The 1.40% Senior Notes due 2015 (the "2015 senior notes") will mature on February 13, 2015, the 2.15% Senior Notes due 2017 (the "2017 senior notes") will mature on March 1, 2017 and the 3.55% Senior Notes due 2022 (the "2022 senior notes") will mature on March 1, 2022. Interest will accrue from February 13, 2012 and the first interest payment date will be August 13, 2012 for the 2015 senior notes and September 1, 2012 for the 2017 senior notes and the 2022 senior notes. We collectively refer to the 2015 senior notes, the 2017 senior notes and the 2022 senior notes as the "notes" or "bonds."

We have the option to redeem some or all of the notes at any time and from time to time, as described under the heading "Description of the notes—Optional redemption." If a change of control triggering event occurs, we will be required to offer to purchase the notes at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase. See "Description of the notes—Change of control triggering event."

The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our existing and future unsecured and unsubordinated indebtedness. The notes will be effectively subordinated to any of our future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to the indebtedness and other liabilities of our subsidiaries. The notes will not be guaranteed by any of our subsidiaries.

See "[Risk factors](#)" beginning on page S-5 for a discussion of certain risks that you should consider in connection with an investment in the notes.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the notes or determined that this prospectus supplement or the accompanying prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

[Table of Contents](#)**Cautionary statement regarding forward-looking statements**

This prospectus supplement and the accompanying prospectus, including the documents incorporated by reference herein and therein, contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Such forward-looking information is intended to be covered by the safe harbor to “forward-looking statements” provided by the Private Securities Litigation Reform Act of 1995. These statements may be made directly in this prospectus supplement or the accompanying prospectus or may be incorporated in this prospectus supplement or the accompanying prospectus by reference to other documents and may include statements for the period following the completion of this transaction. Representatives of FCX may also make forward-looking statements. Forward-looking statements are all statements other than statements of historical facts, such as those statements regarding projected ore grades and milling rates, projected production and sales volumes, projected unit net cash costs, projected operating cash flows, projected capital expenditures, projected exploration efforts and results, projected mine production and development plans, the impact of deferred intercompany profits on earnings, liquidity, other financial commitments and tax rates, the impact of copper, gold, molybdenum and cobalt price changes, reserve estimates, potential prepayments of debt, future dividend payments and potential share purchases. The words “anticipates,” “may,” “can,” “plans,” “believes,” “estimates,” “expects,” “projects,” “intends,” “likely,” “will,” “should,” “to be,” and any similar expressions are intended to identify those assertions as forward-looking statements. This prospectus supplement and the accompanying prospectus, including the documents incorporated by reference herein and therein, may also include forward-looking statements regarding mineralized material not included in reserves. The mineralized material described will not qualify as reserves until comprehensive engineering studies establish their feasibility. Accordingly, no assurance can be given that the estimated mineralized material not included in reserves will become proven and probable reserves.

We caution readers that those statements are not guarantees of future performance and our actual results may differ materially from those anticipated, projected or assumed in the forward-looking statements. Important factors that can cause our actual results to differ materially from those anticipated in the forward-looking statements include, but are not limited to, commodity prices, mine sequencing, production rates, industry risks, regulatory changes, political risks, the potential effects of violence in Indonesia, the resolution of administrative disputes in the Democratic Republic of Congo, weather- and climate-related risks, labor relations, environmental risks, litigation results, currency translation risks and other factors described in more detail under the heading “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC as updated by our subsequent filings with the SEC.

Investors are cautioned that many of the assumptions on which our forward-looking statements are based are likely to change after our forward-looking statements are made, including for example commodity prices, which we cannot control, and production volumes and costs, some aspects of which we may or may not be able to control. Further, we may make changes to our business plans that could or will affect our results. We caution investors that we do not intend to update our forward-looking statements more frequently than quarterly notwithstanding any changes in our assumptions, changes in our business plans, our actual experience, or other changes, and we undertake no obligation to update any forward-looking statements.

[Table of Contents](#)**Industry and other information**

Unless we indicate otherwise, we base the information concerning the mining industry contained or incorporated by reference in this prospectus supplement and the accompanying prospectus on our general knowledge of and expectations concerning the industry. Our market positions and market shares are based on our estimates using data from various industry sources and assumptions that we believe to be reasonable based on our knowledge of the mining industry. We have not independently verified data from industry sources and cannot guarantee its accuracy or completeness. In addition, we believe that data regarding the mining industry and our market positions and market shares within such industry provide general guidance but are inherently imprecise. Further, our estimates involve risks and uncertainties and are subject to change based on various factors, including those discussed in the “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC as updated by our subsequent filings with the SEC.

Prospectus supplement summary

This summary highlights certain information contained elsewhere or incorporated by reference in this prospectus supplement. Because this is only a summary, it does not contain all the information that may be important to you. For a more complete understanding of our business and this offering, you should read the entire prospectus supplement and the accompanying prospectus and the documents incorporated herein and therein by reference, including the annual financial statements included elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. You should also carefully consider the matters discussed under "Risk factors."

Overview

Freeport-McMoRan Copper & Gold Inc., or FCX, is a leading international mining company with headquarters in Phoenix, Arizona. We are one of the world's largest copper, gold and molybdenum mining companies in terms of reserves and production. Our portfolio of assets includes the Grasberg minerals district in Indonesia, significant mining operations in North and South America, and the Tenke Fungurume minerals district in the Democratic Republic of Congo. The Grasberg minerals district contains the largest single recoverable copper reserve and the largest single gold reserve of any mine in the world based on the latest available reserve data provided by third-party industry consultants. We also operate Atlantic Copper, our wholly owned copper smelting and refining unit in Spain.

FCX's principal executive offices are located at 333 North Central Avenue, Phoenix, Arizona, 85004, and our telephone number at that address is (602) 366-8100. We maintain a website at <http://www.fcx.com>, where general information about us is available. Information on our website is not a part of, and we are not incorporating the contents of our website into, this prospectus supplement or the accompanying prospectus.

Recent developments

On January 19, 2012, we announced preliminary unaudited financial information for the fourth-quarter and year-ended December 31, 2011.

Revenues for fourth-quarter 2011 totaled \$4.2 billion and operating income totaled \$1.3 billion, compared with revenues of \$5.6 billion and operating income of \$3.1 billion for fourth-quarter 2010. Our fourth-quarter 2011 results were adversely impacted primarily by lower realized copper prices, labor disruptions and the temporary suspension of milling operations at PT Freeport Indonesia as a result of damage to the concentrate and fuel pipelines. We reported that net income attributable to common stock for fourth-quarter 2011 totaled \$640 million, or \$0.67 per share, compared with net income attributable to common stock of \$1.5 billion, or \$1.63 per share, for fourth-quarter 2010. Consolidated sales from mines for fourth-quarter 2011 totaled 823 million pounds of copper, 133 thousand ounces of gold and 19 million pounds of molybdenum, compared with 941 million pounds of copper, 590 thousand ounces of gold and 17 million pounds of molybdenum for fourth-quarter 2010. Net income attributable to common stock for the year-ended December 31, 2011 was \$4.6 billion, or \$4.78 per share, compared with \$4.3 billion, or \$4.57 per share, for the year-ended December 31, 2010. Consolidated sales for the year-ended December 31, 2011 totaled 3.7 billion pounds of copper, 1.4 million ounces of gold and 79 million pounds of molybdenum, compared with 3.9 billion pounds of copper, 1.9 million ounces of gold and 67 million pounds of molybdenum for the year-ended December 31, 2010.

Operating income in the fourth-quarter 2011 and the year-ended December 31, 2011 includes charges totaling \$116 million (\$50 million to net income attributable to common stock or \$0.05 per share) primarily associated with bonuses for new labor agreements and other employee costs at PT Freeport Indonesia, Cerro Verde and El Abra. Net income attributable to common stock in the year-ended December 31, 2011 also includes net losses on early extinguishment of debt totaling \$60 million (\$0.06 per share) and additional taxes of \$49 million (\$0.05 per share) associated with Peru's new mining tax and royalty regime. Net income attributable to common stock in the fourth-quarter 2010 and the year-ended December 31, 2010 includes net losses on early extinguishment of debt totaling \$3 million (less than \$0.01 per share) and \$71 million (\$0.07 per share), respectively.

On February 7, 2012, our board of directors authorized an increase in our annual common stock dividend from \$1.00 per share to \$1.25 per share, with the initial quarterly dividend of \$0.3125 per share expected to be paid in May 2012.

Form and denomination	The notes will be issued in fully registered form in denominations of \$2,000 or integral multiples of \$1,000 in excess thereof.
Optional redemption	We may, at our option, redeem the notes, at any time and from time to time, in whole or in part, as described under the heading “Description of the notes—Optional redemption.”
Guarantees	None
Offer to repurchase upon change of control triggering event	If we experience a Change of Control Triggering Event (as defined herein), we will be required, unless we have already exercised our option to redeem the notes of the applicable series, to offer to purchase the notes of the applicable series at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase. See “Description of the notes—Change of control triggering event.”
Certain covenants	The indenture governing the notes contains covenants that restrict our ability, with certain exceptions, to incur debt secured by liens, engage in sale and leaseback transactions and merge or consolidate with another entity, or sell, transfer or lease all or substantially all of its assets.
No listing of the notes	We do not intend to apply to list the notes on any securities exchange or to have the notes quoted on any automated quotation system.
Use of proceeds	We estimate that the net proceeds from the offering will be approximately \$2,971 million, after deducting the underwriting discounts and commissions and our estimated offering expenses. We intend to use the net proceeds from this offering plus cash on hand to redeem our outstanding 8.375% Senior Notes due 2017. See “Use of proceeds.”
Governing law	The notes will be, and the indenture is, governed by the laws of the State of New York.
Risk factors	Investing in the notes involves substantial risks. You should carefully consider all the information in this prospectus supplement prior to investing in the notes. In particular, we urge you to carefully consider the factors set forth under “Risk factors” in this prospectus in addition to the risks described under the heading “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC as updated by our subsequent filings with the SEC.

[Table of Contents](#)**Risk factors**

Investing in the notes involves risk. Prior to making a decision about investing in our securities, and in consultation with your own financial and legal advisors, you should carefully consider the following risk factors, as well as the risk factors incorporated by reference in this prospectus supplement from our annual report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2011 under the heading "Risk Factors" as updated by our subsequent filings with the SEC. You should also refer to the other information in this prospectus supplement and the accompanying prospectus, including our financial statements and the related notes incorporated by reference into this prospectus supplement.

Risks related to the notes

The notes are subject to prior claims of our secured creditors and the creditors of our subsidiaries, and if a default occurs we may not have sufficient funds to fulfill our obligations under the notes.

The notes are our unsecured general obligations, ranking equally with our other senior unsecured indebtedness and liabilities but effectively subordinated to any secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to the debt and other liabilities of our subsidiaries. The indenture governing the notes permits us and our subsidiaries to incur secured debt under specified circumstances. If we incur any secured debt, our assets and the assets of our subsidiaries will be subject to prior claims by our secured creditors. In the event of our bankruptcy, liquidation, reorganization or other winding up, assets that secure debt will be available to pay obligations on the notes only after all debt secured by those assets has been repaid in full. Holders of the notes will participate in our remaining assets ratably with all of our unsecured and unsubordinated creditors, including our trade creditors.

If we incur any additional obligations that rank equally with the notes, including trade payables, the holders of those obligations will be entitled to share ratably with the holders of the notes in any proceeds distributed upon our insolvency, liquidation, reorganization, dissolution or other winding up. This may have the effect of reducing the amount of proceeds paid to you. If there are not sufficient assets remaining to pay all of these creditors, all or a portion of the notes then outstanding would remain unpaid.

As of September 30, 2011, we had outstanding indebtedness of approximately \$3,375 million that ranks equally with the notes, we had no secured indebtedness outstanding and our subsidiaries had approximately \$9,972 million of outstanding indebtedness and other liabilities.

The indenture does not limit the amount of indebtedness that we and our subsidiaries may incur.

The indenture under which the notes will be issued does not limit the amount of indebtedness that we and our subsidiaries may incur. The indenture does not contain any financial covenants or other provisions that would afford the holders of the notes any substantial protection in the event we participate in a highly leveraged transaction.

The agreements governing our indebtedness contain various covenants that limit our discretion in the operation of our business and also require us to meet financial maintenance tests and other covenants. The failure to comply with such tests and covenants could have a material adverse effect on us.

The agreements governing our indebtedness contain various covenants, subject to exceptions, including covenants that restrict our ability to:

- incur additional indebtedness;
- create liens on our assets;
- use assets as security in other transactions;

[Table of Contents](#)

- sell assets;
- merge with or into other companies; and
- enter into sale and leaseback transactions;

In addition, our credit facility requires that we meet certain financial tests, including a leverage ratio test and an interest coverage ratio test. During periods in which copper, gold or molybdenum prices or production volumes, or other conditions, reflect the adverse impact of cyclical market trends or other factors, we may not be able to comply with the applicable financial covenants.

Any failure to comply with the restrictions of our credit facility or any agreement governing our other indebtedness may result in an event of default under those agreements. Such default may allow the creditors to accelerate the related debt, which acceleration may trigger cross-acceleration or cross-default provisions in other debt. Our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt instruments, either upon maturity or, if accelerated, upon an event of default.

If, when required, we are unable to repay, refinance or restructure our indebtedness under, or amend the covenants contained in, our credit agreement, or if a default otherwise occurs, the lenders under our credit facility could elect to terminate their commitments thereunder, cease making further loans and declare all borrowings outstanding, together with accrued interest and other fees, to be immediately due and payable. Any such actions could force us into bankruptcy or liquidation, and we cannot provide any assurance that we could repay our obligations under the notes in such an event.

Changes in our credit ratings may adversely affect the value of the notes.

We cannot provide assurance as to the credit ratings that may be assigned to the notes or that any such credit ratings will remain in effect for any given period of time or that any such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances warrant such an action. Further, any such ratings will be limited in scope and will not address all material risks relating to an investment in the notes, but rather will reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could adversely affect the market value of the notes and increase our corporate borrowing costs.

Our financial performance and other factors could adversely impact our ability to make payments on the notes.

Our ability to make scheduled payments with respect to our indebtedness, including the notes, will depend on our financial and operating performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors beyond our control.

Our holding company structure may impact your ability to receive payment on the notes.

We are a holding company with no material assets other than the capital stock of our subsidiaries. As a result, our ability to repay our indebtedness, including the notes, is dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. In addition, our subsidiaries may not be able to, or be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including each series of notes. Each of our subsidiaries is a distinct legal entity and, under certain circumstances, legal and contractual restrictions, as well as the financial condition and operating requirements of our subsidiaries, may limit our ability to obtain cash from our subsidiaries. Although the notes are unsubordinated obligations, they will be structurally subordinated to all

[Table of Contents](#)

liabilities of our subsidiaries, to the extent of their assets. Our rights to participate in any distribution of our subsidiaries' assets upon their liquidation, reorganization or insolvency would generally be subject to the prior claims of the subsidiaries' creators, including any trade creditors and preferred shareholders.

We may not be able to repurchase the notes upon a Change of Control Triggering Event.

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the notes, we will be required to make an offer to purchase the notes in cash at the redemption prices described in this prospectus supplement. However, we may not be able to repurchase the notes upon a Change of Control Triggering Event because we may not have sufficient funds to do so. In addition, agreements governing indebtedness incurred in the future may restrict us from purchasing the notes in the event of a Change of Control Triggering Event. Any failure to purchase properly tendered notes would constitute an event of default under the indenture governing the notes, which could, in turn, cause an acceleration of our other indebtedness. See "Description of the notes—Change of control triggering event."

There are no public markets for the notes, and we cannot assure you that markets for the notes will develop.

The underwriters have advised us that they currently intend to make a market in the notes of each series. However, the underwriters are not obligated to do so and any underwriter may discontinue its market-making activities at any time without notice. We do not intend to apply for a listing of the notes of any series on any securities exchange or automated interdealer quotation system.

The notes of each series will be a new class of securities for which there is no established public trading market, and no assurance can be given as to:

- the liquidity of any such market that may develop;
- the ability of holders of the notes to sell their notes; or
- the prices at which the holders of the notes would be able to sell their notes.

If such markets were to exist, the notes could trade at prices that may be higher or lower than their principal amounts or purchase prices, depending on many factors, including:

- prevailing interest rates and the markets for similar securities;
- the interest of securities dealers in making a market;
- the market price of our common stock;
- general economic conditions; and
- our financial condition, historic financial performance and future prospects.

[Table of Contents](#)**Use of proceeds**

We estimate that the net proceeds from the offering will be approximately \$2,971 million, after deducting the underwriting discount and commissions and our estimated offering expenses. We intend to use the net proceeds from this offering plus cash on hand to redeem our outstanding 8.375% Senior Notes due 2017.

As of September 30, 2011, we had \$3.0 billion of 8.375% Senior Notes due 2017 outstanding.

[Table of Contents](#)**Selected consolidated historical financial data**

The following table sets forth our selected historical consolidated financial data. The selected consolidated financial data as of and for the years ended December 31, 2010, 2009, 2008, 2007 and 2006 have been derived from our audited consolidated financial statements and related notes. The selected consolidated financial data as of and for the nine months ended September 30, 2011 and 2010 have been derived from our unaudited condensed consolidated financial statements and related notes. The results for any interim period are not necessarily indicative of the results that may be expected for a full year. Our unaudited interim financial statements reflect all adjustments that our management considers necessary for fair presentation of the financial position and results of operations for such periods in accordance with United States GAAP.

Historical results are not necessarily indicative of results that may be expected for any future period. This selected consolidated financial data should be read in conjunction with the consolidated financial statements and notes thereto and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our most recent annual report on Form 10-K and subsequent quarterly reports on Form 10-Q which are incorporated by reference in this prospectus supplement and the accompanying prospectus. See “Where you can find more information” in this prospectus supplement.

[Table of Contents](#)**Ratio of earnings to fixed charges**

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

	Nine Months Ended September 30, <u>2011</u>	<u>Years ended December 31,</u>				
		<u>2010</u>	<u>2009</u>	<u>2008</u>	<u>2007</u>	<u>2006</u>
Ratio of earnings to fixed charges	22.9x	16.3x	9.3x	— ^a	9.9x	33.1x

- a. As a result of the loss recorded in 2008, the ratio coverage was less than 1:1. We would have needed to generate additional earnings of \$13.4 billion to achieve coverage of 1:1 in 2008.

For the ratio of earnings to fixed charges calculation, earnings consist of income (loss) from continuing operations before income taxes, noncontrolling interests in consolidated subsidiaries, equity in affiliated companies' net earnings, cumulative effect of accounting changes and fixed charges. Fixed charges include interest and that portion of rent deemed representative of interest.

Description of the notes

The notes will constitute debt securities to be issued under the indenture to be dated as of February 13, 2012 (the “base indenture”) between us and U.S. Bank National Association, as trustee (the “trustee”), as supplemented by a first, second and third supplemental indenture each to be dated as of February 13, 2012 (together with the base indenture, the “indenture”). The following description is only a summary of the material provisions of the notes and the indenture. You should read these documents in their entirety because they, and not this description, define your rights as holders of the notes. The following summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Trust Indenture Act of 1939 (the “TIA”), and to all of the provisions of the indenture and those terms made a part of the indenture by reference to the TIA. Unless the context requires otherwise, all references to the “Company,” “FCX,” “we,” “us” and “our” in this section refer solely to Freeport-McMoRan Copper & Gold Inc. and not to its subsidiaries.

General

The 2015 senior notes will be issued in an initial aggregate principal amount of \$500,000,000 and will mature on February 13, 2015 (the “2015 senior notes”). The 2017 senior notes will be issued in an initial aggregate principal amount of \$500,000,000 and will mature on March 1, 2017 (the “2017 senior notes”). The 2022 senior notes will be issued in an initial aggregate principal amount of \$2,000,000,000 and will mature on March 1, 2022 (the “2022 senior notes”). The 2015 senior notes, 2017 senior notes and 2022 senior notes are collectively referred to herein as the “notes” or the “bonds.” The notes will be issued only in fully registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000 above that amount. The notes will not be entitled to any sinking fund.

Interest will accrue on the 2015 senior notes at the applicable rate per annum shown on the cover of this prospectus supplement from February 13, 2012, or from the most recent date to which interest has been paid or provided for, payable semi-annually on February 13 and August 13 of each year, beginning on August 13, 2012, to the persons in whose names the notes are registered in the security register at the close of business on the February 1 or August 1 preceding the relevant interest payment date, except that interest payable at maturity shall be paid to the same persons to whom principal of such notes is payable. Interest will accrue on the 2017 senior notes and the 2022 senior notes at the applicable rate per annum shown on the cover of this prospectus supplement from February 13, 2012, or from the most recent date to which interest has been paid or provided for, payable semi-annually on March 1 and September 1 of each year, beginning on September 1, 2012, to the persons in whose names such notes are registered in the security register at the close of business on the February 15 or August 15 preceding the relevant interest payment date, except that interest payable at maturity shall be paid to the same persons to whom principal of such notes is payable. Interest will be computed on the notes on the basis of a 360-day year of twelve 30-day months.

The indenture does not limit the amount of notes that we may issue. We may from time to time, without notice to or the consent of the registered holders of any series of notes, create and issue additional notes ranking equally and ratably with any series of notes being issued in this offering in all respects (other than the issue price, the date of issuance, the payment of interest accruing prior to the issue date of such additional notes and, in some cases, the first payment of interest following the issue date of such additional notes). Any such additional notes shall be consolidated and form a single series with the applicable series of notes being issued in this offering, including for purposes of voting and redemptions, provided that if the additional notes are not fungible with the notes of such series initially issued for U.S. federal income tax purposes, such additional notes shall have a separate CUSIP number.

The indenture does not limit our ability, or the ability of our subsidiaries, to incur additional indebtedness. The indenture and the terms of the notes will not contain any covenants (other than those described herein) designed to afford holders of any notes protection in a highly leveraged or other transaction involving us that may adversely affect holders of the notes.

There are no public trading markets for the notes, and we do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system.

[Table of Contents](#)

Ranking

The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our existing and future unsecured and unsubordinated indebtedness. The notes will be effectively subordinated to any of our future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to the indebtedness and other liabilities of our subsidiaries. The notes will not be guaranteed by any of our subsidiaries.

As of September 30, 2011, we had outstanding indebtedness of approximately \$3,375 million that ranks equally with the notes, we had no secured indebtedness outstanding and our subsidiaries had \$9,972 million of outstanding indebtedness and other liabilities.

Optional redemption

We may, at our option, at any time and from time to time redeem, in whole or in part, prior to the maturity date for the 2015 senior notes and the 2017 senior notes or the date that is three months prior to the maturity date for the 2022 senior notes, the notes of the applicable series on not less than 30 nor more than 60 days' prior notice mailed to the holders of such notes, with a copy provided to the trustee. The notes of any or all series will be redeemable at a redemption price, to be calculated by us, plus accrued and unpaid interest to the date of redemption, equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed (not including interest accrued to the date of redemption), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 20 basis points with respect to the 2015 senior notes, 20 basis points with respect to the 2017 senior notes and 25 basis points with respect to the 2022 senior notes, plus, in each case, accrued and unpaid interest on the notes to be redeemed to the date of redemption.

If the 2022 senior notes are redeemed on or after the date that is three months prior to their maturity date, the notes will be redeemed at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest to the date of redemption.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

“Comparable Treasury Price” means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if we obtain fewer than four such Reference Treasury Dealer Quotations, the average of all Quotations obtained.

“Independent Investment Banker” means one of the Reference Treasury Dealers appointed by us.

“Reference Treasury Dealer” means each of J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, their respective successors and up to two other nationally recognized investment banking firms that are Primary Treasury Dealers specified from time to time by us, except that if any of the foregoing ceases to be a primary U.S. government securities dealer in the United States (a “Primary Treasury Dealer”), we are required to designate as a substitute another nationally recognized investment banking firm that is a Primary Treasury Dealer.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third business day preceding such redemption date.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

[Table of Contents](#)

On and after any redemption date, interest will cease to accrue on the notes of a series called for redemption. Prior to any redemption date, we are required to deposit with a paying agent money sufficient to pay the redemption price of and accrued interest on such notes to be redeemed on such date. If we are redeeming less than all the notes of that series, the trustee under the indenture must select the notes to be redeemed by such method as the trustee deems fair and appropriate in accordance with methods generally used at the time of selection by fiduciaries in similar circumstances.

Change of control triggering event

Upon the occurrence of a Change of Control Triggering Event with respect to the notes of any series, unless we have exercised our right to redeem the notes of the applicable series as described under “—Optional redemption” by giving irrevocable notice to the trustee in accordance with the indenture, each holder of notes of the applicable series will have the right to require us to purchase all or a portion of such holder’s applicable series of notes pursuant to the offer described below (the “Change of Control Offer”), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase (the “Change of Control Payment”), subject to the rights of holders of the applicable series of notes on the relevant record date to receive interest due on the relevant interest payment date.

Unless we have exercised our right to redeem the notes of the applicable series, within 30 days following the date upon which the Change of Control Triggering Event occurred with respect to the applicable series of notes, or at our option, prior to any Change of Control but after the public announcement of the pending Change of Control, we will be required to send, by first class mail, a notice to each holder of the applicable series of notes, with a copy to the trustee, which notice will govern the terms of the Change of Control Offer. Such notice will state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the “Change of Control Payment Date”). The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful:

- accept or cause a third party to accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- deposit or cause a third party to deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the trustee the notes properly accepted together with an officers’ certificate stating the aggregate principal amount of notes or portions of notes being repurchased and that all conditions precedent to the Change of Control Offer and to the repurchase by us of notes pursuant to the Change of Control Offer have been complied with.

We will not be required to make a Change of Control Offer with respect to the applicable series of notes if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by us and such third party purchases all the notes of the applicable series properly tendered and not withdrawn under its offer.

We will comply in all material respects with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes of the applicable series as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the notes of the applicable series, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the notes by virtue of any such conflict.

Table of Contents

For purposes of the foregoing discussion of a Change of Control Offer, the following definitions are applicable:

“Change of Control” means the occurrence of any of the following after the date of issuance of the notes:

1. the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of FCX and its subsidiaries taken as a whole to any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act) other than to FCX or one of its subsidiaries;
2. the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act, it being agreed that an employee of FCX or any of its subsidiaries for whom shares are held under an employee stock ownership, employee retirement, employee savings or similar plan and whose shares are voted in accordance with the instructions of such employee shall not be a member of a “group” (as that term is used in Section 13(d)(3) of the Exchange Act) solely because such employee’s shares are held by a trustee under said plan) becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of Voting Stock representing more than 50% of the voting power of our outstanding Voting Stock or of the Voting Stock of any of FCX’s direct or indirect parent companies;
3. we consolidate with, or merge with or into, any Person, or any Person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding Voting Stock or Voting Stock of such other Person is converted into or exchanged for cash, securities or other property, other than any such transaction where our Voting Stock outstanding immediately prior to such transaction constitutes, or is converted into or exchanged for, Voting Stock representing at least a majority of the voting power of the Voting Stock of the surviving Person immediately after giving effect to such transaction;
4. the first day on which a majority of the members of our board of directors or the board of directors of any of FCX’s direct or indirect parent companies are not Continuing Directors; or
5. the adoption of a plan relating to our liquidation or dissolution.

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control solely because we become a direct or indirect wholly-owned subsidiary of a holding company if the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of our Voting Stock immediately prior to that transaction.

“Change of Control Triggering Event” means, with respect to any series of notes, (i) the rating of such notes is lowered by each of the Rating Agencies on any date during the period (the “Trigger Period”) commencing on the earlier of (a) the occurrence of a Change of Control and (b) the first public announcement by us of any Change of Control (or pending Change of Control), and ending 60 days following consummation of such Change of Control (which Trigger Period will be extended following consummation of a Change of Control for so long as any of the Rating Agencies has publicly announced that it is considering a possible ratings change), and (ii) such notes are rated below Investment Grade by each of the Rating Agencies on any day during the Trigger Period; provided that a Change of Control Triggering Event will not be deemed to have occurred in respect of a particular Change of Control if each Rating Agency making the reduction in rating does not publicly announce or confirm or inform the trustee at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the Change of Control.

Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

“Continuing Director” means, as of any date of determination, any member of the applicable board of directors who: (1) was a member of such board of directors on the date of issuance of the notes or (2) was nominated for election, elected or appointed to such board of directors with the approval of a majority of the Continuing

Directors who were members of such board of directors at the time of such nomination, election or appointment (either by a specific vote or by approval of a proxy statement in which such member was named as a nominee for election as a director).

“Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating category of Moody’s) and a rating of BBB- or better by S&P (or its equivalent under any successor rating category of S&P), and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us under the circumstances permitting us to select a replacement agency and in the manner for selecting a replacement agency, in each case as set forth in the definition of “Rating Agency.”

“Moody’s” means Moody’s Investors Service, Inc., a subsidiary of Moody’s Corporation, and its successors.

“Rating Agency” means each of Moody’s and S&P; provided, that if any of Moody’s or S&P ceases to provide rating services to issuers or investors, we may appoint another “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act as a replacement for such Rating Agency.

“S&P” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

“Voting Stock” of any specified Person as of any date means the capital stock of such Person that is at the time entitled to vote generally in the election of the board of directors of such Person.

For purposes of the notes, the following definition is applicable:

“Person” means any individual, corporation, partnership, limited liability company, business trust, association, joint-stock company, joint venture, trust, incorporated or unincorporated organization or government or any agency or political subdivision thereof.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of FCX and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise, established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to repurchase the notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of FCX and its subsidiaries taken as a whole to another Person or group may be uncertain.

Certain covenants

Restriction on liens

We will not, nor will we permit any Domestic Subsidiary to, incur, issue, assume or guarantee any Debt secured by a Lien upon any Principal Property or on any shares of stock or indebtedness of any Domestic Subsidiary (whether such Principal Property, shares of stock or indebtedness is now owned or hereafter acquired) without in any such case effectively providing that the notes (together with, if we shall so determine, any other indebtedness of or guaranteed by us or such Domestic Subsidiary ranking equally with the notes then existing or thereafter created) shall be secured equally and ratably with such Debt for so long as such Debt is so secured, except that the foregoing restrictions shall not apply to:

(i) Liens on property, shares of stock or indebtedness of or guaranteed by any Person existing at the time such Person becomes a Domestic Subsidiary;

(ii) Liens on property existing at the time of acquisition thereof, or to secure the payment of all or part of the purchase or construction price of property, or to secure Debt incurred or guaranteed for the purpose of financing all or part of the purchase or construction price of property or the cost of improvements on property, which Debt is incurred or guaranteed prior to, at the time of, or within 180 days after the later of such acquisition or completion of such improvements or construction or commencement of commercial operation of the property;

- (iii) Liens in favor of us or any Subsidiary;
- (iv) Liens on property of a Person existing at the time such Person is merged into or consolidated with us or a Domestic Subsidiary or at the time of a purchase, lease or other acquisition of the property of a Person as an entirety or substantially as an entirety by us or a Domestic Subsidiary;
- (v) Liens on our property or that of a Domestic Subsidiary in favor of the United States of America or any State thereof, or any political subdivision thereof, or in favor of any other country, or any political subdivision thereof, to secure certain payments pursuant to any contract or statute or to secure any indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Liens (including, but not limited to, Liens incurred in connection with pollution control industrial revenue bond or similar financing);
- (vi) Liens imposed by law, for example mechanics', workmen's, repairmen's or other similar Liens arising in the ordinary course of business;
- (vii) pledges or deposits under workmen's compensation or similar legislation or in certain other circumstances;
- (viii) Liens in connection with legal proceedings;
- (ix) Liens for taxes or assessments or governmental charges or levies not yet due or delinquent, of which can thereafter be paid without penalty, or which are being contested in good faith by appropriate proceedings;
- (x) Liens consisting of restrictions on the use of real property that do not interfere materially with the property's use;
- (xi) Liens existing on the date of the indenture;
- (xii) Liens securing or arising by reason of any netting or set-off arrangement entered into in the ordinary course of banking or other trading activities or Liens over cash accounts securing cash pooling arrangements; and
- (xiii) any refinancing, extension, renewal or replacement (or successive refinancings, extensions, renewals or replacements), in whole or in part, of any Lien referred to in any of the foregoing clauses that does not increase the Debt secured by such Lien.

Notwithstanding the above, we may and any one or more of our Domestic Subsidiaries may, without securing the notes, incur, issue, assume or guarantee secured Debt which would otherwise be subject to the foregoing restrictions, provided that after giving effect thereto the aggregate amount of Debt which would otherwise be subject to the foregoing restrictions then outstanding (not including secured Debt permitted under the foregoing exceptions) plus Attributable Debt relating to sale and leaseback transactions restricted by the provisions of the "Restrictions on sale and leaseback transactions" covenant below does not exceed 15% of our Consolidated Net Tangible Assets.

For the avoidance of doubt, (i) the sale or other transfer of any minerals in place for a period of time until the purchaser will realize therefrom a specified amount of money (however determined) or a specified amount of such minerals, (ii) the sale or other transfer of any minerals in an amount such that the purchaser will realize therefrom a specified amount of money (however determined); (iii) the sale or other transfer of any other interest in property of a character commonly referred to as a "production payment"; (iv) any acquisition of any property or assets by us or our Domestic Subsidiaries that is subject to any reservation that creates or reserves for the seller an interest in any metals or minerals in place or the proceeds from their sale; (v) any conveyance or assignment in which we or our Domestic Subsidiaries convey or assign an interest in any metals or minerals in place or the proceeds from their sale; or (vi) any lien upon any of our or our Domestic Subsidiaries' wholly or partially owned or leased property or assets, to secure the payment of our or our Domestic Subsidiaries' proportionate part of the development or operating expenses in realizing the metal or mineral resources of such property, shall not constitute the incurrence of Debt secured by a Lien.

Restrictions on sale and leaseback transactions

Sale and leaseback transactions by us or any Domestic Subsidiary of any Principal Property (whether now owned or hereafter acquired) are prohibited unless:

- (i) we or such Domestic Subsidiary would be entitled under the indenture to issue, assume or guarantee Debt secured by a Lien upon such Principal Property at least equal in amount to the Attributable Debt in respect of such transaction without equally and ratably securing the notes, provided that such Attributable Debt shall thereupon be deemed to be Debt subject to the provisions described above under “Restrictions on liens” or
- (ii) within 180 days, an amount in cash not less than the amount of the net proceeds from the sale of the Principal Property leased pursuant to the arrangement is applied to (x) the purchase of other property or assets or (y) the retirement of Funded Debt (Debt that matures at or is extendible or renewable at the option of the obligor to a date more than twelve months after the date of the creation of such Debt) ranking pari passu with the notes.

The restrictions described above do not apply to the following:

- (i) a sale and leaseback transaction between us and a Domestic Subsidiary or between Domestic Subsidiaries, or that involves the taking back of a lease for a period of less than three years, or
- (ii) if, at the time of the sale and leaseback transaction, after giving effect to the transaction, the aggregate amount of Attributable Debt relating to sale and leaseback transactions by us or any Domestic Subsidiary (other than transactions permitted by the previous bullet points) plus all outstanding secured Debt restricted by the provisions of the “Restriction on liens” covenant above, does not exceed 15% of our Consolidated Net Tangible Assets.

Certain Definitions Relating to Our Restrictive Covenants. Following are the meanings of the terms that are important in understanding the restrictive covenants previously described.

“Attributable Debt” means the present value (discounted at the rate of interest implicit in the terms of the lease) of the obligation of a lessee for net rental payments during the remaining term of any lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended).

“Consolidated Net Tangible Assets” means the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (a) all current liabilities (excluding any indebtedness for money borrowed having a maturity of less than 12 months from the date of the most recent consolidated balance sheet of FCX but which by its terms is renewable or extendable beyond 12 months from such date at the option of the borrower) and (b) all goodwill, trade names, patents, unamortized debt discount and expense and any other like intangibles, all as set forth on the most recent consolidated balance sheet of FCX and computed in accordance with U.S. generally accepted accounting principles.

“Debt” means indebtedness for money borrowed that in accordance with applicable generally accepted accounting principles would be reflected on the balance sheet of the obligor as a liability as of the date on which Debt is to be determined.

“Domestic Subsidiary” means a Subsidiary that owns or leases any Principal Property except a Subsidiary (a) that transacts any substantial portion of its business and regularly maintains any substantial portion of its fixed assets outside of the United States or (b) that is engaged primarily in financing the operation of us or our Subsidiaries, or both, outside the United States.

“Lien” means any mortgage, pledge, lien or other encumbrance.

“Principal Property” means a single mineral property (other than inventory or receivables), building, structure, concentrator, smelter, refinery, facility or plant, together with the land upon which it stands and the fixtures that are a part of it, owned or leased by FCX or any Domestic Subsidiary which has a net book value in excess of

[Table of Contents](#)

3.75% of Consolidated Net Tangible Assets other than a mineral property, building, structure, concentrator, smelter, refinery, facility or plant which, in the opinion of FCX's Board of Directors, is not of material importance to the business conducted by FCX and its Subsidiaries as an entirety.

"Subsidiary" means any corporation, partnership or other legal entity (a) the accounts of which are consolidated with ours in accordance with U.S. generally accepted accounting principles and (b) of which, in the case of a corporation, more than 50% of the outstanding voting stock is owned, directly or indirectly, by us or by one or more other Subsidiaries, or by us and one or more other Subsidiaries or, in the case of any partnership or other legal entity, more than 50% of the ordinary equity capital interests is, at the time, directly or indirectly owned or controlled by us or by one or more of the Subsidiaries or by us and one or more of the Subsidiaries.

Consolidation, merger or sale

The indenture does not restrict the ability of FCX to merge or consolidate with or into, or sell, convey, transfer or lease all or substantially all of its properties and assets to any Person as long as certain conditions are met. We may only merge or consolidate with or into, or sell, convey, transfer or lease all or substantially all of our properties and assets to, any Person, if (1) we are the surviving Person or the successor Person (if other than us) is organized and validly existing under the laws of any U.S. domestic jurisdiction, (2) immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing, and (3) certain other conditions are met. Any such successor, acquiror or lessor of such assets must expressly assume all of our obligations under the indenture and the notes and will succeed to every right and power of FCX under the indenture. Thereafter, except in the case of a lease, the predecessor or transferor of such assets will be relieved of all obligations and covenants under the indenture and the notes.

Events of default

The following are events of default under the indenture with respect to any series of notes:

- we fail to pay interest when due and such failure continues for 30 days;
- we fail to pay the principal or any premium when due;
- we fail to observe or perform any other covenant or agreement contained in the notes or the indenture, other than a covenant or agreement specifically relating to, and solely for the benefit of, another series of debt securities, and such failure continues for 90 days after we receive a notice of default from the trustee or from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of all of the affected series; and
- certain events of bankruptcy, insolvency or reorganization occur of FCX, whether voluntary or not.

If, with regard to any series of notes, an event of default resulting from a failure to pay principal, any premium or interest occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes of that series may declare the principal of all notes of that series immediately due and payable.

If an event of default other than a failure to pay principal, any premium or interest or resulting from certain events of bankruptcy, insolvency or reorganization occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of all affected series (all such series voting together as a single class) may declare the principal of all debt securities of such affected series immediately due and payable.

In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt

Table of Contents

securities of any series has been made, and before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture.

The holders of a majority in principal amount of the outstanding debt securities of all affected series (voting together as a single class) may waive any past default with respect to such series and its consequences, except a default or events of default regarding payment of principal, any premium or interest, in which case the holders of the outstanding debt securities of each affected series shall vote to waive such default or event of default as a separate class. Such a waiver will eliminate the default.

If an event of default occurs and is continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture unless the holders of the debt securities have offered the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities that it might incur, and then only to the extent required by the terms of the indenture. The holders of a majority in principal amount of the outstanding debt securities of all series affected by an event of default, voting together as a single class, or, in the event of a default in the payment of principal, any premium or interest, the holders of a majority of the principal amount outstanding of each affected series voting as a separate class, will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of such series, provided that:

- such direction is not in conflict with any law or the applicable indenture or unduly prejudicial to the rights of holders of any other series of debt securities outstanding under the applicable indenture; and
- unless otherwise provided under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability.

A holder of notes of a particular series will only have the right to institute a proceeding under the indenture or to appoint a receiver or trustee, or to seek other remedies, in each case with respect to such series of debt securities, if:

- the holder has given written notice to the trustee of a continuing event of default;
- in the case of an event of default relating to the payment of principal, any premium or interest, the holders of at least 25% in aggregate principal amount of the outstanding notes of the particular series have made written request to the trustee to institute proceedings as trustee;
- in the case of an event of default not relating to payment of principal, any premium or interest, the holders of at least 25% in aggregate principal amount of the outstanding debt securities of all series affected by such event of default (voting together as a single class) have made written request to the trustee to institute proceedings as trustee;
- such holders have offered indemnity satisfactory to the trustee to cover the cost of the proceedings; and
- the trustee does not institute a proceeding as requested, and does not receive conflicting directions from a majority in principal amount of the outstanding debt securities of (i) the particular series, in the case of an event of default relating to the payment of principal, any premium or interest or (ii) all affected series, in the case of an event of default not relating to the payment of principal, any premium or interest, in each case, within 60 days of receiving the written notice of an event of default and offer of indemnity.

Notwithstanding any other provision of the indenture, the holder of any note will have an absolute and unconditional right to receive payment of the principal of and interest, if any, on that note on or after the due dates expressed in that note and to institute suit for the enforcement of payment.

[Table of Contents](#)

FCX will be required to furnish to the trustee annually a statement by an officer as to whether or not FCX, to his or her knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all such known defaults.

Modification of indenture

Without the consent of any holders of any notes, FCX and the trustee may amend or supplement the indenture or the notes:

- to fix any ambiguity, defect or inconsistency in the indenture;
- to effect the assumption of a successor corporation of our obligations under such indenture and the outstanding debt securities;
- to add to our covenants for the benefit of the holders of all or any series of debt securities under such indenture or surrender any right or power we have under such indenture;
- to change anything that does not materially adversely affect the interests of any holder of debt securities of any series; and
- to effect certain other limited purposes described in the indenture.

The indenture or the notes may be amended or supplemented by FCX and the trustee with the written consent of the holders of a majority of the principal amount of the outstanding debt securities of all affected series then outstanding under the indenture (all such series voting together as a single class). However, the following changes may only be made with the consent of each holder of debt securities of each series affected by the change:

- extending the fixed maturity;
- reducing the principal amount;
- reducing the rate of or extending the time of payment of interest;
- reducing any premium payable upon redemption; or
- reducing the percentage of debt securities referred to above, the holders of which are required to consent to any amendment or supplement.

Defeasance and Covenant Defeasance

Subject to certain conditions, we may elect either:

- defeasance for a series of notes, whereby we are discharged from any and all obligations with respect to the notes of that series, except as otherwise provided in the indenture; or
- covenant defeasance for a series of notes, whereby we are released from our obligations with respect to certain covenants that apply to that series.

We may do so by depositing with the trustee money and/or certain government securities which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal and any premium and interest on the applicable series of notes on their scheduled due dates. This type of a trust may only be established if, among other things, we have delivered to the trustee an officers' certificate and an opinion of counsel, each meeting the requirements set forth in the indenture.

Notices

Notices to holders of notes will be given by mail to the addresses of those holders as they appear in the security register.

[Table of Contents](#)

Trustee

U.S. Bank National Association is the trustee under the indenture. Initially, the trustee will also act as the paying agent and registrar for the notes. In the ordinary course of their businesses, affiliates of the trustee have engaged in commercial banking transactions with us, and may in the future engage in commercial banking and other transactions with us.

Rights and duties of the trustee

The trustee, except when there is an event of default, will perform only those duties as are specifically stated in the indenture. If an event of default has occurred and is continuing with respect to any series of notes, the trustee, in exercising its rights and powers with respect to such notes under the indenture, must use the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. Except as provided in the preceding sentence, the trustee is not required to exercise any of the powers given it by the indenture at the request of any holder of notes unless it is offered security or indemnity satisfactory to the trustee against the costs, expenses and liabilities that it might incur. The trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties or exercising its rights or powers unless the holders of the notes have provided assurance of reimbursement and indemnification satisfactory to the trustee. The trustee will not be deemed to have any notice of any default or event of default unless a responsible officer of the trustee has actual knowledge of or receives written notice of the default which specifies the affected securities and the relevant indenture. Furthermore, the rights and protections of the trustee, including its right of indemnification under the indenture, extend to the trustee's officers, directors, agents and employees, and will survive the trustee's resignation and removal.

Payment and paying agents

We will pay interest on any note to the person in whose name the note is registered on the regular record date for the applicable interest payment date.

We will pay principal, any premium and interest on the notes of a particular series at the office of one or more paying agents that we designate for that series. We have initially designated the corporate trust office of the trustee in Houston, Texas as our sole paying agent. We will be required to maintain a paying agent in each place of payment for the notes.

All money we pay to a paying agent or the trustee for the payment of principal, any premium or interest on any note which remains unclaimed for a period of two years after the principal, premium or interest has become due and payable will, upon our request, be repaid to us. After that, all liability of the trustee and such paying agent(s) with respect to such money shall cease, and the holder of the note may then look only to us for payment of those amounts.

Governing law

The indenture and the notes will be governed by and interpreted in accordance with the laws of the State of New York.

Book-entry notes

The notes of each series will be represented by one or more permanent global notes in definitive, fully registered form without interest coupons. Each beneficial interest in a global note is referred to as a book-entry note. Each global note representing book-entry notes of any series will be deposited with the trustee, as custodian for, and registered in the name of, a nominee of The Depository Trust Company, as depository, located in the Borough of Manhattan, The City of New York (the "Depository").

Table of Contents

The book-entry notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Depository. Investors may elect to hold interests in the book-entry notes through either the Depository (in the U.S.) or Clearstream Banking, société anonyme (“Clearstream Luxembourg”) or Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”) (in Europe) if they are participants of such systems, or indirectly through organizations that are participants in such systems. Clearstream Luxembourg and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream Luxembourg’s and Euroclear’s names on the books of their respective depositaries, which, in turn, will hold such interests in customers’ securities accounts in the depositaries’ names on the books of the Depository. Citibank, N.A. will act as depositary for Clearstream Luxembourg and The Bank of New York will act as depositary for Euroclear (in such capacities, the “U.S. Depositaries”). The book-entry notes will be held in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

Clearstream Luxembourg has advised us that it is incorporated under the laws of Luxembourg as a professional depositary. Clearstream Luxembourg holds securities for its participating organizations (“Clearstream Luxembourg Participants”) and facilitates the clearance and settlement of securities transactions between Clearstream Luxembourg Participants through electronic book-entry changes in accounts of Clearstream Luxembourg Participants, thereby eliminating the need for physical movement of certificates. Clearstream Luxembourg provides to Clearstream Luxembourg Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream Luxembourg interfaces with domestic markets in several countries. As a professional depositary, Clearstream Luxembourg is subject to regulation by the Luxembourg Monetary Institute. Clearstream Luxembourg Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Luxembourg Participant either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream Luxembourg will be credited to cash accounts of Clearstream Luxembourg Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream Luxembourg.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the “Euroclear Operator”), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the “Cooperative”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly. The Euroclear Operator is a Belgian bank. As such, it is regulated and examined by the Belgian Banking and Finance Commission. The Euroclear Operator was launched on December 31, 2000, and replaced Morgan Guaranty Trust Company of New York as the operator of and banker to the Euroclear system. The Euroclear Operator has capital of approximately EUR 1 billion. Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash

Table of Contents

within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis, without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants. Distributions with respect to the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depositary for Euroclear.

So long as the Depositary, or its nominee, is the registered owner or holder of a global note, the Depositary or the nominee, as the case may be, will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture and the notes. No beneficial owner of an interest in a global note will be able to transfer that interest, except in accordance with the Depositary's applicable procedures, in addition to those provided for under the indenture.

We have been advised by the Depositary that upon the issuance of global notes representing book-entry notes, and the deposit of those global notes with the Depositary, the Depositary will immediately credit, on its book-entry registration and transfer system, the respective principal amounts of the book-entry notes represented by those global notes to the accounts of participants. The accounts to be credited shall be designated by the underwriters.

Payments of principal of and any premium and interest on book-entry notes will be made to the Depositary or its nominee, as the case may be, as the registered owner of those notes. Those payments to the Depositary or its nominee, as the case may be, will be made in immediately available funds at the offices of the paying agent, in Houston, Texas, provided that, in the case of payments of principal and any premium, the global notes are presented to the paying agent in time for the paying agent to make those payments in immediately available funds in accordance with its normal procedures. None of FCX, the underwriters, the trustee, the paying agent or any agent of FCX, the underwriters, the trustee or the paying agent will have any responsibility or liability for any aspect of the Depositary's records or any participant's records relating to or payments made on account of book-entry notes or for maintaining, supervising or reviewing any of the Depositary's records or any participant's records relating to book-entry notes.

The Company expects that the Depositary or its nominee, upon receipt of any payment of principal of or any premium or interest in respect of a global note, will immediately credit, on its book-entry registration and transfer system, accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global notes, as shown on the records of the Depositary or its nominee.

The Company also expects that payments by participants to owners of beneficial interests in book-entry notes held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name," and will be the responsibility of those participants.

The Company expects that the Depositary will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account or accounts the depositary interests in a global note are credited and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. However, if there is an event of default under the notes of any series, the Depositary will exchange the global note of such series for definitive notes of such series in registered form, which it will distribute to its participants.

The Company understands that the Depositary is a limited purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code, and a "Clearing Agency" registered pursuant to the provisions of Section 17A of the Exchange Act. The Depositary

Table of Contents

was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among participants through electronic book-entry changes in accounts of its participants and certain other organizations, thereby eliminating the need for physical movement of securities certificates. The Depository's participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations, and certain other organizations, some of whom (or their representatives) own interests in the Depository. Indirect access to the Depository's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly ("indirect participants").

Although the Depository is expected to follow the foregoing procedures in order to facilitate transfers of interests in a global note among participants of the Depository, it is under no obligation to perform or continue to perform those procedures and those procedures may be discontinued at any time. Neither FCX, the underwriters, the paying agent nor the trustee will have any responsibility for the performance by the Depository or its respective participants or indirect participants of its respective obligations under the rules and procedures governing their operations.

The global notes representing book-entry notes may not be transferred except as a whole by a nominee of the Depository to the Depository or to another nominee of the Depository, or by the Depository or the nominee to a successor of the Depository or a nominee of the successor.

The global notes representing book-entry notes are exchangeable for definitive notes in registered form, of like tenor and of an equal aggregate principal amount, only if:

- The Depository notifies FCX that it is unwilling or unable to continue as a depository for the global note, or if at any time the Depository ceases to be a Clearing Agency registered under the Exchange Act, and a successor depository is not appointed by FCX within 90 days;
- The Company in its sole discretion determines that the book-entry notes will be exchangeable for definitive notes in registered form; or
- Any event has happened and is continuing which, after notice or lapse of time, or both, would become an event of default with respect to the notes.

Any global note representing book-entry notes that is exchangeable pursuant to the preceding sentence will be exchangeable in whole for definitive notes in registered form, of like tenor and of an equal aggregate principal amount, in denominations of U.S. \$2,000 and integral multiples of U.S. \$1,000 in excess thereof. Upon the exchange of a global note for definitive notes, that global note will be canceled by the trustee and the definitive notes will be registered in the names and in the authorized denominations as the Depository, pursuant to instructions from its participants, any indirect participants or otherwise, instructs the trustee. The trustee will deliver those notes to the persons in whose names those notes are registered and will recognize those persons as the holders of those notes.

Except as provided above, owners of book-entry notes will not be entitled to receive physical delivery of notes in definitive form and will not be considered the holders of those notes for any purpose under the indenture, and no global note representing book-entry notes will be exchangeable, except for another global note of like denomination and tenor to be registered in the name of the Depository or its nominee. Accordingly, each person owning a book-entry note must rely on the procedures of the Depository and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under that global note or the indenture. The indenture provides that the Depository, as a holder, may appoint agents and otherwise authorize participants to give or take any request, demand, authorization, direction, notice, consent, waiver or other action that a holder is entitled to give or take under the indenture. The Company understands that under existing industry practices, if FCX requests any action of holders or an owner of a book-entry note desires to give or take any action a holder is entitled to give or take under the indenture, the Depository would authorize the participants owning the relevant book-entry notes to give or take that action, and those participants would authorize beneficial owners owning through those participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

[Table of Contents](#)**Global clearance and settlement procedures**

Initial settlement for the notes will be made in immediately available funds. Transfers between participants in the Depositary will be effected in the ordinary way in accordance with the Depositary's rules and will be settled in same-day funds. Secondary market trading between Clearstream Luxembourg Participants and/or Euroclear Participants will be effected in the ordinary way, in accordance with the applicable rules and operating procedures of Clearstream Luxembourg and Euroclear, and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through participants in the Depositary, on the one hand, and directly or indirectly through Clearstream Luxembourg Participants or Euroclear Participants, on the other, will be effected in the Depositary in accordance with the Depositary's rules on behalf of the relevant European international clearing system by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system, in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving notes in the Depositary, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depositary. Clearstream Luxembourg Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositaries.

Because of time-zone differences, credits of book-entry notes received in Clearstream Luxembourg or Euroclear as a result of a transaction with a Depositary participant will be made during subsequent securities settlement processing and dated the business day following the Depositary settlement date. Such credits or any transactions in such notes settled during such processing will be reported to the relevant Euroclear or Clearstream Luxembourg Participants on such business day. Cash received in Clearstream Luxembourg or Euroclear as a result of sales of notes by or through a Clearstream Luxembourg Participant or a Euroclear Participant to a Depositary participant will be received on the Depositary settlement date but will be available in the relevant Clearstream Luxembourg or Euroclear cash account only as of the business day following settlement in the Depositary.

Although the Depositary, Clearstream Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of the Depositary, Clearstream Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

[Table of Contents](#)**Material United States federal tax considerations**

The following are the material U.S. federal income tax consequences of ownership and disposition of the notes. This discussion only applies to notes that are:

- held by initial holders who purchased such notes in this offering at their “issue price,” which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the notes of such series is sold for money; and
- held as capital assets.

This discussion does not describe all of the tax consequences that may be relevant to holders in light of their particular circumstances, including alternative minimum tax consequences and tax consequences applicable to holders subject to special rules, such as:

- tax-exempt organizations;
- traders in securities that elect the mark-to-market method of accounting for their securities;
- certain financial institutions;
- insurance companies;
- dealers in securities or foreign currencies;
- persons holding notes as part of a hedge, straddle or other integrated transaction for U.S. federal income tax purposes, or persons entering into a constructive sale with respect to the notes;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar; or
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes.

If a partnership or other entity classified as a partnership for U.S. federal income tax purposes holds the notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding the notes are urged to consult their own tax advisors.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the “Code”), administrative pronouncements, judicial decisions and Treasury Regulations, in each case as in effect on the date hereof, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. Persons considering the purchase of notes are urged to consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to U.S. Holders

As used herein, the term “U.S. Holder” means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The term “U.S. Holder” also includes certain former citizens and residents of the United States.

[Table of Contents](#)

Potential Contingent Payment Debt Treatment

Our obligation to pay additional amounts on the notes in excess of the accrued interest and principal in connection with a Change of Control Triggering Event may implicate the provisions of the Treasury Regulations relating to “contingent payment debt instruments.” We intend to take the position that the notes would not be treated as contingent payment debt instruments. However, we can give you no assurance that our position would be sustained if challenged by the Internal Revenue Service (the “IRS”). A successful challenge of this position by the IRS could affect the timing and amount of a holder’s income and could cause the gain from the sale or other disposition of a note to be treated as ordinary income, rather than capital gain. Our position regarding the applicability of the regulations relating to “contingent payment debt instruments” is binding on a holder unless the holder discloses in a proper manner to the IRS that it is taking a different position. Holders are urged to consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the notes. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Payments of Interest

Interest paid on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the holder’s method of accounting for U.S. federal income tax purposes.

Sale, Redemption or Other Disposition of the Notes

Upon the sale, redemption or other taxable disposition of a note, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount realized on disposition and the holder’s tax basis in the note. A U.S. Holder’s tax basis in a note will, in general, be the U.S. Holder’s cost therefor. For these purposes, the amount realized does not include any amount attributable to accrued interest. Amounts attributable to accrued interest are treated as interest as described under “—Payments of Interest” above.

Gain or loss realized on the sale, redemption or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of disposition the note has been held by the holder for more than one year. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

Information returns will be filed with the IRS in connection with payments on the notes and the proceeds from a sale or other disposition of the notes other than with respect to certain exempt recipients. A U.S. Holder will be subject to backup withholding on these payments if the U.S. Holder fails to provide its taxpayer identification number to the paying agent and to comply with certain certification procedures, or to establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder’s U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Tax Consequences to Non-U.S. Holders

As used herein, the term “Non-U.S. Holder” means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

[Table of Contents](#)

“Non-U.S. Holder” does not include a holder who is a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition of a note. Such a holder is urged to consult his or her own tax advisor regarding the U.S. federal income tax consequences of holding a note and of the sale, redemption or other disposition of a note.

Payments on the Notes

Payments of principal and interest on the notes to any Non-U.S. Holder will not generally be subject to U.S. federal withholding tax, provided that, in the case of interest:

- the Non-U.S. Holder does not own, actually or constructively, ten percent or more of the total combined voting power of all classes of our stock entitled to vote and is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership; and
- the Non-U.S. Holder certifies on an IRS Form W-8BEN (or other applicable IRS Form W-8), under penalties of perjury, that it is not a United States person (as defined in the Code) and the withholding agent does not have actual knowledge or reason to know that the Non-U.S. Holder is a United States person.

If interest on a note is effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder, although exempt from the withholding tax discussed in the preceding paragraph, will generally be taxed in the same manner as a U.S. Holder (see “—Tax Consequences to U.S. Holders” above), except that the holder will generally be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from withholding tax. These holders should consult their own tax advisors with respect to other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate).

Sale, Redemption or Other Disposition of the Notes

A Non-U.S. Holder of a note will not be subject to U.S. federal income tax on gain realized on the sale, redemption or other disposition of such note unless the gain is effectively connected with the conduct by the holder of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States).

If gain realized on a sale, redemption or other disposition of a note is effectively connected with a Non-U.S. Holder’s conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder will generally be taxed in the same manner as a U.S. Holder (see “—Tax Consequences to U.S. Holders” above). These holders should consult their own tax advisors with respect to other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate).

Backup Withholding and Information Reporting

Information returns will be filed with the IRS in connection with payments of interest on the notes. Unless the Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition (including a retirement or redemption) of the notes and the Non-U.S. Holder may be subject to backup withholding on payments of interest on the notes or on the proceeds from a sale or other disposition (including a retirement or redemption) of the notes. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder’s U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the notes if they purchase any of the notes. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of notes may be terminated.

The underwriters initially propose to offer each series of the notes to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of each series of the notes to dealers at the public offering price less a concession not to exceed 0.300% of the principal amount of the 2015 senior notes, 0.350% of the principal amount of the 2017 senior notes and 0.400% of the principal amount of the 2022 senior notes. In addition, the underwriters may allow, and any such dealer may reallow, a concession not to exceed 0.200% of the principal amount of the 2015 senior notes, 0.250% of the principal amount of the 2017 senior notes and 0.250% of the principal amount of the 2022 senior notes to certain other dealers. After the initial offering of the notes to the public, the representatives may change the public offering price and other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

[Table of Contents](#)

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	<u>Paid by us</u>
Per 2015 senior note	0.450%
Per 2017 senior note	0.600%
Per 2022 senior note	0.650%

In the underwriting agreement, we have agreed that:

- We will not offer or sell any of our debt securities having a tenor of more than one year (other than the notes and debt securities convertible into our common stock) from the date of this prospectus supplement through and including the date that is one day following settlement without the prior consent of the representatives.
- In addition to the underwriting discount discussed above, we will pay our expenses related to the offering, which we estimate to be \$4,500,000.
- We will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The notes are a new issue of securities, and there is currently no established trading market for the notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time at their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable.

In connection with the offering of the notes, the underwriters may engage in overallotment, stabilizing transactions and syndicate covering transactions in accordance with Regulation M under the Securities Exchange Act of 1934. Overallotment involves sales in excess of the offering size, which creates a short position for the underwriters. Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the price of the notes to be higher than it would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate covering transactions, they may discontinue them at any time.

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The

[Table of Contents](#)

underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Certain of the underwriters or their affiliates are lenders under our revolving credit facility. Affiliates of certain underwriters serve other roles under our revolving credit facility. JP Morgan Chase Bank, N.A., an affiliate of J.P. Morgan Securities LLC, serves as administrative agent and a lender, and Bank of America, N.A., an affiliate of Merrill Lynch, Pierce, Fenner & Smith Incorporated, serves as syndication agent and lender. J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated serve as lead arrangers and joint bookrunners of our revolving credit facility. Certain of the underwriters or their affiliates hold positions in the 8.375% Senior Notes due 2017 to be redeemed in part with the proceeds of this offering, and accordingly, may receive a portion of such proceeds.

Standard Chartered Bank will not effect any offers or sales of any notes in the United States unless it is through one or more U.S. registered broker-dealers as permitted by the regulations of FINRA.

Selling Restrictions

European Economic Area

In relation to each Member State of the European Economic Area that has implemented the Prospectus Directive (each, a “Relevant Member State”), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of the notes to the public in that Relevant Member State other than:

- (a) to any legal entity that is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the underwriters for any such offer; or
- (c) in any other circumstances falling within Article (3)(2) of the Prospectus Directive;

provided that no such offer of notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For purposes of the foregoing, the expression an “offer of notes to the public” in relation to the notes in any Relevant Member State means the communication in any form and by means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State; “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State; and “2010 PD Amending Directive” means Directive 2010/73/EU.

United Kingdom

Each underwriter has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“FSMA”)) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Table of Contents**Legal matters**

The validity of the notes being offered by FCX will be passed upon by Davis Polk & Wardwell LLP, New York, New York. Certain legal matters will be passed upon for the underwriters by Cravath, Swaine & Moore LLP, New York, New York.

Experts

The consolidated financial statements of FCX appearing in its annual report on Form 10-K for the year ended December 31, 2010 (including schedule appearing therein), and the effectiveness of FCX's internal control over financial reporting as of December 31, 2010 have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, included therein, and incorporated herein by reference. Such consolidated financial statements and FCX management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2010 are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.

With respect to the unaudited condensed consolidated interim financial information of FCX for the three-month periods ended March 31, 2011 and March 31, 2010, six-month periods ended June 30, 2011 and June 30, 2010 and nine-month periods ended September 30, 2011 and 2010, incorporated by reference in this prospectus supplement, Ernst & Young LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports dated May 6, 2011, August 5, 2011 and November 4, 2011, included in FCX's Quarterly Report on Form 10-Q for the quarters ended March 31, 2011, June 30, 2011 and September 30, 2011, and incorporated by reference herein, state that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Ernst & Young LLP is not subject to the liability provisions of Section 11 of the Securities Act for their report on the unaudited interim financial information because that report is not a "report" or a "part" of the registration statement, of which this prospectus supplement forms a part, prepared or certified by Ernst & Young LLP within the meaning of Sections 7 and 11 of the Securities Act.

[Table of Contents](#)**About this prospectus**

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, utilizing a “shelf” registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the heading “Where you can find more information.”

We have filed or incorporated by reference exhibits to the registration statement of which this prospectus forms a part. You should read the exhibits carefully for provisions that may be important to you.

Risk factors

Investing in these securities involves certain risks. Please see the “Risk Factors” section in our most recent annual report on Form 10-K, along with the disclosure related to the risk factors contained in our subsequent quarterly reports on Form 10-Q, which are incorporated by reference in this prospectus, as updated by our subsequent filings with the SEC. Before making an investment decision, you should carefully consider these risks as well as other information contained or incorporated by reference in this prospectus. The prospectus supplement applicable to each sale of securities we offer pursuant to this prospectus may contain a discussion of additional risks applicable to an investment in us and the securities we are offering under that prospectus supplement.

Freeport-McMoRan Copper & Gold Inc.

Freeport-McMoRan Copper & Gold Inc., or FCX, is a leading international mining company with headquarters in Phoenix, Arizona. We are one of the world’s largest copper, gold and molybdenum mining companies in terms of reserves and production. Our portfolio of assets includes the Grasberg minerals district in Indonesia, significant mining operations in North and South America, and the Tenke Fungurume minerals district in the Democratic Republic of Congo. The Grasberg minerals district contains the largest single recoverable copper reserve and the largest single gold reserve of any mine in the world based on the latest available reserve data provided by third-party industry consultants. We also operate Atlantic Copper, our wholly owned copper smelting and refining unit in Spain.

FCX’s principal executive offices are located at 333 North Central Avenue, Phoenix, Arizona 85004, and our telephone number at that address is (602) 366-8100. We maintain a website at <http://www.fcx.com>, where general information about us is available. Information on our website is not part of, and we are not incorporating the contents of our website into, this prospectus or any prospectus supplement.

Use of proceeds

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities. In the case of a sale by a selling securityholder, we will not receive any of the proceeds from such sale.

[Table of Contents](#)**Ratio of earnings to fixed charges**

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

	Nine Months Ended		Years ended December 31,			
	September 30, 2011	2010	2009	2008	2007	2006
Ratio of earnings to fixed charges	22.9x	16.3x	9.3x	— ^a	9.9x	33.1x
Ratio of earnings to fixed charges and preferred stock dividends	22.9x	13.9x	6.1x	— ^b	6.6x	14.3x

- a. As a result of the loss recorded in 2008, the ratio coverage was less than 1:1. We would have needed to generate additional earnings of \$13.4 billion to achieve coverage of 1:1 in 2008.
- b. As a result of the loss recorded in 2008, the ratio coverage was less than 1:1. We would have needed to generate additional earnings of \$13.8 billion to achieve coverage of 1:1 in 2008.

For the ratio of earnings to fixed charges calculation, earnings consist of income (loss) from continuing operations before income taxes, noncontrolling interests in consolidated subsidiaries, equity in affiliated companies' net earnings, cumulative effect of accounting changes and fixed charges. Fixed charges include interest and that portion of rent deemed representative of interest. For the ratio of earnings to fixed charges and preferred stock dividends calculation, we assumed that our preferred stock dividend requirements were equal to the pre-tax earnings that would be required to cover those dividend requirements. We computed those pre-tax earnings using the effective tax rate for each year.

Description of securities

This prospectus contains a summary of the securities that FCX or certain selling securityholders to be identified in a prospectus supplement may sell. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement contain the material terms of the securities being offered.

Description of capital stock

The following summary of the terms of the capital stock of FCX is not meant to be complete and is qualified by reference to the relevant provisions of the General Corporation Law of the State of Delaware (the "Delaware General Corporation Law") and the FCX certificate of incorporation and bylaws. Copies of the FCX certificate of incorporation and bylaws are incorporated herein by reference and will be sent to you at no charge upon request. See "Where you can find more information" below.

Authorized capital stock

Under our certificate of incorporation, our authorized capital stock consists of 1,800,000,000 shares of common stock, \$0.10 par value per share, and 50,000,000 shares of preferred stock, \$0.10 par value per share. As of September 30, 2011, there were issued and outstanding 947.9 million shares of common stock (not including 123.5 million shares held in treasury) and no preferred shares outstanding.

As of September 30, 2011, 27,971,567 shares of common stock were authorized for issuance upon exercise of stock options (of which 13,561,317 were exercisable) and 1,269,276 shares were authorized for issuance upon the vesting of restricted stock units. In addition, as of September 30, 2011, we also had 69,672 stock appreciation rights outstanding (all of which were exercisable) that will be settled in cash upon exercise.

[Table of Contents](#)

Description of common stock

Common stock outstanding. The issued and outstanding shares of common stock are, and the shares of common stock that we may issue in the future will be, validly issued, fully paid and nonassessable.

Voting rights. Subject to the rights of holders of any subsequently issued shares of preferred stock, holders of common stock are entitled to elect all of the authorized number of members of the board of directors. Each share of common stock has one vote. With respect to all other matters submitted to a vote of stockholders, except as required by law, the holders of the common stock vote together as a single class, and record holders have one vote per share.

Dividend rights; rights upon liquidation. Holders of the common stock will share ratably in any cash dividend that may from time to time be declared with respect to the common stock by our board of directors. In the event of a voluntary or involuntary liquidation, dissolution or winding up of our company, subject to the rights, if any, of the holders of any outstanding series of preferred stock, the holders of the common stock will share ratably, according to the number of shares held by them, in our remaining assets, if any.

Other rights. Shares of common stock are not redeemable and have no subscription, conversion or preemptive rights.

Transfer agent. The transfer agent and registrar for the common stock is Computershare Shareowner Services LLC.

NYSE. Our common stock is listed on the New York Stock Exchange under the symbol “FCX.”

Certain provisions of our certificate of incorporation and by-laws

Supermajority voting/fair price requirements. Our certificate of incorporation provides that the approval of the holders of not less than 66 2/3% of our outstanding common stock is required for:

- Any merger or consolidation of our company or any of our subsidiaries with or into any person or entity, or any affiliate of that person or entity, who was within the two years prior to the transaction a beneficial owner of 20 percent or more of our common stock or any class of our common stock, which we refer to as an interested party;
- any merger or consolidation of an interested party with or into our company or any of our subsidiaries;
- any sale, lease, exchange, mortgage, pledge, transfer or other disposition of more than 10 percent of the fair market value of the total assets of our company or any of our subsidiaries in one or more transactions involving an interested party;
- the adoption of any plan or proposal for liquidation or dissolution of our company proposed by or on behalf of any interested party;
- the issuance or transfer by us or any of our subsidiaries of securities having a fair market value of \$10 million or more to any interested party; or
- any recapitalization, reclassification, merger or consolidation of our company or any of our subsidiaries that would increase an interested party’s voting power in our company or any of our subsidiaries.

However, the two-thirds voting requirement is not applicable if:

- our board approves the transaction, or approves the acquisition of the common stock that caused the interested person to become an interested person, and the vote includes the affirmative vote of a majority of our directors who are not affiliates of the interested party and who were members of our board prior to the time the interested party became the interested party;

Table of Contents

- the transaction is solely between us and any of our wholly owned subsidiaries or between any of our wholly owned subsidiaries; or
- the transaction is a merger or consolidation and the consideration to be received by our common stockholders is at least as high as the highest price per share paid by the interested party for our common stock on the date the common stock was last acquired by the interested party or during a period of two years prior.

Amendments to supermajority voting requirement. The affirmative vote of at least 66 2/3% of our company's outstanding common stock is required to amend, alter, change or repeal the provisions in our certificate of incorporation providing for the supermajority voting/fair price requirements described above.

Effects of authorized but unissued common stock and blank check preferred stock. One of the effects of the existence of authorized but unissued common stock and undesignated preferred stock may be to enable our board of directors to make more difficult or to discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise, and thereby to protect the continuity of management. If, in the due exercise of its fiduciary obligations, the board of directors were to determine that a takeover proposal was not in our best interest, such shares could be issued by the board of directors without stockholder approval in one or more transactions that might prevent or render more difficult or costly the completion of the takeover transaction by diluting the voting or other rights of the proposed acquirer or insurgent stockholder group, by putting a substantial voting block in institutional or other hands that might undertake to support the position of the incumbent board of directors, by effecting an acquisition that might complicate or preclude the takeover, or otherwise.

In addition, our certificate of incorporation grants our board of directors broad power to establish the rights and preferences of authorized and unissued shares of preferred stock. The issuance of shares of preferred stock could decrease the amount of earnings and assets available for distribution to holders of shares of common stock. The issuance also may adversely affect the rights and powers, including voting rights, of those holders and may have the effect of delaying, deterring or preventing a change in control of our company.

Advance notice of intention to nominate a director. Our by-laws permit a stockholder to nominate a person for election as a director only if written notice of such stockholder's intent to make a nomination has been delivered to our Secretary not later than the close of business on the 120th day nor earlier than the close of business on the 210th day prior to the first anniversary of the preceding year's annual meeting. This provision also requires that the notice set forth, among other things, a description of all arrangements or understandings between the nominee and the stockholder pursuant to which the nomination is to be made or the nominee is to be elected and such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), had the nominee been nominated by our board. Any nomination that fails to comply with these requirements may be disqualified.

Advance notice of stockholder proposals. Our by-laws permit a stockholder proposal to be presented at a stockholders' meeting only if prior written notice of the proposal is provided to us within the time periods and in the manner specified in the by-laws.

No ability of stockholders to call special meetings. Our by-laws deny stockholders the right to call a special meeting of stockholders, except to the extent that holders of preferred stock have been granted the right to call a special meeting. Our by-laws provide that, except to that extent, only the board of directors, the chairman of the board, the vice chairman of the board or the president may call special meetings of the stockholders.

Action by written consent. Our by-laws permit our stockholders to take any action required or permitted to be taken at any annual or special meeting of stockholders by written consent of stockholders having not less than a minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.

Table of Contents

Removal of directors; filling vacancies on board of directors. Our certificate of incorporation provides that any director may be removed, with cause, by a vote of the holders of common stock and the holders of any voting preferred stock, voting together. In addition, any vacancies on the board of directors resulting by the death, resignation or removal of a director may be filled by a vote of holders of common stock and holders of voting preferred stock, voting together. The certificate of incorporation also provides that the remaining directors, regardless of any quorum requirements set out in the by-laws, may also fill any vacancy (including any resulting from an increase in the authorized number of directors) by majority vote.

Amendment of by-laws. Our certificate of incorporation and by-laws provide that the by-laws may be altered, amended, changed or repealed by vote of the stockholders or at any meeting of the board of directors by the vote of a majority of the directors present or as otherwise provided by statute.

Limitation of liability of directors and officers. As permitted by the Delaware General Corporation Law, our certificate of incorporation includes a provision that eliminates the personal liability of our directors for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to our company or its stockholders, (2) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (3) under section 174 of the Delaware General Corporation Law or (4) for any transaction from which the director derived an improper personal benefit. The effect of this provision is to eliminate our rights and our stockholders' rights to recover monetary damages against a director or officer for breach of a fiduciary duty of care. The provision does not eliminate or limit our right, or the right of a stockholder, to seek non-monetary relief, such as an injunction or rescission. The SEC has taken the position that this provision will have no effect on claims arising under the federal securities laws.

In addition, our certificate of incorporation provides for mandatory indemnification rights, subject to limited exceptions, to any director or executive officer who (because of the fact that he or she is or was our director or officer) is involved in a legal proceeding of any nature. These indemnification rights include reimbursement for expenses incurred by the director or officer in advance of the final disposition of a proceeding according to applicable law.

Preferred stock

We may issue shares of preferred stock in series and may, at the time of issuance, determine the rights, preferences and limitations of each series. Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of common stock. Holders of shares of preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding-up of our company before any payment is made to the holders of shares of common stock. In some circumstances, the issuance of shares of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management. Upon the affirmative vote of a majority of the total number of directors then in office, our board of directors, without stockholder approval, may issue shares of preferred stock with voting and conversion rights which could adversely affect the holders of shares of common stock. The issuance of any shares of preferred stock in the future could adversely affect the rights of the holders of common stock.

Description of debt securities

The debt securities will be our direct unsecured general obligations. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under one or more separate indentures between us and U.S. Bank National Association, as trustee. Senior debt securities will be issued under a senior indenture. Subordinated debt securities will be issued under a subordinated indenture. Each of the senior indenture and the subordinated indenture is referred to as an indenture. The material terms of any indenture will be set forth in the applicable prospectus supplement.

Table of Contents**Description of warrants**

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

Description of purchase contracts

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under either the senior indenture or the subordinated indenture.

Description of units

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities, shares of preferred stock, shares of common stock or any combination of such securities.

Forms of securities

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated

[Table of Contents](#)

securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered global securities

We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Table of Contents

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of FCX, the trustees, the warrant agents, the unit agents or any other agent of FCX, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

Plan of distribution

FCX and/or the selling securityholders, if applicable, may sell the securities in one or more of the following ways (or in any combination) from time to time:

- through underwriters or dealers;
- directly to a limited number of purchasers or to a single purchaser;
- through agents;
- through a combination of any such methods; or
- through any other methods described in a prospectus supplement.

The prospectus supplement will state the terms of the offering of the securities, including:

- the name or names of any underwriters, dealers or agents;
- the purchase price of such securities and the proceeds to be received by FCX, if any;
- any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallowed or paid to dealers; and
- any securities exchanges on which the securities may be listed.

Any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers may be changed from time to time.

Table of Contents

If we and/or the selling securityholders, if applicable, use underwriters in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including:

- negotiated transactions;
- at a fixed public offering price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

Unless otherwise stated in a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series of securities, if any are purchased.

We and/or the selling securityholders, if applicable, may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We and/or the selling securityholders, if applicable, may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from FCX at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with FCX and/or the selling securityholders, if applicable, to indemnification by FCX and/or the selling securityholders, if applicable, against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended (the “Securities Act”), or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for FCX and its affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than the common stock, which is listed on the New York Stock Exchange. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities, other than the common stock, may or may not be listed on a national securities exchange.

Where you can find more information

We file annual, quarterly and current reports, proxy statements and other information with the SEC. This prospectus and the information incorporated by reference herein, contains summaries of certain agreements that we have filed as exhibits to various SEC filings, as well as certain agreements that we will enter into in connection with the offering of securities covered by this prospectus. The descriptions of these agreements contained in this prospectus or information incorporated by reference herein do not purport to be complete and are subject to, or qualified in their entirety by reference to, the definitive agreements. Copies of the definitive agreements will be made available without charge to you by making a written or oral request to us.

We are responsible for the information contained and incorporated by reference in this prospectus and in any prospectus supplement we prepare or authorize. We have not authorized anyone to give you any other information, and we do not take responsibility for any other information that others may give you. If anyone provides you with different or inconsistent information, you should not rely on it. If you are in a jurisdiction where offers to sell, or solicitations of offers to purchase, the securities offered by this document are unlawful, or if you are a person to whom it is unlawful to direct these types of activities, then the offer presented in this document does not extend to you. You should assume that the information contained and incorporated by reference in this prospectus and any accompanying prospectus supplement is only accurate as of the respective dates of such documents.

Any statement contained herein or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement contained herein, in any other subsequently filed document which also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified and superseded, to constitute a part of this prospectus.

Table of Contents**Information concerning forward-looking statements**

This prospectus, including the documents incorporated by reference herein and therein, contain “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Such forward-looking information is intended to be covered by the safe harbor to “forward-looking statements” provided by the Private Securities Litigation Reform Act of 1995. These statements may be made directly in this prospectus or may be incorporated in this prospectus by reference to other documents. Representatives of FCX may also make forward-looking statements. Forward-looking statements are all statements other than statements of historical facts, such as those statements regarding projected ore grades and milling rates, projected production and sales volumes, projected unit net cash costs, projected operating cash flows, projected capital expenditures, projected exploration efforts and results, projected mine production and development plans, the impact of deferred intercompany profits on earnings, liquidity, other financial commitments and tax rates, the impact of copper, gold, molybdenum and cobalt price changes, reserve estimates, potential prepayments of debt, future dividend payments and potential share purchases. The words “anticipates,” “may,” “can,” “plans,” “believes,” “estimates,” “expects,” “projects,” “intends,” “likely,” “will,” “should,” “to be,” and any similar expressions are intended to identify those assertions as forward-looking statements. This prospectus, including the documents incorporated by reference herein and therein, may also include forward-looking statements regarding mineralized material not included in reserves. The mineralized material described will not qualify as reserves until comprehensive engineering studies establish their feasibility. Accordingly, no assurance can be given that the estimated mineralized material not included in reserves will become proven and probable reserves.

We caution readers that those statements are not guarantees of future performance and our actual results may differ materially from those anticipated, projected or assumed in the forward-looking statements. Important factors that can cause our actual results to differ materially from those anticipated in the forward-looking statements include, but are not limited to, commodity prices, mine sequencing, production rates, industry risks, regulatory changes, political risks, the potential effects of violence in Indonesia, the resolution of administrative disputes in the Democratic Republic of Congo, weather- and climate-related risks, labor relations, environmental risks, litigation results, currency translation risks and other factors described in more detail under the heading “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2010 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2011, filed with the SEC as updated by our subsequent filings with the SEC.

Investors are cautioned that many of the assumptions on which our forward-looking statements are based are likely to change after our forward-looking statements are made, including for example commodity prices, which we cannot control, and production volumes and costs, some aspects of which we may or may not be able to control. Further, we may make changes to our business plans that could or will affect our results. We caution investors that we do not intend to update our forward-looking statements more frequently than quarterly notwithstanding any changes in our assumptions, changes in our business plans, our actual experience, or other changes, and we undertake no obligation to update any forward-looking statements.

financial reporting as of December 31, 2010 have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, included therein, and incorporated herein by reference. Such consolidated financial statements and FCX management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2010 are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.

With respect to the unaudited condensed consolidated interim financial information of FCX for the three-month periods ended March 31, 2011 and March 31, 2010, six-month periods ended June 30, 2011 and June 30, 2010 and nine-month periods ended September 30, 2011 and 2010, incorporated by reference in this prospectus, Ernst & Young LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports dated May 6, 2011, August 5, 2011 and November 4, 2011, included in FCX's Quarterly Report on Form 10-Q for the quarters ended March 31, 2011, June 30, 2011 and September 30, 2011, and incorporated by reference herein, state that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Ernst & Young LLP is not subject to the liability provisions of Section 11 of the Securities Act for their report on the unaudited interim financial information because that report is not a "report" or a "part" of the registration statement, of which this prospectus forms a part, prepared or certified by Ernst & Young LLP within the meaning of Sections 7 and 11 of the Securities Act.
