(Incorporated with limited liability under the laws of Jersey)

EUR 500,000,000 Non-cumulative Subordinated Perpetual Callable Step-up Fixed to Floating Rate Capital Notes having the benefit of a support agreement entered into with Raiffeisen Zentralbank Österreich AG

Issue Price: 100%

The EUR 500,000,000 Non-cumulative Subordinated Perpetual Callable Step-up Fixed to Floating Rate Capital Notes (the "Capital Notes") are proposed to be issued by RZB Finance (Jersey) IV Limited (the "Issuer") on 16 May 2006 (the "Closing Date"). The holders of the Capital Notes ("Noteholders") will have the benefit of a support agreement (the "Support Agreement") entered into between the Issuer and *Raiffeisen Zentralbank Österreich AG* ("RZB" or the "Support Agreement Provider"). Subject to the limitations described in the "Terms and Conditions of the Capital Notes", the Capital Notes will bear non-cumulative interest: (i) from (and including) 16 May 2006 to (but excluding) 16 May 2016 (the "Reset Date") at a fixed rate of 5.169 per cent. per annum payable annually in arrear with the first interest payment being made on 16 May 2007 and 16 May in each year thereafter; and (ii) from (and including) the Reset Date at a rate of 1.95 per cent. per annum above three month EURIBOR (see the definition of Reference Rate in the "Terms and Conditions of the Capital Notes") payable quarterly in arrear on 16 August, 16 November, 16 February and 16 May in each year, commencing on 16 August 2016 (each an "Interest Payment Date").

The Capital Notes are limited recourse obligations of the Issuer (as further detailed in "Terms and Conditions of the Capital Notes").

The Capital Notes do not have a maturity and are not redeemable at any time at the option of the Noteholders. The Capital Notes are redeemable at the option of the Issuer, subject to the prior consent of RZB (which shall grant such consent only after either replacement of the aggregate principal amount of the Capital Notes so redeemed by the issue of other capital of at least equivalent quality (*Kapital gleicher oder besserer Qualität*) or after the Austrian Financial Market Supervisory Authority (the "*Finanzmarktaufsichtsbehörde*" or "FMA") has determined that after repayment RZB and the group of credit institutions ("*Kreditinstitutsgruppe*") to which RZB belongs have sufficient own funds required for adequate risk coverage), in whole but not in part, at EUR 50,000 per Capital Note plus accrued and unpaid interest for the then current Interest Period (as defined in the "Terms and Conditions of the Capital Notes") on 16 May 2016 or any Interest Payment Date falling thereafter and, for taxation reasons or regulatory reasons, in whole but not in part at any time, subject as described in the "Terms and Conditions of the Capital Notes". In the event of the liquidation, dissolution or winding-up of the Issuer or RZB, Noteholders will be entitled to receive for each Capital Note a liquidation preference of EUR 50,000 plus any accrued and unpaid interest for the then current Interest Period to the date of payment, subject as described in the "Terms and Conditions of the Capital Notes".

This Prospectus has been approved by the FMA which is a competent authority for the purpose of Directive 2003/71/EC (the "Prospectus Directive"). Since this Prospectus relates to the admission to trading on a regulated market of the Capital Notes, being non-equity securities having a denomination of EUR 50,000, no summary of this Prospectus is included herein in accordance with section 7(2) Austrian Capital Markets Act ("*Kapitalmarktgesetz*" "or KMG").

Application will be made to list the Capital Notes on the *Geregelter Freiverkehr* ("Second Regulated Market") of the *Wiener Börse AG* (the "Vienna Stock Exchange"). This Prospectus constitutes a prospectus for the purposes of the Prospectus Directive and the applicable Austrian listing and issuing rules.

The Capital Notes will be in bearer form and in the denomination of EUR 50,000 each. The Capital Notes will initially be in the form of a temporary global note (the "Temporary Global Note"), without interest coupons, which will be deposited on or around 16 May 2006 (the "Closing Date") with a common depositary for Euroclear Bank, S.A./N.V. as operator of the Euroclear System and Clearstream Banking, société anonyme, Luxembourg. The Temporary Global Note will be exchangeable, in whole or in part, for interests in a permanent global note (the "Permanent Global Note"), without interest coupons, not earlier than 40 days after the Closing Date upon certification as to non-U.S. beneficial ownership. Interest Payments in respect of the Capital Notes cannot be collected without such certification of non-U.S. beneficial ownership. The Permanent Global Note will be exchangeable in certain limited circumstances in whole, but not in part, for Capital Notes in definitive form in the denomination of EUR 50,000 each without interest coupons.

Limited Recourse Obligation	The Capital Notes are limited recourse obligations of the Issuer. Maturity	The Capital Notes do not have a maturity date and are not redeemable at any time at the option of the Noteholders.

Reference Rate in the Terms and Conditions of the Capital Notes) payable quarterly in arrears on 16 August, 16 November, 16 February and 16 May in each year, commencing on 16 August 2016 (each an “Interest Payment Date”).

Non-Cumulative

Interest Payments on the Capital Notes will be non-cumulative and will be deemed to accrue on a day by day basis.

If no interest falls to be paid by the Issuer in respect of the Capital Notes in any Interest Period then the right of Noteholders to receive interest (or any proportion thereof) in respect of such Interest Period will be extinguished and the Issuer will have no obligation to pay the interest accrued for such Interest Period or to pay any interest thereon, whether or not interest on the Capital Notes is paid for any future Interest Period.

Link to Distributable Profits

Interest on the Capital Notes will, subject to the Optional Non-Payment Right described below, be paid by the Issuer out of funds legally available therefor; provided that Interest Payments will only be made on any Interest Payment Date to the extent that:

- (a) the Issuer has Distributable Funds for the Interest Period ending on the respective Interest Payment Date; and/or
- (b) the Support Agreement Provider has in accordance with section 24(2) No. 6(d) BWG an amount of Distributable Profits at least equal to (a) the aggregate amount of such Interest Payments payable on the relevant Interest Payment Date and (b) payments made during the period commencing on the date that Distributable Profits were determined by the Supervisory Board of the Support Agreement Provider immediately preceding such Interest Payment Date and ending on the relevant Interest Payment Date, in respect of interest on the Capital Notes and dividends or other distributions or payments on Parity Securities, if any.

However the Issuer may, at its sole discretion, elect not to make Interest Payments on the Capital Notes with a view to ensuring the continuity of RZB’s activities without a weakening of its financial structure (the “Optional Non-Payment Right”).

Subject to Condition 4(h) of the Terms and Conditions of the Capital Notes and notwithstanding the restrictions set out in Condition 4(f) interest will be paid on the Capital Notes in the following circumstances:

- (a) if the Support Agreement Provider or any SPV (being a special purpose vehicle subsidiary of RZB formed for the purpose of issuing securities, as defined in the

Conditions) declares or pays any dividends or makes any other payment or other distribution on any Interest Parity Securities (which includes any securities issued (i) by RZB or (ii) by the Issuer or any other SPV with the benefit of a guarantee or support agreement from RZB, in each case where the securities rank *pari passu* as to payment of dividends, interest or distributions with RZB's obligations under the Support Agreement and contain an Optional Non-Payment Right or equivalent). If the dividend or other payment or distribution on such Interest Parity Securities was in the full stated amount payable on such Interest Parity Securities, Interest Payments will be made in full (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Interest Parity Securities or (in the period from the Reset Date) on the four Interest Payment Dates falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Interest Parity Securities. If the dividend or other payment or distribution on such Interest Parity Securities was only a partial payment of the amount so owing, the Interest Payments on the Capital Notes will be reduced proportionally;

- (b) if the Support Agreement Provider or any of the SPVs declares or pays any dividend or makes any other payment or distribution on any Junior Securities, interest will be paid on the Capital Notes (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such dividend was declared or other payment made or (in the period from the Reset Date) on the four Interest Payment Dates falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made;
- (c) if the Support Agreement Provider or any of the SPVs redeems, repurchases or otherwise acquires any Parity Securities or Junior Securities for any consideration except by conversion into or exchange for Junior Securities, the Issuer will make Interest Payments on the Capital Notes in full (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such redemption, repurchase or other acquisition occurred or (in the period from the Reset Date) on the four Interest Payment Dates falling contemporaneously with or immediately following the

date on which such redemption, repurchase or other acquisition occurred;

provided that no payment obligation shall arise under paragraphs (a) – (c) above to the extent that the relevant SPV which declares or pays any dividend or makes any other payment or distribution makes such payment or distribution out of its own distributable profits or makes an Excess Distributable Funds Payment (as defined in the Terms and Conditions of the Capital Notes).

When, by reason of any limitation described above interest is not paid in full on the Capital Notes and any Parity Securities, all interest payable upon the Capital Notes and any such Parity Securities will be payable pro rata in the proportion that the amounts available for payment on the Capital Notes and any such Parity Securities on the due date of payment shall bear to the full amount that would have been payable on the Capital Notes and such Parity Securities but for such limitation and any claims in respect of the difference between the full amount and the amount so payable shall be thereupon extinguished. If interest is not paid in full in accordance with the Terms and Conditions of the Capital Notes, the Noteholders will be notified in accordance with Condition 13 of the Terms and Conditions of the Capital Notes.

Regulatory Limitations

Even if Distributable Funds of the Issuer and Distributable Profits of the Support Agreement Provider are sufficient on a particular Interest Payment Date, to the extent that, (i) in accordance with applicable Austrian law, the Support Agreement Provider would be limited in making payments on preference shares or preferred securities or capital notes issued by it ranking *pari passu* as to participation in profits with the Support Agreement Provider's obligations under the Support Agreement or (ii) on such date there is in effect an order of the FMA (or any other relevant regulatory authority) prohibiting the Support Agreement Provider from making any distribution of profits, the Issuer shall not be required to make any Interest Payments on any such Interest Payment Date.

Support Agreement

The Issuer and the Noteholders will have the benefit of the Support Agreement entered into between the Issuer and RZB.

Each Noteholder shall be entitled severally to enforce the obligations against RZB or the Issuer.

The Support Agreement is intended to provide for interest, redemption and liquidation rights equivalent to those which would attach to the Capital Notes if issued directly by RZB and to oblige RZB to make funds available to the Issuer to meet its payment obligations under the Capital Notes.

RZB's obligations under the Support Agreement constitute unsecured obligations of RZB and rank and will at all times

rank (a) junior to all liabilities of RZB (other than any liability expressed to rank *pari passu* with or junior to the Support Agreement), (b) *pari passu* with all payment obligations of RZB in respect of Asset Parity Securities, (c) *pari passu* with RZB's obligations entered into by RZB in connection with the 2003 Preferred Securities and the 2004 Capital Notes and (d) senior to Bank Share Capital.

For the text of the Support Agreement, see section 9 of this Prospectus.

Withholding Tax and Additional Amounts All amounts payable by the Issuer in respect of the Capital Notes shall be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Jersey or Austria or any other country from or out of which the Issuer makes payments, or any political subdivision or authority thereof or therein having power to tax (the "Withholding Taxes"), unless such withholding or deduction is required by law. In such event, subject to customary exceptions as set out in Condition 7 of the Terms and Conditions of the Capital Notes, the Issuer shall pay such additional amounts (the "Additional Amounts") as shall be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts which would otherwise have been receivable in respect of the Capital Notes in the absence of such withholding or deduction.

Optional Redemption The Capital Notes are redeemable at the option of the Issuer, subject to the prior consent of RZB (which shall grant such consent only after either replacement of the aggregate principal amount of the Capital Notes so redeemed by the issue of other capital of at least equivalent quality (*Kapital gleicher oder besserer Qualität*) or after the FMA has determined that after repayment RZB and the group of credit institutions (*Kreditinstitutsgruppe*) to which RZB belongs have sufficient own funds required for adequate risk coverage), in whole but not in part, at EUR 50,000 per Capital Note plus accrued and unpaid interest for the then current Interest Period (as defined in the "Terms and Conditions of the Capital Notes") on 16 May 2016 or any Interest Payment Date falling thereafter subject as described in the "Terms and Conditions of the Capital Notes".

Redemption for Tax Reasons and Regulatory Reasons The Capital Notes may be redeemed at the option of the Issuer in whole but not in part, at any time, subject to the prior consent of the Support Agreement Provider (which shall grant such consent only after either replacement of the principal amount of the Capital Notes so redeemed by issuing other capital of at least equivalent quality (*Kapital gleicher oder besserer Qualität*) or after the FMA has determined that after repayment RZB and the group of credit institutions (*Kreditinstitutsgruppe*) to which RZB belongs have sufficient own funds required for adequate risk coverage) at:

- (a) the Redemption Price if the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Condition 7 (*Taxation*) of the Terms and Conditions of the Capital Notes and such obligation cannot be avoided by the Issuer taking in its judgment reasonable measures available to it; or
- (b) the higher of the Make Whole Amount (as defined in Condition 5(b) of the Terms and Conditions of the Capital Notes and being the present value of the principal amount and future interest payments) and the Redemption Price (if any of the following events takes place prior to the Reset Date) or at the Redemption Price (if any of the following events takes place on or after the Reset Date) if:
 - (i) the FMA determines and announces that, or as a result of a change in law or regulation or interpretation thereof, the Capital Notes no longer qualify as Core Capital (*Kernkapital*) of the Support Agreement Provider for Austrian banking capital adequacy purposes on a consolidated basis or
 - (ii) as a result of a change in law or regulation or the interpretation thereof payments made by the Support Agreement Provider or any member of the RZB Group on any of the Investments are not fully deductible for tax purposes;

on giving not less than 60 nor more than 90 days' notice.

If any of the events described in (a) or (b) above occurs, then the Optional Non-Payment Right shall cease to be applicable.

Status and Subordination

The Capital Notes constitute direct, general and unconditional obligations of the Issuer which will at all times rank (i) senior to the ordinary share capital of the Issuer, (ii) *pari passu* among themselves and at least *pari passu* with all other present and future preference shares, capital notes or other securities issued by the Issuer which rank *pari passu* with the Capital Notes and (iii) junior to all current and future senior and other unsubordinated and subordinated debt obligations of the Issuer.

Rights upon Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Issuer, the Noteholders at the time will be entitled to receive the relevant Liquidation Distribution in respect of each Capital Note held out of the assets of the Issuer available for distribution to Noteholders.

Such entitlement will arise before any distribution of assets is made to holders of ordinary shares, preference shares, preferred securities or capital notes or any other class of shares of the Issuer ranking junior as regards participation in

assets to the Capital Notes or holders of any other share or other security issued by the Issuer having the benefit of a guarantee or support agreement from the Support Agreement Provider, where any such share or other security ranks junior as regards participation in assets to the Capital Notes.

Notwithstanding the availability of sufficient assets of the Issuer to pay any Liquidation Distribution to the Noteholders if, at the time such Liquidation Distribution is to be paid, proceedings are pending or have been commenced for the voluntary or involuntary liquidation, dissolution or winding-up of the Support Agreement Provider, the Liquidation Distribution paid to Noteholders and the liquidation distribution per security to be paid to the holders of all Asset Parity Securities, shall not exceed the amount per security that would have been paid as the liquidation distribution from the assets of the Support Agreement Provider (after payment in full in accordance with Austrian law of all creditors of the Support Agreement Provider, including holders of its subordinated debt but excluding holders of any liability expressed to rank *pari passu* with or junior to the Support Agreement Provider's obligations under the Support Agreement including, for the avoidance of doubt, the 2003 Preferred Securities and the 2004 Capital Notes) had the Capital Notes and such Asset Parity Securities been issued by the Support Agreement Provider and ranked (a) junior to all liabilities of the Support Agreement Provider (other than any liability expressed to rank *pari passu* with or junior to the Support Agreement Provider's obligations under the Support Agreement), (b) *pari passu* with all Asset Parity Securities of the Support Agreement Provider and (c) senior to the Support Agreement Provider's Bank Share Capital.

If the Liquidation Distribution and any other such liquidation distributions cannot be made in full by reason of the limitation described above, such amounts will be payable pro rata in the proportion that the amount available for payment bears to the full amount that would have been payable but for such limitation. After payment of the Liquidation Distribution, as adjusted if applicable, the Noteholders will have no right or claim to any of the remaining assets of the Issuer or the Support Agreement Provider.

In the event of the liquidation, dissolution or winding-up of the Support Agreement Provider, the Board of Directors shall convene an Extraordinary General Meeting of the Issuer for the purpose of proposing a Special Resolution to put the Issuer into voluntary winding-up and the amount per Capital Note to which Noteholders shall be entitled as a Liquidation Distribution will be as set out in Condition 8 of the Terms and Conditions of the Capital Notes.

The Support Agreement Provider will undertake in the Support Agreement that, so long as any Capital Notes are outstanding, unless the Support Agreement Provider itself is in liquidation, the Support Agreement Provider will not

permit, or take any action to cause, the liquidation, dissolution or winding-up of the Issuer.

Ratings

On issue, the Capital Notes are expected to be assigned an “A3” rating by Moody’s Investors Service Inc. A rating is not a recommendation to buy, sell or hold securities or shares and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Governing Law

The Capital Notes and all matters arising from or connected with the Capital Notes are governed by, and shall be construed in accordance with, English law, save that determination in respect of the Distributable Profits and amounts payable in the event of the liquidation of RZB will be construed in accordance with Austrian law.

The Support Agreement will be governed by, and construed in accordance with English law save that Clause 2.1.2 (*Limitations on Liquidation Distributions*) and Clause 2.4 (*Ranking of Obligations*) shall be governed by, and construed in accordance with Austrian law.

Application will be made on or around 12 May 2006 to list the Capital Notes on the Second Regulated Market of the Vienna Stock Exchange

2. RISK FACTORS

Investing in the Capital Notes involves certain risks. Risks relating to the ability of the Issuer and RZB to fulfil their respective obligations under the Capital Notes and the Support Agreement are set out in section 2.3 below. Prospective investors should reach their own views before making an investment decision.

2.1 THE ISSUER

The Issuer is a special purpose vehicle which was formed for the sole purpose of issuing the Capital Notes on the terms of this Prospectus. Its ability to pay interest on or redeem (if ever) the Capital Notes depends solely on any income the Issuer may receive on the Investments and/or funds received from RZB under the Support Agreement. The Issuer does not have any other source of income.

2.2 RZB

RZB is subject to the general business risks that affect an international bank with its business focus on the corporate banking and investment banking segments.

The principal business risks are highlighted below.

2.2.1 Market risk

The market risk involved in RZB's business activities lies in the risk of possible losses arising from changes in the market due to fluctuating or changing interest rates, foreign exchange rates, share prices and prices in general. This risk encompasses both trading book and banking book positions. Higher risk positions are the result either of business done for customers or of the deliberate assumption of positions and are managed by the treasury and investment banking divisions.

RZB's market position is influenced by both external factors such as customer business and internal policies. They are managed by the Treasury and Investment Banking divisions (Global Treasury Markets and Global Markets). (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.)

Notwithstanding such management, no assurance can be given that changes in the market will not adversely affect RZB's profitability. Since the obligation of the Issuer to make payments on the Capital Notes is subject to sufficiency of profits of RZB, any reduction in profits of RZB may affect the obligation and ability of the Issuer to make payments under the Capital Notes or of RZB to make payments under the Support Agreement.

2.2.2 Dependence upon funding sources

RZB is not a retail bank. As a corporate bank with its focus on Austria's "Top 1,000" companies, it therefore lacks an extensive and broadly spread base of retail customer deposits as funding sources. RZB's greater dependence upon the interbank market could make its profitability more sensitive to fluctuations in interest rates than that of banks that have a more broadly spread deposit base.

2.2.3 Credit risk and country risk

The credit risk within RZB is mainly the default risk that a customer may not be able to fulfil contractual financial obligations. This risk affects RZB as a result of its business with corporate customers, other banks and sovereign borrowers. There is a distinction between migration risks (caused by deterioration in customers' ratings) and country risk. Country risk includes transfer and convertibility risks as well as political risk in relation to countries in or with which RZB carries on its business. Such credit risk or country risk may have a material adverse effect on RZB's business results. (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.)

2.2.4 Equity risk

There are also risk factors arising from listed and unlisted equity participations. These risks consist essentially of the possibility that money invested in an equity participation may not yield a return or may be lost because of lack of business success on the part of the entity in which the equity investment has taken place. Any such failure of investments to yield returns or loss of value in such investments may adversely affect the profitability of RZB. Since the obligation of the Issuer to make payments on the Capital Notes is subject to sufficiency of profits of RZB, any reduction in profits of RZB may affect the obligation and ability of the Issuer to make payments under the Capital Notes or of RZB to make payments under the Support Agreement. (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.)

2.2.5 Liquidity risk

Because of differences in the maturities of RZB's receivables and payables, there is a risk that RZB may be unable to fulfil its current and future financial obligations in full or on time. (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.) Any such failure may affect the solvency of RZB. The rights of holders of Capital Notes are subordinated to senior creditors of RZB in the event of its insolvency and accordingly in such circumstances would not receive payment of interest or repayment of principal on the Capital Notes.

2.2.6 Operational risk

In line with Basel II, RZB defines operational risk as the risk of unexpected losses resulting from inadequate or failed internal processes, people and systems or from external events, inclusive of legal risk.

The occurrence of such circumstances, including in particular business interruptions (for example, due to the failure of communication systems) may cause appreciable losses. (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.)

2.2.7 Dependence upon having adequate risk-bearing capacity and upon risk control and successful risk management

Although RZB has installed an extensive group-wide risk monitoring and risk management system (see section 4.4 below) to ensure the conscious handling and professional management of credit and country risks, market and liquidity risks, equity risks and operational risks so as to safeguard its ability to achieve sustained success and growth in the markets in question, and although RZB intends to continue to develop that system, such systems may not be effective or suitable under certain unforeseeable business or financial circumstances or with regard to certain risks. (See also item 42 of the Explanatory Notes to RZB's Consolidated Financial Statements for 2005.)

2.2.8 Dependence upon having sufficient own funds and making adequate provisions for risks

Although the RZB Group has a core capital ratio of 8.3 per cent and a regulatory own funds ratio pursuant to the Austrian Banking Act ("*Bankwesengesetz*") ("*BWG*") of 9.3 per cent (both as at 31 December 2005), this may not be sufficient in the event of certain unforeseeable circumstances. (See also page 88 of RZB's Group Annual Report for 2005.) A deterioration in such ratios may lead to the need for further relevant capital and, in the absence of such additional capital, may constrain the ability of RZB to carry on certain businesses or the volume of such business and, accordingly, its profitability.

2.2.9 The future development of the banking sector and regulation thereof / Basel II

As a result of increasing globalisation and market transparency, the European banking sector has in recent years been experiencing growing competition and increased central regulation.

Both factors may reduce profit margins, increase capital costs and increase administrative costs. (See also pages 68 to 71 of RZB's Group Annual Report for 2005.)

2.2.10 Dependence upon the business and economic environment in which RZB and the RZB Group operate, including the development of financial markets and the political situation in Central and Eastern Europe

RZB is the parent of *Raiffeisen International Bank-Holding AG* (“*Raiffeisen International*”) in which it holds a stake of approximately 70 per cent. Raiffeisen International has been a listed company since April 2005 and currently owns 17 network banks (i.e. banking subsidiaries) and numerous leasing companies in the markets and regions listed below. Accordingly, RZB may be affected by the political, economic and currency risks specific to those markets.

The RZB Group currently has operating companies in the following markets and regions by way of *Raiffeisen International*:

Central Europe (“CE”)	the Czech Republic, Hungary, Poland, Slovakia, Slovenia
South eastern Europe (“SEE”)	Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Kosovo, Romania, Serbia and Montenegro
The Commonwealth of Independent States (“CIS”)	Belarus, Kazakhstan, Russia, Ukraine

Hereinafter, these markets and territories are referred to as the “CEE region”.

2.3 THE CAPITAL NOTES

Investing in the Capital Notes involves certain risks. In particular, an investment in the Capital Notes may entail significant risks not associated with similar investments in a conventional debt security. Risks relating to the ability of the Issuer and RZB to fulfil their respective obligations under the Capital Notes and the Support Agreement are set out below. Prospective investors should reach their own views before making an investment decision.

The principal risks relating to the Capital Notes are highlighted below.

2.3.1 Risks Relating to the Market Generally

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Capital Notes in Euros. This presents certain risks relating to currency conversion if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than Euros. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Euro or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to Euros would decrease (1) the Investor’s Currency-equivalent yield on the Capital Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Capital Notes and (3) the Investor’s Currency equivalent market value of the Capital Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in fixed rate notes involves the risk that subsequent changes in market interest rates may adversely affect the value of such notes.

Investment in floating rate notes involves the risk that the exact yield of such notes cannot be determined in advance.

2.3.2 Risks Relating to the Capital Notes Generally

Credit spread risks

The Capital Notes carry a significant risk premium compared to senior debt because they are deeply subordinated and only rank ahead of the ordinary share capital of the Issuer. The degree of such risk premium and, accordingly, the market price at which a holder may be able to sell any Capital Notes, can fluctuate significantly over time.

There is no active trading market for the Capital Notes

The Capital Notes issued under this Prospectus will be new securities which may not be widely distributed and for which there is currently no active trading market. If the Capital Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although application will be made for the Capital Notes to be admitted to trading on the Second Regulated Market of the Vienna Stock Exchange, there is no assurance that such application will be accepted or that an active trading market will develop. There is no assurance as to the development or liquidity of any trading market for the Capital Notes and accordingly holders of Capital Notes may be unable to sell Capital Notes at their market price, any other price, or at all.

Redemption at the option of the Issuer

The Capital Notes are not redeemable at the option of a Noteholder but may be redeemed at the option of the Issuer in whole but not in part, subject to conditions as set out in section 6 (Terms and Conditions of the Capital Notes) of this Prospectus.

In the event that: (1) the Issuer would be obliged to increase the amounts payable in respect of the Capital Notes due to any withholding or deduction for or on account of, any present or future taxes, or duties of whatever nature imposed or levied by or on behalf of Jersey or Austria or any country from or out of which the Issuer makes payment, or any political subdivision thereof or any authority therein or thereof having power to tax; or (2) the FMA determines and announces that, or as a result of a change in law or regulation or interpretation thereof, the Capital Notes no longer qualify as Core Capital (*Kernkapital*) of RZB for Austrian banking capital adequacy purposes on a consolidated basis; or (3) as a result of a change in law or regulation or the interpretation thereof payments made by RZB or any member of the RZB Group on any of the Investments are not fully deductible for tax purposes, the Issuer may redeem all but not part of the outstanding Capital Notes in accordance with the Terms and Conditions of the Capital Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Capital Notes constitute legal investments for it, (2) Capital Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to the purchase or pledge of any Capital Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Capital Notes under any applicable risk-based capital or similar rules.

Subordination

The Capital Notes are a subordinated obligation of the Issuer and the Support Agreement is a subordinated obligation of RZB. Should the Issuer be liquidated or declared insolvent and a winding up be initiated, it will be required to pay any holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors and holders of subordinated debt other than subordinated debt which ranks, or is expressed to rank, *pari passu* with the Capital Notes) in full before it can make any payments on the Capital Notes. If this occurs, the Issuer may not have sufficient assets remaining after these payments to pay amounts due under the Capital Notes.

Perpetual nature of the Capital Notes

The Capital Notes are perpetual and may not be redeemed at the option of the holders. Whilst the Issuer has the option to redeem the Capital Notes in the circumstances described in the Terms and Conditions of the Capital Notes, it is under no obligation to do so and accordingly there can be no assurance as to when, if ever, the Capital Notes may be redeemed.

Interest is non-cumulative and dependent upon sufficient Distributable Funds

Potential investors should be aware that they may receive no or a limited amount of interest. The Capital Notes are debt securities that do not entail a fixed right to interest. Instead, interest payments are dependent upon there being sufficient Distributable Funds of the Issuer and Distributable Profits of RZB. In addition, the Issuer may, at its sole discretion, elect not to make Interest Payments on the Capital Notes with a view to ensuring the continuity of RZB's activities without weakening its financial structure.

Subject to certain limitations set out in the Terms and Conditions, the Issuer is required to make interest payments on the Capital Notes if RZB or any of its SPVs pays dividends or makes any payment on Interest Parity Securities or Junior Securities (or if RZB or any of its SPVs redeems or repurchases any Parity Securities or Junior Securities). It should be noted that Interest Parity Securities are defined in the Terms and Conditions of the Capital Notes to include only those securities issued by RZB or any of its SPVs which contain an Optional Non-Payment Right (or equivalent). The securities issued by RZB Finance (Jersey) III Limited in 2004 and by RZB Finance (Jersey) II Limited in 2003 (and each of which benefit from support agreements of RZB) do not contain such an Optional Non-Payment Right (or equivalent) and accordingly payment of interest or dividends on such securities will not of itself require the Issuer to pay interest on the Capital Notes.

Whether or not holders of the Capital Notes receive interest payments will depend upon whether there are sufficient Distributable Funds of the Issuer and Distributable Profits of RZB to enable interest payments to be made on the Capital Notes and Parity Securities in whole or in part and on the Issuer not exercising its Optional Non-Payment Right.

No guarantee or security under the Support Agreement/limited recourse

The Issuer and the Noteholders will have the benefit of the Support Agreement, the terms of which are more particularly set out in section 9 of this Prospectus. The obligations under the Support Agreement take effect for the benefit of the Noteholders and each Noteholder shall be entitled severally to enforce the obligations against RZB or the Issuer.

Principal and interest on the Capital Notes will be payable solely from distributions and redemption payments received by the Issuer deriving from the Investments (as defined in the Terms and Conditions of the Capital Notes) or amounts paid to the Issuer by RZB under the Support Agreement. Prospective investors should be aware however that the Support Agreement is not a guarantee, surety or indemnity within the meaning of section 24(2) No. 5 (f) BWG by RZB and that there is a risk that the Issuer may receive no or insufficient distributions from which to pay the interest on the Capital Notes.

RZB will only make available to the Issuer funds sufficient to enable it to meet its obligations under or in respect of the Capital Notes as and when such obligations fall due. In addition, RZB's obligations under the Support Agreement are unsecured obligations of RZB and at all times will rank (a) junior to all liabilities of RZB (other than any liability expressed to rank *pari passu* with or junior to the Support Agreement), (b) *pari passu* with all payment obligations of RZB in respect of Asset Parity Securities, (c) *pari passu* with RZB's obligations entered into by RZB in connection with the 2003 Preferred Securities and the 2004 Capital Notes and (d) senior to Bank Share Capital.

Change of law

The Terms and Conditions of the Capital Notes are based on English law and Austrian law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or Austrian law or administrative practice after the date of this Prospectus.

Taxation

Potential investors in Capital Notes should consult their own tax advisers as to which countries' tax laws could be relevant when acquiring, holding and disposing of the Capital Notes and receiving payments of interest, principal and/or other amounts or delivery of securities under the Capital Notes and the consequences of such actions under the tax laws of those countries.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer.

Capital Notes issued under this Prospectus will be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Capital Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Capital Notes are represented by one or more Global Notes which are deposited with a common depositary for Euroclear and Clearstream, Luxembourg, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Capital Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under the Capital Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Capital Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Capital Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Ratings of RZB

If there is an adverse change in any of the rating levels attributed to RZB by external rating agencies then it is likely that any rating of the Capital Notes may be downgraded which may have an adverse effect on the trading price of the Capital Notes.

External factors

The trading price of the Capital Notes may be subject to fluctuations as a result of the effect of external market and other factors not directly related to RZB, the RZB Group or the Issuer.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. All impairment losses are recognised in the income statement.

4.4 INFORMATION ABOUT RZB

4.4.1 History and development

RZB was founded on 16 August 1927 under the name "*Girozentrale der österreichischen Genossenschaften*". Since then it has been renamed several times. On 2 October 1989, RZB's name was changed from "*Genossenschaftliche Zentralbank Aktiengesellschaft*" to its present name of "*Raiffeisen Zentralbank Österreich Aktiengesellschaft*".

The following table sets out the development of RZB's balance sheet total for the financial years shown (in EUR bn, rounded):

(Data as on 31 December of the respective year)

(Sources: Internal data as audited by the respective statutory auditors of the annual financial statements of RZB as at and for the financial years shown.)

RZB is one of the leading corporate and investment banks in Austria, where it services the country's prominent corporates and institutions. In addition to its role as central institution of the *Raiffeisen Banking Group* (see below), RZB is the core entity within the RZB Group.

The RZB Group

The RZB Group is a banking group with Austrian roots that also sees the CEE region (Czech Republic, Hungary, Poland, Slovakia, Slovenia, Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Kosovo, Romania, Serbia and Montenegro, Belarus, Kazakhstan, Russia and Ukraine) as part of its home market. In addition, the RZB Group has a presence in a number of international financial centres and in Asia's emerging markets.

The Raiffeisen Banking Group ("RBG")

RZB is the central institution of the Austrian *Raiffeisen Bankengruppe* ("*Raiffeisen Banking Group*" "*RBG*"). It acts for RBG in national matters, represents RBG internationally and also performs central services for RBG.

RBG's principal focuses in the financing segment are personal banking customers, small and medium-sized enterprises, the tourist trade and the agricultural sector.

RBG is split into three tiers and is made up of the autonomous locally active *Raiffeisen Banks* (see the structure diagram of the *Raiffeisen Banking Group* below), the *Raiffeisen-Landeszentralen* (*Raiffeisenlandesbank* or *Raiffeisenverband*, together the "*Regional Raiffeisen Banks*") and RZB.

The *Raiffeisen Banks* within a province are so-called "universal" banks offering a complete line of banking products and services. At the same time, they own the *Regional Raiffeisen Bank* in their particular province.

STRUCTURE OF THE RAIFFEISEN BANKING GROUP

Source: 2005 Annual Report of the RZB Group, page 59

A *Regional Raiffeisen Bank* carries out liquidity balancing tasks and performs other centralised services for the *Raiffeisen Banks* in its region. In addition, a *Regional Raiffeisen Bank* is itself an autonomous universal bank and a shareholder of RZB.

The regionally active Regional Raiffeisen Banks collectively hold nearly 88 per cent. of RZB's share capital.

As at 31 December 2005, RBG had eligible equity of approximately EUR 12 billion and a consolidated balance-sheet total of about EUR 176 billion. RBG is not a group within the meaning of section 15 of Austrian Stock Corporation Act (*AktG*).

Raiffeisen-Kundengarantiegemeinschaft Österreich (“RKÖ”)

RBG took a pioneering step in guaranteeing deposits of customers at its member banks in Austria when it set up RKÖ. RKÖ was founded in 2000 and guarantees up to 100 per cent. of the deposits of customers at its member banks, supplementing Austria’s statutory deposit guarantee requirements.

RKÖ is a national amalgamation of regional *Raiffeisen* deposit guarantee associations. The business reserves of all the member banks are drawn upon within the scope of legally binding commitments according to a precisely defined pattern of apportionments and burdens. Consequently, even if a member were forced to file for bankruptcy – which has never happened – customer deposits at that bank would retain their value over and above the limitations of statutory deposit guarantees.

In the event that a particular regional deposit guarantee association lacks sufficient means to meet all guaranteed customer claims against an insolvent bank, the members of RKÖ guarantee to commit their business reserves to match up to 100 per cent. of all customer deposits at the affected bank as well as up to 100 per cent. of the obligations arising from that bank’s issues. Instead of claims in bankruptcy, customers would thus be offered claims of appropriate value against other entities within the RBG.

Some 78 per cent. of all *Raiffeisen Banks* in Austria – including RZB – are members of a customer deposit guarantee association. This means over 90 per cent. of deposits at RBG that require protection are protected by a *Raiffeisen* customer deposit guarantee association (as at 31 December 2004 based on all audited balance sheets).

Joint risk monitoring

Joint risk monitoring within RBG is undertaken by the *Sektor-Risiko-Komitee* (RBG Risk Committee). At its quarterly meetings, the Risk Committee draws up a risk report company by company and on a consolidated basis for the whole of RBG. The risk report employs a value-at-risk approach. Besides assessing overall risk and comparing that risk with RBG’s risk-bearing capacity, the risk report contains detailed reports of credit and country risks, equity risks, market risks and operational risks. In addition to regular monitoring of the development of risks, RBG’s joint risk-monitoring activities are supplemented by an accounting-data based and benchmark based early warning system and proactive observation of markets.

4.4.2 Legal and Commercial Name

RZB’s legal name is “*Raiffeisen Zentralbank Österreich Aktiengesellschaft*”. RZB’s commercial names are “RZB” and the “RZB Group”.

4.4.3 Place of Registration

RZB is registered in the *Firmenbuch* (companies register) at *Handelsgericht Wien* (Vienna commercial court) (Republic of Austria) under the number 58.882 t.

4.4.4 Date of Incorporation

RZB was incorporated on 16 August 1927 for an indefinite period.

4.4.5 Domicile and Legal Form

RZB is an *Aktiengesellschaft* (stock corporation) under Austrian law.

RZB’s place and country of incorporation and domicile is Vienna, Republic of Austria. RZB’s registered office and the principal place of business is:

Am Stadtpark 9, A-1030 Vienna, Republic of Austria (Telephone number: +43 1 71 707 0).

4.4.6 Recent Material Events

Profit in 2005

In 2005, the RZB Group achieved a record result for the sixth consecutive year. Net interest income after provisioning for impairment losses, net commission income and trading profit continued to grow by 50.8, 28.0 and 19.5 per cent, respectively. The RZB Group successfully reached its self-imposed target of further reducing the Cost/Income Ratio (58.9 percent) – despite the continued rapid growth. Posting a return on equity of 23.9 per cent – which is a decline of 6.0 percentage points due to a significant increase in equity in the course of the IPO of *Raiffeisen International* – the RZB Group still ranks among the most profitable banks in Austria.

On 13 July 2005, RZB sold 3,264,570 shares of the Austrian Investkredit Bank AG ("*Investkredit*") at a price of EUR 141.00 per share to *Österreichische Volksbanken AG* ("*ÖVAG*"), which is equivalent to 18.52 per cent. of Investkredit's share capital. Together with *Bank Austria Creditanstalt AG*'s and *RAIFFEISENLANDESBANK NIEDERÖSTERREICH-WIEN AG*'s stakes, a majority stake of a 51.57 per cent. in Investkredit was sold to ÖVAG.

The biggest initial public offer in terms of value of the offering in the history of the Vienna Stock Exchange took place on 27 April 2005, with the initial public offer and subsequent listing of *Raiffeisen International*, which at the time was an 86 per cent. subsidiary of RZB. Bank Aval operates a country-wide network of 1,400 business outlets and serves more than 3 million customers. Together, Bank Aval and *JSCB Raiffeisenbank Ukraine* reach a market share in the Ukraine of 11.5 per cent. by total assets, forming the largest banking group in this market of approximately 50 million people.

Acquisition of Impexbank

On 31 January 2006, *Raiffeisen International* agreed to acquire 100 per cent of Russian *JSC Impexbank* ("*Impexbank*"). *Impexbank* has a strong focus on retail business (private individuals and SME) and operates 190 branches/offices nationwide. With the completion of the acquisition of *Impexbank*, *Raiffeisen International* has become the largest foreign-owned banking group in Russia.

Recent events

Raiffeisen International announced on 5 April 2006 that it has decided to engage in negotiations which have arisen as a result of unsolicited approaches from third parties to sell 100% of the shares of *JSCB Raiffeisenbank Ukraine*. A decision upon the potential sale of *JSCB Raiffeisenbank Ukraine* has not yet been made and is expected by the end of May 2006.

In addition, Raiffeisen International and RZB are expected to participate in the privatisation process of a Romanian bank, Casa de Economii si Consemnatiuni (“CEC”), which is currently scheduled for June or July 2006.

It is publicly known that BAWAG P.S.K. Bank für Arbeit und Wirtschaft und Österreichische Postsparkasse Aktiengesellschaft (“BAWAG”) has financial problems in the wake of failed financial transactions, in particular in connection with the US brokerage firm REFCO Inc. In order to help BAWAG, the Austrian government, together with major Austrian banks is determined and willing to implement adequate measures of financial assistance, primarily by way of a government indemnity. RZB does not, under any circumstances, expect any material adverse repercussions on its own financial position.

4.4.7 Ratings

RZB currently has the following ratings:

Standard & Poor's:	Short Term A-1
Moody's:	Short Term P-1
	Long Term A1

4.4.8 Risk Management and Structure

A bank's ability to capture and measure risks, to monitor them in real time and to manage them is increasingly becoming a decisive competitive factor. To ensure the long-term success of the RZB Group and to permit its selective growth, RZB Group's risk management and risk controlling activities are directed at ensuring the careful handling and professional management of credit, country, market, liquidity, equity and operational risks (see section 2 of this Prospectus).

In particular, RZB Group's risk management concept takes into account the legal framework provided by the BWG and the requirements imposed on banks with regard to the mitigation of banking risks, whereby special consideration is given to the type and scale of the particular transaction.

The Managing Board (see section 4.9.1 below) of RZB is responsible for the implementation of risk policy as appropriate to each type of risk. RZB Group's risk policy is an integral part of its overall bank management procedures, which means that earnings and risk management in all divisions are systematically linked. The stipulation of risk policy, changes therein and its integration into overall bank strategy and bank management procedures are recorded and imparted within the RZB Group so that similar risk management procedures can be applied throughout the RZB Group.

Risk policy encompasses plans for the development of RZB's business as a whole, among other things according to industry focus, geographical distribution and segmental subdivision as well as according to exposure size class. In particular, the Managing Board and Supervisory Board lay down limits for all pertinent risks, and they limit agglomerated risks by setting lower and upper limits for major exposures.

The Managing Board of RZB decides which procedures are to be employed in the capturing, measuring and monitoring of risks and defines the associated regulatory framework. RZB measures all risks on a Group-wide basis applying a value-at-risk (“VaR”) approach.

The Managing Board is supported in those tasks by independent risk-controlling and risk management units and especially appointed committees.

The Risk Management Committee (“RMK”) reports directly to the Managing Board on a monthly basis and assesses the current risk situation with reference to the risk-bearing capacity of the RZB Group and the commensurate risk limits. It assists the Managing Board with the allocation of the risk budget and with risk management. As a crossdivisional body, the RMK is responsible for the ongoing further development and implementation of means of risk measurement, the refining of the instruments of management and the maintenance and updating of the regulatory framework. Interest-rate risk and risks arising from the structure

of the balance sheet as well as liquidity risk are evaluated by the Assets/Liabilities Management Committee. The Credit Committee assesses credit risk and the effectiveness of credit risk management.

The Risk Controlling Department is a service unit that performs the central and independent risk controlling functions required by the BWG. This department's responsibilities consist of drawing up and implementing the common group-wide risk management guidelines, capturing all risks (credit, country, equity and market risks, operational risk) (see section 2 of this Prospectus) group-wide on a VaR basis, and making impartial risk profile reports to the Managing Board as a whole and to those responsible for individual business divisions. The aggregation of those risks into an assessment of overall banking risk and the weighing of that risk against RZB Group's risk-bearing capacity also provides the basis for risk-adjusted capital allocations and performance measurement.

RZB Group's proactive management of country risk (see section 2 of this Prospectus) takes place on the basis of the country risk policy laid down by the Managing Board (as prepared by the Country Risk Committee). The Country Risk Committee is made up of representatives of the various divisions and members of the risk management department. The measurement of risks associated with sovereign institutions is based on a ten-class rating model that captures both macroeconomic factors and qualitative indicators. Each country limit takes into account the transfer risk arising from transactions net of any third-country collateral.

Credit risk is monitored and analysed both on an individual loan and customer-by-customer basis and on a portfolio basis. Credit risk management and lending decisions are based on the credit risk policy approved by the Managing Board of RZB. Besides new lending the areas to which lending decisions pertain also include in particular overdrafts, increases in credit lines, renewals and risk-relevant changes in circumstances compared with the time an original lending decision was made (e.g. with respect to collateral or purpose) as well as the setting of limits for particular borrowers (e.g. issuer limits) and equity participations. Depending on the type, scope, complexity and risk content of the credit exposure, two votes of approval from Front Office and Back Office are always required for a loan to be granted and to ratify the regular re-evaluation of the counterparty risk. In the event that the competent parties disagree, the structure of authorities within the group provides for escalation to the next decision-making level.

The internal system for controlling credit risk encompasses every form of monitoring measure that is directly or indirectly integrated into the processes that require monitoring. Against the background of the new capital adequacy framework for banks that is currently under development (Basel II), the seamless management, monitoring and control of credit risk at RZB Group are thus assured.

A separate work-out unit is responsible for processing troubled loans. It mainly handles medium-sized to large cases. However, troubled loans are also handled by RZB Group's in-house legal department and/or with the help of external specialists (working together with the work-out unit). The work-out unit plays a decisive role in charting and analysing provisions for impairment losses (write-downs, value adjustments,

provisioning), making it possible to reduce the losses caused by troubled loans. All cases in which restructuring or settlements take place are analysed by RZB to ascertain their causes. Lending processes are then adapted as necessary on the basis of the results of such analyses.

The RZB Group employs risk-classification procedures to measure counterparty risk (rating procedures, scoring models) when assessing creditworthiness so as to provide an independent assessment of credit risk (as required, inter alia, by Basel II) and, in future, to permit the calculation of regulatory own funds using an internal ratings based approach (“IRB”). Throughout the RZB Group, the internal rating models for corporate customers and financial institutions rank creditworthiness in ten classes.

The internal rating model for corporate customers also takes into account qualitative factors as well as the following yardsticks, which are tailored to the various industries and financial reporting standards:

- Interest coverage
- Profit in per cent of revenues
- Net cash from profit in per cent of revenues
- Equity ratio
- Overall return on equity
- Redemption period

The following table provides a breakdown of loans outstanding based on economic scores within the rating model for corporate customers in thousands of euros. These figures are based on loans outstanding; collateral must also be taken into account in the overall assessment:

All default definitions have been adapted for the purposes of the IRB approach and the revised definitions have been applied throughout the RZB Group within the scope of our Basel II project. In the eyes of the RZB Group, a default situation exists if a customer is overdue with respect to a material financial obligation to the bank for at least 90 days, if a customer is the subject of insolvency or similar proceedings, if an impairment provision has been allocated or a direct write-down has been carried out to a customer account receivable, or if credit risk management have adjudged a customer account receivable to be not wholly recoverable and the work-out unit is considering stepping in to help a company regain its financial soundness.

A group-wide rating and default database has been created within the scope of the RZB Group's Basel II project to capture and assess customers and to record default situations. This database also serves the RZB Group as the basis for backtesting.

The following table shows the corresponding loans outstanding in the defined asset classes within loans and advances to banks and loans and advances to customers on the balance sheet and the corresponding proportion of non-performing loans (without taking any collateral into account) and impairment provisions:

EUR '000	Corporate Customers	Retail Customers	Financial Institutions	Total 2005

The methodology used for the value-at-risk measurement and risk-capital assessment of equity participations is comparable to the methodology used to capture the price risk arising from shareholdings (see "Equity Risk" as described in section 2 of this Prospectus). However, in the light of the longer-term strategic nature of equity participations, annual volatilities based on periods of observation over several years are also brought into the calculation. The RZB Group does not include strategically and operatively controlled subsidiaries under this risk heading because their risks are calculated with precision under the other risk headings during consolidation and are captured by that process.

The RZB Group approves, measures, monitors and manages all market risks by setting a variety of limits. The overall limit is set by the Managing Board as a whole on the basis of RZB's risk-bearing capacity and income budgeting. This limit is apportioned on the basis of a coordinated proposal made by the particular department, central risk controlling and the responsible member of the Managing Board. The individual limits set at book level will vary according to the different risk factors. Besides VaR limits, those limits may include volume and position limits as well as sensitivity limits (basis-point value, delta, gamma, vega) and stop-loss limits, depending on the type of transaction. Options may only be entered into by appropriately trained dealers. Positions and limits undergo daily scrutiny throughout the RZB Group.

Value-at-risk is of central importance in setting limits. It is calculated daily for RZB and weekly for RZB Group using a variance-covariance matrix and applying a confidence interval of 99 percent. Market data is taken from the preceding year applying a retention period of 10 days. The informative value and reliability of the value-at-risk approach based on past market developments are checked daily at RZB using appropriate backtesting.

The ascertained value-at-risk figures forecast maximum losses under normal market conditions but do not provide any specific information about the effects of exceptional extreme market movements. To take such events into account, the RZB Group carries out weekly defined stress tests that capture the biggest daily market movements in the preceding five years. Such procedure allows the simulation of crisis situations and of major fluctuations in market parameters and the application of those simulations to positions. The results are an important substructure for the management of risks. Market risk in RZB Group's trading books depends primarily on currency risk, which results from the equity of foreign RZB Group units held in foreign currencies and the related hedging activities by the Assets/Liabilities Management Committee.

Risk figures (99%, VaR, 10-day) for market risk in the trading books, by risk type:

The RZB Group uses the standard methodology within the meaning of the Capital Adequacy Directive to calculate its own funds requirement for the trading book.

Alongside value-at-risk measurement, interest-rate risk in the banking book is also estimated using standard means of capital and interest maturity analysis. Furthermore, because of the special importance and complexity of interest-rate risk in the banking book, the RZB Group also employs interest-income scenarios and simulations. Managing the structure of the balance sheet is a core task of central treasury and of the local banks, which receive assistance from Assets/Liabilities Management Committees. Since 2002, interest-rate risk has been the subject of quarterly reporting within the scope of the interest-rate risk statistics submitted to the supervisory authorities. Reports also capture the change in the present value of the banking book as a percentage of own funds in line with the requirements of Basel II.

The tasks of managing liquidity and liquidity risk and, in turn, of ensuring RZB's solvency at all times are performed both centrally – by Global Treasury in Vienna – and on a decentralised basis by the local banks. An internal monitoring system records and analyses cash flows by currency both for each location and globally on a weekly basis. Besides conforming to the statutory requirements and taking liquidity limits into account, analyses are also based on going-concern principles and make allowance for stress scenarios, in particular examining the sensitivity of liabilities and the liquidity of assets.

Limits are put in place for each RZB Group unit to limit liquidity risk. They require a positive short-term liquidity gap subject to conservative assumptions regarding the marketability of liquid assets and outflows on the liabilities side of the balance sheet. RZB maintains extensive liquid holdings of liquid securities to ensure its liquidity in various currencies and carries out continuous liquidity balancing and cash-flow forecasts. These too are subject to assessment by the Assets/Liabilities Management Committees.

As is the case with other types of risk, the principle of firewalling between risk management and risk controlling is also applied to operational risk (see section 2 of this Prospectus). Operational risk is analysed and managed on the basis of the RZB Group's own historical loss data and the results of risk evaluations. The collection of loss data and as well as the assessment of risk take place in a structured and homogeneous group-wide form for each business segment according to business process and type of event. The introduction of standardised early-warning indicators for operational risks is planned.

The standardised approach to operational risk within the meaning of Basel II is employed. This approach is based on gross earnings in each business segment. To further reduce operational risk, the RZB Group is stepping up the staff training programme as well as working on the development of emergency plans and back-up systems. The SixSigma method for business process improvement is also being applied.

4.5 BUSINESS OVERVIEW

4.5.1 Principal activities

The product lines of RZB – one of Austria's leading corporate and investment banks

Within Austria, RZB specialises in corporate and investment banking business. It focuses on the country's "Top 1,000" companies and believes that it is *the* prominent corporate finance banker and provider of export finance to that customer segment. Besides servicing a large number of Austrian clients in those segments and in the trade finance, cash management, treasury and fixed-income product fields, RZB also has many foreign key accounts and multinationals in its customer base. In addition, a large number of financial service providers draw upon RZB's services as a financial engineer.

Together with its subsidiary *Raiffeisen Centrobank AG*, RZB has become an established leader in the investment banking market in Austria. It is a prominent participant in *Wiener Börse AG*, in the bonds trading segment and in the new issues business of equities and bonds. Specialist subsidiary undertakings also encompass finance leasing, M&A consultancy, asset management, private banking, real-estate services and trading operations.

The product lines of RZB and the RZB Group outside of Austria

CEE region

RZB set up a holding company to act as an umbrella for its interests in the CEE region in 1991. The initial public offer of the shares and listing of this holding company, *Raiffeisen International*, which was an 86 per cent. subsidiary undertaking of RZB, took place in April 2005. RZB holds 100 million ordinary shares after the initial public offer and initial listing, giving it a stake of approximately 70 per cent. in Raiffeisen International.

The principal motive for the initial public offer was to secure funding for further expansion of the RZB Group in the CEE region, which has a population of over 300 million.

The network operated by Raiffeisen International currently consists of 17 banking entities (including Impexbank which was recently acquired) and numerous leasing companies in Albania, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, the Czech Republic, Hungary, Kazakhstan, Kosovo, Poland, Romania, Russia, Serbia and Montenegro, Slovakia, Slovenia and Ukraine.

One of the keys to Raiffeisen International's success in the CEE region has been and remains its in-depth familiarity with the marketplace. It is the result of traditionally close ties with the region and has given Raiffeisen International a strong market position. Besides servicing key accounts in the region, Raiffeisen International also services small and medium-sized enterprises (SMEs) and personal banking customers (both "Retail Customers"). This Retail Customers segment has been growing in importance in recent years. Raiffeisen International (including Bank Aval) now has over 9.7 million retail banking customers. The RZB Group offers its customers in the CEE region a broad range of finance-related services, which are already similar to its Austrian dimensions in many markets.

Most of RZB Group's business in the CEE region is carried out by Raiffeisen International.

Areas outside the CEE region

In foreign markets outside the CEE region, the RZB Group offers a specially tailored range of products via its branches and representative offices. Those representative outposts were originally set up to provide assistance to Austrian exporters in emerging markets and in international financial centres. However, they also serve local clients, albeit exclusively corporate customers and financial institutions. The representative outposts are becoming increasingly important to Central and Eastern European customers, who use them as a point of contact in the course of expansion.

The RZB Group has a strong Asian presence, with branches in Singapore and Beijing and representative offices in Hong Kong, Zhuhai, Seoul, Mumbai, Ho Chi Minh City and Teheran. The RZB Group is also well positioned in Western financial centres with offices in New York and London, a banking subsidiary in Malta and representative outposts in Paris, Brussels, Frankfurt, Milan, Stockholm, Chicago and Houston.

Consequently, *Raiffeisen-Landesbanken-Holding GmbH* has a majority indirect stake in RZB and as a result, RZB is indirectly dependent on that company. See section 4.10 for full details of RZB's shareholders. Since *Raiffeisen-Landesbanken-Holding GmbH* is a pure equity holding company owned by the *Regional Raiffeisen Banks* via intermediate holding companies and does not perform any other activity, RZB is, regardless of its formal classification, the central enterprise at the heart of the *Raiffeisen Banking Group* (see the "Raiffeisen Banking Group" above).

RZB is also a member of the *UNICO Banking Group*, which is a loose union of the central institutions of the cooperative banking organisations in a number of European countries.

4.6.1 Related party dependencies

As described above, RZB is an (indirect) subsidiary of the *Regional Raiffeisen Banks* (see "History and Development" above and "Major Shareholders" below). The largest (indirect) shareholder in RZB is *RAIFFEISENLANDESBANK NIEDERÖSTERREICH-WIEN AG* with an effective total stake of 31.37%.

4.9.5 Conflicts of interest

RZB declares that to the best of its knowledge and belief and based on enquiries carried out for the purpose of ascertaining potential conflicts of interest of members of the Managing Board, the Supervisory Board, the *Länderkuratorium* and senior management (which is the managerial level immediately below the Managing Board), there are no potential conflicts of interest between any duties to RZB of the members of the Managing Board, the Supervisory Board, the *Länderkuratorium* or of members of senior management and their private interests and/or other duties apart from those stated below.

It is true that, generally, all members of the Managing Board and senior management of RZB have potential conflicts of interest in individual cases with regard to the companies and foundations in which they hold managing board or supervisory board seats or perform similar functions (as listed under “Administrative, Management and Supervisory Bodies” above) if as a result of the RZB Group’s banking operations RZB has an active business relationship with those entities.

RZB benefits from the expertise of its Supervisory Board members, many of whom also manage regional banks. They may also have duties to entities outside the *Raiffeisen Banking Group*. Those entities may also compete with RZB.

4.11.2 Financial Statements and other information concerning RZB's assets and liabilities, financial position and profits and losses

Accounting Standards

The non-consolidated annual financial statements for the financial years 2004 and 2005 were prepared in accordance with Austrian national accounting standards (HGB/BWG).

The consolidated annual financial statements for the financial years 2004 and 2005 were prepared in accordance with International Financial Reporting Standards (IFRS). As a result, under section 245 HGB (Austrian Commercial Code), consolidated financial statements prepared in accordance with national accounting standards were not prepared.

Auditing of historical annual financial information

The non-consolidated annual financial statements of RZB as well as the consolidated annual financial statements and the management's reports of the RZB Group, as at and for the financial years ended 31 December 2004 and 2005 were audited in accordance with national legal requirements by *KPMG Austria GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft*, Kolingasse 19, 1090 Vienna, represented by Dr. Walter Knirsch and Dr. Johann Mühlehner, Austrian Chartered Accountants. Unqualified auditors' opinions, which do not contain any qualifications or disclaimers, were issued for the non-consolidated annual financial statements of RZB as well as for the consolidated annual financial statements of RZB Group for the financial years ended 31 December 2004 and 2005.

KPMG Austria GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft is a member of the *Kammer der Wirtschaftstreuhänder* (chamber of professional accountants and tax advisors) in Austria.

The information contained in this Prospectus has not been audited by the auditors unless otherwise expressly stated.

Where financial data is used in this Prospectus that has not been extracted from RZB's audited financial statements, the source of such data is clearly stated together with the fact that such data was not audited by the auditors.

Age of latest Audited Financial Information

The date of the latest audited financial information for both RZB and the RZB Group is 31 December 2005.

Interim and other financial information

RZB does not publish non-consolidated semi-annual interim financial information. The RZB Group publishes unaudited half-yearly interim reports.

Legal and arbitration proceedings

RZB is involved in legal disputes arising in the course of its ordinary business activities.

Although it is not ultimately possible to predict the outcome of pending proceedings, the management of RZB is confident that the outcome of all these proceedings, whether individually or as a whole, will not have a material adverse effect on RZB's financial position.

As far as RZB is currently aware, save as disclosed in this Prospectus, neither legal proceedings nor arbitration proceedings nor so-called *Verwaltungsverfahren* (administrative proceedings) are currently pending or threatened that could have, or have had in the recent past, a material effect on RZB's assets, financial position or profitability.

Ongoing proceedings of significance:

On 11 June 2002, the European Commission imposed a fine of EUR 124.26 million on eight large Austrian banks because of an alleged breach of Article 81 (EC Treaty), which deals with agreements between undertakings, decisions by associations of undertakings and concerted practices which may affect trade between Member States (cartel proceedings). The fine imposed on RZB was EUR 30.38 million. The Austrian banks, including RZB, have challenged the European Commission's ruling in the European Court of First Instance. International lawyers acting for the Austrian banks are of the opinion that there are strong arguments for the Austrian banks' case. Although a ruling by the European Court of First Instance is still pending, the management of RZB is confident that the penalty is very unlikely to have a material adverse effect on the financial positions of RZB or the RZB Group. The first hearing in the European Court of First Instance took place at the beginning of October 2005. A judgment is expected to be issued in the following months.

Significant Changes

Save as disclosed in this Prospectus, there has been no significant change in the financial position of RZB or the RZB Group since 31 December 2005.

4.12 MATERIAL CONTRACTS

There are no material contracts that have been entered into by RZB outside the ordinary course of business, which could result in any group member of the RZB Group being under an obligation or entitlement that is material to the ability of the Issuer or RZB to meet their respective obligations under the Capital Notes or the Support Agreement.

 - (i) the offered rate (rounded, if necessary, up to the nearest one hundred thousandth of a percentage point (0.000005 per cent. being rounded upwards)) for three month euro deposits as at 11.00 a.m. (Brussels time) on the second Business Day before the Reset Date (in the

case of the Interest Period commencing on the Reset Date) or on the second Business Day before the first day of each subsequent Interest Period in question (the “Interest Determination Date”) as appears on the display designated as page “EURIBOR 01” on Reuters monitor (or such other page or service as may replace it for the purpose of displaying such information) as determined by the Calculation Agent; or

- (ii) if such offered rate does not appear on that page, the arithmetic mean (rounded, if necessary, up to the nearest one hundred thousandth of a percentage point (0.000005 per cent. being rounded upwards)) of offered quotations to prime banks in the Euro zone interbank market for three month euro deposits at 11.00 a.m. (Brussels time) on the relevant Interest Determination Date obtained by the Calculation Agent from the principal Euro zone office of each of four major banks (the “Reference Banks”) in the Euro zone interbank market, provided at least two of such banks provide the Calculation Agent with such offered quotations; or
- (iii) if, on the Interest Determination Date to which the provisions of sub paragraph (ii) above apply, one only or none of the Reference Banks provides the Calculation Agent with such a quotation, the arithmetic mean (rounded, if necessary, up to the nearest one hundred thousandth of a percentage point (0.000005 per cent. being rounded upwards)) of the euro lending rates which major banks in the Euro zone selected by the Calculation Agent are quoting at approximately 11.00 a.m. (Brussels time) on the first day of the relevant Interest Period to leading European banks for a period of three months and in an amount that is representative for a single transaction in that market at that time,

except that, if the banks so selected by the Calculation Agent under sub paragraph (iii) above are not quoting as mentioned above, the Rate of Interest shall be either (A) the aggregate of 1.95 per cent. per annum and the rate or (as the case may be) the arithmetic mean so determined for the last preceding Interest Period or (B) if none, 6.169 per cent. per annum.

- (c) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable on the Interest Determination Date in relation to each Interest Period falling after the Reset Date, calculate the amount of interest (the “Interest Amount”) payable in respect of each Capital Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Capital Note, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure to the nearest cent (half a cent being rounded upwards). If in respect of any Interest Period ending on or before the Reset Date interest is required to be calculated for a period ending other than on an Interest Payment Date, such interest shall be calculated on the basis of the number of days in the period from and including the most recent Interest Payment Date (or if none, the Issue Date) to but excluding the relevant payment date (such number of days being calculated on the basis of 12 30-day months divided by 360).
- (d) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, to be notified to the Paying Agents and each listing authority, stock exchange and/or quotation system (if any) by which the Capital Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but in any event not later than the Business Day before the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.
- (e) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Support Agreement Provider, the Paying Agents, the Noteholders and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

- (f) *Non-cumulative Interest Payments:* Interest Payments on the Capital Notes will be non-cumulative and will be deemed to accrue on a day by day basis. Interest on the Capital Notes will be paid by the Issuer out of funds legally available therefor; provided that Interest Payments will only be made on any Interest Payment Date to the extent that:
- (i) the Issuer has Distributable Funds for the Interest Period ending on the respective Interest Payment Date; and/or
 - (ii) the Support Agreement Provider has in accordance with section 24(2) No. 6(d) BWG an amount of Distributable Profits at least equal to (a) the aggregate amount of such Interest Payments payable on the relevant Interest Payment Date and (b) payments made during the period commencing on the date that Distributable Profits were determined by the Supervisory Board of the Support Agreement Provider immediately preceding such Interest Payment Date and ending on the relevant Interest Payment Date, in respect of interest on the Capital Notes and dividends or other distributions or payments on Parity Securities, if any.

However the Issuer may, at its sole discretion, elect by giving not less than 10 and not more than 60 days' notice in accordance with Condition 13 not to make Interest Payments on the Capital Notes with a view to ensuring the continuity of RZB's activities without weakening its financial structure (the "Optional Non-Payment Right").

If no interest falls to be paid by the Issuer in respect of the Capital Notes in any Interest Period then the right of Noteholders to receive interest (or any proportion thereof) in respect of such Interest Period will be extinguished and the Issuer will have no obligation to pay the interest accrued for such Interest Period or to pay any interest thereon, whether or not interest on the Capital Notes is paid for any future Interest Period.

If at any time the Distributable Funds of the Issuer exceed the amount of interest (if any) payable by the Issuer on the next succeeding Interest Payment Date, the Issuer shall (without prejudice to any obligation it may have to make a payment of interest on such Interest Payment Date) be entitled to pay all or part of such excess (an "Excess Distributable Funds Payment", which expression shall include any comparable payment by any other SPV), whether by way of dividend or otherwise, to or to the order of its shareholder.

- (g) *Obligation to pay Interest:* Subject to Condition 4(h) below and notwithstanding the restrictions set out in Condition 4(f) above, interest will be paid on the Capital Notes in the following circumstances:
- (i) if the Support Agreement Provider or any of the SPVs declares or pays any dividends or makes any other payment or other distribution on any Interest Parity Securities. If the dividend or other payment or distribution on such Interest Parity Securities was in the full stated amount payable on such Interest Parity Securities, Interest Payments will be made in full (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Interest Parity Securities or (in the period from and including the Reset Date) on the four next succeeding Interest Payment Dates falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Interest Parity Securities. If the dividend or other payment or distribution on such Interest Parity Securities was only a partial payment of the amount so owing, the Interest Payments on the Capital Notes will be reduced proportionally;
 - (ii) if the Support Agreement Provider or any of the SPVs declares or pays any dividend or makes any other payment or distribution on any Junior Securities, interest will be paid on the Capital Notes (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Junior Securities or

(in the period from and including the Reset Date) on the four next succeeding Interest Payment Dates falling contemporaneously with or immediately following the date on which such dividend or other payment or distribution was declared or made on such Junior Securities;

- (iii) if the Support Agreement Provider or any of the SPVs redeems, repurchases or otherwise acquires any Parity Securities or Junior Securities for any consideration except by conversion into or exchange for Junior Securities, the Issuer will make Interest Payments on the Capital Notes in full (in the period to but excluding the Reset Date) on the Interest Payment Date falling contemporaneously with or immediately following the date on which such redemption, repurchase or other acquisition occurred or (in the period from and including the Reset Date) on the four next succeeding Interest Payment Dates falling contemporaneously with or immediately following the date on which such redemption, repurchase or other acquisition occurred;

provided that no payment obligation shall arise under sub-paragraphs (i) – (iii) above if the relevant SPV which declares or pays any dividend or makes any other payment or distribution makes such payment or distribution out of its own distributable profits or makes an Excess Distributable Funds Payment.

- (h) *Restrictions on Interest Payments:* Notwithstanding any obligation to pay interest set out in Conditions 4(f) and 4(g) above, even if Distributable Funds of the Issuer and Distributable Profits of the Support Agreement Provider are sufficient on a particular Interest Payment Date, to the extent that, (i) in accordance with applicable Austrian law, the Support Agreement Provider would be limited in making payments on preference shares or preferred securities or capital notes issued by it ranking *pari passu* as to participation in profits with the Support Agreement Provider's obligations under the Support Agreement or (ii) on such date there is in effect an order of the FMA (or any other relevant regulatory authority) prohibiting the Support Agreement Provider from making any distribution of profits, the Issuer shall not be required to make any Interest Payments on any such Interest Payment Date.
- (i) *Pro rata Interest Payments:* When, by reason of any limitation described in Condition 4(f) (Non-cumulative Interest Payments) or Condition 4(g) (Obligation to pay Interest) above, interest is not paid in full on the Capital Notes and any Parity Securities, all interest payable upon the Capital Notes and any such Parity Securities will be payable pro rata in the proportion that the amounts available for payment on the Capital Notes and any such Parity Securities on the due date of payment shall bear to the full amount that would have been payable on the Capital Notes and such Parity Securities but for such limitation and any claims in respect of the difference between the full amount and the amount so payable shall be thereupon extinguished. If interest is not paid in full in accordance with the Terms and Conditions of the Capital Notes, the Noteholders will be notified in accordance with Condition 13 (Notices).

5. Redemption and Purchase

- (a) *Redemption at option of the Issuer:* The Capital Notes may be redeemed at the option of the Issuer in whole but not in part, subject to the prior consent of RZB (which shall grant such consent only after either replacement of the principal amount of the Capital Notes so redeemed by issuing other capital of at least equivalent quality (*Kapital gleicher oder besserer Qualität*) or after the FMA has determined that after repayment RZB and the group of credit institutions (*Kreditinstitutsgruppe*) to which RZB belongs have sufficient own funds required for adequate risk coverage), on 16 May 2016 or on any Interest Payment Date thereafter at the Redemption Price upon the Issuer giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable).
- (b) *Redemption for tax reasons and regulatory reasons:* The Capital Notes may be redeemed at the option of the Issuer in whole but not in part, at any time, subject to the prior consent of RZB (which shall grant such consent only after either replacement of the principal amount of the Capital Notes so redeemed by issuing other capital of at least equivalent quality (*Kapital gleicher oder besserer*

Qualität) or after the FMA has determined that after repayment RZB and the group of credit institutions (*Kreditinstitutsgruppe*) to which RZB belongs have sufficient own funds required for adequate risk coverage) at:

- (i) the Redemption Price if the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Condition 7 (*Taxation*) and such obligation cannot be avoided by the Issuer taking in its judgment reasonable measures available to it provided, however, that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts if a payment in respect of the Capital Notes were then due; or
- (ii) the higher of the Redemption Price and the Make Whole Amount (if any of the following events takes place prior to the Reset Date) or at the Redemption Price (if any of the following events takes place on or after the Reset Date) if:
 - (A) the FMA determines and announces that, or as a result of a change in law or regulation or interpretation thereof, the Capital Notes no longer qualify as Core Capital (*Kernkapital*) of the Support Agreement Provider for Austrian Banking capital adequacy purposes on a consolidated basis or
 - (B) as a result of a change in law or regulation or the interpretation thereof payments made by the Support Agreement Provider or any member of the RZB Group on any of the Investments are not fully deductible for tax purposes;

in either case giving not less than 60 nor more than 90 days' notice to the Noteholders (which notice shall be irrevocable).

If any of the events described in Condition 5(b)(i) or (ii) above occurs, then the Optional Non-Payment Right shall cease to be applicable.

Prior to the publication of any notice of redemption pursuant to this Condition 5(b), the Issuer shall deliver to the Fiscal Agent a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

Upon the expiry of any such notice as is referred to in this Condition 5(b), the Issuer shall be bound to redeem the Capital Notes in accordance with this Condition 5(b).

The Make Whole Amount shall be calculated by the Calculation Agent and will be equal to the sum of the Present Values (as defined below) on the Specified Redemption Date of (i) the principal amount of the Capital Notes outstanding and (ii) the remaining scheduled interest payments on the Capital Notes to (but excluding) 16 May 2016.

The "Present Values" will be calculated by the Calculation Agent by discounting the principal amount of the Capital Notes and the remaining scheduled interest payments to (but excluding) the 16 May 2016 on an annual basis, assuming a 365 day year or a 366 day year, as the case may be, and the actual number of days elapsed and using the Adjusted Comparable Yield plus 0.75 per cent.

- (c) *No other redemption:* The Issuer shall not be entitled to redeem the Capital Notes otherwise than as provided in Condition 5(a) (Redemption at the option of the Issuer) and Condition 5(b) (*Redemption for tax reasons and regulatory reasons*) above.
- (d) *Purchase:* The Issuer, the Support Agreement Provider or any of their respective Subsidiaries may at any time purchase Capital Notes in the open market or otherwise and at any price.

6. Payments

- (a) *Principal:* Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of Capital Notes at the Specified Office of any Paying Agent by transfer

to a Euro account (or other account to which Euro may be credited or transferred) maintained by the payee with, a bank in a city in which banks have access to the TARGET system.

- (b) *Interest:* Payments of interest shall be made only against presentation of the appropriate Capital Note at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 6(a) (Principal) above.
- (c) *Payments subject to fiscal laws:* All payments in respect of the Capital Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 7 (Taxation).
- (d) *Payments on business days:* If the due date for payment of any amount in respect of any Capital Note is not a Business Day in the place of presentation, the Noteholder shall not be entitled to payment in such place of the amount due until the next succeeding Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay. In this paragraph, “Business Day” means, in respect of any place of presentation, any day on which banks are open for presentation and payment of bearer debt securities and for dealings in foreign currencies in such place of presentation and, in the case of payment by transfer to a Euro account as referred to above, on which the TARGET system is operating.
- (e) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Capital Note presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

7. Taxation

The Issuer’s obligations to make certain payments under the Capital Notes are subject to the limitations provided in Conditions 4(f), 4(h) and 8. All amounts payable by the Issuer in respect of the Capital Notes shall be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Jersey or Austria or any other country from or out of which the Issuer makes payments, or any political subdivision or authority thereof or therein having power to tax (the “Withholding Taxes”), unless such withholding or deduction is required by law. In such event, the Issuer shall pay such additional amounts (the “Additional Amounts”) as shall be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts which would otherwise have been receivable in respect of the Capital Notes in the absence of such withholding or deduction, except that no such Additional Amounts shall be payable in respect of the Capital Notes:

- (a) to a Noteholder (i) who is liable to any Withholding Taxes by reason of having some connection with Jersey or Austria or any other country from or out of which the Issuer makes payments other than the mere holding of the Capital Notes or (ii) who is able to avoid such withholding or deduction by making a declaration of non-residence or other claim for exemption to the relevant tax authority but fails to do so; or
- (b) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (c) by or on behalf of a Noteholder who would have been able to avoid such withholding or deduction by presenting the relevant Capital Note to another Paying Agent in a member state of the European Union; or
- (d) more than 30 days after the Relevant Date except to the extent that the Noteholder of such Capital Note would have been entitled to such additional amounts on presenting such Capital Note for payment on the last day of such period of 30 days,

where “Relevant Date” means whichever is the later of (1) the date on which the payment in question first becomes due and (2) if the full amount payable has not been received by the Fiscal Agent on or prior to such due date, the date on which (the full amount having been so received) notice to that effect has been given to the Noteholders.

Any reference in these Terms and Conditions of the Capital Notes to principal or interest shall be deemed to include any Additional Amounts in respect of principal or interest (as the case may be) which may be payable under this Condition 7 (Taxation).

If the Issuer or the Support Agreement Provider becomes subject at any time to any taxing jurisdiction other than Jersey or Austria respectively, references in these Terms and Conditions of the Capital Notes to Jersey or Austria shall be construed as references to Jersey or (as the case may be) Austria and/or such other jurisdiction.

8. Rights upon Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Issuer, the Noteholders at the time will be entitled to receive the relevant Liquidation Distribution in respect of each Capital Note held out of the assets of the Issuer available for distribution to Noteholders.

Such entitlement will arise before any distribution of assets is made to holders of ordinary shares, preference shares, preferred securities or capital notes or any other class of shares of the Issuer ranking junior as regards participation in assets to the Capital Notes; or holders of any other share or other security issued by the Issuer having the benefit of a guarantee or support agreement from the Support Agreement Provider, where any such share or other security ranks junior as regards participation in assets to the Capital Notes, but such entitlement will rank equally with the entitlement of the holders of any other preference shares or preferred securities or capital notes, if any, of the Issuer ranking *pari passu* with the Capital Notes as regards participation in assets of the Issuer.

Notwithstanding the availability of sufficient assets of the Issuer to pay any Liquidation Distribution to the Noteholders if, at the time such Liquidation Distribution is to be paid, proceedings are pending or have been commenced for the voluntary or involuntary liquidation, dissolution or winding-up of the Support Agreement Provider, the Liquidation Distribution paid to Noteholders and the liquidation distribution per security to be paid to the holders of all Asset Parity Securities, shall not exceed the amount per security that would have been paid as the liquidation distribution from the assets of the Support Agreement Provider (after payment in full in accordance with Austrian law of all creditors of the Support Agreement Provider, including holders of its subordinated debt but excluding holders of any liability expressed to rank *pari passu* with or junior to the Support Agreement Provider’s obligations under the Support Agreement including, for the avoidance of doubt, the 2003 Preferred Securities and the 2004 Capital Notes) had the Capital Notes and all such Asset Parity Securities been issued by the Support Agreement Provider and ranked (i) junior to all liabilities of the Support Agreement Provider (other than any liability expressed to rank *pari passu* with or junior to the Support Agreement Provider’s obligations under the Support Agreement), (ii) *pari passu* with all Asset Parity Securities of the Support Agreement Provider and (iii) senior to the Support Agreement Provider’s Bank Share Capital.

If the Liquidation Distribution and any other such liquidation distributions cannot be made in full by reason of the limitation described in this Condition 8, such amounts will be payable pro rata in the proportion that the amount available for payment bears to the full amount that would have been payable but for such limitation. After payment of the Liquidation Distribution, as adjusted if applicable, the Noteholders will have no right or claim to any of the remaining assets of the Issuer or the Support Agreement Provider.

In the event of the liquidation, dissolution or winding-up of the Support Agreement Provider, the Board of Directors shall convene an Extraordinary General Meeting of the Issuer for the purpose of proposing a Special Resolution to put the Issuer into voluntary winding-up and the amount per Capital Note to which Noteholders shall be entitled as a Liquidation Distribution will be as set out in this Condition 8.

The Support Agreement Provider will undertake in the Support Agreement that, so long as any Capital Notes are outstanding, unless the Support Agreement Provider itself is in liquidation, the Support Agreement Provider will not permit, or take any action to cause, the liquidation, dissolution or winding-up of the Issuer.

9. Replacement of Capital Notes

If any Capital Note is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent and the Paying Agent having its Specified Office in Vienna, subject to all applicable laws and stock exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Capital Notes must be surrendered before replacements will be issued.

10. Agents

In acting under the Agency Agreement and in connection with the Capital Notes, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and the Support Agreement Provider and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

The Issuer and the Support Agreement Provider reserve the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or calculation agent and additional or successor paying agents, provided, however, that the Issuer and the Support Agreement Provider shall at all times maintain (a) a fiscal agent and a calculation agent, (b) a paying agent in Vienna and (c) a paying agent in a member state of the European Union that is not obliged to withhold or deduct tax pursuant to the European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced to conform to, such Directive. Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders in accordance with Condition 13 (Notices).

11. Meetings of Noteholders; Modification

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Capital Notes, including the modification of any provision of these Terms and Conditions of the Capital Notes proposed by the Issuer and the Support Agreement Provider. Any such modification may be made if sanctioned by an Extraordinary Resolution (as defined in the Agency Agreement). Such a meeting may be convened by the Issuer and the Support Agreement Provider (acting together) and shall be convened by them upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Capital Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more persons holding or representing one more than half of the aggregate principal amount of the outstanding Capital Notes or, at any adjourned meeting, two or more persons being or representing Noteholders whatever the principal amount of the Capital Notes held or represented; provided, however, that certain proposals (including any proposal to change any date fixed for payment of principal or interest in respect of the Capital Notes, to reduce the amount of principal or interest payable on any date in respect of the Capital Notes, to alter the method of calculating the amount of any payment in respect of the Capital Notes or the date for any such payment, to effect the exchange or substitution of the Capital Notes for, or the conversion of the Capital Notes into, shares, bonds or other obligations or securities of the Issuer or Support Agreement Provider or any other person or body corporate formed or to be formed, to change the currency of payments under the Capital Notes, to amend the terms of the Support Agreement relating to the Capital Notes or to change the quorum requirements relating to meetings or the majority required to pass an Extraordinary Resolution (each, a “Reserved Matter”)) may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Capital Notes form a quorum. Any Extraordinary

Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Capital Notes, these Conditions and the Support Agreement may be amended without the consent of the Noteholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

12. Further Issues

The Issuer may from time to time, without the consent of the Noteholders, create and issue further Capital Notes having the same terms and conditions as the Capital Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Capital Notes.

13. Notices

If and for so long as the Capital Notes are listed on the Vienna Stock Exchange, notices to the Noteholders shall be valid if published in a leading newspaper having general circulation in Austria (which is expected to be the *Amtsblatt zur Wiener Zeitung*). Any such notice shall be deemed to have been given on the date of first publication.

In accordance with their published rules and regulations, each of Euroclear and Clearstream, Luxembourg will notify the holders of securities accounts with it to which any Capital Notes are credited of any such notices received by it.

14. Prescription

Claims for principal shall become void unless the relevant Capital Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Capital Notes are presented for payment within five years of the appropriate Relevant Date.

15. Governing Law and Jurisdiction

- (a) *Governing law:* The Capital Notes and all matters arising from or connected with the Capital Notes are governed by, and shall be construed in accordance with, English law, save that determination in respect of the Distributable Profits and the third paragraph of Condition 8 will be construed in accordance with Austrian law.
- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any dispute (a “Dispute”) arising from or connected with the Capital Notes.
- (c) *Appropriate forum:* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England:* Condition 15(b) (*English courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 15 (*Governing law and jurisdiction*) prevents any Noteholder from taking proceedings relating to a Dispute (“Proceedings”) in any other courts with jurisdiction (save for federal courts of the United States). To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.

- (e) *Process agent:* The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to RZB's London Branch at 10 King William Street, London EC4N 7TW or at any address of the Issuer in Great Britain at which process may be served on it in accordance with Part XXIII of the Companies Act 1985. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent. Nothing in this Condition 15(e) shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

7. SUMMARY OF PROVISIONS RELATING TO THE CAPITAL NOTES IN GLOBAL FORM

The Capital Notes will initially be in the form of the Temporary Global Note which will be deposited on or around the Closing Date with a common depositary for Euroclear and Clearstream, Luxembourg. The Temporary Global Note will be exchangeable for interests in the Permanent Global Note not earlier than 40 days after the Closing Date upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Capital Notes cannot be collected without such certification of non-U.S. beneficial ownership.

The Permanent Global Note will become exchangeable in whole, but not in part, for Capital Notes in definitive form (“Definitive Notes”) in the denomination of EUR 50,000 each at the request of the bearer of the Permanent Global Note if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, unless within 14 days of such event occurring the Capital Notes have been accepted for clearing and settlement within an equivalent international clearing and settlement system.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated without coupons attached, in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the thirtieth day after the bearer has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Capital Notes or the date for final redemption of the Capital Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under a deed of covenant dated or around 16 May 2006 (the “Deed of Covenant”) executed by the Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in the Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Capital Notes they were shown as holding in the records of Euroclear and/or (as the case may be) Clearstream, Luxembourg.

In addition, the Temporary Global Note and the Permanent Global Note will contain provisions which modify the Terms and Conditions of the Capital Notes as they apply to the Temporary Global Note and the Permanent Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Temporary Global Note and the Permanent Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Temporary Global Note or (as the case may be) the Permanent Global Note at the Specified Office of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Capital Notes. On each occasion on which a payment of principal or interest is made in respect of the Temporary Global Note or (as the case may be) the Permanent Global Note, the Issuer shall procure that the same is noted in a schedule thereto.

Notices: Notwithstanding Condition 13 (*Notices*), while all the Capital Notes are represented by the Permanent Global Note (or by the Permanent Global Note and/or the Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a common depositary for Euroclear and Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and Clearstream, Luxembourg and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 13 (*Notices*) on the date of delivery to Euroclear and Clearstream, Luxembourg; *provided, however, that*, so long as the Capital Notes are listed on the Vienna Stock Exchange and its rules so require, notices will also be published in a leading newspaper having general circulation in Austria (which is expected to be the *Amtsblatt zur Wiener Zeitung*).

2.1 2.1.1 Subject to the limitations contained in the following paragraphs of this Clause 2.1, RZB irrevocably and unconditionally agrees that if at any time the Company has insufficient funds to enable it to meet in full all of its obligations under or in respect of the Capital Notes as and when such obligations fall due, to make available to the Company funds sufficient to enable it to meet such payment obligations. Subject to Condition 4(f), the Company shall use any amount made available to it by RZB pursuant to this Support Agreement solely to fulfil its payment obligations under or in respect of the Capital Notes.

2.1.2 Notwithstanding Clause 2.1.1, if, at the time that any amounts are to be paid in respect of Liquidation Distributions on the Capital Notes, proceedings are pending or have been commenced for the voluntary or involuntary liquidation, dissolution or winding-up of RZB, payment under this Support Agreement of amounts in respect of such Liquidation Distributions and payment by RZB in respect of any liquidation distributions payable with respect to any Asset Parity Securities shall not exceed the amount per security that would have been paid as the liquidation distribution from the assets of RZB (after payment in full in accordance with Austrian law of all creditors of RZB, including holders of its subordinated debt but excluding holders of any liability expressed to rank *pari passu* with or junior to RZB’s obligations under this Support Agreement (including for the avoidance of doubt the 2003 Preferred Securities and the 2004 Capital Notes)) had the Capital Notes and all such Asset Parity Securities been issued by RZB and ranked (a) junior to all liabilities of RZB (other than any liability expressed to rank *pari passu* with or junior to RZB’s obligations under this Support Agreement), (b) *pari passu* with all Asset Parity Securities of RZB and (c) senior to RZB’s Bank Share Capital.

The determination of any such limitation of RZB’s obligations under this Support Agreement as set forth above will be made on the relevant Interest Payment Date, the date specified for redemption or the Liquidation Date, as the case may be.

2.2 This Support Agreement shall be deposited with and held by BNP Paribas Securities Services, Luxembourg Branch, as fiscal agent until all the obligations of RZB hereunder have been discharged in full. RZB hereby acknowledges the right of every Noteholder to the production of, and the right of every Noteholder to obtain a copy of, this Support Agreement.

2.3 Subject to applicable law, RZB, may from time to time purchase the Capital Notes from any Noteholder and hold or resell any Capital Note so purchased.

- 2.4 Subject to applicable law, RZB's obligations hereunder constitute unsecured obligations of RZB and rank and will at all times rank (a) junior to all liabilities of RZB (other than any liability expressed to rank *pari passu* with or junior to this Support Agreement), (b) *pari passu* with all payment obligations of RZB in respect of Asset Parity Securities, (c) *pari passu* with RZB's obligations entered into by RZB in connection with the 2003 Preferred Securities and the 2004 Capital Notes and (d) senior to the Bank Share Capital.

3. Covenants

- 3.1 RZB undertakes that it will not issue any capital notes, preference shares or preferred securities which are materially equivalent to preference shares ranking senior to its obligations under this Support Agreement and RZB undertakes that it will not enter into any support agreement or give any guarantee in respect of any capital notes, preference shares or preferred securities which are materially equivalent to preference shares issued by any Subsidiary of RZB if such support agreement or guarantee (including, without limitation, any support agreement or guarantee that would provide a priority of payment with respect to distributable funds) would rank senior to this Support Agreement unless, in each case, (a) this Support Agreement is changed to give the Company and/or the Noteholders (as applicable) such rights and entitlements as are contained in or attached to such capital notes, preference shares or preferred securities or such other support agreement or guarantee so that this Support Agreement ranks *pari passu* with, and contains substantially equivalent rights of priority as to payment out of distributable funds as, any such capital notes, preference shares or preferred securities, or other support agreement or guarantee, provided that in no case shall this Support Agreement be changed so that RZB's obligations under this Support Agreement rank *pari passu* with, or junior to, Bank Share Capital and (b) the most recent Interest Payment on the Capital Notes has been paid in full by the Company.
- 3.2 RZB undertakes that any amount required to be paid to the Company pursuant to this Support Agreement to enable the Company to pay any Interest Payment payable in respect of the most recent Interest Period will be paid prior to any payment or other distribution in respect of any interest upon common shares, *Vorzugsaktien* or any other shares or securities of RZB ranking junior to RZB's obligations under this Support Agreement (whether issued directly by RZB or by a Subsidiary of RZB and entitled to the benefit of a support agreement or guarantee ranking junior to RZB's obligations under this Support Agreement).
- 3.3 RZB undertakes to maintain the Company as an indirect subsidiary for so long as any Capital Note shall remain in issue. RZB undertakes that, so long as any Capital Note is outstanding, unless RZB is itself in liquidation, RZB will not permit, or take any action to cause, the winding-up of the Company.

4. Termination

This Support Agreement shall terminate and be of no further force and effect upon full payment of the Redemption Price or purchase and cancellation of, all outstanding Capital Notes or full payment of the Liquidation Distributions and liquidation of the Company, provided, however, that this Support Agreement will continue to be effective or will be reinstated, as the case may be, if at any time payment of any sums paid under the Capital Notes or this Support Agreement must be restored by a Noteholder for any reason whatsoever.

Each of RZB and the Company undertakes, for the benefit of the Noteholders:

Each of RZB and the Company hereby acknowledges and covenants that the obligations binding upon it contained in this Support Agreement are owed to, and shall be for the benefit of, each and every Noteholder, and that each Noteholder shall be entitled severally to enforce the said obligations against RZB and the Company.

7. Successors and Communications

The Company shall not transfer its obligations hereunder in any circumstances and RZB shall not transfer its obligations hereunder without the prior approval of not less than two thirds of the Noteholders which consent shall be obtained in accordance with procedures contained in the Terms and Conditions of the Capital Notes; provided, however, that the foregoing shall not preclude RZB from merging or consolidating with, or transferring or otherwise assigning all or substantially all of its assets and obligations (including its obligations under this Agreement) to, a banking organisation organised under the laws of a member state of the European Union, without obtaining any approval of such Holders.
- 7.2 Except for those changes (a) required by Clause 3.1 hereof; (b) which do not materially adversely affect the rights of Noteholders; or (c) necessary or desirable to give effect to any one or more transactions referred to in the proviso to Clause 7.1 (in any of which cases no agreement will be required), this Support Agreement shall be changed only by agreement in writing signed by RZB and the Company with the prior approval of not less than two thirds of the Noteholders (excluding in each case any Capital Notes held by RZB or any entity of which RZB, either directly or indirectly, owns 20 per cent. or more of the voting shares or other similar ownership interests), in accordance with the procedures contained in the Company's Memorandum and Articles of Association and the applicable laws of Jersey.
- 7.3 Any notice, request or other communication required or permitted to be given hereunder to RZB shall be given in writing by delivering the same against receipt therefor or by facsimile transmission (confirmed by mail) addressed to RZB, as follows (and if so given, shall be deemed given upon mailing of confirmation, if given by facsimile transmission), to:

- 8.2 Each of RZB and the Company hereby irrevocably agrees for the benefit of the Noteholders (and, in the case of RZB only, the Company) that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Support Agreement and that accordingly any suit, action or proceedings arising out of or in connection therewith (together referred to as "Proceedings") may be brought in such courts.

Each of RZB and the Company irrevocably and unconditionally waives and agrees not to raise any objection which it may have now or subsequently to the laying of the venue of any Proceedings in the courts of England or any claim that any Proceedings have been brought in an inconvenient forum and further irrevocably and unconditionally agrees that a final judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon RZB and the Company and may be enforced in the courts of any other jurisdiction.

Each of RZB and the Company hereby undertake to maintain an agent for service of process in England for as long as any Capital Notes remain outstanding. RZB and the Company hereby appoint RZB Austria London Branch at 10 King William Street, London, EC4N 7TW, as their agent for service of process in England in respect of any Proceedings and has undertaken that in the event of its ceasing so to act it will appoint another person in England as its agent for that purpose.

10. TAXATION

General

The comments below are of a general nature based on current law and practice in the relevant jurisdiction referred to. They relate only to the position of persons who are the holders of the Capital Notes (“Noteholders”) and may not apply to certain classes of persons such as dealers. Any Noteholders of Capital Notes who are in doubt as to their personal tax position should consult their professional advisers.

10.1 Taxation in Jersey

The following summary of the anticipated tax treatment in Jersey of the Issuer is based on Jersey taxation law and practice in force at the date of this document and does not constitute legal or tax advice. Prospective investors should consult their professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of any Capital Notes under the laws of the jurisdictions in which they may be liable to taxation. Prospective investors should be aware that tax rules and practice and their interpretation may change.

The Issuer has been granted exempt company status within the meaning of Article 123A of the Income Tax (Jersey) Law 1961, as amended for the current calendar year, and it intends to maintain such status for so long as it is available. The effect of such special status is that the Issuer is treated as a non-resident company for the purposes of Jersey tax laws and is therefore exempt from Jersey income tax on its income arising outside Jersey (and, by concession, on bank deposit interest arising in Jersey) and from any obligation to withhold Jersey income tax from any interest or dividend payments made by it. Such status is applied for on an annual basis (together with payment of the required charge, currently GBP 600). The retention of exempt company status, for as long as it is available under Jersey law, is conditional upon the Comptroller of Income Tax in Jersey being satisfied that no Jersey resident has a beneficial interest in the Issuer, except as permitted by concessions granted by the Comptroller of Income Tax.

While the Issuer is an exempt company, payments in respect of the Capital Notes will not be subject to taxation in Jersey, no withholding will be required for or on account of Jersey income tax on such payments to any holder of Capital Notes in each case in the hands of persons not resident for income tax purposes in Jersey. As at the date of this Prospectus, Jersey has no capital gains tax and no inheritance tax or gift tax.

No stamp duty or similar taxes are payable in Jersey in connection with the issue, redemption or sale of the Capital Notes.

European Union Code of Conduct on Business Taxation

On 3 June 2003, the European Union Council of Economic and Finance Ministers reached political agreement on the adoption of a Code of Conduct on Business Taxation (the “Code”). Jersey is not a member of the European Union, however, the Policy & Resources Committee of the States of Jersey has announced that, in keeping with Jersey’s policy of constructive international engagement, it intends to propose legislation to replace the Jersey exempt company regime by the end of 2008 with a general zero rate of corporate tax.

It is intended that the new corporate tax will preserve tax neutrality (and so retain the existing benefits of the exempt company regime through a revised fiscal structure). Unlike the exempt company regime, it is anticipated that the new regime will not require an annual application/election or the payment of any sum by the relevant company.

European Union Directive on the Taxation of Savings Income

As part of an agreement reached in connection with the European Union directive on the taxation of savings income in the form of interest payments, and in line with steps taken by other relevant third countries, Jersey introduced with effect from 1 July 2005 a retention tax system in respect of payments of interest, or other

similar income, made to an individual beneficial owner resident in an EU Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to EU Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in an EU Member State will be entitled to request a paying agent not to retain tax from such payments but instead to apply a system by which the details of such payments are communicated to the tax authorities of the EU Member State in which the beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the EU Member States, the Taxation (Agreements with European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy & Resources Committee of the States of Jersey. Based on these provisions and what is understood to be the current practice of the Jersey tax authorities, the Issuer would not be obliged to levy retention tax in Jersey under these provisions in respect of interest payments made by it to a paying agent established outside Jersey.

10.2 Taxation in Austria

The following discussion is a summary of certain tax matters arising under Austrian tax law. The discussion does not purport to be a comprehensive description of all tax considerations, which may be relevant to a decision to purchase the Capital Notes. With the exception of certain illustrative data, the discussion is limited to income taxation of dividends, interest and capital gains under Austrian law, and does not address all aspects of such Austrian taxation. The information contained in this summary is not to be construed as tax advice. It is based on an interpretation of the Austrian tax laws as of the date hereof and is subject to change. Any such change maybe applied retroactively and may adversely affect the tax consequences described herein. The discussion does not consider any specific facts or circumstances that will be relevant to a particular Noteholder. In particular, this discussion does not consider the tax considerations that will be relevant to prospective investors who reside outside Austria, including but not limited to foreign investors with a permanent establishment in Austria. The following summary only applies to individual or corporate Noteholders, who are subject to unlimited tax liability in Austria (“Austrian individual holders” respectively “Austrian corporate holders”). If not stated otherwise, the discussion applies to both business and private assets of the Austrian individual holder.

The following assumes that the Capital Notes will be treated as debt instruments for Austrian tax purposes. However, it cannot be entirely excluded that the Austrian tax authorities will qualify the Capital Notes not as debt securities but as shares and the income derived therefrom as dividend income. Holders of Capital Notes are therefore strongly advised to consult their tax adviser.

Taxation as Debt Instruments

Austrian individual holders as well as Austrian corporate holders are subject to Austrian personal or corporate income tax on interest income derived from the Capital Notes. In case the debt instrument is held by an Austrian individual holder and Austrian withholding tax (“*Kapitalertragsteuer*”) of 25 per cent. is deducted by an Austrian coupon paying agent on the interest payment, the withholding tax is a final tax. However, the individual might opt for an assessment at regular rates if this leads to lower taxation. Costs laid out to earn the interest are not taken into account either in the case of the fixed rate, or in the case of an income tax assessment. Austrian corporate holders can avoid Austrian withholding tax by submitting a written declaration of exemption from withholding tax (“*Befreiungserklärung*” due to Sec 94 lit 5 EStG) to the paying agent. Austrian corporate holders are subject to corporate income tax on the interest income at the normal rate of 25 per cent. via the corporate income tax return. If the payment is made outside of Austria, there is no deduction of Austrian withholding tax. In this case taxation is - with respect to Austrian individual holders - shifted to the procedure of tax declaration and tax assessment by the tax authorities. Interest payments are subject to personal income tax at a fixed rate of 25 per cent. unless assessment at the regular rates leads to lower taxation (option for assessment at regular rates). Costs laid out to earn the interest do not reduce the basis of assessment. Any capital gain from the sale of the Capital Notes by Austrian individual holders will be subject to Austrian personal income tax at the progressive income tax rates, unless the shares are sold by the Austrian individual holder out of his private assets after an ownership period of more than

one year. Capital Gains realised by Austrian corporate holders are liable to corporate income tax at the standard rate of 25 per cent.

Taxation as Shares

In case the Austrian tax authorities qualify the Capital Notes as shares the interest payments would be qualified as dividends and the dividend payments would be subject to income tax in the hands of the Austrian individual holder. Foreign dividends received via Austrian coupon paying agents are subject to a 25 per cent. Austrian withholding tax. In general, the withholding tax is a final tax. The individual can opt for an assessment, if this leads to lower income taxation (half income tax rate procedure). Costs laid out to earn the dividends cannot be taken into account either in the case of the final tax, or in the case of an income tax assessment. However, the Austrian Finance Minister can decree that income taxation has to be effectuated at the regular rates with respect to distributions paid by foreign companies, which are not subject to tax comparable to Austrian corporate income tax. No such decree exists at present, but it cannot be excluded that one will be issued some time in the near future. If dividend payments are received outside of Austria, no Austrian withholding tax is deducted and the taxation of the dividend income has to be effectuated via the personal income tax return. Foreign dividends are subject to personal income tax at a final rate amounting to 25 per cent, unless the application of the half income tax rate procedure leads to lower income taxation. Costs laid out to earn the dividends are not taken into account either in the case of the fixed rate, or in the case of the half rate procedure. However, the Austrian Finance Minister can decree that income taxation has to be effectuated at the regular rates with respect to dividends paid by foreign companies, which are not subject to tax comparable to Austrian corporate income tax. No such decree exists at the time being, but it cannot be excluded that one will be issued some time in the near future. The alienation of the Capital Notes by an Austrian individual holder gives rise to a taxable profit or, as the case may be, gain if the sales proceeds exceed the book value or the acquisition cost respectively, and the expenses incurred on the sale. The same applies when a shareholding is relinquished in the case of liquidation of the company. Capital gains, however, are not taxable, if privately held shares amounted to less than 1 per cent. of the shares of the foreign company within the last five years before alienation and if the time span between acquisition and alienation of the Capital Notes exceeds one year. Foreign dividends received by an Austrian corporate holder are in general subject to corporate tax at the standard rate of 25 per cent. From the year 2004 on, however, dividends are exempt from corporate tax, if the Austrian corporation holds at least 10 per cent. of the capital of the foreign dividend paying corporation for an uninterrupted period of 1 year. In this case gains (also capital gains), losses and other changes in value of the participation have no tax effect, unless the foreign company is wound up. Subject to certain conditions the Austrian corporate holder also has the option to treat the gains (capital gains), losses and other changes in value of the participation as taxable income. Temporary arrangements exist with respect to the transition from the previous version of the international participation exemption to the current one. The participation exemption does not apply, if the dividend paying corporation earns mainly passive income in the form of interest, rental income from movable and non-tangible goods or from the sale of participations, if the income of the dividend paying corporation is not subject to tax comparable to Austrian corporate tax.

Inheritance and gift tax

Under Austrian law, the transfer of Capital Notes will be subject to Austrian inheritance or gift tax on a transfer by reason of death or a gift, if at the time of the transfer of the securities: (a) the donor, deceased or the donee, heir or other beneficiary is resident in Austria at the time of the transfer, or, if having Austrian citizenship, was not continuously outside of Austria and without a place of residence in Austria for more than two years; or (b) the shares were held as assets of a permanent establishment maintained in Austria by the deceased or donor. Inheritance tax will not accrue if the Capital Notes are qualified as debt instruments and if the securities were held as part of the private assets ("Privatvermögen") by the deceased Austrian individual holder. In case the Capital Notes are qualified as shares, no inheritance tax will accrue, if the deceased holds less than 1 per cent. of the share capital at the time of death.

Other Taxes

There are no transfer, stamp or similar taxes, which would apply to the sale or transfer of the Capital Notes in Austria. Net wealth tax is not levied in Austria.

10.3 Taxation in Germany

The following section is a short summary of certain German taxation principles that may be or may become relevant with respect to the Capital Notes. This section does not purport to be a comprehensive description of all of the German tax consequences that may be relevant to Noteholders. The summary is based on German domestic tax laws currently in force and as applied in practice as of the date of this Prospectus. Provisions may change at short-term notice, possibly with retroactive effect.

There is some uncertainty as to how the German tax authorities and/or tax courts will treat the Capital Notes. The Capital Notes may qualify as debt or equity instruments for German tax purposes. The Issuer believes that it is more likely that the Capital Notes will be treated as debt securities for German tax purposes. However, it cannot be excluded that the German tax authorities/tax courts may qualify the Capital Notes not as debt securities, but as equity instruments. Prospective Noteholders are advised to consult their tax advisers as regards the tax consequences of the acquisition, holding and disposition or transfer without consideration, respectively, of the Capital Notes. Only these advisers will be able to take into account appropriately the details relevant to the taxation of the respective Noteholders.

Taxation as debt instruments

If the German tax authorities and/or the tax courts qualify the Capital Notes as debt instruments and the income derived therefrom as interest income, German Investors and Noteholders presenting the Capital Notes in the course of an Over-The-Counter-Transaction will be subject to German income tax or corporate income tax respectively (each plus solidarity surcharge thereon) with any payment received on the Capital Notes. In case the Capital Notes are held as business assets in a German permanent establishment any payments will also be subject to trade tax.

Capital gains from the sale or redemption of the Capital Notes by German Investors and Noteholders presenting the Capital Notes in the course of an Over-The-Counter-Transaction will also be subject to German income tax or corporate income tax, as the case may be, (each plus solidarity surcharge thereon) to the extent they correspond to the yield upon issue, and if the Capital Notes are held as business assets in a German permanent establishment capital gains will also be subject to trade tax.

Withholding tax

German withholding tax on interest (*Zinsabschlag*) will be deducted from payments on the Capital Notes to (i) a Noteholder who is tax resident in Germany or who is not tax resident in Germany but holds the Capital Notes as assets of a German permanent establishment (“German Investor”) if the Capital Notes are kept or administered in a domestic securities deposit account by a German credit institution or financial services institution, which term includes a German branch of a foreign credit institution or financial services institution but excludes a foreign branch of a German credit institution or financial services institution (“German Disbursing Agent”) and the German Disbursing Agent acts as a paying agent, or to (ii) a German tax resident or a non-German tax resident Noteholder if the Capital Notes are presented for payment at the office of a German Disbursing Agent (“Over-The-Counter-Transaction”). Withholding tax will be levied at a rate of 30 per cent. (in the case of an Over-The-Counter-Transaction the tax rate is 35 per cent.) plus 5.5 per cent. solidarity surcharge thereon.

If the Capital Notes have been acquired through a German Disbursing Agent and have since then been held in a securities deposit account with such German Disbursing Agent or have been administered by such German Disbursing Agent the assessment base for withholding tax upon redemption or disposal will be an amount equal to the difference between the issue price or the purchase price and the sale proceeds or redemption proceeds. If this is not the case the assessment base will be an amount equal to 30 per cent. of

the sale proceeds or redemption proceeds. The withholding tax and solidarity surcharge thereon are credited against the German income tax and solidarity surcharge liability.

Taxation in case the Capital Notes are qualified as equity

Due to its legal nature and its terms and conditions it cannot be excluded that the Capital Notes may be qualified as equity instruments.

Risk of applicability of the German Investment Tax Act (Investmentsteuergesetz)

The Issuer believes that even if the Capital Notes are qualified as equity instruments, Noteholders will not be subject to the German Investment Tax Act. The Investment Tax Act requires an investment according to the principle of risk diversification. As the Issuer only invests in the RZB Group this requirement will not be satisfied.

Risk of applicability of the German Foreign Tax Act (Außensteuergesetz)

Even if the Capital Notes are qualified as equity the Issuer believes that it is unlikely that the German Foreign Tax Act will be applied to the Capital Notes as the Capital Notes do neither grant a participation in the share capital of the Issuer or any other entity nor grant general voting rights.

If, however, the Foreign Tax Act is applied, Noteholders who are tax resident in Germany will be taxed upon certain holding requirements on their pro rata share in the income (determined according to German tax accounting rules) earned by the Issuer qualifying as passive income (*Zwischeneinkünfte mit Kapitalanlagecharakter*) irrespective of whether such income is distributed by the Issuer. The full amount of the share in such income of the Issuer will be subject to German income tax or corporation tax (each plus solidarity surcharge thereon) and, in case the Capital Notes are held as business assets of a German permanent establishment, to trade tax. No additional tax liability will arise in case the profits of the Issuer are distributed thereafter within seven years.

Taxation if the German Foreign Tax Act is not applied

If the German Foreign Tax Act is not applied although the Capital Notes are qualified as equity, instruments, the tax analysis as set out in the following paragraphs will apply.

Taxation of Interest

50 per cent. of the Interest Payments received by a German Investor who is an individual (“German Individual Investor”) will be subject to German income tax (plus solidarity surcharge thereon). Accordingly, only 50 per cent. of the expenses economically related to the Interest Payments are deductible for income tax purposes. In addition, the entire income is subject to trade tax if a German Individual Investor holds the Capital Notes as business assets of a German permanent establishment.

95 per cent. of the Interest Payments received by a corporate German Investor (“German Corporate Investors”) are in principle exempt from German corporate income tax, but 100 per cent. of the Interest Payments will be subject to trade tax if a German Corporate Investor holds the Capital Notes as business assets of a German permanent establishment. If the German Corporate Investor is a credit institution or financial services institution within the meaning of the German Banking Act (*Kreditwesengesetz*) and if the Capital Notes have been recorded in the trading book, or a German insurance undertaking or pension fund (*Pensionsfonds*) Interest Payments are fully subject to corporate income tax and trade tax. The same applies if the Capital Notes were acquired by a financial enterprise as defined in the German Banking Act to achieve short-term capital gains from trading activities.

Taxation of Capital gains

German Individual Investors are subject to tax with 50 per cent. of the capital gains from the sale or redemption of the Capital Notes if the Capital Notes are either sold within one year after the acquisition of

the Capital Notes or if the German Private Investor at any time during the five years preceding the sale, directly or indirectly held an interest of 1 per cent. or more in the Issuer. In addition, the capital gains will be subject to trade tax if German Individual Investors who hold the Capital Notes as business assets receive capital gains from the disposition of the Capital Notes.

95 per cent. of capital gains received by a German Corporate Investor from the sale or redemption of the Capital Notes are in principle tax exempt. If the Capital Notes are held by a credit institution or financial services institution within the meaning of the German Banking Act (*Kreditwesengesetz*) and if the Capital Notes have been recorded in the trading book or if the Capital Notes are held by a German insurance company or pension fund (*Pensionfonds*), capital gains from the disposal of Capital Notes are fully subject to corporate income tax and trade tax. The same applies if the Capital Notes were acquired by a financial enterprise as defined in the German Banking Act to achieve short-term capital gains from trading activities.

Losses from the sale of the Capital Notes are in principle deductible only if and to the extent that the corresponding capital gains would be taxable. However, the deduction of such losses is subject to additional restrictions.

Taxation in case the Issuer is disregarded for German tax purposes

Income derived from the Capital Notes may also be treated as interest and may therefore be taxed in accordance with the paragraph “Taxation as debt instruments” in case the German tax authorities disregard the Issuer for German tax purposes and therefore treat the Noteholders in the same way as if they had directly invested in RZB. However, in this case it cannot be excluded that the Noteholders are considered to have an equity interest in RZB in which case the investors would be taxed as described in the paragraph “Tax consequences in case the Capital Notes are qualified as equity”.

Gift or inheritance tax

A transfer of the Capital Notes as a gift or by reason of death will be subject to German inheritance or gift tax if the Noteholder, or the heir, donee or other beneficiary is a German resident for German gift or inheritance tax purposes according to the specific rules of the German Gift and Inheritance Tax Act. This may in particular be the case if the Noteholders, heir, donee or other beneficiary is:

- (a) an individual having at the time of the donation or death its residence or habitual abode in Germany or if the individual is a German citizen who has not been living abroad for more than five years without having a residence in Germany, or
- (b) a corporation having its seat or central place of management in Germany,

or the Capital Notes belong to business assets attributable to a permanent establishment or a permanent representative in Germany.

Other taxes

There are no stamp taxes, registration taxes or equivalent taxes which would apply to the sale or transfer of the Capital Notes in Germany. Net worth tax is currently not levied in Germany.

10.4 EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

The directive has been implemented into Austrian law by Federal Law Gazette 2004 I/33.

11. SUBSCRIPTION AND SALE

Under a subscription agreement dated 12 May 2006 (the “Subscription Agreement”) BNP Paribas and UBS Limited (the “Joint Lead Managers”) have jointly and severally agreed with the Issuer and RZB, subject to the satisfaction of certain conditions, to subscribe for the Capital Notes at the issue price of EUR 50,000 per Capital Note. RZB has agreed to pay to the Joint Lead Managers a total commission of EUR 3,750,000. The Joint Lead Managers are entitled to terminate the Subscription Agreement in certain circumstances prior to payment to the Issuer. The Issuer and RZB have agreed to indemnify the Joint Lead Managers against certain liabilities in connection with the issue of the Capital Notes.

United States of America

The Capital Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each of the Joint Lead Managers has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Capital Notes (i) as part of their distribution at any time or (ii) otherwise until the expiration of the period ending 40 days after the later of the commencement of the offering and the Closing Date (the “Distribution Compliance Period”) within the United States or to, or for the account or benefit of, U.S. persons, and that it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Capital Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Capital Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S.

The Capital Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Capital Notes within the United States by a dealer (that is not participating in the offering) may violate the registration requirements of the Securities Act.

United Kingdom

Each of the Joint Lead Managers has represented and agreed that:

- (a) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (“FSMA”)) received by it in connection with the issue or sale of any Capital Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Capital Notes in, from or otherwise involving the United Kingdom.

Jersey

Each of the Joint Lead Managers has represented and agreed that it will not direct its selling efforts in respect of the Capital Notes towards natural persons or persons (other than financial institutions) who are resident for income tax purposes in Jersey.

European Economic Area

In relation to each Member State (each, a “Relevant Member State”) of the European Economic Area which has implemented the Prospectus Directive (as defined below), each Joint Lead Manager has represented,

warranted and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of the Capital Notes to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of the Capital Notes to the public in that Relevant Member State:

- (a) in (or in Germany, where the offer starts within) the period beginning on the date of publication of a prospectus in relation to those Capital Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, and ending on the date which is 12 months after the date of such publication;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than EUR 43,000,000 and (3) an annual turnover of more than EUR 50,000,000, all as shown in its last annual or consolidated accounts; or
- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression “offer of the Capital Notes to the public” in relation to any Capital Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Capital Notes to be offered so as to enable an investor to decide to purchase or subscribe the Capital Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

General

Each of the Joint Lead Managers has undertaken that it will comply, to the best of its knowledge and belief, with all applicable securities laws and regulations in each jurisdiction in which it purchases, offers, sells or delivers Capital Notes or possesses or distributes this Prospectus or any other offering material and will obtain any consent, approval or permission which is required by it for the purchase, offer or sale by it of Capital Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers or sales in all cases at its own expense.
