

Final Terms dated 25 June 2020

ING Groep N.V.

Legal entity identifier (LEI): 549300NYKK9MWM7GGW15

**Issue of U.S.\$1,000,000,000 Callable Fixed-to-Fixed Rate Senior Notes due 1 July 2026
under the €70,000,000,000 Debt Issuance Programme**

The Notes will not be registered under the Securities Act and may not be sold except (i) in accordance with Rule 144A under the Securities Act, (ii) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S under the Securities Act, (iii) pursuant to an effective registration statement under the Securities Act or (iv) in any other transaction that does not require registration under the Securities Act.

MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, “**IDD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

As far as the Issuer is aware, the CMT Rate does not fall within the scope of the BMR by virtue of Article 2 of that regulation, such that the Board of Governors of the Federal Reserve System is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

The Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area and the United Kingdom (each, a “**Relevant State**”) will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 1 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Part A — Contractual Terms

These Final Terms have been prepared for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended, and must be read in conjunction with the base prospectus consisting of separate documents (i.e. (i) the

(the “**Issuer**”) dated 27 March 2020 and its supplement(s) (if any) (the “**Registration Document**” and together with the Securities Note, the “**Prospectus**”) pertaining to the €70,000,000,000 Debt Issuance Programme. Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions of the Notes (the “**Conditions**”) set forth in the Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Prospectus, any supplements thereto and these Final Terms. Annex

“CMT Rate” means the rate per annum equal to: (1) the average of the yields on actively traded U.S. Treasury securities adjusted to constant maturity, for one-year maturities, for the five business days immediately prior to the Reset Determination Date, appearing in the most recently published statistical release designated “H.15”, or any successor publication that is published by the Board of Governors of the Federal Reserve System that establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity, under the caption “Treasury Constant Maturities”, for the maturity of one year; or (2) if such release (or any successor release) is not published during the week immediately prior to the Reset Determination Date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the Reset Date. The CMT Rate shall be determined by the Agent.

If the CMT Rate cannot be determined, for whatever reason, as described under (1) or (2) above, the “CMT Rate” shall mean the rate in percentage per annum as notified by the Agent to the Issuer equal to the yield on U.S. Treasury securities having a maturity of one year as set forth in the most recently published statistical release designated “H.15” under the caption “Treasury Constant Maturities” (or any successor publication that is published weekly by the Board of Governors of the Federal Reserve System and that establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities” for the maturity of one year) at 5:00 p.m. (New York City time) on the last available date preceding the Reset Determination Date on which such rate was set forth in such release (or any successor release).

“Reset Determination Date” means the second Business Day prior to the Reset Date.

“Comparable Treasury Issue” means the U.S. Treasury security or securities selected by the Issuer with a maturity date on or about the Maturity Date and that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in U.S. dollars and having a maturity of one year.

“Comparable Treasury Price” means (i) the arithmetic average of the Reference Treasury Dealer Quotations (calculated on the Reset Determination Date), after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if fewer than five such Reference Treasury Dealer Quotations are received, the arithmetic average of all such quotations, or (iii) if fewer than two such Reference Treasury Dealer Quotations are received, then such Reference Treasury Dealer Quotation as quoted in writing to the Issuer and the Agent by a Reference Treasury Dealer.

“Reference Treasury Dealer” means each of up to five banks selected by the Issuer (following, where practicable, consultation with the Agent), or the affiliates of such banks, which are (i) primary U.S. Treasury securities dealers, and their respective successors, or (ii) market makers in pricing corporate bond issues denominated in U.S. dollars.

“Reference Treasury Dealer Quotations” means with respect to each Reference Treasury Dealer, the arithmetic average, as determined by the Agent, of the bid and offered prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, at 11:00 a.m. (New York City time), on the Reset Determination Date.
