PART A – CONTRACTUAL TERMS

The Base Prospectus referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (as defined below) (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

The expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Listing Particulars dated 22 June 2015 and the supplemental Base Listing Particulars dated 14 August 2015 and 02 December 2015 which together constitute a base listing particulars for the purposes of admission to trading on the Luxembourg Stock Exchange's Euro MTF Market; and a technical annex of equity linked conditions and risk factors (Version 3, June 2015) including adjustment and disruption provisions (the "Equity Linked Conditions"). This document constitutes the Pricing Supplement of the Notes described herein and must be read in conjunction with such Base Listing Particulars as so supplemented and the Equity Linked Conditions.

Full information on the Issuer and the offer of the Notes described herein is only available on the basis of the combination of this Pricing Supplement and the Base Listing Particulars as so supplemented. The Base Listing Particulars and the supplemental Base Listing Particulars are available for viewing at UBS Investment Bank, a business division of UBS AG, P.O. Box CH-8001, Zurich, Switzerland, or can be ordered by telephone (+41 44 239 47 03), fax (+41 44 239 69 14) or by e-mail to swiss-prospectus@ubs.com.

An investment in the Notes involves certain risks. Noteholders should read and understand the risk factors in the Base Listing Particulars and the Equity Linked Conditions. Noteholders should understand that such risk factors are not exhaustive.

The Notes have not and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws in the United States and are being offered and sold outside the United States to non-US persons (as such terms are defined in Regulation S under the Securities Act ("Regulation S")) in reliance on the exemption from registration provided pursuant to Regulation S. The Notes (a) may not be offered, sold or otherwise transferred within the United States or to the account of any US Person (as defined in Regulation S under the Securities Act) and (b) may be offered, sold or otherwise transferred only to transferees that are Non-United States

Persons (as defined by the Commodity Futures Trading Commission). Notes sold in reliance on Regulation S will initially be represented by one or more permanent global notes in registered form without interest coupons (each, a "Regulation S Global Note"), deposited with or on behalf of a common depository for Euroclear or Clearstream. Beneficial interests in a Regulation S Global Note may be held only through Euroclear or Clearstream, except in the limited circumstances described in the Base Listing Particulars. Investors may hold their interests in a Regulation S Global Note directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations which are participants in such systems.

Issue Price and Commissions

The Issue Price in respect of the Notes may not be an accurate reflection of the market value of the Notes as at the Issue Date. The price at which the Notes may be sold in secondary market transactions may be lower or higher than the Issue Price. In particular, the Issue Price in respect of the Notes may take into account, amongst other things, any commissions, fees or other compensation payable in connection with the Notes. More generally, fees and commissions may be paid to third parties in respect of the Notes – further details can be requested from the Issuer.

No Secondary Market

No secondary market for the Notes currently exists, nor is one likely to develop. Noteholders should have the ability and intent to hold the Notes until their Maturity Date. It is the current practice (but not the legal obligation) of UBS AG and/or its affiliates ("UBS"), in respect of notes for which UBS is the Arranger, to quote on request a live price, which it might pay/charge for early termination of any note of this type that it issues. A live unwind price may be affected by, amongst other things, then current market conditions, including but not limited to, liquidity and market standard denomination. UBS is under no obligation to hold a price quoted for any length of time unless this is agreed at the time of giving the quote.

Hedging Activities

UBS' hedging activities related to the Notes may have an impact on the price of the underlying Indices and may affect the likelihood that any relevant level is crossed. UBS has policies and procedures designed to minimise the risk that officers and employees are influenced by any conflicting interest or duty and that confidential information is improperly disclosed or made available.

Provided that the Notes have not previously been redeemed or purchased and cancelled:

- (a) if the Calculation Agent determines that, on an Observation Date_(n) and the Final Valuation Date, the Share Closing Price of each of the Shares is equal to or greater than its respective Contingent Coupon Level then, in respect of each Note of a nominal amount equal to the Calculation Amount, the Interest Amount will be determined by the Calculation Agent in accordance with the following formula and will be payable on the corresponding Interest Payment Date:

$$\text{Interest Amount} = [\text{Calculation Amount} \times (\text{Rate of Interest} \times n)] - \text{Aggregate Prior Interest Amount}$$

EQUITY LINKED CONDITIONS AND RISK FACTORS

EQUITY LINKED CONDITIONS AND RISK FACTORS

PART 1

EQUITY LINKED CONDITIONS

1. Interpretation

- 1.1 If these additional terms and conditions for equity linked Notes (the "**Equity Linked Conditions**") are annexed to any Pricing Supplement (the "**applicable Pricing Supplement**") in relation to a Series of Notes (the "**Equity Linked Notes**"), the Conditions (as completed and/or amended by the applicable Pricing Supplement) will be subject to these Equity Linked Conditions. The "Conditions" will have the meaning given in the applicable Pricing Supplement. In the event of any inconsistency between the Conditions of the Equity Linked Notes and the Equity Linked Conditions, the Equity Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions of the Equity Linked Notes and/or the Equity Linked Conditions and (ii) the other provisions of the applicable Pricing Supplement, the applicable Pricing Supplement shall prevail. The Equity Linked Conditions set out below may also be annexed to any term sheet for information.
- 1.2 The Conditions (as completed and/or amended by the applicable Pricing Supplement) will be subject to the provisions in paragraphs 17 to 21 (the "**Physical Delivery Conditions**") of these Equity Linked Conditions only where Physical Delivery is specified as applying in the applicable Pricing Supplement.
- 1.3 Terms not otherwise defined in these Equity Linked Conditions will have the meaning given in the Conditions.

2. Definitions

For the purposes of these Equity Linked Conditions:

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "**control**" means ownership of a majority of the voting power of an entity.

"**Averaging Date**" means each date specified as an Averaging Date in the applicable Pricing Supplement or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day:

- (a) if "**Omission**" is specified as applying in the applicable Pricing Supplement, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant price; provided that, if through the operation of this provision there would not be an Averaging Date, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant price on the final Averaging Date, as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "**Postponement**" is specified as applying in the applicable Pricing Supplement, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant price on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

- (c) if "**Modified Postponement**" is specified as applying in the applicable Pricing Supplement then:
- (i) where the Equity Linked Notes relate to a single Share, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the originally designated Averaging Date (the "**Scheduled Averaging Date**"), then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of "Valuation Date" below; and
 - (ii) where the Equity Linked Notes relate to a Basket of Shares, the Averaging Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Share. If the first succeeding Valid Date in relation to such Share has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in relation to such Share, and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of "Valuation Date" below,

For the purposes of these Equity Linked Conditions "**Valid Date**" means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is deemed not to occur.

If an Averaging Date is deemed to fall after the Scheduled Averaging Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Averaging Date would thereby fall before the second Business Day immediately following that delayed Averaging Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Averaging Date.

"**Basket of Shares**" means, subject to adjustment in accordance with these Equity Linked Conditions, the Shares specified in the applicable Pricing Supplement.

"**Disrupted Day**" means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"**Early Closure**" means the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day, and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time, the Knock-in Valuation Time, the Knock-out Valuation Time, the Trigger Event Valuation Time or the Mandatory Early Redemption Valuation Time, as the case may be, on such Exchange Business Day.

"Exchange" means, in relation to a Share, each exchange or quotation system specified as such for such Share in the applicable Pricing Supplement or, where not so specified, the primary exchange(s) or quotation system(s) on which the Shares are listed any successor to any such exchange or quotation system or any substitute exchange or quotation system to which trading in the Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share on such temporary substitute exchange or quotation system as on the original Exchange), each as determined by the Calculation Agent.

"Exchange Business Day" means (i) in the case of Equity Linked Notes relating to a single Share, Exchange Business Day (Single Share Basis) or (ii) in the case of Equity Linked Notes relating to a Basket of Shares, (a) Exchange Business Day (All Shares Basis) or (b) Exchange Business Day (Per Share Basis), as specified in the applicable Pricing Supplement or otherwise applicable in accordance with these Equity Linked conditions, provided that, if no such specification is made in the applicable Pricing Supplement or Exchange Business Day (Per Share Basis) is not otherwise applicable in accordance with these Equity Linked Conditions, Exchange Business Day (All Shares Basis) will apply, .

"Exchange Business Day (All Shares Basis)" means, in respect of a Basket of Shares, any Scheduled Trading Day on which the Exchange and each Related Exchange, if any, in respect of all such Shares comprised in the Basket of Shares are open for trading during their respective regular trading session(s), notwithstanding any such Exchange or Related Exchange closing prior to their Scheduled Closing Time.

"Exchange Business Day (Per Share Basis)" means in respect of a Share included in the Basket of Shares, any Scheduled Trading Day on which the relevant Exchange and each Related Exchange, if any, in respect of such Share are open for trading during their regular trading session(s), notwithstanding any such relevant Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"Exchange Disruption" means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (i) to effect transactions in, or obtain market values for, the Shares on the Exchange or (ii) to effect transactions in, or obtain market values for, futures or options contracts relating to the Share on any relevant Related Exchange.

"Extraordinary Event" means any Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer.

"Observation Cut-Off Date" means, in respect of each Scheduled Observation Date, the eighth Scheduled Trading Day immediately following the relevant Scheduled Observation Date.

"Observation Date" means each date specified as such in the applicable Pricing Supplement, or if such date is not a Scheduled Trading Day the first Scheduled Trading Day thereafter unless, in the opinion of the Calculation Agent such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (a) where the Equity Linked Notes relate to a single Share, that Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date up to and

including the Observation Cut-Off Date is a Disrupted Day. In that case, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Observation Cut-Off Date; or

- (b) where the Equity Linked Notes relate to a Basket of Shares, that Observation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date and that Observation Date for each Share affected (each an "**Affected Share**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Observation Date up to and including the Observation Cut-Off Date is a Disrupted Day relating to the Affected Share. In that case, (i) the Observation Cut-Off Date shall be deemed to be that Observation Date for the Affected Share (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to the Affected Share, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, using its good faith estimate of the price for the Affected Share as of the Valuation Time on the Observation Cut-Off Date, and otherwise in accordance with the above provisions.

If an Observation Date is deemed to fall after the Scheduled Observation Date and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Observation Date would thereby fall before the second Business Day immediately following that delayed Observation Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Observation Date.

"Observation Period" means the period or periods specified as such in the applicable Pricing Supplement.

"Related Exchange" means, in relation to a Share, each exchange or quotation system specified as such for such Share in the applicable Pricing Supplement, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Share on such temporary substitute exchange or quotation system as on the original Related Exchange), provided, however, that where "All Exchanges" is specified as the Related Exchange in the applicable Pricing Supplement, **"Related Exchange"** shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Share.

"Scheduled Averaging Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

- (a) where the Equity Linked Notes relate to a single Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date; or
- (b) where the Equity Linked Notes relate to a Basket of Shares, the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Share affected (each an **"Affected Share"**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is a Disrupted Day relating to the Affected Share. effected as a result of such an event shall be readjusted upon any redemption of such rights;
or

(vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (b) Following the declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will make the corresponding adjustment, if any, to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends stock loan rate or liquidity relative to the relevant Share) and determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.
- (c) Upon the making of any such adjustment, the Issuer shall give notice as soon as reasonably practicable to the Noteholders in accordance with Condition 13 stating the adjustment to the terms of the Conditions and/or the applicable Pricing Supplement and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

merger or binding share exchange of the Share Company or its subsidiaries with or into another entity in which the Share Company is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Shares immediately following such event, in each case if the Merger Date is on or before the Maturity Date or any earlier date on which the Equity Linked Notes are due to be redeemed in full.

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Conditions and/or the applicable Pricing Supplement to account for the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency made by any options exchange to options on the Shares traded on that options exchange and the relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares; or
- (ii) where the Equity Linked Notes relate to a Basket of Shares on giving notice to the Noteholders in accordance with Condition 13, redeem or cancel, as the case may be, each Equity Linked Note in part. If an Equity Linked Note is so redeemed or cancelled in part the portion (the **"Partial Amount"**) of each such Equity Linked Note representing the affected Share(s) shall be redeemed or cancelled, as the case may be, and the Issuer will (x) pay to each Noteholder in respect of each Equity Linked Note held by him an amount equal to the fair market value of the Partial Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and (y) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Pricing Supplement to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such Equity Linked Note after redemption or cancellation and adjustment shall remain outstanding with full force and effect. Payments

will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14; or

- (iii) give notice to the Noteholders in accordance with Condition 13 and redeem all, but not some only, of the Equity Linked Notes, each nominal amount of Equity Linked Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or
 - (iv) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.
- (e) Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency or, if applicable, Tender Offer, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13, stating the occurrence of the Merger Event, De-listing, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be.

6. Non-euro Quoted Shares

In respect of Equity Linked Notes relating to Shares originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the Treaty, if such Shares are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified in the applicable Pricing Supplement, the principal market on which those Shares are traded, then the Calculation Agent will adjust any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent determines in its sole and absolute discretion to be appropriate to preserve the economic terms of the Equity Linked Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this provision will affect the currency denomination of any payment obligation arising out of the Equity Linked Notes.

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of the Conditions and/or the applicable Pricing Supplement to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) give notice to Noteholders in accordance with Condition 13 and redeem all, but not some only, of the Equity Linked Notes, each nominal amount of Equity Linked Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

8. Knock-in Event, Knock-out Event

(AA) Knock-in Event and Final Valuation Knock-in Basis

If "Knock-in Event" and "Final Valuation Knock-in Basis" are specified as applicable in the Pricing Supplement, then the payment and/or delivery obligations under the Equity Linked Notes relating to the occurrence of a Knock-in Event shall be as set out in the applicable Pricing Supplement. **(BB)**

Knock-in Event and Continuous Observation Knock-in Basis

If "Knock-in Event" and "Continuous Observation Knock-in Basis" are specified as applicable in the Pricing Supplement, then the payment and/or delivery obligations under the Equity Linked Notes relating to the occurrence of a Knock-in Event shall be as set out in the applicable Pricing Supplement; and unless otherwise specified in the applicable Pricing Supplement, subject to the following provisions:

"Knock-in Determination Date Cut-off Date" means, in respect of each Scheduled Knock-in Determination Date, the eighth Scheduled Trading Day immediately following the relevant Scheduled Knock-in Determination Date.

"Knock-in Determination Date" means each Scheduled Trading Day, provided that if any such day is a Disrupted Day then that Knock-in Determination Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Knock-in Determination Date and, save as provided in the following paragraphs, that Knock-in Determination Date for each Share affected (each an **"Affected Share"**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Knock-in Determination Date up to and including the Knock-in Determination Date Cut-Off Date is a Disrupted Day relating to the Affected Share. In that case and save as provided in the following paragraph, (i) the Knock-in Determination Date Cut-Off Date shall be deemed to be that Knock-in Determination Date for the Affected Share (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation Agent shall determine the relevant price using, in relation to the Affected Share, the price of the Affected Share as of the Knock-in Valuation Time on the Knock-in Determination Date Cut-Off Date as determined by the Calculation Agent by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraphs 4 and 5 of these Equity Linked Conditions) the formula for and method of calculating the Affected Share last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Knock-in Valuation Time on the Knock-in Determination Date Cut-Off Date of the Affected Share (or, if an event giving rise to a Disrupted Day has occurred in respect of the Affected Share on the Knock-in Determination Date Cut-Off Date, its good faith estimate of the value for the Affected Share as of the Knock-in Valuation Time on the Knock-in Determination Date Cut-Off Date).

If as a result of the previous paragraph a Knock-in Determination Date for an Affected Share would fall on or after the Final Valuation Date for such Affected Share, such date will be deemed not to be a Knock-in Determination Date for the purposes hereof and no price will be determined for the Affected Share in respect of the Knock-in Valuation Time on the related Scheduled Knock-in Determination Date.

If the price of any Share is observed at any time on a Scheduled Knock-in Determination Date during the Knock-in Period which is a Disrupted Day, a Knock-in Event will occur if such price is less than the Knock-in Level at such time for the respective Share, notwithstanding (i) that such Scheduled Knock-in Determination Date is a Disrupted Day and/or (ii) that a Market Disruption Event or other circumstance giving rise to a Disrupted Day may have occurred in respect of such time (for the purposes of determining whether a Market Disruption Event or Disrupted Day has occurred in respect of any time, references in the definition of "Market Disruption Event" and related definitions to the "Knock-in Valuation Time" are deemed to be references to "any time for determination of an Share price for the purposes of determining whether a Knock-in Event has occurred").

"Knock-in Period" shall have the meaning specified in the applicable Pricing Supplement.

"Knock-in Valuation Time" means the Scheduled Closing Time on the relevant Exchange(s) or Related Exchange(s) on the relevant Knock-in Determination Date, in relation to each Share to be valued. If the relevant Exchange(s) or Related Exchange(s) closes prior to its Scheduled Closing Time then the Knock-in Valuation Time shall be the actual closing time for its regular trading session.

"Scheduled Knock-in Determination Date" means the relevant original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Knock-in Determination Date.

For all purposes (including for the purposes of determining whether a Knock-in Event occurs on the Final Valuation Date or any Observation Date, and whether a Disrupted Day (including in relation to Disrupted Day related provisions) has occurred on the Final Valuation Date), **"Scheduled Trading Day"** means Scheduled Trading Day (All Shares Basis), provided that, references to "Scheduled Trading Day" (x) in the definitions of "Knock-in Determination Date", "Knock-in Determination Date Cut-off Date" and related provisions and (y) in the definition of "Scheduled Closing Time" and (z) in "Disrupted Day" and related provisions solely for the purposes of determining whether a Disrupted Day has occurred on any Scheduled Trading Day in the Knock-in Period mean Scheduled Trading Day (Per Share Basis).

For all purposes (including for the purposes of determining whether a Knock-in Event occurs on the Final Valuation Date or any Observation Date,

and whether a Disrupted Day (including in relation to Disrupted Day related provisions) has occurred on the Final Valuation Date), **"Exchange Business Day"** means Exchange Business Day (All Shares Basis), provided that, references to "Exchange Business Day" in the definition of "Early Closure" and related provisions mean, solely for the purposes of determining whether a Disrupted Day has occurred on any Scheduled Trading Day in the Knock-in Period mean Exchange Business Day (Per Share Basis).

(CC) Knock-in Event and Closing Level Observation Knock-in Basis

If "Knock-in Event" and "Closing Level Observation Knock-in Basis" are specified as applicable in the Pricing Supplement, then the payment and/or delivery obligations under the Equity Linked Notes relating to the occurrence of a Knock-in Event shall be as set out in the applicable Pricing Supplement; and unless otherwise specified in the applicable Pricing Supplement, subject to the following provisions:

"Knock-in Determination Date Cut-off Date" means, in respect of each Scheduled Knock-in Determination Date, the eighth Scheduled Trading Day immediately following the relevant Scheduled Knock-in Determination Date.

"Knock-in Determination Date" means each Scheduled Trading Day, provided that if any such day is a Disrupted Day then that Knock-in Determination Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Knock-in Determination Date and, save as provided in the following paragraph, that Knock-in Determination Date for each Share affected (each an **"Affected Share"**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, unless each of the Scheduled Trading Days immediately following the Scheduled Knock-in Determination Date up to and including the Knock-in Determination Date Cut-Off Date is a Disrupted Day relating to the Affected Share. In that case and save as provided in the following paragraph, (i) the Knock-in Determination Date Cut-Off Date shall be deemed to be that Knock-in Determination Date for the Affected Share (notwithstanding the fact that such day is a Disrupted Day) and (ii) the Calculation

Agent shall determine the relevant price using, in relation to the Affected Share, the price of that Share as of the Knock-in Valuation Time on the Knock-in Determination Date Cut-Off Date as determined by the Calculation Agent by reference to such source(s) and/or methodology(ies) as it deems appropriate in its sole discretion which may include, without limitation, applying (subject to paragraphs 4 and 5 of these Equity Linked Conditions) the formula for and method of calculating that Affected Share last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Knock-in Valuation Time on the Knock-in Determination Date Cut-Off Date of the Affected Share (or, if an event giving rise to a Disrupted Day has occurred in respect of the Affected Share on the Knock-in Determination Date Cut-Off Date, its good faith estimate of the value for the Affected Share as of the Valuation Time on the Knock-in Determination Date Cut-Off Date).

If as a result of the previous paragraph a Knock-in Determination Date for an Affected Share would fall on or after the Final Valuation Date for such Affected Share, such date will be deemed not to be a Knock-in Determination Date for the purposes hereof and no price will be determined for the Affected Share in respect of the related Scheduled Knock-in Determination Date.

"Knock-in Period" shall have the meaning specified in the applicable Pricing Supplement.

"Knock-in Valuation Time" means the Scheduled Closing Time on the relevant Exchange(s) or Related Exchange(s) on the relevant Knock-in Determination Date, in relation to each Share to be valued. If the relevant Exchange(s) or Related Exchange(s) closes prior to its Scheduled Closing Time then the Knock-in Valuation Time shall be the actual closing time for its regular trading session.

"Scheduled Knock-in Determination Date" means the relevant original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Knock-in Determination Date.

For all purposes (including for the purposes of determining whether a Knock-in Event occurs on the Final Valuation Date or any Observation Date, and whether a Disrupted Day (including in relation to Disrupted Day related provisions) has occurred on the Final Valuation Date), **"Scheduled Trading Day"** means Scheduled Trading Day (All Shares Basis), provided that, references to "Scheduled Trading Day" (x) in the definitions of "Knock-in Determination Date", "Knock-in Determination Date Cut-off Date" and related provisions and (y) in "Disrupted Day" and related provisions solely for the purposes of determining whether a Disrupted Day has occurred on any Scheduled Trading Day in the Knock-in Period mean Scheduled Trading Day (Per Share Basis).

 - (ii) **"Postponement"**, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant price on that Knock-out Determination Date as if such Knock-out Determination Date, as the case may be, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant price of the relevant Share(s) in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for purposes of determining whether a Knock-out Event shall occur; or
- (b) if the Knock-out Valuation Time specified in the applicable Pricing Supplement is other than a single time on each relevant day and if on any Knock-out Determination Date as of any Knock-out Valuation Time a Knock-out Event has or would have occurred but the conditions for a Disrupted Day have been satisfied at such time then, if "Knock-out intraday valuation consequences of disruption" is specified in the applicable Pricing Supplement as:
 - (i) **"Omission"**, then such Knock-out Valuation Time, as the case may be, shall be ignored for purposes of determining whether a Knock-out Event has occurred, provided that if no Knock-out Event has occurred in the Knock-out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-out Valuation Time on the Knock-out Period Ending Date, as applicable, then such day shall be treated as a Valuation Date and the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant price on the Knock-out Period Ending Date, as applicable, as if such Knock-out Period Ending Date, as applicable, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant price of the relevant Share or Shares in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for the purpose of determining whether a Knock-out Event shall occur; or

- (ii) **"Materiality"**, then (i) where the Calculation Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is not material for the purposes of determining the Share Price as of such time, the Knock-out Event, as applicable, may occur notwithstanding such event or occurrence, or (ii) where the Calculation Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is material for the purposes of determining the Share Price as of such time, then the Knock-out Event shall be deemed not to have occurred at such time provided that if no Knock-out Event has occurred in the Knock-out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-out Valuation Time on the Knock-out Period Ending Date, as applicable, then such day shall be treated as a Valuation Date and the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant price on the Knock-out Period Ending Date, as applicable, as if such Knock-out Period Ending Date, as applicable, were a Valuation Date that was a Disrupted Day and the Calculation Agent shall determine the relevant price of the relevant Share or Shares in respect of such day in accordance with such provisions (as such provisions may be amended for these purposes in the applicable Pricing Supplement, for example but without limitation, in respect of the time at which any subsequent valuation(s) is/are made) for the purpose of determining whether a Knock-out Event shall occur.

With respect to each of (a) and (b) above, if a Knock-out Determination Date or Knock-out Period Ending Date, as applicable, is deemed to fall after the scheduled Knock-out Determination Date or Knock-out Period Ending Date, as applicable, and any date specified in the applicable Pricing Supplement for payment or delivery of any amount calculated by reference to a value determined in respect of such Knock-out Determination Date or Knock-out Period Ending Date would thereby fall before the second Business Day immediately following such delayed Knock-out Determination Date or Knock-out Period Ending Date, such relevant date for payment or delivery will be delayed until the second Business Day immediately following such delayed Knock-out Determination Date or Knock-out Period Ending Date.

Notwithstanding that certain calculations, determinations and adjustments in these Equity Linked Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to these Equity Linked Conditions the Calculation Agent has a number of discretions. These are necessary since in certain circumstances it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

Any discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the Issuer and all holders of the Equity Linked Notes.

11. GDR/ADR Linked Notes

If "GDR/ADR Linked Notes" is specified as applicable in the applicable Pricing Supplement, the provisions in paragraphs 12 to 15 inclusive of these Equity Linked Conditions shall apply (in each case subject to completion and/or amendment in the applicable Pricing Supplement).

13. Share Event in respect of GDR/ADR Linked Notes

A Share Event (as defined below) shall be deemed to be an Extraordinary Event to which the provisions of paragraph 5(d) of these Equity Linked Conditions shall apply and upon the occurrence of a Share Event, the Issuer may take the action described in items (i), (ii), (iii) or (iv) set out in paragraph 5(d) of these Equity Linked Conditions. The Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 13 stating the occurrence of the Share Event, giving details thereof and the action proposed to be taken in relation thereto. If an event may constitute both a Share Event and an Additional Disruption Event, the Calculation Agent shall determine which of these events such event constitutes.

For these purposes:

"Depository" means the issuer of the ADRs or GDRs, as applicable.

- 14.4 If the Calculation Agent determines that no adjustment to the Equity Linked Notes under the terms of paragraph 5(b) of these Equity Linked Conditions that it could make will produce a commercially reasonable result, the Calculation Agent may elect to treat the Potential Adjustment Event as an Extraordinary Event to which the consequences in paragraphs 5(d)(ii) and (iv) of these Equity Linked Conditions shall apply, as selected by the Calculation Agent.

15. Amended Definition of De-listing and Consequences of Extraordinary Events

- 15.1 The definition of De-listing shall be amended by the addition of the words "(A) the Depository announces that the Deposit Agreement is (or will be) terminated and/or (B)" immediately after the word "means" in the first line thereof.

Delivery of the Entitlement is conditional on the Issuer having received in a timely manner all such information and instructions (the "**Required Information**") it requires in its sole discretion to be able to make delivery of the Entitlement in accordance with the Conditions as completed and/or amended by the applicable Pricing Supplement. Required Information may include, without limitation, the name and contact information of the Noteholder, details of the account(s) to which the Entitlement is to be delivered and any related cash amounts are payable or from which any Expenses may be deducted and matching instructions to allow the delivery of the Entitlement. Physical Delivery Noteholders may contact the Issuer (a) by means of a Clearing System notice to the Issuer where the relevant Clearing System procedures provide for this or (b) otherwise, or where Notes are in definitive form, by notice to any Paying Agent at its specified office. If the Issuer has not received the Required Information in sufficient time to allow it to deliver the Entitlement on the date specified for such delivery in accordance with the Conditions as completed and/or amended by the applicable

Pricing Supplement, a Settlement Disruption Event will be deemed to have occurred and the provisions of Physical Delivery Condition 18 (*Settlement Disruption Event*) below will apply.

All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities, transfer and/or other taxes or duties (together "**Expenses**") arising from the redemption of the Equity Linked Notes and the delivery of any Entitlement shall be for the account of the relevant Noteholder and must be paid in full prior to delivery or transfer of any Entitlement. The Issuer has no obligation to deliver and/or transfer any Entitlement until all Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

By providing the Required Information, the Noteholder is deemed to certify that (A) the beneficial owner of each Equity Linked Note is not a 'US Person' as defined in Rule 902(k) of Regulation S under the United States Securities Act of 1933, as amended, which term is deemed to include any person that does not meet the definition of 'Non-United States Person' in Rule 4.7 promulgated by the United States Commodity Futures Trading Commission (the "**CFTC**") under the United States Commodity Exchange Act, as amended (the "**CEA**") ("**US Person**"), (B) the Equity Linked Note is not being redeemed within the United States or on behalf of a US Person and (C) no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a US Person in connection with any redemption thereof.

In the absence of fraud or wilful misconduct on its part, the Issuer shall not be liable to any person with respect to any action taken or omitted to be taken by it in connection with its determination that it does not have the Required Information.

Delivery of the Entitlement in respect of the Equity Linked Notes is subject to all applicable laws, regulations and practices in force on the day on which the Entitlement is to be delivered in accordance with the Conditions as completed and/or amended by the applicable Pricing Supplement including as adjusted by these Physical Delivery Conditions, (the "**Maturity Delivery Date**") and none of the Issuer or any of its Affiliates or agents and the Paying Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer or any of its Affiliates or agents and the Paying Agents shall under any circumstances be liable for any acts or defaults of the relevant Clearing System in relation to the performance of their duties in relation to the Equity Linked Notes.

For such period of time after the Maturity Delivery Date as any person other than the relevant Noteholder shall continue to be the legal owner of the securities or obligations comprising the Entitlement (the "**Intervening Period**"), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Noteholder or any subsequent beneficial owner of such Equity Linked Note any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities or obligations during the Intervening Period or (iii) be under any liability to the relevant Noteholder, or any subsequent beneficial owner of such Equity Linked Note in respect of any loss or damage which the relevant Noteholder, or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities or obligations during such Intervening Period.

Where the Entitlement comprises shares, any dividend or other distribution in respect of such Entitlement will be payable to the party that would receive such dividend or other distribution according to market practice for a sale of the Share executed on the Maturity Delivery Date and to be delivered in the same manner as the Entitlement. Any such dividend or other distribution to be paid to a Noteholder shall be paid to the account specified by the Noteholder as the Required Information

for cash settlement in respect of the Note and the Issuer will have no obligation to pay any such amount until such information is provided.

Where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Relevant Assets capable of being delivered, the Noteholders will receive an Entitlement comprising the nearest number (rounded down) of Relevant Assets capable of being delivered by the Issuer (taking into account that a Noteholder's entire holding may be aggregated in the Issuer's sole discretion for the purpose of delivering the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered, an amount in the Specified Currency which shall be the fair market value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate).

17. **Settlement Disruption Event**

If, prior to the delivery of the Entitlement in respect of any Equity Linked Note in accordance with these Physical Delivery Conditions, a Settlement Disruption Event is subsisting, then the Maturity Delivery Date in respect of such Equity Linked Note shall be postponed until the next business day for the relevant settlement system(s) and/or centre(s) relevant for delivery of the Entitlement(s) (as determined by the Calculation Agent) on which no Settlement Disruption Event is subsisting. Such Noteholder shall not be entitled to any payment, whether of interest or otherwise, on such Equity Linked Note as a result of any delay in the delivery of the Entitlement pursuant to these Physical Delivery Conditions. Where delivery of the Entitlement has been postponed as provided in these Physical Delivery Conditions the Issuer shall not be in breach of these Physical Delivery Conditions and no liability in respect thereof shall attach to the Issuer.

For so long as delivery of the Entitlement in respect of any Equity Linked Note is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Equity Linked Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price not later than the third Business Day following the date on which it makes such election.

18. **Failure to Deliver due to Illiquidity**

If Failure to Deliver due to Illiquidity is specified as applying in the applicable Pricing Supplement and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets comprising the Entitlement (the "**Affected Relevant Assets**"), where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a "**Failure to Deliver due to Illiquidity**"), then:

- (i) subject as provided elsewhere in these Physical Delivery Conditions and/or the applicable Pricing Supplement, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Delivery Date in accordance with these Physical Delivery Conditions; and
- (ii) in respect of any Affected Relevant Assets, notwithstanding any other provision hereof, the Issuer may elect in its sole discretion, in lieu of delivery of the Affected Relevant Assets, to

pay to the relevant Noteholder the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date the Issuer elects to pay the Failure to Deliver Settlement Price(s) to the relevant Noteholder(s).

19. Option to Vary Settlement

The Issuer has an option to vary settlement in respect of the Equity Linked Notes and may in its sole and absolute discretion in respect of each such Equity Linked Note, elect not to deliver or procure delivery of the Entitlement to the relevant Noteholders but, in lieu thereof to make payment of the Cash Alternative Amount on the Maturity Delivery Date to the relevant Noteholders. Notification of such election will be given to Noteholders in accordance with Condition 13 prior to the Maturity Delivery Date.

20. Physical Delivery Definitions

For the purposes of these Physical Delivery Conditions:

"Cash Alternative Amount" means, in respect of each nominal amount of Equity Linked Notes equal to the Calculation Amount, an amount equal to the fair market value of such Equity Linked Notes (but not taking into account any interest accrued on such Equity Linked Note and paid pursuant to Condition 6 or Condition 8) on such day as shall be selected by the Issuer in its sole and absolute discretion provided that such day is not more than 15 days before the date that the Issuer elects to pay the Cash Alternative Amount in accordance with Physical Delivery Condition 18 less the cost to the Issuer and/or its Affiliates or agents of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including the cost of funding in respect of such hedging arrangements), all as calculated by the Calculation Agent in its sole and absolute discretion.

"Clearing System" means, in respect of any Equity Linked Note, the clearing system in which such Equity Linked Note is settled, being one of Euroclear, Clearstream, Luxembourg, Clearstream, Frankfurt or such other clearing system as may be specified in the applicable Pricing Supplement.

"Disruption Cash Settlement Price" means, in respect of each nominal amount of Equity Linked Notes equal to the Calculation Amount, an amount equal to the fair market value of such Equity Linked Notes (but not taking into account any interest accrued on such Equity Linked Note and paid pursuant to Condition 6 or Condition 8) on such day as shall be selected by the Issuer in its sole and absolute discretion provided that such day is not more than 15 days before the date that the Issuer elects to pay the Disruption Cash Settlement Price in accordance with Physical Delivery Condition 18 less the cost to the Issuer and/or its Affiliates or agents of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including the cost of funding in respect of such hedging arrangements), all as calculated by the Calculation Agent in its sole and absolute discretion.

"Failure to Deliver Settlement Price" means, in respect of each nominal amount of the Equity Linked Notes equal to the Calculation Amount, the fair market value of the Affected Relevant Assets in respect of such Equity Linked Notes on the fifth Business Day prior to the date on which the Issuer elects to pay the Failure to Deliver Settlement Price in accordance with Physical Delivery Condition 19, less the cost to the Issuer and/or its Affiliates or agents of unwinding or adjusting any underlying or related hedging arrangements (including the cost of funding in respect of such hedging arrangements), all as calculated by the Calculation Agent in its sole and absolute discretion.

"Settlement Disruption Event" means, as of any relevant time, an event beyond the control of the Issuer as a result of which, in the sole opinion of the Calculation Agent, delivery of the Entitlement by or on behalf of the Issuer in accordance with the Physical Delivery Conditions and/or the applicable Pricing Supplement is not practicable at such time. Without limitation a Settlement

Disruption Event will occur if the Issuer has not received Required Information in a timely manner as set out in Physical Delivery Condition 17.1.

21. Tax

The interest payable by the Issuer under the Notes will be payable for the use of the issue price of the Notes and as compensation in recognition of the risk that the Issuer may not be required to repay all or any of the issue price, or (if this is the case) that the consideration itself may have been nil or lower than the return on a security that does not provide exposure to an underlying asset.

PART 2

RISK FACTORS

Investing in equity linked Notes (including Notes which may be physically settled) involves certain risks. Factors which are material for the purpose of assessing the market risks associated with equity linked Notes and physically settled Notes are described below. Prospective investors should read these risk factors together with the Risk Factors in the Base Listing Particulars.

The Issuer makes no representation that the statements set out below regarding the potential risks of equity linked Notes or physically settled Notes are exhaustive.

Undefined capitalized terms used in these risk factors shall have the meanings given to them in the Base Listing Particulars and the applicable Pricing Supplement (including the Equity Linked Conditions).

General risks and risks relating to Equity Linked Notes

The Issuer may issue several issues of Equity Linked Notes relating to a particular share or basket of shares. However, no assurance can be given that the Issuer will issue any such Equity Linked Notes other than the Equity Linked Notes to which the applicable Pricing Supplement relate. At any given time, the number of Equity Linked Notes outstanding may be substantial. Equity Linked Notes provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the relevant share or basket of shares.

Equity Linked Notes may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of a specified number of share(s) and/or by payment of an amount determined by reference to the value of the share(s).

The Issuer may issue Equity Linked Notes where the early or other redemption amount or interest payable are dependent upon the price of or changes in the price of shares or a basket of shares or where, depending on the price or change in the price of the shares or basket of shares, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Equity Linked Notes may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Equity Linked Notes will entail significant risks not associated with a conventional debt security.

Equity Linked Notes involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Purchasers should be prepared to sustain a total loss of the purchase price of the Equity Linked Notes. Prospective purchasers of the Equity Linked Notes should understand the risks of transactions involving the relevant Equity Linked Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Equity Linked Notes in light of their particular financial circumstances, the information set forth herein and the information regarding the Equity Linked Notes and the particular Share or Shares to which the value of, or payments or deliveries in respect of, the Equity Linked Notes may relate, as specified in the applicable Pricing Supplement.

Equity Linked Notes will represent an investment linked to the economic performance of the relevant share or basket of shares and prospective investors should note that the return (if any) on their investment in such Equity Linked Notes will depend upon the performance of such share or basket of shares. Potential investors should also note that whilst the market value of such Equity Linked Notes is linked to such share or basket of shares and will be influenced (positively or negatively) by such share or basket of shares any change may not be comparable and may be disproportionate. It is impossible to predict how the price/level of the relevant share or basket of shares will vary over time. In contrast to a direct investment in the relevant share or

basket of shares, Equity Linked Notes represent the right to receive payment or delivery, as the case may be, of the early or other redemption amount or the Entitlement, as the case may be, as well as payments of interest (if specified in the applicable Pricing Supplement in respect of Equity Linked Notes), all or some of which and the value of which will be determined by reference to the performance of the relevant share or basket of shares.

As the amounts payable and/or deliverable in respect of Equity Linked Notes are linked to the performance of the relevant share or basket of shares, a purchaser of such Equity Linked Notes must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant share or basket of shares. Assuming all other factors are held constant, the lower the value of such Equity Linked Notes and the shorter the remaining term to redemption or cancellation, as applicable, the greater the risk that purchasers of such Equity Linked Notes will lose all or part of their investment.

PROSPECTIVE INVESTORS MUST REVIEW THE APPLICABLE PRICING SUPPLEMENT TO ASCERTAIN WHAT THE RELEVANT SHARE OR SHARES (IF ANY) ARE AND TO SEE HOW THE EARLY OR OTHER REDEMPTION AMOUNT OR THE ENTITLEMENT, AS THE CASE MAY BE, AND ANY INTEREST PAYMENTS ARE DETERMINED AND WHEN SUCH AMOUNTS ARE PAYABLE AND/OR DELIVERABLE, AS THE CASE MAY BE, BEFORE MAKING ANY DECISION TO PURCHASE ANY EQUITY LINKED NOTES.

Fluctuations in the value and/or volatility of the relevant share or basket of shares will affect the value of the Equity Linked Notes and such fluctuations may not correlate with changes in interest rates, currencies or other shares. Other factors which may influence the market value of the Equity Linked Notes include interest rates, potential dividend or interest payments (as applicable) in respect of the relevant share or basket of shares, changes in the method of calculating the relevant share or basket of shares from time to time and market expectations regarding the future performance of the relevant share or basket of shares, its composition and such Equity Linked Notes.

The timing of changes in the relevant share or basket of shares may affect the actual yield to investors, even if the average price/level is consistent with their expectations.

Risks relating to Equity Linked Notes

Interest payable on Equity Linked Notes may be calculated by reference to the value of one or more shares.

Potential investors in Equity Linked Notes should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the share(s) do not move in the anticipated direction.

In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other shares.

If the early or other redemption amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or basket of shares on the early or other redemption amount or interest payable, or Entitlement deliverable, will be magnified.

Equity Linked Notes may, if so specified in the applicable Pricing Supplement, be structured to include any of the following features:

- "Knock-in", being the occurrence of a specified knock-in event when the price of the relevant share or basket of shares or breaches a pre-defined barrier on a specified observation date(s) or day during an

observation period, which results in a certain payout on maturity or exercise (as applicable) and/or interim payment;

- "Knock-out", being the occurrence of a specified knock-out event when the price of the relevant share or basket of shares reaches or breaches a pre-defined barrier on a specified observation date(s) or day during an observation period, which results in the deactivation of a certain payout on maturity or exercise (as applicable) and/or interim payment;
- "Trigger Event", being the occurrence of any share being equal to or less than the specified price for such share during the relevant observation period; and
- "Best/Worst Performance", being, in relation to Equity Linked Notes referencing more than one share, that the payout on maturity or exercise (as applicable) and/or interim payment can be determined by reference to the share or weighted basket of shares giving the highest performance or lowest performance on a specified observation date or dates.

In such circumstances, the market value of the Equity Linked Notes may be more volatile than for securities that do not include such features and the timing of changes to the price of the share or basket of shares may affect the return on the Equity Linked Notes even if the price is generally consistent with an investor's expectations.

Other than circumstances where the Knock-in Event may only be triggered by reference to the closing level in respect of the Share, if on any Scheduled Trading Day during a Knock-in Period a market disruption event or other circumstance giving rise to a disrupted day occurs but, notwithstanding such disruption, a price is available on such day, a Knock-in Event will be triggered if such price is less than the Knock-in Level for the relevant Share. A market disruption event or circumstance giving rise to a disrupted day may cause significant swings in the price of a Share and any price observed at such time may differ significantly from the price which would have prevailed if that disruption had not occurred. This may make it more likely a Knock-in Event will occur.

If "Mandatory Early Redemption Provisions" are specified as applicable in the applicable Pricing Supplement, on the occurrence of a specified event (such as a share or basket of shares exceeding or falling below a specified price on an observation date or during an observation period), such Equity Linked Notes will be redeemed or cancelled prior to their designated Maturity Date or Settlement Date at the specified Mandatory Early Redemption Amount and no further amounts will be payable or deliverable in relation to such Equity Linked Notes.

In such circumstances, investors are subject to reinvestment risk as they may not be able to replace their investment in such Equity Linked Notes with an investment that has a similar profile as the Equity Linked Notes. In addition, investors will only receive the specified Mandatory Early Redemption Amount and will not benefit from any movement in the price of the relevant share or basket of shares that would have resulted in a higher return on the Equity Linked Notes if they had not been redeemed or cancelled prior to their designated Maturity Date or Settlement Date.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Equity Linked Notes and/or may delay settlement in respect of the Equity Linked Notes. Prospective purchasers should review the relevant Conditions of the Equity Linked Notes and the applicable Pricing Supplement to ascertain whether and how such provisions apply to the Equity Linked Notes.

In the case of Equity Linked Notes following the declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the Conditions

and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Notes.

In addition, in the case of Equity Linked Notes, if a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency occurs in relation to any Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Pricing Supplement to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Notes;
- (ii) redeem or cancel, as applicable, part (in the case of Equity Linked Notes relating to a basket of Shares) or all (in any other case) of the Equity Linked Notes. Following such redemption or cancellation an investor generally would not be able to reinvest the redemption or cancellation proceeds at an effective interest rate as high as the interest rate on the relevant Equity Linked Notes being redeemed or cancelled and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time; and
- (iii) if the applicable Pricing Supplement provide that "Share Substitution" is applicable, require the Calculation Agent to adjust the basket of Shares to include a share selected by it in accordance with the criteria for share selection set out in the applicable Pricing Supplement in place of the Share(s) which are affected by such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and the substitute shares will be deemed to be "Shares" and the relevant issuer of such shares, a "Share Company" for the purposes of the Equity Linked Notes, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion determines appropriate.

The market price of Equity Linked Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share or basket of shares, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share or basket of shares as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

No issuer of the relevant share(s) will have participated in the preparation of the applicable Pricing Supplement or in establishing the terms of the Equity Linked Notes and none of the Issuer nor any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares contained in such Pricing Supplement or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Pricing Supplement) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share and therefore the trading price of the Equity Linked Notes.

Except as provided in the Physical Delivery Conditions, Noteholders of Equity Linked Notes will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Equity Linked Notes relate.

Market Disruption Event and Disrupted Day

If an issue of Equity Linked Notes includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Equity Linked Notes may have an adverse effect on the value of such Equity Linked Notes and may delay payments or deliveries under the Notes.

Settlement Disruption Event and Failure to Deliver due to Illiquidity

In the case of Equity Linked Notes which may be physically settled ("**Physical Delivery Notes**"), if a Settlement Disruption Event occurs or exists, settlement will be postponed until the next date on which no Settlement Disruption Event occurs. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Price in lieu of delivering the Entitlement. Such a determination may have an adverse effect on the value of the relevant Physical Delivery Notes. In addition if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Pricing Supplement, and in the opinion of the Calculation Agent it is impossible or impracticable to deliver some or all of the Relevant Assets comprising the Entitlement when due as a result of illiquidity in the market for the Relevant Assets, the Issuer has the right to pay the Failure to Deliver Settlement Price in lieu of delivering those Relevant Assets.

Expenses

Noteholders of Physical Delivery Notes must pay all Expenses relating to such Physical Delivery Notes. As used in the Equity Linked Conditions, "Expenses" includes any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the redemption, exercise and settlement (as applicable) of such Physical Delivery Notes and/or the delivery of the Entitlement.

No claim against any Share

An Equity Linked Note will not represent a claim against any share or basket of shares and, in the event of any loss, a Noteholder will not have recourse under an Equity Linked Note to any share or basket of shares.

Physical Delivery Requirements and Settlement Risk

In order to receive the Entitlement in respect of a Physical Delivery Note, the holder of such Equity Linked Note must (1) provide the Required Information in a timely manner and (2) pay the relevant Expenses. Physical Delivery Noteholders should review carefully these Pricing Supplement to ascertain the procedures for this.

Calculation Agent's discretion

The Calculation Agent (which may be UBS AG, London Branch) has a broad discretionary authority to make various determinations and adjustments under the Equity Linked Notes, any of which may have an adverse effect on the value and/or the amounts payable under the Equity Linked Notes. Prospective investors should be aware that any determinations made by the Calculation Agent may have an impact on the value and financial return of the Equity Linked Notes. Where the Calculation Agent is required to make a determination it may do so without taking into account the interests of the Noteholders.
