3(2) of the Prospectus Regulation. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. The validity of this Base Prospectus ends upon expiration on 29 December 2023.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined below) of Notes will be set out, in the final terms (the “**Final Terms**”) which, with respect to Notes to be listed on the Official List of the Euronext Dublin, will be delivered to the Euronext Dublin. The Notes have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), or any U.S. state securities laws, and may not be offered or sold within the United States or to, or for the account or benefit of, any U.S. person (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes will be offered and sold in offshore transactions outside the United States in reliance on Regulation S under the Securities Act. The Notes will be in bearer form and as such are subject to certain U.S. tax law requirements.

Amounts payable under the Notes may be calculated by reference to EURIBOR, SONIA, SOFR, €STR, CMS, PRIBOR, ROBOR, BUBOR, CIBOR, STIBOR and NIBOR which are respectively provided by the European Money Markets Institute (“**EMMI**”) for EURIBOR, the Bank of England for SONIA, the Federal Reserve Bank of New York for SOFR, the European Central Bank for €STR, ICE Benchmark Administration Limited (“**ICE**”) for CMS, Czech Financial Benchmark Facility s.r.o. for PRIBOR, the National Bank of Romania for ROBOR, Budapesti Értéktőzsde Zrt. As far as the Issuer is aware, the transitional provisions in Article 51 of the EU Benchmarks Regulation apply, such that each of ICE Benchmark Administration (as administrator of CMS) and The Swedish Financial Benchmark Facility (as administrator of STIBOR) is not currently required to obtain authorization/registration (or, if located outside the European Union, recognition, endorsement or equivalence). As far as the Issuer is aware, SONIA, SOFR, €STR and ROBOR do not fall within the scope of the EU Benchmarks Regulation by virtue of Article 2 of that Regulation.

The Issue Price will be determined by the relevant Issuer and the Guarantor (as applicable) in consultation with the relevant Dealer(s) at the time of the relevant Public Offer and will depend, amongst other things, on the interest rate applicable to the Notes and prevailing market conditions at that time. The offer price of such Notes will be the Issue Price or such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Notes to such Investor. Neither the Issuers nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the

For a description of additional restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including Italy), the United Kingdom and other jurisdictions, see “Plan of Distribution”.

IMPORTANT - EEA RETAIL INVESTORS - *If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2016/97/EU, (as amended or superseded, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.*

IMPORTANT – UK RETAIL INVESTORS - *If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act, 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.*

EEA MiFID II PRODUCT GOVERNANCE / TARGET MARKET - *The Final Terms in respect of any Notes will include a legend entitled “EEA MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “Distributor”) should take into consideration the*

target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

*A determination will be made in relation to each issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.*

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET - *The Final Terms in respect of any Notes will include a legend entitled “**UK MiFIR Product Governance**” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**Distributor**”) should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR product governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.*

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Notes issued as Green Bonds, Social Bonds, or Sustainability Bonds

None of the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as Green Bonds, Social Bonds, or Sustainability Bonds or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such “green”, “sustainable”, “social” or similar labels. None of the Dealers is responsible for the use of proceeds for any Notes issued as Green Bonds, Social Bonds, or Sustainability Bonds, nor the impact or monitoring of such use of proceeds. No representation or assurance is given by the Dealers as to the suitability or reliability of any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds, Social Bonds, or Sustainability Bonds, nor is any such opinion or certification a recommendation by any Dealer to buy, sell or hold any such Notes. In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated “green”, “sustainable”, “social” or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Dealers that such listing or admission will be obtained or maintained for the lifetime of the Notes. No representation or assurance is given by the Dealers as to the suitability or reliability of the “Mediobanca Green and Sustainable Bond Framework”. For the avoidance of doubt, the “Mediobanca Green and Sustainable Bond Framework” is not incorporated in and/or does not form part of this Base Prospectus.

STABILISATION

*In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s) (the “**Stabilising Manager(s)**”)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager) in accordance with all applicable laws and rules.*

*Notes may be issued on a continuous basis in series (each, a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each, a “**Tranche**”) on different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set forth in the relevant Final Terms, the form of which is set out in “**Form of Final Terms**” below.*

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed Euro 40,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into Euro at the date of the agreement to issue such Notes calculated in accordance with the provisions of the Dealer Agreement, as defined under “Plan of Distribution”). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

*In this Base Prospectus, unless otherwise specified or the context otherwise requires: references to “**Member State**” are references to Member States of the European Economic Area; references to the “**UK**” are references to the United Kingdom; references to “**\$**”, “**U.S.\$**”, “**USD**” and “**US Dollars**” are to the lawful currency of the United States of America; references to “**Euro**” are to the single currency introduced at the start of the third stage of the European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended; references to “**£**” “**GBP**” and “**Pounds Sterling**” are to the lawful currency of the United Kingdom; and references to “**Yen**” are to the lawful currency of Japan.*

*Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described herein or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the European Union and registered under Regulation (EU) No. 1060/2009, as amended (the “**CRA Regulation**”), or (2) issued by a credit rating agency established in the UK and registered under Regulation (EU) No. 1060/2009 on credit rating agencies, as it forms part of UK domestic law by virtue of the United Kingdom European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) but is endorsed by a credit rating agency which is established in the European Union and registered under the CRA Regulation, or (3) issued by a credit rating agency which is not established in the European Union but which is certified under the CRA Regulation, will be disclosed in the Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.*

Denomination:

Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Regulation will be €1,000 (or where the Notes are denominated in a currency other than euro, the equivalent amount in such other currency), provided that: (i) Senior Non Preferred Notes issued under the Programme will have a denomination of at least €150,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum denomination provided by applicable law from time to time, (ii) Subordinated Notes issued under the Programme will have a denomination of at least €200,000 (or, where the Subordinated Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum

Notes of one series may be consolidated with Notes of another Series, all as described in Condition 11 (*Further Issues and Consolidation*) of the Terms and Conditions of the English Law Notes or Condition 11 (*Further Issues and Consolidation*) of the Terms and Conditions of the Italian Law Notes.

Final Terms or Drawdown Prospectus:

Notes issued under the Programme may be issued either (i) pursuant to this Base Prospectus and the relevant Final Terms or (ii) pursuant to a Drawdown Prospectus. The terms and conditions applicable to any particular Tranche of Notes are the relevant Terms and Conditions of the Notes as completed by the relevant Final Terms or, as the case may be, the relevant Drawdown Prospectus.

References in this General Description of the Euro 40,000,000,000 Euro Medium Term Note Programme to the “Final Terms” shall, where applicable, be read as references to the Drawdown Prospectus relating to the Notes, as the case may be.

Form of Notes:

The Notes may be issued in bearer form only.

If the Notes are represented by one or more Global Notes, the relevant Final Terms will specify whether each Global Note is to be issued in New Global Note or in Classic Global Note form. Each Tranche of Notes will initially be represented by a Temporary Global Note or a Permanent Global Note which, in each case, will be deposited on or around the Issue Date: (a) in the case of Notes intended to be issued in Classic Global Note form, with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and/or deposited directly with Monte Titoli S.p.A. and/or any other centralised custodian appointed by the Issuers (together, the “Centralised Custodian”) and (b) in the case of Notes intended to be issued in New Global Note form, with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. No interest will be payable in respect of a Temporary Global Note except as described under “*Provisions Relating to the Notes While in Global Form*”.

Interests in Temporary Global Notes will be exchangeable for interests in Permanent Global Notes or, if so stated in the relevant Final Terms for Definitive Notes after the date falling 40 days after the Issue Date upon certification as to non-U.S. beneficial ownership. If specified in the relevant Final Terms, interests in Permanent Global Notes will be exchangeable for definitive Notes as described under “*Provisions Relating to the Notes While in Global Form*”. Definitive Notes will, if interest-bearing, have interest Coupons attached and, if appropriate, a Talon for further

Coupons and will, if the principal thereof is repayable by instalments, have payment Receipts attached.

If the Notes are issued and held in book-entry form, the Notes will not be represented by paper certificates and the transfer and exchange of Notes will take place exclusively through an electronic book-entry system managed by Monte Titoli S.p.A. or any other Centralised Custodian appointed by the Issuer. Accordingly, all Notes of the same tranche shall be deposited by their owners with an intermediary participant in the relevant Centralised Custodian. The intermediary will in turn deposit the Notes with the Centralised Custodian.

In such circumstances, it will not be possible for a Noteholder to obtain physical delivery of certificates representing the Notes.

Issue Price of the Notes:

Issue Price will be specified in the relevant Final Terms. Notes may be issued at their principal amount or at a discount or premium to their principal amount.

Type of Notes:

The Issuer may issue Notes of any kind, including but not limited to, Fixed Rate Notes, Reset Notes (in case of the Senior Preferred Notes and Subordinated Notes only), Floating Rate Notes and Zero Coupon Notes.

Notes will be redeemed by way of cash payment.

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms. The yield in respect of Fixed Rate Notes will be specified in the relevant Final Terms and will be calculated as internal rate of return (IRR) on the basis of the Issue Price, any Fixed Coupon and/or any Broken Amount.

Reset Notes:

If the Senior Preferred Notes and the Subordinated Notes are issued as Reset Notes, then such Reset Notes will, in respect of an initial period, bear interest at the initial fixed rate of interest specified in the relevant Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) specified in the relevant Final Terms by reference to a mid-market swap rate, as adjusted for any applicable margin, in each case, as may be specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest by reference to the benchmark as may be specified in the relevant Final Terms as adjusted for any applicable margin/multiplier.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their principal amount or at a discount or a premium to it and will not bear interest.

Interest Periods and Interest Rates for the Notes:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. The Senior Preferred Notes and the Subordinated Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Senior Preferred Notes and the Subordinated Notes to bear interest at different rates in the same interest period.

Redemption Amount for the Notes:

Notes may be redeemable at par or at such other Redemption Amount as may be specified in the relevant Final Terms.

Redemption by Instalments for the Notes:

The Final Terms issued in respect of each issue of Notes which are redeemable in two or more instalments will set out the date on which, and the amounts in which, such Notes may be redeemed.

Status of the Notes:

Notes may be issued by Mediobanca on a subordinated basis (the “**Subordinated Notes**”), senior non preferred basis (the “**Senior Non Preferred Notes**”) or senior preferred basis (the “**Senior Preferred Notes**”) and, together with the Senior Non Preferred Notes, the “**Senior Notes**”), as specified in the relevant Final Terms. In the event of a winding up, dissolution, liquidation or bankruptcy (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of Mediobanca, the payment obligations of Mediobanca under each Series of Senior Non Preferred Notes, and the relative Coupons as the case may be, will rank in right of payment (A) after unsubordinated creditors (including depositors and any holder of Senior Preferred Notes and their respective Coupons) of Mediobanca, including claims arising from the excluded liabilities within the meaning of Article 72a(2) of the CRR but (B) at least *pari passu* with all other present and future unsubordinated and non preferred obligations of Mediobanca which do not rank or are not expressed by their terms to rank junior or senior to such Series of Senior Non Preferred Notes and (C) in priority to any present or future claims ranking junior to such Series of Senior Non Preferred Notes (including any holder of Subordinated Notes) and the claims of shareholders of Mediobanca, in all such cases in accordance with the provisions of Article 91, paragraph 1-bis, letter c-bis of the Italian Banking Act

and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority, it being understood moreover that the obligations of Mediobanca under the Senior Non Preferred Notes will be subject to the Italian Bail-In Power.

All payments in respect of Notes, Receipts and Coupons by the Issuer or (as the case may be) the Guarantor under the Deed of Guarantee will be made without withholding or deduction for, or on account of, any taxes imposed by the Grand Duchy of Luxembourg or the Republic of Italy, as the case may be, unless such withholding or deduction is required by law. In that event, the Issuer or (as the case may be) the Guarantor will (save as provided in Condition 6 (*Taxation*) of the Terms and Conditions of the English Law Notes and Condition 6 (*Taxation*) of the Terms and Conditions of the Italian Law Notes) pay such additional amounts in respect of principal and interest in the case of Senior Notes (if permitted by MREL Requirements) and interest only in the case of Subordinated Notes as will result in the holders of Notes, Receipts or Coupons receiving such amounts as they would have received in respect to Notes, Receipts or Coupons had no such withholding or deduction been required.

However, as more fully set out in Condition 6 (*Taxation*) of the Terms and Conditions of the English Law Notes and of the Terms and Conditions of the Italian Law Notes, neither the Issuer nor (as the case may be) the Guarantor shall be liable, in certain circumstances, to pay any additional amounts to holders of Notes, Receipts or Coupons in relation to any payment on any Note, Receipt or Coupon with respect to any withholding or deduction for or on account of, *inter alia*, (i) substitute tax (*imposta sostitutiva*) pursuant to Legislative Decree No. 239 of 1 April 1996 (as subsequently amended “**Decree No. 239**”); and (ii) withholding tax on Notes qualifying as atypical securities (*titoli atipici*) for Italian tax purposes, pursuant to Law Decree No. 512 of 30 September 1983 (“**Decree No. 512**”).

Rating:

The rating of the Notes, if any, to be issued under the Programme will be specified in the applicable Final Terms.

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the European Union and registered under Regulation (EU) No. 1060/2009, as amended the (the “**CRA Regulation**”), or (2) issued by a credit rating agency established in the UK and registered under Regulation (EU) No. 1060/2009 on credit rating agencies, as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) but is endorsed by a CRA which is established in the European Union and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the European Union but which is certified under the CRA Regulation will be disclosed in the Final Terms. In general, EEA regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA or in the UK and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the United Kingdom and registered under the UK CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the United Kingdom but is endorsed by a credit rating agency established in the United Kingdom and registered under the UK CRA Regulation or (2) the rating is provided by a credit rating agency not established in the United Kingdom which is certified under the UK CRA Regulation. The European Securities and Markets Authority (“**ESMA**”) is obliged to maintain on its website a list of credit rating agencies registered and certified in accordance with the CRA Regulation, which may be found on the following page: at <http://www.esma.europa.eu/supervision/credit-rating-agencies/risk>.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. In purchasing Notes, investors assume the risk that the relevant Issuer and the Guarantor (if applicable) may become insolvent or otherwise be unable to make all payments due in respect of the Notes.

The Issuers have identified and described in this section a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. Most of these factors are contingencies that may or may not occur. However, the inability of the relevant Issuer or the Guarantor to pay interest or repay principal on the Notes may occur for other reasons which may not be considered significant risks by the relevant Issuer or the Guarantor based on the information currently available to them or which they may not currently be able to anticipate.

The risks that are specific to the Issuer are presented in 3 categories, and those specific to the Notes are presented in 2 categories, in each case with the most material risk factor presented first in each category and the remaining risk factors presented in an order which is not intended to be indicative either of the likelihood that each risk will materialise or of the magnitude of its potential impact on the business, financial condition and results of operations of the Issuers.

Prospective investors should also read the detailed information set out elsewhere and incorporated by reference in this Base Prospectus and consider carefully whether an investment in the Notes is suitable for them in the light of the information in this Base Prospectus and their personal circumstances, based upon their own judgement and upon advice from such financial, legal and tax advisers as they have deemed necessary, prior to making any investment decision.

Words and expressions defined in “Terms and Conditions of the English Law Notes” and “Terms and Conditions of the Italian Law Notes” or elsewhere in this Base Prospectus have the same meaning in this section. Prospective investors should read the whole of this Base Prospectus, including the information incorporated by reference. Unless otherwise specified, the term “Terms and Conditions” shall refer to both the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes and any reference to a “Condition” shall be to both a Condition under the Terms and Conditions of the English Law Notes and a Condition under the Terms and Conditions of the Italian Law Notes.

1. MATERIAL RISKS THAT ARE SPECIFIC TO THE ISSUERS AND THAT MAY AFFECT THE ISSUERS' ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE NOTES

The risks below have been classified into the following categories:

- (A) Risks related to the business of the Issuer and the Mediobanca Group and to the sector in which they operate;*
- (B) Risks related to the financial situation of the Issuers and of the Mediobanca Group;*
- (C) Risks related to legal and regulatory scenario.*

(A) RISKS RELATED TO THE BUSINESS OF THE ISSUER AND THE MEDIOBANCA GROUP AND TO THE SECTOR IN WHICH THEY OPERATE.

Systemic risks related to the economic/financial crisis, the impact of the current uncertainties in the macroeconomic scenario, and deriving from the Covid-19 pandemic and Russia/Ukraine conflict

The operations, earnings capacity and the stability of the sector of both the Issuer and the Mediobanca Group may be influenced by its/their credit standing, the general economic situation of the country of Italy and the entire Eurozone, trends on financial markets and the economic, social and financial consequences generated by the Covid-19 pandemic and the Russia/Ukraine conflict. With reference to financial markets, the solidity, resilience and growth prospects of the economies of the countries in which the Issuer operates in particular will be especially important.

The macroeconomic scenario is currently marked by considerable uncertainty in relation to: (a) the crisis generated by the pandemic, as described in more detail in the following sections; (b) the slowdown in the rate of growth

following the recession caused by the pandemic, aggravated by the increase in inflationary pressures; and (c) the Russia/Ukraine conflict, which has caused volatility on financial markets and driven a spiral of inflation, as described in more detail in the following sections.

In relation to point (a) above, the spread of new variants or a return of the virus itself could impact further on the economic, social and financial situation of Italy and thus indirectly on the credit quality, capitalization and profitability of the Issuer which operates primarily on the Italian domestic market. As at 30 June 2022, loan loss provisions amounted to €242.6 million (compared to €248.8 million as at 30 June 2021), while the Group's cost of risk stood at 48 bps (compared with the 52 bps as at 30 June 2021). It should also be noted that as at 30 June 2022, the additional provisions or overlays of the Mediobanca Group had been maintained, in an amount equal to €293.9 million. These overlays have been provided: (i) for sectors particularly exposed to the risks posed by the pandemic scenario (i.e. corporate finance, leasing and factoring) and application of exceptions to contracts or moratoria on mortgage loans and corporate and leasing exposures; and (ii) for the corporate, leasing and factoring loan books.

In relation to point (c) above, the conflict in Ukraine has generated strong tensions on the energy and commodities markets, and in particular has driven sharp increases in the prices of gas, cereals and fertilizers. The Eurozone Harmonized Index of Consumer Prices rose from 1.9% year-over-year ("YoY") at end-June 2021 to 8.6% YoY at end-June 2022 (net of energy components and food commodities, the increase in the HICP was from 0.9% YoY to 3.7% YoY, reaching 9.1% YoY (4.3% YoY) in August as a result of further increases in the cost of natural gas and energy commodities in particular.

The Bank of Italy's surveys of firms' prospects confirm the estimates of rising energy costs, and the relevant trend for production costs to increase as a consequence. In Italy, the average six-monthly inflation figure recorded at the start of the financial year was 1.0% YoY, which by end-2021 had trebled to 3.0% YoY, and doubled again by end-June 2022 to reach 6.7% YoY.

Although the Italian government has taken steps to find alternative energy suppliers in the Mediterranean basin and Africa, the country remains highly exposed due to its sizeable energy imports from Russia. In this scenario, the prospects for Italian growth continue to be strongly linked to developments in the Russia-Ukraine conflict and to the economic sanctions imposed on Russia in agreement with the allied countries.

Hence, as at the date of this Base Prospectus, the ongoing downward trend in the growth estimates for macroeconomic indicators, such as inflation, employment and private consumption indicators, coupled with the increase in volatility on financial markets, risks creating adverse repercussions on the earnings, capital and financial situation of the Issuer and/or on the Group.

Credit and counterparty risk

The business activities of both Mediobanca and the Group and their earnings and financial solidity depend also on the credit standing of their respective clients and counterparties.

Mediobanca is exposed to the risks traditionally associated with credit activity. Accordingly, breach by its customers of contracts entered into and their own obligations, or the possible failure to provide information or the provisions of incorrect information by them regarding their respective financial and credit situation, could impact negatively on the earnings, capital and/or financial situation of Mediobanca.

The Group's portfolio has no material direct exposures versus the Russian Federation or Ukraine.

As at 30 June 2022, the Mediobanca Group had a gross NPL ratio (i.e. gross non-performing loans as a percentage of gross total customer loans) of 2.5%, compared with 3.2% for the same ratio as at 30 June 2021.

As at 30 June 2022, gross non-performing loans totalled €1,327.3 million (compared to €1,597.1 million as at 30 June 2021), and represent 2.5% of total loans. The reduction is chiefly due to Corporate & Investment Banking, as a result of certain UTP positions exiting non-performing status, and to Consumer Finance, which, compared to the financial period ended on 30 June 2021, has shown exceptionally low default rates (some 30% below pre-Covid levels) despite the stricter forbearance and UTP classification rules. The prudent provisioning policy has continued (the coverage ratio has risen from 64.9% to 71%), which is reflected in the reduction in net NPLs, from €560.2 million to €384.4 million, and now represent under 1% of total loans (down from 1.2% to 0.7%). Net bad debts amounted to €53.5 million, and represent 0.1% of total loans, with a coverage ratio of 87.2%. Non-

performing loans do not include the NPLs acquired by the Group and managed by MBCredit Solutions, which during the financial year decreased from €383.7 million to €350.6 million.

With regard to loan concentration, as at 30 June 2022, gross aggregate exposures (including equity investments and those deriving from market risks) to a total of seven exposures were in excess of 10% of the regulatory capital (c.d. “*Patrimonio di Vigilanza di Classe I*”) totalled €8.9 billion (€6.7 billion, taking collateral and weightings into account). The seven positions involve one industrial group, one insurance company, and five banking groups.

As at 30 June 2022, moratoria outstanding – recording including those which expired at the end of the financial year but for which repayment resumed in the following months – involved loans in a total amount of €22.4 million (0.1% of total gross loans). The moratoria outstanding regard CheBanca! mortgage loans as to €19.6 million, and SelmaBipiemme Leasing leases as to €2.7 million.

It should also be noted that as at end-June 2022, new loans supported by public guarantee schemes totalled €124 million, the majority of which involved the parent company Mediobanca S.p.A. (a total of four deals with SACE backing were granted under the terms of the “Liquidity” decree, for a total exposure of €86 million). Of the other deals backed by guarantees, €31 million are attributable to CheBanca! (granted to Italian firms and professionals/freelance workers under the “Liquidity” Decree), €2 million to CMB Monaco (which has received government support for eight clients), and €5 million to SelmaBipiemme Leasing (granted to SMEs under the “Liquidity” Decree).

Risks related to the 2019-23 Strategic Plan

On 12 November 2019, Mediobanca’s Board of Directors approved its 2019-23 Strategic Plan (the “**Strategic Plan**”) – and unveiled it to the financial community on the same date – based on progress in terms of growth in revenues, earnings and shareholder remuneration, to the satisfaction of all the Bank’s stakeholders.

The Strategic Plan contains certain targets to be reached by end-June 2023 (the “**Plan Objectives**”) based on growth in high-profitability banking activities, more specifically the growth and development of all the Group’s divisions (Wealth Management, Consumer Banking and Corporate & Investment Banking).

As at the date of this Base Prospectus, the Plan Objectives and strategic targets were generally confirmed.

As at the date of this Base Prospectus, the Issuers’ capability to implement the actions and to meet the Plan Objectives depends on a number of circumstances, some of which are beyond the Issuers’ control, including, but not limited to, the macroeconomic scenario, which could be compromised by the consequences deriving from the Covid-19 pandemic, the Russia/Ukraine conflict, the changes in the regulatory framework, and the effects of specific actions or concerning future events which the Issuers are only partially able to influence. However, there is no certainty that the actions provided for in the Strategic Plan will result in the benefits expected from implementation of the Plan Objectives; if such benefits fail to materialize, the results expected by the Mediobanca may differ, even materially, from those envisaged in the Strategic Plan.

As at 30 June 2022, a dividend was paid to shareholders in an amount of €569.2 million, and the share buyback scheme was completed. The Board of Directors submitted a resolution to the approval of shareholders gathered in the Annual General Meeting held on 28 October 2022 proposing to pay a gross dividend of €0.75 per share, equal to a payout ratio of 70%, in line with the Strategic Plan guidance on the cumulative distribution target.

Market risk

The Issuers are subject to market risk, defined as the risk of the loss of value of the financial instruments, including sovereign debt securities, held by the Issuers as a result of movements in market variables (including, but not limited, interest rates, stock market prices and/or exchange rates) or other factors that could trigger a deterioration in the capital solidity of the Issuers and/or the Group. Mediobanca calculates the Value at Risk (“**VaR**”) on a daily basis. VaR is a measurement of the market risk associated with a financial asset, of the positions held in its trading book, assuming a disposal period of a single trading day and a confidence level of 99%. The other sensitivities (known as the “*Greeks*”) are measured in relation to risk factors such as interest rates, share prices, Exchange rates, credit spreads, inflation and volatility. Stress testing versus the main risk factors is also carried out, in order to pick up the impact which significant movements in the main market variables might have and *ad hoc* indicators are implemented to capture risks not measured by VaR.

Such fluctuations may be caused by political, economic and market considerations, the availability and cost of capital, the level and volatility of share and bond prices, the price of commodities, interest rates, credit spreads, the value of currencies and other market indicators, innovations and developments in the field of technology, the availability and cost of credit, inflation, and investors' perception of and confidence in financial markets.

The financial year ended at 30 June 2022 has been characterized by a generalized increase in volatility in all asset classes due primarily to the effects of the Covid-19 pandemic and to the Russia/Ukraine conflict.

The effects of the pandemic continue, both in terms of the slow progress made in rebuilding production chains, and because of the "zero Covid" policy adopted in China, which results in strict lockdown measures being imposed as soon as infections are recorded.

These have been compounded by the supply-side effects of the Russia/Ukraine conflict, which have been felt particularly strongly in Europe. The economic policy reaction in both the United States and Europe, based on support for aggregate demand, resulted in inflationary pressure which initially was considered to be temporary. The level of inflation and the possibility of the phenomenon which had started towards year-end 2021 persisting caused the central banks to take action, resulting in widespread increases in interest rates across the Western world. This drove a material increase in market interest rates and triggered volatility in forward rates. Stock markets reported consistent declines in the second half of the year, while commodity prices continued to remain high and also prone to strong volatility. As the conflict worsened, some breaches of the stop loss and VaR limits were recorded for certain financial instruments held by the Issuer.

The aggregate value-at-risk on the trading book for the year ended on 30 June 2022 ranged from a low of €3.6 million at the start of January 2022 to a high of €11.8 million recorded at the start of May 2022. The average reading of €6.1 million was 46% higher than the previous year's average (€4.2 million). After the high recorded in May 2022, VaR remained highly volatile during the month of June 2022, reflecting an average reading of €6.2 million.

Operational risk

Operational risk is defined as the risk of incurring losses as a result of the inadequacy or malfunctioning of procedures, staff and IT systems, human error or external events.

The Issuer is exposed to different types of operational risk. The event types most impacted by operational risk are originated by products sold to clients, commercial practices, the execution of operating processes, and frauds committed from outside the Group.

Although the Mediobanca Group has adopted a system for recording, assessing and monitoring operational risks with a view to preventing and containing them, it should be noted that unpredictable events or events otherwise beyond the control of the Issuers could occur, which could impact negatively on the Issuers' and the Group's operating results, activities and earnings, capital and/or financial situation, as well as on their reputation.

The operating losses recorded in the twelve months account for approximately 0.4% of total income. Although no material losses were generated, there was an increase in certain instances (classes) of operational risk, such as outsourcing risk.

Operational risk does not include compliance risk – identified by the Issuer as a relevant risk and included in the section on "Other risks" on p. 357 of the audited consolidated annual financial statements as at and for the year ended 30 June 2022, incorporated in this Base Prospectus by reference – strategic risk or reputational risk.

Risks related to climate/environmental changes

The Issuers and the Group are exposed to risks related to climate and environmental change, which includes two main risk factors, referred to as physical risk and transition risk. Physical risk can have an adverse effect on both the Group's assets (e.g. properties being damaged following severe weather events) and on those of its clients, with potential repercussions on, for example, assets used as collateral for loans granted. Transition risk can generate possible adverse repercussions on the performances of clients impacted by the transition to a low carbon emission-based and more sustainable economy.

Against the backdrop of a strongly and quickly changing regulatory scenario and the adoption by the European Commission of an ambitious package of measures to encourage the flow of capital towards sustainable activities throughout the European Union, the Mediobanca Group – since the start of 2021 – has launched a programme of ESG risk integration, disclosure and financial sustainability of products, and alignment to the European taxonomy regulation. Phase 1 was completed in June 2022, whereas Phase 2 has the following objectives: (i) performance of the actions included in the plan sent to the ECB in May 2021; (ii) completion of the process of adapting the Group's operations to meet the obligations introduced by the EU Sustainable Finance Disclosure Regulation (SFDR) and MiFID II; (iii) definition of the preparatory activities for making the first disclosure in relation to the Sustainable Finance Taxonomy Regulation (as defined below) based on the business areas impacted by the regulations.

In accordance with the climate change objectives included in its Strategic Plan, the Mediobanca Group, which was already a member of the so-called Global Compact, has also signed up to the Net-Zero Banking Alliance (NZBA), with the objective of achieving net zero emissions by 2050. Furthermore, the Mediobanca Group recognizes the importance of a balanced distribution of the value created from the activities it carries out *versus* its own stakeholders, value which the stakeholders themselves have directly or indirectly contributed towards creating; for this reason it has decided to publish the economic value it has generated and distributed, calculated in accordance with the Italian Banking Association's instructions by restating the various items of the consolidated profit and loss account.

The Mediobanca Group has been called to perform a stress test on climate risks operated by the European Central Bank in 2022 to identify the weaknesses of banks on risk factors related to climate change and whose results will be part of the 2022 Supervisory Review and Evaluation Process (“**SREP**”) prudential evaluation.

The possibility of the adoption of new policies for climate and environmental risk, the future development of the areas of intervention in ESG and sustainable growth terms, and changing consumer preferences and market confidence impacting adversely on the operating results and on the earnings, capital and/or financial situation of the Issuers and the Group cannot be ruled out.

IT and Cyber Risk

IT risk is defined as the risk of incurring losses in terms of earnings, reputation and market share in relation to the use of the company's information system and in relation to malfunctions in terms of hardware, software and networks.

Cyber risk is defined as a type of IT risk relating to cyber security aspects and involving risks deriving from cyber attacks.

Although they do not constitute new risks as such, significant exposure to them can doubtless be expected, because of the increasing dependence on computer systems (and the consequent increase in the numbers of users using online channels and interconnected devices), the growing quantity of data managed (which requires quality protection), and the increasing use of IT services provided by third parties.

It is also worth noting that, with update no. 40th of 3 November 2022, the Circular No. 285 was amended in order to implement the EBA Guidelines on ICT and security risk management. Among the others, as of 30 June 2023, Italian banks (thus including Mediobanca) would be required to set up a second-level control function to manage and monitor over the risks associated with ICT and security. Alternatively, upon bank's decision, such tasks may be assigned to the pre-existing risk management and control functions, in line with the roles, responsibilities and competences of each of those functions, and provided that the relevant monitoring and managing activities would be properly performed and the technical competences requirements would be duly met. Italian banks are required to submit to the Bank of Italy a communication, describing the planned steps to be taken and the arrangements to be implemented to be compliant with these recently introduced changes, by 1 September 2023.

(B) RISKS RELATED TO THE FINANCIAL SITUATION OF THE ISSUERS AND OF THE MEDIOBANCA GROUP

Liquidity Risk

Liquidity risk is defined as the risk of each Issuer not being able to meet its own payment obligations as and when they fall due, as a result of an inability to raise the necessary funds on the market (funding liquidity risk), or to difficulties in selling its own assets to meet them except by making a loss on them (market liquidity risk). Liquidity

risk has different timing profiles, as follows: (i) the current or potential of the each Issuer being unable to manage its own liquidity needs effectively in the short-term (so called liquidity risk); and (ii) the risk of each Issuer not having stable sources of funding over the medium and long term, making it unable to meet its own financial obligations without an excessive increase in the cost of funding (so called funding risk).

The Issuers' liquidity may be affected by: (i) volatility on domestic and International markets; (ii) adverse changes in the general economic scenario; (iii) market situations, such as it being temporarily impossible to access the market by issuing shares; and (iv) changes in the relevant Issuer's credit rating, i.e. its degree of earnings/financial reliability, which affects market liquidity risk as described above. All these circumstances could arise as a result of causes independent of the relevant Issuer, such as market turbulence, impacting negatively on its risk profile.

The Liquidity Coverage Ratio ("LCR") as at 30 June 2022 was 159% (compared to 158% as at 30 June 2021), including the prudential estimate of "additional liquidity outflows for other products and services" in accordance with Article 23 of Commission Delegated Regulation (EU) 2015/61; i.e. well above the minimum requirement of 100% set by the regulators as of 1 January 2018. The Net Stable Funding Ratio ("NSFR") as at 30 June 2022 stood at 115% (compared to 116% as at 30 June 2021); i.e. higher than the minimum requirement of 100% introduced starting from 2021.

The LCR and NSFR are liquidity indicators. The LCR serves to maintain a liquidity buffer that will enable the Issuers to survive for a period of thirty days in the event of exceptionally stressful circumstances, while the NSFR records structural liquidity, ensuring that assets and liabilities retain a sustainable structure in terms of maturities.

The Group's participation in TLTROs (i.e. operations whereby credit institutions in the Eurozone can receive finance for up to 3 years on advantageous terms, in order to improve credit market conditions and stimulate the real economy) with the European Central Bank (the "ECB") at 30 June 2022 amounted to €8.4 billion (€7.4 billion at 30 June 2021). The interest rate offered on this instrument was made attractive during the Covid-19 pandemic to address the downside risks associated with price stability. However, since 23 November 2022, the rate has had to be recalibrated in view of the persistent inflation, to normalize monetary policy.

Sovereign exposure risk

Mediobanca is exposed to movements in government securities, in particular to Italian sovereign debt securities.

As at 30 June 2022, the aggregate exposure to sovereign states held by the Mediobanca Group amounted to €4.3 billion, of which €1.14 billion booked at fair value, and €3.29 billion at amortized cost, with €0.3 billion in securities held by other banks in the Mediobanca Group. At the same date, the aggregate exposure to Italian government securities was €3.79 billion, representing 25.6% of the Group's total financial assets and 4% of the total assets (unchanged versus end-June 2021). The average duration of the exposures was approximately four years. As at 30 June 2021, the same exposure reflected a book value of €3.87 billion (€2.09 billion recognized at fair value and €1.78 billion at amortized cost).

Tensions in sovereign debt securities, with reference in particular to any deterioration in the spread on Italian government securities relative to those of other European member states, and any combined actions by the leading rating agencies that would result in the rating for Italian sovereign debt being downgraded to below investment grade level, may impact negatively on the Mediobanca's portfolio, its capital ratios and liquidity position.

Risk related to court and arbitration proceedings

The risk deriving from court and arbitration proceedings for Mediobanca consists of a reputational risk, i.e. the damages that Mediobanca could incur if one or more of the rulings in the court and arbitration proceedings in which Mediobanca is involved generates a negative perception of Mediobanca and/or the Group on the part of clients, counterparties, shareholders, investors or the supervisory authorities.

As at the date hereof, Mediobanca and its Group companies are not, or have not been, involved in proceedings initiated by the public authorities, legal disputes or arbitrations which could have or which have, in the recent past, had significant consequences for the Mediobanca's or the Group's financial position or profitability.

As at 30 June 2022, the main legal proceedings pending that involve Mediobanca include two claims for damages and thirteen tax disputes. It is believed that the provision for risks and charges (which as at 30 June 2022 amounted to €137.8 million), is sufficient to cover any charges relating to the cases that have been brought against

Mediobanca and the other Group companies, and to cover other contingent liabilities (as at 30 June 2022 the provision included €114 million for litigation and other contingent liabilities).

(C) RISKS RELATED TO LEGAL AND REGULATORY SCENARIO

Changes in the Italian and European regulatory framework could adversely affect the Issuer's business

Mediobanca is subject to extensive regulation and supervision by the Bank of Italy, the *Commissione Nazionale per le Società e la Borsa* (the Italian securities market regulator or “CONSOB”) the European Central Bank and the European System of Central Banks. Mediobanca International is subject to extensive regulation and supervision by the CSSF, the European Central Bank and the European System of Central Banks.

The banking laws to which the Issuers are subject govern the activities in which banks and foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Issuers must comply with financial services laws that govern their marketing and selling practices. The regulatory framework governing the international financial markets is currently being amended in response to the credit crisis, and new legislation and regulations are being introduced in Italy and the Grand Duchy of Luxembourg and could significantly alter the Issuers' capital requirements. In addition, any significant regulatory action against a member of the Mediobanca Group could lead to financial losses, as a result of regulatory fines, reprimands or litigations, and, in extreme scenarios, to the suspension of operations or even withdrawal of authorizations, thus having a material adverse effect on Mediobanca Group's business, results of operations and its financial condition, which would be reflected in the Mediobanca Group's consolidated results.

The supervisory authorities mentioned above govern various aspects of the Issuers, which may include, among other things, liquidity levels and capital adequacy, the prevention and combating of money laundering, privacy protection, ensuring transparency and fairness in customer relations and registration and reporting obligations. In order to operate in compliance with these regulations, the Issuers have in place specific procedures and internal policies. Despite the existence of these procedures and policies, there can be no assurance that violations of regulations will not occur, which could adversely affect the Group's results of operations, business and financial condition. The above risks are compounded by the fact that, as at the date of this Base Prospectus, certain laws and regulations have only been approved and the relevant implementation procedures are still in the process of being developed.

Risks related to major regulatory changes

Mediobanca is subject to extensive and strict EU and Italian regulation, which concerns and comprises supervisory activity by the competent authorities (i.e. the ECB, Bank of Italy and Consob). Such regulations - and this also applies to the supervisory activity - are subject to ongoing revisions and changes in practice. The applicable regulations govern the sectors in which banks may operate, in order to safeguard their stability and solidity, limiting the exposure to risk. In particular, Mediobanca and the banking companies of the Group are required to comply with the capital adequacy requirements instituted by the EU regulations and by Italian law. Furthermore, as a listed issuer, Mediobanca is also required to comply with the regulations provided by Consob in this area on subjects such as, *inter alia*, anti-money-laundering, usury and protection of consumer rights.

Any changes to the regulations and/or the means by which they are interpreted and/or applied by the competent authorities, could result in additional charges and obligations to be fulfilled by Mediobanca, which could impact negatively on such Issuer's operating results and its earnings, capital and financial situation.

Starting from 1 January 2014, a part of the supervisory rules has been amended on the grounds of the directions deriving from the so-called Basel III agreements, mainly with the purpose to significantly strengthen the minimum capital requirements, the restraint of the leverage degree and the introduction of policies and quantitative rules for the mitigation of the liquidity risk of the banks.

As at the date of this Base Prospectus, banks must meet the own funds requirements provided by article 92 of the CRD IV Regulation, as amended by the CRR II (as both defined below): (i) the Common Equity Tier 1 Ratio must be equal to at least 4.5 per cent. of the total risk exposure amount of the bank; (ii) the Tier 1 Ratio must be equal to at least 6 per cent. of the total risk exposure amount of the bank; (iii) the Total Capital Ratio must be equal to at least 8 per cent. of the total risk exposure amount of the bank; and (iv) the Leverage Ratio must be equal to at least 3 per cent. of the Tier 1 Ratio divided by the total exposures amount of the bank. In addition to

the minimum regulatory requirements, banks must meet the Combined Buffer Requirements (as defined below) provided by the CRD IV Directive (as defined below).

For a description of the CRD IV Package applicable to Mediobanca Group please see “*Regulatory Aspects – Basel III and CRD IV Package*”.

As for the capital requirements, the prudential provisions in force provide for minimum capitalisation levels. In particular, the banks are required to have a Common Equity Tier 1 (CET 1) ratio at least equal to 7% of the risk-weighted assets, a Tier 1 ratio equal at least to 8.5% of the risk-weighted assets and a Total Capital ratio equal at least to 10.5% of said risk-weighted assets (such minimum levels include the so-called "capital conservation buffer", namely a "buffer" of further mandatory capitalisation).

Mediobanca, as a bank of significant importance for the European financial system, is subject to direct supervision of the ECB. Following the SREP the ECB provides, on an annual basis, a final decision of the capital requirement that Mediobanca must comply with at consolidated level (the “**SREP Decision**”).

For the years 2021 and 2022, Mediobanca received a SREP Decision respectively on 17 November 2020 and on 24 January 2022. On 24 January 2022, Mediobanca has received the following minimum requirements to comply with:

• Minimum requirement (CRR Article 92)	8.00%
— of which CET1	4.50%
— of which T1	6.00%
— of which Total capital	8.00%
• P2R (SREP Decision)	1.58%
— of which CET1	0.89%
— of which T1	1.19%
— of which Total capital	1.58%
• Capital conservation buffer (CRD IV)	2.50%
• Minimum total CET1 requirement	7.89%
• Minimum total Tier 1 requirement	9.69%
• Minimum total capital requirement	12.08%

On 30 June 2021, in respect of Mediobanca the CET 1 ratio was 16.31%, the T1 ratio 16.31%, and the total capital ratio 18.91%, while as of 30 June 2022 the same ratios were 15.67%, 15.67% and 17.62%, respectively. The CET 1 ratio reduction is attributable to the buy back plan ended during the previous financial year. In terms of actual figures, as at 30 June 2022, the CET1 and Tier 2 totalled €7,894.3 million and €980.1 million respectively; the CET1 ratio stood at 15.67% (versus 16.31% at 30 June 2021). The ratio fully loaded without applying the Danish Compromise, i.e. with the Assicurazioni Generali deducted in full, and the IFRS 9 also fully applied, would be 14.50% (15.08% as at 30 June 2021), while the total capital ratio would decrease from 18.91% to 17.62% (16.69% fully loaded). Furthermore, as at 30 June 2022, risk-weighted assets (“**RWA**”s)¹ totalled €50,378.0 million, higher than the €47,159.3 million reported last year, as a result of the new prudential treatment for the Assicurazioni Generali investment (which added €1.4 billion) plus higher loans in CIB (up €700 million), Consumer Finance

¹ RWAs are calculated using the standard and internal ratings based (“IRB”) methods for credit risk; the standard method for market risk, and the basic method for operational risks.

(up €900 million), and Private Banking (up €400 million). Any deterioration in the above prudential requisites could impact, even significantly, on the integrity and operating performance of Mediobanca.

For 2023, no definitive communication has yet been received. The activities performed in 2022 in connection with the SREP should in any case entail a small increase in the capital requirement for Mediobanca imposed by the ECB, in view of the future uncertainties, and of the fact that such requirement has not been modified in the last few years.

For a description of the Pillar 2 requirements applicable to Mediobanca Group please see “*Regulatory Aspects – Capital Requirements*” of this Base Prospectus.

It should be noted that, on 12 March 2020, the ECB, taking into account the economic effects of the coronavirus (COVID-19), announced certain measures aimed at ensuring that banks, under its direct supervision, are still able to provide credit support to the real economy.

Considering that the European banking sector acquired a significant amount of capital reserves (with the aim of enabling banks to face with stressful situations such as the COVID-19), the ECB allows banks to operate temporarily below the capital level defined by the "Pillar 2 Guidance (P2G)" and the "capital conservation buffer (CCB)". Furthermore, the ECB expects these temporary measures to be further improved by an appropriate revision of the countercyclical capital buffer (CCyB) by the competent national authorities.

On 10 February 2022 the ECB announced that it did not see it as necessary to allow banks to operate below the level of capital defined by their Pillar 2 Guidance beyond December 2022, nor to extend beyond March 2022 the supervisory measure that allow them to exclude central bank exposure from their leverage ratios. Therefore, banks are: (i) expected to operate above Pillar 2 Guidance from 1 January 2023; (ii) re-include central bank exposures in leverage ratio from 1 April 2022; and (iii) have ample headroom above capital and leverage ratio requirements.

Moreover, due to the COVID-19 outbreak, with the Recommendation of 27 March 2020, the ECB recommended that at least until 1 October 2020 no dividends are paid out and no irrevocable commitment to pay out dividends is undertaken by the credit institutions for the financial year 2019 and 2020 and that credit institutions refrain from share buy-backs aimed at remunerating shareholders. The ECB decided to extend the recommendation on dividends until 30 September 2021 with the Recommendation ECB/2020/62 that repeals Recommendation ECB 2020/19 of 27 March 2020 and Recommendation ECB 2020/35 of 27 July 2020. On 23 July 2021, the ECB decided not to extend dividend recommendation beyond September 2021, but published a new Recommendation ECB/2021/31. In particular, Recommendation ECB/2021/31 states that the ECB considered that the reduced economic uncertainty allows the supervisory assessment of the prudence of bank's plans to distribute dividends and conduct share buybacks on an individual basis with a careful forward-looking assessment of capital plans in the context of the normal supervisory cycle.

As for the liquidity, the European rules envisage, inter alia, a short-term indicator (Liquidity Coverage Ratio or “**LCR**”), aimed at creating and maintaining a liquidity buffer able to allow the survival of the bank for a period of thirty days in case of serious market stress, and a structural liquidity indicator (Net Stable Funding Ratio or “**NSFR**”) with a temporal horizon longer than a year, introduced to ensure that the assets and liabilities have a sustainable maturity structure.

The Mediobanca Group's liquidity and long-term viability depends on many factors including its ability to successfully raise capital and secure appropriate financing. Should Mediobanca Group not be able to implement the approach to capital requirements it considers optimal in order to meet the capital requirements imposed by the CRD IV Package (as amended by the Banking Reform Package), it may be required to maintain levels of capital which could potentially impact its credit ratings, funding conditions and limit Mediobanca's growth opportunities.

Both indicators of the Mediobanca Group are widely above the minimum limits provided by the abovementioned provisions of law.

Furthermore, the Banking Reform Package introduced the financial Leverage Ratio, which measures the coverage degree of Class 1 Capital compared to the total exposure of the Mediobanca Group. Such index is calculated by considering the assets and exposures out of the budget. The objective of the indicator is to contain the degree of indebtedness in the balance sheets of the banks. The ratio is subject to a minimum regulatory limit of 3%.

The Mediobanca Group's leverage ratio, calculated without excluding exposures to central banks, on 30 June 2022 stood at 8.4% (9.1% as at 30 June 2021). The reduction since end-June 2021 is due to the increase in exposures due to the higher treasury assets.

Depending on the outcomes of the legislative process underway in Europe, Mediobanca might be compelled to adapt to changes in the regulations (and in their construction and/or implementation procedures adopted by the supervisory authorities), with potential adverse effects on its assets, liabilities and financial situation. In particular, investors should consider that supervisory authorities may impose further requirements and/or parameters for the purpose of calculating capital adequacy requirements or may adopt interpretation approaches of the legislation governing prudential fund requirements unfavourable to Mediobanca, with consequent inability of Mediobanca to comply with the requirements imposed and with a potential negative impact, even material, on the business and capital, economic and financial conditions.

In light of that, Mediobanca has in place specific procedures and internal policies - in accordance with the regulatory frameworks defined by domestic and European supervisory authorities and consistent with the regulatory framework being implemented at the European Union level - to monitor, among other things, liquidity levels and capital adequacy. Despite the existence of these procedures and policies, there can be no assurance that violations of regulations will not occur, which could adversely affect Mediobanca's results of operations, business and financial condition. In particular, as at the date of this Base Prospectus, the EU Banking Reform Package has been recently implemented in Italy and there is uncertainty as to its implementation and interpretation, and it is not yet clear what impact the changes introduced by the Banking Reform Package will have on Mediobanca's operations. Moreover, as at the date of this Base Prospectus, the Bank of Italy's authority to introduce a systemic risk buffer and borrower based measures has recently been introduced into the Circular No. 285 (as defined below) and there is uncertainty as to how (and if) the Italian regulator would exercise such authority. Therefore, it is not yet clear what impact these regulatory changes will have on Mediobanca's operations. Finally, as at the date of this Base Prospectus, the 2021 Reform Package (as defined below) has recently been proposed by the European Commission and there is uncertainty as to adoption and implementation, and it is not yet clear how and to what extent this legislative proposal may impact on Mediobanca's operations.

For a description of the Banking Reform Package applicable to Mediobanca Group please see "*Regulatory Aspects – Revision to the CRD IV Package*".

In this context, a few other relevant provisions are the implementation of Directives 2014/49/EU (*Deposit Guarantee Schemes Directive*) of 16 April 2014 and the adoption of the (EU) Regulation no. 806/2014 of the European Parliament and the Council of 15 July 2014 (*Single Resolution Mechanism Regulation*, – so-called "**SRMR**"), which may determine a significant impact on the economic and financial position of the Mediobanca and the Mediobanca Group, as such rules set the obligation to create specific funds with financial resources that shall be provided, starting from 2015, by means of contributions by the credit institutions.

Investors should also consider that it cannot be excluded that in the future Mediobanca may be required, in particular in light of external factors and unforeseeable events outside its control and/or after further requests by the supervisory authority, to implement capital enhancement interventions; there is also a risk that Mediobanca may not be able to achieve and/or maintain (both at individual and consolidated level) the minimum capital requirements provided for by the legislation in force from time to time or established from time to time by the supervisory authority in the times prescribed therein, with potential material negative impact on its business and capital, economic and financial condition.

In these circumstances, it cannot be excluded that Mediobanca may be subject to extraordinary actions and/or measures by competent authorities, which may include, inter alia, the application of the resolution tools as per the BRRD Decrees (as defined below). In particular, the impact of the resolution tools provided for by the BRRD Decrees on the rights of the Noteholders are further described in the section "*Regulatory Aspects*". In this respect, please see "*Regulatory Aspects - The Bank Recovery and Resolution Directive*" and see "*Regulatory Aspects – Revision to the BRRD framework*" of this Base Prospectus.

On 15 October 2013, the Council of the European Union adopted the Council Regulation (EU) No. 1024/2013 granting specific tasks to the ECB as per prudential supervision policies of credit institutions (the "**SSM Regulation**") in order to establish a single supervisory mechanism (the "**Single Supervisory Mechanism**" or "**SSM**"). From 4 November 2014, the SSM Regulation has given the ECB, in conjunction with the national regulatory authorities of the Eurozone and participating Member States, direct supervisory responsibility over "banks of significant importance" in the Eurozone.

In this respect, "banks of significant importance" include any Eurozone bank in relation to which (i) the total value of its assets exceeds €30 billion or – unless the total value of its assets is below €5 billion – the ratio of its total assets over the national gross domestic product exceeds 20%; (ii) is one of the three most significant credit institutions established in a Member State; (iii) has requested, or is a recipient of, direct assistance from the European Financial Stability Facility or the European Stability Mechanism; (iv) is considered by the ECB to be of significant relevance where it has established banking subsidiaries in more than one participating Member State and its cross-border assets/liabilities represent a significant part of its total assets/liabilities.

Notwithstanding the fulfilment of the relevant criteria, the ECB, on its own initiative after consulting with each national competent authority or upon request by a national competent authority, may declare an institution significant to ensure the consistent application of high-quality supervisory standards. Mediobanca has been classified as a significant supervised entity within the meaning of Regulation (EU) No. 468/2014 of the European Central Bank of 16 April 2014 establishing the framework for co-operation within the Single Supervisory Mechanism between the European Central Bank and each national competent authority and with national designated authorities (the “**SSM Framework Regulation**”) and, as such, is subject to direct prudential supervision by the ECB in respect of the functions granted to ECB by the SSM Regulation and the SSM Framework Regulation.

For further details, please see “*Regulatory Aspects*”. In this respect, please see “*Regulatory Aspects – ECB Single Supervisory Mechanism*”.

Mediobanca undertakes to comply with the set of laws and regulations applicable to the Group. Failure to do so, or changes to the regulations and/or to the means of interpreting and/or applying them made by the competent national regulatory authorities could entail possible adverse impacts (including the possibility of legal proceedings being initiated against the Group) on the operating results and on the earnings, capital and financial situation of Mediobanca and the Group.

Risks related to changes in the regulations on non-performing loans

Mediobanca, in its capacity as Issuer, is bound to comply and align itself with changes in the regulation on non-performing exposures (“**NPEs**”), at both national and supranational levels. Despite undertaking to meet the deadlines for alignment and comply with the new obligations introduced, the ongoing changes in the regulations and/or ways in which they are interpreted and/or applied by the competent authorities, could give rise to new charges and obligations on the part of Mediobanca, with a potentially negative impact on such Issuer’s operating results and its earnings, capital and financial situation. In particular fresh regulatory capital may be absorbed, resulting in changes to the capital ratios.

The recently introduced banking reforms as well as other laws and regulations that may be adopted in the future could adversely affect the Issuer’s business, financial condition, results of operations and cash flow.

Risks related to changes in fiscal law

The Issuers are subject to risks associated with changes in tax law or in the interpretation of tax law, changes in tax rates and consequences arising from non-compliance with procedures required by tax authorities. Any legislative changes affecting the calculation of taxes could therefore have an impact on the Issuers’ financial condition, results of operations and cash flow.

With particular reference to Mediobanca, Mediobanca is required to pay Italian corporate income taxes (“**IRES**”) pursuant to Title II of Italian Presidential Decree no. 917 of 22 December 1986 (*i.e.* the Consolidated Income Tax Law, or “**TUIR**”) and the Italian regional business tax (“**IRAP**”) pursuant to Legislative Decree no. 446 of 15 December 1997, and the amount of taxes due and payable by Mediobanca may be affected by tax benefits from time to time available.

Mediobanca can benefit from the stimulus provisions introduced by way of article 1 of Italian Law Decree no. 201 of 6 December 2011, as amended and converted into Law no. 214 of 22 December 2011, concerning “economic-growth allowances” (*aiuto alla crescita economica*, or “**ACE**”) if all the conditions provided by the above-mentioned Law are met. The ACE rules allow for a deduction from net income for the purposes of IRES of an amount computed by applying a notional yield at a rate of 1.3% from 2019 onwards to the increase in net equity (the “**ACE Base**”). The ACE base is, for the first year of application of ACE (*i.e.* 2011), the amount of equity existing at close of that year less the amount of equity as of 31 December 2010 (excluding profits earned

in 2010) and, for subsequent years, the base carried forward from the previous year as adjusted (increased and reduced) to reflect components affecting equity.

In accordance with article 3 of the Italian Ministerial Decree of 3 August 2017 revising the implementing provisions of the ACE legislation, if the amount of the notional yield (*i.e.* the ACE deduction) exceeds net income declared for a given tax year (the “**Excess ACE**”), such excess (i) may increase the amount deductible from income in subsequent tax years without time or amount limits, or (ii) may be converted into a tax credit calculated by applying the IRES tax rate, as per article 77 of the TUIR, to the Excess ACE amount and then utilised in five annual instalments of equal amount as an offset to IRAP up to the amount of tax due for the period.

From time to time, the Italian budget law may also include provisions that affect the deductibility of particular items that could result in an increase in the taxable income of the Issuer for IRES and/or IRAP purposes, either in general or for specific tax period(s).

The transposition of the Anti-Tax Avoidance Directives in Luxembourg law could have an impact on the tax position of Mediobanca International (including its performance)

As part of its anti-tax avoidance package, and to provide a framework for a harmonised implementation of a number of the BEPS conclusions across the EU, the EU Council adopted Council Directive (EU) 2016/1164 (the “**ATAD 1**”) on 12 July 2016. The EU Council further adopted Council Directive (EU) 2017/952 (“**ATAD2**” and, together with the ATAD1, “**ATAD**”) on 29 May 2017, amending the EU Anti-Tax Avoidance Directive 1, to provide for minimum standards for counteracting hybrid mismatches involving EU member states and third countries.

In this respect, the Luxembourg law dated 21 December 2018 (the “**ATAD 1 Law**”) transposed the ATAD 1 into Luxembourg legislation. Amongst the measures contained in the ATAD 1 Law is an interest deductibility limitation rule.

The interest deduction limitation rule set out by ATAD 1 has been implemented in article 168bis of the Luxembourg income tax law (“**LITL**”) effective as of 1 January 2019, which restrict, for a Luxembourg taxpayer, the deduction of net interest expenses qualifying as “exceeding borrowing costs” to the higher of (i) 30 per cent. of the taxpayer’s EBITDA and (ii) €3 million.

Exceeding borrowing costs are defined as the amount by which the deductible borrowing costs of a taxpayer exceeds the taxpayer’s taxable interest revenues and other economically equivalent taxable income of the taxpayer. Exceeding borrowing costs not deductible in a tax period can be carried forward indefinitely. The same applies to a taxpayer’s excess interest capacity which cannot be used in a given tax period (however, such excess interest capacity can only be carried forward for a maximum period of 5 years).

Financial undertakings, such as credit institutions, are excluded from the scope of the interest limitation rule, hence, considering that Mediobanca International is a credit institution within the meaning of the law dated 5 April 1993, it is not impacted by this interest limitation rule.

EU Anti-Tax Avoidance Directives also contain rules relating to so-called hybrid mismatches. Luxembourg implemented the anti-hybrid mismatch rules under ATAD 2 in article 168ter of the LITL with effect as of 1 January 2020, except for the measures related to reverse hybrid mismatches which will apply as from fiscal year 2022.

As per article 168ter of the LITL, a hybrid mismatch arises when a payment between entities located in different states results in a double deduction or a deduction without inclusion. In the event of a double deduction, the deriving hybrid mismatch should be adjusted by denying the deduction at the level of either (i) the payee or (ii) the payor (provided that the deduction has not already been denied at the level of the payee). In the event of a deduction without inclusion, the deriving hybrid mismatch shall be adjusted by means of either (i) the denial of the deduction at the level of the payor or (ii) the inclusion of the payment in the taxable income of the payee (provided that the deduction has not already been denied at the level of the payor).

A hybrid mismatch occurs only if it arises either (i) between “associated enterprises” or in the case of “acting together”, (ii) a taxpayer and an associated enterprise, (iii) head office and permanent establishment, (iv) two or more permanent establishments of the same entity or (v) in the case of a structured arrangement.

The impact of ATAD2 depends on the tax treatment at the level of the relevant holder of Notes and may alter the tax position and hence the performance of Mediobanca International.

2. MATERIAL RISKS THAT ARE SPECIFIC TO THE NOTES

The risks below have been classified into the following categories:

- (A) *Risks which are material for the purpose of assessing the market risks associated with the Notes; and*
- (B) *Risks related to the market.*

(A) RISKS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH THE NOTES

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) proceed with investment only after fully appreciating the risks inherent in the nature of the Notes;
- (ii) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (iii) evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) consider all of the risks of an investment in the Notes, including Notes with payments thereunder payable in one or more currencies, or where the currency for payments thereunder is different from the potential investor's currency;
- (vi) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes; and
- (vii) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

In addition, an investment in Senior Non Preferred Notes may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in “*Risks related to the structure of a particular issue of Notes*” set out below.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments.

They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios.

A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular Issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. This section contains risk factors which are material to the Notes being offered and/or admitted to trading.

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes or may be perceived to be able to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The relevant Issuer may redeem Notes when its cost of borrowing is lower than the interest rate on the Notes.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Redemption for taxation reasons

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the relevant Issuer (i) would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Grand Duchy of Luxembourg or Italy (as appropriate) or any political subdivision thereof or any authority therein or thereof having power to tax or (ii) would become subject to additional amount of taxes due to limitation to the deductibility of payments under any Notes), the Issuer may redeem all outstanding Notes in accordance with the Conditions.

At those times, an investor generally would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(c) (*Redemption for taxation reasons*) of the Terms and Conditions of the English Law Notes and 4(c) (*Redemption for taxation reasons*) of the Terms and Conditions of the Italian Law Notes (as the case may be), as well as Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Notes as of the relevant redemption date.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the relevant Issuer may elect to convert, in accordance with the provisions of the Terms and Conditions of the English Law Notes and/or the Terms and Conditions of the Italian Law Notes (as the case may be), from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

To the extent that Multiplier or Reference Rate Multiplier applies in respect of the determination of the Interest Rate for the Floating Rate Notes, investors should be aware that any fluctuation of the underlying floating rate will be amplified by such multiplier. Where the Multiplier or Reference Rate Multiplier is less than 1, this may adversely affect the return on the Floating Rate Notes.

Maximum/Minimum Interest Rate

Potential investors in the Senior Preferred Notes and the Subordinated Notes should also consider that where the underlying interest rate does not rise above the level of the Minimum Interest Rate, comparable investments in notes which pay interest based on a fixed rate which is higher than the Minimum Interest Rate are likely to be more attractive to potential investors than an investment in the Senior Preferred Notes and the Subordinated Notes. Under those conditions, investors in the Senior Preferred Notes and the Subordinated Notes might find it difficult to sell their Senior Preferred Notes and the Subordinated Notes on the secondary market (if any) or might only be able to realise the Senior Preferred Notes and the Subordinated Notes at a price which may be substantially lower than the nominal amount.

To the extent a Maximum Interest Rate applies, investors should be aware that the Interest Rate is capped at such Maximum Interest Rate level. Consequently, investors in the Senior Preferred Notes and the Subordinated Notes may not participate in any increase of market interest rates, which may also negatively affect the market value of the Senior Preferred Notes and the Subordinated Notes.

The interest rate on Reset Notes

If the Senior Preferred Notes and the Subordinated Notes are issued as Reset Notes, then such Reset Notes will initially bear interest at the Initial Rate of Interest from and including the Interest Commencement Date up to but excluding the First Reset Date. On the First Reset Date, the Second Reset Date (if applicable) and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Mid-Swap Rate and the First Margin or Subsequent Margin (as applicable) as determined by the Calculation Agent on the relevant Reset Determination Date (each such interest rate, a “**Subsequent Reset Rate of Interest**”). The Subsequent Reset Rate of Interest for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate of Interest for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing notes with comparable maturities.

Risks related to Senior Notes

Redemption due to MREL Disqualification Event

Subject to Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be), if Redemption due to MREL Disqualification Event is specified in the applicable Final Terms, the Senior Notes may be redeemed at the option of the relevant Issuer, in whole, but not in part, at any time (if the Senior Note is not a Floating Rate Note) or on any Interest Payment Date (if the Senior Note is a Floating Rate Note) upon the occurrence of a MREL Disqualification Event (as defined in Condition 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the English Law Notes and 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the Italian Law Notes) with respect to the relevant Series of Senior Preferred Notes and/or Senior Non Preferred Notes.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Senior Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision*

in relation to redemption, purchase or modification of the Notes) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Senior Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Senior Notes as of the relevant redemption date.

Variation of the terms and conditions of the Senior Notes

In relation to any series of Senior Notes, if Modification following a MREL Disqualification Event is specified as applicable in the applicable Final Terms, the relevant Issuer may upon the occurrence of a MREL Disqualification Event and/or in order to ensure the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*) modify the terms and conditions of such Senior Notes without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no MREL Disqualification Event would exist after such modification or the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), **provided that** the relevant conditions set forth in Condition 9(d) (*Modification following a MREL Disqualification Event*) of the Terms and Conditions of the English Law Notes and 9(d) (*Modification following a MREL Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case may be) are satisfied. For details, see Condition 9(d) of the Terms and Conditions of the English Law Notes and 9(d) (*Modification following a MREL Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case may be).

Investors should be aware that, where the terms and conditions of such Senior Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholder.

Risks related to the Senior Non Preferred Notes

Italian laws and regulations applicable to the Senior Non Preferred Notes were recently enacted

On 1 January 2018, the Italian law No. 205 of 27 December 2017 (so-called “*Legge di Bilancio 2018*”) came into force introducing certain amendments to the Legislative Decree No. 385 of 1 September 1993 (the “**Italian Banking Act**”), including the possibility for banks and companies belonging to banking groups to issue senior non-preferred securities (the so-called “*strumenti di debito chirografario di secondo livello*”).

In particular, the so-called “*Legge di Bilancio 2018*” introduced, *inter alia*, a new provision in the Italian Banking Act (i.e., Article 12-bis (*Strumenti di debito chirografario di secondo livello*)) providing that securities (*obbligazioni* and *altri titoli di debito*) with a senior non-preferred ranking issued by banks and companies belonging to banking groups shall comply with the following requirements:

- (i) the original maturity period is at least equal to twelve months;
- (ii) are not derivative securities (*strumenti finanziari derivanti*) (as defined in Article 1, paragraph 3 of the Legislative Decree No. 58 of 24 February 1998, as amended (the “**Financial Services Act**”)), are not linked to derivative securities, nor include any characteristics of such derivative securities;
- (iii) the minimum denomination is at least equal to EUR 150,000 (or such other minimum denomination provided by applicable law from time to time); and
- (iv) the prospectus and the agreements regulating the issuance of senior non-preferred securities expressly provide that payment of interests and reimbursement of principal due in respect thereof are subject to the provisions set forth in of Article 91, paragraph 1-bis, letter c-bis of the Italian Banking Act.

Furthermore, paragraph 1105 of the so-called “*Legge di Bilancio 2018*” set out that securities qualifying as “*strumenti di debito chirografario di secondo livello*” may only be offered to qualified investors (*investitori qualificati*), as referred to in Article 100, letter a), of the Financial Services Act as implemented by Article 34-ter, first paragraph, letter b) of Regulation No. 11971/1999 and the relevant applicable provisions set forth in CONSOB Regulation No. 20307 of 15 February 2018.

According to Article 91, paragraph 1-bis, letter c-bis of the Italian Banking Act, in case an issuer of senior non-preferred securities is subject to compulsory liquidation (*liquidazione coatta amministrativa*), the relevant payment obligations in respect thereof will rank in right of payment (A) after unsubordinated creditors (including

depositors), (B) at least *pari passu* with all other present and future unsubordinated and non preferred obligations which do not rank or are not expressed by their terms to rank junior or senior to such senior non-preferred securities and (C) in priority to any present or future claims ranking junior to such senior non-preferred securities and the claims of the shareholders.

Furthermore, Article 12-*bis* of the Italian Banking Act also provides that:

- (A) the provisions set forth in Article 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act shall apply to such senior non-preferred securities only to the extent that the requirements described in paragraphs (i), (ii) and (iv) above have been complied with; any contractual provision which does not comply with any of the above requirements is invalid but such invalidity does not imply the invalidity of the entire agreement;
- (B) the senior non-preferred securities, once issued, may not be amended in a manner that the requirements described in paragraphs (i), (ii) and (iv) above are not complied with and that any different contractual provision is null and void; and
- (C) the Bank of Italy may enact further regulation providing for additional requirements in respect of the issuance and the characteristics of senior non-preferred securities.

Any prospective investor in the Senior Non Preferred Notes should be aware that with reference to Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act, as at the date of this Base Prospectus, no interpretation of the application of such provisions has been issued by any Italian court or governmental or regulatory authority and no regulation has been issued by the Bank of Italy in respect thereof. Consequently, it is possible that any regulation or official interpretation relating to the above will be issued in the future by the Bank of Italy or any different authority, the impact of which cannot be predicted by the Issuer as at the date of this Base Prospectus.

Risk of classification of the Senior Non Preferred Notes as “strumenti chirografari di secondo livello”

The intention of Mediobanca is for Senior Non Preferred Notes to qualify on issue as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements. Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide) a confirmation prior to the issuance of the Senior Non Preferred Notes that the Senior Non Preferred Notes will comply with such provisions.

Although it is Mediobanca's expectation that the Senior Non Preferred Notes qualify as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-*bis* and 91, paragraph 1-*bis*, letter c-*bis* of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements (as defined in Condition 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the English Law Notes and 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case may be) there can be no representation that this is or will remain the case during the life of the Senior Non Preferred Notes.

The Senior Non Preferred Notes are complex instruments that may not be suitable for certain investors

Senior Non Preferred Notes are novel and complex financial instruments and may not be a suitable investment for certain investors. Each potential investor in the Senior Non Preferred Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Senior Non Preferred Notes, including the possibility that the entire principal amount of the Senior Non Preferred Notes could be lost. A potential investor should not invest in the Senior Non Preferred Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Senior Non Preferred Notes will perform under changing conditions, the resulting effects on the market value of the Senior Non Preferred Notes, and the impact of this investment on the potential investor's overall investment portfolio.

Senior Non Preferred Notes are new types of instruments for which there is no trading history

Prior to the adoption of the so-called *Legge di Bilancio 2018* and its entry into force, Italian issuers were not able to issue senior non-preferred securities. Accordingly, there is no trading history for securities with this ranking. Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non Preferred Notes. If so, investors may incur losses in respect of their investments in the Senior Non Preferred Notes.

The Senior Non Preferred Notes are senior non-preferred obligations and are junior to certain obligations

In order to be eligible to satisfy the provisions of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority and also qualify as eligible liabilities available to meet the MREL Requirements (as defined in Condition 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the English Law Notes and 4(h) (*Redemption due to MREL Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case may be), Senior Non Preferred Notes will be subordinated to existing senior debt and Senior Preferred Notes in the event that Mediobanca is subject to compulsory liquidation (*liquidazione coatta amministrativa*). As a result, the default risk on the Senior Non Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Preferred Notes) and other senior liabilities (such as wholesale deposits).

Although Senior Non Preferred Notes may pay a higher rate of interest than comparable Senior Preferred Notes which are not issued on a senior non preferred basis, there is a greater risk that an investor in Senior Non Preferred Notes will lose all or some of its investment should Mediobanca become subject to compulsory liquidation (*liquidazione coatta amministrativa*). Thus, such holders of Senior Preferred Notes face an increased performance risk compared to holders of Senior Preferred Obligations.

If a judgment is rendered by any competent court declaring the judicial liquidation of Mediobanca, or if Mediobanca is liquidated for any other reason, the rights of payment of the holders of Senior Non Preferred Notes will be subordinated to the payment in full of the senior preferred creditors of Mediobanca and any other creditors that are senior to the Notes. In the event of incomplete payment of senior preferred creditors and other creditors ranking ahead of the claims of the holders of Senior Non Preferred Notes, the obligations of the Issuer in connection with the principal of the Senior Non Preferred Notes will be terminated. The Noteholders shall be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer.

Credit rating which may be assigned to the Senior Non Preferred Notes

The Senior Non Preferred Notes, upon issue, may be rated by one or more credit rating agencies. Such credit rating may be lower than the Mediobanca's credit rating, since reflect the increased risk of loss in the event of the Mediobanca's insolvency. As a result, Senior Non Preferred Notes are likely to be rated by one or more credit rating agencies close to the level of subordinated debt and as such may be subject to a higher risk of price volatility than the Senior Preferred Notes.

In addition, the rating may change in the future depending on the assessment, by one or more credit rating agencies, of the impact on the different instrument classes resulting from the modified liability structure following the issuance of the Senior Non Preferred Notes.

Moreover, rating organisations may seek to rate any Senior Non Preferred Notes on an "unsolicited" basis and, if such "unsolicited ratings" are lower than the comparable ratings assigned to such Senior Non Preferred Notes on a "solicited" basis, such shadow or unsolicited ratings could have an adverse effect on the value of any Senior Non Preferred Notes.

Risks related to the Subordinated Notes

Subordinated Notes are subordinated obligations

If Mediobanca is declared insolvent and a winding up is initiated, or in the event that the Issuer becomes subject to an order of “*liquidazione coatta amministrativa*” as defined in Italian Banking Act, it will be required to pay the holders of senior debt (including the holders of the Senior Preferred Notes and the Senior Non Preferred Notes) and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, Mediobanca may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes, in addition, the timing of any such payment may not be forecasted at the date of this Base Prospectus.

Furthermore, the BRRD provides for a Member State as a last resort, after having assessed and applied the resolution tools (including the general bail-in tool) to the maximum extent practicable whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the burden sharing requirements of the EU state aid framework and the BRRD. As an exemption from these principles, the BRRD allows for three kinds of extraordinary public support to be provided to a solvent institution without triggering resolution: 1) a State guarantee to back liquidity facilities provided by central banks according to the central banks' conditions; 2) a State guarantee of newly issued liabilities; or 3) an injection of own funds in the form of precautionary recapitalisation. In the case of precautionary recapitalisation EU state aid rules require that shareholders and junior bond holders (such as holders of the Subordinated Notes) contribute to the costs of restructuring.

As a result, Subordinated Notes may be subject to a partial or full write-down or conversion to Common Equity Tier 1 instruments of the Issuer or one of the Group's entities or another institution. Accordingly, trading behaviour may also be affected by the threat that non-viability loss absorption (or the general bail-in tool) may be applied to Subordinated Notes or the burden sharing requirements of the EU state aid framework and the BRRD may be applied and, as a result, Subordinated Notes are not necessarily expected to follow the trading behaviour associated with other types of securities. Noteholders should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest if the non-viability loss absorption (or the general bail-in tool) is applied to the Subordinated Notes or the burden sharing requirements of the EU state aid framework and the BRRD are applied or that such Subordinated Notes may be converted into ordinary shares which ordinary shares may be of little value at the time of conversion.

Italian Legislative Decree No. 193 of 8 November 2021 implementing BRRD II in Italy and published on 30 November 2021 in the *Gazzetta Ufficiale* has transposed Article 48(7) of BRRD II under Article 91, paragraph 1-bis), letter c-ter) of the Italian Banking Act. Such provisions states that (i) if an instrument is only partly recognised as an own funds item, the whole instrument shall be treated in insolvency as a claim resulting from an own funds item and shall rank lower than any claim that does not result from an own funds item and (ii) if an instrument is fully disqualified as own funds item, it would cease to be treated as a claim resulting from an own funds item in insolvency and, consequently, would improve their ranking with respect to any claim that results from an own funds item (such as the Subordinated Notes). In light of this new provision, if certain Tier II instruments of the Issuer were to be disqualified in full as own funds items in the future, their ranking would improve *vis-à-vis* the rest of the Tier II instruments and, in the event of a liquidation or bankruptcy of the Issuer, the Issuer would, *inter alia*, be required to pay subordinated creditors of the Issuer, whose claims arise from liabilities that no longer fully or partially are recognised as an own funds instrument, in full before it can make any payments on the Subordinated Notes.

For a full description of the provisions relating to Subordinated Notes, see Condition 2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the English Law Notes and Condition 2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the Italian Law Notes.

In addition the Subordinated Notes expose investors to higher risks compared with certain other investments such as government bonds. Investors should therefore be aware that a comparison between the yield offered by the Subordinated Notes and those offered by other securities may not be meaningful or appropriate.

Regulatory classification of the Subordinated Notes

The intention of Mediobanca is for Subordinated Notes to qualify on issue as “*Tier II Capital*”. Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide) a confirmation prior to the issuance of Subordinated Notes that the Subordinated Notes will be treated as such.

Although it is Mediobanca's expectation that the Subordinated Notes qualify as "*Tier II Capital*" there can be no representation that this is or will remain the case during the life of the Subordinated Notes or that the Subordinated Notes will be grandfathered under the implementation of future EU capital requirement regulations. If the Subordinated Notes are not grandfathered, or for any other reason cease to qualify (in whole or in part) as "*Tier II Capital*", Mediobanca will have the right (if so specified in the applicable Final Terms) to redeem the Subordinated Notes in accordance with Condition 4(g) (*Redemption due to Tier II Notes Disqualification Event*) of the Terms and Conditions of the English Law Notes and 4(g) (*Redemption due to Tier II Notes Disqualification Event*) of the Terms and Conditions of the Italian Law Notes (as the case may be). Any redemption of Subordinated Notes issued by Mediobanca is subject to the prior approval of the Bank of Italy.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and Condition 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes and, in any case, the relevant redemption amount of the Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Subordinated Notes as of the relevant redemption date.

Notes may be subject to loss absorption

Investors should note that, in certain circumstances, Senior Notes may be the object of resolution tools. Investors should also be aware that, in addition to the general bail-in-tool, the BRRD contemplates that Subordinated Notes may be subject to a write-down or conversion into common shares at the point of non-viability should the Bank of Italy, the Central Bank of Ireland or other authority or authorities having prudential oversight of Mediobanca at the relevant time be given the power to do so. The BRRD is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing.

Moreover, in the context of these resolution tools, the resolution authorities have the power to amend or alter the maturity of certain debt instruments (such as the Senior Notes and Subordinated Notes) issued by an institution under resolution or amend the amount of interest payable under such instruments, or the date on which the interest becomes payable, including by suspending payment for a temporary period. As a result, the implementation of the directive or the taking of any action under it, as well as any perceived increase likelihood of application of such powers, could materially affect the value of any Notes.

Additionally, there may be material tax consequences for holders of Subordinated Notes as a result of such write-down or conversion, and holders should consult their own tax advisors regarding such potential consequences.

Redemption due to Tier II Notes Disqualification Event

Subject to Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be), if Redemption due to Tier II Notes Disqualification Event is specified in the applicable Final Terms, the Subordinated Notes may be redeemed at the option of the relevant Issuer, in whole, but not in part, at any time (if the Subordinated Note is not a Floating Rate Note) or on any Interest Payment Date (if the Subordinated Note is a Floating Rate Note) upon the occurrence of a Tier II Notes Disqualification Event after the date of issue of the relevant Subordinated Notes.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Subordinated Notes at its option, the exercise of such right is subject to the provisions set forth in Conditions 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of

the Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Subordinated Notes as of the relevant redemption date.

Variation of the terms and conditions of Subordinated Notes

In relation to any series of Subordinated Notes, if Modification following a Tier II Notes Disqualification Event or a Tax Event is specified as applicable in the applicable Final Terms, the relevant Issuer may upon the occurrence of a Tier II Notes Disqualification Event or a Tax Event and/or in order to ensure the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*) modify the terms and conditions of such Subordinated Notes without any requirement for the consent or approval of the Noteholders to the extent that such modification is reasonably necessary to ensure that no Tier II Notes Disqualification Event or Tax Event would exist after such modification or the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), **provided that** the relevant conditions set forth in Condition 9(e) (*Modification following a Tier II Notes Disqualification Event or a Tax Event*) of the Terms and Conditions of the English Law Notes and Condition 9(e) (*Modification following a Tier II Notes Disqualification Event or a Tax Event*) of the Terms and Conditions of the Italian Law Notes are satisfied. For details, see Condition 9(e) (*Modification following a Tier II Notes Disqualification Event or a Tax Event*) of the Terms and Conditions of the English Law Notes and Condition 9(e) (*Modification following a Tier II Notes Disqualification Event or a Tax Event*) of the Terms and Conditions of the Italian Law Notes.

Pursuant to Condition 9(f) of the Terms and Conditions of the English Law Notes and Condition 9(f) of the Terms and Conditions of the Italian Law Notes, in case the Notes have been distributed to a single holder (the “**Single Holder**”), the approval for the amendments under Condition 9(a),(b),(c),(d) and (e) shall be given by the Single Holder by way of binding approval letter with prior delivery of the relevant proof of ownership of the relevant Note.

Investors should be aware that, where the terms and conditions of such Subordinated Notes are varied, Noteholders may, as a result, among other things, be assessed as a class rather than individually, and any tax consequences may be borne by the Noteholder.

No gross up on withholding tax

To the extent that the relevant Issuer or the Guarantor is required by law to withhold or deduct any present or future taxes of any kind imposed or levied by or on behalf of the Republic of Italy or the Grand Duchy of Luxembourg (as appropriate), the relevant Issuer or the Guarantor may not be under an obligation to pay any additional amounts to Noteholders according to and subject to the provisions set forth in Condition 6(a) (*Gross Up*) of the Terms and Conditions of the English Law Notes and Condition 6(a) (*Gross Up*) of the Terms and Conditions of the Italian Law Notes.

Waiver of set-off

As specified in Condition 2(b) (*Status of the Senior Preferred Notes*), Condition 2(c) (*Status of the Senior Non Preferred Notes*) and Condition 2(d) (*Status of the Subordinated Notes*) of the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes, each holder of a Note will unconditionally and irrevocably waive any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have under the laws of any jurisdiction in respect of such Note.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Resolution Power and contractual recognition of the BRRD

Under the BRRD framework any Relevant Authority has the power to apply "resolution" tools if the Issuer is failing or likely to fail, as an alternative to compulsory liquidation proceedings. Specifically, these tools are: (1) the sale of business assets or shares of the Issuer; (2) the establishment of a bridging institution; (3) the separation of the unimpaired assets of the Issuer from those which are deteriorated or impaired; and (4) a bail-in, through write-down/conversion into equity of regulatory capital instruments (including the Subordinated Notes) as well as other liabilities of the Issuer (including the Senior Preferred Notes and the Senior Non-Preferred Notes) if the

relevant conditions are satisfied and in accordance with the creditors' hierarchy provided under the relevant provisions of Italian law.

Furthermore, Article 33a of BRRD II introduces a new pre-resolution moratorium tool as a temporary measure in an early stage and new suspension powers, which the resolution authority can use within the resolution period. Any suspension of activities can, as stated above, result in the partial or complete suspension of the performance of agreements (including any payment or delivery obligation) entered into by the respective credit institution. The exercise of any such power or any suggestion of such exercise could materially adversely affect the rights of the holders of securities issued by the Issuers, the price or value of their investment in any such security and/or the ability of the credit institution to satisfy its obligations under any such security.

In particular, by its acquisition of a Note (whether on issuance or in the secondary market), each holder of the Notes acknowledges, accepts, agrees to be bound by and consents to the exercise of any resolution power by a Relevant Authority that may result in (i) the cancellation of all, or a portion, of the principal amount of, or interest on, the Notes and/or the conversion of all, or a portion, of the principal amount of, or interest on, the Notes into equity or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Notes and/or (ii) the cancellation of the Guarantee or the modification of any of its terms, in each case to give effect to the exercise by a Relevant Authority of such resolution power. Each holder of the Notes acknowledges, accepts and agrees that its rights as a holder of the Notes or beneficiary of the Guarantee are subject to, and will be varied, if necessary, so as to give effect to, the exercise of any such power by any Relevant Authority. The exercise of the resolution power by the Relevant Authority will not constitute an event of default under the Notes.

The exercise of any resolution power, which could result in the Notes being written down or converted into equity pursuant to such statutory measures, or any suggestion of such exercise could, therefore, materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes, the ability of the Issuer to satisfy its obligations under the Notes, and may have a negative impact on the market value of the Notes.

Change of law

The English Law Notes and the Italian Law Notes and any non-contractual obligations arising out of or in connection with the relevant Notes will be governed by, and shall be construed in accordance with, respectively, English law or Italian Law, in effect as at the date of this Base Prospectus, **provided that (I)** in case of Notes issued by Mediobanca, Conditions 2(b) (*Status of the Senior Preferred Notes*), 2(c) (*Status of the Senior Non Preferred Notes*), 2(d) (*Status of the Subordinated Notes*), 4(b) (*Maturities/Final Redemption*), 4(g) (*Redemption due to Tier II Notes Disqualification Event*), Condition 4(h) (*Redemption due to MREL Disqualification Event*), 8 (*Events of Default*) and 16 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) of the Terms and Conditions of the English Law Notes, are governed by, and shall be construed in accordance with, Italian law; **(II)** in case of Senior Preferred Notes issued by Mediobanca International, Conditions 2(b) (*Status of the Senior Preferred Notes*), 4(b) (*Maturities/Final Redemption*), Condition 4(h) (*Redemption due to MREL Disqualification Event*) and Condition 16 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) of the Terms and Conditions of the English Law Notes or Conditions 2(b) (*Status of the Senior Preferred Notes*), 4(b) (*Maturities/Final Redemption*), Condition 4(h) (*Redemption due to MREL Disqualification Event*) and Condition 14 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) or the Terms and Conditions of the Italian Law Notes, are governed by, and shall be construed in accordance with, Luxembourgish law. No assurance can be given as to the impact of any possible judicial decision or change to English law and/or Italian law, or administrative practice after the date of this Base Prospectus.

Call options are subject to the prior consent to the Relevant Authority

The Notes may also contain provisions allowing the relevant Issuer to call them upon the occurrence of certain events, including, *inter alia*, in case of MREL Disqualification Event (applicable to the Senior Preferred Notes and the Senior Non Preferred Notes) or after a period of, for example, twelve months (in case of the Senior Non Preferred Notes) and - in the case of Tier II Notes Disqualification Event (applicable to the Subordinated Notes) - five years. To exercise such call options, the relevant Issuer must obtain the prior written consent of the Relevant Authority in accordance with applicable laws and regulations, including article 77(b) and 78 of the CRD IV, and the provisions of Condition 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes.

Holders of such Notes have no rights to call for the redemption of such Notes and should not invest in such Notes in the expectation that such a call, based upon its evaluation of the regulatory capital position of the relevant Issuer and certain other factors at the relevant time and in accordance with applicable laws and regulations, including Article 77(b) and 78 of the CRD IV.

There can be no assurance that the Relevant Authority will permit such a call. Holders of such Notes should be aware that they may be required to bear the financial risks of an investment in such Notes for a period of time in excess of the minimum period.

At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Senior Notes and/or the Subordinated Notes (as the case may be) being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time. In addition, if the relevant Issuer has the right to redeem any Notes at its option, the exercise of such right is subject to the provisions set forth in Condition 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the English Law Notes and 4(m) (*Special provision in relation to redemption, purchase or modification of the Notes*) of the Terms and Conditions of the Italian Law Notes (as the case may be) and, in any case, the relevant redemption amount of the Senior Notes and/or Subordinated Notes to be redeemed may be lower than the amount corresponding to the then current market value of such Senior Notes and/or Subordinated Notes as of the relevant redemption date.

There may be limited or no Event of Defaults under the Notes

Pursuant to Condition 8 (*Events of Default*) of the Terms and Conditions of the English Law Notes and Condition 8 (*Events of Default*) of the Terms and Conditions of the Italian Law Notes, the Events of Default, being events upon which the Noteholders may declare the Notes to be immediately due and payable, are limited to circumstances in which the Issuer is wound up or dissolved, except for the purposes of, and pursuant to, or in connection with, a reconstruction, amalgamation, reorganisation, merger, de-merger, consolidation, deconsolidation or disposal of assets.

Accordingly, Noteholders will not be able to accelerate the payment of principal in respect of the Notes if the relevant Issuer fails to meet any obligations under such Notes, including the payment of any interest. Upon a payment default, the sole remedy available to holders of such Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

Risk relating to the governing law of the Italian Law Notes

The Terms and Conditions for the Italian Law Notes are governed by Italian law and Condition 15 (*Law and Jurisdiction*) of the Terms and Conditions for the Italian Law Notes provides that contractual and noncontractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, Italian Law. In case the Notes are in global form, the Global Notes representing the Italian Law Notes provide that all contractual and non-contractual obligations arising out of or in connection with the Global Notes representing the Italian Law Notes are governed by Italian law, save for the form and transferability of the Global Notes which are governed by English law. Furthermore, Temporary Global Notes or the Permanent Global Notes, whether issued in CGN or NGN form, as the case may be, representing the Italian Law Notes are signed by the Issuer in the United Kingdom and, thereafter, delivered to BNP Paribas, Luxembourg Branch as initial Fiscal Agent, being the entity in charge for, *inter alia*, completing, authenticating and delivering the Temporary Global Notes and Permanent Global Notes and (if required) authenticating and delivering Definitive Notes, hence the Italian Law Notes would be deemed to be issued in England according to Italian law. Article 59 of Law No. 218 of 31 May 1995 (regarding the Italian international private law rules) provides that "other debt securities (*titoli di credito*) are governed by the law of the State in which the security was issued".

In light of the above, the Issuer cannot foresee the effect of any potential misalignment between the laws applicable to the Terms and Conditions for the Italian Law Notes and the Global Notes and the laws applicable to their transfer and circulation for any prospective investors in the Italian Law Notes and any disputes which may arise in relation to, *inter alia*, the transfer of ownership in the Italian Law Notes.

Procedures of clearing systems

Unless otherwise provided in the relevant Final Terms, Notes issued under the Programme may be represented by one or more Global Notes and such Global Notes will be deposited with a common depositary or (where applicable) common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system provided in the Final Terms will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system. While the Notes are represented by one or more Global Notes the relevant Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system to receive payments under the relevant Notes. The relevant Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system to appoint appropriate proxies.

Modification

The Issue and Paying Agency Agreement for the English Law Notes and the Issue and Paying Agency Agreement for the Italian Law Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the relevant Issuer and the Guarantor (if applicable) may, without the consent of Noteholders, correct (i) any manifest error in the Terms and Conditions of the Notes and/or in the Final Terms, (ii) any error of a formal, minor or technical nature in the Terms and Conditions of the Notes and/or in the Final Terms or (iii) any inconsistency in the Terms and Conditions of the Notes and/or in the Final Terms between the Terms and Conditions of the Notes and/or the Final Terms and any other documents prepared in connection with the issue and/or offer of a Series of Notes (provided such correction is not materially prejudicial to the holders of the relevant Series of Notes). In addition, pursuant to Condition 3(r) (*Benchmark replacement*) of the Terms and Conditions of the English Law Notes and Condition 3(r) (*Benchmark replacement*) of the Terms and Conditions of the Italian Law Notes, certain changes may be made to the interest calculation provisions of the Notes in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Noteholders. Any such correction shall be binding on the holders of the relevant Notes and the relevant Issuer and the Guarantor (if applicable) shall cause such correction to be notified to the holders of the Notes as soon as practicable thereafter pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the Notes.

In all cases described above, the Noteholders may be bound by any amendments, including those prejudicial to their interests, even if they had not provided their consent.

Conflict of Interest

Investors should note that Notes issued under the Program may be underwritten by Dealers who receive in consideration underwriting commissions and selling concessions. The relevant Issuer may also offer and sell Notes directly to investors without the involvement of any Dealer. In addition, Mediobanca may act as market maker or specialist or perform other similar roles in connection with the Notes; potential conflicts of interest may exist between Mediobanca acting in such capacity on the one hand, and investors in the Notes on the other.

Calculation Agent

The relevant Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by

Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Impossibility to know the amount of the Notes in circulation on the date of issue

The Notes may be issued and withheld by the relevant Issuer for the progressive sale on the market in accordance with investors' demand. In this context an investor who acquires the Notes does not know at the moment of purchase how much of the issued Notes effectively are publicly traded, with the consequence that the amount in circulation could be meagre and may not guarantee successively adequate liquidity in the Notes.

Issue of subsequent tranche

In the event the relevant Issuer decides to issue further Notes having the same terms and conditions as an already existing Series of Notes (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the further Notes shall be consolidated and form a single series with the original Notes, the greater nominal amount in circulation could lead to a greater offer of the relevant Notes in the secondary market with a consequent negative impact on the price of the relevant Series of the Notes.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" -including, without limitation, the Euro Interbank Offered Rate ("EURIBOR") - are the subject of national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a "benchmark".

Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No. 596/2014 (the "**EU Benchmarks Regulation**") applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**"), among other things, applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a benchmark rate or index, deemed to be a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international, national or other reforms or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

The euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro

area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates.

Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a “benchmark”.

The Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes provide for certain fallback arrangements in the event that a Benchmark Event (as defined in the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes) occurs in respect of an Original Reference Rate (as defined in the Terms and Conditions of the English Law Notes and the Terms and Conditions of the Italian Law Notes) or other relevant reference rate (which could include, without limitation, a mid-swap rate) and/or any page on which such benchmark may be published (or any other successor service) becomes unavailable. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a reference bond rate, a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. Furthermore, in certain circumstances, the ultimate fallback of interest for a particular Interest Period or Reset Period (as applicable) may result in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes (as applicable) based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Even if the rate determination agent is able to determine an appropriate replacement rate for any Benchmark, if the replacement of the Benchmark with the replacement rate would result in a MREL Disqualification Event or (in the case of Subordinated Notes only) a Tier II Notes Disqualification Event, the rate of interest will not be changed, but will instead be fixed on the basis of the last available quotation of the Benchmark. This could occur if, for example, the switch to the replacement rate would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes. While this mechanism will ensure that the Notes will not become subject to a potential regulatory event-based redemption, it will result in the Notes being effectively converted to fixed rate instruments. Investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of the Notes could as a consequence be adversely affected.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the relevant Issuer to meet its obligations under the Floating Rate Notes or Reset Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Reset Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes or Reset Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the international or national reforms and the possible application of the benchmark replacement provisions of the Notes, investigations and licensing issues in making any investment decision with respect to the Notes referencing a “benchmark” since the rate of interest will be changed in ways which may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained.

The market continues to develop in relation to risk-free rates (including overnight rates) as reference rates for Floating Rate Notes

The use of risk-free rates - including those such as the Sterling Overnight Index Average (“SONIA”), the Secured Overnight Financing Rate (“SOFR”) and the euro short-term rate (“€STR”), as reference rates for Eurobonds continues to develop. This relates not only to the substance of the calculation and the development and adoption

of market infrastructure for the issuance and trading of bonds referencing such rates, but also how widely such rates and methodologies might be adopted.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions and used in relation to Notes that reference risk-free rates issued under this Programme. The Issuers may in the future also issue Notes referencing SONIA, SOFR, or €STR that differ materially in terms of interest determination when compared with any previous Notes issued by it under this Programme. The development of risk-free rates for the Eurobond markets could result in reduced liquidity or increased volatility, or could otherwise affect the market price of any Notes that reference a risk-free rate issued under this Programme from time to time.

In addition, the manner of adoption or application of risk-free rates in the Eurobond markets may differ materially compared with the application and adoption of risk-free rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

In particular, investors should be aware that several different methodologies have been used in risk-free rate notes issued to date. No assurance can be given that any particular methodology, including the compounding formula in the terms and conditions of the Notes, will gain widespread market acceptance. In addition, market participants and relevant working groups are still exploring alternative reference rates based on risk-free rates, including various ways to produce term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. If the relevant risk-free rates do not prove to be widely used in securities like the Notes, the trading price of such Notes linked to such risk-free rates may be lower than those of Notes referencing indices that are more widely used.

Investors should consider these matters when making their investment decision with respect to any Notes which reference SONIA, SOFR, €STR or any related indices.

Risk-free rates may differ from inter-bank offered rates in a number of material respects and have a limited history

Risk-free rates may differ from other inter-bank offered rates in a number of material respects. These include (without limitation) being backwards-looking, in most cases, calculated on a compounded or weighted average basis, risk-free, overnight rates and, in the case of SOFR, secured, whereas such interbank offered rates are generally expressed on the basis of a forward-looking term, are unsecured and include a risk-element based on interbank lending. As such, investors should be aware that risk-free rates may behave materially differently to interbank offered rates as interest reference rates for the Notes. Furthermore, SOFR is a secured rate that represents overnight secured funding transactions, and therefore will perform differently over time to an unsecured rate. For example, since publication of SOFR began on 3 April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Risk-free rates offered as alternatives to interbank offered rates also have a limited history. For that reason, future performance of such rates may be difficult to predict based on their limited historical performance. The level of such rates during the term of the Notes may bear little or no relation to historical levels. Prior observed patterns, if any, in the behaviour of market variables and their relation to such rates such as correlations, may change in the future. Investors should not rely on historical performance data as an indicator of the future performance of such risk-free rates nor should they rely on any hypothetical data.

Furthermore, interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking rates become due and payable as a result of an Event of Default under Condition 8 (*Events of Default*), or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

The administrator of SONIA, SOFR or €STR or any related indices may make changes that could change the value of SONIA, SOFR or €STR or any related index, or discontinue SONIA, SOFR or €STR or any related index

The Bank of England, the Federal Reserve, Bank of New York or the European Central Bank (or their successors) as administrators of SONIA, SOFR or €STR, respectively, may make methodological or other changes that could change the value of these risk-free rates and/or indices, including changes related to the method by which such risk-free rate is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, SOFR or €STR, or timing related to the publication of SONIA, SOFR or €STR or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA, SOFR or €STR or any related index (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

Notes issued with a specific use of proceeds and Green, Social and Sustainability Bonds may not be a suitable investment for all investors seeking exposure to green assets or social assets or sustainable assets

The net proceeds of the issue of each Tranche of Notes will be used for the general corporate purposes of the relevant Issuer. If, in respect of any particular issue, there is a particular identified use of the proceeds, this will be specified in the applicable Final Terms, including in case an amount equivalent to the net proceeds of the issue of each Tranche of Notes will be used for the purposes of projects that promote climate-friendly and other environmental purposes and/or that promote access to labour market and accomplishment of general interest initiatives and/or to finance or refinance a combination of both green and social projects (typically known as “sustainability bonds”). Where it does so, the relevant Final Terms may describe the Notes as “green bonds” (“**Green Bonds**”), “social bonds” (“**Social Bonds**”) or “sustainability bonds” (“**Sustainability Bonds**”), in each case issued in accordance with the principles set out by the International Capital Market Association (“**ICMA**”) (respectively, the “**Green Bond Principles**” or “**GBP**”, the “**Social Bond Principles**” or “**SBP**”) and the “**Sustainability Bond Guidelines**” or “**SBG**”) and/or as further specified in the “*Mediobanca Green and Sustainable Bond Framework*” published in the Mediobanca’s website at <https://www.mediobanca.com/en/investor-relations/financing-rating/green-social-and-sustainability-bond-framework.html>.

In such a case, prospective investors should have regard to the information in those Final Terms regarding such use of proceeds and must:

- (i) determine for themselves the relevance of such information for the purpose of any investment in such Notes;
- (ii) assess the suitability of that investment in light of their own circumstances; and
- (iii) make any other investigation they deem necessary.

In particular, no assurance is given by the Issuers or the Dealers that the use of such proceeds for the funding of any green, social or sustainability project, as the case may be, will satisfy, either in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws, articles of association or other governing rules or investment portfolio mandates.

In addition, it should be noted that the definition (legal, regulatory or otherwise) of, and market consensus for a particular project to be defined as, a “green”, “social” or “sustainable” or equivalently labelled project is still under development. As a result, there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green”, “sustainability”, “social” or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as “green”, “sustainability”, “social” or such other equivalent label, nor can any assurance be given that such a clear definition or consensus will develop over time. A basis for the determination of the definitions of, *inter alia*, “green” has been established in the EU with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the “**Sustainable Finance Taxonomy Regulation**”) on the establishment of a framework to facilitate sustainable investment (the “**EU Sustainable Finance Taxonomy**”). On 21 April 2021, the European Commission adopted the EU Taxonomy Climate Delegated Act, introducing the first set of technical screening criteria to define which activities contribute substantially to two of

the environmental objectives under the EU Sustainable Finance Taxonomy: climate change adaptation and climate change mitigation (the “**Taxonomy Climate Delegated Act**”). The Taxonomy Climate Delegated Act applies since 1 January 2022. In addition, on 9 March 2022 the European Commission adopted the EU Taxonomy Complementary Climate Delegated Act covering certain nuclear and gas activities, which is expected to apply from 1 January 2023. Furthermore, on 6 April 2022, the European Commission adopted the Regulatory Technical Standards (RTS) to Regulation (EU) 2019/2088 (the “**Sustainable Finance Disclosure Regulation**”) which is expected to apply from 1 January 2023. Any further delegated act that is adopted by the European Commission in implementation of the Sustainable Finance Taxonomy Regulation or the Sustainable Finance Disclosure Regulation may furthermore evolve over time with changes to the scope of activities and other amendments to reflect technological progress, resulting in regular review to the relating screening criteria.

Furthermore, in connection with any Notes that are stated to be Green Bonds, Social Bonds or Sustainability Bonds, it should be noted that the Issuer may request a sustainability rating agency or sustainability consulting firm to issue a second-party opinion confirming that the relevant green, low carbon, social and/or sustainable projects, as the case may be, have been defined in accordance with the broad categorisation of eligibility for green, social and sustainable projects set out in the GBP, the SBP and the SBG and/or a second-party opinion regarding the suitability of the Notes as an investment in connection with certain environmental, sustainability or social projects (any such second-party opinion, a “**Second-party Opinion**”). A Second-party Opinion may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed above and other factors that may affect the value of the Notes or the projects financed or refinanced toward an amount corresponding to the net proceeds of the relevant issue of Green Bonds, Social Bonds and Sustainability Bonds. A Second-party Opinion would not constitute a recommendation to buy, sell or hold the relevant Green Bonds or Social Bonds or Sustainability Bonds and would only be current as of the date it is released. In addition, a withdrawal of the Second-party Opinion may affect the value of such Green Bonds, Social Bonds and Sustainability Bonds and/or have consequences for certain investors with portfolio mandates to invest in green or social or sustainable assets. Prospective investors must determine for themselves the relevance of any such opinion, report or certification and/or the information contained therein and/or the provider of such opinion, report or certification for the purpose of any investment in such Notes. Currently, the providers of such opinions, reports and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any Green Bonds, Social Bonds or Sustainability Bonds are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainability”, “social” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuers, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Bonds, Social Bonds or Sustainability Bonds. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuers, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

While it is the intention of the Issuer to apply the proceeds of any Social Bonds, Green Bonds or Sustainability Bonds in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that any related green, low carbon, social or sustainable projects, as the case may be, will be capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule, and, accordingly, neither can it be guaranteed that the proceeds of the Social Bonds, Green Bonds or Sustainability Bonds will be totally or partially disbursed for such projects. Nor can there be any assurance that such green, low carbon, social or sustainable projects will be completed within any specified period or at all or with the results or outcome as originally expected or anticipated by the Issuer.

Any such event or failure to apply the proceeds of the issue of the Notes for any green, social or sustainable projects will not (i) give rise to any claim of a Noteholder against the Issuers; (ii) constitute an Event of Default under the relevant Notes; (iii) lead to an obligation of the Issuers to redeem such Notes or be a relevant factor for the Issuers in determining whether or not to exercise any optional redemption rights in respect of any Notes; (iv) affect the qualification of such Notes as *strumenti di debito chirografario di secondo livello*, Tier II Capital or as eligible liabilities instruments (as applicable); (v) have any impact on the status of the Notes as indicated in Condition 2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the English Law Notes and Condition

2 (*Status of Notes and Guarantee*) of the Terms and Conditions of the Italian Law Notes or (vi) prevent the applicability of the Bail-in Power. For the avoidance of doubt, neither the proceeds of any Green Bonds, Social Bonds or Sustainability Bonds nor any amount equal to such proceeds will be segregated by the Issuer from its capital and other assets and payments of principal and interest (as the case may be) on the relevant Green Bonds, Social Bonds or Sustainability Bonds shall not depend on the performance of the relevant project nor have any preferred right against such assets.

Green Bonds, Social Bonds or Sustainability Bonds, as any other Bonds, will be fully subject to the application of CRR eligibility criteria and BRRD requirements for own funds and eligible liabilities instruments and, as such, proceeds from Green Bonds, Social Bonds or Sustainability Bonds qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their “green”, “social” or “sustainable” or such other equivalent label.

Any failure to apply the proceeds of the issue of the Notes for any green, social or sustainable projects may have a material adverse effect on the value of the Notes and/or result in adverse consequences for, amongst others, investors with portfolio mandates to invest in securities to be used for a particular purpose.

(B) RISKS RELATED TO THE MARKET

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

The relevant Issuer has no obligation to purchase the Notes from the Noteholders. However, should the relevant Issuer decide to purchase the Notes, the secondary market pricing that the Issuer may provide on the Notes may reflect the unwinding cost of the hedging portfolio (if any) and/or the loss of profit (*lucro cessante*) related to such hedging portfolio.

Specific Buy Back Provisions

If Specific Buy Back Provisions are specified as applicable in the applicable Final Terms, investors should be aware that the relevant Issuer has issued the Notes also for the purpose of entering into, from time to time, certain Underlying Transactions. In this respect, the value of the Notes shall reflect and shall be calculated on the basis of the Market Value of such Underlying Transactions. The composition of the Underlying Transaction will be made available to the investors in accordance with the method of publication indicated in the relevant Final Terms.

The Underlying Transactions will be selected from time to time by Mediobanca and/or Mediobanca International in their reasonable discretion with maturities and notional that can be larger, respectively, than the Maturity Date and Notional Amount of the relevant Notes, and the relevant composition is subject to change during the life of the Notes. Any changes in the composition of the Underlying Transaction could adversely affect the Market Value of the Underlying Transactions and, therefore, the value of the Notes.

The Market Value of the Underlying Transactions, as determined by Mediobanca and/or Mediobanca International, acting in its capacity as Calculation Agent, in a fair and commercially reasonable manner and with reference to the market, could adversely affect the repurchase price, if any, of the Notes. Therefore in the event that an investor requests the relevant Issuer to repurchase the Notes held by it prior to their maturity, and the relevant Issuer accepts such repurchase, the price of the Notes (Buy Back Price) will be a price that reflects the Market Value of such Underlying Transactions. In particular, investors should note that the Market Value of the Underlying Transactions could adversely and materially affect the Buy Back Price payable to the relevant investor, particularly where the Underlying Transactions have maturities and/or notional amounts longer and/or higher, respectively, than the Maturity Date and principal amount of the relevant Notes.

The Specific Buy Back Provisions shall not affect the right of the investors to receive timely payments of principal and interest on the Notes. As consideration of the relevant Issuer entering into the Underlying Transactions in relation to the Notes, the relevant Issuer will pay an Extra Yield on the Notes.

The Specific Buy Back Provisions may apply only to Senior Preferred Notes issued by Mediobanca and/or Mediobanca International and where Mediobanca and/or Mediobanca International are specified as Dealers.

Exchangerate risks and exchange controls

The relevant Issuer will pay principal and interest, if any, on the Notes in the Relevant Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Relevant Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Relevant Currency or revaluation of the Investor's Currency or due to the official redenomination of the Relevant Currency, and/or Investor's Currency) and the risk that authorities with jurisdiction over Relevant Currency, and/or the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Relevant Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes, and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest, principal or other amount than expected, or no interest or principal or other amount.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Each prospective investor should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Impact of implicit fees on the Issue/Offer Price

Investors should note that implicit fees (e.g. placement fees, direction fees, structuring fees) may be a component of the Issue/Offer Price of Notes, but such fees will not be taken into account for the purposes of determining the price of the relevant Notes in the secondary market.

The relevant Issuer will specify in the relevant Final Terms the type and amount of any implicit fees which are applicable from time to time.

Investors should also take into consideration that if Notes are sold on the secondary market immediately following the offer period relating to such Notes, the implicit fees included in the Issue/Offer Price on initial subscription for such Notes will be deducted from the price at which such Notes may be sold in the secondary market.

Certain risks relating to public offers of Notes

If Notes are distributed by means of a public offer, under certain circumstances indicated in the relevant Final Terms, the relevant Issuer and/or other entities specified in the Final Terms may have the right to withdraw or

revoke the offer, which in such circumstances will be deemed to be null and void according to the terms indicated in the relevant Final Terms. Unless otherwise provided in the applicable Final Terms, the relevant Issuer and/or other entities specified in the Final Terms may also terminate the offer early by immediate suspension of the acceptance of further subscription requests and by giving notice to the public in accordance with the applicable Final Terms. Any such termination may occur even where the maximum amount for subscription in relation to that offer (as specified in the applicable Final Terms), has not been reached.

In such circumstances, the early closing of the offer may have an impact on the aggregate number of Notes issued and, therefore, may have an adverse effect on the liquidity of the Notes. Furthermore, in such circumstances, investors who have already paid or delivered subscription monies for the relevant Notes will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Notes. In addition, under certain circumstances, the relevant Issuer and/or other entities specified in the Final Terms will have the right to extend the offer period and/or to postpone the originally designated issue date, and related payment dates.

The relevant Final Terms may also provide that the effectiveness of the offer of Notes is conditional upon admission to trading on the relevant multilateral trading facility indicated in the relevant Final Terms, occurring by the Issue Date. In such case, in the event that admission to trading of the Notes does not take place by the Issue Date for whatever reason, the Issuer may withdraw the offer, the offer will be deemed to be null and void and the relevant Notes will not be issued. As a consequence, the potential investor will not receive any Notes, any subscription rights the potential investor has for the Notes will be cancelled and they will not be entitled to any compensation therefor.

The issue price and/or offer price of the Notes may include subscription fees, placement fees, direction fees, structuring fees and/or other additional costs. Any such fees and/or costs may not be taken into account for the purposes of determining the price of such Notes on the secondary market and could result in a difference between the original issue price and/or offer price, the theoretical value of the Notes, and/or the actual bid/offer price quoted by any intermediary in the secondary market. Any such difference may have an adverse effect on the value of the Notes, where any such fees and/or costs may be deducted from the price at which such Notes can be sold by the initial investor in the secondary market.

Possible Illiquidity of the Notes in the Secondary Market

It is not possible to predict the price at which Notes will trade in the secondary market or whether such market will be liquid or illiquid. The relevant Issuer may, but is not obliged to, list or admit to trading Notes on a stock exchange or market. If the Notes are not listed or admitted to trading on any exchange or market, pricing information for the Notes may be more difficult to obtain and the liquidity of the Notes may be adversely affected. If the relevant Issuer does list or admit to trading an issue of Notes, there can be no assurance that at a later date, the Notes will not be delisted or that trading on such exchange or market will not be suspended. In the event of a delisting or suspension of listing or trading on a stock exchange or market, the relevant Issuer will use its reasonable efforts to list or admit to trading the Notes on another exchange or market.

The relevant Issuer, or any of its Affiliates may, but is not obliged to, at any time purchase Notes at any price in the open market or by tender or private agreement. Any Notes so purchased may be held or resold or surrendered for cancellation. The relevant Issuer or any of its Affiliates may, but is not obliged to, be a market-maker for an issue of Notes. Even if the Issuer or such other entity is a market-maker for an issue of Notes, the secondary market for such Notes may be limited.

Investors should note that if an entity is appointed as market-maker or liquidity provider with respect to the Notes in the secondary market, this may, in certain circumstances, affect the price of the Notes in the secondary market.

In addition, all or part of the Notes issued under this Programme may be subscribed upon issuance by the relevant Issuer itself or by its Affiliate(s) for resales thereafter on the basis of investors' demand. Accordingly, investors subscribing for Notes upon their issuance should be aware that there may not be a viable secondary market for the relevant Notes immediately. Even if a market does develop subsequently, it may not be very liquid.

Listing of Notes

In respect of Notes which are (in accordance with the applicable Final Terms) to be listed on a stock exchange, market or quotation system, the relevant Issuer shall use all reasonable endeavours to maintain such listing,

provided that if it becomes impracticable or unduly burdensome or unduly onerous to maintain such listing, then the relevant Issuer may apply to de-list the relevant Notes, although in this case it will use all reasonable endeavours to obtain and maintain (as soon as reasonably practicable after the relevant de-listing) an alternative admission to listing, trading and/or quotation by a stock exchange, market or quotation system within or outside the European Union, as it may decide.

If such an alternative admission is not available or is, in the opinion of the relevant Issuer, impracticable or unduly burdensome, an alternative admission will not be obtained and the liquidity of the secondary market of the Notes could be affected.

Risk related to inflation

The repayment of the nominal amount of the Notes at maturity does not protect investors from the risk of inflation, i.e. it does not guarantee that the purchasing power of the invested capital will not be affected by the increase in the general price level of consumer products. Consequently, the real return of the Notes, which is the adjusted return taking into account the inflation rate measured during the life of the Notes themselves, could be negative.

Combination or “layering” of multiple risk factors may significantly increase risk of loss

Although the various risks discussed in this Base Prospectus are generally described separately, prospective investors in the Notes should consider the potential effects of the interplay of multiple risk factors. Where more than one significant risk factor is present, the risk of loss to an investor may be significantly increased. There are many other circumstances in which layering of multiple risks with respect to the Issuers and /or the Guarantor and/or the Notes may magnify the effect of those risks.

FINAL TERMS, SUPPLEMENTS AND FURTHER PROSPECTUSES

In this section the expression “**necessary information**” means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Guarantor and of the rights attaching to the Notes and the Guarantee. In relation to the different types of Notes which may be issued under the Programme the Issuer and the Guarantor have included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuer will prepare a replacement prospectus setting out the changes in the operations and financial conditions of the Issuer at least every year.

The Issuer has given an undertaking to the Dealers that if at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to the information contained in this Base Prospectus which may affect the assessment of the Notes, it shall prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer a number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuers and the Guarantor may agree with any Dealer to issue Notes in a form not contemplated in the sections of this Base Prospectus entitled “Form of Final Terms”. To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a “**Drawdown Prospectus**”) will be made available and will contain such information. Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the relevant Issuer and (in the case of Senior Preferred Notes issued by Mediobanca International only) the Guarantor and the relevant Notes or (2) pursuant to Article 6.3 of the Prospectus Regulation, by a registration document containing the necessary information relating to the relevant Issuer and (in the case of Senior Preferred Notes issued by Mediobanca International only) the Guarantor, a securities note containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

FORMS OF THE NOTES

(A) Temporary or Permanent Global Note

Unless otherwise provided in the relevant Final Terms, each Tranche of Notes will initially be in the form of either a temporary global note (a “**Temporary Global Note**”), without Coupons, or a permanent global note (a “**Permanent Global Note**”), without Coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each, a “**Global Note**”) which is not intended to be issued in a new global note form (a “**Classic Global Note**” or “**CGN**”), as specified in the relevant Final Terms, will be deposited on or around the Issue Date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**” or “**CBL**”) and/or any other relevant clearing system and/or deposited directly with Monte Titoli S.p.A. and/or any other centralised custodian appointed by the Issuers (together, the “**Centralised Custodian**”) and each Global Note which is intended to be issued in new global note form (a “**New Global Note**” or “**NGN**”), as specified in the relevant Final Terms, will be deposited on or around the Issue Date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “*Standards for the use of EU securities settlement systems in ESCB credit operations*” of the central banking system for the euro (the “**Eurosystem**”), **provided that** certain other criteria are fulfilled (including denomination in euro and listing on an EU regulated market or on an ECB-approved non-regulated market). At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and the debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used (and if the above-mentioned other criteria are fulfilled).

The relevant Final Terms will also specify whether United States Treasury Regulation § 1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation § 1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for a Permanent Global Note*”, then the Notes will initially be in the form of a Temporary Global Note without Coupons or Receipts (as defined herein), interests in which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without Coupons, not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership, **provided, however, that** in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form (“**Definitive Notes**”):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “*in the limited circumstances described in the Permanent Global Note*”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 8 (*Events of Default*) of the Terms and Conditions of the English Law Notes or Condition 8 (*Events of Default*) of the Terms and Conditions of the Italian Law Notes occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of a minimum denomination of EUR 100,000, plus integral multiples of EUR 1,000, **provided that** such denominations are not less than EUR 100,000 nor more than EUR 199,000, that Senior Non Preferred Notes issued under the Programme will have a denomination of at least EUR 150,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum denomination provided by applicable law from time to time and that the Subordinated Notes issued under the Programme will have a denomination of at least EUR 200,000 (or, where the Subordinated Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum denomination provided by applicable law from time to time. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Note. However, a Noteholder who holds an aggregate principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for Definitive Notes*” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being “*Temporary Global Note exchangeable for Definitive Notes*” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons or Receipts, interests in which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the Issue Date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Where the Temporary Global Note is to be exchanged for Definitive Notes, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons,

Talons and Receipts (as defined herein) attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being “*Permanent Global Note exchangeable for Definitive Notes*”, then the Notes will initially be in the form of a Permanent Global Note, without Coupons or Receipts, interests in which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies “*in the limited circumstances described in the Permanent Global Note*”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 8 (*Events of Default*) of the Terms and Conditions of the English Law Notes or Condition 8 (*Events of Default*) of the Terms and Conditions of the Italian Law Notes occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in paragraphs (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in paragraph (iii) above, Notes may be issued in denominations which represent the aggregate of a minimum denomination of EUR 100,000, plus integral multiples of EUR 1,000, **provided that** such denominations are not less than EUR 100,000 nor more than EUR 199,000 and that Senior Non Preferred Notes issued under the Programme will have denominations of at least EUR 150,000 (or, where the Senior Non Preferred Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum denomination provided by applicable law from time to time and that the Subordinated Notes issued under the Programme will have a denomination of at least EUR 200,000 (or, where the Subordinated Notes are denominated in a currency other than euro, the equivalent amount in such other currency) or such other minimum denomination provided by applicable law from time to time. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds an aggregate principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange. Where the Notes are listed on the Euronext Dublin and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes or Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under “*Terms and Conditions of the English Law Notes*” below or “*Terms and Conditions of the Italian Law Notes*”, as applicable.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under “*Provisions relating to the Notes While in Global Form*” below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a United States person who holds a Note, Coupon, Talon or Receipt will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon, Talon or Receipt and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

(B) Book-entry form

If the relevant Final Terms specifies the form of the Notes as being “*Book-entry form*”, then the Notes will not be represented by paper certificates and the transfer and exchange of Notes will take place exclusively through an electronic book-entry system managed by Monte Titoli S.p.A. or any other Centralised Custodian appointed by the Issuers. Accordingly, all Notes shall be deposited by their owners with an intermediary participant in the relevant Centralised Custodian. The intermediary will in turn deposit the Notes with the Centralised Custodian.

To transfer an interest in the Notes, the transferor and the transferee are required to give instructions to their respective intermediaries. If the transferee is a client of the transferor’s intermediary, the intermediary will simply transfer the Notes from the Transferor’s account to the account of the transferee. If, however, the transferee is a client of another intermediary, the transferor’s intermediary will instruct the centralised clearing system to transfer the Notes to the account of the transferee’s intermediary, which will then register the Notes on the transferee’s account.

Each intermediary maintains a custody account for each of its clients. This account sets out the financial instruments of each client and the records of all transfers, interest payments, charges or other encumbrances on such instruments. The account holder or any other eligible party may submit a request to the intermediary for the issue of a certified account statement.

In such circumstances, it will not be possible for a Noteholder to obtain physical delivery of Notes certificates representing the Notes.

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

*The following is the text of the terms and conditions of the Notes applicable to each Series of Notes to be governed under English Law (respectively, the “**English Law Notes**” or the “**Notes**” and the “**Terms and Conditions of the English Law Notes**” or the “**Conditions**”) which, as completed by the relevant Final Terms, will be endorsed into each Note in final form issued under the Programme. The terms and conditions applicable to any Notes in global form will differ from those terms and conditions which would apply to the Notes whilst in final form to the extent described under “Provisions relating to the Notes While in Global Form” below.*

Mediobanca - Banca di Credito Finanziario S.p.A. (“**Mediobanca**”), Mediobanca International (Luxembourg) S.A. (“**Mediobanca International**”) (each, an “**Issuer**” and, together, the “**Issuers**”) have established an Euro Medium Term Note Programme (the “**Programme**”) for the issuance of up to Euro 40,000,000,000 in aggregate principal amount of senior preferred notes which may be issued by each of the Issuers (the “**Senior Preferred Notes**”), senior non preferred notes which may be issued by Mediobanca only (the “**Senior Non Preferred Notes**”) and, together with the Senior Preferred Notes, the “**Senior Notes**”) and subordinated notes which may be issued by Mediobanca only (the “**Subordinated Notes**”), guaranteed by Mediobanca (in its capacity as guarantor, the “**Guarantor**”) in respect of Senior Preferred Notes issued by Mediobanca International only.

The Guarantor has, for the benefit of the holders of Senior Preferred Notes issued by Mediobanca International from time to time, executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated 30 December 2022 under which it has guaranteed, in accordance with the terms and subject to limitations of the Deed of Guarantee, the due and punctual payment of the amounts due by Mediobanca International under the Notes and the Deed of Covenant as and when the same shall become due and payable (the “**Guarantee of the Notes**”). The holders of the Notes (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) and the holders of the instalment receipts (the “**Receipts**”) appertaining to the payment of principal by instalments are deemed to have notice of all of the provisions of the Issue and Paying Agency Agreement for the English Law Notes applicable to them.

Notes issued under the Programme are issued in series (each, a “**Series**”) and each Series may comprise one or more tranches (each, a “**Tranche**”) of Notes. Each Tranche of Notes is the subject of final terms (the “**Final Terms**”) which completes these Conditions. The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. In the event of any inconsistency between these Conditions and the Final Terms, the Final Terms shall prevail. All subsequent references in these Conditions to “**Notes**” are to the Notes which are the subject of the Final Terms. These Conditions apply to Senior Preferred Notes and Senior Non Preferred Notes, only to the extent that such Senior Non Preferred Notes are issued by Mediobanca, and are defined as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority. These Conditions apply also to Subordinated Notes which are issued by Mediobanca and are defined as “*Tier II Instruments*” in Part II, Chapter 1 of the Prudential Regulations for Banks and in Article 63 of the CRR. Copies of the Final Terms are available during normal business hours at the specified office of the Fiscal Agent, the initial Specified Office of which is set out below (the “**Specified Office**”). Certain provisions of these Conditions are summaries of the Issue and Paying Agency Agreement for the English Law Notes and are subject to their detailed provisions.

The Final Terms issued in respect of each issue of Notes will specify whether the Issuer is Mediobanca or Mediobanca International. In these Conditions, any reference to a statute or regulation shall be construed as a reference to such statute or regulation as the same may have been, or may from time to time be, amended or re-enacted.

Copies of the Deed of Guarantee are available for inspection at the specified office of the Paying Agent.

Interest will cease to accrue on each Note on the last day of the last Interest Period and, in any case, on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 3 to the Relevant Date (as defined in Condition 6 (*Taxation*)).

(c) **Business Day Convention**

If any date referred to in these Conditions which is specified in these Conditions or in the relevant Final Terms to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is (i) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day, (ii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day, save in respect of Notes for which the Reference Rate is SOFR, for which the final Interest Payment Date will not be postponed and interest on that payment will not accrue during the period from and after the scheduled final Interest Payment Date, or (iii) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(d) **Interest Rate on Fixed Rate Notes**

With respect to the Senior Notes, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Rate for each Interest Period shall be the fixed rate specified in the relevant Final Terms. The yield of the Fixed Rate Note is indicated in the relevant Final Terms and is calculated as the internal rate of return (IRR). The yield of the Fixed Rate Notes is calculated at the Issue Date on the basis of the Issue Price and, if indicated in the relevant Final Terms, the Fixed Coupon and/or the Broken Amount.

With respect to the Subordinated Notes, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Denomination. The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Interest Rate to the Calculation Amount of such Note, multiplying the product by the relevant Day Count Fraction (not adjusted in accordance with the Business Day Convention) and rounding the resulting figure in accordance with Condition 3(k) (*Rounding*). Where the Specified Denomination of a Fixed Rate Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. The yield of the Fixed Rate Note is indicated in the relevant Final Terms and is calculated as the internal rate of return (IRR). The yield of the Fixed Rate Notes is calculated at the Issue Date on the basis of the Issue Price and, as indicated in the relevant Final Terms, the Fixed Coupon and/or the Broken Amount.

(e) **Interest Rate on Reset Notes**

- (i) *Rates of Interest and Interest Payment Dates*

If, in case of any Notes other than the Senior Non Preferred Notes, the Reset Note Provisions are specified in the relevant Final Terms as being applicable, then such Reset Note bears interest:

- (A) from (and including) the Interest Commencement Date until (but excluding) the First Reset Date at the Initial Rate of Interest;
- (B) from (and including) the First Reset Date until (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the relevant Final Terms, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
- (C) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on each Interest Payment Date and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (i) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (ii) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Condition 3(d) (*Interest Rate on Fixed Rate Notes*).

(ii) *Fallbacks*

Subject to Condition 3(r) (*Benchmark replacement*), if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

For the purposes of this Condition 3(e)(ii) “**Reference Banks**” means the principal office in the principal financial centre of the Specified Currency of four (or, if the Relevant Financial Centre is Helsinki, five) major banks in the swap, money, securities or other market most closely connected with the relevant Mid-Swap Rate as selected by the Issuer on the advice of an investment bank of international repute.

For the avoidance of doubts it being understood that the provisions set forth in this Condition 3(e) shall apply in respect of any Notes other than the Senior Non Preferred Notes.

(f) **Interest Rate on Floating Rate Notes**

If the Floating Rate Note Provisions are specified in the Final Terms as being applicable, the Interest Rate for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) **Screen Rate Determination:** if Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Interest Rate is to be determined (other than in respect of Notes for which SONIA, SOFR and/or €STR or any related index is specified as the Reference Rate in the relevant Final Terms), subject to Condition 3(r) (*Benchmark replacement*), as follow:
 - (A) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (B) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (C) if, in the case of paragraph (A) above, such rate does not appear on that page or, in the case of paragraph (B) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable:
 - (1) the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) will request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (2) the Calculation Agent will determine the arithmetic mean of such quotations; and
 - (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Relevant Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Interest Rate for such Interest Period shall be

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the rate or (as the case may be) the arithmetic mean determined in accordance with the above provisions (the “**Determined Rate**”);
- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant Determined Rate multiplied by (ii) the Multiplier;
- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the

relevant Determined Rate multiplied by the Reference Rate Multiplier,

provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Notes during such Interest Period will be calculated in accordance with the foregoing, save that the Determined Rate shall be the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(ii) **ISDA Determination:** If, in respect of any Notes other than the Senior Non Preferred Notes, ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Notes for each Interest Period will be:

- (a) if “**Multiplier**” is specified in the relevant Final Terms as not being applicable, the sum of the Margin and the relevant ISDA Rate;
- (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant ISDA Rate multiplied by (ii) the Multiplier;
- (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant ISDA Rate multiplied by the Reference Rate Multiplier,

where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is as specified in the relevant Final Terms.

(g) **Interest – Floating Rate Notes referencing SONIA**

This Condition 3(g) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, if Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the “Reference Rate” is specified in the relevant Final Terms as being “SONIA”.

Where “SONIA” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent.

For the purposes of this Condition 3(g):

“**Compounded Daily SONIA**”, with respect to an Interest Period, will be calculated by the Calculation Agent on each Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“**d**” means the number of calendar days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

“**d_o**” means the number of London Banking Days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

“**i**” means a series of whole numbers from one to **d_o**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

to, and including, the last London Banking Day in such period;

“**Interest Determination Date**” means, in respect of any Interest Period, the date falling p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes are due and payable).

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**Observation Period**” means, in respect of an Interest Period, the period from, and including, the date falling “p” London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date which is p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**p**” for any Interest Period or Observation Period (as applicable), means the number of London Banking Days specified as the “Lag Period” or the “Observation Shift Period” (as applicable) in the relevant Final Terms;

the Relevant Screen Page (or if the Relevant Screen Page is unavailable, as otherwise is published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

“SONIA_i” means the SONIA Reference Rate for:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the London Banking Day falling “p” London Banking Days prior to the relevant London Banking Day “i”; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms; the relevant London Banking Day “i”;

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

If, in respect of any London Banking Day in the relevant Interest Period or Observation Period (as applicable), the Calculation Bank determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall, subject to Condition 3(r) (*Benchmark Replacement*), be:

- (A) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (B) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (B) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Subject to Condition 3(r) (*Benchmark Replacement*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(g), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(h) **Interest – Floating Rate Notes referencing SOFR**

This Condition 3(h) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, if Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the “Reference Rate” is specified in the relevant Final Terms as being “SOFR”.

For the purposes of this Condition 3(h):

“**Benchmark**” means Compounded SOFR, which is a compounded average of daily SOFR, as determined for each Interest Period in accordance with the specific formula and other provisions set out in this Condition 3(h).

Daily SOFR rates will not be published in respect of any day that is not a U.S. Government Securities Business Day, such as a Saturday, Sunday or holiday. For this reason, in determining Compounded SOFR in accordance with the specific formula and other provisions set forth herein, the daily SOFR rate for any U.S. Government Securities Business Day that immediately precedes one or more days that are not U.S. Government Securities Business Days will be multiplied by the number of calendar days from and including such U.S. Government Securities Business Day to, but excluding, the following U.S. Government Securities Business Day.

If the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in respect of Compounded SOFR (or the daily SOFR used in the calculation hereof) prior to the relevant SOFR Determination Time, then the provisions under Condition 3(h) below will apply.

“**Business Day**” means any weekday that is a U.S. Government Securities Business Day and is not a legal holiday in New York and each (if any) Additional Business Centre(s) and is not a date on which banking institutions in those cities are authorised or required by law or regulation to be closed;

“**Compounded SOFR**” with respect to any Interest Period, means the rate of return of a daily compound interest investment computed in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

“**i**” is a series of whole numbers from one to **d_o**, each representing the relevant U.S. Government Securities Business Day in chronological order from, and including, the first U.S. Government Securities Business Day in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period,

to and including the last US Government Securities Business Day in such period;

“**Interest Determination Date**” means, in respect of any Interest Period, the date falling “p” U.S. Government Securities Business Days prior to the Interest Payment Date for such Interest Period (or the date falling “p” U.S. Government Securities Business Days prior to such earlier date, if any, on which the Notes are due and payable);

“**n_i**” for any U.S. Government Securities Business Day “i” in the relevant Interest Period or Observation Period (as applicable), is the number of calendar days from, and including, such U.S. Government Securities Business Day “i” to, but excluding, the following U.S. Government Securities Business Day (“i+1”);

- (ii) Subject to Condition 3(h) below, if the rate specified in (i) above does not so appear, the Secured Overnight Financing Rate as published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the SOFR Administrator’s Website;

If the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates. In connection with the implementation of a Benchmark Replacement, the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time, without any requirement for the consent or approval of the Noteholders.

Any determination, decision or election that may be made by the Issuer pursuant to this section, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (i) will be conclusive and binding absent manifest error;
- (ii) will be made in the sole discretion of the Issuer; and
- (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

“Benchmark” means, initially, Compounded SOFR, as such term is defined above; **provided that** if the Issuer determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then “Benchmark” shall mean the applicable Benchmark Replacement.

“Benchmark Replacement” means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the sum of: (A) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (B) the Benchmark Replacement Adjustment;
- (ii) the sum of: (A) the ISDA Fallback Rate and (B) the Benchmark Replacement Adjustment; or
- (iii) the sum of: (A) the alternate rate of interest that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (B) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or its designee giving due consideration to any industry-accepted

spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determines is reasonably necessary);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) in the case of clause (i) or (ii) of the definition of “Benchmark Transition Event”, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or
- (ii) in the case of clause (iii) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA

Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark;

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“Reference Time” with respect to any determination of the Benchmark means (i) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (ii) if the Benchmark is not Compounded SOFR, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

Any Benchmark Replacement, Benchmark Replacement Adjustment and the specific terms of any Benchmark Replacement Conforming Changes, determined under Condition 3(h) will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 12 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date on which such changes take effect.

No later than notifying the Fiscal Agent of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (A) confirming (x) that a Benchmark Transition Event has occurred, (y) the relevant Benchmark Replacement and, (z) where applicable, any Benchmark Replacement Adjustment and/or the specific terms of any relevant Benchmark Replacement Conforming Changes, in each case as determined in accordance with the provisions of this Condition 3(h); and
- (B) certifying that the relevant Benchmark Replacement Conforming Changes are necessary to ensure the proper operation of such Benchmark Replacement and/or Benchmark Replacement Adjustment.

If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(h), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(i) **Interest – Floating Rate Notes referencing €STR**

This Condition 3(i) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the “Reference Rate” is specified in the relevant Final Terms as being “€STR”.

Where “€STR” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily €STR plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

For the purposes of this Condition 3(i):

“**Compounded Daily €STR**” means, with respect to any Interest Period, the rate of return of a daily compound interest investment (with the daily euro short-term rate as reference rate for the calculation of interest) as calculated by the Calculation Agent as at the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

“**d**” means the number of calendar days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

“**D**” means the number specified as such in the relevant Final Terms (or, if no such number is specified, 360);

“**d_o**” means the number of TARGET Settlement Days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

the “**€STR reference rate**”, in respect of any TARGET Settlement Day, is a reference rate equal to the daily euro short-term rate (“**€STR**”) for such TARGET Settlement Day as provided by the European Central Bank as the administrator of €STR (or any successor administrator of such rate) on the website of the European Central Bank (or, if no longer published on its website, as otherwise published by it or provided by it to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the TARGET Settlement Day immediately following such TARGET Settlement Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the European Central Bank or the successor administrator of such rate);

“**€STR_i**” means the €STR reference rate for:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the TARGET Settlement Day falling “*p*” TARGET Settlement Days prior to the relevant TARGET Settlement Day “*i*”; or
- (ii) where “*Observation Shift*” is specified as the Observation Method in the relevant Final Terms, the relevant TARGET Settlement Day “*i*”.

“**i**” is a series of whole numbers from one to “*d_o*”, each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in:

- (i) where “*Lag*” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “*Observation Shift*” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

to, and including, the last TARGET Settlement Day in such period;

“*n_i*” for any TARGET Settlement Day “*i*” in the relevant Interest Period or Observation Period (as applicable), means the number of calendar days from (and including) such TARGET Settlement Day “*i*” up to (but excluding) the following TARGET Settlement Day;

“**Observation Period**” means, in respect of any Interest Period, the period from (and including) the date falling “*p*” TARGET Settlement Days prior to the first day of the relevant Interest Period (and the final Interest Period shall begin on and include the Interest Commencement Date) to (but excluding) the date falling “*p*” TARGET Settlement Days prior to (A) (in the case of an Interest Period) the Interest Payment Date for such Interest Period or (B) such earlier date, if any, on which the Notes become due and payable; and

“*p*” for any latest Interest Period or Observation Period (as applicable), means the number of TARGET Settlement Days specified as the “Lag Period” or the “Observation Shift Period” (as applicable) in the relevant Final Terms.

Subject to Condition 3(r) (*Benchmark Replacement*), if, where any Rate of Interest is to be calculated pursuant to Condition 3(i) above, in respect of any TARGET Settlement Day in respect of which an applicable €STR reference rate is required to be determined, such €STR reference rate is not made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then the €STR reference rate in respect of such TARGET Settlement Day shall be the €STR reference rate for the first preceding TARGET Settlement Day in respect of which €STR reference rate was published by the European Central Bank on its website, as determined by the Calculation Agent.

Subject to Condition 3(r) (*Benchmark Replacement*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(i), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(j) **Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts**

If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be, **provided however that** provisions relating to the Maximum or Minimum Interest Rates shall not apply to the Senior Non Preferred Notes and shall not be specified at any time in the relevant Final Terms.

(k) **Rounding**

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (ii) all figures will be rounded to seven significant figures (with halves being rounded up) and (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “**unit**” means, with respect to any currency other than

Euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to Euro, means one cent.

(l) Calculations in respect of the Senior Notes

This Condition 3(l) applies to the Senior Notes only.

The Interest Amount payable in respect of an Interest Period shall be calculated using one of the following methods:

- (i) if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable but subject to sub-paragraph (ii) below, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (ii) notwithstanding sub-paragraph (i) above, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable and a Fixed Coupon Amount and/or Broken Amount is specified in the Final Terms to be payable on an Interest Payment Date, the Interest Amount payable for the relevant Interest Period shall be the Fixed Coupon Amount and/or Broken Amount so specified; or
- (iii) if the Reset Note Provisions are specified in the relevant Final Terms as being applicable with respect to Senior Preferred Notes only, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(e) (*Interest Rate on Reset Notes*) (i) (*Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (iv) if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms).

Each Interest Amount (other than the Fixed Coupon Amount and the Broken Amount) shall be rounded in accordance with Condition 3(k) (*Rounding*).

(m) Calculations in respect of the Subordinated Notes

This Condition 3(m) applies to the Subordinated Notes only.

The amount of interest payable in respect of any Subordinated Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding Calculation Amount by the Day Count Fraction, save that where an Interest Amount (or a formula for its calculation) is specified in respect of such period, the amount of interest payable in respect of such Subordinated Note for such period will equal such Interest Amount (or be calculated in accordance with a formula). Where the Specified Denomination of a Floating Rate Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Subordinated Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. In respect of any short or long Interest Period as specified in the applicable Final Terms, the Calculation Agent will determine the Interest Rate using Linear Interpolation.

(n) Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts

After the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, it will, promptly, determine the Interest Rate and calculate the Interest Amount on the principal amount of the Notes for the relevant Interest Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agent, the holders of the Notes, any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so requires, such exchange promptly after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 3(n) but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(o) Calculation Agent and Reference Banks

The Issuer will use its best endeavours to ensure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Conditions applicable to the Notes and for so long as any Notes are outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(p) Late payment on Zero Coupon Notes

If the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable and the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

The calculation of the above amount shall be made (where such calculation is to be made for a period which is not a whole number of years) on the basis of such Day Count Fraction as may

be specified in the relevant Final Terms for the purposes of this Condition 3(p) or, if none is so specified, a Day Count Fraction of 30E/360.

(q) **Interest Rate Switch**

If so specified as being applicable in the relevant Final Terms, from and including the Interest Rate Switch Date, the Interest Rate applicable for the calculation of the Interest Amounts due for each remaining Interest Period with respect to the Notes shall be the rate specified as applying from and including such Interest Rate Switch Date in the Final Terms and the initial Interest Rate applicable to the Notes shall no longer apply.

(r) **Benchmark replacement**

Other than in the case of a U.S. dollar-denominated floating rate Note for which the Reference Rate is specified in the relevant Final Terms as being “SOFR”, notwithstanding the provisions in Conditions 3(e) (*Interest Rate on Reset Notes*) (ii) (*Fallbacks*), 3(f) (*Interest Rate on Floating Rate Notes*), 3(g) (*Interest – Floating Rate Notes referencing SONIA*) and 3(i) (*Interest – Floating Rate Notes referencing €STR*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s))) determines that a Benchmark Event occurs in relation to the relevant Mid-Swap Rate or Reference Rate (as applicable) specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate or Mid-Swap Rate, then the following provisions shall apply:

- (1) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser (as defined below) to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the “**IA Determination Cut-off Date**”) for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(r));
- (2) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate, in accordance with the provisions set out under sub-paragraph (3) below;
- (3) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(r)); **provided, however, that** if sub-paragraph (2) applies and the Issuer is unable to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the provisions in this sub-paragraph (3) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as

applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(r);

- (4) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) also in compliance with the Issuer's written plans provided for under article 28(2) of the EU Benchmarks Regulation (subject to the subsequent operation of this Condition 3(r)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Benchmark Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the relevant Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Issue and Paying Agency Agreement for the English Law Notes and these Conditions as may be required in order to give effect to this Condition 3(r). No Noteholder consent shall be required in connection with effecting the Successor Rate or Alternative Benchmark Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the relevant Paying Agent (if required));
- (5) the Issuer shall promptly following the determination of any Successor Rate or Alternative Benchmark Rate give notice thereof and of any changes pursuant to subparagraph (4) above to the Calculation Agent and the Noteholders; and
- (6) if the provisions relating to the occurrence of, with respect to the Senior Notes, a MREL Disqualification Event, or, with respect to the Subordinated Notes only, a Tier II Notes Disqualification Event, in case of a Alternative Benchmark Rate is specified as applicable in the relevant Final Terms, the provisions above would cause the occurrence of, respectively, a MREL Disqualification Event or a Tier II Notes Disqualification Event, therefore no Alternative Benchmark Rate will be adopted, and the Reference Rate applicable for the relevant Interest Period will be equal to the last Reference Rate available at the immediately preceding Interest Period on the Relevant Screen Page as determined by the Calculation Agent.

For the purposes of this Condition 3(r):

“Adjustment Spread” means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice to Noteholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Benchmark Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or

- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Benchmark Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Benchmark Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

“Alternative Benchmark Rate” means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of Eurobonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Rate (as applicable).

“Benchmark Event” means:

- (i) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist or being subject to a material change; or
- (ii) a public statement by the administrator of the Original Reference Rate that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate), provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the administrator ceases publishing the Original Reference Rate permanently or indefinitely; or
- (iii) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued, provided that a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the Original Reference Rate has been permanently or indefinitely discontinued; or
- (iv) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of its relevant underlying market; or

- (c) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Subordinated Notes prior to their stated maturity, without prejudice to the provisions under Condition 4(f) (*Redemption at the option of the Issuer*);
- (d) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Issue and Paying Agency Agreement for the English Law Notes, signed by two of the Issuer's executive officers stating that paragraphs (i) to (iv) and (a) to (c) above have been complied with, such certificate to be made available for inspection by Noteholders; and

In connection with any modification as indicated in this Condition 9(e), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are then listed or admitted to trading.

(f) **Modification to Notes distributed to a Single Noteholder**

In partial derogation to the provisions of Condition 9(a),(b),(c),(d) and (e) above, in case the Notes have been distributed to a single holder (the “**Single Holder**”), the approval for the amendments under Condition 9(a),(b),(c),(d) and (e) above shall be given by the Single Holder by way of binding approval letter with prior delivery of the relevant proof of ownership of the relevant Note.

Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. **FURTHER ISSUES AND CONSOLIDATION**

The Issuer may from time to time without the consent of the holders of Notes or Coupons create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.

The Issuer may also from time to time upon not less than 30 days' prior notice to Noteholders, without the consent of the holders of Notes or Coupons of any Series, consolidate the Notes with Notes of one or more other Series (the “**Other Notes**”) issued by it, provided the Notes and the Other Notes have been redenominated into Euro (if not originally denominated in Euro), and otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest). any such consolidation will be given to the Noteholders in accordance with Condition 12 (*Notices*). The Fiscal Agent shall act as the consolidation agent.

With effect from their consolidation, the Notes and the Other Notes will (if listed prior to such consolidation) be listed on at least one European stock exchange on which either the Notes or the Other Notes were listed immediately prior to such consolidation.

The Issuer shall in dealing with holders of such Notes following a consolidation pursuant to this Condition 11 have regard to the interest of the holders and the holders of the Other Notes, taken together as a class, and shall treat them alike.

TERMS AND CONDITIONS OF THE ITALIAN LAW NOTES

*The following is the text of the terms and conditions of the Notes applicable to each Series of Notes to be governed under Italian Law (respectively, the “**Italian Law Notes**” or the “**Notes**” and the “**Terms and Conditions of the Italian Law Notes**” or the “**Conditions**”) which, as completed by the relevant Final Terms, will be endorsed into each Note in final form issued under the Programme. The terms and conditions applicable to any Notes in global form will differ from those terms and conditions which would apply to the Notes whilst in final form to the extent described under “Provisions relating to the Notes While in Global Form” below.*

Mediobanca - Banca di Credito Finanziario S.p.A. (“**Mediobanca**”), Mediobanca International (Luxembourg) S.A. (“**Mediobanca International**”) (each, an “**Issuer**” and, together, the “**Issuers**”) have established an Euro Medium Term Note Programme (the “**Programme**”) for the issuance of up to Euro 40,000,000,000 in aggregate principal amount of senior preferred notes which may be issued by each of the Issuers (the “**Senior Preferred Notes**”), senior non preferred notes which may be issued by Mediobanca only (the “**Senior Non Preferred Notes**”) and, together with the Senior Preferred Notes, the “**Senior Notes**”) and subordinated notes which may be issued by Mediobanca only (the “**Subordinated Notes**”), guaranteed by Mediobanca (in its capacity as guarantor, the “**Guarantor**”) in respect of Senior Preferred Notes issued by Mediobanca International only.

The Notes are issued pursuant to an Issue and Paying Agency Agreement for the Italian Law Notes dated 30 December 2022, as amended or supplemented from time to time, (the “**Issue and Paying Agency Agreement for the Italian Law Notes**”) between the Issuers, the Guarantor, BNP Paribas, Luxembourg Branch, as fiscal agent and principal paying agent (the “**Fiscal Agent**”) and Mediobanca in its capacity as Italian paying agent (the “**Italian Paying Agent**”) and together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed, the “**Paying Agents**”). The Guarantor has, for the benefit of the holders of Senior Preferred Notes issued by Mediobanca International from time to time, executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated 30 December 2022 under which it has guaranteed, in accordance with the terms and subject to limitations of the Deed of Guarantee, the due and punctual payment of the amounts due by Mediobanca International under the Notes as and when the same shall become due and payable (the “**Guarantee of the Notes**”). The holders of the Notes (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) and the holders of the instalment receipts (the “**Receipts**”) appertaining to the payment of principal by instalments are deemed to have notice of all of the provisions of the Issue and Paying Agency Agreement for the Italian Law Notes applicable to them.

Notes issued under the Programme are issued in series (each, a “**Series**”) and each Series may comprise one or more tranches (each, a “**Tranche**”) of Notes. Each Tranche of Notes is the subject of final terms (the “**Final Terms**”) which completes these Conditions. The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. In the event of any inconsistency between these Conditions and the Final Terms, the Final Terms shall prevail. All subsequent references in these Conditions to “**Notes**” are to the Notes which are the subject of the Final Terms. These Conditions apply to Senior Preferred Notes and Senior Non Preferred Notes, only to the extent that such Senior Non Preferred Notes are issued by Mediobanca, and are defined as “*strumenti di debito chirografario di secondo livello*” pursuant to and for the purposes of Articles 12-bis and 91, paragraph 1-bis, letter c-bis of the Italian Banking Act and any relevant implementing regulation which may be enacted for such purposes by any Relevant Authority. These Conditions apply also to Subordinated Notes which are issued by Mediobanca and are defined as “*Tier II Instruments*” in Part II, Chapter 1 of the Prudential Regulations for Banks and in Article 63 of the CRR. Copies of the Final Terms are available during normal business hours at the specified office of the Fiscal Agent, the initial Specified Office of which is set out below (the “**Specified Office**”). Certain provisions of these Conditions are summaries of the Issue and Paying Agency Agreement for the Italian Law Notes and are subject to their detailed provisions.

The Final Terms issued in respect of each issue of Notes will specify whether the Issuer is Mediobanca or Mediobanca International. In these Conditions, any reference to a statute or regulation shall be construed as a reference to such statute or regulation as the same may have been, or may from time to time be, amended or re-enacted.

Copies of the Deed of Guarantee are available for inspection at the specified office of the Paying Agent.

payable, in each case, in arrear on each Interest Payment Date and on the Maturity Date if that does not fall on an Interest Payment Date. The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (i) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (ii) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Condition 3(d) (*Interest Rate on Fixed Rate Notes*).

 - (A) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (B) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (C) if, in the case of paragraph (A) above, such rate does not appear on that page or, in the case of paragraph (B) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable:
 - (1) the Issuer or a third party (*i.e.* a financial adviser or an investment bank appointed by the Issuer) will request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (2) the Calculation Agent will determine the arithmetic mean of such quotations; and
 - (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Relevant Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Interest Rate for such Interest Period shall be

relevant Determined Rate multiplied by the Reference Rate Multiplier,

provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Notes during such Interest Period will be calculated in accordance with the foregoing, save that the Determined Rate shall be the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (ii) **ISDA Determination:** If, in respect of any Notes other than the Senior Non Preferred Notes, ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Notes for each Interest Period will be

 - (b) if “**Multiplier**” is specified in the relevant Final Terms as being applicable (i) the sum of the Margin and the relevant ISDA Rate multiplied by (ii) the Multiplier;
 - (c) if “**Reference Rate Multiplier**” is specified in the relevant Final Terms as being applicable, the sum of (i) Margin, and (ii) the relevant ISDA Rate multiplied by the Reference Rate Multiplier,

where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is as specified in the relevant Final Terms.

(g) **Interest – Floating Rate Notes referencing SONIA**

This Condition 3(g) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, if Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the “Reference Rate” is specified in the relevant Final Terms as being “SONIA”.

Where “SONIA” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent.

For the purposes of this Condition 3(g):

“**Compounded Daily SONIA**”, with respect to an Interest Period, will be calculated by the Calculation Agent on each Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“**d**” means the number of calendar days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

“**d_o**” means the number of London Banking Days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

“**i**” means a series of whole numbers from one to **d_o**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

to, and including, the last London Banking Day in such period;

“**Interest Determination Date**” means, in respect of any Interest Period, the date falling p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes are due and payable).

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**n_i**” for any London Banking Day “**i**”, in the relevant Interest Period or Observation Period (as applicable) is the number of calendar days from, and including, such London Banking Day “**i**” up to, but excluding, the following London Banking Day;

“**Observation Period**” means, in respect of an Interest Period, the period from, and including, the date falling “p” London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date which is p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**p**” for any Interest Period or Observation Period (as applicable), means the number of London Banking Days specified as the “Lag Period” or the “Observation Shift Period” (as applicable) in the relevant Final Terms;

“**SONIA Reference Rate**” means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on

the Relevant Screen Page (or if the Relevant Screen Page is unavailable, as otherwise is published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

“SONIA_i” means the SONIA Reference Rate for:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the London Banking Day falling “p” London Banking Days prior to the relevant London Banking Day “i”; or
- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms; the relevant London Banking Day “i”;

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

If, in respect of any London Banking Day in the relevant Interest Period or Observation Period (as applicable), the Calculation Bank determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall, subject to Condition 3(r) (*Benchmark Replacement*), be:

- (A) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (B) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (B) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Subject to Condition 3(r) (*Benchmark Replacement*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(g), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(h) **Interest – Floating Rate Notes referencing SOFR**

This Condition 3(h) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, if Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the “Reference Rate” is specified in the relevant Final Terms as being “SOFR”.

Where “SOFR” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be the Benchmark plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

For the purposes of this Condition 3(h):

“**Benchmark**” means Compounded SOFR, which is a compounded average of daily SOFR, as determined for each Interest Period in accordance with the specific formula and other provisions set out in this Condition 3(h).

Daily SOFR rates will not be published in respect of any day that is not a U.S. Government Securities Business Day, such as a Saturday, Sunday or holiday. For this reason, in determining Compounded SOFR in accordance with the specific formula and other provisions set forth herein, the daily SOFR rate for any U.S. Government Securities Business Day that immediately precedes one or more days that are not U.S. Government Securities Business Days will be multiplied by the number of calendar days from and including such U.S. Government Securities Business Day to, but excluding, the following U.S. Government Securities Business Day.

If the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in respect of Compounded SOFR (or the daily SOFR used in the calculation hereof) prior to the relevant SOFR Determination Time, then the provisions under Condition 3(h) below will apply.

“**Business Day**” means any weekday that is a U.S. Government Securities Business Day and is not a legal holiday in New York and each (if any) Additional Business Centre(s) and is not a date on which banking institutions in those cities are authorised or required by law or regulation to be closed;

“**Compounded SOFR**” with respect to any Interest Period, means the rate of return of a daily compound interest investment computed in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

“**d**” is the number of calendar days in:

- (ii) Subject to Condition 3(h) below, if the rate specified in (i) above does not so appear, the Secured Overnight Financing Rate as published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the SOFR Administrator’s Website;

“SOFR Administrator” means the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate);

- (ii) where “Observation Shift” is specified as the Observation Method in the relevant Final Terms, the relevant U.S. Government Securities Business Day “i”; and

“U.S. Government Securities Business Day” means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that

the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

If the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates. In connection with the implementation of a Benchmark Replacement, the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time, without any requirement for the consent or approval of the Noteholders.

Any determination, decision or election that may be made by the Issuer pursuant to this section, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (i) will be conclusive and binding absent manifest error;
- (ii) will be made in the sole discretion of the Issuer; and
- (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

“Benchmark” means, initially, Compounded SOFR, as such term is defined above; **provided that** if the Issuer determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then “Benchmark” shall mean the applicable Benchmark Replacement.

“Benchmark Replacement” means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the sum of: (A) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (B) the Benchmark Replacement Adjustment;
- (ii) the sum of: (A) the ISDA Fallback Rate and (B) the Benchmark Replacement Adjustment; or
- (iii) the sum of: (A) the alternate rate of interest that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (B) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or

- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determines is reasonably necessary);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (ii) in the case of clause (iii) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark;

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“Reference Time” with respect to any determination of the Benchmark means (i) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (ii) if the Benchmark is not Compounded SOFR, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

Any Benchmark Replacement, Benchmark Replacement Adjustment and the specific terms of any Benchmark Replacement Conforming Changes, determined under Condition 3(h) will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 12 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date on which such changes take effect.

No later than notifying the Fiscal Agent of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (A) confirming (x) that a Benchmark Transition Event has occurred, (y) the relevant Benchmark Replacement and, (z) where applicable, any Benchmark Replacement Adjustment and/or the specific terms of any relevant Benchmark Replacement Conforming Changes, in each case as determined in accordance with the provisions of this Condition 3(h); and
- (B) certifying that the relevant Benchmark Replacement Conforming Changes are necessary to ensure the proper operation of such Benchmark Replacement and/or Benchmark Replacement Adjustment.

If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(h), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(i) **Interest – Floating Rate Notes referencing €STR**

This Condition 3(i) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the “Reference Rate” is specified in the relevant Final Terms as being “€STR”.

Where “€STR” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily €STR plus or minus

(as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

For the purposes of this Condition 3(i):

“**Compounded Daily €STR**” means, with respect to any Interest Period, the rate of return of a daily compound interest investment (with the daily euro short-term rate as reference rate for the calculation of interest) as calculated by the Calculation Agent as at the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{€STR}_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

“**d**” means the number of calendar days in:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or

the “**€STR reference rate**”, in respect of any TARGET Settlement Day, is a reference rate equal to the daily euro short-term rate (“**€STR**”) for such TARGET Settlement Day as provided by the European Central Bank as the administrator of €STR (or any successor administrator of such rate) on the website of the European Central Bank (or, if no longer published on its website, as otherwise published by it or provided by it to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the TARGET Settlement Day immediately following such TARGET Settlement Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the European Central Bank or the successor administrator of such rate);

“**€STR_i**” means the €STR reference rate for:

- (i) where “Lag” is specified as the Observation Method in the relevant Final Terms, the TARGET Settlement Day falling “*p*” TARGET Settlement Days prior to the relevant TARGET Settlement Day “*i*”; or
- (ii) where “*Observation Shift*” is specified as the Observation Method in the relevant Final Terms, the relevant TARGET Settlement Day “*i*”.

“*i*” is a series of whole numbers from one to “*d_o*”, each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in:

- (i) where “*Lag*” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where “*Observation Shift*” is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period;

to, and including, the last TARGET Settlement Day in such period;

“*n_i*” for any TARGET Settlement Day “*i*” in the relevant Interest Period or Observation Period (as applicable), means the number of calendar days from (and including) such TARGET Settlement Day “*i*” up to (but excluding) the following TARGET Settlement Day;

“**Observation Period**” means, in respect of any Interest Period, the period from (and including) the date falling “*p*” TARGET Settlement Days prior to the first day of the relevant Interest Period (and the final Interest Period shall begin on and include the Interest Commencement Date) to (but excluding) the date falling “*p*” TARGET Settlement Days prior to (A) (in the case of an Interest Period) the Interest Payment Date for such Interest Period or (B) such earlier date, if any, on which the Notes become due and payable; and

“*p*” for any latest Interest Period or Observation Period (as applicable), means the number of TARGET Settlement Days specified as the “Lag Period” or the “Observation Shift Period” (as applicable) in the relevant Final Terms.

Subject to Condition 3(r) (*Benchmark Replacement*), if, where any Rate of Interest is to be calculated pursuant to Condition 3(i) above, in respect of any TARGET Settlement Day in respect of which an applicable €STR reference rate is required to be determined, such €STR reference rate is not made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then the €STR reference rate in respect of such TARGET Settlement Day shall be the €STR reference rate for the first preceding TARGET Settlement Day in respect of which €STR reference rate was published by the European Central Bank on its website, as determined by the Calculation Agent.

Subject to Condition 3(r) (*Benchmark Replacement*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 3(i), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

(j) **Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts**

If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be, **provided however that** provisions relating to the Maximum or Minimum Interest Rate shall not apply to the Senior Non Preferred Notes and shall not be specified at any time in the relevant Final Terms.

(k) **Rounding**

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (ii)

all figures will be rounded to seven significant figures (with halves being rounded up) and (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means, with respect to any currency other than Euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to Euro, means one cent.

(l) Calculations in respect of the Senior Notes

This Condition 3(l) applies to the Senior Notes only.

The Interest Amount payable in respect of an Interest Period shall be calculated using one of the following methods:

- (i) if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable but subject to sub-paragraph (ii) below, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (ii) notwithstanding sub-paragraph (i) above, if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable and a Fixed Coupon Amount and/or Broken Amount is specified in the Final Terms to be payable on an Interest Payment Date, the Interest Amount payable for the relevant Interest Period shall be the Fixed Coupon Amount and/or Broken Amount so specified; or
- (iii) if the Reset Note Provisions are specified in the relevant Final Terms as being applicable with respect to Senior Preferred Notes only, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent in accordance with the provisions of Condition 3(e) (*Interest Rate on Reset Notes*) (i) (*Rates of Interest and Interest Payment Dates*) (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms); or
- (iv) if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, the Interest Amount payable for any Interest Period shall be an amount calculated by the Calculation Agent by applying the Interest Rate to the Calculation Amount and by multiplying the product so obtained by the Day Count Fraction (adjusted or unadjusted in accordance with the Business Day Convention, as specified in the relevant Final Terms).

Each Interest Amount (other than the Fixed Coupon Amount and the Broken Amount) shall be rounded in accordance with Condition 3(k) (*Rounding*).

(m) Calculations in respect of the Subordinated Notes

This Condition 3(m) applies to the Subordinated Notes only.

The amount of interest payable in respect of any Subordinated Note for any period shall be calculated by multiplying the product of the Interest Rate and the outstanding Calculation Amount by the Day Count Fraction, save that where an Interest Amount (or a formula for its calculation) is specified in respect of such period, the amount of interest payable in respect of such Subordinated Note for such period will equal such Interest Amount (or be calculated in accordance with a formula). Where the Specified Denomination of a Floating Rate Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Subordinated Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding. In respect of any short or long Interest Period as specified in the applicable Final Terms, the Calculation Agent will determine the Interest Rate using Linear Interpolation.

(n) **Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts**

After the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, it will, promptly, determine the Interest Rate and calculate the Interest Amount on the principal amount of the Notes for the relevant Interest Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agent, the holders of the Notes, any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so requires, such exchange promptly after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8 (*Events of Default*), the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 3(n) but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(o) **Calculation Agent and Reference Banks**

The Issuer will use its best endeavours to ensure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Conditions applicable to the Notes and for so long as any Notes are outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(p) **Late payment on Zero Coupon Notes**

If the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable and the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

The calculation of the above amount shall be made (where such calculation is to be made for a period which is not a whole number of years) on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 3(p) or, if none is so specified, a Day Count Fraction of 30E/360.

(q) **Interest Rate Switch**

If so specified as being applicable in the relevant Final Terms, from and including the Interest Rate Switch Date, the Interest Rate applicable for the calculation of the Interest Amounts due for each remaining Interest Period with respect to the Notes shall be the rate specified as applying from and including such Interest Rate Switch Date in the Final Terms and the initial Interest Rate applicable to the Notes shall no longer apply.

(r) **Benchmark replacement**

Other than in the case of a U.S. dollar-denominated floating rate Note for which the Reference Rate is specified in the relevant Final Terms as being “SOFR”, notwithstanding the provisions in Conditions 3(e) (*Interest Rate on Reset Notes*) (ii) (*Fallbacks*), 3(f) (*Interest Rate on Floating Rate Notes*), 3(g) (*Interest – Floating Rate Notes referencing SONIA*) and 3(i) (*Interest – Floating Rate Notes referencing €STR*), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)) determines that a Benchmark Event occurs in relation to the relevant Mid-Swap Rate or Reference Rate (as applicable) specified in the applicable Final Terms when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate or Mid-Swap Rate, then the following provisions shall apply:

- (1) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser (as defined below) to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Benchmark Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the “**IA Determination Cut-off Date**”) for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(r));
- (2) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Benchmark Rate prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Benchmark Rate, in accordance with the provisions set out under sub-paragraph (3) below;
- (3) if a Successor Rate or, failing which, an Alternative Benchmark Rate is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Benchmark Rate shall be the Reference Rate or Mid-Swap Rate (as applicable) in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 3(r)); **provided, however, that** if sub-paragraph (2) applies and the Issuer is unable to determine a Successor Rate or an Alternative Benchmark Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the Rate of Interest applicable to such next succeeding Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period); for the avoidance of doubt, the

provisions in this sub-paragraph (3) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 3(r);

- (4) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Benchmark Rate in accordance with the above provisions, the Independent Adviser or the Issuer (as the case may be) may also, following consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date and/or the definition of Mid-Swap Rate or Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Benchmark Rate, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) also in compliance with the Issuer's written plans provided for under article 28(2) of the EU Benchmarks Regulation (subject to the subsequent operation of this Condition 3(r)). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Benchmark Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the relevant Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Issue and Paying Agency Agreement for the Italian Law Notes and these Conditions as may be required in order to give effect to this Condition 3(r). No Noteholder consent shall be required in connection with effecting the Successor Rate or Alternative Benchmark Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the relevant Paying Agent (if required));
- (5) the Issuer shall promptly following the determination of any Successor Rate or Alternative Benchmark Rate give notice thereof and of any changes pursuant to subparagraph (4) above to the Calculation Agent and the Noteholders; and
- (6) if the provisions relating to the occurrence of, with respect to the Senior Notes, a MREL Disqualification Event, or, with respect to the Subordinated Notes only, a Tier II Notes Disqualification Event, in case of a Alternative Benchmark Rate is specified as applicable in the relevant Final Terms, the provisions above would cause the occurrence of, respectively, a MREL Disqualification Event or a Tier II Notes Disqualification Event, therefore no Alternative Benchmark Rate will be adopted, and the Reference Rate applicable for the relevant Interest Period will be equal to the last Reference Rate available at the immediately preceding Interest Period on the Relevant Screen Page as determined by the Calculation Agent.

For the purposes of this Condition 3(r):

“Adjustment Spread” means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Benchmark Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice to Noteholders as a result of the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate or the Alternative Benchmark Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate or Mid-Swap Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Benchmark Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Benchmark Rate (as applicable); or

“**Alternative Benchmark Rate**” means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of Eurobonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Rate (as applicable).

(b) the date on which the administrator ceases to provide the Original Reference Rate permanently or indefinitely;

- (vi) a public statement by the supervisor or the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences either generally, or in respect of the Notes, **provided that** a Benchmark Event will occur on the date which is the later of (a) the date of the public statement referenced herein and (b) the date on which the Original Reference Rate is prohibited from being used or its use is subject to restrictions or adverse consequences either generally, or in respect of the Notes; or

If the Issuer or the Guarantor (where applicable) becomes subject at any time to any taxing jurisdiction other than the Grand Duchy of Luxembourg or the Republic of Italy respectively, references in these Conditions to Luxembourg or Italy shall be construed as references to the Grand Duchy of Luxembourg or (as the case may be) the Republic of Italy and/or such other jurisdiction.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the holders of Notes in accordance with Condition 12 (*Notices*) that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, **provided that** payment is in fact made upon such presentation. 7. **PRESCRIPTION**

Claims against the Issuer and the Guarantor (where applicable) for payment in respect of the Notes, Receipts and Coupons (which, for this purpose shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof.

No remedy against the Issuer other than as specifically provided by this Condition 8 shall be available to holders of the Notes or Coupons for the recovery of amounts owing in respect of the Notes or Coupons.

9. **MEETINGS OF HOLDERS OF NOTES AND MODIFICATIONS**

(a) **Meetings of holders of Notes**

The Issue and Paying Agency Agreement for the Italian Law Notes contains provisions for convening meetings of holders of Notes to consider any matter affecting their interest, including modification by Extraordinary Resolution of the Notes (including these Conditions insofar as the same may apply to such Notes). An Extraordinary Resolution duly passed at any such meeting shall be binding on all the holders of Notes, whether present or not and on all relevant holders of Coupons, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereon, (ii) to reduce or cancel the principal amount or an Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Redemption Amount is shown in the Final Terms, to reduce any such Minimum and/or Maximum, (v) to change any method of calculating the Redemption Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions contained concerning the quorum required at any meeting of holders of Notes or any adjournment thereof or concerning the majority required to pass an Extraordinary Resolution, (viii) to modify the provisions which would have the effect of giving any authority, direction or sanction which under the Notes is required to be given pursuant to a meeting of holders of Notes to which the special quorum provisions apply, (ix) to take any steps which as specified in the Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (x) to amend the foregoing exceptions in any manner, will only be binding if passed at a meeting of the holders of Notes (or at any adjournment thereof) at which a special quorum (provided for in the Issue and Paying Agency Agreement for the Italian Law Notes) is present.

(b) **Modification of Issue and Paying Agency Agreement for the Italian Law Notes**

The Issuer and the Guarantor shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Issue and Paying Agency Agreement for the Italian Law Notes, if to do so could not reasonably be expected to be prejudicial to the interests of the holders of Notes.

(c) **Errors or inconsistencies**

The Issuer and, with respect to the Senior Preferred Notes only, the Guarantor may, without the prior consent of the holders of the Notes correct (i) any manifest and/or material error in the Conditions and/or in the Final Terms, (ii) any error of a formal, minor or technical nature in the Conditions and/or in the Final Terms or (iii) any inconsistency in the Conditions and/or in the Final Terms between the Conditions and/or the Final Terms and any other documents prepared in connection with the issue and/or offer of a Series of Notes (provided such correction is not materially prejudicial to the holders of the relevant Series of Notes). In addition, pursuant to Condition 3(r) (*Benchmark replacement*), certain changes may be made to the interest calculation provisions of the Notes in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Noteholders. Any such correction shall be binding on the holders of the relevant Notes and the Issuer and the Guarantor (if applicable) shall cause such correction to be notified to the holders of the Notes as soon as practicable thereafter pursuant to Condition 12 (*Notices*).

(d) **Modification following a MREL Disqualification Event**

With respect to the Senior Notes only, if Modification following a MREL Disqualification Event is specified as applicable in the applicable Final Terms, where a MREL Disqualification Event has occurred and is continuing and/or in order to ensure the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), then the Issuer may, without any requirement for the consent or approval of the Noteholders, modify the terms of the Senior Notes to the extent that such modification is necessary to ensure that no such MREL Disqualification Event would exist after such modification or the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), **provided that**, following such modification:

- (i) other than in respect of the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), the terms and conditions of the Senior Notes, as so modified (the “**modified Senior Notes**”), are no more prejudicial to Noteholders than the terms and conditions applicable to the Senior Notes prior to such modification (the “**existing Senior Notes**”); and
- (ii) the person having the obligations of the Issuer under the Senior Notes continues to be the Issuer; and
- (iii) the modified Senior Notes rank at least equal to the existing Senior Notes and feature the same tenor, principal amount, interest rates (including applicable margins), interest payment dates and redemption rights as the existing Senior Notes; and
- (iv) the modified Senior Notes continue to be listed on a regulated market (for the purposes of the MiFID II (Directive 2014/65/EU, as amended)) of an internationally recognised stock exchange as selected by the Issuer (**provided that** the existing Senior Notes were so listed prior to the occurrence of such MREL Disqualification Event),

and **provided further that**:

- (a) Mediobanca obtains approval of the proposed modification from the Relevant Authority (if such approval is required) or gives prior written notice (if such notice is required to be given) to the Relevant Authority and, following the expiry of all relevant statutory time limits, the Relevant Authority is no longer entitled to object or impose changes to the proposed modification;
- (b) the modified Senior Notes are assigned the same or higher published and solicited rating of the existing Senior Notes in effect at such time (to the extent the existing Senior Notes were rated prior to the occurrence of such MREL Disqualification Event);

- (c) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Senior Notes prior to their stated maturity, without prejudice to the provisions under Condition 4(f) (*Redemption at the option of the Issuer*); and
- (d) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Issue and Paying Agency Agreement for the Italian Law Notes, signed by two of the Issuer's executive officers stating that paragraphs (i) to (iv) and (a) to (c) above have been complied with, such certificate to be made available for inspection by Noteholders.

In connection with any modification as indicated in this Condition 9(d), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Senior Non Preferred Notes are then listed or admitted to trading.

(e) **Modification following a Tier II Notes Disqualification Event or a Tax Event**

With respect to the Subordinated Notes only, if modification following a Tier II Notes Disqualification Event or a Tax Event is specified as applicable in the applicable Final Terms, where a Tier II Notes Disqualification Event or a Tax Event has occurred and is continuing and/or in order to ensure the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), then the Issuer may, without any requirement for the consent or approval of the Noteholders, modify the terms of the Notes to the extent that such modification is reasonably necessary to ensure that no such Tier II Notes Disqualification Event or Tax Event would exist after such modification or the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), **provided that**, following such modification:

- (i) other than in respect of the effectiveness and enforceability of Condition 14 (*Acknowledgement of the Italian / Luxembourg Bail-In Power*), the terms and conditions of the Subordinated Notes, as so modified (the “**modified Notes**”), are no more prejudicial to Noteholders than the terms and conditions applicable to the Subordinated Notes prior to such modification (the “**existing Notes**”); and
- (ii) the person having the obligations of the Issuer under the Subordinated Notes continues to be the Issuer; and
- (iii) the modified Subordinated Notes rank at least equal to the existing Subordinated Notes and feature the same tenor, principal amount, interest rates (including applicable margins), interest payment dates and redemption rights as the existing Subordinated Notes; and
- (iv) the modified Subordinated Notes continue to be listed on a regulated market (for the purposes of the MiFID II (Directive 2014/65/EU, as amended)) of an internationally recognised stock exchange as selected by the Issuer (**provided that** the existing Notes were so listed prior to the occurrence of such Tier II Notes Disqualification Event or Tax Event, as applicable),

and **provided further that**:

- (a) Mediobanca obtains approval of the proposed modification from the Relevant Authority (if such approval is required) or gives prior written notice (if such notice is required to be given) to the Relevant Authority and, following the expiry of all relevant statutory time limits, the Relevant Authority is no longer entitled to object or impose changes to the proposed modification;
- (b) the modified Notes are assigned the same or higher published and solicited rating of the existing Subordinated Notes in effect at such time (to the extent the existing Subordinated Notes were rated prior to the occurrence of such Tier II Notes Disqualification Event or Tax Event, as applicable);

- (c) the modification does not give rise to any right on the part of the Issuer to exercise any option to redeem the Subordinated Notes prior to their stated maturity, without prejudice to the provisions under Condition 4(f) (*Redemption at the option of the Issuer*);
- (d) the Issuer has delivered to the Fiscal Agent a certificate, substantially in the form shown in the Issue and Paying Agency Agreement for the Italian Law Notes, signed by two of the Issuer's executive officers stating that paragraphs (i) to (iv) and (a) to (c) above have been complied with, such certificate to be made available for inspection by Noteholders; and
- (e) in the case of any proposed modifications owing to a Tax Event, the Issuer has delivered to the Fiscal Agent an opinion of independent legal advisers of recognised standing to the effect that the Tax Event can be avoided by the proposed modifications.

In connection with any modification as indicated in this Condition 9(e), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are then listed or admitted to trading.

(f) **Modification to Notes distributed to a Single Noteholder**

In partial derogation to the provisions of Condition 9(a),(b),(c),(d) and (e) above, in case the Notes have been distributed to a single holder (the “**Single Holder**”), the approval for the amendments under Condition 9(e),(b),(c),(d) and (e) above shall be given by the Single Holder by way of binding approval letter with prior delivery of the relevant proof of ownership of the relevant Note.

10. **REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS**

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to holders in accordance with Condition 12 (*Notices*), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. **FURTHER ISSUES AND CONSOLIDATION**

The Issuer may from time to time without the consent of the holders of Notes or Coupons create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.

The Issuer may also from time to time upon not less than 30 days' prior notice to Noteholders, without the consent of the holders of Notes or Coupons of any Series, consolidate the Notes with Notes of one or more other Series (the “**Other Notes**”) issued by it, provided the Notes and the Other Notes have been redenominated into Euro (if not originally denominated in Euro), and otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest). Notice of any such consolidation will be given to the Noteholders in accordance with Condition 12 (*Notices*). The Fiscal Agent shall act as the consolidation agent.

With effect from their consolidation, the Notes and the Other Notes will (if listed prior to such consolidation) be listed on at least one European stock exchange on which either the Notes or the Other Notes were listed immediately prior to such consolidation.

The Issuer shall in dealing with holders of such Notes following a consolidation pursuant to this Condition 11 have regard to the interest of the holders and the holders of the Other Notes, taken together as a class, and shall treat them alike.

12. NOTICES

Notices to the holders of Notes will be valid if (i) until such time as any Definitive Notes are issued, the notice is delivered to the relevant Clearing System(s), for communication by them to the holders of Notes; and (ii) if and so long as the Notes are admitted to trading on the Euronext Dublin's regulated market and listed on the Official List of the Euronext Dublin, the notice is published in accordance with the rules and regulations of the Euronext Dublin (which shall include publication in a leading newspaper having general circulation in Ireland or on the website of the Euronext Dublin (<https://live.euronext.com/>) or on the website of the relevant Issuer (www.mediobanca.it or www.mediobancainet.lu) and the Guarantor (www.mediobanca.it). If any such publication is not practicable, notice will be validly given if published in another leading daily English language newspaper of general circulation in Europe.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Holders of Coupons shall be deemed for all purposes to have notice of the contents of any notice to the holders of Notes in accordance with this Condition 12.

13. LAW AND JURISDICTION

- (a) **Governing Law:** The Notes and any non-contractual obligations arising out of or in connection with the relevant Notes will be governed by, and shall be construed in accordance with Italian law, also in accordance with the provisions of the Rome II Regulation, except in case of Senior Preferred Notes issued by Mediobanca International, Conditions 2(b) (*Status of the Senior Preferred Notes*), 4(b) (*Maturities/Final Redemption*), 4(h) (*Redemption due to MREL Disqualification Event*) and 14 (*Acknowledgment of the Italian / Luxembourg Bail-in Power*) of these Conditions, which are governed by, and shall be construed in accordance with, Luxembourgish law. For the avoidance of doubt, articles 470-3 to 470-19 of the Luxembourg Company Law shall not apply to Senior Preferred Notes issued by Mediobanca International.
- (b) **Jurisdiction:** The courts of Milan have exclusive jurisdiction to settle any dispute (a “**Dispute**”), arising from or connected with the Notes, whether arising out of or in connection with contractual or non-contractual obligations. Nothing contained in this Condition shall limit any right to take proceedings against the Issuer in any other court of competent jurisdiction, nor shall the taking of proceedings in one or more jurisdictions preclude the taking of proceedings in any other jurisdiction, whether concurrently or not.

14. ACKNOWLEDGEMENT OF THE ITALIAN / LUXEMBOURG BAIL-IN POWER

A) Acknowledgment of the Italian Bail-in Power

Notwithstanding any provision of these Conditions or any other agreements, arrangements, or understandings between the Issuers and the Guarantor (where applicable) and any holder, and without prejudice to Article 55(1) of the BRRD, by its acquisition of the Notes each holder (which, for the purposes of this Condition 14, includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents to and agrees to be bound by:

- (a) the effects of the exercise of the Italian Bail-in Power by the Relevant Authority, which exercise may include and result in any of the following, or some combination thereof: (i) the reduction of all, or a portion, of the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (ii) the conversion of all, or a portion, of the principal amount in respect of the Notes together with

any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto, into ordinary shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of these Conditions; (iii) the cancellation of the Notes or the principal amount in respect of the Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; and (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and

- (b) the variation of these Conditions, as deemed necessary by the Relevant Authority, to give effect to the exercise of the Italian Bail-in Power by the Relevant Authority.

The exercise of the Italian Bail-in Power by the Relevant Authority shall not constitute an Event of Default and these Conditions shall remain in full force and effect save as varied by the Relevant Authority in accordance with this Condition 14.

Each Noteholder also acknowledges and agrees that this provision is exhaustive on the matters described herein to the exclusion of any other agreements, arrangements or understandings relating to the application of the Italian Bail-In Power.

B) Acknowledgment of the Luxembourg Bail-in Power

The provisions of this Condition 14(B) applies to Senior Preferred Notes only.

Notwithstanding any provision of these Conditions or any other agreements, arrangements, or understandings between the Issuers and the Guarantor (where applicable) and any holder, and without prejudice to Article 55(1) of the BRRD, by its acquisition of the Senior Preferred Notes each holder (which, for the purposes of this Condition 14, includes each holder of a beneficial interest in the Senior Preferred Notes) acknowledges, accepts, consents to and agrees to be bound by:

- (a) the effects of the exercise of the Luxembourg Bail-in Power by the Relevant Authority, which exercise may include and result in any of the following, or some combination thereof: (i) the reduction of all, or a portion, of the principal amount in respect of the Senior Preferred Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; (ii) the conversion of all, or a portion, of the principal amount in respect of the Senior Preferred Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto, into ordinary shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of these Conditions; (iii) the cancellation of the Senior Preferred Notes or the principal amount in respect of the Senior Preferred Notes together with any accrued but unpaid interest due thereon and any additional amounts (if any) due in relation thereto; and (iv) the amendment or alteration of the maturity of the Senior Preferred Notes or amendment of the amount of interest payable on the Senior Preferred Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and
- (b) the variation of these Conditions, as deemed necessary by the Relevant Authority, to give effect to the exercise of the Luxembourg Bail-in Power by the Relevant Authority.

The exercise of the Luxembourg Bail-in Power by the Relevant Authority shall not constitute an Event of Default and these Conditions shall remain in full force and effect save as varied by the Relevant Authority in accordance with this Condition 14.

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to “**Noteholder**” are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary (in the case of a CGN) or a common safekeeper (in the case of an NGN) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each, an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder’s share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and (in the case of an NGN) effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (Luxembourg time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon

has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (Luxembourg time) on such seventh day (in the case of paragraph (a) above) or at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of paragraph (b) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of paragraph (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deeds of Covenant. Under the Deeds of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the relevant Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Where the Notes are listed on the Euronext Dublin and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be.

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and, where applicable, with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 45 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of paragraph (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of paragraph (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deeds of Covenant). Under the relevant Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the relevant Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Where the Notes are listed on the Euronext Dublin and its rules so require, the relevant Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be.

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the relevant Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the relevant Issuer shall procure that, in respect of a CGN, the payment is noted on a schedule thereto and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 4(h) (*Redemption at the option of holders of Notes*) of the Terms and Conditions of the English Law Notes and Condition 4(h) (*Redemption at the option of holders of Notes*) of the Italian Law Notes, the bearer of the Permanent Global Note must, within the period specified in the relevant Conditions for the deposit of the relevant Note and Put Option Notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 4(f) (*Redemption at the option of the Issuer*) of the Terms and Conditions of the English Law Notes and Condition 4(f) (*Redemption at the option of the Issuer*) of the Terms and Conditions of the Italian Law Notes, as the case may be, in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the relevant Issuer in accordance with the relevant Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, at their discretion, as either a pool factor or a reduction in principal amount).

Notices: Notwithstanding Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary, common depositary or common safekeeper (as the case may be) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 12 (*Notices*) of the Terms and Conditions of the English Law Notes and Condition 12 (*Notices*) of the Terms and Conditions of the Italian Law Notes, as the case may be, on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system; **provided, however, that**, so long as the Notes are listed on the Official List of the Euronext Dublin and its rules so require, notices will also be published in a leading newspaper having general circulation in Ireland or on the website of the Euronext Dublin (<https://live.euronext.com/>).

Principal markets

The Mediobanca Group's activities are principally focused on the domestic market (from a geographical standpoint Italy accounts for approximately 80% of the Group's loan book). In particular:

- Corporate & Investment Banking (CIB): in WB, half the revenues and loan book is originated by the Italian market, the other half by other countries (notably France, Spain and the United Kingdom); while Specialty Finance activities are focused on the domestic Italian market. The division employs some 650 staff, around 145 of whom are based outside Italy;
- Consumer Banking: activities focus exclusively on the Italian market, and employ approximately 1,454 staff at 203 branches/agencies;
- Wealth Management (WM): this division's activity is focused primarily on the Italian market, with the exception of CMB (which operates in the Principality of Monaco), RAM AI (which operates throughout Europe from its headquarters in Switzerland), and Cairn Capital (which operates in the United Kingdom); and employs 2,104 staff, with approximately 1,200 FAs/relationship managers, and over 200 branches/financial shops;
- Leasing activities chiefly target the domestic market.

The agreement on future relations between the United Kingdom and the European Union was signed on 30 December 2020, ratified by the European Parliament in April 2021, even though it had already been applied provisionally from 1 January 2021 as authorized by the European Council. For financial services, the agreement does not provide for any broader reciprocal access to markets than the agreements which the EU has entered into with other commercial partners. At the end of March 2021, the EU and the United Kingdom executed a Memorandum of Understanding establishing a framework for Financial Services Regulatory Co-operation, which does not replace the banking and financial services passporting arrangements.

Mediobanca currently operates in the United Kingdom, both at its London branch office and cross-border, under the Temporary Permissions Regime (TPR) permitted by the Financial Conduct Authority (FCA), which allows the Bank to continue to perform its current activities as though it were formally authorized. The FCA has asked Mediobanca to start the formal process in order to receive its own authorization to operate in the United Kingdom as a third country branch from the Financial Conduct Authority by June 2022. Mediobanca has also undertaken a series of initiatives, in accordance with the ECB guidance, to address the issue of no longer being allowed to serve EU clients from the United Kingdom. These have included transferring some front office staff members (including some considered as key function holders) from the London branch offices to other offices located within the EU (15 in total in the course of 2020). There are still some areas of uncertainty, however, regarding the application of some of the market regulations (e.g. on shares/derivatives trading obligations), for which specific solutions have been adopted in order to ensure that the new rules are complied with. The total number of staff employed by the London branch, which was 89 as at 30 June 2020, had declined to 73 at 30 June 2022. It should be emphasized that the Group's activities in the United Kingdom continue to be relatively minor (accounting for approximately 3% of its total revenues).

As far as regards UK-based Group company Cairn Capital ("Cairn"), the company has delegated management of its funds to an Ireland-based fund manager (Cairn Global Fund Managers Ireland Limited), which in turn has sub-delegated management back to Cairn itself. Cairn will therefore continue to handle the investment strategies and portfolio management for the funds. The marketing activity for the funds, though, will be performed by a company in the process of being set up to be owned by Cairn.

Mediobanca reviews the validity of the Mediobanca Green, Social and Sustainability Bond Framework annually, considering the development and progress made in all the areas tackled by environmental and sustainable best practices and upcoming regulations. The Mediobanca Green, Social and Sustainability Bond Framework updates will also be consistent with Mediobanca's lending strategy and internal policies with respect to its ESG goals.

The pool of assets falling within the Eligible Green Assets, Eligible Social Assets and/or Eligible Sustainability Assets will be approved and evaluated by an internal committee of Mediobanca (the “**Green, Social and Sustainability Bond Committee**”). The Green, Social and Sustainability Bond Committee will also be responsible for, *inter alia*, monitoring such pools and updating and maintaining the Mediobanca Green, Social and Sustainability Bond Framework (as mentioned above).

Furthermore, to ensure the transparency and soundness of the Mediobanca Green, Social and Sustainability Bond Framework, Mediobanca has obtained independent verification from a second opinion provider which will assess and assist on sustainability profiles, performance and coherence with the ICMA's Green Bond Principles (2021), Social Bond Principles (2021) and Sustainability Bond Guidelines (2021).

Green Bonds, Social Bonds or Sustainability Bonds can be issued as different debt instruments, including public or private placements, Senior Preferred Notes, Senior Non Preferred Notes and Subordinated Notes in various formats and currencies. Further details will be provided in the applicable documentation related to the specific transaction.

The Mediobanca Green, Social and Sustainability Bond Framework, as well as any future updates, will apply to any Green Bond, Social Bond and/or Sustainability Bond issued by the relevant Issuer as long as any such instrument is still outstanding.

Information on trends, uncertainties, requests, commitments or known facts which could reasonably be expected to have material repercussions on the Issuer's prospects for at least the current financial year

Mediobanca is not aware of any information on trends, uncertainties, requests, commitments or facts known which could reasonably have significant repercussions on Mediobanca's prospects for the current financial year.

A deterioration in the medical situation due to the Covid-19 pandemic, the removal of government support measures, the ineffectiveness of the vaccination plan, as well as the evolution of virus variants, could impact further on the economic, social and financial situation in Italy and hence on the credit quality, capitalization and earnings of the Issuer which operates primarily on the Italian market.

Mediobanca is committed to executing the strategic and operating guidelines of its 2019-23 Strategic Plan, confirming the intention to optimize capital, with the objective of restoring the CET1 ratio to 13.5% by end-June 2023, including through share buybacks and acquisitions to strengthen the business lines.

Each year the Board of Directors assesses the positions of the individual directors, which may have changed as a result of changes in the activities or size of the other companies in which they hold posts. To this end, each director, including in order to avoid potential conflict of interest, shall inform the Board of any changes in the positions assumed by them in the course of their term of office.

LEGAL AND ARBITRATION PROCEEDINGS

As at the date of this Base Prospectus, none of the proceedings involving Mediobanca and its consolidated subsidiaries may have, or have had in the recent past, a material impact on the Group's financial position or profitability, and as far as Mediobanca is aware, no litigation, arbitration or administrative proceedings which may have such material impact has either been announced or is pending.

A description of the main tax disputes and litigation pending is provided below, purely for information purposes:

Litigation pending and tax disputes

Civil Proceedings - Claim for damages

Among the most significant legal proceedings still pending against Mediobanca there is the following claim for damages made by:

- Lucchini S.p.A. in A.S. ("**Lucchini**") against 12 banks (including Mediobanca) claiming that the banks would have contributed to the economic and financial distress of the company for having drawn up and executed an industrial and financial plan of the company based on allegedly unrealistic forecasts and a restructuring agreement pursuant to article 182-*bis* of the bankruptcy law which provided for guarantees excessively favourable to the banks, thus delaying Lucchini's submission to the extraordinary administration procedure. With a ruling on 21 July 2020, the Court of Milan rejected Lucchini's request, ordering him to pay the costs. With a notice of appeal served on 28 September 2020 Lucchini appealed the sentence. Mediobanca is awaiting the Court of Appeal to issue its final judgement.

It should be noted that on 26 July 2022 the Court of Florence declared the dismissal of the dispute previously pending between Fondazione Monte dei Paschi di Siena ("FMPS"), its former directors, as well as Mediobanca and other 13 banks. This ruling follows the settlement agreement entered into between FMPS and the pool of banks involved in such proceedings on 20 December 2021, which provided for, *inter alia*, a waiver of the litigation proceedings. Pursuant to this agreement, Mediobanca paid an amount considerably lower in respect of the original *petitum* of the claim.

Tax – Administrative proceedings

With regard to the dispute pending with the tax authorities, it should be noted that there were no significant changes with respect to the previous year.

With reference to the alleged non-application of transparency taxation (*tassazione per trasparenza*), provided for by the Controlled Foreign Company (CFC) regulations, of the income produced by CMB Monaco (formerly called

Compagnie Monégasque de Banque) and Compagnie Monégasque de Gestion for the financial years 2013, 2014 and 2015 three disputes are pending with the tax authorities. In detail, the dispute regarding the financial year 2013/2014 (profits 2013, tax of € 21.3 million plus interest and penalties), in which Mediobanca was victorious in first instance, is pending before the Lombardy Regional Tax Court following an appeal lodged by the Revenue Office; disputes relating to the 2014/15 and 2015/16 fiscal years (respectively profits 2014 and 2015, tax of € 16.1 million and € 16.4 million, plus interest and penalties) are pending the first instance hearing;

With reference to the alleged failure to apply withholding taxes by Mediobanca on interest paid as part of a secured financing transaction in addition to the dispute of the year 2014 (tax of € 2.3 million, plus interest and penalties) and of which the setting of the first level hearing is awaited, a notice of assessment has been served in relation to 2015 (tax for € 1.9 million, plus interest and penalties), which the Bank intends to challenge.

With reference to the three disputes regarding the failure to reimburse interest accrued on VAT credits claimed by SelmaBipiemme, relating to various years (totaling € 9.4 million in interest), on 14 June 2021, the Lombardy Regional Tax Court accepted SelmaBipiemme's appeal and obliged the tax authorities to reimburse interest relating to year 2005 (totaling € 6.8 million). The deadline for the authorities to appeal to the Supreme Court is still pending. In order to cover the potential liability linked to a negative outcome, the company has set aside provisions for risks and charges of € 6 million.

Further tax proceedings

In addition to those listed above, eleven additional disputes are pending, including:

- one relating to the alleged failure by the former Banca Esperia to report a transfer of money to foreign countries as part of the tax monitoring communication, against which penalties were imposed for € 5.9 million. The Company was unsuccessful in the first two levels of judgment and paid the disputed amount. An appeal is pending before the Supreme Court;
- one relating to VAT overpaid by SelmaBipiemme in relation to nautical leasing transactions in 2004, 2005 and 2006 (tax refund requested of € 1.7 million). The company has appealed the Revenue Office's decision to reject the request for reimbursement and is waiting for a hearing to be scheduled;
- nine relating to direct and indirect taxes, of minor importance and with different levels of judgment, for a total of € 1.4 million in taxes assessed.

Mediobanca SGR was also sued as manager of the real estate fund "Marsupio" in relation to the alleged failure to pay substitute tax on 3 transactions for a higher assessed tax of € 746.000 (charged to the fund). The Company was victorious in the first instance, but lost in the second and has appealed to the Supreme Court.

On 17 December 2020, Compass Banca was served two invitations to contradictory proceedings containing findings for IRES and IRAP purposes for the 2015/16 financial year relating to income generated by the insurance brokerage activity carried out with regard to its clients and relations with the subsidiary Compass RE. The contradictory phase ended in March 2021 with an adhesion process regarding transfer pricing and the payment of higher taxes for € 3.5 million, in addition to interest and penalties for a total of € 1.6 million. In June 2021 the Company activated on its own initiative an adhesion process with the tax authorities on income of the same nature produced in the financial years 2016/17 and 2017/18; this process was concluded on 23 July 2021 with the payment of approximately € 2.1 million of higher taxes, in addition to interest and penalties for a total of € 0.4 million, covering both years. The extension of the method accepted by the Administration to transactions carried out by Compass and Compass RE in subsequent years would not result in the emergence of higher income for the Company.

Proceedings with supervisory authorities

Mediobanca has no ongoing proceedings with any supervisory authority.

The effects of the "Lexitor" sentence on retail operations are contained and limited to any disputes on early repayments of consumer credit practices (above all assignment of one-fifth of salary), which occurred before 5 December 2019 (date of the letter to the market from the Bank of Italy on the Lexitor sentence), for which a number of complaints have been received that are following the normal procedural process. On 25 July 2021 Law no. 106/2021 came into force, converting Decree Law no. 73/2021, which reformulated the text of art. 125 sexies

of the Italian Banking Act and clarified that the effects of the aforementioned sentence only apply to contracts concluded after the entry into force of the aforementioned law. As reported, Compass allocated a provision of € 15 million, of which € 3.5 million was used.

Antitrust proceedings

As far as the Group is concerned, Compass, following proceedings with the Italian Antitrust Authority, in relation to the alleged forced combination of financing and insurance products not related to loan, had two proceedings pending before the Lazio Regional Administrative Court to challenge the measures by which the aforementioned proceedings have been concluded. Of the two judgments, the first ended with the rejection of the appeal by the court (sentence published on 6 September 2021), whilst the second is currently still pending before the Lazio Regional Administrative Court. In the meantime Compass will also assess the advisability of a possible appeal to the Council of State of the first measure within the terms of the law.

Inspections

As part of the ordinary supervisory activities by the ECB, it should be noted that an OSI (on-site inspection) on the subject of "market risk" was launched in September 2019. The final report of the inspection was delivered on 22 March 2021; the Issuer remains waiting for the report to be acknowledged by the JST (Joint Supervisory Team) of the ECB and any recommendations to be provided by it.

In November 2021, an additional inspection was launched in parallel, which will focus specifically on market risk issues relating to calculation and monitoring of trading P&L, independent price verification and fair value measurement on a small sample of selected transactions.

MATERIAL AGREEMENTS

Neither Mediobanca nor any of the companies controlled by Mediobanca has entered into or participates in agreements outside of their normal course of business which could result in an obligation or entitlement for Group members that would impact significantly on the Issuer's ability to meet its obligations in respect of the holders of financial instruments issued or to be issued.

All the above consolidated financial statements, prepared in each case together with the notes thereto, are incorporated by reference in this Base Prospectus. See “*Documents Incorporated by Reference*”.

REGULATORY ASPECTS

The Mediobanca Group is subject to extensive regulation and supervision by the Bank of Italy, CONSOB, the ECB and is also subject to the authority of the Single Resolution Board ("**SRB**"). The banking laws to which the Mediobanca Group is subject govern the activities in which banks may engage and are designed to maintain the safety and soundness of such institutions and limit their exposure to risk. In addition, the Mediobanca Group must comply with financial services laws that govern its marketing and selling practices. New acts of legislation and regulations may be introduced in Italy and the European Union that may affect the Mediobanca Group, including proposed regulatory initiatives that could significantly alter the Mediobanca Group's capital requirements.

The rules applicable to banks and other entities in banking groups include implementation of measures consistent with the regulatory framework set out by the Basel Committee on Banking Supervision (the "**Basel Committee**").

In accordance with the regulatory frameworks described above and consistent with the regulatory framework being implemented at the European Union level, the Mediobanca Group has in place specific procedures and internal policies to monitor, among other things, liquidity levels and capital adequacy, the prevention and detection of money laundering, privacy protection, ensuring transparency and fairness in customer relations and registration and reporting obligations. Despite the existence of these procedures and policies, there can be no assurance that violations of regulations will not occur, which could adversely affect the Mediobanca Group's results of operations, business and financial condition. In addition, as at the date of this Base Prospectus, certain laws and regulations have only been recently approved and the relevant implementation procedures are still in the process of being developed.

Basel III and the CRD IV Package

In the wake of the global financial crisis that began in 2008, the Basel Committee on Banking Supervision ("**BCBS**") approved, in the fourth quarter of 2010, revised global regulatory standards ("**Basel III**") on bank capital adequacy and liquidity, which impose requirements for, inter alia, higher and better-quality capital, better risk coverage, measures to promote the build-up of capital that can be drawn down in periods of stress and the introduction of a leverage ratio as a backstop to the risk-based requirement as well as two global liquidity standards. The Basel III framework adopts a gradual approach, with the requirements to be implemented over time, with full enforcement in 2019.

In January 2013, the BCBS revised its original proposal in respect of the liquidity requirements in light of concerns raised by the banking industry, providing for a gradual phasing-in of the Liquidity Coverage Ratio with a full implementation in 2019 as well as expanding the definition of high-quality liquid assets to include lower quality corporate securities, equities and residential mortgage backed securities. Regarding the other liquidity requirement, the net stable funding ratio, the BCBS published the final rules in October 2014 which took effect from 1 January 2018.

The Basel III framework has been implemented in the EU through new banking requirements: Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the "**CRD IV Directive**") and Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No. 648/2012, as amended or replaced from time to time (the "**CRD IV Regulation**") and together with the CRD IV Directive, the "**CRD IV Package**"). The CRD IV Package has been subsequently updated by Regulation (EU) No. 2019/876 ("**CRR II**") and Directive (EU) No. 2019/878 ("**CRD V**").

Full implementation began on 1 January 2014, with particular elements being phased in over a period of time (the requirements are now largely fully effective as of 1 January 2019 and some minor transitional provisions provide for phase-in until 2024). Further details on the implementation of the Banking Reform Package (as defined below) are provided in the paragraph "*Revision to the CRD IV Package*" below.

National options and discretions that were so far exercised by national competent authorities will be exercised by the Single Supervisory Mechanism ("**SSM**") in a largely harmonised manner throughout the Banking Union. In this respect, on 14 March 2016, the European Central Bank (the "**ECB**") adopted Regulation (EU) No. 2016/445 on the exercise of options and discretions, as subsequently amended. Depending on the manner in which these options/discretions had been exercised by the national competent authorities and on the manner in which the SSM will exercise them in the future, additional/lower capital requirements may result.

In addition to the capital requirements under CRD IV, the Bank Recovery and Resolution Directive 2014/59/EU of 15 May 2014, as subsequently amended, (“**BRRD**”) introduces requirements for banks to maintain at all times a sufficient aggregate amount of own funds and eligible liabilities (the “**Minimum Requirement for Own Funds and Eligible Liabilities**”, or “**MREL**”). The Issuer has to meet MREL requirements on a consolidated basis. MREL constrains the structure of liabilities and may require the use of subordinated debt, which would have an impact on cost and potentially on the Issuer’s financing capacity.

In Italy, the Government approved a Legislative Decree on 12 May 2015 (“**Decree 72/2015**”) implementing the CRD IV Directive and amending the Italian Banking Act. Decree 72/2015 entered into force on 27 June 2015. Decree 72/2015 impacts, *inter alia*, on:

- proposed acquirers of holdings in credit institutions, requirements for shareholders and members of the management body (Articles 23 and 91 of the CRD IV Directive);
- competent authorities’ powers to intervene in cases of crisis management (Articles 64, 65, 102 and 104 of the CRD IV Directive);
- reporting of potential or actual breaches of national provisions (so called whistleblowing, Article 71 of the CRD IV Directive); and
- administrative penalties and measures (Article 65 of the CRD IV Directive).

The Bank of Italy published supervisory regulations on banks in December 2013 (Circular of the Bank of Italy No. 285 of 17 December 2013, as subsequently amended from time to time by the Bank of Italy, (the “**Circular No. 285**”) which came into force on 1 January 2014, implementing the CRD IV Package and the Banking Reform Package, and setting out additional local prudential rules. The CRD IV Package is also supplemented in Italy by technical rules relating to the CRD IV Directive and the CRD IV Regulation published through delegated regulations of the European Commission and guidelines of the EBA.

As part of the CRD IV Package, certain transitional arrangements as implemented by the Circular No. 285 have been gradually phased-out. The transitional arrangements which provide for the regulatory capital recognition of outstanding instruments which qualified as Tier I and Tier II capital instruments under the framework which the CRD IV Package replaced but which no longer meet the minimum criteria under the CRD IV Package have been gradually phased out.

Capital Requirements

According to Article 92 of the CRD IV Regulation, as amended by the CRR II, institutions shall at all times satisfy the following own funds requirements: (i) a CET1 Capital ratio of 4.5 per cent.; (ii) a Tier 1 Capital ratio of 6 per cent.; (iii) a Total Capital ratio of 8 per cent, and (iv) the Leverage Ratio of 3 per cent. These minimum ratios are complemented by the following capital buffers to be met with CET1 Capital:

- *Capital conservation buffer*: set at 2.5 per cent from 1 January 2019 (pursuant to Article 129 of the CRD IV and Part I, Title II, Chapter I, Section II of Circular No. 285);
- *Counter-cyclical capital buffer* (“**CCyB**”): set by the relevant competent authority between 0% - 2.5% of credit risk exposures towards counterparties each of the home Member State, other Member States and third countries (but may be set higher than 2.5 % where the competent authority considers that the conditions in the Member State justify this), with gradual introduction from 1 January 2016 and applying temporarily in the periods when the relevant national authorities judge the credit growth excessive (pursuant to Article 130 of the CRD IV and Part I, Title II, Chapter I, Section III of Circular No. 285). The Bank of Italy has set, and decided to maintain, the CCyB (relating to exposures towards Italian counterparties) at 0% for the fourth quarter of 2022;
- *Capital buffers for globally systemically important banks* (“**G-SIBs**”): set as an “additional loss absorbency” buffer varying depending on the sub-categories on which the globally systemically important institutions (“**G-SIIs**”) are divided into. The lowest sub-category shall be assigned a G-

SII buffer of 1 % of the total risk exposure amount calculated in accordance with Article 92(3) of the CRD IV Regulation and the buffer assigned to each sub-category shall increase in gradients of at least 0,5 % of the total risk exposure amount calculated in accordance with Article 92(3) of the CRD IV Regulation. G-SIBs is determined according to specific indicators (size, interconnectedness, lack of substitutes for the services provided, global cross border activity and complexity) and, being phased in from 1 January 2016 (pursuant to Article 131 of the CRD IV and Part I, Title II, Chapter I, Section IV of Circular No. 285), became fully effective on 1 January 2019. Based on the most recently updated list of G-SIBs published by the Financial Stability Board (“FSB”) on 21 November 2022, neither the Issuer (nor any member of the Mediobanca Group) is a G-SIB and therefore they do not need to comply with a G-SIBs capital buffer requirement (or a leverage ratio buffer); and

- *Capital buffers for other systemically important banks at a domestic level (“O-SIBs”):* up to 3.0% as set by the relevant competent authority (reviewed at least annually), to compensate for the higher risk that such banks represent to the financial system (pursuant to Article 131 of the CRD IV and Title II, Chapter I, Section IV of Circular No. 285). The Bank of Italy has not identified so far the Mediobanca Group as an O-SIB, therefore the Issuer does not need to comply with an O-SIB capital buffer requirement.

In addition to the above-mentioned capital buffers, under Article 133 of the CRD IV Directive, as amended by the CRD V, each Member State may introduce a Systemic Risk Buffer of Common Equity Tier 1 capital for the financial sector or one or more subsets of that sector in order to prevent and mitigate long-term non-cyclical systemic or macroprudential risks not otherwise covered by the CRD IV Package, in the sense of a risk of disruption in the financial system with the potential of having serious negative consequences on the financial system and the real economy in a specific Member State.

With update No. 38 of 22 February 2022, the Circular No. 285 was amended in order to provide for, *inter alia*, the introduction of:

- the possibility for the Bank of Italy to activate the systemic risk buffer (“SyRB”) for banks and banking groups authorised in Italy. In particular, the requirement to maintain a systemic risk buffer of Common Equity Tier 1 is intended to prevent and mitigate macro-prudential or systemic risks not otherwise covered with the macro-prudential instruments provided for by the CRD IV Regulation, as amended by the CRR II, the anti-cyclical capital buffer and the capital buffers for G-SIB and for O-SIB. The buffer ratio for systemic risk can be applied to all exposures or to a subset of exposures and to all banks or to one or more subsets of banks with similar risk profiles; and
- some macro-prudential instruments based on the characteristics of customers or loans (so-called “borrower-based measures”). Specifically, these are measures that are not harmonised at European level, which can be used to counter systemic risks deriving from developments in the real estate market and from high or rising levels of household and non-financial corporate debt.

Furthermore, with update No. 39 of 13 July 2022, the Circular No. 285 was amended in order to align its provisions with Articles 104 to 104c of the CRD IV Directive, as amended by the CRD V. In particular, the amendments introduced to Part I, Chapter I, Title III of the Circular No. 285 provide for, *inter alia*, the introduction of:

- A clear differentiation between components of Pillar 2 Requirements estimated from an ordinary perspective and the Pillar 2 Guidance determined from a stressed perspective which supervisory authorities may require banks to hold; and
- The possibility for supervisory authorities to require additional capital in the presence of excessive leverage risk, under both ordinary and stressed conditions (P2R and Leverage Ratio and Pillar 2 Guidance Leverage Ratio).

Failure by an institution to comply with buffer requirements described above (“**Combined Buffer Requirements**”) may trigger restrictions on distributions by reference to the so-called Maximum Distributable Amounts (“MDA”) and the need for the bank to adopt a capital conservation plan on necessary remedial actions (Articles 140 to 141c of the CRD IV Directive).

In addition, Mediobanca Group is subject to the Pillar 2 Requirements for banks imposed under the CRD IV Package, which will be impacted, on an on-going basis, by the SREP. The SREP is aimed at ensuring that

institutions have adequate arrangements and strategies in place to maintain liquidity and capital, including in particular the amounts, types and distribution of internal capital commensurate to their risk profile, in order to ensure sound management and coverage of the risks to which they are or might be exposed, including those revealed by stress testing, as well as risks the institution may pose to the financial system.

The quantum of any Pillar 2 Requirement imposed on a bank, the type of capital which it must apply to meeting such capital requirements, and whether the Pillar 2 requirement is “stacked” below the capital buffers (i.e. the bank’s capital resources must first be applied to meeting the Pillar 2 requirements in full before capital can be applied to meeting the capital buffers) or “stacked” above the capital buffers (i.e. the bank’s capital resources can be applied to meeting the capital buffers in priority to the Pillar 2 requirement) may all impact a bank’s ability to comply with the Combined Buffer Requirement.

In its publication of the 2016 EU-wide stress test results on 29 July 2016, the EBA has recognised a distinction between “Pillar 2 requirements” (stacked below the capital buffers) and “Pillar 2 capital guidance” (stacked above the capital buffers). With respect to Pillar 2 capital guidance, the publication stated that, in response to the stress test results, competent authorities may (among other things) consider “setting capital guidance, above the combined buffer requirement”. Competent authorities have remedial tools if an institution refuses to follow such guidance. The ECB published a set of “Frequently asked questions on the 2016 EU-wide stress test”, confirming this distinction between Pillar 2 requirements and Pillar 2 capital guidance and noting that “Under the stacking order, banks facing losses will first fail to fulfil their Pillar 2 capital guidance. In case of further losses, they would next breach the combined buffers, then Pillar 2 requirements, and finally Pillar 1 requirements”.

The distinction between “Pillar 2 requirements” and “Pillar 2 capital guidance” has been codified by the CRD V. Whereas the former are mandatory requirements imposed by supervisors to address risks not covered or not sufficiently covered by Pillar 1 and buffer capital requirements, the latter refers to the possibility for competent authorities to communicate to an institution their expectations for such institution to hold capital in excess of its capital requirements (Pillar 1 and Pillar 2) and Combined Buffer Requirements in order to cope with forward-looking and remote situations. Under the CRD V, only Pillar 2 requirements, and not Pillar 2 capital guidance, will be relevant in determining whether an institution is meeting its Combined Buffer Requirement.

Non-compliance with Pillar 2 capital guidance does not amount to a failure to comply with capital requirements, but should be considered as a “pre alarm warning” to be used in a bank’s risk management process. If capital levels go below Pillar 2 capital guidance, the relevant supervisory authorities, which should be promptly informed in detail by the bank of the reasons of the failure to comply with the Pillar 2 capital guidance, will take into consideration appropriate and proportional measures on a case by case basis (including, by way of example, the possibility of implementing a plan aimed at restoring compliance with the capital requirements including capital strengthening requirements).

On 23 July 2020 the EBA published Guidelines for competent authorities for the special procedures for the SREP 2020, identifying how flexibility and pragmatism could be exercised in relation to the SREP framework in the context of the COVID-19 pandemic. The 2020 SREP cycle focused on the ability of the supervised entities to handle the challenges of the COVID-19 crisis and its impact on their current prospective risk profile.

The Bank of Italy notified to the EBA its intention to comply with the abovementioned Guidelines on 23 September 2020. The Bank of Italy in fact announced to the supervised entities that only in exceptional cases, due to a significant increase in their current and prospective risk profiles, it would have updated the banks’ current requirements.

On 18 March 2022, the EBA published its final report on revised Guidelines on common procedures and methodologies for SREP and supervisory stress testing. The EBA has developed the revised SREP Guidelines in order to implement the changes brought by CRD V and CRR II (as defined below). In particular, the revision of the Guidelines, while keeping the original framework with the main SREP elements intact, reflects, among other things, the introduction of the assessment of the risk of excessive leverage and the revision of the methodology for the determination of the Pillar 2 Guidance. Additional relevant changes are related to the enhancement of the principle of proportionality and the encouragement of cooperation among prudential supervisory authorities and AML/CFT supervisors, as well as resolution authorities. The Bank of Italy should report its intention to comply with the Guidelines by 2 months after the publication of the translation in the official EU languages (still pending). The guidelines will apply from 1 January 2023.

The CRD IV Package introduced a leverage ratio with the aim of restricting the level of leverage that an institution can take on, to ensure that an institution's assets are in line with its capital. The Leverage Ratio Delegated Regulation (EU) No. 2015/62 was adopted on 10 October 2014 and was published in the Official Journal of the European Union in January 2015 amending the calculation of the leverage ratio compared to the current text of the CRD IV Regulation ("**Leverage Ratio Regulation**"). Institutions have been required to disclose their leverage ratio from 1 January 2015. The CRD IV Package contains specific mandates for the EBA to develop draft regulatory or implementing technical standards as well as guidelines and reports related to liquidity coverage ratio and leverage ratio in order to enhance regulatory harmonisation in Europe through the Single Rule Book. The CRR II complemented the system of reporting and disclosure, as envisaged in the Leverage Ratio Regulation, by the introduction of the Leverage Ratio as own fund requirement.

Liquidity and leverage requirements

The CRD IV Package also introduced the LCR. This is a stress liquidity measure based on modelled 30-day outflows. Commission Delegated Regulation (EU) 2015/61 of 10 October 2014 supplementing the CRR with regard to liquidity coverage requirement for credit institutions ("**LCR Delegated Act**") was adopted in October 2014 and published in the Official Journal of the European Union in January 2015. On 20 May 2022, amendments to the LCR Delegated Act were published in the Official Journal (Commission Delegated Regulation (EU) 2022/786 of 10 February 2022) and has applied as of July 2022. Most of these amendments has been introduced to better allow the credit institutions issuing covered bonds to comply, on one hand, with the general liquidity coverage requirement for a 30 calendar day stress period and, on the other hand, with the cover pool liquidity buffer requirement, as laid down by Directive (EU) 2019/2162 of the European Parliament and of the Council. The NSFR is part of the Basel III framework and aims to promote resilience over a longer time horizon (1 year) by creating incentives for banks to fund their activities with more stable sources of funding on an on-going basis. The NSFR has been introduced as a requirement in the CRR II published in June 2019 and is applicable from June 2021.

Revision to the CRD IV Package

On 23 November 2016, the European Commission presented a comprehensive package of reforms to further strengthen the resilience of EU banks and investment firms ("**Banking Reform Package**"). The Banking Reform Package amends many existing provisions set out in the CRD IV Package, the BRRD and the SRMR. These proposals were agreed by the European Parliament, the Council of the EU and the European Commission and were published in the Official Journal of the EU on 7 June 2019 entering into force 20 days after, even though most of the provisions are applicable as of 28 June 2021, allowing for a smooth implementation of the new provisions.

The Banking Reform Package includes:

- (i) revisions to the standardised approach for counterparty credit risk;
- (ii) changes to the market risk rules which include the introduction first of a reporting requirement pending the implementation in the EU of the latest changes to the FRTB (as defined below) published in January 2019 by the BCBS and then the application of own funds requirements as of 1 January 2023;
- (iii) a binding leverage ratio (and related improved disclosure requirements) introduced as a backstop to risk-weighted capital requirements and set at 3% of an institution's Tier 1 capital;
- (iv) a binding NSFR (which will require credit institutions and systemic investment firms to finance their long-term activities (assets and off-balance sheet items) with stable sources of funding (liabilities) in order to increase banks' resilience to funding constraints). This means that the amount of available stable funding will be calculated by multiplying an institution's liabilities and regulatory capital by appropriate factors that reflect their degree of reliability over a year. The NSFR will be expressed as a percentage and set at a minimum level of 100%, indicating that an institution holds sufficient stable funding to meet its funding needs during a one-year period under both normal and stressed conditions. The NSFR will apply at a level of 100% at individual and a consolidated level starting from 28 June 2021, unless competent authorities waive the application of the NSFR on an individual basis as of two years after the date of entry into force of the EU Banking Reform Package;

(v) changes to the large exposures limits, now calculated as the 25% of Tier 1; and

(vi) improved own funds calculation adjustments for exposures to SMEs and infrastructure projects.

In particular, on 7 June 2019, the legal acts of the “Banking Reform Package” regarding the banking sector have been published on the EU Official Journal. Such measures include, together with the amendments to the BRRD and to SRMR, (i) CRR II amending the CRD IV Regulation as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, and (ii) CRD V amending the CRD IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures. The amendments proposed better align the current regulatory framework to international developments in order to promote consistency and comparability among jurisdictions.

Such measures entered into force on 27 June 2019, while a) the CRR II is applicable from 28 June 2021, excluding some provisions with a different date of application (early or subsequent), b) the CRD V and BRRD 2 shall be implemented into national law by 28 December 2020 excluding some provisions which will be applicable subsequently.

In Italy, the Government approved a Legislative Decree on 8 November 2021 (“**Decree 182/2021**”) implementing the CRD V Directive and amending the Italian Banking Act. Decree 182/2021 entered into force on 30 November 2021. Decree 182/2021 impacts, *inter alia*, on:

- proposed acquirers of holdings in credit institutions, requirements for shareholders and members of the management body (Articles 22, 23 and 91 of the CRD V Directive);
- competent authorities’ powers to impose additional own fund requirements (Articles 104 and 104a of the CRD V Directive);
- authorisation regime applicable to financial holding companies and mixed financial holding companies (Article 21a of the CRD V Directive); and
- regime governing the banking groups and introduction of the status of “intermediate EU parent” (Article 21c of the CRD V Directive).

Moreover, it is worth mentioning that the BCBS concluded the review process of the models (for credit risk, counterparty risk, operational risk and market risk) for the calculation of minimum capital requirements, including constraints on the use of internal models and introducing the so-called “output floor” (setting a minimum level of capital requirements calculated on the basis of internal models equal, when fully implemented, to 72.5 per cent. of those calculated on the basis of the standardised methods). The main purpose is to enhance consistency and comparability among banks. The new framework was finalised for market risk in 2016 and finally revised in January 2019. The new framework for credit risk and operational risk was completed in December 2017.

On 27 October 2021, the European Commission published, as part of a legislative package that includes also amendments to CRD V, the text of the proposal to amend the CRR II (“**CRR III**” and jointly the “**2021 Reform Package**”). In particular, the 2021 Reform Package legislative initiative aims at implementing in the EU the 2017 Basel Accord and further elements not included in such international framework contributing to financial stability and to the steady financing of the economy in the context of the post-COVID 19 crisis recovery. This general objective can be broken down in four more specific objectives:

- (i) to strengthen the risk-based capital framework, without significant increases in capital requirements overall;
- (ii) to enhance the focus on ESG risk in the prudential framework;
- (iii) to further harmonise supervisory powers and tools; and
- (iv) to reduce institutions' administrative costs related to public disclosure and to improve access to institutions prudential data.

- (v) to insert in the CRR a dedicated treatment for the indirect subscription of instruments eligible for internal MREL (i.e. “daisy chain approach”).

Once agreed on the final text between the various stakeholders involved in the legislative process (European Commission, European Parliament and Council of the EU) and once implemented in the Union, these regulatory changes will impact the entire banking system and consequently could determine changes in the capital calculation and increase capital requirements. The analysis carried out by the EBA, published in December 2019 upon request of the European Commission, shows that the adoption of the new Basel III criteria would require banks to increase minimum capital requirements (“MCR”) by 23.6 per cent., resulting in a capital deficit of €124 billion. On 21 August 2020, the EBA was requested by the European Commission to update further its Basel III impact study and published the new impact analysis on 15 December 2020. The overall impact is presented under two implementation scenarios: the first one updates the impact presented in the previous Call for Advice (“CfA”) reports (the “**Basel III scenario**”); the second one (the “**EU-specific scenario**”) considers the additional features requested by the European Commission in its CfA, i.e. applying the SME supporting factors on top of the Basel SME preferential risk weight treatment; maintaining EU credit valuation adjustment (“CVA”) exemptions; exercising the jurisdictional discretion contemplated in the Basel III framework to exclude the bank-specific historical loss component from the calculation of the capital for operational risk (internal loss multiplier (“**ILM**”)=1). Under the Basel III scenario, the steady-state implementation of the overall reform scheduled for January 2028 could increase the minimum required capital (MRC) amount, which includes Pillar 2 requirements and EU-specific buffers, by +18.5% with respect to the December 2019 baseline. Under the EU-specific scenario, steady-state implementation of the final Basel III framework (i.e. 2028) could increase the MRC amount by +13.1% with respect to the December 2019 baseline.

The EBA has been conducting regular and ad-hoc quantitative impact studies to assess or monitor the impact of various rules on the EU banking sector.

Regular monitoring exercise includes also a monitoring exercise to assess the impact of the Basel III framework on a sample of EU banks that the EBA conducts in coordination and in parallel with the BCBS (“**Basel III Monitoring Exercise**”). This exercise assesses the impact of the latest regulatory developments at BCBS level in the following area: (a) global regulatory framework for more resilient banks and banking systems; (b) the Liquidity Coverage Ratio and liquidity risk monitoring tools; (c) the leverage ratio framework and disclosure requirements; (d) the Net Stable Funding Ratio; and (e) the post-crisis reforms.

The impact of the Basel III is assessed using mostly the following measures:

- (i) percentage impact on minimum required Tier 1 capital (MRC);
- (ii) impact, in basis point, on the current actual Tier 1 capital ratio; and
- (iii) Tier 1 shortfall resulting from the full implementation of Basel III, namely the capital amount that banks need to fulfil the Basel III MCR.

According to EBA Decision no. EBA/DC/2021/373 concerning information required for the monitoring of Basel supervisory standards published on 18 February 2021 (“**EBA Decision**”), the Basel III Monitoring Exercise, which is currently only being carried out on a small sample of credit institutions and on a voluntary basis, should be extended to a broader and stable set of credit institutions. In particular, in order to ensure consistency, accuracy and completeness of the data provided, G-SIIs and O-SIIs, as well as credit institutions whose Tier 1 capital equals or exceeds €3 billion, or total assets equal or exceeding €30 billion, should be included in the sample.

Pursuant to EBA Decision, as of 31 December 2021, the Basel III Monitoring Exercise will become mandatory and will be carried out on an annual basis only.

On 30 September 2022, EBA published its first mandatory Basel III Monitoring Report which assesses the impact that Basel III full implementation will have on EU banks in 2028. According to this assessment, the full Basel III implementation would result in an average increase of 15.0% of the current Tier 1 minimum required capital. Thus, to comply with the new framework, banks would need EUR 1.2 billion of additional Tier 1 capital.

On 4 May 2020, EBA published its final draft technical standards on specific reporting requirements for market risk, in accordance with the mandate set out in the provisions of the CRR II.

In particular, the implementing technical standards ("ITS") introduced uniform reporting templates, the template related instructions, the frequency and the dates of the reporting, the definitions and the IT solutions for the specific reporting for market risk. These ITS introduce the first elements of the Fundamental Review of the Trading Book (FRTB) into the EU prudential framework by means of a reporting requirement. Based on the ITS submitted by the EBA, the European Commission adopted the Implementing Regulation no. 2021/453/EU of 15 March 2021 which applied from 5 October 2021.

Revisions to the Basel III framework

In December 2017, the Basel Committee published its final set of amendments to its Basel III framework (known informally as "**Basel IV**"). Basel IV is expected to introduce a range of measures, including:

- (i) changes to the standardised approach for the calculation of credit risk;
- (ii) limitations to the use of IRB approaches, mainly banks will be allowed to use the F-IRB approach and the SA, only for specialised lending the A-IRB will be still used;
- (iii) a new framework for determining an institution's operational risk charge, which will be calculated only by using a new standardised approach;
- (iv) an amended set of rules in relation to credit valuation adjustment; and
- (v) an aggregate output capital floor that ensures that an institution's total risk weighted assets ("**RWA**") generated by IRB models are no lower than 72.5% of those generated by the standardised approach.

According to the Basel Committee, Basel IV should be introduced as a global standard from January 2022, with the output capital floor being phased-in (starting at 50% from 1 January 2022 and reaching 72.5% as of 1 January 2025). In this occasion, the Basel Committee postponed the suggested implementation date for the Fundamental Review of the Trading Book ("**FRTB**") has been postponed by the Basel Committee to January 2023 to allow it to finalise the remaining elements of the framework and align the implementation date with the other Basel IV reforms.

ECB Single Supervisory Mechanism

On 15 October 2013, the SSM Regulation for the establishment of SSM. The SSM Regulation provides the ECB, in conjunction with the national competent authorities of the Eurozone and participating Member States, with direct supervisory responsibility over "banks of significant importance" in those Member States. "Banks of significant importance" include any Eurozone bank in relation to which (i) the total value of its assets exceeds €30 billion or – unless the total value of its assets is below €5 billion – the ratio of its total assets over the national gross domestic product exceeds 20%; (ii) is one of the three most significant credit institutions established in a Member State; (iii) has requested, or is a recipient of, direct assistance from the European Financial Stability Facility or the European Stability Mechanism and/or (iv) is considered by the ECB to be of significant relevance where it has established banking subsidiaries in more than one participating Member State and its cross-border assets/liabilities represent a significant part of its total assets/liabilities. Mediobanca has been classified as a significant supervised entity pursuant to the SSM Regulation and Regulation (EU) No. 468/2014 of the European Central Bank of 16 April 2014 (the "**SSM Framework Regulation**") and, as such, is subject to direct prudential supervision by the ECB.

The relevant national competent authorities continue to be responsible, in respect of the Mediobanca Group, for supervisory functions not conferred on the ECB, such as consumer protection, money laundering, payment services, and supervision over branches of third country banks. The ECB is exclusively responsible for the prudential supervision of Mediobanca, which includes, *inter alia*, the power to: (i) authorise and withdraw authorisation; (ii) assess acquisition and disposal of holdings; (iii) ensure compliance with all prudential requirements laid down in general EU banking rules; (iv) set, where necessary, higher prudential requirements to protect financial stability under the conditions provided by EU law; (v) ensure compliance with robust corporate governance practices and internal capital adequacy assessment controls and (vi) intervene at the early stages when risks to the viability of a bank exist, in coordination with the relevant resolution authorities. The ECB may exercise options and discretions under the SSM and SSM Framework Regulation in relation to Mediobanca.

The Bank Recovery and Resolution Directive

The BRRD, entered into force on 2 July 2014, is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an institution that is failing or likely to fail so as to ensure the continuity of the institution's critical financial and economic functions, while minimizing the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone (except for the asset separation tool) or in combination with other resolution tools where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe and (c) a resolution action is in the public interest: (i) sale of business – which enables resolution authorities to direct the sale of the institution or the whole or part of its business on commercial terms; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the firm to a “bridge institution” (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation – which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in – which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims (including the Notes) into shares or other instruments of ownership (i.e. other instruments that confer ownership, instruments that are convertible into or give the right to acquire shares or other instruments of ownership, and instruments representing interests in shares or other instruments of ownership) (the “**general bail-in tool**”). Such shares or other instruments of ownership could also be subject to any future application of the BRRD. For more details on the implementation in Italy please refer to the paragraphs below.

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further power to permanently write-down/convert into shares or other instruments of ownership (including the Subordinated Notes) at the point of non-viability and before any other resolution action is taken (“**non- viability loss absorption**”). Any shares issued to holders of Subordinated Notes upon any such conversion may also be subject to any application of the general bail-in tool. The point of non-viability under the BRRD is the point at which the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or that the institution or its group will no longer be viable unless the relevant capital instruments (including the Subordinated Notes) are written-down/converted or extraordinary public support is to be provided.

Resolution authorities have the power to amend or alter the maturity of certain debt instruments (such as the Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes) issued by an institution under resolution, amend the amount of interest payable under such instruments, the date on which the interest becomes payable (including by suspending payment for a temporary period) and to restrict the termination rights of holders of such instruments. The BRRD also provides for a Member State, after having assessed and exhausted the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. Resolution authorities may provide public equity support to an institution and/or take the institution into public ownership. Such measures must be taken in accordance with the EU state aid framework and will require a contribution to loss absorption from shareholders and creditors via write- down, conversion or otherwise, in an amount equal to at least 8 % of total liabilities (including own funds).

As an exemption from these principles, the BRRD allows for three kinds of extraordinary public support to be provided to a solvent institution without triggering resolution: 1) a State guarantee to back liquidity facilities provided by central banks according to the central banks' conditions; 2) a State guarantee of newly issued liabilities; or 3) an injection of own funds in the form of precautionary recapitalisation. In the case of precautionary recapitalization EU state aid rules require that shareholders and junior bond holders (such as holders of the Subordinated Notes) contribute to the costs of restructuring.

An SRF (as defined below) was setup under the control of the SRB (as defined below). It ensures the availability of funding support while the bank is resolved. It is funded by contributions from the banking sector. The SRF can only contribute to resolution if at least 8 per cent. of the total liabilities, including own funds, of the bank have been bailed-in.

The BRRD requires all Member States to create a national, prefunded resolution fund, reaching a level of at least 1 per cent. of covered deposits by 31 December 2024. The National Resolution Fund for Italy was created in

November 2015 and required both ordinary and extraordinary contributions to be made by Italian banks and investment firms. In the Banking Union, the National Resolution Funds set up under the BRRD were superseded by the single resolution fund, established by the European Regulation no. 806/2014 as of 1 January 2016 (“**Single Resolution Fund**” or “**SRF**”) and those funds have been pooled together gradually. Therefore, as of 2016, the Single Resolution Board calculates, in line with the Council Implementing Regulation no. 2015/81/EU (the “**Council Implementing Act**”), the annual contributions of all institutions authorised in the Member States participating in the SSM and the SRM. The SRF is financed by the European banking sector. The total target size of the Fund is equal to at least 1 per cent. of the covered deposits of all banks in the Member States participating in the Banking Union. The SRF is to be built up over eight years, beginning in 2016, to the target level of EUR 55 billion (the basis being 1 per cent. of the covered deposits in the financial institutions of the Banking Union). Once this target level is reached, in principle, the banks will have to contribute only if the resources of the SRF are actually used in order to deal with resolutions of other institutions.

Under the BRRD, the target level of the National Resolution Funds was set at national level and calculated on the basis of deposits covered by deposit guarantee schemes. Under the SRM, the target level of the SRF is European and is the sum of the covered deposits of all institutions established in the participating Member States. This results in significant variations in the contributions by the banks under the SRM as compared to the BRRD. As a consequence of this difference, when contributions would have been paid based on a joint target level starting as of 2016, contributions of banks established in Member States with a high level of covered deposits could abruptly have decreased, while contributions of those banks established in Member States with fewer covered deposits could abruptly have increased. In order to prevent such abrupt changes, the Council Implementing Act (i.e. Council Implementing Regulation no. 2015/81) provides for an adjustment mechanism to remedy these distortions during the transitional period by way of a gradual phasing in of the SRM methodology.

Implementation of the BRRD in Italy

The BRRD has been implemented in Italy through the adoption of two Legislative Decrees by the Italian Government, namely Legislative Decrees No. 180/2015 and 181/2015 (together, the “**BRRD Decrees**”), both of which were published in the Italian Official Gazette (*Gazzetta Ufficiale*) on 16 November 2015. Legislative Decree No. 180/2015 is a stand-alone law which implements the provisions of BRRD relating to resolution actions, while Legislative Decree No. 181/2015 amends the existing Banking Act and deals principally with recovery plans, early intervention and changes to the creditor hierarchy. The BRRD Decrees entered into force on the date of publication on the Italian Official Gazette (i.e. 16 November 2015), save that: (i) the general bail-in tool applies from 1 January 2016; and (ii) a “depositor preference” granted for deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and SMEs is effective from 1 January 2019.

It is important to note that, pursuant to article 49 of Legislative Decree No. 180/2015, resolution authorities may not exercise the write down/conversion powers in relation to secured liabilities, including covered bonds or their related hedging instruments, save to the extent that these powers may be exercised in relation to any part of a secured liability (including covered bonds and their related hedging instruments) that exceeds the value of the assets, pledge, lien or collateral against which it is secured. The BRRD specifically contemplates that *pari passu* ranking liabilities may be treated unequally. Accordingly, holders of Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes of a particular Series may be subject to write-down/conversion upon an application of the general bail-in tool while other Series of Senior Preferred Notes, Senior Non-Preferred Notes or, as appropriate, Subordinated Notes (or, in each case, other *pari passu* ranking liabilities) are partially or fully excluded from such application of the general bail-in tool. Further, although the BRRD provides a safeguard in respect of shareholders and creditors upon application of resolution tools, Article 75 of the BRRD sets out that such protection is limited to the incurrence by shareholders or, as appropriate, creditors, of greater losses as a result of the application of the relevant tool than they would have incurred in a winding up under normal insolvency proceedings. It is therefore possible not only that the claims of other holders of junior or *pari passu* liabilities may have been excluded from the application of the general bail-in tool and therefore the holders of such claims receive a treatment which is more favourable than that received by holders of Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, but also that the safeguard referred to above does not apply to ensure equal (or better) treatment compared to the holders of such fully or partially excluded claims. This is due to the fact that the safeguard is not intended to address such possible unequal treatment but rather to ensure that shareholders or creditors do not incur greater losses in a bail-in (or other application of a resolution tool) than they would have received in a winding up under normal insolvency proceedings.

Certain categories of liability are subject to the mandatory exclusions from bail-in foreseen in Article 44(2)(g) of the BRRD. For instance, most forms of liability for taxes, social security contributions or to employees benefit from privilege under Italian law and as such are preferred to ordinary senior unsecured creditors in the context of liquidation proceedings. Article 108 of the BRRD requires that Member States modify their national insolvency regimes such that deposits of natural persons and micro, small and medium sized enterprises in excess of the coverage level contemplated by deposit guarantee schemes created pursuant to the BRRD have a ranking in normal insolvency proceedings which is higher than the ranking which applies to claims of ordinary, unsecured, non-preferred creditors, such as holders of Senior Preferred Notes. In addition, the BRRD does not prevent Member States, including Italy, from amending national insolvency regimes to provide other types of creditors, with rankings in insolvency higher than ordinary, unsecured, non-preferred creditors. Legislative Decree No. 181/2015 has amended the creditor hierarchy in the case of admission of Italian banks and investment firms to resolution as well as compulsory liquidation procedures by providing that, as from 1 January 2019, all deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and SMEs will benefit from a preference in respect of senior unsecured liabilities, though with a ranking which is lower than that provided for individual/SME deposits exceeding the coverage limit of the deposit guarantee scheme. On 25 October 2017 the European Parliament, the Council and the European Commission agreed on elements of the review of the BRRD. As part of this process Article 108 of the BRRD was amended by Directive (EU) 2017/2399. Member States were required to adopt and publish relevant laws, regulations and administrative provisions necessary to comply with the amendment to the creditor hierarchy by 29 December 2018. The recognition of the new class of so-called "Senior Non-Preferred Debt" has been implemented in the EU through the Directive (EU) 2017/2399 of the European Parliament and of the Council of 12 December 2017 amending BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy. In Italy, the Directive has been implemented with the law No. 205/2017, modifying article 12bis of the Consolidated Banking Act.

Legislative Decree No. 181/2015 has also introduced strict limitations on the exercise of the statutory rights of set-off normally available under Italian insolvency laws, in effect prohibiting set-off by any creditor in the absence of an express agreement to the contrary. Since each holder of Subordinated Notes and the holders of the Senior Preferred Notes will have expressly waived any rights of set-off, counterclaim, abatement or other similar remedy which they might otherwise have, under the laws of any jurisdiction, in respect of such Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, it is clear that the statutory right of set-off available under Italian insolvency laws will likewise not apply.

The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. As indicated above, holders of Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes may be subject to write-down/conversion into shares or other instruments of ownership on any application of the general bail-in tool and, in the case of Subordinated Notes, non-viability loss absorption.

Revisions to the BRRD framework

The Banking Reform Package included Directive (EU) 2019/879, which provides for a number of significant revisions to the BRRD (known as "**BRRD II**"). BRRD II provides that Member States are required to ensure implementation into local law by 28 December 2020 with certain requirements relating to the implementation of the standard on total loss absorbing capacity for systematically important banks ("**TLAC**") applying from January 2022 while the transitional period for full compliance with MREL requirements is foreseen until 1 January 2024, with interim targets for a linear build-up of MREL set at 1 January 2022. The Banking Reform Package includes, amongst other things:

- (i) full implementation of the FSB's TLAC standard in the EU and revisions to the existing MREL regime. Additional changes to the MREL framework include changes to the calculation methodology for MREL, criteria for the eligible liabilities which can be considered as MREL, the introduction of internal MREL and additional reporting and disclosure requirements on institutions;
- (ii) introduction of a new category of "top-tier" banks, being banks which are resolution entities that are not G-SIIs but are part of a resolution group whose total assets exceed €100 billion;
- (iii) the introduction of a new moratorium power for resolution authorities and requirements on the contractual stays in resolution; and
- (iv) amendments to the article 55 regime in respect of the contractual recognition of bail-in.

Changes to the BRRD under BRRD II will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors.

On 1 December 2021, Legislative Decree no. 193 of 8 November 2021 (“**Decree No. 193**”), implementing the BRRD II into the Italian jurisdiction, entered into force, amending Legislative Decree no. 180/2015 (Decree no. 180) and the Italian Banking Act.

The provisions set forth in the Decree No. 193 includes, among other things:

(i) Changes to the MREL regulatory framework

The amendments introduced to Legislative Decree no. 180/2015 aligned the Italian regulatory framework regulating MREL, and the criteria according to which it is calculated, to the provisions set forth in BRRD II.

In particular, the amended version of Decree No. 180 clearly envisages that MREL shall be determined by the Bank of Italy on the basis of the following criteria:

(a) the need to ensure that the application of the resolution tools to the resolution entity is adequate to meet the resolution’s objectives;

(b) the need to ensure that the resolution entity and its subsidiaries belonging to the same corporate group subject to resolution have sufficient own funds and eligible assets to ensure that, if the bail-in tool or write-down or conversion powers, respectively, were to be applied to them, losses could be absorbed and that it is possible to restore the total capital ratio and, as applicable, the leverage ratio to a level necessary to enable them to continue to comply with the conditions for authorisation, according to the regulatory framework currently in force, even if the resolution plan envisages the possibility for certain classes of eligible liabilities to be excluded from bail-in or to be transferred in full to a recipient under a partial transfer;

(c) the size, the business model, the funding model and the risk profile of the entity; and

(d) the extent to which the failure of the entity would have an adverse effect on financial stability, due to the interconnectedness of the entity with other institutions or entities or with the rest of the financial system.

(ii) New ranking for subordinated instruments of banks which do not qualify as own fund

Article 91 of the Banking Law has been modified by Decree No. 193 to transpose into the Italian legislative framework the provisions envisaged by Article 48(7) of the BRRD II.

In particular, according to the amended version of Article 91, subordinated instruments which do not qualify (and no part thereof is recognized) as own funds items shall rank senior to own funds items (including any instruments only partly recognized as own funds items) and junior to senior non-preferred instruments. Moreover, if own funds items cease, in their entirety, to be classified as such, they will rank senior to own funds items but junior to senior non-preferred instruments.

The abovementioned provisions also applies to instruments issued before the entrance into force of Decree No. 193, such as 1 December 2021.

(iii) New minimum denomination requirement

Article 12-ter of the Italian Banking Act, introduced by Decree No. 193, provides for the determination of a minimum unit value for bonds and debt securities issued by banks or investment firms equal to Euro 200,000 for subordinated bonds and other subordinated securities or Euro 150,000 for Senior Non Preferred debt instruments (“*strumenti di debito chirografario di secondo livello*”).

Any contracts entered into with non-professional investors and relating to investment services having as their object the instruments referred to in Article 12-ter of the Italian Banking Act issued after 1 December 2021, that do not respect the minimum unit value, shall be declared as null and void (Article 25-quarter of the Financial Services Act, as amended by Decree No. 193).

Without prejudice to the restrictions outlined above on the sale to retail investors, the ban previously in force on the placement of Senior Non Preferred debt instruments with non-qualified investors has been repealed by Article 5 of Decree No. 193.

As the BRRD II has only recently been implemented in Italy and other Member States, there is uncertainty as to the effects of its application in practice.

Also, certain provisions of the BRRD II remain subject to regulatory technical standards and implementing technical standards to be prepared by the European Banking Authority. In addition to the BRRD II, it is possible that the application of other relevant laws, the CRD V and the CRR II and any amendments thereto or other similar regulatory proposals, including proposals by the FSB on cross-border recognition of resolution actions, could be used in such a way as to result in the Notes absorbing losses in the manner described above. Any actions by the relevant resolution authority pursuant to the powers granted to it as a result of the transposition of the BRRD, as amended by the BRRD II, or other measures or proposals relating to the resolution of financial institutions, may adversely affect the rights of holders of the Notes, the price or value of an investment in the Notes and/or the Issuer's ability to satisfy its obligations under the Notes.

The Single Resolution Mechanism

On 19 August 2014, SRMR entered into force. The SRMR became operational on 1 January 2016. There are, however, certain provisions including those concerning the preparation of resolution plans and provisions relating to the cooperation of the SRB with national resolution authorities, which entered into force on 1 January 2015. The SRMR was subsequently updated with the Banking Reform Package in June 2019. The SRMR, which complements the SSM, applies to all banks supervised by the SSM. It will mainly consist of the SRB and the SRF.

Regulation (EU) No. 2019/877 of the European Parliament and of the Council of 20 May 2019 ("**SRM II Regulation**") amends the SRM Regulation as regards the loss-absorbing and recapitalization of credit institutions and investment firms.

The Single Resolution Mechanism framework ensures that, instead of national resolution authorities, there will be a single authority – i.e. the SRB – which takes all relevant decisions for the resolution of banks being supervised by the SSM and part of the Eurozone. In line with the changes to BRRD II described above, revisions to the provisions of the SRM Regulation (in relation to MREL) are due to change in due course.

In such a context, it is worth to mention the process to review - started by the European Commission in November 2020 – the Crisis Management and Deposit Insurance ("**CMDI**") framework. Following this revision, new and different legal and regulatory requirements may apply to the Group, in particular the intention of the European legislator is to amend the BRRD, the SRMR and the Deposit Guarantee Schemes Directive ("**DGSD**").

Measures to counter the impact of the "COVID-19" virus

European and national authorities have undertaken several measures to support the banking and financial market to counter the economic effects of COVID-19.

On 10 March 2020, through an addendum to the 2019 credit agreement between the Italian Banking Association ("**ABI**") and the Business Associations, the possibility of requesting suspension or extension was extended to loans granted until 31 January 2020. The moratorium refers to loans to micro, small and medium-sized companies affected by the COVID-19 outbreak. The capital portion of loan repayment instalments may be requested to be suspended for up to one year, later extended until 30 June 2021. The suspension is applicable to medium/long-term loans (mortgages), including those concluded through the issue of agricultural loans, and to property or business assets leasing transactions. In the latter case, the suspension concerns the implicit capital instalments of the leasing. On 21 April 2020, through an agreement entered into with the consumer associations, the moratorium was extended to credit to households, including the suspension of the principal portion of mortgage-backed loans and unsecured loans repayable in instalments.

On 11 March 2020, ESMA, considering the spread of COVID-19 and its impact on the EU financial markets, issued four recommendations in the following areas: (1) business continuity planning, (2) market disclosure, (3) financial reporting and (4) fund management.

1. Business Continuity Planning: ESMA has recommended all financial market participants to be ready to apply their contingency plans to ensure operational continuity in line with regulatory obligations.
2. Market disclosure: issuers should disclose as soon as possible any relevant significant information concerning the impacts of COVID-19 on their fundamentals, prospects or financial situation in accordance with their transparency obligations under the Regulation (EU) No. 596/2014 (MAR), as a disclosure obligation contained in Article 17, paragraph 1 of the MAR, pursuant to which issuers are required to disclose to the public without delay any inside information directly concerning them.
3. Financial reporting: ESMA has recommended issuers to provide transparency on the actual and potential impacts of COVID-19, to the extent possible based on both a qualitative and quantitative assessment on their business activities, financial situation and economic performance in their 2019 year-end financial report if these have not yet been finalised or otherwise in their interim financial reporting disclosures.
4. Fund Management: ESMA has encouraged fund managers to continue to apply the requirements on risk management and to react accordingly.

The ECB, at its monetary policy meeting held on 12 March 2020, decided to adopt a comprehensive set of monetary policy measures, consisting of three key elements: first, safeguarding liquidity conditions in the banking system through a series of favourably-priced longer term refinancing operations (LTROs); second, protecting the continued flow of credit to the real economy through a fundamental recalibration of targeted longer term refinancing operations (TLTROs); and, third, preventing tightening of financing conditions for the economy in a pro-cyclical way via an increase in the asset purchase programme (APP).

As regards TLTRO, the Governing Council decided to apply considerably more favourable terms during the period from June 2020 to June 2021 to all TLTRO III operations outstanding during that time. Throughout this period, the interest rate on these TLTRO III operations will be 25 basis points below the average rate applied in the Eurosystem's main refinancing operations.

The Governing Council also decided to add a temporary envelope of additional net asset purchases of €120 billion until the end of the year, ensuring a strong contribution from the private sector purchase programmes. On 18 March 2020, this was followed by the announcement of the €750 billion Pandemic Emergency Purchase Program (PEPP), increased with a further €600 billion on 4 June 2020. Net asset purchases under the PEPP ended as of April 2022. Principal payments from maturing securities purchased under it are being reinvested in full.

On 12 March 2020, the ECB Banking Supervision leg, the SSM, published the first supervisory response to provide banks with a temporary capital and operational relief. According to the ECB statements: i) banks are allowed to operate temporarily below the level of capital defined by the Pillar 2 Guidance, the capital conservation buffer (CCB) and the LCR to release resources for financing households and undertakings; ii) the ECB encourages also national macroprudential authorities to relax the countercyclical capital buffer ("CCyB"); iii) banks are allowed to partially use capital instruments that do not qualify as Common Equity Tier 1 (CET1) capital to meet the Pillar 2 Requirements (P2R), for example Additional Tier 1 (AT1) or Tier II instruments; iv) banks will discuss with the ECB further individual measures, such as modified timetables, processes and deadlines (e.g. for on-site inspections or remedial actions); v) flexibility will be granted for the application of the ECB Guidance to banks on non-performing loans to adjust to bank's specific situation due to COVID-19.

On 10 February 2022, the ECB announced that it did not see it as necessary to allow banks to operate below the level of capital defined by their Pillar 2 Guidance beyond December 2022, nor to extend beyond March 2022 the supervisory measure that allow them to exclude central bank exposure from their leverage ratios. Therefore, banks are: (i) expected to operate above Pillar 2 Guidance from 1 January 2023; (ii) re-include central bank exposures in leverage ratio from 1 April 2022; and (iii) have ample headroom above capital and leverage ratio requirements.

Among the various measures adopted by the Italian government to address the epidemiological emergency due to COVID-19 outbreak, on 17 March 2020 Law Decree No. 18 ("**Cura Italia Decree**") was adopted. The Cura Italia Decree has introduced special measures derogating from the ordinary proceeding of the Guarantee Fund for SMEs in order to simplify the requirements for access to the guarantee and strengthen the intervention of the Guarantee Fund for SMEs itself, as well as the possibility of transforming the DTA relating to losses that can be carried forward but not yet deducted and to the amount of the ACE ("**Aiuto alla Crescita Economica**") notional return exceeding the total net income, to the extent of 20 per cent. of the impaired loans sold by 31 December 2020.

On 20 March 2020, the ECB announced additional measures (in addition to those already undertaken on 12 March 2020 on temporary capital and operational relief for banks) to ensure that its directly supervised banks can continue to fulfil their role to fund households and corporations amid the COVID-19 related economic shock to the global economy. The ECB published also a detailed FAQ on the measures adopted with the aim of updating it as needed. In particular, the ECB recommended to:

- give banks further flexibility in prudential treatment of loans backed by public guarantees, by extending to them the preferential treatment foreseen in its Guidance for NPLs for loans guaranteed or insured;
- encourage banks to avoid excessive procyclical effects when applying the IFRS 9 international accounting standard;
- activate capital and operational relief measures announced on 12 March 2020.

On 25 March 2020, the EBA and ESMA published detailed statements to address IFRS 9 accounting issues due to the COVID-19 outbreak and linked to the exceptional measures taken by banks and governments to address the situation, which affected compliance with the EBA Guidelines on the definition of default (DoD) and forbearance/past-due classifications of loans.

The EBA statement of 25 March 2020 explained the functioning of the prudential framework in relation to the exposures in default, the identification of forborne exposures and impaired exposures in accordance with IFRS 9. In particular, EBA has clarified some additional aspects of the operation of the prudential framework concerning:

- the classification of exposures in default;
- the identification of forborne exposures;
- the accounting treatment of the aforesaid exposures

Specifically, the EBA repeated the concept of flexibility in the application of the prudential framework, clarifying that an exposure should not be automatically reclassified as (i) exposure in default, (ii) forborne exposure, or (iii) impaired exposure under International Financial Reporting Standard - IFRS9, in case of adoption of credit tolerance measures (such as debt moratorium) by national governments.

The ESMA statement of 25 March 2020 provided guidance on the application of IFRS 9 (Financial Instruments) addressed to issuers and auditors with regard to the calculation of expected losses and related disclosure requirements, in particular, as regards the suspension (or deferral) of payments established for credit agreements (e.g. moratorium on debt) that impact the calculation of Expected Credit Loss (ECL) under the principles set forth in IFRS 9. On 20 May 2020, ESMA published a Public Statement addressing the implications of the COVID-19 pandemic on the half-yearly financial reports of listed issuers (the "**Public Statement**"). The Public Statement provided recommendations on areas of focus identified by ESMA and highlighted: i) the importance of providing relevant and reliable information, which may require issuers to make use of the time allowed by national law to publish half-yearly financial reports while not unduly delaying the timing of publication; ii) the importance of updating the information included in the latest annual accounts to adequately inform stakeholders of the impacts of COVID-19, in particular in relation to significant uncertainties and risks, going concern, impairment of non-financial assets and presentation in the statement of profit or loss; and iii) the need for entity-specific information on the past and expected future impact of COVID-19 on the strategic orientation and targets, operations, performance of issuers as well as any mitigating actions put in place to address the effects of the pandemic. The Public Statement was conceived to be applicable also to financial statements in other interim periods when IAS 34 Interim Financial Reporting is applied. It called on the management, administrative and supervisory bodies, including audit committees, of issuers and, where applicable, their auditors, to take due consideration of the recommendations included within the statement."

On 27 March 2020, the Basel Committee's oversight body, the Group of Central Bank Governors and Heads of Supervision ("GHOS"), has deferred Basel III implementation to increase operational capacity of banks and supervisors to respond to the immediate financial stability priorities resulting from the impact of the COVID-19 on the global banking system.

The measures endorsed by the GHOS comprise the following changes to the implementation timeline of the outstanding Basel III standards:

- the implementation date of the Basel III standards finalised in December 2017 has been deferred by one year to 1 January 2023. The accompanying transitional arrangements for the output floor has also been extended by one year to 1 January 2028.
- the implementation date of the revised market risk framework finalised in January 2019 has been deferred by one year to 1 January 2023.
- the implementation date of the revised Pillar 3 disclosure requirements finalised in December 2018 has been deferred by one year to 1 January 2023.

On 27 March 2020, the European Central Bank published a recommendation addressed to significant banks to refrain from paying dividends and from share buy-backs aimed at remunerating shareholders for the duration of the economic shock related to COVID-19. The ECB has decided to extend the recommendation on dividends until 1 January 2021 with the new Recommendation ECB/2020/35 that repeals the previous Recommendation ECB/2020/19 of 27 March 2020.

On 15 December 2020, the ECB recommended that banks exercise extreme prudence on dividends and share buy-backs. To this end, the ECB asked all banks to consider not distributing any cash dividends or conducting share buy-backs, or to limit such distributions, until 30 September 2021. Given the persisting uncertainty over the economic impact of the COVID-19 pandemic, the ECB expects dividends and share buy-backs to remain below 15 percent of the cumulated profit for 2019-2020 and not higher than 20 basis points of the CET1 ratio. Banks that intend to pay dividends or buy back shares need to be profitable and have robust capital trajectories. They are expected to contact their Joint Supervisory Team to discuss whether the level of intended distribution is prudent. The recommendation remained valid until the end of September 2021. On 23 July 2021, the ECB decided not to extend dividend recommendation beyond September 2021 with the new Recommendation ECB/2021/31. In particular, the ECB considered that the reduced economic uncertainty allows the thorough supervisory assessment of the prudence of bank's plans to distribute dividends and conduct share buybacks on an individual basis with a careful forward-looking assessment of capital plans in the context of the normal supervisory cycle.

On 1 April 2020 the ECB provided banks with further clarifications on the use of forecasts for the Expected Credit Loss (ECL) calculations under IFRS 9, after having invited banks to opt, if not done before, for applying the IFRS 9 five-year transitional arrangements included in the CRR to mitigate the First Time Application (FTA) capital impact of the new accounting principle.

On 2 April 2020, the EBA published more detailed guidance on the criteria to be fulfilled by legislative and non-legislative moratoria applied before 30 June 2020. The Guidelines acknowledged that Member States have implemented a broad range of support measures in order to minimise the medium- and long-term economic impacts of the efforts taken to contain the COVID-19 pandemic. In light of this, the EBA Guidelines clarify several aspects of payment moratoria, such as that they do not automatically trigger the classification as forbearance or distressed restructuring if the measures taken are based on the applicable national law or on an industry or sector-wide private initiative agreed and applied broadly by the relevant credit institutions. In June 2020, the EBA further extended the application date of its Guidelines by three months, from until 30 September 2020, and on the 21 September, communicated its phasing-out. However, on 2 December 2020 the Guidelines were reactivated until 31 March 2021.

On 29 January 2021, the EBA published the "Report on the implementation of selected COVID-19 policies", which contains a series of clarifications in the form of questions and answers (Q&A) on the interpretation of the EBA Guidelines, in particular with regard to the overall duration of the deferred payment to fall within the scope of the EBA Guidelines on moratoriums. However, the clarifications did not concern the hypothesis in which the moratorium pursuant to law, even if granted before 31 September, was extended for more than 9 months due to a subsequent law.

In continuity with the Cura Italia Decree, Law Decree no. 23 of 8 April 2020 ("**Liquidity Decree**") was issued, a further measure deemed necessary to support Italian entrepreneurship. The Liquidity Decree, in addition to providing an additional guarantee managed by SACE Simest (SACE), a company of the Cassa di Risparmio di Roma group, aims to further strengthen the Guarantee Fund for SMEs by redrawing its rules for accessing, by including also companies with no more than 499 employees and professionals, as well as increasing the guarantee coverage

percentages already provided by Article 49 of the Cura Italia Decree (provision that is repealed). In the wake of the latter provision, the Liquidity Decree makes further exceptions to the ordinary rules of the Guarantee Fund for SMEs, which will be applicable until 31 December 2020. The Government extended such measures until 30 June 2022.

On 28 April 2020, the European Commission published a legislative proposal for amending the CRR to ease banking activity during the COVID-19 emergency and ensure the flow of loans to households and businesses.

The measures, both temporary and exceptional, have been promoted to mitigate the immediate impact of COVID-19 related developments, and they imply:

- the reintroduction of prudential filters to manage the current situations of strong turbulence in the markets and to neutralize the effects of losses and gains on the value of debt securities held in the portfolio available for sale as if the securities were valued at cost instead of at fair value;
- a temporary approach to market risk in order to allow supervisors to implement appropriate measures to avoid automatic increases in the quantitative addendum (in particular over the period January 2020 and December 2021);
- more favourable treatment of government guarantees granted during the crisis, aligning the calendar provisioning applied to positions with government guarantees with the calendar provisioning applied to credits guaranteed by Export Credit Agencies;
- early application of certain measures provided for in CRR2: i) extension of the SME Supporting Factor; ii) introduction of the Infrastructure Supporting Factor; iii) improved weighting calibration for loans guaranteed by salary/pension share disposals; iv) improved prudential treatment of software;
- an adaptation of the timeline of the application of international accounting standards to banks' capital (IFRS9 phase-in arrangements);
- the postponement of the date of application of the additional reserve requirement for the leverage ratio of systemic banks ("G-SIB buffer");
- a change in the way of excluding certain exposures from the calculation of the leverage ratio;
- the introduction of a transitional regime for EU Sovereign exposures in the currency of another EU Member State.

Following the positive vote of the plenary session of the European Parliament (19 June 2020), the "CRR Quick-Fix" has been published in the European Official Journal on 26 June and has entered into force the following day (27 June 2020).

On 19 May 2020, the Law Decree No. 34 of 19 May 2020 (the so-called "**Decreto Rilancio**") was published in the Official Journal, introducing urgent measures in the areas of healthcare, work and economic support, as well as social policies, related to the epidemiological emergency caused by COVID-19.

Such decree has been signed in the Law No. 77/2020. It introduced some provisions (valid until 31 December 2020) which are aimed at strengthening SME's capital, thus preventing their insolvency risk. Particular reference is made to two public tools: "Patrimonio PMI" fund, which is aimed at subscribing new bonds issued by SME corporates with €10 million turnover, which have been impacted by COVID-19 a turnover reduction of 33 per cent. in April and May 2020 (two tax credits are granted to other investors <20 per cent. of the investment> in such corporates, and to the corporates above indicated which have suffered losses <50 per cent. of the losses which exceed the 10 per cent. of the Net worth, but in the limit of the 30 per cent. of the capital increase>); and the so-called "Patrimonio rilancio" (Dedicated assets within CDP) which is aimed at subscribing new bonds (mainly convertible bonds) and shares in order to support the real economy.

In August 2020 the Government approved the Law Decree "August" (Law Decree 14 August 2020, No. 104, converted into Law 13 October 2020, No. 126) containing several urgent measures in support of health, work and

economy, linked to the COVID-19 emergency. The measures introduced by the Law regard the extension of the moratorium for SME until 31 January 2021 (formerly 30 September 2020) and, for tourist sector, until 31 March 2021. Such prorogation operate automatically, unless expressly waived by the beneficiary company. They also provide technical changes to the possibility (Article 55, Law Decree Cura Italia No. 18/2020) to convert the DTAs into tax credits (application to special regimes, such as consolidated and transparency). The decree above mentioned also widens the scope of the public guarantee, too, extending the FCG guarantee scope to companies which already got a prorogation of the guarantee due to temporary difficulties of the beneficiary and including financial intermediation and holding financial assets activities in the 30k guaranteed loans. It also extends SACE guarantee scope also to companies admitted to the arrangement procedure with business continuity (or certified plans and restructuring agreements) if their exposures are not classifiable as non-performing exposures (at the date of submission of the application), they don't present amounts in arrears and the lender can reasonably assume the full repayment of the exposure at maturity.

In October and November 2020, the Council of Ministers approved the "Relieves" Law Decree (Law Decree 28 October 2020, No. 137) and the "Relieves 2" Law Decree (Law Decree 9 November 2020, No.

149) which provides further urgent measure regarding health protection, support to workers and production sectors, justice and safety linked to COVID-19 epidemic. Main measures introduced by the Law are a non-refundable aid for enterprises whose sectors have been restricted and the prorogation of "rental" Tax credit to October-December period and extension to enterprises with turnover exceeding €5 million and which have had a 50 per cent. reduction of turnover. In March 2021, the Council of Ministers approved the "Support" Law Decree (Law Decree 22 March 2021, No. 41) which provides further urgent measure regarding health protection, support to workers and production sectors linked to COVID-19 pandemic. Such decree introduces a new non-refundable aid for enterprises and professionals which have had a 30 per cent. reduction of turnover.

Finally, among the measures adopted in response to the COVID-19 emergency, we recall the Capital Markets Recovery Package proposal (so-called "quick fix") published by the European Commission in July, which proposes targeted amendments to the MiFID, the Prospectus Regulation as well as the Securitization Regulation. The package aimed to provide European economies with some relief to face the crisis emerging from the COVID-19 pandemic.

TAXATION

The tax legislation of the investor's Member State and of the Issuers' country of incorporation may have an impact on the income received from the securities.

The following is a general overview of certain Italian, Luxembourg and Irish tax aspects of the purchase, the ownership and the disposal of the Notes. It does not purport to be a comprehensive description of all the tax issues which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors and of Notes, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of the Notes are advised to consult in any case their own tax advisers concerning the overall tax regime of their purchase, ownership and disposal of the Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

This overview assumes that Mediobanca and Mediobanca International are resident for tax purposes in the Republic of Italy and in the Grand Duchy of Luxembourg respectively and are structured and conduct their business in the manner outlined in this Base Prospectus. Changes in Mediobanca and/or Mediobanca International's organisational structure, tax residence or the manner in which each of them conducts its business, as well as in case of substitution of the relevant Issuer or the Guarantor as more fully set out in Condition 13 (Substitution of the Issuer) of the Terms and Conditions of the Senior Notes and of the Subordinated Notes, may invalidate this overview. (A) Italian Taxation of the Notes issued by Mediobanca

Tax on interest, premiums and other proceeds

Italian Legislative Decree No. 239 of 1 April 1996, as amended and supplemented ("**Decree No. 239**"), regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from certain securities issued, *inter alia*, by Italian resident banks. The provisions of Decree No. 239 only apply to Notes which qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Decree No. 917 of 22 December 1986, as amended and supplemented ("**Decree No. 917**"). For these purposes, securities similar to bonds (*titoli similari alle obbligazioni*) are securities that incorporate an unconditional obligation of the issuer to pay at maturity an amount not lower than their nominal value, with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

The tax regime set forth by Decree No. 239 also applies to interest, premium and other income from regulatory capital financial instruments complying with EU and Italian regulatory principles, issued by, *inter alia*, Italian banks, other than shares and assimilated instruments.

1. Notes qualifying as bonds or similar securities

Italian resident investors

Pursuant to Decree No. 239, payments of Interest accrued on Notes issued by Mediobanca will be subject to a substitute tax (*imposta sostitutiva*) at the rate of 26 per cent. (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes) in the Republic of Italy if made to beneficial owners who are:

- 1) individuals resident in the Republic of Italy for tax purposes, holding the Notes not in connection with entrepreneurial activities;
- 2) Italian resident partnerships (other than “*società in nome collettivo*”, “*società in accomandita semplice*” or similar partnerships), *de facto* partnerships not carrying out commercial activities;
- 3) Italian resident public and private entities, other than companies, trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; and
- 4) Italian resident entities exempt from corporate income tax,

All the above categories are qualified as “net recipients” (unless the relevant Noteholder has entrusted the management of its financial assets, including the Notes, to an authorised intermediary and has opted for the so-called *risparmio gestito* regime (the “**Asset Management Regime**”), according to Article 7 of Decree No. 461).

In the event that the Noteholders described above under 1) and 3) are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax. As a consequence, Interest on the Notes is subject to ordinary final income tax and the *imposta sostitutiva* may be recovered as a deduction from the final Italian income tax due.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Notes if the Notes are included in a long term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1, paragraph 100 – 114, of Law No. 232 of 11 December 2016 (“**Law No. 232**”), Article 1, paragraphs 211 – 215 of Law No. 145 of 30 December 2018 (“**Law No. 145**”) and Article 13-*bis* of Law Decree No. 124 of 26 October 2019 (“**Law Decree No. 124**”), as subsequently amended. Pursuant to Article 1, paragraphs 219-225 of Law no. 178 of 30 December 2020 (“**Law No. 178**”), it is further provided that Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-*bis*, paragraph 2-*bis* of Law Decree No. 124/2019 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* (so-called “**SIMs**”), fiduciary companies, *società di gestione del risparmio*, stockbrokers and other entities, resident in Italy, identified by a Decree of the Ministry of Economy and Finance (“**Intermediaries**” and each an “**Intermediary**”), that intervene in any way in the collection of the Interest or, also as transferees, in the transfers or, disposals of the Notes. An intermediary must (i) be (a) resident in Italy, or (b) a permanent establishments in Italy of a non Italian resident Intermediary or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree 239 and (ii) intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Payments of Interest in respect of Notes issued by Mediobanca that qualify as *obbligazioni or titoli similari alle obbligazioni* are not subject to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are:

- 1) Italian resident corporations or permanent establishments in Italy of non resident corporations to which the Notes are effectively connected;
- 2) Italian resident partnerships carrying out commercial activities (*società in nome collettivo* or *società in accomandita semplice*);
- 3) Italian resident open-ended or closed-ended collective investment funds, investment companies with a variable capital (“**SICAVs**”), investment companies with fixed capital (“**SICAFs**”), (together the “**Funds**” and each a “**Fund**”), Italian resident pension funds subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005 (the “**Pension Funds**”), Italian resident real estate investment funds with fixed capital (“**Real Estate SICAFs**”) and Italian resident real estate investment funds (together, the “**Real Estate Funds**”);
- 4) Italian residents holding Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the Asset Management Regime.

To ensure payment of Interest in respect of the Notes without the application of the *imposta sostitutiva*, the investors indicated hereabove under 1) to 4) must be (a) the beneficial owners of payments of Interest on the Notes and (b) timely deposit the Notes together with the coupons relating to such Notes directly or indirectly with an Italian authorised financial Intermediary (or a permanent establishment in Italy of a foreign Intermediary). Where the Notes and the relevant coupons are not deposited with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes or, absent that, by the Issuer. Recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct *imposta sostitutiva* suffered from income taxes due.

Interest accrued on the Notes shall be included in the corporate taxable income (and in certain circumstances, depending on the “status” of the Noteholder, also in the net value of production for purposes of regional tax on productive activities – “**IRAP**”) of beneficial owners who are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules.

Italian residents holding Notes not in connection with entrepreneurial activity who have opted for the Asset Management Regime in connection with their investment in the Notes are subject to a 26 per cent. annual substitute tax (the “**Asset Management Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes during the holding period). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

If the investor is resident in Italy and is a Fund and the relevant Notes are held by an authorised intermediary, Interest accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the financial results of the Fund. The Fund will not be subject to taxation on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the “**Collective Investment Fund Tax**”).

Where a Noteholder is a Real Estate Fund, to which the provisions of Law Decree No. 351 of 25 September 2001, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010, and Legislative Decree No. 44 of 4 March 2014, all as amended, apply, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the Real Estate Fund, provided that the Notes are timely deposited with an Intermediary. The income of the Real Estate Fund is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Where the Italian resident investor is a Pension Funds subject to the regime set forth by Article 17, paragraph 2, of Legislative Decree No. 252 of 5 December 2005, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of each tax period, to be subject to a 20 per cent. tax (the “**Pension Fund Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes during the holding period).

Subject to certain limitations and conditions (including a minimum holding period requirement), Interest in respect to the Notes may be excluded from the taxable base of the Pension Fund Tax pursuant to Article 1, paragraph 92, of Law No. 232 if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100–114, of Law No. 232, Article 1, paragraph 211–215 of Law No. 145, and Article 13-*bis* of Law Decree No. 124, each of them as amended and applicable from time to time.

Non-Italian resident investors

According to Decree No. 239, payments of Interest accrued on the Notes issued by Mediobanca that qualify as *obbligazioni or titoli similari alle obbligazioni* will not be subject to the 26 per cent. *Imposta sostitutiva* if made to beneficial owners who are non-Italian resident beneficial owners of Notes not having a permanent establishment in Italy to which the Notes are effectively connected, **provided that**:

- such non-Italian resident beneficial owners are resident for tax purposes in a country which allows an adequate exchange of information with Italy as listed in the Decree of the Minister of Finance dated 4 September 1996, as amended and supplemented by Ministerial Decree of 23 March 2017, and possibly further amended by future decree issued pursuant to Article 11 paragraph 4(c) of Decree 239 (the “**White List**”); and
- all the requirements and procedures set forth in Decree No. 239 and the relevant implementing rules, as subsequently amended, in order to benefit from the exemption from the *imposta sostitutiva* have been promptly and properly complied with.

Decree No. 239, as amended and restated, also provides for additional exemptions from the substitute tax for payments of Interest in respect of the Notes made to:

- international bodies and organisations established in accordance with international agreements ratified in Italy;
- foreign institutional investor, whether or not subject to tax, set up in a country included in the White List; and
- Central Banks or entities managing official State reserves.

To ensure payment of Interest in respect of the Notes without the application of the *imposta sostitutiva*, non-Italian resident investors must:

- be the beneficial owners of payments of Interest on the Notes;
- timely deposit the Notes together with the coupons relating to such Notes directly or indirectly with a resident bank or a *società di intermediazione mobiliare (SIM)* or a permanent establishment in Italy of a non-resident bank or SIM or with a non-resident operator participating in a centralised securities management system which is in contact, via computer, with the Italian Ministry of Economics having appointed an Italian representative for the purposes of Decree No. 239; and
- promptly file with the relevant depository a self-declaration stating, *inter alia*, to be resident, for tax purposes, or established, as the case may be, in a White List State. Such self-declaration - which is requested neither for international bodies nor for entities set up in accordance with international agreements ratified by Italy nor for foreign Central Banks or entities managing official State reserves - must comply with the requirements set forth by Italian Ministerial

Decree of 12 December 2001 and is valid until withdrawn or revoked. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

Failure of a non-resident holder of the Notes to comply in due time with the procedures set forth in Decree No. 239 and in the relevant implementation rules will result in the application of *imposta sostitutiva* on Interest payments to a non-resident holder of the Notes.

Non-resident holders of the Notes who are subject to substitute tax might, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant holder of the Notes.

2. Notes qualifying as atypical securities

Interest payments relating to Notes issued by Mediobanca that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*), but qualify as atypical securities (*titoli atipici*) for Italian tax purposes, may be subject to a withholding tax, levied at the rate of 26 per cent.. For this purpose, as indicated above, pursuant to Article 44 of Decree No. 917, securities similar to bonds are securities that (i) incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and (ii) do not grant to the relevant holders any right to directly or indirectly participate to the management of the issuer or of the business in relation to which they are issued or to control the same management.

Where the Noteholder is (i) an Italian resident individual engaged in an entrepreneurial activity to which the Notes are connected, (ii) an Italian resident company or a similar Italian resident commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected, (iv) an Italian resident commercial partnership or (v) an Italian resident commercial private or public institution, the above-mentioned 26 per cent. withholding tax applies as a provisional withholding tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final withholding tax. Double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate of withholding tax in case of payments to non Italian resident Noteholders, subject to proper compliance with relevant subjective and procedural requirements.

Subject to certain limitations and conditions (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Notes not falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) and qualify as *titoli atipici* (“atypical securities”) pursuant to Article 5 of Law Decree No. 512 of 30 September 1983, if such Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100–114 of Law No. 232, Article 1, paragraph 211–215 of Law No. 145 and Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further provided that Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

For the sake of completeness, it is worth pointing out that non-Italian resident Noteholders may be entitled to claim, if certain relevant conditions are met, a reduction of such 26 per cent. withholding tax under the double taxation treaty (generally, to 10 per cent. or to the other applicable rates, if more favourable), if any, entered into by Italy and its country of residence, subject to timely filing of required documentation.

3. Capital gains tax

Italian resident Noteholders

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable business income (and, in certain circumstances, depending on the “status” of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian resident company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an (i) individual not engaged in an entrepreneurial activity to which the Notes are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to a substitute tax (*imposta sostitutiva*), levied at the current rate of 26 per cent.. Noteholders may generally set-off capital losses with gains of the same nature.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

In respect of the application of such *imposta sostitutiva*, taxpayers under (i) to (iii) above may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxpayers under (i) to (iii) above, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss of the same nature, realised by taxpayers under (i) to (iii) above pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian taxpayers under (i) to (iii) above must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss of the same nature, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains of the same nature realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Noteholders under (i) to (iii) above, may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes under the *risparmio amministrato* regime, provided for by Article 6 of the Italian Legislative Decree No. 461 of 21 November 1997, as a subsequently amended, hereinafter the “**Decree 461/1997**”). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries (or permanent establishments in Italy of foreign intermediaries) and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss of the same nature, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted only from capital gains of the same nature subsequently realised, within the same securities management relationship, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in the annual tax return.

Any capital gains realised by Italian Noteholders under (i) to (iii) above who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the Asset Management Regime (the so-called *regime del risparmio gestito*, provided by Article 7 of Decree 461/1997) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the Asset Management Regime, any depreciation of the managed assets accrued at year end may be carried forward against any increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Regime, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Subject to certain limitations and conditions (including a minimum holding period), capital gains in respect of Notes realized upon sale, transfer or redemption by Italian resident individuals holding the

Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26 per cent. *imposta sostitutiva*, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100 – 114, of Law No. 232, Article 1, paragraph 211 – 215 of Law No. 145 and Article 13-*bis* of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further provided that Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-*bis*, paragraph 2-*bis* of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

In the case of Notes held by Funds, capital gains on the Notes contribute to determine the increase in value of the managed assets of the Funds accrued at the end of each tax year. The Funds will not be subject to taxation on such increase, but the Collective Investment Fund Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains on Notes held by Noteholders who are Italian Pension Funds (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. Subject to certain limitations and conditions (including a minimum holding period requirement), capital gains realised in respect to the Notes may be excluded from the taxable base of the Pension Fund Tax pursuant to Article 1, paragraph 92, of Law No. 232 if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100 – 114, of Law No. 232, Article 1, paragraph 211 – 215 of Law No. 145 and Article 13-*bis* of Law Decree No. 124, each of them as amended and applicable from time to time.

Any capital gains realised by Italian resident Real Estate Funds are not taxable at the level of the same Real Estate Funds, but subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26 per cent.; subject to certain conditions, depending on the status of the Noteholders and percentage of participation, income of the Real Estate Fund is subject to taxation in the hands of the unitholder or the shareholder regardless of distribution.

Non-Italian resident Noteholders

Capital gains realised by non-Italian-resident Noteholders, without a permanent establishment in Italy to which the Notes are effectively connected, from the sale or redemption of Notes traded on regulated markets in Italy or abroad are not subject to the *imposta sostitutiva*, regardless of whether the Notes are held in Italy. In such a case, in order to benefit from this exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the Asset Management Regime or are subject to the *risparmio amministrato* regime according to Article 6 of Decree No. 461, may be required to produce in due time to the Italian authorised financial intermediary an appropriate self-declaration that they are not resident in Italy for tax purposes.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of Notes not traded on regulated markets issued by an Italian or non-Italian resident issuer may in certain circumstances be taxable in Italy, if the Notes are held in Italy.

However, non-Italian resident beneficial owners of Notes without a permanent establishment in Italy to which the Notes are effectively connected are not subject to the *imposta sostitutiva* on capital gains realised upon sale or redemption of the Notes, provided that the beneficial owners: (i) are resident in a White List State; or (ii) are international entities or bodies set up in accordance with international agreements which have entered into force in Italy; or (iii) are Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State; or (iv) are institutional investors which are set up in a country included in the White List, even if they do not have the “status” of taxpayer in its own country of establishment. In such cases, in order to benefit from the exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial

intermediary and elect to be subject to the Asset Management Regime or are subject to the *risparmio amministrato* regime according to Article 6 of Decree No. 461, may be required to produce in due time to the Italian authorised financial Intermediary an appropriate self-declaration stating that they meet the subjective requirements indicated above. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

If none of the conditions above is met, capital gains realised by said non-Italian resident Noteholders from the sale or redemption of Notes are subject to the *imposta sostitutiva* at the current rate of 26 per cent.

Moreover, in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are connected that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Notes. In such a case, in order to benefit from this exemption from Italian taxation on capital gains, non-Italian resident Noteholders who hold the Notes with an Italian authorised financial intermediary and elect to be subject to the Asset Management Option or are subject to the *risparmio amministrato* regime according to Article 6 Decree No. 461, may be required to produce in due time to the Italian authorised financial intermediary appropriate documents which include, *inter alia*, a statement of residence from the competent tax authorities of the country of residence of the non-Italian resident.

Please note that for a non-Italian resident, the *risparmio amministrato* regime provided for by Article 6 of Decree No. 461 shall automatically apply, unless it expressly waives this regime, where the Notes are deposited in custody or administration with an Italian resident authorised financial intermediary or permanent establishment in Italy of a foreign intermediary.

Withholding tax

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Senior Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however:

- (i) with respect to Luxembourg resident investors, to the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005, as modified, which foresees a 20% final withholding tax (which is final when Luxembourg resident individuals are acting in the context of the management of their private wealth) on interest payments made by Luxembourg paying agents to Luxembourg individual residents. This withholding tax also applies on accrued interest received upon sale, redemption or repurchase of the Senior Notes. Luxembourg resident investors not holding Senior Notes as a business assets may benefit, under conditions, from such final 20% withholding tax for interest payments that are made through a paying agent established in another EU-Member State or in a Member State of the European Economic Area; and
- (ii) responsibility for the withholding of tax in application of the above-mentioned Luxembourg modified law of 23 December 2005, as modified, is assumed by the Luxembourg paying agent within the meaning of these laws.

Interest Income

Holders of the Senior Notes who are residents of the Grand Duchy of Luxembourg, or non-resident holders of the Senior Notes who have a permanent establishment or a permanent representative in the Grand Duchy of Luxembourg to which the holding of the Senior Notes is attributable, must, for income tax purposes, include any interest received in their taxable income. They will not be liable to any Luxembourg income tax on repayment of principal.

For individuals resident in the Grand Duchy of Luxembourg, the 20% tax withheld at source constitutes a final taxation to the extent the Senior Notes do not constitute business assets.

Capital Gains

Luxembourg resident individuals

Luxembourg resident individuals who are holders of the Senior Notes and who are acting in the course of the management of their private wealth are not subject to taxation on capital gains upon the disposal of the Senior Notes, unless the disposal of the Senior Notes precedes the acquisition of the Senior Notes or the Senior Notes are disposed of within six months of the date of acquisition of these Senior Notes. Upon redemption of the Senior Notes, individual Luxembourg resident holders of the Senior Notes must however include the portion of the redemption price corresponding to accrued but unpaid interest in their taxable income except if (a) withholding tax has been levied on such payments in accordance with the law of 23 December 2005, as amended, or (b) the individual holder of the Senior Notes has opted for the application of a 20% tax in full discharge of income tax in accordance with the law of 23 December 2005, as amended, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area.

Luxembourg resident individuals who are holders of the Senior Notes and who are acting in the course of the management of their professional or business undertaking to which the Senior Notes are attributable, on the sale or disposal, in any form whatsoever, of the Senior Notes are subject to Luxembourg income tax and municipal business tax.

Luxembourg resident companies – Luxembourg permanent establishment of foreign enterprises

Luxembourg resident companies (*sociétés de capitaux*) that are holders of the Senior Notes or foreign enterprises which have a permanent establishment in Luxembourg to which the Senior Notes are attributed, must include in their taxable income the difference between the disposal price (including accrued but unpaid interest) and the book value of the Senior Notes disposed of.

Luxembourg resident entities benefiting from a special tax regime

Holders of the Senior Notes who are undertakings for collective investment governed by the amended law of 17 December 2010, specialized investment funds governed by the amended law of 13 February 2007, family wealth management companies governed by the amended law of 11 May 2007 or reserved alternative investment funds organized similarly to special investment funds and governed by the law of 23 July 2016, are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg direct taxes (*i.e.* corporate income tax, municipal business tax and net wealth tax) with respect to the Senior Notes.

Companies subject to the amended law of 15 June 2004 on venture capital investment companies and or reserved alternative investment funds organized similarly to venture capital investment companies and subject to the law of 23 July 2016 might enjoy an exemption on income and gains from the Senior Notes in accordance with, and subject to, the requirements of such laws.

Net Wealth Tax

Luxembourg net wealth tax will not be levied on a holder of a Senior Note unless: (i) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions; or (ii) such Senior Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in the Grand Duchy of Luxembourg.

As from 1 January 2016 the minimum corporate income tax regime has been replaced by a minimum net wealth tax levied either at a fixed amount of EUR 4,815 as from 1 January 2017 for Luxembourg corporate taxpayers holding financial assets exceeding 90% of their balance sheet and a total balance sheet of EUR 350,000 or at a progressive scale between EUR 535 and EUR 32,100 depending on the balance sheet total (the “**Minimum Net Wealth Tax**”). Effective as from that date the Minimum Net Wealth Tax also applies to securitization companies, undertakings for collective venture capital investments (SICAR) and reserved alternative investment funds organized similarly to venture capital investment companies.

A corporate holder of a Senior Note, whether resident of the Grand Duchy of Luxembourg for tax purposes or maintaining a permanent establishment or a permanent representative in the Grand Duchy of Luxembourg to which such Senior Notes are attributable, is not subject to Luxembourg wealth tax if the holder is governed by the law of 11 May 2007 on family estate companies, as amended, by the law of 17 December 2010 on undertakings for collective investment (except for the Minimum Net Wealth Tax), as amended, by the law of 13 February 2007 on specialised investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation (except for the Minimum Net Wealth Tax), as amended, or a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended, or a reserved alternative investment fund organized governed by the law of 23 July 2016 (except for the Minimum Net Wealth Tax if the fund is organized similarly to a venture capital investment company).

In respect of individuals, the Luxembourg law of 23 December 2005 has abolished the net wealth tax with effect from 1 January 2006.

Other Taxes

1. Registration duties

It is not compulsory that the Senior Notes be filed, recorded, enrolled or subject to any other formality in Luxembourg with any notary, any court or other authority in the Grand Duchy of Luxembourg in order to ensure the legality, validity, enforceability or admissibility as evidence of any of the Senior Notes in Luxembourg, or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Senior Notes, in accordance therewith, except that, in case the Senior Notes are registered (or lodged with a notary's records), either voluntarily or by order of a Luxembourg court in case of legal proceedings or a Luxembourg official authority, or if they are attached (*annexés*) to any document subject to mandatory registration in the Grand Duchy of Luxembourg (such as a public deed), a fixed or an *ad valorem* registration duty of

0.24% calculated on the amounts of loans or other obligations of sums of money mentioned in the Senior Notes will be due. In practice such kind of registration is rarely ordered.

2. *VAT*

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Senior Notes or in respect of the payment of interest or principal under the Senior Notes or the transfer of Senior Notes, **provided that** Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in the Grand Duchy of Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.

3. *Inheritance and gift tax*

No Luxembourg inheritance tax is levied on the transfer of Senior Notes upon the death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.

Luxembourg gift tax will be levied in the event that the gift is made pursuant to a notarial deed signed before a Luxembourg notary.

2. **Tax treatment of the Senior Preferred Notes issued by Mediobanca International in Italy**

Tax on interest, premium and other proceeds

Decree No. 239, regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as “**Interest**”) from certain securities issued, *inter alia*, by non-Italian resident banks. The provisions of Decree No. 239 only apply to Notes which qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Decree No. 917 of 22 December 1986, as amended and supplemented (“**Decree No. 917**”). For these purposes, securities similar to bonds (*titoli similari alle obbligazioni*) are securities that incorporate an unconditional obligation of the issuer to pay at maturity an amount not lower than their nominal value, with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

(i) ***Senior Notes qualifying as bonds or similar securities***

Italian resident Noteholders

Pursuant to Decree No. 239, a substitute tax at a rate of 26 per cent referred to as *imposta sostitutiva* is applied on Interest on Senior Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) within the meaning of Article 44 of Decree No. 917 issued by a non-Italian resident issuer accrued during the relevant holding period, if received by beneficial owners who are:

- (1) individuals resident in the Republic of Italy for tax purposes, holding the Notes not in connection with entrepreneurial activities;
- (2) Italian resident partnerships (other than “*società in nome collettivo*”, “*società in accomandita semplice*” or similar partnerships), de facto partnerships not carrying out commercial activities;
- (3) Italian resident public and private entities, other than companies, trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities not carrying out commercial activities; and

- (4) Italian resident entities exempt from corporate income tax, unless they have entrusted the management of his financial assets, including the Senior Notes, to an authorised intermediary and have opted for the Asset Management Regime.

If the Noteholders described under paragraphs (1) and (3) above are engaged in an entrepreneurial activity to which the Senior Notes are connected, the *imposta sostitutiva* applies as a provisional tax. As a consequence, the Interest is subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the final income tax due.

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied by Italian Intermediaries or by permanent establishments in Italy of Intermediaries resident outside Italy. Italian Intermediaries (or permanent establishment in Italy of foreign Intermediaries) must intervene in any way in the collection of Interest or, also as transferees, in transfers or disposals of the Senior Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Where the Senior Notes and the relevant coupons are not deposited with an Intermediary, the substitute tax is applied and withheld by any Italian intermediary (or permanent establishment in Italy of foreign intermediary) that intervenes in the payment of Interest to any Noteholder. Where Interest on Senior Notes beneficially owned by the subjects from paragraphs (1) to (4) above are not collected through the intervention of an Italian resident intermediary and as such no *imposta sostitutiva* is applied, the above Italian resident beneficial owners will be required to declare Interest in their yearly income tax return and subject them to final substitute tax at a rate of 26 per cent. (only limited to those Noteholders not engaged in a business activity to which the Senior Notes are effectively connected), unless option for a different regime is allowed and made. Italian resident Noteholders that are individuals not engaged in entrepreneurial activity may elect instead to pay ordinary personal income taxes at the progressive rates applicable to them in respect of Interest on such Senior Notes: if so, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Subject to certain limitations and conditions (including a minimum holding period), Interest in respect of the Senior Notes that qualify as *obbligazioni* or *titoli similari alle obbligazioni* received by Italian resident individuals holding the Senior Notes not in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from taxation, including the 26 per cent. *imposta sostitutiva*, if the Senior Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100 – 114, of Law No. 232, Article 1, paragraph 211 – 215 of Law No. 145 and Article 13-*bis* of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further provided that Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-*bis*, paragraph 2-*bis* of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to Article 24-*bis* of Decree No. 917/1986, as introduced by the Law No. 232 of 11 December 2016 (the “**2017 Budget Law**”), the payment of such substitute tax will replace any income tax on the foreign-sourced income, including Interest on Senior Notes.

Where an Italian resident Noteholder who is beneficial owner of the Senior Notes is a company or similar commercial entity, or a permanent establishment in Italy of a foreign company to

which the Senior Notes are effectively connected and the Senior Notes and relevant coupons are timely deposited with an Intermediary, Interest from the Senior Notes will not be subject to the *imposta sostitutiva*, but must be included in the relevant Noteholder's annual income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder, also to IRAP). In such cases, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

For those categories of Noteholders not specifically mentioned in this paragraph and for Noteholders who are Italian Pension Funds, Italian Funds or Real Estate Funds please refer to paragraph "Italian Taxation of Notes issued by Mediobanca – Tax on interest, premium and other proceeds – Notes qualifying as bonds or similar securities - Italian resident investors" above.

Non-Italian resident Noteholders

No Italian substitute tax is applied on payments to a non-Italian resident Noteholder not having a permanent establishment in Italy to which the Senior Notes are effectively connected of Interest relating to Senior Notes issued by a non-Italian resident issuer.

If Senior Notes issued by a non-Italian resident issuer and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Senior Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a self-declaration stating that he or she is not resident in Italy for tax purposes.

Capital gains tax

Any gain obtained from the sale or redemption of the Senior Notes would be subject to the same tax regime as described under (A).3. "*Capital gains tax*", above.

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to art. 24-bis of Decree No. 917/1986, as introduced by the 2017 Budget Law, the payment of such substitute tax will replace any income tax on the foreign-sourced income, including capital gains on the sale or redemption of Senior Notes held out of the Italian territory.

(ii) *Notes qualifying as atypical securities*

Interest payments to Italian resident Noteholders relating to Senior Notes issued by a non-Italian resident issuer that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*), but qualify as atypical securities (*titoli atipici*) for Italian tax purposes, may be subject to Italian withholding tax, levied at the rate of 26 per cent.. For this purpose, as indicated above, pursuant to Article 44 of Decree No. 917, securities similar to bonds are securities that (i) incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and (ii) do not grant to the relevant holders any right to directly or indirectly participate to the management of the issuer or of the business in relation to which they are issued or to control the same management.

If the Senior Notes are issued by a non-Italian resident issuer, a 26 per cent. "entrance" withholding tax may apply in Italy if the Senior Notes are placed ("*collocate*") in Italy and Interest payments on the Notes are collected through an Italian bank or other qualified financial intermediary. However, the 26 per cent. "entrance" withholding tax does not apply to Interest payments made:

- (a) to a non-Italian resident Noteholder. If Senior Notes issued by a non-Italian resident issuer and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Senior Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a self- declaration stating that he or she is not resident in Italy for tax purposes; and
- (b) to an Italian resident Noteholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities to which the Senior Notes are effectively connected), (ii) a commercial partnership, or (iii) a commercial private or public institution. In particular, in such cases, Interest must be included in the relevant Noteholder's annual income tax return, to be therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder, also to IRAP) according to the ordinary rules and the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Where an Italian resident Noteholder is an individual who has not qualified as an Italian tax resident for at least 9 of the past 10 years, who transferred the tax residence to Italy and who opted for the application of a yearly € 100,000 substitute tax on the foreign-sourced income pursuant to art. 24-*bis* of Decree No. 917/1986, as introduced by the 2017 Budget Law, the payment of such substitute tax will replace any income tax on the foreign-sourced income, including Interest payments relating to Senior Notes.

With respect to the other categories of Italian resident Noteholders, if Interest payments on Senior Notes issued by a non-Italian resident issuer are not collected through an Italian resident bank or other qualified financial intermediary, and as such no "entrance" withholding tax is required to be levied, such Noteholders will be required to report the payments in their yearly income tax return and subject them to a final substitute tax at rate of 26 per cent. (only limited to those Noteholders not engaged in a business activity to which the Senior Notes are effectively connected). Italian resident individual beneficial owners holding Senior Notes not in connection with a business activity may elect instead to pay ordinary personal income tax at the progressive rates applicable to them in respect of Interest payments: if so, the beneficial owners should generally benefit from tax credit for withholding taxes applied outside Italy, if any.

In case Senior Notes issued by a non-Italian resident issuer are held by an Italian resident individual engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the 26 per cent. "entrance" withholding tax on a provisional basis and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the withholding tax may be recovered as a deduction from the income tax due.

Subject to certain limitations and conditions (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Senior Notes not falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) and qualify as *titoli atipici* ("atypical securities") pursuant to Article 5 of Law Decree No. 512 of 30 September 1983, if such Senior Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraph 100 – 114 of Law No. 232, Article 1, paragraph 211 – 215 of Law No. 145 and Article 13-*bis* of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further provided that Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-*bis*, paragraph 2-*bis* of Law Decree No. 124 may benefit from a tax credit

corresponding to possible capital losses, losses and negative differences realized in respect of certain qualifying financial instruments comprised in the long-term individual savings account, provided that certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

For the sake of completeness, it is worth pointing out that non-Italian resident Noteholders may be entitled to claim, if certain relevant conditions are met, a reduction of such 26 per cent. withholding tax under the double taxation treaty (generally, to 10 per cent. or to the other applicable rates, if more favourable), if any, entered into by Italy and its country of residence, subject to timely filing of required documentation

3. **Payments made by the Guarantor under the Guarantee**

There is no authority directly regarding the Italian tax regime of payments on notes made by an Italian resident guarantor. Accordingly, there can be no assurance that the Italian tax authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian courts would not support such an alternative treatment.

With respect to payments on the Senior Notes made to Italian resident Noteholders by an Italian resident guarantor, in accordance with an interpretation of Italian tax law, any such payments may be subject to Italian withholding tax at the rate of 26 per cent. levied as a final tax or a provisional tax (“*a titolo d'imposta o a titolo di acconto*”) depending on the “status” of the Noteholder, pursuant to Presidential Decree No. 600 of 29 September 1973, as amended. Double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate of withholding tax in case of payments to non-Italian residents, subject to proper compliance with relevant subjective and procedural requirements. In accordance with another interpretation, any such payment made by the Italian resident guarantor should be treated, in certain circumstances, as a payment by the relevant issuer and should thus be subject to the tax regime described in the previous paragraphs of this section.

(C) **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006, as converted in law, with amendments, pursuant to Law No. 286 of 24 November 2006, transfers of Notes as a result of death or donation of Italian residents and of non-Italian residents, but in such latter case limited to Notes held within the Italian territory (which, for presumption of law, includes bonds issued by Italian resident issuers), are generally taxed in Italy as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding €1,000,000.00 for each beneficiary;
- (ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift;
- (iii) transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding €100,000.00 for each beneficiary; and
- (iv) any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the beneficiary has a serious disability recognised by law, the tax is levied at the rate mentioned above in i), ii), iii) (and iv) (on the value exceeding ,for each beneficiary ,€ 1,500,000.

A tax credit may be available for the inheritance and gift tax paid in Italy under the applicable double tax treaty on inheritance and gift, if any.

The transfer of financial instruments (including the Notes) as a result of death is exempt from inheritance tax when such financial instruments are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth by Italian law, as amended and supplemented from time to time.

(D) Transfer tax

Contracts relating to the transfer of securities are subject to the following registration tax: (i) public deeds and notarised deeds (*atti pubblici e scritture private autenticate*) are subject to a fixed registration tax at a rate of € 200.00; (ii) private deeds (*scritture private non autenticate*) are subject to lump sum of € 200.00 registration tax only if they are voluntary registered or if the so-called “*caso d'uso*” or “*enunciazione*” occurs.

Stamp duty applies both to Italian resident and to non-Italian resident investors, to the extent that the relevant securities (including the Notes) are held with an Italian-based financial intermediary (and not directly held by the investor outside Italy), in which case Italian wealth tax (see below under “*Wealth tax on Notes deposited abroad*”) applies to Italian resident Noteholders only.

(E) Stamp Duty

Pursuant to Article 13 par. 2-ter of the tariff Part I attached to Presidential Decree No. 642 of 26 October, 1972, a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries, carrying out their business activity within the Italian territory, to their clients for the Notes deposited therewith. The stamp duty is collected by the Italian resident financial intermediaries and applies at the current rate of 0.2 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount or, in the case the nominal or redemption values cannot be determined, on the purchase value of the Notes held. If the Noteholder is not an individual, the stamp duty cannot exceed € 14,000.00.

The statement is deemed to be sent at least once a year, including with respect to the instruments for which is not mandatory nor the deposit nor the release nor the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable based on the period accounted.

Pursuant to the law and the implementing decree issued by the Italian Ministry of Economy on 24 May, 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June, 2012) of an entity that exercises a banking, financial or insurance activity in any form within the Italian territory.

(F) Wealth tax on Notes deposited abroad

Pursuant to Article 19(18) of Decree No. 201, Italian resident individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with article 5 of Presidential Decree 917) resident in Italy for tax purposes holding the Notes outside the Italian territory are required to pay an additional tax at the current rate of 0.2 per cent. (“**IVAFE**”), which, for taxpayers other than individuals, cannot exceed €14,000 (Article 134 of Law Decree No. 34 of 20 May 2020).

This tax is calculated on the market value of the Notes at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value or, in the case the nominal or redemption values cannot be determined, on the purchase value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Financial assets (including the Notes) held abroad are excluded from the scope of IVAFE if they are administered by Italian financial intermediaries pursuant to an administration agreement and the items of income derived from the such instruments have been subject to tax by the same intermediaries. In this case, the above mentioned stamp duty provided for by Article 13 of the Tariff attached to Decree 642 does apply.

(G) Tax Monitoring

Pursuant to Law Decree No. 167 of 28 June 1990 (“**Decree No. 167**”), as amended by Law of 6 August 2013, No. 97 (*Legge Europea* 2013), individuals, non-commercial institutions and non-commercial partnerships (*società semplici* or similar partnerships in accordance with article 5 of Presidential Decree 917) resident in Italy for tax purposes, under certain conditions, will be required to report in their yearly income tax return, for tax monitoring purposes, the amount of investments (including the Notes) directly or indirectly held abroad during each tax year. Inbound and outbound transfers and other transfers occurring abroad in relation to investments should not be reported in the income tax return.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the beneficial owners of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to: (i) Notes deposited for management or administration with qualified Italian financial intermediaries; (ii) contracts entered into through their intervention, upon condition that the items of income derived from such Notes and contracts have been subject to tax by the same intermediaries; or (iii) if the foreign investments which are only composed by deposits and/or bank accounts when their aggregate value does not exceeds a €15,000 threshold throughout the year.

(H) **Irish Taxation of the Notes issued by Mediobanca and Mediobanca International**

The following is a summary of the Irish withholding tax treatment of the Notes. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes.

The summary is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Base Prospectus. Prospective investors in the Notes should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local law taxes, if applicable.

4. **Irish Withholding Tax**

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

Such withholding tax arises at the standard rate of income tax (currently 20 per cent.) to payments of Irish source yearly interest and Irish source annual payments, and at a prescribed rate of 25 per cent. to distributions.

On the basis that the relevant Issuer is not resident in Ireland for the purposes of Irish tax, nor does the relevant Issuer operate in Ireland through a branch or agency with which the issue of the Notes is connected, nor are the Notes held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Notes, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the relevant Issuer or any paying agent acting on behalf of the relevant Issuer (save as described at Irish Encashment Tax below) should not be obliged to deduct any amount on account of Irish tax from payments made in connection with the Notes.

Separately, for as long as the Notes are quoted on a stock exchange, an investor should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Notes.

5. **Irish Encashment Tax**

Payments on any Notes paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Notes will be subject to Irish encashment tax at a prescribed rate of 25 per cent. This is unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Notes entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be the income of another person that is resident in Ireland. Separately, an exemption will apply where the payment is made to a company where that company is beneficially entitled to that income and is or will be within the charge to corporation tax in respect of that income.

(I) **Exchange of information under Directive on Administrative Cooperation in the field of Taxation**

On 3 June 2003, the EU Council of Economic and Finance Ministers (“**ECOFIN**”) adopted a directive regarding the taxation of savings income (“**EU Savings Directive**” or the “**Directive**”). Under the Directive each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other Member State. A number of non-EU countries and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such person for, an individual resident in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person from, an individual resident in one of those territories.

Italy originally implemented the Directive through Legislative Decree No. 84 of 18 April 2005 (“**Decree 84**”).

On 10 November 2015, the EU Council Directive 2015/2060/EU, under proposal of the European Commission, repealed the EU Savings Directive, which was replaced by the DAC, as amended and supplemented from time to time, on administrative cooperation in the field of taxation. This is to prevent overlap between the EU Savings Directive and the new automatic exchange of information regime to be implemented under the DAC.

The new regime under DAC is in accordance with the Global Standard released by the Organisation for Economic Co-operation and Development in July 2014. It is worth mentioning that the range of payments to be automatically reported under the DAC is broader than the scope of the automatic information previously foreseen by the EU Savings Directive. Moreover, unlike the EU Saving Directive, the DAC does not impose withholding taxes.

The DAC has been implemented in Italy through Legislative Decree No. 29 of 4 March 2014, as amended and supplemented from time to time, and with Ministerial Decree of 28 December 2015 issued by the Minister of Economy and Finance, as amended and supplemented from time to time, (published in the Official Gazette No. 303 of 31 December 2015). Accordingly, Legislative Decree No. 84 of 18 April 2005 (implementing in Italy the EU Saving Directive) has been repealed with effect from 1 January 2016 by Article 28 of Law No. 122 of 7 July 2016.

Finally, Directive (EU) 2018/822 of May 25, 2018 (the so-called “**DAC 6**”) introduced the obligation, for intermediaries and taxpayers, to communicate to the financial administrations of EU Countries the cross-border arrangements potentially usable for aggressive tax planning.

Under DAC 6, intermediaries which meet certain EU nexus criteria and taxpayers are required to disclose to the relevant tax authorities certain cross-border arrangements, which contain one or more of a prescribed list of hallmarks, performed from 25 June 2018 onwards. In specific cases, this obligation will shift to the taxpayer. Information with regard to reported arrangements will be automatically exchanged

by the competent authority of each EU jurisdiction every 3 months. Under DAC 6, a cross-border arrangement has to be reported if (i) it is a cross-border arrangement which bears one or more of the hallmarks listed in DAC 6, (ii) in certain instances the main or expected benefit of the arrangement is a tax advantage and (iii) it concerns at least one EU jurisdiction.

The Issuers or its intermediaries involved may be legally obliged to notify to tax authorities certain types of cross-border arrangements and proposals for implementing such arrangements.

Italy has implemented the DAC 6 with Legislative Decree of 30 July 2020, No. 100 and Ministerial Decree of 17 November 2020.

Luxembourg has implemented the DAC 6 with the Law of 25 March 2020.

(J) U.S. Foreign Account Tax Compliance Act (FATCA) Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” (as defined by FATCA) may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions, including Ireland, Grand Duchy of Luxembourg and the Republic of Italy, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. The IGA between Italy and the United States has been ratified in Italy by Law No. 95 of 18 June 2015, entered into force on 8 July 2015, which has been implemented by specific regulations issued by the Italian Ministry of Economy and Finance

Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “*Terms and Conditions of the Notes—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

17. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, Mediobanca and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of Mediobanca or Mediobanca's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with Mediobanca routinely hedge their credit exposure to Mediobanca consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. Such consent may be given to all (general consent) or only one or more (individual consent) specified Dealers and/or financial intermediaries and/or for a limited or indefinite period, as stated in the Final Terms, and for Italy, Ireland and/or the Grand Duchy of Luxembourg as member states in which the Base Prospectus has been passported and which will be indicated in the relevant Final Terms.

Such consent by the Issuers is subject to each Dealer and/or financial intermediary complying with the terms and conditions described in this Base Prospectus and the relevant Final Terms as well as any applicable selling restrictions. The distribution of this Base Prospectus, any supplement to this Base Prospectus, if any, and the relevant Final Terms as well as the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law.

Each Dealer and/or each financial intermediary, if any, and/or each person into whose possession this Base Prospectus, any supplement to this Base Prospectus, if any, and the relevant Final Terms come are required to inform themselves about and observe any such restrictions. If the Final Terms state that the consent to use the Base Prospectus is given to all Dealers or financial intermediaries (general consent), any Dealer or financial intermediary using the Base Prospectus is required to state on its website that it uses the Base Prospectus in accordance with the consent and the conditions attached thereto.

If the Final Terms state that the consent to use the prospectus is given to one or more specified Dealers or financial intermediaries (individual consent), any new information with respect to Dealers or financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the Final Terms will be published on the website www.mediobanca.it.
