The Notes may be issued on a continuous basis to one or more of the Dealers below and any additional Dealer appointed under the Programme from time to time, which appointments may be for a specific issue or on an ongoing basis (each a “**Dealer**” and together the “**Dealers**”). References in this Base Prospectus to the “**relevant Dealer**” shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes. References in this Base Prospectus to the “**relevant Issuer**” shall, in the case of any issue of Notes, be to the Issuer which has agreed to issue such Notes.

This Base Prospectus does not comprise a prospectus or a base prospectus for the purposes of Regulation (EU) 2017/1129 (the “Prospectus Regulation”). This Base Prospectus has been prepared solely in order to allow Notes to be offered in circumstances which do not impose an obligation on the Issuers or any Dealer to publish or supplement a prospectus under the Prospectus Regulation. No prospectus is required in accordance with the Prospectus Regulation in relation to offers of Notes under this Base Prospectus.

This Base Prospectus may only be used for the purposes for which it has been published.

This Base Prospectus constitutes a prospectus for the purposes of Part IV of the Luxembourg Law of 16 July 2019 relating to prospectuses for securities. Application has been made for the Notes to be admitted to listing on the Official List of the Luxembourg Stock Exchange (the “**Official List**”) and to trading on the Luxembourg Stock Exchange’s Euro MTF Market (the “**Euro MTF Market**”). References in this Base Prospectus to Notes being listed (and all related references) shall mean that such Notes have been admitted to trading on the Euro MTF Market and have been listed on the Official List. The Euro MTF Market is not a regulated market for the purposes of Directive 2014/65/EU (as amended, “**MiFID II**”). This Base Prospectus has not been approved by and will not be submitted for approval to the *Commission de surveillance du secteur financier* of Luxembourg.

The Notes may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act (the “**FinSA**”) and no application has or will be made to admit the Notes to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this Base Prospectus nor any other offering or marketing material relating to the Notes constitutes a prospectus pursuant to the FinSA, and neither this Base Prospectus nor any other offering or marketing material relating to the Notes may be publicly distributed or otherwise made publicly available in Switzerland.

As specified in the applicable Pricing Supplement, an issue of Notes may or may not be listed or admitted to trading, as the case may be, on the Luxembourg Stock Exchange and/or any other stock exchange(s), market(s) or quotation system(s) as may be agreed between the relevant Issuer and the relevant Dealer(s).

With respect to a particular Series (as defined on page iii) of Notes issued in registered form (“**Registered Notes**”), the Registered Notes of each Tranche (as defined on page iii) of such Series will be sold outside the United States in reliance on Regulation S under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”). Such Notes will be represented by a global note in registered form, without interest coupons (a “**Reg. S Global Note**”), which will be registered in the name of Citivic Nominees Limited as nominee for, and will be deposited with Citibank, N.A., as common depository for, and in respect of interests held through, Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream**”). If a Reg. S Global Note is held under the New Safekeeping Structure (the “**NSS**”), the Reg. S Global Note will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear and Clearstream. Prior to expiry of the period that ends 40 days after completion of the distribution of each Tranche of Notes (the “**distribution compliance period**”), beneficial interests in the Reg. S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person (as defined in Regulation S under the U.S. Securities Act), and may not be held otherwise than through Euroclear and Clearstream. Registered Notes in individual form will be issued in exchange for interests in the Reg. S Global Note upon compliance with the procedures for exchange as described in “*Description of Notes in Global Form*” below in the limited circumstances described in the applicable Pricing Supplement. Registered Notes in individual registered form from the date of issue may also be sold outside the United States in reliance on Regulation S under the U.S. Securities Act.

Each Tranche of Notes issued in bearer form (“**Bearer Notes**”) (other than a Tranche of Listed Swiss Franc Notes, as to which see “*Description of Notes in Global Form*”) will initially be represented by a temporary bearer global Note (a “**Temporary Global Note**”) or, if so specified in the applicable Pricing Supplement, a permanent Global Note (a “**Permanent Global Note**”, together with the Temporary Global Note, the “**Bearer Global Notes**”) which if the Bearer Global Notes are not intended to be issued in new global note (“**New Global Note**” or “**NGN**”) form, will be deposited on or around the relevant issue date with a common depository (the “**Common Depository**”) for Euroclear and Clearstream, and if the Bearer Global Notes are intended to be issued in NGN form, will be deposited on or around the relevant issue date with a Common Safekeeper for Euroclear and Clearstream. Beneficial interests in a Temporary Global Note will be exchangeable for either beneficial interests in a Permanent Global Note or Definitive Bearer Notes upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury Regulations and thereafter any Permanent Global Note may be exchanged for Definitive Bearer Notes in the circumstances described in the applicable Pricing Supplement, in each case in accordance with the procedures described in “*Description of Notes in Global Form*” below. All Bearer Notes issued by ZHCA will be issued so as to be in registered form for U.S. federal income tax purposes.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Base Prospectus.

Information contained in this Base Prospectus under the heading “*Zurich Holding Company of America, Inc.*” has been supplied by ZHCA, which, together with ZIC, accepts responsibility for the accuracy of such information. ZF (Australia) and ZF (Ireland) do not accept responsibility for the accuracy of such information, nor have they independently verified any such information.

This Base Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “*Documents Incorporated by Reference*” below). This Base Prospectus shall, save as specified herein, be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus.

Notes will be issued in series (each a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on different issue dates.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche of Notes will be set forth in the pricing supplement (the “**applicable Pricing Supplement**” or “**relevant Pricing Supplement**”) which, with respect to Notes to be listed on a stock exchange, will be delivered to the stock exchange on or before the date of issue of the Notes of such Tranche. Notes that will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system may also be issued pursuant to the Programme by any of the Issuers.

No representation, warranty or undertaking, express or implied, is made and to the fullest extent permitted by law the Dealers, the Agents and the Trustee (each as defined in the relevant terms and conditions of the Notes (the “**Conditions**”)) disclaim all responsibility or liability which they might otherwise have as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by any Issuer in connection with the Programme or the Notes or their distribution. The statements made in this paragraph are made without prejudice to the responsibility of each Issuer under the Programme.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any Issuer, the Trustee, the Agents, or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation or offer by any Issuer, the Trustee, the Agents or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer or ZIC (where ZIC is not the relevant Issuer). Neither this Base Prospectus nor any other information supplied in connection with the Programme nor the issue of any Notes constitute an offer by or on behalf of any Issuer, the Trustee, the Agents or any of the Dealers to any person to subscribe for or to purchase any Notes.

The delivery of this Base Prospectus does not at any time imply that the information contained herein concerning the Issuers is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers, the Agents and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuers during the life of the Programme. Investors should review, *inter alia*, the most recently published audited annual financial statements and, if published later, the most recently published interim financial statements (if any) of the relevant Issuer and ZIC (where ZIC is not the relevant Issuer) when deciding whether or not to purchase any Notes.

The Pricing Supplement in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market

assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment and determining appropriate distribution channels).

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

BENCHMARK REGULATION: Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the “**Benchmark Regulation**”). If any such reference rate does constitute such a benchmark, the applicable Pricing Supplement will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“**ESMA**”) pursuant to Article 36 of the Benchmark Regulation. Not every reference rate will fall within the scope of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Pricing Supplement (or, if located outside the European Union or the United Kingdom (the “**UK**”), recognition, endorsement or equivalence). The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the relevant Issuer does not intend to update the relevant Pricing Supplement to reflect any change in the registration status of the administrator.

If the relevant Pricing Supplement in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA and UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or the UK may be unlawful under the PRIIPs Regulation.

The Notes have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and the Notes may include bearer Notes that are subject to U.S. tax law requirements. Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act) except in accordance with Regulation S under the U.S. Securities Act or pursuant to an exemption from the registration requirements of the U.S. Securities Act (see “*Subscription and Sale*” below) and hedging transactions involving the Notes may not be conducted unless in compliance with the U.S. Securities Act.

The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Trustee, the Agents and the Dealers do not represent that this document may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Trustee, the Agents or the Dealers which would permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made in compliance with applicable law. Persons into whose possession this Base Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA, the UK, Ireland, Japan, Australia and Singapore (see “*Subscription and Sale*” below).

The Programme has been assigned credit ratings by S&P Global Ratings Europe Limited (“**S&P**”) of A+ for Senior Notes, A for Subordinated Notes and A for Deeply Subordinated Notes. The Programme has been assigned credit ratings by Moody’s Investors Service Ltd. (“**Moody’s**”) of A1 for Senior Notes, A2 for Subordinated Notes and A3 for Deeply Subordinated Notes. These ratings apply only to Subordinated Notes or Deeply Subordinated Notes in respect of which a Write-Down Event is not specified in the applicable Pricing Supplement as being applicable. Subordinated Notes or Deeply Subordinated Notes in respect of which a Write-Down Event is specified in the applicable Pricing Supplement as being applicable will be assigned an individual rating depending on the nature of the Write-Down Event specified. S&P and Moody’s are established in the EEA and in the UK, respectively, and both are registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as amended (the “**CRA Regulation**”). A list of registered and certified rating agencies published by the ESMA in accordance with the CRA Regulation can be found on its website, though this is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. S&P and Moody’s are included in this list as at the date of this Base Prospectus.

Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Pricing Supplement. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Pricing Supplement. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Any investment in any Notes issued by ZF (Ireland) does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Central Bank of Ireland. ZF (Ireland) is not regulated by the Central Bank of Ireland by virtue of the issue of any Notes.

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN THE APPLICABLE PRICING SUPPLEMENT MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES OF THE SERIES OF WHICH SUCH TRANCHE FORMS PART AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE PRICING SUPPLEMENT OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSON(S) ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

RISK FACTORS

Prospective investors should carefully consider all of the information set forth in this Base Prospectus, the applicable Pricing Supplement and any documents incorporated by reference before deciding to invest in any Notes. Prospective investors should have particular regard to, among other matters, the considerations set out in this Risk Factors section of the Base Prospectus. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Each of the Issuers and ZIC believe that the following factors may affect their ability to fulfil their respective obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and none of the Issuers nor ZIC are in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below. None of the Issuers or ZIC represent that the statements below regarding the risks of holding any Notes are exhaustive.

FACTORS THAT MAY AFFECT THE ISSUERS' ABILITY TO COMPLY WITH THEIR OBLIGATIONS UNDER OR IN CONNECTION WITH NOTES ISSUED UNDER THE PROGRAMME OR OF ZIC TO COMPLY WITH ITS OBLIGATIONS UNDER ITS GUARANTEE

Reliance of investors on the creditworthiness of the relevant Issuer and ZIC (as applicable)

The Senior Notes and the ZIC Senior Guarantee (as applicable) will constitute direct, unsecured and senior obligations of the relevant Issuer and ZIC (as applicable), respectively. The Senior Notes will rank equally among themselves and equally with all other unsecured and unsubordinated obligations of the relevant Issuer, present and future, save for statutorily preferred exceptions, but in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights. The ZIC Senior Guarantee will rank equally with all ZIC's other outstanding unsecured and unsubordinated obligations, present and future, save for statutorily preferred exceptions, but in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

The ZIC Subordinated Notes and the ZIC Subordinated Guarantee (as applicable) will constitute direct, unsecured and subordinated obligations of ZIC and will rank (a) junior to Senior Notes issued by ZIC and to the ZIC Senior Guarantee and (b) equally among themselves and with any other securities or obligations of ZIC, which whether now or in the future rank or are expressed to rank *pari passu* with the claims of the holders of the ZIC Subordinated Notes.

The Guaranteed Subordinated Notes issued by ZF (Australia) or ZF (Ireland) will constitute direct, unsecured and subordinated obligations of the relevant Issuer and rank (a) junior to Senior Notes issued by the relevant Issuer and (b) equally among themselves and with any other securities or obligations of the relevant Issuer, which whether now or in the future rank or are expressed to rank *pari passu* with the claims of the holders of the Guaranteed Subordinated Notes issued by the relevant Issuer.

The ZIC Deeply Subordinated Notes and the ZIC Deeply Subordinated Guarantee (as applicable) will constitute direct, unsecured and subordinated obligations of ZIC and will rank (a) junior to ZIC Subordinated Notes and the ZIC Subordinated Guarantee and (b) equally among themselves and with all other securities or obligations of ZIC, which whether now or in the future rank or are expressed to rank *pari passu* with the claims of the holders of the ZIC Deeply Subordinated Notes and/or the claims of the beneficiaries under the ZIC Deeply Subordinated Guarantee.

The Guaranteed Deeply Subordinated Notes issued by ZF (Ireland) will constitute direct, unsecured and subordinated obligations of ZF (Ireland) and will rank (a) junior to Guaranteed Subordinated Notes issued by ZF (Ireland) and (b) equally among themselves and with any other securities or obligations of ZF (Ireland), which whether now or in the future rank or are expressed to rank *pari passu* with the claims of the holders of the Guaranteed Deeply Subordinated Notes issued by ZF (Ireland).

It should be noted that mandatory provisions of law may operate such that certain other obligations of the relevant Issuer or ZIC must be satisfied in preference to their obligations under the Notes or the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee (as applicable). In particular, ZIC is subject to certain insurance and financial services laws, regulations and policies which include provisions whereby certain assets are tied to obligations towards the policyholders and cannot be used for settlement of obligations to other creditors. This could affect its position under the Notes or the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee (as applicable) either in its capacity as Guarantor or as Issuer (as applicable).

Noteholders are dependent solely on the ability of the relevant Issuer and ZIC to comply with its obligations under the Notes and the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee (as applicable), and do not have the benefit of collateral or other forms of credit support.

Any actual or perceived deterioration in the financial condition, results of operations or cashflow of the relevant Issuer, ZIC or Zurich Insurance Group (as defined below) could have a negative effect on the ability of the relevant Issuer or ZIC, as the case may be, to comply with its obligations under the Notes and the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee (as applicable). In addition, investment in the Notes involves the risk that subsequent changes

in actual or perceived creditworthiness of the relevant Issuer, ZIC or Zurich Insurance Group (as defined below) (as applicable) may adversely affect the market value of the Notes.

Ratings

The financial strength and issuer credit ratings assigned to ZIC and other subsidiaries of Zurich Insurance Group Ltd (“ZIG” and, together with its subsidiaries, the “Zurich Insurance Group”) may be changed, suspended or withdrawn at any time by rating agencies. A downgrade, or the potential for such a downgrade, to the financial strength or issuer credit ratings assigned to ZIC or other Zurich Insurance Group entities may have an adverse effect on their competitive and financial position. Rating agencies look at a range of rating factors. For example, large losses due to natural catastrophes could weaken the financial position of ZIC or other Zurich Insurance Group entities and trigger a downgrade of their respective ratings. The Zurich Insurance Group has issued debt through various entities. Ultimately the credit ratings of these debt issues are linked to the financial strength ratings of ZIC. Changes in credit ratings may affect both the ability to obtain new financing and the cost of financing.

The ZIC Group is subject to global economic, market and business risks with respect to the ongoing COVID-19 pandemic

The novel coronavirus disease (“COVID-19”) pandemic, and the restrictive measures introduced by authorities across the world seeking to contain the spread of the virus, have had, and are expected to continue to have, a significant negative impact on global economic activity. The COVID-19 pandemic has also led to increased volatility in financial markets, with steep declines in equity markets and a widening of credit spreads in March 2020.

In addition, the COVID-19 pandemic has led to ZIC and its subsidiaries (collectively the “ZIC Group”) to introduce remote working for employees and to cancel physical meetings and international business travel. As at the date of this Base Prospectus, the ZIC Group’s most important business services are being maintained. However, the changes made to the ZIC Group’s operating model to move to remote working may increase operational risks in relation to matters such as pricing and claims processing.

The full severity and duration of the impact of the COVID-19 pandemic on the global economy is currently uncertain. If there are prolonged or recurring outbreaks of COVID-19 or further diseases emerge that give rise to similar effects, global, regional or local macroeconomic conditions may be materially and adversely affected and there could be further declines or volatility in financial markets and in the valuation of financial instruments and investments. As an insurer, the ZIC Group is impacted by the COVID-19 pandemic in connection with claims arising from disruption to business and travel that it has insured, as well as, in relation to its life insurance business, by increased rates of disability or mortality arising from the pandemic. In connection with COVID-19, the ZIC Group could also be subject to regulatory, legislative, governmental or litigation-related developments affecting the extent of potential losses under policies written by a member of the ZIC Group or potentially exposing the ZIC Group to additional losses if terms or conditions of policies are retroactively amended by way of legislative or regulatory action.

While ZIC cannot at this stage predict the full impact and consequences for the ZIC Group of the ongoing pandemic, a severe or extended downturn in global economic conditions could have a material adverse effect on the business, capital position, results of operations and financial condition of the ZIC Group.

The businesses, earnings and financial condition of ZIC and its operating subsidiaries are subject to the global economic, political and financial market environment and thus vulnerable to any slowdown or potential disruptions

The performance of ZIC and its operating subsidiaries has been and will continue to be influenced by the economic conditions of the countries in which it operates. Any new material dislocation of the financial system or the economy could lead to material levels of illiquidity, resulting in the development of significant problems for a number of the world’s largest countries, corporate and financial institutions many of which are customers and counterparties of ZIC and its operating subsidiaries in the ordinary course of business.

The performance of ZIC and its operating subsidiaries may be affected by economic conditions impacting sovereign states including euro-zone member states. Any resulting increase in sovereign funding requirements may lead to the issue of significant volumes of debt, which may in turn reduce demand for debt issued by financial institutions and corporate borrowers. This could adversely affect the Zurich Insurance Group’s access to the debt capital markets and may increase its funding costs, having a negative impact on its earnings and financial condition.

Volatility and disruption of capital and credit markets (including that arising by reason of the financial difficulties experienced by sovereign states described above) could affect ZIC’s own invested assets and the availability and cost of credit for financial institutions, including ZIC and its operating subsidiaries, and could continue to impact the credit quality of customers and counterparties. Such conditions, alone or in combination with regulatory changes or actions of other market participants, may cause ZIC and its operating subsidiaries to experience reductions in business activity, increased funding costs and funding pressures, decreased asset values, write-downs and impairment charges, lower profitability, insufficient capital to match regulatory requirements, or the incurrence of losses.

In addition, ZIC and its operating subsidiaries will continue to be exposed to the risk of loss if major counterparty financial and other institutions fail or are otherwise unable to meet their obligations. Their performance may also be affected by future recovery rates on assets and the historical assumptions underlying asset recovery rates, which may no longer be accurate given the unprecedented market disruption and general economic instability. Invested assets can become illiquid resulting in inability to

monetise them if needed to meet unexpected liquidity needs. The precise nature of all the risks and uncertainties faced by ZIC and its operating subsidiaries as a result of current economic conditions cannot be predicted and many of these risks are outside their control.

Furthermore, ZIC and its operating subsidiaries may be exposed to increased geopolitical risk and political uncertainty. In particular, the United Kingdom's withdrawal from the European Union, the rise of European nationalist parties and expressions of support for increased protectionism in the United States may be indicative of a trend in favour of anti-globalisation. If such a trend continues to develop, it may adversely affect the global economy, its multilateral institutions and the markets in which ZIC and its operating subsidiaries conduct business, and may also result in an increasingly fragmented system of financial services regulation, all of which may have a material adverse effect on the results of operations and the financial condition of the ZIC Group.

The actual or perceived failure or worsening credit risk of counterparties of ZIC or counterparties of ZIC's subsidiaries has adversely affected and could continue to adversely affect ZIC and its subsidiaries

The ability of the ZIC Group to engage in routine financial transactions could be adversely affected by the actual or perceived failure or worsening credit of its counterparties, including other financial institutions and corporate borrowers. The ZIC Group has exposure to many different industries and counterparties and routinely executes transactions with counterparties in the financial industry, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, other insurance companies and other institutional clients. As a result, defaults by, or even the perceived lack of creditworthiness of or concerns about financial services institutions or the financial services industry generally, have led to market-wide liquidity problems and could lead to losses or defaults by the ZIC Group or by other institutions. Many of these transactions expose the ZIC Group to credit risk in the event of default of the ZIC Group's counterparty or client. In addition, the ZIC Group's credit risk is exacerbated when the collateral it holds cannot be realised or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure that is due to the ZIC Group, which is most likely to occur during periods of illiquidity and depressed asset valuations. Any such losses could have a material adverse effect on the ZIC Group's results of operations and financial condition. In addition, liquidity may be limited if the Issuer makes large allocations to a limited number of investors.

The ZIC Group's earnings and financial condition have been, and its future earnings and financial condition are, affected by asset valuations resulting from market conditions

Financial markets can be subject to significant stress conditions, where steep falls in perceived or actual asset values have been accompanied by a severe reduction in market liquidity, as exemplified by events affecting asset backed collateralised debt obligations ("CDOs"), the U.S. sub-prime residential mortgage market, the leveraged loan market and peripheral euro-zone debt markets. In dislocated markets, hedging and other risk management strategies have proven not to be as effective as they are in normal market conditions due in part to the decreasing credit quality of hedge counterparties, including monoline and other insurance companies and credit derivative product companies. Moreover, market volatility and illiquidity makes it difficult to value certain of the ZIC Group's exposures. Valuations in future periods, reflecting, among other things, then-prevailing market conditions and changes in the credit ratings of certain of the ZIC Group's assets, may result in significant changes in the fair values of the ZIC Group's exposures, even in respect of exposures for which the ZIC Group has previously recorded write-downs. In addition, the value ultimately realised by the ZIC Group may be materially different from the current or estimated fair value. Any of these factors could require the ZIC Group to recognise further significant write-downs or realise increased impairment charges, any of which may adversely affect their capital position, their financial condition and their results of operations.

Factors such as consumer spending, business investment, government oversight, the volatility and strength of the capital markets, and inflation all affect the business and economic environment and, ultimately, the amount and profitability of the ZIC Group's business

In an economic downturn characterised by higher unemployment, lower family income, lower corporate earnings, lower business investment and lower consumer spending, the demand for the ZIC Group's financial and insurance products could be adversely affected. In addition, the ZIC Group may experience an elevated incidence of claims and lapses or surrenders of policies. The ZIC Group's policyholders may choose to defer paying insurance premiums or stop paying insurance premiums altogether. Adverse changes in the economy could affect earnings negatively and could have a material adverse effect on its business, results of operations and financial condition. Because insurance assets serve as collateral for policyholder liabilities in most regulated jurisdictions, even limited losses on invested assets can have a severe adverse impact on the value and/or on cash flows available to service liabilities related to issued senior or subordinated debt of the ZIC Group. In addition, regulators or courts may block, confiscate or otherwise influence the status of the ZIC Group's invested assets, impairing their ability to service their obligations.

The ZIC Group is exposed to risks associated with climate change

Changes are expected in the frequency, severity and geographical distribution of extreme weather events, such as tropical cyclones and extreme rainfall and associated flooding or heat waves in the event that society fails to limit climate change to well below an

increase of two degrees celsius. The ZIC Group is exposed to physical risk of climate change through its underwriting and real estate investment portfolios. Changes in frequency and severity of events caused by climate change add to the challenges in accurately measuring expected impacts. As commercial catastrophe models are typically based on historical data and hence backward-looking, they might not sufficiently account for climate risks already materializing. There is also a risk that physical events reduce the profitability of investments across asset classes. See also “*Natural and man-made catastrophe risks*”.

In addition to these physical risks, the technological and policy changes required to achieve a transition to a low-carbon economy in response to climate change create their own sets of risks. The transition, which most likely would involve fundamental changes to all parts of the economy, could be disruptive, as significant asset price moves may be required to shift resources to low-carbon technology on a global scale. Changes in public perception and the regulatory landscape could reshape legal and reputational risks. The ZIC Group could be exposed to transition risks if it fails to manage changing market conditions and customer needs as part of the transition to a low-carbon economy, resulting in asset impairment, opportunity cost and lost market share. In a transition scenario, industries unable to de-carbonise could experience declining profitability and lack of re-financing, which could lead to a lack of maintenance with increasing rates of outages and equipment break-downs that translate into higher insurance losses. Failure to manage transition risk could also lead to reputational impacts, both internal and external, resulting from a failure to deliver on publicly stated commitments. In addition, the increasing frequency of climate-related legal action indicates that climate-related litigation could represent a significant potential risk in the long term.

ZIC is an operating company and the shareholder of several subsidiaries. A considerable part of its income depends on distributions from its subsidiaries. If distributions from ZIC’s subsidiaries are materially impaired, ZIC’s ability to make interest or principal payments on the Senior Notes, Subordinated Notes or Deeply Subordinated Notes issued by ZIC or payments under the ZIC Senior Guarantees, ZIC Subordinated Guarantees or ZIC Deeply Subordinated Guarantees given by ZIC for Notes issued by the other Issuers may be adversely affected

ZIC is an operative company and the shareholder of several subsidiaries. A considerable part of its assets consists of shares of stock or other equity interests in or amounts due from subsidiaries. A considerable part of its income is derived from those subsidiaries.

ZIC’s insurance subsidiaries may declare and pay dividends only if they are permitted to do so under the insurance regulations of their respective states of domicile. If insurance regulators otherwise determine that a cash distribution would be detrimental to an insurance subsidiary’s policyholders or creditors, because of the financial condition of the insurance subsidiary or otherwise, the regulators may block cash distributions that would otherwise be permitted without prior approval. Accordingly, the ability of certain subsidiaries to pay dividends and other distributions and to make loans to ZIC could be restricted.

ZIC’s insurance subsidiaries must comply with various laws which may require them to maintain minimum amounts of working capital, surplus and reserves and place restrictions on the amount of dividends that they can distribute. Compliance with these laws will limit the amounts ZIC’s regulated subsidiaries can pay as dividends.

Accordingly, restrictions on the ability of ZIC’s subsidiaries to pay dividends or to make other cash payments may materially affect ZIC’s ability to meet (i) obligations with respect to the Senior Notes, Subordinated Notes or Deeply Subordinated Notes ZIC issues, including the payment of principal and interest and (ii) obligations under the ZIC Senior Guarantees, ZIC Subordinated Guarantees or ZIC Deeply Subordinated Guarantees given by ZIC for Notes issued by the other Issuers.

In addition, as an equity holder, ZIC’s ability to participate in any distribution of assets in a winding-up of any subsidiary is subordinate to the claims of creditors of the subsidiary, except to the extent that any claims ZIC may have as a creditor of the subsidiary are judicially recognised.

The ZIC Group has credit exposure arising from OTC derivative contracts

The ZIC Group has credit exposure arising from over-the-counter derivative contracts which are carried at fair value. The fair value of these over-the-counter derivatives, as well as the ZIC Group’s exposure to the risk of default by the underlying counterparties, depends on the valuation and the perceived credit risk of the instrument against which protection has been bought.

The ZIC Group relies on third-party vendors for technology and information systems that are critical to its business

The ZIC Group depends significantly on the effective operation of its technology and information systems. A substantial part of its technology and information systems are provided by third-party vendors. Accordingly, if any key vendor were unable to continue to provide its products or services or keep pace with advancements in technology, the ZIC Group may suffer operational impairments which could have a material adverse effect on its business, financial condition or results of operations. In addition, any failure on the part of any key vendor to protect the personal information of the ZIC Group’s customers, claimants or employees could interrupt or damage the ZIC Group’s operations, harm its reputation, lead to fines, a loss in competitive advantage or to lawsuits or regulatory actions or otherwise have a material adverse effect on its business, financial condition or results of operations.

If the ZIC Group experiences difficulties with data security, its ability to conduct its business could be negatively impacted

The ZIC Group's operations rely on the secure processing, storage and transmission of confidential and other information in its computer systems and networks. Computer viruses, hackers, employee misconduct or other external hazards could expose its data systems to security breaches. As part of its business, the ZIC Group routinely transmits and receives personal, confidential and proprietary information by email and other electronic means. Although the ZIC Group believes that it has effective controls in place to secure transmission capabilities with third-party vendors and others with whom it does business, there always remains a residual risk of a data security incident.

The residual risks, and increased regulatory requirements regarding data security, could potentially expose the ZIC Group to data loss, monetary or reputational damages, fines or significant increased compliance costs. As a result, the ZIC Group's ability to conduct its business might be adversely affected.

Risk of insufficiency of loss reserves

ZIC and its operating subsidiaries maintain loss reserves for their insurance and run-off reinsurance businesses to cover estimated liability for losses and loss adjustment expenses for reported and unreported losses incurred as of the end of each accounting period. Such loss reserves may prove to be inadequate to cover actual losses and benefits experience. Additional losses, including losses arising from changes in the interpretation of legal liability, or the assessment of damages caused by judicial decisions or changes in law, the type of magnitude of which cannot be foreseen, may emerge in the future.

Loss reserves are established such that the provision for losses and benefits represents an amount that is believed to be greater than the mathematically expected amount that will be required to ultimately settle all claims incurred as of the fiscal year-end and interim statements. As such the provision makes allowance for identified sensitivities underlying the reserve estimates. These estimates are based on actuarial and statistical projections, at a given time, of facts and circumstances known at that time and estimates of trends in loss severity and other variable factors, including new concepts of liability or other changes in legal precedents and general economic conditions. Changes in these trends or other variable factors could result in claims in excess of loss reserves.

For some types of losses, most significantly long tail exposures under workers' compensation and general liability contracts, as well as losses related to asbestos and environmental pollution, it has been necessary, and may over time be necessary, to increase estimated ultimate loss and, therefore, the related loss reserves. Consequently, actual losses, benefits and related expenses paid may differ from estimates reflected in the loss reserves in the financial statements of ZIC or its operating subsidiaries.

Any insufficiencies in or need to increase loss reserves maintained by ZIC or its operating subsidiaries for future claims on insurance obligations underwritten by ZIC or its operating subsidiaries could have a material adverse effect on the financial condition, results of operations and cash flows of ZIC or its operating subsidiaries (as applicable).

Life insurance:

Biometric Risks

Assumptions about mortality and morbidity used in pricing products are based on information provided from company and industry statistics and market information. These assumptions relate to the ZIC Group's best estimate of the experience in each year. However a global pandemic, such as COVID-19, avian flu or swine flu, may produce an increase in mortality or morbidity in excess of its assumptions. This will lead to the number of claims being paid being greater than planned. These types of events are considered when assessing and reviewing a variety of financial covers, such as reinsurance.

Life expectancies continue to increase in the world's developed areas. If mortality estimates, including rates of future mortality improvement, prove to understate such rates of improvement, liabilities to policyholders in connection with pensions and annuity products will increase at a rate faster than expected. This may lead to significant unexpected losses.

Surrenders

Surrenders of deferred annuities and life insurance products can result in losses and decreased revenues relating to future profits if surrender levels differ significantly from assumed levels. Surrenders could require the ZIC Group to dispose of assets earlier than planned, possibly at a loss especially if involving early redemption of large illiquid assets. Moreover, surrenders require faster amortisation of the ZIC Group's deferred acquisition costs associated with the original sale of a product, thus reducing its net income.

Options and guarantees

Some life products contain options and guarantees for policyholders, such as guaranteed interest rates and surrender guarantees. These vary by product and country in which they have been written. Adverse financial market movements may result in increases in the value of these guarantees. The long term characteristic of the liabilities, especially for annuity and pension products or back-ended products (where claims are paid later than premiums), represents a potential reinvestment risk for the ZIC Group's life business. Asset liability management follows this risk closely, and financial hedges are introduced when deemed necessary.

Similarly, a significant increase in yield curves might encourage financially aware policyholders to lapse their contracts on guaranteed terms, resulting in significant losses from realised capital losses and decreased revenues.

Variable Life Insurance Contracts with Guarantees or Stable Value Protection Features

Certain of the ZIC Group's subsidiaries sell variable life insurance products under which premiums are deposited into underlying funds selected by the policyholder and the policyholder bears the full investment risk associated with such funds. However, certain variable life insurance products have also been sold which contain guarantees or stable value protection features for which ZIC Group subsidiaries have recorded additional policyholder benefits.

Variable life insurance products that contain guarantees arise primarily in the subsidiary Zurich American Life Insurance Company ("ZALICO") (formerly known as Kemper Investors Life Insurance Company or KILICO) which in the past wrote variable annuity contracts that provided policyholders with certain guarantees related to minimum death and income benefits. After 2001, ZALICO stopped issuing these contracts. The ZIC Group has a dynamic hedging strategy to manage its economic exposure and reduce the volatility associated with this closed book of variable annuity contracts and has substantially reduced the size of this portfolio in recent years through the implementation of buy-back programmes to settle policies on agreed terms. New life insurance products developed with financial guarantees are subject to review and approval by the ZIC Group-level product approval committee.

Variable life insurance products that contain stable value protection features ("SVPs") are designed to amortise on a quarterly basis the investment gains and losses of the investment portfolios underlying these contracts, which are owned by banks (Bank Owned Life Insurance or BOLI) and other companies (Company Owned Life Insurance or COLI). Premiums received from policyholders under these policies are invested in separate account portfolios. Throughout the life of the policies, policyholders are entitled, in addition to mortality cover, to the tax-exempt investment returns of such separate account portfolios. The policies are long duration contracts providing charges and benefits over a policy life that can be greater than 40 years. When SVPs form part of these investment portfolios, they reduce the volatility of the policyholders' investment returns. In the event that a policy is surrendered which has a positive SVP value, the policyholder would be entitled to recover such SVP value as well as the market value of the underlying investments. Certain policy features, including in some cases the right to delay settlement of surrender payments, as well as the applicable tax regulations, provide disincentives for surrender. The ZIC Group monitors the risk of surrender on an ongoing basis and considers the likelihood of surrender as an input factor to the model to determine the fair value of the SVPs.

Inability of reinsurers to meet their obligations and unavailability of reinsurance

ZIC and its operating subsidiaries transfer exposure to certain risks to third parties through reinsurance arrangements. The availability, amount and cost of reinsurance depend on general market conditions and may vary significantly. Although periodic reviews of the financial statements and reputations of the relevant reinsurers are conducted, such reinsurers may become financially unable or unwilling to honour their commitments by the time they are called upon to pay amounts due, which may not occur for many years. In addition, reinsurance may prove inadequate to protect against losses or may become unavailable in the future at commercially reasonable rates.

Competition risks

ZIC and its operating subsidiaries participate in a highly competitive market. Developments in this market and increased competition may adversely affect the financial position of ZIC and its operating subsidiaries. Continued consolidation of the insurance industry could lead to market-wide price reductions resulting in pressure on margins. Such competitive pressure may lead to adjustments to policy terms, withdrawal from or reduction of capacity in certain business lines or reduction of prices resulting in decreased margins.

Foreign currency exchange risks

Due to the international nature of their businesses, the ZIC Group is exposed to various currency exchange risks which can affect liquidity, profit and loss, shareholders' equity, capital position and the overall economic enterprise value. ZIC's consolidated financial statements are reported in U.S. Dollars, but its assets, liabilities, income and expenses are denominated in many currencies with significant amounts notably in Euro, Swiss Franc, British Pound, U.S. Dollars and Australian Dollars. Therefore, fluctuations in exchange rates between currencies have an impact on the consolidated financial condition, results of operations and cash flow from year to year of ZIC.

Regulatory investigations, litigation and settlement risks

The ZIC Group is, and may in the future be, involved in civil litigation and/or regulatory investigations, the outcomes of which cannot be predicted.

The initiation of litigation proceedings and/or regulatory investigations and their outcomes may adversely affect the financial position of the ZIC Group.

For further details see "Zurich Insurance Company Ltd — Legal, Compliance and Regulatory Developments, Proceedings and Investigations" below.

Regulatory or legal changes

Insurance laws, regulations and policies currently governing ZIC and its operating subsidiaries may change at any time in ways which may adversely affect their business. Furthermore, it is not possible to predict the timing or form of any future regulatory initiatives. The ZIC Group is subject to applicable government regulation in each of the jurisdictions in which business is conducted, as well as to group supervision in Switzerland (its jurisdiction of incorporation). The insurance industry is affected by political, judicial and other legal developments which have at times in the past resulted in new or expanded scopes of liability.

Satisfaction of increased regulatory requirements could require additional regulatory capital, involve additional expense or otherwise adversely affect ZIC's financial position and that of its operating subsidiaries.

In Switzerland, risk based capital requirements are regulated in accordance with the Swiss Solvency Test (the "SST") as set forth in the Ordinance on the Supervision of Private Insurance Companies (the "**Insurance Supervisory Ordinance**", or "**ISO**") (*Verordnung über die Beaufsichtigung von privaten Versicherungsunternehmen – Aufsichtsverordnung, AVO*) of 9 November 2005, as amended from time to time. Swiss insurers are required to hold sufficient risk-bearing capital in order to cover their target capital under the SST. Following amendments to the ISO, which came into force on 1 July 2015, Swiss law no longer stipulates a Solvency I capital requirement. The revised ISO furthermore requires supervised entities to conduct their Own Risk and Solvency Assessment ("**ORSA**") and public disclosure requirements. The main purpose of the revision was to enable the European Commission to acknowledge the equivalence of the Swiss solvency provisions with Solvency II (see below).

On 7 September 2016, the Swiss Federal Council instructed the Swiss Federal Department of Finance to prepare a consultation draft for an amendment of the Federal Act on the Supervision of Insurance Companies (the "**Insurance Supervisory Act**", or "**ISA**") (*Bundesgesetz betreffend die Aufsicht über Versicherungsunternehmen – Versicherungsaufsichtsgesetz, VAG*). The amended ISA shall among other things introduce rules regarding the reorganisation of insurance companies and shall contain rules regarding due diligence requirements applicable to insurance companies providing financial services, which were originally envisaged to be covered in the Federal Financial Services Act. Given that neither the amended ISA nor the Swiss Federal Council's dispatch (explanatory report) regarding the amended ISA have been published as at the date of this Base Prospectus, the possible impact of the amended ISA on insurance companies and their businesses cannot be determined.

On 25 November 2009, Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance ("**Solvency II**") was adopted in the European Union. Solvency II came into force on 1 January 2016. Solvency II establishes economic risk-based solvency requirements which supersede Solvency I in their sophistication and risk-sensitiveness. As part of the risk management system, all EU/EEA insurance and reinsurance entities are required to conduct their ORSA, including the assessment of the overall solvency needs reflecting their specific risk profiles. As part of the disclosure provisions, companies have to publicly report their solvency and financial condition. Under Solvency II, the European Commission may, after consultation with the European Insurance and Occupational Pensions Authority ("**EIOPA**"), adopt decisions on equivalence of third-country systems. On 5 June 2015, following advice from EIOPA, the European Commission recognised the Swiss insurance supervision system as equivalent to Solvency II with regards to solvency requirements, group supervision and reinsurance.

In the United States, the Trump administration and Congress have indicated that the Dodd-Frank Act will be under further scrutiny and some of the provisions of the Dodd-Frank Act may be revised, repealed or amended. For example, on 3 February 2017, President Trump issued an executive order that called for a comprehensive review of the Dodd-Frank Act and required the Secretary of the Treasury to consult with the heads of the member agencies of the Financial Stability Oversight Council ("**FSOC**") to identify any laws, regulations or requirements that inhibit federal regulation of the financial system in a manner consistent with the core principles identified in the executive order. On 21 April 2017, President Trump issued a Presidential Memorandum for the Secretary of the Treasury that instructed the Secretary of the Treasury to review the FSOC designation process and to evaluate and report to the President on whether FSOC's activities related to non-bank systemically important financial institution ("**SIFI**") determinations are consistent with the executive order. In his 17 November 2017 report to the President, the Secretary of the Treasury recommended changes to FSOC's process for designating non-bank SIFIs, including prioritising an activities-based approach and enhancing the analytical process, engagement, and transparency of the designation process. On 4 December 2019, FSOC approved final guidance related to a revised process for designating non-bank SIFIs, which substantially changes FSOC's existing procedures by adopting an activities-based approach and moving away from the existing entities-based approach. In addition, on 24 May 2018, President Trump signed into law the Economic Growth, Regulatory Relief and Consumer Protection Act (the "**Reform Act**") which includes provisions meant to remove certain banking regulations contained in the Dodd-Frank Act. The Reform Act also directs the Director of Federal Insurance Office and the Board of Governors of the Federal Reserve to support increased transparency at global insurance or international standard-setting regulatory or supervisory forums, and to achieve consensus positions with the states through the National Association of Insurance Commissioners ("**NAIC**") prior to taking a position on any insurance proposal by a global insurance regulatory or supervisory forum. There is uncertainty with respect to the impact the Trump administration and Congress may have, if any, on the Dodd-Frank Act, and any changes likely will take time to unfold.

Currently, the U.S. federal government does not directly regulate the business of insurance. However, federal legislation and administrative policies in several other areas can significantly and adversely affect insurance companies. These areas include financial services regulation, securities regulation, pension regulation, privacy, tort reform legislation and taxation. Despite these

developments, other initiatives may be brought before the U.S. Congress in the future which seek to regulate the business of insurance at the federal level. The ZIC Group cannot predict whether any such proposals will be made (and, if made, whether such proposals will be adopted) nor can they predict what impact, if any, such proposals or, if enacted, such laws, could have on the ZIC Group's business, financial condition or results of operations.

The NAIC periodically considers and adopts revisions to the methodology for calculating the risk-based capital (“RBC”) ratios of insurance companies. Any such revisions may increase the amount of capital and reserves insurance companies are required to hold. If such potential revision of the NAIC's RBC ratio methodology would result in a reduction in the ZIC Group's combined RBC ratio, the ZIC Group's insurance subsidiaries may be required to hold additional capital and reserves. Any reduction in the RBC ratios of the ZIC Group's insurance subsidiaries could adversely affect their financial strength ratings.

In the wake of the financial crisis which began in 2008, a number of reforms of the regulation and supervision of financial institutions and markets have been proposed by regulators, governments, groups thereof (such as the G20) and international standard-setting bodies. These proposals primarily aim at addressing the issue of financial stability and the perceived gaps in the regulatory and supervisory frameworks at that time which might have contributed to the financial crisis, *inter alia*, possible changes in accounting standards (including fair value accounting), management remuneration structures, internal control systems, capital and liquidity requirements, and complexity of groups including their structures. These proposals also seek greater co-operation and co-ordination as well as information exchange between supervisors and other authorities internationally. Improvements to the supervision of internationally active insurance groups is a key objective in this context. While these proposals were initially focused on the banking sector, they have expanded to the insurance sector and several are still under development. Accordingly, the financial consequences for the insurance sector generally (and particularly for the ZIC Group) of the implementation of all or some of such proposals cannot yet be fully determined. Regarding the insurance sector, the International Association of Insurance Supervisors (the “IAIS”) published its first assessment methodology to identify global systemically important insurers (“G-SIIs”) in July 2013, as well as policy measures to be applied to such designated insurers. Zurich Insurance Group has not featured on the list of designated firms. The associated G-SII policy measures include enhanced supervision by the group supervisor, recovery and resolution powers and measures notably including planning, and the application of a higher-loss absorbing capital add-on.

Most recently the IAIS proposed a “holistic framework” for systemic risk in insurance that combines elements of the existing G-SII/entity-based approach with an activities-based approach. The Financial Stability Board (“FSB”) has suspended the identification of G-SIIs as from the beginning of 2020. It will assess in November 2022 whether to discontinue or re-establish an annual identification of G-SIIs or endorse the IAIS holistic framework for systemic risk in insurance.

In parallel, the IAIS has completed work on its Common Framework (“ComFrame”) for the supervision of internationally active insurance groups (regardless of their status as G-SIIs). ComFrame incorporates most if not all of the G-SII policy measures, subject to proportionality criteria, and it aims to encompass the global insurance capital standard (“ICS”). Barring any relief measures following the COVID-19 outbreak, the IAIS is initiating a five-year monitoring period (2020-2024) during which solvency under the ICS will be confidentially reported (with no corresponding supervisory measures) to the group-wide supervisors and discussed in the supervisory colleges, with no disclosure beyond these relevant authorities. Implementation is set to start in 2025 subject to IAIS ratification and jurisdictional commitment.

The above proposals, if adopted, could require additional regulatory capital of the ZIC Group, require changes to the way in which the ZIC Group carries on its business, lead to additional expense or otherwise adversely affect ZIC's financial position and that of its operating subsidiaries.

Natural and man-made catastrophe risks

General insurance companies frequently experience losses from catastrophes. Catastrophes may have a material adverse effect on the financial condition, results of operations and cash flows of ZIC and its operating subsidiaries.

Natural catastrophes include, but are not limited to hurricanes, floods, windstorms, tidal waves, earthquakes, tornadoes, fires, severe hail and severe winter weather, and are inherently unpredictable in terms of both their occurrence and severity. Catastrophes can also be man-made, such as terrorist attacks, explosions, fires and oil spills. The incidence and severity of these catastrophes in any given period are inherently unpredictable.

Deferred tax assets and liabilities

Deferred tax assets and liabilities of the ZIC Group are recorded in the tax paying entities throughout the world, which may include several legal entities within each tax jurisdiction. The recoverability of the deferred tax asset of each taxpayer is based on its ability to utilise the deferred tax asset over a reasonable period of time. ZIC or the relevant subsidiary may not be able to fully recover its deferred tax assets in each jurisdiction.

Tax authorities may dispute submitted tax returns of the Zurich Insurance Group, which could adversely affect it

Tax authorities throughout the world who examine submitted tax returns may dispute the basis of computation and propose adjustments which may lead to additional tax charges, interest and/or penalties.

Tax liabilities of the Zurich Insurance Group may be adversely affected by U.S. tax legislation

On 22 December 2017, President Trump signed into law H.R. 1, commonly referred to as the Tax Cuts and Jobs Act of 2017 (the “**2017 Tax Reform Act**”). The 2017 Tax Reform Act includes numerous changes in U.S. tax law, including a permanent reduction in the federal corporate income tax rate from 35 per cent. to 21 per cent., which took effect for taxable years beginning on or after 1 January 2018, and the adoption of a partial territorial international tax system which generally eliminates U.S. federal income tax on dividends received from foreign subsidiaries.

The 2017 Tax Reform Act includes changes to the amortization periods for deferred acquisition costs, the computation of insurance tax reserves, the deductibility of certain corporate expenses, and the rules relating to the dividends received deduction that, in their particulars, may not be entirely positive for the Zurich Insurance Group. The 2017 Tax Reform Act also includes limitations on the net interest expense deduction, changes to the deduction for net operating losses, and adopts a Base Erosion and Anti-Abuse Tax, that would impose a minimum tax on U.S. companies whose tax base is deemed eroded by tax-deductible payments to related parties. Each of these measures could, under certain circumstances, have an adverse impact on the Zurich Insurance Group and certain of its affiliates.

Other proposals that have been under consideration by Congress include elimination of the tax deferral on the accretion of value within certain annuities and life insurance products. These proposals were not enacted as part of the 2017 Tax Reform Act, but, if adopted in the future, such changes would make these products less attractive to prospective purchasers and therefore would be likely to reduce the Zurich Insurance Group’s sales of these products.

Future guidance with respect to the 2017 Tax Reform Act, as well as additional Federal and state tax legislation in the United States, could result in higher taxes on insurance companies and adversely affect the value of the investment portfolio of the Zurich Insurance Group.

Adequacy of resources to meet pension obligations

There is a risk that provisions for present and/or future obligations to employees under the ZIC Group’s pension plans and other defined post-employment benefits may not be adequate. In assessing the ZIC Group’s liability for defined benefit pension plans and other post-employment plans, critical judgments include estimates of mortality rates, rates of employment turnover, disability, early retirement, discount rates, expected long-term rates of return on plan assets, future salary increases, future pension increases, increases in long-term healthcare costs and inflation rates. These assumptions may differ from actual results due to changing economic conditions, higher or lower withdrawal rates or longer or shorter life spans of participants. These differences may result in variability of the ZIC Group’s pension funding requirements and pension income or expense recorded in future years. In addition, pension related regulations are subject to review and change in many countries in which the ZIC Group operates. Further changes to actuarial assumptions or capital requirements in jurisdictions in which the ZIC Group has employees, and other factors such as business restructuring, could adversely affect its ability to meet its pension funding obligations.

Farmers Group, Inc. ’s management fees for its services may drop significantly

Farmers Group, Inc. provides non-claims related insurance management services for the Farmers Insurance Exchange, Fire Insurance Exchange and Truck Insurance Exchange (reciprocal insurers domiciled in California, USA) and their subsidiaries (together, the “**Farmers Exchanges**”) as their attorney-in-fact. Management fees earned by it are based upon the volume of gross premiums earned by the Farmers Exchanges, whose ability to continue writing insurance is dependent upon, *inter alia*, statutory surplus levels and price competition. Any deterioration in the volume of gross premiums earned by the Farmers Exchanges may therefore affect the level of management fees received by Farmers Group, Inc. for its management services.

RISKS RELATED TO THE SUBORDINATED NOTES AND THE DEEPLY SUBORDINATED NOTES

Set out below is a brief description of certain risks relating to the Subordinated Notes and the Deeply Subordinated Notes generally.

Capitalised terms used but not defined in this section shall have the meaning given to them in the ZIC Subordinated Notes Conditions and the Guaranteed Subordinated Notes Conditions, as applicable.

Restricted remedies for non-payment

In the case of Subordinated Notes or Deeply Subordinated Notes issued by ZIC pursuant to the ZIC Subordinated Notes Conditions

If ZIC fails to make any payment of principal or interest on the ZIC Subordinated Notes or the ZIC Deeply Subordinated Notes when due, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), take action to enforce the obligations of ZIC in respect of such unpaid principal or interest provided that the Trustee and the Noteholders have no right to claim or enforce an early redemption of the ZIC Subordinated Notes or the ZIC Deeply Subordinated Notes or institute proceedings for the winding up of ZIC. If, except for the purposes of or pursuant to and followed by a consolidation, amalgamation, merger or reconstruction or voluntary liquidation or dissolution of ZIC, the terms of which shall have previously been approved in writing by the Trustee or by an Extraordinary Resolution of Noteholders (an “**Approved Liquidation**”), a resolution is passed or an order of a court of competent jurisdiction is made that ZIC be wound up or dissolved (any such resolution or order, a “**Liquidation Ruling**”) the Trustee, at its discretion,

may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), give notice to ZIC that the relevant ZIC Subordinated Notes or ZIC Deeply Subordinated Notes are immediately due and repayable at an amount equal to the principal amount of such ZIC Subordinated Note or ZIC Deeply Subordinated Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest).

No payment in respect of the ZIC Subordinated Notes or the ZIC Deeply Subordinated Notes may be made by ZIC pursuant to the paragraph above and as further described in Condition 9(c) of the ZIC Subordinated Notes Conditions, nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings. No other remedy against ZIC, other than referred to above is available to the Trustee or the Noteholders for the recovery of amounts owing in respect of the ZIC Subordinated Notes or the ZIC Deeply Subordinated Notes.

Neither the Trustee nor the Noteholders may institute any winding-up proceedings to enforce the obligations of ZIC for payment of any principal or interest (including any Arrears of Interest in respect of the ZIC Subordinated Notes or the ZIC Deeply Subordinated Notes).

In addition the claims of holders of higher ranking claims will first have to be satisfied in any winding-up proceedings before the Noteholders may expect to obtain any recovery in respect of their ZIC Subordinated Notes or ZIC Deeply Subordinated Notes and prior thereto Noteholders will have only limited ability to influence the conduct of such winding-up proceedings (see the risk factor entitled “*The Issuer’s obligations under the Subordinated Notes and the Deeply Subordinated Notes are subordinated*” for further details).

In the case of Subordinated Notes or Deeply Subordinated Notes issued by an Issuer other than ZIC pursuant to the Guaranteed Subordinated Notes Conditions

If the relevant Issuer fails to make any payment of principal or interest on the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes when due, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), take action to enforce the obligations of the relevant Issuer in respect of such unpaid principal or interest provided that the Trustee and the Noteholders have no right to claim or enforce an early redemption of, the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes or institute proceedings for the winding up of the relevant Issuer.

If the Guarantor fails to pay (pursuant to the relevant ZIC Subordinated Guarantee or ZIC Deeply Subordinated Guarantee) an amount claimed in accordance with the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), take action to enforce the obligations of the Guarantor in respect of such unpaid amounts provided that the Trustee and the Noteholders have no right to claim any sums in respect of, or enforce an early redemption of, the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes or institute proceedings for the winding up of the Guarantor.

If, except for the purposes of or pursuant to and followed by an Approved Liquidation of the relevant Issuer or, as the case may be, the Guarantor, a Liquidation Ruling is made against the relevant Issuer or the Guarantor and subject to the paragraph below and as further described in Condition 10(c)(ii) of the Guaranteed Subordinated Notes Conditions, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), give notice to the relevant Issuer and ZIC that the relevant Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes are immediately due and repayable at an amount equal to the principal amount of such Guaranteed Subordinated Note or Guaranteed Deeply Subordinated Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest).

Condition 10(c)(ii) of the Guaranteed Subordinated Notes Conditions provides that, if, on or following the date of any such Liquidation Ruling described above, a Solvency Event in relation to the Zurich Insurance Group (a “**Group Solvency Event**”) has occurred and is continuing or would occur as a result of the payment of the amount due and payable in respect of the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes as described above and as further described in Condition 10(c)(i) of the Guaranteed Subordinated Notes Conditions, then the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes shall become due and payable in accordance with Condition 10(c)(i) of the Guaranteed Subordinated Notes Conditions upon such Group Solvency Event ceasing to occur and if such payment would not result in a Group Solvency Event occurring provided that, for the avoidance of doubt, the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes shall in addition become due and payable in the proceedings which implement such Liquidation Ruling at an amount equal to the principal amount of such Guaranteed Subordinated Note or Guaranteed Deeply Subordinated Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest) upon any amounts in respect of any Relevant Junior or Pari Passu Securities (as defined in the Guaranteed Subordinated Notes Conditions) becoming due and payable in such proceedings.

No payment in respect of the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes may be made by the relevant Issuer or the Guarantor pursuant to the paragraph above and as further described in Condition 10(c) of the Guaranteed Subordinated Notes Conditions, nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings.

No other remedy against the relevant Issuer or the Guarantor, other than referred to above is available to the Trustee or the Noteholders for the recovery of amounts owing in respect of the Guaranteed Subordinated Notes, the Guaranteed Deeply Subordinated Notes, the applicable ZIC Subordinated Guarantee or the applicable ZIC Deeply Subordinated Guarantee.

Neither the Trustee nor the Noteholders may institute any winding-up proceedings to enforce the obligations of the relevant Issuer or the Guarantor for payment of any principal or interest (including any Arrears of Interest in respect of the Guaranteed Subordinated Notes or the Guaranteed Deeply Subordinated Notes).

In addition, the claims of holders of higher ranking claims will first have to be satisfied in any winding-up proceedings before the Noteholders may expect to obtain any recovery in respect of their Guaranteed Subordinated Notes or Guaranteed Deeply Subordinated Notes and prior thereto Noteholders will have only limited ability to influence the conduct of such winding-up proceedings (see the risk factor entitled “*The Issuer’s obligations under the Subordinated Notes and the Deeply Subordinated Notes are subordinated*” for further details).

The Issuer’s obligations under the Subordinated Notes and the Deeply Subordinated Notes are subordinated

The ZIC Subordinated Notes will constitute direct, subordinated and unsecured obligations of ZIC and rank *pari passu* and without any preference among themselves. In the event of a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition or other similar proceedings, the payment obligations of ZIC under or arising from the ZIC Subordinated Notes and the Trust Deed shall, in accordance with Condition 3(a) of the ZIC Subordinated Notes Conditions, be subordinated to the claims of all Senior Creditors (as such term is defined in Condition 3(a) of the ZIC Subordinated Notes Conditions) of ZIC but shall rank at least *pari passu* with the claims under the Pari Passu Instruments and prior to the claims under the Junior Instruments (as each such term is defined in Condition 3(a) of the ZIC Subordinated Notes Conditions).

The ZIC Deeply Subordinated Notes are further subordinated to the ZIC Subordinated Notes and will constitute direct, subordinated and unsecured obligations of ZIC and rank *pari passu* and without any preference among themselves. In the event of a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition or other similar proceedings, the payment obligations of ZIC under or arising from the ZIC Deeply Subordinated Notes and the Trust Deed shall, in accordance with Condition 3(b) of the ZIC Subordinated Notes Conditions, be subordinated to the claims of all Senior Creditors (as such term is defined in Condition 3(b) of the ZIC Subordinated Notes Conditions) of ZIC (including holders of ZIC Subordinated Notes) but shall rank at least *pari passu* with the claims under the Pari Passu Instruments and prior to the claims under the Junior Instruments (as each such term is defined in Condition 3(b) of the ZIC Subordinated Notes Conditions).

The Guaranteed Subordinated Notes will constitute direct, subordinated and unsecured obligations of the relevant Issuer and rank *pari passu* and without any preference among themselves. In the event of a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition or other similar proceedings, the payment obligations of the relevant Issuer under or arising from the Guaranteed Subordinated Notes and the Trust Deed shall, in accordance with Condition 3(a) of the Guaranteed Subordinated Notes Conditions, be subordinated to the claims of all Senior Creditors (as such term is defined in Condition 3(a) of the Guaranteed Subordinated Notes Conditions) of the relevant Issuer but shall rank at least *pari passu* with the claims under the Pari Passu Instruments and prior to the claims under the Junior Instruments (as each such term is defined in Condition 3(a) of the Guaranteed Subordinated Notes Conditions).

The Guaranteed Deeply Subordinated Notes are further subordinated to the Guaranteed Subordinated Notes and will constitute direct, subordinated and unsecured obligations of ZF (Ireland) and rank *pari passu* and without any preference among themselves. In the event of a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition or other similar proceedings, the payment obligations of ZF (Ireland) under or arising from the Guaranteed Deeply Subordinated Notes and the Trust Deed shall, in accordance with Condition 3(b) of the Guaranteed Subordinated Notes Conditions, be subordinated to the claims of all Senior Creditors (as such term is defined in Condition 3(b) of the Guaranteed Subordinated Notes Conditions) of ZF (Ireland) (including holders of Guaranteed Subordinated Notes) but shall rank at least *pari passu* with the claims under the Pari Passu Instruments and prior to the claims under the Junior Instruments (as each such term is defined in Condition 3(b) of the Guaranteed Subordinated Notes Conditions).

By virtue of such subordination as described above, payments to a Noteholder will, in the events described in the ZIC Subordinated Notes Conditions and the Guaranteed Subordinated Notes Conditions, as applicable, only be made after all obligations of the relevant Issuer resulting from higher ranking claims have been satisfied. A Noteholder may, therefore, recover less than the holders of unsubordinated or other prior ranking subordinated liabilities of the relevant Issuer and holders of the Deeply Subordinated Notes may recover less than holders of the Subordinated Notes issued by the relevant Issuer.

Furthermore, the ZIC Subordinated Notes Conditions and the Guaranteed Subordinated Notes Conditions will not limit the amount of the liabilities ranking senior to, or *pari passu* with, the relevant Subordinated Notes or Deeply Subordinated Notes, which may be incurred or assumed by the relevant Issuer from time to time, whether before or after the relevant Issue Date. The incurrence of any such other liabilities may reduce the amount (if any) recoverable by Noteholders in the event of winding-up proceedings of the relevant Issuer and/or may increase the likelihood of a deferral of interest payments under the Subordinated Notes or Deeply Subordinated Notes (see the risk factor entitled “*Interest payments on the Subordinated Notes and the Deeply Subordinated Notes may, and in certain circumstances must, be deferred*” for further details).

Subject to applicable law, no Noteholder may set-off any claims in respect of any amount owed to it by the relevant Issuer arising under or in connection with the Subordinated Notes or the Deeply Subordinated Notes and each Noteholder shall, by virtue of being the holder of any such Note, be deemed to have irrevocably waived all such rights of set-off.

Although the Subordinated Notes and the Deeply Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a significant risk that an investor in the Subordinated Notes or the Deeply Subordinated Notes will lose all or some of its investment should the relevant Issuer become insolvent.

Interest payments on the Subordinated Notes and the Deeply Subordinated Notes may, and in certain circumstances must, be deferred

If so specified in the applicable Pricing Supplement, the relevant Issuer may elect to defer any interest payment which would otherwise be payable on any Optional Interest Payment Date in accordance with Condition 5(b) of the ZIC Subordinated Notes Conditions or Condition 6(b) of the Guaranteed Subordinated Notes Conditions, provided that, subject to Condition 5(c) of the ZIC Subordinated Notes Conditions or Condition 6(c) of the Guaranteed Subordinated Notes Conditions, if the Relevant Regulator no longer accords the relevant Subordinated Notes or Deeply Subordinated Notes any regulatory capital credit under the Applicable Capital Regulations the relevant Issuer will only be permitted to exercise its option to defer the relevant interest payment on such Optional Interest Payment Date for a period of five years.

It is possible that an Optional Interest Payment Date with respect to Deeply Subordinated Notes may not also constitute an Optional Interest Payment Date with respect to Subordinated Notes issued by the relevant Issuer, given the relative ranking of these instruments. As a result, payments of interest and settlement of Arrears of Interest may become mandatory on Subordinated Notes without also becoming mandatory on Deeply Subordinated Notes issued by the relevant Issuer.

The relevant Issuer will be required to defer any payment of interest which would otherwise be payable on the Subordinated Notes and the Deeply Subordinated Notes on each Solvency Interest Deferral Date (being a date on which payment of interest would have to be made in respect of which a Solvency Event either (i) has occurred and is continuing or (ii) would occur as a result of such payment of interest).

A Solvency Event will be deemed to have occurred as at any date if as at such date (i) ZIC and/or the Zurich Insurance Group does not have appropriate funds to cover their respective required minimum solvency margin or meet any other required level of own funds regulatory capital, in each case as determined in accordance with Applicable Regulations; or (ii) ZIC and/or ZIG has reasonable grounds for concern that it is unable to pay its debts owed to its creditors as they fall due; or (iii) ZIC and/or the ZIG has reasonable grounds for concern that its Assets do not exceed its Liabilities; or (iv) any other event has occurred which, under Applicable Regulations, in order for the relevant Notes to continue to qualify as Relevant Capital, would require payment of principal or interest, as applicable, on the relevant Notes to be deferred; or (v) the Relevant Regulator has given notice to ZIC and/or ZIG (in the case of the Zurich Insurance Group) that it has determined that in accordance with Applicable Regulations, action must be taken in relation to payments on subordinated notes, including the relevant Subordinated Notes or Deeply Subordinated Notes, as applicable.

The deferral of interest as described above will not constitute a default by the relevant Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the relevant Series of Subordinated Notes or Deeply Subordinated Notes or take any enforcement action under such Notes, the Trust Deed, the ZIC Subordinated Guarantee (if applicable) or the ZIC Deeply Subordinated Guarantee (if applicable) for any purpose unless such payment is required in accordance with Condition 5(e) of the ZIC Subordinated Notes Conditions or Condition 6(e) of the Guaranteed Subordinated Notes Conditions. Any interest so deferred shall, for so long as the same remains unpaid, constitute Arrears of Interest.

Other than upon the commencement of winding-up proceedings or a dissolution of the relevant Issuer or, as the case may be, ZIC (except for the purposes of or pursuant to and followed by an Approved Liquidation), any payment of Arrears of Interest shall only be due and payable provided that, in respect of the date on which such payment would be made, no Solvency Event either has occurred and is continuing or would occur as a result of such payment, and, in either such case, the prior written approval of the Relevant Regulator for such payment has been obtained to the extent required at the time. Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

Any actual or anticipated deferral of interest payments will likely have an adverse effect on the market price of the Subordinated Notes or the Deeply Subordinated Notes, as applicable. In addition, as a result of the interest deferral provision of the Subordinated Notes and the Deeply Subordinated Notes, the market price of such Notes may be more volatile than the market prices of other debt securities that are not subject to such deferral of interest and may be more sensitive generally to adverse changes in the relevant Issuer's, ZIC's (where ZIC is not the relevant Issuer), ZIG and the Zurich Insurance Group's financial condition.

Redemption payments under the Subordinated Notes and the Deeply Subordinated Notes must, under certain circumstances, be deferred

The relevant Issuer must defer redemption of any Series of Subordinated Notes or Deeply Subordinated Notes on the relevant Maturity Date (if applicable) pursuant to Condition 6(b) of the ZIC Subordinated Notes Conditions or Condition 7(b) of the Guaranteed Subordinated Notes Conditions in the event that a Solvency Event has occurred and is continuing on the Maturity

Date, or would occur as a result of the relevant redemption. Following such deferral the relevant Subordinated Notes or Deeply Subordinated Notes will be redeemed by the relevant Issuer promptly following such Solvency Event ceasing to occur.

The deferral of redemption of the Subordinated Notes or the Deeply Subordinated Notes will not constitute a default by the relevant Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the relevant Subordinated Notes or Deeply Subordinated Notes or take any enforcement action under the Notes, the ZIC Subordinated Guarantee (if applicable), the ZIC Deeply Subordinated Guarantee (if applicable) or the Trust Deed for any purpose.

Any actual or anticipated deferral of redemption of the relevant Subordinated Notes or Deeply Subordinated Notes will likely have an adverse effect on the market price of the relevant Subordinated Notes or Deeply Subordinated Notes. In addition, as a result of such a redemption deferral provision, including with respect to deferring redemption on the scheduled Maturity Date, the market price of the relevant Subordinated Notes or Deeply Subordinated Notes may be more volatile than market prices of other debt securities without such deferral feature, including securities where redemption on the scheduled maturity date cannot be deferred. Accordingly, such Subordinated Notes and Deeply Subordinated Notes may be more sensitive generally to adverse changes in the financial condition of ZIC, ZIG and/or the Zurich Insurance Group.

The Subordinated Notes and the Deeply Subordinated Notes may be subject to optional redemption by the relevant Issuer including upon the occurrence of certain events

If Call Option is specified in the applicable Pricing Supplement as being applicable, the relevant Issuer may, subject to certain conditions as provided in Condition 6(c) and Condition 8 (if Write-Down Event is specified in the applicable Pricing Supplement as being applicable) of the ZIC Subordinated Notes Conditions and Condition 7(c) and Condition 9 (if Write-Down Event is specified in the applicable Pricing Supplement as being applicable) of the Guaranteed Subordinated Notes Conditions, at its option redeem all, but not some only, of the relevant Subordinated Notes or Deeply Subordinated Notes on any Optional Redemption Date specified in the applicable Pricing Supplement together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest.

In addition, upon the occurrence of a Tax Event or an Accounting Event, a Regulatory Event, a Rating Agency Event or a Clean-Up Event (if each such event is specified in the applicable Pricing Supplement as being applicable and notice of redemption is given within the Early Event Call Period), the relevant Issuer may, subject to certain conditions as provided in Conditions 6(c) and Condition 8 (if Write-Down Event is specified in the applicable Pricing Supplement as being applicable) of the ZIC Subordinated Notes Conditions and Condition 7(c) and Condition 9 (if Write-Down Event is specified in the applicable Pricing Supplement as being applicable) of the Guaranteed Subordinated Notes Conditions, redeem all, but not some only, of the relevant Subordinated Notes or the Deeply Subordinated Notes (unless otherwise specified in the applicable Pricing Supplement) at any time or, if and for so long as the Subordinated Note or Deeply Subordinated Note is a Floating Rate Note, on any Interest Payment Date. The Subordinated Notes and Deeply Subordinated Notes will be redeemed at their principal amount (in the case of redemption due to taxation), the relevant Special Redemption Price (in the case of redemption due to a Special Event) or, as appropriate, Clean-Up Redemption Price (in the case of redemption due to a Clean-Up Event) specified in the applicable Pricing Supplement, together with any interest accrued to (but excluding) the date of redemption and any Arrears of Interest. The relevant Issuer shall not, however, have the right to redeem the relevant Subordinated Notes or Deeply Subordinated Notes following an Accounting Event, Clean-Up Event and/or a Rating Agency Event if such right of redemption would cause a Regulatory Event.

At the time of any such redemption by the relevant Issuer, prevailing interest rates may be lower than the rate borne by the relevant Series of Subordinated Notes or Deeply Subordinated Notes. If that is the case, a Noteholder may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Subordinated Notes or Deeply Subordinated Notes and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

In addition, the relevant Issuer's ability to redeem the Subordinated Notes or the Deeply Subordinated Notes at its option in certain limited circumstances may affect their market value. In particular, during any period when the relevant Issuer may elect to redeem or is perceived to be able to redeem the relevant Subordinated Notes or Deeply Subordinated Notes, their market value generally will not rise above the redemption price because of the optional redemption feature. This may also be true prior to any redemption period.

There is no redemption at the option of the Noteholders in respect of the Subordinated Notes or the Deeply Subordinated Notes.

The relevant Issuer may vary or substitute the Subordinated Notes and the Deeply Subordinated Notes without Noteholder consent

Following the occurrence of a Tax Event, Accounting Event, Rating Agency Event or Regulatory Event, the relevant Issuer may, at its option and without the consent or approval of the Noteholders (subject as provided in Condition 6 of the ZIC Subordinated Notes Conditions and Condition 7 of the Guaranteed Subordinated Notes Conditions) at any time elect to (i) substitute the relevant Subordinated Notes or Deeply Subordinated Notes for or (ii) vary the terms of such Notes so that they become, in each case, Qualifying Securities.

Whilst Qualifying Securities are required to have terms which are not materially less favourable to Noteholders than the terms of the relevant Subordinated Notes or Deeply Subordinated Notes, there can be no assurance that any proposed substitution or variation will not have a significantly adverse impact on the price of, and/or market for, the relevant Subordinated Notes or Deeply Subordinated Notes or the circumstances of individual Noteholders.

The Subordinated Notes and the Deeply Subordinated Notes may be perpetual

If Maturity Date is specified in the applicable Pricing Supplement as being not applicable, the relevant Issuer is under no obligation to redeem the relevant Subordinated Notes or Deeply Subordinated Notes at any time and the Noteholders of such Subordinated Notes or Deeply Subordinated Notes have no right to call for their redemption. Therefore, prospective investors should be aware that they may be required to bear financial risks of an investment in such Subordinated Notes or Deeply Subordinated Notes for an indefinite period of time and may not recover their investment in the foreseeable future.

The principal amount of the Subordinated Notes or the Deeply Subordinated Notes may be written down to zero

If Write-Down Event is specified in the applicable Pricing Supplement as being applicable, and a Write-Down Event occurs in accordance with Condition 8 of the ZIC Subordinated Notes Conditions or Condition 9 of the Guaranteed Subordinated Notes Conditions, the full principal amount of the relevant Subordinated Notes or Deeply Subordinated Notes and all accrued but unpaid interest (including any Arrears of Interest) will automatically and permanently be reduced to zero and the relevant Subordinated Notes or Deeply Subordinated Notes will be cancelled on the Write-Down Date. Once the principal amount of a Note has been Written-Down, it will not be restored under any circumstances, including where the relevant Write-Down Event ceases to continue.

The occurrence of a Write-Down Event will not constitute a default by the relevant Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the relevant Subordinated Notes or Deeply Subordinated Notes or take any other action under such Subordinated Notes or Deeply Subordinated Notes, the Trust Deed, the ZIC Subordinated Guarantee (if applicable) or the ZIC Deeply Subordinated Guarantee (if applicable). Accordingly, as of the Write-Down Date, Noteholders shall not have any rights against the relevant Issuer or the Guarantor (if applicable) with respect to repayment of the principal amount of the relevant Subordinated Notes or Deeply Subordinated Notes or any part thereof, or the payment of any other amounts arising under or in connection with the relevant Subordinated Notes or Deeply Subordinated Notes.

If the relevant Issuer has elected to redeem the relevant Subordinated Notes or Deeply Subordinated Notes pursuant to Condition 6(d), 6(e) or 6(f) of the ZIC Subordinated Notes Conditions or Condition 7(d), 7(e) or 7(f) of the Guaranteed Subordinated Notes Conditions, but prior to the scheduled redemption date a Write-Down Event occurs, the relevant Subordinated Notes or Deeply Subordinated Notes will not be redeemed but instead will be Written-Down.

A Write-Down Event will occur without the consent of the Noteholders. It is inherently unpredictable and depends on a number of factors. If Write-Down Event is specified in the applicable Pricing Supplement as being applicable, and a Write-Down Event occurs, or is anticipated to occur, investors may lose all or part of their investment in the relevant Subordinated Notes or Deeply Subordinated Notes.

In relation to Guaranteed Subordinated Notes and Guaranteed Deeply Subordinated Notes:

The Guarantor's obligations under the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee are subordinated, payments under the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee must be deferred in certain circumstances and there are restricted remedies for non-payment

Claims in respect of the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee will, in the event of a voluntary or involuntary insolvency, winding up, liquidation, dissolution with liquidation, bankruptcy (*Konkurs*), composition (*Nachlassverfahren*) or other similar proceedings of the Guarantor, rank after the claims of any Senior Creditors, *pari passu* with the claims under *Pari Passu* Instruments and prior to the claims under Junior Instruments (each as defined in Clause 1(1)(a) of the ZIC Subordinated Guarantee or, as appropriate the ZIC Deeply Subordinated Guarantee). As a result, claims in respect of the ZIC Deeply Subordinated Guarantee rank junior to those in respect of the ZIC Subordinated Guarantee.

The Guarantor must defer any payment under the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee if in respect of the date on which such payment would be made, a Solvency Event either has occurred and is continuing or would occur as a result of such payment. Any payment so deferred shall only become due and payable following the date on which no Solvency Event is continuing (or would occur as a result of such payment) or, subject to conditions summarised in the paragraph below, in the event of a Liquidation Ruling. The deferral of any such payment in such circumstances will not constitute a default by the Guarantor and will not give the Noteholders or the Trustee any right to accelerate the repayment of the Subordinated Notes or the Deeply Subordinated Notes or take any action under the Trust Deed, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee.

Each of the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee provides that, if the Trustee gives notice that the Subordinated Notes or the Deeply Subordinated Notes, as applicable, are immediately due and repayable in accordance with Condition 10(c) of the Guaranteed Subordinated Notes Conditions as a result of a Liquidation Ruling in respect of the Guarantor, then, if on or following the date of any such Liquidation Ruling, a Group Solvency Event has occurred and is continuing or would occur as a result of the payment of the amount due and payable in respect of the Subordinated Notes or the Deeply

Subordinated Notes in accordance with Condition 10(c)(i) of the Guaranteed Subordinated Notes Conditions, then payment in respect of the Subordinated Notes or the Deeply Subordinated Notes pursuant to the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, as applicable, shall become due and payable upon such Group Solvency Event ceasing to occur and if such payment would not result in a Group Solvency Event occurring provided that, for the avoidance of doubt, such payment in respect of the Subordinated Notes or the Deeply Subordinated Notes shall in addition become due and payable in the proceedings which implement such Liquidation Ruling upon any amounts in respect of any Relevant Junior or Pari Passu Securities (as defined in the Guaranteed Subordinated Notes Conditions) becoming due and payable in such proceedings.

See also “*Restricted Remedies for non-payment*” above and “*The ZIC Senior Guarantee, the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee are limited to the Specified Maximum Amount*” below.

RISKS RELATED TO THE MARKET GENERALLY

An active trading market may not develop for the Notes

The Notes are a new issue of securities for which there is no trading market and one may never develop. If such a market were to develop, the Notes could trade at prices which may be higher or lower than the initial offering price. Notes issued with specific investment objectives or strategies will have a more limited trading market and may experience more price volatility. Prospective investors should be aware that, at the time they wish to sell their Notes, there may be few or no investors willing to buy the Notes.

Exchange rates and exchange controls

Notes and/or coupon payments can be denominated in, or the payment of which is to be or may be made in or related to the value of, a currency or composite currency and significant risks are entailed if such currency is other than the currency in which the prospective investor’s financial activities are denominated. Such risks include the possibility of significant changes in the currency exchange rates and the risk of imposition or modification of foreign exchange controls by the relevant government. Depreciation of the currency in which a Note is denominated would result in a decrease in the effective yield of such Note and, in certain circumstances, could result in a loss to the investor.

Governments have imposed from time to time, and may in the future impose, exchange controls which could affect exchange rates as well as the availability of a specified foreign currency at the time of payment of principal of, and premium, if any, or interest, if any, on a Note.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market and other factors which may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Tax consequences of holding the Notes

Potential investors should consider the tax consequences of investing in the Notes and consult their tax advisers about their own tax situation.

Payment of additional amounts for Swiss withholding taxes may be null and void.

Although the terms of the Notes (other than Notes issued by ZIC) provide that, in the event of any withholding or deduction on account of Swiss tax being required by Swiss law, the Issuer or the Guarantor, as the case may be, shall, subject to certain exceptions, pay additional amounts interest at a recalculated rate, so that the net amount received by the holders of the Notes shall equal the amount which would have been received by such holder in the absence of such withholding or deduction, such obligation may contravene Swiss legislation and be null and void and not enforceable in Switzerland.

Potential Amendment of the Swiss Withholding Tax Act

On 3 April 2020, the Swiss Federal Council published a consultation draft on the reform of the Swiss withholding tax system applicable to interest. If enacted in its current form, this consultation draft would, among other things and subject to certain exceptions, replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. Under this paying agent-based regime, subject to certain exceptions, (i) all interest payments made by paying agents in Switzerland to individuals resident in Switzerland would be subject to Swiss withholding tax, including any such interest payments made on bonds issued by issuers outside Switzerland, and (ii) interest payments to all other persons, including to foreign investors, would be exempt from Swiss withholding tax. If any such new paying agent-based regime were to be enacted and were to result in the deduction or withholding of Swiss withholding tax on any payment of interest in respect of a Note (or in respect of any payment under the ZIC Senior Guarantee, ZIC Subordinated Guarantee or ZIC Deeply Subordinated Guarantee in respect thereof), neither the Issuer nor the Guarantor nor any paying agent nor any other person would, pursuant to the applicable

Conditions, be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax.

International Automatic Exchange of Information in Tax Matters

On 15 July 2014, the Organisation for Economic Co-operation and Development approved the Common Reporting Standard (the “**CRS**”) designed to create a global standard for the automatic exchange of financial account information (“**AEOI**”). Pursuant to the CRS requirements, financial institutions must identify and report FATCA-like information in respect of specified persons who are resident in the jurisdictions that sign up to and implement the CRS. On 29 October 2014, fifty-one jurisdictions signed the multilateral competent authority agreement (“**MCAA**”) that activates the automatic exchange of information in line with the CRS. Since then, further jurisdictions (including Australia) have signed the MCAA and in total over 100 jurisdictions have committed to adopting the CRS. The first information exchanges took place in September 2017. Other signatories followed with information exchanges in 2018 and 2019 or will follow at a later date.

The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the CRS. Australia has adopted a wider approach to CRS, under which Australian financial institutions are, in general, required to identify and report to the Australian Taxation Office (“**ATO**”) information regarding persons resident in any foreign jurisdiction, regardless of whether that jurisdiction has signed up to and implemented the CRS. However, the ATO may not share that information with a jurisdiction that does not have a CRS competent authority agreement (such as the MCAA) with Australia.

Switzerland has concluded a multilateral agreement with the EU on the international automatic exchange of information in tax matters (the “**AEOI Agreement**”), which applies to all EU member states. Further, Switzerland signed the MCAA and a number of bilateral AEOI agreements with other countries, most of them on the basis of the MCAA. Based on the AEOI Agreement and the bilateral AEOI agreements and the implementing laws of Switzerland, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of residents in a EU member state or another treaty state. An up-to-date list of the AEOI agreements to which Switzerland is a party that are in effect or signed but not yet effective can be found on the website of the State Secretariat for International Financial Matters SIF.

In connection with FATCA (as more fully described below under the heading “*FATCA Withholding*”), Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland (the “**Treaty**”). On 20 September 2019, Switzerland and the United States ratified the 2009 protocol (the “**Protocol**”) amending the Treaty. Upon the subsequent exchange of the ratification instruments, the amended Treaty entered into force. The Protocol introduced a mechanism for the exchange of information upon request in tax matters between Switzerland and the United States, which mechanism is in line with international standards and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-FFIs for periods from 30 June 2014. Furthermore, on 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the United States regarding a change from the current direct notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. It is not yet known when negotiations will continue or when any new regime would come into force.

FATCA Withholding

Certain provisions of U.S. tax law (commonly referred to as “**FATCA**”) generally impose a withholding tax of 30 per cent. on interest income (including Original Issue Discount (“**OID**”) from debt obligations of U.S. issuers such as ZHCA paid to a foreign financial institution (other than with respect to interest (including OID) that is effectively connected with the conduct of a trade or business within the United States), unless such institution either (i) enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain account holders that are foreign entities with U.S. owners) or (ii) in the event that an applicable intergovernmental agreement and implementing legislation are adopted, complies with modified requirements including in some cases providing local revenue authorities with similar account holder information. The FATCA provisions also generally impose a withholding tax of 30 per cent. on interest income from such obligations paid to a non-financial foreign entity (other than with respect to interest that is effectively connected with the conduct of a trade or business within the United States) unless such entity provides the withholding agent with a certification that it does not have any substantial U.S. owners or a certification identifying the direct and indirect substantial U.S. owners of the entity or unless certain exceptions apply or they agree to provide certain information to other revenue authorities for transmittal to the U.S. Internal Revenue Service (the “**IRS**”).

Proposed Treasury Regulations provide that no FATCA withholding will be required with respect to payments of gross proceeds on the disposition of obligations of a U.S. issuer. The preamble to these proposed Treasury Regulations specifies that taxpayers are permitted to rely on the proposed Treasury Regulations pending finalisation.

FATCA provisions also impose a 30 per cent. U.S. withholding tax on certain “pass-thru” payments by foreign financial institutions. Proposed Treasury Regulations provide that the withholding tax will not be imposed on pass-thru payments by foreign financial institutions before the date that is two years after the date of publication in the Federal Register of final regulations defining the term “foreign passthru payment”.

Although the application of the FATCA withholding tax to pass-thru payments by foreign financial institutions is still uncertain, as the scope of these rules are still being determined by U.S. tax authorities, it is possible that in some circumstances payments by ZF (Australia), ZF (Ireland) or ZIC on Notes after the date that is two years after the date of publication in the Federal Register of final regulations defining the term “foreign passthru payment” to persons failing to meet certain FATCA reporting or certification requirements may be treated as “pass-thru payments” subject to U.S. withholding tax. Such withholding would apply to a Note characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued or deemed issued after the date that is six months after the date on which final U.S. Treasury Regulations defining the term “foreign passthru payment” are filed with the Federal Register.

Under the Senior Notes Conditions, the ZIC Subordinated Notes Conditions and the Guaranteed Subordinated Notes Conditions, no additional amounts are due with respect to a tax imposed under the FATCA rules. Holders of Senior Notes, Subordinated Notes and Deeply Subordinated Notes should consult their own tax advisers on how these rules may apply to payments they receive under the Senior Notes, the Subordinated Notes and the Deeply Subordinated Notes.

EU Anti-Tax Avoidance Directives

As part of its anti-tax avoidance package, the European Commission published a draft Anti-Tax Avoidance Directive on 28 January 2016, which was formally adopted by the European Council on 12 July 2016 in Council Directive (EU) 2016/1164 (the “**ATAD 1**”). The ATAD 1 was to generally be implemented by each Member State by 2019, subject to certain derogations for Member States which have equivalent measures in their domestic law. Ireland previously notified the Commission that it intended to derogate from the interest limitation rules meaning the provisions of ATAD 1 on interest deductibility may be deferred in the case of Ireland until potentially 1 January 2024. On 14 November 2018 the Irish Department of Finance issued a consultation document seeking views on the manner in which Ireland will implement the interest limitation rule. It also suggested that Ireland might introduce the rules earlier than 2024, perhaps as early as Finance Act 2019. While no such measures were included in Finance Act 2019 it is anticipated they may be included in Finance Act 2020 to take effect from 1 January 2021.

The second Anti-Tax Avoidance Directive (the “**ATAD 2**”, and, together with ATAD 1, the “**ATADs**”) was adopted as Council Directive (EU) 2017/952 on 29 May 2017. ATAD 2 was to be implemented by all EU member states by 1 January 2020, with certain exceptions. The ATADs may affect the tax treatment of the Issuer’s profits and therefore the Issuer’s ability to make payments on the Notes.

Amongst the measures contained in the ATAD 1 is an interest deductibility limitation rule similar to the recommendation contained in the Base Erosion and Profit Shifting Action 4 proposals. The ATAD 1 provides that interest costs in excess of 30 per cent. of an entity’s earnings before interest, tax, depreciation and amortisation, will not be deductible in the year in which it is incurred but would remain available for carrying forward (while Member States also have the option of excluding the first €3,000,000 of interest costs). However, the restriction on interest deductibility would only be in respect of the amount by which the borrowing costs exceed “interest revenues and other equivalent taxable revenues from financial assets”. As the Issuer will generally fund interest payments it makes under the Notes from interest payments to which it is entitled on the refinancing of existing debt of the Zurich Insurance Group (that is such that the Issuer pays limited or no net interest), the restriction may be of limited relevance to the Issuer. There is also a carve-out in the ATAD 1 for financial undertakings, although as drafted the Issuer is not likely to be treated as a financial undertaking.

ATAD 1 (as amended by ATAD 2) provides for hybrid mismatch rules. These rules apply in Ireland with effect from 1 January 2020 and are designed to neutralise arrangements where amounts are deductible from the income of one entity but are not taxable for another, or the same amounts are deductible for two entities. These rules could potentially apply to ZF (Ireland) where: (i) the interest that it pays under the Notes, and claims deductions from its taxable income for, is not brought into account as taxable income by the relevant Noteholder, either because of the characterisation of the Notes, or the payments made under them, or because of the nature of the Noteholder itself; and (ii) the mismatch arises between associated enterprises, between ZF (Ireland) and an associated enterprise or under a structured arrangement.

The measures should not impact payments on the Notes where ZF (Ireland) has or had at any time an associated enterprise that holds Notes unless there is a hybrid mismatch.

For the purposes of the hybrid rules, a structured arrangement is one involving a mismatch outcome where the mismatch outcome is priced into the terms of the arrangement or the arrangement was designed to give rise to a mismatch outcome. While it is unlikely that ZF (Ireland) would be entering into structured arrangements the Irish Revenue Commissioners have not published any guidance on how they will interpret these rules so further analysis may be needed in respect of particular Note issuances.

Irish Withholding Tax on the Notes

It is anticipated that Irish withholding tax should not be imposed on payments of principal or interest on the Notes, as the Notes are anticipated to be “Quoted Eurobonds” which satisfy the conditions for an exemption from withholding tax to apply (as described in the section “*Taxation—Irish Taxation*” of this Base Prospectus). However there can be no assurance that the law will not change.

Irish Capital Gains Tax

Under current law, a holder of Notes will not be subject to Irish capital gains tax on a disposal of the Notes for so long as the Notes are quoted on a stock exchange unless such holder is resident or ordinarily resident in Ireland or carries on a trade in Ireland through a branch or agency in respect of which the Notes are used or held. If the Notes cease to be quoted on a stock exchange, Irish capital gains tax may apply, subject to reliefs and exceptions, on any profit derived from a disposal or deemed disposal of the Notes.

Australian IGA and FATCA withholding

In connection with FATCA (as more fully described on page 16 of this Base Prospectus under the heading “*FATCA Withholding*”), Australia and the United States signed an intergovernmental agreement (“**Australian IGA**”) on 28 April 2014. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the Australian IGA.

Australian financial institutions which are Reporting Australian Financial Institutions under the Australian IGA must comply with specific due diligence procedures. In general, these procedures seek to identify their account holders and provide the ATO with information on financial accounts (e.g. the Notes) held by U.S. persons and recalcitrant account holders. The ATO is required to provide such information to the IRS. Consequently, holders of the Notes may be requested to provide certain information and certifications to ZF (Australia) and to any other financial institutions through which payments on the Notes issued by ZF (Australia) are made in order for ZF (Australia) and other such financial institutions to comply with their FATCA obligations.

A Reporting Australian Financial Institution that complies with its obligations under the Australian IGA will not generally be subject to FATCA withholding on amounts it receives, and will not generally be required to deduct FATCA withholding from payments it makes with respect to the Notes, other than in certain prescribed circumstances.

In the event that any amount is required, as a result of FATCA, to be withheld or deducted from a payment on the Notes issued by ZF (Australia), pursuant to the Senior Notes Conditions or the Guaranteed Subordinated Notes Conditions, no additional amounts will be paid by ZF (Australia) as a result of the withholding or deduction.

FATCA is particularly complex legislation. Investors should consult their own tax advisers to determine how FATCA and the Australian IGA may apply to them under the Notes.

Australian insolvency laws

The following paragraph applies to Notes issued by ZF (Australia).

In the event that ZF (Australia) becomes insolvent, insolvency proceedings will be governed by Australian law or the law of another jurisdiction determined in accordance with Australian law. Australian insolvency laws are, and the laws of that other jurisdiction can be expected to be, different from the insolvency laws of other jurisdictions. In particular, the voluntary administration procedure under the Corporations Act 2001 of Australia (“**Corporations Act**”), which provides for the potential re-organisation of an insolvent company, differs significantly from similar provisions under the insolvency laws of other jurisdictions. If ZF (Australia) becomes insolvent, the treatment and ranking of Noteholders and ZF (Australia)’s shareholders under Australian law, and the laws of any other jurisdiction determined in accordance with Australian law, may be different from the treatment and ranking of Noteholders and ZF (Australia)’s shareholders if ZF (Australia) were subject to the bankruptcy laws or the insolvency laws of other jurisdictions.

RISKS RELATED TO THE NOTES GENERALLY

Set out below is a brief description of certain risks relating to the Notes generally:

Notes may not be a suitable investment for all investors

A range of different Notes may be issued under the Programme, including Senior Notes, Subordinated Notes and Deeply Subordinated Notes. A number of these Notes may have features which contain particular risks for potential investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus, the applicable Pricing Supplement or any applicable supplement;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest can be deferred or written down in the circumstances described in the terms and conditions relating to the Notes, where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and the applicable Pricing Supplement, and be familiar with the behaviour of the financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Notes subject to optional redemption by the relevant Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, or during any period in which there is an actual or perceived increase in the likelihood that the relevant Issuer may elect to redeem the Notes in the future, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The relevant Issuer may redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor would generally not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate as set out in the applicable Pricing Supplement. Such a feature to convert the interest rate may affect the secondary market in, and the market value of, such Notes. If the Notes are converted from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Notes are converted from a floating rate to a fixed rate, the fixed rate in such circumstances may be lower than then prevailing market rates.

Notes issued at a substantial discount

The market values of securities issued at a substantial discount to their nominal amount tend to fluctuate more in relation to general changes in interest rates than prices do for conventional interest-bearing securities.

Modification, waivers and substitution

Except in the circumstances referred to in the paragraphs below in relation to Notes issued by ZIC, the ZIC Subordinated Notes Conditions, the Guaranteed Subordinated Notes Conditions and the Senior Notes Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who do not attend and vote at the relevant meeting and Noteholders who vote in a manner contrary to the majority.

In relation to Listed Swiss Franc Notes issued by ZIC and other Notes issued by ZIC by way of a public offering within the meaning of Article 1157 of the Swiss Code of Obligations, the provisions of Articles 1157-1186 of the Swiss Code of Obligations will apply to all meetings of Noteholders. These provisions permit defined majorities to bind all Noteholders of the relevant Series of Notes, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Senior Notes Conditions, the ZIC Subordinated Notes Conditions and the Guaranteed Subordinated Notes Conditions also provide that the Trustee may agree, without the consent of the Noteholders, to (i) any modification of any of the provisions of the Trust Deed, the ZIC Subordinated Guarantee (if applicable), the ZIC Deeply Subordinated Guarantee (if applicable) or the Agency Agreement that is in the opinion of the Trustee of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of the Senior Notes Conditions, the ZIC Subordinated Notes Conditions or the Guaranteed Subordinated Notes Conditions and the provisions of the Trust Deed, the ZIC Subordinated Guarantee (if applicable), the ZIC Deeply Subordinated Guarantee (if applicable) or the Agency Agreement that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders.

The relevant Issuer may also at any time, without the consent of the Noteholders substitute any entity in place of the relevant Issuer as the principal debtor under the Senior Notes, the Subordinated Notes or the Deeply Subordinated Notes upon the fulfilment of certain preconditions as set out in Condition 13 of the Senior Notes Conditions, Condition 13 of the ZIC Subordinated Notes Conditions and Condition 14 of the Guaranteed Subordinated Notes Conditions, including, if so required, subject to notification thereof to, and consent therefor from, the Relevant Regulator. There can be no guarantee that any such modification,

waiver or substitution will not have an adverse effect on the price of the relevant Senior Notes, Subordinated Notes or Deeply Subordinated Notes resulting in Noteholders losing all or some of their investment in the relevant Notes.

In relation to Senior Notes, Subordinated Notes or Deeply Subordinated Notes issued by an Issuer other than ZIC:

The ZIC Senior Guarantee, the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee are limited to the Specified Maximum Amount

The maximum liability of the Guarantor under any applicable ZIC Senior Guarantee, ZIC Subordinated Guarantee and ZIC Deeply Subordinated Guarantee shall not exceed in aggregate the Specified Maximum Amount as defined in the relevant Guarantee.

Applicable Law

The Conditions are governed by English law in effect as of the date of this Base Prospectus, save that the provisions relating to subordination in Notes which are Subordinated Notes or Deeply Subordinated Notes will be governed by the law of the jurisdiction of incorporation of the Issuer of such Subordinated Notes or Deeply Subordinated Notes. The ZIC Senior Guarantees, the ZIC Subordinated Guarantees and the ZIC Deeply Subordinated Guarantees are governed by Swiss law and accordingly any dispute arising out of such ZIC Senior Guarantee, ZIC Subordinated Guarantee or ZIC Deeply Subordinated Guarantee, as applicable, between the Guarantor and the Trustee, or the Guarantor and a Holder who is entitled to proceed against the Guarantor, shall fall exclusively within the courts of the City of Zurich, venue being Zurich 1.

No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice or the law or administrative practice of the jurisdiction of incorporation of the Issuer or, as the case may be, Swiss law or administrative practice, respectively, after the date of this Base Prospectus.

Denomination (secondary trading)

Although Notes which are admitted to trading on a market in the EEA are required to have a minimum denomination of EUR 100,000 (or where the specified currency is not euro, its equivalent in the specified currency), or an integral multiple of EUR 1,000 (or where the specified currency is not euro, its equivalent in the specified currency) in excess thereof, it is possible that the Notes may be traded in the clearing systems in amounts in excess of EUR 100,000 (or its equivalent) or an integral multiple of EUR 1,000 (or its equivalent) in excess thereof that are not integral multiples of EUR 100,000 (or its equivalent) or an integral multiple of EUR 1,000 (or its equivalent) in excess thereof. In such a case, should definitive Notes be required to be printed, a holder who does not have an integral multiple of EUR 100,000 (or its equivalent) or an integral multiple of EUR 1,000 (or its equivalent) in excess thereof in his account with the relevant clearing system at the relevant time may not receive all of his entitlement in the form of definitive Notes unless and until such time as his holding becomes an integral multiple of EUR 100,000 (or its equivalent) or an integral multiple of EUR 1,000 (or its equivalent) in excess thereof.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Reference rates and indices, including interest rate benchmarks, such as the London Interbank Offered Rate (“LIBOR”) or the Eurozone Interbank Offered Rate (“EURIBOR”), which are used to determine the amounts payable under financial instruments or the value of such financial instruments, have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. This has resulted in regulatory reform and changes to existing “benchmarks”, with further changes anticipated. These reforms and changes may cause a “benchmark” to perform differently than it has done in the past or to be discontinued. Any change in the performance of a “benchmark” or its discontinuation, could have a material adverse effect on any Notes referencing or linked to such “benchmark”. The Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016 and applied from 1 January 2018. The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of LIBOR, EURIBOR or any other benchmark may adversely affect the value of Notes which reference LIBOR, EURIBOR or such other benchmark

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates the LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. Subsequent speeches by FCA officials have emphasised that market participants should not rely on the continued publication of LIBOR after the end of 2021, which indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past, and may have other consequences which cannot be predicted.

Investors should be aware that, if LIBOR, EURIBOR or any other benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes, Fixed Rate Reset Notes or Fixed to Floating Rate Notes which reference LIBOR, EURIBOR or such other benchmark will be determined for the relevant period by the fall back provisions applicable to such Notes.

The Conditions set out in this Base Prospectus provide for certain fallback arrangements for Fixed Rate Reset Notes, Floating Rate Notes and Fixed to Floating Rate Notes in the event that a published benchmark, including an interbank offered rate such as LIBOR, EURIBOR or other relevant reference rates (including, without limitation, mid-swap rates), (including any page on which such benchmark may be published (or any successor service)) becomes unavailable or a Benchmark Event otherwise occurs, including the possibility that the rate of interest could be set by reference to a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required), all as determined by the Issuer (in consultation with an Independent Adviser). In certain circumstances the ultimate fallback for the purposes of calculation of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate of interest. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the trading market for, liquidity of, value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes, Fixed Rate Reset Notes or Fixed to Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes, Fixed Rate Reset Notes or Fixed to Floating Rate Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes, Fixed Rate Reset Notes or Fixed to Floating Rate Notes.

Redemption of the Senior Notes and Redemption, Substitution and Variation of the Subordinated Notes and Deeply Subordinated Notes:

The applicable Pricing Supplement will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (if applicable) or that such Notes will be redeemable at the option of the relevant Issuer and/or the Noteholders (in the case of Senior Notes only) upon giving the notice required by the applicable Pricing Supplement to the Noteholders or the relevant Issuer (in the case of Senior Notes only) as the case may be, on a date or dates specified, and at a price or prices and on such other terms as are indicated in the applicable Pricing Supplement. Pursuant to Condition 6 of the ZIC Subordinated Notes Conditions or Condition 7 of the Guaranteed Subordinated Notes Conditions (as applicable), the relevant Issuer having obtained the prior written approval of the Relevant Regulator and provided that no Solvency Event has occurred or is continuing and such redemption would not itself cause a Solvency Event on the date on which such redemption would be made. Additionally, in the case of a redemption that is within five years of the Issue Date of the first Tranche of such Subordinated Notes or Deeply Subordinated Notes, such redemption would need to be, to the extent then required by the Relevant Regulator in order for the Subordinated Notes or Deeply Subordinated Notes to qualify as at least Future Tier Two Capital under any Future Regulations, funded out of the proceeds of a new issuance of capital instruments of at least the same quality as such Subordinated Notes or Deeply Subordinated Notes. Furthermore, Subordinated Notes and Deeply Subordinated Notes may be redeemed (i) for taxation reasons or (ii) if so specified in the applicable Pricing Supplement, if an Accounting Event, a Rating Agency Event, a Regulatory Event or a Clean-Up Event, has occurred. Upon the occurrence of any of the events described in (i) or, if so specified in the applicable Pricing Supplement, (ii) above, the relevant Issuer may at any time either substitute all (but not some only) of the Subordinated Notes or Deeply Subordinated Notes for, or vary the terms of the Subordinated Notes or Deeply Subordinated Notes so that they remain or, as appropriate, become,

Qualifying Securities. Additionally, Senior Notes may be redeemed (i) for taxation reasons or (ii) if so specified in the applicable Pricing Supplement, if a Clean-Up Event has occurred.

The Optional Redemption Amount payable in respect of any Note of the Specified Denomination on any Optional Redemption Date and the Final Redemption Amount payable in respect of any Note of the Specified Denomination on any Maturity Date (subject, in relation to Subordinated Notes or Deeply Subordinated Notes, to the occurrence of a Solvency Event which has occurred and is continuing on the Maturity Date or which would occur as a result of the relevant redemption) will in all circumstances be an amount equal to or greater than the Specified Denomination of such Note.

If Write-Down Event is specified in the applicable Pricing Supplement as being applicable to any series of Subordinated Notes or Deeply Subordinated Notes, such Notes may only be redeemed subject to, and in accordance with, the provisions as set out in Condition 8 of the ZIC Subordinated Notes Conditions or Condition 9 of the Guaranteed Subordinated Notes Conditions.

If a Solvency Event has occurred and is occurring on the Maturity Date, or would occur as a result of the redemption of the relevant Subordinated Notes or Deeply Subordinated Notes, such Subordinated Notes or Deeply Subordinated Notes shall not be redeemed on the Maturity Date, but will be redeemed by the Issuer following such Solvency Event ceasing to occur, in accordance with Condition 6 of ZIC Subordinated Notes Conditions or Condition 7 of the Guaranteed Subordinated Notes Conditions, as applicable.

Denomination of Notes:

Notes issued under the Programme which may be listed on the Official List and admitted to trading on the Euro MTF Market and/or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system situated or operating in the UK or a Member State may not (a) have a minimum denomination of less than EUR 100,000 (or its equivalent in another currency), or (b) carry the right to acquire shares (or transferable securities equivalent to shares) issued by ZF (Australia), ZF (Ireland), ZHCA, ZIC or by any entity to whose group ZF (Australia), ZF (Ireland), ZHCA or ZIC belong.

Subject thereto, Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Dealer as indicated in the applicable Pricing Supplement save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

If so specified in the applicable Pricing Supplement, so long as the Notes are represented by a Temporary Global Note or Permanent Global Note, the Notes may be tradable only in minimum specified denominations of EUR 100,000 (or equivalent in another currency) and integral multiples of EUR 1,000 (or equivalent in another currency) in excess thereof.

Notes issued under the Programme may have a minimum specified denomination of less than EUR 100,000 if it is the intention that the Notes will not be listed on the Official List and admitted to trading on the Euro MTF Market and/or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system situated or operating in the UK or a Member State.

Write-Down of Notes:

In relation to Subordinated Notes and Deeply Subordinated Notes, in the case where a Write-Down Event is specified in the applicable Pricing Supplement as being applicable, if a Write-Down Event occurs, the relevant Issuer shall effect a Write-Down of the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes, which will not be reversible and such Write-Down will occur without the consent of the holders of the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes *provided that* if an election has been made to redeem the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes pursuant to Condition 6 of the ZIC Subordinated Notes Conditions or Condition 7 of the Guaranteed Subordinated Notes

Conditions, as the case may be, prior to the occurrence of the Write-Down Event, but prior to the scheduled redemption date a Write-Down Event occurs, then the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes will not be redeemed and instead will be Written-Down on the Write-Down Date. A Write-Down involves the full nominal amount of the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes being automatically reduced to zero and such Notes being cancelled. While accrued and unpaid interest (together with any outstanding Arrears of Interest, or, as the case may be, outstanding Deferred Interest) up to but excluding the date upon which the Subordinated Notes or, as the case may be, the Deeply Subordinated Notes are actually Written-Down will become due and payable, no further amounts in respect of such Notes will be payable.

Taxation:

See Condition 7 of the ZIC Subordinated Notes Conditions, Condition 8 of the Senior Notes Conditions and Condition 8 of the Guaranteed Subordinated Notes Conditions.

All payments on Notes issued by each of ZF (Australia), ZF (Ireland) and ZHCA will be made without deduction for or on account of withholding tax imposed by Australia and Switzerland (in the case of Notes issued by ZF (Australia)), Ireland and Switzerland (in the case of Notes issued by ZF (Ireland)) or the United States and Switzerland (in the case of Notes issued by ZHCA), unless such withholding is required by law, intergovernmental agreement, an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) and/or by agreement of the relevant Issuer or the Guarantor. Subject to a number of exceptions set out in Condition 8 of the Senior Notes Conditions and Condition 8 of the Guaranteed Subordinated Notes Conditions, if such withholding is required, the relevant Issuer will generally be required to pay such additional amounts as will result in the receipt by the Noteholders of such amounts as they would have received had no such withholding been required.

All payments on Notes issued by ZIC will be made subject to withholding tax imposed by Switzerland to the extent required by law and/or by agreement of the Issuer or the Guarantor. No additional amounts will be paid by ZIC in respect of any such withholding as set out in Condition 8 of the Senior Notes Conditions, Condition 7 of the ZIC Subordinated Notes Conditions and Condition 8 of the Guaranteed Subordinated Notes Conditions.

The terms of the Senior Notes issued by ZF (Australia), ZF (Ireland) and ZHCA will contain a negative pledge provision as further described in Condition 4 of the Senior Notes Conditions.

The Senior Notes will constitute direct, unconditional, unsubordinated and, subject to the provision of Condition 4 of the Senior Notes Conditions, unsecured obligations of the relevant Issuer and (subject as aforesaid) will rank as set out in Condition 3 of the Senior Notes Conditions.

The ZIC Subordinated Notes and the ZIC Deeply Subordinated Notes will rank as set out in Condition 3(a) and 3(b), respectively, of the ZIC Subordinated Notes Conditions and, in each case, as specified in the applicable Pricing Supplement.

Guarantees by ZIC:

Each Tranche of Senior Notes issued by ZF (Australia), ZF (Ireland) or ZHCA will be unconditionally and irrevocably guaranteed by ZIC (each such guarantee, a “ZIC Senior Guarantee”). Each ZIC Senior Guarantee will be

governed by Swiss law, will be issued by ZIC on the issue date of the relevant Tranche of Notes and will be limited to its stated maximum amount. The obligations of ZIC under each ZIC Senior Guarantee will be direct, non-accessory, unconditional, unsubordinated and unsecured obligations of ZIC and (subject as aforesaid) will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of ZIC, present and future, save for statutorily preferred exceptions, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights. Payment under the relevant ZIC Senior Guarantee shall be made by ZIC within seven days of receipt by it of notice from the Trustee that such payment has become due and remains unpaid. See "*Form of the ZIC Senior Guarantee*" below.

Each ZIC Subordinated Guarantee will be governed by Swiss law, will be issued by ZIC on the issue date of the relevant Tranche of Notes and will be limited to its stated maximum amount. The obligations of ZIC under each ZIC Subordinated Guarantee will constitute direct, non-accessory, unconditional, subordinated and unsecured obligations of ZIC ranking as set out in Clause 1(1)(a) of the ZIC Subordinated Guarantee. Payment under the relevant ZIC Subordinated Guarantee shall be made by ZIC within seven days of receipt by it of notice from the Trustee that such payment has become due and remains unpaid. Each ZIC Deeply Subordinated Guarantee will be governed by Swiss law, will be issued by ZIC on the issue date of the relevant Tranche of Notes and will be limited to its stated maximum amount. The obligations of ZIC under each ZIC Deeply Subordinated Guarantee will constitute direct, non-accessory, unconditional, subordinated and unsecured obligations of ZIC ranking as set out in Clause 1(1)(a) of the ZIC Deeply Subordinated Guarantee. Payment under the relevant ZIC Deeply Subordinated Guarantee shall be made by ZIC within seven days of receipt by it of notice from the Trustee that such payment has become due and remains unpaid. (See "*Form of the ZIC Deeply Subordinated Guarantee*" below).

Prescription:

The Notes and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 22 of the Senior Notes Conditions, Condition 22 of the ZIC Subordinated Notes Conditions and Condition 23 of the Guaranteed Subordinated Notes Conditions) therefor.

The Notes may also be admitted to listing, trading and/or quotation by any other listing authorities, stock exchanges and/or quotation systems (including the SIX Swiss Exchange) as may be agreed between the relevant Issuer and the relevant Dealer in relation to each Series.

Governing Law:

The Notes (other than the provisions of Condition 3 of the ZIC Subordinated Notes Conditions, which will be governed by, and construed in accordance with, the laws of Switzerland, and Condition 3 of the Guaranteed Subordinated Notes Conditions, which will each be governed by, and construed in accordance with, the laws of the jurisdiction of incorporation of the relevant Issuer) will be governed by, and construed in accordance with, English law. Holders of Listed Swiss Franc Notes should note that, among other things,

under the Senior Notes Conditions, under the ZIC Subordinated Notes Conditions and under the Guaranteed Subordinated Notes Conditions, collective representation of investors is possible, albeit without any guarantee that investors' anonymity can be assured.

Each ZIC Senior Guarantee, each ZIC Subordinated Guarantee and each ZIC Deeply Subordinated Guarantee will be governed by Swiss law.

Selling Restrictions:

There are selling restrictions in relation to the U.S., the EEA, the United Kingdom, Ireland, Japan, Australia and Singapore and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes. See "*Subscription and Sale*" below.

TERMS AND CONDITIONS OF THE SENIOR NOTES

The following, save for paragraphs in italics, is the text of the terms and conditions that, subject to completion and amendment and as supplemented in accordance with the provisions of Part A of the applicable Pricing Supplement, shall be applicable to the Senior Notes. As set out below, the terms and conditions are presented in the form that would be endorsed, together with the relevant provisions of Part A of the Pricing Supplement, on (A) Bearer Notes in definitive form (if any) issued in exchange for Global Note(s) or (B) in the case of Registered Notes, Certificates, in each case, representing Senior Notes. Accordingly, references in these terms and conditions to provisions specified in the applicable Pricing Supplement shall be to the provisions set out in the applicable Pricing Supplement. Capitalised terms that are not defined in the Conditions will have the meanings given to them in the applicable Pricing Supplement relating to any Series and/or Tranche of Notes, the absence of any such meaning indicating that such term is not applicable to the Notes of that Series.

This Note is one of a Series (as defined below) of Notes issued by Zurich Finance Australia Limited (“**ZF (Australia)**”), Zurich Finance (Ireland) DAC (“**ZF (Ireland)**”), Zurich Holding Company of America, Inc. (“**ZHCA**”) or Zurich Insurance Company Ltd (“**ZIC**” and, together with ZF (Australia), ZF (Ireland) and ZHCA, the “**Issuers**” and each an “**Issuer**”) constituted by an amended and restated trust deed dated 20 May 2020, as it may be further amended or supplemented in relation to that Series of Notes as at the Issue Date of the Notes specified in the applicable Pricing Supplement (the “**Issue Date**”) (the “**Trust Deed**”) between the Issuers, ZIC (in its capacity as guarantor, the “**Guarantor**”), Zurich Insurance Group Ltd (“**ZIG**”) and Citicorp Trustee Company Limited (the “**Trustee**”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below).

References in these Conditions to (i) “**Notes**” are to Senior Notes of one Series only, not to all Senior Notes that may be issued under the Programme; and (ii) the “**Issuer**” are to the issuer of the Notes specified as such in the applicable Pricing Supplement.

Senior Notes issued by ZF (Australia), ZF (Ireland) and ZHCA will benefit from a ZIC Senior Guarantee (as defined in Condition 5 (*Guarantee*)).

These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates for Registered Notes, Coupons and Talons referred to below. An Agency Agreement dated 20 May 2020 (as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) has been entered into in relation to the Notes between, *inter alios*, the Issuers, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Issuing and Paying Agent**”, the “**Paying Agents**” (which expression shall include the Issuing and Paying Agent), the “**Registrar**”, the “**Transfer Agents**” (which expression shall include the Registrar) and the “**Calculation Agent(s)**”. In the case of Listed Swiss Franc Notes, references herein to the “Agency Agreement” shall also extend to the agreement referred to in Condition 11(g) which supplements the Agency Agreement. Copies of the Trust Deed and the Agency Agreement and, if applicable, any ZIC Senior Guarantee are available for inspection during usual business hours and upon reasonable notice at the principal office of the Trustee (presently at Citigroup Centre, Canada Square, London E14 5LB, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the “**Coupons**”) relating to interest-bearing Notes in bearer form and, where applicable, in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are entitled to the benefit of, are deemed to have notice of, and are bound by, all the provisions of the Trust Deed and, if applicable, the relevant ZIC Senior Guarantee, and are deemed to have notice of the Agency Agreement.

As used in these Conditions, “**Tranche**” means Notes of a Series which are identical in all respects. “**Series**” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and to form a single series and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates, first payment of interest and/or issue prices.

Capitalised terms that are not defined in these Conditions will have the meanings given to them in the applicable Pricing Supplement, the absence of any such meaning indicating that such term is not applicable to the Notes.

1. Form, Denomination and Title

Whether this Note is in bearer or registered form or whether it is a “Listed Swiss Franc Note” is specified in the applicable Pricing Supplement.

This Note is issued either in bearer form (each a “**Bearer Note**”) or in registered form (each a “**Registered Note**”) in each case in the Specified Denomination(s) shown in the applicable Pricing Supplement.

Each Bearer Note is serially numbered and is issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case reference to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Each Registered Note is represented by a registered certificate (a “**Certificate**”) and each Certificate shall represent the entire holding of Registered Notes by the same Noteholder.

In these Conditions, “**Noteholder**” and “**holder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be) and, except as ordered by a court of competent jurisdiction or as required by law, such holder shall be deemed to be and may be treated as the absolute owner of such Note for all purposes.

Any references in these Conditions to Notes which are in bearer form shall, unless the context otherwise requires, include any related Coupons and Talons. Any references to any holder of Notes which are in bearer form shall, unless the context otherwise requires, include any Couponholders.

Title to the Bearer Notes shall pass by delivery. Title to the Registered Notes shall pass upon registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”) and as further described in Condition 15 (*Transfers of Registered Notes*).

Any Bearer Note issued by ZHCA will be issued in “registered form” for U.S. federal income tax purposes. In order for such Bearer Notes to be issued in “registered form” for U.S. federal income tax purposes, such Notes each will be “effectively immobilized”. Under guidance issued by the U.S. Internal Revenue Service (“**IRS**”), a Global Note in bearer form issued by ZHCA is “effectively immobilized” if (1) it is issued to and held by Euroclear or Clearstream, or another clearing organisation as defined in U.S. Treasury Regulation section 1.163-5(c)(2)(i)(B)(4) (or by a custodian or depository acting as an agent of the clearing organisation) for the benefit of purchasers of interests in the obligation under arrangements that prohibit the transfer of the Global Note in bearer form except to a successor clearing organisation subject to the same terms; and (2) beneficial interests in the underlying obligation are transferable only through a book entry system maintained by the clearing organisation (or an agent of the clearing organisation). Under guidance by the IRS, Global Notes in bearer form are also subject to restrictions as to the circumstances under which Bearer Notes in definitive form may be issued. To meet such restrictions, the applicable Pricing Supplement for a Permanent Global Note issued by ZHCA will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for Notes in definitive bearer form with, where applicable, Coupons and Talons attached (i) if an Event of Default (as defined in Condition 9 (*Events of Default*)) occurs in respect of any Note or (ii) if Euroclear or Clearstream ceases business permanently and no alternative clearing system satisfactory to the Trustee is available. After the occurrence of one of these circumstances set forth in the applicable Pricing Supplement, such that a holder, or a group of holders acting collectively, has a right to obtain a Note in definitive bearer form issued by ZHCA, such Note will no longer be in registered form for U.S. federal income tax purposes, regardless of whether any option to obtain a Note in definitive bearer form has actually been exercised.

2. Listed Swiss Franc Notes

This Note is a Listed Swiss Franc Note if it is denominated or payable in Swiss Francs, is in bearer form, is listed on the SIX Swiss Exchange and it is so specified in the applicable Pricing Supplement.

Each Tranche of Listed Swiss Franc Notes will be represented exclusively on issue by a Permanent Global SIS Note in bearer form, which will be deposited with SIX SIS Ltd, or such other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange on or prior to the Issue Date of such Series of Notes.

3. Status

The Issuer’s obligations in respect of or arising under the Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4 (*Negative Pledge*)) unsecured obligations of the Issuer and (subject as aforesaid) rank and will rank *pari passu*, without any preference among themselves save for statutorily preferred exceptions, with all other outstanding unsecured and unsubordinated obligations of the Issuer, present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors’ rights.

4. Negative Pledge

So long as any of the Notes of the relevant Series remains outstanding (as defined in the Trust Deed), the Issuer (except where ZIC is the Issuer) will not create or permit to subsist any mortgage, charge, pledge, lien or other form of encumbrance or security interest upon the whole or any part of its undertaking, property, assets or revenues present or future to secure any Relevant Debt, or to secure any guarantee of or indemnity in respect of any Relevant Debt, unless, at the same time or prior thereto, the Issuer’s obligations under the Notes and the Trust Deed (i) are secured equally and rateably therewith to the satisfaction of the Trustee, or (ii) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the Noteholders of the relevant Series or as shall be approved by an Extraordinary Resolution of the Noteholders of the relevant Series.

5. Guarantee

Where the Issuer is ZF (Australia), ZF (Ireland) or ZHCA, the payment of principal and interest in respect of the Notes (together with any Additional Amounts payable under Condition 8 (*Taxation*) and all other moneys payable under the Trust

Deed) up to the Specified Maximum Amount has been unconditionally and irrevocably guaranteed by the Guarantor pursuant to a guarantee agreement dated the Issue Date, and governed by Swiss law (the “ZIC Senior Guarantee”).

The ZIC Senior Guarantee provides that the Guarantor will, within seven days of receipt by it of notice from the Trustee confirming that a payment has become due and remains unpaid, make such payment.

The ZIC Senior Guarantee is limited to the Specified Maximum Amount stated in the applicable Pricing Supplement and the ZIC Senior Guarantee. The obligations of the Guarantor under the ZIC Senior Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Guarantor.

Claims of Noteholders under the ZIC Senior Guarantee rank and will rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, save for statutorily preferred exceptions, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors’ rights.

6. Interest and other Calculations

This Note is a Fixed Rate Note, a Fixed Rate Reset Note, a Floating Rate Note, a Fixed to Floating Rate Note, a Zero Coupon Note or a combination of the foregoing (and each as further described below and in Condition 10 (*Interest Determination and Payment Dates*)), depending upon the Interest Basis specified in the applicable Pricing Supplement.

(a) Interest Accrual

(i) Notes other than Zero Coupon Notes

Each type of Note (other than a Zero Coupon Note) bears interest on its outstanding principal amount, accruing as follows:

(a) Fixed Rate Note:

from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest;

(b) Fixed Rate Reset Note:

(x) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;

(y) from (and including) the First Reset Date to (but excluding) the first Subsequent Reset Date or, if a Subsequent Reset Date is not specified in the applicable Pricing Supplement, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and

(z) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest;

(c) Floating Rate Note:

from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 10(b); and

(d) Fixed to Floating Rate Note:

(x) from (and including) the Interest Commencement Date to (but excluding) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest; and

(y) from (and including) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 10(b).

Each Note will cease to bear interest from the date of its redemption unless, upon due presentation or surrender thereof, payment of principal is improperly withheld or refused and in such event, interest will continue to accrue as provided in the Trust Deed.

If any Margin is specified in the applicable Pricing Supplement (either (A) generally or (B) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (A), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (B), calculated in accordance with Condition 10(b) by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject to Condition 10(c).

Such interest shall be payable in arrear on each Interest Payment Date specified in the applicable Pricing Supplement. The amount of interest payable shall be determined in accordance with Condition 6(b).

(ii) *Zero Coupon Notes*

Where a Note the Interest Basis of which is specified in the applicable Pricing Supplement to be “Zero Coupon” is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(b)(i)).

(b) **Calculations**

Interest is calculated on each Note by reference to the Calculation Amount specified in the applicable Pricing Supplement. The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for calculating such amount) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula).

Where any Interest Period comprises more than one Interest Accrual Period, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated. Where the Specified Denomination comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination specified in the applicable Pricing Supplement.

(c) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount and Clean-Up Redemption Price**

The Calculation Agent shall, as soon as practicable on each Interest Determination Date or Reset Determination Date (as applicable), or such other time on such date as the Calculation Agent may be required to calculate any rate or amount:

- (i) obtain any quotation or make any determination or calculation;
- (ii) determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period;
- (iii) calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Clean-Up Redemption Price (as may be provided for in the applicable Pricing Supplement); and
- (iv) cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Clean-Up Redemption Price, to be notified to the Trustee, the Issuer, the Guarantor, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in any event no later than (x) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (y) in all other cases, the fourth Business Day after such determination.

Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 10(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee in accordance with these Conditions by way of adjustment) without notice or consent of the Noteholders in the event of an extension or shortening of the Interest Period. If the Notes are not redeemed when due in accordance with Condition 7 (*Redemption, Purchase and Options*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 6 (*Interest and other Calculations*) but no publication of the Rate of Interest or the Interest Amount so calculated need be made, unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

7. Redemption, Purchase and Options

(a) **Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the applicable Pricing Supplement at its Final Redemption Amount specified in the applicable Pricing Supplement.

(b) Early Redemption

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 7(c), Condition 7(d), Condition 7(e) or Condition 7(f) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*) shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the applicable Pricing Supplement.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is specified in the applicable Pricing Supplement, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7(c), Condition 7(d), Condition 7(e) or Condition 7(f) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6(a)(ii).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the applicable Pricing Supplement.

(ii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 7(c), Condition 7(d), Condition 7(e) or Condition 7(f) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*), shall be the Final Redemption Amount unless otherwise specified in the applicable Pricing Supplement.

In respect of any redemption pursuant to Condition 7(c), 7(e) or 7(f), the Issuer shall give not less than 30 nor more than 60 days' prior notice of any redemption to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 18 (*Notices*), the Noteholders (which notice shall be irrevocable). Upon expiry of such notice, the Issuer shall redeem the Notes.

In respect of any redemption pursuant to Condition 7(d), upon the Noteholders giving not less than 30 nor more than 60 days' notice to the Issuer in accordance with Condition 14 (*The Trustee*) (or such other notice period as may be specified in the applicable Pricing Supplement), the Issuer shall, upon expiry of such notice, redeem the Notes.

(c) Redemption at the Option of the Issuer

If "Call Option" is specified in the applicable Pricing Supplement as being applicable, the Issuer may, at its option, redeem all, but not some only, of the Notes on any Optional Redemption Date specified in the applicable Pricing Supplement. Any such redemption of Notes shall be at their Optional Redemption Amount (which may be the Early Redemption Amount as described in Condition 7(b)) together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions.

(d) Redemption at the Option of the Noteholders

If "Put Option" is specified in the applicable Pricing Supplement as being applicable, the Issuer shall, at the option of the holder of any such Note, redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (which may be the Early Redemption Amount as described in Condition 7(b)) together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(e) Redemption Due to Taxation

If, prior to the giving of the relevant notice of redemption a Tax Event has occurred and is continuing, then the Issuer may redeem the Notes in accordance with these Conditions.

Such redemption may be at any time (if and for so long as this Note is not a Floating Rate Note) or on any Interest Payment Date (if and for so long as this Note is a Floating Rate Note).

The Issuer may redeem all, but not some only, of the Notes at their Early Redemption Amount (as described in Condition 7(b)), together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions, provided that no notice of redemption shall be given pursuant to limb (a) in the definition of Tax Event earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, ZIC (where ZIC is not the Issuer) would be obliged to pay Additional Amounts were a payment in respect of the Notes or the ZIC Senior Guarantee then due.

(f) Redemption Due to a Clean-Up Event

If “Clean-Up Event Call” is specified in the applicable Pricing Supplement as being applicable, the following provisions shall apply.

If a Clean-Up Event occurs and within the Early Event Call Period, the Issuer gives a notice of redemption and if the relevant Clean-Up Event is continuing on the date of such notice, then the Issuer may as further provided below, redeem in accordance with these Conditions all, but not some only, of the Notes.

Such redemption may be at any time (if and for so long as this Note is not a Floating Rate Note) or on any Interest Payment Date (if and for so long as this Note is a Floating Rate Note).

The Notes will be redeemed at the Clean-Up Redemption Price (which may be the Early Redemption Amount as described in Condition 7(b)) specified in the applicable Pricing Supplement, together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions.

(g) Purchases

The Issuer, ZIC (where ZIC is not the Issuer), ZIG and any of their respective Subsidiaries (as such term is defined in the Trust Deed) for the time being may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise and at any price.

(h) Cancellation

All Notes purchased in accordance with Condition 7(g) by or on behalf of the Issuer, ZIC (where ZIC is not the Issuer), ZIG or any of their respective Subsidiaries may (at the option of the Issuer, ZIC, ZIG or the relevant Subsidiary) be held, reissued, resold or surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so redeemed or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(i) Trustee Not Obligated to Monitor

The Trustee shall not be under any duty to monitor whether any event or circumstance within this Condition 7 (*Redemption, Purchase and Options*) has happened or exists and will not be responsible to Noteholders for any loss arising from any failure or delay by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 7 (*Redemption, Purchase and Options*), it shall be entitled to assume that no such event or circumstance exists.

8. Taxation

(a) Notes issued by ZIC

All payments made by or on behalf of the Issuer in respect of Notes will be made subject to and after deduction or withholding for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Switzerland or any political subdivision or any authority thereof or therein having power to tax required to be made by law. The Issuer will not be required to pay any additional or further amounts in respect of such deduction or withholding.

(b) Notes issued by ZF (Ireland)

In the case of Notes issued by ZF (Ireland), all payments under the Trust Deed and the Notes will be made without withholding or deduction for or on account of any taxes or duties of whatever nature imposed or levied by or on behalf of

the Relevant Jurisdiction or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law and/or by agreement of the ZF (Ireland) or the Guarantor, as the case may be. In such event, ZF (Ireland) will pay such additional amounts (“**Additional Amounts**”) as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Note presented for payment:

- (i) by or on behalf of a Noteholder who is liable for such taxes or duties in respect of such Note by reason of his having some connection with the Republic of Ireland (in the case of ZF (Ireland)) or Switzerland (in the case of payments made by ZIC) other than the mere holding of such Note;
- (ii) more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an Additional Amount on presenting the same for payment on such thirtieth day;
- (iii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person other than the Issuer is required to withhold tax on any interest payments; or
- (iv) any combination of items (i) through (iii) above.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of ZF (Ireland) will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “**FATCA Withholding**”). Neither ZF (Ireland) nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

(c) Notes issued by ZF (Australia)

In the case of Notes issued by ZF (Australia), all payments of principal and interest in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Relevant Jurisdiction or any political subdivision or any authority therein or thereof having power to tax, unless such withholding or deduction is required by a law or directive.

In the event that ZF (Australia) or any person acting on its behalf is required by law or directive to make any such withholding or deduction, ZF (Australia) will pay such additional amounts (“**Additional Amounts**”) as shall be necessary so that, after making the withholding or deduction and further withholdings or deductions applicable to Additional Amounts payable under this paragraph, the Noteholders are entitled to receive (at the time the payment is due) the amounts they would have received if no withholdings or deductions had been required to be made; except that no such Additional Amounts shall be payable in relation to any payment in respect of any Note:

- (i) to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of the person having some connection with the Relevant Jurisdiction other than the mere holding of such Note or receipt of payment in respect of such Note;
- (ii) presented for payment or in respect of which a claim for payment is made more than 30 days after the Relevant Date except to the extent that the relevant Noteholder would have been entitled to an Additional Amount on presenting the Note, or claiming or making demand, for payment on the last day of the period of 30 days;
- (iii) on account of such taxes, duties, assessments or governmental charges which are payable by reason of the Noteholder being an associate of ZF (Australia) for the purposes of section 128F of the Australian Tax Act;
- (iv) on account of such taxes, duties, assessments or governmental charges which are required to be deducted or withheld from amounts payable to, or to a third party on behalf of, a Noteholder who could lawfully avoid (but has not so avoided) such deduction or withholding by (1) providing (or procuring that a third party provides) the Noteholder’s Australian tax file number (“**TFN**”) or Australian Business Number (“**ABN**”) or evidence that the holder is not required to provide a TFN and/or ABN to the Issuer or to an applicable revenue authority (with a copy to the Issuer) and/or (2) complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption;
- (v) to, or to a third party on behalf of, a Noteholder where such withholding or deduction is required to be made pursuant to a notice or direction issued by the Commissioner of Taxation under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 to the Taxation Administration Act 1953 of Australia or any similar law;

- (vi) to the extent that ZF (Australia) is obliged to pay such taxes, duties, assessments or governmental charges in respect of such payment made to, or to a third party on behalf of, a Noteholder as a result of the operation of section 126 of the Australian Tax Act by reason of the Noteholder being an Australian resident or a non-resident that carries on business at or through a permanent establishment in Australia and not having disclosed to ZF (Australia) its name and address;
- (vii) in respect of any estate, inheritance, gift, sales, transfer, personal property, or any similar tax, assessment or governmental charge;
- (viii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person other than the Issuer is required to withhold tax on any interest payments;
- (ix) to a Noteholder that is not the beneficial owner of such Note to the extent that the beneficial owner thereof would not have been entitled to the payment of an Additional Amount had such beneficial owner been the Noteholder of such Note;
- (x) on account of any Australian interest withholding tax imposed as a result of a determination by the Commissioner of Taxation that such tax is payable under the Australian Tax Act, in circumstances where the Noteholder is party to or participated in a scheme to avoid such tax and where ZF (Australia) was neither a party to nor participated in such scheme;
- (xi) in such other circumstances as may be specified in the applicable Pricing Supplement; or
- (xii) any combination of items (i) through (xi) above.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of ZF (Australia) will be paid net of any FATCA Withholding. Neither ZF (Australia) nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

(d) Notes issued by ZHCA

(i) Additional Amounts

In the case of Notes issued by ZHCA, all payments of principal, premium and interest in respect of the Notes issued by ZHCA will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Relevant Jurisdiction or any political subdivision or any authority thereof or therein having power to tax or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) unless such withholding or deduction is required by law, intergovernmental agreement and/or by agreement described in Section 1471(b) of the Code. In such event, ZHCA will pay such additional amounts (“Additional Amounts”) as will result in receipt by the Noteholders after such withholding or deduction of such sums as the Noteholders would have received if no such deduction or withholding had been required.

(ii) Exceptions

However, no such Additional Amounts shall be payable as a result of a withholding or deduction on account of any one or more of the following:

- (i) any tax, duty, levy, assessment or other governmental charge which would not have been imposed but for (A) the existence of any present or former connection between a Noteholder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, a Noteholder, if a Noteholder is an estate, a trust, a partnership, a corporation or another entity) and the U.S. or any political subdivision or territory or possession thereof, including, without limitation, such Noteholder (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident or treated as a resident thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein or incorporated therein or otherwise having or having had some connection with the U.S. or such political subdivision, territory or possession other than the mere holding or ownership of a Note; (B) a Noteholder or beneficial owner’s present or former status as a controlled foreign corporation related to ZHCA within the meaning of Section 864(d)(4) of the Code; (C) an election by a Noteholder or beneficial owner of a Note, the effect of which is to make payment in respect of the Note subject to United States federal income tax; or (D) a Noteholder or beneficial owner being a bank for U.S. federal income tax purpose whose receipt of interest on a Note is described in Section 881(c)(3)(A) of the Code;
- (ii) any tax, duty, levy, assessment or other governmental charge which would not have been so imposed but for presentation by the Noteholder for payment on a date more than 15 days after the Relevant Date;

- (iii) any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, duty, levy, assessment or other governmental charge;
- (iv) any tax, duty, levy, assessment or other governmental charge which would not have been imposed or withheld but for the failure to comply with certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the U.S. or any political subdivision thereof of the Noteholder or beneficial owner of such Note;
- (v) any tax, duty, levy, assessment or other governmental charge which is (A) payable otherwise than by withholding from payments of or in respect of principal of or interest on such Note or (B) required to be withheld by a Paying Agent from any such payment, if such payment can be made without such withholding by any other Paying Agent outside the U.S.;
- (vi) any tax, duty, levy, assessment or other governmental charge imposed on interest received by a person holding, actually or constructively, 10 per cent. or more of the total combined voting power of all classes of stock of ZHCA;
- (vii) any tax, duty, levy, assessment or other governmental charge imposed by reason of payments on a Note being treated as contingent interest described in Section 871(h)(4) of the Code but only to the extent such treatment was disclosed in writing to the Noteholder of the Notes at the time such Noteholder acquired the Notes;
- (viii) any tax, duty, levy, assessment or other governmental charge imposed which would not have been imposed but for a Noteholder or beneficial owner of one or more of the Notes being subject to backup withholding as of the date of the purchase of the Note;
- (ix) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person other than the Issuer is required to withhold tax on any interest payments; or
- (x) any combination of items (i) through (ix) above.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of ZHCA will be paid net of any FATCA Withholding. Neither ZHCA nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

(iii) *Treatment of the Notes as indebtedness*

By purchasing the Notes issued by ZHCA, each Noteholder agrees, and ZHCA agrees, to treat the Notes as indebtedness of ZHCA for all U.S. federal income tax purposes.

9. Events of Default

The Trustee may at its discretion, and if Noteholder Mandated shall (subject in the case of Condition 9(b), (c), (e), (f), (g), (i) and (j) below, to the Trustee having certified in writing that the happening of such event is in its opinion materially prejudicial to the interests of the Noteholders and, in all cases to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction), give notice (the “**default notice**”) in writing to the Issuer and ZIC (where ZIC is not the Issuer) that the Notes are immediately due and repayable if any of the following events (“**Events of Default**”) shall have occurred and be continuing:

- (a) there is a failure by the Issuer or ZIC (where ZIC is not the Issuer) to pay principal or interest on any of the Notes when due and such failure continues for a period of fourteen days; or
- (b) a default is made by the Issuer or ZIC (where ZIC is not the Issuer) in the performance or observance of any other covenant, condition or provision contained in the Trust Deed or in the Notes and on its part to be performed or observed (other than the covenant to pay principal and interest in respect of any of the Notes) and (except where the Trustee certifies in writing that, in its opinion, such default is not capable of remedy, when no such notice as mentioned below shall be required) such default continues for the period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer or ZIC, as the case may be, of notice requiring such default to be remedied; or
- (c) if any other indebtedness of the Issuer or ZIC (where ZIC is not the Issuer) for borrowed moneys is declared due and payable prior to the due date for payment thereof by reason of default on the part of the Issuer or ZIC (where ZIC is not the Issuer), or if any such indebtedness is not repaid on the due date for payment thereof (or by the expiry of any applicable grace period), or any guarantee or indemnity in respect of indebtedness for borrowed moneys given by the Issuer or ZIC (where ZIC is not the Issuer) is not honoured when due and called upon or at the expiry of any applicable grace period, save in any such case where the relevant payment liability is being contested in good faith and by appropriate means, provided that no such event as aforesaid shall constitute an Event of Default unless

the amount declared due and payable or not paid, either alone or when aggregated with other such amounts then declared due and payable or not paid by the Issuer or ZIC (where ZIC is not the Issuer), shall amount to at least USD300,000,000 or its equivalent in other currencies; or

- (d) a resolution is passed or an order of a court of competent jurisdiction is made that the Issuer or ZIC (where ZIC is not the Issuer) be wound up or dissolved or the Issuer or ZIC (where ZIC is not the Issuer) stops payment or ceases business, or disposes (other than in the ordinary course of its business) of the whole or substantially the whole of its assets, otherwise than in any such case for the purposes of or pursuant to and followed by a consolidation, amalgamation, merger or reconstruction the terms of which shall have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of Noteholders or as a result of a Permitted Reorganisation; or
- (e) an encumbrancer or a person with similar functions appointed for execution (in Switzerland, a *Sachwalter*, *Konkursverwalter* or *Konkursliquidator*) takes possession or a receiver is appointed of the whole or substantially the whole of the assets or undertaking of the Issuer or ZIC (where ZIC is not the Issuer) or a distress, execution or seizure before judgment is levied or enforced upon or sued out against any substantial part of the property, assets or revenues of the Issuer or ZIC (where ZIC is not the Issuer) unless discharged, stayed or removed within 60 days thereof (or such longer period as the Trustee may consider appropriate in relation to the jurisdiction concerned) or being contested in good faith and by appropriate means; or
- (f) the Issuer or ZIC (where ZIC is not the Issuer) is insolvent or bankrupt or unable to pay its debts as and when they fall due or the Issuer or ZIC (where ZIC is not the Issuer) shall initiate or consent or become subject to proceedings relating to itself under any applicable bankruptcy, liquidation, insolvency, composition, administration, examinership, or insolvency law or make a general assignment for the benefit of, or enter into any composition with, its creditors or enters into a moratorium (*Stundung*); or
- (g) proceedings shall have been initiated against the Issuer or ZIC (where ZIC is not the Issuer), under any applicable bankruptcy, composition, administration or insolvency law in respect of a sum claimed in aggregate of at least USD200,000,000 or its equivalent in other currencies unless such proceedings are discharged or stayed within a period of 60 days (or such longer period as the Trustee may consider appropriate in relation to the jurisdiction concerned) or are being contested in good faith and by appropriate means; or
- (h) if the Issuer is ZF (Australia), ZF (Ireland) or ZHCA, if the relevant ZIC Senior Guarantee ceases to be, or is claimed by ZIC not to be, in full force and effect; or
- (i) where ZIC is not the Issuer, the Issuer ceases to be a subsidiary wholly-owned and controlled, directly or indirectly, by ZIC, unless such cessation is as a result of a Permitted Reorganisation or is previously approved either in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of Noteholders; or
- (j) any event occurs which under applicable laws has an analogous effect to any of the events referred to in paragraphs (d) to (g) above.

At any time after the Notes become due and payable pursuant to this Condition 9 (*Events of Default*), the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed and the Notes, but it need not take any such proceedings unless it shall have been Noteholder Mandated and in either case, until it has been indemnified and/or secured and/or pre-funded to its satisfaction. No Noteholder may proceed directly against the Issuer or the Guarantor unless the Trustee, having become Noteholder Mandated to take such action, fails to do so within a reasonable period and such failure is continuing.

10. Interest Determination and Payment Dates

(a) Fixed Rate Reset Notes – Fallbacks

If “Mid-Swap Rate” is specified in the applicable Pricing Supplement and on any Reset Determination Date the Reset Rate Screen Page is not available or the Mid-Swap Rate does not appear on the Reset Rate Screen Page (other than in the circumstances provided for in Condition 10(e)), the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined by the Calculation Agent.

If only one of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the Reset Period shall be the sum of such Mid-Market Swap Rate Quotation and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined by the Calculation Agent. If on any Reset Determination Date none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 10(a), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Note Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

(b) Floating Rate Notes and Fixed to Floating Rate Notes

(i) Interest Payment Dates

Interest shall be payable in arrear on each Interest Payment Date in the case of a Floating Rate Note and on each Interest Payment Date commencing after the Fixed Rate End Date specified in the applicable Pricing Supplement in the case of a Fixed to Floating Rate Note. The amount of interest payable shall be determined in accordance with Condition 6(b). Such Interest Payment Date(s) is/are, subject as provided in Condition 10(b)(ii) below, either shown in the applicable Pricing Supplement as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the applicable Pricing Supplement, “**Interest Payment Date**” shall, subject as provided in Condition 10(b)(ii) below, mean each date which falls the number of months or other period shown in the applicable Pricing Supplement as the Specified Period after the preceding Interest Payment Date or, in the case of the first such Interest Payment Date, after the Interest Commencement Date, in the case of a Floating Rate Note, or after the Fixed Rate End Date, in the case of a Fixed to Floating Rate Note.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention under this Condition 10(b)(ii), would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified in the applicable Pricing Supplement is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes and Fixed to Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes and, from and including the Fixed Rate End Date, Fixed to Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Pricing Supplement and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the applicable Pricing Supplement.

(A) ISDA Determination for Floating Rate Notes

Where “ISDA Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each relevant Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (y) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(x) Where “Screen Rate Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below and subject to Condition 10(e), be either:

(1) the offered quotation; or

(2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) above applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Eurozone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

(z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the rate of interest shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum Rate of Interest relating to that last preceding Interest Accrual Period).

(iv) *Linear Interpolation*

Where “Linear Interpolation” is specified in the applicable Pricing Supplement as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified in the applicable Pricing Supplement as applicable) or the relevant Floating Rate

Option (where “ISDA Determination” is specified in the applicable Pricing Supplement as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(c) Maximum Rate of Interest and Final Redemption Amount and Rounding

- (i) If any Maximum Rate of Interest or Final Redemption Amount is specified in the applicable Pricing Supplement, then any Rate of Interest or any calculated Interest Amount or Final Redemption Amount shall be subject to such maximum.
- (ii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(d) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agent(s) and the required number of Reference Banks if provision is made for them in the applicable Pricing Supplement and for so long as any Note is outstanding (as defined in the Trust Deed). The Issuer may, with the prior written approval of the Trustee (not to be unreasonably withheld), from time to time replace any Reference Bank with another leading investment, merchant or commercial bank or financial institution. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Clean-Up Redemption Price, as the case may be, or to comply with any other requirement of it hereunder, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(e) Benchmark discontinuation

Notwithstanding the provisions in Condition 10(a) and 10(b), if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions of this Condition 10(e) shall apply (with effect from 30 days prior to the first date when such determination is necessary).

(i) Independent Adviser

The Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 10(e)(ii) and, in either case, an Adjustment Spread if any (in accordance with Condition 10(e)(iii)) and any Benchmark Amendments (in accordance with Condition 10(e)).

In making such determination, an Independent Adviser appointed pursuant to this Condition 10(e) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 10(e).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 10(e)(i) prior to the relevant Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest applicable to the next succeeding Interest Accrual Period or Reset Period (as applicable) shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period or Reset Period (as applicable). If there has not been a first Interest Payment Date or Reset Note Reset Date (as applicable), the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Reset Margin or Maximum Rate of

Interest (as applicable) is to be applied to the relevant Interest Accrual Period or Reset Period (as applicable) from that which applied to the last preceding Interest Accrual Period or Reset Period (as applicable), the Margin or Reset Margin or Maximum Rate of Interest (as applicable) relating to the relevant Interest Accrual Period or Reset Period (as applicable) shall be substituted in place of the Margin, Reset Margin or Maximum Rate of Interest (as applicable) relating to that last preceding Interest Accrual Period or Reset Period (as applicable). For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Accrual Period or Reset Period (as applicable) only and any subsequent Interest Accrual Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 10(e)(i).

(ii) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser and acting in good faith, determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 10(e)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 10(e)).

(iii) *Adjustment Spread*

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) *Benchmark Amendments*

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 10(e) and the Issuer, following consultation with the Independent Adviser and acting in good faith, determines (i) that amendments to these Conditions and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 10(e)(v), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two Authorised Officers of the Issuer pursuant to Condition 10(e)(v), the Trustee shall (at the direction and expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments to the Trust Deed, the Agency Agreement and/or these Conditions (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed) and the Trustee shall not be liable to any party for any consequences thereof, provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or protective provisions afforded to it in these Conditions, the Agency Agreement or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 10(e)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 10(e) or, if applicable, rate determined in accordance with the final paragraph of Condition 10(e)(i) will be notified promptly by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 18 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders of the same, the Issuer shall deliver to the Trustee a certificate signed by two Authorised Officers of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate or, if applicable, rate determined in accordance with the final paragraph of Condition 10(e)(i) and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 10(e); and
- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread.

The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents and the Noteholders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Condition 10(e) (i), (ii), (iii) and (iv), the Original Reference Rate and the fallback provisions provided for in Condition 10(a) and 10(b) will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 10(e)(v).

(a) Meetings of Noteholders

- (i) In relation to Notes issued by ZIC, the provisions of Articles 1157-1186 of the Swiss Code of Obligations will apply to all meetings of holders of Listed Swiss Franc Notes and other Notes issued by ZIC by way of a public offering within the meaning of Article 1157 of the Swiss Code of Obligations and Condition 12(a)(ii) shall not apply at all.

Such a meeting may be convened by the Issuer, the Trustee or at the request of Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons holding or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Maximum Rate of Interest is shown in the applicable Pricing Supplement, to reduce any such Maximum Rate of Interest, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount, the Optional Redemption Amount, Amortised Face Amount or the Clean-Up Redemption Price, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or (viii) to cancel or modify the ZIC Senior Guarantee, in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds, or at any adjourned meeting not less than one-third, in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed).

The consent or approval of the Noteholders will not be required for any Benchmark Amendments made pursuant to Condition 10(e).

The Trust Deed provides that a written resolution signed by or on behalf of the Noteholders of not less than 75 per cent. in principal amount of Notes outstanding shall be as valid and effective as a duly passed Extraordinary Resolution.

(b) Modification of the Trust Deed or Agency Agreement

The Trustee may agree, without the consent of the Noteholders, to (i) any modification of any of the provisions of the Trust Deed, the ZIC Senior Guarantee (if applicable) or the Agency Agreement that is in the opinion of the Trustee of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed, the ZIC Senior Guarantee (if applicable) or the Agency Agreement that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders.

Any such modification, authorisation or waiver shall be binding on the Noteholders and shall be notified to the Noteholders in accordance with Condition 18 (*Notices*) as soon as practicable.

In addition, the Trustee shall be obliged to effect such modification to the Trust Deed, the Agency Agreement and/or these Conditions as may be required in order to give effect to Condition 10(e) in connection with effecting any Benchmark Amendments, subject to the provisions thereof, without the requirement for the consent of the Noteholders.

13. Issuer Substitution

The Trust Deed contains provisions permitting the Trustee to agree, without the consent of the Noteholders, to the substitution of any entity (the “**Substitute Obligor**”) in place of the Issuer (or of any previous substitute under this Condition 13 (*Issuer Substitution*)) as the principal debtor under the Trust Deed, the Agency Agreement and the Notes provided that:

- (i) a trust deed is executed or some other form of undertaking is given by the Substitute Obligor to the Trustee, in form and manner satisfactory to the Trustee, under which such Substitute Obligor agrees to be bound by the terms of the Trust Deed and these Conditions (with any consequential amendments which the Trustee may deem appropriate) as fully as if the Substitute Obligor had been named in the Trust Deed and these Conditions as the principal debtor in place of the Issuer;
- (ii) where the Substitute Obligor is subject generally to the taxing jurisdiction of any territory or any authority of or in that territory having power to tax (the “**Substituted Territory**”) other than the territory to the taxing jurisdiction of which (or to any such authority of or in which) the Issuer is subject generally (the “**Issuer’s Territory**”), the Substitute Obligor will (unless the Trustee otherwise agrees) give to the Trustee an undertaking in form and manner satisfactory to the Trustee in terms corresponding to the terms of Condition 8 (*Taxation*) with the substitution for the references in that Condition to the Issuer’s Territory by references to the Substituted Territory and in such event the Notes and Trust Deed will be read accordingly;
- (iii) any two Authorised Officers of the Substitute Obligor certify on behalf of the Substitute Obligor that it will be solvent immediately after such substitution; in such event the Trustee need not have regard to the financial condition, profits or prospects of the Substitute Obligor or compare them with those of the Issuer;
- (iv) the Issuer, ZIC (where ZIC is not the Issuer) and the Substitute Obligor comply with such other requirements (including the giving of a guarantee (equivalent to that referred to in Condition 5 (*Guarantee*)) in form and substance satisfactory to the Trustee as the Trustee may direct in the interests of the Noteholders;
- (v) the Trustee is provided with legal opinions to its satisfaction confirming, *inter alia*, that the Notes, the Trust Deed, the Agency Agreement, the relevant ZIC Senior Guarantee (if applicable) and, if applicable, the undertaking referred to in paragraph (i) (in each case, as amended) above are legal, valid, binding and enforceable obligations of the Substitute Obligor and ZIC (as applicable).

In connection with any such substitution in accordance with this Condition 13 (*Issuer Substitution*), references in the definition “Tax Law Change” to Relevant Jurisdiction shall be deemed to refer to any jurisdiction in respect of which any undertaking or covenant equivalent to that in Condition 8 (*Taxation*) is given pursuant to the Trust Deed, (except that as regards such jurisdiction the words “becomes effective on or after the Issue Date of the first Tranche of the Notes of the relevant Series” in the definition “Tax Law Change” shall be replaced with the words “becomes effective after, and has not been announced on or before, the date on which any undertaking or covenant equivalent to that in Condition 8 (*Taxation*) was given pursuant to the Trust Deed”).

Any such agreement by the Trustee pursuant to this Condition 13 (*Issuer Substitution*) will, if so expressed and save as set out in these Conditions, operate to release the Issuer from any or all of its obligations under the Notes.

14. The Trustee

In connection with the exercise of its functions (including but not limited to those referred to in Condition 12 (*Meetings of Noteholders, Modification and Waiver*)) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profit.

Any opinion, certificate or written confirmation given pursuant to these Conditions or the Trust Deed shall be treated and accepted by the Trustee (and in such circumstances, shall be so treated and accepted by the Noteholders and all other interested parties) as correct and sufficient evidence of those matters/conditions required to be confirmed and/or satisfied, in which event it shall be conclusive and binding on the Trustee, Noteholders and all other interested parties. The Trustee shall be entitled to rely on any such certificate, opinion or written confirmation without further enquiry and without liability to any person.

For the avoidance of doubt, nothing in these Conditions shall affect or prejudice the payments of the costs, charges, expenses, liabilities or remuneration of the Trustee or the Agents or the rights and remedies of the Trustee or the Agents in respect thereof.

15. Transfers of Registered Notes

(a) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer (as set out in Schedule 2 to the Trust Deed) endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

In this Condition 15(c), “**Business Day**” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(d) *Transfer Free of Charge*

(e) *Closed Periods*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be redeemed by the Issuer at its option pursuant to Condition 7(c), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

17. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further Tranches of notes having terms and conditions the same as the Notes or the same in all respects save for the issue date, the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

18. Notices

If publication as provided above is not practicable (i) notices relating to Bearer Notes will be given by publication in a newspaper of general circulation in London (which is expected to be the *Financial Times*) and (ii) notices to holders of Registered Notes will be valid if sent by first-class mail or (if posted to an overseas address) by air-mail to their registered addresses appearing on the Register. Any such notice in respect of (i) above shall be deemed to have been given on the date of the first publication, and in respect of (ii) above shall be deemed to have been given on the fourth day after the day on which it is mailed.

19. Prescription

Claims in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

- (b) Each Issuer has agreed in the Trust Deed, for the exclusive benefit of the Trustee and the Noteholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes and that accordingly any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Notes may be brought in such courts.
- (c) Each Issuer has irrevocably waived in the Trust Deed any objection which it may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum.
- (d) Nothing contained in this Condition 21 (*Governing Law*) shall limit any right of the Trustee or the Noteholders to take Proceedings against the Issuer or ZIC (where ZIC is not the Issuer) in any other court of competent jurisdiction in Switzerland (but not elsewhere), nor shall the taking of Proceedings in England preclude the taking of Proceedings in Switzerland (or vice versa), whether concurrently or not.
- (e) Each of ZHCA and ZIC has appointed Zurich Insurance plc, UK branch at its registered office for the time being as its agent for service of process in respect of any Proceedings in England and has undertaken in the Trust Deed that, in the event of Zurich Insurance plc, UK branch ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings in England. 1. Form, Denomination and Title

Whether this Note is in bearer or registered form or whether it is a “Listed Swiss Franc Note” is specified in the applicable Pricing Supplement.

This Note is issued either in bearer form (each a “**Bearer Note**”) or in registered form (each a “**Registered Note**”) in each case in the Specified Denomination(s) shown in the applicable Pricing Supplement.

Each Bearer Note is serially numbered and is issued with Coupons (and, where appropriate, a Talon) attached.

Each Registered Note is represented by a registered certificate (a “**Certificate**”) and each Certificate shall represent the entire holding of Registered Notes by the same Noteholder.

In these Conditions, “**Noteholder**” and “**holder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be) and, except as ordered by a court of competent jurisdiction or as required by law, such holder shall be deemed to be and may be treated as the absolute owner of such Note for all purposes.

Any references in these Conditions to Notes which are in bearer form shall, unless the context otherwise requires, include any related Coupons and Talons. Any references to any holder of Notes which are in bearer form shall, unless the context otherwise requires, include any Couponholders.

Title to the Bearer Notes shall pass by delivery. Title to the Registered Notes shall pass upon registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”) and as further described in Condition 15 (*Transfers of Registered Notes*).

2. Listed Swiss Franc Notes

This Note is a Listed Swiss Franc Note if it is denominated or payable in Swiss Francs, is in bearer form, is listed on the SIX Swiss Exchange and it is so specified in the applicable Pricing Supplement.

Each Tranche of Listed Swiss Franc Notes will be represented exclusively on issue by a Permanent Global SIS Note in bearer form, which will be deposited with SIS or such other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange on or prior to the Issue Date of such Series of Notes.

3. Status

Condition 3 (*Status*) is governed by, and shall be construed in accordance with, the laws of Switzerland and is irrevocable.

(a) Subordinated Notes

Condition 3(a) applies only to Notes specified as “Subordinated Notes” in the applicable Pricing Supplement.

The Issuer’s obligations in respect of or arising under (including, without limitation, any damages awarded for breach of any obligation under) the Notes constitute direct, subordinated and unsecured obligations of the Issuer and rank *pari passu*, without any preference, among themselves. Claims of Noteholders under the Notes rank in a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition (*Nachlassverfahren*) or other similar proceedings of the Issuer after the claims of any Senior Creditors, *pari passu* with the claims under Pari Passu Instruments and prior to the claims under Junior Instruments (each as defined below in this Condition 3(a)).

As used in these Conditions, in the case of Subordinated Notes:

“**Junior Instruments**” means:

- (i) all Deeply Subordinated Notes of the Issuer;
- (ii) all securities or other obligations of the Issuer ranking or expressed to rank junior to Subordinated Notes of the Issuer; and
- (iii) all classes of issued shares in the share capital of the Issuer.

“**Pari Passu Instruments**” means:

- (i) all other Subordinated Notes of the Issuer; and

- (ii) all creditors of the Issuer whose claims are subordinated, by operation of law or pursuant to their terms, to the claims of other unsubordinated creditors of that entity but not further or otherwise; and
- (iii) all other subordinated creditors of the Issuer except those whose claims rank or are expressed to rank *pari passu* with, or junior to, the claims of the holders of the Subordinated Notes of the Issuer.

For the avoidance of doubt, the obligations of ZIC in relation to Subordinated Notes rank:

- (i) *pari passu with the obligations of ZIC in respect of its €1,000m 4.25 per cent. Subordinated Notes due 2043, its U.S.\$300m 4.25 per cent. Subordinated Notes due 2045, its U.S.\$1,000m 5.625 per cent. Subordinated Notes due 2046, its €750m 3.5 per cent. Subordinated Notes due 2046, its U.S.\$500m 4.875 per cent. Subordinated Notes due 2048, its U.S.\$500m 5.125 per cent. Subordinated Notes due 2048 and its €500m 2.750 per cent. Subordinated Notes due 2049 and any future Subordinated Notes issued by ZIC and in respect of its guarantee of the issuance by Zurich Finance (UK) plc of £450m 6.625 per cent. Perpetual Subordinated Notes, and any future ZIC Subordinated Guarantee issued by ZIC; and*

(b) Deeply Subordinated Notes

Condition 3(b) applies only to Notes specified as “Deeply Subordinated Notes” in the applicable Pricing Supplement.

The Issuer’s obligations in respect of or arising under (including, without limitation, any damages awarded for breach of any obligations under) the Notes constitute direct, subordinated and unsecured obligations of the Issuer and rank *pari passu*, without any preference, among themselves. Claims of Noteholders under the Notes rank in a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy, composition (*Nachlassverfahren*) or other similar proceedings of the Issuer after the claims of any Senior Creditors, *pari passu* with the claims under *Pari Passu* Instruments and prior to the claims under Junior Instruments (each as defined below in this Condition 3(b)).

As used in these Conditions, in the case of Deeply Subordinated Notes:

“**Junior Instruments**” means all classes of issued shares in the share capital of the Issuer.

“**Pari Passu Instruments**” means:

- (i) all other Deeply Subordinated Notes of the Issuer; and
- (ii) all other securities or other obligations of the Issuer ranking or expressed to rank *pari passu* with Deeply Subordinated Notes of the Issuer.

“**Senior Creditors**” means:

- (i) all unsubordinated creditors of the Issuer, including policyholders (and beneficiaries of a policy) of the Issuer;
- (ii) all creditors of the Issuer whose claims are subordinated, by operation of law or pursuant to their terms, to the claims of other unsubordinated creditors of that entity but not further or otherwise;
- (iii) all holders of Subordinated Notes of the Issuer and other creditors of the Issuer whose claims rank or are expressed to rank *pari passu* with the claims of the holders of any Subordinated Notes of the Issuer; and
- (iv) all other subordinated creditors of the Issuer except those whose claims rank or are expressed to rank *pari passu* with, or junior to, the claims of the holders of the Deeply Subordinated Notes of the Issuer.

For the avoidance of doubt, the obligations of ZIC in relation to Deeply Subordinated Notes rank pari passu with the obligations of ZIC in respect of its CHF200m 2.75 per cent. Perpetual Capital Notes, its CHF225m 2.75 per cent. Perpetual Capital Notes and its U.S.\$1,000m 4.75 per cent. Perpetual Capital Notes and any future Deeply Subordinated Notes issued by ZIC.

Conditions 3(c) and 3(d) apply to Subordinated Notes and Deeply Subordinated Notes.

(c) No Set-off

Neither the Trustee nor any Noteholder may set-off any claims in respect of any amount owed to it by the Issuer arising under or in connection with the Notes and each Noteholder shall, by virtue of being the holder of any Note, be deemed to have irrevocably waived all such rights of set-off.

(d) No Security

No security of whatever kind is, or will at any time be, provided by the Issuer or any other person to secure the claims of the Noteholders under the Notes.

4. Interest and other Calculations

This Note is a Fixed Rate Note, a Fixed Rate Reset Note, a Floating Rate Note, a Fixed to Floating Rate Note or a combination of the foregoing (and each as further described below and in Condition 10 (*Interest Determination and Payment Dates*)), depending upon the Interest Basis specified in the applicable Pricing Supplement.

(a) Interest Accrual

Subject to Condition 5 (*Deferral of Interest Payments*), each Note bears interest on its outstanding principal amount, accruing as follows:

- (i) Fixed Rate Note:
from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest;
- (ii) Fixed Rate Reset Note:
 - (x) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;
 - (y) from (and including) the First Reset Date to (but excluding) the first Subsequent Reset Date or, if a Subsequent Reset Date is not specified in the applicable Pricing Supplement, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
 - (z) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest;
- (iii) Floating Rate Note:
from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 10(b); and
- (iv) Fixed to Floating Rate Note:
 - (x) from (and including) the Interest Commencement Date to (but excluding) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest; and
 - (y) from (and including) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 10(b).

Each Note will cease to bear interest from the date of its redemption unless, upon due presentation or surrender thereof, payment of principal is improperly withheld or refused and in such event, interest will continue to accrue as provided in the Trust Deed.

If any Margin is specified in the applicable Pricing Supplement (either (A) generally or (B) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (A), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (B), calculated in accordance with Condition 10(b) by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject to Condition 10(c).

Such interest shall be payable in arrear on each Interest Payment Date specified in the applicable Pricing Supplement. The amount of interest payable shall be determined in accordance with Condition 4(b).

(b) Calculations

Interest is calculated on each Note by reference to the Calculation Amount specified in the applicable Pricing Supplement. The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for calculating such amount) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula).

Where any Interest Period comprises more than one Interest Accrual Period, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated. Where the Specified Denomination comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination specified in the applicable Pricing Supplement.

(c) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price and Special Event Redemption Price

The Calculation Agent shall, as soon as practicable on each Interest Determination Date or Reset Determination Date (as applicable), or such other time on such date as the Calculation Agent may be required to calculate any rate or amount:

- (i) obtain any quotation or make any determination or calculation;
- (ii) determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period;

- (iii) calculate the Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price (as may be provided for in the applicable Pricing Supplement); and
- (iv) cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price, to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in any event no later than (x) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (y) in all other cases, the fourth Business Day after such determination.

Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 10(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee in accordance with these Conditions by way of adjustment) without notice or consent of the Noteholders in the event of an extension or shortening of the Interest Period. If the Notes are not redeemed when due in accordance with Condition 6 (*Redemption, Substitution or Variation, Purchase and Options*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 4 (*Interest and other Calculations*) but no publication of the Rate of Interest or the Interest Amount so calculated need be made, unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

5. Deferral of Interest Payments

(a) No default

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any payment of interest in accordance with this Condition 5 (*Deferral of Interest Payments*) will not constitute a default by the Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any other action under the Notes or the Trust Deed.

It is possible that an Optional Interest Payment Date with respect to Deeply Subordinated Notes may not also constitute an Optional Interest Payment Date with respect to Subordinated Notes, given the relative ranking of these instruments. As a result, payments of interest and settlement of Arrears of Interest may become mandatory on Subordinated Notes without also becoming mandatory on Deeply Subordinated Notes.

(b) Optional Deferral of Interest

If so specified in the applicable Pricing Supplement, the Issuer shall have the option to defer any Interest Payment which would otherwise be payable on any Optional Interest Payment Date in whole but not in part.

If so specified in the applicable Pricing Supplement (but not otherwise), notwithstanding the other provisions of this Condition 5(b) but without prejudice to Condition 5(c), if as at any Optional Interest Payment Date the Relevant Regulator no longer accords any regulatory capital credit to the Notes under the Applicable Regulations, the Issuer will be allowed to exercise its option under this Condition 5(b) to defer the relevant Interest Payment on such Optional Interest Payment Date for a period not exceeding five years (a “**Fixed Term Deferred Interest Payment**”).

(c) Solvency Deferral of Interest

On any Solvency Interest Deferral Date, the Issuer shall defer in whole any Interest Payment which would otherwise be payable.

(d) Notice of Deferral

The Issuer shall notify the Trustee, the Issuing and Paying Agent and the Noteholders in writing in accordance with Condition 18 (*Notices*):

- (i) not less than 10 Business Days prior to an Interest Payment Date if that Interest Payment Date is an Optional Interest Payment Date in respect of which the Issuer elects to defer interest as provided in Condition 5(b); and
- (ii) as soon as reasonably practicable if a Solvency Event (A) has occurred and is continuing, or (B) would occur as a result of the relevant Interest Payment, provided that, for the avoidance of doubt, any delay in giving such notice shall not result in such interest becoming due and payable on the relevant Solvency Interest Deferral Date.

On or prior to the delivery of any notice pursuant to Condition 5(d)(ii), the Issuer shall also procure the delivery of a Solvency Payment Deferral Certificate to the Trustee.

(e) **Arrears of Interest**

- (i) *Arrears of Interest*: Any Interest Payment not paid on an Interest Payment Date, together with any other interest on the Notes not paid on any earlier Interest Payment Date, in each case by virtue of this Condition 5 (*Deferral of Interest Payments*), shall, so long as the same remains unpaid, constitute “**Arrears of Interest**”. Arrears of Interest shall not themselves bear interest.
- (ii) *Conditions to Settlement of Arrears of Interest*: Other than in the circumstances described in Condition 9(c), Arrears of Interest arising pursuant to Condition 5(b) or 5(c) and, for the avoidance of doubt, mandatory payments pursuant to Condition 5(e)(iv), are only due and payable provided that (A) in respect of the date on which such payment would be made, no Solvency Event either (x) has occurred and is continuing, or (y) would occur as a result of such payment and (B) in either case, the Issuer has obtained the prior written approval therefor of the Relevant Regulator to the extent required at the time, in accordance with Applicable Regulations in order for the Notes to qualify as Relevant Capital.
- (iii) *Optional Settlement of Arrears of Interest*: Any Arrears of Interest may be paid at the option of the Issuer in whole or in part, at any time upon the expiry of not less than 15 nor more than 30 days’ notice to such effect given by the Issuer to the Trustee and to the Noteholders in accordance with Condition 18 (*Notices*), subject to Condition 5(e)(ii). On or prior to the delivery of any notice pursuant to this Condition 5(e)(iii), the Issuer shall procure the delivery of a Solvency Payment Deferral Certificate to the Trustee.
- (iv) *Mandatory Settlement of Arrears of Interest*: Subject to Condition 5(e)(ii), Arrears of Interest will, save as otherwise specified in the applicable Pricing Supplement, automatically become immediately due and payable upon the earliest of the following dates:
 - (A) the date upon which a dividend is next declared or paid on, or the date of any repurchase or acquisition of, any class of share capital of ZIG (other than an Excepted Event); or
 - (B) the date of redemption of any Notes pursuant to Condition 6(b), Condition 6(d), Condition 6(e) or Condition 6(f); or
 - (C) the commencement of the winding-up or dissolution of the Issuer (except for the purposes of or pursuant to and followed by an Approved Liquidation); or
 - (D) the date upon which the Issuer pays interest on or makes a distribution or other payment (including payment for the purpose of a redemption or repurchase) in relation to any other junior or *pari passu* securities of the Issuer (unless such payment is (i) required to be made pursuant to the terms of, or required due to the repayment of, such securities or (ii) an Excepted Event); or
 - (E) in the case of a Fixed Term Deferred Interest Payment only, the fifth anniversary of the Optional Interest Payment Date on which such payment was deferred; or
 - (F) the next following Interest Payment Date on which the relevant Interest Payment is not deferred in accordance with either Condition 5(b) or 5(c).

6. Redemption, Substitution or Variation, Purchase and Options

(a) **No Redemption at the Option of Noteholders**

Noteholders have no right to claim for an early redemption of the Notes.

(b) **Redemption at Maturity**

- (i) *Maturity Date*: Each Note with a Maturity Date specified in the applicable Pricing Supplement will, subject as provided in Condition 6(b)(ii) below, be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date unless previously redeemed or purchased and cancelled as provided below.
- (ii) *Maturity extension upon Solvency Event*: If a Solvency Event has occurred and is continuing on the Maturity Date, or would occur as a result of the redemption of the relevant Notes, the Notes shall not be redeemed on the Maturity Date but will be redeemed by the Issuer promptly following such Solvency Event ceasing to occur (taking into account the relevant redemption) and the giving of not more than 30 nor less than 15 days’ notice of such cessation by the Issuer to the Trustee and to Noteholders in accordance with Condition 18 (*Notices*). In this circumstance, references herein to “**Maturity Date**” shall be construed accordingly to refer to such later date of redemption and, for the avoidance of doubt, interest shall continue to accrue (without compounding) as provided in Condition 4(a) on any such Note until such later date of redemption.

On or prior to the delivery of any notice pursuant to Condition 6(b)(ii), the Issuer shall also procure the delivery of a Solvency Event Certificate to the Trustee.

(c) *Conditions to Redemption, Substitution, Variation or Purchase*

Any redemption (other than a redemption on the Maturity Date (if any) pursuant to Condition 6(b)), substitution, variation of these Conditions or purchase, of the Notes is subject to the following conditions:

- (i) the Issuer having obtained the prior written approval therefor of the Relevant Regulator;
- (ii) no Solvency Event having occurred or is continuing and such redemption, substitution, variation or purchase would not itself cause a Solvency Event on the date on which such redemption, substitution, variation or purchase would be made; and
- (iii) in the case of a redemption or purchase that is within five years of the Issue Date of the first Tranche of the Notes, such redemption or purchase is, to the extent then required by the Relevant Regulator in order for the Notes to qualify as at least Future Tier Two Capital under any Future Regulations, funded out of the proceeds of a new issuance of capital instruments of at least the same quality as the Notes.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6 (*Redemption, Substitution or Variation, Purchase and Options*) (other than a notice of redemption pursuant to Condition 6(d)), the Issuer shall deliver to the Trustee a Conditions Precedent Certificate.

The Issuer shall give not less than 30 nor more than 60 days' prior notice of any substitution, variation or redemption (other than a redemption on the Maturity Date (if any) pursuant to Condition 6(b)) pursuant to this Condition 6 (*Redemption, Substitution or Variation, Purchase and Options*) to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 18 (*Notices*), the Noteholders (which notice shall, subject to this Condition 6(c), be irrevocable). Upon expiry of such notice, the Issuer shall (subject to this Condition 6(c)) substitute, vary or, as appropriate, redeem the Notes.

(d) *Redemption at the Option of the Issuer*

If "Call Option" is specified in the applicable Pricing Supplement as being applicable, the Issuer may, at its option, subject to Condition 6(c), redeem all, but not some only, of the Notes on any Optional Redemption Date specified in the applicable Pricing Supplement. Any such redemption of Notes shall be at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions and any Arrears of Interest.

(e) *Redemption Due to Taxation*

If, prior to the giving of the relevant notice of redemption a Tax Event has occurred and is continuing, then the Issuer may, subject to Condition 6(c), redeem the Notes in accordance with these Conditions.

Such redemption may be at any time (if and for so long as this Note is not a Floating Rate Note) or on any Interest Payment Date (if and for so long as this Note is a Floating Rate Note).

The Issuer may redeem all, but not some only, of the Notes at their principal amount, together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest.

(f) *Redemption Due to a Special Event or Clean-Up Event*

If "Accounting Event Call", "Rating Agency Event Call", "Regulatory Event Call" or "Clean-Up Event Call" is/are specified in the applicable Pricing Supplement as being applicable, the following provisions shall apply.

If one or more of such events occurs and within the Early Event Call Period, the Issuer gives a notice of redemption and if the relevant event is continuing on the date of such notice, then the Issuer may, subject to Condition 6(c) and as further provided below, redeem in accordance with these Conditions all, but not some only, of the Notes.

Such redemption may be at any time or, if and for so long as the Note is a Floating Rate Note, on any Interest Payment Date.

The Issuer shall not have the right to redeem the Notes following an Accounting Event, Clean-Up Event and/or a Rating Agency Event if such right of redemption would cause a Regulatory Event. The Notes will be redeemed at the Special Event Redemption Price or, as appropriate, Clean-Up Redemption Price specified in the applicable Pricing Supplement, together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest.

(g) Substitution or Variation

If a Tax Event or any Special Event specified in the applicable Pricing Supplement as being applicable occurs and is continuing, then the Issuer may, subject to Condition 6(c) and as provided below (without any requirement for the consent or approval of the Noteholders), (i) substitute at any time all (and not some only) of the Notes for, or (ii) vary the terms of the Notes so that they become, in each case, Qualifying Securities. The Trustee shall (subject to the following provisions of this Condition 6(g)) agree to such substitution or variation.

The Trustee shall use its reasonable endeavours to assist the Issuer in the substitution or variation of the Notes for or into Qualifying Securities provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the terms of the securities into which the Notes are to be substituted or are to be varied if such substitution or variation imposes, in the Trustee's sole opinion, more onerous obligations upon it. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

In addition to the requirements of Condition 6(c), any substitution or variation is subject to:

- (i) the substitution or variation not itself giving rise to a deterioration in any solicited rating of the Notes in effect at such time as confirmed in writing by the Rating Agency/ies; and
- (ii) the substitution or variation not triggering any right on the part of the Issuer to redeem the Notes.

In connection with any substitution or variation in accordance with this Condition 6(g), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or admitted to trading.

(h) Purchases

Subject to Condition 6(c), the Issuer, ZIG and any of their respective Subsidiaries (as such term is defined in the Trust Deed) for the time being may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise and at any price.

(i) Cancellation

All Notes purchased in accordance with Condition 6(h) by or on behalf of the Issuer, ZIG or any of their respective Subsidiaries may (at the option of the Issuer, ZIG or the relevant Subsidiary) be held, reissued, resold or surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so redeemed or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(j) Trustee Not Obligated to Monitor

The Trustee shall not be under any duty to monitor whether any event or circumstance within this Condition 6 (*Redemption, Substitution or Variation, Purchase and Options*) has happened or exists and will not be responsible to Noteholders for any loss arising from any failure or delay by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 6 (*Redemption, Substitution or Variation, Purchase and Options*), it shall be entitled to assume that no such event or circumstance exists.

7. Taxation

All payments made by or on behalf of the Issuer in respect of Notes will be made subject to and after deduction or withholding for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Switzerland or any political subdivision or any authority thereof or therein having power to tax required to be made by law. The Issuer will not be required to pay any additional or further amounts in respect of such deduction or withholding.

8. Principal Loss Absorption

(a) Write-Down Event

This Condition 8 (*Principal Loss Absorption*) shall only apply if "Write-Down Event" is specified in the applicable Pricing Supplement as being applicable.

Notwithstanding any other provisions contained herein:

- (i) limb (e) of the definition of "Qualifying Securities" shall be deemed to be deleted in its entirety and replaced with the following: "(e) which contain terms providing for loss absorption through principal write-down that are not

materially less favourable to an investor than the terms of the Notes (as reasonably determined by the Issuer after consulting an investment bank of international standing, and provided that a certification to such effect of two Authorised Officers of the Issuer shall have been delivered to the Trustee prior to the issue of the relevant securities);” and

- (ii) any substitution or variation otherwise in accordance with Condition 6(g) will be subject to such substitution or variation not itself giving rise to a Write-Down Event and/or triggering a Write-Down of the Notes pursuant to this Condition 8 (*Principal Loss Absorption*) and no Write-Down Event having otherwise occurred.

Notwithstanding any other provisions contained herein, if a Write-Down Event occurs:

- (i) the claims of any Noteholder in respect of, or arising under, the relevant Notes pursuant to Condition 3(a) in respect of Subordinated Notes and Condition 3(b) in respect of Deeply Subordinated Notes will be subject to, and superseded by, the provisions of this Condition 8 (*Principal Loss Absorption*);
- (ii) each Note will cease to bear interest from the Write-Down Date (if any), but without prejudice to any cancellation of such interest in accordance with this Condition 8 (*Principal Loss Absorption*); and
- (iii) any redemption pursuant to Condition 6(b) or notice of redemption pursuant to Conditions 6(d), 6(e) and 6(f) shall be subject to the provisions of this Condition 8 (*Principal Loss Absorption*).

(b) Notice of a Write-Down Event

If a Write-Down Event occurs at any time, the Issuer shall, as soon as reasonably practicable, notify the Relevant Regulator and shall, by no later than the seventh calendar day following the occurrence of the Write-Down Event:

- (i) give notice (a “**Write-Down Notice**”) to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 18 (*Notices*), the Noteholders specifying (x) that a Write-Down Event has occurred and that a Write-Down of the Notes will take place, (y) the date on which the Write-Down Event occurred, and (z) the Write-Down Date; and
- (ii) deliver to the Trustee and the Issuing and Paying Agent a certificate (the “**Write-Down Certificate**”) signed by two Authorised Officers of the Issuer, stating that a Write-Down Event has occurred and giving details thereof.

The occurrence of a Write-Down Event in accordance with this Condition 8 (*Principal Loss Absorption*) will not constitute a default by the Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any other action under the Notes or the Trust Deed.

(c) Write-Down of the Notes

If the Issuer has validly given the Write-Down Notice and Write-Down Certificate in accordance with Condition 8(b), then on the Write-Down Date the full principal amount of each Note and all accrued but unpaid interest (including any Arrears of Interest) thereon will automatically and permanently be reduced to zero (a “**Write-Down**”, and “**Written-Down**” shall be construed accordingly) and the Notes will be cancelled.

Accordingly, as of the Write-Down Date, Noteholders shall not have any rights against the Issuer with respect to: (i) repayment of the principal amount of the Notes or any part thereof, or (ii) the payment of any other amounts arising under or in connection with the Notes.

Once the principal amount of a Note has been Written-Down, it will not be restored under any circumstances, including where the relevant Write-Down Event ceases to continue.

If the Issuer has elected to redeem the Notes pursuant to Condition 6(d), 6(e) or 6(f), but prior to the scheduled redemption date a Write-Down Event occurs, the Notes will not be redeemed but instead will be Written-Down.

9. Remedies

(a) Right to claim for amounts due; no acceleration right

If the Issuer fails to make any payment of principal or interest on the Notes when due, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or pre-funded to its satisfaction), take action to enforce the obligations of the Issuer in respect of such unpaid principal or interest provided that the Trustee and the Noteholders have no right to claim or enforce an early redemption of the Notes or institute proceedings for the winding-up of the Issuer.

(b) *No institution of winding-up proceedings*

The Trustee may at its discretion (subject to being indemnified and/or secured and/or pre-funded to its satisfaction) participate in, but not itself institute, any proceedings for the winding-up of the Issuer to enforce the obligations of the Issuer for payment of any principal or interest (including any Arrears of Interest) in respect of the Notes.

In particular, the Trustee and the Noteholders shall not be entitled, and they hereby waive any statutory right conferred on them, to file for the opening of bankruptcy proceedings (*Konkursbegehren*) with respect to the Issuer or other winding-up proceedings or to make other similar filings or motions which, if approved, would lead to a redemption of the Notes.

(c) *Claims in a winding-up or dissolution*

If, except for the purposes of or pursuant to and followed by an Approved Liquidation, a resolution is passed or an order of a court of competent jurisdiction is made that the Issuer be wound up or dissolved (any such resolution or order, a “**Liquidation Ruling**”) the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or pre-funded to its satisfaction), give notice to the Issuer that the Notes are immediately due and repayable at an amount equal to the principal amount of such Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest).

No payment in respect of the Notes may be made by the Issuer pursuant to this Condition 9(c), nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings.

(d) *No right to take action directly against the Issuer*

No Noteholder or Couponholder shall be entitled to take any action directly against the Issuer in respect of the Notes unless the Trustee, having become Noteholder Mandated to take such action, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholders shall be entitled to exercise only the same rights against the Issuer as those which the Trustee is entitled to exercise.

(e) *Extent of remedy for non-payment*

No remedy against the Issuer, other than as referred to in this Condition 9 (*Remedies*), shall be available to the Trustee or the Noteholders for the recovery of amounts owing in respect of the Notes or under the Trust Deed.

10. Interest Determination and Payment Dates

(a) *Fixed Rate Reset Notes – Fallbacks*

If “Mid-Swap Rate” is specified in the applicable Pricing Supplement and on any Reset Determination Date the Reset Rate Screen Page is not available or the Mid-Swap Rate does not appear on the Reset Rate Screen Page (other than in the circumstances provided for in Condition 10(e)), the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined by the Calculation Agent.

If only one of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the Reset Period shall be the sum of such Mid-Market Swap Rate Quotation and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined by the Calculation Agent. If on any Reset Determination Date none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 10(a), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Note Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

(b) ***Floating Rate Notes and Fixed to Floating Rate Notes***

(i) *Interest Payment Dates*

Interest shall be payable in arrear on each Interest Payment Date in the case of a Floating Rate Note and on each Interest Payment Date commencing after the Fixed Rate End Date specified in the applicable Pricing Supplement in the case of a Fixed to Floating Rate Note. The amount of interest payable shall be determined in accordance with Condition 4(b). Such Interest Payment Date(s) is/are, subject as provided in Condition 10(b)(ii) below, either shown in the applicable Pricing Supplement as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the applicable Pricing Supplement, “**Interest Payment Date**” shall, subject as provided in Condition 10(b)(ii) below, mean each date which falls the number of months or other period shown in the applicable Pricing Supplement as the Specified Period after the preceding Interest Payment Date or, in the case of the first such Interest Payment Date, after the Interest Commencement Date, in the case of a Floating Rate Note, or after the Fixed Rate End Date, in the case of a Fixed to Floating Rate Note.

(ii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention under this Condition 10(b)(ii), would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified in the applicable Pricing Supplement is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes and Fixed to Floating Rate Notes*

The Rate of Interest in respect of Floating Rate Notes and, from and including the Fixed Rate End Date, Fixed to Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Pricing Supplement and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the applicable Pricing Supplement.

(A) ISDA Determination for Floating Rate Notes

Where “ISDA Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each relevant Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (y) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where “Screen Rate Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below and subject to Condition 10(e), be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR

or Brussels time in the case of EURIBOR) or on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) above applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Eurozone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the rate of interest shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum Rate of Interest relating to that last preceding Interest Accrual Period).

(iv) *Linear Interpolation*

Where “Linear Interpolation” is specified in the applicable Pricing Supplement as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified in the applicable Pricing Supplement as applicable) or the relevant Floating Rate Option (where “ISDA Determination” is specified in the applicable Pricing Supplement as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(c) Maximum Rate of Interest and Final Redemption Amount and Rounding

- (i) If any Maximum Rate of Interest or Final Redemption Amount is specified in the applicable Pricing Supplement, then any Rate of Interest or any calculated Interest Amount or Final Redemption Amount shall be subject to such maximum.
- (ii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(d) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agent(s) and the required number of Reference Banks if provision is made for them in the applicable Pricing Supplement and for so long as any Note is outstanding (as defined in the Trust Deed). The Issuer may, with the prior written approval of the Trustee (not to be unreasonably withheld), from time to time replace any Reference Bank with another leading investment, merchant or commercial bank or financial institution. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price, as the case may be, or to comply with any other requirement of it hereunder, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(e) Benchmark discontinuation

Notwithstanding the provisions in Condition 10(a) and 10(b), if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions of this Condition 10(e) shall apply (with effect from 30 days prior to the first date when such determination is necessary).

(i) Independent Adviser

The Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 10(e)(ii) and, in either case, an Adjustment Spread if any (in accordance with Condition 10(e)(iii)) and any Benchmark Amendments (in accordance with Condition 10(e)).

In making such determination, an Independent Adviser appointed pursuant to this Condition 10(e) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 10(e).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 10(e)(i) prior to the relevant Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest applicable to the next succeeding Interest Accrual Period or Reset Period (as applicable) shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period or Reset Period (as applicable). If there has not been a first Interest Payment Date or Reset Note Reset Date (as applicable), the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Reset Margin or Maximum Rate of Interest (as applicable) is to be applied to the relevant Interest Accrual Period or Reset Period (as applicable) from that which applied to the last preceding Interest Accrual Period or Reset Period (as applicable), the Margin or Reset Margin or Maximum Rate of Interest (as applicable) relating to the relevant Interest Accrual Period or Reset Period (as applicable) shall be substituted in place of the Margin or Reset Margin or Maximum Rate of Interest (as applicable) relating to that last preceding Interest Accrual Period or Reset Period (as applicable). For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Accrual Period or Reset Period (as

applicable) only and any subsequent Interest Accrual Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 10(e)(i).

(ii) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser and acting in good faith, determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 10(e)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 10(e)).

(iii) *Adjustment Spread*

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) *Benchmark Amendments*

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 10(e) and the Issuer, following consultation with the Independent Adviser and acting in good faith, determines (i) that amendments to these Conditions and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 10(e)(v), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two Authorised Officers of the Issuer pursuant to Condition 10(e)(v), the Trustee shall (at the direction and expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments to the Trust Deed, the Agency Agreement and/or these Conditions (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed) and the Trustee shall not be liable to any party for any consequences thereof, provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or protective provisions afforded to it in these Conditions, the Agency Agreement or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 10(e)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Notwithstanding any other provision of this Condition 10(e), no Successor Rate, Alternative Rate, Adjustment Spread or, if applicable, rate determined in accordance with the final paragraph of Condition 10(e)(i) will be adopted, nor will any other amendment to the terms and conditions of any Series of Notes be made to effect the Benchmark Amendments, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the relevant Series of Notes as Relevant Capital.

(v) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 10(e) or, if applicable, rate determined in accordance with the final paragraph of Condition 10(e)(i) will be notified promptly by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 18 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders of the same, the Issuer shall deliver to the Trustee a certificate signed by two Authorised Officers of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate or, if applicable, rate determined in accordance with the final paragraph of Condition

10(e)(i) and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 10(e); and

- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread.

The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents and the Noteholders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Condition 10(e) (i), (ii), (iii) and (iv), the Original Reference Rate and the fallback provisions provided for in Condition 10(a) and 10(b) will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 10(e)(v).

(vii) *Definitions*

- (iii) the Issuer, following consultation with the Independent Adviser and acting in good faith, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or (if the Issuer determines that no such industry standard is recognised or acknowledged)
- (iv) the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith, determines to be appropriate.

Any references in these Conditions to Notes which are in bearer form shall, unless the context otherwise requires, include any related Coupons and Talons. Any references to any holder of Notes which are in bearer form shall, unless the context otherwise requires, include any Couponholders.

Title to the Bearer Notes shall pass by delivery. Title to the Registered Notes shall pass upon registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”) and as further described in Condition 16 (*Transfers of Registered Notes*).

3. **Status**

Condition 3 (*Status*) is governed by, and shall be construed in accordance with, the laws of the jurisdiction of incorporation of the Issuer of the Notes and is irrevocable.

(a) **Subordination of the Subordinated Notes**

Condition 3(a) applies only to Notes specified as “Subordinated Notes” in the applicable Pricing Supplement.

Condition 3(b) applies only to Notes specified as “Deeply Subordinated Notes” in the applicable Pricing Supplement.

Conditions 3(c) and 3(d) apply to Subordinated Notes and Deeply Subordinated Notes.

(c) No Set-off

Neither the Trustee nor any Noteholder may set-off any claims in respect of any amount owed to it by the Issuer arising under or in connection with the Notes and each Noteholder shall, by virtue of being the holder of any Note, be deemed to have irrevocably waived all such rights of set-off.

(d) No Security

No security of whatever kind is, or will at any time be, provided by the Issuer or any other person to secure the claims of the Noteholders under the Notes.

4. Guarantee

(a) ZIC Subordinated Guarantee

Condition 4(a) applies only to Notes specified as “Subordinated Notes” in the applicable Pricing Supplement.

Condition 4(b) applies only to Notes specified as "Deeply Subordinated Notes" in the applicable Pricing Supplement.

5. Interest and other Calculations

This Note is a Fixed Rate Note, a Fixed Rate Reset Note, a Floating Rate Note, a Fixed to Floating Rate Note or a combination of the foregoing (and each as further described below and in Condition 11 (*Interest Determination and Payment Dates*)), depending upon the Interest Basis specified in the applicable Pricing Supplement.

(a) Interest Accrual

Subject to Condition 6 (*Deferral of Interest Payments*), each Note bears interest on its outstanding principal amount, accruing as follows:

- (i) Fixed Rate Note:
 - from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest;
- (ii) Fixed Rate Reset Note:
 - (x) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;
 - (y) from (and including) the First Reset Date to (but excluding) the first Subsequent Reset Date or, if a Subsequent Reset Date is not specified in the applicable Pricing Supplement, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
 - (z) for each Subsequent Reset Period thereafter (if any), at the relevant Subsequent Reset Rate of Interest;
- (iii) Floating Rate Note:
 - from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 11(b); and
- (iv) Fixed to Floating Rate Note:
 - (x) from (and including) the Interest Commencement Date to (but excluding) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest; and
 - (y) from (and including) the Fixed Rate End Date specified in the applicable Pricing Supplement at the rate per annum (expressed as a percentage) equal to the Rate of Interest as further set out in Condition 11(b).

Each Note will cease to bear interest from the date of its redemption unless, upon due presentation or surrender thereof, payment of principal is improperly withheld or refused and in such event, interest will continue to accrue as provided in the Trust Deed.

If any Margin is specified in the applicable Pricing Supplement (either (A) generally or (B) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (A), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (B), calculated in accordance with Condition 11(b) by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject to Condition 11(c).

Such interest shall be payable in arrear on each Interest Payment Date specified in the applicable Pricing Supplement. The amount of interest payable shall be determined in accordance with Condition 5(b).

(b) Calculations

Interest is calculated on each Note by reference to the Calculation Amount specified in the applicable Pricing Supplement. The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for calculating such amount) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula).

Where any Interest Period comprises more than one Interest Accrual Period, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated. Where the Specified Denomination comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination specified in the applicable Pricing Supplement.

(c) ***Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price and Special Event Redemption Price***

The Calculation Agent shall, as soon as practicable on each Interest Determination Date or Reset Determination Date (as applicable), or such other time on such date as the Calculation Agent may be required to calculate any rate or amount:

- (i) obtain any quotation or make any determination or calculation;
- (ii) determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period;
- (iii) calculate the Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price (as may be provided for in the applicable Pricing Supplement); and
- (iv) cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price, to be notified to the Trustee, the Issuer, the Guarantor, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in any event no later than (x) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (y) in all other cases, the fourth Business Day after such determination.

Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 11(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee in accordance with these Conditions by way of adjustment) without notice or consent of the Noteholders in the event of an extension or shortening of the Interest Period. If the Notes are not redeemed when due in accordance with Condition 7 (*Redemption, Substitution or Variation, Purchase and Options*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 5 (*Interest and other Calculations*) but no publication of the Rate of Interest or the Interest Amount so calculated need be made, unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

6. Deferral of Interest Payments

(a) ***No default***

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any payment of interest in accordance with this Condition 6 (*Deferral of Interest Payments*) will not constitute a default by the Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any other action under the Notes, the Trust Deed, the ZIC Subordinated Guarantee or, as the case may be, the ZIC Deeply Subordinated Guarantee.

It is possible that an Optional Interest Payment Date with respect to Deeply Subordinated Notes may not also constitute an Optional Interest Payment Date with respect to Subordinated Notes, given the relative ranking of these instruments. As a result, payments of interest and settlement of Arrears of Interest may become mandatory on Subordinated Notes without also becoming mandatory on Deeply Subordinated Notes.

(b) ***Optional Deferral of Interest***

If so specified in the applicable Pricing Supplement, the Issuer shall have the option to defer any Interest Payment which would otherwise be payable on any Optional Interest Payment Date in whole but not in part.

If so specified in the applicable Pricing Supplement (but not otherwise), notwithstanding the other provisions of this Condition 6(b) but without prejudice to Condition 6(c), if as at any Optional Interest Payment Date the Relevant Regulator no longer accords any regulatory capital credit to the Notes under the Applicable Regulations, the Issuer will be allowed to exercise its option under this Condition 6(b) to defer the relevant Interest Payment on such Optional Interest Payment Date for a period not exceeding five years (a “**Fixed Term Deferred Interest Payment**”).

(c) ***Solvency Deferral of Interest***

On any Solvency Interest Deferral Date, the Issuer shall defer in whole any Interest Payment which would otherwise be payable.

(d) Notice of Deferral

The Issuer or ZIC shall notify the Trustee, the Issuing and Paying Agent and the Noteholders in writing in accordance with Condition 19 (*Notices*):

- (i) not less than 10 Business Days prior to an Interest Payment Date if that Interest Payment Date is an Optional Interest Payment Date in respect of which the Issuer elects to defer interest as provided in Condition 6(b); and
- (ii) as soon as reasonably practicable if a Solvency Event (A) has occurred and is continuing, or (B) would occur as a result of the relevant Interest Payment, provided that, for the avoidance of doubt, any delay in giving such notice shall not result in such interest becoming due and payable on the relevant Solvency Interest Deferral Date.

On or prior to the delivery of any notice pursuant to Condition 6(d)(ii), the Issuer or ZIC shall also procure the delivery of a Solvency Payment Deferral Certificate to the Trustee.

(e) Arrears of Interest

- (i) *Arrears of Interest*: Any Interest Payment not paid on an Interest Payment Date, together with any other interest on the Notes not paid on any earlier Interest Payment Date, in each case by virtue of this Condition 6 (*Deferral of Interest Payments*), shall, so long as the same remains unpaid, constitute “**Arrears of Interest**”. Arrears of Interest shall not themselves bear interest.
- (ii) *Conditions to Settlement of Arrears of Interest*: Other than in the circumstances described in Condition 10(c), Arrears of Interest arising pursuant to Condition 6(b) or 6(c) and, for the avoidance of doubt, mandatory payments pursuant to Condition 6(e)(iv), are only due and payable provided that (A) in respect of the date on which such payment would be made, no Solvency Event either (x) has occurred and is continuing, or (y) would occur as a result of such payment and (B) in either case, the Issuer or ZIC has obtained the prior written approval therefor of the Relevant Regulator to the extent required at the time, in accordance with Applicable Regulations in order for the Notes to qualify as Relevant Capital.
- (iii) *Optional Settlement of Arrears of Interest*: Any Arrears of Interest may be paid at the option of the Issuer in whole or in part, at any time upon the expiry of not less than 15 nor more than 30 days’ notice to such effect given by the Issuer or ZIC to the Trustee and to the Noteholders in accordance with Condition 19 (*Notices*), subject to Condition 6(e)(ii). On or prior to the delivery of any notice pursuant to this Condition 6(e)(iii), the Issuer or ZIC shall procure the delivery of a Solvency Payment Deferral Certificate to the Trustee.
- (iv) *Mandatory Settlement of Arrears of Interest*: Subject to Condition 6(e)(ii) above, Arrears of Interest will, save as otherwise specified in the applicable Pricing Supplement, automatically become immediately due and payable upon the earliest of the following dates:
 - (A) the date upon which a dividend is next declared or paid on, or the date of any repurchase or acquisition of, any class of share capital of ZIG (other than an Excepted Event); or
 - (B) the date of redemption of any Notes pursuant to Condition 7(b), Condition 7(d), Condition 7(e) or Condition 7(f); or
 - (C) the commencement of the winding-up or dissolution of the Issuer or, as the case may be, ZIC (except for the purposes of or pursuant to and followed by an Approved Liquidation); or
 - (D) the date upon which a Junior or Pari Passu Interest Payment is made or upon which a distribution or other payment (including payment for the purpose of a redemption or repurchase) in relation to the relevant securities is made (unless such payment is (i) required to be made pursuant to the terms of the relevant securities or required due to the repayment of such securities or (ii) an Excepted Event); or
 - (E) in the case of a Fixed Term Deferred Interest Payment only, the fifth anniversary of the Optional Interest Payment Date on which such payment was deferred; or
 - (F) the next following Interest Payment Date on which the relevant Interest Payment is not deferred in accordance with either Condition 6(b) or 6(c).

7. Redemption, Substitution or Variation, Purchase and Options

(a) No Redemption at the Option of Noteholders

Noteholders have no right to claim for an early redemption of the Notes.

(b) Redemption at Maturity

- (i) *Maturity Date*: Each Note with a Maturity Date specified in the applicable Pricing Supplement will, subject as provided in Condition 7(b)(ii) below, be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date unless previously redeemed or purchased and cancelled as provided below.
- (ii) *Maturity extension upon Solvency Event*: If a Solvency Event has occurred and is continuing on the Maturity Date, or would occur as a result of the redemption of the relevant Notes, the Notes shall not be redeemed on the Maturity Date but will be redeemed by the Issuer promptly following such Solvency Event ceasing to occur (taking into account the relevant redemption) and the giving of not more than 30 nor less than 15 days' notice of such cessation by the Issuer to the Trustee and to Noteholders in accordance with Condition 19 (*Notices*). In this circumstance, references herein to "**Maturity Date**" shall be construed accordingly to refer to such later date of redemption and, for the avoidance of doubt, interest shall continue to accrue (without compounding) as provided in Condition 5(a) on any such Note until such later date of redemption.

On or prior to the delivery of any notice pursuant to Condition 7(b)(ii), the Issuer or ZIC shall also procure the delivery of a Solvency Event Certificate to the Trustee.

(c) Conditions to Redemption, Substitution, Variation or Purchase

Any redemption (other than a redemption on the Maturity Date (if any) pursuant to Condition 7(b)), substitution, variation of these Conditions or purchase, of the Notes is subject to the following conditions:

- (i) the Issuer or ZIC having obtained the prior written approval therefor of the Relevant Regulator;
- (ii) no Solvency Event having occurred or is continuing and such redemption, substitution, variation or purchase would not itself cause a Solvency Event on the date on which such redemption, substitution, variation or purchase would be made; and
- (iii) in the case of a redemption or purchase that is within five years of the Issue Date of the first Tranche of the Notes, such redemption or purchase is, to the extent then required by the Relevant Regulator in order for the Notes to qualify as at least Future Tier Two Capital under any Future Regulations, funded out of the proceeds of a new issuance of capital instruments of at least the same quality as the Notes.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 7 (*Redemption, Substitution or Variation, Purchase and Options*) (other than a notice of redemption pursuant to Condition 7(d)), the Issuer or ZIC shall deliver to the Trustee a Conditions Precedent Certificate.

The Issuer shall give not less than 30 nor more than 60 days' prior notice of any substitution, variation or redemption (other than a redemption on the Maturity Date (if any) pursuant to Condition 7(b)) pursuant to this Condition 7 (*Redemption, Substitution or Variation, Purchase and Options*) to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 19 (*Notices*), the Noteholders (which notice shall, subject to this Condition 7(c), be irrevocable). Upon expiry of such notice, the Issuer shall (subject to this Condition 7(c)) substitute, vary or, as appropriate, redeem the Notes.

(d) Redemption at the Option of the Issuer

If "Call Option" is specified in the applicable Pricing Supplement as being applicable, the Issuer may, at its option, subject to Condition 7(c), redeem all, but not some only, of the Notes on any Optional Redemption Date specified in the applicable Pricing Supplement. Any such redemption of Notes shall be at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions and any Arrears of Interest.

(e) Redemption Due to Taxation

If, prior to the giving of the relevant notice of redemption a Tax Event has occurred and is continuing, then the Issuer may, subject to Condition 7(c), redeem the Notes in accordance with these Conditions.

Such redemption may be at any time (if and for so long as this Note is not a Floating Rate Note) or on any Interest Payment Date (if and for so long as this Note is a Floating Rate Note).

The Issuer may redeem all, but not some only, of the Notes at their principal amount, together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest, provided that no notice of redemption shall be given pursuant to limb (a) in the definition of Tax Event earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, ZIC would be obliged to pay Additional Amounts were a payment in respect of the Notes, the ZIC Subordinated Guarantee or, as the case may be, the ZIC Deeply Subordinated Guarantee then due.

(f) *Redemption Due to a Special Event or Clean-Up Event*

If “Accounting Event Call”, “Rating Agency Event Call”, “Regulatory Event Call” or “Clean-Up Event Call” is/are specified in the applicable Pricing Supplement as being applicable, the following provisions shall apply.

If one or more of such events occurs and within the Early Event Call Period, the Issuer gives a notice of redemption and if the relevant event is continuing on the date of such notice, then the Issuer may, subject to Condition 7(c) and as further provided below, redeem in accordance with these Conditions all, but not some only, of the Notes.

Such redemption may be at any time or, if and for so long as the Note is a Floating Rate Note, on any Interest Payment Date.

The Issuer shall not have the right to redeem the Notes following an Accounting Event, Clean-Up Event and/or a Rating Agency Event if such right of redemption would cause a Regulatory Event. The Notes will be redeemed at the Special Event Redemption Price or, as appropriate, Clean-Up Redemption Price specified in the applicable Pricing Supplement, together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest.

(g) *Substitution or Variation*

If a Tax Event or any Special Event specified in the applicable Pricing Supplement as being applicable occurs and is continuing, then the Issuer may, subject to Condition 7(c) and as provided below (without any requirement for the consent or approval of the Noteholders), (i) substitute at any time all (and not some only) of the Notes for, or (ii) vary the terms of the Notes so that they become, in each case, Qualifying Securities. The Trustee shall (subject to the following provisions of this Condition 7(g)) agree to such substitution or variation.

The Trustee shall use its reasonable endeavours to assist the Issuer in the substitution or variation of the Notes for or into Qualifying Securities provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the terms of the securities into which the Notes are to be substituted or are to be varied if such substitution or variation imposes, in the Trustee’s sole opinion, more onerous obligations upon it. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

In addition to the requirements of Condition 7(c), any substitution or variation is subject to:

- (i) the substitution or variation not itself giving rise to a deterioration in any solicited rating of the Notes in effect at such time as confirmed in writing by the Rating Agency/ies; and
- (ii) the substitution or variation not triggering any right on the part of the Issuer to redeem the Notes.

In connection with any substitution or variation in accordance with this Condition 7(g), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or admitted to trading.

(h) *Purchases*

Subject to Condition 7(c), the Issuer, ZIC, ZIG and any of their respective Subsidiaries (as such term is defined in the Trust Deed) for the time being may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise and at any price.

(i) *Cancellation*

All Notes purchased in accordance with Condition 7(h) by or on behalf of the Issuer, ZIC, ZIG or any of their respective Subsidiaries may (at the option of the Issuer, ZIC, ZIG or the relevant Subsidiary) be held, reissued, resold or surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so redeemed or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(j) *Trustee Not Obligated to Monitor*

The Trustee shall not be under any duty to monitor whether any event or circumstance within this Condition 7 (*Redemption, Substitution or Variation, Purchase and Options*) has happened or exists and will not be responsible to Noteholders for any loss arising from any failure or delay by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 7 (*Redemption, Substitution or Variation, Purchase and Options*), it shall be entitled to assume that no such event or circumstance exists.

8. Taxation

(a) Notes issued by ZF (Ireland)

In the case of Notes issued by ZF (Ireland), all payments under the Trust Deed and the Notes will be made without withholding or deduction for or on account of any taxes or duties of whatever nature imposed or levied by or on behalf of the Relevant Jurisdiction or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law and/or by agreement of ZF (Ireland) or the Guarantor, as the case may be.

In such event, ZF (Ireland) will pay such additional amounts (“**Additional Amounts**”) as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Note presented for payment:

- (i) by or on behalf of a Noteholder who is liable for such taxes or duties in respect of such Note by reason of his having some connection with the Republic of Ireland (in the case of ZF (Ireland)) or Switzerland (in the case of payments made by ZIC under the ZIC Subordinated Guarantee or, as the case may be, the ZIC Deeply Subordinated Guarantee) other than the mere holding of such Note;
- (ii) more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an Additional Amount on presenting the same for payment on such thirtieth day;
- (iii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person other than the Issuer is required to withhold tax on any interest payments; or
- (iv) any combination of items (i) through (iii) above.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of ZF (Ireland) will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “**FATCA Withholding**”). Neither ZF (Ireland) nor any other persons will be required to pay any additional amounts in respect of FATCA Withholding.

(b) Notes issued by ZF (Australia)

In the case of Notes issued by ZF (Australia), all payments of principal and interest in respect of the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Relevant Jurisdiction or any political subdivision or any authority therein or thereof having power to tax, unless such withholding or deduction is required by a law or directive.

In the event that ZF (Australia) or any person acting on its behalf is required by law or directive to make any such withholding or deduction, ZF (Australia) will pay such additional amounts (“**Additional Amounts**”) as shall be necessary so that, after making the withholding or deduction and further withholdings or deductions applicable to Additional Amounts payable under this paragraph, the Noteholders are entitled to receive (at the time the payment is due) the amounts they would have received if no withholdings or deductions had been required to be made; except that no such Additional Amounts shall be payable in relation to any payment in respect of any Note:

- (i) to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of the person having some connection with the Relevant Jurisdiction other than the mere holding of such Note or receipt of payment in respect of such Note;
- (ii) presented for payment or in respect of which a claim for payment is made more than 30 days after the Relevant Date except to the extent that the relevant Noteholder would have been entitled to an Additional Amount on presenting the Note, or claiming or making demand, for payment on the last day of the period of 30 days;
- (iii) on account of such taxes, duties, assessments or governmental charges which are payable by reason of the Noteholder being an associate of ZF (Australia) for the purposes of section 128F of the Australian Tax Act;
- (iv) on account of such taxes, duties, assessments or governmental charges which are required to be deducted or withheld from amounts payable to, or to a third party on behalf of, a Noteholder who could lawfully avoid (but has not so avoided) such deduction or withholding by (1) providing (or procuring that a third party provides) the Noteholder’s Australian tax file number (“**TFN**”) or Australian Business Number (“**ABN**”) or evidence that the holder is not

required to provide a TFN and/or ABN to the Issuer or to an applicable revenue authority (with a copy to the Issuer) and/or (2) complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption;

- (v) to, or to a third party on behalf of, a Noteholder where such withholding or deduction is required to be made pursuant to a notice or direction issued by the Commissioner of Taxation under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 to the Taxation Administration Act 1953 of Australia or any similar law;
- (vi) to the extent that ZF (Australia) is obliged to pay such taxes, duties, assessments or governmental charges in respect of such payment made to, or to a third party on behalf of, a Noteholder as a result of the operation of section 126 of the Australian Tax Act by reason of the Noteholder being an Australian resident or a non-resident that carries on business at or through a permanent establishment in Australia and not having disclosed to ZF (Australia) its name and address;
- (vii) in respect of any estate, inheritance, gift, sales, transfer, personal property, or any similar tax, assessment or governmental charge;
- (viii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person other than the Issuer is required to withhold tax on any interest payments;
- (ix) to a Noteholder that is not the beneficial owner of such Note to the extent that the beneficial owner thereof would not have been entitled to the payment of an Additional Amount had such beneficial owner been the Noteholder of such Note;
- (x) on account of any Australian interest withholding tax imposed as a result of a determination by the Commissioner of Taxation that such tax is payable under the Australian Tax Act, in circumstances where the Noteholder is party to or participated in a scheme to avoid such tax and where ZF (Australia) was neither a party to nor participated in such scheme;
- (xi) in such other circumstances as may be specified in the applicable Pricing Supplement; or
- (xii) any combination of items (i) through (xi) above.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of ZF (Australia) will be paid net of any FATCA Withholding. Neither ZF (Australia) nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

9. Principal Loss Absorption

(a) Write-Down Event

This Condition 9 (*Principal Loss Absorption*) shall only apply if “Write-Down Event” is specified in the applicable Pricing Supplement as being applicable.

Notwithstanding any other provisions contained herein:

- (i) limb (e) of the definition of “Qualifying Securities” shall be deemed to be deleted in its entirety and replaced with the following: “(e) which contain terms providing for loss absorption through principal write-down that are not materially less favourable to an investor than the terms of the Notes (as reasonably determined by the Issuer after consulting an investment bank of international standing, and provided that a certification to such effect of two Authorised Officers of the Issuer shall have been delivered to the Trustee prior to the issue of the relevant securities);” and
- (ii) any substitution or variation otherwise in accordance with Condition 7(g) will be subject to such substitution or variation not itself giving rise to a Write-Down Event and/or triggering a Write-Down of the Notes pursuant to this Condition 9 (*Principal Loss Absorption*) and no Write-Down Event having otherwise occurred.

Notwithstanding any other provisions contained herein, if a Write-Down Event occurs:

- (i) the claims of any Noteholder in respect of, or arising under, the relevant Notes pursuant to, as applicable, either Condition 3(a) and the applicable ZIC Subordinated Guarantee in the case of Subordinated Notes or Condition 3(b) and the applicable ZIC Deeply Subordinated Guarantee in the case of Deeply Subordinated Notes will be subject to, and superseded by, the provisions of this Condition 9 (*Principal Loss Absorption*);
- (ii) each Note will cease to bear interest from the Write-Down Date (if any), but without prejudice to any cancellation of such interest in accordance with this Condition 9 (*Principal Loss Absorption*); and

- (iii) any redemption pursuant to Condition 7(b) or notice of redemption pursuant to Conditions 7(d), 7(e) and 7(f) shall be subject to the provisions of this Condition 9 (*Principal Loss Absorption*).

(b) Notice of a Write-Down Event

If a Write-Down Event occurs at any time, the Issuer shall, as soon as reasonably practicable, notify the Relevant Regulator and shall, by no later than the seventh calendar day following the occurrence of the Write-Down Event:

- (i) give notice (a “**Write-Down Notice**”) to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 19 (*Notices*), the Noteholders specifying (x) that a Write-Down Event has occurred and that a Write-Down of the Notes will take place, (y) the date on which the Write-Down Event occurred, and (z) the Write-Down Date; and
- (ii) deliver to the Trustee and the Issuing and Paying Agent a certificate (the “**Write-Down Certificate**”) signed by two Authorised Officers of the Issuer or ZIC, stating that a Write-Down Event has occurred and giving details thereof.

The occurrence of a Write-Down Event in accordance with this Condition 9 (*Principal Loss Absorption*) will not constitute a default by the Issuer and will not give Noteholders or the Trustee any right to accelerate repayment of the Notes or take any other action under the Notes, the Trust Deed or, as applicable, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee.

(c) Write-Down of the Notes

If the Issuer has validly given the Write-Down Notice and Write-Down Certificate in accordance with Condition 9(b), then on the Write-Down Date the full principal amount of each Note and all accrued but unpaid interest (including any Arrears of Interest) thereon will automatically and permanently be reduced to zero (a “**Write-Down**”, and “**Written-Down**” shall be construed accordingly) and the Notes will be cancelled.

Accordingly, as of the Write-Down Date, Noteholders shall not have any rights against the Issuer or the Guarantor with respect to: (i) repayment of the principal amount of the Notes or any part thereof, or (ii) the payment of any other amounts arising under or in connection with the Notes.

Once the principal amount of a Note has been Written-Down, it will not be restored under any circumstances, including where the relevant Write-Down Event ceases to continue.

If the Issuer has elected to redeem the Notes pursuant to Condition 7(d), 7(e) or 7(f), but prior to the scheduled redemption date a Write-Down Event occurs, the Notes will not be redeemed but instead will be Written-Down.

10. Remedies

(a) Right to claim for amounts due; no acceleration right

If the Issuer fails to make any payment of principal or interest on the Notes when due, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or pre-funded to its satisfaction), take action to enforce the obligations of the Issuer in respect of such unpaid principal or interest provided that the Trustee and the Noteholders have no right to claim or enforce an early redemption of, the Notes or institute proceedings for the winding-up of the Issuer.

If the Guarantor fails to pay (pursuant to, as applicable, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee) an amount claimed in accordance with, as applicable, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or pre-funded to its satisfaction), take action to enforce the obligations of the Guarantor in respect of such unpaid amounts provided that the Trustee and the Noteholders have no right to claim any sums in respect of, or enforce an early redemption of, the Notes or institute proceedings for the winding-up of the Guarantor.

(b) No institution of winding-up proceedings

The Trustee may at its discretion, subject to Condition 10(c) (and subject to being indemnified and/or secured and/or pre-funded to its satisfaction), participate in, but not itself institute, any proceedings for the winding-up of the Issuer and/or the Guarantor to enforce the obligations of the Issuer for payment of any principal or interest (including any Arrears of Interest) in respect of the Notes or, in the case of the Guarantor, to enforce the obligations of the Guarantor under the ZIC Subordinated Guarantee or, as the case may be, the ZIC Deeply Subordinated Guarantee. In particular, the Trustee and the Noteholders shall not be entitled, and they hereby waive any statutory right conferred on them, to file for the opening of bankruptcy proceedings (*Konkursbegehren*) with respect to the Issuer and/or the Guarantor or other winding-up proceedings or to make other similar filings or motions which, if approved, would lead to a redemption of the Notes.

(c) **Claims in a winding-up or dissolution**

- (i) If, except for the purposes of or pursuant to and followed by an Approved Liquidation, a resolution is passed or an order of a court of competent jurisdiction is made that the Issuer or the Guarantor be wound up or dissolved (any such resolution or order, a “**Liquidation Ruling**”) and subject to Condition 10(c)(ii) below, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or pre-funded to its satisfaction), give notice to the Issuer and ZIC that the Notes are immediately due and repayable at an amount equal to the principal amount of such Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest).
- (ii) If, on or following the date of any such Liquidation Ruling, a Solvency Event in relation to the Zurich Insurance Group (a “**Group Solvency Event**”) has occurred and is continuing or would occur as a result of the Notes becoming due and payable pursuant to Condition 10(c)(i), then the Notes shall become due and payable in accordance with Condition 10(c)(i) upon such Group Solvency Event ceasing to occur and if such payment would not result in a Group Solvency Event occurring provided that, for the avoidance of doubt, the Notes shall in addition become due and payable in the proceedings which implement such Liquidation Ruling at an amount equal to the principal amount of such Note, together with any accrued but unpaid interest up to, but excluding, the date of repayment (including any Arrears of Interest) upon any amounts in respect of any Relevant Junior or Pari Passu Securities becoming due and payable in such proceedings.
- (iii) No payment in respect of the Notes may be made by the Issuer or the Guarantor pursuant to this Condition 10(c), nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings.

ZIC has undertaken in the Trust Deed that for so long as any Subordinated Notes or, as the case may be, Deeply Subordinated Notes are outstanding, it will have at least one series of securities outstanding which are issued directly by ZIC which rank, or are expressed to rank, pari passu with, (in the case of Subordinated Notes) the claims of Noteholders under the ZIC Subordinated Guarantee or, (in the case of Deeply Subordinated Notes) the claims of Noteholders under the ZIC Deeply Subordinated Guarantee, and, in each case, have been approved by the Relevant Regulator in accordance with the Applicable Regulations as eligible Relevant Capital of ZIC and/or the Zurich Insurance Group.

(d) **No right to take action directly against the Issuer or the Guarantor**

No Noteholder or Couponholder shall be entitled to take any action directly against the Issuer or ZIC in respect of the Notes or, as applicable, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, unless the Trustee, having become Noteholder Mandated to take such action, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholders shall be entitled to exercise only the same rights against the Issuer or ZIC as those which the Trustee is entitled to exercise.

(e) **Extent of remedy for non-payment**

No remedy against the Issuer or ZIC, other than as referred to in this Condition 10 (*Remedies*), shall be available to the Trustee or the Noteholders for the recovery of amounts owing in respect of the Notes or under the Trust Deed or, as applicable, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee.

11. Interest Determination and Payment Dates

(a) **Fixed Rate Reset Notes – Fallbacks**

If “Mid-Swap Rate” is specified in the applicable Pricing Supplement and on any Reset Determination Date the Reset Rate Screen Page is not available or the Mid-Swap Rate does not appear on the Reset Rate Screen Page (other than in the circumstances provided for in Condition 11(e)), the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined by the Calculation Agent.

If only one of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the Reset Period shall be the sum of such Mid-Market Swap Rate Quotation and the Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the relevant Notes during the First Reset Period (such calculation to be made by the Calculation Agent)), all as determined

by the Calculation Agent. If on any Reset Determination Date none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 11(a), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Note Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

(b) Floating Rate Notes and Fixed to Floating Rate Notes

(i) Interest Payment Dates

Interest shall be payable in arrear on each Interest Payment Date in the case of a Floating Rate Note and on each Interest Payment Date commencing after the Fixed Rate End Date specified in the applicable Pricing Supplement in the case of a Fixed to Floating Rate Note. The amount of interest payable shall be determined in accordance with Condition 5(b). Such Interest Payment Date(s) is/are, subject as provided in Condition 11(b)(ii) below, either shown in the applicable Pricing Supplement as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the applicable Pricing Supplement, “**Interest Payment Date**” shall, subject as provided in Condition 11(b)(ii) below, mean each date which falls the number of months or other period shown in the applicable Pricing Supplement as the Specified Period after the preceding Interest Payment Date or, in the case of the first such Interest Payment Date, after the Interest Commencement Date, in the case of a Floating Rate Note, or after the Fixed Rate End Date, in the case of a Fixed to Floating Rate Note.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention under this Condition 11(b)(ii), would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified in the applicable Pricing Supplement is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes and Fixed to Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes and, from and including the Fixed Rate End Date, Fixed to Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Pricing Supplement and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the applicable Pricing Supplement.

(A) ISDA Determination for Floating Rate Notes

Where “ISDA Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each relevant Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (y) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where “Screen Rate Determination” is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below and subject to Condition 11(e), be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) above applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Eurozone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the rate of interest shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Eurozone inter-bank market, as the case may be. If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum Rate of Interest relating to that last preceding Interest Accrual Period).

(iv) *Linear Interpolation*

Where “Linear Interpolation” is specified in the applicable Pricing Supplement as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified in the applicable Pricing Supplement as applicable) or the relevant Floating Rate Option (where “ISDA Determination” is specified in the applicable Pricing Supplement as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case

may be, next longer then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(c) *Maximum Rate of Interest and Final Redemption Amount and Rounding*

- (i) If any Maximum Rate of Interest or Final Redemption Amount is specified in the applicable Pricing Supplement, then any Rate of Interest or any calculated Interest Amount or Final Redemption Amount shall be subject to such maximum.
- (ii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(d) *Calculation Agent*

The Issuer shall procure that there shall at all times be one or more Calculation Agent(s) and the required number of Reference Banks if provision is made for them in the applicable Pricing Supplement and for so long as any Note is outstanding (as defined in the Trust Deed). The Issuer may, with the prior written approval of the Trustee (not to be unreasonably withheld), from time to time replace any Reference Bank with another leading investment, merchant or commercial bank or financial institution. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Clean-Up Redemption Price or Special Event Redemption Price, as the case may be, or to comply with any other requirement of it hereunder, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(e) *Benchmark discontinuation*

Notwithstanding the provisions in Condition 11(a) and 11(b), if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions of this Condition 11(e) shall apply (with effect from 30 days prior to the first date when such determination is necessary).

(i) *Independent Adviser*

The Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 11(e)(ii) and, in either case, an Adjustment Spread if any (in accordance with Condition 11(e)(iii)) and any Benchmark Amendments (in accordance with Condition 11(e)).

In making such determination, an Independent Adviser appointed pursuant to this Condition 11(e) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 11(e).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 11(e)(i) prior to the relevant Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest applicable to the next succeeding Interest Accrual Period or Reset Period (as applicable) shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period or Reset Period (as applicable). If there has not been a first Interest Payment Date or Reset Note Reset Date (as applicable), the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Reset Margin or Maximum Rate of Interest (as applicable) is to be applied to the relevant Interest Accrual Period or Reset Period (as applicable) from that which applied to the last preceding Interest Accrual Period or Reset Period (as applicable), the Margin or Reset Margin or Maximum Rate of Interest (as applicable) relating to the relevant Interest Accrual Period or Reset Period (as applicable) shall be substituted in place of the Margin or Reset Margin or Maximum Rate of Interest (as applicable) relating to that last preceding Interest Accrual Period or Reset Period (as applicable). For the avoidance

of doubt, this paragraph shall apply to the relevant next succeeding Interest Accrual Period or Reset Period (as applicable) only and any subsequent Interest Accrual Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 11(e)(i).

(ii) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser and acting in good faith, determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 11(e)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the operation of this Condition 11(e)).

(iii) *Adjustment Spread*

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) *Benchmark Amendments*

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 11(e) and the Issuer, following consultation with the Independent Adviser and acting in good faith, determines (i) that amendments to these Conditions and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 11(e)(v), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two Authorised Officers of the Issuer pursuant to Condition 11(e)(v), the Trustee shall (at the direction and expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments to the Trust Deed, the Agency Agreement and/or these Conditions (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed) and the Trustee shall not be liable to any party for any consequences thereof, provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or protective provisions afforded to it in these Conditions, the Agency Agreement or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 11(e)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Notwithstanding any other provision of this Condition 11(e), no Successor Rate, Alternative Rate, Adjustment Spread or, if applicable, rate determined in accordance with the final paragraph of Condition 11(e)(i) will be adopted, nor will any other amendment to the terms and conditions of any Series of Notes be made to effect the Benchmark Amendments, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the relevant Series of Notes as Relevant Capital.

(v) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 11(e) or, if applicable, rate determined in accordance with the final paragraph of Condition 11(e)(i) will be notified promptly by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 19 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders of the same, the Issuer shall deliver to the Trustee a certificate signed by two Authorised Officers of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate or, if applicable, rate determined in accordance with the final paragraph of Condition 11(e)(i) and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 11(e); and
- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread.

The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents and the Noteholders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Condition 11(e) (i), (ii), (iii) and (iv), the Original Reference Rate and the fallback provisions provided for in Condition 11(a) and 11(b) will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 11(e)(v).

The quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons holding or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts or Arrears of Interest on the Notes, (ii) to reduce or cancel the principal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest or Arrears of Interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Maximum Rate of Interest is shown in the applicable Pricing Supplement, to reduce any such Maximum Rate of Interest, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Optional Redemption Amount, the Clean-Up Redemption Price, or the Special Event Redemption Price, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, (viii) to modify Conditions 3 (*Status*), 6 (*Deferral of Interest Payments*) or 7 (*Redemption, Substitution or Variation, Purchase and Options*), or (ix) to cancel or modify the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds, or at any adjourned meeting not less than one-third, in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed).

The consent or approval of the Noteholders will not be required for any Benchmark Amendments made pursuant to Condition 11(e).

The Trust Deed provides that a written resolution signed by or on behalf of the Noteholders of not less than 75 per cent. in principal amount of Notes outstanding shall be as valid and effective as a duly passed Extraordinary Resolution.

(b) Modification of the Trust Deed or Agency Agreement

The Trustee may agree, without the consent of the Noteholders, to (i) any modification of any of the provisions of the Trust Deed, the ZIC Subordinated Guarantee, the ZIC Deeply Subordinated Guarantee or the Agency Agreement that is in the opinion of the Trustee of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of law, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed, the ZIC Subordinated Guarantee, the ZIC Deeply Subordinated Guarantee or the Agency Agreement that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders.

Any such modification, authorisation or waiver shall be binding on the Noteholders and shall be notified to the Noteholders in accordance with Condition 19 (*Notices*) as soon as practicable.

In addition, the Trustee shall be obliged to effect such modification to the Trust Deed, the Agency Agreement and/or these Conditions as may be required in order to give effect to Condition 11(e) in connection with effecting any Benchmark Amendments, subject to the provisions thereof, without the requirement for the consent of the Noteholders.

14. Issuer Substitution

The Trust Deed contains provisions permitting the Trustee to agree, without the consent of the Noteholders, to the substitution of any entity (the “**Substitute Obligor**”) in place of the Issuer (or of any previous substitute under this Condition 14 (*Issuer Substitution*)) as the principal debtor under the Trust Deed, the Agency Agreement and the Notes provided that:

- (i) a trust deed is executed or some other form of undertaking is given by the Substitute Obligor to the Trustee, in form and manner satisfactory to the Trustee, under which such Substitute Obligor agrees to be bound by the terms of the Trust Deed and these Conditions (with any consequential amendments which the Trustee may deem appropriate) as fully as if the Substitute Obligor had been named in the Trust Deed and these Conditions as the principal debtor in place of the Issuer;
- (ii) where the Substitute Obligor is subject generally to the taxing jurisdiction of any territory or any authority of or in that territory having power to tax (the “**Substituted Territory**”) other than the territory to the taxing jurisdiction of which (or to any such authority of or in which) the Issuer is subject generally (the “**Issuer’s Territory**”), the Substitute Obligor will (unless the Trustee otherwise agrees) give to the Trustee an undertaking in form and manner satisfactory to the Trustee in terms corresponding to the terms of Condition 8 (*Taxation*) with the substitution of the references in such Condition to the Issuer’s Territory by references to the Substituted Territory and in such event the Notes and Trust Deed will be read accordingly;
- (iii) any two Authorised Officers of the Substitute Obligor certify on behalf of the Substitute Obligor that it will be solvent immediately after such substitution; in such event the Trustee need not have regard to the financial condition, profits or prospects of the Substitute Obligor or compare them with those of the Issuer;
- (iv) the Issuer, ZIC and the Substitute Obligor comply with such other requirements (including the giving of a guarantee (on a subordinated basis equivalent to that referred to in Condition 4(a) in the case of Subordinated Notes, or Condition 4(b) in the case of Deeply Subordinated Notes)), in form and substance satisfactory to the Trustee as the Trustee may direct in the interests of the Noteholders;
- (v) the Trustee is provided with legal opinions to its satisfaction confirming, *inter alia*, that the Notes, the Trust Deed, the Agency Agreement, the ZIC Subordinated Guarantee or, as the case may be, the ZIC Deeply Subordinated Guarantee and, if applicable, the undertaking referred to in paragraph (i) (in each case, as amended) above are legal, valid, binding and enforceable obligations of the Substitute Obligor and ZIC (as applicable).

In connection with any such substitution in accordance with this Condition 14 (*Issuer Substitution*), references in the definition “Tax Law Change” to Relevant Jurisdiction shall be deemed to refer to any Substituted Territory, (except that as regards such jurisdiction the words “becomes effective on or after the Issue Date of the first Tranche of the Notes of the relevant Series” in the definition “Tax Law Change” shall be replaced with the words “becomes effective after, and has not been announced on or before, the date on which any undertaking or covenant equivalent to that in Condition 8 (*Taxation*) was given pursuant to the Trust Deed”).

Any substitution pursuant to this Condition 14 (*Issuer Substitution*) shall be, if so required pursuant to Applicable Regulations, subject to notification thereof to, and approval therefor from, the Relevant Regulator.

15. The Trustee

In connection with the exercise of its functions (including, but not limited to, those referred to in Condition 13 (*Meetings of Noteholders, Modification and Waiver*)) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking any action unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profit.

Any Solvency Payment Deferral Certificate, Solvency Event Certificate, Conditions Precedent Certificate, Write Down Certificate and any other opinion, certificate or written confirmation as contemplated in the definition of, as appropriate, Accounting Event, Clean-Up Event or Tax Event or otherwise given pursuant to these Conditions or the Trust Deed shall be treated and accepted by the Trustee (and in such circumstances, shall be so treated and accepted by the Noteholders and all other interested parties) as correct and sufficient evidence of those matters/conditions required to be confirmed and/or satisfied, in which event it shall be conclusive and binding on the Trustee, Noteholders and all other interested parties. The Trustee shall be entitled to rely on any such certificate, opinion or written confirmation without further enquiry and without liability to any person.

Neither the Trustee nor the Agents shall have any responsibility for, or liability or obligations in respect of, any loss, claim or demand incurred as a result of or in connection with any non-payment, cancellation or reduction of principal, interest or other amounts or any claims in respect thereof by reason of the occurrence of a Write-Down Event (if applicable).

For the avoidance of doubt, notwithstanding the occurrence of a Write-Down Event (if applicable), nothing in these Conditions shall affect or prejudice the payments of the costs, charges, expenses, liabilities or remuneration of the Trustee or the Agents or the rights and remedies of the Trustee or the Agents in respect thereof.

16. Transfers of Registered Notes

DESCRIPTION OF NOTES IN GLOBAL FORM

Listed Swiss Franc Note

Each Listed Swiss Franc Note will be represented exclusively by a Permanent Global SIS Note in bearer form which will be deposited with SIS, or such other intermediary in Switzerland recognised for such purposes by SIX Swiss Exchange (SIS or such other intermediary, the “**Intermediary**”) on or prior to the original issue date of such Note. As a matter of Swiss law, once the Permanent Global SIS Note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Listed Swiss Franc Notes represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (the “**Intermediated Securities**”). The Permanent Global SIS Note will be exchangeable for Bearer Notes in definitive form in whole but not in part only if the Principal Swiss Paying Agent (as specified in the applicable Pricing Supplement) should, after consultation with the Issuer, deem the printing of Bearer Notes in definitive form to be necessary or useful, or if the presentation of Bearer Notes in definitive form is required by Swiss or other applicable laws and regulations in connection with the enforcement of rights of Noteholders, or if the Principal Swiss Paying Agent at any time at its discretion determines to have Bearer Notes in definitive form issued. Holders of Listed Swiss Franc Notes will not have the right to effect or demand the exchange of the Permanent Global SIS Note into Notes in definitive or uncertified form. If Bearer Notes in definitive form are delivered, the relevant Permanent Global SIS Note will be immediately cancelled by the Principal Swiss Paying Agent and the Bearer Notes in definitive form shall be delivered to the relevant holders against cancellation of the relevant Listed Swiss Franc Notes in such holders’ securities accounts. As a matter of Swiss law, a holder of an interest in the Permanent Global SIS Note retains a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global SIS Note to the extent of the Notes represented by such Permanent Global SIS Note in which such holder has an interest; provided, however, that, for so long as the Permanent Global SIS Note remains deposited with the Intermediary (i.e., for so long as the Notes represented thereby constitute Intermediated Securities), the co-ownership interest is suspended and the Notes represented thereby may only be transferred by the entry of the transferred Notes in a securities account of the transferee. For so long as Notes constitute Intermediated Securities, as a matter of Swiss law, (i) the records of the Intermediary will determine the number of Notes held through each participant of the Intermediary and (ii) the holders of such Notes will be the persons holding such Notes in a securities account (*Effektenkonto*) that is in their name or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Notes for their own account in a securities account (*Effektenkonto*) that is in their name.

Initial Issue of Notes

If the Global Notes in respect of any series of Senior Notes in bearer form are stated in the applicable Pricing Supplement to be issued in NGN form, the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. If the Global Certificates in respect of any series of Senior Notes in registered form are stated in the applicable Pricing Supplement to be issued in NSS form, the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Where the Global Notes issued in respect of any Tranche are in NGN form or are held under the NSS, Euroclear and Clearstream will be notified whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Depositing the Global Notes or Global Certificates (as the case may be) with the Common Safekeeper does not necessarily mean that the relevant Senior Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Certificates may be delivered on or prior to the original issue date of the Tranche to a Common Depository (other than Global Certificates in NSS form, which shall be delivered to a Common Safekeeper).

If the Global Note is in CGN form, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream (the “**Common Depository**”) or registration of Registered Notes in the name of any common nominee for Euroclear and Clearstream and delivery of the relevant Global Certificate to the Common Depository, Euroclear or Clearstream will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is in NGN form, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the applicable Pricing Supplement) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream or such clearing system (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates subject to and

in accordance with the respective rules and procedures of Euroclear, Clearstream or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the applicable Pricing Supplement indicates that such Global Note is issued in compliance with the TEFRA C rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, the temporary Global Note will be exchangeable upon a request as described therein either for interests in a permanent Global Note or for Definitive Notes (as indicated in the applicable Pricing Supplement and subject, in the case of Definitive Notes to such notice period as is specified in the applicable Pricing Supplement), in each case against certification to the effect that the beneficial owner of interests in such temporary Global Note is not a U.S. person or a person who has purchased for resale to any U.S. person, as required by U.S. Treasury regulations.

If the temporary Global Note is exchangeable for Definitive Notes at the option of the holder and the relevant clearing system(s) so permit, the Notes shall be tradeable only in amounts of at least the Specified Denomination specified in the applicable Pricing Supplement (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency))

Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not in part for Definitive Notes if the permanent Global Note is held on behalf of Euroclear or Clearstream or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

Permanent Global Certificates

If the applicable Pricing Supplement states that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 15(a) of the Senior Notes Conditions, Condition 15(a) of the ZIC Subordinated Notes Conditions or Condition 16(a) of the Guaranteed Subordinated Notes Conditions, may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph (i) above, the Registered Holder has given the Registrar not less than 30 days’ notice at its specified office of the Registered Holder’s intention to effect such transfer.

Delivery of Notes

If the Global Note is in CGN form, on or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be, or if the Global Note is in NGN form, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base

Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that has not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“**Exchange Date**” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions set out in this Base Prospectus. The following is a summary of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. Condition 11(h)(iv) of the Senior Notes Conditions and the ZIC Subordinated Notes Conditions and Condition 12(h)(iv) of the Guaranteed Subordinated Notes Conditions will apply to the Definitive Notes only. If the Global Note is in NGN form, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “Business Day” set out in Condition 11(f) of the Senior Notes Conditions and the ZIC Subordinated Notes Conditions and Condition 12(f) of the Guaranteed Subordinated Notes Conditions.

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “**Clearing System Business Day**” means Monday to Friday inclusive except 25 December and 1 January.

Prescription

Claims in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date.

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer, ZIC (where ZIC is not the Issuer), ZIG and any of their respective Subsidiaries (as such term is defined in the Trust Deed) if they are purchased together with the rights to receive all future payments of interest (if any) thereon.

Issuer’s Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions.

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is in NGN form, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN nominal amount

Where the Global Note is in NGN form, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Senior Notes represented by such Global Note shall be adjusted accordingly.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of, any nominee or any common nominee, as the case may be, for a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate and, in the case of Registered Notes only, the Trustee may have regard to any other letter of confirmation, form of record, information and/or certification as the Trustee shall, in its absolute discretion, think fit as evidence that at any particular time or throughout any particular period any particular person should be regarded as having an interest in a particular nominal amount of Registered Notes and if the Trustee does so rely on such evidence, such letter of confirmation, form of record, information and/or certification shall be conclusive and binding on all concerned.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

Electronic Consent and Written Resolution

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, then:

- (A) approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an “**Electronic Consent**” as defined in the Trust Deed shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders whether or not they participated in such Electronic Consent; and

The Structure of the ZIC Group

The business structure of the ZIC Group is focused on geographic regions in the ZIC Group’s core businesses of Property and Casualty (P&C) and Life insurance, comprising Asia Pacific, Europe, Middle East and Africa (EMEA), Latin America and North America, as well as Group Reinsurance.

The ZIC Group’s other core business is Farmers. Farmers Group, Inc. and its subsidiaries (“FGI”), provide certain non-claims administrative, management and ancillary services to the Farmers Exchanges. FGI receives fee income for the provision of services to the Farmers Exchanges, which are owned by their policyholders and managed by Farmers Group, Inc. a wholly owned subsidiary of ZIG. Amendments to and implementation of new accounting standards

The following are new accounting standards or amendments to and interpretations of standards relevant to the ZIC Group that have been implemented from the financial year beginning 1 January 2020, with no material impact on the ZIC Group’s financial position or performance. In addition to the standards and amendments listed below, the ZIC Group also incorporated amendments resulting from the IASB annual improvements project, which relate primarily to disclosure enhancements.

- Amended standards IFRS 3 “Definition of a Business” was effective from 1 January 2020.
- Amended standards IAS 1/IAS 8 “Definition of Material” was effective from 1 January 2020.

The following are new accounting standards or amendments to and interpretations of standards relevant to the ZIC Group, which are not yet effective and are not expected to have a material impact on the ZIC Group's financial position or performance, unless stated otherwise.

- IFRS 9 "Financial Instruments"¹ will be effective on or after 1 January 2021.
- IFRS 17 "Insurance Contracts"² will be effective on or after 1 January 2021.
- Amendments to IFRS 9 "Prepayment Features with Negative Compensation" will be effective on or after 1 January 2021.

¹ Expected to result in a significant portion of financial assets currently classified as available-for-sale being classified as at fair value through profit or loss. Credit allowances for financial assets carried at amortised cost and debt securities measured at fair value, with changes in fair value recognised in other comprehensive income, are expected to increase due to the introduction of the expected credit loss methodology.

² IFRS 17 "Insurance contracts" was published on 18 May 2017 with the effective date of 1 January 2021 (retrospective application). The IASB has tentatively decided to defer the effective date to 1 January 2023 and is expected to issue this amendment to the effective date by the end of the second quarter of 2020. IFRS 17 provides comprehensive guidance on accounting for insurance contracts and investment contracts with discretionary participation features. For non-life and short-term life insurance contracts IFRS 17 introduces mandatory discounting of loss reserves as well as a risk adjustment for non-financial risk, for which confidence level equivalent disclosure will be required. Further, IFRS 17 will change the presentation of insurance contract revenue, as gross written premium will no longer be presented in profit or loss.

Regulation

ZIC conducts its operations in Switzerland under operating licenses for all lines of general insurance business. The operations of ZIC are subject to continued supervision by the Swiss Financial Market Supervisory Authority (“FINMA”) based on the Swiss ISA (as defined on page 7) that came into force on 1 January 2006. Under Swiss law, risk-based capital requirements (target capital) under the SST (as defined on page 7) were introduced on 1 January 2011, similar to the Solvency II regime in the European Union (“EU”). Under the SST regime, Swiss insurance companies must always maintain risk-bearing capital exceeding the amount of the calculated target capital. Swiss insurers also have to maintain tied assets that secure all known and estimated liabilities of the insurance company vis-à-vis the insured arising out of insurance contracts. The law requires Swiss supervised insurance companies and groups to maintain a risk management system appropriate to its business activities and to establish effective internal control systems. It also requires every Swiss insurance company to designate an appointed actuary who has to provide certain reports to management. Swiss law further introduces rules regarding the supervision of insurance groups and insurance conglomerates. These include the requirement to calculate a group solvency margin as well as a group risk based capital based on an internal model. The reporting of intra-group transactions is also required. Under the group supervision rules and based on a FINMA decree of 28 December 2011 the Zurich Insurance Group qualifies as an insurance group.

The different insurance and financial services subsidiaries of the Zurich Insurance Group are supervised by their relevant local regulators and may be subject to regulatory restrictions on the amount of dividends, cash loans and advances which can be remitted to ZIC or ZIG respectively.

LEGAL, COMPLIANCE AND REGULATORY DEVELOPMENTS, PROCEEDINGS AND INVESTIGATIONS

Legal Compliance and Regulatory Developments

In recent years there has been an increase in the number of legislative initiatives that require information gathering and tax reporting regarding the Zurich Insurance Group’s customers and their contracts, including FATCA (as defined on page 16), and the expected introduction of other automatic tax information exchange regimes based on the CRS (as defined on page 16). The Zurich Insurance Group’s compliance activities in this area could result in higher compliance costs, remedial actions and other related expenses for its life insurance, savings and pension business. There has also been increased scrutiny by various tax and law enforcement officials regarding cross-border business activities, including in particular by U.S. government authorities looking into activities of U.S. taxpayers with investments held outside the United States and activities of non-U.S. financial institutions that hold such investments.

The Zurich Insurance Group, on its own initiative, undertook an internal review of the life insurance, savings and pension business sold by its non-U.S. operating companies with relevant cross-border business to customers with a nexus to the United States. The Zurich Insurance Group engaged outside counsel and other advisers to assist in this review, which was focused on assessing compliance with relevant U.S. tax laws. The review confirmed that the Zurich Insurance Group’s cross-border business with U.S. persons was very limited and of a legacy nature, with the large majority of sales having occurred more than a decade ago. The review also confirmed that the Zurich Insurance Group’s U.S. operating companies were not involved in or connected to those activities.

The Zurich Insurance Group has voluntarily disclosed the results of the review and the regulatory issues presented by sales to U.S. residents to FINMA, the U.S. Department of Justice (the “DOJ”) and other authorities. The Zurich Insurance Group is cooperating with these authorities.

On 25 April 2019, the DOJ announced that Zurich Life Insurance Company Ltd (“ZLIC”) and Zurich International Life Limited (“ZILL”) entered into a non-prosecution agreement (NPA) with the DOJ, which memorialises the DOJ’s decision not to prosecute these entities for any U.S. tax-related offenses in connection with legacy cross-border sales to U.S. persons. Under the terms of the NPA, ZLIC and ZILL agreed to pay USD 5 million to the U.S. Treasury and to comply with certain specified conditions during the four-year term of the NPA.

This resolution has not had and will not have an adverse effect on the ZIC Group’s operating results or consolidated financial condition.

Legal Proceedings and Regulatory Investigations

The Zurich Insurance Group’s business is subject to extensive supervision, and the Zurich Insurance Group is in regular contact with various regulatory authorities. The Zurich Insurance Group is continuously involved in legal proceedings, claims and regulatory investigations arising, for the most part, in the ordinary course of its business operations.

General

While the ZIC Group believes that it is not a party to, nor are any of its subsidiaries the subject of, any unresolved current legal proceedings, claims, litigation and investigations that will have a material adverse effect on the ZIC Group’s consolidated financial condition, proceedings are inherently unpredictable, and it is possible that the outcome of any proceeding could have a material impact on results of operations in the particular reporting period in which it is resolved.

1. GUARANTEE

(1) ZIC Subordinated Guarantee

The Guarantor hereby irrevocably and, subject to Clause 1(1)(b), unconditionally undertakes on a subordinated basis in its capacity as primary obligor and not merely as a surety, pursuant to Art. 111 of the Swiss Federal Code of Obligations, irrespective of the validity of the Subordinated Notes and the Trust Deed and waiving all rights of set off and of objection and defence arising from the Subordinated Notes and the Trust Deed to pay to the Trustee, acting on behalf of the Noteholders, within seven days after the receipt by the Guarantor of the Trustee’s first written demand for payment and the Trustee’s confirmation in writing that an amount due under the Subordinated Notes or the Trust Deed which is equivalent to the amount claimed under this ZIC Subordinated Guarantee has remained unpaid on the due date (the last day of such period of seven days being hereinafter referred to as the “**Seventh Day**”), such amount upon the following terms:

- (a) (**Status**) Claims in respect of this ZIC Subordinated Guarantee will, in the event of a voluntary or involuntary insolvency, winding-up, liquidation, dissolution with liquidation, bankruptcy (*Konkurs*), composition (*Nachlassverfahren*) or other similar proceedings of the Guarantor, rank after the claims of any Senior Creditors, *pari passu* with the claims under *Pari Passu* Instruments and prior to the claims under Junior Instruments (each as defined below).

As used above:

“**Junior Instruments**” means:

- (i) all securities or other obligations of the Guarantor ranking or expressed to rank junior to claims of beneficiaries of this ZIC Subordinated Guarantee (including the claims of beneficiaries under any ZIC Deeply Subordinated Guarantee and any other creditors whose claims rank or are expressed to rank *pari passu* with the claims of beneficiaries of any ZIC Deeply Subordinated Guarantee); and
- (ii) all classes of issued shares in the share capital of the Guarantor.

“**Pari Passu Instruments**” means any securities or other obligations of the Guarantor ranking or expressed to rank *pari passu* with the claims of beneficiaries of this ZIC Subordinated Guarantee.

“**Senior Creditors**” means:

- (i) all unsubordinated creditors of the Guarantor, including policyholders (and beneficiaries of a policy) of the Guarantor;
- (ii) all creditors of the Guarantor whose claims are subordinated, by operation of law or pursuant to their terms, to the claims of other unsubordinated creditors of that entity but not further or otherwise; and
- (iii) all other subordinated creditors of the Guarantor except those whose claims rank or are expressed to rank *pari passu* with, or junior to, the claims of beneficiaries of this ZIC Subordinated Guarantee.

The subordination provisions set out above are irrevocable.

(b) **(Guarantor Solvency Condition)**

- (i) The Guarantor shall defer any payment under this ZIC Subordinated Guarantee if in respect of the date on which such payment would be made, a Solvency Event either (A) has occurred and is continuing, or (B) would occur as a result of such payment (such deferred payment, a “**Deferred Guarantee Payment**”).
- (ii) Any Deferred Guarantee Payment shall only become due and payable following the date on which no Solvency Event is continuing (or would occur as a result of such payment) or, subject to Clause 1(1)(g), if a resolution is passed or an order of a court of competent jurisdiction is made that the Guarantor be wound up or dissolved (any such resolution or order, a “**Liquidation Ruling**”).
- (iii) The deferral of any Deferred Guarantee Payment in accordance with this Clause 1(1)(b), will not constitute a default by the Guarantor and, without prejudice to Condition 10 (*Remedies*) or Clause 1(1)(g), will not give the Noteholders or the Trustee any right to accelerate the repayment of the Subordinated Notes or take any other action under the Trust Deed or this ZIC Subordinated Guarantee.
- (iv) The Guarantor shall give notice of any such deferral to the Trustee (together with a Guarantor Solvency Payment Deferral Certificate (as defined below)), and to the Noteholders in accordance with Condition 19 (*Notices*) by not later than seven days following the relevant claim under this ZIC Subordinated Guarantee.

In this Guarantee, “**Guarantor Solvency Payment Deferral Certificate**” means a certificate signed by two Authorised Officers of ZIC or, where applicable, ZIG confirming that a Solvency Event has occurred and is continuing, or would occur if the relevant payment under this ZIC Subordinated Guarantee were made.

- (c) **(No Set-Off)** Neither the Trustee nor any Noteholder may set-off any claims in respect of any amount owed to it by the Guarantor arising under or in connection with this ZIC Subordinated Guarantee, and each Noteholder shall, by virtue of being the holder of any Note, be deemed to have irrevocably waived all such rights of set-off.
- (d) **(No Security)** No security of whatever kind is, or will at any time be, provided by the Guarantor or any other person to secure the claims of the Noteholders under this ZIC Subordinated Guarantee.
- (e) **(Maximum Aggregate Liability)** The maximum liability of the Guarantor under this ZIC Subordinated Guarantee (including, in particular, all amounts payable under Clause 3 of this ZIC Subordinated Guarantee and all other amounts payable under this ZIC Subordinated Guarantee) shall not exceed in aggregate [*insert currency and amount*] (the “**Specified Maximum Amount**”), calculated in accordance with Note 1 of this ZIC Subordinated Guarantee (and as set out in the applicable Pricing Supplement for the Subordinated Notes) which may not be reduced for so long as any sum remains payable under the Subordinated Notes.
- (f) **(Rights held by the Trustee)** All rights arising from this ZIC Subordinated Guarantee shall be held exclusively by the Trustee and no Noteholder may take action directly against the Guarantor under this ZIC Subordinated Guarantee unless the Trustee having become Noteholder Mandated to take action, fails to do so within a reasonable period and such failure is continuing, in which case the Noteholders shall be entitled to exercise only the same rights against the Guarantor as those which the Trustee is entitled to exercise.
- (g) **(Remedies)**
 - (i) If the Guarantor fails to pay an amount claimed in accordance with this ZIC Subordinated Guarantee, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), take action to enforce the obligations of the Guarantor in respect of such unpaid amounts provided that the Trustee and the Noteholders have no right to claim any sums in respect of or enforce an early redemption of the Subordinated Notes or institute winding-up proceedings of the Guarantor.
 - (ii) The Trustee may at its discretion, subject to Condition 10(c), participate in, but not itself institute, any winding-up proceedings of the Guarantor to enforce the obligations of the Guarantor under this ZIC Subordinated Guarantee. In particular, the Trustee and the Noteholders shall not be entitled, and they hereby waive any statutory right conferred on them, to file for the opening of bankruptcy proceedings (*Konkursbegehren*) with respect to the

Guarantor or other winding-up proceedings or to make other similar filings or motions which, if approved, would lead to a redemption of the Subordinated Notes.

- (iii) In the event that the Trustee gives notice that the Subordinated Notes are immediately due and repayable in accordance with Condition 10(c) as a result of a Liquidation Ruling in respect of the Guarantor:
 - a. if, on or following the date of any such Liquidation Ruling, a Solvency Event in relation to the Zurich Insurance Group (a “**Group Solvency Event**”) has occurred and is continuing or would occur as a result of the payment of the amount due and payable in respect of the Subordinated Notes pursuant to Condition 10(c), then payment in respect of the Subordinated Notes pursuant to this ZIC Subordinated Guarantee shall become due and payable upon such Group Solvency Event ceasing to occur and if such payment would not result in a Group Solvency Event occurring provided that, for the avoidance of doubt, such payment in respect of the Subordinated Notes shall in addition become due and payable in the proceedings which implement such Liquidation Ruling upon any amounts in respect of any Relevant Junior or Pari Passu Securities (as defined below) becoming due and payable in such proceedings; and
 - b. no payment in respect of the Subordinated Notes may be made by the Guarantor pursuant to this ZIC Subordinated Guarantee, nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings.
- (iv) No remedy against the Guarantor, other than as referred to in Condition 10 (Remedies) or this Clause 1(1)(g), shall be available to the Trustee or the Noteholders for the recovery of amounts owing under this ZIC Subordinated Guarantee.

As used above, “**Relevant Junior or Pari Passu Securities**” means (a) any securities issued (or guaranteed) by the Guarantor which have been approved by the Relevant Regulator in accordance with the Applicable Regulations as eligible Relevant Capital of ZIC and/or the Zurich Insurance Group and the claims in respect of such securities (or, as applicable, guarantee) rank, or are expressed to rank, junior to the claims of holders of Subordinated Notes under this ZIC Subordinated Guarantee; (b) any securities issued by the Guarantor which have been approved by the Relevant Regulator in accordance with the Applicable Regulations as eligible Relevant Capital of the Guarantor and/or the Zurich Insurance Group and the claims in respect of such securities rank, or are expressed to rank *pari passu* with, the claims of holders of Subordinated Notes under this ZIC Subordinated Guarantee;

- (h) **(Payments)** The Guarantor agrees that any payments to be made by it hereunder shall be made to or to the order of the Trustee in the place of payment and in the currency specified in the Schedule hereto in immediately available funds before close of business in that city on the Seventh Day and any such payment shall to that extent, satisfy the obligation of the Guarantor under this ZIC Subordinated Guarantee.

(2) Guarantor’s Obligations Continuing

Subject to Clause 1(1)(e), the Guarantor’s obligations under this ZIC Subordinated Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable under the Subordinated Notes. Furthermore, the obligations of the Guarantor hereunder are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise, and may be enforced without first having recourse to the Issuer, any other person, any security or any other guarantee or indemnity.

(3) Exercise of Guarantor’s Rights

So long as any sum remains payable by the Issuer under the Subordinated Notes, no right of the Guarantor, by reason of the performance of any of its obligations under this ZIC Subordinated Guarantee, to be indemnified by the Issuer or to take the benefit of or enforce any security or other guarantee or indemnity shall be exercised or enforced. Until all amounts which may be or become payable in respect of the Subordinated Notes have been irrevocably paid in full, the Guarantor shall not by virtue of this ZIC Subordinated Guarantee be subrogated to any rights of the Trustee or any Noteholder or claim in competition with the Trustee or the Noteholders against the Issuer.

(4) Avoidance of Payments

Any settlement or discharge between the Guarantor and the Trustee in respect of this ZIC Subordinated Guarantee shall be conditional upon no payment to the Trustee or any Noteholder by the Issuer or any person on the Issuer’s behalf being avoided or reduced by virtue of any provision or enactment relating to bankruptcy, insolvency or liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Trustee shall be entitled to recover from the Guarantor the amount by which such payment is so avoided or reduced as if such settlement or discharge had not occurred.

2. ACCEPTANCE

The Trustee accepts this ZIC Subordinated Guarantee in its capacity as trustee for the Noteholders. Subject to Clause 1(1)(e), the Guarantor agrees to be bound by the provisions of Condition 8 (*Taxation*) as if set out in full in this ZIC Subordinated Guarantee.

3. CURRENCY INDEMNITY

(1) Currency of Account and Payment

The currency of the Subordinated Notes (the “**Contractual Currency**”) is the sole currency of account and payment for all sums payable by the Guarantor under or in connection with this ZIC Subordinated Guarantee, including damages.

(2) Extent of Discharge

Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of the enforcement of a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Guarantor or otherwise), by the Trustee in respect of any sum expressed to be due to it from the Guarantor will only discharge the Guarantor to the extent of the Contractual Currency amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that day, on the first date on which it is practicable to do so).

(3) Indemnity

If the Contractual Currency amount so purchased by the recipient is less than the Contractual Currency amount expressed to be due to the recipient under this ZIC Subordinated Guarantee, the Guarantor will, subject to Clause 1(1)(e), indemnify the recipient against any loss sustained by it as a result and will indemnify it against the cost of making any such purchase.

(4) Indemnity separate

This indemnity constitutes a separate and independent obligation from the other obligations in this ZIC Subordinated Guarantee, will give rise to a separate and independent cause of action, will apply irrespective of any indulgence granted by the Trustee and will continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due under this ZIC Subordinated Guarantee or any judgment or order, subject always to Clause 1(1)(e).

4. NOTICES

Each notice or demand under this ZIC Subordinated Guarantee shall be made in writing. Each notice or demand to be made or sent to the Guarantor under this ZIC Subordinated Guarantee shall be made or sent (airmail, postage prepaid, if sent by post to another country) to the Guarantor at the address, and for the attention of the person, from time to time designated by the Guarantor for the purposes of this ZIC Subordinated Guarantee. The subordination provisions set out above are irrevocable.

(b) **(Guarantor Solvency Condition)**

- (i) The Guarantor shall defer any payment under this ZIC Deeply Subordinated Guarantee if in respect of the date on which such payment would be made a Solvency Event either (A) has occurred and is continuing or (B) would occur as a result of such payment (such deferred payment, a “**Deferred Guarantee Payment**”).
- (ii) Any Deferred Guarantee Payment shall only become due and payable following the date on which no Solvency Event is continuing (or would occur as a result of such payment) or, subject to Clause 1(1)(g), if a resolution is passed or an order of a court of competent jurisdiction is made that the Guarantor be wound up or dissolved (any such resolution or order, a “**Liquidation Ruling**”).

- (f) **(Rights held by the Trustee)** All rights arising from this ZIC Deeply Subordinated Guarantee shall be held exclusively by the Trustee and no Noteholder may take action directly against the Guarantor under this ZIC Deeply Subordinated Guarantee unless the Trustee having become Noteholder Mandated to take action, fails to do so within a reasonable period and such failure is continuing, in which case the Noteholders shall be entitled to exercise only the same rights against the Guarantor as those which the Trustee is entitled to exercise.
- (g) **(Remedies)**
 - (i) If the Guarantor fails to pay an amount claimed in accordance with this ZIC Deeply Subordinated Guarantee, the Trustee, at its discretion, may, and, if Noteholder Mandated, shall (in each case subject to being indemnified and/or secured and/or prefunded to its satisfaction), take action to enforce the obligations of the Guarantor in respect of such unpaid amounts provided that the Trustee and the Noteholders have no right to claim any sums in respect of or enforce an early redemption of the Deeply Subordinated Notes or institute winding-up proceedings of the Guarantor.
 - (ii) The Trustee may at its discretion, subject to Condition 10(c), participate in, but not itself institute, any winding-up proceedings of the Guarantor to enforce the obligations of the Guarantor under this ZIC Deeply Subordinated Guarantee. In particular, the Trustee and the Noteholders shall not be entitled, and they hereby waive any statutory right conferred on them, to file for the opening of bankruptcy proceedings (*Konkursbegehren*) with respect to the Guarantor or other winding-up proceedings or to make other similar filings or motions which, if approved, would lead to a redemption of the Deeply Subordinated Notes.
 - (iii) In the event that the Trustee gives notice that the Deeply Subordinated Notes are immediately due and repayable in accordance with Condition 10(c) as a result of a Liquidation Ruling in respect of the Guarantor:

- b. no payment in respect of the Deeply Subordinated Notes may be made by the Guarantor pursuant to this ZIC Deeply Subordinated Guarantee, nor will the Trustee accept the same, otherwise than during or after the relevant winding-up proceedings.

(iv) No remedy against the Guarantor, other than as referred to in Condition 10 (*Remedies*) or this Clause 1(1)(g), shall be available to the Trustee or the Noteholders for the recovery of amounts owing under this ZIC Deeply Subordinated Guarantee.

As used above, “**Relevant Junior or Pari Passu Securities**” means (a) any securities issued (or guaranteed) by the Guarantor which have been approved by the Relevant Regulator in accordance with the Applicable Regulations as eligible Relevant Capital of ZIC and/or the Zurich Insurance Group and the claims in respect of such securities (or, as applicable, guarantee) rank, or are expressed to rank, junior to the claims of holders of Deeply Subordinated Notes under this ZIC Deeply Subordinated Guarantee; or (b) any securities issued by the Guarantor which have been approved by the Relevant Regulator in accordance with the Applicable Regulations as eligible Relevant Capital of the Guarantor and/or the Zurich Insurance Group and the claims in respect of such securities rank, or are expressed to rank *pari passu* with, the claims of holders of Deeply Subordinated Notes under this ZIC Deeply Subordinated Guarantee;

- (h) (**Payments**) The Guarantor agrees that any payments to be made by it hereunder shall be made to or to the order of the Trustee in the place of payment and in the currency specified in the Schedule hereto in immediately available funds before close of business in that city on the Seventh Day and any such payment shall to that extent, satisfy the obligation of the Guarantor under this ZIC Deeply Subordinated Guarantee.

(2) Guarantor’s Obligations Continuing

Subject to Clause 1(1)(e), the Guarantor’s obligations under this ZIC Deeply Subordinated Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable under the Deeply Subordinated Notes. Furthermore, the obligations of the Guarantor hereunder are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise, and may be enforced without first having recourse to the Issuer, any other person, any security or any other guarantee or indemnity.

(3) Exercise of Guarantor’s Rights

So long as any sum remains payable by the Issuer under the Deeply Subordinated Notes, no right of the Guarantor, by reason of the performance of any of its obligations under this ZIC Deeply Subordinated Guarantee, to be indemnified by the Issuer or to take the benefit of or enforce any security or other guarantee or indemnity shall be exercised or enforced. Until all amounts which may be or become payable in respect of the Deeply Subordinated Notes have been irrevocably paid in full, the Guarantor shall not by virtue of this ZIC Deeply Subordinated Guarantee be subrogated to any rights of the Trustee or any Noteholder or claim in competition with the Trustee or the Noteholders against the Issuer.

(4) Avoidance of Payments

Any settlement or discharge between the Guarantor and the Trustee in respect of this ZIC Deeply Subordinated Guarantee shall be conditional upon no payment to the Trustee or any Noteholder by the Issuer or any person on the Issuer’s behalf being avoided or reduced by virtue of any provision or enactment relating to bankruptcy, insolvency or liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Trustee shall be entitled to recover from the Guarantor the amount by which such payment is so avoided or reduced as if such settlement or discharge had not occurred.

2. ACCEPTANCE

TAXATION

General

The information below is of a general nature and is not intended to be exhaustive. They assume that there will be no substitution of the Issuers and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Conditions). Any Noteholders who are in doubt as to their own tax position should consult their professional advisers.

Irish Taxation

The following is a summary based on the laws and practices currently in force in Ireland regarding the tax position of investors beneficially owning their Notes and should be treated with appropriate caution. Particular rules may apply to certain classes of taxpayers holding Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile.

(a) Withholding Tax

In general, tax at the standard rate of income tax (currently 20 per cent.), is required to be withheld from payments of Irish source interest. However, an exemption from withholding on interest payments exists under Section 64 of the Taxes Consolidation Act, 1997 (the “**1997 Act**”) for certain interest bearing securities issued by a body corporate (such as ZF (Ireland)) which are quoted on a recognised stock exchange (which would include the Luxembourg Stock Exchange’s Euro MTF Market) (“**quoted Eurobonds**”).

Any interest paid on such quoted Eurobonds can be paid free of withholding tax provided:

- (i) the person by or through whom the payment is made is not in Ireland; or
- (ii) the payment is made by or through a person in Ireland, and either:
 - (I) the quoted Eurobond is held in a clearing system recognised by the Irish Revenue Commissioners (e.g. Euroclear, Clearstream and Clearstream Banking AG); or
 - (II) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made a declaration to the person by or through whom the payment is made in the prescribed form.

So long as the Notes are quoted on a recognised stock exchange and are held in a recognised clearing system such as Euroclear, Clearstream or Clearstream Banking AG (or, if not so held, payments on the Notes are made through a paying agent not in Ireland), interest on the Notes can be paid by ZF (Ireland) and any paying agent acting on behalf of ZF (Ireland) without any withholding or deduction for or on account of Irish income tax.

If, for any reason, the quoted Eurobond exemption referred to above does not or ceases to apply, ZF (Ireland) can still pay interest on the Notes free of withholding tax for so long as it is a qualifying company within the meaning of Section 110 of the 1997 Act (a “**Qualifying Company**”) and provided the interest is paid to a person resident in either (i) a member state of the European Union (other than Ireland) or (ii) a country with which Ireland has signed a comprehensive double taxation agreement (such a country mentioned in either (i) or (ii) being a “**Relevant Territory**”). For this purpose, residence is determined by reference to the law of the country in which the recipient claims to be resident. This exemption from withholding tax will not apply, however, if the interest is paid to a company in connection with a trade or business carried on by it through a branch or agency located in Ireland.

In certain limited circumstances a payment of interest by ZF (Ireland) which is considered dependent on the results of ZF (Ireland)’s business or which represents more than a reasonable commercial return can be re-characterised as a distribution subject to dividend withholding tax.

A payment of profit dependent or excessive interest on the Notes will not be re-characterised as a distribution to which dividend withholding tax could apply where, broadly, the Noteholder is either:

- (i) an Irish tax resident person;
- (ii) a person who in respect of the interest is subject under the laws of a Relevant Territory to tax which generally applies to profits, income or gains received from sources outside that territory without any reduction computed by reference to the amount of the interest payment;

- (iii) for so long as the Notes remain quoted Eurobonds, neither a person which is a company which directly or indirectly controls ZF (Ireland) or which is controlled by a third company which directly or indirectly controls ZF (Ireland) nor is a person (including any connected person) (a) from whom ZF (Ireland) has acquired assets, (b) to whom ZF (Ireland) has made loans or advances, (c) a person from whom loans or advances held by ZF (Ireland) were made or (d) with whom ZF (Ireland) has entered into a return agreement (as defined in section 110(1) of the 1997 Act) where the aggregate value of such assets, loans, advances or agreements represents 75 per cent. or more of the assets of ZF (Ireland) (such a person falling within this category of person being a “**Specified Person**”); or
- (iv) an exempt pension fund, government body or other resident in a Relevant Territory person (which is not a Specified Person).

In certain circumstances, Irish tax will be required to be withheld at the standard rate from interest on any quoted Eurobond, where such interest is collected by a bank or other agent in Ireland on behalf of any Noteholder.

(b) Qualifying Companies Holding Irish Specified Mortgages

The Finance Acts 2016 and 2017 introduced further restrictions on the tax deductibility of interest paid by a section 110 company, such as ZF (Ireland), which engages in a ‘specified property business’ pursuant to section 110(5A) of the 1997 Act. On the understanding that ZF (Ireland) does not, and will not, engage in a ‘specified property business’ these restrictions should not apply.

(c) Finance Act 2019 section 110 changes

An anti-avoidance measure contained in the Irish Finance Act 2019 applies to profit dependent or excessive interest paid to a Noteholder that holds 20 per cent. or more of a class of Notes paying such interest where that Noteholder has ‘significant influence’ (as defined in Section 110 of the 1997 Act) over the Issuer. On the understanding that no Noteholder has, or will have, significant influence over ZF (Ireland) such anti-avoidance measure should not apply.

(d) Taxation of Noteholders

Notwithstanding that a Noteholder may receive interest on the Notes free of withholding tax, the Noteholder may still be liable to pay Irish income tax. Interest paid on the Notes may have an Irish source and therefore be within the charge to Irish income tax and the universal social charge. Ireland operates a self-assessment system in respect of income tax and any person, including a person who is neither resident nor ordinarily resident in Ireland, with Irish source income comes within its scope.

However, interest on the Notes will be exempt from Irish income tax if the recipient of the interest is resident in a Relevant Territory provided either (i) the Notes are quoted Eurobonds and are exempt from withholding tax as set out above and the recipient is not a resident of Ireland (ii) in the event of the Notes not being or ceasing to be quoted Eurobonds exempt from withholding tax, ZF (Ireland) is a Qualifying Company at that time, or (iii) if ZF (Ireland) has ceased to be a Qualifying Company, the recipient of the interest is a company and the jurisdiction concerned imposes a tax that generally applies to interest receivable in that jurisdiction by companies from sources outside that jurisdiction.

In addition, provided that the Notes are quoted Eurobonds and are exempt from withholding tax as set out above, the interest on the Notes will be exempt from Irish income tax if the recipient of the interest is (i) a company under the control, directly or indirectly, of persons who by virtue of the law of a relevant territory are resident in that country and that person or persons are not themselves under the control whether directly or indirectly of a person who is not resident in such a country, or (ii) a company, the principal class of shares of such company, or another company of which the recipient company is a 75 per cent. subsidiary, is substantially and regularly traded on one or more recognised stock exchanges in Ireland or a relevant territory or a stock exchange approved by the Irish Minister for Finance.

Notwithstanding these exemptions from income tax, a corporate recipient that carries on a trade in Ireland through a branch or agency in respect of which the Notes are held or attributed, may have a liability to Irish corporation tax on the interest.

Noteholders receiving interest on the Notes which does not fall within any of the above exemptions may be liable to Irish income tax and the universal social charge on such interest.

(e) Capital Gains Tax

A Noteholder will not be subject to Irish tax on capital gains on a disposal of Notes unless such holder is resident or ordinarily resident in Ireland or carries on a trade in Ireland through a branch or agency in respect of which the Notes are used or held.

(f) Capital Acquisitions Tax

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax if either (i) the disponer or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland (or, in certain circumstances, if the disponer is domiciled in Ireland irrespective of his residence or that of the donee/successor) or (ii) if the Notes are regarded as property situate in Ireland.

Bearer Notes are generally regarded as situated where they are physically located at any particular time. Registered Notes are generally regarded as situated where the principal register of Noteholders is maintained or is required to be maintained, but the Notes may be regarded as situated in Ireland regardless of their physical location or the location of the register as they secure a debt due by an Irish resident debtor and they may be secured over Irish property. Accordingly, if such Notes are comprised in a gift or inheritance, the gift or inheritance may be within the charge to tax regardless of the residence status of the disponent or the donee/successor.

(g) Stamp Duty

Provided ZF (Ireland) remains a Qualifying Company no stamp duty or similar tax is imposed in Ireland on the issue, transfer or redemption of the Notes provided the money raised on the issue of the Notes is used in the course of ZF (Ireland)'s business.

(h) Automatic exchange of information

Irish reporting financial institutions, which may include ZF (Ireland), have reporting obligations in respect of a Noteholder under FATCA as implemented pursuant to the Ireland – US intergovernmental agreement and/or the OECD's Common Reporting Standard (see below).

(i) Information exchange and the implementation of FATCA in Ireland

ZF (Ireland) may be obliged to report certain information in respect of certain U.S. investors (i.e. the Noteholders) in ZF (Ireland) to the Irish Revenue Commissioners who will then share that information with the U.S. tax authorities. FATCA may impose a 30 per cent. US withholding tax on certain 'withholdable payments' made on or after 1 July 2014 unless the payee enters into and complies with an agreement with the IRS to collect and provide to the IRS substantial information regarding direct and indirect owners and account holders.

On 21 December 2012 Ireland signed an Intergovernmental Agreement (the "IGA") with the United States to improve International Tax Compliance and to Implement FATCA. Under this agreement Ireland agreed to implement legislation to collect certain information in connection with FATCA and the Irish and U.S. tax authorities have agreed to automatically exchange this information. The IGA provides for the annual automatic exchange of information in relation to accounts and investments held by certain U.S. persons in a broad category of Irish financial institutions and vice versa.

Under the IGA and the Financial Accounts Reporting (United States of America) Regulations 2014 as amended (the "Irish Regulations") implementing the information disclosure obligations Irish reporting financial institutions are required to report certain information with respect to U.S. account holders to the Irish Revenue Commissioners. The Irish Revenue Commissioners will automatically provide that information annually to the IRS. To the extent ZF (Ireland) is an Irish reporting financial institution it will need to obtain the necessary information from Noteholders required to satisfy the reporting requirements whether under the IGA, the Irish Regulations or any other applicable legislation published in connection with FATCA and such information may be sought from each Noteholder and beneficial owner of the Notes. It should be noted that the Irish Regulations require the collection of information and filing of returns with the Irish Revenue Commissioners regardless as to whether ZF (Ireland) holds any U.S. assets or has any U.S. investors. Holders should obtain independent tax advice in relation to the potential impact of FATCA before investing.

(j) Common Reporting Standard ("CRS")

The CRS framework was first released by the OECD in February 2014. To date, more than 90 jurisdictions have publicly committed to implementation, many of which are early adopter countries, including Ireland. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters (the "Standard") was published, involving the use of two main elements, the Competent Authority Agreement (the "CAA") and the CRS.

The goal of the Standard is to provide for the annual automatic exchange between governments of financial account information reported to them by local Financial Institutions ("FIs") relating to account holders tax resident in other participating countries to assist in the efficient collection of tax. The OECD, in developing the CAA and CRS, have used FATCA concepts and as such the Standard is broadly similar to the FATCA requirements, albeit with numerous alterations. It will result in a significantly higher number of reportable persons due to the increased instances of potentially in-scope accounts and the inclusion of multiple jurisdictions to which accounts must be reported.

Ireland is a signatory jurisdiction to the Multilateral Competent Authority Agreement on Automatic Exchange of Financial Account Information, which was entered into by Ireland in its capacity as a signatory to the Convention on Mutual Administrative Assistance in Tax Matters and which relates to the automatic exchange of financial account information in respect of CRS, while sections 891F and 891G of the 1997 Act and regulations made thereunder contain measures necessary to implement the CRS internationally and across the European Union, respectively. Regulations, the Returns of Certain Information by Reporting Financial Institutions Regulations 2015 (the "CRS Regulations"), gave effect to the CRS from 1 January 2016. Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("DAC II") implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect

of the 2016 calendar year. The Irish Finance Act 2015 contained measures necessary to implement the DAC II regulations, the Mandatory Automatic Exchange of Information in the Field of Taxation Regulations 2015 (together with the CRS Regulations, the “**Regulations**”), gave effect to DAC II from 1 January 2016.

Under the Regulations reporting financial institutions are required to collect certain information on accountholders and on certain Controlling Persons (as defined in the Regulations) in the case of the accountholder(s) being an Entity, as defined for CRS purposes, (e.g. name, address, jurisdiction of residence, TIN, date and place of birth (as appropriate), the account number and the account balance or value at the end of each calendar year) to identify accounts which are reportable to the Irish tax authorities. The Irish tax authorities shall in turn exchange such information with their counterparts in participating jurisdictions. Where Notes are held in a clearing system it is understood that either the clearing system itself or the relevant clearing participants are likely to be considered FIs and accordingly ZF (Ireland) should not have reporting obligations in respect of Noteholders holding those Notes. In that event ZF (Ireland) will make a nil return for that year to the Irish Revenue Commissioners. Further information in relation to CRS and DAC II can be found on the Automatic exchange of Information webpage on www.revenue.ie.

Swiss Taxation

The following is a summary of certain Swiss tax consequences of the purchase, beneficial ownership and disposition of Notes. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary relates only to the position of persons who are the absolute beneficial owners of the Notes and may not apply to certain other classes of persons. The summary is based upon Swiss tax laws and tax practice as in effect on the date of this Base Prospectus, which are subject to prospective or retroactive change. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their own advisers as to the Swiss or other tax consequences of the purchase, beneficial ownership and disposition of the Notes.

(a) Withholding Tax

(i) *Notes issued by ZF (Australia), ZF (Ireland) and ZHCA*

Neither payment of interest on, nor repayment of principal of, Notes issued by ZF (Australia), ZF (Ireland) or ZHCA by the relevant Issuer (any such Notes hereinafter in this Swiss taxation section, “**Guaranteed Notes**”), nor payments under the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee (as applicable) (in this Swiss taxation section, each a “**Guarantee**”, and together, the “**Guarantees**”) by ZIC as Guarantor in respect thereof, will be subject to Swiss withholding tax. So long as any Guaranteed Notes are outstanding, ZIC will ensure that the aggregate amount of proceeds from the issuance of all outstanding debt instruments issued by a non-Swiss member of the Zurich Insurance Group with the parental guarantee of a Swiss member of the Group (including the Guaranteed Notes) that is being applied by any member of the Zurich Insurance Group in Switzerland does not exceed the amount that is permissible under the taxation laws in effect at such time in Switzerland without subjecting interest payments due under the Guaranteed Notes (or any payments under the Guarantees in respect thereof) to Swiss federal withholding tax. As of the date of this Base Prospectus, the Swiss Federal Tax Administration has confirmed that the amount permissible at any time will be equal to the equity of all direct and indirect non-Swiss subsidiaries of ZIG at such time as determined in accordance with IFRS.

(ii) *Notes issued by ZIC*

Payments of interest on Notes issued by ZIC will be subject to Swiss federal withholding tax at a rate of 35 per cent. Certain types of Notes issued by ZIC may classify as notes with a “predominant one-time interest payment” (*Obligationen mit überwiegender Einmalverzinsung*; see below “—Income Taxation on Principal or Interest”). A “one-time interest payment” will be subject to the Swiss federal withholding tax upon redemption of the Notes.

A holder of a Note issued by ZIC who resides in Switzerland and who, at the time the payment of interest is due, is the beneficial recipient of the payment of interest and, in the case of a holder who is an individual, duly reports the gross payment of interest in his or her tax return and, in the case of a holder who is a legal entity or an individual required to keep accounting books, includes such payment as earnings in its income statement, is entitled to a full refund of or a full tax credit for the Swiss federal withholding tax. A holder of a Note issued by ZIC who does not reside in Switzerland may be able to claim a full or partial refund of the Swiss federal withholding tax by virtue of the provisions of an applicable double taxation treaty, if any, between Switzerland and the country of residence of such holder.

(iii) *Potential Change of Withholding Tax Legislation*

On 3 April 2020, the Swiss Federal Council published a consultation draft on the reform of the Swiss withholding tax system applicable to interest. If enacted in its current form, this consultation draft would, among other things and subject to certain exceptions, replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. Under this paying agent-based regime, subject to certain exceptions, (i) all interest

payments made by paying agents in Switzerland to individuals resident in Switzerland would be subject to Swiss withholding tax, including any such interest payments made on bonds issued by issuers outside Switzerland, and (ii) interest payments to all other persons, including to foreign investors, would be exempt from Swiss withholding tax. If any such new paying agent-based regime were to be enacted and were to result in the deduction or withholding of Swiss withholding tax on any payment of interest in respect of a Note (or in respect of any payments under the relevant Guarantee in respect thereof), neither the Issuer nor the Guarantor nor any paying agent nor any other person would pursuant to the applicable Conditions be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such withholding tax.

(b) Stamp Taxes

The issue of Notes by the Issuers, and the issue of a Guarantee, as applicable, by ZIC as Guarantor, on the relevant closing date will not be subject to Swiss stamp duty on the dealing in securities (primary market). Secondary market dealings in Notes with a maturity in excess of 12 months, where a Swiss domestic bank or a Swiss domestic securities dealer (as defined in the Swiss stamp duty act) is a party, or acts as an intermediary, to the transaction, may be subject to Swiss stamp duty on dealings in securities at a rate of up to 0.15 per cent. of the purchase price of the Notes in the case of Notes issued by ZIC, and at a rate of up to 0.3 per cent. of such purchase price in the case of Notes issued by the other Issuers. Subject to applicable statutory exemptions in respect of the one or the other party to a purchase or sale, generally half of the tax is charged to the one party to the purchase or sale and the other half to the other party. An exemption applies, *inter alia*, for each party to a transaction of Notes (whether or not issued by ZIC) that is not resident in Switzerland or the Principality of Liechtenstein.

(c) Income Taxation on Principal or Interest

(i) Notes held by non-Swiss holders

Payments by the Issuers, or by ZIC as Guarantor (in respect of Guaranteed Notes), of interest and repayment of principal to, and gain realised on the sale or redemption of Notes by, a holder of Notes who is not a resident of Switzerland and who during the current taxation year has not engaged in trade or business through a permanent establishment in Switzerland to which such Note is attributable will not be subject to any Swiss federal, cantonal or communal income tax (as concerns the Swiss withholding tax see above “—*Withholding Tax*”), as concerns the international automatic exchange of information in tax matters, see below under “—*International Automatic Exchange of Information in Tax Matters*” and as concerns the Swiss facilitation of the implementation of FATCA, see below under “—*Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act*”).

(ii) Notes held by Swiss resident holders as private assets

Notes without a “predominant one-time interest payment”: If the yield-to-maturity of a Note predominantly derives from periodic interest payments and not from a one-time-interest-payment such as an original issue discount or a repayment premium (see below “*Notes with a predominant one-time interest payment*”), then a holder who is an individual resident in Switzerland and who holds the Note as a private asset is required to include in his or her personal income tax return for the relevant tax period any periodic interest payments and any one-time interest payment received on the Note in such period, converted into Swiss Francs at the exchange rate prevailing at the time of payment, as the case may be, and will be taxable on any net taxable income (including such amounts) for the relevant tax period. A gain (which may include interest accrued) realised on the sale of such a Note is a tax-free private capital gain, and a loss realised on the sale of such a Note or, in relation to Subordinated Notes or Deeply Subordinated Notes, a loss resulting from a Write-Down of Notes is a non-tax deductible private capital loss.

Notes with a “predominant one-time interest payment”: If the yield-to-maturity of a Note predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then a holder who is an individual resident in Switzerland and holds the Note as a private asset, is required to include in his or her personal income tax return for the relevant tax period any periodic interest payments received on the Note and, in addition, any amount equal to the difference between the value of the Note at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, and converted into Swiss Francs at the exchange rate prevailing at the time of sale or redemption, issuance or purchase, respectively, and will be taxable on any net taxable income (including such amounts) for the relevant tax period. Any value decreases realised on such Note on sale or redemption may be offset by such a holder against any gains (including periodic interest payments) realised by him or her within the same taxation period from other securities with a predominant one-time interest payment. A loss resulting from a Write-Down of Notes is a non-tax deductible private capital loss.

See “—*Notes held as Swiss business assets*” below for a summary on the tax treatment of individuals classified as “professional securities dealers”.

(iii) Notes held as Swiss business assets

Individuals who hold Notes as part of a business in Switzerland and Swiss-resident corporate taxpayers and corporate taxpayers residing abroad holding Notes as part of a Swiss permanent establishment in Switzerland, are required to

recognise the payments of interest and any capital gain or loss realised on the sale or other disposition of such Notes or a loss resulting from a Write-Down of Notes in their financial statements for the respective tax period and will be taxable on any net taxable earnings for such period. The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as “professional securities dealers” for reasons of, *inter alia*, frequent dealings and leveraged transactions in securities.

(d) International Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the EU on the international automatic exchange of information (“AEOI”) in tax matters (the “AEOI Agreement”), which applies to all EU member states. Further, Switzerland has concluded the multilateral competent authority agreement on the automatic exchange of financial account information (“MCAA”) in line with the Common Reporting Standard (see below “—*Common Reporting Standard*”) and a number of bilateral AEOI agreements with other countries, most of them on the basis of the MCAA. Based on the AEOI Agreement, the bilateral AEOI agreements and the implementing laws of Switzerland, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of residents in an EU member state or another treaty state. An up-to-date list of the AEOI agreements to which Switzerland is a party that are in effect or signed but not yet effective can be found on the website of the State Secretariat for International Financial Matters SIF.

(e) Swiss Facilitation of the Implementation of FATCA

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland (the “Treaty”). On 20 September 2019, Switzerland and the United States ratified the 2009 protocol (the “Protocol”) amending the Treaty. Upon the subsequent exchange of the ratification instruments, the amended Treaty entered into force. The Protocol introduced a mechanism for the exchange of information upon request in tax matters between Switzerland and the United States, which mechanism is in line with international standards and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-FFIs for periods from 30 June 2014. Furthermore, on 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the United States regarding a change from the current direct notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. It is not yet known when negotiations will continue or when any new regime would come into force. For further information on FATCA, see below under “—*U.S. Taxation (in respect of Notes issued by ZHCA)—FATCA Withholding*”.

(f) Common Reporting Standard

On 15 July 2014, the Organisation for Economic Co-operation and Development approved the Common Reporting Standard (the “CRS”) designed to create a global standard for the automatic exchange of financial account information. Pursuant to the CRS requirements, financial institutions must identify and report FATCA-like information in respect of specified persons who are resident in the jurisdictions that sign and implement the CRS. On 19 December 2019, 109 jurisdictions have signed the MCAA that activates this automatic exchange of information in line with the CRS. The first information exchanges took place in September 2017 and other signatories followed with information exchange at a later date. An up-to-date list of the signatories of the MCAA and first information exchange dates can be found on the website of the Organisation for Economic Co-operation and Development OECD (see above “—*International Automatic Exchange of Information in Tax Matters*” for information on the adoption of the CRS by Switzerland).

The proposed financial transaction tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Belgium, Germany, Estonia (which has since ceased to participate), Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (each, other than Estonia, a “participating Member State”).

The Commission’s Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (i) by transacting with a person

established in a participating Member State or (ii) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the Commission's Proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

U.S. Taxation (in respect of Notes issued by ZHCA)

The following is a general discussion of the material U.S. Federal income tax considerations applicable to initial Non-U.S. Holders of the Notes issued by ZHCA. This summary is based upon current provisions of the Internal Revenue Code of 1986, as amended (the "Code"), regulations of the Treasury Department ("Treasury Regulations"), administrative rulings and pronouncements of the Internal Revenue Service ("IRS") and judicial decisions currently in effect, all of which are subject to change, possibly with retroactive effect.

For purposes of this discussion, a "U.S. person" means (i) a citizen or resident (as defined in Section 7701(b)(1) of the Code) of the U.S., (ii) a corporation or other entity taxable as a corporation created or organised under the laws of the U.S. or any State thereof (including the District of Columbia), (iii) an estate or trust described in Section 7701(a)(30) of the Code, or (iv) a person whose worldwide income or gain is otherwise subject to U.S. Federal income taxation on a net income basis and a "Non-U.S. Holder" means any beneficial owner of a Note that is not a U.S. person.

This discussion does not address the tax consequences that may be relevant to holders that are partnerships or other entities classified as partnerships for U.S. federal income tax purposes. The following discussion is based upon certain of the facts set forth in this Base Prospectus and other documents related to the issuance of Notes and upon compliance with the provisions thereof and the representations and agreements therein.

The tax discussion set forth below may not be always applicable depending upon a Noteholder's particular situation. In addition, the discussion does not consider the effect of any foreign, state, local, gift, estate or other tax laws that may be applicable to a particular investor. Noteholders are urged to consult their own tax advisers with respect to the particular consequences to them of holding and disposing of Notes in light of their own particular circumstances including the tax consequences under local, state, foreign and other tax laws and possible effects of changes in U.S. Federal income or other tax laws.

(a) Taxation of Non-U.S. Holders

Under present U.S. Federal income and estate tax laws and subject to the discussion of backup withholding and FATCA below:

- (i) A Non-U.S. Holder generally will not be subject to U.S. Federal income or withholding tax on payments of interest on a Note (including original issue discount), provided that (i) the Non-U.S. Holder is not (A) a 10 per cent. shareholder of ZHCA within the meaning of Section 871(h)(3)(B) of the Code or (B) a controlled foreign corporation that is a related person of ZHCA within the meaning of Section 864(d)(4) of the Code, (ii) such interest payments are not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the U.S., (iii) the Non-U.S. Holder is not a bank receiving interest described in Section 881(c)(3)(A) of the Code, (iv) the interest is not contingent interest described in Section 871(h)(4) of the Code, related primarily to interest based on or determined by reference to income, profits, cash flow and other comparable attributes of the obligor or a party related to the obligor, (v) the Note is issued in "registered form" for U.S. Federal income tax purposes, and (vi) ZHCA or its paying agent receives appropriate documentation (generally an IRS Form W-8BEN or W-8BEN-E as applicable) establishing that the Non-U.S. Holder is not a U.S. person. It is intended that Notes issued by ZHCA will be treated as in "registered form" for U.S. Federal income tax purposes. Although Bearer Global Notes may in some cases be issued by ZHCA, such Bearer Global Notes will meet IRS guidance so as to be treated as being in "registered" form for U.S. Federal income tax purposes.
- (ii) A Non-U.S. Holder generally will not be subject to U.S. Federal income or withholding tax on gains from the sale or other disposition of a Note, provided that (i) such gains are not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the U.S. and (ii) such Non-U.S. Holder is not an individual who is present in the U.S. for 183 days or more in the taxable year of disposition and meets certain other requirements.
- (iii) Any Note beneficially owned by an individual who at the time of death is not a citizen or resident of the U.S. will not be subject to U.S. Federal estate tax provided that, at the time of death, such individual does not actually or constructively own 10 per cent. or more of the total combined voting power of ZHCA entitled to vote and interest on the Notes was not effectively connected with a U.S. trade or business conducted by such individual.

If a Non-U.S. Holder cannot satisfy the requirements of the "portfolio interest" exception described in (a) above, payments of premium, if any, and interest made to such Non-U.S. Holder will be subject to a 30 per cent. withholding tax unless such holder provides ZHCA, or its paying agent as the case may be, with a properly executed (1) IRS Form W-8BEN or W-8BEN-E, as applicable, or any successor form the IRS may prescribe, claiming an exemption from withholding under

the benefit of a tax treaty or (2) IRS Form W-8ECI stating that interest paid on the Note is not subject to withholding tax because it is effectively connected with the holder's conduct of a trade or business in the U.S.

If a Non-U.S. Holder is engaged in a trade or business in the U.S. and interest on the Notes is effectively connected with the conduct of such trade or business, such holder, although exempt from the withholding tax discussed above, will be subject to U.S. Federal income tax on such interest on a net income basis in the same manner as if it were a U.S. person. In addition, if such Non-U.S. Holder is a foreign corporation, it may be subject to a branch profits tax equal to 30 per cent. of its effectively connected earnings and profits for the taxable year, subject to adjustments. For this purpose, premium, if any, and interest on a Note will be included in such foreign corporation's earnings and profits.

(b) Backup Withholding

In the case of a Non-U.S. Holder, backup withholding and information reporting will generally not apply to payments of principal and interest (including OID) on a Note issued by ZHCA for U.S. Federal income tax purposes if such Non-U.S. Holder complies with required certification and identification procedures to establish an exemption from the withholding of U.S. Federal income tax or otherwise establishes an exemption, provided that ZHCA or its paying agent, as the case may be, does not have actual knowledge that the payee is a U.S. Person and certain other conditions are satisfied. Any amount withheld under the backup withholding rules from a payment to a holder is allowable as a credit against such holder's U.S. Federal income tax (which might entitle such holder to a refund), provided that such holder furnishes the required information to the IRS.

(c) FATCA Withholding

Sections 1471 through 1474 of the Code (commonly referred to as the "FATCA provisions") generally impose a withholding tax of 30 per cent. on interest income (including OID) from debt obligations of U.S. issuers paid to a foreign financial institution (other than with respect to interest (including OID) that is effectively connected with the conduct of a trade or business within the United States), unless such institution either (i) enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain account holders that are foreign entities with U.S. owners) or (ii) in the event that an applicable intergovernmental agreement and implementing legislation are adopted, complies with modified requirements, including in some cases providing local revenue authorities with similar account holder information.

The FATCA provisions also generally impose a withholding tax of 30 per cent. on interest income from such obligations paid to a non-financial foreign entity (other than with respect to interest that is effectively connected with the conduct of a trade or business within the United States) unless such entity provides the withholding agent with a certification that it does not have any substantial U.S. owners or a certification identifying the direct and indirect substantial U.S. owners of the entity or unless certain exceptions apply or they agree to provide certain information to other revenue authorities for transmittal to the IRS. Under certain circumstances (for example, if the recipient is resident in a country having a tax treaty with the United States), a holder of such obligation might be eligible for refunds or credits of such taxes. ZHCA will not be required to pay Additional Amounts with respect to any taxes withheld from payments on the Notes as a result of the enactment and implementation of the FATCA provisions.

Proposed Treasury Regulations provide that no FATCA withholding will be required with respect to payments of gross proceeds on the disposition of obligations of a U.S. issuer. The preamble to these proposed Treasury Regulations specifies that taxpayers are permitted to rely on the proposed Treasury Regulations pending finalisation.

Form W-8BEN-E generally requires certain non-U.S. entities to certify as to their FATCA status, and if applicable, provide their Global Intermediary Identification Number. Noteholders are urged to consult with their own tax advisers regarding the possible implications of FATCA provisions on their investment in the Notes.

Australian Taxation

The following is a summary of the Australian withholding tax treatment under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together the "**Australian Tax Act**") and the Taxation Administration Act 1953 of Australia, as at the date of this Base Prospectus, of payments of interest (as defined in the Australian Tax Act) by ZF (Australia) on the Notes and certain other Australian tax matters.

A term used below but not otherwise defined has the meaning given to it in the Senior Notes Conditions or the Guaranteed Subordinated Notes Conditions, as the case may be (the "**Conditions**").

This summary applies to Noteholders that are:

- residents of Australia for tax purposes that do not hold their Notes, and do not derive any payments under the Notes, in carrying on a business at or through a permanent establishment outside of Australia, and non-residents of Australia for tax purposes that hold their Notes, and derive all payments under the Notes, in carrying on a business at or through a permanent establishment in Australia ("**Australian Holders**"); and

- non-residents of Australia for tax purposes that do not hold their Notes, and do not derive any payments under the Notes, in carrying on a business at or through a permanent establishment in Australia, and residents of Australia for tax purposes that hold their Notes, and derive all payments under the Notes, in carrying on a business at or through a permanent establishment outside of Australia (“**Non-Australian Holders**”).

The summary is not exhaustive and, in particular, does not deal with the position of certain classes of Holders (including, without limitation, dealers in securities, custodians or other third parties who hold Notes on behalf of any person) and, unless expressly stated, this summary does not consider the Australian tax consequences for persons who hold interests in any Clearing System.

Prospective holders of the Notes should also be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that Series of Notes. Information regarding taxes in respect of Notes may also be set out in the relevant Pricing Supplement.

This summary is not intended to be, nor should it be construed as, legal or tax advice to any particular holder of a Note. Each Noteholder should seek professional tax advice in relation to their particular circumstances.

(a) Australian interest withholding tax

The Australian Tax Act characterises securities as either “debt interests” (for all entities) or “equity interests” (for companies), including for the purposes of Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act (“**Australian IWT**”) and dividend withholding tax.

For Australian IWT purposes, “interest” is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts. ZF (Australia) intends to issue Notes which are to be characterised as “debt interests” for the purposes of the tests contained in Division 974 of the Australian Tax Act, and the returns paid on the Notes are to be “interest” for the purpose of section 128F, of the Australian Tax Act.

Australian Holders

Payments of interest in respect of the Notes to Australian Holders should not be subject to Australian IWT.

Non-Australian Holders

Australian IWT is payable at a rate of 10 per cent. of the gross amount of interest paid by ZF (Australia) to a Non-Australian Holder, unless an exemption is available.

(i) Section 128F exemption from Australian IWT

An exemption from Australian IWT is available in respect of interest paid on the Notes if the requirements of section 128F of the Australian Tax Act are satisfied.

Unless otherwise specified in any relevant Pricing Supplement (or another relevant supplement to this Base Prospectus), ZF (Australia) intends to issue the Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act

In broad terms, the requirements of section 128F are as follows:

- (a) ZF (Australia) is a resident of Australia and a company (as defined in section 128F(9) of the Australian Tax Act) when it issues the Notes and when interest is paid;
- (b) the Notes are issued in a manner which satisfies the “public offer test” in section 128F of the Australian Tax Act.

In relation to the Notes, there are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that ZF (Australia) is offering the Notes for issue. In summary, the five methods are:

- (i) offers to 10 or more unrelated persons carrying on a business of providing finance, or investing or dealing in securities, in the course of operating in financial markets;
 - (ii) offers to 100 or more investors of a certain type;
 - (iii) offers of listed Notes;
 - (iv) offers via publicly available information sources; or
 - (v) offers to a dealer, manager or underwriter who offers to sell the Notes within 30 days by one of the preceding methods;
- (c) ZF (Australia) does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes (or interests in the Notes) were being, or would later be, acquired, directly or indirectly, by an “associate” of ZF (Australia), except as permitted by section 128F(5) of the Australian Tax Act (see below); and

- (d) at the time of the payment of interest, ZF (Australia) does not know, or have reasonable grounds to suspect, that the payee is an “associate” of ZF (Australia), except as permitted by section 128F(6) of the Australian Tax Act (see below).

An “associate” of ZF (Australia) for the purposes of section 128F of the Australian Tax Act includes:

- (A) a person or entity which holds more than 50 per cent. of the voting shares of, or otherwise controls, ZF (Australia);
- (B) an entity in which more than 50 per cent. of the voting shares are held by, or which is otherwise controlled by, ZF (Australia);
- (C) a trustee of a trust where ZF (Australia) is capable of benefiting (whether directly or indirectly) under that trust; and
- (D) a person or entity who is an “associate” of another person or company which is an “associate” of ZF (Australia) under paragraph (A) above.

However, for the purposes of sections 128F(5) and (6) of the Australian Tax Act (see paragraphs (c) and (d) above), an “associate” of ZF (Australia) does not include:

- (A) an Australian Holder; or
- (B) a Non-Australian Holder that is acting in the capacity of:
 - in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Notes, or a clearing house, custodian, funds manager or responsible entity of a registered scheme (for the purposes of the Corporations Act 2001 of Australia); or
 - in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme (for the purposes of the Corporations Act 2001 of Australia).

(ii) *Exemptions under certain double tax conventions*

The Australian Government has signed double tax conventions (“**Relevant Treaties**”) with certain countries (each a “**Specified Country**”), under which an exemption from Australian IWT is available in certain circumstances. The Relevant Treaties apply to interest derived by a resident of a Specified Country.

Broadly, the Relevant Treaties effectively prevent the application of Australian IWT to interest derived by:

- (a) governments of the Specified Countries and certain governmental authorities and agencies in a Specified Country; and
- (b) a “financial institution” resident in a Specified Country which is unrelated to and dealing wholly independently with ZF (Australia).

The term “**financial institution**” refers to either a bank or any other enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest paid under a back to back loan or an economically equivalent arrangement will not qualify for this exemption.

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which is available to the public on the Federal Treasury Department website.

(b) Payments under the ZIC Senior Guarantee, the ZIC Subordinated Guarantee and the ZIC Deeply Subordinated Guarantee

Payments by ZIC under the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, as the case may be, are not subject to Australian IWT, on the basis that ZIC is not a resident of Australia for Australian tax purposes, and does not make payments under the ZIC Senior Guarantee, the ZIC Subordinated Guarantee or the ZIC Deeply Subordinated Guarantee, as the case may be, in carrying on business through a permanent establishment in Australia.

(c) Notes in bearer form

Section 126 of the Australian Tax Act imposes a type of withholding tax (see below in relation to the rate of withholding tax) on the payment of interest on debentures in bearer form (such as the Bearer Notes) if the issuer fails to disclose the names and addresses of the holders of the debentures to the ATO.

Section 126 does not, however, apply to the payment of interest on Bearer Notes held by non-Australian residents who do not carry on business at or through a permanent establishment in Australia where the issue of those Bearer Notes has satisfied the requirements of section 128F or Australian IWT is payable.

In addition, the ATO has confirmed that for the purpose of section 126, the holder of debentures in bearer form is the person in possession of the debentures. Section 126 is, therefore, limited in its application to persons in possession of Bearer Notes who are residents of Australia or non-Australian residents who are engaged in carrying on business at or through a permanent establishment in Australia. Where interests in Bearer Notes are held through Euroclear, Clearstream or another Clearing System, ZF (Australia) intends to treat the relevant operator of the Clearing System (or its nominee) as the holder of the Bearer Notes for the purposes of section 126.

The current rate of withholding tax is 45 per cent.

(d) Payment of additional amounts

As set out in more detail in the Senior Notes Conditions or Guaranteed Subordinated Notes Conditions, as the case may be, and unless expressly provided to the contrary in any relevant Pricing Supplement (or other relevant supplement to this Base Prospectus), if ZF (Australia) is at any time required by law to withhold or deduct an amount in respect of any Australian withholding taxes imposed or levied by the Commonwealth of Australia, or any political subdivision thereof or therein, in respect of the Notes, ZF (Australia) must, subject to certain exceptions, pay such additional amounts as may be necessary in order to ensure that each Noteholder is entitled to receive (at the time the payment is due) the amount it would have received if no withholdings or deductions had been required to be made. If, as a result of any change in law of the Commonwealth of Australia, or any political subdivision thereof or therein, ZF (Australia) is required by law in relation to any Notes to withhold or deduct an amount in respect of any withholding taxes, ZF (Australia) will have the option to redeem those Notes in accordance with the Senior Notes Conditions or the Guaranteed Subordinated Notes Conditions, as the case may be.

(e) Other Australian tax matters

Under Australian laws as presently in effect:

- *death duties* – no Notes will be subject to death, estate or succession duties imposed or levied by the Commonwealth of Australia, or any political subdivision or authority thereof or therein having power to tax, if held at the time of death;
- *stamp duty and other taxes* – no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of any Notes;
- *TFN/ABN withholding* – withholding tax is imposed (see below for the rate of withholding tax) on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number (“TFN”), (in certain circumstances) an Australian Business Number (“ABN”) or proof of some other exception (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, then such withholding should not apply to payments to a non-resident of Australia for tax purposes that does not derive the interest in connection with a business carried on at or through a permanent establishment in Australia.

The current rate of withholding tax is 47 per cent.;

- *additional withholdings from certain payments to non-residents* – the Governor-General may make regulations requiring withholding from certain payments to non-residents of Australia (other than payments of interest and other amounts which are already subject to the current Australian IWT rules or specifically exempt from those rules). Regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents;
- *garnishee directions by the Commissioner of Taxation* – the Commissioner of Taxation may give a direction requiring ZF (Australia) to deduct from any payment to a Holder any amount in respect of Australian tax payable by the Holder. If ZF (Australia) is served with such a direction, then the ZF (Australia) will comply with that direction and make any deduction required by that direction, and no additional amount will be payable to the Noteholder, as set out in more detail in the Conditions;
- *supply withholding tax* – payments in respect of the Notes can be made free and clear of any “supply withholding tax” imposed under section 12-190 of Schedule 1 to the Taxation Administration Act 1953 of Australia; and
- *goods and services tax (“GST”)* – neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of a supply to a non-resident Noteholder outside Australia and certain areas offshore of Australia, which together comprise the “indirect tax zone”) a GST-free supply. Furthermore, neither the payment of principal or interest by ZF (Australia), nor the disposal of the Notes, should give rise to any GST liability in Australia.

(f) Automatic exchange of information

Australian reporting financial institutions, which may include ZF (Australia), have reporting obligations in respect of a Noteholder under FATCA as implemented pursuant to the Australian IGA and/or the OECD's Common Reporting Standard (see above "*—International Automatic Exchange of Information in Tax Matters*" and "*—Australian IGA and FATCA withholding*" for information about the implementation of FATCA and CRS obligations into Australian law).

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated dealer agreement (as further amended or supplemented from time to time, the “**Dealer Agreement**”) dated 20 May 2020 agreed with the Issuers as to the basis upon which they or any of them may from time to time agree to subscribe for Notes. Any such agreement will extend to those matters stated under “*Description of Notes in Global Form*”, “*Terms and Conditions of the Senior Notes*”, “*Terms and Conditions of the Subordinated Notes and Deeply Subordinated Notes (Directly Issued by Zurich Insurance Company Ltd)*” and “*Terms and Conditions of the Subordinated Notes and Deeply Subordinated Notes*” above. In the Dealer Agreement, the Issuers have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to the payment for such Notes being made to the relevant Issuer.

United States

The Notes have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act) except in accordance with Regulation S under the U.S. Securities Act or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and regulations thereunder. The applicable Pricing Supplement will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed that it will offer, sell and deliver Notes (i) as part of their distribution at any time and (ii) otherwise until forty days after the completion of the distribution of all Reg. S Notes of the Tranche of which such Notes are a part, as determined and certified to the Agent or the Issuer by the Relevant Dealer (or, in the case of a sale of a series of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Series purchased by or through it or, in the case of a syndicated issue, the relevant Lead Manager, in which case the Agent or the Issuer shall notify each such Dealer when all such Dealers have, or the Lead Manager has, so certified), only outside the United States to non-U.S. persons in accordance with Rules 903 and 904 of Regulation S under the U.S. Securities Act. Accordingly, each Dealer has represented and agreed that neither it, nor its affiliates nor any person acting on its or their behalf has engaged or will engage in any directed selling efforts (as defined in Rule 902 of Regulation S) with respect to the Notes, and that it and they have complied and will comply with the offering restrictions of Regulation S. Each Dealer has also agreed that, at or prior to confirmation of sale of the Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Reg. S Notes from it or through it during the distribution compliance period a confirmation or notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the above paragraph have the meanings given to them by Regulation S.

The Notes are being offered and sold only outside the United States to persons other than U.S. persons (“**foreign purchasers**”, which term includes dealers or other professional fiduciaries in the United States acting on a discretionary basis for foreign beneficial owners, other than an estate or trust) in reliance upon Regulation S. As used in this discussion of “*Subscription and Sale—United States*”, the terms “**Offshore transaction**”, “**United States**” and “**U.S. person**” have the meanings given to them in Regulation S.

Each purchaser of Notes will be deemed to have represented and agreed as follows:

- (1) It is purchasing the Notes for its own account or an account with respect to which it exercises sole investment discretion and that it and any such account is a foreign purchaser that is outside the United States (or a foreign purchaser that is a dealer or other fiduciary as referred to above).
- (2) It acknowledges that the Notes have not been registered under the U.S. Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below.
- (3) It agrees that the Issuer has no obligation to register the Notes under the U.S. Securities Act.
- (4) It will not resell or otherwise transfer any Notes within two years after the original issuance of the Notes except (A) to the Issuer or any subsidiary of the Issuer, (B) outside the United States in an Offshore transaction in compliance with Rule 904 under the U.S. Securities Act, (C) pursuant to the exemption from registration provided by Rule 144 under the U.S. Securities Act (if available) or (D) pursuant to an effective registration statement under the U.S. Securities Act.
- (5) It will give to each person to whom it transfers Notes notice of any restrictions on transfer of those Notes.

- (6) It understands that the Reg. S Notes offered will be represented by a Reg. S Global Note. Before any interest in a Reg. S. Global Note may be offered, sold, pledged or otherwise transferred to a person who is not a foreign purchaser, the transferee will be required to provide the Trustee with a written certification (the form of which certification can be obtained from the Trustee) as to compliance with the transfer restrictions referred to above.
- (7) It understands that each of the Reg. S Notes will bear a legend substantially to the following effect unless otherwise agreed by the Issuer and the holder of particular Notes:

THIS NOTE HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “U.S. SECURITIES ACT”), OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES, AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OF BENEFIT OF, U.S. PERSONS. BY ITS ACQUISITION HEREOF, THE HOLDER (1) REPRESENTS THAT IT IS NOT A U.S. PERSON AND IS ACQUIRING THIS SECURITY IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH RULE 904 UNDER THE U.S. SECURITIES ACT, (2) AGREES THAT IT WILL NOT, PRIOR TO THE DATE THAT IS TWO YEARS AFTER THE LATER OF THE ORIGINAL ISSUANCE OF THIS SECURITY AND THE LAST DATE ON WHICH THE ISSUER OF THIS SECURITY OR ANY AFFILIATED PERSON OF THE ISSUER WAS THE OWNER OF THIS SECURITY, RESELL OR OTHERWISE TRANSFER THIS SECURITY EXCEPT (A) TO THE ISSUER OR ANY SUBSIDIARY OF THE ISSUER, (B) OUTSIDE THE UNITED STATES IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH RULE 904 UNDER THE U.S. SECURITIES ACT, (C) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE U.S. SECURITIES ACT (IF AVAILABLE) OR (D) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE U.S. SECURITIES ACT AND (3) AGREES THAT IT WILL GIVE TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. AS USED IN THIS STATEMENT, THE TERMS “OFFSHORE TRANSACTION,” “UNITED STATES” AND “U.S. PERSON” HAVE THE MEANINGS GIVEN TO THEM BY REGULATIONS UNDER THE U.S. SECURITIES ACT.

- (8) It will not sell or otherwise transfer Notes to, and each purchaser represents and covenants that it is not acquiring the Notes for or on behalf of, and will not transfer Notes to, any “employee benefit plan” as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974 (“ERISA”) which is subject to Title I of ERISA or any “plan” as defined in Section 4975 of the Code, which is subject to Section 4975 of the Code (in such case, a “Plan”), or any entity the assets of which constitute “plan assets” of any Plan for the purposes of ERISA or Section 4975 of the Code (a “Plan Entity”).
- (9) It acknowledges that the Trustee for the Notes will not be required to accept for registration of transfer any Notes acquired by it, except upon presentation of evidence satisfactory to the Issuer and the Trustee that the restrictions described above have been complied with.
- (10) It acknowledges that the Issuers, the Dealers and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that if any of the acknowledgments, representations and agreements deemed to have been made by its purchase of Notes are no longer accurate, it will promptly notify the Issuer and the Dealers. If it is acquiring the Notes as a fiduciary or agent for one or more investor accounts, it represents that it has sole investment discretion with respect to each such account and it has full power to make the foregoing acknowledgments, representations and agreements on behalf of each account.

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuers, the Guarantor and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers, the Guarantor or the Issuer's or the Guarantor's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers or the Guarantor routinely hedge their credit exposure to the Issuers or the Guarantor in accordance with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
