THIS PROSPECTUS

This prospectus (hereinafter, the "**Prospectus**") has been drawn up in order to permit the admission of Notes issued under this offering programme (the "**Programme**") to listing on the official list and to trading on the regulated market (within the meaning of Council Directive 93/22/EEC of May 10, 1993 on investment services in the securities field, as amended) of the *Bourse de Luxembourg* (the "**Luxembourg Stock Exchange**") and in order to permit the offer of Notes issued under the Programme to the public in Luxembourg.

This Prospectus fulfils the requirements for a simplified base prospectus pursuant to Chapters 1 and 2 of Part III of the *Loi relative aux prospectus pour valeurs mobilières* (the "**Luxembourg Prospectus Act**") and application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") for the approval of this Prospectus. It does not constitute a prospectus pursuant to Part II of the Luxembourg Prospectus Act transforming Directive 2003/71/EC (the "**Prospectus Directive**") into law in Luxembourg. Accordingly, this Prospectus does not purport to meet the format and the disclosure requirements of the Prospectus Directive and Commission Regulation (EC) No 809/2004 implementing the Prospectus Directive, and it has not been, and will not be, submitted for approval to any competent authority within the meaning of the Prospectus Directive. Notes issued under the Programme will therefore not qualify for the benefit of the single European passport pursuant to the Prospectus Directive.

If so agreed between KfW (the "**Issuer**") and the relevant Dealer(s), the Issuer will procure the admission of Notes issued under the Programme for trading on the regulated market (*geregelter Markt*) of the *Frankfurter Wertpapierbörsen* (the "**Frankfurt Stock Exchange**"), a regulated market within the meaning of Council Directive 93/22/EEC of May 10, 1993 on investment services in the securities field, as amended, or for trading on any other alternative stock exchange in accordance with the applicable national laws and applicable rules and regulations of the relevant stock exchange.

RESPONSIBILITY STATEMENT

KfW with its registered office at Palmengartenstraße 5-9, D-60325 Frankfurt am Main, accepts responsibility for the contents of this Prospectus and has taken all reasonable care to ensure that the facts stated therein are true and accurate and that no material facts have been omitted.

NOTICE

The Issuer has covenanted to the Dealers that on or before each anniversary of the date of this Prospectus it will update or amend the Prospectus by the publication of a supplement thereto or a new prospectus.

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Arrangers or any Dealer. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

This Prospectus is valid for one year following its date of issue and it and any supplement thereto as well as any Final Terms reflects the status as of their respective dates of issue. The offering, sale or delivery of any Notes may not be taken as an implication that the information contained in such documents is accurate and complete subsequent to their respective dates of issue or that there has been no adverse change in the financial condition of the Issuer since such date or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has given an undertaking in connection with the listing of the Notes issued under the Programme on the Luxembourg Stock Exchange that, so long as any Note remains outstanding and listed on such exchange, in the event of any adverse change in the financial condition of the Issuer which is material in the context of the Programme and which is not reflected in the Prospectus, the Issuer will prepare a further supplement to the Prospectus or publish a new prospectus for use in connection with any subsequent issue of Notes to be listed on the Luxembourg Stock Exchange. If the terms of the Programme are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new prospectus will be prepared.

To the extent permitted by the laws of any relevant jurisdiction, neither the Arrangers nor any Dealer accepts any responsibility for the accuracy and completeness of the information contained in this Prospectus or any supplement thereof nor for the information contained in any Final Terms. This Prospectus does not constitute an offer or an invitation by the Issuer or by the Arrangers or any of them to subscribe for or purchase any of the Notes.

The distribution of this Prospectus or any part hereof and any Final Terms and the offer, sale and delivery of any of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus or any Final Terms comes are required to inform themselves about and to observe any such restrictions. For more information, see "Selling Restrictions".

In connection with the issue of any Tranche of Notes under the Programme, the Dealer who is specified in the relevant Final Terms as the stabilising manager (or persons acting on its behalf) may over-allot the Notes (provided that the aggregate principal amount of Notes allotted does not exceed 105 percent of the Aggregate Principal Amount of the Notes) or effect transactions with a view to supporting the price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that such Dealer (or persons acting on its behalf) will undertake stabilisation action. Any stabilisation action may begin at any time after the adequate public disclosure of the terms of the offer of the Notes and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the Issue Date and 60 days after the date of the allotment of the Notes.

INVESTMENT CONSIDERATIONS

Each person contemplating making an investment in the Notes (each a "Potential Investor") must make its own investigation and analysis of the creditworthiness of the Issuer and its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, and any other factors which may be relevant to it in connection with such investment, either alone or with the help of a financial adviser. In particular, each Potential Investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained in this Prospectus, including the information included in the Final Terms relating to the relevant Notes, or any applicable supplement thereto;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which the Potential Investor undertakes its principal financial activities;
- (iv) understand thoroughly the terms and conditions of the relevant Notes and be familiar with the behaviour of financial markets and of any financial variable which might have an impact on the return on the relevant Notes (e.g. interest rates, currencies, or any indices);
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) be aware that there is no assurance that a liquid secondary market for the Notes develops or, if it so develops, that it will continue to exist until maturity of the Notes and that it might not be able to sell the Notes at any time at fair market prices if no liquid secondary market for the Notes develops or if it ceases to exist prior to maturity of the Notes.

Some Notes may be complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments but as additional investment to their overall investment portfolio in order to reduce certain risks already inherent in their overall investment portfolio or enhance the yield on their overall investment portfolio by adding certain risks to their overall portfolio in an appropriate, well understood and measured way. A Potential Investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or together with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the Potential Investor's overall investment portfolio.

Prospective purchasers should also consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes.

ISSUE PROCEDURES

General

The Issuer and the relevant Dealer(s) will agree on the terms and conditions applicable to each particular Tranche of Notes (the "Conditions"). The Conditions will be constituted by the Terms and Conditions of the Notes set forth below (the "Terms and Conditions") as completed, modified, supplemented or replaced by the provisions of the Final Terms (the "Final Terms"). The Final Terms relating to each Tranche of Notes will specify:

- whether the Conditions are to be **Long-Form Conditions** or **Integrated Conditions** (each as described below); and
- whether the Conditions will be in the **German language** or the **English language** or both (and, if both, whether the German language version or the English language version is controlling).

As to whether Long-Form Conditions or Integrated Conditions will apply, the Issuer anticipates that:

- **Long-Form Conditions** will generally be used for Notes sold on a non-syndicated basis and which are not offered to the public.
- **Integrated Conditions** will generally be used for Notes sold and distributed on a syndicated basis. Integrated Conditions will be required where the Notes are to be offered to the public, in whole or in part, or are to be distributed, in whole or in part, to non-professional investors.

As to the controlling language of the respective Conditions, the Issuer anticipates that, in general, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed between the Issuer and the relevant Dealer:

- in the case of Notes sold and distributed on a syndicated basis, German will be the controlling language;
- in the case of Notes offered to the public, in whole or in part, in the Federal Republic of Germany, or distributed, in whole or in part, to non-professional investors in the Federal Republic of Germany, German will be the controlling language. If, in the event of such public offer or distribution to non-professional investors, however, English is chosen as the controlling language, a German language translation of the Conditions will be available from the principal office of the Fiscal Agent and KfW, as specified on the back cover of this Prospectus.

Long-Form Conditions

If the Final Terms specifies that Long-Form Conditions are to apply to the Notes, the provisions of the applicable Final Terms and the Terms and Conditions, taken together, shall constitute the Conditions. Such Conditions will be constituted as follows:

- the blanks in the provisions of the Terms and Conditions which are applicable to the Notes will be deemed to be completed by the information contained in the Final Terms as if such information were inserted in the blanks of such provisions;
- the Terms and Conditions will be modified, supplemented or replaced by the text of any provisions of the Final Terms modifying, supplementing or replacing, in whole or in part, the provisions of the Terms and Conditions;
- alternative or optional provisions of the Terms and Conditions as to which the corresponding provisions of the Final Terms are not completed or are deleted will be deemed to be not included in the Conditions; and
- all instructions and explanatory notes set out in square brackets in the Terms and Conditions and any footnotes and explanatory text in the Final Terms will be deemed to be not included in the Conditions.

Where Long-Form Conditions apply, each global note representing the Notes of the relevant Series will have the Final Terms and the Terms and Conditions attached.

Integrated Conditions

If the Final Terms specifies that Integrated Conditions are to apply to the Notes, the Conditions in respect of such Notes will be constituted as follows:

- all of the blanks in all applicable provisions of the Terms and Conditions will be completed according to the information contained in the Final Terms and all non-applicable provisions of the Terms and Conditions (including the instructions and explanatory notes set out in square brackets) will be deleted; and/or
- the Terms and Conditions will be otherwise modified, supplemented or replaced, in whole or in part, according to the information set forth in the Final Terms.

Where Integrated Conditions apply, the Integrated Conditions alone will constitute the Conditions. The Integrated Conditions will be attached to each global note representing Notes of the relevant Series.

³ Die Form der Bedingungen ist in Abstimmung mit der Emittentin festzulegen. Es ist vorgesehen, dass nicht-konsolidierte Bedingungen für Schuldverschreibungen verwendet werden, die auf nicht syndizierter Basis vertrieben und nicht öffentlich angeboten werden. Konsolidierte Bedingungen werden in der Regel für Schuldverschreibungen verwendet, die auf syndizierter Basis vertrieben werden. Konsolidierte Bedingungen sind erforderlich, wenn die Schuldverschreibungen insgesamt oder teilweise öffentlich angeboten oder an nicht berufsmäßige oder gewerbliche Investoren verkauft werden.

To be determined in consultation with the Issuer. It is anticipated that Long-Form Conditions will generally be used for Notes sold on a non-syndicated basis and which are not offered to the public. Integrated Conditions will generally be used for Notes sold and distributed on a syndicated basis. Integrated Conditions will be required where the Notes are to be offered to the public, in whole or in part, or to be distributed, in whole or in part, to non-professional investors.

⁴ In Abstimmung mit der Emittentin festzulegen. Es wird erwartet, dass vorbehaltlich geltender Börsen- oder anderer Bestimmungen und soweit nicht anders vereinbart, die deutsche Sprache für Schuldverschreibungen maßgeblich sein wird, die auf syndizierter Basis vertrieben werden. Falls Schuldverschreibungen insgesamt oder teilweise öffentlich in der Bundesrepublik Deutschland angeboten oder an nicht berufsmäßige oder gewerbliche Investoren in der Bundesrepublik Deutschland verkauft werden, ist die deutsche Sprache als maßgeblich vorzusehen. Falls bei einem solchen Angebot oder Verkauf an nicht berufsmäßige oder gewerbliche Investoren die englische Sprache als maßgeblich bestimmt wird, ist eine deutschsprachige Übersetzung der Bedingungen anzufertigen, die bei der Hauptniederlassung des Fiscal Agent und der KfW erhältlich ist. *To be determined in consultation with the Issuer. It is anticipated that, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed, in the case of Notes sold and distributed on a syndicated basis, German will be the controlling language. In the case of Notes offered to the public, in whole or in part, in the Federal Republic of Germany, or distributed, in whole or in part, to non-professional investors in the Federal Republic of Germany, German will be the controlling language. If, in the event of such public offer or distribution to non-professional investors, however, English is chosen as the controlling language, a German language translation of the Conditions will have to be prepared which will be available from the principal office of the Fiscal Agent and KfW.*

Overview

KfW is a public law institution (*Anstalt des öffentlichen Rechts*) serving domestic and international public policy objectives of the German federal government (the "**Federal Government**").

KfW was established on November 5, 1948 by the Administration of the Combined Economic Area, the immediate predecessor of the Federal Republic of Germany (the "**Federal Republic**"). Originally, KfW's purpose was to distribute and lend funds of the European Recovery Program (the "ERP" or Marshall Plan). Even today, several of KfW's programs to promote the German economy are financed using funds from the so-called "ERP Special Fund". KfW has expanded and internationalized its operations over the last decades.

According to Article 2 of the KfW Law, KfW's business purposes are the following:

- Performance of promotional tasks, in particular financings, pursuant to a state mandate in the following areas: financing of small and medium-sized enterprises ("**SMEs**"), liberal professions and business start-ups, risk capital, housing, environmental protection, infrastructure, technical progress and innovations, internationally agreed promotional programmes and development cooperation as well as in other promotional areas, which are specifically stated in laws, regulations or published guidelines on state economic policy that are assigned to KfW by the Federal Republic or one of the federal states (each a "**Land**" and together, the "**Länder**");
- Granting of loans and other forms of financing to territorial authorities (*Gebietskörperschaften*) and special purpose associations under public law (*öffentlich-rechtliche Zweckverbände*);
- Financing of measures with purely social goals as well as for the promotion of education;
- Granting of other financings in the interest of the German and European economy.

Except with a special mandate from the Federal Government, KfW may conduct other business only insofar as such business is directly connected with the performance of its functions described above. In such capacity, KfW may, in particular, purchase and sell claims and securities, obligate itself by bills of exchange and promissory notes, and conduct its treasury and risk management.

KfW operates under the umbrella brand name *KfW Bankengruppe*. It conducts its business in the following four areas, which operate under the brand names noted in italics:

- Investment finance:
 - *KfW Förderbank* (KfW Promotional Bank), offering financing products for housing, environmental, education and infrastructure projects;
 - *KfW Mittelstandsbank* (KfW SME Bank), promoting small and medium-sized enterprises, business founders, start-ups and self-employed professionals;
- Export and project finance:
 - *KfW IPEX-Bank*, offering customized financing for exports and project and corporate financings world-wide;
- Financial cooperation:
 - *KfW Entwicklungsbank* (KfW Development Bank), dealing with KfW's public sector development cooperation activities;
 - *DEG* (DEG – Deutsche Investitions- und Entwicklungsgesellschaft mbH, German Investment and Development Company), financing private-sector investments in developing countries; and
- Advisory and other services:
 - maintaining advisory centres to inform about the various promotional programs of the German federal and *Land* governments, the EU and development banks;
 - providing services for and on behalf of the Federal Government in connection with activities associated with Germany's reunification and certain privatization initiatives of the Federal Government.

At December 31, 2005, KfW Bankengruppe had total assets of EUR 341.1 billion, including EUR 254.8 billion in loans outstanding. Of its EUR 254.8 billion in outstanding loans at December 31, 2005, EUR 187.1 billion were for investment finance, EUR 46.1 billion for export and project finance, and EUR 21.5 billion for financial cooperation.

KfW's offices are located at Palmengartenstraße 5-9, 60325 Frankfurt am Main, Federal Republic of Germany. KfW's telephone number is +49-69-74310. KfW also maintains branch offices in Berlin and Bonn, as well as a liaison office to the European Union in Brussels.

Ownership, Legal Status and Relationship with the Federal Republic

Ownership. The Federal Republic holds 80% of KfW's capital, and the German federal states hold the remaining 20%. Shares in KfW's capital may not be pledged or transferred to entities other than the Federal Republic or the *Land*. Capital contributions have been, and are expected to continue to be, made to KfW in such proportions as to maintain the relative share of capital held by the Federal Republic and the *Land*.

Legal Status. KfW is organized under the KfW Law as a public law institution with unlimited duration. As a public law institution serving public policy objectives of the Federal Government, KfW is not subject to corporate taxes (although certain of its subsidiaries are) and does not seek to maximize profits. KfW does, however, seek to maintain an overall level of profitability that allows it to strengthen its equity base in order to support the growth in the volume of its business. KfW is prohibited from distributing profits, which are instead allocated to statutory and special reserves. KfW is also prohibited from taking deposits, conducting current account business or dealing in securities for the account of others.

Guarantee of the Federal Republic. The KfW Law expressly provides that the Federal Republic guarantees all existing and future obligations of KfW in respect of money borrowed, bonds issued and derivative transactions entered into by KfW, as well as obligations of third parties that are expressly guaranteed by KfW (KfW Law, Article 1a). Under this statutory guarantee (the “**Guarantee of the Federal Republic**”), if KfW fails to make any payment of principal or interest or any other amount required to be paid with respect to securities issued by KfW, or if KfW fails to make any payment required to be made under KfW’s guarantee when that payment is due and payable, the Federal Republic will be liable at all times for that payment as and when it becomes due and payable. The Federal Republic’s obligation under this statutory guarantee ranks equally, without any preference, with all of its other present and future unsecured and unsubordinated indebtedness. Holders of securities issued by KfW or issued under KfW’s guarantee may enforce this obligation directly against the Federal Republic without first having to take legal action against KfW. The Guarantee of the Federal Republic is strictly a matter of statutory law and is not evidenced by any contract or instrument. It may be subject to defenses available to KfW with respect to the obligations covered.

Institutional Liability (“Anstaltslast”). Under the German administrative law principle of *Anstaltslast*, the Federal Republic has an obligation to safeguard KfW’s economic basis. Under *Anstaltslast*, the Federal Republic must keep KfW in a position to pursue its operations and enable it, in the event of financial difficulties, through the allocation of funds or in some other appropriate manner, to perform its obligations when due. *Anstaltslast* is not a formal guarantee of KfW’s obligations by the Federal Republic, and creditors of KfW do not have a direct claim against the Federal Republic. Nevertheless, the effect of this legal principle is that KfW’s obligations, including the obligations to the holders of securities issued by it or issued under KfW’s guarantee, are fully backed by the credit of the Federal Republic. The obligation of the Federal Republic under *Anstaltslast* would constitute a charge on public funds that, as a legally established obligation, would be payable without the need for any appropriation or any other action by the German Parliament.

Understanding with the European Commission. In order to clarify that the Federal Republic’s responsibility for KfW’s obligations is compatible with prohibitions under European Union (“EU”) law against state aid, the German Federal Ministry of Finance and the European Commissioner for Competition held discussions which were formalized in an understanding reached on March 1, 2002. In the understanding, it was agreed that, in respect of the promotional activities for which KfW is responsible, KfW will continue to benefit from *Anstaltslast* and the statutory guarantee of the Federal Republic. The understanding acknowledges that KfW’s role in providing financing in particular for small and medium-sized enterprises, risk capital, environmental protection, technology/innovation, infrastructure and housing, as well as its co-operation with developing countries, is promotional and thus compatible with EU rules.

However, in the area of export and project finance, the understanding with the European Commission requires KfW to transfer to a legally separate subsidiary that portion of export and domestic and international project finance activities which the European Commissioner has deemed to fall outside the scope of the promotional activities of KfW. While the legislative basis for the establishment of the subsidiary and the transfer of such export and project financing activities had to be adopted by March 31, 2004, the actual transfer of such activities to the subsidiary must be effected by December 31, 2007. As from that date, KfW may not fund the subsidiary at other than market rates of interest or extend to the subsidiary any benefits of *Anstaltslast* or the statutory guarantee. The subsidiary will have to obtain a banking license, be subject to the German Banking Act and be required to pay corporate taxes. KfW will continue to be permitted, however, to engage directly in the following export and project finance activities:

- implementation of international promotional programs, such as the interest-rate subsidized programs CIRR (Commercial Interest Reference Rate) and LASU (Large Aircraft Sector Understanding) (these are recognized as promotional activities in accordance with the OECD consensus);
- participation in syndicated financing activities outside the EU, the European Economic Area and the countries currently being considered for EU membership, subject to certain conditions, and sole financing activities in countries in which sufficient sources of financing do not exist; and
- participation in projects in the interest of the EU that are co-financed by the European Investment Bank or similar European financing institutions.

In accordance with the rules of the EC Treaty, the European Commission transformed the understanding into a “decision” of the European Commission. The Federal Republic has formally accepted the decision with respect to the understanding. Part of the Promotional Bank Restructuring Act (*Förderbankenneustrukturierungsgesetz*) implemented the understanding with the European Commission and amended the KfW Law and by-laws accordingly.

Supervision. KfW is generally exempt from the requirements of the German Banking Act. Under the KfW Law, the Federal Ministry of Finance supervises KfW and monitors KfW's compliance with applicable laws and KfW's by-laws. These powers of supervision do not include the right to exercise influence over business decisions by the Board of Managing Directors or the Board of Supervisory Directors of KfW. KfW's overall activities are supervised by its Board of Supervisory Directors, which was enlarged pursuant to the Promotional Bank Restructuring Act and now consists of seven federal ministers, seven appointees of the *Bundesrat*, seven appointees of the *Bundestag* and representatives of various sectors and institutions of the German economy.

In addition to the annual audit of its financial statements, KfW, as a government-owned entity, is also subject to an audit that meets the requirements of the Budgeting and Accounting Act (*Haushaltsgrundsätze-Gesetz*). The Budgeting and Accounting Act requires that this audit and the resulting reporting be designed in such a way as to enable the Board of Supervisory Directors, the responsible federal department, and the Federal Court of Auditors to form their own opinions and to take action as and when required. One of the specific aspects to be covered by this audit and the related reporting is the proper conduct of KfW's business by its management.

Under the terms of the various agreements concluded between KfW and the government authorities sponsoring KfW's programs, KfW is also required to have an auditor to report on the proper discharge of KfW's duties and the efficiency and the effectiveness of its administration.

SELLING RESTRICTIONS

This Prospectus

This Prospectus constituting a simplified base prospectus does not purport to meet the format and disclosure requirements of the Prospectus Directive and Commission Regulation (EC) No 809/2004 implementing the Prospectus Directive, and it has not been, and will not be, admitted for approval to any competent authority within the meaning of the Prospectus Directive. General

No action has been or will be taken by the Issuer or by or on behalf of any Dealer which would permit a public offering of any of the Notes or distribution of the Prospectus, any supplement thereto, any Final Terms or any other offering material in any jurisdiction where action for that purpose is required other than in Luxembourg. Notes may not be offered, sold or distributed, directly or indirectly, and neither the Prospectus, any supplement thereto, any Final Terms nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Each Dealer will comply with all applicable laws and regulations in each jurisdiction in which it purchases, offers, sells, distributes or delivers Notes or has in its possession or distributes the Prospectus, any supplement thereto, any Final Terms or any other offering material, and will obtain or make, give or fulfil any consent, approval, registration, notice, permission or other regulatory requirement required by it or the Issuer for the purchase, offer, sale, distribution or delivery of the Notes and the possession or distribution of any of the Prospectus, any supplement thereto, any Final Terms or any advertisement or other offering material under the laws and regulations in force in any jurisdiction to which it is subject or in or from which it makes any such purchase, offer, sale, distribution or delivery, in all cases at its own expense.

No Dealer is authorised to make any representation or to provide any information in connection with the issue, offering and sale of the Notes other than as contained in the Prospectus, the relevant Final Terms or such other information relating to the Issuer and/or the Notes which the Issuer has authorised to be provided.

Selling restrictions may be modified or supplemented by the agreement of the Issuer and the relevant Dealer or Dealers following a change in any relevant law, regulation or directive. Any such modification or supplement will be set out in the Final Terms issued in respect of a particular issue of Notes to which it relates or in a supplement to the Prospectus.

European Economic Area

Each Dealer has represented and agreed that

- (a) in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, except Luxembourg, (each, a "Relevant Member State"), with effect from and including the date on which the Prospectus Directive is implemented in that Member State (the "Relevant Implementation Date"), it has not made and will not make an offer of Notes to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of the Notes to the public in that Relevant Member State:
 - (i) in the period beginning on the date of publication of a prospectus in relation to those Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication;
 - (ii) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
 - (iii) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than € 43,000,000 and (3) an annual net turnover of more than € 50,000,000, as shown in its last annual or consolidated accounts; or
 - (iv) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive or pursuant to any applicable national law of any Relevant Member State; and
- (b) in relation to any offer of notes to the public in Luxembourg, it will comply with Chapter 1 of Part III of the Luxembourg Prospectus Act and applicable rules and regulations of the CSSF.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United States of America

Each Dealer has acknowledged that the Notes have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Note constituting part of its allotment within the United States except in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, each Dealer has further represented and agreed that neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts within the meaning of Regulation S with respect to a Note.

Each Dealer who has purchased Notes of a Tranche hereunder (or in the case of a sale of a Tranche of Notes issued to or through more than one Dealer, each of such Dealers as to the Notes of such Tranche purchased by or through it or, in the case of a syndicated issue, the relevant Lead Manager) shall determine and notify to the Fiscal Agent the completion of the distribution of the Notes of such Tranche. On the basis of such notification or notifications, the Fiscal Agent has agreed to notify such Dealer/Lead Manager of the end of the restricted period with respect to such Tranche.

Each Dealer has represented and agreed that it has not entered and will not enter into any contractual arrangement with respect to the distribution or delivery of Notes, except with its affiliates or with the prior written consent of the Issuer.

Notes, other than Notes with a stated maturity of one year or less including unilateral rollovers or extensions, will be issued in accordance with the provisions of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) (the "TEFRA D Rules"), or in accordance with the provisions of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(C) (the "TEFRA C Rules"), as specified in the applicable Final Terms.

In addition, in respect of Notes issued in accordance with the TEFRA D Rules, each Dealer has represented and agreed that:

- (a) except to the extent permitted under the TEFRA D Rules, (i) such Dealer has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is within the United States or its possessions or to a United States person, and (ii) such Dealer has not delivered and will not deliver within the United States or its possessions definitive Notes that are sold during the restricted period;
- (b) such Dealer has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the TEFRA D Rules;
- (c) if such Dealer is a United States person, it represents that it is acquiring the Notes for purposes of resale in connection with their original issuance and if such Dealer retains Notes for its own account, it will only do so in accordance with the requirements of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(6);
- (d) with respect to each affiliate that acquires from such Dealer Notes for the purposes of offering or selling such Notes during the restricted period, such Dealer either (i) has repeated and confirmed the representations and agreements contained in sub-clauses (a), (b) and (c) on such affiliate's behalf or (ii) has agreed that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-clauses (a), (b) and (c); and
- (e) it will obtain for the benefit of KfW the representations and agreements contained in sub-clauses (a), (b), (c) and (d) from any person other than its affiliate with whom it enters into a written contract, as defined in U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(4) for the offer or sale during the restricted period of Notes.

Terms used in the above paragraphs have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA D Rules.

In addition, with respect to Notes issued in accordance with the TEFRA C Rules, Notes must be issued and delivered outside the United States and its possessions in connection with their original issuance. In such case, each Dealer has represented and agreed that it has not offered, sold or delivered and will not offer, sell or deliver, directly or indirectly, Notes within the United States or its possessions in connection with their original issuance. Further, each Dealer has represented and agreed in connection with the original issuance of Notes, that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if either such Dealer or purchaser is within the United States or its possessions and will not otherwise involve its U.S. office in the offer or sale of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA C Rules.

Each issue of index-, commodity- or currency-linked Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the Final Terms. Each Dealer has agreed that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

United Kingdom

Each Dealer has represented and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21 (1) of the FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

France

Each of the Dealers has represented and agreed that:

- (i) it has only made and will only make an offer of Notes to the public in France (*appel public à l'épargne*) in circumstances which do not require the publication by the offeror of a prospectus pursuant to articles L.411-2 and L.412-1 of the French *Code monétaire et financier*; and
- (ii) otherwise, it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Prospectus, any supplement thereto, the relevant Final Terms or any other offering material relating to the Notes, and that such offers, sales and distributions have been and shall only be made in France (a) to providers of investment services relating to portfolio management for the account of third parties, and/or (b) qualified investors (*investisseurs qualifiés*), all as defined in, and in accordance with, articles L.411-1, L.411-2, D.411-1 of the French *Code monétaire et financier*.

The Notes have not been and will not be registered under the Securities and Exchange Law of Japan (Law No. 25 of 1948) (as amended) (the "**Securities and Exchange Law**") and are subject to the Special Taxation Measures Law of Japan (Law No. 26 of 1957) (as amended) (the "**Special Taxation Measures Law**"). Each Dealer has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell Notes in Japan or to any person resident in Japan for Japanese securities law purposes (including any corporation or other entity organized under the laws of Japan), except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law of Japan.

Application has been made for the admission of Notes issued under the Programme to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange (see "This Prospectus" on page 5). The Luxembourg Stock Exchange has allocated to the Programme the number 12634 for listing purposes.

The Issuer has given an undertaking in connection with the listing of the Notes issued under the Programme on the Luxembourg Stock Exchange that, so long as any Note remains outstanding and listed on such exchange, in the event of any adverse change in the financial condition of the Issuer which is material in the context of the Programme and which is not reflected in the Prospectus, the Issuer will prepare a further supplement to the Prospectus or publish a new prospectus for use in connection with any subsequent issue of Notes to be listed on the Luxembourg Stock Exchange. If the terms of the Programme are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new prospectus will be prepared.

This Prospectus, any supplement thereto and any subsequent new prospectus, as well as the Final Terms relating to each Tranche of Notes listed on the Luxembourg Stock Exchange, will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) pursuant to the Luxembourg Prospectus Act and on the Issuer's website (www.kfw.de).

Frankfurt Stock Exchange and other Alternative Stock Exchanges

Notes which are suitable with regard to currency and other specific conditions may be quoted on such exchange. The Issuer anticipates that only Series of Notes which are denominated in Euro will be so quoted on the Frankfurt Stock Exchange.

TAXATION IN THE FEDERAL REPUBLIC OF GERMANY

Taxation in Germany

The following is a general discussion of certain German tax consequences of the acquisition, ownership and disposition of Notes. This discussion does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws in Germany and each country of which they are residents.

Tax Residents

Payments of interest on the Notes, including interest having accrued up to the disposition of a Note and credited separately ("Accrued Interest") to persons who are tax residents of Germany (*i.e.*, persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany) are subject to German personal or corporate income tax (plus solidarity surcharge (*Solidaritätszuschlag*) at a rate of 5.5% thereon). Such interest may also be subject to trade tax if the Notes form part of the property of a German trade or business. Accrued Interest paid upon the acquisition of the Notes may give rise to negative income if the Note is held as a non-business asset.

Upon the disposition, assignment or redemption of a Note a holder holding the Note as non-business asset will have to include in his taxable income further amounts if the Note can be classified as a financial innovation (*Finanzinnovation*) under German tax law (including, among other things, zero coupon notes, floating rate notes or discounted notes, provided the discount exceeds certain thresholds). In this case, generally the difference between the proceeds from the disposition, assignment or redemption and the issue or purchase price is deemed to constitute interest income subject to income tax (plus the solidarity surcharge) in the year of the disposition, assignment or maturity of the Note. Where the Note is issued in a currency other than Euro, the difference will be computed in the foreign currency and will then be converted into Euro. Alternatively, the holder of the Note may show that such difference is greater than the excess of the redemption over the issue price of the Note to the extent this excess amount is attributable to the period over which the holder has held such Note (the "prorated excess amount"). In this case only such prorated excess amount is taxed as interest income, provided that the Note has an identifiable yield to maturity. Where a Note forms part of the property of a German trade or business, in each year the part of the difference between the issue price of the Note and its redemption price attributable to such year as well as interest accrued must be taken into account as income and may also be subject to trade tax.

Capital gains from the disposition of Notes, other than income described in the preceding paragraph, are only taxable to a German tax-resident individual if the Notes are disposed of within one year after their acquisition or form part of the property of a German trade or business, in which case the capital gains may also be subject to trade tax. Capital gains derived by German-resident corporate holders of Notes will be subject to corporate income tax (plus solidarity surcharge at a rate of 5.5% thereon) and trade tax.

If the Notes are held in a custodial account which the Noteholder maintains with a German branch of a German or non-German bank or financial services institution (the "Disbursing Agent") a 30% withholding tax on interest payments (*Zinsabschlag*), plus 5.5% solidarity surcharge on such tax, will be levied, resulting in a total tax charge of 31.65% of the gross interest payment. Withholding tax is also imposed on Accrued Interest. If the Notes qualify as financial innovations, as explained above, and are kept in a custodial account which the Noteholder maintains with a Disbursing Agent such custodian will generally withhold tax at a rate of 30% (plus solidarity surcharge at a rate of 5.5% thereon) from interest payments, Accrued Interest as well as from the positive difference between the redemption amount or proceeds from the disposition or assignment and the issue or purchase price of the Notes if the Note has been kept in a custodial account with such Disbursing Agent since the time of issuance or acquisition, respectively. Where the Note is issued in a currency other than Euro, the difference will be computed in the foreign currency and will then be converted into Euro. If the Note has not been kept in the custodial account since its issuance or acquisition the 30% withholding tax is applied to 30% of the amounts paid in partial or final redemption of the Notes or the proceeds from the disposition or assignment of the Notes, respectively.

In computing the tax to be withheld the Disbursing Agent may deduct from the basis of the withholding tax any Accrued Interest paid by the holder of a Note to the Disbursing Agent during the same calendar year. In general, no withholding tax will be levied if the holder of a Note is an individual (i) whose Note does not form part of the property of a German trade or business nor gives rise to income from the letting and leasing of property, and (ii) who filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent but only to the extent the interest income derived from the Note together with other investment income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no withholding tax will be deducted if the holder of the Note has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the relevant local tax office.

Withholding tax and solidarity surcharge thereon are credited as prepayments against the German personal or corporate income tax and the solidarity surcharge liability of the German resident. Amounts overwithheld will entitle the holder of a Note to a refund, based on an assessment to tax.

Nonresidents

Interest, including Accrued Interest, and capital gains are not subject to German taxation, unless (i) the Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder of a Note or (ii) the interest income otherwise constitutes German source income (such as income from the letting and leasing of certain German-situs property). In the latter case a tax regime similar to that explained above at "Tax Residents" applies; capital gains from the disposition of Notes are, however, only taxable in the case of (i).

Nonresidents of Germany are, in general, exempt from German withholding tax on interest and the solidarity surcharge thereon. However, where the interest is subject to German taxation as set forth in the preceding paragraph and the Notes are held in a custodial account with a Disbursing Agent, withholding tax is levied as explained above at "Tax Residents". In the course of a tax assessment, if any, the tax withheld may be credited towards the final personal income or corporate tax liability (and the owed solidarity surcharge) of the Holder.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Note will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax is not levied in Germany.

EU Savings Tax Directive

On June 3, 2003 the Council of the European Union (Ecofin) approved a directive regarding the taxation of interest income (the "**EU Savings Tax Directive**"). Accordingly, each EU Member State must require paying agents (within the meaning of such directive) established within its territory to provide to the competent authority of this state details of the payment of interest made to any individual resident in another EU Member State as the beneficial owner of the interest. The competent authority of the EU Member State of the paying agent (within the meaning of the EU Savings Tax Directive) is then required to communicate this information to the competent authority of the EU Member State of which the beneficial owner of the interest is a resident.

For a transitional period, Austria, Belgium and Luxembourg may opt instead to withhold tax from interest payments within the meaning of the EU Savings Tax Directive at a rate of 15% for the first three years from application of the provisions of such directive, of 20% for the subsequent three years, and of 35% from the seventh year after application of the provisions of such directive.

In conformity with the prerequisites for the application of the EU Savings Tax Directive, Switzerland, Liechtenstein, San Marino, Monaco and Andorra have confirmed that from July 1, 2005 they will apply measures equivalent to those contained in such directive, in accordance with agreements entered into by them with the European Community. It has also been confirmed that certain dependent or associated territories (the Channel Islands, the Isle of Man and certain dependent or associated territories in the Caribbean) will apply from that same date an automatic exchange of information or, during the transitional period described above, a withholding tax in the described manner. Consequently, the Council of the European Union noted that the conditions have been met to enable the provisions of the EU Savings Tax Directive to enter into force as from July 1, 2005.

By legislative regulations dated January 26, 2004 the Federal Government enacted the provisions for implementing the EU Savings Tax Directive into German law. These provisions apply as from July 1, 2005.
