RECENT DEVELOPMENTS

See Note 3 to the financial statements under "Nuclear Construction" in Item 8 of the Form 10-K and Note (B) to the financial statements under "Construction Projects — Nuclear" and MANAGEMENT'S DISCUSSION AND ANALYSIS — FUTURE EARNINGS POTENTIAL — "Construction — Nuclear" in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2009 for information regarding the Company's construction of two new nuclear generating units ("Vogtle Units 3 and 4") at the Alvin W. Vogtle Electric Generating Plant. The Company is in advanced due diligence and negotiations with the United States Department of Energy (the "DOE") with respect to a conditional commitment for federal loan guarantees under Title XVII of the Energy Policy Act of 2005. Any DOE loan guarantees would apply to future Company borrowings related to Vogtle Units 3 and 4. Any borrowings guaranteed by the DOE would be secured by a first priority lien on the Company's 45.7% undivided ownership interest in Vogtle Units 3 and 4. Total guaranteed borrowings would not exceed 70% of eligible project costs, or approximately \$3.4 billion. There can be no assurance a conditional commitment will be issued by the DOE.

A conditional commitment, if issued by the DOE, will not constitute the final approval or the issuance of loan guarantees by the DOE. Such final approval and issuance of loan guarantees by the DOE will not occur prior to the Nuclear Regulatory Commission's issuance of a combined construction and operating license for Vogtle Units 3 and 4 (currently expected to occur in late 2011) and will be subject to negotiation of definitive agreements, completion of due diligence by the DOE, receipt of any necessary regulatory approvals and satisfaction of other conditions. There can be no assurance that the DOE will issue loan guarantees for the Company. The ultimate outcome of this matter cannot be determined at this time.

USE OF PROCEEDS

The net proceeds from the sale of the Series 2009B Senior Notes will be used by the Company to repay a portion of its outstanding short-term indebtedness, which aggregated approximately \$516,450,000 as of December 7, 2009, a portion of which was incurred to pay at maturity \$125,000,000 aggregate principal amount of its Series V 4.10% Senior Notes due August 15, 2009 and to redeem \$55,000,000 of its Series D 5.50% Senior Insured Quarterly Notes due November 15, 2017, and for general corporate purposes, including the Company's continuous construction program.

Table of Contents**DESCRIPTION OF THE SERIES 2009B SENIOR NOTES**

Set forth below is a description of the specific terms of the Series 2009B 4.25% Senior Notes due December 1, 2019 (the “Series 2009B Senior Notes”). This description supplements, and should be read together with, the description of the general terms and provisions of the senior notes set forth in the accompanying Prospectus under the caption “Description of the Senior Notes.” The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the description in the accompanying Prospectus and the Senior Note Indenture dated as of January 1, 1998, as supplemented (the “Senior Note Indenture”), between the Company and The Bank of New York Mellon (as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank)), as trustee (the “Senior Note Indenture Trustee”).

General

The 2009B Senior Notes will be issued as a series of senior notes under the Senior Note Indenture. The Series 2009B Senior Notes will initially be issued in the aggregate principal amount of \$500,000,000. The Company may, at any time and without the consent of the holders of the Series 2009B Senior Notes, issue additional notes having the same ranking and the same interest rate, maturity and other terms as the Series 2009B Senior Notes (except for the issue price and issue date and the initial interest accrual date and initial Interest Payment Date (as defined below), if applicable). Any additional notes having such similar terms, together with the Series 2009B Senior Notes, will constitute a single series of senior notes under the Senior Note Indenture.

The entire principal amount of the Series 2009B Senior Notes will mature and become due and payable, together with any accrued and unpaid interest thereon, on December 1, 2019. The Series 2009B Senior Notes are not subject to any sinking fund provision. The Series 2009B Senior Notes are available for purchase in denominations of \$1,000 and any integral multiple thereof.

Interest

Each Series 2009B Senior Note will bear interest at the rate of 4.25% per year (the “Securities Rate”) from the date of original issuance, payable semiannually in arrears on June 1 and December 1 of each year (each, an “Interest Payment Date”) to the person in whose name such Series 2009B Senior Note is registered at the close of business on the fifteenth calendar day prior to such payment date (whether or not a Business Day). The initial Interest Payment Date is June 1, 2010. The amount of interest payable will be computed on the basis of a 360-day year of twelve 30-day months. In the event that any date on which interest is payable on the Series 2009B Senior Notes is not a Business Day, then payment of the interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of any such delay), with the same force and effect as if made on such date. “Business Day” means a day other than (i) a Saturday or Sunday, (ii) a day on which banks in New York, New York are authorized or obligated by law or executive order to remain closed or (iii) a day on which the Senior Note Indenture Trustee’s corporate trust office is closed for business.

Ranking

The Series 2009B Senior Notes will be direct, unsecured and unsubordinated obligations of the Company ranking equally with all other existing and future unsecured and unsubordinated obligations of the Company. The Series 2009B Senior Notes will be effectively subordinated to all existing and future secured debt of the Company, aggregating approximately \$64,000,000 outstanding at September 30, 2009. See “Recent Developments” for additional information. The Senior Note Indenture contains no restrictions on the amount of additional indebtedness that may be incurred by the Company.

Optional Redemption

The Series 2009B Senior Notes will be subject to redemption at the option of the Company, in whole or in part, at any time and from time to time, upon not less than 30 nor more than 60 days’ notice, at redemption

S-4

Table of Contents

prices (each, a “Redemption Price”) equal to the greater of (i) 100% of the principal amount of the Series 2009B Senior Notes being redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal of and interest on the Series 2009B Senior Notes being redeemed (not including any portion of such payments of interest accrued to the redemption date) discounted (for purposes of determining present value) to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at a discount rate equal to the Treasury Yield (as defined below) plus 15 basis points, plus, in each case, accrued interest on the Series 2009B Senior Notes to the redemption date.

“Treasury Yield” means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Series 2009B Senior Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Series 2009B Senior Notes.

“Comparable Treasury Price” means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations or (ii) if the Company obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“Independent Investment Banker” means an independent investment banking institution of national standing appointed by the Company.

“Reference Treasury Dealer” means a primary U.S. Government securities dealer in New York City appointed by the Company.

“Reference Treasury Dealer Quotation” means, with respect to a Reference Treasury Dealer and any redemption date, the average, as determined by the Company, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount and quoted in writing to the Company by such Reference Treasury Dealer at 5:00 p.m. on the third Business Day in New York City preceding such redemption date).

If notice of redemption is given as aforesaid, the Series 2009B Senior Notes so to be redeemed will, on the redemption date, become due and payable at the Redemption Price together with any accrued interest thereon, and from and after such date (unless the Company has defaulted in the payment of the Redemption Price and accrued interest) such Series 2009B Senior Notes shall cease to bear interest. If any Series 2009B Senior Note called for redemption shall not be paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the Securities Rate. See “Description of the Senior Notes — Events of Default” in the accompanying Prospectus.

Subject to the foregoing and to applicable law (including, without limitation, United States federal securities laws), the Company or its affiliates may, at any time and from time to time, purchase outstanding Series 2009B Senior Notes by tender, in the open market or by private agreement.

Book-Entry Only Issuance — The Depository Trust Company

The Depository Trust Company (“DTC”) will act as the initial securities depository for the Series 2009B Senior Notes. The Series 2009B Senior Notes will be issued only as fully registered securities registered in the name of Cede & Co., DTC’s partnership nominee, or such other name as may be requested by an authorized representative of DTC. One or more fully registered global Series 2009B Senior Notes certificates will be issued, representing in the aggregate the total principal amount of the Series 2009B Senior Notes, and will be deposited with the Senior Note Indenture Trustee on behalf of DTC.

Table of Contents

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended (the “1934 Act”). DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s, a division of The McGraw Hill Companies, Inc., highest’s rating: AAA. The DTC rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org. The contents of such websites do not constitute part of this Prospectus Supplement.

Purchases of Series 2009B Senior Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2009B Senior Notes on DTC’s records. The ownership interest of each actual purchaser of each Series 2009B Senior Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners, however, are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owner purchased Series 2009B Senior Notes. Transfers of ownership interests in the Series 2009B Senior Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2009B Senior Notes, except in the event that use of the book-entry system for the Series 2009B Senior Notes is discontinued.

To facilitate subsequent transfers, all Series 2009B Senior Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2009B Senior Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any changes in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2009B Senior Notes. DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2009B Senior Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all the Series 2009B Senior Notes are being redeemed, DTC’s practice is to determine by lot the amount of interest of each Direct Participant in such Series 2009B Senior Notes to be redeemed.

Although voting with respect to the Series 2009B Senior Notes is limited, in those cases where a vote is required, neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2009B Senior Notes unless authorized by a Direct Participant in accordance with DTC’s procedures.

S-6

Table of Contents

Under its usual procedures, DTC mails an Omnibus Proxy to the Company as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2009B Senior Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments on the Series 2009B Senior Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Company or the Senior Note Indenture Trustee on the relevant payment date in accordance with their respective holdings shown on DTC's records. Payments by Direct or Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers registered in "street name," and will be the responsibility of such Direct or Indirect Participant and not of DTC or the Company, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Company, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Except as provided herein, a Beneficial Owner of a global Series 2009B Senior Note will not be entitled to receive physical delivery of Series 2009B Senior Notes. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the Series 2009B Senior Notes. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. Such laws may impair the ability to transfer beneficial interests in a global Series 2009B Senior Note.

DTC may discontinue providing its services as securities depository with respect to the Series 2009B Senior Notes at any time by giving reasonable notice to the Company. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2009B Senior Notes certificates will be required to be printed and delivered to the holders of record. Additionally, the Company may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository) with respect to the Series 2009B Senior Notes. The Company understands, however, that under current industry practices, DTC would notify its Direct and Indirect Participants of the Company's decision, but will only withdraw beneficial interests from a global Series 2009B Senior Note at the request of each Direct or Indirect Participant. In that event, certificates for the Series 2009B Senior Notes will be printed and delivered to the applicable Direct or Indirect Participant.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Company believes to be reliable, but neither the Company nor any Underwriter takes any responsibility for the accuracy thereof. The Company has no responsibility for the performance by DTC or its Direct or Indirect Participants of their respective obligations as described herein or under the rules and procedures governing their respective operations.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions of an underwriting agreement (the “Underwriting Agreement”), the Company has agreed to sell to each of the Underwriters named below (the “Underwriters”), for whom Banc of America Securities LLC, Citigroup Global Markets Inc., J.P. Morgan Securities Inc. and Mizuho Securities USA Inc. are acting as representatives (the “Representatives”), and each of the Underwriters severally has agreed to purchase from the Company the principal amount of Series 2009B Senior Notes set forth opposite its name below:

<u>Underwriters</u>	<u>Principal Amount of Series 2009B Senior Notes</u>
Banc of America Securities LLC	\$ 95,000,000
Citigroup Global Markets Inc.	95,000,000
J.P. Morgan Securities Inc.	95,000,000
Mizuho Securities USA Inc.	85,000,000
RBS Securities Inc.	45,000,000
Wells Fargo Securities, LLC	45,000,000
The Williams Capital Group, L.P.	13,350,000
Jackson Securities, LLC	13,350,000
Commerzbank Capital Markets Corp.	13,300,000
Total	<u>\$ 500,000,000</u>

In the Underwriting Agreement, the Underwriters have agreed, subject to the terms and conditions set forth therein, to purchase all of the Series 2009B Senior Notes offered hereby, if any of the Series 2009B Senior Notes are purchased.

The Underwriters propose to offer the Series 2009B Senior Notes directly to the public at the public offering price set forth on the cover page of this Prospectus Supplement and may offer them to certain securities dealers at such price less a concession not in excess of 0.400% of the principal amount per Series 2009B Senior Note. The Underwriters may allow, and such dealers may realow, a concession not in excess of 0.250% of the principal amount per Series 2009B Senior Note to certain brokers and dealers. After the initial public offering, the offering price and other selling terms may from time to time be varied by the Underwriters.

The Series 2009B Senior Notes are a new issue of securities with no established trading market. The Series 2009B Senior Notes will not be listed on any securities exchange or on any automated dealer quotation system. The Underwriters may make a market in the Series 2009B Senior Notes after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the Series 2009B Senior Notes or that an active public market for the Series 2009B Senior Notes will develop. If an active public trading market for the Series 2009B Senior Notes does not develop, the market price and liquidity of the Series 2009B Senior Notes may be adversely affected.

The Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

The Company’s expenses associated with the offer and sale of the Series 2009B Senior Notes are estimated to be \$425,000.

The Company has agreed with the Underwriters that, during the period 15 days from the date of the Underwriting Agreement, it will not sell, offer to sell, grant any option for the sale of, or otherwise dispose of any Series 2009B Senior Notes, any security convertible into, exchangeable into or exercisable for the Series 2009B Senior Notes or any debt securities substantially similar to the Series 2009B Senior Notes (except for the Series 2009B Senior Notes issued pursuant to the Underwriting Agreement), without the prior

Table of Contents

written consent of the Representatives. This agreement does not apply to issuances of commercial paper or other debt securities with scheduled maturities of less than one year.

In order to facilitate the offering of the Series 2009B Senior Notes, the Underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Series 2009B Senior Notes. Specifically, the Underwriters may over-allot in connection with the offering, creating short positions in the Series 2009B Senior Notes for their own accounts. In addition, to cover over-allotments or to stabilize the price of the Series 2009B Senior Notes, the Underwriters may bid for, and purchase, Series 2009B Senior Notes in the open market. The Underwriters may reclaim selling concessions allowed to an Underwriter or dealer for distributing Series 2009B Senior Notes in the offering, if the Underwriters repurchase previously distributed Series 2009B Senior Notes in transactions to cover short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the Series 2009B Senior Notes above independent market levels. The Underwriters are not required to engage in these activities, and may end any of these activities at any time without notice.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security.

Neither the Company nor any Underwriter makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Series 2009B Senior Notes. In addition, neither the Company nor any Underwriter makes any representation that the Underwriters will engage in such transactions or that such transactions once commenced will not be discontinued without notice.

It is expected that delivery of the Series 2009B Senior Notes will be made, against payment for the Series 2009B Senior Notes, on or about December 15, 2009, which will be the fifth business day following the pricing of the Series 2009B Senior Notes. Under Rule 15c6-1 under the 1934 Act, purchases or sales of securities in the secondary market generally are required to settle within three business days (T+3), unless the parties to any such transactions expressly agree otherwise. Accordingly, purchasers of the Series 2009B Senior Notes who wish to trade the Series 2009B Senior Notes on the date of this Prospectus Supplement or the next succeeding business day will be required, because the Series 2009B Senior Notes initially will settle within five business days (T+5), to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Series 2009B Senior Notes who wish to trade on the date of this Prospectus Supplement or the next succeeding business day should consult their own legal advisors.

Certain of the Underwriters and their affiliates have engaged and may in the future engage in transactions with, and, from time to time, have performed and may perform investment banking and/or commercial banking services for, the Company and certain of its affiliates in the ordinary course of business, for which they have received and will receive customary compensation.

LEGAL MATTERS

The validity of the Series 2009B Senior Notes and certain matters relating to such securities will be passed upon on behalf of the Company by Troutman Sanders LLP, Atlanta, Georgia. Certain legal matters will be passed upon for the Underwriters by Dewey & LeBoeuf LLP, New York, New York. DESCRIPTION OF THE DEPOSITARY SHARES

Set forth below is a description of the general terms of the Depositary Shares. The statements in this Prospectus concerning the Depositary Shares and the Deposit Agreement (as defined below) are an outline and do not purport to be complete. Such statements make use of defined terms and are qualified in their entirety by express reference to the Deposit Agreement (which contains the form of Depositary Receipt (as defined below)), a form of which is an exhibit to the Registration Statement of which this Prospectus forms a part.

General

The Company may, at its option, elect to offer Depositary Shares. Each Depositary Share will represent a fraction of a share of Preference Stock as described in the Prospectus Supplement. The shares of Preference Stock represented by the Depositary Shares will be deposited under a Deposit Agreement (the "Deposit Agreement"), among the Company, the Depositary named in the Deposit Agreement (the "Depositary") and all holders from time to time of the depositary receipts (the "Depositary Receipts") issued under the Deposit Agreement. Subject to the terms of the Deposit Agreement, each owner of a Depositary Share is entitled, proportionately, to all the rights, preferences and privileges of the Preference Stock (including dividend, voting and liquidation rights) and subject, proportionately, to all of the limitations of the Preference Stock contained in the Charter summarized under "Description of the Preference Stock" in this Prospectus. The Depositary Shares are evidenced by Depositary Receipts issued pursuant to the Deposit Agreement.

Any proposed listing of the Depositary Shares on a securities exchange will be described in the Prospectus Supplement.

Table of Contents

Issuance of Depositary Receipts

Immediately following the issuance of the Preference Stock, the Company will deposit the Preference Stock with the Depositary, which will then execute and deliver the Depositary Receipts to the Company. The Company will, in turn, deliver the Depositary Receipts to the underwriters or purchasers. Depositary Receipts will be issued evidencing only whole Depositary Shares.

Withdrawal of Preference Stock

Upon surrender of Depositary Receipts at the corporate trust office of the Depositary, the owner of the Depositary Shares evidenced by such Depositary Receipts is entitled to delivery at such office of certificates evidencing the number of shares of Preference Stock (but only in whole shares of Preference Stock) represented by such Depositary Shares. If the Depositary Receipts delivered by the holder evidence a number of Depositary Shares in excess of the number of whole shares of Preference Stock to be withdrawn, the Depositary will deliver to such holder at the same time a new Depositary Receipt evidencing such excess number of Depositary Shares. The Company does not expect that there will be any public trading market for the Preference Stock, except as represented by the Depositary Shares.

Redemption of Depositary Shares

The Depositary Shares will be redeemed, upon not less than 15 nor more than 60 days' notice, using the cash proceeds received by the Depositary resulting from the redemption, in whole or in part, at the Company's option, but subject to the applicable terms and conditions, of shares of Preference Stock held by the Depositary. The redemption price per Depositary Share will be equal to the fraction of the redemption price per share applicable to the Preference Stock. Whenever the Company redeems shares of the Preference Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the shares of Preference Stock so redeemed. If less than all the outstanding Depositary Shares are to be redeemed, the Depositary Shares to be redeemed will be selected pro rata (as nearly as may be) or by lot or by such other equitable method as the Depositary may determine.

Dividends and Other Distributions

The Depositary will distribute all cash dividends or other cash distributions received in respect of Preference Stock to the record holders of Depositary Receipts in proportion, insofar as practicable, to the number of Depositary Shares owned by such holders. In the event of a distribution other than in cash, the Depositary will distribute property received by it to the record holders of Depositary Receipts entitled to such property, unless the Depositary determines that it is not feasible to make such distribution, in which case the Depositary may, with the approval of the Company, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including the sale (at public or private sale) of such property and distribution of the net proceeds from such sale to such holders. The amount distributed in any of the foregoing cases will be reduced by any amounts required to be withheld by the Company or the Depositary on account of taxes or otherwise required pursuant to law, regulation or court process.

Record Date

Whenever (i) any cash dividend or other cash distribution shall become payable, any distribution other than cash shall be made, or any rights, preferences or privileges shall be offered with respect to the Preference Stock or (ii) the Depositary shall receive notice of any meeting at which holders of Preference Stock are entitled to vote or of which holders of Preference Stock are entitled to notice, the Depositary shall in each such instance fix a record date (which shall be the record date fixed by the Company with respect to the Preference Stock) for the determination of the holders of Depositary Receipts who shall be entitled to (y) receive such dividend, distribution, rights, preferences or privileges or the net proceeds of such sale or (z) give instructions for the exercise of voting rights at such meeting or receive notice of such meeting.

Table of Contents

Voting Preference Stock

Upon receipt of notice of any meeting at which the holders of Preference Stock are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of Depositary Receipts. The record holders of Depositary Receipts on the record date (which will be the same date as the record date for the Preference Stock) will be entitled to instruct the Depositary as to the exercise of the voting rights pertaining to the amount of Preference Stock represented by their respective Depositary Receipts. The Depositary will endeavor insofar as practicable to vote or cause to be voted the amount of Preference Stock represented by such Depositary Receipts in accordance with such instructions, and the Company has agreed to take all action which may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting the Preference Stock to the extent it does not receive specific instructions from the holders of the Depositary Receipts.

Amendment and Termination of Deposit Agreement

The form of the Depositary Receipts and any provisions of the Deposit Agreement may at any time and from time to time be amended or modified in any respect by agreement between the Company and the Depositary. Any amendment which imposes any fees or charges (other than taxes, fees and charges provided for in the Deposit Agreement) on the holders of Depositary Receipts, or which otherwise prejudices any substantial existing right of holders of Depositary Receipts, will not become effective as to outstanding Depositary Receipts until the expiration of 90 days after notice of such amendment shall have been given to the record holders of outstanding Depositary Receipts. Every holder of an outstanding Depositary Receipt at the time any such amendment so becomes effective shall be deemed, by continuing to hold such Depositary Receipt, to consent and agree to such amendment and to be bound by the Deposit Agreement as amended. In no event may any amendment impair the right of the holder of any Depositary Receipt, subject to the conditions of the Deposit Agreement, to surrender such Depositary Receipt and receive the Preference Stock represented by such Depositary Receipt, except in order to comply with mandatory provisions of applicable law.

Whenever so directed by the Company, the Depositary will terminate the Deposit Agreement by mailing notice of such termination to the record holders of all Depositary Receipts then outstanding at least 30 days prior to the date fixed in such notice for such termination. The Depositary may likewise terminate the Deposit Agreement if at any time 60 days shall have expired after the Depositary shall have delivered to the Company a written notice of its election to resign and a successor depositary shall not have been appointed and accepted its appointment. If any Depositary Receipts remain outstanding after the date of termination, the Depositary will discontinue the transfer of Depositary Receipts, will suspend the distribution of dividends to the holders of Depositary Receipts and will not give any further notices (other than notice of such termination) or perform any further acts under the Deposit Agreement except that the Depositary will continue to collect dividends and other distributions pertaining to the Preference Stock and deliver Preference Stock together with such dividends and distributions and the net proceeds of any sale of any rights, preferences, privileges or other property in exchange for Depositary Receipts surrendered. At any time after the expiration of two years from the date of termination, the Depositary may sell the Preference Stock then held by it at public or private sale at such place or places and upon such terms as it deems proper and may thereafter hold the net proceeds of any such sale, together with any other cash then held by it, without liability for interest, for the pro rata benefit of the holders of Depositary Receipts which have not been surrendered. Any such moneys unclaimed by the holders of Depositary Receipts more than two years from the date of termination of the Deposit Agreement will, upon request of the Company, be paid to it, and after such payment, the holders of Depositary Receipts entitled to the funds so paid to the Company shall look only to the Company for payment without interest. The Company does not intend to terminate the Deposit Agreement or to permit the resignation of the Depositary without appointing a successor depositary.

Charges of Depositary

The Company will pay all charges of the Depositary including charges for the initial deposit of the Preference Stock and delivery of Depositary Receipts and withdrawals of Preference Stock by the holders of Depositary

Table of Contents

Receipts, except for taxes (including transfer taxes, if any) and such charges as are expressly provided in the Deposit Agreement to be at the expense of the persons depositing Preference Stock or holders of Depositary Receipts.

Miscellaneous

The Depositary will make available for inspection by holders of Depositary Receipts at its corporate trust office any reports and communications received from the Company which are made generally available to the holders of Preference Stock by the Company.

Neither the Depositary nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the Deposit Agreement. The obligations of the Depositary and the Company under the Deposit Agreement are limited to performance in good faith of their duties under the Deposit Agreement, and they are not obligated to prosecute or defend any legal proceeding in respect of the Preference Stock, the Depositary Receipts or the Depositary Shares unless satisfactory indemnity is furnished. The Depositary and the Company may rely upon advice of or information from counsel, accountants or other persons believed to be competent and on documents believed to be genuine.

The Depositary may at any time resign or be removed by the Company, effective upon the acceptance by its successor of its appointment.

DESCRIPTION OF THE SENIOR NOTES

Set forth below is a description of the general terms of the Senior Notes. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Senior Note Indenture, dated as of January 1, 1998, between the Company and The Bank of New York (as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank)), as trustee (the "Senior Note Indenture Trustee"), as to be supplemented by a supplemental indenture to the Senior Note Indenture establishing the Senior Notes of each series (the Senior Note Indenture, as so supplemented, is referred to as the "Senior Note Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of the Senior Notes will include those stated in the Senior Note Indenture and those made a part of the Senior Note Indenture by reference to the Trust Indenture Act of 1939, as amended (the "1939 Act"). Certain capitalized terms used in this Prospectus are defined in the Senior Note Indenture.

General

The Senior Notes will be issued as unsecured senior debt securities under the Senior Note Indenture and will rank equally with all other unsecured and unsubordinated debt of the Company. The Senior Notes will be effectively subordinated to all secured debt of the Company, aggregating approximately \$74,000,000 outstanding at December 31, 2006. The Senior Note Indenture does not limit the aggregate principal amount of Senior Notes that may be issued under the Senior Note Indenture and provides that Senior Notes may be issued from time to time in one or more series pursuant to an indenture supplemental to the Senior Note Indenture. The Senior Note Indenture gives the Company the ability to reopen a previous issue of Senior Notes and issue additional Senior Notes of such series, unless otherwise provided.

Reference is made to the Prospectus Supplement that will accompany this Prospectus for the following terms of the series of Senior Notes being offered by such Prospectus Supplement: (i) the title of such Senior Notes; (ii) any limit on the aggregate principal amount of such Senior Notes; (iii) the date or dates on which the principal of such Senior Notes is payable; (iv) the rate or rates at which such Senior Notes shall bear interest, if any, or any method by which such rate or rates will be determined, the date or dates from which such interest will accrue, the interest payment dates on which such interest shall be payable, and the regular record date for the interest payable on any interest payment date; (v) the place or places where the principal of (and premium, if any) and interest, if any, on such Senior Notes shall be payable; (vi) the period or periods within which, the price or prices at which and the terms and conditions on which such Senior Notes may be redeemed, in whole or in part, at the option of the Company or at the option of the holder prior to their maturity; (vii) the obligation,

if any, of the Company to redeem

Table of Contents

or purchase such Senior Notes; (viii) the denominations in which such Senior Notes shall be issuable; (ix) if other than the principal amount of such Senior Notes, the portion of the principal amount of such Senior Notes which shall be payable upon declaration of acceleration of the maturity of such Senior Notes; (x) any deletions from, modifications of or additions to the Events of Default or covenants of the Company as provided in the Senior Note Indenture pertaining to such Senior Notes; (xi) whether such Senior Notes shall be issued in whole or in part in the form of a Global Security; and (xii) any other terms of such Senior Notes.

The Senior Note Indenture does not contain provisions that afford holders of Senior Notes protection in the event of a highly leveraged transaction involving the Company.

Events of Default

The Senior Note Indenture provides that any one or more of the following described events with respect to the Senior Notes of any series, which has occurred and is continuing, constitutes an "Event of Default" with respect to the Senior Notes of such series:

- (a) failure for 10 days to pay interest on the Senior Notes of such series, when due on an interest payment date other than at maturity or upon earlier redemption; or
- (b) failure to pay principal or premium, if any, or interest on the Senior Notes of such series when due at maturity or upon earlier redemption; or
- (c) failure for three Business Days to deposit any sinking fund payment when due by the terms of a Senior Note of such series; or
- (d) failure to observe or perform any other covenant or warranty of the Company in the Senior Note Indenture (other than a covenant or warranty which has expressly been included in the Senior Note Indenture solely for the benefit of one or more series of Senior Notes other than such series) for 90 days after written notice to the Company from the Senior Note Indenture Trustee or the holders of at least 25% in principal amount of the outstanding Senior Notes of such series; or
- (e) certain events of bankruptcy, insolvency or reorganization of the Company.

The holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Senior Note Indenture Trustee with respect to the Senior Notes of such series. If a Senior Note Indenture Event of Default occurs and is continuing with respect to the Senior Notes of any series, then the Senior Note Indenture Trustee or the holders of not less than 25% in aggregate outstanding principal amount of the Senior Notes of such series may declare the principal amount of the Senior Notes due and payable immediately by notice in writing to the Company (and to the Senior Note Indenture Trustee if given by the holders), and upon any such declaration such principal amount shall become immediately due and payable. At any time after such a declaration of acceleration with respect to the Senior Notes of any series has been made and before a judgment or decree for payment of the money due has been obtained as provided in Article Five of the Senior Note Indenture, the holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of such series may rescind and annul such declaration and its consequences if the default has been cured or waived and the Company has paid or deposited with the Senior Note Indenture Trustee a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration and all sums paid or advanced by the Senior Note Indenture Trustee, including reasonable compensation and expenses of the Senior Note Indenture Trustee.

The holders of not less than a majority in aggregate outstanding principal amount of the Senior Notes of any series may, on behalf of the holders of all the Senior Notes of such series, waive any past default with respect to such series, except (i) a default in the payment of principal or interest or (ii) a default in respect of a covenant or provision which under Article Nine of the Senior Note Indenture cannot be modified or amended without the consent of the holder of each outstanding Senior Note of such series affected.

Registration and Transfer

The Company shall not be required to (i) issue, register the transfer of or exchange Senior Notes of any series during a period of 15 days immediately preceding the date notice is given identifying the Senior Notes of such series called for redemption, or (ii) issue, register the transfer of or exchange any Senior Notes so selected for redemption, in whole or in part, except the unredeemed portion of any Senior Note being redeemed in part.

Payment and Paying Agent

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of any Senior Notes will be made only against surrender to the Paying Agent of such Senior Notes. Principal of and interest on Senior Notes will be payable, subject to any applicable laws and regulations, at the office of such Paying Agent or Paying Agents as the Company may designate from time to time, except that, at the option of the Company, payment of any interest may be made by wire transfer or by check mailed to the address of the person entitled to an interest payment as such address shall appear in the Security Register with respect to the Senior Notes. Payment of interest on Senior Notes on any interest payment date will be made to the person in whose name the Senior Notes (or predecessor security) are registered at the close of business on the record date for such interest payment.

Unless otherwise indicated in an applicable Prospectus Supplement, the Senior Note Indenture Trustee will act as Paying Agent with respect to the Senior Notes. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agents or approve a change in the office through which any Paying Agent acts.

All moneys paid by the Company to a Paying Agent for the payment of the principal of or interest on the Senior Notes of any series which remain unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to the Company, and the holder of such Senior Notes will from that time forward look only to the Company for payment of such principal and interest.

Modification

The Senior Note Indenture contains provisions permitting the Company and the Senior Note Indenture Trustee, with the consent of the holders of not less than a majority in principal amount of the outstanding Senior Notes of each series that is affected, to modify the Senior Note Indenture or the rights of the holders of the Senior Notes of such series; provided, that no such modification may, without the consent of the holder of each outstanding Senior Note that is affected, (i) change the stated maturity of the principal of, or any installment of principal of or interest on, any Senior Note, or reduce the principal amount of any Senior Note or the rate of interest on any Senior Note or any premium payable upon the redemption of any Senior Note, or change the method of calculating the rate of interest of any Senior Note, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity of any Senior Note (or, in the case of redemption, on or after the redemption date), or (ii) reduce the percentage of principal amount of the outstanding Senior Notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Senior Note Indenture or certain defaults under the Senior Note Indenture and their consequences) provided for in the Senior Note Indenture, or (iii) modify any of the provisions of the Senior Note Indenture relating to supplemental indentures, waiver of past defaults, or waiver of certain covenants, except to increase any such percentage or to provide that certain other provisions of the Senior Note Indenture cannot be modified or waived without the consent of the holder of each outstanding Senior Note that is affected.

In addition, the Company and the Senior Note Indenture Trustee may execute, without the consent of any holders of Senior Notes, any supplemental indenture for certain other usual purposes, including the creation of any new series of senior notes.

Consolidation, Merger and Sale

The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease its properties and assets substantially as an entirety to any person, unless (1) such other

corporation or person is a

corporation organized and existing under the laws of the United States, any state in the United States or the District of Columbia and such other corporation or person expressly assumes, by supplemental indenture executed and delivered to the Senior Note Indenture Trustee, the payment of the principal of (and premium, if any) and interest on all the Senior Notes and the performance of every covenant of the Senior Note Indenture on the part of the Company to be performed or observed; (2) immediately after giving effect to such transactions, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be continuing; and (3) the Company has delivered to the Senior Note Indenture Trustee an officers' certificate and an opinion of counsel, each stating that such transaction complies with the provisions of the Senior Note Indenture governing consolidation, merger, conveyance, transfer or lease and that all conditions precedent to the transaction have been complied with.

Information Concerning the Senior Note Indenture Trustee

The Senior Note Indenture Trustee, prior to an Event of Default with respect to Senior Notes of any series, undertakes to perform, with respect to Senior Notes of such series, only such duties as are specifically set forth in the Senior Note Indenture and, in case an Event of Default with respect to Senior Notes of any series has occurred and is continuing, shall exercise, with respect to Senior Notes of such series, the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the Senior Note Indenture Trustee is under no obligation to exercise any of the powers vested in it by the Senior Note Indenture at the request of any holder of Senior Notes of any series, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred by the Senior Note Indenture Trustee. The Senior Note Indenture Trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the Senior Note Indenture Trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

The Bank of New York, the Senior Note Indenture Trustee, also serves as Subordinated Note Indenture Trustee. The Company and certain of its affiliates maintain deposit accounts and banking relationships with The Bank of New York. The Bank of New York and certain of its affiliates also serve as trustee under other indentures pursuant to which securities of the Company or certain affiliates of the Company are outstanding.

Governing Law

The Senior Note Indenture and the Senior Notes will be governed by, and construed in accordance with, the internal laws of the State of New York.

Miscellaneous

The Company will have the right at all times to assign any of its rights or obligations under the Senior Note Indenture to a direct or indirect wholly-owned subsidiary of the Company; provided, that, in the event of any such assignment, the Company will remain primarily liable for all such obligations. Subject to the foregoing, the Senior Note Indenture will be binding upon and inure to the benefit of the parties to the Senior Note Indenture and their respective successors and assigns.

DESCRIPTION OF THE JUNIOR SUBORDINATED NOTES

Set forth below is a description of the general terms of the Junior Subordinated Notes. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Subordinated Note Indenture, dated as of June 1, 1997, between the Company and The Bank of New York (as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank)), as trustee (the "Subordinated Note Indenture Trustee"), as to be supplemented by a supplemental indenture to the Subordinated Note Indenture establishing the Junior Subordinated Notes of each series (the Subordinated Note Indenture, as so supplemented, is referred to as the "Subordinated Note Indenture"), the forms of which are filed as exhibits to the Registration Statement of which this Prospectus forms a part. The terms of the Junior Subordinated Notes will include those stated in the Subordinated Note Indenture and those made a part of the Subordinated Note Indenture

Table of Contents

by reference to the 1939 Act. Certain capitalized terms used in this Prospectus are defined in the Subordinated Note Indenture.

General

The Junior Subordinated Notes will be issued as unsecured junior subordinated debt securities under the Subordinated Note Indenture. The Subordinated Note Indenture does not limit the aggregate principal amount of Junior Subordinated Notes that may be issued under the Subordinated Note Indenture and provides that Junior Subordinated Notes may be issued from time to time in one or more series pursuant to an indenture supplemental to the Subordinated Note Indenture. The Subordinated Note Indenture gives the Company the ability to reopen a previous issue of Junior Subordinated Notes and issue additional Junior Subordinated Notes of such series, unless otherwise provided.

Reference is made to the Prospectus Supplement that will accompany this Prospectus for the following terms of the series of Junior Subordinated Notes being offered by such Prospectus Supplement: (i) the title of such Junior Subordinated Notes; (ii) any limit on the aggregate principal amount of such Junior Subordinated Notes; (iii) the date or dates on which the principal of such Junior Subordinated Notes is payable; (iv) the rate or rates at which such Junior Subordinated Notes shall bear interest, if any, or any method by which such rate or rates will be determined, the date or dates from which such interest will accrue, the interest payment dates on which such interest shall be payable, and the regular record date for the interest payable on any interest payment date; (v) the place or places where the principal of (and premium, if any) and interest, if any, on such Junior Subordinated Notes shall be payable; (vi) the period or periods within which, the price or prices at which and the terms and conditions on which such Junior Subordinated Notes may be redeemed, in whole or in part, at the option of the Company or at the option of the holder prior to their maturity; (vii) the obligation, if any, of the Company to redeem or purchase such Junior Subordinated Notes; (viii) the denominations in which such Junior Subordinated Notes shall be issuable; (ix) if other than the principal amount of the Junior Subordinated Notes, the portion of the principal amount of such Junior Subordinated Notes which shall be payable upon declaration of acceleration of the maturity of such Junior Subordinated Notes; (x) any deletions from, modifications of or additions to the Events of Default or covenants of the Company as provided in the Subordinated Note Indenture pertaining to such Junior Subordinated Notes; (xi) whether such Junior Subordinated Notes shall be issued in whole or in part in the form of a Global Security; (xii) the right, if any, of the Company to extend the interest payment periods of such Junior Subordinated Notes; and (xiii) any other terms of such Junior Subordinated Notes.

The Subordinated Note Indenture does not contain provisions that afford holders of Junior Subordinated Notes protection in the event of a highly leveraged transaction involving the Company.

Subordination

The Junior Subordinated Notes are subordinated and junior in right of payment to all Senior Indebtedness (as defined below) of the Company. No payment of principal of (including redemption payments, if any), or premium, if any, or interest on (including Additional Interest (as defined below)) the Junior Subordinated Notes may be made if (a) any Senior Indebtedness is not paid when due and any applicable grace period with respect to such default has ended with such default not being cured or waived or otherwise ceasing to exist, or (b) the maturity of any Senior Indebtedness has been accelerated because of a default, or (c) notice has been given of the exercise of an option to require repayment, mandatory payment or prepayment or otherwise. Upon any payment or distribution of assets of the Company to creditors upon any liquidation, dissolution, winding-up, reorganization, assignment for the benefit of creditors, marshalling of assets or liabilities, or any bankruptcy, insolvency or similar proceedings of the Company, the holders of Senior Indebtedness shall be entitled to receive payment in full of all amounts due or to become due on or in respect of all Senior Indebtedness before the holders of the Junior Subordinated Notes are entitled to receive or retain any payment or distribution. Subject to the prior payment of all Senior Indebtedness, the rights of the holders of the Junior Subordinated Notes will be subrogated to the rights of the holders of Senior Indebtedness to receive payments and distributions applicable to such Senior Indebtedness until all amounts owing on the Junior Subordinated Notes are paid in full.

Table of Contents

The term “Senior Indebtedness” means, with respect to the Company, (i) any payment due in respect of indebtedness of the Company, whether outstanding at the date of execution of the Subordinated Note Indenture or incurred, created or assumed after such date, (a) in respect of money borrowed (including any financial derivative, hedging or futures contract or similar instrument) and (b) evidenced by securities, debentures, bonds, notes or other similar instruments issued by the Company that, by their terms, are senior or senior subordinated debt securities including, without limitation, all obligations under its indentures with various trustees; (ii) all capital lease obligations; (iii) all obligations issued or assumed as the deferred purchase price of property, all conditional sale obligations and all obligations of the Company under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business and long-term purchase obligations); (iv) all obligations for the reimbursement of any letter of credit, banker’s acceptance, security purchase facility or similar credit transaction; (v) all obligations of the type referred to in clauses (i) through (iv) above of other persons the payment of which the Company is responsible or liable as obligor, guarantor or otherwise; and (vi) all obligations of the type referred to in clauses (i) through (v) above of other persons secured by any lien on any property or asset of the Company (whether or not such obligation is assumed by the Company), except for (1) any such indebtedness that is by its terms subordinated to or that ranks equally with the Junior Subordinated Notes and (2) any unsecured indebtedness between or among the Company or its affiliates. Such Senior Indebtedness shall continue to be Senior Indebtedness and be entitled to the benefits of the subordination provisions contained in the Subordinated Note Indenture irrespective of any amendment, modification or waiver of any term of such Senior Indebtedness.

The Subordinated Note Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued by the Company. As of December 31, 2006, Senior Indebtedness of the Company aggregated approximately \$5,283,000,000.

Additional Interest

“Additional Interest” is defined in the Subordinated Note Indenture as any interest due and not paid on an interest payment date, together with interest on such interest due from such interest payment date to the date of payment, compounded quarterly, on each interest payment date.

Certain Covenants

The Company covenants in the Subordinated Note Indenture, for the benefit of the holders of each series of Junior Subordinated Notes, that, if at such time the Company shall have given notice of its election to extend an interest payment period for such series of Junior Subordinated Notes and such extension shall be continuing, or if at such time an Event of Default under the Subordinated Note Indenture with respect to such series of Junior Subordinated Notes shall have occurred and be continuing, (a) the Company shall not declare or pay any dividend or make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock and (b) the Company shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities (including guarantees) issued by the Company which rank equally with or junior to the Junior Subordinated Notes. None of the foregoing, however, shall restrict (i) any of the actions described in the preceding sentence resulting from any reclassification of the Company’s capital stock or the exchange or conversion of one class or series of the Company’s capital stock for another class or series of the Company’s capital stock or (ii) the purchase of fractional interests in shares of the Company’s capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged.

Events of Default

The Subordinated Note Indenture provides that any one or more of the following described events with respect to the Junior Subordinated Notes of any series, which has occurred and is continuing, constitutes an “Event of Default” with respect to the Junior Subordinated Notes of such series:

- (a) failure for 10 days to pay interest on the Junior Subordinated Notes of such series, including any Additional Interest (as defined in the definition of Additional Interest in the Subordinated Note Indenture) on such unpaid interest, when due on an interest payment date other than at maturity or upon earlier redemption;

Table of Contents

provided, however, that a valid extension of the interest payment period by the Company shall not constitute a default in the payment of interest for this purpose; or

(b) failure to pay principal or premium, if any, or interest, including Additional Interest (as defined in the definition of Additional Interest in the Subordinated Note Indenture), on the Junior Subordinated Notes of such series when due at maturity or upon earlier redemption; or

(c) failure for three Business Days to deposit any sinking fund payment when due by the terms of a Junior Subordinated Note of such series; or

(d) failure to observe or perform any other covenant or warranty of the Company in the Subordinated Note Indenture (other than a covenant or warranty which has expressly been included in the Subordinated Note Indenture solely for the benefit of one or more series of Junior Subordinated Notes other than such series) for 90 days after written notice to the Company from the Subordinated Note Indenture Trustee or the holders of at least 25% in principal amount of the outstanding Junior Subordinated Notes of such series; or

(e) certain events of bankruptcy, insolvency or reorganization of the Company.

The holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Subordinated Note Indenture Trustee with respect to the Junior Subordinated Notes of such series. If a Subordinated Note Indenture Event of Default occurs and is continuing with respect to the Junior Subordinated Notes of any series, then the Subordinated Note Indenture Trustee or the holders of not less than 25% in aggregate outstanding principal amount of the Junior Subordinated Notes of such series may declare the principal amount of the Junior Subordinated Notes due and payable immediately by notice in writing to the Company (and to the Subordinated Note Indenture Trustee if given by the holders), and upon any such declaration such principal amount shall become immediately due and payable. At any time after such a declaration of acceleration with respect to the Junior Subordinated Notes of any series has been made and before a judgment or decree for payment of the money due has been obtained as provided in Article Five of the Subordinated Note Indenture, the holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of such series may rescind and annul such declaration and its consequences if the default has been cured or waived and the Company has paid or deposited with the Subordinated Note Indenture Trustee a sum sufficient to pay all matured installments of interest (including any Additional Interest) and principal due otherwise than by acceleration and all sums paid or advanced by the Subordinated Note Indenture Trustee, including reasonable compensation and expenses of the Subordinated Note Indenture Trustee.

The holders of not less than a majority in aggregate outstanding principal amount of the Junior Subordinated Notes of any series may, on behalf of the holders of all the Junior Subordinated Notes of such series, waive any past default with respect to such series, except (i) a default in the payment of principal or interest or (ii) a default in respect of a covenant or provision which under Article Nine of the Subordinated Note Indenture cannot be modified or amended without the consent of the holder of each outstanding Junior Subordinated Note of such series affected.

Registration and Transfer

The Company shall not be required to (i) issue, register the transfer of or exchange Junior Subordinated Notes of any series during a period of 15 days immediately preceding the date notice is given identifying the Junior Subordinated Notes of such series called for redemption or (ii) issue, register the transfer of or exchange any Junior Subordinated Notes so selected for redemption, in whole or in part, except the unredeemed portion of any Junior Subordinated Note being redeemed in part.

Payment and Paying Agent

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of any Junior Subordinated Notes will be made only against surrender to the Paying Agent of such Junior Subordinated Notes. Principal of and interest on Junior Subordinated Notes will be payable, subject to any applicable laws and regulations, at the office of such Paying Agent or Paying Agents as the

Company may designate from time to time,

except that, at the option of the Company, payment of any interest may be made by wire transfer or by check mailed to the address of the person entitled to an interest payment as such address shall appear in the Security Register with respect to the Junior Subordinated Notes. Payment of interest on Junior Subordinated Notes on any interest payment date will be made to the person in whose name the Junior Subordinated Notes (or predecessor security) are registered at the close of business on the record date for such interest payment.

Unless otherwise indicated in an applicable Prospectus Supplement, the Subordinated Note Indenture Trustee will act as Paying Agent with respect to the Junior Subordinated Notes. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agents or approve a change in the office through which any Paying Agent acts.

All moneys paid by the Company to a Paying Agent for the payment of the principal of or interest on the Junior Subordinated Notes of any series which remain unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to the Company, and the holder of such Junior Subordinated Notes will from that time forward look only to the Company for payment of such principal and interest.

Modification

The Subordinated Note Indenture contains provisions permitting the Company and the Subordinated Note Indenture Trustee, with the consent of the holders of not less than a majority in principal amount of the outstanding Junior Subordinated Notes of each series that is affected, to modify the Subordinated Note Indenture or the rights of the holders of the Junior Subordinated Notes of such series; provided, that no such modification may, without the consent of the holder of each outstanding Junior Subordinated Note that is affected, (i) change the stated maturity of the principal of, or any installment of principal of or interest on, any Junior Subordinated Note, or reduce the principal amount of any Junior Subordinated Note or the rate of interest (including Additional Interest) of any Junior Subordinated Note or any premium payable upon the redemption of any Junior Subordinated Note, or change the method of calculating the rate of interest on any Junior Subordinated Note, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity of any Junior Subordinated Note (or, in the case of redemption, on or after the redemption date), or (ii) reduce the percentage of principal amount of the outstanding Junior Subordinated Notes of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Subordinated Note Indenture or certain defaults under the Subordinated Note Indenture and their consequences) provided for in the Subordinated Note Indenture, or (iii) modify any of the provisions of the Subordinated Note Indenture relating to supplemental indentures, waiver of past defaults, or waiver of certain covenants, except to increase any such percentage or to provide that certain other provisions of the Subordinated Note Indenture cannot be modified or waived without the consent of the holder of each outstanding Junior Subordinated Note that is affected, or (iv) modify the provisions of the Subordinated Note Indenture with respect to the subordination of the Junior Subordinated Notes in a manner adverse to such holder.

In addition, the Company and the Subordinated Note Indenture Trustee may execute, without the consent of any holders of Junior Subordinated Notes, any supplemental indenture for certain other usual purposes, including the creation of any new series of junior subordinated notes.

Consolidation, Merger and Sale

The Company shall not consolidate with or merge into any other corporation or convey, transfer or lease its properties and assets substantially as an entirety to any person, unless (1) such other corporation or person is a corporation organized and existing under the laws of the United States, any state of the United States or the District of Columbia and such other corporation or person expressly assumes, by supplemental indenture executed and delivered to the Subordinated Note Indenture Trustee, the payment of the principal of (and premium, if any) and interest (including Additional Interest) on all the Junior Subordinated Notes and the performance of every covenant of the Subordinated Note Indenture on the part of the Company to be performed or observed; (2) immediately after giving effect to such transactions, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be

continuing; and (3) the Company has delivered to

the Subordinated Note Indenture Trustee an officers' certificate and an opinion of counsel, each stating that such transaction complies with the provisions of the Subordinated Note Indenture governing consolidation, merger, conveyance, transfer or lease and that all conditions precedent to the transaction have been complied with.

Information Concerning the Subordinated Note Indenture Trustee

The Subordinated Note Indenture Trustee, prior to an Event of Default with respect to Junior Subordinated Notes of any series, undertakes to perform, with respect to Junior Subordinated Notes of such series, only such duties as are specifically set forth in the Subordinated Note Indenture and, in case an Event of Default with respect to Junior Subordinated Notes of any series has occurred and is continuing, shall exercise, with respect to Junior Subordinated Notes of such series, the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the Subordinated Note Indenture Trustee is under no obligation to exercise any of the powers vested in it by the Subordinated Note Indenture at the request of any holder of Junior Subordinated Notes of any series, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred by the Subordinated Note Indenture Trustee. The Subordinated Note Indenture Trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the Subordinated Note Indenture Trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

Miscellaneous

The Company will have the right at all times to assign any of its rights or obligations under the Subordinated Note Indenture to a direct or indirect wholly-owned subsidiary of the Company; provided, that, in the event of any such assignment, the Company will remain primarily liable for all such obligations. Subject to the foregoing, the Subordinated Note Indenture will be binding upon and inure to the benefit of the parties to the Subordinated Note Indenture and their respective successors and assigns.
