The Senior Non Preferred Notes constitute unconditional liabilities of the Issuer. The Senior Non Preferred Notes are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency or instrumentality.

It is expected that delivery of the Senior Non Preferred Notes will be delivered against payment therefor on or about January 10, 2019, which will be the fifth business day following the date of pricing of the Senior Non Preferred Notes (such settlement cycle being referred to herein as “T+5”). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Senior Non Preferred Notes on the date of pricing will be required, by virtue of the fact that the Senior Non Preferred Notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade those Notes on the date of pricing or the next two business days should consult their own advisor.

The Senior Non Preferred Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”), as amended, for offering or selling the Senior Non Preferred Notes or otherwise making them available to retail investors in the EEA, has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer’s product approval process, the target market assessment in respect of the Senior Non Preferred Notes has led to the conclusion that: (i) the target market for the Senior Non Preferred Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Senior Non Preferred Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Senior Non Preferred Notes (a “distributor”) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Senior Non Preferred Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.
