- fluctuations in oil and gas prices, foreign currency exchange rates, interest rates and tax or royalty rates;
- the outcome and effects of any future acquisitions and dispositions;
- health, safety, security and environmental risks, including risks related to the possibility of major accidents;
- environmental, regulatory and compliance risks, including with respect to greenhouse gases and hydraulic fracturing;
- uncertainties as to the availability and cost of credit and other financing and changes in capital markets;
- risks in conducting foreign operations (for example, civil, political and fiscal instability and corruption);
- risks related to the attraction retention and development of personnel;
- changes in general economic and business conditions;

- the possibility that government policies, regulations or laws may change or governmental approvals may be delayed or withheld, including with respect to shale gas drilling; and
- results of our risk mitigation strategies, including insurance and any hedging activities.

We caution that the foregoing list of risks is not exhaustive. Events or circumstances could cause our actual results to differ materially from those estimated or projected and expressed in, or implied by, these forward-looking statements. Additional information concerning certain of these and other factors which could affect our operations or financial results are included under the heading "Risk Factors" in the prospectus, and in certain information incorporated by reference therein, including, in our Management's Discussion and Analysis, under the heading "Risk Factors" in our Annual Information Form as well as in our other reports on file with Canadian securities regulatory authorities and the U.S. Securities and Exchange Commission.

Forward-looking information is based on the estimates and opinions of our management at the time the information is presented. We undertake no obligation to update forward-looking information should circumstances or management's estimates or opinions change, except as required by law.

For a more complete description of the terms of the notes, see "Description of the Notes" in this prospectus supplement and "Description of Debt Securities" in the prospectus. In this summary, "we", "us", "our" or "Talisman" refer to Talisman Energy Inc. without any of its subsidiaries through which it operates.

Interest Payment Dates	May 15 and November 15 of each year, beginning November 15, 2012.

Ranking	The notes will be our direct, unsecured and unsubordinated obligations and will rank equally with all of our existing and future unsecured and unsubordinated indebtedness. We conduct a substantial portion of our business through corporate and partnership subsidiaries. The notes will be structurally subordinate to all existing and future indebtedness and liabilities of any of our corporate and partnership subsidiaries. At any time on or after November 15, 2041 the notes will be redeemable in whole or in part, at our option, at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued interest thereon to the date of redemption. See "Description of the Notes—Optional Redemption" in this prospectus supplement. We may also redeem the notes in whole, but not in part, at the redemption price described in the accompanying prospectus if certain changes affecting Canadian withholding taxes occur. See "Description of Debt Securities—Tax Redemption" in the prospectus.
Sinking Fund	None.
Certain Covenants	<p>The indenture pursuant to which the notes will be issued contains certain covenants that, among other things, limit:</p> <ul style="list-style-type: none">• our ability and the ability of our Restricted Subsidiaries (as defined in the indenture) to create liens; and• our ability (but not the ability of our corporate and partnership subsidiaries) to merge, amalgamate or consolidate with, or sell all or substantially all of our assets to, any other person other than our Restricted Subsidiaries. <p>These covenants are subject to important exceptions and qualifications that are described under the caption "Description of Debt Securities—Certain Covenants" in the prospectus.</p>

Further Issuances	We may, from time to time, without notice to or the consent of holders of the notes, create and issue additional notes ranking equally with the notes offered hereby in all respects (or in all respects except for the payment of interest accruing prior to the issue date of the new notes or except for the first payment of interest following the issue date of the new notes). These additional notes may be consolidated and form a single series with the notes offered hereby and have the same terms as to status, redemption or otherwise as the notes offered hereby.

We may invest funds that we do not immediately use in short-term marketable securities.
Additional Amounts	Any payments made by us with respect to the notes will be made without withholding or deduction for Canadian taxes unless required to be withheld or deducted by law or by the interpretation or administration thereof. If we are so required to withhold or deduct for Canadian taxes with respect to a payment to the holders of notes, we will pay the additional amounts necessary so that the net amount received by the holders of notes after such withholding or deduction is not less than the amount that such holders would have received in the absence of the withholding or deduction. However, no additional amount will be payable in excess of the additional amounts that would be payable if the holder was a resident of the United States for purposes of the Canada-U.S. Income Tax Convention (1980), as amended. DESCRIPTION OF THE NOTES

The following description of the terms of the notes supplements the description set forth in the prospectus and should be read in conjunction with "Description of Debt Securities" in the prospectus. In addition, such description is qualified in its entirety by reference to the Indenture under which the notes are to be issued, referred to in the prospectus. Capitalized terms used but not defined in the prospectus supplement have the meanings ascribed to them in the prospectus. In this section only, "we", "us", "our" or "Talisman" refer to Talisman Energy Inc. without any of its subsidiaries through which it operates.

General

Payment of the principal, premium, if any, and interest on the notes will be made in United States dollars.

The notes initially will be issued in an aggregate principal amount of US\$600 million and will mature on May 15, 2042. The notes will bear interest at the rate of 5.50% per year. Interest will be payable on the notes from May 18, 2012 or from the most recent date to which interest has been paid or provided for, payable semi-annually in arrears on May 15 and November 15 of each year, to the persons in whose names the notes are registered at the close of business on the preceding May 1 or November 1, respectively. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. The notes will be sold in denominations of US\$2,000 and integral multiples of US\$1,000.

We may from time to time without notice to, or the consent of, the holders of the notes, create and issue additional notes under the Indenture. Unless otherwise set forth in a prospectus supplement, such additional notes will rank equally and have the same terms as the notes offered hereby in all respects (or in all respects except for the payment of interest accruing prior to the issue date of the additional notes, or except, in some cases, for the first payment of interest following the issue date of the additional notes) so that the additional notes may be consolidated and form a single series with these notes, and have the same terms as to status, redemption and otherwise as these notes. In the event that additional notes are issued, we will prepare a new prospectus supplement.

The notes will not be entitled to the benefit of any sinking fund. We may issue debt securities and incur additional indebtedness other than through the offering of notes pursuant to this prospectus supplement. The Indenture does not limit the amount of the debt securities or other indebtedness we may issue.

The provisions of the Indenture relating to the payment of Additional Amounts in respect of Canadian withholding taxes in certain circumstances (described under the caption "Description of Debt Securities—Certain Covenants—Additional Amounts" in the prospectus) and the provisions of the Indenture relating to the redemption of notes in the event of specified changes in Canadian withholding tax law on or after the date of this prospectus supplement (described under the caption "Description of Debt Securities—Tax Redemption" in the prospectus) will apply to the notes. These provisions state that any payments made by us with respect to the notes will be made without withholding or deduction for Canadian taxes unless required to be withheld or deducted by law or by the interpretation or administration thereof. If we are so required to withhold or deduct for Canadian taxes with respect to a payment to the holders of notes, we will pay the additional amount necessary so that the net amount received by the holders of notes after such withholding or deduction is not less than the amount that such holders would have received in the absence of the withholding or deduction. However, no additional amount will be payable in excess of the additional amount that would be payable if the holder was a resident of the United States for purposes of the Canada-U.S. Income Tax Convention (1980), as amended. See "Description of Debt Securities—Certain Covenants—Additional Amounts" in the prospectus.

The notes will not be listed on any securities exchange.

Ranking and Other Indebtedness

The notes will be our direct, unsecured and unsubordinated obligations and will rank equally with all of our existing and future unsecured and unsubordinated indebtedness. We conduct a substantial portion of our business through corporate and partnership subsidiaries. The notes will be subordinated to all of our secured debt to the extent of the assets securing such debt and will be structurally subordinate to all existing and future indebtedness and liabilities of any of our corporate and partnership subsidiaries, including trade payables and other indebtedness. As at March 31, 2012, our subsidiaries had approximately \$2.7 billion of indebtedness and other liabilities to third parties, including accounts payable and income and other taxes payable.

Certain Covenants

The accompanying prospectus describes certain covenants restricting Talisman and its Restricted Subsidiaries. As at March 31, 2012, Talisman Energy Canada is Talisman's only Restricted Subsidiary.

Optional Redemption

The notes will be redeemable, in whole or in part, at our option at any time prior to November 15, 2041 at a redemption price equal to the greater of:

- 100% of the principal amount of the notes to be redeemed, and
- the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate (as defined below) plus 40 basis points.

in either case, plus accrued interest thereon to the date of redemption.

At any time on or after November 15, 2041, the notes will be redeemable in whole or in part, at our option, at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus accrued interest thereon to the date of redemption.

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

"Comparable Treasury Issue" means the U.S. Treasury security or securities selected by the Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

"Comparable Treasury Price" means, with respect to any redemption date, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if fewer than four such Reference Treasury Dealer Quotations are obtained, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers, which is appointed by the Trustee after consultation with us.

"Reference Treasury Dealers" means each of J.P. Morgan Securities LLC, Citigroup Global Markets Inc., Barclays Capital Inc., BNP Paribas Securities Corp. and HSBC Securities (USA) Inc. or their respective affiliates, (each a "Primary Treasury Dealer") and their respective successors; provided, however, that if any of the foregoing or their affiliates shall cease to be a Primary Treasury Dealer in the United States, we shall substitute for it another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Reference Treasury Dealer, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted by such Reference Treasury Dealers at 3:30 p.m., New York Time, on the third business day preceding such redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or the portions of the notes called for redemption. In the case of a partial redemption of notes, selection of such notes for redemption will be made pro rata, by lot or such other method as the Trustee in its sole discretion deems appropriate and just. If any note is redeemed in part, the notice of redemption relating to such note shall state the portion of the principal amount thereof to be redeemed; provided that no note in an aggregate principal amount of \$2,000 or less shall be redeemed in part. A replacement note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original note.

Book-Entry System

The Depository Trust Company ("DTC" or the "Depository"), New York, NY, will act as securities depository for the notes. The notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One or more fully-registered global notes (hereinafter referred to as the "Global Notes") will be issued for the notes, in the aggregate principal amount of such issue, and will be deposited with DTC. The provisions set forth under "Description of Debt Securities—Debt Securities in Global Form" in the prospectus will be applicable to the notes.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that DTC's direct participants deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly ("indirect participants"). The DTC Rules applicable to its participants are on file with the Securities and Exchange Commission.

Purchases of notes under the DTC system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each actual purchaser of each note ("beneficial owner") is in turn to be recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the Global Notes are to be accomplished

by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the Global Notes, except in the event that use of the book-entry system for the notes is discontinued.

To facilitate subsequent transfers, all securities deposited by direct participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Global Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the Global Notes; DTC's records reflect only the identity of the direct participants to whose accounts such securities are credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of notes may wish to take certain steps to ensure timely transmission to them of notices of significant events with respect to the notes, such as redemptions, tenders, defaults, and proposed amendments to the documents under which the notes are issued. For example, a beneficial owner of the notes may wish to ascertain that the direct or indirect participant holding the notes for its benefit has agreed to obtain and transmit notices to beneficial owners.

None of DTC, Cede & Co., or any other DTC nominee will consent or vote with respect to the Global Notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the securities are credited on the record date. These participants are identified in a listing attached to the omnibus proxy.

Principal, premium (if any) and interest on the Global Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us, on the applicable payment date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with notes held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of these participants and not of DTC or its nominee, us, the trustee, or any other agent or party, subject to any statutory or regulatory requirements that may be in effect from time to time. Payment of principal and any premium or interest to Cede & Co., or any other nominee as may be requested by an authorized representative of DTC, is our responsibility. Disbursement of the payments to direct participants is the responsibility of DTC, and disbursement of the payments to the beneficial owners is the responsibility of the direct or indirect participants.

We will send any redemption notices to DTC. If less than all of the notes of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in the issue to be redeemed.

A beneficial owner must give any required notice of its election to have its notes repurchased through the participant through which it holds its beneficial interest in the Global Notes to the applicable trustee or tender agent. The beneficial owner shall effect delivery of its notes by causing the direct participant to transfer its interest in the securities on DTC's records, to the applicable trustee or tender agent. The requirement for physical delivery of notes in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the securities are transferred by the direct participant on DTC's records and followed by a book-entry credit of tendered notes to the applicable trustee or agent's DTC account.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for its accuracy.

Certificated Notes

The Depository may discontinue providing its services as depository with respect to the notes at any time by giving reasonable notice to us and the Trustee. Under these circumstances, and in the event that a successor depository is not appointed by us within 60 days, notes in certificated form are required to be printed and delivered. In addition, we may decide to discontinue use of the system of book-entry transfers through the Depository (or a successor depository). In that event, notes in certificated form will be printed and delivered. If at any time the Depository ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 60 days or if there shall have occurred and be continuing an Event of Default under the Indenture with respect to the notes and the Trustee has received a request from a beneficial holder of outstanding notes to issue notes in certificated form to such holder, we will issue individual notes in certificated form in exchange for the Global Notes.

Enforceability of Judgments

Since most of our assets, as well as the assets of a number of our directors and officers, are outside the United States, any judgment obtained in the United States against us or certain of our directors or officers, including judgments with respect to the payment of principal on any debt securities, may not be collectible within the United States. There is doubt as to the enforceability, in original actions in Canadian courts, of liabilities based upon the U.S. federal securities laws and as to the enforceability in Canadian courts of judgments of U.S. courts obtained in actions based upon the civil liability provisions of the U.S. federal securities laws. Therefore, it may not be possible to enforce those actions against us, our directors and officers or the experts named in the prospectus.

CERTAIN INCOME TAX CONSIDERATIONS

United States

The following summary describes certain U.S. federal income tax consequences that may be relevant to the purchase, ownership and disposition of notes by United States persons (as defined below) who purchase notes in this offering at the issue price set forth on the cover of this Prospectus Supplement and who hold the notes as capital assets ("U.S. Holders") within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"). This summary does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to particular holders in light of their particular circumstances nor does it deal with persons that are subject to special tax rules, such as dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, financial institutions, insurance companies, tax-exempt organizations, persons holding the notes as a part of a straddle, hedge, or conversion transaction or a synthetic security or other integrated transaction, U.S. expatriates, U.S. Holders whose "functional currency" is not the U.S. dollar, and holders who are not U.S. Holders. In addition, this summary does not address the tax consequences applicable to subsequent purchasers of the notes, and does not address any aspect of gift, estate or inheritance, or state, local or foreign tax law. Furthermore, the summary below is based upon the provisions of the Code and U.S. Treasury regulations, rulings and judicial decisions under the Code as of the date of this Prospectus Supplement, and those authorities may be repealed, revoked or modified (possibly with retroactive effect) so as to result in U.S. federal income tax consequences different from those discussed below. There can be no assurance that the Internal Revenue Service ("IRS") will take a similar view as to any of the tax consequences described in this summary.

Persons considering the purchase, ownership or disposition of notes should consult their own tax advisors concerning the U.S. federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any state or of any local or foreign taxing jurisdiction.

As used in this section, the term "United States person" means a beneficial owner of a note that is (i) a citizen or individual resident of the United States, (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any political subdivision of the United States, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source or (iv) a trust (A) if a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (B) that was in existence on August 20, 1996, was treated as a United States person under the Code on the previous day, and validly elected to continue to be so treated under applicable U.S. Treasury regulations.

If a partnership (or an entity taxable as a partnership for U.S. federal income tax purposes) holds a note, the U.S. federal income tax treatment of a partner generally will depend on the status of the partner and the activities of the partnership. A partner of a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holding a note should consult its own tax advisors.

Payments of Interest

Interest on a note will generally be includible by a U.S. Holder as ordinary income at the time the interest is paid or accrued, depending on the U.S. Holder's method of accounting for U.S. federal income tax purposes. For U.S. foreign tax credit purposes, interest income on a note generally will constitute foreign source income and will be considered either "passive category income" or "general category income" for such purposes. The rules governing the foreign tax credit are complex and investors are urged to consult their own tax advisors regarding the availability of the credit under their particular circumstances.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a note, a U.S. Holder generally will recognize capital gain or loss equal to the difference between the amount realized (reduced by any amounts attributable to accrued but unpaid interest, which will be taxable as ordinary income) and the U.S. Holder's adjusted tax basis in the note. Such gain or loss generally will constitute long-term capital gain or loss if the note was held by such U.S. Holder for more than one year and otherwise will be short-term capital gain or loss. Under current law, net capital gains of non-corporate taxpayers (including individuals) are, under some circumstances, taxed at lower rates than items of ordinary income. The deductibility of capital losses is subject to limitations. In the case of a U.S. Holder who is a United States resident (as defined in Section 865 of the Code), any such gain or loss will be treated as U.S. source, unless it is attributable to an office or other fixed place of business outside the United States and certain other conditions are met.

Medicare Tax

For taxable years beginning after December 31, 2012, a U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) the U.S. Holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income will generally include the interest payments and the net gains realized from the disposition of the notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). U.S. Holders that are individuals, estates or trusts, are urged to consult their own tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the notes.

Backup Withholding and Information Reporting

In general, information reporting requirements will apply to payments of principal and interest on a note and payments of the proceeds of sale to U.S. Holders other than certain exempt recipients (such as corporations). In addition, a backup withholding tax (currently at a rate of 28% but scheduled to increase, absent statutory change, to 31% for taxable years beginning after December 31, 2012) may apply to such payments if such a U.S. Holder fails to provide an accurate taxpayer identification number or otherwise fails to comply with applicable requirements of the backup withholding rules. Any amounts withheld under those rules will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability or refundable to the extent it exceeds such liability. A U.S. Holder who does not provide a correct taxpayer identification number may be subject to penalties imposed by the IRS.

Information with Respect to Foreign Financial Assets

Individuals that own "specified foreign financial assets" with an aggregate value in excess of \$50,000 will generally be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" include any financial accounts maintained by foreign financial institutions, as well as any of the following, but only if they are not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons; (ii) financial instruments and contracts held for investment that have non-U.S. issuers or counterparties; and (iii) interests in foreign entities. Under these rules, the notes may be treated as "specified foreign financial assets". Therefore, individuals are urged to consult their own tax advisors regarding the application of this legislation to their investment in the notes.

The discussion of U.S. federal income tax consequences set forth above is for general information only. Prospective purchasers should consult their own tax advisors with respect to the tax consequences to them of the purchase, ownership and disposition of the notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

Canada

The following describes the principal Canadian federal income tax considerations as of the date of this prospectus supplement, generally applicable to a purchaser of notes (a "Non-Resident Holder") who, for the purposes of the *Income Tax Act* (Canada) (the "ITA") at all relevant times, is not, and is not deemed to be, resident in Canada, does not use or hold and is not deemed to use or hold the notes in carrying on a business in Canada, deals at arm's length with Talisman, is not an authorized foreign bank and is not an insurer that carries on an insurance business in Canada and elsewhere.

This summary takes into account the current provisions of the ITA and the regulations passed pursuant to the ITA (the "ITA Regulations") in force as of the date of this prospectus supplement, and proposals to amend the ITA and ITA Regulations publicly announced by the date of this prospectus supplement by the federal Minister of Finance and the current published administrative practices of the Canada Revenue Agency. This description is not exhaustive of all Canadian federal income tax considerations and does not anticipate any changes in law whether by legislative, government or judicial action other than the passage of such publicly announced proposed amendments to the ITA or ITA Regulations, nor does it take into account provincial, territorial or foreign tax considerations which may differ from the Canadian federal income tax considerations described in this prospectus supplement.

This summary is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder of notes. Prospective holders should consult their own Canadian tax advisors with respect to the Canadian income tax considerations associated with their participation in this offering.

Pursuant to the ITA, interest paid or credited or deemed to be paid or credited by Talisman on the notes as the case may be, to a Non-Resident Holder will be exempt from Canadian withholding tax. No

other taxes on income (including taxable capital gains) will be payable pursuant to the ITA by a Non-Resident Holder in respect of the acquisition, ownership or disposition of the notes.

("SMBC Nikko-SI"), as permitted under applicable law. To that end, SMBC Nikko Capital Markets Limited and SMBC Nikko-SI have entered into an agreement pursuant to which SMBC Nikko-SI provides certain advisory and/or other services with respect to this offering. In the underwriting agreement, the underwriters have severally agreed, subject to the terms and conditions set forth therein, to purchase all the notes offered hereby if any of the notes are purchased. In the event of default by an underwriter, the underwriting agreement provides that, in certain circumstances, purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. The obligations of the underwriters under the underwriting agreement may also be terminated upon the occurrence of certain stated events.

We have agreed to severally indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives of the underwriters have advised us that the underwriters propose initially to offer the notes to the public at the public offering prices set forth on the cover of this prospectus supplement and to certain dealers at such prices less a concession not in excess of 0.50% of the principal amount of the notes. The underwriters may allow, and such dealers may realow, a discount not in excess of 0.25% of the principal amount of the notes to certain other dealers. After the initial public offering, the public offering prices, concessions and discounts may be changed by the underwriters.

The expenses of the offering, not including the underwriting commission, are estimated to be approximately US\$1.5 million and are payable by us.

No Sales of Similar Securities

We have agreed not to, prior to the closing of this offering, offer, sell, contract to sell, or otherwise dispose of any of our debt securities which mature more than one year after the closing of this offering and which are substantially similar to the notes, or publicly announce an intention to effect such transaction, without the prior written consent of the representatives of the underwriters.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

FINRA Regulation

Certain of the underwriters and/or their affiliates have performed certain investment banking, commercial banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business. Also, certain of the underwriters are affiliates of banks which are lenders to us and to which we may be indebted from time to time. As a consequence of their participation in the offering, the underwriters affiliated with such banks will be entitled to share in the underwriting commission relating to the offering of the notes. The decision to distribute the notes hereunder and the determination of the terms of the offering were made through negotiations between us and the underwriters. Although the banks did not have any involvement in such decision or determination, a portion of the proceeds of the offering may be used by us to repay indebtedness to or debt securities held by one or more of such banks and may be used to repay certain other lenders. As a result, one or more of the underwriters and/or their affiliates may receive more than 5% of the net proceeds of the offering. Accordingly, the offering of the notes is being made pursuant to Rule 5121 of the Financial Industry Regulatory Authority ("FINRA"). The appointment of a qualified independent underwriter is not necessary in connection with the offering because the conditions of Rule 5121(a)(1)(C) of FINRA are satisfied.

Price Stabilization and Short Positions

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriters create a short position in the notes in connection with the offering, (i.e., if they sell more notes than are on the cover page of this prospectus supplement), the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters makes any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Sales Outside the United States

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed, and each further underwriter appointed will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date"), it has not made and will not make an offer of the notes to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of the notes to the public in that Relevant Member State:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 Prospectus Directive Amending Directive (as defined below), 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the book-running manager for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of the notes referred to in (a) to (c) above shall require Talisman or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an "offer of the notes to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;
- the expression "Prospectus Directive" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State; and
- the expression "2010 Prospectus Directive Amending Directive" means Directive 2010/73EU.

Notice to Investors in the United Kingdom

Each of the underwriters has represented, warranted and agreed as follows:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 ("FSMA")) received by it in connection with the issue or sale of the notes in circumstances in which section 21(1) of FSMA does not apply to Talisman; and
- (b) it has complied with, and will comply with all applicable provisions of FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Talisman Energy Inc. ("Talisman" or the "Corporation") may from time to time offer debentures, notes or other evidence of indebtedness of any kind, nature or description ("debt securities"), common shares, preferred shares, subscription receipts, warrants and units of the Corporation (collectively, debt securities, common shares, preferred shares, subscription receipts, warrants and units are referred to herein as the "Securities") having an aggregate offering price of up to \$3,500,000,000 (or the equivalent in United States dollars or other currencies) during the 25 month period that this short form base shelf prospectus remains valid. Securities may be offered separately or together, in amounts, at prices and on terms to be determined based on market conditions at the time of sale and set forth in one or more prospectus supplements.

The outstanding common shares are listed and posted for trading on the Toronto Stock Exchange ("TSX") and on the New York Stock Exchange ("NYSE") under the symbol "TLM". **There is no market through which the debt securities, preferred shares, subscription receipts, warrants or units may be sold and purchasers may not be able to resell any debt securities, preferred shares, subscription receipts, warrants or units purchased under this prospectus. This may affect the pricing of these securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. See the "Risk Factors" section of the applicable prospectus supplement.**

The Corporation may sell the Securities to or through underwriters purchasing as principals and may also sell the Securities to one or more purchasers directly or through agents. See "Plan of Distribution". The prospectus supplement relating to a particular offering of Securities will identify each underwriter or agent, as the case may be, engaged by the Corporation in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including the method of distribution of such Securities, the proceeds to the Corporation, any fees, discounts or other compensation payable to underwriters or agents and any other material terms of the plan of distribution.

Unless provided otherwise in a prospectus supplement relating to a particular offering of Securities, the underwriters may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. See "Plan of Distribution".

The Corporation is permitted, under a multijurisdictional disclosure system adopted by the United States, to prepare this prospectus in accordance with Canadian disclosure requirements, which are different from those of the United States. Financial statements included or incorporated herein have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board, and are subject to Canadian auditing and auditor independence standards. They may not be comparable to financial statements of United States companies.

Prospective investors should be aware that the purchase of the securities described herein may have tax consequences both in Canada and the United States. This prospectus or any applicable prospectus supplement may not describe these tax consequences fully. You should read the tax discussion in any applicable prospectus supplement.

The enforcement by investors of civil liabilities under the United States federal securities laws may be affected adversely because the Corporation is incorporated in Canada, most of the Corporation's officers and directors and the experts named in this prospectus are Canadian residents, and most of the Corporation's assets and the assets of the Corporation's officers and directors and the experts are located outside of the United States.

Neither the U.S. Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or

disapproved these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offence.

The principal and head office of the Corporation is located at Suite 2000, 888 – 3rd Street S.W., Calgary, Alberta, Canada T2P 5C5.

USE OF PROCEEDS

The use of proceeds from the sale of any Securities will be described in a prospectus supplement relating to the specific issuance of Securities. DESCRIPTION OF DEBT SECURITIES

In this section entitled "Description of Debt Securities", "we", "us", or "our" refer to Talisman Energy Inc. The following description sets forth certain general terms and provisions of the debt securities. We will provide the particular terms and provisions of a series of debt securities and a description of how the general terms and provisions described below may apply to that series in a supplement to this prospectus.

The debt securities will be issued under an indenture, as may be supplemented from time to time, between us and The Bank of Nova Scotia Trust Company of New York, as "Trustee" (hereinafter referred to as the "**Indenture**") dated January 27, 2006. The Indenture is subject to and governed by the U.S. Trust Indenture Act of 1939, as amended. A copy of the Indenture has been filed as an exhibit to the registration statement filed with the SEC. The following summaries of the Indenture and the debt securities are brief summaries of certain provisions of the Indenture and do not purport to be complete; these statements are subject to the detailed provisions of the Indenture, including the definition of capitalized terms used under this caption. We may issue debt securities and incur additional Indebtedness other than through the offering of debt securities pursuant to this prospectus.

General

The Indenture does not limit the aggregate principal amount of debt securities (which may include debentures, notes and other unsecured and unsubordinated evidences of indebtedness) that we may issue under the Indenture. It provides that debt securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars or any other currency. Special Canadian and U.S. federal income tax considerations applicable to any of our debt securities denominated in such foreign currency will be described in the prospectus supplement relating to any offering of debt securities denominated in a foreign currency. The Indenture also permits us to increase the principal amount of any series of our debt securities previously issued and to issue that increased principal amount.

The applicable prospectus supplement will set forth the specific terms of the debt securities or a series of debt securities being offered and may include, but may not be limited to, the following:

- the specific designation and the aggregate principal amount of the debt securities of such series;
- the percentage or percentages of principal amount at which our debt securities of such series will be issued;
- the date or dates on which the principal of (and premium, if any, on) our debt securities of such series will be payable and the portion (if less than the principal amount) of the debt securities of such series to be payable upon a declaration of acceleration of maturity and/or the method by which such date or dates shall be determined;

- the rate or rates (whether fixed or variable) at which our debt securities of such series will bear interest, if any, and the date or dates from which such interest will accrue;
- the dates on which any interest will be payable and the regular record dates for the payment of interest on our debt securities of such series in registered form;
- the place or places where the principal of (and premium, if any) and interest, if any, on our debt securities will be payable and each office or agency where our debt securities of such series may be presented for registration of transfer or exchange;
- if other than U.S. dollars, the currency in which our debt securities of such series are denominated or in which currency payment of the principal of (and premium, if any) and interest, if any, on such debt securities of such series will be payable;
- whether our debt securities of such series will be issuable in the form of one or more global securities and if so the identity of the depository for the global securities;
- any mandatory or optional redemption or sinking fund provisions;
- the period or periods, if any, within which, the price or prices at which, the currency in which and the terms and conditions upon which our debt securities of such series may be redeemed or purchased by us;
- the terms and conditions, if any, upon which you may redeem our debt securities of such series prior to maturity and the price or prices at which and the currency in which our debt securities of such series are payable;
- the terms, if any, on which our debt securities may be converted or exchanged for other of our securities or securities of our subsidiaries;
- any other terms of our debt securities of such series including covenants and events of default which differ from the covenants or events of default in the general provisions of the Indenture, apply solely to a particular series of our debt securities being offered which do not apply generally to other debt securities, or any covenants or events of default generally applicable to our debt securities, including our covenant to pay Additional Amounts and our option to redeem the debt securities of such series rather than pay Additional Amounts, which do not apply to a particular series of our debt securities;
- any applicable Canadian and U.S. federal income tax consequences;
- whether the series of our debt securities are to be registered securities, unregistered securities (with or without coupons) or both; and
- if other than denominations of US\$1,000 and any integral multiple thereof, the denominations in which any registered securities of the series shall be issuable and, if other than the denomination of US\$5,000, the denomination or denominations in which any unregistered securities of the series shall be issuable.

Our debt securities may be issued under the Indenture bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, or be offered and sold at a discount below their stated principal amount. The Canadian and U.S. federal income tax consequences and other special considerations applicable to any such discounted debt securities or other debt securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or U.S. federal income tax purposes will be described in the prospectus supplement relating to the debt securities.

Unless otherwise indicated in a prospectus supplement, the Indenture does not afford holders of our debt securities the right to tender such debt securities to us for repurchase or provide for any increase in the rate or rates of interest at which our debt securities will bear interest in the event we should become involved in a highly leveraged transaction or in the event we have a change in control.

Ranking and Other Indebtedness

Our debt securities will be unsecured obligations and will rank equally and *pari passu* in right of payment priority with all of

our other unsecured and unsubordinated Indebtedness. The debt securities will be structurally

subordinated to all existing and future liabilities of any of our corporate or partnership subsidiaries, including trade payables and other indebtedness.

Debt Securities in Global Form

The Depository, Book-Entry and Settlement

Unless otherwise specified in a prospectus supplement, a series of our debt securities will be issued in global form as a "global security" and will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the prospectus supplement relating to that series. Unless and until exchanged, in whole or in part, for our debt securities in definitive registered form, a global security may not be transferred except as a whole by the depository for such global security to a nominee of the depository, by a nominee of the depository to the depository or another nominee of the depository or by the depository or any such nominee to a successor of the depository or a nominee of the successor.

The specific terms of the depository arrangement with respect to any portion of a particular series of our debt securities to be represented by a global security will be described in a prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of our debt securities represented by the global security to the accounts of such persons, designated as "participants", having accounts with such depository or its nominee. Such accounts shall be designated by the underwriters or agents participating in the distribution of our debt securities or by us if such debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository therefor or its nominee (with respect to interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants).

So long as the depository for a global security or its nominee is the registered owner of the global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have a series of our debt securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of such series of our debt securities in definitive form and will not be considered the owners or holders thereof under the Indenture.

Any payments of principal, premium, if any, and interest on global securities registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing such debt securities. None of us, the Trustee or any paying agent for our debt securities represented by the global securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depository for a global security or its nominee, upon receipt of any payment of principal, premium or interest, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of such depository or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

Discontinuance of Depository's Services

If a depository for a global security representing a particular series of our debt securities is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 60 days, we will issue such series of our debt securities in definitive form in exchange for a global security representing

such series of our debt securities. If an event of default under the Indenture has occurred and is continuing, debt securities in definitive form will be printed and delivered upon written request by the holder to the Trustee. In addition, we may at any time and in our sole discretion determine not to have a series of our debt securities represented by a global security and, in such event, will issue a series of our debt securities in definitive form in exchange for all of the global securities representing that series of debt securities.

Debt Securities in Definitive Form

A series of our debt securities may be issued in definitive form, solely as registered securities, solely as unregistered securities or as both registered securities and unregistered securities. Registered securities will be issuable in denominations of US\$1,000 and integral multiples of US\$1,000 and unregistered securities will be issuable in denominations of US\$5,000 and integral multiples of US\$5,000 or, in each case, in such other denominations as may be set out in the terms of the debt securities of any particular series. Unless otherwise indicated in the applicable prospectus supplement, unregistered securities will have interest coupons attached.

Unless otherwise indicated in the applicable prospectus supplement, payment of principal of (and premium, if any) and interest, if any, on our debt securities (other than global securities) will be made at the office or agency of the Trustee, at One Liberty Plaza, New York, New York, or we can pay principal, interest and any premium by check mailed or delivered to the address of the person entitled at the address appearing in the security register of the Trustee or electronic funds wire or other transmission to an account of the person entitled to receive payments. Unless otherwise indicated in the applicable prospectus supplement, payment of any interest will be made to the persons in whose name our debt securities are registered at the close of business on the day or days specified by us.

A prospectus supplement may indicate the places to register a transfer of our debt securities in definitive form. Except for certain restrictions set forth in the Indenture, no service charge will be payable by the holder for any registration of transfer or exchange of our debt securities in definitive form, but we may, in certain instances, require a sum sufficient to cover any tax or other governmental charges payable in connection with these transactions.

We shall not be required to:

- issue, register the transfer of or exchange any series of our debt securities in definitive form during a period beginning at the opening of business 15 days before any selection of securities of that series of our debt securities to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption;
- register the transfer of or exchange any registered security in definitive form, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part; or
- issue, register the transfer of or exchange any of our debt securities in definitive form which have been surrendered for repayment at the option of the holder, except the portion, if any, thereof not to be so repaid.

Certain Covenants

Limitations on Liens

The Indenture provides that, so long as any of our debt securities of any series remain outstanding, we will not, and will not permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Liens securing the Indebtedness of any person, except for Permitted Encumbrances, upon or with respect to our or their respective properties, assets or undertaking whether now owned or hereafter acquired, unless at the time thereof or prior thereto, the debt securities then outstanding under the Indenture are equally and ratably secured with such Indebtedness.

Consolidation, Amalgamation, Merger and Sale of Assets

We may not enter into any transaction, or series of transactions, whereby all or substantially all of our undertaking, property and assets would become the property of any successor company whether by way of

reconstruction, reorganization, consolidation, amalgamation, merger, transfer, sale, conveyance, lease or otherwise unless:

- the successor entity expressly assumes or assumes by operation of law all of our obligations under our debt securities and under the Indenture;
- at the time of and after giving effect to such transaction, no event of default, and no condition which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing as to us or the successor company; and
- certain other conditions are met;

provided that the above restriction shall not apply to any transaction whereby we, or any Restricted Subsidiary, remain or become the successor company, although any Restricted Subsidiary which becomes the successor company shall, in any event, expressly assume all of our obligations under our debt securities and under the Indenture if it does not assume them by operation of law.

Additional Amounts

Unless otherwise specified in the applicable prospectus supplement, all payments made by us under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "Canadian Taxes"), unless we are required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the debt securities, we will pay as additional interest such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each holder of debt securities after such withholding or deduction (and after deducting any Canadian Taxes on such Additional Amounts) will not be less than the amount such holder would have received if such Canadian Taxes had not been withheld or deducted. However, no Additional Amounts will be payable with respect to a payment made to a debt securities holder (such holder, an "Excluded Holder") in respect of the beneficial owner thereof:

- with which we do not deal at arm's length (within the meaning of the Income Tax Act (Canada)) at the time of making such payment;
- which is subject to such Canadian Taxes by reason of the debt securities holder's failure to comply with any certification, identification, information, documentation or other reporting requirement, if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes; or
- which is subject to such Canadian Taxes by reason of the debt securities holder being a resident, domicile or national of, or engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of the debt securities or the receipt of payments thereunder.

In any event, no Additional Amounts will be payable in excess of Additional Amounts which would be required if the holder of debt securities was a resident of the United States for purposes of the Canada-U.S. Income Tax Convention (1980), as amended.

We also will:

- make such withholding or deduction; and
- remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

We will furnish to the holders of the debt securities, within 60 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by us.

We will, upon demand by a holder of debt securities (other than an Excluded Holder), indemnify such holder of debt securities for:

- any Canadian Taxes so levied or imposed and paid by such holder as a result of payments made under or with respect to the debt securities;
- any liability (including penalties, interest and expenses) arising therefrom or with respect thereto; and
- any Canadian Taxes imposed with respect to any reimbursement under the two preceding clauses, but excluding any such Canadian Taxes on such holder's net income.

Wherever in the Indenture there is mentioned, in any context, the payment of principal and premium, if any, interest or any other amount payable under or with respect to a debt security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Provision of Financial Information

We will:

- furnish to the Trustee, within 10 days after we are required to file or furnish them with or to the SEC, copies (which may be electronic copies) of our annual and interim reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) which we may be required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act; or, if the Company is not required to file information, documents or reports pursuant to either of such Sections, then it shall file with the Trustee and the SEC, in accordance with the rules and regulations prescribed from time to time by the SEC, such of the supplementary and periodic information, documents and reports which may be required pursuant to Section 13 of the Exchange Act in respect of a security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations;
- notwithstanding that we may not be required to remain subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC we will continue to furnish to the Trustee:
 - within 10 days after the time periods required for the filing of Annual Information Forms and annual audited consolidated financial statements by the Canadian securities regulatory authorities, the information required to be provided in an Annual Information Form, annual audited consolidated financial statements or similar annual filings under the securities laws of Canada or any province thereof to security holders of a corporation with securities listed on the TSX or its successor, whether or not we have any of our securities so listed; and
 - within 10 days after the time periods required for the filing of interim reports by the Canadian securities regulatory authorities, the information required to be provided in interim reports under the securities laws of Canada or any province thereof to security holders of a corporation with securities listed on the TSX or its successor, whether or not we have any of our securities so listed.

Tax Redemption

Unless otherwise specified in a prospectus supplement, a series of our debt securities may be subject to redemption at our option at any time, in whole but not in part, on not more than 60 days' and not less than 30 days' notice at a redemption price equal to the principal amount thereof together with accrued and unpaid interest to the date fixed for redemption if:

- as a result of any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or

amendment is announced or becomes effective on or after the date specified in the applicable prospectus supplement, we have or will become obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any debt security of such series as described under "Additional Amounts"; or

- on or after the date specified in the applicable prospectus supplement, any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, Canada or any political subdivision or taxing authority thereof or therein, including any of those actions specified in the clause immediately above, whether or not such action was taken or decision was rendered with respect to us, or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to us of legal counsel of recognized standing, will result in a material probability that we will become obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any debt security of such series and in any such case, we, in our business judgment, determine that such obligation cannot be avoided by the use of reasonable measures available to us.

In the event that we elect to redeem a series of our debt securities pursuant to the provisions set forth in the preceding paragraph, we shall deliver to the Trustee a certificate, signed by an authorized officer, stating that we are entitled to redeem such series of our debt securities pursuant to their terms.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, the following are events of default under the Indenture in relation to the debt securities of any series:

- default in payment of the principal of or premium, if any, on debt securities of that series when due and if the default in payment continues for a period of four days after written notice of the default has been provided to us by the Trustee;
- default in payment of any interest due on any of the debt securities or of any sinking fund payment due with respect to debt securities of that series and if the default in payment continues for a period of 30 days after written notice of the default has been provided to us by the Trustee;

- if any process of execution is enforced or levied upon any of our property or the property of a Restricted Subsidiary and such property has a net book value in excess of the greater of \$100,000,000 and 2% of our Equity, or the equivalent thereof in any other currency, and the process remains unsatisfied for a period of 60 days, as to movable or personal property, or 90 days, as to immovable or real property, provided that the process of execution is not in good faith disputed by us or the Restricted Subsidiary, or, if disputed, we have not given evidence satisfactory to the Trustee that we or the Restricted Subsidiary has available a sum sufficient to pay in full the amount claimed in the event that the claim shall be held to be a valid claim;
- failure by us or a Restricted Subsidiary to make any principal payment at maturity, including any applicable grace period, in respect of any issue of Indebtedness for Borrowed Money in any aggregate amount in excess of the greater of \$100,000,000 and 2% of our Equity, or the equivalent thereof in any other currency, and such failure shall have continued for a period of 30 days after written notice of the failure has been given to us by the Trustee, or to us and the Trustee by the holders of not less than 25% in aggregate principal amount of the outstanding debt securities;
- if a default with respect to any Indebtedness for Borrowed Money of ours or any Restricted Subsidiary occurs, which default results in the acceleration of any such Indebtedness for Borrowed Money of ours or any Restricted Subsidiary in an aggregate amount in excess of the greater of \$100,000,000 and 2% of our Equity, or the equivalent thereof in any other currency, without the Indebtedness for Borrowed Money having been discharged or such acceleration having been cured, waived, rescinded or annulled for a period of 30 days after written notice of the default has been given to us by the Trustee, or to us and the

Trustee by the holders of not less than 25% in aggregate principal amount of the outstanding debt securities; and

- if we neglect to carry out or observe any other covenant or condition contained in the Indenture to be observed and performed by us and after notice in writing has been given by the Trustee to us specifying such default and requiring us to put an end to the same and we fail to make good such default within a period of 60 days or a shorter period as would, at any time, if continued, render any of our property or the property of any Restricted Subsidiary liable to forfeiture, unless the Trustee (having regard to the subject matter of the neglect or non-observance) shall have agreed to a longer period and in such event, within the period agreed by the Trustee.

Additional events of default may be established for a particular series of debt securities issued under the Indenture.

If an event of default under the Indenture occurs and is continuing with respect to a series of our debt securities, then and in every such case the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such affected series may declare the entire principal amount of all debt securities of such series and all accrued interest thereon to be due and payable immediately. However, at any time after a declaration of acceleration with respect to a series of our debt securities has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series, by written notice to us and the Trustee under certain circumstances, shall rescind and annul such acceleration.

Reference is made to the applicable prospectus supplement or supplements relating to each series of our debt securities which are original issue discount debt securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of any event of default and the continuation thereof.

Subject to certain limitations set forth in the Indenture, the holders of a majority in principal amount of the outstanding debt securities of all series affected by an event of default shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the debt securities of all series affected by such event of default.

No holder of a debt security of any series will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless:

- such holder has previously given to the Trustee written notice of a continuing event of default with respect to the debt securities of such series affected by such event of default;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series affected by such event of default have made written request, and such holder or holders have offered reasonable indemnity, to the Trustee to institute such proceeding as Trustee; and
- the Trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of such series affected by such event of default a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, the limitations described above do not apply to a suit instituted by the holder of a debt security for the enforcement of payment of the principal of or any premium or interest on such debt security on or after the applicable due date specified in such debt security. The Indenture requires that we will annually furnish to the Trustee a statement by certain of our officers as to whether or not we, to the best of their knowledge, are in compliance with all conditions and covenants of the Indenture and, if not, specifying all such known defaults. So long as any debt securities are outstanding, we are also required under the Indenture to notify the Trustee as soon as practicable upon becoming aware of any event of default or any event which would, with notification or with the lapse of time or otherwise, constitute an event of default.

Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, the Indenture provides that, at our option, we will be discharged from any and all obligations in respect of the outstanding debt securities of any series upon irrevocable deposit with the Trustee, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants to pay the principal of and premium, if any, and each installment of interest, if any, on the outstanding debt securities of such series ("defeasance") (except with respect to the authentication, transfer, exchange or replacement of our debt securities or the maintenance of a place of payment and certain other obligations set forth in the Indenture). Such trust may only be established if among other things:

- we have delivered to the Trustee an opinion of counsel in the United States stating that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling, or (b) since the date of the Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;
- we have delivered to the Trustee an opinion of counsel in Canada or a ruling from Canada Revenue Agency to the effect that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for Canadian federal income tax purposes as a result of such defeasance and will be subject to Canadian federal income tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of any opinion, such Canadian counsel shall assume that holders of the outstanding debt securities of such series include holders who are not resident in Canada);
- no default or event of default with respect to the debt securities of such series with the passing of time or the giving of notice, or both, shall have occurred and be continuing on the date of such deposit or, with respect to events of default noted in the sixth and seventh bullet points under "Events of Default", at any time during the period ending on the 91st day after the date of such deposit;
- we are not an "insolvent person" within the meaning of the Bankruptcy and Insolvency Act (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit;
- we have delivered to the Trustee an opinion of counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the U.S. Investment Company Act of 1940, as amended; and
- other customary conditions precedent are satisfied.

We may exercise our defeasance option notwithstanding our prior exercise of our covenant defeasance option described in the following paragraph if we meet the conditions described in the preceding sentence at the time we exercise the defeasance option.

The Indenture provides that, at our option, unless and until we have exercised our defeasance option described above, we may omit to comply with the "Limitations on Liens" and "Consolidation, Amalgamation, Merger and Sale of Assets" covenants and certain other covenants and such omission shall not be deemed to be an event of default under the Indenture upon irrevocable deposit with the Trustee, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered accountants to pay the principal of and premium, if any, and each installment of interest, if any, on the outstanding debt securities ("covenant defeasance"). If we exercise our covenant defeasance option, the obligations under the Indenture and the events of default, other than the obligations and events of default with respect to "Limitations on Liens", "Consolidation, Amalgamation, Merger and Sale of Assets" and such other covenants, shall remain in full force and effect. Such trust may only be established if, among other things:

- we have delivered to the Trustee an opinion of counsel in the United States to the effect that the holders of our outstanding debt securities will not recognize income, gain or loss for U.S. federal income tax

purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

- we have delivered to the Trustee an opinion of counsel in Canada to the effect that the holders of our outstanding debt securities will not recognize income, gain or loss for Canadian federal income tax purposes as a result of such covenant defeasance and will be subject to Canadian federal income tax on the same amounts, in the same manner and at the same times as would have been the case had such covenant defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of our outstanding debt securities include holders who are not resident in Canada);
- no default or event of default with respect to the debt securities of such series with the passing of time or the giving of notice, or both, shall have occurred and be continuing on the date of such deposit or, with respect to events of default noted in the sixth and seventh bullet points under "Events of Default", at any time during the period ending on the 91st day after the date of such deposit;
- we are not an "insolvent person" within the meaning of the Bankruptcy and Insolvency Act (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit;
- we have delivered to the Trustee an opinion of counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the U.S. Investment Company Act of 1940, as amended; and
- other customary conditions precedent are satisfied.

Modification and Waiver

Modifications and amendments of the Indenture may be made by us and the Trustee with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of each series issued under the Indenture affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security of such affected series:

- change the stated maturity of the principal of, or extend the scheduled time of payment of any installment of interest, if any, on any debt security;
- change our obligation to pay Additional Amounts or indemnity payments due to Canadian Taxes;
- reduce the principal amount of, or the premium, if any, or rate of interest, if any, on any debt security;
- reduce the amount of principal of a debt security payable upon acceleration of the maturity thereof;
- adversely affect any right of repayment at the option of any holder of any debt security;
- change the place of payment;
- change the currency of payment of principal of, or premium, if any, or interest, if any, on any debt security;
- impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;
- reduce the percentage of principal amount of outstanding debt securities of such series, the consent of the holders of which is required for modification or amendment of Indenture provisions or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults and their consequences; or
- modify any provisions of the Indenture relating to the modification and amendment of the Indenture or the waiver of past defaults or covenants, except as otherwise specified in the Indenture.

The holders of a majority in principal amount of our outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive, insofar as that series is concerned, compliance by us with certain restrictive provisions of the Indenture. The holders of a majority in principal amount of outstanding debt

securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of the principal of (or premium, if any) and interest, if any, on any debt security of that series or in respect of a provision which under the Indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series. The Indenture or the debt securities may be amended or supplemented, without the consent of any holder of such debt securities, in order to cure any ambiguity or inconsistency or to make any change that, in each case, does not have a materially adverse effect on the rights of any holder of such debt securities.

Governing Law

Our debt securities and the Indenture will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF COMMON SHARES

Each common share entitles the holder to dividends if, as and when declared by the directors, to one vote at all meetings of holders of common shares and to participate rateably in any distribution of the assets of the Corporation upon liquidation, dissolution or winding up, subject to the prior rights of holders of shares ranking in priority to the common shares.

DESCRIPTION OF PREFERRED SHARES

The first preferred shares are issuable in one or more series, each series consisting of the number of shares and having the designation, rights, privileges, restrictions and conditions as are determined before issue by the Board of Directors of the Corporation. Each series of first preferred shares would rank on a parity with the first preferred shares of every other series with respect to declared or accumulated dividends and return of capital. In addition, the first preferred shares are entitled to a preference over the second preferred shares and the Common Shares with respect to the payment of dividends and the distribution of assets of the Corporation in the event of liquidation, dissolution or winding up of the Corporation. The first preferred shares are not, except as required by law and as may be determined by the Board of Directors prior to the issuance of a series, entitled to notice of, or to vote at meetings of shareholders.

The second preferred shares are issuable in one or more series, each series consisting of the number of shares and having the designation, rights, privileges, restrictions and conditions as are determined before issue by the Board of Directors of the Corporation. Each series of second preferred shares would rank on a parity with the second preferred shares of every other series with respect to declared or accumulated dividends and return of capital. In addition, the second preferred shares are entitled to a preference over the Common Shares with respect to the payment of dividends and the distribution of assets of the Corporation in the event of liquidation, dissolution or winding up of the Corporation. The second preferred shares are not, except as required by law and may be determined by the Board of Directors prior to the issuance of a series, entitled to notice of, or to vote at meetings of shareholders.

The particular class of preferred shares and the particular terms and provisions of any series of such class of preferred shares offered by any prospectus supplement will be described in the prospectus supplement filed in respect of such series of preferred shares.

DESCRIPTION OF SUBSCRIPTION RECEIPTS

Subscription receipts may be offered separately or together with common shares and/or other securities of the Corporation, including warrants. The subscription receipts will be issued under a subscription receipt agreement that will be entered into by the Corporation and an escrow agent at the time of issuance of the subscription receipts.

A subscription receipt will entitle the holder thereof to receive a common share and/or other securities of the Corporation, for no additional consideration, upon the completion of a particular transaction or event, typically an acquisition of the assets or securities of another entity by the Corporation or one or more of its subsidiaries. The subscription proceeds from an offering of subscription receipts will be held in escrow by an escrow agent pending the completion of the transaction or the termination time (the time at which the escrow terminates regardless of whether the transaction or event has occurred). Holders of subscription receipts will receive common shares and/or other securities of the Corporation upon the completion of the particular transaction or event or, if the transaction or event does not occur by the termination time, a return of the subscription funds for their subscription receipts together with any interest or other income earned thereon. Holders of subscription receipts are not shareholders of the Corporation.

The particular terms and provisions of subscription receipts offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such subscription receipts. This description will include, where applicable: (i) the number of subscription receipts offered; (ii) the price at which the subscription receipts will be offered; (iii) the terms, conditions and procedures pursuant to which the holders of subscription receipts will become entitled to receive common shares and/or other securities of the Corporation; (iv) the number of common shares and/or other securities of the Corporation that may be obtained upon exercise of each subscription receipt; (v) the designation and terms of any other securities with which the subscription receipts will be offered, if any, and the number of subscription receipts that will be offered with each such security; (vi) the terms relating to the holding and release of the gross proceeds from the sale of the subscription receipts plus any interest and income earned thereon; (vii) the material income tax consequences of owning, holding and disposing of the subscription receipts; and (viii) any other material terms and conditions of the subscription receipts including, without limitation, transferability and adjustment terms and whether the subscription receipts will be listed on a stock exchange.

Original purchasers of subscription receipts will have a contractual right of rescission against the Corporation, following the issuance of the underlying common shares to such purchasers, to receive the amount paid for the subscription receipts in the event that the prospectus (including documents incorporated by reference) and any amendment thereto contains a misrepresentation or is not delivered to such purchasers, provided that such remedy for rescission is exercised within 180 days from the closing date of the offering of subscription receipts.

DESCRIPTION OF WARRANTS

Warrants will typically be offered with common shares, with such securities often referred to collectively as a "unit", but may be offered with subscription receipts or separately. The warrants either will be issued under a warrant indenture or agreement that will be entered into by the Corporation and a trustee at the time of issuance of the warrants or will be represented by warrant certificates issued by the Corporation.

A warrant will entitle the holder thereof to receive a common share and/or other securities of the Corporation upon the exercise thereof and payment of the applicable exercise price. A warrant will be exercisable for a specific period of time at the end of which time it will expire and cease to be exercisable. Holders of warrants are not shareholders of the Corporation.

The particular terms and provisions of warrants offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such warrants. This description will include, where applicable: (i) the title or designation of the warrants; (ii) the number of warrants offered; (iii) the number of common shares and/or other securities of the Corporation purchasable upon exercise of the warrants and the procedures for exercise; (iv) the exercise price of the warrants; (v) the dates or periods during which the warrants are exercisable and when they expire; (vi) the designation and terms of any other securities with which the warrants will be offered, if any, and the number of warrants that will be offered with each such security; (vii) the material income tax consequences of owning, holding and disposing of the warrants; and (viii) any other material terms and conditions of the warrants including, without limitation, transferability and adjustment terms and whether the warrants will be listed on a stock exchange.

The warrant agreement or indenture will provide that any misrepresentation in this prospectus, the prospectus supplement under which the warrants are offered, or any amendment thereto, will entitle each initial purchaser of warrants to a contractual right of rescission against the Corporation in respect of the exercise of such warrants. The right of rescission will entitle such purchaser to receive, in addition to the amount paid for the original purchase of the warrant, the amount paid upon exercise of the warrant for common shares upon surrender of the common shares, provided that (i) the exercise takes place within 180 days of the date of the purchase of the warrant under this prospectus, the prospectus supplement under which the warrants are offered, and any amendment thereto; and (ii) the right of rescission is exercised within 180 days of the date of purchase of the warrant under this prospectus, the prospectus supplement under which the warrants are offered, and any amendment thereto. This contractual right of rescission will be consistent with the statutory right of rescission described under section 203 of the *Securities Act* (Alberta) and is in addition to any other right or remedy available to original purchasers under section 203 of the *Securities Act* (Alberta) or otherwise at law. This right of rescission does not extend to holders of warrants who acquire such warrants from an initial purchaser, on the open market or otherwise, or to initial purchasers who acquire warrants in the United States.

Original purchasers of warrants are further advised that, in certain provinces, the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the exercisable security that was purchased under a prospectus, and therefore a further payment at the time of exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights, or consult with a legal advisor.

DESCRIPTION OF UNITS

Units are a security comprised of one or more of the other Securities described in this prospectus offered together as a "unit". A unit is typically issued so that the holder thereof is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each security comprising the unit. The unit agreement under which a unit is issued may provide that the securities comprising the unit may not be held or transferred separately at any time or at any time before a specified date.

The particular terms and provisions of units offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such units. This description will include, where applicable: (i) the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances

those securities may be held or transferred separately; (ii) any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; (iii) whether the units will be issued in fully registered or global form; and (iv) any other material terms and conditions of the units.

BOOK-ENTRY ONLY SECURITIES

Securities issued in "book-entry only" form must be purchased, transferred or redeemed through participants in a depository service of a depository identified in the prospectus supplement for the particular offering of Securities. Each of the underwriters, dealers or agents, as the case may be, named in the prospectus supplement will be a participant of the depository. On the closing of a book-entry only offering, the Corporation will cause a global certificate or certificates representing the aggregate number of Securities subscribed for under such offering to be delivered to, and registered in the name of, the depository or its nominee. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from the Corporation or the depository evidencing that purchaser's ownership thereof, and no purchaser will be shown on the records maintained by the depository except through a book-entry account of a participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the registered dealer from which the Securities are purchased in accordance with the practices and procedures of such registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. The depository will be responsible for establishing and maintaining book-entry accounts for its participants having interests in the Securities. Reference in this prospectus to a holder of Securities means, unless the context otherwise requires, the owner of the beneficial interest in the Securities.

If the Corporation determines, or the depository notifies the Corporation in writing, that the depository is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and the Corporation is unable to locate a qualified successor, or if the Corporation at its option elects, or is required by law, to terminate the book-entry system, then the Securities will be issued in fully registered form to holders or their nominees.

Transfer, Conversion or Redemption of Securities

Transfer of ownership, conversion or redemptions of Securities will be effected through records maintained by the depository or its nominee for such Securities with respect to interests of participants, and on the records of participants with respect to interests of persons other than participants. Holders who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities may do so only through participants.

The ability of a holder to pledge a Security or otherwise take action with respect to such holder's interest in a Security (other than through a participant) may be limited due to the lack of a physical certificate.

Payments and Notices

As applicable, any payment of principal, redemption, dividend and interest on a Security will be made by the Corporation to the depository or its nominee, as the case may be, as the registered holder of the Security and the Corporation understands that such payments will be credited by the depository or its nominee in the appropriate amounts to the relevant participants. Payments to holders of Securities of amounts so credited will be the responsibility of the participants.

As long as the depository or its nominee is the registered holder of the Securities, the depository or its nominee, as the case may be, will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. In such circumstances, the responsibility and liability of the Corporation in respect of notices or payments on the Securities is limited to giving or making payment of any principal, redemption, dividend and interest due on the Securities to the depository or its nominee.

Each holder must rely on the procedures of the depository and, if such holder is not a participant, on the procedures of the participant through which such holder owns its interest, to exercise any rights with respect to the Securities. The Corporation understands that under existing industry practices, if the Corporation requests any action of holders or if a holder desires to give any notice or take any action which a registered holder is

entitled to give or take with respect to any Securities issued in book-entry only form, the depository would authorize the participant acting on behalf of the holder to give such notice or to take such action, in accordance with the procedures established by the depository or agreed to from time to time by the Corporation, any Trustee and the depository. Any holder that is not a participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its participant to give such notice or take such action.

The Corporation, the underwriters, dealers or agents and any Trustee identified in a prospectus supplement relating to an offering of Securities in book-entry only form, as applicable, will not have any liability or responsibility for: (i) records maintained by the depository relating to beneficial ownership interest in the Securities held by the depository or the book-entry accounts maintained by the depository; (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interest; or (iii) any advice or representation made by or with respect to the depository and contained in the prospectus supplement or in any Trust Indenture relating to the rules and regulations of the depository or any action to be taken by the depository or at the directions of the participants.

RISK FACTORS

Prospective purchasers of Securities should consider carefully the risk factors contained in and incorporated by reference into this prospectus including those described in a prospectus supplement relating to a specific offering of Securities.

Discussions of certain risks affecting the Corporation in connection with its business are provided in the Corporation's annual disclosure documents (annual information form and management's discussion and analysis) which are incorporated by reference into this prospectus.

In addition, prospective purchasers of the debt securities should consider carefully the risk factors set forth below as well as the other information contained in and incorporated by reference in this prospectus and in the applicable prospectus supplement before purchasing the debt securities offered hereby. If any event arising from these risks occurs, our business, prospects, financial condition, results of operations or cash flows could be materially adversely affected.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the debt securities. The market price or value of the debt securities may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Credit Ratings May Not Reflect All Risks of an Investment in the Debt Securities and May Change

Credit ratings may not reflect all risks associated with an investment in the debt securities. Any credit ratings applied to the debt securities are an assessment of the Corporation's ability to pay the Corporation's obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the debt securities. The credit ratings, however, may not reflect the potential impact of risks related to structure, market or other factors discussed herein on the value of the debt securities. There is no assurance that any credit rating assigned to the debt securities will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Absence of Public Market for the Debt Securities

There is no public market for the debt securities and, unless otherwise specified in the applicable prospectus supplement, Talisman does not intend to apply for listing of the debt securities on any securities exchanges. If the debt securities are traded after their initial issue, they may trade at a discount from their initial offering prices depending on prevailing interest rates, the market for similar securities and other factors, including general economic conditions and the Corporation's financial condition. There can be no assurance as to the liquidity of the trading market for the debt securities or that a trading market for the debt securities will develop.

Foreign Currencies Risk

Debt securities denominated or payable in foreign currencies may entail significant risk. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential liquidity in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable prospectus supplement.

Consequences of Corporation Structure; Priority of Subsidiary Indebtedness

The Corporation carries on its business through corporate and partnership subsidiaries. The majority of the Corporation's assets are held in corporate or partnership subsidiaries. The Corporation's results of operations and ability to service indebtedness, including the debt securities, are dependent upon the results of operations of these subsidiaries and the payment of funds by these subsidiaries to the Corporation in the form of loans, dividends or otherwise. The Corporation's subsidiaries will not have an obligation to pay amounts due pursuant to any debt securities or to make any funds available for payment on debt securities, whether by dividends, interest, loans, advances or other payments. In addition, the payment of dividends and the making of loans, advances and other payments to the Corporation by its subsidiaries may be subject to statutory or contractual restrictions.

The Indenture does not limit the Corporation's ability or the ability of the Corporation's subsidiaries to incur unsecured indebtedness. Such indebtedness of the Corporation's subsidiaries would be structurally senior to the debt securities. In the event of the liquidation of any subsidiary, the assets of the subsidiary would be used first to repay the obligations of the subsidiary, including indebtedness and trade payables, prior to being used by the Corporation to pay its indebtedness, including any debt securities.

CERTAIN INCOME TAX CONSEQUENCES

The applicable prospectus supplement will describe certain material Canadian federal income tax consequences to an initial investor who is a resident of Canada or who is a non-resident of Canada of acquiring, owning and disposing of any Securities offered thereunder, including whether the payments of distributions, will be subject to Canadian non-resident withholding tax. The applicable prospectus supplement will also describe certain material United States federal income tax consequences of the acquisition, ownership and disposition of any Securities offered thereunder by an initial investor who is a United States person (within the meaning of the United States Internal Revenue Code).

PLAN OF DISTRIBUTION

The Corporation may sell the Securities (i) to underwriters purchasing as principal; (ii) directly to one or more purchasers pursuant to applicable statutory exemptions; or (iii) through agents. The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities.

The prospectus supplement relating to each offering of Securities will set forth the terms of the offering of those Securities, including the name or names of any underwriters or agents, the purchase price of the Securities, the proceeds to the Corporation, any underwriters' or agents' fees or other compensation, any public offering price, and any discounts or concessions allowed or re-allowed or paid. Only underwriters or agents named in the relevant prospectus supplement are deemed to be underwriters or agents in connection with the Securities offered by that prospectus supplement.

If underwriters purchase Securities as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the prospectus supplement if any of such Securities are

purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The Securities may also be sold directly by Talisman at prices and upon terms agreed to by the purchaser and Talisman or through agents designated by Talisman from time to time. Any agent involved in the offering and sale of the Securities pursuant to a particular prospectus supplement will be named, and any commissions payable by Talisman to that agent will be set forth, in such prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent would be acting on a best efforts basis for the period of its appointment.

The Corporation may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered by this prospectus. Any such commission will be paid out of Talisman's general funds. Underwriters and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with Talisman to indemnification by Talisman against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments that those underwriters or agents may be required to make in respect thereof.

Any offering of preferred shares, subscription receipts, warrants, units or debt securities will be a new issue of Securities with no established trading market. Unless otherwise specified in the applicable prospectus supplement, the preferred shares, subscription receipts, warrants, units or debt securities will not be listed on any stock exchange. Certain underwriters, agents or dealers may make a market in such Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any underwriter, agent or dealer will make a market in such Securities or as to the liquidity of the trading market, if any, for such Securities.

The prospectus supplement will set forth the intention of any underwriters, agents or dealers who participate in the distribution of the Securities to over-allot or effect transactions which stabilize, maintain or otherwise affect the Security's price at a higher level than that which might exist in the open market. Such transactions may be commenced, interrupted or discontinued at any time.

INCOME COVERAGE

The Corporation's interest requirements for the twelve month period ended December 31, 2011 amounted to approximately \$246 million. The Corporation's dividend requirements on all of its issued and outstanding Cumulative Redeemable Rate Reset First Preferred Shares, Series 1 (the "Series 1 Preferred Shares") which were issued on December 13, 2011, adjusted to a before-tax equivalent using an effective income tax rate of 70%, amounted to approximately \$1.5 million for the twelve months ended December 31, 2011. Net income before interest and income taxes for the twelve months ended December 31, 2011 was approximately \$2.6 billion which is 10.58 times the Corporation's interest requirements for this period and 10.52 times the Corporation's aggregate dividend and interest requirements for this period.

These coverage ratios are based on audited financial information prepared in accordance with IFRS. These ratios do not give pro forma effect to any offering of debt securities or preferred shares offered by this prospectus since the aggregate principal amount of debt securities or aggregate amount of preferred shares that will be issued hereunder and the terms of issue are not presently known. These ratios do not purport to be indicative of coverage ratios for any future periods.

Subsequent to the date of this prospectus, updated coverage ratios will be filed quarterly by the Corporation with applicable securities regulatory authorities, either as prospectus supplements or exhibits to the interim unaudited and annual audited consolidated financial statements of the Corporation and will be deemed to be incorporated by reference into this prospectus for the purpose of future offerings of Securities.

LEGAL MATTERS

Unless otherwise specified in the prospectus supplement relating to a particular offering of Securities, certain legal matters relating to Canadian law will be passed upon on behalf of the Corporation by Norton Rose Canada LLP, Calgary, Alberta and certain legal matters relating to United States law will be passed upon on behalf of the Corporation by Dorsey & Whitney LLP, Seattle, Washington.

INTERESTS OF EXPERTS

The comparative audited consolidated financial statements, including the notes thereto, incorporated by reference in this prospectus have been so incorporated in reliance on the report of Ernst & Young LLP, Chartered Accountants, given on the authority of said firm as experts in auditing and accounting.

The information relating to the Corporation's reserves as at December 31, 2011 incorporated by reference in this prospectus has been compiled by the Corporation based on the report dated March 5, 2012 prepared by Mr. Michael Adams, an employee of Talisman, in his capacity as the Corporation's Internal Reserves Evaluator. Mr. Adams beneficially owns, directly or indirectly, less than 1% of any class of the Corporation's securities.

ENFORCEABILITY OF CIVIL LIABILITIES

Talisman is a corporation existing under the laws of Canada. Most of Talisman's officers and directors and most of the experts named in this prospectus are residents outside of the United States, and a majority of their assets, and the assets of Talisman, are located outside the United States. As a result, it may be difficult for U.S. investors to effect service of process within the United States upon those directors, officers or experts who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of such directors, officers or experts under U.S. federal securities laws. Talisman has been advised by Norton Rose Canada LLP, its Canadian counsel, that a judgment of a U.S. court predicated solely upon civil liability provisions of U.S. federal securities laws would probably be enforceable in Alberta if the U.S. court in which the judgment was obtained had a basis for jurisdiction in the matter that was recognized by an Alberta court for such purposes. Talisman has also been advised by such counsel, however, that there is substantial doubt whether an action could be brought in Alberta in the first instance on the basis of liability predicated solely upon U.S. federal securities laws.

Talisman has filed with the SEC, concurrently with the filing of its registration statement on Form F-10 relating to this offering, an appointment of agent for service of process on Form F-X. Under the Form F-X, Talisman appointed CT Corporation System as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving Talisman in a U.S. court arising out of or related to or concerning this offering.

DOCUMENTS FILED AS PART OF THE REGISTRATION STATEMENT

The following documents have been filed with the SEC as part of the registration statement of which this prospectus is a part insofar as required by the SEC's Form F-10:

- the documents listed under "Documents Incorporated By Reference" in this prospectus;
- the consent of Ernst & Young LLP, the Corporation's Chartered Accountants;
- the consent of Norton Rose Canada LLP, the Corporation's Canadian counsel;
- the consent of Michael Adams, the Corporation's Internal Qualified Reserves Evaluator;
- powers of attorney of the Corporation's directors and certain officers;
- the Indenture (as defined herein); and
- the statement of eligibility on Form T-1 of the Trustee (as defined herein).

A copy of the form of warrant indenture or agreement or subscription receipt agreement will be filed by post-effective amendment or by incorporation by reference to documents filed or furnished with the SEC under the U.S. Exchange Act.
