THIS PROSPECTUS

This prospectus (hereinafter, the “**Prospectus**” or the “**Simplified Base Prospectus**”) has been drawn up in order to permit the admission of Notes issued under this Note Programme (the “**Programme**”) to listing on the official list and to trading on the regulated market (within the meaning of MiFID II) of the *Bourse de Luxembourg* (the “**Luxembourg Stock Exchange**”) and in order to permit the offer of Notes issued under the Programme to the public in Luxembourg.

This Prospectus fulfils the requirements for a simplified base prospectus pursuant to Chapters 1 and 2 of Part III of the *Loi relative aux prospectus pour valeurs mobilières*, as amended (the “**Luxembourg Prospectus Act**”). Application has been made to the *Commission de Surveillance du Secteur Financier* (the “**CSSF**”) for the approval of this Prospectus pursuant to Chapter 1 of Part III of the Luxembourg Prospectus Act and to the Luxembourg Stock Exchange for the approval of this Prospectus pursuant to Chapter 2 of Part III of the Luxembourg Prospectus Act. It does not constitute a prospectus for the purposes of Directive 2003/71/EC, as amended (the “**Prospectus Directive**”) nor does it constitute a prospectus pursuant to Part II of the Luxembourg Prospectus Act transforming the Prospectus Directive into law in Luxembourg. Accordingly, this Prospectus does not purport to meet the format and the disclosure requirements of the Prospectus Directive and Commission Regulation (EC) No 809/2004, as amended, implementing the Prospectus Directive, and it has not been, and will not be, submitted for approval to any competent authority within the meaning of the Prospectus Directive. Notes issued under the Programme will therefore not qualify for the benefit of the single European passport pursuant to the Prospectus Directive.

If so agreed between KfW (the “**Issuer**”) and the relevant Dealer(s), the Issuer will procure the admission of Notes issued under the Programme for trading on the regulated market (*regulierter Markt*) of the *Frankfurter Wertpapierbörse* (the “**Frankfurt Stock Exchange**”), a regulated market within the meaning of MiFID II, or for trading on any other alternative stock exchange in accordance with the applicable national laws and applicable rules and regulations of the relevant stock exchange.

RESPONSIBILITY STATEMENT

KfW with its registered office at Palmengartenstraße 5-9, 60325 Frankfurt am Main, Federal Republic of Germany, accepts responsibility for the contents of this Prospectus and for the information which will be contained in the applicable Final Terms (as defined herein) and has taken all reasonable care to ensure that the facts stated in the Prospectus are true and accurate and that no material facts have been omitted.

NOTICE

The Issuer has undertaken with the Dealers (as defined below) that on or before each anniversary of the date of this Prospectus it will update the Prospectus by the publication of a new prospectus. In case that any material facts may occur before the anniversary of the date of the Prospectus, the Issuer will amend the Prospectus by the publication of a supplement thereto.

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Arrangers (as defined below) or any Dealer. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

This Prospectus is valid for one year following its date of issue and it and any supplement thereto as well as any Final Terms reflect the status as of their respective dates of issue. The offering, sale or delivery of any Notes may not be taken as an implication that the information contained in such documents is accurate and complete subsequent to their respective dates of issue or that there has been no adverse change in the financial condition of the Issuer since such date or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has given an undertaking in connection with the listing of the Notes issued under the Programme on the official list of the Luxembourg Stock Exchange and their admission to trading on the regulated market of the Luxembourg Stock Exchange that, so long as any Note remains outstanding and listed on such exchange, in the event of any adverse change in the financial condition of the Issuer which is material in the context of the Programme and which is not reflected in the Prospectus, the Issuer will prepare a further supplement to the Prospectus or publish a new prospectus for use in connection with any subsequent issue of Notes to be listed on the Luxembourg Stock Exchange. If the terms of the Programme are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new prospectus will be prepared.

To the extent permitted by the laws of any relevant jurisdiction, neither the Arrangers nor any Dealer accept any responsibility neither for the accuracy and completeness of the information contained in this Prospectus or any

supplement thereof nor for the information contained in any Final Terms. This Prospectus does not constitute an offer or an invitation by the Issuer or by any of the Arrangers to subscribe for or purchase any of the Notes.

The distribution of this Prospectus or any part hereof and any Final Terms and the offer, sale and delivery of any of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus or any Final Terms comes are required to inform themselves about and to observe any such restrictions. For more information, see “*Selling Restrictions*”. Each Dealer and/or each further financial intermediary subsequently reselling or finally placing Notes issued under the Programme in Luxembourg is entitled to use the Prospectus as set out in “*Consent to the use of the Prospectus*” below.

Amounts payable under Floating Rate Notes may be calculated by reference to (i) EURIBOR (Euro Interbank Offered Rate) which is currently provided by the European Money Markets Institute (EMMI) or (ii) LIBOR (London Interbank Offered Rate) which is currently provided by the ICE Benchmark Administration Limited (IBA). As at the date of this Prospectus, IBA appears whereas EMMI does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (ESMA) pursuant to Article 36 of the Benchmarks Regulation (Regulation (EU) 2016/1011) (“BMR”). As far as the Issuer is aware, the transitional provisions in Article 51 of the BMR apply, such that EMMI is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

In connection with the issue of any Tranche of Notes under the Programme, the Dealer who is specified in the relevant Final Terms as the stabilising manager (or persons acting on its behalf) may over-allot the Notes or effect transactions with a view to supporting the price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin at any time after the adequate public disclosure of the terms of the offer of the Notes and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the Issue Date and 60 days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted by the relevant stabilising manager(s) (or person(s) acting on behalf of any stabilising manager(s)) in accordance with all applicable laws and rules.

INVESTMENT CONSIDERATIONS

Each person contemplating making an investment in the Notes (each a “**Potential Investor**”) must make its own investigation and analysis of the creditworthiness of the Issuer and its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, and any other factors which may be relevant to it in connection with such investment, either alone or with the help of a financial adviser. In particular, each Potential Investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained in this Prospectus, including the information included in the Final Terms relating to the relevant Notes, or any applicable supplement thereto;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including risks relating to foreign exchange rates for Notes where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which the Potential Investor undertakes its principal financial activities;
- (iv) understand thoroughly the terms and conditions of the relevant Notes and be familiar with the behaviour of financial markets and of any financial variable which might have an impact on the return on the relevant Notes (e.g. interest rates, currencies, or any indices);
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors including exchange control risks that may affect its investment and its ability to bear the applicable risks;
- (vi) be aware that there is no assurance that a liquid secondary market for the Notes develops or, if it so develops, that it will continue to exist until maturity of the Notes and that it might not be able to sell the Notes at any time at fair market prices if no liquid secondary market for the Notes develops or if it ceases to exist prior to maturity of the Notes; and
- (vii) in particular with respect to floating rate notes, where amounts payable may be calculated by reference to a particular reference rate (such as LIBOR or EURIBOR), be aware that changes in the administration or method for determining such reference rate or the permanent discontinuation of such reference rate or the implementation of a successor reference rate may have a material adverse effect on the value or the liquidity of, the return on and the amounts payable under such floating rate note. Any successor reference rate may not be fully comparable to, show a similar performance and/or have the same economic value as the reference rate originally applicable to such floating rate note.

Some Notes may be complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments but as additional investment to their overall

investment portfolio in order to reduce certain risks already inherent in their overall investment portfolio or enhance the yield on their overall investment portfolio by adding certain risks to their overall portfolio in an appropriate, well understood and measured way. A Potential Investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or together with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the Potential Investor's overall investment portfolio.

Prospective purchasers should also consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes.

SUMMARY OF THE PROGRAMME AND OF THE TERMS AND CONDITIONS

The Issuer may, at any time, issue notes ("**Notes**") under the Programme. The conditions of a particular issue of Notes will be agreed with the respective Dealer(s) on a case-by-case basis.

The following summary does not purport to be a complete description of the provisions applicable to the Programme or to the Notes issued thereunder.

Issuer	KfW
Guarantee	The Federal Republic of Germany guarantees the servicing of the Notes under Article 1a of the Law Concerning KfW (<i>Gesetz über die Kreditanstalt für Wiederaufbau</i> , or the " KfW Law ").
Arrangers	Barclays Bank PLC Commerzbank Aktiengesellschaft J.P. Morgan Securities plc
Dealers	There are no sponsoring Dealers with respect to the Programme, and, accordingly, there is no dealer agreement between the Issuer and a group of Dealers. Instead, the Issuer has promulgated Standard Dealer Terms. The Programme provides for the purchase of Notes by one or more Dealers (i) on a non-syndicated basis, in which case the Issuer and the Dealer(s) will enter into a Subscription Agreement for non-syndicated issues, or (ii) on a syndicated basis, in which case the Issuer and the Dealers will enter into a Subscription Agreement for syndicated issues. Any such Subscription Agreement will incorporate the Standard Dealer Terms by reference.
Fiscal and Principal Paying Agent	KfW or Deutsche Bank Aktiengesellschaft or any other financial institution appointed as Fiscal Agent in respect of a particular Series of Notes, as specified in the applicable Final Terms. The Issuer has promulgated Fiscal Agency Rules which will be incorporated by reference into the Fiscal Agent Appointment Agreement made between the Issuer and the relevant Fiscal Agent (other than KfW).
German Paying Agent	If a financial institution located outside the Federal Republic of Germany is appointed as Fiscal Agent in respect of a particular Series of Notes, as specified in the applicable Final Terms, KfW or Deutsche Bank Aktiengesellschaft will act as Paying Agent in the Federal Republic of Germany.
Calculation Agent/ Determination Agent	The Calculation Agent in respect of a particular Series of Notes will generally be the Fiscal Agent. However, the relevant Dealer or Lead Manager or another financial institution may instead act as Calculation Agent, as specified in the applicable Final Terms. The Issuer may appoint a Determination Agent in respect of a particular Series of Notes, as specified in the applicable Final Terms. In such event, the Calculation Agent will be bound by the determinations made by the Determination Agent in respect of the bases (such as interest rates, conversion rates, prices, indices or otherwise) communicated by the Determination Agent to the Calculation Agent for the calculations to be made by the Calculation Agent.
Specified Currencies	Subject to applicable legal or regulatory restrictions, Notes may be denominated in Euro or any other currency or currency unit, as may be agreed between the Issuer and the relevant Dealer(s).
Maturities	Notes may be issued with maturities of 90 days or longer.
Distribution	The Notes may be offered by way of public or private placement, on a syndicated or non-syndicated basis or by auction. The method of distribution of each issue will be stated in the applicable Final Terms.
Method of Issue	Notes will be issued in tranches (each a " Tranche ") consisting of Notes which are identical in all respects. One or more Tranches, which are expressed to be consolidated and form

a single series and are identical in all respects, but having different issue dates, interest commencement dates, issue prices and/or dates for first interest payments, may form a series ("**Series**") of Notes. Further Notes may be issued as part of existing Series.¹

Form of Notes	Notes will be issued in bearer form only and will be represented by one or more global Notes ("Global Notes") which will not be exchangeable for definitive Notes. Notes with an initial maturity of more than one year (including Notes with a maturity of one year or less that may be unilaterally rolled over or extended) will be issued in accordance with U.S. Treasury Regulation Section 1.163-5(c)(2)(i) (C) (the "TEFRA C Rules") or U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) (the "TEFRA D Rules"), (or any successor rules in substantially the same form as the TEFRA C Rules or TEFRA D Rules, as applicable, for purposes of Section 4701 of the U.S. Internal Revenue Code). Notes issued in accordance with the TEFRA C Rules ("TEFRA C Notes") will be represented by a permanent Global Note in bearer form, without interest coupons, in a principal amount equal to the aggregate principal amount of such Notes ("Permanent Global Note"). Notes issued in accordance with the TEFRA D Rules ("TEFRA D Notes") will be represented initially by a temporary Global Note in bearer form, without interest coupons, in a principal amount equal to the aggregate principal amount of such Notes (the "Temporary Global Note"). Such Temporary Global Note will be exchangeable for one or more Permanent Global Note(s) beginning 40 days after the date of issue of the Temporary Global Note comprising the relevant Tranche upon delivery of certifications of non U.S.-beneficial ownership in the form available from time to time at the specified office of the Fiscal Agent. The Issuer expects that Notes denominated in U.S. Dollar will be issued as TEFRA D Notes. Notes not issued in accordance with the TEFRA C or the TEFRA D Rules, <i>i.e.</i> Notes with an initial maturity of one year or less, will be represented by a Permanent Global Note. The Notes will either be in the form of a classical global note ("CGN") or in the form of a new global note ("NGN").
Types of Notes	Notes may be Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes or Discount Notes. Notes may be of any other type, such as Commodity Linked Notes, Dual Currency Notes, Equity Linked Notes, FX-Linked Notes, Index Linked Notes, Instalment Notes, or may have any other structure, all upon the terms set out in the applicable Final Terms.
Status of Notes	The obligations under the Notes constitute unsecured and unsubordinated obligations of the Issuer ranking <i>pari passu</i> among themselves and <i>pari passu</i> with all other unsecured and unsubordinated obligations of the Issuer.
Redemption	The Notes may be redeemable only at their stated maturity or before their stated maturity at the option of the Issuer and/or Holder of the Notes or for other reasons, all as specified in the applicable Final Terms. There will be no call option for tax reasons.
Taxation	All payments in respect of the Notes will be made with deduction of taxes and other duties, if such deduction is required by law. In the event of such deduction, the Issuer will not pay any additional amounts in respect of the Notes (no " <i>gross-up</i> ").
Events of Default	None
Negative Pledge	None
Listing and admission to trading	Application has been made for the admission of Notes to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange. Notes may also be listed on the regulated market (<i>regulierter Markt</i>) of the Frankfurt Stock Exchange or any other alternative stock exchange, as may be agreed between the Issuer and the relevant Dealer(s). The Issuer may also issue Notes which are not listed on any Stock Exchange.
Governing Law	German law
Selling Restrictions	The distribution of Notes will comply with all restrictions under any applicable law in connection with the offering and sale of each issue. See pages 49 to 51 below.
Clearance and Settlement	Notes will be accepted for clearing through one or more Clearing Systems as specified in the applicable Final Terms. These systems will include those operated by Clearstream Banking AG, Frankfurt am Main (" CBF "), Clearstream Banking, S.A., Luxembourg (" CBL ") and Euroclear Bank SA/NV (" Euroclear ").

¹ Terms and Conditions of Notes which were originally issued prior to the date of this Simplified Base Prospectus are to be read in conjunction with the Terms and Conditions of Notes set out in the Simplified Base Prospectus under which the original Tranche was issued.

Use of Proceeds The net proceeds from the sale of the Notes under the Programme will be used in the general business of the Issuer. KfW may opt to allocate an amount equal to the net proceeds of specific Notes issued under the Programme to an internal account designated to particular credit programmes of KfW, all as more fully set out in the applicable Final Terms of these specific Notes.

CONSENT TO THE USE OF THE PROSPECTUS IN LUXEMBOURG

Each Dealer and/or each further financial intermediary subsequently reselling or finally placing Notes issued under the Programme in Luxembourg is entitled to use the Prospectus in Luxembourg for such subsequent resale or final placement of the relevant Notes during the respective offer period, as determined in the applicable Final Terms, during which subsequent resale or final placement of the relevant Notes can be made, provided however, that the Prospectus is still valid in accordance with Article 35 (2) of the Luxembourg Prospectus Act. The Issuer accepts responsibility for the information given in this Prospectus also with respect to such subsequent resale or final placement of the relevant Notes.

The Prospectus may only be delivered to potential investors together with all supplements published before such delivery.

When using the Prospectus, each Dealer and/or relevant financial intermediary must make certain that it complies with all applicable laws and regulations in force in Luxembourg.

In the event of an offer being made by a Dealer and/or a further financial intermediary the Dealer and/or the further financial intermediary shall provide information to investors on the terms and conditions of the Notes at the time of that offer.

Any Dealer and/or further financial intermediary using the Prospectus shall state on its website that it uses the Prospectus in accordance with this consent and the conditions attached to this consent.

ISSUE PROCEDURES

General

The Issuer and the relevant Dealer(s) will agree on the terms and conditions applicable to each particular Tranche of Notes (the “**Conditions**”). The Conditions will be constituted by the Terms and Conditions of the Notes set forth below (the “**Terms and Conditions**”) as completed, modified, supplemented or replaced by the provisions of the Final Terms (the “**Final Terms**”). The Final Terms relating to each Tranche of Notes will specify:

- whether the Conditions are to be **Long-Form Conditions** or **Integrated Conditions** (each as described below); and
- whether the Conditions will be in the **German language** or the **English language** or both (and, if both, whether the German language version or the English language version is controlling).

As to whether Long-Form Conditions or Integrated Conditions will apply, the Issuer anticipates that:

- **Long-Form Conditions** will generally be used for Notes which are neither publicly offered nor distributed, in whole or in part, to investors who are not qualified investors.
- **Integrated Conditions** will generally be required where the Notes are to be offered to the public, in whole or in part, or are to be distributed, in whole or in part, to investors who are not qualified investors.

As to the controlling language of the respective Conditions, the Issuer anticipates that, in general, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed between the Issuer and the relevant Dealer:

- in the case of Notes offered to the public, in whole or in part, in the Federal Republic of Germany, or distributed, in whole or in part, to investors who are not qualified investors in the Federal Republic of Germany, German will be the controlling language. If, in the event of such public offer or distribution to investors who are not qualified investors, however, English is chosen as the controlling language, a German language translation of the Conditions will be available from the principal office of the Fiscal Agent and KfW, as specified on the last page of this Prospectus.

Long-Form Conditions

If the Final Terms specify that Long-Form Conditions are to apply to the Notes, the provisions of the applicable Final Terms and the Terms and Conditions, taken together, shall constitute the Conditions. Such Conditions will be constituted as follows:

- the blanks in the provisions of the Terms and Conditions which are applicable to the Notes will be deemed to be completed by the information contained in the Final Terms as if such information were inserted in the blanks of such provisions;
- the Terms and Conditions will be modified, supplemented or replaced by the text of any provisions of the Final Terms modifying, supplementing or replacing, in whole or in part, the provisions of the Terms and Conditions;
- alternative or optional provisions of the Terms and Conditions as to which the corresponding provisions of the Final Terms are not completed or are deleted will be deemed to be not included in the Conditions; and
- all instructions and explanatory notes set out in square brackets in the Terms and Conditions and any footnotes and explanatory text in the Final Terms will be deemed to be not included in the Conditions.

Where Long-Form Conditions apply, each Global Note representing the Notes of the relevant Series will have the Final Terms and the Terms and Conditions attached.

Integrated Conditions

If the Final Terms specify that Integrated Conditions are to apply to the Notes, the Conditions in respect of such Notes will be constituted as follows:

- all of the blanks in all applicable provisions of the Terms and Conditions will be completed according to the information contained in the Final Terms and all non-applicable provisions of the Terms and Conditions (including the instructions and explanatory notes set out in square brackets) will be deleted; and/or
- the Terms and Conditions will be otherwise modified, supplemented or replaced, in whole or in part, according to the information set forth in the Final Terms.

Where Integrated Conditions apply, the Integrated Conditions alone will constitute the Conditions. The Integrated Conditions will be attached to each Global Note representing Notes of the relevant Series.

If, in the event of such public offer or distribution to investors who are not qualified investors, however, English is chosen as the controlling language, a German language translation of the Conditions will have to be prepared which will be available from the principal office of the Fiscal Agent and KfW.

Die Emittentin kann zu einem späteren Zeitpunkt veranlassen, dass als NGN verbriefte Wertpapiere bei einem der ICSDs als gemeinsamen Verwahrer verwahrt werden. Ein solcher späterer Wechsel der Verwahrstruktur bedeutet jedoch nicht notwendigerweise, dass die Schuldverschreibungen zu irgendeinem Zeitpunkt während ihrer Restlaufzeit oder während ihrer gesamten Restlaufzeit als zulässige Sicherheiten für die Zwecke der Geldpolitik oder für Innertageskredite des Eurosystems anerkannt werden. Eine solche Anerkennung ist abhängig davon, ob die Zulassungskriterien des Eurosystems erfüllt sind.]

Intended to be held in a manner which would allow Eurosystem eligibility [Yes]

[Note that the designation “yes” simply means that the Notes are intended upon issue to be deposited with in the case of (i) an NGN one of the ICSDs as common safekeeper or (ii) a CGN Clearstream Banking AG, Frankfurt, and does not necessarily

mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.]

[No]

[Note that the designation „no“ simply means that the Notes are not intended upon issue to be deposited in a manner which would allow for ECB eligibility. The Issuer may determine at a later date that the Notes represented by an NGN may be deposited with one of the ICSDs as common safekeeper. Such a change of the depositary structure does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any or all times during their remaining life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

KfW

Overview

KfW is a public law institution (*Anstalt des öffentlichen Rechts*) serving domestic and international public policy objectives of the Federal Government ("**Federal Government**") of the Federal Republic of Germany ("**Federal Republic**").

KfW was established on November 5, 1948, under the KfW Law as a public law institution with unlimited duration. Its offices are located at Palmengartenstraße 5-9, 60325 Frankfurt am Main, Federal Republic. KfW also maintains branch offices in Berlin and Bonn, Federal Republic as well as a liaison office to the European Union ("**EU**") in Brussels, Belgium.

According to Article 2 of the KfW Law, KfW's business purposes are the following:

- Performance of promotional tasks, in particular financings, pursuant to a state mandate in the following areas: financing of small and medium-sized enterprises ("**SMEs**"), liberal professions and business start-ups; risk capital; housing; environmental protection; infrastructure; technical progress and innovations; internationally agreed promotional programmes; development cooperation; and in other promotional areas, which are specifically stated in laws, regulations or published guidelines on public economic policy that are assigned to KfW by the Federal Republic or one of the federal states (each a "**Land**" and together, the "**Länder**");
- Granting of loans and other forms of financing to territorial authorities (*Gebietskörperschaften*) and special purpose associations under public law (*öffentlich-rechtliche Zweckverbände*);
- Financing of measures with purely social goals as well as for the promotion of education;
- Granting of other financings in the interest of the German and European economy.

Except with a special mandate from the Federal Government, KfW may conduct other business only insofar as such business is directly connected with the performance of its functions described above. In such capacity, KfW may, in particular, purchase and sell claims and securities, incur obligations in the form of bills of exchange and promissory notes, and conduct its treasury and risk management. KfW may also refinance at market conditions the project and export finance subsidiary which has been established as a result of the understanding with the European Commission (see "*Relationship with the Federal Republic – Understanding with the European Commission*").

KfW promotes its financing activities under the umbrella brand name KfW Bankengruppe. Until March 31, 2018, it conducted its business in the following business sectors:

- Mittelstandsbank (SME Bank), which promoted SMEs, business founders, start-ups and self-employed professionals;
- Kommunal- und Privatkundenbank/Kreditinstitute (Municipal and Private Client Bank/Credit Institutions), which provided housing-related loans and grants as well as financing for education to private individuals, offered financing for infrastructure projects, primarily for municipalities, and granted global funding instruments to promotional institutes of the German federal states (*Landesförderinstitute*) and other financial institutions;
- Export and project finance: KfW IPEX-Bank GmbH ("**KfW IPEX-Bank**") offers customised financing for exports and project and corporate financing worldwide. KfW IPEX-Bank is a legally independent entity wholly owned by KfW;
- Promotion of developing countries and emerging economies: KfW Entwicklungsbank (KfW Development Bank) is responsible for KfW's public sector development cooperation activities, and DEG – Deutsche Investitions- und Entwicklungsgesellschaft mbH (German Investment and Development Company, "**DEG**") finances private-sector investments in developing countries. DEG is a legally independent entity wholly owned by KfW; and
- Financial markets, which comprises KfW's treasury, funding, asset management and other capital markets-related activities.

With effect from April 1, 2018, KfW reorganised its domestic promotional business, which it had previously conducted through its business sectors Mittelstandsbank (SME Bank) and Kommunal- und Privatkundenbank/Kreditinstitute (Municipal and Private Client Bank/Credit Institutions) based on a distinction between customer groups, into the following three business sectors, which are characterised by different operating models:

- SME Bank & Private Clients (Mittelstandsbank & Private Kunden) offers highly standardised products for SMEs, business founders, start-ups, self-employed professionals as well as private individuals;
- Customised Finance & Public Clients (Individualfinanzierung & Öffentliche Kunden) provides individual financing solutions for municipal and social infrastructure, offers corporate loans and project finance, as well as customised financing for financial institutions and Landesförderinstitute; and
- Equity Financing will be conducted through a new wholly owned subsidiary, which is expected to commence its operations in the course of 2018.

All products of the former business sectors Mittelstandsbank (SME Bank) and Kommunal- und Privatkundenbank/Kreditinstitute (Municipal and Private Client Bank/Credit Institutions) continue to exist in one of the three new business sectors SME Bank & Private Clients, Customised Finance & Public Clients or Equity Financing. The business sectors Export and project finance, Promotion of developing countries and emerging economies and Financial markets remain unchanged.

Ownership

The Federal Republic holds 80% of KfW's subscribed capital, and the *Länder* hold the remaining 20%. The Law Concerning KfW (*Gesetz über die Kreditanstalt für Wiederaufbau*, or the "**KfW Law**") does not provide for shareholders' meetings; instead, the Board of Supervisory Directors assumes the responsibilities of a shareholders' meeting.

Shares in KfW's capital may not be pledged; they may not be transferred to entities other than the Federal Republic or the *Länder*. Capital contributions have been, and are expected to continue to be, made to KfW in such proportions as to maintain the relative shares of capital held by the Federal Republic and the *Länder*.

Legal Status

KfW is organised under the KfW Law as a public law institution with unlimited duration. As a public law institution serving public policy objectives of the Federal Government, KfW itself is not subject to corporate taxes (although certain of its subsidiaries are) and as a promotional bank, KfW does not seek to maximise profits. KfW does, however, seek to maintain an overall level of profitability that allows it to strengthen its equity base in order to support its promotional activities. KfW is prohibited under the KfW Law from distributing profits, which are instead allocated to statutory reserves and to separately reportable reserves. KfW is generally also prohibited under the KfW Law from taking deposits or engaging in the financial commission business.

Relationship with the Federal Republic

Guarantee of the Federal Republic

The KfW Law expressly provides that the Federal Republic guarantees all existing and future obligations of KfW in respect of money borrowed, bonds and notes issued and derivative transactions entered into by KfW, as well as obligations of third parties that are expressly guaranteed by KfW (KfW Law, Article 1a). Under this statutory guarantee (the "**Guarantee of the Federal Republic**"), if KfW fails to make any payment of principal or interest or any other amount required to be paid with respect to securities issued by KfW, or if KfW fails to make any payment required to be made under KfW's guarantee when that payment is due and payable, the Federal Republic will be liable at all times for that payment as and when it becomes due and payable. The Federal Republic's obligation under the Guarantee of the Federal Republic ranks equally, without any preference, with all of its other present and future unsecured and unsubordinated indebtedness. Holders of securities issued by KfW or issued under KfW's guarantee may enforce this obligation directly against the Federal Republic without first having to take legal action against KfW. The Guarantee of the Federal Republic is strictly a matter of statutory law and is not evidenced by any contract or instrument. It may be subject to defenses available to KfW with respect to the obligations covered.

Institutional Liability ("*Anstaltslast*")

KfW is a public law institution (*Anstalt des öffentlichen Rechts*). Accordingly, under the German administrative law principle of *Anstaltslast*, the Federal Republic, as the constituting body of KfW, has an obligation to safeguard KfW's economic basis. Under *Anstaltslast*, the Federal Republic must keep KfW in a position to pursue its operations and enable it, in the event of financial difficulties, through the allocation of funds or in some other appropriate manner, to meet its obligations when due. *Anstaltslast* is not a formal guarantee of KfW's obligations by the Federal Republic, and creditors of KfW do not have a direct claim against the Federal Republic. Nevertheless, the effect of this legal principle is that KfW's obligations, including the obligations to the holders of securities issued by it or issued under KfW's guarantee, are fully backed by the credit of the Federal Republic. The obligation of the Federal Republic under *Anstaltslast* would constitute a charge on public funds that, as a legally established obligation, would be payable without the need for any appropriation or any other action by the German Parliament.

Understanding with the European Commission

In order to clarify that the Federal Republic's responsibility for KfW's obligations was and is compatible with EU law prohibitions against state aid, the German Federal Ministry of Finance and the European Commissioner for Competition held discussions which were formalised in an understanding reached on March 1, 2002. In the understanding with the European Commission, it was agreed that, in respect of the promotional activities for which KfW is responsible, KfW will continue to benefit from *Anstaltslast* and the Guarantee of the Federal Republic. The understanding acknowledged that KfW's role in providing financing for, in particular, SMEs, risk capital, environmental protection, technology/innovation, infrastructure and housing, as well as its cooperation with developing countries, is promotional and thus compatible with EU rules.

In the business sector of Export and project finance, the understanding with the European Commission required KfW to transfer to a legally independent subsidiary that portion of export finance and domestic and international project finance activities which the European Commission deemed to fall outside the scope of the promotional activities of KfW. The transfer of such activities was to be effected by December 31, 2007 and as from that date KfW has not been permitted to fund the subsidiary at other than market rates of interest or to extend to the subsidiary any benefits of *Anstaltslast* or the Guarantee of the Federal Republic.

KfW continues to be permitted, however, to engage directly in the following promotional export and project finance activities:

- implementation of international promotional programmes, such as the interest-rate subsidised CIRR (Commercial Interest Reference Rate) and ASU (Aircraft Sector Understanding) schemes, which are recognised as promotional activities in accordance with the Organisation for Economic Cooperation and Development ("**OECD**") consensus;

- participation in syndicated financing activities outside the EU, the European Economic Area and countries holding the status of official candidate for EU membership, subject to certain conditions, and sole financing activities in countries in which sufficient sources of financing do not exist; and
- participation in projects in the interest of the EU that are co-financed by the European Investment Bank or similar European financing institutions.

The European Commission transformed the understanding into a decision, which the Federal Republic formally accepted. In August 2003, a part of the Promotional Bank Restructuring Act (*Förderbankenneustrukturierungsgesetz*) implemented the understanding with the European Commission and amended the KfW Law accordingly.

On January 1, 2008, KfW IPEX-Bank, a limited liability corporation (*Gesellschaft mit beschränkter Haftung*) formed as a wholly owned subsidiary of KfW, commenced operations as a legally independent entity, thus satisfying the requirements set forth in the understanding with the European Commission. KfW IPEX-Bank conducts those export and project finance activities which the European Commission deemed to fall outside the scope of KfW's promotional activities directly and on its own behalf.

Supervision and Regulation

The Federal Ministry of Finance, acting in consultation with the Federal Ministry for Economic Affairs and Energy, exercises legal supervision (*Rechtsaufsicht*) over KfW, i.e., it supervises KfW's compliance with applicable law and may adopt all necessary measures to ensure such compliance. Legal supervision primarily comprises supervision of compliance with the KfW Law and KfW's Bylaws, but also with all other applicable laws and regulations except for certain provisions of bank regulatory law. The relevant Federal Ministers are represented on KfW's Board of Supervisory Directors, which supervises KfW's overall activities.

In addition to being subject to legal supervision by the Federal Ministries, in October 2013, KfW became subject to banking-specific supervision exercised by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*, or "**BaFin**"). This supervision was established by a ministerial regulation (*KfW-Verordnung*, or "**KfW Regulation**"), which implements an amendment to the KfW Law that became effective in July 2013. The KfW Regulation, while maintaining KfW's general exemption from bank regulatory law, specifies those provisions of bank regulatory law which are to apply to KfW by analogy and assigns the supervision of compliance with these provisions to BaFin. In exercising its supervision, BaFin cooperates with the German Central Bank (*Deutsche Bundesbank*) in accordance with normal bank supervisory procedures.

In addition to compliance with the financial reporting and auditing standards generally applicable to banks in Germany, KfW, under the KfW Law, is subject to special auditing standards for government-owned entities set forth in the Budgeting and Accounting Act (*Haushaltsgrundsätzegesetz*). These special auditing standards require that KfW's annual audit, above and beyond its normal scope, cover the proper conduct of KfW's business by its management. The resulting auditor's report is to enable the Board of Supervisory Directors, the responsible Federal Ministries, and the Federal Court of Auditors (*Bundesrechnungshof*) to form their own opinion and to take action if required.

Finally, as a government-owned entity, KfW is subject to audits by the Federal Court of Auditors with regard to its economical use of funds pursuant to the Budgeting and Accounting Act.

KfW is generally exempt from bank regulatory laws and regulations, as it neither qualifies as a "credit institution" or "financial services institution" within the meaning of the German Banking Act (*Gesetz über das Kreditwesen*, or "**KWG**") nor as a "credit institution" within the meaning of relevant EU directives and regulations, including in particular the EU Capital Requirements Directive IV ("**CRD IV**") and the EU Capital Requirements Regulation ("**CRR**"). However, by operation of the KfW Regulation, considerable portions of the KWG and the CRR, including relevant implementing rules and regulations, apply by analogy to KfW. The analogous application of banking supervisory law to KfW has been phased in gradually, with the majority of the rules, regulations and enforcement powers described above having become applicable as of January 1, 2016. The KfW Regulation takes into account KfW's special status as an entity not generally engaged in deposit taking, characterised by a low-risk profile in its lending business and benefiting from the Guarantee of the Federal Republic. It therefore provides for certain modifications and exceptions in connection with the analogous application of the relevant rules and regulations.

The analogous application of EU and national bank regulatory law imposed by the KfW Regulation is without prejudice to KfW's status as a "public sector entity" within the meaning of Article 4 para. 1 no. 8 of the CRR. This status confers certain advantages to KfW's refinancing activities given the fact that exposures to public sector entities held by banks are privileged as to capital requirements, large exposures limitations and liquidity measurement under EU and national bank regulatory law. Securities issued by KfW, such as bonds and notes, are in principle eligible in the EU as level 1 assets pursuant to Article 10 para. 1 lit. (c) (v) of the Commission Delegated Regulation (EU) 2015/61 of October 10, 2014.

Notes issued under the Programme will therefore not qualify for the benefit of the single European passport pursuant to the Prospectus Directive.

General

No action has been or will be taken by the Issuer or by or on behalf of any Dealer which would permit a public offering of any of the Notes or distribution of the Prospectus, any supplement thereto, any Final Terms or any other offering material in any jurisdiction where action for that purpose is required other than in Luxembourg. Notes may not be offered, sold or distributed, directly or indirectly, and neither the Prospectus, any supplement thereto, any Final Terms nor any advertisement or other offering material may be distributed or published in any jurisdiction, except pursuant to Clause 3(5) of the Standard Dealer Terms or generally under circumstances that will result in compliance with any applicable laws and regulations. Each Dealer will comply with all applicable laws and regulations in each jurisdiction in which it purchases, offers, sells, distributes or delivers Notes or has in its possession or distributes the Prospectus, any supplement thereto, any Final Terms or any other offering material, and will obtain or make, give or fulfil any consent, approval, registration, notice, permission or other regulatory requirement required by it or the Issuer for the purchase, offer, sale, distribution or delivery of the Notes and the possession or distribution of any of the Prospectus, any supplement thereto, any Final Terms or any advertisement or other offering material under the laws and regulations in force in any jurisdiction to which it is subject or in or from which it makes any such purchase, offer, sale, distribution or delivery, in all cases at its own expense.

No Dealer is authorised to make any representation or to provide any information in connection with the issue, offering and sale of the Notes other than as contained in the Prospectus, the relevant Final Terms or such other information relating to the Issuer and/or the Notes which the Issuer has authorised to be provided.

Selling restrictions may be modified or supplemented by the agreement of the Issuer and the relevant Dealer or Dealers following a change in any relevant law, regulation or directive. Any such modification or supplement will be set out in the Final Terms issued in respect of a particular issue of Notes to which it relates or in a supplement to the Prospectus.

European Economic Area

Each Dealer represents and agrees that

- (a) in relation to each Relevant Member State, with effect from and including the Relevant Implementation Date, it has not made and will not make an offer of Notes to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of the Notes to the public in that Relevant Member State at any time in any circumstances which do not require the publication by the Issuer of a prospectus (i) pursuant to Article 3(2) of the Prospectus Directive or (ii) pursuant to any applicable national law of that Relevant Member State; and
- (b) in relation to any offer of Notes to the public in Luxembourg, it will comply with Chapter 1 of Part III of the Luxembourg Prospectus Act and applicable rules and regulations of the CSSF.

For the purposes of this provision, the expression

“offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State;

“Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State;

“Relevant Member State” means each Member State of the European Economic Area which has implemented the Prospectus Directive, except Luxembourg;

“Relevant Implementation Date” means the date on which the Prospectus Directive is implemented in a Relevant Member State.

United States of America

Each Dealer has acknowledged that the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the **“Securities Act”**), and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Note constituting part of its allotment within the United States except in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, each Dealer has further represented and agreed that neither it, its affiliates

nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts within the meaning of Regulation S with respect to a Note.

Each Dealer who has purchased Notes of a Tranche hereunder (or in the case of a sale of a Tranche of Notes issued to or through more than one Dealer, each of such Dealers as to the Notes of such Tranche purchased by or through it or, in the case of a syndicated issue, the relevant Lead Manager) shall determine and notify to the Fiscal Agent the completion of the distribution of the Notes of such Tranche. On the basis of such notification or notifications, the Fiscal Agent has agreed to notify such Dealer/Lead Manager of the end of the restricted period with respect to such Tranche.

Each Dealer has represented and agreed that it has not entered and will not enter into any contractual arrangement with respect to the distribution or delivery of Notes, except with its affiliates or with the prior written consent of the Issuer.

Notes, other than Notes with a stated maturity of one year or less including unilateral rollovers or extensions, will be issued in accordance with the provisions of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) (the “TEFRA D Rules”), or in accordance with the provisions of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(C) (the “TEFRA C Rules”), (or any successor rules in substantially the same form as the TEFRA D Rules or TEFRA C Rules, as applicable, for purposes of Section 4701 of the U.S. Internal Revenue Code) as specified in the applicable Final Terms.

In respect of Notes issued in accordance with the TEFRA D Rules, each Dealer has represented and agreed that:

- (a) except to the extent permitted under the TEFRA D Rules, (i) such Dealer has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is within the United States or its possessions or to a United States person, and (ii) such Dealer has not delivered and will not deliver within the United States or its possessions Notes that are sold during the restricted period;
- (b) such Dealer has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the TEFRA D Rules;
- (c) if such Dealer is a United States person, it represents that it is acquiring the Notes for purposes of resale in connection with their original issuance and if such Dealer retains Notes for its own account, it will only do so in accordance with the requirements of the TEFRA D Rules;
- (d) with respect to each affiliate that acquires from such Dealer Notes for the purposes of offering or selling such Notes during the restricted period, such Dealer either (i) has repeated and confirmed the representations and agreements contained in sub-clauses (a), (b) and (c) on such affiliate’s behalf or (ii) has agreed that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-clauses (a), (b) and (c); and
- (e) it will obtain for the benefit of KfW the representations and agreements contained in sub-clauses (a), (b), (c) and (d) from any person other than its affiliate with whom it enters into a written contract, as defined in the TEFRA D Rules for the offer or sale during the restricted period of Notes.

Terms used in the above paragraphs have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA D Rules.

Notes issued pursuant to the TEFRA D Rules and any receipts or coupons appertaining thereto will bear the following legend:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(i) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

With respect to Notes issued in accordance with the TEFRA C Rules, Notes must be issued and delivered outside the United States and its possessions in connection with their original issuance. In such case, each Dealer has represented and agreed that it has not offered, sold or delivered and will not offer, sell or deliver, directly or indirectly, Notes within the United States or its possessions in connection with their original issuance. Further, each Dealer has represented and agreed in connection with the original issuance of Notes, that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if either such Dealer or purchaser is within the United States or its possessions and will not otherwise involve its U.S. office in the offer or sale of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the TEFRA C Rules.

Each issue of index-, commodity- or currency-linked Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the Final Terms. Each Dealer has agreed that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

United Kingdom

Each Dealer has represented and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the “FSMA”) by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21 (1) of the FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

Each of the Dealers has represented and agreed that the Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) (the “**Financial Instruments and Exchange Act**”) and that it will not offer or sell any Notes directly or indirectly in Japan or to, or for the benefit of, any Japanese person or to others, for reoffering or resale, directly or indirectly in Japan or to any Japanese person except in each case pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws and regulations of Japan. For purposes of this paragraph, “**Japanese person**” means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Listing and admission to trading

Luxembourg Stock Exchange

Application has been made for the admission of Notes issued under the Programme to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange (see “*This Prospectus*” on page 4).

The Issuer has given an undertaking in connection with the listing of the Notes issued under the Programme on the Luxembourg Stock Exchange that, so long as any Note remains outstanding and listed on such exchange, in the event of any adverse change in the financial condition of the Issuer which is material in the context of the Programme and which is not reflected in the Prospectus, the Issuer will prepare a supplement to the Prospectus or publish a new prospectus for use in connection with any subsequent issue of Notes to be listed on the Luxembourg Stock Exchange. If the terms of the Programme are modified or amended in a manner which would make the Prospectus, as supplemented, inaccurate or misleading, a new prospectus will be prepared.

This Prospectus, any supplement thereto and any subsequent new prospectus, as well as the Final Terms relating to each Tranche of Notes listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange, will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) pursuant to the Luxembourg Prospectus Act and on the Issuer's website (www.kfw.de).

Notes issued under this Programme prior to June 19, 2018 have been admitted to listing on the official list of the Luxembourg Stock Exchange and to trading on the regulated market of the Luxembourg Stock Exchange.

Frankfurt Stock Exchange and other Alternative Stock Exchanges

If so agreed between the Issuer and the relevant Dealer(s), the Issuer will procure the admission of Notes issued under the Programme for trading on the regulated market (*regulierter Markt*) of the Frankfurt Stock Exchange or on any other alternative stock exchange in accordance with applicable national laws and applicable rules and regulations of the relevant stock exchange. Notes which are suitable with regard to currency and other specific conditions may be quoted on such exchange. The Issuer anticipates that only Series of Notes which are denominated in Euro will be so quoted on the Frankfurt Stock Exchange.

Notes issued under this Programme prior to June 26, 2006 have been admitted for trading on the official market (*amtlicher Markt*) of the Frankfurt Stock Exchange. From June 26, 2006 to October 31, 2007, all Notes for which a listing on the Frankfurt Stock Exchange was agreed, were listed on the regulated market (*geregelter Markt*) of the Frankfurt Stock Exchange. Since November 1, 2007, after the coming into force of the German *Finanzmarktrichtlinie-Umsetzungsgesetz* ("**FRUG**") which transforms Directive 2004/39/EC of the European Parliament and of the Council of April 21, 2004 on markets in financial instruments into German law, all Notes for which a listing on the Frankfurt Stock Exchange was agreed, are listed on the regulated market (*regulierter Markt*).

TAXATION

Taxation in the Federal Republic of Germany

The following is a general discussion of certain German tax consequences of the acquisition and ownership of Notes. This discussion does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of the Federal Republic of Germany currently in force and as applied on the date of this Prospectus. These laws are subject to change, possibly with retroactive or retrospective effect.

PROSPECTIVE PURCHASERS OF NOTES ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF NOTES, INCLUDING THE EFFECT OF ANY STATE OR LOCAL TAXES, UNDER THE TAX LAWS IN THE FEDERAL REPUBLIC OF GERMANY AND EACH COUNTRY OF WHICH THEY ARE RESIDENTS.

Income Tax

Notes held by tax residents as non-business assets

- Taxation of interest

Payments of interest on the Notes to Holders who are individuals and are tax residents of the Federal Republic of Germany (*i.e.*, persons whose residence or habitual abode is located in the Federal Republic of Germany) are subject to German income tax. In each case where German income tax arises, a solidarity surcharge (*Solidaritätszuschlag*) is levied in addition. Furthermore, church tax may be levied, where applicable. If coupons or interest claims are disposed of separately (*i.e.* without the Notes), the gains from the disposal are subject to income tax. The same applies to gains from the redemption of coupons or interest claims if the Notes are disposed of separately.

On payments of interest on the Notes to individuals who are tax residents of the Federal Republic of Germany, income tax is generally levied as a flat income tax at a rate of 25% (plus solidarity surcharge in an amount of 5.5% of such tax, resulting in a total tax charge of 26.375%, plus, if applicable, church tax). The church tax is generally levied by way of withholding unless the Holder has filed a blocking notice (*Sperrvermerk*) with the German Federal Tax Office (*Bundeszentralamt für Steuern*). The total positive investment income of an individual will be decreased by a lump sum deduction (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for individuals filing jointly), not by a deduction of expenses actually incurred.

If the Notes are held in custody, or are administered, or if their disposal is executed, by a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank and such entity credits or pays out the investment income (the “**Disbursing Agent**”), the flat income tax will be levied by way of withholding at the aforementioned rate from the gross interest payment to be made by the Disbursing Agent.

In general, no withholding tax will be levied if the Holder is an individual (i) whose Notes do not form part of the property of a trade or business and (ii) who filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent but only to the extent the interest income derived from the Notes together with other investment income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no withholding tax will be deducted if the Holder has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office.

If no Disbursing Agent (as defined above) is involved in the payment process the Holder will have to include its income on the Notes in its tax return and the tax on its investment income of generally 25% plus solidarity surcharge and, if applicable, church tax will be collected by way of assessment.

Payment of the flat income tax will generally satisfy any income tax liability (including solidarity surcharge and, if applicable, church tax) of the Holder in respect of such investment income. Holders may apply for a tax assessment on the basis of general rules applicable to them if the resulting income tax burden is lower than 25%. In this case as well income-related expenses cannot be deducted from the investment income, except for the aforementioned annual lump sum deduction.

- Taxation of capital gains

Also capital gains realised by individual tax residents of the Federal Republic of Germany from the disposal or redemption of the Notes (including gains from the assignment or hidden contribution of the Notes) will be subject to the flat income tax on investment income at a rate of 25% (plus solidarity surcharge in an amount of 5.5% of such tax, resulting in a total tax charge of 26.375%, plus, if applicable, church tax), irrespective of any holding period. The separation (*e.g.* by first-time assignment) of a coupon or interest claim from the Note is treated as a disposal of the Note. Church tax is generally levied by way of withholding unless the Holder has filed a blocking notice with the German Federal Tax Office. This will also apply to Notes on which the principal is effectively repaid in whole or in part although the repayment was not guaranteed.

If the Notes are held in custody, or are administered, or if their disposal is executed, by a Disbursing Agent (as defined above) the flat income tax will be levied by way of withholding from the positive difference between the redemption amount (or the proceeds from the disposal) and the issue price (or the purchase price) of the Notes.

If Notes kept or administered in the same custodial account have been acquired at different points in time, the Notes first acquired will be deemed to have been sold first for the purpose of determining the capital gains. If the Notes have been transferred into the custodial account of the Disbursing Agent only after their acquisition, and no evidence on the acquisition data has validly been provided to the new Disbursing Agent by the Disbursing Agent which previously kept the Notes in its custodial account, withholding tax will be levied on 30% of the proceeds from the disposal or redemption of the Notes.

If no Disbursing Agent is involved in the payment process the Holder will have to include capital gains from the disposal or redemption of the Notes in its tax return and the tax on its investment income of generally 25% plus solidarity surcharge and, if applicable, church tax will be collected by way of assessment.

Payment of the flat income tax will generally satisfy any income tax liability (including solidarity surcharge and, if applicable, church tax) of the Holder in respect of such investment income. Holders may apply for a tax assessment on the basis of general rules applicable to them if the resulting income tax burden is lower than 25%. Further, if the withholding tax on a disposal or redemption has been calculated from 30% of the respective proceeds (rather than from the actual gain), a Holder who is an individual tax resident may and in case the actual gain is higher than 30% of the respective proceeds must also apply for an assessment on the basis of his or her actual acquisition costs. In this case as well income-related expenses cannot be deducted from the investment income, except for the aforementioned annual lump sum deduction.

Any capital loss incurred from the disposal or redemption of the Notes can only be offset against positive income from capital investments. The Disbursing Agent will offset the losses with positive income from capital investments entered into through or with the same Disbursing Agent and carry forward any losses that cannot be offset to the following calendar year. If losses cannot be offset in full against positive investment income by the Disbursing Agent, the Holder can, instead, request that the Disbursing Agent issues a certificate stating the losses in order for them to be offset against other positive income from capital investments or carried forward in the assessment procedure. The request must reach the Disbursing Agent by 15 December of the current year and is irrevocable.

Notes held by tax residents as business assets

Payments of interest on Notes and capital gains from the disposal or redemption of Notes held as business assets by German tax resident individuals or tax resident corporations (*i.e.*, corporations whose legal domicile or place of effective management is located in the Federal Republic of Germany), including via a partnership, as the case may be, are generally subject to German income tax or corporate income tax (in each case plus solidarity surcharge and, if applicable, church tax). The interest and capital gain will also be subject to trade tax if the Notes form part of the property of a German trade or business.

If the Notes are held in custody, or are administered, or if their disposal is executed, by a Disbursing Agent (as defined above), tax at a rate of 25% (plus a solidarity surcharge of 5.5% of such tax and, if applicable, church tax) will also be withheld from interest payments on Notes and generally also from capital gains from the disposal or redemption of Notes held as business assets. In these cases the withholding tax does not satisfy the income tax liability of the Holder, as in the case of the flat income tax, but will be credited as advance payment against the personal income or corporate income tax liability and the solidarity surcharge (and, if applicable, against the church tax) of the Holder.

With regard to capital gains from the disposal or redemption of Notes no withholding will generally be required in the case of Notes held by corporations tax resident in Germany, provided that in the case of corporations of certain legal forms the status of corporation has been evidenced by a certificate of the competent tax office. The same applies upon notification by use of the officially prescribed form towards the Disbursing Agent and upon application in the case of Notes held by individuals or partnerships as business assets.

Notes held by non-residents

Payments of interest on Notes and capital gains from the disposal or redemption of Notes are not subject to German taxation in the case of non-residents, *i.e.* persons having neither their residence nor their habitual abode nor legal domicile nor place of effective management in the Federal Republic of Germany, unless the Notes form part of the business property of a permanent establishment maintained in the Federal Republic of Germany, or for which a permanent representative has been appointed in the Federal Republic of Germany. Interest may, however, also be subject to German income tax if it otherwise constitutes income taxable in Germany, such as income from the letting and leasing of certain German-situs property or income from certain capital investments directly or indirectly secured by German-situs real estate.

Non-residents of the Federal Republic of Germany are in general exempt from German withholding tax on interest and capital gains and from solidarity surcharge thereon. However, if the interest or capital gain is subject to German taxation as set forth in the preceding paragraph and the Notes are held in custody, or are administered, or if their disposal is executed, by a Disbursing Agent (as defined above), withholding tax will be levied as explained above at "*Notes held by tax residents as business assets*" or at "*Notes held by tax residents as non-business assets*", respectively.

Particularities of Notes with a negative yield

Holders will only realise a taxable capital gain if they receive, upon a disposal of the Notes, an amount in excess of the issue price (or the purchase price they paid for the Notes).

Contrary thereto, Holders who subscribe the Notes at the issue price and hold the Notes until their final maturity will realise a loss if the issue price is higher than the redemption price. The tax treatment of such losses is not entirely clear:

If the Notes are held by tax residents as non-business assets, statements of the German tax authorities regarding „negative interest“ incurred on bank deposits made by private investors arguably imply that such losses cannot be fully deducted. Such losses are rather treated as expenses in connection with capital investment income and, are, consequently not tax-deductible except for an annual lump-sum deduction (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for individuals filing jointly).

If the Notes are held by tax residents as business assets, recently published statements of the German tax authorities regarding “negative interest” incurred on bank deposits made by business investors arguably imply that such losses are generally tax deductible.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Note will generally arise under the laws of the Federal Republic of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a tax resident of the Federal Republic of Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in the Federal Republic of Germany. Exceptions from this rule apply to certain German citizens who previously maintained a residence in the Federal Republic of Germany.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in the Federal Republic of Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in the Federal Republic of Germany.

Certain Foreign Account Tax Compliance Act Considerations

Certain non-U.S. financial institutions must comply with information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States accountholders to avoid becoming subject to withholding on certain payments. Non-United States financial institutions may accordingly be required to report information to the United States Internal Revenue Service regarding the holders of notes and to withhold on a portion of payments under the notes to certain holders that fail to comply with the relevant information reporting requirements (or hold notes directly or indirectly through certain non-compliant intermediaries). However, such withholding would generally not apply to payments made before January 1, 2019, unless such payments are characterised from sources within the United States. Moreover, such withholding would generally only apply to notes issued at least six months after the date on which final regulations implementing such rule are enacted. Holders are urged to consult their tax advisors and any banks or brokers through which they will hold notes as to the consequences (if any) of these rules to them.

The proposed Financial Transaction Tax

The European Commission has published a proposal for a Directive for a common Financial Transaction Tax (“FTT”) in certain participating Member States. The proposed FTT has very broad scope and could apply to certain dealings in financial instruments (including secondary market transactions). The FTT could apply to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in financial instruments where at least one party is a financial institution, and either (i) at least one party is established or deemed to be established in a participating Member State or (ii) the financial instruments are issued in a participating Member State. However, the proposed Directive remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Prospective Holders of Notes are advised to seek their own personal advice in relation to FTT.
