RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined in “Terms and Conditions of the Notes” or elsewhere in this Prospectus have the same meaning in this section. References to a “Condition” is to such numbered condition in the Terms and Conditions of the Notes. Prospective investors should read the entire Prospectus.

Risk Factors in relation to the Issuer

Competition

In recent years the Italian banking sector has been characterised by ever increasing competition which, together with the level of interest rates, has caused a sharp reduction in the difference between borrowing and lending rates and subsequent difficulties in maintaining a positive growth trend in interest rate margin.

In particular, such competition has had two main effects:

- (a) a progressive reduction in the differential between lending and borrower interest rate, which may result in the Issuer facing difficulties in maintaining its actual rate of growth in interest rate margins; and
- (b) a progressive reduction in commissions and fees, particularly from dealing on behalf of third parties and orders collection, due to completion on prices.

Both of the above factors may adversely affect the Issuer’s financial condition and result of operations.

In addition, downturns in the Italian economy could add to the competitive pressure through, for example, increased price pressure and lower business volumes for which to compete.

Changes in regulatory framework and accounting policies

The Intesa Sanpaolo Group is subject to extensive regulation and supervision by the Bank of Italy, CONSOB (the Italian securities markets regulator), the European Central Bank and the European System of Central Banks. The banking laws to which the Intesa Sanpaolo Group is subject govern the activities in which banks and banking foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Intesa Sanpaolo Group must comply with financial services laws that govern its marketing and selling practices. One particularly significant change in regulatory requirements affecting the Intesa Sanpaolo Group is the pending implementation of the New Basel Capital Accord (Basel II) on capital requirements for financial institutions.

Any changes in how such regulations are applied or implemented for financial institutions may have a material effect on the Issuer’s business and operations. As some of the laws and regulations affecting the Intesa Sanpaolo Group have been adopted only recently, the manner in which they are applied to the operations of financial institutions is still evolving and their implementation, enforcement and/or interpretation may have an adverse effect on the business, financial condition, cash flows and results of operations of the Issuer.

Impact of events which are difficult to anticipate

The Intesa Sanpaolo Group's earnings and business are affected by general economic conditions, the performance of financial markets, interest rate levels, currency exchange rates, changes in laws and regulation, changes in the policies of central banks, particularly the Bank of Italy and the European Central Bank, and competitive factors, at a regional, national and international level. Each of these factors can change the level of demand for the Intesa Sanpaolo Group's products and services, the credit quality of borrowers and counterparties, the interest rate margin between lending and borrowing costs and the value of its investment and trading portfolios.

Changes in interest rates

Fluctuations in interest rates in Italy influence the Intesa Sanpaolo Group's financial performance. The results of the Intesa Sanpaolo Group's banking operations are affected by its management of interest rate sensitivity and, in particular, changes in market interest rates. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes in interest rates, may have a material effect on the Intesa Sanpaolo Group's financial condition or results of operations.

Market declines and volatility

The results of the Intesa Sanpaolo Group are affected by general economic, financial and other business conditions. During a recession, there may be less demand for loan products and a greater number of the Intesa Sanpaolo Group's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the Intesa Sanpaolo Group's borrowers and counterparties can affect the overall credit quality and the recoverability of loans and amounts due from counterparties.

Credit and market risk

To the extent that any of the instruments and strategies used by the Intesa Sanpaolo Group to hedge or otherwise manage its exposure to credit or market risk are not effective, the Intesa Sanpaolo Group may not be able to mitigate effectively its risk exposure in particular market environments or against particular types of risk. The Intesa Sanpaolo Group's trading revenues and interest rate risk are dependent upon its ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The Intesa Sanpaolo Group's financial results also depend upon how effectively it determines and assesses the cost of credit and manages its own credit risk and market risk concentration.

Protracted market declines and reduced liquidity in the markets

In some of the Intesa Sanpaolo Group's businesses, protracted adverse market movements, particularly the decline of asset prices, can reduce market activity and market liquidity. These developments can lead to material losses if the Intesa Sanpaolo Group cannot close out deteriorating positions in a timely way. This may especially be the case for assets that did not enjoy a very liquid market to begin with. The value of assets that are not traded on stock exchanges or other public trading markets, such as derivatives contracts between banks, may be calculated by the Intesa Sanpaolo Group using models other than publicly quoted prices. Monitoring the deterioration of the prices of assets like these is difficult and failure to do so effectively could lead to unanticipated losses. This in turn could adversely affect the Intesa Sanpaolo Group's operating results and financial condition.

In addition, protracted or steep declines in the stock or bond markets in Italy and elsewhere may adversely affect the Intesa Sanpaolo Group's securities trading activities and its asset management services, as well as its investments in and sales of products linked to the performance of financial assets.

Risk management and exposure to unidentified or unanticipated risks

The Intesa Sanpaolo Group has devoted significant resources to developing policies, procedures and assessment methods to manage market, credit, liquidity and operating risks and intends to continue to do so in the future. Nonetheless, the Intesa Sanpaolo Group's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risks, including risks that the Intesa Sanpaolo Group fails to identify or anticipate. If existing or potential customers believe that the Intesa Sanpaolo Group's risk management policies and procedures are inadequate, its reputation as well as its revenues and profits may be negatively affected.

Operational risk

The Intesa Sanpaolo Group, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorised transactions by employees or operational errors, including errors resulting from faulty information technology or telecommunication systems. The Intesa Sanpaolo Group's systems and processes are designed to ensure that the operational risks associated with its activities are appropriately monitored. Any failure or weakness in these systems, however, could adversely affect its financial performance and business activities.

Risk Factors in relation to the Notes

An investment in the Notes involves certain risks associated with the characteristics of the Notes. Such risks could result in principal or interest not being paid by the Issuer and/or a material impairment of the market price of the Notes. The following is a description of certain risk factors in relation to the Notes.

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in the light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Perpetual securities

The Issuer is under no obligation to redeem the Notes at any time before the date on which voluntary or involuntary winding up proceedings are instituted in respect of the Issuer and the Noteholders have no right to call for their redemption.

Subordination

The Notes will be unsecured, subordinated obligations of the Issuer. Upon the occurrence of any winding up proceedings of the Issuer, payments on the Notes will be subordinated in right of payment to the prior payment in full of all other liabilities of the Issuer (including dated subordinated obligations), except those liabilities which rank *pari passu* with, or junior to, the Notes. In liquidation, dissolution, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the Noteholders may recover proportionally less than the holders of unsubordinated and Less Deeply Subordinated Obligations of the Issuer.

The Noteholders explicitly accept that, in the circumstances described above, payments in respect of the Notes will be made by the Issuer only in accordance with the subordination described above.

No limitation on issuing debt

There is no restriction on the amount of liabilities which the Issuer may issue, guarantee or otherwise incur which rank senior to the Notes or *pari passu* with the Notes. Such liabilities may reduce the amount recoverable by Noteholders on a liquidation, dissolution, insolvency, composition or other proceeding for the avoidance of insolvency of, or against, the Issuer. In addition, such increased liabilities may increase the risk of suspension of interest payments by the Issuer.

Redemption risk

The Notes will be redeemed on the date on which voluntary or involuntary winding up proceedings are instituted in respect of the Issuer or as described in Condition 7 (*Redemption and Purchase*). The Issuer may, at its option, also redeem the Notes in whole, but not in part, on the Reset Date and on any Interest Payment Date thereafter at an amount equal to their principal amount, together with any accrued interest, as described in Condition 7(a) (*Redemption at the option of the Issuer*). In addition, the Issuer may, at its option, redeem the Notes in whole, but not in part, at any time before the Reset Date as follows:

- (i) following the occurrence of a Regulatory Event or a Tax Deductibility Event, at a redemption price equal to the greater of (a) the principal amount and (b) the Make Whole Amount, as described in Condition 7(b) (*Redemption due to a Regulatory Event*); and
- (ii) upon the occurrence of an Additional Amount Event, at a redemption price equal to the principal amount of the Notes, as described in Condition 7(c) (*Redemption for tax reasons*),

in each case, together with interest accrued and Additional Amounts.

If the Issuer calls and redeems the Notes in any of the circumstances mentioned above, the Noteholders may not be able to reinvest the redemption proceeds in securities offering a comparable yield.

In addition, any early redemption of the Notes is subject to prior approval of the Bank of Italy, regardless of whether such redemption would be favourable or unfavourable to Noteholders

Optional suspension of interest payments

The Issuer may, by giving not less than five business days prior notice, elect in its discretion not to pay all (or to pay part only) of the interest accrued to an Interest Payment Date if:

- (i) the Issuer does not have Distributable Profits, according to its Latest Accounts; and/or

- (ii) since the Issuer's annual shareholders' meeting in respect of the financial statements for the financial year immediately preceding the year in which such Interest Payment Date falls, no dividend or other distribution has been declared, made, approved or set aside for payment in respect of any Junior Notes. For further details see Condition 5(a) (*Optional suspension of interest*).

Interest that the Issuer elects not to pay pursuant to Condition 5(a) (*Optional suspension of interest*) will not accumulate or compound and all rights and claims in respect of any such amounts will be fully and irrevocably cancelled and forfeited. As a consequence, if interest is suspended, Noteholders will not receive, and will have no right to receive, such interest at any time, even if dividends or other distributions are subsequently declared made, approved or set aside for payment in respect of any Junior Obligations.

Mandatory suspension of interest payments

Provided that the Issuer has not declared or paid any dividends or other distributions on any Junior Obligations during the 12-month period prior to the relevant Interest Payment Date, the Issuer will be prohibited from:

- (i) paying all (or part only) of the interest accrued to an Interest Payment Date if and to the extent that a Capital Deficiency Event regarding the Issuer would occur if the Issuer made the payment of interest (in whole or in part) on such Interest Payment Date; or
- (ii) paying all (or part only) of the interest accrued to an Interest Payment Date if:
 - (a) a Capital Deficiency Event regarding the Issuer has occurred and is continuing on such Interest Payment Date; or
 - (b) the Issuer is prohibited under applicable Italian legislation or regulation from declaring a dividend or making a distribution on its Junior Obligations, other than in the case of a Capital Deficiency Event.

For further details, see Condition 5(b) (*Mandatory suspension of interest*).

Interest that the Issuer is prohibited from paying pursuant to Condition 5(b) (*Mandatory suspension of interest*) will not accumulate or compound and all rights and claims in respect of any such amounts will be fully and irrevocably cancelled and forfeited. As a consequence, if interest is suspended, Noteholders will not receive, and will have no right to receive, such interest at any time, even if dividends or other distributions are subsequently declared made, approved or set aside for payment in respect of any Junior Notes.

Variation of the terms and conditions of the Notes

The Issuer may in certain circumstances modify the terms and conditions of the Notes without any requirement for the consent or approval of Noteholders to the extent that such modification is reasonably necessary to ensure that no Regulatory Event would exist after such modification, provided that following such modification the terms and conditions of the Notes are broadly no more prejudicial than the terms and conditions of the Notes prior to such modification, as described in Condition 13(c) (*Modification following a Regulatory Event or Tax Event*).

Fixed rate securities

Until the Reset Date, the Notes will carry fixed interest. A holder of a security with a fixed interest rate is exposed to the risk that the price of such security falls as a result of changes in the current interest rate on the capital market (the "**Market Interest Rate**"). While the nominal interest rate of a security with a fixed interest rate is fixed during the life of such security or during a certain period of time, the Market Interest Rate typically changes on a daily basis. As the Market Interest Rate changes, the price of such security changes in the opposite direction. If the Market Interest Rate increases, the price of such security typically falls, until the yield of such security is approximately equal to the Market Interest Rate. Conversely, if the Market Interest Rate falls, the price of a security with a fixed interest rate typically increases, until the yield of such security is approximately equal to the Market Interest Rate. Investors should be aware that

movements of the Market Interest Rate could adversely affect the market price of the Notes and lead to losses for Noteholders if they sell Notes before the Reset Date.

Classification of the Notes under Italian tax law

Italian tax law does not provide for any specific and proper definition of “bonds” and “debentures similar to bonds” referred to in Article 1 *et seq* of Legislative Decree No. 239 of 1 April 1996 (“**Decree No. 239**”). The statements contained in the section “Taxation — Italy” regarding the applicability of the tax regime provided for by Decree No. 239 to the Notes are based on clarifications given by the Italian Revenue Agency in Circular No. 4/E of 18 January 2006, according to which bonds may have a maturity which is not scheduled at a specific date, but which instead is linked either to the duration of the issuing company (as is the case with the Notes) or to the liquidation of the issuer, if the company has been incorporated for an indefinite period pursuant to Article 2328(2), paragraph 13 of the Italian Civil Code. Prospective purchasers and holders of the Notes should be aware that the above clarifications (as well as the Italian tax provisions in effect as of the date of this Prospectus) are subject to changes, which could even apply retrospectively.

If, as a result of a change in Italian tax provisions or in the interpretation applied by the Italian tax authorities, the Notes were classified as “atypical securities” pursuant to Article 5 of Law Decree No. 512 of 30 September 1983 (instead of being qualified as “bonds” or “debentures similar to bonds” and subject to the tax regime described in the section “Taxation — Italy”), interest and other proceeds in respect of the Notes (including the difference between the redemption amount and the issue price) could be subject to Italian withholding tax at a rate of 27 per cent. if owed to beneficial owners that are not resident in Italy for tax purposes or to certain categories of Italian resident beneficiaries, depending on the legal status of the beneficiary owner of such interest and other proceeds.

The applicability of such a withholding tax in relation to interest and other proceeds paid to non Italian resident beneficiaries would give rise to an obligation of the Issuer to pay Additional Amounts pursuant to Condition 9(a) (*Gross up*) (except in the circumstances set out below) and would, as a consequence, allow the Issuer to redeem the Notes at their principal amount, together with interest accrued pursuant to Condition 7(c) (*Redemption for tax reasons*).

On the other hand, based on Condition 9(a) (*Gross up*), the above withholding tax would not give rise to any obligation of the Issuer to pay Additional Amounts when levied in respect of interest and other proceeds paid to certain Italian resident beneficiaries or to non Italian resident entities or individuals which are resident for tax purposes in a country which does not allow for a satisfactory exchange of information with the Italian tax authorities.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State. However, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non EU countries to the exchange of information relating to such payments.

A number of non-EU countries including Switzerland, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

If, following implementation of this Directive, a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld

from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay Additional Amounts with respect to any Notes as a result of the imposition of such withholding tax. However, if a withholding tax is imposed on payment made by a Paying Agent following implementing of this Directive, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Procedures of Euroclear and Clearstream, Luxembourg for transfer, payment and communication with the Issuer

The Notes are represented by Global Notes. Such Global Notes will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg. While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to the purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

The Notes may have no established trading market when issued and one may never develop. If a market does develop, it may not be very liquid and, consequently, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of the Notes.

The market value of the Notes may also be significantly affected by factors such as variations in the Group's annual and interim results of operations, news announcements or changes in general market conditions. In addition, broad market fluctuations and general economic and political conditions may adversely affect the market value of the Notes, regardless of the actual performance of the Group.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Euro or revaluation of the Investor's Currency) and

the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

In addition, government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent rating agencies may assign ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section and other factors that may affect the value of the Notes or the standing of the Issuer. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The Notes are in bearer form in a single denomination of €50,000 with Coupons and Talons attached at the time of issue. Title to the Notes and the Coupons will pass by delivery. The holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such holder. No Person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

3. **Status and Subordination of the Notes**

- (a) *Status of the Notes*: The Notes constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank:
 - (i) *pari passu* without any preference among themselves and *pari passu* with any present and future Parity Obligations;

- (ii) junior in right of payment to any present and future claims of all unsubordinated creditors of the Issuer and to all Less Deeply Subordinated Obligations; and
 - (iii) senior in right of payment to any Junior Obligations.
- (b) *Subordination*: By virtue of such subordination, payments to Noteholders will, in the event of the winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer, only be made after, and any set-off by any Noteholders shall be excluded until, the payment of any present or future claims of all unsubordinated creditors of the Issuer and of all Less Deeply Subordinated Obligations in any such winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer have been satisfied in full or after an arrangement or composition has been agreed between them pursuant to which they have given full discharge against receipt of part of their claim.

4. Interest

- (a) *Fixed rate*: The Notes bear interest on a non-cumulative basis from and including the Issue Date to but excluding the Interest Payment Date falling on 20 June 2018 (the “**Reset Date**”) at the rate of 8.047 per cent. per annum (the “**Fixed Rate of Interest**”), payable, subject as provided in these Conditions, annually in arrears on 20 June in each year (each, a “**Fixed Rate Interest Payment Date**”). The first interest payment shall be made on 20 June 2009 in respect of the period from (and including) the Issue Date to (but excluding) 20 June 2009 and shall be in the amount of €4,023.50 per Note of €50,000 denomination. The amount of interest payable in respect of each Note for any period which is not equal to a Fixed Rate Interest Period shall be calculated by applying the Fixed Rate of Interest to the principal amount of such Note, multiplying the product by the Fixed Rate Day Count Fraction and rounding the resulting figure to the nearest cent (half a cent being rounded upwards).
- (b) *Floating rate*:
- (i) If the Issuer does not redeem the Notes in accordance with Condition 7(a) (*Redemption and Purchase – Redemption at the option of the Issuer*) on the Reset Date, the Notes will bear interest on a non-cumulative basis for each Floating Rate Interest Period at the Floating Rate of Interest (as defined below) payable, subject as provided in these Conditions, in arrear on each Floating Rate Interest Payment Date; *provided however that*, if any Interest Payment Date would otherwise fall on a date which is not a Business Day, it will be postponed to the next Business Day unless it would thereby fall into the next calendar month, in which case it will be brought forward to the preceding Business Day.
 - (ii) The rate of interest applicable to the Notes (the “**Floating Rate of Interest**”) for each Floating Rate Interest Period will be determined by the Calculation Agent on the following basis:
 - (A) the Calculation Agent will determine the rate for deposits in Euro for a period equal to the relevant Floating Rate Interest Period which appears on the display page designated EURIBOR 01 on Reuters (or such other page as may replace that page on that service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as of 11.00 a.m. (Brussels time) on the second TARGET Settlement Day before the first day of the relevant Floating Rate Interest Period (the “**Floating Rate Interest Determination Date**”);
 - (B) if such rate does not appear on that page, the Calculation Agent will:
 - (1) request the principal Euro-zone office of each of four major banks in the Euro-zone interbank market to provide a quotation of the rate at which deposits in Euro are offered by it in the Euro-zone interbank market at approximately 11.00 a.m. (Brussels time) on the Floating Rate Interest Determination Date to prime banks in the Euro-zone interbank market for a period equal to the relevant Floating Rate

Interest Period and in an amount that is representative for a single transaction in that market at that time; and

- (2) determine the arithmetic mean (rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, 0.000005 being rounded upwards) of such quotations; and
- (C) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean (rounded, if necessary, as aforesaid) of the rates quoted by major banks in the Euro-zone, selected by the Calculation Agent, at approximately 11.00 a.m. (Brussels time) on the first day of the relevant Interest Period for loans in Euro to leading European banks for a period equal to the relevant Floating Rate Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Floating Rate of Interest for such Floating Rate Interest Period shall be the sum of 4.10 per cent. per annum and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Floating Rate Interest Period, the Floating Rate of Interest applicable to the Notes during such Floating Rate Interest Period will be the sum of 4.10 per cent. per annum and the rate or (as the case may be) arithmetic mean last determined in relation to the Notes in respect of a preceding Floating Rate Interest Period, or, where there has been no such previous determination, the Floating Rate of Interest shall be equal to the Fixed Rate of Interest plus 4.10 per cent. per annum.

- (iii) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Floating Rate of Interest is to be determined in relation to each Floating Rate Interest Period, calculate the Interest Amount payable in respect of each Note for such Floating Rate Interest Period. The Interest Amount will be calculated by applying the Floating Rate of Interest for such Floating Rate Interest Period to the principal amount of such Note during such Floating Rate Interest Period and multiplying the product by the relevant Floating Rate Day Count Fraction.
 - (iv) *Publication:* The Calculation Agent will cause each Floating Rate of Interest and Interest Amount determined by it, together with the relevant Floating Rate Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Floating Rate of Interest, Interest Amount and Floating Rate Interest Payment Date) in any event not later than the first day of the relevant Floating Rate Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Floating Rate Interest Period.
 - (v) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (c) *Interest accrual:* Each Note will cease to bear interest from (but excluding) maturity or the due date for redemption pursuant to Conditions 7(a) (*Redemption and Purchase – Redemption at the option of the Issuer*), 7(b) (*Redemption and Purchase – Redemption due to a Regulatory Event*) or 7(c) (*Redemption and Purchase – Redemption for tax reasons*) unless, upon due presentation, payment of

principal in respect of the Notes is improperly withheld or refused, in which case any such amounts of principal improperly withheld or refused will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

5. Interest Suspension

- (a) *Optional suspension of interest:* The Issuer may elect, by giving notice to the Noteholders pursuant to Condition 15 (*Notices*) below, not to pay all (or part only) of the interest accrued to an Interest Payment Date if:

- (i) the Issuer does not have Distributable Profits, according to its Latest Accounts; and/or
- (ii) since the Issuer's annual shareholders' meeting convened for the approval of the non-consolidated financial statements of the Issuer for the financial year immediately preceding the year in which such Interest Payment Date falls, no dividend or other distribution has been declared, made, approved or set aside for payment in respect of any Junior Obligations,

except that where Condition 5(c) (*Interest Suspension - Mandatory payment of interest*) applies, the Issuer shall be required to pay interest notwithstanding this Condition 5(a).

The Issuer shall give not more than 25 but not less than 15 Business Days' prior notice to the Paying Agents and to the Noteholders in accordance with Condition 15 (*Notices*) of any Interest Payment Date on which, pursuant to the provisions of this Condition 5(a), it elects not to pay interest and such notice shall include a confirmation of the Issuer's entitlement not to pay interest, together with details of the amount of interest (if any) to be paid on such Interest Payment Date.

Where the Issuer elects not to pay interest pursuant to this Condition 5(a) it shall not have any obligation to make such interest payment on the relevant Interest Payment Date, and the failure to pay such interest shall not constitute a default of the Issuer or any other breach of obligations under these Conditions or for any purpose.

Interest on the Notes will not be cumulative and interest that the Issuer elects not to pay pursuant to this Condition 5(a) will not accumulate or compound and all rights and claims in respect of any such amounts shall be fully and irrevocably cancelled and forfeited.

- (b) *Mandatory suspension of interest:* The Issuer will be prohibited from:

- (i) paying all (or part only) of the interest accrued to an Interest Payment Date if and to the extent that a Capital Deficiency Event regarding the Issuer would occur if the Issuer made such payment of interest (in whole or in part) on such Interest Payment Date; or
- (ii) paying all (but not part only) of the interest accrued to an Interest Payment Date if:
 - (A) a Capital Deficiency Event regarding the Issuer has occurred and is continuing on such Interest Payment Date; or
 - (B) the Issuer is prohibited under applicable Italian legislation or regulation from declaring a dividend or making a distribution on its Junior Obligations, other than in the case of a Capital Deficiency Event,

except that where paragraph (i) of Condition 5(c) (*Interest Suspension - Mandatory payment of interest*) applies, the Issuer shall be required to pay interest notwithstanding this Condition 5(b).

The Issuer shall use its best endeavours to give not more than 25 Business Days' but not less than two Business Days' prior notice to the Paying Agents and to the Noteholders in accordance with Condition 15 (*Notices*) of any Interest Payment Date on which, pursuant to the provisions of this Condition 5(b), it is prohibited from paying interest and such notice shall include a confirmation of the Issuer's prohibition from paying interest, together with details of the amount of interest (if any) to be paid on such Interest Payment Date.

Where the Issuer is prohibited from paying interest pursuant to this Condition 5(b) it shall not have any obligation to make such interest payment on the relevant Interest Payment Date, and the failure to pay such interest shall not constitute a default of the Issuer or any other breach of obligations under these Conditions or for any purpose.

Interest on the Notes will not be cumulative and interest that the Issuer is prohibited from paying pursuant to this Condition 5(b) will not accumulate or compound and all rights and claims in respect of any such amounts shall be fully and irrevocably cancelled and forfeited.

(c) *Mandatory payment of interest*

- (i) Notwithstanding the provisions of Condition 5(b) (*Interest suspension - Mandatory suspension of interest*), the Issuer is required to pay interest (including, without limitation, in the event of a Capital Deficiency Event) on any Interest Payment Date in full if and to the extent that during the 12-month period prior to such Interest Payment Date the Issuer has declared or paid dividends or other distributions on any Junior Obligations.
- (ii) Subject to Condition 5(b) (*Interest suspension - Mandatory suspension of interest*), the Issuer is required to pay interest on any Interest Payment Date in full if and to the extent that during the 12-month period (or six-month or three-month period for securities other than shares where remuneration is paid every six months or three months, respectively) prior to such Interest Payment Date the Issuer or any of its Subsidiaries has redeemed, repurchased or acquired any Junior Obligations (other than a Permitted Repurchase).

6. Loss Absorption

To the extent that the Issuer at any time suffers losses (taking into account, *inter alia*, profits and losses relating to previous financial years) which would result in a Capital Deficiency Event, the obligations of the Issuer relating to the principal amount of the Notes will be suspended to the extent necessary to enable the Issuer to continue to carry on its activities in accordance with applicable regulatory requirements. In any such case, but always subject to the provisions set out in Condition 5(b) (*Interest suspension - Mandatory suspension of interest*), interest will continue to accrue on the nominal value of the Notes. The obligations of the Issuer to make payments in respect of principal amount of the Notes will be reinstated (in priority to any Junior Obligations and on a *pari passu* basis with any Parity Obligations), as if such obligations of the Issuer had not been so suspended:

- (a) in whole, in the event of voluntary or involuntary winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer and with effect immediately prior to the commencement of such winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*); and
- (b) in whole, in the event of early redemption of the Notes pursuant to Conditions 7(a) (*Redemption and Purchase – Redemption at the option of the Issuer*), 7(b) (*Redemption and Purchase – Redemption due to a Regulatory Event*) or 7(c) (*Redemption and Purchase – Redemption for tax reasons*); and
- (c) in whole or in part, from time to time, to the extent that the Capital Deficiency Event has ceased and is no longer continuing.

The Issuer shall use its best endeavours to give notice forthwith of any such suspension and/or reinstatement to the Noteholders in accordance with Condition 15 (*Notices*) below and such notice shall include a

confirmation of the Issuer's entitlement to such suspension and/or reinstatement, together with details of the amounts to be so suspended and/or reinstated.

7. Redemption and Purchase

The Notes will mature and be redeemed by the Issuer on the date on which voluntary or involuntary winding up proceedings are instituted in respect of the Issuer, in accordance with, as the case may be, (i) a resolution passed at a shareholders' meeting of the Issuer, (ii) any provision of the By-laws of the Issuer (which, as at 18 June 2008 provide for the duration of the Issuer to expire on 31 December 2100, but if such expiry date is extended, redemption of the Notes will be correspondingly adjusted) or (iii) any applicable legal provision, or any decision of any judicial or administrative authority. The Notes may not be redeemed at the option of the Issuer except in accordance with the provisions of this Condition 7. Any redemption in accordance with this Condition 7, save in accordance with the first sentence of this paragraph, is subject to the prior approval of the Lead Regulator. The Notes may not be redeemed at the option of the Noteholders.

- (a) *Redemption at the option of the Issuer:* The Notes may be redeemed at the option of the Issuer in whole, but not in part, on the Reset Date and on any Interest Payment Date thereafter at a redemption price equal to their principal amount together with interest accrued (if any) up to, but excluding, the date fixed for redemption and any Additional Amounts on the Issuer's giving not less than 30 but not more than 60 days' notice to the Noteholders in accordance with Condition 15 (*Notices*).
- (b) *Redemption due to a Regulatory Event:* Without prejudice to the Issuer's right to modify the terms and conditions of the Notes pursuant to Condition 13(c) (*Meetings of Noteholders, Modification, Waiver and Substitution - Modification following a Regulatory Event or Tax Event*), the Notes may be redeemed at the option of the Issuer on giving not less than 30 but not more than 60 days' notice to the Noteholders in accordance with Condition 15 (*Notices*) in whole, but not in part, at any time before the Reset Date following the occurrence of a Regulatory Event at a redemption price equal to the greater of (i) the principal amount of the Notes and (ii) the Make Whole Amount, in each case together with interest accrued (if any) up to, but excluding, the Regulatory Event Redemption Date and any Additional Amounts.
- (c) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer on giving not less than 30 but not more than 60 days' notice to the Noteholders in accordance with Condition 15 (*Notices*) in whole, but not in part, at any time before the Reset Date following the occurrence of a Tax Event as follows:
 - (i) in the case of an Additional Amount Event, at the principal amount of the Notes; or
 - (ii) in the case of a Tax Deductibility Event, at a redemption price equal to the greater of (A) the principal amount of the Notes and (B) the Make Whole Amount,in each case, together with interest accrued (if any) up to, but excluding, the Tax Event Redemption Date and any Additional Amounts, *provided, however, that* no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which interest starts accruing in respect of which the Issuer would be unable to deduct amounts for Italian income tax purposes or obliged to pay Additional Amounts if a payment in respect of the Notes were then due, as the case may be.
- (d) *Notification of redemption due to a Regulatory Event or Tax Event:* Prior to the publication of any notice of redemption pursuant to Conditions 7(b) (*Redemption due to a Regulatory Event*) and (c) (*Redemption for tax reasons*), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent:
 - (i) a certificate signed by two duly authorised representatives of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred; and
 - (ii) in the case of a Tax Event, an opinion of independent legal advisers of recognised standing to the effect that, as a result of such Tax Event, the Issuer is or will be unable to deduct interest

for Italian income tax purposes or has or will become obliged to pay Additional Amounts, as the case may be.

Any notice of redemption as is referred to in this Condition 7 shall be irrevocable and shall specify the date on which the Notes will be redeemed and the relevant redemption amount. The Issuer shall be bound to redeem the Notes on the relevant date and at the relevant redemption amount specified in such notice in accordance with this Condition 7.

- (e) *No other redemption*: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 7(a) (*Redemption at the option of the Issuer*) to (c) (*Redemption for tax reasons*) or upon maturity.
- (f) *Purchase*: The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, *provided that* all unmatured Coupons are purchased therewith, subject to the prior approval of the Lead Regulator (if applicable).
- (g) *Cancellation*: All Notes so redeemed or purchased and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

8. **Payments**

- (a) *Principal*: Payments of principal shall be made only against presentation and (*provided that* payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States by Euro cheque drawn on, or by transfer to a Euro account maintained by the payee with, a bank in the Euro-zone.
- (b) *Interest*: Payments of interest shall, subject to Condition 8(g) (*Payments other than in respect of matured Coupons*), be made only against presentation and (*provided that* payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 8(a) (*Principal*).
- (c) *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9 (*Taxation*). No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (d) *Deduction for unmatured Fixed Rate Coupons*: If a Note is presented without all unmatured Fixed Rate Coupons relating thereto, then a sum equal to the aggregate amount of the missing Fixed Rate Coupons will be deducted from the amount of principal due for payment; *provided, however, that* if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be the proportion of the aggregate amount of such missing Fixed Rate Coupons which the gross amount actually available for payment bears to the amount of principal due for payment. Each sum of principal so deducted shall be paid in the manner provided in Condition 8(a) (*Principal*) above against presentation and (*provided that* payment is made in full) surrender of the relevant missing Fixed Rate Coupons.
- (e) *Unmatured Floating Rate Coupons void*: On the due date for redemption of any Note upon maturity or pursuant to Conditions 7(a) (*Redemption and Purchase – Redemption at the option of the Issuer*), 7(b) (*Redemption and Purchase – Redemption due to a Regulatory Event*) or 7(c) (*Redemption and Purchase – Redemption for tax reasons*) all unmatured Floating Rate Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (f) *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

- (g) *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States.
- (h) *Partial payments*: If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (i) *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 10 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

9. **Taxation**

- (a) *Gross up*: All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by or on behalf of the Republic of Italy or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts (“**Additional Amounts**”) as will result in receipt by the Noteholders and the Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable in respect of any Note or Coupon presented for payment:
 - (i) in the Republic of Italy; or
 - (ii) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the Republic of Italy other than the mere holding of such Note or Coupon; or
 - (iii) by or on behalf of a holder who is entitled to avoid such withholding or deduction in respect of such Note or Coupon by making, or procuring, a declaration of non-residence or other similar claim for exemption but has failed to do so; or
 - (iv) to the extent that interest or any other amount payable is paid to a non-Italian resident where such withholding or deduction is required by Legislative Decree No. 239 of 1 April 1996, as subsequently amended, supplemented or replaced (“**Decree No. 239**”), unless such withholding or deduction is due to the requirements or procedures set forth therein not being met or complied with as a result of the actions or omissions of the Issuer or its agents; or
 - (v) by an Italian resident, to the extent that interest is paid to an Italian individual or an Italian legal entity not carrying out commercial activities (in particular (A) partnerships, de facto partnerships not carrying out commercial activities and professional associations, (B) public and private resident entities, other than companies, not carrying out commercial activities, and (C) certain other Persons exempt from corporate income tax) or to such other Italian resident entities which have been or may be identified by Decree No. 239; or
 - (vi) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any other law implementing or complying with, or introduced in order to conform to, such Directive; or

- (vii) by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union; or
 - (viii) more than 30 days after the Relevant Date except to the extent that the relevant holder would have been entitled to such additional amounts if it had presented such Note or Coupon on the last day of such period of 30 days.
- (b) *Taxing jurisdiction:* If, in respect of payments it makes in relation to the Notes, the Issuer becomes subject at any time to any taxing jurisdiction other than the Republic of Italy, references in these Conditions to the Republic of Italy shall be construed as references to such other jurisdiction.

10. Prescription

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

11. Replacement of Notes and Coupons

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

12. Paying Agents

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or calculation agent and additional or successor paying agents; *provided, however, that:*

- (a) the Issuer shall at all times maintain a fiscal agent; and
- (b) the Issuer undertakes that it will ensure that it maintains a paying agent in a Member State of the European Union who is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and
- (c) the Issuer shall at all times maintain a calculation agent; and
- (d) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system the rules of which require the appointment of a paying agent in any particular place, the Issuer shall maintain a paying agent having its Specified Office in the place required by the rules of such competent authority, stock exchange and/or quotation system; and
- (e) there will at all times be a paying agent in a jurisdiction, other than the jurisdiction in which the Issuer is incorporated.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

13. Meetings of Noteholders, Modification, Waiver and Substitution

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by them upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however, that* Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification and waiver:* The Conditions may not be amended without the prior approval of the Lead Regulator (if applicable). The Notes and these Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree without the consent of the Noteholders to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.
- (c) *Modification following a Regulatory Event or Tax Event:* Where a Regulatory Event or a Tax Event occurs and is continuing, the Issuer may, without the consent of the Noteholders and without prejudice to its option to redeem under Conditions 7(b) (*Redemption and Purchase – Redemption due to a Regulatory Event*) and (c) (*Redemption and Purchase – Redemption for tax reasons*), modify the terms of the Notes by giving not less than 30 but not more than 60 days' notice to the Noteholders in accordance with Condition 15 (*Notices*), to the extent that such modification is reasonably necessary to ensure that no Regulatory Event or Tax Event (as the case may be) would exist after such modification, *provided that* following such modification:
- (i) the Notes, as so modified (the “**modified Notes**”), are held on terms and conditions which are no more prejudicial to Noteholders than the terms and conditions applicable to the Notes prior to such modification (the “**existing Notes**”), *provided that* any modification may be made in accordance with paragraphs (ii) to (iv) below and any such modification shall not constitute a breach of this paragraph (i); and
 - (ii) the person having the obligation of the Issuer under the Notes continues to be Intesa Sanpaolo S.p.A.; and
 - (iii) the modified Notes rank at least equal to the existing Notes and feature the same tenor, the same principal amount, at least the same interest rate (including applicable margins and step-up) and the same interest payment dates and first call date as the existing Notes; and

- (iv) the modified Notes continue to be listed on a regulated market of an internationally recognised stock exchange as selected by the Issuer (provided that the existing Notes were so listed prior to the occurrence of the Regulatory Event or Tax Event (as the case may be)),

and provided further that:

- (1) the Issuer obtains approval of the proposed modification from the Lead Regulator (if such approval is required) or gives prior written notice (if such notice is required to be given) to the Lead Regulator and, following the expiry of all relevant statutory time limits, the Lead Regulator is no longer entitled to object or impose changes to the proposed modification;
- (2) the modification does not give rise to a change in any published credit rating of the existing Notes in effect at such time;
- (3) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Notes prior to their stated maturity, without prejudice to the provisions under Condition 7(a) (*Redemption and Purchase - Redemption at the Option of the Issuer*); and
- (4) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Agency Agreement, signed by two of the Issuer's executive officers stating that conditions (i) to (iv) and (1) to (3) above have been complied with, such certificate to be made available for inspection by Noteholders.

In connection with any modification as indicated in this Condition 13(c), the Issuer shall comply with the rules of any competent authority, stock exchange and/or quotation system by which the Notes are then admitted to listing trading and/or quotation.

- (d) *Substitution*: Any duly incorporated Subsidiary of the Issuer in good standing under the laws of its jurisdiction may, without the consent of the Noteholders, but with the prior written approval of the Issuer, assume liability as the principal debtor in respect of the Notes (the “**Substituted Debtor**”), *provided that*:
 - (i) a deed poll and such other documents (if any) shall be executed by the Substituted Debtor and the other parties to the Agency Agreement as may be necessary to give full effect to the substitution (the “**Documents**”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall:
 - (A) undertake in favour of each Noteholder and each Accountholder (as defined in the Deed of Covenant) to be bound by these Conditions, the Deed of Covenant and the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes, the Deed of Covenant and the Agency Agreement as the principal debtor in respect of the Notes in place of the Issuer; and
 - (B) covenant to Noteholders and Accountholders, to the extent that the Substantial Debtor is subject to any taxing jurisdiction other than the Republic of Italy, to observe and perform its obligations under Condition 9 (*Taxation*) as if references in these Conditions to the Republic of Italy were to such other jurisdiction;
 - (ii) an unconditional and irrevocable deed of guarantee substantially in the form annexed to the Agency Agreement shall be executed by Intesa Sanpaolo, whereby Intesa Sanpaolo shall guarantee in favour of each Noteholder and each Accountholder the payment of all sums payable by the Substituted Debtor as such principal debtor to the extent of, and in the terms specified in, the form of deed of guarantee, annexed to the Agency Agreement (such guarantee being herein referred to as the “**Substitution Guarantee**” and such guarantor the “**Guarantor**”);
 - (iii) the Documents and the Substitution Guarantee shall contain a warranty and representation by the Substituted Debtor and the Guarantor that:

- (A) each of the Substituted Debtor and the Guarantor has obtained all necessary governmental and regulatory approvals and consents for such substitution and the giving of the Substitution Guarantee;
 - (B) each of the Substituted Debtor and the Guarantor has obtained all necessary governmental and regulatory approvals and consents for the performance by each of the Substituted Debtor and the Guarantor of its obligations under the Documents and the Substitution Guarantee and that all such approvals and consents are in full force and effect; and
 - (C) the obligations assumed by each of the Substituted Debtor and the Guarantor are legal, valid and binding in accordance with their respective terms and enforceable by each Noteholder and each Accountholder (subject to all applicable bankruptcy, insolvency or similar laws affecting the enforcement of creditors' rights generally and general equitable principles);
- (iv) legal opinions shall have been delivered to the Fiscal Agent from whom copies will be available to Noteholders (and if applicable Accountholders) from lawyers of recognised standing as to matters of law of the jurisdiction of the place of incorporation of the Substituted Debtor and the Guarantor confirming that, upon the substitution taking place:
- (A) in the case of the Substituted Debtor:
 - (1) the requirements of this Condition 13(d), save as to the giving of notice to the Noteholders, have been met;
 - (2) the Notes, the Deed of Covenant and the Agency Agreement are legal, valid, binding and enforceable obligations of the Substituted Debtor (subject to all applicable bankruptcy, insolvency or similar laws affecting the enforcement of creditors' rights generally and general equitable principles);
 - (3) the Substituted Debtor is validly incorporated under the laws of its jurisdiction; and

- (vi) no right of redemption pursuant to Condition 7 (*Redemption and Purchase*) would become applicable on or as a result of such substitution;
- (vii) the appropriate competent authority, stock exchange and/or quotation system shall have confirmed to the Issuer, the Guarantor and the Fiscal Agent that, after giving effect to such substitution, the Notes shall continue to be admitted to listing, trading and/or quotation on the stock exchange, securities market and/or quotation system on which it is admitted to listing, trading and/or quotation immediately prior to the substitution; and

- (viii) a certificate of solvency of the Substituted Debtor, signed by two directors of the Substituted Debtor shall have been delivered to the Fiscal Agent.

Upon the execution of the Documents and the delivery of the legal opinions as referred to in paragraphs (i) to (iv) above, (a) the Substituted Debtor shall be deemed to be named in the Notes, the Deed of Covenant and the Agency Agreement as the principal debtor in place of the Issuer and the Notes, the Deed of Covenant and the Agency Agreement shall thereupon be deemed to be amended to give effect to the substitution and (b) the Issuer shall be released from all of its obligations under or in respect of the Notes, the Deed of Covenant and the Agency Agreement.

Counterparts of each of the Documents shall be deposited with and held by the Fiscal Agent for so long as any of the Notes remains outstanding and for so long as any claim made against the Substituted Debtor or the Guarantor by any Noteholder or Accountholder in relation to the Notes, the Documents or the Substitution Guarantee shall not have been finally adjudicated, settled or discharged. Not later than 20 days after the execution of the Documents, the Substituted Debtor together with the Issuer shall give notice thereof to the Noteholders in accordance with Condition 15 (*Notices*).

14. Further Issues

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further Notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

15. Notices

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes are at the relevant time listed or admitted to trading on the Luxembourg Stock Exchange and the rules of that exchange so require, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

16. Currency Indemnity

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the “**first currency**”) in which the same is payable under these Conditions or such order or judgment into another currency (the “**second currency**”) for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

17. Rounding

For the purposes of any calculations referred to in these Conditions, all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.).

18. Governing Law and Jurisdiction

- (a) *Governing law*: The Notes are governed by, and shall be construed in accordance with, English law, except that Condition 3 (*Status and Subordination of the Notes*) is governed by, and shall be construed in accordance with, Italian law.
- (b) *Jurisdiction*: The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the Notes.
- (c) *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England*: Condition 18(b) (*Jurisdiction*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 18 prevents any Noteholder from taking proceedings relating to a Dispute (“**Proceedings**”) in any courts with jurisdiction.
- (e) *Service of Process*: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Issuer at 90 Queen Street, London EC4N 1SA or at any address of the Issuer in Great Britain at which process may be served on it in accordance with Part XXIII of the Companies Act 1985. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

The Notes will initially be in the form of a Temporary Global Note which will be deposited on or around 20 June 2008 (the “**Closing Date**”) with a common depositary for Euroclear and Clearstream, Luxembourg. The Temporary Global Note will be exchangeable in whole or in part for interests in a Permanent Global Note not earlier than 40 days after the Closing Date upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

The Permanent Global Note will become exchangeable in whole, but not in part, for Notes in definitive form (“**Definitive Notes**”) in the denomination of €50,000, at the request of the bearer of the Permanent Global Note against presentation and surrender of the Permanent Global Note to the Fiscal Agent if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business.

The Permanent Global Note will also become exchangeable, in whole but not in part only and at the option of the Issuer, for Definitive Notes if, by reason of any change in the laws of the Issuer’s taxing jurisdiction, the Issuer is or will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes were in definitive form.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons attached, in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 30 days of the occurrence of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part of it) has become due and payable in accordance with the Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the deed of covenant dated 20 June 2008 (the “**Deed of Covenant**”) executed by the Issuer in relation to the Notes). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in the Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or (as the case may be) Clearstream, Luxembourg.

In addition, the Permanent Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Permanent Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Temporary Global Note and the Permanent Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Temporary Global Note or (as the case may be) the Permanent Global Note at the Specified Office of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in

respect of the Temporary Global Note or (as the case may be) the Permanent Global Note, the Issuer shall procure that the same is noted in a schedule thereto.

Notices: Notwithstanding Condition 15 (*Notices*), while all the Notes are represented by the Permanent Global Note (or by the Permanent Global Note and/or the Temporary Global Note) and such Permanent Global Note is (or such Permanent Global Note and/or such Temporary Global Note are) deposited with a common depositary for Euroclear and Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and Clearstream, Luxembourg and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 15 (*Notices*) on the date of delivery to Euroclear and Clearstream, Luxembourg.

USE OF PROCEEDS

The proceeds from the issue of the Notes are expected to be approximately €1,250,000,000 less the Joint Lead Managers' fees and commissions and other offering expenses. The proceeds of the Notes will be used by the Issuer for its general funding purposes.

DESCRIPTION OF THE ISSUER

Merger of Sanpaolo IMI and Banca Intesa

Intesa Sanpaolo derives from the merger by incorporation of Sanpaolo IMI with and into Banca Intesa S.p.A. following the deed of merger of 28 December 2006 of the Notary public Ettore Morone. The merger came into legal and accounting effect as of 1 January 2007. In the merger, the surviving entity was Banca Intesa, which changed its name from Banca Intesa S.p.A. to Intesa Sanpaolo S.p.A.

Banca Intesa was formed in 1998 from the merger of Cassa di Risparmio delle Provincie Lombarde S.p.A. (“**Cariplo**”) and Banco Ambrosiano Veneto. In 1999, Banca Commerciale Italiana (“**BCI**”) joined the Intesa Group. With the subsequent merger of BCI into Banca Intesa (May 2001), the Group took the name IntesaBci. In December 2002 the Shareholders’ Meeting resolved upon the change of the company name to Banca Intesa, effective as of 1 January 2003.

Sanpaolo IMI was formed in 1998 from the merger of Istituto Bancario San Paolo di Torino and IMI (Istituto Mobiliare Italiano). These two banks were highly complementary: Istituto Bancario San Paolo di Torino was specialised in retail lending, IMI, a public entity founded in 1931 to support the reconstruction of the national industrial system, was a leading business and investment bank.

Organisational Structure

(1) Domestic commercial banking

The activity of the Intesa Sanpaolo Group is organised by business units:

- The **Banca dei Territori Division** – which includes Italian subsidiary banks – operates with approximately 6,400 branches serving 11.5 million customers and is based on a business model oriented to maintain and enhance regional brands, strengthen local commercial coverage and relations with individuals, small businesses and SMEs. Banca Prossima was established to serve non-profit entities and operates through the Group's branches, with local offices and dedicated professionals. The activities of this Division include private banking, industrial credit (operated by Mediocredito Italiano) and bancassurance (operated by EurizonVita, Intesa Vita – a joint venture with the Generali group and carried at equity – and Sud Polo Vita in the life insurance sector and EurizonTutela in the casualty sector, with products mainly addressed to the safeguard of person and assets).
- The **Corporate & Investment Banking Division** has the mission of supporting the steady and sustainable growth of businesses and financial institutions with a medium/long term view, on a national and international basis, acting as a “global partner” with an in-depth understanding of company strategies and a complete service range. The Division includes M&A activities, structured finance and capital markets (performed through Banca IMI) and also merchant banking and global custody. It is present in 34 countries supporting the cross-border activity of its customers through a specialised network which comprises foreign branches, representative offices and subsidiaries performing corporate banking activity.
- The **International Subsidiary Banks Division**, is responsible for activities outside Italy, operates through subsidiary and partly-owned commercial banks and provides guidelines, coordination and support to subsidiaries abroad active in retail and commercial banking. It operates with over 1,260 branches serving approximately 6.9 million customers and has total assets of approximately 40 billion euro in the following 12 countries in Central-Eastern Europe and the Mediterranean basin: Albania (American Bank of Albania - ABA), Bosnia-Herzegovina (UPI Banka), Croatia (Privredna Banka Zagreb - PBZ), Egypt (Bank of Alexandria), the Russian Federation (KMB Bank), Greece (with the Athens and Thessaloniki branches of ABA), the Czech Republic (with the Prague branch of VUB), Romania (with Intesa Sanpaolo Bank Romania), Serbia (Banca Intesa Beograd), Slovakia (Vseobecna Uverova Banka - VUB), Slovenia (Banka Koper) and Hungary (Central-European International Bank - CIB).
- The **Public Finance** Business Unit is responsible for customers in government, public entities, local authorities, public utilities, general contractors, public and private healthcare structures, developing activities related to lending and day-to-day banking operations, project financing, securitisations, financial advisory, with the aim of favouring cooperation between public and private entities and supporting initiatives and investment projects in large infrastructures, healthcare, research and public utilities in general. The business unit is composed of Banca Infrastrutture Innovazione e Sviluppo.
- **Eurizon Capital** is the Group's asset management company.
- **Banca Fideuram** is the Group company specialised in asset gathering, performed by the networks of financial advisors and approximately 100 branches serving customers with medium to high savings potential.

The integration process of the Intesa Sanpaolo Group

The integration process progressed during the whole of 2007: in the first three months of the year the decisions on the operating structure were taken and all the managers responsible for the units were appointed; client attribution across the Business Units was also defined. Moreover, the distribution model was aligned both for retail customers and for corporate and enterprise customers and integrated solutions have been implemented for guidance and control systems relating to management and operating reports, to risk control tools and to lending procedures. Lastly, the first joint commercial initiatives were launched with the support of specific advertising campaigns. The Group's target ICT system was also identified in the first quarter of 2007. Concerning the latter, in the second quarter, the integration of the IT platforms to support Group banks and companies started. The project – which will permit the construction of a common platform

of models, processes, products and systems as scheduled in the merger programme, with the migration of Group Banks to the target system within the end of 2008 – pursued the following objectives:

- implementing the migration of banks to the target platform, leading to the unification of the commercial offer and the standardisation of models and operating processes; the changeover is planned gradually, concretely testing solutions and results via the migration of certain pilot units and subsequently groups of branches;
- training the resources of the Head Office departments and of the network to use the new ICT system and the target operating processes;
- managing the post conversion period, via initiatives to support/assist operating resources and, where necessary, customers.

The activities have been organised into specific task forces involving user company departments, commercial and management structures, as well as the company departments responsible for organisational and IT development. The coordination of the project strictly oversees its progress, reporting on a monthly basis to the technical operational committee and periodically updating the guidance committee, comprising corporate governance managers.

The project, which will be completed by the end of 2008, entails the start of the migration process of former Intesa branches to the Target system starting from April 2008. This migration phase will be completed by summer 2008 and will be followed by territorial reorder, that is by the revision of territorial coverage which also includes the sale of Intesa Sanpaolo branches to the Banche dei Territori Division.

In the third quarter of 2007, after the planning phase had been completed, the project entered the realisation phase, beginning the implementation of the IT, organisation and training activities.

At the same time, the organisational and IT activities to implement the unified management of Intesa Sanpaolo were concluded at the end of the transitory period granted by the Bank of Italy (the “**Mandatory Requirements**”). Mandatory reporting has been unified from the deadline of June 2007, and a single ABI code for all settlement activities has been adopted. From 24 September 2007 Intesa Sanpaolo presented itself to the market as a single operating entity.

In the fourth quarter, these activities continued in line with the schedule set forth in the Master Plan of organisational and IT activities, according to a programme divided into three main areas:

- Commercial, aimed at unifying the product catalogue, harmonising pricing and special agreements, close/switch of non-migratable products;
- Organisation and Resources, aimed at managing the alignment of processes and operating models, training of the resources involved and supporting the initial use of the new IT instruments;
- Systems and Technologies, aimed at preparing target software applications, managing the two systems in the transitory periods, managing IT migration and the integration of technological infrastructures.

In particular, the definition of the unified target catalogue for retail and SME customers was completed, starting from the two banks’ commercial offer. The target catalogue contains commercial products which may be adapted on the basis of customer needs. Target organisational solutions, in terms of models and processes, were consolidated and the operating plans for the delivery of training were defined, preparing the necessary materials and infrastructures. The roll-out of IT systems and the relevant test phases of the upgrades of the ICT system commenced and the first simulation of migration of a set of branches was completed successfully.

To permit the complete rationalisation of the ICT systems and operations, in the last three months of 2007 the Integration project DOF/Migration Banca IMI was also activated, and pursues the objective of realising the IT System and the Operations in support of the Capital Markets business of the new Banca IMI – after the integration with Banca Caboto – through the introduction of a single ICT system.

The criteria which guided the selection of the IT System and the operating system were first and foremost the safeguard of the needs of the business (in terms of selection of the most effective and flexible IT applications and continuation of all the specific functionalities in support of front office activities), the minimisation of migration times and risks, as well as the maximisation of cost synergies.

The DOF integration project and the migration of Banca IMI to the target system started in November and the preparation of the Master Plan for the IT and organisation activities and the synchronisation with the other programming initiatives under way was concluded.

Lastly, implementation commenced in January 2008 and involves both reference IT structures and the Organisation and the Business Divisions. Completion of the project is expected for January 2009.

Intesa Sanpaolo in the first quarter of 2008

Acquisition of Carifirenze

In the first quarter of 2008 activities continued for the rationalisation of Group structure. At the end of January, Intesa Sanpaolo acquired control of Cassa di Risparmio di Firenze S.p.A. (“**Carifirenze**”) from Ente Cassa di Risparmio di Firenze, Fondazione Cassa di Risparmio di Pistoia e Pescia, Fondazione Cassa di Risparmio della Spezia and So.Fi.Ba.R. – Società Finanziaria di Banche Romagnole, by means of a share swap of own ordinary shares. As a result of the stake already held, the share swap, the subsequent Mandatory Public Offer and the exercise of the squeeze-out right on the residual shares, Intesa Sanpaolo now holds an 89.71% stake in Carifirenze’s share capital and Ente Cassa di Risparmio di Firenze holds the residual stake.

The acquisition of Carifirenze significantly strengthens Intesa Sanpaolo’s competitive position in the five regions of Centre-North Italy, where Carifirenze has an extensive presence, and specifically in Tuscany. This transaction effectively complements Intesa Sanpaolo’s strategy aimed at completing its territorial coverage of Italy, as set out in its Business Plan.

Carifirenze will become the sub-holding company for Central Italy and will perform management and coordination duties, on behalf of the Parent Company Intesa Sanpaolo, of the commercial banks controlled by Carifirenze and by Casse del Centro. Carifirenze will operate within the Banca dei Territori framework and will have exclusive territorial control of Tuscany and Umbria and the following areas will be added: the eastern part of Liguria, the Viterbo and the Ascoli Piceno provinces and the area of Fano.

Rationalisation of Group structure

Various infra-group mergers became effective as of 1 January 2008 and involved both Italian and international subsidiaries. In Italy, the integration between Banca Intesa Infrastrutture e Sviluppo S.p.A. – which took on the new corporate name of Banca Infrastrutture Innovazione e Sviluppo S.p.A. (“**BIIS**”) – and Banca per la Finanza alle Opere Pubbliche e alle Infrastrutture (“**Banca OPI**”) came into effect. The operation was realised through the total spin-off of Banca OPI. All assets, liabilities and legal relationships previously referred to Banca OPI were assigned completely and totally unchanged to BIIS, with the exception of the equity investments held by Banca OPI in Fin.OPI (now Equiter) and in SINLOC, which were transferred, respectively, to Intesa Sanpaolo and Fin.OPI.

Leasint – the company formed from the merger by incorporation of Sanpaolo Leasint into Intesa Leasing – is also operational from the beginning of the year and it is a leading player in Italy. The disposal of 198 branches, to comply with decisions issued by the Italian Competition Authority relative to the Banca Intesa and Sanpaolo IMI merger, was finalised in the first quarter of 2008.

More specifically, 36 branches of the Intesa Sanpaolo Group were sold to Veneto Banca on 14 February for a total consideration of 274 million euro. This disposal which came into effect as of 18 February 2008 included branches located in the provinces of Imperia (5 branches), Venezia (12), Padova (7), Udine (9) and Rovigo (3). On 21 February the following further disposals were finalised and came into effect as of 25 February 2008: 35 branches, for a total consideration of 395 million euro, to the Credito Valtellinese Group, of which 12 to Credito Artigiano in the Pavia province and 23 to Credito Piemontese in the provinces of Alessandria (4) and Torino (19); 6 branches, for a total consideration of 54 million euro, to Banca Popolare

Alto Adige in the Venezia province; 43 branches, for a total consideration of 181 million euro, to Banca Popolare di Bari in the provinces of Pesaro (2), Terni (11), Napoli (15), Caserta (10) and Brindisi (5).

The sale of the remaining 78 branches – in the provinces of Torino (14), Aosta (1), Como (19), Pavia (6), Venezia (18), Padova (15), Rovigo (1) and Sassari (4) – to Banca Carige was finalised on 7 March with effect as of 10 March 2008 for a total consideration of 996 million euro.

Lastly, the integration in Eurizon Capital of Eurizon Investimenti (former CAAM Sgr), whose control was acquired at the end of 2007 following the purchase of the activities attributable to the 65% stake of Nextra Investment Management, was finalised in April. Following this transaction, Eurizon Capital became the leading Italian asset management company with over 174 billion euro of net managed assets and a market share exceeding 20%. The new Eurizon Capital, which controls Eurizon Capital SA – with registered office in Luxembourg and branches in Chile and Singapore – Eurizon Alternative Investments Sgr and Eurizon A.I. Sgr, both asset management companies of funds of hedge funds, and Epsilon Sgr, specialised in quantitative asset management, is capable of offering a product range which is among the most complete in the market, both in terms of asset class and management styles, complemented by a wide range of services offered to retail, private and institutional investors.

As far as the Intesa Sanpaolo Group's presence abroad is concerned, in Albania, American Bank of Albania absorbed Banca Italo Albanese; in Serbia, Banca Intesa Beograd merged with Panonska Banka and in Hungary CIB absorbed Inter-Europa Bank. In parallel the rebranding of International Banks commenced and will proceed in 2008 in every country according to different timing and means, with the sole exception of Albania where it will occur in 2009. Lastly, at the beginning of February, Intesa Sanpaolo and the controlling shareholders of JSC Pravex Bank, executed an agreement for the acquisition of 100% of the share capital of Pravex. Completion of the transaction is expected within the year, after obtaining the necessary authorisations in Italy and Ukraine. Pravex is a commercial bank entirely dedicated to retail banking activities with households, with a network of approximately 560 branches (which represent the sixth largest network in the country), over 2,000 point-of-sale consumer finance outlets located in major commercial retail chains, and approximately 280 ATM machines. Pravex provides personal, mortgage and auto loans and revolving credit cards and is one of the three major Ukrainian providers of point-of-sale consumer finance to approximately 1.2 million clients. Pravex's financial statements, prepared according to IFRS, showed total assets of approximately 1 billion dollars, loans to customers of approximately 600 million dollars – financed entirely with customer deposits – and shareholders' equity exceeding 100 million dollars. At closing, Intesa Sanpaolo will pay an exchange value of approximately 750 million dollars. Total consideration shall be adjusted based on Pravex's IFRS net book value at the date of completion.

Operating divisions

In the first quarter of 2008 all the operating divisions continued activities aimed at the integration and rationalisation of the Group and the launch of new products and services. Within the Banca dei Territori Division, preparatory activities for the migration to the target information system of all the branches were completed. The migration process commenced in April 2008 and is expected to be completed for the Parent Company next July. Product rationalisation, simplification and standardisation was almost completed. It involved the selection of the best commercial offers of the Intesa and Sanpaolo IMI Groups and led to an approximately 60% reduction in the number of products. A new product catalogue was defined, tailored to meet the needs of the various customer segments (private, small business, and SMEs). Moreover, a new platform was introduced to support branches in all the phases of the commercial process and to ensure consistent behaviour.

In the first quarter, new products and new initiatives were also launched, both for retail customers and for small businesses. In the private segment, the project aimed at optimising private banking activities – through the integration in Intesa Sanpaolo Private Banking of the private networks from Sanpaolo IMI and network banks – continued.

For non-profit customers, Banca Prossima, the first dedicated European bank, established at the beginning of November 2007, launched an innovative service for all non-profit organisations called “Subito 5 per mille” which advances, within 10 working days, up to 100% of the expected sums of donations made by

citizens through personal tax returns; the only undertaking required is to authorise Banca Prossima to collect the “5 per mille” once it has been disbursed, thereby closing the financing arrangement. Donations totalled almost 600 million euro, targeted at tens of thousands of organisations throughout Italy. These contributions, to be transferred by the State and varying from thousands to millions of euro, have still not been paid out, with the consequence that more than 15,000 non-profit organisations of all sizes risk having to reassess their work programmes. Concerning medium-/long-term financing to support the development of small and medium-sized enterprises, Mediocredito Italiano, a company which unites the experiences matured by the Group in financing to SMEs, was recently presented to the market. Mediocredito Italiano operates within the Banca dei Territori Division, to serve the network of the Intesa Sanpaolo Group, and is mostly aimed at companies with a turnover between 2.5 million euro and 150 million euro offering industrial and specialised lending and leasing thanks to the convergence with Leasint, in which Mediocredito Italiano now holds a direct interest. The strongly-innovative business model is based on a two-fold logic: on the one hand, centres of excellence were formed for all business financing types (medium-/long-term, subsidised lending, research and development lending, Alternative Capital Market, structured finance, leasing); on the other hand, the service model is based on specialised desks deeply rooted in local territories to capitalise on so-called “high growth” industries (energy, fashion, research and development, hospitality, agriculture, food, media and entertainment, shipping).

The changed organisational structure sees EurizonVita committed in the support of the development of Banca dei Territori and, simultaneously in satisfying the needs of the customers of Banca Fideuram’s networks of financial advisors. Activities in the first quarter of the year focused on enhancing quality of customer service and of distribution networks and on adapting the product range in order to satisfy customer needs with innovative investment, insurance and protection solutions.

The production mix, in a less dynamic market context with respect to the previous year, entails:

- the repositioning on unit-linked policies, aimed at absorbing part of the production of index-linked products, which are affected by the lower customer preferences; the new unit-linked product called EurizonLife Prospettiva was launched in the quarter;
- the resizing of traditional products, characterised by a low new business contribution, and considerable outflows for surrenders and expiries;
- the expansion of the offer of the casualty branch, with the introduction of the new “Creditor protection insurance” products to be combined with mortgages and loans and the launch of the new “Prospettiva Salute” product.

The Corporate & Investment Banking Division continued both rationalisation and integration activities and product and service development activities.

Corporate Relations continued the project that focuses on the identification of new hubs for back-office operations and on the definition of a service model which guarantees an improvement in customer management by means of segmentation in relation to market share, risk level and industry. At the same time a new strategy to develop activities in emerging countries was defined.

As regards Financial Institutions, to increase cross-selling on high value added products, Global Relationship Managers were provided with “SalesForce”, the first on-line Customer Relationship Management tool, and a statistical datamart specifically designed for this market segment is in an advanced phase of realisation.

With reference to the Investment Banking area, the coverage of Corporate customers was strengthened with a highly specialised product offer (for example advisory services for corporate restructurings or advisory and interventions in complex extraordinary finance transactions). In particular, credit facilities in favour of highly-leveraged entities in relation to corporate acquisitions, leveraged buy-outs or medium-term refinancing transactions were originated. Moreover, coverage on international markets is being strengthened through the selective identification of the industries, products and geographical areas in which to develop internal competencies and apply the Group’s distinctive competencies in the origination, structuring and management of complex transactions.

The Capital Markets area addressed its actions to the development and enhancement of service models which entail strengthening distribution capacity, launching new products and expanding origination capacity. With reference to Merchant Banking activities, the Bank operates both directly and indirectly in almost all market segments (investments in development projects; support to SMEs through regional funds, institutional investments, quasi-equity investments through mezzanine fund; restructuring projects and special situations, start-ups and technological innovation with the venture capital fund etc.), with a strong focus on the Italian market.

Within the Public Finance Business Unit, the already-mentioned integration between Banca OPI and Banca Intesa Infrastrutture e Sviluppo was finalised with effect as of 1 January 2008 with the establishment of the new Banca Infrastrutture Innovazione e Sviluppo thus forming a unique competence centre in Italy, capable of favouring the cooperation between Public and Private sectors at the service of the growth of the country. BIIS has the competencies and the experience to operate in all international markets, and continues to develop Public Finance abroad, as set out in the Business Plan, starting from the European and Mediterranean basin countries.

The strategic guidelines defined in the Business Plan for the International Subsidiary Banks Division are mainly oriented to an improvement in the Group's competitive positioning in the countries where it is present, realising revenue synergies on the one hand, especially by leveraging on centres of excellence (leasing, credit cards, consumer credit, etc.), and cost synergies on the other hand, with the merger projects in Hungary, Albania and Serbia, which have been completed. The press conference for the presentation of the new logos of the Group's International Subsidiary Banks took place in Vienna in January. The new logos are aimed at evoking the Parent Company's logo in terms of format and colour. All Banks will change identity and certain banks will also change name: the rebranding activity will proceed in every country according to different timing and means.

In the various countries, in addition to the initiatives aimed at strengthening and rationalising territorial coverage, specific attention was paid to commercial development activities, for the renewal, expansion and diversification of the range of products offered, especially those targeted at retail customers.

In the first months of 2008, with reference to asset management, Banca Fideuram, consistent with the objective of consolidating its market leadership, through the development of its traditional strong points (such as private banking), undertook certain important actions. In particular, efforts concentrated not only on the continuous updating of the product offer, to keep it in tune with market evolution and to adequately support the advisory service model, but especially on the development of a dedicated offer for the private customer segment, strategic for the bank. Lastly, in the first quarter the preparatory activities were completed for the incorporation of Eurizon Investimenti into Eurizon Capital, which occurred on 7 April. The company started a process to requalify its asset management products, including funds incorporated under both Italian and Luxembourg law, aimed at product range rationalisation and investment policy variations.

Group History

Banca Intesa S.p.A.

The entity now known as Intesa Sanpaolo S.p.A. was originally established in 1925 under the name of La Centrale with interests in the field of production and distribution of electricity. After the nationalisation of the enterprises in that sector in the early 1960s, the company changed its name to La Centrale Finanziaria Generale, acquiring equity investments in various sectors and particularly in the banking, insurance and publishing sectors. In 1985, La Centrale incorporated the holding company Nuovo Banco Ambrosiano, adopting its name and corporate objects. Nuovo Banco Ambrosiano was formed in 1982 by a group of seven banks in order to take over the Banco Ambrosiano bank, which had been put in mandatory liquidation.

The former Banca Intesa Group was formed in January 1998 following the acquisition by Banca Intesa S.p.A. (formerly known as Banco Ambrosiano Veneto S.p.A.) of the entire issued share capital of Cariplo. During 1999 Banca Popolare Friuladria and Cassa di Risparmio di Parma e Piacenza also joined the Intesa Group.

In December 1999 Banca Intesa finalised the exchange offer pursuant to which it acquired 70% of the outstanding ordinary shares and savings shares of BCI in exchange for the issue of new ordinary shares of Banca Intesa. In October 2000 the Board of Directors of both Banca Intesa and BCI approved the merger by incorporation of BCI into Banca Intesa, which was completed on 1 May 2001. Following the this merger, Banca Intesa adopted a new corporate name, “Banca Intesa Banca Commerciale Italiana S.p.A.” or, in short, “IntesaBci S.p.A.” or “Banca Intesa Comit S.p.A”.

On 1 January 2003 the corporate name reverted to “Banca Intesa S.p.A.” or, in short, “Intesa S.p.A.” and consequently the Group name became known once again as “Gruppo Banca Intesa” or, in short form, “Gruppo Intesa”.

Sanpaolo IMI S.p.A.

Sanpaolo was formed through the merger of IMI – Istituto Mobiliare Italiano into Istituto Bancario San Paolo di Torino, effective as of 1 November 1998.

Istituto San Paolo di Torino originates from the “Compagnia di San Paolo” brotherhood, which was set up in 1563 to help the needy. The “Compagnia” developed from “Monte di Pietà” to a real bank during the nineteenth century, progressively developing credit activities. In 1932, the Bank achieved the status of Public Law Credit Institute. Between 1960 and 1990, the Bank expanded its network nationwide through a number of acquisitions of local banks and medium-sized regional banks. In 1977, the Bank took control of Banco Lariano di Como and in 1984 it acquired Banca Provinciale Lombarda, well-rooted in the Bergamo province.

In 1991, the Bank acquired Crediop from Cassa Depositi e Prestiti and reached the level of a multifunctional group of national importance.

In 1992, following the transformation into a company limited by shares, according to the rules and facilitations provided for by Italian Law No. 218 of 1990 (the so-called Amato Law), approximately 20% of the share capital was listed on the Italian stock market and placed on the main foreign stock markets through public offers.

In 1993, certain reorganisations took place leading to the incorporation of Banco Lariano and of Banca Provinciale Lombarda. In February 1995, Banca Nazionale delle Comunicazioni was acquired. The privatisation process of the bank was completed in 1997 through the public offer for sale of 31% of the share capital and the private placement of a 22% stake aimed at constituting a stable group of shareholders.

At the time of the merger with IMI – Istituto Mobiliare Italiano, San Paolo presented itself as a commercial bank of primary national standing, with diversified products and a widespread and effective distribution network.

IMI was founded in 1931 as a Public Law Body, with the purpose of promoting the process of restructuring and recapitalising Italian industry through the grant of medium/long-term loans and the acquisition of equity investments. During the Eighties, the IMI group implemented a broad reorganisation of its operating structure and of its company activities by developing the business area represented by specialist credit services as well as new operations in the investment banking sector and, with Banca Fideuram, in the professional asset management and financial consultancy sectors.

The multifunctional group originated by the merger of Sanpaolo with IMI was organised according to business areas: commercial banking, large corporate, investment banking, personal financial services, merchant banking, funding of public investments and infrastructures.

During 2000, Sanpaolo IMI acquired Banco di Napoli, a longstanding bank with a strong territorial presence, which integrated the Group’s distribution network with its widespread presence in Central-Southern Italy. Banco di Napoli was incorporated in 2002, followed by the spin-off by the Group of the operating units in Campania, Puglia, Calabria and Basilicata into a new company which took the name of Sanpaolo Banco di Napoli, the only group bank operating in those areas from that date.

Subprime Mortgages

A universally agreed-upon definition of subprime mortgages does not exist. In short, this classification refers to mortgaged lending which is riskier since it is granted to borrowers which have previously defaulted or because the debt-to-income or loan-to-value ratio is high.

As at 31 December 2007, the Intesa Sanpaolo Group:

- did not have mortgages definable as subprime in its portfolio, since the Group's policy does not envisage granting of this kind;
- did not issue guarantees connected to the aforementioned products.

That being said, for US subprime exposure, Intesa Sanpaolo intends all cash investments in securities (ABS and funded CDOs) and derivative positions (unfunded CDOs) with collateral mainly made up of US residential mortgages other than in the "prime" sector (i.e. Home Equity Loans, residential mortgages with B&C ratings and similar products) granted in the years 2005/06/07, irrespective of the FICO score² and the Loan-to-Value³. For loans with vintage⁴ before 2005, the probability of loss is differentiated on the basis of the specific characteristics of the collateral: the component characterised by high probability of loss, which has been identified – and defined subprime – considering RMBS with FICO score under 629 and Loan-to-Value over 90%, was immaterial.

The risk on these investments was managed and reduced via "short" positions on ABX indices.

The net nominal "long" exposure of 49 million euro as at 31 December 2007 compares with 33 million euro reported as at 30 June 2007 and 11 million euro as at 30 September 2007. In terms of risk exposure, there is a "long" position of 73 million euro as at 31 December 2007, which, considering "short" positions of 122 million euro, leads to a net "short" exposition of 49 million euro.

In the year 2007, the overall impact on the income statement ascribable to these positions was minus 163 million euro, of which minus 113 million euro in the fourth quarter.

Legal risks

Legal risks are analysed by the Parent Company and Group companies. Provisions are made to Allowances for risks and charges, in the presence of legal obligations for which it is probable that funds will be disbursed to meet such obligations and where it is possible to make a reliable estimate of the disbursement.

The most complex legal procedures are described in the paragraphs below.

Litigation

Litigation regarding compound interest

After March 1999, the Italian Court of Cassation changed its previous opinion and declared the quarterly capitalisation of interim interest payable on current accounts to be illegitimate, assuming that the relevant clauses in bank contracts do not integrate the contract with a “regulatory” standard practice, but rather with a “commercial” practice, and therefore, such clauses are not adequate to derogate from the prohibition of anatocism pursuant to Art. 1283 of the Italian Civil Code.

The subsequent Legislative Decree 342 of 1999 confirmed the legitimacy of capitalisation of interest on current accounts, as long as interest is calculated with the same frequency on deposits and loans. From April 2000 (date in which this regulation came into effect), quarterly capitalisation of both interest income and expense was applied to all current accounts. Therefore the dispute on this issue concerns only those contracts which were stipulated before the indicated date.

With the decision of the United Sections on 4 November 2004, the Court of Cassation again excluded the possibility that said use may be considered regulatory. Even though court decisions have generally complied with the ruling by the United Sections, the possibility of defending in court the lawfulness of the Bank’s past conduct still exists since many judges in the reliquidation of the accounts apply the technical and accounting criteria proposed by banks which often decrease, even significantly, the restitutions request of account holders.

The overall number of pending cases is at an insignificant level in absolute terms, and is the subject of constant monitoring. The risks related to these disputes are covered by prudential allocations to the provisions for other risks and charges.

Litigation regarding bonds in default

Group policy on management of complaints on financial instruments sold, sets out a case-by-case assessment, with particular attention paid to the suitability of the instruments with respect to the position of the single investor.

More specifically, for Parmalat bonds, Intesa Sanpaolo recently decided, in agreement with all the representative Consumer Associations at national level, to extend the free conciliation procedure – successfully applied for former Gruppo Intesa customers - to customers of the former Sanpaolo IMI Group who had bought Parmalat securities.

The extended procedure will cover approximately 27,000 customers of the former Sanpaolo IMI Group who had purchased Parmalat bonds now converted into shares and warrants of the new Parmalat.

Valuations will be based on the equitable treatment criterion and will be carried by five joint committees divided according to regional responsibilities. Each committee will consist of a representative of the Associations and one from the Bank. All customers who may be interested will receive a specific communication illustrating the initiative.

The customers of the former Sanpaolo IMI Group may also continue to use the support offered, for the exercise of reimbursement actions against the parties responsible for the default, by the Parmalatbond Clienti Sanpaolo IMI Committee: the latter, in January 2008, signed a settlement with Deloitte & Touche which sets out the payment to each customer, who bought a Parmalat bond in the period in which Deloitte audited Parmalat’s accounts, of a percentage of the value of the investment according to decreasing percentages as the size of the investment rises, with an average of approximately 4%. If all the potential parties involved adhere to the offer there would be an overall recovery between 14 – 16 million euro.

For Argentina bonds, complaints are managed by the ordinary procedure in place for any other financial product, according to a specific valuation of single positions. Like all other legal risk measurement procedures provisions deemed to be congruous are recorded.

Cirio group default

In November 2002, the Cirio Group, one of the largest Italian groups operating in the agro-industrial sector, was declared insolvent in the repayment of a loan issued on the Euromarket. This event led to a cross default on all its existing issues. The bonds issued by the Cirio Group had a nominal value totalling approximately 1.25 billion euro. Both the former Gruppo Intesa and the former Sanpaolo IMI Group – like the other major banking groups – had granted loans to the Cirio group.

In April 2007, 10 companies of the Cirio group in Extraordinary Administration notified Intesa Sanpaolo and Banca Caboto, as well as five other banks, considered to be severally liable, of the filing of a claim for the reimbursement of alleged damages deriving from:

- the worsening of the default of the Cirio group, from the end of 1999 to 2003, favoured also by the issue in the 2000/2002 period of six bonds; the damages thereof are quantified – adopting three different criteria with the main criteria in 2,082 million euro and, with the control criteria, in 1,055 million euro or 421 million euro;
- the impossibility by the Extraordinary Administration procedures of undertaking bankruptcy repeal, for undetermined amounts, because the default of Cirio group companies was postponed in time;
- the payment of fees of 9.8 million euro for the placement of the various bond issues.

Our Group deems that such claims are totally unfounded and it is confident that it will be capable of contrasting such claims both as concerns the merit of the case and on the basis of the lack of capacity to act in court proceeding for Extraordinary Administration bodies. Intesa Sanpaolo and the other notified banks filed a request to the Court for the date of the hearing to be set, for the purpose of avoiding a long proceeding and favouring a rapid decision on the controversy.

Certain corporate officers of the Sanpaolo IMI Group have been involved, together with numerous other representatives of other banks, in the criminal proceedings filed by the Public Prosecutor of the Court of Rome, in relation to the Cirio group default both as concerns management of financing activities between the Bank and the aforesaid group, and for securities trading activities with customers referred to bonds issued by the same group.

With the sentence of 25 September 2007 the examining judge set out the acquittal of the former Sanpaolo IMI Group officers “because the fact is not a crime”, thus confirming the conviction always expressed by the Bank on the absolute regularity in the conduct of its managers in this matter.

Equitalia Polis S.p.A. (formerly Gest Line S.p.A.)

With two transactions, in September 2006 and in February 2008, the Bank, as part of the State’s internalisation of tax-collection activities, sold to Equitalia (a company owned by Agenzia delle Entrate and INPS, respectively the Italian Revenue Agency and the National Institute for Social Security) 85% of the equity investment in Gest Line, now Equitalia Polis, which performed tax-collection activities in the former Sanpaolo IMI Group.

Gest Line’s alleged irregularities in performing tax-collection activities in the period from the late 1980s and the early 1990s led to drawn-out litigation with tax-collection authorities mostly referred to the concession in Bologna. At the time of disposal of the aforesaid equity investment, the Bank released specific guarantees, in addition to those provided for by the law for the State’s internalisation of tax-collection activities, which also cover liabilities deriving from the aforesaid litigation.

Gest Line adhered to the amnesty for administrative irregularities introduced by Law 311/04. Moreover, as part of the pending litigation, doubts were raised by certain Tax-Collection Offices and Administrative Judges concerning the extension of the provisions of the aforesaid amnesty. The conversion of Law Decree 248/2007 provides a clarification on the interpretation of the amnesty which should positively affect the litigation, favouring its possible extinction.

In any case, before the final declaration that the matter of the litigation ceases to exist, which is under the jurisdiction of the Italian Court of Auditors, the litigation is covered by congruous provisions.

IMI SIR dispute

Other assets include 1.3 billion euro regarding the presumed realisable value of the loan granted to Consorzio Bancario Sir S.p.A. in liquidation, which was definitively enforced by the Civil Section of the Italian Court of Cassation through sentence 2469/03 which referred the case to the Rome Court of Appeal, for the sole purpose of deciding if approximately 14.5 million euro should be deducted or not from the sum of 506 million euro paid at the time by IMI to the heirs of Mr. Rovelli and object of the reimbursement claim promoted by the Bank against the aforesaid Consorzio. The same sentence also confirmed the right of the Consorzio to be held harmless by Ms. Primarosa Battistella (heir of Mr. Rovelli) and by Eurovalori s.r.l., as concerns the payment, in favour of the Bank, of the sums which the Consorzio has been condemned to pay.

As regards criminal proceedings, the Italian Court of Cassation, with sentence of 4 May 2006, confirmed the responsibility of the defendants regarding the crime of corruption, with the exception of Ms. Primarosa Battistella and her son Mr. Felice Rovelli, who were released for different reasons which do not exclude, among other things, their non-involvement in the crime. Moreover, the Court of Cassation recognised the Bank's right, as successor of IMI, to compensation of not only moral damages, but also of monetary damages from the persons convicted for corruption.

A series of civil law actions derived from the sentence of the criminal court: (i) in 2006 Sanpaolo IMI presented an appeal to the Rome Court of Appeal to revoke the sentence muddled by the crime of corruption (handed down by the Rome Court of Appeal on 26 November 1990) and, at the same time, to order Ms. Primarosa Battistella to repay IMI the amount paid in 1994 in compliance with the sentence muddled by the corruption; (ii) in 2006 Consorzio Bancario Sir appealed to the Rome Court of Appeal to revoke the abovementioned sentence of the same court through which the Consorzio, on the basis of the aforesaid sentence which had resolved the controversy in favour of Mr. Rovelli, was ordered to reimburse Sanpaolo IMI the amount IMI paid to the Rovelli heirs; (iii) in 2007 Intesa Sanpaolo, as successor of Sanpaolo IMI, filed with the Court of Rome, on the basis of the sentence of the criminal court, a claim to obtain damages, quantified in approximately 1 billion euro, against the corrupted judge, corrupting parties and the Republic of Italy which, pursuant to law 117/1988, is severally liable with the magistrate for the damages due to the latter's illicit conduct in the exercise of his/her functions.

In July 2007 a settlement defining all pending litigations occurred between Mr. Oscar Rovelli, who is under investigation for money-laundering by the Prosecutor of the Court of Monza (which is being debated before the examining judge), his mother Ms. Primarosa Battistella, the other components of the Rovelli family and the Bank. The agreement, which is limited to the sole responsibility ascribable to the latter, entails the payment to Intesa Sanpaolo of 200 million euro (most of which in cautionary deposits as provided for by both Italian and US penal authorities, which are responsible for the release of the necessary authorisations for the transfer of such funds in favour of the Bank as party offended by the crime of corruption), in addition to the sale to the Bank of considerable tax credits which will arise for Ms. Battistella as a consequence of the revocation of the sentence muddled by corruption. The agreement is subject to certain suspension terms, which have not yet completely occurred. As soon as these occur it will become fully effective, and will enable the Bank to collect the sum provided for.

Parmalat settlement

On 22 December 2007, Parmalat S.p.A. and Intesa Sanpaolo S.p.A. reached an agreement settling all reciprocal claims that led to litigation arising from operations in the period preceding the insolvency declaration of the Parmalat Group (December 2003). The settlement brings all pending revocatory and damages actions and all reciprocal claims eventually to be filed to an end. The agreement established a total amount of €310 million to be paid by the Intesa Sanpaolo Group.

Furthermore, Parmalat S.p.A. reached an agreement with Cassa di Risparmio di Parma e Piacenza S.p.A. ("**Cariparma**") settling all reciprocal claims with the companies under extraordinary administration

procedures and Parmalat on one hand, and Cariparma on the other hand, with withdrawal of all pending or possible revocatory and damages actions with payment by Cariparma of a total amount of €83 million.

Within the same framework an agreement was reached for the settlement of the revocatory actions against Biverbanca S.p.A., with withdrawal of all actions and payment of a total amount of €3 million.

Similar settlements were reached between the Intesa Sanpaolo Group and Cariparma on one side and the Commissioner of the Extraordinary Administration of the Parmatour Group and of Parma Associazione Calcio and of the other companies of the former Parmalat Group still in Extraordinary Administration on the other side. These agreements establish the withdrawal of all the pending and potential actions by the Extraordinary Commissioner and:

- the payment by the Intesa Sanpaolo Group of an amount of €12.5 million to the Parmatour Group under Extraordinary Administration and the payment of an amount of €2.5 million to Parma Associazione Calcio under Extraordinary Administration and the payment of a total amount of €2 million to the other companies under Extraordinary Administration; and
- the payment by Cariparma of an amount of €2.5 million to the Parmatour Group under Extraordinary Administration and the payment of an amount of €2.5 million to Parma Associazione Calcio under Extraordinary Administration and the payment of a total amount of €2 million to the other companies under Extraordinary Administration.

With reference to the settlement of all relations and claims involving the Intesa Sanpaolo Group with respect to the Parmalat Group default agreed upon with Parmalat S.p.A. (acting as Assumptor under the Parmalat composition with creditors, known as “concordato”), Intesa Sanpaolo once more declared that the Group had been absolutely fair in its behaviour and totally unaware of the Parmalat state of insolvency and clarified that the Bank resolved upon the settlement only to avoid uncertainties which arise, as a matter of fact, from the involvement in a long lasting and very complex litigation while also considering the related heavy administrative costs.

In particular, the settlement agreed upon provides that, with the payment by the Intesa Sanpaolo Group of a total amount of €310 million, all revocatory actions filed (for approximately €1.7 billion) and damage claims filed (for approximately €3.2 billion, of which approximately €1.9 billion jointly and severally with another intermediary), as well as revocatory actions or damage claims eventually to be filed, are to be waived.

Similar settlements were agreed upon between the Intesa Sanpaolo Group and the Commissioner of the Extraordinary Administration Procedure of the Parmatour Group and Parma Associazione Calcio and the other companies of the former Parmalat Group still under Extraordinary Administration, establishing the Intesa Sanpaolo Group to pay €12.5 million destined for the Parmatour Group, €2.5 million for Parma Associazione Calcio and a total amount of €2 million for the other companies under Extraordinary Administration.

Intesa Sanpaolo pointed out that the Group’s total payment of €327 million is covered with provisions for approximately €240 million set aside in previous fiscal years. As regards the Bank’s former subsidiary Cassa di Risparmio di Parma e Piacenza S.p.A., they set aside provisions for €90 million in previous fiscal years which fully cover the commitments made in the settlement reached with Parmalat S.p.A. and the Commissioner of the Extraordinary Administrative Procedure of the Parmatour Group and Parma Associazione Calcio and the other companies of the former Parmalat Group still under Extraordinary Administration.

Finally, Intesa Sanpaolo informed that the Bank is expected to be included in the list of creditors of the Parmalat Group Companies involved in the “Concordato” for an amount of €100 million to be settled by the assignment to Intesa Sanpaolo of shares (and warrants) of Parmalat S.p.A. on the basis of the recovery ratio applied to each company in the “Concordato” for a current market value of approximately €20 million.

Such coupon will step up by 60 basis points on 28 May 2013, if the early redemption option is not exercised by the Issuer. The re-offer price is 99.704%. Intesa Sanpaolo Supervisory Board

On 20 May 2008, Intesa Sanpaolo published a press release, the full text of which is set out below:

“Intesa Sanpaolo's Supervisory Board met today chaired by Giovanni Bazoli and - also on the basis of the declarations given by the persons involved - verified that the independence requirements, set forth in the Corporate Governance Code promoted by the Italian Stock Exchange, are met as concerns Supervisory Board Members Marco Ciabattoni and Riccardo Varaldo, appointed by the shareholders' meeting of 30 April 2008 in substitution of Pio Bussolotto and Fabrizio Gianni who had resigned. The Supervisory Board also resolved upon the following appointments within its internal Committees:

- Riccardo Varaldo in place of Fabrizio Gianni in the Nomination Committee;
- Giovanni Costa in place of Pio Bussolotto in the Strategy Committee;
- Marco Ciabattoni in place of Giovanni Costa in the Financial Statements Committee.

The composition of both the Control Committee and the Remuneration Committee remains unchanged.

Furthermore, the Supervisory Board appointed Aureliano Benedetti - whose curriculum vitae is available on the Intesa Sanpaolo website group.intesasanpaolo.com - as Management Board Member in place of Giovanni Battista Limonta, who had resigned as of 13 May 2008.

Aureliano Benedetti is a non-executive Management Board Member. The Management Board will ascertain within the terms provided that the requirements of integrity, professionalism and independence - set forth by the law and the articles of association - are met. As regards the independence requirement, Aureliano Benedetti, in his capacity as Chairman of the subsidiary Banca CR Firenze, is “non-independent” under art. 148, par. 3, of the Consolidated Law on Finance.

According to the Articles of Association of Intesa Sanpaolo, Management Board Members do not have to meet the independence requirements set forth in the Corporate Governance Code promoted by the Italian Stock Exchange, also as a result of the Bank's decision to set up the Committees foreseen by the Code within the Supervisory Board, since these requirements are imposed on such Committees."

Sale of interest in AGOS

On 30 May 2008, Intesa Sanpaolo published a press release, the full text of which is set out below:

AGOS S.p.A. will carry on its business as a subsidiary of Sofinco, a Crédit Agricole S.A. company.

All of the above is in accordance with both the disclosures made in the press releases issued by Banca Intesa and Crédit Agricole on 11 October 2006 and the joint press release issued by Crédit Agricole and Intesa Sanpaolo on 27 December 2007 and the decision of the Italian Competition Authority "ACM" issued on 20 December 2006."

(2) Figures relative to the Intesa Group.

At the end of 2007, regulatory capital, which takes into account the definitive effects of the process for the allocation of the purchase cost of Sanpaolo IMI and the proposed dividend distribution in 2008, amounted to €32,963 million and total capital, including Tier 3 subordinated loans, amounted to €33,513 million, against risk-weighted assets of €371,532 million, mostly deriving from credit risks and, to a lesser extent, from market risks. The Total capital ratio equalled 9 per cent. and the Intesa Sanpaolo Group's Tier 1 ratio totalled 6.5 per cent. The ratio between Tier 1 capital net of preferred shares and risk-weighted assets (Core Tier 1) was 5.9 per cent.

Italy

Tax treatment of interest and other proceeds under the Notes

Pursuant to Legislative Decree No. 239 of 1 April 1996 (“**Decree No. 239**”), as amended and restated, and pursuant to Article 44, paragraph (2)(c) of Presidential Decree No. 917 of 22 December 1986 (“**Decree No. 917**”), in general, interest and other proceeds (including the difference between the redemption amount and the issue price) in respect of Notes which are classified as “bonds” or “securities similar to bonds” (*obbligazioni* or *titoli similari alle obbligazioni*) for Italian tax purposes and which are issued by Italian banks or listed companies (i.e. so-called *grandi emittenti*) may be subject to Italian substitute tax, depending on the legal status of the beneficial owner of such interest and other proceeds. Both (i) “bonds”, which are the securities classified as *obbligazioni* pursuant to Art. 2410 *et seq.* of the Italian Civil Code, and (ii) other securities, defined as “securities similar to bonds” by Article 44(2)(c) of Decree No. 917, which incorporate an unconditional obligation to pay an amount not less than their nominal value at maturity and that do not give any right to participate directly or indirectly in the management of the relevant issuer or of the business in relation to which they are issued, are included in the category of “bonds and securities similar to bonds” referred to in Decree No. 239, subject to the tax regime regulated therein. The Italian tax authorities have clarified (Revenue Agency Circular No. 4/E of 18 January 2006) that bonds may have a maturity which is not scheduled at a specific date but which is linked to the duration of the issuing company or to the liquidation thereof, if the company has been incorporated for an indefinite duration pursuant to Article 2328(2), No. 13, of the Italian Civil Code.

Italian resident Noteholders — applicability of substitute tax

Under Decree No. 239, payments of interest and other proceeds (including the original issue discount, if any) in respect of the Notes to Italian resident beneficial owners (either when interest and other proceeds are paid or when payment thereof is obtained by a beneficial owner on a transfer of the Notes) are subject to a final substitute tax (*imposta sostitutiva*) at a rate of 12.5 per cent. in the Republic of Italy if made to Italian resident beneficial owners that are:

- (i) private individuals holding the Notes otherwise than in connection with an entrepreneurial activity (unless they have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the regime provided for under Article 7 of Legislative Decree No. 461 of 21 November 1997, the so called “asset management option” or *risparmio gestito*) (for individuals holding the Notes in connection with an entrepreneurial activity, see below);
- (ii) partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships), *de facto* partnerships not carrying out commercial activities and professional associations;

- (iii) public and private entities, other than companies, not carrying out commercial activities as their exclusive or principal activity; or
- (iv) entities exempt from corporate income tax.

Based on Conditions 9(a) (*Gross up*) of the Terms and Conditions of the Notes, the Issuer will not be obliged to pay any Additional Amounts in relation to substitute tax (*imposta sostitutiva*) applied on payments of interest or other proceeds in respect of the Notes to Italian resident beneficial owners.

Where the Notes are held by an individual or by an entity indicated under (iii) above, in either case in connection with an entrepreneurial activity, interest and other proceeds relating to the Notes are subject to substitute tax and have to be included in the relevant beneficial owner's income tax return. As a consequence, interest and other proceeds are subject to ordinary income tax and substitute tax may be recovered as a deduction from income tax due.

The 12.5 per cent. substitute tax is applied by the Italian resident qualified financial intermediaries provided by law (including banks, *società di intermediazione mobiliare* (or “**SIMs**”), fiduciary companies, *società di gestione del risparmio* (or “**SGRs**”), stock brokers and other qualified entities expressly indicated in Ministerial Decrees, as well as permanent establishments in the Republic of Italy of banks or intermediaries resident outside the Republic of Italy, collectively referred to as “**Intermediaries**” and each as an “**Intermediary**”) that intervene, in any way, in the collection of interest and other proceeds on the Notes or, also as transferee, in the transfer of the Notes. If the Notes are not deposited with any qualified Intermediary, substitute tax is applied and withheld by any Italian Intermediary (including a permanent establishment in Italy of a foreign entity) paying interest to a beneficial owner.

If interest and other proceeds on the Notes are not collected through the intervention of an Italian resident Intermediary and as such no substitute tax is levied, the Italian resident beneficial owners listed above under (i) to (iv) are required to include interest and other proceeds in their annual income tax return and subject them to final substitute tax at a rate of 12.5 per cent.

Italian resident Noteholders — substitute tax not applicable

Pursuant to Decree No. 239, payments of interest and other proceeds (including the original issue discount) in respect of the Notes to Italian resident beneficial owners are not subject to substitute tax if made to beneficial owners that are:

- (i) Italian resident individuals holding the Notes otherwise than in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the *risparmio gestito* regime;
- (ii) Italian resident collective investment funds and SICAVs and pension funds referred to in Legislative Decree No. 252 of 5 December 2005;
- (iii) Italian resident real estate investment funds;
- (iv) Italian resident corporations or permanent establishments in the Republic of Italy of non-resident corporations to which the Notes are effectively connected;
- (v) Italian resident partnerships qualified as *società in nome collettivo* or *società in accomandita semplice* and other similar partnerships, including *de facto* partnerships, carrying out a commercial activity; or
- (vi) public and private entities, other than companies, carrying out commercial activities and holding the Notes in connection with the same commercial activities.

If the Notes are part of an investment portfolio managed on a discretionary basis by an Italian authorised intermediary and the beneficial owner of the Notes has opted for the *risparmio gestito* regime, an annual substitute tax at a rate of 12.5 per cent. applies on the increase in value of the managed assets accrued, even if not realised, at the end of each tax year (which increase includes interest, premium and other proceeds

accrued on Notes). The substitute tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Italian resident collective investment funds and SICAVs are generally subject to a 12.5 per cent. annual substitute tax (the “**Collective Investment Fund Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase includes interest and other proceeds accrued on the Notes).

Italian resident pension funds subject to the regime provided by Legislative Decree No. 252 of 5 December 2005, are subject to an 11 per cent. annual substitute tax (the “**Pension Fund Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase includes interest and other proceeds accrued on Notes).

Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 (“**Decree No. 58**”) are not subject to any taxation at the fund level on payments under the Notes.

Interest and other proceeds on the Notes accrued to (a) Italian resident corporations or to permanent establishments in the Republic of Italy of foreign companies to which the Notes are effectively connected, (b) Italian resident partnerships qualified as *società in nome collettivo* or *società in accomandita semplice* or similar partnerships carrying out a commercial activity; and (c) Italian resident public and private entities, carrying out commercial activities and holding the Notes in connection with the same commercial activities, generally are included in the taxable business income for income tax purposes (and, in certain cases, depending on the status of the Noteholder, may also be included in the taxable net value of production for the purposes of regional business tax or IRAP) of such beneficial owners, subject to tax in the Republic of Italy in accordance with ordinary tax rules.

To ensure payment of interest and other proceeds in respect of the Notes without application of substitute tax, where allowed, investors indicated herein under (i) to (vi) above must be the beneficial owners of payments of interest and other proceeds on the Notes and must deposit the Notes in due time, together with the coupons relating to such Notes, directly or indirectly, with an Italian authorised financial intermediary (including non-resident entities and companies that participate in a centralised management system of securities and hold a direct relationship with the Ministry for the Economy and Finance — Revenues Agency).

Non-Italian resident Noteholders

Pursuant to Decree No. 239 payments of interest and other proceeds in respect of the Notes are not subject to substitute tax if made to non-Italian resident beneficial owners of the Notes with no permanent establishment in the Republic of Italy to which the Notes are effectively connected, provided that:

- (a) they are resident in a country which allows an adequate exchange of information. With reference to this condition, according to Ministerial Decree of 12 December 2001, the current list of the countries allowing for an adequate exchange of information is that contained in the Ministerial Decree of 4 September 1996, as subsequently amended and supplemented. The exemption from substitute tax also applies to (i) non resident “institutional investors” (i.e. entities whose activity consists of making or managing investments on their own behalf or on behalf of other persons, as defined by the Revenue Agency Circular No. 23/E of 1 March 2002), even if they are not treated as taxpayers in their country of residence, but provided that they are located in a country which allows for an adequate exchange of information (and subject to certain other conditions mentioned in Circular No. 23/E, quoted, and in Revenue Agency Circular No. 20/E of 27 March 2003), (ii) international organisations created pursuant to international treaties that are effective in the Republic of Italy, and (iii) central banks or entities managing the official reserves of the State;
- (b) the Notes are deposited directly or indirectly: (i) with a bank or an Italian securities dealing firm (SIM) resident in the Republic of Italy, (ii) with the Italian permanent establishment of a non-resident bank or brokerage company which is electronically connected with the Italian Ministry for the

Economy and Finance, or (iii) with a non-resident entity or company which has an account with a centralised clearance and settlement system (such as Euroclear or Clearstream, Luxembourg) which has a direct relationship with the Italian Ministry for the Economy and Finance; or (iv) with a centralised managing company of financial instruments, authorised in accordance with Article 80 of Decree No. 58;

- (c) the banks or brokers mentioned in (b) above receive a declaration from the beneficial owner of the interest which states that the beneficial owner is a resident of that country. The declaration, which must be in the form approved by Decree of the Ministry for the Economy and Finance of 12 December 2001 (published in Ordinary Supplement No. 287 to the Official Gazette No. 301 of 29 December 2001), is valid until revoked by the investor and does not have to be filed if an equivalent declaration (including Form 116/IMP) has been submitted to the same intermediary for the same or different purposes; in the case of institutional investors not subject to tax, the institutional investor shall be regarded as the beneficial owner and the relevant declaration will be produced by the management company; and
- (d) the banks or brokers mentioned in (b) and (c) above receive all necessary information to identify the non-resident beneficial owner of the deposited debt securities, and all necessary information in order to determine the amount of interest that such beneficial owner is entitled to receive.

Non-resident holders are subject to substitute tax at the rate of 12.5 per cent. on interest and other proceeds on the Notes if any of the above conditions (a), (b), (c) or (d) are not satisfied.

Early redemption

Without prejudice to the above provisions, in the event that the Notes are redeemed, in full or in part, prior to eighteen months from their date of issue, the Issuer is required to pay an additional amount equal to 20 per cent. of the interest, premium and other proceeds accrued up to the time of the early redemption. Where Italian withholding agents intervene in the collection of interest on the Notes or in their redemption, this additional amount may be levied by such withholding agents by way of withholding. In accordance with one interpretation of Italian tax law, in the event of a purchase of Notes by the Issuer with subsequent cancellation thereof prior to eighteen months from the issue date, this 20 per cent. additional amount may also be due.

Capital gains tax

Capital gains realised by Italian resident Noteholders

Any capital gain realised upon the sale for consideration or redemption of the Notes would be treated as part of the taxable business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in the Republic of Italy according to the relevant tax provisions, if realised by Noteholders that are:

- Italian resident corporations;
- Italian resident partnerships classified as *società in nome collettivo* or *società in accomandita semplice* and other similar partnerships, including *de facto* partnerships, carrying on a commercial activity;
- permanent establishments in the Republic of Italy of foreign corporations to which the Notes are effectively connected;
- Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of the commercial activity carried out; or
- public or private entities, other than companies, carrying out commercial activities, holding the Notes in connection with the same commercial activities.

Pursuant to Legislative Decree No. 461 of 21 November 1997, any capital gain realised by Italian resident individuals holding the Notes otherwise than in connection with an entrepreneurial activity and certain other persons upon sale for consideration or redemption of the Notes would be subject to substitute tax at the current rate of 12.5 per cent. Under the so called “tax return regime” (*regime della dichiarazione*), which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity, substitute tax on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any relevant incurred capital loss, realised by Italian resident individuals holding the Notes otherwise than in connection with an entrepreneurial activity pursuant to all disposals of Notes carried out during any given tax year. Italian resident individuals holding the Notes otherwise than in connection with entrepreneurial activity must report overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return to be filed for such year and pay substitute tax on such gains together with any income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind realised in any of the four succeeding tax years.

As an alternative to the tax return regime, Italian resident individual Noteholders holding the Notes otherwise than in connection with entrepreneurial activity may elect to pay a 12.5 per cent. substitute tax separately on capital gains realised on each sale or redemption of the Notes (the *risparmio amministrato* regime). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being made in writing in due time by the relevant Noteholder. Under the *risparmio amministrato* regime, the financial intermediary is responsible for accounting for substitute tax in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised at revocation of its mandate), net of any relevant incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, by deducting a corresponding amount from proceeds to be credited to the Noteholder.

Under the *risparmio amministrato* regime, where a sale or redemption of the Notes results in capital loss, such loss may be deducted from capital gains of the same kind subsequently realised within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare capital gains in its annual tax declaration and remains anonymous.

Any capital gains accrued on Notes held otherwise than in connection with entrepreneurial activity by Italian resident individuals who have elected for the *risparmio gestito* regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.5 per cent. substitute tax to be applied on behalf of the taxpayer by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Noteholder is not required to report capital gains realised in its annual tax declaration and remains anonymous.

In the case of Notes held by Italian resident collective investment funds or SICAVs, capital gains on the Notes are included in the computation of the taxable basis of the Collective Investment Fund Tax.

In the case of Notes held by Italian resident pension funds subject to the regime provided by Articles 14, 14-ter and 14-quater, paragraph 1, of Legislative Decree No. 252 of 5 December 2005, capital gains on the Notes are included in the computation of the taxable basis of the Pension Fund Tax.

Capital gains realised by non-Italian resident Noteholders

Capital gains realised by beneficial owners who are not resident in the Republic of Italy for tax purposes from the sale or redemption of the Notes are not subject to Italian taxation, provided that the Notes are held outside the Republic of Italy.

However, pursuant to Article 23(1)(f) of Decree No. 917, any capital gains realised through the sale for consideration or redemption of the Notes by non-Italian residents without a permanent establishment in the Republic of Italy to which the Notes are effectively connected are exempt from taxation in the Republic of

Italy to the extent that the Notes are listed on a regulated market (as defined in the EC Directive No. 2004/39/EC) in the Republic of Italy or abroad and, in certain cases, subject to timely filing of documentation stating that the holder is not resident in the Republic of Italy, even if the Notes are held in the Republic of Italy and regardless of the provisions set forth by any applicable double tax treaty.

Italian inheritance and gift tax

The Italian regime for inheritance and gift tax is provided for under Law Decree No. 262 of 3 October 2006 (“**Law Decree No. 262**”), as converted, with amendments, by Law No. 286 of 24 November 2006, Law No. 296 of 27 December 2006 and Legislative Decree No. 346 of 31 October 1990.

Under such rules, subject to certain exceptions, Italian inheritance and gift tax is generally payable on transfers of assets and rights (including the Notes) (i) by reason of death or donations by Italian residents, even if the transferred assets are held outside Italy and (ii) by reason of death or donations by non-Italian residents, if the transferred assets are held in Italy.

Pursuant to Decree No. 262, transfers of assets and rights on death or by gift are generally subject to inheritance and gift tax:

- at a rate of 4 per cent. in case of transfers made to the spouse or relatives in direct line, on the portion of the global net value of the transferred assets, if any, exceeding, for each beneficiary, €1,000,000;
- at a rate of 6 per cent. in case of transfers made to certain other relatives (in the case of transfers to brothers or sisters, the 6 per cent. rate is applicable only on the portion of the global net value of the transferred assets, if any, exceeding, for each beneficiary, €100,000); and
- at a rate of 8 per cent. in any other case.

Transfer tax

Law Decree No. 248 of 31 December 2007, converted into Law No. 31 of 28 February 2008 (“**Decree No. 248**”), has repealed the Italian transfer tax on the transfer of securities (so-called “*tassi sui contratti di borsa*”), previously applicable, *inter alia*, to the transfer of bonds or similar securities issued by Italian resident entities.

Based on Art. 11 of the Tariff (Part I) enclosed to Presidential Decree No. 131 of 26 April 1986, and to Art. 2 of the same Tariff (Part II), any acts, agreements and deeds regulating the transfer of Notes may be subject, in certain cases, to Italian registration tax in a lump sum of Euro 168.00.

European Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**EU Savings Directive**”), EU member states are required to provide to the tax authorities of another member state details of payments of interest (or similar income) made by a person within its jurisdiction to an individual resident in that other member state. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, deducting taxes at rates rising over time at 35 per cent. The ending of such transitional period will depend upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories, including, *inter alia*, Switzerland, have agreed to adopt similar measures (which will be a withholding system in the case of Switzerland) with effect from the same date.

The Republic of Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 (“**Decree No. 84**”). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals who qualify as beneficial owners of the interest payment and are resident for tax purposes in another EU member state, Italian qualified paying agents (i.e. banks, SIMs, fiduciary companies and SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for

professional or commercial reasons) must report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner. Such information will be transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

Additional Amounts which, at present, may become due as described in Condition 9 (*Taxation*) above would not be due in respect of withholding tax imposed under or pursuant to the EU Savings Directive, or any law implementing or complying with, or introduced in order to conform to, the EU Savings Directive.

Tax Monitoring Obligations

Pursuant to Law Decree No. 167 of 28 June 1990, individuals, non-profit entities and certain partnerships (in particular, *società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) resident in Italy are required to report in their yearly income tax declaration, for tax monitoring purposes:

- (a) the amount of securities (including the Notes) held abroad at the end of each tax year, if exceeding in the aggregate €10,000;
- (b) the amount of any transfers from abroad, sent abroad and occurring abroad, related to such securities, occurred during each tax year, if exceeding in the aggregate €10,000, even if at the end of the tax year the securities are no longer held by such investors.

The above persons are, however, not required to comply with the above reporting requirements in respect of securities deposited for management with qualified Italian financial intermediaries and in respect of contracts entered into through their intervention, upon condition that the items of income derived from such securities are collected through the intervention of the same intermediaries.
