This Information Memorandum does not comprise a prospectus for the purpose of the Prospectus Regulation (as defined herein). Accordingly this document has not been and will not be submitted for approval to any competent authority within the meaning of the Prospectus Regulation and in particular the Luxembourg Commission de Surveillance du Secteur Financier ("**CSSF**"), in its capacity as competent authority for the purposes of the Prospectus Regulation.

Applications may be made for the Instruments to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange. The Programme also permits Instruments to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer. The relevant Pricing Supplement in respect of any issue of any Instruments will specify whether or not such Instruments will be admitted to listing and/or trading on any other market and/or stock exchange.

The Instruments have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States (the "**U.S.**"), and Instruments in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States (as defined in Regulation S ("**Regulation S**") under the Securities Act) or its possessions or to a United States person except in certain transactions permitted by U.S. tax regulations. The Instruments may not be offered, sold or (in the case of Instruments in bearer form) delivered within the United States, except in certain transactions exempt from the registration requirements of the Securities Act. The Instruments may be offered and sold (A) outside the United States in reliance on Regulation S and (B) within the United States to persons who are "qualified institutional buyers" ("**QIBs**") in reliance on Rule 144A under the Securities Act ("**Rule 144A**"). Prospective purchasers who are QIBs are hereby notified that sellers of the Instruments may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of these and certain further restrictions on offers, sales and transfers of Instruments and distribution of this Information Memorandum, see "*Subscription and Sale*" and "*Transfer Restrictions*".

Restrictions on distribution

The distribution of this Information Memorandum and any Pricing Supplement and the offering, sale and delivery of the Instruments in certain jurisdictions may be restricted by law. Persons into whose possession this Information Memorandum or any Pricing Supplement comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Instruments and on the distribution of this Information Memorandum or any Pricing Supplement and other offering material relating to the Instruments, see "*Subscription and Sale*" and "*Transfer Restrictions*".

In particular, Instruments have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and Instruments in bearer form are subject to U.S. tax law requirements. The Instruments may not be offered, sold or (in the case of Instruments in bearer form) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

Product Governance under Directive 2014/65/EU (as amended) ("MiFID")

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Pricing Supplement or Drawdown Information Memorandum, as the case may be in respect of any Instruments may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Instruments and which channels for distribution of the Instruments are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, "**MiFID II**") is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

Benchmark Regulation

Interest and/or other amounts payable under the Instruments may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU)

2016/1011 (the "**Benchmark Regulation**"). If any such reference rate does constitute such a benchmark, the Pricing Supplement will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmark Regulation. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Pricing Supplement to reflect any change in the registration status of the administrator.

Product classification pursuant to Section 309B of the Securities and Futures Act (Chapter 289) of Singapore

The Pricing Supplement in respect of any Instruments may include a legend entitled "*Singapore Securities and Futures Act Product Classification*" which will state the product classification of the Instruments pursuant to Section 309B(1) of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the "**SFA**"). The Issuer will make a determination and provide the appropriate written notification to "relevant persons" in relation to each issue about the classification of the Instruments being offered for the purposes of Section 309B(1)(a) and Section 309B(1)(c) of the SFA.

Programme limit

The maximum aggregate principal amount of Instruments outstanding at any one time under the Programme will not exceed €50,000,000,000 (and for this purpose, any Instruments denominated in another currency shall be translated into U.S. dollars at the date of the agreement to issue such Instruments (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Instruments which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

In this Information Memorandum, unless otherwise specified, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended and references to "**DKK**" are to Danish Krone.

Stabilisation

In connection with the issue of any Tranche of Instruments, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Pricing Supplement may over allot Instruments or effect transactions with a view to supporting the market price of the Instruments at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Instruments is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Instruments and 60 days after the date of the allotment of the relevant Tranche of Instruments. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in accordance with all applicable laws and rules.

INFORMATION INCORPORATED BY REFERENCE

All amendments and supplements to this Information Memorandum prepared by the Issuer from time to time shall be deemed to be incorporated in, and to form part of, this document save that any statement contained herein or any of the documents incorporated by reference in, and forming part of, this Information Memorandum shall be deemed to be modified or superseded for the purpose of this Information Memorandum to the extent that a statement contained in any document subsequently incorporated by reference modifies or supersedes such statement.

The Issuer will, at the specified office of the Paying Agent provide, free of charge, upon oral or written request, a copy of this Information Memorandum and any document incorporated by reference in this Information Memorandum. Written or oral requests should be directed to the specified office of the Paying Agents.

SUPPLEMENTARY INFORMATION MEMORANDUM

The Issuer has undertaken, in connection with the listing of the Instruments issued under the Programme on the Luxembourg Stock Exchange, that if there shall occur any adverse change affecting any matter contained in this Information Memorandum or any change in the information set out under "*Terms and Conditions of the Instruments*", that is material in the context of issuance of Instruments under the Programme, the Issuer will prepare or procure the preparation of an amendment or supplement to the Information Memorandum or, as the case may be, publish a new Information Memorandum, for use in connection with any subsequent issue by the Issuer of Instruments to be listed on the Luxembourg Stock Exchange.

FORMS OF THE INSTRUMENTS

The Instruments will either be issued as Global Bearer Instruments, without interest coupons attached, or Global Registered Instruments, without interest coupons attached. Bearer Instruments will be offered and sold outside the United States in reliance on Regulation S and Registered Instruments may be offered and sold outside the United States in reliance on Regulation S and/or within the United States to QIBs in reliance on Rule 144A.

Bearer Instruments

Each Tranche of Instruments in bearer form ("**Bearer Instruments**") will initially be in the form of either a temporary global Instrument in bearer form ("**Temporary Global Instrument**"), without interest coupons, or a permanent global Instrument in bearer form ("**Permanent Global Instrument**"), without interest coupons, in each case as specified in the relevant Pricing Supplement. Each Temporary Global Instrument or, as the case may be, Permanent Global Instrument (each a "**Global Instrument**") which is not intended to be issued in NGI form, as specified in the relevant Pricing Supplement, will be registered in the name of and deposited on or around the issue date of the relevant Tranche of the Instruments with a depository or a common depository for Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Bearer Instrument which is intended to be issued in new global instrument ("**NGI**") form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Instruments with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Instruments in NGI form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Instruments in NGI form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGI form is used.

In the case of each Tranche of Bearer Instruments, the relevant Pricing Supplement will also specify whether the TEFRA C Rules or TEFRA D Rules are applicable in relation to the Instruments or, if the Instruments do not have a maturity of more than 1 year and in certain cases, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Instruments exchangeable for Permanent Global Instrument

If the relevant Pricing Supplement specifies the form of Bearer Instruments as being "Temporary Global Instrument exchangeable for a Permanent Global Instrument", then the Bearer Instruments will initially be in the form of a Temporary Global Instrument which will be exchangeable, in whole or in part, for interests in a Permanent Global Instrument, without interest coupons, not earlier than 40 days after the issue date ("**Exchange Date**") of the relevant Tranche of the Bearer Instruments upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Instrument unless exchange for interests in the Permanent Global Instrument is improperly withheld or refused. In addition, interest payments in respect of the Instruments cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Instrument is to be exchanged for an interest in a Permanent Global Instrument, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Instrument, duly authenticated and, in the case of a NGI, effectuated, to the bearer of the Temporary Global Instrument or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Instrument in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Instrument to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership, within seven (7) days of the bearer requesting such exchange.

The principal amount of Instruments represented by the Permanent Global Instrument shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; **provided,**

however, that in no circumstances shall the principal amount of the Permanent Global Instrument exceed the initial principal amount of the Temporary Global Instrument.

If:

- (i) the Permanent Global Instrument has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Instrument has requested exchange of an interest in the Temporary Global Instrument for an interest in a Permanent Global Instrument; or
- (ii) the Temporary Global Instrument (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Instruments or the date for final redemption of the Temporary Global Instrument has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Instrument in accordance with the terms of the Temporary Global Instrument on the due date for payment,

then the Temporary Global Instrument (including the obligation to deliver a Permanent Global Instrument) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (i) above) or at 5.00 p.m. (London time) on such due date (in the case of (ii) above) and the bearer of the Temporary Global Instrument will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Instrument or others may have under the Deed of Covenant).

The Permanent Global Instrument will become exchangeable in whole, but not in part, only and at the request of the bearer of the Permanent Global Instrument, for Bearer Instruments in definitive form ("**Definitive Bearer Instruments**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or
- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Permanent Global Instrument", then if either of the following events occurs: (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 13 (*Events of Default*) occurs.

Whenever the Permanent Global Instrument is to be exchanged for Definitive Bearer Instruments, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bearer Instruments, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Permanent Global Instrument to the bearer of the Permanent Global Instrument against the surrender of the Permanent Global Instrument to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (i) Definitive Bearer Instruments have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Instrument for Definitive Bearer Instruments; or
- (ii) the Permanent Global Instrument was originally issued in exchange for part only of a Temporary Global Instrument representing the Instrument and such Temporary Global Instrument becomes void in accordance with its terms; or
- (iii) the Permanent Global Instrument (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Instruments or the date for final redemption of the Permanent Global Instruments has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Instrument on the due date for payment,

then the Permanent Global Instrument (including the obligation to deliver Definitive Bearer Instruments) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Instrument becomes void (in the case of (ii) above) or at 5.00 p.m. (London time) on such due date in the case of (iii) above) and the bearer of the Permanent Global Instrument will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Instrument or others may have under the Deed of Covenant).

Temporary Global Instruments exchangeable for Definitive Bearer Instruments

If the relevant Pricing Supplement specifies the form of Bearer Instruments as being "Temporary Global Instrument exchangeable for Definitive Bearer Instruments" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Instruments will initially be in the form of a Temporary Global Instrument which will be exchangeable, in whole but not in part, for Definitive Bearer Instruments not earlier than 40 days after the issue date of the relevant Tranche of the Instruments.

If the relevant Pricing Supplement specifies the form of Bearer Instruments as being "Temporary Global Instrument exchangeable for Definitive Bearer Instruments" and also specifies that the TEFRA D Rules are applicable, then the Bearer Instruments will initially be in the form of a Temporary Global Instrument which will be exchangeable, in whole or in part, for Definitive Bearer Instruments not earlier than 40 days after the issue date of the relevant Tranche of the Bearer Instruments upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Bearer Instruments cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Instrument is to be exchanged for Definitive Bearer Instruments, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bearer Instruments, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of Instruments represented by the Temporary Global Instrument to the bearer of the Temporary Global Instrument against the surrender of the Temporary Global Instrument to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange

If:

- (i) Definitive Bearer Instruments have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Instrument for Definitive Bearer Instruments; or
- (ii) the Temporary Global Instrument (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Instruments or the date for final redemption of the Temporary Global Instrument has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Instrument on the due date for payment,

then the Temporary Global Instrument (including the obligation to deliver Definitive Bearer Instruments) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 5.00 p.m. (London time) on such due date (in the case of (ii) above) and the bearer of the Temporary Global Instrument will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Instrument or others may have under the Deed of Covenant).

Permanent Global Instruments exchangeable for Definitive Bearer Instruments

If the relevant Pricing Supplement specifies the form of Instruments as being "Permanent Global Instrument exchangeable for Definitive Bearer Instruments", then the Instruments will initially be in the form of a Permanent Global Instrument which will be exchangeable in whole, but not in part, for Definitive Bearer Instruments:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or

- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Permanent Global Instrument", then if either of the following events occurs: (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 13 (*Events of Default*) occurs.

Whenever the Permanent Global Instrument is to be exchanged for Definitive Bearer Instruments, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bearer Instruments, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Bearer Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Instrument to the bearer of the Permanent Global Instrument against the surrender of the Permanent Global Instrument to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (i) Definitive Bearer Instruments have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Instrument for Definitive Bearer Instruments; or
- (ii) the Permanent Global Instrument (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Instruments or the date for final redemption of the Permanent Global Instrument has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Instrument on the due date for payment,

then the Permanent Global Instrument (including the obligation to deliver Definitive Bearer Instruments) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 5.00 p.m. (London time) on such due date (in the case of (ii) above) and the bearer of the Permanent Global Instrument will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Instrument or others may have under the Deed of Covenant).

Terms and Conditions applicable to the Bearer Instruments

The terms and conditions applicable to any Definitive Bearer Instrument will be endorsed on that Bearer Instrument and will consist of the terms and conditions set out under "*Terms and Conditions of the Instruments*" and the provisions of the relevant Pricing Supplement which complete those terms and conditions.

The terms and conditions applicable to any Bearer Instrument in global form will differ from those terms and conditions which would apply to the Bearer Instrument were it in definitive form to the extent described under "*Summary of Provisions Relating to the Instruments while in Global Form*" below. **Legend concerning United States persons**

In the case of any Tranche of Bearer Instruments having a maturity of more than 365 days, the Instruments in global form, the Instruments in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

Registered Instruments

Each Tranche of Instruments in registered form ("**Registered Instruments**") will be represented by either:

- (i) individual Instrument Certificates in registered form ("**Individual Instrument Certificates**"); or
- (ii) one or more Regulation S Global Registered Instruments ("**Regulation S Global Registered Instrument(s)**") in the case of Registered Instruments offered or sold outside the United States in reliance on Regulation S ("**Unrestricted Registered Instruments**") and/or one or more Rule 144A Global Registered Instruments ("**Rule 144A Global Registered Instrument(s)**") in the case of

Registered Instruments offered or sold to QIBs in reliance on Rule 144A (“**Restricted Registered Instruments**”),

in each case as specified in the relevant Pricing Supplement, and references in this Information Memorandum to “**Global Instrument Certificates**” shall be construed as a reference to Regulation S Global Registered Instruments and/or Rule 144A Global Registered Instruments.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it had assessed the new holding structure and custody arrangements for registered instruments which the International Central Securities Depository (“**ICSDs**”) had designed in cooperation with market participants and that Instruments to be held under the new structure (“**New Safekeeping Structure**” or “**NSS**”) would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (“**Eurosystem**”), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Registered Instruments to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form held issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Each Instrument represented by a Regulation S Global Registered Instrument will either be: (a) in the case of a Certificate which is not to be held under the New Safekeeping Structure, registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Regulation S Global Registered Instrument will be deposited on or about the issue date with the common depository; or (b) in the case of a Certificate to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Regulation S Global Registered Instrument will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

Each Instrument represented by a Regulation S Global Registered Instrument will be registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Regulation S Global Registered Instrument will be deposited on or about the issue date with the common depository. Each Instrument represented by a Rule 144A Registered Instrument will be registered in the name of Cede & Co. (or such other entity as is specified in the applicable Pricing Supplement) as nominee for The Depository Trust Company (“**DTC**”) and the relevant Rule 144A Global Registered Instrument will be deposited on or about the issue date with the custodian for DTC (the “**DTC Custodian**”). Beneficial interests in Instruments represented by a Rule 144A Global Registered Instrument may only be held through DTC at any time.

If the relevant Pricing Supplement specifies the form of Instruments as being “**Definitive Registered Instruments**”, then the Instruments will at all times be represented by Definitive Registered Instruments issued to each Holder in respect of their respective holdings.

Global Instrument Certificate exchangeable for Individual Instrument Certificates

If the relevant Pricing Supplement specifies the form of Instruments as being “**Global Instrument Certificate exchangeable for Individual Instrument Certificates**”, then the Instruments will initially be represented by one or more Global Instrument Certificates each of which will be exchangeable in whole, but not in part, for Individual Instrument Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or
- (iii) if the relevant Pricing Supplement specifies “in the limited circumstances described in the Global Instrument Certificate”, then:
 - (A) in the case of any Global Instrument Certificate held by or on behalf of DTC, if DTC notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the Global Instrument Certificate or DTC ceases to be a “clearing agency” registered under the U.S. Exchange Act (“**Exchange**”

Act”) or if at any time DTC is no longer eligible to act as such, and the relevant Issuer is unable to locate a qualified successor within 90 days of receiving notice or becoming aware of such ineligibility on the part of DTC;

- (B) in the case of any Global Instrument Certificate, if Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; and
- (C) in any case, if any of the circumstances described in Condition 13 (*Events of Default*) occurs.

Whenever a Global Instrument Certificate is to be exchanged for Individual Instrument Certificates, each person having an interest in a Global Instrument Certificate must provide the Registrar (through the relevant clearing system) with such information as the Issuer and the Registrar may require to complete and deliver Individual Instrument Certificates (including the name and address of each person in which the Instruments represented by the Individual Instrument Certificates are to be registered and the principal amount of each such person’s holding). In addition, whenever a Rule 144A Global Registered Instrument is to be exchanged for Individual Instrument Certificates, each person having an interest in the Rule 144A Global Registered Instrument must provide the Registrar (through the relevant clearing system) with a certificate given by or on behalf of the holder of each beneficial interest in the Rule 144A Global Registered Instrument stating either (i) that such holder is not transferring its interest at the time of such exchange or (ii) that the transfer or exchange of such interest has been made in compliance with the transfer restrictions applicable to the Instruments and that the person transferring such interest reasonably believes that the person acquiring such interest is a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A. Individual Instrument Certificates issued in exchange for interests in the Rule 144A Global Registered Instrument will bear the legends and be subject to the transfer restrictions set out under “Transfer Restrictions”.

Whenever a Global Instrument Certificate is to be exchanged for Individual Instrument Certificates, the Issuer shall procure that Individual Instrument Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Instrument Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Instrument Certificate to the Registrar of such information as is required to complete and deliver such Individual Instrument Certificates against the surrender of the Global Instrument Certificate at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Instruments scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Instrument or a Permanent Global Instrument which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Instrument or Permanent Global Instrument became void, they had been the holders of Definitive Instruments in an

aggregate principal amount equal to the principal amount of Instruments they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

TERMS AND CONDITIONS OF THE INSTRUMENTS

The following is the text of the terms and conditions which, as supplemented, amended and/or replaced by the relevant Pricing Supplement, will be endorsed on each Instrument in definitive form issued under the Programme.

- (b) *Pricing Supplement:* Instruments issued under the Programme are issued in series (each a "**Series**") and each Series may comprise one or more tranches (each a "**Tranche**") of Instruments. Each Tranche is the subject of a pricing supplement (the "**Pricing Supplement**") which supplements these terms and conditions (the "**Terms and Conditions**"). The terms and conditions applicable to any particular Tranche of Instruments are these Terms and Conditions as supplemented, amended and/or replaced by the relevant Pricing Supplement. In the event of any inconsistency between these Terms and Conditions and the relevant Pricing Supplement, the relevant Pricing Supplement shall prevail.
- (c) *Agency Agreement:* The Instruments are the subject of a fiscal agency agreement dated 15 October 2020 (the "**Agency Agreement**") between the Issuer, Deutsche Bank AG, London Branch as fiscal agent (the "**Fiscal Agent**", which expression includes any successor fiscal agent appointed from time to time in connection with the Instruments), Deutsche Bank Luxembourg S.A. as non-U.S. registrar (the "**non-U.S. Registrar**", which expression includes any successor non-U.S. registrar appointed from time to time in connection with the Instruments), Deutsche Bank Trust Company Americas as U.S. registrar (the "**U.S. Registrar**", which expression includes any successor U.S. registrar appointed from time to time in connection with the Instruments, and together with the non-U.S. Registrar, the "**Registrars**"), the paying agents named therein (together with the Fiscal Agent, the "**Paying Agents**", which expression includes any successor or additional paying agents appointed from time to time in connection with the Instruments) and the transfer agents named therein (together with the Registrar, the "**Transfer Agents**", which expression includes any successor or additional transfer agents appointed from time to time in connection with the Instruments). In these Terms and Conditions references to the "**Agents**" are to the Paying Agents and the Transfer Agents and any reference to an "**Agent**" is to any one of them.
- (d) *The Instruments:* The Instruments may be issued in bearer form ("**Bearer Instruments**"), or in registered form ("**Registered Instruments**"). Registered Instruments are constituted by a deed of covenant dated 15 October 2020 (the "**Deed of Covenant**") entered into by the Issuer.
- (e) All subsequent references in these Terms and Conditions to "**Instruments**" are to the Instruments which are the subject of the relevant Pricing Supplement. In the case of a Tranche of Instruments in relation to which application has not been made to the Luxembourg Stock Exchange or for listing on any other stock exchange, copies of the relevant Pricing Supplement will only be available for inspection by a Holder of or, as the case may be, a Relevant Account holder (as defined in the Deed of Covenant) in respect of, such Instruments.
- (f) *Summaries:* Certain provisions of these Terms and Conditions are summaries of the Agency Agreement and the Deed of Covenant and are subject to their detailed provisions. Holders and the holders of the related interest coupons, if any, (the "**Couponholders**" and

the "**Coupons**", respectively) are bound by, and are deemed to have notice of, all the provisions of the Agency Agreement and the Deed of Covenant applicable to them. Copies of the Agency Agreement and the Deed of Covenant are available for inspection by Holders during normal business hours at the Specified Offices of each of the Agents, the initial Specified Offices of which are set out below.

- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Instrument for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Instruments are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Instrument for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Instrument divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

6. **Floating Rate Instrument and Index-Linked Interest Instrument Provisions**

- (a) *Application:* This Condition 6 is applicable to the Instruments only if the Floating Rate Instrument Provisions or the Index-Linked Interest Instrument Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Accrual of interest:* The Instruments bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments - Bearer Instruments*). Each Instrument will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Instrument up to that day are received by or on behalf of the relevant Holder and (ii) the day which is seven days after the Fiscal Agent has notified the Holders that it has received all sums due in respect of the Instruments up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Instruments for each Interest Period will be determined by the Calculation Agent on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iii) if, in the case of paragraph (i) above, such rate does not appear on that page or, in the case of paragraph (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Issuer or an appointed agent on its behalf will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) the Calculation Agent will determine the arithmetic mean of such quotations; and
 - (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks

in the Principal Financial Centre of the Specified Currency, selected by the Issuer or an appointed agent on its behalf, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Instruments during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Instruments in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Instruments for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement.
- (e) *Index-Linked Interest:* If the Index-Linked Interest Instrument Provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Instruments for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.
- (f) *Linear Interpolation:* If Linear Interpolation is specified as being applicable in respect of an Interest Period in the applicable Pricing Supplement, the rate for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
- (i) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (ii) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period **provided, however, that** if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Issuer or an appointed agent on its behalf shall determine such rate at such time and by reference to such sources as it determines appropriate.
- (g) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (h) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Instrument for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Instrument divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (i) *Calculation of other amounts:* If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.
- (j) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Instruments have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of an Instrument having the minimum Specified Denomination.
- (k) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (l) *Benchmark Discontinuation:* If a Benchmark Event occurs in relation to the Reference Rate when the Rate of Interest (or any component part thereof) for any Interest Period remains to be determined by reference to such Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6(l)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 6(l)(cc)) and any Benchmark Amendments (in accordance with Condition 6(l)(dd)).

If there has not been a first Interest Payment Date, the Reference Rate shall be the Reference Rate applicable to the first Interest Period. For the avoidance of doubt, any adjustment pursuant to this

Condition 6(l)(aa) (*Benchmark Discontinuation*) shall apply to the immediately following Interest Period only. Any subsequent Interest Period may be subject to the subsequent operation of this Condition 6(l).

- (bb) If the Independent Adviser determines in its discretion that:
 - (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6(l)(cc)) subsequently be used in place of the Reference Rate to determine the Rate of Interest for the immediately following Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 6(l) in the event of a further Benchmark Event affecting the Successor Rate; or
 - (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6(l)(cc)) subsequently be used in place of the Reference Rate to determine the Rate of Interest for the immediately following Interest Period and all following Interest Periods, subject to the subsequent operation of this Condition 6(l) in the event of a further Benchmark Event affecting the Alternative Rate.
- (cc) If the Independent Adviser determines in its discretion (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall apply to the Successor Rate or the Alternative Rate (as the case may be).
- (dd) If any relevant Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6(l) and the Independent Adviser determines in its discretion (i) that amendments to these Terms and Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, following consultation with the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest and the Interest Amount(s)), subject to giving notice thereof in accordance with Condition 6(l)(ee), without any requirement for the consent or approval of relevant Holders, vary these Terms and Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice (and for the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, consent to and effect such consequential amendments to the Agency Agreement and these Terms and Conditions as may be required in order to give effect to this Condition 6(l)).
- (ee) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 6(l) will be notified no later than (5) Business Days prior the relevant Interest Determination Date by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 19 (*Notices*), the Holders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
- (ff) No later than notifying the Fiscal Agent of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:
 - (A) confirming (x) that a Benchmark Event has occurred, (y) the relevant Successor Rate, or, as the case may be, the relevant Alternative Rate and, (z) where applicable, any relevant Adjustment Spread and/or the specific terms of any relevant Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 6(l); and

A Holder of a Registered Instrument shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (A) the due date for a payment not being a Payment Business Day or (B) a cheque mailed in accordance with this Condition 11 arriving after the due date for payment or being lost in the mail.

- (i) held by or on behalf of a Holder or beneficial owner which is liable to such taxes, duties, assessments or governmental charges in respect of such Instrument or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Instrument or Coupon; or
- (ii) held by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Instrument or Coupon to another Paying Agent in a Member State of the EU; or

- (b) *Withdrawal of Declaration of Acceleration*: If the Issuer receives notice in writing from holders of at least 50 per cent. in aggregate principal amount of the outstanding Instruments to the effect that the Event of Default or Events of Default giving rise to any above mentioned declaration of acceleration is or are cured following any such declaration and that such holders wish the relevant declaration to be withdrawn, the Issuer shall, give notice thereof to the Holders (with a copy to the Fiscal Agent), whereupon the relevant declaration shall be withdrawn and shall have no further effect but without prejudice to any rights or obligations which may have arisen before the Issuer gives such notice

(whether pursuant to these Terms and Conditions or otherwise). No such withdrawal shall affect any other or any subsequent Event of Default or any right of any Holder in relation thereto.

14. **Prescription**

Claims for principal in respect of Bearer Instruments shall become void unless the relevant Bearer Instruments are presented for payment within ten years of the appropriate Relevant Date. Claims for interest in respect of Bearer Instruments shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date. The Issuer irrevocably and unconditionally submits to the exclusive jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. The Kingdom of Denmark irrevocably appoints H.E. the Danish Ambassador to the Court of St. James's to accept service of any Proceedings in England on its behalf. The Issuer further irrevocably agrees that no immunity (to the extent that it may now or hereafter exist, whether on the grounds of sovereignty or otherwise) from any Proceedings or from execution of judgement shall be claimed by or on behalf of it or with respect to its assets (except as mentioned below), any such immunity being irrevocably waived by the Issuer, and the Issuer irrevocably consents generally in respect of any Proceedings to the giving of any relief or the issue of any process in connection with any Proceedings including, without limitation the making, enforcement or execution against any property whatsoever of any order or judgment which may be made or given in connection with any Proceedings, with the exception of real property and buildings and the contents thereof owned by the Ministry of Foreign Affairs and situated outside Denmark and assets necessary for the proper functioning of the Issuer as a sovereign power.

SUMMARY OF PROVISIONS RELATING TO THE INSTRUMENTS WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Instruments represented by a Global Bearer Instrument, references in the Terms and Conditions of the Instruments to "Holder" are references to the bearer of the relevant Global Instrument which, for so long as the Global Bearer Instrument is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Instruments represented by a Global Registered Instrument, references in the Terms and Conditions of the Instruments to "Holder" are references to the person in whose name such Global Registered Instrument is for the time being registered in the Register which, for so long as the Global Registered Instrument is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Instrument (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Instrument and in relation to all other rights arising under the Global Instrument. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Instrument will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Instruments are represented by the Global Instrument, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Instruments and such obligations of the Issuer will be discharged by payment to the holder of the Global Instrument.

In relation to any Tranche of Instruments represented by one or more Global Registered Instruments, references in the Terms and Conditions of the Instruments to "Holder" are references to the person in whose name the relevant Global Registered Instrument is for the time being registered in the Register which (a) in the case of a Rule 144A Global Registered Instrument held by or on behalf of DTC, will be Cede & Co. (or such other entity as is specified in the applicable Pricing Supplement) as nominee for DTC; and (b) in the case of any Regulation S Global Registered Instrument which is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of DTC, Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Instrument or a Global Registered Instrument (each an "**Accountholder**") must look solely to DTC, Euroclear, Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Instrument or Global Registered Instrument and in relation to all other rights arising under such Global Instrument or Global Registered Instrument. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Instrument or Global Registered Instrument will be determined by the respective rules and procedures of DTC, Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Instruments are represented by a Global Instrument or Global Registered Instrument, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Instruments and such obligations of the Issuer will be discharged by payment to the holder of such Global Instrument or Global Registered Instrument.

Transfers of Interests in Global Instruments

Transfers of interests in Global Instruments within Euroclear and/or Clearstream, Luxembourg, DTC and/or any other relevant clearing system will be in accordance with their respective rules and operating procedures. None of the Issuer, the Registrar, the Dealers or the Agents will have any responsibility or

liability for any aspect of the records of any Euroclear and/or Clearstream, Luxembourg, DTC and/or any other relevant clearing system or any of their respective participants relating to payments made on account of beneficial ownership interests in a Global Instrument or for maintaining, supervising or reviewing any of the records of Euroclear and/or Clearstream, Luxembourg, DTC and/or any other relevant clearing system or the records of their respective participants relating to such beneficial ownership interests.

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Instruments. Consequently, the ability to transfer interests in a Global Registered Instrument to such persons will be limited. Because clearing systems only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Registered Instrument to pledge such interest to persons or entities which do not participate in the relevant clearing systems, or otherwise take actions in respect of such interest, may be affected by the lack of a Definitive Registered Instrument representing such interest.

Subject to compliance with the transfer restrictions applicable to the Registered Instruments described under "Transfer Restrictions", transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other will be effected by the relevant clearing systems in accordance with their respective rules and through action taken by the DTC Custodian, the Registrar and the Principal Paying Agent.

On or after the issue date for any Series, transfers of Instruments of such Series between accountholders in Euroclear and/or Clearstream, Luxembourg and transfers of Instruments of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Registered Instruments will be effected through the Principal Paying Agent, the DTC Custodian, the relevant Registrar and any applicable Transfer Agent receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. Transfers will be effected on the later of (i) three business days after the trade date for the disposal of the interest in the relevant Global Registered Instrument resulting in such transfer and (ii) two business days after receipt by the Principal Paying Agent or the Registrar, as the case may be, of the necessary certification or information to effect such transfer. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately. The customary arrangements for delivery versus payment between Euroclear and Clearstream, Luxembourg accountholders or between DTC participants are not affected.

For a further description of restrictions on the transfer of Instruments, see "*Transfer Restrictions*".

Upon the issue of a Global Registered Instrument to be held by or on behalf of DTC, DTC or the DTC custodian will credit the respective nominal amounts of the individual beneficial interests represented by such Global Registered Instrument to the account of DTC participants. Ownership of beneficial interests in such Global Registered Instrument will be held through participants of DTC, including the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in such Global Registered Instrument will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee. DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Registered Instruments represented by a Global Registered Instrument held by or on behalf of DTC (including, without limitation, the presentation of such Global Registered Instruments for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in such Global Registered Instrument are credited, and only in respect of such portion of the aggregate nominal amount of such Global Registered Instrument as to which such participant or participants has or have given such direction. However, in certain circumstances, DTC will exchange the relevant Global Registered Instrument for Definitive Registered Instruments (which will bear the relevant legends set out in "*Transfer Restrictions*").

Although Euroclear, Clearstream, Luxembourg and DTC have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Instruments among participants and accountholders of Euroclear, Clearstream, Luxembourg and DTC they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the relevant Registrar, the Dealers or the Paying Agents will have any responsibility for the performance by Euroclear, Clearstream, Luxembourg, DTC or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their respective operations.

While a Global Instrument is lodged with Euroclear or Clearstream, Luxembourg, DTC or any relevant clearing system, Definitive Registered Instruments for the relevant Series of Instruments will not be eligible for clearing and settlement through such clearing systems.

Conditions applicable to Global Instruments

Each Global Bearer Instrument and Global Registered Instrument will contain provisions which modify the Terms and Conditions of the Instruments as they apply to the Global Bearer Instrument or Global Registered Instrument. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Bearer Instrument or Global Registered Instrument which, according to the Terms and Conditions of the Instruments, require presentation and/or surrender of an Instrument, Certificate or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Bearer Instrument or Global Registered Instrument to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Instruments. On each occasion on which a payment of principal or interest is made in respect of the Global Bearer Instrument, the Issuer shall procure that in respect of a CGI the payment is noted in a schedule thereto and in respect of an NGI the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 9(e) (*Redemption at the option of Holders*) the bearer of the Permanent Global Instrument or the holder of a Global Registered Instrument must, within the period specified in the Terms and Conditions for the deposit of the relevant Instrument and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Instruments in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 9(c) (*Redemption at the option of the Issuer*) in relation to some only of the Instruments, the Permanent Global Instrument or Global Registered Instrument may be redeemed in part in the principal amount specified by the Issuer in accordance with the Terms and Conditions and the Instruments to be redeemed will not be selected as provided in the Terms and Conditions but in accordance with the rules and procedures of DTC and/or Euroclear and Clearstream, Luxembourg (to be reflected in the records of DTC and/or Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

Notices: Notwithstanding Condition 19 (*Notices*), while all the Instruments are represented by a Permanent Global Instrument (or by a Permanent Global Instrument and/or a Temporary Global Instrument) or a Global Registered Instrument and the Permanent Global Instrument is (or the Permanent Global Instrument and/or the Temporary Global Instrument are), or the Global Registered Instrument is, deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper and/or registered in the name of DTC's nominee, notices to Holders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg, DTC and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Holders in accordance with Condition 19 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg, DTC and/or any other relevant clearing system, except that, for so long as such Instruments are admitted to trading on the Luxembourg Stock Exchange and it is a requirement of applicable law or regulations, such notices shall be published in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Payment Record Date: Each payment in respect of a Global Registered Instrument will be made to the person shown as the Holder in the relevant Register at the close of business (in the relevant clearing system)

on the Clearing System Business Day before the due date for such payment where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Instrument is being held is open for business.

Electronic Consent and Written Resolution: While any Global Instrument or Global Instrument Certificate is held on behalf of a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Instruments outstanding (an "**Electronic Consent**" as defined in the Trust Deed) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which a special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Holders duly convened and held, and shall be binding on all Holders and holders of Coupons, Talons and Receipts whether or not they participated in such Electronic Consent; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Fiscal Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by (a) accountholders in the clearing system with entitlements to such Global Instrument or Global Registered Instrument and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the "**relevant clearing system**") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Holders and Couponholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Instruments is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

TAXATION

The tax laws of the investor's State and of the Issuer might have an impact on the income received from the securities. Prospective purchasers of Instruments should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Instruments and receiving payments of interest, principal and/or other amounts under the Instruments and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain Danish and U.S. tax considerations relating to the Instruments. It does not purport to be a complete analysis of all tax considerations relating to the Instruments, whether in those countries or elsewhere. Prospective purchasers of Instruments should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Instruments and receiving payments of interest, principal and/or other amounts under the Instruments and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Information Memorandum and is subject to any change in law that may take effect after such date.

Under existing Danish tax laws there is no withholding tax or coupon tax on payment of interest or principal or other amounts due on the Instruments.

Private individual investors and companies, foundations and similar enterprises neither resident nor deemed resident for tax purposes in the Kingdom of Denmark (save for certain exceptions) and which do not have a Danish permanent establishment to which the Instruments are allocated are not liable to pay Danish tax on interest on the Instruments or on capital gains realised from the sale or redemption of the Instruments.

Private individual investors resident, or deemed resident for tax purposes in the Kingdom of Denmark, or having a Danish permanent establishment to which the Instruments are allocated, are liable to pay tax on interest on the Instruments and on capital gains realised from sale or redemption of the Instruments or according to an inventory value principle, if opted for, and in accordance with general tax rules. Private individual investors are only subject to Danish taxation if a gain (together with certain other financial income) exceeds a yearly amount of DKK 2,000.

Companies, foundations and similar enterprises (save for certain exceptions) resident or deemed resident for tax purposes in the Kingdom of Denmark, or having a Danish permanent establishment to which the Instruments are allocated are liable to pay tax on payments of interest on the Instruments and on capital gains realised from sale or redemption of the Instruments and according to an inventory value principle.

For investors liable to Danish tax relating to pensions (*pensionsafkastskat*), primarily insurance companies and pension funds, special rules will apply.

The above statements are intended only as a general guide to current Danish tax laws and particular categories of taxpayers may be subject to different rules. Any person who is in doubt as to his or her taxation position should consult his or her own professional advisor.

United States Federal Income Taxation

The following summary discusses the principal U.S. federal income tax consequences of the acquisition, ownership and disposition of the Instruments. Except as specifically noted below, this discussion applies only to:

- Instruments purchased on original issuance at their "**issue price**" (as defined below);

- Instruments held as capital assets;
- U.S. Holders (as defined below); and
- Instruments treated as debt for U.S. federal income tax purposes.

This discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Instruments by particular investors (including consequences under the alternative minimum tax or Medicare tax on net investment income), and does not address state, local, non-U.S., or other tax laws. This discussion also does not describe all of the tax consequences that may be relevant in light of a Holder's particular circumstances or to Holders subject to special rules, such as:

- financial institutions;
- insurance companies;
- dealers in securities or foreign currencies;
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings;
- individual retirement accounts and other tax deferred accounts;
- tax-exempt organisations;
- persons holding Instruments as part of a hedging transaction, "straddle," conversion transaction or other integrated transaction;
- a person that purchases or sells Instruments as part of a wash sale for tax purposes;
- U.S. Holders whose functional currency is not the U.S. dollar;
- partnerships or other entities or arrangements classified as partnerships for U.S. federal income tax purposes; or
- persons that have ceased to be U.S. citizens or lawful permanent residents of the United States
- U.S. citizens or lawful permanent residents living abroad.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "**Code**"), administrative pronouncements, judicial decisions and final, temporary and proposed U.S. Treasury Regulations, all as of the date of this Information Memorandum and any of which may at any time be repealed, revised or subject to differing interpretations, possibly retroactively, so as to result in U.S. federal income tax consequences different from those described below. Persons considering the purchase of the Instruments should consult the relevant Pricing Supplement of the Drawdown Information Memorandum for any additional discussion regarding U.S. federal income taxation.

This summary does not discuss Instruments that by their terms may be retired for an amount less than their principal amount and Instruments subject to special rules. The tax treatment of certain Instruments, such as certain index-linked Instruments, Dual Currency Instruments, other variable-linked Instruments and Instruments that are not principal protected, may be specified in the relevant Pricing Supplement. Moreover, this summary does not discuss Bearer Instruments, which are not being marketed to U.S. persons. In general, U.S. federal income tax law imposes significant limitations on U.S. Holders of Bearer Instruments. U.S. Holders should consult their own tax advisers regarding the U.S. federal income tax consequences regarding the acquisition, ownership and disposition of Bearer Instruments.

As used herein, the term "**U.S. Holder**" means a beneficial owner of an Instrument that is for U.S. federal income tax purposes:

- an individual that is a citizen or resident of the United States;

- a corporation created or organised in or under the laws of the United States, of any State thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has validly elected to be treated as a domestic trust for U.S. federal income tax purposes.

If an entity or arrangement that is classified as a partnership for U.S. federal income tax purposes holds Instruments, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. Entities or arrangements classified as partnerships for U.S. federal income tax purposes holding Instruments should consult with their tax advisors regarding the U.S. federal income tax consequences to them and their partners of the acquisition, ownership and disposition of Instruments.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE INSTRUMENTS, THE APPLICABILITY AND EFFECT OF STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS, AND POSSIBLE CHANGES IN TAX LAW.

Payments of Stated Interest

Interest paid on an Instrument will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the holder's method of accounting for U.S. federal income tax purposes, **provided that** the interest is "qualified stated interest" (as defined below). Interest income earned by a U.S. Holder with respect to an Instrument will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in calculating the holder's foreign tax credit limitation. The rules regarding foreign tax credits are complex and prospective investors should consult their tax advisors about the application of such rules to them in their particular circumstances. Special rules governing the treatment of interest paid with respect to original issue discount Instruments and foreign currency Instruments are described under "*Original Issue Discount*," "*Contingent Payment Debt Instruments*," and "*Foreign Currency Instruments*" below.

Original Issue Discount

An Instrument that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued at an original discount for U.S. federal income tax purposes (and will be referred to as an "**original issue discount Instrument**") unless the Instrument satisfies a *de minimis* threshold (as described below) or is a short-term Instrument (as defined below). The "issue price" of an Instrument generally will be the first price at which a substantial amount of the Instruments are sold to the public (which does not include sales to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers). The "stated redemption price at maturity" of an Instrument generally will equal the sum of all payments required to be made under the Instrument other than payments of "qualified stated interest." "Qualified stated interest" is stated interest unconditionally payable (other than in debt instruments of the issuer) at least annually during the entire term of the Instrument at a single fixed rate of interest, at a single qualified floating rate of interest or at a rate that is determined at a single fixed formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Instrument is denominated.

If the difference between an Instrument's stated redemption price at maturity and its issue price is less than a *de minimis* amount, i.e., generally, 1/4 of 1 per cent. of the stated redemption price at maturity multiplied by the number of complete years to maturity unless payments other than qualified stated interest are scheduled to be made before the maturity date, the Instrument will not be considered to have original issue discount. U.S. Holders of Instruments with a *de minimis* amount of original issue discount will include this original issue discount in income, as capital gain, on a *pro rata* basis as principal payments are made on the Instrument.

U.S. Holders of original issue discount Instruments that mature more than one year from their date of issuance will be required to include original issue discount in income for U.S. federal income tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received.

A U.S. Holder may make an election to include in gross income all interest that accrues on any particular Instrument (including stated interest, acquisition discount, original issue discount, *de minimis* original issue discount, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest, and generally may revoke such election only with the permission of the IRS (a "**constant yield election**").

An Instrument that matures one year or less from its date of issuance (a "**short-term Instrument**") will be treated as being issued at a discount and none of the interest paid on the Instrument will be treated as qualified stated interest, regardless of the issue price. In general, a cash method U.S. Holder of a short-term Instrument is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. Holders who so elect and certain other holders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant yield method based on daily compounding. In the case of a U.S. Holder who is not required and who does not elect to include the discount in income currently, any gain realised on the sale, exchange, or retirement of the short-term Instrument will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. Holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Instruments in an amount not exceeding the accrued discount until the accrued discount is included in income.

The Issuer may have an unconditional option to redeem, or U.S. Holders may have an unconditional option to require the Issuer to redeem, an Instrument prior to its stated maturity date. Under applicable regulations, if the Issuer has an unconditional option to redeem an Instrument prior to its stated maturity date, this option will be presumed to be exercised if, by utilising any date on which the Instrument may be redeemed as the maturity date and the amount payable on that date in accordance with the terms of the Instrument as the stated redemption price at maturity, the yield on the Instrument would be lower than its yield to maturity. If the U.S. Holders have an unconditional option to require us to redeem an Instrument prior to its stated maturity date, this option will be presumed to be exercised if making the same assumptions as those set forth in the previous sentence, the yield on the Instrument would be higher than its yield to maturity. If this option is not in fact exercised, the Instrument would be treated solely for purposes of calculating original issue discount as if it were redeemed, and a new Instrument were issued, on the presumed exercise date for an amount equal to the Instrument's adjusted issue price on that date. The adjusted issue price of an original issue discount Instrument is defined as the sum of the issue price of the Instrument and the aggregate amount of previously accrued original issue discount, less any prior payments other than payments of qualified stated interest.

Market Discount

If a U.S. Holder purchases an Instrument (other than a short-term Instrument) for an amount that is less than its stated redemption price at maturity or, in the case of an original issue discount Instrument, its adjusted issue price, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified *de minimis* amount.

A U.S. Holder will be required to treat any principal payment (or, in the case of an original issue discount Instrument, any payment that does not constitute qualified stated interest) on, or any gain on the sale, exchange, retirement or other disposition of an Instrument, including disposition in certain nonrecognition transactions, as ordinary income to the extent of the market discount accrued on the Instrument at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. Holder pursuant to an election by the holder to include market discount in income as it accrues, or pursuant to a constant yield election (as described under "*Original Issue Discount*" above) by the holder. In addition, a U.S. Holder that does not elect to include market discount in income currently may be required to defer, until the maturity of the Instrument or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such Instrument.

Market discount will accrue on a straight line basis, unless a U.S. Holder makes a constant yield election (as described under "*Original Issue Discount*" above), for an obligation with market discount and such election will result in a deemed election for all market discount bonds acquired by the holder on or after the first day of the first taxable year to which such election applies.

Acquisition Premium and Amortisable Bond Premium

A U.S. Holder who purchases an Instrument for an amount that is greater than the Instrument's adjusted issue price but less than or equal to the stated redemption price at maturity will be considered to have purchased the Instrument at an acquisition premium. Under the acquisition premium rules, the amount of original issue discount that the U.S. Holder must include in its gross income with respect to the Instrument for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.

If a U.S. Holder purchases an Instrument for an amount that is greater than the stated redemption price at maturity, the holder will be considered to have purchased the Instrument with amortisable bond premium equal in amount to the excess of the purchase price over the amount payable at maturity. The holder may elect to amortise this premium, using a constant yield method, over the remaining term of the Instrument as determined under the applicable U.S. Treasury Regulations. A holder who elects to amortise bond premium must reduce its tax basis in the Instrument by the amount of the premium amortised in any year. If the amortisable bond premium allocable to an accrual period exceeds the interest income from the Instrument for such accrual period, such excess is first allowed as a deduction to the extent of interest included in the holder's income in respect of the Instrument in previous accrual periods and is then carried forward to the next accrual period. If the amortisable bond premium allocable and carried forward to the accrual period in which the Instrument is sold, retired or otherwise disposed of exceeds the holder's interest income for such accrual period, the holder would be allowed an ordinary deduction equal to such excess. An election to amortise bond premium applies to all taxable debt obligations then owned and thereafter acquired by the holder and may be revoked only with the consent of the IRS.

If a U.S. Holder makes a constant yield election (as described under "*Original Issue Discount*" above) for a debt instrument with amortisable bond premium, such election will result in a deemed election to amortise bond premium for all of the holder's debt instruments with amortisable bond premium.

Sale, Exchange or Retirement of the Instruments

Upon the sale, exchange or retirement of an Instrument, a U.S. Holder will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the holder's adjusted tax basis in the Instrument. A U.S. Holder's adjusted tax basis in an Instrument generally will equal the acquisition cost of the Instrument increased by the amount of OID and market discount included in the holder's gross income and decreased by any bond premium or acquisition premium previously amortised and by the amount of any payment received from the Issuer other than a payment of qualified stated interest. Gain or loss, if any, will generally be U.S. source income for purposes of computing a U.S. Holder's foreign tax credit limitation. For these purposes, the amount realised does not include any amount attributable to accrued, but unpaid, qualified stated interest on the Instrument. Amounts attributable to accrued, but unpaid, qualified stated interest are treated as payments of stated interest as described under "*Payments of Stated Interest*" above.

Except as described below, gain or loss realised on the sale, exchange or retirement of an Instrument will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the U.S. Holder has held the Instrument for more than one year. Exceptions to this general rule apply to the extent of any accrued market discount or, in the case of a short-term Instrument, to the extent of any accrued discount not previously included in the holder's taxable income. See "*Original Issue Discount*" and "*Market Discount*" above. In addition, other exceptions to this general rule apply in the case of foreign currency Instruments, and contingent payment debt instruments. See "*Foreign Currency Instruments*" and "*Contingent Payment Debt Instruments*" below.

Contingent Payment Debt Instruments

If the terms of the Instruments provide for certain contingencies that affect the timing and amount of payments (including Instruments with a variable rate or rates that do not qualify as "variable rate debt instruments" for purposes of the original issue discount rules) they will generally be "contingent payment debt instruments" for U.S. federal income tax purposes. Under the rules that govern the treatment of

contingent payment debt instruments, no payment on such an Instrument qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Instrument and the Instrument's "projected payment schedule" as described below. The comparable yield is determined by us at the time of issuance of the Instruments. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Instruments. Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the Issuer will be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt instrument equal to the comparable yield.

Neither the comparable yield nor the projected payment schedule constitutes a representation by us regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. Holder will be required to use the comparable yield and the projected payment schedule established by us in determining interest accruals and adjustments, unless the holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. Holder, regardless of the holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

- will first reduce the amount of interest in respect of the contingent payment debt instrument that a holder would otherwise be required to include in income in the taxable year; and
- to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:
 - the amount of all previous interest inclusions under the contingent payment debt instrument over
 - the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment is not subject to the two per cent. floor limitation that will be imposed on miscellaneous deductions after 2025. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. Holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the holder's adjusted basis in the contingent payment debt instrument. A U.S. Holder's adjusted basis in an instrument that is a contingent payment debt instrument generally will be the acquisition cost of the Instrument, increased by the interest previously accrued by the U.S. Holder on the Instrument under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount of any contingent payments previously made on the Instrument. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital

losses is subject to limitations. In addition, if a holder recognises loss above certain thresholds, the holder may be required to file a disclosure statement with the IRS (as described under "*Reportable Transactions*" below).

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument equal to the fair market value of the property, determined at the time of retirement. The holder's holding period for the property will commence on the day immediately following its receipt.

Special rules apply to contingent payment debt instruments that are denominated, or provide for payments, in a currency other than the U.S. dollar ("**Foreign Currency Contingent Payment Debt Instruments**"). Very generally, these instruments are accounted for like a contingent payment debt instrument, as described above, but in the currency of the Foreign Currency Contingent Payment Debt Instruments. The relevant amounts must then be translated into U.S. dollar equivalents. The rules applicable to Foreign Currency Contingent Payment Debt Instruments are complex and U.S. Holders are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of the acquisition, ownership and disposition of such instruments.

Foreign Currency Instruments

The following discussion summarises the principal U.S. federal income tax consequences to a U.S. Holder of the ownership and disposition of the Instruments that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are payable in a currency other than the U.S. dollar ("**foreign currency Instruments**").

The rules applicable to foreign currency Instruments could require some or all gain or loss on the sale, exchange or other disposition of a foreign currency Instrument to be recharacterised as ordinary income or loss. The rules applicable to foreign currency Instruments are complex and may depend on the holder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a holder should make any of these elections may depend on the holder's particular U.S. federal income tax situation. U.S. Holders are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Instruments.

A U.S. Holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a foreign currency with respect to a foreign currency Instrument will be required to include in income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. Holder's tax basis in the foreign currency.

An accrual method U.S. Holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount or market discount, but reduced by acquisition premium and amortisable bond premium, to the extent applicable) that has accrued and is otherwise required to be taken into account with respect to a foreign currency Instrument during an accrual period. The U.S. dollar value of the accrued income will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. Holder will recognise ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognised will equal the difference between the U.S. dollar value of the foreign currency payment received (determined on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above). Rules similar to these rules apply in the case of a cash method taxpayer required to currently accrue original issue discount or market discount.

An accrual method U.S. Holder or cash method U.S. Holder accruing original issue discount may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day of the interest accrual period (or, in the case of a partial accrual period, the spot rate on the last day of the partial accrual period in the taxable year) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. Holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS.

Original issue discount, market discount, acquisition premium and amortisable bond premium on a foreign currency Instrument are to be determined in the relevant foreign currency. Where the taxpayer elects to include market discount in income currently, the amount of market discount will be determined for any accrual period in the relevant foreign currency and then translated into U.S. dollars on the basis of the average rate in effect during the accrual period. Exchange gain or loss realised with respect to such accrued market discount shall be determined in accordance with the rules relating to accrued interest described above.

If an election to amortise bond premium is made, amortisable bond premium taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realised on amortised bond premium with respect to any period by treating the bond premium amortised in the period in the same manner as on the sale, exchange or retirement of the foreign currency Instrument. Any exchange gain or loss will be ordinary income or loss as described below. If the election is not made, any loss realised on the sale, exchange or retirement of a foreign currency Instrument with amortisable bond premium by a U.S. Holder who has not elected to amortise the premium will be a capital loss to the extent of the bond premium.

A U.S. Holder's tax basis in a foreign currency Instrument, and the amount of any subsequent adjustment to the holder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Instrument, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. Holder who purchases a foreign currency Instrument with previously owned foreign currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the foreign currency and the U.S. dollar fair market value of the foreign currency Instrument on the date of purchase.

Gain or loss realised upon the sale, exchange or retirement of a foreign currency Instrument that is attributable to fluctuation in currency exchange rates will be ordinary income or loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the foreign currency principal amount of the Instrument, determined on the date the payment is received or the Instrument is disposed of, and (ii) the U.S. dollar value of the foreign currency principal amount of the Instrument, determined on the date the U.S. Holder acquired the Instrument. For these purposes, principal amount means the foreign currency purchase price. Payments received attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest on foreign currency Instruments described above. The foreign currency gain or loss will be recognised only to the extent of the total gain or loss realised by the holder on the sale, exchange or retirement of the foreign currency Instrument. The source of the foreign currency gain or loss will be determined by reference to the residence of the holder on whose books the Instrument is properly reflected. Any gain or loss realised by these holders in excess of the foreign currency gain or loss will be capital gain or loss except to the extent of any accrued market discount or, in the case of short-term Instrument, to the extent of any discount not previously included in the holder's income, **provided that** the Instrument is not a Foreign Currency Contingent Payment Debt Instrument. U.S. Holders should consult their tax advisors with respect to the tax consequences of receiving payments in a currency different from the currency in which payments with respect to such Instrument accrue.

A U.S. Holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Instrument equal to the U.S. dollar value of the foreign currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Instrument that is traded on an established securities market is required to translate units of foreign currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations **provided that** the Instruments are traded on an established securities market. This election cannot be changed without the consent of the IRS. If either (i) the Instrument is not traded on an established securities market or (ii) it is and the holder is an accrual method taxpayer that does not make the election described above with respect to such Instrument, exchange gain or loss may result from currency fluctuations between the trade date and the settlement date of the purchase or sale. Any gain or loss realised by a U.S. Holder on a sale or other disposition of foreign currency (including its exchange for U.S. dollars or its use to purchase foreign currency Instruments) will be ordinary income or loss. Special tax rules may apply to Dual Currency Instruments and prospective purchasers should consult their own tax advisors regarding these U.S. federal income tax consequences.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with payments on the Instruments and the proceeds from a sale or other disposition of the Instruments. A U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle them to a refund, **provided that** the required information is furnished to the IRS.

U.S. Holders should consult their tax advisers regarding any reporting obligations they may have as a result of their acquisition, ownership or disposition of the Instruments.

Information with Respect to Foreign Financial Assets

A U.S. Holder that owns "specified foreign financial assets" with an aggregate value in excess of \$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with its tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-U.S. persons, (ii) financial instruments and contracts that have non-U.S. issuers or counterparties, and (iii) interests in foreign entities. U.S. Holders are urged to consult their tax advisers regarding the application of this reporting requirement to their ownership of the Instruments.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Instruments as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. In the event the acquisition, ownership or disposition of the Instruments constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisers regarding the application of these rules to the acquisition, ownership or disposition of the Instruments.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. Holders should consult their tax advisers with respect to the tax consequences to them of the ownership and disposition of the Instruments, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

SUBSCRIPTION AND SALE

Instruments may be sold from time to time by the Issuer to any one or more of Danske Bank A/S, HSBC Bank plc, J.P. Morgan Securities plc, and/or Skandinaviska Enskilda Banken AB (publ) (the "**Dealers**"), or any further Dealer appointed under the Dealer Agreement (as defined below). The arrangements under which Instruments may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a Dealer Agreement dated 15 October 2020 (the "**Dealer Agreement**") and made between the Issuer and the Dealers. If in the case of any Tranche of Instruments the method of distribution is an agreement between the Issuer and a single Dealer for that Tranche to be issued by the Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Pricing Supplement as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Pricing Supplement. If in the case of any Tranche of Instruments the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Pricing Supplement as "Syndicated", the obligations of those Dealers to subscribe the relevant Instruments will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilising Manager in relation to that Tranche) will be set out in the relevant Pricing Supplement.

Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Instruments, the price at which such Instruments will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Instruments.

- (c) *General compliance*: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Instruments in, from or otherwise involving the United Kingdom.

Japan

The Instruments have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**") and, accordingly, each Dealer has represented and agreed that has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Instruments in Japan or to, or for the benefit of, any resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, "**resident of Japan**" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Singapore

Each Dealer acknowledges that the Information Memorandum has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer represents, warrants and agrees that it has not offered or sold any Instruments or caused the Instruments to be made the subject of an invitation for subscription or purchase and will not offer or sell any Instruments or cause the Instruments to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, the Information Memorandum or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Instruments, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289 of Singapore) (the "**SFA**")) pursuant to Section 274 of the SFA, (b) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Each Dealer has represented, warranted and agreed that, to the best of its knowledge and belief, it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Instruments or possesses, distributes or publishes this Information Memorandum or any Pricing Supplement or any related offering material, in all cases at its own expense. Other persons into whose hands this Information Memorandum or any Pricing Supplement comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Instruments or possess, distribute or publish this Information Memorandum or any Pricing Supplement or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "*General*" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in the relevant Pricing Supplement (in the case of a supplement or modification relevant only to a particular Tranche of Instruments) or in a supplement to this Information Memorandum.

TRANSFER RESTRICTIONS

Each purchaser of Bearer Instruments or Unrestricted Registered Instruments outside the United States pursuant to Regulation S and each subsequent purchaser of such Instruments in resales prior to the expiration of the distribution compliance period, by accepting delivery of this Information Memorandum and the Instruments, will be deemed to have represented, agreed and acknowledged that:

- (i) it is, or at the time Instruments are purchased will be, the beneficial owner of such Instruments and it is not a U.S. person and it is located outside the United States (within the meaning of Regulation S);
- (ii) it understands that such Instruments have not been and will not be registered under the Securities Act and that, prior to the expiration of the distribution compliance period (as defined in Regulation S), it will not offer, sell, pledge or otherwise transfer such Instruments except:
 - (a) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S; or
 - (b) to the Issuer; or
 - (c) in the case of Unrestricted Registered Instruments only, in accordance with Rule 144A to a person that it and any person acting on its behalf reasonably believe is a QIB purchasing for its own account or the account of a QIB,

in each case in accordance with any applicable securities laws of any State of the United States;

- (iii) it understands that the Issuer, the Trustee, the Registrar, the Dealers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

On or prior to the fortieth day after the relevant issue date, Instruments represented by an interest in a Regulation S Global Registered Instrument may be transferred to a person who wishes to hold such Instruments in the form of an interest in a Rule 144A Global Registered Instrument only upon receipt by the Registrar of a written certification from the transferor (in the form set out in Schedule 10 (*Form of Transfer*) to the Programme Manual) to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States. After such fortieth day, such certification requirements will no longer apply to such transfers, but such transfers will continue to be subject to the transfer restrictions contained in the legend appearing on the face of such Global Registered Instrument, as described above under "*Forms of the Instruments*".

Instruments represented by an interest in a Rule 144A Global Registered Instrument may also be transferred to a person who wishes to hold such Instruments in the form of an interest in an Regulation S Global Registered Instrument, but only upon receipt by the Registrar of a written certification from the transferor (in the form set out in Schedule 11 (*Form of Transfer*) to the Trust Deed) to the effect that such transfer is being made in accordance with Regulation S or Rule 144 (if available) under the Securities Act.

Any interest in an Instrument represented by an Regulation S Global Registered Instrument that is transferred to a person who takes delivery in the form of an interest in an Instrument represented by a Rule 144A Global Registered Instrument will, upon transfer, cease to be an interest in an Instrument represented by an Regulation S Global Registered Instrument and become an interest in an Instrument represented by a Rule 144A Global Registered Instrument and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to Instruments represented by a Rule 144A Global Registered Instrument.

Rule 144A Instruments

Each purchaser of Restricted Registered Instruments in reliance on Rule 144A, by accepting delivery of this Information Memorandum, will be deemed to have represented, agreed and acknowledged as follows (terms used in the following paragraphs that are defined in Rule 144A have the respective meanings given to them in Rule 144A):

- (i) the purchaser is (a) a QIB, (b) acquiring the Instruments for its own account or for the account of one or more QIBs, (c) not formed for the purpose of investing in the Instruments or the Issuer and (d) is aware, and each beneficial owner of such Instruments has been advised that the sale of the Instruments to it is being made in reliance on Rule 144A;

- (iii) the purchaser understands that the Rule 144A Global Registered Instrument and any restricted Individual Instrument (a "**Rule 144A Definitive Registered Instrument**") will bear a legend to the following effect, unless the Issuer determines otherwise in accordance with applicable law:

THE INSTRUMENTS REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") OR ANY SECURITIES LAW OF ANY STATE OF THE UNITED STATES. THE HOLDER HEREOF, BY PURCHASING THE INSTRUMENTS REPRESENTED HEREBY, AGREES FOR THE BENEFIT OF THE ISSUER THAT THE INSTRUMENTS REPRESENTED HEREBY MAY BE REOFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY IN COMPLIANCE WITH THE SECURITIES ACT AND OTHER APPLICABLE LAWS AND ONLY (1) PURSUANT TO RULE 144A UNDER THE SECURITIES ACT TO A PERSON THAT THE HOLDER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A PURCHASING FOR ITS OWN ACCOUNT OR A PERSON PURCHASING FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER WHOM THE HOLDER HAS INFORMED, IN EACH CASE, THAT THE REOFFER, RESALE, PLEDGE OR OTHER TRANSFER IS BEING MADE IN RELIANCE ON RULE 144A, (2) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT, (3) PURSUANT TO AN EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (4) TO THE ISSUER.

- (iv) if it is acquiring any Instruments for the account of one or more QIBs the purchaser represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account; and
- (v) the purchaser understands that the Issuer, the Trustee, the Registrar, the Dealers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

Upon the transfer, exchange or replacement of a Rule 144A Global Registered Instrument or a Rule 144A Definitive Registered Instrument or upon specific request for removal of the legend, the Issuer will deliver only a Rule 144A Global Registered Instrument or one or more Rule 144A Definitive Registered Instrument that bear such legend or will refuse to remove such legend, unless there is delivered to the Issuer and the Registrar such satisfactory evidence (which may include a legal opinion) as may reasonably be required by the Issuer that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Any interest in a Rule 144A Global Registered Instrument that is transferred to a person who takes delivery in the form of an interest in an Regulation S Global Registered Instrument will, upon transfer, cease to be an interest in a Rule 144A Global Registered Instrument and become an interest in an Regulation S Global

Registered Instrument and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to an interest in an Regulation S Global Registered Instrument.

Prospective purchasers that are QIBs are hereby notified that sellers of the Restricted Registered Instruments may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A
