RISK FACTORS

Prospective investors should carefully consider all of the information set forth in this prospectus supplement, the accompanying prospectus and any documents incorporated by reference therein before deciding to invest in any of our 6.75% Notes due December 1, 2014 (the “6.75% Notes”) or our Floating Rate Notes due December 1, 2014 (the “Floating Rate Notes”) and, together with the 6.75% Notes, the “Notes”). The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

You are Relying Solely on Our Creditworthiness

The Notes will constitute our unsubordinated and unsecured obligations and will rank equally among themselves and equally with all or our other unsubordinated and unsecured obligations (other than obligations preferred by mandatory provisions of law). If you purchase the Notes, you are relying on our creditworthiness alone.

Our Credit Ratings May Not Reflect All Risks of Your Investments in the Notes

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Notes. These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the Notes.

Although Application Will Be Made to List the Notes on the Luxembourg Stock Exchange, We Cannot Assure You That an Active Trading Market May Develop for the Notes

We can provide no assurance regarding the future development or maintenance of a market for the Notes or the ability of holders of the Notes to sell their Notes. If such a market were to develop, the Notes could trade at prices which may be higher or lower than the initial offering price depending on many factors independent of our creditworthiness, including, among other things:

- the time remaining to the maturity of the Notes;
- the outstanding principal amount of the Notes; and
- the level, direction and volatility of market interest rates generally.

USE OF PROCEEDS

We will receive net proceeds before expenses of \$1,732,605,000 from the sale of the 6.75% Notes, and \$741, 553,500 from the sale of the Floating Rate Notes. We estimate that our expenses will be approximately \$500,000. The expected net proceeds from the sale of the securities will be added to the general funds of GMAC and will be available for the purchase of receivables, the making of loans or the repayment of debt. Such proceeds initially may be used to reduce short-term borrowings or invested in short-term securities.

DESCRIPTION OF NOTES

General

The following description of the particular terms of the Notes offered hereby supplements and, to the extent that the terms are inconsistent, replaces, the description of the general terms and provisions of the Debt Securities set forth in the accompanying prospectus. The Notes are a series of the Debt Securities registered by GMAC in September 2003 to be issued on terms to be determined at the time of sale.

The 6.75% Notes will be issued in an initial aggregate principal amount of \$1,750,000,000. The Notes offered hereby will be issued pursuant to an Indenture dated as of July 1, 1982, as amended (the "Indenture"), which is more fully described in the accompanying prospectus, and the form of Notes have been authorized and approved by resolution of our Board of Directors on August 12, 2003.

The Floating Rate Notes will be issued in an initial aggregate principal amount of \$750,000,000. The Notes offered hereby will be issued pursuant to the Indenture, which is more fully described in the accompanying prospectus, and the form of Notes have been authorized and approved by resolution of our Board of Directors on August 12, 2003.

The Indenture and the Notes are governed by, and construed in accordance with, the laws of the State of New York, United States.

6.75% Notes

The 6.75% Notes will mature on December 1, 2014. The 6.75% Notes are not redeemable by GMAC prior to maturity unless certain events occur involving U.S. taxation. See "Redemption for Tax Reasons." The Notes will bear interest, calculated on the basis of a 360-day year consisting of twelve 30-day months, from November 24, 2004 at the rate of 6.75% per year, payable on June 1 and December 1 of each year, the first payment to be made on June 1, 2005 in respect of the period from and including November 24, 2004 to but excluding June 1, 2005, to the persons in whose name the 6.75% Notes are registered at the close of business on the 15th day of the calendar month next preceding such June 1 and December 1.

Floating Rate Notes

The Floating Rate Notes will mature on December 1, 2014. The Floating Rate Notes are not redeemable by GMAC prior to maturity unless certain events occur involving U.S. taxation. See "Redemption for Tax Reasons."

Interest on the Floating Rate Notes will be computed on the basis of the actual number of days elapsed over a 360-day year. Interest will be paid quarterly on March 1, June 1, September 1 and December 1 of each year (each a "Floating Rate Notes interest payment date") and on the maturity date, the first payment to be made on March 1, 2005 in respect of the period from and including November 24, 2004 to but excluding March 1, 2005 to the persons in whose name the Notes are registered at the close of business on the 15th day of the calendar month preceding such Floating Rate Notes interest payment date; *provided, however*, that interest payable on the maturity date shall be payable to the person to whom the principal of such notes shall be payable.

Interest payable on any Floating Rate Note interest payment date or the maturity date shall be the amount of interest accrued from, and including, the next preceding Floating Rate Notes interest payment date in respect of which interest has been paid or duly provided for (or from and including the original issue date, if no interest has been paid or duly provided for with respect to the Floating Rate Notes) to, but excluding, such Floating Rate Notes interest payment date or maturity date, as the case may be. If any Floating Rate Notes interest payment date (other than the maturity date) would otherwise be a day that is not a business day, such Floating Rate Notes interest payment date will be postponed to the next succeeding day that is a business day, except that if such business day is in the next succeeding calendar month, such Floating Rate Note interest payment date (other than the maturity date) shall be the next preceding business day. If the maturity date of the notes falls on a day that is not a business day, the related payment of principal and interest will be made on the next succeeding business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next succeeding business day.

By "business day" we mean a day which is not a day when banking institutions in the city in which the trustee administers its corporate trust business, currently New York City, or in the place of payment, are authorized or required by law or regulation to be closed, and that is also a "London business day", which is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

The interest rate on the Floating Rate Notes will be reset quarterly on March 1, June 1, September 1 and December 1 of each year, commencing March 1, 2005 (each, an "interest reset date"), and the Notes will bear interest at a per annum rate equal to three-month LIBOR (as defined below) for the applicable interest reset period (as defined below), plus 2.20%. The interest rate for the initial interest reset period will be three-month LIBOR, determined as of two London business days prior to November 24, 2004 (the "original issue date"), plus 2.20% per annum. The "initial interest reset period" will be the period from and including the original issue date

to but excluding the initial interest reset date. Thereafter, each “interest reset period” will be the period from and including an interest reset date to but excluding the immediately succeeding interest reset date; *provided* that the final interest reset period for the Floating Rate Notes will be the period from and including the interest reset date immediately preceding the maturity date of such notes to but excluding the maturity date.

If any interest reset date would otherwise be a day that is not a business day, the interest reset date will be postponed to the next succeeding day that is a business day, except that if that business day is in the next succeeding calendar month, the interest reset date shall be the next preceding business day.

The interest rate in effect on each day will be (i) if that day is an interest reset date, the interest rate determined as of the interest determination date (as defined below) immediately preceding such interest reset date or (ii) if that day is not an interest reset date, the interest rate determined as of the interest determination date immediately preceding the most recent interest reset date or the original issue date, as the case may be.

The interest rate applicable to each interest reset period commencing on the related interest reset date, or the original issue date in the case of the initial interest reset period, will be the rate determined as of the applicable interest determination date. The “interest determination date” will be the second London business day immediately preceding the original issue date, in the case of the initial reset period, or thereafter the applicable interest reset date.

GMAC, or a successor appointed by us, will act as calculation agent. Three-month LIBOR will be determined by the calculation agent as of the applicable interest determination date in accordance with the following provisions:

(i) LIBOR will be determined on the basis of the offered rates for deposits in U.S. dollars having a three-month maturity, commencing on the second London business day immediately following such interest determination date, which appears on Moneyline Telerate Page 3750 (as defined below) as of approximately 11:00 a.m., London time, on such interest determination date. “Moneyline Telerate Page 3750” means the display designated on page “3750” on Moneyline Telerate (or such other page as may replace the 3750 page on that service, any successor service or such other service or services as may be nominated by the British Bankers’ Association for the purpose of displaying London interbank offered rates for U.S. dollar deposits). If no rate appears on Moneyline Telerate Page 3750, LIBOR for such interest determination date will be determined in accordance with the provisions of paragraph (ii) below.

(ii) With respect to an interest determination date on which no rate appears on Moneyline Telerate Page 3750 as of approximately 11:00 a.m., London time, on such interest determination date, the calculation agent shall request the principal London offices of each of four major reference banks (which may include affiliates of the underwriters) in the London interbank market selected by the calculation agent (after consultation with us) to provide the calculation agent with a quotation of the rate at which deposits of U.S. dollars having a three-month maturity, commencing on the second London business day immediately following such interest determination date, are offered by it to prime banks in the London interbank market as of approximately 11:00 a.m., London time, on such interest determination date in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time. If at least two such quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of such quotations as calculated by the calculation agent. If fewer than two quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of the rates quoted as of approximately 11:00 a.m., New York City time, on such interest determination date by three major banks (which may include affiliates of the underwriters) selected by the calculation agent (after consultation with us) for loans in U.S. dollars to leading European banks having a three-month maturity commencing on the second London business day immediately following such interest determination date and in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks selected as aforesaid by the calculation agent are not quoting such rates as mentioned in this sentence, LIBOR for such interest determination date will be LIBOR determined with respect to the immediately preceding interest determination date.

All percentages resulting from any calculation of any interest rate for the notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward and all dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward.

Promptly upon such determination, the calculation agent will notify GMAC (if the calculation agent is not GMAC) and the Trustee (if the calculation agent is not the Trustee) of the interest rate for the new interest reset period. Upon request of a holder of the Notes, the calculation agent will provide to such holder the interest rate in effect on the date of such request and, if determined, the interest rate for the next interest reset period.

All calculations made by the calculation agent for the purposes of calculating interest on the Notes shall be conclusive and binding on the holders and us, absent manifest error.

Book-Entry, Delivery and Form

The Notes will be offered and sold in principal amounts of U.S. \$2,000 and integral multiples thereof. The Notes will be issued in the form of one or more fully registered Global Notes (collectively, the “Global Notes”), which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the “Depository” or “DTC”) and registered in the name of Cede & Co., the Depository’s nominee. Beneficial interests in the Global Notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Depository. Investors may elect to hold interests in the Global Notes through DTC, Clearstream Banking, *société anonyme*, Luxembourg (“Clearstream”), or Euroclear Bank S.A./NV as operator of the Euroclear System (“Euroclear”) if they are participants of such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream’s and Euroclear’s names on the books of their respective depositories. Clearstream’s and Euroclear’s depositories will hold interests in customers’ securities accounts in the depositories’ names on the books of the Depository. Citibank, N.A. will act as depository for Clearstream and J.P. Morgan Chase Bank will act as depository for Euroclear (in such capacities, the “U.S. Depositories”). Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee. The transfer of Global Notes may be made at the office of the registrar according to the rules of the clearing systems.

Clearstream has advised that it is incorporated under the laws of the Grand Duchy of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (“Clearstream Participants”). Clearstream facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (CSSF). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions, to the extent received by the U.S. Depository for Clearstream, with respect to the Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

Euroclear has advised that it was created in 1968 to hold securities for its participants (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, eliminating the need for physical movement of certificates and eliminating any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear

is operated by Euroclear Bank S.A./NV (the “Euroclear Operator”), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the “Cooperative”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator has advised us that it is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding through Euroclear Participants.

Distributions, to the extent received by the U.S. Depositary for Euroclear, with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions.

The Bank of New York, the Trustee, is the initial paying agent and transfer agent for the Notes. If a new paying agent is mandated, a publication will be made in Luxembourg.

In the event definitive Notes are issued, a notice will be published in a daily newspaper of wide circulation, which is expected to be the *Luxemburger Wort*. We have appointed Banque Générale du Luxembourg S.A. as a paying agent and transfer agent in Luxembourg (the “Luxembourg Paying and Transfer Agent”). Holders of definitive Notes will be able to receive payments and effect transfers at the offices of the Luxembourg Paying and Transfer Agent. Notice of any change in the Luxembourg Paying and Transfer Agent will be published in a daily newspaper of wide circulation.

Individual certificates in respect of Notes will not be issued in exchange for the Global Notes, except in very limited circumstances. If Euroclear, Clearstream or DTC notifies us that it is unwilling or unable to continue as a clearing system in connection with a Global Note or, in the case of DTC only, DTC ceases to be a clearing agency registered under the Securities Exchange Act, and in each case we do not appoint a successor clearing system within 90 days after receiving such notice from Euroclear, Clearstream or DTC or on becoming aware that DTC is no longer so registered, we will issue or cause to be issued individual certificates in registered form on registration of, transfer of or in exchange for book-entry interests in the Notes represented by such Global Note upon delivery of such Global Note for cancellation.

Title to book-entry interests in the Notes will pass by book-entry registration of the transfer within the records of Euroclear, Clearstream or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the Notes may be transferred within Euroclear and within Clearstream and between Euroclear and Clearstream in accordance with procedures established for these purposes by Euroclear and Clearstream. Book-entry interests in the Notes may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the Notes between Euroclear and Clearstream and DTC may be effected in accordance with procedures established for this purpose by Euroclear, Clearstream and DTC.

Global Clearance and Settlement Procedures

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC Participants will occur in the ordinary way in accordance with Depository rules. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through the Depository on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other, will be effected in the Depository in accordance with the Depository rules on behalf of the relevant European international clearing system by its U.S. Depository. However, a cross-market transfer will require delivery of instructions to the relevant European international clearing system by the counterparty in such European international clearing system, in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving Notes in the Depository and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depository. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of Notes received in Clearstream or Euroclear as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and dated the business day following the Depository settlement date. Credits or any transactions of the type described above settled during subsequent securities settlement processing will be reported to the relevant Euroclear or Clearstream Participants on the business day that the processing occurs. Cash received in Clearstream or Euroclear as a result of sales of Notes by or through a Clearstream Participant or a Euroclear Participant to a DTC Participant will be received with value on the Depository settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in the Depository.

Although the Depository, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of Notes among participants of the Depository, Clearstream and Euroclear, they are under no obligation to perform or continue to perform these procedures. The foregoing procedures may be changed or discontinued at any time.

Neither GMAC nor the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the Notes, create and issue further Notes ranking equally with the Notes offered by this prospectus supplement in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further Notes or except for the first payment of interest following the issue date of such further Notes. Such further Notes may be consolidated and form a single series with the Notes offered by this prospectus supplement and have the same terms as to status, redemption or otherwise as the Notes offered by this prospectus supplement.

Payment of Additional Amounts

We will pay to the holder of any Note who is a non-United States person (as defined below) such additional amounts as may be necessary in order that every net payment in respect of the principal, premium, if any, or interest, if any, on such Note, after deduction or withholding by GMAC or any paying agent for or on account of any present or future tax, assessment or governmental charge imposed upon or as a result of such payment by the United States or any political subdivision or taxing authority thereof or therein, will not be less than the amount provided for in such Note to be then due and payable before any such deduction or withholding for or on account

of any such tax, assessment or governmental charge. The foregoing obligation to pay such additional amounts shall not apply to:

(a) any tax, assessment or other governmental charge which would not have been so imposed but for:

- the existence of any present or former connection between such holder (or a fiduciary, settlor, beneficiary, member or shareholder of, or holder of a power over, such holder, if such holder is an estate, trust, partnership or corporation) and the United States (other than the mere receipt of a payment on a Note or holding thereof), including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder of, or holder of a power) being or having been a citizen or resident or treated as a resident thereof or being or having been engaged in a trade or business therein or being or having been present therein or having or having had a permanent establishment therein or
- such holder's present or former status as a personal holding company, foreign personal holding company, controlled foreign corporation, passive foreign investment company, foreign tax-exempt organization, or foreign private foundation for United States federal income tax purposes or a corporation which accumulates earnings to avoid United States federal income tax; or

(b) any tax, assessment or other governmental charge which would not have been so imposed but for the presentation by the holder of such Note for payment on a date more than ten days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later; or

(c) any estate, inheritance, gift, sales, transfer, personal property or excise tax or any similar tax, assessment or governmental charge; or

(d) any tax, assessment or other governmental charge which is payable otherwise than by withholding from payments in respect of principal of, premium, if any, or interest (including original issue discount), if any, on any Note; or

(e) any tax, assessment or other governmental charge imposed on interest received by a holder or beneficial owner of a Note who actually or constructively owns 10% or more of the total combined voting power of all classes of stock of GMAC entitled to vote within the meaning of Section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended; or

(f) any tax, assessment or other governmental charge imposed as a result of the failure of the holder or beneficial owner of the Note to comply with:

- applicable certification, information, documentation, reporting or other similar requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the Note, if such compliance is required by statute, or by regulation of the United States Treasury Department, as a precondition to relief or exemption from such tax, assessment or other governmental charge (including backup withholding) or
- any other certification, information, documentation, reporting or other similar requirements under United States income tax laws or regulations that would establish entitlement to otherwise applicable relief or exemption from such tax, assessment or other governmental charge; or

(g) any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of the principal of, premium, if any, or interest, if any, on any Note, if such payment can be made without such withholding by at least one other paying agent; or

(h) any Notes where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Union Directive 20003148EC or any other European Union Directive implementing the conclusions of the ECOFIN (European Union's Economic and Finance Ministers) Council meeting of 26-27 November 2000 on the taxation of savings or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(i) any Note presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note to another paying agent in a Member State of the European Union; or

(j) any combination of items (a), (b), (c), (d), (e), (f), (g), (h) or (i);

nor will such additional amounts be paid to any holder who is a fiduciary or partnership or other than the sole beneficial owner of the Note to the extent a settlor or beneficiary with respect to such fiduciary or a member of such partnership or a beneficial owner of the Note would not have been entitled to payment of such additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of the Note.

The Notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable thereto. Except as specifically provided under this heading “Payment of Additional Amounts” and under the heading “Description of Notes—Redemption for Tax Reasons”, GMAC shall not be required to make any payment with respect to any tax, assessment or governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein.

As used under this heading “Payment of Additional Amounts” and under the headings “Description of Notes—Redemption for Tax Reasons” and “United States Federal Taxation—Tax Consequences to Non-United States Persons” the term “United States” means the United States of America (including the States and the District of Columbia) and its territories, its possessions and other areas subject to its jurisdiction. “United States person” has the meaning set forth in “United States Federal Taxation—Tax Consequences to United States Persons” and “non-United States person” has the meaning set forth in “United States Federal Taxation—Tax Consequences to Non-United States Persons” below.

Redemption for Tax Reasons

If, as a result of:

- any change in or amendment to the laws (including any regulations or rulings promulgated thereunder) of the United States or any political subdivision thereof or therein affecting taxation, including any official proposal for such a change in or amendment to such laws, which change or amendment becomes effective after the date of this prospectus supplement or which proposal is made after such date,
- any change in the official application or interpretation of such laws, including any official proposal for such a change in the application or interpretation of such laws, which change is announced or becomes effective after the date of this prospectus supplement or which proposal is made after such date,
- any action taken by any taxing authority of the United States, which action is taken or becomes generally known after the date of this prospectus supplement, or any commencement of a proceeding in a court of competent jurisdiction in the United States after such date, whether or not such action was taken or such proceeding was brought with respect to GMAC,

there is, in such case, in the written opinion of independent legal counsel of recognized standing to GMAC, a material increase in the probability that GMAC has or may become obligated to pay additional amounts (as described above under “Payment of Additional Amounts”), and GMAC in its business judgment, determines that such obligation cannot be avoided by the use of reasonable measures available to it, not including assignment of the Notes, the Notes may be redeemed, as a whole but not in part, at GMAC’s option at any time thereafter, upon notice to the trustee and the holders of the Notes in accordance with the provisions of the Indenture at a redemption price equal to 100% of the principal amount of the Notes to be redeemed together with accrued interest thereon to the date fixed for redemption.

Notices

Notices to holders of the Notes will be published in authorized daily newspapers in The City of New York, in London, and, so long as the Notes are listed on the Luxembourg Stock Exchange, in Luxembourg. It is expected that publication will be made in The City of New York in *The Wall Street Journal*, in London in the *Financial Times*, and in Luxembourg in the *Luxemburger Wort*. In addition, for so long as any Notes are listed on

the Luxembourg Stock Exchange, notice will in any event be published in accordance with the rules of the Luxembourg Stock Exchange. Any notice given pursuant to these provisions shall be deemed to have been given on the date of publication or, if published more than once, on the date first published.

Concerning the Trustee

The Trustee under the indenture is the Bank of New York. Pursuant to the Indenture, the Trustee will be designated by GMAC as the initial paying agent, transfer agent and registrar to the Notes. The Corporate Trust Office of the Trustee is currently located at 101 Barclay Street, Floor 7E, New York, N.Y. 10286, U.S.A. Attention: Trust Administration Department.

The indenture provides that the Trustee, prior to the occurrence of an event of default and after the curing of all events of default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in the Indenture. If an event of default has occurred (which has not been cured), the Trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it by the Indenture as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. The Indenture also provides that the Trustee or any agent of GMAC or the Trustee, in their individual or any other capacity, may become the owner or pledgee of Notes with the same rights it would have if it were not the Trustee *provided, however*, that all moneys received by the Trustee or any paying agent shall, until used or applied as provided in the Indenture, be held in trust thereunder for the purposes for which they were received and need not be segregated from other funds except to the extent required by law.

Governing Law and Consent to Jurisdiction

The Indenture and the Notes are governed by and will be construed in accordance with the laws of the State of New York. Any claims or proceedings in respect of the indenture or the Notes shall be heard in a federal or state court located in the State of New York.

UNITED STATES FEDERAL TAXATION

The following summary describes the material United States federal income and certain estate tax consequences of ownership and disposition of the Notes. This summary provides general information only and is directed solely to original holders purchasing Notes at the “issue price”, that is, the first price to the public at which a substantial amount of the Notes in an issue is sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This summary is based on the United States Internal Revenue Code of 1986, as amended to the date hereof (the “Code”), existing administrative pronouncements and judicial decisions, existing and proposed Treasury Regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. This summary discusses only Notes held as capital assets within the meaning of Section 1221 of the Code. This summary does not discuss all of the tax consequences that may be relevant to a holder in light of the holder’s particular circumstances or to holders subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, persons holding Notes in connection with a hedging transaction, “straddle,” conversion transaction or other integrated transaction, persons who have ceased to be United States citizens or to be taxed as resident aliens, certain corporations that have participated in “inversion transactions” or United States persons whose functional currency (as defined in Section 985 of the Code) is not the U.S. dollar.

Persons considering the purchase of Notes should consult their tax advisors with regard to the application of the United States federal income and estate tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to United States Persons

For purposes of the following discussion, “United States person” means a beneficial owner of a Note that is for United States federal income tax purposes:

- a citizen or resident of the United States,

- a domestic corporation, or other entity that is created or organized in or under the laws of the United States or of any political subdivision thereof and is treated as a corporation for United States federal income tax purposes,
- an estate the income of which is subject to United States federal income taxation regardless of its source, or
- a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and (2) one or more United States persons have the authority to control all substantial decisions of the trust.

If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. Partners of partnerships holding Notes should consult their tax advisors.

Payments of Interest

Interest on a Note will generally be taxable to a United States person as ordinary interest income at the time it is accrued or is received in accordance with the United States person's method of accounting for tax purposes.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a Note, a United States person will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the United States person's adjusted tax basis in the Note. For these purposes, the amount realized does not include any amount attributable to interest on the Note that has not previously been included in income, which will be includable as interest as described under "Payments of Interest" above. A United States person's adjusted tax basis in a Note generally will equal the cost of the Note to the United States person.

In general, gain or loss realized on the sale, exchange or redemption of a Note will be capital gain or loss. Prospective investors should consult their tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates) and losses (the deductibility of which is subject to limitations).

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain payments of principal, premium and interest on a Note, and to payments of proceeds of the sale or redemption of a Note, to certain non-corporate United States persons. GMAC, its agent, a broker, or any paying agent, as the case may be, will be required to withhold from any payment a tax equal to 28% of such payment if the United States person fails to furnish or certify his correct taxpayer identification number to the payor in the manner required, fails to certify that such United States person is not subject to backup withholding, or otherwise fails to comply with the applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules from a payment to a United States person may be credited against that United States person's United States federal income tax and may entitle that United States person to a refund, provided that the required information is furnished to the United States Internal Revenue Service ("IRS").

Tax Consequences to Non-United States Persons

As used herein, the term "non-United States person" means an owner of a Note that is, for United States federal income tax purposes:

- a nonresident alien individual,
- a foreign corporation or partnership, or
- a nonresident alien fiduciary of a foreign estate or trust.

If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. Partners of partnerships holding Notes should consult their tax advisors.

Income and Withholding Tax

Subject to the discussion of backup withholding below:

(a) payments of principal and interest on a Note that is beneficially owned by a non-United States person will not be subject to United States federal withholding tax; provided, that in the case of interest,

- (1) the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of GMAC entitled to vote, (2) the beneficial owner is not a controlled foreign corporation that is related, directly or indirectly, to GMAC through stock ownership, and (3) either (A) the beneficial owner of the Note certifies (generally on an IRS Form W-8BEN) to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that it is not a United States person and provides its name and address or (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business (a "financial institution") and holds the Note certifies to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that such statement has been received from the beneficial owner by it or by a financial institution between it and the beneficial owner and furnishes the payor with a copy thereof (generally on IRS Form W-8IMY);
- the beneficial owner is entitled to the benefits of an income tax treaty under which the interest is exempt from United States federal withholding tax and the beneficial owner of the Note or such owner's agent provides an IRS Form W-8BEN claiming the exemption; or
- the beneficial owner conducts a trade or business in the United States to which the interest is effectively connected and the beneficial owner of the Note or such owner's agent provides an IRS Form W-8ECI;

provided that in each such case, the relevant certification or IRS form is delivered pursuant to applicable procedures and is properly transmitted to the person otherwise required to withhold United States federal income tax, and none of the persons receiving the relevant certification or IRS form has actual knowledge that the certification or any statement on the IRS form is false;

(b) a non-United States person will not be subject to United States federal income or withholding tax on any gain realized on the sale, exchange or other disposition of a Note unless the gain is effectively connected with the beneficial owner's trade or business in the United States or, in the case of an individual, the holder is present in the United States for 183 days or more in the taxable year in which the sale, exchange or other disposition occurs and certain other conditions are met; and

(c) a Note owned by an individual who at the time of death is not, for United States estate tax purposes, a citizen or resident of the United States generally will not be subject to United States federal estate tax as a result of such individual's death if the individual does not actually or constructively own 10% or more of the total combined voting power of all classes of GMAC's stock entitled to vote and, at the time of such individual's death, the income on the Note would not have been effectively connected with a United States trade or business of the individual.

With respect to the certification requirement referred to in subparagraph (a), for Notes held by a foreign partnership, unless the foreign partnership has entered into a withholding agreement with the IRS, a foreign partnership will be required, in addition to providing a Form W-8IMY, to attach an appropriate certification by each partner. Prospective investors, including foreign partnerships and their partners, should consult their tax advisors regarding possible additional reporting requirements.

If a non-United States person holding a Note is engaged in a trade or business in the United States, and if interest on the Note (or gain realized on its sale, exchange or other disposition) is effectively connected with the conduct of such trade or business, such holder, although exempt from the withholding tax discussed in the preceding paragraphs, will generally be subject to regular United States income tax on such effectively connected income in the same manner as if it were a United States person. Such a holder may also need to provide a United States taxpayer identification number on the forms referred to in paragraph (a) above in order to meet the requirements set forth above. In addition, if such holder is a foreign corporation, it may be subject to a 30%

branch profits tax (unless reduced or eliminated by an applicable treaty) on its effectively connected earnings and profits for the taxable year, subject to certain adjustments. For purposes of the branch profits tax, interest on, and any gain recognized on the sale, exchange or other disposition of, a Note will be included in the effectively connected earnings and profits of such holder if such interest or gain, as the case may be, is effectively connected with the conduct by such holder of a trade or business in the United States.

Each holder of a Note should be aware that if it does not properly provide the required IRS form, or if the IRS form or, if permissible, a copy of such form, is not properly transmitted to and received by the United States person otherwise required to withhold United States federal income tax, interest on the Note may be subject to United States withholding tax at a 30% rate and the holder, including the beneficial owner, will not be entitled to any additional amounts from GMAC described under the heading "Description of Notes-Payment of Additional Amounts" with respect to such tax. Such tax, however, may in certain circumstances be allowed as a refund or as a credit against such holder's United States federal income tax.

The foregoing does not deal with all aspects of federal income tax withholding that may be relevant to foreign holders of the Notes. Investors are advised to consult their own tax advisors for specific advice concerning the ownership and disposition of Notes.

Backup Withholding and Information Reporting

Under current Treasury Regulations, backup withholding (imposed at the rate of 28%) will not apply to payments made by GMAC or a paying agent to a non-United States person in respect of a Note if the certifications required by Sections 871(h) and 881(c) of the Code, which are described above, are received, provided in each case that GMAC or the paying agent, as the case may be, does not have actual knowledge that the payee is a United States person.

Under current Treasury Regulations, payments of the proceeds from the sale, exchange or other disposition of a Note made to or through a foreign office of a broker (including a custodian, nominee or other agent acting on behalf of the beneficial owner of a Note) generally will not be subject to information reporting or backup withholding. However, if such broker is a United States person, a controlled foreign corporation for United States federal tax purposes, a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year period, or a foreign partnership with certain connections with the United States, then information reporting will be required unless the broker has in its records documentary evidence that the beneficial owner is not a United States person and certain other conditions are met or the beneficial owner otherwise establishes an exemption. Backup withholding may apply to any payment that such broker is required to report if such broker has actual knowledge that the payee is a United States person. Payments to or through the United States office of a broker are subject to information reporting and backup withholding unless the holder or beneficial owner certifies, under penalties of perjury, that it is a non-United States person and that it satisfies certain other conditions or otherwise establishes an exemption from information reporting and backup withholding.

Non-United States persons holding Notes should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedure for obtaining such an exemption, if available. Backup withholding is not a separate tax, but is allowed as a refund or credit against the holder's United States federal income tax, provided the necessary information is furnished to the IRS.

Interest on a Note that is beneficially owned by a non-United States person will be reported annually on IRS Form 1042S, which must be filed with the IRS and furnished to such beneficial owner.

The Representatives of the underwriters have advised us that the underwriters propose initially to offer the Notes to the public at the offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of 0.225% of the principal amount of the 6.75% Notes, and 0.25% of the principal amount of the Floating Rate Notes. The underwriters may allow, and such dealers may reallocate, a concession not in excess of 0.15% of the principal amount of the 6.75% Notes and 0.1875% of the principal amount of the Floating Rate Notes to certain other dealers. After the initial public offering, the public offering price and concession may be changed.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The Notes are offered for sale in those jurisdictions in the United States, Europe, Asia and Canada where it is legal to make such offers. Only offers and sales of the Notes in the United States, as part of the initial distribution thereof or in connection with resales thereof under circumstances where this prospectus supplement and the accompanying prospectus must be delivered, are made pursuant to the registration statement of which the accompanying prospectus, as supplemented by this prospectus supplement, is a part.

Each underwriter has represented and agreed that it will comply with all applicable laws and regulations in force in any jurisdiction in or from which it purchases, offers, sells or delivers the Notes or any interest therein or possesses or distributes this prospectus supplement or the accompanying prospectus or any offering material relating to the Notes and will obtain any consent, approval or permission required by it for the purchase, offer or sale by it of the Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers or sales and neither GMAC nor any other underwriter shall have responsibility therefor.

Each underwriter, severally and not jointly, represents and agrees that:

- it has not offered or sold and will not offer or sell any Notes to persons in the United Kingdom prior to the expiry of the period of six months from the issue date of the Notes except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995, as amended;
- it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 (the “FSMA”) with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.
- it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of such Notes in circumstances in which section 21(1) of the FSMA does not apply to GMAC; and
- it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes other than (i) to persons whose ordinary business it is to buy or sell shares or debentures (whether as principal or agent) or (ii) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32) of Hong Kong; and it has not issued and will not issue any advertisement, invitation or document relating to the Notes, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes intended to be disposed of to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made thereunder;
- it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell in the Netherlands any Notes other than (i) to persons who trade or invest in the securities in the conduct of a profession or business (which include banks, stockbrokers, insurance companies, investment undertakings, pension funds, other institutional investors and finance companies and treasury departments of large enterprises) or (ii) circumstances where one of the exceptions to or exemptions from the prohibition contained in article 3 (1) of the Securities Transactions Supervision Act 1995 (“*Wet toezicht effectmerkeer 1995*”) applies;
- it has not offered or sold, and will not offer or sell, directly or indirectly, any of the Notes in Japan or to any resident of Japan or to any persons for reoffering or resale, directly or indirectly, in Japan or to any

resident of Japan, except (x) pursuant to an exemption from the registration requirements of the Securities and Exchange Law of Japan available thereunder and (y) in compliance with the other relevant requirements of Japanese law; and

- the Notes may not be offered or sold or be made the subject of an invitation for subscription or purchase, nor may the Prospectus Supplement or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes be circulated or distributed, whether directly or indirectly, to the public or any member of the public in Singapore other than (a) to an institutional investor or other person specified in Section 274 of the Securities and Futures Act, chapter 289 of Singapore (the “Securities and Futures Act”), (b) to a sophisticated investor, and in accordance with the conditions, specified in Section 275 of the Securities and Futures Act or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the Securities and Futures Act.
- Each underwriter agrees that it will not directly or indirectly offer, sell or deliver any Notes or any interest therein or distribute or publish the Prospectus Supplement, the Prospectus or any other offering material relating to the Notes in or from any jurisdiction except under circumstances that will result in compliance with all applicable laws and regulations in such jurisdictions and will not impose any obligations on us, or the other underwriters, and that all offers, sales and deliveries of Notes or any interest therein by it will be made on the same terms. Subject as provided above, each underwriter shall, as required (and unless prohibited) by applicable law, furnish to each person to whom it offers, sells or delivers the Notes a copy of the Prospectus Supplement and the Prospectus or (unless delivery of the Prospectus Supplement or the Prospectus is required by applicable law) inform each such person that a copy thereof (as then amended or supplemented) will be made available upon request. No underwriter is authorized to give any information or to make any representation not contained in the Prospectus Supplement or the Prospectus in connection with the offer and sale of the Notes.

Although application will be made to list the Notes on the Luxembourg Stock Exchange, the Notes are a new issue of securities with no established trading market. No assurance can be given as to the liquidity of, or the trading markets for, the Notes. We have been advised by the underwriters that they intend to make a market in the Notes, but they are not obligated to do so and may discontinue such market-making at any time without notice.

To the extent any underwriter that is not a U.S.-registered broker-dealer intends to effect sales of Notes in the United States, it will do so through one or more U.S.-registered broker-dealers in accordance with the applicable U.S. securities laws and regulations.

Purchasers of the Notes may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue prices set forth on the cover page of this prospectus supplement.

In connection with the sale of the Notes, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the underwriters may overallocate the offering, creating a short position. In addition, the underwriters may bid for and purchase the Notes in the open market to cover short positions or to stabilize the price of the Notes. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The underwriters will not be required to engage in these activities, and may end any of these activities at any time.

Neither we nor any underwriter makes any prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of the Notes.

Certain of the Representatives will make the Notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Corporation, an Internet-based communications technology provider. Market Axess is providing the system as a conduit for communications

between the Representatives who use Market Axess and their respective customers and is not a party to any transactions. Market Axess Corporation, a registered broker-dealer, will receive compensation from the Representatives who use Market Axess based on transactions they conduct through the system. The Representatives who use Market Axess will make the Notes available to their respective customers through the internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels.

E. Stanley O'Neal, Chairman of the Board and Chief Executive Officer of Merrill Lynch, Pierce, Fenner & Smith Incorporated, is a director of General Motors Corporation. In the ordinary course of their respective businesses, certain of the underwriters or their affiliates have engaged, and will in the future engage, in commercial banking and investment banking transactions with GMAC and certain of its affiliates.

GENERAL INFORMATION

Application will be made to list the Notes on the Luxembourg Stock Exchange. In connection with the listing application, the Certificate of Incorporation and the By-Laws of GMAC and a legal notice relating to the issuance of the Notes have been deposited prior to listing with the Registre de Commerce et des Sociétés, where copies thereof may be obtained upon request. In addition, copies of the Annual Reports, Quarterly Reports and Current Reports of GMAC may be obtained free of charge at such office.

The European Union ("EU") has proposed to introduce the EU Transparency Directive ("EU Transparency Directive") which is currently being finalized and may be implemented in the United Kingdom and elsewhere in the EU in a manner that is unduly burdensome for us. Once finalized the EU Transparency Directive may impose yearly and half-yearly reporting and other disclosure requirements on all non-EU issuers, including the need to prepare financial statements in accordance with International Accounting Standards ("IAS"). In such circumstances, we will be entitled, and may decide, to seek an alternative listing for the Notes on a stock exchange of international standing outside the EU as we may select after consultation with the underwriters.

Except as may be disclosed herein (including the documents incorporated by reference), there has been no material adverse change in the financial or trading position of GMAC since December 31, 2003.

Except as may be disclosed in the documents incorporated by reference, GMAC is not a party to any legal or arbitration proceedings (including any that are pending or threatened) which may have or have had during the previous 12 months a significant effect on GMAC's consolidated financial position.

The Floating Rate Notes have been accepted for clearance through Euroclear and Clearstream and have been assigned Euroclear and Clearstream Common Code No. 020661208, International Security Identification Number (ISIN) US370425SM32 and CUSIP No. 370425 SM3

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus may include or incorporate by reference “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements, other than statements of historical facts, included in this prospectus that address activities, events or developments that we expect or anticipate will or may occur in the future, references to future success and other matters are forward-looking statements, including statements preceded by, followed by or that include the words “may,” “will,” “would,” “could,” “should,” “believes,” “estimates,” “projects,” “potential,” “expects,” “plans,” “intends,” “anticipates,” “continues,” “forecasts,” “designed,” “goal” or the negative of those words or other comparable words.

These statements are based on GMAC’s current expectations and assumptions concerning future events, which are subject to a number of risks and uncertainties that could cause actual results to differ materially from those anticipated, including:

- changes in economic conditions, currency exchange rates, significant terrorist attacks or political instability in the major markets where we operate;
- changes in the laws, regulations, policies or other activities of governments, agencies and similar organizations where such actions may affect the production, licensing, distribution or sale of our products, the cost thereof or applicable tax rates;
- the threat of terrorism, the outbreak or escalation of hostilities between the United States and any foreign power or territory and changes in international political conditions may continue to affect both the United States and the global economy and may increase other risks; and
- we may face other risks described from time to time in periodic reports that we file with the SEC.

Consequently, all of the forward-looking statements made in this prospectus and the accompanying documents are qualified by these cautionary statements and there can be no assurance that the actual results or developments that we anticipate will be realized or, even if realized, that they will have the expected consequences to or effects on us. The cautionary statements contained or referred to in this section should be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue. We do not, however, undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

USE OF PROCEEDS

We will add the net proceeds from the sale of the securities to our general funds and they will be available for general corporate purposes, including the purchase of receivables, the making of loans or the repayment of existing indebtedness. We may initially use the proceeds to reduce short-term borrowings or to invest in short-term securities.

DESCRIPTION OF DEBT SECURITIES

The debt securities offered are to be issued under an Indenture dated as of July 1, 1982, as amended by:

- a First Supplemental Indenture dated as of April 1, 1986
- a Second Supplemental Indenture dated as of June 15, 1987
- a Third Supplemental Indenture dated as of September 30, 1996
- a Fourth Supplemental Indenture dated as of January 1, 1998
- a Fifth Supplemental Indenture dated as of September 30, 1998

and as further amended by the Trust Indenture Reform Act of 1990, as amended (together, the “Indenture”), between us and The Bank of New York, Successor Trustee (the “Trustee”), copies of which are filed as exhibits to the registration statement. We have summarized certain terms and provisions of the Indenture; such summaries are not complete and are subject to all provisions of the Indenture, including the definition of certain terms. You should read the indenture for the provisions which may be important to you. The Indenture is subject to and governed by the Trust Indenture Reform Act of 1990, as amended.

The Indenture provides that, in addition to the debt securities being offered, additional debt securities may be issued without limitation as to aggregate principal amount, but only as authorized by our Board of Directors.

General

Reference is made to the accompanying prospectus supplement for the following terms of the debt securities being offered:

- the designation of the debt securities;
- the aggregate principal amount of the debt securities;
- the percentage of their principal amount at which the debt securities will be issued;
- the date or dates on which the debt securities will mature;
- the rate or rates per annum, if any, at which the debt securities will bear interest;
- the times at which the interest will be payable;
- the date after which or other circumstances in which the debt securities may be redeemed and the redemption price or any prepayment or sinking fund provisions;
- the currency or currencies in which the debt securities are issuable or payable;
- if other than denominations of \$1,000 or multiples of \$1,000, the denominations the debt securities will be issued in;
- the exchanges on which the debt securities may be listed;
- whether the debt securities shall be issued in book-entry form; and
- any other specific terms.

Principal and interest, if any, will be payable, and, unless the debt securities are issued in book-entry form, the debt securities being offered will be transferable, at the principal corporate trust office of the Trustee, which at the date hereof is 101 Barclay Street, New York, New York 10286, provided that payment of interest may be made at our option by check mailed to the address of the person entitled thereto.

The debt securities will be unsecured and unsubordinated and will rank *pari passu* with all our other unsecured and unsubordinated obligations (other than obligations preferred by mandatory provisions of law).

Some of the debt securities may be issued as discounted debt securities, bearing no interest or interest at a rate, which at the time of issuance, is below market rates, to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such discounted debt securities will be described in the accompanying prospectus supplement.

Debt securities will include debt securities denominated in United States dollars or, at our option if so specified in the accompanying prospectus supplement, in any other currency.

If a prospectus supplement specifies that debt securities are denominated in a currency other than United States dollars, the prospectus supplement will also specify the denomination in which such debt securities will be issued and the coin or currency in which the principal, premium, if any, and interest on the debt securities, where applicable, will be payable, which may be United States dollars based upon the exchange rate for such other currency existing on or about the time a payment is due.

If a prospectus supplement specifies that the debt securities will have a redemption option, our election to exercise such an option will constitute an issuer tender offer under the Exchange Act. We will comply with all issuer tender offer rules and regulations under the Exchange Act, including Rule 14e-1, if such redemption option is elected. We will make any required filings with the SEC and furnish certain information to the holders of the debt securities.

Book-Entry, Delivery and Form

Unless otherwise indicated in the accompanying prospectus supplement, the debt securities and warrants will be issued in the form of one or more fully registered global securities (each a “Global Debt Security”) which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the “Depository” or “DTC”) and registered in the name of the Depository’s nominee. Beneficial interests in a Global Debt Security will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants of the Depository. Investors may elect to hold interests in a Global Debt Security through DTC. Except as set forth below, a Global Debt Security may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

DTC is a limited-purpose trust company organized under the laws of the State of New York, a “banking organization” within the meaning of the New York Banking Law, member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency”, registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC was created to hold securities of institutions, called participants, and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, between participants through electronic computerized book-entry changes in the accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include:

- securities brokers and dealers, including the underwriters named in the accompanying prospectus supplement;
- banks and trust companies;
- clearing corporations; and
- certain other organizations.

Access to the Depository’s system is also available to others such as banks, brokers, dealers and trust companies, called indirect participants, that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by the Depository only through participants or indirect participants.

The Depository advises that pursuant to procedures established by it:

- upon issuance of a Global Debt Security, the Depository will credit the account of participants designated by any dealers, underwriters or agents participating in the distribution of the securities with the respective principal amounts of securities owned by such participants; and
- ownership of beneficial interests in a Global Debt Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository (with respect to participants’ interests), the participants and the indirect participants (with respect to the owners of beneficial interests in a Global Debt Security).

The laws of some states require that certain persons take physical delivery in definitive form of securities which they own. Consequently, the ability to transfer beneficial interests in a Global Debt Security is limited to such extent.

As long as the Depository's nominee is the registered owner of a Global Debt Security, such nominee for all purposes will be considered the sole owner or holder of the debt securities represented by a Global Debt Security. Except as provided below, you will not:

- be entitled to have any of the debt securities registered in your name,
- receive or be entitled to receive physical delivery of the debt securities in definitive form, or
- be considered the owners or holders of the debt securities under the Indenture or warrant agreement.

Neither we, the Trustee, any Paying Agent, warrant agent or any other agent for payment on or registration of transfer or exchange of any Global Debt Security nor the Depository will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Debt Security, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Principal, premium, if any, and interest payments on the debt securities registered in the name of the Depository's nominee will be made by the Trustee to the Depository's nominee as the registered owner of the Global Debt Security. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the debt securities are registered as the owners of the debt securities for the purpose of receiving payment of principal, premium, if any, and interest on the debt securities and for all other purposes whatsoever. Therefore, we do not have, and neither the Trustee nor any Paying Agent has, any direct responsibility or liability for the payment of principal, premium, if any, or interest on the debt securities to owners of beneficial interests in the Global Debt Security. The Depository has advised us and the Trustee that its present practice is, upon receipt of any payment of principal or interest, to immediately credit the accounts of the Participants with such payment in amounts proportionate to their respective holdings in principal amount of beneficial interests in the Global Debt Security as shown on the records of the Depository. Payments by participants and indirect participants to owners of beneficial interests in the Global Debt Security will be the responsibility of such participants and indirect participants and will be governed by their standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name".

If the Depository is at any time unwilling or unable to continue as depository and we have not appointed a successor depository within 90 days, we will issue debt securities in definitive form in exchange for the Global Debt Security. In addition, we may at any time determine not to have the debt securities represented by the Global Debt Security and, in such event, will issue debt securities in definitive form in exchange for the Global Debt Security. In either instance, an owner of a beneficial interest in a Global Debt Security will be entitled to have debt securities equal in principal amount to the beneficial interest registered in its name and will be entitled to physical delivery of the debt securities in definitive form. Debt securities so issued in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Limitation on Liens

The only financial covenant applicable to the debt securities is that described below. That covenant requires that the debt securities be equally and ratably secured in the circumstances described therein but has no special application merely by virtue of the occurrence of any transaction or series of transactions resulting in material changes in GMAC's debt-to-equity ratio.

The debt securities are not secured by mortgage, pledge or other lien.

GMAC will covenant in the debt securities that so long as any of the debt securities remain outstanding, it will not pledge or otherwise subject to any lien any of its property or assets unless the debt securities are secured by such pledge or lien equally and ratably with any and all other obligations and indebtedness secured thereby so long as any such other obligations and indebtedness shall be so secured. Such covenant does not apply to:

- the pledge of any assets to secure any financing by GMAC of the exporting of goods to or between, or the marketing thereof in, foreign countries (other than Canada), in connection with which GMAC reserves the right, in accordance with customary and established banking practice, to deposit, or otherwise subject to a lien, cash, securities or receivables, for the purpose of securing banking accommodations or as the basis for the issuance of bankers' acceptances or in aid of other similar borrowing arrangements;
- the pledge of receivables payable in foreign currencies (other than Canadian dollars) to secure borrowings in foreign countries (other than Canada);
- any deposit of assets of GMAC with any surety company or clerk of any court, or in escrow, as collateral in connection with, or in lieu of, any bond on appeal by GMAC from any judgment or decree against it, or in connection with other proceedings in actions at law or in equity by or against GMAC;
- any lien or charge on any property, tangible or intangible, real or personal, existing at the time of acquisition of such property (including acquisition through merger or consolidation) or given to secure the payment of all or any part of the purchase price thereof or to secure any indebtedness incurred prior to, at the time of, or within 60 days after, the acquisition thereof for the purpose of financing all or any part of the purchase price thereof; and
- any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any lien, charge or pledge referred to in the foregoing four clauses of this paragraph; provided, however, that the amount of any and all obligations and indebtedness secured thereby shall not exceed the amount thereof so secured immediately prior to the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the charge or lien so extended, renewed or replaced (plus improvements on such property).

Merger and Consolidation

The Indenture provides that we will not merge or consolidate with another corporation or sell or convey all or substantially all of our assets unless either we are the continuing corporation or the new corporation shall expressly assume the interest and principal due under the securities. In either case, the Indenture provides that neither we nor a successor corporation may be in default of performance immediately after a merger or consolidation. Additionally, the Indenture provides that in the case of any such merger or consolidation, either we or the successor company may continue to issue securities under the Indenture.

Modification of the Indenture

The Indenture contains provisions permitting us and the Trustee to modify or amend the Indenture or any supplemental indenture or the rights of the holders of the debt securities issued thereunder, with the consent of the holders of not less than 66²/₃% in aggregate principal amount of the debt securities of all series at the time outstanding under such Indenture which are affected by such modification or amendment, voting as one class, provided that, without the consent of the holder of each debt security so affected, no such modification shall:

- extend the fixed maturity of any debt securities, or reduce the principal amount thereof, or premium, if any, or reduce the rate or extend the time of payment of interest thereon, without the consent of the holder of each debt security so affected, or
- reduce the aforesaid percentage of debt securities, the consent of the holders of which is required for any such modification, without the consent of the holders of all debt securities then outstanding under the Indenture.

The Indenture contains provisions permitting us and the trustee to enter into indentures supplemental to the Indenture, without the consent of the holders of the debt securities at the time outstanding, for one or more of the following purposes:

- to evidence the succession of another corporation to us, or successive successions, and the assumption by any successor corporation of certain covenants, agreements and obligations;
- to add to our covenants such further covenants, restrictions, conditions or provisions as our Board of Directors and the trustee shall consider to be for the protection of the holders of debt securities;
- to permit or facilitate the issuance of debt securities in coupon form, registrable or not registrable as to principal, and to provide for exchangeability of such securities with securities issued thereunder in fully registered form;
- to cure any ambiguity or to correct or supplement any provision contained therein or in any supplemental indenture which may be defective or inconsistent with any other provision contained therein or in any supplemental indenture; to convey, transfer, assign, mortgage or pledge any property to or with the trustee; or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of the holders of any debt securities;
- to evidence and provide for the acceptance and appointment by a successor trustee;
- to establish the form or terms of securities of any series as permitted by the Indenture; and
- to change or eliminate any provision of the Indenture, provided that any such change or elimination (i) shall become effective only when there is no security outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision or (ii) shall not apply to any security outstanding.

Events of Default

An event of default with respect to any series of debt securities issued subject to the Indenture is defined in the Indenture as being:

- default in payment of any principal or premium, if any, on such series;
- default for 30 days in payment of any interest on such series;
- default for 30 days after notice in performance of any other covenant in the Indenture; or
- certain events of bankruptcy, insolvency or reorganization.

No event of default with respect to a particular series of debt securities issued under the Indenture necessarily constitutes an event of default with respect to any other series of debt securities issued thereunder. In case an event of default as set out in the first, second and third items listed above shall occur and be continuing with respect to any series, the Trustee or the holders of not less than 25% in aggregate principal amount of debt securities of each such series then outstanding may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of such series to be due and payable. In case an event of default as set out in the fourth item listed above shall occur and be continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of all the debt securities then outstanding, voting as one class, may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of all outstanding debt securities to be due and payable. Any event of default with respect to a particular series of debt securities may be waived and a declaration of acceleration of payment rescinded by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series, or of all the outstanding debt securities, as the case may be, if sums sufficient to pay all amounts due other than amounts due upon acceleration are provided to the trustee and all defaults are remedied. For such purposes, if the principal of all series shall have been declared to be payable, all series shall be treated as a single class. We are required to file with the

Trustee annually an officers' certificate as to the absence of certain defaults under the terms of the Indenture. The Indenture provides that the Trustee may withhold notice to the securityholders of any default, except in payment of principal, premium, if any, or interest, if it considers it in the interest of the securityholders to do so.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default shall occur and be continuing, the Trustee shall be under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the securityholders, unless such securityholders shall have offered to the Trustee reasonable indemnity or security.

Subject to such provisions for the indemnification of the Trustee and to certain other limitations, the holders of a majority in principal amount of the debt securities of each series affected, with each series voting as a separate class, at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the applicable series of debt securities, create and issue further debt securities of each series of debt securities ranking *pari passu* with the debt securities of the applicable series in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities. Such further debt securities may be consolidated and form a single series with the debt securities of the applicable series and have the same terms as to status, redemption or otherwise as the debt securities of that series.

Concerning the Trustee

The Bank of New York is the Successor Trustee under the Indenture. It is also Successor Trustee under various other indentures covering our outstanding notes and debentures. The Bank of New York and its affiliates act as depository for funds of, make loans to, act as trustee and perform certain other services for, certain of our affiliates and us in the normal course of its business. As trustee of various trusts, it has purchased our securities and those of certain of our affiliates.

DESCRIPTION OF WARRANTS

General

The following statements with respect to the warrants are summaries of the detailed provisions of one or more separate warrant agreements (each a "Warrant Agreement") between us and a banking institution organized under the laws of the United States or one of the states thereof (each a "Warrant Agent"), a form of which is filed as an exhibit to the registration statement. Wherever particular provisions of the Warrant Agreement or terms defined therein are referred to, such provisions or definitions are incorporated by reference as a part of the statements made, and the statements are qualified in their entirety by such reference.

The warrants will be evidenced by warrant certificates (the "Warrant Certificates") and, except as otherwise specified in the prospectus supplement accompanying this prospectus, may be traded separately from any debt securities with which they may be issued. Warrant Certificates may be exchanged for new Warrant Certificates of different denominations at the office of the Warrant Agent. The holder of a warrant does not have any of the rights of a holder of a debt security in respect of, and is not entitled to any payments on, any debt securities issuable, but not yet issued, upon exercise of the warrants.

The warrants may be issued in one or more series, and reference is made to the prospectus supplement accompanying this prospectus relating to the particular series of warrants, if any, offered thereby for the terms of, and other information with respect to, such warrants, including:

- the title and the aggregate number of warrants;
- the price or prices at which the warrants will be issued;
- the currency or currencies in which the price of the warrants will be payable;
- the debt securities for which each warrant is exercisable;
- the date or dates on which the warrants will expire;
- the price or prices at which the warrants are exercisable;
- the currency or currencies in which the warrants are exercisable;
- the periods during which and places at which the warrants are exercisable;
- the date or dates on which the warrants will expire;
- the terms of any mandatory or optional call provisions;
- the price or prices, if any, at which the warrants may be redeemed at the option of the holder or will be redeemed upon expiration;
- the identity of the Warrant Agent;
- the maximum or minimum number of warrants which may be exercised at any time;
- the exchanges, if any, on which the warrants may be listed;
- whether the Warrants shall be issued in book-entry form; and
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Exercise of Warrants

Warrants may be exercised by payment to the Warrant Agent of the exercise price, in each case in such currency or currencies as are specified in the warrant, and by communicating to the Warrant Agent the identity of the warrant holder and the number of warrants to be exercised. Upon receipt of payment and the Warrant Certificate properly completed and duly executed, at the office of the Warrant Agent, the Warrant Agent will, as soon as practicable, arrange for the issuance of the applicable debt securities, the form of which shall be set forth in the prospectus supplement. If less than all of the warrants evidenced by a Warrant Certificate are exercised, a new Warrant Certificate will be issued for the remaining amount of Warrants.

PLAN OF DISTRIBUTION

We may offer from time to time debt securities and warrants. The aggregate initial offering price of all securities sold by us under this prospectus will not exceed \$20,000,000,000.

A prospectus supplement will set forth the terms of the offering of the securities described in this prospectus, including:

- the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them;
- the initial public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to dealers; and

- any securities exchanges on which the securities may be listed.

Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may sell the securities being offered in five ways:

- directly to purchasers,
- through agents,
- through underwriters,
- through dealers, and
- through a number of direct sales or auctions performed by utilizing the Internet or a bidding or ordering system.

Direct Sales

We may directly solicit offers to purchase securities. In this case, no underwriters or agents would be involved.

By Agents

We may use agents to sell the securities. Any such agent, who may be deemed to be an underwriter as that term is defined in the Securities Act of 1933, involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment, which is ordinarily three business days or less.

By Underwriters

If an underwriter or underwriters are utilized in the sale, we will enter into an underwriting agreement with such underwriters at the time of sale to them and the names of the underwriters and the terms of the transaction will be set forth in the prospectus supplement, which will be used by the underwriters to make resales of the securities in respect of which this prospectus is delivered to the public.

If underwriters are used in the sale of any securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities.

By Dealers

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Delayed Delivery Contracts

If so indicated in the prospectus supplement, we will authorize agents and underwriters to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the prospectus supplement

pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each delayed delivery contract will be for an amount not less than the respective amounts stated in the prospectus supplement. Unless we otherwise agree, the aggregate principal amount of securities sold pursuant to delayed delivery contracts shall be not less nor more than the respective amounts stated in the prospectus supplement. Institutions with whom delayed delivery contracts, when authorized, may be made include:

- commercial and savings banks,
- insurance companies,
- pension funds,
- investment companies,
- educational and charitable institutions, and
- other institutions.

All delayed delivery contracts are subject to our approval. Delayed delivery contracts will not be subject to any conditions except that the purchase by an institution of the securities covered by its delayed delivery contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which such institution is subject. A commission indicated in the prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to contracts accepted by us.

Through the Internet or Bidding or Ordering System

We may also offer debt securities directly to the public, with or without the involvement of agents, underwriters or dealers, and may utilize the Internet or another electronic bidding or ordering system for the pricing and allocation of such debt securities. Such a system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms at which such securities are sold.

The final offering price at which debt securities would be sold and the allocation of debt securities among bidders, would be based, in whole or in part, on the results of the Internet bidding process or auction. Many variations of the Internet auction or pricing and allocating systems are likely to be developed in the future, and we may utilize such systems in connection with the sale of debt securities. We will describe in the related supplement to this prospectus how any auction or bidding process will be conducted to determine the price or any other terms of the debt securities, how potential investors may participate in the process and, where applicable, the nature of the underwriters' obligations with respect to the auction or ordering system.

General Information

The place and time of delivery for the securities described in this prospectus are set forth in the accompanying prospectus supplement.

We may have agreements with the agents, underwriters and dealers to indemnify them against certain liabilities, including liabilities under the Securities Act of 1933.

Underwriters, dealers and agents may engage in transactions with or perform services for us in the ordinary course of business.

In connection with the sale of the securities, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. Specifically, the underwriters may overallocate the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the securities in the open market to cover short positions or to stabilize the price of the securities. Any of these activities may

stabilize or maintain the market price of the securities above independent market levels. The underwriters will not be required to engage in these activities, and may end any of these activities at any time.

LEGAL MATTERS

The validity of the securities in respect of which this prospectus is being delivered will be passed on for GMAC by Martin I. Darvick, Esq., Assistant General Counsel of GMAC, and for the underwriters by Davis Polk & Wardwell. Mr. Darvick owns shares and hold options to purchase shares of General Motors Corporation \$1²/₃ par value common stock and owns shares of General Motors Corporation Class H common stock, \$0.10 par value. Davis Polk & Wardwell acts as counsel to the Executive Compensation Committee of the General Motors Board of Directors and has acted as counsel to us and certain of our affiliates in various matters.
