This summary (the "**Summary**") contains all the Elements required to be included in a summary for this type of Notes and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the Summary because of the type of Notes and Issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the Summary with the mention of "not applicable".

Element	Section B – Bayer AG	
B.1	Legal and commercial name	Bayer Aktiengesellschaft (the " Issuer " and " Guarantor " or " Bayer AG " and together with its consolidated subsidiaries, the " Bayer Group ", " Group " or " Bayer ")
B.2	Domicile / Legal form / Legislation / Country of incorporation	Bayer AG is incorporated under the laws of Germany in Leverkusen, Germany as a stock corporation (<i>Aktiengesellschaft</i>). Its registered office is located at Kaiser-Wilhelm Allee 1, 51373 Leverkusen, Germany.
B.4b	Known trends affecting the [Issuer][Guarantor] and the industries in which it operates	<p>Bayer's growth could be impeded by increasing global cost pressure on health care systems. The prices of pharmaceutical products are subject to regulatory monitoring and control in many markets, and government reimbursement systems often favor less expensive generic medicines over branded products.. In addition, in some markets, major health care providers can exert substantial pressure on prices. Price controls and pricing pressure reduce earnings from Bayer's pharmaceutical products and may occasionally make the market launch of a new product unprofitable.</p> <p>According to Bayer's assessment the current extent of regulatory controls and market pressures on pricing will persist or increase. Bayer's Life Science businesses operate in highly competitive markets. Corporate mergers, along with business practices such as aggressive pricing strategies – not only in the field of generic competition – may adversely affect Bayer's earnings.</p> <p>Modern agricultural methods, the application of certain classes of crop protection products and the use of genetic engineering are repeatedly the subject of intense public debate. This political opinion-forming may yield legislative and regulatory decisions that significantly limit the use of Bayer products or even result in voluntary or mandated product withdrawals. In addition, decisions by the European Union, for example, also affect agricultural imports from other parts of the world and therefore Bayer's business in those regions.</p> <p>In the Crop Science segment, risks may arise from seasonal fluctuations in the weather, market volatility for agricultural products and Bayer's customers' financial situations, for example. These may adversely affect both Bayer's crop protection and seeds businesses.</p> <p>The current global consolidation process in the seeds and crop protection industry could greatly alter Bayer's future competitive environment.</p> <p>Negative economic developments generally have an adverse effect on the sales markets for Covestro's products, usually leading to lower sales volumes and a drop in the company's operational earnings. The extent of these effects on volumes and the operating result also depend on capacity utilization in the industry, which in turn varies according to the supply-demand ratio for industry-specific products. A decline in demand leads to lower sales volumes and ultimately to lower capacity utilization, which adversely impacts margins.</p> <p>There is steady growth in public and regulatory expectations with regard to the safety and efficacy of chemical, biological and pharmaceutical products so Bayer continues to anticipate increasing regulatory requirements for clinical or (eco)toxicological studies, for example. This leads to higher product development costs and longer timeframes.</p> <p>The Bayer Group, now as in the past, has a portfolio that largely consists of patent-protected products. Generic manufacturers, in particular,</p>

		<p>attempt to contest patents prior to their expiration. Sometimes a generic version of a product may even be launched “at risk” prior to the issuance of a final patent decision. When a patent defense is unsuccessful, or if one of our patents expires, our prices are likely to come under pressure because of increased competition from generic products entering the market.</p> <p>Furthermore, the presence of traces of unwanted genetically modified organisms in agricultural products and / or foodstuffs cannot be entirely excluded. Potential payments of damages in connection with the above risks may have a substantial negative impact on Bayer’s earnings.</p>																							
B.5	Description of the Group and the [Issuer's][Guarantor's] position within the Group	<p>Following the stock market flotation of Covestro, Bayer reorganized the Group effective January 1, 2016, and is now focusing on its Life Science activities. These businesses hold leading positions in innovation-driven, rapidly growing markets. Together, the Life Science businesses make up a strong, attractive and balanced portfolio that is resistant to fluctuations in demand and to potential risks. The company’s operations are managed in three divisions – Pharmaceuticals, Consumer Health and Crop Science – and the Animal Health business unit, which are also reporting segments. As of December 31, 2016, Bayer held about 64% of Covestro AG. Covestro therefore also remains a fully consolidated reporting segment. The operational business is supported by the corporate functions – including Technology Services, which was integrated into Bayer AG effective July 1, 2016 – Business Services and the service company Currenta. In 2016, the Bayer Group comprised 301 consolidated companies in 78 countries throughout the world.</p> <p>As the parent company of the Bayer Group, Bayer AG – represented by its Board of Management – performs the principal management functions for the entire Group. These include strategic planning, resource allocation, executive management and financial management. With the reorganization at the beginning of 2016, the three divisions at Bayer AG also assumed responsibility for managing the operational business.</p>

Element	Section D – Risks	
D.2	<p>Key information on the key risks that are specific to Bayer AG</p>	<p>As a global enterprise with a diversified portfolio, the Bayer Group is constantly exposed to numerous risks.</p> <ul style="list-style-type: none"> • Despite all efforts, Bayer cannot assure that all of the products it is currently developing or will develop in the future will achieve planned approval / registration or commercial success. For example, a drug candidate may fail to meet trial endpoints. • Patents protect Bayer’s intellectual property. The Bayer Group, now as in the past, has a portfolio that largely consists of patent-protected products. Generic manufacturers, in particular, attempt to contest patents prior to their expiration. Sometimes a generic version of a product may even be launched "at-risk" prior to the issuance of a final patent decision. Bayer is currently involved in legal proceedings to enforce patent rights relating to its products. When a patent defense is unsuccessful, or if one of Bayer's patents expires, prices are likely to come under pressure because of increased competition from generic products entering the market. • Despite extensive studies prior to approval or registration, it is possible that products could be partially or completely withdrawn from the market due to the occurrence of adverse side effects or other factors. Such a withdrawal may be voluntary or result from legal or regulatory measures. Furthermore, the presence of traces of unwanted genetically modified organisms in agricultural products and / or foodstuffs cannot be entirely excluded. Potential payments of damages in connection with the above risks may have a substantial negative impact on Bayer’s earnings. • Operations at Bayer's sites may be disrupted by natural disasters, fires or explosions, sabotage or supply shortages for our principal raw materials or intermediates. This also applies to external partners along the value chain. Disruption may also result from possible regulatory or legislative changes in the respective countries. If Bayer is unable to meet demand, sales may undergo a structural decline. • Bayer is exposed to the risk of illegal trading of counterfeit medicines and crop protection products by criminal third parties. In most cases, the composition and / or the quality of counterfeit products do not correspond to those of the original products. In addition, the fact that no local regulatory authority is involved in assuring the quality of the manufacturing or distribution process precludes any official product recall. Products originating from illegal third-party manufacturing not only endanger patients, users, animals and the environment, but also jeopardize the good reputation of Bayer and its products and undermine its competitive position. • The Bayer Group is exposed to risks from legal disputes or proceedings to which Bayer is currently a party or which could arise in the future, particularly in the areas of product liability, competition and antitrust law, anticorruption law, patent law, tax law and environmental protection. Investigations of possible legal or regulatory violations, such as potential infringements of antitrust law or certain marketing and / or distribution methods, may result in the imposition of civil or criminal penalties – including substantial monetary fines – and / or other adverse financial consequences, harm Bayer’s reputation and ultimately hamper our commercial success. • Business and production processes and the internal and external communications of the Bayer Group are increasingly dependent on global IT systems. A significant technical disruption or failure of

		<p>IT systems could severely impair Bayer's business and production processes.</p> <ul style="list-style-type: none"> • Bayer has collaborations in place along the value chain of its products. Suboptimum performance by collaboration partners may affect the development, manufacture or marketing of Bayer's products and services and adversely impact our business. In some countries, for example, the marketing rights for certain pharmaceutical products are held by third parties. Inadequate performance by these marketing partners could adversely affect the development of our sales and costs. • In the Crop Science segment, risks may arise from seasonal fluctuations in the weather, market volatility for agricultural products and Bayer's customers' financial situations, for example. These may adversely affect both Bayer's crop protection and seeds businesses. • On September 14, 2016, Bayer signed a definitive merger agreement with Monsanto Company, St. Louis, Missouri, United States, under which Bayer will acquire all outstanding shares of Monsanto Company. On December 13, 2016, the shareholders of Monsanto Company approved the transaction by the necessary majority. On account of the magnitude and importance of the acquisition, material risks related to the transaction are: <ul style="list-style-type: none"> ○ At the present time the possibility cannot be excluded that the planned acquisition will be delayed or not take place at all. The transaction is still subject to the customary requirements for closing, including clearance by the relevant antitrust and other authorities. The necessary approvals may be refused or could be tied to certain divestiture actions or other commitments required by regulators of Bayer and / or Monsanto. Such measures could adversely affect Bayer's current or future business, financial position, share price or dividend payments. Furthermore, Bayer may not be able to effect commitments in a timely manner, or at all, or on economically viable terms. ○ The merger agreement also provides for payment by Bayer of a US\$2 billion reverse break fee including, in particular, in the event that the necessary antitrust approvals are not granted by June 14, 2018, and Bayer or Monsanto therefore terminates the merger agreement. ○ Bayer's strategic, synergistic and other operational objectives regarding the acquisition and integration of the Monsanto business are based on assumptions and estimates Bayer has made that may prove inaccurate, including Monsanto's earning potential and cost structure, the synergy and innovation potentials of both companies and future economic developments and market changes. In addition, difficulties may arise in connection with the acquisition and integration of the Monsanto business that adversely impact Bayer's current business or may prevent the expected benefits of the acquisition from being fully realized. These include the retention of key employees, important customers, suppliers, partners, licensors or contacts to other stakeholders, unexpected challenges in developing and successfully executing a strategy for the combined business, and risks resulting from management being distracted from the operational business by the agreed transaction. Combining businesses, processes and workforces as intended while retaining multiple corporate
--	--	---

		<p>locations could be more complex than expected, partly in view of different corporate cultures and divergent internal control and compliance systems. The achievement of expectations in terms of the tax and accounting treatment of the transaction will be subject to a future detailed review. In light of this, unexpectedly high transaction and integration costs along with further risks and / or charges cannot be ruled out. It is also possible that Bayer may be forced to recognize an impairment loss on the intangible assets of Monsanto and the goodwill of Crop Science if unforeseen difficulties were to arise during the integration, if the Monsanto business were to fail to develop as expected or if other business developments affecting Crop Science were to occur that have not been anticipated.</p> <ul style="list-style-type: none"> ○ Bayer believes that it may face increased or additional risks as a consequence of acquiring and integrating the Monsanto business. However, these risks cannot yet be definitively identified at the present time. Among the possible consequences of taking over the Monsanto business are potential downgrades in sustainability ratings and increased exposure to public criticism. ○ Bayer is also exposed to certain risks from the financing of the planned acquisition. These mainly result from the need to refinance the original acquisition financing, the increase in debt and the possible credit rating downgrade by the rating agencies. Risks also arise from the development of the USD / EUR exchange rate and the interest rate level, as well as from potential difficulties in refinancing the transaction with equity capital to the extent planned.

RISK FACTORS

The following is a disclosure of risk factors that are material to the Notes issued under the Programme in order to assess the market risk associated with these Notes and risk factors that may affect each of the Issuers' ability to fulfil its obligations under the Notes and the Guarantee and Negative Pledge in the case of Bayer AG. Prospective investors should consider these risk factors before deciding to purchase Notes issued under the Programme. Further, prospective investors should consider all information provided in this Prospectus and consult with their own professional advisers if they consider it necessary. In addition, investors should be aware that the risks described may combine and thus intensify one another.

Risk Factors in respect of Bayer AG and the Bayer Group

As a global enterprise with a diversified portfolio, the Bayer Group is constantly exposed to a wide range of internal or external developments or events that could significantly impact the achievement of its financial and non-financial objectives.

The order in which the risks are listed does not imply any order of importance. The risks described may apply to all segments and divisions unless otherwise indicated.

Corporate environment

Ethical conduct is a matter of essential importance for society. The Bayer Group is dedicated to sustainable development in all areas of its commercial activity. This voluntary commitment is reflected in Bayer's responsible corporate governance. Any violations of this voluntary commitment can result in adverse media reporting and thus lead to a negative public perception of the Bayer Group.

Economic Environment

Bayer's growth could be impeded by increasing global cost pressure on health care systems. The prices of pharmaceutical products are subject to regulatory price controls and regulations in many markets, and government reimbursement systems often favor less expensive generic medicines over branded products. In addition, in some markets, major health care providers can exert substantial pressure on prices. Price controls and pricing pressure reduce earnings from Bayer's pharmaceutical products and may occasionally make the market launch of a new product unprofitable.

According to Bayer's assessment the current extent of regulatory controls and market pressures on pricing will persist or increase. A further factor is that Bayer's Life Science businesses operate in highly competitive markets. Corporate mergers, along with business practices such as aggressive pricing strategies – not only in the field of generic competition – may adversely affect our earnings.

Modern agricultural methods, the application of certain classes of crop protection products and the use of genetic engineering are repeatedly the subject of intense public debate. This political opinion-forming may yield legislative and regulatory decisions that significantly limit the use of Bayer's products or even result in voluntary or mandated product withdrawals. In addition, decisions by the European Union, for example, also affect agricultural imports from other parts of the world and therefore our business in those regions.

In the Crop Science segment, risks may arise from seasonal fluctuations in the weather, market volatility for agricultural products and our customers' financial situations, for example. These may adversely affect both our crop protection and our seeds businesses.

The current global consolidation process in the seeds and crop protection industry could greatly alter Bayer's future competitive environment.

Negative economic developments generally have an adverse effect on the sales markets for Covestro's products, usually leading to lower sales volumes and a drop in the company's operational earnings. The extent of these effects on volumes and the operating result also depend on capacity utilization in the industry, which in turn varies according to the supply-demand ratio for industry-specific products. A decline in demand leads to lower sales volumes and ultimately to lower capacity utilization, which adversely impacts margins.

Further risks may arise if the future economic development of Bayer's markets varies from its estimates. If macroeconomic development is out of line with forecasts, this may positively or negatively impact Bayer's sales and earnings expectations.

Innovation

Bayer cannot assure that all of the products it is currently developing or will develop in the future will achieve planned approval / registration or commercial success. For example, a drug candidate may fail to meet trial endpoints. Furthermore, there is steady growth in public and regulatory expectations with regard to the safety and efficacy of chemical, biological and pharmaceutical products so Bayer continues to anticipate increasing regulatory requirements for clinical or (eco)toxicological studies, for example. This leads to higher product development costs and longer timeframes.

Acquisitions

Where it appears strategically advantageous, Bayer may supplement its organic growth by acquiring companies or parts of companies. Failure to successfully integrate a newly acquired business or unexpectedly high integration costs, for example, could jeopardize the achievement of qualitative or quantitative targets and adversely impact earnings.

On September 14, 2016, Bayer signed a definitive merger agreement with Monsanto Company, St. Louis, Missouri, United States, under which Bayer will acquire all outstanding shares of Monsanto Company. On December 13, 2016, the shareholders of Monsanto Company approved the transaction by the necessary majority. On account of the magnitude and importance of the acquisition, material risks related to the transaction are:

At the present time the possibility cannot be excluded that the planned acquisition will be delayed or not take place at all. The transaction is still subject to the customary requirements for closing, including clearance by the relevant antitrust and other authorities. The necessary approvals may be refused or could be tied to certain divestiture actions or other commitments required by regulators of Bayer and / or Monsanto. Such measures could adversely affect Bayer's current or future business, financial position, share price or dividend payments. Furthermore, Bayer may not be able to effect commitments in a timely manner, or at all, or on economically viable terms.

The merger agreement also provides for payment by Bayer of a US\$2 billion reverse break fee including, in particular, in the event that the necessary antitrust approvals are not granted by June 14, 2018, and Bayer or Monsanto therefore terminates the merger agreement.

Bayer's strategic, synergistic and other operational objectives regarding the acquisition and integration of the Monsanto business are based on assumptions and estimates Bayer has made that may prove inaccurate, including Monsanto's earning potential and cost structure, the synergy and innovation potentials of both companies and future economic developments and market changes. In addition, difficulties may arise in connection with the acquisition and integration of the Monsanto business that adversely impact Bayer's current business or may prevent the expected benefits of the acquisition from being fully realized. These include the retention of key employees, important customers, suppliers, partners, licensors or contacts to other stakeholders, unexpected challenges in developing and successfully executing a strategy for the combined business, and risks resulting from management being distracted from the operational business by the agreed transaction. Combining businesses, processes and workforces as intended while retaining multiple corporate locations could be more complex than expected, partly in view of different corporate cultures and divergent internal control and compliance systems. The achievement of expectations in terms of the tax and accounting treatment of the transaction will be subject to a future detailed review. In light of this, unexpectedly high transaction and integration costs along with further risks and / or charges cannot be ruled out. It is also possible that Bayer may be forced to recognize an impairment loss on the intangible assets of Monsanto and the goodwill of Crop Science if unforeseen difficulties were to arise during the integration, if the Monsanto business were to fail to develop as expected or if other business developments affecting Crop Science were to occur that have not been anticipated.

Bayer believes that it may face increased or additional risks as a consequence of acquiring and integrating the Monsanto business. However, these risks cannot yet be definitively identified at the present time. Among the possible consequences of taking over the Monsanto business are potential

downgrades in sustainability ratings and increased exposure to public criticism.

Bayer is also exposed to certain risks from the financing of the planned acquisition. These mainly result from the need to refinance the original acquisition financing, the increase in debt and the possible credit rating downgrade by the rating agencies. Risks also arise from the development of the USD / EUR exchange rate and the interest rate level, as well as from potential difficulties in refinancing the transaction with equity capital to the extent planned.

Collaborations

Bayer has collaborations in place along the value chain of its products. Suboptimum performance by collaboration partners may affect the development, manufacture or marketing of Bayer's products and services and adversely impact our business. In some countries, for example, the marketing rights for certain pharmaceutical products are held by third parties. Inadequate performance by these marketing partners could adversely affect the development of Bayer's sales and costs.

Patent Protection

Patents protect Bayer's intellectual property. The Bayer Group, now as in the past, has a portfolio that largely consists of patent-protected products.. Generic manufacturers, in particular, attempt to contest patents prior to their expiration. Sometimes a generic version of a product may even be launched "at risk" prior to the issuance of a final patent decision. Bayer is currently involved in legal proceedings to enforce patent protection for its products. For details of these proceedings, see also "*Bayer AG – Governmental, legal or arbitration proceedings*". When a patent defense is unsuccessful, or if one of Bayer's patents expires, prices are likely to come under pressure because of increased competition from generic products entering the market. Legal action by third parties for alleged infringement of patent or proprietary rights by Bayer may impede or even halt the development or manufacturing of certain products or require Bayer to pay monetary damages or royalties to third parties.

Products and Product Stewardship

Despite extensive studies prior to approval or registration, it is possible that products could be partially or completely withdrawn from the market due to the occurrence of unexpected side effects or other factors. Such a withdrawal may be voluntary or result from legal or regulatory measures. Furthermore, the presence of traces of unwanted genetically modified organisms in agricultural products and / or foodstuffs cannot be entirely excluded. Potential payments of damages in connection with the above risks may have a substantial negative impact on Bayer's earnings.

Another risk Bayer faces is that of illegal trading of counterfeit medicines and crop protection products by criminal third parties. In most cases, the composition and the quality of counterfeit products do not correspond to those of the original products. In addition, the fact that no local regulatory authority is involved in assuring the quality of the manufacturing or distribution process precludes any official product recall. Products originating from illegal third-party manufacturing not only endanger patients, users, animals and the environment, but also jeopardize the good reputation of Bayer and its products and undermine Bayer's competitive position.

Procurement and Production

Bayer's Supplier Code of Conduct includes legal and ethical standards to which Bayer attaches the utmost importance. Violations of the Supplier Code of Conduct may also harm Bayer's company's reputation. Operations at Bayer's sites may be disrupted by natural disasters, fires or explosions, sabotage or supply shortages for principal raw materials or intermediates. This also applies to external partners along the value chain. Disruption may also result from possible regulatory or legislative changes in the respective countries. If Bayer is unable to meet demand, sales may undergo a structural decline.

Employees

If Bayer is unable to recruit a sufficient number of highly qualified personnel and retain them within Bayer, particularly in countries with full employment and in the emerging economies of Asia and Latin America, this could have significant adverse consequences for Bayer's future development.

Information Technology

A significant technical disruption or failure of IT systems could severely impair Bayer's business and production processes.

The confidentiality of internal and external data is of fundamental importance to Bayer. A loss of data confidentiality, integrity or authenticity could lead to manipulation and / or the uncontrolled outflow of data and know-how.

Law and Compliance

The Bayer Group is exposed to risks from legal disputes or proceedings to which it is currently a party or which could arise in the future, particularly in the areas of product liability, competition and antitrust law, anticorruption law, patent law, tax law and environmental protection.

Investigations of possible legal or regulatory violations, such as potential infringements of antitrust law or certain marketing and / or distribution methods, may result in the imposition of civil or criminal penalties – including substantial monetary fines – and / or other adverse financial consequences, harm Bayer's reputation and ultimately hamper its commercial success.

Tax Risks

Bayer AG and its subsidiaries operate worldwide and are thus subject to many different local tax laws and regulations. Bayer Group companies are regularly audited by the tax authorities in various countries. Amendments to tax laws and regulations, legal judgments and their interpretation by the tax authorities, and the findings of tax audits in these countries may result in higher tax expense and payments, thus also influencing the level of tax receivables, tax liabilities and deferred tax assets and liabilities.

Liquidity Risks

Liquidity risks result from the possible inability of the Bayer Group to meet current or future payment obligations due to a lack of cash or cash equivalents.

Credit Risks

Credit risks arise from the possibility that the value of receivables or other financial assets of the Bayer Group may be impaired because counterparties cannot meet their payment or other performance obligations. Positive and negative fair values of derivative financial instruments may be netted when certain conditions are fulfilled.

Foreign Currency Risks

Foreign currency risks for the Bayer Group result from changes in exchange rates and the related changes in the value of financial instruments (including receivables and payables) and of anticipated payment receipts and disbursements in the functional currency.

Interest Rate Risks

Interest-rate risks result for the Bayer Group through changes in capital market interest rates, which in turn could lead to changes in the fair value of fixed-rate financial instruments and changes in interest payments in the case of floating-rate instruments.

Risk to Pension Obligations from Capital Market Developments

Changes in relevant measurement parameters such as interest rates, mortality and salary increase rates may raise the present value of Bayer's pension obligations. This may lead to increased costs for pension plans or diminish equity due to actuarial losses being recognized as other comprehensive income in the statement of comprehensive income. A large proportion of Bayer's pension and other post-employment benefit obligations is covered by plan assets including fixed-income securities, shares, real estate and other investments. Declining or even negative returns on these investments may adversely affect the future fair value of plan assets. Both these effects may negatively impact the development of equity and / or Bayer's earnings and / or may necessitate additional payments by Bayer.

Risk Factors in respect of Bayer Capital Corporation B.V.

Bayer Capital Corp was established to finance activities of the Bayer Group. As such, it raises funds and on-lends monies to companies within the Bayer Group by way of intra-group loans. Typically, the terms of such intra-group loans match those of the payment obligations of Bayer Capital Corp under notes or bonds issued by it to fund those loans. In the event that a Group company fails to make a payment under an intra-group loan, Bayer Capital Corp may not be able to meet its payment obligations under notes (including the Notes) or bonds issued by it.

Risk Factors in respect of Bayer Holding Ltd.

Bayer Holding Ltd. was founded as the holding company of Bayer Group companies in Japan. It also operates as a vehicle for financing activities. As such, it raises funds and on-lends monies to companies within the Bayer Group by way of intra-group loans. In the event that a Group company fails to make a payment under an intra-group loan, Bayer Holding Ltd. may not be able to meet its payment obligations under notes (including the Notes) or bonds issued by it.

The activities of the subsidiaries of Bayer Holding Ltd. are subject to the same risks described for the Bayer Group, see *"Risk Factors in respect of Bayer AG and the Bayer Group"*. Legal and arbitration proceedings to which subsidiaries of Bayer Holding Ltd. are subject are (if material from a Bayer Group perspective) described under *"Bayer AG – Governmental, legal or arbitration proceedings"*.

Risk Factors in respect of Bayer Nordic SE

Bayer Nordic was founded as a holding and regional management company of Bayer Group companies in the Nordic region. It provides services to all of its direct subsidiaries in the Nordic region in the areas of Law, Patents and Compliance, Communication, Finance, Accounting, Controlling, Tax, Human Resources, Information Technology, Procurement and Supply Chain Management. It also operates as a vehicle for financing activities. Payment capacity of Bayer Nordic depends largely on the profitability of its subsidiaries. In case the subsidiaries are not profitable enough to provide dividends and/or group contribution (applicable for the Finnish subsidiary Bayer Oy), or in the event that a Group company fails to make a payment under an intra-group loan, Bayer Nordic may not be able to meet its payment obligations under notes (including the Notes) or bonds issued by it.

The activities of the subsidiaries of Bayer Nordic are subject to the same risks described for the Bayer Group, see *"Risk Factors in respect of Bayer AG and the Bayer Group "*. Legal and arbitration proceedings to which subsidiaries of Bayer Nordic are subject are (if material from a Bayer group perspective) described under *"Bayer AG – governmental, legal or arbitration proceedings"*.

Risk Factors in respect of the Notes

Notes may not be a suitable investment for all investors

Each potential investor in Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Currency Risk

Holders of Notes denominated in a foreign currency are exposed to the risk of changes in currency exchange rates, which may affect the yield of such Notes. A change in the value of any foreign currency against the euro, for example, will result in a corresponding change in the euro value of a Note denominated in a currency other than the euro. If the underlying exchange rate falls and the value of the euro correspondingly rises, the price of the Note in euros will fall.

In addition, government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable currency exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Liquidity Risk

Application has been made to list Notes to be issued under the Programme on the Official List of the Luxembourg Stock Exchange and to admit the Notes to trading on the regulated market of the Luxembourg Stock Exchange. In addition, the Programme provides that Notes may not be listed at all. Regardless of whether the Notes are listed or not, there can be no assurance that a liquid secondary market for the Notes will develop or, if it does develop, that it will continue. In an illiquid market, an investor might not be able to sell its Notes at any time at fair market prices. Its ability to sell the Notes might be restricted by country-specific factors in addition.

Market Price Risk

The development of the market prices of the Notes depends on various factors, such as changes in market interest rate levels, the policies of central banks, overall economic developments, inflation rates or the lack of or excess demand for the relevant type of Note. The holders of Notes are therefore exposed to the risk of unfavourable development of the market prices of their Notes should they sell the Notes prior to final maturity. If a holder of Notes decides to hold the Notes until final maturity, the Notes will be redeemed at the amount stated in the relevant Final Terms.

Risk of Early Redemption

The applicable Final Terms will indicate whether an Issuer may have the right to call the Notes prior to maturity (optional call right) on one or several pre-determined dates or periods or whether the Notes are subject to early redemption upon the occurrence of an event specified in the applicable Final Terms (early redemption event). In addition, each Issuer will always have the right to redeem the Notes if the relevant Issuer and/or Guarantor are required to pay additional amounts (gross-up payments) on the Notes for reasons of taxation as set out in the Terms and Conditions. If the relevant Issuer redeems the Notes prior to maturity or the Notes are subject to early redemption due to an early redemption event, a holder of such Notes is exposed to the risk that due to such early redemption its investment will have a lower than expected yield. The Issuer can be expected to exercise its optional call right if the yield on comparable Notes in the capital market has fallen, which means that the investor may only be able to reinvest the redemption proceeds in comparable Notes with a lower yield. On the other hand, the Issuer can be expected not to exercise its optional call right if the yield on comparable Notes in the capital market has increased. In this event an investor will not be able to reinvest the redemption proceeds in comparable Notes with a higher yield. It should be noted, however, that the Issuer may exercise any optional call right irrespective of market interest rates on a call date or a call period.

Fixed Rate Notes

A holder of a Fixed Rate Note is exposed to the risk that the price of such Note falls as a result of changes in the market interest rate. While the nominal interest rate of a Fixed Rate Note as specified in the applicable Final Terms is fixed during the life of such Note, the current interest rate on the capital market ("**market interest rate**") typically changes on a daily basis. As the market interest rate changes, the price of a Fixed Rate Note changes in the opposite direction. If the market interest rate increases, the price of a Fixed Rate Note typically falls, until the yield of such Note is approximately equal to the market interest rate. If the market interest rate falls, the price of a Fixed Rate Note typically increases, until the yield of such Note is approximately equal to the market interest rate. If the holder of a Fixed Rate Note holds such Note until maturity, changes in the market interest rate are without relevance to such holder as the Note will be redeemed at a specified redemption amount, usually the principal amount of such Note.

Floating Rate Notes

A holder of a Floating Rate Note is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Fluctuating interest rate levels make it impossible to determine the yield of Floating Rate Notes in advance.

Neither the current nor a historical interest rate should be taken as an indication of the future development of such interest rate during the term of any Note.

Risk of financial benchmark and reference rate continuity

So-called benchmarks such as the London Interbank Offered Rate ("**LIBOR**") and the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" (each a "**Benchmark**" and together, the "**Benchmarks**"), to which the interest of Securities bearing or paying a floating or other variable rate of interest may be linked to, have become the subject of regulatory scrutiny and recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause the relevant benchmarks to perform differently than in the past, or have other consequences which may have a material adverse effect on the value of and the amount payable under Notes bearing or paying a floating or other variable rate of interest.

International proposals for reform of Benchmarks include the Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "Benchmark Regulation") which will enter into force on 1 January 2018. In addition, there are numerous other proposals, initiatives and investigations which may impact Benchmarks.

Any changes to a Benchmark as a result of the Benchmark Regulation or other initiatives, could have a material adverse effect on the costs of refinancing a Benchmark or the costs and risks of administering or

otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, trigger changes in the rules or methodologies used in certain Benchmarks or lead to the disappearance of certain Benchmarks. Although it is uncertain whether or to what extent any of the abovementioned changes and/or any further changes in the administration or method of determining a Benchmark could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be, and/or could have an effect on the value of any Notes whose interest or principal return is linked to the relevant Benchmark, investors should be aware that they face the risk that any changes to the relevant Benchmark may have a material adverse effect on the value of and the amount payable under Notes whose rate of interest or principal return is linked to a Benchmark (including, but not limited to, Floating Rate Notes).

Resolutions of Holders

Since the Notes provide for meetings of Holders or the taking of votes without a meeting, a Holder is subject to the risk of being outvoted by a majority resolution of the Holders. As such majority resolution is binding on all Holders, certain rights of such Holder against the Issuer under the Terms and Conditions may be amended or reduced or even cancelled.

Holdings' Representative

If the Notes provide for the appointment of a Holdings' Representative, either in the Terms and Conditions or by a majority resolution of the Holders, it is possible that a Holder may be deprived of its individual right to pursue and enforce its rights against the Issuer under the Terms and Conditions, such rights passing to the Holdings' Representative who is then exclusively responsible for claiming and enforcing the rights of all the Holders.

Risks in respect of U.S. withholding tax under FATCA.

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Germany) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterized as debt for U.S. federal income tax purposes (or which are not otherwise characterized as equity and have a fixed term) issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional notes (as described under "Terms and Conditions—Further Issues, Purchases and Cancellation") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat such Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

GENERAL DESCRIPTION OF THE PROGRAMME

I. General

Under this €15,000,000,000 Debt Issuance Programme, Bayer AG, Bayer Capital Corp, Bayer Holding Ltd. and Bayer Nordic may from time to time issue notes, (the "**Notes**") to Dealers (as defined herein). The maximum aggregate principal amount of the Notes from time to time outstanding under the Programme will not exceed €15,000,000,000 (or its equivalent in any other currency). The Issuers may increase the amount of the Programme in accordance with the terms of the Dealer Agreement from time to time.

Bayer AG (the "**Guarantor**") has given its unconditional and irrevocable Guarantee (the "**Guarantee**") for the due payment of the amounts corresponding to the principal of and interest on the Notes issued by Bayer Capital Corp, Bayer Holding Ltd. and Bayer Nordic. The Guarantee will be governed by German law.

Notes will be issued on a continuous basis in tranches (each a "**Tranche**"), each Tranche consisting of Notes which are identical in all respects. One or more Tranches, which are expressed to be consolidated and form a single series and are identical in all respects, but which may have different issue dates, interest commencement dates, issue prices and dates for first interest payments may form a series ("**Series**") of Notes. Further Notes may be issued as part of existing Series. The specific terms of each Tranche will be set forth in the applicable Final Terms. The Final Terms will be displayed on the website of the Luxembourg Stock Exchange (www.bourse.lu) in the case of listed Notes. Listed Notes are Notes which are admitted to trading on the regulated market and listed on the Official List of the Luxembourg Stock Exchange.

Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms save that the minimum denomination of the Notes will be, if in euro, €1,000, or, if in any currency other than euro, in an amount in such other currency nearly equivalent to €1,000 at the time of the issue of Notes. Subject to any applicable legal or regulatory restrictions, and requirements of relevant central banks, Notes may be issued in euro or any other currency. The Notes will be freely transferable. The method of distribution of each Tranche will be stated in the Final Terms. Notes may not be offered to investors in consideration of a purchase amount of less than €100,000 or its equivalent and may be offered to qualified investors (as defined in Article 2 para. 1 lit. (e) of the Prospectus Directive and in accordance with Article 5(2) Luxembourg Law) only.

Notes may be issued at an issue price which is at par or at a discount to, or premium over, par, as stated in the applicable Final Terms. The issue price for Notes to be issued will be determined at the time of pricing on the basis of a yield which will be determined on the basis of the orders of the investors which are received by the Dealers during the offer period. Orders will specify a minimum yield and may only be confirmed at or above such yield. The resulting yield will be used to determine an issue price, all to correspond to the yield.

The yield for Notes with fixed interest rates will be calculated by the use of the ICMA method, which determines the effective interest rate of notes taking into account accrued interest on a daily basis.

Application has been made to list Notes on the Official List of the Luxembourg Stock Exchange and to trade Notes on the regulated market "*Bourse de Luxembourg*". Notes may further be issued under the Programme which will not be listed on any stock exchange.

Deutsche Bank Aktiengesellschaft will act as fiscal agent (the "**Fiscal Agent**") and paying agent (the "**Paying Agent**").

Notes will be accepted for clearing through one or more Clearing Systems as specified in the applicable Final Terms. These systems will comprise those operated by Clearstream Banking AG, Frankfurt am Main, Clearstream Banking, société anonyme, Luxembourg and Euroclear Bank SA/NV. Notes denominated in euro or, as the case may be, such other currency recognised from time to time for the purposes of eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem, are intended to be held in a manner, which would allow Eurosystem eligibility. Therefore, these Notes will initially be deposited upon issue with in the case of (i) a new global note either Clearstream Banking société anonyme, Luxembourg or Euroclear Bank SA/NV as common safekeeper or, (ii) a classical global note Clearstream Banking AG, Frankfurt am Main. It does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

II. Issue Procedures

General

The relevant Issuer and the relevant Dealer(s) will agree on the terms and conditions applicable to each particular Tranche of Notes (the "**Conditions**"). The Conditions will be constituted by the relevant set of Terms and Conditions of the Notes set forth below (the "**Terms and Conditions**") as further specified by the Final Terms as described below.

Options for sets of Terms and Conditions

A separate set of Terms and Conditions applies to each type of Notes, as set forth below. The Final Terms provide for the relevant Issuer to choose between the following Options:

- Option I – Terms and Conditions for Notes with fixed interest rates;
- Option II – Terms and Conditions for Notes with floating interest rates.

Documentation of the Conditions

The Issuer may document the Conditions of an individual issue of Notes in either of the following ways:

- The Final Terms shall be completed as set out therein. The Final Terms shall determine which of the Option I or II including certain further options contained therein, respectively, shall be applicable to the individual issue of Notes by replicating the relevant provisions and completing the relevant placeholders of the relevant set of Terms and Conditions as set out in the Prospectus in the Final Terms. The replicated and completed provisions of the set of Terms and Conditions alone shall constitute the Conditions, which will be attached to each global note representing the Notes of the relevant Tranche.
- Alternatively, the Final Terms shall determine which of Option I or II and of the respective further options contained in each of Option I or II are applicable to the individual issue by referring to the relevant provisions of the relevant set of Terms and Conditions as set out in the Prospectus only. The Final Terms will specify that the provisions of the Final Terms and the relevant set of Terms and Conditions as set out in the Prospectus, taken together, shall constitute the Conditions. Each global note representing a particular Tranche of Notes will have the Final Terms and the relevant set of Terms and Conditions as set out in the Prospectus attached.

Determination of Options / Completion of Placeholders

The Final Terms shall determine which of the Option I or II shall be applicable to the individual issue of Notes. Each of the sets of Terms and Conditions of Option I or II contains also certain further options (characterised by indicating the respective optional provision through instructions and explanatory notes set out either on the left of or in square brackets within the text of the relevant set of Terms and Conditions as set out in the Prospectus) as well as placeholders (characterised by square brackets which include the relevant items) which will be determined by the Final Terms as follows:

Determination of Options

The relevant Issuer will determine which options will be applicable to the individual issue either by replicating the relevant provisions in the Final Terms or by reference of the Final Terms to the respective sections of the relevant set of Terms and Conditions as set out in the Prospectus. If the Final Terms do not refer to an alternative or optional provision or such alternative or optional provision is not replicated therein it shall be deemed to be deleted from the Conditions.

Completion of Placeholders

The Final Terms will specify the information with which the placeholders in the relevant set of Terms and Conditions will be completed. In the case the provisions of the Final Terms and the relevant set of Terms and Conditions, taken together, shall constitute the Conditions the relevant set of Terms and Conditions shall be deemed to be completed by the information contained in the Final Terms as if such information were inserted in

the placeholders of such provisions.

All instructions and explanatory notes and text set out in square brackets in the relevant set of Terms and Conditions and any footnotes and explanatory text in the Final Terms will be deemed to be deleted from the Conditions.

TERMS AND CONDITIONS OF THE NOTES

The Terms and Conditions of the Notes (the "Terms and Conditions") are set forth below in two options:

Option I comprises the set of Terms and Conditions that apply to Tranches of Notes with fixed interest rates.

Option II comprises the set of Terms and Conditions that apply to Tranches of Notes with floating interest rates.

The set of Terms and Conditions for each of these options contains certain further options, which are characterised accordingly by indicating the respective optional provision through instructions and explanatory notes set out in square brackets within the set of Terms and Conditions.

In the Final Terms the Issuer will determine, whether Option I or II including certain further options contained therein, respectively, shall apply with respect to an individual issue of Notes, either by replicating the relevant provisions or by referring to the relevant options.

To the extent that upon the approval of the Prospectus the Issuer had no knowledge of certain items which are applicable to an individual issue of Notes, this Prospectus contains placeholders set out in square brackets which include the relevant items that will be completed by the Final Terms.

Die vorläufige Globalurkunde und die Dauerglobalurkunde tragen jeweils die Unterschriften [im Fall von durch Bayer AG begebenen Schuldverschreibungen, ist folgendes anwendbar: zweier ordnungsgemäß bevollmächtigter Vertreter] [im Fall von durch Bayer Capital Corp, Bayer Holding Ltd. oder Bayer Nordic begebenen Schuldverschreibungen, ist folgendes anwendbar: eines ordnungsgemäß bevollmächtigten Vertreters] der Emittentin und sind jeweils von der Emissionsstelle oder in deren Namen mit einer Kontrollunterschrift versehen. Für den Beschluss über die Unwirksamkeit der Kündigung genügt die einfache Mehrheit der Stimmrechte, es müssen aber in jedem Fall mehr Gläubiger zustimmen als gekündigt haben.

**§ 11
AMENDMENT OF THE CONDITIONS,
HOLDERS' REPRESENTATIVE[in the case of
Notes issued by Bayer Capital Corp, Bayer
Holding Ltd. or Bayer Nordic:, AMENDMENT
OF THE GUARANTEE]**

(1) *Amendment of the Conditions.* In accordance with the German Act on Issues of Debt Securities (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz – "SchVG")*) the Issuer may, with the consent of the Holders, amend the Conditions with regard to matters permitted by the SchVG. The Holders' consent to such amendments is given by resolution with the majority specified in paragraph (2). Majority resolutions shall be binding on all Holders. Resolutions which do not provide for identical conditions for all Holders are void, unless Holders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) *Mehrheitserfordernisse.* Die Gläubiger entscheiden mit einer Mehrheit von 75 % der an der Abstimmung teilnehmenden Stimmrechte. Beschlüsse, durch welche der wesentliche Inhalt der Bedingungen nicht geändert wird, und die keinen Gegenstand des § 5 (3) Nr. 1 bis Nr. 8 und (soweit § 10 dieser Bedingungen keine andere Regelung vorsieht) Nr. 9 des SchVG betreffen, bedürfen zu ihrer Wirksamkeit einer einfachen Mehrheit der an der Abstimmung teilnehmenden Stimmrechte.

(3) *Abstimmung ohne Versammlung.* Alle Abstimmungen werden, vorbehaltlich des nächsten Satzes, ausschließlich im Wege der Abstimmung ohne Versammlung durchgeführt. Eine Gläubigerversammlung und eine Übernahme der Kosten für eine solche Versammlung durch die Emittentin findet ausschließlich im Fall des § 18 (4) Satz 2 SchVG statt. Die Gegenstände und Vorschläge zur Beschlussfassung sowie nähere Angaben zu den Abstimmungsmodalitäten werden den Gläubigern mit der Aufforderung zur Stimmabgabe bekannt gemacht. Die Ausübung der Stimmrechte ist von einer vorherigen Anmeldung der Gläubiger abhängig. Die Anmeldung muss unter der in der Aufforderung zur Stimmabgabe mitgeteilten Adresse spätestens am dritten Tag vor Beginn des Abstimmungszeitraums zugehen. Mit der Anmeldung müssen die Gläubiger ihre Berechtigung zur Teilnahme an der Abstimmung durch einen in Textform erstellten besonderen Nachweis der Depotbank gemäß § 14(3)(i)(a) und (b) und durch Vorlage eines Sperrvermerks der Depotbank, aus dem hervorgeht, dass die betreffenden Schuldverschreibungen ab dem Tag der Absendung der Anmeldung (einschließlich) bis zum letzten Tag des Abstimmungszeitraums (einschließlich) nicht übertragbar sind, nachweisen.

(4) *Zweite Versammlung.* Wird für die Abstimmung ohne Versammlung gemäß § 11(3) die mangelnde Beschlussfähigkeit festgestellt, kann der Abstimmungsleiter eine zweite Versammlung im Sinne von § 15 Abs. 3 Satz 3 SchVG einberufen. Die Teilnahme an der zweiten Versammlung und die Ausübung der Stimmrechte sind von einer vorherigen Anmeldung der Gläubiger abhängig. Die Anmeldung muss unter der in der Bekanntmachung der Einberufung mitgeteilten Adresse spätestens am dritten Tag vor der zweiten Versammlung zugehen. Mit der Anmeldung müssen die Gläubiger ihre Berechtigung zur Teilnahme an der Abstimmung durch einen in Textform erstellten besonderen Nachweis der Depotbank gemäß § 14(3)(i)(a) und (b) und durch Vorlage eines Sperrvermerks der Depotbank, aus dem hervorgeht, dass die betreffenden Schuldverschreibungen ab dem Tag der Absendung der Anmeldung (einschließlich) bis zum angegebenen Ende der Versammlung (einschließlich) nicht übertragbar sind, nachweisen.

(2) *Majority.* Resolutions shall be passed by a majority of not less than 75 percent of the votes cast. Resolutions relating to amendments of the Conditions which are not material and which do not relate to the matters listed in § 5(3) No. 1 – 8 and (if § 10 of these Conditions does not provide otherwise) No. 9 of the SchVG require a simple majority of the votes cast.

(3) *Vote without a meeting.* All votes will be taken, subject to the next sentence, exclusively by vote taken without a meeting. A meeting of Holders and the assumption of the fees by the Issuer for such a meeting will only take place in the circumstances of § 18(4) sentence 2 of the SchVG. The subject matter of the vote as well as the proposed resolutions and further information on voting procedures shall be notified to the Holders together with the request for voting. The exercise of voting rights is subject to the Holders' registration. The registration must be received at the address stated in the request for voting no later than the third day preceding the beginning of the voting period. As part of the registration, Holders must demonstrate their eligibility to participate in the vote by means of a special confirmation of the Custodian in accordance with § 14(3)(i)(a) and (b) hereof in text form and by submission of a blocking instruction by the Custodian stating that the relevant Notes are not transferable from and including the day such registration has been sent until and including the day the voting period ends.

(4) *Second Meeting.* If it is ascertained that no quorum exists for the vote without a meeting pursuant to § 11(3), the scrutineer (*Abstimmungsleiter*) may convene a second meeting within the meaning of section 15 paragraph 3 sentence 3 of the SchVG. Attendance at the second meeting and exercise of voting rights is subject to the Holders' registration. The registration must be received at the address stated in the convening notice no later than the third day preceding the second meeting. As part of the registration, Holders must demonstrate their eligibility to participate in the vote by means of a special confirmation of the Custodian in accordance with § 14(3)(i)(a) and (b) hereof in text form and by submission of a blocking instruction by the Custodian stating that the relevant Notes are not transferable from and including the day such registration has been sent until and including the stated end of the meeting.

(5) *Leitung der Abstimmung.* Die Abstimmung wird von einem von der Emittentin beauftragten Notar oder, falls der Gemeinsame Vertreter (wie in § 11(7) definiert) zur Abstimmung aufgefordert hat, vom Gemeinsamen Vertreter geleitet.

(6) *Stimmrecht.* An Abstimmungen der Gläubiger nimmt jeder Gläubiger nach Maßgabe des Nennwerts oder des rechnerischen Anteils seiner Berechtigung an den ausstehenden Schuldverschreibungen teil.

(7) *Gemeinsamer Vertreter.*

[Falls kein gemeinsamer Vertreter in den Anleihebedingungen bestellt wird, ist folgendes anwendbar:

Die Gläubiger können durch Mehrheitsbeschluss zur Wahrnehmung ihrer Rechte einen gemeinsamen Vertreter für alle Gläubiger bestellen (der "**Gemeinsame Vertreter**").]

Der Gemeinsame Vertreter hat die Aufgaben und Befugnisse, welche ihm durch Gesetz oder von den Gläubigern durch Mehrheitsbeschluss eingeräumt wurden. Er hat die Weisungen der Gläubiger zu befolgen. Soweit er zur Geltendmachung von Rechten der Gläubiger ermächtigt ist, sind die einzelnen Gläubiger zur selbständigen Geltendmachung dieser Rechte nicht befugt, es sei denn, der Mehrheitsbeschluss sieht dies ausdrücklich vor. Über seine Tätigkeit hat der Gemeinsame Vertreter den Gläubigern zu berichten. Für die Abberufung und die sonstigen Rechte und Pflichten des Gemeinsamen Vertreters gelten die Vorschriften des SchVG.

[Im Fall von Schuldverschreibungen, die von Bayer Capital Corp, Bayer Holding Ltd. oder Bayer Nordic begeben werden, ist folgendes anwendbar:

(8) *Änderung der Garantie.* Die oben aufgeführten auf die Schuldverschreibungen anwendbaren Bestimmungen gelten für die Garantie der Bayer AG entsprechend.]

(7) *Holdings' Representative.*

[If no Holdings' Representative is designated in the Conditions, the following applies:

The Holders may by majority resolution appoint a common representative (the "**Holdings' Representative**") to exercise the Holders' rights on behalf of each Holder.]

[If the Holdings' Representative is appointed in the Conditions, the following applies:

The common representative (the "**Holdings' Representative**") shall be [●]. The liability of the Holdings' Representative shall be limited to ten times the amount of its annual remuneration, unless the Holdings' Representative has acted willfully or with gross negligence.]

The Holdings' Representative shall have the duties and powers provided by law or granted by majority resolution of the Holders. The Holdings' Representative shall comply with the instructions of the Holders. To the extent that the Holdings' Representative has been authorized to assert certain rights of the Holders, the Holders shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Holdings' Representative shall provide reports to the Holders on its activities. The regulations of the SchVG apply with regard to the recall and the other rights and obligations of the Holdings' Representative.

[in the case of Notes issued by Bayer Capital Corp, Bayer Holding Ltd. or Bayer Nordic the following applies:

(8) *Amendment of the Guarantee.* The provisions set out above applicable to the Notes shall apply *mutatis mutandis* to the Guarantee of Bayer AG.]

§ 12 FURTHER ISSUES, PURCHASES AND CANCELLATION

Resolutions relating to amendments of the Conditions which are not material and which do not relate to the matters listed in § 5(3) No. 1 – 8 and (if § 10 of these Conditions does not provide otherwise) No. 9 of the SchVG require a simple majority of the votes cast.

(4) *Zweite Versammlung.* Wird für die Abstimmung ohne Versammlung gemäß § 11(3) die mangelnde Beschlussfähigkeit festgestellt, kann der Abstimmungsleiter eine zweite Versammlung im Sinne von § 15 Abs. 3 Satz 3 SchVG einberufen. Die Anmeldung muss unter der in der Bekanntmachung der Einberufung mitgeteilten Adresse spätestens am dritten Tag vor der zweiten Versammlung zugehen. Mit der Anmeldung müssen die Gläubiger ihre Berechtigung zur Teilnahme an der Abstimmung durch einen in Textform erstellten besonderen Nachweis der Depotbank gemäß § 14(3)(i)(a) und (b) und durch Vorlage eines Sperrvermerks der Depotbank, aus dem hervorgeht, dass die betreffenden Schuldverschreibungen ab dem Tag der Absendung der Anmeldung (einschließlich) bis zum angegebenen Ende der Versammlung (einschließlich) nicht übertragbar sind, nachweisen.

As part of the registration, Holders must demonstrate their eligibility to participate in the vote by means of a special confirmation of the Custodian in accordance with § 14(3)(i)(a) and (b) hereof in text form and by submission of a blocking instruction by the Custodian stating that the relevant Notes are not transferable from and including the day such registration has been sent until and including the day the voting period ends.

DESCRIPTION OF RULES REGARDING RESOLUTIONS OF HOLDERS

The Terms and Conditions pertaining to a certain issue of Notes provide that the Holders may agree to amendments or decide on other matters relating to the Notes by way of a resolution to be passed by taking votes without a meeting, or in exceptional circumstances at meetings of the Holders. Any such resolution duly adopted by the Holders shall be binding on each Holder of the respective issue of Notes, irrespective of whether such Holder took part in the vote and whether such Holder voted in favor of or against such resolution.

In addition to the provisions included in the Terms and Conditions of a particular issue of Notes, the rules regarding resolutions of Holders are substantially set out in the Provisions Regarding Resolutions of Holders dated March 24, 2017 in the German language together with an English translation (on display under www.bourse.lu). If the Notes are represented by global notes throughout their life, the Terms and Conditions of such Notes fully refer to the rules pertaining to resolutions of Holders which are incorporated into the Terms and Conditions of such Notes by reference to the Provisions Regarding Resolutions of Holders dated March 24, 2017. Under the German Act on Issues of Debt Securities (*Schuldverschreibungsgesetz* – "**SchVG**"), these rules are largely mandatory, although they permit supplementary provisions to be set out in or incorporated into the Terms and Conditions in certain circumstances.

The following is a brief summary of some of the rules regarding the taking of votes without meetings and the convening and conduct of meetings of Holders, the passing and publication of resolutions, their implementation and the filing of actions to challenge resolutions before German courts.

Specific Rules regarding Votes without Meeting

The voting shall be conducted by the chairman of the meeting. Such chairman shall be (i) a notary public appointed by the Issuer, (ii) where a common representative of the Holders (the "**Holders' Representative**") has been appointed and has solicited the vote, the Holders' Representative or (iii) a person appointed by the competent court.

The notice soliciting the Holders' votes shall state the period within which votes may be cast. During such voting period, the Holders may cast their votes to the person presiding over the taking of votes. Such notice shall also set out in detail the conditions to be met for the votes to be valid.

The person presiding over the taking of votes shall ascertain each Holder's entitlement to cast a vote based on evidence provided by such Holder and shall prepare a list of the Holders entitled to vote. If it is established that no quorum exists, the person presiding over the taking of votes may convene a meeting of the Holders. Within one year following the end of the voting period, each Holder participating in the vote may request a copy of the minutes of such vote and any annexes thereto from the Issuer.

Each Holder participating in the vote may object in writing to the result of the vote within two weeks following the publication of the resolutions passed. The objection shall be decided upon by the person presiding over the taking of votes. If the person presiding over the taking of votes remedies the objection, such person shall promptly publish the result. If the person presiding over the taking of votes does not remedy the objection, such person shall promptly inform the objecting Holder in writing.

The Issuer shall bear the costs of the vote and, if the court has convened, the costs of such proceedings.

Rules regarding Holders' Meetings applicable to Votes without Meeting

In addition, the statutory rules applicable to the convening and conduct of Holders' meetings will apply *mutatis mutandis* to any vote without a meeting. Some of these rules are summarised below.

Meetings of Holders may be convened by the Issuer or the Holders' Representative, if any. Meetings of Holders must be convened if one or more Holders holding five percent or more of the outstanding Notes so require for specified reasons permitted by statute.

Meetings may be convened not less than 14 days prior to the date of the meeting. Holders must register in advance in order to attend the meeting and exercise voting rights. The convening notice will specify what

form of identification shall be required for the Holder to be admitted to, and to vote at, the meeting. The place of the meeting in respect of a German issuer is the place of the issuer's registered office, provided, however, that where the relevant Notes are listed on a stock exchange within the European Union or the European Economic Area, the meeting may be held at the place of such stock exchange.

The convening notice shall be made publicly available together with the agenda of the meeting setting out the proposals for resolution.

Each Holder may be represented by a proxy. Holders representing not less than 50 percent of the outstanding Notes by value shall constitute a quorum at the meeting or when a vote is taken without a meeting. If the quorum of 50 percent of the outstanding aggregate principal amount of the Notes is not met, the scrutineer or the chairman, as the case may be, may convene a (second) physical meeting of the Holders at which no quorum will be required, provided that where a resolution may only be adopted by a qualified majority, a majority of at least 75 percent of the votes participating in the vote, a quorum requires the presence of at least 25 percent, of the outstanding Notes. For such (second) physical meeting the provisions set out above apply *mutatis mutandis*.

All resolutions adopted must be properly published. In the case of Notes represented by one or more global notes, resolutions which amend or supplement the Terms and Conditions have to be implemented by supplementing or amending the relevant global note(s).

In insolvency proceedings instituted in Germany against an Issuer, a Holders' Representative, if appointed, is obliged and exclusively entitled to assert the Holders' rights under the Notes. Any resolutions passed by the Holders are subject to the provisions of the Insolvency Code (*Insolvenzordnung*).

If a resolution constitutes a breach of the statute or the Terms and Conditions, Holders may bring an action to set aside such resolution. Such action must be filed with the competent court within one month following the publication of the resolution.

under the €15,000,000,000 Programme for the Issuance of Debt Instruments (the "**Programme**") established on October 20, 2000, as amended, replenished or restated from time to time

WHEREAS:

- (A) Bayer Capital Corporation B.V. ("**Bayer Capital Corp**"), Bayer Holding Ltd. ("**Bayer Holding Ltd.**"), which was formerly named Bayer Holding Japan LLC, and Bayer Nordic SE ("**Bayer Nordic**") intend to issue Notes under the Programme from time to time.
- (B) Bayer AG (the "**Guarantor**") wishes to guarantee the due payment of principal and interest and any other amounts payable in respect of any and all Notes that may be issued by Bayer Capital Corp, Bayer Holding Ltd. and Bayer Nordic under the Programme.
- (C) The Guarantor wishes to enter into a negative pledge for the benefit of each Holder (as defined below) of a Note that may be issued by Bayer Capital Corp, Bayer Holding Ltd. and Bayer Nordic under the Programme.

IT IS AGREED AS FOLLOWS:

- (1) (a) The Guarantor unconditionally and irrevocably guarantees to the holder of each Note (which expression shall include any Temporary Global Note and Permanent Global Note representing Notes) (each a "**Holder**") issued by Bayer Capital Corp, Bayer Holding Ltd. and Bayer Nordic now or at any time hereafter under the Programme, the due and punctual payment of the principal of, and interest on, the Notes and any other amounts which may be expressed to be payable under any Note as and when the same shall become due, in accordance with the Terms and Conditions of the Notes, as completed by the applicable Final Terms.
- (b) This Guarantee constitutes an unconditional, unsecured and unsubordinated obligation of the Guarantor and ranks *pari passu* with all other present or future unsecured and unsubordinated obligations of the Guarantor outstanding from time to time, subject to any obligations preferred by law.

- (c) All payments under this Guarantee shall be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied at source by or on behalf of the Federal Republic of Germany or any political subdivision thereof or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Guarantor shall pay such additional amounts as shall be necessary in order that the net amounts received by the Holders pursuant to this Guarantee, after such withholding or deduction, shall equal the respective amounts of principal and interest which would otherwise have been receivable in the absence of such withholding or deduction. No such additional amounts shall be payable on account of any taxes or duties which:
- (i) are payable otherwise than by withholding or deduction from payments made by the Issuer/Guarantor to the Holder; or
 - (ii) are deducted or withheld by any person acting as custodian bank or collecting agent on behalf of a Holder, or otherwise payable in any manner which does not constitute a deduction or withholding by the Issuer from payments of principal or interest made by it; or
 - (iii) are deducted or withheld by a Paying Agent from a payment if the payment could have been made by another paying agent without such deduction or withholding; or
 - (iv) are deducted or withheld pursuant to (i) any European Union Directive or Regulation pursuant to the taxation of savings, or (ii) any international treaty or understanding relating to such taxation and to which the Federal Republic of Germany or the European Union is a party or (iii) any provision of law implementing, or complying with, or introduced to conform with, such Directive, Regulation, treaty or understanding; or
 - (v) are payable by reason of a change in law that becomes effective more than 30 days after the relevant payment becomes due, or is duly provided for, whichever occurs later; or
 - (vi) are payable by reason of the Holder having, or having had, some personal or business connection with the Federal Republic of Germany or another member state of the European Union and not merely by reason of the fact that payments in respect of the Notes are, or for purposes of taxation are deemed to be, derived from sources in, or are secured in, the Federal Republic of Germany.

Notwithstanding any other provisions contained in this Guarantee, the Guarantor shall be permitted to withhold or deduct any amounts required pursuant to an agreement described in Section 1471 (b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any amended or successor provisions), any regulations or agreements thereunder, official interpretations thereof, or any law implementing and intergovernmental approach thereto ("**FATCA withholding**"). The Guarantor will have no obligation to pay additional amounts or otherwise indemnify an investor for any such FATCA withholding deducted or withheld by the Issuer, the Guarantor, the paying agent or any other party.

- (d) The obligations of the Guarantor under this guarantee (i) shall be separate and independent from the obligations of the respective Issuer under the Notes, (ii) shall exist irrespective of the legality, validity and binding effect or enforceability of the Notes, and (iii) shall not be affected by any event, condition or circumstance of whatever nature, whether factual or legal, save the full, definitive and irrevocable satisfaction of any and all payment obligations expressed to be assumed under the Notes.
- (2) The Guarantor undertakes towards each Holder, as long as Notes are outstanding but only up to the time all amounts of principal and interest have been provided to the Fiscal Agent, not to provide after the issue date of the Notes any Lien upon its domestic assets for other Security Issues (as defined below) without at the same time letting the Holders share *pari passu* in such Lien; provided, however, that this Undertaking shall not be applicable in the event the Guarantor shall create, assume or suffer to exist Liens of the following character:
- (a) any Lien existing on property at the time of the acquisition thereof by the Guarantor;
 - (b) any Lien to secure any debt incurred prior to, at the time of, or within 12 months after the acquisition of property by the Guarantor for the purpose of financing all or any part of the purchase price thereof and any

Lien to the extent that it secures debt which is in excess of such purchase price and for the payment of which recourse may be had only against such property;

- (c) any Lien to secure any debt incurred prior to, at the time of, or within 12 months after the completion of the construction, alteration, repair or improvement of property of the Guarantor for the purpose of financing all or any part of the cost thereof and any Lien to the extent that it secures debt which is in excess of such cost and for the payment of which recourse may be had only against such property;
- (d) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Lien referred to in clauses (a) through (c) above, so long as the principal amount of debt so secured does not exceed the principal amount secured at the time of extension, renewal or replacement (except that, where an additional principal amount of debt is incurred to provide funds for the completion of a specific project, the additional principal amount and any related financial costs may be secured by the Lien as well) and the Lien is limited to the same property subject to the Lien so extended, renewed or replaced (plus improvements on the property);
- (e) any Lien arising by operation of law;
- (f) any Lien arising from or related to a disposal or lease-out of assets to any person whose core business is the leasing business (*Leasinggesellschaften*) that does not exceed an aggregate of €1,000,000,000 per year or the equivalent in other currencies (as from the issue date of the Notes); and
- (g) any Lien securing indebtedness the amount of which (when aggregated with the amount of any other indebtedness which has the benefit of a Lien not allowed under the preceding sub-paragraphs) does not exceed €250,000,000 or its equivalent in other currencies at any time.

In respect of asset-backed securitizations originated by the Guarantor, the expressions "assets" and "Security Issue" as used in the first sentence of this subparagraph (2) do not include assets and Security Issues of the Guarantor if the assets backing such securitizations do not in aggregate exceed €2,000,000,000.

"**Security Issue**" shall mean any obligation for the payment of borrowed money represented by bonds, notes, debentures or any similar securities which are quoted, listed or traded on any stock exchange or over-the-counter securities market or which are otherwise publicly traded or intended to be publicly traded, having an original maturity of more than one year.

- (3) This Agreement and all undertakings contained herein constitute a contract for the benefit of the Holders as third party beneficiaries pursuant to § 328 (1) *BGB* (German Civil Code)¹. They entitle each such Holder to directly require the Guarantor to perform the obligations undertaken herein and to directly enforce such obligations against the Guarantor.
- (4) Terms used in this Agreement and not otherwise defined herein shall have the meaning attributed to them in the Terms and Conditions of the Notes, a copy of which is attached hereto.
- (5) If Notes provide that the provisions regarding the Amendment of the Terms and Conditions and the Holders' Representative apply to such Notes, such provisions shall also apply *mutatis mutandis* to this Guarantee.
- (6) This Agreement shall be governed by, and construed in accordance with, German law.
- (7) This Agreement is written in the German language. A non-binding English translation is attached hereto.
- (8) The place of performance shall be Leverkusen.
- (9) The place of jurisdiction for all legal proceedings arising out of or in connection with this Agreement shall be Frankfurt am Main. Each Holder may, however, also pursue its claims before any other court of competent jurisdiction.

¹ The English translation of § 328 (1) *BGB* (German Civil Code) reads as follows: "A contract may stipulate performance for the benefit of a third party and give such third party the right to directly demand performance."

(10) On the basis of a copy of this Agreement certified as being a true copy by a duly authorized officer of the Fiscal Agent, each Holder may protect and enforce in its own name its rights arising under this Agreement in any legal proceedings against the Guarantor or to which such Holder and the Guarantor are parties, without the need for production of this Agreement in such proceedings.

- (1) (a) Die Garantin übernimmt gegenüber jedem Gläubiger (jeweils ein "**Gläubiger**") der Schuldverschreibungen (wobei dieser Begriff jede vorläufige oder Dauerglobalurkunde, die Schuldverschreibungen verbrieft, einschließt), welche jetzt oder zu irgendeinem Zeitpunkt nach dem Datum dieser Garantie von Bayer Capital Corp, Bayer Holding Ltd. und Bayer Nordic im Rahmen des Programms begeben werden, die unbedingte und unwiderrufliche Garantie für die ordnungsgemäße und pünktliche Zahlung bei Fälligkeit von Kapital und Zinsen auf die Schuldverschreibungen sowie von allen sonstigen Beträgen, die gemäß den Anleihebedingungen (in der durch die anwendbaren Endgültigen Bedingungen vervollständigten Fassung) auf Schuldverschreibungen zahlbar sind.
- (b) Diese Garantie begründet eine unbedingte, unbesicherte und nicht nachrangige Verbindlichkeit der Garantin, die vorbehaltlich solcher Verbindlichkeiten, die aufgrund Gesetz vorrangig sind, mit allen anderen jeweils bestehenden, nicht besicherten und nicht nachrangigen Verbindlichkeiten der Garantin gleichrangig ist.

- (c) Sämtliche Zahlungen aufgrund dieser Garantie sind ohne Einbehalt oder Abzug von oder aufgrund von gegenwärtig oder zukünftig bestehenden Steuern oder sonstigen Abgaben gleich welcher Art zu leisten, die von oder in der Bundesrepublik Deutschland oder für deren Rechnung oder von oder für Rechnung einer politischen Untergliederung oder Behörde der Bundesrepublik Deutschland an der Quelle auferlegt oder erhoben werden, es sei denn, dieser Einbehalt oder Abzug ist gesetzlich vorgeschrieben. In diesem Fall hat die Garantin diejenigen zusätzlichen Beträge zu zahlen, die erforderlich sind, damit die den Gläubigern aufgrund dieser Garantie zufließenden Nettobeträge nach diesem Einbehalt oder Abzug jeweils den Beträgen an Kapital und Zinsen entsprechen, die ohne einen solchen Abzug oder Einbehalt von den Gläubigern empfangen worden wären. Die Verpflichtung zur Zahlung solcher zusätzlichen Beträge besteht jedoch nicht im Hinblick auf Steuern und Abgaben, die:
- (i) anders als durch Einbehalt oder Abzug oder Einbehalt auf Zahlungen zu entrichten sind, die die Emittentin/ Garantin an den Gläubiger leistet; oder
 - (ii) von einer als Depotbank oder Inkassobeauftragter des Gläubigers handelnden Person abgezogen oder einbehalten werden oder sonst auf andere Weise zu entrichten sind als dadurch, dass die Emittentin aus den von ihr zu leistenden Zahlungen von Kapital oder Zinsen einen Abzug oder Einbehalt vornimmt; oder
 - (iii) von einer Zahlstelle abgezogen oder einbehalten werden, wenn eine andere Zahlstelle die Zahlung ohne einen solchen Abzug oder Einbehalt hätte leisten können; oder
 - (iv) aufgrund (i) einer Richtlinie oder Verordnung der Europäischen Union betreffend die Besteuerung von Zinserträgen oder (ii) einer zwischenstaatlichen Vereinbarung über deren Besteuerung, an der die Bundesrepublik Deutschland oder die Europäische Union beteiligt ist, oder (iii) einer gesetzlichen Vorschrift, die diese Richtlinie, Verordnung oder Vereinbarung umsetzt oder befolgt, abzuziehen oder einzubehalten sind; oder
 - (v) aufgrund einer Rechtsänderung zu zahlen sind, welche später als 30 Tage nach Fälligkeit der betreffenden Zahlung von Kapital oder Zinsen oder, wenn dies später erfolgt, ordnungsgemäßer Bereitstellung aller fälligen Beträge wirksam wird; oder
 - (vi) wegen einer gegenwärtigen oder früheren persönlichen oder geschäftlichen Beziehung des Gläubigers zur Bundesrepublik Deutschland oder einem anderen Mitgliedstaat der Europäischen Union zu zahlen sind, jedoch nicht allein deshalb, weil Zahlungen auf die Schuldverschreibungen aus Quellen in der Bundesrepublik Deutschland stammen (oder für Zwecke der Besteuerung so behandelt werden) oder dort besichert sind.

Ungeachtet sonstiger Bestimmungen dieser Garantie, darf die Garantin Beträge, die gemäß einer beschriebenen Vereinbarung in Section 1471 (b) des U.S. Revenue Code von 1986 (der "**Code**") erforderlich sind oder die anderweitig aufgrund der Sections 1471 bis 1474 des Codes (oder jeder Änderung oder Nachfolgeregelung), der Regelungen oder Verträge darunter, der offiziellen Auslegungen davon oder jeglicher rechtsausführender und zwischenstaatlicher Zusammenarbeit dazu beruhen, einbehalten oder abziehen ("**FATCA Quellensteuer**"). Die Garantin ist aufgrund einer durch die Emittentin, die Garantin, eine Zahlstelle oder eine andere Partei abgezogenen oder einbehaltenen FATCA Quellensteuer nicht zur Zahlung zusätzlicher Beträge oder anderweitig zur Entschädigung eines Investors verpflichtet.

- (d) Die Verpflichtungen der Garantin aus dieser Garantie (i) sind selbständig und unabhängig von den Verpflichtungen der Emittentin aus den Schuldverschreibungen, (ii) bestehen unabhängig von der Rechtmäßigkeit, Gültigkeit, Verbindlichkeit oder Durchsetzbarkeit der Schuldverschreibungen und (iii) werden nicht durch Ereignisse, Bedingungen oder Umstände tatsächlicher oder rechtlicher Art berührt, außer durch die vollständige, endgültige und unwiderrufliche Erfüllung sämtlicher in den Schuldverschreibungen eingegangenen Zahlungsverpflichtungen.
- (2) Die Garantin verpflichtet sich gegenüber jedem Gläubiger, solange Schuldverschreibungen ausstehen, jedoch nur bis zu dem Zeitpunkt, an dem alle Beträge an Kapital und Zinsen der Emissionsstelle zur Verfügung gestellt worden sind, für andere, nachstehend definierte Wertpapieremissionen nach dem Tag der Begebung der Schuldverschreibungen kein Sicherungsrecht ("**Pfandrecht**") am eigenen inländischen

Vermögen zu bestellen, ohne die Gläubiger zur gleichen Zeit und im gleichen Rang an einem solchen Pfandrecht teilhaben zu lassen, mit der Maßgabe, daß diese Verpflichtung keine Anwendung findet, falls die Garantin Pfandrechte folgender Art bestellt, übernimmt oder bestehen läßt:

- (a) Pfandrechte, die auf einem Vermögensgegenstand zum Zeitpunkt des Erwerbs durch die Garantin lasten;
- (b) Pfandrechte zur Besicherung von Verbindlichkeiten, die vor dem Erwerb, zum Zeitpunkt des Erwerbs oder innerhalb von 12 Monaten nach dem Erwerb eines Vermögensgegenstandes durch die Garantin zum Zwecke der vollständigen oder teilweisen Kaufpreisfinanzierung eingegangen worden sind, sowie Pfandrechte, die zur Sicherung von über diesen Kaufpreis hinausgehenden Verbindlichkeiten dienen, vorausgesetzt, daß für deren Begleichung ausschließlich auf diesen Vermögensgegenstand zurückgegriffen werden kann;
- (c) Pfandrechte zur Besicherung von Verbindlichkeiten, die vor, zum Zeitpunkt, oder innerhalb von 12 Monaten nach der Fertigstellung einer Errichtung, Veränderung, Instandsetzung oder Verbesserung eines Vermögensgegenstandes der Garantin zum Zwecke der vollständigen oder teilweisen Finanzierung der dabei entstehenden Kosten eingegangen worden sind, sowie Pfandrechte, die zur Sicherung von über diese Kosten hinausgehenden Verbindlichkeiten dienen, vorausgesetzt, daß für deren Begleichung ausschließlich auf diesen Vermögensgegenstand zurückgegriffen werden kann;
- (d) jedwede vollständige oder teilweise Verlängerung, Erneuerung oder Ersetzung (oder wiederholte Verlängerungen, Erneuerungen oder Ersetzungen) eines der vorstehend in den Klauseln (a) bis (c) aufgeführten Pfandrechte, soweit der Nennbetrag der dadurch besicherten Verbindlichkeit den im Zeitpunkt einer solchen Verlängerung, Erneuerung oder Ersetzung besicherten Nennbetrag nicht übersteigt (mit der Ausnahme, daß zusätzliche Verbindlichkeiten sowie damit verbundene Finanzierungskosten durch das Pfandrecht besichert werden können, wenn diese zusätzlichen Verbindlichkeiten zur Mittelbeschaffung für die Fertigstellung eines bestimmten Vorhabens eingegangen werden), und soweit das Pfandrecht auf denselben Vermögensgegenstand, an welchem das verlängerte, erneuerte oder ersetzte Pfandrecht bestanden hat, beschränkt bleibt (einschließlich Wertverbesserungen des Vermögensgegenstandes);
- (e) Pfandrechte, die kraft Gesetzes entstehen;
- (f) Pfandrechte, die aus oder in Verbindung mit der Veräußerung oder der Vermietung von Vermögensgegenständen an Leasinggesellschaften entstehen, die den Gesamtbetrag von €1.000.000.000 pro Jahr oder den Gegenwert in anderen Währungen nicht übersteigen (seit dem Tag der Begebung der Schuldverschreibungen); und
- (g) Pfandrechte, die Verbindlichkeiten besichern, deren Betrag €250.000.000 (aggregiert mit dem Betrag von anderen Verbindlichkeiten, die ein Pfandrecht besitzen, welches nach den vorstehenden Unterabsätzen nicht erlaubt ist) oder den Gegenwert in anderen Währungen zu jeder Zeit nicht übersteigt.

In Bezug auf von der Garantin begebene asset-backed Emissionen, schließen die im ersten Satz dieses Abschnittes (2) benutzten Worte "Vermögen" und "**Wertpapieremission**" nicht Vermögensgegenstände und Wertpapieremissionen der Garantin ein, solange das Vermögen, das derartigen Emissionen unterliegt, zusammen €2.000.000.000 nicht übersteigt.

"Wertpapieremission" bedeutet jede Zahlungsverpflichtung aus der Aufnahme von Geld in der Form von oder verbrieft durch Schuldverschreibungen oder ähnliche(n) Wertpapiere(n) mit einer ursprünglichen Laufzeit von mehr als einem Jahr, die an einer Wertpapierbörse oder in einem over-the-counter Wertpapiermarkt notiert, eingeführt oder gehandelt werden oder die anderweitig öffentlich gehandelt werden oder gehandelt werden sollen.

- (3) Dieser Vertrag und alle darin enthaltenen Vereinbarungen stellen einen Vertrag zugunsten der Gläubiger als begünstigte Dritte gemäß § 328 Absatz 1 BGB dar. Sie begründen das Recht eines jeden Gläubigers, die Erfüllung der hierin eingegangenen Verpflichtungen unmittelbar von der Garantin zu fordern und diese Verpflichtungen unmittelbar gegenüber der Garantin durchzusetzen.
- (4) Die in diesem Vertrag verwendeten und nicht anders definierten Begriffe haben die ihnen in den diesem Vertrag beigefügten Anleihebedingungen zugewiesene Bedeutung.

- (5) Sofern auf Schuldverschreibungen die Bestimmungen über die Änderung der Anleihebedingungen und den Gemeinsamen Vertreter Anwendung finden, gelten diese Bestimmungen sinngemäß auch für diese Garantie.
- (6) Dieser Vertrag unterliegt deutschem Recht.
- (7) Dieser Vertrag ist in deutscher Sprache abgefaßt. Eine unverbindliche Übersetzung in die englische Sprache ist beigelegt.
- (8) Erfüllungsort ist Leverkusen.
- (9) Gerichtsstand für alle Rechtsstreitigkeiten aus oder im Zusammenhang mit diesem Vertrag ist Frankfurt am Main. Jeder Gläubiger kann seine Ansprüche jedoch auch vor jedem anderen zuständigen Gericht geltend machen.
- (10) Jeder Gläubiger kann in jedem Rechtsstreit gegen die Garantin und in jedem Rechtsstreit, in dem er und die Garantin Partei sind, seine Rechte aus diesem Vertrag auf der Grundlage einer von einer vertretungsberechtigten Person der Emissionsstelle beglaubigten Kopie dieses Vertrages ohne Vorlage des Originals im eigenen Namen wahrnehmen und durchsetzen.

Eurosystem eligibility¹⁸
EZB-Fähigkeit

Intended to be held in a manner which would allow Eurosystem eligibility
Soll in EZB-fähiger Weise gehalten werden

[Yes/No/Not applicable]
[Ja/Nein/Nicht anwendbar]

[Yes. Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with in the case of (i) a NGN one of the ICSDs as common safekeeper or (ii) a CGN Clearstream Banking AG, Frankfurt, and does not necessarily mean that the Notes will be recognized as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

[No. Whilst the designation is specified as "no" at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them, the Notes may then be deposited with one of the ICSDs as common safekeeper (and registered in the name of a nominee of one of the ICSDs acting as common safekeeper). Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

[Ja. Es wird darauf hingewiesen, dass "ja" hier lediglich bedeutet, dass die Wertpapiere nach ihrer Begebung im Fall (i) einer NGN bei einem der ICSDs als gemeinsamen Verwahrer oder (ii) einer CGN bei Clearstream Banking AG, Frankfurt verwahrt werden und es bedeutet nicht notwendigerweise, dass die Schuldverschreibungen als geeignete Sicherheit im Sinne der Währungspolitik des Eurosystems und der taggleichen Überziehungen (intra-day credit operations) des Eurosystems entweder nach Begebung oder zu irgendeinem Zeitpunkt während ihrer Existenz anerkannt werden. Eine solche Anerkennung wird vom Urteil der EZB abhängen, dass die Eurosystemfähigkeitskriterien erfüllt werden.]

¹⁸ Select "Yes" if the Notes are in NGN form and are to be kept in custody by an ICSD as common safekeeper. Select "No" if the Notes are in NGN form and are to be kept in custody by the common service provider as common safekeeper. Select "Not applicable" if the Notes are in CGN form but not deposited with Clearstream Banking AG, Frankfurt.

"Ja" wählen, falls die Schuldverschreibungen in Form einer NGN begeben und von einem ICSD als common safekeeper gehalten werden sollen. "Nein" wählen, falls die Schuldverschreibungen in Form einer NGN begeben und vom common service provider als common safekeeper gehalten werden sollen. "Nicht anwendbar" wählen, falls die Schuldverschreibungen in Form einer CGN begeben werden, aber nicht bei Clearstream Banking AG, Frankfurt verwahrt werden.

[Nein. Während die Bestimmung am Tag dieser Endgültigen Bedingungen mit "Nein" festgelegt wurde, können sich die Eurosystemfähigkeitskriterien für die Zukunft deart ändern, dass die Schuldverschreibungen fähig sein werden diese einzuhalten. Die Schuldverschreibungen können dann bei einer der ICSDs als gemeinsamer Verwahrer hinterlegt (und auf den Namen eines Nominees von einem der ICSDs als gemeinsamer Verwahrer eingetragen) werden. Es ist zu beachten, dass die Schuldverschreibungen selbst dann nicht notwendigerweise als geeignete Sicherheit im Sinne der Währungspolitik des Eurosystems und der taggleichen Überziehungen (intra-day credit operations) des Eurosystem zu irgendeinem Zeitpunkt während ihrer Existenz anerkannt werden. Eine solche Anerkennung wird vom Urteil der EZB abhängen, dass die Eurosystemfähigkeitskriterien erfüllt werden.]

Investments

Acquisitions in 2016:

Adjustments to purchase prices and purchase price allocations effected in 2016 relating to previous years' transactions totaled minus €5 million. Adjustments to purchase price allocations and other adjustments increased the total carrying amount of goodwill by €9 million.

The changes in goodwill mainly resulted from the following purchase price allocation adjustment: On July 1, 2015, Crop Science completed the acquisition of all the shares of SeedWorks India Pvt. Ltd., based in Hyderabad, India. The company is specialized in the breeding, production and marketing of hybrid seeds of tomato, hot pepper, okra and gourds. It has research and seed processing locations in Bangalore and Hyderabad, respectively. The purchase of SeedWorks India is intended to further strengthen Crop Science's vegetable seed business in India. A purchase price of €80 million was agreed, pertaining mainly to patents, research and development projects and goodwill.

Improved information obtained about the acquired assets in the first quarter of 2016 in the course of the global purchase price allocation led to decreases of €23 million in intangible assets and €8 million in deferred tax liabilities and a corresponding increase of €13 million in goodwill in the opening statement of financial position. In addition, the purchase price declined by €2 million to €78 million following completion of the final purchase price negotiations.

On February 12, 2016, Bayer and CRISPR Therapeutics AG, Basel, Switzerland, established the joint venture Casebia Therapeutics LLP, Ascot, United Kingdom. Its purpose is the development and commercialization of new methods to treat blood disorders, blindness and heart diseases. Capital contribution liabilities of US\$255 million to Casebia Therapeutics LLP were recognized in the statement of financial position as of December 31, 2016. These liabilities mature on December 31, 2020, at the latest. US\$45 million was already paid in 2016, and a further US\$60 million was paid on January 3, 2017.

On December 9, 2016, Bayer and Versant Ventures, San Francisco, United States, established the joint venture BlueRock Therapeutics LP, San Francisco, United States. The company will be active in the field of next-generation regenerative medicine. Its goal is to develop induced pluripotent stem cell (iPSC) therapies to cure a range of diseases. As of December 31, 2016, Bayer had capital contribution obligations of US\$150 million pertaining to the establishment of the joint venture. This amount should be paid by December 31, 2020, at the latest.

Acquisitions after the end of the last reporting period ended December 31, 2016:

On January 3, 2017, Bayer acquired the Cydectin™ portfolio in the United States from Boehringer Ingelheim Vetmedica Inc., St. Joseph, United States. The acquisition comprises the CYDECTIN Pour-On, CYDECTIN Injectable and CYDECTIN Oral Drench endectocides for cattle and sheep. The acquisition is intended to strengthen the antiparasitics portfolio in the United States through the addition of endectocides. An initial purchase price of approximately €150 million was agreed, which is subject to the usual price adjustment mechanisms. The purchase price was provisionally allocated mainly to trademarks and goodwill. The purchase price allocation currently remains incomplete pending compilation and review of the relevant financial information.

Planned acquisitions:

On September 14, 2016, Bayer signed a definitive merger agreement with Monsanto Company, St. Louis, Missouri, United States, which provides for Bayer's acquisition of all outstanding shares in Monsanto Company against a cash payment of US\$128 per share. At the time this corresponded to an expected transaction volume of approximately US\$66 billion, comprising an equity value (purchase price) of approximately US\$56 billion and net debt to be assumed in an amount of US\$10 billion, which includes pension obligations as of May 31, 2016, as well as liabilities for payments under stock-based compensation programs. Bayer thus has a contingent financial commitment in the amount of approximately US\$56 billion to acquire Monsanto's entire outstanding capital stock. The agreed transaction has been partially hedged against the euro / U.S. dollar currency risk using derivatives contracts.

The transaction brings together two different, but highly complementary businesses. Monsanto is a leading global provider of agricultural products, including seeds and seed technologies, herbicides, and digital platforms to give farmers agronomic recommendations. The combined business will offer a comprehensive set of solutions to meet growers' current and future needs, including enhanced solutions in high-quality seeds and traits, digital farming, and crop protection. The combination also brings together both companies' leading innovation capabilities and R&D technology platforms.

Syndicated bank financing of US\$56.9 billion was committed by Bank of America Merrill Lynch, Credit Suisse, Goldman Sachs, HSBC and JP Morgan upon the signing of the merger agreement. The bank financing was subsequently syndicated to more than 20 other partner banks of Bayer.

Bayer intends to finance the transaction with a combination of debt and equity. The planned equity component amounts to approximately US\$19 billion in total. As the first part of the equity component, Bayer placed €4 billion in mandatory convertible notes on November 22, 2016, excluding subscription rights for existing stockholders of the company. The net proceeds from the issuance of the mandatory convertible notes were used for the early replacement of a portion of the undrawn syndicated bank credit facility. The remainder of the equity component is expected to be raised by way of a rights issue. The debt component is expected to be mainly composed of senior and hybrid corporate bonds as well as term bank loans.

The stockholders of Monsanto Company approved the merger with the requisite majority on December 13, 2016. The transaction remains subject to customary closing conditions, including relevant antitrust and other regulatory approvals. Closing of the transaction is currently expected by the end of 2017.

The merger agreement provides for payment by Bayer of a US\$2 billion reverse break fee including, in particular, in the event that the necessary antitrust approvals are not granted by June 14, 2018, and Bayer or Monsanto therefore terminates the merger agreement.

Divestitures and Discontinued Operations in 2016:

The sale of the Diabetes Care business to Panasonic Healthcare Holdings Co., Ltd., Tokyo, Japan, for around €1 billion was completed on January 4, 2016. The sale includes the leading Contour™ portfolio of blood glucose monitoring meters and strips, as well as other products such as Breeze™2, Elite™ and Microlet™ lancing devices.

The sale of the Diabetes Care business also comprises further significant obligations by Bayer that will be fulfilled over a period of up to two years subsequent to the date of divestment. The sale proceeds will be recognized accordingly over this period and reported as income from discontinued operations. Deferred income has been recognized in the statement of financial position and will be dissolved as the obligations are fulfilled. Of this, an amount of €497 million was recognized in sales in 2016. The €71 million outflow of net assets is reflected accordingly in the cost of goods sold.

The obligations to be fulfilled over a period of up to two years after the divestment of the Diabetes Care business are also reported as discontinued operations in the income statement and the statement of cash flows. These resulted in sales of €76 million in 2016. This information is provided from the standpoint of the Bayer Group and does not present these activities as a separate entity. It is therefore not possible to compare

these sales against the proceeds from operational product sales achieved in 2015.

The items in the statement of financial position pertaining to the Diabetes Care business are shown in the segment reporting under “All Other Segments.” In addition to the aforementioned deferred income (€469 million), the statement of financial position includes other receivables (net: €66 million), deferred tax assets (net: €73 million), income tax liabilities (€65 million) and miscellaneous provisions (€9 million).

The sale of the Consumer business (CS Consumer) of Bayer’s Environmental Science unit to SBM Développement SAS, Lyon, France, was completed on October 4, 2016. The Consumer business encompasses the Bayer Garden and Bayer Advanced businesses in Europe and North America. These activities are reported as discontinued operations in the income statement and the statement of cash flows.

Capital expenditure:

In 2016, cash outflows for property, plant and equipment and intangible assets were 2.4% higher at €2,578 million (2015: €2,517 million) and included €835 million (2015: €777 million) at Pharmaceuticals, €215 million (2015: €148 million) at Consumer Health, €757 million (2015: €721 million) at Crop Science, €37 million (2015: €41 million) at Animal Health and €415 million (2015: €508 million) at Covestro.

Organizational Structure

Following the stock market flotation of Covestro, Bayer reorganized the Group effective January 1, 2016, and is now focusing on its Life Science activities. These businesses hold leading positions in innovation-driven, rapidly growing markets. Together, the Life Science businesses make up a strong, attractive and balanced portfolio that is resistant to fluctuations in demand and to potential risks.

The company's operations are managed in three divisions – Pharmaceuticals, Consumer Health and Crop Science – and the Animal Health business unit, which are also reporting segments. As of December 31, 2016, Bayer held about 64% of Covestro AG. Covestro therefore also remains a fully consolidated reporting segment. The operational business is supported by the corporate functions – including Technology Services, which was integrated into Bayer AG effective July 1, 2016 – Business Services and the service company Currenta.

The following changes were made to the corporate structure in 2016:

- In April 2016, Bayer AG deposited shares it held in Covestro AG in Bayer Pension Trust e.V. The number of shares deposited amounted to 10 million, or 4.9%, of the shares outstanding.
- In May 2016, Crop Science signed an agreement to divest the Consumer business of Environmental Science, which has since been reported retrospectively for 2015 and 2016 under discontinued operations. Environmental Science therefore now comprises only the business for professional users. The divestment was closed at the start of October 2016.

In 2016, the Bayer Group comprised 301 consolidated companies in 78 countries throughout the world.

Reporting of the regions has been adjusted to reflect the distribution of responsibilities on the Board of Management. Africa / Middle East is now no longer reported together with Latin America but with Europe.

For more information on Bayer's business activities, refer to "*Business Overview of Bayer AG and the Bayer Group*".

Trend Information

Bayer's growth could be impeded by increasing global cost pressure on health care systems. The prices of pharmaceutical products are subject to regulatory monitoring and control in many markets, and government reimbursement systems often favor less expensive generic medicines over branded products. Pharmaceutical products are subject to regulatory price controls and regulations in many markets, and government reimbursement systems often favor less expensive generic medicines over branded products. In addition, in some markets, major health care providers can exert substantial pressure on prices. Price controls and pricing pressure reduce earnings from Bayer's pharmaceutical products and may occasionally make the market launch of a new product unprofitable.

According to Bayer's assessment the current extent of regulatory controls and market pressures on pricing will persist or increase. Bayer's Life Science businesses operate in highly competitive markets. Corporate mergers, along with business practices such as aggressive pricing strategies – not only in the field of generic competition – may adversely affect Bayer's earnings.

Changes with respect to price development and governmental price controls in Bayer's key markets are continuously monitored. Depending on the intensity of such price controls and the pressure on prices, it could be necessary to adjust Bayer's business model.

Modern agricultural methods, the application of certain classes of crop protection products and the use of genetic engineering are repeatedly the subject of intense public debate. This political opinion-forming may yield legislative and regulatory decisions that significantly limit the use of Bayer products or even result in voluntary or mandated product withdrawals. In addition, decisions by the European Union, for example, also affect agricultural imports from other parts of the world and therefore Bayer's business in those regions.

In the Crop Science segment, risks may arise from seasonal fluctuations in the weather, market volatility for agricultural products and Bayer's customers' financial situations, for example. These may adversely affect both Bayer's crop protection and seeds businesses.

The current global consolidation process in the seeds and crop protection industry could greatly alter Bayer's future competitive environment.

Negative economic developments generally have an adverse effect on the sales markets for Covestro's products, usually leading to lower sales volumes and a drop in the company's operational earnings. The extent of

these effects on volumes and the operating result also depend on capacity utilization in the industry, which in turn varies according to the supply-demand ratio for industry-specific products. A decline in demand leads to lower sales volumes and ultimately to lower capacity utilization, which adversely impacts margins.

There is steady growth in public and regulatory expectations with regard to the safety and efficacy of chemical, biological and pharmaceutical products so Bayer continues to anticipate increasing regulatory requirements for clinical or (eco)toxicological studies, for example. This leads to higher product development costs and longer timeframes.

The expectations of the public and the regulatory authorities with regard to the safety and efficacy of chemical and pharmaceutical products are constantly rising. Against this background, Bayer continues to anticipate increasing regulatory requirements for clinical or (eco)toxicological studies, for example. This increases product development costs and the time it takes to obtain registration or marketing approval.

The Bayer Group, now as in the past, has a portfolio that largely consists of patent-protected products. Generic manufacturers, in particular, attempt to contest patents prior to their expiration. Sometimes a generic version of a product may even be launched "at risk" prior to the issuance of a final patent decision. When a patent defense is unsuccessful, or if one of our patents expires, our prices are likely to come under pressure because of increased competition from generic products entering the market.

Most of Bayer's products primarily in the Life Sciences, are covered by patents. Generic manufacturers, in particular, attempt to contest patents prior to their expiration. Sometimes a generic version of a product may even be launched "at risk" prior to the issuance of a final patent decision. When a patent defense is unsuccessful, or if one of Bayer's patents expires, prices are likely to come under pressure because of increased competition from generic products entering the market.

Furthermore, the presence of traces of unwanted genetically modified organisms in agricultural products and / or foodstuffs cannot be entirely excluded. Potential payments of damages in connection with the above risks may have a substantial negative impact on Bayer's earnings.

No material adverse change in the Issuer's prospects

There has been no material adverse change in the prospects of the Bayer Group since the end of the last reporting period ended December 31, 2016.

The business address of each member of the Board of Management and the Supervisory Board is Bayer Aktiengesellschaft, Kaiser-Wilhelm-Allee 1, 51373 Leverkusen, Germany.

There are no potential conflicts of interest between any duties of the members of the Board of Management or the Supervisory Board toward Bayer and their respective private interests and/or other duties.

Board Practices

In accordance with the AktG, Bayer AG has both a Board of Management (*Vorstand*) and a Supervisory Board (*Aufsichtsrat*). The Board of Management is responsible for the management of Bayer's business; the Supervisory Board oversees the work of the Board of Management and appoints its members. The two boards are separate, and no individual may simultaneously be a member of both boards.

Both the members of the Board of Management and the members of the Supervisory Board owe a duty of loyalty and care to Bayer AG. In exercising their duties, the applicable standard of care is that of a diligent and prudent businessperson. Both the members of the Board of Management and the members of the Supervisory Board must take into account a broad range of considerations when making decisions, including the interests of Bayer AG and its stockholders as well as of its employees and creditors.

The members of the Board of Management and the Supervisory Board may be held personally liable to Bayer AG for breaches of their duties of loyalty and care. Bayer AG must bring an action for breach of duty against the Board of Management or Supervisory Board upon a resolution of the stockholders passed at a Stockholders' Meeting by a simple majority of the votes cast. Furthermore, minority shareholders representing at least 1 percent of the company's share capital or shares with a nominal value of €100,000 can file an application in court requesting an action to be admitted against members of either of the company's boards on behalf of the company or in their own name.

With the exception of stockholders of companies that (unlike Bayer AG) are under the control of

²⁶ Independent expert member pursuant to Section 5 of § 100 AktG.

another company, individual stockholders of German companies cannot sue directors on behalf of the company in a manner analogous to a stockholder's derivative action under U.S. law. Under German law, directors may be liable for breach of duty to stockholders (as opposed to a duty to the company itself) only where a breach of duty to the company also constitutes a breach of a statutory provision enacted specifically for the protection of stockholders. In practice, stockholders are able to assert liability against directors for breaches of this sort only in unusual circumstances. The German Securities Trading Law (*Wertpapierhandelsgesetz*, "**WpHG**") provides for damage claims of stockholders against the issuer under certain circumstances, if the issuer violates the provisions on publication of insider information with intent or gross negligence.

Board of Management

The Board of Management is responsible for managing the business of Bayer AG in accordance with the AktG and Bayer AG's Articles of Incorporation. It also represents Bayer AG in its dealings with third parties and in court. According to the Articles of Incorporation, the Board of Management consists of a minimum of two members. The Supervisory Board determines the number of and appoints the members of the Board of Management. Members of the Board of Management are appointed for a maximum term of five years and are eligible for reappointment after the completion of their term in office.

Bayer AG is legally represented by two members of the Board of Management acting together, or by one member of the Board of Management together with a person possessing a special power of attorney (*Prokura*).

The Board of Management must report regularly to the Supervisory Board, particularly on proposed business policy and strategy, on profitability and on the current business of Bayer AG, as well as on any exceptional matters that may arise from time to time. If not otherwise required by law, the Board of Management makes decisions by a simple majority of the votes cast. In case of deadlock, the chairman has the casting vote.

Under certain circumstances, such as a serious breach of duty or a vote of no confidence by the stockholders at an Annual Stockholders' Meeting, a member of the Board of Management may be removed by the Supervisory Board prior to the expiration of his/her term. A member of the Board of Management may not deal with, or vote on, matters relating to proposals, arrangements or contracts between him/herself and Bayer AG.

Individual members of the Board of Management serve as representatives with primary responsibility for Bayer's various corporate functions and as representatives for the various geographic regions in which Bayer operates.

Supervisory Board

Under the AktG, the German Co-Determination Act (*Mitbestimmungsgesetz*) of 1976 and Bayer's Articles of Incorporation, the Supervisory Board consists of 20 members. The principal function of the Supervisory Board is to oversee the work of the Board of Management and to appoint its members. The Supervisory Board oversees Bayer's business policy, corporate planning and strategy. It also approves the annual budget as well as the financial statements of Bayer AG and the consolidated financial statements of the Bayer Group. The Supervisory Board may not make management decisions, but the Board of Management's Rules of Procedure (*Geschäftsordnung*) require the prior consent of the Supervisory Board for specified transactions above a specified threshold, including:

- the acquisition or disposition of assets;
- the acquisition, disposition or encumbrance of real property;
- the acquisition or disposition of Bayer AG shares; and
- the issuance of bonds, conclusion of credit agreements, or grant of guarantees, sureties (*Bürgschaften*) or loans, except to subsidiaries.

Bayer's stockholders elect ten members of the Supervisory Board at the Annual Stockholders' Meeting. Pursuant to the Co-Determination Act of 1976, Bayer's employees elect the remaining ten members. The term of

a Supervisory Board member expires at the end of the Annual Stockholders' Meeting in which the stockholders ratify the actions of the Supervisory Board members for the fourth fiscal year following the year in which the member was elected. There is no compulsory retirement age for members of the Supervisory Board. However, in accordance with the German Corporate Governance Code, Supervisory Board members are encouraged to retire at the Annual Stockholders' Meeting following the member's 72nd birthday.

Any member of the Supervisory Board elected by the stockholders at the Annual Stockholders' Meeting may be removed by a vote of at least three quarters of the votes cast by the stockholders in such meeting. Any member elected by the employees may be removed by a majority of three quarters of the votes cast by the employees. Unless otherwise required by law or by the Articles of Incorporation of Bayer AG, resolutions of the Supervisory Board are passed by a simple majority of the votes cast. According to the Articles of Incorporation, in the case of a deadlock, a second vote is held in which the chairman of the Supervisory Board is entitled to one additional vote. In order to constitute a quorum, at least half of the total members of the Supervisory Board must participate in the voting.

Currently, the Supervisory Board has the following committees:

- In 2007, a Nominations Committee (*Nominierungsausschuss*) was established in line with the recommendation in the German Corporate Governance Code of June 2007 to carry out preparatory work when an election of stockholder representatives to the Supervisory Board is to be held. It suggests suitable candidates for the Supervisory Board to propose to the Annual Stockholders' Meeting for election. The Nominations Committee comprises the Chairman of the Supervisory Board and the other stockholder representative on the Presidial Committee. The current members of the Nominations Committee are Mr. Wenning (Chairman) and Mr. Achleitner.

- The Innovation Committee (*Innovationsausschuss*) was established in September 2015. Within its area of responsibility the Committee advises and oversees the management and prepares any Supervisory Board decisions. The Committee comprises the Chairman of the Supervisory Board and five other members of the Supervisory Board, with parity of representation between stockholder and employee representatives. The current members of the Innovation Committee are Mr. Plischke (Chairman), Mr. van Broich, Ms. Reinbold-Knape, Mr. Wenning, Mr. Wiestler and Mr. Zühlke.

Consolidated Financial Statements - Financial year 2016 (audited)²⁷

Earnings Performance

Sales of the Bayer Group rose by 3.5% (Fx & portfolio adj.) to €46,769 million (reported: +1.5%) in 2016, including €4,809 million in Germany. Bayer's Life Science businesses contributed to this performance, growing sales by 4.7% (Fx & portfolio adj.) to €34,943 million.

Sales of Pharmaceuticals advanced by an encouraging 8.7% (Fx & portfolio adj.) to €16,420 million. This development continued to be driven primarily by the company's key growth products. Consumer Health also raised sales by 3.5% (Fx & portfolio adj.) to €6,037 million. Despite a weak market environment, Crop Science posted sales of €9,915 million to match the prior-year level (Fx & portfolio adj.: +0.1%). Sales of Animal Health rose by 4.8% (Fx & portfolio adj.) to €1,523 million. Covestro sales were level year on year at €11,826 million (Fx & portfolio adj.: 0.0%).

The cost of goods sold fell by 3.5% to €20,295 million in 2016, mainly due to lower raw material costs at Covestro. The ratio of the cost of goods sold to total sales therefore declined year on year to 43.4% (2015: 45.7%). The selling expenses of €12,474 million (+ 1.6%) amounted to 26.7% of sales (2015: 26.6%). Research and development (R&D) expenses rose by 9.2% to €4,666 million, mainly due to higher R&D investment at Pharmaceuticals. The ratio of R&D expenses to sales was 10.0% (2015: 9.3%). General administration expenses climbed by 7.8% to €2,256 million, due especially to the establishment of administrative functions at Covestro. The ratio of general administration expenses to total sales therefore increased to 4.8% (2015: 4.5%). The substantially lower balance of other operating expenses and other operating income of minus €36 million (2015: minus €166 million) resulted mainly from positive effects from derivatives to hedge planned sales.

EBITDA before special items of the Bayer Group moved forward by 10.2% to €11,302 million (2015: €10,256 million). Pharmaceuticals improved EBITDA before special items by 13.8% to €5,251 million (2015: €4,616 million). This substantial increase in earnings was largely due to the good development of business, particularly for our key growth products. Consumer Health saw a decline in EBITDA before special items by 3.1% to €1,411 million. Favorable business development and cost synergies only partly offset the higher cost of goods sold and negative currency effects of about €65 million. EBITDA before special items of Crop Science came in at the prior-year level, up 0.6% to €2,421 million. A positive currency effect of about €140 million and higher selling prices stood against lower volumes, higher research and development expenses and higher impairment losses on trade accounts receivable in particular. EBITDA before special items of Animal Health was also level with the previous year with a change of 0.6%, while Covestro registered a substantial 19.6% increase in EBITDA before special items to €1,984 million.

Depreciation, amortization and impairment losses were 12.3% higher in 2016 at €3,743 million (2015: €3,332 million), comprising €2,235 million (2015: €1,802 million) in amortization and impairments on intangible assets and €1,508 million (2015: €1,530 million) in depreciation and impairments on property, plant and equipment. A total of €566 million (2015: €136 million) in impairments constituted special items. EBITDA for the reporting year amounted to €10,785 million.

²⁷ The Prospectus contains the performance measures Change in sales (reported, currency-adjusted, currency- and portfolio-adjusted), EBIT, EBITDA, EBIT before special items, EBITDA before special items, Core earnings per share and Net financial debt – please see section regarding Alternative Performance Measures (APM) for details and explanations.

EBIT increased by 12.8% in 2016 to €7,042 million, including special charges of €1,088 million (2015: €819 million). These mainly comprised €561 million for impairment losses on intangible assets, charges of €242 million in connection with efficiency improvement programs and €100 million in costs for the integration of acquired businesses. Further special charges of €94 million were related to provisions for litigations, while €86 million were connected with the agreed acquisition of Monsanto. EBIT before special items rose by 15.2% to €8,130 million (2015: €7,060 million).

Including a financial result of minus €1,155 million (2015: minus €1,005 million), income before income taxes was €5,887 million (2015: €5,236 million). The financial result comprised items including net interest expense of €548 million (2015: €455 million), interest cost of €294 million (2015: €287 million) for pension and other provisions, and currency hedging costs of €193 million (2015: €254 million). After tax expense of €1,329 million (2015: €1,223 million), income after income taxes was €4,826 million (2015: €4,098 million). Including income after income taxes from discontinued operations and income attributable to noncontrolling interest, net income for 2016 amounted to €4,531 million (2015: €4,110 million; + 10.2%).

Earnings per share (total) rose by 9.5% to €5.44, while core earnings per share from continuing operations increased by 7.3% to €7.32. In November 2016, Bayer placed €4 billion in mandatory convertible notes without granting subscription rights to existing stockholders of the company. According to IAS 33.23, the weighted average number of shares increases as soon as the notes contract is signed, and this increase must be taken into account in calculating undiluted and diluted earnings per share. The new weighted average number of shares is based on the minimum conversion price of €90, which determines the maximum conversion ratio.

Cash Flow Statement

Net cash provided by operating activities

The net cash provided by operating activities (total) rose by 31.9% to €9,089 million due to a significant improvement in EBIT, a sharp decrease in additional cash tied up in working capital, and the cash inflow from the sale of the Diabetes Care business. The net cash provided by operating activities in continuing operations increased by 20.8% to €8,259 million.

Net cash used in investing activities

The net cash outflow for investing activities in 2016 amounted to €8,729 million. Cash outflows for property, plant and equipment and intangible assets were 2.4% higher at €2,578 million (2015: €2,517 million) and included €835 million (2015: €777 million) at Pharmaceuticals, €215 million (2015: €148 million) at Consumer Health, €757 million (2015: €721 million) at Crop Science, €37 million (2015: €41 million) at Animal Health and €415 million (2015: €508 million) at Covestro. Cash outflows for noncurrent and current financial assets, especially for the short-term investment of the cash inflows from the mandatory convertible notes, amounted to €6,335 million (2015: €370 million). Inflows from interest and dividends totaled €89 million (2015: €106 million).

Net cash provided by (used in) financing activities

In 2016 there was a net cash outflow of €350 million for financing activities, including net loan repayments of €730 million (2015: €2,929 million). Net interest payments were 21.8% higher at €794 million (2015: €652 million). The cash outflow for dividends amounted to €2,126 million (2015: €1,869 million). The net cash inflow from the issuance of the mandatory convertible notes amounted to €3,952 million, reported as a €3,300 million capital contribution and a €652 million borrowing. In 2015, the stock market flotation of Covestro resulted in a cash inflow of €1,490 million.

Net financial debt

In 2016, net financial debt of the Bayer Group decreased by €5,671 million. Cash inflows from operating activities and the issuance of the mandatory convertible notes were set against cash outflows for dividends and negative currency effects.

Net financial debt includes three subordinated hybrid bonds with a total volume of €4,529 million, 50%

of which is treated as equity by Moody's and S&P. The hybrid bonds thus have a more limited effect on the Group's rating-specific debt indicators than senior debt.

On November 22, 2016, Bayer issued €4,000 million in mandatory convertible notes. After deducting transaction costs and recognition of deferred taxes, €3,491 million was allocated to capital reserves and €652 million to other financial liabilities.

Asset and Capital Structure

Total assets as of December 31, 2016, rose by €8.3 billion to €82.2 billion. The increase of €1.7 billion in noncurrent assets to €51.8 billion mainly resulted from an increase in deferred taxes, while other intangible assets declined. Total current assets rose by €6.6 billion to €30.4 billion, primarily due to cash inflows from the issuance of the mandatory convertible notes. Equity advanced by €6.5 billion to €31.9 billion. Net income of €4.5 billion (2015: €4.1 billion) and an increase of €3.5 billion in the capital reserves resulting from the issuance of the mandatory convertible notes were set against a negative effect of €0.8 billion (2015: positive effect of €0.8 billion) – recognized outside profit or loss – from changes in post-employment benefit obligations, and the dividend payment of €2.1 billion (2015: €1.9 billion). The equity ratio (equity coverage of total assets) as of December 31, 2016 was 38.8% (2015: 34.4%). Liabilities rose by €1.9 billion compared with December 31, 2015, to €50.3 billion. Trade accounts payable and other liabilities increased, while financial liabilities declined. The net defined benefit liability for pensions and other post-employment benefits increased by €0.3 billion to €11.1 billion. Losses of €0.8 billion from the reevaluation of the net obligations for defined benefit plans for pensions and other post-employment benefits stood against the contribution by Bayer AG of 4.9% of the outstanding Covestro shares with a value of €0.3 billion to Bayer Pension Trust e.V. and the contribution by Covestro of bonds with a value of €0.5 billion.

Alternative Performance Measures (APM)

The Prospectus contains the performance measures Change in sales (reported, currency-adjusted, currency- and portfolio-adjusted), EBIT, EBITDA, EBIT before special items, EBITDA before special items, Core earnings per share and Net financial debt, that are not defined or specified in the applicable financial reporting standards and for which there are no generally accepted reporting formats. Bayer determines APMs to enable the comparison of performance indicators over time and against those of other companies in its industry sector. These APMs are calculated by making certain adjustments to items in the statement of financial position or the income statement prepared according to the applicable financial reporting standards. Such adjustments may result from differences in calculation or measurement methods, nonuniform business activities or special factors affecting the information value of these items. The APMs determined in this way apply to all periods and are used both internally for business management purposes and externally by analysts, investors and rating agencies to assess the company's performance.

Change in sales (reported, currency-adjusted, currency- and portfolio-adjusted)

The (reported) change in sales is a relative indicator. It shows the percentage by which sales varied from the previous year.

The currency-adjusted or currency- and portfolio-adjusted change in sales shows the percentage change in sales excluding the impact of exchange rate effects and disregarding the acquisitions and divestitures material to each business entity. Exchange rate effects are generally calculated on the basis of the functional currency valid in the respective country. Exceptions exist in Brazil and Argentina, primarily at Crop Protection, where the respective functional currencies are restated in U.S. dollars for business reasons.

EBIT (earnings before interest and taxes) serves to present a company's operating result while eliminating the effects of differences among local taxation systems and different financing activities. EBIT is calculated as follows:

Reconciliation to EBIT

Income before income taxes	
+ / – Financial result (net income / loss from investments accounted for using the equity method, financial income and expenses)	
=	EBIT

EBITDA stands for earnings before interest, taxes, depreciation and amortization. This performance indicator neutralizes the effects of the financial result along with distortions of operational performance that result from divergent depreciation and amortization methods and the exercise of measurement discretion. EBITDA is EBIT plus the amortization of intangible assets and the depreciation of property, plant and equipment, plus impairment losses and minus impairment loss reversals, recognized in profit or loss during the reporting period.

Reconciliation to EBITDA

EBIT
+ / - Depreciation and amortization / impairment losses / impairment loss reversals on property, plant, equipment and intangible assets (as per Statements of Cash Flows)
= EBITDA

EBIT before special items and **EBITDA before special items** show the development of the operational business irrespective of the effects of special items, i.e. special effects for the company with regard to their nature and magnitude. These may include litigations, restructuring, integration costs, impairment losses and impairment loss reversals. EBIT before special items and EBITDA before special items are each determined by adding special charges and subtracting special gains.

Core earnings per share (core EPS) is based on the earnings per share (EPS) for the Group as defined in IAS 33. Core earnings per share are determined by neutralizing effects of the purchase price allocations for acquisitions and other special factors to enable a comparison of performance over time. In an intermediate step, further APMs – core EBIT and core net income – are calculated. Core earnings per share are then calculated by dividing core net income per share by the weighted average number of shares in circulation during the year.

Reconciliation to Core Earnings per Share

EBIT (as per Income Statements)
+ / - Amortization / impairment losses / impairment loss reversals on intangible assets
+ / - Impairment losses / impairment loss reversals on property, plant and equipment
+ / - Special items (excluding depreciation and amortization / impairment losses / impairment loss reversals)
= Core EBIT
+ / - Financial result (as per Income Statements)
+ / - Special items in the financial result
+ / - Income taxes (as per Income Statements)
+ / - Special items in income taxes
+ / - Tax effects relating to depreciation and amortization / impairment losses / impairment loss reversals and special items
+ / - Income after income taxes attributable to noncontrolling interest (as per Income Statements)
+ / - Portion of the above-mentioned adjustments attributable to noncontrolling interest
= Core earnings from continuing operations
/ Weighted average number of shares
= Core earnings per share from continuing operations (core EPS)

Because core earnings per share are calculated for each interim reporting period, core earnings per share for the fiscal year or for each interim reporting period up to the respective closing date may deviate from the cumulated core earnings per share for the individual interim reporting periods.

Core earnings per share from continuing or discontinued operations are similarly determined. Core earnings per share form the basis of the Bayer Group's dividend policy.

Net financial debt is an important financial management indicator for the Bayer Group and is used both internally and externally in assessing its liquidity, capital structure and financial flexibility. This metric is calculated as follows:

Reconciliation to Net Financial Debt

Bonds and notes / promissory notes

+ Liabilities to banks

+ Liabilities under finance leases

+ Liabilities from derivatives¹

+ Other financial liabilities

– Receivables from derivatives¹

= Financial liabilities

– Cash and cash equivalents

– Current financial assets²

= Net financial debt

¹ These include the market values of interest-rate and currency hedges of recorded transactions.

² These include short-term loans and receivables with maturities between 3 and 12 months outstanding from banks and other companies as well as available-for-sale financial assets that were recorded as current on initial recognition.

Governmental, legal or arbitration proceedings

As a global company with a diverse business portfolio, the Bayer Group is exposed to numerous legal risks, particularly in the areas of product liability, competition and antitrust law, anticorruption, patent disputes, tax assessments and environmental matters. The outcome of any current or future proceedings cannot normally be predicted. It is therefore possible that legal or regulatory judgments or future settlements could give rise to expenses that are not covered, or not fully covered, by insurers' compensation payments and could significantly affect our revenues and earnings.

Legal proceedings currently considered to involve material risks are outlined below. The legal proceedings referred to do not represent an exhaustive list.

Product-Related Litigation

Yasmin™ / YAZ™: Most of the lawsuits and claims concerning Bayer's drospirenone-containing oral contraceptives in the United States have been resolved. Claimants allege that users have suffered personal injuries, some of them fatal, from the use of Yasmin™ and / or YAZ™ or their generic versions, and seek compensatory and punitive damages, claiming, in particular, that Bayer had not adequately warned of the alleged risks.

As of January 23, 2017, lawsuits and claims of approximately 100 claimants remain pending against Bayer in the United States. Without admission of liability, Bayer is considering about a dozen of the lawsuits and claims for possible settlement after a case-specific analysis of medical records.

A few U.S. State Attorney Generals are investigating alleged violations of consumer protection statutes, including off-label promotion and failure to warn. One Attorney General has filed an action against Bayer.

As of January 23, 2017, 13 lawsuits seeking class action certification had been served upon Bayer in Canada. In two of these lawsuits a class has been certified. Two motions for certification of a class action are pending in Israel.

Bayer believes that it has meritorious defenses and will continue to defend itself vigorously against all claims that are not considered for settlement.

Mirena™: As of January 23, 2017, lawsuits from approximately 2,600 users of Mirena™, a levonorgestrel-releasing intrauterine system providing long-term contraception, had been served upon Bayer in the United States (excluding lawsuits no longer pending). Plaintiffs allege personal injuries resulting from the use of Mirena™, including perforation of the uterus, ectopic pregnancy or idiopathic intracranial hypertension, and seek compensatory and punitive damages. Plaintiffs claim, inter alia, that Mirena™ is defective and that Bayer knew or should have known of the risks associated with it and failed to adequately warn its users. Additional lawsuits are anticipated. Most of the cases pending in U.S. federal courts have been consolidated in a multidistrict litigation proceeding for common pre-trial management. In July 2016, the multidistrict litigation court granted summary judgment dismissing approximately 1,230 cases pending before that court. Plaintiffs have appealed the decision. As of January 23, 2017, five Canadian lawsuits relating to Mirena™ seeking class action

certification had been served upon Bayer. Bayer believes it has meritorious defenses and intends to defend itself vigorously.

Xarelto™: As of January 23, 2017, U.S. lawsuits from approximately 16,400 recipients of Xarelto™, an oral anticoagulant for the treatment and prevention of blood clots, had been served upon Bayer. Plaintiffs allege personal injuries from the use of Xarelto™, including cerebral, gastrointestinal or other bleeding and death, and seek compensatory and punitive damages. They claim, amongst other things, that Xarelto™ is defective and that Bayer knew or should have known of these risks associated with the use of Xarelto™ and failed to adequately warn its users. Additional lawsuits are anticipated. Cases pending in U.S. federal courts have been consolidated in a multidistrict litigation for common pre-trial management. As of January 23, 2017, ten Canadian lawsuits relating to Xarelto™ seeking class action certification had been served upon Bayer. Bayer believes it has meritorious defenses and intends to defend itself vigorously.

Essure™: As of January 23, 2017, U.S. lawsuits from approximately 3,700 users of Essure™, a medical device offering permanent birth control with a nonsurgical procedure, had been served upon Bayer. Plaintiffs allege personal injuries from the use of Essure™, including hysterectomy, perforation, pain, bleeding, weight gain, nickel sensitivity, depression and unwanted pregnancy. Additional lawsuits are anticipated. As of January 23, 2017, two Canadian lawsuits relating to Essure™ seeking class action certification had been served upon Bayer. Bayer believes it has meritorious defenses and intends to defend itself vigorously.

In connection with the above-mentioned proceedings, Bayer is insured against statutory product liability claims against Bayer to the extent customary in the respective industries and has, based on the information currently available, taken appropriate accounting measures for anticipated defense costs. However, the accounting measures regarding Yasmin™ / YAZ™ and Essure™ claims exceed the available insurance coverage. Concerning Yasmin™ / YAZ™, the accounting measures include costs for agreed and anticipated future settlements based on the information currently available and based on the number of pending and estimated future claims alleging venous clot injuries.

Patent Disputes

Beyaz™ / Safyral™: Beyaz™ and Safyral™ are Bayer's oral contraceptives containing folate. In 2015, a U.S. federal court ruled in favor of Bayer regarding both the validity of its patent and the infringement thereof by Watson Laboratories, Inc. ("Watson"). Watson had filed Abbreviated New Drug Applications with a Paragraph IV certification ("ANDA IV") seeking approval of generic versions of both Beyaz™ and Safyral™ in the United States. In May 2016, the U.S. Court of Appeals for the Federal Circuit invalidated the patent claims asserted by Bayer and reversed the judgment by the U.S. federal court. Bayer petitioned the U.S. Supreme Court to review the decision by the U.S. Court of Appeals for the Federal Circuit. In January 2017, the U.S. Supreme Court denied Bayer's petition. The decision by the U.S. Court of Appeals for the Federal Circuit against Bayer is now final. In 2015, Bayer filed two lawsuits against Lupin Ltd. and Lupin Pharmaceuticals, Inc. (together "Lupin") in a U.S. federal court for infringement of the same patent. Prior to this in 2015, Bayer had received two notices of an ANDA IV application by Lupin seeking approval to market generic versions of Safyral™ and Beyaz™ in the United States. In view of the May 2016 decision by the U.S. Court of Appeals for the Federal Circuit, the U.S. federal court ruled in favor of Lupin in November 2016. This decision is now also final.

Betaferon™ / Betaseron™: In 2010, Bayer filed a complaint against Biogen Idec MA Inc. in a U.S. federal court seeking a declaration by the court that a patent issued to Biogen in 2009 is invalid and not infringed by Bayer's production and distribution of Betaseron™, Bayer's drug product for the treatment of multiple sclerosis. Biogen is alleging patent infringement by Bayer through Bayer's production and distribution of Betaseron™ and Extavia™ and has sued Bayer accordingly. Bayer manufactures Betaseron™ and distributes the product in the United States. Extavia™ is also a drug product for the treatment of multiple sclerosis; it is manufactured by Bayer, but distributed in the United States by Novartis Pharmaceuticals Corporation, another defendant in the lawsuit. In March 2016, the U.S. federal court decided a disputed issue regarding the scope of the patent in Biogen's favor. Bayer disagrees with the decision, which may be appealed at the conclusion of the proceedings in the U.S. federal court.

Damoctocog alfa pegol (BAY 94-9027, long-acting rFVIII): In 2013, Bayer filed a lawsuit against Nektar Therapeutics in the district court of Munich, Germany. In this proceeding, Bayer claims rights to certain European patent applications based on a past collaboration between Bayer and Nektar in the field of hemophilia. The European patent applications with the title "Polymer-factor VIII moiety conjugates" are part of a patent

family registered in the name of Nektar comprising further patent applications and patents in other countries including the United States. However, Bayer believes that the patent family does not include any valid patent claim relevant for Bayer's drug candidate BAY 94-9027 for the treatment of hemophilia A.

Nexavar™: In 2015, Bayer filed patent infringement lawsuits in a U.S. federal court against Mylan Pharmaceuticals Inc. and Mylan Inc. (together "Mylan"). In 2014 and 2015, Bayer had received notices of an ANDA IV application pursuant to which Mylan seeks approval of a generic version of Bayer's cancer drug Nexavar™ in the United States. In November 2016, Bayer received another notice of such an ANDA IV application by Teva Pharmaceuticals USA, Inc. In December 2016, Bayer filed a patent infringement lawsuit against Teva Pharmaceuticals USA, Inc. and Teva Pharmaceutical Industries LTD in the same U.S. federal court.

Stivarga™: In December 2016, Bayer filed patent infringement lawsuits in a U.S. federal court against Apotex, Inc. and Apotex Corp. (together "Apotex") and against Teva Pharmaceuticals USA, Inc. and Teva Pharmaceutical Industries LTD (together "Teva"). In November 2016, Bayer had received notices of an ANDA IV application pursuant to which Apotex and Teva each seek approval of a generic version of Bayer's cancer drug Stivarga™ in the United States.

Xarelto™: In 2015, Bayer and Janssen Pharmaceuticals, Inc. filed a patent infringement lawsuit in a U.S. federal court against Aurobindo Pharma Limited, Aurobindo Pharma USA, Inc. (together "Aurobindo"), Breckenridge Pharmaceutical Inc. ("Breckenridge"), Micro Labs Ltd., Micro Labs USA Inc. (together "Micro Labs"), Mylan Pharmaceuticals Inc., Mylan Inc. (together "Mylan"), Princeton Pharmaceutical Inc. ("Princeton"), Sigmapharm Laboratories, LLC ("Sigmapharm"), Torrent Pharmaceuticals, Limited and Torrent Pharma Inc. (together "Torrent"). Earlier in 2015, Bayer had received notices of an ANDA IV application by Aurobindo, Breckenridge, Micro Labs, Mylan, Princeton, Sigmapharm and Torrent, each seeking approval to market a generic version of Xarelto™, an oral anticoagulant for the treatment and prevention of blood clots, in the United States. In January 2016, Bayer received another notice of such an ANDA IV application by InvaGen Pharmaceuticals, Inc. ("InvaGen"). In February 2016, Bayer and Janssen Pharmaceuticals, Inc. filed a patent infringement lawsuit against InvaGen in the same U.S. federal court.

Bayer believes it has meritorious defenses in the above ongoing patent disputes and intends to defend itself vigorously.

Further Legal Proceedings

Trasylol™ / Avelox™: A qui tam complaint relating to marketing practices for Trasylol™ (aprotinin) and Avelox™ (moxifloxacin) filed by a former Bayer employee is pending in the United States District Court in New Jersey. The U.S. government has declined to intervene at the present time.

Newark Bay Environmental Matters: In the United States, Bayer is one of numerous parties involved in a series of claims brought by federal and state environmental protection agencies. The claims arise from operations by entities which historically were conducted near Newark Bay or surrounding bodies of water, or which allegedly discharged hazardous waste into these waterways or onto nearby land. Bayer and the other potentially responsible parties are being asked to remediate and contribute to the payment of past and future remediation or restoration costs and damages. In August 2016, Bayer learned that two major potentially responsible parties had filed for protection under Chapter 11 of the U.S. Bankruptcy Code. While Bayer remains unable to determine the extent of its liability for these matters, this development is likely to adversely affect the share of costs potentially allocated to Bayer.

In the Lower Passaic River matter, a group of more than sixty companies including Bayer is investigating contaminated sediments in the riverbed under the supervision of the United States Environmental Protection Agency (EPA) and other governmental authorities. Future remediation will involve some form of dredging, the nature and scope of which are not yet defined, and potentially other tasks. The cost of the investigation and the remediation work may be substantial if the final remedy involves extensive dredging and disposal of impacted sediments. In the Newark Bay matter, an unaffiliated party is currently conducting an investigation of sediments in Newark Bay under EPA supervision. The investigation is in a preliminary stage. Bayer has contributed to certain investigation costs in the past and may incur costs for future investigation and remediation activities in Newark Bay.

Bayer has also been notified by governmental authorities acting as natural resource trustees that it may have liability for natural resource damages arising from the contamination of the Lower Passaic River, Newark Bay and surrounding water bodies. Bayer is currently unable to determine the extent of its liability.

Asbestos: A further risk may arise from asbestos litigation in the United States. In many cases, the plaintiffs allege that Bayer and co-defendants employed third parties on their sites in past decades without providing them with sufficient warnings or protection against the known dangers of asbestos. Additionally, a Bayer affiliate in the United States is the legal successor to companies that sold asbestos products until 1976. Union Carbide has agreed to indemnify Bayer for this liability. Bayer believes it has meritorious defenses and intends to defend itself vigorously.

Covestro U.S. Lawsuit: In September 2016, Covestro LLC – along with three other defendants – was served with a lawsuit filed by a law firm in a California federal court. The parties recently agreed to change the venue to a federal court in the District of Columbia. The aim of the lawsuit is to recover financial damages in the form of statutory fines allegedly owed by the defendants to the United States Environmental Protection Agency for the companies' failure to disclose health risk information associated with the manufacture and handling of TDI, MDI and PMDI. Under the pertinent statutes, the U.S. government was afforded an opportunity to intervene and prosecute the claims, but it has declined to do so. Accordingly, the law firm is prosecuting the claims on the government's behalf. Violations of the Toxic Substances Control Act ("TSCA") and False Claims Act ("FCA") are asserted. Covestro will defend itself vigorously and regards the claims asserted against the company as meritless.

Tax proceedings

Stamp taxes in Greece: In 2014, 2016 and 2017, a Greek administrative court of first instance dismissed Bayer's lawsuits against the assessment of stamp taxes and contingent penalties in the total amounts of approximately €130 million on certain intra-Group loans to a Greek subsidiary. Bayer is convinced that the decisions are wrong and has appealed or will do so in due course. Bayer believes it has meritorious arguments to support its legal position and intends to defend itself vigorously.

Save as disclosed in this Section, Bayer is not aware of any governmental, legal or arbitration proceedings during a period covering at least the last twelve months which may have, or have had in the recent past, significant effects on Bayer's financial position or profitability.

Material Contracts

Bayer has an undrawn €3.5 billion syndicated credit facility which is available until 2020. The participating banks are entitled to terminate the credit facility in the event of a change of control at Bayer and demand repayment of any loans that may have been granted under this facility up to that time. A similar clause is contained in the agreement on a syndicated credit facility granted to Bayer in 2014. The facility still amounts to US\$900 million (as of December 31, 2016) and matures in May 2018. A similar clause is also contained in the agreement on a syndicated credit facility in the original amount of US\$56.9 billion granted to Bayer in September 2016. This as yet undrawn facility serves to finance the planned acquisition of Monsanto. Pursuant to

the agreement, this credit facility was reduced in November 2016 by the US\$4.2 billion net proceeds from the issuance of mandatory convertible notes, to US\$52.7 billion. The mandatory convertible notes mature in November 2019. The terms on which holders may convert the notes into shares before the maturity date are more favorable in the event of a change of control than they would be otherwise.

In addition, the terms of €3.4 billion (as of December 31, 2016) in notes issued by Bayer in the years 2006 to 2014 contain change-of-control clauses. Holders of these notes have the right to demand the redemption of their notes by Bayer in the event of a change of control if Bayer AG's credit rating is downgraded within 120 days after such change of control becomes effective. The terms of the US\$7 billion bond in 144A / Reg S format issued in October 2014 also contain a clause to this effect. The outstanding amount of this bond is US\$6.5 billion.

Agreements exist for the members of the Board of Management in compliance with Section 4.2.3 of the German Corporate Governance Code to cover the eventuality of a takeover offer being made for Bayer AG. Under these agreements, payments promised in the event of early termination of the service contract of a Board of Management member due to a change of control are limited to the value of three years' compensation and may not compensate more than the remaining term of the contract.

Rating

The following ratings have been assigned to Bayer:

	<u>Long-term rating</u>	<u>Short-term rating</u>
S&P	A-	A-2
Moody's	A3	P-2

As a result of the agreed acquisition of Monsanto, both S&P and Moody's are reviewing the possibility of a downgrade.

A A- rating assigned by S&P means that the Issuer has a strong capacity to meet financial commitments, but is somewhat susceptible to adverse economic conditions and changes in circumstances. Ratings of S&P from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories. Obligations rated A by Moody's are considered upper-medium grade and are subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Each of S&P and Moody's is established in the European Union and is registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of September 16, 2009 on credit rating agencies, as amended from time to time (the "**CRA Regulation**"). The European Securities and Markets Authority publishes on its website (<http://www.esma.europa.eu/page/Listregistered-and-certified-CRAs>) a list of credit rating agencies registered in accordance with the CRA Regulation. That list is updated within five working days following the adoption of a decision under Article 16, 17 or 20 CRA Regulation. The European Commission shall publish that updated list in the Official Journal of the European Union within 30 days following such update.

Recent Developments

Bayer AG has reduced its holding in Covestro from 64.2 percent to 53.3 percent. This was achieved by selling 22 million of its shares to institutional investors at a price of EUR 66.50 per share. Allocation of the shares took place on February 28, 2017 and the ownership was transferred on March 3, 2017. The company intends to use the proceeds of nearly EUR 1.5 billion to pay down debt.

TAXATION

The following is a general discussion of certain German, Dutch, Japanese, Luxembourg and Finnish income tax consequences of the acquisition, ownership and disposal of the Notes (in the case of The Netherlands, Luxembourg and Finland certain withholding tax consequences only). This discussion does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes. As each Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Tranche of Notes as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany, The Netherlands, Japan, Finland and Luxembourg currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive effect.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws in Germany, The Netherlands, Japan, Luxembourg and Finland and any country of which they are residents.

1. Germany

Tax Residents

Persons (individuals and corporate entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to income taxation (income tax or corporate income tax, as the case may be, plus solidarity surcharge thereon plus church tax and/or trade tax, if applicable) on their worldwide income, regardless of its source, including interest from debt of any kind (such as the Notes) and, in general, capital gains.

Taxation if the Notes are held as private assets (*Privatvermögen*)

In the case of German tax-resident individual investors (*unbeschränkt Steuerpflichtige*) holding the Notes as private assets (*Privatvermögen*), the following applies:

- Income

The Notes should qualify as other capital receivables (*sonstige Kapitalforderungen*) in terms of section 20 para 1 no 7 German Income Tax Act ("**ITA**" – *Einkommensteuergesetz*).

Accordingly, payments of interest on the Notes should qualify as taxable savings income (*Einkünfte aus Kapitalvermögen*) pursuant to section 20 para 1 no 7 ITA.

Capital gains / capital losses realised upon sale of the Notes, computed as the difference between the acquisition costs and the sales proceeds reduced by expenses directly and factually related to the sale, qualify as positive or negative savings income in terms of section 20 para 2 sentence 1 no 7 ITA. Where the Notes are acquired and/or sold in a currency other than Euro, the acquisition costs will be converted into Euro at the time of acquisition, the sales proceeds will be converted into Euro at the time of sale and the difference will then be computed in Euro. If the Notes are assigned, redeemed, repaid or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage in eine Kapitalgesellschaft*) rather than sold, as a rule, such transaction is treated like a sale. Losses from the sale of Notes can only be offset against other savings income and, if there is not sufficient other positive savings income, carried forward in subsequent assessment periods.

Pursuant to a tax decree issued by the Federal Ministry of Finance dated 18 January 2016, a sale shall be disregarded where the transaction costs exceed the sales proceeds, which means that losses suffered from such "sale" shall not be tax-deductible. Similarly, a bad debt loss (*Forderungsausfall*), i.e. should the relevant Issuer become insolvent, and a waiver of a receivable (*Forderungsverzicht*), to the extent the waiver does not qualify as a hidden contribution, shall not be treated like a sale. Accordingly, losses suffered upon such bad debt loss or waiver should not be tax-deductible.

If the relevant Issuer exercises the right to substitute the debtor of the Notes, the substitution might, for German tax purposes, be treated as an exchange of the Notes for new notes issued by the new debtor. Such a substitution could result in the recognition of a taxable gain or loss for the respective investors.

- German withholding tax (*Kapitalertragsteuer*)

With regard to savings earnings (*Kapitalerträge*), e.g. interest or capital gains, German withholding tax (*Kapitalertragsteuer*) will be levied if the Notes are held in a custodial account which the investor maintains with a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank (a "**German Disbursing Agent**") and such German Disbursing Agent credits or pays out the earnings.

The tax base is, in principle, equal to the taxable gross income as set out above (i.e. prior to withholding). However, in the case of capital gains, if the custodial account has changed since the time of acquisition of the Notes (e.g. if the Notes had been transferred from a non-EU custodial account prior to the sale) and the acquisition costs of the Notes are not proven to the German Disbursing Agent in the form required by law, withholding tax is applied to 30 percent of the proceeds from the redemption or sale of the Notes. When computing the tax base for withholding tax purposes, the German Disbursing Agent has to deduct any negative savings income (*negative Kapitalerträge*) or paid accrued interest (*Stückzinsen*) in the same calendar year or unused negative savings income of previous calendar years.

German withholding tax will be levied by a German Disbursing Agent at a flat withholding tax rate of 26.375 percent (including solidarity surcharge) plus, if applicable, church tax. Church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*). In the latter case, the investor has to include the savings income in the tax return and will then be assessed to church tax.

No German withholding tax will be levied if the investor has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the savings income does not exceed the exemption amount shown on the withholding tax exemption certificate. Currently, the maximum exemption amount is EUR 801 (EUR 1,602 in the case of jointly assessed husband and wife or in case of a registered civil law partnership). Similarly, no withholding tax should be levied if the relevant investor has submitted a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office to the German Disbursing Agent.

The Issuers are, as a rule, not obliged to levy German withholding tax in respect of payments on the Notes.

- Tax assessment

The taxation of savings income shall take place mainly by way of levying withholding tax (please see above). If and to the extent German withholding tax has been levied, such withholding tax shall, in principle, become definitive and replace the investor's income taxation. If no withholding tax has been levied other than by virtue of a withholding tax exemption certificate (*Freistellungsauftrag*) and in certain other cases, the investor is nevertheless obliged to file a tax return, and the savings income will then be taxed within the assessment procedure. If the investor is subject to church tax and , has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*), the investor is also obliged to include the savings income in the tax return for church tax purposes.

However, also in the assessment procedure, savings income is principally taxed at a separate tax rate for savings income (*gesonderter Steuertarif für Einkünfte aus Kapitalvermögen*) being identical to the withholding tax rate (26.375 percent - including solidarity surcharge (*Solidaritätszuschlag*) plus, if applicable, church tax). In certain cases, the investor may apply to be assessed on the basis of its personal tax rate if such rate is lower than the above tax rate. Such application can only be filed consistently for all savings income within the assessment period. In case of jointly assessed husband and wife or in case of a registered civil law partnership the application can only be filed for savings income of both spouses.

When computing the savings income, the saver's lump sum amount (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 in the case of jointly assessed husband and wife or in case of a registered civil law partnership) will

be deducted. The deduction of the actual income related expenses, if any, is excluded. This holds even true if the investor applies to be assessed on the basis of its individual tax rate.

Taxation if the Notes are held as business assets (*Betriebsvermögen*)

In the case of German tax-resident corporations or individual investors (*unbeschränkt Steuerpflichtige*) holding the Notes as business assets (*Betriebsvermögen*), interest payments and capital gains will be subject to corporate income tax at a rate of 15 percent or income tax at a rate of up to 45 percent, as the case may be, (in each case plus 5.5 percent solidarity surcharge thereon). In addition, trade tax may be levied, the rate of which depends on the municipality where the business is located. Further, in the case of individuals, church tax may be levied. Business expenses that are connected with the Notes are deductible.

The provisions regarding German withholding tax (*Kapitalertragsteuer*) apply, in principle, as set out above for private investors. However, investors holding the Notes as business assets cannot file a withholding tax exemption certificate with the German Disbursing Agent. Instead, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Notes if, for example, (a) the Notes are held by a corporation or (b) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form.

Any withholding tax levied is credited as prepayment against the German (corporate) income tax amount. If the tax withheld exceeds the respective (corporate) income tax amount, the difference will be refunded within the tax assessment procedure.

Non-residents

Persons who are not tax resident in Germany are not subject to tax with regard to income from the Notes unless (i) the Notes are held as business assets (*Betriebsvermögen*) of a German permanent establishment (including a permanent representative) which is maintained by the investor or (ii) the income from the Notes qualifies for other reasons as taxable German source income. If a non-resident person is subject to tax with its income from the Notes, in principle, similar rules apply as set out above with regard to German tax resident persons (please see above).

If the income is subject to German tax as set out in the preceding paragraph, German withholding tax will be applied like in the case of a German tax resident person.

Inheritance and Gift Tax

Inheritance or gift taxes with respect to any Note will, in principle, arise under German law if, in the case of inheritance tax, either the decedent or the beneficiary or, in the case of gift tax, either the donor or the donee is a resident of Germany or if such Note is attributable to a German trade or business for which a permanent establishment is maintained or a permanent representative has been appointed.

The few existing double taxation treaties regarding inheritance and gift tax may lead to different results. Special rules apply to certain German citizens that are living in a foreign country and German expatriates.

Other Taxes

No stamp, issue, registration or similar taxes or duties are payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany. It is intended to introduce a financial transaction tax. However, it is unclear if and in what form such tax will be actually introduced.

2. The Netherlands

This taxation overview solely addresses the Dutch withholding tax consequences of the acquisition, ownership and disposal of Notes issued by Bayer Capital Corp on or after the date of this Prospectus. It does not describe any other Dutch tax consequences. It does therefore not consider every aspect of taxation that may be relevant to a particular holder of Notes. Any potential investor should consult his/her tax adviser for more

information about the tax consequences of acquiring, owning and disposing of Notes in his/her particular circumstances.

Where in this overview English terms and expressions are used to refer to Dutch concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Dutch concepts under Dutch tax law. Where in this Dutch taxation overview the terms "The Netherlands" and "Dutch" are used, these refer solely to the European part of the Kingdom of The Netherlands.

This overview is based on the tax law of The Netherlands (unpublished case law not included) as it stands at the date of this Prospectus. The law upon which this overview is based is subject to change, perhaps with retroactive effect. Any such change may invalidate the contents of this overview, which will not be updated to reflect such change. This overview assumes that each transaction with respect to Notes is at arm's length.

Withholding tax

All payments under Notes may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority of or in The Netherlands, except where Notes are issued under such terms and conditions that such Notes are capable of being classified as equity of Bayer Capital Corp for Dutch tax purposes or actually function as equity of Bayer Capital Corp within the meaning of article 10, paragraph 1, letter d, of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*) and where Notes are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by Bayer Capital Corp or by any entity related to Bayer Capital Corp.

3. Japan

The information in this section constitutes general information on certain aspects of Japanese taxation, and is provided only for the convenience of investors. Investors should note that the information in this section is not exhaustive regarding all possible tax consequences to a particular investor. Investors are advised to consult their own legal, tax, accountancy or other professional advisers in order to ascertain their particular taxation position. The information given below is based on current tax laws and regulations in Japan and current tax treaties executed by Japan, all as in effect on the date hereof, and all of which are subject to change or differing interpretations (possibly with retroactive effect). Neither such statements nor any other statements in this Prospectus are to be regarded as advice on the tax position of any beneficial owner of the Notes issued by Bayer Holding Ltd. (the "**Issuer**") (hereinafter in this paragraph "*TAXATION - 3. Japan*", "**Notes**") or any person purchasing, selling or otherwise dealing in the Notes or any tax implication arising from the purchase, sale or other dealings in respect of the Notes.

Restriction upon Distribution

The Notes are not, as part of the distribution by the Dealers, to be offered or sold to or for the benefit of any person other than a beneficial owner that is, (i) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation, nor (y) an individual non-resident of Japan or a non-Japanese corporation that in either case is a specially-related person of the Issuer (as defined below) or (ii) a Japanese financial institution, designated in Article 6, paragraph (9) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957) (as amended) (the "**Act on Special Measures Concerning Taxation**").

Capital Gains, Stamp tax and Other Similar Taxes, Inheritance Tax and Gift Tax

Gains derived from the sale of Notes outside Japan by an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment in Japan are in general not subject to Japanese income or corporate taxes. Japanese inheritance tax and gift tax at progressive rates may be payable by an individual, wherever resident, who has acquired Notes as legatee, heir or donee from an individual.

No stamp, issue, registration or similar taxes or duties will, under present Japanese law, be payable in Japan by noteholders in connection with the issue of the Notes nor will such taxes be payable by noteholders in connection with their transfer if such transfer takes place outside Japan.

Interest Payments on Notes and Redemption Gain

The following description of Japanese taxation (limited to national taxes) (subject always to the relevant tax treaty between Japan and the relevant country) applies exclusively to interest on the Notes and the redemption gain, meaning any difference between the acquisition price of the interest-bearing Notes of the noteholder and the amount which the noteholder receives upon redemption of such interest-bearing Notes (the "Redemption Gain"), where such Notes are issued outside Japan and payable outside Japan. In addition, the following description assumes that only global Notes are issued for the Notes, and no definitive Notes and coupons are issued so that they are independently traded, in which case different tax consequences may apply. It is not intended to be exhaustive and noteholders are recommended to consult their tax advisers as to their exact tax position.

3.1 Non-resident Investors

If the recipient of interest on the Notes or of the Redemption Gain with respect to interest-bearing Notes is an individual non-resident of Japan or a non-Japanese corporation for Japanese tax purposes, as described below, the Japanese tax consequences on such an individual non-resident of Japan or non-Japanese corporation are significantly different depending upon whether such an individual non-resident of Japan or non-Japanese corporation is a specially-related person of the Issuer (as defined below). Most importantly, if such an individual non-resident of Japan or non-Japanese corporation is a specially-related person of the Issuer (as defined below), income tax at the rate of 15.315 percent of the amount of such interest will be withheld by the Issuer under Japanese tax law.

3.1.1 Interest

(1) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan or having a permanent establishment within Japan but where the receipt of the interest on the Notes is not attributable to the business of such an individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, no Japanese income tax or corporate tax is payable with respect to such interest whether by way of withholding or otherwise, if such recipient complies with certain requirements, *inter alia*:

(i) if the relevant Notes are held through a certain participant in an international clearing organisation such as Euroclear and Clearstream, Luxembourg or a certain financial intermediary prescribed by the Act on Special Measures Concerning Taxation and the relevant Cabinet Order (together with the Act on Special Measures Concerning Taxation and the ministerial ordinance and other regulations thereunder, the "**Law**") (each, a "**Participant**"), the requirement to provide, at the time of entrusting a Participant with the custody of the relevant Notes, certain information prescribed by the Law to enable the Participant to establish that the recipient is exempt from the requirement for Japanese tax to be withheld or deducted (the "**Interest Recipient Information**"), and to advise the Participant if such an individual non-resident of Japan or non-Japanese corporation ceases to be so exempted (including the case where it became a specially-related person of the Issuer (as defined below)).

(ii)

Failure to comply with such requirements described above (including the case where the Interest Recipient Information is not duly communicated as required under the Law) will result in the withholding by the Issuer of income tax at the rate of 15.315 percent of the amount of such interest.

(2) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment within Japan and the receipt of interest is attributable to the business of such an individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, such interest will not be subject to a 15.315 percent withholding tax by the Issuer, if the recipient provides the Interest Recipient Information or submits the Application for Exemption as set out in paragraph 1.1(1) above. Failure to do so will result in the withholding by the Issuer of income tax at the rate of

15.315 percent of the amount of such interest. The amount of such interest will be subject to regular income tax or corporate tax, as appropriate.

- (3) Notwithstanding paragraphs 1.1(1) and (2) above, if an individual non-resident of Japan or a non-Japanese corporation mentioned above is a person who has a special relationship with the Issuer (that is, in general terms, a person who directly or indirectly controls or is directly or indirectly controlled by, or is under direct or indirect common control with, the Issuer) within the meaning prescribed by the Cabinet Order under Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation (such person is referred to as a "**specially-related person of the Issuer**") as of the beginning of the fiscal year of the Issuer in which the relevant Interest Payment Date falls, the exemption from Japanese withholding tax on interest mentioned above will not apply, and income tax at the rate of 15.315 percent of the amount of such interest will be withheld by the Issuer. If such an individual non-resident of Japan or non-Japanese corporation has a permanent establishment within Japan, regular income tax or corporate tax, as appropriate, collected otherwise by way of withholding, could apply to such interest under Japanese tax law.
- (4) If an individual non-resident of Japan or a non-Japanese corporation (regardless of whether it is a specially-related person of the Issuer) is subject to Japanese withholding tax with respect to interest on the Notes under Japanese tax law, a reduced rate of withholding tax or exemption from such withholding tax may be available under the relevant income tax treaty between Japan and the country of tax residence of such individual non-resident of Japan or non-Japanese corporation. As of the date of this document, Japan has income tax treaties, conventions or agreements whereby the above-mentioned withholding tax rate is reduced, generally to 10% with, inter alia, Australia, Austria, Belgium, Canada, Denmark, Finland, France, Hong Kong, Ireland, Italy, Luxembourg, the Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Switzerland and the United States. Under the tax treaties between Japan and the United Kingdom, Germany or Sweden, interest paid to qualified United Kingdom, German or Swedish residents is generally exempt from Japanese withholding tax. Japan and the United States or Austria have signed an amendment to the existing tax treaty, generally exempting interest from Japanese withholding tax; however, this amendment has not yet entered into force. Under the current income tax treaty between Japan and the United States, certain limited categories of qualified United States residents receiving interest on the notes may, subject to compliance with certain procedural requirements under Japanese law, be fully exempt from Japanese withholding tax for interest on the notes. Under the income tax treaties with France, Australia, the Netherlands and Switzerland, similar exemptions to those provided in the current income tax treaty between Japan and the United States will be available (provided that no exemption will apply to pension funds in the case of Australia). In order to enjoy such reduced rate of, or exemption from, Japanese withholding tax under any applicable income tax treaty, individual non-residents of Japan or non-Japanese corporations which are entitled, under any applicable income tax treaty, to a reduced rate of, or exemption from, Japanese withholding tax on payment of interest by the issuer of the notes are required to submit an Application Form for Income Tax Convention regarding Relief from Japanese Income Tax and Special Income Tax for Reconstruction on Interest (as well as any other required forms and documents) in advance through the issuer of the notes to the relevant tax authority before payment of interest.
- (5) Under the Law, (a) if an individual non-resident of Japan or a non-Japanese corporation that is a beneficial owner of the Notes becomes a specially-related person of the Issuer, or an individual non-resident of Japan or a non-Japanese corporation that is a specially-related person of the Issuer becomes a beneficial owner of the Notes, and (b) if such Notes are held through a Participant, then such individual non-resident of Japan or non-Japanese corporation is obligated to notify the Participant of such change in status by the immediately following Interest Payment Date of the Notes. As described in paragraph 1.1(3) above, as the status of such individual non-resident of Japan or non-Japanese corporation as a specially-related person of the Issuer for Japanese withholding tax purposes is determined based on the status as of the beginning of the fiscal year of the Issuer in which the relevant Interest Payment Date falls, such individual non-resident of Japan or non-Japanese corporation should, by such notification, identify and advise the Participant of the specific Interest Payment Date on which Japanese withholding tax starts to apply with respect to such individual non-resident of Japan or non-Japanese corporation as being a specially-related person of the Issuer.

3.1.2 Redemption Gain

- (1) If the recipient of the Redemption Gain with respect to interest-bearing Notes is an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan or having a permanent establishment within Japan but the receipt of such Redemption Gain is not attributable to the business of such individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, no income tax or corporate tax is payable with respect to such Redemption Gain.
- (2) If the recipient of the Redemption Gain with respect to interest-bearing Notes is an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment within Japan and the receipt of such Redemption Gain is attributable to the business of such an individual non-resident of Japan or non-Japanese corporation carried on within Japan through such permanent establishment, such Redemption Gain will not be subject to any withholding tax but will be subject to regular income tax or corporate tax, as appropriate.
- (3) Notwithstanding paragraphs 1.2(1) and (2) above, if an individual non-resident of Japan or a non-Japanese corporation mentioned above is a specially-related person of the Issuer as of the beginning of the fiscal year of the Issuer in which such an individual non-resident of Japan or non-Japanese corporation acquired such Notes, the Redemption Gain will not be subject to withholding tax but will be subject to regular income tax or corporate tax, as appropriate, under Japanese tax law, regardless of whether such an individual non-resident of Japan or non-Japanese corporation has a permanent establishment within Japan; provided that exemption may be available under the relevant income tax treaty.

3.2 Resident Investors

If the recipient of interest on the Notes is an individual resident of Japan or a Japanese corporation for Japanese tax purposes, as described below, regardless of whether such recipient is a specially-related person of the Issuer, in addition to any applicable local tax, income tax will be withheld at the rate of 15.315 percent of the amount of such interest, if such interest is paid to an individual resident of Japan or a Japanese corporation (except for (i) a Designated Financial Institution (as defined below) which complies with the requirement for tax exemption under Article 6, paragraph (9) of the Act on Special Measures Concerning Taxation or (ii) a Public Corporation, etc., as defined below, or a Specified Financial Institution, as defined below, to which such interest is paid through the Japanese Custodian, as defined below, in compliance with the requirement for tax exemption under Article 3-3, paragraph (6) of the Act on Special Measures Concerning Taxation, as amended.) In addition to the withholding tax consequences upon resident investors as explained in this section 2, resident investors should consult their own tax advisors regarding regular income tax or corporate tax consequences other than by way of withholding, bearing in mind, especially for individual residents of Japan, the change to the taxation regime of Notes which took effect on January 1, 2016.

3.2.1 Interest

- (1) If an individual resident of Japan or a Japanese corporation (other than a Specified Financial Institution (as defined below) or a Public Corporation (as defined below), who complies with the requirement as referred to in paragraph 2.1(2) below) receives payments of interest on the Notes through certain Japanese payment handling agents as defined in Article 2-2 paragraph (2) of the Cabinet Order (each a "**Japanese Payment Handling Agent**"), income tax at the rate of 15.315 percent of the amount of such interest will be withheld by the Japanese Payment Handling Agent rather than by the Issuer. As the Issuer is not in a position to know in advance the recipient's status, the recipient of interest falling within this category should inform the Issuer through a Paying Agent of its status in a timely manner. Failure to so inform may result in double withholding.
- (2) If the recipient of interest on the Notes is a Japanese public corporation or a Japanese public-interest corporation designated by the relevant law (a "**Public Corporation**") or a Japanese bank, a Japanese insurance company, a Japanese financial instruments business operator or other Japanese financial institution falling under certain categories prescribed by the relevant Cabinet Order under Article 3-3, paragraph (6) of the Act on Special Measures Concerning Taxation (each, a "**Specified**

Financial Institution") that keeps its Notes deposited with, and receives the interest through, a Japanese Payment Handling Agent with custody of the Notes (the "**Japanese Custodian**") and such recipient submits through such Japanese Custodian to the competent tax authority the report prescribed by the Law, no withholding tax is levied on such interest. However, since the Issuer is not in a position to know in advance the recipient's such tax exemption status, the recipient of interest falling within this category should inform the Issuer through a Paying Agent of its status in a timely manner. Failure to so notify the Issuer may result in the withholding by the Issuer of a 15.315 percent income tax.

- (3) If an individual resident of Japan or a Japanese corporation (except for a Designated Financial Institution (as defined below) which complies with the requirements described in paragraph 2.1(4) below) receives interest on the Notes not through a Japanese Payment Handling Agent, income tax at the rate of 15.315 percent of the amount of such interest will be withheld by the Issuer.
- (4) If a Japanese bank, Japanese insurance company, Japanese financial instruments business operator or other Japanese financial institution designated in Article 6, paragraph (9) of the Act on Special Measures Concerning Taxation (each, a "**Designated Financial Institution**") receives interest on the Notes not through a Japanese Payment Handling Agent and such recipient complies with the requirement, *inter alia*, to provide the Interest Recipient Information or to submit the Application for Exemption as referred to in paragraph 1.1(1) above, no withholding tax will be imposed.

3.2.2 Redemption Gain

If the recipient of the Redemption Gain with respect to interest-bearing Notes is an individual resident of Japan or a Japanese corporation, such Redemption Gain will not be subject to any withholding tax.

3.3 Special Additional Tax for Reconstruction from the Great East Japan Earthquake

Due to the imposition of a special additional withholding tax of 0.315 percent (or 2.1 percent of 15 percent) to secure funds for reconstruction from the Great East Japan Earthquake, the withholding tax rate has been effectively increased from 15 percent to 15.315 percent during the period beginning on January 1, 2013 and ending on December 31, 2037. There is also certain special additional tax imposed upon regular income tax, as referred to in the foregoing descriptions, for the period mentioned above.

4. Luxembourg

In this section, "paying agent" has the meaning given thereto in the amended Luxembourg law of December 23, 2005. "Paying agent" is defined broadly for this purpose and in the context of the Notes means any economic operator established in Luxembourg who pays interest on the Notes to, or ascribes the payment of such interest to, or for the immediate benefit of the beneficial owner, whether the operator is, or acts on behalf of, the relevant Issuer or the Guarantor or is instructed by the beneficial owner to collect such payment of interest. Any potential investor should consult his/her tax adviser for more information about the tax consequences of acquiring, owning and disposing of Notes in his/her particular circumstances.

Withholding taxes

Under the existing laws of Luxembourg and subject to the application of the amended Luxembourg law of December 23, 2005 providing for a domestic savings withholding tax, there is no withholding tax on the payment of interest on, or reimbursement of principal of, the Notes which are not profit sharing or on payments made under the Guarantee to noteholders.

According to the amended law of December 23, 2005, interest payments on Notes or similar income paid by a Luxembourg paying agent to or for the immediate benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 percent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his / her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

In addition, pursuant to the law of 23 December 2005, as amended, Luxembourg resident individuals who are the beneficial owners of savings income paid by a paying agent established outside Luxembourg, in a Member State of either the European Union or the European Economic Area, can opt to self declare and pay a 20 percent tax on these savings income. This 20 percent tax is final when Luxembourg resident individuals are acting in the context of the management of their private wealth. Responsibility for the declaration and the payment of this 20 percent tax is assumed by the individual resident beneficial owner of the interest or similar income.

5. Finland

The following is a general description of certain Finnish tax considerations relating to the Notes. It relates only to the position of persons who are the absolute beneficial owners of the Notes and does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. It should be noted that the tax laws of Finland may be amended with retroactive effect.

Withholding Taxation of Non-Finnish residents

Holders of Notes who are not resident in Finland for tax purposes and who do not engage in trade or business through a permanent establishment in Finland will not be subject to Finnish withholding taxes either on payments in respect of the Notes or gains realised on the sale or redemption of the Notes. The Issuer is obliged to ascertain that the Holder of Notes is not resident in Finland for tax purposes. The Holder of Notes is obliged to disclose his non-resident status to the Issuer. If a Holder of Notes fails to provide such information, the Issuer will be entitled to withhold or deduct amounts from a payment in respect of the Notes if it is required to do so under Finnish law and the Issuer will not be required to pay the Holder of Notes any additional amounts. Non-resident Holders of Notes who engage in trade or business through a permanent establishment in Finland will be subject to similar Finnish taxes on payments in respect of the Notes and gains realised on the sale or redemption of the Notes as Finnish resident Holders of Notes.

Withholding Taxation of Finnish residents

Under the present Finnish domestic tax law, Holders of Notes, who are resident in Finland for tax purposes, will be subject to Finnish tax on interest payments (including deemed interest for tax purposes through a discounted issue price) under the Notes and on gains realised on the sale or redemption of the Notes. Interest payments to Holders of Notes, who are Finnish tax resident individuals or Finnish estates of deceased persons are, furthermore, generally subject to a tax withholding at a rate of 30 percent. If the interest payments are made by a Finnish paying agent, responsibility for operating the tax withholding will generally be assumed by the Finnish paying agent.

Transfer Tax

Transfers of the Notes are not subject to Finnish transfer tax.

Reporting Requirements

Under Finnish law, the Issuer is obliged to report to the Finnish tax authorities any interest payments under the Notes and whether the Holder of Notes is tax resident in Finland, as well as whether such Finnish tax resident Holder of Notes is an individual tax resident in Finland or a Finnish estate of a deceased person. Holders of Notes, who are resident in Finland for tax purposes, are furthermore generally obliged to report on their annual tax return taxable interest payments received under the Notes and gains realised on the sale or redemption of the Notes.

6. The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has a very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the FTT proposal remains subject to negotiation between Participating Member States. It may, therefore, be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

1. Underwriting

The Notes may be issued on a continuing basis to the Dealer and any additional dealer appointed under the Programme from time to time by the Issuer(s), which appointment may be for a specific issue or on an ongoing basis. Notes may be distributed by way of private placements and on a syndicated or non-syndicated basis. Notes may not be offered to investors in consideration of a purchase amount of less than €100,000 or its equivalent and may be offered to qualified investors (as defined in Article 2 para. 1 lit. (e) of the Prospectus Directive) only. The method of distribution of each Tranche will be stated in the relevant Final Terms.

Notes may be sold from time to time by the Issuers to any one or more of Deutsche Bank Aktiengesellschaft and other Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, the Dealer are set out in a Dealer Agreement relating to the Programme dated March 24, 2017 as amended or supplemented from time to time (the "**Dealer Agreement**") and made between the Issuers, the Guarantor and the Dealer. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealer and the commissions or other agreed deductibles (if any) payable or allowable by the Issuers in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of the existing Dealer and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

2. Selling Restrictions

General

Each Dealer acknowledges that, other than with respect to the listing of the Notes on the relevant stock exchange, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Each Dealer will (to the best of its knowledge) comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or has in its possession or distributes such offering material, in all cases at its own expense.

United States of America

Each Dealer understands that the Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to another exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to agree that it has not offered or sold Notes and will not offer or sell Notes (a) as part of their distribution at any time or (b) otherwise until forty days after the later of the date the Notes were first offered to persons other than distributors and the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified to the Fiscal Agent and the Issuer by the relevant Dealer (or, in the case of a sale of a Tranche to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it), within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 of Regulation S under the Securities Act and U.S. tax law requirements. Accordingly, none of the Dealers, their affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to any Note, and the Dealers, their affiliates and any persons acting on their behalf have complied and will comply with the offering restrictions requirements of Regulation S. Each Dealer has agreed that, at or prior to confirmation of sale of Notes, it will have sent to each distributor, dealer or other person receiving a selling concession, fee or other remuneration that purchases Notes from it or through it prior to the expiration of the 40-day distribution compliance period a confirmation or notice to substantially the following effect:

"The Notes offered and/or sold hereby have not been registered under the United States Securities Act

of 1933, as amended (the "**Securities Act**") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (a) as part of their distribution at any time or (b) otherwise until forty days after the later of (i) the date the Notes were first offered to persons other than distributors and (ii) the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified by the Agent for the Notes to *Name of Dealer or Dealers, as the case may be*, except in either case in accordance with Regulation S under the Securities Act, pursuant to the registration of the Notes under the Securities Act or pursuant to another available exemption from the registration requirements of the Securities Act. Terms used above have the meanings given to them by Regulation S under the Securities Act."

Terms used in the above paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, an offer or sale of such Notes in the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than pursuant to the registration of such Notes under the Securities Act or in accordance with an available exemption from the registration requirements of the Securities Act.

Each Dealer who has purchased Notes of any Tranche under the Programme (or, in the case of a sale of a Tranche of Notes issued to or through more than one Dealer, each of such Dealers as to Notes of such Tranche purchased by or through it) shall determine and certify to the Fiscal Agent and the Issuer the completion of the distribution of the Notes of such Tranche as aforesaid.

*Notes will be issued in accordance with the provisions of United States Treasury Regulation § 1.163-5(c)(2)(i)(D) (the "**D Rules**") (or any successor rules in substantially the same form as the D Rules, as applicable, for purposes of Section 4701 of the U.S. Internal Revenue Code).*

In respect of the Notes each Dealer has represented and agreed that:

- (a) except to the extent permitted under the D Rules, (i) it has not offered or sold, and during the restricted period will not offer or sell, Notes in bearer form to a person who is in the United States or its possessions or to a United States person, and (ii) such Dealer has not delivered and will not deliver in the United States or its possessions Notes in bearer form that are sold during the restricted period;
- (b) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes in bearer form are aware that such Notes may not be offered or sold during the restricted period to a person who is in the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if such Dealer is a United States person, it has represented that it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance and, if such Dealer retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of United States Treasury Regulation § 1.163-5(c)(2)(i)(D)(6) and the provisions of United States Treasury Regulation § 1.163-5(c)(2)(i)(D)(7) governing the restricted period for unsold allotments or subscriptions shall apply to any obligation it retains for investment; and
- (d) with respect to each affiliate that acquires from such Dealer Notes in bearer form for the purposes of offering or selling such Notes during the restricted period, such Dealer either (i) has represented and agreed on behalf of such affiliate to the effect set forth in sub-paragraph (a), (b) and (c) of this paragraph or (ii) agrees that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-paragraphs (a), (b) and (c) of this paragraph.

Terms used in the above paragraph have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and Regulations thereunder, including the D Rules.

Each Dealer has represented and agreed that it has not entered and will not enter into any contractual

arrangements with respect to the distribution or delivery of Notes into the United States, except with its affiliates or with the prior written consent of the Issuer.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

(a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

(b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.
