Prospectus Supplement
(To Prospectus dated April 15, 2013)

ORACLE®

\$3,000,000,000

Oracle Corporation

\$500,000,000 Floating Rate Notes due 2019

\$1,500,000,000 2.375% Notes due 2019

\$1,000,000,000 3.625% Notes due 2023

Oracle Corporation is offering \$500,000,000 aggregate principal amount of Floating Rate Notes due 2019 (the “2019 Floating Rate Notes”), \$1,500,000,000 aggregate principal amount of 2.375% notes due 2019 (the “2019 Fixed Rate Notes”) and \$1,000,000,000 aggregate principal amount of 3.625% notes due 2023 (the “2023 Fixed Rate Notes” and, together with the 2019 Floating Rate Notes and the 2019 Fixed Rate Notes, the “Notes”).

The 2019 Floating Rate Notes will bear interest at a floating rate equal to three-month LIBOR plus 0.58% per year, the 2019 Fixed Rate Notes will bear interest at the rate of 2.375% per year and the 2023 Fixed Rate Notes will bear interest at the rate of 3.625% per year. Interest on the 2019 Floating Rate Notes will be payable quarterly on January 15, April 15, July 15 and October 15, commencing October 15, 2013. Interest on the 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes will be payable semi-annually on January 15 and July 15, commencing January 15, 2014.

The 2019 Floating Rate Notes will mature on January 15, 2019, the 2019 Fixed Rate Notes will mature on January 15, 2019 and the 2023 Fixed Rate Notes will mature on July 15, 2023.

We may not redeem the 2019 Floating Rate Notes prior to maturity. We may redeem some or all of the 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes at any time, each at the applicable “make-whole premium” price indicated under the heading “Description of the Notes—Optional Redemption” beginning on page S-15 of this prospectus supplement.

The Notes will rank equally with all of our other existing and future unsecured and unsubordinated indebtedness from time to time outstanding.

Investing in the Notes involves risks. See “[Risk Factors](#)” beginning on page S-8 of this prospectus supplement and see Part I, Item 1A. “Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended May 31, 2013, which is incorporated by reference herein, for a discussion of certain risks that should be considered in connection with an investment in the Notes.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved of the Notes or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

[Table of Contents](#)**CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS**

This prospectus supplement, the accompanying prospectus and documents that are incorporated by reference in this prospectus supplement contain statements that are not historical in nature, are predictive in nature, or that depend upon or refer to future events or conditions or otherwise contain forward-looking statements within the meaning of Section 21 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the Private Securities Litigation Reform Act of 1995. These include, among other things, statements regarding:

- our expectation to continue to acquire companies, products, services and technologies;
- our intention that our direct sales force will sell proportionately more of our hardware systems products in the future;
- continued realization of gains or losses with respect to our foreign currency exposures;
- our expectation that our software business' total revenues generally will continue to increase;
- our belief that software license updates and product support revenues and margins will grow;
- our expectation that our hardware business will have lower operating margins as a percentage of revenues than our software business;
- our international operations providing a significant portion of our total revenues and expenses;
- our expectation to continue to make significant investments in research and development and related product opportunities, including those related to hardware products and services;
- our expectation to grow our consulting revenues;
- the sufficiency of our sources of funding for acquisitions or other matters;
- our expectation to continue paying comparable cash dividends on a quarterly basis;
- our belief that we have adequately provided for any reasonably foreseeable outcomes related to our tax liabilities and that any tax settlement will not have a material adverse effect on our consolidated financial position or results of operations;
- our belief that the outcome of certain legal proceedings and claims to which we are a party will not, individually or in the aggregate, result in losses that are materially in excess of amounts already recognized, if any;
- our expectation to incur the majority of the remaining expenses pursuant to the Fiscal 2013 Oracle Restructuring Plan through fiscal 2014 and our expectation to improve efficiencies in our operations that will impact our Fiscal 2013 Oracle Restructuring Plan;
- our expectation that seasonal trends will continue in fiscal 2014;
- our expectation to continue to depend on third party manufacturers to build certain hardware systems products and third party logistics providers to deliver our products;
- our expectation that to the extent customers renew support contracts or cloud software subscriptions contracts, we will recognize revenues for the full contracts' values over the respective renewal periods;
- our experience and ability to predict quarterly hardware systems products revenues;
- the timing of customer orders and delays in our ability to manufacture or deliver a few large transactions substantially affecting the amount of hardware systems products revenues, expenses and operating margins that we will report;

as well as other statements regarding our future operations, financial condition and prospects, and business strategies. Forward-looking statements may be preceded by, followed by or include the words "expects,"

“anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “will,” “is designed to” and similar expressions. We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for all forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties, and assumptions about our business that could affect our future results and could cause those results or other outcomes to differ materially from those expressed or implied in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in this prospectus supplement under the caption “Risk Factors” and in the section entitled “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended May 31, 2013 (incorporated by reference herein) and as may be updated in filings we make from time to time with the U.S. Securities and Exchange Commission (the “SEC”), including the Quarterly Reports on Form 10-Q to be filed by us in our fiscal year 2014, which runs from June 1, 2013 to May 31, 2014.

We have no obligation to publicly update or revise any forward-looking statements set forth in this prospectus supplement, the accompanying prospectus or the documents incorporated herein by reference, whether as a result of new information, future events or risks, except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements. New information, future events or risks could cause the forward-looking events we discuss in this prospectus supplement, the accompanying prospectus or the documents incorporated herein by reference not to occur. You should not place undue reliance on these forward-looking statements, which reflect our expectations only as of the date of this prospectus supplement or the accompanying prospectus or as of the date of the documents incorporated by reference herein or therein, as applicable.

[Table of Contents](#)**SUMMARY**

The following summary highlights information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus. It may not contain all of the information that you should consider before investing in the Notes. You should carefully read this entire prospectus supplement, as well as the accompanying prospectus and the documents incorporated by reference herein that are described under "Where You Can Find More Information."

Oracle Corporation

We are the world's largest provider of enterprise software and a leading provider of computer hardware products and services that are engineered to work together in the cloud and in the data center. We are a leader in the core technologies of cloud computing, including database and middleware as well as web-based applications, virtualization, clustering and large-scale systems management. We provide cloud services as well as software and hardware products to other cloud service providers, both public and private. Oracle database and middleware software, applications software and hardware systems—including computer server, storage and networking products—are the building blocks of our own cloud services, our partners' cloud services and our customers' private cloud environments. Our customers can subscribe to use select Oracle software and hardware products through our cloud offering, or purchase our software and hardware products and related services to build their own private cloud or on-premise information technology (IT) environments. Our strategy is to deliver reliable and scalable products and services that are built upon industry standards and are engineered to work together or independently. We also pursue new or emerging growth opportunities in order to maintain technology leadership. Offering customers a choice in how they use our products and services—while maintaining enterprise-grade reliability, security and interoperability—is important to our corporate strategy.

We believe that internal growth and continued innovation with respect to our software, hardware and services businesses are the foundation of our long-term strategic plans. In fiscal 2013, we invested \$4.9 billion and in each of fiscal 2012 and 2011 we invested \$4.5 billion, in research and development to enhance our existing portfolio of products and services and to develop new products and services. We continue to focus the engineering of our hardware and software products to make them work together more effectively and deliver improved computing performance, reliability and security to our customers. For example, Oracle Engineered Systems, which include our Oracle Exadata Database Machine, Oracle Exalogic Elastic Cloud and Oracle SPARC SuperCluster products, among others, combine certain of our hardware and software offerings in a way that increases computing performance relative to our competitors' products, creating time savings, efficiencies and operational cost advantages for our customers. With products that are engineered to work together, our customers can reduce much of the complexity of IT and make available resources they would otherwise spend on IT operations. In addition to our introductions of new, innovative hardware and software products, we also continue to demonstrate our commitment to customer choice through ongoing enhancements to our existing products, including our Oracle E-Business Suite, Siebel, PeopleSoft and JD Edwards applications software products.

We believe that an active acquisition program is another important element of our corporate strategy as it enhances the products and services that we can offer to customers, expands our customer base, provides greater scale to accelerate innovation, grows our revenues and earnings and increases stockholder value. In recent years, we have invested billions of dollars to acquire a number of companies, products, services and technologies that add to, are complementary to, or have otherwise enhanced our existing offerings. We expect to continue to acquire companies, products, services and technologies to further our corporate strategy.

Our software, hardware systems and services businesses are further divided into certain operating segments. Our software business is comprised of two operating segments: (1) new software licenses and cloud software

[Table of Contents](#)

subscriptions and (2) software license updates and product support. Our hardware systems business is comprised of two operating segments: (1) hardware systems products and (2) hardware systems support. Our services business is comprised of the remainder of our operating segments and offers consulting services, managed cloud services and education services. Our software, hardware systems and services businesses represented 74%, 14% and 12% of our total revenues, respectively, in fiscal 2013; 70%, 17% and 13%, respectively, in fiscal 2012; and 68%, 19% and 13%, respectively, in fiscal 2011.

Oracle Corporation was incorporated in 2005 as a Delaware corporation and is the successor to operations originally begun in June 1977.

Our principal executive offices are located at 500 Oracle Parkway, Redwood City, California 94065, and our telephone number is (650) 506-7000. We maintain a website at www.oracle.com where general information about us is available. We are not incorporating the contents of, or the information accessible through, the website into this prospectus supplement or the accompanying prospectus.

[Table of Contents](#)**The Offering**

The summary below describes the principal terms of the Notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. The “Description of the Notes” section of this prospectus supplement contains a more detailed description of the terms and conditions of the Notes.

Use of Proceeds	The net proceeds of this offering will be used for general corporate purposes, which may include stock repurchases, payment of cash dividends on our common stock and future acquisitions. See “Use of Proceeds” in this prospectus supplement.
Further Issuances	Oracle Corporation may create and issue further notes of a series ranking equally and ratably with the applicable series of Notes offered by this prospectus supplement in all respects, so that such further notes of each series will be consolidated and form a single series with the applicable series of Notes offered by this prospectus supplement.
Sinking Fund	None
Optional Redemption	Oracle Corporation may not redeem the 2019 Floating Rate Notes prior to maturity. Oracle Corporation may redeem some or all of the 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes at any time at the applicable “make-whole premium” redemption prices indicated under the heading “Description of the Notes—Optional Redemption.”
Trading	The Notes are new issues of securities with no established trading markets. We do not intend to apply for listing of the Notes on any securities exchange. The underwriters have advised us that they intend to make a market in each series of the Notes, but they are not obligated to do so and may discontinue market-making at any time without notice. See “Underwriting” in this prospectus supplement for more information about possible market-making by the underwriters.
Trustee	The Bank of New York Mellon Trust Company, N.A. is the trustee.
Risk Factors	You should carefully consider all of the information in this prospectus supplement and the accompanying prospectus and the documents incorporated by reference herein. In particular, you should evaluate the information set forth under “Cautionary Note on Forward-Looking Statements” and “Risk Factors” in this prospectus supplement and in our Annual Report on Form 10-K for the fiscal year ended May 31, 2013, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, before deciding whether to invest in the Notes.

RISK FACTORS

In considering whether to purchase the Notes, you should carefully consider all the information we have included or incorporated by reference in this prospectus supplement and the accompanying prospectus. In particular, you should carefully consider the risk factors described below, which are not exhaustive.

Risks Related to the Offering

Active trading markets for the Notes may not develop.

The Notes are new issues of securities with no established trading markets. We do not intend to apply for listing of the Notes on any securities exchange. The underwriters for this offering have advised us that they intend to make a market in each series of the Notes, but they are not obligated to do so and may discontinue market-making at any time without notice. In addition, the liquidity of any trading markets in the Notes, and the market prices quoted for the Notes, may be adversely affected by changes in the overall markets for these Notes, prevailing interest rates and changes in our consolidated financial condition, results of operations or prospects. The market price of and liquidity of any market for the 2019 Floating Rate Notes, in particular, will be influenced by the three-month LIBOR rate, volatility in such rate and events that affect LIBOR rates generally. Liquid trading markets in the Notes may not develop, which could decrease the amounts you would otherwise receive upon a sale or disposition of the Notes.

The Notes are the unsecured obligations of Oracle Corporation and not obligations of its subsidiaries and will be effectively subordinated to the claims of its subsidiaries' creditors. Structural subordination increases the risk that Oracle Corporation will be unable to meet its obligations on the Notes when they mature.

The Notes are exclusively the obligations of Oracle Corporation and are not obligations of its subsidiaries. Oracle Corporation is a holding company and substantially all of its operations are conducted through its subsidiaries. As a result, Oracle Corporation's cash flow and ability to service its debt, including the Notes, depend upon the earnings of its subsidiaries and the distribution to it of earnings, loans or other payments by its subsidiaries.

Oracle Corporation's subsidiaries are separate and distinct legal entities. Its subsidiaries will not guarantee the Notes and are under no obligation to pay any amounts due on the Notes or to provide Oracle Corporation with funds for its payment obligations, whether by dividends, distributions, loans or other payments. Payments to Oracle Corporation by its subsidiaries will also be contingent upon such subsidiaries' earnings and business considerations and may be subject to legal and contractual restrictions. As of May 31, 2013, Oracle had approximately \$36.7 billion of total liabilities on a consolidated basis, including \$18.5 billion of senior notes outstanding. Of this amount, subsidiaries of Oracle Corporation had approximately \$17.8 billion of liabilities (including trade payables) to which the Notes will be effectively subordinated.

Oracle Corporation's right to receive any assets of any of its subsidiaries upon their liquidation or reorganization, and therefore the right of the holders of the Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including senior and subordinated debt holders and bank and trade creditors. In addition, even if Oracle Corporation were a creditor of any of its subsidiaries, its rights as a creditor would be subordinate to any security interest in the assets of its subsidiaries and any indebtedness of its subsidiaries senior to that held by Oracle Corporation.

In addition, the Notes will not be secured by any of the assets of Oracle Corporation or any assets of its subsidiaries. Accordingly, the Notes will be subordinated to the extent Oracle Corporation or its subsidiaries have secured borrowings. There are no restrictions in the indenture governing the Notes that restrict its subsidiaries from granting security interests or liens on any or all of their assets.

[Table of Contents](#)

The negative covenants in the indenture governing the Notes may have a limited effect.

The indenture governing the Notes contains negative covenants. The limitation on liens and sale/leaseback covenants apply to Oracle Corporation, but not to its subsidiaries. As a result, such subsidiaries will not be restricted under the indenture from granting liens or security interests with respect to all or any of their assets without having to provide similar liens or security to the holders of the Notes, or from entering into sale/leaseback transactions. The limitation on liens covenant contains exceptions for specified "permitted liens" that would allow Oracle Corporation to borrow substantial additional amounts, and to grant liens or security interests with respect to our assets in connection with those borrowings. In light of these exceptions, holders of the Notes may be structurally or contractually subordinated to new lenders. The indenture governing the Notes does not contain any financial covenants.

Increased leverage may harm our financial condition and results of operations.

As of May 31, 2013, we had approximately \$36.7 billion of total liabilities on a consolidated basis. As of the date hereof, we had the ability to borrow up to an additional \$3.0 billion under our commercial paper program and \$3.0 billion under our revolving credit facility, which backstops our commercial paper program.

Oracle Corporation and its subsidiaries may incur additional indebtedness in the future and the Notes do not restrict future incurrence of indebtedness. Any increase in our level of indebtedness will have several important effects on our future operations, including, without limitation:

- we will have additional cash requirements in order to support the payment of interest on our outstanding indebtedness;
- increases in our outstanding indebtedness and leverage will increase our vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure; and
- depending on the levels of our outstanding debt, our ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited.

Our ability to make payments of principal and interest on our indebtedness depends upon our future performance, which will be subject to general economic conditions, industry cycles and financial, business and other factors affecting our consolidated operations, many of which are beyond our control. If we are unable to generate sufficient cash flows from operations in the future to service our debt, we may be required, among other things:

- to seek additional financing in the debt or equity markets;
- to refinance or restructure all or a portion of our indebtedness, including the Notes;
- to sell selected assets;
- to reduce or delay planned capital expenditures; or
- to reduce or delay planned operating and investment expenditures.

Such measures might not be sufficient to enable us to service our debt. In addition, any such financing, refinancing or sale of assets might not be available on economically favorable terms.

Ratings of the Notes may change and affect the market prices and marketability of the Notes.

Our long term debt is subject to periodic review by independent credit rating agencies. Such ratings are limited in scope, and do not address all material risks relating to an investment in the Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. It is also possible that such

[Table of Contents](#)

ratings may be lowered in connection with future events, such as future acquisitions. Holders of Notes will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market prices or marketability of the Notes.

The amount of interest payable on the 2019 Floating Rate Notes is set only once per period based on the three-month LIBOR rate on the interest determination date, which rate may fluctuate substantially.

In the past, the level of the three-month LIBOR rate has experienced significant fluctuations. You should note that historical levels, fluctuations and trends of the three-month LIBOR rate are not necessarily indicative of future levels. Any historical upward or downward trend in the three-month LIBOR rate is not an indication that the three-month LIBOR rate is more or less likely to increase or decrease at any time during a floating rate interest period, and you should not take the historical levels of the three-month LIBOR rate as an indication of its future performance. You should further note that although the actual three-month LIBOR rate on an interest payment date or at other times during an interest period may be higher than the three-month LIBOR rate on the applicable interest determination date, you will not benefit from the three-month LIBOR rate at any time other than on the interest determination date for such interest period. As a result, changes in the three-month LIBOR rate may not result in a comparable change in the market value of the 2019 Floating Rate Notes.

Risks Related to Our Business

We operate in a rapidly changing economic and technological environment that presents numerous risks, many of which are driven by factors that we cannot control or predict. The risk factors set forth in our Annual Report on Form 10-K for the fiscal year ended May 31, 2013, which are incorporated by reference into this prospectus supplement and the accompanying prospectus, highlight some of these risks. You should read our Annual Report on Form 10-K, including the section entitled "Risk Factors."

[Table of Contents](#)**USE OF PROCEEDS**

We estimate that our net proceeds from this offering will be approximately \$2.97 billion after deducting the underwriting discount and our estimated offering expenses. The net proceeds of this offering will be used for general corporate purposes, which may include stock repurchases, payment of cash dividends on our common stock and future acquisitions. Pending application of the net proceeds as described above, we intend to generally invest the net proceeds from this offering temporarily in short-term investment grade securities.

[Table of Contents](#)**CAPITALIZATION**

The following table sets forth a summary of our consolidated capitalization on an actual and as adjusted basis as of May 31, 2013. Our consolidated capitalization, as adjusted, gives effect to the issuance of the Notes offered by this prospectus supplement and the issuance of €1,250,000,000 of 2.250% notes due 2021 and €750,000,000 of 3.125% notes due 2025 on July 10, 2013 pursuant to a prospectus supplement dated July 2, 2013 and filed with the SEC on July 3, 2013. As of the date hereof, we had the ability to borrow up to \$3.0 billion under our commercial paper program and \$3.0 billion under our revolving credit facility, which backstops the commercial paper program.

DESCRIPTION OF THE NOTES

The summary herein of certain provisions of the indenture does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the indenture, a form of which is available upon request from us. The following description of the particular terms of the Notes supplements the description of the general terms and provisions of the debt securities set forth under "Description of Debt Securities" beginning on page 8 of the accompanying prospectus. References in this section to "us" "we" and "our" are solely to Oracle Corporation and not to any of its subsidiaries, unless the context requires otherwise.

General

The 2019 Floating Rate Notes will mature on January 15, 2019, the 2019 Fixed Rate Notes will mature on January 15, 2019 and the 2023 Fixed Rate Notes will mature on July 15, 2023. The Notes will be issued in book-entry form only, in denominations of \$2,000 and multiples of \$1,000 thereafter. Interest on the Notes will accrue from July 16, 2013 at the respective rates per annum shown on the cover of this prospectus supplement. The interest on the 2019 Floating Rate Notes will be payable quarterly on January 15, April 15, July 15 and October 15, commencing on October 15, 2013 to the persons in whose names such notes are registered at the close of business on the business day preceding the interest payment date. The interest on the 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes will be payable semi-annually on January 15 and July 15, commencing on January 15, 2014 to the persons in whose names such notes are registered at the close of business on the preceding January 1 or July 1, as the case may be. Interest on the Notes will be paid to but excluding the relevant interest payment date. Interest on the 2019 Floating Rates Notes will be calculated on the basis of the actual number of days in an interest period and a 360-day year. Interest on the 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months. If any interest payment date, maturity date or redemption date falls on a day that is not a business day, the payment will be made on the next business day with the same force and effect as if made on the relevant interest payment date, maturity date or redemption date. Unless we default on a payment, no interest will accrue for that period from and after the applicable interest payment date, maturity date or redemption date.

The Notes will be issued under an indenture dated January 13, 2006 by and among Oracle Corporation (formerly known as Ozark Holding Inc.), Oracle Systems Corporation (formerly known as Oracle Corporation) and Citibank, N.A., as amended by a supplemental indenture dated as of May 9, 2007 by and among Oracle Corporation, Citibank, N.A. and The Bank of New York Trust Company, N.A., and as may be further supplemented from time to time. On June 29, 2007, Citibank, N.A. resigned as the original trustee under the indenture and Oracle Corporation appointed The Bank of New York Trust Company, N.A. as successor trustee. Thereafter, the Bank of New York Trust Company, N.A. became The Bank of New York Mellon Trust Company, N.A. The Bank of New York Mellon Trust Company, N.A. is the trustee for any and all securities issued under the indenture, as amended, including the Notes, and is referred to herein as the "trustee." In accordance with the terms of the indenture, Oracle Systems Corporation is no longer an obligor under the indenture and will not be an obligor on the Notes. Oracle Corporation will be the sole obligor on the Notes.

The indenture does not limit the ability of Oracle Corporation to incur additional unsecured indebtedness. The Notes will be the unsecured and unsubordinated obligations of Oracle Corporation and will rank *pari passu* with its other existing and future unsecured and unsubordinated indebtedness. The Notes will be effectively subordinated to all existing and future indebtedness and liabilities (including trade payables and preferred stock obligations) of Oracle Corporation's subsidiaries and will be effectively subordinated to its existing and future secured indebtedness, if any, and that of its subsidiaries, if any. As of May 31, 2013, Oracle had approximately \$36.7 billion of total liabilities on a consolidated basis, including \$18.5 billion of senior notes outstanding. Of this amount, subsidiaries of Oracle Corporation had approximately \$17.8 billion of liabilities (including trade payables). The Notes will be effectively subordinated to all such liabilities of Oracle Corporation's subsidiaries and the rights of creditors of such subsidiaries shall have priority over the rights of the holders of the Notes as creditors of Oracle Corporation.

[Table of Contents](#)**Interest Rate Determination for the 2019 Floating Rate Notes**

The 2019 Floating Rate Notes will bear interest for each interest period at a rate determined by the calculation agent on the interest determination date for such interest period. The calculation agent is The Bank of New York Mellon Trust Company, N.A. until such time as we appoint a successor calculation agent. The interest rate on the 2019 Floating Rate Notes for a particular interest period will be a per annum rate equal to three-month LIBOR as determined on the interest determination date plus 0.58%. The interest determination date for an interest period will be the second London business day preceding the first day of such interest period. The initial interest period for the 2019 Floating Rate Notes will be the period from and including the original issue date to but excluding the initial interest payment date. Promptly upon determination, the calculation agent will inform the trustee and us of the interest rate for the next interest period. Absent manifest error, the determination of the interest rate by the calculation agent shall be binding and conclusive on the holders of the 2019 Floating Rate Notes, the trustee and us.

A London business day is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

On any interest determination date, LIBOR will be equal to the offered rate for deposits in U.S. dollars having an index maturity of three months, in amounts of at least \$1,000,000, as such rate appears on "Reuters Page LIBOR01" at approximately 11:00 a.m., London time, on such interest determination date. If on an interest determination date, such rate does not appear on the "Reuters Page LIBOR01" as of 11:00 a.m., London time, or if the "Reuters Page LIBOR01" is not available on such date, the trustee will obtain such rate from Bloomberg L.P.'s page "BBAM."

If no offered rate appears on "Reuters Page LIBOR01" or Bloomberg L.P.'s page "BBAM" on an interest determination date at approximately 11:00 a.m., London time, then the calculation agent (after consultation with us) will select four major banks in the London interbank market and shall request each of their principal London offices to provide a quotation of the rate at which three-month deposits in U.S. dollars in amounts of at least \$1,000,000 are offered by it to prime banks in the London interbank market, on that date and at that time, that is representative of single transactions at that time. If at least two quotations are provided, LIBOR will be the arithmetic average of the quotations provided. Otherwise, the calculation agent will select three major banks in New York City and shall request each of them to provide a quotation of the rate offered by them at approximately 11:00 a.m., New York City time, on the interest determination date for loans in U.S. dollars to leading European banks having an index maturity of three months for the applicable interest period in an amount of at least \$1,000,000 that is representative of single transactions at that time. If three quotations are provided, LIBOR will be the arithmetic average of the quotations provided. Otherwise, the rate of LIBOR for the next interest period will be set equal to the rate of LIBOR for the then current interest period.

Upon request from any holder of 2019 Floating Rate Notes, the calculation agent will provide the interest rate in effect on the 2019 Floating Rate Notes for the current interest period and, if it has been determined, the interest rate to be in effect for the next interest period.

All percentages resulting from any calculation of any interest rate for the 2019 Floating Rate Notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 3.876545% (or .03876545) would be rounded to 3.87655% (or .0387655)) and all dollar amounts will be rounded to the nearest cent, with one-half cent being rounded upward.

The interest rate on the 2019 Floating Rate Notes will in no event be higher than the maximum rate permitted by New York law as the same may be modified by United States law of general application.

[Table of Contents](#)**Issuance of Additional Notes**

The Notes are initially limited in aggregate principal amount to \$500,000,000 for the 2019 Floating Rate Notes, \$1,500,000,000 for the 2019 Fixed Rate Notes and \$1,000,000,000 for the 2023 Fixed Rate Notes. We may, without the consent of the holders, increase the principal amount of any series of Notes by issuing additional Notes of such series in the future on the same terms and conditions, except for any differences in the issue price, interest accrued prior to the issue date of the additional Notes and, in some cases, the first interest payment date. The additional Notes of a series will have the same CUSIP number as the applicable series of Notes. Under the indenture, each series of Notes and any additional Notes of such series we may issue will be treated as a single series for all purposes under the indenture, including for purposes of determining whether the required percentage of the holders of record has given approval or consent to an amendment or waiver or joined in directing the trustee to take certain actions on behalf of all holders.

We also may, without the consent of the holders, issue other series of debt securities under the indenture in the future on terms and conditions different from the series of Notes offered hereby.

Optional Redemption

The 2019 Floating Rate Notes will not be redeemable prior to maturity.

The 2019 Fixed Rate Notes and the 2023 Fixed Rate Notes will be redeemable, in whole or in part at any time, at our option, each at a “make-whole premium” redemption price calculated by us equal to the greater of:

- (i) 100% of the principal amount of the notes to be redeemed; and
- (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (not including any portion of such payments of interest accrued as of the date of redemption), discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below), plus 15 basis points with respect to the 2019 Fixed Rate Notes and 20 basis points with respect to the 2023 Fixed Rate Notes,

plus, in each case, accrued and unpaid interest thereon to the date of redemption. Notwithstanding the foregoing, installments of interest on notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the notes and the indenture.

“Comparable Treasury Issue” means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

“Comparable Treasury Price” means, with respect to any redemption date, (i) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Quotation Agent obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (iii) if only one Reference Treasury Dealer Quotation is received, such quotation.

“Quotation Agent” means the Reference Treasury Dealer appointed by us.

“Reference Treasury Dealer” means (i) Credit Suisse Securities (USA) LLC, HSBC Securities (USA) Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated (or their respective affiliates that are Primary Treasury Dealers) and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary Treasury Dealer”), we will substitute therefor another Primary Treasury Dealer, and (ii) any other Primary Treasury Dealer selected by us.

Table of Contents

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the Notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions thereof called for redemption. If less than all of the Notes of a series are to be redeemed, the Notes to be redeemed shall be selected by lot by The Depository Trust Company (“DTC”), in the case of Notes represented by a global note, or by the trustee by a method the trustee deems to be fair and appropriate, in the case of Notes that are not represented by a global note.

No Sinking Fund

The Notes will not be entitled to the benefit of any sinking fund.

Book-Entry; Delivery and Form; Global Note

The Notes of each series sold in the United States will be issued in the form of one or more fully registered global notes without interest coupons which will be deposited with, or on behalf of, DTC, New York, New York, and registered in the name of Cede & Co., as nominee of DTC, for the accounts of participants in DTC. Unless and until exchanged, in whole or in part, for Notes in definitive registered form, a global note may not be transferred except as a whole (i) by the depository for such global note to a nominee of such depository, (ii) by a nominee of such depository to such depository or another nominee of such depository or (iii) by such depository or any such nominee to a successor of such depository or a nominee of such successor.

Ownership of beneficial interests in a registered global note will be limited to persons, called participants, that have accounts with the depository (currently DTC) or persons that may hold interests through participants in DTC. Investors may hold their interests in a global note directly through Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”), and Clearstream Banking, *société anonyme* (“Clearstream”), if they are participants in such systems, or indirectly through organizations that are participants in such systems. Euroclear and Clearstream will hold interests in a global note on behalf of their participants through their respective depositories, which in turn will hold such interests in the global note in customers’ securities accounts in the depositories’ names on the books of DTC.

Upon transfer of a definitive note, the definitive note will be exchanged for an interest in a global note, and the transferee will be required to hold its interest through a participant in DTC, Euroclear or Clearstream, as applicable.

Upon the issuance of a registered global note, the depository will credit, on its book-entry registration and transfer system, the participants’ accounts with the respective principal or face amounts of the relevant series of Notes beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the Notes will designate the accounts to be credited. Ownership of beneficial interests in a registered global note will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants.

Table of Contents

So long as the depositary, or its nominee, is the registered owner of a registered global note, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the relevant series of Notes represented by the registered global note for all purposes under the indenture. Except as described below, owners of beneficial interests in a registered global note will not be entitled to have the Notes represented by the registered global note registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered the owners or holders of the Notes under the indenture. Accordingly, each person owning a beneficial interest in a registered global note must rely on the procedures of the depositary for that registered global note and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the indenture. The laws of some states may require that some purchasers of Notes take physical delivery of these Notes in definitive form. Such laws may impair the ability to transfer beneficial interests in a global note.

To facilitate subsequent transfers, all Notes deposited by participants with DTC will be registered in the name of DTC's nominee, Cede & Co. The deposit of the Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC will have no knowledge of the actual beneficial owners of the Notes. DTC's records reflect only the identity of the direct participants to whose accounts such Notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

We will make payments due on the Notes to Cede & Co., as nominee of DTC, in immediately available funds. DTC's practice upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global note, is to immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global note as shown on the records of the depositary. Payments by participants to owners of beneficial interests in a registered global note held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants. Payment to Cede & Co. is our responsibility. Disbursement of such payments to direct participants is the responsibility of Cede & Co. Disbursement of such payments to the beneficial owners is the responsibility of direct and indirect participants. Neither we, nor the trustee, nor any other agent of ours or any agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global note or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures. If a holder requires physical delivery of a definitive note for any reason, including to sell Notes to persons in jurisdictions that require such delivery of such Notes or to pledge such Notes, such holder must transfer its interest in the relevant global note in accordance with the normal procedures of DTC and the procedures set forth in the indenture.

Cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected by DTC in accordance with DTC rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (Brussels time). Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositaries for Euroclear or Clearstream.

Because of the time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in the global note from a DTC participant will be credited during the securities settlement

Table of Contents

processing day (which must be a business day for Euroclear or Clearstream, as the case may be) immediately following the DTC settlement date, and such credit of any transaction's interests in the global note settled during such processing day will be reported to the relevant Euroclear or Clearstream participant on such day. Cash received in Euroclear or Clearstream as a result of sales of interests in a global note by or through a Euroclear or Clearstream participant to a DTC participant will be received with value on the DTC settlement date, but will be available in the relevant Euroclear or Clearstream cash account only as of the business day following settlement in DTC.

We expect that DTC will take any action permitted to be taken by a holder of Notes only at the direction of one or more participants to whose account the DTC interests in a global note are credited and only in respect of such portion of the aggregate principal amount of the Notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the Notes, DTC will exchange each global note for definitive notes, which it will distribute to its participants.

Although we expect that DTC, Euroclear and Clearstream will agree to the foregoing procedures in order to facilitate transfers of interests in each global note among participants of DTC, Euroclear and Clearstream, DTC, Euroclear and Clearstream are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, nor the underwriters, nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If the depositary for any of the Notes represented by a registered global note is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue Notes in definitive form in exchange for the registered global note that had been held by the depositary. Any Notes issued in definitive form in exchange for a registered global note will be registered in the name or names that the depositary gives to the trustee or other relevant agent of the trustee. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global note that had been held by the depositary. In addition, we may at any time determine that the Notes of either series shall no longer be represented by a global note and will issue Notes in definitive form in exchange for such global note pursuant to the procedure described above.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations, some of whom own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Euroclear and Clearstream hold securities for participating organizations. They also facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in the accounts of such participants. Euroclear and Clearstream provide various services to their participants, including the safekeeping, administration, clearance, settlement, lending and borrowing of internationally traded securities. Euroclear and Clearstream interface with domestic securities markets. Euroclear and Clearstream participants are financial institutions such as underwriters, securities brokers and dealers, banks, trust companies and certain other organizations. Indirect access to Euroclear or Clearstream is also available to

others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Euroclear or Clearstream participant, either directly or indirectly.

The information in this section concerning DTC and DTC's book-entry system, as well as information regarding Euroclear and Clearstream, has been obtained from sources that we believe to be reliable, but neither we nor any underwriter takes responsibility for its accuracy or completeness. We assume no responsibility for the performance by DTC, Euroclear, Clearstream or their respective participants or indirect participants of their respective obligations, including obligations that they have under the rules and procedures that govern their operations.

Notices

Notices to holders of the Notes will be made by first class mail, postage prepaid, to the addresses that appear on the security register of the Notes.

Concerning Our Relationship with the Trustee

We maintain ordinary banking relationships and credit facilities with The Bank of New York Mellon, an affiliate of the trustee.

[Table of Contents](#)**MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES**

The following are the material U.S. federal income tax consequences of owning and disposing of Notes purchased in this offering at the “issue price,” which we assume will be the public offering price for the applicable Notes indicated on the cover of this prospectus supplement, and held as capital assets for U.S. federal income tax purposes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including alternative minimum tax consequences and differing tax consequences applicable to you if you are, for instance:

- a financial institution;
- a regulated investment company;
- a dealer or trader in securities;
- holding Notes as part of a “straddle” or integrated transaction;
- a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;
- a partnership for U.S. federal income tax purposes; or
- a tax-exempt entity.

If you are a partnership for U.S. federal income tax purposes holding our Notes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein.

This summary does not address any aspect of state, local or non-U.S. taxation, any taxes other than income taxes, or the potential application of the Medicare contribution tax. If you are considering the purchase of Notes, you should consult your tax adviser with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to U.S. Holders

This section applies to you if you are a U.S. Holder. You are a U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a Note and you are:

- a citizen or individual resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Payments of Interest

Stated interest on a Note will be taxable to you as ordinary interest income at the time it accrues or is received, in accordance with your method of accounting for federal income tax purposes.

Sale, Redemption or Other Taxable Disposition of the Notes

Upon the sale, redemption or other taxable disposition of a Note, you will recognize taxable gain or loss equal to the difference between the amount realized on the sale, redemption or other taxable disposition and your

[Table of Contents](#)

tax basis in the Note. Your tax basis in a Note will generally equal the cost of your Note. For these purposes, the amount realized does not include any amount attributable to accrued interest, which is treated as described under "Payments of Interest" above.

Gain or loss realized on the sale, redemption or other taxable disposition of a Note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale, redemption or other taxable disposition the Note has been held for more than one year. Long-term capital gains recognized by non-corporate taxpayers are subject to reduced tax rates. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

Information returns are required to be filed with the Internal Revenue Service ("IRS") in connection with payments on the Notes and proceeds received from a sale or other disposition of the Notes unless you are an exempt recipient. You may also be subject to backup withholding on these payments in respect of your Notes unless you provide your taxpayer identification number and otherwise comply with applicable requirements of the backup withholding rules or you provide proof of an applicable exemption. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Tax Consequences to Non-U.S. Holders

This section applies to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a Note and you are:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

You are not a Non-U.S. Holder if you are a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition of a Note, or if you are a former citizen or former resident of the United States, in which case you should consult your tax adviser regarding the U.S. federal income tax consequences of owning or disposing of a Note.

Payments on the Notes

Payments of principal and interest on the Notes by us or any paying agent to you will not be subject to U.S. federal income or withholding tax, provided that, in the case of interest,

- you do not own, actually or constructively, ten percent or more of the total combined voting power of all classes of our stock entitled to vote;
- you are not a controlled foreign corporation related, directly or indirectly, to us through stock ownership;
- you certify on a properly executed IRS Form W-8BEN, under penalties of perjury, that you are not a United States person; and
- it is not effectively connected with your conduct of a trade or business in the United States as described below.

If you cannot satisfy one of the first three requirements described above and interest on the Notes is not exempt from withholding tax because it is effectively connected with your conduct of a trade or business in the United States as described below, payments of interest on the Notes will be subject to withholding tax at a rate of 30%, subject to an applicable treaty providing otherwise.

[Table of Contents](#)***Sale, Redemption or Other Taxable Disposition of the Notes***

You generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale, redemption or other taxable disposition of Notes, unless the gain is effectively connected with your conduct of a trade or business in the United States as described below, provided however that any amounts attributable to accrued interest will be treated as described above under "Payments on the Notes."

Effectively Connected Income

If interest or gain on a Note is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by you), you will generally be taxed in the same manner as a U.S. Holder (see "Tax Consequences to U.S. Holders" above). In this case, you will be exempt from the withholding tax on interest discussed above, although you will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from withholding. You are urged to consult your tax adviser with respect to other U.S. tax consequences of the ownership and disposition of Notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a foreign corporation.

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with payments of interest on the Notes. Unless you comply with certification procedures to establish that you are not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of a Note. You may be subject to backup withholding on payments on the Notes or on the proceeds from a sale or other disposition of the Notes unless you comply with certification procedures to establish that you are not a United States person or otherwise establish an exemption. The certification procedures required to claim the exemption from withholding tax on interest described above under "Payments on the Notes" will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is timely furnished to the IRS.

The underwriting agreement provides that the obligations of the underwriters to purchase the Notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part. The underwriters are obligated to purchase all the Notes if they purchase any of the Notes. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of Notes may be terminated.

The underwriters propose to offer each series of the Notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of each series of Notes to dealers at the public offering price less a concession not to exceed 0.150% of the principal amount of the 2019 Floating Rate Notes, 0.150% of the principal amount of the 2019 Fixed Rate Notes and 0.200% of the principal amount of the 2023 Fixed Rate Notes. The underwriters may allow, and any such dealer may reallow, a concession not to exceed 0.100% of the principal amount of the 2019 Floating Rate Notes, 0.100% of the principal amount of the 2019 Fixed Rate Notes and 0.150% of the principal amount of the 2023 Fixed Rate Notes. After the initial offering of the Notes to the public, the representatives may change the public offering price and other selling terms.

The following table shows the underwriting discount that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the Notes).

	Paid by Oracle Corporation
Per 2019 Floating Rate Note	0.300%
Per 2019 Fixed Rate Note	0.300%
Per 2023 Fixed Rate Note	0.400%

Table of Contents

We estimate that our total expenses for this offering, other than the underwriting discount, will be approximately \$1.3 million. The underwriters have agreed to reimburse us for a portion of our expenses in connection with this offering.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

New Issue of Notes

The Notes are new issues of securities with no established trading markets. We have not applied and do not intend to apply to list the Notes on any securities exchange. The underwriters have advised us that they intend to make a market in each series of the Notes. However, they are not obligated to do so and may discontinue any market-making in the Notes at any time in their sole discretion. Therefore, we cannot assure you that liquid trading markets for the Notes will develop, that you will be able to sell your Notes at a particular time or that the prices you receive when you sell will be favorable.

We expect to deliver the Notes against payment for the Notes on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the Notes ("T+5"). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

Sales Outside the United States

The Notes may be offered and sold in the United States and certain jurisdictions outside the United States in which such offer and sale is permitted.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a relevant member state), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), an offer of Notes described in this prospectus supplement may not be made to the public in that relevant member state other than:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 100 or, if the relevant member state has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by us for any such offer; or
- in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of securities shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For purposes of this provision, the expression an "offer of securities to the public" in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe for the securities, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that

Table of Contents

member state, and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the relevant member state) and includes any relevant implementing measure in each relevant member state. The expression 2010 PD Amending Directive means Directive 2010/73/EU.

Neither we nor the underwriters have authorized, nor do we or they authorize, the making of any offer of the Notes through any financial intermediary, other than offers made by the underwriters with a view to the final placement of the Notes as contemplated in this prospectus supplement. Accordingly, no purchaser of the Notes, other than the underwriters, is authorized to make any further offer of the Notes on behalf of us or the underwriters.

Notice to Prospective Investors in the United Kingdom

This prospectus supplement and the accompanying prospectus are only being distributed to, and are only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive that are also (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “Order”) or (ii) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (each such person being referred to as a “relevant person”). This prospectus supplement and its contents are confidential and should not be distributed, published or reproduced (in whole or in part) or disclosed by recipients to any other persons in the United Kingdom. Any person in the United Kingdom that is not a relevant person should not act or rely on this document or any of its contents.

Price Stabilization and Short Positions

In connection with the offering, the underwriters may purchase and sell Notes in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions and stabilizing purchases.

- Short sales involve secondary market sales by the underwriters of a greater number of Notes than they are required to purchase in the offering.
- Covering transactions involve purchases of Notes in the open market after the distribution has been completed in order to cover short positions.
- Stabilizing transactions involve bids to purchase Notes so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Other Relationships

The underwriters have performed commercial banking, investment banking and advisory services for us from time to time for which they have received customary fees and reimbursement of expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses.

[Table of Contents](#)

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Certain of the representatives and/or their affiliates acted as initial purchasers in connection with our issuance of \$5.75 billion aggregate principal amount of senior notes in January 2006. In addition, each of the representatives acted as underwriters in connection with our issuance of \$5.0 billion aggregate principal amount of senior notes in April 2008 and certain of the representatives acted as underwriters in connection with our issuance of \$4.5 billion aggregate principal amount of senior notes in July 2009. Further, each of the representatives acted as initial purchasers in connection with our issuance of \$3.25 billion aggregate principal amount of senior notes in July 2010 and as underwriters in connection with our issuance of \$5.0 billion aggregate principal amount of senior notes in October 2012. Certain of the representatives are agents and their affiliates are lenders under our 5-year revolving credit facility for which they receive or have received customary fees and reimbursement of expenses.

[Table of Contents](#)**CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS**

This prospectus and documents that are incorporated by reference in this prospectus contain statements that are not historical in nature, are predictive in nature, or that depend upon or refer to future events or conditions or otherwise contain forward-looking statements within the meaning of Section 21 of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. These include, among other things, statements regarding:

- our expectation to continue to acquire companies, products, services and technologies;
- our expectation that our software business' total revenues generally will continue to increase;
- our belief that software license updates and product support revenues and margins will grow;
- our expectation that our hardware business will have lower operating margins as a percentage of revenues than our software business;
- our international operations providing a significant portion of our total revenues and expenses;
- our expectation to continue to make significant investments in research and development and related product opportunities, including those related to hardware products and services;
- our expectation to grow our consulting revenues;
- the sufficiency of our sources of funding for acquisitions or other matters;
- the payment of future dividends and our board of directors' next opportunity to consider and approve a dividend;
- our belief that we have adequately provided for any reasonably foreseeable outcomes related to our tax liabilities and that any tax settlement will not have a material adverse effect on our consolidated financial position or results of operations;
- our belief that certain legal proceedings and claims to which we are a party will not, individually or in the aggregate, result in losses that are materially in excess of amounts already recognized, if any;
- our expectation that to the extent customers renew support contracts or cloud software subscriptions contracts, we will recognize revenues for the full contracts' values over the respective renewal periods;
- our experience and ability to predict future quarterly hardware systems products revenues;
- the timing of customer orders and delays in our ability to manufacture or deliver a few large transactions substantially affecting the amount of hardware systems products revenues, expenses and operating margins that we will report;

as well as other statements regarding our future operations, financial condition and prospects, and business strategies. Forward-looking statements may be preceded by, followed by or include the words "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," "will," "is designed to" and similar expressions. We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for all forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about our business that could affect our future results and could cause those results or other outcomes to differ materially from those expressed or implied in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in "Risk Factors" included in documents that we file from time to time with the SEC, including our Annual Report on Form 10-K for the fiscal year ended May 31, 2012 (incorporated by reference herein) and our other Quarterly Reports on Form 10-Q filed by us in our fiscal year 2013, which runs from June 1, 2012 to May 31, 2013 (incorporated by reference herein).

We have no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or risks, except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements. New information, future events or risks could cause the forward-looking events we discuss in this prospectus not to occur. You should not place undue reliance on these forward-looking statements, which reflect our expectations only as of the date of this prospectus or as of the date of the documents incorporated by reference herein, as applicable.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of securities issued pursuant to this registration statement for general corporate purposes which may include stock repurchases, repayment of indebtedness and future acquisitions. If we decide to use the net proceeds from a particular offering of securities for a specific purpose, we will describe that purpose in the related prospectus supplement.

RETROSPECTIVELY REVISED FINANCIAL ACCOUNTING INFORMATION FOR ADOPTION OF A NEW ACCOUNTING STANDARD

In our first quarter of fiscal 2013, we adopted Accounting Standards Update No. 2011-05, *Comprehensive Income (Topic 220) — Presentation of Comprehensive Income* and Accounting Standards Update No. 2011-12, *Comprehensive Income (Topic 220) — Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05*, whereby we elected to present separate consolidated statements of comprehensive income. The table below presents these consolidated statements of comprehensive income for the three fiscal years ended May 31, 2012, 2011 and 2010 to reflect the impact on our previously issued consolidated financial statements.

(in millions)	Year Ended May 31,		
	2012	2011 (Unaudited)	2010
Net Income	\$ 9,981	\$ 8,547	\$ 6,135

[Table of Contents](#)**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated.

	Nine Months Ended		Year Ended May 31,				
	February 28,	February 29,	2012	2011	2010	2009	2008
	2013	2012					
Ratio of earnings to fixed charges	16x	15x	17x	14x	11x	13x	18x

For purposes of calculating this ratio, the term “earnings” means the amounts resulting from the following: (a) our income before provision for income taxes, plus (b) the noncontrolling interests in the net income of our majority owned subsidiaries, plus (c) our fixed charges. The term “fixed charges” means the amounts resulting from the following: (a) our interest expensed, plus (b) our estimate of the interest component of rent expense.

We do not report any shares of preferred stock outstanding in our consolidated financial statements because our outstanding preferred stock is owned by one or more of our wholly-owned subsidiaries. Our ratio of earnings to combined fixed charges and preferred dividends for any given period is equivalent to our ratio of earnings to fixed charges.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is based upon our restated certificate of incorporation, as amended (“Restated Certificate of Incorporation”), our bylaws, as amended (“Bylaws”) and applicable provisions of law. We have summarized certain portions of the Restated Certificate of Incorporation and Bylaws below. The summary is not complete. The Restated Certificate of Incorporation and Bylaws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. You should read the Restated Certificate of Incorporation and Bylaws for the provisions that are important to you.

Certain provisions of the Delaware General Corporation Law (“DGCL”), the Restated Certificate of Incorporation and Bylaws summarized in the following paragraphs may have an anti-takeover effect. This may delay, defer or prevent a tender offer or takeover attempt that a stockholder might consider in its best interests, including those attempts that might result in a premium over the market price for the shares held by such stockholder.

Copies of the Restated Certificate of Incorporation and Bylaws are available upon request. Please see “Where You Can Find More Information” above.

Authorized Capital Stock

Under the Oracle Restated Certificate of Incorporation, Oracle’s authorized capital stock consists of 11 billion shares of common stock, \$0.01 par value, and 1 million shares of preferred stock, \$0.01 par value. As of April 1, 2013, there were approximately 4,698,310,000 shares of Oracle common stock issued and outstanding.

Common Stock

Oracle Common Stock Outstanding. The outstanding shares of our common stock are duly authorized, validly issued, fully paid and nonassessable. Our common stock is listed and principally traded on the NASDAQ Global Select Market under the symbol “ORCL.”

Voting Rights. Each holder of shares of our common stock is entitled to one vote for each share held of record on the applicable record date on all matters submitted to a vote of stockholders.

Dividend Rights. Subject to any preferential dividend rights granted to the holders of any shares of our preferred stock that may at the time be outstanding, holders of our common stock are entitled to receive dividends as may be declared from time to time by our board of directors out of funds legally available therefor.

Rights upon Liquidation. Holders of our common stock are entitled to share pro rata, upon any liquidation or dissolution of Oracle, in all remaining assets available for distribution to stockholders after payment or providing for our liabilities and the liquidation preference of any outstanding preferred stock.

Rights and Preferences. Holders of our common stock have no preemptive right to purchase, subscribe for or otherwise acquire any unissued or treasury shares or other securities. In addition, holders of our common stock have no conversion rights, and there are no redemption or sinking fund provisions applicable to our common stock.

Transfer Agent and Registrar. American Stock Transfer & Trust Company, LLC is the transfer agent and registrar for our common stock.

Preferred Stock

Under our Restated Certificate of Incorporation, without further stockholder action, our board of directors is authorized, subject to any limitations prescribed by the law of the State of Delaware, to provide for the issuance of the shares of preferred stock in one or more series, to establish from time to time the number of shares to be

Table of Contents

included in each such series, to fix the designation, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, and to increase or decrease the number of shares of any such series (but not below the number of shares of such series then outstanding).

Certain Provisions of Our Restated Certificate of Incorporation and Bylaws

Our Bylaws vest the power to call special meetings of stockholders in our chairman of the board, our chief executive officer, our board of directors or stockholders holding shares representing not less than twenty percent of the outstanding votes entitled to vote at the meeting. Stockholders are permitted under our Restated Certificate of Incorporation to act by written consent in lieu of a meeting.

To be properly brought before an annual meeting of stockholders, any stockholder proposal or nomination for the board of directors must be delivered to our secretary not more than 120 and not less than 90 days prior to the date on which we first mailed our proxy materials for the prior year's annual meeting; provided that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the anniversary of the previous year's meeting, a stockholder's written notice will be timely if it is delivered by the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting. Such notice must contain information specified in the Bylaws as to the director nominee or proposal of other business, information about the stockholder making the nomination or proposal and the beneficial owner, if any, on behalf of whom the nomination or proposal is made, including name and address, class and number of shares owned, and representations regarding the intention to make such a proposal or nomination and to solicit proxies in support of it. With respect to director nominees, we may require any proposed nominee to furnish information concerning his or her eligibility to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence of the nominee.

Certain Anti-Takeover Effects of Delaware Law

We are subject to Section 203 of the DGCL ("Section 203"). In general, Section 203 prohibits a publicly held Delaware corporation from engaging in various "business combination" transactions with any interested stockholder for a period of three years following the date of the transactions in which the person became an interested stockholder, unless:

- the transaction is approved by the board of directors prior to the date the interested stockholder obtained such status;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or
- on or subsequent to such date the business combination is approved by the board and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

A "business combination" is defined to include mergers, asset sales, and other transactions resulting in financial benefit to a stockholder. In general, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to our company and, accordingly, may discourage attempts to acquire us even though such a transaction may offer our stockholders the opportunity to sell their stock at a price above the prevailing market price.

DESCRIPTION OF DEBT SECURITIES

This prospectus describes certain general terms and provisions of the debt securities. The debt securities will be issued under an indenture dated January 13, 2006 among Oracle Corporation (formerly known as Ozark Holding Inc.), Oracle Systems Corporation (formerly known as Oracle Corporation) and Citibank, N.A., as amended by a supplemental indenture dated as of May 9, 2007 by and among Oracle Corporation, Citibank, N.A. and The Bank of New York Trust Company, N.A. (subsequently renamed The Bank of New York Mellon Trust Company, N.A.), as trustee (the “trustee”), as may be further supplemented from time to time. The debt securities may be issued in one or more series established in or pursuant to a board resolution and set forth in an officers’ certificate or supplemental indenture. In accordance with the terms of the indenture, Oracle Systems Corporation is no longer an obligor under the indenture and will not be an obligor on any securities issued under the indenture unless explicitly stated in the prospectus supplement relating to such securities.

When we offer to sell a particular series of debt securities, we will describe the specific terms for the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

We have summarized certain terms and provisions of the indenture. The summary is not complete. The indenture has been incorporated by reference as an exhibit to the registration statement for these securities that we have filed with the SEC. You should read the indenture and applicable board resolution and officers’ certificate or supplemental indenture (including the form of debt security) relating to the applicable series of debt securities for the provisions which may be important to you. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended.

General

The indenture will not limit the amount of debt securities which we may issue. We have the right to “reopen” a previous issue of a series of debt securities by issuing additional debt securities of such series. We may issue debt securities up to such aggregate principal amount as we may authorize from time to time. The debt securities will be our unsecured obligations and will rank equally with all of our other unsecured and unsubordinated debt from time to time outstanding. Our secured debt, if any, will be effectively senior to the debt securities to the extent of the value of the assets securing such debt. The debt securities will be exclusively our obligations and not of our subsidiaries and therefore the debt securities will be structurally subordinate to the debt and liabilities of any of our subsidiaries. The prospectus supplement will describe the terms of any debt securities being offered, including:

- the title;
- any limit upon the aggregate principal amount;
- the date or dates on which the principal is payable;
- the rate or rates at which the debt securities shall bear interest, if any, or the method by which such rate shall be determined;
- the date or dates from which interest shall accrue;
- the date or dates on which interest shall be payable;
- the record dates for the determination of holders to whom interest is payable;
- the right, if any, to extend the interest payment periods and the duration of such extension;
- the place or places where the principal of and any interest shall be payable;
- the price or prices at which, the period or periods within which and the terms and conditions upon which debt securities may be redeemed;

Table of Contents

- our obligation, if any, to redeem, purchase or repay the debt securities pursuant to any sinking fund or otherwise or at the option of a holder thereof;
- if applicable, the price or prices at which and the period or periods within which and the terms and conditions upon which the debt securities shall be redeemed, purchased or repaid, in whole or in part;
- if other than denominations of \$1,000 and any multiple thereof, the denominations in which the debt securities of the series shall be issuable;
- the percentage of the principal amount at which the debt securities will be issued and, if other than the principal amount thereof, the portion of such principal amount which shall be payable upon declaration of acceleration of the maturity thereof or provable in bankruptcy;
- whether the debt securities are issuable under Rule 144A or Regulation S and, in such case, any provisions unique to such form of issuance including any transfer restrictions or exchange and registration rights;
- any and all other terms of the series including any terms which may be required by or advisable under U.S. law or regulations or advisable in connection with the marketing of the debt securities;
- whether the debt securities are issuable as global securities or definitive certificates and, in such case, the identity for the depository;
- any deletion from, modification of or addition to the events of default or covenants;
- any provisions granting special rights to holders when a specified event occurs;
- whether and under what circumstances we will pay additional amounts on the debt securities held by a person who is not a U.S. person in respect of any tax, assessment or governmental charge withheld or deducted;
- any special tax implications of the notes;
- any trustees, authenticating or paying agents, transfer agents or registrars or any other agents with respect to the debt securities;
- any guarantor or co-issuers;
- any special interest premium or other premium;
- whether the debt securities are convertible or exchangeable into common stock or other of our equity securities and the terms and conditions upon which such conversion or exchange shall be effected; and
- the currency in which payments shall be made, if other than U.S. dollars.

Events of Default

When we use the term “Event of Default” in the indenture with respect to the debt securities of any series, here are some examples of what we mean:

- (1) default in paying interest on the debt securities when it becomes due and the default continues for a period of 30 days or more;
- (2) default in paying principal, or premium, if any, on the debt securities when due;
- (3) default in the performance, or breach, of any covenant in the indenture (other than defaults specified in clause (1) or (2) above) and the default or breach continues for a period of 90 days or more after there has been given to us a written notice from the trustee or there has been given to us and the trustee a written notice from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the series;

[Table of Contents](#)

(4) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to us or any material subsidiary has occurred;

(5) any other Events of Default set forth in a prospectus supplement relating to such series of debt securities.

If an Event of Default (other than an Event of Default specified in clause (4) with respect to us) under the indenture occurs with respect to the debt securities of any series and is continuing, then the trustee may and, at the direction of the holders of at least 25% in principal amount of the outstanding debt securities of that series, will by written notice, require us to repay immediately the entire principal amount of the outstanding debt securities of that series, together with all accrued and unpaid interest and premium, if any.

If an Event of Default under the indenture specified in clause (4) with respect to us occurs and is continuing, then the entire principal amount of the outstanding debt securities will automatically become due immediately and payable without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration or any automatic acceleration under clause (4) described above, the holders of a majority in principal amount of outstanding debt securities of any series may rescind this accelerated payment requirement if all existing Events of Default, except for nonpayment of the principal and interest on the debt securities of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived and if the rescission of acceleration would not conflict with any judgment or decree. The holders of a majority in principal amount of the outstanding debt securities of any series also have the right to waive past defaults, except a default in paying principal or interest on any outstanding debt security, or in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the debt securities of that series.

Holders of at least 25% in principal amount of the outstanding debt securities of a series may seek to institute a proceeding only after they have made written request, and offered such indemnity as the trustee may reasonably require, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60-day period the trustee must not have received directions inconsistent with this written request by holders of a majority in principal amount of the outstanding debt securities of that series. These limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default of which a responsible officer of the trustee has actual knowledge or has received written notice from us or any holder of the debt securities, the trustee is required to exercise the rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would under the circumstances in the conduct of that person's own affairs. If an Event of Default has occurred and is continuing, the trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee such security or indemnity as the trustee may reasonably require. Subject to certain provisions, the holders of a majority in principal amount of the outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust, or power conferred on the trustee.

The trustee will, within 45 days after any default occurs, give notice of the default to the holders of the debt securities of that series, unless the default was already cured or waived. Unless there is a default in paying principal, interest or any premium when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

We are required to furnish to the trustee an annual statement as to compliance with all conditions and covenants under the indenture.

[Table of Contents](#)**Modification and Waiver**

We and the trustee may amend or modify the indenture or the debt securities without the consent of any holder of debt securities in order to:

- cure ambiguities, defects or inconsistencies;
- provide for the assumption of our obligations in the case of a merger or consolidation and our discharge upon such assumption;
- make any change that would provide any additional rights or benefits to the holders of the debt securities of a series;
- provide for or add guarantors with respect to the debt securities of any series;
- secure the debt securities of a series;
- establish the form or forms of debt securities of any series;
- maintain the qualification of the indenture under the Trust Indenture Act;
- conform any provision in the indenture to this “Description of Debt Securities”; or
- make any change that does not adversely affect the rights of any holder.

Other amendments and modifications of the indenture or the debt securities may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the amendment or modification (voting as one class), and our compliance with any provision of the indenture with respect to any series of debt securities may be waived by written notice to the trustee by the holders of a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the waiver (voting as one class). However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

- reduce the principal amount, or extend the fixed maturity, of the debt securities, alter or waive the redemption provisions of the debt securities;
- change the currency in which principal, any premium or interest is paid;
- reduce the percentage in principal amount outstanding of debt securities of any series which must consent to an amendment, supplement or waiver or consent to take any action;
- impair the right to institute suit for the enforcement of any payment on the debt securities;
- waive a payment default with respect to the debt securities or any guarantor;
- reduce the interest rate or extend the time for payment of interest on the debt securities; or
- adversely affect the ranking of the debt securities of any series.

Covenants*Principal and Interest*

We covenant to pay the principal of and interest on the debt securities when due and in the manner provided in the indenture.

Table of Contents*Consolidation, Merger or Sale of Assets*

We will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our assets to any person or persons in a single transaction or through a series of transactions, unless:

- we shall be the continuing person or, if we are not the continuing person, the resulting, surviving or transferee person (the “surviving entity”) is a company organized and existing under the laws of the United States or any State or territory;
- the surviving entity will expressly assume all of our obligations under the debt securities and the indenture, and will, if required by law to effectuate the assumption, execute a supplemental indenture which will be delivered to the trustee;
- immediately after giving effect to such transaction or series of transactions on a pro forma basis, no default has occurred and is continuing; and
- we or the surviving entity will have delivered to the trustee an officers’ certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with this covenant and that all conditions precedent in the indenture relating to the transaction or series of transactions have been satisfied.

The restrictions in the third and fourth bullets shall not be applicable to:

- the merger or consolidation of us with an affiliate of ours if our board of directors determines in good faith that the purpose of such transaction is principally to change our state of incorporation or convert our form of organization to another form; or
- the merger of us with or into a single direct or indirect wholly owned subsidiary of ours pursuant to Section 251(g) (or any successor provision) of the General Corporation Law of the State of Delaware.

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all our assets occurs in accordance with the indenture, the successor corporation will succeed to, and be substituted for, and may exercise every right and power of ours under the indenture with the same effect as if such successor corporation had been named in our place in the indenture. We will (except in the case of a lease) be discharged from all obligations and covenants under the indenture and any debt securities issued thereunder.

Negative Covenants

In addition to the covenants set forth above, the following additional covenants shall apply to the debt securities (unless otherwise provided pursuant to a board resolution and set forth in an officers’ certificate or a supplemental indenture). These covenants do not limit our ability to incur indebtedness and apply only to us.

Limitation on Liens

With respect to each series of debt securities, we will not create or incur any Lien on any of our Properties, whether now owned or hereafter acquired, or upon any income or profits therefrom, in order to secure any of our Indebtedness, without effectively providing that such series of debt securities shall be equally and ratably secured until such time as such Indebtedness is no longer secured by such Lien, except:

- (1) Liens existing as of the closing date of the offering of the series of debt securities;
- (2) Liens granted after closing date of the offering of the series of debt securities, created in favor of the holders of such series of debt securities;
- (3) Liens securing our Indebtedness which are incurred to extend, renew or refinance Indebtedness which is secured by Liens permitted to be incurred under the indenture;

Table of Contents

(4) Liens created in substitution of or as replacements for any Liens permitted by the clauses directly above, provided that, based on a good faith determination of one of our Senior Officers, the Property encumbered under any such substitute or replacement Lien is substantially similar in nature to the Property encumbered by the otherwise permitted Lien which is being replaced; and

(5) Permitted Liens.

Notwithstanding the foregoing, we may, without securing any series of debt securities, create or incur Liens which would otherwise be subject to the restrictions set forth in the preceding paragraph, if after giving effect thereto, Aggregate Debt does not exceed the greater of (i) 25% of Consolidated Net Worth calculated as of the date of the creation or incurrence of the Lien or (ii) 25% of Consolidated Net Worth calculated as of the date of the issuance of such debt securities.

Limitation on Sale and Lease-Back Transactions

With respect to each series of debt securities, we will not enter into any sale and lease-back transaction for the sale and leasing back of any Property, whether now owned or hereafter acquired, unless:

- (1) such transaction was entered into prior to the closing date of the offering of the series of debt securities;
- (2) such transaction was for the sale and leasing back to us of any Property by one of our Subsidiaries;
- (3) such transaction involves a lease for less than three years;

(4) we would be entitled to incur Indebtedness secured by a mortgage on the property to be leased in an amount equal to the Attributable Liens with respect to such sale and lease-back transaction without equally and ratably securing such series of debt securities pursuant to the first paragraph of “— Limitation on Liens” above; or

(5) we apply an amount equal to the fair value of the Property sold to the purchase of Property or to the retirement of our long-term Indebtedness within 365 days of the effective date of any such sale and lease-back transaction. In lieu of applying such amount to such retirement, we may deliver debt securities to the trustee therefor for cancellation, such debt securities to be credited at the cost thereof to us.

Notwithstanding the foregoing, we may enter into any sale lease-back transaction which would otherwise be subject to the foregoing restrictions if after giving effect thereto and at the time of determination, Aggregate Debt does not exceed the greater of (i) 25% of Consolidated Net Worth calculated as of the closing date of the sale-leaseback transaction or (ii) 25% of Consolidated Net Worth calculated as of the date of the issuance of the series of debt securities.

Existence

Except as permitted under “— Consolidation, Merger and Sale of Assets,” the indenture requires us to do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights and franchises; provided, however, that we shall not be required to preserve any right or franchise if we determine that their preservation is no longer desirable in the conduct of business.

Certain Definitions

As used in this section, the following terms have the meanings set forth below.

“Aggregate Debt” means the sum of the following as of the date of determination:

- (1) the aggregate principal amount of our Indebtedness incurred after the closing date of the offering of the debt securities and secured by Liens not permitted by the first sentence under “— Limitation on Liens;” and

Table of Contents

(2) our Attributable Liens in respect of sale and lease-back transactions entered into after the closing date of this offering pursuant to the second paragraph of “— Limitation on Sale and Lease-Back Transactions.”

“Attributable Liens” means in connection with a sale and lease-back transaction the lesser of:

(1) the fair market value of the assets subject to such transaction; and

(2) the present value (discounted at a rate per annum equal to the average interest borne by all outstanding debt securities issued under the indenture (which may include debt securities in addition to the series of debt securities currently outstanding under the indenture and those being offered by any prospectus supplement) determined on a weighted average basis and compounded semi-annually) of the obligations of the lessee for rental payments during the term of the related lease.

“Capital Lease” means any Indebtedness represented by a lease obligation of a Person incurred with respect to real property or equipment acquired or leased by such Person and used in its business that is required to be recorded as a capital lease in accordance with GAAP.

“Consolidated Net Worth” means, as of any date of determination, our Stockholders’ Equity and our Consolidated Subsidiaries on that date.

“Consolidated Subsidiary” means, as of any date of determination and with respect to any Person, any Subsidiary of that Person whose financial data is, in accordance with GAAP, reflected in that Person’s consolidated financial statements.

“GAAP” means generally accepted accounting principles set forth in the opinions and pronouncements of the Public Company Accounting Oversight Board (United States) and statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which are in effect as of the date of determination.

“Hedging Obligations” means, with respect to any specified Person, the obligations of such Person under:

(1) interest rate swap agreements (whether from fixed to floating or from floating to fixed), interest rate cap agreements and interest rate collar agreements;

(2) other agreements or arrangements designed to manage interest rates or interest rate risk;

(3) other agreements or arrangements designed to protect such Person against fluctuations in currency exchange rates or commodity prices; and

(4) other agreements or arrangements designed to protect such person against fluctuations in equity prices.

“Indebtedness” of any specified Person means, without duplication, any indebtedness, whether or not contingent, in respect of borrowed money or evidenced by bonds, notes, debentures or similar instruments or letters of credit (or reimbursement agreements with respect thereto) or representing the balance deferred and unpaid of the purchase price of any Property (including pursuant to Capital Leases), except any such balance that constitutes an accrued expense or trade payable, if and to the extent any of the foregoing indebtedness would appear as a liability upon an unconsolidated balance sheet of such Person (but does not include contingent liabilities which appear only in a footnote to a balance sheet).

“Lien” means any lien, security interest, charge or encumbrance of any kind (including any conditional sale or other title retention agreement, any lease in the nature thereof, and any agreement to give any security interest).

[Table of Contents](#)

“Permitted Liens” means:

(1) Liens on any of our assets, created solely to secure obligations incurred to finance the refurbishment, improvement or construction of such asset, which obligations are incurred no later than 24 months after completion of such refurbishment, improvement or construction, and all renewals, extensions, refinancings, replacements or refundings of such obligations;

(2) (a) Liens given to secure the payment of the purchase price incurred in connection with the acquisition (including acquisition through merger or consolidation) of Property (including shares of stock), including Capital Lease transactions in connection with any such acquisition, and (b) Liens existing on Property at the time of acquisition thereof or at the time of acquisition by us of any Person then owning such Property whether or not such existing Liens were given to secure the payment of the purchase price of the Property to which they attach; provided that, with respect to clause (a), the Liens shall be given within 24 months after such acquisition and shall attach solely to the Property acquired or purchased and any improvements then or thereafter placed thereon;

(3) Liens in favor of customs and revenue authorities arising as a matter of law to secure payment of customs duties in connection with the importation of goods;

“Person” means any individual, corporation, partnership, joint venture, association, limited liability company, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

“Property” means any property or asset, whether real, personal or mixed, or tangible or intangible, including shares of capital stock.

“Senior Officer” of any specified Person means the chief executive officer, any president, any vice president, the chief financial officer, the treasurer, any assistant treasurer, the secretary or any assistant secretary.

“Stockholders’ Equity” means, as of any date of determination, stockholders’ equity as reflected on the most recent consolidated balance sheet available to us prepared in accordance with GAAP.

“Subsidiary” of any specified Person means any corporation, association or other business entity of which more than 50% of the total voting power of shares of capital stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by such person or one or more of the other Subsidiaries of that person or a combination thereof.

Satisfaction, Discharge and Covenant Defeasance

We may terminate our obligations under the indenture, when:

- either:
 - all the debt securities of any series issued that have been authenticated and delivered have been accepted by the trustee for cancellation; or
 - all the debt securities of any series issued that have not been accepted by the trustee for cancellation will become due and payable within one year (a “discharge”) and we have made irrevocable arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name, and at our expense and we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the series of debt securities to pay principal, interest and any premium;
- we have paid or caused to be paid all other sums then due and payable under the indenture; and
- we have delivered to the trustee an officers’ certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding debt securities of any series (“legal defeasance”). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of such series under the indenture, except for:

- the rights of holders of the debt securities to receive principal, interest and any premium when due;
- our obligations with respect to the debt securities concerning issuing temporary debt securities, registration of transfer of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment for debt securities payments held in trust;
- the rights, powers, trusts, duties and immunities of the trustee; and
- the defeasance provisions of the indenture.

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture (“covenant defeasance”). Any failure to comply with these obligations will not constitute a default or an event of default with respect to the debt securities of any series. In the event covenant defeasance occurs, certain events,

[Table of Contents](#)

not including non-payment, bankruptcy and insolvency events, described under “Events of Default” will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding debt securities of any series:

- we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the holders of the debt securities of a series:
 - money in an amount;
 - U.S. Government Obligations; or
 - a combination of money and U.S. Government Obligations,

in each case sufficient without reinvestment, in the written opinion of an internationally recognized firm of independent public accountants to pay and discharge, and which shall be applied by the trustee to pay and discharge, all of the principal, interest and any premium at due date or maturity or if we have made irrevocable arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name and at our expense, the redemption date;

- in the case of legal defeasance, we must have delivered to the trustee an opinion of counsel stating that, as a result of an IRS ruling or a change in applicable federal income tax law, the holders of the debt securities of that series will not recognize gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same federal income tax as would be the case if the deposit, defeasance and discharge did not occur;
- in the case of covenant defeasance, we must have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same federal income tax as would be the case if the deposit and covenant defeasance did not occur;
- no default with respect to the outstanding debt securities of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit, it being understood that this condition is not deemed satisfied until after the 91st day;
- the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all debt securities of a series were in default within the meaning of such Act;
- the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which we are a party;
- the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and
- we have delivered to the trustee an officers’ certificate and an opinion of counsel stating that all conditions precedent with respect to the defeasance or covenant defeasance have been complied with.

Unclaimed Funds

All funds deposited with the trustee or any paying agent for the payment of principal, interest, premium or additional amounts in respect of the debt securities that remain unclaimed for two years after the maturity date of such debt securities will be repaid to us upon our request. Thereafter, any right of any noteholder to such funds shall be enforceable only against us, and the trustee and paying agents will have no liability therefor.

[Table of Contents](#)**Governing Law**

The indenture and the debt securities for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

Concerning Our Relationship with the Trustee

We maintain ordinary banking relationships and credit facilities with The Bank of New York Mellon, an affiliate of the trustee.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices or such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the indenture.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more warrants, debt securities, shares of preferred stock, shares of common stock or any combination of such securities.

[Table of Contents](#)

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant

[Table of Contents](#)

agreement or unit agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of Oracle, the trustee, any warrant agent, unit agent or any other agent of Oracle, agent of the trustee or agent of such warrant agent or unit agent will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary. In addition, we may at any time determine that the securities of any series shall no longer be represented by a global security and will issue securities in definitive form in exchange for such global security pursuant to the procedure described above.

PLAN OF DISTRIBUTION

We or selling security holders may sell the securities described in this prospectus in the following manner or any manner specified in a prospectus supplement:

- directly to purchasers, through a specific bidding or auction process or otherwise;
- through agents;
- to or through underwriters;
- through dealers; and
- through a combination of any of the foregoing methods of sale.

If any securities are sold pursuant to this prospectus by any persons other than us, we will, in a prospectus supplement, name the selling security holders, indicate the nature of any relationship such holders have had to us or any of our affiliates during the three years preceding such offering, state the amount of securities of the class owned by such security holder prior to the offering and the amount to be offered for the security holder's account, and state the amount and (if one percent or more) the percentage of the class to be owned by such security holder after completion of the offering.

We or any selling security holder may directly solicit offers to purchase securities, or agents may be designated to solicit such offers. We will, in the prospectus supplement relating to such offering, name any agent that could be viewed as an underwriter under the Securities Act of 1933, as amended (the "Securities Act"), and describe any commissions that we or any selling security holder must pay. Any such agent will be acting on a best efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis. Agents, dealers and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

If any underwriters or agents are utilized in the sale of the securities in respect of which this prospectus is delivered, we and, if applicable, any selling security holder will enter into an underwriting agreement or other agreement with them at the time of sale to them, and we will set forth in the prospectus supplement relating to such offering the names of the underwriters or agents and the terms of the related agreement with them.

If a dealer is utilized in the sale of the securities in respect of which the prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Remarketing firms, agents, underwriters and dealers may be entitled under agreements which they may enter into with us to indemnification by us and by any selling security holder against certain civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities

[Table of Contents](#)

may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Any underwriter, agent or dealer utilized in the initial offering of securities will not confirm sales to accounts over which it exercises discretionary authority without the prior specific written approval of its customer.

[Table of Contents](#)**VALIDITY OF SECURITIES**

In connection with particular offerings of the securities in the future, and if stated in the applicable prospectus supplements, the validity of those securities will be passed on for us by Davis Polk & Wardwell LLP, and for any underwriters or agents, by counsel named in the applicable prospectus supplement.
