If (a) the Price Source (or any page that may be substituted for it) is not available or (b) the fixing of the foreign exchange rate is not available on the Price Source at the Valuation Time, the fixing shall be the foreign exchange rate expressed as X/Y (X and Y are currencies) as ascertained by the Calculation Agent based on the Substitute Price Source (as such term is defined in the relevant Additional Terms and Conditions for Foreign Exchange Rate Linked Notes) at the Valuation Time, failing which if, on the Valuation Date(i) at the Valuation Time, (a) there is no Substitute Price Source defined in the applicable Final Terms, (b) the Substitute Price Source (or any page that may be substituted for it) is not available or (c) the fixing of such foreign exchange rate is not available on the Substitute Price Source at the Valuation Time, then the fixing for the foreign exchange rate will be determined by the Calculation Agent, acting in good faith and commercially reasonable manner. For the avoidance of doubt, FxRate or FxRate(i) or FXRate(i, X, Y, Price Source, Substitute Price Source, Valuation Time) will not be used to determine the Closing Price of an Underlying that is a Foreign Exchange Rate. Falls (a) die Preisquelle (oder eine Seite, durch die sie möglicherweise ersetzt wird) oder (b) das Fixing des Wechselkurses zum Bewertungszeitpunkt nicht auf der Preisquelle verfügbar ist, ist das Fixing der als X/Y ausgedrückte Wechselkurs (wobei X und Y Währungen sind), der von der Berechnungsstelle auf Grundlage der Ersatz-Preisquelle (wie in den maßgeblichen Zusätzlichen Emissionsbedingungen für Wechselkursbezogene Schuldverschreibungen definiert) zum Bewertungszeitpunkt festgestellt wird; ist zum Bewertungszeitpunkt am Bewertungstag(i) (a) keine Ersatz-Preisquelle in den anwendbaren Endgültigen Bedingungen definiert, (b) die Ersatz-Preisquelle (oder eine Seite, durch die sie möglicherweise ersetzt wird) nicht verfügbar oder (c) das Fixing des Wechselkurses zum Bewertungszeitpunkt nicht auf der Ersatz-Preisquelle verfügbar, wird das Fixing des Wechselkurses von der Berechnungsstelle nach Treu und Glauben und in wirtschaftlich angemessener Weise bestimmt. Zur Klarstellung wird festgehalten, dass Wechselkurs oder Wechselkurs(i) oder Wechselkurs(i, X, Y, Preisquelle, Ersatz-Preisquelle, Bewertungszeitpunkt) nicht zur Bestimmung des Schlusskurses eines Basiswerts, bei dem es sich um einen Wechselkurs handelt, verwendet werden.

	Characteristic of this Family of Reference Formula(e): the Reference Formulae of this Family of Reference Formula(e) set a maximum value ("Cap"), a minimum value ("Floor") for a Level or a Performance or a participation factor applied to a Performance or to the difference between a Level or a Performance and a Threshold.	Eigenschaft dieser Referenzformelfamilie: die Referenzformeln dieser Referenzformelfamilie dienen zur Festlegung einer Obergrenze („Cap“), einer Untergrenze („Floor“) für einen Stand oder eine Wertentwicklung oder einen Partizipationsfaktor, der auf eine Wertentwicklung oder die Differenz zwischen einem Stand oder einer Wertentwicklung und einer Schwelle angewandt wird.

Instead, such date will no longer be considered a Barrier Date, and accordingly the Calculation Agent will not determine whether a Barrier Level is reached or any other condition has occurred for such date with respect to the SGI Index affected by the Index Disruption.</p>	<p>oben in Bezug auf einen SGI-Index, für den in den Indexregeln als einzige „Art“ des Korbbestandteils „Physischer Rohstoff“ und/oder „Rohstoffkontrakt“ angegeben ist, an einem Tag der Barrierenbestimmung (der nicht auch ein Bewertungstag ist) eintritt oder vorliegt, hat diese Indexstörung nicht zur Folge, dass die Berechnungsstelle einen der unter (a), (b), (c) und (d) oben aufgeführten Schritte in Bezug auf diesen Tag der Barrierenbestimmung einleitet. Stattdessen gilt dieser Tag nicht mehr als Tag der Barrierenbestimmung, sodass die Berechnungsstelle in Bezug auf den von der Indexstörung betroffenen SGI-Index für diesen Tag nicht ermittelt, ob eine Barriere erreicht ist oder eine sonstige Bedingung eingetreten ist.</p>

1.1.1.1.1	If a Credit Event has occurred, as determined by the Calculation Agent, in the period from and including the First Credit Event Occurrence Date to and including the Last Credit Event Occurrence Date and a Credit Event Notice and, unless specified as "Not Applicable" in the applicable Final Terms, a Notice of Publicly Available Information, are delivered during the Notice Delivery Period by or on behalf of the Issuer to the relevant Clearing System for the Noteholders' information, then (i) the Issuer will no longer be liable for the payment of the Final Redemption Amount on the Scheduled Maturity Date or on the Maturity Date, as the case may be, and will, in full and final satisfaction of its obligations hereunder in respect of the redemption of each Note, Deliver or procure Delivery of the Physical Delivery Amount to the Noteholders during the Physical Settlement Period, subject to the next	Falls nach Feststellung der Berechnungsstelle in dem Zeitraum vom Ersten Tag des Eintritts des Kreditereignisses (einschließlich) bis zum Letzten Tag des Eintritts des Kreditereignisses (einschließlich) ein Kreditereignis eingetreten ist und während des Mitteilungszeitraums von oder im Namen der Emittentin eine Kreditereignis-Mitteilung und (sofern in den anwendbaren Endgültigen Bedingungen nicht als „Nicht Anwendbar“ bezeichnet) eine Mitteilung über Öffentlich Verfügbare Informationen an das jeweilige Clearingsystem zur Kenntnisnahme durch die Schuldverschreibungsinhaber übermittelt wird, so (i) ist die Emittentin nicht mehr zur Zahlung des Endgültigen Rückzahlungsbetrags am Planmäßigen Fälligkeitstag bzw. am Fälligkeitstag verpflichtet, sondern nimmt vorbehaltlich der unmittelbar nachfolgenden Absätze und der nachstehenden Bestimmungen für Barausgleich während des

	following paragraphs and the cash settlement provisions hereafter and (ii) the Interest Period(s) and/or the Interest Calculation Amount shall be as specified in Condition 1.3 below.	Zeitraums der Physischen Abwicklung die Lieferung der Physischen Liefermenge an die Schuldverschreibungsinhaber vor oder veranlasst diese und hat damit ihre Verpflichtungen zur Rückzahlung jeder Schuldverschreibung gemäß diesen Bedingungen vollständig und endgültig erfüllt, und (ii) sind die Zinsperiode(n) und/oder der Zinsberechnungsbetrag nach Maßgabe von Bedingung 1.3 unten zu bestimmen.
	If the Physical Delivery Amount is not equal to an authorised denomination (or integral multiple thereof) of the Specified Deliverable Obligations then (i) the Physical Delivery Amount of Specified Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or integral multiple thereof, or, if none, to zero, and (ii) in addition to the Delivery of the Physical Delivery Amount, the Issuer will pay or procure payment of a cash amount determined by the Calculation Agent as the market value of the Specified Deliverable Obligations that were not capable of being Delivered due to such rounding.	Falls die Physische Liefermenge keiner zulässigen Stückelung (oder einem ganzzahligen Vielfachen einer zulässigen Stückelung) der Festgelegten Lieferbaren Verbindlichkeiten entspricht, (i) wird die Physische Liefermenge der Festgelegten Lieferbaren Verbindlichkeiten auf die nächste zulässige Stückelung oder ein ganzzahliges Vielfaches einer zulässigen Stückelung bzw., falls es keine gibt, auf Null abgerundet und (ii) zahlt die Emittentin zusätzlich zur Lieferung der Physischen Liefermenge einen Barbetrag in Höhe des von der Berechnungsstelle ermittelten Marktwerts der Festgelegten Lieferbaren Verbindlichkeiten, die aufgrund dieser Rundung nicht geliefert werden konnten, oder veranlasst dessen Zahlung.
	The Delivery of the Specified Deliverable Obligations (or the payment of the Cash Redemption Amount, as the case may be) is subject to the prior delivery by or on behalf of the Issuer to the relevant Clearing System for the Noteholders' information, of a Notice of Physical Settlement between the Credit Event Determination Date and the Latest Notification Date (both dates inclusive).	Die Lieferung der Festgelegten Lieferbaren Verbindlichkeiten (bzw. die Zahlung des Barrückzahlungsbetrags) steht unter dem Vorbehalt, dass dem maßgeblichen Clearingsystem zwischen dem Kreditereignis-Feststellungstag und dem Spätesten Mitteilungstag (jeweils einschließlich) von oder im Namen der Emittentin eine Mitteilung über die Physische Abwicklung zur Kenntnisnahme durch die Schuldverschreibungsinhaber zugestellt wird.
1.1.1.1.2	Following the occurrence of a Credit Event with respect to a Reference Entity, the Issuer will select the Specified Deliverable Obligations.	Nach dem Eintritt eines Kreditereignisses in Bezug auf einen Referenzschuldner wird die Emittentin die Festgelegten Lieferbaren Verbindlichkeiten auswählen.
1.1.1.1.3	The Issuer will not necessarily Deliver all the Specified Deliverable Obligations on the same date and may Deliver Specified Deliverable Obligations to different Noteholders on different dates or to the same Noteholder on different dates.	Die Emittentin nimmt nicht zwangsläufig die Lieferung der gesamten Festgelegten Lieferbaren Verbindlichkeiten am selben Tag vor und kann Festgelegte Lieferbare Verbindlichkeiten an verschiedene Schuldverschreibungsinhaber an verschiedenen Tagen oder an denselben Schuldverschreibungsinhaber an verschiedenen Tagen liefern.
1.1.1.1.4	The Issuer is not obliged to Deliver the same type and proportion of Deliverable Obligations to each Noteholder and a Noteholder may receive various types of Deliverable Obligations.	Die Emittentin ist nicht verpflichtet, an jeden Schuldverschreibungsinhaber dieselbe Art und denselben Anteil der Lieferbaren Verbindlichkeiten zu liefern, und ein Schuldverschreibungsinhaber kann verschiedene Arten von Lieferbaren Verbindlichkeiten erhalten.
1.1.1.1.5	If any or all of the Specified Deliverable Obligations are not eligible for clearance by the relevant Clearing System, then the Issuer may, upon prior notice to the Noteholders, arrange:	Falls beliebige oder alle der Festgelegten Lieferbaren Verbindlichkeiten nicht für ein Clearing über das maßgebliche Clearingsystem geeignet sind, kann die Emittentin mit vorheriger Mitteilung an die Schuldverschreibungsinhaber Folgendes veranlassen:
	(A) Delivery of those Specified Deliverable Obligations (if any) that are eligible for clearance by the relevant Clearing System in the relevant Clearing System and Delivery of those Specified Deliverable Obligations that are not eligible for clearance by the relevant Clearing System outside the relevant Clearing System; or	(A) Lieferung derjenigen (etwaigen) Festgelegten Lieferbaren Verbindlichkeiten, die für ein Clearing über das maßgebliche Clearingsystem geeignet sind, innerhalb des maßgeblichen Clearingsystems und Lieferung derjenigen Festgelegten Lieferbaren Verbindlichkeiten, die nicht für ein Clearing über das maßgebliche Clearingsystem geeignet sind, außerhalb des maßgeblichen Clearingsystems; oder

	(B) Delivery of all the Specified Deliverable Obligations (whether or not those Specified Deliverable Obligations are eligible for clearance) outside the relevant Clearing System.	(B) Lieferung aller Festgelegten Lieferbaren Verbindlichkeiten (unabhängig davon, ob diese für ein Clearing geeignet sind) außerhalb des maßgeblichen Clearingsystems.
	The relevant Clearing System will then be instructed to block and, upon confirmation by the Issuer that delivery has taken place, cancel the Noteholders' positions in its books and the Fiscal Agent in turn will cancel the outstanding Notes. If Delivery is to take place outside the relevant Clearing System, the Issuer shall have to receive the relevant Noteholders' transfer instructions, in terms that are satisfactory to the Issuer, sufficiently before the Latest Permissible Physical Settlement Date to allow for physical settlement, otherwise the cash settlement provisions set out below will apply.	Das maßgebliche Clearingsystem wird anschließend angewiesen, die Positionen der Schuldverschreibungsinhaber in seinen Büchern zu sperren und bei Bestätigung durch die Emittentin, dass die Lieferung erfolgt ist, zu stornieren, woraufhin die Emissionsstelle die im Umlauf befindlichen Schuldverschreibungen einzieht. Erfolgt die Lieferung außerhalb des maßgeblichen Clearingsystems müssen der Emittentin die Übertragungsanweisungen der jeweiligen Schuldverschreibungsinhaber in einer für die Emittentin zufriedenstellenden Form rechtzeitig vor dem Spätesten Zulässigen Tag der Physischen Abwicklung zugehen, um eine physische Abwicklung vornehmen zu können; anderenfalls sind die nachstehenden Bestimmungen für Barausgleich anwendbar.
1.1.1.2	Fallback to Cash Settlement	Alternativer Barausgleich
1.1.1.2.1	If, on the Latest Permissible Physical Settlement Date, the Calculation Agent (acting on behalf of the Issuer) determines that it is Illegal or Impossible for the Issuer to Deliver all or part of the Specified Deliverable Obligations to all or some of the Noteholders or if the Issuer does not receive transfer instructions as described in the last sentence of Condition 1.1.1.1.5 above, then the Calculation Agent will calculate a Cash Redemption Amount, in respect of such part of the Specified Deliverable Obligations which are Undeliverable Obligations, and the Issuer will, on the Cash Redemption Date, pay or procure payment of a Cash Redemption Amount to the relevant Noteholders in full and final satisfaction of its obligations in respect of the Undeliverable Obligations.	Falls die (für die Emittentin handelnde) Berechnungsstelle am Spätesten Zulässigen Tag der Physischen Abwicklung feststellt, dass es für die Emittentin Rechtswidrig oder Unmöglich ist, die gesamten Festgelegten Lieferbaren Verbindlichkeiten oder einen Teil davon an alle oder einige der Schuldverschreibungsinhaber zu liefern, oder der Emittentin keine Übertragungsanweisungen gemäß dem letzten Satz von Bedingung 1.1.1.1.5 oben zugehen, berechnet die Berechnungsstelle einen Barrückzahlungsbetrag in Bezug auf denjenigen Teil der Festgelegten Lieferbaren Verbindlichkeiten, bei dem es sich um Nicht Lieferbare Verbindlichkeiten handelt, und die Emittentin nimmt am Tag der Barrückzahlung die Zahlung eines Barrückzahlungsbetrags an die jeweiligen Schuldverschreibungsinhaber vor oder veranlasst diese und hat damit ihre Verpflichtungen aus den Nicht Lieferbaren Verbindlichkeiten vollständig und endgültig erfüllt.
1.1.1.2.2	The Issuer must notify the relevant Noteholders through the relevant Clearing System that there are Undeliverable Obligations and the reasons why it is Illegal or Impossible to Deliver such Specified Deliverable Obligations.	Die Emittentin hat den jeweiligen Schuldverschreibungsinhabern über das maßgebliche Clearingsystem mitzuteilen, dass Nicht Lieferbare Verbindlichkeiten vorhanden sind, und die Gründe anzugeben, warum die Lieferung dieser Festgelegten Lieferbaren Verbindlichkeiten Rechtswidrig oder Unmöglich ist.
1.1.1.2.3	If, before the Latest Permissible Physical Settlement Date, the Calculation Agent determines that the Delivery of all of the Specified Deliverable Obligations is Illegal or Impossible, and it deems in good faith that such Delivery is to remain Illegal or Impossible until the Latest Permissible Physical Settlement Date, then the Calculation Agent may give notice thereof to the relevant Clearing System for the attention of the Noteholders. The Credit Valuation Date will then be the date that is two Business Days after the date on which the Calculation Agent delivers such notice to the relevant Clearing System, and the Issuer will pay the Noteholders a Cash Redemption Amount on the Cash Redemption Date in full and final satisfaction of its obligations in respect of the Undeliverable Obligations.	Sollte die Berechnungsstelle vor dem Spätesten Zulässigen Tag der Physischen Abwicklung feststellen, dass die Lieferung der gesamten Festgelegten Lieferbaren Verbindlichkeiten Rechtswidrig oder Unmöglich ist, und nach Treu und Glauben annehmen, dass diese Lieferung bis zum Spätesten Zulässigen Tag der Physischen Abwicklung Rechtswidrig oder Unmöglich bleiben wird, kann die Berechnungsstelle dies dem maßgeblichen Clearingsystem zur Kenntnismache durch die Schuldverschreibungsinhaber mitteilen. In diesem Fall ist der Kreditereignis-Bewertungstag der Tag, der zwei Geschäftstage nach dem Tag liegt, an dem die Berechnungsstelle dem maßgeblichen Clearingsystem diese Mitteilung zustellt, und die Emittentin nimmt am Tag der Barrückzahlung die Zahlung eines Barrückzahlungsbetrags an die

		Schuldverschreibungsinhaber vor und hat damit ihre Verpflichtungen aus den Nicht Lieferbaren Verbindlichkeiten vollständig und endgültig erfüllt.
1.1.1.2.4	If Delivery is partially Illegal or Impossible, the Issuer may, for each Noteholder, Deliver the Specified Deliverable Obligations and pay a Cash Redemption Amount. The Issuer shall not be obliged to ensure that each Noteholder receives the same type and proportion of Deliverable Obligations and the same proportion of Deliverable Obligations and Cash Redemption Amount as each other Noteholder.	Falls die Lieferung teilweise Rechtswidrig oder Unmöglich ist, kann die Emittentin bei jedem Schuldverschreibungsinhaber die Festgelegten Lieferbaren Verbindlichkeiten liefern und einen Barrückzahlungsbetrag zahlen. Die Emittentin ist nicht verpflichtet, sicherzustellen, dass jeder Schuldverschreibungsinhaber dieselbe Art und denselben Anteil der Lieferbaren Verbindlichkeiten und denselben Anteil der Lieferbaren Verbindlichkeiten und des Barrückzahlungsbetrags wie jeder andere Schuldverschreibungsinhaber erhält.
1.1.1.2.5	If Condition 1.1.1.2.1 or Condition 1.1.1.2.3 above applies, the Issuer may arrange that all settlements hereunder be made outside the relevant Clearing System in the manner described in Condition 1.1.1.1.5 above provided that the Issuer receives transfer instructions in terms that are satisfactory to the Issuer to allow for such settlements.	Falls Bedingung 1.1.1.2.1 oder Bedingung 1.1.1.2.3 oben anwendbar ist, kann die Emittentin veranlassen, dass sämtliche Abwicklungen gemäß diesen Bedingungen außerhalb des maßgeblichen Clearingsystems auf die in Bedingung 1.1.1.1.5 oben aufgeführte Weise erfolgen, mit der Maßgabe, dass die Emittentin Übertragungsanweisungen in einer für sie zufriedenstellenden Form erhält, um diese Abwicklungen vornehmen zu können.
1.1.1.2.6	The Calculation Agent will inform the Noteholders via the relevant Clearing System of the Cash Redemption Amount by sending a Final Valuation Notice.	Die Berechnungsstelle teilt den Schuldverschreibungsinhabern den Barrückzahlungsbetrag über das maßgebliche Clearingsystem in einer Mitteilung über die Endgültige Bewertung mit.
1.1.2	Cash Settlement	Barausgleich
	<i>If the applicable Final Terms specify that the clause "Settlement Method" is stated as being "Cash Settlement":</i>	<i>Falls in den anwendbaren Endgültigen Bedingungen als „Abwicklungsmethode“ „Barausgleich“ angegeben ist:</i>

	(i) the Issuer will no longer be liable for the payment of the Final Redemption Amount on the Scheduled Maturity Date or on the Maturity Date, as the case may be, and will pay or procure payment of the Cash Redemption Amount (or a formula based on the Cash Redemption Amount, as specified in the applicable Final Terms) on the Cash Redemption Date (subject as specified in Condition 1.1.2.2 below), in full and final satisfaction of its obligations hereunder in respect of the redemption of each Note, and	(i) ist die Emittentin nicht mehr zur Zahlung des Endgültigen Rückzahlungsbetrags am Planmäßigen Fälligkeitstag bzw. am Fälligkeitstag verpflichtet und nimmt (vorbehaltlich der Bestimmungen in Bedingung 1.1.2.2 unten) die Zahlung des Barrückzahlungsbetrags (oder eines anhand einer auf dem Barrückzahlungsbetrag basierenden Formel berechneten Betrags, wie in den anwendbaren Endgültigen Bedingungen angegeben) am Tag der Barrückzahlung vor oder veranlasst diese und hat damit ihre Verpflichtungen zur Rückzahlung jeder Schuldverschreibung gemäß diesen Bedingungen vollständig und endgültig erfüllt, und
	(ii) the Interest Period(s) and/or the Interest Calculation Amount shall be as specified in Condition 1.1.3 below. The Selected Obligations, the Cash Redemption Amount and the Cash Redemption Date shall be notified to the Noteholders in the Final Valuation Notice on the Final Valuation Notice	(ii) sind die Zinsperiode(n) und/oder der Zinsberechnungsbetrag nach Maßgabe von Bedingung 1.1.3 unten zu bestimmen. Die Ausgewählten Verbindlichkeiten, der Barrückzahlungsbetrag und der Tag der Barrückzahlung werden den Schuldverschreibungsinhabern in der Mitteilung

	Receipt Date.	über die Endgültige Bewertung am Tag des Zugangs der Mitteilung über die Endgültige Bewertung mitgeteilt.
1.1.2.2	In the case of Basket Notes or Tranche Notes, unless Preliminary Cash Redemption is specified as "Not Applicable", if an Unsettled Credit Event has occurred, a Preliminary Cash Redemption Amount will be payable on the Scheduled Maturity Date and a Residual Cash Redemption Amount will be payable on the Maturity Date.	Soweit nicht der Vorläufige Barrückzahlungsbetrag als „Nicht Anwendbar“ gekennzeichnet ist, werden im Fall von Korb-Schuldverschreibungen oder Tranchen-Schuldverschreibungen, falls ein Offenes Kreditereignis eingetreten ist, ein Vorläufiger Barrückzahlungsbetrag am Planmäßigen Fälligkeitstag und ein Übriger Barrückzahlungsbetrag am Fälligkeitstag zahlbar.
1.1.2.3	For the avoidance of doubt, under no circumstances will the Final Value be determined later than the 180th Business Day following the corresponding Credit Event Determination Date.	Zur Klarstellung wird festgehalten, dass der Endgültige Wert keinesfalls später als am 180. Geschäftstag nach dem entsprechenden Kreditereignis-Feststellungstag festgestellt wird.
1.1.3	Provisions relating to Interest	Bestimmungen zur Verzinsung

	Substitution Event means, with respect to the Non-Standard Reference Obligation:	Ersetzungereignis (<i>Substitution Event</i>) bedeutet in Bezug auf die Nicht-Standardmäßige-Referenzverbindlichkeit Folgendes:

(iii) die Nicht-Standardmäßige-Referenzverbindlichkeit ist – gleich aus welchem Grund (außer aufgrund des Vorliegens oder Eintritts eines Kreditereignisses) – nicht länger eine Verbindlichkeit des Referenzschuldners (weder unmittelbar noch durch Übernahme einer Garantie).
	For purposes of identification of a Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.	Für die Zwecke der Identifizierung einer Nicht-Standardmäßigen-Referenzverbindlichkeit wird durch eine bloße Änderung der CUSIP- oder ISIN-Nummer oder einer vergleichbaren Kennnummer der Nicht-Standardmäßigen-Referenzverbindlichkeit kein Ersetzungereignis begründet.
	If an event described in paragraph (i) or (ii) above has occurred on or prior to the Issue Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraph (i) or (ii), as the case may be, on the Issue Date.	Ist eines der in Absatz (i) oder (ii) oben genannten Ereignisse an oder vor dem Emissionstag eingetreten, gilt ein Ersetzungereignis als gemäß Absatz (i) bzw. (ii) am Emissionstag eingetreten.

Notice shall be given by or on behalf of the Issuer to the Noteholders informing them of the Substitution Event and the date scheduled for early redemption. In diesem Fall kündigt die Emittentin ihre Verpflichtungen aus den Schuldverschreibungen und zahlt einen Vorzeitigen Rückzahlungsbetrag auf Grundlage des in Bedingung 5.9 der Allgemeinen Emissionsbedingungen der Schuldverschreibungen definierten Marktwerts oder veranlasst dessen Zahlung. Durch die Emittentin oder im Namen der Emittentin erfolgt eine Mitteilung an die Schuldverschreibungsinhaber, in der sie über das Ersetzungereignis und den vorgesehenen Tag der vorzeitigen Rückzahlung in Kenntnis gesetzt werden.

	For the avoidance of doubt, if the Calculation Agent observes or receives a quotation expressed with an upfront amount (the Upfront Quotation), it will convert such Upfront Quotation into a quoted spread by using the function QCDS in Bloomberg or any other calculation as the Calculation Agent may deem appropriate, acting in good faith and in a commercially reasonable manner.	Zur Klarstellung wird festgehalten, dass falls die Berechnungsstelle eine als ein Vorabbetrag ausgedrückte Quotierung (die Vorabquotierung) beobachtet oder erhält, sie diese Vorabquotierung unter Verwendung der Funktion QCDS in Bloomberg oder einer anderen Berechnung, die die Berechnungsstelle nach Treu und Glauben und in wirtschaftlich angemessener Weise als geeignet erachten kann, in einen quotierten Spread umrechnet.

	If a Succession Event (if Part A (2009 definitions) applies) or a succession event (if Part B (2014 definitions) applies) occurs in respect of the Reference Entity, the Calculation Agent may – in addition to the provisions of "PART A (2009 DEFINITIONS)" AND "PART B (2014 DEFINITIONS)" and acting in good faith – decide to either:	Falls ein Nachfolgeereignis (bei Anwendung von Teil A (Definitionen von 2009)) oder ein Nachfolgeereignis (bei Anwendung von Teil B (Definitionen von 2014)) in Bezug auf den Referenzschuldner eintritt, kann die Berechnungsstelle neben den Bestimmungen in „TEIL A (DEFINITIONEN VON 2009)“ UND „TEIL B (DEFINITIONEN VON 2014)“ und nach Treu und Glauben:
	(A) replace the Reference Entity (i) by the Successor or (ii) in case of several Successors, by one, some or all of the Successors resulting from the Succession Event or succession event;	(A) den Referenzschuldner (i) durch den Nachfolger oder (ii) im Falle mehrerer Nachfolger durch einen, einige der oder alle der Nachfolger, die sich bei dem Nachfolgeereignis oder sonstigen Nachfolgeereignissen ergeben, ersetzen;

	On any day where the applicable Reference Entity Spread Method is the External Provider Method, upon it becoming aware that the External Provider Spread is no longer available or it is illegal or impossible (as determined by the Calculation Agent) for the Calculation Agent to use the External Provider Method, the Issuer will change the determination of the Reference Entity Spread to the Dealer Poll Method with immediate effect, and give notice of the same to the Calculation Agent and, in accordance with Condition 12 (<i>Notices</i>), to the Noteholders as soon as reasonably practicable.	An einem beliebigen Tag, an dem die anwendbare Referenzschuldner-Spread-Methode die Externer-Anbieter-Methode ist, kann die Emittentin, nachdem sie Kenntnis davon erlangt, dass der Externer-Anbieter-Spread nicht länger verfügbar ist oder es für die Berechnungsstelle rechtswidrig oder unmöglich wird, die Externer-Anbieter-Methode anzuwenden, die Bestimmung des Referenzschuldner-Spreads in eine Bestimmung anhand der Dealer-Poll-Methode mit sofortiger Wirkung ändern und dies, sobald dies vernünftigerweise durchführbar ist, den Schuldverschreibungsinhabern nach Maßgabe der Bedingung 12 (<i>Mitteilungen</i>) mitteilen.

	The provisions of these Additional Terms and Conditions for Inflation Linked Notes apply if the applicable Final Terms specify that the clause “ <i>Type of Structured Notes</i> ” is stated as being “ <i>Inflation Linked Notes</i> ”.	Die Bestimmungen dieser Zusätzlichen Emissionsbedingungen für Inflationsbezogene Schuldverschreibungen sind anwendbar, sofern in den anwendbaren Endgültigen Bedingungen als „ <i>Art der Strukturierten Schuldverschreibungen</i> “ „ <i>Inflationsbezogene Schuldverschreibungen</i> “ angegeben ist.
1.	DEFINITIONS	BEGRIFFSBESTIMMUNGEN
	Closing Price means the level of the Inflation Index for a Reference Period which is relevant to the calculation of a payment under the Notes.	Schlusspreis bezeichnet den Stand des Inflationsindex für einen Referenzzeitraum, der für die Berechnung einer Zahlung im Rahmen der Schuldverschreibungen maßgeblich ist.
	Fallback Bond means a bond, if any, selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Inflation Index relates and which pays an interest or redemption amount which is calculated by reference to the Inflation Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays an interest or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged). For the avoidance of doubt, if no bond defined in (a), (b) or (c) above is selected by the Calculation Agent, there will be no Fallback Bond.	Ersatzanleihe bezeichnet eine von der Berechnungsstelle ausgewählte und von der Regierung des Landes, auf dessen Inflationsrate sich der Inflationsindex bezieht, begebene Anleihe, auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung des Inflationsindex erfolgt und deren Fälligkeitstag (a) mit dem Fälligkeitstag zusammenfällt, (b) auf den frühesten Termin nach dem Fälligkeitstag fällt, sofern an dem Fälligkeitstag keine solche Anleihe fällig wird, oder (c) auf den spätesten Termin vor dem Fälligkeitstag fällt, sofern von der Berechnungsstelle keine Anleihe im Sinne von (a) oder (b) ausgewählt wurde. Bezieht sich der Inflationsindex auf die Inflationsrate in der Europäischen Währungsunion, so wird die Berechnungsstelle eine inflationsbezogene Anleihe auswählen, bei der es sich um einen Schuldtitel der Regierung (nicht jedoch einer Regierungsbehörde) von Frankreich, Italien, Deutschland oder Spanien handelt und auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung der Inflationsrate in der Europäischen Währungsunion erfolgt. In jedem Fall wird die Berechnungsstelle die Ersatzanleihe aus denjenigen inflationsbezogenen Anleihen auswählen, die an oder vor dem Emissionstag begeben wurden, wobei die Berechnungsstelle für den Fall, dass mehr als eine inflationsbezogene Anleihe an demselben Tag fällig wird, die Ersatzanleihe aus diesen Anleihen auswählen muss. Kommt die Ersatzanleihe zur Rückzahlung, wird die Berechnungsstelle auf derselben Grundlage eine neue Ersatzanleihe auswählen, wobei die Auswahl jedoch aus allen zulässigen Anleihen getroffen wird, die im Zeitpunkt der Rückzahlung der ursprünglichen Ersatzanleihe in Umlauf sind (einschließlich jeder Anleihe, gegen die die zurückgezahlte Anleihe ausgetauscht wird). Klarstellend wird festgehalten, dass falls keine in (a), (b) oder (c) oben definierte Anleihe von der Berechnungsstelle ausgewählt ist, es keine Ersatzanleihe geben wird.
	Hedge Positions means any purchase, sale, entry into or maintenance, by Société Générale or any of its affiliate, of one or more (a) positions or contracts in securities, options, futures, derivatives, interest rate transactions or foreign exchange transactions, (b) securities lending/borrowing transactions, (c) any cash deposits or cash borrowing and/or (d) other instruments, arrangements, assets or liabilities howsoever described in order to hedge, individually	Absicherungspositionen bezeichnet einen Erwerb, Verkauf, Abschluss oder das Aufrechterhalten von (a) einer oder mehreren Positionen oder Kontrakten in Wertpapieren, Optionen, Terminkontrakten, Derivaten, Zins- oder Devisengeschäften, (b) einem oder mehreren Wertpapierleihgeschäften, (c) Bareinlagen oder Bardarlehen und/oder (d) sonstigen Instrumenten, Vereinbarungen, Vermögenswerten oder Verbindlichkeiten, gleich

Referenzzeitraum bezeichnet den Zeitraum, für den der Stand des Inflationsindex berechnet wurde und auf den sich folglich dieser Stand des Inflationsindex, gleich ob dieser Stand veröffentlicht oder bekannt gegeben wurde, bezieht. Der Zeitraum kann unter anderem ein Kalenderjahr, ein Halbjahr, ein Quartal oder einen Monat umfassen.
	Substitute Index Level means an index level, determined by the Calculation Agent in accordance with Condition 2.1(a) below.	Ersatz-Indexstand bezeichnet den von der Berechnungsstelle gemäß Bedingung 2.1(a) unten festgestellten Indexstand.
	Successor Index has the meaning given to it in Condition 2.2 below.	Nachfolgeindex hat die diesem Begriff in Bedingung 2.2 unten zugewiesene Bedeutung.
2.	ADJUSTMENTS AND EVENTS	ANPASSUNGEN UND EREIGNISSE
2.1	Delay of Publication	Verzögerung der Veröffentlichung
	(a) If the Closing Price is not published or announced by the day that is five Business Days prior to the next following Payment Date under the Notes, the Calculation Agent will determine a Substitute Index Level (in place of such Closing Price) by using the following methodology:	(a) Falls der Schlusspreis nicht bis zu dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen liegt, veröffentlicht oder bekannt gegeben wurde, legt die Berechnungsstelle einen Ersatz-Indexstand (anstelle dieses Schlusspreises) anhand der folgenden Methoden fest:
	(i) if applicable, the Calculation Agent shall take the same action to determine the Substitute Index Level for such Payment Date as that taken by the relevant calculation agent pursuant to the terms and conditions of the Fallback Bond;	(i) falls anwendbar, nimmt die Berechnungsstelle dieselbe Handlung zur Festlegung des Ersatz-Indexstands für diesen Zahlungstag wie die von der maßgeblichen Berechnungsstelle gemäß den Emissionsbedingungen der Ersatzanleihe vorgenommene Handlung vor;
	(ii) if (i) above does not result in a Substitute Index Level for such Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:	(ii) falls die gemäß (i) oben vorgenommene Handlung nicht zu einem Ersatz-Indexstand für diesen Zahlungstag aus einem beliebigen Grund führt, stellt die Berechnungsstelle den Ersatz-Indexstand wie folgt fest:
	Substitute Index Level = Base Level x (Latest Level / Reference Level)	Ersatz-Indexstand = Basisstand x (Letzter Stand/Referenzstand)
	Where:	Dabei gilt:
	Base Level means the level of the Inflation Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the time period which is 12 calendar months prior to the time period for which the Substitute Index Level is being	Basisstand bezeichnet den Stand des Inflationsindex (unter Ausschluss etwaiger Schnellschätzungen), der vom Indexsponsor in Bezug auf den Zeitraum veröffentlicht bzw. bekannt gegeben wird, der dem Zeitraum, für den der Ersatz-Indexstand festgestellt wird, zwölf

	Latest Level means the latest level of the Inflation Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the time period in respect of which the Substitute Index Level is being calculated; and	Letzter Stand bezeichnet den letzten Stand des Inflationsindex (unter Ausschluss etwaiger Schnellschätzungen), der vom Indexsponsor vor dem Zeitraum veröffentlicht bzw. bekannt gegeben wird, in Bezug auf den der Ersatz-Indexstand festgestellt wird; und
	Reference Level means the level of the Inflation Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the time period that is 12 calendar months prior to the time period referred to in "Latest Level" above.	Referenzstand bezeichnet den Stand des Inflationsindex (unter Ausschluss etwaiger Schnellschätzungen), der vom Indexsponsor vor dem Zeitraum veröffentlicht bzw. bekannt gegeben wird, der dem Zeitraum, für den der vorstehend beschriebene „Letzte Stand“ festgestellt wird, zwölf Kalendermonate vorausgeht.
	(b) If a Closing Price is published or announced at any time after the day that is five Business Days prior to the next following Payment Date under the Notes, such Closing Price will not be used in any calculations. The Substitute Index Level so determined pursuant to this paragraph (a) will be the definitive level for that Reference Period.	(b) Wenn die Veröffentlichung oder Bekanntgabe eines Schlusspreises zu einem beliebigen Zeitpunkt nach dem Tag, der fünf Geschäftstage vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen liegt, erfolgt, wird dieser Schlusspreis nicht in die Berechnungen einbezogen. Der gemäß diesem Absatz (a) festgestellte Ersatz-Indexstand ist der endgültige Stand für den betreffenden Referenzzeitraum.
	If the Calculation Agent determines a Substitute Index Level in accordance with this Condition 2.1, the Calculation Agent may make any adjustment or adjustments (without limitation) to (x) the Substitute Index Level determined in accordance with this Condition 2.1 and/or (y) any amount payable under the Notes and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary.	Falls die Berechnungsstelle einen Ersatz-Indexstand nach Maßgabe dieser Bedingung 2.1 festlegt, ist sie berechtigt, etwaige von ihr für notwendig erachtete Anpassungen (x) an dem gemäß Bedingung 2.1 bestimmten Ersatz-Indexstand und/oder (y) an etwaigen gemäß den Schuldverschreibungen und/oder anderen maßgeblichen Bedingungen der Schuldverschreibungen zu zahlenden Beträgen vorzunehmen.
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>

	For the purposes of this Condition 2, Clearing System means the clearing system through which the Notes are cleared and settled, as specified in the applicable Final Terms.	Für die Zwecke dieser Bedingung 2 bezeichnet Clearingsystem das Clearingsystem, durch das die Schuldverschreibungen gecleart und abgerechnet werden, wie in den anwendbaren Endgültigen Bedingungen angegeben.
2.2	Cessation of Publication	Einstellung der Veröffentlichung
	If the Calculation Agent determines that the level of an Inflation Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index and/or the Index Sponsor cancels the Inflation Index, then the Calculation Agent shall determine a successor index (a Successor Index) (in lieu of any previously applicable Inflation Index) for the purposes of the Notes as follows:	Falls nach Feststellung der Berechnungsstelle der Indexsponsor den Stand eines Inflationsindex während zwei aufeinanderfolgender Monate nicht berechnet und bekannt gibt und/oder der Indexsponsor ankündigt, dass er den Inflationsindex nicht mehr veröffentlichen oder bekannt geben wird, und/oder der Indexsponsor den Inflationsindex einstellt, wird die Berechnungsstelle (anstelle des bisher anwendbaren Inflationsindex) wie folgt einen Nachfolgeindex (ein Nachfolgeindex) für die Zwecke der Schuldverschreibungen bestimmen:
	(i) if at any time, a successor index has been designated by the relevant calculation agent pursuant to the terms and conditions of the Fallback Bond, such successor index shall be designated a Successor Index for the purposes of all subsequent Payment Dates in	(i) falls ein Nachfolgeindex von der maßgeblichen Berechnungsstelle zu einem beliebigen Zeitpunkt gemäß den Emissionsbedingungen der Ersatzanleihe bestimmt wurde, wird dieser Nachfolgeindex als Nachfolgeindex für die Zwecke aller nachfolgenden Zahlungstage in

	(ii) if a Successor Index has not been determined under paragraph (i) above, and a notice has been given or an announcement has been made by the Index Sponsor, specifying that the Inflation Index will be superseded by a replacement index specified by the Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Notes from the date that such replacement index comes into effect;	(ii) falls kein Nachfolgeindex gemäß Absatz (i) oben bestimmt wurde und durch den Indexsponsor eine Mitteilung abgegeben oder eine Bekanntmachung vorgenommen wurde, wonach der Inflationsindex durch einen von ihm festgelegten Ersatzindex ersetzt wird, und dieser Ersatzindex nach Feststellung der Berechnungsstelle die gleiche oder eine im Wesentlichen vergleichbare Formel oder Berechnungsmethode wie die für den zuvor anwendbaren Inflationsindex einsetzt, wird dieser Ersatzindex als Inflationsindex für die Zwecke der Schuldverschreibungen ab dem Tag, an dem dieser Ersatzindex wirksam wird, bestimmt;
	(iii) if a Successor Index has not been determined under paragraphs (i) or (ii) above, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If at least four responses are received, and of those responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Index". If three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Index". If fewer than three responses are received, the Calculation Agent will proceed to paragraph (iv) hereof;	(iii) falls kein Nachfolgeindex gemäß Absatz (i) oder (ii) oben bestimmt wurde, wird die Berechnungsstelle bei fünf führenden unabhängigen Platzeuren anfragen, welcher der Ersatzindex für den Inflationsindex sein soll. Antworten mindestens vier dieser Platzeure und nennen mindestens drei davon denselben Index, gilt dieser als „Nachfolgeindex“. Antworten drei dieser Platzeure und nennen mindestens zwei davon denselben Index, gilt dieser als „Nachfolgeindex“. Antworten weniger als drei dieser Platzeure, geht die Berechnungsstelle gemäß Bedingung (iv) vor;
	(iv) if no Successor Index has been determined under paragraphs (i), (ii) and (iii) above by the fifth Business Day prior to the next following Payment Date under the Notes, the Calculation Agent will determine an appropriate alternative index for such date, acting in good faith and in a commercially reasonable manner, and such index will be deemed the "Successor Index";	(iv) falls kein Nachfolgeindex gemäß Absatz (i), (ii) und (iii) oben bis zum fünften Geschäftstag vor dem nächstfolgenden Zahlungstag aus den Schuldverschreibungen bestimmt wurde, legt die Berechnungsstelle einen angemessenen alternativen Index nach Treu und Glauben und in wirtschaftlich angemessener Weise bis zu diesem Tag fest, der dann als „Nachfolgeindex“ gilt;
	<i>Provided however that:</i>	<i>Dabei gilt jedoch Folgendes:</i>
	- all references to the word "fifth" above may be deemed to be a reference to another time limit as determined by the Calculation Agent pursuant to rules applicable to the relevant Clearing System; and	- Alle vorstehenden Bezugnahmen auf das Wort „fünften“ gelten als Bezugnahmen auf eine andere Frist, wie von der Berechnungsstelle gemäß den für das maßgebliche Clearingsystem anwendbaren Vorgaben bestimmt; und
	(v) if the Calculation Agent determines that no alternative index is appropriate, the Calculation Agent shall consider such event as an event triggering an early redemption of the Notes. In that case, the Calculation Agent shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of such event, an Early Redemption Amount on the basis of Market Value as defined in Condition 5.9 of the General Terms and Conditions of the Notes.	(v) falls nach Feststellung der Berechnungsstelle kein alternativer Index angemessen ist, wird sie ein solches Ereignis als Auslöser einer vorzeitigen Rückzahlung der Schuldverschreibungen betrachten. In diesem Fall kündigt die Berechnungsstelle so bald wie möglich nach Eintritt eines solchen Ereignisses ihre Verpflichtungen aus den Schuldverschreibungen und zahlt an die Schuldverschreibungsinhaber einen Vorzeitigen Rückzahlungsbetrag auf Grundlage des in Bedingung 5.9 der Allgemeinen Emissionsbedingungen der Schuldverschreibungen definierten Marktwerts.
	For the avoidance of doubt, the Calculation Agent	Zur Klarstellung gilt: Die Berechnungsstelle legt den

	shall determine the date on which the Successor Index shall be deemed to replace the Inflation Index for the purposes of the Notes.	Tag fest, an dem der Nachfolgeindex den Inflationsindex für die Zwecke der Schuldverschreibungen ersetzen soll.
	If a Successor Index is determined in accordance with this Condition 2.2, the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems necessary.	Falls ein Nachfolgeindex gemäß Bedingung 2.2 bestimmt wird, ist die Berechnungsstelle berechtigt, jegliche Anpassungen an gemäß den Schuldverschreibungen zahlbaren Beträgen und/oder anderen maßgeblichen Bedingungen der Schuldverschreibungen vorzunehmen, die sie für notwendig erachtet.
2.3	Rebasing of the Inflation Index	Umbasierung des Inflationsindex
	If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the " Rebased Index ") will be used for purposes of determining the Closing Price from the date of such rebasing; provided, however, that the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Fallback Bond, if any, to the level of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. If there is no Fallback Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.	Falls die Berechnungsstelle feststellt, dass der Inflationsindex zu irgendeinem Zeitpunkt umbasiert wurde oder wird, wird der entsprechend umbasierte Inflationsindex (der „ Umbasierte Index “) ab dem Tag der Umbasierung zur Feststellung des Schlusskurses verwendet, wobei die Berechnungsstelle jedoch berechtigt ist, die Stände des Umbasierten Index entsprechend den Anpassungen anzupassen, die gemäß den Emissionsbedingungen der Ersatzanleihe vorgenommen wurden, sodass die Stände des Umbasierten Index dieselbe Inflationsrate wie der Inflationsindex vor der Umbasierung widerspiegeln. Falls es keine Ersatzanleihe gibt, nimmt die Berechnungsstelle Anpassungen an den Ständen des Umbasierten Index vor, sodass die Stände des Umbasierten Index dieselbe Inflationsrate wie der Inflationsindex vor der Umbasierung widerspiegeln. Entsprechende Umbasierung haben keinen Einfluss auf etwaige zuvor im Rahmen der Schuldverschreibungen geleistete Zahlungen.
2.4	Material Modification Prior to Payment Date	Wesentliche Änderungen vor dem Zahlungstag

	<p>Bond Final Price means, in respect of a Bond, a quotation (expressed as a percentage of the Bond Notional Amount) obtained from Quotation Dealers in the manner provided below. The Calculation Agent will determine, based on the then current market practice, whether such quotations will include or exclude accrued but unpaid interest and all quotations will be obtained in accordance with this determination. The Calculation Agent will determine from the Full Quotations, the Weighted Average Quotation, the Partial Weighted Average Quotation or the Residual Quotation Amount (each as defined below), the Bond Final Price. For the avoidance of doubt, the Bond Final Price, as determined by the Calculation Agent, is based on obtained Quotations, without any obligation by the Calculation Agent to actually realise any sale transaction in relation to such Quotations.</p>	<p>Endgültiger Anleihekurs (<i>Bond Final Price</i>) bezeichnet in Bezug auf eine Anleihe eine Quotierung (ausgedrückt als Prozentsatz des Anleihenominalbetrags), die von Quotierungshändlern in der nachstehend vorgesehenen Weise eingeholt wird. Die Berechnungsstelle stellt auf Grundlage der jeweils gegenwärtigen Marktpraxis fest, ob diese Quotierungen aufgelaufene, jedoch nicht gezahlte Zinsen beinhalten oder nicht. Alle Quotierungen werden im Einklang mit dieser Feststellung eingeholt. Die Berechnungsstelle ermittelt anhand der Vollquotierungen, der Gewichteten Durchschnittsquotierung, der Teilgewichteten Durchschnittsquotierung oder des Übrigen Quotierungsbetrags (jeweils wie nachstehend definiert) den Endgültigen Anleihekurs. Zur Klarstellung gilt: Der von der Berechnungsstelle ermittelte Endgültige Anleihekurs basiert auf den eingeholten Quotierungen, ohne dass die Berechnungsstelle verpflichtet ist, tatsächlich ein Veräußerungsgeschäft im Zusammenhang mit diesen Quotierungen durchzuführen.</p>

The Calculation Agent, may on the First Quotation Day and if applicable, on the Second Quotation Day, acting in a commercially reasonable manner, determine whether to request (i) at least one Full Quotation and/or (ii) several firm</p>	<p>Die Berechnungsstelle wird jeden Quotierungshändler auffordern, am maßgeblichen Tag um ungefähr 11.00 Uhr Londoner Zeit oder 11.00 Uhr New Yorker Zeit bzw. 11.00 Uhr an einem anderen führenden Markt, an dem die Liquidität der Anleihe nach Feststellung der Berechnungsstelle möglicherweise besser ist, Quotierungen zu stellen, soweit dies vernünftigerweise durchführbar ist. Die Berechnungsstelle kann am Ersten Quotierungstag und gegebenenfalls am Zweiten Quotierungstag in wirtschaftlich angemessener Weise bestimmen, ob von den Quotierungshändlern (i) mindestens eine</p>

	bid quotations from Quotation Dealers in order to establish a Weighted Average Quotation.	Vollquotierung und/oder (ii) mehrere verbindliche Quotierungen zur Ermittlung einer Gewichteten Durchschnittsquotierung anzufordern ist bzw. sind.
	To such end:	Hierzu gilt:
	(i) if the Calculation Agent obtains at least one Full Quotation and/or one Weighted Average Quotation on the First Quotation Day, the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;	(i) Falls die Berechnungsstelle am Ersten Quotierungstag mindestens eine Vollquotierung und/oder eine Gewichtete Durchschnittsquotierung einholt, ist der Endgültige Anleihekurs die höchste Quotierung der (gegebenenfalls) von der Berechnungsstelle eingeholten Vollquotierung(en) oder Gewichteten Durchschnittsquotierung(en);
	(ii) if the Calculation Agent is unable to obtain at least one Full Quotation or to determine a Weighted Average Quotation on the First Quotation Day, the Calculation Agent will attempt to obtain at least one Full Quotation and/or one Weighted Average Quotation on the Second Quotation Day, and the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;	(ii) Falls die Berechnungsstelle am Ersten Quotierungstag nicht mindestens eine Vollquotierung einholen oder eine Gewichtete Durchschnittsquotierung bestimmen kann, wird die Berechnungsstelle versuchen, am Zweiten Quotierungstag mindestens eine Vollquotierung und/oder eine Gewichtete Durchschnittsquotierung einzuholen. In diesem Fall ist der Endgültige Anleihekurs die höchste Quotierung der (gegebenenfalls) von der Berechnungsstelle eingeholten Vollquotierung(en) oder Gewichteten Durchschnittsquotierung(en);
	(iii) if the Calculation Agent obtains quotations for an aggregate amount lower than the Quotation Amount on the Second Quotation Day, then on the Third Quotation Day it will attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. If the Calculation Agent is unable to establish on the Third Quotation Day a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, it will, until obtaining a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, on each Quotation Day during the Auction Period, attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. For the avoidance of doubt, once a Partial Weighted Average Quotation is obtained on either the Third Quotation Day or on any Quotation Day in the Auction Period there will be no obligation on the Calculation Agent to seek a further Partial Weighted Average Quotation. The Bond Final Price will then be the weighted average of (i) the firm bid quotations obtained on the Second Quotation Day (if any) and (ii) the Partial Weighted Average Quotation (if any) for the portion equal to the Residual Quotation Amount and (iii) the value determined by the Calculation Agent, acting in a commercially reasonable manner and for the avoidance of doubt this value can be zero for any remaining amount for which no quotation was obtained.	(iii) Falls die Berechnungsstelle am Zweiten Quotierungstag Quotierungen über einen Gesamtbetrag einholt, der niedriger als der Quotierungsbetrag ist, wird sie am Dritten Quotierungstag versuchen, von den Quotierungshändlern mehrere verbindliche Quotierungen zur Ermittlung einer Teilgewichteten Durchschnittsquotierung für einen Betrag in Höhe des Übrigen Quotierungsbetrags einzuholen. Ist die Berechnungsstelle am Dritten Quotierungstag nicht in der Lage, eine Teilgewichtete Durchschnittsquotierung für einen Betrag in Höhe des Übrigen Quotierungsbetrags zu ermitteln, wird sie, bis sie eine Teilgewichtete Durchschnittsquotierung für einen Betrag in Höhe des Übrigen Quotierungsbetrags erlangt, an jedem Quotierungstag während des Auktionszeitraums versuchen, von den Quotierungshändlern mehrere verbindliche Quotierungen zur Ermittlung einer Teilgewichteten Durchschnittsquotierung für einen Betrag in Höhe des Übrigen Quotierungsbetrags einzuholen. Zur Klarstellung gilt: Sobald am Dritten Quotierungstag oder an einem Quotierungstag innerhalb des Auktionszeitraums eine Teilgewichtete Durchschnittsquotierung eingeholt wurde, ist die Berechnungsstelle nicht zur Anfrage einer weiteren Teilgewichteten Durchschnittsquotierung verpflichtet. In diesem Fall ist der Endgültige Anleihekurs der gewichtete Durchschnitt (i) der (gegebenenfalls) am Zweiten Quotierungstag eingeholten verbindlichen Quotierungen und (ii) (gegebenenfalls) der Teilgewichteten Durchschnittsquotierung für den Teil, der dem Übrigen Quotierungsbetrag entspricht, und (iii) der von der Berechnungsstelle in wirtschaftlich angemessener Weise bestimmte Wert; zur Klarstellung gilt: dieser Wert kann für einen etwaigen verbleibenden Betrag, für den

		keine Quotierung eingeholt wurde, null sein.
