NONE OF THE ISSUERS, THE GUARANTOR AND THE DEALERS HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IN THE EVENT OF AN OFFER BEING MADE BY A FINANCIAL INTERMEDIARY, SUCH FINANCIAL INTERMEDIARY WILL PROVIDE INFORMATION TO INVESTORS ON THE TERMS AND CONDITIONS OF THE OFFER AT THE TIME THE OFFER IS MADE.

Public Offers: Issue Price and Offer Price

The Issue Price will be determined by the relevant Issuer and the Guarantor (as applicable) in consultation with the relevant Dealer(s) at the time of the relevant Public Offer and will depend, amongst other things, on the interest rate applicable to the Notes and prevailing market conditions at that time. The offer price of such Notes will be the Issue Price or such other price as

may be agreed between an Investor and the Authorised Offeror making the offer of the Notes to such Investor. Neither the Issuers nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Notes to such Investor.

The Issuers and the Guarantor will enter into a Dealer Agreement with the Dealers in connection with the issue of Notes for the purpose of the distribution of the Notes to prospective investors. Pursuant to the terms of the Dealer Agreement, the relevant Issuer may appoint one or more Dealer(s) under the Programme to subscribe or procure subscribers for all or part of the Notes of the relevant Series. Restrictions on distribution

The distribution of this Base Prospectus and the offering or sale of Notes in certain jurisdictions may be restricted by law. Each of the Issuers, the Guarantor and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. No Notes may be offered or sold, directly or indirectly, to the public, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus, any Notes may come must inform themselves about, and observe any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, the Notes have not been and will not be registered under the Securities Act and are subject to U.S. tax law requirements.

This Base Prospectus has been prepared by the Issuers and the Guarantor for use in connection with the offer and sale of Notes in reliance upon Regulation S of the Securities Act outside the United States to non-U.S. persons or in transactions otherwise exempt from registration. Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

The Notes have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or the adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

For a description of additional restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom and Italy) and other jurisdictions, see “Plan of Distribution”.

PRIIPs/ IMPORTANT - EEA AND UK RETAIL INVESTORS - If the Final Terms in respect of any Notes includes a legend entitled “**Prohibition of Sales to EEA and UK Retail Investors**”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive 2016/97/EU, (as amended, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Notes may include a legend entitled “**MiFID II Product Governance**” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending such Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made at the time of issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for a Tranche of Notes is a manufacturer in respect of that Tranche, but otherwise neither the Arranger nor the

Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the SFA) - Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Benchmarks Regulation - Amounts payable under the Notes may be calculated by reference to EURIBOR, LIBOR, LIBID, LIMEAN or CMS which are respectively provided by the European Money Markets Institute (“**EMMI**”) for EURIBOR and ICE Benchmark Administration Limited (“**ICE**”) for LIBOR and CMS. At the date of this Base Prospectus, both ICE and EMMI have been authorised as regulated benchmark administrators pursuant to Article 34 of Regulation (EU) 2016/1011 (the “**Benchmarks Regulation**”) and appear on the public register of administrators established and maintained by the European Securities and Markets Authority (“**ESMA**”) pursuant to Article 36 of the Benchmarks Regulation.

STABILISATION

*In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s) (the “**Stabilising Manager(s)**”)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager) in accordance with all applicable laws and rules.*

*Notes may be issued on a continuous basis in series (each, a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each, a “**Tranche**”) on different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set forth in the relevant Final Terms, the form of which is set out in “**Form of Final Terms**” below.*

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed Euro 40,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into Euro at the date of the agreement to issue such Notes calculated in accordance with the provisions of the Dealer Agreement, as defined under “Plan of Distribution”). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

*In this Base Prospectus, unless otherwise specified or the context otherwise requires: references to “**Member State**” are references to Member States of the European Economic Area, references to the “**UK**” are references to the United Kingdom; references to “\$”, “**U.S.\$**”, “**USD**” and “**US Dollars**” are to the lawful currency of the United States of America; references to “**Euro**” are to the single currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended; references to “**£**” “**GBP**” and “**Pounds Sterling**” are to the lawful currency of the United Kingdom; and references to “**Yen**” are to the lawful currency of Japan.*

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described herein or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the EEA or in the UK and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA or in the UK and registered under the CRA Regulation, or (3) issued by a credit rating agency which is not established in the EEA or in the UK but which is certified under the CRA Regulation, will be disclosed in the Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. In purchasing Notes, investors assume the risk that the relevant Issuer and the Guarantor (if applicable) may become insolvent or otherwise be unable to make all payments due in respect of the Notes.

The Issuers have identified and described in this section a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. Most of these factors are contingencies that may or may not occur. However, the inability of the relevant Issuer or the Guarantor to pay interest or repay principal on the Notes may occur for other reasons which may not be considered significant risks by the relevant Issuer or the Guarantor based on the information currently available to them or which they may not currently be able to anticipate.

The risks that are specific to the Issuer are presented in 3 categories, and those specific to the Notes are presented in 2 categories, in each case with the most material risk factor presented first in each category and the remaining risk factors presented in an order which is not intended to be indicative either of the likelihood that each risk will materialise or of the magnitude of its potential impact on the business, financial condition and results of operations of the Issuers.

Prospective investors should also read the detailed information set out elsewhere and incorporated by reference in this Base Prospectus and consider carefully whether an investment in the Notes is suitable for them in the light of the information in this Base Prospectus and their personal circumstances, based upon their own judgement and upon advice from such financial, legal and tax advisers as they have deemed necessary, prior to making any investment decision.

Words and expressions defined in "Terms and Conditions of the English Law Notes" and "Terms and Conditions of the Italian Law Notes" or elsewhere in this Base Prospectus have the same meaning in this section. Prospective investors should read the whole of this Base Prospectus, including the information incorporated by reference. Unless otherwise specified, the term "Terms and Conditions" shall refer to both the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes and any reference to a "Condition" shall be to both a Condition under the Terms and Conditions of the English Law Notes and a Condition under the Terms and Conditions of the Italian.

1. MATERIAL RISKS THAT ARE SPECIFIC TO THE ISSUERS AND THAT MAY AFFECT THE ISSUERS' ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE NOTES

The risks below have been classified into the following categories:

- (A) Risks relating to the Issuers' activities and the market where the Issuers operate;*
- (B) Risks relating to the Issuers' financial situation;*
- (C) Risks relating to the legal and regulatory framework.*

(A) RISK FACTORS RELATING TO THE ISSUERS' ACTIVITIES AND THE MARKET WHERE THE ISSUERS AND THE GROUP OPERATE.

Systemic risks in connection with the economic/financial crisis and the Covid-19 Pandemic

The evolution of the macroeconomic scenario could negatively affect the economic and financial situation of the Issuer and/or of the Mediobanca Group, and in particular its liquidity, profitability and capital solidity, leading the Issuers and/or the Mediobanca Group to incur losses, increase the cost of financing and reduce the value of assets held.

The Issuers' performance is also influenced by the general economic situation, both national and for the Eurozone as a whole, and by the trend on financial markets, in particular by the solidity and growth prospects of the geographical areas in which the Issuers operate. The macroeconomic scenario currently reflects considerable areas of uncertainty, in relation to: (a) the trends in the real economy with reference to the prospects of recovery and growth in the national economy and/or resilience of growth in the economies of those countries, such as the United States and China, which have delivered growth, even

substantial, in recent years; (b) future developments in the monetary policy of the European Central Bank for the Eurozone area, and the U.S. Federal Reserve Board for the US dollar area, and the policies implemented by various countries to devalue their own currencies for competitive reasons; (c) the sustainability of the sovereign debt of certain countries, and the tensions noted more or less frequently on financial markets.

In this respect, the outbreak of Covid-19 pandemic, which began in China at the end of January 2020 and expanded globally in a few months, has had and is still having significant negative consequences on the overall scenario and in turn on the Italian banking sector in which the Issuer operates. Furthermore, the measures implemented by the competent authorities, and mainly the Italian Government, on the one side, helped facing the health emergency, while on the other had massive negative consequences in human, social and economic terms. Indeed, such measures led to a reduction in revenues on the majority of the corporate customers, an increase of costs related to the actions necessary to contain and prevent the spread of Covid-19 and, in turn, on the ability to pay existing debt (potentially also *vis-à-vis* the Issuer) and on current employment levels. Any of such circumstances may have an impact on the Issuers' results and, in turn, on the Issuers' ability to pay interest or repay principal under the Covered Bonds.

Despite the actions taken so far by the Italian government, the regulatory bodies of the European Union and the relevant member states to mitigate the negative impacts of the anti-Covid-19 measures and support the economic recovery, significant uncertainties still remain about the evolution, severity and duration of the pandemic. Should the Covid-19 pandemic and the consequent economic crisis situation persist in the forthcoming months, further negative impacts may arise on the Issuers' business situation, also due to the fact that such crisis situation increase the materiality of most of the risks to which the Issuer is exposed to, which are detailed below, and in turn the Group's results and financial condition might be materially adversely affected.

The Issuers' financial results are affected by changes in interest rates

Fluctuations in interest rates in Italy and in the other markets in which the Mediobanca Group operates influence the Mediobanca Group's performance. The results of each Issuer's banking operations are affected by its management of interest rate sensitivity (*i.e.* Interest rate sensitivity refers to the relationship between changes in market interest rates and changes in net interest income. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes in interest rates, may have a material effect on the Issuers' financial condition or results of operations.

The Issuers' financial results may be affected by market declines and volatility

The results of the Issuers may be affected by general economic, financial and other business conditions. During recessionary periods, there may be less demand for loan products and a greater number of the Issuers' customers may default on their loans or other obligations. Interest rate rises may also impact the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the Issuers' borrowers and counterparties, including sovereign states, can affect the overall credit quality and the recoverability of loans and amounts due from counterparties.

The Issuers are therefore exposed by its very nature to potential changes in the value of financial instruments, including securities issued by sovereign states, due to fluctuations in interest rates, exchange rates and currencies, stock market and commodities prices and credit spreads, and/or other risks.

The Issuers are subject to credit risk and market risk

Credit risk relates to the risk of loss arising from counterparty default or, more generally, from counterparties failure to perform their contractual obligations. Therefore, the Issuers' business depends on the creditworthiness of its borrowers and counterparties, including sovereign states, which can affect the recoverability of loans and amounts due to the Issuers.

Notwithstanding any policy implemented to hedge or otherwise manage their exposure to credit risk, the Issuers may not have access to all relevant information regarding its customers and their financial position, before granting loans. Any failure to properly understand the financial and economic profile of

their customers could have an adverse effect on the Issuers' business and financial results.

In addition, during recessionary periods, there may be less demand for loan products and a greater number of the Issuers' customers may default on their loans or other obligations. Interest rate rises may also impact the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the Issuers' borrowers and counterparties, including sovereign states, can affect the overall credit quality and the recoverability of loans and amounts due from counterparties, with a consequent negative impact on the Issuers' business and financial results.

Market risk relates to the risk arising from market transactions in connection with financial instruments, currencies and commodities. The Issuers' trading revenues are dependent upon its ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The Issuers' financial results also depend upon how effectively the Issuers determine and assess the cost of credit and manages their credit risk and market risk concentration. In addition, due to market fluctuations, weak economic conditions and/or a decline in stock and bond prices, trading volumes or liquidity, the Issuers' financial results may also be affected by a downturn in the revenues deriving from their margin interests, principal transactions, investment banking and securities trading fees and brokerage activities.

The credit and capital markets have been experiencing extreme volatility and disruption in recent months. To the extent that any of the instruments and strategies the Issuers use to hedge or otherwise manage their exposure to credit or capital markets risk are not effective, the Issuers may not be able to mitigate effectively their risk exposures in particular market environments or against particular types of risk. The Issuers' trading revenues and interest rate risk are dependent upon their ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The Issuers' financial results also depend upon how effectively the Issuers determine and assess the cost of credit and manage their credit risk and market risk concentration. In addition, due to market fluctuations, weak economic conditions and/or a decline in stock and bond prices, trading volumes or liquidity, the Issuers' financial results may also be affected by a downturn in the revenues deriving from its margin interests, principal transactions, investment banking and securities trading fees and brokerage activities.

Risk relating to the Issuers investment banking and financial advisory activities

The Issuers' investment banking revenues, in the form of financial advisory and debt and equity underwriting fees, are directly related to the number and size of the transactions in which the Issuers participate and may be impacted by continued or further credit market dislocations or sustained market downturns. Sustained market downturns or continued or further credit market dislocations and liquidity issues would also likely lead to a decline in the volume of capital market transactions that the Issuers execute for their clients and, therefore, to a decline in the revenues that it receives from commissions and spreads earned from the trades the Issuer executes for its clients. Further, to the extent that potential acquirers are unable to obtain adequate credit and financing on favourable terms, they may be unable or unwilling to consider or complete acquisition transactions, and as a result the Issuers' merger and acquisition advisory practice would suffer.

In addition, declines in the market value of securities can result in the failure of buyers and sellers of securities to fulfil their settlement obligations, and in the failure of the Issuers' clients to fulfil their credit obligations. During market downturns, the Issuers' counterparties in securities transactions may be less likely to complete transactions. Also, the Issuers often permit their clients to purchase securities on margin or, in other words, to borrow a portion of the purchase price from the Issuers and collateralize the loan with a set percentage of the securities. During steep declines in securities prices, the value of the collateral securing margin purchases may drop below the amount of the purchasers' indebtedness. If the clients are unable to provide additional collateral for these loans, the Issuers may lose money on these margin transactions. In addition, particularly during market downturns, the Issuers may face additional expenses defending or pursuing claims or litigation related to counterparty or client defaults.

Risks connected to the presence of OTC derivatives in the Group's portfolio

The investors should note that the portfolio of the Group contains so-called "over the counter" ("OTC")

derivatives. The fair value of these OTC derivatives depends upon both the valuation and the perceived credit risk of the instrument insured or guaranteed or against which protection has been bought and the credit quality of the protection provider. Market counterparties have been adversely affected by their exposure to residential mortgage linked products, and their perceived creditworthiness has deteriorated significantly since 2007. Although the Group seeks to limit and manage direct exposure to market counterparties, indirect exposure may exist through other financial arrangements and counterparties. If the financial condition of market counterparties or their perceived creditworthiness deteriorates further, the Group may record further credit valuation adjustments on the underlying instruments insured by such parties.

Any primary or indirect exposure to the financial condition or creditworthiness of these counterparties could have a material adverse impact on the results of operations, financial condition and prospects of the Group.

Risk relating to intense competition, especially in the Italian market, where the Group has the largest concentration of its business

Competition is intense in all of the Mediobanca Group's primary business areas in Italy and the other countries in which the Mediobanca Group conducts its business. The Mediobanca Group derives most of its total banking income from its banking activities in Italy, a mature market where competitive pressures have been increasing quickly. If the Mediobanca Group is unable to continue to respond to the competitive environment in Italy with attractive product and service offerings that are profitable for the Mediobanca Group, it may lose market share in important areas of its business or incur losses on some or all of its activities.

The Issuers are subject to operational risk

The adverse effects on the Issuers may impact on whether they can make the payments due on the Notes issued under the Programme. The Issuers, like all financial institutions, are exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorised transactions by employees or operational errors, including errors resulting from faulty computer or telecommunication systems. The Issuers' systems and processes are designed to ensure that the operational risks associated with the Issuers' activities are appropriately monitored. Any failure or weakness in these systems, however, could adversely affect the Issuers' financial performance and business activities.

The Issuers' operation is dependent upon the correct functioning of the IT systems, which might expose the Group to certain risks

The financial losses or impacts on the Issuers' operations that may arise may impact on whether they can make the payments due on the Notes issued under the Programme. The Issuers' operation depends on, among other things, the correct and adequate operation of the Issuers' IT systems, as well as their continuous maintenance and constant updating.

Although the Issuers have always invested significant resources in upgrading its IT systems and improving its defense and monitoring systems, possible risks remain with regard to the reliability of the systems (e.g. disaster recovery), the quality and integrity of the data managed and the threats to which IT systems are subject, as well as physiological risks related to the management of software changes (change management), which could have negative effects on the Issuers' business, results of operations and financial condition.

Among the risks that the Issuers might face relating to the management of IT systems are the possible violations of its systems due to unauthorized access to the Issuers' corporate network or IT resources, the introduction of viruses into computers or any other form of abuse committed via internet. Like attempted hacking, such violations have become more frequent over the years throughout the world and therefore can threaten the protection of information relating to the Issuers and their customers and can have negative effects on the integrity of the Issuers' IT systems, as well as on the confidence of their customers and on the Issuers reputation, with possible negative effects on the Issuers' business, results of operations and financial condition.

In addition, the Issuers' substantial investment in resources in software development creates the risk that

when one or more of the above-mentioned circumstances occurs, the Issuers' may suffer financial losses or impacts on the Issuers' operations if the software is destroyed or seriously damaged, or will incur repair costs for the violated IT systems.

(B) RISKS RELATING TO THE ISSUERS' FINANCIAL SITUATION

Liquidity Risk

Liquidity risk is the risk that the Issuers will be unable to meet their obligations as they fall due, because of their inability to obtain funding (*i.e.*, funding liquidity risk) and/or because of their difficulties to sell assets without incurring in a capital loss due to the illiquid nature of the market (*i.e.*, market liquidity risk).

The liquidity of the Issuers may be affected by (i) national and international markets' volatility; (ii) potential adverse developments of general economic, financial and other business conditions; (iii) circumstances making the Issuers temporarily unable to obtain access to capital markets by issuing debt instruments; (iv) credit spreads; (v) regulatory developments in the prudential requirements field; and (vi) variations in the Issuers' creditworthiness – which may affect the aforementioned market liquidity risk. All the above circumstances may derive from factors – as market disruptions – which do not depend on the Issuers' will, but may adversely affect their liquidity profile.

Risks in connection with the exposure of the Group to Eurozone sovereign debt

In carrying out its activities, the Group holds substantial volumes of public-sector bonds, including bonds issued by European countries. The Group's total exposure in this respect as at 30 June 2020 is set out in the tables A.1.2a and A.1.2b of Part E on page 273 of the audited consolidated annual financial statements of Mediobanca as at and for the year ended 30 June 2020 incorporated by reference into this Base Prospectus. This could give rise to operational disruptions to the Group's business.

Risks connected to a potential rating downgrade

At the date of this Prospectus, Mediobanca is rated (i) by A-2 (short-term Issuer Credit Rating “ICR”), BBB (long-term ICR), BBB (long-term ICR) and negative (outlook) S&P, (ii) F3 (short-term Issuer Default Rating “IDR”), BBB- (long-term IDR) and stable (outlook) by Fitch and (iii) P-2 (short-term Counterparty Risk and Deposits Rating), Baal (long-term Counterparty Risk and Deposits Rating) and stable (outlook) by Moody's. Each of S&P, Fitch and Moody's are established in the European Union and registered under Regulation (EC) No. 1060/2009 on credit rating agencies, (as amended from time to time) (the “CRA Regulation”) as set out in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority pursuant to the CRA Regulation.

A downgrade of Mediobanca's rating (for whatever reason) might result in higher funding and refinancing costs for Mediobanca in the capital markets. In addition, a downgrade of Mediobanca's rating may limit Mediobanca's opportunities to extend mortgage loans and may have a particularly adverse effect on Mediobanca's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse effect on Mediobanca's financial condition and/or the results of its operations.

In addition, Mediobanca's credit ratings are potentially exposed to the risk of reductions in the sovereign credit rating of the Republic of Italy. On the basis of the methodologies used by rating agencies, any downgrades of Italy's credit rating may have a potential knock-on effect on the credit rating of Italian issuers such as Mediobanca and make it more likely that the credit rating of Notes issued under the Programme are downgraded.

(C) RISK FACTORS RELATING TO THE LEGAL AND REGULATORY FRAMEWORK

Changes in the Italian and European regulatory framework could adversely affect the Issuer's business

Mediobanca is subject to extensive regulation and supervision by the Bank of Italy, the *Commissione Nazionale per le Società e la Borsa* (the Italian securities market regulator or “**CONSOB**”) the European Central Bank and the European System of Central Banks. Mediobanca International is subject to extensive regulation and supervision by the CSSF, the European Central Bank and the European System of Central Banks .

The banking laws to which the Issuers are subject govern the activities in which banks and foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Issuers must comply with financial services laws that govern their marketing and selling practices. The regulatory framework governing the international financial markets is currently being amended in response to the credit crisis, and new legislation and regulations are being introduced in Italy and the Grand Duchy of Luxembourg and could significantly alter the Issuers’ capital requirements.

The supervisory authorities mentioned above govern various aspects of the Issuers, which may include, among other things, liquidity levels and capital adequacy, the prevention and combating of money laundering, privacy protection, ensuring transparency and fairness in customer relations and registration and reporting obligations. In order to operate in compliance with these regulations, the Issuers have in place specific procedures and internal policies. Despite the existence of these procedures and policies, there can be no assurance that violations of regulations will not occur, which could adversely affect the Group’s results of operations, business and financial condition. The above risks are compounded by the fact that, as at the date of this Base Prospectus, certain laws and regulations have only been approved and the relevant implementation procedures are still in the process of being developed.

The Bank Recovery and Resolution Package is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes

Directive 2014/59/EU (the “**BRRD**”) as amended by Directive 2017/2399 (the “**BRRD Amending Directive**”) and Directive 2019/879 (the “**BRRD II**” and, jointly with the BRRD and the BRRD Amending Directive, the “**BRRD Package**”) provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms. The BRRD has been implemented in (i) Italy through the adoption of the Legislative Decrees No. 180/2015 and 181/2015 and (ii) the Grand Duchy of Luxembourg through the adoption of the Law of 18 December 2015.

The BRRD Package contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that: (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a “bridge institution” (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims into shares or other instruments of ownership (i.e. shares, other instruments that confer ownership, instruments that are convertible into or give the right to acquire shares or other instruments of ownership, and instruments representing interests in shares or other instruments of ownership) (the “**General Bail-in Tool**”), which equity could also be subject to any future application of the General Bail-In Tool.

In addition to the General Bail-in Tool, the BRRD Package provides for resolution authorities to have the further power to permanently write-down or convert into equity capital instruments such as subordinated notes at the point of non-viability and before or concurrently with any other resolution action is taken (“**non-viability loss absorption**”). Any shares issued to holders of the Notes upon any such conversion into equity capital instruments may also be subject to any application of the General Bail-in Tool.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD Package is the point at which the relevant authority determines that the institution or its group meets the conditions for resolution (but no resolution action has yet been taken) or that the institution and/or its group will no longer be viable unless the relevant capital instruments are written-down or converted or extraordinary public support is to be provided and the appropriate authority determines that without such support the institution would no longer be viable.

In the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of debt instruments and other eligible liabilities issued by an institution under resolution or amend the amount of interest payable under such instruments and other eligible liabilities, or the date on which the interest becomes payable, including by suspending payment for a temporary period, except for those secured liabilities which are subject to Article 44(2) of the BRRD.

Moreover, the European Commission has proposed a harmonised national insolvency ranking of unsecured debt instruments to facilitate credit institutions' issuance of such loss absorbing debt instruments, by creating, inter alia, a new asset class of "non-preferred" senior debt instruments with a lower rank than ordinary senior unsecured debt instruments in insolvency. In such perspective, the proposed amendments to Article 108 of the BRRD aim at enhancing the implementation of the bail-in tool and at facilitating the application of the "minimum requirement for own funds and eligible liabilities" ("**MREL**") requirement concerning the loss absorption and recapitalisation capacity of credit institutions and investment firms. As such, the amendments provide an additional means for credit institutions and certain other institutions to comply with the forthcoming MREL requirement and improve their resolvability, without constraining their respective funding strategies.

The powers set out in the BRRD Package and the application of the MREL requirement will impact credit institutions and investment firms and how they are managed as well as, in certain circumstances, the rights of creditors under the Programme.

Risk related to major regulatory changes

In the wake of the global financial crisis that began in 2008, the Basel Committee on Banking Supervision approved a number of capital adequacy and liquidity requirements ("**Basel III**") aimed at reaching higher and better-quality capital and risk coverage and at implementing measures to promote the build-up of capital that can be drawn down in periods of stress, the introduction of a leverage ratio as a backstop to the risk-based requirement as well as two global liquidity standards. The Basel III framework adopted a gradual approach, with the requirements to be implemented over time, with full enforcement in 2019.

Moreover, the Basel Committee has embarked on a very significant risk weighted assets ("**RWAs**") variability agenda. This includes the Fundamental Review of the Trading Book, revised standardised approaches (e.g. credit, market, operational risk), constraints to the use of internal models as well as the introduction of a capital floor. The regulator's primary aim is to eliminate unwarranted levels of RWA variance. The new setup will have a significant impact on risk modelling. From a credit risk perspective, an impact is expected both on capital held against the exposures assessed via standardised approach and on those evaluated via an internal ratings based approach ("**IRB**"), due to the introduction of capital floors that, according to the new framework, will be calculated based on the revised standardised approach. Implementation of these new rules on risk models will take effect from 1 January 2022.

At the European level, the Basel III rules have been implemented through two separate legislative instruments: Directive 2013/36/EU of 26 June 2013, as amended (the "**CRD IV Directive**") and Regulation (EU) No. 575 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the "**CRR**" and together with the CRD IV Directive, the "**CRD IV**").

The CRD IV has been recently, as well as the BRRD and the SRM Regulation, following the adoption of a comprehensive reform package first announced by the European Commission in November 2016 (the "**EU Banking Reform**"). In particular, the EU Banking Reform consists of:

- Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending the CRD IV Directive as regards exempted entities, financial holding companies, mixed financial

holding companies, remuneration, supervisory measures and powers and capital conservation measures (the "**CRD V**");

- Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending the CRR as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements (the "**CRR II**");
- Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the Bank Recovery and Resolution Directive as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC (the "**BRRD II**"); and
- Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No. 806/2014 as regards the loss absorbing and recapitalisation capacity of credit institutions and investment firms (the "**SRMR II**").

Risks related to changes in fiscal law

These recently introduced banking reforms as well as other laws and regulations that may be adopted in the future could adversely affect the Issuer's business, financial condition, results of operations and cash flow.

The Issuers are subject to risks associated with changes in tax law or in the interpretation of tax law, changes in tax rates and consequences arising from non-compliance with procedures required by tax authorities. Any legislative changes affecting the calculation of taxes could therefore have an impact on the Issuers' financial condition, results of operations and cash flow.

With particular reference to Mediobanca, Mediobanca is required to pay Italian corporate income taxes ("**IRES**") pursuant to Title II of Italian Presidential Decree no. 917 of 22 December 1986 (i.e. the Consolidated Income Tax Law, or "**TUIR**") and the Italian regional business tax ("**IRAP**") pursuant to Legislative Decree no. 446 of 15 December 1997, and the amount of taxes due and payable by Mediobanca may be affected by tax benefits from time to time available.

Mediobanca currently benefits from the stimulus provisions introduced by way of article 1 of Italian Law Decree no. 201 of 6 December 2011, as amended and converted into Law no. 214 of 22 December 2011, concerning "economic-growth allowances" (*aiuto alla crescita economica*, or "**ACE**"). The ACE rules allow for a deduction from net income for the purposes of IRES of an amount computed by applying a notional yield at a rate of 1.3% from 2019 onwards to the increase in net equity (the "**ACE Base**"). The ACE base is, for the first year of application of ACE (i.e. 2011), the amount of equity existing at close of that year less the amount of equity as of 31 December 2010 (excluding profits earned in 2010) and, for subsequent years, the base carried forward from the previous year as adjusted (increased and reduced) to reflect components affecting equity.

In accordance with article 3 of the Italian Ministerial Decree of 3 August 2017 revising the implementing provisions of the ACE legislation, if the amount of the notional yield (i.e. the ACE deduction) exceeds net income declared for a given tax year (the "**Excess ACE**"), such excess (i) may increase the amount deductible from income in subsequent tax years without time or amount limits, or (ii) may be converted into a tax credit calculated by applying the IRES tax rate, as per article 77 of the TUIR, to the Excess ACE amount and then utilised in five annual instalments of equal amount as an offset to IRAP up to the amount of tax due for the period.

From time to time, the Italian budget law may also include provisions that affect the deductibility of particular items that could result in an increase in the taxable income of the Issuer for IRES and/or IRAP purposes, either in general or for specific tax period(s).

The Issuer may be affected by new accounting and regulatory standards

The potentially negative effects on the estimates contained in the financial plans for future years may impact on whether the Issuers can make the payments due on the Notes issued under the Programme.

Following the entry into force and subsequent application of new accounting standards and/or regulatory rules and/or the amendment of existing standards and rules, the Issuer may have to revise the accounting and regulatory treatment of some operations and the related income and expense, with potentially negative effects on the estimates contained in the financial plans for future years and with the need to restate already published financial statements.

The transposition of the Anti-Tax Avoidance Directive in Luxembourg law could have an impact on the tax position of Mediobanca International (including its performance)

As part of its anti-tax avoidance package, the EU Commission published a draft Anti-Tax Avoidance Directive on 28 January 2016, which was formally adopted by the EC Council on 12 July 2016 in Council Directive (EU) 2016/1164 (the "**ATAD 1**").

In this respect, the Luxembourg law dated 21 December 2018 (the "**ATAD 1 Law**") transposed the ATAD 1 into Luxembourg legislation. The ATAD 1 Law may have an impact on the tax position of Mediobanca International (including on its performance). Amongst the measures contained in the ATAD 1 Law is an interest deductibility limitation rule.

The interest deduction limitation rule set out by ATAD 1 has been implemented in article 168bis of the Luxembourg income tax law ("**LITL**") effective as of 1 January 2019, which restrict, for a Luxembourg taxpayer (such as Mediobanca International), the deduction of net interest expenses qualifying as "excess borrowing costs" to the higher of (i) 30 per cent. of the taxpayer's EBITDA (defined as the taxpayer's total net income increased by the amount of its excess borrowing costs, depreciation and amortisation), and (ii) €3 million.

Excess borrowing costs are defined as the amount by which the deductible borrowing costs of a taxpayer exceeds the taxpayer's taxable interest revenues and other economically equivalent taxable income of the taxpayer. Excess borrowing costs not deductible in a tax period can be carried forward indefinitely. The same applies to a taxpayer's excess interest capacity which cannot be used in a given tax period (however, such excess interest capacity can only be carried forward for a maximum period of 5 years).

If ATAD should result in the refusal of the tax deductibility of a portion of the interest accrued or paid under the Notes, the tax position as well as the performance of Mediobanca International as Issuer could be impacted due to the potential increase of its taxable basis.

2. MATERIAL RISKS THAT ARE SPECIFIC TO THE NOTES

The risks below have been classified into the following categories:

(A) *Risks which are material for the purpose of assessing the market risks associated with the Notes; and*

(B) *Risks related to the market.*

(A) RISKS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH THE NOTES

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) proceed with investment only after fully appreciating the risks inherent in the nature of the Notes;
- (ii) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (iii) evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

- (iv) understand thoroughly the terms of the Notes and be familiar with the behavior of any relevant indices and financial markets;
- (v) consider all of the risks of an investment in the Notes, including Notes with payments thereunder payable in one or more currencies, or where the currency for payments thereunder is different from the potential investor's currency;
- (vi) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes; and
- (vii) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

In addition, an investment in Senior Non Preferred Notes may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in *"Risks related to the structure of a particular issue of Notes"* set out below.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments.

They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios.

A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

U.S. Foreign Account Tax Compliance Act (FATCA) Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes.

A number of jurisdictions, including Ireland, Grand Duchy of Luxembourg and the Republic of Italy, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “Terms and Conditions of the Notes—Further Issues”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

Risks related to the structure of a particular Issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. This section contains risk factors which are material to the Notes being offered and/or admitted to trading.

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes or may be perceived to be able to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The relevant Issuer may redeem Notes when its cost of borrowing is lower than the interest rate on the Notes.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Redemption for taxation reasons

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the relevant Issuer (i) would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments

or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Grand Duchy of Luxembourg or Italy (as appropriate) or any political subdivision thereof or any authority therein or thereof having power to tax or (ii) would become subject to additional amount of taxes due to limitation to the deductibility of payments under any Notes), the Issuer may redeem all outstanding Notes in accordance with the Conditions .

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Regulatory Call

Subject to Conditions 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be), if Regulatory Call is specified in the applicable Final Terms, the Senior Notes and the Subordinated Notes may be redeemed at the option of the relevant Issuer, in whole, but not in part, at any time (if the Subordinated Note is not a Floating Rate Note) or on any Interest Payment Date (if the Subordinated Note is a Floating Rate Note) (i) upon the occurrence of a MREL/TLAC Disqualification Event (as defined in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*)) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes) with respect to the relevant Series of Senior Preferred Notes and/or Senior Non Preferred Notes and (ii) in case of Subordinated Notes, the Subordinated Notes cease to qualify (in whole or in part) as “Tier II Capital” on a consolidated or non consolidated basis, as a result of changes after the date of issue of the relevant Subordinated Notes in the standards and guidelines of the Bank of Italy or in the applicable legal or regulatory provisions (including legal or regulatory provisions adopted by the European Union).

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes or Subordinated Notes (as the case may be) being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the relevant Issuer may elect to convert, in accordance with the provisions of the Terms and Conditions of the English Law Notes and/or the Terms and Conditions of the Italian Law Notes (as the case may be), from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer’s ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

To the extent that Multiplier or Reference Rate Multiplier applies in respect of the determination of the Interest Rate for the Floating Rate Notes, investors should be aware that any fluctuation of the underlying floating rate will be amplified by such multiplier. Where the Multiplier or Reference Rate Multiplier is less than 1, this may adversely affect the return on the Floating Rate Notes.

Maximum/Minimum Interest Rate

Potential investors in the Senior Preferred Notes and the Subordinated Notes should also consider that where the underlying interest rate does not rise above the level of the Minimum Interest Rate, comparable investments in notes which pay interest based on a fixed rate which is higher than the Minimum Interest Rate are likely to be more attractive to potential investors than an investment in the Senior Preferred Notes and the Subordinated Notes. Under those conditions, investors in the Senior Preferred Notes and the Subordinated Notes might find it difficult to sell their Senior Preferred Notes and the Subordinated Notes on the secondary market (if any) or might only be able to realise the Senior Preferred Notes and the Subordinated Notes at a price which may be substantially lower than the nominal amount.

To the extent a Maximum Interest Rate applies, investors should be aware that the Interest Rate is capped at such Maximum Interest Rate level. Consequently, investors in the Senior Preferred Notes and the Subordinated Notes may not participate in any increase of market interest rates, which may also negatively affect the market value of the Senior Preferred Notes and the Subordinated Notes.

The interest rate on Reset Notes

If the Senior Preferred Notes and the Subordinated Notes are issued as Reset Notes, then such Reset Notes will initially bear interest at the Initial Rate of Interest from and including the Interest Commencement Date up to but excluding the First Reset Date. On the First Reset Date, the Second Reset Date (if applicable) and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Mid-Swap Rate and the First Margin or Subsequent Margin (as applicable) as determined by the Calculation Agent on the relevant Reset Determination Date (each such interest rate, a “**Subsequent Reset Rate of Interest**”). The Subsequent Reset Rate of Interest for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate of Interest for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing notes with comparable maturities.

Senior Notes as eligible for the purposes of the MREL/TLAC Requirements is subject to uncertainty

The Senior Notes are intended to be eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be). However, there is uncertainty regarding the final substance of the applicable MREL/TLAC Requirements, and the Issuer cannot provide any assurance that the Senior Notes will be or remain eligible for the purposes of the MREL/TLAC Requirements. The European laws and regulations implementing the TLAC concept may turn out to be more restrictive than the provisions set forth in the Final TLAC Standard, and some of the provisions in the Final TLAC Standard require further definition or interpretation. In addition, any changes to MREL under the European Commission’s combined legislative proposal may be more restrictive than the European Commission’s initial proposals or current regulations. The requirements for an instrument to be TLAC-eligible and MREL-eligible may not ultimately converge or be consistent under the final European laws and regulations. Because of the uncertainty surrounding the substance of the final regulations implementing the TLAC requirements and any potential changes to the regulations giving effect to MREL, the Issuer cannot provide any assurance that the Senior Notes will ultimately be eligible for the purposes of the MREL/TLAC Requirements. If they are not eligible for the purposes of the MREL/TLAC Requirements (or if they initially are compliant with the MREL/TLAC Requirements and subsequently become ineligible due to a change in the relevant final regulations implementing the MREL/TLAC

requirements), then an MREL/TLAC Disqualification Event will occur, with the consequences indicated in the risk factor above and in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be).

Variation of the terms and conditions of the Senior Notes

In relation to any series of Senior Notes, if Modification following a MREL/TLAC Disqualification Event is specified as applicable in the applicable Final Terms, the relevant Issuer may upon the occurrence of a MREL/TLAC Disqualification Event modify the terms and conditions of such Senior Notes without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no MREL/TLAC Disqualification Event would exist after such modification, **provided that** the relevant conditions set forth in Condition 9(d) (*Modification following a MREL/TLAC Disqualification Event*) of the Terms and Conditions of the English Law Notes and 9(d) (*Modification following a MREL/TLAC Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case maybe) are satisfied. For details, see Condition 9(d) Terms and Conditions of the English Law Notes and 9(d) (*Modification following a MREL/TLAC Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case maybe).

Investors should be aware that, where the terms and conditions of such Senior Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholder.

Italian laws and regulations applicable to the Senior Non Preferred Notes

On 1 January 2018, the Italian law No. 205 of 27 December 2017 (so-called “*Legge di Bilancio 2018*”) came into force introducing certain amendments to the Legislative Decree No. 385 of 1 September 1993 (the “**Italian Banking Act**”), including the possibility for banks and companies belonging to banking groups to issue senior non-preferred securities (the so-called “*strumenti di debito chirografario di secondo livello*”).

In particular, the so-called “*Legge di Bilancio 2018*” introduced, *inter alia*, a new provision in the Italian Banking Act (*i.e.*, Article 12-bis (*Strumenti di debito chirografario di secondo livello*)) providing that securities (*obbligazioni* and *altri titoli di debito*) with a senior non-preferred ranking issued by banks and companies belonging to banking groups shall comply with the following requirements:

- (i) the original maturity period is at least equal to twelve months;
- (ii) are not derivative securities (*strumenti finanziari derivanti*) (as defined in Article 1, paragraph 3 of the Legislative Decree No. 58 of 24 February 1998, as amended (the “**Financial Services Act**”)), are not linked to derivative securities, nor include any characteristics of such derivative securities;
- (iii) the minimum denomination is at least equal to EUR 250,000;
- (iv) may be offered only to qualified investors (*investitori qualificati*), as referred to in Article 100, letter a), of the Financial Services Act as implemented by Article 34-ter, first paragraph, letter b) of Regulation No. 11971/1999 and the relevant applicable provisions set forth in CONSOB Regulation No. 20307 of 15 February 2018;
- (v) the prospectus and the agreements regulating the issuance of senior non-preferred securities expressly provide that payment of interests and reimbursement of principal due in respect thereof are subject to the provisions set forth in of Article 91, paragraph 1-bis, letter c-bis of the Italian Banking Act.

According to Article 91, paragraph 1-bis, letter c-bis of the Italian Banking Act, in case an issuer of senior non-preferred securities is subject to compulsory liquidation (*liquidazione coatta amministrativa*), the relevant payment obligations in respect thereof will rank in right of payment (A) after unsubordinated creditors (including depositors), (B) at least *pari passu* with all other present and future unsubordinated and non preferred obligations obligations which do not rank or are not expressed by their terms to rank

junior or senior to such senior non-preferred securities and (C) in priority to any present or future claims ranking junior to such senior non-preferred securities and the claims of the shareholders.

Furthermore, Article 12-*bis* of the Italian Banking Act also provides that:

- (A) the provisions set forth in Article 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act shall apply to such senior non-preferred securities only to the extent that the requirements described in paragraphs (i), (ii) and (v) above have been complied with; any contractual provision which does not comply with any of the above requirements is invalid but such invalidity does not imply the invalidity of the entire agreement;
- (B) the senior non-preferred securities, once issued, may not be amended in a manner that the requirements described in paragraphs (i), (ii) and (v) above are not complied with and that any different contractual provision is null and void; and
- (C) the Bank of Italy may enact further regulation providing for additional requirements in respect of the issuance and the characteristics of senior non-preferred securities.

Any prospective investor in the Senior Non Preferred Notes should be aware that with reference to Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act, as at the date of this Base Prospectus, no interpretation of the application of such provisions has been issued by any Italian court or governmental or regulatory authority and no regulation has been issued by the Bank of Italy in respect thereof. Consequently, it is possible that any regulation or official interpretation relating to the above will be issued in the future by the Bank of Italy or any different authority, the impact of which cannot be predicted by the Issuer as at the date of this Base Prospectus.

Risk of classification of the Senior Non Preferred Notes

The intention of Mediobanca is for Senior Non Preferred Notes to qualify on issue as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements. Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide) a confirmation prior to the issuance of the Senior Non Preferred Notes that the Senior Non Preferred Notes will comply with such provisions.

Although it is Mediobanca’s expectation that the Senior Non Preferred Notes qualify as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be) there can be no representation that this is or will remain the case during the life of the Senior Non Preferred Notes. Upon the occurrence of a MREL/TLAC Disqualification Event (as defined in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be), Mediobanca will have the right to redeem the Senior Non Preferred Notes in accordance with Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be). Any redemption of Senior Non Preferred Notes issued by Mediobanca is subject to the provisions of Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Non Preferred Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right

to redeem any Senior Non Preferred Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes and, in any case, the relevant redemption amount of the Senior Non Preferred Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Senior Non Preferred Notes as of the relevant redemption date.

The Senior Non Preferred Notes are complex instruments that may not be suitable for certain investors

Senior Non Preferred Notes are novel and complex financial instruments and may not be a suitable investment for certain investors. Each potential investor in the Senior Non Preferred Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Senior Non Preferred Notes, including the possibility that the entire principal amount of the Senior Non Preferred Notes could be lost. A potential investor should not invest in the Senior Non Preferred Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Senior Non Preferred Notes will perform under changing conditions, the resulting effects on the market value of the Senior Non Preferred Notes, and the impact of this investment on the potential investor's overall investment portfolio.

Senior Non Preferred Notes are new types of instruments

Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non Preferred Notes. If so, investors may incur losses in respect of their investments in the Senior Non Preferred Notes.

The Senior Non Preferred Notes are senior non-preferred obligations and are junior to certain obligations

In order to be eligible to satisfy the provisions of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be), Senior Non Preferred Notes will be subordinated to existing senior debt and Senior Preferred Notes in the event that Mediobanca is subject to compulsory liquidation (*liquidazione coatta amministrativa*). As a result, the default risk on the Senior Non Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Preferred Notes) and other senior liabilities (such as wholesale deposits).

Although Senior Non Preferred Notes may pay a higher rate of interest than comparable Senior Preferred Notes which are not issued on a senior non preferred basis, there is a greater risk that an investor in Senior Non Preferred Notes will lose all or some of its investment should Mediobanca become subject to compulsory liquidation (*liquidazione coatta amministrativa*). Thus, such holders of Senior Preferred Notes face an increased performance risk compared to holders of Senior Preferred Obligations.

If a judgment is rendered by any competent court declaring the judicial liquidation of Mediobanca, or if Mediobanca is liquidated for any other reason, the rights of payment of the holders of Senior Non Preferred Notes will be subordinated to the payment in full of the senior preferred creditors of Mediobanca and any other creditors that are senior to the Notes. In the event of incomplete payment of senior preferred creditors and other creditors ranking ahead of the claims of the holders of Senior Non Preferred Notes, the obligations of the Issuer in connection with the principal of the Senior Non Preferred Notes will be terminated. The Noteholders shall be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any

claims they may have against the Issuer.

Credit rating which may be assigned to the Senior Non Preferred Notes

The Senior Non Preferred Notes, upon issue, may be rated by one or more credit rating agencies. Such credit rating may be lower than the Mediobanca's credit rating, since reflect the increased risk of loss in the event of the Mediobanca's insolvency. As a result, Senior Non Preferred Notes are likely to be rated by one or more credit rating agencies close to the level of subordinated debt and as such may be subject to a higher risk of price volatility than the Senior Preferred Notes.

In addition, the rating may change in the future depending on the assessment, by one or more credit rating agencies, of the impact on the different instrument classes resulting from the modified liability structure following the issuance of the Senior Non Preferred Notes.

Moreover, rating organisations may seek to rate any Senior Non Preferred Notes on an "unsolicited" basis and, if such "unsolicited ratings" are lower than the comparable ratings assigned to such Senior Non Preferred Notes on a "solicited" basis, such shadow or unsolicited ratings could have an adverse effect on the value of any Senior Non Preferred Notes.

Subordinated Notes

If Mediobanca is declared insolvent and a winding up is initiated, or in the event that the Issuer becomes subject to an order of "*liquidazione coatta amministrativa*" as defined in Italian Banking Act, it will be required to pay the holders of senior debt (including the holders of the Senior Preferred Notes and the Senior Non Preferred Notes) and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, Mediobanca may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes, in addition, the timing of any such payment may not be forecasted at the date of this Base Prospectus.

For a full description of the provisions relating to Subordinated Notes, see Condition 2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the English Law Notes and Condition 2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the Italian Law Notes.

In addition the Subordinated Notes expose investors to higher risks compared with certain other investments such as government bonds. Investors should therefore be aware that a comparison between the yield offered by the Subordinated Notes and those offered by other securities may not be meaningful or appropriate.

Regulatory classification of the Subordinated Notes

The intention of Mediobanca is for Subordinated Notes to qualify on issue as "Tier II Capital". Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide) a confirmation prior to the issuance of Subordinated Notes that the Subordinated Notes will be treated as such.

Although it is Mediobanca's expectation that the Subordinated Notes qualify as "Tier II Capital" there can be no representation that this is or will remain the case during the life of the Subordinated Notes or that the Subordinated Notes will be grandfathered under the implementation of future EU capital requirement regulations. If the Subordinated Notes are not grandfathered, or for any other reason cease to qualify (in whole or in part) as "Tier II Capital", Mediobanca will have the right to redeem the Subordinated Notes in accordance with Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) of the Terms and Conditions of the Italian Law Notes (as the case may be). Any redemption of Subordinated Notes issued by Mediobanca is subject to the prior approval of the Bank of Italy.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any

Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes and, in any case, the relevant redemption amount of the Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Subordinated Notes as of the relevant redemption date.

Notes may be subject to loss absorption

Investors should note that, in certain circumstances, Senior Notes may be the object of resolution tools. Investors should also be aware that, in addition to the general bail-in-tool, the BRRD contemplates that Subordinated Notes may be subject to a write-down or conversion into common shares at the point of non-viability should the Bank of Italy, the Central Bank of Ireland or other authority or authorities having prudential oversight of Mediobanca at the relevant time be given the power to do so. The BRRD is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing.

Moreover, in the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of certain debt instruments (such as the Senior Notes and Subordinated Notes) issued by an institution under resolution or amend the amount of interest payable under such instruments, or the date on which the interest becomes payable, including by suspending payment for a temporary period. As a result, the implementation of the directive or the taking of any action under it, as well as any perceived increase likelihood of application of such powers, could materially affect the value of any Notes.

Variation of the terms and conditions of Subordinated Notes

In relation to any series of Subordinated Notes, if Modification following a Regulatory Event or a Tax Event is specified as applicable in the applicable Final Terms, the relevant Issuer may upon the occurrence of a Regulatory Event or a Tax Event modify the terms and conditions of such Subordinated Notes without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no Regulatory Event or Tax Event would exist after such modification, **provided that** the relevant conditions set forth in Condition 9(e) (*Modification following a Regulatory Event or a Tax Event*) of the Terms and Conditions of the English Law Notes and Condition 9(e) (*Modification following a Regulatory Event or a Tax Event*) of the Terms and Conditions of the Italian Law Notes are satisfied. For details, see Condition 9(e) (*Modification following a Regulatory Event or a Tax Event*) of the Terms and Conditions of the English Law Notes and Condition 9(e) (*Modification following a Regulatory Event or a Tax Event*) of the Terms and Conditions of the Italian Law Notes.

Pursuant to Condition 9(f) of the Terms and Conditions of the English Law Notes and Condition 9(f) of the Terms and Conditions of the Italian Law Notes, in case the Notes have been distributed to a single holder (the “**Single Holder**”), the approval for the amendments under Condition 9(a),(b),(c),(d) and (e) above shall be given by the Single Holder by way of binding approval letter with prior delivery of the relevant proof of ownership of the relevant Note.

Investors should be aware that, where the terms and conditions of such Subordinated Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholder.

No gross up on withholding tax

To the extent that the relevant Issuer is required by law to withhold or deduct any present or future taxes of any kind imposed or levied by or on behalf of the Republic of Italy or the Grand Duchy of Luxembourg (as appropriate), the Issuer may not be under an obligation to pay any additional amounts to Noteholders according to and subject to the provisions set forth in Condition 6(a) (*Gross Up*) of the Terms and Conditions of the English Law Notes and Condition 6(a) (*Gross Up*) of the Terms and Conditions of the Italian Law Notes.

Waiver of set-off

If waiver of set-off rights is specified as applicable in the applicable Final Terms, each holder of a Senior Preferred Note will unconditionally and irrevocably waive any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have under the laws of any jurisdiction in respect of such Senior Preferred Note. As specified in Condition 2(c) (*Status of the Senior Non Preferred Notes*) and Condition 2(d) (*Status of the Subordinated Notes*) of the Terms and Conditions of the English Law Notes and Condition 2(c) (*Status of the Senior Non Preferred Notes*) and 2(d) (*Status of the Subordinated Notes*) of the Terms and Conditions of the Italian Law Notes, each holder of a Senior Non Preferred Note and of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of such Senior Non Preferred Note and Subordinated Note.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Change of law

The English Law Notes and the Italian Law Notes and any non-contractual obligations arising out of or in connection with the relevant Notes will be governed by, and shall be construed in accordance with, respectively, English law or Italian Law, in effect as at the date of this Base Prospectus, **provided that (I)** in case of Notes issued by Mediobanca, Conditions 2(b) (*Status of the Senior Preferred Notes*), 2(c) (*Status of the Senior Non Preferred Notes*), 2(d) (*Status of the Subordinated Notes*), 4(b) (*Maturities/Final Redemption*), 4(g) (*Redemption for regulatory reasons (Regulatory Call)*), 8(b) (*Events of Default of the Senior Non Preferred Notes*), 8(c) (*Events of Default of the Subordinated Notes*) and 16 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) of the Terms and Conditions of the English Law Notes, are governed by, and shall be construed in accordance with, Italian law; **(II)** in case of Senior Preferred Notes issued by Mediobanca International, Conditions 2(b) (*Status of the Senior Preferred Notes*), 4(b) (*Maturities/Final Redemption*), 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) and Condition 16 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) of the Terms and Conditions of the English Law Notes or Conditions 2(b) (*Status of the Senior Preferred Notes*), 4(b) (*Maturities/Final Redemption*), 4(g) (*Redemption for regulatory reasons (Regulatory Call)*) and Condition 15 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) or the Terms and Conditions of the Italian Law Notes, are governed by, and shall be construed in accordance with, Luxembourgish law. No assurance can be given as to the impact of any possible judicial decision or change to English law and/or Italian law, or administrative practice after the date of this Base Prospectus.

Call options are subject to the prior consent to the Relevant Authority

The Notes may also contain provisions allowing the relevant Issuer to call them upon the occurrence of certain events, including, *inter alia*, in case of MREL/TLAC Disqualification Event (in case of the Senior Preferred Notes and the Senior Non Preferred Notes) or after a period of, for example, twelve months (in case of the Senior Non Preferred Notes) and five years (in case of the Subordinated Notes). To exercise such a call option, the relevant Issuer must obtain the prior written consent of the Relevant Authority in accordance with applicable laws and regulations, including article 77(b) and 78 of the CRD IV, and the provisions of Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes.

Holders of such Notes have no rights to call for the redemption of such Notes and should not invest in such Notes in the expectation that such a call, based upon its evaluation of the regulatory capital position of the relevant Issuer and certain other factors at the relevant time and in accordance with applicable laws and regulations, including Article 77(b) and 78 of the CRD IV.

There can be no assurance that the Relevant Authority will permit such a call. Holders of such Notes should be aware that they may be required to bear the financial risks of an investment in such Notes for a period of time in excess of the minimum period.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes and/or the Subordinated Notes (as the case may be) being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(l) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Senior Notes and/or Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Senior Notes and/or Subordinated Notes as of the relevant redemption date.

There may be limited or no event of defaults under the Senior Preferred Notes

Pursuant to Condition 8(a) (*Events of Default of the Senior Preferred Notes*) of the Terms and Conditions of the English Law Notes and Condition 8(a) (*Events of Default of the Senior Preferred Notes*) of the Terms and Conditions of the Italian Law Notes, if the applicable Final Terms specifies that one or more of the Events of Default are not applicable to the Senior Preferred Notes of any Series, then such relevant Events of Default shall not apply to such Series of Senior Preferred Notes.

If no Events of Default are specified as applicable in the applicable Final Terms, Noteholders will not be able to accelerate the payment of principal in respect of the Senior Preferred Notes if the relevant Issuer fails to meet any obligations under such Senior Preferred Notes, including the payment of any interest. Upon a payment default, the sole remedy available to holders of such Senior Preferred Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, in any case a Noteholder may, upon written notice to the Fiscal Agent, cause such Senior Preferred Notes to become due and payable, together with accrued interest thereon, if any, as of the date on which said notice is received by the Fiscal Agent, upon the occurrence of the Event of Default listed in Condition 8(a), paragraph (vii) (*Winding-up*) of the Terms and Conditions of the English Law Notes and Condition 8(a), paragraph (vii) (*Winding-up*) of the Terms and Conditions of the Italian Law Notes, as the case may be..

If all or some of the Events of Default are specified as applicable in the applicable Final Terms, holders of such Senior Preferred Notes may give written notice to the Fiscal Agent at its specified office that such Senior Preferred Note is immediately repayable, whereupon the Early Redemption Amount of such Senior Preferred Note together with accrued interest to the date of payment shall become immediately due and payable.

Procedures of clearing systems

Unless otherwise provided in the relevant Final Terms, Notes issued under the Programme may be represented by one or more Global Notes and such Global Notes will be deposited with a common depositary or (where applicable) common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system provided in the Final Terms will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system. While the Notes are represented by one or more Global Notes the relevant Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system to receive payments under the relevant Notes. The relevant Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system to appoint appropriate proxies.

Modification

The Issue and Paying Agency Agreement contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the relevant Issuer and the Guarantor (if applicable) may, without the consent of Noteholders, correct (i) any manifest error in the Terms and Conditions of the Notes and/or in the Final Terms, (ii) any error of a formal, minor or technical nature in the Terms and Conditions of the Notes and/or in the Final Terms or (iii) any inconsistency in the Terms and Conditions of the Notes and/or in the Final Terms between the Terms and Conditions of the Notes and/or the Final Terms and any other documents prepared in connection with the issue and/or offer of a Series of Notes (provided such correction is not materially prejudicial to the holders of the relevant Series of Notes). In addition, pursuant to Condition 3(o) (*Benchmark replacement*) of the Terms and Conditions of the English Law Notes and Condition 3(o) (*Benchmark replacement*) of the Terms and Conditions of the Italian Law Notes, certain changes may be made to the interest calculation provisions of the Notes in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Noteholders. Any such correction shall be binding on the holders of the relevant Notes and the relevant Issuer and the Guarantor (if applicable) shall cause such correction to be notified to the holders of the Notes as soon as practicable thereafter pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the Notes.

Conflict of Interest

Investors should note that Notes issued under the Program may be underwritten by Dealers who receive in consideration underwriting commissions and selling concessions. The relevant Issuer may also offer and sell Notes directly to investors without the involvement of any Dealer. In addition, Mediobanca may act as market maker or specialist or perform other similar roles in connection with the Notes: potential conflicts of interest may exist between Mediobanca acting in such capacity on the one hand, and investors in the Notes on the other.

Calculation Agent

The relevant Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Impossibility to know the amount of the Notes in circulation on the date of issue

The Notes may be issued and withheld by the relevant Issuer for the progressive sale on the market in accordance with investors' demand. In this context an investor who acquires the Notes does not know at the moment of purchase how much of the issued Notes effectively are publicly traded, with the consequence that the amount in circulation could be meagre and may not guarantee successively adequate liquidity in the Notes.

Issue of subsequent tranche

In the event the relevant Issuer decides to issue further Notes having the same terms and conditions as an already existing Series of Notes (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the further Notes shall be consolidated and form a single series with the original Notes, the greater nominal amount in circulation could lead to a greater offer of the relevant Notes in the secondary market with a consequent negative impact on the price of the relevant Series of the Notes.

Reform of EURIBOR and other interest rate index and equity, commodity and foreign exchange rate index “benchmarks”

The Euro Interbank Offered Rate (“**EURIBOR**”) and other indices which are deemed “benchmarks” are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such “benchmarks” to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a “benchmark”.

Key international reforms of “benchmarks” include IOSCO’s proposed Principles for Financial Market Benchmarks (July 2013) (the “**IOSCO Benchmark Principles**”) and Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No. 596/2014 (the “**Benchmarks Regulation**”).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing to a rate or index deemed to be a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

Any of the international, national or other reforms or the general increased regulatory scrutiny of “benchmarks” could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. For example, the sustainability of the London interbank offered rate (“**LIBOR**”) has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of regulatory reforms) for market participants to continue contributing to such “benchmarks”. On 27 July 2017, the United Kingdom Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR “benchmark” after 2021 (the “**FCA Announcement**”). The FCA Announcement indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of the LIBOR “benchmark” or any other “benchmark”, or changes in the manner of administration of any “benchmark”, could require an adjustment to the terms and conditions, or result in other consequences, in respect of any Note referencing such “benchmark”. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain “benchmarks”, trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the disappearance of certain “benchmarks”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any such Notes.

Following the implementation of any such reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or the benchmark could be eliminated entirely, or there could be other consequences that cannot be predicted. The disappearance of a “benchmark” or changes in the manner of administration of a “benchmark” could require or result in adjustment to the interest calculation provisions of the Conditions (as described in Condition 3(o) (*Benchmark replacement*) of the Terms and Conditions of the English Law Notes and Condition 3(o) (*Benchmark replacement*) of the Terms and Conditions of the Italian Law Notes or result in adverse consequences to holders of any securities linked to such benchmark (including but not limited to Floating Rate Notes or Reset Notes whose interest rates are linked to LIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes and transitions to alternative reference rates as stated in the FCA Announcement, uncertainty as to the nature of such alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities based on the same benchmark.

Even if the rate determination agent is able to determine an appropriate replacement rate for any Benchmark, if the replacement of the Benchmark with the replacement rate would result in a

MREL/TLAC Disqualification Event or (in the case of Subordinated Notes only) a Regulatory Event, the rate of interest will not be changed, but will instead be fixed on the basis of the last available quotation of the Benchmark. This could occur if, for example, the switch to the replacement rate would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes. While this mechanism will ensure that the Notes will not become subject to a potential regulatory event-based redemption, it will result in the Notes being effectively converted to fixed rate instruments. Investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of the Notes could as a consequence be adversely affected.

The Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes provide for certain fallback arrangements in the event that a published benchmark, such as LIBOR, (including any page on which such benchmark may be published (or any successor service)) becomes unavailable, including the possibility that the rate of interest could be set by reference to a reference bond rate, a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. In certain circumstances the ultimate fallback of interest for a particular Interest Period or Reset Period (as applicable) may result in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes (as applicable) based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the relevant Issuer to meet its obligations under the Floating Rate Notes or Reset Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Reset Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes or Reset Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a “benchmark” since the rate of interest will be changed in ways which may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained.

Notes issued with a specific use of proceeds and Green, Social and Sustainability Bonds

The net proceeds of the issue of each Tranche of Notes will be used for the general corporate purposes of the relevant Issuer. If, in respect of any particular issue, there is a particular identified use of the proceeds, this will be specified in the applicable Final Terms, including in case an amount equivalent to the net proceeds of the issue of each Tranche of Notes will be used for the purposes of projects that promote climate-friendly and other environmental purposes and/or that promote access to labour market and accomplishment of general interest initiatives and/or to finance or refinance a combination of both green and social projects (typically known as “sustainability bonds”). Where it does so, the relevant Final Terms may describe the Notes as “green bonds” (“**Green Bonds**”), “social bonds” (“**Social Bonds**”) or “sustainability bonds” (“**Sustainability Bonds**”), in each case issued in accordance with the principles set out by the International Capital Market Association (“**ICMA**”).

Prospective investors should have regard to the information in those Final Terms regarding such use of proceeds and must:

- (i) determine for themselves the relevance of such information for the purpose of any investment in such Notes;

- (ii) assess the suitability of that investment in light of their own circumstances; and
- (iii) make any other investigation they deem necessary.

In particular, no assurance is given by the Issuers that the use of such proceeds for the funding of any green, social or sustainability project will satisfy, either in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own articles of association or other governing rules or investment portfolio mandates. In addition, it should be noted that there is currently no clearly established definition (legal, regulatory or otherwise) of a "green", "social" or "sustainable" project or other equivalent label nor is there any market consensus as to what precise attributes are required for a particular project to be defined as such, and no assurance can be given that any clear definition or consensus will develop over time. Accordingly, no assurance can be given that any green, social or sustainable project towards which proceeds of the Notes are to be applied will meet investor expectations regarding any "green" or "social" or "sustainable" performance objectives or that any adverse event will not occur during the implementation of any such project.

Furthermore, in connection with any Notes that are stated to be Green Bonds, Social Bonds or Sustainability Bonds, the Issuer may request a sustainability rating agency or sustainability consulting firm to issue a second-party opinion confirming that the relevant green, low carbon, social and/or sustainable projects comply with the broad categorisation of eligibility for those projects under the principles set out by ICMA and/or a second-party opinion regarding the suitability of the Notes as an investment in connection with certain environmental, sustainability or social projects (any such second-party opinion, a "**Second-party Opinion**"). A Second-party Opinion may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed above and other factors that may affect the value of the Notes or the projects financed or refinanced toward an amount corresponding to the net proceeds from the issue of the relevant Notes. A Second-party Opinion would not constitute a recommendation to buy, sell or hold the relevant Notes and would only be current as of the date it is released. In addition, a withdrawal of the Second-party Opinion may affect the value of such Notes and/or have consequences for certain investors with portfolio mandates to invest in green or social or sustainable assets.

While it is the intention of the Issuer to apply the proceeds of any Social Bonds, Green Bonds or Sustainability Bonds in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that any related green, low carbon, social or sustainable projects will be capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule, and, accordingly, neither can it be guaranteed that the proceeds of the relevant Notes will be totally or partially disbursed for such projects. Nor can there be any assurance that such green, low carbon, social or sustainable projects will be completed within any specified period or at all or with the results or outcome as originally expected or anticipated by the Issuer.

Any such event or failure to apply the proceeds of the issue of the Notes for any green, social or sustainable projects may have a material adverse effect on the value of the Notes and/or result in adverse consequences for, amongst others, investors with portfolio mandates to invest in securities to be used for a particular purpose. Nevertheless, no such event or failure by the Issuer, including any failure to comply with any reporting obligations set out in the relevant Final Terms, will constitute an event of default under those Notes.

(B) RISKS RELATED TO THE MARKET

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

The relevant Issuer has no obligation to purchase the Notes from the Noteholders. However, should the relevant Issuer decide to purchase the Notes, the secondary market pricing that the Issuer may provide on the Notes may reflect the unwinding cost of the hedging portfolio (if any) and/or the loss of profit (*lucro cessante*) related to such hedging portfolio.

Specific Buy Back Provisions

If Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, investors should be aware that the relevant Issuer has issued the Notes also for the purpose of entering into, from time to time, certain Underlying Transactions. In this respect, the value of the Notes shall reflect and shall be calculated on the basis of the Market Value of such Underlying Transactions. The composition of the Underlying Transaction will be made available to the investors in accordance with the method of publication indicated in the relevant Final Terms.

The Underlying Transactions will be selected from time to time by Mediobanca and/or Mediobanca International in their reasonable discretion with maturities and notional that can be larger, respectively, than the Maturity Date and Notional Amount of the relevant Notes, and the relevant composition is subject to change during the life of the Notes. Any changes in the composition of the Underlying Transaction could adversely affect the Market Value of the Underlying Transactions and, therefore, the value of the Notes.

The Market Value of the Underlying Transactions, as determined by Mediobanca and/or Mediobanca International, acting in its capacity as Calculation Agent, in a fair and commercially reasonable manner and with reference to the market, could adversely affect the repurchase price, if any, of the Notes. Therefore in the event that an investor requests the relevant Issuer to repurchase the Notes held by it prior to their maturity, and the relevant Issuer accepts such repurchase, the price of the Notes (Buy Back Price) will be a price that perfectly reflects the Market Value of such Underlying Transactions. In particular, investors should note that the Market Value of the Underlying Transactions could adversely and materially affect the Buy Back Price payable to the relevant investor, particularly where the Underlying Transactions have maturities and/or notional amounts longer and/or higher, respectively, than the Maturity Date and principal amount of the relevant Notes.

The Specific Buy Back Provisions shall not affect the right of the investors to receive timely payments of principal and interest on the Notes. As consideration of the relevant Issuer entering into the Underlying Transactions in relation to the Notes, the relevant Issuer will pay an Extra Yield on the Notes.

The Specific Buy Back Provisions may apply only to Senior Preferred Notes issued by Mediobanca and/or Mediobanca International and where Mediobanca and/or Mediobanca International are specified as Dealers.

Exchange rate risks and exchange controls

The relevant Issuer will pay principal and interest, if any, on the Notes in the Relevant Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Relevant Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Relevant Currency or revaluation of the Investor's Currency or due to the official redenomination of the Relevant Currency, and/or Investor's Currency) and the risk that authorities with jurisdiction over Relevant Currency, and/or the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Relevant Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes, and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest, principal or other amount than expected, or no interest or principal or other amount.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Each prospective investor should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Impact of implicit fees on the Issue/Offer Price

Investors should note that implicit fees (e.g. placement fees, direction fees, structuring fees) may be a component of the Issue/Offer Price of Notes, but such fees will not be taken into account for the purposes of determining the price of the relevant Notes in the secondary market.

The relevant Issuer will specify in the relevant Final Terms the type and amount of any implicit fees which are applicable from time to time.

Investors should also take into consideration that if Notes are sold on the secondary market immediately following the offer period relating to such Notes, the implicit fees included in the Issue/Offer Price on initial subscription for such Notes will be deducted from the price at which such Notes may be sold in the secondary market.

Certain considerations associated with public offers of Notes

If Notes are distributed by means of a public offer, under certain circumstances indicated in the relevant Final Terms, the relevant Issuer and/or other entities specified in the Final Terms may have the right to withdraw the offer, which in such circumstances will be deemed to be null and void according to the terms indicated in the relevant Final Terms.

In such case, investors who have already paid or delivered subscription monies for the relevant Notes will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Notes.

Possible Illiquidity of the Notes in the Secondary Market

It is not possible to predict the price at which Notes will trade in the secondary market or whether such market will be liquid or illiquid. The relevant Issuer may, but is not obliged to, list or admit to trading Notes on a stock exchange or market. If the Notes are not listed or admitted to trading on any exchange or market, pricing information for the Notes may be more difficult to obtain and the liquidity of the Notes may be adversely affected. If the relevant Issuer does list or admit to trading an issue of Notes, there can be no assurance that at a later date, the Notes will not be delisted or that trading on such exchange or market will not be suspended. In the event of a delisting or suspension of listing or trading on a stock exchange or market, the relevant Issuer will use its reasonable efforts to list or admit to trading the Notes on another exchange or market.

The relevant Issuer, or any of its Affiliates may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private agreement. Any Notes so purchased may be held or resold or surrendered for cancellation. The relevant Issuer or any of its Affiliates may, but is not obliged to, be a market-maker for an issue of Notes. Even if the Issuer or such other entity is a market-maker for an issue of Notes, the secondary market for such Notes may be limited.

Investors should note that if an entity is appointed as market-maker or liquidity provider with respect to the Notes in the secondary market, this may, in certain circumstances, affect the price of the Notes in the secondary market.

In addition, all or part of the Notes issued under this Programme may be subscribed upon issuance by the relevant Issuer itself or by its Affiliate(s) for resales thereafter on the basis of investors' demand. Accordingly, investors subscribing for Notes upon their issuance should be aware that there may not be a viable secondary market for the relevant Notes immediately. Even if a market does develop subsequently, it may not be very liquid.

Listing of Notes

In respect of Notes which are (in accordance with the applicable Final Terms) to be listed on a stock exchange, market or quotation system, the relevant Issuer shall use all reasonable endeavours to maintain such listing, **provided that** if it becomes impracticable or unduly burdensome or unduly onerous to maintain such listing, then the relevant Issuer may apply to de-list the relevant Notes, although in this case it will use all reasonable endeavours to obtain and maintain (as soon as reasonably practicable after the relevant de-listing) an alternative admission to listing, trading and/or quotation by a stock exchange, market or quotation system within or outside the European Union, as it may decide.

If such an alternative admission is not available or is, in the opinion of the relevant Issuer, impracticable or unduly burdensome, an alternative admission will not be obtained.

Combination or “layering” of multiple risk factors may significantly increase risk of loss

Although the various risks discussed in this Base Prospectus are generally described separately, prospective investors in the Notes should consider the potential effects of the interplay of multiple risk factors. Where more than one significant risk factor is present, the risk of loss to an investor may be significantly increased. There are many other circumstances in which layering of multiple risks with respect to the Issuers and /or the Guarantor and/or the Notes may magnify the effect of those risks.

GENERAL DESCRIPTION OF THE EURO 40,000,000,000 EURO MEDIUM TERM NOTE PROGRAMME

The following is a general description of the Programme for the purposes of Article 25.1(b) of Commission Delegated Regulation (EU) No 2019/980, to be read in conjunction with the Prospectus Regulation. The following overview does not purport to be complete and is qualified by the remainder of this Document and, in relation to the terms and conditions of any particular Series (as defined below in “Terms and Conditions of the English Law Notes” and in “Terms and Conditions of the Italian Law Notes”) of Notes, the applicable Final Terms. Notes issued under the Programme may be issued either (i) pursuant to this Base Prospectus and the relevant Final Terms or (ii) pursuant to a Drawdown Prospectus. The terms and conditions applicable to any particular Tranche of Notes are the relevant Terms and Conditions of the Notes as completed by the relevant Final Terms or, as the case may be, the relevant Drawdown Prospectus.

References in this General Description of the Euro 40,000,000,000 Euro Medium Term Note Programme to the “Final Terms” shall, where applicable, be read as references to the Drawdown Prospectus relating to the Notes, as the case may be.

Form of Notes:

The Notes may be issued in bearer form only.

If the Notes are represented by one or more Global Notes, the relevant Final Terms will specify whether each Global Note is to be issued in New Global Note or in Classic Global Note form. Each Tranche of Notes will initially be represented by a Temporary Global Note or a Permanent Global Note which, in each case, will be deposited on or around the Issue Date: (a) in the case of Notes intended to be issued in Classic Global Note form, with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and/or deposited directly with Monte Titoli S.p.A. and/or any other centralised custodian appointed by the Issuers (together, the “Centralised Custodian”) and (b) in the case of Notes intended to be issued in New Global Note form, with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Interests in Temporary Global Notes will be exchangeable for interests in Permanent Global Notes or, if so stated in the

relevant Final Terms for Definitive Notes after the date falling 40 days after the Issue Date upon certification as to non-U.S. beneficial ownership. If specified in the relevant Final Terms, interests in Permanent Global Notes will be exchangeable for definitive Notes as described under “Provisions Relating to the Notes While in Global Form”. Definitive Notes will, if interest-bearing, have interest Coupons attached and, if appropriate, a Talon for further Coupons and will, if the principal thereof is repayable by instalments, have payment Receipts attached.

If the Notes are issued and held in book-entry form, the Notes will not be represented by paper certificates and the transfer and exchange of Notes will take place exclusively through an electronic book-entry system managed by Monte Titoli S.p.A. or any other Centralised Custodian appointed by the Issuer. Accordingly, all Notes of the same tranche shall be deposited by their owners with an intermediary participant in the relevant Centralised Custodian. The intermediary will in turn deposit the Notes with the Centralised Custodian.

In such circumstances, it will not be possible for a Noteholder to obtain physical delivery of certificates representing the Notes.

Issue Price of the Notes:

Issue Price will be specified in the relevant Final Terms. Notes may be issued at their principal amount or at a discount or premium to their principal amount.

Type of Notes:

The Issuer may issue Notes of any kind, including but not limited to, Fixed Rate Notes, Reset Notes (in case of the Senior Preferred Notes and Subordinated Notes only), Floating Rate Notes and Zero Coupon Notes.

The yield in respect of Fixed Rate Notes will be specified in the relevant Final Terms and will be calculated as internal rate of return (IRR) on the basis of the Issue Price, any Fixed Coupon and/or any Broken Amount.

Reset Notes:

If the Senior Preferred Notes and the Subordinated Notes are issued as Reset Notes, then such Reset Notes will, in respect of an initial period, bear interest at the initial fixed rate of interest specified in the relevant Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) specified in the relevant Final Terms by reference to a mid-market swap rate, as adjusted for any applicable margin, in each case, as may be specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest by reference to the benchmark as may be specified in the relevant Final Terms as adjusted for any applicable margin/multiplier.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their principal amount or at a discount or a premium to it and will not bear interest.

Interest Periods and Interest Rates

for the Notes: from time to time or be constant for any Series. The Senior Preferred Notes and the Subordinated Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Senior Preferred Notes and the Subordinated Notes to bear interest at different rates in the same interest period.

Redemption Amount for the Notes: Notes may be redeemable at par or at such other Redemption Amount as may be specified in the relevant Final Terms.

In addition, pursuant to the Deed of Guarantee, the Guarantor has also undertaken to issue an additional guarantee in an amount equal to any liability exceeding the maximum amount mentioned above in relation to any Tranche of Senior Preferred Notes.

FINAL TERMS, SUPPLEMENTS AND FURTHER PROSPECTUSES

In this section the expression “**necessary information**” means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Guarantor and of the rights attaching to the Notes and the Guarantee. In relation to the different types of Notes which may be issued under the Programme the Issuer and the Guarantor have included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuer will prepare a replacement prospectus setting out the changes in the operations and financial conditions of the Issuer at least every year.

The Issuer has given an undertaking to the Dealers that if at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to the information contained in this Base Prospectus which may affect the assessment of the Notes, it shall prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer a number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuers and the Guarantor may agree with any Dealer to issue Notes in a form not contemplated in the sections of this Base Prospectus entitled “Form of Final Terms”. To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a “**Drawdown Prospectus**”) will be made available and will contain such information. Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the relevant Issuer and (in the case of Senior Preferred Notes issued by Mediobanca International only) the Guarantor and the relevant Notes or (2) pursuant to Article 6.3 of the Prospectus Regulation, by a registration document containing the necessary information relating to the relevant Issuer and (in the case of Senior Preferred Notes issued by Mediobanca International only) the Guarantor, a securities note containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

FORMS OF THE NOTES

(A) Temporary or Permanent Global Note

Unless otherwise provided in the relevant Final Terms, each Tranche of Notes will initially be in the form of either a temporary global note (a “**Temporary Global Note**”), without Coupons, or a permanent global note (a “**Permanent Global Note**”), without Coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each, a “**Global Note**”) which is not intended to be issued in a new global note form (a “**Classic Global Note**” or “**CGN**”), as specified in the relevant Final Terms, will be deposited on or around the Issue Date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**” or “**CBL**”) and/or any other relevant clearing system and/or deposited directly with Monte Titoli S.p.A. and/or any other centralised custodian appointed by the Issuers (together, the “**Centralised Custodian**”) and each Global Note which is intended to be issued in new global note form (a “**New Global Note**” or “**NGN**”), as specified in the relevant Final Terms, will be deposited on or around the Issue Date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “*Standards for the use of EU securities settlement systems in ESCB credit operations*” of the central banking system for the euro (the “**Eurosystem**”), **provided that** certain other criteria are fulfilled (including denomination in euro and listing on an EU regulated market or on an ECB-approved non-regulated market). At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and the debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used (and if the above-mentioned other criteria are fulfilled).

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for a Permanent Global Note*”, then the Notes will initially be in the form of a Temporary Global Note without Coupons or Receipts (as defined herein), interests in which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without Coupons, not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership, **provided, however, that** in no

circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form (“**Definitive Notes**”):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “*in the limited circumstances described in the Permanent Global Note*”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 8 (*Events of Default*) of the Terms and Conditions of the English Law Notes or Condition 8 (*Events of Default*) of the Terms and Conditions of the Italian Law Notes occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of a minimum denomination of EUR 100,000, plus integral multiples of EUR 1,000, **provided that** such denominations are not less than EUR 100,000 nor more than EUR 199,000 and that Senior Non Preferred Notes issued under the Programme will have a denomination of at least EUR 250,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency). For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Note. However, a Noteholder who holds an aggregate principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for Definitive Notes*” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for Definitive Notes*” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons or Receipts, interests in which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Where the Temporary Global Note is to be exchanged for Definitive Notes, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts (as defined herein) attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “*Permanent Global Note exchangeable for Definitive Notes*”, then the Notes will initially be in the form of a Permanent Global Note, without Coupons or Receipts, interests in which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “*in the limited circumstances described in the Permanent Global Note*”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 8 (*Events of Default*) of the Terms and Conditions of the English Law Notes or Condition 8 (*Events of Default*) of the Terms and Conditions of the Italian Law Notes occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in paragraphs (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in paragraph (iii) above, Notes may be issued in denominations which represent the aggregate of a minimum denomination of EUR 100,000, plus integral multiples of EUR 1,000, **provided that** such denominations are not less than EUR 100,000 nor more than EUR 199,000 and that Senior Non Preferred Notes issued under the Programme will have denominations of at least EUR 250,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency). For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds an aggregate principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange. Where the Notes are listed on the Euronext Dublin and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes or Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under “*Terms and Conditions of the English Law Notes*” below or “*Terms and Conditions of the Italian Law Notes*”, as applicable,.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under “*Provisions relating to the Notes While in Global Form*” below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a United States person who holds a Note, Coupon, Talon or Receipt will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon, Talon or Receipt and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

(B) Book-entry form

If the relevant Final Terms specifies the form of the Notes as being “*Book-entry form*”, then the Notes will not be represented by paper certificates and the transfer and exchange of Notes will take place exclusively through an electronic book-entry system managed by Monte Titoli S.p.A. or any other Centralised Custodian appointed by the Issuers. Accordingly, all Notes shall be deposited by their owners with an intermediary participant in the relevant Centralised Custodian. The intermediary will in turn deposit the Notes with the Centralised Custodian.

To transfer an interest in the Notes, the transferor and the transferee are required to give instructions to their respective intermediaries. If the transferee is a client of the transferor’s intermediary, the intermediary will simply transfer the Notes from the Transferor’s account to the account of the transferee. If, however, the transferee is a client of another intermediary, the transferor’s intermediary will instruct the centralised clearing system to transfer the Notes to the account of the transferee’s intermediary, which will then register the Notes on the transferee’s account.

Each intermediary maintains a custody account for each of its clients. This account sets out the financial instruments of each client and the records of all transfers, interest payments, charges or other encumbrances on such instruments. The account holder or any other eligible party may submit a request to the intermediary for the issue of a certified account statement.

In such circumstances, it will not be possible for a Noteholder to obtain physical delivery of Notes certificates representing the Notes.

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

*The following is the text of the terms and conditions of the Notes applicable to each Series of Notes to be governed under English Law (respectively, the “**English Law Notes**” or the “**Notes**” and the “**Terms and Conditions of the English Law Notes**” or the “**Conditions**”) which, as completed by the relevant Final Terms, will be endorsed into each Note in final form issued under the Programme. The terms and conditions applicable to any Notes in global form will differ from those terms and conditions which would apply to the Notes whilst in final form to the extent described under “Provisions relating to the Notes While in Global Form” below.*

Mediobanca - Banca di Credito Finanziario S.p.A. (“**Mediobanca**”), Mediobanca International (Luxembourg) S.A. (“**Mediobanca International**”) (each, an “**Issuer**” and, together, the “**Issuers**”) have established an Euro Medium Term Note Programme (the “**Programme**”) for the issuance of up to Euro 40,000,000,000 in aggregate principal amount of senior preferred notes which may be issued by each of the Issuers (the “**Senior Preferred Notes**”), senior non preferred notes which may be issued by Mediobanca only (the “**Senior Non Preferred Notes**” and, together with the Senior Preferred Notes, the “**Senior Notes**”) and subordinated notes which may be issued by Mediobanca only (the “**Subordinated Notes**”), guaranteed by Mediobanca (in its capacity as guarantor, the “**Guarantor**”) in respect of Senior Preferred Notes issued by Mediobanca International only.

The Notes are issued pursuant to an amended and restated Issue and Paying Agency Agreement dated 18 December 2020, as amended or supplemented from time to time, (the “**Issue and Paying Agency Agreement**”) between the Issuers, the Guarantor, BNP Paribas Securities Services, Luxembourg Branch, as fiscal agent and principal paying agent (the “**Fiscal Agent**”) and Mediobanca in its capacity as Italian paying agent (the “**Italian Paying Agent**” and together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed, the “**Paying Agents**”) and with the benefit of deeds of covenant dated 18 December 2020 (each, a “**Deed of Covenant**” and, together, the “**Deeds of Covenant**”), each of them executed by the relevant Issuer in respect of Notes issued by such Issuer. The Guarantor has, for the benefit of the holders of Senior Preferred Notes issued by Mediobanca International from time to time, executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated 18 December 2020 under which it has guaranteed, in accordance with the terms and subject to limitations of the Deed of Guarantee, the due and punctual payment of the amounts due by Mediobanca International under the Notes and the Deed of Covenant as and when the same shall become due and payable (the “**Guarantee of the Notes**”). The holders of the Notes (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) and the holders of the instalment receipts (the “**Receipts**”) appertaining to the payment of principal by instalments are deemed to have notice of all of the provisions of the Issue and Paying Agency Agreement applicable to them.

Notes issued under the Programme are issued in series (each, a “**Series**”) and each Series may comprise one or more tranches (each, a “**Tranche**”) of Notes. Each Tranche of Notes is the subject of final terms (the “**Final Terms**”) which completes these Conditions. The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. In the event of any inconsistency between these Conditions and the Final Terms, the Final Terms shall prevail. All subsequent references in these Conditions to “**Notes**” are to the Notes which are the subject of the Final Terms. These Conditions apply to Senior Preferred Notes and Senior Non Preferred Notes, only to the extent that such Senior Non Preferred Notes are issued by Mediobanca, and are defined as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority. These Conditions apply also to Subordinated Notes which are issued by Mediobanca and are defined as “*Tier II Instruments*” in Part II, Chapter 1 of the Prudential Regulations for Banks and in Article 63 of the CRR. Copies of the Final Terms are available during normal business hours at the specified office of the Fiscal Agent, the initial Specified Office of which is set out below (the “**Specified Office**”). Certain provisions of these Conditions are summaries of the Issue and Paying Agency Agreement and are subject to their detailed provisions.

The Final Terms issued in respect of each issue of Notes will specify whether the Issuer is Mediobanca or Mediobanca International. In these Conditions, any reference to a statute or regulation shall be construed

as a reference to such statute or regulation as the same may have been, or may from time to time be, amended or re-enacted.

Copies of the Deed of Guarantee are available for inspection at the specified office of the Paying Agent.

1. FORM, DENOMINATION AND TITLE

The Notes are issued in bearer form in the currency (the “**Specified Currency**”) and the denominations (the “**Specified Denomination(s)**”) shown in the Final Terms, *provided that* Senior Non Preferred Notes will have denomination of at least EUR 250,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency).

Notes are issued with Coupons (and where appropriate, a Talon) attached save in the case of Notes which do not bear interest in which case references to interest (other than in relation to interest due after the date specified in the Final Terms as the Maturity Date (as designed below), Coupons and Talons in these Conditions are not applicable. Any Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Note and the Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as the absolute owner of such Note, Receipt, Coupon or Talon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other purposes, whether or not such Note, Receipt, Coupon or Talon shall be overdue and notwithstanding any notice of ownership, theft or loss thereof or any writing thereon made by anyone. No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

In these Conditions, “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon. All capitalised terms which are not defined in these Conditions will have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes. Those definitions will be endorsed on the definitive Notes.

2. STATUS OF NOTES AND GUARANTEE

(a) Definitions:

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below.

“**Bank of Italy**” means the Bank of Italy and/or any other competent authority which at a future date carries out the functions which the Bank of Italy performs as at the Issue Date.

“**Italian Banking Act**” means Italian Legislative Decree No. 385 of 1 September 1993, as amended or supplemented from time to time (including, without limitation, as a consequence of the transposition of the Banking Reform Package into Italian law)..

provisions for calculating amounts of interest in Condition 3(d) (*Interest Rate on Fixed Rate Notes*).

(ii) *Fallbacks*

Subject to Condition 3(o) (*Benchmark replacement*), if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

For the purposes of this Condition 3(e)(ii) “**Reference Banks**” means the principal office in the principal financial centre of the Specified Currency of four (or, if the Relevant Financial Centre is Helsinki, five) major banks in the swap, money, securities or other market most closely connected with the relevant Mid-Swap Rate as selected by the Issuer on the advice of an investment bank of international repute.

For the avoidance of doubts it being understood that the provisions set forth in this Condition 3(e) shall apply in respect of any Notes other than the Senior Non Preferred Notes.

(f) **Interest Rate on Floating Rate Notes**

If the Floating Rate Note Provisions are specified in the Final Terms as being applicable, the Interest Rate for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) **Screen Rate Determination:** if Screen Rate Denomination is specified in the relevant Final Terms as the manner in which the Interest Rate is to be determined, subject to Condition 3(o) (*Benchmark replacement*), as follow:
 - (A) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (B) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (C) if, in the case of paragraph (A) above, such rate does not appear on that page or, in the case of paragraph (B) above, fewer than two such rates

appear on that page or if, in either case, the Relevant Screen Page is unavailable:

- (1) the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) will request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
- (2) the Calculation Agent will determine the arithmetic mean of such quotations; and
- (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Relevant Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Interest Rate for such Interest Period shall be

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the rate or (as the case may be) the arithmetic mean determined in accordance with the above provisions (the “**Determined Rate**”);
- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant Determined Rate multiplied by (ii) the Multiplier;
- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant Determined Rate multiplied by the Reference Rate Multiplier,

provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Notes during such Interest Period will be calculated in accordance with the foregoing, save that the Determined Rate shall be the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (ii) **ISDA Determination:** If, in respect of any Notes other than the Senior Non Preferred Notes, ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Notes for each Interest Period will be:

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the relevant ISDA Rate;

- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant ISDA Rate multiplied by (ii) the Multiplier;
- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant ISDA Rate multiplied by the Reference Rate Multiplier,

where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (2) in any other case, as specified in the relevant Final Terms.

(g) **Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts**

If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be, **provided however that** provisions relating to the Maximum or Minimum Interest Rate shall not apply to the Senior Non Preferred Notes and shall not be specified at any time in the relevant Final Terms.

(h) **Rounding**

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (ii) all figures will be rounded to seven significant figures (with halves being rounded up) and (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “**unit**” means, with respect to any currency other than Euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to Euro, means one cent. Percentages and amounts reflecting changes over time periods relating to financial data are calculated using the tabular presentation of financial data (subject to rounding) contained in this Base Prospectus, as applicable.

(i) **Calculations in respect of the Senior Notes**

This Condition 3(i) applies to the Senior Notes only.

The Interest Amount payable in respect of an Interest Period shall be calculated using one of the following methods:

- (i) if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable but subject to sub-paragraph (ii) below, the Interest Amount

payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or

- (ii) notwithstanding sub-paragraph (i) above, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable and a Fixed Coupon Amount and/or Broken Amount is specified in the Final Terms to be payable on an Interest Payment Date, the Interest Amount payable for the relevant Interest Period shall be the Fixed Coupon Amount and/or Broken Amount so specified; or
- (iii) if the Reset Note Provisions are specified in the relevant Final Terms as being applicable with respect to Senior Preferred Notes only, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(e) (*Interest Rate on Reset Notes*) (i) (*Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (iv) if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms).

Each Interest Amount (other than the Fixed Coupon Amount and the Broken Amount) shall be rounded in accordance with Condition 3(h) (*Rounding*).

(j) **Calculations in respect of the Subordinated Notes**

This Condition 3(j) applies to the Subordinated Notes only.

The amount of interest payable in respect of any Subordinated Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding Calculation Amount by the Day Count Fraction, save that where an Interest Amount (or a formula for its calculation) is specified in respect of such period, the amount of interest payable in respect of such Subordinated Note for such period will equal such Interest Amount (or be calculated in accordance with a formula). Where the Specified Denomination of a Floating Rate Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Subordinated Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. In respect of any short or long Interest Period as specified in the applicable Final Terms, the Calculation Agent will determine the Interest Rate using Linear Interpolation.

(k) **Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts**

After the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, it will, promptly, determine the Interest Rate and calculate the Interest Amount on the principal amount of the Notes for the relevant Interest Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the

Issuer, the Paying Agent, the holders of the Notes, any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so requires, such exchange promptly after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 3(k) but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(l) **Calculation Agent and Reference Banks**

The Issuer will use its best endeavours to ensure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Conditions applicable to the Notes and for so long as any Notes are outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(m) **Late payment on Zero Coupon Notes**

If the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable and the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

The calculation of the above amount shall be made (where such calculation is to be made for a period which is not a whole number of years) on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 3(m) or, if none is so specified, a Day Count Fraction of 30E/360.

(n) **Interest Rate Switch**

If so specified as being applicable in the relevant Final Terms, from and including the Interest Rate Switch Date, the Interest Rate applicable for the calculation of the Interest Amounts due for each remaining Interest Period with respect to the Notes shall be the rate specified as applying from and including such Interest Rate Switch Date in the Final Terms and the initial Interest Rate applicable to the Notes shall no longer apply.

(o) **Benchmark replacement**

Notwithstanding the provisions in Conditions 3(e) (*Interest Rate on Reset Notes*) (ii) (*Fallbacks*) and 3(f) (*Interest Rate on Floating Rate Notes*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)) determines that a Benchmark Event occurs in relation to the relevant Mid-Swap Rate or Reference Rate (as applicable) specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate or Mid-Swap Rate, then the following provisions shall apply:

- (1) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser (as defined below) to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the “**IA Determination Cut-off Date**”) for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(o));
- (2) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate, in accordance with the provisions set out under sub-paragraph (3) below;
- (3) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(o)); *provided, however, that* if sub-paragraph (2) applies and the Issuer is unable to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the provision in this sub-paragraph (3) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(o);

- (4) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) also in compliance with the Issuer's written plans provided for under article 28(2) of the Benchmarks Regulation (subject to the subsequent operation of this Condition 3(o)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Benchmark Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the relevant Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Issue and Paying Agency Agreement and these Conditions as may be required in order to give effect to this Condition 3(o). No Noteholder consent shall be required in connection with effecting the Successor Rate or Alternative Benchmark Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the relevant Paying Agent (if required));
- (5) the Issuer shall promptly following the determination of any Successor Rate or Alternative Benchmark Rate give notice thereof and of any changes pursuant to subparagraph (4) above to the Calculation Agent and the Noteholders; and
- (6) if the provisions relating to the occurrence of, with respect to the Senior Notes, a Regulatory Event, or, with respect to the Subordinated Notes only, a MREL/TLAC Disqualification Event, in case of a Alternative Benchmark Rate is specified as applicable in the relevant Final Terms, the provisions above would cause the occurrence of, respectively, a Regulatory Event or a MREL/TLAC Disqualification Event, therefore no Alternative Benchmark Rate will be adopted, and the Relevant Screen Page on which appears the Reference Rate or the relevant Interest Period will be equal to the last Reference Rate available at the immediately preceding Interest Period on the Relevant Screen Page as determined by the Calculation Agent.

For the purposes of this Condition 3(o):

“Adjustment Spread” means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice to Noteholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Benchmark Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Benchmark Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Benchmark Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

“Alternative Benchmark Rate” means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of eurobonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Rate (as applicable).

“Benchmark Event” means:

- (ii) a public statement by the administrator of the Original Reference Rate that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate), provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the administrator ceases publishing the Original Reference Rate permanently or indefinitely; or
- (iii) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued, provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the Original Reference Rate has been permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of its relevant underlying market; or
- (v) a public statement by the supervisor of the administrator of the Original Reference Rate, an insolvency official with jurisdiction over the administrator of the Original Reference Rate, a resolution authority with jurisdiction over the administrator of the Original Reference Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the Original Reference Rate, which

states that the administrator of the Original Reference Rate has ceased or will, within a specified period of time, cease to provide the Original Reference Rate permanently or indefinitely, provided that, at the time of cessation, there is no successor administrator that will continue to provide the Original Reference Rate and further provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the administrator ceases to provide the Original Reference Rate permanently or indefinitely;

- (vi) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences either generally, or in respect of the Notes, provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the Original Reference Rate is prohibited from being used or its use is subject to restrictions or adverse consequences either generally, or in respect of the Notes; or
- (vii) it has become unlawful (including, without limitation, under the Benchmark Regulations, as amended from time to time, if applicable) for any Paying Agent, Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

(k) **Specific Buy Back Provisions**

This Condition 4(k) applies only to the Senior Preferred Notes.

If Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, upon the holder of any Senior Preferred Note giving to the Issuer not less than 5 Business Days’ notice in accordance with Condition 12 (*Notices*) (which notice shall be irrevocable) to early redeem the Senior Preferred Note before its scheduled maturity, the Issuer may, at its sole option, upon the expiry of such notice, redeem in whole or in part

The Specific Buy Back Provisions may apply only to Senior Preferred Notes issued by Mediobanca and/or Mediobanca International and where Mediobanca and/or Mediobanca International are specified as Dealers and where the principal amount in respect of such Senior Preferred Note is equal to, at least, EUR 100,000 (or its equivalent amount in the Specified Currency).

Credit Index may also be a portfolio of credit default swap tranches summing up to a full capital structure, i.e. summing up to any such Markit credit default swap index.

“CDS Components” means a basket of single-name credit default swap transactions having similar notional, maturity, coupons and reference entity as the components of the Credit Index. For example: commodity certificate + future (“cash and carry arbitrage”), or convertible bond + CDS + equity option (“convertible arbitrage”).

 - (B) in the case of any such redemption prior to the fifth anniversary of the Issue Date, (A) in case of redemption for tax reasons in accordance with Condition 4(c) (*Redemption for taxation reason*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the change in tax treatment is material and was not reasonably foreseeable as at the Issue Date, or (B) in the case of redemption upon the occurrence of a Regulatory Event in accordance with Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the relevant change in the regulatory classification of the Notes was not reasonably foreseeable as at the Issue Date and the Relevant Authority considers such change to be reasonably certain.

To redeem any Notes where such consent has not been granted shall not constitute an event of default of the Issuer for any purpose. Notwithstanding the above conditions, if, at the time of any redemption or purchase, Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority (with respect to the Senior Non Preferred Notes only), and/or the MREL/TLAC Requirements (with respect to the Senior Preferred Notes and the Senior Non Preferred Notes), or the Applicable Banking Regulations (with respect to the Subordinated Notes only) permit the redemption or purchase only after compliance with one or more alternative or additional pre-conditions to those set out above in this Condition 4(l), the Issuer shall comply with such other and/or, as appropriate, additional pre-condition(s).

5. PAYMENTS AND TALONS

(a) **Payments outside the United States**

Payments of principal and interest in respect of Notes will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and **provided that** the Receipts are presented for payment together with their relative Notes), Notes (in the case of all other payments of principal and, in the case of interest as specified in Condition 5(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 5(e)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is

(b) **Payments in the United States**

Notwithstanding the foregoing, if any Notes are denominated in US Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) **Payments subject to law, etc.**

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 6 (*Taxation*). No commission or expenses shall be charged to the holders of Notes or Couponholders in respect of such payments.

Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7 (*Prescription*)).

- (ii) If the relevant Notes so provide, upon the due date for redemption of any Note, unmatured Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.

- (v) Where any Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

The terms and conditions applicable to any Notes in global form will differ from those terms and conditions which would apply to the Notes whilst in final form to the extent described under “Provisions relating to the Notes While in Global Form” below.*

The Guarantor has, for the benefit of the holders of Senior Preferred Notes issued by Mediobanca International from time to time, executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated 18 December 2020 under which it has guaranteed, in accordance with the terms and subject to limitations of the Deed of Guarantee, the due and punctual payment of the amounts due by Mediobanca International under the Notes as and when the same shall become due and payable (the “**Guarantee of the Notes**”). (d) **Interest Rate on Fixed Rate Notes**

With respect to the Senior Notes, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Rate for each Interest Period shall be the fixed rate specified in the relevant Final Terms. The yield of the Fixed Rate Note is indicated in the relevant Final Terms and is calculated as the internal rate of return (IRR). The yield of the Fixed Rate Notes is calculated at the Issue Date on the basis of the Issue Price and, if indicated in the relevant Final Terms, the Fixed Coupon and/or the Broken Amount.

With respect to the Subordinated Notes, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Denomination. Where the Specified Denomination of a Fixed Rate Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. The yield of the Fixed Rate Note is indicated in the relevant Final Terms and is calculated as the internal rate of return (IRR). The yield of the Fixed Rate Notes is calculated at the Issue Date on the basis of the Issue Price and, as indicated in the relevant Final Terms, the Fixed Coupon and/or the Broken Amount.

If, in case of any Notes other than the Senior Non Preferred Notes, the Reset Note Provisions are specified in the relevant Final Terms as being applicable, then such Reset Note bears interest:

- (F) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on the each Interest Payment Date and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (i) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (ii) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Condition 3(d) (*Interest Rate on Fixed Rate Notes*).

(ii) *Fallbacks*

Subject to Condition 3(o) (*Benchmark replacement*), if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

For the purposes of this Condition 3(e)(ii) “**Reference Banks**” means the principal office in the principal financial centre of the Specified Currency of four (or, if the Relevant Financial Centre is Helsinki, five) major banks in the swap, money, securities or other market most closely connected with the relevant Mid-Swap Rate as selected by the Issuer on the advice of an investment bank of international repute.

For the avoidance of doubts it being understood that the provisions set forth in this Condition 3(e) shall apply in respect of any Notes other than the Senior Non Preferred Notes.

(f) **Interest Rate on Floating Rate Notes**

If the Floating Rate Note Provisions are specified in the Final Terms as being applicable, the Interest Rate for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) **Screen Rate Determination:** if Screen Rate Denomination is specified in the relevant Final Terms as the manner in which the Interest Rate is to be determined, subject to Condition 3(o) (*Benchmark replacement*), as follow:
 - (A) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (B) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (C) if, in the case of paragraph (A) above, such rate does not appear on that page or, in the case of paragraph (B) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable:
 - (1) the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) will request the principal Relevant Financial Centre office of each of the

Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and

- (2) the Calculation Agent will determine the arithmetic mean of such quotations; and
- (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Relevant Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Interest Rate for such Interest Period shall be

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the rate or (as the case may be) the arithmetic mean determined in accordance with the above provisions (the “**Determined Rate**”);
- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant Determined Rate multiplied by (ii) the Multiplier;
- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant Determined Rate multiplied by the Reference Rate Multiplier,

provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Notes during such Interest Period will be calculated in accordance with the foregoing, save that the Determined Rate shall be the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (ii) **ISDA Determination:** If, in respect of any Notes other than the Senior Non Preferred Notes, ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Notes for each Interest Period will be

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the relevant ISDA Rate;
- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant ISDA Rate multiplied by (ii) the Multiplier;

- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant ISDA Rate multiplied by the Reference Rate Multiplier,

where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (2) in any other case, as specified in the relevant Final Terms.

(g) **Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts**

If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be, **provided however that** provisions relating to the Maximum or Minimum Interest Rate shall not apply to the Senior Non Preferred Notes and shall not be specified at any time in the relevant Final Terms.

(h) **Rounding**

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (ii) all figures will be rounded to seven significant figures (with halves being rounded up) and (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “**unit**” means, with respect to any currency other than Euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to Euro, means one cent.

(i) **Calculations in respect of the Senior Notes**

This Condition 3(i) applies to the Senior Notes only.

The Interest Amount payable in respect of an Interest Period shall be calculated using one of the following methods:

- (i) if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable but subject to sub-paragraph (ii) below, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or

- (ii) notwithstanding sub-paragraph (i) above, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable and a Fixed Coupon Amount and/or Broken Amount is specified in the Final Terms to be payable on an Interest Payment Date, the Interest Amount payable for the relevant Interest Period shall be the Fixed Coupon Amount and/or Broken Amount so specified; or
- (iii) if the Reset Note Provisions are specified in the relevant Final Terms as being applicable with respect to Senior Preferred Notes only, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(e) (*Interest Rate on Reset Notes*) (i) (*Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (iv) if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms).

Each Interest Amount (other than the Fixed Coupon Amount and the Broken Amount) shall be rounded in accordance with Condition 3(h) (*Rounding*).

(j) **Calculations in respect of the Subordinated Notes**

This Condition 3(j) applies to the Subordinated Notes only.

The amount of interest payable in respect of any Subordinated Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding Calculation Amount by the Day Count Fraction, save that where an Interest Amount (or a formula for its calculation) is specified in respect of such period, the amount of interest payable in respect of such Subordinated Note for such period will equal such Interest Amount (or be calculated in accordance with a formula). Where the Specified Denomination of a Floating Rate Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Subordinated Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. In respect of any short or long Interest Period as specified in the applicable Final Terms, the Calculation Agent will determine the Interest Rate using Linear Interpolation.

(k) **Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts**

After the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, it will, promptly, determine the Interest Rate and calculate the Interest Amount on the principal amount of the Notes for the relevant Interest Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agent, the holders of the Notes, any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so requires, such exchange promptly after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases,

the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 3(k) but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(l) **Calculation Agent and Reference Banks**

The Issuer will use its best endeavours to ensure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Conditions applicable to the Notes and for so long as any Notes are outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(m) **Late payment on Zero Coupon Notes**

If the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable and the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

The calculation of the above amount shall be made (where such calculation is to be made for a period which is not a whole number of years) on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 3(m) or, if none is so specified, a Day Count Fraction of 30E/360.

(n) **Interest Rate Switch**

If so specified as being applicable in the relevant Final Terms, from and including the Interest Rate Switch Date, the Interest Rate applicable for the calculation of the Interest Amounts due for each remaining Interest Period with respect to the Notes shall be the rate specified as applying from and including such Interest Rate Switch Date in the Final Terms and the initial Interest Rate applicable to the Notes shall no longer apply.

(o) **Benchmark replacement**

Notwithstanding the provisions in Conditions 3(e) (*Interest Rate on Reset Notes*) (ii) (*Fallbacks*) and 3(f) (*Interest Rate on Floating Rate Notes*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)) determines that a Benchmark Event occurs in relation to the relevant Mid-Swap Rate or Reference Rate (as applicable) specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate or Mid-Swap Rate, then the following provisions shall apply:

- (1) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser (as defined below) to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the “**IA Determination Cut-off Date**”) for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(o));
- (2) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate, in accordance with the provisions set out under sub-paragraph (3) below;
- (3) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(o)); *provided, however, that* if sub-paragraph (2) applies and the Issuer is unable to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the provision in this sub-paragraph (3) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(o);

- (4) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) also in compliance with the Issuer's written plans provided for under article 28(2) of the Benchmarks Regulation (subject to the subsequent operation of this Condition 3(o)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, upon the holder of any Senior Preferred Note giving to the Issuer not less than 5 Business Days’ notice in accordance with Condition 12 (*Notices*) (which notice shall be irrevocable) to early redeem the Senior Preferred Note before its scheduled maturity, the Issuer may, at its sole option, upon the expiry of such notice, redeem in whole or in part such Senior Preferred Note paying an amount that can be less than par and that is linked to the Market Value of the Underlying Transactions at that moment, together, if

appropriate, with any accrued but unpaid interest. As specified above, the Issuer has the right, in its sole option, to reject the early redemption request and, in particular, if the Issuer never replies to the notice, the Issuer is deemed to have rejected the early redemption request.

If Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, prior to the Maturity Date the value of the Senior Preferred Notes shall reflect and shall be calculated on the basis of the Market Value of the Underlying Transactions. The Calculation Agent may, from time to time, calculate the price of the Senior Preferred Notes on the basis of the Market Value of the Underlying Transactions and, without prejudice to the Issuer's obligation to pay the Interest Amounts and the Redemption Amounts on the Senior Preferred Notes, in the event that a holder requests the Issuer to repurchase the Senior Preferred Notes held by it prior to their maturity, and the Issuer accepts such repurchase, the price of the Senior Preferred Notes (the "**Buy Back Price**") will be a price that perfectly reflects the Market Value of such Underlying Transactions. The Specific Buy Back Provisions may apply only to Senior Preferred Notes issued by Mediobanca and/or Mediobanca International and where Mediobanca and/or Mediobanca International are specified as Dealers and where the principal amount in respect of such Senior Preferred Note is equal to, at least, EUR 100,000 (or its equivalent amount in the Specified Currency).

In addition, if Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, the Issuer shall pay an additional remuneration (the "**Extra-Yield**") on the Senior Preferred Notes. More information on the composition of the remuneration (*unbundling*) shall be published by each of the Issuer from time to time together with the composition of the Underlying Transactions as described below.

For the purpose of this Condition 4(k):

"**Buy-Back Price**" means the repurchase price of the Senior Preferred Notes to be calculated by the Calculation Agent on the basis of the Market Value of the Underlying Transactions.

"**Market Value**" means the close-out amount of the Underlying Transactions, including the relevant bid/ask prices for all the Senior Preferred Notes and for any possible funding arrangement and/or coupon swap, as determined by the Calculation Agent in a fair and commercially reasonable manner.

"**Underlying Transactions**" means any possible funding arrangement and/or coupon swap and/or any of the following funded or unfunded arbitrage-like financial transactions:

- (i) Cash-CDS Arbitrage;
- (ii) Index-Components Arbitrage; and/or
- (iii) General Funded Arbitrage,

where:

"**Cash-CDS Arbitrage**" means:

Long (Short): Cash Instrument + Short (Long): Replicating CDS

where:

"**Cash Instrument**" means any debt obligation (including any obligation issued by the Issuer) or basket of debt obligations, under security or loan format, with maturities and notional amounts that can be longer and/or higher, respectively, than the Maturity Date and aggregate principal amount of the relevant Senior Preferred Notes;

“Index-Components Arbitrage” means:

Long (Short): Credit Index + Short (Long): CDS Components

where:

“Credit Index” means any of the Markit credit default swaps indices, with maturities and notionals that can be longer and/or higher, respectively, than the Maturity Date and aggregate principal amount of the relevant Senior Preferred Notes, and any successor and/or replacement index thereof, including, for the avoidance of doubt, the Markit iTraxx® and Markit CDX™ indices, as selected by the Calculation Agent in its sole and absolute discretion. Credit Index may also be a portfolio of credit default swap tranches summing up to a full capital structure, i.e. summing up to any such Markit credit default swap index.

“CDS Components” means a basket of single-name credit default swap transactions having similar notional, maturity, coupons and reference entity as the components of the Credit Index. CDS Components may also be a portfolio of credit default swap tranches having similar maturity, aggregate notional, aggregate coupons and aggregate reference entities as the components of the Credit Index.

“General Funded Arbitrage” means:

Long (Short): Asset Instruments + Short (Long): Replicating Derivatives

where:

“Asset Instruments” means any asset title instrument (including funds or obligations, also asset-backed) linked to credit, rates, equities, commodities or currencies, with maturities and notionals that can be longer and/or higher, respectively, than the Maturity Date and aggregate principal amount of the relevant Senior Preferred Notes.

“Replicating Derivatives” means any hedging derivative contract with similar maturity and notional as the Asset Instruments, and having as underlying the Asset Instrument itself, or any of its underlying financial instruments. For example: commodity certificate + future (“cash and carry arbitrage”), or convertible bond + CDS + equity option (“convertible arbitrage”).

The Underlying Transactions will be selected from time to time by the Calculation Agent in its reasonable discretion and the relevant composition is subject to change during the life of the Preferred Notes. The composition of the Underlying Transactions (including any possible funding arrangement and/or coupon swap) shall be published from time to time by Mediobanca or Mediobanca International on their website www.mediobanca.com or on the website of the Euronext Dublin or on the website of the Luxembourg Stock Exchange or on any other means of publication, as specified in the relevant Final Terms.

(l) **Special provision in relation to redemption, purchase or modification of the Notes**

Any redemption of the Notes in accordance with Condition 4(c) (*Redemption for taxation reason*), Condition 4(f) (*Redemption at the option of the Issuer*), Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*), any purchase of the Notes in accordance with Condition 4(d) (*Purchases*), or any modification of the Notes in accordance with Conditions 9(a) (*Meetings of holders of Notes*) and 9(c) (*Errors or*

inconsistencies), is subject to, if and to extent then required under Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority (with respect to the Senior Non Preferred Notes only), and/or under the MREL/TLAC Requirements (with respect to either the Senior Preferred Notes and the Senior Non Preferred Notes), or under the Applicable Banking Regulations (with respect to the Subordinated Notes only):

- (ii) with respect to the Subordinated Notes only:
 - (A) in case of any redemption or purchase, either (A) the Issuer having replaced the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer; or (B) the Issuer having demonstrated to the satisfaction of the Relevant Authority that the own funds of the Issuer would, following such redemption or purchase, exceed its Regulatory Capital Requirements for the time being;
 - (B) in the case of any such redemption prior to the fifth anniversary of the Issue Date, (A) in case of redemption for tax reasons in accordance with Condition 4(c) (*Redemption for taxation reason*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the change in tax treatment is material and was not reasonably foreseeable as at the Issue Date, or (B) in the case of redemption upon the occurrence of a Regulatory Event in accordance with Condition 4(g) (*Redemption for regulatory reasons (Regulatory Call)*), the Issuer has demonstrated to the satisfaction of the Relevant Authority that the relevant change in the regulatory classification of the Notes was not reasonably foreseeable as at the Issue Date and the Relevant Authority considers such change to be reasonably certain.

To redeem any Notes where such consent has not been granted shall not constitute an event of default of the Issuer for any purpose. Notwithstanding the above conditions, if, at the time of any redemption or purchase, Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority (with respect to the Senior Non Preferred Notes only), and/or the MREL/TLAC Requirements (with respect to the Senior Preferred Notes and the Senior Non Preferred Notes), or the Applicable Banking Regulations (with respect to the Subordinated Notes only) permit the redemption or purchase only after compliance with one or more alternative or additional pre-conditions to those set out above in this Condition 4(l), the Issuer shall comply with such other and/or, as appropriate, additional pre-condition(s).

5. PAYMENTS AND TALONS

(a) Payments outside the United States

Payments of principal and interest in respect of Notes will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and **provided that** the Receipts are presented for payment together with their relative Notes), Notes (in the case of all other payments of principal and, in the case of interest as specified in Condition 5(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 5(e)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in that currency with, a bank in the principal financial centre of that currency; **provided that** in the case of Euro, the transfer may be to a Euro account.

(b) **Payments in the United States**

Notwithstanding the foregoing, if any Notes are denominated in US Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) **Payments subject to law, etc.**

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 6 (*Taxation*). No commission or expenses shall be charged to the holders of Notes or Couponholders in respect of such payments.

Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7 (*Prescription*)).
- (ii) If the relevant Notes so provide, upon the due date for redemption of any Note, unmaturing Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.

- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

(f) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered to or to the order of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 7 (*Prescription*)).

In addition, pursuant to Condition 3(o) (*Benchmark replacement*), certain changes may be made to the interest calculation provisions of the Notes in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Noteholders. Any such correction shall be binding on the holders of the relevant Notes and the Issuer and the Guarantor (if applicable) shall cause such correction to be notified to the holders of the Notes as soon as practicable thereafter pursuant to Condition 12 (*Notices*).

(d) **Modification following a MREL/TLAC Disqualification Event**

With respect to the Senior Notes only, if Modification following a MREL/TLAC Disqualification Event is specified as applicable in the applicable Final Terms, where a MREL/TLAC Disqualification Event has occurred and is continuing, then the Issuer may, without any requirement for the consent or approval of the Noteholders, modify the terms of the Senior Notes to the extent that such modification is necessary to ensure that no such MREL/TLAC Disqualification Event would exist after such modification, **provided that**, following such modification:

- (i) the terms and conditions of the Senior Notes, as so modified (the “**modified Senior Notes**”), are no more prejudicial to Noteholders than the terms and conditions applicable to the Senior Notes prior to such modification (the “**existing Senior Notes**”) **provided that** any modification may be made in accordance with paragraphs (ii) to (iv) below and any such modification shall not constitute a breach of this paragraph (i); and
- (ii) the person having the obligations of the Issuer under the Senior Notes continues to be the Issuer; and

- (iv) the modified Senior Notes continue to be listed on a regulated market (for the purposes of the MiFID II (Directive 2014/65/EU, as amended)) of an internationally recognised stock exchange as selected by the Issuer (**provided that** the existing Senior Notes were so listed prior to the occurrence of such MREL/TLAC Disqualification Event),

and **provided further that**:

- (a) Mediobanca obtains approval of the proposed modification from the Relevant Authority (if such approval is required) or gives prior written notice (if such notice is required to be given) to the Relevant Authority and, following the expiry of all relevant statutory time limits, the Relevant Authority is no longer entitled to object or impose changes to the proposed modification;

- (b) the modification does not give rise to a change in any published and solicited rating of the existing Senior Notes in effect at such time (to the extent the existing Senior Notes were rated prior to the occurrence of such MREL/TLAC Disqualification Event);
- (c) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Senior Notes prior to their stated maturity, without prejudice to the provisions under Condition 4(f) (*Redemption at the option of the Issuer*); and
- (d) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Issue and Paying Agency Agreement, signed by two of the Issuer's executive officers stating that paragraphs (i) to (iv) and (a) to (c) above have been complied with, such certificate to be made available for inspection by Noteholders.

In connection with any modification as indicated in this Condition 9(d), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Senior Non Preferred Notes are then listed or admitted to trading.

(e) **Modification following a Regulatory Event or a Tax Event**

With respect to the Subordinated Notes only, if modification following a Regulatory Event or a Tax Event is specified as applicable in the applicable Final Terms, where a Regulatory Event or a Tax Event has occurred and is continuing, then the Issuer may, without any requirement for the consent or approval of the Noteholders, modify the terms of the Notes to the extent that such modification is reasonably necessary to ensure that no such Regulatory Event or Tax Event would exist after such modification, **provided that**, following such modification:

- (i) the terms and conditions of the Subordinated Notes, as so modified (the "**modified Notes**"), are no more prejudicial to Noteholders than the terms and conditions applicable to the Subordinated Notes prior to such modification (the "**existing Notes**") **provided that** any modification may be made in accordance with paragraphs (ii) to (iv) below and any such modification shall not constitute a breach of this paragraph (i); and
- (ii) the person having the obligations of the Issuer under the Subordinated Notes continues to be the Issuer; and
- (iii) the modified Subordinated Notes rank at least equal to the existing Subordinated Notes and feature the same tenor, principal amount, interest rates (including applicable margins), interest payment dates and first call date as the existing Subordinated Notes; and
- (iv) the modified Subordinated Notes continue to be listed on a regulated market (for the purposes of the MiFID II (Directive 2014/65/EU, as amended)) of an internationally recognised stock exchange as selected by the Issuer (**provided that** the existing Notes were so listed prior to the occurrence of such Regulatory Event or Tax Event, as applicable),

and **provided further that**:

- (a) Mediobanca obtains approval of the proposed modification from the Relevant Authority (if such approval is required) or gives prior written notice (if such notice is required to be given) to the Relevant Authority and, following the expiry of all relevant statutory time limits, the Relevant Authority is no longer entitled to object or impose changes to the proposed modification;

- (b) the modification does not give rise to a change in any published and solicited rating of the existing Subordinated Notes in effect at such time (to the extent the existing Subordinated Notes were rated prior to the occurrence of such Regulatory Event or Tax Event, as applicable);
- (c) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Subordinated Notes prior to their stated maturity, without prejudice to the provisions under Condition 4(f) (*Redemption at the option of the Issuer*);
- (d) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Issue and Paying Agency Agreement, signed by two of the Issuer's executive officers stating that paragraphs (i) to (iv) and (a) to (c) above have been complied with, such certificate to be made available for inspection by Noteholders; and
- (e) in the case of any proposed modifications owing to a Tax Event, the Issuer has delivered to the Fiscal Agent an opinion of independent legal advisers of recognised standing to the effect that the Tax Event can be avoided by the proposed modifications.

In connection with any modification as indicated in this Condition 9(e), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are then listed or admitted to trading.

(f) **Modification to Notes distributed to a Single Noteholder**

In partial derogation to the provisions of Condition 9(a),(b),(c),(d) and (e) above, in case the Notes have been distributed to a single holder (the "**Single Holder**"), the approval for the amendments under Condition 9(a),(b),(c),(d) and (e) above shall be given by the Single Holder by way of binding approval letter with prior delivery of the relevant proof of ownership of the relevant Note.

10. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to holders in accordance with Condition 12 (*Notices*), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. FURTHER ISSUES AND CONSOLIDATION

The Issuer may from time to time without the consent of the holders of Notes or Coupons create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to "**Notes**" shall be construed accordingly.

The Issuer may also from time to time upon not less than 30 days' prior notice to Noteholders, without the consent of the holders of Notes or Coupons of any Series, consolidate the Notes with Notes of one or more other Series (the "**Other Notes**") issued by it, provided the Notes and the Other Notes have been redenominated into Euro (if not originally denominated in Euro), and otherwise have, in respect of all periods subsequent to such consolidation, the same terms and

conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest). Notice of any such consolidation will be given to the Noteholders in accordance with Condition 12 (*Notices*). The Fiscal Agent shall act as the consolidation agent.

With effect from their consolidation, the Notes and the Other Notes will (if listed prior to such consolidation) be listed on at least one European stock exchange on which either the Notes or the Other Notes were listed immediately prior to such consolidation.

The Issuer shall in dealing with holders of such Notes following a consolidation pursuant to this Condition 11 have regard to the interest of the holders and the holders of the Other Notes, taken together as a class, and shall treat them alike.

 - (iii) in respect of Senior Preferred Notes issued by Mediobanca International, where the Substitute is not the Guarantor, the obligations of the Substitute under the Deed Poll, the Notes, Receipts, Coupons and Talons shall be unconditionally

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to “**Noteholder**” are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary (in the case of a CGN) or a common safekeeper (in the case of an NGN) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each, an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder’s share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and (in the case of an NGN) effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (Luxembourg time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or

- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (Luxembourg time) on such seventh day (in the case of paragraph (a) above) or at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of paragraph (b) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of paragraph (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deeds of Covenant. Under the Deeds of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the relevant Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Where the Notes are listed on the Euronext Dublin and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be.

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and, where applicable, with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of paragraph (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of paragraph (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deeds of Covenant). Under the relevant Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the relevant Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Where the Notes are listed on the Euronext Dublin and its rules so require, the relevant Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12

(*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be.

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the relevant Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the relevant Issuer shall procure that, in respect of a CGN, the payment is noted on a schedule thereto and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 4(h) (*Redemption at the option of holders of Notes*) of the Terms and Conditions of the English Law Notes and Condition 4(h) (*Redemption at the option of holders of Notes*) of the Italian Law Notes, the bearer of the Permanent Global Note must, within the period specified in the relevant Conditions for the deposit of the relevant Note and Put Option Notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 4(f) (*Redemption at the option of the Issuer*) of the Terms and Conditions of the English Law Notes and Condition 4(f) (*Redemption at the option of the Issuer*) of the Terms and Conditions of the Italian Law Notes, as the case may be, in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the relevant Issuer in accordance with the relevant Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, at their discretion, as either a pool factor or a reduction in principal amount).

Notices: Notwithstanding Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary, common depositary or common safekeeper (as the case may be) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be, on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system; **provided, however, that**, so long as the Notes are listed on the Official List of the Euronext Dublin and its rules so require, notices will also be published in a leading newspaper having general circulation in Ireland or on the website of the Euronext Dublin (www.ise.ie).

- **MBFACTA** provides trade receivables sale and discount services (with and without recourse, maturity, supply credit) to refinance corporate working capital. As well as the financial benefits, this service can also include an insurance component (guarantee against insolvency or delays in payments) and/or a management component (portfolio management, accounting, collection and recovery). The factoring platform's factoring offering is tailored specifically to developing the Mid Corporate segment in synergy with the other services offered by CIB to this category of firm.

Principal investing

Mediobanca has an equity portfolio of investments made over time, consisting of minority stakes in leading Italian and international companies, most of which are listed. As a result of the recent introduction of tighter regulations on regulatory capital and the Bank's desire to concentrate more on highly-specialized banking activities, this portfolio of investments is in the process of being reduced. The Bank's investment in Assicurazioni Generali is assigned to the Principal Investing division, in view of its size and the value option which the investment represents for the Group in terms of available, liquid resources that can be activated in the event of growth acquisitions materializing.

<i>Company</i>	<i>Sector</i>	<i>% of share capital</i>	<i>Book value as at 30/6/20</i> <i>€m</i>
<i>Assicurazioni Generali</i>	<i>Insurance</i>	<i>12.9%</i>	<i>3,163.4</i>

Leasing

Mediobanca owns a direct 60% stake in SelmaBipiemme Leasing, with the other 40% held by the Banca Popolare di Milano. The group operates in financial leasing.

Treasury

The Group's Treasury and ALM units are centralized at parent company level with the objective of optimizing funding and liquidity management. The Proprietary Funding division is responsible for structuring, issuing and placing debt products, the proceeds from which are used to finance the Bank's activities. Funding operations, supported by Mediobanca's high credit rating, take the form primarily of

the issuance of securities, both plain vanilla and structured. Securities are placed with retail investors through public offerings (implemented via the CheBanca! proprietary network, through individual third-party banking networks – including BancoPosta – either on an exclusive basis or via groups of banks operating as syndicates), and direct sales on the MOT bond market operated by Borsa Italiana. Demand from institutional investors is met via public offerings of securities on the Euromarket and by private placements of bespoke products tailored to meet the investor's specific requirements.

New products or new activities

Without prejudice to the contents hereof (section 5.1), no significant new products and/or services have been introduced that are worth being recorded or disclosed publicly.

- Leasing activities chiefly target the domestic market.

With reference to other markets, on 31 January 2020, the United Kingdom officially withdrew from the European Union, whose effectiveness is suspended until 31 December 2020. During the transitional period, Mediobanca will continue to implement the plan to adapt to the new scenario which, in accordance with the recommendations provided by the European Central Bank and in light of the Group's relatively contained activity in the UK (approximately 3% of total revenues), envisages the return to the EU territory (mainly in the Milan, Paris and Madrid offices) of 15 employees belonging to front office functions, including key figures. The Group will continue to operate in Great Britain through the subsidiary of Mediobanca S.p.A. (based on a different authorization regime) and the subsidiary Cairn Capital, subject to further changes that may arise in the course of negotiations, which are continuously monitored by an internal working group within the Issuer in collaboration with the competent Supervisory Authorities.

Information on recent trends

Except for the developments described in the section headed “*Systemic risks in connection with the economic/financial crisis*”, in particular for the possible impact of the Covid-19 crisis, no material adverse changes have taken place in Mediobanca’s or the Group’s prospects since the consolidated financial statements as at 30 June 2020;

Except for the developments described in the section headed “*Systemic risks in connection with the economic/financial crisis*”, in particular for the possible impact of the Covid-19 crisis, no material adverse changes have taken place in the financial results of Mediobanca and the Mediobanca Group since the most recent consolidated financial statements as at 30 June 2020.

Information on trends, uncertainties, requests, commitments or known facts which could reasonably be expected to have material repercussions on the Issuer’s prospects for at least the current financial year

Mediobanca is not aware of any information on trends, uncertainties, requests, commitments or facts known which could reasonably have significant repercussions on Mediobanca’s prospects for the current financial year.

A deterioration in the medical situation due to the Covid-19 pandemic could impact further on the economic, social and financial situation in Italy and hence on the credit quality, capitalization and earnings of the Issuer which operates primarily on the Italian market.

Mediobanca is committed to executing the strategic and operating guidelines of its 2019-23 Strategic Plan, confirming the intention to optimize capital, with the objective of restoring the CET1 ratio to 13.5% by end-June 2023, including through share buybacks and acquisitions to strengthen the business lines.

In the uncertainty that currently characterizes the reference framework, the Group has adopted an operating scenario based on activities normalizing by end-December 2020.

The government initiatives and use of moratoria have helped to preserve the quality of the loan book, with 90% of clients who elected to take up the initiatives offered in Consumer Banking having resumed payments as normal.

Conversely, the upturn in the rate of infections from mid-September has not yet been reflected in the figures. Results could be affected if the restrictions introduced are of a similar level to those introduced in March and April of this year. At presents the measures to be adopted in the course of the next quarter to address the second wave of infections due to the Covid-19 pandemic are hard to predict. Lockdown, especially general lockdown, remains the most critical issue for new loans and the cost of risk in Consumer Banking and mortgage lending business; to mitigate the impact of such possible developments, the Group has strongly enhanced its digital platforms and the integrated development of distribution and credit recovery channels in the last six months. Excessive volatility on financial markets too is likely to impact on TFAs (in terms of NNM and market effect) and client risk appetite.

Net interest income is expected to decrease from last year, due to lower volumes and returns in Consumer Banking; while fee income should remain at good levels, as should earnings from Assicurazioni Generali. Against this performance in revenues, operating costs are expected to rise slightly as project activities and commercial initiatives (advertising campaigns) gradually resume.

The cost of risk is seen as being largely stable, while loan loss provisions in Consumer Banking, mortgage lending and leasing are expected to be in line with this quarter unless the macroeconomic scenario deteriorates further.

Conflicts of interest among bodies responsible for governance, management and supervision

Each year the Board of Directors assesses the positions of the individual directors, which may have changed as a result of changes in the activities or size of the other companies in which they hold posts. To this end, each director, including in order to avoid potential conflict of interest, shall inform the Board of any changes in the positions assumed by them in the course of their term of office.

Mediobanca also adopts the procedure recommended under Article 136 of the Italian Consolidated Banking Act for approval of transactions involving individuals who perform duties of management and control in other companies controlled by such parties.

Mediobanca and its governing bodies have adopted internal measures and procedures to ensure compliance with the provisions referred to above.

Furthermore, as provided for by article 2357 of the Italian Civil Code, the treasury shares were purchased within the limits of distributable earnings and available reserves.

LEGAL AND ARBITRATION PROCEEDINGS

As at 30 June 2020, none of the proceedings involving Mediobanca and its consolidated subsidiaries may

have, or have had in the recent past, a material impact on the Group's financial position or profitability, and as far as Mediobanca is aware, no litigation, arbitration or administrative proceedings which may have such material impact has either been announced or is pending.

A description of the main tax disputes and litigation pending is provided below, purely for information purposes:

Litigation pending and tax disputes

Civil Proceedings - Claim for damages

Among the most significant legal proceedings still pending against Mediobanca there are the following two claims for damages made respectively by:

- Monte dei Paschi di Siena ("**FMPS**") against – *inter alia* – Mediobanca, in respect of participation with criminal intent by virtue of an alleged non-contractual liability, jointly with the other twelve lender banks, for alleged damages to FMPS in connection with the execution of the Term Facility Agreement on 4 June 2011 and the consequent breach of FMPS's Articles of Association (20% limit on debt/equity ratio) in a total amount of €286m. The case is currently pending with the court of Florence, waiting for the Judge to rule on the admission of the evidence asked for by the parties;
- Lucchini S.p.A. in A.S. ("**Lucchini**") against 12 banks (including Mediobanca) claiming that the banks would have contributed to the economic and financial distress of the company for having drawn up and executed an industrial and financial plan of the company based on allegedly unrealistic forecasts and a restructuring agreement pursuant to article 182-bis of the bankruptcy law which provided for guarantees excessively favourable to the banks, thus delaying Lucchini's submission to the extraordinary administration procedure. It should be noted that with a ruling on 21 July 2020, the Judge rejected Lucchini's request (as amended with the first brief pursuant to Article 183 of the Italian Criminal Code) because he deemed the right to compensation brought before the court to be extinguished by prescription. The possibility remains open for the company to challenge the judgment before the Milan Court of Appeal;

Tax – Administrative proceedings

With regard to the disputes pending with the tax authorities, an inspection by the Agenzia delle Entrate, which began in 2018 and relates to the financial years 2014/15 and 2015/16 of Mediobanca S.p.A., was concluded, in the context of which three macro claims emerged:

- non-application of transparency taxation (*tassazione per trasparenza*), provided for by the Controlled Foreign Company ("**CFC**") regulations, of the income produced by Compagnie Monégasque de Banque and Compagnie Monégasque de Gestion for the years 2013, 2014 and 2015, broken down as follows:
 - notice of assessment for Mediobanca's alleged failure to tax on financial year 2013/2014 profits for a contested tax of €21.3 million (plus interest and penalties) notified at the end of 2018;
 - notice of assessment in relation to financial year 2014/2015 (2014 profits) for a contested tax of €16.1 million (plus interest and penalties) notified last December;
 - *Processo Verbale di Constatazione* ("**PVC**"), issued last October, in relation to the financial year 2015/2016 (2015 profits), which has not yet been followed by a notice of assessment;
- failure to apply withholding taxes on interest paid as part of a secured finance transaction challenged with a specific assessment for the year 2014 (tax of € 2.3 million, plus penalties and interest) and referred to, for the year 2015, in the PVC issued last October;
- dispute over the application of transfer pricing between Mediobanca S.p.A. and Mediobanca International S.A. (based in Luxembourg) in the financial years 2012/13 to 2016/17. With regard to

this dispute, last October an agreement was reached with the Italian tax authority which involved a disbursement of 21 million, plus interest, but without penalties (so-called penalty protection). At the same time, a new transfer pricing methodology was shared aimed at minimizing tax risks in the future. On this occasion, Mediobanca also voluntarily released reserves of profits (for a total of Euro 42 million) from the activities of Mediobanca International prior to 2002, i.e. when the mechanism of taxation for transparency of subsidiaries based in a country with a privileged tax status (so-called black list) was not yet in place; Mediobanca International SA, for its part, is preparing a petition to the Luxembourg tax authorities for the recovery of the higher taxes paid in relation to the taxable income attributed to Italy by the Italian tax authority.

With regard to the first two claims, the Issuer appealed against the related measures; last November, the appeal filed by the Issuer for the 2018 CFC assessment was discussed before the Provincial Tax Commission of Milan and the judgment is pending.

Other significant developments of the financial year concern the favourable conclusion of:

- tax settlement with the Italian tax authority in relation to the *rottamazione delle liti* pursuant to Article 6 of DL No. 119/2018 for 7 of the 8 disputes of Selma BPM (tax assessed for 11.7 million, plus penalties and interest for 35.2 million) which can therefore be considered concluded;
- litigation relating to the alleged non-payment by Chebanca! of the registration tax on the deed of purchase of the Barclays business unit, which concluded with favourable rulings by the Court of Appeal, confirming the previous ruling;
- relief from the tax collection delivered to Mediobanca last year relating to the automated control of Banca Esperia's Unico model 2015.

Further tax proceedings

In light of the above, other Group tax litigation proceedings existing as at 30 June 2020 concern:

- three litigation proceedings pending in front of the Supreme Court, one of which relating to leasing activities (assessed tax of 191,000 Euro), one relating to the former Banca Esperia about the alleged failure to report a transfer of money to foreign countries as part of the tax monitoring communication, against which penalties were imposed for 5.9 million Euro (already paid) and the third against Mediobanca SGR which was sued as manager of the real estate fund "Marsupio" in relation to the alleged failure to pay substitute tax on 3 transactions for a higher assessed tax of 746.000 Euro (charged to the fund);
- three litigation proceedings relating to the non-reimbursement of VAT for interest accrued in the context of Selma BPM's VAT litigation; in particular, the Milan Court of Appeal's ruling confirmed the non-reimbursement of interest for 470.000 Euro relating to the 2008 financial year;
- eight litigation proceedings relating to direct and indirect taxes, of minor importance and pending at different instances of the Italian court system for a total assessed tax of 1.2 million Euro.

Last December, the assessments carried out by the French and German tax authorities on Mediobanca's branches in Paris and Frankfurt respectively were concluded; in both cases, the assessment, focused on the analysis of the transfer pricing policies in place with the parent company, led to a refinement of the policies and the entry into of settlement agreements, without incurring in any penalties (except for an irrelevant amount for interest) and taking into account the possibility of recovering in Italy the higher taxes paid abroad.

Proceedings with supervisory authorities

Mediobanca has no ongoing proceedings with any supervisory authority.

As far as the Group is concerned, Compass, following proceedings with the Italian Antitrust Authority, in

relation to the alleged forced combination of financing and insurance products not related to loan, has two proceedings pending before the Lazio Regional Administrative Court to challenge the measures by which the aforementioned proceedings have been concluded.

MATERIAL AGREEMENTS

Neither Mediobanca nor any of the companies controlled by Mediobanca has entered into or participates in agreements outside of their normal course of business which could result an obligation or entitlement for Group members that would impact significantly on the Issuer's ability to meet its obligations in respect of the holders of financial instruments issued or to be issued.

References in this Base Prospectus to “**Permanent Dealers**” are to the persons listed in the paragraph headed “**Dealers**” in the section headed “*General Description of the EUR 40,000,000,000 Euro Medium Term Note Programme*” above and to such additional persons which are appointed from time to time as dealers in respect of the whole Programme (and whose appointment has not been terminated) and references to “**Dealers**” are to all Permanent Dealers and all persons appointed from time to time as a dealer solely in respect of one or more Tranches.

Subject to the terms and conditions contained in an amended and restated dealer agreement dated 18 December 2020 as further amended or supplemented from time to time (the “**Dealer Agreement**”) between each Issuer, the Guarantor, the Arranger and the Permanent Dealers, the Notes will be offered on a continuous basis by each Issuer to the Permanent Dealers. However, the relevant Issuer has reserved the right to sell Notes directly on its own behalf to Dealers which are not Permanent Dealers. The relevant Issuer may also offer and sell Notes directly to investors without the involvement of any Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the relevant Issuer through the Dealers, acting as agents of such Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches which are jointly and severally underwritten by two or more Dealers.

Pursuant to the terms and conditions of the Dealer Agreement, the relevant Issuer, failing whom, where applicable, the Guarantor, has agreed to reimburse the Dealers for certain liabilities (including fees and expenses) in connection with the establishment of the Programme, the offer and sale of the Notes and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. The Dealer Agreement may be terminated in relation to all the Dealers or any of them by Mediobanca and Mediobanca International, acting together or, in relation to itself and Mediobanca and Mediobanca International only, by any Dealer, at any time on giving not less than ten Business Days’ notice.

General

Any such supplement or modification shall be set out in a supplement to this Base Prospectus.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has represented, warranted and agreed that it has complied and will comply with all applicable laws, regulations and directives in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense, and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the relevant Issuer, the Guarantor (where applicable), nor any other Dealer shall have responsibility therefor. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantor and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in this sub-section headed “*General*”.

FORM OF FINAL TERMS

(A) Form of Final Terms for Notes with a denomination less than EUR 100,000

The following form of Final Terms shall be used for the issue of Notes having a denomination of less than EUR 100,000 (or the equivalent amount in any other currencies in which the Notes are denominated).

[PRIIPs Regulation / Prospectus Regulation / PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]

MIFID II product governance / Retail investors, professional investors and ECPS target market - Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate and (iii) the following channels for distribution of the Notes to retail clients are appropriate, including; investment advice, portfolio management and non-advised sales, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

TAXATION

The tax legislation of the investor's Member State and of the Issuers' country of incorporation may have an impact on the income received from the securities.

The following is a general overview of certain Italian, Luxembourg and Irish tax aspects of the purchase, the ownership and the disposal of the Notes. It does not purport to be a comprehensive description of all the tax issues which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors and of Notes, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of the Notes are advised to consult in any case their own tax advisers concerning the overall tax regime of their purchase, ownership and disposal of the Notes.

This overview assumes that Mediobanca and Mediobanca International are resident for tax purposes in the Republic of Italy and in the Grand Duchy of Luxembourg respectively and are structured and conduct their business in the manner outlined in this Base Prospectus. Changes in Mediobanca and/or Mediobanca International's organisational structure, tax residence or the manner in which each of them conducts its business, as well as in case of substitution of the relevant Issuer or the Guarantor as more fully set out in Condition 13 (Substitution of the Issuer) of the Terms and Conditions of the Senior Notes and of the Subordinated Notes, may invalidate this overview. This overview also assumes that each transaction with respect to the Notes is at arm's length.

Where in this overview English terms and expressions are used to refer to Italian, Luxembourg and Irish concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Italian, Luxembourg and Irish concepts under Italian, Luxembourg and Irish tax laws.

This overview is based upon the laws and/or practice in force as at the date of this Base Prospectus, which may be subject to any changes in law and/or practice occurring after such date, which could be made on a retroactive basis. Neither Mediobanca nor Mediobanca International will update this summary to reflect changes in law and/or practice. If any such change should occur, the information in this overview could become obsolete.

(A) Italian Taxation of the Notes issued by Mediobanca

Tax on interest, premiums and other proceeds

Italian Legislative Decree No. 239 of 1 April 1996, as amended and supplemented ("**Decree No. 239**"), regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) from certain securities issued, *inter alia*, by Italian resident banks (hereinafter collectively referred to as "**Interest**"). The provisions of Decree No. 239 only apply to Notes which qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Decree No. 917 of 22 December 1986, as amended and supplemented ("**Decree No. 917**")

11. Notes qualifying as bonds or similar securities.

Italian resident investors

Pursuant to Decree No. 239, payments of Interest accrued on Notes issued by Mediobanca will be subject to a substitute tax (*imposta sostitutiva*) at the rate of 26 per cent. in the Republic of Italy if made to beneficial owners who are:

- (1) individuals resident in the Republic of Italy for tax purposes, holding the Notes not in connection with entrepreneurial activities;

- (2) Italian resident partnerships (other than “*società in nome collettivo*”, “*società in accomandita semplice*” or similar partnerships), *de facto* partnerships not carrying out commercial activities;
- (3) Italian resident public and private entities, other than companies, not carrying out commercial activities; and
- (4) Italian resident entities exempt from corporate income tax,

(unless the relevant Noteholder has entrusted the management of its financial assets, including the Notes, to an authorised intermediary and has opted for the so-called *risparmio gestito* regime (the “**Asset Management Option**”), according to Article 7 of Decree No. 461).

In the event that the Noteholders described above under (1) and (3) are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax. As a consequence, Interest on the Notes is subject to ordinary final income tax and the substitute tax may be recovered as a deduction from the final income tax due.

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* (so-called “**SIMs**”), fiduciary companies, *società di gestione del risparmio*, stockbrokers and other entities, resident in Italy, identified by a Decree of the Ministry of Economy and Finance (“**Intermediaries**” and each an “**Intermediary**”), that intervene in any way in the collection of the Interest or, also as transferees, in the transfers or, disposals of the Notes.

- (1) Italian resident corporations or permanent establishments in Italy of non resident corporations to which the Notes are effectively connected;
- (2) Italian resident undertakings for collective investment (i.e., investment funds, SICAVs, and SICAFs other than real estate funds and real estate SICAFs), Italian resident pension funds subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005 (the “**Pension Funds**”), Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 (the “**Real Estate Fund**”) and Italian resident SICAFs to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 (the “**Decree No. 44**”) apply;
- (3) Italian residents holding Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the Asset Management Option.

To ensure payment of Interest in respect of the Notes without the application of substitute tax, the investors indicated here above under (1) to (3) must be the beneficial owners of payments of Interest on the Notes and timely deposit the Notes together with the coupons relating to such Notes directly or indirectly with an Italian authorised financial Intermediary.

An Intermediary must: (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (b) intervene, in any way, in the collection of interest or in the transfer of the Covered Bonds. For the purpose of the application of the *imposta sostitutiva*, a transfer of Covered Bonds includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Covered Bonds or in a change of the Intermediary with which the Covered Bonds are deposited.

Special rules apply if the Notes are part of an investment portfolio managed on a discretionary basis by an authorised intermediary and the beneficial owners of the Notes opt for the Asset Management Option and if the Notes are in the portfolio of Italian undertakings for collective investment, Pension Funds, Real Estate Funds and real estate SICAFs.

Italian residents holding Notes not in connection with entrepreneurial activity who have opted for the Asset Management Option in connection with their investment in the Notes are subject to a

26 per cent. annual substitute tax (the “**Asset Management Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes during the holding period). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Payments of Interest in respect of the Notes made to Italian resident undertakings for collective investment are subject neither to substitute tax nor to any other income tax in the hands of the undertaking. A withholding tax of 26 per cent. applies on proceeds distributed by the undertaking or received by certain categories of unit holders or shareholders upon redemption or disposal of the units or shares.

Under the regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, as amended, payments of interest, premiums or other proceeds in respect of the Covered Bonds made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 (the “Financial Services Act”) or pursuant to Article 14-bis of Law No. 86 of 25 January 1994, and Italian real estate SICAFs, both qualifying as such from a legal and regulatory perspective (the “Real Estate Funds”), are subject neither to imposta sostitutiva nor to any other income tax in the hands of the Real Estate Fund. However, subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26 per cent.; subject to certain conditions, depending on the status of the investor and percentage of participation, income of the Real Estate Fund is subject to taxation in the hands of the unitholder or shareholder regardless of distribution.

If an investor is resident in Italy and is an open-ended or a closed-ended investment fund, a SICAF (an investment company with fixed capital) or a SICAV (an investment company with variable capital) established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the “Fund”), and the relevant Covered Bonds are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Covered Bonds will not be subject to imposta sostitutiva, but must be included in the management results of the Fund accrued at the end of each tax period. The Fund will not be subject to taxation on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Italian resident Pension Funds subject to the regime set forth by Article 17, paragraph 2, of Legislative Decree No. 252 of 5 December 2005 are subject to a 20 per cent. tax (the “**Pension Fund Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes during the holding period).

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity and social security entities or Pension Fund pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the imposta sostitutiva, on interest, premium and other income relating to the Notes if the Notes are included in a long term individual savings account (piano individuale di risparmio a lungo termine) that meets the requirements set forth in Article 1 (100-114) of Law No. 232 of 11 December 2016 (the “**Finance Act 2017**”) and Law Decree 124/2019, as subsequently amended

Interest accrued on the Notes by beneficial owners who are Italian resident corporations and permanent establishments in Italy of foreign corporations to which the Notes are effectively connected or Italian resident individual engaged in an entrepreneurial activity to which the Notes are connected are subject to tax in Italy in accordance with ordinary tax rules and would be included, respectively, in the taxable income for (a) corporate income tax purposes (IRES) currently applicable at a rate of 24 per cent. (27.5 per cent. in case the Noteholder is a credit or a financial institution other than a management company of an undertaking for collective investment or a SIM), or (b) personal income taxation as business income (IRPEF), as the case may be. In certain circumstances, depending on the status of the Noteholder, Interest may also

have to be included in the taxable base for regional income tax on the value of production (IRAP), currently applicable at a rate of 3.9 per cent. (which may be increased by each Italian Region by up to 0.92 per cent.) or at the increased of 4.65 per cent. and 5.90 per cent. for the categories of companies indicated, respectively, under Article 6 (banks and other financial institutions) and Article 7 (insurance companies) of Legislative Decree No. 446 of 15 December 1997).

Where the Notes and the relevant coupons are not deposited with an Intermediary, the substitute tax is applied and withheld by any Italian intermediary (or permanent establishment in Italy of foreign intermediary) that intervenes in the payment of Interest to any Noteholder or by the Issuer and Noteholders who are Italian resident companies or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct the substitute tax suffered from income taxes due.

Non-Italian resident investors

Pursuant to Decree No. 239, payments of Interest accrued on Notes issued by Mediobanca will be subject to a substitute tax at the rate of 26 per cent. in the Republic of Italy if made to beneficial owners who are non-Italian resident entities or individuals without a permanent establishment in Italy to which the Notes are effectively connected, which are not eligible for the exemption from substitute tax and/or do not timely and properly comply with the requirements set forth in Decree No. 239 and the relevant application rules in order to benefit from the exemption from substitute tax. As to non-Italian resident beneficial owners, the substitute tax may apply at lower or nil rate under double taxation treaties entered into by Italy, where applicable, and in any case subject to proper compliance with relevant subjective and procedural requirements.

The 26 per cent. (or the lower rate provided for by the relevant applicable double taxation treaty) substitute tax will be generally applied by any Italian resident qualified financial intermediaries that will intervene, in any way, in the collection of Interest on the Notes or in the transfer of the Notes.

Interest will not be subject to the 26 per cent. substitute tax if made to beneficial owners who are non- Italian resident beneficial owners of Notes not having a permanent establishment in Italy to which the Notes are effectively connected, **provided that**:

- such non-Italian resident beneficial owners are resident for tax purposes in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information (the "**White List**"), as indicated below; and
- all the requirements and procedures set forth in Decree No. 239 and the relevant implementing rules in order to benefit from the exemption from the substitute tax have been promptly and properly complied with.

Decree No. 239, as amended and restated, also provides for additional exemptions from the substitute tax for payments of Interest in respect of the Notes made to:

- international bodies and organisations established in accordance with international agreements ratified in Italy;
- foreign institutional investor, whether or not subject to tax, set up in a country included in the White List; and
- Central Banks or entities managing official State reserves.

To ensure payment of Interest in respect of the Notes without the application of the substitute tax, non-Italian resident investors must:

- be the beneficial owners of payments of Interest on the Notes;

- timely deposit the Notes together with the coupons relating to such Notes directly or indirectly with a resident bank or a *società di intermediazione mobiliare (SIM)* or a permanent establishment in Italy of a non-resident bank or SIM or with a non-resident operator of a clearing system having appointed as its agent in Italy for the purposes of Decree 239/1996 a resident bank or SIM or a permanent establishment in Italy of a non-resident bank or SIM which are in contact, via computer, with the Italian Ministry of Economics; and
- promptly file with the relevant depository a self-declaration stating, *inter alia*, to be resident, for tax purposes, or established, as the case may be, in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information. Such self-declaration - which is requested neither for international bodies nor for entities set up in accordance with international agreements ratified by Italy nor for foreign Central Banks or entities managing official State reserves - must comply with the requirements set forth by Italian Ministerial Decree of 12 December 2001 and is valid until withdrawn or revoked. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

For the purposes of the above, the currently applicable “White List” of countries allowing for an adequate exchange of information with Italy is provided for by Italian Ministerial Decree 4 September 1996, as recently amended by Ministerial Decree of 9 August 2016 (the “**White List Decree**”). Pursuant to Article 11, para. 4, let. c) of Decree 239, the Ministry of Finance should update the White List Decree on a semi-annual basis.

12. Notes qualifying as atypical securities

Interest payments relating to Notes issued by Mediobanca that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*), but qualify as atypical securities (*titoli atipici*) for Italian tax purposes, may be subject to a withholding tax, levied at the rate of 26 per cent.. For this purpose, as indicated above, pursuant to Article 44 of Decree No. 917, securities similar to bonds are securities that (i) incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and (ii) do not grant to the relevant holders any right to directly or indirectly participate to the management of the issuer or of the business in relation to which they are issued or to control the same management.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 or pension funds subject to the regime provided for by Article 17 of Legislative Decree No. 252 of 5 December 2005 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Notes not falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*), if such Notes are included in a long-term individual savings accounts (*piani individuali di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of the Finance Act 2017 and Law Decree 124/2019, as subsequently amended.

Where the Noteholder is (i) an Italian resident individual engaged in an entrepreneurial activity to which the Notes are connected, (ii) an Italian resident company or a similar Italian resident commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected, (iv) an Italian resident commercial partnership or (v) an Italian resident commercial private or public institution, the above-mentioned 26 per cent. withholding tax applies as a provisional withholding tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final withholding tax. Double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate of withholding tax in case of payments to non Italian resident Noteholders, subject to proper compliance with relevant subjective and procedural requirements.

13. Capital gains tax

Italian resident Noteholders

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable business income (and, in certain circumstances, depending on the “status” of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian resident company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an (i) individual not engaged in an entrepreneurial activity to which the Notes are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to a substitute tax (*imposta sostitutiva*), levied at the current rate of 26 per cent.. Noteholders may generally set-off capital losses with gains of the same nature.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

In respect of the application of such substitute tax, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss of the same nature, realised by the Italian resident individual Noteholder holding the Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding the Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss of the same nature, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains of the same nature realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes under the *risparmio amministrato* regime, provided for by Article 6 of the Italian Legislative Decree No. 461 of 21 November 1997, as a subsequently amended, hereinafter the “**Decree 461/1997**”). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries (or permanent establishments in Italy of foreign intermediaries) and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss of the same nature, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains of the same nature subsequently realised, within the same securities management relationship, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in the annual tax return.

Any capital gains on Notes held by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial

assets, including the Notes, to an authorised intermediary and have opted for the Asset Management Option (the so-called *regime del risparmio gestito*, provided by Article 7 of Decree 461/1997) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the Asset Management Option, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Option, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Any capital gains on Notes held by Noteholders who are Italian undertakings for collective investment will not be subject to taxation in the hands of the undertakings. A withholding tax of 26 per cent. may apply on proceeds distributed by the undertakings or received by certain categories of unit holders or shareholders upon redemption or disposal of the units or shares.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity and social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from the *imposta sostitutiva*, on capital gains realised upon sale or redemption of the Notes, if the Notes are included in a long term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017, as amended by Finance Act 2019.

Any capital gains on Notes held by Noteholders who are Italian Pension Funds (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Notes may be excluded from the taxable base of the 20 per cent. substitute tax if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (88-114) of Finance Act 2017 and Law Decree 124/2019, as subsequently amended.

Any capital gains realised by Italian resident Real Estate Funds or by Italian resident SICAFs to which the provisions of Article 9 of the Decree No. 44 apply on the Notes are not taxable at the level of the same Real Estate Funds or real estate SICAFs, but subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26 per cent.; subject to certain conditions, depending on the status of the Noteholders and percentage of participation, income of the Real Estate Fund is subject to taxation in the hands of the unitholder or the shareholder regardless of distribution.

Non-Italian resident Noteholders

Capital gains realised by non-Italian-resident Noteholders, without a permanent establishment in Italy to which the Notes are effectively connected, from the sale or redemption of Notes traded on regulated markets in Italy or abroad are not subject to the *imposta sostitutiva*, regardless of whether the Notes are held in Italy. In such a case, in order to benefit from this exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the Asset Management Option or are subject to the *risparmio amministrato* regime according to Article 6 of Decree No. 461, may be required to produce in due time to the Italian authorised financial intermediary an appropriate self-declaration that they are not resident in Italy for tax purposes.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes not traded on regulated markets issued by an Italian or non-Italian resident issuer may in certain circumstances be taxable in Italy, if the Notes are held in Italy.

However, non-Italian resident beneficial owners of Notes without a permanent establishment in Italy to which the Notes are effectively connected are not subject to the *imposta sostitutiva* on

capital gains realised upon sale or redemption of the Notes, provided that the effective beneficiaries: (i) are resident in a country which allows for an adequate exchange of information with Italy; or (ii) are international entities or bodies set up in accordance with international agreements which have entered into force in Italy; or (iii) are Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State; or (iv) are institutional investors which are set up in a country included in the White List Decree, even if they do not have the “status” of taxpayer. In such cases, in order to benefit from the exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the Asset Management Option or are subject to the *risparmio amministrato* regime according to Article 6 of Decree No. 461, may be required to produce in due time to the Italian authorised financial Intermediary an appropriate self-declaration stating that they meet the subjective requirements indicated above. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

If none of the conditions above is met, capital gains realised by said non-Italian resident Noteholders from the sale or redemption of Notes are subject to the *imposta sostitutiva* at the current rate of 26 per cent.

For the purposes of the above, the currently applicable “White List” of countries allowing for an adequate exchange of information with Italy is provided for by the White List Decree, as recently amended by Ministerial Decree of 9 August 2016. Pursuant to Article 11, para. 4, let. c) of Decree No. 239, the Ministry of Finance should update the White List Decree on a semi-annual basis.

Moreover, in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are connected that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Notes. In such a case, in order to benefit from this exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the Asset Management Option or are subject to the *risparmio amministrato* regime according to Article 6 Decree No. 461, may be required to produce in due time to the Italian authorised financial intermediary appropriate documents which include, *inter alia*, a statement of residence from the competent tax authorities of the country of residence of the non-Italian resident.

Please note that for a non-Italian resident, the *risparmio amministrato* regime provided for by Article 6 of Decree No. 461 shall automatically apply, unless it expressly waives this regime, where the Notes are deposited in custody or administration with an Italian resident authorised financial intermediary or permanent establishment in Italy of a foreign intermediary.

This withholding tax also applies on accrued interest received upon sale, redemption or repurchase of the Senior Notes. They will not be liable to any Luxembourg income tax on repayment of principal.

For individuals resident in the Grand Duchy of Luxembourg, the 20% tax withheld at source constitutes a final taxation to the extent the Senior Notes do not constitute business assets.

Capital Gains

Luxembourg resident individuals who are holders of the Senior Notes and who are acting in the course of the management of their private wealth are not subject to taxation on capital gains upon the disposal of the Senior Notes, unless the disposal of the Senior Notes precedes the acquisition of the Senior Notes or the Senior Notes are disposed of within six months of the date of acquisition of these Senior Notes. Upon redemption of the Senior Notes, individual Luxembourg resident holders of the Senior Notes must however include the portion of the redemption price corresponding to accrued but unpaid interest in their taxable income except if (a) withholding tax

has been levied on such payments in accordance with the law of 23 December 2005, as amended, or (b) the individual holder of the Senior Notes has opted for the application of a 20% tax in full discharge of income tax in accordance with the law of 23 December 2005, as amended, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area.

Luxembourg resident individuals who are holders of the Senior Notes and who are acting in the course of the management of their professional or business undertaking to which the Senior Notes are attributable, on the sale or disposal, in any form whatsoever, of the Senior Notes are subject to Luxembourg income tax and municipal business tax.

Luxembourg resident companies – Luxembourg permanent establishment of foreign enterprises

Luxembourg resident companies (*sociétés de capitaux*) that are holders of the Senior Notes or foreign enterprises which have a permanent establishment in Luxembourg to which the Senior Notes are attributed, must include in their taxable income the difference between the disposal price (including accrued but unpaid interest) and the book value of the Senior Notes disposed of.

Luxembourg resident entities benefiting from a special tax regime

Holders of the Senior Notes who are undertakings for collective investment governed by the amended law of 17 December 2010, specialized investment funds governed by the amended law of 13 February 2007, family wealth management companies governed by the amended law of 11 May 2007 or reserved alternative investment funds organized similarly to special investment funds and governed by the law of 23 July 2016, are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg direct taxes (i.e. corporate income tax, municipal business tax and net wealth tax) with respect to the Senior Notes.

Companies subject to the amended law of 15 June 2004 on venture capital investment companies and or reserved alternative investment funds organized similarly to venture capital investment companies and subject to the law of 23 July 2016 might enjoy an exemption on income and gains from the Senior Notes in accordance with, and subject to, the requirements of such laws.

Net Wealth Tax

Luxembourg net wealth tax will not be levied on a holder of a Note unless: (i) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions; or (ii) such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in the Grand Duchy of Luxembourg.

As from 1 January 2016 the minimum corporate income tax regime has been replaced by a minimum net wealth tax levied either at a fixed amount of EUR 4,815 as from 1 January 2017 for Luxembourg corporate taxpayers holding financial assets exceeding 90% of their balance sheet and a total balance sheet of EUR 350,000 or at a progressive scale between EUR 535 and EUR 32,100 depending on the balance sheet total (the “**Minimum Net Wealth Tax**”). Effective as from that date the Minimum Net Wealth Tax also applies to securitization companies, undertakings for collective venture capital investments (SICAR) and reserved alternative investment funds organized similarly to venture capital investment companies.

A corporate holder of a Note, whether resident of the Grand Duchy of Luxembourg for tax purposes or maintaining a permanent establishment or a permanent representative in the Grand Duchy of Luxembourg to which such Notes are attributable, is not subject to Luxembourg wealth tax if the holder is governed by the law of 11 May 2007 on family estate companies, as amended, by the law of 17 December 2010 on undertakings for collective investment (except for the Minimum Net Wealth Tax), as amended, by the law of 13 February 2007 on specialised investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation (except for the Minimum Net Wealth Tax), as amended, or a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended, or a reserved alternative investment fund organized governed by the law of 23 July 2016 (except for

the. Minimum Net Wealth Tax if the fund is organized similarly to a venture capital investment company).

In respect of individuals, the Luxembourg law of 23 December 2005 has abolished the net wealth tax with effect from 1 January 2006.

Other Taxes

1. *Registration duties*

It is not compulsory that the Notes be filed, recorded, enrolled or subject to any other formality in Luxembourg with any notary, any court or other authority in the Grand Duchy of Luxembourg in order to ensure the legality, validity, enforceability or admissibility as evidence of any of the Notes in Luxembourg, or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Notes, in accordance therewith, except that, in case the Notes are registered (or lodged with a notary's records), either voluntarily or by order of a Luxembourg court in case of legal proceedings or a Luxembourg official authority, or if they are attached (*annexés*) to any document subject to mandatory registration in the Grand Duchy of Luxembourg (such as a public deed), a fixed or an *ad valorem* registration duty of 0.24% calculated on the amounts of loans or other obligations of sums of money mentioned in the Notes will be due. In practice such kind of registration is rarely ordered.

2. *VAT*

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of Notes, provided that Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in the Grand Duchy of Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.

3. *Inheritance and gift tax*

No Luxembourg inheritance tax is levied on the transfer of Senior Notes upon the death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.

Luxembourg gift tax will be levied in the event that the gift is made pursuant to a notarial deed signed before a Luxembourg notary.

15. Tax treatment of the Senior Preferred Notes issued by Mediobanca International in Italy

Tax on interest, premium and other proceeds

(i) *Senior Notes qualifying as bonds or similar securities*

Italian resident Noteholders

Pursuant to Decree No. 239, a substitute tax at a rate of 26 per cent. is applied on Interest on Senior Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) within the meaning of Article 44 of Decree No. 917 issued by a non-Italian resident issuer accrued during the relevant holding period, if received by:

- (1) an Italian resident individual not engaged in an entrepreneurial activity to which the Senior Notes are connected;

- (2) Italian resident non-commercial partnerships;
- (3) Italian resident non-commercial private or public entities; or
- (4) Italian resident investors exempt from Italian corporate income taxation;

If the Noteholders described under paragraphs (1) and (3) above are engaged in an entrepreneurial activity to which the Senior Notes are connected, the substitute tax applies as a provisional tax. As a consequence, the Interest is subject to the ordinary income tax and the substitute tax may be recovered as a deduction from the final income tax due.

Substitute tax is generally applied by an Intermediary.

Where the Senior Notes and the relevant coupons are not deposited with an Intermediary, the substitute tax is applied and withheld by any Italian intermediary (or permanent establishment in Italy of foreign intermediary) that intervenes in the payment of Interest to any Noteholder. Where Interest on Senior Notes beneficially owned by the subjects from paragraphs (1) to (4) above are not collected through the intervention of an Italian resident intermediary and as such no substitute tax is applied, the above Italian resident beneficial owners will be required to declare Interest in their yearly income tax return and subject them to final substitute tax at a rate of 26 per cent. (only limited to those Noteholders not engaged in a business activity to which the Senior Notes are effectively connected), unless option for a different regime is allowed and made. Italian resident Noteholders that are individuals not engaged in entrepreneurial activity may elect instead to pay ordinary personal income taxes at the progressive rates applicable to them in respect of Interest on such Senior Notes: if so, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to Article 24-bis of Decree No. 917/1986, as introduced by the Law No. 232 of 11 December 2016 (the “**2017 Budget Law**”), the payment of such substitute tax will replace any income tax on the foreign-sourced income, including Interest on Senior Notes.

Where an Italian resident Noteholder who is beneficial owner of the Senior Notes is a company or similar commercial entity, or a permanent establishment in Italy of a foreign company to which the Senior Notes are effectively connected and the Senior Notes and relevant coupons are timely deposited with an Intermediary, Interest from the Senior Notes will not be subject to the substitute tax, but must be included in the relevant Noteholder’s annual income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the “status” of the Noteholder, also to IRAP). In such cases, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

For those categories of Noteholders not specifically mentioned in this paragraph and for Noteholders who are Italian Pension Funds, Italian undertakings for collective investment please refer to paragraph “Italian Taxation of Notes issued by Mediobanca – Tax on interest, premium and other proceeds – Notes qualifying as bonds or similar securities - Italian resident investors” above.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity and social security entities or Pension Fund pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the imposta sostitutiva, on interest, premium and other income relating to the Notes if the Notes are included in a long term individual savings

account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017 as amended by Finance Act 2019.

Non-Italian resident Noteholders

No Italian substitute tax is applied on payments to a non-Italian resident Noteholder not having a permanent establishment in Italy to which the Senior Notes are effectively connected of Interest relating to Senior Notes issued by a non-Italian resident issuer.

If Senior Notes issued by a non-Italian resident issuer and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Senior Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a self-declaration stating that he or she is not resident in Italy for tax purposes.

Capital gains tax

Any gain obtained from the sale or redemption of the Senior Notes would be subject to the same tax regime as described under (A).3. “Capital gains tax”, above.

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to art. 24-*bis* of Decree No. 917/1986, as introduced by the 2017 Budget Law, the payment of such substitute tax will replace any income tax on the foreign-sourced income, including capital gains on the sale or redemption of Senior Notes held out of the Italian territory.

(ii) *Notes qualifying as atypical securities*

Interest payments to Italian resident Noteholders relating to Senior Notes issued by a non-Italian resident issuer that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*), but qualify as atypical securities (*titoli atipici*) for Italian tax purposes, may be subject to Italian withholding tax, levied at the rate of 26 per cent.. For this purpose, as indicated above, pursuant to Article 44 of Decree No. 917, securities similar to bonds are securities that (i) incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and (ii) do not grant to the relevant holders any right to directly or indirectly participate to the management of the issuer or of the business in relation to which they are issued or to control the same management.

If the Senior Notes are issued by a non-Italian resident issuer, a 26 per cent. “entrance” withholding tax may apply in Italy if the Senior Notes are placed (“collocate”) in Italy and Interest payments on the Notes are collected through an Italian bank or other qualified financial intermediary. However, the 26 per cent. “entrance” withholding tax does not apply to Interest payments made:

- (a) to a non-Italian resident Noteholder. If Senior Notes issued by a non-Italian resident issuer and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Senior Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce

to the Italian bank or other intermediary a self- declaration stating that he or she is not resident in Italy for tax purposes; and

- (b) to an Italian resident Noteholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities to which the Senior Notes are effectively connected), (ii) a commercial partnership, or (iii) a commercial private or public institution. In particular, in such cases, Interest must be included in the relevant Noteholder's annual income tax return, to be therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder, also to IRAP) according to the ordinary rules and the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to art. 24-*bis* of Decree No. 917/1986, as introduced by the 2017 Budget Law, the payment of such substitute tax will replace any income tax on the foreign-sourced income, including Interest payments relating to Senior Notes.

With respect to the other categories of Italian resident Noteholders, if Interest payments on Senior Notes issued by a non-Italian resident issuer are not collected through an Italian resident bank or other qualified financial intermediary, and as such no "entrance" withholding tax is required to be levied, such Noteholders will be required to report the payments in their yearly income tax return and subject them to a final substitute tax at rate of 26 per cent. (only limited to those Noteholders not engaged in a business activity to which the Senior Notes are effectively connected). Italian resident individual beneficial owners holding Senior Notes not in connection with a business activity may elect instead to pay ordinary personal income tax at the progressive rates applicable to them in respect of Interest payments: if so, the beneficial owners should generally benefit from tax credit for withholding taxes applied outside Italy, if any.

In case Senior Notes issued by a non-Italian resident issuer are held by an Italian resident individual engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the 26 per cent. "entrance" withholding tax on a provisional basis and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the withholding tax may be recovered as a deduction from the income tax due.

16. Payments made by the Guarantor under the Guarantee

There is no authority directly regarding the Italian tax regime of payments on notes made by an Italian resident guarantor. Accordingly, there can be no assurance that the Italian tax authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian courts would not support such an alternative treatment.

With respect to payments on the Senior Notes made to Italian resident Noteholders by an Italian resident guarantor, in accordance with an interpretation of Italian tax law, any such payments may be subject to Italian withholding tax at the rate of 26 per cent. levied as a final tax or a provisional tax ("a titolo d'imposta o a titolo di acconto") depending on the "status" of the Noteholder, pursuant to Decree No. 600. Double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate of withholding tax in case of payments to non-Italian residents, subject to proper compliance with relevant subjective and procedural requirements. In accordance with another interpretation, any such payment made by the Italian resident guarantor should be treated, in certain circumstances, as a payment by the relevant issuer and should thus be subject to the tax regime described in the previous paragraphs of this section.

(C) **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006, as converted in law, with amendments, pursuant to Law No. 286 of 24 November 2006, transfers of Notes as a result of death or donation of Italian residents and of non-Italian residents, but in such latter case limited to Notes held within the Italian territory (which, for presumption of law, includes bonds issued by Italian resident issuers), are generally taxed in Italy as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding €1,000,000.00 for each beneficiary;
- (ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift;
- (iii) transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding €100,000.00 for each beneficiary; and
- (iv) any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the beneficiary has a serious disability recognised by law, the tax is levied at the rate mentioned above in (i), (ii), (iii) and (iv) on the value exceeding, for each beneficiary, € 1,500,000.

A tax credit may be available for the inheritance and gift tax paid in Italy under the applicable double tax treaty on inheritance and gift, if any.

(D) **Transfer tax**

Contracts relating to the transfer of securities are subject to the following registration tax: (i) public deeds and notarised deeds are subject to a fixed registration tax at a rate of € 200.00; (ii) private deeds are subject to lump sum of € 200.00 registration tax only if they are voluntary registered or if the so- called “caso d’uso” or “enunciazione” occurs.

(E) **Stamp Duty**

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 (“**Decree No. 201**”), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries, carrying out their business activity within the Italian territory, to their clients for the Notes deposited therewith. The stamp duty applies at the current rate of 0.2 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount or, in the case the nominal or redemption values cannot be determined, on the purchase value of the Notes held.. If the Noteholder is not an individual, the stamp duty cannot exceed € 14,000.00.

(F) **Wealth tax on Notes deposited abroad**

Pursuant to Article 19(18) of Decree No. 201, Italian resident individuals, non-profit entities and certain partnerships (società semplici or similar partnerships in accordance with article 5 of Presidential Decree 917) resident in Italy for tax purposes holding the Notes outside the Italian territory are required to pay an additional tax at the current rate of 0.2 per cent. (“IVAFE”), which, for taxpayers other than individuals, cannot exceed €14,000 (Article 134 of Law Decree No. 34 of 20 May 2020).

This tax is calculated on the market value of the Notes at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value or, in the case the nominal or redemption values cannot be determined, on the purchase of such financial assets held

outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

(G) Tax Monitoring

Pursuant to Law Decree No. 167 of 28 June 1990 (“**Decree No. 167**”), as amended by Law of 6 August 2013, No. 97 (*Legge Europea* 2013), individuals, non-commercial institutions and non-commercial partnerships (*società semplici* or similar partnerships in accordance with article 5 of Presidential Decree 917) resident in Italy for tax purposes, under certain conditions, will be required to report in their yearly income tax return, for tax monitoring purposes, the amount of investments (including the Notes) directly or indirectly held abroad during each tax year. Inbound and outbound transfers and other transfers occurring abroad in relation to investments should not be reported in the income tax return.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the beneficial owners of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to: (i) Notes deposited for management or administration with qualified Italian financial intermediaries; (ii) contracts entered into through their intervention, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries; or (iii) if the foreign investments which are only composed by deposits and/or bank accounts when their aggregate value does not exceeds a €15,000 threshold throughout the year.

(H) Irish Taxation of the Notes issued by Mediobanca and Mediobanca International

The following is a summary of the Irish withholding tax treatment of the Notes. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes.

The summary is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Base Prospectus. Prospective investors in the Notes should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local law taxes, if applicable.

(I) Exchange of information under Directive on Administrative Cooperation in the field of Taxation

On 3 June 2003, the EU Council of Economic and Finance Ministers (“**ECOFIN**”) adopted a directive regarding the taxation of savings income (“**EU Savings Directive**” or the “**Directive**”). Under the Directive each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other Member State. A number of non-EU countries and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such person for, an individual resident in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person from, an individual resident in one of those territories.

Italy originally implemented the Directive through Legislative Decree No. 84 of 18 April 2005 (“**Decree 84**”).

On 10 November 2015, the EU Council Directive 2015/2060/EU, under proposal of the European Commission, repealed the EU Savings Directive which was replaced by the DAC, as amended and supplemented from time to time, on administrative cooperation in the field of

taxation. This is to prevent overlap between the EU Savings Directive and the new automatic exchange of information regime to be implemented under the DAC.

The new regime under DAC is in accordance with the Global Standard released by the Organisation for Economic Co-operation and Development in July 2014. It is worth mentioning that the range of payments to be automatically reported under the DAC is broader than the scope of the automatic information previously foreseen by the EU Savings Directive. Moreover, unlike the EU Saving Directive, the DAC does not impose withholding taxes.

The DAC has been implemented in Italy through Legislative Decree No. 29 of 4 March 2014, as amended and supplemented from time to time, and with Ministerial Decree of 28 December 2015 issued by the Minister of Economy and Finance, as amended and supplemented from time to time, (published in the Official Gazette No. 303 of 31 December 2015). Accordingly, Legislative Decree No. 84 of 18 April 2005 (implementing in Italy the EU Saving Directive) has been repealed with effect from 1 January 2016 by Article 28 of Law No. 122 of 7 July 2016.

Finally, Directive (EU) 2018/822 of May 25, 2018 (the so-called "**DAC 6**") introduced the obligation, for intermediaries and taxpayers, to communicate to the financial administrations of EU Countries the cross-border arrangements potentially usable for aggressive tax planning.

Italy has recently implemented the DAC 6 with Legislative Decree of 30 July 2020, No. 100, to be implemented by a Ministerial Decree.

17. Irish Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

Such withholding tax arises at the standard rate of income tax (currently 20 per cent.) to payments of Irish source yearly interest and Irish source annual payments, and at a prescribed rate of 25 per cent. to distributions.

On the basis that the relevant Issuer is not resident in Ireland for the purposes of Irish tax, nor does the relevant Issuer operate in Ireland through a branch or agency with which the issue of the Notes is connected, nor are the Notes held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Notes, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the relevant Issuer or any paying agent acting on behalf of the relevant Issuer should not be obliged to deduct any amount on account of Irish tax from payments made in connection with the Notes.

Separately, for as long as the Notes are quoted on a stock exchange, an investor should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Notes.

18. Irish Encashment Tax

Payments on any Notes paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Notes will be subject to Irish encashment tax. Where the payment is made on or before 31 December 2020, encashment tax will apply at the standard rate of Irish tax (currently 20 per cent). Where the payment is made on or after 1 January 2021, encashment tax will apply at a prescribed rate of 25 per cent. In each case this is unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Notes entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland. In addition, from 1 January 2021, an exemption will apply where the payment is made to a company where that company is beneficially entitled to that income and is or will be within the charge to corporation tax in respect of that income.

35. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, Mediobanca and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of Mediobanca or Mediobanca's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with Mediobanca routinely hedge their credit exposure to Mediobanca consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. Such consent may be given to all (general consent) or only one or more (individual consent) specified Dealers and/or financial intermediaries and/or for a limited or indefinite period, as stated in the Final Terms, and for Italy, Ireland and/or the Grand Duchy of Luxembourg as member states in which the Base Prospectus has been passported and which will be indicated in the relevant Final Terms.

Such consent by the Issuers is subject to each Dealer and/or financial intermediary complying with the terms and conditions described in this Base Prospectus and the relevant Final Terms as well as any applicable selling restrictions. The distribution of this Base Prospectus, any supplement to this Base Prospectus, if any, and the relevant Final Terms as well as the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law.

Each Dealer and/or each financial intermediary, if any, and/or each person into whose possession this Base Prospectus, any supplement to this Base Prospectus, if any, and the relevant Final Terms come are required to inform themselves about and observe any such restrictions. The Issuers reserve the right to withdraw its consent to the use of this Base Prospectus in relation to certain Dealers and/or each financial intermediary.

In case of an offer being made by a Dealer or a financial intermediary, such Dealer or financial intermediary will provide information to investors on the terms and conditions of the offer at the time the offer is made.

If the Final Terms state that the consent to use the Base Prospectus is given to all Dealers or financial intermediaries (general consent), any Dealer or financial intermediary using the Base Prospectus is required to state on its website that it uses the Base Prospectus in accordance with the consent and the conditions attached thereto.

If the Final Terms state that the consent to use the prospectus is given to one or more specified Dealers or financial intermediaries (individual consent), any new information with respect to Dealers or financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the Final Terms will be published on the website www.mediobanca.it.
