¥3,000,000,000,000 Euro Medium Term Note Programme

This Base Prospectus supersedes the Base Prospectus dated 31 August 2022 prepared in connection with the Programme (as defined below). Under the Euro Medium Term Note Programme described in this Base Prospectus (the “Programme”), Sumitomo Mitsui Financial Group, Inc. (“SMFG”), Sumitomo Mitsui Banking Corporation (“SMBC”) and SMBC acting through its Hong Kong Branch (“SMBC Hong Kong Branch”) (together with SMFG and SMBC, the “Issuers”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue euro medium term notes (“Notes”). Notes issued by SMFG (“SMFG Notes”) may be issued on a senior or subordinated basis and will have a minimum maturity of one year from the date of original issue. Notes issued by SMBC or SMBC Hong Kong Branch (“SMBC Notes”) will be issued on a senior basis and will have a maturity from between seven days and 30 years from the date of original issue. The aggregate nominal amount of Notes outstanding will not at any time exceed ¥3,000,000,000,000 (or the equivalent in other currencies calculated as provided herein). The Issuers may increase or decrease such amount from time to time.

Subordinated Notes issued by SMFG will be subject to non-viability loss absorption provisions pursuant to which, if a Non-Viability Event (as defined herein) occurs, the full principal amount of the Subordinated Notes will be permanently written down to zero and be cancelled, and the holder of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive any payment of principal or interest on the Subordinated Notes (including additional amounts with respect thereto, if any), except for any payments of principal or interest (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event, as described further under “Terms and Conditions of the SMFG Notes—Condition 10 (Write-Down upon a Non-Viability Event)”.

The Notes will be issued to one or more of the Dealers specified below and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each, a “Dealer” and together, the “Dealers”).

Application has been made to list the Notes on the Luxembourg Stock Exchange and for such Notes to be admitted to trading on the Euro MTF Market (the “Market”). References in this Base Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to trading on the Market. In relation to Notes listed on the Luxembourg Stock Exchange, this Base Prospectus is valid for a period of one year from the date hereof. However, unlisted Notes may be issued pursuant to the Programme. The relevant Final Terms (as defined herein) will specify whether such Notes will be listed on the Luxembourg Stock Exchange (or any other stock exchange). This Base Prospectus constitutes a prospectus for the purposes of Part IV of the Luxembourg law on prospectuses for securities dated 16 July 2019.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail for a limited period after the issue date. However, there may be no obligation on the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager) to do this. Such stabilising, if commenced, may be discontinued at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person) acting on behalf of any Stabilising Manager(s) in accordance with all applicable laws and rules.

Each of Moody’s Japan K.K., S&P Global Ratings Japan Inc. and Japan Credit Rating Agency, Ltd. has assigned credit ratings to the Programme in respect of Senior Notes and Subordinated Notes issued by SMFG and the SMBC Notes, while Fitch Ratings Japan Limited has assigned credit ratings to the Programme in respect of Senior Notes issued by SMFG and the SMBC Notes. Tranches of Notes (as defined in “Summary of the Programme”) issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency. There can be no assurance that the ratings of the Programme will remain for any given period of time or that the ratings will not be lowered or withdrawn entirely if, in the judgement of such agency, circumstances in the future so warrant. A revision, suspension or withdrawal of the rating assigned to the Notes may adversely affect the market price of the Notes. See “Summary of the Programme”.

Notes issued in bearer form pursuant to the Programme will initially be represented by a temporary Global Note or a permanent Global Note. If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“NGN”) form, the Global Notes will be delivered on or prior to the issue date to a common safekeeper (the “Common Safekeeper”) for Euroclear Bank SA/NV (“Euroclear”) and Clearstream Banking S.A. Notes issued in registered form pursuant to the Programme will be represented by registered certificates (each, a “Certificate”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered Global Certificates. If a Global Certificate is to be held under the New Safekeeping Structure (the “NSS”), the Global Certificate will be delivered on or prior to the issue date to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. Global Notes which are not issued in NGN form (“Classic Global Notes” or “CGNs”) and Global Certificates which are not held under the NSS may be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

In connection with the issue and offering of the Notes, no person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers or any of the Dealers or the Arranger specified above and any additional Arranger appointed under the Programme from time to time (each, an “Arranger” and together, the “Arrangers”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to its date. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuers during the life of the Programme.

To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement.

Neither this Base Prospectus nor any other information supplied in connection with the Programme (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuers or any of the Dealers that any recipient of this Base Prospectus, or any other information supplied in connection with the Programme, should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuers.

The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Notes come are required by the Issuers, the Dealers and the Arrangers to inform themselves about, and observe, any such restrictions (see “Plan of Distribution”). Furthermore, this Base Prospectus does not constitute, and may not be used for the purposes of an offer, invitation or solicitation by anyone in any jurisdiction or in any circumstances in which such offer, invitation or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the “Securities Act”) and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons. For a description of restrictions in certain other jurisdictions, including the United States, the EEA, the United Kingdom, Hong Kong and Japan, on offers and sales of Notes and on distribution of this Base Prospectus (see “Plan of Distribution”).

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan and are subject to the Special Taxation Measures Act of Japan. The Notes may not be offered or sold in Japan or to the residents of Japan or to others for re-offering or re-sale, directly or indirectly in Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act of Japan and any other applicable laws, regulations and ministerial guidelines of Japan (see “Plan of Distribution”). Interest payments on the Notes generally will be subject to Japanese withholding tax unless the holder establishes that such Notes are held by or for the account of a holder that is (i) for Japanese tax purposes, neither (x) an individual resident of Japan or a Japanese corporation nor (y) an individual non-resident of Japan or a non-Japanese corporation that is a person having a special relationship with SMFG or SMBC, as the case may be, as described in Article 6, Paragraph 4 of the Special Taxation Measures Act (as detailed below), (ii) a Japanese designated financial institution described in Article 6, Paragraph 11 of the Special Taxation Measures Act of Japan which complies with the requirement for tax exemption under that Paragraph, or (iii) a Japanese corporation, a Japanese financial institution or a Japanese financial instruments business operator, etc. designated by Article 3-3, Paragraph 6 of the Special Taxation Measures Act which has complied with the Japanese tax exemption requirements under the said paragraph 6, receiving the interest payment through its payment handling agent in Japan as provided in the Article 3-3, Paragraph 1 of the Special Taxation Measures Act. See “Taxation – Japan”.

Each purchaser of Notes in the initial distribution of such Notes is deemed to represent that it is, for Japanese tax purposes, an Eligible Investor (as defined in “Plan of Distribution”).

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

- (i) the full principal amount of each Subordinated Note, except for principal that has become due and payable prior to the occurrence of the Non-Viability Event, will be permanently written down to zero and the Subordinated Note will be cancelled; and
- (ii) the holders of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive, and will not have any rights against SMFG with respect to, payment of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any), except for any payments of principal or interest (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event.

SMFG’s obligations with respect to, and any claims for, the payment of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any), except for payments of principal or interest (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event, will be suspended from the occurrence of the Non-Viability Event until the Write-Down Date.

A “Non-Viability Event” will be deemed to have occurred when the Prime Minister of Japan, following deliberation by Japan's Financial Crisis Response Council pursuant to the Deposit Insurance Act, confirms (*nintei*) that “specified Item 2 measures (*tokutei dai nigo sochi*)”, which are the measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (including any successor articles thereto), as then in effect, need to be applied to SMFG under circumstances where its liabilities exceed or are likely to exceed its assets, or it has suspended or is likely to suspend payment of its obligations. See “Item 4. Information on the Company—4.B. Business Overview—Regulations in Japan—Regulations Regarding Capital Adequacy and Liquidity—Capital Adequacy Requirement” in SMFG’s annual report on Form 20-F for the fiscal year ended 31 March 2023, which is incorporated herein by reference.

SMFG shall, on the date of or as soon as practicable after the occurrence of a Non-Viability Event, deliver a Write-Down Notice (as defined in “Terms and Conditions of the SMFG Notes—Condition 10 (Write-Down upon a Non-Viability

| | |
|---|--|
| | Even)) to the holders of the Subordinated Notes confirming, among other things, the occurrence of such Non-Viability Event and the Write-Down Date. Any failure or delay by SMFG to provide a Write-Down Notice, shall not change or delay the effect of the occurrence of the Non-Viability Event on its payment obligations under the Subordinated Notes. |

RISK FACTORS

Investing in the Notes involves risks. Prospective investors should consider carefully the risks relating to the Notes described below, as well as the other information presented in, or incorporated by reference into, this Base Prospectus, before deciding whether to invest in the Notes. If any of these risks actually occurs, the business, financial condition and results of operations of each of SMFG and SMBC could suffer, and the trading price and liquidity of the Notes could decline, in which case the holder may lose all or part of its investment. The following does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial, tax and legal advisers about risks associated with investment in the Notes and the suitability of investing in the Notes in light of their particular circumstances.

This Base Prospectus also contains forward-looking statements that involve risks and uncertainties. The actual results of each of SMFG and SMBC could differ materially from those anticipated in these forward-looking statements as a result of various factors, including the risks described below, elsewhere in this Base Prospectus and in “Item 3. Key Information—3.D. Risk Factors” of its annual report on Form 20-F for the fiscal year ended 31 March 2023 incorporated by reference herein.

Risks related to the business of the Group

For a description of the risks affecting the business of the Group, see “Item 3—Key Information—3.D. Risk Factors” of SMFG’s annual report on Form 20-F for the fiscal year ended 31 March 2023, which is incorporated by reference herein.

SMFG is a holding company that conducts all of its business activities through its subsidiary SMBC, which accounts for the substantial majority of SMFG’s balance sheet, and other members of the Group. As a result, risks described as capable of affecting the business of SMFG in the above-named section in the Form 20-F are generally also capable of affecting the business of SMBC, unless the context suggests otherwise. SMFG together with its subsidiaries and affiliates, taken as a whole, is referred to as the “Group” in this Base Prospectus.

Risks Related to Notes issued by SMFG

Notes issued by SMFG will be structurally subordinated to indebtedness and other liabilities of SMFG’s subsidiaries, including SMBC.

As a holding company, SMFG’s assets consist primarily of equity in and loans to its subsidiaries, in particular SMBC, and SMFG’s ability to make payments on the Notes depends on its receipt of dividends, loan payments and other funds from such subsidiaries. If the Group subsidiaries’ financial conditions materially deteriorate or under certain other conditions, SMFG may not be able to receive such funds from its subsidiaries due to legal restrictions, including under the Banking Act of Japan (the “Banking Act”), the Companies Act of Japan (the “Companies Act”), and the Deposit Insurance Act or as a result of contractual obligations, including loss absorption requirements, applicable to such subsidiaries. Claims of holders of Notes issued by SMFG will be structurally subordinated to claims of creditors of SMFG’s subsidiaries. In addition, SMFG’s right to participate in any distribution of assets of any subsidiary (and thus the ability of holders of the Notes to benefit as its creditors from such distribution) in bankruptcy, corporate reorganisation, civil rehabilitation, liquidation or similar proceedings will be junior to creditors of that subsidiary, except to the extent that SMFG may be recognised as a creditor of those subsidiaries in such proceedings. Claims of creditors of SMFG’s subsidiaries include substantial amounts of long-term debt, deposit liabilities of SMBC and other banking subsidiaries, short-term borrowings, obligations under derivative transactions, trade payables and lease obligations. As a result, holders of the Notes may receive less than full payment in the event of SMFG’s bankruptcy, corporate reorganisation, civil rehabilitation, liquidation or similar proceeding, even though the claims of creditors of its subsidiaries may be satisfied in full.

Risks Related to Senior Notes issued by SMFG

Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. As a result, the

value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment.

In November 2015, the Financial Stability Board (the “FSB”) published its final Total Loss-Absorbing Capacity standards (the “TLAC standards”). The final TLAC standards define certain minimum requirements for instruments and liabilities so that if a global systemically important bank (“G-SIB”) fails, it will have sufficient loss absorbing and recapitalisation capacity available in resolution.

In March 2019, the Financial Services Agency (the “FSA”) published its public ministerial announcements, regulatory guidelines and related documents for the implementation of the TLAC standards in Japan (the “Japanese TLAC Standards”). The Japanese TLAC Standards apply to “Covered SIBs”, which includes (i) Japanese G-SIBs, such as SMFG, which are designated as G-SIBs by the FSA in accordance with the designation by the FSB, and (ii) any domestic systemically important bank in Japan (“Japanese D-SIB”) that has been deemed to be in particular need for a cross-border resolution arrangement and as having particular systemic significance to the Japanese financial system if it fails. The Japanese TLAC Standards applied to G-SIBs in Japan from 31 March 2019.

Under the FSB’s TLAC standards and the Japanese TLAC Standards, entities designated by the FSA as the entity that would enter into domestic resolution proceedings for Covered SIBs (the “Domestic Resolution Entities”) are required:

- to meet certain minimum external TLAC requirements (being at least 16 per cent of their risk-weighted assets starting from 31 March 2019 and at least 18 per cent of their risk-weighted assets starting from 31 March 2022 as well as at least 6 per cent of their Basel III leverage ratio denominator starting from 31 March 2019 and at least 6.75 per cent starting from 31 March 2022); and
- to cause any material subsidiaries or material sub-groups in Japan designated as systemically important by the FSA, or any foreign subsidiaries that are subject to TLAC or similar requirements by the relevant foreign authorities, to maintain a certain level of capital and debt that is recognised as having loss-absorbing and recapitalisation capacity (“internal TLAC”).

In the case of the Group, the FSA designated SMFG as the Domestic Resolution Entity within the Group, which makes SMFG subject to the external TLAC requirements. The FSA also designated SMBC and SMBC Nikko Securities Inc. as SMFG’s material subsidiaries in Japan, for which SMFG is required to maintain a certain level of internal TLAC.

Under the Japanese TLAC Standards, unsecured senior debt issued by Japanese G-SIBs is not required to have any contractual write-down, write-off or conversion provisions in order to qualify as external TLAC instruments. In addition, unsecured senior debt issued by a Japanese G-SIB is not required to be contractually subordinated in order to qualify as external TLAC instruments provided that the amount of excluded liabilities (as defined in the Japanese TLAC Standards) of such Japanese G-SIB which ranks *pari passu* or junior to its unsecured senior liabilities does not exceed 5% of its external TLAC and its creditors are recognised by the FSA as structurally subordinated to the creditors of its subsidiaries and affiliates. SMFG intends for its Senior Notes, if so stated in the Final Terms applicable thereto, to qualify as external TLAC instruments on the basis of, among other things, their structural subordination.

Unless otherwise stated in the applicable Final Terms, SMFG expects to use the proceeds from its Senior Notes to extend unsecured loans to SMBC, which is designated as one of SMFG’s material subsidiaries in Japan, as internal TLAC. In accordance with the Japanese TLAC Standards, these loans are required to be contractually subordinated to the excluded liabilities as defined in the Japanese TLAC Standards and have contractual loss absorption provisions that will act to discharge or extinguish the loans or convert them into SMBC’s ordinary shares upon a determination by the FSA that SMBC is non-viable due to material deterioration of its financial condition after recognising that its liabilities exceed or are likely to exceed its assets, or that it has suspended or is likely to suspend payment of its obligations.

The Senior Notes are expected to be subject to potential losses through SMFG’s liquidation pursuant to court-administered insolvency proceedings following the application of the orderly resolution powers under the Deposit Insurance Act. The Deposit Insurance Act, as amended in March 2014, provides the framework for

resolving financial institutions, including financial holding companies, such as SMFG, and operating banks. Such framework includes measures that may be applied to a financial institution prior to its failure, although there is no assurance that such measures would be applied in any given situation, and orderly resolution measures for financial institutions that have already failed or are likely to fail. In FSA's explanatory paper entitled "The FSA's Approach to Introduce the TLAC Framework," which was published in April 2016 and revised in April 2018, the FSA has identified Single Point of Entry ("SPE") resolution, in which resolution powers are applied to the ultimate holding company of a banking group by a single national resolution authority, as the preferred strategy for resolving currently designated G-SIBs in Japan. Under a possible model for SPE resolution of Japanese G-SIBs described in the Japanese TLAC Standards, if, with respect to a material subsidiary of a Japanese G-SIB that is designated as systemically important by the FSA, the FSA issues to the Domestic Resolution Entity of the Japanese G-SIB an order concerning the restoration of financial soundness, including recapitalisation of, and restoration of liquidity to, such material subsidiary, such material subsidiary's internal TLAC instruments will be written off or, if applicable, converted into equity in accordance with the applicable contractual loss-absorption provisions of such internal TLAC instruments. The FSA may issue such an order pursuant to Article 52-33, Paragraph 1 of the Banking Act upon its determination that the material subsidiary is non-viable due to a material deterioration in its financial condition after recognising that its liabilities exceed or are likely to exceed its assets, or that it has suspended or is likely to suspend payment of its obligations.

Following the write-off or conversion into equity of internal TLAC instruments of the relevant material subsidiary, the relevant Domestic Resolution Entity's liability may exceed its assets or it may suspend payment of its obligations. Under the Deposit Insurance Act, if the Prime Minister recognises that liabilities of a financial institution, including a currently designated Domestic Resolution Entity, exceed or are likely to exceed its assets, or that it has suspended or is likely to suspend payment of its obligations and further recognises that the failure of such financial institution may cause significant disruption in the financial markets or other financial systems in Japan, following deliberation by Japan's Financial Crisis Response Council, the Prime Minister may confirm that Specified Item 2 Measures (*tokutei dai nigo sochi*), which are the measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (including any successor articles thereto), as then in effect, should be applied to such financial institution. Any such confirmation by the Prime Minister also triggers the point of non-viability clauses of Basel III Additional Tier 1 and Tier 2 instruments issued by the financial institution, causing such instruments to be written off or, if applicable, converted into equity. The failed financial institution shall also be placed under special supervision by, or if the Prime Minister so orders, under special control of, the Deposit Insurance Corporation of Japan (the "DIC") in which case, pursuant to Article 126-5 of the Deposit Insurance Act, the DIC would have broad authority to supervise or control the failed financial institution's business, assets and/or liabilities, including the transfer of its systemically important assets and liabilities (which SMFG expects, in the case of its orderly resolution, would include the shares of SMBC and its other material subsidiaries based on the Japanese TLAC Standards) to a bridge financial institution established as a subsidiary of the DIC or such other financial institution as the DIC may determine, the repayment of certain of its liabilities and ultimately the initiation of court-administered insolvency proceedings with respect to such financial institution, in each case in accordance with the Deposit Insurance Act and other relevant laws. See "Item 4. Information on the Company—4.B. Business Overview—Regulations in Japan—Regulations for Stabilizing the Financial System—Deposit Insurance System" in SMFG's annual report on Form 20-F for the fiscal year ended 31 March 2023, which is incorporated by reference in this Base Prospectus. In addition, to facilitate that transfer, the Prime Minister can designate certain assets that will be transferred to a bridge financial institution or to such other financial institution as part of SMFG's orderly resolution to be subject to a prohibition on attachment pursuant to Article 126-16 of the Deposit Insurance Act.

To facilitate SMFG's orderly resolution under the Deposit Insurance Act and Japanese insolvency proceedings, each holder of SMFG's Senior Notes acknowledges, consents and agrees (a) for a period of 30 days from and including the date upon which the Prime Minister confirms that Specified Item 2 Measures (*tokutei dai nigo sochi*) should be applied to SMFG, not to initiate any action to attach any assets, the attachment of which has been prohibited by designation of the Prime Minister pursuant to Article 126-16 of the Deposit Insurance Act (or any successor provision thereto) and (b) to any transfer of SMFG's assets (including shares of its subsidiaries) or liabilities, or any portions thereof, with permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), including any such transfer

made pursuant to the authority of the DIC to represent and manage and dispose of SMFG's assets under Article 126-5 of the Deposit Insurance Act (or any successor provision thereto). The above permission may be granted by a Japanese court in accordance with the Deposit Insurance Act if (i) SMFG is under special supervision by, or under special control of, the DIC pursuant to the Deposit Insurance Act and (ii) SMFG's liabilities exceed or are likely to exceed its assets, or SMFG has suspended or are likely to suspend payment of its obligations.

If SMFG becomes subject to orderly resolution procedures under the Deposit Insurance Act, there can be no assurance that the exercise of measures available to the Prime Minister, the DIC or the Japanese courts to prevent disruption to financial markets or other financial systems in Japan would not adversely affect the rights of holders of the Senior Notes or the value of any holder's investment in the Senior Notes. For example, if the shares of SMFG's subsidiaries are transferred to a bridge financial institution or such other financial institution as determined by the DIC, SMFG would only be entitled to receive consideration representing the fair value of such shares, which could be significantly less than the book value of such shares. As a result, the recovery value of SMFG's residual assets in court-administered insolvency proceedings after the exercise of orderly resolution measures by the DIC may not be sufficient to fully satisfy its liabilities, including its obligations under the Senior Notes. In addition, the value of assets subject to a prohibition of attachment may decline while such prohibition is in effect, and following such period, holders will be unable to attach any assets that have been transferred to a bridge financial institution or such other financial institution as part of SMFG's orderly resolution.

The circumstances surrounding or triggering orderly resolution are unpredictable.

The occurrence of orderly resolution under the Deposit Insurance Act is inherently unpredictable and depends on a number of factors that may be beyond SMFG's control. Under the current framework, the commencement of the orderly resolution process is dependent upon, among other things, a determination by the Prime Minister, following deliberation by Japan's Financial Crisis Response Council, regarding SMFG's viability, or the viability of one or more of its subsidiaries, and the risk that any failure may cause significant disruption in the financial markets or other financial systems in Japan. Under the Japanese TLAC Standards, as a possible model of a resolution of Japanese G-SIBs under the SPE resolution strategy, the application of Specified Item 2 Measures (*tokutei dai nigo sochi*) to SMFG may result from, among other things, a loan that SMFG extended to, or an investment SMFG made in, or any other internal TLAC of, SMBC or any of SMFG's other material subsidiaries that are designated as systemically important by the FSA or that are subject to TLAC requirements or similar requirements by the relevant foreign authorities, being subjected to loss absorption before the failure of such subsidiary, pursuant to the terms of such loan or investment or other internal TLAC or in accordance with applicable laws or regulations then in effect. However, according to the Japanese TLAC Standards, the actual measures to be taken with respect to a Japanese G-SIB shall be determined by the relevant authorities on a case-by-case basis after taking into consideration the Japanese G-SIB's actual condition. In addition, the application of orderly resolution measures under the Deposit Insurance Act is untested and will be subject to interpretation and application by the relevant regulatory and supervisory authorities in Japan. Moreover, it is uncertain how the relevant authorities would determine that SMFG's liabilities exceed or are likely to exceed its assets, or SMFG has suspended or is likely to suspend payment of its obligations, which determination is required to commence an orderly resolution, and it is possible that particular circumstances that seem similar may result in different outcomes. SMFG's creditors, including holders of its Notes, may encounter difficulty in challenging the application of orderly resolution measures to SMFG.

It may be difficult to predict when, if at all, SMFG may become subject to orderly resolution. Accordingly, the market value of the Notes may not necessarily be evaluated in a similar manner as other types of senior securities. Any indication that SMFG is approaching circumstances that could result in it becoming subject to orderly resolution can be expected to have an adverse effect on the market price and liquidity of the Notes.

Risks Related to Subordinated Notes issued by SMFG

Because the Subordinated Notes are intended to qualify as regulatory capital instruments with loss absorbing capacity, they contain non-viability loss absorption provisions which subject them to a contractual Write-Down upon the occurrence of a Non-Viability Event. Such Non-Viability Event may

result from the non-viability of material subsidiaries of SMFG which may trigger the loss absorption provisions of such material subsidiary's internal TLAC instruments. As a result of a Write-Down, the holders of the Subordinated Notes may lose the entire value of their investment. Holders of the Subordinated Notes will only receive notice of a Non-Viability Event after it has occurred.

In connection with the amendment of the Deposit Insurance Act in March 2014, the FSA made an announcement clarifying the requirement of loss absorbency at the point of non-viability for Tier 2 instruments under Basel III. According to the FSA's announcement, Tier 2 instruments under Basel III issued by a financial holding company, such as SMFG, must be written down or converted into common shares when the Prime Minister confirms that Specified Item 2 measures (*tokutei dai nigo sochi*), which are the measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (including any successor articles thereto), as then in effect, need to be applied to the financial holding company.

The Subordinated Notes are intended to qualify as Tier 2 Capital for SMFG and contain non-viability loss absorption provisions. Under such provisions, if a Non-Viability Event occurs, the Subordinated Notes will be subject to a Write-Down on the Write-Down Date, which means that the full principal amount of the Subordinated Notes will be permanently written down to zero, the Subordinated Notes will be cancelled and the holders of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive any payments of principal or interest on the Subordinated Notes (including additional amount with respect thereto, if any) unless such payments have become due and payable prior to the occurrence of the Non-Viability Event.

A "Non-Viability Event" will be deemed to have occurred when the Prime Minister of Japan, following deliberation by Japan's Financial Crisis Response Council pursuant to the Deposit Insurance Act, confirms (*nintei*) that Specified Item 2 Measures (*tokutei dai nigo sochi*) need to be applied to SMFG under circumstances where its liabilities exceed or are likely to exceed its assets, or it has suspended or is likely to suspend payment of its obligations. See "Item 4. Information on the Company—4.B. Business Overview—Regulations in Japan—Regulations for Stabilizing the Financial System—Deposit Insurance System" in SMFG's annual report on Form 20-F for the fiscal year ended 31 March 2023, which is incorporated herein by reference.

Upon the occurrence of a Non-Viability Event, a Write-Down of the Subordinated Notes shall occur irrespective of whether SMFG has sufficient assets available to fulfil its obligations under, or settle the claims of holders of, the Subordinated Notes or other securities that rank *pari passu* with or junior to the Subordinated Notes, or whether such other securities remain outstanding after the occurrence of a Non-Viability Event.

Furthermore, except for claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of a Non-Viability Event, upon the occurrence of a Non-Viability Event, the holders of the Subordinated Notes will have no rights under the Subordinated Notes to take any action or enforce any rights whatsoever, may not exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to such holder by SMFG under, or in connection with, the Subordinated Notes, and will not be entitled to make any claim in any bankruptcy, insolvency, liquidation or similar proceedings involving SMFG or have any ability to initiate or participate in any such proceedings. See "Terms and Conditions of the SMFG Notes—Condition 10 (Write-Down upon a Non-Viability Event)".

In line with the Japanese TLAC Standards, SMFG intend (i) for the Subordinated Notes to qualify as external TLAC instruments and (ii) to use the proceeds of the offering of the Subordinated Notes to extend a subordinated loan, intended to qualify as internal TLAC, to SMBC, which is designated as one of SMFG's material subsidiaries in Japan. In accordance with the Japanese TLAC Standards, the subordinated loan has a contractual loss absorption provision that will act to discharge or extinguish the loan upon a determination by the FSA that SMBC is non-viable due to material deterioration of its financial condition after recognising that its liabilities exceed or are likely to exceed its assets, or that it has suspended or is likely to suspend payment of its obligations. The subordinated loan is also intended to qualify as Tier 2 Capital for SMBC, and, as such, contains provisions that are designed to satisfy the loss absorbency requirements for Tier 2 Capital under the applicable Japanese banking regulations. For more information about the Japanese TLAC Standards, see "RISK FACTORS—Risks Related to Senior Notes issued by SMFG—Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act

and Japanese insolvency laws. As a result, the value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment”.

In part because of their contractual loss absorbency features, both the Subordinated Notes and the subordinated loan are expected to contribute to the resolvability of the SMBC Group, consistent with the FSA’s framework for resolving financial institutions as described in the explanatory paper “The FSA’s Approach to Introduce the TLAC Framework”, which was published by the FSA in April 2016 and revised in April 2018. There, the FSA identified SPE, resolution, in which resolution powers are applied to the ultimate holding company of a banking group by a single national resolution authority, as the preferred strategy for resolving currently designated G-SIBs in Japan. See “RISK FACTORS—Risks Related to Senior Notes issued by SMFG—Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. As a result, the value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment”. for more details of the SPE resolution strategy.

Following the write-down or conversion into common shares of internal TLAC instruments of the relevant material subsidiary, the relevant Domestic Resolution Entity’s liabilities may exceed its assets or it may suspend payment of its obligations. Under the Deposit Insurance Act, if the Prime Minister recognises that liabilities of a financial institution, including a currently designated Domestic Resolution Entity, exceed or are likely to exceed its assets, or that it has suspended or is likely to suspend payment of its obligations and further recognises that the failure of such financial institution may cause significant disruption in the financial markets or other financial systems in Japan, following deliberation by Japan’s Financial Crisis Response Council, the Prime Minister may confirm that Specified Item 2 Measures (*tokutei dai nigo sochi*) should be applied to such financial institution. Any such confirmation by the Prime Minister triggers the non-viability loss absorption provisions of Basel III Additional Tier 1 and Tier 2 instruments issued by the financial institution, causing such instruments to be written down or, if applicable, converted into common shares. See “Item 4. Information on the Company—4.B. Business Overview—Regulations in Japan—Regulations for Stabilizing the Financial System—Deposit Insurance System” in SMFG’s annual report on Form 20-F for the fiscal year ended 31 March, 2023, which is incorporated by reference in this Base Prospectus. In the context of the Subordinated Notes, such confirmation by the Prime Minister triggers a Non-Viability Event and the Subordinated Notes will be subject to a Write-Down on the Write-Down Date which means that the full principal amount of the Subordinated Notes will be permanently written down to zero, the Subordinated Notes will be cancelled and the holders of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive any payments of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any) unless such payments have become due and payable prior to the occurrence of the Non-Viability Event as described above.

The circumstances surrounding or triggering a Non-Viability Event are unpredictable.

The occurrence of a Non-Viability Event, and therefore a Write-Down of the Subordinated Notes, is inherently unpredictable and depends on a number of factors that may be beyond SMFG’s control. The occurrence of a Non-Viability Event is dependent upon, among other things, a determination by the Prime Minister, following deliberation by Japan’s Financial Crisis Response Council, regarding the viability of SMFG or one or more of its subsidiaries and the risk that any failure may cause significant disruption in the financial markets or other financial systems in Japan. Under the Japanese TLAC Standards, as a possible model of a resolution of Japanese G-SIBs under the SPE resolution strategy, the application of Specified Item 2 Measures (*tokutei dai nigo sochi*) to SMFG may result from, among other things, a loan that SMFG extended to, or an investment SMFG made in, or any other internal TLAC of, SMBC or any of SMFG’s other material subsidiaries that are designated as systemically important by the FSA or that are subject to TLAC requirements or similar requirements by the relevant foreign authorities, being subjected to loss absorption before the failure of such subsidiary, pursuant to the terms of such loan or investment or other internal TLAC or in accordance with applicable laws or regulations then in effect. However, according to the Japanese TLAC Standards, the actual measures to be taken with respect to a Japanese G-SIB shall be determined by the relevant authorities on a case-by-case basis after taking into consideration the Japanese G-SIB’s actual condition. In addition, the application of orderly resolution measures under the Deposit Insurance Act is untested and will be subject to interpretation and application by the relevant regulatory and supervisory authorities in Japan. Moreover, it is uncertain how

the relevant authorities would determine that SMFG's liabilities exceed or are likely to exceed its assets, or it has suspended or is likely to suspend payment of its obligations, which determination would trigger a Non-Viability Event under the Subordinated Notes, and it is possible that particular circumstances that seem similar may result in different outcomes. SMFG's creditors, including holders of the Subordinated Notes, may encounter difficulty in challenging the application of order resolution measure to SMFG, including the occurrence of a Non-Viability Event. See "RISK FACTORS—Risks Related to Senior Notes issued by SMFG—Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. As a result, the value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment". for more details of the SPE resolution strategy.

Due to the uncertainty regarding whether a Non-Viability Event will occur, it will be difficult to predict when, if at all, a Write-Down may occur. Accordingly, the market value of the Subordinated Notes may not necessarily be evaluated in a similar manner as other types of subordinated securities. Any indication that SMFG is approaching circumstances that could result in the occurrence of a Non-Viability Event can be expected to have an adverse effect on the market price and liquidity of the Subordinated Notes.

Although SMFG has agreed to notify the holders of the Subordinated Notes on the date of or as soon as practicable after the occurrence of a Non-Viability Event, there will be a delay between the Non-Viability Event and the time that the holders of the Subordinated Notes are notified of the occurrence of the Non-Viability Event. Notwithstanding any such delay, the holders of the Subordinated Notes will not have any rights against SMFG immediately upon the occurrence of the Non-Viability Event, regardless of whether they have received actual or constructive notice of such fact, except with respect to claims for payments under the Subordinated Notes that have become due and payable prior to the occurrence of the Non-Viability Event.

Subordination of the Subordinated Notes could impair investors' ability to receive payment.

Upon the occurrence and continuation of a Subordination Event, any amounts payable under the Subordinated Notes (except for any amounts that have become due and payable, other than solely by way of acceleration, prior to the occurrence of the Subordination Event) will be subordinated and subject in right of payment in full to the prior payment of all of SMFG's existing and future senior indebtedness. The Subordinated Notes do not contain any limitations on the amount of senior indebtedness or other liabilities that SMFG may hereafter incur or assume (including through guarantee obligations) or on the amount of indebtedness or other liabilities that its subsidiaries may hereafter incur.

In addition, as a holding company, SMFG's assets consist primarily of equity in its subsidiaries and its ability to make payments on the Subordinated Notes depends on its receipt of dividends, loan payments and other funds from its subsidiaries, including SMBC. Accordingly, claims of holders of the Subordinated Notes will be effectively and structurally subordinated to the indebtedness and liabilities of SMFG's subsidiaries, including SMBC. If SMFG's subsidiaries' financial conditions materially deteriorate, or under certain other conditions, SMFG may not be able to receive such funds from its subsidiaries due to legal restrictions, including under the Banking Act, the Companies Act and the Deposit Insurance Act or as a result of contractual obligations, including loss absorption requirements, applicable to such subsidiaries. In addition, SMFG's right to participate in any distribution of assets of any subsidiary in bankruptcy, corporate reorganisation, civil rehabilitation, liquidation or similar proceedings will be junior to creditors of that subsidiary, except to the extent that SMFG may be recognised as a creditor of those subsidiaries in such proceedings. Claims of creditors of SMFG's subsidiaries include substantial amounts of long-term debt, deposit liabilities of SMBC and other banking subsidiaries, short-term borrowings, obligations under derivative transactions, trade payables and lease obligations. As a result, holders of the Subordinated Notes may receive less than full payment in the event of SMFG's subsidiaries' bankruptcy, corporate reorganisation, civil rehabilitation, liquidation or similar proceeding, even though the claims of creditors of SMFG's subsidiaries may be satisfied in full.

The Subordinated Notes are subject to limited rights of acceleration.

Payment of principal on the Subordinated Notes may be accelerated only in the case of certain Subordination Events, as further described in "Terms and Conditions of the SMFG Notes". Holders of the Subordinated Notes will not have any right to accelerate the payment of principal on the Subordinated Notes if

SMFG fails to pay interest on the Subordinated Notes or if SMFG fails in the performance of any of its other obligations under the Subordinated Notes.

Settlement activities of the Subordinated Notes through the relevant clearing systems may be disrupted following the occurrence of a Non-Viability Event.

Upon the occurrence of a Non-Viability Event, SMFG will deliver a Write-Down Notice to the holders of an interest in the Subordinated Notes through the relevant clearing systems. Once the relevant clearing systems become aware of the delivery of a Non-Viability Event, and depending on the then applicable procedures adopted by the relevant clearing systems and any instructions that the relevant clearing systems may receive or request, the relevant clearing systems may suspend clearance and settlement of the Subordinated Notes through their respective systems. In such event, a holder of an interest in the Subordinated Notes may not be able to settle the sale or transfer of any Subordinated Notes through such clearing systems, including sales or other transfers of the Subordinated Notes initiated both prior to and after the occurrence of the Non-Viability Event, all of which may be rejected by, and may not be settled within, such clearing systems. In this circumstance, transferors of the Subordinated Notes would not receive any consideration through the relevant clearing systems in respect of such intended transfer.

Conversely, depending on the procedures adopted by the relevant clearing systems and any instructions that the relevant clearing systems may receive or request, it is also possible that a sale or transfer of Subordinated Notes through the relevant clearing systems initiated prior to or after the Non-Viability Event may still complete after the occurrence of a Non-Viability Event. Any purchaser of the Subordinated Notes in a secondary market trade that settles through the relevant clearing systems after the occurrence of a Non-Viability Event bears the consequences that, on the Write-Down Date, the principal amount of the Subordinated Notes will be permanently written down to zero and the Subordinated Notes will be cancelled.

Risks related to Floating Rate Notes referencing SOFR

The composition and characteristics of SOFR are not the same as those of U.S. dollar LIBOR, and SOFR is not expected to be a comparable replacement for U.S. dollar LIBOR.

In June 2017, the Alternative Reference Rates Committee (the “ARRC”) of the Federal Reserve Bank of New York (the “FRBNY”) announced SOFR as its recommended alternative to U.S. dollar LIBOR. However, the composition and characteristics of SOFR are not the same as those of U.S. dollar LIBOR. SOFR is a broad Treasury repurchase financing rate that represents overnight secured funding transactions and is not the economic equivalent of U.S. dollar LIBOR. While SOFR is a secured rate, U.S. dollar LIBOR was an unsecured rate. In addition, while SOFR is an overnight rate, U.S. dollar LIBOR was a forward-looking rate that represented interbank funding for a specified term. As a result, there can be no assurance that SOFR will perform in the same way as U.S. dollar LIBOR would have at any time, including, without limitation, as a result of changes in interest and yield rates in the market, bank credit risk, market volatility or global or regional economic, financial, political, regulatory, judicial or other events.

SOFR has a limited history, and the future performance of SOFR cannot be predicted based on historical performance.

The publication of SOFR began in April 2018, and, therefore, it has a limited history. In addition, the future performance of SOFR cannot be predicted based on the limited historical performance. Prior observed patterns, if any, in the behaviour of market variables and their relation to SOFR, such as correlations, may change in the future. While some pre-publication historical data have been released by the FRBNY, such historical indicative data inherently involves assumptions, estimates and approximations. The future performance of SOFR is impossible to predict and therefore no future performance of SOFR may be inferred from any of the historical actual or historical indicative data. Hypothetical or historical performance data are not indicative of, and have no bearing on, the potential performance of SOFR. There can be no assurance that SOFR or Compounded Daily SOFR will be positive.

SOFR may be more volatile than other benchmark or market rates.

Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates, such as three-month U.S. dollar LIBOR, during

corresponding periods, and SOFR may bear little or no relation to the historical actual or historical indicative data. In addition, although changes in Compounded Daily SOFR generally are not expected to be as volatile as changes in daily levels of SOFR, the return on and value of Floating Rate Notes referencing SOFR may fluctuate more than floating rate securities that are linked to less volatile rates.

Any failure of SOFR to maintain market acceptance could adversely affect Floating Rate Notes referencing SOFR.

According to the ARRC, SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to U.S. dollar LIBOR in part because it is considered a good representation of general funding conditions in the overnight U.S. Treasury repurchase agreement market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR a suitable replacement or successor for all of the purposes for which U.S. dollar LIBOR historically was used (including, without limitation, as a representation of the unsecured short-term funding costs of banks), which may, in turn, lessen market acceptance of SOFR. Any failure of SOFR to maintain market acceptance could adversely affect the return on and value of Floating Rate Notes referencing SOFR and the price at which investors can sell such Notes in the secondary market.

The Rate of Interest on Floating Rate Notes referencing SOFR is based on a compounded SOFR rate, which is relatively new in the marketplace.

For each Interest Period, the Rate of Interest on Floating Rate Notes which uses Screen Rate Determination where the Benchmark is specified as being SOFR benchmark (“Floating Rate Notes referencing SOFR”) is based on Compounded Daily SOFR, which is calculated using the specific formula set out in Condition 4(b)(iii)(C) of the “Terms and Conditions of the SMFG Notes” and “Terms and Conditions of the SMBC Notes” and not the SOFR rate published on or in respect of a particular date during such Interest Period or an arithmetic average of SOFR rates during such period. For this and other reasons, the Rate of Interest on Floating Rate Notes referencing SOFR during any Interest Period will not be the same as the interest rate on other SOFR-linked investments that use an alternative basis to determine the applicable interest rate. Further, if the SOFR rate in respect of a particular date during the SOFR Observation Period for an Interest Period is negative, its contribution to Compounded Daily SOFR will be less than one, resulting in a reduction to Compounded Daily SOFR used to calculate the interest payable on Floating Rate Notes referencing SOFR on the Interest Payment Date for such Interest Period.

In addition, limited market precedents exist for securities that use SOFR as the interest rate and the method for calculating an interest rate based upon SOFR in those precedents varies. Accordingly, the specific formula for the Compounded Daily SOFR rate used in Floating Rate Notes referencing SOFR may not be widely adopted by other market participants, if at all. If the market adopts a different calculation method, that would likely adversely affect the market value of Floating Rate Notes referencing SOFR. Each Issuer may in the future also issue notes referencing SOFR that differ in terms of interest determination from Floating Rate Notes referencing SOFR.

Compounded Daily SOFR with respect to a particular Interest Period will only be capable of being determined near the end of the relevant Interest Period.

The level of Compounded Daily SOFR applicable to a particular Interest Period and, therefore, the amount of interest payable with respect to such Interest Period will be determined on the Interest Determination Date for such Interest Period. Because each such date is near the end of such Interest Period, the amount of interest payable with respect to a particular Interest Period will not be known until shortly prior to the relevant Interest Payment Date and it may be difficult for investors to reliably estimate the amount of interest that will be payable on each such Interest Payment Date. In addition, some investors may be unwilling or unable to trade Notes referencing SOFR without changes to their information technology systems, both of which could adversely impact the liquidity and trading price of Floating Rate Notes referencing SOFR.

The secondary trading market for securities linked to SOFR may be limited.

Since SOFR is a relatively new market rate, Floating Rate Notes referencing SOFR may have no established trading market when issued, and an established trading market may never develop or may not be

very liquid. If SOFR does not prove to be widely used as a benchmark in securities that are similar or comparable to Floating Rate Notes referencing SOFR, the trading price of such Notes may be lower than those of securities that are linked to rates that are more widely used. Similarly, market terms for securities that are linked to SOFR, including, but not limited to, the spread over the reference rate reflected in the interest rate provisions, may evolve over time, and as a result, trading prices of Floating Rate Notes referencing SOFR may be lower than those of subsequently issued securities that are based on SOFR. Investors in Floating Rate Notes referencing SOFR may not be able to sell Floating Rate Notes referencing SOFR at all or may not be able to sell them at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

SOFR may be modified or discontinued and Floating Rate Notes referencing SOFR may bear interest by reference to a rate other than Compounded Daily SOFR, which could adversely affect the value of such Notes.

SOFR is a relatively new rate, and the FRBNY (or a successor), as administrator of SOFR, may make methodological or other changes that could change the value of SOFR, including changes related to the method by which SOFR is calculated, eligibility criteria applicable to the transactions used to calculate SOFR, or timing related to the publication of SOFR. If the manner in which SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on Floating Rate Notes referencing SOFR, which may adversely affect their trading prices. The administrator of SOFR may withdraw, modify, amend, suspend or discontinue the calculation or dissemination of SOFR in its sole discretion and without notice (in which case a fallback method of determining the Rate of Interest as further set out under Condition 4(k) of the “Terms and Conditions of the SMFG Notes” and “Terms and Conditions of the SMBC Notes” will apply) and has no obligation to consider the interests of holders of Floating Rate Notes referencing SOFR in calculating, withdrawing, modifying, amending, suspending or discontinuing SOFR.

If the relevant Issuer or its designee determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in respect of SOFR, then the Rate of Interest on Floating Rate Notes referencing SOFR will no longer be determined by reference to SOFR, but instead will be determined by reference to a different rate, which will be a different benchmark than SOFR, plus a spread adjustment, which is referred to as a “Benchmark Replacement” as further described under Condition 4(k) of the “Terms and Conditions of the SMFG Notes” and “Terms and Conditions of the SMBC Notes”.

If a particular Benchmark Replacement or Benchmark Replacement Adjustment cannot be determined, then the next-available Benchmark Replacement or Benchmark Replacement Adjustment will apply. These replacement rates and adjustments may be selected, recommended or formulated by (i) the Relevant Governmental Body (such as the ARRC), (ii) the International Swaps and Derivatives Association, Inc. (“ISDA”) or (iii) in certain circumstances, the relevant Issuer or its designee. In addition, Condition 4(k) expressly authorises the relevant Issuer or its designee to make Benchmark Replacement Conforming Changes with respect to, among other things, changes to the definition of “Interest Period”, the timing and frequency of determining rates and making payments of interest and other administrative matters. The determination of a Benchmark Replacement, the calculation of the Rate of Interest on the Floating Rate Notes referencing SOFR by reference to a Benchmark Replacement (including the application of a Benchmark Replacement Adjustment), any implementation of Benchmark Replacement Conforming Changes and any other determinations, decisions or elections that may be made under the Conditions in connection with a Benchmark Transition Event, could adversely affect the value of Floating Rate Notes referencing SOFR, the return thereon and the price at which investors can sell such Notes.

Any determination, decision or election described above will be made in the sole discretion of the relevant Issuer or its designee. Any exercise of such discretion by the relevant Issuer may present it with a conflict of interest. In addition, if the relevant Issuer appoints an affiliate as our designee, any exercise of such discretion may present the relevant Issuer or such affiliate with a conflict of interest.

In addition, (i) the composition and characteristics of the Benchmark Replacement will not be the same as those of SOFR, the Benchmark Replacement may not be the economic equivalent of SOFR, there can be no assurance that the Benchmark Replacement will perform in the same way as SOFR would have at any time and there is no guarantee that the Benchmark Replacement will be a comparable substitute for SOFR (each of which

means that a Benchmark Transition Event could adversely affect the value of Floating Rate Notes referencing SOFR, the return thereon and the price at which investors can sell such Notes), (ii) any failure of the Benchmark Replacement to gain market acceptance could adversely affect Floating Rate Notes referencing SOFR, (iii) the Benchmark Replacement may have a limited history and the future performance of the Benchmark Replacement cannot be predicted based on historical performance, (iv) the secondary trading market for Notes linked to the Benchmark Replacement may be limited and (v) the administrator of the Benchmark Replacement may make changes that could change the value of the Benchmark Replacement or discontinue the Benchmark Replacement and has no obligation to consider investors' interests in doing so.

The relevant Issuer or its affiliates may participate in press activities or publish research that could affect the market value of Floating Rate Notes referencing SOFR.

The relevant Issuer or one or more of its affiliates may, at present or in the future, participate in press activities or publish research reports with respect to movements in interest rates generally, or with respect to the LIBOR transition to alternative reference rates or SOFR specifically. Such press activities or research may be modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding Floating Rate Notes referencing SOFR. Any of these activities may affect the market value of Floating Rate Notes referencing SOFR.

The relevant Issuer or its designee may make determinations with respect to Floating Rate Notes referencing SOFR.

The relevant Issuer or its designee may make certain determinations with respect to Floating Rate Notes referencing SOFR as further set out under "Terms and Conditions of the SMFG Notes" and "Terms and Conditions of the SMBC Notes". If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the relevant Issuer or its designee will have the right to make certain determinations with respect to Floating Rate Notes referencing SOFR in its or its designee's sole discretion as further set out under Condition 4(k) of "Terms and Conditions of the SMFG Notes" and "Terms and Conditions of the SMBC Notes". Any of these determinations may adversely affect the value of Floating Rate Notes referencing SOFR, the return thereon and the price at which investors can sell such Notes. Moreover, certain determinations may require the exercise of discretion and the making of subjective judgments, such as with respect to Compounded Daily SOFR or the occurrence or non-occurrence of a Benchmark Transition Event and any Benchmark Replacement Conforming Changes. These potentially subjective determinations may adversely affect the value of Floating Rate Notes referencing SOFR, the return thereon and the price at which investors can sell such Notes.

Risks related to the Notes generally

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained and incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks pertaining to an investment in the Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) thoroughly understand the conditions of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The Notes are unsecured obligations.

The Notes are unsecured obligations of the Issuer and repayment of the Notes may be compromised if:

- the Issuer enters into bankruptcy, corporate reorganisation, civil rehabilitation, liquidation or similar proceeding;
- the Issuer defaults in payment of any existing or future indebtedness; or
- any of the Issuer's existing or future indebtedness is accelerated.

If any of these events occurs then the Issuer's assets may be insufficient to pay amounts due on the Notes.

The Notes do not restrict the Issuer's ability or the ability of its subsidiaries to pledge, dispose or securitise its assets, pay dividends, incur indebtedness or issue or repurchase securities, and provide holders with limited protection in the event of a change in control and other actions the Issuer may take that could adversely impact the prospective investor's investment in the Notes.

The Notes do not contain any financial covenants or restrictions on the Issuer's ability, or the ability of its subsidiaries, to pledge assets to secure any indebtedness, securitise assets, pay dividends on its shares of common stock, incur or assume additional indebtedness or other liabilities or repurchase its outstanding securities. These or other actions by the Issuer could adversely affect its ability to pay amounts due on the Notes. In addition, the indenture and the Notes do not contain any covenants or other provisions that afford more than limited protection to holders of the Notes in the event of a change in control.

Notes may be subject to redemption by the Issuer.

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer is allowed to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. In particular, the Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate.

Furthermore, the Issuer is permitted to redeem the Notes under certain circumstances as provided under the relevant conditions, including for taxation reasons and, in the case of Subordinated Notes issued by SMFG, for regulatory reasons. Potential investors should consider reinvestment risk in light of other investments available at that time. In addition, any early redemption of Notes by SMFG may be subject to the confirmation of the FSA, regardless of whether such redemption would be favourable or unfavourable to the holders of the Notes.

Index linked notes and dual currency notes

Notes issued by SMBC or SMBC Hong Kong Branch may be issued with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "Relevant Factor"). In addition, Notes may be issued with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- the market price of such Notes may be volatile;

- they may receive no interest;
- payment of principal or interest may occur at a different time or in a different currency than expected;
- the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified; and
- the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Variable redemption notes

SMBC and SMBC Hong Kong Branch may issue Notes where the final redemption amount payable in respect of such Notes is variable and as a result the redemption proceeds may be less than the nominal amount of the Notes, irrespective of the credit rating or repayment ability of the Issuer.

Partly paid notes

SMBC and SMBC Hong Kong Branch may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

Variable rate notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include such features.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable floating rate notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes linked to benchmarks

Reference rates and indices, including interest rate benchmarks which are used to determine the amounts payable under financial instruments or the value of such financial instruments ("benchmarks"), have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. This has resulted in regulatory reform and changes to existing benchmarks, with further changes anticipated. These reforms and changes may cause, or have caused, a benchmark to perform differently than it has done in the past or to be discontinued. The discontinuation of a benchmark, or reforms which cause it to perform differently than in the past, could have a material adverse effect on the return on, value of and market for Notes linked to such benchmarks.

The Programme allows for the issuance of Notes that reference a Benchmark. The Final Terms for Notes will specify whether a Benchmark is applicable. Under the current provisions in the Conditions, in the case of Floating Rate Notes where Screen Rate Determination is specified as the manner in which the Rate of Interest is to be determined and where the Benchmark is not specified as SOFR Benchmark, the provisions operates in

such a way that if the relevant Benchmark is permanently discontinued and cannot be determined under the existing fallback mechanism, the Rate of Interest for the Floating Rate Notes will be determined by reference to the prior Interest Period, which may result in Notes linked to, or referencing a Benchmark performing differently (including paying a lower rate of interest) than they would do if such Benchmark were to continue to apply in its current form, or result in the effective application of a fixed rate to the Floating Rate Notes. Any such consequence could have a material adverse effect on the value and marketability of, and return on, any Notes linked to a Benchmark.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally and to obtain Written Resolutions on matters relating to the Notes from Noteholders without calling a meeting. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

A Written Resolution signed by or on behalf of the holders of not less than 75 per cent in principal amount of the Notes of the relevant Series who for the time being are entitled to receive notice of a meeting in accordance with the provisions of the Agency Agreement and whose Notes are outstanding shall, for all purposes, take effect as an Extraordinary Resolution.

In certain circumstances, where the Notes are held in global form in the clearing systems, the Issuer (as the case may be) will be entitled to rely upon:

- (i) where the terms of the proposed resolution have been notified through the relevant clearing system(s), approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing systems in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent in nominal amount of the Notes of the relevant Series for the time being outstanding; and
- (ii) where electronic consent is not being sought, consent or instructions given in writing directly to the Issuer by accountholders in the clearing systems with entitlements to such global note or certificate or, where the accountholders hold such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held (directly or via one or more intermediaries), provided that the Issuer have obtained commercially reasonable evidence to ascertain the validity of such holding and taken reasonable steps to ensure such holding does not alter following the given of such consent/instruction and prior to effecting such resolution;

A Written Resolution or an electronic consent as described above may be effected in connection with any matter affecting the interests of Noteholders, including the modification of the Conditions, that would otherwise be required to be passed at a meeting of Noteholders satisfying the special quorum in accordance with the provisions of the Agency Agreement, and shall for all purposes take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Bearer Notes where denominations involve integral multiples

In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible

that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denominations (as defined in the Conditions). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount that is not an integral multiple of the minimum Specified Denomination in its account with the relevant clearing system at the relevant time will not receive a definitive Note in respect of such amount of its holding that is not an integral multiple of the minimum Specified Denomination (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to an integral multiple of the minimum Specified Denominations.

Risks related to the market or legal environment generally

The secondary market generally

The Notes may have no established trading market upon issue, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. Such ratings are limited in scope, and do not address all material risks relating to an investment in the Notes, but reflect only the view of each rating agency at the time the rating is issued. There is no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. Ratings may be affected by a number of factors which can change over time, including the credit rating agency's assessment of: the issuer's strategy and management's capability; the issuer's financial condition including in respect of capital, funding and liquidity; competitive and economic conditions in the issuer's key markets; the level of political support for the industries in which the issuer operates; and legal and regulatory frameworks affecting the issuer's legal structure, business activities and the rights of its creditors. The credit rating agencies may also revise the ratings methodologies applicable to issuers within a particular industry, or political or economic region. If credit rating agencies perceive there to be adverse changes in the factors affecting an issuer's credit rating, including by virtue of changes to applicable ratings methodologies, the credit rating agencies may downgrade, suspend or withdraw the ratings assigned to an issuer and/or its securities.

In particular, Moody's, S&P and Fitch each published revised methodologies applicable to bank ratings (including the Issuer) during 2015. Further revisions to ratings methodologies and actions on the Issuer's ratings or ratings of its subsidiaries (including but not limited to SMBC) by the credit rating agencies may occur in the future, which may result in downgrading of certain ratings.

A downgrade or potential downgrade in these ratings or the assignment of new ratings that are lower than existing ratings could reduce the number of potential investors in the Notes and adversely affect the prices and liquidity of the Notes. A security rating is not a recommendation to buy, sell or hold the Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Legal considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Change of law

The conditions of the Notes are based on English law in effect as at the date of issue of the Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the Notes.

TERMS AND CONDITIONS OF THE SMFG NOTES

The following is the text of the terms and conditions which, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms (the “Final Terms”), will be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series of Notes issued by SMFG. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by deletion of non-applicable provisions), in each case save for the paragraphs in italics, will be endorsed on Bearer Notes or on the Certificates relating to Registered Notes. All capitalised terms which are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the Bearer Notes or Certificates, as the case may be. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes which may be issued under the Programme.

The Notes are issued pursuant to an Amended and Restated Agency Agreement dated 31 August 2023 (as amended, supplemented and/or restated as at the issue date of the Notes (the “Issue Date”), the “Agency Agreement”) between Sumitomo Mitsui Financial Group, Inc. and Sumitomo Mitsui Banking Corporation as issuers, SMBC Bank International plc as fiscal agent and paying agent, The Bank of New York Mellon SA/NV, Luxembourg Branch as registrar, the Bank of New York Mellon, London Branch as issuing and authentication agent and SOFR calculation agent and the other agents named in it. The Notes will have benefit of the Deed of Covenant dated 31 August 2018 executed by SMFG (as amended or supplemented as at the issue date of the Notes, the “Deed of Covenant”). The fiscal agent, the paying agents, the calculation agent(s), the SOFR calculation agent and the registrar for the time being (if any) are referred to below respectively as the “Fiscal Agent”, the “Paying Agents” (which expression shall include the Fiscal Agent), the “Calculation Agent(s)”, the “SOFR Calculation Agent” and the “Registrar”. The Noteholders (as defined below) and the holders of the coupons (the “Coupons”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) (the “Couponholders”) are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of the Fiscal Agent.

1 Form, Denomination, Title and Interpretation

The Notes are issued in bearer form (“Bearer Notes”) or in registered form (“Registered Notes”), in each case in the Specified Denomination(s) shown hereon.

This Note is a Fixed Rate Note, a Floating Rate Note, a Fixed/Floating Rate Note, a Zero Coupon Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided under Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register which the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as the absolute owner of such Note, Coupon or Talon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other purposes, whether or not such Note, Coupon or Talon shall be overdue and regardless of any notice of ownership, trust or any interest therein, theft or loss thereof or any writing thereon (or on the Certificate representing any Note(s)) made by anyone and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Transfers of Registered Notes

(a) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and any other evidence as the Registrar may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate will be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred will be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) Partial redemption in respect of Registered Notes

In the case of a partial redemption of a holding of Registered Notes represented by a single Certificate, a new Certificate will be issued to the holder in respect of the balance of the holding not redeemed. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) Delivery of new Certificates

Each new Certificate to be issued pursuant to Condition 2(a) or (b) will be available for delivery within three business days of receipt of the form of transfer and/or surrender of the Certificate for exchange. The new Certificate shall be delivered at the specified office of the Registrar to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the Registrar the costs of such method of delivery and/or such insurance as it may specify. In this Condition 2(c), “business day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Registrar.

(d) Transfer free of charge

Transfers of Notes and Certificates on registration, transfer, partial redemption or exercise of an option will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment (or the giving of such indemnity as the Registrar may require) in respect of any tax or other governmental charges which may be imposed in relation to it.

(e) Closed periods

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be redeemed by the Issuer at its option pursuant to Condition 5(d) or due to regulatory reasons pursuant to Condition 5(e), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3 Status

(a) Status of the Senior Notes

The Senior Notes and the Coupons relating to them constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Senior Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer.

The Senior Notes are expected to be subject to potential losses in the event of the Issuer's liquidation following the application of the orderly resolution powers under the Deposit Insurance Act. See "Risk Factors—Risks Related to Senior Notes issued by SMFG—Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. As a result, the value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment".

(b) Status of the Subordinated Notes

- (i) *Status:* The Subordinated Notes and the Coupons relating to them constitute direct and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Subordinated Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all indebtedness that is subordinated to Senior Indebtedness and that is in priority to all of the Issuer's perpetual subordinated indebtedness, including indebtedness in respect of preference or other shares or any other indebtedness which ranks, or is expressed to rank, *pari passu* with, or junior to, indebtedness in respect of perpetual subordinated indebtedness.

The Subordinated Notes are expected to be subject to potential losses in the event of a Write-Down upon a Non-Viability Event of the Issuer following the application of the orderly resolution powers under the Deposit Insurance Act. See "Risk Factors—Risks Related to Subordinated Notes issued by SMFG—The Subordinated Notes contain non-viability loss absorption provisions which subject the Subordinated Notes to a Write-Down upon the occurrence of a Non-Viability Event, as a result of which the holders of the Subordinated Notes may lose the entire value of their investment. Holders of the Subordinated Notes will only receive notice of a Non-Viability Event after it has occurred".

- (ii) *Subordination:* Upon the occurrence and continuation of a Subordination Event, the Issuer's obligations under the Subordinated Notes shall be subordinated in right of payment to all Senior Indebtedness and, so long as such Subordination Event continues (and in the case of civil rehabilitation proceedings, so long as neither a Summary Rehabilitation Order nor Consent Rehabilitation Order shall have been issued), no payment will be made under the Subordinated Notes (except for such amounts which shall have become due and payable, other than solely by way of acceleration, prior to the occurrence of a Subordination Event) unless and until (x) in the case of Subordination Event (a), all Senior Indebtedness appearing on the final distribution list prepared by the administrator for the final distribution of bankruptcy assets pursuant to the Bankruptcy Act of Japan (Act No. 75 of 2004, as amended) or any successor legislation thereto (the "Bankruptcy Act"), is paid in full or provision has been made for the payment in full thereof pursuant to the Bankruptcy Act, (y) in the case of Subordination Event (b), all Senior Indebtedness appearing in the plan of reorganisation, at the date such plan has become final and conclusive after approval by a court of competent jurisdiction in Japan, as the Issuer's indebtedness, subject to modification of such plan, is paid in full to the extent of the original amount of such indebtedness without regard to such modification, (z) in the case of Subordination Event (c), all Senior Indebtedness appearing in the plan of rehabilitation, at the date such a plan has become final and conclusive after approval by a court of competent jurisdiction in Japan, as the Issuer's indebtedness, subject to modification in such plan, is paid in full to the extent of the original amount of such indebtedness without regard to such modification or (iv) in the case of Subordination Event (d), conditions equivalent to those set out in (x), (y) or (z) above have been fulfilled; provided that,

notwithstanding any provision herein to the contrary, if the imposition of any such condition is not allowed under such proceedings, any amount which becomes due under the Subordinated Notes shall become payable in accordance with the Conditions and not subject to such impermissible condition.

The rights of the holders of the Subordinated Notes will be reinstated with respect to any payments made to such holders that are subsequently avoided in the bankruptcy, reorganisation or rehabilitation, as though such payments had not been made.

The Issuer shall make no amendment or modification to the subordination provisions contained in these Conditions that is prejudicial to any present or future creditor in respect of any of its Senior Indebtedness. No such amendment or modification shall in any event be effective against any such creditor.

A holder of a Subordinated Note by his acceptance thereof shall thereby agree that if any payment is made to the holder of such Subordinated Note with respect to a payment obligation that did not become due and payable prior to the occurrence of a Subordination Event and the amount of such payment shall exceed the amount, if any, that should have been paid to such holder (upon the proper application of the subordination provision of the Subordinated Note), the payment of such excess amount shall be deemed null and void and such holder will be deemed to hold the same on trust for the Issuer and be obliged to return the amount of the excess payment, and shall also thereby agree that upon the occurrence of a Subordination Event and so long as such Subordination Event shall continue, such holder shall not exercise any right to set off any of the Issuer's liabilities under the Subordinated Note (except for such amounts which shall have become due and payable, other than solely by way of acceleration, prior to the occurrence of a Subordination Event) against any liabilities of such holder owed to the Issuer unless, until and only in such amount as the Issuer's liabilities under the Subordinated Notes become payable pursuant to the proper application of the subordination provisions of the Subordinated Notes.

"Consent Rehabilitation Order" means a decision of a court of competent jurisdiction under Article 217, Paragraph (1) of the Civil Rehabilitation Act to the effect that the procedures for the investigation and confirmation of civil rehabilitation claims as defined in Article 84 of the Civil Rehabilitation Act and the resolution of a civil rehabilitation plan shall be omitted.

"Senior Indebtedness" means all liabilities of the Issuer (including, for the avoidance of doubt, statutory subordinated bankruptcy claims (*retsugoteki hasan saiken*), as defined under the Bankruptcy Act) other than (i) liabilities under the Subordinated Notes which shall not have become due and payable prior to the occurrence of a Subordination Event, (ii) liabilities under the Subordinated Notes which shall have become due and payable solely by way of acceleration prior to such date and (iii) other liabilities ranking *pari passu* with, or junior to, the Subordinated Notes.

"Subordination Event" means any one of the following events:

- (a) a court of competent jurisdiction in Japan shall have adjudicated the Issuer to be bankrupt pursuant to the provisions of the Bankruptcy Act;
- (b) a court of competent jurisdiction in Japan shall have commenced reorganisation proceedings with respect to the Issuer pursuant to the provisions of the Corporate Reorganisation Act of Japan (Act No. 154 of 2002 as amended; the "Reorganisation Act");
- (c) a court of competent jurisdiction in Japan shall have commenced civil rehabilitation proceedings with respect to the Issuer pursuant to the provisions of the Civil Rehabilitation Act of Japan (Act No. 225 of 1999 as amended) or any successor legislation thereto (the "Civil Rehabilitation Act"); or
- (d) the Issuer shall have become subject to bankruptcy, corporate reorganisation, civil rehabilitation or other equivalent proceedings pursuant to any applicable law of any jurisdiction other than Japan, which proceedings have an equivalent effect to those set out in (a), (b) or (c) above.

"Summary Rehabilitation Order" means a decision of a court of competent jurisdiction under Article 211, Paragraph (1) of the Civil Rehabilitation Act to the effect that the procedures for the investigation and

confirmation of civil rehabilitation claims as defined in Article 84 of the Civil Rehabilitation Act shall be omitted.

For the avoidance of doubt, in the course of any potential bankruptcy proceedings pursuant to the Bankruptcy Act, claims of the holders of the Subordinated Notes (other than claims that shall have become due and payable, other than by way of acceleration, prior to the occurrence of a Subordination Event) will rank junior in priority to statutory subordinated bankruptcy claims (*retsugoteki hasan saiken*), as defined in the Bankruptcy Act, in any distributions in such bankruptcy proceedings. Statutory subordinated bankruptcy claims will constitute Senior Indebtedness.

4 Interest and Other Calculations

(a) Interest on Fixed Rate Notes

- (i) *Calculation of Interest:* Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

The amount of interest payable shall be determined in accordance with Condition 4(h).

- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (B) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (C) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(b) Interest on Floating Rate Notes

- (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(h). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

- (iii) *Rate of Interest:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to

either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated hereon) the Margin (if any). For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the relevant ISDA Definitions and under which:

- (i) if the Final Terms specify either “2006 ISDA Definitions” or “2021 ISDA Definitions” as the applicable ISDA Definitions:
 - (a) the Floating Rate Option (as defined in the relevant ISDA Definitions) is as specified in the applicable Final Terms;
 - (b) the Designated Maturity (as defined in the relevant ISDA Definitions), if applicable, is a period specified in the applicable Final Terms;
 - (c) the relevant Reset Date (as defined in the relevant ISDA Definitions) is as specified in the applicable Final Terms;
 - (d) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the relevant ISDA Definitions), Compounding is specified to be applicable in the relevant Final Terms and:
 - (1) Compounding with Lookback is specified as the Compounding Method in the applicable Final Terms, Lookback is the number of Applicable Business Days (as defined in the relevant ISDA Definitions) specified in the applicable Final Terms;
 - (2) Compounding with Observation Period Shift is specified as the Compounding Method in the applicable Final Terms, (i) Observation Period Shift is the number of Observation Period Shift Business Days (as defined in the relevant ISDA Definitions) specified in the applicable Final Terms and (ii) Observation Period Shift Additional Business Days (as defined in the relevant ISDA Definitions), if applicable, are the days specified in the applicable Final Terms; or
 - (3) Compounding with Lockout is specified as the Compounding Method in the applicable Final Terms, (i) Lockout is the number of Lockout Period Business Days (as defined in the relevant ISDA Definitions) specified in the Final Terms and (ii) Lockout Period Business Days, if applicable, are the days specified in the applicable Final Terms; and
- (e) if the specified Floating Rate Option is an Index Floating Rate Option (as defined in the relevant ISDA Definitions) and Index Provisions are specified to be applicable in the relevant Final Terms, the Compounded Index Method with Observation Period Shift shall be applicable and, (a) Observation Period Shift is the number of Observation Period Shift Business Days (as defined in the relevant ISDA Definitions) specified in the applicable Final Terms and (b) Observation Period Shift Additional Business Days (as defined in the relevant ISDA Definitions) are the days, if applicable, specified in the applicable Final Terms;
- (f) references in the relevant ISDA Definitions to:

- (1) “Confirmation” shall be deemed to be references to the applicable Final Terms;
- (2) “Calculation Period” shall be deemed to be references to the relevant Interest Accrual Period;
- (3) “Termination Date” shall be deemed to be references to the Maturity Date; and
- (4) “Effective Date” shall be deemed to be references to the Interest Commencement Date; and
- (g) if the Final Terms specify “2021 ISDA Definitions” as the applicable ISDA Definitions:
 - (1) Administrator/Benchmark Event shall be disapplied; and
 - (2) if the Temporary Non-Publication Fallback for any specified Floating Rate Option is specified to be “Temporary Non-Publication – Alternative Rate” in the Floating Rate Matrix of the 2021 ISDA Definitions, the reference to “Calculation Agent Alternative Rate Determination” in the definition of “Temporary Non-Publication – Alternative Rate” shall be replaced by “Temporary Non-Publication Fallback – Previous Day’s Rate”.

(B) Screen Rate Determination where the Benchmark is not specified as being SOFR Benchmark

Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and where the Benchmark is not specified as being SOFR Benchmark, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (i) If the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (a) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (b) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (ii) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (B)(i)(a) above applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (B)(i)(b) above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (iii) if paragraph (B)(ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the

Specified Currency is euro, in the Euro-zone (the “Principal Financial Centre”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(C) Screen Rate Determination where the Benchmark is specified as being SOFR Benchmark

Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and where the Benchmark is specified in the applicable Final Terms as being SOFR Benchmark, the Rate of Interest for each Interest Period will, subject as provided below, be equal to the SOFR Benchmark plus or minus the Margin (if any) in accordance with Condition 4(f), as determined by the SOFR Calculation Agent on the relevant Interest Determination Date.

Subject to Condition 4(k), the SOFR Benchmark for each Interest Period shall be equal to the rate of return on a daily compounded interest investment during the relevant SOFR Observation Period (with the daily SOFR reference rate as the reference rate for the calculation of interest) (“Compounded Daily SOFR”) and will be determined by the SOFR Calculation Agent on the relevant Interest Determination Date in accordance with the following formula:

$$\left(\prod_{i=1}^{d_o} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 per cent being rounded upwards (e.g., 9.876541 per cent (or 0.09876541) being rounded down to 9.87654 per cent (or 0.0987654) and 9.876545 per cent (or 0.09876545) being rounded up to 9.87655 per cent (or 0.0987655)) and where:

“SOFR_i” for any U.S. Government Securities Business Day “i” in the relevant SOFR Observation Period, is equal to the SOFR reference rate for that U.S. Government Securities Business Day “i”;

“d” means the number of calendar days in the relevant SOFR Observation Period;

“d_o” means the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

Unless previously redeemed, purchased and cancelled as provided below, each Note will be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) Early Redemption

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note which does not bear interest prior to the Maturity Date, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(c) or

upon it becoming due and payable as provided in Condition 9, shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.

- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually, where such calculation is to be made for a period less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest which may accrue in accordance with Condition 4(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

- (ii) *Other Notes:* The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 5(c), Condition 5(d) or Condition 5(e) or upon it becoming due and payable as provided in Condition 9, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) *Redemption for Taxation Reasons*

Subject to prior confirmation of the Financial Services Agency of Japan (the “FSA”) (if such confirmation is required under applicable Japanese laws or regulations then in effect), the Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date or, if so specified hereon, at any time, on giving not less than 30 nor more than 60 days’ notice of redemption to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 5(b) above) (together with interest accrued to the date fixed for redemption) if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 and such obligation cannot be avoided by the Issuer taking reasonable measures available to it or (ii) in the case of Subordinated Notes only, there is more than an insubstantial risk that, for Japanese corporate tax purposes, any portion of the interest payable on the Subordinated Notes is not or will not be deductible from the Issuer’s taxable income or is or will be required to be deducted from the amount to be excluded from its taxable gross receipts and such tax treatment cannot be avoided by the Issuer taking reasonable measures available to it, in each case of (i) or (ii) above, as a result of any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which the Issuer enters into a contract with one or more of the Dealers pursuant to which it becomes bound to issue the first tranche of the Notes; provided, that in the case of (i) above, no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by an authorised officer of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal or tax adviser of recognised standing to the effect that the Issuer has or will become obliged to pay such

additional amounts or there is more than an insubstantial risk that any part of interest to be payable on the Subordinated Notes is not or will not be deductible from the Issuer's taxable income or is or will be required to be deducted from the amount to be excluded from its taxable gross receipts, as a result of such change or amendment.

(d) Redemption at the Option of the Issuer and Exercise of Issuer's Options

If Call Option is specified hereon, the Issuer may, subject to prior confirmation of the FSA (if such confirmation is required under applicable Japanese laws or regulations then in effect), on giving irrevocable notice to the Noteholders with such notice period as may be specified hereon redeem, or exercise any Issuer's option (as may be described hereon) in relation to, all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified hereon and no greater than the maximum nominal amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the serial numbers or the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, as the case may be, to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(e) Redemption for Regulatory Reasons

The provisions of this Condition 5(e) apply only to Subordinated Notes.

Subject to prior confirmation of the FSA, the Subordinated Notes may be redeemed at the option of the Issuer, in whole, but not in part, on any Interest Payment Date or, if so specified hereon, at any time on giving not less than 30 nor more than 60 days' notice of redemption to the holders of the Subordinated Notes (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 5(b) above) (together with interest accrued to the date fixed for redemption) if, as a result of any change in, or amendment to, the Applicable Banking Regulations, which change or amendment becomes effective on or after the Issue Date of the Subordinated Notes, the Issuer determines after consultation with the FSA that there is more than an insubstantial risk that the Subordinated Notes will be fully excluded from the Issuer's Tier 2 Capital under the applicable standards set forth in the Applicable Banking Regulations and such exclusion cannot be avoided by the Issuer through the taking of reasonable measures available to it. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by an authorised officer stating that the conditions precedent to its right to so redeem have been fulfilled.

"Tier 2 Capital" means, any and all items constituting Tier 2 capital, as defined in the Applicable Banking Regulations.

"Applicable Banking Regulations" means, at any time, the capital adequacy regulations, public ministerial announcements, guidelines and policies then in effect of the FSA or other governmental authority that are applicable to the Issuer, including, without limitation, the Public Ministerial Announcement (*kokuji* (No. 20 of the FSA Public Ministerial Announcement of 2006, as amended)).

(f) Purchases

The Issuer and any of its subsidiaries may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price, subject to prior confirmation of the FSA (if such confirmation is required under applicable Japanese laws or regulations then in effect).

(g) *Cancellation*

All Notes purchased by or on behalf of the Issuer or any of its subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, will, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6 Payment and Talons

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes will, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 6(f)(v)) or Coupons (in the case of interest, save as specified in Condition 6(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “Bank” means a bank in the principal financial centre for such currency or, (i) in the case of euro, the transfer may be to a euro account in a city in which banks have access to T2, and (ii) in the case of Japanese yen, the transfer shall be to a non-resident Japanese yen account (in the case of payment to a non-resident of Japan).

(b) *Registered Notes*

- (i) Payments of principal in respect of Registered Notes will be made against presentation and surrender of the relevant Certificates at the specified office of the Registrar or any Paying Agent and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes will be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “Record Date”). Payments of interest on each Registered Note will be made at the specified office of any Paying Agent in the relevant currency in which such payments are due by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address outside Japan appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Paying Agent before the Record Date such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts of the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Fiscal laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment, and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Appointment of Agents*

The Fiscal Agent, the Paying Agents, the Registrar, the Calculation Agent and the SOFR Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registrar, the Calculation Agent(s) and the SOFR Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registrar, the Calculation Agent(s) or the SOFR Calculation Agent and to appoint additional or other Paying Agents, provided that the Issuer will at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) one or more Calculation Agent(s) or SOFR Calculation Agent where the Conditions so require and (iv) such other agents as may be required by the stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 14.

(f) *Unmatured Coupons and unexchanged Talons*

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Account, as the case may be, due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (ii) If the relative Notes so provide, upon the due date for redemption of any Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note which provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and, if necessary, another Talon for a further Coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 8).

(h) *Non-Business Days*

If any date for payment, determined in accordance with Condition 4, in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of payment in euro) which is a TARGET Business Day.

7 Taxation

All payments of principal and interest in respect of the Notes and Coupons will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (the “Taxes”), unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the holders of such amounts as would have been received by them had no such deduction or withholding been required, except that no Additional Amounts shall be payable with respect to any Note or Coupon:

- (i) Other connection: to, or a third party on behalf of, a holder (i) who is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (other than a designated financial institution which does not fall under item (ii) below) or a Japanese non-resident being a specially-related person of the Issuer or (ii) who fails to comply with the Japanese tax law requirements in respect of the exemption from such withholding or deduction or (iii) who is otherwise subject to such Taxes by reason of its having some connection with Japan other than the mere holding of such Note or Coupon; or
- (ii) Presentation more than 30 days after the Relevant Date: presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on such thirtieth day.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes and Coupons by or on behalf of the Issuer, will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “FATCA Withholding”). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

For the purpose of the paragraphs above, unless the context otherwise requires, the following defined terms shall have the meaning set out below:

“Japanese non-resident” means a person that is not an individual resident of Japan or a Japanese corporation for Japanese tax purposes;

“designated financial institution” means a Japanese financial institution or a Japanese financial instruments business operator designated by the Cabinet Order pursuant to Article 6, Paragraph 11 of the Special Taxation Measures Act of Japan (Law No. 26 of 1957, as amended) (the “Special Taxation Measures Act”); and

“specially-related person of the Issuer” means a person having a special relationship with the Issuer as prescribed in Article 6, Paragraph 4 of the Special Taxation Measures Act.

If (i) subsequent to making a payment on the Notes or Coupons without withholding or deduction of Japanese taxes the Issuer is required to remit to the Japanese tax authority any amount in respect of Japanese taxes that should have been withheld or deducted from such payment (together with any interest and penalties) due to the failure of the beneficial owner to provide accurate interest recipient information or to otherwise properly claim an exemption from Japanese taxes imposed with respect to such payment, and (ii) such beneficial owner would not have been entitled to receive additional amounts with respect to such payment had Japanese taxes been withheld from the payment when it was made, such beneficial owner (but not any subsequent beneficial owner of the Notes or Coupons) shall be required to reimburse the Issuer, in Japanese yen, for the amount remitted by the Issuer to the Japanese tax authority.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 14 that, upon further presentation of the Note (or respective Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts which may be payable under this Condition.

8 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof.

9 Events of Default, Event of Acceleration and Limitation of Enforcement Rights

(a) Events of Default and Limitation of Enforcement Rights

The provisions of this Condition 9(a) only apply to Senior Notes.

If any of the following events (an “Event of Default”) occurs, the holder of any Senior Note may by written notice given to the Fiscal Agent, effective upon receipt thereof by the Fiscal Agent, declare that such Senior Note is immediately repayable, whereupon the Early Redemption Amount of such Senior Note together with accrued interest to the date of payment shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which the Issuer hereby expressly waives, anything contained in these Conditions to the contrary notwithstanding, unless prior to the time when the Fiscal Agent receives such notice all Events of Default provided for herein in respect of the Senior Notes shall have been cured:

- (i) Non-Payment: default is made for a period of more than 30 days in the payment of principal or interest due in respect of the Senior Notes; or
- (ii) Breach of Other Obligations: default is made by the Issuer in the performance or observance of any other covenant, term or agreement of the Issuer under the Senior Notes and such default is continuing for the period of 90 days after the date on which written notice of such default, requiring the Issuer to remedy the same, shall first have been given to the Issuer by any holder of the Senior Notes; or
- (iii) Insolvency: Except for the purposes of or pursuant to a consolidation, amalgamation, merger or reconstruction under which the continuing corporation, or the corporation formed as a result thereof, effectively assumes the entire obligations of the Issuer in relation to the Senior Notes:
 - (A) a decree or order by any court having jurisdiction shall have been issued adjudging the Issuer bankrupt or insolvent, or approving a petition seeking its reorganisation or liquidation under

bankruptcy, civil rehabilitation, reorganisation or insolvency law of Japan, and such decree or order shall have continued undischarged and unstayed for a period of 90 days; or

- (B) a final and non-appealable order of a court of competent jurisdiction shall have been made for winding up or dissolution of the Issuer; or
- (C) the Issuer shall have initiated or consented to proceedings relating to itself under bankruptcy, civil rehabilitation, reorganisation or insolvency law of Japan; or
- (D) an effective resolution shall have been passed by the Issuer for its winding up or dissolution,

Notwithstanding any other provision of these Conditions, each holder of the Senior Notes acknowledges, consents and agrees, whether or not notice of such event shall have been made by the Issuer:

- (i) for a period of 30 days from and including the date upon which the Prime Minister of Japan (the “Prime Minister”) confirms that Specified Item 2 Measures (*tokutei dai nigo sochi*) should be applied to the Issuer, not to initiate any action to attach any assets, the attachment of which has been prohibited by designation of the Prime Minister pursuant to Article 126-16 of the Deposit Insurance Act of Japan (the “Deposit Insurance Act”) (or any successor provision thereto), and
- (ii) to any transfer of the Issuer’s assets (including shares of the Issuer’s subsidiaries) or liabilities, or any portions thereof, with permission of a Japanese court in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), including any such transfer made pursuant to the authority of the Deposit Insurance Corporation to represent and manage and dispose of the Issuer’s assets under Article 126-5 of the Deposit Insurance Act (or any successor provision thereto), and that any such transfer shall not constitute an Event of Default or breach of these Conditions.

As soon as practicable after (i) the Prime Minister confirms that Specified Item 2 Measures (*tokutei dai nigo sochi*) should be applied to the Issuer and/or (ii) a Japanese court publicly announces that it has granted permission to a transfer of the Issuer’s assets (including shares of its subsidiaries) or liabilities, or any portions thereof, in accordance with Article 126-13 of the Deposit Insurance Act (or any successor provision thereto), the Issuer shall deliver a notice of such event to the holders of Senior Notes in accordance with Condition 14. Provided that, any failure or delay in the delivery of such notice by the Issuer shall not alter or delay the effect of the acknowledgement, consent and agreement of the holders of Senior Notes in this Condition 9.

These provisions are intended to facilitate the Issuer’s orderly resolution under the Deposit Insurance Act and Japanese insolvency proceedings. See “Risk Factors – Risks Related to Senior Notes issued by SMFG – Senior Notes issued by SMFG will be subject to loss absorption if SMFG becomes subject to orderly resolution measures under the Deposit Insurance Act and Japanese insolvency laws. As a result, the value of such Senior Notes could be materially adversely affected, and holders of such Senior Notes may lose all or a portion of their investment”.

Subject to applicable law, each holder of the Senior Notes, by acceptance of any interest in the Senior Notes, agrees that it will not, and waives all rights to, exercise, claim or plead any right of set off or counterclaim in respect of any amount owed to it by the Issuer arising under, or in connection with, the Senior Notes.

(b) Event of Acceleration

The provisions of this Condition 9(b) only apply to Subordinated Notes.

If a Subordination Event has occurred and is continuing, and provided that a Non-Viability Event has not occurred, any holders of Subordinated Notes may by written notice given to the Fiscal Agent, effective upon receipt thereof by the Fiscal Agent, declare the nominal amount of, and all interest accrued on, the Subordinated Notes held by the Noteholder to be immediately due and payable (an “Event of Acceleration”), whereupon the same shall become immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which the Issuer hereby expressly waives, anything contained in these Conditions to the contrary notwithstanding. Except as provided above, holders of the Subordinated Notes will not have any right to accelerate any payment of principal or interest in respect of the Subordinated Notes.

If a court of competent jurisdiction shall (i) rescind or terminate a bankruptcy action with respect to the Issuer without a distribution of assets pursuant to the Bankruptcy Act, (ii) rescind or terminate a reorganisation proceeding with respect to the Issuer without approving the plan of reorganisation pursuant to the Reorganisation Act or (iii) rescind or terminate a rehabilitation proceeding without approving the plan of rehabilitation, or a Summary Rehabilitation Order or Consent Rehabilitation Order is issued, pursuant to the Civil Rehabilitation Act, then such Event of Acceleration shall have the same effect as if it had not occurred.

10 Write-Down upon a Non-Viability Event

The provisions of this Condition 10 only apply to Subordinated Notes.

If a Non-Viability Event occurs, the Subordinated Notes will be subject to a “Write-Down” on the Write-Down Date, automatically and without any additional action by the Issuer or the holders of the Subordinated Notes.

Upon the Write-Down:

- (i) the full principal amount of each Subordinated Note, except for principal that has become due and payable prior to the occurrence of the Non-Viability Event, will be permanently written down to zero and the Subordinated Notes will be cancelled; and
- (ii) the holders of the Subordinated Notes will be deemed to have irrevocably waived their right to claim or receive, and will not have any rights against the Issuer with respect to, payment of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any), except for any payments of principal or interest (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event.

The Issuer’s obligations with respect to, and any claims for, the payment of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any), except for payments of principal or interest (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event, will be suspended from the occurrence of the Non-Viability Event until the Write-Down Date.

Except for claims with respect to payments of principal of or interest on the Subordinated Notes (including additional amounts with respect thereto, if any) that have become due and payable prior to the occurrence of the Non-Viability Event, as described above, upon the occurrence of a Non-Viability Event, (a) the holders of the Subordinated Notes shall have no rights under the Subordinated Notes to take any action or enforce any rights whatsoever, (b) no holder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under, or in connection with, the Subordinated Notes and each holder of Subordinated Notes shall, by virtue of its holding of any Subordinated Notes, be deemed to have irrevocably waived all such rights of set-off, compensation or retention and (c) no holder will be entitled to make any claim in any bankruptcy, insolvency or liquidation proceedings involving the Issuer or have any ability to initiate or participate in any such proceedings or do so through a representative.

A “Non-Viability Event” will be deemed to have occurred when the Prime Minister of Japan, following deliberation by Japan's Financial Crisis Response Council pursuant to the Deposit Insurance Act, confirms (*nintei*) that “specified Item 2 measures (*tokutei dai nigo sochi*)”, which are the measures set forth in Article 126-2, Paragraph 1, Item 2 of the Deposit Insurance Act (including any successor articles thereto), as then in effect, need to be applied to the Issuer under circumstances where its liabilities exceed or are likely to exceed its assets, or it has suspended or is likely to suspend payment of its obligations.

The Issuer shall, on the date of or as soon as practicable after the occurrence of a Non-Viability Event, deliver a written notice (“Write-Down Notice”) to the holders of the Subordinated Notes confirming the occurrence of such Non-Viability Event and the Write-Down Date. Any failure or delay by the Issuer to provide a Write-Down Notice, shall not change or delay the effect of the occurrence of the Non-Viability Event on its payment obligations under the Subordinated Notes.

The “Write-Down Date” means the date on which the Write-Down will become effective, as specified in the relevant Write-Down Notice. The Write-Down Date shall be determined by the Issuer in consultation

with the FSA and any other supervisory authorities and shall be no less than one and no more than ten Business Days following the occurrence of the Non-Viability Event.

If any payment on a Subordinated Note is made to a Noteholder with respect to a payment obligation that did not become due and payable prior to the occurrence of a Non-Viability Event, then the payment of such amount shall be deemed null and void and the holder will be deemed to hold the same on trust for the Issuer and be obliged to return the amount of such payment.

11 Meetings of Noteholders and Modification

(a) Meetings of Noteholders

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including modification by Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders of the Notes (including these Conditions). An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not, and on all relevant Couponholders, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest thereon, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps which as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution will only be binding if passed at a meeting of the Noteholders (or at any adjournment thereof) at which a special quorum (provided for in the Agency Agreement) is present.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

(b) Modification of Agency Agreement

Subject to the provisions in Condition 4(k), the Issuer shall only permit, without the consent of the Noteholders, any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

12 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent (in the case of Bearer Notes, Coupons or Talons) and the Registrar (in the case of Certificates) or such other Paying Agent, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 14, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of

such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in these Conditions to “Issue Date” shall be the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

14 Notices

Notices to the holders of Registered Notes will be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes will be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*) and so long as the Notes are listed on the Luxembourg Stock Exchange, published either on the website of the Luxembourg Stock Exchange (www.luxse.com) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Holders of Coupons shall be deemed for all purposes to have notice of the contents of any notice to the holders of Bearer Notes in accordance with this Condition.

15 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note or Coupon is due (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the currency of payment under the relevant Note or Coupon which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note or Coupon, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgement, order, claim or proof for a liquidated amount in respect of any sum due under any Note or Coupon or any other judgement or order.

16 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

17 Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The Courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with any Notes, Coupons or Talons and, accordingly, any legal action or proceedings arising out of or in connection with any Notes, Coupons or Talons (“Proceedings”) may be brought in such courts. The Issuer

irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Clause is for the benefit of each of the holders of the Notes, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) Service of Process

The Issuer irrevocably appoints the General Manager for the time being of SMBC Bank International plc, currently at 100 Liverpool Street, London, EC2M 2AT, as its agent, to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

TERMS AND CONDITIONS OF THE SMBC NOTES

The following is the text of the terms and conditions which, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms (the “Final Terms”), will be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series of Notes issued by SMBC or SMBC Hong Kong Branch. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by deletion of non-applicable provisions), in each case save for the paragraphs in italics, will be endorsed on Bearer Notes or on the Certificates relating to Registered Notes. All capitalised terms which are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the Bearer Notes or Certificates, as the case may be. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes which may be issued under the Programme.

The Notes are issued by Sumitomo Mitsui Banking Corporation (the “Bank”) or by the Bank acting through its Hong Kong Branch (“SMBC Hong Kong Branch”), as specified in the applicable Final Terms, pursuant to an Amended and Restated Agency Agreement dated 31 August 2023 (as amended, supplemented and/or restated as at the issue date of the Notes (the “Issue Date”), the “Agency Agreement”) between Sumitomo Mitsui Financial Group, Inc. and the Bank as issuers, SMBC Bank International plc as fiscal agent and paying agent, The Bank of New York Mellon SA/NV, Luxembourg Branch as registrar, The Bank of New York Mellon, London Branch as issuing and authentication agent and SOFR calculation agent and the other agents named in it. The Notes will have benefit of the Deed of Covenant dated 31 August 2018 executed by the Bank (as amended or supplemented as at the issue date of the Notes, the “Deed of Covenant”). The fiscal agent, the paying agents, the calculation agent(s), the SOFR calculation agent and the registrar for the time being (if any) are referred to below respectively as the “Fiscal Agent”, the “Paying Agents” (which expression shall include the Fiscal Agent), the “Calculation Agent(s)”, the “SOFR Calculation Agent” and the “Registrar”. The Noteholders (as defined below), the holders of the coupons (the “Coupons”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) (the “Couponholders”) and the holders of the receipts for the payment of instalments of principal (the “Receipts”) relating to Notes in bearer form of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of the Fiscal Agent.

1 Form, Denomination, Title and Interpretation

The Notes are issued in bearer form (“Bearer Notes”) or in registered form (“Registered Notes”), in each case in the Specified Denomination(s) shown hereon.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note, an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Any Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided under Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register which the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as the absolute owner of such Note, Receipt, Coupon

or Talon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other purposes, whether or not such Note, Receipt, Coupon or Talon shall be overdue and regardless of any notice of ownership, trust or any interest therein, theft or loss thereof or any writing thereon (or on the Certificate representing any Note(s)) made by anyone and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Transfers of Registered Notes

(a) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and any other evidence as the Registrar may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate will be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred will be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) Partial redemption or exercise of options in respect of Registered Notes

In the case of a partial redemption of a holding of Registered Notes represented by a single Certificate or a partial exercise of an Issuer’s or Noteholders’ option in respect of a holding of Registered Notes represented by a single Certificate, a new Certificate will be issued to the holder in respect of the balance of the holding not redeemed or in respect of which the relevant option has not been exercised. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) Delivery of new Certificates

Each new Certificate to be issued pursuant to Condition 2(a) or (b) will be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 5(e)) and/or surrender of the Certificate for exchange. The new Certificate shall be delivered at the specified office of the Registrar to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the Registrar the costs of such method of delivery and/or such insurance as it may specify. In this Condition 2(c), “business day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Registrar.

(d) Transfer free of charge

Transfers of Notes and Certificates on registration, transfer, partial redemption or exercise of an option will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment (or the giving of such indemnity as the Registrar may require) in respect of any tax or other governmental charges which may be imposed in relation to it.

(e) *Closed periods*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days prior to any date on which Notes may be redeemed by the Issuer at its option pursuant to Condition 5(d), (iii) after any such Note has been called for redemption in whole or in part or (iv) during the period of seven days ending on (and including) any Record Date.

3 Status

The Notes and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and unsecured obligations of the Bank and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Bank under the Notes and the Receipts and Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation, at all times rank at least equally with all other present and future unsecured and unsubordinated obligations of the Bank.

4 Interest and Other Calculations

(a) *Interest on Fixed Rate Notes*

- (i) *Calculation of Interest:* Each Fixed Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

The amount of interest payable shall be determined in accordance with Condition 4(h).

- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (B) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (C) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

- (iii) *Rate of Interest*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated hereon) the Margin (if any). For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the relevant ISDA Definitions and under which:

- (i) if the Final Terms specify either “2006 ISDA Definitions” or “2021 ISDA Definitions” as the applicable ISDA Definitions:
- (a) the Floating Rate Option (as defined in the relevant ISDA Definitions) is as specified in the applicable Final Terms;
 - (b) the Designated Maturity (as defined in the relevant ISDA Definitions) is a period specified in the applicable Final Terms; and
 - (c) the relevant Reset Date (as defined in the relevant ISDA Definitions) is the first day of that Interest Accrual Period unless otherwise specified in the applicable Final Terms.
- (d) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the relevant ISDA Definitions), Compounding is specified to be applicable in the relevant Final Terms and:

 - (2) Compounding with Observation Period Shift is specified as the Compounding Method in the applicable Final Terms, (i) Observation Period Shift is the number of Observation Period Shift Business Days (as defined in the relevant ISDA Definitions) specified in the applicable Final Terms and (ii) Observation Period Shift Additional Business Days (as defined in the relevant ISDA Definitions), if applicable, are the days specified in the applicable Final Terms; or

ISDA Definitions) specified in the applicable Final Terms and (b) Observation Period Shift Additional Business Days (as defined in the relevant ISDA Definitions) are the days, if applicable, specified in the applicable Final Terms);

 - (1) Administrator/Benchmark Event shall be disappplied; and
 - (2) if the Temporary Non-Publication Fallback for any specified Floating Rate Option is specified to be “Temporary Non-Publication – Alternative Rate” in the Floating Rate Matrix of the 2021 ISDA Definitions, the reference to “Calculation Agent Alternative Rate Determination” in the definition of “Temporary Non-Publication – Alternative Rate” shall be replaced by “Temporary Non-Publication Fallback – Previous Day’s Rate”.

(B) Screen Rate Determination where the Benchmark is not specified as being SOFR Benchmark

Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and where the Benchmark is not specified as being SOFR Benchmark, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (i) If the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (a) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (b) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,in each case appearing on such Page at the Relevant Time on the Interest Determination Date;
- (ii) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (B)(i)(a) above applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (B)(i)(b) above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (iii) if paragraph (B)(ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate

of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the Euro-zone (the “Principal Financial Centre”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(C) Screen Rate Determination where the Benchmark is specified as being SOFR Benchmark

Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and where the Benchmark is specified in the applicable Final Terms as being SOFR Benchmark, the Rate of Interest for each Interest Period will, subject as provided below, be equal to the SOFR Benchmark plus or minus the Margin (if any) in accordance with Condition 4(f), as determined by the SOFR Calculation Agent on the relevant Interest Determination Date.

Subject to Condition 4(k), the SOFR Benchmark for each Interest Period shall be equal to the rate of return on a daily compounded interest investment during the relevant SOFR Observation Period (with the daily SOFR reference rate as the reference rate for the calculation of interest) (“Compounded Daily SOFR”) and will be determined by the SOFR Calculation Agent on the relevant Interest Determination Date in accordance with the following formula:

$$\left(\prod_{i=1}^{d_o} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 per cent being rounded upwards (e.g., 9.876541 per cent (or 0.09876541) being rounded down to 9.87654 per cent (or 0.0987654) and 9.876545 per cent (or 0.09876545) being rounded up to 9.87655 per cent (or 0.0987655)) and where:

(c) *Zero Coupon Notes*

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. (g) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the

sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(h) Determination and Publication of Rates of interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

As soon as practicable on such date as the Calculation Agent or SOFR Calculation Agent, as the case may be, may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest payable and the Rate of Interest applicable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need to be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or SOFR Calculation Agent, as the case may be, shall (in the absence of manifest error) be final and binding upon all parties.

consequential amendments to the Agency Agreement and these Conditions as may be required to give effect to this Condition 4(k) but only upon prior written consent of the Agents if their duties or liabilities and protections are affected. The following defined terms shall have the meanings set out below for purpose of this Condition 4(k):

"2021 ISDA Definitions" means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time;

For the purposes of this Condition 4(k), "Benchmark" means, initially, Compounded Daily SOFR; provided that if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded Daily SOFR (including any daily published component used in the calculation thereof) or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement;

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the sum of:
 - (a) the alternate reference rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) for the Corresponding Tenor; and
 - (b) the Benchmark Replacement Adjustment;
- (ii) the sum of:

- (a) the ISDA Fallback Rate; and
- (b) the Benchmark Replacement Adjustment; or
- (iii) the sum of:
 - (a) the alternate reference rate that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) for the applicable Corresponding Tenor giving due consideration to any industry-accepted reference rate as a replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) for U.S. dollar-denominated floating rate notes at such time; and
 - (b) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark (including any daily published component used in the calculation thereof) with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definitions or interpretations of “Interest Period”, the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) the Issuer or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determines is reasonably practicable);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (ii) in the case of sub-paragraph (iii) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“Corresponding Tenor” with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark;

“designee” means a designee as selected and separately appointed by the Issuer in writing;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the 2021 ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor;

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the 2021 ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark (including any daily published component used in the calculation thereof) for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“Reference Time” with respect to any determination of the Benchmark means (a) if the Benchmark is Compounded Daily SOFR Benchmark, the SOFR Determination Time, or (b) if the Benchmark is not the SOFR Benchmark, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 5, each Note which provides for Instalment Dates and Instalment Amounts will be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon.

The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note will be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) *Early Redemption*

(i) *Zero Coupon Notes*

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note which does not bear interest prior to the Maturity Date, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9, shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually, where such calculation is to be made for a period less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest which may accrue in accordance with Condition 4(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

- (ii) *Other Notes:* The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) *Redemption for Taxation Reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date or, if so specified hereon, at any time, on giving not less than 30 nor more than 60 days' notice of redemption to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 5(b) above) (together with interest accrued to the date fixed for redemption) if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of Japan or (where the Issuer is SMBC Hong Kong Branch) the Hong Kong Special Administrative Region (the "Hong Kong SAR"), or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which the Issuer enters into a contract with one or more of the Dealers pursuant to which it becomes bound to issue the first tranche of the Notes, and (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by one Director of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal or tax adviser of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

(d) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If Call Option is specified hereon, the Issuer may, on giving irrevocable notice to the Noteholders as may be specified hereon redeem, or exercise any Issuer's option (as may be described hereon) in relation to, all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified hereon and no greater than the maximum nominal amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the serial numbers or the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, as the case may be, to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(e) *Redemption at the Option of Noteholders and Exercise of Noteholders' Options*

If Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon), redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders' option which may be set out hereon (which must be exercised on an Option Exercise Date), the holder must deposit such Note with any Paying Agent (in the case of Bearer Notes) or the Certificate representing such Note(s) with the Registrar (in the case of Registered Notes) at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent or the Registrar (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) *Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon.

(g) *Purchases*

The Issuer and any of its subsidiaries may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price.

(h) *Cancellation*

All Notes purchased by or on behalf of the Issuer or any of its subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, will, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6 Payment and Talons

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note at the specified office of any of the Fiscal Agent or the Paying Agents), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 6(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. "Bank" means a bank in the principal financial centre for such currency or, (i) in the case of euro, the transfer may be to a euro account in a city in which banks have access to T2, and (ii) in the case of Japanese yen, the transfer shall be to a non-resident Japanese yen account (in the case of payment to a non-resident of Japan).

(b) *Registered Notes*

- (i) Payments of principal (which for the purpose of this Condition 6(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes will be made against presentation and surrender of the relevant Certificates at the specified office of the Registrar or any Paying Agent and in the manner provided in paragraph (ii) below.
- (ii) Interest (which for the purpose of this Condition 6(b) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes will be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note will be made at the specified office of any Paying Agent in the relevant currency in which such payments are due by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address outside Japan appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Paying Agent before the Record Date such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States

with the reasonable expectation that such Paying Agents would be able to make payment of the amounts of the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Fiscal laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment, and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents, the Registrar, the Calculation Agent and the SOFR Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registrar, the Calculation Agent(s) and the SOFR Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registrar, the Calculation Agent(s) or the SOFR Calculation Agent and to appoint additional or other Paying Agents, provided that the Issuer will at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) one or more Calculation Agent(s) or SOFR Calculation Agent where the Conditions so require and (iv) such other agents as may be required by the stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 13.

(f) Unmatured Coupons, Receipts and unexchanged Talons

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Account, as the case may be, due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (ii) If the relative Notes so provide, upon the due date for redemption of any Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Bearer Note which provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured

Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and, if necessary, another Talon for a further Coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 8).

(h) *Non-Business Days*

If any date for payment, determined in accordance with Condition 4, in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of payment in euro) which is a TARGET Business Day.

7 Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (the “Taxes”), unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the holders of such amounts as would have been received by them had no such deduction or withholding been required, except that no Additional Amounts shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (i) Other connection: by or on behalf of a holder (i) who is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (other than a designated financial institution which does not fall under item (ii) below) or a Japanese non-resident being a specially-related person of the Issuer or (ii) who fails to comply with the Japanese tax law requirements or (where the Issuer is SMBC Hong Kong Branch) with Hong Kong SAR tax law requirements in respect of the exemption from such withholding or deduction or (iii) who is otherwise subject to such Taxes by reason of its having some connection with Japan or (where the Issuer is SMBC Hong Kong Branch) with Hong Kong SAR other than the mere holding of such Note, Receipt or Coupon; or
- (ii) Presentation more than 30 days after the Relevant Date: more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on such thirtieth day.

However, interest on Notes issued by the Issuer of which the amount of interest is to be calculated by reference to certain indexes (as prescribed in the cabinet order relating to Article 6, Paragraph 4 of the Special

Taxation Measures Act (as detailed below)) relating to the Issuer or a specially-related person of the Issuer will be subject to the withholding tax even if paid to a Japanese non-resident that is not a specially-related person of the Issuer.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes, Receipts and Coupons by or on behalf of the Issuer, will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “FATCA Withholding”). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

For the purpose of the paragraphs above, unless the context otherwise requires, the following defined terms shall have the meaning set out below:

“Japanese non-resident” means a person that is not an individual resident of Japan or a Japanese corporation for Japanese tax purposes;

“designated financial institution” means a Japanese financial institution or a Japanese financial instruments business operator designated by the Cabinet Order pursuant to Article 6, Paragraph 11 of the Special Taxation Measures Act of Japan (Law No. 26 of 1957, as amended) (the “Special Taxation Measures Act”); and

“specially-related person of the Issuer” means a person having a special relationship with the Issuer as prescribed in Article 6, Paragraph 4 of the Special Taxation Measures Act.

If (i) subsequent to making a payment on the Notes, Receipts or Coupons without withholding or deduction of Japanese taxes the Issuer is required to remit to the Japanese tax authority any amount in respect of Japanese taxes that should have been withheld or deducted from such payment (together with any interest and penalties) due to the failure of the beneficial owner to provide accurate interest recipient information or to otherwise properly claim an exemption from Japanese taxes imposed with respect to such payment, and (ii) such beneficial owner would not have been entitled to receive additional amounts with respect to such payment had Japanese taxes been withheld from the payment when it was made, such beneficial owner (but not any subsequent beneficial owner of the Notes, Receipts or Coupons) shall be required to reimburse the Issuer, in Japanese yen, for the amount remitted by the Issuer to the Japanese tax authority.

As used in these Conditions, “Relevant Date” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 13 that, upon further presentation of the Note (or respective Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts which may be payable under this Condition.

8 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof.

9 Events of Default

If any of the following events (an “Event of Default”) occurs, the holder of any Note may by written notice given to the Fiscal Agent, effective upon receipt thereof by the Fiscal Agent, declare that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which the Issuer hereby expressly waives, anything contained in these Conditions to the contrary notwithstanding, unless prior to the time when the Fiscal Agent receives such notice all Events of Default provided for herein in respect of the Notes shall have been cured:

- (i) *Non-Payment*: default is made for a period of more than 14 days in any payment of principal or interest in respect of any of the Notes as and when the same ought to be paid; or
- (ii) *Breach of Other Obligations*: default is made by the Issuer in the performance or observance of any other covenant, term or agreement of the Issuer under the Notes and such default is continuing for the period of 90 days after the date on which written notice of such default, requiring the Issuer to remedy the same, shall first have been given to the Issuer by any Noteholder; or
- (iii) *Cross-Default*: (A) the Bank becomes bound as a consequence of default by it in its obligations in respect of the same to repay prematurely any indebtedness for borrowed moneys contracted or incurred by it and such indebtedness exceeds ¥1,000,000,000 or its equivalent in another currency or currencies and such acceleration of maturity shall not have been stayed, rescinded or annulled within 10 days of the date on which written notice of such default is first given to the Fiscal Agent by the holder of any Note or (B) the Bank defaults in the repayment of such indebtedness (exceeding ¥1,000,000,000 or its equivalent in another currency or currencies) at the later of the maturity thereof or the expiration of any applicable grace period therefor or (C) the Bank fails to pay when properly called upon to do so any guarantee of indebtedness for borrowed moneys (exceeding ¥1,000,000,000 or its equivalent in another currency or currencies) given by it and such failure shall continue for a period of seven days; or
- (iv) *Winding-up*: the Bank disposes (otherwise than in the ordinary course of business) of the whole or a substantial part of its assets or a resolution is passed or an order is made by a court of competent jurisdiction that the Bank be wound up or dissolved (in each case, otherwise than for the purposes of or pursuant to an amalgamation, merger or reconstruction under which the rights of the holders of the Notes are not impaired and the continuing entity effectively assumes the entire obligation of the Issuer under the Notes); or
- (v) *Appointment of Receiver*: an encumbrancer takes possession or a trustee or a receiver is appointed of the whole or any material part of the assets or undertaking of the Bank; or
- (vi) *Enforcement Proceedings*: a distress, execution or seizure before judgement is levied or enforced upon or sued out against a part of the property of the Bank which is material in its effect upon the operations of the Bank and is not discharged within 60 days thereof; or
- (vii) *Insolvency*:
 - (A) the Bank stops payment or (otherwise than for the purposes of such an amalgamation, merger or reconstruction as is referred to in paragraph (iv) above) ceases or threatens to cease to carry on business or is unable to pay its debts as and when they fall due; or
 - (B) proceedings shall have been initiated against the Bank under any applicable bankruptcy or insolvency law and such proceedings shall not have been discharged or stayed within a period of 30 days; or
 - (C) the Bank shall initiate or consent to proceedings relating to themselves or either of them under any applicable bankruptcy or insolvency law (including proceedings seeking, with respect to the Bank, a decree of commencement of rehabilitation or reorganisation) or the Bank shall make a conveyance or assignment for the benefit of or enter into any composition with its creditors.

10 Meetings of Noteholders and Modification

(a) *Meetings of Noteholders*

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including modification by Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders of the Notes (including these Conditions). An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not, and on all relevant Couponholders, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereon, (ii) to reduce or cancel the nominal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps which as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, will only be binding if passed at a meeting of the Noteholders (or at any adjournment thereof) at which a special quorum (provided for in the Agency Agreement) is present.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

(b) *Modification of Agency Agreement*

Subject to the provisions in Condition 4(k), the Issuer shall only permit, without the consent of the Noteholders, any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

11 Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Fiscal Agent (in the case of Bearer Notes, Receipts, Coupons or Talons) and the Registrar (in the case of Certificates) or such other Paying Agent, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 13, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in these Conditions to “Issue Date” shall be the first issue date of the Notes) and so that the same

shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

13 Notices

Notices to the holders of Registered Notes will be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes will be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*) and so long as the Notes are listed on the Luxembourg Stock Exchange, published either on the website of the Luxembourg Stock Exchange (www.luxse.com) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Holders of Coupons and Receipts shall be deemed for all purposes to have notice of the contents of any notice to the holders of Bearer Notes in accordance with this Condition.

14 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note, Coupon or Receipt is due (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the currency of payment under the relevant Note, Coupon or Receipt which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, Coupon or Receipt, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgement, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgement or order.

15 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

16 Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The Courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with any Notes, Receipts, Coupons or Talons and, accordingly, any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“Proceedings”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Clause is for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Service of Process*

The Issuer irrevocably appoints the General Manager for the time being of SMBC Bank International plc, currently at 100 Liverpool Street, London, EC2M 2AT, as its agent, to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 13. Nothing shall affect the right to serve process in any manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global notes which are issued in CGN form and Global Certificates which are not to be held under the NSS may be delivered on or prior to the issue date of the Tranche to a common depositary for Euroclear and Clearstream, Luxembourg (the “Common Depositary”).

If the Global Note is a CGN, upon the initial deposit of a Global Note with the Common Depositary or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at the time.

Notes that are initially deposited with the Common Depositary may (if indicated by the relevant Final Terms) also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Provided that Notes are either issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable and that the method of their delivery has been agreed in advance by the Issuer, the Issuing and Authentication Agent and the relevant Dealer, Notes represented by a Global Note or by a Certificate that is not a Global Certificate may be delivered outside any clearing system upon their issue.

Relationship of Account holders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such clearing system (as the case may be) for its share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

1. *Temporary Global Notes*

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Summary of the Programme – Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if requested by a holder of Bearer Notes, for Definitive Notes.

2. *Permanent Global Notes*

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided below, in part for Definitive Notes:

- (i) unless a default notice has been given as referred to in “Events of Default” below, by the Issuer giving notice to the Noteholders and the Fiscal Agent of its intention to effect such exchange, unless principal in respect of any Notes is not paid when due;
- (ii) if the relevant Final Terms provide that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Fiscal Agent of its election for such exchange; and
- (iii) otherwise, (1) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an “Alternative Clearing System”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) on or following the giving of a default notice referred to in “Events of Default” below, by the holder giving notice to the Fiscal Agent of its election for such exchange or (3) with respect to Bearer Notes, upon request of a holder.

3. *Permanent Global Certificates*

If the Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (i) if the Notes represented by the Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) on or following the giving of a default notice referred to in “Events of Default” below; or
- (iii) with the consent of the Issuer;

provided that, in the case of the first transfer of part of a holding pursuant to (i) or (ii) above, the Registered Holder has given the Registrar not less than 30 days’ notice at its specified office of the Registered Holder’s intention to effect such transfer.

4. *Partial Exchange*

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes (i) on or following the giving of a default notice referred to in “Events of Default” below or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the relevant Final Terms) relating to Partly-paid Notes.

5. *Delivery of Notes*

Subject to the provisions contained therein and to the extent permitted by the applicable rules of the clearing systems in which such Global Note is held, a Global Note may be exchanged by its presentation and, on exchange in full, surrender to or to the order of the Issuing and Authentication Agent (i) (in the case of a temporary Global Note) for interests in a permanent Global Note or (ii) for Definitive Notes, in each case in an aggregate nominal amount equal to the nominal amount of the temporary Global Note submitted for exchange. In this Base Prospectus, “Definitive Notes” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in Schedule 2 to the Agency Agreement. Definitive Notes in bearer form will only be delivered in integral multiples of the minimum Specified Denomination. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and, in the case of a CGN, returned to the holder, together with the delivery of the relevant Definitive Notes.

6. *Exchange Date*

“Exchange Date” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of exchange following the giving of a default notice 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Authentication Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent while they are in global form, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of those provisions:

1. *Payments and Record Dates*

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose.

If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes.

If the Global Note is an NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered pro rata in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under an NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

For the purposes of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 6(h) (Non-Business Days).

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

2. Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7).

3. Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each minimum Specified Denomination of Notes for which such Global Note may be exchanged. (All holders of Registered Notes are entitled to one vote in respect of each Note comprising such Noteholder's holding, whether or not represented by a Global Certificate.)

4. Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

5. Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

6. Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented to a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg

(to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

7. *Noteholders' Options*

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is an NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that the nominal amount of the Notes recorded in those records shall be reduced accordingly.

8. *Events of Default / Event of Acceleration*

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 9 by stating in the notice to the Fiscal Agent the nominal amount of such Global Note that is becoming due and repayable.

If principal in respect of any Note is not paid when due, the holder of a Global Note or Registered Notes represented by a Global Certificate may elect for direct enforcement rights against its Issuer under the terms, as applicable, of the Deed of Covenant executed by SMBC on 31 August 2018 or the Deed of Covenant executed by SMFG on 31 August 2018 (the "Deeds of Covenant"), in each case as amended, supplemented and/or restated from time to time to come into effect in relation to the whole or a part of such Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Global Note or such Registered Notes, as the case may be, as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note or, as the case may be, the Global Certificate and the corresponding entry in the register kept by the Registrar will become void as to the specified portion or Registered Notes, as the case may be.

However, no such election may be made in respect of Notes represented by a Global Certificate unless the transfer of the whole or a part of the holding of Notes represented by that Global Certificate shall have been improperly withheld or refused.

9. *Notices*

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders or by delivery of the relevant notice to the holder of the Global Note, rather than by publication as required by the Conditions, except that so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (www.luxse.com) or in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*).

Partly Paid Notes

The provisions relating to Partly Paid Notes are not set out in this Base Prospectus, but will be contained in the relevant Final Terms and thereby in the Global Notes. For so long as any instalments of the subscription moneys due from the holder of Partly Paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be). In the event that any Noteholder fails to pay any instalment due on any Partly Paid Notes within the time

specified, the Issuer may be entitled to forfeit such Notes and shall have no further obligation to their holder in respect of them.

Electronic Consent and Written Resolution

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent in nominal amount of the Notes outstanding (an “Electronic Consent” as defined in the Agency Agreement) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the Special Quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons, Talons and Receipts whether or not they participated in such Electronic Consent; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by accountholders in the clearing system with entitlements to such Global Note or Global Certificate and/or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective.

- (i) the provision of debt or loan financing to its subsidiaries; or

- (4) Total credit cost = Provision for reserve for possible loan losses + Write-off of loans + Losses on sales of delinquent loans – Gains on reversal of reserve for possible loan losses – Recoveries of written-off claims.

SMBC's board of directors has ultimate responsibility for the administration of SMBC's affairs and SMBC's board of directors and its Audit and Supervisory Committee provide effective oversight of operations. In order to distinguish between operational management and oversight functions, SMBC has a Management Committee that is the highest decision-making body responsible for operational matters and is under the direct supervision of the board of directors and the Audit and Supervisory Committee. The President chairs the

Management Committee and appoints executive officers to it, and has the authority to make the final decision after considering the Management Committee's recommendations. The President designates members of the Management Committee to oversee the operations of certain head office departments and business units. The Chairman of the board of directors is prohibited from assuming direct responsibility for operational duties and his primary duty is to oversee and control the performance of operations.

In addition, SMBC operates an Internal Audit Unit that has responsibility for conducting internal audits on an objective basis in a process that is separate from the oversight provided by the board of directors and the Audit and Supervisory Committee. The Internal Audit Unit also acts independently from the business units.

The directors who are members of the Audit and Supervisory Committee are not required to be certified public accountants. They may not serve concurrently as executive directors, managers or any other type of employee for SMBC or for any of its subsidiaries, or as accounting advisors or corporate executive officers for any of the SMBC's subsidiaries. In addition, more than half of the directors who are members of the Audit and Supervisory Committee at any one time must be outside directors as defined under the Companies Act.

The Audit and Supervisory Committee members (who are not required to be and are not certified public accountants) have the statutory duty to examine the financial statements and business reports submitted by the board of directors to the shareholders. They also have the duty to supervise the administration by the directors of SMBC's affairs in accordance with the auditing policy and rules for the Audit and Supervisory Committee prescribed by the Audit and Supervisory Committee to prepare an audit report each year and to determine details of proposals concerning the appointment and dismissal of independent auditors and the refusal to reappoint independent auditors for submission to general meetings of shareholders. All directors who are Audit and Supervisory Committee members are elected, separately from other directors, by SMBC's shareholders at general shareholders' meetings. The normal term of office for directors who are not Audit and Supervisory Committee members is one year, and the normal term of office for directors who are Audit and Supervisory Committee members is two years, but any directors may serve any number of consecutive terms.

SMBC is required to appoint independent certified public accountants, whose appointment is approved at a general shareholders' meeting. The independent certified public accountants have the statutory duty to examine the financial statements prepared in accordance with the Companies Act and approved by the board of directors, and report their opinion thereon to the Audit and Supervisory Committee and to the designated directors for notification to the shareholders. Examination by independent registered public accountants of SMBC's financial statements is also required for the purpose of the securities report filed through the Kanto Local Finance Bureau to the Prime Minister for public inspection in accordance with the FIEA. SMBC's independent certified public accountants for these purposes are KPMG AZSA LLC.

Hong Kong Regulatory Guidelines

The banking industry in Hong Kong is regulated by and subject to the provisions of the Banking Ordinance and to the powers and functions ascribed by the Banking Ordinance to the Hong Kong Monetary Authority (the “HKMA”). The Banking Ordinance provides that only banks, which have been granted a banking license (“license”) by the HKMA, may carry on banking business (as defined in the Banking Ordinance) in Hong Kong and contains controls and restrictions on such banks (“licensed banks”).

The provisions of the Banking Ordinance are implemented by the HKMA, the principal function of which is to promote the general stability and effectiveness of the banking system, especially in the area of supervising compliance with the provisions of the Banking Ordinance. The HKMA supervises licensed banks through, among others, a regular information gathering process, the main features of which are as follows:

- each licensed bank must submit a monthly return to the HKMA setting out the assets and liabilities of its principal place of business in Hong Kong and all local branches and a further comprehensive quarterly return relating to its principal place of business in Hong Kong and all local branches. The HKMA has the right to allow returns to be made at less frequent intervals;
- The HKMA may order a licensed bank, any of its subsidiaries, its holding company or any subsidiaries of its holding company to provide such further information (either specifically or periodically) as it may reasonably require for the exercise of its functions under the Banking Ordinance or as it may consider necessary to be submitted in the interests of the depositors or potential depositors of the licensed bank concerned. Such information shall be submitted within such period and in such manner as the HKMA may require. The HKMA may also require a report by the licensed bank’s auditors (approved by the HKMA for the purpose of preparing the report) confirming whether or not such information or return is correctly compiled in all material respects;
- licensed banks may be required to provide information to the HKMA regarding companies in which they have an aggregate of 20 per cent or more direct or indirect shareholding or with which they have common directors or managers (as defined in the Banking Ordinance), the same controller (as defined in the Banking Ordinance), with common features in their names or a concert party arrangement to promote the licensed bank’s business;
- licensed banks are obliged to report to the HKMA immediately of their likelihood of becoming unable to meet their obligations;

- the HKMA may direct a licensed bank to appoint an auditor to report to the HKMA on the state of affairs and/or profit and loss of the licensed bank or the adequacy of the systems of control of the licensed bank or other matters as the HKMA may reasonably require; and
- the HKMA may, at any time, with or without prior notice, examine the books, accounts and transactions of any licensed bank, and in the case of a licensed bank incorporated in Hong Kong, any local branch, overseas branch, overseas representative office or subsidiary, whether local or overseas, of such licensed bank. Such inspections are carried out by the HKMA on a regular basis.

TAXATION

The following is a general overview based on current law and tax authority practice in the relevant jurisdiction and it should be treated with appropriate caution. Noteholders should consult their professional advisers.

Investors should note that tax treatments differ from jurisdiction by jurisdiction. Subject to Condition 7 (Taxation) of the relevant Terms and Conditions, investors will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including (without limitation) any state or local taxes or other similar assessment or charge that may be applicable to any payment in respect of the Notes.

United Kingdom

The comments below are of a general nature based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs practice (which may not be binding on HM Revenue & Customs) and are not intended to be exhaustive. They assume that none of the Issuers are UK resident or acting through a permanent establishment. Any Noteholders who are in doubt as to their own tax position should consult their professional advisers.

On the basis that payments of interest on the Notes are expected to have a United Kingdom source, there should be no withholding or deduction for or on account of United Kingdom income tax.

Japan

The following description of Japanese taxation (limited to national taxes) applies exclusively to interest and the redemption gain, meaning any difference between the acquisition cost of the Notes bearing interest at the Noteholder and the amount which the Noteholder receives upon redemption of such interest-bearing Notes issued by SMFG or SMBC outside Japan and payable outside Japan. It is not intended to be exhaustive and Noteholders and/or Couponholders are recommended to consult their tax advisers as to their exact tax position.

Interest payments on the Notes to (a) an individual resident of Japan or a Japanese corporation (except for (1) a Japanese financial institution or a Japanese financial instruments business operator designated by the Special Taxation Measures Act Enforcement Order (Cabinet Order No.43 of 1957, as amended, the “Cabinet Order”) pursuant to Article 6, Paragraph 11 of the Special Taxation Measures Act of Japan (Law No. 26 of 1957, as amended) (“Special Taxation Measures Act”) which has complied with the requirements under Article 6 of the Special Taxation Measures Act and (2) a Japanese corporation, a Japanese financial institution or a Japanese financial instruments business operator, etc. designated by Article 3-3, Paragraph 6 of the Special Taxation Measures Act which has complied with the Japanese tax exemption requirements under the said paragraph 6, receiving the interest payment through its payment handling agent in Japan as provided in the Article 3-3, Paragraph 1 of the Special Taxation Measures Act) or (b) an individual non-resident of Japan or a non-Japanese corporation that is in either case a person having a special relationship with the Issuer, as described in Article 6, Paragraph 4 of the Special Taxation Measures Act (a “specially-related person”) will be subject to withholding of Japanese income tax at a rate of 15 per cent under the Income Tax Law of Japan (Law No. 33 of 1965, as amended) (the “Income Tax Law”) plus 0.315 per cent of Special Reconstruction Income Tax that will be imposed until 31 December 2037, on the amount of such interest.

It should be noted that if the recipient of interest on the Notes is a Japanese corporation, the amount of such interest will be included in the recipient’s income which is subject to Japanese corporate tax under the Corporate Tax Law of Japan (Law No. 34 of 1965, as amended); provided that the amount of Japanese income

tax withheld under the Income Tax Law of Japan will be generally credited against the amount of Japanese corporate tax.

Under the Special Taxation Measures Act, payment of interest on the Notes outside Japan to a non-resident of Japan or a non-Japanese corporation (not being specially-related persons of the Issuer) for Japanese tax purposes will not be subject to withholding of Japanese income tax, if such recipient of interest establishes that it is a non-resident of Japan or a non-Japanese corporation (not being specially-related persons of the Issuer) in compliance with the requirements under the Special Taxation Measures Act as summarised below:

- (1) If the Notes or Coupons are deposited with an agent which handles the interest payments on the Notes as defined in the Cabinet Order (the “payment handling agent”) in accordance with the Cabinet Order, (A) the recipient of the interest provides such payment handling agent which holds the Notes or Coupons in its custody (the “payment handling custodian”) with information including, *inter alia*, its name and address and obtains confirmation from the payment handling custodian of the correctness of such information by presenting certain documentary or other evidence to such payment handling custodian; (B) such payment handling custodian notifies “Interest Recipient Information” (providing, *inter alia*, (i) that all recipients are non-residents of Japan or non-Japanese corporations (not being specially-related persons of the Issuer) (if applicable); (ii) the amount of the interest payable to the recipients which are non-residents of Japan or non-Japanese corporations (not being specially-related persons of the Issuer)) which is prepared by such payment handling custodian based on the information provided by the recipient, to the Issuer or (if the Notes or Coupons are further sub-deposited with another payment handling agent including a clearing organisation (the “sub-depositary”) by such payment handling custodian) through such sub-depositary to the Issuer, at the latest one day prior to the date on which such payment handling custodian receives from the Issuer the amount of the interest for the payment to the recipients; and (C) the Issuer prepares “Interest Recipient Confirmation” based upon Interest Recipient Information and submits it to the competent Japanese tax authority (the “tax authority”); or
- (2) If the Notes or Coupons are held otherwise than through a payment handling custodian, upon each payment of the interest on the Notes, the Noteholder files a “Claim for Exemption from Taxation” (providing, *inter alia*, the name and address of the recipient of the interest) with the tax authority through the Issuer or (if payment of interest is made through the payment handling agent) through the payment handling agent and the Issuer.

If the recipient of interest on the Notes is a non-resident of Japan or a non-Japanese corporation (not being specially-related persons of the Issuer), failure by such non-resident or non-Japanese corporation to comply with the above requirements will result in the withholding of Japanese income tax.

The above exemption from the withholding of Japanese income tax on the interest payments of the Notes is also applied to a Japanese financial institution or a Japanese financial instruments business operator designated by the Cabinet Order pursuant to Article 6, Paragraph 11 of the Special Taxation Measures Act which receives the interest on the Notes outside of Japan (i.e., receives the interest otherwise than through the payment handling agent in Japan), if certain procedural requirements are met.

However, in all cases mentioned above, interest on Notes issued by the Issuer of which the amount of interest is to be calculated by reference to certain indexes (as prescribed in the Cabinet Order relating to Article 6, Paragraph 4 of the Special Taxation Measures Act) relating to the Issuer, or a specially-related person of the Issuer will be subject to the 15 per cent (from and including 1 January 2013 to and including 31 December 2037, a rate of 15.315 per cent) withholding tax even if paid to an individual non-resident of Japan or a non-Japanese corporation that is not a specially-related person of the Issuer.

If the recipient of interest on the Notes is a non-resident of Japan or a non-Japanese corporation (not being specially-related persons of the Issuer) which complies with the above requirements and if such non-

resident or non-Japanese corporation has a permanent establishment within Japan and the receipt of interest is attributable to the permanent establishment of such non-resident or non-Japanese corporation (not being specially-related persons of the Issuer) within Japan, such interest will be subject to Japanese income tax or corporate tax, as appropriate, payable other than by way of withholding.

If the recipient of the redemption gain is a non-resident of Japan or a non-Japanese corporation (not being specially-related persons of the Issuer) having no permanent establishment within Japan or having a permanent establishment within Japan but the receipt of such redemption gain is not attributable to the business carried on within Japan by such non-resident or non-Japanese corporation (not being specially-related persons of the Issuer) through such permanent establishment, no income tax or corporate tax is payable with respect to such redemption gain. If the receipt of such redemption gain is attributable to the permanent establishment of such non-resident or non-Japanese corporation (not being specially-related persons of the Issuer) it within Japan, such redemption gain will be subject to Japanese income tax or corporate tax, as appropriate, payable other than by way of withholding.

If the recipient of the redemption gain is a Japanese corporation, the amount of such redemption gain will be included in the recipient's income which is subject to Japanese corporate tax under the Corporate Tax Law of Japan. Noteholders are recommended to consult its own tax advisor as to whether the tax payable charged in any country other than Japan will be entitled to foreign tax credit against Japanese tax payable.

If (i) subsequent to making a payment on the Notes, Receipts or Coupons without withholding or deduction of Japanese taxes the Issuer is required to remit to the Japanese tax authority any amount in respect of Japanese taxes that should have been withheld or deducted from such payment (together with any interest and penalties) due to the failure of the beneficial owner to provide accurate interest recipient information or to otherwise properly claim an exemption from Japanese taxes imposed with respect to such payment, and (ii) such beneficial owner would not have been entitled to receive additional amounts with respect to such payment had Japanese taxes been withheld from the payment when it was made, such beneficial owner (but not any subsequent beneficial owner of the Notes, Receipts or Coupons) shall be required to reimburse the Issuer, in Japanese yen, for the amount remitted by the Issuer to the Japanese tax authority.

Each purchaser of Notes in the initial distribution of such Notes is deemed to represent that it is, for Japanese tax purposes, an Eligible Investor (as defined in "Plan of Distribution").

Hong Kong

Withholding Tax

No withholding tax in Hong Kong is payable on payments of principal, premium on redemption of the Notes or interest in respect of the Notes or in respect of any capital gains from the sale of the Notes.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (a) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance (Cap. 112 of the Laws of Hong Kong) (the "Inland Revenue Ordinance")) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or

- (b) interest on the Notes is derived from Hong Kong and is received by or accrues to a corporation carrying on a trade, profession or business in Hong Kong; or
- (c) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or
- (d) interest on the Notes is received by or accrues to a corporation, other than a financial institution, and arises through or from carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the Inland Revenue Ordinance).

Where SMBC Hong Kong Branch is the Issuer, pursuant to the Exemption from Profits Tax (Interest Income) Order, interest income accruing to a person, other than a financial institution, on deposits (denominated in any currency and whether or not the deposit is evidenced by a certificate of deposit) placed with, inter alia, an authorised institution in Hong Kong (within the meaning of section 2 of the Banking Ordinance) is exempt from the payment of Hong Kong profits tax. This exemption does not apply, however, to deposits that are used to secure or guarantee money borrowed in certain circumstances. Provided no prospectus involving the issue of the Notes is registered under the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32 of the Laws of Hong Kong) (the “C(WUMP)O”), the issue of the Notes by the Hong Kong branch of SMBC is expected to constitute a deposit to which the above exemption from payment will apply.

Sums derived from the sale, disposal or redemption of Notes will be subject to Hong Kong profits tax where received by or accrued to a person (other than a financial institution) who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source unless otherwise exempted. Sums received by or accrued to a corporation, other than a financial institution, by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the Inland Revenue Ordinance) from the sale, disposal or other redemption of Notes will be subject to Hong Kong profits tax. The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed of.

Gains or profits received by or accrued to a financial institution from the sale, disposal or redemption of the Notes arising through or from the carrying on by the financial institution of its business in Hong Kong will be subject to profits tax.

In addition, the Inland Revenue (Amendment) (Taxation on Specified Foreign-sourced Income) Ordinance 2022 of Hong Kong (the “Amendment Ordinance”) which amended the provisions in relation to the foreign-sourced income exemption (“FSIE”) regime under the Inland Revenue Ordinance, came into effect on 1 January 2023. Under the new FSIE regime, certain foreign-sourced interest on the Notes accrued to an MNE entity (as defined in the Amendment Ordinance) carrying on a trade, profession or business in Hong Kong is regarded as arising in or derived from Hong Kong and subject to Hong Kong profits tax when it is received in Hong Kong. The Amendment Ordinance also provides for relief against double taxation in respect of certain foreign-sourced income and transitional matters.

In certain circumstances, Hong Kong profits tax exemptions (such as concessionary tax rates) may be available. Investors are advised to consult their own tax advisors to ascertain the applicability of any exemptions to their individual position.

Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes provided that either:

- (a) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or

- (b) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap.117 of the Laws of Hong Kong) (the “Stamp Duty Ordinance”).

If stamp duty is payable it is payable by the relevant Issuer on the issue of Bearer Notes at a rate of 3 per cent of the market value of the Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Notes. Stamp duty may be payable on any sale and purchase or change in beneficial ownership of Registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any sale and purchase or change in beneficial ownership of Registered Notes provided that either:

- (a) such Registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (b) such Registered Notes constitute loan capital (as defined in the Stamp Duty Ordinance).

If stamp duty is payable in respect of the sale and purchase of Registered Notes, it will be payable at the rate of 0.26 per cent (of which 0.13 per cent is payable by the seller and 0.13 per cent is payable by the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK\$5.00 on each instrument of transfer executed in relation to any transfer of the Registered Notes if the relevant transfer is required to be registered in Hong Kong.

FATCA Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. Each of the Issuers is a foreign financial institution for these purposes. A number of jurisdictions (including Japan) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, proposed regulations have been issued that provide that such withholding would not apply prior to the date that is two years after the date on which final regulations defining “foreign passthru payments” are published in the U.S. Federal Register. In the preamble to the proposed regulations, the U.S. Treasury Department indicated that taxpayers may rely on these proposed regulations until issuance of final regulations. Additionally, Notes issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

PLAN OF DISTRIBUTION

Subject to the terms and conditions contained in an amended and restated dealer agreement (as amended, supplemented and/or restated as at the Issue Date, the “Dealer Agreement”) dated 31 August 2023 between the Issuers and the Dealers, the Notes will be offered on a continuous basis by the Issuers to the Dealers, which expression shall include any person appointed as a Dealer for a specific issue. Such Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuers through the Dealers, acting as agents of the relevant Issuer. The Dealer Agreement also provides for Notes to be issued in Tranches which are jointly and severally underwritten by two or more Dealers.

The relevant Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The Issuers have also agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes.

Any agreement between the relevant Issuer and relevant Dealer(s) for the issue and subscription of Notes under the Dealer Agreement will be subject to certain conditions, and in certain circumstances the relevant Dealer(s) will be entitled to be released and discharged from its obligations to subscribe and pay for the Notes prior to payment for such Notes being made to the Issuer.

United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form (other than Notes having a maturity of one year or less) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended (the “Code”), and regulations thereunder.

Where the D Rules are specified in the relevant Final Terms as being applicable in relation to any Tranche of Notes, each Dealer will be required to represent, undertake and agree that:

- (i) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of section 4701 of the Code) (the “D Rules”) that it has not offered or sold and during the restricted period it will not offer or sell, Bearer Notes to a person who is within the United States or its possessions or to a United States person and it has not delivered and that it will not deliver within the United States or its possessions definitive Bearer Notes that are sold during the restricted period;
- (ii) it has, and throughout the restricted period, it will have in effect, procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

- (iii) if it is a United States person, it is acquiring the Notes for purposes of resale in connection with their original issuance and if it retains Bearer Notes for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(6) (or any successor rules in substantially the same form that are applicable for purposes of section 4701 of the Code); and
- (iv) with respect to each affiliate that acquires Notes from it for the purpose of offering or selling such Notes during the restricted period, it either: (a) repeats and confirms the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) of this paragraph on such affiliate's behalf; or (b) agrees that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) of this paragraph.

Bearer Notes issued in accordance with the D Rules with a maturity of more than one year, and any Coupons, Talons and Receipts with respect to such Bearer Notes will bear the following legend: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Section 165(j) and 1287(a) of the Internal Revenue Code of the United States".

Where the "C Rules" are specified in the relevant Final Terms as being applicable in relation to any Tranche of Notes, the Notes must, in accordance with their original issuance, be issued and delivered outside the United States and its possessions and, accordingly, each Dealer represents, warrants and undertakes to the Issuer that, in connection with the original issuance of the Notes:

- (i) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes within the United States or its possessions; and
- (ii) it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if it or such prospective purchaser is within the United States or its possessions and will not otherwise involve its United States office in the offer and sale of Notes.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of such Tranche, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to any person resident in Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the relevant Issuer and the Dealers following a change in or clarification of a relevant law, regulation, directive or practice. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Save as expressly stated on the front page hereof, no action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will comply with all relevant securities laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus, any other offering material or any Final Terms and none of the Issuers nor any other Dealer shall have any responsibility therefor.

Important Notice to Prospective Investors relating to the Hong Kong SFC Code

Prospective investors should be aware that certain intermediaries in the context of certain offerings of Notes pursuant to this Programme (each such offering, a “CMI Offering”), including certain Dealers, may be “capital market intermediaries” (“CMIs”) subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission of Hong Kong (the “SFC Code”). This notice to prospective investors is a summary of certain obligations the SFC Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMIs may also be acting as “overall coordinators” (“OCs”) for a CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of an Issuer, a CMI or its group companies would be considered under the SFC Code as having an association (“Association”) with such Issuer, the CMI or the relevant group company. Prospective investors associated with such Issuer or any CMI (including its group companies) should specifically disclose this when placing an order for the relevant Notes and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to the relevant CMI Offering, such order is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). If a prospective investor is an asset management arm affiliated with any relevant Dealer, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the relevant Dealer or its group company has more than 50% interest, in which case it will be classified as a “proprietary order” and subject to appropriate handling by CMIs in accordance with the SFC Code and should disclose, at the same time, if such “proprietary order” may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a “proprietary order”. If a prospective investor is otherwise affiliated with any relevant Dealer, such that its order may be considered to be a “proprietary order” (pursuant to the SFC Code), such prospective investor should indicate to the relevant Dealer when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a “proprietary order”. Where prospective investors disclose such information but do not disclose that such “proprietary order” may negatively impact the price discovery process in relation to the relevant CMI Offering, such “proprietary order” is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and

transfer of such information by the relevant Dealer and/or any other third parties as may be required by the SFC Code, including to the Issuer, any OCs, relevant regulators and/or any other third parties as may be required by the SFC Code, it being understood and agreed that such information shall only be used for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. Failure to provide such information may result in that order being rejected.

PRIIPs REGULATION – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]
