- Optional Redemption:
- The Notes cannot be redeemed prior to Stated Maturity.
 - × The Notes can be redeemed in whole or in part at any time prior to Stated Maturity at the option of McDonald's Corporation (the "Company") as set forth below.

Optional Redemption Dates: At any time prior to Stated Maturity at the option of the Company as set forth below.

Redemption Prices:

○ The Redemption Price shall initially be % of the principal amount of the Note to be redeemed and shall decline at each anniversary of the initial Optional Redemption Date by % of the principal amount to be redeemed until the Redemption Price is 100% of such principal amount; provided, however, that in the case of an Original Issue Discount Note, the Redemption Price shall be the Amortized Face Amount of the principal amount to be redeemed.

× Other: The Notes will be redeemable in whole or in part, at any time prior to Stated Maturity at the Company's option, at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest on those Notes to the redemption date; or
- (2) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (not including any portion of payments of interest accrued as of the redemption date) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 25 basis points, plus accrued and unpaid interest on those Notes to the redemption date.

For purposes of the determination of the redemption price, the following definitions shall apply:

"Business Day" means any day that is not a day on which banking institutions in New York City are authorized or required by law or regulation to close.

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes to be redeemed.

"Comparable Treasury Price" means, with respect to any redemption date, the average of the available Reference Treasury Dealer Quotations for that redemption date.

“Independent Investment Banker” means one of the Reference Treasury Dealers selected by the Company.

“Reference Treasury Dealer” means four primary U.S. Government securities dealers in New York City, New York (a “Primary Treasury Dealer”), which shall include Banc of America Securities LLC, Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, and Morgan Stanley & Co. Incorporated, and their respective successors; provided, however, that if any of the foregoing ceases to be a Primary Treasury Dealer, the Company shall substitute for it another Primary Treasury Dealer.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted by that Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third Business Day preceding the redemption date.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue for the Notes to be redeemed, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the redemption date.

Unless the Company defaults in payment of the redemption price, after the redemption date interest will cease to accrue on the Notes or portion of the Notes called for redemption.
