obligation Livrable, l'Obligation Livrable pourra inclure tout Crédit qui satisfait à l'une quelconque des Caractéristiques d'Obligation Livrable précisées et n'aura pas besoin de satisfaire toutes ces Caractéristiques d'Obligations Livrables.

**Devise Locale** désigne une devise précisée comme telle dans les Conditions Définitives concernées et toute devise qui viendrait la remplacer. Si aucune devise n'est précisée, la Devise Locale sera la devise légale et toute devise qui la remplacerait de (a) l'Entité de Référence correspondante, si l'Entité de Référence est un Souverain, ou (b) la juridiction dans laquelle l'Entité de Référence est immatriculée, si l'Entité de Référence n'est pas un Souverain. La Devise Locale n'inclura en aucun cas une devise de remplacement, si cette devise de remplacement est la devise légale de l'un des pays suivants: Canada, Japon, Suisse, Royaume-Uni, États-Unis d'Amérique et l'euro (ou toute devise remplaçante de chacune des devises).

**Société Liée en Aval** désigne une entité dont l'Entité de Référence détenait directement ou indirectement plus de 50 pour cent des Actions à Droit de Vote en circulation à la date d'émission de la Garantie Eligible.

**Montant Dû et Payable** désigne le montant qui est dû et payable en vertu d'une Obligation Livrable (et conformément à ses termes) à la [Date de Règlement Physique]\*\*[Date d'Évaluation de l'Événement de Crédit]\* que ce soit pour cause de déchéance du terme, échéance, résiliation ou autrement (à l'exclusion des sommes représentant des intérêts de retard, indemnités, majorations pour impôts (« brutage ») et autres montants similaires). Lorsqu'elle est employée à propos des Garanties Eligibles, l'expression Montant Dû et Payable doit être interprétée comme étant le Montant Dû et Payable à cette date de l'Obligation Sous-Jacente qui est cautionnée par une Garantie Eligible.

**Cessionnaire Eligible** désigne chacune des entités suivantes:

- (a) (i) toute banque ou autre institution financière; (ii) une compagnie d'assurance ou de réassurance; (iii) un fonds commun de placement, *unit trust* ou autre organisme de placement collectif (autre qu'une entité visée au paragraphe (c)(i) ci-dessous); et (iv) un courtier ou négociateur enregistré ou agréé (autre qu'une personne physique ou entreprise individuelle); sous réserve cependant que le total de l'actif de chacune des entités précitées s'élève au moins à 500.000.000 USD;
- (b) une Société Liée d'une entité visée au paragraphe (a) ci-dessus;
- (c) chacune des entités suivantes: société de capitaux, société de personnes, entreprise individuelle, organisme, *trust* ou autre entité: (i) qui est un véhicule d'investissement (incluant, sans limitation, tout fonds alternatif, tout émetteur de titres de dette collatéralisés ou de billets de trésorerie ou autre véhicule à but spécial) (1) dont l'actif total s'élève au moins à 100.000.000 USD ou (2) qui fait partie d'un groupe de véhicules d'investissement sous contrôle commun ou direction commune, dont l'actif total s'élève au moins à 100.000.000 USD; (ii) dont l'actif total s'élève au moins à 500.000.000 USD; ou (iii) dont les obligations découlant d'un accord, contrat ou transaction sont garanties ou autrement cautionnées par une lettre de crédit, un accord de soutien ou tout autre accord consenti par une entité décrite aux paragraphes (a), (b), (c) (ii) ou (iv) de cette définition; et
- (d) un Souverain, une Agence Souveraine ou une Organisation Supranationale.

Toutes les références faites à l'USD dans la présente définition du Cessionnaire Éligible incluent des montants équivalents libellés dans d'autres devises.

**Obligation Habilitante** désigne une Obligation [Livrable]\*\*[Sélectionnée]\* impayée qui (a) est une Obligation Totalement Transférable ou une Obligation Transférable sous Condition, selon la cas, et (b) a une date d'échéance définitive fixée à ou avant la Date d'Echéance Prévues et après la Date Limite juste avant la Date d'Echéance Prévues (ou, dans les cas où la Date d'Echéance Prévues intervient avant la Date Limite de 2,5 ans, suivant la date d'échéance finale du Titre de Créance ou du Crédit Restructuré de Dernière Echéance, le cas échéant).

**Titres de Capital** désigne (i) dans le cas d'une Obligation Convertible, des titres de capital (y compris des options et bons d'option (*warrants*)) de l'émetteur de cette obligation ou des certificats de dépôt représentant ces titres de capital de l'émetteur de cette obligation, ainsi que tous autres biens distribués aux titulaires de ces titres de capital ou mis à leur disposition de temps à autre, et (ii) dans le cas d'une Obligation Échangeable, des titres de capital (y compris des options et bons d'option (*warrants*)) d'une personne autre que l'émetteur de cette obligation ou des certificats de dépôt représentant des titres de capital d'une personne autre que l'émetteur de cette obligation, ainsi que tous autres biens distribués aux titulaires de ces titres de capital ou mis à leur disposition de temps à autre.

**Obligation Échangeable** désigne toute obligation qui est échangeable, en totalité ou en partie, contre des Titres de Capital, à la seule option des titulaires de cette obligation, ou d'un *trustee* ou agent similaire agissant pour le seul compte des titulaires de cette obligation (ou de l'équivalent en espèces, si l'option de règlement en espèces est conférée à l'émetteur ou aux titulaires de cette obligation (ou peut être exercée pour leur compte)). Pour toute Obligation Échangeable qui n'est pas une Obligation Accumulée, le solde en principal à payer exclut tout montant qui peut être payable en vertu des modalités de cette obligation au titre de la valeur des Titres de Capital contre lesquels cette obligation est échangeable.

**Date de Fin d'Exercice** désigne, s'agissant d'un Évènement de Crédit:

- (a) si cet Évènement de Crédit n'est pas une Restructuration (ou cet Évènement de Crédit est une Restructuration mais ni "Date Limite d'Echéance en cas de Restructuration et Obligation Totalement Transférable" ni "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)" n'est spécifié comme applicable dans les Conditions Définitives concernées), soit:
  - (i) le Jour Ouvré de la Ville Concernée (*Relevant City Business Day* comme défini dans les Règles) avant la Date de Détermination du Prix Final aux Enchères (comme spécifié dans les Modalités de Règlement aux Enchères de Transaction concernées), le cas échéant;
  - (ii) le Jour Ouvré de la Ville Concernée avant la Date d'Annulation des Enchères (comme spécifié dans les Modalités de Règlement aux Enchères de la Transaction concernées), le cas échéant; ou
  - (iii) la date tombant 21 jours après la Date d'Annonce d'Absence d'Enchères, le cas échéant; ou
- (b) si cet Évènement de Crédit est une Restructuration et soit "Date Limite d'Echéance en cas de Restructuration et Obligation Totalement Transférable" ou "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)" est spécifié comme applicable dans les Conditions Définitives concernées), et:
  - (i) le Comité de Détermination des Dérivés de Crédit concerné a Déterminé que des Modalités de Règlement aux Enchères de la Transaction et/ou des Modalités de Règlement aux Enchères Parallèles peuvent être publiées, la date qui tombe cinq Jours Ouvrés de la Ville Concernée suivant la date à laquelle l'ISDA publie la Liste Finale (*Final List* comme défini dans les Règles)

applicable à ces Modalités de Règlement aux Enchères de la Transaction conformément aux Règles; ou

- (ii) une Date d'Annonce d'Absence d'Enchères intervient, la date tombant 21 jours après cette Date d'Annonce d'Absence d'Enchères.

**Date d'Extension** désigne le quatrième Jour Ouvré suivant la Dernière Date de Survenance d'un Evènement de Crédit, ou, dans le cas de la signification d'une Notification d'Evènement de Crédit en Suspens, la date survenant 110 Jours Ouvrés suivant la Date de Demande de Résolution relative à un Evènement de Crédit.

**Défaut de Paiement** désigne, après l'expiration de la Période de Grâce applicable (après satisfaction de toutes conditions suspensives préalables au commencement de la Période de Grâce), le défaut de paiement à l'échéance par une Entité de Référence d'un montant total au moins égal au Seuil de Défaut de Paiement au titre d'une ou plusieurs Obligations, conformément aux modalités de ces Obligations en vigueur à la date de ce défaut de paiement.

**Prix Final** désigne, à propos d'une Obligation [Sélectionnée]\*[Non Livrable]\*\*, une cotation (exprimée en pourcentage) de cette Obligation [Sélectionnée]\*[Non Livrable]\*\*, obtenue des Intervenants de Marché de la manière stipulée ci-dessous. L'Agent de Calcul déterminera, en se basant sur la pratique du marché en vigueur à cette date, si ces cotations incluront ou excluront des intérêts courus mais impayés, et toutes les cotations seront obtenues selon cette détermination. L'Agent de Calcul exigera de chaque Intervenant de Marché qu'il fournisse des cotations dans la mesure raisonnablement possible à environ 11.00 heures du matin (heure de Londres), ou 11.00 heures du matin (heure de New York), selon le cas.

- (a) Si l'Agent de Calcul obtient plus de trois Cotations Complètes à la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera la moyenne arithmétique de ces Cotations Complètes, sans tenir compte des Cotations Complètes présentant les valeurs les plus hautes et les valeurs les plus basses (et, si plusieurs de ces Cotations Complètes présentent la même valeur la plus haute ou valeur la plus basse, l'une de ces Cotations Complètes les plus hautes ou les plus basses ne sera pas prise en compte).
- (b) Si l'Agent de Calcul est incapable d'obtenir plus de trois Cotations Complètes, mais obtient exactement trois Cotations Complètes à la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera la Cotation Complète restant après avoir éliminé les Cotations Complètes la plus haute et la plus basse (et, si plusieurs de ces Cotations Complètes ont la même valeur, l'une de ces Cotations Complètes ne sera pas prise en compte).
- (c) Si l'Agent de Calcul est incapable d'obtenir trois Cotations Complètes, mais obtient exactement deux Cotations Complètes à la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera la moyenne arithmétique de ces Cotations Complètes.
- (d) Si l'Agent de Calcul est incapable d'obtenir deux Cotations Complètes, mais obtient une Cotation Moyenne Pondérée à la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera cette Cotation Moyenne Pondérée.
- (e) Si l'Agent de Calcul obtient moins de deux Cotations Complètes et aucune Cotation Moyenne Pondérée à la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera un montant déterminé par l'Agent de Calcul le prochain Jour Ouvré où l'Agent de Calcul obtiendra deux Cotations Complètes ou davantage, ou une Cotation Moyenne Pondérée. Si l'Agent de Calcul est incapable d'obtenir le même Jour Ouvré deux Cotations Complètes ou davantage ou une Cotation Moyenne Pondérée, au plus tard le quinzième Jour Ouvré suivant la Date d'Evaluation de l'Evènement de Crédit, le Prix Final sera réputé être égal à zéro.

**Notification d'Evaluation Finale** désigne la notification signifiée à la Date de Réception de la Notification d'Evaluation Finale, spécifiant:

- (a) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement en Espèces:*
- (i) sauf si la Valeur Finale spécifiée est Valeur de Recouvrement Fixe dans les Conditions Définitives concernées ou si la Valeur Finale spécifiée est Valeur de Recouvrement Variable et que Méthode des Enchères est spécifiée dans les Conditions Définitives concernées, les Obligations Sélectionnées (avec un solde principal à payer, à l'exclusion des intérêts courus, égal au Montant Nominal Total);
  - (ii) le Montant de Remboursement en Espèces; et
  - (iii) la Date de Remboursement en Espèces.
- (b) *Si la Méthode de Règlement spécifiée dans les Conditions Définitives concernées est un Règlement Physique et si les dispositions de la Clause 2 (Règlement en Espèces) de la Section I s'appliquent:*

Le Montant de Remboursement en Espèces par Obligation Non Livrable (le cas échéant).

**Date de Réception de la Notification d'Evaluation Finale** désigne le jour (qui sera réputé se situer au plus tard le 7<sup>ème</sup> Jour Ouvré suivant la Date d'Evaluation de l'Evènement de Crédit) où l'Agent de Calcul signifie la Notification d'Evaluation Finale pour le compte de l'Emetteur aux Systèmes de Compensation Concernés, pour l'information des Titulaires de Titres.

**Valeur Finale** désigne, pour chaque Entité de Référence pour laquelle une Date de Détermination d'un Evènement de Crédit s'est produite, soit:

- (a) *Si la Valeur Finale spécifiée dans les Conditions Définitives concernée est Valeur de Recouvrement Fixe:*
- Le pourcentage spécifié à cet effet dans les Conditions Définitives concernées; ou
- (b) *Si la Valeur Finale spécifiée dans les Conditions Définitives concernées est Valeur de Recouvrement Variable:*
- (i) Si la Méthode des Enchères est applicable aux termes des Conditions Définitives concernées et qu'en conséquence, la Valeur Finale doit être déterminée conformément à des Modalités de Règlement aux Enchères de la Transaction et si des Modalités de Règlement aux Enchères de la Transaction sont publiées dans les 140 Jours Ouvrés suivant la Date de Détermination de l'Evènement de Crédit, qui prévoient l'évaluation d'obligations d'une Entité de Référence au titre desquelles un Evènement de Crédit s'est produit, le Prix Final aux Enchères (tel que mentionné dans les Modalités de Règlement aux Enchères de la Transaction et exprimé en pourcentage) déterminé (le cas échéant) en vertu de ces Modalités de Règlement aux Enchères de la Transaction et applicable au statut de l'Obligation de Référence (subordonnée, senior ou tout autre statut applicable et tel que défini); ou
  - (ii) Si (i) la Méthode des Enchères est applicable aux termes des Conditions Définitives concernées mais que des Modalités de Règlement de la Transaction aux Enchères ne sont pas publiées dans les 140 Jours Ouvrés suivant la Date de Détermination de l'Evènement de Crédit ou si (ii) la Méthode Intervenants de Marché est spécifiée dans les Conditions Définitives concernées, le montant déterminé par l'Agent de Calcul à la Date d'Evaluation de l'Evènement de Crédit comme suit:
- (x) le Prix Final s'il n'y a qu'une seule Obligation Sélectionnée; ou

- (y) la valeur moyenne pondérée des Prix Finaux des Obligations Sélectionnées si celles-ci constituent un portefeuille,

Dans chaque cas, après déduction du Coût de Couverture de L'Evaluation pour ces Obligations Sélectionnées.

**Première Date de Survenance d'un Événement de Crédit** est la date indiquée comme telle dans les Conditions Définitives.

**Premier Rang d'Intérêt** signifie un nantissement, une sûreté (ou tout autre type d'intérêt ayant un effet similaire) (un **Intérêt LPN**), lequel est exprimé comme étant de "premier rang", "première priorité", ou similaire ("Premier Rang") dans le document créant cet Intérêt LPN (nonobstant le fait que cet Intérêt LPN pourrait ne pas être Premier Rang selon les lois sur la faillite d'une quelconque juridiction de l'Emetteur LPN).

**Titres sur Premier Défaut** désigne un Titre indexé sur deux ou plusieurs Entités de Référence et pour laquelle la Première Entité de Référence Défaillante sera traitée comme une Entité de Référence unique.

**Première Entité de Référence Défaillante** désigne la première Entité de Référence au titre de laquelle un Événement de Crédit se produit et une Notification d'Événement de Crédit et, s'il y a lieu, une Notification d'Information Publiquement Disponible, ont été envoyées conformément aux dispositions de la Partie 1 de cette Annexe Technique Événement de Crédit. Si les Conditions Définitives concernées stipulent que "Première Entité de Référence Défaillante" est Applicable, les définitions de l'Obligation ou de [l'Obligation Livrable]\*\*[l'Obligation Sélectionnée]\* seront interprétées de la même manière que si ces définitions se rapportaient uniquement à la Première Entité de Référence Défaillante.

**Cotation Complète** désigne chaque cotation d'offre ferme obtenue d'un Intervenant de Marché pour un montant égal au Montant de la Cotation. Etant entendu qu'une Cotation Complète sera fondée, en ce qui concerne toute Obligation Croissante, sur le Montant Accumulé de celle-ci.

**Obligation Totale Transférable** désigne une Obligation [Livrable]\*\*[Sélectionnée]\* qui est soit Transférable, dans le cas des Titres de Créance, soit capable d'être cédée ou transférée par novation à tous les Cessionnaires Éligibles sans qu'il faille obtenir le consentement de quiconque, dans le cas de toute Obligation [Livrable]\*\*[Sélectionnée]\* autre que des Titres de Créance. Toute clause exigeant qu'une notification de novation, de transmission ou de transfert d'une Obligation [Livrable]\*\*[Sélectionnée]\* soit fournie à un *trustee*, agent fiscal, agent administratif, agent de compensation ou agent payeur pour une Obligation [Livrable]\*\*[Sélectionnée]\* ne sera pas considérée comme une clause exigeant leur consentement, pour les besoins de la présente définition.

La question de savoir si une Obligation [Livrable]\*\*[Sélectionnée]\* satisfait aux exigences de la définition de l'Obligation Totale Transférable sera déterminée à la [Date de Règlement Physique]\*\*[Date d'Évaluation de l'Événement de Crédit]\* de l'Obligation [Livrable]\*\*[Sélectionnée]\*, en tenant uniquement compte des termes de l'Obligation [Livrable]\*\*[Sélectionnée]\* et de tous documents de transfert ou de consentement y afférents qui ont été obtenus par l'Agent de Calcul.

**Autorité Gouvernementale** désigne tout gouvernement *de facto* ou *de jure* (ou toute agence, émanation, ministère ou département de ce gouvernement), toute cour, tout tribunal, toute autorité administrative, toute autre autorité gouvernementale ou toute autre entité (privée ou publique) chargée de la régulation des marchés financiers (y compris la banque centrale) d'une Entité de Référence ou du ressort d'immatriculation d'une Entité de Référence.

**Période de Grâce** désigne:

- (a) sous réserve des dispositions des paragraphes (b) et (c), la période de grâce applicable aux paiements dus en vertu de l'Obligation concernée conformément aux termes de cette Obligation en vigueur lors de

la plus tardive des deux dates suivantes, à savoir: la date à laquelle cette Obligation est émise ou encourue;

- (b) si l'Extension de la Période de Grâce est spécifiée comme étant Applicable dans les Conditions Définitives concernées, dans le cas où un Défaut de Paiement Potentiel se serait produit au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue (déterminée par référence à l'Heure de Greenwich (ou si le Type de Transaction de l'Entité de Référence concernée est "*Corporate Japon*", "*Standard Corporate Japon*", "*Standard Souverain Japon*" ou "*Souverain Japon*" (comme spécifié dans les Conditions Définitives concernées), à l'heure de Tokyo), et où la Période de Grâce applicable ne pourrait pas, selon ses termes, expirer au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue (déterminée par référence à l'Heure de Greenwich (ou si le Type de Transaction) de l'Entité de Référence concernée est "*Corporate Japon*", "*Standard Corporate Japon*", "*Standard Souverain Japon*" ou "*Souverain Japon*" une Société Japonaise ou une Entité Souveraine Japonaise (comme spécifié dans les Conditions Définitives concernées), à l'heure de Tokyo), la Période de Grâce sera réputée être la plus courte des périodes suivantes: cette période de grâce ou une période de trente jours calendaires ou toute autre période spécifiée dans les Conditions Définitives concernées; et
- (c) si, à la date à laquelle une Obligation est émise ou encourue, aucune période de grâce n'est applicable aux paiements ou une période de grâce de moins de trois Jours Ouvrés de Période de Grâce est applicable en vertu des termes de cette Obligation, une Période de Grâce de trois Jours Ouvrés de Période de Grâce sera réputé s'appliquer à cette Obligation; étant entendu qu'à moins que les Conditions Définitives concernées ne stipulent que Extension de la Période de Grâce est Applicable, cette Période de Grâce expirera au plus tard à la Dernière Date de Survenance d'un Événement de Crédit.

**Jour Ouvré de Période de Grâce** désigne un jour où les banques commerciales et les marchés des changes sont généralement ouverts pour régler des paiements dans le ou les lieux et aux jours spécifiés à cet effet dans l'Obligation concernée, et si ce ou ces lieux ne sont pas spécifiés, dans la juridiction de la Devise de l'Obligation.

**Date d'Extension de la Période de Grâce** désigne, si (a) les Conditions Définitives concernées stipulent que l'Extension de la Période de Grâce est Applicable, et (b) un Défaut de Paiement Potentiel se produit le ou avant le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue (déterminée par référence à l'Heure de Greenwich (ou si le Type de Transaction de l'Entité de Référence concernée est "*Corporate Japon*", "*Standard Corporate Japon*", "*Standard Souverain Japon*" ou "*Souverain Japon*" (comme spécifié dans les Conditions Définitives concernées), à l'heure de Tokyo), la date qui correspond au nombre de jours de la Période de Grâce après la date d'un tel Défaut de Paiement Potentiel. Si les Conditions Définitives concernées stipulent que l'Extension de la Période de Grâce est Non Applicable, l'Extension de la Période de Grâce ne s'appliquera pas à ces Titres.

Si (i) les Conditions Définitives concernées stipulent que Extension de la Période de Grâce est Applicable, (ii) un Défaut de Paiement Potentiel se produit au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue (déterminée par référence à l'Heure de Greenwich (ou si le Type de Transaction de l'Entité de Référence concernée est "*Corporate Japon*", "*Standard Corporate Japon*", "*Standard Souverain Japon*" ou "*Souverain Japon*" (comme spécifié dans les Conditions Définitives concernées, à l'heure de Tokyo), et (iii) une Date de Détermination de l'Événement de Crédit pour ce Défaut de Paiement ne se produit pas pendant ou avant la Période de Signification de Notification, la Date d'Échéance sera la plus tardive entre la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Extension de la Période de Grâce et la Date d'Échéance Prévue (même si un Défaut de Paiement se produit après le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue).

**Heure de Greenwich (GMT)** désigne l'heure solaire moyenne sur le méridien de Greenwich, à Greenwich, Londres.

**Illégal ou Impossible** désigne, à propos de la Livraison de toutes Obligations Livrables Spécifiées, qu'il est illégal ou impossible pour l'Émetteur de Livrer ou pour un Titulaire de Titres de prendre Livraison de tout ou partie de ces Obligations Livrables Spécifiées en raison de:

- (a) toutes restrictions légales, contractuelles ou autres restrictions ou contraintes affectant la Livraison des Obligations Livrables Spécifiées (y compris, sans limitation, toute lois, tout règlement, toute décision de justice, et autre contrainte gouvernementale ou réglementaire, les termes ou conditions spécifiques des Obligations Livrables Spécifiées, le défaut d'obtention des accords appropriés, y compris mais sans caractère limitatif l'accord de l'Entité de Référence et du garant (éventuel) de l'Entité de Référence, ou l'accord de l'emprunteur concerné dans le cas d' Obligations Livrables Spécifiées garanties par l'Entité de Référence); ou
- (b) tout événement échappant au contrôle de l'Émetteur (y compris, sans caractère limitatif, une défaillance du Système de Compensation Concerné, ou le refus par un Titulaire de Titres de prendre Livraison d'Obligations Livrables Spécifiées, ou l'incapacité d'acheter les Obligations Livrables malgré les efforts raisonnables de l'Émetteur); ou
- (c) tout événement échappant au contrôle d'un Titulaire de Titres dû à sa situation particulière.

**Montant de Calcul des Intérêts** désigne, s'agissant de Titres sur Panier et de Titres sur Tranche, le montant nécessaire au calcul des intérêts payables en vertu des Titres à toute Date de Paiement des Intérêts déterminé par l'Agent de Calcul conformément aux dispositions de la Partie 1 de la présente Annexe Technique Evènement de Crédit.

Pour éviter toute ambiguïté, le montant des intérêts payables en vertu des Titres sera égal à la Proportion Appropriée du produit (a) du Taux d'Intérêts, (b) du Montant de Calcul des Intérêts et (c) de la Fraction de Décompte des Jours concernée.

**Taux de Valeur de Recouvrement des Intérêts** désigne :

- (a) en ce qui concerne les Titres sur Panier qui ne sont pas des Titres sur Tranche ou en ce qui concerne les Titres sur Tranche pour lesquels Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, zéro pour cent, sauf stipulation contraire dans les Conditions Définitives concernées ; ou
- (b) en ce qui concerne les Titres sur Tranche pour lesquels la Valeur de Recouvrement des Intérêts spécifiée dans les Conditions Définitives concernées est Valeur de Recouvrement Fixe des Intérêts, le Taux de Valeur de Recouvrement des Intérêts tel que spécifié dans les Conditions Définitives concernées.

**ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement** désigne le supplément 2009 *ISDA Credit Derivatives Determinations Committees & Auction Settlement Supplement* (Supplément relatif aux Comités de Déterminations et au Règlement aux Enchères de l'ISDA) aux définitions 2003 *ISDA Credit Derivatives Definitions* (les Définitions ISDA relatives aux Dérivés de Crédit de 2003), publié le 12 mars 2009, tel que modifié ou complété.

**Dernière Date de Survenance d'un Événement de Crédit** désigne la date la plus tardive entre:

- (a) le quatrième Jour Ouvré précédant immédiatement la Date d'Echéance Prévue;
- (b) si les Conditions Définitives concernées stipulent que Contestation/Moratoire est Applicable à l'Entité de Référence concernée: la Date d'Evaluation de la Contestation/Moratoire, ou s'agissant de Titres sur Panier et de Titres sur Tranche, la dernière Date d'Evaluation de la Contestation/Moratoire, si (i) l'Événement de Crédit qui fait l'objet d'une Notification d'Événement de Crédit est une

Contestation/Moratoire, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire s'est produit au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue, et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite; et

- (c) *si les Conditions Définitives concernées stipulent que Extension de la Période de Grâce est Applicable à l'Entité de Référence concernée*: la Date d'Extension de la Période de Grâce, ou s'agissant de Titres sur Panier et de Titres sur Tranche, la dernière Date d'Extension de la Période de Grâce si (i) l'Événement de Crédit qui fait l'objet d'une Notification d'Événement de Crédit est un Défaut de Paiement et (ii) le Défaut de Paiement Potentiel au titre de ce Défaut de Paiement s'est produit au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue.

**Dernière Date de Notification** désigne le 30<sup>ième</sup> Jour Ouvré suivant la Date de Fin d'Exercice sachant qu'elle n'interviendra pas après le 180<sup>ième</sup> Jour Ouvré après la Date de Détermination de l'Événement de Crédit.

**Dernière Date de Règlement Physique Admissible** désigne le jour se situant 60 Jours Ouvrés après la date à laquelle une Notification de Règlement Physique est signifiée au Système de Compensation Concerné.

**Date Limite** désigne la première date parmi le 20 mars, le 20 juin, le 20 septembre ou le 20 décembre de chaque année qui intervient à ou juste après la date survenant l'un des nombres d'années suivants après la Date de Restructuration: deux ans et demi (la **Date Limite de 2,5 ans**), cinq ans (la **Date Limite de 5 ans**), sept ans, dix ans, douze ans et demi, quinze ans, ou vingt ans (la **Date Limite de 20 ans**), selon le cas. Les Dates Limites ne seront l'objet d'aucun ajustement lié à une Convention de Jours Ouvrés à moins que les Conditions Définitives concernées stipulent qu'elles devront être ajustées en fonction de la Convention de Jours Ouvrés spécifiée.

**Cotée** désigne une obligation qui est cotée, admise à la cote officielle ou couramment achetée ou vendue sur une bourse. Sauf stipulation contraire dans les Conditions Définitives concernées:

- (a) si la Caractéristique d'Obligation "Cotée" est stipulée comme étant Applicable dans les Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si "Cotée" constituait une Caractéristique d'Obligation uniquement pour les Titres de Créance, et cette caractéristique ne s'appliquera que si les Titres de Créance sont couverts par la Catégorie d'Obligation sélectionnée; et
- (b) si la Caractéristique d'Obligation "Cotée" [Livable]\*\*[Sélectionnée]\* est précisée comme Applicable dans les Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livable]\*\*[Sélectionnée]\* constituait une Caractéristique d'Obligation [Livable]\*\*[Sélectionnée]\* uniquement pour les Titres de Créance, et cette caractéristique ne s'appliquera que si les Titres de Créance sont couverts par la Catégorie d'Obligation précisée [Livable]\*\*[Sélectionnée]\*

**Crédit** désigne toute obligation d'un type inclus dans la Catégorie d'Obligation Dette Financière, documentée par un contrat de crédit à terme, un contrat de crédit renouvelable ou tout autre contrat de crédit similaire, et n'englobe aucun autre type de Dette Financière.

**Montant de Perte** désigne :

- (a) En ce qui concerne les Titres sur Panier et les Titres sur Tranche pour lesquels Défaut-de-N-à-M est spécifié non Applicable dans les Conditions Définitives concernées, pour chaque Entité de Référence pour laquelle une Date de Détermination d'un Evénement de Crédit est survenue, un montant égal au produit (i) du Montant Notionnel de l'Entité de Référence et (ii) de la différence entre le Prix de Référence et la Valeur Finale, sous réserve qu'il soit au minimum égal à zéro ;

(b) En ce qui concerne les Titres sur Tranche pour lesquels Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, pour chaque Entité de Référence pour laquelle une Date de Détermination d'un Evénement de Crédit est survenue :

- ayant un Rang strictement inférieur à N : un montant égal au produit (i) du Montant Notionnel de l'Entité de Référence et (ii) du Prix de Référence ;
- ayant un Rang supérieur ou égal à N et inférieur ou égal à M : un montant égal au produit (i) du Montant Notionnel de l'Entité de Référence et (ii) de la différence entre le Prix de Référence et la Valeur Finale, sous réserve d'être supérieur à zéro ;
- ayant un Rang strictement supérieur à zéro : un montant égal à zéro.

**Obligation de Référence LPN** signifie chaque Obligation de Référence autre que toute Obligation Supplémentaire. En tant que de besoin, il est précisé que tout changement d'émetteur d'une Obligation de Référence LPN en accord avec ses conditions ne doit pas empêcher cette Obligation de Référence LPN de constituer une Obligation de Référence. Chaque Obligation de Référence LPN est émise dans le seul but de fournir des fonds à l'Emetteur LPN pour financer un prêt à l'Entité de Référence. Concernant les Titres, chacun des ces prêts doit être un Prêt Sous-Jacent. En tant que de besoin, il est précisé que au titre de toute Obligation de Référence LPN qui spécifie un Prêt Sous-Jacent ou un Instrument Financier Sous-Jacent, le solde en principal à payer doit être déterminé par référence au Prêt Sous-Jacent ou à l'Instrument Financier Sous-Jacent (comme applicable) en relation avec cette Obligation de Référence LPN.

**Date d'Echéance** désigne:

(a) Si le Règlement Américain est spécifié dans les Conditions Définitives concernées:

- (i) la date spécifiée dans les Conditions Définitives concernées (la **Date d'Echéance Prévue**); ou
- (ii) la [Date de Règlement Physique]\*\*[la Date de Remboursement en Espèces]\* si une Notification d'Evénement de Crédit est signifiée pendant la Période de Signification de Notification; ou
- (iii) la plus tardive des deux dates suivantes:
  - (A) si Contestation/Moratoire est spécifié comme étant Applicable dans les Conditions Définitives concernées : la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Evaluation de la Contestation/Moratoire, ou dans le cas de Titres sur Premier Défaut, de Titres sur Panier ou de Titres sur Tranche, la date tombant le quatrième Jour Ouvré immédiatement après la dernière Date d'Evaluation de Contestation/Moratoire, si:
    - (1) un Cas Potentiel de Contestation/Moratoire survient au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Echéance Prévue;
    - (2) la Condition de Prorogation pour Contestation/Moratoire est satisfaite;
    - (3) cette Date d'Evaluation de Contestation/Moratoire tombe après à la Date d'Echéance Prévue; et
    - (4) aucune Notification d'Evénement de Crédit au titre de ce Cas Potentiel de Contestation/Moratoire n'est signifiée pendant la Période de Signification de Notification; et

- (B) *si Extension de la Période de Grâce est spécifié comme Applicable pour l'Entité de Référence concernée dans les Conditions Définitives concernées*: la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Extension de la Période de Grâce, ou, dans le cas de Titres sur Panier et de Titres sur Tranche, la date tombant le quatrième Jour Ouvré immédiatement après la dernière Date d'Extension de la Période de Grâce, si
- (1) un Défaut de Paiement Potentiel survient au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Echéance Prévue; et
  - (2) cette Date d'Extension de la Période de Grâce intervient après la Date d'Echéance Prévue; et
  - (3) aucune Notification d'Événement de Crédit au titre de ce Défaut de Paiement Potentiel n'est signifiée pendant la Période de Signification de Notification,
- (b) *Si Règlement Européen est spécifié dans les Conditions Définitives concernées* : la dernière des dates mentionnées dans les paragraphes (a)(i), (ii), et (iii) ci-dessus,

ETANT ENTENDU que, dans tous les cas, si une Notification d'Événement de Crédit en Suspens concernant une Entité de Référence est signifiée avant la Date d'Echéance Prévue et encore effective à la Date d'Echéance Prévue, la Date d'Echéance sera soit la date à laquelle les Montants en Suspens sont payés aux Titulaires ou, si une Notification d'Événement de Crédit concernant l'événement de la Notification d'Événement de Crédit en Suspens est signifiée, la [Date de Règlement Physique]\*\*[ Date de Remboursement en Espèces]\*.

ETANT EN OUTRE ENTENDU que, s'agissant de Titres sur Panier et de Titres sur Tranche pour lesquels il existe un Événement de Crédit Non Régulé, un Montant Préliminaire de Remboursement en Espèces sera payé à la Date d'Echéance Prévue pour la proportion du Montant Nominal des Titres non affecté par l'Événement de Crédit Non Régulé :

- (a) si le Montant Retenu est égal à zéro, la Date d'Echéance sera la Date d'Echéance Prévue; ou
- (b) dans tous les autres cas, la Date d'Echéance sera la dernière des dates mentionnées dans les paragraphes (a)(i), (ii), (iii) et (iv) ci-dessus.

**Echéance Maximum** désigne une obligation qui a une maturité résiduelle à partir de la [Date de Règlement Physique]\*\*[Date d'Évaluation de l'Événement de Crédit]\* qui n'est pas supérieure à la période spécifiée dans les Conditions Définitives concernées.

**Cessionnaire Éligible Modifié** désigne toute banque, institution financière ou autre entité ayant pour activité habituelle ou constituée dans le but de réaliser, d'acheter ou d'investir dans des prêts, titres ou autres actifs financiers.

**Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)** signifie, si stipulé comme étant Applicable dans les Conditions Définitives concernées, et si la Restructuration est le seul Événement de Crédit spécifié dans une Notification d'Événement de Crédit signifiée par ou pour le compte de l'Émetteur, qu'une Obligation [Livrable]\*\*[Sélectionnée]\* peut être spécifiée dans la [Notification de Règlement Physique]\*\*[Notification d'Évaluation Finale]\* uniquement si elle (i) est une Obligation Transférable sous Condition(s) et (ii) a une date d'échéance finale qui n'est pas postérieure à la Date Limite d'Echéance en cas de Restructuration Modifiée.

ETANT ENTENDU QUE si une Date d'Annonce d'Absence d'Enchères est survenue conformément au sous-paragraphe (b) de la définition de cette date concernant une Transaction de Dérivés de Crédit (*Credit Derivatives Transaction* tel que ce terme est défini dans les *2003 ISDA Credit Derivatives Definitions*) en relation avec l'Entité

de Référence concernée et ayant une *Scheduled Termination Date* (tel que ce terme est défini dans les 2003 *ISDA Credit Derivatives Definitions*) comparable à la Date d'Echéance Prévues des Titres, la condition du sous-paragraphe (ii) ci-dessus ne sera pas d'application.

**Date Limite d'Echéance en cas de Restructuration Modifiée** désigne, pour une Obligation [Livrabable]\*\*[Sélectionnée]\*, la Date Limite intervenant à ou juste après la Date d'Echéance Prévues sous réserve que, dans les cas où la Date d'Echéance Prévues intervient après la Date Limite de 2,5 ans, il existe au moins une Obligation Habilitante.

Dans les cas où "Limite d'Echéance en cas de Restructuration Modifiée" et "Obligations Transférables Sous Conditions" sont Applicables aux termes des Conditions Définitives concernées et où la Date d'Echéance Prévues intervient après la Date Limite de 2,5 ans et avant la Date Limite de 5 ans, un Titre de Créance ou un Crédit Restructuré ne constituera pas une Obligation Habilitante. Nonobstant ce qui précède, si la Date d'Echéance Prévues intervient soit (a) à ou avant la Date Limite de 2,5 ans ou (b) après la Date Limite de 2,5 ans et à ou avant la Date Limite de 5 ans et qu'il n'existe aucune Obligation Habilitante, la Date Limite d'Echéance en cas de Restructuration Modifiée sera la Date Limite de 5 ans, uniquement dans le cas d'un Titre de Créance ou d'un Crédit Restructuré.

Sous réserve de ce qui précède, dans le cas où la Date d'Echéance Prévues intervient après (i) la Date Limite de 2,5 ans et qu'il n'existe aucune Obligation Habilitante ou (ii) la Date Limite de 20 ans, la Date Limite d'Echéance en cas de Restructuration Modifiée sera la Date d'Echéance Prévues.

**Obligation à Porteurs Multiples** désigne une Obligation qui (i) au moment de l'événement qui constitue une Restructuration est détenue par plus de trois titulaires qui ne se sont pas des Sociétés Liées et (ii) en ce qui concerne cette Obligation, un pourcentage de titulaires (déterminé en fonction des termes de l'Obligation en vigueur à la date d'un tel événement) au moins égal à soixante six et deux tiers est exigé pour consentir à l'événement qui constitue une Restructuration, étant entendu que toute Obligation qui est un Titre de Créance sera réputé satisfaire aux exigences du présent sous-paragraphe (ii) de cette définition d'Obligation à Porteurs Multiples; SOUS RESERVE QUE en relation avec une Entité de Référence dont le Type de Transaction spécifié dans les Conditions Définitives est "*Standard Corporate Europe Emergente LPN*" ou "*Corporate Europe Emergente LPN*", Obligation à Porteurs Multiples doit être considéré comme Non applicable en ce qui concerne toute Obligation de Référence (et tout Prêt Sous-Jacent).

**Date d'Annonce d'Absence d'Enchères** désigne, s'agissant d'un Evènement de Crédit, la Date de la première annonce publique par l'ISDA que (a) aucunes Modalités de Règlement aux Enchères de Transaction, et le cas échéant, aucunes Modalités de Règlement aux Enchères Parallèles ne seront publiées, (b) suivant la survenance d'une Restructuration en relation avec une Entité de Référence pour laquelle soit "Date Limite d'Echéance en cas de Restructuration et Obligation Totalement Transférable" ou "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)" est spécifié comme applicable dans les Conditions Définitives concernées seulement, aucunes Modalités de Règlement aux Enchères de la Transaction ne seront publiées mais des Modalités de Règlement aux Enchères Parallèles seront publiées ou (c) le Comité de Détermination de Dérivés de Crédit concerné a Déterminé que des Enchères ne seront pas tenues suivant une annonce contraire par l'ISDA.

**Montant Nominal** désigne la Valeur Nominale d'un Titre, telle que spécifiée dans les Conditions Définitives concernées, sous réserve, selon le cas, des dispositions de la Partie 1 de la présente Annexe Technique Evènement de Crédit.

**Non au Porteur** désigne toute obligation qui n'est pas un instrument au porteur, à moins que les intérêts détenus sur cet instrument au porteur ne soient compensés via Clearstream, Luxembourg, Euroclear ou tout autre système de compensation reconnu internationalement. Sauf stipulation contraire dans les Conditions Définitives concernées, si la Caractéristique d'Obligation "Non au Porteur" est stipulée comme étant Applicable pour l'Obligation [Livrabable]\*\*[Sélectionnée]\* dans les Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livrabable]\*\*[Sélectionnée]\* n'avait été choisie

comme Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* que pour les Titres de Créance, et ne s'appliquera que si les Titres de Créance sont couverts par la Catégorie d'Obligation [Livrable]\*\*[Sélectionnée]\* spécifiée.

**Non Conditionnelle** désigne toute obligation ayant à la [Date de Règlement Physique]\*\*[Date d'Evaluation de l'Événement de Crédit]\* et à tout moment après cette date, un solde en principal à payer ou, dans le cas d'obligations qui ne découlent pas d'une Dette Financière, un Montant Dû et Payable, qui ne pourra pas être réduit, en vertu des modalités de cette obligation, en conséquence de la réalisation ou de la non-réalisation d'un événement ou d'une circonstance (autre qu'un paiement ou, dans le cas de toute Garantie Eligible, la signification par le bénéficiaire de cette garantie d'une notification spécifiant qu'un paiement est dû en vertu de cette Garantie Eligible ou toute autre exigence de procédure similaire). Une Obligation Convertible, une Obligation Échangeable et une Obligation Croissante satisferont à la Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* "Non Conditionnelle" si cette Obligation Convertible, cette Obligation Échangeable ou cette Obligation Croissante satisfont autrement aux exigences de la phrase précédente, à condition que, dans le cas d'un Obligation Convertible ou une Obligation Échangeable, le droit (A) de convertir ou échanger cette obligation ou (B) d'exiger de l'émetteur qu'il rachète ou rembourse cette obligation (si l'émetteur a exercé ou pourrait exercer le droit de payer le prix de rachat ou le prix de remboursement, en totalité ou en partie, sous forme d'attribution de Titres de Capital) n'ait pas été exercé (ou qu'un tel exercice ait été effectivement annulé) à la [Date de Règlement Physique]\*\*[Date d'Evaluation de l'Événement de Crédit]\* ou avant cette date.

Si une Obligation de Référence est une Obligation Convertible ou une Obligation Échangeable, cette Obligation de Référence ne pourra être incluse en tant qu'Obligation [Livrable]\*\*[Sélectionnée]\* qu'à condition que les droits visés aux paragraphes (A) et (B) de cette définition du terme "Non Conditionnelle" n'aient pas été exercés (ou que leur exercice ait été effectivement annulé) à la [Date de Règlement Physique]\*\*[Date d'Evaluation de l'Événement de Crédit]\* ou avant cette date.

**Devise Locale Exclue** désigne toute obligation qui est payable dans toute devise autre que la Devise Locale.

**Emission Non Domestique** désigne toute obligation autre qu'une obligation qui, à la date à laquelle elle a été émise (ou réémise, selon le cas) ou encourue, était destinée à être offerte à la vente principalement sur le marché domestique de l'Entité de Référence concernée. Toute obligation qui est enregistrée ou qualifiée pour être vendue à l'extérieur du marché domestique de l'Entité de Référence concernée (indépendamment du fait de savoir si cette obligation est également enregistrée ou qualifiée pour être vendue dans le marché domestique de l'Entité de Référence concernée) sera réputée ne pas être destinée principalement au marché domestique de l'Entité de Référence.

**Droit Non Domestique** désigne toute obligation qui n'est pas régie par les lois (a) de l'Entité de Référence concernée, si une telle l'Entité de Référence est un Souverain, ou (b) du ressort du siège de l'Entité de Référence concernée, si cette Entité de Référence n'est pas un Souverain. Sauf stipulation contraire dans les Conditions Définitives concernées, ni le droit anglais ni le droit de l'Etat de New-York ne sera un Droit Domestique.

**Prêteur Non Souverain** désigne toute obligation qui n'est pas due principalement à due Organisation Souveraine ou Supranationale, y compris, mais sans s'y limiter, les obligations généralement appelées "obligations du Club de Paris".

**Non Subordonné(e)** désigne une obligation qui n'est pas Subordonnée à (a) l'Obligation de Référence dont le rang correspond à la priorité de paiement la plus élevée ou (b) si aucune Obligation de Référence n'est spécifiée dans les Conditions Définitives concernée, à toute obligation pour Dette Financière non subordonnée de l'Entité de Référence: étant entendu que, si un des cas présentés au paragraphe (a) des définitions d'Obligation de Référence de Remplacement ci-dessous est survenu concernant toutes les Obligations de Référence ou si, s'agissant de l'Obligation de Référence, un ou plusieurs Successeurs de l'Entité de Référence concernée a été identifié et que tout ou plusieurs Successeurs n'ont pas honoré l'Obligation de Référence (chacune d'entre elles, dans chaque cas, une **Obligation de Référence Préexistante**) et qu'aucune Obligation de Référence de Remplacement n'a été identifiée pour aucune des Obligations de Référence Préexistantes au moment de

déterminer si l'obligation satisfait la Caractéristique d'Obligation ou la Caractéristique Obligation Livrable, selon le cas, "Non Subordonnée". "Non Subordonnée" désignant une obligation qui n'aurait pas été Subordonnée, en termes de priorité de paiement, à l'Obligation de Référence la plus senior. Afin de déterminer si une Obligation [Livrable]\*\*[Sélectionnée]\* satisfait à la Caractéristique d'Obligation ou à la Caractéristique d'Obligation [Livrable]\*\*[Sélectionnée]\* "Non Subordonnée", le rang de priorité de paiement de chaque Obligation de Référence ou de chacune des Obligations de Référence Préexistantes, selon le cas, sera déterminé à la date à laquelle l'Obligation de Référence concernée ou l'Obligation de Référence Préexistante concernée, selon le cas, a été émise ou encourue, et ne reflétera pas tout changement de ce rang de priorité de paiement intervenu après cette date; SOUS RESERVE QUE en relation avec une Entité de Référence dont le Type de Transaction spécifié dans les Conditions Définitives est "*Standard Corporate Europe Emergente LPN*" ou "*Corporate Europe Emergente LPN*", cette définition doit être construite comme si aucune Obligation de Référence n'était spécifiée dans les Conditions Définitives ».

**Période de Signification de Notification** désigne la période comprise entre la Date d'Émission (incluse) et la Date d'Extension.

**Notification d'Événement de Crédit en Suspens** désigne une notification signifiée, à la date qui est supposée intervenir au plus tard 10 Jours Ouvrés suivant la Date de Demande de Résolution relative à un Événement de Crédit concernée, par ou pour le compte de l'Émetteur qui (a) informe les Titulaires de la survenance d'une Date de Demande de Résolution relative à un Événement de Crédit et (b) indique que les paiements de montants dus et exigibles en vertu des Titres, qu'il s'agisse d'intérêts ou du principal, devront être suspendus (les **Montants en Suspens**) jusqu'à la publication d'une *DC Resolution* ou, selon le cas, d'un Communiqué DC d'Absence d'Événement de Crédit.

ETANT ENTENDU QUE:

- (a) si une *DC Resolution* confirmant l'existence d'un Événement de Crédit pour l'Entité de Référence concernée dans la période allant de la Première Date de Survenance d'un Événement de Crédit incluse jusqu'à la Dernière Date de Survenance d'un Événement de Crédit, est publiée dans les 100 Jours Ouvrés suivant une Date de Demande de Résolution relative à un Événement de Crédit l'Émetteur signifiera ou arrangera la signification d'une Notification d'Événement de Crédit dans les 10 Jours Ouvrés suivant cette publication;
- (b) si un Communiqué DC d'Absence d'Événement de Crédit en relation avec l'Entité de Référence concernée est publié dans les 100 Jours Ouvrés suivant la Date de Demande de Résolution relative à un Événement de Crédit, les Montants en Suspens en vertu des Titres seront payés aux Titulaires dans les 10 Jours Ouvrés suivant cette publication;
- (c) si une *DC Resolution* Déterminant que le DC ne Déterminera pas s'il n'y a pas d'Événement de Crédit pour l'Entité de Référence concernée est publiée dans les 100 Jours Ouvrés suivant une Date de Demande de Résolution d'un Événement de Crédit, soit (i) les Montants en Suspens dus en vertu des Titres devront être payés aux Titulaires dans les 10 Jours Ouvrés suivant cette publication; ou (ii) l'Émetteur pourrait décider de signifier une Notification d'Événement de Crédit avec une Notification d'Information Publiquement Disponible dans les 10 Jours Ouvrés suivant cette publication; et
- (d) si aucune *DC Resolution* ni aucun Communiqué DC d'Absence d'Événement de Crédit n'est publiée après 100 Jours Ouvrés suivant une Date de Demande de Résolution relative à un Événement de Crédit, la Notification d'un Événement de Crédit en Suspens sera réputée annulée et soit (i) les Montants en Suspens dus sous les Titres devront être payés aux Titulaires sous 10 Jours Ouvrés; ou (ii) l'Émetteur pourra décider de signifier une Notification d'Événement de Crédit avec une Notification d'Information Publiquement Disponible sous 10 Jours Ouvrés.

**Notification d'Information Publiquement Disponible** désigne, en relation avec une Notification d'Événement de Crédit ou Notification de Prorogation pour Contestation/Moratoire, une notification irrévocable signifiée par ou

pour le compte de l'Émetteur, qui mentionne l'Information Publiquement Disponible confirmant la survenance de l'Événement de Crédit ou du Cas Potentiel de Contestation/Moratoire, selon le cas, décrit dans la Notification d'Événement de Crédit ou la Notification d'Extension Contestation/Moratoire. Pour un Événement de Crédit constitué par une Contestation/Moratoire, la Notification d'Information Publiquement Disponible doit citer les informations confirmant la survenance des deux paragraphes (i) et (ii) de la définition du terme "Contestation/Moratoire". La notification donnée doit contenir une copie, ou une description suffisamment détaillée de l'Information Publiquement Disponible concernée. Si la Notification d'Information Publiquement Disponible est stipulée comme étant Applicable dans les Conditions Définitives concernées, et si une Notification d'Événement de Crédit ou une Notification de Prorogation pour Contestation/Moratoire, selon le cas, contient l'Information Publiquement Disponible, cette Notification d'Événement de Crédit ou cette Notification d'Extension Contestation/Moratoire sera également réputée constituer une Notification d'Information Publiquement Disponible.

**Notification de Règlement Physique** désigne une notification irrévocable qui est effective au plus tard à la Dernière Date de Notification (incluse), délivrée par ou pour le compte de l'Émetteur aux Titulaires de Titres précisant les Obligations Livrables Spécifiées que l'Émetteur prévoit raisonnablement de Livrer ou faire Livrer aux Titulaires de Titres. L'Émetteur n'est pas obligé de Livrer les Obligations Livrables Spécifiées mentionnées dans la Notification de Règlement Physique. Cependant, il notifiera dans la mesure du possible aux Titulaires de Titres tout changement subséquent apporté aux Obligations Livrables Spécifiées mentionnées dans la Notification de Règlement Physique (l'expression "Obligation Livrable Spécifiée" est réputée inclure un tel changement).

**Obligation** désigne:

- (a) toute obligation d'une Entité de Référence (soit directement ou en qualité de garant au titre d'une Garantie Affiliée Eligible, ou si "Toutes Garanties" est stipulée Applicable dans les Conditions Définitives concernées, en qualité de garant au titre de toute Garantie Eligible), appartenant à la Catégorie d'Obligation spécifiée dans les Conditions Définitives concernées, et présentant chacune des Caractéristiques d'Obligation (éventuelles) spécifiées dans les Conditions Définitives concernées, dans chaque cas à la date de l'événement qui constitue l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit;
- (b) l'(les) Obligation(s) de Référence (le cas échéant);
- (c) toute autre obligation d'une Entité de Référence spécifiée comme telle dans les Conditions Définitives concernées.

**Déchéance du Terme** signifie qu'une ou plusieurs Obligations sont devenues exigibles par anticipation pour un montant total au moins égal au Seuil de Défaut, à la suite ou sur la base de la survenance d'un défaut, d'un cas de défaut ou d'exigibilité anticipée ou de toute autre condition ou tout autre événement de même nature (quelle qu'en soit la description), autre que le non paiement à son échéance de toute somme exigible, au titre d'une ou plusieurs Obligations de l'Entité de Référence.

**Catégorie d'Obligation** désigne chacune des catégories suivantes: Paiement, Dette Financière, Obligations de Référence Uniquement, Titre de Créance, Crédit, Titre de Créance ou Crédit, comme spécifié dans les Conditions Définitives Concernées.

**Caractéristiques d'Obligation** désigne une ou plusieurs des caractéristiques suivantes: Non Subordonné(e), Prêteur Non Souverain, Devise de Référence, Devise Locale Exclue, Droit Non Domestique, Cotée et Emission Non Domestique, comme précisé dans les Conditions Définitives concernées.

**Devise de l'Obligation** désigne la ou les devises dans lesquelles une Obligation est libellée.

**Défaut de l'Obligation** signifie qu'une ou plusieurs Obligations sont susceptibles d'être déclarées exigibles par anticipation, pour un montant total au moins égal au Seuil de Défaut, à la suite ou sur la base de la survenance d'un défaut, d'un cas de défaut ou d'exigibilité anticipée ou de toute autre condition ou tout autre événement de même nature (quelle qu'en soit la description), autre que le non paiement à son échéance de toute somme exigible, au titre d'une ou plusieurs Obligations de l'Entité de Référence.

**solde en principal à payer** désigne, lorsque cette expression est employée à propos de Garanties Eligibles, l'encours en principal de l'Obligation Sous-Jacente dont le paiement est garanti par cette Garantie Eligible au moment considéré.

**Modalités de Règlement aux Enchères Parallèles** désigne, suivant la survenance d'une Restructuration en relation avec une Entité de Référence pour laquelle soit "Date Limite d'Echéance en cas de Restructuration et Obligation Totalement Transférable" ou "Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s)" est spécifié comme applicable dans les Conditions Définitives concernées, toutes Modalités de Règlement aux Enchères de la Transaction publiées par l'ISDA en relation avec cette Restructuration conformément aux Règles, et pour laquelle les Modalités des Obligations Livrables (comme spécifiées dans les Modalités de Règlement de la Transaction concernées) sont les mêmes que les Dispositions des Obligations Livrables (comme spécifiées dans les Modalités de Règlement aux Enchères de la Transaction concernées) applicables à l'Entité de Référence et pour laquelle une telle Entité de Référence ne serait pas une Transaction Couverte par Enchères (comme défini dans les Modalités de Règlements aux Enchères de la Transaction concernées).

**Paiement** désigne toute obligation (qu'elle soit présente ou future, conditionnelle ou autrement) de paiement ou de remboursement d'argent, y compris, sans caractère limitatif, pour toute Dette Financière.

**Seuil de Défaut de Paiement** désigne, sauf stipulation contraire des Conditions Définitives concernées, 1.000.000 USD ou son équivalent dans la Devise de l'Obligation au moment de la survenance du Défaut de Paiement concerné ou Défaut de Paiement Potentiel, selon le cas.

**Devise Autorisée** désigne (a) la devise ayant cours légal dans un Etat du G7 (ou tout Etat qui devient membre du G7, si le G7 augmente ses admissions), ou (b) la devise ayant cours légal dans un Etat qui, à la date d'un tel changement, est membre de l'Organisation pour la Coopération et le Développement Économique et dont l'endettement à long terme, libellé dans sa devise nationale, est noté au moins AAA par Standard & Poor's, une division de la McGraw-Hill Companies, Inc. ou tout successeur dans ses activités de notation, au moins Aaa par Moody's Investor Services ou tout successeur dans ses activités de notation, ou au moins AAA par Fitch Ratings ou tout successeur dans ses activités de notation.

**Montant de Règlement Physique** désigne, pour chaque Titre, des Obligations Livrables Spécifiées dont le solde en principal à payer, à l'exclusion des intérêts courus, est égal au Montant Nominal ou, s'il y a lieu, au Montant de Remboursement Partiel en cas de survenance d'une Restructuration (cf. Section III de la Partie 1 de cette Annexe Technique Événement Crédit), ou au Montant Notionnel Successeur Multiple (cf. Section IV de la Partie 1 de cette Annexe Technique Événement de Crédit). Si le nombre d'Obligations Livrables Spécifiées que l'Émetteur peut Livrer n'est pas un nombre entier, le Montant de Règlement Physique inclura alors pour chaque Titre, en plus des Obligations Livrables Spécifiées qui peuvent être Livrées, la valeur de marché en espèces, à l'exclusion des intérêts courus, d'Obligations Livrables Spécifiées avec un solde en principal à payer égal à la différence entre le Montant Nominal ou, s'il y a lieu, le Montant de Remboursement Partiel en cas de survenance d'une Restructuration (cf. Section III de la Partie 1 de cette Annexe Technique Événement de Crédit) ou le Montant Notionnel de Successeurs Multiples (cf. Section IV de la Partie 1 de cette Annexe Technique Événement de Crédit), et le solde principal à payer des Obligations Livrables Spécifiées qui peuvent être Livrées, telles que déterminées par l'Agent de Calcul.

**Date de Règlement Physique** désigne la date ou l'Émetteur livre le Montant de Règlement Physique aux Titulaires de Titres, ou si l'Émetteur ne livre pas à la même date tout le portefeuille d'Obligations Livrables

comprises dans le Montant de Règlement Physique, la date à laquelle l'Émetteur a achevé la livraison de toutes les Obligations Livrables à tous les Titulaires de Titres.

**Période de Règlement Physique** désigne la période comprise entre la date (incluse) à laquelle une Notification de Règlement Physique est livrée au Système de Compensation Concerné et la Dernière Date de Règlement Physique Admissible (incluse).

**Défaut de Paiement Potentiel** désigne le défaut de paiement à l'échéance par une Entité de Référence d'un montant total au moins égal au Seuil de Défaut de Paiement en vertu d'une ou plusieurs Obligations, sans tenir compte de toute période de grâce ou de toutes conditions suspensives préalables au commencement de toute période de grâce, conformément aux termes de ces Obligations en vigueur à la date de ce défaut de paiement.

**Cas Potentiel de Contestation/Moratoire** désigne la survenance d'un événement décrit au paragraphe (i) de la définition de Contestation/Moratoire.

**Montant Préliminaire de Remboursement en Espèces** désigne, s'agissant de Titres sur Panier et de Titres sur Tranche pour lesquels un Événement de Crédit Non Régulé s'est produit, un montant exigible à Date d'Echéance Prévues égal pour chaque Titre à la Proportion Appropriée de la différence entre (a) le Montant Nominal Total moins le Montant de Perte Totale immédiatement avant la Date d'Echéance Prévues et (b) le Montant Retenu.

**Information Publiquement Disponible** désigne des informations qui confirment raisonnablement l'un ou l'autre des faits pertinents pour déterminer que l'Événement de Crédit ou le Cas Potentiel de Contestation/Moratoire, selon le cas, s'est produit, tel que décrit dans la Notification d'Événement de Crédit ou la Notification d'Extension de Contestation/Moratoire, et qui:

- (a) ont été publiées dans le Nombre Spécifié de Sources Publiques au moins, indépendamment du fait de savoir si le lecteur ou l'utilisateur paie un droit pour obtenir ces informations; étant entendu que si l'Agent de Calcul ou l'un quelconque de ses Sociétés Liées sont citées comme la source unique de ces informations, ces informations ne seront pas considérées comme une Information Publiquement Disponible, à moins que l'Agent de Calcul ou la Société Liée n'agisse en qualité de *trustee*, d'agent fiscal, d'agent administratif, d'agent de compensation ou d'agent payeur ou arrangeur ou agent bancaire pour une Obligation; ou
- (b) sont des informations reçues de ou publiées par:
  - (i) une Entité de Référence (ou une Agence Souveraine pour une Entité de Référence qui est un Souverain); ou
  - (ii) un *trustee*, agent fiscal, agent administratif, agent de compensation ou agent payeur, arrangeur ou agent bancaire pour une Obligation; ou
- (c) sont des informations contenues dans toute requête ou tout acte engageant à l'encontre ou à l'initiative de l'Entité de Référence une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou fait l'objet d'une requête en vue de sa dissolution ou liquidation, et cette procédure ou requête (a) aboutirait au prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire, ou au prononcé d'un jugement de dissolution ou de liquidation, ou (b) ne ferait pas l'objet d'un désistement, d'une radiation, d'un débouté ou d'un sursis à statuer, dans chaque cas dans les trente jours calendaires suivant l'engagement de cette procédure ou la présentation de cette requête; ou
- (d) sont des informations contenues dans toute ordonnance, tout jugement, tout ordre, tout décret, toute notification ou tout acte, quelle que soit sa description, prononcé par ou déposé auprès d'une cour, d'un

tribunal, d'une bourse, d'une autorité de régulation ou d'autre autorité administrative, réglementaire ou judiciaire similaire; ou

- (e) est une information contenue dans un communiqué au public de l'ISDA.

Dans le cas où l'Agent de Calcul est (i) la seule source d'information en tant que trustee, agent fiscal, agent administratif, agent de compensation, agent payeur, ou arrangeur ou agent bancaire pour l'Obligation en fonction de laquelle un Événement de Crédit a eu lieu et (ii) un titulaire de cette Obligation, l'Agent de Calcul sera obligé de livrer un certificat signé par un directeur général (ou tout dirigeant substantiellement équivalent) de l'Agent de Calcul, qui certifiera la survenance d'un Événement de Crédit pour cette Obligation.

Pour toutes informations du type décrit au (b), (c) et (d) de la définition des l'Informations Publiquement Disponibles, la partie recevant ces informations pourra présumer que ces informations lui ont été divulguées sans violation d'aucune loi, accord ou engagement de confidentialité de ces informations, et que la partie fournissant ces informations n'a pris aucune mesure ni signé aucun accord ou engagement avec l'Entité de Référence ou toute Société Liée de l'Entité de Référence, qui serait violé par la divulgation de ces informations à la partie les recevant, ou empêcherait la divulgation de ces informations à la partie les recevant.

Il n'est pas nécessaire que les Informations Publiquement Disponibles contiennent (i) pour une Garantie Affiliée Eligible, le pourcentage d'Actions à Droit de Vote détenu, directement ou indirectement, par l'Entité de Référence et (ii) qu'un tel événement (a) a satisfait à la condition de Seuil de Défaut de Paiement ou de Seuil de Défaut, (b) est le résultat du dépassement de toute Période de Grâce applicable, ou (c) a satisfait aux critères subjectifs spécifiés dans certains Événements de Crédit, y compris sans limitation les critères définis par le paragraphe (a) de la définition de Faillite.

**Source Publique** désigne chaque source d'Information Publiquement Disponible spécifiée dans les Conditions Définitives concernées, ou si aucune source n'est spécifiée, chacune des sources suivantes: Bloomberg Service, Dow Jones Telerate Service, Reuter Monitor Money Rates Services, Dow Jones News Wire, Wall Street Journal, New York Times, Nihon Keizai Shinbun, Asahi Shinbun, Yomiuri Shinbun, Financial Times, La Tribune, Les Echos et The Australian Financial Review (et les publications remplaçantes), ainsi que la ou les sources principales des actualités financières dans le pays dans lequel l'Entité de Référence est établie et toute autre source d'actualités reconnue et publiée internationalement ou affichée électroniquement).

**Garantie Eligible** désigne un accord constaté par un acte écrit en vertu duquel une Entité de Référence consent irrévocablement (en vertu d'une garantie de paiement ou de toute autre obligation juridique équivalente) à payer tous les montants dus en vertu d'une obligation (l'**Obligation Sous-Jacente**) dont une autre partie est débitrice (le **Débiteur Sous-Jacent**). Les Garanties Eligibles excluent tout accord (i) structuré comme un engagement de garantie, une police d'assurance de garantie financière, une lettre de crédit ou autre accord juridique équivalent ou (ii) en vertu duquel l'Entité de Référence peut être déliée de ses obligations de paiement ou ces obligations peuvent être réduites ou autrement modifiées ou cédées (autrement qu'en application de la loi) en conséquence de la survenance ou de la non survenance d'un événement ou circonstance (autre qu'un paiement). [Le bénéfice d'une Garantie Eligible doit être capable d'être Livré avec la Livraison de l'Obligation Sous-Jacente.]\*\*

Dans le cas où une Obligation ou une Obligation [Livable]\*\*[Sélectionnée]\* est une Garantie Eligible, les termes ci-dessous seront applicables:

- (a) Pour l'application de la Catégorie d'Obligations ou de la Catégorie d'Obligation [Livable]\*\*[Sélectionnée]\*, la Garantie Eligible sera réputée appartenir à la même catégorie ou aux mêmes catégories que celles à laquelle appartient l'Obligation Sous-Jacente.
- (b) Pour l'application des Caractéristiques d'Obligation ou des Caractéristiques d'Obligation [Livable]\*\*[Sélectionnée]\*, la Garantie Eligible et l'Obligation Sous-Jacente devront satisfaire à la date concernée chacune des Caractéristiques d'Obligation ou des Caractéristiques d'Obligation [Livable]\*\*[Sélectionnée]\*, le cas échéant, spécifiées dans les Conditions Définitives concernées dans

la liste suivante: Non Subordonné(e), Devise de Référence, Prêteur Non Souverain, Devise Locale Exclue et Droit Non Domestique.

- (c) Pour l'application des Caractéristiques d'Obligation ou des Caractéristiques d'Obligations [Livrabable]\*\*[Sélectionnée]\*, seule l'Obligation Sous-Jacente devra satisfaire à la date concernée chacune des Caractéristiques d'Obligation ou des Caractéristiques d'Obligation [Livrabable]\*\*[Sélectionnée]\*, le cas échéant, spécifiées dans les Conditions Définitives Concernées dans la liste suivante: Listée, Non Contingente, Emission Non Domestique, Prêt Transférable, Prêt Soumis à Consentement, Transférable, Echéance Maximum, Non au Porteur.
- (d) Pour l'application des Caractéristiques d'Obligation ou des Caractéristiques d'Obligation [Livrabable]\*\*[Sélectionnée]\* à une Obligation Sous-Jacente, les références à une Entité de Référence seront considérées comme étant des références au Débiteur Sous-Jacent.

**Garantie Affiliée Eligible** désigne une Garantie Eligible fournie par une Entité de Référence au titre d'une Obligation Sous-Jacente d'une Société Liée en Aval de cette Entité de Référence.

**Montant de Cotation** désigne:

- (a) *Si le Règlement Physique est stipulé dans les Conditions Définitives concernées:*

un montant égal au solde en principal à payer (à l'exclusion des intérêts courus), ou au Montant Dû et Payable, selon le cas, de l'Obligation Non Livrabable.

- (b) *Si le Règlement en Espèces est stipulé dans les Conditions Définitives concernées:*

un montant égal au solde en principal à payer des Titres, s'il n'existe qu'une seule Obligation Sélectionnée; autrement (s'il existe un portefeuille d'Obligations Sélectionnées), le Montant de Cotation sera un montant pondéré au titre de chaque Obligation Sélectionnée, la somme de tous ces Montants de Cotation étant égal au solde en principal à payer des Titres.

**Intervenants de Marché** désignent au moins cinq intervenants de marché de premier ordre spécialisés dans la négociation d'obligations du type des Obligation(s) Non Livrabable(s) ou selon le cas de ou des Obligation(s) Sélectionnée(s), pouvant inclure la Société Générale, tels que sélectionnés par l'Agent de Calcul agissant à son entière discrétion et d'une manière commercialement raisonnable.

**Méthode des Intervenants de Marché** signifie que, s'agissant d'une Entité de Référence pour laquelle une Date de Détermination d'un Evènement de Crédit s'est produite, la Valeur Finale sera déterminée par l'Agent de Calcul conformément aux dispositions de la définition de Prix Final.

**Rang** désigne, pour des Titres sur Tranche pour lesquels Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, pour chaque Entité de Référence pour laquelle une Date de Détermination d'un Evènement de Crédit est survenue, le rang dans le temps de l'occurrence de cette Date de Détermination d'un Evènement de Crédit parmi toutes les Dates de Détermination d'un Evènement de Crédit, étant entendu que si plusieurs Dates de Détermination d'un Evènement de Crédit sont identiques en ce qui concerne plusieurs Entités de Référence du Portefeuille de Référence, la date à laquelle les Notifications d'Evènement de Crédit ont été envoyées doit être utilisée pour déterminer le Rang de ces Entités de Référence et dans le cas où les Notifications d'Evènement de Crédit ont été envoyées à la même date, l'heure à laquelle elles ont été envoyées doit être utilisé pour déterminer le Rang de ces Entités de Référence.

Afin de lever toute ambiguïté, la première Entité de Référence pour laquelle une Date de Détermination d'un Evènement de Crédit est survenue aura un Rang égal à 1.

**Entité de Référence** désigne toute entité spécifiée dans les Conditions Définitives concernées ou tout Successeur de celle-ci.

**Montant Notionnel de l'Entité de Référence** signifie pour chacune des Entités de Référence, un montant égal au produit de la Pondération de l'Entité de Référence et du Montant Notionnel du Portefeuille de Référence.

**Pondération de l'Entité de Référence** désigne le pourcentage tel que spécifié dans les Conditions Définitives, qui, en cas de survenance d'un Evènement de Succession sera soumise à l'ajustement conformément aux dispositions de la définition de Successeur.

**Obligation(s) de Référence** désigne l'obligation ou les obligations de référence spécifiées dans les Conditions Définitives concernées, ou toute Obligation de Référence de Remplacement sous réserve que pour une Entité de Référence dont le «Type de Transaction spécifié dans les Conditions Définitives est "*Standard Corporate Europe Emergente LPN*" ou "*Corporate Europe Emergente LPN*", Obligation(s) de Référence signifie, à compter de la Date d'Emission, chacune des obligations listées comme Obligation de Référence de l'Entité de Référence dans les Conditions Définitives ou établie dans la Liste des Obligations de Référence LPN applicable(chacune, une "Obligation de Référence LPN Publiée sur *Markit*"), telle que publiée par Markit Group Limited, ou tout successeur de celui-ci, laquelle liste est actuellement disponible sur <http://www.markit.com/marketing/services.php>, toute LPN Supplémentaire déterminée suivant la définition de LPN Supplémentaire et toute Obligation Supplémentaire. En tant que de besoin, il est précisé que pour une Entité de Référence dont le type de Transaction spécifié dans les Conditions Définitives est "*Standard Corporate Europe Emergente LPN*" ou "*Corporate Europe Emergente LPN*", nonobstant toute disposition contraire dans cette Annexe Technique Evènement de Crédit (en particulier, nonobstant que cette obligation n'est pas une obligation de l'Entité de Référence), chaque Obligation de Référence sera une Obligation et sera une Obligation Livrable ou une Obligations Sélectionnée (comme applicable)

**Obligation de Référence Uniquement** désigne toute obligation qui est une Obligation de Référence et aucune Caractéristique d'Obligation ne sera applicable aux Obligations de Référence Uniquement.

**Portefeuille de Référence** désigne, s'agissant de Titres sur Premier Défaut, de Titres sur Panier et de Titres sur Tranche, un portefeuille comprenant toutes les Entités de Référence.

**Montant Notionnel du Portefeuille de Référence** désigne, le montant spécifié dans les Conditions Définitives concernées.

**Prix de Référence** désigne 100% sauf stipulation contraire dans les Conditions Définitives.

**Système de Compensation Concerné** désigne Clearstream Banking, société anonyme, Luxembourg (Clearstream, Luxembourg), Euroclear Bank S.A./N.V. (Euroclear) ou tout autre système de compensation pour les Obligations Livrables, tel que désigné par Euroclear ou Clearstream, Luxembourg.

**Obligations Concernées** désigne les Obligations constituant des Titres de Créance et Crédits de l'Entité de Référence existant immédiatement avant la date effective de l'Evènement de Succession, à l'exclusion de tous titres de dette existant entre l'Entité de Référence et l'une quelconque de ses Sociétés Liées, telles que déterminées par l'Agent de Calcul. L'Agent de Calcul déterminera l'entité qui succédera à ces Obligations Concernées, sur la base de la Meilleure Information Disponible. Si la date à laquelle la Meilleure Information Disponible devient disponible, est déposée ou est affichée, précède la date d'effet juridique de l'Evènement de succession concerné, toutes les hypothèses concernant l'allocation d'obligations entre ou parmi des entités contenues dans la Meilleure Information Disponible sera réputée s'être réalisée à la date d'effet juridique de l'Evènement de Succession, que tel soit ou non réellement le cas.

**Proportion Appropriée** désigne le rapport entre un Titre et le nombre total de Titres émis en cours.

**Contestation/Moratoire** désigne la survenance des deux événements suivants: un dirigeant autorisé d'une Entité de Référence ou une Autorité Gouvernementale (i) ne reconnaît pas, conteste, dénonce ou remet en cause, en totalité ou en partie, la validité d'une ou plusieurs Obligations pour un montant total au moins égal au Seuil de Défaut, ou (ii) déclare ou impose un moratoire, un gel, une suspension ou un report des paiements, que ce soit de fait ou de droit, au titre d'une ou plusieurs Obligations, pour un montant total au moins égal au Seuil de Défaut, et un Défaut de Paiement, déterminé indépendamment du Seuil de Paiement, ou une Restructuration, déterminée sans considération du Seuil de Défaut, au titre de cette Obligation, survient le quatrième Jour Ouvré ou avant la Date d'Évaluation de la Contestation/Moratoire.

**Date d'Évaluation de la Contestation/Moratoire** désigne, si un Cas Potentiel de Contestation/Moratoire survient au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévue, (i) si les Obligations auxquelles ce Cas Potentiel de Contestation/Moratoire se rapporte incluent des Titres de Créance, la plus tardive des deux dates suivantes: (A) la date se situant 60 jours après la date de survenance de ce Cas Potentiel de Contestation/Moratoire, ou (B) la première date de paiement en vertu de ce Titre de Créance suivant la date de survenance de ce Cas Potentiel de Contestation/Moratoire (ou, si cette date est reportée, la date d'expiration de toute Période de Grâce applicable au titre de cette date de paiement), et (ii) si les Obligations auxquelles ce Cas Potentiel de Contestation/Moratoire se rapporte n'incluent pas des Titres de Créance, la date se situant 60 jours après la date de survenance de ce Cas Potentiel de Contestation/Moratoire: étant entendu que, dans tous les cas, la Date d'Évaluation de la Contestation/Moratoire ne devra pas intervenir plus tard que la Date d'Échéance Prévue sauf si la Condition de Prorogation pour Répudiation/Moratoire est satisfaite. Si (i) la Condition de Prorogation pour Contestation/Moratoire est satisfaite et (ii) une Date de Détermination de l'Événement de Crédit au titre de cette Contestation/Moratoire ne survient pas à ou avant le dernier jour de la Période de Signification de Notification, la date d'Échéance sera la plus tardive entre la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Évaluation de la Contestation/Moratoire et la Date d'Échéance Prévue (même si une Contestation/Moratoire survient après la Date d'Échéance Prévue).

**Condition de Prorogation pour Contestation/Moratoire** désigne une condition qui est satisfaite

- (a) si l'ISDA annonce publiquement, à la suite d'une requête valablement signifiée conformément aux Règles et reçue effectivement à ou avant la Date d'Échéance Prévue, que le *Credit Derivatives Determinations Committee* concerné a Déterminé qu'un événement qui constitue un Cas Potentiel de Contestation/Moratoire est intervenu en relation avec une Obligation d'une Entité de Référence concernée et qu'un tel événement est intervenu à ou avant la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Échéance Prévue, ou
- (b) dans les autres cas, par la signification d'une Notification de Prorogation pour Contestation/Moratoire et, si les Conditions Définitives concernées stipulent qu'elle est Applicable de la signification d'une Notification d'Information Publiquement Disponible par ou pour le compte de l'Émetteur aux Titulaires de Titres, et qui est effective à ou avant la date tombant le quatrième Jour Ouvré immédiatement après la Date d'Échéance Prévue.

Dans tous les cas, la Condition de Prorogation pour Contestation/Moratoire sera réputée ne pas avoir été satisfaite, ou ne pouvant pas être satisfaite, si, ou sous condition que, l'ISDA annonce publiquement, à la suite d'une requête valablement signifiée conformément aux Règles et reçue effectivement à ou avant la date tombant le quatorzième jour après la Date d'Échéance Prévue, que le *Credit Derivatives Determinations Committee* concerné a Déterminé que soit (i) un événement ne constitue pas un Cas Potentiel de Contestation/Moratoire en relation avec une Obligation de l'Entité de Référence concernée ou (ii) qu'un événement constitue un Cas Potentiel de Contestation/Moratoire en relation avec une Entité de Référence concernée mais qu'un tel événement est intervenu après la Date d'Échéance Prévue.

**Notification de Prorogation pour Contestation/Moratoire** désigne une notification irrévocable délivrée(e) par ou pour le compte de l'Émetteur aux Titulaires de Titres qui décrit un Cas Potentiel de Contestation/Moratoire, survenu quatre Jours Ouvrés précédant immédiatement la Date d'Échéance Prévue ou préalablement à cette date. Une Notification de Prorogation pour Contestation/Moratoire doit contenir une description raisonnablement

détaillée des faits pertinents pour la détermination du Cas Potentiel de Contestation/Moratoire et indiquer la date de survenance de ce cas. Il n'est pas nécessaire que le Cas Potentiel de Contestation/Moratoire qui fait l'objet de la Notification de Prorogation pour Contestation/Moratoire continue à la date à laquelle la Notification de Prorogation de la Date d'Echéance pour Contestation/Moratoire est effective. Si les Conditions Définitives concernées stipulent que "Notification d'Information Publiquement Disponible" pour Contestation/Moratoire est Applicable, et si une Notification de Prorogation de la Date d'Echéance pour Contestation/Moratoire contient des Informations Publiquement Disponibles, cette Notification de Prorogation de la Date d'Echéance pour Contestation/Moratoire sera réputée être une Notification d'Information Publiquement Disponible.

**Montant Résiduel de Remboursement en Espèces** désigne, s'agissant de Titres sur Panier et de Titres sur Tranche pour lequel un ou plusieurs Evènement(s) de Crédit Non Régulé(s) s'est (se sont) produit(s), un montant payable à la Date d'Echéance représentant la différence entre le Montant de Remboursement en Espèces et le Montant Préliminaire de Remboursement en Espèces.

**Titre de Créance ou Crédit Restructuré** désigne une Obligation qui est un Titre de Créance ou un Crédit, pour laquelle une Restructuration a eu lieu.

**Restructuration** désigne:

- (a) au titre d'une ou plusieurs Obligation(s) et s'agissant d'un montant total au moins égal au Seuil de Défaut, la survenance de l'un ou plusieurs des événements suivants sous une forme qui lie tous les titulaires de cette Obligation, est convenue entre l'Entité de Référence ou une Autorité Gouvernementale et un nombre suffisant de titulaires de cette ou ces Obligation(s) pour lier tous les titulaires de ou des Obligation(s), ou est annoncée (ou autrement décrétée) par une Entité de Référence ou une Autorité Gouvernementale sous une forme qui lie tous les titulaires de cette ou ces Obligation(s), dès lors que cet événement n'est pas expressément prévu dans les modalités de cette ou ces Obligation(s) en vigueur lors de la plus tardive des deux dates suivantes - la Première Date de Survenance d'un Événement de Crédit et la date d'émission ou de création de cette ou ces Obligation(s):
  - (i) toute réduction du taux ou du montant des intérêts payables ou à courir initialement prévus;
  - (ii) toute réduction du montant de la prime ou du principal dû à l'échéance ou aux dates de remboursement prévues initialement;
  - (iii) tout report d'une ou plusieurs dates auxquelles il est prévu (A) qu'un paiement d'intérêts ait lieu ou que des intérêts commencent à courir ou (B) qu'un remboursement du principal ou qu'un paiement de prime ait lieu;
  - (iv) tout changement du rang de priorité de paiement d'une Obligation, entraînant la Subordination de cette Obligation à toute autre Obligation; ou
  - (v) tout changement de la devise ou de la composition de tout paiement en principal ou intérêts, pour passer à toute devise qui n'est pas une Devise Autorisée.
- (b) Nonobstant les stipulations du sous-paragraphe (a) ci-dessus, ne constituent pas une Restructuration:
  - (i) le paiement en euro du principal ou d'intérêts dus au titre d'une Obligation libellée à l'origine dans la devise d'un Etat Membre de l'Union Européenne qui a opté ou opterait pour la monnaie unique selon les dispositions du Traité instituant la Communauté Européenne, tel que modifié par le Traité de l'Union Européenne;

- (ii) la survenance ou l'annonce de l'un des événements décrits aux paragraphes (a)(i) à (a)(v) ci-dessus ou un accord portant sur un tel événement en raison d'une mesure administrative, fiscale, comptable ou technique, survenant dans le cours normal des affaires; et
  - (iii) la survenance ou l'annonce de l'un des événements décrits aux paragraphes (a)(i) à (a)(v) ci-dessus ou un accord portant sur un tel événement, s'il ne résulte pas directement ou indirectement de l'augmentation du risque de crédit de l'Entité de Référence ou d'une détérioration de sa situation financière.
- (c) Aux fins des sous-paragraphes (a) et (b) ci-dessus et, aux fins du sous-paragraphe (d) ci-dessous, à moins que les Conditions Définitives concernées ne stipulent que "Obligation à Porteurs Multiples" est Non applicable, le terme "Obligation" sera réputé inclure des Obligations Sous-Jacentes pour lesquelles l'Entité de Référence agit soit en qualité de fournisseur au titre d'une Garantie Affiliée Eligible soit, si "Toutes Garanties" est stipulée comme étant Applicable dans les Conditions Définitives concernées, en tant que fournisseur au titre d'une Garantie Eligible. Pour une Garantie Eligible et une Obligation Sous-Jacente, les références à l'Entité de Référence faites à la Section (a) ci-dessus seront réputées désigner le Débiteur Sous-Jacente, et la référence à l'Entité de Référence à la Section (b) ci-dessus continuera de désigner l'Entité de Référence.
- (d) A moins que "Obligation à Porteurs Multiples" soit stipulée comme étant Non applicable dans les Conditions Définitives concernées, et nonobstant toute disposition contraire dans les sous-paragraphes (a), (b) et (c) ci-dessus, la survenance ou l'annonce de l'un quelconque des événements décrits aux paragraphes (a)(i) à (v), ou l'accord sur un tel événement, ne constituera pas une Restructuration à moins que l'Obligation concernée par l'un de ces événements ne soit une Obligation à Porteurs Multiples.

**Date de Restructuration** désigne, pour un Titre de Créance ou Crédit Restructuré, la date à laquelle une Restructuration est juridiquement effective selon les termes de la documentation qui régit cette Restructuration.

**Date Limite d'Echéance en cas de Restructuration et Obligation Totalement Transférable** signifie, si stipulée comme étant Applicable dans les Conditions Définitives concernées et si la Restructuration est le seul Événement de Crédit précisé dans une Notification d'Événement de Crédit signifiée par ou pour le compte de l'Émetteur, qu'une Obligation [Livable]\*\*[Sélectionnée]\* ne peut être spécifiée dans la [Notification de Règlement Physique]\*\*[Notification d'Évaluation Finale]\* qu'à condition qu'elle (i) soit une Obligation Totalement Transférable et (ii) ait une date d'échéance finale non postérieure à la Date Limite d'Echéance en cas de Restructuration concernée.

ETANT ENTENDU QUE si une Date d'Annonce d'Absence d'Enchères est survenue conformément au sous-paragraphe (b) de la définition de cette date concernant une Transaction de Dérivés de Crédit (*Credit Derivatives Transaction tel que ce terme est défini dans les 2003 ISDA Credit Derivatives Definitions*) en relation avec l'Entité de Référence concernée et ayant une *Scheduled Termination Date* (tel que ce terme est défini dans les *2003 ISDA Credit Derivatives Definitions*) comparable à la Date d'Echéance Prévus des Titres, la condition du sous-paragraphe (ii) ci-dessus ne sera pas d'application.

**Date Limite d'Echéance en Cas de Restructuration** désigne, s'agissant d'une Obligation [Livable]\*[Sélectionnée]\*\*, la Date Limite tombant à, ou juste après, la Date d'Echéance Prévus, sous réserve que, dans les cas où la Date d'Echéance Prévus survient après la Date Limite de 2,5 ans, il existe au moins une Obligation Habilitante. Nonobstant ce qui précède, si la date d'échéance finale d'un Titre de Créance ou Crédit Restructuré avec la date d'échéance finale plus tardive de tout Titre de Créance ou Crédit Restructuré tombe antérieurement à la Date Limite de 2,5 ans (ce Titre de Créance ou Crédit Restructuré, un **Titre de Créance ou Crédit Restructuré à Échéance Limite**) et la Date d'Echéance Prévus tombe antérieurement à la date d'échéance finale de ce Titre de Créance ou Crédit Restructuré à Échéance Limite, alors la Date Limite d'Echéance en Cas de Restructuration sera la date d'échéance finale de ce Titre de Créance ou Crédit Restructuré à Échéance Limite.

Dans le cas où la Date d'Echéance Prévue intervient plus tard que (a)(i) la date d'échéance finale du Titre de Créance ou Crédit Restructuré à Echéance Limite, le cas échéant, ou (ii) la Date Limite de 2,5 ans, et dans tous les cas, qu'il n'existe aucune Obligation Habilitante ou (b) la Date Limite de 20 ans, la Date Limite de Restructuration sera la Date d'Echéance Prévue.

**Montant Retenu** désigne, s'agissant de Titres sur Panier ou de Titres sur Tranche pour lesquels un ou plusieurs Evènement(s) de Crédit Non Régulé(s) s'est (se sont) produit(s), le montant le plus petit entre:

- (a) La différence entre la Montant Nominal Total et le Montant de Perte Totale calculé immédiatement avant la Date d'Echéance Prévue; et
- (b) Soit:
  - (i) S'agissant de Titres sur Panier, le total des Montants de Perte pour tous les Evènements de Crédit Non Régulés (en considérant que la Valeur Finale est zéro pour chaque Evènement de Crédit Non Régulé); ou
  - (ii) S'agissant de Titres sur Tranche, le montant par lequel le Montant de Perte Total à la Date d'Echéance (en considérant que la Valeur Finale est zéro pour chaque Evènement de Crédit Non Régulé) dépasserait le Montant de Perte Totale précédant immédiatement la Date d'Echéance Prévue.

**Règles** signifie les *Credit Derivatives Determinations Committee Rules* publiées par l'ISDA sur son site internet [www.isda.org](http://www.isda.org) (ou sur le site de son successeur) de temps à autre et telles que modifiées de temps à autre conformément à leurs modalités.

**Obligation(s) Sélectionnée(s)** désigne, afin de déterminer le Prix Final, tel que spécifié dans la Notification d'Evaluation Finale, sous réserve des dispositions contenues dans la définition de la Date Limite d'Echéance en cas de Restructuration et Obligation Totale Transférable, ou des dispositions contenues dans la Définition de la Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sous Condition(s), si les Conditions Définitives concernées stipulent qu'elles sont Applicables, une des obligations suivante:

- (a) l'Obligation de Référence (le cas échéant);
- (b) toute obligation d'une Entité de Référence (soit directement ou comme fournisseur de la Garantie Affiliée Eligible ou, si Toutes Garanties est spécifié comme étant Applicable dans les Conditions Définitives concernées, comme fournisseur de toute Garantie Eligible) décrite par la Catégorie d'Obligation Sélectionnée spécifiée dans les Conditions Définitives concernées, et présentant chacune des Caractéristiques d'Obligation Sélectionnée stipulées (le cas échéant) dans les Conditions Définitives concernées, qui (i) est payable pour un montant égal à son solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, (ii) dans le cas d'une Garantie Eligible autre qu'une Garantie Affiliée Eligible, peut, à la Date d'Evaluation de l'Evènement de Crédit, être exécutée immédiatement par ou pour le compte du ou des titulaires à l'encontre de l'Entité de Référence, pour un montant au moins égal au solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, indépendamment de l'envoi de toute notification de non-paiement ou de toute exigence procédurale similaire, étant entendu que la déchéance du terme d'une Obligation Sous-Jacente ne sera pas considérée comme une exigence procédurale, et (iii) ne fait l'objet d'aucun droit de compensation de la part d'une Entité de Référence ou de tout Débiteur Sous-Jacent, ni d'aucune demande reconventionnelle, exception ou autre objection, autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs suivant:
  - (i) tout défaut ou défaut présumé de pouvoir ou de capacité d'une Entité de Référence à contracter n'importe quelle(s) Obligation(s) Sélectionnée(s);

- (ii) l'absence de caractère exécutoire, l'illégalité, l'impossibilité ou l'invalidité, réelle ou présumée, de toute Obligation Sélectionnée, quelle que soit sa description;
  - (iii) toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté applicable, quelle que soit sa description, la promulgation de toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté, ou tout revirement de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou ayant compétence apparente, quelle que soit sa description; ou
  - (iv) l'imposition par toute autorité monétaire ou autre, de tout contrôle des changes, de toutes restrictions à la libre circulation des capitaux ou de toutes autres restrictions similaires, ou tout changement de ces contrôles ou restrictions, quelle que soit leur description.
- (c) uniquement en relation avec une Restructuration applicable à une Entité de Référence Souveraine, toute Obligation Sélectionnée Souveraine Restructurée qui (i) est payable pour un montant égal à son solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, (ii) ne fait l'objet d'aucune demande reconventionnelle, exception ou autre objection, (autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs visés au paragraphe (b)(i)-(iv) ci-dessus), ni d'aucun droit de compensation de l'Entité de Référence ou, le cas échéant, d'un Débiteur Sous-Jacent, et (iii) dans le cas d'une Garantie Eligible autre qu'une Garantie Affiliée Eligible, peut, à la Date d'Evaluation de l'Événement de Crédit, être exécutée immédiatement par ou pour le compte du ou des titulaires à l'encontre de l'Entité de Référence, pour un montant au moins égal au solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, et qui est Livrée indépendamment de l'envoi de toute notification de non-paiement ou de toute exigence procédurale similaire, étant entendu que la déchéance du terme d'une Obligation Sous-Jacente ne sera pas considérée comme une exigence procédurale;
- (d) toute autre obligation d'une Entité de Référence spécifiée comme telle dans les Conditions Définitives concernées.
- (i) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en euros:*  
  
si une Obligation Sélectionnée est libellée dans une devise autre que l'euro, l'Agent de Calcul déterminera l'équivalent en euro de ce montant par référence au prix moyen affiché sur la Page Reuters ECB37 à 12:00, heure de Londres, à la Date d'Evaluation de l'Événement de Crédit, ou de toute autre manière raisonnable commercialement que l'Agent de Calcul déterminera à son entière discrétion.
  - (ii) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en Dollars Américains:*  
  
si une Obligation Sélectionnée est libellée dans une devise autre que le Dollar Américain, l'Agent de Calcul déterminera l'équivalent en Dollars Américains de ce montant par référence au taux moyen de la Banque de la Réserve Fédérale de New York à 10:00 du matin, tel qu'affiché sur la Page Reuters FEDSPOT à la Date d'Evaluation de l'Événement de Crédit, ou de toute autre manière raisonnable commercialement que l'Agent de Calcul déterminera à son entière discrétion.
  - (iii) *Si les Titres décrits dans les Conditions Définitives concernées sont libellés en Dollars de Hong Kong:*  
  
si une Obligation Sélectionnée est libellée dans une devise autre que le Dollar de Hong Kong, l'Agent de Calcul déterminera l'équivalent en Dollars de Hong Kong de ce montant par référence au taux moyen de la Banque de Réserve Fédérale de New York à 10:00 du matin,

tel qu'affiché sur la Page Reuters FEDSPOT à la Date d'Evaluation de l'Événement de Crédit, ou d'une autre manière raisonnable commercialement que l'Agent de Calcul déterminera à son entière discrétion.

**Catégorie d'Obligation Sélectionnée** désigne l'une des catégories suivantes: Paiement, Dette Financière, Obligations de Référence Uniquement, Titre de Créance, Crédit, ou Titre de Créance ou Crédit, comme précisé dans les Conditions Définitives concernées. Si les Conditions Définitives concernées stipulent Obligation de Référence Uniquement, aucune Caractéristique d'Obligations Sélectionnée ne sera applicable.

**Caractéristiques d'Obligation Sélectionnée** désigne l'une des caractéristiques suivantes: Non Subordonné(e), Devise de Référence, Prêteur Non Souverain, Devise Locale Exclue, Droit Non Domestique, Cotée, Non Conditionnelle, Emission Non Domestique, Crédit Transférable, Crédit Transférable sur Accord, Transférable, Échéance Maximum, et Non au Porteur, comme précisé dans les Conditions Définitives concernées. Si l'une des catégories suivantes: Paiement, Dette Financière, Titre de Créance ou Crédit, ou Crédit est précisée comme une Catégorie d'Obligation Sélectionnée et si plusieurs caractéristiques autres que Crédit Transférable et Crédit Transférable sur Accord sont spécifiées comme Caractéristiques d'Obligation Sélectionnée, l'Obligation Sélectionnée pourra inclure tout Crédit qui satisfait à l'une quelconque des Caractéristiques d'Obligation Sélectionnée précisées et ne devra pas satisfaire à toutes ces Caractéristiques d'Obligation Sélectionnée. Pour les besoins de l'application des Caractéristiques d'Obligation Sélectionnée applicables à une Obligation Sous-Jacente, les références à l'Entité de Référence seront réputées viser le Débiteur Sous-Jacent.

**Méthode de Règlement** désigne soit le Règlement Physique (cf. la Partie 1 Section I de cette Annexe Technique Événement de Crédit) soit le Règlement en Espèces (cf. la Partie 1 Section II de cette Annexe Technique Événement de Crédit) comme précisé dans les Conditions Définitives concernées.

**Titre sur Entité Unique** désigne un Titre indexé sur une seule Entité de Référence.

**Souverain** désigne tout Etat, subdivision politique ou gouvernement, ou toute agence, toute émanation, tout ministère, tout département ou toute autre autorité (y compris, sans limiter ce qui précède, la banque centrale) de cet Etat, cette subdivision politique ou ce gouvernement.

**Agence Souveraine** désigne toute agence, toute émanation, tout ministère, tout département ou toute autre autorité (y compris, sans limiter ce qui précède, la banque centrale) d'un Souverain.

**Obligation Livrable Souveraine Restructurée** désigne une Obligation d'une Entité de Référence Souveraine (a) au titre de laquelle une Restructuration faisant l'objet de la Notification d'Événement de Crédit concernée est survenue et (b) qui appartient à la Catégorie d'Obligation Livrable spécifiée dans les Conditions Définitives concernées et qui présente les Caractéristiques d'Obligation Livrable spécifiées dans les Conditions Définitives concernées, dans chaque cas immédiatement avant la date à laquelle cette Restructuration devient légalement effective conformément aux règles et aux textes en vigueur régissant cette Restructuration, même si, à la suite de cette Restructuration, l'Obligation ne correspond pas à la Catégorie d'Obligation Livrable ou aux Caractéristiques d'Obligation Livrable.

**Obligation Sélectionnée Souveraine Restructurée** désigne une Obligation d'une Entité de Référence Souveraine (a) au titre de laquelle une Restructuration faisant l'objet de la Notification d'Événement de Crédit concernée est survenue et (b) qui appartient à la Catégorie d'Obligation Sélectionnée spécifiée dans les Conditions Définitives concernées et qui présente les Caractéristiques d'Obligation Sélectionnée spécifiées dans les Conditions Définitives concernées, dans chaque cas immédiatement avant la date à laquelle cette Restructuration devient légalement effective conformément aux règles et aux textes en vigueur régissant cette Restructuration, même si, à la suite de cette Restructuration, l'Obligation ne correspond pas à la Catégorie d'Obligation Sélectionnée ou aux Caractéristiques d'Obligation Sélectionnée.

**Obligation(s) Livrable(s) Spécifiée(s)** désigne les Obligations Livrables de l'Entité de Référence ou de la Première Entité de Référence Défaillante, telles que spécifiées dans la Notification de Règlement Physique (sous réserve de la définition de ce terme).

**Devise de Référence** désigne pour les besoins de l'Annexe Technique Événement de Crédit, une obligation qui est payable dans la devise ou les devises précisées comme telles dans les Conditions Définitives concernées (ou, si la rubrique "Devise de Référence" est mentionnée dans les Conditions Définitives concernées sans qu'aucune devise ne soit précisée, chacune des devises légales du Canada, Japon, Suisse, Royaume Uni, États-Unis d'Amérique et l'euro (et toute devise remplaçante de chacune des devises mentionnées ci-dessus), et ces devises étant dénommées collectivement les **Devises de Référence Standard**).

**Nombre Spécifié** désigne le nombre de Sources Publiques précisé dans les Conditions Définitives concernées (ou si aucun nombre n'est précisé, deux).

**Subordination** désigne, pour une obligation (l'**Obligation Subordonnée**) et d'une autre obligation de l'Entité de Référence à laquelle cette obligation est comparée (l'**Obligation Senior**), un arrangement contractuel, fiduciaire ou accord similaire en vertu duquel (i) au moment de la liquidation, dissolution, réorganisation ou cessation de l'Entité de Référence, les demandes des titulaires de l'Obligation Senior sont satisfaites avant les demandes des titulaires de l'Obligation Subordonnée ou (ii) les titulaires de l'Obligation Subordonnée n'ont pas le droit de recevoir ou conserver des paiements au titre de leurs créances à l'encontre de l'Entité de Référence, à tout moment où l'Entité de Référence sera en arriéré de paiement ou autrement en défaut en vertu de l'Obligation Senior. **Subordonné** sera interprété en conséquence. Afin de déterminer si une Subordination existe ou si une obligation est subordonnée à une autre obligation à laquelle cette obligation est comparée, l'existence de créanciers privilégiés en vertu de la loi ou d'accords de garantie, soutien ou rehaussement de crédit, ne seront pas pris en compte; par exception à ce principe et nonobstant ce qui précède, les priorités précitées résultant de la loi seront prises en compte lorsque l'Entité de Référence est un Souverain.

**Obligation(s) de Référence de Remplacement** désigne une ou plusieurs obligations de l'Entité de Référence (soit en qualité de débiteur principal soit en qualité de garant au titre d'une Garantie Affiliée Eligible, ou, si les Conditions Définitives stipulent que "Toutes Garanties" est Applicable, en qualité de garant au titre d'une Garantie Eligible) qui se substitueront à une ou plusieurs Obligations de Référence, identifiées par l'Agent de Calcul conformément aux méthodes suivantes:

- (a) Si (i) une Obligation de Référence est remboursée en totalité ou si (ii) de l'avis de l'Agent de Calcul, (A) le montant total dû au titre d'une Obligation de Référence a été substantiellement réduit par voie de remboursement ou de toute autre manière (autrement qu'à la suite d'un remboursement, d'un amortissement ou de remboursements anticipés effectués aux dates initialement prévues), (B) toute Obligation de Référence est une Obligation Sous-Jacente avec Garantie Eligible d'une Entité de Référence et la Garantie Eligible n'est plus une obligation valable et ayant force de loi pour cette Entité de Référence, dont l'exécution forcée puisse être recherchée conformément à ses termes, sauf si cette situation résulte de l'existence ou de la survenance d'un Événement de Crédit, ou (C) toute Obligation de Référence cesse d'être une obligation de l'Entité de Référence pour tout autre motif, autre que l'existence ou la survenance d'un Événement de Crédit, l'Agent de Calcul devra alors identifier une ou plusieurs Obligations qui se substitueront à cette Obligation de Référence.
- (b) Toute Obligation de Référence de Remplacement ou toutes Obligations de Référence de Remplacement devront être une Obligation qui (1) vient au même rang de priorité de paiement que le rang de priorité de paiement de chaque Obligation de Remplacement et que cette Obligation de Référence, (le rang de priorité de paiement de cette Obligation de Référence étant la date d'émission ou de création de cette Obligation de Référence, à condition qu'aucune modification de ce rang de priorité de paiement ne soit intervenue après cette date), (2) garantit un équivalent économique aussi proche que possible des obligations de l'Emetteur en vertu des Titres, comme l'Agent de Calcul en jugera, et (3) est une obligation de l'Entité de Référence concernée (soit en qualité de débiteur principal soit en qualité de garant au titre d'une Garantie Affiliée Eligible, ou, si les Conditions Définitives concernées

stipulent que "Toutes Garanties" est Applicable, en qualité de garant au titre d'une Garantie Eligible). Après notification aux Titulaires de Titres, l'Obligation de Référence de Remplacement ou les Obligations de Référence de Remplacement identifiées par l'Agent de Calcul se substitueront, sans aucune formalité, au(x) Obligation(s) de Référence concernée(s).

L'Agent de Calcul procédera (en son absolue discrétion) aux ajustements qu'il jugera nécessaire d'apporter aux modalités des Titres, afin de préserver l'équivalent économique des obligations de l'Émetteur en vertu des Titres.

**succède** signifie, pour les besoins de la détermination d'un Successeur, au titre d'une Entité de Référence et de ses Obligations Concernées (ou, selon le cas, des obligations de cette Entité de Référence), qu'une partie autre que cette Entité de Référence (i) prend en charge ces Obligations Concernées ou en devient responsable (ou, selon le cas, des obligations de cette Entité de Référence), en application de la loi ou en vertu d'un contrat, ou (ii) émet des Titres de Créance qui sont échangés contre des Obligations Concernées (ou, selon le cas, des obligations de cette Entité de Référence) et, dans les deux cas, cette Entité de Référence n'est plus débitrice (à titre principal ou secondaire) ou garante de ces Obligations Concernées (ou, selon le cas, des obligations). Les déterminations requises en vertu de la définition du terme "Successeur" devront être faites, dans le cas d'une offre d'échange, sur la base de l'encours en principal d'Obligations Concernées proposé et accepté dans l'échange, et non sur la base de l'encours en principal de Titres de Créance contre lesquels des Obligations Concernées ont été échangées.

**Événement de Succession** désigne

- (a) s'agissant d'une Entité de Référence qui n'est pas Souveraine, un événement tel qu'une fusion, une consolidation, un regroupement, un transfert d'actifs ou d'éléments de passif, une scission, une cession de branche d'activité ou tout autre événement similaire au cours duquel une entité succède aux obligations d'une autre entité, que ce soit en application de la loi ou en vertu d'un contrat; ou
- (b) s'agissant d'une Entité de Référence qui est Souveraine, un événement tel qu'une annexion, une unification, une sécession, une partition, une dissolution, une consolidation, une reconstitution ou tout autre événement dont résulte tout successeur(s) direct ou indirect(s) à cette Entité de Référence.

Nonobstant les dispositions qui précèdent, "Événement de Succession" n'inclura pas un événement (i) où les titulaires d'obligations de l'Entité de Référence échangent ces obligations contre des obligations d'une autre entité, à moins que cet échange n'intervienne à l'occasion d'une fusion, d'une consolidation, d'un regroupement, d'un transfert d'actifs ou de passifs, d'une scission, d'une cession de branche d'activité ou de tout autre événement similaire ou (ii) dont la date d'effet juridique (ou dans le cas d'une Entité de Référence qui est Souveraine, la date de survenance) s'est produite avant la Date Limite Antérieure de Survenance d'un Évènement de Succession.

**Date Limite Antérieure de Survenance d'un Évènement de Succession** signifie la date qui tombe 120 jours avant la Date d'Emission des Titres concernés.

**Notification d'Évènement de Succession** désigne une notification irrévocable signifiée par ou pour le compte de l'Émetteur aux Titulaires de Titres décrivant un Évènement de Succession qui est intervenu à, ou après la, Date Limite Antérieure de Survenance d'un Évènement de Succession. Une Notification d'Évènement de Succession doit contenir une description raisonnablement détaillée des faits permettant de déterminer si (a) un Évènement de Succession s'est produit et (b) le cas échéant, l'identité de tout Successeur(s).

**Successeur** désigne:

- (a) pour une Entité de Référence qui n'est pas une Entité Souveraine, l'entité ou les entités (éventuelles) déterminées de la manière définie ci-dessous:

- (i) Si une entité succède directement ou indirectement à cette Entité de Référence à hauteur de 75 pour cent ou plus des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, cette entité sera le seul Successeur et, dans le cas de Titres sur Panier et de Titres sur Tranche, la Pondération de ce Successeur unique sera la Pondération de l'Entité de Référence avant l'Évènement de Succession.
- (ii) Si une seule entité succède directement ou indirectement à cette Entité de Référence à hauteur de plus de 25 pour cent (mais moins de 75 pour cent) des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, et si l'Entité de Référence ne conserve pas plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, l'entité qui lui succède à hauteur de plus de 25 pour cent des Obligations Concernées sera le seul Successeur et, dans le cas de Titres sur Panier et de Titres sur Tranche, la Pondération de ce Successeur unique sera la Pondération de l'Entité de Référence avant l'Évènement de Succession.
- (iii) Si plusieurs entités succèdent directement ou indirectement à cette Entité de Référence et, si chacune de ces entités lui succède à hauteur de plus de 25 pour cent au titre des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, et si l'Entité de Référence ne conserve pas plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, chacune des entités qui lui succèdent à hauteur de plus de 25 pour cent des Obligations Concernées constituera un Successeur et les Modalités des Titres seront modifiées conformément aux dispositions de la définition de l'expression "Successeur Multiple" dans la Section V de la Partie 1 de la présente Annexe Technique Événement de Crédit. Dans le cas de Titres sur Panier et de Titres sur Tranche, la Pondération de chaque Successeur sera la Pondération de l'Entité de Référence avant l'Évènement de Succession divisée par le nombre de Successeurs.
- (iv) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence, si chacune de ces entités lui succède à hauteur de plus de 25 pour cent au titre des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, et si l'Entité de Référence conserve plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, chacune de ces entités et l'Entité de Référence seront un Successeur et les Modalités des Titres seront modifiées conformément aux dispositions de la définition de l'expression "Successeur Multiple" dans la Section E de la Partie 1 de la présente Annexe Technique Événement de Crédit. Dans le cas de Titres sur Panier et de Titres sur Tranche, la Pondération de chaque Successeur sera la Pondération de l'Entité de Référence avant l'Évènement de Succession divisée par le nombre de Successeurs.
- (v) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence à hauteur d'une fraction des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, mais si aucune entité ne succède à plus de 25 pour cent des Obligations Concernées de l'Entité de Référence et si l'Entité de Référence continue d'exister, il n'y aura pas de Successeur et l'Évènement de Succession n'affectera en aucune manière l'Entité de Référence ni les Modalités des Titres; et
- (vi) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence à hauteur d'une fraction des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Événement de Succession, mais si aucune entité ne succède plus de 25 pour cent des Obligations Concernées de l'Entité de Référence et si l'Entité de Référence cesse d'exister, l'entité qui succède à hauteur du pourcentage le plus élevé des Obligations Concernées (ou, si deux ou plus de deux entités succèdent à hauteur d'un pourcentage égal des Obligations Concernées, celle de ces entités qui succède à hauteur du pourcentage le plus élevé des Obligations de l'Entité de Référence) de l'Entité de Référence sera le seul

Successeur, et, dans le cas de Titres sur Panier et de Titres sur Tranche, la Pondération de ce Successeur unique sera la Pondération de l'Entité de Référence avant l'Événement de Succession.

ETANT ENTENDU QUE, s'agissant de Titres sur Panier et de Titres sur Tranche, si le Successeur, ou le cas échéant, un ou plusieurs des Successeurs de l'Entité de Référence touchée par un Événement de Succession est(sont) une autre Entité de Référence appartenant au Portefeuille de Référence à la date effective de l'Événement de Succession, la Pondération de ce Successeur sera la somme de la Pondération de ce Successeur après l'Événement de Succession déterminée conformément aux paragraphes (a)(i), (ii), (iii), (iv) ou (vi) de la présente définition et de la Pondération de ce Successeur applicable avant l'Événement de Succession.

ETANT EN OUTRE ENTENDU QUE, s'agissant de Titres sur Panier et de Titres sur Tranche, si deux ou plusieurs Entités de Référence sont touchées par un Événement de Succession résultant en au moins un Successeur commun, la Pondération de ce Successeur commun sera la somme de la Pondération de ce Successeur après l'Événement de Succession déterminée conformément aux paragraphes (a)(i), (ii), (iii), (iv) ou (vi) de la présente définition pour chaque Entité de Référence pour laquelle il est un Successeur.

L'Agent de Calcul sera chargé de déterminer, dès que cela sera raisonnablement possible après qu'il ait eu connaissance de l'Événement de Succession concerné (mais 14 jours calendaires au moins après la date légale effective de l'Événement de Succession), avec effet à compter de la date légale effective de l'Événement de Succession, si les seuils pertinents exposés ci-dessus ont été atteints ou, selon le cas, quelle entité répond aux conditions posées au paragraphe (a)(vi) ci-dessus, ETANT ENTENDU QUE l'Agent de Calcul ne fera pas cette détermination si, à cette date, soit (A) l'ISDA a annoncé publiquement que les conditions permettant de réunir un Credit Derivatives Determinations Committee pour Déterminer conformément aux Règles (y) si un événement qui constitue un Événement de Succession s'est produit s'agissant de l'Entité de Référence concernée et (x) la date d'effet juridique de cet événement (jusqu'à la date, le cas échéant, à laquelle l'ISDA annonce publiquement que le *Credit Derivatives Determinations Committee* a Déterminé de ne pas déterminer un Successeur) sont satisfaites ou (B) l'ISDA a publiquement annoncé que le *Credit Derivatives Determinations Committee* a Déterminé qu'aucun événement constituant un Événement de Succession ne s'est produit. Pour calculer les pourcentages utilisés pour déterminer si les seuils pertinents mentionnés ci-dessus ont été atteints, ou quelle entité remplit les critères du paragraphe (a)(vi) ci-dessus, selon le cas, l'Agent de Calcul devra utiliser, pour chaque Obligation Concernée applicable comprise dans ce calcul, le montant de la dette relative à cette Obligation Concernée, qui figure dans la Meilleure Information Disponible.

- (b) pour une Entité de Référence Souveraine, Successeur désigne chaque entité qui devient un successeur direct ou indirect de cette Entité de Référence par l'opération d'un Événement de Succession, indépendamment du fait que ce successeur assume ou non une quelconque obligation de cette Entité de Référence.

L'Agent de Calcul sera chargé de déterminer, dès que cela sera raisonnablement possible après qu'il ait eu connaissance de l'Événement de Succession concerné (mais 14 jours calendaires au moins après la date de survenance de l'Événement de Succession), avec effet à compter de la date de survenance de l'Événement de Succession, chaque Souverain et/ou entité, le cas échéant, qui sera un Successeur au titre du paragraphe (b) ci-dessus. ETANT ENTENDU QUE l'Agent de Calcul ne fera pas cette détermination si, à cette date, soit (A) l'ISDA a annoncé publiquement que les conditions permettant de réunir un *Credit Derivatives Determinations Committee* pour Déterminer conformément aux Règles (y) si un événement qui constitue un Événement de Succession s'est produit s'agissant de l'Entité de Référence concernée et (x), la date de survenance de cet événement (jusqu'à la date, le cas échéant, à laquelle l'ISDA annonce publiquement que le *Credit Derivatives Determinations Committee* a Déterminé de ne pas déterminer un Successeur) sont satisfaites ou (B) l'ISDA a publiquement annoncé que le

*Credit Derivatives Determinations Committee a Déterminé* qu'aucun évènement constituant un Evènement de Succession ne s'est produit.

Une notification sera envoyée par ou pour le compte de l'Emetteur aux Titulaires de Titres prouvant l'Evènement de Succession et fournissant toutes les indications appropriées nécessaires en ce qui concerne les Successeurs(s), le Montant Notionnel de Successeur Multiple (si applicable), la Pondération de l'Entité de Référence (si applicable) ou la modification des Obligations de Référence.

ETANT ENTENDU QUE (pour les sections (a) et (b) ci-dessus), si Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées ou en ce qui concerne les Titres sur Premier Défaut, l'Agent de Calcul ajustera l'effet d'un Evènement de Succession, si nécessaire, de façon à ce que dans tous les cas, le nombre d'Entités de Référence dans le Portefeuille de Référence reste inchangé et si Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, de façon à ce que la Pondération de l'Entité de Référence reste la même pour toutes les Entités de Référence dans le Portefeuille de Référence, en particulier :

Si le Successeur résultant d'une Entité de Référence (l'**Entité de Référence Originelle**) affectée par un Evènement de Succession est une autre Entité de Référence du Portefeuille de Référence (l'**Entité de Référence Survivante**) à la date effective de l'Evènement de Succession, l'Agent de Calcul agissant de bonne foi et à sa seule discrétion devra choisir une nouvelle entité ayant une Notation équivalente (telle que définie ci-dessous) ou un risque de crédit équivalent (si la Notation n'est pas disponible) à l'Entité de Référence Originelle immédiatement avant la survenance de l'Evènement de Succession, et cette nouvelle entité sera considérée comme ayant remplacé l'Entité de Référence Originelle comme Entité de Référence effective à partir de la date de l'Evènement de Succession (incluse) et si Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, la Pondération de l'Entité de Référence de l'Entité de Référence Survivante effective avant l'Evènement de Succession restera la même et la Pondération de l'Entité de Référence de l'entité ayant remplacé l'Entité de Référence Originelle sera égale à la Pondération de l'Entité de Référence de l'Entité de Référence Originelle immédiatement avant l'Evènement de Succession;

Et

Si un Evènement de Succession a pour conséquence qu'il y ait plusieurs Successeurs (les **Successeurs Potentiels**) à une Entité de Référence, l'Agent de Calcul devra choisir à sa seule discrétion seulement une entité (le **Successeur Choisi**) parmi les Successeurs Potentiels afin de remplacer l'Entité de Référence et le Successeur Choisi sera considéré avoir remplacé l'Entité de Référence à partir de la date effective de l'Evènement de Succession (incluse) et si Défaut-de-N-à-M est spécifié Applicable dans les Conditions Définitives concernées, la Pondération de l'Entité de Référence du Successeur Choisi sera égale à la Pondération de l'Entité de Référence de l'Entité de Référence immédiatement avant l'Evènement de Succession.

Pour les besoins de cette définition, **Notation** désigne la notation de la dette senior non garantie attribuée par les trois agences de notation Moody's Investor Service, Inc., Standard & Poor's, une division de The McGraw-Hill Companies, Inc. et Fitch Ratings ou l'une quelconque de ces agences de notation, étant entendu que si les notations attribuées pour une entité ne sont pas équivalentes, seules la ou les notations les plus élevées seront prises en considération.

**Organisation Supranationale** désigne toute entité ou organisation établie par traité ou autre accord entre deux Souverains ou davantage ou des Agences Souveraines de deux Souverains ou davantage, et inclut, sans limiter ce qui précède, le Fonds Monétaire International, la Banque Centrale Européenne, la Banque Internationale pour la Reconstruction et le Développement et la Banque Européenne pour la Reconstruction et le Développement.

**Titre sur Tranche** désigne un Titre avec Panier spécifié comme tel dans les Conditions Définitives concernées.

**Montant Notionnel de la Tranche** désigne, en relation avec des Titres sur Tranche, le Montant Nominal Total des Titres à la Date d'Emission ou tout autre montant spécifié dans les Conditions Définitives.

**Montant de Subordination de la Tranche** désigne, en relation avec les Titres sur Tranche, le montant indiqué comme tel dans les Conditions Définitives.

**Modalités de Règlement aux Enchères de la Transaction** désigne, en relation avec une Entité de Référence et l'Évènement de Crédit concerné, les Modalités de Règlement aux Enchères de Transactions de Dérivés de Crédit (*Credit Derivatives Transactions*) publiées par l'ISDA, conformément aux Règles ou par toute autre association ou organisation reconnue, choisie par l'Agent de Calcul (y compris, afin d'éviter toute ambiguïté, tout Règlement aux Enchères), qui prévoit l'évaluation d'obligations d'une Entité de Référence au titre de laquelle un Évènement de Crédit s'est produit, et qui devra être utilisé pour déterminer les montants payables entre les parties d'une transaction de dérivé de crédit référençant cette Entité de Référence pour laquelle les *Auction Covered Transactions* (comme définies dans les Règles) seraient des Transactions de Dérivés de Crédit ayant une *scheduled termination date* comparable à ou plus tardive que la Date d'Echéance Prévue des Titres.

**Type de Transaction** signifie pour une Entité de Référence, le type de transaction spécifié dans les Conditions Définitives.

**Transférable** désigne une obligation qui est transférable à des investisseurs institutionnels sans aucune restriction contractuelle, légale ou réglementaire, étant entendu qu'aucune des restrictions suivantes ne sera considérée comme une restriction contractuelle, légale ou réglementaire:

- (a) les restrictions contractuelles, légales ou réglementaires relatives à l'éligibilité en vue de la revente d'une obligation conformément à la *Règle 144A* ou la *Réglementation S* promulguée en vertu de *US Securities Act of 1933*, telle que modifiée (et toutes les restrictions contractuelles, légales ou réglementaires promulguées en vertu des lois de chaque juridiction ayant un effet similaire en relation avec l'éligibilité en vue de la revente d'une obligation); ou
- (b) les restrictions imposées sur les investissements autorisés, telles les restrictions d'investissement légales ou réglementaires pesant sur les compagnies d'assurance et les fonds de pensions.

Sauf stipulation contraire des Conditions Définitives concernées, si la Caractéristique d'Obligation [Livrabable]\*\*[Sélectionnée]\* "Transférable" est stipulée comme étant Applicable dans les Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livrabable]\*\*[Sélectionnée]\* avait été spécifiée comme une Caractéristique d'Obligation [Livrabable]\*\*[Sélectionnée]\* uniquement au titre des Obligations [Livrabable]\*\*[Sélectionnée]\* qui ne sont pas des Crédits (et s'appliqueront uniquement dans la mesure où des obligations autres que des Crédits sont couvertes par la Catégorie d'Obligation [Livrabable]\*\*[Sélectionnée]\* spécifiée).

**Obligation(s) Non Livrabable(s)** désigne le sous-ensemble des Obligations Livrables Spécifiées pour lesquelles une Livraison est Illégale ou Impossible.

**Évènement de Crédit Non Régulé** désigne, s'agissant d'une Entité de Référence, que:

- (a) une Date de Détermination d'un Évènement de Crédit s'est produite avant la Date d'Echéance Prévue mais que la Date de Réception de la Notification d'Evaluation Finale ne s'est pas encore produite immédiatement avant la Date d'Echéance Prévue; ou
- (b) une Notification d'Évènement de Crédit en Suspens a été signifiée moins de 100 Jours Ouvrés avant la Date d'Echéance Prévue et (i) aucun Communiqué DC d'Absence d'Évènement de Crédit n'a été publié et (ii) si une Notification d'Évènement de Crédit en relation avec l'Évènement de Crédit a été signifiée ultérieurement, la Réception de la Notification d'Evaluation Finale ne s'est pas produite immédiatement avant la Date d'Echéance Prévue; ou

- (c) un Cas Potentiel de Contestation/ Moratoire s'est produit et se poursuit à la Date d'Echéance Prévue;  
ou
- (d) un Défaut de Paiement Potentiel s'est produit et se poursuit à la Date d'Echéance Prévue.

La survenance d'un Evènement de Crédit Non Régulé devra donner lieu au paiement d'un Montant Préliminaire de Remboursement en Espèces à la Date d'Echéance Prévue et d'un Montant Résiduel de Remboursement en Espèces à la Date d'Echéance.

**Coût de Couverture de l'Evaluation** désigne, pour une Obligation Sélectionnée, le coût direct et dûment documenté, le cas échéant, subi par l'Emetteur, la contrepartie de couverture de l'Emetteur, l'Agent de Calcul ou tout agent pour leur compte en relation avec la détermination du Prix Final.

**Actions à Droit de Vote** désigne les actions ou autres intérêts conférant le pouvoir d'élire le conseil d'administration ou tout autre organe de direction similaire d'une entité.

**Cotation Moyenne Pondérée** désigne, s'il n'existe pas de Cotation Complète disponible, la moyenne pondérée des cotations d'offres fermes obtenues des Intervenants de Marché, dans la mesure raisonnablement praticable, chacune pour un montant aussi important que possible en termes de volume, dont le total est égal ou supérieur au Montant de Cotation.

## E) ANNEXE TECHNIQUE PORTEFEUILLE D'ACTIFS GERES

Pour les paiements relatifs aux Titres Indexés (que ce soit en principal et/ou intérêts et que ce soit à l'échéance ou autrement) calculés par référence à un portefeuille d'actifs (panier de fonds, fonds unique ou instruments financiers sous-jacents à un indice), l'annexe technique suivante (**l'Annexe Technique Portefeuille d'Actifs Gérés**) complète le Prospectus de Base.

Les risques spécifiques liés à un investissement dans ces Titres sont exposés sous le titre "Facteurs de Risque" du Prospectus de Base.

L'Annexe Technique Portefeuille d'Actifs Gérés s'appliquera aux Conditions Définitives relatives à une émission particulière de Titres, si ces Conditions Définitives stipulent ce qui suit:

*"Les dispositions de l'Annexe Technique Portefeuille d'Actifs Gérés s'appliquent aux présentes Conditions Définitives et doivent être lues conjointement avec celles-ci. En cas de contradiction entre l'Annexe Technique Portefeuille d'Actifs Gérés et les présentes Conditions Définitives, les présentes Conditions Définitives prévaudront."*

Les termes employés dans l'Annexe Technique Portefeuille D'Actifs Gérés, à moins qu'ils ne soient spécifiquement définis dans celle-ci, auront la même signification que celle qui leur est donnée dans le Prospectus de Base.

### I. DEFINITIONS GENERALES

**Panier** désigne un portefeuille synthétique d'actifs dont la composition est identique à celle décrite ci-dessous dans la définition du terme "Portefeuille"; étant cependant entendu que sa valorisation peut être exprimée en termes de chiffres simples ou de pourcentage simple plutôt que par référence à un montant de devise; cela s'applique au  $\text{Panier}_i$ , au  $\text{Panier}_t$ , et au  $\text{Panier}_t$  qui désignent:

**$\text{Panier}_i$**  = 100 ou 100 pour cent ou tout autre chiffre ou pourcentage précisé dans les Conditions Définitives applicables.

**$\text{Panier}_t$**  =  $\text{Panier}_i \times (\text{Valeur du Panier par Titre à la Date d'Evaluation Finale} / \text{Valeur du Panier par Titre à la Date de Détermination Initiale})$ ;

**$\text{Panier}_t$**  =  $\text{Panier}_i \times (\text{Valeur du Panier par Titre à la Date d'Evaluation "t"} / \text{Valeur du Panier par Titre à la Date de Détermination Initiale})$ ;

Sinon, toutes les références faites dans les présentes au Portefeuille, à la Valeur du Portefeuille et à la Valeur du Portefeuille par Titre seront réputées viser respectivement le Panier, la **Valeur du Panier** et la **Valeur du Panier par Titre**; afin d'éviter toute ambiguïté, toutes les références faites dans les présentes au Portefeuillei, Portefeuillef et le Portefeuillet seront réputées viser le  $\text{Panier}_i$ , le  $\text{Panier}_f$  et le  $\text{Panier}_t$  à l'exception des dispositions précitées.

**Capital Emprunté** désigne le montant total en principal des emprunts contractés au titre du recours à l'effet de levier du Portefeuille, reflété par le fait que l'Exposition à l'Actif Risqué excède 100 %.

**Jour Ouvré** désigne les jours spécifiés comme tels dans les Conditions Définitives applicables.

**Agent de Calcul** désigne l'agent spécifié dans les Conditions Définitives, responsable du calcul du Montant de Remboursement Final et/ou des intérêts payables et/ou du Montant de Remboursement Anticipé, selon le cas, et réalisant toute autre détermination dont il est déclaré responsable par cette annexe. Les calculs et

déterminations de l'Agent de Calcul seront définitifs et obligatoires pour l'Émetteur, le Garant, l'Agent, le Gérant de Portefeuille et les Titulaires de Titres, sauf erreur manifeste ou prouvée.

**Espèces** désigne toutes espèces et tous dépôts à court terme, titres zéro coupon, obligations synthétiques zéro coupon, papier commercial, contrats *murabaha* et/ou tous autres instruments négociables du marché monétaire.

**Cas de Perturbation** désigne tout événement échappant au contrôle de l'Agent de Calcul, empêchant l'Agent de Calcul de déterminer la Valeur du Portefeuille, y compris, sans caractère limitatif, une panne des moyens de communication utilisés pour déterminer la Valeur du Portefeuille, la non publication ou suspension du calcul de la Valeur Liquidative par Part de tout Fonds ou tout événement de toute nature, y compris la liquidation de tout Fonds, qui empêche la communication de cette Valeur Liquidative, tel que ce calcul ou cette communication doit intervenir conformément au Prospectus du Fonds correspondant.

**Date d'Evaluation Finale** désigne, sauf disposition contraire des Conditions Définitives applicables, le dixième Jour Ouvré précédant la Date d'Echéance, étant entendu que si ce Jour Ouvré n'est pas une Date d'Evaluation, la Date d'Evaluation Finale sera la Date d'Evaluation immédiatement suivante, étant en outre entendu que dans le cas où aucun des Jours Ouvrés qui suivent, jusqu'au cinquième Jour Ouvré (compris) précédant la Date d'Echéance n'est une Date d'Evaluation, le cinquième Jour Ouvré précédant la Date d'Echéance sera réputé être la Date d'Evaluation Finale et l'évaluation correspondante sera faite à cette date par l'Agent de Calcul agissant de bonne foi, sur la base de la valeur estimée de chaque Actif Risqué et/ou de chaque Actif non Risqué et/ou des composants Espèces, à défaut de communication d'une valeur officielle.

**Fonds** désigne tout Fonds Risqué ou Fonds Non Risqué.

**Prospectus du Fonds** désigne, pour un Fonds, le document décrivant ce fonds et définissant, entre autres, le processus de souscription et de remboursement des Parts de ce Fonds et les droits attachés à ces Parts, tel que ce document pourra être complété et modifié de temps à autre, étant précisé que ce document pourra être obtenu gratuitement aux guichets de l'Agent au Luxembourg.

**Contrepartie de Couverture** désigne tout entité qui détient les Parts du Fonds pour les besoins de tout accord de couverture conclu relatif aux Titres et, le cas échéant, relatif à la gestion du portefeuille des Actifs sous-jacents des Titres.

**Date de Détermination Initiale** désigne la date à laquelle la composition/structure initiale du Portefeuille est déterminée; sauf disposition contraire des Conditions Définitives applicables, cette date sera la Date d'Émission des Titres.

**Exposition Maximale** désigne l'exposition maximale du Portefeuille à l'Actif Risqué, telle que spécifiée dans les Conditions Définitives applicables et exprimée en pourcentage de la Valeur du Portefeuille.

**Exposition Minimale** désigne l'exposition minimale du Portefeuille à l'Actif Risqué, telle que spécifiée dans les Conditions Définitives applicables et exprimée en pourcentage de la Valeur du Portefeuille.

**Valeur Liquidative** désigne, pour un Fonds, la Valeur Liquidative de ce Fonds, telle que calculée de temps à autre par le gérant de ce Fonds ou toute entité désignée par ce Fonds à cet effet ou telle qu'estimée autrement par l'Agent de Calcul de bonne foi, comme mentionné dans les définitions de Actif 1 et Actif 2.

**Montant Nominal** désigne la Valeur Nominale de chaque Titre, indiquée dans les Conditions Définitives applicables.

**Actif Non Risqué** désigne le ou les Fonds Non Risqués, les Espèces et les Autres Instruments (éventuels) y afférents.

**Fonds Non Risqué** désigne toute entité, tout trust ou toute autre forme d'organisme de placement collectif dont la majorité de ses actifs est investie en instruments du marché monétaire et/ou titres de créance ou exposée à ceux-ci, tels que sélectionnés par le Gérant de Portefeuille.

**Titres en Circulation** désigne, à toute date, les Titres existants détenus à cette date par tous les Titulaires de Titres, ou, pour les besoins de la définition de la Valeur du Portefeuille par Titre, par tous les Titulaires de Titres autres que la Contrepartie de Couverture ou toute entité spécifiée dans les Conditions Définitives applicables, le cas échéant.

**Autres Instruments** désigne toutes transactions sur instruments financiers à terme, contrat d'échange, garantie de taux plafond, garantie de taux plancher et/ou option ou autres transactions sur produits dérivés conclues en relation avec l'Actif Risqué ou l'Actif Non Risqué.

**Objectif de Performance** désigne la performance périodique et/ou finale ciblée au mieux par le Gérant de Portefeuille, exprimée en pourcentage ou en taux plus une marge, étant entendu qu'aucune assurance ou garantie n'est donnée, en aucun cas, que l'Objectif de Performance sera atteint à tout moment, y compris à la Date d'Echéance.

**Portefeuille** désigne un portefeuille d'actifs comprenant (i) une sélection de Fonds Risqués, un Fonds Risqué unique ou tout(s) autre(s) type(s) d'actif(s) risqué(s) spécifié(s) dans les Conditions Définitives applicables constituant, ensemble avec les Autres Instruments (s'il y en a) liés à eux, l'**Actif Risqué** et, le cas échéant, (ii) le(s) Fonds Non Risqué(s) et les Espèces constituant ensemble avec les Autres Instruments (s'il y en a) liés à eux, l'**Actif Non Risqué**. Le cas échéant, tout Capital Emprunté fera partie intégrante du Portefeuille, étant entendu qu'en tant que passif, il viendra en déduction des actifs précités. Les Conditions Définitives concernées spécifieront la répartition des actifs du Portefeuille entre les composants de l'Actif Risqué applicable à la Date de Détermination Initiale, étant entendu que cette spécification peut être purement indicative.

Le Portefeuille peut être géré et alloué par le Gérant de Portefeuille de différentes manières, telles que détaillées ci-dessous (sauf disposition contraire des Conditions Définitives applicables):

(a) Gestion de Portefeuille

- (i) Si les Conditions Définitives applicables spécifient la méthode de **Sélection Dynamique**, le Gérant de Portefeuille gérera l'Actif Risqué en son absolue discrétion, sans aucune limitation du nombre et/ou de la pondération des composants de l'Actif Risqué; il peut, en particulier, enlever un composant de l'Actif Risqué ou y ajouter un ou plusieurs nouveaux composants. Les Conditions Définitives peuvent stipuler des règles, directives ou contraintes spécifiques en ce qui concerne les pouvoirs ou facultés discrétionnaires en matière de Gestion du Portefeuille pour les Actifs Risqués.
- (ii) Si les Conditions Définitives applicables spécifient la méthode de **Sélection Permanente**, le Gérant de Portefeuille n'est pas autorisé à supprimer ou ajouter des composants à l'Actif Risqué, étant cependant entendu que (i) les pondérations respectives des composants de l'Actif Risqué peuvent être modifiées par le Gérant de Portefeuille et (ii) le Gérant de Portefeuille et/ou l'Agent de Calcul agissant de bonne foi peuvent apporter des ajustements à l'Actif Risqué, à la suite de la survenance d'un Evénement Extraordinaire.

(b) Allocation du Portefeuille

En allouant les actifs du Portefeuille, le Gérant de Portefeuille prendra en compte (i) les variations de la performance de l'Actif Risqué et (ii) les conditions spécifiques du marché. Le Gérant de Portefeuille peut permettre que l'exposition du Portefeuille à l'Actif Risqué (l'**"Exposition à l'Actif Risqué"**, soit le ratio Valeur d'Actif Risqué/Valeur du Portefeuille) varie de l'Exposition Minimale (0 % signifie que le Portefeuille est exclusivement investi dans l'Actif Non Risqué) jusqu'à l'Exposition Maximale (100 % ou

plus signifie que le Portefeuille est exclusivement investi dans l'Actif Risqué). Pour éviter toute ambiguïté, une Exposition à l'Actif Risqué excédant 100 % reflète la caractéristique de levier de l'investissement dans le Portefeuille (Actif Risqué du Portefeuille partiellement financé par des emprunts).

- (i) Si les Conditions Définitives applicables stipulent la clause **Allocation de Portefeuille**, le Gérant de Portefeuille allouera les actifs du Portefeuille entre les composants appropriés sur une base dynamique, selon la méthodologie connue sous le sigle APD ("Assurance de Portefeuille Dynamique" ou DPI pour *Dynamic Portfolio Insurance*) ou selon la méthodologie APPC ("l'Assurance de Proportion de Portefeuille Constant" ou CPPI pour Constant Portfolio Proportion Insurance) ou la méthodologie APAO ("Assurance de Portefeuille Axé sur l'Objectif" ou ODPI pour *Objective Driven Portfolio Insurance*) (ou selon toute autre méthodologie similaire spécifiée dans les Conditions Définitives) afin d'atteindre (i) une caractéristique de protection du capital pour les Titres et/ou (ii) une participation dans la croissance de la valeurs des actifs compris dans le Portefeuille et/ou (iii) un Objectif de Performance dans le cas de l'APAO.
- (ii) Si les Conditions Définitives applicables stipulent la clause **Allocation de Panier APD**, l'allocation parmi les composants appropriés du Panier sera gérée de manière dynamique conformément à la méthodologie baptisée APD ou la méthodologie APPC, mais en faisant usage de certains paramètres arbitraires qui ne permettront pas de protéger le capital, comme ceux qui suivent:
  - (A) le Gérant de Portefeuille fera périodiquement des observations de la différence (cette différence étant l'"**Amortisseur**") entre (i) la Valeur du Portefeuille par Titre à une date  $t$  donnée et (ii) le Niveau de Référence (exprimé en pourcentage) à la même date multiplié par la Valeur du Portefeuille par Titre à la Date de Détermination Initiale.
  - (B) le Gérant de Portefeuille peut déterminer, à sa discrétion absolue, la fourchette dans laquelle le ratio de la Valeur d'Actif Risqué par Titre par rapport à l'Amortisseur (ce ratio étant le "**Multiplicateur**") doit se maintenir. Si le Gérant du Portefeuille observe à tout moment que le Multiplicateur a dévié de cette fourchette ciblée, il peut ajuster l'allocation des composants du Panier en réduisant ou augmentant (comme approprié) l'allocation d'Actif Risqué dans le Panier de telle sorte que le Multiplicateur redescende dans la fourchette ciblée, en respectant l'Exposition Maximale et l'Exposition Minimale. Alternativement, le Multiplicateur peut être un facteur fixe prédéterminé qui génère une norme de Valeur d'Actif Risqué (ou Exposition à l'Actif Risqué) sur la base du niveau de l'Amortisseur. L'ajustement de l'allocation du Panier n'interviendra que si les chiffres réels divergent de la norme d'un pourcentage supérieur au pourcentage spécifié; si cette alternative s'applique, les Conditions Définitives applicables spécifieront un Multiplicateur Fixe et un Pourcentage Spécifié pour l'Exposition à l'Actif Risqué.
- (iii) Si les Conditions Définitives applicables stipulent la clause **Allocation de Panier selon un Plafond de Volatilité**, le Gérant de Portefeuille gèrera de manière dynamique l'allocation du Panier selon la méthodologie du Plafond de Volatilité définie ci-dessous.

**Rééquilibrage de la Volatilité:** le Gérant de Portefeuille déterminera le niveau de la Volatilité du Panier chaque Jour Ouvré  $t$  (la **Volatilité<sub>(t)</sub> du Panier**) selon la formule ci-dessous. Si la Volatilité<sub>(t)</sub> du Panier excède le Niveau du Plafond de Volatilité ou est inférieure au Niveau du Plancher de Volatilité, le Gérant de Portefeuille procèdera alors à un rééquilibrage du Panier en augmentant/diminuant l'exposition à l'Actif Non Risqué et en diminuant/augmentant l'exposition à l'Actif Risqué afin d'atteindre le Niveau de Recalcul de la Volatilité.

Les objectifs de pondérations des 2 composants du Panier pendant un Jour Ouvré sont définis comme suit:

**Objectif de Pondération de l'Actif Risqué (t) =**

[Max[Exposition minimum; Min (Exposition maximum; Objectif de Pondération de l'Actif Risqué (t-1) × Niveau de Recalcul de la Volatilité / Volatilité(t) du Panier)]

Objectif de Pondération de l'Actif Non Risqué (t) = 1 – Objectif de Pondération(t) de l'Actif Risqué

Où **t-1** est le premier Jour Ouvré après la date t

A la Date de Détermination Initiale (t=0) Objectif de Pondération (t-1) de l'Actif Risqué = Exposition Maximum.

Le rééquilibrage du Panier sera effectué dans les 3 (ou 5) Jours Ouvrés suivant ladite date t, sans obligation de résultat, et sous réserve du délai de valorisation, de la condition de liquidité et d'exécution des constituants de l'Actif Risqué.

Une fois qu'une nouvelle allocation entre l'Actif Risqué et l'Actif Non Risqué est déterminée, elle demeure constante à moins que la Volatilité du Panier n'entraîne un rééquilibrage en vertu de ces règles d'allocation.

Le **Niveau du Plafond de Volatilité**, le **Niveau du Plancher de Volatilité** et le **Niveau de Recalcul de la Volatilité** correspondent au pourcentage concerné précisé dans les Conditions Définitives applicables.

**Volatilité(t) du Panier** désigne, pour chaque Jour Ouvré t, l'Ecart Type Annualisé de la Performance Quotidienne de l'Actif Risqué multiplié par la Pondération (t-1) Cible de l'Actif Risqué. La Volatilité du Panier sera déterminée pour la première fois à la Date de Détermination Initiale, sous réserve du délai de valorisation, de la condition de liquidité et d'exécution des constituants de l'Actif Risqué.

**Ecart Type Annualisé:** 
$$\sigma = \sqrt{260 \times \frac{1}{n-1} \sum_{i=0}^{19} R_{t-i}^2}$$

Où:

**n** est le nombre de Jour Ouvrés de la Période Glissante.

**R<sub>t-i</sub>** est la Performance Quotidienne de l'Actif Risqué pendant le Jour Ouvré *t-i* de la Période Glissante.

**i** désigne l'ordre numérique (de 0 à 19) des Jours Ouvrés lors d'une Période Glissante.

**Période Glissante** désigne une période de 20 Jours Ouvrés à compter de chaque Jour Ouvré se produisant à partir du vingt et unième Jour Ouvré inclus précédant la Date de Détermination Initiale ou toute autre période éventuellement précisée dans les Conditions Définitives applicables.

**Performance Quotidienne de l'Actif Risqué** désigne, pendant chaque Jour Ouvré t, la différence entre la Valeur de l'Actif Risqué pendant ledit Jour Ouvré et la Valeur de l'Actif

Risqué pendant le Jour Ouvré précédent, divisé par la Valeur de l'Actif Risqué pendant le Jour Ouvré précédent.

ETANT ENTENDU QUE SI "Un à Un" est spécifié dans les Conditions Définitives applicables, les Titres seront alors simplement indexés sur le(s) constituant(s) de l'Actif Risqué, sans qu'aucune stratégie de gestion ou d'allocation soit mise en place (sauf disposition contraire des Conditions Définitives applicables), (ii) si les Conditions Définitives applicables stipulent la clause "**Stratégie de Levier**", le Portefeuille se composera uniquement de l'Actif Risqué et demeurera en permanence exposé à cet Actif Risqué sans aucune autre stratégie de gestion ou allocation que la redéfinition périodique de l'Exposition à l'Actif Risqué à un niveau donné (le "**Niveau de l'Exposition Cible**") et (iii) si les Conditions Définitives applicables stipulent la clause "**Stratégie Spécifique**", le Portefeuille sera géré et alloué conformément aux règles spécifiques détaillées dans ces Conditions Définitives.

ET ETANT EN OUTRE ENTENDU QUE l'Actif Risqué demeurera toujours soumis aux dispositions d'ajustement stipulées à la section 4 ci-dessous.

**Contrat de Gestion de Portefeuille de Droit Français** désigne tout contrat de gestion de portefeuille de droit français conclu par le Gérant de Portefeuille. **Portefeuille<sub>i</sub>** désigne la Valeur du Portefeuille par Titre à la Date de Détermination Initiale, égale à un montant dans la Devise Prévue représentant un pourcentage fixe du Montant Nominal, tel que spécifié dans les Conditions Définitives applicables. Portefeuille<sub>i</sub> reste soumis à tous ajustements appropriés réalisés de bonne foi par l'Agent de Calcul, en relation avec certains événements affectant tout Fonds et/ou toute Part et/ou tout autre Actif Risqué sous-jacent.

**Portefeuille<sub>f</sub>** désigne la Valeur du Portefeuille par Titre à la Date de Détermination Finale, telle que déterminée par l'Agent de Calcul. Le Portefeuille<sub>f</sub> reste soumis à tous ajustements appropriés réalisés de bonne foi par l'Agent de Calcul, en relation avec certains événements affectant tout Fonds et/ou toute Part et/ou tout autre Actif Risqué sous-jacent.

**Portefeuille<sub>t</sub>** désigne la Valeur du Portefeuille par Titre à toute Date d'Evaluation "t", telle que déterminée par l'Agent de Calcul. Le Portefeuille<sub>t</sub> reste soumis à tous ajustements appropriés réalisés de bonne foi par l'Agent de Calcul, en relation avec certains événements affectant tout Fonds et/ou toute Part et/ou tout autre Actif Risqué sous-jacent.

**Gérant de Portefeuille** désigne l'entité précisée comme telle dans les Conditions Définitives applicables, qui est l'agent responsable de la gestion et de l'allocation des actifs du Portefeuille entre les différents composants applicables; le Gérant de Portefeuille agira dans le meilleur intérêt des Titulaires de Titres conformément à un Contrat de Gestion de Portefeuille ou à un Contrat de Gestion de Portefeuille de Droit Français. Si aucun Gérant de portefeuille n'est spécifié dans les Conditions Définitives applicables, l'Agent de Calcul assumera et exercera les tâches et fonctions du Gérant de Portefeuille décrites dans les présentes, ces tâches et fonctions n'impliquant aucune gestion active dans ce cas particulier.

**Contrat de Gestion de Portefeuille** désigne tout contrat de gestion de portefeuille conclu par le gestionnaire de portefeuille.

**Valeur du Portefeuille** désigne, à toute Date d'Evaluation, la différence entre (i) la somme d'Actif 1, Actif 2, Actif 3 et Actif 4 et (ii) la somme du Capital Emprunté, des Frais de Gestion Accumulés, les Coûts d'Emprunt Accumulés, les Frais de Structuration et les Autres Frais et Autre Coût (s'ils sont spécifiés comme "Applicable" dans les Conditions Définitives concernées), appliquée au Montant Nominal Total des Titres.

**Valeur du Portefeuille par Titre** désigne, à toute Date d'Evaluation, la Valeur du Portefeuille à cette date divisée par le nombre de Titres en Circulation à cette date.

**Niveau de Référence** désigne, dans le contexte d'une Allocation du Panier et comme précisé dans les Conditions Définitives applicables, un pourcentage du Panier, augmentant d'un niveau initial à la Date de

Détermination Initiale jusqu'à un niveau final à la Date d'Evaluation Finale. Le Niveau de référence est destiné à être utilisé comme un outil de gestion par le Gérant de Portefeuille.

**Actif Risqué** désigne une sélection de Fonds risqués ou un seul Fonds risqué ou tout autre actif risqué spécifié dans les Conditions Définitives, et les Autres Instruments (le cas échéant) y afférents.

**Exposition à l'Actif Risqué** désigne le ratio (exprimé comme un pourcentage) entre la Valeur d'Actif Risqué et la Valeur du Portefeuille.

**Valeur d'Actif Risqué** désigne, à toute Date d'Evaluation, la somme de l'Actif 1 et la valeur du marché des Autres Instruments liés à une telle Date d'Evaluation, étant entendu que pour des raisons d'homogénéité, cette valeur peut être calculée par Titre.

**Fonds Risqué** désigne toute entité, tout trust ou toute autre forme d'organisme de placement collectif dont la majorité de ses actifs est investie dans des actifs diversifiés contenant une caractéristique de risque, ou exposée à de tels actifs, tel que sélectionné par le Gérant de Portefeuille.

**Part** désigne une part ou action du Fonds concerné (collectivement les **Parts**).

**Date d'Evaluation** désigne un jour où la Valeur du Portefeuille est calculée par l'Agent de Calcul et inclura la Date d'Evaluation Finale et toutes les autres dates précisées comme telles dans les Conditions Définitives applicables.

## II. DEFINITIONS DES ACTIFS

**Actif 1** désigne, pour toute Date d'Evaluation "t", en fonction de l'Actif Risqué sous-jacent:

- Si l'Actif Risqué sous-jacent est totalement ou partiellement composé d'une sélection de Fonds Risqués "n", la somme des produits, au titre de chaque fonds risqué "i" du Portefeuille, de (i) la Valeur Liquidative concernée par Part et (ii) le nombre concerné de Parts d'un tel Fonds Risqué "i" se trouvant dans le Portefeuille à cette Date d'Evaluation "t", calculée selon la formule suivante:

$$\sum_{i=1}^n (Nr_{(i)t} \times NAVr_{(i)t})$$

où:

**Nr<sub>(i)t</sub>** désigne, pour un Fonds Risqué "i", le nombre de Parts d'un tel fonds actuellement alloué au Portefeuille à cette Date d'Evaluation "t";

**NAVr<sub>(i)t</sub>** désigne, pour un Fonds Risqué "i", la Valeur Liquidative par Part de ce Fonds prévalant à la Date d'Evaluation "t" après déduction de tout frais de remboursement ou frais de souscription ou autres frais autrement payable à ce tel Fonds Risqué "i", ETANT ENTENDU QUE si la Valeur Liquidative par Part du Fonds n'est pas disponible, ou si les ordres de rachat de Parts ne sont pas exécutés à la Valeur Liquidative officielle, l'Agent de Calcul pourra déterminer son estimation de bonne foi de NAVr<sub>(i)t</sub>;

et/ou

- Si l'Actif Risqué sous-jacent est totalement ou partiellement composé d'un Fonds Risqué unique, le produit de la Valeur Liquidative par Part et du nombre de Parts du Fonds Risqué se trouvant dans le Portefeuille à la Date d'Evaluation "t", calculé selon la formule suivante  $Nrt \times NAVrt$  (cf. définitions immédiatement ci-dessus);

et/ou

- Si l'Actif Risqué sous-jacent est totalement ou partiellement composé d'un indice officiel d'actions ou de tout autre type d'indice ou d'actif risqué composite, la valeur de marché à cette Date d'Evaluation "t" des instruments financiers (tels que, notamment, des contrats à terme cotés, instruments indicels, contrats d'échange et instruments de trésorerie) représentant la valeur d'un investissement dans le sous-jacent concerné, calculée par l'Agent de Calcul sur la base d'une méthode d'Evaluation appropriée qu'il choisira de bonne foi:

**Actif 2** désigne, pour toute Date d'Evaluation "t", la Valeur Liquidative totale des Parts des Fonds Non Risqués se trouvant dans le Portefeuille calculée selon la formule suivante:

$$\sum_i (Nm_{(i)t} \times NAV_{m(i)t})$$

où:

**Nm<sub>(i)t</sub>** désigne, pour un Fonds Non Risqué "i", le nombre de Parts de ce fonds actuellement alloué au Portefeuille à cette Date d'Evaluation "t";

**NAV<sub>m(i)t</sub>** désigne, pour un Fonds Non Risqué "i", la Valeur Liquidative par Part de ce Fonds prévalant à la Date d'Evaluation "t" après déduction de tout frais de remboursement ou frais de souscription ou autres coûts autrement payables pour ce Fonds Non Risqué "i", ETANT ENTENDU QUE si la Valeur Liquidative par Part du Fonds n'est pas disponible, l'Agent de Calcul déterminera son estimation de bonne foi de NAV<sub>m(i)t</sub>.

**Actif 3** désigne, pour toute Date d'Evaluation, la somme des valeurs de marché des Autres Instruments alloués au Portefeuille, déterminée par l'Agent de Calcul sur la base d'une méthode de réévaluation à la valeur de marché, usuelle et appropriée, à cette Date d'Evaluation:

**Actif 4** désigne, pour toute Date d'Evaluation, la somme des valeurs de marché des Espèces en Portefeuille formant partie de l'Actif Non Risqué, déterminée par l'Agent de Calcul sur la base d'une méthode de réévaluation à la valeur de marché, usuelle et appropriée, à cette Date d'Evaluation.

### III. DEFINITIONS DES FRAIS ET COUTS

**Frais de Gestion Accumulés** désigne, pour toute Date d'Evaluation "t", la somme des frais liés à la gestion du Portefeuille sous-jacent aux Titres ("Frais(i)") accumulés - entre deux Dates d'Evaluation successives (désignées comme "i-1" et "i") - à partir de la Date d'Émission incluse (ou la toute dernière "date de paiement", le cas échéant) jusqu'à cette date d'Evaluation "t" non incluse, déterminée par l'Agent de Calcul selon la formule suivante:

$$\text{Frais de Gestion Accumulés}_t = \sum_{i=t-n}^t \text{Frais}_{(i)}$$

$$\text{Avec: } \text{Frais}_{(i)} = F \times \text{Valeur du Portefeuille}_{(i-1)} \times \frac{N(i-1; i)}{365}$$

où:

**F** désigne le pourcentage précisé comme tel dans les Conditions Définitives applicables.

**Valeur du Portefeuille<sub>(i-1)</sub>** est la Valeur du Portefeuille à la Date d'Evaluation "i-1".

**N<sub>(i-1; i)</sub>** désigne le nombre réel de jours calendaires entre deux Dates successives d'Evaluation "i- 1" et "i", la première incluse et la seconde exclue.

**n et date de paiement:** se réfère à la note (1) au bas de la page.

**Frais d’Emprunt Accumulés** désigne, pour toute Date d’Evaluation "t", la somme des coûts d’emprunt supportés par le Portefeuille, accumulés - entre deux Dates d’Evaluation successives (désignées comme "i-1" et "i") - à partir de la Date d’Émission incluse (ou la toute dernière "date de paiement", le cas échéant) jusqu’à cette Date d’Evaluation "t" non incluse; elle sera calculée comme suit:

$$\text{Frais d'Emprunt Accumulés} = \sum_{i=t-n}^t BC_{(i)}$$

où:

$$BC(i) = \left[ \left( \text{Taux} + \text{Marge} \right) \times \text{Valeur Portefeuille}_{(i-1)} \times \frac{N(i-1; i)}{360} \right] \times \text{Max} \left( \text{RAE}_{(i-1)} - 100\%; 0 \right)$$

où:

**Taux** désigne, comme précisé dans les Conditions Définitives IBOR (1M,i-1), déterminé selon la Devise Prévues mentionnée dans ces Conditions Définitives; par exemple:

**USD-LIBOR(1M,i-1)** désigne le taux des dépôts en USD pour une période d’un mois commençant à la Date d’Evaluation "i-1" basé sur la page d’écran Reuters LIBOR01 (ou toute page remplaçante), ou tout taux qui remplacerait ce taux, ou autrement tout taux sélectionné par l’Agent de Calcul; et

**EURIBOR(1M,i-1)** désigne le taux des dépôts en EUR pour une période d’un mois commençant à la Date d’Evaluation "i-1" basé sur la page d’écran Reuters EURIBOR01 (ou toute page remplaçante), ou tout taux qui remplacerait ce taux, ou autrement tout taux sélectionné par l’Agent de Calcul.

**Marge** désigne la marge précisée dans les Conditions Définitives. La Marge peut changer de temps à autre selon les conditions du marché.

**RAE<sub>(i-1)</sub>** désigne l’Exposition à l’Actif Risqué à la Date d’Evaluation "i-1"

**n et date de paiement:** se réfère à la note (1) au bas de la page.

**Frais de Structuration** désigne les Frais de Structuration supportés par le Portefeuille à la Date de Détermination Initiale et déterminé par l’Agent de Calcul selon la formule suivante:

$$\text{Montant Nominal Total} \times \text{SF}$$

où:

**SF** désigne le pourcentage précisé comme tel dans les Conditions Définitives applicables.

**Autres Frais et Autres Coûts** désigne tous les autres frais et autres coûts qui peuvent être précisés dans les Conditions Définitives applicables.

**n** désigne le nombre de Dates d’Evaluation entre la "date de paiement" la plus récente (incluse) et la Date d’Evaluation "t" (exclue).

**date de paiement** désigne, pour tout frais de gestion accumulé ou coût des emprunts, la date de paiement de ces frais de gestion ou ces frais d’emprunt.

#### IV. AJUSTEMENTS ET EVENEMENTS EXTRAORDINAIRES

En prenant toute mesure conformément aux dispositions ci-dessous, l'Agent de Calcul et le Gérant du Portefeuille agiront de bonne foi dans le meilleur intérêt des Titulaires de Titres.

##### (1) En relation avec tout Fonds Risqué / Part

*Les événements listés de (A) à (O) ci-dessous s'appliquent si les Conditions Définitives stipulent la clause "Sélection Permanente". Les mêmes événements s'appliquent si les Conditions Définitives stipulent la clause "Un à Un", à l'exception des paragraphes (A), (C), (F) et (K), et seuls les paragraphes (B), (D), (E) et (L) s'appliquent si les Conditions Définitives stipulent la clause "Sélection Dynamique"; en outre, dans ce dernier cas (clause Sélection Dynamique), les conséquences visées aux (i) et (ii) ne s'appliquent pas.*

En cas de survenance de l'un quelconque des événements suivants (chacun d'eux étant un Evénement Extraordinaire):

- (A) la clôture, pour un motif quelconque, de toutes souscriptions dans le Fonds;
- (B) une modification substantielle ou matérielle des conditions du Fonds (y compris, sans limitation, un changement de la devise, de la stratégie, des objectifs, des lignes directrices et/ou des politiques d'investissement du Fonds), une modification du Prospectus du Fonds ou tout événement ou tout changement affectant le Fonds et/ou les Parts (y compris, sans limitation, l'interruption, l'arrêt, la suspension ou l'ajournement du calcul ou de la publication de la Valeur Liquidative des Parts, ou la disparition de la Valeur Liquidative des Parts résultant plus particulièrement, mais sans caractère limitatif, de la liquidation ou de la fermeture du Fonds, ou de l'annulation de l'enregistrement ou de l'agrément par toute autorité compétente à l'égard du Fonds) si, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Portefeuille, cette situation est susceptible d'avoir un effet significatif sur la valeur des Parts;
- (C) une modification substantielle de la proportion du type d'actifs dans lesquels le Fonds peut investir, comme déterminé de bonne foi par l'Agent de Calcul et/ou le Gérant du Portefeuille, qui ne conduit pas nécessairement à une modification du Prospectus du Fonds, et qui, de l'avis raisonnable de l'Agent de Calcul, a ou est susceptible d'avoir un effet significatif sur tout accord de couverture à conclure en ce qui concerne les Titres;
- (D) une réduction pour toute raison (y compris, sans caractère limitatif, la réduction du Montant Nominal Total des Titres en Circulation à un montant inférieur à 1.000.000 euros ou son équivalent dans la Devise Prévue) du nombre de Parts détenues ou susceptibles d'être détenues par la Contrepartie de Couverture ou l'une de ses sociétés liées, en tant que détenteur de Parts de Fonds à des fins de couverture ou de gestion;
- (E) l'inexécution ou l'exécution partielle, ou une suspension par le Fonds, pour toute raison, d'un ordre de souscription ou de rachat donné par la Contrepartie de Couverture ou l'une de ses sociétés liées, à des fins de couverture ou de gestion;
- (F) une augmentation après la Date d'Émission des commissions ou autres taxes grevant l'achat ou le remboursement de Parts, ou tout changement du régime fiscal affectant défavorablement tout paiement fait par le Fonds aux détenteurs des Parts du Fonds, et qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a un effet ou est susceptible d'avoir un effet significatif sur tout accord de couverture conclu en ce qui concerne les Titres;
- (G) une augmentation de la participation détenue dans le Fonds sous-jacent par la Contrepartie de Couverture ou l'une quelconque de ses sociétés liées à concurrence de 20 pour cent (sauf disposition contraire des Conditions Définitives), ou une réduction du total des actifs nets du Fonds à moins de

25.000.000 euros (sauf disposition contraire des Conditions Définitives) qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a ou est susceptible d'avoir un effet significatif sur les conditions de gestion de Fonds et/ou ses frais d'exploitation;

- (H) une conversion des Parts dans une autre catégorie de Parts ou de titres, ou la subdivision, le regroupement, la fusion, la vente ou tout autre transfert de la totalité ou de la quasi-totalité des actifs du Fonds à un tiers;
- (I) une distribution de capital ou distribution extraordinaire en espèces qui ne correspond pas à la politique normale de dividendes du Fonds;
- (J) une réduction du total des actifs nets du Fonds d'un montant qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a ou est susceptible d'avoir un effet significatif sur les conditions de gestion de Fonds et/ou ses frais d'exploitation;
- (K) l'existence, telle que déterminée par l'Agent de Calcul, de toute irrégularité dans le calcul de la Valeur Liquidative par Part, si la valeur résultant de ce calcul diffère du niveau auquel les Parts peuvent être achetées ou remboursées;
- (L) tous les autres événements similaires qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, ont ou sont susceptibles d'avoir un effet significatif sur les conditions de tous accords de couverture conclus en ce qui concerne les Titres;
- (M) la liquidation, la dissolution, la démission, le regroupement, l'absorption ou la révocation du gérant et/ou du trustee/dépositaire du Fonds, ou l'un quelconque d'entre eux ferait l'objet d'une procédure de faillite ou réglementaire;
- (N) l'annulation, la suspension, ou la révocation de l'enregistrement ou de l'agrément du Fonds par toute entité de contrôle, légale, réglementaire ou gouvernementale ayant compétence à l'égard du Fonds;
- (O) la liquidation, la dissolution, la démission, le regroupement, l'absorption ou la révocation du Gérant du Portefeuille.

l'Agent de Calcul, après consultation du Gérant de Portefeuille (le cas échéant) peut:

- (i) ajuster la définition du Portefeuille<sub>i</sub>, du Portefeuille<sub>e</sub> et/ou du Portefeuille<sub>r</sub> comme le Gérant de Portefeuille l'estime approprié pour les besoins du sous-paragraphe 0 uniquement, remplacer les Parts par le type et le nombre de parts ou d'autres titres et actifs auxquels un titulaire de Titres peut prétendre lors d'une telle conversion, d'une telle subdivision, d'un tel regroupement, d'une telle fusion, d'une telle vente ou d'un tel transfert, au titre de ses droits détenus immédiatement avant cette conversion, cette subdivision, ce regroupement, cette fusion, cette vente ou ce transfert, afin de déterminer la valeur des Parts et de procéder à tout ajustement (si nécessaire) de la valeur de ces Parts et/ou des modalités des Titres; ou
- (ii) remplacer le Fonds, en tout ou partie, par un nouvel actif sous-jacent présentant des caractéristiques économiques similaires, ou intégrer un actif risqué sous-jacent supplémentaire dans le Portefeuille, et ajuster en conséquence, si besoin est, la définition du Portefeuille<sub>i</sub>, du Portefeuille<sub>e</sub> et/ou du Portefeuille<sub>r</sub> et les modalités des Titres; étant entendu que tout remplacement partiel et toute intégration d'un actif risqué supplémentaire ne pourront être effectués que par l'entité désignée comme Gérant de Portefeuille, tel que spécifié dans les Conditions Définitives applicables et non par l'Agent de Calcul; ou
- (iii) considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après un **Cas de Remboursement Anticipé**). Si un Cas de Remboursement Anticipé

survient, les Titres ne seront plus liés à la performance de l'Actif Risqué et les obligations de l'Émetteur en vertu des Titres seront résiliées, moyennant quoi l'Émetteur paiera ou fera payer un Montant de Remboursement Anticipé, de la même manière que s'il s'agissait d'un remboursement pour raisons fiscales ou d'un Cas de Défaut, sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français; étant entendu que le Montant de Remboursement Anticipé dépendra, selon le cas, en tout ou partie des montants reçus grâce au dénouement des accords de couverture conclus en relation avec les Titres.

Si l'événement cesse à la date ou après la date à laquelle l'Agent de Calcul et/ou le Gérant de Portefeuille prennent la décision de rembourser les Titres de manière anticipée, aucun Titulaire de Titres ne pourra prétendre à un paiement quelconque sur les Titres, que ce soit un paiement d'intérêts ou autrement, autre que le Montant de Remboursement Anticipé, et ni l'Émetteur, ni l'Agent Placeur, ni le Gérant de Portefeuille ni l'Agent de Calcul n'auront une responsabilité quelconque au titre de ce remboursement anticipé.

## **(2) En relation avec un indice actions sous-jacent**

Lors de la survenance de tout événement affectant un indice actions sous-jacent, tel que détaillé dans la Partie 1 de l'Annexe Technique Actions et autres actifs liés, l'Agent de Calcul pourra, à sa seule discrétion, décider d'apporter tout ajustement à l'indice actions sous-jacent ou aux Titres, comme indiqué dans la Partie 2 de l'Annexe Technique Actions et autres actifs liés du Prospectus de Base; cependant, dans le cas où l'indice actions sous-jacent cesserait d'être coté ou calculé, l'Agent de Calcul pourra, à sa seule discrétion, décider soit de remplacer l'indice actions sous-jacent par un autre indice présentant des caractéristiques similaires, soit de rembourser les Titres à leur valeur de marché, calculée sur la base de la dernière cotation publiée de l'indice actions sous-jacent et conformément aux dispositions consacrées au "Remboursement Anticipé" ci-dessous.

Le Montant de Remboursement Anticipé payable lors de la survenance d'un événement affectant l'indice actions sous-jacent, comme mentionné ci-dessus, sera payé aux Titulaires de Titres comme s'il était un remboursement pour raisons fiscales ou un Cas de Défaut, sur la base de la Valeur de Marché, telle que définie à la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 5(h) des Modalités des Titres de Droit Français; étant entendu que le Montant de Remboursement Anticipé dépendra totalement ou partiellement, selon le cas, des montants reçus grâce au dénouement des accords de couverture conclus en relation avec les Titres.

Si l'événement cesse à la date ou après la date à laquelle l'Agent de Calcul et le Gérant de Portefeuille prennent la décision de rembourser les Titres de manière anticipée, aucun Titulaire de Titres ne pourra prétendre à un paiement quelconque sur les Titres, que ce soit un paiement d'intérêts ou autrement, autre que le Montant de Remboursement Anticipé, et ni l'Émetteur, ni l'Agent Placeur, ni le Gérant de Portefeuille ni l'Agent de Calcul n'auront une responsabilité quelconque au titre de ce remboursement anticipé.

## **(3) Calculs - Agent du Calcul**

L'Agent de Calcul notifiera à l'Émetteur, qui notifiera à son tour à l'Agent et aux Titulaires de Titres, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 13 des Modalités des Titres de Droit Français (a) tous ajustements substantiels de l'avis de l'Agent de Calcul, et (b) lors de la survenance d'un événement extraordinaire cité dans la présente Annexe Technique Portefeuille d'Actifs Gérés, toute modification de la composition du Sous-jacent et/ou de la Valeur de Marché des Titres payable, ainsi que les détails des calculs si nécessaire.

Les Conditions Définitives applicables spécifieront l'Agent de Calcul responsable du calcul du Taux d'Intérêt et/ou du Montant de Remboursement Final et/ou des intérêts payables et/ou du Montant de Remboursement Anticipé, pour les Titres auxquels la présente Annexe Technique Portefeuille d'Actifs Gérés s'applique. Les calculs et les déterminations de l'Agent de Calcul seront définitifs et obligatoires envers l'Émetteur, le Garant, l'Agent et les Titulaires de Titres, sauf erreur manifeste ou prouvée.

## F) ANNEXE TECHNIQUE AUTRES TITRES

### PARTIE 1 – DEFINITIONS

L'annexe technique suivante consacrée aux titres autres que de capital (**l'Annexe Technique Autres**) s'appliquera aux Conditions Définitives relatives à une émission particulière de Titres, si ces Conditions Définitives stipulent ce qui suit :

***"Les stipulations de l'Annexe Technique Autres Titres s'appliquent aux présentes Conditions Définitives et ces documents doivent être lus conjointement. En cas de divergence entre l'Annexe Technique Autres Titres et les présentes Conditions Définitives, les présentes Conditions Définitives prévaudront."***

A moins qu'ils ne soient spécifiquement définis dans la présente Annexe Technique Titres Autres que de Capital, les termes employés dans celle-ci auront la même signification que celle qui leur est donnée dans les Modalités des Titres.

#### I. DEFINITIONS GENERALES

**Autres Titres** désigne un titre de créance, un certificat, une obligation, une action de préférence, un warrant ou tout autre titre autre qu'une action, un indice, une action ou part de fonds, ou une action d'une société d'investissement ou un certificat Américain d'actions étrangères (*ADR*) ou un risque de crédit, dont le nom apparaît dans les Conditions Définitives applicables et qui fait l'objet d'ajustements conformément aux dispositions de la Partie 2 "*Événements et Ajustements*" ci-dessous.

**Date d'Evaluation** désigne toute date précisée comme telle dans les Conditions Définitives.

#### II. Définitions spécifiques aux Titres Indexés sur Action de Préférence et aux Titres Indexés sur Warrant

**Cas de Perturbation Additionnel** désigne l'un ou l'autre des événements suivants : Changement de la Loi, Perturbation des Opérations de Couverture, Ouverture d'une Procédure de Faillite et/ou Coût Accru des Opérations de Couverture,.

**Changement de la Loi** désigne la situation dans laquelle, à la date de négociation de tout Contrat de Swap ou après cette date, (i) du fait de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi ou réglementation en matière fiscale, de solvabilité ou d'exigences de fonds propres), ou (ii) du fait de la promulgation de toute loi ou réglementation ou d'un revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), ou de l'effet combiné de ces événements, s'ils se produisent plusieurs fois, l'Agent de Calcul déterminerait (A) qu'il est devenu illégal pour l'Emetteur de détenir, d'acquérir ou de céder toute Action de Préférence ou tout Warrant, selon le cas, ou de maintenir tout contrat conclu par l'Emetteur des Titres avec la Contrepartie de Couverture au titre des Actions de Préférence ou des Warrants, selon le cas.

**Date d'Evaluation Finale** désigne la date spécifiée comme telle dans les Conditions Définitives applicables ou, si une ou plusieurs dates d'évaluation des Actions de Préférence ou des Warrants ou de détermination de l'actif sous-jacent ou de la base de référence (ou de toute partie de cet actif ou cette base), selon le cas, tombant à cette date ou aux environs de cette date, doit être différée conformément aux modalités des Actions de Préférence ou des Warrants, selon le cas, en raison d'un cas de perturbation ou d'un cas d'ajustement, la Date d'Evaluation Finale sera cette ou ces dates d'évaluation ou de détermination différées, le tout tel que déterminé par l'Agent de Calcul auquel cas la Date de Maturité sera reportée en conséquence.

**Contrepartie de Couverture** désigne toute partie avec laquelle l'Emetteur conclut un ou plusieurs accords afin de couvrir les obligations de paiement de l'Emetteur en vertu des Titres, et, afin de lever toute ambiguïté, pourra inclure Société Générale et/ou l'un de ses affiliés.

**Perturbation des Opérations de Couverture** désigne la situation dans laquelle la Contrepartie de Couverture se trouve dans l'incapacité, en dépit de ses efforts commercialement raisonnables, (A) d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de tout(s) actif(s) qu'elle jugera nécessaires pour couvrir le risque de cours des valeurs mobilières (ou tout autre risque de cours concerné, y compris, sans caractère limitatif, le risque de change) de l'Emetteur, lié à l'émission et l'exécution de ses obligations résultant des Titres ou de tout contrat conclu par l'Emetteur avec la Contrepartie de Couverture à propos des Titres, ou (B) de réaliser, recouvrer, recevoir, rapatrier, verser ou transférer les produits de l'une quelconque de cette ou ces transaction(s) ou l'un quelconque de cet ou ces actif(s).

**Positions de Couverture** désigne tout achat, vente, prise, conclusion ou maintien d'une ou plusieurs positions ou d'un ou plusieurs contrats (a) sur des titres, options, contrats à terme, dérivés ou devises, (b) sur une ou plusieurs opérations de prêt de titres, ou (c) sur d'autres instruments ou accords (quelle que soit leur description) par la Contrepartie de Couverture, afin de couvrir les obligations de l'Emetteur résultant des Titres, individuellement ou sur la base d'un portefeuille.

**Coût Accru des Opérations de Couverture** désigne la situation dans laquelle la Contrepartie de Couverture encourrait un montant d'impôts, taxes, frais ou commissions (autres que les commissions de courtage) substantiellement accru (par comparaison avec les circonstances existant à la date ou aux dates où la Contrepartie de Couverture prend les Positions de Couverture), pour (A) acquérir, établir, rétablir, remplacer, maintenir, dénouer ou céder toute(s) transaction(s) ou tout(s) actif(s) qu'elle juge nécessaires pour couvrir le risque de conclusion et d'exécution de ses obligations découlant des Titres, ou (B) réaliser, recouvrer ou verser les produits de l'une quelconque de ces transactions ou de l'un quelconque de ces actifs.

**Date d'Evaluation Initiale** désigne la Date d'Emission ou, si la date d'évaluation des Actions de Préférence ou des Warrants ou de détermination de l'actif sous-jacent ou de la base de référence (ou de toute partie de cet actif ou cette base), selon le cas, tombant à cette date ou aux environs de cette date, doit être différée conformément aux modalités des Actions de Préférence ou des Warrants, selon le cas, en raison d'un cas de perturbation ou d'un cas d'ajustement, la Date d'Evaluation Initiale sera cette ou ces dates d'évaluation ou de détermination différées, le tout tel que déterminé par l'Agent de Calcul.

**Ouverture d'une Procédure de Faillite** désigne la situation dans laquelle l'Emetteur des Actions de Préférence ou l'Emetteur des Warrants, selon le cas, prendrait l'initiative ou ferait l'objet, de la part d'une autorité de réglementation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de réglementation dans le ressort duquel il est immatriculé ou dispose de son siège social ou principal établissement, d'une procédure en vue de l'obtention d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure ; ou encore la situation dans laquelle l'Emetteur des Actions de Préférence ou l'Emetteur des Warrants, selon le cas, ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de réglementation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle l'Emetteur des Actions de Préférence ou l'Emetteur des Warrants, selon le cas, ne consentirait pas, ne sera pas réputée constituer une Ouverture de Procédure de Faillite.

### III. Définitions spécifiques aux Titres Indexés sur Action de Préférence

**Avis de Rachat Anticipé des Actions de Préférence** désigne un avis de l'Emetteur des Actions de Préférence indiquant que les Actions de Préférence vont être rachetées par anticipation.

**Montant de Remboursement Anticipé** désigne, pour chaque Titre, un montant libellé dans la Devise Prévue, calculé par l'Agent de Calcul et égal à :

Montant de Calcul X (Valeur de l'Action de Préférence<sub>finale</sub> / Valeur de l'Action de Préférence<sub>initiale</sub>)

sous réserve d'un minimum de 10% du Montant de Calcul.

**Cas de Remboursement Anticipé** signifie que (i) l'Emetteur ou l'un de ses affiliés a reçu de l'Emetteur une Notice de Remboursement Anticipé des Actions de Préférence, (ii) l'Agent de Calcul détermine qu'un Evènement Extraordinaire s'est produit ou (iii) l'Agent de Calcul détermine qu'un Cas de Perturbation Additionnel s'est produit.

**Notice de Remboursement Anticipé des Actions de Préférence** désigne l'avis informant l'Emetteur que les Actions de Préférence doivent être rachetées par anticipation.

**Date de Rachat Anticipé des Actions de Préférence** désigne une date à laquelle les Actions de Préférence sont rachetées avant leur date d'échéance prévue, comme spécifié dans l'Avis de Rachat Anticipé des Actions de Préférence.

**Date d'Evaluation du Remboursement Anticipé** désigne la date déterminée par l'Agent de Calcul suivant un Cas de Remboursement Anticipé sous réserve que cette date soit une date comprise dans une période de temps minimum permettant d'évaluer les Titres à la suite d'un remboursement anticipé des Actions de Préférence et doit être une date à laquelle les Actions de Préférence sont toujours en circulation.

**Evènement Extraordinaire** désigne un Cas de Fusion, une Nationalisation et/ou une Faillite.

**Montant de Remboursement Final** désigne, pour chaque Titre, un montant libellé dans la Devise Prévue, calculé par l'Agent de Calcul et égal à :

Montant de Calcul X (Valeur de l'Action de Préférence<sub>anticipée</sub> / Valeur de l'Action de Préférence<sub>initiale</sub>)

sous réserve d'un minimum de 10% du Montant de Calcul.

**Faillite** désigne la liquidation volontaire ou judiciaire, la faillite, l'insolvabilité, la dissolution ou toute autre procédure analogue affectant l'Emetteur des Actions de Préférence, ainsi que l'Agent de Calcul le déterminera de bonne foi.

**Date de Fusion** désigne la date à laquelle les porteurs du nombre nécessaire d'Actions de Préférence (autres, dans le cas d'une offre publique d'achat, que des Actions de Préférence détenues ou contrôlées par l'auteur de l'offre) pour constituer un Cas de Fusion ont accepté ou sont devenus irrévocablement obligés de transférer leurs Actions de Préférence.

**Cas de Fusion** désigne (A) tout changement de catégorie ou toute transformation des Actions de Préférence entraînant le transfert ou un engagement irrévocable de transférer toutes ces Actions de Préférence en circulation au profit d'une autre entité ou personne ; (B) tout regroupement, fusion, absorption ou échange obligatoire d'actions de l'Emetteur des Actions de Préférence, avec ou dans toute autre entité (autre qu'un regroupement, une fusion, une absorption ou un échange obligatoire d'actions à l'issue duquel l'Emetteur des Actions de Préférence est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes ces Actions de Préférence en circulation) ; (C) une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre évènement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement 100 pour cent des Actions de Préférence en circulation, et qui aurait pour effet le transfert ou un engagement irrévocable de transférer tout ou partie de ces Actions de Préférence (autres que celles de ces Actions de Préférence déjà détenues ou contrôlées par cette autre entité ou personne) ; ou (D) toute opération de fusion par création d'une société nouvelle, de fusion, d'absorption ou d'échange obligatoire des actions de l'Emetteur des Actions de Préférence avec une autre entité, dans le cadre de laquelle l'Emetteur des Actions de Préférence est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes lesdites Actions de Préférence en circulation, mais qui a pour conséquence que les Actions de Préférence concernées en circulation (à l'exclusion des Actions de Préférence concernées déjà détenues ou contrôlées par ladite autre entité) immédiatement avant cette opération représentent ensemble moins de 50% des Actions de Préférence en circulation immédiatement après cette opération ; ou une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre évènement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement, ou d'avoir le droit d'obtenir, par conversion ou par tout autre moyen, plus de 10

pour cent et moins de 100 pour cent des actions à droit de vote en circulation de l'Emetteur des Actions de Préférence, comme déterminé par l'Agent de Calcul sur la base des enregistrements effectués auprès des agences gouvernementales ou d'autorégulation ou de toute autre information que l'Agent de Calcul jugera pertinente.

**Nationalisation** désigne le cas dans lequel toutes les Actions de Préférence ou la totalité ou la quasi-totalité des actifs de l'Emetteur des Actions de Préférence seraient nationalisés ou expropriés ou devraient autrement être cédés à toute agence, autorité ou entité gouvernementale ou à toute émanation de celle-ci.

**Emetteur des Actions de Préférence** désigne Solentis Investment Solutions PCC.

**Actions de Préférence** désigne les Actions de Préférence de l'Emetteur des Actions de Préférence, comme spécifié dans les Conditions Définitives applicables.

**Valeur de l'Action de Préférence** désigne, à propos d'un jour quelconque, la valeur de marché d'une Action de Préférence à l'Heure d'Evaluation le jour déterminé par l'Agent de Calcul.

**Valeur de l'Action de Préférence**<sub>anticipée</sub> (désigne la Valeur de l'Action de Préférence à la Date d'Evaluation du Remboursement Anticipé.

**Valeur de l'Action de Préférence**<sub>finale</sub> désigne la Valeur de l'Action de Préférence à la Date d'Evaluation Finale.

**Valeur de l'Action de Préférence**<sub>initiale</sub> désigne la Valeur de l'Action de Préférence à la Date d'Evaluation Initiale.

#### IV. Définitions spécifiques aux Titres Indexés sur Warrant

**Cas de Remboursement Anticipé** signifie que l'Agent de Calcul détermine qu'un Cas de Résiliation des Warrants ou qu'un Cas de Perturbation Additionnel s'est produit.

**Date d'Evaluation du Remboursement Anticipé** désigne (i) la date déterminée par l'Agent de Calcul suivant un Cas de Perturbation Additionnel sous réserve que cette date soit une date comprise dans une période de temps minimum permettant d'évaluer les Titres à la suite d'un remboursement anticipé des Warrants et doit être une date à laquelle les Warrants sont toujours en circulation ou (ii) la Date de Résiliation des Warrants précédant immédiatement la survenance d'un Cas de Résiliation des Warrants.

**Montant de Remboursement Anticipé** désigne, pour chaque Titre, un montant libellé dans la Devise Prévvue, calculé par l'Agent de Calcul et égal à :

Montant de Calcul X (Valeur du Warrant<sub>anticipée</sub> / Valeur du Warrant<sub>initiale</sub>)

sous réserve d'un minimum de 10% du Montant de Calcul.

**Montant de Remboursement Final** désigne, pour chaque Titre, un montant libellé dans la Devise Prévvue, calculé par l'Agent de Calcul et égal à :

Montant de Calcul X (Valeur du Warrant<sub>finale</sub> / Valeur du Warrant<sub>initiale</sub>)

sous réserve d'un minimum de 10% du Montant de Calcul.

**Warrants** désigne les warrants émis par l'Emetteur des Warrants, spécifiés dans les Conditions Définitives applicables.

**Emetteur des Warrants** désigne l'émetteur des Warrants spécifié dans les Conditions Définitives applicables.

**Date de Résiliation des Warrants** désigne, à propos d'un Warrant, la date à laquelle ce Warrant est annulé ou résilié en conséquence d'un Cas de Résiliation des Warrants, telle que déterminée par l'Agent de Calcul.

**Cas de Résiliation des Warrants** désigne, à propos d'un Warrant, (a) l'annulation ou la résiliation de ce Warrant pour tout motif, autrement qu'en raison (i) de son exercice à la date prévue par un titulaire de ce Warrant, (ii) de son exercice automatique en vertu de ses termes, ou (b) de la survenance d'un cas d'annulation spécifié au titre de ce Warrant conformément à ses termes.

**Valeur du Warrant** désigne, au titre d'un jour donné, la valeur de marché d'un Warrant à l'Heure d'Evaluation le jour concerné, telle que déterminée par l'Agent de Calcul.

**Valeur du Warrant**<sub>anticipée</sub> désigne la Valeur du Warrant à la Date d'Evaluation du Remboursement Anticipé.

**Valeur du Warrant**<sub>finale</sub> désigne la Valeur du Warrant à la Date d'Evaluation Finale.

**Valeur du Warrant**<sub>initiale</sub> désigne la Valeur du Warrant à la Date d'Evaluation Initiale.

## **PARTIE 2 – EVENEMENTS ET AJUSTEMENTS**

- (a) Dans le cas de la survenance à tout moment, à la dernière Date d'Evaluation ou avant cette date, de modifications matérielles ou substantielles des conditions des Autres Titres (par exemple, mais sans caractère limitatif, la modification de la documentation juridique de ces titres) ou de tout événement ou changement affectant l'Autre Titre (par exemple, mais sans caractère limitatif, l'interruption définitive de la cotation de l'Autre Titre, ou résiliation des obligations de l'Émetteur de l' Autre Titre pour un motif quelconque) et qui, de l'avis raisonnable de l'Agent de Calcul, est susceptible d'avoir un effet significatif sur la valeur de l' Autre Titre, l'Agent de Calcul pourra alors:
- (1) ajuster toutes dispositions des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique d'un tel événement sur les Titres; ou
  - (2) remplacer l' Autre Titre par un nouvel actif sous-jacent;
  - (3) considérer un tel événement comme un événement déclenchant une résiliation des Titres (un **Cas de Résiliation**).
- (b) S'il survient un Cas de Résiliation pour un Titre Autre que de Capital à la Date d'Échéance ou avant cette date, l'Agent de Calcul déterminera alors de bonne foi la juste valeur de marché des Titres et l'Émetteur mettra fin à ses obligations en vertu des Titres, et paiera à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Résiliation, le montant déterminé par l'Agent de Calcul pour chaque Titre.

## **PARTIE 3 – PERTURBATION DES OPERATIONS DE COUVERTURE, COUT ACCRU DES OPERATIONS DE COUVERTURE ET CONSEQUENCES – CHANGEMENT DE LA LOI ET CONSEQUENCES.**

Les dispositions de la Partie 2-V de l'Annexe Technique Actions s'appliqueront mutatis mutandis aux Titres (autres que des Titres Indexés sur Action de Préférence ou des Titres Indexés sur Warrant ) auxquels la présente Annexe Technique Autres Titres s'applique, comme spécifié dans les Conditions Définitives applicables.

## **PARTIE 4 – CALCULS – AGENT DE CALCUL – REGLEMENT PHYSIQUE**

Pour les Titres Indexés sur Action de Préférence et les Titres Indexés sur Warrant, l'Agent de Calcul est Société Générale, sauf indication contraire dans les Conditions Définitives applicables. Les calculs et déterminations de l'Agent de Calcul seront définitifs et lieront l'Emetteur, le Garant, l'Agent et les Titulaires, en l'absence d'erreur manifeste ou reconnue. Les disposition de la Partie 3 de l'Annexe Technique Actions ne s'appliqueront pas aux Titres Indexés sur Action de Préférence ni aux Titres Indexés sur Warrant.

Pour les Autres Titres (à l'exception des Titres Indexés sur Action de Préférence et des Titres Indexés sur Warrant), les dispositions de la Partie 3 de l'Annexe Technique Actions s'appliqueront mutatis mutandis aux Titres auxquels la présente Annexe Technique Autres Titres s'applique, comme spécifié dans les Conditions Définitives applicables.

#### **PARTIE 5– REMBOURSEMENT ANTICIPE DES TITRES INDEXES SUR ACTION DE PREFERENCE**

Si les Conditions Définitives applicables spécifient que les Titres sont des Titres Indexés sur Action de Préférence et si l'Agent de Calcul détermine qu'un Cas de Remboursement Anticipé s'est produit, l'Emetteur pourra (mais sans y être obligé) en aviser les Titulaires de Titres conformément à la Modalité 13 (Avis) et rembourser la totalité, mais non une partie seulement, des Titres, chaque Titre étant remboursé au Montant de Remboursement Anticipé dès que possible en pratique après la Date d'Evaluation du Remboursement Anticipé.

#### **PARTIE 6 – REMBOURSEMENT ANTICIPE DES TITRES INDEXES SUR WARRANT**

Si les Conditions Définitives applicables spécifient que les Titres sont des Titres Indexés sur Warrant, et si l'Agent de Calcul détermine qu'un Cas de Remboursement Anticipé s'est produit, l'Emetteur pourra (mais sans y être obligé) en aviser les Titulaires de Titres conformément à la Modalité 13 (Avis) et rembourser la totalité, mais non une partie seulement, des Titres, chaque Titre étant remboursé au Montant de Remboursement Anticipé dès que possible en pratique après la Date d'Evaluation du Remboursement Anticipé.

## G) DEFINITIONS RELATIVES AUX FORMULES

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                  |

| <b>-</b>          | signifie que l'élément suivant ce signe est déduit de l'élément précédant ce signe.                                                                                                                                                                                                                                                                                                                              |
| <b>/</b>          | signifie que l'élément précédant ce signe est divisé par l'élément suivant ce signe.                                                                                                                                                                                                                                                                                                                             |
| <b>x ou *</b>     | signifie que l'élément précédant ce signe est multiplié par l'élément suivant ce signe.                                                                                                                                                                                                                                                                                                                          |
| <b>&gt;</b>       | signifie que l'élément précédant ce signe est strictement supérieur à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être strictement supérieur à l'élément suivant ce signe pour que la condition soit remplie.<br><br>E.g. : "Si $X > Y$ , alors, ..." signifie que X doit être strictement supérieur à Y pour que la condition soit remplie. |
| <b>&lt;</b>       | signifie que l'élément précédant ce signe est strictement inférieur à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être strictement inférieur à l'élément suivant ce signe pour que la condition soit remplie.<br><br>E.g. : "Si $X < Y$ , alors, ..." signifie que X doit être strictement inférieur à Y pour que la condition soit remplie. |
| <b>≥</b>          | signifie que l'élément précédant ce signe est supérieur ou égal à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être supérieur ou égal à l'élément suivant ce signe pour que la condition soit remplie.<br><br>E.g. : "Si $X ≥ Y$ , alors, ..." signifie que X doit être supérieur ou égal à Y pour que la condition soit remplie.             |
| <b>≤</b>          | signifie que l'élément précédant ce signe est inférieur ou égal à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être inférieur ou égal à l'élément suivant ce signe pour que la condition soit remplie.<br><br>E.g. : "Si $X ≤ Y$ , alors, ..." signifie que X doit être inférieur ou égal à Y pour que la condition soit remplie.             |
| <b>i, j, ou k</b> | signifie, pour l'élément auquel il s'applique, lequel peut, entre autres, être une date (par exemple "Date d'Evaluation (i)"), un Sous-jacent (par exemple "Action (i)") ou une combinaison de Sous-Jacents (par exemple "Panier (i)") ou un chiffre obtenu en application d'une formule (par exemple "Coupon (i)»), la désignation de cet élément à l'intérieur d'une liste, au moyen de la variable i, j ou k. |
| <b>i de X à Y</b> | signifie, parmi la liste de nombres constituée par les éléments désignés auxquels i s'applique (défini ci-dessus) que seules les valeurs comprises entre le nombre X et le nombre Y (tous les deux inclus) sont prises en considération. <b>i de X à Y et ≠ i0</b> par extension la valeur classée i0 est                                                                                                        |

exclue de la liste ci-dessus.

$i^k$

signifie, lorsqu'un élément est désigné dans une liste par 2 variables, la désignation de cet élément dans la liste. Par exemple "Action $i^k$ " avec la Date d'Evaluation (k) signifie "Action $i$ " à la Date d'Evaluation (k).

### Min [X;Y]

signifie que la valeur concernée est la valeur la moins élevée X ou Y.

- Si X et Y sont toutes deux des valeurs positives, la valeur à retenir en application de cette formule sera la moins élevée de ces deux valeurs positives (par exemple, dans l'hypothèse Min [3;2], 2 sera la valeur retenue).
- Si X est positive et Y négative, Y sera la valeur retenue (par exemple, dans l'hypothèse Min [3;-2], -2 sera la valeur retenue). Si X est négative et Y positive, X sera la valeur retenue (par exemple, dans l'hypothèse Min [-3;2], -3 sera la valeur retenue).
- Si X et Y sont toutes deux des valeurs négatives, la valeur à retenir par application de cette formule sera la plus grande valeur négative (par exemple, dans l'hypothèse Min [-3;-2], -2 sera la valeur retenue).
- Si X est positive et Y égale à 0, Y sera retenue (par exemple dans l'hypothèse Min [3;0], 0 sera la valeur retenue) et si X est négative et Y égale à 0, (par exemple dans l'hypothèse Min [-3;0], X = -3 sera la valeur retenue).

Les mêmes règles s'appliquent lorsqu'il existe plus de deux valeurs.

### Max [X;Y]

signifie que la valeur concernée est la valeur la plus élevée de X ou Y.

- Si X et Y sont toutes deux des valeurs positives, la valeur à retenir en application de cette formule sera la plus élevée de ces deux valeurs positives (par exemple, dans l'hypothèse Min [3;2], 3 sera la valeur retenue).
- Si X est positive et Y négative, X sera la valeur retenue (par exemple, dans l'hypothèse Min [3;-2], 3 sera la valeur retenue). Si X est négative et Y positive, Y sera la valeur retenue (par exemple, dans l'hypothèse Min [-3;2], 2 sera la valeur retenue).
- Si X et Y sont toutes deux des valeurs négatives, la valeur à retenir par application de cette formule sera la plus petite valeur négative (par exemple, dans l'hypothèse Min [-3;-2], -2 sera la valeur retenue).
- Si X est positive et Y égale à 0, X sera retenue (par exemple dans l'hypothèse Min [3;0], 3 sera la valeur retenue) et si X est négative et Y égale à 0, (par exemple dans l'hypothèse Min [-3;0], Y = 0 sera la valeur retenue).

Les mêmes règles s'appliquent lorsqu'il existe plus de deux valeurs.

### Min $i$ de X à Y

signifie que la valeur concernée de l'élément auquel elle s'applique sera la moins élevée des différentes valeurs que cet élément peut avoir en application des règles de Min ci-dessus, si son classement dans la liste varie de X à Y. Par exemple, Min  $i$  de 1 à 5 Action (i) signifie que la valeur à prendre en considération est la valeur la moins élevée parmi les 5 valeurs qu'Action (i) couvre.

### Max $i$ de X à Y

signifie que la valeur concernée de l'élément auquel elle s'applique sera la plus élevée des différentes valeurs que cet élément peut avoir en application des règles de Max ci-dessus, si son classement dans la liste varie de X à Y. Par exemple, Max  $i$  de 1 à 5 Action (i) signifie que la valeur à prendre en considération est la valeur la plus élevée parmi les 5 valeurs

$\sum_{n=1}^X$  ou Somme<sub>n de 1 à X</sub>

qu'Action (i) couvre.

désigne, pour l'élément auquel elle s'applique, la somme des X valeurs que l'élément peut avoir.

E.g. :  $\sum_{n=1}^{10}$  Panier(n) désigne la somme des 10 valeurs que le Panier(n) couvre si n varie de 1 à 10.

$\frac{1}{X} \times \sum_{n=1}^X$

désigne, pour l'élément auquel elle s'applique, la moyenne arithmétique des valeurs que l'élément va avoir.

E.g. :  $\frac{1}{10} \times \sum_{n=1}^{10}$  Panier (n) désigne la moyenne arithmétique des 10 valeurs que ce Panier (n) couvre.

**|X|** ou **Abs (X)** ou **valeur absolue de X**

signifie que même si X a une valeur négative, cette valeur négative ne sera pas prise en considération.

E.g. : **| -10 |** signifie que la valeur à retenir est 10.

**X<sup>n</sup>**

signifie que la valeur à prendre en considération est le résultat de X multiplié par lui-même "n-1" fois.

E.g. : **2<sup>5</sup>** désigne 2\*2\*2\*2\*2, soit 2 multiplié quatre fois par lui-même, c'est-à-dire 32.

**√x** ou la racine carrée de X

signifie que la valeur à prendre en considération est le nombre qui, multiplié à lui-même, donne X.

E.g. : **√9** = 3, dès lors que 3\*3 = 9.

$\prod_{n=1}^x$  désigne, pour l'élément auquel elle s'applique, le produit des valeurs x que l'élément prendra.

E.g. :  $\prod_{n=1}^3 (n+1)$  désigne (1 + 1)(2 + 1)(3 + 1) = 2 × 3 × 4 = 24

**« a puissance b »**

désigne la fonction exponentielle de b avec une base a.

**LN(x) = ln(x) = Ln(x)**

désigne le logarithme de la base e de x, par exemple LN(2) = 0,69315.

**INT(x)**

désigne la fonction qui donne un nombre entier à partir du nombre x (arrondi à la baisse au nombre entier le plus proche), par exemple INT(2,3) = 2, INT(1,6) = 1, INT (1,4) = -2, INT (-4,6) = -5.

**IND(condition)**

désigne la fonction caractéristique de la condition qui est égale à 1 si la condition est satisfaite, et qui est égale à 0 si la condition n'est pas satisfaite.

E.g.: S(0): valeur de clôture du Sous-Jacent à la Date d'Evaluation (0)  
S(1): valeur de clôture du Sous-Jacent à la Date d'Evaluation (1)  
Si S(0) > S(1), alors IND(S(0)>S(1)) = 1  
Si S(0) = S(1), alors IND(S(0)>S(1)) = 0  
Si S(0) < S(1), alors IND(S(0)>S(1)) = 0

## **H) AUTRES DEFINITIONS**

Les Conditions Définitives applicables peuvent contenir d'autres définitions qui ne sont pas spécifiquement visées dans cette Annexe Technique (y compris, sans limitation, Niveau d'Activation, Niveau de Désactivation et Prix d'Échange). Les significations et/ou fonctions de ces définitions seront précisées en détail dans l'Annexe aux Conditions Définitives applicables.

## I) ANNEXE CNY

### PARTIE 1 - SHIBOR

- 1.1 "SHIBOR" désigne le Taux Interbancaire Offert à Shanghai, tel qu'il est publié sur le site <http://www.shibor.org>, par le *China Foreign Exchange Trade System & National Interbank Funding Centre* en vertu de l'autorisation qui lui a été donnée par la Banque Populaire de Chine, vers 11h30 du matin (heure de Pékin) chaque jour ouvré, y compris à 8 périodes essentielles, à savoir O/N, 1W, 2W, 1M, 3M, 6M, 9M, 1Y, représentant chacune le taux pour la période correspondante.
- 1.2 Si les Conditions Définitives stipulent que le Taux d'Intérêt est SHIBOR, le taux "SHIBOR" sera le taux déterminé par la l'Emetteur, agissant par l'intermédiaire de sa Succursale de Hong Kong (ou, si les Conditions Définitives le spécifient, par l'Agent de Calcul en lieu et place de la Banque, agissant par l'intermédiaire de sa Succursale de Hong Kong) sur la base suivante :
- (i) Si, vers 11h30 du matin (heure de Pékin) à la Date de Détermination des Intérêts, le taux SHIBOR pertinent est publié sur le site <http://www.shibor.org>, le taux SHIBOR applicable sera ce taux ; pour les besoins des présentes Modalités, le taux SHIBOR pertinent désigne le taux SHIBOR pour une échéance essentielle correspondant à la Période d'Intérêts concernée.
  - (ii) Si le taux SHIBOR pertinent n'est pas publié pour un motif quelconque à une certaine Date de Détermination des Intérêts, il sera remplacé par le taux SHIBOR pertinent au titre du jour ouvré précédant immédiatement cette Date de Détermination des Intérêts.

### PARTIE 2 – EVENEMENT DEVISE CNY

Si les Conditions Définitives applicables stipulent "Evénement Devise CNY" et si un Evénement Devise CNY existe à une date de paiement de tout montant payable en vertu d'un Titre, d'un Reçu ou d'un Coupon, comme l'Agent de Calcul en décidera à sa seule et en son absolue discrétion, l'Emetteur pourra décider, à sa seule et en son absolue discrétion, de prendre l'une ou plusieurs des mesures suivantes et exiger de l'Agent de Calcul qu'il prenne toute mesure ou procède à toute détermination en résultant:

- (a) le paiement concerné de l'Emetteur sera différé à 10 Jours Ouvrés après la date à laquelle l'Evénement Devise CNY cessera d'exister ou, si cela n'est pas possible (comme l'Emetteur le déterminera en agissant de bonne foi) dès que cela sera raisonnablement possible après cette date ;
- (b) l'obligation de l'Emetteur d'effectuer un paiement en CNY en vertu des modalités des Titres sera remplacée par une obligation de payer ce montant dans la Devise de Référence (convertie au Taux de Règlement de Remplacement déterminé par l'Agent de Calcul, à la date et l'heure choisies de bonne foi par l'Agent de Calcul) ; et
- (c) l'Emetteur pourra, à sa seule et en son absolue discrétion, en adressant une notification aux Titulaires de Titres conformément aux Modalités, rembourser la totalité des Titres, et non une partie seulement de ceux-ci, chaque Titre étant racheté à son Montant de Remboursement Anticipé.

En cas de survenance d'un Evénement Devise CNY, l'Emetteur devra adresser dès que possible une notification aux Titulaires de Titres conformément aux Modalités – mentionnant la survenance de l'Evénement Devise CNY, donnant de brefs détails sur celui-ci et indiquant la mesure qu'il propose de prendre en relation avec cet événement.

Pour les besoins des présentes, et sauf mention contraire des Conditions Définitives applicables :

**Taux de Règlement de Remplacement** désigne le taux de change au comptant entre le CNY et la Devise de Référence, déterminé par l'Agent de Calcul en tenant compte de toutes les informations disponibles que l'Agent de Calcul jugera pertinentes (y compris, sans caractère limitatif, les informations de prix obtenues auprès du marché des changes en CNY non-livrabable hors du territoire de la RPC et/ou du marché des changes en CNY dans le territoire de la RPC).

**Événements Devise CNY** désigne l'un quelconque des événements suivants : Illiquidité du CNY, Non-Transférabilité du CNY et Inconvertibilité du CNY.

**Illiquidité du CNY** désigne le cas dans lequel le marché des changes général du CNY à Hong Kong deviendrait illiquide, en conséquence de quoi l'Emetteur et/ou l'un quelconque de ses affiliés ne pourraient pas obtenir des montants suffisants de CNY pour effectuer un paiement ou exécuter toutes autres obligations mises à leur charge en vertu des Titres, comme l'Agent de Calcul le déterminera de bonne foi et d'une manière commercialement raisonnable.

**Inconvertibilité du CNY** désigne la survenance de tout événement qui rend impossible, impraticable ou illégal pour l'Emetteur et/ou l'un quelconque de ses affiliés de convertir tout montant devant être payé par l'Emetteur en vertu des Titres en CNY ou à partir de CNY à toute date de paiement, ou tout autre montant qui pourra être déterminé par l'Agent de Calcul à sa seule et en son absolue discrétion sur le marché général des changes du CNY à Hong Kong, excepté dans le cas où cette situation serait exclusivement due au fait que cette partie ne s'est pas conformée à toute loi, règle ou réglementation promulguée par toute Autorité Gouvernementale (à moins que cette loi, règle ou réglementation ne soit promulguée après la Date d'Emission de la Série de Titres concernée et qu'il ne soit impossible pour l'Emetteur et/ou l'un de ses affiliés de se conformer à cette loi, règle ou réglementation en raison d'un événement échappant à leur contrôle).

**Non-Transférabilité du CNY** désigne la survenance de tout événement qui rend impossible, impraticable ou illégal pour l'Emetteur et/ou l'un quelconque de ses affiliés de livrer des CNY entre des comptes ouverts à Hong Kong, ou d'un compte ouvert à Hong Kong vers un compte ouvert hors de Hong Kong, excepté dans le cas où cette situation serait exclusivement due au fait que l'Emetteur et/ou cet affilié ne s'est pas conformé à toute loi, règle ou réglementation promulguée par toute Autorité Gouvernementale (à moins que cette loi, règle ou réglementation ne soit promulguée après la Date d'Emission et qu'il ne soit impossible pour l'Emetteur et/ou l'un de ses affiliés de se conformer à cette loi, règle ou réglementation en raison d'un événement échappant à leur contrôle).

**Autorité Gouvernementale** désigne tout gouvernement de droit ou de fait (ou toute agence ou émanation de celui-ci), toute cour, tout tribunal, toute autorité administrative ou autre autorité gouvernementale ou toute autre entité (privée ou publique) chargée de la régulation des marchés financiers (y compris la banque centrale) de Hong Kong.

**Devise de Référence** désigne le Dollar US, le Dollar de Hong Kong ou toute autre devise qui peut être spécifiée dans les Conditions Définitives applicables.

## J) ANNEXE TECHNIQUE GARANTIES

Les termes et conditions applicables aux Titres Assortis de Sûretés comprennent (a)(i) les Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou (ii) les Modalités des Titres de Droit Français, et (b) les Modalités supplémentaires figurant dans la présente Annexe Technique Garanties (les **Modalités Garanties**), dans chaque cas sous réserve des adjonctions et/ou modifications qui pourront être apportées aux Conditions Définitives applicables.

En cas de divergence entre les Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat ou les Modalités des Titres de Droit Français, d'une part, et les Modalités Garanties, d'autre part, les Modalités Garanties prévaudront. En cas de divergence entre (i) les Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat ou les Modalités des Titres de Droit Français et/ou les Modalités Garanties, et (ii) les Conditions Définitives, les Conditions Définitives prévaudront.

### 1. DEFINITIONS

**Titre Assorti de Sûretés à Echéance Anticipée (“Accelerated Secured Note”)** désigne un Titre dont le porteur (ou le Représentant de la Masse dans le cas de Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) a notifié par écrit à l'Emetteur et au Garant, après la survenance d'un Cas de Défaut, que cet Titre est immédiatement dû et remboursable à son Montant de Remboursement Anticipé (tel que défini dans la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, et dans la Modalité 5(h) des Modalités des Titres de Droit Français, selon le cas) ;

**Part Totale des Actifs Gagés (“Aggregate Collateral Assets Share”)** désigne, au titre d'une Série de Titres Assortis de Sûretés, le produit obtenu en multipliant le Pourcentage de Garanties applicable à cette Série de Titres Assortis de Sûretés par la Valeur Finale des Garanties au titre du Pool de Garanties qui garantit cette Série de Titres Assortis de Sûretés ;

**Montant Total du Boni d'Exécution de Garanties (“Aggregate Collateral Enforcement Excess Amount”)** a la signification définie dans la Modalité Garanties 5.5 et la Modalité Garanties 5.8;

**Part Totale des Produits de l'Exécution des Garanties (“Aggregate Collateral Enforcement Proceeds Share”)** désigne, au titre d'une Série de Titres Assortis de Sûretés, le produit obtenu en multipliant le Pourcentage de Garanties applicable à cette Série de Titres Assortis de Sûretés par les Produits de l'Exécution des Garanties au titre du Pool de Garanties qui garantit cette Série de Titres Assortis de Sûretés ;

**Compte Gagé (“Collateral Account”)** a la signification définie dans la Modalité Garanties 3.1;

**Loi de 2005 sur les Contrats de Garantie (“Collateral Act 2005”)** désigne la loi luxembourgeoise du 5 août 2005 sur les contrats de garantie financière, telle que modifiée ;

**Partie à un Contrat de Garantie (“Collateral Arrangement Party”)** désigne le Gérant des Garanties, l'Agent de Contrôle des Garanties, le Dépositaire des Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français), l'Agent de Cession et l'Agent Payeur de Remplacement ;

**Actifs Gagés (“Collateral Assets”)** désigne les actifs livrés au Dépositaire des Garanties et détenus sur un Compte Gagé ;

**Part des Actifs Gagés (“Collateral Assets Entitlement”)** désigne, pour chaque Titre Assorti de Sûretés d'une Série de Titres Assortis de Sûretés à laquelle s'applique la clause Livraison Physique des

Garanties, des Actifs Gagés d'une valeur égale à la Part des Actifs Gagés (basée sur les évaluations de l'Agent de Contrôle des Garanties de ces actifs à la Date de Test des Garanties précédant immédiatement la signification de la Notification d'Exécution des Garanties) ;

**Quote-Part des Actifs Gagés (“Collateral Assets Share”)** désigne, au titre d'une Série de Titres Assortis de Sûretés à laquelle s'applique la clause Livraison Physique des Garanties, la part au prorata de la Part Totale des Actifs Gagés attribuable à chaque Titre Assorti de Sûretés de cette Série de Titres Assortis de Sûretés ;

**Jour Ouvré Garanties (“Collateral Business Day”)** désigne un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions en général (y compris des transactions de change et des dépôts en devises) à Paris, Londres et Luxembourg ;

**Page Ecran de la Devise des Garanties (“Collateral Currency Screen Page”)** désigne la page écran pertinente spécifiée dans les Conditions Définitives applicables, à l'effet de déterminer le taux de change au comptant applicable ;

**Heure Spécifiée pour la Devise des Garanties (“Collateral Currency Specified Time”)** désigne l'heure spécifiée dans les Conditions Définitives applicables, à l'effet de déterminer le taux de change au comptant applicable ;

**Dépositaire des Garanties (“Collateral Custodian”)** désigne The Bank of New York Mellon SA/NV, Succursale de Luxembourg ou toute autre entité spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en cette qualité en vertu des termes du Contrat de Dépositaire des Garanties et/ou des Modalités Garanties) et, s'il y a lieu, tout sous-dépositaire ou autre entité nommé par le Dépositaire des Garanties ;

**Contrat de Dépositaire des Garanties (“Collateral Custodian Agreement”)** désigne le contrat conclu, entre autres, entre The Bank of New York Mellon (Luxembourg) S.A. en qualité de Dépositaire des Garanties et l'Emetteur, tel qu'il sera modifié, reformulé et/ou complété de temps à autre ;

**Date de Livraison des Garanties (“Collateral Delivery Date”)** désigne, en relation avec une Série de Titres Assortis de Sûretés à laquelle s'applique la clause Livraison Physique des Garanties, la date à laquelle le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou, dans l'un et l'autre cas, l'Agent Payeur de Remplacement agissant pour leur compte, s'il y a lieu, a l'intention de Livrer la Part des Actifs Gagés aux Titulaires de Titres ;

**Cas de Perturbation Garanties (“Collateral Disruption Event”)** désigne l'une ou l'autre des situations suivantes :

- (b) l'Emetteur et/ou l'un de ses Affiliés considèrent, à leur seule et en leur absolue discrétion, qu'ils :
  - (i) se trouvent dans l'incapacité, en dépit de leurs efforts commercialement raisonnables, en conséquence de restrictions ou de contraintes légales, contractuelles ou autres (y compris, sans caractère limitatif, toutes lois, réglementations, décisions de justice ou autres contraintes gouvernementales ou réglementaires), de conditions de marché défavorables ou d'un manque de liquidité sur le marché ou autrement, (A) d'acquiescer, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de tout(s) actif(s), contrat(s) à terme ou option(s) qu'ils jugeront nécessaires pour obtenir des Actifs Gagés ; ou (B) de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement cette ou ces transactions, cet ou ces

actifs, ce ou ces contrats à terme ou cette ou ces options ou toutes positions de couverture se rapportant aux Actifs Gagés ; ou

- (ii) encourraient un montant substantiellement accru (par comparaison avec les circonstances existant à la date où le prix d'émission d'une Série de Titres Assortis de Sûretés est déterminé) d'impôts, taxes, frais, commissions (autres que des commissions de courtage) ou autres coûts applicables (y compris, afin de lever toute ambiguïté, tous coûts de financement) afin (A) d'acquérir, emprunter, remplacer ou disposer de tous Actifs Gagés, (B) d'établir, rétablir, remplacer, maintenir, dénouer ou disposer de toute transaction conclue par l'Emetteur ou l'un de ses Affiliés en relation avec les Actifs Gagés, ou (C) de réaliser, recouvrer ou verser les produits de ces Actifs Gagés ; ou
- (c) l'Emetteur se trouve dans l'incapacité, en dépit d'efforts commercialement raisonnables, de trouver une Partie à un Contrat de Garantie de substitution ou de remplacement appropriée, à la suite de la résiliation du contrat concerné ou de la démission ou de la révocation pour un motif quelconque d'une Partie à un Contrat de Garantie ;

**Montant du Boni d'Exécution des Garanties ("Collateral Enforcement Excess Amount")** a la signification définie dans la Modalité Garanties 5.5 et la Modalité Garanties 5.8 ;

**Notification d'Exécution des Garanties ("Collateral Enforcement Notice")** désigne une notification écrite adressée par un Titulaire de Titres (ou le Représentant de la Masse dans le cas de Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français, demandant que le Contrat de Gage concerné soit exécuté conformément à ses termes ;

**Produits de l'Exécution des Garanties ("Collateral Enforcement Proceeds")** désigne les produits nets de la réalisation des Actifs Gagés d'un Pool de Garanties, ou de l'exécution de ces actifs, à la suite du paiement de tous les montants payables en priorité par rapport aux Titulaires de Titres, selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables ;

**Quote-Part des Produits de l'Exécution des Garanties ("Collateral Enforcement Proceeds Share")** désigne, au titre d'une Série de Titres Assortis de Sûretés, la part au prorata de la Part Totale des Produits de l'Exécution des Garanties attribuable à chaque Titre Assorti de Sûretés de cette Série de Titres Assortis de Sûretés ;

**Contrat de Gestion des Garanties ("Collateral Management Agreement")** désigne le contrat conclu, entre autres, entre la Société Générale en qualité de Gérant des Garanties et l'Emetteur, tel qu'il pourra être modifié, reformulé et/ou complété de temps à autre ;

**Gérant des Garanties ("Collateral Manager")** désigne la Société Générale ou toute autre entité spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement de celle-ci nommée en vertu des termes du Contrat de Gestion des Garanties et/ou des Modalités Garanties) et, s'il y a lieu, tout sous-agent du Gérant des Garanties ou toute autre entité nommée par le Gérant des Garanties ;

**Contrat d'Agent de Contrôle des Garanties ("Collateral Monitoring Agency Agreement")** désigne le contrat conclu, entre autres, entre The Bank of New York Mellon, Succursale de Londres, en qualité d'Agent de Contrôle des Garanties, et l'Emetteur, tel qu'il pourra être modifié, reformulé et/ou complété de temps à autre ;

**Agent de Contrôle des Garanties ("Collateral Monitoring Agent")** désigne The Bank of New York Mellon, Succursale de Londres (ou toute entité de substitution ou de remplacement de celle-ci nommée

en vertu des termes du Contrat d'Agent de Contrôle des Garanties et/ou des Modalités Garanties) et, s'il y a lieu, tout sous-agent de l'Agent de Contrôle des Garanties ou toute autre entité nommée par l'Agent de Contrôle des Garanties ;

**Notification de l'Agent de Contrôle des Garanties ("Collateral Monitoring Agent Notice")** désigne une notification donnée par l'Agent de Contrôle des Garanties au Gérant des Garanties, détaillant les motifs pour lesquels il considère que le Test des Garanties n'est pas satisfait ou, si une Notification de Test des Garanties a été signifiée, indiquant que le Test des Garanties ne sera pas satisfaisant (ou ne le sera plus) après avoir tenu compte de tous ajustements spécifiés dans cette Notification de Test des Garanties ;

**Pourcentage de Garanties ("Collateral Percentage")** désigne, au titre d'une Série de Titres Assortis de Sûretés, le montant (exprimé en pourcentage) égal à la Valeur Finale Requise des Garanties applicable à cette Série de Titres Assortis de Sûretés, divisé par la Valeur Finale Requise des Garanties Totale du Pool applicable au Pool de Garanties qui garantit cette Série de Titres Assortis de Sûretés ;

**Pool de Garanties ("Collateral Pool")** désigne un pool d'Actifs Gagés détenu sur un Compte Gagé et gagé en vertu d'un Contrat de Gage. Un Pool de Garanties sera soit un Pool de Garanties Série Unique, soit un Pool de Garanties Séries Multiples ;

**Règles relatives aux Garanties ("Collateral Rules")** désigne les règles applicables aux garanties, spécifiées dans les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés. Afin de lever toute ambiguïté, les Règles relatives aux Garanties se rapportant à un Pool de Garanties particulier seront respectées dans la mesure où les seuls Actifs Eligibles Gagés ont une Valeur des Garanties égale à la Valeur Requise des Garanties prescrite par ces Règles ;

**Test des Garanties ("Collateral Test")** désigne le fait que (i) les Règles relatives aux Garanties sont respectées et (ii) la Valeur des Garanties est égale ou supérieure à la Valeur Requise des Garanties (en tenant compte de toute Décote à appliquer aux Actifs Gagés et de la valeur totale de toutes Titres avec Renonciation). Pour déterminer si le Test des Garanties est satisfait, il sera tenu compte des Actifs Gagés pour lesquels des instructions de transfert au Compte Gagé concerné ont été fournies à cette Date de Test des Garanties ou avant cette date, et il ne sera pas tenu compte des Actifs Gagés pour lesquels des instructions de retrait du Compte Gagé concerné ont été fournies à cette Date de Test des Garanties ou avant cette date ;

**Date de Test des Garanties ("Collateral Test Date")** désigne chaque date périodique spécifiée dans les Conditions Définitives applicables et toute autre date réputée être une Date de Test des Garanties conformément aux Modalités Garanties ;

**Procédure de Règlement d'un Différend relatif au Test des Garanties ("Collateral Test Dispute Resolution Procedure")** désigne la procédure de règlement d'un différend définie dans le Contrat de Gestion des Garanties et le Contrat d'Agent de Contrôle des Garanties ;

**Notification de Test des Garanties ("Collateral Test Notice")** désigne une notification que le Gérant des Garanties adressera ou fera adresser à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas) en relation avec un Pool de Garanties particulier, spécifiant les ajustements à apporter au Pool de Garanties (y compris, entre autres, au type et à la quantité d'Actifs Gagés à déposer et/ou retirer) ;

**Documents de l'Opération de Garantie ("Collateral Transaction Documents")** désigne le Contrat de Gestion des Garanties, le Contrat d'Agent de Contrôle des Garanties, le Contrat de Dépositaire des Garanties, le Contrat d'Agent d'Evaluation des Titres, le Contrat d'Agent de Cession, le Contrat d'Agent Payeur de Remplacement, le Contrat d'Agent des Sûretés, chaque Contrat de Gage concerné et chaque Contrat de Fiducie-Sûreté concerné.

**Devise d'Evaluation des Garanties ("Collateral Valuation Currency")** désigne la devise spécifiée dans les Conditions Définitives applicables ;

**Valeur des Garanties ("Collateral Value")** désigne la valeur totale, à la Date d'Evaluation concernée, exprimée dans la Devise d'Evaluation des Garanties, des Actifs Eligibles Gagés d'un Pool de Garanties, en tenant compte dans chaque cas de toute Décote appliquée sur ceux-ci. Le Gérant des Garanties déterminera la Valeur des Garanties sur la base de la ou des méthodes d'évaluation qu'il pourra déterminer à sa discrétion, en agissant de bonne foi et d'une manière commercialement raisonnable. Si la devise de dénomination d'un Actif Gagé est différente de la Devise d'Evaluation des Garanties, le Gérant des Garanties convertira la valeur de cet Actif Gagé au taux de change au comptant applicable. Le taux de change au comptant applicable sera le taux affiché sur la Page Ecran de la Devise des Garanties à l'Heure Spécifiée pour la Devise des Garanties, telles qu'elles sont chacune spécifiées dans les Conditions Définitives applicables ou, si cette Page Ecran de la Devise des Garanties n'est pas spécifiée dans les Conditions Définitives applicables ou n'est pas disponible, le taux de change au comptant applicable sera le taux déterminé par le Gérant des Garanties, agissant de bonne foi et d'une manière commercialement raisonnable ;

**Livrer ("Deliver")** désigne, au titre de tout Actif Gagé formant partie d'une Part des Actifs Gagés, le fait de livrer, nover, transférer, céder ou vendre, selon le cas, de la manière habituelle pour le règlement de l'Actif Gagé applicable (y compris la signature de tous les documents nécessaires et la prise de toutes autres mesures nécessaires), afin de transférer tous les droits, titres et intérêts sur l'Actif Gagé, libre et exempt de tous privilèges, charges, revendications ou sûretés quelconques. Les termes **Livraison** et **Livré** seront interprétés par analogie ;

**Contrat d'Agent de Cession ("Disposal Agency Agreement")** désigne le contrat conclu, entre autres, entre The Bank of New York Mellon, Succursale de Londres, en qualité d'Agent de Cession et l'Emetteur, tel qu'il pourra être modifié, reformulé et/ou complété de temps à autre ;

**Agent de Cession ("Disposal Agent")** désigne The Bank of New York Mellon, Succursale de Londres, ou telle autre entité spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en vertu des termes du Contrat d'Agent de Cession et/ou des Modalités Garanties) et, s'il y a lieu, tout sous-agent de l'Agent de Cession ou toute autre entité nommée par l'Agent de Cession ;

**Notification de Différend ("Dispute Notice")** désigne une notification écrite adressée par le Gérant des Garanties à l'Agent de Contrôle des Garanties, notifiant à ce dernier que le Gérant des Garanties conteste le contenu d'une Notification de l'Agent de Contrôle des Garanties ;

**Notification de Procédure de Règlement de Différend ("Dispute Resolution Procedure Notice")** désigne une notification écrite adressée par le Gérant des Garanties à l'Agent de Contrôle des Garanties, indiquant que le Gérant des Garanties a l'intention d'engager une Procédure de Règlement d'un Différend relatif à un Test de Garanties, afin de déterminer les ajustements (éventuels) à apporter au Pool de Garanties ;

**Critères d'Eligibilité ("Eligibility Criteria")** désigne les critères d'éligibilité spécifiés dans les Conditions Définitives applicables, se rapportant à une Série de Titres Assortis de Sûretés ;

**Actifs Eligibles Gagés ("Eligible Collateral Assets")** désigne des Actifs Gagés satisfaisant aux Critères d'Eligibilité ;

**Valeur Finale des Garanties ("Final Collateral Value")** désigne la Valeur des Garanties déterminé par l'Agent de Contrôle des Garanties à la Date de Test des Garanties précédant immédiatement la signification d'une Notification d'Exécution des Garanties, moins tous montants payables en priorité par

rapport aux Titulaires de Titres, selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables ;

**Valeur Finale Requise des Garanties (“*Final Required Collateral Value*”)** désigne la Valeur Requise des Garanties pour une Série de Titres Assortis de Sûretés, calculée par l'Agent de Contrôle des Garanties à la Date de Test des Garanties précédant immédiatement la signification d'une Notification d'Exécution des Garanties ;

**Notification de Test des Garanties Révisée Premier Niveau (“*First Level Revised Collateral Test Notice*”)** désigne une Notification de Test des Garanties révisée, envoyée par le Gérant des Garanties, à la suite de la réception par le Gérant des Garanties d'une Notification de l'Agent de Contrôle des Garanties, sur le contenu de laquelle le Gérant des Garanties est d'accord. Une Notification de Test des Garanties Révisée Premier Niveau sera fournie par le Gérant des Garanties à l'Agent de Contrôle des Garanties (avec copie à l'Emetteur et au Garant, selon le cas) et sera préparée de la même manière et contiendra les mêmes informations que celles devant être incluses dans une Notification de Test des Garanties ;

**Décote (“*Haircut*”)** désigne, si les Conditions Définitives applicables le prévoient, le montant en pourcentage dont la valeur de chaque type d'Actif Gagé contenu dans un Pool de Garanties doit être réduite, tel que spécifié dans les Conditions Définitives applicables. Afin de lever toute ambiguïté, les Conditions Définitives applicables peuvent spécifier une valeur de Décote par type ou catégorie d'Actif Gagé ;

**Dette (“*Liability*”)** désigne toute perte, tout dommage, tout coût, toute charge, toute réclamation, toute demande, tout frais, tout jugement, toute action, toute procédure ou toute responsabilité de toute nature (y compris, sans caractère limitatif, au titre des impôts, taxes, droits, prélèvements, contributions et autres charges), y compris toute taxe sur la valeur ajoutée ou taxe similaire imposée ou imposable à ce titre, et tous les frais et honoraires juridiques sur la base d'une indemnisation intégrale (et le terme **Dettes** doit être interprété par analogie) ;

**Pool de Garanties Séries Multiples (“*Multiple Series Collateral Pool*”)** désigne le fait, si les Conditions Définitives le spécifient au titre d'une Série de Titres Assortis de Sûretés, que cette Série de Titres Assortis de Sûretés peut être garantie par un Pool de Garanties qui garantit plusieurs Séries de Titres Assortis de Sûretés.

Afin de lever toute ambiguïté, chaque Série de Titres Assortis de Sûretés garantis en vertu d'un Pool de Garanties Séries Multiples doit (i) être soumise à la même loi applicable (c'est-à-dire se composer exclusivement de Titres de Droit Anglais ou de Titres de Droit Français), (ii) être soumise à la même méthode de distribution des Actifs Gagés à la suite de l'exécution du Contrat de Gage concerné (c'est-à-dire exclusivement soumise à la clause "Livraison Physique d'Actifs Gagés" ou ne pas être soumise à la clause "Livraison Physique d'Actifs Gagés"), (iii) être soumise aux mêmes Critères d'Eligibilité et aux mêmes Règles relatives aux Garanties, (iv) être soumise à la même/aux mêmes valeurs de Décote pour chaque type ou catégorie d'Actifs Eligibles Gagés, et (v) avoir les mêmes Dates de Test d'Admission de Garanties ;

**Titres Sans Renonciation (“*Non-Waived Notes*”)** désigne, en relation avec une Série de Titres Assortis de Sûretés, les Titres Assortis de Sûretés de cette Série qui ne sont pas des Titres Avec Renonciation ;

**Contrat d'Agent d'Evaluation des Titres (“*Note Valuation Agency Agreement*”)** désigne le contrat conclu, entre autres, entre la Société Générale en qualité d'Agent d'Evaluation des Titres et l'Emetteur, tel qu'il pourra être modifié, reformulé et/ou complété de temps à autre ;

**Agent d'Evaluation des Titres ("Note Valuation Agent")** désigne la Société Générale ou toute autre entité spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en cette qualité en vertu des termes du Contrat d'Agent d'Evaluation des Titres et/ou des Modalités Garanties) et, s'il y a lieu, tout sous-agent de la Société Générale ou toute autre entité nommée par la Société Générale ;

**Pourcentage de Collatéralisation Partielle ("Partial Collateralisation Percentage")** désigne le niveau de pourcentage spécifié comme tel dans les Conditions Définitives applicables ;

**Livraison Physique d'Actifs Gagés ("Physical Delivery of Collateral Assets")** désigne, si les Conditions Définitives applicables stipulent que la clause Livraison Physique des Actifs Gagés s'applique, le fait que le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne devra pas, lors de l'exécution d'un Contrat de Gage, vendre ou faire vendre les Actifs Gagés (à moins qu'il ne se soit produit un Cas de Perturbation de la Livraison Physique d'Actifs Gagés, et autrement que pour payer des montants payables en priorité par rapport aux Titulaires de Titres, conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables), mais livrera ou fera livrer la Part d'Actifs Gagés à chaque Titulaire de Titres, de la manière indiquée dans la Modalité 5.8 ;

**Cas de Perturbation de la Livraison Physique d'Actifs Gagés ("Physical Delivery of Collateral Assets Disruption Event")** désigne tout événement échappant au contrôle de l'Emetteur, du Gérant des Garanties, de l'Agent Payeur de Remplacement, du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent des Sûretés (dans le cas des Titres de Droit Français), selon le cas, en conséquence duquel le Système de Compensation Concerné (tel que défini dans les Conditions Définitives applicables) ne peut pas Livrer tout ou partie de la Part des Actifs Gagés devant être livrée en vertu des termes des présentes Modalités Garanties ;

**Contrat de Gage ("Pledge Agreement")** désigne un contrat de gage régi par la loi luxembourgeoise, conclu entre l'Emetteur, le Dépositaire des Garanties et le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), créant une sûreté en faveur du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) pour son compte et celui des Titulaires de Titres concernés, ou directement en faveur des Titulaires de Titres concernés, représentés par l'Agent des Sûretés (dans le cas des Titres de Droit Français) ;

**Notification de Test des Garanties Post-Différend ("Post Dispute Collateral Test Notice")** désigne une Notification de Test de Garanties Post-Différend adressée par le Gérant des Garanties après l'issue d'une Procédure de Règlement d'un Différend relatif à un Test de Garanties. Une Notification de Test des Garanties Post-Différend sera fournie par le Gérant des Garanties à l'Agent de Contrôle des Garanties (avec copie à l'Emetteur et au Garant, selon le cas) et sera préparée de la même manière et contiendra les mêmes informations que celles devant être incluses dans une Notification de Test des Garanties ;

**Valeur Finale Requise des Garanties d'un Pool de Garanties ("Aggregate Final Required Collateral Value")** désigne, au titre d'un Pool de Garanties, le total de la Valeur Finale Requise des Garanties de chaque Série de Titres Assortis de Sûretés qui est garantie par ce Pool de Garanties ;

**Défaut des Garanties Requises ("Required Collateral Default")** désigne la situation suivante :

(a) après la réception d'une Notification de l'Agent de Contrôle des Garanties, qui indique que le Test des Garanties n'est pas satisfait (ou ne sera pas satisfait après avoir tenu compte de tous ajustements spécifiés dans la Notification de Test des Garanties) :

(i) aucune Notification de Test des Garanties Révisée Premier Niveau ni aucune Notification de Différend n'a été envoyée ; ou

(ii) aucune Notification de Test des Garanties Révisée Second Niveau ni aucune Notification de Procédure de Règlement d'un Différend n'a été envoyée ; ou

(iii) aucune Notification de Test des Garanties Post-Différend n'a été envoyée,

dans chaque cas au plus tard le cinquième Jour Ouvré Garanties suivant la date à laquelle le Gérant des Garanties avait l'obligation d'envoyer cette notification à l'Agent de Contrôle des Garanties ; ou

- (b) l'Emetteur ou le Gérant des Garanties (agissant pour le compte de l'Emetteur) manque de livrer les Actifs Gagés supplémentaires nécessaires dans la Période de Règlement Requise, et, en conséquence de ce manquement, le Test des Garanties ne serait pas satisfait pendant 5 Jours Ouvrés Garanties consécutifs suivant la fin de cette Période de Règlement Requise (pour déterminer si le Test des Garanties a été satisfait, seuls seront pris en compte les Actifs Gagés qui ont été effectivement transférés au Compte Gagé concerné) ;

**Notification de Défaut des Garanties Requises (“*Required Collateral Default Notice*”)** désigne une notification signifiée par l'Agent de Contrôle des Garanties à l'Emetteur, au Garant, au Gérant des Garanties, au Dépositaire des Garanties, au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) et à l'Agent des Sûretés (dans le cas des Titres de Droit Français), spécifiant qu'un Défaut des Garanties Requises s'est produit ;

**Valeur Requise des Garanties (“*Required Collateral Value*”)** désigne :

- (a) au titre d'un Pool de Garanties Série Unique :

- (i) si les Conditions Définitives stipulent que la clause “Collatéralisation VM” (*MV Collateralisation*) est applicable à cette Série, le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûretés par (b) le nombre de Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés, ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûretés de la Série concernée par (b) le nombre de Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés et (c) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ;
- (ii) si les Conditions Définitives stipulent que la clause “Collatéralisation VN” (*NV Collateralisation*) est applicable à cette Série, le montant nominal total des Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la valeur nominale totale des Titres Sans Renonciation de la Série concernée par (b) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ;
- (iii) si les Conditions Définitives stipulent que la clause “Collatéralisation Max (VM, VN)” (*Max (MV, NV) Collateralisation*) est applicable à cette Série, la plus élevée des valeurs suivantes :
- (A) le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûretés de cette Série par (b) le nombre de Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûreté par (b) le nombre de Titres Sans Renonciation de cette

Série de Titres Assortis de Sûretés et (c) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ; ou

- (B) la valeur nominale totale des Titres Assortis de Sûretés de cette Série ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la valeur nominale totale des Titres Assortis de Sûretés de cette Série par (b) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ou
- (iv) si les Conditions Définitives stipulent que la clause “Collatéralisation Min (VM, VN)” (*Min (MV, NV) Collateralisation*) est applicable à cette Série, la plus faible des valeurs suivantes :
  - (A) le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûretés de cette Série par (b) le nombre de Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la Valeur de Marché du Titre Assorti de Sûreté par (b) le nombre de Titres Sans Renonciation de cette Série de Titres Assortis de Sûretés et (c) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ; ou
  - (B) la valeur nominale totale des Titres Assortis de Sûretés Sans Renonciation de cette Série ou, si un Pourcentage de Collatéralisation Partielle est spécifié dans les Conditions Définitives applicables, le produit obtenu en multipliant (a) la valeur nominale totale des Titres Assortis de Sûretés Sans Renonciation de cette Série par (b) le Pourcentage de Collatéralisation Partielle applicable à cette Série de Titres Assortis de Sûretés ; ou
- (b) au titre d'un Pool de Garanties Séries Multiples, la somme des montants calculés conformément aux sous-paragrophes (i), (ii), (iii) ou (iv) ci-dessus au titre de chaque Série de Titres Assortis de Sûretés garantie par ce Pool de Garanties Séries Multiples. .

Pour déterminer la Valeur Requise des Garanties, si la Devise Spécifiée d'un Actif Gagé est différente de la Devise d'Evaluation des Garanties, le Gérant des Garanties convertira la valeur de cet Actif Gagé au taux de change au comptant applicable. Le taux de change au comptant applicable sera le taux affiché sur la Page Ecran de la Devise des Garanties à l'Heure Spécifiée pour la Devise des Garanties, telles qu'elles sont chacune spécifiées dans les Conditions Définitives applicables ou, si cette Page Ecran de la Devise des Garanties n'est pas spécifiée dans les Conditions Définitives applicables ou n'est pas disponible, le taux de change au comptant applicable sera le taux déterminé par le Gérant des Garanties, agissant de bonne foi et d'une manière commercialement raisonnable ;

**Période de Règlement Requise (“*Required Settlement Period*”)** désigne la période requise pour le règlement des Actifs Gagés nécessaires pour apporter les ajustements requis au Pool de Garanties, conformément à une Notification de Test des Garanties, une Notification de Test des Garanties Révisée Premier Niveau, une Notification de Test des Garanties Révisée Second Niveau ou une Notification de Test des Garanties Post-Différend, selon le cas. La Période de Règlement Requise sera de dix Jours Ouvrés Garanties suivant la signification d'une Notification de Test des Garanties ou, si cette Notification de Test des Garanties est suivie par une Notification de l'Agent de Contrôle des Garanties, de dix Jours Ouvrés Garanties suivant la signification de la Notification de Test des Garanties Révisée Premier Niveau, de la Notification de Test des Garanties Révisée Second Niveau ou de la Notification de Test des Garanties Post-Différend, selon le cas ; étant cependant entendu que cette période de 10

Jours Ouvrés Garanties pourra être prolongée d'une période supplémentaire maximum de 60 Jours Ouvrés Garanties (i) si les ajustements devant être apportés au Pool de Garanties n'ont pas été réglés en conséquence d'un événement échappant au contrôle du Gérant des Garanties, de l'Agent de Contrôle des Sûretés et de l'Emetteur (y compris, mais sans caractère limitatif, en conséquence du défaut ou de l'incapacité du système de compensation compétent à compenser les Actifs Gagés concernés), ou (ii) en relation avec des Actifs Gagés pour lesquels la période de règlement habituelle est supérieure à 10 Jours Ouvrés Garanties dans les conditions normales du marché ;

**Notification de Test des Garanties Révisée Second Niveau ("Second Level Revised Collateral Test Notice")** désigne une Notification de Test de Garanties révisée envoyée par le Gérant des Garanties, après (i) avoir contesté le contenu d'une Notification de l'Agent de Contrôle des Garanties, (ii) notifié ce différend par écrit à l'Agent de Contrôle des Garanties par une **Notification de Différend** et (iii) être parvenu à résoudre ce différend avec l'Agent de Contrôle des Garanties. Une Notification de Test de Garanties Révisée Second Niveau sera adressée par le Gérant des Garanties à l'Agent de Contrôle des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), et sera préparée de la même manière et contiendra les mêmes informations que celles devant être incluses dans une Notification de Test des Garanties ;

**Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés ("Secured Note Acceleration Event")** désigne, après la survenance d'un Cas de Défaut en relation avec une Série de Titres Assortis de Sûretés, la situation dans laquelle le titulaire de tout Titre Assorti de Sûretés (ou le Représentant de la Masse dans le cas de Titres de Droit Français, agissant à la demande d'un Titulaire de Titres) adresse une notification écrite à l'Emetteur et au Garant les informant que les Titres de cette Série qu'il détient sont immédiatement dus et remboursables à leur Montant de Remboursement Anticipé (tel que défini dans la Modalité 6(h) des Modalités des Titres de Droit Anglais et des Titres non Représentées par un Certificat, et la Modalité 5(h) des Modalités des Titres de Droit Français, selon le cas) ;

**Valeur de Marché du Titre Assorti de Sûretés ("Secured Note Market Value")** désigne, en relation avec une Série de Titres Assortis de Sûretés à laquelle s'applique la Collatéralisation VM, la Collatéralisation Min (VM, VN) ou la Collatéralisation Max (VM, VN), le montant dont l'Agent d'Evaluation des Titres déterminera qu'il est la valeur de marché applicable à chaque Titre Assorti de Sûretés de la Série de Titres concernée à la Date d'Evaluation, et qui sera calculé sur la base de telle méthode d'évaluation que l'Agent d'Evaluation des Titres pourra déterminer à sa discrétion, en agissant de bonne foi, d'une manière commercialement raisonnable et conformément aux stipulations du Contrat d'Agent d'Evaluation des Titres ;

**Partie Bénéficiaire des Garanties ("Security Agency Agreement")** désigne, à moins qu'il ne soit spécifié autrement dans les Conditions Définitives applicables, les parties auxquelles il est fait référence dans les sous-paragraphes (a) à (f) (inclus) de la définition d'"Ordre de Priorité Standard" (chacune, une **Partie Bénéficiaire des Garanties**) ;

**Contrat d'Agent des Sûretés ("Security Agency Agreement")** désigne un contrat d'agent des sûretés régi par la loi française et [conclu] [supplémenté] entre l'Agent des Sûretés et l'Emetteur ;

**Agent des Sûretés ("Security Agent")** désigne BNY Mellon Corporate Trustee Services Limited ou toute autre entité qui pourra être spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en cette qualité en vertu des termes du Contrat d'Agent des Sûretés et/ou des Modalités Garanties) agissant en qualité d'*Agent des sûretés* en vertu de l'article 2328-1 du Code civil français ;

**Trustee des Sûretés ("Security Trustee")** désigne BNY Mellon Corporate Trustee Services Limited ou toute autre entité qui pourra être spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en cette qualité en vertu des termes du Security Trust Deed et/ou des Modalités Garanties) ;

**Contrat de Fiducie-Sûreté (“*Security Trust Deed*”)** désigne un security trust deed régi par la loi anglaise et conclu entre le Trustee des Sûretés et l’Emetteur à chaque Date d’Emission spécifiée dans les Conditions Définitives applicables pour une Série de Titres Assortis de Sûretés régie par la loi anglaise ;

**Pool de Garanties Série Unique (“*Single Series Collateral Pool*”)** signifie, si les Conditions Définitives applicables le spécifient au titre d’une Série de Titres Assortis de Sûretés, que cette Série de Titres Assortis de Sûretés sera la seule Série de Titres Assortis de Sûretés devant être garantie par le Pool de Garanties concerné ;

**Ordre de Priorité Standard (“*Standard Order of Priority*”)** signifie que le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l’Agent des Sûretés (dans le cas des Titres de Droit Français) devra affecter les sommes reçues après l’exécution du Contrat de Gage concerné conformément à la Modalité 5 des Modalités relatives aux Garanties ainsi qu’il suit (et sauf stipulation différente dans les Conditions Définitives de la ou les Séries de Titres concernées) :

- (a) en premier lieu, au paiement ou à la satisfaction de toutes Dettes encourues ou payables par le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l’Agent des Sûretés (dans le cas des Titres de Droit Français) ou, s’il y a lieu, par l’Agent de Cession et/ou l’Agent Payeur de Remplacement (y compris tous impôts et taxes à payer, les frais de réalisation de toute sûreté (y compris la distribution des produits de l’exécution et/ou, si la clause Livraison Physique d’Actifs Gagés est applicable, la Livraison de la Part des Actifs Gagés aux Titulaires de Titres Assortis de Sûretés correspondants), et la rémunération du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l’Agent des Sûretés (dans le cas des Titres de Droit Français) ou, s’il y a lieu, de l’Agent de Cession et/ou de l’Agent Payeur de Remplacement) ;
- (b) en second lieu, au paiement de tous montants devant être payés ou remboursés par l’Emetteur au Dépositaire des Garanties ;
- (c) en troisième lieu, au paiement de tous montants devant être payés ou remboursés par l’Emetteur à l’Agent de Contrôle des Garanties ;
- (d) en quatrième lieu, au paiement de tous montants devant être payés ou remboursés par l’Emetteur au Gérant des Garanties ;
- (e) en cinquième lieu, au paiement de tous montants dus aux Titulaires de Titres conformément à la Modalité 5 des Modalités relatives aux Garanties ;
- (f) en sixième lieu, au prorata, au paiement de tous montants dus aux créanciers (éventuels) dont les créances sont nées du fait de la création, de la gestion ou de la liquidation des Actifs Gagés (excepté dans la mesure où les créances de l’un ou l’autre de ces créanciers relèveraient des paragraphes (a) à (d) ci-dessus) ; et
- (g) en septième lieu, au paiement du solde (éventuel) à l’Emetteur ;

**Contrat d’Agent Payeur de Remplacement (“*Substitute Paying Agency Agreement*”)** désigne le contrat d’agent payeur de remplacement conclu, entre autres, entre l’Emetteur et l’Agent Payeur de Remplacement ;

**Agent Payeur de Remplacement (“*Substitute Paying Agent*”)** désigne The Bank of New York Mellon, Succursale de Londres, ou telle autre entité spécifiée dans les Conditions Définitives applicables (ou toute entité de substitution ou de remplacement nommée en cette qualité en vertu des termes du Contrat d’Agent Payeur de Remplacement et/ou des Modalités relatives aux Garanties) ;

**Actifs Gagés Non Livrables (“Undeliverable Collateral Assets”)** désigne les Actifs Gagés que le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou, dans l'un et l'autre cas, l'Agent Payeur de Remplacement, agissant pour leur compte, est dans l'incapacité de Livrer conformément à la Modalité 5.8 des Modalités relatives aux Garanties en raison de la survenance d'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés ;

**Date d'Evaluation (“Valuation Point”)** désigne, sauf stipulation contraire des Conditions Définitives applicables, le Jour Ouvré Garanties précédant immédiatement la Date d'Emission ou la Date de Test des Garanties concernée, selon le cas ou, si une évaluation de l'Actif Gagé ou du Titre Assorti de Sûretés concernée, selon le cas, n'est pas disponible à cette date, la date de la dernière évaluation disponible de cet Actif Gagé ou de ce Titre Assorti de Sûretés ;

**Titre Avec Renonciation (“Waived Note”)** désigne, si les Conditions Définitives applicables stipulent que la clause "Renonciation aux Droits" est applicable, des Titres Assortis de Sûretés dont le Titulaire a renoncé à ses droits (i) de recevoir les produits de la réalisation des Actifs Gagés garantissant cette Série de Titres Assortis de Sûretés (ou, si les Conditions Définitives applicables stipulent que la clause Livraison Physique des Actifs Gagés s'applique, la livraison des Actifs Gagés) après l'exécution du Contrat de Gage concerné, et (ii) d'adresser une notification écrite à l'Emetteur et au Garant les informant que les Titres Avec Renonciation sont immédiatement dus et remboursables à leur Montant de Remboursement Anticipé en cas de survenance d'un Cas de Défaut suivant la signification d'une Notification de Défaut des Garanties Requises. Le Jour Ouvré Garanties suivant la date à laquelle le Gérant des Garanties aura été avisé de tout transfert de Titres Avec Renonciation sera réputé être une Date de Test des Garanties.

## 2. GENERALITES

### 2.1 Trustee des Sûretés et Agent des Sûretés

Sauf stipulation contraire des Conditions Définitives applicables :

- (a) en relation avec chaque Série de Titres de Droit Anglais, BNY Mellon Corporate Trustee Services Limited sera nommé en qualité de Trustee des Sûretés et assumera les fonctions de Trustee des Sûretés au titre des Titres Assortis de Sûretés indiquées ci-dessous et dans les Conditions Définitives applicables, le Contrat de Gage concerné et le Security Trust Deed.
- (b) en relation avec chaque Série de Titres de Droit Français, BNY Mellon Corporate Trustee Services Limited sera nommé en qualité d'Agent des Sûretés et assumera les fonctions d'Agent des Sûretés au titre des Titres Assortis de Sûretés indiquées ci-dessous et dans les Conditions Définitives applicables, le Contrat de Gage concerné et chaque Contrat d'Agent des Sûretés,

et l'expression "Trustee des Sûretés" et "Agent des Sûretés" inclut, en relation avec les Titres Assortis de Sûretés concernées, tel autre trustee des sûretés ou agent des sûretés spécifié dans les Conditions Définitives applicables.

En relation avec chaque Série de Titres de Droit Anglais garantis en vertu d'un Contrat de Gage, le Trustee des Sûretés conclura un Security Trust Deed en vertu duquel il s'engagera à exercer ses droits en vertu du Contrat de Gage concerné pour le compte des Titulaires de Titres et des autres Parties Bénéficiaires des Garanties concernées, en qualité de trustee de ceux-ci, et déclarera une fiducie (« trust ») en faveur des Titulaires de Titres et des autres Parties Bénéficiaires des Garanties concernées sur les droits qui lui sont consentis en vertu du Contrat de Gage concerné.

En relation avec chaque Série de Titres de Droit Français garantis en vertu d'un Contrat de Gage, l'Agent des Sûretés est nommé en qualité d'agent des Titulaires de Titres concernés et des autres Parties Bénéficiaires des Garanties concernées afin de créer, gérer et exécuter le Contrat de Gage concerné et la sûreté créée par celui-ci, en leur nom et pour leur compte, conformément à l'article 2328-1 du Code civil français. L'Agent des Sûretés conclura le Contrat d'Agent des Sûretés régissant le rôle de l'Agent des Sûretés en relation avec chaque Série de Titres Assortis de Sûretés. En acquérant et détenant des Titres de Droit Français garantis en vertu d'un Contrat de Gage, les Titulaires de Titres d'une Série de ces Titres seront réputés accepter et approuver la nomination de l'Agent des Sûretés au titre de cette Série, et avoir connaissance des dispositions du Contrat de Gage et du Contrat d'Agent des Sûretés. En cas de défaut d'exécution par l'Agent des Sûretés de ses obligations au titre du Contrat de Gage, le Représentant de la Masse des Titulaires de Titres sera en droit de poursuivre directement l'exécution des termes du Contrat de Gage pour le compte des Titulaires de Titres.

## **2.2 Gérant des Garanties**

La Société Générale assumera les fonctions de Gérant des Garanties au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat de Gestion de Garanties, à moins qu'une autre entité ne soit mentionnée en qualité de Gérant des Garanties dans les Conditions Définitives applicables. L'expression "Gérant des Garanties" inclut, en relation avec les Titres Assortis de Sûretés concernées, tout autre gérant des garanties ainsi spécifié dans les Conditions Définitives applicables.

## **2.3 Agent de Contrôle des Garanties**

The Bank of New York Mellon, Succursale de Londres, assumera les fonctions d'Agent de Contrôle des Garanties au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat d'Agent de Contrôle des Garanties, à moins qu'une autre entité ne soit mentionnée en qualité d'Agent de Contrôle des Garanties dans les Conditions Définitives applicables. L'expression "Agent de Contrôle des Garanties" inclut, en relation avec les Titres Assortis de Sûretés concernés, tout autre Agent de Contrôle des Garanties ainsi spécifié dans les Conditions Définitives applicables.

## **2.4 Dépositaire des Garanties**

The Bank of New York Mellon SA/NV, Succursale de Luxembourg, assumera les fonctions de Dépositaire des Garanties au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat de Dépositaire des Garanties, à moins qu'une autre entité ne soit mentionnée en qualité de Dépositaire des Garanties dans les Conditions Définitives applicables. L'expression "Dépositaire des Garanties" inclut, en relation avec les Titres Assortis de Sûretés concernées, tout autre dépositaire des garanties ainsi spécifié dans les Conditions Définitives applicables.

## **2.5 Agent d'Evaluation des Titres**

La Société Générale assumera les fonctions d'Agent d'Evaluation des Titres au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat d'Agent d'Evaluation des Titres, à moins qu'une autre entité ne soit mentionnée en qualité d'Agent d'Evaluation des Titres dans les Conditions Définitives applicables. L'expression "Agent d'Evaluation des Titres" inclut, en relation avec les Titres Assortis de Sûretés concernées, tout autre agent d'évaluation des obligations ainsi spécifié dans les Conditions Définitives applicables.

## **2.6 Agent de Cession**

The Bank of New York Mellon, Succursale de Londres, assumera les fonctions d'Agent de Cession au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat d'Agent de Cession, à moins qu'une autre entité ne soit mentionnée en qualité d'Agent de Cession dans les Conditions Définitives applicables. L'expression "Agent de Cession" inclut, en relation avec les Titres Assortis de Sûretés concernées, tout autre agent de cession ainsi spécifié dans les Conditions Définitives applicables.

Aux termes du Contrat d'Agent de Cession, l'Agent de Cession peut céder tout ou partie des Actifs Gagés pour le compte du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent de Sûretés (dans le cas des Titres de Droit Français), mais uniquement s'il reçoit des instructions de ce faire de leur part.

## **2.7 Agent Payeur de Remplacement**

The Bank of New York Mellon, Succursale de Londres, assumera les fonctions d'Agent Payeur de Remplacement au titre des Titres Assortis de Sûretés, dans les conditions détaillées dans les présentes Modalités des Garanties, les Conditions Définitives applicables et le Contrat d'Agent Payeur de Remplacement, à moins qu'une autre entité ne soit mentionnée en qualité d'Agent Payeur de Remplacement dans les Conditions Définitives applicables. L'expression "Agent Payeur de Remplacement" inclut, en relation avec les Titres Assortis de Sûretés concernées, tout autre Agent Payeur de Remplacement ainsi spécifié dans les Conditions Définitives applicables.

## **2.8 Résiliation et remplacement**

Chacun des Documents de l'Opération de Garantie contient ou contiendra, des clauses de résiliation de ce contrat et, selon le cas, de révocation et/ou de remplacement de la Partie à ce Contrat de Garantie nommée aux fonctions faisant respectivement l'objet de ce contrat. Cette résiliation, cette révocation et/ou ce remplacement seront effectués conformément aux stipulations de ces contrats et des présentes Modalités relatives aux Garanties, et pourront être effectués sans le consentement des Titulaires de Titres. Aucune résiliation ou révocation de la nature précitée ne prendra effet avant qu'une entité de remplacement n'ait été nommée. L'Emetteur sera tenu d'aviser les Titulaires de Titres de toute résiliation, de toute révocation et/ou de tout remplacement précité conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat ou à la Modalité 13 des Modalités des Titres de Droit Français.

. Toute référence faite à une Partie à un Contrat de Garantie dans les présentes Modalités relatives aux Garanties sera réputée inclure une référence à toute entité nommée en remplacement de celle-ci, conformément aux termes du contrat concerné et/ou des présentes Modalités relatives aux Garanties.

Le remplacement du Dépositaire des Garanties ne pourra être effectué que si certaines conditions relatives au Dépositaire des Garanties de remplacement sont remplies. Ces conditions incluent, sans caractère limitatif, l'exigence que : (i) le Dépositaire des Garanties de remplacement soit immatriculé dans un Pays membre de l'Organisation de Coopération et de Développement Economiques (OCDE), (ii) le Dépositaire des Garanties de remplacement soit un établissement de crédit pleinement agréé au Luxembourg, (iii) de l'avis raisonnable de l'Emetteur et de l'Arrangeur, le Dépositaire des Garanties de remplacement soit capable d'agir en qualité de Dépositaire des Garanties et d'exécuter les obligations et fonctions lui incombant en vertu du Contrat de Dépositaire des Garanties, et (iv) le Dépositaire des Garanties de remplacement soit choisi sur une liste préétablie d'entités (y compris BBH, Citi, HSBC, JP Morgan, Northern Trust, RBC Dexia Investor Services, BP2S, State Street ou Wells Fargo & Company Inc) ou soit autrement un dépositaire de réputation et d'honorabilité similaire.

## **2.9 Notifications**

Si l'une quelconque des dispositions des présentes Modalités relatives aux Garanties exige qu'une partie envoie une notification à une autre partie, cette notification pourra être signifiée sous toute forme convenue entre les parties à ces Modalités, y compris, notamment, par courrier postal, message électronique, télécopie, échange de fichiers électroniques, messages SWIFT, messages transmis par le système de compensation concerné ou téléphone (étant précisé que toute notification donnée par téléphone devra être confirmée dès que possible par écrit entre les parties à cette conversation téléphonique).

## **3. SURETE**

### **3.1 Sûreté**

Les obligations de l'Emetteur au titre des Titres Assortis de Sûretés seront garantis par un Contrat de Gage, en vertu duquel l'Emetteur consentira une sûreté de premier rang en faveur du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) pour son propre compte et celui des Titulaires de Titres concernés et celui des Parties Bénéficiaires des Garanties concernées, ou directement en faveur des Titulaires de Titres concernés et des Parties Bénéficiaires des Garanties concernées, représentés par l'Agent des Sûretés (dans le cas des Titres de Droit Français). La sûreté ainsi consentie grèvera tous les droits de l'Emetteur sur les Actifs Gagés livrés au Dépositaire des Garanties et détenus de temps à autre sur le compte concerné ouvert auprès du Dépositaire des Garanties à cet effet (le **Compte Gagé**), mais cette sûreté ne s'étendra pas à tous intérêts ou distributions payés sur ces Actifs Gagés, dans la mesure où les montants correspondants ne sont pas détenus sur le Compte Gagé concerné.

### **3.2 Pools de Garanties Série Unique et Séries Multiples**

Un Pool de Garanties peut être soit un Pool de Garanties Série Unique, soit un Pool de Garanties Séries Multiples. Si les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés spécifient que la clause "Pool de Garanties Série Unique" s'applique à cette Série, cette Série de Titres Assortis de Sûretés sera la seule Série de Titres Assortis de Sûretés garantie par le Pool de Garanties concerné. Si les Conditions Définitives applicables à une Série de Titres Assortis de Sûretés spécifient que la clause "Pool de Garanties Séries Multiples" s'applique à cette Série, cette Série de Titres Assortis de Sûretés pourra être garantie par un Pool de Garanties garantissant plusieurs Séries de Titres Assortis de Sûretés.

Les Titulaires de Titres acquérant et détenant des Titres Assortis de Sûretés auxquelles s'applique la clause "Pool de Garanties Séries Multiples" en vertu des Conditions Définitives applicables seront réputés reconnaître, accepter et approuver les droits des Titulaires de Titres de Séries différentes de Titres Assortis de Sûretés, existants et futurs, de partager au même rang avec eux les sûretés créées sur les Actifs Gagés du Pool de Garanties Séries Multiples.

### **3.3 Actifs Gagés Initiaux**

A la Date d'Emission d'une Série de Titres Assortis de Sûretés, l'Emetteur déposera des Actifs Gagés sur le Compte Gagé concerné, de telle sorte que le Test des Garanties soit satisfait à cette Date d'Emission.

### **3.4 Ajustements des Actifs Gagés**

Après la réception d'une Notification de Test des Garanties, d'une Notification de Test des Garanties Révisée Premier Niveau, d'une Notification de Test des Garanties Révisée Second Niveau ou d'une Notification de Test des Garanties Post-Différend, selon le cas, signifiée par le Gérant des Garanties et

qui indique que le Test des Garanties n'est pas satisfait, l'Emetteur devra, dès que cela sera raisonnablement possible après la réception de cette Notification de Test des Garanties ou, si cette Notification de Test des Garanties est suivie d'une Notification de l'Agent de Contrôle des Garanties, d'une Notification de Test des Garanties Révisée Premier Niveau, d'une Notification de Test des Garanties Révisée Second Niveau ou d'une Notification de Test des Garanties Post-Différend, selon le cas, dès que cela sera raisonnablement possible après la réception de cette notification et, en toute hypothèse, dans la Période de Règlement Requise, livrer ou faire livrer des Actifs Gagés supplémentaires ou de remplacement sur le Compte Gagé, de telle sorte que le Test des Garanties soit satisfait après cet ajustement des Actifs Gagés.

### **3.5 Substitution d'Actifs Gagés**

Si les Conditions Définitives applicables stipulent que la clause "Substitution d'Actifs Gagés" s'applique, l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) pourra retirer et/ou remplacer des Actifs Gagés de tout Compte Gagé, sous réserve que le Test des Garanties continue d'être satisfait après cet ajustement. L'Emetteur (ou le Gérant des Garanties, agissant pour son compte) enverra ou fera envoyer une notification à l'Agent de Contrôle des Garanties et au Dépositaire des Garanties (avec copie à l'Emetteur et au Garant, selon le cas), spécifiant les ajustements devant être apportés au Pool de Garanties (y compris, entre autres, au type et à la quantité d'Actifs Gagés devant être déposés et/ou retirés). Le Jour Ouvré Garanties suivant immédiatement un jour où l'Emetteur (ou le Gérant des Garanties, agissant pour son compte) signifiera la notification décrite ci-dessus, en vue de remplacer des Actifs Gagés, sera réputé être une Date de Test des Garanties.

### **3.6 Délégation au Gérant des Garanties**

L'Emetteur pourra, en vertu des termes du Contrat de Gestion de Garanties, déléguer au Gérant des Garanties le rôle de gérer chaque Pool de Garanties afin de respecter les exigences des présentes Modalités relatives aux Garanties (y compris, mais sans caractère limitatif, le respect des Modalités 3.4 et 3.5 ci-dessus).

### **3.7 Défaut des Garanties Requises**

Après la survenance d'un Défaut des Garanties Requises, l'Agent de Contrôle des Garanties sera tenu d'envoyer une Notification de Défaut des Garanties Requises à l'Emetteur, au Garant, au Gérant des Garanties, au Dépositaire des Garanties, au Trustee des Sûretés (dans le cas de Titres de Droit Anglais) et à l'Agent des Sûretés (dans le cas de Titres de Droit Français), spécifiant qu'il s'est produit un cas de Défaut des Garanties Requises. L'Emetteur ou, à défaut le Trustee des Sûretés (dans le cas de Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas de Titres de Droit Français), devra adresser un avis à tous les Titulaires de Titres concernés, dès que cela sera raisonnablement possible après la réception d'une Notification de Défaut des Garanties Requises, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat ou à la Modalité 13 des Modalités des Titres de Droit Français.

## **4. GERANT DES GARANTIES, AGENT DE CONTROLE DES GARANTIES ET AGENT D'EVALUATION DES TITRES**

Pour chaque émission de Titres Assortis de Sûretés, le Gérant des Garanties, l'Agent de Contrôle des Garanties et l'Agent d'Evaluation des Titres agiront exclusivement en qualité d'agents de l'Emetteur, n'assumeront aucune obligation ni attribution envers les Titulaires de Titres et n'entretiendront aucune relation d'agent ou de fiduciaire avec les Titulaires de Titres.

Tous les calculs et déterminations opérés au titre des Titres Assortis de Sûretés par le Gérant des Garanties, l'Agent de Contrôle des Garanties et l'Agent d'Evaluation des Titres seront (sauf erreur manifeste) définitifs, incontestables et obligatoires pour l'Emetteur, le Garant, les Titulaires de Titres et

le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français).

Chacun du Gérant des Garanties, de l'Agent de Contrôle des Garanties et de l'Agent d'Evaluation des Titres peut, avec le consentement de l'Emetteur, déléguer l'une quelconque de ses obligations et fonctions à un tiers, conformément aux stipulations du Contrat de Gestion de Garanties, du Contrat d'Agent de Contrôle des Garanties et du Contrat d'Agent d'Evaluation des Titres, selon le cas.

## **5. DEFAULT, EXECUTION ET REALISATION**

### **5.1 Défaut et Exécution des Garanties**

S'il survient un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tous les Titres Assortis de Sûretés qui sont garantis par le même Pool de Garanties que celui qui garantit ce ou ces Titres Assortis de Sûretés à Echéance Anticipée, deviendront également immédiatement dus et remboursables à leur Montant de Remboursement Anticipé. L'Emetteur ou, à défaut, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), devra adresser un avis à tous les Titulaires de Titres concernés, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat ou à la Modalité 13 des Modalités des Titres de Droit Français, dès que cela sera raisonnablement possible, si un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés est survenu en relation avec une ou plusieurs Titres Assortis de Sûretés qui sont garantis par le même Pool de Garanties que celui qui garantit les Titres Assortis de Sûretés à Echéance Anticipée concernée.

A la suite de la survenance d'un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, le Contrat de Gage relatif au Pool de Garanties garantissant cette Série de Titres Assortis de Sûretés ne deviendra pas immédiatement exécutoire, mais les Titulaires de Titres dont les Titres sont devenus immédiatement dus et remboursables conformément à la présente Modalité 5.1 seront initialement habilités à réclamer tous montants impayés qui leur sont dus, en vertu des dispositions et conformément à la procédure spécifiée dans la Garantie.

Si ni l'Emetteur ni le Garant n'ont payé tous les montants dus aux Titulaires de Titres d'une Série de Titres au titre de laquelle un Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés est survenu, dans un délai de 20 Jours Ouvrés Garanties suivant la notification aux Titulaires de Titres de la survenance de ce Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés, tout titulaire de Titres de cette Série (ou le Représentant de la Masse, dans le cas de Titres de Droit Français, agissant à la demande d'un titulaire de Titres de cette Série) pourront adresser une Notification d'Exécution des Garanties au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français), demandant l'exécution du Contrat de Gage concerné conformément à ses termes.

Après la réception d'une Notification d'Exécution des Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) avisera sans délai de cette notification l'Emetteur, le Garant, le Gérant des Garanties, le Dépositaire des Garanties et les autres Titulaires de Titres dont les Titres sont garantis sur le Pool de Garanties auquel cette Notification d'Exécution des Garanties se rapporte.

### **5.2 Exécution et Réalisation des Actifs Gagés**

Après la réception d'une Notification d'Exécution des Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) procédera à l'exécution du Contrat de Gage se rapportant au Pool de Garanties concerné, conformément à ses termes et aux présentes Modalités relatives aux Garanties (telles que complétées par les Conditions Définitives applicables), et (i) donnera des instructions à l'Agent de Cession afin qu'il liquide ou réalise

les Actifs Gagés de chaque Pool de Garanties qui garantit une Série de Titres Assortis de Sûretés conformément à la Modalité 5.6 des Modalités relatives aux Garanties, et distribue ensuite la Quote-Part des Produits de l'Exécution des Garanties aux Titulaires de Titres concernés, conformément à la Modalité 5.5. des Modalités relatives aux Garanties, ou (ii) si les Conditions Définitives applicables stipulent que la clause Livraison Physique d'Actifs Gagés s'applique, pourvoira à la livraison de la Part des Actifs Gagés concernée aux Titulaires de Titres concernés, conformément à la Modalité 5.8 des Modalités relatives aux Garanties, dans chaque cas après paiement de tous montants payables en priorité aux Titulaires de Titres, selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables (ces montants devant être payés à partir des produits de la liquidation ou réalisation des Actifs Gagés).

### **5.3 Responsabilité du Trustee des Sûretés et de l'Agent des Sûretés**

Ni le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ni l'Agent des Sûretés (dans le cas des Titres de Droit Français) n'assumeront une responsabilité quelconque, sauf négligence, fraude et faute intentionnelle, au titre de la conséquence de toute mesure d'exécution ou de réalisation, et aucun d'eux ne sera tenu de prendre en considération l'effet de cette mesure sur des Titulaires de Titres individuels.

### **5.4 Exécution et Réalisation par les Titulaires de Titres**

Aucun Titulaire de Titres (ou le Représentant de la Masse, dans le cas de Titres de Droit Français) ne sera en droit de procéder à l'exécution d'un Contrat de Gage ou d'agir directement à l'encontre de l'Emetteur afin d'obtenir l'exécution des autres dispositions d'un Contrat de Gage, à moins que le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne soit devenu obligé de procéder à cette exécution ou d'engager cette action et ne se soit abstenu de ce faire dans un délai raisonnable, et que ce manquement perdure ou à moins que le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) ne soit empêché de procéder à l'exécution forcée d'un Contrat de Gage en vertu d'une décision judiciaire.

### **5.5 Affectation et distribution des produits de l'exécution**

A moins que les Conditions Définitives applicables ne stipulent que la clause "Livraison Physique d'Actifs Gagés" s'applique, en relation avec l'exécution d'un Contrat de Gage, après la réalisation et la liquidation intégrale de tous les Actifs Gagés composant un Pool de Garanties, conformément à la Modalité 5.6. des présentes Modalités relatives aux Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) utilisera le produit de la réalisation et liquidation des Actifs Gagés pour procéder au paiement de tous montants payables en priorité par rapport aux Titulaires de Titres, selon l'Ordre de Priorité spécifié dans les Conditions Définitives applicables. A la suite de ce paiement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) déterminera la Quote-Part des Produits de l'Exécution des Garanties au titre de chaque Titre Assorti de Sûretés, et notifiera ces montants aux Titulaires de Titres conformément à la Modalité 14 des Modalités des Titres de Droit Anglais ou à la Modalité 13 des Modalités des Titres de Droit Français, selon le cas.

Sous réserve de ce qui est stipulé ci-dessous, les produits restants de la réalisation des Actifs Gagés d'un Pool de Garanties seront ensuite affectés au paiement des créances des Titulaires de Titres en vertu des Titres Assortis de Sûretés qui sont garantis par le Pool de Garanties concerné (en tenant compte de tous montants qui ont été payés aux Titulaires de Titres par le Garant, en vertu des termes de la Garantie), au prorata de la Quote-Part des Produits de l'Exécution des Garanties à laquelle chacune de ces Titres Assortis de Sûretés donne droit et pour un montant maximum égal à la Quote-Part des Produits de l'Exécution des Garanties de ces Titres Assortis de Sûretés.

Si la Quote-Part des Produits de l'Exécution des Garanties revenant à un Titre Assorti de Sûretés particulière est supérieure au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés en tenant compte de tous montants payés à ce Titulaire de Titres par le garant conformément aux termes de la Garantie (ce montant excédentaire étant ci-après dénommé : le **Montant du Boni d'Exécution des Garanties**), ce Titulaire de Titres ne sera pas en droit de recevoir ce Montant du Boni d'Exécution des Garanties, mais recevra à la place un montant égal au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés en tenant compte de tous montants payés à ce Titulaire de Titres par le Garant conformément aux termes de la Garantie. Tout Montant du Boni d'Exécution des Garanties sera distribué conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables.

Si la Quote-Part des Produits de l'Exécution des Garanties revenant à un Titre Assorti de Sûretés particulière est inférieure au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés en tenant compte de tous montants payés à ce Titulaire de Titres par le Garant conformément aux termes de la Garantie (ce montant manquant étant ci-après dénommé : le **Montant du Mali d'Exécution des Garanties**), conformément à la Modalité Garanties 6, ce Titulaire de Titres ne sera en droit d'exercer aucun autre recours contre l'Emetteur pour ce Montant du Mali d'Exécution des Garanties, mais demandera tout paiement pour ce Montant du Mali d'Exécution des Garanties par le Garant en vertu de la Garantie.

## 5.6 Méthode de réalisation des Actifs Gagés

Sous réserve de toute stipulation contraire des présentes Modalités relatives aux Garanties ou des Conditions Définitives, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, pourra vendre les Actifs Gagés en une seule tranche ou en plusieurs tranches inférieures, comme il le jugera approprié pour tenter raisonnablement de maximiser les produits de cette vente. Le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, pourra affecter des ventes d'Actifs Gagés (i) sur une bourse de valeurs ou un service de cotation sur lequel les Actifs Gagés peuvent être admis à la cote officielle ou cotés, (ii) sur le marché de gré à gré, ou (iii) dans le cadre de transactions effectuées autrement que sur ces bourses ou sur le marché de gré à gré.

En général, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) et l'Agent des Sûretés (dans le cas des Titres de Droit Français) seront en mesure d'exercer tout droit concernant la réalisation des Actifs Gagés, conformément à l'article 11 de la Loi de 2005 sur les Garanties, y compris, notamment, l'appropriation des Actifs Gagés à leur valeur telle que déterminée par le Gérant des Garanties à la plus récente Date de Test des Garanties.

Si le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, est tenu ou se voit demander de disposer d'Actifs Gagés autrement que sur toute bourse de valeurs ou sur tout service de cotation sur laquelle ou lequel les Actifs Gagés peuvent être admis à la cotation ou faire l'objet d'une cotation, les dispositions suivantes s'appliqueront, conformément aux dispositions pertinentes de la Loi de 2005 sur les Garanties :

- (a) le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, devront solliciter des cotations de cours acheteurs fermes auprès de trois intermédiaires financiers indépendants au moins, spécialisés dans la négociation d'actifs de nature similaire à celle des Actifs Gagés concernés (et, à cet effet, il pourra solliciter des cotations au titre de l'intégralité des Actifs Gagés ou de certaines tranches désignées de ceux-ci, comme il le jugera approprié en vue de maximiser le produit de vente des Actifs Gagés) ;

- (b) afin d'obtenir les cotations visées au (a) ci-dessus, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, pourra lui-même fournir une offre au titre des Actifs Gagés concernés ou de toute tranche de ceux-ci ; et
- (c) le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, sera autorisé à accepter, au titre de chaque tranche concernée ou, selon le cas, de l'intégralité des Actifs Gagés concernés, la plus élevée des cotations ainsi obtenues (qui pourra être une cotation du Trustee des Sûretés (dans le cas des Titres de Droit Anglais), de l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, de l'Agent de Cession agissant pour leur compte (lorsqu'ils fournissent eux-mêmes des cotations, le Trustee des Sûretés, l'Agent des Sûretés ou l'Agent de Cession devront agir d'une manière commercialement raisonnable).

## 5.7 Incapacité à réaliser des Actifs Gagés

Si le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, se trouve dans l'incapacité de vendre les Actifs Gagés sur toute bourse de valeurs ou sur tout service de cotation sur laquelle ou lequel les Actifs Gagés peuvent être admis à la cotation ou faire l'objet d'une cotation ou d'obtenir les trois cotations requises pour la vente d'un ou de plusieurs Actifs Gagés, dans chaque cas conformément à la Modalité 5.6, pendant une période d'un an suivant la date du Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés (ces Actifs Gagés étant des **Actifs Gagés Non-Réalisés**), le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) sera en droit, au lieu d'effectuer le règlement en espèces de ces Actifs Gagés Non-Réalisés, et nonobstant toute autre disposition des présentes, de Livrer ou de faire Livrer ces Actifs Gagés Non-Réalisés aux Titulaires de Titres concernés, conformément à la Modalité 5.8 des Modalités relatives aux Garanties et à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables.

Si la Livraison d'Actifs Gagés Non-Réalisés n'est pas possible en raison de la survenance d'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés pendant une période de plus de 20 Jours Ouvrés Garanties, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou l'Agent de Cession, sera en droit (i) de vendre ces Actifs Gagés Non-Réalisés en acceptant le premier prix disponible pour ces Actifs Gagés Non-Réalisés ou (ii) de procéder à la Livraison des Actifs Gagés Non-Réalisés, si la Livraison devient ultérieurement possible.

## 5.8 Livraison Physique d'Actifs Gagés

Si les Conditions Définitives applicables stipulent que la clause "Livraison Physique d'Actifs Gagés" s'applique, à la suite de l'exécution d'un Contrat de Gage, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) déterminera la Part d'Actifs Gagés (sur la base des évaluations par l'Agent de Contrôle des Garanties des Actifs Gagés concernés à la Date de Test des Garanties précédent immédiatement la livraison d'une Notification d'Exécution des Garanties) à laquelle chaque Titre Assorti des Sûretés donne droit, et notifiera ces montants aux Titulaires de Titres conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou à la Modalité 13 des Modalités des Titres de Droit Français, selon le cas.

Sous réserve des dispositions ci-dessous, après la réalisation et la liquidation, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) conformément à la Modalité 5.6 des Modalités relatives aux Garanties, réalisera et liquidera des Actifs Gagés suffisants pour assurer le paiement de tous montants payables en priorité aux

Titulaires de Titres, conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables. A la suite de ce paiement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) notifiera aux Titulaires la Date de Livraison des Garanties et Livrera la Part des Actifs Gagés aux Titulaires de Titres Assortis de Sûretés garantis par le Pool de Garanties concerné, conformément à la méthode de transfert d'Actifs Gagés spécifiée dans les Conditions Définitives applicables.

Si la valeur d'Actifs Gagés contenus dans une Part d'Actifs Gagés (sur la base des évaluations de ces actifs par l'Agent de Contrôle des Garanties à la Date de Test des Garanties précédant immédiatement la signification de la Notification d'Exécution de Garanties) pour un Titre Assorti de Sûretés particulière est supérieure au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés (en tenant compte de tous montants qui ont été payés à ce Titulaire de Titres par le Garant, conformément aux termes de la Garantie) (ce montant excédentaire étant ci-après dénommé : le **Montant du Boni d'Exécution des Garanties**), ce Titulaire de Titres ne sera pas en droit de recevoir ce Montant du Boni d'Exécution des Garanties, mais recevra à la place la Livraison d'Actifs Gagés d'une valeur (basée sur les évaluations par l'Agent de Contrôle des Garanties de ces actifs à la Date de Test des Garanties précédant immédiatement la signification de la Notification d'Exécution des Garanties) égale au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés, en tenant compte de tous montants payés à ce Titulaire de Titres par le Garant conformément aux termes de la Garantie. Après la Livraison des Actifs Gagés aux Titulaires de Titres conformément à cette Modalité 5.8, les Actifs Gagés restants (incluant les Actifs Gagés représentant tout Montant du Boni d'Exécution des Garanties), seront liquidés et les produits de cette liquidation seront distribués conformément à l'Ordre de Priorité spécifié dans les Conditions Définitives applicables.

Si la valeur des Actifs Gagés contenus dans une Part d'Actifs Gagés (sur la base des évaluations par l'Agent de Contrôle des Garanties de ces actifs à la Date de Test des Garanties précédant immédiatement la signification de la Notification d'Exécution de Garanties) pour un Titre Assorti de Sûretés particulier est inférieure au montant dû par l'Emetteur en vertu de ce Titre Assorti de Sûretés (en tenant compte de tous montants qui ont été payés à ce Titulaire de Titres par le Garant, conformément aux termes de la Garantie) (ce montant manquant étant ci-après dénommé : le **Montant du Mali d'Exécution des Garanties**), conformément à la Modalité Garanties 6, ce Titulaire de Titres ne sera en droit d'exercer aucun autre recours contre l'Emetteur pour ce Montant du Mali d'Exécution des Garanties, mais demandera tout paiement pour ce Montant du Mali d'Exécution des Garanties par le Garant en vertu de la Garantie.

## 5.9 Cas de Perturbation de la Livraison Physique d'Actifs Gagés

- (a) Si, de l'avis de l'Agent Payeur de Remplacement, du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent des Sûretés (dans le cas des Titres de Droit Français), la Livraison de tout ou partie des Actifs Gagés faisant partie de la Part des Actifs Gagés, en utilisant la méthode de livraison spécifiée dans les Conditions Définitives applicables, ou de telle autre manière commercialement raisonnable que l'Agent Payeur de Remplacement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), a déterminé, n'est pas possible en raison du fait qu'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés s'est produit et perdure à une Date de Livraison des Garanties, cette Date de Livraison des Garanties sera différée et reportée au premier Jour Ouvré Garanties suivant où aucun Cas de Perturbation de la Livraison Physique d'Actifs Gagés n'existera plus ; étant précisé que l'Agent Payeur de Remplacement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) pourra choisir, à sa seule discrétion, de Livrer les Actifs Gagés faisant partie de la Part des Actifs Gagés de toute autre manière commercialement raisonnable qu'il pourra choisir, auquel cas la Date de Livraison des Garanties sera telle date que l'Agent Payeur de Remplacement, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou

l'Agent des Sûretés (dans le cas des Titres de Droit Français) jugera appropriée en relation avec la livraison des Actifs Gagés faisant partie de la Part des Actifs Gagés de cette autre manière commercialement raisonnable.

Afin de lever toute ambiguïté, si un Cas de Perturbation de la Livraison Physique d'Actifs Gagés affecte certains des Actifs Gagés faisant partie de la Part des Actifs Gagés devant être livrée à un Titulaire de Titres, et non pas tous ces actifs, la Date de Livraison des Garanties pour ceux des Actifs Gagés formant partie de la Part des Actifs Gagés qui peuvent être Livrés, sera la Date de Livraison des Garanties à laquelle ces Actifs Gagés sont livrés.

- (b) Si la Livraison d'Actifs Gagés faisant partie de la Part des Actifs Gagés n'est pas possible en raison de la survenance d'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés, pendant une période de plus de vingt Jours Ouvrés Garanties (ou telle autre période spécifiée dans les Conditions Définitives), le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, vendra ou réalisera les Actifs Gagés Non-Livrables, et versera les produits de cette vente ou réalisation aux Titulaires de Titres, de la manière indiquée dans les Modalités 5.5. et 5.6. des présentes Modalités relatives aux Garanties.
- (c) Si le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français) ou, dans l'un ou l'autre cas, l'Agent de Cession agissant pour leur compte, est dans l'incapacité (i) de vendre les Actifs Gagés sur toute bourse de valeurs ou sur tout service de cotation sur laquelle ou lequel les Actifs Gagés peuvent être admis à la cotation ou faire l'objet d'une cotation ou d'obtenir les trois cotations requises pour la vente d'un ou de plusieurs Actifs Gagés, dans chaque cas conformément à la Modalité 5.6 ou (ii) d'effectuer la Livraison des Actifs Gagés en raison de la continuation d'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés, pendant une période d'un an suivant la date du Cas d'Echéance Anticipée d'un Titre Assorti de Sûretés concerné, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou l'Agent de Cession, sera en droit d'accepter le premier prix disponible pour ces Actifs Gagés.

Le Trustee des Sûretés (dans le cas des Titres de Droit Anglais), ou l'Agent des Sûretés (dans le cas des Titres de Droit Français), ou l'Agent Payeur de Remplacement agissant pour leur compte, devra notifier dès que cela sera pratiquement possible aux Titulaires de Titres, conformément à la Modalité 14 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat, ou à la Modalité 13 des Modalités des Titres de Droit Français, selon le cas, qu'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés est survenu. Aucun Titulaire de Titres n'aura droit à recevoir un paiement quelconque au titre des Titres Assortis de Sûretés concernées en cas de retard dans la Livraison des Actifs Gagés faisant partie de la Part des Actifs Gagés, si ce retard est dû à la survenance d'un Cas de Perturbation de la Livraison Physique d'Actifs Gagés, et l'Emetteur, le Garant, le Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou l'Agent des Sûretés (dans le cas des Titres de Droit Français) n'assumeront aucune responsabilité à ce titre.

#### **5.10 Recours à un Agent Payeur de Remplacement**

Le paiement de la Quote-Part des Produits de l'Exécution des Garanties ou la livraison de la Part des Actifs Garantis peut, à la demande du Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou de l'Agent des Sûretés (dans le cas des Titres de Droit Français), être effectué par l'Agent Payeur de Remplacement en vertu des termes du Contrat d'Agent Payeur de Remplacement.

## **6. RECOURS LIMITE ET ENGAGEMENT DE NE PAS AGIR EN FAILLITE**

### **6.1 Recours Limité contre l'Emetteur**

En acquérant et détenant des Titres Assortis de Sûretés, les Titulaires de Titres seront réputés reconnaître et convenir que les obligations de l'Emetteur envers les Titulaires de Titres sont limitées au recours de ceux-ci à l'encontre des Actifs Gagés contenus dans le Pool de Garanties particulier garantissant cette Série de Titres Assortis de Sûretés. Si :

- (a) il ne reste pas, dans le Pool de Garanties, d'Actifs Gagés susceptibles d'être réalisés ou autrement convertis en espèces ;
- (b) tous les montants disponibles générés par les Actifs Gagés du Pool de Garanties concerné ont été affectés pour honorer les obligations spécifiées dans le Contrat de Gage concerné et les présentes Modalités relatives aux Garanties, ou pour pourvoir au paiement de ces obligations ; et
- (c) il n'existe pas, dans le Pool de Garanties concerné, des montants suffisants générés par les Actifs Gagés concernés pour payer intégralement, conformément aux dispositions du Contrat de Gage concerné et aux présentes Modalités relatives aux Garanties, des montants restant à payer en vertu des Titres Assortis de Sûretés (y compris des paiements en principal, prime (éventuelle) et intérêts),

les Titulaires de ces Titres Assortis de Sûretés n'auront plus aucun recours contre l'Emetteur au titre des sommes qui leur sont dues et demeurent impayées (y compris, afin de lever toute ambiguïté, des paiements en principal, prime (éventuelle) et/ou intérêts au titre des Titres). En particulier, aucun Titulaire de Titres ne disposera d'un recours sur les Actifs Gagés contenus dans un Pool de Garanties, autre que le Pool de Garanties qui garantit les Titres détenus par ce Titulaire de Titres.

Afin de lever toute ambiguïté, les Titulaires de Titres continueront, dans ce scénario, de pouvoir réclamer tous montants impayés au Garant en vertu des termes de la Garantie.

### **6.2 Engagement de ne pas agir en faillite**

En acquérant et détenant des Titres Assortis de Sûretés, les Titulaires de Titres seront réputés reconnaître et convenir qu'ils ne sont pas habilités à prendre des mesures ou à diligenter des procédures quelconques afin d'obtenir la dissolution, la mise en redressement judiciaire ou la liquidation de l'Emetteur (ou toute autre mesure analogue à son encontre).

## **7. CAS DE PERTURBATION GARANTIES**

Si l'Emetteur ou le Gérant des Garanties, agissant dans chaque cas de bonne foi, détermine qu'un Cas de Perturbation Garanties s'est produit, l'Emetteur pourra, à sa seule et en son absolue discrétion, considérer que cet événement est un événement déclenchant un remboursement anticipé des Titres.

Afin d'exercer son option de remboursement des Titres après la survenance d'un Cas de Perturbation Garanties, l'Emetteur devra immédiatement adresser une notification, 30 jours au plus et 15 jours au moins à l'avance (sauf stipulation contraire des Conditions Définitives applicables) au Trustee des Sûretés (dans le cas des Titres de Droit Anglais) ou à l'Agent des Sûretés (dans le cas des Titres de Droit Français) et aux Titulaires de Titres, et, à l'expiration de ce préavis, l'Emetteur devra rembourser chaque Titre au Montant de Remboursement Anticipé spécifié dans les Conditions Définitives applicables.

## MODELE D'ACTE DE GARANTIE

**LE PRESENT ACTE DE GARANTIE** (*DEED OF GUARANTEE*) a été consenti le 26 juin 2012 par Société Générale (le **Garant**) en faveur des Titulaires de Titres (tels que définis dans les Modalités des Titres de Droit Anglais et des Titres NRC, et dans les Modalités des Titres de Droit Français), et des titulaires au moment considéré de coupons d'intérêts (le cas échéant) attachés aux Titres (les **Coupons**, terme qui inclut les reçus pour le paiement des échéances en principal (le cas échéant) attachés aux Titres), les Coupons étant attachés lors de l'émission au(x) Titre(s) Définitif(s) au Porteur (tels que définis ci-dessous). Chaque Titulaire de Titres et chaque titulaire d'un Coupon est un **Titulaire**.

### IL A PREALABLEMENT ETE EXPOSE CE QUI SUIIT:

1. SG Issuer (l'**Emetteur**) et le Garant ont conclu un Contrat d'Agent Placeur en date du 26 juin 2012 (le **Contrat d'Agent Placeur**, terme qui inclut ce contrat tel qu'il pourra être modifié, complété ou mis à jour de temps à autre) avec les Agents Placeurs nommément désignés dans ce contrat, en vertu duquel l'Emetteur se propose d'émettre de temps à autre des Titres de Créance (les **Titres**, terme qui inclut chaque Titre Définitif au Porteur, chaque Titre SIS Définitif au Porteur, chaque Titre Définitif Nominatif, chaque Titre Global, chaque Titre NRC, chaque Titre Nominatif, chaque Titre Matérialisé et chaque Titre Dématérialisé émis par l'Emetteur (les expressions "Titre Définitif au Porteur", "Titre Définitif Nominatif", "Titre Global", "Titre NRC" et "Titre Nominatif" ont la signification qui leur est respectivement donnée dans les Modalités des Titres de Droit Anglais et des Titres NRC (comme indiqué dans le prospectus de base en date du 26 juin 2012 (le **Prospectus de Base**)), et les expressions "Titre Matérialisé" et "Titre Dématérialisé" ont la signification qui leur est respectivement donnée dans les Modalités des Titres de Droit Français (comme indiqué dans le Prospectus de Base), ainsi que tous reçus émis en relation avec des Titres à remboursement échelonné);
2. l'Emetteur a signé un acte d'engagement (l'**Acte d'Engagement**) se rapportant à des Titres Globaux émis par l'Emetteur en vertu du Contrat d'Agent Placeur;
3. l'Emetteur et le Garant ont conclu un contrat de service financier en relation avec les Titres de Droit Anglais en date du 26 juin 2012, et un contrat de service financier de droit français en relation avec les Titres de Droit Français en date du 26 juin 2012 (respectivement dénommés le **Contrat de Service Financier** et le **Contrat de Service Financier de Droit Français** et collectivement les **Contrats de Service Financier**, lesdites expressions désignant ces contrats tels qu'ils pourront être modifiés, complétés ou mis à jour de temps à autre) avec l'Agent Fiscal, l'Agent de Tenue des Registres et d'autres parties nommément désignées dans ces contrats; et
4. concomitamment à la conclusion de cet Acte de Garantie, une version en langue anglaise sera conclue pour les Séries de Titres pour lesquelles la langue anglaise est la langue qui fait foi (la **Garantie Anglaise**). Le montant nominal des Titres garantis par cette Garantie Anglaise n'excédera pas, quand ce montant sera ajouté (mais sans compter double) (i) au montant nominal des Titres garantis en vertu de cet Acte de Garantie et (ii) au Montant Nominal Total des Titres de chaque Série de Titres en circulation, 5.000.000.000 € (la **Limite de la Garantie**).

### PUIS IL A ETE ARRETE ET CONVENU ce qui suit :

#### 1. Garantie

Sous réserve des dispositions des présentes, le Garant garantit irrévocablement et inconditionnellement par le biais d'un *deed poll* à chaque Titulaire que, dans le cas où l'Emetteur ne paierait pas à son échéance, pour un motif quelconque, toute somme payable par lui à ce Titulaire relatif à tout Titre ou Coupon ou (le cas échéant) en vertu de l'Acte d'Engagement (y compris toute prime ou tous autres montants de toute nature, ou tous montants supplémentaires pouvant devenir exigibles à ce titre), le

Garant paiera à ce Titulaire, au moment où cette somme devient exigible en application de tout Titre ou Coupon ou (le cas échéant) le montant payable par l'Emetteur à ce Titulaire; étant entendu que (i) dans le cas de tous Titres à Règlement Physique pour lesquels l'obligation ainsi garantie de l'Emetteur est une obligation de transfert d'un ou plusieurs Actifs Sous-Jacents représentant un Montant de Règlement Physique, le Garant sera obligé, au lieu de ce transfert, de payer un montant en numéraire dans la Devise Prévue concernée, égal à la juste valeur de marché (telle que déterminée par l'Agent de Calcul à son entière discrétion, mais d'une manière commercialement raisonnable, à la date ou aux environs de la date d'exigibilité du transfert du ou des Actifs Sous-Jacents concernés représentant le Montant de Règlement Physique) du ou des Actifs Sous-Jacents représentant le Montant de Règlement Physique, et (ii) si tout paiement décrit ci-dessus est affecté par l'Indisponibilité d'une Devise (telle que définie à la Modalité 5(l) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 4(h) des Modalités des Titres de Droit Français), le Garant sera en droit d'honorer ses obligations envers le Titulaire concerné en effectuant un paiement en euro ou en dollars U.S. conformément à la Modalité précitée.

## **2. Plafond de la Garantie**

La présente Garantie ne s'appliquera pas à toute Série (telle que définie dans le Contrat d'Agent Placeur) de Titres émis par l'Emetteur à la date des présentes ou après cette date, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série Titres et (B) des Montants Nominaux Totaux de chaque Série de Titres émis par l'Emetteur et en circulation à cette Date d'Emission, dans chaque cas convertie en euro au taux de change au comptant concerné à cette Date d'Emission, est égal à un montant excédant 5.000.000.000 €.

Pour les besoins de la présente Clause, toutes les références à "la présente Garantie" et expressions liées se rapporteront au présent Acte de Garantie et à la Garantie Anglaise prises ensemble et le Montant Nominal Total des Titres garantis par ceux-ci n'excédera pas la Limite de la Garantie.

## **3. Garant en qualité de Débiteur Principal**

Sans affecter les obligations de l'Emetteur, le Garant sera engagé en vertu de la présente Garantie de la même manière que s'il était l'unique débiteur principal et non pas simplement une caution. En conséquence, il ne sera pas délié de ses obligations et son engagement ne sera pas affecté par tout fait ou élément qui ne le délierait pas de ses obligations ou n'affecterait pas son engagement s'il était l'unique débiteur principal (y compris (a) tout délai de paiement, toute renonciation ou toute acceptation respectivement consenti ou donné à tout moment par l'Emetteur ou toute autre personne, (b) toute modification apportée à tout Titre, tout Coupon ou (le cas échéant) à l'Acte d'Engagement ou à toute sûreté, garantie ou autre indemnisation, (c) l'envoi ou l'absence d'envoi à l'Emetteur ou à toute autre personne de toute mise en demeure de payer, (d) l'exécution forcée ou l'absence d'exécution forcée de tout Titre, de tout Coupon, de l'Acte d'Engagement (le cas échéant) ou de toute sûreté, garantie ou indemnisation, (e) la mainlevée de toute sûreté, garantie ou indemnisation, (f) la dissolution, la fusion, la restructuration ou la réorganisation de l'Emetteur ou de toute autre personne, ou (g) l'illégalité, l'absence de validité, l'absence de caractère exécutoire, ou tout défaut entachant toute disposition, de tout Titre, tout Coupon ou (le cas échéant) de l'Acte d'Engagement ou de l'une quelconque des obligations de l'Emetteur en vertu de ceux-ci).

## **4. Effet Continu des Obligations du Garant**

Les obligations du Garant en vertu de la présente Garantie sont et demeureront en vigueur et effectives à titre de sûreté permanente jusqu'à ce qu'il ne reste plus aucune somme payable en vertu de tout Titre, de tout Coupon ou (le cas échéant) de l'Acte d'Engagement. En outre, ces obligations du Garant viennent s'ajouter et non se substituer à toute sûreté ou autre garantie ou indemnisation existant à tout moment en faveur d'un Titulaire, consentie par le Garant ou autrement. Le Garant renonce irrévocablement à toutes formalités de notification et de mises en demeure.

**5. Remboursement d'un Paiement à l'Emetteur**

Si un paiement quelconque reçu par un Titulaire est annulé suite à la liquidation ou à la faillite de l'Emetteur, en vertu de toutes lois relatives à la liquidation ou à la faillite, ce paiement ne sera pas réputé avoir délié le Garant de ses obligations ni avoir réduit ses obligations en vertu de la présente Garantie, laquelle continuera à s'appliquer de la même manière que si ce paiement était resté dû à tous moments par l'Emetteur.

**6. Obligation d'Indemnisation**

A titre de disposition séparée et alternative, le Garant consent inconditionnellement et irrévocablement à ce que toute somme stipulée payable par l'Emetteur en vertu de tout Titre, de tout Coupon ou (le cas échéant) de l'Acte d'Engagement, mais qui ne serait pas recouvrable auprès du Garant sur le fondement de sa garantie pour un motif quelconque (qui serait ou non connu ou le serait ultérieurement par l'Emetteur, le Garant ou tout Titulaire), sera néanmoins recouvrable auprès du Garant de la même manière que s'il était l'unique débiteur principal, et sera payée par lui au Titulaire sur demande. Cette obligation d'indemnisation constitue une obligation séparée et indépendante des autres obligations découlant de la présente Garantie, donne lieu à un recours séparé et indépendant, et s'appliquera indépendamment de toute marque d'indulgence de la part de tout Titulaire.

**7. Rang de la Garantie**

L'obligation du Garant en vertu de la présente Garantie constitue, à l'égard de tous Titres, une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient et viendra au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes et futures, y compris celles relatives aux dépôts, mais à l'exclusion de toutes créances privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

**8. Incorporation des Modalités**

Aussi longtemps que l'un quelconque des Titres demeurera en circulation (au sens défini dans les Contrats de Service Financier), le Garant se conformera aux dispositions des Modalités des Titres qui lui sont applicables, de la même manière que si ces dispositions étaient intégralement incorporées aux présentes.

**9. Pouvoir de signer**

Le Garant déclare, garantit et convient par les présentes envers chaque Titulaire qu'il a tout pouvoir et qu'il a pris toutes les mesures nécessaires afin de lui permettre de signer, livrer et exécuter la présente Garantie, et que la présente Garantie constitue une obligation légale, valable et ayant force de loi pour le Garant, conformément à ses dispositions, sous réserve des dispositions légales applicables.

**10. Dépôt de la Garantie**

La présente Garantie prend effet comme un *deed poll* au profit des Titulaires existants de temps à autre et au moment considéré. La présente Garantie devra être déposée auprès de, et conservée par, Société Générale Bank & Trust, au profit des Titulaires, jusqu'à ce que toutes les obligations du Garant aient été intégralement exécutées.

**11. Production de la Garantie**

Le Garant reconnaît par les présentes le droit de chaque Titulaire d'exiger la production de, et le droit de chaque Titulaire à obtenir (contre paiement de frais raisonnables) une copie de la présente Garantie, et

il reconnaît et convient en outre que les obligations mises à sa charge par les présentes sont contractées pour le compte de chaque Titulaire et dues à chaque Titulaire, et que chaque Titulaire sera individuellement en droit de poursuivre l'exécution forcée desdites obligations à l'encontre du Garant.

**12. Subrogation**

Tant que tous les montants qui peuvent être exigibles en vertu des Titres, des Coupons et/ou (le cas échéant) de l'Acte d'Engagement, n'ont pas été irrévocablement payés pour leur montant intégral, le Garant ne sera pas subrogé en vertu de la présente Garantie dans les droits de tout Titulaire ou demande d'indemnisation en concurrence avec les Porteurs à l'encontre de l'Emetteur.

**13. Loi Britannique sur les Contrats (Droits de Tiers) de 1999**

Nul n'aura le droit de poursuivre l'exécution forcée de toute disposition de la présente Garantie en vertu de la Loi Britannique sur les Contrats (Droits de Tiers) de 1999 (*Contracts (Rights of Third Parties) Act 1999*), mais cette disposition n'affecte aucun droit ou recours qu'un tiers peut détenir ou exercer sur tout autre fondement que cette Loi.

**14. Loi Applicable et Attribution de Compétence**

La présente Garantie et toutes obligations non contractuelles découlant de la présente Garantie ou s'y rapportant, sont régies par le droit anglais, qui gouvernera également leur interprétation. Le Garant convient irrévocablement par les présentes, au bénéfice de chaque Titulaire, que les tribunaux anglais seront compétents pour régler tous différends pouvant découler ou être en relation avec la présente Garantie (y compris un différend relatif à toutes obligations non contractuelles découlant ou étant en relation avec la présente Garantie), et qu'en conséquence, toutes poursuites, actions ou procédures (ensemble dénommées **Procédures**) découlant ou en relation avec la présente Garantie (y compris toute Procédure relative à toutes obligations non contractuelles découlant ou étant en relation avec la présente Garantie) pourront être engagées devant les tribunaux anglais.

Le Garant renonce irrévocablement à invoquer toute exception d'incompétence pour s'opposer à l'engagement de toute Procédure devant les tribunaux anglais, et consent irrévocablement à ce que tout jugement définitif prononcé à l'issue d'une Procédure engagée devant les tribunaux anglais aura force de chose jugée à l'égard du Garant et pourra recevoir l'exequatur devant les tribunaux de toute autre juridiction. Aucune disposition de la présente Clause ne limite tout droit d'engager une Procédure à l'encontre du Garant devant tout autre tribunal compétent, et l'engagement d'une Procédure devant une ou plusieurs juridictions n'empêchera pas l'engagement d'une Procédure devant toute autre juridiction, concurremment ou non.

L'Emetteur nomme par la présente Société Générale, London Branch (SGLB), actuellement située à SG House, 41 Tower Hill, Londres EC3N 4SG, en qualité de mandataire chargé de recevoir la signification des actes de procédure pour son compte en Angleterre au titre de toute Procédure et s'engage, dans le cas où SGLB cesserait d'agir en cette qualité, à nommer une autre personne en qualité de mandataire chargé de recevoir la signification des actes de procédure en Angleterre pour son compte, au titre de toute Procédure.

**EN FOI DE QUOI**, la présente Garantie a été signée et remise en tant qu'acte d'engagement pour le compte du Garant.

## **DESCRIPTION DE L'EMETTEUR DES ACTIONS DE PREFERENCE ET DES ACTIONS DE PREFERENCE**

Ce qui suit est une description sommaire de l'Emetteur des Actions de Préférence et des Actions de Préférence.

### *L'Emetteur des Actions de Préférence*

Solentis Investment Solutions PCC (**l'Emetteur des Actions de Préférence**) est une société de cellules protégées à responsabilité limitée, immatriculée le 13 Mai 2010 à Jersey selon la Loi sur les Sociétés de Jersey du 13 Mai 1991 au numéro d'immatriculation 105685 et établie en tant que fonds indiciel coté (non régulé (*Unregulated Funds*)) selon le décret de Jersey sur les Organismes de Placement Collectif (*Collective Investment Funds*) de 2008, avis ayant été donné au Registre des Sociétés de Jersey selon ce décret. Son siège social est situé au 22 Grenville Street, St. Helier, Jersey, JE4 8PX.

L'Emetteur des Actions de Préférence est autorisé à émettre un nombre illimité d'actions sans valeur nominale désignées comme des actions ordinaires et à créer un nombre illimité de cellules protégées.

Toute cellule protégée sera autorisée à émettre des actions ordinaires sans valeur nominale ainsi que des actions de préférence sans valeur nominale. Les actions ordinaires sont détenues par ou pour le compte de The Solentis Investment Solutions Charitable Trust dans le cadre d'un trust à objet caritatif. Les actifs et passifs de chaque cellule font l'objet d'une ségrégation des actifs et passifs des autres cellules et de tous les actifs et passifs de l'Emetteur des Actions de Préférence n'appartenant pas à une cellule.

Les Actions de Préférence d'une cellule peuvent faire l'objet d'une offre et être émises auprès des investisseurs selon les conditions convenues avec l'Emetteur des Actions de Préférence. Société Générale agit en tant que sponsor des cellules pour chaque cellule ainsi qu'en tant qu'agent de détermination et gestionnaire des garanties pour les actions de préférence. D'autres prestataires de service agissent en tant qu'administrateur des investissements, dépositaire, agent payeur principal, Teneur de registre et administrateur de l'Emetteur des Actions de Préférence ou pour les actions de préférence, le cas échéant.

### *Documents pour Consultation*

Des copies des documents constitutifs de l'Emetteur des Actions de Préférence seront disponibles pour consultation au siège social de l'Emetteur des Actions de Préférence (agissant pour l'Emetteur des Actions de Préférence et pour chaque cellule concernée (le cas échéant)), pour chaque cas durant les heures ouvrées normales de chaque jour de la semaine (exceptés les samedis, dimanches et jours fériés) durant 14 jours suivant la date de chaque supplément au mémorandum. Le mémorandum de placement privé et tout supplément au mémorandum spécifique à une catégorie concernée peut être obtenu par tout investisseur intéressé auprès de Société Générale.

### *A Noter*

Des copies du Mémorandum et des Statuts (et, après leur publication, des comptes annuels) peuvent être obtenues par les actionnaires de la part de l'administrateur à son siège social (dont l'adresse peut être obtenue auprès de Société Générale), sur demande et contre le paiement d'un montant raisonnable.

### *Les Actions de Préférence*

L'Emetteur des Actions de Préférence est autorisé à émettre un nombre illimité d'actions de préférence remboursables (les **Actions de Préférence**) sans montant nominal, désignées comme des actions ordinaires, et à créer un nombre illimité de cellules protégées, émises sous la forme d'une Souche unique d'Actions de Préférence. Chaque Souche d'Actions de Préférence peut comprendre une ou plusieurs catégories d'Actions de Préférences, tel qu'indiqué dans le supplément au mémorandum concerné. Chaque catégorie d'Actions de Préférence pourra avoir des caractéristiques différentes.

L'Emetteur des Actions de Préférence peut émettre des actions de préférence remboursables de toute sorte, y compris des actions de préférence liées à un indice spécifique ou un panier d'indices, une action ou un panier d'actions, une devise ou un panier de devises, un titre de créance ou un panier de titres de créance, une marchandise ou un panier de marchandises, une part ou action d'un fonds ou un panier de parts ou actions d'un fonds ou tels autres instruments sous-jacents, bases de références ou de facteurs (chacun un **Sous-Jacent d'Action de Préférence**) et selon les modalités déterminées par l'Emetteur des Actions de Préférence et précisées dans les modalités applicables aux souches d'actions de préférences concernées (les **Modalités des Actions de Préférence**). Les Modalités des Actions de Préférence, et toutes obligations non contractuelles résultant de ou en lien avec les Modalités des Actions de Préférence et toutes obligations non contractuelles résultant de ou en lien avec elles, sont gouvernées par et doivent être interprétées selon le droit de Jersey.

Les Modalités des Actions de Préférence prévoient que les Actions de Préférence seront remboursables à leur terme final de remboursement (ou à une autre date stipulée en conformité avec les Modalités des Actions de Préférence). Lors du remboursement, les Actions de Préférence seront dotées des droits préférentiels de recevoir un montant calculé par référence à la performance du Sous-Jacent d'Action de Préférence.

Les Modalités des Actions de Préférence prévoient également que l'Emetteur des Actions de Préférence peut rembourser de manière anticipée les Actions de Préférence si :

- (a) l'agent de calcul pour les Actions de Préférences détermine que, pour des raisons hors du contrôle de l'Emetteur des Actions de Préférence, l'exécution des obligations de l'Emetteur des Actions de Préférence en vertu des Actions de Préférence est devenue illégale ou impossible en tout ou partie et pour toute raison; ou
- (b) tout événement survient pour lequel les Modalités des Actions de Préférence concernant tout ajustement, délai, modification, annulation ou détermination en lien avec le Sous-Jacent des Actions de Préférence, la procédure d'évaluation pour le Sous-Jacent des Actions de Préférence ou les Actions de Préférence prévoient que les Actions de Préférence peuvent être remboursées; ou
- (c) une modification dans les lois ou les règlements applicables survient dont il résulte ou résultera, selon l'avis de l'Agent de calcul des Actions de Préférence, en raison des Actions de Préférence restant en circulation, que l'Emetteur des Actions de Préférence est ou sera régulé par toute autorité de régulation supplémentaire, ou est ou sera assujetti à toute exigence légale ou réglementaire ou fiscale supplémentaire considérée par l'Emetteur des Actions de Préférence comme onéreuses pour lui; ou
- (d) l'Emetteur des Actions de Préférence est informé que les Titres Indexés aux Actions de Préférence ont fait l'objet d'un remboursement anticipé.

La valeur des Actions de Préférence sera publiée chaque Jour Ouvré pour toute ville ou lieu, un jour où les banques de détail et les marchés de devise effectuent le règlement des paiements et sont ouverts pour exercer leur activité (y compris la négociation des devises et des dépôts en devises étrangères) dans tel ville ou lieu défini par le supplément au mémorandum concerné pour chaque Souche d'Actions de Préférence.

#### *Le Sous-Jacent d' Action de Préférence*

La performance des Actions de Préférence dépend de la performance du Sous-Jacent d' Action de Préférence auquel les Actions de Préférence concernées sont liées.

Les investisseurs devraient revoir les Modalités des Actions de Préférence et le mémorandum de placement privé de l'Emetteur des Actions de Préférence, le supplément au mémorandum concerné et tout autre document constitutif et consulter leurs propres conseils professionnels s'ils l'estiment nécessaires.

## SYSTEMES DE COMPENSATION PAR INSCRIPTION EN COMPTE

*Les informations qui suivent s'entendent sous réserve de toute modification ou réinterprétation des règles, réglementations et procédures de DTC, Euroclear, Clearstream, Luxembourg, EUI ou SIX SIS Ltd (collectivement dénommés, pour les besoins de la présente section, les **Systèmes de Compensation**) actuellement en vigueur. Les informations sur les Systèmes de Compensation qui figurent dans cette section ont été obtenues auprès de sources que l'Emetteur et le Garant estiment fiables, mais ni l'Emetteur, ni le Garant ni aucun Agent Placeur n'assume une responsabilité quelconque au titre de leur exactitude. Les investisseurs souhaitant utiliser les facilités de l'un ou l'autre des Systèmes de Compensation sont invités à se faire confirmer que les règles, réglementations et procédures du Système de Compensation concerné sont toujours applicables. Ni l'Emetteur, ni le Garant ni aucune autre partie au Contrat de Service Financier n'assumera une responsabilité quelconque au titre de tout aspect des inscriptions en compte ou des paiements effectués à raison des droits de propriété effective sur les Titres détenus par l'intermédiaire de tout Système de Compensation, ni au titre du maintien, de la supervision ou de la révision de tous livres dans lesquels ces droits de propriété effective sont inscrits en compte.*

### Systèmes d'Inscription en Compte

#### DTC

DTC a avisé l'Emetteur qu'il est une société fiduciaire à objet limité (*limited purpose trust company*) régie par la *New York Banking Law* (Loi de l'Etat de New York sur le système bancaire), une "organisation bancaire" au sens de la *New York Banking Law*, une "société de compensation" au sens du *New York Uniform Commercial Code* (Code de Commerce Uniforme de New York) et une "agence de compensation" enregistrée en vertu de la Section 17A de l'*Exchange Act* (Loi sur la Bourse). DTC détient des titres que ses participants (**Participants**) déposent auprès de DTC. DTC facilite également le règlement des transactions sur titres entre ses Participants, tels que les transferts et nantissements, en procédant s'agissant des titres déposés à des changements électroniques des inscriptions en compte sur les comptes des Participants concernés, ce qui élimine la nécessité d'opérer des mouvements physiques de certificats représentatifs de ces titres. Les Participants Directs comprennent des courtiers et négociateurs en valeurs mobilières, des banques, des sociétés fiduciaires (*trust companies*), des sociétés de compensation et certaines autres organisations (les **Participants Directs**). DTC est détenu par certains de ses Participants Directs et par New York Stock Exchange, Inc., American Stock Exchange, Inc. et National Association of Securities Dealers, Inc. D'autres entités peuvent également avoir accès au Système DTC, telles que des courtiers et négociateurs en valeurs mobilières, des banques et des sociétés fiduciaires (*trust companies*) qui effectuent leurs opérations de compensation par l'intermédiaire d'un Participant Direct ou entretiennent des relations avec un Participant Direct pour le dépôt de titres, que ce soit directement ou indirectement (**Participants Indirects**).

En vertu des règles, réglementations et procédures constituant ou affectant DTC et ses opérations (les **Règles**), DTC procède à des transferts par inscription en compte de Titres Nominatifs entre des Participants Directs pour le compte desquels il agit, en ce qui concerne des Titres acceptés dans le système de règlement par inscription en compte de DTC (**Titres DTC**), tel que décrit ci-dessous, et reçoit et transmet des distributions en principal et intérêts sur les Titres DTC. Les Règles sont déposées auprès de la *Securities and Exchange Commission*. Les Participants Directs et les Participants Indirects auprès desquels les propriétaires réels de Titres DTC (**Propriétaires**) ont des comptes de Titres DTC sont également tenus de procéder à des transferts par inscription en compte, et reçoivent et transmettent ces paiements pour le compte de leurs Propriétaires respectifs. En conséquence, bien que les Propriétaires qui détiennent des Titres DTC par l'intermédiaire de Participants Directs ou de Participants Indirects ne possèdent pas de Titres Nominatifs, les Règles instituent, en vertu des exigences décrites ci-dessus, un mécanisme permettant aux Participants Directs de recevoir des paiements et d'opérer des transferts des Titres DTC.

Les achats de Titres DTC dans le cadre du système DTC doivent être effectués par ou via des Participants Directs, lesquels seront crédités pour les Titres DTC tenus par inscription en compte chez DTC. Le droit de propriété de chaque acheteur effectif de chaque Titre DTC (**Propriétaire Effectif**) doit à son tour être enregistré dans les livres du Participant Direct et Indirect. Les Propriétaires Effectifs ne recevront pas une confirmation écrite de leur achat de la part de DTC, mais devront recevoir des confirmations écrites donnant des détails de la transaction, ainsi que des relevés périodiques de leur portefeuille de titres, de la part du Participant Direct ou Indirect par l'intermédiaire duquel le Propriétaire Effectif a conclu la transaction. Les transferts de droits de propriété sur les Titres DTC sont effectués par des inscriptions en compte dans les livres des Participants, agissant pour le compte des Propriétaires Effectifs. Les Propriétaires Effectifs ne recevront pas de certificats représentant leurs droits de propriété sur des Titres DTC, excepté dans le cas où le système d'inscription en compte ne serait plus utilisé pour les Titres DTC.

Afin de faciliter les transferts ultérieurs, tous les Titres DTC déposés par des Participants auprès de DTC sont enregistrés au nom de la personne désignée par DTC, Cede & Co. Le dépôt de Titres DTC auprès de DTC et leur enregistrement au nom de Cede & Co. n'opèrent aucun changement de la propriété effective des titres. DTC ne connaît pas les Propriétaires Effectifs des Titres DTC; les registres de DTC ne reflètent que l'identité des Participants Directs sur les comptes desquels ces Titres DTC sont crédités, qui peuvent ou non être les Propriétaires Effectifs. Les Participants demeureront responsables de la tenue des comptes relatifs aux titres qu'ils détiennent pour le compte de leurs clients.

La transmission des avis et autres communications par DTC aux Participants Directs, par des Participants Directs à des Participants Indirects, et par des Participants Directs et des Participants Indirects à des Propriétaires Effectifs, sera régie par des accords entre eux, sous réserve de toutes exigences légales ou réglementaires en vigueur au moment considéré.

Les demandes de remboursement doivent être envoyées à Cede & Co. En cas de remboursement d'une partie seulement des Titres DTC d'une émission donnée, DTC a pour pratique de déterminer par voie de tirage au sort le montant de titres de cette émission qui sera remboursé à chaque Participant Direct, sur le montant total des titres de cette émission qu'il détient.

Ni DTC ni Cede & Co. n'exerceront le droit de vote s'attachant aux Titres DTC. En vertu de ses procédures habituelles, DTC envoie par la poste une *Procuration Omnibus Proxy* à l'Emetteur dès que possible après la date d'enregistrement. La *Procuration Omnibus Proxy* transfère les droits de consentement ou de vote de Cede & Co. aux Participants Directs aux comptes desquels les Titres DTC sont crédités à la date d'enregistrement (identifiés dans un listing annexé à la *Procuration Omnibus Proxy*).

Les paiements en principal et intérêts sur les Titres DTC seront effectués à DTC. DTC a pour pratique de créditer les comptes des Participants Directs à la date d'exigibilité du paiement, au prorata des titres qu'ils détiennent respectivement, tels qu'ils apparaissent dans les registres de DTC, à moins que DTC n'ait un motif de croire qu'il ne recevra pas le paiement à sa date d'exigibilité. Les paiements effectués par des Participants à des Propriétaires Effectifs seront régis par des instructions permanentes et les pratiques habituelles, comme cela est le cas des titres détenus pour le compte de clients, qui revêtent la forme au porteur ou sont enregistrés au nom de l'intermédiaire au lieu de celui du propriétaire, et ces paiements engageront la responsabilité de ce Participant et non pas de DTC ou de l'Emetteur, sous réserve de toutes exigences légales ou réglementaires en vigueur au moment considéré. Le paiement du principal et des intérêts à DTC incombe à l'Emetteur, et le reversement de ces paiements aux Participants Directs incombe à DTC, tandis que le reversement de ces paiements aux Propriétaires Effectifs incombe aux Participants Directs et Indirects.

Dans certaines circonstances indiquées dans les Titres Globaux, DTC échangera les Titres DTC contre des Titres Définitifs Nominatifs, qu'il distribuera à ses Participants au prorata de leurs droits et qui, s'ils représentent des droits sur un Titre Global *Rule 144A*, porteront la légende appropriée visée à la section intitulée "*Restriction de Souscription, de Vente et de Transfert*".

Etant donné que DTC ne peut agir que pour le compte de Participants Directs, qui agissent eux-mêmes pour le compte de Participants Indirects, tout Propriétaire désirant nantir des Titres DTC au profit de personnes ou d'entités qui ne participent pas à DTC, ou souhaitant prendre d'autres mesures relatives à ces Titres DTC, devra retirer ses Titres Nominatifs du système DTC, dans les conditions décrites ci-dessous.

#### **Inscription en Compte des Droits de Propriété sur les Titres DTC et Paiements sur les Titres DTC**

L'Emetteur peut faire une demande à DTC afin qu'une Tranche de Titres soit représentée par un Titre Global Nominatif accepté dans son système de règlement par inscription en compte. Lors de l'émission de ce Titre Global Nominatif, DTC ou son dépositaire créditera les montants nominaux respectifs des droits de propriété individuels représentés par ce Titre Global Nominatif aux comptes de personnes détenant des comptes chez DTC. Ces comptes seront initialement désignés par ou pour le compte de l'Agent Placeur concerné. La propriété de droits sur ce Titre Global Nominatif sera limitée aux Participants Directs ou aux Participants Indirects, y compris, dans le cas de tout Titre Global *Regulation S*, les dépositaires respectifs d'Euroclear et de Clearstream, Luxembourg. La détention de droits de propriété sur un Titre Global Nominatif accepté par DTC sera matérialisée par, et le transfert de ces droits de propriété ne pourra être effectué qu'au moyen d'une inscription dans les registres tenus par DTC ou son mandataire (en ce qui concerne les droits de Participants Directs), et dans les registres des Participants Directs (en ce qui concerne les droits de Participants Indirects).

Les paiements en U.S. dollars du principal et des intérêts concernant un Titre Global Nominatif accepté par DTC seront effectués à l'ordre de DTC ou de son mandataire en tant que détenteur enregistré de ce Titre. En cas de paiement dans toute devise autre que l'U.S. dollar, le paiement sera effectué à l'Agent d'Echange pour le compte de DTC ou de son mandataire, et l'Agent d'Echange remettra (conformément aux instructions reçues par lui) tout ou partie de ce paiement pour qu'il soit crédité directement au profit des propriétaires effectifs de droit sur le Titre Global Nominatif dans la devise dans laquelle ce paiement a été effectué et/ou faire en sorte que tout ou partie de ce paiement soit converti en U.S. dollars et crédité sur le compte concerné du Participant concerné.

L'Emetteur prévoit que DTC crédite les comptes de Participants Directs à la date de paiement applicable, conformément à leurs droits respectifs tels qu'ils apparaissent dans les registres de DTC, à moins que DTC n'ait un motif de penser qu'il ne recevra pas le paiement à cette date de paiement. L'Emetteur prévoit également que les paiements effectués par les Participants à des propriétaires effectifs de Titres soient régis par des instructions permanentes et pratiques habituelles, comme tel est le cas pour des titres détenus pour le compte de clients, et qu'ils engageront la responsabilité de ce Participant et non pas de DTC, de l'Agent Fiscal, de l'Agent de Tenue des Registres ou de l'Emetteur. L'Emetteur est responsable du paiement à DTC du principal, de la prime (éventuelle) et des intérêts (éventuels) sur les Titres.

### **Transferts de Titres Représentés par des Titres Globaux Nominatifs**

Les transferts de droits sur des Titres représentés par un Titre Global Nominatif détenu par DTC, Euroclear et Clearstream, Luxembourg, seront effectués conformément aux règles et procédures opérationnelles habituelles du système de compensation concerné. Les lois de certains Etats des Etats-Unis exigent que certaines personnes prennent livraison physique de titres sous forme définitive. En conséquence, la capacité à transférer des Titres représentés par un Titre Global Nominatif à ces personnes peut dépendre de la capacité à échanger ces Titres contre des Titres sous forme définitive. De la même manière, étant donné que DTC ne peut agir que pour le compte de Participants Directs au système DTC, qui agissent eux-mêmes pour le compte de Participants Indirects, la capacité d'une personne détenant un droit sur des Titres représentés par un Titre Global Nominatif accepté par DTC à nantir ces Titres au profit de personnes ou d'entités qui ne participent pas au système DTC, ou sa capacité à prendre toute autre mesure portant sur ces Titres, peut dépendre de la capacité à échanger ces Titres contre des Titres sous forme définitive. La capacité de tout titulaire de Titres représentés par un Titre Global Nominatif accepté par DTC à revendre, nantir ou transférer autrement ces Titres peut être réduite si le cessionnaire proposé de ces Titres n'est pas éligible pour détenir ces Titres par l'intermédiaire d'un Participant Direct ou d'un Participant Indirect au système DTC.

Sous réserve de respecter les restrictions de transfert applicables aux Titres Nominatifs, décrites à la section intitulée "*Restriction de Souscription, de Vente et de Transfert*", les transferts trans-marché entre DTC, d'une part, et, directement ou indirectement, des teneurs de comptes chez Clearstream, Luxembourg ou Euroclear, d'autre part, seront effectués par le système de compensation concerné conformément à ses règles et en vertu d'un acte de l'Agent de Tenue des Registres, de l'Agent Fiscal et de tout dépositaire (**Dépositaire**) auprès duquel les Titres Globaux Nominatifs concernés ont été déposés.

A compter de la Date d'Emission d'une Série quelconque (incluse), les transferts de Titres de cette Série entre les teneurs de comptes chez Clearstream, Luxembourg et Euroclear et les transferts de Titres de cette Série entre des participants au système DTC, auront généralement une date de règlement se situant trois jours ouvrés après la date de négociation (N+3). Les accords habituels de livraison contre paiement s'appliqueront à ces transferts.

Les transferts trans-marché entre des teneurs de comptes chez Clearstream, Luxembourg et Euroclear et des participants au système DTC devront stipuler une date de règlement convenue entre les parties à ce transfert. Etant donné qu'il n'existe aucun lien direct entre DTC, d'une part, et Clearstream, Luxembourg et Euroclear, d'autre part, les transferts de droits sur les Titres Globaux Nominatifs concernés seront effectués par l'intermédiaire de l'Agent de Tenue des Registres, de l'Agent Fiscal et du Dépositaire recevant des instructions (et, s'il y a lieu, une attestation) de la part du cédant, qui feront en sorte que les droits transférés soient inscrits

au crédit du compte désigné du cessionnaire. En cas de transferts trans-marché, le règlement entre des teneurs de comptes Euroclear ou Clearstream, Luxembourg et des participants au système DTC ne pourra pas être effectué sur la base livraison contre paiement. Les titres seront livrés sur la base d'une livraison franco et les accords de paiement devront être pris séparément.

DTC, Clearstream, Luxembourg et Euroclear ont chacun publié des règles et procédures opérationnelles destinées à faciliter les transferts de droits de propriété effective sur des Titres Globaux Nominatifs entre participants et teneurs de comptes de DTC, Clearstream, Luxembourg et Euroclear. Toutefois, ils n'ont aucune obligation d'appliquer ou de continuer d'appliquer ces procédures, lesquelles pourront être interrompues ou modifiées à tout moment. Ni l'Emetteur, ni le Garant, ni les Agents ni aucun Agent Placeur ne répondront de l'exécution par DTC, Clearstream, Luxembourg ou Euroclear, ou par leurs participants directs ou indirects ou leurs teneurs de comptes de leurs obligations respectives en vertu des règles et procédures régissant leurs opérations, et aucun d'eux ne répondra de tout aspect des inscriptions en compte ou des paiements effectués à raison des droits de propriété effective sur les Titres représentés par des Titres Globaux Nominatifs, ni du maintien, de la supervision ou de la révision de tous livres dans lesquels ces droits de propriété effective sont inscrits en compte.

### CREST et CREST Depository Interests

#### CREST

Les Titres EUI seront détenus en forme nominative non représentée par un certificat conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférent applicable à un moment donné (les **Réglementations**) et ils ne sont pas matérialisés ni représentés par un titre physique. Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. Dans les cas autres que celui des Titres SIS NRC, la propriété des Titres EUI est enregistrée sur le registre Opérateur des titres concerné. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI** ou **CREST**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicable de temps à autre. Sous réserve de cette exigence et à l'exception des cas de Titres SIS NRC, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera considéré par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées devront être interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise par lui ou pour son compte en partant de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI.

#### CREST Depository Interests

Suite à leur livraison en Euroclear et Clearstream, Luxembourg, les droits dans les Titres peuvent être livrés, détenus et réglés en CREST grâce à la création de *dematerialised depository interests* représentant les droits dans les Titres concernés.

En vertu du *CREST Reference Manual*, les titres détenus en forme globale par le Dépositaire Commun peuvent être réglés via le système CREST et le *CREST Depository* émettra des *CREST Depository Interests (CDIs)*. Les CDI seront des titres indépendants, créés en droit anglais qui peuvent être détenus et transférés par l'intermédiaire du système CREST.

Les CDI seront créés en vertu de l'acte d'engagement signé par le *CREST Depository* en faveur des titulaires des CDI de temps à autre (**l'Acte d'Engagement CREST**), et émis selon ses modalités. Les investisseurs

potentiels dans des CDI noteront qu'ils n'auront aucun droit contre CRESTCo ou des filiales en raison des Titres Sous-Jacents, des droits dans ces Titres Sous-Jacents ou des CDI les représentant.

Les droits dans les Titres Sous-Jacents seront crédités sur le compte du *CREST nominee* auprès d'Euroclear et le *CREST nominee* détiendra ces intérêts en qualité de *nominee* pour le *CREST Depository* qui émettra des CDI pour les participants CREST concernés.

Chaque CDI sera traité comme un Titre sous-jacent unique afin de déterminer tous les droits et obligations et tous les montants payables concernés. Le *CREST Depository* transférera aux titulaires des CDI tout intérêt ou autres montants reçu par lui en qualité de titulaire des Titres Sous-Jacents au bénéfice du titulaire des CDI. Les titulaires de CDI pourront toujours recevoir du *CREST Depository* les notifications relatives aux assemblées générales des titulaires de Titres Sous-Jacents et autres notifications applicables émises par l'Emetteur.

Les transferts de droits dans les Titres Sous-Jacents par un participant CREST à un participant Euroclear ou Clearstream, Luxembourg seront réalisés par l'annulation des CDI et transfert d'un droit dans ces Titres Sous-Jacents vers le compte du participant Euroclear ou Clearstream, Luxembourg concerné.

Les CDI auront le même code ISIN (*international security identification number*) que les Titres Sous-Jacents et ne nécessiteront pas une cotation distincte sur la Liste Officielle.

Les souscripteurs potentiels des Titres représentés par des CDI sont visés au Chapitre 3 du *CREST Reference Manual* qui contient le modèle d'Acte d'Engagement CREST devant être conclu par le *CREST Depository*.

Les droits des titulaires de CDI seront régis par les accords entre CREST, Euroclear, Clearstream, Luxembourg et l'Emetteur incluant l'Acte d'Engagement CREST (dans la forme visée au Chapitre 3 du *CREST International Reference Manual* (qui fait partie intégrante du *CREST Reference Manual*)) signé par le *CREST Depository*. Les droits peuvent être différents de ceux des titulaires de Titres qui ne sont pas représentés par des CDI.

CES INFORMATIONS NE SONT PAS SUPPOSÉES DÉCRIRE DE FAÇON EXHAUSTIVE LES PROBLÉMATIQUES FISCALES POTENTIELLES AFFÉRENTES AUX TITRES. EN CONSÉQUENCE, TOUT INVESTISSEUR ENVISAGEANT D'INVESTIR DANS LES TITRES EST INVITÉ À OBTENIR DES CONSEILS FISCAUX INDÉPENDANTS SUR LES CONSÉQUENCES FISCALES DE L'ACQUISITION, LA DÉTENTION OU LA VENTE DE CES TITRES DANS CHAQUE PAYS CONCERNÉ.

### (1) UNION EUROPÉENNE

Le 3 juin 2003, le Conseil de l'Union Européenne a adopté la Directive 2003/48/CE sur la fiscalité des revenus de l'épargne (la **Directive Epargne**). Aux termes de la Directive Epargne et sous réserve du respect de plusieurs conditions, les Etats membres sont tenus depuis le 1<sup>er</sup> juillet 2005 de fournir aux autorités fiscales d'un autre Etat membre des informations détaillées sur les paiements d'intérêts (ou revenus similaires au sens de la Directive Epargne tels que les intérêts, produits, primes ou autres revenus de créances) payés par une personne (agent payeur) établie dans leur juridiction à une personne physique résidente dans cet autre Etat membre (ou à certains types limités d'entités établies dans cet autre Etat membre) (la **Méthode de l'Echange d'Information**). Pour les besoins de la Directive Epargne, l'expression "agent payeur" est définie largement et comprend notamment tout opérateur économique tenu de procéder à des paiements d'intérêts, au sens de la Directive Epargne, au bénéfice immédiat de personnes physiques (ou de certaines entités).

Toutefois, pendant une période transitoire, certains Etats membres (le Grand-Duché de Luxembourg et l'Autriche), au lieu d'appliquer la Méthode de l'Echange d'Information, procèdent à une retenue à la source sur les paiements d'intérêts. Le taux de cette retenue était de 35% à compter du 1<sup>er</sup> juillet 2011. Cette période transitoire se terminera à la fin de la première année fiscale complète suivant la date la plus lointaine entre (i) la date de l'entrée en vigueur d'un accord entre l'Union Européenne, suite à une décision unanime du Conseil de l'Union Européenne, et la dernière de plusieurs juridictions (Suisse, Liechtenstein, Saint-Marin, Monaco, Andorre), prévoyant l'échange d'information sur demande tel que défini dans le modèle de Convention de l'OCDE sur l'échange d'information en matière fiscale publié le 18 avril 2002 (la **Convention Modèle OCDE**) s'agissant des paiements d'intérêts au sens de la Directive Epargne, en complément de l'application simultanée, par ces mêmes juridictions, d'une retenue à la source sur les paiements d'intérêts au sens de la Directive Epargne au taux prévu pour la période correspondante, et (ii) la date à laquelle le Conseil de l'Union Européenne décide à l'unanimité que les Etats-Unis d'Amérique sont tenus à l'échange d'information sur demande tel que défini dans la Convention Modèle OCDE s'agissant des paiements d'intérêts au sens de la Directive Epargne. Plusieurs pays et territoires non membres de l'Union Européenne, dont la Suisse, ont adopté des mesures similaires (un système transitoire de retenue à la source ou un échange d'information) à compter du 1<sup>er</sup> juillet 2005.

La Commission Européenne a formulé plusieurs propositions de modification de la Directive Epargne qui pourraient, si elles étaient adoptées, modifier ou élargir le champ d'application des obligations décrites ci-dessus.

### (2) PAYS DE L'EMETTEUR ET DU GARANT

#### FRANCE

##### **Paielements effectués par le Garant**

Le droit français ne contient aucune disposition particulière relative au régime applicable aux paiements effectués par le Garant au titre de la Garantie. Par conséquent, les développements ci-après sont fondés sur une interprétation des principes généraux applicables en matière de fiscalité. Ces développements peuvent être affectés, potentiellement avec un effet rétroactif, par de futures lois, réglementations, instructions administratives ou décisions judiciaires.

Selon une interprétation du droit fiscal français, les paiements effectués par le Garant, au titre de sommes dues par l'Emetteur à un Titulaire de Titres qui n'est pas un résident fiscal français et n'agit pas au travers d'une succursale ou d'un établissement français peuvent être considérés comme des paiements se substituant à des paiements relatifs aux Titres devant être effectués par l'Emetteur. En conséquence, selon cette interprétation, les paiements de toutes sommes relatifs aux Titres dus par l'Emetteur effectués par le Garant ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français, dans la mesure où les paiements des intérêts effectués ou devant être effectués par l'Emetteur ne seraient pas soumis au prélèvement obligatoire du fait que l'Emetteur n'est ni résident français ni établi en France.

Selon une autre interprétation, ces paiements peuvent être considérés comme des paiements autonomes par rapport à ceux effectués par l'Emetteur concernant les Titres. En l'absence de disposition spécifique à l'article 125 A III du Code général des impôts français, ces paiements ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français.

A défaut, si les paiements réalisés par le garant au titre de la garantie devaient être qualifiés "d'intérêts de source française" au sens des dispositions de l'article 125 A III du Code général des impôts, aucune retenue à la source ne trouverait à s'appliquer en France dès lors que ces paiements ne sont pas payés hors de France dans un "Etat ou territoire non coopératif" au sens de l'article 238-0 A du Code général des Impôts.

## **Directive Epargne**

La Directive Epargne a été transposée en droit français à l'article 242 *ter* du Code général des impôts français. Ce texte impose aux agents payeurs basés en France une obligation de communiquer à l'administration fiscale française certaines informations sur les paiements d'intérêts effectués au profit de bénéficiaires effectifs domiciliés dans un autre Etat Membre, notamment l'identité et l'adresse du bénéficiaire et le montant total des intérêts payés ou crédités au bénéficiaire ainsi que le montant total des cessions, rachats ou remboursements.

## **Régime fiscal applicable aux résidents fiscaux français**

### **1. Personnes physiques détenant des Titres dans leur patrimoine privé**

#### **a) Revenus**

En l'état actuel des lois, réglementations et recommandations en vigueur en France, les revenus des Titres (intérêts et primes de remboursement au sens de l'article 238 septies A du Code général des impôts) détenus comme actifs privés par des personnes physiques fiscalement domiciliées en France, sont imposables :

- (i) soit au barème progressif de l'impôt sur le revenu (dans ce cas, le revenu qui est soumis à l'impôt sur le revenu est calculé déduction faite de certaines dépenses, tels que les frais relatifs à la conservation et au paiement des coupons),
- (ii) soit sur option, au prélèvement forfaitaire libératoire de 24 % (Article 125A du Code général des impôts). Cette option doit être expressément spécifiée par le bénéficiaire, au plus tard, au moment où il reçoit ses revenus.

Quelle que soit l'option retenue par le bénéficiaire personne physique, les intérêts et primes de remboursement sont soumis aux prélèvements sociaux suivants à un taux global de 13,5% (15,5% à compter du 1 juillet 2012) :

- (i) contribution sociale généralisée à un taux de 8,2% (Article 1600-0 D et 0 E du Code général des impôts), lorsque les revenus sont soumis au barème progressif d'impôt sur le revenu (c'est-à-dire en l'absence d'option pour le prélèvement forfaitaire libératoire mentionné ci-dessus), la contribution sociale généralisée payée est déductible à hauteur de 5,8% du revenu global imposable de l'année de son paiement (Article 154 quinquies II du Code général des impôts),
- (ii) prélèvement social à un taux de 3,4% (5,4% à compter du 1 juillet 2012 - Article 1600-0 F bis du Code général des impôts),
- (iii) une contribution additionnelle au prélèvement social à un taux de 0,3% (Article L.14-10-4 du Code de l'action sociale et des familles),
- (iv) une contribution additionnelle au prélèvement social destinée au financement du revenu de solidarité active à un taux de 1,1% (Article L.262-24 du Code de l'action sociale et des familles),
- (v) une contribution pour le remboursement de la dette sociale à un taux de 0,5% (Article 1600-0 J du Code général des impôts).

(b) Plus-values

Conformément à la législation en vigueur, les plus-values réalisées lors de la cession de Titres par une personne physique fiscalement domiciliée en France sont soumises à l'impôt sur le revenu à un taux de 19% (Article 150-0A et 200 A 2 du Code général des impôts), auquel s'ajoutent les prélèvements sociaux suivants (à un taux global de 15,5%) :

- (i) contribution sociale généralisée à un taux de 8,2% (Article 1600-0 C et 0 E du Code général des impôts),
- (ii) prélèvement social à un taux de 5,4% (Article 1600-0 F bis du Code général des impôts),
- (iii) une contribution additionnelle au prélèvement social destinée à un taux de 0,3% (Article L.14-10-4 du Code de l'action sociale et des familles),
- (iv) une contribution additionnelle au prélèvement social destinée au financement du revenu de solidarité active à un taux de 1,1% (Article L.262-24 du Code de l'action sociale et des familles),
- (v) une contribution pour le remboursement de la dette sociale à un taux de 0,5% (Article 1600-0 J du Code général des impôts).

c) Moins-values

Les moins-values réalisées sur les ventes sont uniquement déductibles du montant des plus-values réalisées au cours de la même année ou des dix années suivantes.

Il y a des indications que le gouvernement français pourrait proposer dans un avenir proche la suppression du taux 24% (pour les intérêts) ou de 19% (dans le cas des plus-values) et que de tels revenus et plus-values soient soumis à l'impôt sur le revenu progressif dans tous les cas.

## **2. Personnes morales soumise à l'impôt sur les sociétés**

a) Revenus

Les intérêts reçus en lien avec les Titres détenus par une personne morale soumis à l'impôt sur les sociétés sont inclus dans le résultat imposable annuel de cette dernière.

La prime de remboursement correspond à la différence entre les montants ou titres à recevoir et les montants versés au moment de l'acquisition des Titres. Elle est imposable au moment du remboursement. Cependant, si la prime excède 10% du coût de l'acquisition des Titres et le prix d'émission moyen des Titres n'excède pas 90% de la valeur de remboursement, la prime de remboursement sera répartie tout au long de la vie des Titres sous les conditions suivantes :

La fraction des primes et intérêts à rattacher au résultat imposable de chaque exercice jusqu'à la date de remboursement d'un Titre est calculée en appliquant au prix d'acquisition le taux actuariel d'intérêt déterminé à la date d'acquisition (augmenté si nécessaire de la fraction de primes et d'intérêts capitalisés à la date d'anniversaire de l'emprunt ce qui permet par conséquent une imposition progressive sur les annuités) (certaines règles spécifiques peuvent s'appliquer à des créances qui sont indexées ou dont la valeur de remboursement est vue comme éventuelle).

Les intérêts et primes de remboursement sont imposables à un taux de 33,33% (ou à un taux réduit de 15% sous certaines conditions et dans certaines limites pour les sociétés visées à l'Article 219 I b) du Code général des impôts, auquel s'ajoute une contribution sociale de 3,3% calculée sur le montant de l'impôt sur les sociétés, avec un abattement d'un montant de 763 000 euros pour chaque période de douze mois. En outre, une contribution exceptionnelle de 5% s'applique sur les années fiscales comprises entre le 30 décembre 2011 et le 31 décembre 2013 aux sociétés dont le chiffre d'affaires excède 250 millions d'euros.

b) Plus-values

Conformément à la législation en vigueur, les plus-values (hors intérêts échus) réalisées lors de la cession de Titres par une personne morale fiscalement domiciliée en France sont prises en compte afin de calculer le revenu imposable de cette personne morale dans le cadre du régime de droit commun.

Conformément au régime de droit commun, les moins-values sont déductibles du revenu imposable.

**3. Personnes morales exerçant une activité commerciale et soumises à l'impôt sur le revenu**

a) Revenus

Les règles concernant l'affectation et l'imposition des intérêts et des primes de remboursement sont identiques à celles décrites ci-dessus pour les personnes morales soumises à l'impôt sur les sociétés.

b) Plus-values

Si les Titres ont été détenus plus de deux ans, les plus-values réalisées lors de la vente sont considérées comme des plus-values à long terme et sont imposables à un taux de 16%, auquel s'ajoute les prélèvements sociaux (à un taux global de 29,5%).

Si les Titres ont été détenus moins de deux ans, les plus-values à court terme sont prises en compte dans le calcul du résultat net imposable dans le cadre du régime de droit commun.

Les moins-values nettes à long terme sont imputables sur les plus-values à long-terme réalisées soit au cours de la même année (fiscale), soit sur les dix années (fiscales) à venir.

**(3) LUXEMBOURG**

Le résumé ci-après, qui a un caractère général, est basé sur les lois actuellement en vigueur au Luxembourg mais n'est pas censé constituer un conseil juridique ou fiscal et ne doit pas être interprété comme tel. Les investisseurs potentiels sont donc invités à consulter leurs propres conseils professionnels concernant les effets des lois nationales, locales ou étrangères, notamment la législation fiscale luxembourgeoise, auxquelles ils peuvent être soumis.

## **Impôt retenu à la source**

### ***Non-résidents Titulaires de Titres***

Aux termes de la législation fiscale luxembourgeoise actuellement en vigueur et des lois du 21 juin 2005 (les **Lois**) dont il est fait mention ci-après, ne sont pas soumis à des retenues à la source les paiements au titre du capital, des primes ou des intérêts effectués au profit de non-résidents Titulaires de Titres, ni concernant les intérêts courus non payés relatifs aux Titres, ni le remboursement ou le rachat des Titres détenus par des non-résidents titulaires de Titres, dès qu'il ne s'agit pas de titres assortis d'une participation aux bénéfices.

Aux termes des Lois transposant la Directive du Conseil 2003/48/CE du 3 juin 2003 en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts et ratifiant les traités signés par le Luxembourg et certains territoires dépendants et associés des Etats membres de l'UE (les **Territoires**), les paiements d'intérêts ou autres revenus assimilés effectués ou attribués par un agent payeur établi au Luxembourg à ou au profit immédiat d'un bénéficiaire individuel ou d'une entité résiduelle, telle que définies par les Lois, qui est un résident ou est établi dans un Etat membre de l'UE (autre que le Luxembourg) ou dans l'un des Territoires, seront assujettis à une retenue d'impôt à la source, sauf si le bénéficiaire concerné a donné des instructions adéquates à l'agent payeur concerné afin qu'il fournisse des informations sur les paiements d'intérêts ou autres revenus assimilés à l'administration fiscale de son pays de résidence ou d'établissement, ou, dans le cas d'un bénéficiaire individuel, s'il a fourni à l'agent payeur concerné un justificatif d'exonération au format requis émanant de l'administration fiscale de son pays de résidence. L'impôt retenu à la source est, le cas échéant, prélevé actuellement au taux de 35 pour cent. L'agent payeur au Luxembourg est responsable de l'impôt retenu à la source. Les paiements d'intérêts relatifs aux Titres entrant dans le champ d'application des Lois seront actuellement soumis à une retenue à la source de 35 pour cent.

### ***Résidents titulaires de Titres***

Aux termes des lois fiscales actuellement en vigueur au Luxembourg et sous réserve de la loi du 23 décembre 2005 (la **Loi**) mentionnée ci-après, il n'est pas prélevé de retenue à la source sur le paiement de principal, de primes ou d'intérêts au profit de résidents luxembourgeois Titulaires de Titres, ni concernant les intérêts courus non payés afférents aux Titres, ni lors du remboursement ou du rachat des Titres détenus par un résident titulaire de Titres, dès qu'il ne s'agit pas de titres assortis d'une participation aux bénéfices.

Aux termes de la Loi, les paiements d'intérêts et revenus assimilés effectués ou attribués par un agent payeur établi au Luxembourg pour ou au profit d'un bénéficiaire individuel qui est un résident du Luxembourg seront soumis à un impôt retenu à la source au taux de 10 pour cent. Cette retenue à la source sera libératoire de l'impôt sur le revenu si le bénéficiaire est un individu agissant dans le cadre de la gestion de son patrimoine personnel. L'agent payeur est responsable de la retenue à la source de l'impôt. Les paiements d'intérêt afférents aux Titres entrant dans le champ d'application de la Loi seront soumis à une retenue à la source au taux de 10 pour cent.

## **(4) SUISSE**

*Les paragraphes suivants résument la législation en vigueur à la date de ce Prospectus. Ils n'ont pas pour objectif de donner une description exhaustive de tous les aspects fiscaux pouvant être utiles pour décider d'investir dans les Titres. ## **Droits de timbre**

### ***Droit de timbre de négociation fédéral***

Les transactions sur les Titres faisant partie de la catégorie des instruments financiers dérivés purs (tels que des pures options call et put, y compris des options à bas prix d'exercice (LEPO) ayant une échéance ne dépassant pas douze mois, des pures opérations à terme dont le préfinancement maximum est de 25 pour cent, des certificats classiques ou des certificats dynamiques assimilés à des certificats classiques répliquant un indice ou un panier d'actions d'au moins cinq actions ayant une échéance fixe ou des certificats sans durée fixe assortis d'un droit de dénonciation annuel et assimilés à des certificats classiques) ne sont pas soumis au droit de timbre de négociation fédéral.

Les transactions sur des Titres qui ont été émis par un Emetteur en dehors de la Suisse et qui font partie de la catégorie des instruments structurés, des instruments assimilés aux actions (y compris des options à bas prix d'exercice (LEPO) portant sur des actions ayant une échéance supérieure à douze mois) ou des instruments assimilés à des placements collectifs de capitaux sont soumis au droit de timbre de négociation fédéral au taux de 0,3 pour cent du montant payé par la contrepartie, mais uniquement si un commerçant de titres suisse (tel que défini par la loi fédérale suisse sur les droits de timbre) est une partie ou un intermédiaire à la transaction et qu'aucune exception ne s'applique.

La livraison d'un titre sous-jacent lors de l'exercice ou du rachat au titulaire des Titres est soumise au droit de timbre de négociation fédéral au taux de 0,3 pour cent si un titre émis par un émetteur en dehors de la Suisse est délivré et au taux de 0,15 pour cent si un titre émis par un émetteur suisse est délivré; toutefois, dans les deux cas, uniquement si un commerçant de titres suisse (tel que défini par la loi fédérale suisse sur les droits de timbre) est une partie ou un intermédiaire à la transaction et qu'aucune exception ne s'applique.

### ***Impôt anticipé suisse***

Les paiements relatifs à un Titre ne sont pas soumis à l'impôt anticipé suisse à condition que l'Emetteur concerné soit à tout moment, au sens du droit fiscal suisse, domicilié hors de Suisse et géré en dehors de la Suisse.

## **Impôt sur le revenu**

### ***Titulaires non domiciliés en Suisse***

Un titulaire de Titres qui n'est pas domicilié en Suisse et qui, durant l'année fiscale, n'a pas réalisé des activités économiques ou des opérations par le biais d'un établissement stable ou d'un lieu fixe d'affaires en Suisse, et qui n'est pas soumis à l'impôt sur le revenu en Suisse pour une autre raison, ne sera pas soumis à l'impôt sur le revenu en Suisse.

### ***Titres détenus dans le patrimoine privé par un titulaire domicilié en Suisse***

#### ***Instruments financiers dérivés structurés:***

Si un Titre fait partie de la catégorie des instruments financiers dérivés structurés, l'imposition des revenus y afférents dépend du fait que l'obligation et le ou les instruments financiers dérivés qui lui sont incorporés sont ou non enregistrés séparément, et du fait que le Titre répond ou non au critère d'instrument structuré avec ou sans paiement d'intérêt unique prédominant:

*Instruments financiers dérivés structurés non transparents:*

Si l'obligation incorporée n'est pas enregistrée séparément du ou des instruments financiers dérivés incorporés, le Titre fait partie de la catégorie des instruments structurés non transparents et tout rendement découlant de l'investissement initial est considéré comme un paiement d'intérêts imposable. Les instruments financiers dérivés non transparents intègrent généralement un paiement d'intérêt unique prédominant et sont imposés conformément aux principes exposés ci-après au paragraphe "Obligations sans intérêt unique prédominant".

*Instruments financiers dérivés structurés transparents sans intérêt unique prédominant:*

Si l'obligation incorporée est enregistrée séparément du ou des instruments financiers dérivés incorporés et que le rendement à échéance provient de manière prédominante de paiements d'intérêt périodiques et non d'un paiement d'intérêt unique (voir ci-après le paragraphe " Instruments financiers dérivés structurés transparents à intérêt unique prédominant "), tout paiement d'intérêt périodique et le paiement d'intérêt unique sont imposés lorsqu'ils sont payables au titulaire des Titres. Les gains, y compris les intérêts accumulés, et les pertes, réalisés sur la vente d'un Titre, sont respectivement des gains en capital privé non imposables ou des pertes en capital privé non déductibles fiscalement.

*Instruments financiers dérivés structurés transparents à intérêt unique prédominant:*

Si l'obligation incorporée est enregistrée séparément du ou des instruments financiers dérivés incorporés et si le rendement à échéance provient de manière prédominante d'un paiement d'intérêt unique, tel qu'un escompte originel lors de l'émission ou le remboursement avec une prime et non de paiements périodiques d'intérêts, tout paiement périodique d'intérêts et, de surcroît, lors de la vente ou du remboursement d'un Titre, la différence entre la valeur de l'obligation incorporée lors de la vente ou du remboursement selon le cas, et sa valeur lors de l'émission ou de l'achat sur le marché secondaire selon le cas, converti, dans chaque cas, en francs suisses au taux de change en vigueur au moment du remboursement ou de la vente, émission ou achat (méthode d'imposition de la différence selon la méthode analytique), constitue un revenu imposable. Une baisse de valeur de l'obligation incorporée réalisée respectivement sur le remboursement ou la vente du Titre peut être déduite de toutes plus-values (y compris des paiements d'intérêts périodiques) réalisées au cours de la même année fiscale, découlant de tout instrument à intérêt unique prédominant. Tout rendement résiduel réalisé sur le ou les instruments financiers dérivés incorporés constitue un gain en capital privé non imposable, et toute perte résiduelle constitue une perte en capital privée non déductible fiscalement.

*Obligations sans intérêt unique prédominant:*

Si un Titre fait partie de la catégorie des obligations pures sans intérêt unique prédominant (le rendement à échéance découle de manière prédominante de paiements d'intérêt périodiques et non du paiement d'un intérêt unique), les investisseurs privés domiciliés en Suisse seront imposés sur les paiements périodiques et le paiement de l'intérêt unique, chacun étant converti en francs suisse au taux de change en vigueur à la date où ils deviennent exigibles. Un gain, y compris les intérêts accumulés, ou une perte, réalisé respectivement sur la vente d'un Titre, constitue respectivement un gain en capital privé non imposable ou une perte en capital privée non déductible fiscalement.

*Obligations à intérêt unique prédominant:*

Si un Titre fait partie de la catégorie des obligations pures à paiement d'intérêt unique prédominant (le rendement à échéance découle de manière prédominante d'un paiement d'intérêt unique tel qu'un escompte originel lors de l'émission ou le remboursement avec une prime, et non de paiements d'intérêt périodiques), les investisseurs privés domiciliés en Suisse seront imposés sur tout gain, y compris les gains en capital et les gains de change, réalisés sur les Titres (méthode d'imposition de la différence).

*Instruments financiers dérivés purs:*

Un gain en capital réalisé par une personne physique sur la vente ou le remboursement d'un Titre qui fait partie de la catégorie des instruments financiers dérivés purs (tels que les pures options call et put, y compris les options à bas prix d'exercice (LEPO) ayant une échéance inférieure ou égale à un an, les pures opérations à terme (avec un pré-financement maximum de 25 pour cent), les certificats classiques ou des certificats dynamiques assimilés à des certificats classiques répliquant un indice ou un panier d'actions d'au moins cinq actions, assortis d'une échéance fixe ou les certificats sans durée fixe assortis d'un droit de dénonciation annuel et assimilés à des certificats classiques) et qui est détenu dans son patrimoine privé, constitue un gain en capital privé non imposable. De même, une perte en capital réalisée sur la vente ou le remboursement d'un Titre n'est pas déductible du revenu imposable. Les paiements périodiques et les paiements uniques servant à compenser des dividendes sur un Titre qui est un instrument financier dérivé pur constituent un rendement de fortune imposable.

*Options à bas prix d'exercice (Low Exercise Price Option et par abréviation ci-après LEPO):*

Actuellement, l'administration fiscale fédérale suisse considère qu'une option qualifie comme LEPO si le sous-jacent d'une option call a été préfinancé à hauteur d'au moins 50 pour cent au moment de l'émission. Pour les options à bas prix d'exercice ayant une échéance supérieure à un an, la composante d'intérêt de l'option à bas prix d'exercice (c'est-à-dire l'escompte originel lors de l'émission) constitue un rendement de fortune imposable. Les Titres répliquant un indice ou panier composé de moins de cinq actions sont considérés comme LEPO pour les besoins du droit fiscal suisse.

*Instrument assimilé à un placement collectif de capitaux:*

Un Titre faisant partie de la catégorie des instruments assimilés à un placement collectif de capitaux sera traité de manière transparente d'un point de vue du droit fiscal suisse si le produit des dividendes et des intérêts (moins les coûts attribuables), ainsi que les gains et pertes en capital (moins les coûts attribuables) réalisés sur les instruments sous-jacents sont comptabilisés et distribués séparément. Sous ces conditions, un individu détenant dans son patrimoine privé un instrument assimilé à un placement collectif de capitaux perçoit uniquement des revenus imposables (qu'il doit déclarer chaque année) sur la partie des distributions (si l'instrument de placement collectif de capitaux distribue les produits réalisés sur les instruments sous-jacents) ou les bénéfices accumulés (si l'instrument de placement collectif de capitaux réinvestit les bénéfices afférents à l'investissement sous-jacent) découlant de dividendes et d'intérêts (moins les coûts attribuables) liés aux instruments sous-jacents. Toutes distributions ou tous crédits découlant de gains en capital réalisés sur les investissements sous-jacents constituent un gain en capital non imposable, et toute perte une perte en capital privée non déductible fiscalement. Tout gain ou perte réalisé sur la vente d'un instrument assimilé à un placement collectif de capitaux au cours d'une même année fiscale (y compris les dividendes et les intérêts accumulés) représente un gain en capital privé non imposable exonéré de l'impôt sur le revenu ou une perte en capital privée non déductible fiscalement.

*Instruments détenus comme des actifs d'une entreprise suisse*

Les personnes physiques et morales qui détiennent des Titres dans le cadre de leurs activités professionnelles ou commerciales en Suisse, y compris les personnes résidant à l'étranger qui conduisent leurs activités au travers d'un établissement stable ou d'un lieu fixe d'affaires en Suisse, doivent enregistrer tout paiement lié à, et tout gain ou perte réalisé sur la vente ou le remboursement de ces Titres (quelle que soit leur classification), dans leur compte de pertes et de profits pour la période fiscale concernée, et elles seront imposées sur les bénéfices nets imposables de cette période.

Le même traitement fiscal s'applique également aux personnes physiques domiciliées en Suisse qui, aux fins de l'impôt sur le revenu, sont considérées comme des "commerçants professionnels de valeurs mobilières"

notamment du fait d'activités fréquentes de négociation et du recours à des investissements financés au moyen d'emprunts.

### **Directive sur la fiscalité des revenus de l'épargne**

Un paiement d'intérêt relatif à un Titre effectué par un agent payeur suisse en faveur de personnes physiques ayant leur résidence dans un Etat Membre de l'UE est soumis à l'imposition des revenus de l'épargne de l'UE. L'impôt est retenu à la source au taux de 20 % pour les paiements d'intérêts réalisés avant le 1<sup>er</sup> juillet 2011, et au taux de 35 % pour les paiements d'intérêts effectués après cette date. Les personnes physiques peuvent toutefois opter pour la communication, par l'agent payeur et la Suisse à l'administration fiscale de l'Etat membre de l'UE, d'informations sur les paiements d'intérêt, à la place de la retenue à la source. Les personnes physiques peuvent avoir droit à un crédit ou à un remboursement de l'impôt retenu à la source, à condition qu'elles soient le bénéficiaire effectif des paiements d'intérêts et que certaines autres conditions soient remplies.

## **(5) AUTRES PAYS**

Toutes les conditions définies dans cette Section (5) afférentes à un pays spécifique ne se rapportent qu'aux informations fournies afférentes à ce même pays.

### **AUTRICHE**

Les paragraphes suivants sont un bref résumé de certains aspects fiscaux autrichiens afférents aux Titres. Ils ne prétendent pas décrire toutes les conséquences fiscales autrichiennes dans leur ensemble liées à l'acquisition, à la détention, à la cession ou au remboursement des Titres. Dans certains cas, un régime fiscal différent peut s'appliquer. De plus, ce résumé ne prend pas en compte la législation fiscale de tout pays autre que l'Autriche et il ne prend pas non plus en compte les circonstances individuelles des investisseurs ; il traite seulement des aspects de la législation fiscale concernant les investisseurs privés, sauf indication contraire. Les investisseurs potentiels sont invités à consulter leurs propres conseillers professionnels pour obtenir davantage d'informations concernant les conséquences fiscales liées à l'acquisition, à la détention, à la cession ou au remboursement des Titres. Seuls les conseillers personnels sont aptes à prendre convenablement en compte les aspects fiscaux spécifiques des Titres en question ainsi que des circonstances personnelles de l'investisseur et de tout régime fiscal spécifique applicable à l'investisseur.

Ce résumé se fonde sur la législation autrichienne en vigueur lors de la rédaction de ce Prospectus de Base; il considère tout particulièrement les changements majeurs en termes de législation fiscale concernant l'imposition du produit financier. Le nouveau régime fiscal entrera largement en vigueur le 1<sup>er</sup> avril 2012. Le résumé suivant décrit la législation fiscale applicable aux Titres avant et après la date d'entrée en vigueur. En ce qui concerne la nouvelle législation fiscale, il n'existe actuellement pas de jurisprudence et pas de directives ou de réglementation établie par le Ministère fédéral des finances et non plus aucune pratique sécurisée appliquée par des agents payeurs et/ou des agents de tenue des comptes de titres ; par conséquent, des écarts peuvent résulter de la mise en place et de la pratique factuelle si l'on compare avec la situation juridique décrite dans la présente. Il est donc vivement conseillé aux investisseurs potentiels de consulter leurs propres conseils professionnels pour obtenir davantage d'informations concernant les conséquences fiscales liées à l'acquisition, à la détention, à la cession, à l'échange, à l'exercice, à l'établissement ou au remboursement des Titres avant ou après le 1<sup>er</sup> avril 2012.

Ce résumé ne décrit pas les conséquences fiscales pour un porteur de Titres qui peuvent être rachetées en échange de, ou converties en, actions ou en autres titres ou droits ou qui de toute autre manière permettent un règlement physique de l'échange, de l'exercice, du règlement physique ou du remboursement de ces Titres et/ou de toutes conséquences fiscales suivant le moment de l'échange, de l'exercice, du règlement physique ou du remboursement.

## **Contribuables autrichiens résidents**

Le produit issu de particuliers ou d'organisations résidant en Autriche est imposable en vertu de la loi autrichienne relative à l'impôt sur les revenus (*Einkommensteuergesetz*) ou de la loi autrichienne relative à l'impôt sur le revenu des sociétés (*Körperschaftsteuergesetz*).

## **Risque de reclassification des Titres en tant qu'unités de fonds de placement**

Certains Titres tels qu'un panier garanti de non-capital ou des titres indexés sur un indice, sur un fonds ou sur un crédit peuvent être reclassifiés par les autorités fiscales en tant qu'unités de fonds de placement étrangers sous certaines conditions. Conformément à la Sec 42 de la Loi sur les fonds de placement autrichiens, un portefeuille d'actifs qui est soumis à la législation d'un pays étranger et qui est investi selon le principe de répartition du risque est qualifié de fonds de placement non autrichien sur le plan fiscal, indépendamment de sa forme juridique (l'approche du fond est plus importante que celle de la forme).

Conformément aux lignes directrices sur les fonds de placement 2008 applicables aux titres indexés sur un indice, une reclassification des titres en unités de fonds exige que : (i) un investissement gouverné par la législation non autrichienne soit réalisé en vertu du principe de répartition du risque ; et que (ii) l'émetteur (ou le membre d'une société fiduciaire mandatée par l'émetteur) acquière de manière effective et prédominante les titres (sous-jacents) ou que l'investissement soit qualifié de portefeuille activement géré. Cela, entre autres, exclut les titres garantis par le capital et les titres n'ayant pas plus de six sous-jacents pour la reclassification. Cependant, « des titres indexés directement détenus ne seront en aucun cas reclassifiés comme unités de fonds de placement étrangers, indépendamment de si l'indice sous-jacent est un indice reconnu ou individuellement composé, fixe ou flexible ». Cette dernière disposition vise à immuniser les (véritables) titres indexés contre la reclassification.

Par la suite, nous supposons que les Titres ne sont pas qualifiés de fonds d'investissement étrangers en matière d'impôt sur le revenu. Si les Titres sont reclassifiés comme unités de fonds de placement étrangers, des règles spécifiques concernant l'imposition s'appliquent.

## **Particuliers**

### *Législation fiscale applicable aux Titres acquis après le 31 mars 2012*

Pour les Titres acquis moyennant rémunération après le 31 mars 2012, les règles suivantes s'appliquent et prennent effet dès le 1<sup>er</sup> avril 2012 : non seulement les montants des intérêts, mais aussi les plus-values réalisées pourront, indépendamment de la période pendant laquelle les Titres ont été retenus, être qualifiés de produits financiers (*Einkünfte aus Kapitalvermögen*) et être soumis à l'impôt sur le revenu à un taux spécial de 25 pour cent. Le produit financier comprendra, entre autres, le revenu issu de la vente, du remboursement ou de tout autre revenu des Titres et, dans le cas d'instruments financiers dérivés, de tout autre règlement des Titres. La base d'imposition correspond, en général, à la différence entre le produit de la vente ou du remboursement ou de tout autre revenu et les coûts d'acquisition, comprenant dans chaque cas les intérêts courus. Il n'y aura pas de crédits d'impôt retenu à la source supplémentaire lors de l'achat des Titres. Les frais qui sont directement associés à un revenu soumis au taux d'imposition spécial de 25 pour cent, ne sont pas déductibles. Pour les Titres détenus en tant qu'actifs privés, les coûts d'acquisition n'incluront pas les coûts d'acquisition accessoires. Pour le calcul des coûts d'acquisition des Titres détenus au sein du même compte de Titres et comportant le même numéro d'identification de Titres qui sont acquis à différents moments dans le temps, le prix moyen flottant s'appliquera.

Si un dépositaire ou agent payeur autrichien est impliqué et gère la réalisation du revenu ou de la plus-value, l'impôt sur le revenu sera déduit en appliquant un impôt retenu à la source de 25 pour cent. La déduction par l'impôt retenu à la source de 25 pour cent résultera en une imposition sur le revenu définitive pour les investisseurs privés (détenant les Titres en tant qu'actifs privés) à condition que l'investisseur ait fait preuve des

coûts effectifs d'acquisition des Titres au dépositaire. Concernant les Titres détenus en tant que fonds de commerce, l'impôt retenu à la source sur les plus-values ne correspond pas à une imposition définitive.

Les retraits (*Entnahmen*) et autres transferts de Titres à partir du compte de titres seront considérés comme des cessions (ventes), sauf si des exonérations spécifiques sont réalisées comme le transfert des Titres vers un compte de titres détenu par le même contribuable (i) avec la même banque autrichienne, (ii) avec une autre banque autrichienne si le titulaire du compte a ordonné à la banque chargée du transfert de communiquer les coûts d'acquisition à la banque destinatrice ou (iii) avec une banque non autrichienne, si le titulaire du compte a ordonné à la banque chargée du transfert de transmettre les informations pertinentes au centre fiscal compétent ou a lui-même prévenu le centre fiscal autrichien compétent sous une période d'un mois ; ou comme un transfert sans contrepartie vers un compte de titres détenu par un autre contribuable, si le fait que le transfert fait sans contrepartie a été démontré à l'agent de tenue des comptes de titres ou si l'agent a été ordonné d'en informer le centre fiscal autrichien ou si le contribuable a lui-même prévenu le centre fiscal autrichien compétent sous une période d'un mois.

Dans la mesure où aucune déduction par impôt retenu à la source ne sera effectuée en raison de l'absence d'un agent payeur autrichien et d'un dépositaire autrichien, le produit financier issu des Titres devra être inclus dans une déclaration de l'impôt sur le revenu conformément aux dispositions de la loi autrichienne relative à l'impôt sur le revenu.

Les contribuables dont l'impôt sur le revenu des particuliers habituel est inférieur à 25 pour cent peuvent opter pour l'imposition du revenu issu des Titres à ce taux de l'impôt sur le revenu des particuliers habituel. Cependant, cette demande d'option d'imposition au taux de l'impôt sur le revenu des particuliers habituel doit inclure tous les revenus soumis au taux d'imposition spécial de 25 pour cent. Les frais afférents au revenu soumis à l'imposition définitive ou au taux spécial de l'impôt sur le revenu de 25 pour cent et engendrés par l'investisseur ne sont également pas déductibles pour les personnes ayant opté pour l'imposition au taux de l'impôt sur le revenu des particuliers habituel.

Les pertes provenant de Titres détenus en tant qu'actifs privés ne peuvent seulement être déduites de certains autres produits financiers (en excluant de, entre autres, le produit d'intérêts issu de dépôts bancaires et d'autres créances sur les banques) et ne doivent pas être déduites de tout autre revenu. A compter du 1<sup>er</sup> janvier 2013, la déduction des pertes sera menée de façon continue par le dépositaire concernant tous les revenus et pertes qui sont engendrés dans tous les comptes du dépositaire gérés par ce même dépositaire. Les pertes engendrées au cours de la période du 1<sup>er</sup> avril 2012 au 31 décembre 2012 seront déduites par le dépositaire (non pas de façon continue, mais par le moyen d'un prélèvement final (*Endabrechnung*)) jusqu'au 30 avril 2013. En ce qui concerne les Titres détenus en tant que fonds de commerce cette compensation de perte ne s'applique pas.

Le revenu issu des Titres qui sont détenus en tant que fonds de commerce sera également soumis au taux d'imposition spécial de 25 pour cent déduit au moyen d'un impôt retenu à la source ; cependant, un tel revenu doit être inclus dans la déclaration d'impôts. Les dépréciations sur la valeur d'exploitation et les pertes issues de la vente, du remboursement ou de tout autre revenu de Titres détenus en tant que fonds de commerce doivent principalement être déduits du revenu positif issu de plus-values réalisées à partir d'instruments financiers et seule la moitié de la perte restante peut être déduite ou reportée sur tout autre revenu.

Pour le revenu issu de Titres qui n'ont pas été proposés au public, c'est-à-dire à un cercle indéfini de destinataires, d'une perspective juridique et effective, le taux de l'impôt sur le revenu général (contrairement au taux d'imposition spécial de 25 pour cent) s'appliquera.

Les dispositions auparavant applicables sur l'imposition d'opérations spéculatives (*Spekulationsgeschäfte*) ne s'appliqueront à aucun Titre acquis moyennant rémunération après le 31 mars 2012.

## Sociétés

Les sociétés d'investissement dont le revenu de l'entreprise découle des Titres peuvent éviter l'application de l'impôt retenu à la source autrichien en remplissant une déclaration d'exonération (*Befreiungserklärung*) auprès de l'entité autrichienne obligée de déduire l'impôt retenu à la source autrichien. Le revenu comprenant toute plus-value issue des Titres par des sociétés d'investissement est soumis à l'impôt autrichien sur le revenu des sociétés au taux général de 25 pour cent. Il y a, entre autres, un régime fiscal spécial pour les fondations privées établies selon la législation autrichienne (*Privatstiftungen*).

## Certains aspects du régime fiscal de certains titres

### *Législation fiscale applicable aux Titres acquis après le 31 mars 2012*

A compter du 1<sup>er</sup> avril 2012, tout revenu et toute plus-value issus de la vente ou du remboursement des Titres acquis moyennant rémunération après le 31 mars 2012 seront soumis à l'impôt sur le revenu de 25 pour cent et l'impôt sera déduit au moyen d'un impôt retenu à la source, si un agent payeur ou un dépositaire autrichien est impliqué. La base d'imposition correspondra à la différence entre le prix de vente, le montant du remboursement ou tout autre montant de remboursement et les coûts d'acquisition, comprenant dans tous les cas des intérêts courus, le cas échéant. Veuillez également vous référer à la nouvelle législation fiscale décrite ci-dessus pour les Titres acquis après le 31 mars 2012.

Les titres zéro coupon relèveront, comme les autres titres, du nouveau régime fiscal pour le produit financier : la différence entre le prix de vente ou le montant de remboursement, selon le cas, et les coûts d'acquisition, comprenant les intérêts courus, le cas échéant, sera soumise à l'impôt retenu à la source de 25 pour cent si elle est versée par un dépositaire ou un agent payeur autrichien. Si elle est détenue comme fonds de commerce, les intérêts payés au moment du remboursement des titres zéro coupon ne sont pas soumis à l'imposition définitive, mais sont imposés comme des plus-values.

Les Titres indexés sur un indice, les Titres indexés sur le taux de l'inflation et les Titres achetés à crédit (titres turbo) seront classifiés comme des instruments financiers dérivés (sécurisés) et seront soumis à l'impôt retenu à la source de 25 pour cent sur les plus-values et autres revenus issus de ces instruments financiers. A compter du 1<sup>er</sup> avril 2012, les notifications de l'effet de levier à l'Oesterreichische Kontrollbank AG seront abolies.

Les Titres à composante optionnelle ainsi que les Titres convertibles et les Titres convertibles « reverse » seront soumis à un impôt retenu à la source de 25 pour cent sur le revenu de la vente ou de tout autre règlement de ces titres ou des montants de rémunération pour les différences. Si le règlement de ces Titres est associé à une acquisition ou à une réception d'actions et/ou d'unités de fonds de placement, cette réception d'actions et/ou d'unités de fonds de placement sera classifiée comme l'acquisition du sous-jacent concerné. A compter du 1<sup>er</sup> avril 2012, les plus-values réalisées lors à la vente du sous-jacent seront soumises au taux de l'impôt sur le revenu spécial de 25 pour cent. Les plus-values issues de la vente du sous-jacent réalisées avant le 1<sup>er</sup> avril 2012 donnent lieu à l'imposition au taux de l'impôt sur le revenu progressif standard avec un taux de 50 pour cent dans la fourchette fiscale la plus élevée.

## Non résidents

Le revenu, comprenant toute plus-value issue, des Titres par les particuliers qui ne sont pas domiciliés ou n'ont pas leur domicile habituel en Autriche (**non résidents**) n'est pas imposable en Autriche, à condition que le revenu ne soit pas attribuable à un établissement stable ou à un autre revenu perçu en Autriche et imposable en Autriche (pour l'impôt retenu à la source selon la Directive européenne sur l'épargne, voir ci-dessous ; les conséquences fiscales d'une reclassification vers un fonds de placement étranger ne sont pas abordées ici pour les non résidents).

Le revenu, comprenant toute plus-value issue des Titres par les sociétés d'investissement qui n'ont pas leur siège social ou leur centre de gestion en Autriche (non résidents), n'est pas imposable en Autriche, à condition que le revenu ne soit pas attribuable à un établissement stable ou à un autre revenu perçu en Autriche et imposable en Autriche.

Par conséquent, si les investisseurs non résidents, s'ils reçoivent un revenu issu des Titres par un agent payeur ou un agent de tenue de compte de titres situé en Autriche, peuvent éviter la demande d'impôt retenu à la source autrichien s'ils justifient leur statut de non résident auprès de l'entité autrichienne obligée de déduire l'impôt retenu à la source autrichien. Les non résidents qui sont des citoyens autrichiens ou des citoyens d'un pays limitrophe devront confirmer leur statut de non résident par écrit à l'agent payeur d'intérêt. L'apport d'éléments de preuve justifiant que l'investisseur n'est pas soumis à l'impôt autrichien retenu à la source relève de la responsabilité de l'investisseur.

Si tout impôt retenu à la source autrichien est déduit par l'agent, l'impôt retenu sera remboursé à l'investisseur non résident lors de sa demande, qui doit être déposée auprès de l'autorité fiscale autrichienne compétente dans les cinq jours suivant la date d'application de l'impôt retenu à la source.

Lorsque les non résidents reçoivent un revenu issu des Titres dans le cadre du revenu de l'entreprise imposable en Autriche (provenant d'un établissement stable), ils seront en général soumis au même régime fiscal que les investisseurs résidents.

### **Directive du Conseil de l'UE sur l'imposition des revenus de l'épargne**

La Directive du Conseil européen 2003/48/CE sur la fiscalité des revenus de l'épargne sous forme de paiements d'intérêts (la Directive sur l'épargne) prévoit un échange d'informations entre les autorités des États membres de l'UE concernant les paiements d'intérêts effectués dans un État membre au profit de propriétaires effectifs qui sont des particuliers et résidents sur le plan fiscal d'un autre État membre de l'Union européenne ou de certains territoires associés dépendants. L'Autriche a mis en place la Directive sur l'épargne au moyen de la loi sur l'impôt retenu à la source de l'UE (*EUQuellensteuergesetz*) qui prévoit un impôt retenu à la source au lieu d'un échange d'informations. Cet impôt retenu à la source de l'UE sera prélevé des paiements d'intérêts au sens de la loi sur l'impôt retenu à la source de l'UE par un agent payeur situé en Autriche à un résident particulier d'un autre État membre sur le plan fiscal. L'impôt retenu à la source de l'UE s'élève à 35 pour cent.

L'impôt retenu à la source sera déduit lors des paiements d'intérêts effectifs ou estimés ainsi que lors de la vente, du remboursement ou du rachat de titres de créance. De plus, l'impôt retenu à la source sera déduit, sur une base *pro rata temporis*, dans le cas de changements du statut en matière d'impôt retenu à la source du particulier, tels que des changements de son pays de résidence ou de transfert de ses titres vers un compte non autrichien.

La déduction de l'impôt retenu à la source de l'UE peut être évitée si l'investisseur résident de l'UE fournit à l'agent payeur un certificat établi à son nom par le centre fiscal de son État membre de résidence. Ce certificat doit indiquer, entre autres, le nom et l'adresse de l'agent payeur et le numéro de compte de l'investisseur ou l'identification des Titres (Section 10 de la loi sur l'impôt retenu à la source de l'UE).

Le champ d'application de la définition des paiements d'intérêts sur le plan de l'impôt retenu à la source de l'UE peut différer de celui des paiements d'intérêts sur le plan de l'impôt sur le revenu et de l'impôt retenu à la source autrichiens. Par exemple, sous certaines conditions et conformément aux directives et aux informations émises par le Ministère des finances autrichien, le revenu issu des titres indexés à une action, à un indice ou à un fonds peut ne pas être considéré comme un intérêt sur le plan de l'impôt retenu à la source de l'UE tant qu'il constitue un intérêt sur le plan fiscal autrichien.

Les Titres sans garantie en capital (le terme « garantie en capital » sur ce plan fiscal est supposé inclure les paiements d'intérêts garantis) sont considérés de la manière suivante : Les montants d'intérêts effectifs payés

sont soumis à l'impôt retenu à la source de l'UE. Les différences des titres indexés sur des actions, sur des indices d'actions, sur des métaux, sur des devises et sur des références similaires qui ne sont pas garantis par avance ne sont pas soumises à l'impôt retenu à la source de l'UE. Ces différences issues de titres indexés sur des obligations ou des indices obligataires ne sont pas soumis à l'impôt retenu à la source de l'UE si l'indice ou le panier comprend un minimum de cinq obligations différentes provenant d'émetteurs différents, si une obligation unique ne dépasse pas 80 pour cent en tant que proportion de l'indice et, concernant les titres dynamiques, le seuil de 80 est respecté pendant toute la durée des titres. Concernant les titres indexés sur des indices de fonds, les différences ne sont pas classifiées comme intérêts au sens de la loi sur l'impôt retenu à la source de l'UE, si l'indice est composé d'un minimum de cinq fonds différents et si aucun fonds ne dépasse 80 pour cent en tant que proportion de l'indice ; dans le cas de titres dynamiques, le seuil de 80 pour cent doit être respecté pendant toute la durée des titres. Si les titres sont indexés sur des indices mixtes composés de fonds et d'obligations, les différences ne sont pas classifiées comme intérêts au sens de la loi sur l'impôt retenu à la source de l'UE si l'indice est composé d'un minimum de cinq obligations et de cinq fonds d'émetteurs différents et si aucune obligation et aucun fonds ne dépassent 80 pour cent en tant que proportion de l'indice en question.

Concernant les titres à capital garanti, les montants d'intérêts effectifs payés, qu'ils soient garantis ou non, sont soumis à l'impôt retenu à la source de l'UE. Des parties garanties de différences (entre le prix d'émission et le prix de remboursement soit le prix de vente) sont soumises à l'impôt retenu à la source de l'UE sur la base du rendement lors de l'émission. Le revenu non garanti, comme des (parties non garanties de) différences (différences entre le prix d'émission et le prix de remboursement soit le prix de vente), est considéré comme suit : si le sous-jacent est classifié comme une obligation, un taux d'intérêt ou un taux d'inflation, alors les différences seront classifiées comme intérêts au sens de la loi sur l'impôt retenu à la source de l'UE et seront soumises à l'impôt retenu à la source de l'UE. Si des actions, des indices d'actions, des paniers d'actions, des métaux, des devises et des marchandises sont qualifiés de sous-jacents, les différences ne sont pas soumises à l'impôt retenu à la source de l'UE. Si les fonds et les indices de fonds sont qualifiés de sous-jacents, les différences ne sont pas soumises à l'impôt retenu à la source de l'UE, à condition que les fonds ne génèrent pas un produit d'intérêts au sens de la loi sur l'impôt retenu à la source de l'UE. Si les sous-jacents sont classifiés comme des bons ou autres titres, dont le produit n'est pas classifié comme intérêts soumis à la loi sur l'impôt retenu à la source de l'UE, alors les différences qui en découlent ne sont pas soumises à l'impôt retenu à la source de l'UE.

### **Autres impôts**

Aucun impôt autrichien sur les héritages et les donations (*Erbschafts- und Schenkungssteuer*) n'est en vigueur. Cependant, conformément à la loi sur la communication de donations de 2008 (*Schenkungsmitteilungsgesetz 2008*) les donations doivent être communiquées aux autorités fiscales sous une période de trois mois. Il existe certaines exceptions concernant l'obligation de communication, par exemple les donations parmi des personnes ayant un lien de parenté qui ne dépassent pas un montant total (de donations entre les mêmes personnes) de 50 000 € par an ou les donations parmi des personnes sans lien de parenté qui ne dépassent pas un montant total (de donations entre les mêmes personnes) de 15 000 € sur une période de cinq ans.

La vente et l'achat de titres au porteur n'est en général pas soumis au droit de timbre autrichien, à condition qu'aucune autre opération potentiellement imposable en vertu de la loi autrichienne sur les droits de timbre (*Gebührengesetz*) comme une cession de droits (*Zession*) ne soit effectuée pour laquelle un document (*Urkunde*) au sens de la loi sur les droits de timbre est établi.

### **BELGIQUE**

*Les paragraphes ci-après résument certaines conséquences fiscales, en Belgique, résultant de l'acquisition, la détention et la vente de Titres. Ce résumé n'a pas pour objectif de fournir une description exhaustive de tous les aspects de la fiscalité belge et les investisseurs sont invités à consulter leurs conseils fiscaux pour ce qui concerne les conséquences fiscales inhérentes à leur situation spécifique. La description de certains impôts belges figurant ci-après est donnée à titre indicatif et n'a pas pour objectif d'être exhaustive.*

*Ce résumé est basé sur la législation actuelle, sur la jurisprudence publiée et sur d'autres directives et réglementations publiées en vigueur à la date de ce Prospectus de Base, et reste sujet à modifications futures, lesquelles peuvent ou non avoir un effet rétroactif.*

### **Impôt sur les bénéfices et impôt sur le revenu en Belgique**

Pour les besoins de la fiscalité belge, les intérêts englobent tous les intérêts payés relatifs aux Titres ainsi que tous montants payés qui excèdent du prix initial en cas du remboursement ou du rachat par l'Emetteur.

### **Personnes physiques résidentes de la Belgique**

Pour les personnes physiques assujetties à l'impôt sur le revenu qui ne détiennent pas des Titres en tant qu'investisseur professionnel, tous les paiements d'intérêts (tels que définis par le Code des Impôts Belge) seront soumis au régime fiscal décrit ci-après.

Si les intérêts sont payés par le biais d'un intermédiaire belge, celui-ci doit prélever l'impôt retenu à la source. Le taux actuel de l'impôt retenu à la source est de 21 pour cent (applicable à compter du 1<sup>er</sup> janvier 2012). En outre, une contribution supplémentaire de 4% est applicable aux investisseurs qui ont reçu des dividendes et certains intérêts dont le total cumulé sur l'année excède 13 675 euros (montant indexé pour 2012 : 20 020 euros). L'investisseur peut choisir de régler cette contribution supplémentaire par voie de retenue à la source. Dans ce cas, la retenue à la source augmentée de la contribution supplémentaire sera à hauteur de 25 pour cent et peut être la taxe finale. Si l'investisseur ne fait pas la demande de régler cette contribution supplémentaire de 4 pour cent par voie de retenue à la source, il devra déclarer ces intérêts dans sa déclaration de revenus personnelle. L'application de la surtaxe locale sur les intérêts déclarés dans sa déclaration de revenus personnelle fait actuellement l'objet de discussions et sans qu'aucune précision complémentaire ne puisse être fournie à la date du présent Prospectus de Base. Si le paiement d'intérêts n'est pas réalisé grâce à un intermédiaire belge, l'investisseur doit déclarer ces intérêts comme des revenus mobiliers dans sa déclaration de revenus personnelle. Ces revenus seront, en principe, imposés séparément, à un taux de 21 pour cent actuellement (majorés de la contribution supplémentaire de 4 pour cent mentionnée ci-dessus et de la surtaxe locale applicable, le cas échéant).

Toute plus-value résultant de la vente de Titres qui ne serait pas affectés à l'activité professionnelle de la personne physique, à une personne autre que l'Emetteur, exception faite de la part du prix de vente attribuable à la composante d'intérêts, est en principe exonérée d'impôt (sauf si l'administration fiscale peut prouver que la plus-value ne découle pas de la gestion normale d'un investissement non professionnel). L'investisseur doit déclarer les intérêts comme des revenus dans sa déclaration de revenus personnelle. Ces revenus seront en principe imposés séparément, aux taux de 21 pour cent actuellement (majorés de la contribution supplémentaire de 4 pour cent mentionnée ci-dessus, le cas échéant, conformément aux mêmes conditions décrites ci-dessus, et de la surtaxe locale applicable, le cas échéant), sauf s'il peut être démontré que ces revenus seront soumis à l'impôt retenu à la source de 21 pour cent majoré de la contribution supplémentaire de 4 pour cent à échéance.

Si un intermédiaire luxembourgeois ou autrichien a prélevé un impôt au sens de la Directive 2003/48/CE du Conseil sur la fiscalité des revenus de l'épargne prenant la forme de paiements d'intérêts (la **Directive Epargne**), cet impôt ne dispense pas la personne physique belge de l'obligation de déclarer les paiements d'intérêts dans sa déclaration de revenus personnelle. Toutefois, cet impôt sera crédité à l'impôt sur le revenu, et tout excédent sera remboursé. L'impôt peut également s'appliquer aux intérêts payés par l'intermédiaire des agents payeurs de certains territoires dépendants ou associés.

Les pertes liées aux Titres détenus comme un investissement non professionnel sont généralement non déductibles fiscalement.

### **Sociétés belges**

Les intérêts payés par le biais d'un intermédiaire établi en Belgique à une société belge assujettie à l'impôt sur les sociétés seront généralement soumis à une retenue à la source en Belgique (le taux actuellement en vigueur est de 21 pour cent). Toutefois, une exemption peut s'appliquer sous réserve de s'acquitter de certaines formalités, sauf dans le cas d'intérêts payés au titre d'obligations zéro coupon ou d'intérêts capitalisés. Si la retenue à la source en Belgique est applicable, les sociétés belges peuvent, en principe, le déduire de leur passif fiscal au titre de l'impôt sur les bénéfices lorsque certains critères sont remplis.

Pour toute société belge assujettie à l'impôt sur les sociétés en Belgique, tous les intérêts et toutes les plus-values résultant de la vente des Titres feront partie du bénéfice imposable de cette société. En Belgique, le taux d'imposition est actuellement de 33,99 pour cent pour l'impôt sur les sociétés.

Les pertes liées aux Titres sont, en principe, déductibles fiscalement.

### ***Autres entités juridiques belges assujetties à l'impôt sur les sociétés***

Pour les autres entités juridiques belges assujetties à l'impôt sur les sociétés, tous les paiements d'intérêts (tels que définis par le Code des impôts belge) seront soumis à l'impôt prélevé à la source, actuellement au taux de 21 pour cent.

Si ces intérêts sont payés par le biais d'un intermédiaire belge, celui-ci devra prélever une retenue à la source, actuellement au taux de 21 pour cent. Aucun autre impôt sur les sociétés ne sera prélevé sur ces produits. En l'absence d'intermédiaire belge, il appartient à l'entité juridique de déclarer et de payer l'impôt retenu à la source.

Toute plus-value découlant de la vente de titres à une personne autre que l'Emetteur sera, en principe, exonérée d'impôt, excepté la partie du prix de vente attribuable à la composante des intérêts. Ces intérêts sont soumis à l'impôt retenu à la source, au taux actuel de 21 pour cent. Cet impôt retenu à la source doit être payé par l'entité juridique, sauf s'il peut être démontré que l'impôt retenu à la source sera payé à l'échéance.

### **Taxes sur les opérations boursières**

La vente et l'acquisition des Titres seront soumises à une taxe sur les opérations boursières exécutées en Belgique par un intermédiaire professionnel. Cette taxe est généralement de 0,09 pour cent sur chaque vente et acquisition individuelle, et plafonnée à 650 euros par transaction imposable. Certaines catégories d'investisseurs institutionnels et de non-résidents bénéficient d'exemptions. Les transactions sur le marché primaire ne sont plus assujetties à la taxe sur des opérations boursières.

### **Directive sur la fiscalité des revenus de l'épargne**

Aux termes de la Directive 2003/48/CE du Conseil sur la fiscalité des revenus de l'épargne, les Etats membres doivent communiquer à l'administration fiscale d'un autre Etat membre des informations sur les paiements d'intérêts (et autres revenus assimilés) payés par une personne dans son territoire à une personne physique résidant dans cet autre Etat membre, ou à certains types d'entités établies dans cet autre Etat membre. Toutefois, pendant une période de transition, le Luxembourg et l'Autriche doivent (sauf si durant cette période ils en décident autrement) disposer d'un système de retenue à la source pour ces paiements (la fin de cette période de transition reposant sur la conclusion de certains autres accords relatifs à l'échange d'information avec certains autres pays). Un certain nombre de pays et territoires non-membres de l'UE, dont la Suisse, ont adopté des mesures similaires (un système de retenue à la source dans le cas de la Suisse).

La Commission Européenne a publié une proposition plus détaillée de modifications de la Directive incluant différentes modifications proposées. Si une quelconque de ces modifications proposées relatives à la Directive est adoptée, l'étendue des exigences décrites ci-dessus pourrait être modifiée ou élargie.

## **BULGARIE**

### **Généralités**

*Ce résumé est fondé sur la législation fiscale, la jurisprudence publiée, les traités, la réglementation et la politique publiée en vigueur à la date de ce Prospectus de Base, bien qu'il ne prend pas en compte les évolutions et les modifications produites après cette date, que ces dernières aient ou non un effet rétroactif.*

*Ce résumé a pour objectif de fournir des informations générales seulement et chaque investisseur potentiel doit s'adresser à un conseiller fiscal professionnel concernant les conséquences fiscales d'un placement dans les Titres.*

*Le résumé présenté dans cette section s'applique à tous les porteurs de Titres, y compris les résidents et les non résidents de Bulgarie et suppose que l'émetteur n'est pas un résident de Bulgarie et ne dispose d'aucun lieu d'exploitation dans ce pays.*

Sur le plan fiscal, les personnes sont classifiées selon si elles sont des particuliers ou des personnes morales ayant des impôts applicables sur le revenu découlant des Titres réglementés par la loi sur l'impôt sur le revenu des particuliers de 2006 (en vigueur à compter du 1<sup>er</sup> janvier 2007) pour les particuliers et par la loi relative à l'impôt sur les revenus des sociétés de 2006 (en vigueur à compter du 1<sup>er</sup> janvier 2007) pour les personnes morales.

Les personnes morales résidentes en Bulgarie sont des entités établies conformément à la législation bulgare ainsi que des sociétés établies en vertu du Règlement du Conseil (CE) n°2157/2001 et des coopératives établies en vertu du Règlement du Conseil (CE) n°1435/2003, à condition que leur siège se situe en Bulgarie et qu'elles soient inscrites sur le registre bulgare.

Les personnes morales non résidentes sont les entités qui ne sont pas résidentes. Les personnes morales non résidentes sont imposables en fonction du bénéfice réalisé par le moyen d'un lieu d'exploitation en Bulgarie et de l'impôt sur le revenu en fonction du revenu dont la source est en Bulgarie.

Les résidents particuliers bulgares, indépendamment de leur citoyenneté, sont des personnes qui : (a) disposent d'une adresse permanente en Bulgarie ; ou (b) résident sur le territoire bulgare depuis plus de 183 jours pour chaque période de 12 mois, ou (c) ont été envoyées à l'étranger par l'État bulgare, ses autorités ou ses organisations ou par des entreprises bulgares, ou (d) dont le centre d'intérêts majeurs se trouve en Bulgarie.

Les particuliers non résidents sont les individus qui ne sont pas résidents en Bulgarie.

### **Non résidents**

#### **Intérêts**

Selon la législation bulgare, si les intérêts sont payés par une personne non résidente, par une personne n'étant pas un entrepreneur indépendant ou par une entité ne disposant pas d'établissement stable ou d'une base fixe en Bulgarie, en faveur de personnes non résidentes, le revenu du non résident n'aura pas la Bulgarie comme sa source et ne sera pas soumis à l'impôt retenu à la source.

Aucun impôt retenu à la source ne sera prélevé même si le revenu découle d'intérêts et de réductions d'obligations bulgares souveraines, municipales ou de sociétés ainsi que d'obligations similaires, émises en vertu de la législation d'autres États membres de l'UE ou de l'EEE et est couru ou payé au profit d'un particulier résident et non résident étant un résident de l'Union européenne ou de l'EEE sur le plan fiscal.

Le revenu des personnes morales non résidentes issu des intérêts leur étant dus par des non résidents par le moyen d'un lieu d'exploitation ou d'une certaine base en Bulgarie est supposé avoir la Bulgarie pour source et est imposé par un impôt retenu à la source définitif d'un montant équivalent à 10 pour cent. Cependant, à compter du 1<sup>er</sup> janvier 2011, le revenu des personnes morales non résidentes issu des intérêts leur étant dus dans le cas précédent sera imposé par un impôt retenu à la source définitif d'un montant équivalent à 5 pour cent, dans le cas où cette personne morale non résidente est un résident de l'Union européenne sur le plan fiscal et où le revenu est payé par une entité résidente en Bulgarie sur le plan fiscal ou une entité disposant d'un lieu d'exploitation en Bulgarie, et où le payeur du revenu est une partie affiliée à cette personne morale non résidente. Dans ce contexte, la partie affiliée représente un payeur de revenu qui détient au moins 25 % du destinataire du revenu, ou un payeur de revenu pour qui au moins 25 % de capital est détenu par le destinataire du revenu, ou un payeur de revenu et un destinataire de revenu pour qui au moins 25 % de capital est détenu par une tierce partie commune.

### **Plus-values**

Le revenu issu d'une vente, d'un contrat d'échange (swap) ou de tout autre transfert pour la rémunération d'actions, d'intérêts, d'instruments compensatoires, de bons d'investissement ou d'autres actifs financiers que les particuliers non résidents reçoivent ne seront pas imposés si ce revenu ne découle pas de la Bulgarie.

Aucun impôt retenu à la source ne sera prélevé si le revenu est reçu par un particulier non résident suite à une cession d'instruments financiers<sup>1</sup>, et à condition que le particulier non résident soit résident dans l'Union européenne ou dans l'EEE sur le plan fiscal.

Le revenu des personnes morales non résidentes issu d'opérations en concordance avec des actifs financiers émis par des personnes morales résidentes, par la souveraineté ou par les municipalités ayant leur source en Bulgarie sera soumis à un impôt retenu à la source définitif d'un montant équivalent à 10 pour cent. L'impôt retenu à la source est payé par le destinataire du revenu.

Aucun impôt retenu à la source ne sera prélevé sur le revenu reçu par des personnes morales non résidentes d'une cession d'instruments financiers.<sup>2</sup>

### **Résidents**

#### **Intérêts**

Tout paiement d'intérêt par l'émetteur à des résidents bulgares (particuliers et personnes morales) sera soumis à l'imposition en vertu des règles générales de la loi bulgare relative à l'imposition des sociétés de 2006 et de la loi bulgare relative à l'impôt sur le revenu des particuliers de 2006 sous réserve des éléments énoncés ci-dessus.

---

<sup>1</sup> Conformément au § 1, élément 11 des dispositions supplémentaires à la loi relative à l'impôt sur le revenu des particuliers de 2006 une « cession d'instruments financiers » comprend les opérations suivantes : (a) une cession d'intérêts dans des organismes de placement collectif, des actions et des droits réalisés sur un marché réglementé en vertu de l'article 73 de la loi sur les marchés d'instruments financiers (où les « droits » sont définis comme des titres permettant à leur porteur de souscrire à un certain nombre d'actions dans le cadre d'une résolution ou d'une augmentation de capital) ; (b) celles conclues selon les conditions générales applicables aux remboursements d'organismes de placement collectif, admises à une offre publique en Bulgarie ou dans un autre État membre ou dans un État membre du Traité de l'Espace Économique Européen ; et, (c) celles conclues selon les conditions générales applicables aux appels d'offres conformément au chapitre 11, division II de POSA, ou tout type d'opérations similaire dans un autre État membre ou dans un État membre du Traité de l'Espace Économique Européen.

<sup>2</sup> La définition de « cession d'instruments financiers » en vertu du § 1, élément 21 de la loi relative à l'impôt sur les revenus des sociétés est la même que la définition présentée dans le § 1, élément 11 des dispositions supplémentaires à la loi relative à l'impôt sur le revenu des particuliers dont il est fait référence dans la note de bas de page ci-dessus.

### **Plus-values**

Toutes les plus-values sur les Titres générées par des résidents bulgares (particuliers et personnes morales) seront soumises à l'imposition en vertu des règles générales de la loi bulgare relative à l'imposition des sociétés de 2006 et de la loi bulgare relative à l'impôt sur le revenu des particuliers de 2006 sous réserve des éléments énoncés ci-dessus.

### **Taxe sur la valeur ajoutée**

En général, aucune taxe sur la valeur ajoutée ne sera due concernant des paiements en contrepartie de l'émission des Titres ou concernant le paiement au comptant réalisé conformément aux Titres, ou concernant un transfert de Titres.

### **Autres impôts et taxes**

Aucune taxe d'enregistrement, aucun droit de douane, aucune taxe sur les opérations de bourse, aucun droit de timbre ni tout autre impôt ou taxe documentaire similaire ne sera dû en Bulgarie par un porteur des Titres concernant ou dans le cadre de la souscription, de l'émission, du placement, de l'attribution, de la remise ou du transfert des Titres.

### **Directive sur l'épargne de l'UE**

En vertu de la Directive du Conseil européen 2003/48/CE sur l'imposition du revenu de l'épargne, les États membres doivent (à compter du 1<sup>er</sup> juillet 2005) fournir aux autorités fiscales d'un autre État membre les informations du paiement des intérêts (ou d'un revenu similaire) payé par une personne dans son pays à un particulier résident de cet autre État membre. Cependant, pendant une période transitoire, le Luxembourg et l'Autriche doivent, au lieu de cela, opérer un système de retenue à la source pour ces paiements (la fin de cette période transitoire dépendant de la conclusion d'autres accords relatifs à l'échange d'informations avec certains autres pays). Un certain nombre de pays hors de l'UE, y compris la Suisse, ont convenu d'adopter des mesures similaires pour des paiements réalisés ou perçus par une personne dans son pays pour un particulier résident d'un autre État membre. De plus, les États membres ont conclu des ententes relatives à la communication d'informations ou à la retenue de transition avec certains de ces territoires dépendants ou associés relativement aux paiements réalisés ou perçus par une personne dans un État membre pour un particulier résidant dans un de ces territoires.

Concernant les particuliers résidents (autres que les entrepreneurs uniques), un mécanisme existe en vertu duquel tout impôt payé en Belgique, en Autriche ou au Luxembourg sur le revenu de l'épargne payé par un agent payeur aux particuliers résidents est déduit de la base d'imposition annuelle générale ou est remboursé. § 1, élément 49 de la loi relative à l'impôt sur le revenu des particuliers de 2006 définit le revenu de l'épargne comme : (a) revenu associé à tous types de titres de créance indépendamment de s'ils sont sécurisés par un prêt immobilier ou par l'accord d'intéressement d'un débiteur comprenant des intérêts courus sur des dépôts bancaires, des intérêts sur et des réductions d'obligations garanties ou non garanties, ainsi que le revenu de la vente d'obligations garanties ou non garanties (premia et profit) ; les intérêts de retard ne sont pas considérés comme un revenu de l'épargne ; (b) revenu des intérêts réalisés capitalisés lors de la vente, du remboursement ou du rachat de titres de créance sous la lettre (a) ci-dessus ; (c) revenu des lettres (a) et (b) ci-dessus payé directement ou par l'intermédiaire d'un agent payeur et distribué à l'égard de : (aa) un organisme de placement collectif autorisé dans un autre État membre ; (bb) un agent payeur certifié dans un État membre dans lequel il est établi comme l'équivalent d'un organisme collectif ; (cc) un organisme de placement collectif établi dans un pays tiers ; (d) revenu à l'égard d'une vente, d'un remboursement ou d'un rachat d'actions ou d'intérêts pour les personnes mentionnées dans les lettres (aa), (bb) et (cc) ci-dessus, à condition que ces personnes investissent directement ou indirectement (par l'intermédiaire de personnes mentionnées dans les lettres (aa), (bb) et (cc) ci-dessus) plus de 40 pour cent de leurs actifs en titres de créance sous la lettre (a) ci-dessus. § 1, élément 50 des dispositions supplémentaires à la loi relative à l'impôt sur le revenu des particuliers définit un agent payeur

comme « une personne opérant sur le territoire du Royaume de Belgique, de la République d'Autriche et du Grand-Duché de Luxembourg qui paie un revenu de l'épargne aux particuliers résidents en vertu de cette loi y compris lorsqu'elle agit en tant qu'intermédiaire concernant le paiement de ce revenu ».

## CHYPRE

*Les paragraphes suivants sont une description générale de certains aspects fiscaux des Titres en vertu de la législation chypriote à la date de ce Prospectus de Base et ne prétendent pas être une description exhaustive de tous les aspects fiscaux afférents aux Titres. Les investisseurs potentiels sont invités à consulter leurs conseillers fiscaux et autres conseillers professionnels concernant les conséquences fiscales spécifiques liées à l'acquisition, à la détention et à la cession des Titres.*

### Impôt sur le revenu

A compter du 1<sup>er</sup> janvier 2003, d'importantes modifications ont été apportées au système fiscal de Chypre qui a été entièrement révisé et en vertu duquel la base d'imposition est devenue un des impôts sur le revenu mondial en fonction du pays de résidence. Dans le but d'établir la résidence en vertu des dispositions de la loi relative à l'impôt sur le revenu, la loi 118(I)/2002 (la **loi relative à l'impôt sur le revenu**) une personne est résidente à Chypre sur le plan fiscal lorsque : (i) dans le cas d'une personne physique, cette personne est présente à Chypre pour une ou plusieurs périodes dépassant le total de 183 jours dans l'année fiscale ; ou (ii) dans le cas d'une société, l'exercice de sa gestion et de son contrôle est centralisé à Chypre. La constitution de la société ne suffit pas si l'objectif est d'obtenir la résidence fiscale chypriote. L'année fiscale dans le cadre de la loi relative à l'impôt sur le revenu coïncide avec l'année civile.

De plus, à compter du 1<sup>er</sup> janvier 2012, Chypre a procédé à un nombre important de changements en termes de législation fiscale concernant l'imposition des intérêts.

Les changements ont été apportés par les lois 197(I)/2011 et 190(I)/2011, modifiant la loi relative à l'impôt sur le revenu et la loi relative à la contribution spéciale pour la défense de la République, loi 117(I)/2002 (**SDC**) respectivement.

Les intérêts perçus à partir du 1<sup>er</sup> janvier 2012 seront soumis soit à un impôt sur le revenu ou à la taxe SDC (et non pas les deux) sur les bases suivantes :

- (a) Le montant net des intérêts perçus par des particuliers et des sociétés (après déduction des frais) dans le cours normal de leur activité ou étroitement lié au cours normal de leur activité est soumis à l'impôt sur le revenu aux taux standard (10 pour cent pour les sociétés et entre 20 pour cent et 35 pour cent pour les particuliers) ; et
- (b) Tout autre intérêt à recevoir est soumis à la taxe SDC à 15 pour cent sans déduction.

De plus, un résident de Chypre qui reçoit des intérêts ou qui se voit crédité un montant d'intérêts sera redevable d'une retenue à la source de 15 pour cent sur les intérêts reçus ou crédités conformément aux dispositions de la SDC.

La définition de « résidence » telle que décrite dans la section 2 de la loi relative à l'impôt sur le revenu est également applicable aux dispositions de la SDC.

Les personnes (physique et morale) qui ne sont pas résidentes sur le plan fiscal conformément aux dispositions de la loi relative à l'impôt sur le revenu ne seront redevables d'aucun frais relatif à l'impôt sur le revenu ou à la contribution spéciale pour la défense de la République, sauf si ce revenu est dérivé de sources provenant de Chypre, auquel cas le revenu sera imposable conformément à la législation fiscale chypriote applicable.

## Droit de timbre

Suite à l'adoption du droit de timbre (modification) (n°2) loi 2002, section 4 de la loi sur le droit de timbre, loi 19/1963 telle qu'amendée prévoit que :

« (1) chaque instrument mentionné dans la première annexe sera redevable de la taxe du montant précisé dans l'annexe mentionnée en tant que taxe effective respectivement si elle se réfère à tout actif situé dans la République ou à des éléments qui seront réalisés ou effectués dans la République indépendamment du lieu où le document est établi ».

Finalement, le droit de timbre est à payer sur une échelle variable avec une limite/un plafonnement d'environ 17 100 EUR par document d'opération.

## Impôt retenu à la source

Il n'y a pas d'impôt retenu à la source à payer à Chypre sur les intérêts et les dividendes pour les résidents fiscaux non-chyprites.

## REPUBLIQUE TCHEQUE

### Généralités

*Les informations présentées ne concernent que l'impôt retenu à la source tchèque et ne traite d'aucune autre conséquence fiscale tchèque liée à l'achat, à la détention et à la cession des Titres et elles ne prétendent pas être une analyse exhaustive de toutes les considérations fiscales tchèques liées aux Titres qui peuvent être importantes pour décider d'acheter les Titres et, par conséquent, chaque investisseur potentiel doit s'adresser à son propre conseiller fiscal professionnel concernant les conséquences fiscales d'un placement dans les Titres.*

*Ces informations sont fondées sur la législation fiscale, la jurisprudence publiée, les traités, la réglementation et la politique publiée, dans chaque cas en vigueur à la date de ce Prospectus de Base, et elles ne prennent pas compte les évolutions et les modifications produites après cette date, que ces dernières aient ou non un effet rétroactif.*

*Dans le contexte de ces informations, il a été supposé que (i) aucun des émetteurs n'a été résident de la République Tchèque, à la date mentionnée ici, et ils ne le deviendront pas après la date de ce Prospectus de Base, sur le plan fiscal et (ii) les intérêts sur les Titres ne seront pas payés par l'établissement stable d'un émetteur en République tchèque.*

### Produit d'intérêts

Tous les paiements d'intérêts effectués par les émetteurs en vertu des Titres peuvent être faits sans retenue à la source et sans déduction pour tout impôt de quelque nature que ce soit imposé, prélevé, retenu ou évalué par la République Tchèque ou par toute sous-division politique ou autorité fiscale au nom de l'une de ces entités.

### Plus-values et provision de retenue de l'impôt

Le revenu réalisé par un particulier qui n'est pas, sur le plan fiscal, considéré comme un résident de la République Tchèque ou par une personne autre qu'un particulier qui n'est pas, sur le plan fiscal, considérée comme un résident de la République Tchèque (**porteurs non-tchèques**), qu'ils détiennent les Titres par un établissement stable en République Tchèque ou non, issus de la vente des Titres à un particulier qui est, sur le plan fiscal, considéré comme un résident de la République Tchèque ou à une personne (autre qu'un particulier) qui est, pour des raisons fiscales, considérée comme un résident de la République Tchèque ou à une unité organisationnelle de l'État tchèque (**porteurs tchèques**) ou à un porteur non-tchèque acquérant les Titres par un

établissement stable en République Tchèque, sera généralement soumis à l'imposition en République Tchèque, sauf si :

- (A) le porteur non-tchèque réalisant ce revenu est résident dans un pays au sens d'un traité de double imposition conclu entre ce pays et la République tchèque, conformément aux conditions selon lesquelles le droit d'imposer ce revenu est conféré exclusivement au pays précédent ;
- (B) le revenu réalisé par un porteur non-tchèque est exonéré d'impôt ce qui, dans le cas d'un porteur non-tchèque qui est un particulier, est généralement véritable si les Titres ont été détenus par le porteur non-tchèque pendant plus de six mois avant leur vente et n'ont pas été détenus dans le cadre d'une activité commerciale de ce porteur non-tchèque.

Si le revenu réalisé par un porteur non-tchèque, qu'il détienne les Titres par l'intermédiaire d'un établissement stable en République tchèque ou non, issu de la vente des Titres est soumis à l'imposition en République tchèque (comme mentionné dans le paragraphe précédent), le porteur tchèque ou un établissement stable en République tchèque d'un porteur non-tchèque payant le revenu sera obligé de retenir un montant d'un pour cent sur une base brute représentant la provision d'impôt, sauf si le porteur non-tchèque est, sur le plan fiscal, le résident d'un État membre de l'Union européenne ou de l'EEE, ou sauf si l'obligation de retenir à la source est supprimée ou si le pourcentage est diminué en fonction du choix de l'autorité fiscale. La provision d'impôt retenue est généralement déductible de l'impôt définitif dû par un porteur non-tchèque de tout montant dépassant cet impôt dû constituant un trop-payé qui est, sous réserve de certaines conditions, remboursable à un porteur non-tchèque.

### **Directive sur l'épargne de l'UE**

En vertu de la Directive du Conseil européen 2003/48/CE sur l'imposition du revenu de l'épargne (Directive), les États membres (y compris la République tchèque qui a mis en place la Directive dans la Section 38fa (agent payeur) de la loi relative à l'impôt sur le revenu tchèque) doivent fournir aux autorités fiscales d'un autre État membre les informations des paiements d'intérêts (ou revenu similaire) versés par une personne dans son pays à un particulier résident dans cet autre État membre ou à certains types limités d'entités établies dans cet autre État membre. Cependant, pendant une période transitoire, le Luxembourg et l'Autriche doivent, sauf s'ils en décident autrement pendant cette période, opérer un système de retenue à la source pour ces paiements <sup>3</sup> (la fin de cette période transitoire dépendant de la conclusion d'autres accords relatifs à l'échange d'informations avec certains pays). Un certain nombre de pays hors de l'UE et territoires y compris la Suisse ont adopté des mesures similaires.

La Commission européenne a proposé certaines modifications à la Directive qui peuvent, si elles sont mises en place, modifier ou élargir le champ d'application des conditions décrites ci-dessus.

### **DANEMARK**

*La partie suivante concerne seulement l'impôt retenu à la source danois et ne traite d'aucune implication relative à l'impôt danois lié à l'acquisition, à la détention ou à la cession des Titres.*

Étant donné que l'émetteur n'est pas résident au Danemark, les paiements d'intérêts ou de principal sur les Titres ne seront pas soumis à l'impôt retenu à la source danois.

---

<sup>3</sup> La Belgique a également exploité un système de retenue transitoire auparavant, mais a maintenant choisi, par deux décrets royaux datés du 27 septembre 2009 et publiés dans la gazette de l'État belge le 1<sup>er</sup> octobre 2009, de fournir des informations relatives aux paiements d'intérêts conformément à la Directive du Conseil européen de la CE 2003/48/CE à compter du 1<sup>er</sup> janvier 2010.

Dans le cadre de la législation fiscale nationale danoise, les paiements d'intérêts ou de principal effectués par un emprunteur danois à un créiteur sous forme de prêt ne sont, en règle générale, soumis à aucun impôt danois retenu à la source.

Cependant, les paiements d'intérêts et certains paiements de principal effectués par un emprunteur danois en vertu d'un prêt intragroupe à une société étrangère affiliée (comme décrit dans la Section 3B de la loi danoise sur le contrôle fiscal du 27 juin 2011, telle qu'amendée) sont soumis à un impôt danois retenu à la source de 25 pour cent, sauf s'ils relèvent d'au moins une des catégories suivantes conformément à la loi fiscale danoise :

- le créiteur étranger affilié dispose d'un établissement stable au Danemark auquel ce produit d'intérêts est attribué;
- l'impôt retenu à la source doit être supprimé ou diminué en vertu de la Directive d'intérêt/de royauté (2003/49/UE), à condition que l'emprunteur danois et le créiteur étranger soient associés comme cette Directive le décrit pendant une période consécutive de minimum un an, au cours de laquelle les paiements d'intérêts sont effectués ;
- l'impôt retenu à la source doit être supprimé ou diminué en vertu d'une convention fiscale dont le Danemark est membre ;
- le créiteur étranger affilié est directement ou indirectement contrôlé par une société mère danoise comme décrit dans la Section 31C de la loi danoise sur l'imposition des sociétés pendant une période consécutive minimum d'un an, au cours de laquelle les paiements d'intérêts sont effectués ;
- le créiteur étranger affilié est contrôlé par une entité résidente dans un pays qui a conclu une convention fiscale avec le Danemark, à condition que cette entité soit soumise à l'imposition des SEC sur les paiements d'intérêts conformément aux règles d'imposition des SEC de ce pays ; ou
- le créiteur étranger affilié peut prouver que l'imposition étrangère des paiements d'intérêts correspond à au moins trois trimestres du taux danois d'imposition des sociétés et qu'il ne transmet pas les paiements d'intérêts à une autre société étrangère qui est imposée sur ces paiements d'intérêts à un taux inférieur à trois trimestres du taux danois d'imposition des sociétés.

Les paiements peuvent être soumis à l'impôt danois retenu à la source indépendamment des éléments ci-dessus si le bénéficiaire des paiements n'est pas le propriétaire effectif (à savoir si le bénéficiaire des paiements réaffecte les paiements à une personne ou à une entité résidente dans un pays autre que le Danemark).

## REPUBLIQUE FEDERALE D'ALLEMAGNE

*Les informations suivantes concernant certaines conséquences fiscales allemandes liées à l'achat, à la détention ou à la cession des Titres sont fondées sur la législation fiscale, la réglementation, les décisions, les arrêts et les décrets administratifs actuellement en vigueur, qui peuvent être modifiés ou interprétés différemment, et disposent potentiellement d'un effet rétroactif ou rétrospectif. Cependant, cette section ne fait pas du tout référence à toutes les considérations fiscales possibles qui sont importantes pour tout acheteur potentiel de décider de l'achat, de la détention ou de la cession d'un Titre ; tout particulièrement, elle ne fait pas référence aux circonstances particulières qui peuvent être décisives pour certains acheteurs tel que l'impôt cultuel (Kirchensteuer) ou les privilèges fiscaux individuels. Cela signifie que le texte suivant fait exclusivement référence aux Titres comme investissement en tant que tel (sauf indication contraire expresse) et ne concerne la situation fiscale spécifique d'aucune personne. Les informations contenues dans la section suivante ne constituent pas et ne prétendent pas fournir des conseils juridiques ou fiscaux.*

***Il est donc conseillé aux investisseurs potentiels des Titres de consulter leurs propres conseillers fiscaux concernant les conséquences fiscales allemandes et autres liées à l'achat, à la détention ou à la cession des Titres.***

*Étant donné que chaque tranche de Titres peut être soumise à un régime fiscal différent en raison des conditions générales spécifiques de cette tranche de Titres comme présentée dans les conditions générales définitives respectives, la section suivante ne fournit que certaines informations très générales sur le régime fiscal possible. Si nécessaire, le Prospectus de Base concernant la tranche de Titres respective contient davantage d'informations plus spécifiques mais également générales sur le régime fiscal possible des Titres respectifs. Les investisseurs potentiels doivent donc toujours consulter les conditions générales définitives respectives pour obtenir des informations fiscales supplémentaires.*

## **Imposition allemande des résidents**

### ***Titres détenus en tant qu'actif privé***

#### *Imposition du produit d'intérêts*

En vertu de la législation fiscale allemande, le paiement d'intérêts sur les Titres à des personnes qui sont des résidents fiscaux en Allemagne (y compris les personnes dont la résidence, le domicile habituel, le siège social ou le centre de gestion est situé en Allemagne, un « **porteur allemand** ») et qui a détenu le Titre en tant qu'actif privé est soumis à l'impôt sur le revenu allemand en tant que revenu du capital au sens de § 20 de la loi allemande relative à l'impôt sur le revenu. A compter de l'année 2009, une imposition définitive (« *Abgeltungsteuer* ») est imputée sur le revenu du capital à un taux de 25 % ajouté d'un impôt de solidarité de 5,5 % (« *Solidaritätszuschlag* ») s'y rapportant, résultant en une imposition définitive totale de 26,375 %. L'assiette fiscale consiste en les intérêts perçus sans aucune déduction de frais effectivement engendrés. Le revenu du capital total du particulier sera déduit d'une exonération annuelle pour particuliers (« *Sparer-Pauschbetrag* ») de 801 EUR (1 602 EUR pour les couples mariés faisant leur déclaration d'impôt ensemble). L'impôt sur le revenu des particuliers dû concernant le revenu de capital est, en principe, fixé par l'impôt retenu. Si aucun impôt retenu à la source n'a été déduit du paiement d'intérêts, le porteur allemand devra inclure ce produit d'intérêts dans sa déclaration d'impôt. L'imposition définitive sera alors réalisée au moyen d'une évaluation. Le porteur allemand peut également demander une évaluation du revenu du capital en fonction des règles générales si le taux de l'impôt sur le revenu des particuliers du porteur allemand est inférieur au taux d'imposition définitif. Lors d'une telle évaluation, l'impôt retenu à la source sera crédité.

#### *Impôt retenu à la source sur le produit d'intérêts*

Si les Titres sont détenus sur un compte de dépôt de titres administré par un porteur allemand dans une filiale allemande d'une banque ou d'un établissement de services financiers allemand ou étranger (un « agent payeur allemand »), qui paie ou verse les intérêts, un impôt retenu à la source de 25 % (« *Kapitalertragsteuer* ») sur les paiements d'intérêts, ajouté d'un impôt de solidarité de 5,5 % (« *Solidaritätszuschlag* ») s'y rapportant sera prélevé, résultant en un montant de l'impôt retenu à la source total de 26,375 % sur le montant brut des intérêts payés. Les intérêts courus payés par un porteur allemand lors de l'achat des Titres peuvent être déduits du montant du produit d'intérêts reçu par ce porteur allemand et, sous certaines circonstances, peuvent réduire le montant en fonction de l'impôt retenu à la source.

Si le porteur de Titres est un particulier pour qui le revenu des Titres constitue un revenu d'une dépense en capital et si ce porteur de Titres a établi un certificat d'exonération (« *Freistellungsauftrag* ») auprès de l'agent payeur allemand, aucun impôt ne sera retenu par l'agent payeur allemand dans la mesure où le produit d'intérêts découlant des Titres ainsi que les autres produits d'investissement gérés par l'agent payeur allemand n'excède pas le montant d'exonération maximum apparaissant sur ce certificat. De la même manière, aucun impôt ne sera retenu si le porteur de Titres envoie un certificat de non-évaluation à l'agent payeur allemand (« *Nichtveranlagungsbescheinigung* ») émis par le centre fiscal local compétent.

### *Cession ou rachat des Titres*

Les plus-values découlant de la cession ou du rachat de Titres (ou, selon le cas, du paiement à l'échéance des Titres) réalisées par des porteurs allemands particuliers détenant les Titres comme des actifs privés sont imposables comme des plus-values. Elles sont également soumises à l'imposition définitive (« *Abgeltungsteuer* ») à un taux de 25 % ajouté d'un impôt de solidarité de 5,5 % (« *Solidaritätszuschlag* ») s'y rapportant, résultant en une imposition définitive totale de 26,375 %.

La base de cette imposition est la plus-value, qui est en général la différence entre le produit de la cession ou du rachat après déduction de frais directement liés à la cession et au coût d'acquisition. Les plus-values imposables des Titres émis dans une devise autre que l'euro comprennent également tout gains (et perte) de change. Dans le cas d'un règlement physique de certains Titres qui accordent à l'émetteur ou au porteur de Titres particulier le droit d'opter pour une remise physique d'un nombre prédéterminé de titres sous-jacents au lieu d'un (re)paiement au comptant, aucune plus-value imposable ne peut généralement en découler, puisque les coûts d'acquisition des Titres sont considérés comme les coûts d'acquisition des titres sous-jacents reçus par le porteur de Titres particulier lors du règlement physique. Par conséquent, seules des pertes peuvent survenir de la déduction de frais directement liés.

Les pertes en capital concernant les Titres détenus comme un actif privé ne peuvent seulement être déduites du revenu du capital au cours du même exercice financier et lors des années suivantes. Cependant, si les pertes découlent de Titres détenus sur un compte de dépôt de titres administré par un agent payeur allemand, cet agent prendra tout d'abord ces pertes en compte lors du calcul de l'impôt retenu à la source. Dans le cas où les pertes ne peuvent pas être compensées dans l'année en cours, elles seront déduites du revenu de l'année suivante. Sur demande du porteur allemand, l'agent payeur allemand fournira un certificat pour toutes les pertes qui n'ont pas pu être déduites pendant l'année en cours du compte de dépôt de titres. Ce certificat permet au porteur allemand de demander une déduction lors de l'évaluation du revenu de capital.

### *Impôt retenu à la source lié à la cession ou au rachat des Titres*

Comme le traitement du produit d'intérêts, un impôt retenu à la source à un taux de 25 %, ajouté d'un impôt de solidarité de 5,5 % (« *Solidaritätszuschlag* ») s'y rapportant (au total 26,375 %) sera prélevé sur les plus-values issues de la cession ou du rachat des Titres, si le Titre est détenu sur un compte de dépôt de titres administré par un agent payeur allemand. Un impôt retenu à la source ne sera pas prélevé si le porteur allemand a fourni un certificat d'exonération (« *Freistellungsauftrag* ») ou un certificat de non-évaluation (« *Nichtveranlagungsbescheinigung* ») à l'agent payeur allemand.

La base de cette imposition est là aussi la différence entre le produit de la cession ou du rachat après déduction de frais directement liés à la cession et au coût d'acquisition. Cependant, dans le cas où les Titres n'ont pas été conservés sur un compte de dépôt de titres avec le même agent payeur allemand depuis le moment de l'acquisition et jusqu'à la cession, au rachat ou au remboursement, la retenue à la source est applicable sur 30 % du produit de la cession, sauf si l'agent payeur actuel a été prévenu des coûts d'acquisition effectifs des Titres par l'agent payeur précédent ou par l'attestation d'une banque ou d'un établissement de services financiers au sein de l'EEE ou de certains autres pays conformément à l'art. 17 para. 2 de la Directive du Conseil européen 2003/48/CE. De plus, la disposition spéciale pour un règlement physique de certains Titres est applicable en vertu de la retenue à la source. Par conséquent, le rachat accompagné du règlement physique peut en principe ne pas résulter en un impôt retenu à la source.

### ***Titres détenus en tant que fonds de commerce ou par un organisme professionnel***

Si les Titres sont détenus en tant que fonds de commerce ou par un organisme professionnel, tous les revenus reçus des Titres (les intérêts ainsi que les plus-values) sont soumis à l'impôt sur le revenu allemand ou à l'impôt sur le revenu des sociétés allemand. Le revenu des Titres sera imposé au taux d'imposition des particuliers du porteur de Titres allemand. L'impôt sur le revenu ou l'impôt sur le revenu des sociétés n'est pas fixé par l'impôt

retenu. L'impôt retenu à la source et l'impôt de solidarité s'y rapportant peuvent être déduits en tant que paiements anticipés de l'impôt définitif dû du porteur allemand sur le plan fiscal de l'impôt allemand sur le revenu des particuliers ou des sociétés et de l'impôt de solidarité respectif, ou, dans le cas d'un montant supérieur à cet impôt définitif dû, ils peuvent être remboursés sur demande.

Si les Titres sont détenus dans un établissement d'entreprise allemand en termes de taxe professionnelle, le produit d'intérêts découlant des Titres sera également soumis à la taxe professionnelle sur le revenu, qui est un impôt municipal prélevé dont le taux d'imposition effectif dépend du facteur de taxe professionnelle appliqué par la municipalité concernée.

L'imposition du placement dans les Titres peut être calculée sur la base des droits constatés. Le revenu peut donc être imposé avant que le porteur allemand ne reçoive un paiement des Titres.

En général, l'impôt retenu à la source sera déduit conformément aux mêmes dispositions que la retenue à la source concernant les Titres détenus en tant qu'actifs privés. L'impôt retenu à la source sur les plus-values peut ne pas être applicable dans certaines circonstances et pour un certain revenu du capital si les Titres sont détenus par un résident fiscal professionnel ou si les Titres sont détenus par un particulier ou par une société de personnes comme fonds de commerce tant que le porteur allemand fournit à l'agent payeur allemand une attestation de la classification faisant partie des Titres comme fonds de commerce.

#### **Imposition allemande des non résidents**

Le revenu découlant des Titres par des personnes qui ne sont pas des résidents fiscaux d'Allemagne (« **porteurs non-allemands** ») est en général exonéré de l'imposition sur le revenu ou sur le revenu des sociétés allemand, et aucun impôt retenu à la source ne sera prélevé (même si les Titres sont détenus par un agent payeur allemand), à condition que (i) les Titres ne soient pas détenus comme fonds de commerce d'un établissement stable allemand du porteur non-allemand, comprenant un représentant stable, ou d'une base fixe du porteur de Titres, (ii) le revenu découlant des Titres ne constitue pas autrement un revenu de source allemand (tel qu'un revenu provenant de la location et de l'affermage de certains biens allemands à situs), (iii) les Titres ou les coupons ne soient pas présentés contre paiement dans les locaux d'une filiale allemande d'une banque ou d'un établissement de services financiers allemand ou étranger, qui ne conserve pas et ne gère pas les Titres, lors d'une opération de gré à gré (« *Tafelgeschäft* ») par une personne qui n'est pas une banque ou un établissement de services financiers étranger et, (iv) dans le cas où les Titres sont détenus sur un compte de dépôt de titres administré par un agent payeur allemand, le porteur de Titres se conforme aux règles de procédure applicables en vertu de la législation allemande et apporte la preuve du fait que les Titres ne sont pas soumis à l'imposition en Allemagne. L'impôt retenu à la source de manière injustifiée doit être remboursé sur demande au centre fiscal local (« *Finanzamt* ») à qui l'impôt retenu à la source a été versé.

Si les intérêts sont soumis à l'imposition allemande (par exemple, si les Titres sont détenus en tant que fonds de commerce d'un établissement stable allemand d'un porteur non-allemand), ce porteur est soumis à un régime fiscal similaire à celui décrit ci-dessus sous la rubrique « Imposition allemande des résidents ». L'impôt retenu à la source peut être remboursé en fonction d'une évaluation fiscale ou en vertu d'une convention fiscale applicable.

**Si les Titres sont proposés par l'émetteur ailleurs qu'en République fédérale d'Allemagne, les informations relatives à l'impôt retenu à la source peuvent être communiquées dans les conditions générales définitives ou, dans le cas d'une offre qui est faite après l'établissement des conditions générales définitives, dans un supplément à ce Prospectus de Base.**

#### **Directive de l'Union européenne sur l'imposition des revenus de l'épargne**

Le 3 juin 2003, le Conseil de l'Union européenne (« **ECOFIN** ») a approuvé une directive concernant l'imposition des revenus des intérêts de capitaux. Selon cette directive, chaque État membre de l'UE doit fournir aux autorités

fiscales des autres États membres les informations du paiement d'intérêts réalisés par une personne dans son pays pour un résident particulier de l'autre État membres de l'UE concerné. La directive doit être appliquée par les États membres à compter du 1<sup>er</sup> juillet 2005. La directive est entrée en vigueur dans la législation allemande le 1<sup>er</sup> juillet 2005.

Pendant une période de transition, l'Autriche et le Luxembourg peuvent choisir, au lieu de cela, de retenir l'impôt des paiements d'intérêts au sens de la directive à un taux de 20 % jusqu'au 30 juin 2011 et de 35 % à compter du 1<sup>er</sup> juillet 2011. A partir du 1<sup>er</sup> janvier 2010, la Belgique applique l'échange automatique d'informations en vertu de la Directive sur l'épargne au lieu d'appliquer les impôts retenus à la source.

### **Imposition sur les donations ou les héritages**

Aucun droit de succession, impôt sur les héritages ou donation concernant tout Titre ne résultera de la législation en Allemagne si, dans le cas de droits de succession ou d'impôts sur les héritages, le défunt et le bénéficiaire et, dans le cas d'impôts sur les donations, le donateur et le donataire sont des non résidents fiscaux et ne sont pas considérés comme résidents fiscaux d'Allemagne au moment du transfert et si ces Titres ne sont pas attribuables à un établissement stable en Allemagne. Dans le cas d'un défunt, d'un donateur ou d'un héritier qui est un citoyen allemand, cela ne s'applique seulement si cette personne a été un non résident en Allemagne pendant plus de cinq années consécutives.

### **Droit de timbre**

Aucun droit de timbre, droit d'émission, droit d'enregistrement ou impôt ou taxe similaire sera à payer en Allemagne dans le cadre de l'émission, de la remise ou de l'exécution des Titres. Actuellement, l'impôt sur les actifs nets n'est pas prélevé en Allemagne.

## **FINLANDE**

*Les paragraphes suivants sont un résumé fondé sur la législation finlandaise actuelle associée seulement aux personnes qui sont généralement imposables en Finlande et concernant le régime de l'impôt finlandais retenu à la source des paiements dans le cadre des Titres. Les investisseurs sont invités à consulter leurs propres conseillers fiscaux professionnels concernant les conséquences fiscales liées à l'acquisition, à la détention ou à la cession des Titres.*

Les paiements concernant les Titres peuvent être effectués sans la retenue à l'égard de l'impôt sur le revenu finlandais. Cependant, conformément à la législation fiscale nationale finlandaise, certains établissements financiers finlandais, s'ils agissent en tant qu'agents payeurs, peuvent être obligés de retenir un impôt de 30 pour cent sur des paiements d'intérêts versés à des particuliers qui sont généralement imposables en Finlande.

## **GRECE**

*Les paragraphes suivants sont un résumé de certaines considérations fiscales grecques, qui peuvent être importantes pour l'acquisition, la détention et la cession des Titres en Grèce. Le résumé ne prétend pas être une description ou une analyse exhaustive de toutes les considérations fiscales qui peuvent être importantes pour décider d'acquérir des Titres, et ne doit pas être utilisé dans cette optique.*

Le résumé est fondé sur la législation et la réglementation fiscales en vigueur en Grèce à la date de ce document qui sont soumises à des changements sans avis préalable. Les acheteurs potentiels ou porteurs de Titres doivent s'adresser à leurs propres conseillers fiscaux concernant les conséquences fiscales grecques ou autres liées à l'acquisition, à la détention et à la cession des Titres, selon leur situation spécifique.

En vertu du Code d'impôt sur le revenu grec, alors en vigueur, un impôt retenu à la source spécial de 10 pour cent est prélevé sur le produit d'intérêts perçu par des résidents fiscaux en Grèce ou des personnes qui

disposent, sur le plan fiscal, de leur établissement stable en Grèce, provenant des Titres émis par des entités étrangères indépendamment de si ce produit d'intérêts est réinvesti à l'étranger ou rapatrié en Grèce. Le paiement de l'impôt spécial en question de 10 pour cent doit annuler l'impôt dû des particuliers grecs dans le cadre de ce revenu. Il est précisé que les particuliers grecs ne sont pas autorisés à déduire des impôts retenus à la source étrangers pour un revenu qui a été soumis à cet impôt spécial de 10 pour cent. Par conséquent, l'impôt spécial de 10 pour cent est seulement applicable aux coupons nets payés par l'émetteur. Conformément au Code de l'impôt sur le revenu grec, l'impôt spécial susmentionné doit être retenu par l'agent payeur désigné en Grèce au sens de la Directive du Conseil européen 2003/48/CE telle qu'implémentée en Grèce par la loi 3312/2005. Les revenus des intérêts de capitaux reçu par des sociétés d'investissement grecques est également soumis à un impôt retenu à la source spécial de 10 pour cent, à calculer sur le paiement brut du coupon et prélevé par l'agent payeur en Grèce au sens de la Directive 2003/48/CE, telle qu'implémentée en Grèce par la loi 3312/2005 (ou par l'investisseur lui-même si un tel agent payeur n'a pas été désigné). De plus, en vertu de la législation fiscale grecque, les paiements d'intérêts bruts sont classifiés comme un « produit d'intérêts obligataire étranger » et doit ainsi être considéré en tant que part du revenu annuel brut des sociétés d'investissement grecques. Cependant, l'impôt spécial de 10 pour cent versé peut être déduit de l'impôt sur le revenu définitif dû des sociétés d'investissement. Dans le cas où les paiements de coupons sur les Titres sont soumis à l'impôt retenu à la source étranger, l'impôt en question doit être déduit de l'impôt sur le revenu définitif sous la forme d'un crédit d'impôt étranger, à condition que l'impôt effectif retenu soit confirmé par un auditeur certifié ou par les autorités fiscales compétentes et, surtout, seulement jusqu'au montant de l'impôt à payer pour ce type de revenu en Grèce. Des règles spéciales peuvent également être appliquées pour certaines catégories de sociétés d'investissement telles que les établissements de crédit, les compagnies d'assurance, les fonds de placement, les fonds de pension, etc.

En vertu de la circulaire 1092/27.07.2007 du Ministère des finances grec, les plus-values résultant du transfert des Titres doivent être imposées en vertu des dispositions générales du Code de l'impôt sur le revenu grec, à savoir aux taux d'imposition des particuliers et des sociétés applicables. De plus, dans le cas où un transfert de coupon attaché des Titres, le montant des intérêts courus doit être considéré comme un produit d'intérêts et est soumis, à la date de transfert, à un impôt retenu à la source de 10 pour cent en vertu des règles décrites ci-dessus.

En ce qui concerne les Titres émis en France, la convention en matière de double imposition entre la Grèce et la France prévoit que les intérêts sur ces Titres soient imposés en Grèce. La France peut prélever un impôt sur les paiements d'intérêts versés aux résidents grecs, en vertu de la législation fiscale française, mais cet impôt est limité à 12 pour cent. Le montant de l'impôt prélevé en France, le cas échéant, doit être déduit de l'impôt dû en Grèce, bien que seulement jusqu'au montant de l'impôt retenu à la source applicable en Grèce. Les dispositions susmentionnées ne sont pas applicables aux résidents grecs ayant un établissement stable en France et étant soumis à l'imposition française.

En ce qui concerne la garantie fournie par le garant, la convention en matière de double imposition entre la Grèce et la France prévoit que les intérêts à payer sur ces Titres dans le cadre de la garantie sont imposés en Grèce, à condition qu'ils soient considérés comme un paiement d'intérêts. La France peut prélever un impôt sur les paiements d'intérêts versés aux résidents grecs, en vertu de la législation fiscale française, mais cet impôt est limité à 12 pour cent. Le montant de l'impôt prélevé en France, le cas échéant, doit être déduit de l'impôt dû en Grèce. Les dispositions susmentionnées ne sont pas applicables aux résidents grecs ayant un établissement stable en France et étant soumis à l'imposition française.

## HONGRIE

*Les paragraphes suivants consistent en une information d'ordre général sur certaines conséquences fiscales hongroises liées à l'acquisition et à la détention de Titres. Ils ne prétendent pas être une description exhaustive de toutes les considérations fiscales qui peuvent être importantes pour décider d'acquérir des Titres, et surtout,*

*elle ne considère aucun fait ou circonstance spécifique qui puisse être applicable à un acheteur spécifique. Elle est fondée sur la législation actuellement en vigueur en Hongrie telle qu'appliquée à la date de ce Prospectus de Base et soumise à tout changement, ayant potentiellement un effet rétroactif. Les acheteurs potentiels de Titres sont invités à consulter leurs propres conseillers fiscaux concernant les conséquences fiscales liées à l'acquisition, à la détention et à la cession de Titres, comprenant l'effet de tout impôt étatique ou local, en vertu de la législation fiscale Hongroise et de chaque pays dont ils sont résidents.*

### **Impôt retenu à la source (porteurs de Titres particuliers résidents étrangers)**

Les paiements d'intérêts et les plus-values réalisés lors du rachat ou de la vente de Titres proposés et négociés publiquement (**produit d'intérêts**) sont imposés à 16 pour cent. Les Titres cotés sur un marché réglementé d'un État membre de l'EEE sont considérés comme des Titres proposés et négociés publiquement.

Le produit payé sur des Titres dans le cadre d'un placement privé, qui ne sont pas cotés sur le marché réglementé d'un État membre de l'EEE est considéré comme un autre revenu (**autre revenu**) qui fait partie du revenu total du particulier et est imposé à 16 pour cent jusqu'à 2 424 000 HUF et à 20,32 pour cent au-dessus de ce montant, et peut également être soumis à une cotisation de soins de santé de 27 pour cent. Les plus-values réalisées sur la vente de ces Titres sont considérées, en règle générale, comme un revenu au titre de plus-values (**revenu au titre de plus-values**). Le taux d'imposition applicable au revenu au titre de plus-values est de 16 pour cent, tandis qu'une cotisation de soins de santé de 14 pour cent (plafonnée à 450 000 forints hongrois (**HUF**)) peut également être due aux particuliers sur la base du revenu au titre de plus-values. Sous réserve de certaines conditions, les porteurs de Titres individuels réalisant un revenu au titre de plus-values en une opération conclue avec une société d'investissement hongroise ou de l'EEE peuvent choisir de considérer leur revenu au titre de plus-values de cette opération comme un 'revenu d'une opération de marché de capitaux contrôlée' qui est soumis à l'impôt sur le revenu des particuliers hongrois à un taux de 16 pour cent et aucune cotisation de soins de santé n'est due.

Les porteurs de Titres résidents étrangers sont soumis à l'impôt en Hongrie s'ils réalisent un produit d'intérêts de sources hongroises ou un revenu qui est normalement imposable en Hongrie si le traité international ou la réciprocité l'exigent. Le produit d'intérêts doit être traité comme ayant une source hongroise lorsque :

- (a) l'émetteur est résident en Hongrie sur le plan fiscal ;
- (b) l'émetteur dispose d'un établissement stable en Hongrie et le produit d'intérêts réalisé sur la base des Titres est payé par l'établissement stable hongrois de l'émetteur ;
- (c) le porteur de Titres particulier étranger dispose d'un établissement stable en Hongrie auquel le produit d'intérêts est attribuable.

L'impôt sur les paiements du revenu d'intérêts, du revenu au titre de plus-values et d'autres revenus doit être retenu par le « Payeur » (*kifizető*) (comme décrit ci-dessous).

En vertu de la loi XC11 de 2003 sur les règles d'imposition (**ART**) un **Payeur** signifie une personne juridique, une organisation ou un entrepreneur unique résident(e) hongrois(e), qui fournit un revenu imposable, indépendamment de si ce paiement est réalisé directement ou par un intermédiaire (bureau de poste, établissement de crédit). En ce qui concerne les intérêts, le Payeur signifie l'emprunteur d'un prêt ou, l'émetteur d'un titre, comprenant le prestataire de services de placement ou l'établissement de crédit fournissant les intérêts en remplacement. Concernant les revenus provenant d'une opération conclue avec la participation d'un courtier agréé, le Payeur signifie ce courtier. L'établissement stable hongrois d'une entité résidente étrangère est également considéré comme un Payeur.

Veillez noter que les dispositions des traités applicables contre la double imposition, le cas échéant, doivent être considérées lors de l'évaluation des impôts hongrois dus d'un porteur de Titres particulier résident étranger.

Ces traités peuvent exonérer entièrement les porteurs de Titres de l'impôt retenu à la source ou peuvent réduire le taux de l'impôt retenu à la source applicable.

Les intérêts, tels que définis par le calendrier 7 de l'ART (mettant en place les dispositions de la Directive sur l'épargne), réalisés sur des Titres par des citoyens de tout autre État membre de l'Union européenne ne sont pas soumis à l'impôt hongrois lorsqu'un agent payeur implanté en Hongrie fournit des données à l'autorité fiscale étatique hongroise sur la base du calendrier 7 de l'ART.

Sous réserve du traité applicable contre la double imposition, un porteur de Titres particulier résident étranger qui ne dispose pas d'établissement stable en Hongrie n'est pas soumis à l'impôt en Hongrie sur la base de la réalisation d'un revenu au titre de plus-values ou d'un 'revenu d'une opération de marché de capitaux contrôlée' de Hongrie, car ce revenu n'est pas considéré comme un revenu de source hongroise.

#### **Impôt retenu à la source (porteurs de Titres de sociétés résidents étrangers)**

Les intérêts sur les Titres versés aux porteurs de Titres résidents étrangers de sociétés, qui ne disposent pas d'établissement stable en Hongrie, par l'intermédiaire d'entités juridiques résidentes ou d'autres personnes, et toutes les plus-values réalisées par ces porteurs de Titres résidents étrangers sur la vente de Titres ne sont pas soumis à l'impôt en Hongrie.

L'impôt dû par un porteur de Titres de société résident étranger qui dispose d'un établissement stable en Hongrie est limité, en général, au revenu des activités commerciales réalisées par le biais de son établissement stable hongrois.

#### **Imposition des porteurs de Titres particuliers résidents hongrois**

La loi CXVII de 1995 relative à l'impôt sur le revenu des particuliers (la **loi sur l'impôt sur le revenu des particuliers**) est applicable à l'impôt dû de particuliers hongrois et étrangers. L'impôt dû par les particuliers résidents hongrois couvre le revenu mondial de ces personnes.

Conformément aux dispositions de la loi relative à l'impôt sur le revenu des particuliers, dans le cas de porteurs de Titres particuliers, le produit d'intérêts correspond au revenu versé en tant qu'intérêt et aux plus-values réalisées lors du remboursement ou de la vente de titres de créance proposés et négociés publiquement. Les Titres cotés sur un marché réglementé d'un État membre de l'EEE sont considérés comme des Titres proposés et négociés publiquement. L'impôt retenu à la source sur le produit d'intérêts est actuellement de 16 pour cent.

Le produit payé sur des Titres dans le cadre d'un placement privé, qui ne sont pas cotés sur le marché réglementé d'un État membre de l'EEE est considéré comme un autre revenu qui est imposable en tant que partie du revenu total du particulier et est imposé à 16 pour cent jusqu'à 2 424 000 HUF et à 20,32 pour cent au-dessus de ce montant, et peut également être soumis à une cotisation de soins de santé de 27 pour cent. Les plus-values réalisées sur la vente ou le remboursement de ces Titres sont considérées, en règle générale, comme un revenu au titre de plus-values. Le taux d'imposition applicable au revenu au titre de plus-values est de 16 pour cent, tandis qu'une cotisation de soins de santé de 14 pour cent (plafonnée à 450 000 HUF) peut également être due sur la base du revenu au titre de plus-values.

Sous réserve de certaines conditions, les porteurs de Titres individuels réalisant un revenu au titre de plus-values en une opération conclue avec une société d'investissement hongroise ou de l'EEE peuvent choisir de considérer leur revenu au titre de plus-values de cette opération comme un 'revenu d'une opération de marché de capitaux contrôlée' qui est soumis à l'impôt sur le revenu des particuliers hongrois à un taux de 16 pour cent et aucune cotisation de soins de santé n'est due dans le cadre de ce revenu au titre de plus-values.

Les règles de la loi relative à l'impôt sur le revenu des particuliers peut, dans certaines circonstances, imposer une nécessité pour le « Payeur » (*kifizető*) (comme décrit ci-dessous) de retenir l'impôt sur les paiements d'intérêts aux porteurs de Titres particuliers.

En vertu de l'ART, la définition d'un **Payeur** couvre une personne juridique, une autre organisation ou un entrepreneur privé résident(e) hongrois(e), qui fournit un revenu imposable, indépendamment de si ce paiement est réalisé directement ou par un intermédiaire (bureau de poste, établissement de crédit). En ce qui concerne les intérêts, le Payeur signifie l'emprunteur d'un prêt ou l'émetteur d'un titre, comprenant le prestataire de services de placement ou l'établissement de crédit fournissant les intérêts en remplacement. Concernant les revenus provenant d'une opération conclue avec la participation d'un courtier agréé, le **Payeur** signifie ce courtier. En ce qui concerne le revenu qui est perçu dans un pays étranger et qui est imposable en Hongrie, le **Payeur** signifie l'« agent payeur » (*megbízott*) (personne juridique, organisation, ou entrepreneur privé) ayant sa résidence fiscale en Hongrie, sauf dans les cas où le rôle d'un établissement financier se limite à la réalisation du transfert bancaire ou du paiement.

### **Imposition des porteurs de Titres résidents hongrois de sociétés**

En vertu de la loi LXXXI de 1996 relative à l'impôt sur les sociétés et l'impôt sur les dividendes (la **loi relative à l'impôt sur les sociétés**), les contribuables résidents hongrois ont une dette d'impôt entière et globale. En général, les entités résidentes sont celles établies en vertu des lois de Hongrie (à savoir celles ayant un siège enregistré en Hongrie). Les particuliers étrangers disposant de leur centre de gestion en Hongrie sont également considérés comme des contribuables résidents hongrois.

En général, les intérêts et les plus-values réalisés par des porteurs de Titres résidents hongrois sur les Titres sont imposables de la même manière que les bénéfices habituels des porteurs de Titres concernés. Le taux d'imposition des sociétés général en Hongrie est de 10 pour cent jusqu'aux premiers 500 millions HUF du bénéfice annuel du contribuable et de 19 pour cent pour la partie supérieure à ce seuil.

Les établissements financiers, les entreprises financières, les compagnies d'assurance et les entreprises d'investissement peuvent être soumises à une taxe professionnelle locale sur la base du produit réalisé sur les Titres.

## **IRLANDE**

*Les paragraphes suivants sont un résumé du régime fiscal irlandais de retenue à la source des Titres. Le résumé ne prétend pas être une description exhaustive de toutes les considérations fiscales qui peuvent être importantes pour décider d'acquérir, de détenir ou de céder des Titres. Le résumé concerne seulement la position des impôts irlandais retenus à la source sur les Titres.*

*Le résumé est fondé sur la législation fiscale irlandaise et la pratique de la Direction des impôts en Irlande en vigueur à la date de ce Prospectus de Base. Les investisseurs potentiels des Titres sont invités à consulter leurs propres conseillers concernant les conséquences fiscales irlandaises ou autres liées à l'acquisition, à la propriété effective et à la cession des Titres comprenant, en particulier, l'effet de tout impôt relatif à la législation étatique ou locale.*

### **Impôt irlandais retenu à la source**

L'impôt irlandais retenu à la source est applicable à certains paiements y compris des paiements de :

- intérêts annuels de source irlandaise (à savoir les intérêts qui sont susceptibles d'apparaître pour une période supérieure à un an) ;

- paiements annuels de source irlandaise (les paiements annuels sont des paiements qui sont réalisés sur une période supérieure à un an et qui sont des bénéfices réels sur le revenu pour le destinataire) ; et
- distributions (y compris les intérêts qui sont considérés comme une distribution selon la législation irlandaise) réalisées par des sociétés résidentes irlandaises, au taux standard de l'impôt sur le revenu (actuellement de 20 pour cent).

Étant donné que les émetteurs ne sont pas résidents en Irlande pour des raisons d'imposition irlandaise, qu'ils n'opèrent pas en Irlande par l'intermédiaire d'une filiale ou d'une agence à laquelle l'émission de Titres est associée, que les Titres ne sont pas détenus en Irlande par un dépositaire ou autrement situés en Irlande, alors dans la mesure où les paiements d'intérêts ou les paiements annuels surviennent sur les Titres, ces paiements ne sont pas considérés comme des paiements ayant une source irlandaise pour des raisons d'imposition irlandaise.

Ainsi, les émetteurs ne sont pas obligés de déduire tout montant à l'égard de l'impôt irlandais de paiements réalisés dans le cadre des Titres.

### **Impôt d'encaissement irlandais**

Les paiements sur les Titres payés par un agent payeur en Irlande ou à un agent en Irlande au nom du porteur de Titres concerné peuvent être soumis à l'impôt d'encaissement au taux standard de l'impôt irlandais (actuellement de 20 pour cent), sauf s'il est démontré, sur une demande faite selon la manière requise auprès de la Direction des impôts en Irlande, que le propriétaire effectif des Titres ayant droit aux intérêts ou à la distribution n'est pas résident en Irlande sur le plan fiscal irlandais et que ces intérêts ou cette distribution ne sont pas considérés, selon les dispositions de la législation fiscale irlandaise, comme le revenu d'une autre personne résidente en Irlande.

## **ITALIE**

*Les déclarations fournies ici concernant l'imposition sont fondées sur la législation en vigueur en Italie à la date de ce Programme et sont soumises à toute modification en matière juridique ayant lieu après cette date, modifications qui pourraient être faites sur une base rétroactive. Le résumé suivant ne prétend pas être une description exhaustive de toutes les considérations fiscales qui peuvent être importantes pour décider de souscrire, d'acquérir, de détenir ou de céder des Titres et ne prétend pas traiter des conséquences fiscales applicables à toutes les catégories d'investisseurs, dont certaines (tels que les courtiers en valeurs ou marchandises) peuvent être soumises à des règles spéciales. Les acheteurs potentiels des Titres sont invités à consulter leurs propres conseillers fiscaux concernant les conséquences fiscales générales de leur participation dans les Titres.*

### **Régime fiscal des Titres**

Le décret législatif n°239 du 1<sup>er</sup> avril 1996, tel que modifié ultérieurement (**décret 239**), fournit au régime applicable concernant le régime fiscal des intérêts, des primes et autres revenus (comprenant la différence entre le montant du remboursement et le prix d'émission) des titres relevant de la catégorie d'obligations garanties (*obbligazioni*) ou non garanties similaires aux obligations (*titoli similari alle obbligazioni*) émises, entre autres, par des émetteurs résidents non-italiens.

#### *Porteurs de Titres résidents italiens*

Si un porteur de Titres résident italien est (a) un particulier non impliqué dans une activité commerciale à laquelle les Titres sont liés (sauf s'il a opté pour l'application du régime « *risparmio gestito* » – voir sous « *Impôt sur les plus-values* », ci-dessous) ; (b) une société de personnes non commerciale ; (c) une institution privée ou publique

non commerciale ; ou (d) un investisseur exonéré de l'imposition italienne sur le revenu des sociétés, alors les intérêts, les primes et autres revenus associés aux Titres, accumulés au cours de la période de détention en question, sont soumis à un impôt retenu à la source intitulé *imposta sostitutiva*, prélevé au taux de 20 pour cent. Si les porteurs de Titres décrits sous les lettres (a) et (c) ci-dessus sont impliqués dans une activité commerciale à laquelle les Titres sont liés, l'*imposta sostitutiva* est applicable en tant qu'impôt provisionnel.

Si un porteur de Titres résident italien est une société ou une entité commerciale similaire ou un établissement stable en Italie d'une société étrangère à laquelle les Titres sont effectivement liés et que les Titres sont déposés auprès d'un intermédiaire autorisé, les intérêts, les primes et autres revenus issus des Titres ne seront pas soumis à l'*imposta sostitutiva*, mais seront inclus dans la déclaration d'impôts sur le revenu en question du porteur de Titres et sont ainsi soumis à l'imposition générale italienne sur les sociétés (et, dans certaines circonstances, en fonction du statut du porteur de Titres, également à l'IRAP – l'impôt régional sur les activités productives).

Selon le régime actuel visé par le décret législatif n°351 du 25 septembre 2001 converti en loi avec des modifications par la loi n°410 du 23 novembre 2001, telle que précisée par le Ministère de l'économie et des finances italien par la circulaire n°47/E du 8 août 2003, les paiements d'intérêts, de primes et autres produits concernant les Titres versés à des fonds de placement immobiliers résidents italiens établis en vertu de l'article 37 du décret législatif n°58 du 24 février 1998, tel que modifié et complété, et l'article 14-bis de la loi n°86 du 25 janvier 1994 sont soumis ni à l'impôt de substitution ni à tout autre impôt sur le revenu aux mains d'un fonds de placement immobilier.

Si l'investisseur est résident en Italie et est un fonds de placement à capital variable ou fixe (le **Fonds**) ou une SICAV, soumis à des mesures de contrôle, et si les Titres sont détenus par un intermédiaire autorisé, les intérêts, les primes et autres revenus accumulés pendant la période de détention sur les Titres ne seront pas soumis à l'*imposta sostitutiva*, mais devront être intégrés dans les résultats de la gestion du fonds accumulés à la fin de chaque période fiscale.

Si un porteur de Titres résident italien est un fonds de pension (soumis au régime prévu par l'article 17 du décret législatif n°252 du 5 décembre 2005) et que les Titres sont déposés auprès d'un intermédiaire autorisé, les intérêts, les primes et autres revenus associés aux Titres et accumulés pendant la période de détention ne seront pas soumis à l'*imposta sostitutiva*, mais devront être intégrés dans le résultat du portefeuille concerné accumulé à la fin de la période fiscale, pour être soumis à un impôt de substitution de 11 pour cent.

En vertu du décret 239, l'*imposta sostitutiva* est applicable par les banques, les SIM, les sociétés fiduciaires, les SGR, les courtiers et autres entités identifiées par un décret du Ministère de l'économie et des finances (chacun étant un **Intermédiaire**).

Un intermédiaire doit (a) être un résident d'Italie ou être un établissement stable en Italie d'un intermédiaire financier résident non italien ; et (b) intervenir, de quelque manière que ce soit, dans le recouvrement d'intérêts ou dans le transfert des Titres. Dans l'objectif de l'application de l'*imposta sostitutiva*, un transfert de Titres comprend toute cession ou tout autre acte, moyennant ou pas rémunération, qui résulte en un changement de propriété des Titres en question ou en un changement de l'Intermédiaire auprès de qui les Titres sont déposés.

Si les Titres sont déposés auprès d'un Intermédiaire, l'*imposta sostitutiva* est applicable et détenu par toute entité payant les intérêts à un porteur de Titres.

Si un porteur de Titres résident italien est une société ou une entité commerciale similaire et si les Titres sont déposés auprès d'un intermédiaire autorisé, les intérêts, les primes et autres revenus issus des Titres ne seront pas soumis à l'*imposta sostitutiva*, mais devront être intégrés dans la déclaration d'impôts sur le revenu du porteur de Titres en question et seront donc soumis à l'imposition générale italienne des sociétés.

#### *Porteurs de Titres résidents non italiens*

Aucun *imposta sostitutiva* italien n'est appliqué sur des paiements d'intérêts ou de primes associés aux Titres à un porteur de Titres résident non italien à condition que, si les Titres sont détenus en Italie, le porteur de Titres résident non italien se déclare être un résident non italien en vertu de la réglementation fiscale italienne.

#### **Titres atypiques**

Les paiements d'intérêts associés aux Titres qui ne sont pas supposés relever de la catégorie des obligations garanties (*obbligazioni*) ou non garanties similaires aux obligations (*titoli similari alle obbligazioni*) peuvent être soumis à un impôt retenu à la source, prélevé au taux de 20 pour cent. Dans cet objectif, les obligations non garanties similaires aux obligations garanties sont des titres qui intègrent une obligation inconditionnelle de payer, à l'échéance, un montant non inférieur à leur valeur nominale.

L'impôt retenu à la source de 20 pour cent susmentionné n'est pas applicable aux paiements d'intérêts versés à un porteur de Titres résident non italien et à un porteur de Titres résident italien qui est (a) une société ou une entité commerciale similaire (comprenant l'établissement stable italien d'entités étrangères), (b) une société de personnes commerciale, ou (c) une institution commerciale privée ou publique.

#### **Les paiements effectués par un garant non résident**

En ce qui concerne les paiements versés à des porteurs de Titres résidents italiens par un garant résident non italien, conformément à une interprétation de la législation fiscale italienne, tout paiement de la sorte effectué par le garant non résident italien peut être considéré, dans certaines circonstances, comme un paiement effectué par l'émetteur concerné et serait donc soumis au régime fiscal décrit dans les paragraphes précédents de cette section.

#### **Impôt sur les plus-values**

Tout bénéfice obtenu de la vente ou du remboursement des Titres sera considéré comme une partie du revenu fiscal (et, dans certaines circonstances, en fonction du « statut » du porteur de Titres, également comme une partie de la valeur nette de production pour des raisons d'IRAP) s'il est réalisé par une société ou une entité similaire italienne (comprenant l'établissement stable italien d'entités étrangères auquel les Titres sont associés) ou par des particuliers résidents italiens impliqués dans une activité commerciale à laquelle les Titres sont liés.

Si un porteur de Titres résident italien est un particulier ne détenant pas les Titres dans le cadre d'une activité commerciale et d'autres personnes, toute plus-value réalisée de la vente ou du remboursement des Titres sera soumise à un *imposta sostitutiva*, prélevé au taux de 20 pour cent. Les porteurs de Titres peuvent déduire les pertes des bénéfices.

En ce qui concerne l'application de l'*imposta sostitutiva*, les contribuables peuvent choisir un des trois régimes décrits ci-dessous.

En vertu du régime de déclaration fiscale (*regime della dichiarazione*), qui est le régime par défaut des particuliers résidents italiens non impliqués dans une activité commerciale à laquelle les Titres sont associés, l'*imposta sostitutiva* sur les plus-values sera prélevé, sur une base cumulative, sur toutes les plus-values, nettes de toute perte de capital engendrée, réalisées par le porteur de Titres particulier résident italien détenant des Titres non liés à une activité commerciale relativement à toutes les ventes ou remboursements des Titres

effectués lors de toute année fiscale donnée. Des particuliers résidents italiens détenant des Titres non associés à une activité commerciale doivent indiquer les plus-values globales réalisées pour toute année fiscale, nettes de toute perte de capital engendrée importante, dans leur déclaration fiscale annuelle et doivent payer l'*imposta sostitutiva* sur ces bénéfices ainsi que tout solde d'impôt sur le revenu dû pour l'année en question. Les pertes en capital supérieures aux plus-values peuvent être reportées sur les plus-values réalisées sur une des quatre années fiscales suivantes.

En tant que solution de remplacement au régime de déclaration fiscale, les porteurs de Titres particuliers italiens détenant les Titres sans qu'ils soient associés à une activité commerciale peuvent choisir de payer l'*imposta sostitutiva* séparément sur des plus-values réalisées sur chaque vente ou remboursement des Titres (le régime *risparmio amministrato*). Cette imposition distincte des plus-values est autorisée sous réserve que (a) les Titres soient déposés auprès de banques, SIM ou certains intermédiaires financiers italiens, et que (b) une sélection rapide du régime *risparmio amministrato* soit faite de manière ponctuelle par écrit par le porteur de Titres concerné. Le dépositaire est responsable de la comptabilisation de l'*imposta sostitutiva* concernant les plus-values réalisées sur chaque vente ou remboursement des Titres (ainsi que concernant les plus-values réalisées lors de la révocation de son mandat), nettes de toute perte de capital engendrée, et doit payer le montant exigé aux autorités fiscales italiennes au nom du contribuable, en déduisant un montant correspondant du produit à créditer au porteur de Titres ou en utilisant des fonds fournis par le porteur de Titres à cette fin. Sous le régime *risparmio amministrato*, sous lequel une vente ou un remboursement des Titres résulte en une perte de capital, cette perte peut être déduite de plus-values réalisées ultérieurement, avec la même gestion de titres, pendant la même année ou au cours des années fiscales suivantes jusqu'à la quatrième. Sous le régime *risparmio amministrato*, le porteur de Titres n'est pas obligé de déclarer les plus-values dans sa déclaration d'impôts annuelle.

Toutes plus-values réalisées par des particuliers résidents italiens détenant les Titres sans qu'ils soient liés à une activité commerciale et ayant confié la gestion de leurs actifs financiers, y compris les Titres, à un intermédiaire autorisé et ayant choisi le régime intitulé « *risparmio gestito* » seront intégrées dans le calcul de l'augmentation annuelle de la valeur des actifs gérés accumulés, même si elles ne sont pas réalisées, à la fin de l'année, sous réserve d'un impôt de substitution de 20 pour cent, à payer par l'intermédiaire autorisé gérant. Sous le régime *risparmio gestito*, toute dépréciation des actifs gérés accumulés en fin d'exercice peut être reportée sur l'augmentation de valeur des actifs gérés accumulés de chacune sur une des quatre années fiscales suivantes. Sous le régime *risparmio gestito*, le porteur de Titres n'est pas obligé de déclarer les plus-values réalisées dans sa déclaration d'impôts annuelle.

Toute plus-value réalisée par un porteur de Titres qui est un fonds de placement à capital variable ou fixe ou une SICAV, sous réserve de mesures de contrôle, sera intégrée au résultat du portefeuille concerné accumulé à la fin de la période fiscale.

Toutes plus-values réalisées par un porteur de Titres qui est un fonds de pension italien (soumis au régime prévu par l'article 17 du décret législatif n°252 du 5 décembre 2005) seront intégrées dans le résultat du portefeuille concerné accumulé à la fin de la période fiscale, pour être soumises à l'impôt de substitution de 11 pour cent.

Les plus-values réalisées par des fonds immobiliers résidents italiens établis en vertu de l'article 37 du décret législatif n°58 du 24 février 1998 ou en vertu de l'article 14-bis de la législation italienne n°86 du 25 janvier 1994 sur les Titres ne sont pas imposables en termes de fonds immobiliers.

Les plus-values réalisées par des porteurs de Titres résidents non italiens de la vente ou du remboursement des Titres ne sont pas soumises à l'*imposta sostitutiva*, à condition que les Titres (i) soient transférés sur des marchés réglementés, ou (ii) s'ils ne sont pas transférés sur des marchés réglementés, soient détenus hors de l'Italie.

## **Impôts sur les héritages et les donations**

En vertu du décret législatif n°262 du 3 octobre 2006, converti en loi n°286 du 24 novembre 2006, tel que modifié ultérieurement, les transferts de tout actif de valeur (y compris les actions, les obligations ou autres titres) à cause de mort ou de donation sont imposés comme suit :

- (a) les transferts en faveur d'époux et de descendants directs ou d'ascendants directs sont soumis à un impôt sur les héritages et les donations à un taux de 4 pour cent sur la valeur de l'héritage ou de la donation étant supérieure à 1 000 000 EUR ;

les transferts en faveur de personnes ayant un lien de parenté jusqu'au quatrième degré de consanguinité ou les proches par mariage jusqu'au troisième degré sont soumis à un impôt sur les héritages et les donations à un taux de 6 pour cent sur la valeur entière de l'héritage ou de la donation ; Les transferts en faveur de frères/sœurs sont soumis à un impôt sur les héritages et les donations de 6 pour cent sur la valeur de l'héritage ou de la donation supérieure à 100 000 EUR ; et

tout autre transfert est, en principe, soumis à un impôt sur les héritages et les donations appliqué à un taux de 8 pour cent sur la valeur entière de l'héritage ou de la donation.

## **Droit de mutation**

Suite à l'abrogation du droit de mutation italien, les contrats relatifs au transfert de titres sont soumis à la taxe d'enregistrement comme suit : (i) les actes de vente publics et devant notaire sont soumis à une taxe d'enregistrement fixe à un taux de 168 € ; et (ii) les actes de vente privés sont soumis à la taxe d'enregistrement seulement dans le cas de l'utilisation de l'enregistrement volontaire.

## **Directive sur l'épargne de l'UE**

En vertu de la Directive CE 2003/48/CE sur l'imposition du revenu de l'épargne (la **Directive sur l'épargne de l'UE**), les États membres doivent fournir aux autorités fiscales d'un autre État membre les informations des paiements d'intérêts (ou revenu similaire) versés par une personne dans son pays à un particulier résident dans cet autre État membre ou à certains types limités d'entités établies dans cet autre État membre. Cependant, pendant une période transitoire, le Luxembourg et l'Autriche doivent, sauf s'ils en décident autrement pendant cette période, opérer un système de retenue à la source pour ces paiements (la fin de cette période transitoire dépendant de la conclusion d'autres accords relatifs à l'échange d'informations avec d'autres pays). Un certain nombre de pays et territoires hors UE y compris la Suisse ont adopté des mesures similaires.

La Commission européenne a proposé certaines modifications à la Directive qui peuvent, si elles sont mises en place, modifier ou élargir le champ d'application des conditions décrites ci-dessus.

## **Mise en place en Italie de la directive sur l'épargne de l'UE**

L'Italie a mis en place la Directive sur l'épargne par le décret législatif n°84 du 18 avril 2005 (décret n°84). En vertu du décret n°84, sous réserve d'un grand nombre de conditions importantes à remplir, dans le cas des intérêts versés à des particuliers qui sont classifiés comme des propriétaires effectifs des paiements d'intérêts et qui sont résidents sur le plan fiscal d'un autre État membre, les agents payeurs qualifiés italiens ne doivent pas appliquer l'impôt retenu à la source et doivent signaler aux autorités fiscales italiennes les informations sur les paiements en question et les informations personnelles du propriétaire effectif particulier. Ces informations sont transmises par les autorités fiscales italiennes aux autorités fiscales étrangères compétentes de l'État de résidence du propriétaire effectif.

## **LIECHTENSTEIN**

Il n'existe pas d'impôts au Liechtenstein sur le revenu des titres retenus à la source excepté dans le cas explicité ci-dessous.

En vertu de l'accord du 7 décembre 2004 entre la Communauté européenne et la Principauté du Liechtenstein prévoyant des mesures équivalentes à celles présentées dans la Directive du Conseil européen 2003/48/CE sur l'imposition du revenu de l'épargne sous la forme de paiements d'intérêts et par la loi mettant en place cet accord, les paiements d'intérêts ou revenus similaires réalisés ou attribués par un agent payeur établi au Liechtenstein au profit immédiat d'un propriétaire effectif particulier résident d'un État membre de l'UE seront soumis à l'impôt retenu à la source, sauf si le destinataire concerné a correctement ordonné à l'agent payeur en question de fournir des informations sur les paiements d'intérêts en question ou revenus similaires aux autorités fiscales de son pays de résidence. Lorsque l'impôt retenu à la source est applicable, il sera prélevé à un taux de 15 pour cent au cours de la première période de trois ans débutant le 1<sup>er</sup> juillet 2005, à un taux de 20 pour cent pour la période de trois ans suivante et à un taux de 35 pour cent ensuite.

## PAYS-BAS

### Généralités

Le résumé suivant décrit les conséquences fiscales principales hollandaises liées à l'acquisition, à la détention, au règlement, au rachat et à la cession des Titres, mais ne prétend pas être une description exhaustive de toutes les considérations fiscales hollandaises s'y rapportant. Ce résumé vise à fournir des informations générales seulement pour les porteurs de Titres qui sont résidents ou résidents présumés des Pays-Bas sur le plan fiscal hollandais. Chaque investisseur potentiel doit s'adresser à son propre conseiller fiscal professionnel concernant les conséquences fiscales d'un placement dans les Titres.

Ce résumé est fondé sur la législation fiscale, la jurisprudence publiée, les traités, la réglementation et la politique publiée, dans chaque cas en vigueur à la date de ce Prospectus de Base, et elles ne prennent pas compte les évolutions et les modifications produites après cette date, que ces dernières aient ou non un effet rétroactif.

Ce résumé ne traite pas des conséquences fiscales hollandaises des :

- (i) porteurs de Titres détenant une participation importante (*aanmerkelijk belang*) ou une participation présumée importante (*fictief aanmerkelijk belang*) dans l'un des émetteurs et porteurs de Titres parmi lesquels une certaine personne associée détient une participation importante dans l'un des émetteurs. En général, une participation importante dans l'un des émetteurs survient si une personne, seule ou si cette personne est un particulier, avec son associé ou une personne avec un lien de parenté direct (conditions juridiques définies), détient ou est présumée détenir directement ou indirectement (i) une participation de 5 % ou plus du capital émis total d'un émetteur ou de 5 % ou plus du capital émis d'une certaine classe d'actifs d'un émetteur, (ii) des droits d'acquisition directe ou indirecte de cette participation ou (iii) certains droits de participation aux bénéfices dans un émetteur ;
- (ii) organismes de placement (*fiscale beleggingsinstellingen*) ; et
- (iii) fonds de pension, excepté les organismes de placement (*vrijgestelde fiscale beleggingsinstellingen*) ou autres entités qui sont exonérés de l'impôt sur le revenu hollandais des sociétés.

Lorsque ce résumé fait référence à un porteur de Titres, cette référence se limite à un porteur détenant un titre juridique relatif aux Titres ainsi qu'une participation financière dans ces Titres.

Dans le cadre des conséquences fiscales hollandaises décrites ici, il est supposé qu'aucun des émetteurs n'est un résident ou n'est présumé résident des Pays-Bas sur le plan fiscal hollandais.

### **Impôt hollandais retenu à la source**

Tous les paiements effectués par un émetteur en vertu des Titres peuvent être faits sans retenue à la source et sans déduction pour tout impôt de quelque nature que ce soit imposé, prélevé, retenu ou évalué par les Pays-Bas ou par toute sous-division politique ou autorité fiscale au nom de l'une de ces entités.

### **Impôt hollandais sur le revenu des sociétés et des particuliers**

Si un porteur est un résident ou est présumé résident des Pays-Bas sur le plan fiscal hollandais et est entièrement soumis à l'impôt sur le revenu des sociétés hollandais ou est seulement soumis à l'impôt sur le revenu des sociétés hollandais dans le cadre d'une entreprise à laquelle les Titres sont attribuables, le revenu découlant des Titres et les bénéfices réalisés lors du remboursement, du règlement ou de la cession des Titres sont généralement imposables aux Pays-Bas (jusqu'à un taux maximum de 25 %).

Si un porteur particulier est un résident ou est présumé résident des Pays-Bas sur le plan fiscal hollandais (y compris un porteur particulier qui a choisi d'être imposé en tant que résident des Pays-Bas), le revenu issu des Titres et les bénéfices réalisés lors du remboursement, du règlement ou de la cession des Titres sont imposables aux taux progressifs (jusqu'à un taux maximum de 52 %) en vertu de la loi relative à l'impôt sur le revenu hollandais de 2001 (*Wet inkomstenbelasting 2001*), si :

- (i) le porteur est un entrepreneur (*ondernemer*) et détient une entreprise à laquelle les Titres sont attribuables ou le porteur a, autrement qu'en tant qu'actionnaire, un droit partagé à la valeur nette d'une entreprise (*medegerechtigde*), entreprise à laquelle les Titres sont attribuables ; ou
- (ii) ce revenu ou ces bénéfices sont classifiés comme des revenus issus d'activités diverses (*resultaat uit overige werkzaamheden*), comprenant la performance d'activités concernant les Titres qui excèdent la gestion habituelle et active du portefeuille (*normaal, actief vermogensbeheer*).

Si la condition (i) et la condition (ii) ne s'appliquent pas au porteur de Titres, le revenu fiscal concernant les Titres doit être déterminé sur la base d'un rendement présumé sur le revenu de l'épargne et des investissements (*sparen en beleggen*), et non sur la base d'un revenu déjà reçu ou de bénéfices déjà réalisés. Ce rendement présumé sur le revenu de l'épargne et des investissements a été fixé à un taux de 4 % de la base du rendement du particulier (*rendementsgrondslag*) au début de l'année civile, dans la mesure où la base de rendement du particulier dépasse un certain seuil (en 2012, il s'élève à 21 139 EUR par personne par an). La base de rendement du particulier est déterminée en tant que juste valeur marchande de certains actifs qualifiés détenus par le porteur de Titres moins la juste valeur marchande de certaines dettes qualifiées le 1<sup>er</sup> janvier. La juste valeur marchande des Titres sera intégrée en tant qu'actif dans la base de rendement du particulier. Le rendement présumé de 4 % sur le revenu de l'épargne et des investissements sera imposé à un taux de 30 %.

### **Impôt sur les donations et les héritages hollandais**

En général, l'impôt sur les donations et les héritages sera dû aux Pays-Bas pour l'acquisition des Titres par le moyen d'une donation par, ou au nom de, ou au décès d'un porteur qui est résident ou présumé résident des Pays-Bas au titre de l'imposition sur les donations et les héritages hollandais au moment de la donation ou de son décès. Une donation effectuée sous condition suspensive est présumée être effectuée au moment où la condition suspensive est remplie et est soumise à l'impôt sur les donations et les héritages hollandais si le donateur est (présumé) résident des Pays-Bas à ce moment.

Un porteur de nationalité hollandaise est présumé résident des Pays-Bas au titre de l'imposition des donations et des héritages hollandais s'il ou si elle a été résidente des Pays-Bas et décède ou effectue une donation dans les dix ans après avoir quitté les Pays-Bas. Un porteur de toute autre nationalité est présumé résident des Pays-Bas pour les raisons fiscales des donations hollandaises s'il ou si elle a été résidente des Pays-Bas et fait une

donation sous une période de douze mois après avoir quitté les Pays-Bas. La même règle des douze mois peut s'appliquer à des entités qui ont transféré leur lieu de résidence hors des Pays-Bas.

### **Taxe sur la valeur ajoutée hollandaise**

En général, aucune taxe sur la valeur ajoutée ne sera due concernant des paiements en contrepartie de l'émission des Titres ou concernant un paiement au comptant réalisé conformément aux Titres, ou concernant un transfert de Titres.

### **Autres impôts et taxes hollandais**

Aucune taxe d'enregistrement, aucun droit de douane, aucun droit de mutation, aucun droit de timbre ni tout autre impôt ou taxe documentaire similaire ne sera dû aux Pays-Bas par un porteur concernant ou dans le cadre de la souscription, l'émission, le placement, l'attribution, la remise ou le transfert des Titres.

### **Directive sur l'épargne de l'UE**

En vertu de la Directive du Conseil européen 2003/48/CE sur l'imposition du revenu de l'épargne, les États membres doivent fournir aux autorités fiscales d'un autre État membre les informations des paiements d'intérêts (ou revenu similaire) versés par une personne dans son pays à un particulier résident dans cet autre État membre ou à certains types limités d'entités établies dans cet autre État membre. Cependant, pendant une période transitoire, le Luxembourg et l'Autriche doivent, sauf s'ils en décident autrement pendant cette période, opérer un système de retenue à la source pour ces paiements (la fin de cette période transitoire dépendant de la conclusion d'autres accords relatifs à l'échange d'informations avec d'autres pays). Un certain nombre de pays et territoires hors UE y compris la Suisse ont adopté des mesures similaires.

La Commission européenne a proposé certaines modifications à la Directive qui peuvent, si elles sont mises en place, modifier ou élargir le champ d'application des conditions décrites ci-dessus.

## **NORVEGE**

*Les paragraphes suivants sont un résumé de certaines conséquences fiscales norvégiennes pour les porteurs de Titres qui sont résidents en Norvège sur le plan fiscal. Le résumé est fondé sur la législation à la date de ce document et il vise à fournir des informations générales seulement. Le régime fiscal de chaque porteur de Titres dépend en partie de la situation spécifique du porteur. Chaque investisseur doit s'adresser à son propre conseiller fiscal quant aux conséquences fiscales concernant ses circonstances particulières résultant de la détention de Titres.*

Toute modification à la législation fiscale applicable peut avoir un effet rétroactif.

### **Imposition des porteurs de Titres résidents en Norvège**

#### ***Imposition du rendement des Titres avant la cession ou le rachat***

Tout type de rendement réalisé par les Titres avant la cession ou le rachat est imposable en tant que « revenu ordinaire » conformément au taux forfaitaire de 28 pour cent. Pour les contribuables ayant une obligation statutaire de conserver des archives comptables, les intérêts sont imposés sur la base des droits constatés (à savoir, indépendamment du moment où le rendement est effectivement payé). Pour les autres contribuables, les intérêts courus sont, en règle générale, imposés lorsque les intérêts sont effectivement payés.

### ***Imposition à la cession ou au rachat des Titres***

Le rachat à la fin de la période ainsi qu'avant la cession est considéré comme la réalisation des Titres et déclenchera une plus-value ou une moins-value. Les plus-values seront imposées en tant que « revenu ordinaire », et seront soumises au taux forfaitaire de 28 pour cent. Les pertes seront déductibles dans le « revenu ordinaire » du porteur de Titres, et seront imposées au même taux d'imposition.

Toute plus-value ou moins-value est calculée en tant que différence entre le montant reçu par le porteur de Titres sur la réalisation et le coût d'acquisition des Titres. Le bénéfice imposable est calculé en couronnes norvégiennes. Les montants reçus sont convertis en couronnes norvégiennes au taux de change étranger au moment de la réalisation. Le coût d'acquisition est égal au prix auquel le porteur de Titres a acquis les Titres, au taux de change étranger au moment de l'acquisition. Les coûts engendrés par l'acquisition et la réalisation des Titres peuvent être déduits du revenu imposable du porteur de Titres dans l'année de la réalisation.

### ***Imposition des bénéfices et déduction des pertes concernant le change en devises étrangères***

Tout bénéfice et toute perte découlant du change en devises étrangères sont imposés dans l'année du revenu de la réalisation des Titres.

Des règles spéciales concernant la déduction de pertes non réalisées sur des créances en devises étrangères sont applicables pour les contribuables ayant une obligation statutaire de conserver des archives comptables. Pour les Titres à échéance proche, à savoir de moins d'un an, et les titres à échéance longue, à savoir de plus d'un an, toute perte non réalisée est déductible du revenu imposable. La perte est calculée en tant que juste valeur marchande moins le coût d'acquisition. Pour les Titres à long terme, les contribuables doivent inclure en tant que revenu tout bénéfice de change non réalisé lié au Titre, dans la même mesure que le contribuable a déduit une perte de change non réalisée sur le même Titre les années précédentes. Les bénéfices et les pertes sont calculés en tant que juste valeur marchande moins le coût d'acquisition.

### ***Crédit d'impôt***

Si l'État de résidence de l'émetteur du Titre applique un impôt retenu à la source sur les paiements d'intérêts, et que l'application de cet impôt n'est pas contraire à une convention fiscale entre l'État de résidence de l'émetteur du Titre et la Norvège, le porteur du Titre peut demander un crédit d'impôt en Norvège, à savoir une déduction des impôts payés dans cet autre État des impôts à payer en Norvège. Des restrictions peuvent s'appliquer.

### ***Imposition de l'actif net***

La valeur des Titres à la fin de chaque année du revenu sera intégrée dans le calcul de l'actif net imposable du porteur de Titres sur le plan fiscal municipal et étatique de l'actif net. Les obligations cotées sont évaluées à leur valeur boursière le 1<sup>er</sup> janvier de l'année d'évaluation, tandis que les obligations non cotées sont évaluées à leur valeur marchande estimée le 1<sup>er</sup> janvier de l'année d'évaluation. Le taux d'imposition marginale s'élève actuellement à 1,1 pour cent.

Les sociétés cotées et entités similaires ne sont pas soumises à l'imposition de l'actif net.

### ***Droits de mutation etc. – TVA***

Il n'existe actuellement pas de droit de mutation, de droit de timbre ou d'impôt similaire associé à l'achat, à la cession ou au rachat des Titres. De plus, il n'y a pas de TVA sur le transfert des Titres.

## PORTUGAL

*Les paragraphes suivants sont un résumé des questions fiscales portugaises majeures à la date de ce document dans le cadre de certains aspects de l'imposition portugaise sur les paiements du principal et des intérêts concernant les Titres. Les déclarations ne traitent pas d'autres aspects fiscaux portugais concernant les Titres et concernent seulement la situation de personnes qui sont des propriétaires effectifs absolus des Titres. Les paragraphes suivants consistent en un guide général, ils ne fournissent pas de conseils fiscaux ou juridiques et doivent être traités avec la circonspection qui s'impose. Les porteurs de Titres qui ont le moindre doute au sujet de leur situation fiscale sont invités à consulter leurs propres conseillers professionnels.*

Les porteurs de Titres qui peuvent être imposables dans des pays autres que le Portugal pour l'acquisition, la détention ou la cession des Titres sont invités à consulter leurs conseils professionnels pour déterminer s'ils sont imposables ainsi (et si oui, en vertu de la législation de quels pays). Tout particulièrement, les porteurs de Titres doivent savoir qu'ils peuvent être imposables en vertu de législation du Portugal et d'autres pays dans le cadre de paiements concernant les Titres même si ces paiements peuvent être réalisés sans la retenue ou la déduction pour ou à l'égard de l'imposition en vertu de la législation du Portugal.

Les références aux « intérêts », au « produit financier » et aux « plus-values » aux paragraphes ci-dessous signifient « intérêts », « produit financier » et « plus-values », telles qu'envisagées dans la législation fiscale portugaise. Les déclarations faites ci-dessous ne prennent pas en compte toute définition différente des « intérêts » ou du « produit financier » qui peuvent prévaloir en vertu de toute législation ou qui peuvent être créées par les Conditions ou par toute documentation s'y rapportant.

### ***Impôt sur le revenu du porteur de Titres***

Le revenu généré par la détention (distributions) et le transfert des Titres est généralement soumis au régime fiscal portugais pour les titres de créance (*obrigações*).

Les bénéfices financiers découlant des intérêts, de l'amortissement, des primes de remboursement et d'autres types de rémunération provenant des Titres sont considérés comme un produit financier sur le plan fiscal portugais.

#### **(A) Impôt retenu à la source et imposition autonome découlant des Titres**

Les paiements du principal sur les Titres ne sont pas soumis à l'impôt portugais retenu à la source. Dans cette optique, le principal signifie tous les paiements réalisés sans aucun composant de rémunération.

### ***Entités commerciales***

En vertu de la législation portugaise actuelle, les paiements du produit financier concernant les Titres versés aux sociétés fiscales résidentes portugaises et par des personnes morales non résidentes disposant d'un établissement stable au Portugal auxquelles le produit financier est attribuable sont intégrés dans leur revenu imposable et sont soumis à l'impôt sur les sociétés à un taux de 25 pour cent. Une taxe municipale (« *derrama municipal* ») allant jusqu'à 1,5 pour cent peut aussi être due sur les bénéfices imposables des porteurs de Titres. Une taxe étatique (« *derrama estadual* ») est due à un taux de 3 pour cent dû sur la partie des bénéfices imposables des porteurs de Titres excédant 1 500 000 € jusqu'à 10 000 000 € et de 5 pour cent sur la partie des bénéfices imposables excédant 10 000 000 €.

### ***Particuliers***

Concernant le produit financier des Titres versé aux particuliers fiscaux résidents portugais, il est soumis à un impôt sur le revenu des particuliers qui sera retenu à un taux de retenue définitif actuel de 25 pour cent s'il existe un agent payeur résident portugais, sauf si le particulier décide de l'intégrer dans son revenu imposable, sous

réserve d'un impôt à des taux progressifs allant jusqu'à 46,5 pour cent. Dans ce cas, l'impôt retenu est considéré comme un paiement à l'égard de l'impôt définitif dû. Un taux de l'impôt sur le revenu supplémentaire de 2,5 pour cent sera dû sur la partie du revenu imposable dépassant 153 300 €.

Les paiements d'intérêts dûs par des entités non résidentes à des particuliers fiscaux résidents sont soumis à une imposition autonome à un taux de 25 pour cent lorsque ces paiements ne sont pas soumis à l'impôt portugais retenu à la source.

Le produit financier payé ou rendu disponible (*colocado à disposição*) à des comptes au nom d'un ou de plusieurs titulaires de compte agissant à l'égard de tierces parties non identifiées est soumis à un impôt retenu à la source définitif de 30 pour cent, sauf si le propriétaire effectif du revenu est identifié et qu'en conséquence les taux d'imposition applicables à ce propriétaire effectif s'appliquent.

Un impôt retenu à la source définitif à un taux de 30 pour cent est applicable dans le cas de paiements de revenus d'investissement réalisés par une entité résidente dans un pays, territoire ou région soumis à un régime fiscal clairement plus favorable et compris dans la liste des « pays à faible taux d'imposition » approuvée par l'ordre ministériel (Portaria) n°150/2004 du 13 février, modifiée par l'ordre ministériel (Portaria) 292/2011, 8 novembre 2011, qui sont disponibles (*colocado à disposição*) aux particuliers par un agent payeur résident portugais.

Les paiements de revenus d'investissement réalisés par une entité résidente dans un pays, territoire ou région soumis à un régime fiscal clairement plus favorable et compris dans la liste des « pays à faible taux d'imposition » approuvée par l'ordre ministériel (Portaria) n°150/2004 du 13 février, modifiée par l'ordre ministériel (Portaria) 292/2011, 8 novembre 2011 sont soumis à une imposition autonome à un taux de 30 pour cent lorsque ces paiements ne sont pas soumis à l'impôt portugais retenu à la source.

## **(B) Plus-values découlant du transfert de Titres**

### ***Entités commerciales***

Les plus-values obtenues par le transfert des Titres par des personnes morales résidentes au Portugal sur le plan fiscal et par des personnes morales non résidentes disposant d'un établissement stable au Portugal auquel les plus-values sont attribuables sont intégrées dans leur revenu imposable et sont soumises à l'impôt sur les sociétés à un taux de 25 pour cent. Une taxe municipale (« *derrama municipal* ») allant jusqu'à 1,5 pour cent peut aussi être due sur les bénéfices imposables des porteurs de Titres. Une taxe étatique (« *derrama estadual* ») est due à un taux de 3 pour cent dû sur la partie des bénéfices imposables excédant 1 500 000 € jusqu'à 10 000 000 € et de 5 pour cent sur la partie des bénéfices imposables excédant 10 000 000 €.

### ***Particuliers***

Les plus-values obtenues par des particuliers résidents portugais sur le transfert de Titres sont imposées à un taux spécial de 25 pour cent prélevé sur la différence positive entre les plus-values et les moins-values de chaque année. Dans cette optique, une exonération de l'impôt sur le revenu est applicable si la différence positive annuelle obtenue par le transfert d'actions, d'obligations et d'autres titres de créance ne dépasse pas 500 €. Les intérêts courus ne sont pas classifiés en tant que plus-values sur le plan fiscal.

## **(C) Droit de timbre**

### ***Entités commerciales***

L'acquisition par une donation ou un héritage de Titres par une personne morale résidente portugaise ou non résidente agissant par l'intermédiaire d'un établissement stable portugais bien que non soumise au droit de timbre est soumise à l'impôt sur le revenu des sociétés à un taux de 25 pour cent. Une taxe municipale

(« *derrama municipal* ») allant jusqu'à 1,5 pour cent peut aussi être due sur les bénéfices imposables des porteurs de Titres. Une taxe étatique (« *derrama estadual* ») est due à un taux de 3 pour cent sur la partie des bénéfices imposables excédant 1 500 000 € jusqu'à 10 000 000 € et de 5 pour cent sur la partie des bénéfices imposables excédant 10 000 000 €.

### **Particuliers**

Aucun droit de timbre n'est applicable pour l'acquisition par l'intermédiaire d'une donation ou d'un héritage de Titres par un particulier.

### **Directive sur l'épargne de l'UE**

Le Portugal a mis en place la Directive du Conseil européen 2003/48/CE du 3 juin 2003 sur l'imposition des revenus de l'épargne dans la loi portugaise par le décret législatif n°62/2005, du 11 mars 2005, tel que modifié par la loi n°39-A/2005, du 29 juillet 2005.

### **ROUMANIE**

*Les informations suivantes sont une description générale de certaines considérations fiscales roumaines liées à l'acquisition, à la détention et à la cession des Titres par des porteurs non résidents et résidents, comprenant des informations concernant l'imposition de paiements d'intérêts dans le cadre des Titres.*

*Ce résumé est fondé sur la législation actuelle en Roumanie, en vigueur à la date de ce document, qui est soumise à des modifications sans avis préalable et ne prend pas en compte et n'aborde pas la législation fiscale de tout pays autre que la Roumanie, les conventions en matière de double imposition spécifiques conclues par la Roumanie ou les circonstances individuelles, la situation financière ou les objectifs d'investissement d'un investisseur dans les Titres.*

*Les investisseurs potentiels des Titres sont invités à consulter leurs propres conseillers fiscaux pour connaître la législation fiscale de rattachement de leur acquisition, de leur détention et de leur cession de Titres et quelles sont les conséquences de telles actions selon la législation fiscale de ces pays.*

*Les informations contenues dans cette section se limitent aux questions fiscales et les investisseurs potentiels ne doivent appliquer aucune information ou analyse présentée ci-dessous à d'autres domaines, y compris (et sans s'y limiter) à la légalité d'opérations impliquant les Titres.*

Dans le contexte de ce résumé, un **porteur résident** signifie soit :

- un particulier qui remplit au moins une des conditions suivantes : (a) est domicilié en Roumanie ; (b) le centre de ses intérêts majeurs est situé en Roumanie ; (c) passe plus de 183 jours en Roumanie sur une période de 12 mois, qui se termine à la fin de l'année civile actuelle ; (d) est un citoyen roumain travaillant à l'étranger en tant que fonctionnaire ou employé de Roumanie dans un autre État ; ou
- une personne morale constituée et organisée en vertu de la législation roumaine, une personne morale étrangère détenant son centre de gestion effectif en Roumanie ou une personne morale ayant son siège social en Roumanie organisée conformément à la législation européenne qui détient et cède des Titres.

Un **porteur non résident** signifie toute personne morale étrangère, tout particulier étranger qui n'est pas classifié comme porteur résident et toute entité étrangère sans personnalité juridique qui n'est pas enregistrée en Roumanie qui détient et cède des Titres.

## Imposition des intérêts

### *Porteurs résidents*

Un porteur de Titres qui est un particulier ou une personne morale résidente en Roumanie sur le plan fiscal est soumis aux impôts roumains applicables concernant les intérêts perçus ou courus sur les Titres.

Selon la législation fiscale roumaine (le **Code fiscal**) dans le cas où le porteur de Titres est un particulier résident en Roumanie sur le plan fiscal, le produit d'intérêts en vertu des Titres est soumis à un impôt sur le revenu des particuliers à un taux de 16 pour cent. Dans le cas d'un revenu de source roumaine, l'impôt sur le revenu des particuliers est retenu à la source par le payeur du revenu au moment où les intérêts sont enregistrés dans le compte du porteur de Titres ou où le remboursement se produit. L'échéance du paiement de cet impôt est le vingt-cinq du mois suivant le mois pendant lequel les intérêts sont enregistrés dans le compte du porteur de Titres ou pendant lequel le remboursement se produit. Si le produit d'intérêts n'est pas originaire de Roumanie, le porteur de Titres roumain sera obligé de déclarer le produit d'intérêts des Titres réalisé à l'autorité fiscale compétente. Le porteur résident est obligé d'envoyer sa déclaration d'impôts spéciale d'ici le 25 mai de l'année suivant la génération de revenu. L'autorité fiscale compétente calcule l'impôt annuel dû par le résident roumain et émet une décision fiscale concernant le recouvrement de l'impôt respectif. L'impôt dû doit être payé par le porteur résident dans les 60 jours à partir de la date à laquelle cette décision fiscale lui a été communiquée. Le porteur résident peut avoir droit à un crédit d'impôt ou à un remboursement des impôts retenus ou payés hors de Roumanie sur le produit d'intérêts découlant des Titres, à condition qu'il ou elle soit le propriétaire effectif des paiements d'intérêts et que l'autre État ait appliqué le taux d'imposition prévu par la convention en matière de double imposition en vigueur en Roumanie et qu'il reçoive de la personne chargée du paiement une attestation originale émise par l'autorité fiscale nationale de l'organisme de paiement pour l'impôt retenu.

Si le porteur de Titres est une personne morale résidente en Roumanie (sur le plan fiscal), l'impôt devra être calculé, déclaré et payé par cette personne morale et aucun impôt retenu à la source ne sera applicable. En vertu du Code fiscal en vigueur, tout bénéfice réalisé à partir d'intérêts perçus ou courus sur les Titres par des porteurs résidents roumains qui sont des personnes morales est généralement soumis à l'impôt sur le revenu des sociétés à un taux de 16 pour cent. A l'exception des dispositions ci-dessus, une procédure spéciale pour le calcul de l'impôt sur le revenu des sociétés est applicable dans le cas où les porteurs de Titres classifiés dans le régime fiscal de micro-entreprise et l'ayant choisi en vertu du Code fiscal. Le porteur résident peut avoir droit à un crédit d'impôt pour les impôts retenus ou payés hors de Roumanie sur le produit d'intérêts découlant des Titres, à condition qu'il soit le propriétaire effectif des paiements d'intérêts et qu'il reçoive de la personne chargée du paiement une attestation originale émise par l'autorité fiscale nationale de l'organisme de paiement pour l'impôt retenu si une convention fiscale a été appliquée.

### *Porteurs non résidents*

Il n'y a pas d'impôt roumain retenu à la source ou de déduction imposée en vertu du Code fiscal sur tout revenu provenant des Titres tant que ce revenu des Titres est considéré comme un revenu issu d'une source hors de Roumanie.

## Cession de Titres

### *Porteurs résidents*

La plus-value réalisée par un résident particulier en Roumanie sur le plan fiscal dans le cas du rachat, de la vente ou de la cession des Titres (la **plus-value**) est calculée comme étant la différence entre le prix d'achat et le prix de vente, moins les frais de transaction facturés par les courtiers ou agents, impliqués dans cette opération.

Si la plus-value provient d'une source roumaine, ce montant est soumis à un impôt de plus-values de 16 pour cent. En règle générale, la plus-value est déterminée chaque trimestre en fonction de la déclaration d'impôts

envoyée par le porteur de Titres jusqu'au 25 du mois suivant le trimestre pendant lequel la plus-value a été réalisée. Ce montant sera prélevé en tant que paiement anticipé à l'égard de l'impôt annuel dû par le porteur de Titres particulier roumain. La plus-value ou moins-value nette annuelle sera établie en fonction du compte de résultat envoyé par le particulier roumain conformément aux dispositions du Code fiscal.

Si la plus-value n'est pas originaire de Roumanie, le porteur de Titres résident roumain sera obligé de déclarer la plus-value à l'autorité fiscale compétente et de payer l'impôt correspondant. Dans cette optique, le porteur résident doit envoyer une déclaration d'impôts spéciale d'ici le 25 mai de l'année suivant le moment où il a réalisé la plus-value. Les plus-values ne provenant pas de Roumanie sont soumises au même taux d'imposition applicable à la plus-value de source roumaine (à savoir, 16 pour cent). L'autorité fiscale compétente calcule l'impôt annuel dû par le résident roumain et émet une décision fiscale concernant le recouvrement de l'impôt respectif. L'impôt dû doit être payé par le porteur résident dans les 60 jours à partir de la date à laquelle cette décision fiscale lui a été communiquée.

Si le porteur de Titres est une personne morale roumaine, l'impôt devra être calculé, déclaré et payé par cette personne morale et aucun impôt retenu à la source ne sera applicable. En vertu du Code fiscal en vigueur, le bénéfice réalisé par le rachat, la vente ou la cession des Titres par des porteurs résidents roumains qui sont des personnes morales est généralement soumis à l'impôt sur le revenu des sociétés à un taux de 16 pour cent. A l'exception des dispositions ci-dessus, une procédure spéciale pour le calcul de l'impôt sur le revenu des sociétés est applicable dans le cas où les porteurs de Titres classifiés dans le régime fiscal de micro-entreprise et l'ayant choisi en vertu du Code fiscal.

Dans le cas où une convention fiscale est appliquée et où le pays de résidence détient, conformément à la convention fiscale, le droit d'imposer, l'organisme de paiement ne doit pas imposer le résident roumain.

### **Porteurs non résidents**

En général, les porteurs de Titres non résidents ne doivent pas être soumis à tout impôt retenu à la source roumain concernant des bénéfices ou autres revenus réalisés lors du rachat, de la vente ou de la cession des Titres hors de Roumanie.

### **Directive sur l'épargne de l'UE**

Prenant effet à la date de l'adhésion de la Roumanie à l'Union européenne (1<sup>er</sup> janvier 2007) la Directive du Conseil européen 2003/48/CE du 3 juin 2003 sur l'imposition du revenu de l'épargne sous la forme de paiements d'intérêts a été intégrée dans le Code fiscal (entre les affiliés, les intérêts ne sont pas imposables sous certaines conditions).

## **REPUBLIQUE SLOVAQUE**

### **Généralités**

*Les informations présentées ci-dessous constituent seulement une description résumée des informations sur l'impôt sur le revenu slovaque des titres de créance et des titres (dlhopisy a pokladničné poukážky) (« Titres ») retenus à la source et elles ne prétendent pas être une analyse exhaustive de toutes les considérations fiscales slovaques liées à l'achat, à la détention et à la cession des Titres qui peuvent être importantes pour décider d'acheter des Titres. Ce résumé ne prend pas en compte et n'aborde pas la législation fiscale d'un pays autre que la République slovaque et il ne considère pas les conventions en matière de double imposition spécifiques ou les circonstances individuelles, la situation financière ou les objectifs d'investissement d'un investisseur dans les Titres. Sauf disposition contraire, les informations présentées ci-dessous décrivent seulement certaines conséquences fiscales slovaques importantes pour les porteurs de Titres qui sont des particuliers résident en République slovaque sur le plan fiscal ou des entités commerciales ayant leur siège social ou lieu de gestion effectif en République slovaque (les **porteurs slovaques**) ou des établissements stables slovaques d'entités et*

de particuliers étrangers, à qui le revenu issu des Titres est attribué (**l'ES slovaque**) ; un « lieu de gestion effectif » est défini en tant que « lieu où les décisions de gestion et les décisions d'entreprise du conseil d'administration ou du conseil de surveillance sont prises, même dans les cas où l'adresse de ce lieu n'est pas enregistrée auprès du registre commercial correspondant ».

Ce résumé est fondé sur la législation fiscale de la République slovaque en vigueur à la date de ce Prospectus de Base et sur ses interprétations courantes disponibles à cette date ou avant cette date. Tous les faits précités peuvent faire l'objet de modifications qui peuvent s'appliquer de manière rétroactive et peuvent affecter la validité continue de ce résumé.

Étant donné que ce résumé est d'ordre général seulement, les porteurs de Titres sont invités à consulter leurs propres conseillers fiscaux pour connaître les conséquences fiscales du pays duquel ils sont résidents sur le plan fiscal et de la législation fiscale de la République slovaque concernant l'achat, la détention et la cession des Titres et la réception de paiements d'intérêts, de principal et/ou d'autres paiements en vertu des Titres, y compris, en particulier, l'application à leur situation spécifique des considérations fiscales discutées ci-dessous ainsi que l'application de la législation étatique, locale, étrangère ou autre ou de toute convention en matière de double imposition.

### **Impôt sur le revenu retenu à la source**

Selon la législation fiscale slovaque, un porteur slovaque est considéré comme contribuable ayant un devoir d'imposition illimité. Cela signifie que la soumission à l'impôt concerne tous les revenus d'un porteur slovaque, indépendamment de s'ils sont issus de République slovaque ou de l'étranger.

Les porteurs slovaques particuliers et sous forme de personnes morales sont soumis à un taux de l'impôt sur le revenu forfaitaire de 19 pour cent.

En général, les intérêts et les plus-values provenant des Titres réalisés par un porteur slovaque sont considérés comme des revenus des actifs financiers et sont imposables de la même manière que le revenu habituel du porteur slovaque.

Dans le cas d'un contribuable ayant un devoir d'imposition illimité (y compris un porteur slovaque), un impôt du revenu des Titres provenant de sources slovaques est retenu seulement s'il est reçu par (i) une personne physique, (ii) un contribuable non établi pour des raisons commerciales, (iii) un fonds de placement immobilier national de République slovaque (*Fond národného majetku Slovenskej republiky*) et (iv) une banque nationale de République slovaque (*Národná banka Slovenskej republiky*). Tout revenu provenant de sources autres que la République slovaque doit être intégré dans une base d'imposition générale (ou, le cas échéant, une base d'imposition partielle) du porteur slovaque en matière d'impôt sur le revenu slovaque, qu'il s'agisse d'un particulier ou d'une société.

Cet impôt retenu à la source est, dans les cas précités, retenu du paiement brut par le « payeur » de ce revenu, à savoir « à la source », et non pas par le destinataire du revenu. Les porteurs de titres de créance (à l'exception de porteurs slovaques et de porteurs entreprenant des activités commerciales en République slovaque par l'intermédiaire d'un établissement stable) peuvent réconcilier l'impôt retenu avec l'impôt slovaque effectif dû en envoyant une déclaration d'impôts slovaque.

Par conséquent, il n'y a pas d'impôt slovaque retenu à la source ou de déduction imposée par la législation fiscale de la République slovaque sur tout revenu provenant des Titres puisque, en matière de législation slovaque, tout revenu issu des Titres est considéré comme un revenu provenant d'une source autre que la République slovaque, sauf s'il est payé par un porteur slovaque ou par un ES slovaque.

## SLOVENIE

*Les paragraphes suivants sont une description générale de certaines considérations fiscales slovènes concernant les Titres et fondées sur l'interprétation par l'émetteur de la législation actuelle et de la pratique en Slovénie de l'imposition des Titres en vertu du Programme qui sont soumises à des modifications. Ils ne prétendent pas être une analyse exhaustive de toutes les considérations fiscales concernant les Titres. Ils ne se rapportent qu'aux situations de personnes qui sont des propriétaires effectifs absolus des Titres et des intérêts respectifs et peuvent ne pas être applicables à certaines classes de personnes, tels que les négociants. Les acheteurs potentiels de Titres sont invités à consulter leurs conseillers fiscaux concernant les conséquences en vertu de la législation fiscale du pays dans lequel ils sont résidents sur le plan fiscal et de la législation fiscale de la République de Slovénie pour l'acquisition, la détention et la cession de Titres et la réception de paiements d'intérêts, de principal et/ou d'autres paiements en vertu des Titres. Ce résumé est fondé sur la législation en vigueur à la date de ce Prospectus de Base et est soumis à toute modification en termes de législation qui pourrait prendre effet après cette date.*

### Porteurs résidents – particuliers

Le revenu issu du capital en vertu de la loi relative à l'impôt slovène sur le revenu des particuliers (*Zakon o dohodnini* (ZDoh-2)) comprend les intérêts, les dividendes et les plus-values.

En vertu de la loi relative à l'impôt slovène sur le revenu des particuliers actuellement en vigueur, le paiement d'intérêts, tel que défini dans l'art. 81 de la loi relative à l'impôt sur le revenu des particuliers slovènes, inclut les intérêts issus des titres de créance et d'autres créances financières similaires sur les débiteurs. L'impôt sur les intérêts est également dû sur toute autre rémunération se rapportant à un aménagement de la dette financière qui ne représente pas le repaiement d'un principal, comprenant le revenu d'une cession ou d'un rachat par l'émetteur de titres de créance actualisés, comprenant les titres de créance sans coupon en vertu de l'art. 88 de la loi relative à l'impôt slovène sur le revenu des particuliers. L'impôt sur les intérêts est ainsi également dû sur les réductions, les bonifications, les primes et revenus similaires obtenus par un contribuable concernant un aménagement de la dette financière. La base d'imposition doit être obtenue sur les intérêts, sauf mention contraire de la loi relative à l'impôt slovènes sur le revenu des particuliers.

La base d'imposition sur les intérêts découlant de la cession des titres de créance actualisés avant l'échéance du titre ou lors de l'achat du titre de créance actualisé avant ou à l'échéance du document doit correspondre aux intérêts calculés pour la période à partir du jour de l'acquisition jusqu'au jour de cession ou d'achat du titre de créance actualisé. Les titres de créance actualisés doivent également inclure les titres de créance sans coupon. Le niveau d'intérêts doit être déterminé conformément à la méthodologie du rendement constant.

Si, lors d'un aménagement de la dette financière, il n'est pas explicitement déterminé à l'avance quelle partie du paiement individuel représente le repaiement du principal et quelle partie correspond aux intérêts, il sera considéré, sur le plan fiscal, que les intérêts calculés au taux d'intérêt reconnu, comme décrit dans la loi relative à l'impôt sur le revenu des sociétés, seront versés en premier.

Le revenu du capital comprend les bénéfices issus de la cession et de l'échange de bénéfices issus de titres et d'autres investissements en capital. Le revenu issu des plus-values réalisées après une période spéculative de 20 ans est exonéré de l'impôt sur le revenu. La base d'imposition des plus-values correspond à la différence positive entre le revenu de la valeur de cession et d'acquisition ou de la valeur manufacturière des actifs financiers cédés.

Le revenu du capital est imposé à un taux de 20 pour cent et n'est pas soumis à la déclaration d'impôts sur le revenu des particuliers annuelle.

Conformément à la loi relative à l'impôt slovène sur le revenu des particuliers, les plus-values issues de la vente ou de la cession de titres de créance détenus en tant que fonds non commerciaux sont généralement exonérées

d'impôt. Les plus-values découlant de l'isolement d'instruments financiers dérivés tels que décrits dans l'art. 7 de la loi sur le marché des instruments financiers (*Zakon o trgu finančnih instrumentov*) et de titres de créance (à l'exception de titres de créance avec coupon et de titres de créance actualisés) par un particulier résident sont imposées à un taux de 40 pour cent (sur les 12 premiers mois de la détention) et de 20 pour cent (sur les 4 années suivantes de la détention) conformément à la loi sur l'imposition des bénéfices issus de la cession d'instruments dérivés (*Zakon o davku od dobicka od odsvojitve izvedenih finančnih instrumentov*). Le taux d'imposition est diminué davantage de 5 points de pourcentage tous les 5 ans lors de la détention, afin que le taux de 15 pour cent, 10 pour cent, 5 pour cent et 0 pour cent soient applicables après la 5<sup>ème</sup>, 10<sup>ème</sup>, 15<sup>ème</sup> et 20<sup>ème</sup> année de la détention, respectivement.

Les plus-values issues de la vente ou de la cession de titres de créance détenus en tant que fonds de commerce peuvent être soumises à un taux d'imposition progressif sur le revenu pouvant aller jusqu'à 41 pour cent.

Les intérêts sur les Titres détenus par un entrepreneur résident en tant que fonds de commerce seront soumis à un taux d'imposition progressif sur le revenu pouvant aller jusqu'à 41 pour cent, sauf si les intérêts sont classifiés comme un revenu non commercial selon l'art. 54 de la loi relative à l'impôt sur le revenu des particuliers slovène, auquel cas le montant serait soumis à un taux forfaitaire de 20 pour cent comme décrit ci-dessus.

Les paiements d'intérêts versés à un particulier seront soumis à l'impôt slovène retenu à la source si le paiement est fait par une personne morale ou un entrepreneur, un établissement financier ou un autre intermédiaire établi en Slovénie en tant que résident fiscal ou non résident, qui selon la législation fiscale dispose d'un établissement stable en Slovénie. Si les intérêts ou dividendes sont versés par une personne morale ou un entrepreneur qui est résident de Slovénie, la personne morale ou l'entrepreneur, qui verse les intérêts ou les dividendes sera considéré comme le contribuable. Le contribuable doit calculer, retenir et payer aux autorités l'impôt sur le revenu, les intérêts et les dividendes. Dans ce cas, les investisseurs ne sont pas obligés de communiquer les intérêts recouvrés aux autorités fiscales.

Si la personne morale ou l'entrepreneur qui verse les intérêts ou les dividendes n'est pas un résident de Slovénie et qui selon une législation fiscale ne dispose pas d'établissement stable en Slovénie, le porteur de Titres, soit le destinataire des intérêts qui est soumis à l'impôt slovène sur le produit d'intérêts, doit déclarer chaque montant d'intérêt dans une déclaration d'impôts envoyée au plus tard le 15 du mois calendaire pour la période des trois mois calendaires précédents et doit payer le montant de l'impôt lors de la réception de la décision par les autorités fiscales déterminant le calcul du montant de l'impôt et ordonnant au particulier de payer le montant ainsi calculé. Un revenu provenant de l'étranger et issu d'une plus-value doit être déclaré au plus tard le 15<sup>ème</sup> jour suivant la cession des Titres.

Conformément à la loi relative à l'impôt sur le revenu des particuliers, un résident slovène peut réduire ses paiements d'impôts slovènes par l'impôt payé à l'étranger sur un revenu provenant d'une source hors de la Slovénie. Conformément à la loi en matière de procédure fiscale, une personne imposable qui est un résident slovène peut demander une déduction d'impôts pour l'impôt sur les intérêts payé dans l'autre pays sur sa déclaration d'impôts de particulier qui doit être envoyée à l'autorité fiscale compétente. Le résident doit fournir des documents indiquant son obligation fiscale dans cet autre pays, et avant tout des documents prouvant le montant de l'impôt payé dans l'autre pays, la base d'imposition et la preuve que le montant a effectivement été payé.

La Directive sur l'épargne de l'UE a été intégrée dans la législation locale. Si un impôt retenu à la source est déduit des intérêts dans un autre pays de l'UE en vertu des dispositions de la législation nationale de ce pays et conformément aux périodes de transition prévues par la Directive sur l'épargne de l'UE, le particulier résident peut demander un crédit de l'impôt déduit de son impôt slovène sur le revenu dû. Si l'impôt déduit excède l'impôt dû en Slovénie, le particulier résident peut demander un remboursement du montant excédentaire auprès des autorités fiscales slovènes.

### Porteurs résidents – sociétés

Les intérêts sur les Titres perçus et/ou les plus-values réalisées sur la vente ou la cession des Titres dans chaque cas par :

- (i) une personne morale résidente en République de Slovénie sur le plan fiscal ; ou
- (ii) par un établissement stable (*poslovna enota*) en République de Slovénie d'une personne morale non résident en République de Slovénie sur le plan fiscal,

sont soumis à l'impôt sur le revenu des sociétés slovène (*davek od dohodkov pravnih oseb*) faisant partie du revenu global de ce résident ou, selon le cas, une personne morale non résidente est soumise à l'imposition à la source et à l'imposition sur le revenu découlant de l'exercice d'activités commerciales dans un établissement stable ou par l'intermédiaire d'un établissement stable en Slovénie.

L'impôt est prélevé sur les bénéfices nets, définis selon le compte de résultat, tel que stipulé par la loi relative à l'impôt sur le revenu des sociétés (*Zakon o davku od dohodkov pravnih oseb* (ZDDPO-2), ci-après LIRS) et les normes comptables. Le taux LIRS s'élève à 20 pour cent. Cependant, un taux d'imposition de 0 pour cent peut par exemple être applicable aux fonds de placement, aux fonds de pension et aux compagnies d'assurance qui ont leurs propres fonds de pension.

### Porteurs non résidents - particuliers

Conformément à la loi relative à l'impôt sur le revenu des particuliers, les non résidents sont soumis à l'impôt sur le revenu découlant d'une source en Slovénie. L'impôt retenu à la source est prélevé à un taux de 20 pour cent. L'imposition à la source peut être évitée ou réduite conformément aux conditions générales d'un accord applicable en matière de double imposition et le porteur doit demander un remboursement auprès des autorités fiscales slovènes qui attesteront de sa recevabilité.

### Porteurs non résidents - sociétés

Aucun impôt n'est prélevé sur des paiements en vertu des Titres aux personnes morales non résidentes en République de Slovénie sur le plan fiscal et n'ayant pas d'établissement stable en République de Slovénie, à l'exception du fait que l'impôt retenu à la source au taux de 15 pour cent est prélevé sur les paiements d'intérêts sur les Titres des personnes morales résidentes dans certains pays qui se trouvent hors de l'UE où le taux de l'impôt sur le revenu nominal général ou moyen est inférieur à 12,5 pour cent et qui figurent sur la liste des « paradis fiscaux » selon le Ministère des finances. La liste actuelle de ces pays est la suivante :

Les Bahamas, la Barbade  
Belize  
Brunei  
République dominicaine  
Costa Rica  
Liberia  
Liechtenstein  
Maldives  
Îles Marshall  
Île Maurice  
Oman  
Panama  
Saint-Christophe-et-Niévès  
Saint-Vincent-et-les-Grenadines  
Samoa

Seychelles  
Uruguay  
Vanuatu

## **TVA**

Les opérations, à l'exception de la gestion, de la garde, des conseils et services en investissement concernant les acquisitions, mais comprenant la négociation pour les actions et les intérêts dans des sociétés ou des associations, les obligations non garanties et autres titres, à l'exception de documents établissant la propriété des biens et les droits et intérêts sont exonérés de TVA.

## **Droit de timbre**

En principe, aucun droit de timbre n'est à payer lors d'un transfert de Titres en Slovénie.

## **Impôt sur les héritages et les donations**

Une personne soumise à l'impôt sur les héritages et les donations est toute personne physique qui hérite de biens ou en reçoit en tant que donation ainsi que toute personne qui reçoit des biens dans le cadre d'un contrat d'entretien à vie. Les biens sont des biens immobiliers et des droits sur des biens immobiliers et autres droits immobiliers ainsi que des biens meubles (comprenant des titres et de la trésorerie). La valeur de toutes les donations reçues par la même personne en un an est prise en compte pour l'établissement du montant imposable à compter du moment de la réception de la première donation. Une donation ou un héritage consistant seulement en un bien meuble n'est pas imposable si la valeur totale du bien meuble ne dépasse pas 5 000 EUR.

La base imposable pour l'impôt sur les héritages et les donations correspond à la valeur marchande du bien au moment où l'impôt dû est produit, réduit des dettes, des coûts et frais concernant ce bien, soumis à l'imposition. Dans le cas d'un bien meuble, la base d'imposition pour les héritages et les donations est diminuée de 5 000 EUR.

L'impôt sur les héritages et les donations n'est pas payé par l'héritier ou le destinataire de la donation d'un premier ordre de succession (enfants et époux/épouse).

Les taux d'imposition sont progressifs et différent en fonction de l'ordre de succession. Les taux d'imposition pour l'impôt sur les héritages et les donations varient entre 5 pour cent et 39 pour cent.

## **ESPAGNE**

*Le résumé suivant est d'ordre général et est inclus ici à titre indicatif seulement. Il est fondé sur la législation actuellement en vigueur en Espagne, mais il ne prétend pas fournir de conseils juridiques et fiscaux et ne doit pas être utilisé dans cette optique. Cette section ne constitue pas une description exhaustive de toutes les questions fiscales qui peuvent être importantes pour décider d'investir dans les Titres ou de toutes les conséquences fiscales qui peuvent découler de la souscription, de l'acquisition, de la détention, du transfert, du rachat ou du remboursement des Titres et ne prétend pas décrire les conséquences fiscales applicables aux catégories d'investisseurs soumis à des règles fiscales spéciales. Il est donc conseillé aux investisseurs potentiels des Titres de consulter leurs propres conseillers professionnels quant aux incidences de la législation fiscale étatique, locale ou étrangère, y compris la législation fiscale espagnole, à laquelle ils peuvent être soumis.*

## **Particuliers disposant d'une résidence fiscale en Espagne**

### ***Impôt sur le revenu des particuliers***

L'impôt sur le revenu des particuliers est prélevé sur une base annuelle sur le revenu mondial obtenu par les particuliers résidents espagnols, quelle que soit la source et où que le payeur concerné soit établi. Par conséquent, tout revenu que les porteurs de Titres espagnols peuvent recevoir en vertu des Titres sera soumis à l'imposition espagnole.

Les intérêts reçus périodiquement et le revenu découlant de la cession, du rachat ou du remboursement des Titres obtenus par des particuliers qui sont des résidents fiscaux en Espagne seront considérés comme un revenu financier sur le plan fiscal (à savoir un rendement de l'investissement découlant du transfert du capital propre à des tierces parties).

Les deux types de revenus seront intégrés dans la partie épargne du revenu imposable soumis à l'impôt sur le revenu des particuliers à deux taux d'imposition. Le revenu financier allant jusqu'à 6 000 € sera imposé à un taux de 21 pour cent et le dépassement du seuil de 24 000 euros sera soumis à un taux d'imposition définitif de 27 pour cent par l'ajout du taux d'imposition autonome. Les porteurs de Titres espagnols doivent calculer les intérêts bruts obtenus dans la partie épargne de la base d'imposition de la période fiscale pendant laquelle ils sont dus, y compris les montants retenus, le cas échéant.

Le revenu provenant de la cession, du rachat ou du remboursement des Titres sera calculé comme étant la différence entre : (a) leur valeur de cession, de rachat ou de remboursement ; et (b) leur valeur d'acquisition ou de souscription. Les frais et dépenses effectivement engendrés de l'acquisition et du transfert des Titres peuvent être pris en compte dans le calcul du revenu fiscal correspondant, à condition qu'ils puissent être dûment justifiés.

De la même manière, les dépenses liées à la gestion et au dépôt des Titres, le cas échéant, seront déductibles d'impôt, à l'exception de celles relatives à la gestion de portefeuille discrétionnaire ou de particuliers.

Les pertes qui peuvent découler du transfert des Titres ne peuvent pas être compensées si l'investisseur acquiert des titres homogènes pendant la période de deux mois précédant ou suivant le transfert des Titres, jusqu'à ce qu'il ou elle transfère ces titres homogènes.

De plus, les crédits d'impôt permettant d'éviter la double imposition internationale peuvent être applicables dans le cas d'impôts payés dans un pays autre que l'Espagne sur un revenu découlant des Titres, le cas échéant.

### ***Impôt sur la fortune***

Les particuliers qui sont des résidents fiscaux espagnols sont soumis à un impôt sur la fortune annuel le 31 décembre sur leur actif net total, indépendamment du lieu de leurs actifs (tels que les Titres) ou de là où leurs droits peuvent être exercés. Cependant, conformément à la loi 4/2008 du 23 décembre, les contribuables bénéficient d'un crédit d'impôt de 100 pour cent sur leur impôt sur la fortune dû à compter de 2008. Néanmoins, l'impôt sur la fortune a été réaffirmé seulement pour les 2011 et 2012. Cependant, certaines autonomies, à savoir le pays Basque, la Navarre et Madrid ont maintenu le crédit d'impôt de telle sorte qu'en termes pratiques cela signifie que les contribuables de ces territoires sont effectivement exonérés de l'impôt sur la fortune.

### ***Impôt sur les héritages et les donations***

L'impôt sur les héritages et les donations est prélevé sur les héritiers et les donataires des particuliers résidents en Espagne sur le plan fiscal. Il est calculé en prenant en compte plusieurs circonstances, telles que l'âge et le patrimoine net précédent de l'héritier ou du donataire et la parenté avec la personne ou le donateur décédé. Le taux d'imposition applicable varie entre 7,65 et 34 pour cent en fonction des circonstances particulières, bien que

l'impôt définitif à payer peut augmenter jusqu'à 81,6 pour cent. Il est néanmoins soumis aux règles spécifiques passées par les régions espagnoles concernées dans le cadre de cet impôt.

### **Personnes morales disposant d'une résidence fiscale en Espagne**

#### ***Impôt sur le revenu des sociétés***

Les intérêts reçus périodiquement et le revenu découlant de la cession, du rachat ou du remboursement des Titres obtenus par des entités qui sont résidentes en Espagne sur le plan fiscal doivent être calculés comme revenu imposable de la période fiscale pendant laquelle ils sont cumulés.

Le taux d'imposition général pour les sociétés à responsabilité limitée est actuellement de 30 pour cent. Cependant, les sociétés de petite taille (sociétés dont le revenu net est inférieur à 10 000 000 €) peuvent bénéficier du taux d'imposition diminué de 25 pour cent sur les premiers 300 000 € de leurs bénéfices imposables. En plus de cela et pour la période débutant en 2011, les sociétés enregistrant un revenu net inférieur à 5 000 000 € et un personnel moyen de moins de 25 employés peuvent bénéficier du taux diminué de 20 pour cent sur les premiers 300 000 € de leurs bénéfices imposables, correspondant au reste des bénéfices imposables soumis à un taux d'imposition de 25 pour cent. Des taux spéciaux sont applicables pour certains types d'entités (tels que les établissements de placement collectif éligibles).

Des crédits d'impôt permettant d'éviter la double imposition internationale peuvent être applicables dans le cas d'impôts payés dans un pays autre que l'Espagne sur un revenu découlant des Titres, le cas échéant.

### **Particuliers et personnes morales ne disposant pas de résidence fiscale en Espagne**

Un porteur de Titres non résident, qui dispose d'un établissement stable en Espagne auquel ces Titres sont attribuables, est soumis à l'impôt sur le revenu des non résidents espagnols sur tout revenu réalisé par les Titres, y compris les intérêts reçus périodiquement et le revenu provenant de la cession, du rachat ou du remboursement des Titres. Sur un plan général, les règles fiscales applicables aux particuliers et aux personnes morales sans résidence fiscale en Espagne mais agissant par l'intermédiaire d'un établissement stable en Espagne sont les mêmes que celles applicables aux contribuables de l'impôt sur le revenu des sociétés.

#### **Impôt retenu à la source espagnol**

Lorsqu'un établissement financier (soit résident en Espagne ou agissant par l'intermédiaire d'un établissement stable en Espagne) agit en tant que dépositaire des Titres ou intervient en tant que responsable dans le recouvrement de tout revenu en vertu des Titres, cet établissement financier est chargé de procéder à la retenue correspondante à l'égard de tout impôt espagnol sur tout revenu découlant des Titres. Le taux de l'impôt retenu à la source actuel en Espagne s'élève à 21 pour cent. Les montants retenus en Espagne, le cas échéant, peuvent être déduits de l'impôt sur le revenu dû définitif espagnol des particuliers, dans le cas de particuliers résidents fiscaux espagnols, ou de l'impôt sur le revenu dû définitif espagnol des sociétés, dans le cas de sociétés espagnoles, ou de l'impôt sur le revenu définitif de non résidents, dans le cas de l'établissement stable espagnol d'un porteur de Titres non résident. Cependant, les porteurs de Titres qui sont des contribuables de l'impôt sur le revenu des sociétés ou des contribuables de l'impôt sur le revenu non résidents agissant par l'intermédiaire d'un établissement stable en Espagne auquel les Titres sont attribuables peuvent bénéficier d'une exonération de l'impôt retenu à la source lorsque les Titres sont cotés sur une bourse officielle de l'OCDE. Ce sera le cas lorsque les Titres devront être négociés sur le marché réglementé de la Bourse de Luxembourg.

De plus, cet établissement financier peut être obligé de se conformer aux formalités mentionnées dans la Réglementation sur l'impôt sur le revenu des particuliers espagnol (décret royal 439/2007 du 30 mars) et sur l'impôt sur le revenu des sociétés espagnol (décret royal 1777/2004 du 30 juillet) lorsqu'il intervient dans le transfert ou le remboursement des Titres.

## **Imposition indirecte**

L'acquisition, le transfert, le rachat, le remboursement et l'échange des Titres seront exonérés du droit de mutation et du droit de timbre ainsi que de la taxe sur la valeur ajoutée.

## **SUEDE**

*Le résumé suivant décrit certaines conséquences fiscales suédoises se rapportant aux porteurs de Titres, sauf indication contraire. Le résumé est fondé sur la législation du Royaume de Suède en vigueur actuellement et vise seulement à fournir des informations générales. Ce résumé n'aborde pas les règles concernant les obligations déclaratives pour, entre autres, les payeurs d'intérêts. Il est vivement recommandé aux acheteurs potentiels de s'adresser à leurs propres conseillers fiscaux professionnels concernant les conséquences fiscales suédoises et autres (y compris l'applicabilité et l'incidence des conventions en matière de double imposition) de la détention et du transfert de Titres.*

### **Porteur non résident en Suède**

Les paiements de tout montant en principal ou de tout montant qui est considéré comme un intérêt sur le plan fiscal suédois pour le porteur de Titres ne doit pas être soumis à l'impôt sur le revenu suédois, à condition que ce porteur ne soit ni résident en Suède sur le plan fiscal suédois ni impliqué dans le commerce ou dans des affaires en Suède par l'intermédiaire d'un établissement stable. Une personne est résidente en Suède sur le plan fiscal suédois si elle (a) est domiciliée en Suède ; (b) a son domicile habituel en Suède ; ou (c) a été domiciliée auparavant en Suède et, après être partie à l'étranger, continue d'avoir un lien majeur avec la Suède (par exemple, si elle est impliquée dans le commerce ou dans des affaires en Suède). La législation suédoise ne prévoit pas de déduction ou de retenue pour ou l'égard d'impôts sur des paiements de tout principal ou d'intérêts pour le porteur de Titres, à l'exception de paiements d'intérêts à un porteur qui est un particulier ou la succession d'un particulier décédé ayant sa résidence fiscale en Suède. Les particuliers (et les successions de particuliers décédés) qui ne sont pas résidents en Suède sur le plan fiscal peuvent être soumis à l'imposition sur les plus-values en Suède lors de la cession ou du rachat de certains instruments financiers, en fonction de la classification de l'instrument financier spécifique en matière d'impôt sur le revenu suédois, s'ils ont été résidents en Suède ou sont restés en Suède de manière stable à tout moment de l'année civile de la cession ou du rachat, ou pendant les dix années civiles précédant l'année de la cession ou du rachat.

### **Porteurs résidents en Suède**

En général, pour les sociétés et les particuliers suédois (et les successions de particuliers décédés) étant résidents en Suède sur le plan fiscal, tout le revenu du capital (à savoir le revenu qui est considéré comme des intérêts sur le plan fiscal suédois et des plus-values sur les Titres) sera imposable. Cependant, des conséquences fiscales spécifiques peuvent être applicables à certaines catégories d'entreprises (par exemple, les sociétés d'investissement et les compagnies d'assurance vie). Si les Titres sont enregistrés auprès d'Euroclear Sweden ou détenus par un mandataire suédois conformément à la loi relative aux comptes d'instruments financiers suédois (SFS 1998:1479), des impôts préliminaires suédois seront retenus par Euroclear Sweden ou le mandataire sur les paiements de montants qui sont considérés comme des intérêts sur le plan fiscal suédois d'un particulier ou de la succession d'un particulier décédé étant résident en Suède sur le plan fiscal suédois.

## **ROYAUME-UNI**

*La partie suivante s'applique seulement aux personnes qui sont les propriétaires effectifs de Titres et elle constitue un résumé de l'interprétation de la législation et de la pratique actuelles par l'émetteur au Royaume-Uni se rapportant seulement à certains aspects de l'imposition britannique. Le régime fiscal britannique de porteurs de Titres et d'investisseurs potentiels dépend de leurs circonstances individuelles et peut être soumis à des modifications à l'avenir. Les porteurs de Titres potentiels qui peuvent être soumis à l'impôt dans un pays autre*

que le Royaume-Uni ou qui ont des doutes quant au régime fiscal qui leur est applicable doivent s'adresser à leur propre conseiller professionnel.

### ***Paiement d'intérêts sur les Titres***

Si l'on considère que les intérêts sur les Titres ne proviennent pas du Royaume-Uni, aucune retenue ne doit être nécessaire à l'égard de l'impôt sur le revenu britannique de paiements d'intérêts sur les Titres.

Les porteurs de Titres peuvent noter que, dans certaines circonstances, HM Revenue and Customs (**HMRC**) est habilité à obtenir des informations (y compris le nom et l'adresse du propriétaire effectif des intérêts) de toute personne au Royaume-Uni qui paie ou crédite des intérêts au profit d'un porteur de Titres ou qui en reçoit à son profit. HMRC a également le droit, dans certaines circonstances, d'obtenir des informations de toute personne au Royaume-Uni qui paie des montants dus sur le remboursement de Titres qui sont des titres particulièrement réduits dans le cadre de la loi relative à l'impôt sur le revenu (négociation et autres revenus) de 2005 ou reçoit ces montants au profit d'une autre personne, bien que les bonnes pratiques publiées d'HMRC indiquent qu'HMRC n'est pas habilité, comme indiqué ci-dessus, à exiger ces informations concernant des montants dus sur le remboursement de titres particulièrement réduits si ces montants sont payés d'ici le 5 avril 2013 inclus. Ces informations peuvent comprendre le nom et l'adresse du propriétaire effectif du montant dû pour le remboursement. Toute information obtenue peut, dans certaines circonstances, être échangée entre HMRC et les autorités fiscales du pays duquel le porteur de Titres est résident sur le plan fiscal.

### **Droit de timbre et SDRT (droit complétant le droit de timbre)**

#### *CDI*

Un accord inconditionnel de transfert de CDI engendre généralement un recouvrement du droit complétant le droit de timbre britannique au taux de 0,5 pour cent du montant ou de la valeur de la rémunération pour les CDI sauf si :

les Titres dans lesquels les CDI représentent un intérêt sont au porteur et si ces Titres :

- (i) constituent les capitaux d'emprunt de l'émetteur ; ou
- (ii) ne sont pas libellés en livres sterling ; ou
- (iii) sont « cotés sur une bourse reconnue » ; ou

les Titres dans lesquels les CDI représentent un intérêt sont sous forme nominative et si ces Titres sont :

- (i) inscrits dans un registre conservé en dehors du Royaume-Uni par ou au nom de l'émetteur concerné ; et
- (ii) « cotés sur une bourse reconnue » ; ou

les Titres dans lesquels les CDI représentent un intérêt (qu'ils soient au porteur ou sous forme nominative) constituent des « capitaux d'emprunt exonérés ».

#### *Titres au porteur*

Un recouvrement du droit de timbre britannique à 1,5 pour cent de la valeur des Titres surviendra de l'émission de Titres au porteur au Royaume-Uni qui sont libellés en livres sterling et qui ne sont pas des capitaux d'emprunt. Aucun droit de timbre britannique dû ne survient de l'émission de ces Titres au porteur en dehors du Royaume-Uni. Cependant, un droit de timbre britannique dû à 1,5 pour cent surviendra sur le premier transfert par remise

de ces Titres au porteur au Royaume-Uni qui étaient tout d'abord émis en dehors du Royaume-Uni. Dans le cas contraire, aucun droit de timbre britannique ne sera à payer concernant l'émission des Titres au porteur.

#### *Titres à remise physique*

Le droit de timbre et le droit complétant le droit de timbre peuvent également être à payer sur un règlement physique des Titres qui implique la remise d'un actif autre que des liquidités.

Dans ce cas, les Titres seront des **capitaux d'emprunt exonérés** à condition que : (a) ils constituent des capitaux d'emprunt de l'émetteur concerné ; (b) ils ne sont ni convertibles ni échangeables en (ou pour) d'autres actions ou titres et ne comportent normalement pas de droit d'acquisition d'autres actions ou titres ; (c) ils ne comportent pas de droit aux intérêts qui dépassent un rendement commercial satisfaisant sur le montant nominal des Titres ou qui sont déterminés dans le contexte par référence aux résultats de ou d'une partie de toute activité commerciale ou à la valeur de tout bien immobilier ; et (d) ils sont soit cotés sur la Bourse de Londres soit, si tel n'est pas le cas, ils ne comportent pas de droit à une prime sur le rachat ce qui n'est normalement pas comparable à la prime de rachat à payer sur les « capitaux d'emprunt » qui sont cotés sur la Bourse de Londres.

Dans ce cas, les Titres seront **cotés sur une bourse reconnue** s'ils sont : (a) inscrits sur la liste officielle (au sens de et conformément aux dispositions de la Partie 6 de la loi sur les services et marchés financiers de 2000) et admis à la négociation sur la Bourse de Londres ; ou (b) cotés officiellement à Luxembourg conformément aux dispositions correspondant à celles généralement applicables dans les États de l'EEE et sont admis à la négociation sur la Bourse de Luxembourg ; ou (c) cotés officiellement en Suisse conformément aux dispositions correspondant à celles généralement applicables dans les États de l'EEE et sont admis à la négociations sur le Bourse SIX.

#### ***Directive sur l'épargne de l'UE***

En vertu de la Directive du Conseil européen 2003/48/CE sur l'imposition du revenu de l'épargne, les États membres doivent fournir aux autorités fiscales d'un autre État membre les informations des paiements d'intérêts (ou revenu similaire) versés par une personne dans son pays à un particulier résident dans cet autre État membre ou à certains types limités d'entités établies dans cet autre État membre. Cependant, pendant une période transitoire, le Luxembourg et l'Autriche doivent, sauf s'ils en décident autrement pendant cette période, opérer un système de retenue à la source pour ces paiements (la fin de cette période transitoire dépendant de la conclusion d'autres accords relatifs à l'échange d'informations avec d'autres pays). Un certain nombre de pays et territoires hors UE y compris la Suisse ont convenu d'adopter des mesures similaires.

La Commission européenne a proposé certaines modifications à la Directive qui peuvent, si elles sont mises en place, modifier ou élargir le champ d'application des conditions décrites ci-dessus.

TOUTE INFORMATION FISCALE DE CE TYPE A ETE ECRITE DANS LE BUT DE PROMOUVOIR OU DE COMMERCIALISER LES PROPOSITIONS DECRITES ICI. CHAQUE CONTRIBUABLE DOIT S'ADRESSER A UN CONSEILLER FISCAL INDEPENDANT EN FONCTION DE SES CIRCONSTANCES SPECIFIQUES.

Les paragraphes suivants sont un résumé de certaines conséquences importantes en matière d'impôt sur le revenu fédéral américain de la détention et de la cession des Titres par des porteurs, mais ne prétend pas être une analyse exhaustive de toutes les incidences fiscales potentielles. Ce résumé est fondé sur le Code, sur la

réglementation du Trésor américain actuelle et proposée promulguée ci-dessous, et sur des règles et décisions des tribunaux publiées, toutes en vigueur et actuelles à la date de ce Prospectus de Base étant toutes soumises à des modifications à tout moment avec un effet rétroactif et prospectif. Ce résumé ne traite pas des conséquences importantes en matière d'impôt sur le revenu fédéral américain de chaque type de Titre qui peut être émis en vertu du Programme, et les conditions générales définitives peuvent contenir la communication d'informations supplémentaires ou modifiées concernant les conséquences importantes en matière d'impôt sur le revenu fédéral américain se rapportant à ce type de Titres tels qu'ils sont émis ci-dessous.

Ce résumé ne vise qu'à fournir des informations générales et ne traite pas de toutes les conséquences fiscales qui peuvent concerner les porteurs. De plus, sauf dans la mesure expressément prévue ci-dessous, ce résumé ne traite aucune conséquence fiscale pour les porteurs qui peuvent être soumis à des règles spéciales, tels que les établissements financiers, les organisations exonérées d'impôt, les porteurs non américains (tels que décrits ci-dessous), les compagnies d'assurance, les sociétés de placement réglementées, les sociétés civiles de placement immobilier, les sociétés de portefeuille privées, les sociétés étrangères contrôlées, les sociétés de placement étrangères passives, les courtiers-négociants en titres ou en devises, les opérateurs en valeurs mobilières qui choisissent d'utiliser la méthode comptable d'évaluation au prix du marché pour leurs titres, les porteurs américains (tels que décrits ci-dessous) dont la devise fonctionnelle n'est pas le dollar américain, les entités classifiées comme sociétés de personnes en matière d'impôt sur le revenu fédéral américain, et les particuliers étrangers non résidents qui ont perdu leur citoyenneté américaine ou qui ne sont plus considérés comme des étrangers résidents américains. De plus, ce résumé ne traite pas :

- des conséquences en matière d'impôt sur le revenu fédéral américain pour les actionnaires d'une entité qui est un porteur des Titres ou les associés ou bénéficiaires de cette entité ;
- des conséquences fiscales fédérales américaines en matière de donations ou d'impôt minimum de remplacement de l'acquisition, de la détention ou de la cession des Titres ;
- des personnes qui détiendront les Titres dans une position d' « ordre lié » ou dans le cadre d'une « vente constructive » ou d'une « opération de couverture », d'une « conversion » ou d'une autre opération intégrée ;
- des conséquences fiscales résultant de tout État, toute municipalité, tout pays étranger ou toute autre autorité fiscale ; ou
- des porteurs qui détiennent, directement, indirectement ou de manière constructive, 10 pour cent ou plus des actions à droit de vote de l'émetteur.

Un « porteur américain » signifie un propriétaire effectif d'un Titre qui, en matière d'impôt sur le revenu fédéral américain, est :

un particulier qui est un citoyen ou un particulier résident des États-Unis, comme décrit dans la Section 7701(b) du Code ;

une société, y compris une entité considérée comme une société en matière d'impôt sur le revenu fédéral américain, créée ou organisée en vertu de la législation des États-Unis, de tout État y appartenant ou du District de Columbia ;

une succession dont le revenu est soumis à l'impôt sur le revenu fédéral américain indépendamment de sa source ; ou

une fiducie si : (i) un tribunal des États-Unis est capable d'exercer un contrôle principal sur l'administration de la fiducie, et une ou plusieurs personnes américaines ont le pouvoir de contrôler toutes les décisions importantes de la fiducie ; ou (ii) cette fiducie dispose d'un choix valable en vigueur en vertu de la réglementation du Trésor américain applicable d'être considérée comme une personne américaine.

Les termes « porteur non américain » signifient le propriétaire effectif d'un Titre qui n'est pas une société de personnes, et qui n'est pas, en matière d'impôt sur le revenu fédéral américain, un porteur américain. Si une

société de personnes détient les Titres, le régime fiscal d'un associé dépendra généralement du statut de l'associé et des activités de la société de personnes. Les associés des sociétés de personnes détenant les Titres sont invités à consulter leurs conseils fiscaux quant aux conséquences en matière d'impôt sur le revenu fédéral américain lié à l'acquisition, à la détention, à l'échange et à la cession des Titres.

**Les investisseurs potentiels sont invités à consulter leurs propres conseillers fiscaux quant aux conséquences fiscales fédérales, étatiques et locales américaines et celles étrangères (et aux obligations déclaratives) liées à l'acquisition, à la détention et à la cession des Titres au vu des circonstances spécifiques de cet investisseur, comprenant le statut de cet investisseur en tant que porteur américain ou non américain ainsi que les autres conséquences fiscales d'une succession, d'une donation ou autre (ou les obligations déclaratives) qui peuvent survenir en vertu de la législation de toute autorité fiscale étatique, locale, étrangère ou autre.**

L'émetteur entend généralement considérer les Titres émis en vertu du Programme comme une dette sur le plan fiscal fédéral américain, sauf indication contraire dans les conditions générales définitives applicables. Cependant, certains Titres, tels que les titres indexés ou les titres avec une échéance de plus de 30 ans, peuvent être considérés comme des capitaux propres ou comme des contrats financiers en matière d'impôt sur le revenu fédéral américain. Le régime fiscal des Titres, auxquels un régime autre que la dette sur le plan fiscal fédéral américain peut être applicable, sera traité dans les conditions générales définitives applicables.

Les conditions générales définitives pour une émission de Titres peuvent préciser quant à l'émission de Titres en quoi (le cas échéant) elles se rapportent aux conséquences de l'impôt sur le revenu fédéral américain potentiel lié à l'acquisition, à la détention, à la cession, à l'annulation et à l'exercice des Titres.

Les porteurs peuvent être soumis à une variété de conséquences fiscales américaines en fonction de la soumission et des conditions générales des Titres. Les porteurs sont invités à consulter leurs conseils quant aux conséquences fiscales liées à l'achat de Titres, surtout si les Titres en phase d'acquisition peuvent être considérés, sur le plan fiscal américain, comme des instruments de placement ou comme un autre type d'instrument financier.

## **Porteurs américains**

### ***Paielements d'intérêts***

Les intérêts sur un Titre, qu'il soit à payer en dollars américains ou en devise, en monnaie composite ou en panier de devises autres que les dollars américains (une **monnaie étrangère**), et autres que les intérêts sur un « bon à prime » qui ne sont pas des « intérêts stipulés classifiés » (chacun décrit ci-dessous dans « *Prime d'émission — Généralités* »), seront imposables à un porteur américain en tant que revenu ordinaire au moment où il est reçu ou accumulé, en fonction de la méthode comptable du porteur sur le plan fiscal. Les intérêts payés par l'émetteur sur les Titres et la prime d'émission ou OID (comme décrit ci-dessous), le cas échéant, accumulés à l'égard des Titres (comme décrit ci-dessous dans « *Prime d'émission* ») constitueront généralement un revenu issu de sources autres que les États-Unis en vertu des règles concernant le crédit d'impôt étranger américain accordé à un porteur américain (ainsi que les plafonds y afférents). Les acheteurs potentiels sont invités à consulter leurs propres conseillers fiscaux quant aux implications en matière de crédit d'impôt étranger américain de tout paiement d'impôts étrangers.

### ***Prime d'émission***

#### ***Généralités***

Les paragraphes suivants sont un résumé des conséquences majeures en matière d'impôt sur le revenu fédéral américain de la détention de Titres émis avec une prime d'émission (**OID**). Le résumé suivant ne traite pas des

Titres qui sont définis comme des instruments de placement avec paiements provisionnés en matière d'impôt sur le revenu fédéral américain.

Un Titre, autre qu'un Titre doté d'une durée d'un an ou moins (un **Titre à court terme**), sera considéré comme émis avec une prime d'émission ou OID (un **bon à prime**) si l'excédent du « prix de rachat stipulé à l'échéance » du Titre par rapport à son prix d'émission est égal ou supérieur à un montant *de minimis* (0,25 pour cent du prix de rachat stipulé à l'échéance du Titre multiplié par le nombre d'années entières jusqu'à son échéance). En général, le prix d'émission d'un Titre est le premier prix auquel un montant important de Titres compris dans l'émission dont le Titre fait partie est vendu à des personnes autres que des maisons d'obligations, des courtiers ou personnes ou organisations similaires agissant en qualité de garants d'émission, d'agents de placement ou de grossistes. Le prix de rachat stipulé à l'échéance d'un Titre correspondra au total de tous les paiements à effectuer sur le Titre qui ne sont pas des paiements d'« intérêts stipulés classifiés ». Un paiement d'intérêts stipulés qualifiés est en général tout paiement d'une série de paiements d'intérêts stipulés sur un Titre qui sont à payer de manière inconditionnelle au moins chaque année à un taux fixe unique ou à un taux variable (comme décrit ci-dessous dans « *Titres à taux d'intérêt variable* »), appliqué au montant principal impayé du Titre. Dans le seul but de déterminer si un Titre est doté d'une prime d'émission, l'émetteur sera considéré comme exerçant toute option d'achat ayant pour effet de réduire le rendement sur le Titre, et le porteur américain sera considéré comme exerçant toute option de vente ayant pour effet d'augmenter le rendement sur le Titre. Si un Titre est doté d'une prime d'émission de minimis, un porteur américain doit inclure le montant de minimis dans le revenu, car des paiements principaux stipulés sont effectués sur le Titre, sauf si le porteur fait le choix décrit ci-dessous dans « *Choix de considérer tous les intérêts comme des primes d'émission* ».

En général, sauf si les porteurs américains de bons à prime font le choix spécifique de considérer tous les intérêts sur les bons à prime (y compris les intérêts stipulés classifiés) comme des primes d'émission, les porteurs américains des bons à prime doivent intégrer les primes d'émission dans le revenu brut sur toute la durée des bons à prime (et avant la réception de liquidités attribuables au revenu) en utilisant la « méthode des taux de rendement constants ». Selon la « méthode des taux de rendement constants », le montant de la prime d'émission à intégrer dans le revenu par un porteur américain de bons à prime correspond à la somme des « tranches journalières » de prime d'émission liées aux bons à prime pour chaque jour de l'année imposable ou de la portion de l'année imposable pendant laquelle le porteur américain détient les bons à prime (**prime d'émission accumulée**). La tranche journalière est déterminée par l'attribution à chaque jour de la période d'accumulation d'une portion au prorata de la prime d'émission attribuable à cette période d'accumulation. La période d'accumulation est généralement sélectionnée par le porteur, à condition qu'aucune période d'accumulation ne soit plus longue qu'une année et que chaque paiement d'intérêts ou de principal prévu sur le bon se produise soit le premier soit le dernier jour d'une période d'accumulation. Le montant de la prime d'émission attribuable à une période d'accumulation autre que la période d'accumulation finale est égal à l'excédent (a) du produit du « prix d'émission ajusté » du bon à prime au début de la période d'accumulation et du « taux de rendement actuariel » du bon à prime (déterminé sur la base de la capitalisation des intérêts à la fin de chaque période d'accumulation et correctement ajusté à la durée de la période d'accumulation) sur (b) la somme des paiements d'intérêts stipulés classifiés sur le bon attribuable à la période d'accumulation.

Le « prix d'émission ajusté » d'un bon à prime au début de toute période d'accumulation correspond au prix d'émission du bon ajouté de (x) le montant de la prime d'émission accumulée pour chaque période d'accumulation précédente et diminué de (y) le montant de tous paiements réalisés auparavant sur le bon qui n'étaient pas classifiés de paiements d'intérêts stipulés. Le « taux de rendement actuariel » du bon à prime correspond au taux d'actualisation qui, lorsqu'il est utilisé pour calculer la valeur actuelle de tous les paiements du principal et paiements d'intérêts à réaliser en vertu du bon à prime, produit un montant égal au prix d'émission du bon à prime. Le porteur américain peut calculer le montant de la prime d'émission attribuable à une période d'accumulation courte initiale en utilisant une méthode raisonnable si toutes les autres périodes d'accumulation, autres qu'une période d'accumulation finale courte, sont de durée égale.

Le montant de la prime d'émission attribuable à la période d'accumulation finale est égal à la différence entre (x) le montant à payer à l'échéance du bon à prime (autre que le paiement des intérêts stipulés classifiés), et (y) le prix d'émission ajusté du bon à prime au début de la période d'accumulation finale.

En vertu de ces règles, un porteur américain devra généralement inclure dans le revenu des montants de plus en plus élevés de primes d'émission dans les périodes d'accumulation successives.

#### *Prime d'acquisition*

Un porteur américain qui achète un bon à prime pour un montant inférieur ou égal à la somme de tous les montants à payer sur le bon après la date d'achat, autres que les paiements des intérêts stipulés classifiés, mais supérieur à son prix d'émission ajusté (tout excédent étant appelé **prime d'acquisition**) et qui ne fait pas le choix décrit ci-dessous dans « *Choix de considérer tous les intérêts comme des primes d'émission* », est en droit de réduire les tranches journalières des primes d'émission d'une fraction, dont le numérateur est l'excédent de la base ajustée du porteur américain dans le bon à prime juste après son achat sur le prix d'émission ajusté du bon à prime, et dont le dénominateur est l'excédent de la somme de tous les montants à payer sur le bon après la date d'achat, autres que les paiements d'intérêts stipulés classifiés, sur le prix d'émission ajusté du bon à prime.

#### *Prime de marché*

Un bon, autre qu'un bon à court terme, sera généralement considéré comme acheté à une prime de marché (**bon à prime de marché**) si le prix de rachat stipulé à échéance du bon ou, dans le cas d'un bon à prime, le « prix d'émission révisé » du bon, excède le montant pour lequel le porteur américain a acheté le bon d'au moins 0,25 pour cent du prix de rachat stipulé à échéance ou du prix d'émission révisé du bon, respectivement, multiplié par le nombre d'années entières jusqu'à l'échéance du bon (ou, dans le cas d'un bon qui est une obligation de paiements échelonnés, l'échéance moyenne pondérée du bon). Si cet excédent ne suffit pas pour que le bon soit considéré comme un bon à prime de marché, alors l'excédent constitue une « prime de marché de minimis ». Dans cette optique, le « prix d'émission révisé » d'un bon est généralement égal à son prix d'émission, augmenté du montant de toute prime d'émission qui s'est accumulée sur le bon et diminuée du montant de tout paiement effectué auparavant sur le bon qui n'était pas classifié de paiement d'intérêt stipulé.

Tout bénéfice reconnu à l'échéance ou à la cession d'un bon à prime de marché (y compris tout paiement sur un bon qui n'est pas classifié d'intérêt stipulé) sera considéré comme un revenu ordinaire dans la mesure où le bénéfice n'excède pas la prime de marché accumulée sur le bon. A titre subsidiaire, un porteur américain d'un bon à prime de marché peut actuellement décider d'inclure la prime de marché dans le revenu pendant la durée de vie du bon. Ce choix s'applique à tous les instruments de placement ayant une prime de marché acquise par le porteur américain ayant opté à compter du premier jour de la première année imposable à laquelle le choix s'applique. Ce choix peut ne pas être révoqué sans l'accord de l'IRS. Le porteur américain d'un bon à prime de marché qui ne décide pas d'inclure la prime de marché dans le revenu devra actuellement en général différer les déductions d'intérêt sur les emprunts réalisés pour acheter ou porter un bon à prime de marché qui est supérieur aux intérêts et à la prime d'émission sur le bon à inclure dans le revenu du porteur américain, dans la mesure où cet excédent de charge d'intérêts n'est pas supérieur à la portion de la prime de marché attribuable aux jours pendant lesquels le bon à prime de marché a été détenu par le porteur américain.

La prime de marché s'accumulera de façon linéaire, sauf si le porteur américain décide d'augmenter la prime de marché par une méthode des taux de rendement constants. Ce choix est seulement applicable au bon sur lequel il est fait et est irrévocable.

#### *Choix de considérer tous les intérêts comme des primes d'émission*

Un porteur américain peut décider d'inclure dans le revenu brut tous les intérêts qui s'accumulent sur un bon à l'aide de la méthode des taux de rendement constants décrite ci-dessous dans « *Prime d'émission — Généralités* » avec certaines modifications. Dans le contexte de ce choix, les intérêts comprennent les intérêts

stipulés, la prime d'émission, la prime d'émission de minimis, la prime de marché, la prime de marché *de minimis* et les intérêts non stipulés, tels qu'ajustés par toute prime d'obligations amortissable (comme décrit ci-dessous dans « bons achetés moyennant une prime ») ou par une prime d'acquisition. Si un porteur américain fait ce choix pour le bon, alors si la méthode des taux de rendement constants est appliquée, le prix d'émission du bon sera égal au coût du porteur américain, la date d'émission du bon sera la date à laquelle le porteur américain l'a acquis, et aucun paiement sur le bon ne sera considéré comme des paiements des intérêts stipulés classifiés. Ce choix sera généralement applicable seulement au bon sur lequel elle est prise et peut ne pas être révocable sans l'accord de l'IRS. Cependant, si le bon a une prime d'obligations amortissable, le porteur américain sera considéré comme ayant fait le choix d'appliquer la prime d'obligations amortissable, autre que des instruments de placement sur lesquels les intérêts peuvent être exclus du revenu brut, détenus au début de l'année imposable pendant laquelle le choix est applicable ou toute année fiscale suivante. Si le choix d'appliquer la méthode des taux de rendement constants à tous les intérêts sur un bon est prise en vertu d'un bon à prime de marché, le porteur américain ayant opté pour sera considéré comme ayant fait le choix abordé ci-dessous dans « Prime de marché » pour inclure la prime de marché dans le revenu actuellement sur la vie de tous les instruments de placement en détenant la prime de marché ou en l'acquérant par la suite par le porteur américain. Un porteur américain peut ne pas révoquer un choix d'appliquer la méthode des taux de rendement constants à tous les intérêts sur un bon ou les choix considérés concernant la prime d'obligations amortissable ou les bons à prime de marché sans l'accord de l'IRS. Les porteurs américains sont invités à consulter leurs conseillers fiscaux quant à la bonne administration et aux conséquences de ce choix.

#### *Titres à taux d'intérêt variable*

Les Titres qui produisent des intérêts à des taux variables (**Titres à taux d'intérêt variable**) porteront généralement des intérêts à un « taux flottant classifié » et seront par conséquent considérés comme des « instruments de placement à taux variable » en vertu de la réglementation du Trésor américain régissant l'accumulation des primes d'émission. Un Titre à taux d'intérêt variable sera classifié comme un « instrument de placement à taux variable » si (a) son prix d'émission n'excède pas les paiements de principal totaux non contingents dus en vertu du Titre à taux d'intérêt variable de plus d'un montant de minimis spécifié et si (b) il fournit des intérêts stipulés, payés ou capitalisés au moins annuellement, à : (i) un ou plusieurs taux flottants classifiés ; (ii) un taux fixe unique et un ou plusieurs taux flottants classifiés ; (iii) un taux objectif unique ; ou (iv) un taux fixe unique et un taux objectif unique qui est un taux flottant inversé classifié.

Un « taux flottant classifié » correspond à tout taux variable pour lequel les variations de valeur du taux sont raisonnablement capables de mesurer les variations contemporaines du coût de fonds nouvellement empruntés dans la devise dans laquelle le Titre à taux d'intérêt variable est libellé. Le multiple fixe d'un taux flottant classifié constituera généralement un taux flottant classifié seulement si le multiple est supérieur à 0,65 pour cent mais pas supérieur à 1,35 qu'un taux variable soit augmenté ou diminué par un taux fixe ou non. Un taux variable qui constituerait normalement un taux flottant classifié mais qui est soumis à une ou plusieurs restrictions telle que la limitation numérique maximum (à savoir, un plafond) ou une limitation numérique minimum (à savoir, un seuil minimum) peut, dans certaines circonstances, ne pas être considéré comme un taux flottant classifié, sauf si le plafond ou le seuil minimum sont fixes pendant la durée du Titre.

Un « taux objectif » est un taux qui n'est pas lui-même un taux flottant classifié mais qui est déterminé en utilisant une formule fixe unique fondée sur des informations financières et économiques objectives (à savoir, un ou plusieurs taux flottants classifiés ou le rendement de biens personnels activement négociés). Un taux ne sera pas classifié comme taux objectif s'il est fondé sur des informations qui sont sous le contrôle de l'émetteur (ou d'une partie liée) ou qui est unique aux circonstances de l'émetteur (ou d'une partie liée), tels que les dividendes, les bénéfices ou la valeur des actions de l'émetteur (bien qu'un taux ne cesse pas d'être un taux objectif simplement parce qu'il est fondé sur la qualité de crédit de l'émetteur).

Un titre à taux flottant classifié ou un titre à taux objectif en vigueur doit être à tout moment pendant la durée de l'instrument doit être fixé à la « valeur courante » de ce taux. La **valeur courante** d'un taux est la valeur du taux

n'importe quel jour ne précédant pas plus de trois mois le premier jour auquel cette valeur est en vigueur et pas après un an suivant ce premier jour.

Un Titre à taux d'intérêt variable qui prévoit des intérêts stipulés soit à un taux flottant classifié unique soit à un taux objectif unique pendant toute la durée du Titre et qui est classifié comme « instrument de placement à taux variable » ne sera généralement pas considéré comme ayant été émis avec une prime d'émission sauf si le Titre à taux d'intérêt variable est émis avec une « prime réelle » (à savoir, à un prix inférieur au montant du principal stipulé du Titre) dépassant un montant *de minimis* spécifié. Une prime d'émission sur un Titre à taux d'intérêt variable découlant d'une prime réelle est attribuée à une période d'accumulation en utilisant la méthode des taux de rendement constants décrite ci-dessus.

En général, tout autre Titre à taux d'intérêt variable qui est classifié en tant qu'« instrument de placement à taux variable » sera converti en un instrument de placement à taux fixe équivalent dans le but de calculer le montant et l'accumulation de la prime d'émission et les intérêts stipulés classifiés sur le Titre à taux d'intérêt variable. Ce Titre à taux d'intérêt variable doit être converti en un instrument de placement à taux fixe équivalent en substituant tout taux flottant classifié ou taux flottant inversé classifié prévu par les conditions générales du Titre à taux d'intérêt variable par un taux fixe égal à la valeur du taux flottant classifié ou du taux flottant inversé classifié, selon le cas, à la date d'émission du Titre à taux d'intérêt variable. Tout taux objectif (autre qu'un taux flottant inversé classifié) prévu par les conditions générales du Titre à taux d'intérêt variable est converti en un taux fixe qui reflète le rendement raisonnablement prévu pour le Titre à taux d'intérêt variable. Dans le cas d'un Titre à taux d'intérêt variable qui est classifié comme un « instrument de placement à taux variable » et prévoit des intérêts stipulés à un taux fixe en plus de soit un ou plusieurs taux flottants classifiés soit un taux flottant inversé classifié, le taux fixe est d'abord converti en un taux flottant classifié (ou un taux flottant inversé classifié, si le Titre à taux d'intérêt variable prévoit un taux flottant inversé classifié). Dans ces circonstances, le taux flottant classifié, ou taux flottant inversé classifié qui remplace le taux fixe, doit être tel que la juste valeur marchande du Titre à taux d'intérêt variable à la date d'émission du Titre à taux d'intérêt variable soit environ la même que la juste valeur marchande d'un autre instrument de placement identique qui prévoit soit le taux flottant classifié soit le taux flottant inversé classifié au lieu du taux fixe. Suite à la conversion du taux fixe soit en un taux flottant classifié soit en un taux flottant inversé, le Titre à taux d'intérêt variable est converti en un instrument de placement à taux fixe équivalent de la manière décrite ci-dessus.

Lorsque le Titre à taux d'intérêt variable est converti en un instrument de placement à taux fixe équivalent en vertu des règles qui précèdent, le montant de la prime d'émission et des intérêts stipulés classifiés, le cas échéant, est calculé pour l'instrument de placement à taux fixe équivalent en appliquant les règles générales de prime d'émission à l'instrument de placement à taux fixe équivalent, et le porteur américain d'un Titre à taux d'intérêt variable représentera la prime d'émission et les intérêts stipulés classifiés comme si le porteur américain détenait l'instrument de placement à taux fixe équivalent. Pendant chaque période d'accumulation, des ajustements adéquats seront effectués sur le montant des intérêts stipulés classifiés ou de la prime d'émission présumés avoir été accumulés ou payés en vertu de l'instrument de placement à taux fixe équivalent dans le cas où ces montants diffèrent du montant effectif des intérêts accumulés ou payés sur le Titre à taux d'intérêt variable pendant la période d'accumulation.

Si un Titre à taux d'intérêt variable, tel qu'un Titre sur lequel les paiements sont calculés en référence à un indice, n'est pas classifié comme « instrument de placement à taux variable », alors le Titre à taux d'intérêt variable sera considéré comme un instrument de placement à paiement provisionné. Les acheteurs potentiels sont invités à consulter leurs conseils fiscaux concernant le régime approprié en matière d'impôt sur le revenu fédéral américain de Titres à taux d'intérêt variable qui sont considérés comme une dette à paiement provisionné.

#### *Titres à court terme*

En général, un particulier ou autre porteur américain recourant à la comptabilité de caisse d'un Titre à court terme n'est pas obligé d'accumuler des primes d'émission (calculées comme décrit ci-dessous en vertu de ce paragraphe) en matière d'impôt sur le revenu fédéral américain sauf s'il décide d'agir ainsi (en revanche, il se

peut qu'il soit obligé d'intégrer tout intérêt stipulé dans le revenu lorsque les intérêts sont perçus). Les porteurs américains recourant à la comptabilité d'engagement et d'autres porteurs américains doivent accumuler des primes d'émission sur les Titres à court terme de façon linéaire ou, si le porteur américain le décide, selon la méthode des taux de rendement constants (fondée sur la capitalisation journalière). Dans le cas où un porteur américain n'est pas obligé ni ne décide d'intégrer les primes d'émission dans le revenu, tout bénéfice réalisé sur la vente ou sur toute autre cession du Titre à court terme sera un revenu ordinaire dans le contexte de la prime d'émission accumulée de façon linéaire (sauf si un choix est fait d'accumuler la prime d'émission selon la méthode des taux de rendement constants) jusqu'à la date de la vente ou de toute autre cession. Les porteurs américains qui ne sont pas obligés ni ne décident d'accumuler des primes d'émission sur les Titres à court terme devront différer les déductions d'intérêts sur les emprunts attribuables aux Titres à court terme d'un montant n'excédant pas le revenu différé jusqu'à ce que le revenu différé soit réalisé.

Afin de déterminer le montant des primes d'émission en vertu de ces règles, tous les paiements d'intérêts sur un Titre à court terme, y compris les intérêts stipulés, sont inclus dans le prix de rachat stipulé de ce Titre à l'échéance. Un porteur américain peut décider de calculer la prime d'émission sur un Titre à court terme comme si ce Titre avait d'abord été émis pour le porteur américain comme prix d'achat du porteur américain pour le Titre à court terme. Ce choix s'applique à toutes les obligations à échéance d'un an ou moins acquises par le porteur américain à partir du premier jour de la première année imposable pendant laquelle le choix est applicable, et ne peut pas être révoqué sans l'accord de l'IRS.

### ***Titres achetés à prime***

Un porteur américain qui achète un Titre pour un montant supérieur à son montant principal ou pour un bon à prime, son prix de rachat stipulé à l'échéance, peut décider de considérer l'excédent comme une « prime d'obligation amortissable », auquel cas le montant devant être intégré dans le revenu du porteur américain chaque année en vertu des intérêts sur le Titre sera diminué du montant de la prime d'obligation amortissable attribuable (en fonction du taux de rendement actuariel du Titre) à cette année. Tout choix d'amortir la prime d'obligation est applicable à toutes les obligations (autres que les obligations dont les intérêts peuvent être exclus du revenu brut en matière d'impôt sur le revenu fédéral américain) détenues par le porteur américain au début de la première année fiscale à laquelle le choix est applicable ou acquises par la suite par le porteur américain, et est irrévocable sans l'accord de l'IRS. Un porteur américain qui ne décide actuellement pas de prendre en compte la prime d'obligations (autres que les primes d'acquisition) constatera une perte de capital lorsque le Titre arrivera à échéance.

### ***Achat, vente et autres cessions de Titres***

Un détenteur américain constatera un bénéfice ou une perte sur la vente, le rachat ou toute autre cession d'un Titre égal(e) à la différence entre le montant réalisé (autre que les montants attribuables aux intérêts accumulés mais impayés qui seront imposés comme le produit d'intérêts dans la mesure où ils n'ont pas été imposés ainsi auparavant) sur la vente, le rachat ou toute autre cession et la base d'imposition ajustée du porteur américain dans le Titre. La base d'imposition ajustée d'un porteur américain pour un Titre sera en général égale au montant que ce porteur américain a payé pour le Titre, (i) augmenté du montant de toute prime d'émission ou de prime du marché intégré dans le revenu du porteur américain en vertu du Titre et du montant, le cas échéant, du revenu attribuable à une prime d'émission de minimis et à une prime du marché de minimis intégrées dans le revenu du porteur américain en vertu du Titre, et (ii) diminué du montant de tous paiements qui ne sont pas des paiements d'intérêts stipulés classifiés et du montant de toute prime d'obligation amortissable appliquée pour réduire les intérêts sur le Titre. A l'exception de la mesure énoncée ci-dessus, sous « *Prime d'émission—prime du marché* » ou sous « *Prime d'émission—Titres à court terme* » ou attribuables à des intérêts accumulés mais impayés ou à des changements de taux de change (comme décrit ci-dessous), le bénéfice ou la perte constatés sur la vente ou toute autre cession d'un Titre sera un bénéfice ou une perte de capital et sera généralement considéré comme provenant de sources américaines en matière de restrictions du crédit d'impôt étranger américain et peut être imposable à des taux réduits dans le cas d'un porteur américain qui est un particulier, une succession ou

une fiducie, si les Titres sont détenus pendant plus d'une année. La déductibilité de pertes de capital est soumise à des restrictions.

### ***Titres en devises étrangères***

#### ***Intérêts***

Si un paiement d'intérêts est libellé en une devise étrangère ou déterminé par référence à cette devise, le montant du revenu constaté par un porteur américain recourant à la comptabilité de caisse sera la valeur en dollars américains du paiement d'intérêts, fondée sur le taux de change en vigueur à la date de réception, indépendamment de si le paiement est effectivement converti en dollars américains ou non.

Un porteur américain recourant à la comptabilité d'accumulation peut calculer le montant du revenu constaté en vertu d'un paiement d'intérêts libellé en une devise étrangère ou déterminé par référence à cette devise conformément à chacune des deux méthodes. Selon la première méthode, le montant du revenu accumulé sera fondé sur le taux de change moyen en vigueur pendant la période d'accumulation des intérêts (ou, dans le cas d'une période d'accumulation qui s'étend sur deux années imposables d'un porteur américain, la partie de la période comprise dans l'année imposable).

Selon la deuxième méthode, le porteur américain peut décider de calculer le montant du revenu accumulé en fonction du taux de change en vigueur le dernier jour de la période d'accumulation (ou, dans le cas d'une période qui s'étend sur deux années imposables, le taux de change en vigueur le dernier jour de la partie de la période comprise dans l'année imposable). De plus, si un paiement d'intérêts est effectivement perçu dans les cinq jours ouvrables suivant le dernier jour de la période d'accumulation, un porteur américain ayant opté et recourant à une comptabilité d'accumulation peut alors convertir les intérêts accumulés en dollars américains au taux de change en vigueur le jour de la réception effective. Tout choix de la sorte sera applicable à tous les instruments de placement détenus par le porteur américain au début de la première année imposable pendant laquelle le choix est applicable ou acquis par la suite par le porteur américain, et sera irrévocable sans l'accord de l'IRS.

A la réception d'un paiement d'intérêts (comprenant un paiement attribuable à des intérêts accumulés mais impayés à la vente ou à toute autre cession d'un Titre) libellé en une devise étrangère ou déterminé par référence à cette devise, le porteur américain peut constater un bénéfice ou une perte de change de source américaine (imposable comme un revenu ou une perte ordinaire) égal(e) à la différence entre le montant reçu (converti en dollars américains au cours acheteur comptant à la date de réception) et le montant accumulé auparavant, indépendamment de si le paiement est effectivement converti en dollars américains ou non.

#### ***Prime d'émission***

La prime d'émission pour chaque période d'accumulation sur un bon à prime qui est libellé en une devise étrangère ou déterminé par référence à cette devise sera calculée dans la devise étrangère et ensuite convertie en dollars américains de la même manière que les intérêts stipulés sont accumulés par un porteur américain recourant à la comptabilité d'accumulation, comme décrit ci-dessus sous « *Titres en devises étrangères—Intérêts* ». A la réception d'un montant attribuable à la prime d'émission (qu'elle soit liée à un paiement sur le Titre ou à une vente ou à toute autre cession du Titre), un porteur américain peut constater un bénéfice ou une perte de change de source américaine (imposable comme un revenu ou une perte ordinaire) égal(e) à la différence entre le montant reçu (converti en dollars américains au cours acheteur comptant à la date de réception) et le montant accumulé auparavant, indépendamment de si le paiement est effectivement converti en dollars américains ou non.

### *Prime d'obligation*

La prime d'obligation (comprenant la prime d'acquisition) sur un Titre qui est libellé en une devise étrangère ou déterminé par référence à cette devise sera calculée en unités de la devise étrangère et cette prime d'obligation qui est prise en compte actuellement réduira le produit d'intérêts en unités de la devise étrangère.

A la date à laquelle la prime d'obligation annule le produit d'intérêts, un porteur américain peut constater un bénéfice ou une perte de change de source américaine (imposable comme un revenu ou une perte ordinaire) calculé par la différence entre le cours acheteur comptant en vigueur à cette date et à la date à laquelle les Titres ont été acquis par le porteur américain.

### *Achat, vente et autres cessions de Titres en devises étrangères*

Comme indiqué ci-dessus sous « *Achat, vente ou autres cessions de Titres* », un porteur américain constatera généralement un bénéfice ou une perte sur la vente ou toute autre cession d'un Titre égal(e) à la différence entre le montant réalisé sur la vente ou toute autre cession et sa base d'imposition dans le Titre. La base d'imposition d'un porteur américain dans un Titre en devise étrangère sera déterminée par référence au coût en dollars américains du Titre. Le coût en dollars américains d'un Titre acheté en devise étrangère sera généralement la valeur en dollars américains du prix d'achat à la date de l'achat ou, dans le cas de Titres négociés sur un marché boursier établi, tel que défini dans la réglementation du Trésor applicable, qui sont achetés par un porteur américain recourant à la comptabilité de caisse (ou un porteur américain recourant à la comptabilité d'accumulation qui fait ce choix), à la date de règlement pour l'achat.

Le montant réalisé sur une vente ou toute autre cession pour un montant en devise étrangère sera la valeur en dollars américains de ce montant à la date de la vente ou de toute autre cession ou, dans le cas de Titres négociés sur un marché boursier établi, tel que défini dans la réglementation du Trésor américain applicable, vendus par un porteur américain recourant à la comptabilité de caisse (ou un porteur américain recourant à la comptabilité d'accumulation qui fait ce choix), à la date de règlement pour la vente. Ce choix d'un porteur américain recourant à la comptabilité d'accumulation doit être appliqué de manière homogène d'une année à l'autre et ne peut pas être révoqué sans l'accord de l'IRS.

Un porteur américain constatera un bénéfice ou une perte de change de source américaine (imposable comme revenu ou perte ordinaire) sur une vente ou toute autre cession d'un Titre égal(e) à la différence, le cas échéant, entre les valeurs en dollars américains du prix d'achat du porteur américain pour le Titre (ou, s'il est inférieur, le montant du principal du Titre) : (a) à la date de la vente ou de toute autre cession ; et (b) à la date à laquelle le porteur américain a acquis le Titre. Tout bénéfice ou toute perte de change de ce type sera réalisé(e) seulement dans la mesure d'un bénéfice ou d'une perte total(e) réalisé(e) sur la vente ou sur toute autre cession.

### *Cession de devises étrangères*

Les devises étrangères reçues comme intérêts sur un Titre ou sur la vente, sur le rachat ou sur toute autre cession d'un Titre aura généralement une base d'imposition égale à sa valeur en dollars américains au moment où les intérêts sont perçus ou au moment de la vente ou de toute autre cession. Les devises étrangères qui sont achetées auront généralement une base d'imposition égale à la valeur en dollars américains de la devise étrangère à la date de l'achat. Tout bénéfice ou toute perte constaté(e) sur une vente ou toute autre cession de devise étrangère (y compris son utilisation pour acheter des Titres ou lors de l'échange pour des dollars américains) sera un revenu ou une perte ordinaire de source américaine.

### ***Impôt supplémentaire relatif au système de soins de santé américain (Medicare)***

Pendant les années suivant le 31 décembre 2012, une personne des États-Unis qui est un particulier, une succession ou une fiducie qui ne relève pas d'une classe spéciale de fiducies exonérées de cet impôt, sera soumise à un impôt de 3,8 pour cent sur le plus faible montant entre (1) le « revenu de l'investissement net » de

cette personne pour l'année imposable concernée et (2) le montant du revenu brut modifié de cette personne pour l'année imposable dépassant un certain seuil (qui, dans le cas de particuliers, se situera entre 125 000 U.S.\$ et 250 000 U.S.\$, en fonction des circonstances du particulier). Le revenu d'investissement net d'un porteur américain comprendra généralement son produit d'intérêts et ses bénéfices nets issus de la cession de Titres, sauf si ces paiements d'intérêts ou bénéfices nets proviennent du cours normal de la gestion d'un commerce ou d'une entreprise (autre qu'un commerce ou une entreprise consistant en certaines activités passives ou de négociation). Si un porteur est une personne des États-Unis qui est un particulier, une succession ou une fiducie, il est vivement conseillé à ce porteur de consulter des conseils fiscaux concernant l'applicabilité de l'impôt Medicare au revenu et aux bénéfices de ce porteur concernant l'investissement dans les Titres.

### ***Rapports financiers sur les actifs étrangers***

En vertu de la législation récemment adoptée, les particuliers qui détiennent des « actifs financiers étrangers spécifiés » (comprenant généralement les Titres) représentant une valeur totale supérieure à 50 000 U.S.\$ lors des années imposables commençant le 18 mars 2010 devront normalement établir un rapport d'information sur ces actifs ainsi que leurs déclarations fiscales. Les « actifs financiers étrangers spécifiés » comprennent tous les comptes financiers administrés par des établissements financiers étrangers, ainsi que tous les éléments mentionnés ci-après, mais seulement s'ils ne sont pas détenus sur des comptes administrés par des établissements financiers : (i) actions et titres émis par des personnes non originaires des États-Unis, (ii) instruments et contrats financiers détenus pour l'investissement d'émetteurs ou de contreparties non originaires des États-Unis et (iii) intérêts dans des entités étrangères. Il est vivement conseillé aux porteurs américains qui sont des particuliers de consulter leurs conseils fiscaux concernant l'application de cette législation à leur détention des Titres.

### ***Loi sur la conformité fiscale des comptes étrangers (loi FATCA)***

De plus, le Congrès américain a adopté la loi sur la conformité fiscale des comptes étrangers de 2009 (loi « FATCA ») en 2010. L'émetteur s'attend à être qualifié d'« établissement financier étranger », conformément à la loi FATCA. Si l'émetteur est ainsi classifié, la FATCA exigera à l'émetteur de conclure un accord avec le Trésor des États-Unis qui obligera l'émetteur à obtenir des informations sur les porteurs et à divulguer des informations sur ses porteurs américains à l'IRS ou à imposer un impôt retenu à la source de 30 % sur certains paiements à l'émetteur s'il ne conclut pas l'accord, s'il est incapable d'obtenir des informations sur les porteurs américains ou s'il ne parvient pas à satisfaire à ses obligations en vertu de l'accord. De plus, si l'émetteur est qualifié d'« établissement financier étranger » et ne conclut pas cet accord avec l'IRS, un impôt retenu à la source de 30 % peut être prélevé sur les porteurs qui ne fournissent pas les informations nécessaires (sans réintégration) ou, si les porteurs sont eux-mêmes des établissements financiers étrangers, la certification qu'ils ont conclu leurs propres accords avec le Trésor des États-Unis. Si l'émetteur est qualifié d'« établissement financier étranger » et ne peut pas satisfaire à ces obligations, certains paiements réalisés après le 31 décembre 2013 pour l'émetteur ou, dans le cas où un émetteur conclue l'accord approprié avec le Trésor des États-Unis, certains paiements par l'émetteur aux porteurs qui ne fournissent pas les informations ou la certification nécessaire après cette date seront soumis à cet impôt retenu à la source. Veuillez également noter que les montants retenus peuvent ne pas être remboursables, l'émetteur peut ne pas recevoir de réintégration, et le montant disponible aux porteurs peut être réduit. Le Trésor des États-Unis a publié un projet de réglementation pour mettre en place cette législation ainsi qu'une déclaration commune de la part des États-Unis, de la France, de l'Allemagne, de l'Italie, de l'Espagne, et du Royaume-Uni présentant le cadre d'une approche intergouvernementale à la mise en œuvre de la FATCA prenant place à l'obligation pour les établissements financiers étrangers implantés dans ces pays de suivre les procédures mentionnées ci-dessus. Par conséquent, l'impact de la FATCA sur l'émetteur et les porteurs de Titres n'est pas entièrement claire.

#### ***Retenues d'impôt de réserve et obligations déclaratives***

En général, les paiements d'intérêts et la prime d'émission accumulée sur les Titres et le produit d'une vente, d'un remboursement ou de toute autre cession des Titres, dus à un porteur américain aux États-Unis ou par un agent payeur des États-Unis ou d'autres intermédiaires liés aux États-Unis, seront déclarés à l'IRS et au porteur américain selon les conditions de la réglementation en vigueur. Des retenues d'impôt de réserve peuvent être applicables à ces paiements et aux accumulations de primes d'émission si le porteur américain ne parvient pas à fournir un numéro d'identification de contribuable exact ou une certification du statut d'exonération ou à se conformer aux exigences applicables en matière de retenues d'impôt de réserve. Certains porteurs américains ne sont pas soumis aux obligations déclaratives ou aux retenues d'impôt de réserve. Les porteurs américains sont invités à consulter leurs conseils fiscaux quant à leur éligibilité en matière d'exemption des obligations déclaratives et/ou des retenues d'impôt de réserve ainsi que de la procédure relative à l'obtention d'une exemption.

#### ***Exigences en matière d'information***

La réglementation du Trésor visant à exiger la déclaration de certaines opérations relevant de techniques d'abri fiscal (**Opérations à déclarer**) peut être interprétée pour couvrir les opérations généralement non considérées comme faisant partie d'un abri fiscal, comprenant certaines opérations en devises étrangères. En vertu de la réglementation du Trésor des États-Unis, certaines opérations peuvent être qualifiées d'opérations à déclarer, y compris, dans certaines circonstances, une vente, un échange, un départ en retraite ou toute autre cession imposable d'un Titre en devise étrangère et/ou d'un Titre émis avec une prime d'émission. Les personnes qui considèrent l'achat de ces Titres sont invitées à consulter leurs conseils fiscaux pour déterminer leurs obligations en matière de déclaration d'impôts, le cas échéant, concernant un investissement dans ces Titres, ainsi que toute obligation de soumettre le formulaire 8886 de l'IRS (Déclaration de communication des opérations à déclarer).

## RESTRICTIONS DE SOUSCRIPTION, DE VENTE ET DE TRANSFERT

Aux termes d'un Contrat d'Agent Placeur en date du 26 juin 2012 (le **Contrat d'Agent Placeur**, expression qui inclut ce contrat tel qu'il pourra être actualisé ou complété de temps à autre), les Agents Placeurs sont convenus avec l'Emetteur et le Garant d'une base sur laquelle ils (ou l'un quelconque d'entre eux) pourront accepter de temps à autre d'acheter des Titres. Cet accord s'étendra aux questions visées à la section "*Forme des Titres*" et dans les Modalités des Titres décrites ci-dessus. L'Emetteur s'est obligé dans le Contrat d'Agent Placeur à rembourser aux Agents Placeurs certains de leurs frais en relation avec l'établissement et toute mise à jour future du Programme et avec l'émission des Titres dans le cadre du Programme, et à indemniser et garantir les Agents Placeurs contre certaines responsabilités encourues par eux en relation avec ce Programme et cette émission.

Les restrictions de vente suivantes peuvent être modifiées par l'Emetteur et le ou les Acquéreurs concernés à la suite d'une modification des lois, réglementations ou directives, et dans certaines autres circonstances convenues entre l'Emetteur et le ou les Acquéreurs concernés. Ces modifications seront exposées dans les Conditions Définitives et (le cas échéant), dans le contrat de syndication se rapportant à la Tranche concernée, ou dans un supplément à ce Prospectus de Base.

## RESTRICTIONS DE TRANSFERT AUX ETATS-UNIS

*En conséquence des restrictions suivantes, les acheteurs de Titres aux Etats-Unis sont invités à consulter un conseil juridique avant de procéder à tout achat, offre, vente, revente ou autre transfert de ces Titres.*

Chaque acheteur de Titres Nominatifs ou chaque personne souhaitant échanger un droit sur un Titre Global Nominatif contre un autre droit, ou un droit sur un Titre global contre un droit sur un Titre définitif ou vice versa, sera réputé reconnaître, déclarer et garantir ce qui suit ou, selon le cas, se verra exiger de reconnaître, déclarer et garantir ce qui suit (les termes employés dans ce paragraphe ont la signification qui leur est donnée dans la *Rule 144A* ou dans la *Regulation S* selon le cas):

- (a) (i) il: (a) est un QIB (*Qualified Institutional Buyer*, Acheteur Institutionnel Qualifié) et un QP (*Qualified Purchaser*, Acheteur Qualifié) achetant (ou détenant) les Titres pour son propre compte ou pour le compte ou bénéfice d'un ou plusieurs QIB qui sont également des QP, dans chaque cas pour investissement et non pas en vue de tout placement de ceux-ci ou pour les vendre en relation avec tout placement de ceux-ci, (b) n'est pas un courtier agent qui détient et investit de manière discrétionnaire moins de 25 millions de dollars U.S. dans des titres d'émetteurs non affiliés, (c) n'est pas un plan salariale directement dirigé par ses participants, tel que le plan 401(k), (d) n'est pas formé pour les besoins d'investir dans des Titres ou dans l'Emetteur, (e) et chaque compte pour lequel il détient des Titres, détient ou transfert pas moins de 100.000 dollars U.S. (ou sa contre-valeur en devise étrangère) et (f) reconnaît que, et chaque titulaire bénéficiaire de Titres en a été informé, le vendeur desdits Titres peut se fonder sur l'exception prévue par la Section 5 de l'U.S. Securities Act conformément à la *Rule 144A* ou (ii) se trouve hors du territoire des Etats-Unis et n'est pas une *U.S. Person*;
- (b) les Titres et toute Garantie sont offerts et vendus dans le cadre d'une transaction n'impliquant pas une offre publique aux Etats-Unis, au sens de l'*U.S. Securities Act*, et les Titres et toute Garantie n'ont pas et ne seront pas enregistrés en vertu de l'*U.S. Securities Act* ou de toutes autres lois relatives à des instruments financiers étatiques américaines applicables, et ne peuvent pas être offerts ou vendus aux Etats-Unis ou à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté dans les conditions indiquées ci-dessous;
- (c) ni l'Emetteur ni le Garant n'a été enregistré et ne sera enregistré comme une société d'investissement (*investment company*) en vertu de l'*U.S. Investment Company Act*, en raison de l'exception prévue par la Section 3(c)(7) de celle-ci, et les Titres ne pourront pas être vendus à des *U.S. Persons*, ni pour leur

compte ou à leur profit, excepté dans les conditions indiquées ci-dessous; l'Emetteur a (i) le droit de refuser d'honorer le transfert d'un intérêt en lien avec les Titres à une *U.S. Person* qui n'est pas un QIB et un QP et (ii) peut se réserver le droit de procéder au rachat ou au transfert pour le compte du titulaire de tout Titre qui serait détenu, ou pour le compte ou pour le bénéfice de, toute *U.S. Person* qui ne serait pas un QIB et un QP au moment où il achète ou acquiert lesdits Titres, tel que stipulé au paragraphe (m) ci-dessous.

- (d) lorsqu'il détient un droit sur un Titre (à l'exception d'un Titre Global Nominatif Non-U.S.), s'il décide, à l'avenir, de revendre, nantir ou transférer autrement les Titres ou tout droit de propriété sur les Titres, il ne le fera (a) qu'au profit de l'Emetteur, (b) dans le territoire des Etats-Unis, au profit d'une personne qui est un QP dont le vendeur croit raisonnablement qu'il est un QIB achetant pour son propre compte ou pour le compte d'un ou plusieurs QIB qui sont également des QP, dans le cadre d'une transaction satisfaisant aux exigences posées par la *Rule 144A*, ou (c) hors des Etats-Unis, dans le cadre d'une transaction à l'étranger, conformément à la Règle 903 ou la Règle 904 prise pour l'application de l'*U.S. Securities Act* à une personne qui n'est pas une *U.S. Person*, dans chaque cas conformément à toutes les lois relatives à des instruments financiers étatiques américaines applicables;
- (e) s'il détient un droit sur un Titre Global Nominatif Non-U.S., et s'il décide à l'avenir de revendre, nantir ou transférer autrement ce Titre Global Nominatif Non-U.S. ou tout droit sur celui-ci, il ne le fera qu'hors des Etats-Unis, dans le cadre d'une transaction à l'étranger, conformément à la Règle 903 ou la Règle 904 prise pour l'application de l'*U.S. Securities Act* au profit d'une personne qui n'est pas une *U.S. Person*;
- (f) les Titres ne pourront pas être acquis par, ou pour le compte ou à l'aide des actifs (i) d'un "*employee benefit plan*" (plan d'épargne salariale) au sens de l'Article 3(3) de l'*U.S. Employee Retirement Income Security Act* (Loi américaine sur les régimes de retraite) de 1974, tel que modifié (**ERISA**) régi par les dispositions du Titre I de l'ERISA, ou d'un "plan" au sens de l'Article 4975(e)(1) de l'*U.S. Internal Revenue Code* (Code Général des Impôts des Etats-Unis) (le **Code**) régi par les dispositions de l'Article 4975 du Code, (ii) d'un plan gouvernemental, ecclésiastique ou étranger régi par toute loi, règle ou réglementation fédérale, étatique, locale ou étrangère qui est substantiellement similaire aux dispositions de la Section 406 de l'ERISA ou de la Section 4975 du Code ou (iii) d'une entité dont les actifs sous-jacents incluent des actifs d'un plan, en raison de l'investissement réalisé dans cette entité par ce plan d'épargne salariale ou ce plan;
- (g) les Titres initialement offerts aux Etats-Unis à des QIB qui sont également des QP seront représentés par un ou plusieurs Titres Globaux *Rule 144A* ou Titres Globaux Combinés, et les Titres offerts hors des Etats-Unis sur le fondement de la *Regulation S* seront représentés par un ou plusieurs Titres Globaux *Regulation S*, Titres Globaux Nominatifs Non-U.S. ou Titres Globaux Combinés;
- (h) les **Titres Globaux Rule 144A** porteront une légende à l'effet suivant, à moins que l'Emetteur n'en convienne autrement:

"LE PRESENT TITRE ET TOUTE GARANTIE DE CELUI-CI N'ONT PAS ETE ET NE SERONT PAS ENREGISTRES EN VERTU DU *U.S. SECURITIES ACT OF 1933*, TEL QU'AMENDE (LE **U.S. SECURITIES ACT**), OU DE TOUTES AUTRES LOIS RELATIVES A DES INSTRUMENTS FINANCIERS ETATIQUES AMERICAINES APPLICABLES, ET NI L'EMETTEUR NI LE GARANT N'A ETE ENREGISTRE ET NE SERA ENREGISTRE EN TANT QUE SOCIETE D'INVESTISSEMENT EN VERTU DU *U.S. INVESTMENT COMPANY ACT OF 1940*, TEL QU'AMENDE (L'**U.S. INVESTMENT COMPANY ACT**). EN CONSEQUENCE, LE PRESENT TITRE ET TOUT DROIT SUR CELUI-CI NE PEUVENT PAS ETRE OFFERTS OU VENDUS AUX ETATS-UNIS NI A DES *U.S. PERSONS* OU POUR LEUR COMPTE OU A LEUR PROFIT, EXCEPTE DANS LES CONDITIONS INDIQUEES A LA PHRASE SUIVANTE. EN ACQUERANT CE TITRE, LE TITULAIRE (A) DECLARE (1) QU'IL EST UN "**QUALIFIED INSTITUTIONAL BUYER**" (TEL QUE DEFINI DANS LA *RULE 144A* PRISE EN

APPLICATION DE L'U.S. SECURITIES LAW) ET UN "**QUALIFIED PURCHASER**", TEL QUE DEFINI A L'ARTICLE 2(a)(51) DU U.S. INVESTMENT COMPANY ACT ET DANS LES REGLES PRISES POUR SON APPLICATION, ET QU'IL ACHETE LES TITRES POUR SON PROPRE COMPTE OU POUR LE COMPTE D'UN OU PLUSIEURS ACHETEURS INSTITUTIONNELS QUALIFIES QUI SONT EGALEMENT DES ACHETEURS QUALIFIES; (2) QU'IL N'EST PAS UN COURTIER AGENT QUI DETIENT ET INVESTIT DE MANIERE DISCRETIONNAIRE MOINS DE 25 MILLIONS DE DOLLARS U.S. DANS DES TITRES D'EMETTEURS NON AFFILIES; (3) N'EST PAS UN PLAN SALARIALE DIRECTEMENT DIRIGE PAR SES PARTICIPANTS, TEL QUE LE PLAN 401(K), (D) N'EST PAS FORME POUR LES BESOINS D'INVESTIR DANS L'EMETTEUR OU CE TITRE, ET (E) CHAQUE COMPTE POUR LEQUEL IL DETIENT DES TITRES, DETIENT OU TRANSFERT PAS MOINS DE 100 000 DOLLARS U.S. (OU SA CONTRE-VALEUR EN DEVISE ETRANGERE) ET (B) CONVIENT QU'IL NE REVENDRA PAS OU NE TRANSFERERA PAS D'UNE AUTRE MANIERE LES TITRES, AUTREMENT QU'EN CONFORMITE AVEC LE CONTRAT DE SERVICE FINANCIER ET AUTREMENT QUE (1) A L'EMETTEUR, (2) DANS LE TERRITOIRE DES ETATS-UNIS A UNE PERSONNE QUI EST UN **QUALIFIED PURCHASER** DONT LE VENDEUR CROIT RAISONNABLEMENT QU'IL EST UN **QUALIFIED INSTITUTIONAL BUYER** AU SENS DE LA **RULE 144A** PRISE POUR L'APPLICATION DU U.S. SECURITIES LAW, ACHETANT POUR SON PROPRE COMPTE OU POUR LE COMPTE D'UN OU PLUSIEURS **QUALIFIED INSTITUTIONAL BUYERS** QUI SONT EGALEMENT UN **QUALIFIED PURCHASER**, DANS LE CADRE D'UNE TRANSACTION REPONDANT AUX EXIGENCES DE LA **RULE 144A**, OU (3) HORS DES ETATS-UNIS DANS LE CADRE D'UNE TRANSACTION A L'ETRANGER EN CONFORMITE AVEC LA REGLE 903 OU LA REGLE 904 EN VERTU DU U.S. SECURITIES LAW, A UNE PERSONNE QUI N'EST PAS UNE **U.S. PERSON** (TELLE QUE DEFINIE A LA REGLE 901 EN VERTU DU U.S. SECURITIES LAW), DANS CHAQUE CAS CONFORMEMENT A TOUTES LES LOIS RELATIVES A DES INSTRUMENTS FINANCIERS APPLICABLES DES ETATS DES ETATS-UNIS ET DE TOUTE AUTRE JURIDICTION; ET (C) ACCEPTE DE REMETTRE A CHAQUE PERSONNE A LAQUELLE LE PRESENT TITRE EST TRANSFERE UNE NOTIFICATION PRODUISANT EN SUBSTANCE L'EFFET DE LA PRESENTE LEGENDE. LES TRANSFERTS EFFECTUES EN VIOLATION DE CE QUI PRECEDE NE PRENDRONT PAS EFFET, SERONT NULS *AB INITIO*, ET NE DONNERONT PAS LIEU AU TRANSFERT DES DROITS AU CESSIONNAIRE.

L'EMETTEUR A LE DROIT DE REFUSER D'HONORER LE TRANSFERT D'UN DROIT EN LIEN AVEC LES TITRES A UNE **U.S. PERSON** QUI N'EST PAS UN QIB ET UN QP ET (II) PEUT SE RESERVER LE DROIT DE PROCEDER AU RACHAT OU AU TRANSFERT POUR LE COMPTE DU TITULAIRE DE TOUT TITRE QUI SERAIT DETENU PAR UNE U.S. PERSON EN VERTU DE LA REGULATION S ET QUI NE SERAIT PAS UN QIB ET UN QP AU MOMENT OU IL ACHETE OU ACQUIERT LESDITS TITRES OU DE TOUT TITRE QUI AURAIT ETE TRANSFERE OU VENDU DE TOUT AUTRE MANIERE EN VIOLATION DE CE QUI PRECEDE. AUCUN PAIEMENT NE SERA EFFECTUE SUR LES TITRES AFFECTES DE LA DATE A LAQUELLE UN AVIS CONCERNANT LES CONDITIONS DE VENTE EST ENVOYE A LA DATE A LAQUELLE LES TITRES AFFECTES SONT VENDUS. IL N'EXISTE AUCUNE GARANTIE QUE LE TITULAIRE DE TITRES, OU UN INTERET EN LIEN AVEC CE DERNIER, QUI DOIT PROCEDER A LA VENTE DE CES TITRES, OU DONT LES TITRES SONT VENDUS A SON COMPTE (DE CETTE MANIERE) N'ENCOURRA PAS UNE PERTE IMPORTANTE RESULTANT DU BESOIN DE L'EMETTEUR, OU DU CEDANT, DE TROUVER UN CESSIONNAIRE QUALIFIE DESIRANT ACQUERIR LES TITRES. NI L'EMETTEUR, NI TOUTE AUTRE PERSONNE NE SERA TENUE POUR RESPONSABLE ENVERS UN TITULAIRE POUR DE TELLES PERTES.

CHAQUE ACHETEUR DU PRESENT TITRE OU DE TOUT DROIT SUR CELUI-CI RECONNAIT QUE L'EMETTEUR PEUT RECEVOIR UNE LISTE DE PARTICIPANTS DETENANT DES POSITIONS SUR LES TITRES, DE LA PART D'UN OU PLUSIEURS DEPOSITAIRES DE TITRES.

- (n) Aucune vente de Titres aux Etats-Unis ou à une *U.S. Person* ou pour son compte ou son profit, d'un acheteur quelconque ne devra porter sur un montant en principal de moins de 100.000 U.S.\$ (ou sa contre-valeur en devise étrangère) et aucun Titre ne sera émis en relation avec cette vente pour un montant en principal inférieur à cette somme. Si l'acquéreur est un fiduciaire autre qu'une banque, agissant pour le compte de tiers, chaque personne pour le compte de laquelle il agit devra acheter pour 100.000 U.S.\$ au moins (ou la contre-valeur de cette somme en devise étrangère) de Titres;
- (o) Les Titres Dématérialisés de Droit Français et les Titres NRC qui sont, dans chaque cas, désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés directement ou indirectement aux Etats-Unis ou à, ou pour le compte ou au profit de, une *U.S. Person* et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à, ou pour le compte ou au profit de, une *U.S. Person*, ne sera pas reconnu. Les Titres de Droit Français et les Titres NRC ne peuvent être à aucun moment la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des *U.S. Persons*, au sens de la *Regulation S*;
- (p) Les Titres Matérialisés de Droit Français et les Titres Dématérialisés de Droit Français et les Titres NRC qui ne sont pas, dans chaque cas, désignés comme étant dans les Conditions Définitives comme des Titres avec Restriction Permanente, ou tout droit sur ceux-ci, ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté en vertu d'une dispense de l'obligation d'enregistrement du *U.S. Securities Act*, dans le cadre d'une transaction n'imposant pas à l'Emetteur ou au Garant, selon le cas, l'obligation de se faire enregistrer en vertu du *U.S. Investment Company Act*; et
- (q) qu'il notifiera, et exigera de tout titulaire subséquent qu'il en fasse de même, à tout acheteur de Titres les restrictions en matière de déclarations et de revente mentionnées dans les paragraphes ci-dessus, et inclura au cours de la transaction toutes les légendes ou autres informations exigées par lesdites restrictions.

## Restrictions de Vente: Juridictions en dehors de l'Espace Economique Européen (EEE)

### HONG KONG

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir que:

- (a) il n'a pas offert ni vendu et n'offrira pas et ne vendra pas des Titres à Hong Kong, au moyen de tout document (sauf les Titres qui sont un "produit structuré" tel que défini dans la *Securities and Futures Ordinance* (Chap. 571) de Hong Kong) autrement (i) qu'à des "investisseurs professionnels" (tels que définis dans la *Securities and Futures Ordinance* (Ordonnance de Hong Kong sur les valeurs mobilières et les futures) et par les règles prises pour son application); ou (ii) dans d'autres circonstances, n'ayant pas pour conséquence de faire de ce document un "prospectus" tel que défini dans la *Companies Ordinance* (Chap. 32) de Hong Kong (Ordonnance de Hong Kong sur les sociétés) ou ne constituant pas une offre au public au sens de cette Ordonnance; et
- (b) il n'a ni émis ni eu en sa possession aux fins de l'émission, et n'émettra pas ni n'aura en sa possession aux fins de l'émission, à Hong Kong ou ailleurs, toute publicité, toute invitation ou tout document relatif aux Titres destiné au public à Hong Kong, ou susceptible d'être accessible à ce public ou d'être lu par lui (sauf s'il y est autorisé en vertu des lois de Hong Kong sur les valeurs mobilières), autre que se rapportant aux Titres qui sont ou doivent être vendus uniquement à des personnes situées hors de Hong Kong ou à des "investisseurs professionnels" au sens de la *Securities and Futures Ordinance* ou des règles prises pour son application.

### LA REPUBLIQUE POPULAIRE DE CHINE

Chacun des Agents Placeurs et Distributeurs d'une émission déclarera et garantira que ni lui-même ni aucun de ses affiliés n'ont offert ou vendu, ou n'offriront ou ne vendront des Titres, quels qu'ils soient, dans le territoire de la République Populaire de Chine (à l'exclusion de Hong Kong, Macao et Taiwan, la **RPC**), dans le cadre de la commercialisation initiale des Titres.

Le présent Prospectus ne constitue ni une invitation à souscrire ou acquérir, ni une offre de souscrire ou d'acquérir des Titres dans le territoire de la RPC, faite à toute personne à laquelle il serait illégal de faire cette invitation ou cette offre dans le territoire de la RPC.

L'Emetteur ne déclare pas que le présent Prospectus peut être légalement distribué, ou que les Titres peuvent être légalement offerts, en conformité avec toutes exigences d'enregistrement ou autres exigences applicables en RPC, ou en vertu d'une dispense d'avoir à respecter ces exigences, et il n'assume aucune responsabilité au titre de la facilitation de cette distribution ou de cette offre. En particulier, aucune mesure n'a été prise par l'Emetteur qui soit destinée à permettre une offre publique de Titres quelconques ou la distribution de ce Prospectus dans le territoire de la RPC. En conséquence, les Titres ne sont ni offerts ni vendus dans le territoire de la RPC au moyen de ce Prospectus ou de tout autre document. Ni le présent Prospectus ni toute autre communication commerciale ou tout autre document d'offre ne pourront être distribués ou publiés dans le territoire de la RPC, excepté dans des circonstances qui auront pour effet de respecter les lois et règlements applicables dans ce pays.

### JAPON

Les Titres n'ont pas fait, ni ne feront l'objet d'un enregistrement en vertu de la Loi sur la bourse et les valeurs mobilières en vigueur au Japon (Loi No. 25 de 1948, telle que modifiée) (la "Loi sur la Bourse et les Valeurs Mobilières"). En conséquence, chacun des Agents Placeurs a déclaré et garanti, chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir qu'il n'offrira pas ni ne vendra, directement ou indirectement, de Titres au Japon ou à un résident japonais (tel que défini dans

au 5, paragraphe 1, article 6 de la Loi sur le change et sur le contrôle du commerce extérieur (Loi No. 228 de 1949, telle que modifiée), ou à des tiers dans le cadre d'une nouvelle offre ou d'une revente, directement ou indirectement, au Japon ou à un résident du Japon ou pour son compte, sous réserve d'une exemption des obligations d'enregistrement ou autrement conformément à la Loi sur la Bourse et les Valeurs Mobilières et toute autre législation, réglementation et directive ministérielle japonaise applicable.

## **SINGAPOUR**

Ni le présent Prospectus de Base, ni les Conditions Définitives applicables, ni tout autre document de commercialisation se rapportant aux Titres, n'ont été ni ne seront enregistrés en tant que prospectus auprès de l'Autorité Monétaire de Singapour. En conséquence, ce document et tout autre document ou support élaboré en relation avec l'offre ou la vente des Titres, ou avec l'invitation à souscrire ou acquérir des Titres, ne pourront pas être diffusés ni distribués auprès de, et les Titres ne pourront être pas être offerts ou vendus à, ni faire l'objet d'une invitation à souscrire ou acquérir des Titres, directement ou indirectement, auprès de personnes situées à Singapour, exception faite (i) d'un investisseur institutionnel au sens de la Section 274 et du Chapitre 289 du Securities and Futures Act (Loi de Singapour sur les valeurs mobilières et les instruments financiers à terme) en vigueur à Singapour (le **SFA**) ; (ii) d'une personne relevant des dispositions de la Section 275(1) du SFA, ou de toute personne relevant des dispositions de la Section 275(1A) du SFA, et conformément aux conditions spécifiées à la Section 275 du SFA ; ou (iii) autrement en vertu des conditions de toute autre disposition applicable du SFA et conformément à ces conditions.

Si les Titres sont souscrits ou acquis en vertu des dispositions de la Section 275 du SFA par une personne relevant de ces dispositions qui est :

- (a) une société (qui n'est pas un investisseur accrédité (tel que défini à la Section 4A du SFA)) ayant pour activité exclusive de détenir des investissements, et dont le capital social est intégralement détenu par une ou plusieurs personnes physiques qui sont chacune un investisseur accrédité ; ou
- (b) une fiducie ("trust") (dont l'administrateur fiduciaire ("trustee") n'est pas un investisseur accrédité) dont l'unique objet est de détenir des investissements et dont chaque bénéficiaire est une personne physique qui est un investisseur accrédité,

les actions, obligations et parts d'actions et d'obligations de cette société ou les droits et intérêts des bénéficiaires (quelle que soit leur description) dans cette fiducie ("trust") ne devront pas être transférées dans les six mois suivant la date à laquelle cette société ou cette fiducie aura acquis les Titres dans le cadre d'une offre faite en vertu de la Section 275 du SFA, excepté :

- (1) à un investisseur institutionnel (dans le cas de sociétés, en vertu de la Section 274 du SFA) ou à une personne relevant de la définition donnée à la Section 275(2) du SFA, ou à toute personne en vertu d'une offre faite à des conditions telles que ces actions, obligations et parts d'actions et d'obligations de cette société, ou ces droits et intérêts dans cette fiducie, soient acquises pour un prix non inférieur à 200.000 S\$ (ou la contre-valeur de cette somme dans une devise étrangère) pour chaque transaction, si ce montant doit être payé en numéraire ou par échange de titres ou autres actifs, et en outre, dans le cas de sociétés, en conformité avec les conditions spécifiées à la Section 275 du SFA ;

- (2) si aucune contrepartie n'est ou ne sera payée au titre du transfert ;
- (3) si le transfert a lieu en application de la loi ; ou
- (4) en vertu des dispositions de la Section 276(7) du SFA.

## ROYAUME DU BAHREIN

Les Titres émis dans le cadre du Programme ne constituent pas une offre de titres au Royaume du Bahreïn selon les termes de l'article (81) de la *Central Bank and Financial Institutions Law* de 2006 (*decree Law No. 64 of 2006*). Les documents d'offre n'ont pas été et ne seront pas enregistrés en tant que prospectus auprès de la Banque Centrale du Bahreïn (CBB). En conséquence, aucun titre ne pourra être offert, vendu ou faire l'objet d'une proposition de souscrire ou d'acheter, et ni ce prospectus ou aucun autre document ou brochure ne pourra être utilisé dans le cadre d'une offre, vente ou proposition de souscription ou d'achat de titres, directement ou indirectement, aux personnes dans le Royaume du Bahreïn.

La CBB n'a ni revu ni approuvé les documents d'offre et n'a en aucun cas apprécié la pertinence pour les titres d'être offerts pour investissement, au sein ou à l'extérieur du Royaume du Bahreïn. En conséquence, la CBB n'a aucune responsabilité concernant la précision et l'exhaustivité des données et des informations contenues dans ce document et décline absolument toute responsabilité pour toutes les pertes qui pourraient dépendre de l'ensemble ou de toute partie du contenu de ce document.

## SUISSE

Chaque Agent Placeur reconnaît, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devront reconnaître, qu'ils se conformeront (i) à toutes les lois, tous les règlements ou leurs interprétations applicables en ou depuis la Suisse (tels que modifiés de temps à autre) en relation avec l'offre, la vente, la livraison ou le transfert de Titres ou la distribution de tout document d'offre relatif aux Titres en Suisse, et (ii) à toutes les exigences dans le cadre de la distribution des Titres SIS CHF visées dans la Modalité 1(a) à 1(g) des Modalités des Titres de Droit Anglais et des Titres NRC.

## INDE

Si les Titres constituent des instruments dérivés étrangers (**IDE**) (tels que définis au sens de la *Securities and Exchange Board of India (Foreign Institutional Investors) Regulation 1995* et des notifications, circulaires, règles et directives du *Securities and Exchange Board of India* en vigueur qui s'y rapportent) (collectivement désignées sous le terme de **réglementations relatives aux IIE**), les restrictions de vente qui suivent s'appliquent à ces Titres:

- A) Par l'acte d'acheter des Titres, à la date de l'achat puis chaque journée pendant laquelle les Titres sont détenus le porteur est réputé déclarer et garantir que son achat de Titres est parfaitement conforme aux restrictions de vente suivantes, qu'il accepte les restrictions de vente stipulées ci-dessous et qu'il s'engage à respecter lesdites restrictions :
  - 1. les Titres ne seront pas proposés, vendus ou transférés à (i) un « résident indien » (tel que défini au sens du *Foreign Exchange Management Act, 1999*, tel qu'amendé ou complété de temps à autre), ou (ii) un « indien non-résident » (tel que défini au sens des *Foreign Exchange Management (Deposit) Regulations, 2000* réglementations sur la gestion du marché des changes (dépôts) de 2000, telles qu'amendées ou complétées de temps à autre) (chacun étant désigné sous le terme d' **entité soumise à restriction**) ;
  - 2. les Titres ne seront pas proposés, vendus ou transférés à une personne ou entité contrôlée par une entité soumise à restriction.

Aux fins de la présente déclaration une **entité contrôlante** est une personne ou un groupe de personnes (agissant au titre d'un accord ou d'un arrangement, qu'il soit formel ou informel, écrit ou autre) qui :

- (a) est habilité(e) à exercer la majorité ou plus des droits de vote d'une entité, ou à en contrôler l'exercice, ou
- (b) détient, ou a droit à la majorité ou plus de l'intérêt économique dans une entité, ou
- (c) exerce un contrôle de fait sur une entité.

Aux fins de la présente déclaration, le **contrôle** est défini comme la capacité de nommer une majorité ou plus des administrateurs d'une entité, ou la capacité de contrôler la prise de décision de manière directe ou indirecte relativement aux politiques financières, d'investissement ou d'exploitation d'une entité, de quelque manière que ce soit.

Nonobstant la définition qui précède, dans le seul cas où les investissements d'une entité seraient administrés sur une base discrétionnaire par un gestionnaire d'investissement, ledit gestionnaire d'investissement ne sera pas réputé contrôler ladite entité aux fins de la présente déclaration pour la seule raison qu'il est en mesure de contrôler la prise de décision relativement aux politiques financières, d'investissement ou d'exploitation de l'entité ;

- 3. un souscripteur ne pourra acheter les Titres que pour son propre compte et non en qualité d'agent, de mandataire, fiduciaire ou représentant d'une autre personne, et aucun accord concernant l'émission d'un IDE adossé (au sens défini aux fins de la réglementation relatives aux IDE) aux Titres ne serait être conclu; Aux fins du présent paragraphe (A)(3) le terme d'« IDE adossé » ne couvre pas l'émission d'un IDE par une partie qui aurait communiqué les termes dudit IDE adossé et les parties y afférentes dans la forme et de la manière prescrite par le Securities and Exchange Board of India au titre des réglementations relatives aux IIE (en particulier, au titre de la *Regulation 20A* édictée en vertu des réglementations relatives aux IIE).
- 4. les Titres ne peuvent être proposés qu'à une « personne supervisée par une autorité réglementaire étrangère compétente » (tels que ces termes ou exigences sont définis ou interprétés aux sens de la *Regulation 15A* des réglementations relatives aux IIE) (une **entité réglementée**). Les fonds souverains et organismes gouvernementaux étrangers sont réputés être éligibles à l'émission d'IDE en vertu des dispositions de la *Regulation 15A* en vigueur. ;
- 5. les Titres ne seront pas achetés avec l'intention de contourner ou d'éviter des exigences applicables en vertu des réglementations relatives aux IIE (incluant, mais pas seulement, les restrictions applicables aux investisseurs institutionnels étrangers relatives à l'émission par lesdits investisseurs ou à toute autre opération relative aux Titres qui serait conclue avec des entités soumises à restriction et des personnes ou entités qui ne seraient pas des entités réglementées) ; et
- 6. les Titres ne peuvent pas être vendus, transférés, assignés ou autrement cédés, et aucun IDE adossé a des Titres ne peut être souscrit, et aucun accord relatif à ce qui précède ne peut être conclu entre des mandataires, associés ou affiliés du porteur (chacun, un **transfert**) avec une entité qui serait une entité soumise à restriction ou une entité qui ne serait pas une entité réglementée. Aux fins du présent paragraphe (A)(6), le terme d'« IDE adossé » ne couvre pas l'émission d'un IDE par une partie qui aurait communiqué les termes dudit IDE adossé et les parties y afférentes dans la forme et de la manière prescrite par le Securities and Exchange Board of India au titre des réglementations relatives aux IIE (en particulier, au titre de la *Regulation 20A* édictée en vertu des réglementations relatives aux IIE).

B) En outre, par l'acte d'acheter des Titres, l'acquéreur est réputé avoir accepté et s'être engagé à respecter ce qui suit (et afin d'éviter tout doute, son accord et son engagement resteront valides au-delà de la date d'échéance ou d'expiration desdits Titres) :

1. dans le cas où il, ou ses mandataires, associés ou affiliés vendent, transfèrent, assignent ou cèdent les Titres à une partie, ou souscrivent un IDE adossé ou un accord relatif à ce qui précède avec une partie, il :
  - (a) notifiera lesdites « restrictions relatives à la vente en Inde » à toute personne à laquelle un transfert a été fait (le **cessionnaire**), et
  - (b) émettra une notification écrite à l'intention de l'émetteur, dans les formes requises par l'émetteur, dans un délai de deux (2) jours ouvrables de Hong Kong à compter du transfert ;

Aux fins du présent paragraphe (B)(1), le terme d'« IDE adossé » ne couvre pas l'émission d'un IDE par une partie qui déclare les opérations d'IDE sur une base mensuelle ou périodique au Securities and Exchange Board of India et communique les termes dudit IDE adossé et les parties y afférentes dans la forme et de la manière prescrite par le Securities and Exchange Board of India au titre des réglementations relatives aux IIE (en particulier, au titre de la *Regulation 20A* des réglementations relatives aux IIE).

2. l'émetteur et ses associés ou affiliés sont autorisés à produire les informations en leur possession relativement à l'émetteur, tout cessionnaire, chacun des mandataires, associés ou affiliés de l'émetteur ou du cessionnaire, aux Titres et à tout manquement aux présentes dispositions, garanties, accords et engagements à auprès de toute autorité gouvernementale ou réglementaire indienne (chacune, une **autorité**) de la manière que l'émetteur, ses associés ou affiliés jugent nécessaire ou pertinente afin d'être en conformité avec les réglementations ou de répondre aux demandes qu'une quelconque autorité peut présenter de temps à autre, incluant mais pas seulement, les communications faites dans les déclarations périodiques réalisées par l'émetteur, ses associés ou ses affiliés à l'intention d'une quelconque autorité ;
3. il devra faire en sorte que ses mandataires, associés ou affiliés fournissent dans les plus brefs délais à l'émetteur, ses associés ou ses affiliés (le cas échéant) toute information complémentaire que l'émetteur, ses associés ou ses affiliés (le cas échéant) jugent raisonnablement nécessaire ou pertinente afin d'être en conformité avec les réglementations ou de répondre aux demandes qu'une quelconque autorité peut exprimer de temps à autre ;
4. il reconnaît que le manquement ou l'infraction aux obligations exprimées au titre des présentes « restrictions à la vente en Inde » (incluant, mais pas seulement, toute restriction relative à un transfert) (**obligations du porteur d'IDE**), ou la violation desdites obligations, peut avoir pour conséquence le manquement ou l'infraction aux, ou la violation des lois, réglementations, directives ou instructions gouvernementales, est susceptible de donner lieu à des sanctions réglementaires à l'encontre de l'émetteur, de ses associés ou de ses affiliés, et peut causer des dommages irréparables à l'émetteur, ses associés ou ses affiliés ; il reconnaît par conséquent qu'en cas d'un manquement ou d'une infraction aux obligations du porteur d'IDE, ou d'une violation desdites obligations, l'émetteur, ses associés ou ses affiliés seront en droit de notifier l'autorité dudit manquement ou de ladite infraction ou violation, d'exercer tout droit et de prendre toute mesure à laquelle l'émetteur, ses associés ou ses affiliés résultant des termes des Titres, incluant les présentes « restrictions relatives à la vente en Inde », ou de prendre toute autre mesure permettant d'éviter, de prévenir, mitiger ou remédier audit manquement ou à ladite contravention, infraction ou violation, incluant, mais non seulement,

la résiliation ou le rachat obligatoire des Titres par l'émetteur, ses associés ou ses affiliés ;

5. il notifiera dans les plus brefs délais l'émetteur, ses associés ou ses affiliés au cas où les déclarations, garanties, accords et engagements qu'il a souscrits ci-dessus venaient à changer ou à cesser d'être exacts.

## **ETATS-UNIS**

Les Titres et toute Garantie n'ont pas été et ne seront pas enregistrés en vertu du *U.S. Securities Act* et peuvent être uniquement offerts, vendus ou livrés (a) en dehors des Etats-Unis dans le cadre d'une transaction à l'étranger conformément à la Règle 903 et à la Règle 904 en vertu du *U.S. Investment Company Act* à des personnes qui ne sont pas des *U.S. Persons*, ou (b) directement ou indirectement aux Etats-Unis, à, pour le compte ou au profit de *U.S. Persons*, autrement qu'en conformité avec la *Rule 144A* du *U.S. Securities Act*, ou lors de certaines transactions exemptées des obligations d'enregistrement prévues par le *U.S. Securities Act*, dans chaque cas, n'ayant pas pour effet d'obliger l'Emetteur à se faire enregistrer en tant que société d'investissement en vertu du *U.S. Investment Company Act*, tel que plus amplement décrit dans la section intitulée "*Restriction de Souscription, de Vente et de Transfert*". Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée dans la *Regulation S* du *U.S. Securities Act*.

Les Titres au porteur sont soumis au régime fiscal américain et ne peuvent être offerts, vendus ou livrés aux Etats-Unis ou dans leurs territoires ni à un ressortissant américain, hormis s'agissant de certaines transactions autorisées par la réglementation fiscale américaine. Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée par le Code des Impôts Américain (*U.S. Internal Revenue Code*), tel que modifié, et par les réglementations afférentes.

Toutes les offres et ventes aux Etats-Unis seront exclusivement opérées par des courtiers-vendeurs (*brokers-dealers*) enregistrés en vertu de l'Article 15 de la Loi Américaine sur les Bourses de Valeurs de 1934, telle que modifiée. Chaque Agent Placeur a déclaré et garanti, chaque Agent Placeur nommé ultérieurement au titre du Programme et tout Acquéreur devra déclarer et garantir qu'il n'offrira pas, ne vendra pas et ne livrera pas des Titres (autres que des Titres avec Restriction Permanente) aux Etats-Unis, à des ressortissants américains ou pour leur compte (a) dans le cadre de leur placement, à tout moment ou (b) autrement, moins de 40 jours avant la date à laquelle le placement de tous les Titres de la Tranche dont ces Titres font partie aura pris fin, telle que cette date sera déterminée et certifiée par l'Agent Fiscal à cet Agent Placeur ou Acquéreur (selon le cas) ou, par le chef de file concerné pour une émission syndiquée de Titres, autrement qu'en conformité avec la *Rule 144A* prise pour l'application du *U.S. Securities Act*, et qu'il n'offrira, ne vendra ni ne livrera à aucun moment des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, aux Etats-Unis, à des *U.S. Persons* ou à leur profit ou pour leur compte. En outre, chaque Agent Placeur s'est engagé à envoyer, et chaque Agent Placeur nommé ultérieurement en application du Programme et tout Acquéreur devra s'engager à envoyer, à chaque agent placeur à qui il vend des Titres au cours de la Période de Placement Réglementé, une confirmation ou une notification exposant les restrictions concernant l'offre et la vente de Titres, aux Etats-Unis, à des *U.S. Persons* ou pour leur compte. Pendant la période de 40 jours qui courra après le début de l'offre de Titres, un Agent Placeur ou Acquéreur (qu'il participe ou non à l'offre) peut, s'il offre ou il vend ces Titres aux Etats-Unis, se rendre coupable d'une violation des obligations d'enregistrement prévues par le *U.S. Securities Act* si cette offre ou cette vente n'est pas effectuée conformément à une exemption d'enregistrement prévue par le *U.S. Securities Act*. Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée par la *Regulation S* du *U.S. Securities Act*.

Les Agents Placeurs peuvent organiser la revente de Titres (autres que des Titres avec Restriction Permanente) à des QIB (Acheteurs Institutionnels Qualifiés) qui sont également des QP (Acheteurs Qualifiés) en vertu de la *Rule 144A*, et chacun de ces acheteurs de Titres est informé par les présentes que les Agents Placeurs peuvent se fonder sur l'exemption des obligations d'enregistrement du *U.S. Securities Act*, instituée par la *Rule 144A*. Le montant en principal total minimum pouvant être acheté par un QIB qui est également un QP en vertu de la *Rule 144A* est fixé à 100.000 U.S.\$ (ou sa contre-valeur approximative dans une autre devise). Dans la mesure où

l'Emetteur n'est ni une société soumise aux obligations de publication imposées par la Section 13 ou 15(d) du *U.S. Exchange Act* (Exchange Act), ni une société dispensée de ces obligations de publication en vertu de la Règle 12g3-2(b) prise pour l'application du *U.S. Exchange Act*, l'Emetteur s'est obligé à fournir aux titulaires de Titres et aux acheteurs potentiels désignés par ces titulaires, sur simple demande, ces informations pouvant être requises par la *Rule 144A(d)(4)*.

Chaque émission de Titres Indexés et de Titres Libellés en Deux Devises pourra être soumise aux restrictions supplémentaires de vente aux Etats-Unis que l'Emetteur et l'Acquéreur concerné peuvent convenir d'inclure, et ces restrictions supplémentaires seront stipulées dans les Conditions Définitives applicables. Chaque Agent Placeur s'est engagé, et chaque autre Acquéreur sera tenu de s'engager, à n'offrir, vendre ou livrer ces Titres qu'en conformité avec ces restrictions supplémentaires de vente aux Etats-Unis. Les Agents Placeurs pourront exiger des acquéreurs potentiels des Titres qu'ils fournissent un certificat revêtant en substance la forme annexée au Mémoire des Procédures Opérationnelles et Administratives (*Operating and Administrative Procedures Memorandum*) attestant que cet acquéreur est éligible pour acheter ces Titres et du respect des restrictions de vente applicables.

Les Titres Dématérialisés de Droit Français et les Titres NRC qui sont, dans chaque cas, désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés directement ou indirectement aux Etats-Unis ou à une *U.S. Person*, ou pour le compte ou au profit d'une *U.S. Person* et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à une *U.S. Person*, ou pour le compte ou au profit d'une *U.S. Person*, ne sera pas reconnu. Les Titres de Droit Français et les Titres NRC ne peuvent être à aucun moment la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des *U.S. Persons*, au sens de la *Regulation S*.

Les Titres Matérialisés de Droit Français et les Titres Dématérialisés de Droit Français et les Titres NRC qui ne sont pas, dans chaque cas, désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout droit sur ceux-ci, ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté en vertu d'une dispense de l'obligation d'enregistrement du *U.S. Securities Act*, dans le cadre d'une transaction n'imposant pas à l'Emetteur ou au Garant, selon le cas, l'obligation de se faire enregistrer en vertu du *U.S. Investment Company Act*.

#### **Restrictions de Vente: Juridictions au sein de l'EEE**

**Les restrictions de vente ci-dessous peuvent ne pas être applicables dans le contexte d'une offre au public, auquel cas des modifications appropriées seront apportées aux Conditions Définitives applicables**

#### ***Restrictions de vente relatives à une offre au public en application de la Directive Prospectus***

En ce qui concerne chaque Etat Membre de l'EEE qui a transposé la Directive Prospectus (chacun étant dénommé: un **Etat Membre Concerné**), chaque Agent Placeur déclare et garantit, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir, qu'à compter de la date (incluse) de transposition de la Directive Prospectus dans cet Etat Membre Concerné (la **Date de Transposition Concernée**) ils n'ont pas procédé et ne procéderont pas, dans cet Etat Membre Concerné, à l'offre au public des Titres envisagée dans ce Prospectus de Base, dans les conditions prévues par les Conditions Définitives, mais pourront toutefois, à compter de la Date de Mise en Application Concernée (incluse), procéder à l'offre de Titres au public dans cet Etat Membre Concerné:

- (a) si les conditions définitives applicables aux Titres spécifient qu'une offre de ces Titres peut être faite autrement qu'en conformité avec l'Article 3(2) de la Directive Prospectus dans cet Etat Membre

Concerné (une **Offre Non Exemptée**), après la date de publication d'un prospectus relatif à ces Titres ayant obtenu le visa des autorités compétentes de l'Etat Membre Concerné, ou, le cas échéant, ayant été approuvé dans un autre Etat Membre Concerné et notifié aux autorités compétentes de cet Etat Membre Concerné, sous réserve que (i) l'Emetteur ait donné son consentement écrit et que (ii) chacun de ces prospectus ait été ultérieurement complété par les conditions définitives prévoyant cette Offre Non Exemptée, conformément à la Directive Prospectus, pendant la période commençant et finissant aux dates spécifiées dans ce prospectus ou ces conditions définitives, selon le cas;

- (b) à tout moment à une personne morale qui est un investisseur qualifié au sens de la Directive Prospectus. Et pour les investisseurs en Norvège qui sont enregistrés en qualité d'investisseur professionnel conformément à la Loi Norvégienne sur les Négociations en Valeurs Mobilières;
- (c) à tout moment à moins de 100 ou, si l'Etat Membre Concerné a transposé les dispositions concernées de la Directive de 2010 Modifiant la DP, 150, personnes physiques ou morales (autres que des investisseurs qualifiés tels que définis par la Directive Prospectus) sous réserve d'obtenir l'accord préalable du ou des Agents Placeurs concernés nommés par l'Emetteur dans le cadre de cette offre; ou
- (d) à tout moment et dans toute autre circonstance entrant dans le champ d'application de l'Article 3(2) de la Directive Prospectus,

étant entendu qu'aucune offre de Titres de la nature visée aux points (b) à (d) ci-dessus n'imposera à l'Emetteur ou à tout Agent Placeur de publier un prospectus en vertu de l'Article 3 de la Directive Prospectus ni un supplément au prospectus en vertu de l'Article 16 de la Directive Prospectus.

Pour les besoins de la présente clause, l'expression "offre de Titres au public", employée en relation avec tous Titres dans tout Etat Membre Concerné, désigne la communication sous quelque forme et par quelque moyen que ce soit d'une information suffisante sur les conditions de l'offre et sur les Titres à offrir, de manière à mettre un investisseur en mesure de décider d'acheter ou de souscrire les Titres, telle qu'elle pourra être modifiée dans cet Etat Membre par toute mesure prise pour l'application de la Directive Prospectus dans cet Etat Membre, et l'expression **Directive Prospectus** désigne la Directive 2003/71/CE (et les modifications qui y sont apparentées, ce qui inclut les modifications apportées par la Directive de 2010 Modifiant la DP, dans la mesure où ces modifications ont été transposées dans l'Etat Membre Concerné) et inclut toute mesure prise pour la transposition de cette Directive dans l'Etat Membre Concerné et l'expression **Directive de 2010 Modifiant la DP** signifie Directive 2010/73/UE.

#### **AUTRICHE**

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir, qu'il n'a pas offert ou vendu les Titres et que les Titres ne seront pas offerts, vendus ni livrés directement ou indirectement en Autriche par voie d'offre au public, excepté en conformité avec la Loi autrichienne sur les marchés de capitaux (*Kapitalmarktgesetz*), telle que modifiée de temps à autre.

#### **BELGIQUE**

L'offre, le Prospectus de Base et les documents connexes ne sont pas destinés à constituer une offre au public en Belgique, et ne pourront pas être communiqués ni distribués à des investisseurs d'une manière qui constituerait une offre au public, au sens défini dans la Loi du 16 juin 2006 relative aux offres publiques d'instruments de placement et aux admissions d'instruments de placement à la négociation sur des marchés réglementés. L'offre des Titres n'a pas été et ne sera pas notifiée à l'Autorité de Contrôle Prudentiel, Financière et des Assurances Belge (CBFA) et la CBFA n'a ni revu ni approuvé ce(s) document(s).

Chacun des Agents Placeurs a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir qu'il n'offrira, ne vendra ni ne commercialisera pas ces Titres en Belgique, au moyen d'une offre au public au sens de la Loi du 16 juin 2006 relative aux offres publiques d'instruments de placement et aux admissions d'instruments de placement à la négociation sur des marchés réglementés.

Toute offre ne sera faite en Belgique qu'à des investisseurs qualifiés tels que définis à l'article 10 de la Loi du 16 juin 2006 relative aux offres publiques d'instruments de placement et aux admissions d'instruments de placement à la négociation sur des marchés réglementés.

## **CHYPRE**

Chaque Agent Placeur a déclaré et garanti:

- (i) que s'agissant des Titres, il ne fournira pas depuis Chypre des "Services ou Activités d'Investissement" ou "Services Annexes" (tel que ces termes sont définis dans la Loi sur les Marchés d'Instruments Financiers, les Activités Financières et les Marchés Réglementés, Loi 144(I) de 2007 et dans toutes Directives qui en résultent (la Loi IS), ne fournira pas autrement des Services ou Activités d'Investissement et/ou des Services Annexes depuis un pays autre que Chypre à des résidents ou personnes domiciliées à Chypre et ne conclura pas à Chypre une quelconque transaction dans le cadre de ces Services ou Activités d'Investissement et/ou Services Annexes en violation de la Loi IS et des réglementations qui en résultent; et
- (ii) qu'il ne fera pas d'offre et n'invitera pas, ou n'incitera pas autrement les souscripteurs ou acquéreurs, à souscrire ou acquérir les Titres à Chypre à moins que ce soit en conformité avec les dispositions de la Loi Offre au Public et Prospectus, Loi 114(I)/2005 et la Loi sur les Sociétés, Cap 113 des Lois de Chypre, telles que modifiées.

Sans préjudice de ce qui précède, les Titres ne seront pas commercialisés, offerts, transférés ou vendus que ce soit dans le cadre de leur distribution initiale ou à tout moment par la suite à, ou au profit de, toute personne (y compris toutes entités ayant la personnalité morale ou non) résidentes, enregistrées, établies, domiciliées ou ayant leur résidence habituelle à Chypre ou à l'une quelconque de ces personnes se trouvant sur le territoire de Chypre à moins que cela ne soit autorisé par, et en conformité avec, la loi et les réglementations de Chypre.

## **REPUBLIQUE TCHEQUE**

Aucune approbation, autorisation ou consentement n'a été obtenu par l'Emetteur pour l'émission des Titres (y compris l'approbation des modalités de l'émission des Titres (en Tchèque "*emisní podmínky*") de la part de la Banque Nationale Tchèque (**BNT**) en vertu de la Loi No. 190/2004 Coll., sur les Obligations, telle que modifiée (la **Loi sur les Obligations**). Aucune mesure n'a été prise (y compris l'obtention de l'approbation du prospectus par la BNT et l'admission à la négociation sur un marché réglementé (au sens défini par la Section 55 de la Loi No. 256/2004 Coll., sur la conduite des opérations sur les marchés de capitaux, telle que modifiée (la **Loi sur les Marchés de Capitaux**)) par l'Emetteur à l'effet de qualifier les Titres comme des titres cotés au sens de la Section 32(1) de la Loi sur les Marchés de Capitaux.

Chacun des Agents Placeurs a déclaré, garanti, s'est engagé et a reconnu, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer, garantir, s'engager et reconnaître qu'il n'a pas offert ou vendu, et qu'il n'offrira et ne vendra pas des Titres qui sont soumis à l'offre et à la vente au titre du présent Prospectus de Base tel que complété par les Conditions Définitives applicables, en République Tchèque par voie d'offre au public, à l'exception de quelques exemptions prévues par les Sections 34(4)(g) et 35(2)(a)-(d) de la Loi sur les Marchés de Capitaux, sous réserve que cette offre n'exige pas de l'Emetteur, l'Agent ou de l'Acquéreur de publier un prospectus (et, le cas échéant, les conditions définitives et/ou un supplément en République Tchèque ou, le cas échéant, dans un autre Etat Membre de l'EEE.

Chacun des Agents Placeurs a déclaré, garanti, s'est engagé et a reconnu, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer, garantir, s'engager et reconnaître avec l'Emetteur et chaque autre Agent Placeur et/ou Acquéreur (selon le cas) qu'il n'a pris et ne prendra aucune mesure qui (i) ait pour conséquence d'assimiler les Titres (plus particulièrement des obligations) à des titres émis en République Tchèque, à moins que l'Emetteur en ait fait la demande expresse, (ii) ait pour conséquence de faire qualifier l'émission des Titres comme une activité de "réception des dépôts du public" par l'Emetteur en République Tchèque au titre de la Loi No. 21/1992 Coll., portant sur le régime des Banques (telle que modifiée) (la **Loi Bancaire**), (iii) ait pour conséquence d'assimiler l'Emetteur à une entité supportant/faisant la publicité d'activités interdites par la Loi No.189/2004 Coll., portant sur les Investissements Collectifs, telle que modifiée (la **Loi sur les Investissements Collectifs**), et/ou (iv) l'exercice légal d'une activité qui requiert et/ou pourrait exiger une approbation, un agrément ou le consentement de la part, et/ou d'exiger un permis, un enregistrement, un dépôt ou une notification auprès de la BNT ou d'autres autorités d'un Etat Membre de l'EEE à propos des Titres, conformément aux lois en vigueur en République Tchèque; à l'exception des opérations consistant à offrir les Titres au sein de la République Tchèque dans le cadre des exemptions et conditions prévues par les Sections 34(4)(g) et 35(2)(a)-(d) de la Loi sur les Marchés de Capitaux ou à l'exception des opérations explicitement requises ou approuvées par avance par l'Emetteur.

Chacun des Agents Placeurs a déclaré, garanti, s'est engagé et a reconnu, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer, garantir, s'engager et reconnaître avec l'Emetteur et chaque autre Agent Placeur et/ou Acquéreur (selon le cas), qu'il s'est conformé et se conformera à toutes les lois applicables en République Tchèque, et plus particulièrement à la Loi sur les Marchés de Capitaux (y compris les règles applicables à la fourniture de services d'investissement en République Tchèque), à la Loi sur les Obligations, la Loi sur les Investissements Collectifs, la Loi Bancaire et les règles de bonne pratique de la BNT ou de toute autre autorité compétente, en lien avec les Titres.

Toute autre personne (autre que l'Emetteur, l'Agent et/ou l'Acquéreur) qui procède à une offre publique ou prévoit de procéder à une offre publique des Titres en République Tchèque pourra uniquement le faire sous réserve que (i) cette offre n'exige pas de l'Emetteur, l'Agent ou de l'Acquéreur de préparer et/ou de publier un prospectus (et, le cas échéant, les conditions définitives), un supplément au prospectus et/ou les modalités de l'émission des Titres (en Tchèque "*emisní podmínky*"), et/ou d'obtenir une approbation, un agrément ou le consentement de la part, et/ou d'exiger un permis, un enregistrement, un dépôt ou une notification auprès de la BNT ou d'autres autorités d'un Etat Membre de l'EEE à propos des Titres, conformément aux lois en vigueur en République Tchèque; (ii) cette activité n'ait pour conséquence de qualifier l'émission des Titres comme une activité de "réception des dépôts du public" par l'Emetteur en République Tchèque au titre de la Loi Bancaire; (iii) cette activité n'ait pour conséquence d'assimiler l'Emetteur à une entité supportant/faisant la publicité d'activités interdites par la Loi sur les Investissements Collectifs; et (iv) cette personne s'est conformée et se conformera à toutes les lois applicables en République Tchèque, et plus particulièrement à la Loi sur les Marchés de Capitaux (y compris les règles applicables à la fourniture de services d'investissement en République Tchèque), à la Loi sur les Obligations, la Loi sur les Investissements Collectifs, la Loi Bancaire et les règles de bonne pratique de la BNT ou de toute autre autorité compétente, en lien avec les Titres. En cas d'offre qui nécessiterait la publication d'un prospectus (et, le cas échéant, des conditions définitives) et/ou un supplément au prospectus, cette personne s'engage à préparer son propre prospectus et/ou supplément au prospectus.

*Pour les besoins du présent résumé sur les restrictions de vente en République Tchèque, le terme "offre publique" en lien avec les Titres désigne toute communication à un grand groupe de personnes contenant des informations au sujet des Titres offerts et leurs modalités d'acquisition. Ces informations devront être suffisantes pour permettre à un investisseur de prendre une décision quant à la souscription ou l'achat de ces Titres.*

## **DANEMARK**

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir que les Titres n'ont pas été offerts ou vendus et

ne seront pas offerts, vendus ni livrés directement ou indirectement au Royaume du Danemark par voie d'offre au public, excepté en conformité avec la Loi danoise No. 803 du 9 août 2011 sur la négociation de titres (*Danish Securities Trading Act*), telle qu'elle pourra être modifiée de temps à autre, et avec tous décrets pris pour son application.

## **ESTONIE**

Le Prospectus de Bases n'a pas été soumis à, ou enregistré auprès de, l'Autorité de Supervision Financière de la République d'Estonie (en estonien: *Finantsinspeksioon*). L'offre de Titres dans le cadre du Prospectus de Bases n'a donc pas vocation à constituer une offre publique au sens de la Loi Estonienne sur les Marchés de Valeurs Mobilières (en estonien: *Väärtpaberituru seadus*).

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir que qu'il n'a pas offert ni vendu au public, et n'offrira pas ni ne vendra ni ne transférera, directement ou indirectement, des Titres au public en République d'Estonie (y compris lorsqu'ils sont cumulés), au sens du *Estonian Securities Market Act*.

Toute offre faite en République d'Estonie, et les Titres ne pourront être souscrits dans la République d'Estonie que par des investisseurs qualifiés au sens de la Loi Estonienne sur les Marchés de Valeurs Mobilières ou dans d'autres circonstances qui n'exigent pas la publication d'un prospectus conformément à l'article 12(2) de la Loi Estonienne sur les Marchés de Valeurs Mobilières.

## **FRANCE**

Chacun des Agents Placeurs et l'Emetteur ont déclaré et garanti, chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir ce qui suit:

(i) *Offre au public en France:*

il n'a offert et n'offrira les Titres au public en France que pendant la période commençant (a) lorsqu'un prospectus relatif à ces Titres aura été approuvé par l'Autorité des marchés financiers (**AMF**), à la date de sa publication ou (b) lorsqu'un prospectus aura été approuvé par l'autorité compétente d'un autre Etat Membre de l'EEE ayant transposé la Directive Prospectus 2003/71/CE, à la date de la notification de cette approbation à l'AMF conformément aux articles L.412-1 et L.621-8 du Code monétaire et financier et au Règlement général de l'AMF, et se terminant au plus tard douze mois après cette approbation du Prospectus de Base; ou

(ii) *Placement privé en France:*

dans le cadre de leur placement initial, il n'a ni offert ni vendu, et n'offrira ni ne vendra, directement ou indirectement, les Titres au public en France; il n'a pas distribué ni fait distribuer, et ne distribuera pas ni ne fera distribuer au public en France, le Prospectus de Base, les Conditions Définitives applicables ni tout autre document d'offre relatif aux Titres, et ces offres, ventes et placements de Titres en France ont été et seront uniquement faites (i) aux personnes fournissant des services d'investissement relatifs à la gestion de portefeuille pour le compte de tiers, et/ou (ii) à des investisseurs qualifiés agissant pour leur propre compte, autres que des personnes physiques, tels que définis par et conformément aux articles L.411-1, L.411-2 et D.411-1 à D.411-3 du Code monétaire et financier.

## **GRAND DUCHE DE LUXEMBOURG**

Outre les cas décrits dans les restrictions de vente sous le titre "*Restrictions de vente relatives à une offre au public en application de la Directive Prospectus*", dans lesquels tout Agent Placeur peut faire une offre de Titres

au public dans un Etat Membre de l'EEE (y compris le Grand-Duché de Luxembourg), tout Agent Placeur peut également faire une offre de Titres au public dans le Grand-Duché de Luxembourg:

- (a) à tout moment, à des gouvernements nationaux et régionaux, des banques centrales, des institutions internationales et supranationales (tels le Fonds Monétaire International, la Banque Centrale Européenne, la Banque Européenne d'Investissement) et autres organisations internationales similaires;
- (b) à tout moment, à des personnes morales autorisées ou réglementées afin d'opérer sur les marchés financiers (y compris des établissements de crédit, sociétés d'investissement, autres institutions financières agréées ou réglementées, organismes de placement collectif et leurs sociétés de gestion, fonds de pension et d'investissement et leurs sociétés de gestion, compagnies d'assurances et négociateurs en marchandises), ainsi qu'à des personnes morales qui ne sont pas ainsi autorisées ou réglementées dont l'objet social consiste exclusivement à investir en valeurs mobilières; et
- (c) à tout moment, à certaines personnes physiques ou petites et moyennes entreprises (telles que définies dans la loi luxembourgeoise du 10 Juillet 2005 relative aux prospectus portant sur des titres, et portant transposition de la Directive 2003/71/CE (la **Directive Prospectus**) dans le droit luxembourgeois) inscrites dans le registre des personnes physiques ou petites et moyennes entreprises considérées comme des investisseurs qualifiés, tenu par la *Commission de surveillance du secteur financier* en sa qualité d'autorité compétente au Luxembourg conformément à la Directive Prospectus.

## **GRECE**

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir qu'il n'a pas offert ni vendu au public, et n'offrira pas ni ne vendra des Titres au public en République Hellénique ni à des personnes se trouvant en République Hellénique, ne publiera ou ne diffusera aucune publicité, annonce ou avis, et ne prendra aucune autre mesure en République Hellénique, en vue d'inciter des investisseurs résidents en République Hellénique à acquérir des Titres. Tous les actes accomplis en ce qui concerne l'offre au public de Titres dans le territoire ou à partir du territoire de la République Hellénique, ou impliquant autrement la République Hellénique, devront l'être en conformité avec les dispositions applicables de la loi 3401/2005 et de la loi 876/1979.

## **HONGRIE**

En plus des règles applicables à l'EEE telles que décrites ci-dessus, dans le cadre de tout placement privé en Hongrie, chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme devra déclarer et garantir que (i) toute la documentation écrite préparée dans le cadre d'un placement privé en Hongrie indiquera clairement qu'il s'agit d'un placement privé, (ii) qu'il s'assurera que tous les investisseurs reçoivent la même information qui est importante ou nécessaire à l'évaluation du secteur d'activité actuel de l'Emetteur, de la situation économique, financière et légale et les développements attendus, y compris ceux qui ont été discutés lors d'une consultation personnelle avec l'investisseur, et (iii) de telles communications porteront la légende standard suivante:

« CONFORMEMENT A L'ARTICLE 18 DE LA LOI CXX DE 2001 SUR LES MARCHES FINANCIERS, CE [NOM DU DOCUMENT] A ETE PREPARE EN LIEN AVEC UN PLACEMENT PRIVE EN HONGRIE . »

## **ITALIE**

A moins qu'il soit indiqué dans les Conditions Définitives applicables qu'une offre non exemptée puisse être faite en Italie, l'offre des Titres n'a pas été enregistrée auprès de l'Autorité Financière italienne (*Commissione Nazionale per le Società e la Borsa* ou **CONSOB**) en vertu de la législation italienne sur les valeurs mobilières et, en conséquence, les Titres ne peuvent être offerts, vendus, faire l'objet d'une promotion ou d'une publicité, ni

livrés, directement ou indirectement au public de la République d'Italie, et ni des copies du Prospectus de Base, des Conditions Définitives ou de tout autre document relatif aux Titres ne peuvent être distribués, mis à la disposition ou faire l'objet d'une publicité en Italie, sauf:

- (a) à des **Investisseurs Qualifiés** (*investitori qualificati*), tels que définis à l'article 100, paragraphe 1(a) du Décret Législatif n°58 du 24 février 1998 (la **Loi sur les Services Financiers**), tel que modifié, et l'Article 34-ter, premier paragraphe, lettre b) du Règlement CONSOB No. 11971 du 14 mai 1979, tel que modifié de temps à autre (le **Règlement No. 11971**);
- (b) la livraison de tout prospectus en lien avec les Titres, sous réserve que ce prospectus ait été approuvé dans un autre Etat Membre de l'EEE et notifié à la CONSOB, dans une offre de produits financiers au public au cours de la période commençant à la date de publication de ce prospectus, ou, si l'Etat Membre a transposé les dispositions concernées de la Directive de 2010 Modifiant la DP, à la date de l'approbation de ce prospectus, en vertu de la Directive Prospectus, telle que transposée en Italie dans le cadre de la Loi sur les Services Financiers et de la Règlementation No. 11971, et prenant fin douze mois maximum après la date de publication de ce prospectus, ou si l'Etat Membre a transposé les dispositions concernées de la Directive de 2010 Modifiant la DP, après la date d'approbation de ce prospectus ; ou
- (c) dans d'autres circonstances bénéficiant d'une exemption des règles applicables aux offres au public conformément à l'article 100 de la Loi sur les Services Financiers, et à l'Article 34-ter du Règlement No. 11971.

Toute offre, vente ou livraison de Titres, et toute distribution du Prospectus de Base ou de tout autre document relatif aux Titres en Italie conformément aux paragraphes (d) ou (e) ci-dessus doit être:

- (a) effectuée par une entreprise d'investissement, une banque ou un intermédiaire financier habilité à exercer cette activité en Italie conformément à la Loi sur les Services Financiers, au Règlement CONSOB n°16190 du 29 octobre 2007 (tel que modifié de temps à autre) et au Décret Législatif n°385 du 1<sup>er</sup> septembre 1993, tel que modifié (la "**Loi Bancaire**");
- (b) conformément à l'Article 129 de la Loi Bancaire, telle que modifiée, et aux instructions d'application de la Banque d'Italie, telles que modifiées de temps à autre, en vertu desquelles la Banque d'Italie peut demander des informations sur l'émission ou l'offre de titres en Italie; et
- (c) conformément à toute autre loi ou réglementation applicable, ou à toute exigence imposée par la CONSOB ou toute autre autorité italienne.

#### ***Dispositions relatives au marché secondaire en Italie***

L'attention des investisseurs est attirée sur le fait que, pour toute distribution subséquente des Titres en Italie, l'article 100-bis de la Loi sur les Services Financiers affecte la transférabilité des Titres dans la mesure où tout placement de Titres doit être effectué uniquement auprès d'Investisseurs Qualifiés et que ces Titres sont alors systématiquement revendus à des Investisseurs Non-qualifiés sur le marché secondaire à tout moment au cours des douze mois suivant ce placement et aucune exemption au paragraphe (iii) ci-dessus ne s'applique. Lorsque cela se produit, si un prospectus conforme à la Directive Prospectus n'a pas été publié, les acquéreurs des Titres qui agissent en dehors du cours normal de leurs activités ou profession peuvent dans certaines circonstances avoir le droit de déclarer ces acquisitions comme nulle et non avenue, et en outre, réclamer des dommages à toute personne autorisée à qui les Titres ont été achetés, sous réserve des cas d'exemption prévus dans la Loi sur les Services Financiers.

## PORTUGAL

Chaque Agent Placeur/Membre du Syndicat de Placement a déclaré et garanti, chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir ce qui suit: (i) aucun document, aucune circulaire, publicité ou documentation d'offre se rapportant aux Titres n'a été ou ne sera soumis à l'approbation de la commission portugaise des valeurs mobilières (*Comissão do Mercado de Valores Mobiliários* (la **CMVM**)), transposée par le Décret no.486/99 du 13 novembre 1999, tel que modifié; (ii) il n'a, directement ou indirectement, pris aucune mesure, lancé aucune offre, fait aucune publicité, commercialisé, invité à la souscription, recueilli des intentions d'investissement, réalisé aucune vente ni effectué aucune livraison, et ne lancera aucune publicité, commercialisation, invitation à la souscription, recueil d'intentions d'investissement, et ne procédera à aucune vente ou revente, nouvelle offre ni livraison, directement ou indirectement, portant sur des Titres quelconques dans des circonstances qui répondraient aux critères d'une offre publique (*oferta pública*) de titres en vertu du code portugais des valeurs mobilières (*Código dos Valores Mobiliários*, (le **CVM**) et des autres législations et réglementations applicables en matière d'instruments financiers, notamment dans des circonstances qui pourraient être caractérisées d'offre au public adressée à des personnes physiques ou des entités résidant au Portugal ou ayant un établissement permanent au Portugal, selon le cas; (iii) il n'a pas distribué, rendu disponible ou fait distribuer, directement ou indirectement, et ne distribuera pas, ne rendra pas disponible ni ne fera distribuer, directement ou indirectement, au Portugal, directement ou indirectement, le Prospectus ni tout autre document, circulaire, publicité ou autre document d'offre; (iv) toutes les offres, ventes et placements de Titres ont été et seront uniquement effectuées au Portugal dans des circonstances qui, en application du CVM, satisfont aux critères d'un placement privé des Titres (*oferta particular*), conformément au CVM; et (v) dans le cadre d'une offre, d'un placement ou d'une vente de Titres au Portugal, il respectera toutes les dispositions applicables du CVM et toute autre législation applicable et tout règlement applicable de la CMVM, notamment le Décret no.211A/2008, le Règlement CMVM 1/2009 sur les instruments financiers complexes ainsi que toutes les lois et réglementations portugaises dans les circonstances qui nécessitent leur application. Chaque Agent Placeur/Membre du Syndicat de Placement et tout Agent Placeur désigné comme tel ultérieurement dans le cadre du Programme et tout Acquéreur devra garantir qu'il respectera toutes les lois et réglementations en vigueur au Portugal concernant le placement de titres quelconques sur le territoire portugais ou auprès d'entités résidentes du Portugal ou ayant un établissement permanent au Portugal, y compris, le cas échéant, la publication d'un Prospectus, et que ce placement sera autorisé et réalisé uniquement dans le respect absolu de ces lois et réglementations.

## ROUMANIE

En conséquence des restrictions suivantes, les acquéreurs potentiels de Titres en Roumanie sont invités à consulter un conseil juridique avant de procéder à toute acquisition, offre, vente, revente ou autre transfert de ces Titres.

Aucune offre au public de Titres négociables ne peut être faite en Roumanie sans la publication d'un prospectus approuvé par la *Comisia Națională a Valorilor Mobiliare* (**Commission Nationale Romaine des Valeurs Mobilières**) ou par l'autorité compétente de l'Etat membre concerné dès lors qu'il a été notifié à l'autorité compétente en Roumanie et qu'il est accompagné d'une traduction en roumain de son résumé conformément aux dispositions de la Directive Prospectus. L'offre au public de Titres ne peut avoir lieu que par le biais d'intermédiaire agréé habilité à fournir des services financiers.

En sus des cas décrits dans les restrictions de vente au paragraphe "Restrictions de vente relatives à une offre au public en application de la Directive Prospectus" aux termes duquel tout Agent Placeur peut faire une offre au public de Titres dans un Etat membre de l'EEE (y compris en Roumanie), il est précisé que :

- la Directive Prospectus (à l'exclusion de toute modification conformément à la Directive de 2010 modifiant la DP) a été transposée en majeure partie dans la loi roumaine.

- les cas d'exemption de publication d'un prospectus au titre de l'article 3(2) de la Directive Prospectus y compris, par exemple, l'exemption applicable en case d'offre de titres à des investisseurs qualifiés ou à moins de 100 investisseurs qui ne sont pas des investisseurs qualifiés sont transposés en majeure partie, mais ne sont pas une condition à l'approbation du prospectus simplifié par la Commission Nationale Romaine des Valeurs Mobilières.

Il existe une certaine incertitude quant aux exigences liées à l'approbation d'un prospectus simplifié qui seraient applicables uniquement aux émetteurs roumains qui procèdent à une offre en Roumanie ou également aux émetteurs de l'EEE procédant à des offres transfrontalières de titres négociables (hors titres de capital) tels que les Titres en Roumanie.

La commercialisation de titres négociables en Roumanie par les émetteurs est permise uniquement si elle est approuvée par la Commission Nationale Romaine des Valeurs Mobilières.

Aucun permis ou approbation relative à l'émission de Titres (et notamment l'approbation des modalités des Titres) n'a été obtenu auprès de la Commission Nationale Romaine des Valeurs Mobilières conformément à la Loi no. 297/2004 relative aux marchés de capitaux, telle que modifiée (la **Loi sur les Marchés de Capitaux**) et le Règlement no. 1/2006 de la Commission Nationale Romaine des Valeurs Mobilières relative aux émetteurs et aux opérations sur titres, telle que modifiée (le **Règlement Offre au Public**).

Aucune action n'a été entreprise (notamment en vue d'obtenir l'approbation du prospectus par la Commission Nationale Romaine des Valeurs Mobilières et l'admission des Titres à la négociation sur un marché réglementé en Roumanie).

Aucune action n'a été entreprise ou ne sera entreprise pour que ce prospectus fasse l'objet d'une notification (*passporting*) à la Commission Nationale Romaine des Valeurs Mobilières conformément à la Directive Prospectus. Par conséquent, les Titres ne seront pas offerts, vendus ou livrés et aucune copie du Prospectus de Base ou de tout autre document en relation avec les Titres ne sera distribué à l'occasion d'une offre publique en Roumanie.

Chaque Agent Placeur a garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra garantir, qu'il n'a pas offert ou vendu et qu'il n'offrira pas ou ne vendra pas de Titres en Roumanie par voie d'offre au public, c'est-à-dire toute communication faite à des personnes, sous quelque forme et par quelque moyen que ce soit, contenant des informations suffisantes sur les titres étant offerts et les modalités selon lesquelles elles peuvent acquérir les titres, de telle sorte qu'elle permet à un investisseur de prendre une décision de souscrire, ou d'acquérir, ces titres, ou par voie d'offre publique sauf disposition contraire dans la Loi sur les Marchés de Capitaux ou le Règlement Offre au Public et que ni lui ni ses filiales, ni aucune personne agissant en son nom, ne s'est engagé ou ne s'engagera dans des démarches de ventes des Titres en Roumanie.

Chaque Agent Placeur a garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra garantir à l'Emetteur et à chaque autre Agent Placeur et/ou Acquéreur (selon le cas), qu'il s'est conformé et se conformera à toutes les exigences de la Loi sur les Marchés de Capitaux, du Règlement Offre au Public, des normes et réglementations de la Commission Nationale Romaine des Valeurs Mobilières et des lois Roumaines applicables.

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir à l'Emetteur et à chaque autre Agent Placeur et/ou Acquéreur (selon le cas), qu'il s'est conformé et se conformera à toutes les lois de Roumanie applicables à toute démarche entreprise en Roumanie (notamment les lois applicables à la fourniture de services d'investissement en Roumanie (au sens de la Loi sur les Marchés de Capitaux et de la réglementation de la Commission Nationale Romaine des Valeurs Mobilières)) relative aux Titres.

## SLOVENIE

Excepté dans les cas d'Offres Non Exemptées (tel que défini dans "Restrictions de Vente: Juridictions au sein de l'EEE"), ce document n'est pas un prospectus ou un document équivalent à un prospectus au titre de la Loi Slovène sur les Marchés d'Instruments Financiers. Le destinataire a reçu ce document conformément à une exemption au titre de la Directive Prospectus à l'exigence de produire un prospectus pour les offre de titres, accordée telle que transposée en Slovénie par la loi sur le Marché d'Instruments Financiers. Aucune offre important dans le cadre de tous Titres n'a été et ne sera approuvée par l'Agence de Marché de Titres Slovène. Si le destinataire fait ou veut faire une offre de Titres en Slovénie, il la fera uniquement dans des circonstances dans lesquelles il n'y aura aucune obligation pour l'Emetteur quel qu'il soit, le Garant, l'Agent Placeur ou tout autre personne de produire de prospectus au titre de la Directive Prospectus et/ou passeporter un prospectus en Slovénie.

Chaque Agent Placeur a garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme devra garantir, et chaque autre Acheteur: (i) qu'il n'a pas offert ou vendu au public et n'offrira pas ou ne vendra pas au public des Titres en Slovénie ou à des personnes résidents en Slovénie, à moins que cette offre soit permise sans que le prospectus soit approuvé ou passeporté en Slovénie, et (ii) que, dans les cas où aucun prospectus ne doit être approuvé ou passeporté en Slovénie, il offrira et vendra les Titres en Slovénie ou à des personnes résidant en Slovénie seulement dans le respect total des exigences de la loi slovène applicable, y compris les obligations de notification à l'Agence de Marché de Titres Slovène.

## ESPAGNE

Ni les Titres, ni le Prospectus de Base n'ont été autorisés par, ou enregistré, dans les registres administratifs de la Commission Nationale du Marché des Valeurs Mobilières (*Comisión Nacional del Mercado de Valores*). En conséquence, les Titres ne pourront pas être offerts, vendus ou revendus en Espagne ou autrement commercialisés en Espagne – que ce soit au travers d'information ou dans les médias directement au public en général ou au travers de publicité individuelle – et tout prospectus ou toute autre communication à caractère promotionnel ou publicitaire en lien avec les Titres ne pourra pas être distribuée en Espagne - à moins que ce soit de telle sorte que cela ne constitue pas une offre publique de titres en Espagne (ou est autrement éligible à comme une exception autorisée) au sens de l'article 30-bis de la Loi Espagnole relative au Marché des Valeurs Mobilières du 28 juillet 1988 (*Ley 24/1988, de 28 de julio, del Mercado de Valores*) et du Décret Royal 1310/2005 du 4 novembre (*Real Decreto 1310/2005 de 4 de noviembre*), tels que modifiés et réitérés, et des règles supplémentaires ou complémentaires qui en résultent ou s'y substituent de temps à autre.

## SUEDE

Chaque Agent Placeur a déclaré et garanti, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devra déclarer et garantir que qu'il n'a pas offert ni vendu au public, et n'offrira pas ni ne vendra ni ne transférera, directement ou indirectement, des Titres au public dans le Royaume de Suède, à moins que ce soit conformément à la Lois Suédoise sur la Négociation des Valeurs Mobilières, (SFS 1991:980) telle que modifiée de temps à autre et aux Décrets Réglementaires y afférents.

## ROYAUME-UNI

Chaque Agent Placeur a déclaré et garanti, chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir ce qui suit:

1. en ce qui concerne les Titres ayant une maturité inférieure à un an, (a) il est une personne dont l'activité habituelle est d'acquérir, de détenir, de gérer et de transférer des produits financiers (pour son compte propre ou pour le compte de tiers) dans le cadre de sa profession, et (b) il n'a ni offert, ni vendu et n'offrira ni ne vendra ces Titres à des personnes autres que celles dont l'activité habituelle consiste à acquérir, détenir, gérer et transférer des produits financiers (pour leur compte propre ou pour le compte

de tiers) dans le cadre de leur profession, ou dont il est raisonnable de penser qu'elles vont acquérir, détenir, gérer ou transférer des produits financiers (pour leur compte propre ou pour le compte de tiers) dans le cadre de leur profession; à défaut de quoi, l'émission de ces Titres constituerait une violation par l'Emetteur de l'article 19 du FSMA;

2. il a communiqué et fait communiquer, et communiquera et fera communiquer toute invitation ou incitation à se livrer à des activités d'investissement (au sens de la section 21 du FSMA), qu'il aura reçue dans le cadre de l'émission ou la vente de tous Titres, que dans des circonstances où la section 21(1) du FSMA ne s'applique pas ou, dans le cas du Garant, ne s'appliquerait pas à l'Emetteur ou au Garant, si le Garant n'était pas une personne autorisée telle que définie dans le FSMA; et
3. il a respecté et respectera toutes les dispositions du FSMA applicables à tout ce qu'il entreprend relativement aux Titres, que ce soit au Royaume-Uni, à partir du Royaume-Uni ou dans toute autre circonstance impliquant d'une façon ou d'une autre le Royaume-Uni.

## **GENERALITES**

Chaque Agent Placeur a garanti, chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra garantir (à sa meilleure connaissance et croyance) qu'il respectera toutes les lois et réglementations sur les titres en vigueur dans les territoires dans lesquels il achète, offre, vend ou livre des titres ou possède ou distribue le Prospectus de Base ou tout autre document d'offre, et qu'il obtiendra tout accord, approbation ou autorisation requis pour pouvoir acheter, offrir, vendre ou livrer des Titres conformément aux lois et aux réglementations en vigueur dans tout territoire dont il relève ou dans lequel il achète, offre, vend ou livre des Titres, et que ni l'Emetteur, le Garant ou les Agents Placeurs ne pourront en être tenus responsables.

Ni l'Emetteur, ni le Garant et ni les Agents Placeurs ne déclare que les Titres peuvent être à tout moment vendus légalement conformément aux exigences d'enregistrement ou autres exigences en vigueur dans un quelconque territoire, ou en vertu d'une dispense d'avoir à respecter ces exigences, et ils n'assument aucune responsabilité au titre de la facilitation de cette vente.

S'agissant de chaque Tranche, l'Acquéreur concerné devra respecter toutes les autres restrictions convenues entre l'Emetteur et l'Acquéreur concerné, et qui seront exposées dans les Conditions Définitives applicables et le contrat de syndication concerné (le cas échéant).

## INFORMATIONS GENERALES

### Autorisation

La mise en place du Programme et l'émission de Titres dans le cadre du Programme ont été dûment autorisées en vertu d'une résolution du conseil d'administration de SG Issuer en date du 26 juin 2012.

### Admission à la Cote Officielle et à la Négociation sur la Bourse de Luxembourg

Une demande a été présentée auprès de la CSSF en vue de faire approuver ce document en tant que prospectus de base. Une demande a également été présentée en vue de faire admettre les Titres émis dans le cadre du Programme à la négociation sur le marché réglementé de la Bourse de Luxembourg, et à la cote officielle de la Bourse de Luxembourg. Le marché réglementé de la Bourse de Luxembourg est un marché réglementé pour les besoins de la Directive concernant les Marchés d'Instruments Financiers (Directive 2004/39/CEE).

### Approbation par SIX Swiss Exchange

Une demande a également été présentée auprès de la SIX Swiss Exchange en vue de faire approuver ce document en tant que "programme d'émission" pour l'admission à la cote officielle de produits dérivés et un "programme d'émission" pour l'admission à la cote de titres de créance, conformément aux règles de cotation de la SIX Swiss Exchange. En ce qui concerne les Titres devant être cotés sur la SIX Swiss Exchange, le présent Prospectus de Base et tout Supplément afférent (le cas échéant), ensemble avec les Conditions Définitives, constituera le prospectus aux fins de cotation prescrit par les règles de cotation de la SIX Swiss Exchange. Comme il n'y a pas eu de demande de présentée auprès de la SIX Swiss Exchange en vue de faire approuver ce Programme en tant que "programme d'émission" pour l'admission à la cote de produits négociés en bourse (*exchange traded products*, **ETPs**), les produits qui sont considérés comme des ETPs conformément aux règlements de la SIX Swiss Exchange ne seront pas admis à la cote comme des ETPs mais comme des produits dérivés.

#### **Absence de Changement Défavorable Significatif ou Substantiel**

Il ne s'est produit aucune détérioration significative dans les perspectives de l'Emetteur ou du Garant et de leurs filiales consolidées (considérées dans leur ensemble) depuis leurs derniers états financiers audités respectifs en date du 31 décembre 2011.

Il ne s'est produit aucun changement défavorable significatif dans la situation financière ou commerciale de l'Emetteur ou du Garant et de leurs filiales consolidées (considérées dans leur ensemble) depuis leurs derniers états financiers audités respectifs en date du 31 décembre 2011.

#### **Procédures Judiciaires et d'Arbitrage**

Il n'existe aucune procédure judiciaire, arbitrale ou administrative impliquant des demandes ou portant sur des montants pour la période couvrant au moins les 12 dernier mois qui sont significatifs dans le contexte du Programme ou de l'émission de Titres dans le cadre de celui-ci, à laquelle l'Emetteur ou le Garant est partie et, à la connaissance de l'Emetteur et du Garant, il n'existe aucune menace de procédure judiciaire, arbitrale ou administrative impliquant des demandes ou portant sur des montants pour la période couvrant au moins les 12 dernier mois qui sont significatifs dans le contexte du Programme ou de l'émission de Titres dans le cadre de celui-ci, et qui mettrait en péril leur capacité à honorer leurs obligations respectives en vertu du Programme ou des Titres émis dans le cadre de celui-ci. Le contentieux le plus important dans lequel Société Générale est actuellement impliquée est brièvement décrit à la section intitulée "*Risks and Litigation*" ("Risques et Litiges") de la version anglaise du Document de Référence 2012 de Société Générale dont des copies sont disponibles dans les bureaux de Société Générale, à Paris, de Société Générale Bank & Trust à Luxembourg et de Société Générale, succursale de Zürich à Zürich, comme indiqué sous la section "*Documents Disponibles*" ci-dessus.

Les informations fournies à la section intitulée "*Risks and Litigation*" peuvent être mises à jour de temps à autre et si ces mises à jour constituent un fait nouveau significatif au sens de l'Article 16 de la Directive Prospectus, elle devront faire l'objet d'un Supplément au Prospectus de Base.

### **Systèmes de Compensation**

#### **(a) Les Titres autres que les Titres EUI**

Les Titres ont été acceptés à la compensation par l'intermédiaire d'Euroclear France, ou d'Euroclear et de Clearstream, Luxembourg (qui sont les entités chargées de la tenue des registres). Le Code Commun et le code ISIN applicables pour chaque Tranche de Titres alloués à Euroclear France, ou Euroclear et/ou Clearstream, Luxembourg seront précisés dans les Conditions Définitives applicables. Les Titres peuvent être détenus par le biais d'un système additionnel ou alternatif (y compris, sans caractère limitatif, SIX SIS Ltd), auquel cas les informations nécessaires seront précisées dans les Conditions Définitives applicables. En outre, l'Emetteur pourra formuler une demande afin que tous Titres sous forme nominative soient acceptés pour négociation sous forme d'inscription en compte par DTC. Le CUSIP et/ou les codes CINS pour chaque Tranche de Titres Nominatifs, ainsi que le Code Commun et le Code ISIN, seront spécifiés dans les Conditions Définitives applicables.
